Effective dates—1994 c 221: See note following RCW 11.94.070.

Construction—1989 c 40: "(1) The amendments made in this act with respect to the excise tax imposed under section 4980A(d) of the Internal Revenue Code of 1986, as amended, are to be effective as to excise tax imposed by reason of a decedent's death occurring after April 18, 1989.

(2) The amendments made in this act regarding apportionment of the tax with respect to qualified real property, and regarding extensions to pay tax, shall be effective with respect to the tax attributable to deaths occurring after April 18, 1989.

(3) The amendment to RCW 11.98.070(13) shall be effective with respect to loans described in RCW 83.110.020(2) made or committed to be made after April 18, 1989." [1989 c 40 § 8.]

Severability—1989 c 40: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 40 § 9.]

83.110.020 Apportionment of tax. (1) Tax other than excise tax. Except as provided in RCW 83.110.090 or subsection (2) of this section, and unless the will, trust, or other dispositive instrument otherwise provides, the tax, but not the excise tax, shall be apportioned among all persons interested in the estate. Except as provided in RCW 83.110.050, the apportionment shall be made in the proportion that the value of the interest of each person interested in the estate bears to the total value of the interests of all persons interested in the estate. Except as provided in RCW 83.110.050, the values used in determining the tax shall be used for that purpose.

(2) Excise tax. Except as provided in RCW 83.110.030(6) and unless the will, beneficiary designation, trust, or other instrument governing the disposition of property subject to the excise tax otherwise provides, the excise tax shall be apportioned among and charged to the persons interested in retirement distributions on which the excise tax is actually imposed. Each person shall be severally liable for the timely payment of the portion of the excise tax so apportioned to the person. The apportionment shall be made in the proportion that the value of the interest of each person interested in the retirement distributions bears to the total value of the interests of all persons interested in the retirement distributions. The values used in determining the excise tax shall be used for that purpose. In order to facilitate timely payment of the excise tax, the fiduciary shall have the right, but not the obligation, in addition to any other power and consistent with the power granted by RCW

11.98.070(13), to make loans, either secured or unsecured at such interest as the fiduciary may determine, not exceeding the amount of the excise tax so apportioned to the persons liable for payment of the excise tax. If the fiduciary or other person is required to pay the excise tax, the fiduciary or other person shall have the rights of recovery provided in RCW 83.110.040 or otherwise. [1989 c 40 § 2; 1986 c 63 § 2.]

Construction—Severability—1989 c 40: See note following RCW 83.110.010.

83.110.030 Apportionment procedure. (1) The court having jurisdiction over the administration of the estate of a decedent shall determine the apportionment of the tax. If there are no probate proceedings, the court of the county wherein the decedent was domiciled at death shall determine the apportionment of the tax upon the application of the person required to pay the tax.

(2) If the court finds that it is inequitable to apportion interest and penalties in the manner provided in this chapter because of special circumstances, it may direct apportionment thereon in the manner it finds equitable.

(3) The expenses reasonably incurred by any fiduciary and by other persons interested in the estate in connection with the determination of the amount and apportionment of the tax shall be apportioned as provided in RCW 83.110.020 and charged and collected as a part of the tax apportioned. If the court finds it is inequitable to apportion the expenses as provided in RCW 83.110.020, it may direct apportionment thereof equitably.

(4) If the court finds that the assessment of penalties and interest is due to delay caused by the negligence of the fiduciary, the court may charge the fiduciary with the amount of the assessed penalties and interest.

(5) In any suit or judicial proceeding to recover from any person interested in the estate the amount of the tax apportioned to the person in accordance with this chapter, the determination of the court in respect thereto is prima facie correct.

(6) In the case where there are successive interests with respect to retirement distributions, the excise tax shall be equitably apportioned by the court having jurisdiction over the administration of the estate among the persons interested in the retirement distributions as defined in RCW 83.110.010(6). [1990 c 180 § 6; 1989 c 40 § 3; 1986 c 63 § 3.]

Construction—Severability—1989 c 40: See note following RCW 83.110.010.

83.110.040 Collection of tax from persons interested in the estate—Security. (1) The fiduciary or other person required to pay the tax may withhold from any property of the decedent in his or her possession, distributable to any person interested in the estate, the amount of tax attributable to his or her interest. If the property in possession of the fiduciary or other person required to pay the tax and distributable to any person interested in the estate is insufficient to satisfy the proportionate amount of the tax determined to be due from the person, the fiduciary or other person required to pay the tax may recover the deficiency from the person interested in the estate. If the property is not in the posses-

sion of the fiduciary or other person required to pay the tax, the fiduciary or the other person required to pay the tax may recover from any person interested in the estate the amount of the tax apportioned to the person in accordance with this chapter.

(2) If property held by the fiduciary or other person is distributed prior to final apportionment of the tax, the fiduciary or other person may require the distributee to provide a bond or other security for the apportionment liability in the form and amount prescribed by the fiduciary, with the approval of the court having jurisdiction of the administration of the estate. [1986 c 63 § 4.]

83.110.050 Allowance for exemptions, deductions, and credits. (1) In making an apportionment, allowances shall be made for any exemptions granted, any classification made of persons interested in the estate, and any deductions and credits allowed by the law imposing the tax.

(2) Any exemption or deduction allowed by reason of the relationship of any person to the decedent or by reason of the purposes of the gift inures to the benefit of the person bearing that relationship or receiving the gift. When an interest is subject to a prior present interest which is not allowable as a deduction, the tax apportionable against the present interest shall be paid from principal.

(3) Any deduction for property previously taxed and any credit for gift taxes or death taxes of a foreign country paid by the decedent or the decedent's estate inures to the proportionate benefit of all persons liable to apportionment.

(4) Any credit for inheritance, succession, or estate taxes or taxes in the nature thereof in respect to property or interests includable in the estate inures to the benefit of the persons or interests chargeable with the payment thereof to the extent that or in proportion that the credit reduces the tax.

(5) To the extent that property passing to or in trust for a surviving spouse or any charitable, public, or similar gift or bequest does not constitute an allowable deduction for purposes of the tax solely by reason of an inheritance tax or other death tax imposed upon and deductible from the property, the property shall not be included in the computation provided for in this chapter, and to that extent no apportionment shall be made against the property. This does not apply in any instance where the result under section 2053(d) of the Internal Revenue Code relates to deduction for state death taxes on transfers for public, charitable, or religious uses.

(6) In the case of qualified real property, the apportionment of the tax shall be based on the values that would have been used to determine the tax without regard to section 2032A of the Internal Revenue Code. The reduction in the tax attributable to the application of section 2032A shall inure as follows:

(a) First to the benefit of the qualified heirs in proportion to their relative interests in the qualified real property, until the tax attributable to the qualified real property is reduced to zero;

(b) Then to the qualified heirs in proportion to their relative interests in other property of the estate, until the tax attributable to the property is reduced to zero; and

(c) Then to other persons interested in the estate in proportion to their relative interests in other property of the estate.

(7) Any extension in the payment of a part of the tax under any provision of the Internal Revenue Code shall inure to the benefit of, and the tax subject to the extension shall be equitably apportioned among, the persons receiving the property relating to the extension. Any tax benefit derived from the interest paid with respect to the tax shall be equitably apportioned among the persons receiving the property. [1993 c 73 § 11; 1989 c 40 § 4; 1986 c 63 § 5.]

Construction—Severability—1989 c 40: See note following RCW 83.110.010.

83.110.060 Apportionment between temporary and remainder interests. Except as otherwise provided in RCW 83.110.030(6), no interest in income and no estate for years or for life or other temporary interest in any property or fund is subject to apportionment as between the temporary interest and the remainder. The tax on the temporary interest and the tax, if any, on the remainder is chargeable against the corpus of the property or funds subject to the temporary interest and remainder. [1989 c 40 § 5; 1986 c 63 § 6.]

Construction—Severability—1989 c 40: See note following RCW 83.110.010.

83.110.070 Time for recovery of tax from persons interested in the estate—Exoneration of fiduciary—Recovery of uncollectible taxes. Neither the fiduciary nor other person required to pay the tax is under any duty to institute any suit or proceeding to recover from any person interested in the estate the amount of the tax apportioned to that person until the expiration of the three months next following final determination of the tax. A fiduciary or other person required to pay the tax who institutes the suit or proceeding within a reasonable time after the three months' period is not subject to any liability or surcharge because any portion of the tax apportioned to any person interested in the estate was collectible at a time following the death of the decedent but thereafter became uncollectible. If the fiduciary or other person required to pay the tax cannot collect from any person interested in the estate the amount of the tax apportioned to the person, the amount not recoverable shall be paid from the residuary estate. To the extent that the residuary estate is not adequate, the balance shall be equitably apportioned among the other persons interested in the estate who are subject to apportionment. [1986 c 63 § 7.]

83.110.080 Action by nonresident—Reciprocity. Subject to this section a fiduciary acting in another state or a person required to pay the tax who is domiciled in another state may institute an action in the courts of this state and may recover a proportionate amount of the federal estate tax or an estate tax payable to another state or of a death duty due by a decedent's estate to another state from a person interested in the estate who is either domiciled in this state or who owns property in this state subject to attachment or execution. For the purposes of the action the determination of apportionment by the court having jurisdiction of the administration of the decedent's estate in the other state is

prima facie correct. The provisions of this section apply only if the state in which the determination of apportionment was made affords a substantially similar remedy. [1986 c 63 § 8.]

83.110.090 Coordination with federal law. If the liabilities of persons interested in the estate as prescribed by this chapter differ from those which result under the federal estate tax law, the liabilities imposed by the federal law will control and the balance of this chapter shall apply as if the resulting liabilities had been prescribed in this chapter. Nothing in this chapter affects the right of a personal representative to recover payments due an estate pursuant to the provisions of section 2207A of the Internal Revenue Code. [1989 c 40 § 6; 1986 c 63 § 9.]

Construction—Severability—1989 c 40: See note following RCW 83.110.010.

83.110.900 Construction. This chapter shall be construed to effectuate its general purpose to make uniform the law of those states which enact it. [1986 c 63 § 10.]

83.110.901 Short title. This chapter may be cited as the uniform estate tax apportionment act. [1986 c 63 § 11.]

83.110.902 Captions. As used in this chapter, section captions constitute no part of the law. [1986 c 63 § 13.]

83.110.903 Application. This chapter does not apply to taxes due on account of the death of decedents dying prior to January 1, 1987, or on or after January 1, 1987, if at all times after June 11, 1986, the decedent was not competent to change the disposition of his or her property by will. [1988 c 64 § 26; 1986 c 63 § 14.]

Retrospective application—1988 c 64 § 26: "Section 26 of this act applies retrospectively to January 1, 1987." [1988 c 64 § 33.] This applies to the 1988 c 64 amendment to RCW 83.110.903.

Captions—Severability—1988 c 64: See RCW 83.100.904 and 83.100.905.

83.110.904 Severability—1986 c 63. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 63 § 12.]

84.04.150 "Computer software" and allied terms. (1) "Computer software" is a set of directions or instructions that exist in the form of machine-readable or human-readable code, is recorded on physical or electronic medium, and directs the operation of a computer system or other machinery or equipment. "Computer software" includes the associated documentation that describes the code and its use, operation, and maintenance and typically is delivered with the code to the user. "Computer software" does not include data bases.

A "data base" is text, data, or other information that may be accessed or managed with the aid of computer software but that does not itself have the capacity to direct the operation of a computer system or other machinery or equipment.

(2) "Custom computer software" is computer software that is designed for a single person's or a small group of persons' specific needs. "Custom computer software" includes modifications to canned computer software and can be developed in-house by the user, by outside developers, or by both.

A group of four or more persons is presumed not to be a small group of persons for the purposes of this subsection unless each of the persons is affiliated through common control and ownership. The department may by rule provide a definition of small group and affiliates consistent with this subsection.

For purposes of this subsection, "person" has the meaning given in RCW 82.04.030.

(3) "Canned computer software," occasionally known as prewritten or standard software, is computer software that is designed for and distributed "as is" for multiple persons who can use it without modifying its code and that is not otherwise considered custom computer software.

(4) "Embedded software" is computer software that resides permanently on some internal memory device in a computer system or other machinery or equipment, that is not removable in the ordinary course of operation, and that is of a type necessary for the routine operation of the computer system or other machinery or equipment. "Embedded software" may be either canned or custom computer software.

(5) "Retained rights" are any and all rights, including intellectual property rights such as those rights arising from copyrights, patents, and trade secret laws, that are owned or are held under contract or license by a computer software developer, author, inventor, publisher, licensor, sublicensor, or distributor.

(6) A "golden" or "master" copy of computer software is a copy of computer software from which a computer software developer, author, inventor, publisher, licensor, sublicensor, or distributor makes copies for sale or license. [1991 sp.s. c 29 § 2.]

Findings—Intent—1991 sp.s. c 29: "(1) The legislature finds that:

(a) Computer software is a class of personal property that is itself comprised of several different subclasses of personal property which can be distinguished by their use, development, distribution, and relationship to hardware, and includes custom software, canned software, and embedded software;

(b) Because different classes of software serve different needs, may be used by different taxpayers, and present different administrative burdens on both the state and the citizens of the state of Washington, the different classes of software should be treated differently for tax purposes;

(c) Canned software should continue to be subject to property tax, but, because of its rapid obsolescence, should be subject to tax for only two years; and the taxable interest should reside with the end user;

(d) Canned software that has been modified should continue to be taxable on the canned portion of the software;

(e) Embedded software should continue to be taxed as part of the machinery or equipment of which it is a part;

(f) Custom software should be exempt from taxation, in part because of the difficulty in accurately and uniformly determining the value of such software;

(g) Retained rights in computer software should be exempt from the property tax in part because of the difficulty in accurately and uniformly determining the value of such software, the difficulty in determining the scope and situs of such rights, and the adverse economic consequences to the state of taxing such rights; and

(h) So-called "golden" or "master" copies of software should be exempt from property tax like business inventory.

(2) It is the intent of the legislature that:

(a) The voluntary compliance nature of the personal property tax system should be preserved and nothing in this act shall be construed to reduce the taxpayer's obligation to fully and accurately list all taxable computer software;

(b) Computer software should be listed and assessed for property taxes payable in 1991 and 1992 in the same manner and to the same extent as computer software was listed and assessed for taxes due in 1989;

(c) The definition of custom software, golden or master copies, and retained rights shall be liberally construed in accordance with the purposes of this act;

(d) This act shall provide fairness, equity, and uniformity in the property tax treatment of each class of computer software in the state of Washington; and

(e) No inference should be taken from this act regarding the application of the property tax to data bases." [1991 sp.s. c 29 § 1.]

Severability—1991 sp.s. c 29: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 sp.s. c 29 § 8.]

Application—Taxes collected in 1993—1991 sp.s. c 29: "Sections 2 through 4 and 6 of this act apply to taxes levied for collection in 1993, and thereafter." [1991 sp.s. c 29 § 9.]

(2) Formulate such rules and processes for the assessment of both real and personal property for purposes of taxation as are best calculated to secure uniform assessment of property of like kind and value in the various taxing units of the state, and relative uniformity between properties of different kinds and values in the same taxing unit. The department of revenue shall furnish to each county assessor a copy of the rules and processes so formulated. The department of revenue may, from time to time, make such changes in the rules and processes so formulated as it deems advisable to accomplish the purpose thereof, and it shall inform all county assessors of such changes.

(3) Visit the counties in the state, unless prevented by necessary official duties, for the investigation of the methods

All other property of airplane companies and steamboat companies—upon the basis set forth in subsection (2) of this section.

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof. 84.16.036 Default valuation by department of revenue—Penalty—Estoppel. (1) If any company shall fail to comply with the provisions of RCW 84.16.020, the department shall add to the value of such company, as a penalty for such failure, five percent for every thirty days or fraction thereof, not to exceed ten percent, that the company fails to comply.

(2) If any company, or its officer or agent, shall refuse or neglect to make any report required by this chapter, or by the department of revenue, or shall refuse or neglect to permit an inspection and examination of its records, books, accounts, papers or property requested by the department of revenue, or shall refuse or neglect to appear before the department in obedience to a summons, the department shall inform itself the best it may of the matters to be known, in order to discharge its duties with respect to valuation and assessment of the property of such company; and the department shall add to the value so ascertained twenty-five percent as a penalty for the failure or refusal of such company to make its report and such company shall be estopped to question or impeach the assessment of the department of revenue in any hearing or proceeding thereafter. 84.16.040 Annual assessment—Sources of information. The department of revenue shall annually make an assessment of the operating property of each private car company; and between the first day of May and the first day of July of each of said years shall prepare an assessment roll upon which it shall enter and assess the true and fair value of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the true and fair value of such property the department of revenue may take into consideration any information or knowledge obtained by it from an examination and inspection of such property, or of the books, records and accounts of such companies, the statements filed as required by this chapter, the reports, statements or returns of such companies filed in the office of any board, office or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the assessed valuation of any and all property of such companies, whether operating property or nonoperating property, and whether situated within or without the state, and any other facts, evidences or information that may be obtainable bearing upon the value of the operating property: PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character

and true and fair value of the operating property of such company. [1994 c 301 § 26; 1975 1st ex.s. c 278 § 179; 1961 c 15 § 84.16.040. Prior: 1939 c 206 § 22; 1933 c 146 § 7; RRS § 11172-7; prior: 1907 c 36 § 7.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.16.050 Basis of valuation—Apportionment of system value to state. The department of revenue may, in determining the true and fair value of the operating property to be placed on the assessment roll value the entire property as a unit. If the company owns, leases, operates or uses property partly within and partly without the state, the department of revenue may determine the value of the operating property within this state by the proportion that the value of such property bears to the value of the entire operating property of the company, both within and without this state. In determining the operating property which is located within this state the department of revenue may consider and base such determination on the proportion which the number of car miles of the various classes of cars made in this state bears to the total number of car miles made by the same cars within and without this state, or to the total number of car miles made by all cars of the various classes within and without this state. If the value of the operating property of the company cannot be fairly determined in such manner the department of revenue may use any other reasonable and fair method to determine the value of the operating property of the company within this state. [1994 c 301 § 27; 1975 1st ex.s. c 278 § 180; 1961 c 15 § 84.16.050. Prior: 1933 c 146 § 8; RRS § 11172-8; prior: 1907 c 36 § 7.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.16.090 Assessment roll—Notice of valuation. Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of subsection (3) of RCW 84.16.010 or otherwise, following which shall be entered the true and fair value of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the true and fair value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll; and thereupon such valuation shall become the true and fair value of the operating property of the company, subject to revision or correction by the department of revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the department of revenue as hereinafter provided, the taxes of such company shall be based and computed. [1994 c 301 § 28; 1975 1st ex.s. c 278 § 181; 1961 c 15 § 84.16.090. Prior: 1933 c 146 § 9; RRS § 11172-9; prior: 1907 c 36 § 4.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.16.100 Hearings, time and place of. Every company assessed under the provisions of this chapter shall be entitled on its own motion to a hearing and to present evidence before the department of revenue, within the ten working days following the hearing request period, relating to the value of the operating property of such company and to the value of the other taxable property in the counties in which the operating property of such company is situate. Upon request in writing for such hearing, which must be presented to the department of revenue within the first ten working days of July following the making of the assessment, the department shall appoint a time and place therefor, within the respective periods aforesaid, the hearing to be conducted in such manner as the department shall direct. Hearings provided for in this section may be held at such times and in such places throughout the state as the department may deem proper or necessary and may be adjourned from time to time and from place to place. [1994 c 124 § 15; 1975 1st ex.s. c 278 § 182; 1961 c 15 § 84.16.100. Prior: 1939 c 206 § 23; 1933 c 146 § 10; RRS § 11172-10.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.16.110 Apportionment of value to counties by department of revenue. Upon determination by the department of revenue of the true and fair value of the property appearing on such rolls the department shall apportion such value to the respective counties entitled thereto as hereinafter provided, and shall determine the equalized or assessed valuation of such property in such counties by applying to such actual apportioned value the same ratio as the ratio of assessed to actual value of the general property of the respective counties: **PROVIDED,** That, whenever the amount of the true and correct value of the operating property of any company otherwise apportionable to any county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county but may be added to the amount apportioned to an adjacent county. [1994 c 301 § 29; 1967 ex.s. c 26 § 18; 1961 c 15 § 84.16.110. Prior: 1939 c 206 § 24; 1933 c 146 § 11; RRS § 11172-11.]

Effective date—1967 ex.s. c 26: See note following RCW 82.01.050.

84.16.120 Basis of apportionment. The true and fair value of the property of each company as fixed and determined by the department of revenue as herein provided shall be apportioned to the respective counties in the following manner:

(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situate, located and operated.

(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties

bears to the total length of main line track of such respective railroads in this state.

(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinabove provided, the value thereof shall be apportioned between the respective counties into or through which such property extends or is operated or in which the same is located in such manner as may be reasonable, feasible and fair. [1994 c 301 § 30; 1961 c 15 § 84.16.120. Prior: 1933 c 146 § 12; RRS § 11172-12; prior: 1907 c 36 § 7.]

84.16.130 Certification to county assessors—Apportionment to taxing districts—Entry upon tax rolls. When the department of revenue shall have determined the equalized or assessed value of the operating property of each company in the respective counties as hereinabove provided, the department of revenue shall certify such equalized or assessed value to the county assessor of the proper county; and the county assessor shall apportion and distribute such assessed or equalized valuation to and between the several taxing districts of the county entitled to a proportionate value thereof in the manner prescribed in RCW 84.16.120 for apportionment of values between counties. The county assessor shall enter such assessment upon the personal property tax rolls of the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating company in such county for that year, upon which taxes shall be levied and collected the same as on general property of the county. [1994 c 301 § 31; 1975 1st ex.s. c 278 § 183; 1961 c 15 § 84.16.130. Prior: 1939 c 206 § 25; 1933 c 146 § 13; RRS § 11172-13.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.16.140 Assessment of nonoperating property. All property of any company not assessed as operating property under the provisions of this chapter shall be assessed by the assessor of the county wherein the same may be located or situate the same as the general property of the county. [1961 c 15 § 84.16.140. Prior: 1933 c 146 § 14; RRS § 11172-14.]

84.26.010 Legislative findings. The legislature finds and declares that it is in the public interest of the people of the state of Washington to encourage maintenance, improvement, and preservation of privately owned historic landmarks as the state approaches its Centennial year of 1989. To achieve this purpose, this chapter provides special valuation for improvements to historic property. [1985 c 449 § 1.]

84.26.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Historic property" means real property together with improvements thereon, except property listed in a register primarily for objects buried below ground, which is:

(a) Listed in a local register of historic places created by comprehensive ordinance, certified by the secretary of the interior as provided in P.L. 96-515; or

(b) Listed in the national register of historic places.

(2) "Cost" means the actual cost of rehabilitation, which cost shall be at least twenty-five percent of the assessed valuation of the historic property, exclusive of the assessed value attributable to the land, prior to rehabilitation.

(3) "Special valuation" means the determination of the assessed value of the historic property subtracting, for up to ten years, such cost as is approved by the local review board.

(4) "State review board" means the advisory council on historic preservation established under chapter 27.34 RCW, or any successor agency designated by the state to act as the state historic preservation review board under federal law.

(5) "Local review board" means a local body designated by the local legislative authority.

(6) "Owner" means the owner of record.

(7) "Rehabilitation" is the process of returning a property to a state of utility through repair or alteration, which makes possible an efficient contemporary use while preserving those portions and features of the property which are significant to its architectural and cultural values. [1986 c 221 § 1; 1985 c 449 § 2.]

84.26.030 Special valuation criteria. Four criteria must be met for special valuation under this chapter. The property must:

(1) Be an historic property;

(2) Fall within a class of historic property determined eligible for special valuation by the local legislative authority;

(3) Be rehabilitated at a cost which meets the definition set forth in RCW 84.26.020(2) within twenty-four months prior to the application for special valuation; and

(4) Be protected by an agreement between the owner and the local review board as described in RCW 84.26.050(2). [1986 c 221 § 2; 1985 c 449 § 3.]

84.26.040 Application—Fees. An owner of property desiring special valuation under this chapter shall apply to the assessor of the county in which the property is located upon forms prescribed by the department of revenue and supplied by the county assessor. The application form shall include a statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for special valuation. Applications shall be made no later than October 1 of the calendar year preceding the first assessment year for which classification is requested. The assessor may charge only such fees as are necessary to process and record documents pursuant to this chapter. [1986 c 221 § 3; 1985 c 449 § 4.]

84.26.050 Referral of application to local review board—Agreement—Approval or denial. (1) Within ten days after the filing of the application in the county assessor's office, the county assessor shall refer each application for classification to the local review board.

(2) The review board shall approve the application if the property meets the criterion of RCW 84.26.030 and is not

altered in a way which adversely affects those elements which qualify it as historically significant, and the owner enters into an agreement with the review board which requires the owner for the ten-year period of the classification to:

- (a) Monitor the property for its continued qualification for the special valuation;
- (b) Comply with rehabilitation plans and minimum standards of maintenance as defined in the agreement;
- (c) Make the historic aspects of the property accessible to public view one day a year, if the property is not visible from the public right of way;
- (d) Apply to the local review board for approval or denial of any demolition or alteration; and
- (e) Comply with any other provisions in the original agreement as may be appropriate.

(3) Once an agreement between an owner and a review board has become effective pursuant to this chapter, there shall be no changes in standards of maintenance, public access, alteration, or report requirements, or any other provisions of the agreement, during the period of the classification without the approval of all parties to the agreement.

(4) An application for classification as an eligible historic property shall be approved or denied by the local review board before December 31 of the calendar year in which the application is made.

(5) The local review board is authorized to examine the records of applicants. [1986 c 221 § 4; 1985 c 449 § 5.]

84.26.060 Notice to assessor of approval—Certification and filing—Notation of special valuation.

(1) The review board shall notify the county assessor and the applicant of the approval or denial of the application.

(2) If the local review board determines that the property qualifies as eligible historic property, the review board shall certify the fact in writing and shall file a copy of the certificate with the county assessor within ten days. The certificate shall state the facts upon which the approval is based.

(3) The assessor shall record the certificate with the county auditor.

(4) The assessor, as to any historic property, shall value the property under RCW 84.26.070 and, each year the historic property is classified and so valued, shall enter on the assessment list and tax roll that the property is being specially valued as historic property. [1985 c 449 § 6.]

84.26.070 Valuation. (1) The county assessor shall, for ten consecutive assessment years following the calendar year in which application is made, place a special valuation on property classified as eligible historic property.

(2) The entitlement of property to the special valuation provisions of this section shall be determined as of January 1. If property becomes disqualified for the special valuation for any reason, the property shall receive the special valuation for that part of any year during which it remained qualified or the owner was acting in the good faith belief that the property was qualified.

(3) At the conclusion of special valuation, the cost shall be considered as new construction. [1986 c 221 § 5; 1985 c 449 § 7.]

84.26.080 Duration of special valuation—Notice of disqualification. (1) When property has once been classified and valued as eligible historic property, it shall remain so classified and be granted the special valuation provided by RCW 84.26.070 for ten years or until the property is disqualified by:

(a) Notice by the owner to the assessor to remove the special valuation;

(b) Sale or transfer to an ownership making it exempt from property taxation; or

(c) Removal of the special valuation by the assessor upon determination by the local review board that the property no longer qualifies as historic property or that the owner has failed to comply with the conditions established under RCW 84.26.050.

(2) The sale or transfer to a new owner or transfer by reason of death of a former owner to a new owner does not disqualify the property from the special valuation provided by RCW 84.26.070 if:

(a) The property continues to qualify as historic property; and

(b) The new owner files a notice of compliance with the assessor of the county in which the property is located. Notice of compliance forms shall be prescribed by the state department of revenue and supplied by the county assessor. The notice shall contain a statement that the new owner is aware of the special valuation and of the potential tax liability involved when the property ceases to be valued as historic property under this chapter. The signed notice of compliance shall be attached to the real estate excise tax affidavit provided for in *RCW 82.45.120. If the notice of compliance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to RCW 84.26.090 shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of specially valued historic property for filing or recording unless the new owner has signed the notice of compliance or the additional tax has been paid.

(3) When the property ceases to qualify for the special valuation the owner shall immediately notify the state or local review board.

(4) Before the additional tax or penalty imposed by RCW 84.26.090 is levied, in the case of disqualification, the assessor shall notify the taxpayer by mail, return receipt requested, of the disqualification. [1986 c 221 § 6; 1985 c 449 § 8.]

**Reviser's note:* RCW 82.45.120 was repealed by 1993 sp.s. c 25 § 512, effective July 1, 1993.

84.26.090 Disqualification for valuation—Additional tax—Lien—Exceptions from additional tax. (1) Except as provided in subsection (3) of this section, whenever property classified and valued as eligible historic property under RCW 84.26.070 becomes disqualified for the valuation, there shall be added to the tax an additional tax equal to:

(a) The cost multiplied by the levy rate in each year the property was subject to special valuation; plus

(b) Interest on the amounts of the additional tax at the statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the property had not been valued as historic property under this chapter; plus

(c) A penalty equal to twelve percent of the amount determined in (a) and (b) of this subsection.

(2) The additional tax and penalties, together with applicable interest thereon, shall become a lien on the property which shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the property may become charged or liable.

(3) The additional tax, interest, and penalty shall not be imposed if the disqualification resulted solely from:

(a) Sale or transfer of the property to an ownership making it exempt from taxation;

(b) Alteration or destruction through no fault of the owner; or

(c) A taking through the exercise of the power of eminent domain. [1986 c 221 § 7; 1985 c 449 § 9.]

84.26.100 Payment of additional tax—Distribution. The additional tax, penalties, and/or interest provided by RCW 84.26.090 shall be payable in full thirty days after the date which the treasurer's statement therefor is rendered. Such additional tax when collected shall be distributed by the county treasurer in the same manner in which current taxes applicable to the subject land are distributed. [1985 c 449 § 10.]

84.26.110 Special valuation—Request for assistance from state historic preservation officer authorized. The local legislative authority and the local review board may request the assistance of the state historic preservation officer in conducting special valuation activities. [1985 c 449 § 11.]

84.26.120 Rules. The state review board shall adopt rules necessary to carry out the purposes of this chapter. The rules shall include rehabilitation and maintenance standards for historic properties to be used as minimum requirements by local review boards to ensure that the historic property is safe and habitable, including but not limited to:

(1) Elimination of visual blight due to past neglect of maintenance and repair to the exterior of the building, including replacement of broken or missing doors and windows, repair of deteriorated architectural features, and painting of exterior surfaces;

(2) Correction of structural defects and hazards;

(3) Protection from weather damage due to defective roofing, flashings, glazing, caulking, or lack of heat; and

(4) Elimination of any condition on the premises which could cause or augment fire or explosion. [1985 c 449 § 12.]

84.26.130 Appeals from decisions on applications. Any decision by a local review board on an application for classification as historic property eligible for special valuation may be appealed to superior court under RCW

34.05.510 through 34.05.598 in addition to any other remedy at law. Any decision on the disqualification of historic property eligible for special valuation, or any other dispute, may be appealed to the county board of equalization. [1989 c 175 § 178; 1985 c 449 § 13.]

Effective date—1989 c 175: See note following RCW 34.05.010.

84.26.900 Severability—1985 c 449. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 449 § 15.]

84.33.010 Legislative findings. As a result of the study and analysis of systems of taxation of standing timber and forest lands by the forest tax committee pursuant to Senate Concurrent Resolution No. 30 of the 41st session of the legislature, and the recommendations of the committee based thereon, the legislature hereby finds that:

(1) The public welfare requires that this state's system for taxation of timber and forest lands be modernized to assure the citizens of this state and its future generations the advantages to be derived from the continuous production of timber and forest products from the significant area of privately owned forests in this state. It is this state's policy to encourage forestry and restocking and reforestation of such forests so that present and future generations will enjoy the benefits which forest areas provide in enhancing water supply, in minimizing soil erosion, storm and flood damage to persons or property, in providing a habitat for wild game, in providing scenic and recreational spaces, in maintaining land areas whose forests contribute to the natural ecological equilibrium, and in providing employment and profits to its citizens and raw materials for products needed by everyone.

(2) The combination of variations in quantities, qualities and locations of timber and forest lands, the fact that market areas for timber products are nation-wide and world-wide and the unique long term nature of investment costs and risks associated with growing timber, all make exceedingly difficult the function of valuing and assessing timber and forest lands.

(3) The existing ad valorem property tax system is unsatisfactory for taxation of standing timber and forest land and will significantly frustrate, to an ever increasing degree with the passage of time, the perpetual enjoyment of the benefits enumerated above.

(4) For these reasons it is desirable, in exercise of the powers to promote the general welfare and to impose taxes; that

(a) the ad valorem system for taxing timber be modified and discontinued in stages over a three year period during which such system will be replaced by one under which timber will be taxed on the basis of stumpage value at the time of harvest, and

(b) forest land remain under the ad valorem taxation system but be taxed only as provided in this chapter and RCW 28A.150.250. [1990 c 33 § 598; 1984 c 204 § 16; 1971 ex.s. c 294 § 1.]

84.33.020 Classification of timberlands. Lands not heretofore so classified, which are primarily devoted to and used for growing and harvesting timber are hereby classified as lands devoted to reforestation and such lands and timber shall be taxed in accordance with the provisions of this chapter and RCW 28A.150.250. [1990 c 33 § 599; 1984 c 204 § 17; 1971 ex.s. c 294 § 2.]

84.33.035 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Composite property tax rate" for a county means the total amount of property taxes levied upon forest lands by all taxing districts in the county other than the state, divided by the total assessed value of all forest land in the county.

(2) "Forest land" means forest land which is classified or designated forest land under this chapter.

(3) "Harvested" means the time when in the ordinary course of business the quantity of timber by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(4) "Harvester" means every person who from the person's own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use: PROVIDED, That whenever the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, the harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in such timber. The term "harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(5) "Stumpage value of timber" means the appropriate stumpage value shown on tables prepared by the department

of revenue under RCW 84.33.091, provided that for timber harvested from public land and sold under a competitive bidding process, stumpage value shall mean that actual amount paid to the seller in cash or other consideration. Whenever payment for the stumpage includes considerations other than cash, the value shall be the fair market value of the other consideration, provided that if the other consideration is permanent roads, the value of the roads shall be the appraised value as appraised by the seller.

(6) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(7) "Timber assessed value" for a county means a value, calculated by the department of revenue before October 1 of each year, equal to the total stumpage value of timber harvested from privately owned land in the county during the most recent four calendar quarters for which the information is available multiplied by a ratio. The numerator of the ratio is the rate of tax imposed by the county under RCW 84.33.051 for the year of the calculation. The denominator of the ratio is the composite property tax rate for the county for taxes due in the year of the calculation, expressed as a percentage of assessed value.

(8) "Timber assessed value" for a taxing district means the timber assessed value for the county multiplied by a ratio. The numerator of the ratio is the total assessed value of forest land in the taxing district. The denominator is the total assessed value of forest land in the county. As used in this section, "assessed value of forest land" means the assessed value of forest land for taxes due in the year the timber assessed value for the county is calculated. 84.33.073 Definitions. As used in RCW 84.33.073 and 84.33.074, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Small harvester" means every person who from his own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or in-

dustrial use in an amount not exceeding five hundred thousand board feet in a calendar quarter and not exceeding one million board feet in a calendar year: PROVIDED, That whenever the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, not exceeding these amounts, the small harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in such timber. "Small harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester, and it does not include harvesters of Christmas trees.

(2) "Timber" means forest trees, standing or down, on privately or publicly owned land.

(3) "Harvesting and marketing costs" means only those costs directly associated with harvesting the timber from the land and delivering it to the buyer and may include the costs of disposing of logging residues but it does not include any other costs which are not directly and exclusively related to harvesting and marketing of the timber such as costs of permanent roads or costs of reforesting the land following harvest. 84.33.074 Excise tax on harvesters of timber—Calculation of tax by small harvesters—Election—Filing form.

(1) A small harvester may elect to calculate the tax imposed by this chapter in the manner provided in this section.

(2) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) Timber values shall be determined by either of the following methods, whichever is most appropriate to the circumstances of the harvest:

(a) When standing timber is sold on the stump, the taxable value is the actual gross receipts received by the landowner from the sale of the standing timber.

(b) When timber is sold after it has been harvested, the taxable value is the actual gross receipts from sale of the harvested timber minus the costs of harvesting and marketing the timber. When the taxpayer is unable to provide documented proof of harvesting and marketing costs, this

deduction for harvesting and marketing costs shall be a percentage of the gross receipts from sale of the harvested timber as determined by the department of revenue but in no case less than twenty-five percent.

(4) The department of revenue shall prescribe a short filing form which shall be as simple as possible. [1984 c 204 § 19; 1981 c 146 § 2.]

84.33.075 Excise tax on harvesters of timber—Exemption for certain nonprofit organizations, associations, or corporations. The excise tax imposed by this chapter shall not apply to any timber harvested by a nonprofit organization, association, or corporation from forest lands owned by it, where such lands are exempt from property taxes under RCW 84.36.030, and where all of the income and receipts of the nonprofit organization, association, or corporation derived from such timber sales are used solely for the expense of promoting, operating, and maintaining youth programs which are equally available to all, regardless of race, color, national origin, ancestry, or religious belief.

In order to determine whether the harvesting of timber by a nonprofit organization, association, or corporation is exempt, the director of the department of revenue shall have access to its books.

For the purposes of this section, a "nonprofit" organization, association, or corporation is one: (1) Which pays no part of its income directly or indirectly to its members, stockholders, officers, directors, or trustees except in the form of services rendered by the organization, association, or corporation in accordance with its purposes and bylaws; and (2) which pays salary or compensation to its officers only for actual services rendered, and at levels comparable to the salary or compensation of like positions within the public services of the state. 84.33.077 Credit for property taxes paid on timber on public land. The amount of any property taxes paid on timber standing on public land shall be allowed as a credit against any tax imposed with respect to the business of harvesting timber from publicly owned land under RCW 84.33.041. However, the amount of credit allowed shall not exceed the amount of excise tax due in respect to the business of harvesting timber from publicly owned land. 84.33.078 Sale of timber on nonfederally owned public land—Notice of sale or prospectus to indicate tax treatment. When any timber standing on public land, other than federally owned land, is sold separate from the land, the department of natural resources or other governmental unit, as appropriate, shall state in its notice of the sale or prospectus that timber sold separate from the land is subject to

property tax and that the amount of the tax paid may be used as a credit against any tax imposed with respect to business of harvesting timber from publicly owned land under RCW 84.33.041. [1986 c 65 § 1; 1984 c 204 § 22; 1983 1st ex.s. c 62 § 9.]

84.33.081 Distributions from timber tax distribution account—Distributions from county timber tax account.

(1) On the last business day of the second month of each calendar quarter, the state treasurer shall distribute from the timber tax distribution account to each county the amount of tax collected on behalf of each county under RCW 84.33.051, less each county's proportionate share of appropriations for collection and administration activities under RCW 84.33.051, and shall transfer to the state general fund the amount of tax collected on behalf of the state under RCW 84.33.041, less the state's proportionate share of appropriations for collection and administration activities under RCW 84.33.041. The county treasurer shall deposit moneys received under this section in a county timber tax account which shall be established by each county. Following receipt of moneys under this section, the county treasurer shall make distributions from any moneys available in the county timber tax account to taxing districts in the county, except the state, under subsections (2) through (4) of this section.

(2) From moneys available, there first shall be a distribution to each taxing district having debt service payments due during the calendar year, based upon bonds issued under authority of a vote of the people conducted pursuant to RCW 84.52.056 and based upon excess levies for a capital project fund authorized pursuant to RCW 84.52.053, of an amount equal to the timber assessed value of the district multiplied by the tax rate levied for payment of the debt service and capital projects: PROVIDED, That in respect to levies for a debt service or capital project fund authorized before July 1, 1984, the amount allocated shall not be less than an amount equal to the same percentage of such debt service or capital project fund represented by timber tax allocations to such payments in calendar year 1984. Distribution under this subsection (2) shall be used only for debt service and capital projects payments. The distribution under this subsection shall be made as follows: One-half of such amount shall be distributed in the first quarter of the year and one-half shall be distributed in the third quarter of the year.

(3) From the moneys remaining after the distributions under subsection (2) of this section, the county treasurer shall distribute to each school district an amount equal to one-half of the timber assessed value of the district or eighty percent of the timber roll of such district in calendar year 1983 as determined under this chapter, whichever is greater, multiplied by the tax rate, if any, levied by the district under RCW 84.52.052 or 84.52.053 for purposes other than debt service payments and capital projects supported under subsection (2) of this section. The distribution under this subsection shall be made as follows: One-half of such amount shall be distributed in the first quarter of the year

and one-half shall be distributed in the third quarter of the year.

(4) After the distributions directed under subsections (2) and (3) of this section, if any, each taxing district shall receive an amount equal to the timber assessed value of the district multiplied by the tax rate, if any, levied as a regular levy of the district or as a special levy not included in subsection (2) or (3) of this section.

(5) If there are insufficient moneys in the county timber tax account to make full distribution under subsection (4) of this section, the county treasurer shall multiply the amount to be distributed to each taxing district under that subsection by a fraction. The numerator of the fraction is the county timber tax account balance before making the distribution under that subsection. The denominator of the fraction is the account balance which would be required to make full distribution under that subsection.

(6) After making the distributions under subsections (2) through (4) of this section in the full amount indicated for the calendar year, the county treasurer shall place any excess revenue up to twenty percent of the total distributions made for the year under subsections (2) through (4) of this section in a reserve status until the beginning of the next calendar year. Any moneys remaining in the county timber tax account after this amount is placed in reserve shall be distributed to each taxing district in the county in the same proportions as the distributions made under subsection (4) of this section. [1985 c 184 § 1; 1984 c 204 § 9.]

84.33.086 Payment of tax. (1) The taxes imposed under this chapter shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments. Remittance shall be made on or before the last day of the month next succeeding the end of the quarterly period in which the tax accrues. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of tax for which the taxpayer is liable for the preceding quarterly period and shall sign and transmit the same to the department of revenue, together with a remittance for the amount of tax.

(2) The taxes imposed by this chapter are in addition to any taxes imposed upon the same persons under chapter 82.04 RCW.

(3) Any harvester incurring less than fifty dollars tax liability under this section in any calendar quarter is excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due. [1987 c 166 § 1; 1984 c 204 § 10.]

84.33.091 Tables of stumpage values—Revised tables—Legislative review—Appeal. (1) The department of revenue shall designate areas containing timber having similar growing, harvesting, and marketing conditions to be used as units for the preparation and application of stumpage

values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within these units. The stumpage value shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. These stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions, and all other relevant factors from:

(a) Gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities;

(b) Gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest; or

(c) A combination of (a) and (b) of this subsection.

(2) Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood, or other sudden unforeseen cause, the department shall revise the stumpage value tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying the tax.

(3) The preliminary area designations and stumpage value tables and any revisions thereof are subject to review by the ways and means committees of the house of representatives and senate prior to finalization. Tables of stumpage values shall be signed by the director or the director's designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request for a copy.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section. [1984 c 204 § 11.]

84.33.096 Application of excise taxes' administrative provisions and definitions. All sections of chapter 82.32 RCW, except RCW 82.32.045 and 82.32.270, apply to the taxes imposed under this chapter. [1984 c 204 § 13.]

84.33.100 Forest land valuation—Definitions. As used in RCW 84.33.110 through 84.33.140 and 84.33.210 through 84.33.270:

(1) "Forest land" is synonymous with timberland and means all land in any contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber and means the land only.

(2) "Owner" means the party or parties having the fee interest in land, except where land is subject to a real estate contract "owner" means the contract vendee.

(3) "Local government" shall mean any city, town, county, sewer district, water district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special benefit assessments for sanitary or storm sewerage systems, domestic water supply or distribution systems, or road construction or improvement purposes.

(4) "Local improvement district" shall mean any local improvement district, utility local improvement district, local utility district, road improvement district, or any similar unit created by a local government for the purpose of levying special benefit assessments against property specially benefited by improvements relating to such districts.

(5) The term "average rate of inflation" shall mean the annual rate of inflation as determined by the department of revenue averaged over the period of time as provided in RCW 84.33.220 (1) and (2). Such determination shall be published not later than January 1 of each year for use in that assessment year.

(6) "Special benefit assessments" shall mean special assessments levied or capable of being levied in any local improvement district or otherwise levied or capable of being levied by a local government to pay for all or part of the costs of a local improvement and which may be levied only for the special benefits to be realized by property by reason of that local improvement. [1992 c 52 § 6; 1983 c 3 § 224; 1971 ex.s. c 294 § 10.]

84.33.110 Forest land valuation—Grading forest land—Classes. (1) Each assessor shall grade all forest land within the county with respect to general land quality classes of "good", "average", and "poor" and, within each quality class, with respect to accessibility and topography as "favorable", "average", "difficult", and "inoperable", in accordance with the rules promulgated by the department of revenue under chapter 34.05 RCW setting forth criteria and procedures for grading forest land. This subsection and rules promulgated thereunder shall not have any force or effect after December 31, 1981.

(2) The department of natural resources, in consultation with the department of revenue and other appropriate representatives of government agencies and landowners, shall design and implement a program to determine which privately owned land is forest land as defined by RCW 84.33.100 and as classified under *chapter 84.28 RCW and to have such forest land graded by the department of natural resources in conformance with factors that may affect the nurture and continued production of forests at each site, such as but not limited to species variability, characteristics of forest soils, climate variability, topography and access. The program shall include field work to obtain data which are necessary or useful in determining such grades and identifying which land is devoted to or suitable for growing and harvesting timber. The program shall be completed by December 31, 1980. [1981 c 148 § 4; 1974 ex.s. c 187 § 4; 1971 ex.s. c 294 § 11.]

*Reviser's note: Chapter 84.28 RCW was decodified pursuant to 1991 c 245 § 41; and subsequently repealed by 1994 c 122 § 1.

Purpose—1981 c 148: "(1) One of the purposes of this act is to establish the values for ad valorem tax purposes of bare forest land which is primarily devoted to and used for growing and harvesting timber without consideration of other potential uses of the land and to provide a procedure for adjusting the values in future years to reflect economic changes which may affect the value established in this act.

(2) Chapter 294, Laws of 1971 ex. sess., as originally enacted, required the department of revenue annually to analyze forest land transactions to ascertain the market value of bare forest land purchased and used exclusively for growing and harvesting timber. Most transactions involving forest land include mature and immature timber with no segregation by the parties between the amounts paid for timber and bare land. The examination of these transactions by the department to ascertain the prices being paid for only the bare land has proven to be very difficult, time consuming, and subject to recurring legal challenge. Samples are small in relation to the total acreage of forest land involved and the administrative time and costs required for the annual analyses are excessive in relation to the changes from year to year which have been observed in the value of bare forest land. This act eliminates most of these administrative costs by establishing the current bare forest land values and by providing a procedure for periodic adjustment of the values which does not require continuing and costly analysis of the numerous forest land transactions throughout the state." [1981 c 148 § 11.]

Severability—1981 c 148: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 148 § 15.]

Effective dates—1981 c 148: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately [May 14, 1981], except for section 13 of this act which shall take effect September 1, 1981." [1981 c 148 § 16.] "Section 13 of this act" is an amendment to 1980 c 154 § 14 (uncodified) and is noted following RCW 82.45.010.

Severability—1974 ex.s. c 187: "If any provision of this 1974 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 187 § 20.]

84.33.112 Forest land valuation—Grading forest land—Completion date—Hearings. The department of natural resources shall complete the grading of forest land on or before July 1, 1980. Within three months after the grading has been completed in each county, the department shall hold a public hearing in such county at which the forest land grades shall be described and explained. A notice shall be published of such hearing in one or more newspapers of general circulation in the county where the hearing is to be held. The notice shall state the time, place and purpose of the hearing. At the hearing the department shall explain the grades it has established for forest land within the county and shall provide maps of the county on which the established forest land grades are set forth for inspection by the public. Copies of such maps shall be provided to any person upon payment of the reasonable cost of production thereof. [1974 ex.s. c 187 § 11.]

Severability—1974 ex.s. c 187: See note following RCW 84.33.110.

84.33.113 Forest land valuation—Grading forest land—Review of grades. Within sixty days following the hearing held pursuant to RCW 84.33.112, any owner of forest land may request a review by the department for the purpose of modifying the grades established for his land. The department shall conduct such review in the county where the land is located. The forest land owner shall have the right to reasonably present testimony and data in support of his contentions. Following such review, except as

provided below in RCW 84.33.116 and 84.33.118, the decision of the department shall be final. [1974 ex.s. c 187 § 12.]

Severability—1974 ex.s. c 187: See note following RCW 84.33.110.

84.33.114 Forest land valuation—Grading forest land—Certification of grades to department of revenue by department of natural resources. Within three months following the hearing in each county held pursuant to RCW 84.33.112, the department of natural resources shall certify to the department of revenue the grades of all forest land in such county. If at that time the grade of any specific forest land is under review or has not been determined following such review, its grade shall be certified when the review is completed. If any privately owned land not initially determined to be forest land is determined to be forest land subsequent to 1980, the grade of such land shall be certified to the department of revenue promptly after such determination. [1974 ex.s. c 187 § 13.]

Severability—1974 ex.s. c 187: See note following RCW 84.33.110.

84.33.115 Forest land valuation—Grading forest land—Certification of grades to county assessors—Placement of forest land within land grades. (1) The department of revenue shall certify to each county assessor the grades established for forest land within each respective county with instructions for application of the land grades to the parcels of forest land within each county. The certification of land grades by the department of revenue shall occur within twelve months after receiving the certificate from the department of natural resources under RCW 84.33.114 or by March 31, 1982, whichever is earlier. Land grades certified to the department of revenue under RCW 84.33.114 for land which is not initially determined to be forest land but is determined to be forest land after 1980 shall be promptly certified to the appropriate county assessors.

(2) Upon receipt of the land grades certified to him by the department of revenue the assessor shall take such actions as are necessary to cause all acres of forest land within the county to be placed within the applicable land grades. [1981 c 148 §.5; 1974 ex.s. c 187 § 14.]

Purpose—Severability—Effective dates—1981 c 148: See notes following RCW 84.33.110.

Severability—1974 ex.s. c 187: See note following RCW 84.33.110.

84.33.116 Forest land valuation—Grading forest land—Notice to owners of grades—Petition for correction of grade—Appeal. (1) On or before May 31, 1982, and on or before May 31 next succeeding the certification of forest land grades with respect to land determined to be forest land after 1980, the assessor shall mail a notice to each owner of forest land stating the number of acres of each grade of forest land included in any tax parcel to which the notice applies. Any such notice mailed prior to 1982 shall plainly advise the forest land owner that the grades established for his forest land will not be used as a basis for assessment of such forest land until the assessment year 1982 for taxes payable in 1983.

(2) In addition to any other remedies provided by law, any owner who feels aggrieved by the forest land grade determined for any forest land owned by him may petition

the county board of equalization for correction of such grade. The department of revenue shall appear before the board and defend the determination of such grade. The board shall have jurisdiction to review such petition and may grant or deny the relief requested. The decision of the board may be appealed to the board of tax appeals under RCW 84.08.130. [1981 c 148 § 6; 1974 ex.s. c 187 § 15.]

Purpose—Severability—Effective dates—1981 c 148: See notes following RCW 84.33.110.

Severability—1974 ex.s. c 187: See note following RCW 84.33.110.

84.33.118 Forest land valuation—Grading forest land—Notice to owners of value established—Petitions for correction of value. (1) On or before May 31, 1981 each county assessor shall mail notice to each owner of forest land within his county stating the number of acres of each grade of forest land included in any tax parcel to which the notice applies and the value established for each forest land grade and the total value of such tax parcel on which the assessment of such parcel is based.

(2) In addition to any other remedies provided by law, any owner who feels aggrieved by the valuation of any tax parcel owned by him may petition the county board of equalization for correction of such value. The board shall have jurisdiction to review such petitions and may grant or deny the requested relief. [1974 ex.s. c 187 § 17.]

Severability—1974 ex.s. c 187: See note following RCW 84.33.110.

84.33.120 Forest land valuation—Assessor to list forest land at grade and class values—Computation of assessed value—Adjustment of values—Certification—Use—Notice of continuance—Appeals—Removal of classification—Compensating tax. (1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. Values for the several grades of bare forest land shall be as follows.

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for

1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance[,] except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in *RCW 82.45.120, as now or hereafter amended. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation

calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to subsections (c) or (d) above prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of subsection (a), (b), (d), or (e) above shall apply only to the land affected, and upon occurrence of subsection (c) shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsections (5)(e) and (9) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:

(a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of

delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections or the sale or transfer of fee title to a governmental entity or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner.

(10) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land. 84.33.130 Forest land valuation—Application by owner that land be designated and valued as forest land—Hearing—Rules—Approval, denial of application—Appeal. (1) An owner of land desiring that it be designated as forest land and valued pursuant to RCW 84.33.120 as of January 1 of any year shall make application to the county assessor before such January 1.

(2) The application shall be made upon forms prepared by the department of revenue and supplied by the county assessor, and shall include the following:

(a) A legal description of or assessor's tax lot numbers for all land the applicant desires to be designated as forest land;

(b) The date or dates of acquisition of such land;

(c) A brief description of the timber on such land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for such land;

(e) If so, the nature and extent of implementation of such plan;

(f) Whether such land is used for grazing;

(g) Whether such land has been subdivided or a plat filed with respect thereto;

(h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(i) Whether such land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

(j) Whether such land is subject to a lease, option or other right which permits it to be used for any purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;

(n) An affirmation that the statements contained in the application are true and that the land described in the application is, by itself or with other forest land not included in the application, in contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was

mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his or her application has been denied may appeal such denial to the county board of equalization. [1994 c 301 § 32; 1986 c 100 § 57; 1981 c 148 § 8; 1974 ex.s. c 187 § 6; 1971 ex.s. c 294 § 13.]

84.33.140 Forest land valuation—Notation of forest land designation upon assessment and tax rolls—Notice of continuance—Removal of designation—Compensating tax. (1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance[,] except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in *RCW 82.45.120, as now or hereafter amended. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that (i) such land is no longer primarily devoted to and used for growing and harvesting timber, (ii) such owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder, or (iii) restocking has not occurred to the extent

or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of subsections (a) through (c) above shall apply only to the land affected, and upon occurrence of subsection (d) shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to:

(a) The difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections or the sale or transfer of fee title to a governmental entity or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner. 84.33.145 Compensating tax—Deferral upon application for classification under RCW 84.34.020—Computation of tax.

(1) If no later than thirty days after removal of classification or designation the owner applies for classification under RCW 84.34.020 (1), (2), or (3), then the classified or designated forest land shall not be considered removed from classification or designation for purposes of the compensating tax under RCW 84.33.120 or 84.33.140 until the application for current use classification under RCW 84.34.030 is denied or the property is removed from designation under RCW 84.34.108. Upon removal from designation under RCW 84.34.108, the amount of compensating tax due under this chapter shall be equal to:

(a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land when removed from designation under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number equal to:

(i) The number of years the land was classified or designated under this chapter, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is less than ten; or

(ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is at least ten.

(2) Nothing in this section authorizes the continued classification or designation under this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to classification under subsection (1) of this section which does not meet the necessary definitions of

forest land under RCW 84.33.100. Nothing in this section affects the additional tax imposed under RCW 84.34.108. [1992 c 69 § 3; 1986 c 315 § 3.]

84.33.170 Application of chapter to Christmas trees.

Notwithstanding any provision of this chapter to the contrary, this chapter shall not exempt from the ad valorem tax nor subject to the excise tax imposed by this chapter, Christmas trees which are grown on land which has been prepared by intensive cultivation and tilling, such as by plowing or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising such Christmas trees, and such land on which such Christmas trees stand shall not be taxed as provided in RCW 84.33.100 through 84.33.140. [1984 c 204 § 24; 1983 c 3 § 226; 1971 ex.s. c 294 § 17.]

84.33.175 Application of tax—Sale of land to governmental agency with reservation of rights to timber—Conveyance by governmental agency of trees. The excise tax imposed under this chapter applies to forest trees harvested after April 4, 1986, from lands sold to any governmental agency by warranty deed or contract where the seller reserved to itself the right to take all merchantable timber for a specific period of years, or in perpetuity, and to forest trees harvested after April 4, 1986, that any governmental agency, by quit claim deed, as partial consideration for payment of the purchase price, conveyed for a specific period of years, or in perpetuity, all forest trees, standing, growing, or lying on the described land, to the taxpayer, regardless of the date on which the contract was entered. [1986 c 315 § 8.]

84.33.200 Legislative review of timber tax system—Joint timber tax advisory committee—Information and data to be furnished. (1) The legislature shall review the system of distribution and allocation of all timber excise tax revenues in January 1975 and each year thereafter to provide a uniform and equitable distribution and allocation of such revenues to the state and local taxing districts.

(2) In order to allow legislative review of the rules to be adopted by the department of revenue establishing the stumpage values provided for in RCW 84.33.091, such rules shall be effective not less than sixty days after transmitting to the staffs of the senate and house ways and means committees (or their successor committees) the same proposed rules as have been previously filed with the office of the code reviser pursuant to RCW 34.05.320.

(3) In the event that a permanent timber tax rate is not set in 1979, a joint timber tax advisory committee shall be established. The joint advisory committee shall be composed of members of the house of representatives and the senate and co-chaired by a member of the house revenue committee and a member of the senate ways and means committee. The joint advisory committee shall recommend a rate level and distribution system on or before the convening of the forty-seventh legislature.

(4) The department of revenue and the department of natural resources shall make available to the revenue committees of the senate and house of representatives of the state legislature information and data, as it may be available, pertaining to the status of forest land grading throughout the state, the collection of timber excise tax revenues, the distribution and allocation of timber excise tax revenues to the state and local taxing districts, and any other information as may be necessary for the proper legislative review and implementation of the timber excise tax system, and in addition, the departments shall provide an annual report of such matters in January of each year to such committees. 84.33.210 Forest land valuation—Special benefit assessments or charges—Exemption—Levy, collection, and enforcement—Notice—Financed services. (1) Any forest land that is designated for classification pursuant to chapter 84.33 RCW at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (a) to create a local improvement district, in which such land is included or would have been included but for such classification designation, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary or storm sewerage system, domestic water supply or distribution system, or road construction or improvement, which roll would have included such land but for such classification designation, shall be exempt from special benefit assessments or charges in lieu of assessment for such purposes as long as that land remains in such classification, except as otherwise provided in RCW 84.33.250.

(2) Whenever a local government creates a local improvement district, the levying, collection, and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided pursuant to the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes forest land shall be filed with the county assessor and the legislative authority of the county in which such land is located. The county assessor, upon receiving notice of the creation of such a local improvement district, shall send a notice to the owner of the forest lands listed on the tax rolls of the applicable county treasurer of:

(a) The creation of the local improvement district;

(b) The exemption of that land from special benefit assessments;

(c) The fact that the forest land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and

(d) The potential liability, pursuant to RCW 84.33.220, if the exemption is not waived and the land is subsequently removed from the forest land status.

(3) When a local government approves and confirms a special benefit assessment roll, from which forest land has been exempted pursuant to this section, it shall file a notice of such action with the county assessor and the legislative authority of the county in which such land is located and with the treasurer of that local government, which notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment that would have been levied against the land if it had not been exempted. The filing of such notice with the county assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that such exempt land is subject to the charges provided in RCW 84.33.220 and 84.33.230, if such land is withdrawn or removed from its classification as forest land.

(4) The owner of the land exempted from special benefit assessments pursuant to this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the county assessor, but the failure of such filing shall not affect the waiver.

(5) Except to the extent provided in RCW 84.33.250, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to such exempted land. [1992 c 52 § 7.]

84.33.220 Forest land valuation—Withdrawal from classification or change in use—Liability. Whenever forest land has once been exempted from special benefit assessments pursuant to RCW 84.33.210, any withdrawal from classification or change in use from forest land under chapter 84.33 RCW shall result in the following:

(1) If the bonds used to fund the improvement in the local improvement district have not been completely retired, such land shall immediately become liable for:

(a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.33.210; plus

(b) Interest on the amount determined in (a) of this subsection, compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.33.210 to the time the owner withdraws such land from the exemption category provided by this chapter; or

(2) If the bonds used to fund the improvement in the local improvement district have been completely retired, such land shall immediately become liable for:

(a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.33.210; plus

(b) Interest on the amount determined in (a) of this subsection compounded annually at a rate equal to the

average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.33.210, to the time the bonds used to fund the improvement have been retired; plus

(c) Interest on the total amount determined in (a) and (b) of this subsection at a simple per annum rate equal to the average rate of inflation from the time the bonds used to fund the improvement have been retired to the time the owner withdraws such lands from the exemption category provided by this chapter;

(3) The amount payable pursuant to this section shall become due on the date such land is withdrawn or removed from its forest land classification and shall be a lien on the land prior and superior to any other lien whatsoever except for the lien for general taxes, and shall be enforceable in the same manner as the collection of special benefit assessments are enforced by that local government. [1992 c 52 § 8.]

84.33.230 Forest land valuation—Change in classification—Notice. Whenever forest land is withdrawn or removed from its forest land classification, the county assessor of the county in which such land is located shall forthwith give written notice of such withdrawal or removal to the local government or its successor that had filed with the assessor the notice required by RCW 84.33.210. Upon receipt of the notice from the assessor, the local government shall mail a written statement to the owner of such land for the amounts payable as provided in RCW 84.33.220. Such amounts due shall be delinquent if not paid within one hundred eighty days after the date of mailing of the statement, and shall be subject to the same interest, penalties, lien priority, and enforcement procedures that are applicable to delinquent assessments on the assessment roll from which that land had been exempted, except that the rate of interest charged shall not exceed the rate provided in RCW 84.33.220. [1992 c 52 § 9.]

84.33.240 Forest land valuation—Change in classification or use—Application of payments. Payments collected pursuant to RCW 84.33.220 and 84.33.230, or by enforcement procedures referred to therein, after the payment of the expenses of their collection, shall first be applied to the payment of general or special debt incurred to finance the improvements related to the special benefit assessments, and, if such debt is retired, then into the maintenance fund or general fund of the governmental entity that created the local improvement district, or its successor, for any of the following purposes: (1) Redemption or servicing of outstanding obligations of the district; (2) maintenance expenses of the district; or (3) construction or acquisition of any facilities necessary to carry out the purpose of the district. [1992 c 52 § 10.]

84.33.250 Forest land valuation—Special benefit assessments. The department of revenue shall adopt rules it shall deem necessary to implement RCW 84.33.100 and 84.33.210 through 84.33.270, which shall include, but not be limited to, procedures to determine the extent to which a portion of the land otherwise exempt may be subject to a special benefit assessment for: (1) The actual connection to

the domestic water system or sewerage facilities; (2) for access to the road improvement in relation to its value as forest land as distinguished from its value under more intensive uses; and (3) for such lands that benefit from or cause the need for a local improvement district. The provision for limited special benefit assessments shall not relieve such land from liability for the amounts provided in RCW 84.33.220 and 84.33.230 when such land is withdrawn or removed from its forest land classification. [1992 c 52 § 11.]

84.33.260 Forest land valuation—Withdrawal from classification or change in use—Benefit assessments. Whenever a portion of a parcel of land that was classified as forest land pursuant to this chapter is withdrawn from classification or there is a change in use, and such land has been exempted from any benefit assessments pursuant to *RCW 84.33.210, the previously exempt benefit assessments shall become due on only that portion of the land that is withdrawn or changed. [1992 c 52 § 12.]

*Reviser's note: 1992 c 52 § 12 references "section 6 of this act," which is RCW 84.34.100, a definition section. Section 7, codified as RCW 84.34.210, was apparently intended.

84.33.270 Forest land valuation—Government future development right—Conserving forest land—Exemptions. (1) Forest land on which the right to future development has been acquired by any local government, the state of Washington, or the United States government shall be exempt from special benefit assessments in lieu of assessment for such purposes in the same manner, and under the same liabilities for payment and interest, as land classified under this chapter as forest land, for as long as such classification applies.

(2) Any interest, development right, easement, covenant, or other contractual right that effectively protects, preserves, maintains, improves, restores, prevents the future nonforest use of, or otherwise conserves forest land shall be exempt from special benefit assessments as long as such development right or other such interest effectively serves to prevent nonforest development of such land. [1992 c 52 § 13.]

84.34.010 Legislative declaration. The legislature hereby declares that it is in the best interest of the state to maintain, preserve, conserve and otherwise continue in existence adequate open space lands for the production of food, fiber and forest crops, and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of the state and its citizens. The legislature further declares that assessment practices must be so designed as to permit the continued availability of open space lands for these purposes, and it is the intent of this chapter so to provide. The legislature further declares its intent that farm and agricultural lands shall be valued on the basis of their value for use as authorized by section 11 of Article VII of the Constitution of the state of Washington. [1973 1st ex.s. c 212 § 1; 1970 ex.s. c 87 § 1.]

84.34.020 Definitions. As used in this chapter, unless a different meaning is required by the context:

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly[,] or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means either (a) any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres (i) devoted primarily to the production of livestock or agricultural commodities for commercial purposes, (ii) enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture, or (iii) other similar commercial activities as may be established by rule following consultation with the advisory committee established in *section 19 of this act; (b) any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993, (i) one hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for

classification under this subsection is made with the granting authority prior to January 1, 1993, and (ii) on or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter; (c) any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of (i) one thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993, and (ii) on or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Parcels of land described in (b)(i) and (c)(i) of this subsection shall, upon any transfer of the property excluding a transfer to a surviving spouse, be subject to the limits of (b)(ii) and (c)(ii) of this subsection. Agricultural lands shall also include such incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands"; or (d) the land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of forest crops for commercial purposes. A timber management plan shall be filed with the county legislative authority at the time (a) an application is made for classification as timber land pursuant to this chapter or (b) when a sale or transfer of timber land occurs and a notice of classification continuance is signed. Timber land means the land only.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" shall mean the contract vendee.

(6) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, shall be considered contiguous.

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture. [1992 c 69 § 4; 1988 c 253 § 3; 1983 c 3 § 227; 1973 1st ex.s. c 212 § 2; 1970 ex.s. c 87 § 2.]

*Reviser's note: Section 19 of this act was vetoed by the governor.

84.34.030 Applications for current use classification—Forms—Fee—Times for making. An owner of agricultural land desiring current use classification under subsection (2) of RCW 84.34.020 shall make application to the county assessor upon forms prepared by the state department of revenue and supplied by the county assessor. An owner of open space or timber land desiring current use classification under subsections (1) and (3) of RCW 84.34.020 shall make application to the county legislative authority upon forms prepared by the state department of revenue and supplied by the county assessor. The application shall be accompanied by a reasonable processing fee if such processing fee is established by the city or county legislative authority. Said application shall require only such information reasonably necessary to properly classify an area of land under this chapter with a notarized verification of the truth thereof and shall include a statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as open space, farm and agricultural or timber land. Applications must be made during the calendar year preceding that in which such classification is to begin. The assessor shall make necessary information, including copies of this chapter and applicable regulations, readily available to interested parties, and shall render reasonable assistance to such parties upon request. [1989 c 378 § 10; 1973 1st ex.s. c 212 § 3; 1970 ex.s. c 87 § 3.]

84.34.035 Applications for current use classification—Approval or denial—Appeal—Duties of assessor upon approval. The assessor shall act upon the application for current use classification of farm and agricultural lands under RCW 84.34.020(2), with due regard to all relevant evidence. The application shall be deemed to have been approved unless, prior to the first day of May of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied. An owner who receives notice that his or her application has been denied may appeal such denial to the board of equalization in the county where the property is located. The appeal shall be filed in accordance with RCW 84.40.038, within thirty days after the mailing of the notice of denial. Within ten days following approval of the application, the assessor shall submit notification of such approval to the county auditor for recording in the place and manner provided for the public recording of state tax liens on real property. The assessor shall retain a copy of all applications.

The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified. [1992 c 69 § 5; 1973 1st ex.s. c 212 § 4.]

84.34.037 Applications for current use classification—To whom made—Factors—Review. (1) Applications for classification or reclassification under RCW 84.34.020(1) shall be made to the county legislative authority. An application made for classification or reclassification of land under RCW 84.34.020(1) (b) and (c) which is in an area subject to a comprehensive plan shall be acted upon in the same manner in which an amendment to the comprehensive plan is processed. Application made for classification of land which is in an area not subject to a comprehensive plan shall be acted upon after a public hearing and after notice of the hearing shall have been given by one publication in a newspaper of general circulation in the area at least ten days before the hearing: PROVIDED, That applications for classification of land in an incorporated area shall be acted upon by a granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located.

(2) In determining whether an application made for classification or reclassification under RCW 84.34.020(1) (b) and (c) should be approved or disapproved, the granting authority may take cognizance of the benefits to the general welfare of preserving the current use of the property which is the subject of application, and shall consider:

(a) The resulting revenue loss or tax shift;

(b) Whether granting the application for land applying under RCW 84.34.020(1)(b) will (i) conserve or enhance natural, cultural, or scenic resources, (ii) protect streams, stream corridors, wetlands, natural shorelines and aquifers, (iii) protect soil resources and unique or critical wildlife and native plant habitat, (iv) promote conservation principles by example or by offering educational opportunities, (v) enhance the value of abutting or neighboring parks, forests, wildlife preserves, nature reservations, sanctuaries, or other open spaces, (vi) enhance recreation opportunities, (vii) preserve historic and archaeological sites, (viii) preserve visual quality along highway, road, and street corridors or scenic vistas, (ix) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of the property; and

(c) Whether granting the application for land applying under RCW 84.34.020(1)(c) will (i) either preserve land previously classified under RCW 84.34.020(2) or preserve land that is traditional farmland and not classified under chapter 84.33 or 84.34 RCW, (ii) preserve land with a potential for returning to commercial agriculture, and (iii) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of property.

(3) If a public benefit rating system is adopted under RCW 84.34.055, the county legislative authority shall rate property for which application for classification has been made under RCW 84.34.020(1) (b) and (c) according to the public benefit rating system in determining whether an application should be approved or disapproved, but when

such a system is adopted, open space properties then classified under this chapter which do not qualify under the system shall not be removed from classification but may be rated according to the public benefit rating system.

(4) The granting authority may approve the application with respect to only part of the land which is the subject of the application. If any part of the application is denied, the applicant may withdraw the entire application. The granting authority in approving in part or whole an application for land classified or reclassified pursuant to RCW 84.34.020(1) may also require that certain conditions be met, including but not limited to the granting of easements. As a condition of granting open space classification, the legislative body may not require public access on land classified under RCW 84.34.020(1)(b)(iii) for the purpose of promoting conservation of wetlands.

(5) The granting or denial of the application for current use classification or reclassification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. [1992 c 69 § 6; 1985 c 393 § 1; 1984 c 111 § 1; 1973 1st ex.s. c 212 § 5.]

84.34.041 Application for current use classification—Forms—Public hearing—Approval or denial. An application for current use classification under RCW 84.34.020(3) shall be made to the county legislative authority.

(1) The application shall be made upon forms prepared by the department of revenue and supplied by the granting authority and shall include the following:

(a) A legal description of, or assessor's parcel numbers for, all land the applicant desires to be classified as timber land;

(b) The date or dates of acquisition of the land;

(c) A brief description of the timber on the land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for the land;

(e) If so, the nature and extent of implementation of the plan;

(f) Whether the land is used for grazing;

(g) Whether the land has been subdivided or a plat filed with respect to the land;

(h) Whether the land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(i) Whether the land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

(j) Whether the land is subject to a lease, option, or other right that permits it to be used for a purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when the land ceases to be classified as timber land.

(2) An application made for classification of land under RCW 84.34.020(3) shall be acted upon after a public hearing and after notice of the hearing is given by one publication in a newspaper of general circulation in the area at least ten days before the hearing. Application for classification of land in an incorporated area shall be acted upon by a granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located.

(3) The granting authority shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain a stand of timber as defined in chapter 76.09 RCW and applicable rules, except this reason shall not alone be sufficient to deny the application (i) if the land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or the longer period necessitated by unavailability of seed or seedlings [seedlings], or (ii) if only isolated areas within the land do not meet minimum standards due to rock outcroppings, swamps, unproductive soil, or other natural conditions;

(b) The applicant, with respect to the land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling the ordinary high tide line and two hundred feet horizontally landward from the high tide line.

The granting authority may approve the application with respect to only part of the land that is described in the application, and if any part of the application is denied, the applicant may withdraw the entire application. The granting authority, in approving in part or whole an application for land classified pursuant to RCW 84.34.020(3), may also require that certain conditions be met.

Granting or denial of an application for current use classification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. The granting authority may not require the granting of easements for land classified pursuant to RCW 84.34.020(3).

The granting authority shall approve or disapprove an application made under this section within six months following the date the application is received. [1992 c 69 § 20.]

84.34.045 Incorrect classification—Assessor's duties—Expiration of section. If approval of an application for classification or reclassification under RCW 84.34.020 (1), (2), or (3) results in the incorrect classification of a parcel of land the assessor may place the property in the correct classification. Such a correction shall not be considered a withdrawal or removal and is not subject to additional tax under RCW 84.34.108. The assessor will notify the landowner of any correction of classification.

This section expires on December 31, 1995. [1992 c 69 § 21.]

84.34.050 Notice of approval or disapproval—Procedure when approval granted. (1) The granting authority shall immediately notify the assessor and the applicant of its approval or disapproval which shall in no event be more than six months from the receipt of said application. No land other than farm and agricultural land shall be classified under this chapter until an application in regard thereto has been approved by the appropriate legislative authority.

(2) When the granting authority classifies land under this chapter, it shall file notice of the same with the assessor within ten days. The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified.

(3) Within ten days following receipt of the notice from the granting authority of classification of such land under this chapter, the assessor shall submit such notice to the county auditor for recording in the place and manner provided for the public recording of state tax liens on real property. [1992 c 69 § 7; 1973 1st ex.s. c 212 § 6; 1970 ex.s. c 87 § 5.]

84.34.055 Open space priorities—Open space plan and public benefit rating system. (1) The county legislative authority may direct the county planning commission to set open space priorities and adopt, after a public hearing, an open space plan and public benefit rating system for the county. The plan shall consist of criteria for determining eligibility of lands, the process for establishing a public benefit rating system, and an assessed valuation schedule. The assessed valuation schedule shall be developed by the county assessor and shall be a percentage of market value based upon the public benefit rating system. The open space plan, the public benefit rating system, and the assessed valuations schedule shall not be effective until approved by the county legislative authority after at least one public hearing: PROVIDED, That any county which has complied with the procedural requisites of chapter 393, Laws of 1985, prior to July 28, 1985, need not repeat those procedures in order to adopt an open space plan pursuant to chapter 393, Laws of 1985.

(2) In adopting an open space plan, recognized sources shall be used unless the county does its own survey of important open space priorities or features, or both. Recognized sources include but are not limited to the natural heritage data base; the state office of historic preservation; the interagency committee for outdoor recreation inventory of dry accretion beach and shoreline features; state, national, county, or city registers of historic places; the shoreline master program; or studies by the parks and recreation commission and by the departments of fish and wildlife and natural resources. Features and sites may be verified by an outside expert in the field and approved by the appropriate state or local agency to be sent to the county legislative authority for final approval as open space.

(3) When the county open space plan is adopted, owners of open space lands then classified under this chapter shall be notified in the same manner as is provided in RCW 84.40.045 of their new assessed value. These lands may be removed from classification, upon request of owner, without penalty within thirty days of notification of value.

(4) The open space plan and public benefit rating system under this section may be adopted for taxes payable in 1986 and thereafter. [1994 c 264 § 76; 1988 c 36 § 62; 1985 c 393 § 3.]

84.34.060 Determination of true and fair value of classified land—Computation of assessed value. In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessed valuation of open space land shall not be less than the minimum value per acre of classified farm and agricultural land except that the assessed valuation of open space land may be valued based on the public benefit rating system adopted under RCW 84.34.055: PROVIDED FURTHER, That timber land shall be valued according to chapter 84.33 RCW. [1992 c 69 § 8; 1985 c 393 § 2; 1981 c 148 § 10; 1973 1st ex.s. c 212 § 7; 1970 ex.s. c 87 § 6.]

Purpose—Severability—Effective dates—1981 c 148: See notes following RCW 84.33.110.

84.34.065 Determination of true and fair value of farm and agricultural land—Computation—Definitions. The true and fair value of farm and agricultural land shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than five years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands shall be the "net cash rental", capitalized at a "rate of interest" charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes. The current use value of land under RCW 84.34.020(2)(d) shall be established as: The prior year's average value of open space farm and agricultural land used in the county plus the value of land improvements such as septic, water, and power used to serve the residence. This shall not be interpreted to require the assessor to list improvements to the land with the value of the land.

For the purposes of the above computation:

(1) The term "net cash rental" shall mean the average rental paid on an annual basis, in cash, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease for a period of at least three years to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There shall be allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. If "net cash rental" data is not available, the earning or productive capacity of farm and agricultural lands shall be determined by the cash

value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than five years. Standard costs of production shall be allowed as a deduction from the cash value of the crops.

The current "net cash rental" or "earning capacity" shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

(2) The term "rate of interest" shall mean the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

The "rate of interest" shall be determined annually by a rule adopted by the department of revenue and such rule shall be published in the state register not later than January 1 of each year for use in that assessment year. The department of revenue determination may be appealed to the state board of tax appeals within thirty days after the date of publication by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land.

(3) The "component for property taxes" shall be a figure obtained by dividing the assessed value of all property in the county into the property taxes levied within the county in the year preceding the assessment and multiplying the quotient obtained by one hundred. [1992 c 69 § 9; 1989 c 378 § 11; 1973 1st ex.s. c 212 § 10.]

84.34.070 Withdrawal from classification. (1) When land has once been classified under this chapter, it shall remain under such classification and shall not be applied to other use except as provided by subsection (2) of this section for at least ten years from the date of classification and shall continue under such classification until and unless withdrawn from classification after notice of request for withdrawal shall be made by the owner. During any year after eight years of the initial ten-year classification period have elapsed, notice of request for withdrawal of all or a portion of the land may be given by the owner to the assessor or assessors of the county or counties in which such land is situated. In the event that a portion of a parcel is removed from classification, the remaining portion must meet the same requirements as did the entire parcel when such land was originally granted classification pursuant to this chapter unless the remaining parcel has different income criteria. Within seven days the assessor shall transmit one copy of such notice to the legislative body which originally approved the application. The assessor or assessors, as the case may be, shall, when two assessment years have elapsed following the date of receipt of such notice, withdraw such land from such classification and the land shall be subject to the additional tax and applicable interest due under RCW 84.34.108. Agreement to tax according to use shall not be considered to be a contract and can be abrogated at any time by the legislature in which event no additional tax or penalty shall be imposed.

(2) The following reclassifications are not considered withdrawals or removals and are not subject to additional tax under RCW 84.34.108:

(a) Reclassification between lands under RCW 84.34.020 (2) and (3);

(b) Reclassification of land classified under RCW 84.34.020 (2) or (3) or chapter 84.33 RCW to open space land under RCW 84.34.020(1);

(c) Reclassification of land classified under RCW 84.34.020 (2) or (3) to forest land classified under chapter 84.33 RCW; and

(d) Reclassification of land classified as open space land under RCW 84.34.020(1)(c) and reclassified to farm and agricultural land under RCW 84.34.020(2) if the land had been previously classified as farm and agricultural land under RCW 84.34.020(2).

(3) Applications for reclassification shall be subject to applicable provisions of RCW 84.34.037, 84.34.035, 84.34.041, and chapter 84.33 RCW.

(4) The income criteria for land classified under RCW 84.34.020(2) (b) and (c) may be deferred for land being reclassified from land classified under RCW 84.34.020 (1)(c) or (3), or chapter 84.33 RCW into RCW 84.34.020(2) (b) or (c) for a period of up to five years from the date of reclassification. [1992 c 69 § 10; 1984 c 111 § 2; 1973 1st ex.s. c 212 § 8; 1970 ex.s. c 87 § 7.]

84.34.080 Change in use. When land which has been classified under this chapter as open space land, farm and agricultural land, or timber land is applied to some other use, except through compliance with RCW 84.34.070, or except as a result solely from any one of the conditions listed in RCW 84.34.108(5), the owner shall within sixty days notify the county assessor of such change in use and additional real property tax shall be imposed upon such land in an amount equal to the sum of the following:

(1) The total amount of the additional tax and applicable interest due under RCW 84.34.108; plus

(2) A penalty amounting to twenty percent of the amount determined in subsection (1) of this section. [1992 c 69 § 11; 1973 1st ex.s. c 212 § 9; 1970 ex.s. c 87 § 8.]

84.34.090 Extension of additional tax and penalties on tax roll—Lien. The additional tax and penalties, if any, provided by RCW 84.34.070 and 84.34.080 shall be extended on the tax roll and shall be, together with the interest thereon, a lien on the land to which such tax applies as of January 1st of the year for which such additional tax is imposed. Such lien shall have priority as provided in chapter 84.60 RCW: PROVIDED, That for purposes of all periods of limitation of actions specified in Title 84 RCW, the year in which the tax became payable shall be as specified in RCW 84.34.100. [1970 ex.s. c 87 § 9.]

84.34.100 Payment of additional tax, penalties, and/or interest. The additional tax, penalties, and/or interest provided by RCW 84.34.070 and 84.34.080 shall be payable in full thirty days after the date which the treasurer's statement therefor is rendered. Such additional tax when collected shall be distributed by the county treasurer in the

same manner in which current taxes applicable to the subject land are distributed. [1980 c 134 § 4; 1970 ex.s. c 87 § 10.]

84.34.108 Removal of classification—Factors—Notice of continuance—Additional tax—Lien—Delinquencies—Exemptions. (1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in *RCW 82.45.120, as now or hereafter amended. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of

classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (5) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(4) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The additional tax, applicable interest, and penalty specified in subsection (3) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (3) of this section shall be imposed; or

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d). [1992 c 69 § 12; 1989 c 378 § 35; 1985 c 319 § 1; 1983 c 41 § 1; 1980 c 134 § 5; 1973 1st ex.s. c 212 § 12.]

84.34.200 Acquisition of open space, etc., land or rights to future development by counties, cities, or metropolitan municipal corporations—Legislative declaration—Purposes. The legislature finds that the haphazard growth and spread of urban development is encroaching upon, or eliminating, numerous open areas and spaces of varied size and character, including many devoted to agriculture, the cultivation of timber, and other productive activities, and many others having significant recreational, social, scenic, or esthetic values. Such areas and spaces, if preserved and maintained in their present open state, would constitute important assets to existing and impending urban and metropolitan development, at the same time that they would continue to contribute to the welfare and well-being of the citizens of the state as a whole. The acquisition of

interests or rights in real property for the preservation of such open spaces and areas constitutes a public purpose for which public funds may properly be expended or advanced. [1971 ex.s. c 243 § 1.]

84.34.210 Acquisition of open space, land, or rights to future development by certain entities—Authority to acquire—Conveyance or lease back. Any county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may acquire by purchase, gift, grant, bequest, devise, lease, or otherwise, except by eminent domain, the fee simple or any lesser interest, development right, easement, covenant, or other contractual right necessary to protect, preserve, maintain, improve, restore, limit the future use of, or otherwise conserve, selected open space land, farm and agricultural land, and timber land as such are defined in chapter 84.34 RCW for public use or enjoyment. Among interests that may be so acquired are mineral rights. Any county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may acquire such property for the purpose of conveying or leasing the property back to its original owner or other person under such covenants or other contractual arrangements as will limit the future use of the property in accordance with the purposes of *this 1971 amendatory act. [1993 c 248 § 1; 1987 c 341 § 2; 1975-'76 2nd ex.s. c 22 § 1; 1971 ex.s. c 243 § 2.]

***Reviser's note:** "This 1971 amendatory act" [1971 ex.s. c 243] consists of the enactment of RCW 39.33.060, 57.08.140, 84.34.200 through 84.34.240, and 84.34.920 and the 1971 amendment to RCW 84.52.010.

Acquisition of interests in land for conservation, protection, preservation, or open space purposes by certain entities: RCW 64.04.130.

Property tax exemption for conservation futures on agricultural land: RCW 84.36.500.

84.34.220 Acquisition of open space, land, or rights to future development by certain entities—Developmental rights—"Conservation futures"—Acquisition—Restrictions. In accordance with the authority granted in RCW 84.34.210, a county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may specifically purchase or otherwise acquire, except by eminent domain, rights in perpetuity to future development of any open space land, farm and agricultural land, and timber land which are so designated under the provisions of chapter 84.34 RCW and taxed at current use assessment as provided by that chapter. For the purposes of *this 1971 amendatory act, such developmental rights shall be termed "conservation futures". The private owner may retain the right to continue any existing open space use of the land, and to develop any other open space use, but, under the terms of purchase of conservation futures, the county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW

64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may forbid or restrict building thereon, or may require that improvements cannot be made without county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, permission. The land may be alienated or sold and used as formerly by the new owner, subject to the terms of the agreement made by the county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, with the original owner. [1993 c 248 § 2; 1987 c 341 § 3; 1975-'76 2nd ex.s. c 22 § 2; 1971 ex.s. c 243 § 3.]

***Reviser's note:** For "this 1971 amendatory act," see note following RCW 84.34.210.

84.34.230 Acquisition of open space, etc., land or rights to future development by counties, cities, metropolitan municipal corporations or nonprofit nature conservancy corporation or association—Additional property tax levy authorized. For the purpose of acquiring conservation futures as well as other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, a county may levy an amount not to exceed six and one-quarter cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county, which levy shall be in addition to that authorized by RCW 84.52.043. [1994 c 301 § 33; 1973 1st ex.s. c 195 § 94; 1973 1st ex.s. c 195 § 145; 1971 ex.s. c 243 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

84.34.240 Acquisition of open space, etc., land or rights to future development by counties, cities, metropolitan municipal corporations or nonprofit nature conservancy corporation or association—Conservation futures fund. Any board of county commissioners may establish by resolution a special fund which may be termed a conservation futures fund to which it may credit all taxes levied pursuant to RCW 84.34.230. Amounts placed in this fund may be used solely for the purpose of acquiring rights and interests in real property pursuant to the terms of RCW 84.34.210 and 84.34.220. Nothing in this section shall be construed as limiting in any manner methods and funds otherwise available to a county for financing the acquisition of such rights and interests in real property. [1971 ex.s. c 243 § 5.]

84.34.250 Nonprofit nature conservancy corporation or association defined. As used in RCW 84.34.210, as now or hereafter amended, and RCW 84.34.220, as now or hereafter amended, "nonprofit nature conservancy corporation or association" means an organization which qualifies as being tax exempt under 26 U.S.C. section 501(c) (of the Internal Revenue Code) as it exists on June 25, 1976 and one which has as one of its principal purposes the conducting or facilitating of scientific research; the conserving of

natural resources, including but not limited to biological resources, for the general public; or the conserving of open spaces, including but not limited to wildlife habitat to be utilized as public access areas, for the use and enjoyment of the general public. [1975-'76 2nd ex.s. c 22 § 4.]

84.34.300 Special benefit assessments for farm and agricultural land or timber land—Legislative findings—Purpose. The legislature finds that farming, timber production, and the related agricultural and forest industries have historically been and currently are central factors in the economic and social lifeblood of the state; that it is a fundamental policy of the state to protect agricultural and timber lands as a major natural resource in order to maintain a source to supply a wide range of agricultural and forest products; and that the public interest in the protection and stimulation of farming, timber production, and the agricultural and forest industries is a basic element of enhancing the economic viability of this state. The legislature further finds that farm land and timber land in urbanizing areas are often subjected to high levels of property taxation and benefit assessment, and that such levels of taxation and assessment encourage and even force the removal of such lands from agricultural and forest uses. The legislature further finds that because of this level of taxation and assessment, such farm land and timber land in urbanizing areas are either converted to nonagricultural and nonforest uses when significant amounts of nearby nonagricultural and nonforest area could be suitably used for such nonagricultural and nonforest uses, or, much of this farm land and timber land is left in an unused state. The legislature further finds that with the approval by the voters of the Fifty-third Amendment to the state Constitution, and with the enactment of chapter 84.34 RCW, the owners of farm lands and timber lands were provided with an opportunity to have such land valued on the basis of its current use and not its "highest and best use" and that such current use valuation is one mechanism to protect agricultural and timber lands. The legislature further finds that despite this potential property tax reduction, farm lands and timber lands in urbanized areas are still subject to high levels of benefit assessments and continue to be removed from farm and forest uses.

It is therefore the purpose of the legislature to establish, with the enactment of RCW 84.34.300 through 84.34.380, another mechanism to protect agricultural and timber land which creates an analogous system of relief from certain benefit assessments for farm and agricultural land and timber land. It is the intent of the legislature that special benefit assessments not be imposed for the availability of sanitary and/or storm sewerage service, or domestic water service, or for road construction and/or improvement purposes on farm and agricultural lands and timber lands which have been designated for current use classification as farm and agricultural lands or timber lands until such lands are withdrawn or removed from such classification or unless such lands benefit from or cause the need for the local improvement district.

The legislature finds, and it is the intent of RCW 84.34.300 through 84.34.380 and 84.34.922, that special benefit assessments for the improvement or construction of sanitary and/or storm sewerage service, or domestic water service, or certain road construction do not generally benefit

land which has been classified as open space farm and agricultural land or timber land under the open space act, chapter 84.34 RCW, until such land is withdrawn from such classification or such land is used for a more intense and nonagricultural use, or the land is no longer used as timber land. The purpose of RCW 84.34.300 through 84.34.380 and 84.34.922 is to provide an exemption from certain special benefit assessments which do not benefit timber land or open space farm and agricultural land, and to provide the means for local governmental entities to recover such assessments in current dollar value in the event such land is no longer devoted to farming or timber production under chapter 84.34 RCW. Where the owner of such land chooses to make limited use of improvements related to special benefit assessments, RCW 84.34.300 through 84.34.380 provides the means for the partial assessment on open space timber and farm land to the extent the land is directly benefited by the improvement. [1992 c 52 § 14; 1979 c 84 § 1.]

84.34.310 Special benefit assessments for farm and agricultural land or timber land—Definitions. As used in RCW 84.34.300 through 84.34.380, unless a different meaning is required, the words defined in this section shall have the meanings indicated.

(1) "Farm and agricultural land" shall mean the same as defined in RCW 84.34.020(2).

(2) "Timber land" shall mean the same as defined in RCW 84.34.020(3).

(3) "Local government" shall mean any city, town, county, sewer district, water district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi municipal corporation, or other political subdivision authorized to levy special benefit assessments for sanitary and/or storm sewerage systems, domestic water supply and/or distribution systems, or road construction or improvement purposes.

(4) "Local improvement district" shall mean any local improvement district, utility local improvement district, local utility district, road improvement district, or any similar unit created by a local government for the purpose of levying special benefit assessments against property specially benefited by improvements relating to such districts.

(5) "Owner" shall mean the same as defined in RCW 84.34.020(5) or the applicable statutes relating to special benefit assessments.

(6) The term "average rate of inflation" shall mean the annual rate of inflation as determined by the department of revenue averaged over the period of time as provided in RCW 84.34.330 (1) and (2). Such determination shall be published not later than January 1 of each year for use in that assessment year.

(7) "Special benefit assessments" shall mean special assessments levied or capable of being levied in any local improvement district or otherwise levied or capable of being levied by a local government to pay for all or part of the costs of a local improvement and which may be levied only for the special benefits to be realized by property by reason of that local improvement. [1992 c 52 § 15; 1979 c 84 § 2.]

84.34.320 Special benefit assessments for farm and agricultural land or timber land—Exemption from

assessment—Procedures relating to exemption—Constructive notice of potential liability—Waiver of exemption. Any land classified as farm and agricultural land or timber land pursuant to chapter 84.34 RCW at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (1) to create a local improvement district, in which such land is included or would have been included but for such classification, or (2) to approve or confirm a final special benefit assessment roll relating to a sanitary and/or storm sewerage system, domestic water supply and/or distribution system, or road construction and/or improvement, which roll would have included such land but for such classification, shall be exempt from special benefit assessments or charges in lieu of assessment for such purposes as long as that land remains in such classification, except as otherwise provided in RCW 84.34.360.

Whenever a local government creates a local improvement district, the levying, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided pursuant to the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes farm and agricultural land or timber land shall be filed with the county assessor and the legislative authority of the county in which such land is located. The assessor, upon receiving notice of the creation of such a local improvement district, shall send a notice to the owner of the farm and agricultural land or timber land listed on the tax rolls of the applicable county treasurer of: (1) The creation of the local improvement district; (2) the exemption of that land from special benefit assessments; (3) the fact that the farm and agricultural land or timber land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and (4) the potential liability, pursuant to RCW 84.34.330, if the exemption is not waived and the land is subsequently removed from the farm and agricultural land or timber land status. When a local government approves and confirms a special benefit assessment roll, from which farm and agricultural land or timber land has been exempted pursuant to this section, it shall file a notice of such action with the assessor and the legislative authority of the county in which such land is located and with the treasurer of that local government, which notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment which would have been levied against the land if it had not been exempted. The filing of such notice with the assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that such exempt land is subject to the charges provided in RCW 84.34.330 and 84.34.340 if such land is withdrawn or removed from its current use classification as farm and agricultural land or timber land.

The owner of the land exempted from special benefit assessments pursuant to this section may waive that exemp-

tion by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the assessor, but the failure of such filing shall not affect the waiver.

Except to the extent provided in RCW 84.34.360, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to such exempted land. [1992 c 69 § 17; 1992 c 52 § 16; 1979 c 84 § 3.]

Reviser's note: This section was amended by 1992 c 52 § 16 and by 1992 c 69 § 17, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

84.34.330 Special benefit assessments for farm and agricultural land or timber land—Withdrawal from classification or change in use—Liability—Amount—Due date—Lien. Whenever farm and agricultural land or timber land has once been exempted from special benefit assessments pursuant to RCW 84.34.320, any withdrawal from classification or change in use from farm and agricultural land or timber land under chapter 84.34 RCW shall result in the following:

(1) If the bonds used to fund the improvement in the local improvement district have not been completely retired, such land shall immediately become liable for: (a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.34.320; plus (b) interest on the amount determined in (1)(a) of this section, compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity which created the local improvement district as provided in RCW 84.34.320 to the time the owner withdraws such land from the exemption category provided by this chapter; or

(2) If the bonds used to fund the improvement in the local improvement district have been completely retired, such land shall immediately become liable for: (a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.34.320; plus (b) interest on the amount determined in (2)(a) of this section compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity which created the local improvement district as provided in RCW 84.34.320, to the time the bonds used to fund the improvement have been retired; plus (c) interest on the total amount determined in (2) (a) and (b) of this section at a simple per annum rate equal to the average rate of inflation from the time the bonds used to fund the improvement have been retired to the time the owner withdraws such lands from the exemption category provided by this chapter.

(3) The amount payable pursuant to this section shall become due on the date such land is withdrawn or removed from its current use or timber land classification and shall be a lien on the land prior and superior to any other lien whatsoever except for the lien for general taxes, and shall be enforceable in the same manner as the collection of special benefit assessments are enforced by that local government. [1992 c 52 § 17; 1979 c 84 § 4.]

84.34.340 Special benefit assessments for farm and agricultural land or timber land—Withdrawal or removal from classification—Notice to local government—Statement to owner of amounts payable—Delinquency date—Enforcement procedures. Whenever farm and agricultural land or timber land is withdrawn or removed from its current use classification as farm and agricultural land or timber land, the county assessor of the county in which such land is located shall forthwith give written notice of such withdrawal or removal to the local government or its successor which had filed with the assessor the notice required by RCW 84.34.320. Upon receipt of the notice from the assessor, the local government shall mail a written statement to the owner of such land for the amounts payable as provided in RCW 84.34.330. Such amounts due shall be delinquent if not paid within one hundred and eighty days after the date of mailing of the statement, and shall be subject to the same interest, penalties, lien priority, and enforcement procedures that are applicable to delinquent assessments on the assessment roll from which that land had been exempted, except that the rate of interest charged shall not exceed the rate provided in RCW 84.34.330. [1992 c 52 § 18; 1979 c 84 § 5.]

84.34.350 Special benefit assessments for farm and agricultural land—Use of payments collected. Payments collected pursuant to RCW 84.34.330 and 84.34.340, or by enforcement procedures referred to therein, after the payment of the expenses of their collection, shall first be applied to the payment of general or special debt incurred to finance the improvements related to the special benefit assessments, and, if such debt is retired, then into the maintenance fund or general fund of the governmental entity which created the local improvement district, or its successor, for any of the following purposes: (1) Redemption or servicing of outstanding obligations of the district; (2) maintenance expenses of the district; or (3) construction or acquisition of any facilities necessary to carry out the purpose of the district. [1979 c 84 § 6.]

84.34.360 Special benefit assessments for farm and agricultural land or timber land—Rules to implement RCW 84.34.300 through 84.34.380. The department of revenue shall adopt rules it shall deem necessary to implement RCW 84.34.300 through 84.34.380 which shall include, but not be limited to, procedures to determine the extent to which a portion of the land otherwise exempt may be subject to a special benefit assessment for the actual connection to the domestic water system or sewerage facilities, and further to determine the extent to which all or a portion of such land may be subject to a special benefit assessment for access to the road improvement in relation to its value as farm and agricultural land or timber land as distinguished from its value under more intensive uses. The provision for limited special benefit assessments shall not relieve such land from liability for the amounts provided in RCW 84.34.330 and 84.34.340 when such land is withdrawn or removed from its current use classification as farm and agricultural land or timber land. [1992 c 69 § 18; 1992 c 52 § 19; 1979 c 84 § 7.]

Reviser's note: This section was amended by 1992 c 52 § 19 and by 1992 c 69 § 18, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

84.34.370 Special benefit assessments for farm and agricultural land or timber land—Assessments due on land withdrawn or changed. Whenever a portion of a parcel of land which was classified as farm and agricultural or timber land pursuant to this chapter is withdrawn from classification or there is a change in use, and such land has been exempted from any benefit assessments pursuant to RCW 84.34.320, the previously exempt benefit assessments shall become due on only that portion of the land which is withdrawn or changed. [1992 c 52 § 20; 1979 c 84 § 8.]

84.34.380 Special benefit assessments for farm and agricultural land or timber land—Application of exemption to rights and interests preventing nonagricultural or nonforest uses. Farm and agricultural land or timber land on which the right to future development has been acquired by any local government, the state of Washington, or the United States government shall be exempt from special benefit assessments in lieu of assessment for such purposes in the same manner, and under the same liabilities for payment and interest, as land classified under this chapter as farm and agricultural land or timber land, for as long as such classification applies.

Any interest, development right, easement, covenant, or other contractual right which effectively protects, preserves, maintains, improves, restores, prevents the future nonagricultural or nonforest use of, or otherwise conserves farm and agricultural land or timber land shall be exempt from special benefit assessments as long as such development right or other such interest effectively serves to prevent nonagricultural or nonforest development of such land. [1992 c 52 § 21; 1979 c 84 § 9.]

84.36.041 Nonprofit homes for the aging. (1) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department

of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (b), consistent with the purposes of this section.

(2) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and the construction, rehabilitation, acquisition, or refinancing of the home is financed under a program using bonds exempt from federal income tax if at least seventy-five percent of the total amount financed uses the tax exempt bonds and the financing program requires the home to reserve a percentage of all dwelling units so financed for low-income residents. The initial term of the exemption under this subsection shall equal the term of the tax exempt bond used in connection with the financing program, or the term of the requirement to reserve dwelling units for low-income residents, whichever is shorter. If the financing program involves less than the entire home, only those dwelling units included in the financing program are eligible for total exemption. The department of revenue shall provide by rule the requirements for monitoring compliance with the provisions of this subsection and the requirements for exemption including:

(a) The number or percentage of dwelling units required to be occupied by low-income residents, and a definition of low income;

(b) The type and character of the dwelling units, whether independent units or otherwise; and

(c) Any particular requirements for continuing care retirement communities.

(3) A home for the aging is eligible for a partial exemption on the real property and a total exemption for the home's personal property if the home does not meet the requirements of subsection (1) of this section because fewer than fifty percent of the occupied dwelling units are occupied by eligible residents, as follows:

(a) A partial exemption shall be allowed for each dwelling unit in a home occupied by a resident requiring assistance with activities of daily living.

(b) A partial exemption shall be allowed for each dwelling unit in a home occupied by an eligible resident.

(c) A partial exemption shall be allowed for an area jointly used by a home for the aging and by a nonprofit organization, association, or corporation currently exempt from property taxation under one of the other provisions of this chapter. The shared area must be reasonably necessary for the purposes of the nonprofit organization, association, or corporation exempt from property taxation under one of the other provisions of this chapter, such as kitchen, dining, and laundry areas.

(d) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home, less the assessed value of any area exempt under (c) of this subsection, by a fraction. The numerator of the fraction is the number of dwelling units occupied by eligible residents and by residents requiring assistance with activities of daily living. The denominator of the fraction is the total number of occupied dwelling units as of January 1st of the year for which exemption is claimed.

(4) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(5) A home for the aging is exempt from taxation only if the organization operating the home is exempt from income tax under section 501(c) of the federal internal revenue code as existing on January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purposes of this section.

(6) In order for the home to be eligible for exemption under subsections (1)(a) and (2)(b) of this section, each eligible resident of a home for the aging shall submit an income verification form to the county assessor by July 1st of the assessment year in which the application for exemption is made. The income verification form shall be prescribed and furnished by the department of revenue. An eligible resident who has filed a form for a previous year need not file a new form until there is a change in status affecting the person's eligibility.

(7) In determining the true and fair value of a home for the aging for purposes of the partial exemption provided by subsection (3) of this section, the assessor shall apply the computation method provided by RCW 84.34.060 and shall consider only the use to which such property is applied during the years for which such partial exemptions are available and shall not consider potential uses of such property.

(8) A home for the aging that was exempt or partially exempt for taxes levied in 1993 for collection in 1994 is partially exempt for taxes levied in 1994 for collection in 1995, has an increase in taxable value for taxes levied in 1994 for collection in 1995 due to the change prescribed by chapter 151, Laws of 1993 with respect to the numerator of the fraction used to determine the amount of a partial exemption, and is not fully exempt under this section is entitled to partial exemptions as follows:

(a) For taxes levied in 1994 for collection in 1995, the home shall pay taxes based upon the taxable value in 1993 plus one-third of the increase in the taxable value from 1993 to the nonexempt value calculated under subsection (3)(d) of this section for 1994.

(b) For taxes levied in 1995 for collection in 1996, the home shall pay taxes based upon the taxable value for 1994 as calculated in (a) of this subsection plus one-half of the increase in the taxable value from 1994 to the nonexempt value calculated under subsection (3)(d) of this section for 1995. For taxes levied in 1996 for collection in 1997 and for taxes levied thereafter, this subsection (8) does not apply, and the home shall pay taxes without reference to this subsection (8).

(c) For purposes of this subsection (8), "taxable value" means the value of the home upon which the tax rate is applied in order to determine the amount of taxes due.

(9) As used in this section:

(a) "Eligible resident" means a person who:

(i) Occupied the dwelling unit as a principal place of residence as of January 1st of the year for which the exemption is claimed. Confinement of the person to a hospital or nursing home does not disqualify the claim of exemption if the dwelling unit is temporarily unoccupied or if the dwelling unit is occupied by a spouse, a person

financially dependent on the claimant for support, or both; and

(ii) Is sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or is, at the time of filing, retired from regular gainful employment by reason of physical disability. Any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this subsection; and

(iii) Has a combined disposable income of no more than the greater of twenty-two thousand dollars or eighty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the person resides. For the purposes of determining eligibility under this section, a "cotenant" means a person who resides with an eligible resident and who shares personal financial resources with the eligible resident.

(b) "Combined disposable income" means the disposable income of the person submitting the income verification form, plus the disposable income of his or her spouse, and the disposable income of each cotenant occupying the dwelling unit for the preceding calendar year, less amounts paid by the person submitting the income verification form or his or her spouse or cotenant during the previous year for the treatment or care of either person received in the dwelling unit or in a nursing home. If the person submitting the income verification form was retired for two months or more of the preceding year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person submitting the income verification form is reduced for two or more months of the preceding year by reason of the death of the person's spouse, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after the death of the spouse by twelve.

(c) "Disposable income" means adjusted gross income as defined in the federal internal revenue code, as amended prior to January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purpose of this section, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:

(i) Capital gains, other than nonrecognized gain on the sale of a principal residence under section 1034 of the federal internal revenue code, or gain excluded from income under section 121 of the federal internal revenue code to the extent it is reinvested in a new principal residence;

(ii) Amounts deducted for loss;

(iii) Amounts deducted for depreciation;

(iv) Pension and annuity receipts;

(v) Military pay and benefits other than attendant-care and medical-aid payments;

(vi) Veterans benefits other than attendant-care and medical-aid payments;

(vii) Federal social security act and railroad retirement benefits;

(viii) Dividend receipts; and

(ix) Interest received on state and municipal bonds.

(d) "Resident requiring assistance with activities of daily living" means a person who requires significant assistance with the activities of daily living and who would be at risk of nursing home placement without this assistance.

(e) "Home for the aging" means a residential housing facility that (i) provides a housing arrangement chosen voluntarily by the resident, the resident's guardian or conservator, or another responsible person; (ii) has only residents who are at least sixty-one years of age or who have needs for care generally compatible with persons who are at least sixty-one years of age; and (iii) provides varying levels of care and supervision, as agreed to at the time of admission or as determined necessary at subsequent times of reappraisal.

(10) A for-profit home for the aging that converts to nonprofit status after June 11, 1992, and would otherwise be eligible for tax exemption under this section may not receive the tax exemption until five years have elapsed since the conversion. The exemption shall then be ratably granted over the next five years. [1993 c 151 § 1; 1992 c 213 § 1; 1991 sp.s. c 24 § 1; 1991 c 203 § 2; 1989 c 379 § 2.]

Applicability—1993 c 151: "This act shall be effective for taxes levied in 1994 for collection in 1995 and for taxes levied thereafter." [1993 c 151 § 2.]

merchandise by the taxpayer during the preceding year from that stock. 84.36.301 Legislative finding and declaration. The legislature hereby finds and declares that to promote the policy of a free and uninhibited flow of commerce as established by federal constitutional and legislative dictate, it is desirable to exempt from property taxation, according to the provisions of RCW 84.36.300, certain parts and equipment coming into the state of Washington to be placed in vehicles which are then transferred to the possession of out-of-state owners. The legislature further recognizes that the temporary existence of these parts and equipment within the state justifies a tax exempt status which serves to encourage the manufacture and assemblage of vehicles within the state thereby promoting increased economic activity and jobs for our residents. [1973 c 149 § 1.]

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

Intent—1983 1st ex.s. c 11: "The legislature finds that inflation has significant detrimental effects on the senior citizen property tax relief program. Inflation increases incomes without increasing real buying power. Inflation also raises the values of homes, and thus the taxes on those homes. This act addresses the problem of inflation in two ways. First, the assessed value exemption is tied to home value so it will increase as values rise. Secondly, though the income of most senior citizens does not keep pace with inflation, it is the legislature's intent that inflationary increases in incomes will not result in program disqualification. Therefore, the income levels are adjusted to reflect the forecasted increase in inflation. The legislature also recommends that similar adjustments be examined by future legislatures." 84.36.381 Residences—Property tax exemptions—

Qualifications. (Contingent effective date.) A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: **PROVIDED**, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: **PROVIDED FURTHER**, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home or hospital costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: **PROVIDED**, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of twenty-eight thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of fifteen thousand dollars or less shall be exempt from all regular property taxes on the greater of thirty-four thousand dollars or fifty percent of the valuation of his or her residence;

(6) For a person who otherwise qualifies under this section and has a combined disposable income of twenty-eight thousand dollars or less, the taxable value of the residence shall not exceed the lesser of (a) the assessed value of the residence as reduced by the exemption under subsection (5) of this section, if any, or (b) the taxable value of the residence for the previous year, increased by the inflation factor for the assessment year. For counties that do not revalue property annually, the amount under (b) of this subsection shall be the previous taxable value increased by the inflation factor for each assessment year since the previous revaluation of the residence. As used in this section, "inflation factor" means the percentage change used by the federal government in adjusting social security payments for inflation at the beginning of each year. The department shall provide inflation factors to the county assessors annually. [1994 1st sp.s. c 8 § 1; 1993 c 178 § 1; 1992 c 187 § 1. 84.36.473 "Business inventories" and "successor" defined. Unless the context clearly requires otherwise, the definitions in this section apply throughout *RCW 84.36.475 and 84.36.477:

(1) "Business inventories" means all livestock and means personal property not under lease or rental, acquired or produced solely for the purpose of sale or lease, or for the purpose of consuming such property in producing for sale or lease a new article of tangible personal property of which such property becomes an ingredient or component. Business inventories shall not mean personal property acquired or produced for the purpose of lease or rental if such property was leased or rented at any time during the calendar year immediately preceding the year of assessment and was not thereafter remanufactured, nor shall it include property

held within the normal course of business for lease or rental for periods of less than thirty days. It shall not include agricultural or horticultural property fully or partially exempt under RCW 84.36.470 or timber which is standing on public land and which is sold under a contract entered into after August 1, 1982. It shall include inventories of finished goods and work in process. For purposes of this section, "remanufacturing" shall mean restoration of property to essentially original condition, but shall not mean normal maintenance or repairs.

***Reviser's note:** RCW 84.36.475 was repealed by 1989 c 378 § 40.

Short title—Intent—1983 1st ex.s. c 62: "(1) This act shall be known as the homeowner's property tax relief act of 1983.

(2) The intent of the inventory tax phaseout was to stimulate the economy of the state and to increase the revenues of the state and local taxing districts by attracting new business, encouraging the expansion of existing businesses thereby increasing economic activity and tax revenue on noninventory property. The inventory tax phaseout will cause certain unforeseen and heretofore unprepared for tax shifts among property owners.

(3) This act is intended to lessen the impact of the property tax shift. Relief is provided by the following means:

(a) The state will provide fourteen million dollars over a four-year period to lessen the impact on the most severely affected districts.

(b) Persons purchasing timber on public lands after August 1, 1982, are required to continue to pay property tax on those timber inventories. They will receive a credit against the timber excise tax for these property tax payments.

(c) Local governments are granted the ability to lessen their short-term reliance on the property tax without reducing their future ability to levy property taxes." [1983 1st ex.s. c 62 § 1.]

Effective dates—Applicability—1983 1st ex.s. c 62: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately [June 13, 1983], except sections 6 through 8 and 14 of this act which shall take effect January 1, 1984, and shall be effective for taxes first due in 1984 and thereafter." 84.38.010 Legislative finding and purpose. Savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment

of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. This deferral program is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs. [1975 1st ex.s. c 291 § 26.]

84.38.020 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Claimant" means a person who either elects or is required under RCW *84.64.030 or 84.64.050 to defer payment of the special assessments and/or real property taxes accrued on the claimant's residence by filing a declaration to defer as provided by this chapter.

When two or more individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.

(2) "Department" means the state department of revenue.

(3) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(4) "Special assessment" means the charge or obligation imposed by a city, town, county, or other municipal corporation upon property specially benefited by a local improvement, including assessments under chapters 35.44, 36.88, 36.94, 53.08, 54.16, 56.20, 57.16, 86.09, and 87.03 RCW and any other relevant chapter.

(5) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year. [1991 c 213 § 1; 1984 c 220 § 20; 1979 ex.s. c 214 § 5; 1975 1st ex.s. c 291 § 27.]

*Reviser's note: RCW 84.64.030 was repealed by 1991 c 245 § 42.

Applicability—1991 c 213: "Sections 1 and 2 of this act shall be effective for taxes levied for collection in 1991 and thereafter. Sections 3 and 4 of this act shall be effective for taxes levied for collection in 1992 and thereafter." [1991 c 213 § 6.]

84.38.030 Conditions and qualifications for claiming deferral. A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the income limits.

(2) The claimant must have a combined disposable income, as defined in RCW 84.36.383, of thirty thousand dollars or less.

(3) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for

life, or a revocable trust does not satisfy the ownership requirement.

(4) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance in force to the extent of the state's interest in the claimant's equity value, the amount deferred shall not exceed one hundred percent of the claimant's equity value in the land or lot only.

(5) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available. [1991 c 213 § 2; 1988 c 222 § 11; 1984 c 220 § 21; 1979 ex.s. c 214 § 6; 1975 1st ex.s. c 291 § 28.]

Applicability—1991 c 213: See note following RCW 84.38.020.

84.38.040 Declaration to defer special assessments and/or real property taxes—Filing—Contents—Appeal.

(1) Each claimant electing to defer payment of special assessments and/or real property tax obligations under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed no later than thirty days before the tax or assessment is due or thirty days after receiving notice under RCW 84.64.050, whichever is later: PROVIDED, That for good cause shown, the department may waive this requirement.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization whose decision shall be final as to the deferral of that year. [1994 c 301 § 34; 1984 c 220 § 22; 1979 ex.s. c 214 § 7; 1975 1st ex.s. c 291 § 29.]

84.38.050 Renewal of deferral—Forms—Notice to renew—Limitation upon special assessment deferral amount. (1)(a) Declarations to defer property taxes for all years following the first year may be made by filing with the county assessor no later than thirty days before the tax is due a renewal form in duplicate, prescribed by the department of revenue and supplied by the county assessor, which affirms the continued eligibility of the claimant.

(b) In January of each year, the county assessor shall send to each claimant who has been granted deferral of ad valorem taxes for the previous year renewal forms and notice to renew.

(2) Declarations to defer special assessments shall be made by filing with the assessor no later than thirty days

before the special assessment is due on a form to be prescribed by the department of revenue and supplied by the county assessor. Upon approval, the full amount of special assessments upon such claimant's residence shall be deferred but not to exceed an amount equal to eighty percent of the claimant's equity value in said property. [1979 ex.s. c 214 § 8; 1975 1st ex.s. c 291 § 30.]

84.38.060 Declaration of deferral by agent, guardian, etc. If the claimant is unable to make his own declaration of deferral, it may be made by a duly authorized agent or by a guardian or other person charged with care of the person or property of such claimant. [1975 1st ex.s. c 291 § 31.]

84.38.070 Ceasing to reside permanently on property subject to deferral declaration. If the claimant declaring his intention to defer special assessments or real property tax obligations under this chapter ceases to reside permanently on the property for which the declaration to defer is made between the date of filing the declaration and December 15th of that year, the deferral otherwise allowable under this chapter shall not be allowed on such tax roll. However, this section shall not apply where the claimant dies, leaving a spouse surviving, who is also eligible for deferral of special assessment and/or property taxes. [1975 1st ex.s. c 291 § 32.]

84.38.080 Right to deferral not reduced by contract or agreement. A person's right to defer special assessments and/or property tax obligations on his residence shall not be reduced by contract or agreement, from January 1, 1976 onward. [1975 1st ex.s. c 291 § 33.]

84.38.090 Procedure where residence under mortgage or purchase contract. If any residence is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, said holder shall cosign the declaration of deferral either before a notary public or the county assessor or his deputy in the county where the real property is located. [1975 1st ex.s. c 291 § 34.]

84.38.100 Lien of state, mortgage or purchase contract holder—Priority—Amount—Interest. Whenever a person's special assessment and/or real property tax obligation is deferred under the provisions of this chapter, the amount deferred and required to be paid pursuant to RCW 84.38.120 shall become a lien in favor of the state upon his or her property and shall have priority as provided in chapters 35.50 and 84.60 RCW: PROVIDED, That the interest of a mortgage or purchase contract holder who is required to cosign a declaration of deferral under RCW 84.38.090, shall have priority to said deferred lien. This lien may accumulate up to eighty percent of the amount of the claimant's equity value in said property and shall bear interest at the rate of eight percent per year from the time it could have been paid before delinquency until said obligation is paid: PROVIDED, That when taxes are deferred as provided in RCW *84.64.030 or 84.64.050, the amount shall bear interest at the rate of eight percent per year from the

date the declaration is filed until the obligation is paid. In the case of a mobile home, the department of licensing shall show the state's lien on the certificate of ownership for the mobile home. In the case of all other property, the department of revenue shall file a notice of the deferral with the county recorder or auditor. [1988 c 222 § 12; 1984 c 220 § 23; 1981 c 322 § 1; 1975 1st ex.s. c 291 § 35.]

*Reviser's note: RCW 84.64.030 was repealed by 1991 c 245 § 42.
Effective date—1984 c 220: See note following RCW 84.38.120.

84.38.110 Duties of county assessor. The county assessor shall:

(1) Immediately transmit one copy of each declaration to defer to the department of revenue. The department may audit any declaration and shall notify the assessor as soon as possible of any claim where any factor appears to disqualify the claimant for the deferral sought.

(2) Transmit one copy of each declaration to defer a special assessment to the local improvement district which imposed such assessment.

(3) Compute the dollar tax rate for the county as if any deferrals provided by this chapter did not exist.

(4) As soon as possible notify the department of revenue and the county treasurer of the amount of real property taxes deferred for that year and notify the department of revenue and the respective treasurers of municipal corporations of the amount of special assessments deferred for each local improvement district within such unit. [1984 c 220 § 24; 1975 1st ex.s. c 291 § 36.]

84.38.120 Payments to local improvement or taxing districts. After receipt of the notification from the county assessor of the amount of deferred special assessments and/or real property taxes the department shall pay, from amounts appropriated for that purpose, to the treasurers of such municipal corporations said amounts, equivalent to the amount of special assessments and/or real property taxes deferred, to be distributed to the local improvement or taxing districts which levied the taxes so deferred: PROVIDED, That when taxes are deferred as provided in RCW *84.64.030 or 84.64.050, the department shall pay to the treasurer of the county the amount equivalent to all taxes, foreclosure costs, interest, and penalties accrued to the date the declaration to defer is filed. [1988 c 222 § 13; 1984 c 220 § 25; 1975 1st ex.s. c 291 § 37.]

*Reviser's note: RCW 84.64.030 was repealed by 1991 c 245 § 42.

Effective date—1984 c 220 § 23: **Section 23 of this act shall take effect July 1, 1985." [1984 c 220 § 29.]

*Reviser's note: Due to a Senate amendment to House Bill No. 1201 (1984 c 220), "section 23" became "section 25." During enrolling, "section 23" was renumbered as "section 25" under the mandate in the amendment to "renumber the sections consecutively and correct any internal references accordingly," but the internal reference to "section 23" was not changed. "Section 23 of this act" consists of the 1984 c 220 amendment to RCW 84.38.100. "Section 25 of this act" consists of the 1984 c 220 amendment to RCW 84.38.120.

(1) Upon the sale of property which has a deferred special assessment and/or real property tax lien upon it.

(2) Upon the death of the claimant with an outstanding deferred special assessment and/or real property tax lien except a surviving spouse who is qualified under this chapter may elect to incur the special assessment and/or real property tax lien which shall then be payable by that spouse as provided in this section.

(3) Upon the condemnation of property with a deferred special assessment and/or real property tax lien upon it by a public or private body exercising eminent domain power, except as otherwise provided in RCW 84.60.070.

(4) At such time as the claimant ceases to reside permanently in the residence upon which the deferral has been granted.

(5) Upon the failure of any condition set forth in RCW 84.38.030. [1984 c 220 § 26; 1975 1st ex.s. c 291 § 38.]

84.38.140 Collection of deferred assessments or taxes. (1) The county treasurer shall collect all the amounts deferred together with interest under this chapter, in the manner provided for in chapter 84.56 RCW. For purposes of collection of deferred taxes, the provisions of chapters 84.56, 84.60, and 84.64 RCW shall be applicable.

(2) When any deferred special assessment and/or real property taxes together with interest are collected the moneys shall be credited to a special account in the county treasury. The county treasurer shall remit the amount of deferred special assessment and/or real property taxes together with interest to the department within thirty days from the date of collection.

(3) The department shall deposit the deferred taxes in the state general fund. [1984 c 220 § 27; 1975 1st ex.s. c 291 § 39.]

84.38.150 Election to continue deferral by surviving spouse. (1) A surviving spouse of the claimant may elect to continue the property in its deferred tax status if the property is the residence of the spouse of the claimant and the spouse meets the requirements of this chapter.

(2) The election under this section to continue the property in its deferred status by the spouse of the claimant shall be filed in the same manner as an original claim for deferral is filed under this chapter, not later than ninety days from the date of the claimant's death. Thereupon, the property with respect to which the deferral of special assessments and/or real property taxes is claimed shall continue to be treated as deferred property. When the property has been continued in its deferred status by the filing of the spouse of the claimant of an election under this section, the spouse of the claimant may continue the property in its deferred status in subsequent years by filing a claim under this chapter so long as the spouse meets the qualifications set out in this section. [1975 1st ex.s. c 291 § 40.]

84.38.160 Payment of part or all of deferred taxes authorized. Any person may at any time pay a part or all of the deferred taxes but such payment shall not affect the deferred tax status of the property. [1975 1st ex.s. c 291 § 41.]

84.38.170 Collection of personal property taxes not affected. Nothing in this chapter is intended to or shall be construed to prevent the collection, by foreclosure, of personal property taxes which become a lien against tax-deferred property. [1975 1st ex.s. c 291 § 42.]

84.38.180 Forms—Rules and regulations. The department of revenue of the state of Washington shall devise the forms and make rules and regulations consistent with chapter 34.05 RCW and the provisions of this chapter as shall be necessary or desirable to permit its effective administration. 84.40.025 Access to property required. For the purpose of assessment and valuation of all taxable property in each county, any real or personal property in each county shall be subject to visitation, investigation, examination, discovery, and listing at any reasonable time by the county assessor of the county or by any employee thereof designated for this purpose by the assessor.

In any case of refusal to such access, the assessor shall request assistance from the department of revenue which may invoke the power granted by chapter 84.08 RCW. [1982 1st ex.s. c 46 § 10.]

84.40.030 Basis of valuation—One hundred percent of true and fair value—Leasehold estates—Real property—Appraisal—Comparable sales. All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as

it exists. In valuing agricultural land, growing crops shall be excluded. [1994 c 124 § 20; 1993 c 436 § 1; 1988 c 222 § 14; 1980 c 155 § 2. 84.40.031 Valuation of timber and timberlands—Criteria established. Based upon the study as directed by house concurrent resolution No. 10 of the thirty-seventh session of the legislature relating to the taxation of timber and timberlands, the legislature hereby establishes the criteria set forth in RCW 84.40.031 through 84.40.033 as standards for the valuation of timber and timberlands for tax purposes. [1983 c 3 § 228; 1963 c 249 § 1.]

Severability—1963 c 249: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of this act, or the application of the provisions to other persons or circumstances is not affected." [1963 c 249 § 6.]

84.40.032 Valuation of timber and timberlands—"Timberlands" defined and declared lands devoted to reforestation. As used in RCW 84.40.031 through 84.40.033 "timberlands" means land primarily suitable and used for growing a continuous supply of forest products, whether such lands be cutover, selectively harvested, or contain merchantable or immature timber, and includes the timber thereon. Timberlands are lands devoted to reforestation within the meaning of Article VII, section 1 of the state Constitution as amended. [1983 c 3 § 229; 1963 c 249 § 2.]

Severability—1963 c 249: See note following RCW 84.40.031.

84.40.033 Valuation of timber and timberlands—Legislative findings. It is hereby found and declared that:

(1) Timber constitutes the primary renewable resource of this state.

(2) It is the public policy of this state that timberlands be managed in such a way as to assure a continuous supply of forest products.

(3) It is in the public interest that forest valuation and taxation policy encourage and permit timberland owners to manage their lands to sustain maximum production of raw materials for the forest industry, to maintain other public benefits, and to maintain a stable and equitable tax base.

(4) Forest management entails continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease and the elements over long periods of time prior to harvest and realization of income.

(5) Existing timberland valuation and taxation procedures under the general property tax system are consistent with the public interest and the public policy herein set forth only when due consideration and recognition is given to all relevant factors in determining the true and fair value in money of each tract or lot of timberland.

(6) To assure equality and uniformity of taxation of timberland, uniform principles should be applied for determining the true and fair value in money of such timberlands, taking into account all pertinent factors such as regional differences in species and growing conditions.

(7) The true and fair value in money of timberlands must be determined through application of sound valuation principles based upon the highest and best use of such properties. The highest and best use of timberlands, whether cutover, selectively harvested, or containing merchantable or immature timber, is to manage, protect and harvest them in a manner which will realize the greatest economic value and assure the maximum continuous supply of forest products. This requires that merchantable timber originally on timberlands be harvested gradually to maintain a continuous supply until immature timber reaches the optimum age or size for harvesting, that immature timber on timberlands be managed and protected for extensive periods until it reaches such optimum age or size and that such timberlands be continually restocked as harvested.

(8) Reforestation entails an integrated forest management program which includes gradual harvesting of existing

merchantable timber, management and protection of immature timber during its growth cycle until it reaches the optimum size or age for harvesting and a continual preparation and restocking of areas after harvest. Such management of timberlands is now generally followed and practiced in this state and it is in the public interest that such management be continued and encouraged.

(9) The prices at which merchantable timber is sold generally reflect values based upon immediate harvesting, and the prices at which both merchantable and immature timber are sold frequently reflect circumstances peculiar to the particular purchaser. Such prices generally make little or no allowance for the continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease, and the elements which must be borne by the owner of timberlands over long periods of time prior to the time timber is harvested and income is realized. Such prices do not, therefore, provide a reliable measure of the true and fair value in money. Accordingly, both the public policy and the public interest of this state and sound principles of timber valuation require that in the determination of the true and fair value in money of such properties appropriate and full allowance be made for such continuous and accumulative burdens over the period of time between assessment and harvest. [1963 c 249 § 3.]

84.40.036 Valuation of vessels—Apportionment. (1)

As used in this section, "apportionable vessel" means a ship or vessel, other than one operated by a steamboat company as defined in RCW 84.12.200, which is:

- (a) Engaged in interstate commerce;
- (b) Engaged in foreign commerce; and/or
- (c) Engaged exclusively in fishing, tendering, harvesting, and/or processing seafood products on the high seas or waters under the jurisdiction of other states.

(2) The value of each apportionable vessel shall be apportioned to this state based on the number of days or fractions of days that the vessel is within this state during the preceding calendar year: PROVIDED, That if the total number of days the vessel is within the limits of the state does not exceed one hundred twenty for the preceding calendar year, no value shall be apportioned to this state.

(3) Days during which an apportionable vessel is in the state exclusively for one or more of the following purposes shall not be considered as days within this state, if the length of time is reasonable for the purpose:

- (a) Undergoing repair or alteration;
- (b) Taking on or discharging cargo, passengers, or supplies; and
- (c) Serving as a tug for a vessel under (a) or (b) of this subsection.

(4) Days during which an apportionable vessel leaves this state only while navigating the high seas in order to travel between points in this state shall be considered as days within this state. [1986 c 229 § 2.]

84.40.037 Valuation of computer software—Embedded software. (1) Computer software, except embedded software, shall be valued in the first year of taxation at one hundred percent of the acquisition cost of the software and in the second year at fifty percent of the acquisition cost. Computer software, other than embedded software, shall have no value for purposes of property taxation after the second year.

(2) Embedded software is a part of the computer system or other machinery or equipment in which it is housed and shall be valued in the same manner as the machinery or equipment. [1991 sp.s. c 29 § 4.]

84.40.038 Petition county board of equalization for change in assessed valuation—Waiver of filing deadline—Direct appeal to state board of tax appeals. (1)

The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed shall not be considered by the board. The petition must be filed with the board on or before July 1st of the year of the assessment or within thirty days after the date an assessment or value change notice has been mailed, whichever is later.

(2) The board of equalization may waive the filing deadline if the petition is filed within a reasonable time after the filing deadline and the petitioner shows good cause for the late filing. The decision of the board of equalization regarding a waiver of the filing deadline is final and not appealable under RCW 84.08.130. Good cause may be shown by one or more of the following events or circumstances:

- (a) Death or serious illness of the taxpayer or his or her immediate family;
- (b) The taxpayer was absent from the address where the taxpayer normally receives the assessment or value change notice, was absent for more than fifteen of the thirty days prior to the filing deadline, and the filing deadline is after July 1;
- (c) Incorrect written advice regarding filing requirements received from board of equalization staff, county assessor's staff, or staff of the property tax advisor designated under RCW 84.48.140;
- (d) Natural disaster such as flood or earthquake;
- (e) Delay or loss related to the delivery of the petition by the postal service, and documented by the postal service; or
- (f) Other circumstances as the department may provide by rule.

(3) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that

a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board. [1994 c 123 § 4; 1992 c 206 § 11; 1988 c 222 § 19.]

The assessor shall make an alphabetical list of the names of all persons in the county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property: PROVIDED, That the assessor may list and value improvements on publicly owned land in the same manner as real property is listed and valued, including conformance with the revaluation program required under chapter 84.41 RCW. Such list and statement shall be filed on or before the last day of April. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same on the assessment roll opposite the name of the party assessed; and in making such entry in the assessment list, the assessor shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of the party's residence or place of business. 84.41.010 Declaration of policy. Recent comprehensive studies by the legislative council have disclosed gross inequality and nonuniformity in valuation of real property for tax purposes throughout the state. Serious nonuniformity in valuations exists both between similar property within the various taxing districts and between general levels of valuation of the various counties. Such nonuniformity results in inequality in taxation contrary to standards of fairness and uniformity required and established by the Constitution and is of such flagrant and widespread occurrence as to constitute a grave emergency adversely affecting state and local government and the welfare of all the people.

Traditional public policy of the state has vested large measure of control in matters of property valuation in county government, and the state hereby declares its purpose to continue such policy. However, present statutes and practices thereunder have failed to achieve the measure of uniformity required by the Constitution; the resultant widespread inequality and nonuniformity in valuation of

property can and should no longer be tolerated. It thus becomes necessary to require general revaluation of property throughout the state. [1961 c 15 § 84.41.010. Prior: 1955 c 251 § 1.]

84.41.020 Scope of chapter. This chapter does not, and is not intended to affect procedures whereby taxes are imposed either for local or state purposes. This chapter concerns solely the administrative procedures by which the true and fair value in money of property is determined. The process of valuation, which is distinct and separate from the process of levying and imposing a tax, does not result either in the imposition of a tax or the determination of the amount of a tax. This chapter is intended to, and applies only to procedures and methods whereby the value of property is ascertained. [1961 c 15 § 84.41.020. Prior: 1955 c 251 § 2.]

84.41.030 Revaluation program to be on continuous basis—Revaluation schedule. Each county assessor shall maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years and physical inspection of all taxable real property within the county at least once each six years. [1982 1st ex.s. c 46 § 1; 1971 ex.s. c 288 § 6; 1961 c 15 § 84.41.030. Prior: 1955 c 251 § 3.]

Savings—Severability—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.41.041 Physical inspection and valuation of taxable property required—Adjustments during intervals based on statistical data. Each county assessor shall cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. The department may approve a plan that provides that all property in the county be revalued every two years. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the valuation of such property shall be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property. [1987 c 319 § 4;

1982 1st ex.s. c 46 § 2; 1979 ex.s. c 214 § 9; 1974 ex.s. c 131 § 2.]

84.41.050 Budget, levy, to provide funds. Each county assessor in budgets hereafter submitted, shall make adequate provision to effect county-wide revaluations as herein directed. The several boards of county commissioners in passing upon budgets submitted by the several assessors, shall authorize and levy amounts which in the judgment of the board will suffice to carry out the directions of this chapter. [1961 c 15 § 84.41.050. Prior: 1955 c 251 § 5.]

84.41.060 Assistance by department of revenue at request of assessor. Any county assessor may request special assistance from the department of revenue in the valuation of property which either (1) requires specialized knowledge not otherwise available to the assessor's staff, or (2) because of an inadequate staff, cannot be completed by the assessor within the time required by this chapter. After consideration of such request the department of revenue shall advise the assessor that such request is either approved or rejected in whole or in part. Upon approval of such request, the department of revenue may assist the assessor in the valuation of such property in such manner as the department of revenue, in its discretion, considers proper and adequate. [1975 1st ex.s. c 278 § 197; 1961 c 15 § 84.41.060. Prior: 1955 c 251 § 6.]

84.41.070 Finding of unsatisfactory progress—Notice—Duty of county legislative authority. If the department of revenue finds upon its own investigation, or upon a showing by others, that the revaluation program for any county is not proceeding for any reason as herein directed, the department of revenue shall advise both the county legislative authority and the county assessor of such finding. Within thirty days after receiving such advice, the county legislative authority, at regular or special session, either (1) shall authorize such expenditures as will enable the assessor to complete the revaluation program as herein directed, or (2) shall direct the assessor to request special assistance from the department of revenue for aid in effectuating the county's revaluation program. [1994 c 301 § 40; 1975 1st ex.s. c 278 § 198; 1961 c 15 § 84.41.070. Prior: 1955 c 251 § 7.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.41.080 Contracts for special assistance. Upon receiving a request from the county assessor, either upon his initiation or at the direction of the board of county commissioners, for special assistance in the county's revaluation program, the department of revenue may, before undertaking to render such special assistance, negotiate a contract with the board of county commissioners of the county concerned. Such contracts as are negotiated shall provide that the county will reimburse the state for fifty percent of the costs of such special assistance within three years of the date of expenditure of such costs. All such reimbursements shall be paid to the department of revenue for deposit to the state general

fund. The department of revenue shall keep complete records of such contracts, including costs incurred, payments received, and services performed thereunder. [1975 1st ex.s. c 278 § 199; 1961 c 15 § 84.41.080. Prior: 1955 c 251 § 8.]

84.41.090 Department to establish statistical methods—Publication of rules, regulations, and guides—Compliance required. The department of revenue shall by rule establish appropriate statistical methods for use by assessors in adjusting the valuation of property between physical inspections. The department of revenue shall make and publish such additional rules, regulations and guides which it determines are needed to supplement materials presently published by the department of revenue for the general guidance and assistance of county assessors. Each assessor is hereby directed and required to value property in accordance with the standards established by RCW 84.40.030 and in accordance with the applicable rules, regulations and valuation manuals published by the department of revenue. [1982 1st ex.s. c 46 § 3; 1975 1st ex.s. c 278 § 200; 1961 c 15 § 84.41.090. Prior: 1955 c 251 § 9.]

84.41.110 Appraisers to act in advisory capacity. Appraisers whose services may be obtained by contract or who may be assigned by the department of revenue to assist any county assessor shall act in an advisory capacity only, and valuations made by them shall not in any manner be binding upon the assessor, it being the intent herein that all valuations made pursuant to this chapter shall be made and entered by the assessor pursuant to law as directed herein. [1975 1st ex.s. c 278 § 201; 1961 c 15 § 84.41.110. Prior: 1955 c 251 § 11.]

Each county assessor shall keep such books and records as are required by the rules and regulations of the department of revenue and shall comply with any lawful order, rule or regulation of the department of revenue.

Whenever it appears to the department of revenue that any assessor has failed to comply with any of the provisions of this chapter relating to his duties or the rules of the department of revenue made in pursuance thereof, the department of revenue, after a hearing on the facts, may issue an order directing such assessor to comply with such provisions of this chapter or rules of the department of revenue. Such order shall be mailed by registered mail to the assessor at the county court house. If, upon the expiration of fifteen days from the date such order is mailed, the assessor has not complied therewith or has not taken measures that will insure compliance within a reasonable

time, the department of revenue may apply to a judge of the superior court or court commissioner of the county in which such assessor holds office, for an order returnable within five days from the date thereof to compel him to comply with such provisions of law or of the order of the department of revenue or to show cause why he should not be compelled so to do. Any order issued by the judge pursuant to such order to show cause shall be final. The remedy herein provided shall be cumulative and shall not exclude the department of revenue from exercising any powers or rights otherwise granted. (1) The department of revenue shall annually, prior to the first Monday in September, determine and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as to its validity by the depart-

ment, shall be utilized by the department in determining the indicated ratio.

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of September. Prior to equalization of assessments pursuant to RCW 84.48.080 and after the third Monday of September, the department shall certify to each county assessor the real and personal property ratio for that county.

(4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio. 84.48.080 Equalization of assessments—Taxes for state purposes—Procedure—Levy and apportionment—Record. Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not

provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED, That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection. The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within sixty days of such request but at least fourteen business days, excluding legal holidays, prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable sales which shall not be subsequently changed by the assessor unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least fourteen business days prior to the hearing at the board

of equalization. A taxpayer who lists comparable sales on a notice of appeal shall not subsequently change such sales unless the taxpayer has found new evidence supporting the taxpayer's proposed valuation in which case the taxpayer shall provide such additional evidence to the assessor and board of equalization at least seven business days, excluding legal holidays, prior to the hearing. If either the assessor or taxpayer does not meet the requirements of this section the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner. [1994 c 301 § 46; 1973 1st ex.s. c 30 § 1.]

84.48.200 Rules. The department of revenue shall make such rules consistent with this chapter as shall be necessary or desirable to permit its effective administration. The rules may provide for changes of venue for the various boards of equalization. [1988 c 222 § 26.]

Levy for refunds: RCW 84.68.040.

84.52.010 Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations. Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, as now or hereafter amended, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be re-

duced for any purpose other than that required by RCW 84.55.010; however, if as a result of the levies imposed under RCW 84.52.069, 84.34.230, and 84.52.105, the combined rates of regular property tax levies exceed one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230 and 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis or eliminated until the combined rates of regular property tax levies no longer exceed one percent of the true and fair value of any property; and

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated. [1994 c 124 § 36; 1993 c 337 § 4; 1990 c 234 § 4; 1988 c 274 § 7; 1987 c 255 § 1; 1973 1st ex.s. c 195 § 101; 1973 1st ex.s. c 195 § 146; 1971 ex.s. c 243 § 6; 1970 ex.s. c 92 § 4; 1961 c 15 § 84.52.010. Finding—1993 c 337: See note following RCW 84.52.105.

Purpose—1988 c 274: "The legislature finds that, due to statutory and constitutional limitations, the interdependence of the regular property tax levies of the state, counties, county road districts, cities and towns, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional tax limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital

districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained." [1988 c 274 § 1.]

Severability—1988 c 274: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 274 § 13.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Severability—1971 ex.s. c 243: See RCW 84.34.920.

Intent—1970 ex.s. c 92: "It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section." [1970 ex.s. c 92 § 1.]

Effective date—Application—1970 ex.s. c 92: "This act shall take effect July 1, 1970 but shall not affect property taxes levied in 1969 or prior years." [1970 ex.s. c 92 § 11.]

84.52.018 Calculation of tax levy rates when the assessment of highly valued property is in dispute. Whenever any property value or claim for exemption or cancellation of a property assessment is appealed to the state board of tax appeals or court of competent jurisdiction and the dollar difference between the total value asserted by the taxpayer and the total value asserted by the opposing party exceeds one-fourth of one percent of the total assessed value of property in the county, the assessor shall use only that portion of the total value which is not in controversy for purposes of computing the levy rates and extending the tax on the tax roll in accordance with this chapter, unless the state board of tax appeals has issued its determination at the time of extending the tax.

When the state board of tax appeals or court of competent jurisdiction makes its final determination, the proper amount of tax shall be extended and collected for each taxing district if this has not already been done. The amount of tax collected and extended shall include interest at the rate of nine percent per year on the amount of the board's final determination minus the amount not in controversy. The interest shall accrue from the date the taxes on the amount not in controversy were first due and payable. Any amount extended in excess of that permitted by chapter 84.55 RCW shall be held in abeyance and used to reduce the levy rates of the next succeeding levy. [1994 c 124 § 37; 1989 c 378 § 15; 1987 c 156 § 1.]

84.52.020 City and district budgets to be filed with county legislative authority. It shall be the duty of the city council or other governing body of every city, other than a city having a population of three hundred thousand or more, the board of directors of school districts of the first class, the superintendent of each educational service district for each constituent second class school district, commissioners of port districts, commissioners of metropolitan park districts, and of all officials or boards of taxing districts within or coextensive with any county required by law to certify to the county legislative authority, for the purpose of levying

district taxes, budgets or estimates of the amounts to be raised by taxation on the assessed valuation of the property in the city or district, through their chair and clerk, or secretary, to make and file such certified budget or estimates with the clerk of the county legislative authority on or before the fifteenth day of November. [1994 c 81 § 85; 1988 c 222 § 27; 1975-'76 2nd ex.s. c 118 § 33; 1975 c 43 § 33; 1961 c 15 § 84.52.020. Prior: 1939 c 37 § 1; 1925 ex.s. c 130 § 75; RRS § 11236; prior: 1909 c 138 § 1; 1893 c 71 §§ 2, 3.]

Severability—1975-'76 2nd ex.s. c 118: See note following RCW 28A.505.010.

Effective date—Severability—1975 c 43: See notes following RCW 28A.315.230.

84.52.025 Budgets of taxing districts filed with county commissioners to indicate estimate of cash balance. The governing body of all taxing districts within or coextensive with any county, which are required by law to certify to a board of county commissioners, for the purpose of levying district taxes, budgets or estimates of the amounts to be raised by taxation on the assessed valuation of the property in the district, shall clearly indicate an estimate of cash balance at the beginning and ending of each budget period in said budget or estimate. [1961 c 52 § 1.]

84.52.030 Time of levy. For the purpose of raising revenue for state, county and other taxing district purposes, the county legislative authority of each county at its October session, and all other officials or boards authorized by law to levy taxes for taxing district purposes, shall levy taxes on all the taxable property in the county or district, as the case may be, sufficient for such purposes, and within the limitations permitted by law. [1994 c 124 § 38; 1961 c 15 § 84.52.030. Prior: 1927 c 303 § 1; 1925 ex.s. c 130 § 77; RRS § 11238; prior: 1903 c 165 § 1; 1897 c 71 § 63; 1893 c 124 § 64; 1890 p 559 § 78; Code 1881 § 2880.]

84.52.040 Levies to be made on assessed valuation. Whenever any taxing district or the officers thereof shall, pursuant to any provision of law or of its charter or ordinances, levy any tax, the assessed value of the property of such taxing district shall be taken and considered as the taxable value upon which such levy shall be made. [1961 c 15 § 84.52.040. Prior: 1919 c 142 § 3; RRS § 11228.]

84.52.043 Limitations upon regular property tax levies. Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and

(d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. [1973 1st ex.s. c 195 § 155.]

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056 and 84.52.043, or 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state, as amended by Amendment 64 and as thereafter amended, at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no." The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by school districts, when authorized so to do by the voters of such school district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state. Elections for such taxes shall be held in the year in which the levy is made or, in the case of propositions authorizing two-year levies for maintenance and operation support of a school district, authorizing two-year levies for transportation vehicle funds established in RCW 28A.160.130, or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities, in the year in which the first annual levy is made: PROVIDED, That once additional tax levies have been authorized for maintenance and operation support of a school district for a two-year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.

A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no". 84.52.0531 Levies by school districts—Maximum dollar amount for maintenance and operation support—Restrictions—Maximum levy percentage—Levy reduction funds—Rules. The maximum dollar amount which may be levied by or for any school district for maintenance and

operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1992, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1991.

(2) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350: PROVIDED, That when determining the basic education allocation under subsection (4) of this section, nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.545 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation;

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1993 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(i) Pupil transportation;

(ii) Handicapped education;

(iii) Education of highly capable students;

(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(v) Food services; and

(vi) State-wide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For excess levies for collection in calendar year 1993 and thereafter, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's maximum levy percentage for the prior year by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (6) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage;

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year; and

(e) For levies to be collected in calendar years 1994 and 1995 the maximum levy rate shall be the district's maximum levy percentage for 1993 plus four percent reduced by any levy reduction funds. For levies collected in 1996, the prior year shall mean 1993.

(6) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsection (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(7) For the purposes of this section, "prior school year" shall mean the most recent school year completed prior to the year in which the levies are to be collected.

hundred thousand or more, and of the council of each town, and of all officials or boards of taxing districts within or coextensive with the county, authorized by law to levy taxes directly and not through the county legislative authority, on or before the thirtieth day of November in each year, to certify to the county assessor of the county the amount of taxes levied upon the property within the city, town, or district for city, town, or district purposes. If a levy amount is not certified to the county assessor by the thirtieth day of November, the county assessor shall use no more than the certified levy amount for the previous year for the taxing district: PROVIDED, That this shall not apply to the state levy or when the assessor has not certified assessed values as required by RCW 84.48.130 at least twelve working days prior to November 30th. 84.52.080 Extension of taxes on rolls—Form of certificate—Delivery to treasurer. (1) The county assessor shall extend the taxes upon the tax rolls in the form herein prescribed. The rate percent necessary to raise the amounts of taxes levied for state and county purposes, and for purposes of taxing districts coextensive with the county, shall be computed upon the assessed value of the property of the county; the rate percent necessary to raise the amount of taxes levied for any taxing district within the county shall be computed upon the assessed value of the property of the district; all taxes assessed against any property shall be added together and extended on the rolls in a column headed consolidated or total tax. In extending any tax, whenever it amounts to a fractional part of a cent greater than five mills it shall be made one cent, and whenever it amounts to five mills or less than five mills it shall be dropped. The amount of all taxes shall be entered in the proper columns, as shown by entering the rate percent necessary to raise the consolidated or total tax and the total tax assessed against the property.

(2) For the purpose of computing the rate necessary to raise the amount of any excess levy in a taxing district which has classified or designated forest land under chapter 84.33 RCW, other than the state, the county assessor shall add the district's timber assessed value, as defined in RCW 84.33.035, to the assessed value of the property: PROVIDED, That for school districts maintenance and operations levies only one-half of the district's timber assessed value or eighty percent of the timber roll of such district in calendar year 1983 as determined under chapter 84.33 RCW, whichever is greater, shall be added.

(3) Upon the completion of such tax extension, it shall be the duty of the county assessor to make in each assessment book, tax roll or list a certificate in the following form:

I,, assessor of county, state of Washington, do hereby certify that the foregoing is a correct list of taxes levied on the real and personal property in the county of for the year one thousand nine hundred and

(4) The county assessor shall deliver said tax rolls to the county treasurer, on or before the fifteenth day of January, taking receipt therefor, and at the same time the county assessor shall provide the county auditor with an abstract of the tax rolls showing the total amount of taxes collectible in each of the taxing districts. [1989 c 378 § 16; 1988 c 222 § 29; 1985 c 184 § 2; 1984 c 204 § 14; 1965 ex.s. c 7 § 1; 1961 c 15 § 84.52.080. Effective date—1985 c 184 § 2: "Section 2 of this act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately, and shall be effective for taxes levied for collection in 1986 and thereafter." [1985 c 184 § 4.] "Section 2 of this act" is the 1985 c 184 amendment to RCW 84.52.080 and took effect April 25, 1985.

84.52.105 Affordable housing levies authorized—Declaration of emergency and plan required. (1) A county, city, or town may impose additional regular property tax levies of up to fifty cents per thousand dollars of assessed value of property in each year for up to ten consecutive years to finance affordable housing for very low-income households when specifically authorized to do so by a majority of the voters of the taxing district voting on a ballot proposition authorizing the levies. If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(2) The additional property tax levies may not be imposed until:

(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located. [1993 c 337 § 2.]

Finding—1993 c 337: "The legislature finds that:

(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;

(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;

(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and

(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns." [1993 c 337 § 1.]

84.52.110 Public hospital districts and metropolitan park districts—Levy authority. (Effective until December 31, 1996.) (1) It is the intent of this section to allow public hospital districts and metropolitan park districts to utilize levy authority approved by the voters pursuant to *RCW 84.52.100 for the duration of such voter approval. It is further the intent of this section that these levies be made between the statutory tax rate limits established by RCW 84.52.043 and the applicable constitutional limits.

(2) Any increase of cumulative limitation approved by the voters of a public hospital district or metropolitan park district pursuant to *RCW 84.52.100 prior to the effective date of the repeal of that provision shall remain valid and such district may levy such amount as the appropriate levy capacity may allow for the time authorized by the voters: PROVIDED, That no other levy, including fire district, library district, conservation futures under RCW 84.34.230, and emergency medical care or services under RCW 84.52.069 shall be reduced as a result of the increased public hospital district or metropolitan park district levy. [1990 c 283 § 5.]

84.55.005 "Regular property taxes" defined. As used in this chapter, the term "regular property taxes" has the meaning given it in RCW 84.04.140, and also includes amounts received in lieu of regular property taxes. [1994 c 301 § 49; 1983 1st ex.s. c 62 § 11.]

Short title—Intent—Effective dates—Applicability—1983 1st ex.s. c 62: See notes following RCW 84.36.473.

84.55.010 Limitations prescribed. Except as provided in this chapter, the levy for a taxing district in any year shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property by the regular property tax levy rate of that district for the preceding year. [1979 ex.s. c 218 § 2; 1973 1st ex.s. c 67 § 1; 1971 ex.s. c 288 § 20.]

Reviser's note: Throughout chapter 84.55 RCW the phrase "this 1971 amendatory act" has been changed to "this chapter." "This 1971 amendatory act" [1971 ex.s. c 288] consists of this chapter and RCW 36.21.015, 36.29.015, 84.04.140, 84.10.010, 84.36.370, 84.36.380, 84.40.030, 84.40.0301, 84.40.045, 84.41.030, 84.41.040, 84.48.080, 84.48.085, 84.48.140, 84.52.052, 84.56.020, and 84.69.020, and the repeal of RCW 84.36.128, 84.36.129, and 84.54.010.

Effective date—Applicability—1979 ex.s. c 218: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately: PROVIDED, That the amendment to RCW 84.55.010 by section 2 of this act shall be effective for 1979 levies for taxes collected in 1980, and for subsequent years." [1979 ex.s. c 218 § 8.] The effective date of 1979 ex.s. c 218 is June 4, 1979.

84.55.015 Restoration of regular levy. If a taxing district has not levied in the three most recent years and elects to restore a regular property tax levy subject to applicable statutory limitations then such first restored levy shall be set so that the regular property tax payable shall not exceed the amount which could have been lawfully levied in 1973, plus an additional dollar amount calculated by multiplying the increase in assessed value in the district since 1973 resulting from new construction and improvements to property by the property tax rate which is proposed to be restored, or the maximum amount which could be lawfully levied in the year such a restored levy is proposed. [1979 ex.s. c 218 § 4.]

84.55.020 Limitation upon first levy for district created from consolidation. Notwithstanding the limitation set forth in RCW 84.55.010, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed one hundred six percent of the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year. [1971 ex.s. c 288 § 21.]

Savings—Severability—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.55.030 Limitation upon first levy following annexation. For the first levy for a taxing district following annexation of additional property, the limitation set forth in RCW 84.55.010 shall be increased by an amount equal to (1) the aggregate assessed valuation of the newly annexed property as shown by the current completed and balanced tax rolls of the county or counties within which such property lies, multiplied by (2) the dollar rate that would have been used by the annexing unit in the absence of such annexation, plus (3) the additional dollar amount calculated by multiplying the increase in assessed value in the annexing district resulting from new constructions and improvements to property by the regular property tax levy rate of that annexing taxing district for the preceding year. [1973 1st ex.s. c 195 § 107; 1971 ex.s. c 288 § 22.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Savings—Severability—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.55.035 Inapplicability of limitation to newly-formed taxing district created other than by consolidation or annexation. RCW 84.55.010 shall not apply to the first levy by or for a newly-formed taxing district created other than by consolidation or annexation.

This section shall be retroactive in effect and shall be deemed to validate any levy within its scope, even though the levy has been made prior to June 4, 1979. [1979 ex.s. c 218 § 5.]

84.55.040 Increase in statutory dollar rate limitation. If by reason of the operation of RCW 84.52.043 and 84.52.050, as now or hereafter amended the statutory dollar rate limitation applicable to the levy by a taxing district has been increased over the statutory millage limitation applicable to such taxing district's levy in the preceding year, the limitation on the dollar rate amount of a levy provided for in this chapter shall be increased by multiplying the otherwise dollar limitation by a fraction, the numerator of which is the increased dollar limitation and the denominator of which is the dollar limitation for the prior year. [1973 1st ex.s. c 195 § 108; 1973 1st ex.s. c 195 § 151; 1971 ex.s. c 288 § 23.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Savings—Severability—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.55.045 Applicability of chapter to levy by port district for industrial development district purposes. For purposes of applying the provisions of this chapter:

(1) A levy by or for a port district pursuant to RCW 53.36.100 shall be treated in the same manner as a separate regular property tax levy made by or for a separate taxing district; and

(2) The first levy by or for a port district pursuant to RCW 53.36.100 after April 1, 1982, shall not be subject to RCW 84.55.010. [1982 1st ex.s. c 3 § 2.]

Effective date—1982 1st ex.s. c 3: See note following RCW 53.36.100.

84.55.050 Election to authorize increase in regular property tax levy—Limited propositions—Procedure. (1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsection (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

(c) Set the levy at a rate less than the maximum rate allowed for the district; or

(d) Include any combination of the conditions in this subsection.

(4) After the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition. [1989 c 287 § 1; 1986 c 169 § 1; 1979 ex.s. c 218 § 3; 1973 1st ex.s. c 195 § 109; 1971 ex.s. c 288 § 24.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Savings—Severability—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.55.060 Rate rules—Educational program—Other necessary action. The department of revenue shall adopt rules relating to the calculation of tax rates and the limitation in RCW 84.55.010, conduct an educational program on this subject, and take any other action necessary to insure compliance with the statutes and rules on this subject. [1979 ex.s. c 218 § 6.]

84.55.070 Inapplicability of chapter to levies for certain purposes. The provisions of this chapter shall not apply to a levy, including the state levy, or that portion of a levy, made by or for a taxing district for the purpose of funding a property tax refund paid or to be paid pursuant to the provisions of chapter 84.68 RCW or attributable to a property tax refund paid or to be paid pursuant to the provisions of chapter 84.69 RCW, attributable to amounts of state taxes withheld under RCW 84.56.290 or the provisions of chapter 84.69 RCW, or otherwise attributable to state taxes lawfully owing by reason of adjustments made under RCW 84.48.080. [1982 1st ex.s. c 28 § 2; 1981 c 228 § 3.]

Severability—1982 1st ex.s. c 28: See note following RCW 84.48.080.

84.55.080 Adjustment to tax limitation. Pursuant to chapter 39.88 RCW, any increase in the assessed value of real property within an apportionment district resulting from new construction, improvements to property, or any increase in the assessed value of state-assessed property shall not be included in the increase in assessed value resulting from new construction, improvements, or any increase in the assessed value of state-assessed property for purposes of calculating any limitations upon regular property taxes under this chapter until the termination of apportionment as set forth in RCW 39.88.070(4), as now or hereafter amended, except to the extent a taxing district actually will receive the taxes levied upon this value. Tax allocation revenues, as defined in RCW 39.88.020, as now or hereafter amended, shall not be deemed to be "regular property taxes" for purposes of this chapter. [1982 1st ex.s. c 42 § 12.]

Captions not part of law—Severability—1982 1st ex.s. c 42: See RCW 39.88.910 and 39.88.915.

84.55.092 Protection of future levy capacity. The regular property tax levy for each taxing district other than

the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter.

The purpose of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions. [1988 c 274 § 4; 1986 c 107 § 3.]

Purpose—Severability—1988 c 274: See notes following RCW 84.52.010.

All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer on or before the thirtieth day of April and shall be delinquent after that date: PROVIDED, That each tax statement shall include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements shall not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual: PROVIDED FURTHER, That when the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is thirty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date: PROVIDED FURTHER, That when the total amount of tax or special assessments on any lot, block or tract of real property payable by one person is thirty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of such tax, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(a) A penalty of three percent shall be assessed on the amount of tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent shall be assessed on the total amount of tax delinquent on December 1st of the year in which the tax is due.

(4) For purposes of this chapter, "interest" means both interest and penalties.

(5) All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the opera-

If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which shall be not less than ten days after the taking of such property, such treasurer or treasurer's designee shall proceed to sell such property at public auction, or so much thereof as shall be sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer shall pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative: PROVIDED, That whenever it shall become necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net or drag seine fishing location, or any other personal property as the treasurer shall determine to be incapable or reasonably impracticable of manual delivery, it shall be deemed to have been distrained and taken into possession when the treasurer shall have, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale; a copy of the notice shall also be sent to the owner or reputed owner at his last known address, by registered letter at least thirty days prior to the date of sale: AND PROVIDED FURTHER, That if the county treasurer has reasonable grounds to believe that any personal property upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may forthwith distraint sufficient goods and chattels to pay the same. 84.56.090 Distraint and sale of property about to be removed, dissipated, sold, or disposed of—Computation of taxes, entry on rolls, tax liens. Whenever in the judgment of the assessor or the county treasurer personal property is being removed or is about to be removed without the limits of the state, or is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the treasurer shall immediately prepare papers in distraint, which shall contain a description of the personal property being or about to be removed, dissipated, sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the amount of the tax, the amount of accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner, and he shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall advertise and sell said property as provided in RCW 84.56.070.

If said personal property is being removed or is about to be removed from the limits of the state, is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, at any time subsequent to the first day of January in any year, and prior to the levy of taxes thereon, the taxes upon such property so distrained shall be computed upon the rate of levy for state, county and local purposes for the preceding year; and all taxes collected in advance of levy under this section and RCW 84.56.120, together with the name of the owner and a brief description of the property assessed shall be entered forthwith by the county treasurer upon the personal property tax rolls of such preceding year, and all collections thereon shall be considered and treated in all respects, and without recourse by either the owner or any taxing unit, as collections for such preceding year. Property on which taxes are thus collected shall thereupon become discharged from the lien of any taxes that may thereafter be levied in the year in which payment or collection is made.

Whenever property has been removed from the county wherein it has been assessed, on which the taxes have not been paid, then the county treasurer, or his deputy, shall have the same power to distraint and sell said property for the satisfaction of said taxes as he would have if said property were situated in the county in which the property was taxed, and in addition thereto said treasurer, or his deputy, in the distraint and sale of property for the payment of taxes, shall have the same powers as are now by law given to the sheriff in making levy and sale of property on execution. 84.56.170 Collection of certified taxes—Remittance. The treasurer of any county of this state receiving the certified statement provided for in RCW 84.56.150 and 84.56.160, shall have the same power to collect the taxes, penalties and delinquencies so certified as the treasurer has to collect the personal taxes levied on personal property in his or her own county, and as soon as the said taxes are collected they shall be remitted, less the cost of collecting same, to the treasurer of the county to which said taxes belong, by the treasurer collecting them. 84.64.270 Sales of tax-title property—Reservations—Notices—Installment contracts—Separate sale of reserved resources. Real property acquired by any county of this state by foreclosure of delinquent taxes may be sold by order of the county legislative authority of the county when in the judgment of the county legislative authority it is deemed in the best interests of the county to sell the real property.

When the legislative authority desires to sell any such property it may, if deemed advantageous to the county, combine any or all of the several lots and tracts of such property in one or more units, and may reserve from sale coal, oil, gas, gravel, minerals, ores, fossils, timber, or other resources on or in the lands, and the right to mine for and remove the same, and it shall then enter an order on its records fixing the unit or units in which the property shall be sold and the minimum price for each of such units, and whether the sale will be for cash or whether a contract will be offered, and reserving from sale such of the resources as it may determine and from which units such reservations shall apply, and directing the county treasurer to sell such property in the unit or units and at not less than the price or prices and subject to such reservations so fixed by the county legislative authority. The order shall be subject to the approval of the county treasurer if several lots or tracts of land are combined in one unit.

Except in cases where the sale is to be by direct negotiation as provided in this chapter, it shall be the duty of the county treasurer upon receipt of such order to publish once a week for three consecutive weeks a notice of the sale of such property in a newspaper of general circulation in the county where the land is situated. The notice shall describe the property to be sold, the unit or units, the reservations, and the minimum price fixed in the order, together with the time and place and terms of sale, in the same manner as foreclosure sales as provided by RCW 84.64.080.

The person making the bid shall state whether he or she will pay cash for the amount of his or her bid or accept a real estate contract of purchase in accordance with the provisions hereinafter contained. The person making the highest bid shall become the purchaser of the property. If the highest bidder is a contract bidder the purchaser shall be required to pay thirty percent of the total purchase price at the time of the sale and shall enter into a contract with the county as vendor and the purchaser as vendee which shall obligate and require the purchaser to pay the balance of the purchase price in ten equal annual installments commencing November 1st and each year following the date of the sale, and shall require the purchaser to pay twelve percent interest on all deferred payments, interest to be paid at the time the annual installment is due; and may contain a provision authorizing the purchaser to make payment in full at any time of any balance due on the total purchase price plus accrued interest on such balance. The contract shall contain a provision requiring the purchaser to pay before delinquency all subsequent taxes and assessments that may be levied or

assessed against the property subsequent to the date of the contract, and shall contain a provision that time is of the essence of the contract and that in event of a failure of the vendee to make payments at the time and in the manner required and to keep and perform the covenants and conditions therein required of him or her that the contract may be forfeited and terminated at the election of the vendor, and that in event of the election all sums theretofore paid by the vendee shall be forfeited as liquidated damages for failure to comply with the provisions of the contract; and shall require the vendor to execute and deliver to the vendee a deed of conveyance covering the property upon the payment in full of the purchase price, plus accrued interest.

The county legislative authority may, by order entered in its records, direct the coal, oil, gas, gravel, minerals, ores, timber, or other resources sold apart from the land, such sale to be conducted in the manner hereinabove prescribed for the sale of the land. Any such reserved minerals or resources not exceeding two hundred dollars in value may be sold, when the county legislative authority deems it advisable, either with or without such publication of the notice of sale, and in such manner as the county legislative authority may determine will be most beneficial to the county. The county legislative authority may dispose of tax foreclosed property by private negotiation, without a call for bids, for not less than the principal amount of the unpaid taxes in any of the following cases: (1) When the sale is to any governmental agency and for public purposes; (2) when the county legislative authority determines that it is not practical to build on the property due to the physical characteristics of the property or legal restrictions on construction activities on the property; or (3) when no acceptable bids were received at the attempted public auction of the property, if the sale is made within six months from the date of the attempted public auction. In any and all instances in this state in which a treasurer's deed to real property has been or shall be issued to the county in proceedings to foreclose the lien of general taxes, and for any reason a defect in title exists or adverse claims against the same have not been legally determined, the county or its successors in interest or assigns shall have authority to institute an action in the superior court in said county to correct such defects, and to determine such adverse claims and the priority thereof as in RCW 84.64.330 through

84.64.440 provided. [1961 c 15 § 84.64.330. Prior: 1931 c 83 § 1; 1925 ex.s. c 171 § 1; RRS § 11308-1.]

Such action shall be one in rem as against every right and interest in and claim against any and every part of the real property involved, except so much thereof as may be at the time the summons and notice is filed with the clerk of the superior court in the actual, open and notorious possession of any person or corporation, and then except only as to the interest claimed by such person so in possession: PROVIDED, That the possession required under the provisions of RCW 84.64.330 through 84.64.440 shall be construed to be that by personal occupancy only, and not merely by representation or in contemplation of law. No person, firm or corporation claiming an interest in or to such lands need be specifically named in the summons and notice, except as in RCW 84.64.330 through 84.64.440 provided, and no pleadings other than the summons and notice and the written statements of those claiming a right, title and interest in and to the property involved shall be required. In case there are outstanding local improvement assessments against any of the real property described in the summons and notice, a copy of the same shall be served on the treasurer of the city or town within which such real property is situated within five days after such summons and notice is filed.

The summons and notice in such action shall contain the title of the court; specify in general terms the years for which the taxes were levied and the amount of the taxes and the costs for which each tract of land was sold; give the legal description of each tract of land involved, and the tax record owner thereof during the years in which the taxes for which the property was sold were levied; state that the purpose of the action is to foreclose all adverse claims of every nature in and to the property described, and to have the title of existing liens and claims of every nature against said described real property, except that of the county, forever barred.

Said summons and notice shall also summon all persons, firms and corporations claiming any right, title and interest in and to said described real property to appear within sixty days after the date of the first publication, specifying the day and year, and state in writing what right, title and interest

they have or claim to have in and to the property described, and file the same with the clerk of the court above named; and shall notify them that in case of their failure so to do, judgment will be rendered determining that the title to said real property is in the county free from all existing adverse interests, rights or claims whatsoever: PROVIDED, That in case any of the lands involved is in the actual, open and notorious possession of anyone at the time the summons and notice is filed, as herein provided, a copy of the same modified as herein specified shall be served personally upon such person in the same manner as summons is served in civil actions generally. Said summons shall be substantially in the form above outlined, except that in lieu of the statement relative to the date and day of publication it shall require the person served to appear within twenty days after the day of service, exclusive of the date of service, and that the day of service need not be specified therein, and except further that the recitals regarding the amount of the taxes and costs and the years the same were levied, the legal description of the land and the tax record owner thereof may be omitted except as to the land occupied by the persons served.

Every summons and notice provided for in RCW 84.64.330 through 84.64.440 shall be subscribed by the prosecuting attorney of the county, or by any successor or assign of the county or his attorney, as the case may be, followed by his post office address. 84.64.360 Quieting title to tax-title property—Redemption before judgment. Any person, firm or corporation who or which may have been entitled to redeem the property involved prior to the issuance of the treasurer's deed to the county, and his or its successor in interest, shall have the right, at any time after the commencement of, and prior to the judgment in the action authorized herein, to redeem such property by paying to the county treasurer the amount of the taxes for which the property was sold to the county, and the amount of any other general taxes which may have accrued prior to the issuance of said treasurer's deed, together with interest on all such taxes from the date of delinquency thereof, respectively, at the rate of twelve percent per annum, and by paying for the benefit of the assessment district concerned the amount of principal, penalty and interest of all special assessments, if any, which shall have been levied against such property and by paying such proportional part of the costs of the tax foreclosure proceedings and of the action herein authorized as the county treasurer shall determine.

Upon redemption of any property before judgment as herein provided, the county treasurer shall issue to the redemptioner a certificate specifying the amount of the taxes, special assessments, penalty, interest and costs charged describing the land and stating that the taxes, special assessments, penalty, interest and costs specified have been fully paid, and the lien thereof discharged. Such certificate shall clear the land described therein from any claim of the county based on the treasurer's deed previously issued in the tax foreclosure proceedings. [1961 c 15 § 84.64.360. In case any person has appeared in such action and claimed any interest in the real property involved adverse to that of the county or its successors in interest, such person shall be given a three days' notice of the time when application for judgment shall be made. The court shall hear and determine the matter in a summary manner similar to that provided in RCW 84.64.080, relating to judgment and order of sale in general tax foreclosure proceedings, and shall pronounce and enter judgment according to the rights of the parties and persons concerned in the action. No order of sale shall be made nor shall any sale on execution be necessary to determine the title of the county to the real property involved in such action. [1961 c 15 § 84.64.370. Prior: 1931 c 83 § 4; 1925 ex.s. c 171 § 5; RRS § 11308-5.]

The right of action of the county, its successors or assigns, under RCW 84.64.330 through 84.64.440 shall rest on the validity of the taxes involved, and the plaintiff shall be required to prove only the amount of the former judgment foreclosing the lien thereof, together with the costs of the foreclosure and sale of each tract of land for said taxes, and all the presumptions in favor of the tax foreclosure sale and issuance of treasurer's deed existing by law shall obtain in said action. [1961 c 15 § 84.64.380. Prior: 1931 c 83 § 5; 1925 ex.s. c 171 § 6; RRS § 11308-6.]

Any person filing a statement in such action shall pay the clerk of the court an appearance fee in the amount required by the county for appearances in civil actions, and shall be required to tender the amount of all taxes, interest and costs charged against the real property to which he lays claim, and no further costs in such action shall be required or recovered. [1961 c 15 § 84.64.390. Prior: 1925 ex.s. c 171 § 7; RRS § 11308-7.]

84.68.020 Payment under protest—Claim not required.

In all cases of the levy of taxes for public revenue which are deemed unlawful or excessive by the person, firm or corporation whose property is taxed, or from whom such tax is demanded or enforced, such person, firm or corporation may pay such tax or any part thereof deemed unlawful, under written protest setting forth all of the grounds upon which such tax is claimed to be unlawful or excessive; and thereupon the person, firm or corporation so paying, or their legal representatives or assigns, may bring an action in the superior court or in any federal court of competent jurisdiction against the state, county or municipality by whose officers the same was collected, to recover such tax, or any portion thereof, so paid under protest: PROVIDED, That RCW 84.68.010 through 84.68.070 shall not be deemed to enlarge the grounds upon which taxes may now be recovered: AND PROVIDED FURTHER, That no claim need be presented to the state or county or municipality, or any of their respective officers, for the return of such protested tax as a condition precedent to the institution of such action. [1994 c 124 § 40; 1961 c 15 § 84.68.020. Prior: 1937 c 11 § 1; 1931 c 62 § 2; 1927 c 280 § 7; 1925 c 18 § 7; RRS § 11315-2.]

84.68.030 Judgment—Payment—County tax refund fund.

In case it be determined in such action that said tax, or any portion thereof, so paid under protest, was unlawfully collected, judgment for recovery thereof and interest thereon at the rate specified in RCW 84.69.100 from date of payment, together with costs of suit, shall be entered in favor of plaintiff. In case the action is against a county and the judgment shall become final, the amount of such judgment, including interest at the rate specified in RCW 84.69.100 and costs where allowed, shall be paid out of the treasury of such county by the county treasurer upon warrants drawn by

the county auditor against a fund in said treasury hereby created to be known and designated as the county tax refund fund. Such warrants shall be so issued upon the filing with the county auditor and the county treasurer of duly authenticated copies of such judgment, and shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in such county tax refund fund for the payment of such warrants, then such warrants shall bear interest in such cases and shall be callable under such conditions as are provided by law for county warrants, and such interest, if any, shall also be paid out of said fund. [1989 c 378 § 28; 1961 c 15 § 84.68.030. Prior: 1931 c 62 § 3; RRS § 11315-3.]

84.68.040 Levy for tax refund fund. Annually, at the time required by law for the levying of taxes for county purposes, the proper county officers required by law to make and enter such tax levies shall make and enter a tax levy or levies for said county tax refund fund, which said levy or levies shall be given precedence over all other tax levies for county and/or taxing district purposes, as follows:

(1) A levy upon all of the taxable property within the county for the amount of all taxes collected by the county for county and/or state purposes held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed, together with the additional amounts hereinafter provided for;

(2) A levy upon all of the taxable property of each taxing district within the county for the amount of all taxes collected by the county for the purposes of such taxing district, and which have been held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed.

The aforesaid levy or levies shall also include a proper share of the interest paid out of the county tax refund fund during said twelve months upon warrants issued against said fund in payment of such judgments, legal interests and costs, plus such an additional amount as such levying officers shall deem necessary to meet the obligations of said fund, taking into consideration the probable portions of such taxes that will not be collected or collectible during the year in which they are due and payable, and also any unobligated cash on hand in said fund. [1961 c 15 § 84.68.040. Prior: 1937 c 11 § 2; 1931 c 62 § 4; RRS § 11315-4.]

The action for the recovery of taxes so paid under protest shall be brought in the superior court of the county wherein the tax was collected or in any federal court of competent jurisdiction: PROVIDED, That where the property against which the tax is levied consists of the operating property of a railroad company, telegraph company or other public service company whose operating property is located in more than one county and is assessed as a unit by any state board or state officer or officers, the complaining taxpayer may institute such action in the superior court of any one of the counties in which such tax is payable, or in any federal court of competent jurisdiction, and may join as parties defendant in said action all of the counties to which the tax or taxes

levied upon such operating property were paid or are payable, and may recover in one action from each of the county defendants the amount of the tax, or any portion thereof, so paid under protest, and adjudged to have been unlawfully collected, together with interest thereon at the rate specified in RCW 84.69.100 from date of payment, and costs of suit. [1989 c 378 § 29; 1961 c 15 § 84.68.050. Prior: 1937 c 11 § 3; 1931 c 62 § 5; RRS § 11315-5.]

84.68.060 Limitation of actions. [1961 c 15 § 84.68.060. Prior: 1939 c 206 § 48; 1931 c 62 § 6; RRS § 11315-6.]

Limitation of action to cancel tax deed: RCW 4.16.090.

84.68.070 Remedy exclusive—Exception. Except as permitted by RCW 84.68.010 through 84.68.070 and chapter 84.69 RCW, no action shall ever be brought or defense interposed attacking the validity of any tax, or any portion of any tax: PROVIDED, HOWEVER, That this section shall not be construed as depriving the defendants in any tax foreclosure proceeding of any valid defense allowed by law to the tax sought to be foreclosed therein except defenses based upon alleged excessive valuations, levies or taxes. [1989 c 378 § 30; 1961 c 15 § 84.68.070. Prior: 1939 c 206 § 49; 1931 c 62 § 7; RRS § 11315-7.]

84.68.080 Action to recover property sold for taxes—Tender is condition precedent. Hereafter no action or proceeding shall be commenced or instituted in any court of this state for the recovery of any property sold for taxes, unless the person or corporation desiring to commence or institute such action or proceeding shall first pay, or cause to be paid, or shall tender to the officer entitled under the law to receive the same, all taxes, penalties, interest and costs justly due and unpaid from such person or corporation on the property sought to be recovered. [1961 c 15 § 84.68.080. Prior: 1888 c 22 (p 43) § 1; RRS § 955.]

Limitation of action to cancel tax deed: RCW 4.16.090.

84.68.100 Action to recover property sold for taxes—Restrictions construed as additional. The provisions of RCW 84.68.080 and 84.68.090 shall be construed as imposing additional conditions upon the complainant in

actions for the recovery of property sold for taxes. [1961 c 15 § 84.68.100. Prior: 1888 c 22 (p 44) § 3; RRS § 957.]

84.68.110 Small claims recoveries—Recovery of erroneous taxes without court action. Whenever a taxpayer believes or has reason to believe that, through error in description, double assessments or manifest errors in assessment which do not involve a revaluation of the property, he has been erroneously assessed or that a tax has been incorrectly extended against him upon the tax rolls, and the tax based upon such erroneous assessment or incorrect extension has been paid, such taxpayer may initiate a proceeding for the cancellation or reduction of the assessment of his property and the tax based thereon or for correction of the error in extending the tax on the tax rolls, and for the refund of the claimed erroneous tax or excessive portion thereof, by filing a petition therefor with the county assessor of the county in which the property is or was located or taxed, which petition shall legally describe the property, show the assessed valuation and tax placed against the property for the year or years in question and the taxpayer's reasons for believing that there was an error in the assessment within the meaning of RCW 84.68.110 through 84.68.150, or in extending the tax upon the tax rolls and set forth the sum to which the taxpayer desires to have the assessment reduced or the extended tax corrected. [1961 c 15 § 84.68.110. Prior: 1939 c 16 § 1; RRS § 11241-1.]

84.68.120 Small claims recoveries—Petition—Procedure of county officers—Transmittal of findings to department of revenue. Upon the filing of the petition with the county assessor that officer shall proceed forthwith to conduct such investigation as may be necessary to ascertain and determine whether or not the assessment in question was erroneous or whether or not the tax was incorrectly extended upon the tax rolls and if he finds there is probable cause to believe that the property was erroneously assessed, and that such erroneous assessment was due to an error in description, double assessment or manifest error in assessment which does not involve a revaluation of the property, or that the tax was incorrectly extended upon the tax rolls, he shall endorse his findings upon the petition, and thereupon within ten days after the filing of the petition by the taxpayer forward the same to the county treasurer. If the assessor's findings be in favor of cancellation or reduction or correction he shall include therein a statement of the amount to which he recommends that the assessment and tax be reduced. It shall be the duty of the county treasurer, upon whom a petition with endorsed findings is served, as in RCW 84.68.110 through 84.68.150 provided, to endorse thereon a statement whether or not the tax against which complaint is made has in fact been paid and, if paid, the amount thereof, whereupon the county treasurer shall immediately transmit the petition to the prosecuting attorney and the prosecuting attorney shall make such investigation as he deems necessary and, within ten days after receipt of the petition and findings by him, transmit the same to the state department of revenue with his recommendation in respect to the granting or denial of the petition. [1975 1st ex.s. c 278 § 208; 1961 c 15 § 84.68.120. Prior: 1939 c 16 § 2; RRS § 11241-2.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.68.130 Small claims recoveries—Procedure of department of revenue. Upon receipt of the petition, findings and recommendations the state department of revenue shall proceed to consider the same, and it may require evidence to be submitted and make such investigation as it deems necessary and for such purpose the department of revenue shall be empowered to subpoena witnesses in order that all material and relevant facts may be ascertained. Upon the conclusion of its consideration of the petition and within thirty days after receipt thereof, the department of revenue shall enter an order either granting or denying the petition and if the petition be granted the department of revenue may order the assessment canceled or reduced or the extended tax corrected upon the tax rolls in any amount it deems proper but in no event to exceed the amount of reduction or correction recommended by the county assessor. [1975 1st ex.s. c 278 § 209; 1961 c 15 § 84.68.130. Prior: 1939 c 16 § 3; RRS § 11241-3.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.68.140 Small claims recoveries—Payment of refunds—Procedure. Certified copies of the order of the department of revenue shall be forwarded to the county assessor, the county auditor and the taxpayer, and the taxpayer shall immediately be entitled to a refund of the difference, if any, between the tax already paid and the canceled or reduced or corrected tax based upon the order of the department with interest on such amount from the date of payment of the original tax. Upon receipt of the order of the department the county auditor shall draw a warrant against the county tax refund fund in the amount of any tax reduction so ordered, plus interest at the rate specified in RCW 84.69.100 to the date such warrant is issued, and such warrant shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in the county tax refund fund for the payment of such warrant the warrant shall bear interest and shall be callable under such conditions as are provided by law for county warrants and such interest, if any, shall also be paid out of said fund. The order of the department shall for all purposes be considered as a judgment against the county tax refund fund and the obligation thereof shall be discharged in the same manner as provided by law for the discharge of judgments against the county for excessive taxes under the provisions of RCW 84.68.010 through 84.68.070 or any act amendatory thereof. [1989 c 378 § 31; 1975 1st ex.s. c 278 § 210; 1961 c 15 § 84.68.140. Prior: 1939 c 16 § 4; RRS § 11241-4.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

84.68.150 Small claims recoveries—Limitation as to time and amount of refund. No petition for cancellation or reduction of assessment or correction of tax rolls and the refund of taxes based thereon under RCW 84.68.110 through 84.68.150 shall be considered unless filed within three years after the year in which the tax became payable or purported to become payable. The maximum refund under the authority of RCW 84.68.110 through 84.68.150 for each year

involved in the taxpayer's petition shall be two hundred dollars. Should the amount of excess tax for any such year be in excess of two hundred dollars, a refund of two hundred dollars shall be allowed under RCW 84.68.110 through 84.68.150, without prejudice to the right of the taxpayer to proceed as may be otherwise provided by law to recover the balance of the excess tax paid by him. [1961 c 15 § 84.68.150. Prior: 1949 c 158 § 1; 1941 c 154 § 1; 1939 c 16 § 5; Rem. Supp. 1949 § 11241-5.]

84.69.010 Definitions. As used in this chapter, unless the context indicates otherwise:

(1) "Taxing district" means any county, city, town, township, port district, school district, road district, metropolitan park district, water district, or other municipal corporation now or hereafter authorized by law to impose burdens upon property within the district in proportion to the value thereof, for the purpose of obtaining revenue for public purposes, as distinguished from municipal corporations authorized to impose burdens, or for which burdens may be imposed, for such purposes, upon property in proportion to the benefits accruing thereto.

(2) "Tax" includes penalties and interest. [1961 c 15 § 84.69.010. Prior: 1957 c 120 § 1.]

84.69.020 Grounds for refunds—Determination—Payment—Report. On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

- (1) Paid more than once; or
- (2) Paid as a result of manifest error in description; or
- (3) Paid as a result of a clerical error in extending the tax rolls; or
- (4) Paid as a result of other clerical errors in listing property; or

(5) Paid with respect to improvements which did not exist on assessment date; or

(6) Paid under levies or statutes adjudicated to be illegal or unconstitutional; or

(7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended; or

(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest; or

(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board; or

(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order; or

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding; or

(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2).

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in January of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund. [1994 c 301 § 55; 1991 c 245 § 31; 1989 c 378 § 17; 1981 c 228 § 1; 1975 1st

ex.s. c 291 § 21; 1974 ex.s. c 122 § 2; 1972 ex.s. c 126 § 2; 1971 ex.s. c 288 § 14; 1969 ex.s. c 224 § 1; 1961 c 15 § 84.69.020. Prior: 1957 c 120 § 2.]

Applicability—1981 c 228: "Section 1(12) of the [this] amendatory act applies to only those taxes which first become due and payable subsequent to January 1, 1981: PROVIDED, HOWEVER, That this section shall not apply to any taxes which were paid under protest and which were timely paid." [1981 c 228 § 4.] This applies to RCW 84.69.020(12).

Effective dates—Severability—1975 1st ex.s. c 291: See notes following RCW 82.04.050.

Purpose—1974 ex.s. c 122: "The legislature recognizes that the operation of the provisions of RCW 84.52.065 and 84.48.080, providing for adjustments in the county-determined assessed value of property for purposes of the state property tax for schools, may, with respect to certain properties, result in a total regular property tax payment in excess of the one percent limitation provided for in Article 7, section 2 (Amendment 59) of the state Constitution. The primary purpose of this 1974 amendatory act is to provide a procedure for administrative relief in such cases, such relief to be in addition to the presently existing procedure for judicial relief through a refund action provided for in RCW 84.68.020." [1974 ex.s. c 122 § 1.]

Severability—Savings—1971 ex.s. c 288: See notes following RCW 84.40.030.

84.69.030 Procedure to obtain order for refund.

Except in cases wherein the county legislative authority acts upon its own motion, no orders for a refund under this chapter shall be made except on a claim:

(1) Verified by the person who paid the tax, the person's guardian, executor or administrator; and

(2) Filed with the county treasurer within three years after making of the payment sought to be refunded; and

(3) Stating the statutory ground upon which the refund is claimed. [1991 c 245 § 32; 1989 c 378 § 32; 1961 c 15 § 84.69.030. Prior: 1957 c 120 § 3.]

84.69.040 Refunds may include amounts paid to state, and county and taxing district taxes. Refunds ordered by the county legislative authority may include:

(1) A portion of amounts paid to the state treasurer by the county treasurer as money belonging to the state; and also

(2) County taxes and taxes collected by county officers for taxing districts. [1991 c 245 § 33; 1961 c 15 § 84.69.040. Prior: 1957 c 120 § 4.]

84.69.050 Refund with respect to amounts paid state. The part of the refund representing amounts paid to the state shall be paid from the county general fund and the department of revenue shall, upon the next succeeding settlement with the county, certify this amount refunded to the county: PROVIDED, That when a refund of tax funds pursuant to state levies is required, the department of revenue shall authorize adjustment procedures whereby counties may deduct from property tax remittances to the state the amount required to cover the state's portion of the refunds. [1988 c 222 § 31; 1973 2nd ex.s. c 5 § 1; 1961 c 15 § 84.69.050. Prior: 1957 c 120 § 5.]

84.69.060 Refunds with respect to county, state, and taxing district taxes. Refunds ordered under this chapter with respect to county, state, and taxing district taxes shall be paid by checks drawn upon the appropriate fund by the county treasurer: PROVIDED, That in making refunds on

a levy code or tax code basis, the county treasurer may make an adjustment on the subsequent year's property tax payment due for the amount of the refund. [1991 c 245 § 34; 1989 c 378 § 18; 1988 c 222 § 32; 1973 2nd ex.s. c 5 § 2; 1961 c 15 § 84.69.060. Prior: 1957 c 120 § 6.]

84.69.070 Refunds with respect to taxing districts—Administrative expenses—Disposition of funds upon expiration of refund orders. Refunds ordered with respect to taxing districts shall be paid by checks drawn by the county treasurer upon such available funds, if any, as the taxing districts may have on deposit in the county treasury, or in the event such funds are insufficient, then out of funds subsequently accruing to such taxing district and on deposit in the county treasury. When such refunds are made as a result of taxes paid under levies or statutes adjudicated to be illegal or unconstitutional all administrative costs including interest paid on the refunds incurred by the county treasurer in making such refunds shall be a charge against the funds of such districts and/or the state on a pro rata basis until the county current expense fund is fully reimbursed for the administrative expenses incurred in making such refund: PROVIDED, That whenever orders for refunds of ad valorem taxes promulgated by the county treasurer or county legislative authority and unpaid checks shall expire and become void as provided in RCW 84.69.110, then any moneys remaining in a refund account established by the county treasurer for any taxing district may be transferred by the county treasurer from such refund account to the county current expense fund to reimburse the county for the administrative expense incurred in making refunds as prescribed herein. Any excess then remaining in the taxing district refund account may then be transferred by the county treasurer to the current expense fund of the taxing district for which the tax was originally levied and collected. [1991 c 245 § 38; 1973 2nd ex.s. c 5 § 3; 1963 c 114 § 1; 1961 c 270 § 2; 1961 c 15 § 84.69.070. Prior: 1957 c 120 § 7.]

84.69.080 Refunds with respect to taxing districts—Not to be paid from county funds. Neither any county nor its officers shall refund amounts on behalf of a taxing district from county funds. [1961 c 15 § 84.69.080. Prior: 1957 c 120 § 8.]

84.69.090 To whom refund may be paid. The payment of refunds shall be made payable, at the election of the appropriate treasurer, to the taxpayer, his guardian, executor, or administrator or the owner of record of the property taxed, his guardian, executor, or administrator. [1961 c 15 § 84.69.090. Prior: 1957 c 120 § 9.]

84.69.100 Refunds shall include interest—Written protests not required—Rate of interest. Refunds of taxes made pursuant to RCW 84.69.010 through 84.69.090 shall include interest from the date of collection of the portion refundable or from the date of claim for refund, whichever is later: PROVIDED, That refunds on a state, county, or district wide basis shall not commence to accrue interest until six months following the date of the final order of the court. No written protest by individual taxpayers need to be filed to receive a refund on a state, county, or district wide

basis. The rate of interest shall be the equivalent coupon issue yield (as published by the Board of Governors of the Federal Reserve System) of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted after June 30th of the calendar year preceding the date the taxes were paid or the claim for refund is filed, whichever is later. The department of revenue shall adopt this rate of interest by rule. [1989 c 14 § 6; 1987 c 319 § 1; 1973 2nd ex.s. c 5 § 4; 1961 c 15 § 84.69.100. Prior: 1957 c 120 § 10.]

84.69.110 Expiration date of refund orders. Every order for refund of ad valorem taxes promulgated by the county treasurer or county legislative authority under authority of this chapter as hereafter amended shall expire and be void three years from the date of the order and all unpaid checks shall become void. [1991 c 245 § 39; 1961 c 15 § 84.69.110. Prior: 1957 c 120 § 11.]

84.69.120 Action on rejected claim—Time for commencement. If the county treasurer rejects a claim or fails to act within six months from the date of filing of a claim for refund in whole or in part, the person who paid the taxes, the person's guardian, executor, or administrator may within one year after the date of the filing of the claim commence an action in the superior court against the county to recover the taxes which the county treasurer has refused to refund. [1991 c 245 § 40; 1989 c 378 § 33; 1981 c 228 § 2; 1961 c 15 § 84.69.120. Prior: 1957 c 120 § 12.]

84.69.130 Claim prerequisite to action—Recovery limited to ground asserted. No action shall be commenced or maintained under this chapter unless a claim for refund shall have been filed in compliance with the provisions of this chapter, and no recovery of taxes shall be allowed in any such action upon a ground not asserted in the claim for refund. Reviser's note: The language "this act," "this chapter," and words of similar import appear throughout chapter 85.05 RCW. This chapter is almost entirely comprised of the basic diking district act of chapter 117, Laws of 1895, as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in *pari materia* being also codified herein. Some sections were expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly some sections were amended by

reference to the compilation number only. Some of these sections contain the language "this act," "this chapter," or both which appear in the session law either as original language or as reenactments of the compiler's translation. Therefore, throughout chapter 85.05 RCW such language is retained, wherever it appears, in the most recent session law reenactment. Situations concerning effective dates of particular acts or having express restrictive applications are otherwise specially noted.

But nothing contained in *this act shall be held to forbid the commissioners in their discretion overruling all protests and directing the construction of such improvement.

Commissioners shall likewise hear and consider all objections that may be filed to the proposed method of paying the cost of such improvement. [1915 c 153 § 5; RRS § 4247. Formerly RCW 85.04.460, part.]

In all cases wherein it is finally determined that the assessments for the system of drainage differ from the assessment theretofore made, as to any tract or parcel of land within said diking district, the diking commissioners in making their annual estimate shall segregate the amount necessary to be raised for the construction, repair and maintenance of the system of drainage or for the payment of the principal or interest of any bonds issued for drainage purposes from the amount necessary to be raised for all other diking purposes and the county auditor in apportioning said estimate for drainage purposes to the lands in such district shall base such apportionment upon the assessment fixed for drainage purposes and shall apportion the remainder of such estimate upon the basis fixed in the original or any subsequent

proceeding for all other diking purposes. But in all other cases, the estimate and apportionment shall be made in accordance with existing laws. [1915 c 153 § 8; RRS § 4250. Formerly RCW 85.04.470.]

85.05.090 Petition for improvement—Contents. Whenever it is desired to prosecute the construction of a system of dikes within said district, said district, by and through its board of commissioners, shall file a petition in the superior court of the county in which said district is located, setting forth therein the route over which the same is to be constructed, with a complete description thereof, together with specifications for its construction, with all necessary plats and plans thereof, together with the estimated cost of such proposed improvement, showing therein the names of the landowners whose lands are to be benefited by such proposed improvement; the number of acres owned by each landowner, and the maximum amount of benefits per acre to be derived by each landowner set forth therein from the construction of said proposed improvement, and that the same will be conducive to the public health, convenience and welfare, and increase the value of all of said property for purposes of public revenue. Said petition shall further set forth the names of the landowners through whose land the right-of-way is desired for the construction of said dikes; the amount of land necessary to be taken therefor, and an estimate of the value of said lands so sought to be taken for such right-of-way, and the damages sustained by any person or corporation interested therein, if any, by reason of such appropriation, irrespective of the benefits to be derived by such landowners by reason of the construction of said system. Such estimate shall be made, respectively, to each person through whose land said right-of-way is sought to be appropriated. Said petition shall set forth as defendants therein all the persons or corporations to be benefited by said improvement, and all persons or corporations through whose land the right-of-way is sought to be appropriated, and all persons or corporations having any interest therein, as mortgagee or otherwise, appearing of record, and shall set forth that said proposed system of dikes is necessary for the protection of all the lands from overflow described in said petition, and that all lands sought to be appropriated for said right-of-way are necessary to be used as a right-of-way in the construction and maintenance of said improvements; and when the proposed improvement will protect or benefit the whole or any part of any public or corporate road or railroad, so that the traveled track or roadbed thereof will be improved by the construction of said dikes, such fact shall

be set forth in said petition, and such public or private corporations owning said road or railroad shall be made parties defendant therein, and the maximum amount of benefits to be derived from such proposed improvement shall be estimated in said petition against said road or railroad. In the preparation of the facts and data to be inserted in said petition and filed therewith for the purpose of presenting the matter to the said superior court, the board of commissioners of said diking district may employ one or more good and competent surveyors and draughtsmen to assist them in compiling data required to be presented to the court with said petition as hereinbefore provided, and such legal assistance as may be necessary, with full power to bind said district for the compensation of such assistants or employees employed by them, and such services shall be taxed as costs in the suit. [1895 c 117 § 10; RRS § 4259. Formerly RCW 85.04.055, part.]

85.05.110 Summons—Contents—Service. A summons stating briefly the objects of the petition and containing a description of the land, real estate, premises or property sought to be appropriated, and those which it is claimed will be benefited by the improvement, and stating the court wherein the petition is filed, the date of the filing thereof and when the defendants are required to appear (which shall be ten days, exclusive of the day of service, if served within the county in which the petition is pending, and if in any other county, then twenty days after such service, and if served by publication, then within thirty days from the date of the first publication), shall be served on each and every person named therein as owner, encumbrancer, tenant or otherwise interested therein. The summons must be subscribed by the commissioners, or their attorney, running in the name of the state of Washington and directed to the defendants; and service thereof shall be made by delivering a copy of such summons to each of the persons or parties so named therein, if a resident of the state, or in case of the absence of such person or party from his or her usual place of abode, by leaving a copy of the notice at his or her usual place of abode; or in case of a foreign corporation, at its principal place of business in this state with some person of more than sixteen years of age; in case of domestic corporations service shall be made upon the president, secretary or other director or trustee of the corporation; in case of persons under eighteen years of age, on their guardians, or in case no guardian shall have been appointed, then on the person who has the care and custody of the person; in case of idiots, lunatics or insane persons, on their guardian, or in case no guardian shall have been appointed, then on the person in whose care or charge they are found. *In case the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited by the improvement, is state, tide, school or county land, the summons shall be served on the auditor of the county in which the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited,

is situated. In all cases where the owner or person claiming an interest in the real or other property is a nonresident of this state, or where the residence of the owner or person is unknown, and an affidavit of one or more of the commissioners of the district shall be filed that owner or person is a nonresident of this state, or that after diligent inquiry his residence is unknown or cannot be ascertained by such deponent, service may be made by publication thereof in a newspaper of general circulation in the county where such lands are situated once a week for three successive weeks. The publication shall be deemed service upon each nonresident person or persons whose residence is unknown. The summons may be served by any competent person eighteen years of age or over. Due proof of service of the summons by affidavit of the person serving the same, or by the printer's affidavit of publication, shall be filed with the clerk of the court before the court shall proceed to hear the matter. Want of service of the notice shall render the subsequent proceedings void as to the person not served; but all persons or parties having been served with summons as herein provided, either by publication or otherwise, shall be bound by the subsequent proceedings. In all cases not otherwise provided for, service of notice, order and other papers in the proceeding authorized by this chapter may be made as the superior court, or the judge thereof, may direct: PROVIDED, That personal service upon any party outside of this state shall be of like effect as service by publication. 85.05.120 Appearance of defendants—Jury—Verdict—Decree. Any or all of said defendants may appear jointly or separately, and admit or deny the allegations of said petition, and plead any affirmative matter in defense thereof, at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable, and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits as herein provided, if in attendance upon his court; and if not, he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summon from the citizens of the county in which said petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than

three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary to complete the jury in any case, the sheriff, under direction of the court or judge thereof, shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned, the cost thereof shall be taxed as part of the costs in the proceeding, and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvement, and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find the maximum amount of benefits, per acre, to be derived by each of the landowners from the construction of said improvement. And upon a return of the verdict into court, the same shall be recorded as in other cases; whereupon a decree shall be entered in accordance with the verdict so rendered, setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said diking district to draw their warrant on the county treasurer for the amount awarded by the jury to each person, for damages sustained by reason of the establishment of said improvement, payable out of the funds of said diking district. [1895 c 117 § 12; RRS § 4261. Formerly RCW 85.04.065, part.]

85.05.130 Assessment of benefited lands formerly omitted—Procedure—Appeals. If at any time it shall appear to the board of diking commissioners that any lands within or without said district as originally established are being benefited by the diking system of said district and that said lands are not being assessed for the benefits received, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the diking system of said district, and said board of diking commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the diking system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessments on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land, and praying that such original cause be opened for further proceedings for the purpose of

subjecting new lands to assessment or equalizing the assessments upon lands already assessed, or both.

Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other diking district, said summons shall also be served upon the commissioners of such other diking district.

In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other diking district, and the diking commissioners of such other district believe that the maintenance of the dike or dikes of such other district is benefiting lands within the district instituting the proceedings, said diking commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the diking system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the diking system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the diking district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention.

In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private dike against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private dike is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other diking district and are being assessed for the maintenance of the dikes of such other district, and the owner of such lands believes that the maintenance of the dike or dikes of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective dikes may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various dikes benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such dikes, and may interplead in said proceeding such other diking district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the dike or dikes of such other district.

No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence.

Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear

by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the dike or dikes to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any dike, structure, or improvement, and to credit, or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvements or structures thereon or easements granted in connection therewith affecting any other tract or tracts included in such proceedings and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the diking commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the future maintenance of any dike or dikes described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be allowed on such appeals. Nothing in this section contained shall be construed as affecting the right of diking districts to consolidation in any manner provided by law. [1971 c 81 § 157; 1913 c 89 § 1; 1901 c 111 § 1; 1895 c 117 § 13; RRS § 4262.]

Reviser's note: This section was declared unconstitutional in *Malim v. Benthien*, 114 Wash. 533 (1921). Prior enactments are set forth below:

1901 c 111 § 1. "If the board of diking commissioners shall, at any time, discover that any lands within said district are being benefited by the diking system and the same were by mistake, inadvertence or other cause omitted from the assessment of benefits as provided for in *the last preceding section, or which were omitted for the reason that they were not at the time of assessing the benefits as provided for in said preceding section, for any cause, subject to a legal assessment, said commissioners shall file a petition in the Superior Court in the original cause setting forth the fact of such benefits, describing the lands omitted, the reason the same were omitted in said original proceedings and giving the name of the owners or reputed owners thereof and praying that said original cause, as to such lands, be opened up for further proceedings for the assessment of the alleged benefits, and upon the filing of said petition summons shall issue thereon and be served on the defendants named in said petition the same as summons is served and issued in original proceedings, as near as may be, except the court may, to avoid costs, and in its discretion, call a jury of not less than three jurors, and the jury, in assessing the benefits, shall take into consideration the length of time said lands are to receive the benefits from said improvement and its future maintenance, estimating said time from the date when said lands first became legally assessable, which date must be found by the jury in their verdict as to each tract or parcel found to be benefited: AND PROVIDED FURTHER, That in case the expense and costs of the improvement have been paid for by assessments levied against the lands assessed in the original proceeding before the lands provided for in this section are assessed, as provided for herein, then, in such case, the assessments levied from time to time on said last mentioned land shall be paid into the maintenance fund of said district. Every person or corporation feeling himself or itself aggrieved by any judgment for damages or any assessment of benefits provided in this act, may appeal to the Supreme Court of the state within thirty days after the entry of the judgment, and

such appeal shall bring before the Supreme Court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

***Reviser's note:** The language "the last preceding section" which appears in the foregoing quotation of 1901 c 111 § 1, refers to 1895 c 117 § 12 codified as RCW 85.05.120.

1895 c 117 § 13. "Every person or corporation feeling himself or itself aggrieved by the judgment for damages, or the assessment of benefits, may appeal to the supreme court of this state, within thirty days after the entry of the judgment, and such appeal shall bring before the supreme court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

85.05.140 Proceedings may be dismissed when. In case the damages or amount of compensation for such right-of-way, together with the estimated cost of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this act, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate or premises be determined according to law. 85.06.110 Summons—Contents—Service. A summons stating briefly the objects of the petition and containing a description of the land, real estate, premises or property sought to be appropriated, and those which it is claimed to be benefited by the improvement, and stating the court wherein the petition is filed, the date of the filing thereof and when the defendants are required to appear (which shall be ten days, exclusive of the day of service, if served within the county in which the petition is pending, and if in any other county, then twenty days after such service, and if served by publication, then within thirty days from the date of the first publication), shall be served on each and every person named therein as owner, encumbrancer, tenant or otherwise interested therein. *Reviser's note: The case of *Paine v. State*, 156 Wash. 31 states that the provisions of this section relating to the service of summons on the county auditor were repealed by implication by 1909 c 154 § 6 which provided for such service upon the commissioner of public lands. Subsequently 1919 c 164 was enacted containing similar provisions and providing for service upon the commissioner of public lands, and was amended by 1963 c 20 §§ 4 and 5 to provide for service upon the budget director and the chief administrative officer of the agency having jurisdic-

tion over such land. Those sections, codified as RCW 47.20.020 and 47.20.030, were repealed by 1970 ex.s. c 51 § 178.

Purpose—Intent—Severability—1977 ex.s. c 80: See notes following RCW 4.16.190.

Severability—1971 ex.s. c 292: See note following RCW 26.28.010.

85.06.120 Appearance of defendants—Jury—Verdict—Assessment of damages and benefits—Decree. Any or all of said defendants may appear jointly or separately and admit or deny the allegations of said petition and plead any affirmative matter in defense thereof at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, and that said improvement has a good and sufficient outlet, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits, as herein provided, if in attendance upon his court; and if not he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summons from the citizens of the county in which petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary, to complete the jury in any case, the sheriff, under the directions of the court or the judge thereof shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned the cost thereof shall be taxed as part of the cost in the proceedings and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvements and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find a maximum amount of benefits per acre to be derived by each of the landowners, and also the maximum amount of benefits resulting to any municipality, public highway, corporate road, or district from construction of said improvement. And upon a return of the verdict into court the same shall be reported as in other cases; whereupon, a decree shall be

entered in accordance with the verdict so rendered setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said drainage district to draw their warrant on the county treasurer for the amount awarded by the jury to each person for damages sustained by reason of the establishment of said improvement, payable out of the funds of said drainage district. [1909 c 143 § 2; 1895 c 115 § 12; RRS § 4310. Formerly RCW 85.04.065, part.]

85.06.125 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which drainage districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which drainage districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 25.]

Severability—1985 c 396: See RCW 85.38.900.

85.06.130 Assessment of benefited lands formerly omitted—Procedure—Appeals. If at any time it shall appear to the board of drainage commissioners that any lands within or without said district as originally established are being benefited by the drainage system of said district and that said lands are not being assessed for the benefits received, or if after the construction of any drainage system, it appears that lands embraced therein have in fact received or are receiving benefits different from those found in the original proceedings, and which could not reasonably have been foreseen before the final completion of the improvement, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the drainage system of said district, and said board of drainage commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the drainage system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessment on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessments or equalizing the assessments upon lands already assessed, or both. Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other drainage district, said summons shall also be served upon the commissioners of such other drainage district. In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any

other drainage district, and the drainage commissioners of such other district believe that the maintenance of the drain or drains of such other district is benefiting lands within the district instituting the proceeding, said drainage commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the drainage system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the drainage system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the drainage district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention. In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private drain against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private drain is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other drainage district and are being assessed for the maintenance of the drains of such other district, and the owner of such lands believes that the maintenance of the drain or drains of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective drains may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various drains benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such drains, and may interplead in said proceeding such other drainage district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the drain or drains of such other district. No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the drain or drains to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any drain, structure or improvement, and to credit or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvement or structures thereon or easements granted in connection therewith, affecting any other tract or tracts included in such proceedings, and shall specify in their

verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the drainage commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the cost of construction or future maintenance of any drain or drains described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be required on such appeals. Nothing in this section contained shall be construed as affecting the right of drainage districts to consolidation in any manner provided by law. [1971 c 81 § 159; 1917 c 133 § 1; 1901 c 86 § 1; 1895 c 115 § 13; RRS § 4311.]

Reviser's note: Provisions similar to those contained in this section but relating to diking districts were held unconstitutional in *Malim v. Benthien*, 114 Wash. 533 (1921); see note following RCW 85.05.130.

85.06.140 Dismissal of proceedings, when—Costs.

In case the damages or amount of compensation for such right-of-way, together with the estimated costs of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or, if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, or will not have sufficient outlet, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. [1895 c 115 § 14; RRS § 4312. Formerly RCW 85.04.070, part.]

85.06.150 Procedure to claim awards. Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this chapter, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate or premises be determined according to law. [1895 c 115 § 15; RRS § 4313. Formerly RCW 85.04.210, part.]

85.06.160 Transcript of benefits to auditor—Assessments—Collection—Supplemental assessment. Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person and corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption, and the lands sold for the collection of said taxes shall be subject to the same right of redemption as the sale of lands for general taxes: PROVIDED, That said assessments shall not become due and payable except at such time or times and in such amounts as may be designated by the board of commissioners of said drainage district, which designation shall be made to the county auditor by said board of commissioners of said drainage district, by serving written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons or corporation, according to said notice, upon the assessment rolls in his said office, and collected therewith; PROVIDED FURTHER, That no one call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the amount estimated by the board of commissioners to be necessary to pay the costs of the proceedings, and the establishment of said district and drainage system and the cost of construction of said work; PROVIDED FURTHER, That where the amount realized from the original assessment and tax shall not prove sufficient to complete the original plans and specifications of any drainage system, alterations, extensions or changes therein, for which the said original assessment was made, the board of commissioners of said district shall make such further assessment as may be necessary to complete said system according to the original plans and specifications, which assessment shall be made and collected in the manner provided in this section for the original assessment. [1907 c 242 § 1; 1895 c 115 § 16; RRS § 4316. Formerly RCW 85.04.080, part.]

85.06.180 Construction—Contractors—Performance bonds. After the filing of said certificate said commissioners of such drainage district shall proceed at once in the construction of said improvement, and in carrying on said construction or any extensions thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary and purchase all material that may be necessary in the construction and carrying on of the work of said improvement, and

shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: PROVIDED, That in case the whole or any portion of said improvement is let to any contractor said commissioners shall require said contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by said contract, with two or more sureties to be approved by the board of commissioners of said drainage district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his executors, administrators or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further or additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said drainage district in the name of said district as obligee therein, conditioned that said contractor, his executors, administrators or assigns, or subcontractor, his executors, administrators or assigns, performing the whole or any portion of said work under contract of said original contractor, shall pay or cause to be paid all just claims for all persons performing labor or rendering services in the construction of said work, or furnishing materials, merchandise or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: PROVIDED FURTHER, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporation performing said labor and furnishing said materials, goods, wares, merchandise and provisions, shall, within ninety days after the completion of said improvement, file their claim, duly verified; that the amount is just and due and remains unpaid, with the board of commissioners of said drainage district. [1895 c 115 § 18; RRS § 4318. Formerly RCW 85.04.095, part.]

85.06.190 Substantial changes in plans—Procedure. The work on said improvement shall begin and shall be completed with all expedition possible, and said board of commissioners of such drainage district, or any contractor thereunder, shall have no power whatever to change said route or system of improvement or the manner of doing the work therein so as to make any radical changes in said improvement, without the written consent of all the landowners to be benefited thereby, and the landowners which may be damaged thereby. And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plan or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons

shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien or interest therein appearing of record in said district, and any or all of said parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of all of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of said proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvements, then the court, after having passed upon all preliminary questions as in the original proceedings may call a jury to be impaneled as in the case of the original proceeding for the establishment of said improvements, and upon the final hearing of said cause, the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations, the same as upon the original petition, by reason of such proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of said proposed change in said improvements, and the proceedings thereafter shall be the same as to rendering judgment, appeal therefrom, payment of compensation and damages and filing of the certificate with the auditor, as hereinbefore provided for in the proceedings upon the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvements according to the changes made therein. [1909 ex.s. c 13 § 1; 1895 c 115 § 19; RRS § 4319. Formerly RCW 85.04.100, part.]

85.06.200 Payments on contracts—Retained percentage. During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: PROVIDED, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor, and twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until said work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvements; and upon the completion of said work and the payment of all claims hereinbefore provided for according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 115 § 20; RRS § 4320. Formerly RCW 85.04.105, part.]

85.06.210 Connecting private drains—Procedure—Costs. Any person or corporation owning land within said district shall have a right to connect any private drains or ditches for the proper drainage of such land with said system, and in case any persons or corporations shall desire to drain such lands into said system and shall find it necessary, in order to do so, to procure the right-of-way over the land of another, or others, and if consent thereto cannot be procured from such person or persons, then such landowner

may present in writing a request to the board of commissioners of said district, setting forth therein the necessity of being able to connect his private drainage with said system, and pray therein that said system be extended to such point as he may designate in said writing, and immediately thereon said board of commissioners shall cause a petition to be filed in the superior court, for and in the name of said drainage district, requesting in said petition that said system be extended as requested, setting forth therein the necessity thereof and praying that leave be granted by the board to extend the system in accordance with the prayer of said petition, and the proceedings in such case, upon the presentation of such petition and the hearing thereof, shall be, in all matters, the same as in the hearing and presentation of the original petition for the establishment of the original system of drainage in said district, as far as applicable. That the costs in such proceedings shall be paid from the assessment of benefits to be made on the lands of the person or persons benefited by such extension, and the assessment and compensation for the right-of-way, damages and benefits, and payment of damages and compensation, and the collection of the assessments for benefits, shall be the same as in the proceedings under the original petition, and the construction of the said extension shall be made under the same provisions as the construction of the original improvement; and all things that may be done or performed in connection therewith shall be, as near as may be applicable, in accordance with the provisions already set forth herein for the establishment and construction of said original improvement: PROVIDED, That such petitioner or petitioners shall, at the time of filing such petition by said drainage commissioners, enter into a good and sufficient bond to said drainage district in the full penal sum of five hundred dollars, with two or more sureties, to be approved by the court, conditioned for the payment of all costs in case the prayer of said petition should not be granted, which bond shall be filed in said cause. [1895 c 115 § 21; RRS § 4321. Formerly RCW 85.04.640.]

85.06.220 Connecting with lower districts—Procedure. In case of the establishment of a drainage district and system of drainage under the provisions of this chapter above any other district that may have theretofore been established and above any other system of drainage that may have theretofore been constructed in said district, and in case said district to be established above may desire to connect its drainage system with the lower or servient district, shall be made a party to the proceedings for the establishment of such system, and the petition to be filed in the superior court for the establishment of the system of drainage in said upper district shall, in addition to the facts hereinbefore provided and required to be set forth therein, set forth the fact that said lower system in said lower district is necessary to be used as an outlet for the system of drainage of said upper district, and that the same will be a sufficient outlet and will afford sufficient capacity to carry the drainage of both said upper and lower districts; and in case said system of said lower district will be required to be enlarged by widening or deepening the same, or both, in order to give sufficient outlet to said upper district and afford sufficient drainage for said upper and lower districts,

then the plans and specifications for enlarging the system of said lower district shall be filed with said petition in addition to the other data hereinbefore provided for in this chapter. All the landowners in said lower district, or any person claiming any interest therein as mortgagee or otherwise, shall be made parties defendant in said petition, and the proceedings therein as to the assessment of damages and compensation for land taken, if any be necessary to be taken in enlarging said lower system, shall be the same as in the establishment of systems of drainage in the lower or servient district as hereinbefore provided for; but the jury, in addition to the facts to be found by them as provided for in the establishment of a drainage system in the lower district, shall find and determine whether said lower system, when improved according to the plans and specifications filed with the said petition, will afford sufficient drainage for both said upper and lower districts, which finding shall be made by the jury before considering any other question at issue in said proceeding; and in case said jury should find that the system of said lower district when improved as proposed in said petition would not be sufficient, then, in that case, said finding shall terminate the proceedings, and no further proceedings in said case shall be had, and the costs of said proceeding shall be paid as costs in other proceedings, as hereinbefore provided for; but in such case the finding of said jury shall not terminate the objects of said upper district or operate to disorganize the same, but said upper district may begin new proceedings for the establishment of a system of drainage with some new outlet provided therein. All costs for the enlarging or improving of said lower system that may be required shall be assessed to the landowners in the upper district according to the benefits to be derived from the construction of said entire system, and no additional cost shall be thrown upon the lower district, and all compensation for taking any right-of-way that may be necessary to be taken in enlarging said lower system, and all damages occurring therefrom, if any, to the landowners of said lower district, shall be ascertained and paid in the same manner as hereinbefore provided for for the adjustment of compensation and damages in the establishment of drainage systems in lower districts. Said lower district, by and through its board of commissioners, may appear in said cause and show therein any injury it may sustain as a district by reason of the additional cost of maintenance of said lower system as improved and enlarged, and such fact shall be determined in said cause and the jury shall find the amount of the increased costs of maintenance per annum, which will be sustained by said lower district by reason of said enlarging or improving of the same, and judgment shall be rendered in favor of said lower district against said upper district for such amount so found, and the same shall be paid each year as the cost of construction is paid as provided for in this chapter, and the amount so paid shall be held by said lower district as an additional fund for the maintenance of its said system as improved and enlarged by said upper district. [1895 c 115 § 22; RRS § 4322. Formerly RCW 85.04.645.]

85.06.230 City or town may act as or be included in drainage district. Any town or city already incorporated, or which may hereafter be incorporated, may exercise the functions of a drainage district under the provisions of this

The board of commissioners may issue warrants of such district in payment of all claims of indebtedness against such district, which shall be in form and substance the same as county warrants, or as near the same as may be practicable, and shall draw the legal rate of interest from the date of their presentation to the treasurer for payment, as hereinafter provided, and shall be signed by the chairman and attested by the secretary of said board: PROVIDED, That no warrants shall be issued by said board of commissioners in payment of any indebtedness of such district for less than the face or par value. [1985 c 396 § 42; 1895 c 115 § 25; RRS § 4325. Formerly RCW 85.04.040, part and 85.04.165, part.]

All warrants issued under the provisions of this chapter shall be presented by the owners thereof to the county treasurer, who shall indorse thereon the day of presentation for payment, with the additional indorsement thereon, in case of nonpayment, that they are not paid for want of funds; and no warrant shall draw interest under the provisions of this chapter until it is so presented and indorsed by the county treasurer. And it shall be the duty of such treasurer, from time to time, when he has sufficient funds in his hands for that purpose, to advertise in the newspaper doing the county printing for the presentation to him for payment of as many of the outstanding warrants as he may be able to pay: PROVIDED, That thirty days after the first publication of said notice of the treasurer calling in any of said outstanding warrants said warrants shall cease to bear interest, which shall be stated in the notice. Said notice shall be published two weeks consecutively, and said warrants shall be called in and paid in the order of their indorsement. [1986 c 278 § 30; 1895 c 115 § 33; RRS § 4333. In case lands belonging to the state, county, school district or other public corporations are benefited by any improvement instituted under the provisions of this chapter, all benefits shall be assessed against such lands, and the same shall be paid by the proper authorities of such public corporation at the times and in the same manner as assessments are called and paid in case of private persons, out of any general fund of such corporation. [1895 c 115 § 36; RRS § 4336. Formerly RCW 85.04.110, part.]

Whenever it shall appear to the board of commissioners of any drainage district now organized or that may be hereafter organized under the laws of the state of Washington, that existing drainage systems or improvements are inadequate or insufficient to properly drain the lands within said district or any portion or portions thereof, such commissioners shall have the power and they are hereby authorized to construct such additional system or systems or to extend, add to, or enlarge any existing system as in their judgment is necessary. In such event the procedure for the establishment of such additional system or extension of existing system and the manner and method of the payment of the cost of construction and maintenance of the same by the assessment of the lands particularly benefited thereby, as well as the obtaining of necessary rights of way shall be the same as that provided by existing laws for the establishment of the original drainage system within said district. In the exercise of any of the powers herein granted it shall be immaterial whether the outlet of any of the ditches, drains, or other necessary structures or appliances are to be located within or without the boundaries of said district. This section is intended to grant supplemental and additional powers to such drainage districts and shall not be construed to limit or repeal any existing powers of such districts, nor to repeal any existing laws relating thereto. board of commissioners that such improvement could not be completed within the estimated cost thereof so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement without expending a greater sum than the estimated cost of such improvement and that the benefits which would actually accrue to the lands of the district would be sufficient to warrant the increased expenditure necessary to complete the improvement, and such board of commissioners shall have incurred indebtedness in the name of the district to such an amount as would complete the authorized system of drainage for the benefit of the lands of the district found by the jury to be benefited by the proposed improvement, and issued the warrants of the district to cover the additional cost of completing such improvement all warrants heretofore issued for such purposes are hereby declared to be valid and legal obligations of the district so issuing the same. [1921 c 187 § 1; RRS § 4460.]

Whenever the board of commissioners of any drainage district shall have heretofore issued any warrants of the district for the purpose of completing a system of drainage for such district so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement as provided in the preceding section, and the total estimated maximum benefits found by the jury that would accrue to the lands of the district by reason of such proposed improvement are not sufficient to cover the actual cost of such improvement, including the cost of completing the same as hereinabove provided, the board of commissioners of such district shall file a petition in the superior court in the original proceeding for the determination of the damages and benefits to accrue from the proposed improvement, setting forth the facts, describing the lands that have been, in the judgment of the commissioners, actually benefited by the completed improvement, stating the estimated amount of benefits per acre that have accrued to each tract of land respectively, giving the name of the owner or reputed owner of such tract of land, and praying that the original proceedings be opened for further proceedings for the purpose of determining the benefits which have accrued to each tract of land actually benefited by the completed improvement. If the said board of commissioners fail or refuse to file such petition within sixty days after receipt of a written request so to do, signed by any warrant-holder, then the said warrant-holder shall have the right to file same. [1921 c 187 § 2; RRS § 4461.]

Upon the filing of the petition provided for in the preceding section, summons shall issue thereon and be served on the owners of all lands described in the petition as having been benefited, in the same manner as summons is issued and served in the original proceedings for the determination of damages and benefits by reason of a proposed drainage improvement, as near as may be. No answer to any such petition shall be required unless the party served with summons desires to offset damages claimed to have been actually sustained by

reason of the completed improvement in addition to the damages found by the jury in the original proceeding, and no default judgment shall be taken for failure to answer any such petition. [1921 c 187 § 3; RRS § 4462.]

85.06.740 Costs in excess of estimate—Hearing by jury—Verdict. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons issued as provided in the preceding section, the court shall empanel a jury to hear and determine the matters in issue, and if the jury shall find that the matters set forth in the petition are true and that any of the lands of the district have been benefited by the completed improvement, after offsetting any additional damages found to have been sustained by reason thereof, it shall determine and assess the benefits which have actually accrued, and shall specify in its verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. [1921 c 187 § 4; RRS § 4463.]

85.06.750 Costs in excess of estimate—Judgment—Appellate review. Upon the return of the verdict of the jury as provided in the preceding section, if it shall appear to the court that the total benefits found by the jury to have accrued to the lands of the district is equal to or exceeds the actual cost of the improvement including the increased cost of completing the same, the court shall enter its judgment in accordance therewith, as supplemental to and in lieu of the original decree fixing the benefits to the respective tracts of land, and thereafter the assessment and levy for the original cost of the construction of the improvement, including the indebtedness incurred for completing the improvement together with interest at the legal rate on the warrants issued therefor, and all assessments and levies if any, for the future maintenance of the drainage system described in the judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in the judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may seek appellate review within thirty days after the entry thereof, and such review shall bring before the appellate court the propriety and justness of the verdict of the jury in respect to the parties to the proceeding. [1988 c 202 § 76; 1971 c 81 § 161; 1921 c 187 § 5; RRS § 4464.]

85.07.140 Civil action to strike land from assessment roll—Court decree—Subsequent restoration to rolls, procedure. If the court is satisfied that the status of said property has changed so that it is no longer susceptible to benefit from the improvement of such district and should be removed from the assessment roll thereof, and it be

established that all benefits assessed against said lands up to the date of trial have been paid, such court may enter a decree striking such land from the assessment roll of said district, and it shall not be subject to future assessment for benefits or maintenance by such district, unless, thereafter, it is again brought into such districts by the proceedings provided by law to extend the district or include benefited property which is not assessed. Nothing herein shall prevent such property from being again brought into said district in the manner provided by law generally for the inclusion of benefited property, if it appear at a future date that said property will receive benefits from the improvement in such district. Upon entry of such decree of the court a certified copy thereof shall be filed in the office of the auditor of such county wherein the property is situated, and upon receipt thereof, he shall correct the assessment roll of said district accordingly and strike the property therefrom. [1935 c 102 § 2; RRS § 4360-2. Formerly RCW 85.04.185.]

85.07.150 Adjustment of indebtedness with state. See chapter 87.64 RCW.

85.07.160 Disincorporation of diking and drainage district located in county with a population of two hundred ten thousand or more and inactive for five years. See chapter 57.90 RCW.

85.07.170 Additional powers relating to diking and drainage works. The commissioners of any drainage or diking district shall have power, on behalf of the district, to acquire, place, repair and maintain, dikes and dams, ditches, drains and outlets therefor, together with right of way therefor and access thereto, or obtain rights therein or full or joint use and maintenance thereof, when deemed by them necessary or beneficial for the protection of the district's system or its improvements, by eminent domain, purchase, or contract, with the owners or other districts through their commissioners, or other entities or persons together with power to contract by and with other districts or entities with reference to such matters and their performance.

The provisions of this section shall be construed as cumulative and shall not derogate from any other powers authorized by law for such districts. [1963 c 96 § 1.]

Reviser's note: Chapter 85.08 RCW is almost entirely composed of chapter 176, Laws of 1913, the basic drainage improvement district act, as it has been amended and added to by subsequent legislation. Chapter 130, Laws of 1917 and chapter 157, Laws of 1921 are primarily express amendments to such basic act, however, also contained in such acts were several sections not expressly amendatory of the basic act but which are in pari materia therewith; therefore, such other sections are also codified in this

chapter. Further, RCW 85.08.820 contains an independent session law which is in pari materia and so closely connected with the subject matter of this chapter that it has been codified herein. Thus, throughout chapter 85.08 RCW the term "this act" has been translated to read "this chapter" unless because of peculiar circumstances other treatment is required in which case it is specially noted.

Repeal and saving (1913 c 176 § 39): "Sec. 39. Chapter LXVI of the Laws of 1901 is hereby repealed, saving and excepting, however, that the provisions of said act shall continue in force and effect and shall be applicable to and shall govern all proceedings, rights and powers, in the case of ditches already contracted for, or under construction under said act, and in the case of the maintenance of the same for the current year 1913; and the method of supervision, construction, payment for the work, apportionment of costs, and assessment and collection thereof, delinquency and foreclosing thereof and penalties therefor, and all other proceedings in regard to the same, shall be as in said chapter LXVI of Laws of 1901 prescribed: PROVIDED, HOWEVER, That with the consent of the holders of warrants heretofore issued or hereafter issued for work already begun or contracted for under said act, or with the consent of the contractor engaged in constructing any ditch or drainage system under said act, the provisions of this act in regard to the funding of such warrants with bonds, or the payment for work with bonds and the issuance and sale thereof, and all provisions in regard to such issuing of bonds, shall be applicable to such outstanding warrants or work already begun or contracts let for work. And in such event and to the extent of the costs so acquiesced in by warrant holders or contractors, all the provisions of this act in regard to the method of payment, form, issuing and sale, of bonds and warrants, extension of the assessment over a term of years, collecting, delinquency, interest and foreclosure of the assessments, and all other proceedings in regard thereto shall be as in this act provided. In such event the county commissioners shall prescribe the method and time of payment of the assessments and whether bonds shall be issued and perform any other proper act in regard to the same, at a special meeting called for that purpose, or at the hearing on the apportionment of costs provided for in section 30 hereof.

PROVIDED, ALSO, That in case any of the provisions of this act shall be applied to any proceedings in regard to any ditch begun under said chapter LXVI of the Laws of 1901 and the same shall be held not to be legally applicable thereto by a court of competent jurisdiction, then appropriate and proper proceedings for the performance of said acts or duties shall be had and done in regard thereto, as in said chapter LXVI of the Laws of 1901 provided. And from the time any such drainage district organized and existing under the provisions of said chapter LXVI of the Laws of 1901, shall be brought under the provisions of this act, said district shall be known and designated in all proceedings and records relating thereto, as Drainage Improvement District No. of County, retaining its original serial number.

Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter CXV of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceeding heretofore or that may hereafter be had under the provisions of said act."

Applicability of prior laws (1913 c 176 § 40): "Sec. 40. Except as specified in the foregoing section, all of the provisions of this act, instead of said chapter LXVI of the Laws of 1901, shall be applicable to and shall govern and be the law in all respects, in regard to all ditches and drainage systems now existing, initiated or applied for under said chapter LXVI of the Laws of 1901, and all powers hereby vested in or granted to all boards and officers under this act shall be vested in such boards and officers that shall hereafter have charge of the work, or administering of the affairs of such ditches and drainage systems, and the districts in which they lie."

Severability (1913 c 176 § 41): "Sec. 41. An adjudication that any section, paragraph, or portion of this act, or any provision thereof, or proceeding provided for therein, is unconstitutional or invalid shall not affect or determine the constitutionality, or validity, of this act as a whole or of any other portion or provisions thereof, and all provisions of this act not adjudicated to be unconstitutional shall be and remain in full force and effect and shall be operative until specifically adjudicated to be unconstitutional or invalid."

Special district creation and operation: Chapter 85.38 RCW.

85.08.010 Definitions. "System", "improvement", and "system of improvement", as used in this chapter, shall be held to include a dike, ditch, drain or watercourse, or sewer, and any side, lateral, spur or branch dike, ditch, drain or watercourse, or sewer, or other structure, necessary to secure the object of the improvement. Any number of dikes, ditches, drains or watercourses, or sewers, with their laterals, spurs, and branches with separate outlets, or in the case of sewers with one or more septic tanks, may constitute one system for the protection or reclamation of the land included in any district. But no system shall be established or constructed unless sufficient outlet or outlets, or in the case of sewers, sufficient septic tank or tanks, are provided for any drainage or sewerage of such district. Such outlet or outlets, or septic tank or tanks, may be either within or without the boundaries of the improvement district hereinafter provided for. Any natural watercourse may be improved in accordance with the provisions of this chapter.

"Damages", as used in this chapter, shall be held to include the value of the property taken and injury to property not taken, or either, as the case may be. "Property benefited" and "property damaged", as used in this chapter, shall be held to include land, platted or unplatted, whether subject to or exempt from general taxation, and roads other than public roads. "Public roads", as used in this chapter, shall be held to include state and county roads, streets, alleys and other public places; and "other roads", as used in this chapter shall be held to include railroads, street railroads, interurban railroads, logging roads, tramways and private roads and the right-of-way, roadbeds and tracks thereof.

"Public utilities", as used in this chapter, shall be held to include irrigation, power and other canals, flumes, conduits and ditches, telegraph, telephone and electric transmission and pole lines, and oil, gas and other pipe lines. "County engineer", as used in this chapter, shall be held to include any engineer specially employed by the board of county commissioners or the board of supervisors to report upon and prepare plans for or to superintend the construction of a system or the maintenance thereof under the provisions of this chapter. "Prosecuting attorney", as used in this chapter, shall be held to include any attorney specially employed by the board of county commissioners in connection with the carrying out of the provisions of this chapter to advise or carry on proceedings in court with reference to a system of improvement initiated and constructed under the provisions of this chapter. [1923 c 46 § 2; 1917 c 130 § 13; 1913 c 176 § 2; RRS § 4406. FORMER PART OF SECTION: 1925 ex.s. c 189 § 1, part, now codified as RCW 85.08.230.]

Reviser's note: The term "county engineer" is defined in the last paragraph of this section. Throughout this chapter the terms "engineer", "district engineer" and "county engineer" appear to have been used interchangeably in the session laws and the usage of the latest session law language has been retained herein.

Inapplicability of prior laws (1917 c 130 § 39): "Sec. 39. Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter 115 or of chapter 117 of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceedings heretofore or that may hereafter be had under the provisions of said acts."

County road engineer: Chapter 36.80 RCW.

85.08.015 Certain powers and rights governed by chapter 85.38 RCW. Diking, drainage, or sewerage improvement districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW. [1985 c 396 § 33.]

Severability—1985 c 396: See RCW 85.38.900.

85.08.025 Voting rights. Each qualified voter of a diking improvement or drainage improvement district who owns more than ten acres of land within the district shall be entitled to two additional votes for each ten acres or major fraction thereof located within the district, up to a maximum total of forty votes for any voter, or in the case of community property, a maximum total of twenty votes per member of the marital community: PROVIDED, That this additional voting provision shall only apply in districts that were not in operation and did not have improvements as of May 14, 1925. [1991 c 349 § 3; 1985 c 396 § 21. Formerly RCW 85.05.015.]

Severability—1985 c 396: See RCW 85.38.900.

85.08.190 Eminent domain—Consolidation of actions. For the purpose of taking or damaging property for the purposes of this chapter, counties shall have and exercise the power of eminent domain in behalf of the proposed improvement district, and the mode of procedure therefor shall be as provided by law for the condemnation of lands by counties for public highways: PROVIDED, That the county, at its option, pursuant to resolution to that end duly passed by the board of county commissioners, may unite in a single action, proceedings for the acquisition and condemnation of different tracts of land required for rights of way which are held by separate owners. The court may, on motion of any party, consolidate into a single action separate suits for the condemnation of different tracts of land held by separate owners whenever from motives of economy or the expediting of business it appears advisable to do so. In such cases the jury shall render separate verdicts for the different tracts of land. [1917 c 130 § 21; 1913 c 176 § 13; RRS § 4418.]

85.08.200 Verdict to fix damages and benefits—Judgment. The jury in such condemnation proceedings shall find and return a verdict for the amount of damages sustained: PROVIDED, That the jury, in determining the amount of damages, shall take into consideration the benefits, if any, that will accrue to the property damaged by reason of the proposed improvement, and shall make special findings in the verdict of the gross amount of damages to be sustained and the gross amount of benefits that will accrue. If it shall appear by the verdict of the jury that the gross damages exceed the gross benefits, judgment shall be entered against the county, and in favor of the owner or owners of the property damaged, in the amount of the excess of damages over the benefits, and for the costs of the proceedings, and upon payment of the judgment into the registry of the court for the owner or owners, a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. If it shall appear by the verdict that the gross benefits as found

by the jury equal or exceed the gross damages, judgment shall be entered against the county and in favor of the owner or owners for the costs only, and upon payment of the judgment for costs a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. The verdict and findings of the jury as to damages and benefits shall be binding upon the board appointed to apportion the cost of the improvement upon the property benefited as hereinafter provided. [1913 c 176 § 14; RRS § 4419.]

85.08.210 Warrant for damages. Upon the entry of judgment as provided in RCW 85.08.200, the county auditor shall, under the direction of the county legislative authority, draw a warrant upon the county treasurer for the payment of the amount of damages agreed to or the amount of the judgment, as the case may be, to be paid out of the current expense fund of the county. [1986 c 278 § 31; 1913 c 176 § 15; RRS § 4420.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.08.220 Construction to be directed, when. When the board of county commissioners shall have finally determined and fixed the route and plans for the proposed system of improvement and the boundaries of the improvement district, and when it shall appear that the damages for property to be taken or damaged have been settled in the manner hereinabove provided, or when it shall appear that such damages have been settled as to a particular portion of the proposed improvement, and that construction of such portion of such proposed improvement is feasible, thereupon such system of improvement or such portion thereof, as the case may be, shall be constructed in the manner hereinafter provided. [1917 c 130 § 22; 1913 c 176 § 16; RRS § 4421.]

85.08.230 Levy for preliminary expenses—Collection—"Preliminary expenses" defined. Whenever the board of county commissioners has passed a resolution establishing a district, the county commissioners may at their meeting on the first Monday in October next ensuing and at the same time in each year thereafter until the improvement has been completed and a statement of total costs has been filed, levy an assessment against the property within the district to defray the preliminary expenses of the district, the levy to be based upon the estimated benefits as shown by the report of the county engineer on file in the auditor's office. The assessment so made shall be considered and credited to the respective pieces of property by the board of appraisers and by the county commissioners at the hearing on the assessment roll and the final apportionment. The preliminary assessments herein provided for shall be levied and collected in the same manner as the final assessment and shall be credited to the construction fund and used for the redemption of warrants issued against the same. Preliminary expenses shall mean all of the expenses incurred in the proceedings for the organization of the district and in other ways prior to the beginning of the actual construction of the improvement. [1925 ex.s. c 189 § 1; RRS § 4421-1. Formerly RCW 85.08.010, part and 85.08.230.]

85.08.285 Special assessment bonds. Special assessment bonds and notes shall be issued and sold in accordance with chapter 85.38 RCW. [1986 c 278 § 25.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.08.300 Supervisors—Election—Duties. The board of supervisors of the district shall consist of three elected supervisors. The initial supervisors shall be appointed, and the first elected supervisor elected, as provided in chapter 85.38 RCW. The board of supervisors shall have charge of the construction and maintenance of the systems of improvements, subject to the limitations hereinafter set forth, and may employ a superintendent of construction and maintenance who may be one of the two elected supervisors. The supervisors may be employed upon the construction or maintenance, receiving the same compensation as other labor of like character.

When a district contains not more than five hundred acres, or when a petition is presented to the county legislative authority signed by the owners of fifty percent of the acreage of the district praying for such action, the county engineer shall act as the sole supervisor of the district; and in such case the allowance of all claims against the district shall be by the county legislative authority. [1985 c 396 § 45; 1965 c 120 § 1; 1955 c 338 § 1; 1921 c 157 § 4; 1917 c 130 § 26; 1913 c 176 § 20; RRS § 4425.]

Severability—1985 c 396: See RCW 85.38.900.

85.08.305 Supervisors—Terms of office—County engineer to act as supervisor. The county engineer shall continue to act as a supervisor of a diking, drainage, or sewerage improvement district that is governed by a three-member board of supervisors until a replacement assumes office after being elected at the 1987 special district general election. At that election two supervisors shall be elected, with the person receiving the greatest number of votes being elected to a six-year term, and the person receiving the second greatest number of votes being elected to a four-year term. Thereafter, all supervisors shall be elected to six-year terms. [1985 c 396 § 23.]

Severability—1985 c 396: See RCW 85.38.900.

85.08.310 Construction of improvements—Contracts with United States. The said board of supervisors shall, immediately upon their election and qualification, begin the construction of such system of improvement and shall proceed with the construction thereof in accordance with the plans adopted therefor. In the construction of any system of drainage, construction shall be begun at the outlet or outlets thereof and at such other points as may be deemed advisable from time to time. In the construction of any system of improvement the board of supervisors with the approval of the board of county commissioners may modify, curtail, enlarge or add to the original plans wherever the same may be found necessary or advisable in the course of actual construction. But such changes shall not in the aggregate increase the estimated cost of the entire system by more than one-fifth, and all additional or different rights of way required shall be obtained as hereinbefore prescribed. The board of county commissioners may in its discretion let the construction of said system or any portion thereof by

contract, in the manner provided for letting contracts for the construction of county roads and bridges. The board of county commissioners may, upon such terms as may be agreed upon by the United States acting in pursuance of the National Reclamation Act approved June 17, 1902 (32 Statutes at Large 388), and the acts amendatory thereof and supplemental thereto, or in pursuance to any other act of congress appropriate to the purpose, contract for the construction of the system of improvement or any part thereof, by the United States, or in cooperation with the United States therein. In such case, no bond shall be required, and the work shall be done under the supervision and control of the proper officers of the United States.

Unless the work of construction is let by contract as hereinbefore provided, or for such part of such work as is not covered by contract, the board of supervisors shall employ such number of men as shall be necessary to successfully carry on the work of such construction, and shall give preference in such employment to persons owning land to be benefited by the improvement.

The provisions of this section shall not be construed as denying to the supervisors, in case the construction work is left in their hands, the power to enter into an agreement with any contractor to furnish labor, material, equipment and skilled supervision, the contractor to be compensated upon the basis of a specific sum, or upon a percentage of the cost of the work, the services of the contractor to cover the use of equipment and the value of skilled supervision: PROVIDED, HOWEVER, That there is retained in the said board by the contract the right of termination thereof at any time, on reasonable notice, and fixing in the said contract, or reserving in said board, the right to fix the rates of wages to be paid to the men employed in said work. The board of supervisors may also let contracts in such manner and on such notice as they deem advisable for items of construction not exceeding one thousand dollars in amount of expenditures. [1921 c 157 § 5; 1917 c 130 § 27; 1913 c 176 § 22; RRS § 4427.]

85.08.320 Costs paid by voucher, payroll, or warrant—Temporary warrants—Priority—Compensation of officers and employees. The compensation of the superintendent of construction, the board of appraisers hereinafter provided for, and any special engineer, attorney or agent employed by the district in connection with the improvement, the maximum wages to be paid, and the maximum price of materials to be used, shall be fixed by the district board of supervisors. Members of the board of supervisors may receive compensation up to fifty dollars for attending each official meeting of the district and for each day or major part thereof for all necessary services actually performed in connection with their duties as supervisors: PROVIDED, That such compensation shall not exceed four thousand eight hundred dollars in one calendar year. Each supervisor shall be entitled to reimbursement for reasonable expenses actually incurred in connection with business, including subsistence and lodging while away from the supervisor's place of residence and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW. All costs of construction or maintenance done under the direction of the board of supervisors shall be paid upon

vouchers or payrolls verified by two of the said supervisors. All costs of construction and all other expenses, fees and charges on account of such improvement shall be paid by warrants drawn by the county auditor upon the county treasurer upon the proper fund, and shall draw interest at a rate determined by the county legislative authority until paid or called by the county treasurer as warrants of the county are called. [1991 c 349 § 22; 1986 c 278 § 32; 1985 c 396 § 46; 1981 c 156 § 23; 1917 c 130 § 28; 1913 c 176 § 23; RRS § 4428. Formerly RCW 85.08.320 and 85.08.330.]

Severability—1986 c 278: See note following RCW 36.01.010.

Severability—1985 c 396: See RCW 85.38.900.

85.08.340 Crossing roads or public utilities—Procedure—Costs. Whenever in the progress of the construction of the system of improvement it shall become necessary to construct a portion of such system across any public or other road or public utility, the board of supervisors, or in case the work is being done by contract the board of county commissioners, shall serve notice in writing upon the public officers, corporation or person having charge of, or controlling or owning such road or public utility, as the case may be, of the present necessity of such crossing, giving the location, kind, dimensions and requirement thereof, for the purpose of the system of improvement, and stating a reasonable time, to be fixed by the county engineer, within which plans for such crossing must be filed for approval in case the public officers, corporation or person controlling or owning such road or public utility desire to construct such crossing. As soon as convenient, within the time fixed in the notice, the public officers, corporation or person shall, if they desire to construct such crossing, prepare and submit to the county engineer for approval duplicate detailed plans and specifications for such crossing. Upon submission of such plans, the county engineer shall examine and may modify the same to meet the requirements of the system of improvement, and when such plans or modified plans are satisfactory to the county engineer he shall approve the same and return one thereof to the public officers, corporation or person submitting the same, and file the duplicate in his office, and shall notify such public officers, corporation or person of the time within which said crossing must be constructed. Upon the return of such approved plans, the public officers, corporation or person controlling such road or public utility shall, within the time fixed by the county engineer, construct such crossing in accordance with the approved plans, and shall thereafter maintain the same. In case such public officers, corporation or person controlling or owning such road or public utility shall fail to file plans for such crossing within the time prescribed in the notice, the board of supervisors or of county commissioners, as the case may be, shall proceed with the construction of such crossing in such manner as will cause no unnecessary injury to or interference with such road or public utility. The cost of construction and maintenance of only such crossings or such portion of such cost as would not have been necessary but for the construction of the system of improvement shall be a proper charge against the improvement district, and only so much of such cost as the board of county commissioners shall deem reasonable shall be allowed as a charge against the district in the case of

crossings constructed by others than the district. The amount of costs of construction allowed as a charge against the district by the board of county commissioners shall be credited on the assessments against the property on which the crossing is constructed, and any excess over such assessment shall be paid out of the funds of the district. [1917 c 130 § 29; 1913 c 176 § 24; RRS § 4429. Formerly RCW 85.08.340 and 85.08.350.]

85.08.360 Total costs—Apportionment—Board of appraisers. Whenever any system of improvement constructed under the provisions of this chapter will drain, protect or otherwise improve the whole or any part of any public road, roadbed or track thereof, or where any such system of improvement will furnish an outlet for or facilitate the construction or maintenance of any sewer system in any city or town, there shall be apportioned against the state, in the case of state primary and secondary highways, and against the county in which any other such state or county road outside of any incorporated city or town is located, or against the city or town in which any such public road is located, or against any such other road or part thereof so drained, protected or otherwise improved, or against the city or town for which an outlet for sewage will be furnished or wherein the construction or maintenance of a sewer system will be facilitated, the proper amount of the total sum to be apportioned. The board of county commissioners may pay such portion as they deem proper of the amount assessed against the county on account of the drainage, protection or improvement of the roads, out of the funds of the road district in which such drainage, protection or improvement is made. The amount assessed against the state shall be paid out of the appropriate fund of the state. [1923 c 46 § 8; 1917 c 130 § 31; 1913 c 176 § 26; RRS § 4431. [1913 c 176 § 27; RRS § 4432. FORMER PART OF SECTION: 1921 c 160 § 3 now codified as RCW 85.08.385.]

The notice shall also state that at the time and place fixed and at such other times and places as the hearing may be continued to, the county legislative authority will sit as a board of equalization for the purpose of considering the schedule and at the hearing or hearings will also consider any objections made thereto, or any part thereof, and will correct, revise, raise, lower, change, or modify the schedule or any part thereof, or set aside the schedule and order that the apportionment be made de novo as to such body shall appear just and equitable, and that at the hearing the board will confirm the schedule as finally approved by them and will levy an assessment against the property described thereon for the amounts as fixed by them. The county legislative authority shall serve by mail, at least ten days before the hearing, upon the commissioner of public lands of the state of Washington a like notice, in duplicate, showing the amount of the cost of the improvements appor-

The board shall cause the clerk of the board to enter on such schedule all such additions, cancellations, changes, modifications and reapportionments, all credits for damages allowed or awarded to the owner of any piece of property benefited, but not paid, as provided in RCW 85.08.200; also a credit in favor of the county on any apportionment against the county, of all sums paid on account of said improvement, as provided in RCW 85.08.210; and all sums allowed the county on account of services rendered by the county engineer or prosecuting attorney, as provided in RCW 85.08.360; and all credits allowed to property owners constructing crossings as provided in RCW 85.08.340. When the board of county commissioners shall have finally determined that the apportionment as filed or as changed and modified by the board is a fair, just and equitable apportionment, and that the proper credits have been entered thereon, the members of the board approving the same shall sign the schedule and cause the clerk of the board to attest their signature under his seal, and shall enter an order on the journal approving the final apportionment and all proceedings leading thereto and in connection therewith, and shall levy the amounts so apportioned against the property benefited, and the determination by the board of county commissioners in fixing and approving such apportionment and making such levy shall be final and conclusive.

The board of county commissioners shall also at said hearing, levy, in the manner hereinafter provided for the levy of maintenance assessments, such assessment as they shall deem necessary to provide funds for the maintenance of the system of improvement until the first annual assessment for

maintenance shall fall due. [1983 c 3 § 230; 1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-2.]

85.08.420 Assessment roll—Form—Notice—Publication. Upon the approval of said roll the county auditor shall immediately prepare a completed assessment roll which shall contain, first, a map of the district showing each separate description of property assessed; second, an index of the schedule of apportionments; third, an index of the record of the proceedings had in connection with the improvement; fourth, a copy of the resolution of the board of county commissioners fixing the method of payment of assessments; fifth, the warrant of the auditor authorizing the county treasurer to collect assessments; and sixth, the approved schedule of apportionments of assessments; and shall charge the county treasurer with the total amount of assessment and turn the roll over to the treasurer, for collection in accordance with the resolution of the board of county commissioners fixing the method of payment of assessments. As soon as the assessment roll has been turned over to the treasurer for collection, he shall publish a notice in the official newspaper of the county for once a week for at least two consecutive weeks, that the said roll is in his hands for collection and that any assessment thereon or any portion of any such assessment may be paid at any time on or before a date stated in such notice, which date shall be thirty days after the date of the first publication, without interest, and the treasurer shall accept such payment as in said notice provided. Upon the expiration of such thirty-day period the county treasurer shall certify to the county auditor the total amount of assessments so collected by him and the total amount of assessments remaining unpaid upon said roll. [1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-3.]

85.08.430 Payment of assessments—Interest—Lien. After the expiration of said thirty-day period, payment of assessments in full, with interest to the next interest payment date which is more than thirty days from the date of such payment, may be made at any time; PROVIDED, That the aggregate amount of such advance payments in any year, together with the total amount of the assessments due at the beginning of said year, shall not exceed the total amount of the bonds which may be called in that year according to the applicable bond redemption schedule. The treasurer shall accept payments of assessments in advance, in the order tendered, until the limit herein set forth has been reached.

The assessments contained in the assessment roll shall bear interest from the expiration of the thirty-day period at a rate determined by the county legislative authority and interest upon the entire assessment then unpaid shall be due and payable at the time each of said installments becomes due and payable as a part thereof.

The assessments contained in said assessment roll shall be liens upon the property assessed, such lien shall be of equal rank with other liens assessed against the property for local improvements and paramount to all other liens except the lien of general taxes, and shall relate back to and take effect as of the date when the county legislative authority determined to proceed with the construction of the improvement as provided in RCW 85.08.220. The decision of the board of county commissioners upon any objections made within the time and in the manner prescribed in RCW 85.08.400 through 85.08.430, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of such board and with the clerk of the superior court of the county in which such drainage or diking improvement district is situated, or in case of joint drainage or diking improvement districts with the clerk of the court of the county in which the greater length of such drainage or diking improvement system lies, within ten days after the order confirming such assessment roll shall have become effective, and such notice shall describe the property and set forth the objections of such appellant to such assessment; and, within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court a transcript consisting of the assessment roll and his objections thereto, together with the order confirming such assessment roll, and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners, and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court, the appellant shall execute and file with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with good and sufficient surety, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county or the drainage or diking improvement district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require; within three days after such transcript is filed in the superior court as aforesaid, the appellant shall give written notice to the prosecuting attorney of the county, and to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court of said county shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought

as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. 85.08.450 Regularity and validity of proceedings conclusive. Whenever any schedule of apportionment of any drainage or diking improvement district shall have been confirmed, and the assessment therefor shall have been levied, by the board of county commissioners, as provided by RCW 85.08.400 through 85.08.430, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment therefor, including the action of the board of county commissioners upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in RCW 85.08.400 through 85.08.430, and not appealing from the action of the board of county commissioners in confirming such assessment roll in the manner and within the time in this chapter provided. No proceeding of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor. **PROVIDED,** That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That said assessment has been paid. [1921 c 157 § 2; RRS § 4437.]

85.08.460 District liable on judgments—Supplemental levy. Any judgment that heretofore has been obtained or that hereafter may be obtained against a county on account of any contract lawfully made by its officials for or on behalf of any drainage, diking, or sewerage improvement district, or on account of the construction or maintenance of any drainage, diking, or sewerage system of a drainage, diking, or sewerage improvement district shall be collected and reimbursed to the county from said improvement district, and the amount of such judgment shall be included in the construction costs of said district. **PROVIDED,** That if such judgment be recovered after the assessment to pay the construction costs shall have been levied, then the county commissioners are hereby empowered and they shall make a supplemental levy upon the lands of the district, and from the funds collected under such levy said reimbursements shall be made. [1923 c 46 § 10; 1921 c 157 § 3; RRS § 4438.]

In case no bonds have been issued or warrants have been sold, the proceeds of all assessments levied to pay the cost of construction shall be paid into such fund. All warrants including temporary warrants, issued in payment of cost of construction shall be paid out of such fund.

(2) A fund for the redemption of all bonds issued or warrants sold, to be known as the redemption fund, into which shall be paid all proceeds derived from assessments levied to pay cost of construction which shall not have been paid prior to the sale of bonds or warrants, in case bonds have been issued or warrants sold, and also all moneys, if any, remaining in the construction fund after the payment of all warrants drawn against it as above provided. The redemption fund shall be applied, first, to the payment of the interest due upon all such outstanding bonds issued or warrants sold and, second, to the payment of the principal thereof. After the payment of the principal and interest of all such bonds or warrants, the balance, if any, remaining in such fund shall be applied to the payment of any warrants outstanding, including temporary warrants, which may have been issued in payment of cost of construction which for any reason may remain unpaid. Any balance, if any, thereafter remaining shall be paid into the maintenance fund.

(3) The maintenance fund, into which shall be paid the proceeds of all assessments for maintenance, and all other funds received by the district which are not required by the provisions of this chapter to be paid into the construction fund or the redemption fund. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-1.]

85.08.480 Collection of assessments—Certificates of delinquency—Foreclosure. The respective installments of assessments for construction or maintenance of improvements made under the provisions of this chapter, shall be collected in the same manner and shall become delinquent at the same time as general taxes, certificates of delinquency shall be issued, and the lien of the assessment shall be enforced by foreclosure and sale of the property assessed, as in the case of general taxes, all according to the laws in force on January 1, 1923, except as hereinafter specifically provided.

The annual assessments or installments of assessments, both for construction and for maintenance and repairs of the diking and/or drainage system shall become due in two equal installments, one-half being payable on or before May 30th, and the other half on or before November 30th; and delinquency interest thereon shall run from said dates on said respective halves of said assessments.

The rate of interest thereon after delinquency, also the rate of interest borne by certificates of delinquency, shall be ten percent per annum. Certificates of delinquency for any assessment or installment thereof shall be issued upon demand and payment of such delinquent assessment and the fee for the same at any time after the expiration of twelve

months after the date of delinquency thereof. In case no certificate of delinquency be issued after the expiration of four years from date of delinquency of assessments for construction costs, or after the expiration of two years from date of delinquency of assessments for maintenance or repairs, certificates of delinquency shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided in *sections 11292 to 11317 inclusive.

The holder of a certificate of delinquency for any drainage, diking or sewerage improvement district or consolidated district assessment or installment thereof may pay any delinquent general taxes upon the property described therein, and may redeem any certificate of delinquency for general taxes against said property and the amount so paid together with interest thereon at the rate provided by law shall be included in the lien of said certificate of delinquency.

The expense of foreclosure proceedings by the county shall be paid by the districts whose liens are foreclosed: Costs of foreclosure by the county or private persons as provided by law, shall be included in the judgment of foreclosure. [1933 c 125 § 2; 1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-2.]

***Reviser's note:** The internal references in the third paragraph of this section reading "sections 11292 to 11317 inclusive" refers to RRS 11292 through 11317 which sections were repealed by 1925 ex.s. c 130 § 138, with the exception of 11312, 11313, and 11314 now in RCW 78.16.010, 78.16.020, and 78.16.030 and which are not in point for purposes of this internal reference. Existing provisions generally as to certificates of delinquency and foreclosure, see chapter 84.64 RCW.

85.08.490 Title acquired at sale—Foreclosure for general taxes—Lien of assessments preserved. The purchaser, upon the foreclosure of any certificate of delinquency for any assessment or installment thereof, shall acquire title to such property subject to the installments of the assessment not yet due at the date of the decree of foreclosure, and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state.

The holder of any certificate of delinquency for general taxes may, before commencing any action to foreclose the lien of such certificate, pay in full all drainage or diking or sewerage improvement district assessments or any installment thereof due and outstanding against the whole or any portion of the property included in such certificate of delinquency and the amount of all assessments so paid together with interest at ten percent per annum thereon shall be included in the amount for which foreclosure may be had; or, if he elects to foreclose such certificate without paying such assessments in full, the purchaser at such foreclosure sale shall acquire title to such property subject to all such drainage or diking or sewerage improvement district assessments. Any property in any drainage or diking or sewerage improvement district sold under foreclosure for general taxes shall remain subject to the lien of all drainage and diking or sewerage improvement district assessments or installments thereof not yet due at the time of the decree of foreclosure and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state. 85.08.500 Resale or lease by county—Disposition of proceeds—Tax statements. Property subject to a drainage or diking or sewerage improvement district assessment, acquired by a county pursuant to a foreclosure and sale for general taxes, when offered for sale by the county, shall be offered for the amount of the general taxes for which the same was struck off to the county, together with all drainage or diking or sewerage improvement district assessments or installments thereof, due at the time of such resale, including maintenance assessments, and supplemental assessments levied pursuant to the provisions of RCW 85.08.520, coming due while the property was held in the name of the county; and the property shall be sold subject to the lien of all drainage or diking or sewerage improvement district assessments or installments thereof not yet due at the time of such sale, and the notice of sale and deed shall so state. PROVIDED, That the county board may in its discretion, sell said property at a lesser sum than the amount for which the property is offered in the notice of sale. The proceeds of such sale shall be applied first to discharge in full the lien or liens for general taxes for which said property was sold, and the remainder, or such portion thereof as may be necessary, shall be applied toward the discharge of all drainage or diking or sewerage improvement district assessment liens upon such property, and the surplus, if any, shall be applied toward the payment of any delinquent or due local assessments or local assessment installments outstanding against the property levied by any authority other than that of the county, taking them in the order of their maturities, beginning with the earliest; after which if any money remains the treasurer shall hold the same for the person whose interest in the property entitles him thereto. If there be no purchaser, the property shall again be offered for sale within one year thereafter, and shall be successively offered for sale each year until a sale thereof be effected.

Property struck off to or bid in by a county may be leased pursuant to resolution of the county commissioners on such terms as the commissioners shall determine for a period ending not later than the time at which such property shall again be offered for sale as required by law. Rentals received under such lease shall be applied in the manner hereinabove provided for the proceeds of sale of such property.

All statements of general state taxes where drainage, diking or sewer improvement district assessments against the land described therein are due shall include a notation thereon or be accompanied by a statement showing such fact. thereof, and any bonds or warrants issued therefor in the following manner:

The board of county commissioners shall by order cause the clerk of the board to compile and file with the board an itemized statement of the total cost of the improvement in the manner prescribed by RCW 85.08.360. Upon the filing of such statement the same proceedings shall be had assessing the costs of said improvement against the lands benefited thereby and the counties, cities and towns within the district, as are prescribed by RCW 85.08.360 and subsequent sections of this act. In case no bonds have been issued or warrants sold to pay the costs of said improvement, the same may be issued and sold and disposed of as hereinbefore provided. In case an assessment for such improvement shall have been theretofore made or attempted, and any payment has been made thereon, proper credit for the amount of such payment shall be made upon the reassessment. ***Reviser's note:** The language "chapter 66 of the Laws of 1901" refers to a prior drainage district law which was repealed by the basic act, 1913 c 176, codified in this chapter; see 1913 c 176 §§ 39, 40; see notes following chapter digest.

The language "subsequent sections of this act" first appears in 1917 c 130 § 33 amending 1913 c 176 § 31. The 1917 amendatory act was a 39 section act with sections 34 through 39 being codified as RCW 85.08.530, 85.08.540, 85.08.560, and 85.08.680. Section 34 thereof was repealed by 1949 c 26 § 18 and new subject matter thereof is in chapter 85.16 RCW. Section 39 was a construction section. The basic act in chapter 176, Laws of 1913 was a 42 section act with sections 32 through 41 being codified as RCW 85.08.530, 85.08.540, 85.08.560, 85.08.570, 85.08.670, and 85.08.680. Section 32 was repealed in the 1949 act and the new subject matter is in chapter 85.16 RCW. The other sections being construction sections are footnoted herein following the chapter digest. Notice that this section itself was a single section in the basic act of 1913 but it was divided into separate sections in 1923 c 46 § 11 codified herein as RCW 85.08.470 through 85.08.520.

85.08.520 Supplemental assessments. If upon the foreclosure of the assessment upon any property the same shall not sell for enough to pay the assessment against it, or if any property assessed was not subject to assessment, or if any assessment made shall have been eliminated by foreclosure of a tax lien or made void in any other manner, the board of county commissioners shall cause a supplemental assessment to be made on the property benefited by the improvement, including property upon which any assessment shall have been so eliminated or made void, and against the county, cities and towns chargeable therewith in the manner provided for the original assessment, to cover the deficiency so caused in the original assessment.

If by inadvertence or for any cause the assessment levied shall be found to be insufficient to meet the entire cost of construction, a supplemental assessment shall be made by the board of county commissioners upon the lands of the district in the same proportion as the original assessment is levied, same being spread over not to exceed three years as the commissioners may determine.

Duplicate assessments or other errors that may by inadvertence be found to have been incorporated in the assessment roll may be corrected by order of the county commissioners upon same being certified to them by the treasurer and the engineer. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-6.]

85.08.530 Levies against county, city or town, how paid. The amount of the costs of construction or maintenance of any system of improvement assessed against any city, town or county may be met by levies to be paid in similar installments and extending over a like period of time as the assessments against property benefited are spread, or such amounts may be met by the issue and sale of the bonds of such city, town or county in the manner in which bonds to meet general indebtedness of such city, town or county are issued. The proper authorities of such city, town or county shall make the necessary levies to meet such amounts thus apportioned thereto as a general levy on all property therein. [1917 c 130 § 35; 1913 c 176 § 33; RRS § 4441.]

85.08.540 Abandonment or change in system—Subdistricts. Upon a petition and bond being filed by one or more landowners, either within or without the boundaries of a district, and like proceedings being had as in the case of the original establishment and construction of a system of improvement, the county commissioners may declare any system of improvement or any part thereof, abandoned or may strike from the district lands no longer benefited or served thereby, or they may cause any system of improvement to be altered, reduced, enlarged, added to or in any other manner bettered or improved, either within or without the district, and to effect such subsequent improvements, may exercise any of the powers which are in this chapter, or may be hereafter conferred upon such districts. But the striking of any lands from a district shall not in any way affect any assessment theretofore levied against such lands. When such improvements shall have been completed the costs thereof shall be apportioned and assessed against the lands benefited thereby in the manner hereinbefore provided for such apportionment and assessment in the case of original proceedings. New lands assessed for any such improvement shall become a part of such district. The construction and maintenance of any such new improvement, unless let by contract by the board of county commissioners, shall be under the direction of the board of supervisors of the district in which they are made or to which said improvement is added. The lands assessed for such new improvements, of less than the entire district, shall be designated, alphabetically, "subdistrict of improvement district No." [1917 c 130 § 36; 1913 c 176 § 34; RRS § 4442.]

85.08.560 Extension of existing system—Apportionment of cost. When any extension of or addition to any existing system of improvement shall be thus constructed, the cost thereof shall be assessed to all the property, counties, cities and towns in the enlarged district benefited thereby in proportion to the benefits received therefrom. Any new lands thus brought into the district shall be assessed in addition a proper and equitable share of the then value of the original system of improvement in proportion to the benefits which such new lands derive therefrom. In determining the value to be so assessed the board of appraisers shall take into consideration the amount, if any, which the property to be assessed has already paid toward the construction of the original system and all other matters that may be pertinent. If at any time it shall appear to the board

of supervisors of any drainage or diking improvement district that any lands without the boundaries of such district are being benefited by the improvements of the district and are not being assessed for the benefits received, they shall file a petition with the board of county commissioners praying the benefits received by such lands be determined and an assessment made upon such lands for the benefits so received. Thereupon, the board of county commissioners shall appoint a board of appraisers as provided in RCW 85.08.360 for the apportionment of the cost of construction of the original system of improvement, and an apportionment of the then value of the improvements of the district shall be made to such lands in proportion to the benefits received therefrom as nearly as may be in the manner provided for the apportionment of the cost of the original system of improvement. In determining what share of the value of the improvements of the district shall be apportioned to such lands the board of appraisers shall take into consideration the benefits already received by such lands and all other matters that may be pertinent. The amount of the value of the original system assessed upon any new property brought within the district shall be rebated pro rata upon the assessments, if any, outstanding against the lands of the district on account of the construction of such original system. If the assessment against any land has been paid in full, or if the assessment remaining outstanding against such land is less than the rebate apportioned to such land, the amount so rebated or excess of rebate over assessment shall be paid into the maintenance fund of the district and a proper credit on any existing or future assessment for maintenance shall be entered in favor of the land entitled thereto. The lands in the original district shall remain bound for the whole of the original unpaid assessment thereon for the payment of any outstanding unpaid warrants or bonds secured to be paid by such assessments. [1917 c 130 § 37; 1913 c 176 § 35; RRS § 4443.]

85.08.565 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which diking, drainage, or sewerage improvement districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which diking, drainage, or sewerage improvement districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 26.]

Severability—1985 c 396: See RCW 85.38.900.

85.08.570 Districts in two or more counties—Notice—Hearings. When a drainage, diking or sewerage system is proposed which will require a location, or the assessment of lands, in more than one county, application therefor shall be made to the board of county commissioners in each of said counties, and the county engineers shall make preliminary reports for their respective counties. The lines of such proposed improvement shall be examined by the county engineers of the counties wherein said improvements will lie, jointly. The hearings in regard to such improvements, provided for by RCW *85.08.150, and 85.08.400 through 85.08.430 shall be had by the boards of county

commissioners of the two counties in joint sessions, and all other matters required to be done by the county commissioners in regard to such improvement and the improvement district shall be had and done by the boards of county commissioners of the counties wherein such system of improvements shall lie, either in joint session at such place as the said board shall order, or by concurrent order entered into by the said boards at their respective offices. Notice of the hearings shall be given by the auditors of both counties jointly by publication in the official paper of each of said counties. The county engineer of the county wherein the greatest length of drainage, diking or sewerage system will lie, shall have charge of the engineering work and be ex officio a member of the boards in this chapter provided for. The schedule of apportionment shall be prepared in separate parts for the land in the respective counties; and that part of said roll containing the assessments upon the lands in each respective county shall be transmitted to the treasurer thereof, and the treasurer of said county shall give notice of said assessments as provided in RCW 85.08.400 through 85.08.430, and shall collect the assessments therein contained and shall also extend and collect the annual maintenance levies of said district upon the lands of said district lying in his county. The auditor of the county in which the greater length of the drainage, diking or sewerage system shall lie shall act as clerk of the joint session of the boards of county commissioners, and shall issue the warrants of the improvement district, and shall attest the signatures of the two boards of county commissioners on the bonds. He shall furnish to the auditor of the other county duplicate copies of the records of proceedings of such joint sessions. Duplicate records of all proceedings had and papers filed in connection with such improvements shall be kept, one with the auditor of each county. Protests or other papers filed with the auditor who is not clerk of the joint sessions shall be forwarded forthwith by him to the auditor who acts as clerk of such joint sessions. The treasurer of said county shall register and certify and pay the warrants and the bonds, and shall have charge of the funds of the district; and to him, the treasurer of the county in which the lesser portion of such system of improvements lie, shall remit semiannually, in time for the semiannual warrant and bond calls, all such collections made in such other county. A drainage, diking or sewerage improvement district lying in more than one county shall be designated "joint drainage (or diking) or sewerage improvement district No. . . . of and counties." All proceedings in regard to joint drainage, diking improvement districts, which have heretofore been had and done substantially in accordance with the amendatory provisions of this chapter are hereby approved and declared to be valid. [1923 c 46 § 13; 1921 c 157 § 6; 1913 c 176 § 38; RRS § 4446.]

***Reviser's note:** RCW 85.08.150 was repealed by 1985 c 396 § 87. See RCW 85.38.040, 85.38.050.

85.08.630 Waters developed—Defined—Disposal of. The use of any waters developed by the drainage system of any drainage improvement district shall be subject to the control of the drainage improvement district and such district shall have the right to dispose of and contract for the use of such waters for irrigation or other uses, as hereinafter provided: PROVIDED, That the waters developed by any

existing drainage system, and the waters developed by any drainage system hereafter constructed which shall remain undisposed of for three years after the completion of the improvement and the levy of the assessment to pay the cost thereof, shall not be subject to disposal by such district where such waters shall have been appropriated by any person at a point below the outlet of the drainage system of such district. The term "waters developed" as used in this chapter shall not be held to include surface waste waters from irrigation. [1917 c 130 § 7; RRS § 4455.]

85.08.640 Waters developed—Contracts for use and sale. The board of supervisors may enter into any contract for the use, sale or disposal of such waters that in their judgment shall be for the best interests of the district; but no such sale, contract or disposition shall be made except by the unanimous vote of the board. The district shall not guarantee nor warrant the amount or flow of, nor the title to, such waters; and no use, sale or disposition of such waters shall be lawful that will interfere with the efficiency of said drainage system. [1917 c 130 § 8; RRS § 4456.]

85.08.650 Waters developed—Application for use. Any person or corporation desiring to acquire and use the waters developed by any drainage system, may make application therefor in writing to the board of supervisors of the district, accompanying such application with a bond to be approved by the board, conditioned that the applicant will pay the costs of the investigation and hearing in case no disposal of said waters be made thereat. Successive applications and proceedings may be made and had as long as there is any water remaining undisposed of in said drainage system. [1917 c 130 § 9; RRS § 4457.]

85.08.660 Waters developed—Notice of hearing—Form of application—Bond. When any such application shall be filed, the board of supervisors of the district shall cause to be published in the county official paper, once a week for three successive weeks prior to the date of the hearing hereinafter referred to, a notice fixing the time and place within the district when the board will hear and consider such applications. All applications shall be in writing and contain a statement of the proposed use to be made of the water, specifying the time, place and manner of such proposed use; and in entering into any such contract, the board of supervisors of the district may require such security as they may deem reasonable for the proper construction and installation of works of diversion and for the use of said water by the party proposing to use the same. [1917 c 130 § 10; RRS § 4458.]

85.08.670 Prosecuting attorney—Duties. It shall be the duty of the prosecuting attorney of each county to prepare suitable blanks for the use of the board of county commissioners under this chapter, not otherwise provided for, and to advise the board of county commissioners and other officers of the county and the boards provided for by this chapter in regard to the proceedings and in the performance of their duties under this chapter, and perform such other duties as in this chapter provided and required. [1913 c 176 § 36; RRS § 4444.]

85.08.680 Rules and regulations. The board of supervisors of each district shall make reasonable rules and regulations whereby any owner of land in the district may make connection for drainage, or sewerage purposes, with any drainage, or sewerage system thereof. They shall also maintain and keep efficient the system of improvement of the district. [1923 c 46 § 12; 1917 c 130 § 38; 1913 c 176 § 37; RRS § 4445.]

85.08.690 Penalty for injury to or interference with improvement. Every person who shall wilfully damage or interfere with the operation of any dikes, drains, ditches or other improvements of any diking or drainage improvement district shall be guilty of a misdemeanor. [1917 c 130 § 11; RRS § 4459.]

85.08.820 Drainage bonds owned by state—Cancellation of interest and assessments—Levy omitted. Whenever the department of ecology shall have purchased and the state of Washington owns the entire issue of any series of bonds of any county in the state, the payment of which is to be made from and is secured by assessments upon the property included within any drainage improvement district organized and existing in such county, and it shall appear to the satisfaction of the director of ecology that owing to and by reason of the nature of the soil within and the topography of such drainage improvement district the lands contained therein were not or will not be drained sufficiently to permit the cultivation thereof within the time when assessments for the payment of the interest on said bonds and to constitute a sinking fund to retire said bonds as provided by law became or will become due, and that by reason thereof the owners of said lands were or will be unable to meet said assessment, the director of ecology shall have the power and he is hereby authorized under such terms and conditions as he shall deem advisable to enter into a contract in writing with the board of county commissioners of the county issuing such bonds, waiving the payment of interest upon such bonds from the date of their issue for not to exceed five years, and extending the time of payment of said bonds for not to exceed five years; and upon the execution of said contract the board of county commissioners of said county shall have the power and is hereby authorized to cancel all assessments made upon the lands included within such drainage improvement district for the payment of principal and/or interest on said bonds prior to the date of said contract, and to omit the levy of any assessments for said purposes until the expiration of the time of the waiver of interest payments upon said bonds specified in said contract. [1988 c 127 § 38; 1925 ex.s. c 140 § 1; RRS § 4332-1.]

85.08.830 Merger of improvement district with irrigation district—Authorized. Whenever a drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within an irrigation district or irrigation districts desires to merge with an irrigation district or irrigation districts in which lands of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district are located, it may petition the board or boards of county

commissioners, as the case may be, to do so: PROVIDED, That only that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within a particular irrigation district may merge with the irrigation district within which it is situated. [1957 c 94 § 2.]

Merger of improvement district with irrigation district: RCW 87.03.720 through 87.03.745.

85.08.840 Merger of improvement district with irrigation district—Jurisdiction to hear, supervise and conduct proceedings—Clerk, notice, records. The boards of county commissioners of the counties in which a joint drainage improvement district is situated shall have jurisdiction in joint session to hear, supervise and conduct the merger proceedings relating to such a district. The auditor of the county in which the greater length of the system of improvements lies shall act as clerk of the joint sessions of the boards of county commissioners, and shall give the notice provided for in RCW 85.08.870. He shall furnish to the auditor of the other county duplicate copies of the records of proceedings of the joint sessions. Duplicate records of all proceedings had and papers filed in connection with the merger of a joint drainage improvement district shall be kept with the auditor of each county. The board of county commissioners of the county in which a drainage improvement district or consolidated drainage improvement district is situated shall have exclusive jurisdiction to hear, supervise and conduct merger proceedings relating to such districts. [1957 c 94 § 3.]

85.08.850 Merger of improvement district with irrigation district—Petition—Signing—Presentation. The petition requesting the merger shall be signed by the board of supervisors of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and presented to the clerk or clerks of the appropriate board or boards of county commissioners, at a regular or special meeting of the board or boards. [1957 c 94 § 4.]

85.08.860 Merger of improvement district with irrigation district—Assent by irrigation district—Election, order, notice. If it appears to the board or boards of county commissioners that all portions of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district will, as a result of the proceedings, be merged with the irrigation district or irrigation districts and that the board or boards of directors of the irrigation district or irrigation districts into which the drainage improvement, joint drainage improvement district, or consolidated drainage improvement district will be merged, which irrigation district or irrigation districts shall be named in the petition, are agreeable to the merger, and that the assent or assents thereto, in writing, by said irrigation district board or boards have been filed with the board or boards of county commissioners, the board or boards of county commissioners shall order an election to be held in the drainage improvement district, joint drainage improvement district or consolidated drainage improvement district

to approve or disapprove the merger and shall fix the time thereof and cause notice to be published. [1957 c 94 § 5.]

85.08.870 Merger of improvement district with irrigation district—Notice, contents—Election, ballots. The notice shall be given and the election conducted in the manner, so far as is applicable, as for the election of members of the board of supervisors of a drainage improvement district. The notice shall advise of the election so ordered and the date, time and place thereof, state the filing of the petition, the names of those signing the petition and prayer thereof, and shall require the voters to cast ballots with the words "Merger, Yes" or "Merger, No." [1957 c 94 § 6.]

85.08.880 Merger of improvement district with irrigation district—Proceedings and costs on approval or disapproval. If a majority of the votes cast favor merger, the board or boards of county commissioners shall enter an order approving the petition and ordering the merger and file a certified copy thereof with the county auditor or auditors of the county or counties in which the district is situated, and the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district shall thereupon be dissolved and its system of improvements vested in the irrigation district or irrigation districts without further proceedings. If a majority of the votes cast are against merger, the board of commissioners shall enter an order dismissing the proceedings. If the merger is approved, the expenses of the county or counties in connection with the election will be paid by the irrigation district or irrigation districts, with each irrigation district, if there is more than one, paying the same portion of the expenses as that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage district which is merged into the irrigation district. If the merger is not approved, the expenses of the county or counties in connection with the election will be paid by the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district. [1957 c 94 § 7.]

85.08.890 Merger of improvement district with irrigation district—Prior indebtedness. None of the indebtedness of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district, or of the drainage improvement districts taken into the consolidated drainage improvement district, shall be affected by the merger and dissolution, and all lands liable to be assessed to pay such indebtedness shall remain liable to the same extent as if the merger and dissolution had not taken place, and all assessments theretofore levied shall remain unimpaired and shall be collected in the same manner as if no merger had taken place. The board or boards of directors of the irrigation district or irrigation districts with which the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district was merged shall have all the powers possessed at the time of the merger by the board of supervisors of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and the board or boards of county com-

missioners may levy and cause to be collected any and all assessments against any of the lands formerly within the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district necessary for the payment of all indebtedness thereof, and of the drainage improvement districts taken into the consolidated drainage improvement district. Until the assessments are collected and all indebtedness of each drainage improvement district or joint drainage improvement district included in the merger, either as such or, in the case of the former, as a part of a consolidated drainage improvement district, is paid, separate funds shall be maintained for each such drainage improvement district or joint drainage improvement district as were maintained before the merger. [1957 c 94 § 8.]

85.08.895 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Diking or drainage improvement districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 13.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.08.900 Alternative methods of formation of improvement districts. Whenever an improvement district is sought to be established, in addition to the procedures authorized by this chapter there may be employed any other method authorized by law for the formation of districts or improvement districts so that the improvement district will qualify under the provisions of chapter 89.16 RCW. [1959 c 104 § 6.]

85.08.905 Sewerage improvement districts—Powers. Sewerage improvement districts may investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities to collect, treat, and dispose of sanitary, industrial, and other sewage. Such facilities include on-site and off-site sewerage facilities, including approved septic tanks or septic tank systems. [1985 c 396 § 30.]

Severability—1985 c 396: See RCW 85.38.900.

85.08.910 Sewerage improvement districts located in counties with populations of from forty thousand to less than seventy thousand become sewer districts. See RCW 56.04.120.

85.08.920 Sewerage improvement districts operating as sewer districts become sewer districts—Procedure. See RCW 56.04.130.

FEDERAL AID TO DIKING, DRAINAGE, AND SEWERAGE IMPROVEMENT DISTRICTS

Sections

- 85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required.
85.12.030 Disposition of federal aid funds.

85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required. Whenever, under the provisions of any act of the congress of the United States, the corps of engineers of the United States army, or any other agency of the United States, shall be authorized to reconstruct, improve, repair or maintain any system of improvements of any diking, drainage or sewerage improvement district under the laws of the state of Washington, the board of county commissioners of the county in which such district is situated, on behalf of such district may consent to and permit the United States, or any agency thereof, to perform any work or service upon or with regard to such district's system of improvements which shall by the board be found to be for the benefit of such district and the property therein, or, if the enlargement, betterment or other improvement of such district's system of improvements, or the performance of extraordinary maintenance work upon or with respect to its existing system of improvements shall have been authorized, the board may contract, on behalf of said district, upon such terms as may be agreed upon by the United States and the board for the performance of the work so authorized by said corps of engineers, or other agency of the United States. No bond shall be required by the district for any work performed by or under the supervision of said corps of engineers, or other agency of the United States. [1949 c 175 § 1; RRS § 4459-50. Formerly RCW 85.12.010 and 85.12.020.]

85.12.030 Disposition of federal aid funds. If at any time, whether prior or subsequent to the making of any contract authorized by the preceding section, there shall be made available and paid to a district fund appropriated by the congress of the United States to pay the costs and expenses of reconstruction, improvement, repair or maintenance of the district's system of improvements or any part thereof, said funds shall be paid into the district's maintenance or construction fund, according as the work is maintenance or new construction, and thereafter used and disbursed upon the order of the board, provided that if the district shall have theretofore issued extraordinary maintenance warrants or maintenance bonds or construction bonds, said funds shall be used to pay and retire said bonds or warrants to the extent of said funds. When all said warrants or bonds have been paid, the assessment levied to pay said warrants or bonds, or those installments of such assessment not then due and payable, shall be canceled. If the funds made available and paid to the district by the United States shall be more than sufficient to pay and retire all then outstanding warrants or bonds issued to pay the cost of the particular work, whether maintenance or new construction, then the excess of such federal aid funds, up to the amount of the total of the assessments to pay for such work theretofore paid, shall be paid by the treasurer to those who have paid such assessment or assessments in the proportion that the total of all such assessments paid by any one bears to the total of all such assessments theretofore paid, and any balance of such federal aid funds remaining shall become and be part of the maintenance fund of the district. Any assessment or installment of assessment not canceled under the provisions hereof, or any balance thereof which when collected shall not be required for the payment of interest or principal of any of said

warrants or bonds, shall, after all said warrants or bonds have been paid, be paid into and become part of the maintenance fund of the district. [1949 c 175 § 2; RRS § 4459-51.]

85.15.010 Declaration of purpose. The maintenance, enlargement and extension of diking, drainage and sewerage improvement districts formed under chapter 85.08 RCW is essential to the public welfare and economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete, expensive and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of their systems of improvement. [1967 c 184 § 2.]

Severability—1967 c 184: See note following RCW 85.05.610.

85.15.020 Definitions. As used in this chapter: "District" means a diking, drainage or sewerage improvement district organized under chapter 85.08 RCW. "Maintenance" means and includes not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's systems of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also the making of such changes in and betterments to the original works, improvements and installations as shall, subject to approval of the board of county commissioners, be by the board deemed necessary to put the systems of improvements into such condition as will provide protection and services as contemplated and intended by the original construction and any enlargement and extensions thereof thereafter made. [1967 c 184 § 3.]

85.15.030 Property roll—Basis and requisites—Separate levies for prior indebtedness. To operate under this chapter, the board of commissioners of the improvement district shall cause to be prepared and filed with the board of county commissioners a property roll. The roll shall contain: (1) A description of all properties benefited and improvements thereon which receive protection and service from the systems of the district with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located and (2) the determined value of such land and improvements thereon as last assessed and equalized by the assessor of such county or counties. Such assessed and equalized values shall be deemed prima facie to be just, fair and correct valuations against which annual taxes shall be levied for the operation of the district and the maintenance and expansion of its facilities.

If property outside of the limits of the original district are upon the roll as adopted ultimately, and the original district has outstanding bonds or long-term warrants, the board of county commissioners shall set up separate dollar rate levies for the full retirement thereof. [1973 1st ex.s. c 195 § 111; 1967 c 184 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.040 Public hearing—Notice, publication. When a property roll is filed with the county legislative authority, the county legislative authority shall hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and shall give notice of hearing as follows:

The notice shall be published at least once a week for three consecutive weeks in a newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. [1985 c 469 § 75; 1967 c 184 § 5.]

85.15.050 Written objections—Filing—Grounds—Waiver. Any person, owner or reputed owner having any interest in any property against which the board of county commissioners seeks to make a protection and service charge under this chapter, may object thereto. All such objections must be in writing and filed with the board of county commissioners before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1967 c 184 § 6.]

85.15.060 Reexamination of properties on roll—Adjustment, periodic revision, of valuations. The board of county commissioners may at any time reexamine the properties on any roll, and upon receipt of a petition from the board of supervisors of the district or the written request of a property owner shall do so. If it is found that the condition of such property or properties has changed so that such property should be eliminated from any rolls on file, or the valuation against which dollar rate is levied should be lowered, it shall so determine and enter an order adjusting

the valuation as to such properties and shall certify and file a copy thereof with the treasurer of the county wherein the property is situated, and the treasurer shall alter and change the existing rolls accordingly. Valuations may be revised periodically to reflect changes in real property valuations by the county assessor. [1973 1st ex.s. c 195 § 112; 1967 c 184 § 7.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.070 Roll constitutes valuations against which levy made and collected—Hearing on adjustments. The roll approved and certified to the county officers by the board of county commissioners as in this chapter provided shall constitute the valuations of land, buildings and improvements furnished protection and services by the systems of the district against which valuation taxes shall be levied and collected annually in the same manner as general taxes for the continuing operations of the district and its systems. The valuations on said roll shall be subject to adjustment from time to time in the manner provided in RCW 85.15.060.

The board of county commissioners shall hold a hearing on such adjustments at the county seat at the time of equalization of real property assessments for the purpose of considering written objections to any revision of valuations filed at least ten days prior to the hearing and shall give published notice only of such hearing as provided in RCW 85.15.040. [1973 1st ex.s. c 195 § 113; 1967 c 184 § 8.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.080 Roll and proceedings conclusive—Remedies. Wherever any roll shall have been adopted by the board of county commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to the roll as provided in RCW 85.15.050 and appealing from the action of said board in confirming the roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had throughout the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

- (1) That the property charged or about to be sold does not appear upon the district roll, or
- (2) The charge has been paid. [1967 c 184 § 9.]

85.15.090 Review by superior court—How taken. The decision of the board of county commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his petition for writ of review with the clerk of the superior

court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the county treasurer. The petition shall describe the property in question, shall set forth the written objections which were made to the decision, and the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [1967 c 184 § 10.]

85.15.100 Review by superior court—Transcript—Contents—Filing. Within ten days from the filing of such petition for review, the county treasurer, unless the court shall grant additional time, shall file with the clerk of the superior court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before the roll was adopted, and a copy of the resolution adopting the roll. [1967 c 184 § 11.]

85.15.110 Review by superior court—Filing fees—Bond—Priority of cause. The county clerk shall charge the same filing fees for petitions for review as in civil actions. At the time of the filing of such a petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of the court, conditioned upon his prosecuting his appeal without delay and to guarantee all costs which may be assessed against him by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set the cause for trial at the earliest time available to the court, fixing a date for hearing and trial without a jury. The cause shall have preference over all civil actions pending in the court except eminent domain and forcible entry and detainer proceedings. [1967 c 184 § 12.]

85.15.120 Review by superior court—Scope—Judgment. At the trial the court shall determine whether the board of county commissioners has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county treasurer, who shall change, modify, or correct the roll as and if required by the judgment. [1967 c 184 § 13.]

85.15.130 Appellate review. Appellate review may be sought as in other civil cases: PROVIDED, That review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals may change, conform, correct, or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county treasurer having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such judgment as and if required. [1988 c 202 § 78; 1971 c 81 § 163; 1967 c 184 § 14.]

Severability—1988 c 202: See note following RCW 2.24.050.

85.15.140 Levy is for continuous benefits to protect property. The dollar rate levies collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection and services. [1973 1st ex.s. c 195 § 114; 1967 c 184 § 15.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.15.150 Annual estimate of costs—Levy added to general taxes—Delinquencies—Disposition of revenue. The board of any improvement district proceeding under this chapter shall, on or before the first day of September of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of the district during the ensuing year and until further revenue therefor can be made available, and shall cause its chairman or secretary to file the same with the board of county commissioners of the county containing the district and other benefited area. The board of county commissioners shall, on or before the first Monday in October next ensuing, certify the amount of the district's estimate, or such amount as it shall deem advisable, to the county treasurer. The amount so certified shall be applied by the regular taxing agencies against the benefit valuation of lands, buildings and improvements as shown by the then current complete roll of such properties certified to and filed with such county treasurer by the board of county commissioners. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of the district. [1967 c 184 § 16.]

85.15.160 Emergency expenditures—Warrants. In the case of an emergency or disaster occurring after the time of making the annual estimate of costs, declared to be such by resolution of the board, the board of the district may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by districts and the servicing thereof. All such warrants so issued shall be valid and legal obligations of the district and its taxable lands and improvements as shown upon the then current roll of the district filed with the county treasurer. [1967 c 184 § 17.]

85.15.170 Concurrent use of other methods of raising revenue. Any diking, drainage, or sewerage improvement district operating under this chapter shall not use concurrently the processes provided for raising revenue for maintenance purposes under any other law: PROVIDED, That any other method of raising such revenue provided by

law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedures of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1967 c 184 § 18.]

- (2) "Supervisors" means the district board of supervisors;
- (3) "Board" means the board of county commissioners;
- (4) "Auditor" means the county auditor;
- (5) "Treasurer" means the county treasurer; and
- (6) "Maintenance", "maintenance of the system of improvements", "maintenance work", and other terms of similar import, mean and include not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's system of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also: (a) The making of such changes in and betterments to the original works, improvements and installations as shall, subject to the approval of the board, be by the supervisors deemed necessary to put the system of improvements into such condition that it shall provide adequate drainage and protection from overflow for the lands within the district as contemplated and intended by the original construction and any enlargement and extension thereof thereafter made; and (b) all costs and expenses incident to any determination or redetermination of benefits

and apportionment of costs made under the terms of this chapter. [1949 c 26 § 1; Rem. Supp. 1949 § 4459-20.]

85.16.020 Maintenance estimate and levy. On or before the first Monday in September in each year the supervisors of each diking, drainage or sewerage improvement district shall make and file with the board of the county containing such district, a statement and estimate in writing of the amount required for the maintenance of the system of improvements of said district for the ensuing fiscal year. The board shall, on or before the first Monday in October next ensuing, levy assessments for the amount of said estimate, or such amount as it shall deem advisable, upon the property within the district and against the state, the county containing such district, and the cities, towns and other municipal corporations within such district in respect of all highways, roads and streets and other lands, improvements, and facilities chargeable therewith owned by them respectively within such district. Said assessments shall be levied in the same proportion as the assessments to pay the original cost of construction of said system of improvements: PROVIDED HOWEVER, That when a determination or redetermination of benefits accruing to the properties within the district from the maintenance of the district's system of improvements or from the maintenance of the district's diking system and drainage system separately shall have been made, as hereinafter in this chapter provided, then the assessments for maintenance shall be levied in proportion to the benefits accruing to each piece or parcel of property and improvements benefited according to the latest determination of such benefits. Each such levy as made shall be certified by the auditor to the treasurer, who shall extend the same upon the district assessment roll. [1949 c 26 § 2; Rem. Supp. 1949 § 4459-21.]

85.16.030 Excess expenditures. In maintaining a system of improvements of any such district the supervisors thereof may at any time, with the approval of the county legislative authority and upon determination by such county legislative authority that an emergency exists, make expenditures in excess of the last annual maintenance assessments theretofore made, which excess amount or amounts shall in such event be included in the maintenance assessments for the succeeding year except as otherwise herein provided. [1986 c 278 § 33; 1983 c 167 § 197; 1949 c 26 § 3; Rem. Supp. 1949 § 4459-22. Formerly RCW 85.16.030, 85.16.040, part and 85.16.050.]

Severability—1986 c 278: See note following RCW 36.01.010.

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

85.16.060 Determination of special benefits—Hearing. At any time and from time to time, after completion of the original construction of any such district's system of improvements or after the completion of any alteration, reduction, enlargement, addition to, or other improvement of the system not constituting maintenance, as herein defined, the board may upon their own initiative, or upon petition filed by at least ten percent of the total number of owners of property within the district subject to assessments for maintenance, as shown by the latest assessment roll of the district

shall, fix a date for and hold a hearing at the county seat for the purpose of determining or redetermining the special benefits accruing from the maintenance of the district's system of improvements to all property benefited thereby. [1961 c 16 § 2. Prior: 1951 c 63 § 1; 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

85.16.070 Notice of hearing. Notice of the hearing shall be given by publication in the official county newspaper and in such other newspaper published in or near the district as the county legislative authority may in its discretion direct, once a week for two consecutive weeks, the last publication of which shall be not less than seven nor more than fourteen days before the date of the hearing. Also, the county legislative authority shall serve by mail, at least ten days before the hearing, upon the commissioner of public lands of the state two copies of the published notice of the hearing together with a statement showing the amount of benefits determined by the appraisers in respect of each parcel of state, school, granted, or other lands owned by the state in the district, and shall similarly serve notice of the hearing upon the secretary of transportation, with a statement showing the amount of benefits determined by the appraisers in respect of any state primary or secondary highways within the district. [1984 c 7 § 378; 1949 c 26 § 6; Rem. Supp. 1949 § 4459-25.]

Reviser's note: The powers and duties of the commissioner of public lands have been transferred to the department of natural resources; see 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.130.

Severability—1984 c 7: See note following RCW 47.01.141.

85.16.080 Appraisal of special benefits. At or within two weeks of the time of fixing the date for such hearing the board shall appoint three qualified appraisers, at least one of whom shall be a resident of the county in which said district is situated, who shall qualify as provided in RCW 85.08.360. Thereupon said appraisers shall proceed immediately to carefully examine the district's system of improvements and the public and private property within the district, and fairly, justly and equitably determine and apportion the special benefits which will accrue from the maintenance of the district's system of improvements to each piece or parcel of privately and publicly owned land, together with the buildings and other permanent improvements thereon, and to the state, county, cities, towns and other municipal corporations for their roads and streets and other property within the district. The fact that any such property shall be exempt from general taxes shall not exempt the same from the provisions hereof. [1961 c 16 § 3. Prior: 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

85.16.090 Factors to be considered in making appraisal—Report and schedule. The appraisers shall carefully consider and take into account all factors, situations and conditions which lawfully may be taken into consideration as bearing upon and determining such benefits and to that end may make such investigations, hold such hearings, and receive such evidence as they may deem proper and shall file their sworn report, with a complete schedule of all property within the district and the special benefits determined by them as accruing to each piece and parcel thereof,

not less than twenty days prior to the date fixed for the hearing by the board. [1949 c 26 § 5; Rem. Supp. 1949 § 4459-24. Formerly RCW 85.16.090 and 85.16.100.]

85.16.110 Separate appraisals and schedules for diking and drainage benefits. In a district which functions both as a diking and a drainage improvement district, the appraisers, if so directed in the order of the board appointing them, shall determine separately, in accordance with RCW 85.16.060 and 85.16.080, the special benefits accruing to the various properties within the district from the maintenance of the diking system and from the maintenance of the drainage system, and in such case their report shall contain separate schedules of the respective benefits accruing from the maintenance of the diking and drainage systems of improvement considered separately and, so far as may be, independently of each other. [1961 c 16 § 4; 1949 c 26 § 7; Rem. Supp. 1949 § 4459-26.]

85.16.115 Determining special benefit to portion of lot, tract, or parcel. When any person applies to the county treasurer to pay the diking, drainage or sewerage improvement district assessments upon a portion of a lot, tract or parcel upon which special benefits have been confirmed, the county treasurer shall refer such matter to the county engineer for investigation. The county engineer shall apportion the total benefits found as to such lot, tract or parcel between the portions thereof in such manner as may be fair, just and equitable taking into account all factors, situations and conditions which may be lawfully taken into consideration in determining such special benefits. Unless the several owners interested in said lot, tract or parcel assent to the apportionment so made, the county engineer shall give notice to the apportionment by mail to them, if known. Upon assent of the interested owners or after the expiration of five days from the date of notice without the filing of a written protest to the apportionment, the county engineer shall certify in writing the apportioned benefit valuations to the county treasurer. The county treasurer, upon receipt of such certification, shall accept payment and issue receipt on the certified apportionment. If a written protest to such apportionment is filed with the county treasurer, the matter shall be heard by the county commissioners at their next regular session for final apportionment and the county treasurer shall accept and receipt for such assessments as determined and ordered by the county commissioners. [1951 c 63 § 4.]

County road engineer: Chapter 36.80 RCW.

District engineer: RCW 85.08.010.

85.16.120 Apportionment of levy for extraordinary expenditures—Appraisal and hearing. Whenever the board shall provide that a levy to meet extraordinary maintenance expenditures shall be spread over a term of years and warrants or bonds issued as provided in RCW 85.16.030, said board shall fix a date for and hold a hearing and appoint appraisers as provided in RCW 85.16.060 and 85.16.080. Said appraisers, in addition to discharging the duties imposed upon the appraisers by RCW 85.16.060, 85.16.080 and 85.16.090, shall: (1) Apportion the estimated costs of such extraordinary maintenance work to the proper-

ties within the district in proportion to the benefits accruing to said properties from the maintenance of the district's system of improvements as determined by them; and (2) file a complete schedule of said apportionment of costs with the board. [1961 c 16 § 5; 1949 c 26 § 8; Rem. Supp. 1949 § 4459-27.]

85.16.130 Conduct of hearing on appraisers' report—Correction, etc., of schedules. At the hearing upon the report of the appraisers, which may be adjourned from time to time until finally completed, the board shall carefully examine and consider the special benefits and the apportionment of estimated costs determined by the appraisers and reported in the schedule or schedules, and any objections thereto which shall have been made in writing and filed with the board on or prior to ten o'clock a.m. of the date fixed for such hearing. Each objector shall be given reasonable time and opportunity to submit evidence and be heard on the merits of his objections. At the conclusion of such hearing, the board shall so correct, revise, raise, lower, change or modify such schedule or schedules, or any part thereof, or strike therefrom any property not specially benefited, as to said board shall appear equitable and just. The board shall cause the clerk of the board to enter on each such schedule or schedules all such additions, cancellations, changes and modifications made by it. [1949 c 26 § 9; Rem. Supp. 1949 § 4459-28. Formerly RCW 85.16.130 and 85.16.140.]

85.16.150 Approval of schedules—Separate funds for diking, drainage systems. When the board shall have determined that the schedule or schedules of benefits and/or apportionment of costs as filed or as changed and modified by it are fair, just and equitable and, if estimated costs have been apportioned, that said benefits equal or exceed said costs apportioned, the members of the board approving the same shall sign said schedule or schedules and cause the clerk of the board to attest their signatures under his seal, and shall enter an order in the journal approving and confirming the final determination of such benefits and apportionment of costs and all proceedings leading thereto and in connection therewith. If separate schedules be established for maintenance of the diking system and of the drainage system, the board shall by order establish two separate maintenance funds, one for the maintenance of the diking system and one for the maintenance of the drainage system. [1949 c 26 § 10; Rem. Supp. 1949 § 4459-29.]

85.16.160 Roll of benefits—Benefits to be basis of levies. Upon the approval and final determination of benefits the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said benefits as finally determined, and shall deliver said roll to the treasurer. Said benefits shall be the basis for the apportionment and collection of maintenance levies thereafter made by the board. [1949 c 26 § 11; Rem. Supp. 1949 § 4459-30.]

85.16.170 Levy for extraordinary expenditures—Roll. Upon the approval and final determination of the apportionment of estimated costs of extraordinary mainte-

nance expenditures as provided in RCW 85.16.120 and 85.16.130, the board shall levy the amounts so apportioned against all the properties benefited and the amounts assessed against the state, county, cities and towns, and other municipal corporations benefited, and the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said apportionment of estimated costs as finally determined and fixing and levying the assessments therefor, and shall deliver said roll to the treasurer for collection in accordance with the order of the board. [1949 c 26 § 12; Rem. Supp. 1949 § 4459-31.]

85.16.180 Authorizing extraordinary work—Temporary construction warrants. The county legislative authority shall thereupon enter an order authorizing the contemplated extraordinary maintenance work to be done and authorizing the issuance of temporary construction warrants to pay the cost of said work as it progresses, which warrants may bear interest at such rate or rates of interest as the county legislative authority shall determine. Warrants to pay the costs of such extraordinary maintenance may be issued and sold at one time or from time to time and in such series and amounts as may be found practicable and as determined by the board. [1986 c 278 § 34; 1983 c 167 § 198; 1970 ex.s. c 56 § 92; 1969 ex.s. c 232 § 54; 1949 c 26 § 13; Rem. Supp. 1949 § 4459-32. Formerly RCW 85.16.040 and 85.16.180.]

Severability—1986 c 278: See note following RCW 36.01.010.

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Validation—Saving—Severability—1969 ex.s. c 232: See notes following RCW 39.52.020.

85.16.190 Judicial review—Regularity, validity of proceedings. The decision of the board upon any objections to the determination of benefits and/or apportionment of costs and/or the levy of the assessments therefor, made within the time and in the manner prescribed in RCW 85.16.130, may be reviewed by the superior court of the county in which the district is situated and thereafter by the supreme court or the court of appeals within the time and in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from and appellate review of the board's apportionment of the cost of construction of the district's system of improvements. The provisions of RCW 85.08.450, shall be controlling as to the regularity, validity, and conclusiveness of all the proceedings hereunder. [1988 c 202 § 79; 1971 c 81 § 164; 1949 c 26 § 14; Rem. Supp. 1949 § 4459-33.]

Severability—1988 c 202: See note following RCW 2.24.050.

85.16.200 Redetermination of special benefits—Hearing. Whenever, after the determination of special benefits accruing from the maintenance of the district's system of improvements, it appears to the board from a petition filed by the affected property owner or owners or otherwise, that by reason of permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty, or of other changes in the character or condition of

the property, the benefits theretofore determined in respect to any one or more pieces or parcels of property are no longer fair, just and equitable, then the board shall appoint three appraisers who shall qualify as in RCW 85.08.360 hereof. Said appraisers shall proceed immediately to carefully examine the pieces or parcels of property as to which since the last determination of special benefits thereto there have been permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty or other changes in the character or condition of the property. Said appraisers shall file their sworn report with the board setting forth the special benefits determined by them as accruing to each piece and parcel of property examined by them not less than ten days prior to the date of hearing. The board shall hold a hearing thereon at the county seat at the time of equalization of the real property assessment and shall give notice thereof as provided in RCW 85.16.070. [1951 c 63 § 2; 1949 c 26 § 15; Rem. Supp. 1949 § 4459-34.]

85.16.210 Conduct of hearing on special benefits—Modification of schedules—Judicial review. At such hearing, which may be adjourned from time to time as may be necessary to give all persons interested or affected a reasonable opportunity to be heard, and after consideration of all evidence offered and all factors, situations and conditions bearing upon or determinative of the benefits accruing and to accrue to such pieces or parcels of property, the board shall correct, revise, raise, lower, or otherwise change or confirm the benefits as theretofore determined, in respect of such pieces or parcels of property, as to it shall seem fair, just and equitable under the circumstances, and thereafter such proceedings shall be had with respect to the confirmation or determination of the benefits and making and filing of a roll thereof, as are in RCW 85.16.130, 85.16.150 and 85.16.160 provided. Any property owner affected by any change thus made in the determination of benefits accruing to his property who shall have appeared at the hearing by the board and made written objections thereto as provided in RCW 85.16.130, may appeal from the action of the board to the superior court and seek appellate review by the supreme court or the court of appeals, within the time, in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from the order of the board confirming the apportionment of the original cost of construction. [1988 c 202 § 80; 1971 c 81 § 165; 1949 c 26 § 16; Rem. Supp. 1949 § 4459-35.]

Severability—1988 c 202: See note following RCW 2.24.050.

85.16.220 Other provisions shall apply—Exceptions. The provisions of *RCW 85.08.280, 85.08.310, 85.08.320, 85.08.420, 85.08.430, and 85.08.480 through 85.08.520, shall be deemed and hereby are made a part of this chapter insofar as they may be applicable hereto, except that the unpaid assessments or installments thereof, which may have been levied for extraordinary maintenance costs as provided in RCW 85.16.170, shall bear interest at a rate determined by the county legislative authority. [1981 c 156 § 25; 1949 c 26 § 17; Rem. Supp. 1949 § 4459-36.]

*Reviser's note: RCW 85.08.280 was repealed by 1986 c 278 § 46.

85.16.230 Erroneous assessment—Correction. Whenever any payer of a diking, drainage, or sewerage improvement district maintenance assessment believes that, through obvious error in name, number, description, amount of benefit valuation, double assessment, or extension, or other obvious error, property on which he has paid an assessment has been erroneously assessed, he may pay such assessment under protest. If, within thirty days after such payment under protest, he files with the board a written verified petition setting out his name, address and legal description of the property, the nature of the obvious error alleged to have been made, and the date and amount of any assessment paid thereon, the board shall cause such claim to be investigated. If upon investigation any assessment is found to be erroneous through obvious error, the board shall order such assessment to be corrected if no bond or long term warrant issue is affected. Where correction is ordered of an erroneous assessment already collected, the auditor, upon receipt of a certified copy of the board's order of correction, shall refund to the person paying the assessment the difference between the correct assessment and the erroneous assessment, plus legal interest on such difference from date of payment, by a warrant drawn on the maintenance fund of the district. [1951 c 63 § 3.]

85.16.900 Severability—1949 c 26. The adjudication of invalidity of any section, clause or part of a section of this act shall not impair or otherwise affect the validity of this act as a whole, or any other part hereof. [1949 c 26 § 19.]

85.18.005 Declaration of purpose. The state declares that it has an interest in protecting and preserving productive land and buildings needed to make business function continuously. Where organized diking districts, through their improvements, have reclaimed land or protected it from

overflow and have enabled erection of improvements thereon or have furnished such land and buildings protection against flood water, it is necessary to provide a just and equitable method to enable such diking districts continuously to function effectively. It is declared that there is a direct relationship, where such conditions exist, between the continuous functioning of such districts and the fair value of the lands and buildings thereon, or to be erected thereon, thus afforded protection. [1951 c 45 § 1.]

85.18.010 Levy for continuous benefits authorized—Base benefits. When any diking district has been organized and the improvements made afford protection to land and buildings within such district against damage or destruction from overflow waters in that the level of the land and of the foundational structures of buildings thereon is below the water level at flood or high tide stages of the waters, fresh or salt, against which such district improvements furnished protection, the board of diking commissioners of such district may, under the procedure established in this chapter, determine such fact and by resolution so declare; and may provide that the cost of continued functioning of the district shall be paid through levies of dollar rates made and collected according to this chapter against the land and buildings thus protected, based upon the determined base benefits received by such land and buildings. [1973 1st ex.s. c 195 § 115; 1951 c 45 § 2.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.020 Roll of protected property. To operate under this chapter, the board shall cause to be prepared and filed with it a roll containing descriptions of the land and buildings thereon within the district to which its improvements furnish the nature of protection set forth in RCW 85.18.010. The roll shall show descriptions of the land and the name of its owner, or reputed owner, and such owner's address, as shown upon the tax roll of the treasurer of the county wherein the property is located, and the determined value of such land and any buildings thereon as last assessed and equalized by the taxing agencies of such county. [1951 c 45 § 3.]

85.18.030 Hearing on roll—Determining continuous base benefit. After the roll is prepared the board shall give notice of a time and place at which the board will hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and if so found to exist by said board at said hearing, then the board shall by resolution so declare. The notice shall also state that at said hearing, or any continuance thereof, the board will sit to consider said roll and to determine the continuous base benefits which each of the properties thereon are receiving and will receive from the continued operation and functioning of such district, which shall in no instance exceed one hundred percent of the true and fair value of such property in money, will consider all objections made thereto or to any part thereof, and will correct, revise, lower, change, or modify such roll as shall appear just and equitable; that when correct benefits are fixed upon said roll by said board, it will adopt said roll by

resolution as establishing, until modified as hereinafter provided, the continuous base benefit to said protected lands and buildings against which will be levied and collected dollar rates to provide funds for the continuous functioning of said district. [1973 1st ex.s. c 195 § 116; 1951 c 45 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.040 Notice of hearing. The notice of the time and place of hearing shall be given to any owner, or reputed owner, of the property which is listed on the roll as aforesaid, by mailing a copy thereof at least thirty days before the date fixed for the hearing to the owner or owners at his or their address as shown on the tax rolls of the county treasurer for the property described. In addition thereto, the notice shall be published at least once a week for three consecutive weeks in a newspaper of general circulation in the district. At least fifteen days must elapse between the last date of publication thereof and the date fixed for the hearing. [1985 c 469 § 76; 1951 c 45 § 5.]

85.18.050 Procedure on hearing—Objections. At said hearing, or adjournments thereof, the board shall review said roll and determine the continuous base benefits to land and buildings furnished continuous protection by the improvement system of the district; hear objections to the adoption of said roll; correct, revise, change, modify or set aside such roll, or any part thereof, as to the board shall appear equitable and just; and then adopt the same by resolution. All objections to this or any subsequent roll must be in writing and filed with the board during the hearing before the roll is adopted and must state clearly the grounds of objection. Objections not made within the time and in the manner herein prescribed shall be conclusively presumed to have been waived. [1951 c 45 § 6.]

85.18.060 Additional roll as to particular property—Procedure. The board shall, from time to time, examine the properties within said district, and if it finds that any protected land or buildings thereon have been omitted from the existing roll, or new buildings have been added to lands, or the condition of land or buildings has changed, and in the initial judgment of the board such land or the buildings thereon was such that it was furnished the protective benefits of the improvements of the district, the board shall cause at each such time an additional roll of such property to be filed with it, and hold a hearing to determine and make such corrections, additions, alterations and modifications of the benefits to such property only, and to hear any objections filed as to such property only. The board shall give notice of such hearing to the owner, or reputed owner, of the property involved, at the address of such owner as then shown on the tax rolls of the treasurer of the county wherein the property is located, in the same way and manner as herein provided for consideration of the original roll, but such notice need not be published.

At the hearing, or any adjournment thereof, the board shall have power to correct, revise, change, modify, or set aside such roll, or any part thereof, as shall be deemed just and equitable, and then adopt the same by resolution. [1951 c 45 § 7.]

85.18.070 Roll to be certified and filed. When any roll or additional or supplemental roll be adopted by the board of commissioners, the same shall be certified to, and filed with, the auditor of the county wherein the property contained on said roll is situated, and shall supplement said original roll. [1951 c 45 § 8.]

85.18.080 Roll to provide basis for levy. Until further modified, amended, or changed by an additional or supplemental roll certified to the county auditor after the foregoing procedure is had, the original roll, as modified or supplemented, if the same is done, shall serve as the base of benefits to the land and buildings protected by the improvement system of said district against which dollar rate is levied and collected from time to time for the continued functioning of said diking district. [1973 1st ex.s. c 195 § 117; 1951 c 45 § 9.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.090 Roll and proceedings conclusive—Exceptions—Right to injunction. Whenever any roll shall have been adopted by the board of commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, HOWEVER, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

(1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or

(2) The charge has been paid. [1951 c 45 § 10.]

85.18.100 Review by superior court—How taken. The decision of the board of commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the commissioners. The petition shall describe the property in question, set forth the written objections which were made to the decision, the date of filing of such objections, and be signed by such party or one in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [1951 c 45 § 11.]

85.18.110 Review by superior court—Transcript—Contents—Filing. Within ten days from the filing of such petition for review, the commission, unless the court shall grant additional time, shall file with the clerk of such court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before said roll was adopted, and a copy of the resolution adopting the roll. [1951 c 45 § 12.]

85.18.120 Review by superior court—Filing fee—Bond—Priority of cause. The county clerk shall charge the same filing fees for petitions for review as in civil actions. At the time of the filing of such petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of said court, conditioned upon his prosecuting his appeal without delay and to guarantee all costs which may be assessed against him by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set said cause for trial at the earliest time available to the court, fixing a date for hearing and trial without a jury. Said cause shall have preference over all civil actions pending in said court except eminent domain and forcible entry and detainer proceedings. [1951 c 45 § 13.]

85.18.130 Review by superior court—Scope—Judgment. At the trial the court shall determine whether the board has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county auditor, who shall change, modify or correct as and if required. [1951 c 45 § 14.]

85.18.140 Appellate review. Appellate review may be sought as in other civil cases: PROVIDED, HOWEVER, That review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals, on such appeal, may change, confirm, correct or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county auditor having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such decision if required. [1988 c 202 § 81; 1971 c 81 § 166; 1951 c 45 § 15.]

Severability—1988 c 202: See note following RCW 2.24.050.

85.18.150 Levy is for continuous benefits only. The dollar rate levy returns collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection. [1973 1st ex.s. c 195 § 118; 1951 c 45 § 16.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.18.160 Annual estimate of costs—Levy as part of general taxes. The board of commissioners of any diking district proceeding under this chapter shall, on or before the first day of November of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of such district during the ensuing year and until further revenue therefor can be made available, and cause its chairman or secretary to certify the same on or before said date to the county auditor, and the amount so certified shall be levied by the regular taxing agencies against the base benefits to the lands and buildings within such district as shown by the then current complete roll of such properties and the determined benefits thereto as therefore certified to and filed with such county auditor by the commissioners of such district. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of such district. [1951 c 45 § 17.]

85.18.170 Emergency expenditures—Warrants. In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs, declared to be such by resolution of such board, the diking commissioners may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by diking districts and the servicing thereof, and all such warrants so issued shall be valid and legal obligations of such district and its taxable lands and improvements as shown upon the then current roll of said district filed with the county auditor. [1951 c 45 § 18.]

85.18.180 Levy is exclusive method for raising revenue—Exception. Any diking district operating under this chapter shall not use the processes provided for raising revenue under any other law: PROVIDED, That any such other method of raising revenue provided by law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1951 c 45 § 19.]

85.18.900 Severability—1951 c 45. Should any section or provision of this act be declared unconstitutional or ineffectual, such action shall not affect or nullify any other provision or section thereof. [1951 c 45 § 20.]

The supervisors shall also have the right to purchase and install machinery, pumps and other equipment for the carrying on of such irrigation within the district. Notwithstanding such dissolution and reorganization, none of the outstanding bonds, warrants or other indebtedness of the district, shall be affected thereby; and all lands liable to be assessed to pay any of such bonds, warrants or other indebtedness shall remain liable to the same extent as if such reorganization had not been made, and any and all assessments theretofore levied or made against any such lands shall be and remain unimpaired and shall be collected in the same manner as if no such reorganization had been had. Special district creation and operation: Chapter 85.38 RCW.

85.24.010 Districts authorized—Powers—Designation. Whenever a portion of two or more counties require diking, drainage, or the erection of flood dams or drift barriers to prevent inundations, such portion of two or more counties may be organized into a district; and the board of commissioners, hereinafter provided for, shall have and possess the powers herein conferred, or that may hereafter be conferred by law upon such districts and board of commissioners, and all such powers not in conflict with those herein granted, which now exist under the provisions of the laws of the state relating to the establishment, construction and maintenance of dikes and drains; and such districts shall be known and designated as "Diking and Drainage District No. . . . in and counties (here insert name of counties), of the state of Washington"; and shall have the right to sue and be sued by, in the name of its board of commissioners herein provided for, and shall have perpetual succession, and shall adopt and use a seal. [1923 c 140 § 1; 1909 c 225 § 1; RRS § 4361.]

85.24.015 Certain powers and rights governed by chapter 85.38 RCW. Intercounty diking and drainage districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW. [1985 c 396 § 34.]

Severability—1985 c 396: See RCW 85.38.900.

85.24.025 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Intercounty diking and drainage improvement districts may annex territory, consolidate with other special districts, and

have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 14.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.24.065 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which inter-county diking and drainage districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which intercounty diking and drainage districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 27.]

Severability—1985 c 396: See RCW 85.38.900.

85.24.070 Board of commissioners—Oath, bond—Plan of improvement—Levy of assessment, procedure. A three-member board of commissioners shall be the governing body of an intercounty diking and drainage district. The initial commissioners shall be appointed, and the elected commissioners elected, as provided in chapter 85.38 RCW.

The members of such board, before entering upon their duties, shall take and subscribe on oath substantially as follows:

State of Washington, }
County of } ss.

I, the undersigned, a member of the board of commissioners of the diking and drainage district No., in and counties, do solemnly swear (or affirm) that I will faithfully discharge my duties as a member of the commission.

Upon the taking of such oath and the entering into a bond, as provided in RCW 85.38.080, the county legislative authority shall enter an order upon its records that the three persons named have qualified as the board of commissioners for diking and drainage district No., in and counties, and that those persons and their successors do and shall constitute a board of commissioners for the diking and drainage district. The order when made shall be conclusive of the regularity of the election and qualification of the board of diking and drainage commissioners for the particular district, and the persons named therein shall constitute the board of diking and drainage commissioners.

The board of diking and drainage commissioners shall thereupon immediately organize and elect one of their number as chairman and may either appoint a voter of the district or another diking and drainage commissioner to act as secretary. The board shall then proceed to make and cause to be made specifications and details of a system which may be adopted by the board for the improvements to be made, together with an estimate of the total cost thereof; and shall, upon the adoption of the plan of improvement of the district, proceed to acquire the necessary property and property rights for the construction, establishment and maintenance of the system either by purchase or by power of eminent domain as hereinafter provided. Upon such acquisition being had, the board shall then proceed with the

construction of the diking and drainage system and in doing so shall have the power to do the work directly or in its discretion to have all or any part of the work done by contract. In case the board shall decide upon doing the same by contract, it shall advertise for bids for the construction work, or such part thereof as they may determine to have done by contract, and shall have the authority to let a contract to the lowest responsible bidder after advertising for bids.

Any contractor doing work hereunder shall be required to furnish a bond as provided by the laws of the state of Washington relating to contractors of public work.

The board shall have the right, power and authority to issue vouchers or warrants in payment or evidence of payment of any and all expenses incurred under this chapter, and shall have the power to issue the same to any contractor as the work progresses, the same to be based upon the partial estimates furnished from time to time by engineers of the district. All warrants issued hereunder shall draw interest at a rate determined by the board.

Upon the completion of the construction of the system, and ascertainment of the total cost thereof including all compensation and damages and costs and expenses incident to the acquiring of the necessary property and property right, the board shall then proceed to levy an assessment upon the taxable real property within the district which the board may find to be specially benefited by the proposed improvements; and shall make and levy such assessment upon each piece, lot, parcel and separate tract of real estate in proportion to the particular and special benefits thereto. Upon determining the amount of the assessment against each particular tract of real estate as aforesaid, the commissioners shall make or cause to be made an assessment roll, in which shall appear the names of the owners of the property assessed, so far as known, and a general description of each lot, block, parcel or tract of land within the district, and the amount assessed against the same, as separate, special or particular benefits. The board shall thereupon make an order setting and fixing a day for hearing any objections to the assessment roll by any one affected thereby, which day shall be at least twenty days after the mailing of notices thereof, postage prepaid, as herein provided. The board shall send or cause to be sent by mail to each owner of the premises assessed, whose name and place of residence is known, a notice, substantially in the following form:

To: Your property (here describe the property) is assessed \$ A hearing on the assessment roll will be had before the undersigned at the office of the board at on the day of at which time you are notified to be and appear and to make any and all objections which you may have as to the amount of the assessment against your property, or as to whether it should be assessed at all; and to make any and all objections which you may have to the assessment against your lands, or any part or portion thereof.

The failure to send or cause to be sent such notice shall not be fatal to the proceedings herein described. The secretary of the board on the mailing of the notices shall certify generally that he has mailed such notices to the known address of all owners, and such certificate shall be prima facie evidence of the mailing of all such notices at the date mentioned in the certificate.

The board shall cause at least ten days' notice of the hearing to be given by posting notice in at least ten public places within the boundaries of the district, and by publishing the same at least five successive times in a daily newspaper published in each of the counties affected; and for at least two successive weeks in one or more weekly newspapers within the boundaries of the district, in each county if there are such newspapers published therein, and if there is no such newspaper published, then in one or more weekly newspapers, having a circulation in the district, for two successive weeks. The notice shall be signed by the chairman or secretary of the board of commissioners, and shall state the date and place of hearing of objections to the assessment roll and levy, and of all other objections; and that all interested parties will be heard as to any objection to the assessment roll and the levies as therein made. [1985 c 396 § 53; 1981 c 156 § 26; 1923 c 140 § 4; 1909 c 225 § 5; RRS § 4365. As to all parcels, lots or blocks as to which no objections are filed, within the time as aforesaid, the assessment thereon shall be confirmed and shall be final. On the hearing, each person may offer proof, and proof may also be offered on behalf of the assessment, and the board shall affirm, modify, change and determine the assessment, in such sum as to the board appears just and right. The commissioners may increase the assessment during such hearing upon any particular tract by mailing notice to the owner at his last known address, to be and appear within a time not less than ten days after the date of the notice, to show cause why his assessment should not be increased. When the assessment is finally equalized and fixed by the board, the secretary thereof shall certify the same to the county treasurer of each county in which the lands are situated, for collection; or if appeal has been taken from any part thereof, then so much thereof as has not been appealed from shall be certified. In case any owner of property appeals to the superior court in relation to the assessment or other matter when the amount of the assessment is deter-

mined by the court finally, either upon determination of the superior court, or review by the supreme court or the court of appeals, then the assessment as finally fixed and determined by the court shall be certified by the clerk of the proper court to the county treasurer of the county in which the lands are situated and shall be spread upon and become a part of the assessment roll hereinbefore referred to. [1988 c 202 § 82; 1971 c 81 § 167; 1909 c 225 § 6; RRS § 4366.]

Severability—1988 c 202: See note following RCW 2.24.050.

85.24.150 Lien of assessments—Notice and collection. The final assessment shall be a lien paramount to all other liens except liens for taxes and other special assessments upon the property assessed, from the time the assessment roll shall have been finally approved by the board, and placed in the hands of the county treasurers as collectors. After the roll shall have been delivered to the county treasurers for collection, each treasurer shall proceed to collect the amounts due in the manner that other taxes are collected as to all lands situated within the county of which he is treasurer. The treasurer shall give at least ten days' notice in one or more newspapers of general circulation in the counties in which the lands are situated for two successive weeks, that the roll has been certified to him for collection, and that unless payment be made within thirty days from the date of the notice, that the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged, at a rate not to exceed seven percent per annum. The interest shall be paid annually. The county treasurer shall proceed to collect the amount due each year upon the publication of notice as hereinafter provided. In such publication notice it shall not be necessary to give a description of each tract, piece or parcel of land, or of the names of the owners thereof.

The treasurer shall also mail a copy of the notice to the owner of the property assessed, when the post office address of the owner is known to the treasurer; but the failure to mail the notice shall not be necessary to the validity of the collection of the tax. [1985 c 469 § 83; 1909 c 225 § 8; RRS § 4368.]

85.24.160 Payment of assessment without interest. The owner of any lot or parcel of land charged with any assessment, as hereinbefore provided, may redeem the same from all liability by paying the entire assessment charged against such lot or parcel of land, or part thereof, without interest, within thirty days after notice to him of such assessment, as herein provided. [1986 c 278 § 38; 1983 c 167 § 199; 1909 c 225 § 17; RRS § 4377.]

The treasurer of the county in which the smaller or minor portion of the taxes are to be collected shall forward the amount collected by him quarterly each year on the first Monday in January, April, July and October, to the treasurer of the county in which the larger or major portion of the taxes are to be collected. The treasurer of the county in which the larger portion of the taxes have been levied and assessed shall be the disbursing officer of such diking and drainage district, and shall pay out the funds of such district upon orders drawn by the chairman and secretary of the board acting under authority of the board, and shall be the treasurer of the fund. [1909 c 225 § 22; RRS § 4382.]

85.24.180 Sale of property for delinquency—Procedure—Purchaser's interest. If any of the installment of taxes are not paid as herein provided, the county treasurer shall sell all lots or parcels of land on which taxes have been levied and assessed, whether in the name of the designated owner or the name of an unknown owner, to satisfy all delinquent and unpaid assessments, interest, penalties and costs. The treasurer must commence the sale of property upon which taxes are delinquent within sixty days after the same become delinquent, and continue such sale from day to day thereafter until all the lots and parcels of land upon which taxes have not been paid are sold. Such sales shall take place at the front door of the court house. The proper treasurer shall give notice of such sales by publishing a notice thereof once a week for two successive weeks in two or more newspapers published within the district, or if no such newspaper is published, within the district, then within any two or more newspapers having a general circulation in such district; such notice shall contain a list of all lots and parcels of land upon which such assessments are delinquent, with the amount of interest, penalty and cost at the date of sale, including costs of advertising had upon each of such lots, pieces or parcels of land, together with the names of the owners thereof, if known to the treasurer, or the word "unknown" if unknown to the treasurer, and shall specify the time and place of sale, and that the several lots or parcels of land therein described, or so much as may be necessary, will be sold to satisfy the assessment, interest, penalty and cost due upon each. All such sales shall be made between the hours of ten o'clock a.m. and three o'clock p.m. Such sales shall be made in the manner now prescribed by the general

laws of this state for the sale of property for delinquent taxes, and certificates and deeds shall be made to the purchasers and redemptions made as is now prescribed by the general laws of this state in the manner and upon the terms therein specified: **PROVIDED**, That no tax deeds shall be made until after the expiration of one year after the issuance of the certificate, and during such year any person interested may redeem. A certificate of purchase shall be issued to the district for all lots and parcels of land not sold. Certificates issued to the district shall be delivered to the board of commissioners of the district. The board of commissioners of the district may sell and transfer any such certificate to any person who is willing to pay to the district the amount for which the lot or parcel of land therein described was stricken off to the district, with the interest subsequently accrued thereon. Within ten days after the completion of sale of all lots, pieces and parcels of land authorized to be sold as aforesaid, the treasurer must make a return to the board of commissioners with a statement of the doings thereon, showing all lots and parcels of land sold by him, to whom sold and the sum paid therefor. The purchaser at improvement sales acquires a lien on the lot, piece or parcel of land sold for the amount paid by him at such sales for all delinquent taxes and assessments, and all costs and charges thereon, whether levied previously or subsequently to such sale, subsequently paid by him on the lot or parcel of land, and shall be entitled to interest thereon at the rate of ten percent per annum from the date of such payment. [1909 c 225 § 23; RRS § 4383. Formerly RCW 85.24.180 and 85.24.190, part.]

85.24.190 Disposal by commissioners of lands not redeemed from sale—Use of proceeds. The board of commissioners of the district shall have the power to sell, lease and dispose of any and all lands which may be acquired by it by virtue of deeds issued to it by the treasurer for lands not redeemed from sale, and the funds derived from any disposition of such land shall become the fund of the district to be used for the benefit of the district under the direction of its board of commissioners. [1909 c 225 § 24; RRS § 4384. **FORMER PART OF SECTION:** 1909 c 225 § 23, part, now codified as RCW 85.24.180.]

85.24.200 Reassessments. If because of a substantial reduction of the amount of the assessment upon any lands, the result would be to leave the amount of the assessment upon other lands insufficient, or if for any cause the assessment should be held invalid or become inoperative, then the board shall have power to make a reassessment of all lands to the same extent as the original assessment. [1909 c 225 § 30; RRS § 4390.]

85.24.220 Segregation of assessments. When a piece, lot, or tract of land has been assessed in one body, if the same is subsequently subdivided by the owner, or there should be purchasers of different portions of such tract, then the owner or purchaser may pay the taxes upon such piece or tract of land, paying the proportion which is proper upon such separate piece or tract. [1909 c 225 § 25; RRS § 4385.]

85.24.235 Special assessment bonds. Special assessment bonds and notes shall be issued and sold in accordance with chapter 85.38 RCW. [1986 c 278 § 26.]

[1899 c 125 § 1; RRS § 4394. Prior: 1883 p 77 § 1; 1875 p 92 § 2; 1863 p 485 § 1; 1858 p 31 § 1.]

85.28.020 Petition to appropriate—Contents. The person or persons desiring the location and establishment of such ditch or drain may file in the superior court of the county in which the lands sought to be appropriated are situated, a petition showing the name of the petitioner or petitioners; a description of the lands to be benefited, and of those over which the ditch would pass, and setting forth the name of every owner, incumbrancer, or other person or party interested in the lands over which said ditch would pass, or any part thereof, so far as the same can be ascertained from the public records of the county. Such petition shall also show the object for which the lands are sought to be appropriated, the necessity for the appropriation, and the length, width and depth of the ditch on the lands of each separate owner, with a description of said ditch, as nearly as practicable; and shall also set out the estimated damage to the lands of each owner to be crossed by such ditch. [1899 c 125 § 2; RRS § 4395. Prior: 1883 p 77 § 2, part.]

The petitioner, or someone in his behalf, shall enter into a bond in the penal sum of one hundred dollars, with two or more sureties, to be approved by the clerk of said court, payable to the state of Washington, conditioned that the petitioner or petitioners will pay all costs and expenses incurred in the proceeding; which said bond shall be filed with the petition. [1899 c 125 § 3; RRS § 4396. Prior: 1883 p 77 § 2, part.]

85.28.040 Viewers to be appointed—Duties. Upon the filing of said petition the court shall appoint three viewers, two of whom shall be resident freeholders of said county, and not interested in the result of the proceeding, and the other the *county surveyor of the county in which the lands are situated (unless said *county surveyor shall be a party in interest, in which case some other competent surveyor shall be appointed in his place who shall receive the same compensation as is allowed by law to *county surveyors) who shall, upon a day to be fixed by the court, in the order appointing them, view the lands of the petitioner and the lands which said proposed ditch or drain is to cross, for the purpose of determining: First, whether there is a necessity for the establishment of a ditch; and, second, the most practicable route for said ditch to run, if the same be necessary. The clerk of said court shall furnish to said viewers a certified copy of the order appointing them, which shall warrant them entering upon the lands described in the petition for the purpose of viewing the same. ***Reviser's note:** This section refers to the "county surveyor." 1907 c 160 § 1 designated the county surveyor as county engineer; 1925 ex.s. c 167 § 1 abolished the elective office of engineer, except in Class A and first class counties, and the powers and duties were transferred to the county commissioners with power to employ an engineer; 1937 c 187 § 4 provided duties to vest in county commissioners who were directed to employ a county road engineer. See RCW 36.75.050 and chapter 36.80 RCW.

85.28.050 Report of viewers and plat to be filed. When said viewers shall have made said examination they shall, within ten days after the day appointed by the court for such examination, report to the court, in writing, (filing the same with the clerk of said court) their decision as to the necessity for said ditch and if they deem such ditch necessary, then the *county surveyor shall file with such report an accurate description and plat of the proposed ditch, showing the course thereof as recommended by the viewers. The viewers shall also estimate the amount of damage which each separate owner would suffer by reason of the construction thereof. [1899 c 125 § 5; RRS § 4398. Prior: 1883 p 79 § 8; Code 1881 § 2507; 1877 p 314 § 2; 1875 p 94 § 6.]

***Reviser's note:** "County surveyor," see note following RCW 85.28.040.

85.28.060 Summons to landowners—Contents and form. Upon the filing of the report of the viewers aforesaid, a summons shall be issued in the same manner as summons are issued in civil actions, and served upon each person owning or interested in any lands over which the proposed ditch or drain will pass. Said summons must inform the person to whom it is directed of the appointment and report

of the viewers; a description of the land over which said ditch will pass of which such person is the owner, or in which he has an interest; the width and depth of said proposed ditch, and the distance which it traverses said land, also an accurate description of the course thereof. It must also show the amount of damages to said land as estimated by said viewers; and that unless the person so summoned appears and files objections to the report of the viewers, within twenty days after the service of said summons upon him, exclusive of the day of service, the same will be approved by the court, which summons may be in the following form:

*Reviser's note: "County surveyor," see note following RCW 85.28.040.

85.28.080 Service by publication. In case any person interested in any of the lands to be crossed by such ditch, as aforesaid, does not reside in the county, or cannot be found therein, or conceals himself so that personal service cannot be had upon him, upon proof thereof being made satisfactorily to appear to said court, said summons may be served by publication, in the same manner and with like effect as is done in civil actions: PROVIDED, That no other or different form of summons shall be required for publication than is required for personal service. [1899 c 125 § 7; RRS § 4400.]

85.28.090 Trial—Findings or verdict—Decree—Time for payment of award. Upon the expiration of the

time within which exceptions may be filed to the report of the viewers aforesaid, the court shall set a day upon which the petition and the report of the viewers shall be heard and considered by the court. In case exceptions have been filed by any party or parties, which exceptions must have been served upon the petitioner or petitioners prior to the hearing, the court shall hear evidence in regard thereto, and without a jury, pass upon the questions of the necessity for said ditch and the location thereof. If the court finds that such ditch is necessary, and the route selected is the best and most practicable, and that the compensation allowed by the viewers is just and reasonable, then the court shall file his findings to this effect and cause an order to be entered approving the petition and report of the viewers. If, within twenty days from the filing of the findings of facts aforesaid, the petitioner or petitioners shall pay into court all the costs and sums awarded to the owner or owners of the land over which said ditch shall pass, a decree shall be entered establishing the same: PROVIDED, If any party shall except to the amount of damages found by the viewers, then the amount of such damages shall be tried by jury, unless a jury trial be waived by the parties, in which case trial thereof may be had by the court. Such trial shall be at a regular term of said court, at which a jury shall be present, and shall be conducted and verdict rendered in the same manner as in civil actions: PROVIDED FURTHER, That it shall not be incumbent on the petitioner to pay into court the amount of the award or awards of said jury, until within twenty days after said verdict shall have been rendered and entered. [1899 c 125 § 8; RRS § 4401.]

85.28.100 Appeal. No appeal shall be taken from the finding of the court as to the necessity of such ditch or as to the route thereof until after final judgment or decree is entered: PROVIDED, That exceptions shall be taken and allowed to such orders at the time that they are made, and appeal from such orders and from the award of damages shall be taken at the same time. All the provisions of the law in regard to appeals in civil actions shall apply to the proceedings provided for in this chapter. [1899 c 125 § 9; RRS § 4402.]

85.28.110 Compensation of viewers—Costs. The viewers appointed under the provisions of this chapter shall receive the sum of two dollars per day for their services, and the *county surveyor shall receive such compensation as is allowed by law for like services, the same to be taxed as costs and paid by the petitioner. All other costs shall be the same as in civil actions in the superior court. [1899 c 125 § 10; RRS § 4403.]

*Reviser's note: "County surveyor," see note following RCW 85.28.040.

85.28.120 New viewers may be appointed if report not adopted. In case the court should not for any reason adopt the report of the viewers, or the same should be deemed insufficient for any reason, the court may appoint other viewers whose duties shall be the same as the duties of the viewers first appointed. [1899 c 125 § 11; RRS § 4404.]

85.28.130 Drainage of tide or marsh lands—Division of cost between contiguous tracts. Persons owning or desiring to improve contiguous tracts of tide marsh or swampy lands exposed to the overflow of the tide and capable of being made dry, may separate their respective tracts by a dike or ditch, which shall make and designate their common boundary. In all such cases said dike or ditch shall be constructed at the equal cost and expense of the respective parties, and either party failing to pay his contributive share of such expense shall be liable to the party constructing the dike or ditch for such contributive share, or so much thereof as may remain due and unpaid, to be recovered in a civil action in a court of competent jurisdiction and the party constructing such dike shall also be entitled to a lien upon the tract of the party failing to pay his contributive share for the construction of said dike, or so much thereof as shall be due, which lien shall be secured and enforced as liens of materialmen and mechanics are now by law enforced. [Code 1881 § 2517; No RRS. Prior: 1877 p 258 § 1.]

85.28.140 Dike or ditch as common boundary—Division of costs. Any person or persons who may hereafter take a tract of tide land or marsh and shall desire to adopt as his boundary line any dike or ditch heretofore constructed upon and entirely within the boundary line of a neighboring contiguous tract he may join on to said tract and adopt said dike as his boundary by paying to the owner of the tract upon which said dike is constructed one-half of the cost and expense of the construction thereof, and any person so adopting the dike or ditch of another without contributing his half share of the cost or expense thereof shall be liable for his said half share, which may be recovered in a civil action in any court of competent jurisdiction, or the owner of the dike or ditch so used may secure a lien upon the tract of land bounded by said dike for the amount due for the use of said dike in accordance with the provisions of the law securing a lien to materialmen and mechanics: **PROVIDED ALWAYS,** That when such dike has become the common boundary [of two adjacent tracts, it shall be and remain the common boundary] and the persons owning the said tracts shall be mutually liable for the expense of keeping it in repair, share and share alike. [Code 1881 § 2518; No RRS. Prior: 1877 p 258 § 2.]

Reviser's note: Bracketed matter did not appear in the enrolled bill of 1881 but was bracketed in by the Code of 1881 to conform with the preceding session law of 1877 from which it was derived.

85.28.150 Dike, dam, or causeway at Bachelor Slough. It shall be lawful for any adjacent or abutting owner or owners, to construct a dike, dam, or causeway over or in the waters of the state of Washington described as: That certain body of water lying between Bachelor Island and the mainland, appearing on the state survey map made by Edw. C. Dohm, state field engineer, as Columbia Slough and designated on the map as compiled by the U.S. Coast and Geodetic Survey of September, 1937, Number "U.S.C.&G.S. 6154" as Bachelor Island Slough from its point of confluence with Lake River South to the Columbia River, in sections 13, 23, 24, 26 and 35, township 4 north, range 1 west of the Willamette Meridian, in Clark county, Washington: **PROVIDED,** That the location and plans

thereto are submitted to and approved by the chief of engineers of the United States and the secretary of war of the United States, before construction is commenced subject to the terms of section 9 of the River & Harbor Act, approved March 3, 1899 (30 Stat. 1151; 33 U.S.C. 401) and: **PROVIDED FURTHER,** That all such dikes, dams, causeways, or other structures, shall be constructed at the expense of the owners. 85.32.010 Declaration of necessity and purpose. The maintenance of drainage districts is essential to the economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of its drainage systems. Also, in many instances, properties lying outside of the territorial limits of such districts, have been and are being developed in such a manner that waters therefrom, through artificial rather than natural processes, are accumulated and discharged for outlet upon lands within such districts, and the facilities of such district are used without charge to furnish service and benefit to such lands. To furnish remedy for such situations where they are found to exist the state declares that it has an interest therein and this chapter is passed. [1961 c 131 § 2.]

85.32.020 Definitions. As used in this chapter:

"District" means a regularly formed and established drainage district under the provisions of this title.

"Board" means the board of commissioners of a regularly formed and established drainage district under the provisions of this title. [1961 c 131 § 3.]

85.32.030 Powers of board in general. The board may: (1) Make initial determination that the district's facilities furnish benefit to improvements upon land as well as land alone within the district in protecting against and furnishing run-off for surface and/or flood waters; (2) make initial determination that lands and improvements thereon outside of the territorial limits of the district are receiving a service from the facilities of the district, and are benefited thereby in that waters from such lands through ditches, drains, or other artificial methods, other than by natural flow or seepage, are so cast as to have outlet through the district's facilities; (3) determine that properties so found to be served should pay a just proportion of the operational and maintenance costs of the district; (4) in connection with so finding, cause a roll of property thus served and benefited by the district's facilities to be prepared and filed with it, and give notice of a hearing thereon as provided in this chapter; (5) hold public hearings to determine the ultimate facts and approve an ultimate roll of properties served and benefited by the facilities of the district and valuations thereof to serve as a basis against which annual dollar rate levy may be assessed for continuous benefits furnished such properties; make revision thereof as the facts warrant from time to time; provide for the levying of such dollar rate levy; and make return of such roll finally adopted by certifying and filing a copy thereof with the auditor, assessor and treasurer of the county wherein the properties involved are located. [1973 1st ex.s. c 195 § 120; 1961 c 131 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.040 Initial determination—Roll—Resolution, contents. In the initial instance, when the board of any district, desires to use the method and procedure provided in this chapter, and in order that uniformity may be had, it may cause a roll of all properties within the district claimed to be benefited by its drainage system, and in addition or as a part thereof, a roll of all properties outside of the territorial limits of said district claimed to be served and benefited by the drainage systems of said district, to be prepared and filed with it. Thereupon, the board shall by resolution declare:

(1) That it has made initial determination that the district's facilities are furnishing and will furnish service and benefit to the properties, including improvements thereon, described in such roll;

(2) That such roll has been filed with it and will remain so filed and open to inspection by any party interested therein at all reasonable times;

(3) That a public hearing will be held by the board at a time and place stated to give consideration to the facts and make ultimate determination of the same and to said roll;

(4) That when said roll is finally adopted, annual dollar rate levies will be made by the district against said properties based upon the valuation thereof as shown on said roll when

ultimately adopted to raise money based on benefit and service for the continuous operation and maintenance of said district;

(5) That at the time of hearing, it will hear all objections filed and will review, adopt, modify, or revise said roll consistent with existing facts to the end that property receiving service and benefit from the facilities of the district shall pay justly and equitably therefor in proportion to benefit received and;

(6) That upon said hearing or adjournments thereof, the board will determine the ultimate facts concerning service and benefit received by all properties ultimately contained in said roll and as to such properties it will adopt the roll in final form and proceed as in this chapter provided. [1973 1st ex.s. c 195 § 121; 1961 c 131 § 5.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.050 Contents of roll—Assessed, equalized value prima facie correct—Separate levies for prior indebtedness—Adjustment of roll. The roll of properties referred to in this chapter shall contain (1) a description of all properties and improvements thereon, with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located, and (2) the determined value of such land and improvements thereon as last assessed and equalized by the taxing agencies of such county. Such assessed and equalized values shall be deemed prima facie as a just, fair and correct base of value for consideration by the board in its determination ultimately of the just and correct base of value in each instance against which annual dollar rates shall be levied by the district for the operation of the district and the expansion and maintenance of its facilities.

If property outside of the territorial limits of the district are upon the roll as adopted ultimately, and the district has prior indebtedness existing, the board shall set up separate dollar rate levies for the retirement thereof until it is extinguished, which levies shall be applied solely against the properties within the territorial limits of the district. Adjustments of the roll shall be made before final adoption in such a manner that the money raised through annual dollar rate levies for maintenance, expansion and operational costs of the district in no instance shall exceed the value of the service rendered or to be rendered and the benefit received and to be received by the property involved. [1973 1st ex.s. c 195 § 122; 1961 c 131 § 6.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.060 Notice of hearing—Contents. When the board causes a property roll to be filed with it and a hearing to be held thereon as provided in this chapter, it shall give notice of the hearing in the following manner:

The notice shall be published at least three times in consecutive issues in a weekly newspaper, or once a week for three consecutive weeks in a daily newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. The board also shall cause a copy of the notice to be mailed in

regular course of the federal mail at least thirty days prior to the date of the hearing to the owner or reputed owner of the property at his address, all as shown on the tax rolls or records of the county taxing agencies of the county wherein the property is situated, such notice being deemed adequate and sufficient. The sworn affidavit of the one doing such mailing shall be deemed conclusive of the fact that the notice was mailed.

The notice shall state the following:

(1) That the board has tentatively determined that the property of the owner or reputed owner named is receiving and will receive service and benefit from the facilities of the district;

(2) That the board has caused a tentative roll of the properties with any improvements thereon which are receiving and will receive service and benefit to be filed with it; and that the roll shows a base of valuation thereon for the properties against which annual dollar rates will be levied and collected in the same manner as general taxes to pay the fair value of the benefit and service received and to be received by the property through use of the facilities of the district, and to pay the annual cost of operation, development and maintenance of the district and its facilities;

(3) That on a date, time and place stated, the board will give consideration to the facts and the roll, will hear all objections filed, will review the roll and alter, modify, or change the same consistent with facts established and with equity and fair dealing concerning the properties involved to the end that just levies will be made for service and benefits received and to be received against each property for the purposes mentioned; and at the hearing or continuance thereof, it will adopt the roll in final form and certify and file a copy thereof with the assessor and treasurer of the county wherein the property is located; and will cause annual millage to be levied against such established valuations for the purposes stated;

(4) That all persons desiring to object to the proceedings, to the proposed base valuations, or to any other thing or matter in connection with the proceedings, must file written objections with the board stating clearly the basis of the objection before the time of the hearing, or all objections will be deemed waived. [1985 c 469 § 84; 1973 1st ex.s. c 195 § 123; 1961 c 131 § 7.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.070 Written objections—Filing—Grounds—Waiver. Any person, owner or reputed owner having any interest in any property against which the board seeks to make a service and benefit charge under this chapter, may object thereto. All such objections must be in writing and filed with the board before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1961 c 131 § 8.]

85.32.080 Additional roll due to omitted property or changed conditions. The board shall from time to time examine the properties within and without said district, and if it finds tentatively that property, including improvements

thereon, has been omitted from the existing roll, or conditions have changed so that there are new properties or additional properties receiving benefit and service from the facilities of the district without charge, it shall cause from time to time an additional roll of such property to be filed with it and shall proceed in the same manner as provided in this chapter where the board causes property roll to be filed with it. [1961 c 131 § 9.]

85.32.090 Certification and filing of roll—Additional, supplemental roll supplements original. When any roll or additional or supplemental roll is adopted by the board, a copy thereof shall be certified to and filed with the auditor, the assessor and the treasurer of the county wherein the property contained on said roll is situated. Where the roll is a supplemental or additional roll, it shall supplement the original roll. [1961 c 131 § 10.]

85.32.100 Reexamination of properties—Supplemental roll—Certification and filing. The board may at any time reexamine the properties on any roll, and upon request of an owner shall do so, and if it is found that the condition of such property or properties has changed so that justly such property should be eliminated from any rolls on file, or the base against which dollar rate is levied should be lowered, it shall so determine and make a supplemental roll with reference to such property or properties. When adopted by it, the board shall certify and file a copy thereof with the auditor, assessor and treasurer of the county wherein the property is situated, and such officer shall alter and change the existing rolls accordingly. [1973 1st ex.s. c 195 § 124; 1961 c 131 § 11.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.110 Roll is base for benefits against which levy made. The roll certified to the county officers as in this chapter provided, and any modification thereof as provided, shall serve as the base of benefits as to land, buildings and improvements furnished service and benefit by the systems of the district against which valuations dollar rates shall be levied and collected in the same manner as general taxes from time to time for the continuing functioning of the district and its systems. The dollar rate shall be levied in the manner required by law for dollar rate levies by drainage districts. [1973 1st ex.s. c 195 § 125; 1961 c 131 § 12.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.120 Levy for outstanding indebtedness. If any property outside of the territorial limits of the district is placed upon a roll as finally adopted, and at the time such property becomes subject to charge for service and benefit from the district's system, there is an existing outstanding indebtedness owing by the district, the board shall make a separate estimate of the revenue required to be raised to pay or apply upon such indebtedness until it is extinguished, and it shall proceed and certify the same as hereinabove provided, and no dollar rate for raising revenue to extinguish such indebtedness shall be included in the levies made against any

properties lying outside of the territorial limits of said district.

When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit same to the funds of such district. [1973 1st ex.s. c 195 § 126; 1961 c 131 § 13.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.130 Emergency warrants in excess of estimates. In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs and declared to be such by resolution of the board, the board may incur additional obligations and issue valid warrants therefor in excess of such estimate in the manner provided by law for issuance of warrants by drainage districts and the servicing thereof, and all such warrants so issued shall be valid as shown upon the then current roll of said district filed with the county auditor. [1961 c 131 § 14.]

85.32.140 Chapter exclusive method—Concurrent use of other method to extinguish prior indebtedness—Special assessment bonds. Any district choosing to operate under this chapter shall not use the processes provided for raising revenue under any other law: PROVIDED, That if for any reason it is deemed more just and advisable by the board, any such other method or process for raising revenue as provided by law may be used concurrently against properties solely within the territorial limits of the district for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, in which event no funds raised under this chapter shall be used to pay such prior indebtedness. However, when a drainage district issues special assessment bonds or notes after June 1, 1986, the process of raising revenue related to the bonds or notes shall be as specified in chapter 85.38 RCW. [1986 c 278 § 39; 1961 c 131 § 15.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.32.150 Owners of extraterritorial lands on roll are electors and may be commissioners—Corporations. Whenever lands, or lands with improvements thereon, lying outside of the existing territorial limits of such district are ultimately placed upon the assessment roll of such district in the manner provided by this chapter so that such lands are subject to maintenance benefits as provided, the owner of such land shall be deemed to be an elector within such district, and shall have the same right to participate in all district affairs and to vote upon all matters submitted to the electors of said district, including that of electing or becoming commissioners for the district, all in the manner provided for voting and elections under existing law pertaining to drainage districts. If such owner is a corporation, one of its

duly constituted officers shall be deemed to have the right as an elector to vote on behalf of such corporation. [1961 c 131 § 16.]

85.32.160 Roll proceedings are conclusive—Injunction upon limited grounds. Whenever any roll shall have been adopted by the board, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, That a suit in injunction may be brought to prevent collection of charges or assessments or sale of property thereunder upon the following grounds and no other: (1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or (2) the charge or assessment has been paid. [1961 c 131 § 17.]

85.32.170 Judicial review—Petition to superior court. The decision of the board upon any objection made within the time and in the manner prescribed in this chapter may be reviewed by the superior court of the county wherein the property in question is located. Any person aggrieved must file his petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and he shall serve a copy thereof upon the board. The petition shall describe the property in question, set forth the written objections which were made to the decision, give the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this section. [1961 c 131 § 18.]

85.32.180 Judicial review—Filing of transcript, objections, resolution—Filing fees—No bond required—Notice of hearing and trial. Within ten days after the filing of such petition for review, the board, unless the court shall grant additional time, shall file with the clerk of such court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the petitioner before such roll was adopted, and a copy of the resolution adopting the roll. The filing fee shall be a cost recoverable by petitioner against the district.

The clerk of the court shall charge the same filing fees for petitions for review as in other civil actions. The appellant need not file any bond to cause review to be had by the superior court. The court shall, on motion of either party to the cause, with notice to the other party, set the same for hearing and trial without jury at the earliest time available. [1961 c 131 § 19.]

85.32.190 Judicial review—Scope of trial. At the trial the court shall determine whether the board has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the findings and decision of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county auditor, who shall change, modify or correct as and if required. [1961 c 131 § 20.]

85.32.200 Appellate review. Appellate review may be sought as in other civil cases: PROVIDED, That such review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals on such review may change, confirm, correct or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county auditor having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such decision, if required. [1988 c 202 § 84; 1971 c 81 § 169; 1961 c 131 § 21.]

Severability—1988 c 202: See note following RCW 2.24.050.

85.32.210 Levies are for continuous benefits. The dollar rate levy returns collected from time to time under this chapter are solely assessments for benefits received continuously by the benefited properties, calculated in the manner specified in this chapter as a just and equitable way for all benefited property to share the expense of such required service. [1973 1st ex.s. c 195 § 127; 1961 c 131 § 22.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

85.32.220 Annual estimate of costs. The board of any drainage district proceeding under this chapter shall, on or before the first day of November of each year, make an estimate of the costs reasonably anticipated to be required. [1961 c 131 § 23.]

85.32.900 Powers and duties of chapter are supplemental. The rights, powers and duties granted and imposed by this chapter are supplemental and in addition to any existing rights, powers and duties of drainage districts established under this title. [1961 c 131 § 24.]

85.32.910 Severability—1961 c 131. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1961 c 131 § 25.]

85.38.001 Actions subject to review by boundary review board. The establishment of a drainage district, drainage improvement district, or drainage or diking improvement district may be subject to potential review by a boundary review board under chapter 36.93 RCW. Annexations, consolidations, or transfers of territory by a drainage district, drainage improvement district, or drainage or diking improvement district may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 64.]

85.38.005 Purpose. The purpose of this chapter is to provide uniform and simplified procedures for the creation, elections, and operations of various special districts that provide diking, drainage, and flood control facilities and services. The legislature finds that it is in the public interest to clarify and standardize the laws relating to these special districts. [1985 c 396 § 1.]

85.38.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Governing body" means the board of commissioners, board of supervisors, or board of directors of a special district.

(2) "Owner of land" means the record owner of at least a majority ownership interest in a separate and legally created lot or parcel of land, as determined by the records of the county auditor, except that if the lot or parcel has been sold under a real estate contract, the vendee or grantee shall be deemed to be the owner of such land for purposes of authorizing voting rights. It is assumed, unless shown otherwise, that the name appearing as the owner of property on the property tax rolls is the current owner.

(3) "Qualified voter of a special district" means a person who is either: (a) A natural person who is a voter under

general state election laws, registered to vote in the state of Washington for a period of not less than thirty days before the election, and the owner of land located in the special district for a period of not less than thirty days before the election; (b) a corporation or partnership that has owned land located in the special district for a period of not less than sixty days before the election; or (c) the state, its agencies or political subdivisions that own land in the special district or lands proposed to be annexed into the special district except that the state, its agencies and political subdivisions shall not be eligible to vote to elect a member of the governing board of a special district.

(4) "Special district" means: (a) A diking district; (b) a drainage district; (c) a diking, drainage, and/or sewerage improvement district; (d) an intercounty diking and drainage district; (e) a consolidated diking district, drainage district, diking improvement district, and/or drainage improvement district; or (f) a flood control district.

(5) "Special district general election" means the election of a special district regularly held on the first Tuesday after the first Monday in February in each even-numbered year at which a member of the special district governing body is regularly elected. [1991 c 349 § 1; 1986 c 278 § 41; 1985 c 396 § 2.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.020 Establishment of special districts—Petition or resolution—Contents. The establishment of a special district may be initiated by either petition of the owners of property located within the proposed special district, or by resolution of the county legislative authority or authorities within which the proposed special district is located.

A petition calling for the creation of a special district, which is signed by at least ten owners of land located within the proposed district, shall be filed with the county legislative authority within which a proposed special district, or the largest portion of a special district, is located. If the proposed special district is proposed to be located within more than one county, the county legislative authority receiving the petitions shall notify the other county legislative authorities of the proposal. The petition shall set forth in general terms: (1) The objects sought by the creation of the special district; (2) the projects proposed to be completed by the special district that will accomplish these objects; (3) the boundaries of the proposed special district, which may be stated in terms of sections, townships, and ranges; and (4) any other matters deemed material by the petitioners. The jurisdiction of the county legislative authority to proceed with consideration of the creation of the proposed special district shall not be affected by the form of the petition or allegations on the petition. The petition shall be accompanied by proof of land ownership that is sufficient in the opinion of the county legislative authority to evidence the ownership of land by the petitioners within the proposed special district. A petition calling for the creation of a special district shall be accompanied by a bond of five thousand dollars to defray the costs incurred by the county, or counties, in considering the creation of the special district.

A resolution proposing the creation of a special district shall contain the same items as are required and permitted to

be contained in a petition to create a special district. [1985 c 396 § 3.]

85.38.030 Investigation of proposed boundaries and districts—Report. Upon the filing of a valid petition or upon the adoption of the resolution, the county legislative authority shall direct the county engineer to investigate the proposed boundaries of the special district and the feasibility of the projects located in the county as proposed in the petition or resolution. The engineer shall report to the county legislative authority within ninety days of such direction on the proposed boundaries of the special district within the county and feasibility of that portion of the proposed project. If the proposed special district is located in more than one county, the county legislative authority of each county shall direct its county engineer to investigate and report on the proposal within its boundaries. [1985 c 396 § 4.]

85.38.040 Proposed special districts—Public hearing—Notice. The county legislative authority shall schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are feasible. If the engineers of each of the counties within which a proposed special district is located indicate that the proposed projects are feasible, the county legislative authorities shall schedule a joint public hearing on the proposed special district. The county legislative authority may, on its own initiative, schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are not feasible. The county legislative authorities of counties within which a proposed special district is located may, on their own initiative, schedule a joint public hearing on the proposed special district if one or more of the county engineers' reports indicate that the proposed projects are not feasible.

Notice of the public hearing shall be published in a newspaper of general circulation within the proposed special district, which notice shall be purchased in the manner of a general advertisement, not to be included with legal advertisements or with classified advertisements. This notice shall be published at least twice, not more than twenty nor less than three days before public hearing. Additional notice shall be made as required in RCW 79.44.040.

The notice must contain the following: (1) The date, time, and place of the public hearing; (2) a statement that a particular special district is proposed to be created; (3) a general description of the proposed projects to be completed by the special district; (4) a general description of the proposed special district boundaries; and (5) a statement that all affected persons may appear and present their comments in favor of or against the creation of the proposed special district. [1991 c 349 § 8; 1985 c 396 § 5.]

85.38.050 Public hearing—Elections. The county legislative authority or authorities shall conduct the public hearing at the date, time, and place indicated in the notice. Public hearings may be continued to other dates, times, and places specified by the county legislative authority or authorities before the adjournment of the public hearing. Each county legislative authority may alter those portions of

boundaries of the proposed special district that are located within the county, but if territory is added that was not described in the original proposed boundaries, an additional hearing on the proposal shall be held with notice being published as provided in RCW 85.38.040.

After receiving the public testimony, the county legislative authority may cause an election to be held to authorize the creation of a special district if it finds:

(1) That creation of the special district will be conducive to the public health, convenience and welfare;

(2) That the creation of the special district will be of special benefit to a majority of the lands included within the special district; and

(3) That the proposed improvements are feasible and economical, and that the benefits of these improvements exceed costs for the improvements.

If the proposed special district is located within two or more counties, the county legislative authorities may cause an election to be held to authorize the creation of the special district upon making the findings set forth in subsections (1) through (3) of this section.

The county legislative authority or authorities may also choose not to allow such an election to be held by either failing to act or finding that one or more of these factors are not met. [1991 c 349 § 9; 1985 c 396 § 6.]

85.38.060 Elections—Notice—Costs. The county legislative authority or authorities shall cause an election on the question of creating the special district to be held if findings as provided in RCW 85.38.050 are made. The county legislative authority or authorities shall designate a time and date for such election, which shall be one of the special election dates provided for in RCW 29.13.020, together with the site or sites at which votes may be cast. The persons allowed to vote on the creation of a special district shall be those persons who, if the special district were created, would be qualified voters of the special district as described in RCW 85.38.010. The county auditor or auditors of the counties within which the proposed special district is located shall conduct the election and prepare a list of presumed eligible voters.

Notices for the election shall be published as provided in RCW 85.38.040. The special district shall be created if the proposition to create the special district is approved by a simple majority vote of the voters voting on the proposition and the special district may assume operations whenever the initial members of the governing body are appointed as provided in RCW 85.38.070.

Any special district created after July 28, 1985, may only have special assessments measured and imposed, and budgets adopted, as provided in RCW 85.38.140 through 85.38.170.

If the special district is created, the county or counties may charge the special district for the costs incurred by the county engineer or engineers pursuant to RCW 85.38.030 and the costs of the auditor or auditors related to the election to authorize the creation of the special district pursuant to this section. Such county actions shall be deemed to be special benefits of the property located within the special district that are paid through the imposition of special assessments. [1991 c 349 § 10; 1985 c 396 § 7.]

85.38.070 Governing board—Terms of office—Election—Appointment—Vacancies—Qualifications. (1) Except as provided in RCW 85.38.090, each special district shall be governed by a three-member governing body. The term of office for each member of a special district governing body shall be six years and until his or her successor is elected and qualified. One member of the governing body shall be elected at the time of special district general elections in each even-numbered year for a term of six years beginning as soon as the election returns have been certified for assumption of office by elected officials of cities.

(2) The terms of office of members of the governing bodies of special districts, who are holding office on July 28, 1985, shall be altered to provide staggered six-year terms as provided in this subsection. The member who on July 28, 1985, has the longest term remaining shall have his or her term altered so that the position will be filled at the February 1992, special district general election; the member with the second longest term remaining shall have his or her term altered so that the position will be filled at the December, 1989, special district general election; and the member with the third longest term of office shall have his or her term altered so that the position will be filled at the December, 1987, special district general election.

(3) The initial members of the governing body of a newly created special district shall be appointed by the legislative authority of the county within which the special district, or the largest portion of the special district, is located. These initial governing body members shall serve until their successors are elected and qualified at the next special district general election held at least ninety days after the special district is established. At that election the first elected members of the governing body shall be elected. No primary elections may be held. Any voter of a special district may become a candidate for such a position by filing written notice of this intention with the county auditor at least thirty, but not more than sixty, days before a special district general election. The county auditor in consultation with the special district shall establish the filing period. The names of all candidates for such positions shall be listed alphabetically. At this first election, the candidate receiving the greatest number of votes shall have a six-year term, the candidate receiving the second greatest number of votes shall have a four-year term, and the candidate receiving the third greatest number of votes shall have a two-year term of office. The initially elected members of a governing body shall take office immediately when qualified as defined in RCW 29.01.135. Thereafter the candidate receiving the greatest number of votes shall be elected for a six-year term of office. Members of a governing body shall hold their office until their successors are elected and qualified, and assume office as soon as the election returns have been certified.

(4) The requirements for the filing period and method for filing declarations of candidacy for the governing body of the district and the arrangement of candidate names on the ballot for all special district elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a special district.

(5) Whenever a vacancy occurs in the governing body of a special district, the legislative authority of the county within which the special district, or the largest portion of the special district, is located, shall appoint a district voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29.01.135.

If an election for the position which became vacant would otherwise have been held at this special district election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29.01.135 and shall serve both the remainder of the unexpired term and the succeeding term. A vacancy occurs upon the death, resignation, or incapacity of a governing body member or whenever the governing body member ceases being a qualified voter of the special district.

(6) An elected or appointed member of a special district governing body, or a candidate for a special district governing body, must be a qualified voter of the special district: PROVIDED, That the state, its agencies and political subdivisions, or their designees under RCW 85.38.010(3) shall not be eligible for election or appointment. [1991 c 349 § 11; 1987 c 298 § 2; 1986 c 278 § 42; 1985 c 396 § 8.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.080 Governing body—Bond. Each member of a governing body of a special district, whether elected or appointed, shall enter into a bond, payable to the special district. The bond shall be in the sum of not less than one thousand dollars nor more than five thousand dollars, as determined by the county legislative authority of the county within which the special district, or the largest portion of the special district, is located. The bond shall be conditioned on the faithful performance of his or her duties as a member of the governing body of the special district and shall be filed with the county clerk of the county within which the special district, or the largest portion of the special district, is located. [1987 c 298 § 3; 1985 c 396 § 9.]

85.38.090 Governing body—Reduction in size. (1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The

newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term. [1991 c 349 § 12; 1985 c 396 § 10.]

85.38.100 General elections. General elections shall be held in each special district on the first Tuesday after the first Monday in February in each even-numbered year. The auditor of the county within which a special district, or the largest portion of a special district, is located may provide for special elections whenever necessary. [1991 c 349 § 5; 1985 c 396 § 11.]

85.38.105 Voting rights. (1) The owner of land located in a special district who is a qualified voter of the special district shall receive two votes at any election.

(2) If multiple undivided interests, other than community property interests, exist in a lot or parcel and no person owns a majority undivided interest, the owners of undivided interests at least equal to a majority interest may designate in writing:

(a) Which owner is eligible to vote and may cast two votes; or

(b) Which two owners are eligible to vote and may cast one vote each.

(3) If land is owned as community property, each spouse is entitled to one vote if both spouses otherwise qualify to vote, unless one spouse designates in writing that the other spouse may cast both votes.

(4) A corporation, partnership, or governmental entity shall designate:

(a) A natural person to cast its two votes; or

(b) Two natural persons to each cast one of its votes.

(5) Except as provided in RCW 85.08.025 and 86.09.377, no owner of land may cast more than two votes or have more than two votes cast for him or her in a special district election. [1991 c 349 § 2.]

85.38.110 Presumed eligible voters' list—Notice of requirements of voting authority—Copy of voter's list to county auditor. A list of presumed eligible voters shall be prepared and maintained by each special district. The list shall include the assessor's tax number for each lot or parcel in the district, the name or the names of the owners of such lots and parcels and their mailing address, the extent of the ownership interest of such persons, and if such persons are

natural persons, whether they are known to be registered voters in the state of Washington. Whenever such a list is prepared, the district shall attempt to notify each owner of the requirements necessary to establish voting authority to vote. Whenever lots or parcels in the district are sold, the district shall attempt to notify the purchasers of the requirements necessary to establish voting authority. Each special district shall provide a copy of this list, and any revised list, to the auditor of the county within which all or the largest portion of the special district is located. The special district must compile the list of eligible voters and provide it to the county auditor by the first day of November preceding the special district general election. In the event the special district does not provide the county auditor with the list of qualified voters by this date, the county auditor shall compile the list and charge the special district for the costs required for its preparation. The county auditor shall not be held responsible for any errors in the list. [1991 c 349 § 13; 1985 c 396 § 12.]

85.38.115 Elections—When not required. No election shall be held to elect a member of a special district governing body, or to fill the remainder of an unexpired term which arose from a vacancy on the governing body, if no one or only one person files for the position.

If only one person files for the position, he or she shall be considered to have been elected to the position at the election that otherwise would have taken place for such position.

If no one files for the position and the upcoming election is one at which someone would have been elected to fill the expired term, the position shall be treated as vacant at the expiration of the term.

If no one files for the position and the upcoming election is one at which someone would have been elected to fill the remaining term of office, the person appointed to fill the vacancy shall be considered to have been elected to the position at the election and shall serve for the remainder of the unexpired term. [1991 c 349 § 6.]

85.38.120 Elections—Auditor's assistance—Notice—Auditor's costs. The auditor of the county within which a special district, or the largest portion of a special district, is located shall assist such special district with its elections as provided in this section.

(1) The county auditor shall publish notice of an election to create a special district and notice of all special district elections not conducted by mail in a newspaper of general circulation in the special district at least once not more than ten nor less than three days before the election. The notices shall describe the election, give its date and times to be held, and indicate the election site or sites in the special district where ballots may be cast.

(2) If a special district has at least five hundred qualified voters, then the county auditor shall publish in a newspaper of general circulation in the special district a notice of the filing period and place for filing a declaration of candidacy to become a member of the governing body. This notice shall be published at least seven days prior to the closing of the filing period. If the special district has less than five hundred qualified voters, then the special district

shall mail or deliver this notice to each qualified voter of the special district at least seven days prior to the closing of the filing period.

(3) All costs of the county auditor incurred related to such elections shall be reimbursed by the special district. [1991 c 349 § 14; 1985 c 396 § 13.]

85.38.125 Elections—Auditor to conduct—Election by mail. (1) If a special district has less than five hundred qualified voters, then the special district must contract with the county auditor to conduct the special district elections. The county auditor has the discretion as to whether to conduct the election by mail.

(2) If a special district has at least five hundred qualified voters, the special district may contract with the county auditor to staff the voting site during the election or contract with the county auditor to conduct the election by mail. A special district with at least five hundred qualified voters may also choose to conduct its own elections. A special district that conducts its own elections must enter into an agreement with the county auditor that specifies the responsibilities of both parties.

(3) If the county auditor conducts a special district election by mail, then the provisions of chapter 29.36 RCW which govern elections by mail, except for the requirements of RCW 29.36.120, shall apply. [1991 c 349 § 15.]

85.38.130 Election officials—Duties—Voting hours—Challenged ballots—Absentee ballots. For special district elections that are not conducted by mail, the governing body of each special district shall appoint three voters of the special district, who may be members of the governing body, to act as election officials, unless the special district contracts with the county auditor to staff the election site. The election officials shall distribute a ballot or ballots to each voter of the special district who arrives at the voting place during the hours for the election on the day of the election and requests a ballot. Ballots shall also be provided to those persons arriving at the polling place during the hours for the election on the day of the election who present documents or evidence sufficient to establish their eligibility to vote. A person arriving at the polling place at such times who demands a ballot, but who fails to present documents or evidence which in the opinion of the election officials is sufficient to establish eligibility to vote, shall be given a ballot clearly marked as "challenged" and shall be allowed to vote. Each challenged ballot shall be numbered consecutively and a list of such persons and their ballot numbers shall be made.

The governing body of each special district shall designate those hours from 7 a.m. to 8 p.m. during which the election shall be held: **PROVIDED**, That at least six consecutive hours must be designated. When the election is over, the election officials shall secure the ballots and transport the ballots to the county auditor's office by noon of the day following the election. The auditor may, at his or her discretion, station a deputy auditor or auditors at the election site who shall observe the election and transport the ballots to the auditor's office. The auditor shall count the ballots and certify the count of votes for and against each measure and for each candidate appearing on the ballot. A

separate count shall be made of any challenged ballots. A challenged ballot shall be counted as a normal ballot if documents or evidence are supplied to the auditor before 4:00 p.m. on the day after the election that, in the opinion of the auditor, are sufficient to establish the person's eligibility to vote.

Additionally, voting by absentee ballot shall be allowed in every special district. A request for an absentee ballot may be made by an eligible voter by mail or in person to the county auditor who supervises the special district elections. An absentee ballot shall be provided to each voter of a special district requesting such a ballot under this section. A person requesting such a ballot may present information establishing his or her eligibility to vote in such a special district. The auditor shall provide an absentee ballot to each person requesting an absentee ballot who is either included on the list of presumed eligible voters or who submits information which, in the auditor's opinion, establishes his or her eligibility to vote. The names of these persons so determined to be eligible to vote shall be added to the list of presumed eligible voters for the appropriate special district. The request for an absentee ballot must be made no more than forty-five days before the election. To be valid, absentee ballots must be postmarked on or before the day of the election and mailed to the county auditor. [1991 c 349 § 16; 1985 c 396 § 14.]

85.38.140 Special district financing—Alternative method. The process by which budgets are adopted, special assessments are measured and imposed, rates and charges are fixed, and assessment zones are established, as provided in RCW 85.38.140 through 85.38.170, shall constitute an alternative optional method of financing special districts. A special district in existence prior to July 28, 1985, may conform with RCW 85.38.140 through 85.38.170 when its governing body adopts a resolution indicating its intention to conform with such laws. Whenever such a resolution is adopted, or a new special district is created on or after July 28, 1985, RCW 85.38.140 through 85.38.170 shall be the exclusive method by which the special district measures and imposes special assessments and adopts its budget. The governing body of a special district that was created before July 28, 1985, and which operates under RCW 85.38.140 through 85.38.170, may adopt a resolution removing the special district from operating under RCW 85.38.140 through 85.38.170, and operate under alternative procedures available to the special district. A county may charge a special district for costs the county incurs in establishing a system or systems of assessment for the special district pursuant to RCW 85.38.140 through 85.38.170. [1993 c 464 § 3; 1985 c 396 § 15.]

85.38.145 Rates and charges. Regardless of whether any special assessments have been or may be imposed on a particular parcel of real property pursuant to this chapter, in order to implement the authority granted under RCW 85.38.180(3), a special district may fix rates and charges payable by owners or occupiers of real estate within the special district. When fixing rates and charges, the district may consider the degree to which activities on a parcel of real property, including on-site septic systems, contribute to

the problems that the special district is authorized to address under RCW 85.38.180(3). [1993 c 464 § 4.]

85.38.150 Special assessments—Valuation—Assessment zones—Criteria for assessments. (1) Special district special assessments shall be imposed only on real property within the district that uses or will use the special district's facilities or receives or will receive special benefits from the special district's operations and facilities. Both privately owned and publicly owned real property, including real property owned by the state, is subject to these special assessments. Mobile homes located on real property within a special district shall be considered an improvement to the real property for purposes of imposing special assessments.

(2) Special assessments imposed upon real property, other than improvements, shall be a function of the dollar value of benefit or use per acre and the assessment zone in which the real property is located. Special assessments imposed upon an improvement shall be a function of the dollar value of benefit or use assigned to the type or class of improvements and the assessment zone in which the improvement is located.

(3) Assessment zones shall be established in which each zone reflects a different relative ratio of benefit or use that the real property within such a zone receives, or will receive, from the special district's operations and facilities. That real property receiving the greatest benefits, or which uses the special district's facilities to the greatest extent, shall be placed into class No. 1 and assigned a value of one hundred percent; that real property receiving the next greatest benefits, or which uses the special district's facilities to the next greatest extent, shall be placed into class No. 2 and assigned a lower percentage value; and so on, extending to the class of least benefits or use. That real property receiving no benefits or use shall be designated "nonbenefit." If all real property in the special district is found to have the same relative ratio of benefit or use, a single assessment zone may be established.

(4) Any one or more of the following criteria shall be used in measuring the manifest degrees or ratios of benefit or use: (a) Proximity to the special district's facilities; (b) height above or below dikes and levees; (c) easier accessibility; (d) facility of drainage; (e) minimization of flood or inundation damage; (f) actual flood protection; (g) use of the special district's facilities; and (h) any other criteria established by the county under RCW 85.38.160 that measure manifest degrees of benefit or use from the special district's facilities and operations.

(5) Special assessments may be imposed to pay for the construction, repair, and maintenance of special district facilities and for special district operations. Administrative and operational costs of the special district shall be proportionally included in these special assessments. [1985 c 396 § 16.]

85.38.160 Systems of assessment—Hearing—Notice—Adoption of ordinance—Appeals—Review—Emergency assessment. (1) The county within which each special district is located shall establish a system or systems of assessment for the special district as provided in this section. A differing system of assessment shall be estab-

lished for different classes of facilities that a special district provides or will provide, including a separate system of assessment for diking and drainage facilities if both classes of facilities are provided. Whenever a special district is located in more than one county, the county within which the largest portion of the special district is located shall establish the system or systems of assessment for the entire special district. A system of assessment shall include assessment zones, the acreage included in each assessment zone, a dollar value of benefit or use per acre, and various classes or types of improvements together with a dollar value of benefit or use for an improvement included in each of the classes or types of improvements. The county shall establish which improvements shall be subject to special assessments and shall establish one or more types or classes of such improvements.

(2) The engineer of the county shall prepare a preliminary system or systems of assessment for each special district. Each system of assessment that is prepared for a special district shall be designed to generate a total of one thousand dollars in revenue for the special district.

The preliminary system or systems of assessment shall be filed with the county legislative authority. A public hearing on the preliminary system or systems of assessment shall be held by the county legislative authority. Notice of the public hearing shall be published in a newspaper, in general circulation in the special district, for two consecutive weeks with the final notice being published not less than fourteen, nor more than twenty-one days, before the public hearing. Notice shall also be mailed to each owner or reputed owner, as shown on the assessor's tax rolls, of each lot or parcel subject to such assessments. The mailed notice shall indicate the amount of assessment on the lot or parcel that, together with all other assessments in the system of assessment, would raise one thousand dollars. The mailed notice shall indicate that this assessment amount is not being imposed, but is a hypothetical assessment that, if combined with all other hypothetical assessments in the system of assessment, would generate one thousand dollars, and that this hypothetical assessment is proposed to be used to establish a system or systems of assessment for the special district. Where a special district currently is imposing special assessments and a property owner's property is subject to these special assessments, the mailed notice to this property owner also shall use the hypothetical special assessment in conjunction with the total special assessments imposed by the special district in that year to provide a comparison special assessment value to the property owner. This notice shall indicate that the comparison special assessment value is not being imposed, and should be considered for comparative purposes only. Where a special district is not currently imposing special assessments, the mailed notice may include, if deemed appropriate by the county engineer and if such figures are available, an estimated special assessment value for the property owner's property using this hypothetical special assessment in conjunction with special district-wide level of special assessments that possibly would be imposed in the following year. Where a county is imposing rates and charges for storm water or surface water control facilities pursuant to chapters 36.89 or 36.94 RCW, the county shall credit such rates and charges with assessments imposed under this

section by a special district to fund drainage facilities and the maintenance of drainage facilities.

(3) The county legislative authority shall hold a public hearing on the preliminary system or systems of assessment on the day specified in the notices. Persons objecting to the preliminary system or systems of assessment may present their objections at this public hearing, which may be continued if necessary. The county legislative authority shall adopt an ordinance finalizing the system or systems of assessment after making any changes that in its discretion are necessary. The county legislative authority shall have broad discretion in establishing systems of assessment. The decision of the county legislative authority shall be final, except for appeals. Any person objecting to the system or systems of assessment must appeal such decision to the superior court of the county within which all, or the largest portion, of the special district is located within twenty days of the adoption of the ordinance.

(4) The system or systems of assessment of each special district shall be reviewed by the county engineer and finalized by the county legislative authority at least once every four years. A system or systems of assessment shall be finalized on or before the first of September in the year that it is finalized. The legislative authority of a county that is responsible for establishing a system or systems of assessment for more than one special district may, at its option, stagger the initial finalization of such systems of assessment for different special districts over a period of up to four years. Assessments shall be collected in special districts pursuant to the district's previous system of assessment until the system or systems of assessment under this chapter is finalized under this section.

(5) New improvements shall be noted by the special district as they are made and shall be subject to special assessments in the year after the improvement is made.

(6) The county legislative authority, upon request by a special district, may authorize the special district to impose and collect emergency assessments pursuant to the special district's system or systems of assessment whenever the emergent protection of life or property is necessary. [1985 c 396 § 17.]

85.38.170 Budgets—Special assessments—Notice—Delinquent special assessments—Collection fee. Budgets for each special district shall be adopted, and special assessments imposed, annually for the succeeding calendar year. On or before December 1st of each year, the governing body of the special district shall adopt a resolution approving a budget for the succeeding year and special assessments sufficient to finance the budget. A copy of the resolution and the budget shall be forwarded immediately to the county legislative authority of the county or counties within which the special district is located and to the treasurer of the county or counties in which the special district is located. Special assessments necessary to generate funds for this budget shall be imposed pursuant to the system or systems of assessment established by the county. Special assessments shall be collected by the county treasurer or treasurers within which the special district is located. Notice of the special assessments due may be included on the notice of property taxes due, may be included on a

separate notice that is mailed with the notice of property taxes due, or may be sent separately from the notice of property taxes due. Special assessments shall be due at the same time property taxes are due and shall constitute liens on the land or improvements upon which they are imposed. Delinquent special assessments shall be foreclosed in the same manner, and subject to the same time schedules, interest, and penalties as delinquent property taxes. County treasurers may impose a fee for collecting special assessments not to exceed one percent of the dollar value of special assessments collected. [1985 c 396 § 18.]

85.38.180 Special districts—Powers. A special district may:

(1) Engage in flood control activities, and investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities necessary to prevent inundation or flooding from rivers, streams, tidal waters or other waters. Such facilities include dikes, levees, dams, banks, revetments, channels, canals, and other works, appliances, machinery, and equipment.

(2) Engage in drainage control, storm water control, and surface water control activities, and investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities necessary to control and treat storm water, surface water, and flood water. Such facilities include drains, ditches, canals, nonsanitary sewers, pumps, and other works, appliances, machinery, and equipment.

(3) Engage in lake or river restoration, aquatic plant control, and water quality enhancement activities.

(4) Take actions necessary to protect life and property from inundation or flow of flood waters, storm waters, or surface waters.

(5) Acquire, purchase, condemn by power of eminent domain pursuant to chapters 8.08 and 8.25 RCW, or lease, in its own name, necessary property, property rights, facilities, and equipment.

(6) Sell or exchange surplus property, property rights, facilities, and equipment.

(7) Accept funds and property by loan, grant, gift, or otherwise from the United States, the state of Washington, or any other public or private source.

(8) Hire staff, employees, or services, or use voluntary labor.

(9) Sue and be sued.

(10) Cooperate with or join the United States, the state of Washington, or any other public or private entity or person for district purposes.

(11) Enter into contracts.

(12) Exercise any of the usual powers of a corporation for public purposes. [1991 c 349 § 17; 1985 c 396 § 19.]

85.38.190 Construction of improvements—When public bidding not required—Use of district employees or volunteers. Any proposed improvement or part thereof, not exceeding five thousand dollars in cost, may be constructed by district employees: PROVIDED, That this shall not restrict a special district from using volunteer labor and equipment on improvements, and providing reimbursement for actual expenses. [1987 c 298 § 4; 1986 c 278 § 50.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.200 Annexation of contiguous territory—Procedures. (1) Territory that is contiguously located to a special district may be annexed by the special district as provided in this section under the petition and election, resolution and election, or direct petition method of annexation.

(2) An annexation under the election method may be initiated by the filing of a petition requesting the action that is signed by at least ten owners of property in the area proposed to be annexed or the adoption of a resolution requesting such action by the governing body of the special district. The petitions shall be filed with the governing body of the special district that is requested to annex the territory. An election to authorize an annexation initiated under the petition and election method may be held only if the governing body approves the annexation. An annexation under either election method shall be authorized if the voters of the area proposed to be annexed approve a ballot proposition favoring the annexation by a simple majority vote. The annexation shall be effective when results of an election so favoring the annexation are certified by the county auditor or auditors. The election, notice of the election, and eligibility to vote at the election shall be as provided for the creation of a special district.

(3) An annexation under the direct petition method of annexation may be accomplished if the owners of a majority of the acreage proposed to be annexed sign a petition requesting the annexation, and the governing body of the special district approves the annexation. The petition shall be filed with the governing body of the special district. The annexation shall be effective when the governing body approves the annexation.

(4) Whenever a special district annexes territory under this section, the exclusive method by which the special district measures and imposes special assessments upon real property within the entire enlarged area shall be as set forth in RCW 85.38.150 through 85.38.170. [1986 c 278 § 8.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.210 Consolidation of contiguous districts—Procedures. Two or more special districts that are contiguously located with each other, or which occupy all or part of the same territory, may consolidate as provided in this section. The consolidation shall result in the creation of a flood control district.

A consolidation may be initiated by: (1) The filing of a petition requesting the action that is signed by eligible voters of each special district who constitute at least ten percent of the eligible voters of the special district, or who own at least a majority of the acreage in the special district; or (2) the adoption of a resolution requesting such action by the governing body of each special district. The petitions shall be filed with, and the resolutions shall be submitted to, the county legislative authority of the county within which all or the largest portion of the special districts is located. The auditor of the county, or auditors of the counties, within which these districts are located shall authenticate the signatures on the petitions and certify the results. An election to authorize the consolidation shall be held not more

than one hundred eighty days after the date of the filing of the resolutions, or the determination that sufficient valid signatures are included on the petition from the voters of each of the special districts.

The consolidation shall be authorized if voters in each of the special districts approve a ballot proposition favoring the consolidation by a simple majority vote. Members of the governing body of the consolidated special district shall be selected as provided in RCW 85.38.070 for a newly created special district and the consolidation shall be effective when these initial members of the governing body are so appointed.

All moneys, rights, property, assets and liabilities of the consolidating special districts shall vest in and become the obligation of the new consolidated special district, except that any indebtedness of a consolidating special district shall remain an indebtedness of the original consolidating special district and lands within the original consolidating special district. The governing body of the new consolidated special district shall impose special assessments on lands in the original consolidating special district to redeem this indebtedness. However, the new consolidated special district may issue funding or refunding bonds or notes and fund or refund such indebtedness. The new consolidated special district may continue imposing special assessments pursuant to the various systems of assessment used by the original consolidating special districts, or may establish a new system or systems of assessment in all or part of the new consolidated special district to finance its operations. [1986 c 278 § 9.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.213 Withdrawal of area within city or town.

A special district may withdraw area from its boundaries that is located within the boundaries of a city or town, or area that includes area both within and adjacent to the boundaries of any city or town, under this section.

(1) The withdrawal of area is authorized upon the following conditions being met: (a) Adoption of a resolution by the special district requesting withdrawal of the area from the district; (b) adoption of a resolution by the city or town council approving the withdrawal of the special district from the area; (c) assumption by the city or town of full responsibility for the maintenance, improvements, and collection of payment for the operation of the system previously operated by the special district in the area; (d) transfer by the special district of all rights-of-way or easements in the area to the city or town by quit claim or deed; and (e) adoption of an interlocal agreement between the special district and the city or town that reimburses the special district for lost assessment revenue from the withdrawn area, that transfers any facilities or improvements owned by the special district to the city or town as agreed between the parties, and that requires the city or town to maintain existing water run-off and water quality levels in the area.

(2) Property in the territory withdrawn from the boundaries of a special district under this section shall remain liable for any special assessments of the special district from which it was withdrawn, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the withdrawal of property had not occurred. [1993 c 464 § 2.]

85.38.215 Transfer of territory from one special district to another. Territory that is located in one special district may be transferred from that special district to another special district as provided in this section, if a portion of this territory is coterminous with a portion of the boundaries of the special district to which it is transferred. Such a transfer shall be accomplished using the procedures in RCW 85.38.200 for annexing territory, except that the governing body of both special districts must approve the transfer and make findings that the transfer is in the public interest and that the special district to which the territory is transferred is better able to provide the activities and facilities serving the territory than the special district from which the territory is transferred.

Property in the territory so transferred shall remain liable for any special assessments of the special district from which it was transferred, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the transfer had not occurred.

A transfer of territory also may include the transfer of property, facilities, and improvements owned by one special district to the other special district, with or without consideration being paid. [1987 c 298 § 1.]

85.38.217 Drainage and drainage improvement districts—Removal of area by first class city—Notice. Any portion of a drainage district or drainage improvement district located within the boundaries of a first class city operating a storm drain utility pursuant to RCW 35.67.030 may be removed from the drainage district or drainage improvement district by ordinance of the city. The removal of an area shall not result in the impairment of any contract nor remove the liability or obligation to finance district improvements that serve the area so removed as of the effective date of the ordinance. Residents of the district to be removed shall be given substantial notice of the impending action and the opportunity to respond to the action. [1991 c 28 § 3.]

85.38.220 Suspension of operations—Procedure—Reactivation. Any special district may have its operations suspended as provided in this section. The process of suspending a special district's operations may be initiated by: (1) The adoption of a resolution proposing such action by the governing body of the special district; (2) the filing of a petition proposing such action with the county legislative authority of the county in which all or the largest portion of the special district is located, which petition is signed by voters of the special district who own at least ten percent of the acreage in the special district or is signed by ten or more voters of the special district; or (3) the adoption of a resolution proposing such action by the county legislative authority of the county in which all or the largest portion of the special district is located.

A public hearing on the proposed action shall be held by the county legislative authority at which it shall inquire into whether such action is in the public interest. Notice of the public hearing shall be published in a newspaper of general circulation in the special district, posted in at least four locations in the special district to attract the attention of the

public, and mailed to the members of the governing body of the special district, if there are any. After the public hearing, the county legislative authority may adopt a resolution suspending the operations of the special district if it finds such suspension to be in the public interest. When a special district is located in more than one county, the legislative authority of each of such counties must so act before the operations of the special district are suspended.

After holding a public hearing on the proposed reactivation of a special district that has had its operations suspended, the legislative authority or authorities of the county or counties in which the special district is located may reactivate the special district by adopting a resolution finding such action to be in the public interest. Notice of the public hearing shall be posted and published as provided for the public hearing on a proposed suspension of a special district's operations. The governing body of a reactivated special district shall be appointed as in a newly created special district.

No special district that owns drainage or flood control improvements may be dissolved unless the legislative authority of a county accepts responsibility for operation and maintenance of the improvements. [1986 c 278 § 10.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.225 Alternative dissolution procedure—Drainage and drainage improvement districts—Conditions. As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district. [1991 c 28 § 2.]

85.38.230 Special assessment bonds authorized. A special district may issue special assessment bonds or notes to finance costs related to providing, improving, expanding, or enlarging improvements and facilities if the county legislative authority within which all or the major part of the special district is located authorizes the issuance of such bonds or notes. The decision of a county legislative authority authorizing or failing to authorize a proposed issue of special assessment bonds or notes constitutes a discretionary function, and shall not give rise to a cause of action against the county, county legislative authority, or any member of the county legislative authority. [1986 c 278 § 18.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.240 Special assessment bonds—Issuance—

Terms. (1) Special assessment bonds and notes issued by special districts shall be issued and sold in accordance with chapter 39.46 RCW, except as otherwise provided in this chapter. The maximum term of any special assessment bond issued by a special district shall be twenty years. The maximum term of any special assessment note issued by a special district shall be five years.

(2) The governing body of a special district issuing special assessment bonds or notes shall create a special fund or funds, or use an existing special fund or funds, from which, along with any special assessment bond guaranty fund the special district has created, the principal of and interest on the bonds or notes exclusively are payable.

(3) The governing body of a special district may provide such covenants as it may deem necessary to secure the payment of the principal of and interest on special assessment bonds or notes, and premiums on special assessment bonds or notes, if any. Such covenants may include, but are not limited to, depositing certain special assessments into a special fund or funds, and establishing, maintaining, and collecting special assessments which are to be placed into the special fund or funds. The special assessments covenanted to be placed into such a special fund or funds after June 11, 1986, only may include all or part of the new system of special assessments imposed for such purposes, pursuant to RCW 85.38.150 and 85.38.160. Special assessment bonds or notes issued after July 26, 1987, may not be payable from special assessments imposed under authorities other than those provided in chapter 85.38 RCW.

(4) A special assessment bond or note issued by a special district shall not constitute an indebtedness of the state, either general or special, nor of the county, either general or special, within which all or any part of the special district is located. A special assessment bond or note shall not constitute a general indebtedness of the special district issuing the bond or note, but is a special obligation of the special district and the interest on and principal of the bond or note shall be payable only from special assessments covenanted to be placed into the special fund or funds, and any special assessment bond guaranty fund the special district has created.

The owner of a special assessment bond or note, or the owner of an interest coupon, shall not have any claim for the payment thereof against the special district arising from the special assessment bond or note, or interest coupon, except for payment from the special fund or funds, the special assessments covenanted to be placed into the special fund or funds, and any special assessment bond guaranty fund the special district has created. The owner of a special assessment bond or note, or the owner of an interest coupon, issued by a special district shall not have any claim against the state, or any county within which all or part of the special district is located, arising from the special assessment bond, note, or interest coupon. The special district issuing the special assessment bond or note shall not be liable to the owner of any special assessment bond or note, or owner of any interest coupon, for any loss occurring in the lawful operation of its special assessment bond guaranty fund.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each special assessment bond or note that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the bonds or notes. [1987 c 298 § 5; 1986 c 278 § 19.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.250 Special assessment bonds—Guaranty

fund. The governing body of a special district issuing special assessment bonds or notes may create and pay money into a special assessment bond guaranty fund to guaranty special assessment bonds and notes issued by the special district. A portion of the special assessments collected by a special district may be placed into its special assessment bond guaranty fund. [1986 c 278 § 20.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.260 Special assessment bonds—Refunding.

A special district may issue funding or refunding special assessment bonds or notes to refund outstanding bonds or notes. Such funding or refunding bonds or notes shall be subject to the provisions of law governing other special assessment bonds or notes. [1986 c 278 § 21.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.270 Special assessment bonds issued prior to July 1, 1986.

Special assessment bonds or notes issued by a special district prior to July 1, 1986, shall continue to be retired and be subject to the laws under which they were issued. [1986 c 278 § 22.]

Severability—1986 c 278: See note following RCW 36.01.010.

85.38.900 Severability—1985 c 396.

If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 396 § 88.]

He must append to and post with the delinquency list a notice that unless the assessments delinquent, together with costs and accrued interest, are paid, the real property upon which such assessments are a lien will be sold at public auction. The said notice and delinquent list shall be posted at least twenty days prior to the time of sale. Concurrent as nearly as possible with the date of the posting aforesaid, the said county treasurer shall publish the location of the place where said notice is posted and in connection therewith a notice that unless delinquent assessments together with costs and accrued interest are paid, the real property upon which such assessments are a lien will be sold at public auction. Such notice must be published once a week for three successive weeks in a newspaper of general circulation published in the county within which the land is located; but said notice of publication need not comprise the delinquent list where the same is posted as herein provided. Both notices must designate the time and place of sale. The time of sale must not be less than twenty-one nor more than twenty-eight days from the date of posting and from the date of the first publication of the notice thereof, and the place must be at some point designated by the treasurer. The treasurer of the county in which the land is situated shall conduct the sale of all lands situated therein and must collect in addition to the assessment due as shown on the delinquent list the costs and expenses of sale and interest at the rate of ten percent per annum from the date or dates of delinquency as hereinbefore provided. On the day fixed for the sale, or some subsequent day to which he may have postponed it, and between the hours of ten o'clock a.m. and three o'clock p.m., the county treasurer making the sale must commence the same, beginning at the head of the list, and continuing alphabetically, or in the numerical order of the parcels, lots or blocks, until completed. He may postpone the day of commencing the sale, or the sale from day to day, by giving oral notice thereof at the time of the postponement, but the sale must be completed within three weeks from the first day fixed. The owner or person in possession of any real estate offered for sale for assessments due thereon may designate in writing to the county treasurer, by whom the sale is to be made, and prior to the sale, what portion of the property he wishes sold, if less than the whole; but if the owner or

possessor does not, then the treasurer may designate it, and the person who will take the least quantity of the land, or in case an undivided interest is assessed, then the smallest portion of the interest, and pay the assessment and costs due, including one dollar to the treasurer for duplicate of the certificate of sale, is the purchaser. The treasurer shall account to the district for said one dollar. If the purchaser does not pay the assessment and costs before ten o'clock a.m. the following day, the property must be resold on the next sale day for the assessments and costs. In case there is no purchaser in good faith for the same on the first day that the property is offered for sale, and if there is no purchaser in good faith when the property is offered thereafter for sale, the whole amount of the property assessed shall be struck off to the district as the purchaser, and the duplicate certificate shall be delivered to the secretary of the district, and filed by him in the office of the district. No charge shall be made for the duplicate certificate where the district is the purchaser, and in such case the treasurer shall make an entry, "Sold to the district", and he will be credited with the amount thereof in settlement. The district, as a purchaser at said sale, shall be entitled to the same rights as a private purchaser, and may assign or transfer the certificate of sale upon the payment of the amount which would be due if redemption were being made by the owner. If no redemption is made of land for which the district holds a certificate of purchase, the district will be entitled to receive the treasurer's deed therefor in the same manner as a private person would be entitled thereto.

After receiving the amount of assessments and costs, the county treasurer must make out in duplicate a certificate, dated on the day of sale, stating (when known) the names of the persons assessed, a description of the land sold, the amount paid therefor, that it was sold for assessments, giving the amount and the year of assessment, and specifying the time when the purchaser will be entitled to a deed. The certificate must be signed by the treasurer making the sale and one copy delivered to the purchaser, and the other filed in the office of the county treasurer of the county in which the land is situated: PROVIDED, That upon the sale of any lot, parcel or tract of land not larger than an acre, the fee for a duplicate certificate shall be twenty-five cents and in case of a sale to a person or a district, of more than one parcel or tract of land, the several parcels or tracts may be included in one certificate. Such book must be open to public inspection without fee during office hours, when not in actual use.

On filing the certificate of sale as provided in the preceding paragraph, the lien of the assessment vests in the purchaser and is only divested by the payment to the county

treasurer making the sale of the purchase money and interest at the rate of ten percent per annum, from the day of sale until redemption for the use of the purchaser. [1937 c 72 § 169; RRS § 9663E-169. Formerly RCW 86.08.610.]

86.09.508 Sale for delinquent assessments—Redemption, when and how made. Redemption must be made in legal tender, as provided for the collection of state and county taxes, and the county treasurer must credit the amount paid to the person named in the certificate and pay it on demand to such person or his assignees. No redemption shall be made except to the county treasurer of the county in which the land is situated. [1937 c 72 § 170; RRS § 9663E-170. Formerly RCW 86.08.620.]

Upon completion of redemption, the county treasurer to whom redemption has been made shall enter the word "redeemed", the date of redemption and by whom redeemed on the certificate and on the margin of the assessment book where the entry of the certificate is made. If the property is not redeemed within two years, after the fifteenth day of January of the year in which such property was sold, the county treasurer of the county in which the land sold is situated must thereafter, upon demand of the owner of the certificate of sale, make to the purchaser, or his assignees a deed of the property, reciting in the deed substantially the matters contained in the certificate, and that no person redeemed the property during the time allowed by law for its redemption. The treasurer shall receive from the purchaser, for the use of the district, one dollar for making such deed: PROVIDED, If redemption is not made of any lot, parcel or tract of land not larger than one acre, the fee for a deed shall be twenty-five cents and when any person or district holds a duplicate certificate covering more than one tract of land, the several parcels, or tracts of lands, mentioned in the certificate may be included in one deed. Fourth. The assessments were not paid.

Fifth. At a proper time and place the property was sold as prescribed by law and by the proper officers.

Seventh. The person who executed the deed was the proper officer.

The deed conveys to the grantee the absolute title to the lands described therein, free from all incumbrances except the lien of outstanding general ad valorem taxes and of unmatured special assessments. When title to the land is in the United States or this state, such deed shall be prima facie evidence of the right of possession. [1937 c 72 § 172; RRS § 9663E-172. Formerly RCW 86.08.640, part.]

COUNTY FLOOD CONTROL

86.12.010 County tax for river improvement fund—Flood control maintenance account. The county commissioners of any county may annually levy a tax, beginning with the year 1907, in such amount as, in their judgment they may deem necessary or advisable, but not to exceed twenty-five cents per thousand dollars of assessed value upon all taxable property in such county, for the purpose of creating a fund to be known as "river improvement fund." There is hereby created in each such river improvement fund an account to be known as the "flood control maintenance account." [1973 1st ex.s. c 195 § 129; 1941 c 204 § 8; 1907 c 66 § 1; Rem. Supp. 1941 § 9625. FORMER PART OF SECTION: 1907 c 66 § 4, now codified as RCW 86.12.033.]

86.12.020 Authority to make improvements—Condemnation. Said fund shall be expended for the purposes in this chapter provided. Any county, for the control of waters subject to flood conditions from streams, tidal or other bodies of water affecting such county, may inside or outside the boundaries of such county, construct, operate and maintain dams and impounding basins and dikes, levees, revetments, bulkheads, rip-rap or other protection; may remove bars, logs, snags and debris from and clear, deepen, widen, straighten, change, relocate or otherwise improve and maintain stream channels, main or overflow; may acquire any real or personal property or rights and interest therein for the prosecution of such works or to

preserve any flood plain or regular or intermittent stream channels from any interference to the free or natural flow of flood or storm water; and may construct, operate and maintain any and all other works, structures and improvements necessary for such control; and for any such purpose may purchase, condemn or otherwise acquire land, property or rights, including beds of nonnavigable waters and state, county and school lands and property and may damage any land or other property for any such purpose, and may condemn land and other property and rights and interests therein and damage the same for any other public use after just compensation having been first made or paid into court for the owner in the manner prescribed in this chapter. The purposes in this chapter specified are hereby declared to be county purposes. [1970 ex.s. c 30 § 10; 1941 c 204 § 9; 1935 c 162 § 1; 1919 c 109 § 1; 1907 c 66 § 2; Rem. Supp. 1941 § 9626.]

86.12.030 Eminent domain, how exercised. The taking and damaging of land, property or rights therein or thereto by any county, either inside or outside of such county, for flood control purposes of the county is hereby declared to be for a public use. Such eminent domain proceedings shall be in the name of the county, shall be had in the county where the property is situated, and may unite in a single action proceedings to condemn for county use property held by separate owners, the jury to return separate verdicts for the several lots, tracts or parcels of land, or interest therein, so taken or damaged. The proceedings may conform to the provisions of *sections 921 to 926, inclusive, of Remington's Revised Statutes, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The title so acquired by the county shall be the fee simple title or such lesser estate as shall be designated in the decree of appropriation. The awards in and costs of such proceedings shall be payable out of the river improvement fund. [1941 c 204 § 10; 1907 c 66 § 3; Rem. Supp. 1941 § 9627.]

***Reviser's note:** "Sections 921 to 926, inclusive, of Remington's Revised Statutes" (except for section 923) are codified as RCW 8.20.010 through 8.20.080. [1907 c 66 § 4; RRS § 9628. Formerly RCW 86.12.010, part.]

86.12.034 County entitled to abandoned channels, beds, and banks. Whenever a county of this state, acting pursuant to RCW 86.12.010 through 86.12.033, shall make an improvement in connection with the course, channel or flow of a navigable river, thereby causing it to abandon its existing channel, bed, bank or banks for the entire distance

covered by said improvement, or for any part or portion thereof, or by said improvement shall prevent a river from resuming at a future time an ancient or abandoned channel or bed, or shall construct improvements intended so to do, all the right, title and interest of the state of Washington in and to said abandoned channel or channels, bed or beds, bank or banks, up to and including the line of ordinary high water, shall be and the same is hereby given, granted and conveyed to the county making such improvement: PROVIDED, HOWEVER, That any such gift, grant or conveyance shall be subject to any right, easement or interest heretofore given, granted or conveyed to any agency of the state. [1963 c 90 § 1.]

IMMUNITY FROM LIABILITY

86.12.037 Liability of county or counties to others. No action shall be brought or maintained against any county alone or when acting jointly with any other county under any law, its or their agents, officers or employees, for any noncontractual acts or omissions of such county or counties, its or their agents, officers or employees, relating to the improvement, protection, regulation and control for flood prevention and navigation purposes of any river or its tributaries and the beds, banks and waters thereof: PROVIDED, That nothing contained in this section shall apply to or affect any action now pending or begun prior to the passage of this section. [1921 c 185 § 1; RRS § 9663. Formerly RCW 87.12.180.]

COMPREHENSIVE FLOOD CONTROL MANAGEMENT PLANS

86.12.200 Comprehensive flood control management plan—Elements. The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a cost/benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b) establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying alternatives to in-stream flood control work; (d) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; and (e) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters, or the intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood insurance program that have been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it may incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW. [1991 c 322 § 3.]

Findings—Intent—1991 c 322: "(1) The legislature finds that:

(a) Floods pose threats to public health and safety including loss or endangerment to human life; damage to homes; damage to public roads, highways, bridges, and utilities; interruption of travel, communication, and commerce; damage to private and public property; degradation of water quality; damage to fisheries, fish hatcheries, and fish habitat; harm to livestock; destruction or degradation of environmentally sensitive areas; erosion of soil, stream banks, and beds; and harmful accumulation of soil and debris in the beds of streams or other bodies of water and on public and private lands;

(b) Alleviation of flood damage to property and to public health and safety is a matter of public concern;

(c) Many land uses alter the pattern of runoff by decreasing the ability of upstream lands to store waters, thus increasing the rate of runoff and attendant downstream impacts; and

(d) Prevention of flood damage requires a comprehensive approach, incorporating storm water management and basin-wide flood damage protection planning.

(2) County legislative authorities are encouraged to use and coordinate all the regulatory, planning, and financing mechanisms available to those jurisdictions to address the problems of flooding in an equitable and comprehensive manner.

(3) It is the intent of the legislature to develop a coordinated and comprehensive state policy to address the problems of flooding and the minimization of flood damage." [1991 c 322 § 1.]

Purpose—1991 c 322: "The purpose of sections 3 through 13 of this act is to permit counties in cooperation and consultation with cities and towns to adopt a comprehensive system of flood control management and protection within drainage basins and to coordinate the flood control activities of the state, counties, cities, towns, and special districts within such drainage basins." [1991 c 322 § 2.]

86.12.210 Comprehensive flood control management plan—Participation of local officials—Arbitration of disputed issues. A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the full participation of officials from the city, town, or special district, including

conservation districts, and appropriate state and federal agencies. Where a comprehensive flood control management plan is being prepared for a river basin that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacently located county.

Following adoption by the county, city, or town, a comprehensive flood control management plan shall be binding on each jurisdiction and special district that is located within an area included in the plan. If within one hundred twenty days of the county's adoption, a city or town does not adopt the comprehensive flood control management plan, the city or county shall request arbitration on the issue or issues in dispute. If parties cannot agree to the selection of an arbitrator, the arbitrator shall be selected according to the process described in RCW 7.04.050. The cost of the arbitrator shall be shared equally by the participating parties and the arbitrator's decision shall be binding. Any land use regulations and restrictions on construction activities contained in a comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed. A city or town undertaking flood or storm water control activities consistent with the comprehensive flood control management plan shall retain authority over such activities. [1991 c 322 § 4.]

Findings—Intent—Purpose—1991 c 322: See notes following RCW 86.12.200.

86.12.220 Advisory committees. A county may create one or more advisory committees to assist in the development of proposed comprehensive flood control management plans and to provide general advice on flood problems. The advisory committees may include city and town officials, officials of special districts subject to chapter 85.38 RCW, conservation districts, appropriate state and federal officials, and officials of other counties and other interested persons. [1991 c 322 § 5.]

Findings—Intent—Purpose—1991 c 322: See notes following RCW 86.12.200.

JOINT COUNTY CONTROL—1913 ACT

86.13.010 Boundary line rivers—Contract to control. Wherever and whenever a river is or shall be the boundary line or part of the boundary line between two counties, or it, or its tributaries or outlet or part thereof, flows through parts of two counties, and the waters thereof have in the past been the cause of damage, by inundation or otherwise, to the roads, bridges or other public property situate in or to other public interests of both such counties, or the flow of such waters shall have alternated between the said counties so at one time or times such waters shall have caused damage to one county and at another time or times to the other county, and it shall be deemed by the boards of county commissioners of both counties to be for the public interests of their respective counties that the flow of such waters be definitely confined to a particular channel, situate in whole or in part in either county, in a manner calculated to prevent such alternation or to prevent or lessen damage in the future, it shall be lawful for the two counties, and their boards of county commissioners are hereby empowered, pursuant to resolution, to enter into a contract in writing in the names of the respective counties for the purpose of settling all disputes in relation to any such situation, and providing ways and means for the control and disposition of such waters. Any such contract may provide:

(1) That it shall be operative in perpetuity, or only for a term of years or other measure of time to be specified therein.

(2) The amount of money to be expended by each county during each year of the life of said contract, or such other method of determining the amount of expenditure or dividing the financial burden as may be agreed upon.

(3) That an annual tax shall be levied, at the same time and in the same manner as other county taxes are levied, each year during the life of the contract, by the county commissioners of each county. The annual tax herein provided for need not be levied at the same rate for each county, but shall be at such rate in each county as will produce annually the amount of money for each county as is required for the fulfillment of the contract on its part: **PROVIDED, HOWEVER,** That in no event shall any such tax levy by either county exceed twenty-five cents per thousand dollars of assessed value for any one year.

(4) That the general scheme for the improvement of such river shall be as stated in such contract, but by consent of the contracting parties, pursuant to resolution of each board of county commissioners, such scheme may be modified from time to time during the life of the contract. The contract may but need not provide the details of such scheme, but must designate the general purpose to be accomplished. So far as details are not specified in the contract, same shall be for future determination by joint action of the two boards of county commissioners. Any such contract may be subsequently modified or abrogated by mutual consent evidenced by separate resolution of both boards of county commissioners. [1973 1st ex.s. c 195 §

130; 1913 c 54 § 1; RRS § 9651. Formerly RCW 86.12.040.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

86.13.020 Expenditure of funds—Joint action generally. When such a contract shall have been entered into the prosecution of the work of improvement and the expenditure of funds thereof shall be determined upon, controlled and provided for by joint action of the boards of county commissioners of the two counties. So acting jointly, they shall have power to employ subordinates, purchase material or equipment in open market or by contract, let contracts for work, or cause work to be done by day labor, and to reject any and all bids received for work or material. All vouchers, pay rolls, reports, contracts and bonds on contracts shall be in duplicate, one copy to be filed in the office of the county auditor of each county: PROVIDED, HOWEVER, That the expenditure of said funds must be made in such manner so that the fund from each county is drawn on or expended alternately and such alternate expenditure shall be in proportion to the amount contributed by each county as nearly as may be practicable. [1913 c 54 § 2; RRS § 9652. Formerly RCW 86.12.050 and 86.12.060, part.]

86.13.030 Tax levy in each county—Intercounty river improvement fund. When such a contract shall have been entered into it shall be the duty of each of the boards of county commissioners to make for their respective counties, each year, a tax levy at a rate sufficient to meet the requirements of the contract to be performed by the county, or sufficient to provide such lesser amount as the boards of county commissioners shall agree upon for such year, to be evidenced by separate resolution of each board, and when such levy shall be made the same shall be extended upon the tax rolls of the county levying the same as other taxes shall be extended, and shall be collected in the same manner and shall be a lien upon the property as in the case of other taxes. The fund realized in each county by such tax levy shall go into a separate fund in the treasury of the county collecting the same, to be designated intercounty river improvement fund, and the entire fund so collected in the two counties shall be devoted to and be disbursed for the purposes specified in such contract and as in this chapter provided, and for no other purpose, but without regard to the particular county in which the work is performed, material required or expenditure made, it being the intent that the entire fund realized in the two counties shall be devoted to the one common purpose as if the two counties were one county and the two funds one fund. The fund in each county shall be disbursed by the county treasurer of such county upon warrants signed by the county auditor of that county. Such warrants shall be issued by order of the board of county commissioners of such county, or a majority thereof. Each county auditor shall, whenever requested by the county auditor of the other county, furnish the county auditor of the other county a statement of payments into and warrants drawn upon the fund of his county from time to time, and in addition thereto, each county auditor shall on the first Monday of January, April, July and October each

year during the life of the contract furnish the other a complete statement thereof. Obligations incurred in the prosecution of such improvement and warrants issued shall be payable only out of said special funds, and no general obligation against or debt of either county shall be created thereby or by any contract entered into by virtue of this chapter, but it is not the intent of this chapter to deny to either county the right to have in the courts any proper proceeding to compel compliance with such contract on the part of the other county. [1913 c 54 § 3; RRS § 9653. Formerly RCW 86.12.100.]

Limitation on levies: State Constitution Art. 7 § 2 (Amendments 55 and 59); chapter 84.52 RCW.

86.13.040 Eminent domain—Procedure—Acquisition by purchase authorized. When such a contract shall have been entered into the power of eminent domain is hereby vested in each of such counties, to acquire any lands necessary to straighten, widen, deepen, dike or otherwise improve any such river, its tributaries or outlet or to strengthen the banks thereof, or to acquire any land adjacent to such river, or its tributaries, or the right to cut and remove timber upon the same for the purpose of preventing or lessening the falling of timber or brush into the waters of such river or tributaries, or to acquire any rock quarry, gravel deposit or timber for material for the prosecution of such improvement, together with the necessary rights of way for the same, or to acquire any dam site or other property necessary for flood control purposes. Any such land, property or rights may be acquired by purchase instead of by condemnation proceedings. Said right of eminent domain shall extend to lands or other property owned by the state or any municipality thereof. The title to any such lands, property or rights so acquired shall vest in the county in which situate for the benefit of such enterprise and said fund, but when said contract shall have terminated by lapse of time or for any other reason, then such title shall be held by such county independent of any claims whatsoever of the other county, but any material, equipment or other chattel property on hand shall be converted into money and the money divided between the two counties in the ratio of their respective contributions to the fund. The exercise of such rights of eminent domain or purchase shall rest in the joint control of the two boards of county commissioners. Such eminent domain proceedings shall be in the name of and had in the county where the property to be acquired is situate: PROVIDED, If either county shall fail or refuse to institute and prosecute any condemnation proceedings when directed so to do by any legal meeting provided for in RCW 86.13.050, such proceeding may be instituted and prosecuted by and in the name of the other county. The proceedings may conform to the provisions of *sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and Statutes of Washington, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The awards in and costs of such proceedings shall be payable out of such funds. The purposes in this act specified are hereby declared to be county purposes of each and both of such counties. [1937 c 117 § 1; 1913 c 54 § 4; RRS § 9654. Formerly RCW 86.12.060, part, and 86.12.070.]

***Reviser's note:** "Sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and Statutes" (except for section 923) are codified as RCW 8.20.010 through 8.20.080. Section 923 was repealed by 1935 c 115 § 1 but compare the first paragraph of RCW 8.28.010 relating to the same subject matter as the repealed section.

86.13.050 Joint county meeting—Procedure. When such a contract shall have been entered into and occasion shall arise for the joint action of the two boards of county commissioners whether such joint action is provided for in this chapter or otherwise desired upon any matter having relation to such contract or the prosecution of such improvement, such joint action may be secured by a notice calling a joint meeting signed by two county commissioners, designating the time and place in either county of such meeting, served by one of the two county auditors upon the remaining county commissioners at least seven days (exclusive of the date of service or mailing) prior to the time so designated. If the notice is signed by two county commissioners of the same county the place of meeting shall be at some place in the other county designated in the notice. Such service may be personal or by mail addressed to the member in care of the county auditor of his county. The six county commissioners may constitute a legal meeting without notice by being present together for that purpose. The auditor's certificate of such personal service or mailing, attached to a copy of the notice, shall be made a part of the records of the meeting and be competent proof of the fact. Except in the case hereinafter provided for, the presence of four of the county commissioners shall be necessary to constitute a legal meeting. Each meeting shall be presided over by one of those present selected by vote. The county auditor of the county wherein the meeting is held shall be secretary of the meeting, and shall make duplicate record of its proceedings, one of which, with his certificate thereon, shall be forwarded to the county auditor of the other county, and such record shall be a part of the record of the board of county commissioners of each county. A majority vote of those present at any legal meeting shall be determinative upon any question properly considered at the meeting, and shall be binding upon each county as if enacted or adopted by its own board of county commissioners separately, but no joint meeting whatsoever shall in any manner continue, extend, change, alter, modify or abrogate the contract when made or any of the terms and conditions contained therein. Each county commissioner shall be paid out of said fund in his own county all disbursements made by him for traveling and other expenses incurred in attending any joint meeting or in any way connected with the prosecution of the improvement. Any legal meeting shall have power to adjourn to another time and place. An adjourned meeting shall have all the powers of the meeting of which it is an adjournment, but shall have no power after the end of the thirtieth day following the date of the original meeting of which it is an adjournment. If the three county commissioners of either county shall fail to attend any two meetings consecutively called, the notice for the next succeeding meeting may be also served upon the special commissioner hereinafter provided for, and if he and three county commissioners attend pursuant to such notice the four shall constitute a legal meeting, but if he does not so attend and three county commissioners do attend, the same shall constitute a legal

meeting: PROVIDED, All notices calling a joint meeting shall specify distinctly and separately each question to be considered at said meeting; and it shall be unlawful to consider any question at such meeting or at any adjourned meeting thereof except those which have been distinctly and separately specified, except in cases where all six county commissioners are present or five county commissioners present are unanimous on the question, and in any action which may be taken on any question other than those specified in the notice shall be void and shall not be binding on either county, except in cases where all six county commissioners are present or the action was by unanimous vote of five county commissioners present at such meeting. [1913 c 54 § 5; RRS § 9655. Formerly RCW 86.12.060, part, and 86.12.120 through 86.12.140.]

86.13.060 Special commissioner—Powers and duties—Compensation. When such a contract shall have been entered into there shall be designated at the first legal joint meeting, or adjournment thereof, held in each calendar year a special commissioner to serve as such until the first joint meeting held in the ensuing year. If such designation shall not be made at any such first annual meeting, the United States engineer in charge of the district in which such improvement is located shall be such special commissioner until the next succeeding first annual meeting. If a special commissioner shall for any reason fail to serve as such officer, or be removed by unanimous vote of any legal meeting, a successor to him may be chosen at any subsequent legal joint meeting during his term. Such special commissioner shall have power to attend and vote at any joint meeting in the following cases and none other, to wit: (1) In cases specially so provided in RCW 86.13.050 hereof; (2) in any case where the vote of any such joint meeting shall stand equally divided upon any question arising under this chapter or such contract or in the prosecution of the work of improvement. The special commissioner shall have no voice or vote except upon questions on which the vote of the county commissioners is equally divided. The procedure in cases covered by the foregoing subdivision (2) of this section shall be substantially as follows: It shall be the duty of the secretary of the meeting at which the division shall occur, if the attendance of the special commissioner at that meeting is not secured, to forthwith transmit to the special commissioner written notice of the fact of disagreement and the question involved, and of the time and place to which the meeting shall have been adjourned or at which the question will recur. If there shall be no such adjournment of the meeting, or if the secretary shall not give such notice, any two commissioners may in the manner provided in RCW 86.13.050 call a joint meeting for the consideration of the question in dispute, and in such event either county auditor may give such notice to the special commissioner. No informality in the mode of securing the attendance of the special commissioner shall invalidate the proceedings of or any vote taken at any meeting which he shall attend and which he is empowered to attend by the provisions of this chapter. The special commissioner shall receive, to be paid equally out of the two funds, his traveling and other expenses incurred in attending meetings or otherwise in connection with the work of improvement, and such compensation for

his services as shall be fixed by the joint meeting which shall have selected him, or failing to be so fixed, his compensation shall be ten dollars per day of actual service. [1913 c 54 § 6; RRS § 9656. Formerly RCW 86.12.150 and 86.12.160.]

86.13.070 Chapter not exclusive. Nothing in this chapter contained shall be construed to prevent any county which may be a party to such contract from further caring for any such river or the banks thereof, as authorized so to do by existing laws or by such laws as may be hereafter enacted, provided the rights of neither county, as fixed by contract, shall be impaired thereby. [1913 c 54 § 7; RRS § 9657. Formerly RCW 86.12.190.]

86.13.080 Liability as between counties. No legal claim of any kind or character whatsoever in favor of one county and against the other shall be based upon or created by the enactment hereof, except such as may arise when the contract herein provided for shall have been entered into. After such contract shall have been entered into, should any loss or damage be sustained by either county occasioned by the overflow of any such river, if caused by any act or omission to act of the other county, its officers or agents, or any other cause whatsoever, then such county so suffering or sustaining said loss shall not be entitled to recover therefor from the other county, nor shall any cause of action, legal or equitable be based thereon: PROVIDED, HOWEVER, That if either county shall suffer loss or damage because of the failure or refusal of the other county to perform any such contract on its part to be performed, the injured county shall have a cause of action against the defaulting county to recover the same, but the limit of recovery for any loss or damage suffered in any one year shall not exceed the sum of ten thousand dollars, and any such recovery shall be limited to such special fund, and in no event be recoverable out of the general fund of such defaulting county. If any such loss or damage shall be liquidated in an amount by agreement or by judgment, the defaulting county shall increase its tax levy for said special fund for the ensuing year sufficiently to provide for such liquidated amount: AND PROVIDED FURTHER, That either county may have any proper action in the courts to compel the performance of the contract or any duty imposed thereby or by this chapter. [1913 c 54 § 8; RRS § 9658. Formerly RCW 86.12.170.]

86.13.090 Issuance of warrants. When such a contract shall have been entered into, it shall be lawful to issue warrants upon said fund though there be at the time of such issuance no money in the fund, but in such cases the aggregate of such warrants so issued in any year shall not exceed one-half the amount of the next annual tax levy required by such contract. Such warrants shall be stamped by the county treasurer when presented to him for payment, to bear interest at a certain rate thereafter until paid, such rate to be the then current rate as determined by the county auditor. [1913 c 54 § 9; RRS § 9659. Formerly RCW 86.12.110.]

JOINT COUNTY CONTROL—SUPPLEMENTAL ACTS

86.13.100 Lease or disposal of property—Disposition of proceeds. Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel or flow of a river, shall acquire property by statute, purchase, gift or otherwise, said counties, acting through their boards of county commissioners jointly shall have the power, and are hereby authorized to sell, transfer, trade, lease, or otherwise dispose of said property by public or private, negotiation or sale. The deeds to the property so granted, transferred, leased or sold shall be executed by the chairman of the meeting of the joint boards of county commissioners, and attested by the secretary of said joint meeting where the sale is authorized. The proceeds of the sale of said property shall be used by said counties for the carrying on, completion or maintenance of said improvement, as directed by the boards of county commissioners of said counties acting jointly. [1915 c 103 § 1; RRS § 9660. Formerly RCW 86.12.080.]

Construction—1915 c 103: "This act is not intended to modify, change, alter or amend chapter 54 of the Session Laws of 1913 [RCW 86.13.010 through 86.13.090]." [1915 c 103 § 2.]

86.13.110 State's title to abandoned channels granted to counties. Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel or flow of a river, thereby causing it to abandon its existing channel, bed, bank or banks for the entire distance covered by said improvement, or for any part or portion thereof, or by said improvement shall prevent a river from resuming at a future time an ancient or abandoned channel or bed, or shall construct improvements intended so to do, all the right, title and interest of the state of Washington in and to said abandoned channel or channels, bed or beds, bank or banks, up to and including the line of ordinary high water, shall be and the same is hereby given, granted and conveyed jointly to the counties making such improvement. Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

86.15.001 Actions subject to review by boundary review board. The creation of a flood control zone district may be subject to potential review by a boundary review board under chapter 36.93 RCW. Extensions of service outside of the boundaries of a flood control zone district may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 65.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.15.020 Zones—Creation. The board may initiate, by affirmative vote of a majority of the board, the creation of a zone or additional zones within the county, and without reference to an existing zone or zones, for the purpose of undertaking, operating, or maintaining flood control projects or storm water control projects or groups of projects that are of special benefit to specified areas of the county. Formation of a zone may also be initiated by a petition signed by twenty-five percent of the electors within a proposed zone based on the vote cast in the last county general election. If the formation of the zone is initiated by petition, the board shall incorporate the terms of the petition in a resolution within forty days after receiving the petition from the county auditor. Thereafter, the procedures for establishing a zone shall be the same whether initiated by motion of the board or by a petition of electors.

Petitions shall be in a form prescribed and approved by the county auditor and shall include the necessary legal descriptions and other information necessary for establishment of a zone by resolution. When the sponsors of a petition have acquired the necessary signatures, they shall present the petition to the county auditor who shall thereafter certify the sufficiency of the petition within forty-five days. If the petition is found to meet the requirements specified in this chapter, the auditor shall transmit the petition to the board for their action; if the petition fails to meet the requirements of this chapter, it shall be returned to the sponsors. [1983 c 315 § 12; 1961 c 153 § 2.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.15.023 Zones not to include area in other zones. A board may not establish a zone including an area located in another zone unless this area is removed from the other zone, or the other zone is dissolved; as part of the action creating the new zone. [1991 c 322 § 9.]

Findings—Intent—Purpose—1991 c 322: See notes following RCW 86.12.200.

86.15.025 Districts incorporating watersheds authorized—Subzones authorized—Creation, procedure—Administration—Powers. (1) The board is authorized to establish a countywide flood control zone district incorporating the boundaries of any and all watersheds located within the county which are not specifically organized into flood control zone districts established pursuant to chapter 86.15 RCW. Upon establishment of a countywide flood control zone district as authorized by this section, the board is authorized and may divide any or all of the zone so created into separately designated subzones and such subzones shall then be operated and be legally established in the same manner as any flood control zone district established pursuant to chapter 86.15 RCW.

(2) Countywide flood control zone districts shall be established pursuant to the requirements of RCW 86.15.020, 86.15.030 and *86.15.040 as now law of [or] hereafter amended. Subzones established from countywide flood control zone districts shall be established by resolution of the board and the provisions of RCW 86.15.020, 86.15.030 and

shall not apply to the establishment of such subzone as authorized by this section.

(3) Such subzones shall be operated and administered in the same manner as any other flood control zone district in accordance with the provisions of chapter 86.15 RCW.

(4) Such subzones shall have authority to exercise any and all powers conferred by the provisions of RCW 86.15.080 as now law or hereafter amended.

(5) The board shall exercise the same power, authority, and responsibility over such subzones as it exercises over flood control zone districts in accordance with the provisions of chapter 86.15 RCW as now law or hereafter amended, and without limiting the generality of this subsection, the board may exercise over such subzones, the powers granted to it by RCW 86.15.160, 86.15.170, 86.15.176 and 86.15.178 as now law or hereafter amended. [1969 ex.s. c 195 § 1.]

*Reviser's note: RCW 86.15.040 was repealed by 1991 c 322 § 13.

86.15.030 Districts incorporating watersheds authorized—Formation, hearing and notice. Upon receipt of a petition asking that a zone be created, or upon motion of the board, the board shall adopt a resolution which shall describe the boundaries of such proposed zone; describe in general terms the flood control needs or requirements within the zone; set a date for public hearing upon the creation of such zone, which shall be not more than thirty days after the adoption of such resolution. Notice of such hearing and publication shall be had in the manner provided in RCW 36.32.120(7).

At the hearing scheduled upon the resolution, the board shall permit all interested parties to be heard. Thereafter, the board may reject the resolution or it may modify the boundaries of such zone and make such other corrections or additions to the resolutions as they deem necessary to the accomplishment of the purpose of this chapter: PROVIDED, That if the boundaries of such zone are enlarged, the board shall hold an additional hearing following publication and notice of such new boundaries: PROVIDED FURTHER, That the boundaries of any zone shall generally follow the boundaries of the watershed area affected: PROVIDED FURTHER, That the immediately preceding proviso shall in no way limit or be construed to prohibit the formation of a countywide flood control zone district authorized to be created by RCW 86.15.025.

Within ten days after final hearing on a resolution, the board shall issue its order. [1969 ex.s. c 195 § 2; 1961 c 153 § 3.]

86.15.050 Zones—Governing body. The board of county commissioners of each county shall be ex officio, by virtue of their office, supervisors of the zones created in each county. [1961 c 153 § 5.]

86.15.060 Administration. Administration of the affairs of zones shall be in the county engineer. The engineer may appoint such deputies and engage such employees, specialists and technicians as may be required by the zone and as are authorized by the zone's budget. Subject to the approval of the board, the engineer may organize, or reorganize as required, the zone into such departments, divisions or other administrative relationships as

he deems necessary to its efficient operation. [1961 c 153 § 6.]

86.15.070 Advisory committees. The board may appoint a county-wide advisory committee, which shall consist of not more than fifteen members. The board also may appoint an advisory committee for any zone or combination of two or more zones which committees shall consist of not more than five members. Members of an advisory committee shall serve without pay and shall serve at the pleasure of the board. [1967 ex.s. c 136 § 6; 1961 c 153 § 7.]

86.15.080 General powers. A zone or participating zone may:

(1) Exercise all the powers vested in a county for flood water or storm water control purposes under the provisions of chapters 86.12, 86.13, 36.89, and 36.94 RCW: PROVIDED, That in exercising such powers, all actions shall be taken in the name of the zone and title to all property or property rights shall vest in the zone;

(5) Acquire necessary property, property rights, facilities, and equipment necessary to the purposes of the zone by purchase, gift, or condemnation: PROVIDED, That property of municipal corporations may not be acquired without the consent of such municipal corporation;

(6) Sue and be sued in the name of the zone;

(7) Acquire or reclaim lands when incidental to the purposes of the zone and dispose of such lands as are surplus to the needs of the zone in the manner provided for the disposal of county property in chapter 36.34 RCW;

(8) Cooperate with or join with the state of Washington, United States, another state, any agency, corporation or political subdivision of the United States or any state, Canada, or any private corporation or individual for the purposes of this chapter;

(9) Accept funds or property by loan, grant, gift or otherwise from the United States, the state of Washington, or any other public or private source;

(10) Remove debris, logs, or other material which may impede the orderly flow of waters in streams or water courses: PROVIDED, That such material shall become property of the zone and may be sold for the purpose of recovering the cost of removal: PROVIDED FURTHER, That valuable material or minerals removed from public

lands shall remain the property of the state. [1983 c 315 § 13; 1961 c 153 § 8.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.15.090 Extraterritorial powers. A zone may, when necessary to protect life and property within its limits from flood water, exercise any of its powers specified in RCW 86.15.080 outside its territorial limits. [1961 c 153 § 9.]

86.15.095 Zones constitute quasi municipal corporation—Constitutional and statutory powers. A flood control zone district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A flood control zone district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued. [1983 c 315 § 6.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.15.100 Flood control or storm water control improvements—Authorization. The supervisors may authorize the construction, extension, enlargement, or acquisition of necessary flood control or storm water control improvements within the zone or any participating zones. The improvements may include, but shall not be limited to the extension, enlargement, construction, or acquisition of dikes and levees, drain and drainage systems, dams and reservoirs, or other flood control or storm water control improvements; widening, straightening, or relocating of stream or water courses; and the acquisition, extension, enlargement, or construction of any works necessary for the protection of stream and water courses, channels, harbors, life, and property. [1983 c 315 § 14; 1961 c 153 § 10.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.15.110 Flood control or storm water control improvements—Initiation—Comprehensive plan. Flood control or storm water control improvements may be extended, enlarged, acquired, or constructed by a zone pursuant to a resolution adopted by the supervisors. The resolution shall specify:

(1) Whether the improvement is to be extended, enlarged, acquired, or constructed;

(2) That either:

(a) A comprehensive plan of development for flood control has been prepared for the stream or water course upon which the improvement will be enlarged, extended, acquired, or constructed, and that the improvement generally contributes to the objectives of the comprehensive plan of development: PROVIDED, That the plan shall be first submitted to the state department of ecology at least ninety days in advance of the beginning of any flood control project or improvement; and shall be subject to all the regulatory

control provisions by the department of ecology as provided in chapter 86.16 RCW; or

(b) A comprehensive plan of development for storm water control has been prepared for the area that will be served by the proposed storm water control facilities;

(3) If the improvement is to be constructed, that preliminary engineering studies and plans have been made, and that the plans and studies are on file with the county engineer;

(4) The estimated cost of the acquisition or construction of the improvement, together with such supporting data as will reasonably show how the estimates were arrived at; and

(5) That the improvement will benefit:

(a) Two or more zones, hereinafter referred to as participating zones; or

(b) A single zone; or

(c) The county as a whole, as well as a zone or participating zones. [1983 c 315 § 15; 1961 c 153 § 11.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.15.120 Flood control or storm water control improvements—Hearing, notice. Before finally adopting a resolution to undertake any flood control improvement or storm water control improvement, the supervisors shall hold a hearing thereon. Notice and publication of the hearing shall be given under RCW 36.32.120(7). The supervisors may conduct any such hearing concurrently with a hearing on the establishment of a flood control zone, and may in such case designate the proposed zone a beneficiary of any improvement. The service charge shall be uniform for the same class of benefits or service. In classifying services furnished or benefits received the board may in its discretion consider the character and use of land and its water runoff characteristics and any other matters that present a reasonable difference as a ground for distinction. Service charges shall be applicable to a zone or participating zones. The disposition of all revenue from service charges shall be in accordance with RCW 86.15.130. Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating the fund.

Revenue bond principal, interest, and all other related necessary expenses shall be payable only out of the appropriate special fund.

The supervisors may order, on behalf of the zone or participating zones, that an action be brought in the superior court of the county to require the removal of publicly or privately owned structures, improvements, facilities, or accumulations of debris or materials that materially contribute to the dangers of loss of life or property from flood waters. Where the structures, improvements, facilities, or accumulations of debris or materials are found to endanger the public health or safety the court shall declare them a public nuisance, and forthwith order their abatement. If the abatement is not completed within the time ordered by the court, the county may abate the nuisance and charge the cost of the action against the land upon which the nuisance is located, and the payment of the charge may be enforced and collected in the same manner at the same time as county property taxes. [1983 c 315 § 24; 1961 c 153 § 19.]

A diking, drainage, or sewerage improvement district, flood control district, diking district, drainage district, intercounty diking and drainage district, or zone may convey title to any property improvements or assets of the districts or zone to the county or a zone for flood control purposes. If the property improvements or assets are surplus to the needs of the district or zone the transfer may be made by private negotiations, but in all other cases the transfers are subject to the approval of a majority of the registered voters within the district or zone. Nothing in this section permits any district or zone to impair the obligations of any debt or contract of the district or zone. [1983 c 315 § 25; 1961 c 153 § 21.]

Severability—1983 c 315: See note following RCW 90.03.500.

86.16.150 Severability—1935 c 159. If any section or provisions of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1935 c 159 § 20; RRS § 9663A-20.]

86.16.160 Local programs not prevented. Nothing in this chapter shall prevent any county, city or town from establishing, pursuant to any authority otherwise available to them, flood control regulation programs and related land use control measures in areas which are subject to flooding or flood damages. [1973 c 75 § 2.]

86.16.180 Processing of permits and authorizations for emergency water withdrawal and facilities to be expedited. All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. 86.16.190 Livestock flood sanctuary areas. Local governments that have adopted flood plain management regulations pursuant to this chapter shall include provisions that allow for the establishment of livestock flood sanctuary areas at a convenient location within a farming unit that contains domestic livestock. Local governments may limit the size and configuration of the livestock flood sanctuary areas, but such limitation shall provide adequate space for the expected number of livestock on the farming unit and shall be at an adequate elevation to protect livestock. Modification to flood plain management regulations required pursuant to this section shall be within the minimum federal requirements necessary to maintain coverage under the national flood insurance program. [1991 c 322 § 17.]

Findings—Intent—1991 c 322: See note following RCW 86.12.200.

FLOOD CONTROL CONTRIBUTIONS

- 86.18.010 Declaration of purpose.
- 86.18.030 Conditions and limitations on expenditures and contributions from appropriations—Warrants.
- 86.18.900 Construction—1967 ex.s. c 136.
- 86.18.910 Severability—1967 ex.s. c 136.

86.18.010 Declaration of purpose. Economic development and growth of the state is dependent on the control of flood waters. The legislature declares, in the exercise of its sovereign and police powers, that the purpose of this chapter is to provide for contributions of funds for assisting political subdivisions of the state in the protection of lands from inundation; the protection of public highways; the control of storm drainage; the maintenance of stream channels and water courses; and the protection of life and property.

It is the intent of the legislature that funds be provided to political subdivisions of the state to assist in the development of those flood control improvements and projects, which cannot be reasonably and practicably financed through the normal methods of financing available to such political subdivisions. [1967 ex.s. c 136 § 1.]

86.18.030 Conditions and limitations on expenditures and contributions from appropriations—Warrants. Funds shall be expended and contributions made to a political subdivision of the state from flood control appropriations only after:

(1) The project for which the funds are to be used has been approved by the department of ecology in accordance with the regulatory provisions of chapter 86.16 RCW.

(2) Engineering studies and plans have been made and filed with the county engineer of the county in which the project is located, or the county engineers of all counties in which the project is located, if it is located in more than one county.

(3) The estimate of cost of acquisition of necessary lands, rights of way and construction of the project or improvements, together with adequate supporting data have been completed and filed with the department of ecology.

(4) A comprehensive plan for the area involved has been completed and filed with the department.

(5) The political subdivision desiring a contribution has made an application for a contribution to the department showing the estimated cost of the project and the requested contribution.

(6) Federal funds are available for contribution for payment of a portion of the cost of the project.

The director of ecology is authorized to determine when these conditions have been met and to request the proper warrant for the state's contribution. Contributions to a political subdivision for a specific project shall not exceed

fifty percent of the cost of acquisition of necessary lands and rights of way, and construction of the project or works of improvement. [1987 c 109 § 63; 1980 c 32 § 12; 1967 ex.s. c 136 § 3.]

86.18.900 Construction—1967 ex.s. c 136. This legislative proposal shall be complete authority for the accomplishment of purposes hereby authorized, and shall be liberally construed to accomplish its purposes. [1967 ex.s. c 136 § 4.]

86.18.910 Severability—1967 ex.s. c 136. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1967 ex.s. c 136 § 5.]

86.24.010 Declaration of policy. It is the purpose of the state of Washington, in the exercise of its sovereign and police powers, and in the interests of public welfare, to establish a state policy for the control of floods to the extent practicable and by economically feasible methods. [1935 c 163 § 1; RRS § 9662-1.]

86.24.020 Cooperation authorized. The department of ecology, in cooperation with the corps of engineers of the United States army, and any other agencies of the United States, and in cooperation with any official, agency or institution of the state and any flood control district created under the laws of the state, and any county, or any counties acting jointly pursuant to RCW 86.13.010 through 86.13.090, shall act for the state in the formulation of plans for the control of floods in the several flood areas of the state, and shall consider the extent to which the state should participate therein with the United States and/or any flood control district, or county, or counties so acting jointly. In case of federal participation, the plan of development and the surveys, plans and specifications for such flood control projects shall be in accordance with the federal requirements therefor. [1987 c 109 § 64; 1935 c 163 § 2; RRS § 9662-2.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

86.24.030 Contracts authorized—Extent of participation. The state director of ecology, when state funds shall be available therefor, shall have authority on behalf of the state to enter into contracts with the United States or any

agency thereof and/or with any such flood control district, county, or counties so acting jointly, for flood control purposes for any such flood control district, county or counties so acting jointly, the amount of the state's participation in any such contract to be such sum as may be appropriated therefor, or, in event of unallocated state appropriations for flood control purposes, in such necessary sum as to any such contract as he shall determine. [1988 c 127 § 39; 1935 c 163 § 4; RRS § 9662-4.]

86.24.040 Contracts between flood control districts and other governmental units. In any case where the boundaries of any flood control district shall embrace all or any part of any county, city, town, diking, or drainage district, subject to flood conditions, the governing authorities thereof may contract with the directors of such flood control district, with the written approval of the state director, for the maintenance, repair, renewal and extension of any existing flood control works of such county, city, town, diking, or drainage district, situated within the flood control district, and for the construction and maintenance of specific flood control projects, for such term of years and for the payment to such flood control district therefor of such annual sums as in said contract specified. [1979 ex.s. c 30 § 19; 1935 c 163 § 6; RRS § 9662-6.]

86.24.050 State participation where state interest affected. State participation in flood control projects shall be in such as are affected with a state interest and to such extent as the legislature may determine. [1935 c 163 § 3; RRS § 9662-3.]

86.26.005 Declaration of purpose. It is the purpose of the state in the exercise of its sovereign and police powers and in the interest of public welfare, to establish a state and local participating flood control maintenance policy. [1951 c 240 § 2.]

86.26.007 Flood control assistance account—Use. The flood control assistance account is hereby established in the state treasury. At the beginning of the 1995-97 fiscal

biennium and each biennium thereafter the state treasurer shall transfer from the general fund to the flood control assistance account an amount of money which, when combined with money remaining in the account from the previous biennium, will equal four million dollars. Moneys in the flood control assistance account may be spent only after appropriation for purposes specified under this chapter. To the extent that moneys in the flood control assistance account are not appropriated during the 1993-95 fiscal biennium for flood control assistance, the legislature may direct their transfer to the state general fund. [1993 sp.s. c 24 § 928; 1991 sp.s. c 13 § 24; 1986 c 46 § 1; 1985 c 57 § 88; 1984 c 212 § 1.]

Severability—Effective dates—1993 sp.s. c 24: See notes following RCW 28A.165.070.

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Effective date—1985 c 57: See note following RCW 18.04.105.

86.26.010 Administration and enforcement. The department of ecology shall have charge for the state of the administration and enforcement of all laws relating to flood control. [1984 c 212 § 2; 1951 c 240 § 3.]

86.26.040 Duties of local engineer—Approval of plans, etc., by department of ecology—Grants to prepare comprehensive flood control management plan. Whenever state grants under this chapter are used in a flood control maintenance project, the engineer of the county within which the project is located shall approve all plans for the specific project and shall supervise the work. The approval of such plans, construction and expenditures by the department of ecology, in consultation with the department of fish and wildlife, shall be a condition precedent to state participation in the cost of any project beyond planning and designing the specific project.

Additionally, state grants may be made to counties for preparation of a comprehensive flood control management plan required to be prepared under RCW 86.26.050. [1994 c 264 § 77; 1988 c 36 § 63; 1986 c 46 § 2; 1984 c 212 § 3; 1951 c 240 § 6.]

86.26.050 Projects in which state will participate—Allocation of funds. (1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, projects pursuant to section 33, chapter 322, Laws of 1991, and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the flood plain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year flood plain surrounding such area.

The department of ecology shall adopt rules concerning the flood plain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town flood plain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the flood plain management activities must be approved by the department of ecology, in consultation with the department of fish and wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fish and wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs. [1994 c 264 § 78; 1991 c 322 § 6; 1988 c 36 § 64; 1986 c 46 § 3; 1985 c 454 § 1; 1984 c 212 § 4; 1951 c 240 § 7.]

Findings—Intent—Purpose—1991 c 322: See notes following RCW 86.12.200.

86.26.060 Allocation of funds. Grants for flood control maintenance shall be so employed that as far as possible, funds will be on hand to meet unusual, unforeseeable and emergent flood conditions. Allocations by the department of ecology, for emergency purposes, shall in each instance be in amounts which together with funds provided by local authority, if any, under reasonable exercise of its emergency powers, shall be adequate for the preservation of life and property, and with due regard to similar needs elsewhere in the state. [1984 c 212 § 5; 1951 c 240 § 8.]

86.26.070 Flood control maintenance fund of municipal corporation—Composition—Use. Any municipal corporation subject to flood conditions, may establish in its treasury a flood control maintenance fund. Such fund may be maintained by transfer thereto of moneys derived from regular or special lawful levies for flood control purposes, moneys which may be lawfully transferred to it from any other municipal fund; and gifts and contributions received for flood control purposes. All costs and expenses for flood control maintenance purposes shall be paid out of said flood control maintenance fund, which fund shall not be used for any other purpose. [1951 c 240 § 9.]

86.26.080 Annual budget reports of municipal corporations—Allocation of funds. Any municipal corporation intending to seek state participating funds shall, within thirty days after final adoption of its annual budget for flood control purposes, report the amount thereof, to the engineer of the county within whose boundaries the municipal corporation lies. The county engineer shall submit such reports, together with reports from the county itself, to the department of ecology. On the basis of all such budget reports received, the department may thereupon prepare a tentative and preliminary plan for the orderly and most beneficial allocation of funds from the flood control assistance account for the ensuing calendar year. Soil conservation districts shall be exempted from the provisions of this section. [1984 c 212 § 6; 1951 c 240 § 10.]

86.26.090 Scope of maintenance in which state will participate. The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the restoration and maintenance of natural conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Funds from the flood control assistance account shall not be available for maintenance of works or structures maintained solely for the detention or storage of flood waters. [1991 c 322 § 7; 1984 c 212 § 7; 1951 c 240 § 11.]

Findings—Intent—Purpose—1991 c 322: See notes following RCW 86.12.200.

86.26.100 Agreement as to participation—Limit on amount. State participation in the cost of any flood control maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed one-half the cost of the project, to include project planning and design. Grants for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology. [1991 c 322 § 8; 1986 c 46 § 4; 1984 c 212 § 8; 1951 c 240 § 12.]

Findings—Intent—Purpose—1991 c 322: See notes following RCW 86.12.200.

86.26.105 Comprehensive flood control management plan—Requirements—Time for completion. A comprehensive flood control management plan shall determine the need for flood control work, consider alternatives to in-stream flood control work, identify and consider potential impacts of in-stream flood control work on the state's in-stream resources, and identify the river's meander belt or floodway. A comprehensive flood control management plan shall be completed and adopted within at least three years of the certification that it is being prepared, as provided in RCW 86.26.050.

If after this three-year period has elapsed such a comprehensive flood control plan has not been completed and adopted, grants for flood control maintenance projects shall not be made to the county or municipal corporations in the county until a comprehensive flood control plan is completed and adopted by the appropriate local authority. These limitations on grants shall not preclude allocations for emergency purposes made pursuant to RCW 86.26.060. [1986 c 46 § 5; 1984 c 212 § 9.]

Reviser's note: The language "this act," "this chapter," and words of similar import appear throughout chapter 87.03 RCW. This chapter is almost entirely comprised of the basic irrigation act of 1889-90 p 671 et seq. as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in *pari materia* being also codified herein. Many sections were added to the basic law by being expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly many sections have been amended by reference to the compilation number only. Some of these sections contain legislative language "this act," "this chapter," or both, which appear in the session law either as original legislative language or reenactments by the legislature of a compiler's translation. Therefore, throughout chapter 87.03 RCW such language is retained wherever it appears in the most recent session law enactment. Situations concerning effective dates of particular acts or having express restrictive application are otherwise specially noted.

Deferral of special assessments: Chapter 84.38 RCW.

Disposal of real property on abandonment of irrigation district right of way—Right of adjacent owners: RCW 57.90.100.

Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

87.03.001 Actions subject to review by boundary review board. The formation of an irrigation district may be subject to potential review by a boundary review board under chapter 36.93 RCW. The alteration of the boundaries of an irrigation district, including but not limited to a consolidation, addition of lands, exclusion of lands, or merger, may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 66.]

87.03.005 District proposed—Powers, when organized. Whenever fifty or a majority of the holders of title to, or of evidence of title to land susceptible of "irrigation" desire to organize an irrigation district for any or all of the purposes mentioned in RCW 87.03.010 and 87.03.015, they may propose the organization of an irrigation district in the manner provided herein; and when so organized, such district shall have all the powers that may now or hereafter be conferred by law. [1923 c 138 § 1; 1917 c 162 § 1; 1915 c 179 § 1; 1895 c 165 § 1; 1889-90 p 671 § 1; RRS § 7417. Formerly RCW 87.01.020, part.]

87.03.010 Certain purposes for which district may be formed. An irrigation district may be organized or maintained for any or all the following purposes:

(1) The construction or purchase of works, or parts of same, for the irrigation of lands within the operation of the district.

(2) The reconstruction, repair or improvement of existing irrigation works.

(3) The operation or maintenance of existing irrigation works.

(4) The construction, reconstruction, repair or maintenance of a system of diverting conduits from a natural source of water supply to the point of individual distribution for irrigation purposes.

(5) The execution and performance of any contract authorized by law with any department of the federal government or of the state of Washington, for reclamation and irrigation purposes.

(6) The performance of all things necessary to enable the district to exercise the powers herein granted. [1923 c 138 § 2, part; RRS § 7417-1. Formerly RCW 87.01.010.]

87.03.013 Development of hydroelectric generation capabilities—Legislative finding, intent—Limitation. The legislature finds that a significant potential exists for the development of the hydroelectric generation capabilities of present and future irrigation systems serving irrigation districts. The legislature also finds that the development of such hydroelectric generation capabilities is beneficial to the present and future electrical needs of the citizens of the state of Washington, furthers a state purpose and policy, and is in the public interest. The legislature further finds that it is necessary to revise and add to the authority of irrigation districts to obtain the most favorable interest rates possible in the financing of irrigation district projects which serve the agricultural community and hydroelectric facilities. It is the intent of the legislature to provide irrigation districts with the authority to develop these hydroelectric generation capabilities in connection with irrigation facilities. Further, it is the intent of the legislature that the development of hydroelectric generation capabilities pursuant to *this 1979 act not become the sole purpose or function of irrigation districts in existence on May 14, 1979, nor become a major function of irrigation districts created after that date. Nothing herein shall authorize an irrigation district to sell electric power or energy to any municipal corporation not engaged in the distribution of electric power or energy. [1979 ex.s. c 185 § 1.]

***Reviser's note:** For codification of "this 1979 act" [1979 ex.s. c 185], see Codification Tables, Volume 0.

Effective date—1979 ex.s. c 185: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately." [1979 ex.s. c 185 § 24.] Because of this emergency section the effective date of 1979 ex.s. c 185 was May 14, 1979.

Severability—1979 ex.s. c 185: "If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 185 § 23.]

87.03.015 Certain powers of district enumerated. Any irrigation district, operating and maintaining an irrigation system, in addition to other powers conferred by law, shall have authority:

(1) To purchase and sell electric power to the inhabitants of the irrigation district for the purposes of irrigation and domestic use, to acquire, construct, and lease dams, canals, plants, transmission lines, and other power equipment and the necessary property and rights therefor and to operate, improve, repair, and maintain the same, for the generation and transmission of electrical energy for use in the operation of pumping plants and irrigation systems of the district and for sale to the inhabitants of the irrigation district for the

purposes of irrigation and domestic use; and, as a further and separate grant of authority and in furtherance of a state purpose and policy of developing hydroelectric capability in connection with irrigation facilities, to construct, finance, acquire, own, operate, and maintain, alone or jointly with other irrigation districts, boards of control, other municipal or quasi municipal corporations or cooperatives authorized to engage in the business of distributing electricity, or electrical companies subject to the jurisdiction of the utilities and transportation commission, hydroelectric facilities including but not limited to dams, canals, plants, transmission lines, other power equipment, and the necessary property and rights therefor, located within or outside the district, for the purpose of utilizing for the generation of electricity, water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, waste ways, and drainage water facilities which serve irrigation districts, and to sell any and all the electric energy generated at any such hydroelectric facilities or the irrigation district's share of such energy, to municipal or quasi municipal corporations and cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission, or to other irrigation districts, and on such terms and conditions as the board of directors shall determine, and to enter into contracts with other irrigation districts, boards of control, other municipal or quasi municipal corporations and cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission: PROVIDED, That no contract entered into by the board of directors of any irrigation district for the sale of electrical energy from such hydroelectric facility for a period longer than forty years from the date of commercial operation of such hydroelectric facility shall be binding on the district until ratified by a majority vote of the electors of the district at an election therein, called, held and canvassed for that purpose in the same manner as that provided by law for district bond elections.

(2) To construct, repair, purchase, maintain or lease a system for the sale or lease of water to the owners of irrigated lands within the district for domestic purposes.

(3) To construct, repair, purchase, lease, acquire, operate and maintain a system of drains, sanitary sewers, and sewage disposal or treatment plants as herein provided.

(4) To assume, as principal or guarantor, any indebtedness to the United States under the federal reclamation laws, on account of district lands.

(5) To maintain, repair, construct and reconstruct ditches, laterals, pipe lines and other water conduits used or to be used in carrying water for irrigation of lands located within the boundaries of a city or town or for the domestic use of the residents of a city or town where the owners of land within such city or town shall use such works to carry water to the boundaries of such city or town for irrigation, domestic or other purposes within such city or town, and to charge to such city or town the pro rata proportion of the cost of such maintenance, repair, construction and reconstruction work in proportion to the benefits received by the lands served and located within the boundaries of such city or town, and if such cost is not paid, then and in that event said irrigation district shall have the right to prevent further

water deliveries through such works to the lands located within the boundaries of such city or town until such charges have been paid.

(6) To acquire, install and maintain as a part of the irrigation district's water system the necessary water mains and fire hydrants to make water available for fire fighting purposes; and in addition any such irrigation district shall have the authority to repair, operate and maintain such hydrants and mains.

(7) To enter into contracts with other irrigation districts, boards of control, municipal or quasi municipal corporations and cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission to jointly acquire, construct, own, operate, and maintain irrigation water, domestic water, drainage and sewerage works, and electrical power works to the same extent as authorized by subsection (1) of this section, or portions of such works.

(8) To acquire from a water district wholly within the irrigation district's boundaries, by a conveyance without cost, the water district's water system and to operate the same to provide water for the domestic use of the irrigation district residents. As a part of its acceptance of the conveyance the irrigation district must agree to relieve the water district of responsibility for maintenance and repair of the system. Any such water district is authorized to make such a conveyance if all indebtedness of the water district, except local improvement district bonds, has been paid and the conveyance has been approved by a majority of the water district's electors voting at a general or special election.

This section shall not be construed as in any manner abridging any other powers of an irrigation district conferred by law. [1979 ex.s. c 185 § 2; 1967 c 206 § 1; 1965 c 141 § 1; 1943 c 57 § 1; 1941 c 143 § 1; 1933 c 31 § 1; 1923 c 138 § 2, part; RRS § 7417-2. Formerly RCW 87.01.210, part.]

Effective date—Severability—1979 ex.s. c 185: See notes following RCW 87.03.013.

District bond elections: RCW 87.03.200.

Heating systems authorized: RCW 35.97.020.

Prerequisite to furnishing water or power outside of district: RCW 87.03.115.

87.03.016 District may provide street lighting—Limitations. In addition to other powers conferred by law, an irrigation district is authorized to construct, purchase, lease, or otherwise acquire, maintain, and operate a system for lighting public streets and highways and to enter into a contract or contracts with electric utilities, either public or private, to provide that service. However, no contract entered into by the board for providing street lighting for a period exceeding ten years is binding upon the district unless ratified by a majority vote of the electors of the district at an election called, held, and canvassed for that purpose in the same manner as provided by law for district bond elections.

The authority granted by this section applies only to an irrigation district that has begun the construction, purchase, lease, or acquisition of a street lighting system by January 1, 1984, or has entered into a contract for that service by that date. [1984 c 168 § 1.]

87.03.017 District may assist residential owners in financing for conservation of energy—When—Plan—Limitations. Any irrigation district engaged in the distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of residential structures in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures pursuant to an energy conservation plan adopted by the irrigation district if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the irrigation district could acquire to meet future demand. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the residential structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment.

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the irrigation district, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation.

(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.[1982 c 42 § 1. Prior: 1981 c 345 § 3.]

87.03.018 Creation of legal authority to carry out powers—Method—Indebtedness. Two or more irrigation districts may create a separate legal authority to carry out any or all of the powers described in RCW 87.03.015. To enable such a legal authority to carry out its delegated powers, the irrigation districts creating the authority may assign, convey, or otherwise transfer to it any or all of their respective property, rights, or obligations, including, without limitation, the power to issue revenue obligations and the power of condemnation. Such a legal authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity.

A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity

provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority; and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. [1984 c 168 § 5; 1981 c 62 § 1.]

87.03.020 Organization of district—Petition—Bond—Notice—Hearing—Order—Notice of election. For the purpose of organizing an irrigation district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district, shall be presented to the board of county commissioners of the county in which the lands, or the greater portion thereof, are situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective petitioners.

(3) A general statement of the probable source or sources of water supply and a brief outline of the plan of improvement, which may be in the alternative, contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondsmen will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper published at Olympia, Washington, to be designated by the director of ecology from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said

meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. If any portion of the lands within said proposed district lie within another county or counties, then the said petition and notice shall be published for the time above provided in one newspaper printed and published in each of said counties. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the state director of ecology at Olympia, Washington, who shall, at the expense of the district in case it is later organized, otherwise at the expense of the petitioners' bondsmen, make such investigation of the sufficiency of the source and supply of water for the purposes of the proposed district, as he may deem necessary, and file a report of his findings, together with a statement of his costs, with the board of county commissioners at or prior to the time set for said hearing. When the petition is presented, the board of county commissioners shall hear the same, shall receive such evidence as it may deem material, and may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall establish and define the boundaries of the district along such lines as in the judgment of the board will best reclaim the lands involved and enter an order to that effect: PROVIDED, That said board shall not modify the boundaries so as to except from the operation of the district any territory within the boundaries outlined in the petition, which is susceptible of irrigation by the same system of works applicable to other lands in such proposed district and for which a water supply is available; nor shall any lands which, in the judgment of said board, will not be benefited, be included within such district; any lands included within any district, which have a partial or full water right shall be given equitable credit therefor in the apportionment of the assessments in this act provided for: AND PROVIDED FURTHER, That any owner, whose lands are susceptible of irrigation from the same source, and in the judgment of the board it is practicable to irrigate the same by the proposed district system, shall, upon application to the board at the time of the hearing, be entitled to have such lands included in the district.

At said hearing the board shall also give the district a name and shall order that an election be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this act and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election ordered to be held as aforesaid, which notice shall describe the district boundaries as established, and shall give the name by which said proposed district has been designated, and shall state the purposes and objects of said election, and shall be published once a week, for at least two weeks (three issues) prior to said election, in a newspaper of general circulation published in the county where the petition aforesaid was presented; and if any portion of said proposed district lies within another county or counties, then said notice shall be published in like manner in a newspaper within each of said counties. Said

election notice shall also require the electors to cast ballots which shall contain the words "Irrigation District—Yes," and "Irrigation District—No," and also the names of persons to be voted for as directors of the district: PROVIDED, That where in this act publication is required to be made in a newspaper of any county, the same may be made in a newspaper of general circulation in such county, selected by the person or body charged with making the publication and such newspaper shall be the official paper for such purpose. If he determines that they will not be benefited he shall file with the board a statement of his objections thereto.

Any public lands of the state which are situated within the boundaries of an irrigation district, but which were not included in the district at the time of its organization, may be included after a hearing as herein provided.

Whenever the commissioner or any interested person desires to have state public lands included in an existing district, he shall file a request to that effect in writing with the district board, which shall thereupon fix a time and place for hearing the request and post notice thereof in three public conspicuous places in the district, one of which shall be at the place of hearing, at least twenty days before the hearing, and send by registered mail a copy of the notice to the commissioner. The notice shall describe the lands to be included and direct all persons objecting to such inclusion to appear at the time and place stated and present their objections. At the hearing the district board shall consider all objections and may adjourn to a later date, and by resolution determine the matter, and its determination shall be final: PROVIDED, That no such lands shall be included in a district without the written consent of the commissioner of public lands.

Any public lands of the state situated in any irrigation district shall be subject to the provisions of the laws of this state relating to the collection of irrigation district assessments to the same extent and in the same manner in which lands of like character held under private ownership are subject thereto, but collection and payment of the assessments shall be governed solely by the provisions of chapter 79.44 RCW. (c) The statements in the certificate of qualifications shall be certified as correct by the voter by the affixing of his signature thereto in the presence of a witness who is acquainted with the voter, and the voter shall enclose and seal his ballot in the unmarked envelope in the presence of this witness but without disclosing his vote. The witness, by affixing his signature to the certificate of qualifications, shall certify that he is acquainted with the voter, that in his presence the voter's signature was affixed and the ballot enclosed as required in this paragraph.

(2) The form of statement of qualifications and its certification shall be substantially as prescribed by the district's board of directors. This form may also provide that the voter shall describe all or some part of his lands within the district which, under RCW 87.03.045 entitles him to vote in the election, but a voter otherwise qualified shall not be disqualified because of the absence or inaccuracy of the description so given. A majority of the directors shall be residents of the county or counties in which the district is situated and all shall be electors of the district. In districts with less than two hundred thousand acres, a person eighteen years old, being a citizen of the United States and a resident of the state and who holds title or evidence of title to assessable land in the district or proposed district shall be entitled to vote therein, and to be recognized as an elector. A domestic corporation owning land in the district shall be recognized as an elector. "Ownership" shall mean the aggregate of all assessable acres owned by an elector, individually or jointly, within one district. Voting rights shall be allocated as follows: Two votes for each five acres of assessable land or fraction thereof. No one ownership may accumulate more than forty-nine percent of the votes in one district. If assessments are on the basis of shares instead of acres, an elector shall be entitled to two votes for each five shares or fraction thereof. The ballots cast for each ownership of land or shares shall be exercised by common agreement between electors or when land is held as community property, the accumulated votes may be divided equally between husband and wife. Except for community property ownership, in the absence of the submission of the common agreement to the secretary of the district at least twenty-four hours before the opening of the polls, the election board shall recognize the first elector to appear on election day as the elector having the authority to cast the ballots for that parcel of land for which there is more than one ownership interest. A majority of the directors shall be residents of the county or counties in which the district is situated and all shall be electors of the district. If more than one elector residing outside the county or counties is voted for as director, only that one who receives the highest number of votes shall be considered in ascertaining the result of the election. An elector resident in the district shall vote in the precinct in which he resides, all others shall vote in the precinct nearest their residence. No director shall be qualified to take or retain office unless he holds title or evidence of title to land within the district. [1985 c 66 § 2.]

Each ownership shall be represented by two votes. If there are multiple owners or joint owners of a single ownership, the owners shall decide among themselves what their two votes shall be. If the ownership is held as community property, the husband shall be entitled to one vote and the wife shall be entitled to one vote or they may vote by common agreement. [1985 c 66 § 3.]

Ballots shall contain space for sticker voting or for the writing in of the name of an undeclared candidate. Ballots shall be issued by the election board according to the number of votes an elector is entitled to cast. A person filing a declaration of candidacy, or petition of nomination as hereinafter provided, shall designate therein the position for which he is a candidate. No ballots on any form other than the official form shall be received or counted.

In any election for directors where the number of votes which may be received will have no bearing on the length of the term to be served, the candidates for the position of director, in lieu of filing a declaration of candidacy hereunder, shall file with the secretary of the district a petition of nomination signed by at least ten qualified electors of the district, or of the division if the district has been divided into director divisions, not later than five o'clock p.m. on the first Monday in November. If, after the expiration of the date for filing petitions of nomination, it appears that only one qualified candidate has been nominated thereby for each position to be filled it shall not be necessary to hold an election, and the board of directors shall at their next meeting declare such candidate elected as director. The secretary shall immediately make and deliver to such person a certificate of election signed by him and bearing the seal of the district. The procedure set forth in this paragraph shall not apply to any other irrigation district elections. [1985 c 66 § 4; 1981 c 345 § 1; 1981 c 208 § 1; 1963 c 68 § 1; 1961 c 105 § 1; 1941 c 171 § 2; Rem. Supp. 1941 § 7420-1. Formerly RCW 87.01.110.]

In case of seven directors, the three candidates receiving the highest number of votes shall each serve a term of three years, the next two highest, two years, and the next two highest, one year, or until their successors are elected and qualified. Whenever a district with three directors desires to increase the number of its directors to five directors or whenever a district with five directors desires to

increase the number of its directors to seven directors, the board of directors, acting on its own initiative or on the written petition of at least twenty electors of the district, shall submit the question to the electors of the district at a regular or special district election. In the event the electors by a majority of the votes cast favor an increase in the number of directors, there shall be elected at the next annual district election two additional directors. The person receiving the highest number of votes shall serve for a three year term and the next highest, a two year term.

The number of directors may be decreased to five or three, as the case may be, substantially in the same manner as that provided for the increase of directors. A director appointed to fill a vacancy occurring after the expiration of the term of a director shall serve until his successor is elected and qualified. At the next election of directors occurring thirty days or more after the appointment, a successor shall be elected who shall take office on the first Tuesday in January next and shall serve for the term for which he was elected.

Failure on the part of any irrigation district to hold one or more annual elections for selection of officers, or otherwise to provide district officers shall not dissolve the district or impair its powers, where later officers for the district are appointed or elected and qualify as such and exercise the powers and duties of their offices in the manner provided by law. The secretary shall take and subscribe a written oath of office and execute a bond in the sum of not less than one thousand dollars to be fixed by the directors, which shall be approved and filed as in the case of the bond of a director. If a district is appointed fiscal agent of the United States to collect money for it, the secretary and

directors and the district treasurer shall each execute such additional bonds as the secretary of the interior may require, conditioned for the faithful discharge of their duties which shall be approved, recorded, and filed as other official bonds. The secretary shall also post a general notice of the same in the office of the board, which shall be established and kept at some fixed place to be determined by the board, specifying the polling places of each precinct. Prior to the time for posting the notices, the board must appoint for each precinct, from the electors thereof, one inspector and two judges, who shall constitute a board of election for the precinct. If the board fails to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of election, the electors of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The board of directors must, in its order appointing the board of election, designate the house or place within the precinct where the election must be held. However, in any irrigation district that is less than two hundred thousand acres in size and is divided into director divisions, the board of directors in its discretion may designate one polling place within the district to serve more than one election precinct. The board of directors of any irrigation district may designate the principal business office of the district as a polling place to serve one or more election precincts and may do so regardless of whether the business office is located within or outside of the boundaries of the district. Any elector of the precinct may administer and certify such oath. The polls must be opened at one o'clock p.m. on the afternoon of the election, and be kept open until eight o'clock p.m., when the same must be closed. The counting of ballots shall in all cases be public. The ballots shall be taken out, one by one, by the inspector or one of the judges, who shall open them and read aloud the names of each person contained therein and the office for which every such person is voted for. Each clerk shall write down each office to be filled, and the name of each person voted for for such office, and shall keep the number of votes by tallies, as they are read aloud by the inspector or judge. 87.03.105 Post-organization district elections—Canvass. No list, tally paper or certificate returned from any election shall be set aside or rejected for want of form, if it can be satisfactorily understood. The board of directors must meet at its usual place of meeting on the first Monday after each election, to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns, but if all the returns have not been received, the canvass must be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public, and by opening the returns and estimating the vote of the district for each person voted for, and declaring the result thereof. [1889-90 p 676 § 9; RRS § 7426. The board may also construct the necessary dams, reservoirs and works for the collection of water for the said district, and may enter into contracts for a water supply to be delivered to the canals and works of the district, and do any and every lawful act necessary to be done in order to carry out the purposes of this act; and in carrying out the aforesaid purposes the bonds of the district may be used by the board, at not less than ninety percent of their par value in payment. The board may enter into any obligation or contract with the United States or with the state of Washington for the supervision of the construction, for the construction, reconstruction, betterment, extension, sale or purchase, or operation and maintenance of the necessary works for the delivery and distribution of water therefrom under the provisions of the state reclamation act, or under the provisions of the federal reclamation act, and all amendments or extensions thereof, and the rules and regulations established thereunder, or it may contract with the United States for a water supply or for reclamation purposes in general under any act of congress which, for the purposes of this act, shall be deemed to include any act of congress for reclamation purposes heretofore or hereafter enacted providing for and permitting such contract, or for the collection of money due or to become due to the United States, or for the assumption of the control and management of the works; and in case contract has been or may hereafter be made with the United States, as herein provided, bonds of the district may be deposited with the United States as payment or as security for future payment at not less than ninety percent of their par value, the interest on said bonds to be provided for by assessment and levy as in the case of other bonds of the district, and regularly paid to the United States to be applied as provided in such contract, and if bonds of the district are not so deposited, it shall be the duty of the board of directors to include as part of any levy or assessment provided in RCW 87.03.260 an amount sufficient to meet each year all payments accruing under the terms of any such contract. The board may accept on behalf of the district appointment of the district as fiscal agent of the United States or the state of Washington or other authorization of the district by the United States or the state of Washington to make collections of money for or on behalf

of the United States or the state of Washington in connection with any federal or other reclamation project, whereupon the district, and the county treasurer for the district, shall be authorized to so act and to assume the duties and liability incident to such action, and the said board shall have full power to do any and all things required by the federal statutes now or hereafter enacted in connection therewith, and all things required by the rules and regulations now or that may hereafter be established by any department of the federal government in regard thereto.

And the court may, on the motion of any party, consolidate into a single action separate suits for the condemnation of rights-of-way for such irrigation works whenever from motives of economy or the expediting of business it appears desirable so to do: PROVIDED FURTHER, That there shall be a separate finding of the court or jury as to each tract held in separate ownership.

law governing the election of the district officers: PROVIDED, That no informality in conducting such election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Bonds Yes" and "Bonds No," or words equivalent thereto. If a majority of the votes cast are cast "Bonds Yes," the board of directors shall thereupon have authority to cause bonds in said amount and maturities to be issued. If the majority of the votes cast at any bond election are "Bonds No," the result of such election shall be so declared and entered of record; but if contract is made or is to be made with the United States as in RCW 87.03.140 provided, and bonds are not to be deposited with the United States in connection with such contract, the question submitted at such special election shall be whether contract shall be entered into with the United States. The notice of election shall state under the terms of what act or acts of congress contract is proposed to be made, and the maximum amount of money payable to the United States for construction purposes exclusive of penalties and interest. The ballots for such election shall contain the words "Contract with the United States Yes" and "Contract with the United States No," or words equivalent thereto. And whenever thereafter said board, in its judgment, deems it for the best interest of the district that the question of issuance of bonds for said amount, or any amount, or the question of entering into a contract with the United States, shall be submitted to said electors, it shall so declare, by resolution recorded in its minutes, and may thereupon submit such question to said electors in the same manner and with like effect as at such previous election.

(2) All bonds issued under this act shall bear interest at such rate or rates as the board of directors may determine, payable semiannually on the first day of January and of July of each year. The principal and interest shall be payable at the office of the county treasurer of the county in which the office of the board of directors is situated, or if the board of directors shall so determine at the fiscal agency of the state of Washington in New York City, said place of payment to be designated in the bond. The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one hundred dollars. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030. Said bonds shall be negotiable in form, signed by the president and secretary, and the seal of the district shall be affixed thereto. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors shall be sufficient signatures on the bonds or any coupons: PROVIDED, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his manual signature certified by him under oath, whereupon that officer's facsimile signature has the same legal effect as his manual signature: PROVIDED, FURTHER, That either the president of the board of directors' or the secretary's signature on the bonds shall be manually subscribed: AND PROVIDED FURTHER, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors

shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or any coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or any coupons upon which such signature shall be placed. Within ninety days after the completion of the printing, engraving, or lithographing of such bonds or any coupons, the plate or plates used for the purpose of affixing the facsimile signature shall be destroyed, and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or any coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engraves, or lithographs a facsimile signature upon any bond or any coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, shall be guilty of felony.

(3) Whenever the electors shall vote to authorize the issuance of bonds of the district such authorization shall nullify and cancel all unsold bonds previously authorized, and if the question is submitted to and carried by the electors at the bond election, any bond issue may be exchanged in whole or in part, at par, for any or all of a valid outstanding bond issue of the district when mutually agreeable to the owner or owners thereof and the district, and the amount of said last bond issue in excess, if any, of that required for exchange purposes, may be sold as in the case of an original issue. The bonds of any issue authorized to be exchanged in whole or in part for outstanding bonds shall state on their face the amount of such issue so exchanged, and shall contain a certificate of the treasurer of the district as to the amount of the bonds exchanged, and that said outstanding bonds have been surrendered and canceled: PROVIDED FURTHER, That where bonds have been authorized and unsold, the board of directors may submit to the qualified voters of the district the question of canceling said previous authorization, which question shall be submitted upon the same notice and under the same regulations as govern the submission of the original question of authorizing a bond issue. At such election the ballots shall contain the words "Cancellation Yes," and "Cancellation No," or words equivalent thereto. If at such election a majority of the votes shall be "Cancellation Yes," the said issue shall be thereby canceled and no bonds may be issued thereunder. If the majority of said ballots shall be "Cancellation No," said original authorization shall continue in force with like effect as though said cancellation election had not been held: PROVIDED, That bonds deposited with the United States in payment or in pledge may call for the payment of such interest at such rate or rates, may be of such denominations, and call for the repayment of the principal at such times as may be agreed upon between the board and the secretary of the interior.

(4) Each issue shall be numbered consecutively as issued, and the bonds of each issue shall be numbered consecutively and bear date at the time of their issue. The bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030. Said bonds shall express upon their face that they were issued by authority of this act, stating its title and date of approval, and

shall also state the number of issue of which such bonds are a part. In case the money received by the sale of all bonds issued be insufficient for the completion of plans of the canals and works adopted, and additional bonds be not voted, or a contract calling for additional payment to the United States be not authorized and made, as the case may be, it shall be the duty of the board of directors to provide for the completion of said plans by levy of assessments therefor. It shall be lawful for any irrigation districts which have heretofore issued and sold bonds under the law then in force, to issue in place thereof an amount of bonds not in excess of such previous issue, and to sell the same, or any part thereof, as hereinafter provided, or exchange the same, or any part thereof, with the owners of such previously issued bonds which may be outstanding, upon such terms as may be agreed upon between the board of directors of the district and the holders of such outstanding bonds: PROVIDED, That the question of such reissue of bonds shall have been previously voted upon favorably by the legally qualified electors of such district, in the same manner as required for the issue of original bonds, and the said board shall not exchange any such bonds for a less amount in par value of the bonds received; all of such old issue in place of which new bonds are issued shall be destroyed whenever lawfully in possession of said board. Bonds issued under the provisions of this section may, when so authorized by the electors, include a sum sufficient to pay the interest thereon for a period not exceeding the first four years. Whenever an issue of bonds shall have been authorized pursuant to law, and any of the earlier series shall have been sold, and the later series, or a portion thereof, remain unsold, the directors may sell such later series pursuant to law, or such portion thereof as shall be necessary to pay the earlier series, or said directors may exchange said later series for the earlier series at not less than the par value thereof, said sale or exchange to be made not more than six months before the maturity of said earlier series and upon said exchange being made the maturing bonds shall be disposed of as hereinbefore provided in the case of bonds authorized to be exchanged in whole or in part for outstanding bonds.

The board of directors shall also have power to sell said bonds, or any portion thereof, at private sale, and accept in payment therefor, property or property rights, labor and material necessary for the construction of its proposed canals or irrigation works, power plants, power sites and lines in connection therewith, whenever the board deems it for the best interests of the district so to do. If the board shall determine to sell the bonds of the district, or any portion thereof, at public sale, the secretary shall publish a notice of such sale for at least three weeks in such newspaper or newspapers as the board may order. The notice shall state that sealed proposals will be received by the board, at its office, for the purchase of the bonds to be sold, until the day and hour named in the notice. And in addition to this provision and the other provisions herein made for the payment of said bonds and interest thereon as the same may become due, said bonds, or the contract with the United States or the state of Washington accompanying which bonds have not been deposited with the United States or the state of Washington, shall become a lien upon all the water rights and other property acquired by any irrigation district formed under the provisions of this chapter, and upon any canal or canals, ditch or ditches, flumes, feeders, storage reservoirs, machinery and other works and improvements acquired, owned or constructed by said irrigation district, and if default shall be made in the payment of the principal of said bonds or interest thereon, or any payment required by the contract with the United States, or the state of Washington, according to the terms thereof, the owner of said bonds, or any part thereof or the United States or the state of Washington as the case may be, shall have the right to enter upon and take possession of all the water rights, canals, ditches, flumes, feeders, storage reservoirs, machinery, property and improvements of said irrigation district, and to hold and control the same, and enjoy the rents, issues and profits thereof, until the lien hereby created can be enforced in a civil action in the same manner and under the same proceedings as given in the foreclosure of a mortgage on real estate. This section shall apply to all bonds heretofore issued or any contract heretofore made with the United States, or which may hereafter be issued or made by any district: PROVIDED, That when any such contract made after December 1, 1981, between any district and the United States or the state of Washington covers only the real property in a portion or portions of the district, all payments due or to become due to the United States or the state of Washington shall be paid by revenue derived from an annual assessment upon the real property only in that portion or portions of the district covered by the contract and the real property shall be and remain liable to be assessed for such payments until fully paid and any assessment lien which attaches thereto shall be the exclusive lien notwithstanding other liens provided for in this section. Assessments made in order to carry out the purpose of this act shall be made in proportion to the benefits accruing to the lands assessed and equitable credit shall be given to the lands having a partial or full water right: PROVIDED, That nothing herein shall be construed to affect or impair the obligation of any existing contract providing for a water supply to lands so assessed, unless the right under such contract shall first have been acquired by said district, and in acquiring such rights, the district may exercise the right of eminent domain.

The secretary must between the first Monday in March and the first Tuesday in November each year prepare an assessment roll with appropriate headings in which must be listed all the lands within the district. In such book must be specified, in separate columns, under the appropriate headings:

First, the name of the person to whom the property is assessed. If the name is not known to the secretary, the property shall be assessed to "unknown owners".

Second, land by township, range and section or fractional section, and when such land is not a legal subdivision, by metes and bounds, or other description sufficient to identify it, giving an estimate of the number of acres, city and town lots, naming the city or town, and the number and block according to the system of numbering in such city or town.

Assessors' plat tax numbers used by county assessors for general state and county taxes in the county where such land is situate may be used for such identification in such assessment roll.

Third, in further columns with appropriate headings shall be specified the ratio of benefits, or, when deemed by the secretary more practicable, the per acre value, or the amount of benefits, for general and special district and local improvement district purposes, and the total amount assessed against each tract of land.

Any property which may have escaped assessment for any year or years, shall in addition to the assessment for the then current year, be assessed for such year or years with the same effect and with the same penalties as are provided for such current year and any property delinquent in any year may be directly assessed during the current year for any expenses caused the district on account of such delinquency.

Where the district embraces lands lying in more than one county the assessment roll shall be so arranged that the lands lying in each county shall be segregated and grouped according to the county in which the same are situated. The board of directors shall in each year before said roll is delivered by the secretary to the respective county treasurers, levy an assessment sufficient to raise the ensuing annual interest on the outstanding bonds, and all payments due or to become due in the ensuing year to the United States or the state of Washington under any contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington as in this act provided. Beginning in the year preceding the maturity of the first series of the bonds of any issue, the board must from year to year increase said assessment for the ensuing years in an amount sufficient to pay and discharge the outstanding bonds as they mature. Similar levy and assessment shall be made for the expense fund which shall include operation and maintenance costs for the ensuing year. The board shall also at the time of making the annual levy, estimate the amount of all probable delinquencies on said levy and shall thereupon levy a sufficient amount to cover the same and a further amount sufficient to cover any deficit that may have resulted from delinquent assessments for any preceding year. The board shall also, at the time of making the annual levy, estimate the amount of the assessments to be made against lands owned by the district, including local improvement assessments, and shall levy a sufficient amount to pay said assessments. All lands owned by the district shall be exempt from general state and county taxes: PROVIDED, HOWEVER, That in the event any lands, and any improvements located thereon, acquired by the district by reason of the foreclosure of irrigation district assessments, shall be by said district resold on contract, then and in that event, said land, and any such improvements, shall be by the county assessor immediately placed upon the tax rolls for taxation as real property and shall become subject to general property taxes from and after the date of said contract, and the secretary of the said irrigation district shall be required to immediately report such sale within ten days from the date of said contract to the county assessor who shall cause the property

to be entered on the tax rolls as of the first day of January following.

The board may also at the time of making the said annual levy, levy an amount not to exceed twenty-five percent of the whole levy for the said year for the purpose of creating a surplus fund. This fund may be used for any of the district purposes authorized by law. The assessments, when collected by the county treasurer, shall constitute a special fund, or funds, as the case may be, to be called respectively, the "Bond Fund of Irrigation District," the "Contract Fund of Irrigation District," the "Expense Fund of Irrigation District," the "Warrant Fund of Irrigation District," the "Surplus Fund of Irrigation District".

If the annual assessment roll of any district has not been delivered to the county treasurer on or before the 15th day of January in the year 1927, and in each year thereafter, he shall notify the secretary of the district by registered mail that said assessment roll must be delivered to the office of the county treasurer forthwith. In case of neglect or refusal of the secretary of the district to perform the duties imposed by law, then the treasurer of the county in which the office of the board of directors is situated must perform such duties, and shall be accountable therefor, on his official bond, as in other cases.

At the time of making the annual levy in the year preceding the final maturity of any issue of district bonds, the board of directors shall levy a sufficient amount to pay and redeem all bonds of said issue then remaining unpaid. Any surplus moneys in the surplus fund or any surplus moneys in the bond fund when so requested by the board of directors shall be invested by the treasurer of said county under the direction of said board of directors in United States bonds or bonds of the state of Washington, or any bonds pronounced by the treasurer of the state of Washington as valid security for the deposit of public funds, and in addition thereto any bonds or warrants of said district, all of which shall be kept in the surplus fund until needed by the district for the purposes authorized by law. The assessment roll, before its equalization and adoption, shall be checked and compared as to descriptions and ownerships, with the county treasurer's land rolls. On or before the fifteenth day of January in each year the secretary must deliver the assessment roll or the respective segregation thereof to the county treasurer of each respective county in which the lands therein described are located, and said assessments shall become due and payable on the fifteenth day of February following.

All assessments on said roll shall become delinquent on the first day of May following the filing of the roll unless the assessments are paid on or before the thirtieth day of April of said year: PROVIDED, That if an assessment is ten dollars or more for said year and if one-half of the assessment is paid on or before the thirtieth day of April, the remainder shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date. All delinquent assessments shall bear interest at the rate of twelve percent per annum, computed on a

monthly basis and without compounding, from the date of delinquency until paid.

Upon receiving the assessment roll the county treasurer shall prepare therefrom an assessment book in which shall be written the description of the land as it appears in the assessment roll, the name of the owner or owners where known, and if assessed to the unknown owners, then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

On or before April 1st of each year, the treasurer of the district shall send a statement of assessments due. County treasurers who collect irrigation district assessments may send the statement of irrigation district assessments together with the statement of general taxes.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed.

It shall be the duty of the treasurer of the district to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his office upon land described in such request. All statements of irrigation district assessments covering any land in the district shall show the amount of the irrigation district assessment, the dates on which the assessment is due, the place of payment, and, if the property was sold for delinquent assessments in a prior year, the amount of the delinquent assessment and the notation "certificate issued": PROVIDED, That the failure of the treasurer to render any statement herein required of him shall not render invalid any assessments made by any irrigation district.

It shall be the duty of the county treasurer of any county, other than the county in which the office of the board of directors is located, to make monthly remittances to the county treasurer of the county in which the office of the board of directors is located covering all amounts collected by him for the irrigation district during the preceding month.

When the treasurer collects a delinquent assessment, the treasurer shall collect any other amounts due by reason of the delinquency, including accrued costs, which shall be deposited to the treasurer's operation and maintenance fund. 87.03.280 Cancellation of assessments due United States—Procedure. Where any district under contract with the United States has levied any assessment for the collection of money payable to the United States under such contract, and the secretary of the interior has by agreement with the board of directors of said district, authorized the extension or cancellation of any payments due to the United States by the cancellation of assessments already levied therefor but remaining unpaid, the board of directors of such district shall certify to the county treasurer of the county in which the land is located, a statement of the year and amounts assessed against each tract for which such cancellation has been authorized, and the county treasurer, upon receipt of such certificate, shall, in all cases where the assessment remains unpaid and the lands have not been sold, endorse upon the district's assessment roll, "Corrected under Certificate of Board of Directors" and shall deduct and cancel from the assessment against each such tract the amount of such assessment so authorized to be canceled; and in all cases where such cancellations have been certified to the county treasurer after such lands assessed have been sold and before the period of redemption shall have expired, the county treasurer shall, in those cases where the tract assessed has been sold to the district, and the district is the owner of the certificate of sale, require the district to surrender its certificate of sale and shall thereupon deduct the amount of such cancellation plus the penalties thereon upon the original assessment roll with an endorsement, "Corrected under Certificate of Board of Directors" and he shall thereupon issue to the district in lieu of the certificate surrendered, a substitute certificate of sale for the corrected amount of such assessment, if any, remaining uncanceled, and shall file a copy thereof in the office of the county auditor as in the case of the original certificate surrendered, and such substitute certificate shall entitle the holder thereof to all rights possessed under the original certificate so corrected as to

[1951 c 205 § 1. Formerly RCW 87.32.102.]

Whenever, after ten years from the issuance of the bonds, the fund shall amount to the sum of ten thousand dollars, the board of directors may direct the treasurer to pay such an amount of the bonds not due as the money in the fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising in a newspaper of general circulation in the county for such period of time not less than four weeks as the board shall order for sealed proposals for the redemption of the bonds. The proposals shall be opened by the board in open meeting, at a time to be named in the notice, and the lowest bid for the bonds must be accepted: PROVIDED, That no bond shall be redeemed under the foregoing provision at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the owners of the bonds shall desire to have the same redeemed, as herein provided for, the money shall be invested by the treasurer of the county, under the direction of the board, in United States bonds, or the bonds of the state, which shall be kept in the bond fund, and may be used to redeem the district bonds whenever the owners thereof may desire. The cost and expense of purchasing and acquiring property, and construction, reconstruction, extension and betterment of the works and improvements herein provided for, and the expenses incidental thereto, and indebtedness to the United States for district lands assumed by the district, and for the carrying out of the purposes of this chapter, may be paid for by the board of directors out of the funds received from bond sales as well as other district funds.

For the purpose of defraying the costs and expenses of the organization of the district, and of the care, operation, management, maintenance, repair and improvement of the district and its irrigation water, domestic water, electric power, drainage, or sewer facilities or of any portion thereof, or for the payment of any indebtedness due the United States or the state of Washington, or for the payment of district bonds, the board may either fix rates or tolls and charges, and collect the same from all persons for whom district service is made available for irrigation water, domestic water, electric power, drainage or sewerage, and other purposes, or it may provide for the payment of said costs and expenses by a levy of assessment therefor, or by both said rates or tolls and charges and assessment.

If the assessment method is utilized, the levy of assessments shall be made on the completion and equalization of the assessment roll each year, and the board shall have the same powers and functions for the purpose of said levy as possessed by it in case of levy to pay bonds of the district. The procedure for the collection of assessments by such levy shall in all respects conform with the provisions of this chapter, relating to the collection of assessments for the payment of principal and interest of bonds herein provided for, and shall be made at the same time.

If the rates or tolls and charges method is adopted in whole or in part, the secretary shall deliver to the board of directors, within the time for filing the assessment roll, a schedule containing the names of the owners or reputed owners, as shown on the rolls of the county treasurer as of the first Tuesday in November of each year such a schedule is filed of the various parcels of land against which rates or tolls and charges are to be levied, the description of each such parcel of land and the amount to be charged against each parcel for irrigation water, domestic water, electric power, drainage, sewerage and other district costs and expenses. Said schedule of rates or tolls and charges shall

be equalized pursuant to the same notice, in the same manner, at the same time and with the same legal effect as in the case of assessments. Such schedule of rates or tolls and charges for a given year shall be filed with the proper county treasurer within the same time as that provided by law for the filing of the annual assessment roll, and the county treasurer shall collect and receipt for the payment of said rates or tolls and charges and credit them to the proper funds of the district. The board may designate the time and manner of making such collections and shall require the same to be paid in advance of delivery of water and other service. All tolls and charges levied shall also at once become and constitute an assessment upon and against the lands for which they are levied, with the same force and effect, and the same manner of enforcement, and with the same rate of interest from date of delinquency, in case of nonpayment, as other district assessments.

As an alternative method of imposing, collecting, and enforcing such rates or tolls and charges, the board may also base such rates or tolls and charges upon the quantity of irrigation water, domestic water, or electric power delivered, or drainage or sewage disposed of, and may fix a minimum rate or toll and charge to be paid by each parcel of land or use within the district for the delivery or disposal of a stated quantity of each such service with a graduated charge for additional quantities of such services delivered or disposed of. If the board elects to utilize this alternative method of imposing, collecting, and enforcing such rates or tolls and charges, there shall be no requirement that the schedule referred to in the preceding paragraph be prepared, be filed with the board of directors by the secretary, be equalized, or be filed with a county treasurer. The board shall enforce collection of such rates or tolls and charges against property to which and its owners to whom the service is available, such rates or tolls and charges being deemed charges against the property to which the service is available. The board may provide by resolution that where such rates or tolls and charges are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate not to exceed twelve percent per annum fixed by resolution shall be a lien against the property to which the service was available, subject only to the lien for general taxes. The district may, at any time after such rates or tolls and charges and penalties provided for herein are delinquent for a period of one year, bring suit in foreclosure by civil action in the superior court of the county in which the real property is situated. The court may allow, in addition to the costs and disbursements provided by statute, such attorney's fees as it may adjudge reasonable. The action shall be in rem against the property, and in addition may be brought in the name of the district against an individual, or against all of those who are delinquent, in one action, and the rules of the court shall control as in other civil actions. The board may in the same year use the assessment method for part of the lands in the district and the rates or tolls and charges method for the remaining lands in the district in such proportion as it may deem advisable for the best interest of the district.

The procedures herein provided for the collection and enforcement of rates, tolls and charges also shall be applica-

ble and available to the districts board of directors for the collection and enforcement of charges for water imposed by contract entered into or administered by the district's board of directors. 87.03.470 Special assessments—Election—Notes. (1) The board of directors may, at any time when in their judgment it may be advisable, call a special election and submit to the qualified electors of the district the question whether or not a special assessment shall be levied for the purpose of raising money to be applied to any of the purposes provided in this chapter including any purpose for which the bonds of the district or the proceeds thereof might be lawfully used. Such election must be called upon the notice prescribed, and the same shall be held and the result thereof determined and declared in all respects in conformity with the provisions of RCW 87.03.200. The notice must specify the amount of money proposed to be raised and the purpose for which it is intended to be used and the number of installments in which it is to be paid. At such election the ballot shall contain the words "Assessment Yes" and "Assessment No." If the majority of the votes cast are "Assessment Yes" the board may immediately or at intervals thereafter incur indebtedness to the amount of said special assessment for any of the purposes for which the proceeds of said assessment may be used, and may provide for the payment of said indebtedness by the issue and sale of notes of the district to an amount equal to said authorized indebtedness, which notes shall be payable in such equal installments not exceeding three in number as the board shall direct. Said notes shall be payable by assessments levied at the time of the regular annual levy each year thereafter until fully paid. The amount of the assessments to be levied shall be ascertained by adding fifteen percent for anticipated delinquencies to the whole amount of the indebtedness

incurred and interest. Each assessment so levied shall be computed and entered on the assessment roll by the secretary of the board, and collected at the same time and in the same manner as other assessments provided for herein, and when collected shall be paid to the county treasurer of the county to the credit of said district, for the purposes specified in the notice of such special election: PROVIDED, HOWEVER, That the board of directors may at their discretion issue said notes in payment for labor or material, or both, used in connection with the purposes for which such indebtedness was authorized. Notes issued under this section shall bear interest at a rate determined by the board, payable semiannually. 87.03.475 Power as to incurring indebtedness. (1) The board shall incur no debt or liability in excess of the express provisions of this title. It may without an election and levy therefor pay the necessary costs and expenses of organizing and may make surveys, do engineering work, and conduct a general investigation to determine the feasibility of the proposed irrigation project, and may incur an indebtedness therefor prior to levy, which indebtedness on account of surveys, engineering and investigations shall not exceed fifty cents an acre, and shall be assessable against the lands within the district. In cases of emergency, making it necessary to incur indebtedness in order to continue the operation of the irrigation system or any part thereof, the board by resolution may incur such indebtedness not exceeding the amount actually necessary to meet the requirements of the emergency. It may incur indebtedness necessary to carry on the ordinary administrative affairs of the district and if the district acquires an irrigation system before making its first regular annual levy, the board may incur such indebtedness necessary to pay the ordinary expenses of operation and maintenance until the regular annual levy is made.

The board may issue as a general obligation of the district coupon or registered warrants in denominations not in excess of five hundred dollars, bearing interest as determined by the board. Such warrants may be registered as provided in RCW 39.46.030. Such warrants shall mature in not more than five years and may be used, or the proceeds thereof, in the purchase of grounds and buildings, machinery, vehicles, tools or other equipment for use in operation,

maintenance, betterment, reconstruction or local improvement work, and for creating a revolving fund for carrying on such work as in this title provided. The proceeds of the warrants shall be paid to the district treasurer who shall place them in an appropriate fund and pay them out upon warrants of the district. The maximum indebtedness hereby authorized shall not exceed one dollar per acre of the total irrigable area within the district. No warrant shall be sold for less than par. They shall state on their face that they are a general obligation of the district, the purposes for which they are used, and that they are payable on or before maturity. They shall be retired by assessments levied in accordance with the provisions of this title at the time other assessments are levied.

The board may accumulate by assessment a fund to be designated as the "capital fund" to be used for the purposes for which the above warrants may be used. The total of such fund shall not exceed one dollar per acre of the total irrigable area in the district and shall be accumulated in not less than five annual installments. The fund shall not be permanently depleted or reduced but shall be replaced from year to year by assessments on any lands of the district benefited by the use thereof. The reasonable value of all grounds, buildings, machinery, vehicles, tools or other equipment on hand, purchased with such fund, and the revolving fund, if any, derived from such fund, shall be a part of the capital fund.

The petition shall be accompanied by a bond in the sum of one hundred dollars with surety to be approved by the board, conditioned that the petitioners will pay the cost of an investigation of the project and of the hearing thereon if it is not established. The board may at any time require a bond in an additional sum. Upon the filing of the petition the board with the assistance of a competent engineer, shall make an investigation of the feasibility, cost, and need of the proposed local improvement together with the ability of the lands to pay the cost, and if it appears feasible, they shall have plans and estimate of the cost prepared. If a protest against the establishment of the

proposed improvement signed by a majority of the holders of title in the proposed local district is presented at or before the hearing, or if the proposed improvement should be found not feasible, too expensive, or the lands to be benefited insufficient security for the costs, they shall dismiss the petition at the expense of the petitioners. 87.03.485 Local improvement districts—Notice—Hearing—Initiation by board, procedure. In the event that the said board shall approve said petition, the board shall fix a time and place for the hearing thereof and shall publish a notice once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date and shall mail such a notice on or before the second publication date by first class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed. Such notice must be published in a newspaper of general circulation in each county in which any portion of the land proposed to be included in such local improvement district lies. Such notice shall state that the lands within said described boundaries are proposed to be organized as a local improvement district, stating generally the nature of the proposed improvement; that bonds for such local improvement district are proposed to be issued as the bonds of the irrigation district, or that a contract is proposed to be entered into between the district and the United States or the state of Washington, or both, that the lands within said local improvement district are to be assessed for such improvement, that such bonds or contract will be a primary obligation of such local improvement district and a general obligation of the irrigation district and stating a time and place of hearing thereon. Upon the hearing the board shall determine as to the establishment of the proposed local improvement district. Any landowner whose lands can be served or will be benefited by the proposed improvement, may make application to the board at the time of hearing to include such land and the board of directors in such cases shall, at its discretion, include such lands within such district. The board of directors may exclude any land specified in said notice from said district provided, that in the judgment of the board, the inclusion thereof will not be practicable.

As an alternative plan and subject to all of the provisions of this chapter, the board of directors may initiate the organization of a local improvement district as herein provided. To so organize a local improvement district the board shall adopt and record in its minutes a resolution specifying the lands proposed to be included in such local improvement district or by describing the exterior boundaries of such proposed district or by both. Said resolution shall

state generally the plan, character and extent of the proposed improvements, that the land proposed to be included in such improvement district will be assessed for such improvements; and that local improvement district bonds of the irrigation district will be issued or a contract entered into as hereinabove in this section provided to meet the cost thereof and that such bonds or contract will be a primary obligation of such local improvement district and a general obligation of the irrigation district. Said resolution shall fix a time and place of hearing thereon and shall state that unless a majority of the holders of title or of evidence of title to lands within the proposed local improvement district file their written protest at or before said hearing, consent to the improvement will be implied.

A notice containing a copy of said resolution must be published once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date, and shall be mailed on or before the second publication date by first class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed, and the hearing thereon shall not be held in less than twenty days from the adoption of such resolution. Such notice must be published in one newspaper, of general circulation, in each county in which any portion of the land proposed to be included in such local improvement district lies. Said hearing shall be held and all subsequent proceedings conducted in accordance with the provisions of this act relating to the organization of local improvement districts initiated upon petition. 87.03.486 Local improvement districts—Notice to contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 12.]

87.03.487 Local improvement districts—Sanitary sewer or potable water facilities—Notice to certain property owners. Whenever it is proposed that a local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed local improvement district shall be mailed to the owners of any property located outside of the proposed local improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. 87.03.490 Local improvement districts—Adoption of plan—Bonds—Form and contents—Facsimile signatures, when, procedure—New lands may be included—Penalty. (1) If decision shall be rendered in favor of the improvement, the board shall enter an order establishing the boundaries of the said improvement district and shall adopt plans for the proposed improvement and determine the number of annual installments not exceeding fifty in which the cost of said improvement shall be paid. The cost of said improvement shall be provided for by the issuance of local improvement district bonds of the district from time to time, therefor, either directly for the payment of the labor and material or for the securing of funds for such purpose, or by the irrigation district entering into a contract with the United States or the state of Washington, or both, to repay the cost of said improvement. Said bonds shall bear interest at a rate or rates determined by the board, payable semiannually, and shall state upon their face that they are issued as bonds of the irrigation district; that all lands within said local improvement district shall be primarily liable to assessment for the principal and interest of said bonds and that said bonds are also a general obligation of the said district. The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one hundred dollars, and no bond shall be sold for less than par. Any contract entered into for said local improvement by the district with the United States or the state of Washington, or both although all the lands within said local improvement district shall be primarily liable to assessment for the principal and interest thereon, shall be a general obligation of the irrigation district. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

No election shall be necessary to authorize the issuance of such local improvement bonds or the entering into of such a contract. Such bonds, when issued, shall be signed by the president and secretary of the irrigation district with the seal of said district affixed. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors shall be sufficient signatures on the bonds or any coupons: PROVIDED, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his manual signature certified by him under oath, whereupon that officer's facsimile signature has the same legal effect as his manual signature: PROVIDED, FURTHER, That either the president of the board of directors' or the secretary's signature on the bonds shall be manually subscribed: AND PROVIDED FURTHER, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or any coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or any coupons upon which such

signature shall be placed. Within ninety days after the completion of the printing, engraving, or lithographing of such bonds or any coupons, the plate or plates used for the purpose of affixing the facsimile signature shall be destroyed, and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or any coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engraves, or lithographs a facsimile signature upon any bond or coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, shall be guilty of felony.

The proceeds from the sale of such bonds shall be deposited with the treasurer of the district, who shall place them in a special fund designated "Construction fund of local improvement district number"

Whenever such improvement district has been organized, the boundaries thereof may be enlarged to include other lands which can be served or will be benefited by the proposed improvement upon petition of the owners thereof and the consent of the United States or the state of Washington, or both, in the event the irrigation district has contracted with the United States or the state of Washington, or both, to repay the cost of the improvement: PROVIDED, That at such time the lands so included shall pay their equitable proportion upon the basis of benefits of the improvement theretofore made by the said local improvement district and shall be liable for the indebtedness of the said local improvement district in the same proportion and same manner and subject to assessment as if said lands had been incorporated in said improvement district at the beginning of its organization.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 223; 1981 c 156 § 30; 1977 ex.s. c 119 § 2; 1970 ex.s. c 70 § 2; 1921 c 129 § 27; 1919 c 180 § 16; 1917 c 162 § 12; RRS § 7462. Formerly RCW 87.36.040.]

All provisions for the assessment, equalization, levy and collection of assessments for irrigation district purposes shall be applicable to assessments for local improvements except that no election shall be required to authorize said improvement or the expenditures therefor or the bonds issued to meet the cost thereof or the contract authorized in RCW 87.03.485 to repay the cost thereof. Assessments when collected by the county treasurer for the payment for the improvement of any local improvement district shall consti-

tute a special fund to be called "bond redemption or contract repayment fund of local improvement district No."

Bonds issued under this chapter shall be eligible for disposal to and purchase by the director of ecology under the provisions of the state reclamation act.

The cost or any unpaid portion thereof, of any such improvement, charged or to be charged or assessed against any tract of land may be paid in one payment under and pursuant to such rules as the board of directors may adopt, and all such amounts shall be paid over to the county treasurer who shall place the same in the appropriate fund. No such payment shall thereby release such tract from liability to assessment for deficiencies or delinquencies of the levies in such improvement district until all of the bonds or the contract, both principal and interest, issued or entered into for such local improvement district have been paid in full. The receipt given for any such payment shall have the foregoing provision printed thereon. The amount so paid shall be included on the annual assessment roll for the current year, provided, such roll has not then been delivered to the treasurer, with an appropriate notation by the secretary that the amount has been paid. If the roll for that year has been delivered to the treasurer then the payment so made shall be added to the next annual assessment roll with appropriate notation that the amount has been paid. The resolution shall describe such lands so that the boundaries can readily be traced, or shall give the corporate name and number of the former district. The holders of such outstanding bonds may give their assent, in writing, to the effect that they severally consent that the board may make an order by which the lands, or the former district, mentioned in the resolution may be excluded from the district, and in case contract has been made with the United States, or the state of Washington, the secretary of the interior or the director of ecology may assent to such change. The notice of such election shall describe the boundary of all lands, or shall give the corporate name and number of the former district, which it is proposed to exclude, and such notice shall be published for at least two weeks prior to such election, in a newspaper published within the county where the office of the board of directors is situated; and if any portion of such territory to be excluded lie within another county or counties, then said notice shall be so published in a newspaper published within each of such counties. 87.03.750 Exclusion of nonirrigable land when state holds all outstanding bonds—Resolution. Whenever any irrigation district organized and existing under the laws of this state, shall have entered into a contract, or contracts, with the department of ecology, for the sale to and purchase by the department of an entire authorized issue of the bonds of the district, for the purpose of procuring funds for district purposes, including the construction of an irrigation system for the district, and the department of ecology has advanced, under such contract, or contracts, funds for such purposes, and such funds have been expended for the purposes advanced, and there are no outstanding bonds of the district other than those which the district has contracted to sell the department of ecology, and it shall appear to the satisfaction of the board of directors of the district that the irrigation system, for the construction of which such funds were advanced and expended, will not furnish sufficient water for

the successful irrigation of all of the lands within the district and that the district as constituted will be unable by assessments upon the lands of the district, as provided by law, to collect sufficient funds to meet the interest payments upon and pay the bonds at maturity, the board of directors of the district shall have the power by unanimous resolution to adopt a comprehensive proposed plan for reducing the boundaries of the district, excluding therefrom such portions of the lands of the district as in the judgment of the board cannot be furnished with sufficient water for successful irrigation, and refunding to the owners of such excluded lands, respectively, any moneys paid for assessments levied by the district upon the lands excluded, and to release any such excluded lands from all unpaid assessments levied by the district, which resolution shall give the boundaries to which it is proposed to reduce the district and the description of the lands it is proposed to exclude from the district by government subdivisions, or metes and bounds. 87.03.755 Exclusion of nonirrigable land when state holds all outstanding bonds—Notice of hearing—Contents. Upon the adoption of the resolution as provided in RCW 87.03.750, the board of directors of the district shall cause to be served upon the director of the department of ecology, and to be published once a week for four successive weeks in a newspaper of general circulation in the county in which the district is situated a notice that at the time and place fixed in the notice, the board will hold a public hearing for the further consideration of the plan proposed, which notice shall set forth a copy of the resolution adopted by the board, and state that at the hearing the board will receive and consider any objections to the proposed plan and/or suggestions for modification thereof, of any person interested, and at the conclusion of the hearing, or the final adjournment thereof, the board will proceed by resolution to adopt the plan proposed, or the modification of the plan as may be determined by the board, and reduce the boundaries of the district and exclude therefrom such lands as cannot be furnished with sufficient water for successful irrigation, and provide for the repayment to the owners of the excluded lands of any assessments paid thereon, and the cancellation of all unpaid assessments against excluded lands. [1985 c 469 § 90; 1925 ex.s. c 138 § 2; RRS § 7505-2. Formerly RCW 87.44.260.]

87.03.760 Exclusion of nonirrigable land when state holds all outstanding bonds—Adoption of resolution—Appellate review. At the conclusion, or final adjournment, of the hearing provided for in RCW 87.03.755, the board of directors of the district shall have the power, by unanimous resolution to adopt the proposed plan, or such modification thereof as may be determined by the board, and reduce the boundaries of the district to such area as, in the judgment of the board, can be furnished with sufficient water for successful irrigation by the irrigation system of the district, and to exclude from the district all lands lying outside of such reduced boundaries, and provide for the repayment to the owners of any such excluded lands, respectively, of any sums paid for assessments levied by the district, and to

cancel all unpaid assessments levied by the district against the lands excluded and release such lands from further liability therefor. Any person interested and feeling himself aggrieved by the adoption of such final resolution reducing the boundaries of the district and excluding lands therefrom, shall have a right of appeal from the action of the board to the superior court of the county in which the district is situated, which appeal may be taken in the manner provided by law for appeals from justices' courts, and if upon the hearing of such appeal it shall be determined by the court that the irrigation system of the district will not furnish sufficient water for the successful irrigation of the lands included within the reduced boundaries of the district, or that any lands have been excluded from the district unnecessarily, arbitrarily, capriciously or fraudulently or without substantial reason for such exclusion, the court shall enter a decree canceling and setting aside the proceedings of the board of directors, otherwise the court shall enter a decree confirming the action of the board. Any party to the proceedings on appeal in the superior court, feeling himself aggrieved by the decree of the superior court confirming the action of the board of directors of the district reducing the boundaries of the district and excluding lands therefrom, may seek appellate review within thirty days after the entry of the decree of the superior court in the manner provided by law. If, at the expiration of thirty days from the entry of the final resolution of the board of directors of the district reducing the boundaries of the district and excluding lands therefrom, no appeal has been taken to the superior court of the county in which the district is situated, or if, after hearing upon appeal the superior court shall confirm the action of the district, and at the expiration of thirty days from the entry of such decree, no appellate review is sought, the boundaries of the district shall thereafter be in accordance with the resolution of the board reducing the boundaries, and all lands excluded from the district by such resolution shall be relieved from all further liability for any indebtedness of the district or any unpaid assessments theretofore levied against such lands, and the owners of excluded lands, upon which assessments have been paid, shall be entitled to warrants of the district for all sums paid by reason of such assessments, payable from a special fund created for that purpose, for which levies shall be made upon the lands remaining in the district, as the board of directors may provide. provided in RCW 87.03.750 through 87.03.760, sufficient lands to render such irrigation system adequate for the successful irrigation of the lands of the district, and that more than thirty days have elapsed since the adoption of the resolution by the board of directors reducing the boundaries of the district and excluding lands therefrom, and no appeal has been taken from the action of the board, or that the action of the board has been confirmed by the superior court of the county in which the district is situated and no appeal has been taken to the supreme court or the court of appeals, or that upon review by the supreme court or the court of appeals the action of the board of directors of the district has been confirmed, the director of ecology shall be and he is hereby authorized to cancel and reduce the obligation of the district to the department of ecology, for the repayment of moneys advanced for the construction of an irrigation system for the district, to such amount as, in his judgment, the district will be able to pay from revenues derived from assessments upon the remaining lands of the district, and to accept, in payment of the balance of the obligation of the district, the authorized bonds of the district, in numerical order beginning with the lowest number, on the basis of the percentage of the face value thereof fixed in contracts between the district and the department of ecology, in an amount equal to said balance of the obligation of the district, in full and complete satisfaction of all claims of the department of ecology against the district. 87.03.810 Lump sum payment to district for irrigable lands acquired for highway purposes. Whenever lands situated in an irrigation district are acquired by the department of transportation, and the lands, at the time of their acquisition by the department of transportation, were irrigable and were being served or were capable of being served by facilities of the district to the same extent and in the same manner as lands of like character held under private ownership were served, the department of transportation, as part of the cost and expense of the acquisition of rights of way and with funds available for the acquisition and at the time of the acquisition, shall make a lump sum payment to the irrigation district in an amount that is:

(1) Sufficient to pay the pro rata share of the district's bonded indebtedness, if any, and the pro rata share of the district's contract indebtedness to the United States or to the state of Washington, if any, allocable to the lands, plus interest on the pro rata share if the indebtedness is not callable in advance of maturity; and

(2) Further, sufficient to pay any deferred installments of local improvement district assessments against the lands, if any; and

(3) Further, sufficient to produce, if invested at an annual rate of interest equivalent to that set forth in current tables issued by the state insurance commissioner, a sum of money equal to the annual increase in operation and maintenance costs against remaining lands in the district resulting from the severance from the district of the lands thus acquired by the department of transportation. For the purposes of determining the amount of the lump sum payment, the annual maintenance and operation assessment of the district shall be considered to be the average for the ten years, or so many years as the district has assessment experience if less than ten years, preceding the date of acquisition. Severability—1984 c 7: See note following RCW 47.01.141.

87.03.820 Disposal of real property—Right of adjacent owners. Whenever as the result of abandonment

of an irrigation district right of way real property held by an irrigation district is to be sold or otherwise disposed of, notice shall be given to the owners of lands adjoining that real property and such owners shall have a right of first refusal to purchase at the appraised price all or any part of the real property to be sold or otherwise disposed of which adjoins or is adjacent to their land.

Real property to be sold or otherwise disposed of under this section shall have been first appraised by the county assessor or by a person designated by him.

Notice under this section shall be sufficient if sent by registered mail to the owner, and at the address, as shown in the tax records of the county in which the land is situated. Notice under this section shall be in addition to any other notice required by law.

After sixty days from the date of sending of notice, if no applications for purchase have been received by the irrigation district or other person or entity sending notice, the rights of first refusal of owners of adjoining lands shall be deemed to have been waived, and the real property may be sold or otherwise disposed of.

If two or more owners of adjoining lands apply to purchase the same real property, or apply to purchase overlapping parts of the real property, the respective rights of the applicants may be determined in the superior court of the county in which the real property is situated; and the court may divide the real property in question between some or all of the applicants or award the whole to one applicant, as justice may require.

Any sale or other disposal of real property pursuant to chapters 87.52, 87.53, and 87.56 RCW shall be made in accordance with the requirements of this section. [1973 c 150 § 1; 1971 ex.s. c 125 § 2.]

87.03.825 Hydroelectric resources—Development—Legislative findings. The legislature finds that a significant potential exists for the development of cost-effective renewable hydroelectric resources by irrigation districts, cities, towns, and public utility districts and further finds that it is in the best interests of the state and its citizens for such entities to develop that hydroelectric generating resource cooperatively whenever possible through the use of separate legal authorities. The legislature also finds that the development of such hydroelectric resources will be beneficial in meeting the present and future energy needs of the citizens of the state, will further a state purpose and policy, and will be in the public interest. [1983 c 47 § 1.]

Severability—1983 c 47: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 47 § 7.]

87.03.828 Hydroelectric resources—Separate legal authority—Creation by irrigation districts and cities, towns, or public utility districts—Powers. One or more irrigation districts and any combination of cities, towns, or public utility districts may create a separate legal authority to construct, finance, acquire, own, operate, and maintain hydroelectric facilities including, but not limited to, dams, canals, plants, transmission lines, other power equipment and the necessary property and property rights therefor, located within or outside the boundaries of the entities creating the

authority, for the purpose of utilizing for the generation of electricity water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, wasteways, and drainage water facilities which serve or may in the future serve irrigation districts, and to sell by contract on such terms and conditions as deemed appropriate by the legislative body of the authority the electric power and energy created by or generated at such hydroelectric facilities to municipal or quasi municipal corporations or cooperatives authorized to engage in the business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, or irrigation districts. Any authority so created shall have the same powers and only those powers granted to irrigation districts by chapter 185, Laws of 1979 ex. sess. and has such additional powers relating to its organization, right to contract in its own name, and general ability to exist and function as a separate legal authority as deemed appropriate by the entities creating it. The authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity capable of exercising in its own name the powers granted it. No provision of chapter 39.34 RCW or any other provision of law may be interpreted to require the entities creating the authority to submit the contract creating the authority to any state, county, or municipal officer, entity, agency, or board for approval or disapproval. [1983 c 47 § 2.]

Severability—1983 c 47: See note following RCW 87.03.825.

87.03.831 Hydroelectric resources—Separate legal authority—Procedures for membership and for construction and acquisition of facilities. Cities, towns, and public utility districts not engaged in the generation, transmission, or distribution of electricity on April 19, 1983, may be members of a separate legal authority created under the provisions of RCW 87.03.828 without the necessity of obtaining prior approval of their voters. However, no such city, town, or public utility district member of such a separate legal authority may construct or acquire facilities for the generation, transmission, or distribution of electricity independently of the separate legal authority without complying with the election requirements applicable to each individual entity. [1983 c 47 § 4.]

Severability—1983 c 47: See note following RCW 87.03.825.

87.03.834 Hydroelectric resources—Separate legal authority—Voter ratification of actions. After demand made by a majority of the authority's members, the actions of an authority shall become subject to ratification and approval by the voters of its members in accordance with procedures agreed to by its members. Every contract establishing an authority shall provide appropriate procedures for ratification and approval of actions taken by the authority by the voters of its members. [1983 c 47 § 5.]

Severability—1983 c 47: See note following RCW 87.03.825.

87.03.837 Hydroelectric resources—Separate legal authority—Repayment of indebtedness—Powers. A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the

authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority, and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. This section shall not be construed to prohibit members of an authority from paying the necessary expenses of organizing and administering the authority and of studies performed, applications prepared, and consultants retained with regard to projects the authority is studying, developing, constructing, or operating. [1983 c 47 § 6.]

Severability—1983 c 47: See note following RCW 87.03.825.

87.03.840 Chapter supplementary—When. This chapter supplements and neither restricts nor limits any powers which a city, town, public utility district, or irrigation district might otherwise have under any laws of this state, except that no such authority created by RCW 87.03.828 and no city, town, or public utility district member of an authority may condemn for the benefit of the authority any plant, works, dam, facility, right, or property owned by any city, town, irrigation district, public utility district, or electrical company subject to the jurisdiction of the utilities and transportation commission. [1983 c 47 § 3.]

Severability—1983 c 47: See note following RCW 87.03.825.

87.03.845 Merger of minor irrigation district into major irrigation district—Proceedings to initiate—Notice—Hearing. This section and RCW 87.03.847 through 87.03.855 provide the procedures by which a minor irrigation district may be merged into a major irrigation district as authorized by RCW 87.03.530(2).

To institute proceedings for such a merger, the board of directors of the minor district shall adopt a resolution requesting the board of directors of the major district to consider the merger.

The board of directors of the major irrigation district shall consider the request at the next regularly scheduled meeting of the board of directors of the major district following its receipt of the minor district's request or at a special meeting called for the purpose of considering the request. If the board of the major district denies the request of the minor district, no further action on the request shall be taken.

If the board of the major district does not deny the request, it shall conduct a public hearing on the request and shall give notice regarding the hearing. The notice shall describe the proposed merger and shall be published once a week for two consecutive weeks preceding the date of the hearing and the last publication shall be not more than seven days before the date of the hearing. The notice shall contain a statement that unless the holders of title or evidence of title to at least twenty percent of the assessed lands within the

major district file a protest opposing the merger with the board of the major district at or before the hearing, the board is free to approve the request for the merger without an election being conducted in the major district on the request. If the board of the major district is considering requests from more than one minor district, the hearing shall be conducted on all such requests. [1993 c 235 § 2.]

87.03.847 Merger of minor irrigation district into major irrigation district—Denial or adoption of request for merger—Notice—Elections—Notification of merger.

(1) If, following the public hearing conducted under RCW 87.03.845, the board of directors of the major irrigation district denies the request for a merger, no further action shall be taken on the request. If, following the public hearing, the board adopts a resolution approving the merger, the merger is approved by the major irrigation district and no election shall be held in the major district to approve the merger. However, if the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the public hearing, the board shall call a special election and submit to the voters of the major district the question of whether the merger should or should not be approved. Votes shall be cast as "Merger - Yes" or "Merger - No." If such a special election must be conducted and a majority of all votes cast in the district approve the merger, the merger is approved by the major district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(2) The board of directors of the minor irrigation district shall, within thirty days of the date the merger is approved by the major district or of the date the board of the major district issues its call for a special election on the merger, call a special election within the minor district and submit to the voters of the minor district the question of whether the merger should or should not be approved. If special elections must be conducted in both districts, both elections shall be conducted on the date set by the board of the major district. If only the minor district must conduct such a special election, the election shall be held not later than sixty days after the date the merger has been approved by the board of the major district. Votes on the question shall be cast as "Merger - Yes" or "Merger - No." If a majority of all votes cast in the district are cast for "Merger - Yes," the merger is approved by the minor irrigation district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(3) Notice of election in each district on the merger question shall conform to the requirements of notices for elections in the major district. Elections and voting in each district shall be consistent with RCW 87.03.045, 87.03.051, and 87.03.071. If the majority of all votes cast in a special election in either the major or a minor district are cast for "Merger - No," the merger is not approved.

(4) If the merger is approved by the major irrigation district and by the minor irrigation district as provided by this section, the minor irrigation district is merged into the major irrigation district. If two or more minor districts are merging with a major district in one process as authorized by

RCW 87.03.855 and if the merger is approved by the major irrigation district and by at least one of the minor irrigation districts as provided by this section, each minor irrigation district so approving is merged into the major irrigation district. The effective date of the merger is the date by which approval of the merger has been secured in both districts or, under RCW 87.03.855, in the major and minor district or districts. The board or boards of county commissioners of the county or counties containing territory of the merged districts and the director of the department of ecology shall be notified that the districts have merged. [1993 c 235 § 3.]

87.03.849 Merger of minor irrigation district into major irrigation district—Board of directors—Transfer of property and assets. The members of the board of directors of the major irrigation district shall hold office as directors of the district formed by the merger until the end of their terms of office. If the major district is divided into director divisions, the board of the major district shall propose a plan for redividing the district into divisions that reflect the boundaries of the district created by the merger and this requirement regarding the directors of the major district. If the major district is considering a merger with more than one minor district, the board shall submit plans for the various possible mergers. The proposal or proposals shall be filed with the county legislative authority before the merger is approved in the major district or the minor district or districts. Following the merger, the county legislative authority shall approve the plan submitted for the districts that actually merged.

On the effective date of the merger, the directors of the minor district shall transfer the property and other assets of the district as required in RCW 87.03.853. Following the transfer of the property and other assets, the minor irrigation district and the office of director of the minor district shall cease to exist.

The board of directors of the district formed by the merger shall have all the powers and obligations of the boards of the major and minor districts that were merged to form the district including, but not limited to, such boards' powers and obligations for any local improvement districts created in the minor or major district under this chapter. [1993 c 235 § 4.]

87.03.851 Merger of minor irrigation district into major irrigation district—Bonds or obligations not impaired—Enforcement of assessments and obligations—Establishment of local improvement district to carry out obligations. (1) The merger of irrigation districts shall not affect or impair any bonds or obligations of the merged districts and the holders of the bonds of any merged district shall be entitled to all remedies for their enforcement as if the district had not been merged. All obligations incurred by the district prior to its merger shall be a prior lien to any obligation that may be incurred against the district created by the merger. However, the board of directors of the merged district may, when authorized under RCW 87.03.200 and with the consent of the bondholders, exchange the bonds of the district created by the merger for the bonds of the districts that merged. If the major or minor district entered,

prior to the merger, into a contract with the United States under this chapter and the board of directors of the district created by the merger proposes that the merged district enter into a contract with the United States, the board may do so when authorized under RCW 87.03.200 and may, with the consent of the United States, cancel any contract previously entered into between the major or minor district and the United States.

(2) The district created by the merger shall be entitled to all remedies for the enforcement of the irrigation district assessments and other obligations of lands to the districts that merged as if the districts had not merged. All obligations incurred for irrigation district or local improvement district purposes by the lands within the major or minor district prior to its merger shall be a prior lien to any obligation that may be incurred against those lands after the merger.

(3) Until premerger assessments have been collected and all of the premerger indebtedness of the major and minor districts that merged have been paid, separate funds shall be maintained for each district as were maintained in each prior to the merger. The board of directors of the irrigation district created by the merger may establish a local improvement district for each district included in the merger to carry out the obligations of each such district. This board shall have all the powers possessed by the boards of directors of the districts included in the merger to carry out all contracts of the included districts and to levy, assess, and cause to be collected any and all assessments or charges against the lands of each of the included districts. A petition shall not be required for the formation of a local improvement district created for this purpose. [1993 c 235 § 5.]

87.03.853 Merger of minor irrigation district into major irrigation district—Statement of property and assets of minor district. Prior to or on the effective date of a merger of a minor irrigation district and a major irrigation district, the board of directors of the minor district shall cause to be prepared a statement of all property and other assets of the minor district. The statement shall be filed with the board of directors of the district created by the merger and on the effective date of the merger. The statement shall also be filed with the county auditor of the county containing the majority of the territory of the district after the merger. Upon the filing with the board, the property and other assets of the minor district shall, subject to the rights of the holders of bonds or other obligations of the minor district, become the property and other assets of the district created by the merger. [1993 c 235 § 6.]

87.03.855 Merger of minor irrigation district into major irrigation district—Merger of more than two districts. More than two irrigation districts may merge under RCW 87.03.530(2) and 87.03.845 through 87.03.853 in one merger process. However, only one of the districts may be a "major" irrigation district and the assessed acreage in all of the other districts merging in the process, when taken collectively, shall not constitute more than thirty percent of the combined assessed acreage of all of the merging districts. In such a case, each of these other, nonmajor districts is considered to be a "minor" irrigation

district under RCW 87.03.530(2) and 87.03.845 through 87.03.853. [1993 c 235 § 7.]

87.03.857 Merger of minor irrigation district into major irrigation district—Existing water rights not impaired. Nothing in RCW 87.03.530(2) and 87.03.845 through 87.03.855 shall authorize the impairment or operate to impair any existing water rights. [1993 c 235 § 8.]

87.03.860 Assumption of substandard water system—Limited immunity from liability. An irrigation district assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on non-compliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the irrigation district has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 11.]

Findings—Intent—1994 c 292: See note following RCW 57.04.050.

87.03.900 Construction—1913 c 165. All irrigation districts in the state of Washington, and all proceedings had for the organization of any irrigation district, and all proceedings now pending in or relating to any irrigation district, shall be governed and controlled by the terms of this act, and this act shall not be construed as abridging or abrogating any of the rights or privileges of any irrigation district now organized, or being organized, and any contract, obligation, lien or charge, or bonds of any district, which may have been made, incurred, authorized or issued, prior to the taking effect of this act shall not be abridged or impaired by the terms of this act, but this act shall be construed as being a continuation of, and in aid of the previously existing laws relating to irrigation districts, except as to the sections specially repealed; and if in any instance relating to an existing district or any of its proceedings, the term of this amendatory act shall not be legally applicable, the district may proceed, and any contract, obligation, lien or charge against it may be enforced, under the terms and provisions of the law relating to irrigation districts in force and in effect prior to the taking effect of this act. [1913 c 165 § 23.]

87.03.905 Severability—1921 c 129. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole, or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1921 c 129 § 49.]

87.03.910 Severability—1923 c 138. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole or any section, provision or

part thereof not adjudged to be invalid or unconstitutional. [1923 c 138 § 14.]

87.03.915 Severability—1935 c 128. In case any part or portion of this act shall be held unconstitutional, such holding shall not affect the validity of this act as a whole or any other part or portion of this act not adjudged unconstitutional. [1935 c 128 § 3.]

87.04.010 Divisions of certain districts required—Number—Directors—Who are electors. An irrigation district comprising two hundred thousand or more acres, or irrigation districts comprising less than two hundred thousand acres which have followed the optional procedure specified in *this amendatory act, shall be divided into divisions of as nearly equal area as practical, consistent with being fair and equitable to the electors of the district. The number of divisions shall be the same as the number of directors, which shall be numbered first, second, third, etc. One director, who shall be an elector of the division, shall be elected for each division of the district by the electors of his division. A district elector shall be considered an elector of the division in which he holds title to or evidence of title to land. An elector holding title to or evidence of title to land in more than one division shall be considered an elector of the division nearest his place of residence. [1961 c 192 § 1; 1939 c 13 § 1; RRS § 7505-5a.]

***Reviser's note:** The language "this amendatory act" refers to 1961 c 192 codified as RCW 87.04.010 through 87.04.900, 87.03.045, 87.03.080, 87.03.081, and 87.03.082.

Directors—Election, terms, etc.: RCW 87.03.080 through 87.03.082.

Organization of board, meetings, etc.: RCW 87.03.115.

Qualifications of voters and directors: RCW 87.03.045.

87.04.020 Director vacancies, how filled. Vacancies in the representation of director divisions on the board of directors of the irrigation district shall be filled by appoint-

ment of an elector of the division concerned, in the same manner and for the same time as provided by law for the filling of vacancies on the board of directors of irrigation districts generally. [1961 c 192 § 2; 1939 c 13 § 2; RRS § 7505-5b.]

Directors—Vacancies, how filled: RCW 87.03.081.

87.04.030 New district to be divided by county commissioners—Objections, denial, election. When a new irrigation district comprising more than two hundred thousand acres has been authorized, pursuant to law, the board of county commissioners shall, within thirty days from the canvassing of the returns, divide the district into director divisions equal to the number of directors, and in the resolution organizing the district, they shall include an order designating the director divisions and describing the boundaries thereof. When a petition for the formation of a new irrigation district comprising less than two hundred thousand acres has been filed pursuant to law and said petition includes a request that the district be divided into director divisions, the board of county commissioners shall divide the district into director divisions as provided in this section unless objections to director divisions are made at the hearing held pursuant to RCW 87.03.020; and in the event objections to director divisions are made and not withdrawn, the board of county commissioners may deny the request for director divisions or if it determines that it is to the best interests of the district that director divisions be established, it may, in its order calling an election for organization of the district, include a separate proposition on the question of director divisions; and if a majority of the votes cast on said proposition are in favor of director divisions, then the resolution organizing the district shall include an order designating the director divisions and describing the boundaries thereof. [1961 c 192 § 3; 1939 c 13 § 3; RRS § 7505-5c.]

87.04.040 Petition to divide or redivide. Proceedings to divide or redivide a district comprising less than two hundred thousand acres into director divisions, or to redivide the director divisions heretofore established for districts comprising more than two hundred thousand acres, may be initiated by a petition filed with the county commissioners of the county in which the principal office of the district is situated. The petition shall designate the name of the district and pray that it be divided into director divisions, or that existing director divisions be redivided, and shall be signed by at least two-thirds of the directors of the district or in lieu thereof by at least twenty electors of the district. A petition to divide or redivide a district shall not be filed more than once in each five-year period except for redivisions necessitated by reason of a change in the total number of directors of the district. [1961 c 192 § 4; 1939 c 13 § 4; RRS § 7505-5d.]

87.04.050 Redivision when number of directors changed or new lands included. If the number of directors is changed for a district which is divided into director divisions or new lands outside of existing director divisions are included into a district but cannot be added to director divisions as provided in RCW 87.04.055 due to geographic limitations, a petition for redivision or addition shall be filed

with the board of county commissioners by the directors of the district and all proceedings thereon shall be conducted in the manner as provided in RCW 87.04.060 and 87.04.070: PROVIDED, That even if objections are filed at the hearing on said petition, no election shall be held but the board of county commissioners shall make such division or addition that they determine to be fair and equitable to the electors of the district. [1967 c 205 § 1; 1961 c 192 § 5; 1939 c 13 § 7; RRS § 7505-5g.]

87.04.055 Procedure for adding land to director divisions when new land included in district. When land located outside existing director divisions is included in an irrigation district such land shall thereby be added to the nearest director division, except that where added lands are adjacent to two or more director divisions, the common boundary lines between the divisions shall be extended in a straight line so as to include the new lands in such divisions: PROVIDED, That where the provisions of this section cannot be applied due to geographic limitations, the procedures provided for in RCW 87.04.050 shall apply. [1967 c 205 § 2.]

87.04.058 Application of RCW 87.04.030 through 87.04.055 following merger of minor irrigation district into major irrigation district. RCW 87.04.030 through 87.04.055 do not apply to redividing a district immediately following a merger as provided in RCW 87.03.849. [1993 c 235 § 9.]

87.04.060 Time for hearing on petition—Notice, contents. Upon the filing of the petition the board of county commissioners shall fix a time and place for hearing thereon, which shall be not less than thirty days nor more than forty-five days from the date of filing, and shall cause notice thereof, stating the time, place, and general purpose of the hearing, to be published in a newspaper of general circulation in each county in which any of the lands of the district are situated, in at least three consecutive weekly issues; if there is no such newspaper published in a county, then in a newspaper of general circulation therein, designated by the county commissioner. The notice shall state the filing of the petition and its prayer, but need not describe with particularity the boundaries of the divisions recommended in the petition, and shall notify all electors of the district to appear at the time and place named in the notice to show cause, if any they have, why the district should not be divided or redivided into director divisions. [1961 c 192 § 6; 1939 c 13 § 5; RRS § 7505-5e.]

Official paper for publication: RCW 87.03.020.

87.04.070 Hearing—Order of denial or rejection—Election to divide or redivide. At the hearing or adjournments thereof, which shall not be for more than sixty days in all, the board of county commissioners shall consider the petition and shall hear electors of the district for or against the division or redivision of director divisions and recommendations for the manner in which division should be made. If the board deems it against the best interests of the district to divide the district into director divisions or to redivide existing divisions, it shall order the petition rejected, but

if it deems it for the best interests of the district that the petition be granted, and if no elector of the district files cause in writing at said hearing why the petition should not be granted, or if having filed said cause in writing withdraws the same, the board shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and describing the boundaries thereof. The division to be made shall be such as the commissioners consider fair and equitable to the electors of the district. A copy of the commissioners' order shall be filed for record, without charge, with the auditor of each county in which any part of the district is situated, and thereafter the directors shall be elected or appointed as provided in this chapter. If any elector shall appear in person at said hearing and shall file cause in writing as aforesaid why the petition should not be granted and shall not withdraw the same, and if the board nevertheless deems it for the best interests of the district that the petition be granted, the board shall adopt a resolution to that effect and shall order an election held within the district on whether the district should be divided into director divisions or its existing director divisions be redivided, and shall fix the time thereof and cause notice to be published. The notice shall be given and the election conducted in the manner as for special elections on a bond issue of the district. The notice shall state the general plan of division or redivision but need not describe with particularity the boundaries of the proposed division or redivision. Such boundaries shall be described on the ballot. If the majority of votes cast at the election are in favor of dividing or redividing the district into director divisions, the board of county commissioners shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and designating the boundaries thereof. If a majority of the votes cast are against division or redivision into director districts, the board shall order the petition denied. [1961 c 192 § 7; 1939 c 13 § 6; RRS § 7505-5f.]

87.04.080 Election of directors—Terms. At the next general election of directors of a district which has been divided into director divisions, the electors of the first division shall select the director then to be elected on the board, and if more than one director is to be selected, the second division shall select one, and so on in numerical order, until, as the terms of incumbent directors expire, all the divisions are represented on the board, and thereafter directors shall be elected from the divisions in rotation, as their respective terms of office expire: PROVIDED, That if following the numerical order of director divisions will result in any year in one division having more than one director and one division having no director, then the numerical order of the divisions shall not be followed for the year or years in question but the electors of the next highest numbered division without representation on the board of directors shall select the director then to be elected on the board. If such a district is organized but has not yet held an annual election of officers, it shall, at its next annual election, select directors for three, two and one-year terms respectively, and if the district is managed by a board of three directors, the first division shall select a director for the three-year term,

the second division shall select one for the two-year term, and the third division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms, respectively. If the district has five directors, the first and second divisions shall each select a director for the three-year term, the third and fourth divisions shall each select one for the two-year term, and the fifth division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. If the district has seven directors, the first, second and third divisions shall each select a director for the three-year term, the fourth and fifth divisions shall each select a director for the two-year term, and the sixth and seventh divisions shall each select a director for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. [1961 c 192 § 8; 1939 c 13 § 8; RRS § 7505-5h.]

Ballots, declaration of candidacy, nominating petitions: RCW 87.03.075.

Elections are governed by irrigation district laws: RCW 87.03.030.

87.04.090 Levy limitation until water received when federal works or contracts involved—Exception. Lands in a district so divided into director divisions, which are to receive water from a system of works to be constructed by the federal government or under a contract between the district and the federal government shall not be assessed more than five cents an acre in any one calendar year until the secretary of the interior announces that water is ready for delivery to the land: PROVIDED, That this section shall not be applicable to districts comprising less than two hundred thousand acres. [1969 ex.s. c 93 § 1; 1961 c 192 § 9; 1939 c 13 § 9; RRS § 7505-5i.]

[1961 c 192 § 10; 1939 c 13 § 10; RRS § 7505-5j.]

Assessments: RCW 87.03.240 through 87.03.305.

87.04.900 Chapter supplemental to other laws—General repealer. This chapter is intended, and shall be construed, to be supplemental to and shall become a part of the law relating to irrigation districts, and any act or part of the same inconsistent or in conflict with the provisions of this act or any part thereof are hereby repealed. [1961 c 192 § 11; 1939 c 13 § 11; RRS § 7505-5k.]

87.04.910 Severability—1939 c 13. Each section and provision of this chapter shall be considered separable from every other section and provision of the chapter, and should any section or provision thereof be held unconstitutional, the

unconstitutionality of such section or provision shall not affect or impair the validity of the remainder of the chapter but in that event the unconstitutional section or provision shall be eliminated and the remainder of the chapter remain in full force and effect. 87.06.020 Certificates of delinquency—Posting of certificates. (1) After thirty-six calendar months from the month of the date of delinquency, the treasurer shall prepare certificates of delinquency on the property for the unpaid irrigation district assessments, and for costs and interest. An individual certificate of delinquency may be prepared for each property or the individual certificates may be compiled and issued in one general certificate including all delinquent properties. Each certificate shall contain the following information:

(a) Description of the property assessed;
 (b) Street address of property, if available;
 (c) Years for which assessed;
 (d) Amount of delinquent assessments, costs, and interest;

(2) The treasurer may provide for the posting of the certificates or other measures designed to advertise the certificates and encourage the payment of the amounts due. [1988 c 134 § 2.]

87.06.030 Title search to verify legal description of property. The treasurer shall order a title search of the property for which a certificate of delinquency has been prepared to determine or verify the legal description of the property to be sold and parties in interest. [1988 c 134 § 3.]

87.06.040 Commencement of action to foreclose assessment liens—Notice and summons—Recording of notice of lis pendens. (1) After the completion of the title searches, the treasurer, in the name of the irrigation district, shall commence legal action to foreclose on the assessment liens. The treasurer shall give notice of application for judgment foreclosing assessment liens and summons to all parties in interest as disclosed by the title search. The treasurer may include in any notice any number of separate properties. Such notice and summons shall contain:

(a) A statement that the irrigation district is applying to superior court of the county in which the property is located for a judgment foreclosing the lien against the property for delinquent assessments, costs, and interest;

(d) A direction to each party in interest summoning the party to appear within sixty days after service of the notice and summons, exclusive of the day of the service, and defend the action or pay the lien amount due; and when service is made by publication, a direction summoning each party to appear within sixty days after the date of the first publication of the notice and summons, exclusive of the day of first publication, and defend the action or pay the amount due;

(e) A notice that, in case of failure to defend or pay the amount due, judgment will be rendered foreclosing the lien of the assessments, costs, and interest against the property; and

(f) The date, time, and place of the foreclosure sale as specified in the application for judgment.

(2) The treasurer shall record in the office of the auditor of the county in which the property is located a notice of lis pendens before commencing the service of the notice and summons.

(3) The notice and summons shall be served in a manner reasonably calculated to inform each party in interest of the foreclosure action. At a minimum, service shall be accomplished by either (a) personal service upon a party in interest, or (b) publication once in a newspaper of general circulation that is circulated in the area in which the property is located and mailing of notice by certified mail to the party in interest.

(4) It shall be the duty of the treasurer to mail a copy of the notice and summons, within fifteen days after the first publication or service thereof, to the treasurer of each county, city, or town within which any property involved in an assessment foreclosure is situated, but the treasurer's failure to do so shall not affect the jurisdiction of the court nor the priority of any assessment lien sought to be foreclosed. [1988 c 134 § 4.]

87.06.050 Payment on certificate of delinquency before foreclosure. (1) Any party in interest of property for which a certificate of delinquency has been prepared, but against which a foreclosure judgment has not been entered, may pay to the treasurer, in person or by agent, the total amount of the assessment lien, as listed under RCW 87.06.020(1)(d), plus any additional costs and interest, including any title search costs. 87.22.065 Notice—Contents. Said notice shall state that the district (naming it) proposes to issue and dispose of a refunding bond issue specifying the amount; that proceedings have been instituted in the superior court of the state of Washington in and for the specified county to determine the maximum benefits to be received by the lands within the operation of said district from the issuance and disposal of said proposed bond issue, and further to determine the irrigable acreage which will be assessed for the payment of said bonds, shall state that a schedule of the lands involved together with a statement of the amount of maximum benefits received by the amount of irrigable acreage in each respectively, is on file in said proceedings and may be inspected by any interested person, shall state the time and place fixed for the hearing of the petition and shall state that any person interested in such proceedings may on or before the day fixed for said hearing file his written objections thereto with the clerk of said court, or he will be forever bound by such orders as the court shall make in such proceedings. from the plan of the irrigation works of the district; and provided that nothing herein contained shall be construed to prevent a reconsideration of the irrigability of lands found nonirrigable upon the modification or enlargement of the irrigation system whereby said lands at first found nonirrigable may be irrigated by the district system. [1929 c 120 § 10; RRS § 7530-10. Formerly RCW 87.22.080, part.]

They shall direct the auditor to give notice of the election and shall appoint the election officials. [1951 c 237 § 4. Prior: 1899 c 102 § 5; RRS § 7535.]

87.53.050 Manner of calling, noticing, conducting election—Ballot—Qualification of electors. The election shall be called upon the same notice and conducted in like manner as other elections of the district: PROVIDED, That when the bondholder's consent to dissolution provides for an adjustment of the bonded debt and/or the terms and method of its payment the notice of election shall recite the substance thereof.

The ballot shall contain the words "For dissolution, Yes" and "For dissolution, No." No person not a qualified elector under the general election laws and a freeholder of the district shall be deemed a qualified elector under this chapter. [1951 c 237 § 5. Prior: 1899 c 102 § 4; RRS § 7534.]

No claim barred by the statute of limitations shall be allowed. It shall separately determine the validity and amount of outstanding bonds with accrued interest, making allowances for any offer of adjustments contained in the bondholders' consent to dissolution, and shall order that all cash in the district's bond fund together with the proceeds from a sale of all the property and rights of the district shall be first applied to the redemption of outstanding bonds with interest; that other cash funds of the district be applied on payment of valid unsecured claims, and the remainder on the redemption of any balance of outstanding bonds with interest. The court shall further order that in the event the district's cash funds together with proceeds from the sale of district property and rights shall prove insufficient to discharge all valid obligations of the district, one or more annual assessments shall be made against the assessable property in the district, as herein provided, sufficient in amounts to discharge all valid debt. The district or any person affected by the judgment may appeal therefrom within ten days of the entry of judgment. [1951 c 237 § 9. Prior: 1899 c 102 § 9; RRS § 7539.]

Any claim established by the previous judgment of the court or any securities of the district may be accepted at face value on the purchase price: PROVIDED, That any offer

made in the bondholders' written consent to dissolution shall be considered a bid and shall be accepted in the absence of a better offer. No bid shall be considered nor shall any sale be made for less than all the property and rights of the district. The trustee shall forthwith disburse the cash funds of the district in accordance with the order of the court. [1951 c 237 § 11. Prior: 1899 c 102 § 10, part; RRS § 7540, part.]

Prior: 1899 c 102 § 13; RRS § 7543.]

87.53.140 Assessments for unpaid obligations. Upon the dissolution of the district the county commissioners shall determine from the records the remaining bond and other indebtedness of the district, and shall determine the proper number of annual assessments, not over five, necessary to discharge the debt. They shall cause the county assessor to prepare the annual assessment roll for the lands in the district, based upon the acreages shown on the last district assessment roll. The commissioners shall levy annual assessments, not exceeding five, upon all property in the district assessed for the bond fund on the district's last assessment roll and according to the ratios of benefits there shown, sufficient to pay any remaining claims, including bonds. They shall levy and equalize the assessments, after the same notice of hearing as are required of district directors on irrigation assessments. The county auditor shall perform the duties of the secretary of the district and the county treasurer shall be ex officio treasurer of the district and shall collect the assessments. In all other respects the general irrigation district laws shall govern.

Any funds remaining after all assessments have been collected and all indebtedness and costs liquidated shall be paid over to the bondholders in cases where they have accepted a compromise settlement. revolving account, and, in the opinion of the director of ecology, the district is or will be unable to meet its obligations, and that the state's investment can be best preserved by the dissolution of the district the director may give his consent to dissolution under such stipulations and adjustments of the indebtedness as he deems best for the state. [1988 c 127 § 62; 1951 c 237 § 15.]

ARTICLE I

Findings and Declaration of Policy

(1) The party states find that:

(a) The safety of their waters is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of boats;

(b) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property;

(2) It is the policy of each of the party states to promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of boats by their operators in each of the jurisdictions where such operators operate boats.

ARTICLE II

Definition

As used in this compact, "state" means a state that has entered into this compact.

ARTICLE III

Concurrent Jurisdiction

(1) If conduct is prohibited by two adjoining party states, courts and law enforcement officers in either state who have jurisdiction over boating offenses committed where waters form a common interstate boundary have concurrent jurisdiction to arrest, prosecute, and try offenders for the prohibited conduct committed anywhere on the boundary water between the two states.

(2) This compact does not authorize:

(a) Prosecution of any person for conduct that is unlawful in the state where it was committed, but lawful in the other party state;

(b) A prohibited conduct by the party state.

ARTICLE IV

Entry Into Force and Withdrawal

(1) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same.

to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. (5) Vessels owned by a resident of another state if the vessel is located upon the waters of this state exclusively for repairs or reconstruction, or any testing related to the repair or reconstruction conducted in this state if an employee of the repair facility is on board the vessel during any testing: PROVIDED, That any vessel owned by a resident of another state is located upon the waters of this state exclusively for repairs, reconstruction or testing for a period longer than sixty days, that the nonresident shall file an affidavit with the department of revenue verifying the vessel is located upon the waters of this state for repair, reconstruction or testing and shall continue to file such affidavit every sixty days thereafter, while the vessel is located upon the waters of this state exclusively for repairs, reconstruction or testing;

88.02.040 Issuance of registrations—Agents—Deposit of fees in general fund—Allocation for boating safety and education and law enforcement. Each benefiting county shall be responsible for equitable distribution of such allocation to other jurisdictions with approved boating safety programs within said county. Any fees not allocated to counties due to the absence of an approved boating safety program, shall

88.02.050 Application—Registration fee and excise tax—Registration number and decal—Registration periods—Renewals—Marine oil refuse dump and holding tank information—Transfer of registrations. Application for a vessel registration shall be made to the department or its authorized agent in the manner and upon forms prescribed by the department. The application shall state the name and address of each owner of the vessel and such other information as may be required by the department, shall be signed by at least one owner, and shall be accompanied by a vessel registration fee of ten dollars and fifty cents per year and the excise tax imposed under chapter 82.49 RCW. Any fees required for licensing agents under RCW 46.01.140 shall be in addition to the ten dollar and fifty cent annual registration fee.

Upon receipt of the application and the registration fee, the department shall assign a registration number and issue a decal for each vessel. The registration number and decal shall be issued and affixed to the vessel in a manner prescribed by the department consistent with the standard numbering system for vessels set forth in volume 33, part 174, of the code of federal regulations. A valid decal affixed as prescribed shall indicate compliance with the annual registration requirements of this chapter.

The vessel registrations and decals are valid for a period of one year, except that the director of licensing may extend or diminish vessel registration periods, and the decals therefor, for the purpose of staggered renewal periods. For registration periods of more or less than one year, the department may collect prorated annual registration fees and excise taxes based upon the number of months in the registration period. Vessel registrations are renewable every year in a manner prescribed by the department upon payment of the vessel registration fee and excise tax. Upon renewing a vessel registration, the department shall issue a new decal to be affixed as prescribed by the department.

When the department issues either a notice to renew a vessel registration or a decal for a new or renewed vessel registration, it shall also provide information on the location of marine oil recycling tanks and sewage holding tank pumping stations. This information will be provided to the department by the state parks and recreation commission in a form ready for distribution. The form will be developed and prepared by the state parks and recreation commission with the cooperation of the department of ecology. The department, the state parks and recreation commission, and

the department of ecology shall enter into a memorandum of agreement to implement this process.

A person acquiring a vessel from a dealer or a vessel already validly registered under this chapter shall, within fifteen days of the acquisition or purchase of the vessel, apply to the department or its authorized agent for transfer of the vessel registration, and the application shall be accompanied by a transfer fee of one dollar. [1993 c 244 § 38; 1989 c 17 § 1; 1983 2nd ex.s. c 3 § 45; 1983 c 7 § 18.]

Application—1993 c 244 § 38: "Section 38 of this act [the 1993 amendments to RCW 88.02.050] applies to registrations expiring June 30, 1995, and thereafter." [1993 c 244 § 43.]

Intent—1993 c 244: See note following RCW 88.12.010.

Whenever any license fee paid under this chapter has been erroneously paid, in whole or in part, the person paying the fee, upon satisfactory proof to the director of licensing, is entitled to a refund of the amount erroneously paid. A renewal license fee paid before the actual expiration date of the license being renewed shall be deemed to be erroneously paid if the vessel for which the renewal license is being purchased is destroyed or permanently removed from the state before the beginning date of the registration period for which the renewal fee is being paid. Upon the refund being certified as correct to the state treasurer by the director and being claimed in the time required by law, the state treasurer shall mail or deliver the amount of each refund to the person entitled to the refund. A claim for refund shall not be allowed for erroneous payments unless the claim is filed with the director within thirteen months after such payment was made.

If due to error a person has been required to pay a license fee under this chapter and excise tax which amounts to an overpayment of ten dollars or more, such person shall be entitled to a refund of the entire amount of such overpayment, regardless of whether a refund of the overpayment has been requested. If due to error the department or its agents has failed to collect the full amount of the license fee and excise tax due, which underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax and fees.

Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor. [1989 c 68 § 5.]

88.02.060 Registration of dealers—Surety bond—Fees. (1) Each vessel dealer in this state shall register with the department in the manner and upon forms prescribed by the department, in accordance with rules adopted under chapter 34.05 RCW. After the completed vessel dealer application has been satisfactorily filed and the applicant is eligible as determined by the department's rules, the department shall, if no denial proceeding is in effect, issue the vessel dealer's registration on the basis of staggered annual expiration dates.

(2) Before issuing a vessel dealer's registration, the department shall require the applicant to file with the

department a surety bond in the amount of five thousand dollars, running to the state of Washington, and executed by a surety company authorized to do business in the state of Washington. The bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his business in conformity with the provisions of this chapter. Any vessel consignor or purchaser who has suffered any loss or damage by reason of any act or omission by a dealer that constitutes a violation of this chapter may institute an action for recovery against the dealer and the surety upon the bond. Successive recoveries against the bond shall be permitted, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. Upon exhaustion of the penalty of the bond or cancellation of the bond by the surety, the vessel dealer registration shall automatically be deemed canceled.

(3) Vessel dealers selling fifteen vessels or fewer per year having a retail value of no more than two thousand dollars each shall not be subject to the provisions of subsection (2).

(4) For the fiscal biennium from July 1, 1987, through June 30, 1989, the registration fee for dealers shall be fifty dollars per year for an original registration, and twenty-five dollars for any subsequent renewal. In addition, a fee of twenty-five dollars shall be collected for the first decal, fifteen dollars for each additional decal, and fifteen dollars for each vessel dealer display decal replacement. In ensuing biennia, the director shall establish the amount of such fees at a sufficient level to defray the costs of administering the vessel dealer registration program. All such fees shall be fixed by rule adopted by the director in accordance with the Administrative Procedure Act, chapter 34.05 RCW. All fees collected under this section shall be deposited with the state treasurer and credited to the general fund. [1987 c 149 § 1; 1983 c 7 § 19.]

Effective date—1987 c 149: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987." [1987 c 149 § 15.]

88.02.070 Certificates of title. (1) The department shall provide for the issuance of vessel certificates of title. Applications for certificates may be made through the agents appointed under RCW 88.02.040. The fee for a vessel certificate of title is five dollars. Fees for vessel certificates of title shall be deposited in the general fund. Security interests in vessels subject to the requirements of this chapter and attaching after July 1, 1983, shall be perfected only by indication upon the vessel's title certificate. The provisions of chapters 46.12 and 46.16 RCW relating to motor vehicle certificates of registration, titles, certificate issuance, ownership transfer, and perfection of security interests, and other provisions which may be applied to vessels subject to this chapter, may be so applied by rule of the department if they are not inconsistent with this chapter.

(2) Whenever a vessel is to be registered for the first time as required by this chapter, except for a vessel having a valid marine document as a vessel of the United States, application shall be made at the same time for a certificate of title. Any person who purchases or otherwise obtains majority ownership of any vessel subject to the provisions of this chapter, except for a vessel having a valid marine

document as a vessel of the United States, shall within fifteen days thereof apply for a new certificate of title which shows the vessel's change of ownership.

(3) Security interests may be released or acted upon as provided by the law under which they arose or were perfected. No new security interest or renewal or extension of an existing security interest is affected except as provided under the terms of this chapter and RCW 46.12.095.

(4) Notice shall be given to the issuing authority by the owner indicated on the certificate of registration within fifteen days of the occurrence of any of the following: Any change of address of owner; destruction, loss, abandonment, theft, or recovery of the vessel; or loss or destruction of a valid certificate of registration on the vessel.

(5) Within five days, excluding Saturdays, Sundays, and state and federal holidays, the owner shall notify the department in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, and such description of the vessel, including the hull identification number, the vessel decal number, or both, as may be required by the department. [1991 c 339 § 31; 1985 c 258 § 4; 1983 2nd ex.s. c 3 § 46.]

Effective date—1985 c 258: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect June 30, 1985." [1985 c 258 § 13.]

88.02.075 Duplicate certificates—Replacement decals—Surrender of original certificate or decal. (1) If a certificate of title, a certificate of registration, or a pair of decals is lost, stolen, mutilated, or destroyed or becomes illegible, the first priority secured party or, if none, the owner or legal representative of the owner named in the certificate, as shown by the records of the department, shall promptly apply for and may obtain a duplicate certificate or replacement decals upon payment of one dollar and furnishing information satisfactory to the department.

(a) An application for a duplicate certificate of title shall be accompanied by an affidavit of loss or destruction in a form approved by the department and signed by the first secured party or, if none, the owner or legal representative of the owner.

88.02.078 Vessel dealer business address—Office—Identification of business. (1) A vessel dealer shall have and maintain an office in which to conduct business at the business address of the dealer.

(2) The vessel dealer's place of business shall be identified by an exterior sign with the business name. In the absence of other identifiers that the business conducted is marine business, the sign must identify the nature of the business, such as marine sales, service, repair, or manufacturing. [1987 c 149 § 2.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.090 Inspection of registration—Violation of chapter. Any person charged with the enforcement of this chapter may request for inspection the certificate of registration from any vessel owner or operator to ascertain the legal and registered ownership of such vessel. Failure to provide such certificate for inspection upon the request of any person charged with enforcement of this chapter constitutes a violation of this chapter and subjects the person requested to produce such document to the penalties provided by RCW 88.02.110. [1983 c 7 § 21.]

88.02.100 Rule-making authority. The department may adopt rules under chapter 34.05 RCW to implement this chapter. [1983 c 7 § 20.]

88.02.110 Penalties—Disposition of moneys collected—Enforcement authority. (1) Except as otherwise provided in this chapter, a violation of this chapter and the rules adopted by the department pursuant to these statutes is a misdemeanor punishable only by a fine not to exceed one hundred dollars per vessel for the first violation. Subsequent violations in the same year are subject to the following fines:

(a) For the second violation, a fine of two hundred dollars per vessel;

(b) For the third and successive violations, a fine of four hundred dollars per vessel.

(2) After subtraction of court costs and administrative collection fees, moneys collected under this section shall be credited to the current expense fund of the arresting jurisdiction.

(3) All law enforcement officers shall have the authority to enforce this chapter, and the rules adopted by the department pursuant to these statutes within their respective jurisdictions: PROVIDED, That a city, town, or county may contract with a fire protection district for such enforcement and fire protection districts are authorized to engage in such activities. [1993 c 244 § 4; 1987 c 149 § 13; 1984 c 183 § 2; 1983 2nd ex.s. c 3 § 50; 1983 c 7 § 22.]

Intent—1993 c 244: See note following RCW 88.12.010.

Effective date—1987 c 149: See note following RCW 88.02.060.

Construction—Severability—Effective dates—1983 2nd ex.s. c 3: See notes following RCW 82.04.255.

88.02.112 Registration certificate required—Penalty. Any person engaging in vessel dealer activities without first obtaining a registration certificate is guilty of a gross misdemeanor. [1987 c 149 § 3.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.115 Additional penalties for unauthorized or personal use of dealer display decals. In addition to other penalties imposed by this chapter for unauthorized or

personal use of vessel dealer display decals, the director may confiscate all display decals for such period as the director deems appropriate, and in addition, or in lieu of other sanctions, the director may impose a monetary penalty not exceeding twice the amount of excise tax that should have been paid to register each vessel properly. A monetary penalty assessment is in addition to any fees owing to register each vessel properly. Any monetary penalty imposed or vessel display decals confiscated shall be done in accordance with chapter 34.05 RCW. Any monetary penalty imposed by the director and the delinquent excise taxes collected shall be deposited in the general fund. [1987 c 149 § 6.]

88.02.118 Evasive registration—Penalty. It is a gross misdemeanor punishable as provided under chapter 9A.20 RCW for any person owning a vessel subject to taxation under chapter 82.49 RCW to register a vessel in another state to avoid Washington state vessel excise tax required under chapter 82.49 RCW or to obtain a vessel dealer's registration for the purpose of evading excise tax on vessels under chapter 82.49 RCW. [1993 c 238 § 4; 1987 c 149 § 7.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.120 Title certificate system—Legislative intent—Authority for rules and procedures to establish system. It is the intention of the legislature to establish a system of certificates of title for vessels and watercraft similar to that in existence for motor vehicles. It is the goal of this legislation that the title certificate become prima facie evidence of ownership of the vessel it describes so that persons may rely upon that certificate; and that security interest in vessels be perfected solely by notation of a secured party upon the title certificate. However, there are title certificates issued prior to June 30, 1985, which may not indicate security interests in the certificated vessel. The establishment of a more reliable system will require implementation over several years, as the existing security interests are either satisfied or their perfection is not continued. During this interim period of five years from June 30, 1985, two different classes, class A and class B, of title certificates will be in existence and issued by the department of licensing. The establishment and operation of the system for watercraft and vessels should be patterned upon the system established and operating for motor vehicles and the department of licensing is hereby authorized and directed to adopt the regulations and procedures necessary and desirable to establish such a similar system, excepting only as the same may be inconsistent with this chapter. [1985 c 258 § 1.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.125 Evidence of ownership by vessel dealers—Sales of consigned vessels—Assignment and warranty of certificates of ownership. (1) Vessel dealers shall possess a certificate of ownership, a manufacturer's statement of origin, a carpenter's certificate, or a factory invoice or other evidence of ownership approved by the department for each vessel in the vessel dealer's inventory unless the vessel for

sale is consigned or subject to an inventory security agreement. Evidence of ownership shall be either in the name of the dealer or in the name of the dealer's immediate vendor properly assigned.

(2) A vessel dealer may display and sell consigned vessels or vessels subject to an inventory security agreement if there is a written and signed consignment agreement for each vessel or an inventory security agreement covering all inventory vessels. The consignment agreement shall include verification by the vessel dealer that evidence of ownership by the consignor exists and its location, the name and address of the registered owner, and the legal owner, if any. Vessels that are subject to an inventory security interest shall be supported with evidence of ownership that is in the dealer's possession or the possession of the inventory security party. Upon payment of the debt secured for that vessel, the secured party shall deliver the ownership document, appropriately released, to the dealer. It is the vessel dealer's responsibility to ensure that ownership documents are available for ownership transfer upon the sale of the vessel.

(3) Following the retail sale of any vessel, the dealer shall promptly make application and execute the assignment and warranty of the certificate of ownership. Such assignment shall show any secured party holding a security interest created at the time of sale. The dealer shall deliver the certificate of ownership and application for registration to the department. [1994 c 262 § 27; 1987 c 149 § 8.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.130 Class A title certificates. After June 30, 1985, a class A certificate shall be issued in the following circumstances:

(1) Upon application for a certificate of title to a new vessel never before titled and sold by an in-state or out-of-state dealer or manufacturer. The application must be accompanied by a manufacturer's statement of origin or other document or documents certifying the first conveyance of said vessel after its manufacture. The manufacturer's statement of origin or other similar document or documents shall reflect the model year, make, and hull identification number of the vessel.

(2) Upon transfer of a vessel or release of a security interest in a vessel for which a class A certificate of title has previously been issued if the department receives appropriate releases of interests.

(3) Commencing five years after June 30, 1985, in all cases. [1985 c 258 § 7.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.140 Issuance of class A title certificates—Required evidence. After June 30, 1985, a class A title certificate may be issued upon application by an owner, purchaser, or secured party who presents evidence satisfactory to the department of ownership of the vessel in the registered owner's name and the absence of security interests or claims except as will be shown on the new title certificate. The absence of outstanding security interests may be evidenced by appropriate Uniform Commercial Code financing statement searches by the appropriate filing officer or officers pursuant to RCW 62A.9-407(2) and releases or

disclaimers of interest by any secured parties who might have security interests perfected by filing of [a] Uniform Commercial Code financing statement. [1985 c 258 § 8.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.150 Issuance of class A title certificates—Limitation. A class A certificate of title shall not be issued for any vessel for which a class B certificate has been issued unless the class B certificate is surrendered together with appropriate releases of interest by parties shown on such certificate. [1985 c 258 § 9.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.160 Class B title certificates. All titles issued prior to June 30, 1985, are designated class B title certificates. Class B certificates evidence ownership of vessels but the vessel is more likely to be subject to a valid and perfected security interest or other claims of interest than class A certificated vessels. [1985 c 258 § 2.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.170 Class A and class B title certificates to have apparent distinctions—Class B certificate to bear legend. Class A and class B certificates shall be readily distinguishable from each other, through different color, format, or other apparent distinctions. Each class B certificate issued after June 30, 1985, shall bear the legend: "The vessel may be subject to perfected security interests or claims not indicated on this certificate." [1985 c 258 § 5.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.180 Application for title certificate—Oath by owner. Each application for a title certificate shall require the person to be designated as the registered owner to swear under penalty of the perjury laws of this state that he is the owner or an authorized agent of the owner of the vessel, and that it is free of any claim of lien, mortgage, conditional sale, or other security interest of any person except the person or persons set forth in the application as secured parties. [1985 c 258 § 6.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.184 Issuance of temporary permits by registered vessel dealers—Fee. (1) The department may authorize vessel dealers properly registered pursuant to this chapter to issue temporary permits to operate vessels under such rules as the department adopts.

(2) The fee for each temporary permit application distributed to an authorized vessel dealer shall be five dollars, which shall be credited to the payment of registration fees at the time application for registration is made. [1987 c 149 § 9.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.188 Denial, suspension, or revocation of vessel dealer registration—Penalties. Except as otherwise provided in this chapter, the director may by order deny, suspend, or revoke the registration of any vessel dealer, or in lieu thereof or in addition thereto, may by order assess monetary penalties of a civil nature not to exceed one

thousand dollars per violation, if the director finds that the applicant or registrant:

(1) Is applying for a dealer's registration or has obtained a dealer's registration for the purpose of evading excise taxes on vessels; or

(2) Has been adjudged guilty of a felony that directly relates to marine trade and the time elapsed since the adjudication is less than ten years. For purposes of this section, adjudged guilty means, in addition to a final conviction in court, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt regardless of whether the sentence is deferred or the penalty is suspended; or

(3) Has failed to comply with the trust account requirements of this chapter; or

(4) Has failed to transfer a certificate of title to a purchaser as required in this chapter; or

(5) Has misrepresented the facts at the time of application for registration or renewal; or

(6) Has failed to comply with applicable provisions of this chapter or any rules adopted under it. [1987 c 149 § 12.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.190 Inspection of vessels. The department is hereby authorized to require inspection of vessels which are brought into this state from another state and for which no title certificate has been issued and for any other vessel if the department determines that inspection of the vessel will help to verify the accuracy of the information set forth on the application. [1985 c 258 § 10.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.200 Department and state immune from suit for administration of chapter. No suit or action shall ever be commenced or prosecuted against the department of licensing or the state of Washington by reason of any act done or omitted to be done in the administration of the duties and responsibilities imposed upon the department under chapter 88.02 RCW. [1985 c 258 § 11.]

Effective date—1985 c 258: See note following RCW 88.02.070.

88.02.210 Records of the purchase and sale of vessels. (1) A vessel dealer shall complete and maintain for a period of at least three years a record of the purchase and sale of all vessels purchased or consigned and sold by the vessel dealer. Records shall be made available for inspection by the department during normal business hours.

(2) Before renewal of the vessel dealer registration, the department shall require, on the forms prescribed, a record of the number of vessels sold during the registration year. Vessel dealers who assert that they qualify for the exemption provided in RCW 88.02.060(3) shall also record, on forms prescribed, the highest retail value of any vessel sold in the registration year. [1987 c 149 § 10.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.220 Receipt of cash or negotiable instrument before delivery of vessel—Trust account. A vessel dealer who receives cash or a negotiable instrument of deposit in

excess of one thousand dollars, or a deposit of any amount that will be held for more than fourteen calendar days, shall place the funds in a separate trust account.

(1) The cash or negotiable instrument must be set aside immediately upon receipt for the trust account, or endorsed to such a trust account immediately upon receipt.

(2) The cash or negotiable instrument must be deposited in the trust account by the close of banking hours on the day following the receipt.

(3) After delivery of the purchaser's vessel the vessel dealer shall remove the deposited funds from the trust account.

(4) The dealer shall not commingle the purchaser's funds with any other funds at any time.

(5) The funds shall remain in the trust account until the delivery of the purchased vessel. However, upon written agreement from the purchaser, the vessel dealer may remove and release trust funds before delivery. [1991 c 339 § 33; 1987 c 149 § 11.]

Effective date—1987 c 149: See note following RCW 88.02.060.

88.02.230 Exemption from vessel dealer requirements. (1) The department may exempt from compliance with the vessel dealer requirements of this chapter, any person who is engaged in the business of selling in this state at wholesale or retail, human-powered watercraft which is: (a) Under sixteen feet in length; (b) unable to be powered by propulsion machinery or wind propulsion as designed by the manufacturer; and (c) not designed for use on commonly-used navigable waters.

(2) Any person engaged in the business of selling at wholesale or retail, exempt and nonexempt watercraft under this section shall only be required to comply with the provisions of this chapter in regard to the sale of nonexempt watercraft. [1990 c 250 § 90.]

Severability—1990 c 250: See note following RCW 46.16.301.

[1991 c 45 § 1; 1989 c 295 § 2.]

88.04.025 Operating on state waters—Conditions.

A person shall not rent, lease, or hire out a charter boat, nor carry, advertise for the carrying of, nor arrange for the carrying of, more than six passengers on a vessel for a fee or other consideration on the inland navigable waters of the state unless each of the following conditions is satisfied:

(1)(a) The department has inspected the vessel within the previous twelve months and has issued for the vessel a certificate of inspection that is still valid and current and which allows the carrying of more than six passengers; or

(b) The United States coast guard has inspected the vessel and has issued a certificate of inspection that is still valid and current and which allows the carrying of more than six passengers.

(2) The operator of the vessel is licensed as an operator by either the United States coast guard or the department. The operator must carry such license at all times while operating the vessel and must display such license upon demand by the department.

(3) The vessel has a valid and current registration certificate which is available for inspection by the department.

(4) The vessel is covered by current and valid liability insurance. Proof of such coverage must be provided to the department upon demand. [1989 c 295 § 3.]

88.04.035 Inspection of charter boats—Certificate of inspection.

The department shall inspect or provide for the inspection of every charter boat once every twelve months with the vessel in the water, and once every twenty-four months with the vessel in drydock, to determine if the vessel and its equipment comply with the rules promulgated by the department and with the applicable state and federal laws and regulations. In addition, the department may at any time inspect or provide for the inspection of any charter boat if the department has reasonable cause to believe either that a provision of this chapter has been violated or that an inspection is necessary to ensure the safety of persons or property on the vessel.

(1) Ninety days before any certificate of inspection expires, the department shall mail written notification to the owner of the vessel that a twelve-month or twenty-four-month inspection must be completed before the expiration date. The department shall include with the notification an application for inspection, which must be completed and returned by the owner no later than sixty days before the expiration date of the current certificate of inspection. The owner shall include the registration fee with the completed application form. A person filing an application shall certify

by the person's signature that the information furnished on the application is true and correct.

(2) If, after the inspection, the department determines that the charter boat and its equipment comply with the rules promulgated by the department and with the applicable state and federal laws and regulations, the department shall issue to the owner of the charter boat a certificate of inspection. Such certificate shall specify the maximum passenger, crew, and total person capacity of the charter boat. The certificate shall be valid for one year from the date of issuance. The certificate shall be prominently displayed on the charter boat while the charter boat is operating upon the inland navigable waters of the state.

(3) The department shall determine the minimum number of crew necessary for the safe operation of the charter boat.

(4) If the department determines that the charter boat or its equipment does not comply with the rules promulgated by the department and with the applicable state and federal laws and regulations, the department shall not issue a certificate of inspection and any current certificate of inspection shall be revoked by the department. [1989 c 295 § 4.]

88.04.045 Application for inspection—Inspection fee—Deposit of fees. (1) The owner of a vessel which does not have a current certificate of inspection or which has not previously been inspected by the department and which must be inspected by the department shall file an application for inspection, accompanied by the required fee, no later than sixty days before the scheduled or requested inspection date. A person filing an application shall certify by the person's signature that the information furnished on the application is true and correct.

(2) If a charter boat has not been inspected during the twenty-four-month period prior to July 23, 1989, the owner shall pay to the department the inspection fee for inspection in the water and the inspection fee for inspection in drydock.

(3) When the department inspects or provides for the inspection of any charter boat because the department has reasonable cause to believe either that a provision of this chapter has been violated or that an inspection is necessary to ensure the safety of persons or property, the owner shall not be required to pay an inspection fee for that inspection.

(4) When a twelve-month in-water inspection and a twenty-four-month drydock inspection are required in the same year, the owner shall only be required to pay the fee for the drydock inspection.

(5) All sums received from licenses, inspection fees, or other sources described in this chapter shall be deposited in the industrial insurance trust funds and shall be used for administrative, education, and enforcement costs associated with this chapter. [1989 c 295 § 5.]

88.04.055 Evidentiary hearings. (1) A person who has been denied a certificate of inspection or a license may petition the department for an evidentiary hearing.

88.04.065 Reciprocal agreements—Annual operating permits—Education and enforcement programs. (1) The department may enter into reciprocal agreements with other states concerning the operation and inspection of charter boats from those states that operate on the inland navigable waters of the state of Washington. Reciprocity shall be granted only if a state can establish to the satisfaction of the department that their laws and standards concerning charter boats meet or exceed the laws and rules of the state of Washington. A charter boat that operates on the inland navigable waters of this state under a reciprocal agreement pursuant to this section shall obtain an annual operating permit from the department for a fee for each year the charter boat does business on the waters of the state of Washington. The department shall deposit the fees from annual operating permits issued pursuant to this section in the industrial insurance trust funds.

(2) The department shall develop an education and enforcement program designed to eliminate the operation of charter boats that have not been inspected and certified as required by this chapter, and shall prepare printed materials to provide the public with information regarding the safety features and requirements necessary for the lawful operation of charter boats. [1989 c 295 § 10.]

88.04.075 Exemptions from chapter. The provisions of this chapter shall not apply to:

(1) A vessel that is a charter boat but is being used by the documented or registered owner of the charter boat exclusively for the owner's own noncommercial or personal pleasure purposes;

(2) A vessel owned by a person or corporate entity which is donated and used by a person or nonprofit organization to transport passengers for charitable or noncommercial purposes, regardless of whether consideration is directly or indirectly paid to the owner;

(3) A vessel that is rented, leased, or hired by an operator to transport passengers for noncommercial or personal pleasure purposes;

(4) A vessel used exclusively for, or incidental to, an educational purpose; or

(5) A bare-boat charter boat. [1991 c 45 § 2; 1989 c 295 § 11.]

Unless specifically provided by statute this chapter and the rules adopted thereunder shall be implemented and enforced, including penalties, violations, citations, appeals, and other administrative procedures, pursuant to the Washington industrial safety and health act, chapter 49.17 RCW. [1989 c 295 § 12.]

88.04.310 Inspection program—Fee, scope. The owner or operator of every vessel inspected by the department shall pay the department a fee for each inspection. The fee shall be established by rule and shall cover the full cost of the inspection program including travel, per diem, administrative and legal support costs for the program, and repayment to the state general fund by June 30, 1991, of the amount appropriated in *section 15 of this act for the program. [1989 c 295 § 6; 1979 c 74 § 2.]

*Reviser's note: "Section 15 of this act", an uncodified section, appropriated forty-eight thousand three hundred dollars for start-up costs.

88.04.320 Operating violations enumerated—Penalties. (1) It is unlawful for any person to operate a vessel unless that person holds a valid license issued by the United States coast guard or the department to operate a vessel of that class.

(2) It is unlawful for any person to operate a vessel unless the vessel is operated in compliance with the rules of the department of labor and industries and has a current certificate of inspection posted.

(3) Any violation of the licensing and inspection provisions of this chapter is punishable pursuant to the penalties provided under the Washington industrial safety and health act, chapter 49.17 RCW. [1989 c 295 § 7; 1979 c 74 § 3.]

88.04.330 Departmental rules—Scope—Use of coast guard standards and practices. (1) The department shall adopt by rule, under chapter 34.05 RCW:

(a) Procedures, standards, and fees for the licensing of operators of any vessel used as a charter boat, as defined under RCW 88.04.015, operating on inland navigable waters for rent, lease, or hire;

(b) Standards and fees for the inspection of vessels;

(c) Minimum safety and health standards for passengers and crew on board charter boats. These rules shall approximate, where appropriate, the rules adopted by the United States coast guard in 46 C.F.R., subchapter T, small passenger vessels under one hundred gross tons; and

(d) Any other rules needed for the efficient administration of the purposes of this chapter.

(2) Rules adopted by the department shall use United States coast guard standards and precedents and be consistent with United States coast guard practices whenever possible. [1989 c 295 § 8; 1979 c 74 § 4.]

88.04.900 Short title. This chapter may be known and cited as the charter boat safety act. [1989 c 295 § 13.]

88.12.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Boat wastes" includes, but is not limited to, sewage, garbage, marine debris, plastics, contaminated bilge water, cleaning solvents, paint scrapings, or discarded petroleum products associated with the use of vessels.

(2) "Boater" means any person on a vessel on waters of the state of Washington.

(3) "Carrying passengers for hire" means carrying passengers in a vessel on waters of the state for valuable consideration, whether given directly or indirectly or received by the owner, agent, operator, or other person having an interest in the vessel. This shall not include trips where expenses for food, transportation, or incidentals are shared by participants on an even basis. Anyone receiving compensation for skills or money for amortization of equipment and carrying passengers shall be considered to be carrying passengers for hire on waters of the state.

(4) "Commission" means the state parks and recreation commission.

(5) "Darkness" means that period between sunset and sunrise.

(6) "Environmentally sensitive area" means a restricted body of water where discharge of untreated sewage from boats is especially detrimental because of limited flushing, shallow water, commercial or recreational shellfish, swimming areas, diversity of species, the absence of other pollution sources, or other characteristics.

(7) "Marina" means a facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live-aboard boating accommodations.

(8) "Motor driven boats and vessels" means all boats and vessels which are self propelled.

(9) "Muffler" or "muffler system" means a sound suppression device or system, including an underwater exhaust system, designed and installed to abate the sound of exhaust gases emitted from an internal combustion engine and that prevents excessive or unusual noise.

(10) "Operate" means to steer, direct, or otherwise have physical control of a vessel that is underway.

(11) "Operator" means an individual who steers, directs, or otherwise has physical control of a vessel that is underway or exercises actual authority to control the person at the helm.

(12) "Observer" means the individual riding in a vessel who is responsible for observing a water skier at all times.

(13) "Owner" means a person who has a lawful right to possession of a vessel by purchase, exchange, gift, lease, inheritance, or legal action whether or not the vessel is subject to a security interest.

(14) "Personal flotation device" means a buoyancy device, life preserver, buoyant vest, ring buoy, or buoy cushion that is designed to float a person in the water and that is approved by the commission.

(15) "Personal watercraft" means a vessel of less than sixteen feet that uses a motor powering a water jet pump, as its primary source of motive power and that is designed to be operated by a person sitting, standing, or kneeling on, or being towed behind the vessel, rather than in the conventional manner of sitting or standing inside the vessel.

(16) "Polluted area" means a body of water used by boaters that is contaminated by boat wastes at unacceptable levels, based on applicable water quality and shellfish standards.

(17) "Public entities" means all elected or appointed bodies, including tribal governments, responsible for collecting and spending public funds.

(18) "Reckless" or "recklessly" means acting carelessly and heedlessly in a willful and wanton disregard of the rights, safety, or property of another.

(19) "Sewage pumpout or dump unit" means:

(20) "Underway" means that a vessel is not at anchor, or made fast to the shore, or aground.

(21) "Vessel" includes every description of watercraft on the water, other than a seaplane, used or capable of being used as a means of transportation on the water. However, it does not include inner tubes, air mattresses, and small rafts or flotation devices or toys customarily used by swimmers.

(23) "Waters of the state" means any waters within the territorial limits of Washington state.

(24) "Whitewater rivers of the state" means those rivers and streams, or parts thereof, within the boundaries of the state as listed in RCW 88.12.265. [1993 c 244 § 5; 1933 c 72 § 1; RRS § 9851-1.]

Reviser's note: This section was directed to be recodified by 1993 c 244 as part of a general reorganization of this chapter. The code reviser determined that the existing RCW number was appropriate under the new scheme and that recodification was not necessary.

Intent—1993 c 244: "It is the intent of the legislature that the boating safety laws administered by the state parks and recreation commission provide Washington's citizens with clear and reasonable boating safety regulations and penalties. Therefore, the legislature intends to recodify, clarify, and partially decriminalize the state-wide boating safety laws in order to help the boating community understand and comply with these laws.

It is also the intent of the legislature to increase boat registration fees in order to provide additional funds to local governments for boating safety enforcement and education programs. The funds are to be used for enforcement, education, training, and equipment, including vessel noise measurement equipment. The legislature encourages programs that provide boating safety education in the primary and secondary school system for boat users and potential future boat users. The legislature also encourages boating safety programs that use volunteer and private sector efforts to enhance boating safety and education." [1993 c 244 § 1.]

88.12.015 Violations of chapter punishable as misdemeanor—Circumstances—Violations designated as civil infractions. (1) It is a misdemeanor, punishable under RCW 9.92.030, for any person to commit a violation designated as an infraction under this chapter, if during a period of three hundred sixty-five days the person has previously committed two infractions for violating the same provision under this chapter and if the violation is also committed during such period and is of the same provision as the previous violations.

(2) A violation designated in this chapter as a civil infraction shall constitute a misdemeanor until the violation is included in a civil infraction monetary schedule adopted by rule by the state supreme court pursuant to chapter 7.84 RCW. [1993 c 244 § 6.]

Intent—1993 c 244: See note following RCW 88.12.010.

88.12.020 Operation of vessel in a negligent manner—Penalty. A person shall not operate a vessel in a negligent manner. For the purposes of this section, to "operate in a negligent manner" means operating a vessel in disregard of careful and prudent operation, or in disregard of careful and prudent rates of speed that are no greater than is reasonable and proper under the conditions existing at the point of operation, taking into account the amount and character of traffic, size of the lake or body of water, freedom from obstruction to view ahead, effects of vessel wake, and so as not to unduly or unreasonably endanger life, limb, property or other rights of any person entitled to the use of such waters. Except as provided in RCW 88.12.015, a violation of this section is an infraction under chapter 7.84 RCW. [1993 c 244 § 7; 1933 c 72 § 2; RRS § 9851-2.]

Reviser's note: This section was directed to be recodified by 1993 c 244 as part of a general reorganization of this chapter. The code reviser determined that the existing RCW number was appropriate under the new scheme and that recodification was not necessary.

Intent—1993 c 244: See note following RCW 88.12.010.

88.12.025 Operation of vessel in a reckless manner—Operation of a vessel under the influence of intoxicating liquor—Penalty. (1) It shall be unlawful for any person to operate a vessel in a reckless manner.

(2) It shall be a violation for a person to operate a vessel while under the influence of intoxicating liquor or any drug. A person is considered to be under the influence of intoxicating liquor or any drug if:

(a) The person has 0.10 grams or more of alcohol per two hundred ten liters of breath, as shown by analysis of the person's breath made under RCW 46.61.506; or

(b) The person has 0.10 percent or more by weight of alcohol in the person's blood, as shown by analysis of the person's blood made under RCW 46.61.506; or

(c) The person is under the influence of or affected by intoxicating liquor or any drug; or

(d) The person is under the combined influence of or affected by intoxicating liquor and any drug.

The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section. A person cited under this subsection may upon request be given a breath test for breath alcohol or may request to have a blood sample taken for blood alcohol analysis. An arresting officer shall administer field sobriety tests when circumstances permit.

(3) A violation of this section is a misdemeanor, punishable as provided under RCW 9.92.030. In addition, the court may order the defendant to pay restitution for any damages or injuries resulting from the offense. [1993 c 244 § 8. Prior: 1990 c 231 § 3; 1990 c 31 § 1; 1987 c 373 § 6; 1986 c 153 § 6; 1985 c 267 § 2. Formerly RCW 88.12.100, 88.02.095.]

Intent—1993 c 244: See note following RCW 88.12.010.

Effective date—Severability—1990 c 231: See notes following RCW 88.12.125.

Legislative finding, purpose—Severability—1987 c 373: See notes following RCW 46.61.502.

88.12.035 Failure to stop for law enforcement officer. Any operator of a vessel who willfully fails to stop when requested or signaled to do so by a person reasonably identifiable as a law enforcement officer is guilty of a gross misdemeanor. [1990 c 235 § 1. Formerly RCW 88.12.110, 88.08.070.]

88.12.045 Eluding a law enforcement vessel. Any operator of a vessel who willfully fails or refuses to immediately bring the vessel to a stop and who operates the vessel in a manner indicating a wanton or willful disregard for the lives or property of others while attempting to elude a pursuing law enforcement vessel, after being given a visual or audible signal to bring the vessel to a stop, shall be guilty of a class C felony punishable under chapter 9A.20 RCW. The signal given by the law enforcement officer may be by hand, voice, emergency light, or siren. The officer giving such a signal shall be in uniform and his or her vessel shall be appropriately marked showing it to be an official law enforcement vessel. [1990 c 235 § 2. Formerly RCW 88.12.120, 88.08.080.]

88.12.055 Enforcement—Chapter to supplement federal law. (1) Every law enforcement officer of this state and its political subdivisions has the authority to enforce this chapter. Law enforcement officers may enforce recreational boating rules adopted by the commission. Such law enforcement officers include, but are not limited to, county sheriffs, officers of other local law enforcement entities, wildlife agents and fisheries patrol officers of the department of fish and wildlife, through the director, the state patrol, through its chief, and state park rangers. In the exercise of this responsibility, all such officers may stop and board any vessel and direct it to a suitable pier or anchorage to enforce this chapter.

(2) This chapter shall be construed to supplement federal laws and regulations. To the extent this chapter is inconsistent with federal laws and regulations, the federal laws and regulations shall control. [1994 c 264 § 80; 1993 c 244 § 9; 1988 c 36 § 73; 1986 c 217 § 10. Formerly RCW 88.12.330, 91.14.100.]

Intent—1993 c 244: See note following RCW 88.12.010.

88.12.065 Equipment standards—Rules—Penalty. In addition to the equipment standards prescribed under this chapter, the commission shall adopt rules specifying equipment standards for vessels. Except where the violation is classified as a misdemeanor under this chapter, violation of any equipment standard adopted by the commission is an infraction under chapter 7.84 RCW. [1993 c 244 § 10.]

Intent—1993 c 244: See note following RCW 88.12.010.

88.12.075 Tampering with vessel lights or signals—Exhibiting false lights or signals—Penalty. An operator or owner who endangers a vessel, or the persons on board the vessel, by showing, masking, extinguishing, altering, or removing any light or signal or by exhibiting any false light or signal, is guilty of a misdemeanor, punishable as provided in RCW 9.92.030. [1993 c 244 § 11.]

Intent—1993 c 244: See note following RCW 88.12.010.

88.12.085 Muffler or underwater exhaust system required—Exemptions—Enforcement—Penalty. (1) All motor-propelled vessels shall be equipped and maintained with an effective muffler that is in good working order and in constant use. For the purpose of this section, an effective muffler or underwater exhaust system does not produce sound levels in excess of ninety decibels when subjected to a stationary sound level test that shall be prescribed by rules adopted by the commission, as of July 25, 1993, and for engines manufactured on or after January 1, 1994, a noise level of eighty-eight decibels when subjected to a stationary sound level test that shall be prescribed by rules adopted by the commission.

(2) A vessel that does not meet the requirements of subsection (1) of this section shall not be operated on the waters of this state.

(3) No person may operate a vessel on waters of the state in such a manner as to exceed a noise level of seventy-five decibels measured from any point on the shoreline of the body of water on which the vessel is being operated that shall be specified by rules adopted by the commission, as of July 25, 1993. Such measurement shall not preclude a stationary sound level test that shall be prescribed by rules adopted by the commission.

(4) This section does not apply to: (a) A vessel tuning up, testing for, or participating in official trials for speed records or a sanctioned race conducted pursuant to a permit issued by an appropriate governmental agency; or (b) a vessel being operated by a vessel or marine engine manufacturer for the purpose of testing or development. Nothing in this subsection prevents local governments from adopting ordinances to control the frequency, duration, and location of vessel testing, tune-up, and racing.

(5) Any officer authorized to enforce this section who has reason to believe that a vessel is not in compliance with the noise levels established in this section may direct the operator of the vessel to submit the vessel to an on-site test to measure noise level, with the officer on board if the officer chooses, and the operator shall comply with such request. If the vessel exceeds the decibel levels established in this section, the officer may direct the operator to take immediate and reasonable measures to correct the violation.

(6) Any officer who conducts vessel sound level tests as provided in this section shall be qualified in vessel noise testing. Qualifications shall include but may not be limited to the ability to select the appropriate measurement site and the calibration and use of noise testing equipment.

(7) A person shall not remove, alter, or otherwise modify in any way a muffler or muffler system in a manner that will prevent it from being operated in accordance with this chapter.

(8) A person shall not manufacture, sell, or offer for sale any vessel that is not equipped with a muffler or muffler system that does not comply with this chapter. This subsection shall not apply to power vessels designed, manufactured, and sold for the sole purpose of competing in racing events and for no other purpose. Any such exemption or exception shall be documented in any and every sale agreement and shall be formally acknowledged by signature on the part of both the buyer and the seller. Copies of the agreement shall

be maintained by both parties. A copy shall be kept on board whenever the vessel is operated.

(9) Except as provided in RCW 88.12.015, a violation of this section is an infraction under chapter 7.84 RCW.

(10) Vessels that are equipped with an engine modified to increase performance beyond the engine manufacturer's stock configuration shall have an exhaust system that complies with the standards in this section after January 1, 1994. Until that date, operators or owners, or both, of such vessels with engines that are out of compliance shall be issued a warning and be given educational materials about types of muffling systems available to muffle noise from such high performance engines.

(11) Nothing in this section preempts a local government from exercising any power that it possesses under the laws or Constitution of the state of Washington to adopt more stringent regulations. [1993 c 244 § 39.]

Intent—1993 c 244: See note following RCW 88.12.010.

88.12.095 Personal flotation devices—Inspection and approval—Rules. (1) The commission shall adopt rules providing for its inspection and approval of the personal flotation devices that may be used to satisfy the requirements of this chapter and governing the manner in which such devices shall be used. The commission shall prescribe the different types of devices that are appropriate for the different uses, such as water skiing or operation of a personal watercraft. In adopting its rules the commission shall consider the United States coast guard rules or regulations. The commission may approve devices inspected and approved by the coast guard without conducting any inspection of the devices itself.

(2) In situations where personal flotation devices are required under provisions of this chapter, the devices shall be in good and serviceable condition and of appropriate size. 88.12.285 Uniform waterway marking system. The parks and recreation commission is hereby directed to develop and adopt rules establishing a uniform waterway marking system for waters of the state not serviced by such a marking system administered by the federal government. Such system shall be designed to provide for standardized waterway marking buoys, floats, and other waterway marking devices which identify or specify waterway hazards, vessel traffic patterns, and similar information of necessity or use to boaters. Any new or replacement waterway marking buoy, float, or device installed by a unit of local government shall be designed and installed consistent with rules adopted by the parks and recreation commission pursuant to this section. [1987 c 427 § 3. Formerly RCW 88.12.350, 43.51.404.]

88.12.295 Findings—Sewage disposal initiative established—Boater environmental education—Waterway access facilities. The legislature finds that the waters of Washington state provide a unique and valuable recreational resource to large and growing numbers of boaters. Proper stewardship of, and respect for, these waters requires that, while enjoying them for their scenic and recreational benefits, boaters must exercise care to assure that such activities do not contribute to the despoliation of these waters, and that watercraft be operated in a safe and responsible manner. The legislature has specifically addressed the topic of access to clean and safe waterways by requiring the 1987 boating safety study and by establishing the Puget Sound water quality authority.

The legislature finds that there is a need to educate Washington's boating community about safe and responsible actions on our waters and to increase the level and visibility of the enforcement of boating laws. To address the incidence of fatalities and injuries due to recreational boating on our state's waters, local and state efforts directed towards safe boating must be stimulated. To provide for safe waterways and public enjoyment, portions of the watercraft excise tax and boat registration fees should be made available for boating safety and other boating recreation purposes.

In recognition of the need for clean waterways, and in keeping with the Puget Sound water quality authority's 1987 management plan, the legislature finds that adequate opportunities for responsible disposal of boat sewage must be made available. There is hereby established a five-year initiative to install sewage pumpout or sewage dump stations at appropriate marinas.

To assure the use of these sewage facilities, a boater environmental education program must accompany the five-year initiative and continue to educate boaters about boat wastes and aquatic resources.

The legislature also finds that, in light of the increasing numbers of boaters utilizing state waterways, a program to acquire and develop sufficient waterway access facilities for boaters must be undertaken.

To support boating safety, environmental protection and education, and public access to our waterways, the legislature declares that a portion of the income from boating-related activities, as specified in RCW 82.49.030 and 88.02.040, should support these efforts. [1989 c 393 § 1. Formerly RCW 88.12.360, 88.36.010.]

88.12.305 Identification and designation of polluted and environmentally sensitive areas. The commission, in consultation with the departments of ecology, fish and wildlife, natural resources, social and health services, and the Puget Sound water quality authority shall conduct a literature search and analyze pertinent studies to identify areas which are polluted or environmentally sensitive within the state's waters. Based on this review the commission shall designate appropriate areas as polluted or environmentally sensitive, for the purposes of chapter 393, Laws of 1989 only. [1994 c 264 § 81; 1989 c 393 § 3. Formerly RCW 88.12.380, 88.36.030.]

88.12.315 Designation of marinas, boat launches, or boater destinations for installation of sewage pumpout or dump units. (1) A marina which meets one or more of the following criteria shall be designated by the commission as appropriate for installation of a sewage pumpout or dump unit:

(a) The marina is located in an environmentally sensitive or polluted area; or

(b) The marina has one hundred twenty-five slips or more and there is a lack of sewage pumpout or dump units within a reasonable distance.

(2) In addition to subsection (1) of this section, the commission may at its discretion designate a marina as appropriate for installation of a sewage pumpout or dump unit if there is a demonstrated need for a sewage pumpout or dump unit at the marina based on professionally conducted studies undertaken by federal, state, or local government, or the private sector; and it meets the following criteria:

(a) The marina provides commercial services, such as sales of food, fuel or supplies, or overnight or live-aboard moorage opportunities;

(b) The marina is located at a heavily used boating destination or on a heavily traveled route, as determined by the commission; or

(c) There is a lack of adequate sewage pumpout or dump unit capacity within a reasonable distance.

(3) Exceptions to the designation made under this section may be made by the commission if no sewer, septic, water, or electrical services are available at the marina.

(4) In addition to marinas, the commission may designate boat launches or boater destinations as appropriate for installation of a sewage pumpout or dump unit based on the criteria found in subsections (1) and (2) of this section. [1993 c 244 § 32; 1989 c 393 § 4. Formerly RCW 88.12.390, 88.36.040.]

(1) Marinas and boat launches designated as appropriate for installation of a sewage pumpout or dump unit under RCW 88.12.315 shall be eligible for funding support for installation of such facilities from funds specified in RCW 88.12.375. The commission shall notify owners or operators of all designated marinas and boat launches of the designation, and of the availability of funding to support installation of appropriate sewage disposal facilities. The commission

shall encourage the owners and operators to apply for available funding.

(2) The commission shall seek to provide the most cost-efficient and accessible facilities possible for reducing the amount of boat waste entering the state's waters. The commission shall consider providing funding support for portable pumpout facilities in this effort.

(3) The commission shall contract with, or enter into an interagency agreement with another state agency to contract with, applicants based on the criteria specified below:

(a)(i) Contracts may be awarded to publicly owned, tribal, or privately owned marinas or boat launches.

(ii) Contracts may provide for state reimbursement to cover eligible costs as deemed reasonable by commission rule. Eligible costs include purchase, installation, or major renovation of the sewage pumpout or dump units, including sewer, water, electrical connections, and those costs attendant to the purchase, installation, and other necessary appurtenances, such as required pier space, as determined by the commission.

(iii) Ownership of the sewage pumpout or dump unit will be retained by the state through the commission in privately owned marinas. Ownership of the sewage pumpout or dump unit in publicly owned marinas will be held by the public entity.

(iv) Operation, normal and expected maintenance, and ongoing utility costs will be the responsibility of the contract recipient. The sewage pumpout or dump unit shall be kept in operating condition and available for public use at all times during operating hours of the facility, excluding necessary maintenance periods.

(v) The contract recipient agrees to allow the installation, existence and use of the sewage pumpout or dump unit by granting an irrevocable license for a minimum of ten years at no cost to the commission.

(b) Contracts awarded pursuant to (a) of this subsection shall be subject, for a period of at least ten years, to the following conditions:

(i) Any contract recipient entering into a contract under this section must allow the boating public access to the sewage pumpout or dump unit during operating hours.

(ii) The contract recipient must agree to monitor and encourage the use of the sewage pumpout or dump unit, and to cooperate in any related boater environmental education program administered or approved by the commission.

(iii) The contract recipient must agree not to charge a fee for the use of the sewage pumpout or dump unit.

(iv) The contract recipient must agree to arrange and pay a reasonable fee for a periodic inspection of the sewage pumpout or dump unit by the local health department or appropriate authority.

(v) Use of a free sewage pumpout or dump unit by the boating public shall be deemed to be included in the term "outdoor recreation" for the purposes of chapter 4.24 RCW. [1993 c 244 § 33; 1989 c 393 § 5. Formerly RCW 88.12.400, 88.36.050.]

88.12.500 Liquid petroleum gas leak warning devices—Findings. (1) The legislature finds that:

(a) Washington state has the greatest length of marine shoreline miles of the lower forty-eight states;

(b) Such marine waters and the extensive freshwater lakes and rivers of the state provide innumerable recreational opportunities, and support a state recreational vessel population that is one of the largest in the country;

(c) Many of Washington's popular recreational waters are remote from population centers and thus remote from emergency health care facilities;

(d) Washington's climate in the western portion of the state, in which its marine recreational waters lie, is cool and wet for much of the year. Much of the state's recreational vessel activity is conducted in the late fall and winter months in connection with fishing activities. For these reasons the great majority of Washington vessels are equipped with heating devices. These appliances are in use for a much greater portion of the boating season than in other states, and are predominantly fueled by liquid petroleum gas;

(e) Current state and federal standards governing heating and cooking appliances on vessels that are fueled by liquid petroleum gas do not adequately protect against undetected gas leaks. Such gas leaks have led to explosions on Washington waters, causing loss of life and property damage;

(f) The commission coordinates a state-wide program of boating safety education to communicate accident prevention information to boaters at risk of fires, explosions, and other hazards, and administers a boating accident reporting

program to assess the effectiveness of accident prevention measures.

(2) It is the intent of the legislature to address the state's unique local circumstances regarding inadequate protection of Washington's boaters from undetected leaks of liquid petroleum gas-fueled appliances by incorporating into the boating safety program an intensified boating fire prevention program with special emphasis on preventing fires and carbon monoxide poisoning caused by auxiliary fuels and appliances. [1994 c 151 § 1; 1993 c 469 § 1.]

Severability—1993 c 469: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 c 469 § 7.]

Effective date—1993 c 469: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 17, 1993]." [1993 c 469 § 8.]

88.12.505 Recreational boating fire prevention education program. The commission shall undertake a state-wide recreational boating fire prevention education program concerning the safe use of marine fuels and electrical systems and the hazards of carbon monoxide. The boating fire prevention education program shall provide for the distribution of fire safety materials and decals warning of fire hazards and for educational opportunities to educate boaters on the safety practices needed to operate heaters, stoves, and other appliances in Washington's unique aquatic environment. The commission shall evaluate the boating public's voluntary participation in the program and the program's impact on safe boating. [1994 c 151 § 2.]

88.16.005 Legislative declaration of policy and intent. The legislature finds and declares that it is the policy of the state of Washington to prevent the loss of human lives, loss of property and vessels, and to protect the marine environment of the state of Washington through the sound application of compulsory pilotage provisions in certain of the state waters.

The legislature further finds and declares that it is a policy of the state of Washington to have pilots experienced in the handling of vessels aboard vessels in certain of the state waters with prescribed qualifications and licenses issued by the state.

It is the intent of the legislature to ensure against the loss of lives, loss or damage to property and vessels, and to protect the marine environment through the establishment of a board of pilotage commissioners representing the interests of the people of the state of Washington.

It is the further intent of the legislature not to place in jeopardy Washington's position as an able competitor for waterborne commerce from other ports and nations of the world, but rather to continue to develop and encourage such commerce. [1977 ex.s. c 337 § 1.]

Severability—1977 ex.s. c 337: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 337 § 18.]

88.16.050 Pilotage districts and waters affected. This chapter shall apply to the pilotage districts of this state as defined in this section.

(1) "Puget Sound pilotage district", whenever used in this chapter, shall be construed to mean and include all the waters of the state of Washington inside the international boundary line between the state of Washington, the United States and the province of British Columbia, Canada and east of one hundred twenty-three degrees twenty-four minutes west longitude.

(2) "Grays Harbor pilotage district" shall include all inland waters, channels, waterways, and navigable tributaries within Grays Harbor and Willapa Harbor. The boundary line between Grays Harbor and Willapa Harbor and the high seas shall be defined by the board. [1987 c 485 § 3; 1979 ex.s. c 207 § 2; 1977 ex.s. c 337 § 5; 1971 ex.s. c 297 § 2; 1967 c 15 § 2; 1935 c 18 § 3; RRS § 9871-3.]

Severability—1977 ex.s. c 337: See note following RCW 88.16.005.

88.16.061 Pilotage account. The account in the general fund designated in RCW 43.79.330(17) as the "Puget Sound pilotage account" is hereby redesignated as the "pilotage account". [1967 c 15 § 11.]

88.16.070 Vessels exempted and included under chapter—Penalty. All vessels under enrollment and all United States and Canadian vessels engaged exclusively in the coasting trade on the west coast of the continental United States (including Alaska) and/or British Columbia shall be exempt from the provisions of this chapter unless a pilot licensed under this chapter be actually employed, in which case the pilotage rates provided for in this chapter shall apply. However, the board shall, upon the written petition of any interested party, and upon notice and hearing, grant an exemption from the provisions of this chapter to any vessel that the board finds is a small passenger vessel or yacht which is not more than five hundred gross tons (international), does not exceed two hundred feet in length, and is operated exclusively in the waters of the Puget Sound pilotage district and lower British Columbia. Such an exemption shall not be detrimental to the public interest in regard to safe operation preventing loss of human lives, loss of property, and protecting the marine environment of the state of Washington. Such petition shall set out the general description of the vessel, the contemplated use of same, the proposed area of operation, and the name and address of the vessel's owner. The board shall annually, or at any other time when in the public interest, review any exemptions granted to this specified class of small vessels to insure that each exempted vessel remains in compliance with the original exemption. The board shall have the authority to revoke such exemption where there is not continued compliance with the requirements for exemption. The board shall maintain a file which shall include all petitions for exemption, a roster of vessels granted exemption, and the board's written decisions which shall set forth the findings for grants of exemption. The board shall report annually to the legislature on such exemptions. Every vessel not so exempt, shall while navigating the Puget Sound and Grays Harbor and Willapa Bay pilotage districts, employ a pilot licensed under the provisions of this chapter and shall be liable for and pay pilotage rates in accordance with the pilotage rates herein established or which may hereafter be established under the provisions of this chapter: PROVIDED, That any vessel inbound to or outbound from Canadian ports is exempt from the provisions of this section, if said vessel actually employs a pilot licensed by the Pacific pilotage authority (the pilot licensing authority for the western district of Canada), and if it is communicating with the vessel traffic system and has appropriate navigational charts, and if said vessel uses only those waters east of the international boundary line which are west of a line which begins at the southwestern edge of Point Roberts then to Alden Point (Patos Island), then to Skipjack Island light, then to Turn Point (Stuart Island), then to Kelleet Bluff (Henry Island), then to Lime Kiln (San Juan Island) then to the intersection of one hundred twenty-three degrees seven minutes west longitude and forty-eight degrees twenty-five minutes north latitude then to the international boundary. The board shall correspond with the Pacific pilotage authority from time to

time to ensure the provisions of this section are enforced. If any exempted vessel does not comply with these provisions it shall be deemed to be in violation of this section and subject to the penalties provided in RCW 88.16.150 as now or hereafter amended and liable to pilotage fees as determined by the board. The board shall investigate any accident on the waters covered by this chapter involving a Canadian pilot and shall include the results in its annual report. [1987 c 194 § 2; 1977 ex.s. c 337 § 6; 1971 ex.s. c 297 § 3; 1967 c 15 § 3; 1935 c 18 § 4; RRS § 9871-4.]

Intent—1987 c 194: "The legislature intends to provide a limited exemption from the provisions of this chapter for a specified class of small vessels registered as passenger vessels or yachts. It is not the intent of the legislature that such an exemption shall be a precedent for future exemptions of other classes of vessels from the provisions of this chapter." [1987 c 194 § 1.]

Severability—1977 ex.s. c 337: See note following RCW 88.16.005.

88.16.090 Pilots' licenses—Qualifications—Duration—Annual fee—Written and oral examinations—Physical examinations—Familiarization trips—Penalty—Reporting requirements. (1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee established by the board of pilotage commissioners pursuant to chapter 34.05 RCW, but not to exceed one thousand five hundred dollars, to be placed in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board

which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active

duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots. 88.16.100 Pilots' licenses—Revocation, suspension, etc., of—Reprimand or fine—Other disciplinary actions—Procedure—Judicial review. (1) The board shall have power on its own motion or, in its discretion, upon the written request of any interested party, to investigate the performance of pilotage services subject to this chapter and to issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the license of any pilot, or any combination of the above, for misconduct, incompetency, inattention to duty, intoxication, or failure to perform his duties under this chapter, or violation of any of the rules or regulations provided by the board for the government of pilots. The board may partially or totally stay any disciplinary action authorized in this subsection and subsection (2) of this section. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(2) In all instances where a pilot licensed under this chapter performs pilot services on a vessel exempt under RCW 88.16.070, the board may on its own motion, or in its discretion upon the written request of any interested party, investigate whether the services were performed in a professional manner consistent with sound maritime practices. If the board finds that the pilotage services were performed in a manner that constitutes an act of incompetence, misconduct, or negligence so as to endanger life, limb, or property, or violated or failed to comply with state laws or regulations intended to promote marine safety or to protect navigable waters, the board may issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the state pilot license, or any combination of the above. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(3) The board shall implement a system of specified disciplinary actions or corrective actions, including training or treatment, that will be taken when a state licensed pilot in a specified period of time has had multiple disciplinary

actions taken against the pilot's license pursuant to subsections (1) and (2) of this section. In developing these disciplinary or corrective actions, the board shall take into account the cause of the disciplinary action and the pilot's previous record.

(4) The board shall immediately review the pilot's license of a pilot who has been convicted within the prior twelve months of any offense involving drugs or the personal consumption of alcohol while on duty, including an offense of operation of a vehicle or vessel while under the influence of alcohol or drugs. After a hearing held pursuant to subsection (5) of this section:

(a) The board shall order a pilot who has been found to have been convicted within the prior twelve months of an offense involving drugs or the personal consumption of alcohol while on duty and who has not been convicted of another offense involving drugs or the personal consumption of alcohol in the previous five years to actively participate in and satisfactorily complete a specific program of treatment. The board may impose other sanctions it determines are appropriate. If the pilot does not satisfactorily complete the program of treatment, the board shall suspend, revoke, or withhold the pilot's license until the treatment is completed; and

(b) The board shall suspend for up to one year the license of a pilot found to have been convicted within the prior twelve months of a second or subsequent offense involving drugs or the personal consumption of alcohol while on duty.

(5) When the board determines that reasonable cause exists to issue a reprimand, impose a fine, suspend, revoke, or withhold any pilot's license or require training or treatment under subsection (1), (2), or (4) of this section, it shall forthwith prepare and personally serve upon such pilot a notice advising him of the board's intended action, the specific grounds therefor, and the right to request a hearing to challenge the board's action. The pilot shall have thirty days from the date on which notice is served to request a full hearing before an administrative law judge on the issue of the reprimand, fine, suspension, revocation, or withholding of his pilot's license, or requiring treatment or training. The board's proposed reprimand, fine, suspension, revocation, or withholding of a license, or requiring treatment or training shall become final upon the expiration of thirty days from the date notice is served, unless a hearing has been requested prior to that time. When a hearing is requested the board shall request the appointment of an administrative law judge under chapter 34.12 RCW who has sufficient experience and familiarity with pilotage matters to be able to conduct a fair and impartial hearing. The hearing shall be governed by the provisions of Title 34 RCW. All final decisions of the administrative law judge shall be subject to review by the superior court of the state of Washington for Thurston county or by the superior court of the county in which the pilot maintains his residence or principal place of business, to which court any case with all the papers and proceedings therein shall be immediately certified by the administrative law judge if requested to do so by any party to the proceedings at any time within thirty days after the date of any such final decision. No appeal may be taken after the expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be

tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action. Moneys collected from fines under this section shall be deposited in the pilotage account.

(6) The board shall have the power, on an emergency basis, to temporarily suspend a state pilot's license: (a) When a pilot has been involved in any vessel accident where there has been major property damage, loss of life, or loss of a vessel, or (b) where there is a reasonable cause to believe that a pilot has diminished mental capacity or is under the influence of drugs, alcohol, or other substances, when in the opinion of the board, such an accident or physical or mental impairment would significantly diminish that pilot's ability to carry out pilotage duties and that the public health, safety, and welfare requires such emergency action. The board shall make a determination within seventy-two hours whether to continue the suspension. The board shall develop rules for exercising this authority including procedures for the chairperson or vice-chairperson of the board to temporarily order such suspensions, emergency meetings of the board to consider such suspensions, the length of suspension, opportunities for hearings, and an appeal process. The board shall develop rules under chapter 34.05 RCW.

(7) The board shall immediately notify the United States coast guard that it has revoked or suspended a license pursuant to this section and that a suspended or revoked license has been reinstated. 88.16.103 Mandatory rest periods for pilots—Rules—Pilot to refuse assignment, when, report—Penalty.

(1) Pilots, after completion of an assignment or assignments which are seven hours or longer in duration, shall receive a mandatory rest period of seven hours.

(2) A pilot shall refuse a pilotage assignment if the pilot is physically or mentally fatigued or if the pilot has a reasonable belief that the assignment cannot be carried out in a competent and safe manner. Upon refusing an assignment as herein provided a pilot shall submit a written

explanation to the board within forty-eight hours. If the board finds that the pilot's written explanation is without merit, or reasonable cause did not exist for the assignment refusal, such pilot may be subject to the provisions of RCW 88.16.100.

(3) The board shall quarterly review the dispatch records of pilot organizations or pilot's quarterly reports to ensure the provisions of this section are enforced. The board may prescribe rules for rest periods pursuant to chapter 34.05 RCW. [1986 c 122 § 2; 1977 ex.s. c 337 § 9.]

88.16.105 Size and type of vessels prescribed for newly licensed pilot—Rules. The board shall prescribe, pursuant to chapter 34.05 RCW, rules governing the size and type of vessels which a newly licensed pilot may be assigned to pilot on the waters of this state and whether the assignment involves docking or undocking a vessel. The rules shall also prescribe required familiarization trips before a newly licensed pilot may pilot a larger or different type of vessel. Such rules shall be for the first five-year period in which pilots are actually employed. [1991 c 200 § 1003; 1987 c 264 § 3; 1977 ex.s. c 337 § 10.]

88.16.110 Pilots to file quarterly report—Contents. (1) Every pilot licensed under this chapter shall file with the board not later than the tenth day of January, April, July and October of each year a report for the preceding quarter. Said report shall contain an account of all moneys received for pilotage by him or her or by any other person for the pilot or on the pilot's account or for his or her benefit. Said report shall state the name of each vessel piloted, the amount charged to and/or collected from each vessel, the port of registry of such vessel, its dead weight tonnage, whether it was inward or outward bound, whether the amount so received, collected or charged is in full payment of pilotage and such other information as the board shall by regulation prescribe.

(2) The report shall include information for each vessel that suffers a grounding, collision, or other major marine casualty that occurred while the pilot was on duty during the reporting period. The report shall also include information on near miss incidents as defined in RCW 88.46.100. Information concerning near miss incidents provided pursuant to this section shall not be used for imposing any sanctions or penalties. The board shall forward information provided under this subsection to the office of marine safety for inclusion in the collision reporting system established under RCW 88.46.100. [1991 c 200 § 1004; 1935 c 18 § 7; RRS § 9871-7. Prior: 1888 p 178 § 22.]

88.16.115 Limiting liability of pilots—Deemed in public interest. The preservation of human life and property associated with maritime commerce on the pilotage waters of this state is declared to be in the public interest, and the limitation and regulation of the liability of pilots licensed by the state of Washington is necessary to such preservation and is deemed to be in the public interest. [1981 c 196 § 1.]

Report to legislature and governor—1981 c 196: "Prior to January 5, 1983, the board of pilotage commissioners shall forward to the legislature and governor a report concerning the implementation of sections 1 through 3 of this act." [1981 c 196 § 4.] Sections 1 through 3 of this act consist of the enactment of RCW 88.16.115, 88.16.116, and 88.16.117.

88.16.118 Limiting liability of pilots—Liability of vessel, owner, or operator not limited. A ship's pilot licensed to act as such by the state of Washington shall not be liable for damages in excess of the amount of five thousand dollars for damages or loss occasioned by the pilot's errors, omissions, fault, or neglect in the performance of pilotage services, except as may arise by reason of the wilful misconduct or gross negligence of the pilot.

When a pilot boards a vessel, that pilot becomes a servant of the vessel and its owner and operator. Nothing in this section exempts the vessel, its owner or operator from liability for damage or loss occasioned by that ship to a person or property on the ground that (1) the ship was piloted by a Washington state licensed pilot, or (2) the damage or loss was occasioned by the error, omission, fault, or neglect of a Washington state licensed pilot. [1984 c 69 § 1.]

88.16.120 Failure to observe pilotage rate—Penalty. No pilot shall charge, collect or receive and no person, firm, corporation or association shall pay for pilotage or other services performed hereunder any greater, less or different amount, directly or indirectly, than the rates or charges herein established or which may be hereafter fixed by the board pursuant to this chapter. Any pilot, person, firm, corporation or association violating the provisions of this section shall be guilty of a misdemeanor and shall be punished pursuant to RCW 88.16.150 as now or hereafter amended, said prosecution to be conducted by the attorney general or the prosecuting attorney of any county wherein the offense or any part thereof was committed. [1987 c 485 § 4; 1977 ex.s. c 337 § 13; 1967 c 15 § 4; 1935 c 18 § 6; RRS § 9871-6.]

88.16.130 Unlicensed pilot liable for payment of rates—Penalty for refusing to employ licensed pilot. Any person not holding a license as pilot under the provisions of this chapter who pilots any vessel subject to the provisions of this chapter on waters covered by this chapter shall pay to the board the pilotage rates payable under the provisions of this chapter. Any master or owner of a vessel required to employ a pilot licensed under the provisions of this chapter who refuses to do so when such a pilot is available shall be punished pursuant to RCW 88.16.150 as now or hereafter

amended and shall be imprisoned in the county jail of the county wherein he is so convicted until said fine and the costs of his prosecution are paid. [1977 ex.s. c 337 § 14; 1967 c 15 § 8; 1935 c 18 § 11; RRS § 9871-11. Prior: 1907 c 147 § 4.]

Severability—1977 ex.s. c 337: See note following RCW 88.16.005.

88.16.135 Assignment of pilots to vessels—Request that pilot not be assigned—Hearing on request. Any steamship company or agent may submit a request in writing to the board that a particular pilot not be assigned to pilot that company's vessels. The request shall be based on specific safety concerns of the steamship company or agent.

The board shall notify interested persons and hold a hearing on that request, and either approve or disapprove the request. If the request is approved, the board shall notify the affected pilot and give the pilot a specific list of vessels for which that pilot shall not provide pilotage services. [1987 c 485 § 6.]

88.16.140 Pilot's lien for compensation. Each vessel, its tackle, apparel and furniture and the owner thereof shall be jointly and severally liable for the compensation of any pilot employed thereon and such pilot shall have a lien upon such vessel, her tackle, apparel and furniture for such compensation. [1935 c 18 § 15; RRS § 9871-15. Prior: 1907 c 147 § 2; 1888 p 178 § 23.]

88.16.150 General penalty—Civil penalty—Jurisdiction—Disposition of fines—Failure to inform of special directions, gross misdemeanor. (1) In all cases where no other penalty is prescribed in this chapter, any violation of this chapter or of any rule or regulation of the board shall be punished as a gross misdemeanor, and all violations may be prosecuted in any court of competent jurisdiction in any county where the offense or any part thereof was committed. In any case where the offense was committed upon a ship, boat or vessel, and there is doubt as to the proper county, the same may be prosecuted in any county through any part of which the ship, boat or vessel passed, during the trip upon which the offense was committed. All fines collected for any violation of this chapter or any rule or regulation of the board shall within thirty days be paid by the official collecting the same to the state treasurer and shall be credited to the pilotage account: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended.

(2) Notwithstanding any other penalty imposed by this section, any person who shall violate the provisions of this chapter, shall be liable to a maximum civil penalty of five thousand dollars. The board may request the attorney general or the prosecuting attorney of the county in which any violation of this chapter occurs to bring an action for imposing the civil penalties provided for in this subsection.

Moneys collected from civil penalties shall be deposited in the pilotage account.

(3) Any master of a vessel who shall knowingly fail to inform the pilot dispatched to said vessel or any agent, owner, or operator, who shall knowingly fail to inform the

pilot dispatcher, or any dispatcher who shall knowingly fail to inform the pilot actually dispatched to said vessel of any special directions mandated by the coast guard captain of the port under authority of the Ports and Waterways Safety Act of 1972, as amended, for the handling of such vessel shall be guilty of a gross misdemeanor. [1987 c 485 § 5; 1987 c 202 § 247; 1977 ex.s. c 337 § 8; 1969 ex.s. c 199 § 41; 1967 c 15 § 7; 1935 c 18 § 10; RRS § 9871-10. Prior: 1888 p 179 § 27.]

Reviser's note: This section was amended by 1987 c 202 § 247 and by 1987 c 485 § 5, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

(1) The master of any vessel which employs a Washington licensed pilot shall certify on a form prescribed by the board of pilotage commissioners that the vessel complies with:

(a) Such provisions of the United States coast guard regulations governing the safety and navigation of vessels in United States waters, as codified in Title 33 of the code of federal regulations, as the board may prescribe; and

(b) The provisions of current international agreements governing the safety, radio equipment, and pollution of vessels and other matters as ratified by the United States Senate and prescribed by the board.

(2) The master of any vessel which employs a Washington licensed pilot shall be prepared to produce, and any Washington licensed pilot employed by a vessel shall request to see, certificates of the vessel which certify and indicate that the vessel complies with subsection (1) of this section and the rules of the board promulgated pursuant to subsection (1) of this section.

(3) If the master of a vessel which employs a Washington licensed pilot cannot certify that the vessel complies with subsection (1) of this section and the rules of the board adopted pursuant to subsection (1) of this section, the master shall certify that:

(a) The vessel will comply with subsection (1) of this section before the time the vessel is scheduled to leave the waters of Washington state; and

(b) The coast guard captain of the port was notified of the noncomplying items when they were determined; and

(c) The coast guard captain of the port has authorized the vessel to proceed under such conditions as prescribed by the coast guard pursuant to its authority under federal statutes and regulations.

(4) After the board has prescribed the form required under subsection (1) of this section, no Washington licensed pilot shall offer pilotage services to any vessel on which the master has failed to make a certification required by this section. If the master fails to make a certification required by this section, the master shall:

(a) Disembark from the vessel as soon as practicable; and

(b) Immediately inform the port captain of the conditions and circumstances by the best possible means; and

(c) Forward a written report to the board no later than twenty-four hours after disembarking from the vessel.

(5) Any Washington licensed pilot who offers pilotage services to a vessel on which the master has failed to make a certification required by this section or the rules of the board adopted under this section shall be subject to RCW 88.16.150, as now or hereafter amended, and RCW 88.16.100, as now or hereafter amended.

(6) The board shall revise the requirements enumerated in this section as necessary to reflect changes in coast guard regulations, federal statutes, and international agreements. All actions of the board under this section shall comply with chapters 34.05 and 42.30 RCW. The board shall prescribe the time of and method for retention of forms which have been signed by the master of a vessel in accordance with the provisions of this section.

(7) This section shall not apply to the movement of dead ships. The board shall prescribe pursuant to chapter 34.05 RCW, after consultation with the coast guard and interested persons, for the movement of dead ships and the certification process thereon. [1977 ex.s. c 337 § 11.]

Severability—1977 ex.s. c 337: See note following RCW 88.16.005.

88.16.160 Severability and short title. If any section, subsection, sentence, clause or phrase of this chapter is for any reason held to be invalid, such decision shall not affect the validity of the remaining provisions of this chapter. This chapter may be cited as the "Pilotage Act." [1967 c 15 § 10; 1935 c 18 § 17; RRS § 9871-16.]

88.16.170 Oil tankers—Intent and purpose. Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Puget Sound and adjacent waters are a relatively confined salt water environment with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such tankers have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the Columbia river and on Puget Sound and its shorelines by requiring all oil tankers above a certain size to employ licensed pilots and to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters. [1991 c 200 § 601; 1975 1st ex.s. c 125 § 1.]

Effective dates—Severability—1991 c 200: See RCW 90.56.901 and 90.56.904.

Severability—1975 1st ex.s. c 125: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1975 1st ex.s. c 125 § 6.]

Study authorized and directed: "The House and Senate Transportation and Utilities Committees are authorized and directed to study the feasibility, benefits, and disadvantages of requiring similar pilot and tug assistance for vessels carrying other potentially hazardous materials and to submit their findings and recommendations prior to the 45th session of the Washington legislature in January, 1977. Such study shall also include a report on the feasibility, benefits and disadvantages of requiring vessels under tug escort to observe a speed limit, and such study shall include a discussion of the impact of a speed limit on the maneuverability of the vessel, the effectiveness of the tug escort and other legal and technical considerations material and relevant to the required study. Such study shall also include an evaluation and recommendations as to whether there should be a transfer of all duties and responsibilities of the board of pilotage commissioners to the Washington utilities and transportation commission or other state agency, and alternate methods for establishing fair and equitable rates for tug escort and pilot transfer." [1975 1st ex.s. c 125 § 5.]

88.16.180 Oil tankers—State licensed pilot required. Notwithstanding the provisions of RCW 88.16.070, any registered oil tanker of five thousand gross tons or greater, shall be required:

(1) To take a Washington state licensed pilot while navigating Puget Sound and adjacent waters and shall be liable for and pay pilotage rates pursuant to RCW 88.16.035; and

(2) To take a licensed pilot while navigating the Columbia river. [1991 c 200 § 602; 1983 c 3 § 231; 1975 1st ex.s. c 125 § 2.]

(a) Shaft horsepower in the ratio of one horsepower to each two and one-half deadweight tons; and

(b) Twin screws; and

(c) Double bottoms, underneath all oil and liquid cargo compartments; and

(d) Two radars in working order and operating, one of which must be collision avoidance radar; and

Powers of port districts as to wharves, landings, etc.: Chapter 53.08 RCW.

88.24.010 Right of riparian owner to construct—Rates. Any person owning land adjoining any navigable waters or watercourse, within or bordering upon this state, may erect upon his own land any wharf or wharves, and may extend them so far into said waters or watercourses as the convenience of shipping may require; and he may charge for wharfage such rates as shall be reasonable: PROVIDED, That he shall at all times leave sufficient room in the channel for the ordinary purposes of navigation. [Code 1881 § 3271; 1863 p 531 § 1; 1860 p 326 § 1; 1854 p 357 § 1; RRS § 9613.]

(1) Whenever any person shall be desirous of erecting any wharf at the terminus of any public highway, or at any accustomed landing place, he may apply to the county commissioners of the proper county, who, if they shall be satisfied that the public convenience requires said wharf, may authorize the same to be erected and kept up for any length of time not exceeding twenty years. And they shall annually prescribe the rates of wharfage and charges thereon, but there shall be no charge for the landing of passengers or their baggage. (2) No such authority shall be granted to any person other than the owner of the land where the wharf is proposed to be erected, unless such owner shall neglect to apply for such authority; and whenever application shall be made for such authority by any person other than such owner, the board of county commissioners shall not grant the same unless proof shall be made that the applicant caused notice in writing of his intention to make such application, to be given by posting up at least three notices in public places in the neighborhood where the proposed wharf is to be erected and one notice at the county court house, twenty days prior to any regular session of the board of county commissioners at which application shall be made and by serving a copy of said notice in writing upon such owner of the land, if residing in the county, at least ten days before the session of the board of county commissioners at which the application is made. (4) If such owner of the land does not apply as aforesaid the commissioners may authorize the same to be erected and kept by such applicant upon his entering into an undertaking as required of such owner of the land. [1893 c 49 § 1; Code 1881 § 3272; 1863 p 531 § 2; 1854 p 537 § 2; RRS § 9614.]

such person shall post or cause to be posted in a conspicuous place on said wharf the established rates of wharfage, noting passengers and their baggage free. [Code 1881 § 3273; 1863 p 531 § 3; RRS § 9615.]

88.24.040 Construction requirements of wharves—When deemed incomplete. All wharves now standing, or hereafter to be built, in this state, shall be deemed insufficient, incomplete and unfinished unless they have good and substantial banisters or railing on the sides thereof, or a strip of hewn timber at least eight by ten inches square, well secured all around said wharves within ten inches of the outer edge thereof, except at the ends. [Code 1881 § 3274; 1863 p 532 § 4; 1860 p 327 § 2; RRS § 9616.]

88.24.070 County acquisition by condemnation of right-of-way. In cases where a person or persons, firm or corporation has acquired a right, title or interest in and to the tidelands or other lands over which it is proposed to build, construct or maintain such wharf or landing, whether such interest be a title in fee simple or as lessee or under contract of purchase or otherwise, and the board of county commissioners shall be unable to agree with the person, persons, firm or corporation claiming such interest or title as to the compensation to be paid for the taking of such strip of tidelands or other lands, then and in that case such board of county commissioners may by an order direct proceedings to procure a right-of-way over said tidelands or other lands to be brought in the superior court by the prosecuting attorney in the manner provided by law, for the taking of private property for public use, and to that end are hereby authorized to institute and maintain in the name of the county the proceedings provided by the laws of this state for the appropriation of lands and other property by counties for public use. PRIVATE MOORAGE FACILITIES

Sections

- 88.26.010 Definitions.
88.26.020 Securing vessels—Notice—Moving vessels ashore—Regaining possession—Abandoned vessels—Public sale.

88.26.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Charges" means charges of a private moorage facility operator for moorage and storage, all other charges owing to or that become owing under a contract between a vessel owner and the private moorage facility operator, or any costs of sale and related legal expenses for implementing RCW 88.26.020.

(2) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water. "Vessel" includes any trailer used for the transportation of watercraft.

(3) "Private moorage facility" means any properties or facilities owned or operated by a private moorage facility operator that are capable of use for the moorage or storage of vessels.

(4) "Private moorage facility operator" means every natural person, firm, partnership, corporation, association, organization, or any other legal entity, employee, or their agent, that owns or operates a private moorage facility. Private moorage facility operation does not include a "moorage facility operator" as defined in RCW 53.08.310.

(5) "Owner" means every natural person, firm, partnership, corporation, association, or organization, or their agent, with actual or apparent authority, who expressly or impliedly contracts for use of a moorage facility.

(6) "Transient vessel" means a vessel using a private moorage facility and that belongs to an owner who does not have a moorage agreement with the private moorage facility operator. Transient vessels include, but are not limited to, vessels seeking a harbor or refuge, day use, or overnight use of a private moorage facility on a space-as-available basis. [1993 c 474 § 1.]

88.26.020 Securing vessels—Notice—Moving vessels ashore—Regaining possession—Abandoned vessels—Public sale. (1) Any private moorage facility operator may take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the private moorage facility so that the vessels are in the possession and control of the operator and cannot be removed from the facility. These procedures may be used if an owner mooring or storing a vessel at the facility fails, after being notified that charges are owing and of the owner's right to commence legal proceedings to contest that such charges are owing, to pay charges owed or to commence legal proceedings. Notification shall be by two separate letters, one sent by first class mail and one sent by registered mail to the owner and any lienholder of record at the last known address. In the case of a transient vessel, or where no address was furnished by the owner, the operator need not give notice prior to securing the vessel. At the time of securing the vessel, an operator shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

- (a) The date and time the notice was attached;
- (b) A statement that if the account is not paid in full within ninety days from the time the notice is attached the vessel may be sold at public auction to satisfy the charges; and
- (c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner and any lienholder of record by registered mail in order to give the owner the information contained in the notice.

(2) A private moorage facility operator, at his or her discretion, may move moored vessels ashore for storage within properties under the operator's control or for storage with a private person under their control as bailees of the private moorage facility, if the vessel is, in the opinion of the operator, a nuisance, in danger of sinking or creating other damage, or is owing charges. The costs of any such procedure shall be paid by the vessel's owner.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section,

the owner who is obligated to the private operator for charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the operator for the immediate removal of the vessel from the facility or for authorized moorage; and

(b) Making payment to the operator of all charges, or by posting with the operator a sufficient cash bond or other acceptable security, to be held in trust by the operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the operator shall receive so much of the bond or other security as agreed, or as is necessary, to satisfy any judgment, costs, and interest as may be awarded to the operator. The balance shall be refunded immediately to the owner at the last known address.

(4) If a vessel has been secured by the operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel is conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a private moorage facility is abandoned, the operator may authorize the public sale of the vessel by authorized personnel to the highest and best bidder for cash as follows:

(a) Before the vessel is sold, the vessel owner and any lienholder of record shall be given at least twenty days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the facility is located. This notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The operator may bid all or part of its charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of charges owing. This lawsuit must be commenced within sixty days of the date the notification was provided under subsection (1) of this section, or the right to a hearing is deemed waived and the owner is liable for any charges owing the operator. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall be applied first to the payment of any liens superior to the claim for charges, then to payment of the charges, then to satisfy any other liens on the vessel in the order of their priority. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located

by the operator within one year of the date of the sale, the excess funds from the sale shall revert to the department of revenue under chapter 63.29 RCW. If the sale is for a sum less than the applicable charges, the operator is entitled to assert a claim for deficiency, however, the deficiency judgment shall not exceed the moorage fees owed for the previous six-month period.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the operator.

(6) The rights granted to a private moorage facility operator under this section are in addition to any other legal rights an operator may have to hold and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel. [1993 c 474 § 2.]

(1) The commission may take reasonable measures, including but not limited to the use of anchors, chains, ropes, and locks, or removal from the water, to secure unauthorized vessels located at or on a commission facility so that the unauthorized vessels are in the possession and control of the commission. At least ten days before securing any unauthorized registered vessel, the commission shall send notification by registered mail to the last registered owner or registered owners of the vessel at their last known address or addresses.

(2) The commission may take reasonable measures, including but not limited to the use of anchors, chains, ropes, locks, or removal from the water, to secure any vessel if the vessel, in the opinion of the commission, is a nuisance, is in danger of sinking or creating other damage to a commission facility, or is otherwise a threat to the health, safety, or welfare of the public or environment at a commission facility. The costs of any such procedure shall be paid by the vessel's owner.

(3) At the time of securing any vessel under subsection (1) or (2) of this section, the commission shall attach to the vessel a readily visible notice or, when practicable, shall post such notice in a conspicuous location at the commission facility in the event the vessel is removed from the premises.

The notice shall be of a reasonable size and shall contain the following information:

(a) The date and time the notice was attached or posted;

(b) A statement that the vessel has been secured by the commission and that if the commission's charges, if any, are not paid and the vessel is not removed by (the thirty-fifth consecutive day following the date of attachment or posting of the notice), the vessel will be considered abandoned and will be sold at public auction to satisfy the charges;

(c) The address and telephone number where additional information may be obtained concerning the securing of the vessel and conditions for its release; and

(d) A description of the owner's or secured party's rights under this chapter.

(5) If a vessel is secured under subsection (1) or (2) of this section, the owner, or any person with a legal right to possess the vessel, may claim the vessel by:

(a) Making arrangements satisfactory to the commission for the immediate removal of the vessel from the commission's control or for authorized storage or moorage; and

(b) Making payment to the commission of all reasonable charges incurred by the commission in securing the vessel under subsections (1) and (2) of this section and of all moorage fees owed to the commission.

(3) Before a vessel is sold, any person seeking to redeem a secured vessel may commence a lawsuit in the superior court for the county in which the vessel was secured to contest the commission's decision to secure the vessel or

the amount of charges owing. This lawsuit shall be commenced within fifteen days of the date the notification was posted under RCW 88.27.020(3), or the right to a hearing is deemed waived and the owner is liable for any charges owing the commission. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(4) The proceeds of a sale under this section shall be applied first to the payment of the amount of the reasonable charges incurred by the commission and moorage fees owed to the commission, then to the owner or to satisfy any liens of record or security interests of record on the vessel in the order of their priority. If an owner cannot in the exercise of due diligence be located by the commission within one year of the date of the sale, any excess funds from the sale, following the satisfaction of any bona fide security interest, shall revert to the department of revenue under chapter 63.29 RCW. If the sale is for a sum less than the applicable charges, the commission is entitled to assert a claim for the deficiency against the vessel owner. Nothing in this section prevents any lien holder or secured party from asserting a claim for any deficiency owed the lien holder or secured party.

(5) If no one purchases the vessel at a sale, the commission may proceed to properly dispose of the vessel in any way the commission considers appropriate, including, but not limited to, destruction of the vessel or by negotiated sale. The commission may assert a claim against the owner for any charges incurred thereby. If the vessel, or any part of the vessel, or any rights to the vessel, are sold under this subsection, any proceeds from the sale shall be distributed in the manner provided in subsection (4) of this section. [1994 c 51 § 3.]

88.27.040 Action to recover charges—Attorneys' fees—Costs. If the full amount of all charges due the commission on an unauthorized vessel is not paid to the commission within thirty days after the date on which notice is affixed or posted under RCW 88.27.020(3), the commission may bring an action in any court of competent jurisdiction to recover the charges, plus reasonable attorneys' fees and costs incurred by the commission. [1994 c 51 § 4.]

88.27.050 Rights not affected. The rights granted to the commission under this chapter are in addition to any other legal rights the commission may have to secure, hold, and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel. [1994 c 51 § 5.]

88.27.900 Severability—1994 c 51. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1994 c 51 § 10.]

Every county in this state is hereby authorized and empowered, by and through its county commissioners, whenever the government of the United States is intending or proposing the construction or operation of any river, lake, canal or harbor improvement, partly or wholly within such county, and whenever said board of county commissioners shall adjudge, upon a petition therefor filed with it and signed by at least one hundred freeholders of said county who each own realty of the assessed valuation of not less than five thousand dollars, situated within the limits of the improvement district sought to be created, that it is for the general benefit and welfare of the people of the county, that such river, lake, canal or harbor improvement be made and completed to define and establish an assessment district within such county and to levy an assessment upon so much of the taxable real estate of such county as shall be specially benefited by such improvement as hereinafter provided, for the purpose of paying the expenses of such improvement, or so much thereof as said board of county commissioners shall determine, not in any instance exceeding one percent of the taxable valuations of all real and personal property in the entire county as appearing on the then last assessment roll. Such improvement shall be known as river and harbor improvement. [1907 c 236 § 1; RRS § 9669. Prior: 1903 c 143 §§ 1, 2.]

Limitation of levies: RCW 84.52.050 through 84.52.056.

88.32.020 Improvement commission—Appointment—Oath. Whenever the board of county commissioners of any such county shall have adjudged as provided in RCW 88.32.010, said board shall thereupon apply to the person, who, for the time being, shall be judge of the United States district court, for the district within which the county shall be situated, to name eleven reputable citizens and freeholders of such county and file a list thereof with said board of county commissioners. The persons so named, or a majority of them, shall act as a commission, and be known as the "river and harbor improvement commission of county", and shall receive no compensation, except their actual necessary expenses, including necessary clerical assistance, to be audited by the board of county commissioners; and they shall be deemed the agents of the county in the performance of the duties imposed upon them by RCW 88.32.010 through 88.32.220. Each member of such commission shall, before entering upon his duties, take and subscribe an oath, substantially as follows:

"State of Washington
County of } ss.

I, the undersigned, a member of the river and harbor improvement commission of county, to define and establish the assessment district and assess the costs of the following improvement (here give the general description of the improvement), do solemnly swear (or affirm, as the case may be), that I will well and truly discharge my duties as a member of said commission." In case the person who is United States judge shall be unable or decline to act, the board of county commissioners shall name the eleven persons to act as such commission. [1907 c 236 § 2; RRS § 9670.]

88.32.030 Improvement commission—Notification of appointment—Organization. The board of county commissioners of the county, or of the oldest county in case of counties joining, shall cause the persons named for the commission to be notified of their appointment in a notice that shall name all such persons and shall designate the time and place of the first meeting of the commission. The commission, having come together pursuant to such notice, and its members having taken the oath hereinbefore prescribed, shall have full powers to organize and proceed with its business as a deliberative body. [1907 c 236 § 18; RRS § 9686.]

88.32.040 Establishment of assessment district—Assessments—State lands. The commission in making the assessment shall include in the properties upon [which] the assessment is laid, all shorelands of the state, whether unsold or under contract of sale and subject to sale by it and as against all purchasers from the state or under contract to purchase such lands, the assessment shall be a charge upon such land and the purchaser's interest therein. The county auditor shall certify to the state commissioner of public lands a schedule of the state shorelands so assessed and of the assessment thereon, and the purchaser shall from time to time pay to the proper county treasurer the sums due and unpaid under such assessment, and at the time of such payment the county treasurer shall give him, in addition to a regular receipt for such payment, a certificate that such payment has been made, which certificate the purchaser shall immediately file with the commissioner of public lands, and no patent from the state nor deed shall issue to such purchaser, nor shall any assignment of his contract to purchase be approved by the commissioner of public lands until every matured installment of such assessment shall have first been fully paid and satisfied: PROVIDED, HOWEVER, That no such assessment shall create any charge against such shoreland or affect the title thereof as against the state, and the state shall be as free to forfeit or annul such contract and again sell such land as if the assessment had never been made, and in case of such forfeiture or annulment the state shall be free to sell

(2) They shall cause at least ten days' notice of the hearing to be given by posting notice in at least ten public places in the county, three of which shall be in the neighborhood of the proposed improvement, and by publishing the same at least once a week for two consecutive weeks in the official newspaper of the county which notice shall be signed by the county legislative authority, and shall state the day and place of the hearing of objections to the assessment roll, and the nature of the improvement, and that all interested

Any person interested in any real estate affected by such assessment may appear and file objections to the assessment roll, and the board of county commissioners may make an order regarding the time of filing such objections, as to them seems proper. As to all parcels, lots or blocks as to which no objections are filed within the time so fixed, the assessment thereon shall be confirmed. On the hearing, each party may offer proof and the board shall then have authority to affirm, modify, change and determine the assessment in such sum as to them appears just and right. When the assessment is finally equalized and fixed by the board of county commissioners, the clerk thereof shall certify the same to the county treasurer for collection, or if appeal has been taken from any part thereof, then so much thereof, as has not been appealed from, shall be certified. [1907 c 236 § 6; RRS § 9674.]

88.32.090 Appeal from final assessment. Any person who feels aggrieved by the final assessment made against any lot, block or parcel of land owned by him may appeal therefrom to the superior court of such county. the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged at a rate not to exceed seven percent per annum. Oil or gas exploration in marine waters: RCW 90.58.550.

88.40.005 Intent. The legislature recognizes that oil and hazardous substance spills and other forms of incremental pollution present serious danger to the fragile marine environment of Washington state. It is the intent and purpose of this chapter to define and prescribe financial responsibility requirements for vessels that transport petroleum products as cargo or as fuel across the waters of the state of Washington and for facilities that store, handle, or transfer oil or hazardous substances in bulk on or near the navigable waters. [1991 c 200 § 701; 1990 c 116 § 29; 1989 1st ex.s. c 2 § 1.]

Effective dates—Severability—1991 c 200: See RCW 90.56.901 and 90.56.904.

Findings—Severability—1990 c 116: See notes following RCW 90.56.210.

88.40.025 Evidence of financial responsibility for onshore or offshore facilities. An onshore or offshore facility shall demonstrate financial responsibility in an amount determined by the department as necessary to compensate the state and affected counties and cities for damages that might occur during a reasonable worst case spill of oil from that facility into the navigable waters of the state. The department shall consider such matters as the amount of oil that could be spilled into the navigable waters from the facility, the cost of cleaning up the spilled oil, the frequency of operations at the facility, the damages that could result from the spill and the commercial availability and affordability of financial responsibility. This section shall not apply to an onshore or offshore facility owned or operated by the federal government or by the state or local government. [1991 c 200 § 704.]

Effective dates—Severability—1991 c 200: See RCW 90.56.901 and 90.56.904.

Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any covered vessel and filed with the office at least twenty-four hours before entry of the vessel into the navigable waters of the state. A covered vessel is not required to file documentation of financial responsibility twenty-four hours before entry of the vessel into the navigable waters of the state, if the vessel has filed documentation of financial responsibility with the federal government, and the level of financial responsibility required by the federal government is the same as or exceeds state requirements. The owner or operator of the vessel may file with the office a certificate evidencing compliance with the requirements of another state's or federal financial responsibility requirements if the

state or federal government requires a level of financial responsibility the same as or greater than that required under this chapter. [1991 c 200 § 705; 1990 c 116 § 32; 1989 1st ex.s. c 2 § 4.]

(1) The office shall deny entry to the waters of the state to any vessel that does not meet the financial responsibility requirements of this chapter. Any vessel owner or operator that does not meet the financial responsibility requirements of this chapter and any rules prescribed thereunder or the federal oil pollution act of 1990 shall be reported by the office to the United States coast guard.

(2) The office shall enforce section 1016 of the federal oil pollution act of 1990 as authorized by section 1019 of the federal act. [1992 c 73 § 14; 1991 c 200 § 706; 1989 1st ex.s. c 2 § 5.]

88.44.005 Purpose. (Effective until July 1, 1995.) The natural waters of Washington state hold a dual purpose. First, Washington state's waters are one of the most abundantly alive water bodies in the world. The amount of biota,

diversity of species, and unique character of habitat makes these waters a natural wonder. Second, these same waters provide one of the most vital maritime trade links for our state, our nation, and for the Pacific Rim.

The future of Washington's waters lies in both purposes. But, at times in the past, maritime accidents have occurred from oil spills which have endangered this unique environment. While some of the commercial vessels which carry petroleum on the water have, already, voluntarily joined organizations to provide immediate oil spill response, not all vessels are so protected.

All commercial vessels which enter Washington waters must have the protection of an oil spill response system. This is a responsibility of the maritime industry and must be taken care of by that industry. Therefore, this chapter creates the Washington state maritime commission to establish an oil spill first response system and carry out the purposes of this chapter to protect the waters of Washington state. [1990 c 117 § 1.]

Of those vessels assessed, the commission may set the rate. When the fund reaches one million five hundred thousand dollars, the commission shall discontinue the assessment until the fund declines to one million dollars, at which time the assessment must be reinstated. The assessment, at a minimum, must be able to generate the maximum fund level within four years. All moneys collected hereunder shall be expended to effectuate the purpose and objects of this chapter.

If the commission establishes an oil spill first response system for the Columbia river, there may be levied on and after July 1, 1992, an assessment upon all vessels, or the owners or operators thereof, which transit upon the portion of the Columbia river that runs between the states of Washington and Oregon. [1992 c 73 § 16; 1990 c 117 § 11.]

The rule adopting the increase shall be filed with the administrator at least thirty days prior to the date set by the commission for final adoption of the rule. If the administrator determines that the increase is not justified, not later than the date set by the commission for adoption of the final rule, the administrator shall notify the commission that the rule has been disapproved. [1992 c 73 § 17; 1991 c 200 § 906; 1990 c 117 § 12.]

The commission shall elect a manager, who is not a member, and fix his or her compensation; and shall appoint a secretary and/or treasurer, who shall sign all vouchers and receipts for all moneys received by the commission. The treasurer shall file with the commission a fidelity bond in the sum of one hundred thousand dollars, executed by a surety company authorized to do business in the state, in favor of the commission, conditioned for the faithful performance of his or her duties and strict accounting of all funds to the commission.

All money received by the commission, or by any state official on behalf of the commission, from the assessment herein levied, shall be paid to the treasurer, deposited in banks, which are approved state depositories, retained in separate commission accounts as the commission may designate, and disbursed by order of the commission. 88.44.210 Bonds or loans issued only after certification of sufficiency of funds. (Effective until July 1, 1995.) The bonds or loans authorized by the commission shall be issued only after the treasurer of the commission has certified that the net proceeds of the bonds or loans together with all money to be made available by the commission for the purposes described in RCW 88.44.020, shall be sufficient for such purposes; and also that, based upon the treasurer's estimates of future income from assessments levied pursuant to RCW 88.44.100 and other sources, an adequate balance

will be maintained in the commission's general fund to enable the commission to pay the costs of bond issuance and retirement or loan repayment, including interests and costs. [1990 c 117 § 22.]

(2) "Best achievable protection" means the highest level of protection that can be achieved through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The administrator's determination of best achievable protection shall be guided by the critical need to protect the state's natural resources and waters, while considering (a) the additional protection provided by the measures; (b) the technological achievability of the measures; and (c) the cost of the measures.

(3) "Best achievable technology" means the technology that provides the greatest degree of protection taking into consideration (a) processes that are being developed, or could feasibly be developed, given overall reasonable expenditures on research and development, and (b) processes that are currently in use. In determining what is best achievable technology, the administrator shall consider the effectiveness, engineering feasibility, and commercial availability of the technology.

(15) "Offshore facility" means any facility located in, on, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, on, or under any land of the state, other than submerged land. "Offshore facility" does not include a marine facility.

(16) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(17)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

88.46.020 Coordination with federal law. In carrying out the purposes of this chapter, including the adoption of rules for contingency plans, the administrator shall to the greatest extent practicable implement this chapter in a manner consistent with federal law. [1991 c 200 § 415.]

88.46.030 Tank vessel inspection programs. (1) All tank vessels entering the navigable waters of the state shall be subject to inspection to assure that they comply with all applicable federal and state standards.

(2) The office shall review the tank vessel inspection programs conducted by the United States coast guard and other federal agencies to determine if the programs as actually operated by those agencies provide the best achievable protection to the waters of the state. If the office determines that the tank vessel inspection programs conducted by these agencies are not adequate to protect the state's waters, it shall adopt rules for a state tank vessel inspection program. The office shall adopt rules providing for a random review of individual tank vessel inspections conducted by federal agencies. The office may accept a tank vessel inspection report issued by another state if that state's tank vessel inspection program is determined by the office to be at least as protective of the public health and the environment as the program adopted by the office.

(3) The state tank vessel inspection program shall ensure that all tank vessels entering state waters are inspected at least annually. To the maximum extent feasible, the state program shall consist of the monitoring of existing tank vessel inspection programs conducted by the federal government. The office shall consult with the coast guard regarding the tank vessel inspection program. Any tank vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port.

(4) Any violation of coast guard or other federal regulations uncovered during a state tank vessel inspection shall be immediately reported to the appropriate agency. [1991 c 200 § 416.]

88.46.040 Prevention plans. (1) The owner or operator for each tank vessel shall prepare and submit to the office an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the office in the time and manner directed by the office, but not later than January 1, 1993. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 88.46.060. The office may accept plans

prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The office, by rule, shall establish standards for spill prevention plans. The rules shall be adopted not later than July 1, 1992.

(2) The spill prevention plan for a tank vessel or a fleet of tank vessels operated by the same operator shall:

(a) Establish compliance with the federal oil pollution act of 1990 and state and federal financial responsibility requirements, if applicable;

(b) State all discharges of oil of more than twenty-five barrels from the vessel within the prior five years and what measures have been taken to prevent a reoccurrence;

(c) Describe all accidents, collisions, groundings, and near miss incidents in which the vessel has been involved in the prior five years, analyze the causes, and state the measures that have been taken to prevent a reoccurrence;

(d) Describe the vessel operations with respect to staffing standards;

(e) Describe the vessel inspection program carried out by the owner or operator of the vessel;

(f) Describe the training given to vessel crews with respect to spill prevention;

(g) Establish compliance with federal drug and alcohol programs;

(h) Describe all spill prevention technology that has been incorporated into the vessel;

(i) Describe the procedures used by the vessel owner or operator to ensure English language proficiency of at least one bridge officer while on duty in waters of the state;

(j) Describe relevant prevention measures incorporated in any applicable regional marine spill safety plan that have not been adopted and the reasons for that decision; and

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the office.

(3) The office shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the office.

(4) Upon approval of a prevention plan, the office shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the office determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a tank vessel shall notify the office in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the office. The office may require the owner or operator to update a prevention plan as a result of these changes.

(6) The office by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the office at least once every five years.

(7) Approval of a prevention plan by the office does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

(8) This section does not authorize the office to modify the terms of a collective bargaining agreement. [1991 c 200 § 417.]

88.46.050 Vessel screening. (1) In order to ensure the safety of marine transportation within the navigable waters of the state and to protect the state's natural resources, the administrator shall adopt rules by July 1, 1992, for determining whether cargo vessels and passenger vessels entering the navigable waters of the state pose a substantial risk of harm to the public health and safety and the environment.

(2) The rules adopted by the administrator pursuant to this section may include, but are not limited to the following:

(a) Examining available information sources for evidence that a cargo or passenger vessel may pose a substantial risk to safe marine transportation or the state's natural resources. Information sources may include: Vessel casualty lists, United States coast guard casualty reports, maritime insurance ratings, the index of contingency plans compiled by the department of ecology, other data gathered by the office or the maritime commission, or any other resources;

(b) Requesting the United States coast guard to deny a cargo vessel or passenger vessel entry into the navigable waters of the state, if the vessel poses a substantial environmental risk;

(c) Notifying the state's spill response system that a cargo or passenger vessel entering the state's navigable waters poses a substantial environmental risk;

(d) Inspecting a cargo or passenger vessel that may pose a substantial environmental risk, to determine whether the vessel complies with applicable state or federal laws. Any vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port; and

(e) Enforcement actions. [1992 c 73 § 19; 1991 c 200 § 418.]

Effective dates—Severability—1992 c 73: See RCW 82.23B.902 and 90.56.905.

88.46.060 Contingency plans. (1) Each covered vessel shall have a contingency plan for the containment and cleanup of oil spills from the covered vessel into the waters of the state and for the protection of fisheries and wildlife, natural resources, and public and private property from such spills. The office shall by rule adopt and periodically revise standards for the preparation of contingency plans. The office shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any vessel which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the office, removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

If the office has adopted rules for contingency plans prior to July 1, 1992, the description of archaeologically sensitive areas shall only be required when the office revises the rules for contingency plans after July 1, 1992. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the office may be accepted by the office as a contingency plan under this section. The office shall assure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the office shall consider at least the following factors:

(9) The office by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the office at least once every five years.

(10) Approval of a contingency plan by the office does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law. [1992 c 73 § 20; 1991 c 200 § 419.]

Reviser's note: *(1) Powers, duties, and functions of the department of fisheries and the department of wildlife were transferred to the department of fish and wildlife by 1993 sp.s. c 2, effective July 1, 1994.

shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ten thousand dollars a day for each violation. Each violation is a separate offense, and in case of a continuing violation, every day's continuance is a separate violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this subsection and subject to penalty. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health and the environment in addition to other relevant factors. The penalty shall be imposed pursuant to the procedures set forth in RCW 43.21B.300. [1992 c 73 § 23; 1991 c 200 § 422.]

 - (iii) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including but not limited to, fire, flooding, or collision with another vessel;

(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence that may result in such a spill.

(b) A barge is considered disabled if any of the following occur:

- (i) The towing mechanism becomes disabled;
- (ii) The towboat towing the barge becomes disabled through occurrences defined in (a) of this subsection.

(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to take evasive actions or make significant course corrections in order to avoid a collision with another ship or to avoid a grounding as required by the international rules of the road.

Duties of conservation commission and conservation districts for dairy waste management: Chapter 90.64 RCW.

State participation in soil conservation district—Limit: RCW 86.26.100.

89.08.005 Short title. This chapter shall be known and cited as the conservation districts law. [1973 1st ex.s. c 184 § 1; 1961 c 240 § 1; 1939 c 187 § 1; RRS § 10726-1.]

89.08.010 Preamble. It is hereby declared, as a matter of legislative determination:

(1) That the lands of the state of Washington are among the basic assets of the state and that the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; that improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the lands of this state by wind and water; that the breaking of natural grass, plant and forest cover have interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; that the topsoil is being blown and washed off of lands; that there has been an accelerated washing of sloping lands; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any land occupier to conserve the soil and control erosion upon his lands may cause a washing and blowing of soil from his lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible, and that extensive denuding of land for development creates critical erosion areas that are difficult to effectively regenerate and the resulting sediment causes extensive pollution of streams, ponds, lakes and other waters.

(2) That the consequences of such soil erosion in the form of soil blowing and soil washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors, and loading the air with soil particles; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation developments, farming and grazing.

(3) That to conserve soil resources and control and prevent soil erosion and prevent flood water and sediment damages, and further agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices, and works of improvement for flood prevention of agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, desilting basins, flood water retarding structures, channel floodways, dikes, ponds, ditches, and the like; the utilization of strip cropping, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilizations with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of run-off by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(4) Whereas, there is a pressing need for the conservation of renewable resources in all areas of the state, whether urban, suburban, or rural, and that the benefits of resource practices, programs, and projects, as carried out by the state conservation commission and by the conservation districts, should be available to all such areas; therefore, it is hereby declared to be the policy of the legislature to provide for the conservation of the renewable resources of this state, and for the control and prevention of soil erosion, and for the prevention of flood water and sediment damages, and for furthering agricultural and nonagricultural phases of conservation, development, utilization, and disposal of water, and

thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state. To this end all incorporated cities and towns heretofore excluded from the boundaries of a conservation district established pursuant to the provisions of the state conservation district law, as amended, may be approved by the conservation commission as being included in and deemed a part of the district upon receiving a petition for annexation signed by the governing authority of the city or town and the conservation district within the exterior boundaries of which it lies in whole or in part or to which it lies closest. [1973 1st ex.s. c 184 § 2; 1939 c 187 § 2; RRS § 10726-2.]

*Reviser's note: "This act" and "this 1973 amendatory act," see note following RCW 89.08.020.

89.08.080 Petition to form district—Contents. To form a conservation district, twenty-five or more persons occupying land within the area to be affected may file a petition with the commission asking that the area be organized into a district.

The petition shall give the name of the proposed district, state that it is needed in the interest of the public health, safety, and welfare, give a general description of the area proposed to be organized and request that the commission determine that it be created, and that it define the boundaries

thereof and call an election on the question of creating the district.

If more than one petition is filed covering parts of the same area, the commission may consolidate all or any of them. [1973 1st ex.s. c 184 § 9; 1961 c 240 § 7; 1961 c 17 § 1. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.090 Notice of hearing—Hearing. Within thirty days after a petition is filed, the commission shall give due notice of the time and place of a public hearing thereon. At the hearing all interested persons shall be heard.

If it appears to the commission that additional land should be included in the district, the hearing shall be adjourned and a new notice given covering the entire area and a new date fixed for further hearing, unless waiver of notice by the owners of the additional land is filed with the commission.

No district shall include any portion of a railroad right of way, or another similar district. The lands included in a district need not be contiguous. [1973 1st ex.s. c 184 § 10; 1955 c 304 § 9. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.100 Findings—Order. After the hearing, if the commission finds that the public health, safety, and welfare warrant the creation of the district, it shall enter an order to that effect and define the boundaries thereof by metes and bounds or by legal subdivisions.

In making its findings the commission shall consider the topography of the particular area and of the state generally; the composition of the soil; the distribution of erosion; the prevailing land use practices; the effects upon and benefits to the land proposed to be included; the relation of the area to existing watersheds and agricultural regions and to other similar districts organized or proposed; and consider such other physical, geographical, and economic factors as are relevant.

If the commission finds there is no need for the district, it shall enter an order denying the petition, and no petition covering the same or substantially the same area may be filed within six months thereafter. [1973 1st ex.s. c 184 § 11; 1955 c 304 § 10. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.110 Election—How conducted. If the commission finds that the district is needed, it shall then determine whether it is practicable. To assist the commission in determining this question, it shall, within a reasonable time, submit the proposition to a vote of the land occupiers in the proposed district.

The commission shall fix the date of the election, designate the polling places, fix the hours for opening and closing the polls, and appoint the election officials. The election shall be conducted, the vote counted and returns canvassed and the results published by the commission. [1973 1st ex.s. c 184 § 12; 1955 c 304 § 11. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.120 Ballots. The commission shall provide the ballots for the election which shall contain the words

" For creation of a conservation district of the lands below described and lying in the county or counties of, and," and

" Against creation of a conservation district of the lands below described and lying in the county or counties of, and"

The ballot shall set forth the boundaries of the proposed district, and contain a direction to insert an X in the square of the voter's choice. [1973 1st ex.s. c 184 § 13; 1961 c 240 § 8; 1955 c 304 § 12. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.130 Notice of election. The commission shall give due notice of the election, which shall state generally the purpose of the election, the date thereof, the place and hours of voting, and set forth the boundaries of the proposed district.

Only qualified electors within the proposed district as determined by the commission may vote at the election. Each voter shall vote in the polling place nearest his residence. If he resides outside the district, he shall vote at the nearest polling place of the district. [1973 1st ex.s. c 184 § 14; 1955 c 304 § 13. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.140 Expense of hearing and election. The commission shall bear all expense of giving the notices and conducting the hearings and election, and shall issue regulations governing all hearings and elections and supervise the conduct thereof. It shall provide for registration of eligible voters or prescribe the procedure to determine the eligible voters. No informality in connection with the election shall invalidate the results, if the notice thereof was substantially given, and the election fairly conducted. [1973 1st ex.s. c 184 § 15; 1955 c 304 § 14. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.150 Procedure after canvass. If a majority of the votes cast at the election are against the creation of the district, the commission shall deny the petition. If a majority favor the district, the commission shall determine the practicability of the project.

In making such determination, the commission shall consider the attitude of the land occupiers of the district; the number of eligible voters who voted at the election; the size of the majority vote; the wealth and income of the land occupiers; the probable expense of carrying out the project; and any other economic factors relevant thereto.

If the commission finds that the project is impracticable it shall enter an order to that effect and deny the petition. When the petition has been denied, no new petition covering the same or substantially the same area may be filed within six months therefrom. [1973 1st ex.s. c 184 § 16; 1955 c 304 § 15. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.160 Appointment of supervisors—Application to secretary of state. If the commission finds the project practicable, it shall appoint two supervisors, one of whom shall be a landowner or operator of a farm, who shall be

qualified by training and experience to perform the specialized skilled services required of them. They, with the three elected supervisors, two of whom shall be landowners or operators of a farm, shall constitute the governing board of the district.

The two appointed supervisors shall file with the secretary of state a sworn application, reciting that a petition was filed with the commission for the creation of the district; that all required proceedings were had thereon; that they were appointed by the commission as such supervisors; and that the application is being filed to complete the organization of the district. It shall contain the names and residences of the applicants, a certified copy of their appointments, the name of the district, the location of the office of the supervisors and the term of office of each applicant.

The application shall be accompanied by a statement of the commission, reciting that a petition was filed, notice issued, and hearing held thereon as required; that it determined the need for the district and defined the boundaries thereof; that notice was given and an election held on the question of creating the district; that a majority vote favored the district, and that the commission had determined the district practicable; and shall set forth the boundaries of the district. [1973 1st ex.s. c 184 § 17; 1955 c 304 § 16. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.170 Secretary of state's certificate—Change of name. If the secretary of state finds that the name of the proposed district is such as will not be confused with that of any other district, he shall enter the application and statement in his records. If he finds the name may be confusing, he shall certify that fact to the commission, which shall submit a new name free from such objections, and he shall enter the application and statement as modified, in his records. Thereupon the district shall be considered organized into a body corporate.

The secretary of state shall then issue to the supervisors a certificate of organization of the district under the seal of the state, and shall record the certificate in his office. Proof of the issuance of the certificate shall be evidence of the establishment of the district, and a certified copy of the certificate shall be admissible as evidence and shall be proof of the filing and contents thereof. The name of a conservation district may be changed upon recommendation by the supervisors of a district and approval by the state conservation commission and the secretary of state. The new name shall be recorded by the secretary of state following the same general procedure as for the previous name. [1973 1st ex.s. c 184 § 18; 1961 c 240 § 9; 1955 c 304 § 17. Prior: 1951 c 216 § 1; 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.180 Annexation of territory—Boundary change—Combining two or more districts. Territory may be added to an existing district upon filing a petition as in the case of formation with the commission by occupiers of the lands to be included. The same procedure shall be followed as for the creation of the district.

As an alternate procedure, the commission may upon the petition of a majority of the land occupiers in any one or more districts or in unorganized territory adjoining a conservation district change the boundaries of a district, or districts,

if such action will promote the practical and feasible administration of such district or districts.

Upon petition of the boards of supervisors of two or more districts, the commission may approve the combining of all or parts of such districts and name the district, or districts, with the approval of the name by the secretary of state. A public hearing and/or a referendum may be held if deemed necessary or desirable by the commission in order to determine the wishes of land occupiers.

When districts are combined, the joint boards of supervisors will first select a chairman, secretary and other necessary officers and select a regular date for meetings. All elected supervisors will continue to serve as members of the board until the expiration of their current term of office, and/or until the election date nearest their expiration date. All appointed supervisors will continue to serve until the expiration of their current term of office, at which time the commission will make the necessary appointments. In the event that more than two districts are combined, a similar procedure will be set up and administered by the commission.

When districts are combined or territory is moved from one district to another, the property, records and accounts of the districts involved shall be distributed to the remaining district or districts as approved by the commission. A new certificate of organization, naming and describing the new district or districts, shall be issued by the secretary of state. [1973 1st ex.s. c 184 § 19; 1961 c 240 § 10; 1955 c 304 § 18. Prior: 1951 c 216 § 2; 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.190 Nomination and election of supervisors—Annual meeting of voters. Within thirty days after the issuance of the certificate of organization, unless the time is extended by the commission, petitions shall be filed with the commission to nominate candidates for the three elected supervisors. The petition shall be signed by not less than twenty-five district electors, and a district elector may sign petitions nominating more than one person.

In the case of a new district, the commission shall give due notice to elect the three supervisors. All provisions pertaining to elections on the creation of a district shall govern this election so far as applicable. The names of all nominees shall appear on the ballot in alphabetical order, together with instructions to vote for three. The three candidates receiving the most votes shall be declared elected supervisors, the one receiving the most being elected for a three-year term, the next for two and the last for one year. An alternate method of dividing the district into three zones may be used when requested by the board of supervisors and approved by the commission. In such case, instructions will be to vote for one in each zone. The candidate receiving the most votes in a zone shall be declared elected.

Each year after the creation of the first board of supervisors, the board shall by resolution and by giving due notice, set a date during the first quarter of each calendar year at which time it shall conduct an election. Names of candidates nominated by petition shall appear in alphabetical order on the ballots, together with an extra line wherein may be written in the name of any other candidate. The commission shall establish procedures for elections, canvass the

returns and announce the official results thereof. Election results may be announced by polling officials at the close of the election subject to official canvass of ballots by the commission. Supervisors elected shall take office at the first board meeting following the election. [1973 1st ex.s. c 184 § 20; 1967 c 217 § 2; 1961 c 240 § 11; 1955 c 304 § 19; 1939 c 187 § 6; RRS § 10726-6.]

89.08.200 Supervisors—Term, vacancies, removal, etc.—Compensation. The term of office of each supervisor shall be three years and until his successor is appointed or elected and qualified, except that the supervisors first appointed shall serve for one and two years respectively from the date of their appointments, as designated in their appointments.

In the case of elected supervisors, the term of office of each supervisor shall be three years and until his successor is elected and qualified, except that for the first election, the one receiving the largest number of votes shall be elected for three years; the next largest two years; and the third largest one year. Successors shall be elected for three-year terms.

Vacancies in the office of appointed supervisors shall be filled by the state conservation commission. Vacancies in the office of elected supervisors shall be filled by appointment made by the remaining supervisors for the unexpired term.

A majority of the supervisors shall constitute a quorum and the concurrence of a majority is required for any official action or determination.

Supervisors shall serve without compensation, but they shall be entitled to expenses, including traveling expenses, necessarily incurred in discharge of their duties. A supervisor may be removed by the state conservation commission upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

The governing board shall designate a chairman from time to time. [1973 1st ex.s. c 184 § 21; 1961 c 240 § 12; 1955 c 304 § 21. Prior: 1949 c 106 § 2, part; 1939 c 187 § 7, part; Rem. Supp. 1949 § 10726-7, part.]

The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents or employees such powers and duties as it deems proper. The supervisors shall furnish to the commission, upon request, copies of such internal rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as the commission may require in the performance of its duties under *this 1973 amendatory act. The supervisors shall provide for the execution of surety bonds for officers and all employees who shall be entrusted with funds or property.

The supervisors shall provide for the keeping of a full and accurate record of all proceedings, resolutions, regulations, and orders issued or adopted. The supervisors shall

provide for an annual audit of the accounts of receipts and disbursements in accordance with procedures prescribed by regulations of the commission.

The board may invite the legislative body of any municipality or county near or within the district, to designate a representative to advise and consult with it on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county. The governing body of a district shall appoint such advisory committees as may be needed to assure the availability of appropriate channels of communication to the board of supervisors, to persons affected by district operations, and to local, regional, state and interstate special-purpose districts and agencies responsible for community planning, zoning, or other resource development activities. The district shall keep such committees informed of its work, and such advisory committees shall submit recommendations from time to time to the board of supervisors. [1973 1st ex.s. c 184 § 22; 1955 c 304 § 22. Prior: 1949 c 106 § 2, part; 1939 c 187 § 7, part; Rem. Supp. 1949 § 10726-7, part.]

(7) To prepare and keep current a comprehensive long-range program recommending the conservation of all the renewable natural resources of the district. Such programs shall be directed toward the best use of renewable natural resources and in a manner that will best meet the needs of the district and the state, taking into consideration, where appropriate, such uses as farming, grazing, timber supply, forest, parks, outdoor recreation, potable water supplies for urban and rural areas, water for agriculture, minimal flow, and industrial uses, watershed stabilization, control of soil erosion, retardation of water run-off, flood prevention and control, reservoirs and other water storage, restriction of developments of flood plains, protection of open space and scenery, preservation of natural beauty, protection of fish and wildlife, preservation of wilderness areas and wild rivers, the prevention or reduction of sedimentation and other pollution in rivers and other waters, and such location of highways, schools, housing developments, industries, airports and other facilities and structures as will fit the needs of the state and be consistent with the best uses of the renewable natural resources of the state. The district shall also prepare an annual work plan, which shall describe the action programs, services, facilities, materials, working arrangements and estimated funds needed to carry out the parts of the long-range programs that are of the highest priorities.

The districts shall hold public hearings at appropriate times in connection with the preparation of programs and plans, shall give careful consideration to the views expressed and problems revealed in hearings, and shall keep the public informed concerning their programs, plans, and activities. Occupiers of land shall be invited to submit proposals for consideration to such hearings. The districts may supplement such hearings with meetings, referenda and other

suitable means to determine the wishes of interested parties and the general public in regard to current and proposed plans and programs of a district. They shall confer with public and private agencies, individually and in groups, to give and obtain information and understanding of the impact of district operations upon agriculture, forestry, water supply and quality, flood control, particular industries, commercial concerns and other public and private interests, both rural and urban.

Each district shall submit to the commission its proposed long-range program and annual work plans for review and comment.

The long-range renewable natural resource program, together with the supplemental annual work plans, developed by each district under the foregoing procedures shall have official status as the authorized program of the district, and it shall be published by the districts as its "renewable resources program". Copies shall be made available by the districts to the appropriate counties, municipalities, special purpose districts and state agencies, and shall be made available in convenient places for examination by public land occupier or private interest concerned. Summaries of the program and selected material therefrom shall be distributed as widely as feasible for public information;

The districts concerned may make available for purposes of the agreement any funds, property, personnel, equipment, or services available to them under *this 1973 amendatory act;

*Reviser's note: "This act" and "this 1973 amendatory act," see note following RCW 89.08.020.

89.08.341 Intergovernmental cooperation—Authority. Any agency of the government of this state and any local political subdivision of this state is hereby authorized to make such arrangements with any district, through contract, regulation or other appropriate means, wherever it believes that such arrangements will promote administrative efficiency or economy.

In connection with any such arrangements, any state or local agency or political subdivision of this state is authorized, within the limits of funds available to it, to contribute funds, equipment, property or services to any district; and to collaborate with a district in jointly planning, constructing, financing or operating any work or activity provided for in such arrangements and in the joint acquisition, maintenance and operation of equipment or facilities in connection therewith.

State agencies, the districts, and other local agencies are authorized to make available to each other maps, reports and data in their possession that are useful in the preparation of their respective programs and plans for resource conservation. The districts shall keep the state and local agencies fully informed concerning the status and progress of the preparation of their resource conservation programs and plans.

The state conservation commission and the counties of the state may provide respective conservation districts such administrative funds as will be necessary to carry out the purpose of *this 1973 amendatory act. [1973 1st ex.s. c 184 § 24.]

*Reviser's note: "This 1973 amendatory act," see note following RCW 89.08.020.

89.08.350 Petition to dissolve district—Election. At any time after five years from the organization of a district, one hundred land occupiers in the district may file with the commission a petition, praying that the district be dissolved. The commission may hold public hearings thereon, and within sixty days from receipt of the petition, shall give due

notice of an election on the question of dissolution. It shall provide appropriate ballots, conduct the election, canvass the returns, and declare the results in the same manner as for elections to create a district.

All district electors may vote at the election. No informality relating to the election shall invalidate it if notice is substantially given and the election is fairly conducted. [1973 1st ex.s. c 184 § 25; 1955 c 304 § 25. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.360 Result of election—Determination of practicability. If a majority of the votes cast at the election are for dissolution, the district shall be dissolved. If two-thirds of the votes are against dissolution, the commission shall determine whether the continuance of the district is practicable. In making the determination it shall consider all the factors considered by it in determining that the district was practicable originally. If it finds that further operation of the district is impracticable it shall order it dissolved and certify its determination to the supervisors. [1973 1st ex.s. c 184 § 26; 1955 c 304 § 26. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.370 Disposition of affairs upon dissolution. If the district is ordered dissolved, the supervisors shall forthwith terminate the affairs of the district and dispose of all district property at public auction, and pay the proceeds therefrom to the state treasurer.

They shall then file a verified application with the secretary of state for the dissolution of the district, accompanied by a certificate of the commission reciting the determination that further operation of the district is impracticable. The application shall recite that the property of the district has been disposed of, that the proceeds therefrom have been paid to the treasurer, and contain a full accounting of the property and proceeds. Thereupon the secretary shall issue to the supervisors a certificate of dissolution and file a copy thereof in his records. [1973 1st ex.s. c 184 § 27; 1955 c 304 § 27. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.380 Effect of dissolution—Commission substituted. A dissolution of a district shall not affect any contracts or obligations of the district. Upon the issuance of the certificate of dissolution, the commission shall be substituted for the supervisors and it shall assume all the duties, liabilities, and powers of the supervisors.

When a petition for the dissolution of a district is rejected, no new petition may be filed for a period of five years. [1973 1st ex.s. c 184 § 28; 1955 c 304 § 28. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.390 Water rights preserved—1939 c 187. Insofar as any of the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling: PROVIDED, HOWEVER, That none of the provisions of this chapter shall be construed so as to impair water rights appurtenant to lands within or without the boundaries of any district or districts organized hereunder. [1939 c 187 § 17; RRS § 10726-17.]

89.08.391 Water rights preserved—1973 1st ex.s. c 184. Insofar as any of the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling: PROVIDED, HOWEVER, That none of the provisions of this chapter shall be construed so as to impair water rights appurtenant to lands within or without the boundaries of any district or districts organized hereunder. [1973 1st ex.s. c 184 § 30.]

89.08.400 Special assessments for natural resource conservation. (1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.

(2) Special assessments to finance the activities of a conservation district may be imposed by the county legislative authority of the county in which the conservation district is located for a period or periods each not to exceed ten years in duration.

The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

On or before the first day of August in that year, the supervisors of a conservation district shall file the proposed system of assessments, indicating the years during which it is proposed that the special assessments shall be imposed, and a proposed budget for the succeeding year with the county legislative authority of the county within which the conservation district is located. The county legislative authority shall hold a public hearing on the proposed system of assessments. After the hearing, the county legislative authority may accept, or modify and accept, the proposed system of assessments, including the number of years during which the special assessments shall be imposed, if it finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not exceed the special benefit that the land receives or will receive from the activities of the conservation district. The findings of the county legislative authority shall be final and conclusive. Special assessments may be altered during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

Notice of the public hearings held by the supervisors and the county legislative authority shall be posted conspicuously in at least five places throughout the conservation district, and published once a week for two consecutive weeks in a newspaper in general circulation throughout the conservation district, with the date of the last publication at least five days prior to the public hearing.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of

assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre amount, or an annual flat rate per parcel plus a uniform annual rate per acre amount, for each classification of land. The maximum annual per acre special assessment rate shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars.

Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

(4) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the county legislative authority. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of a special assessment shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest rate and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected special assessments, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the special assessments, but not to exceed the actual costs of such work.

(5) The special assessments for a conservation district shall not be spread on the tax rolls and shall not be collected with property tax collections in the following year if, after the system of assessments has been approved by the county legislative authority but prior to the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such special assessments, which petition has been signed by at least twenty percent of the owners of land that would be subject to the special assessments to be imposed for a conservation district. [1992 c 70 § 1; 1989 c 18 § 1.]

89.08.410 Grants to conservation districts. The state conservation commission may authorize grants to conservation districts from moneys appropriated to the commission for such purposes as provided in this section. Such grants shall be made annually on or before the last day of June of each year and shall be made only to those conservation districts that apply for the grants. After all the grant requests have been submitted, the initial grants in any year shall be made so that a conservation district shall not receive a grant in excess of the lesser of: (1) an amount equal to the total moneys obtained by the conservation district from all other sources, other than any grants obtained from the state, during the preceding calendar year; or (2) twenty-two thousand five hundred dollars. If the appropriated moneys are insufficient to make the maximum level of the initial grants, each grant amount shall be reduced by an equal dollar amount until the total amount of the grants is equal to the amount of the appropriation.

However, further grants shall be made to those conservation districts that were limited to grants of twenty-two thousand five hundred dollars if the appropriated moneys are in excess of the amount of the initial distribution of grants, but the total of both grants to any conservation district in any year shall not exceed an amount equal to the total moneys obtained by that conservation district from all other sources, other than any grants obtained from the state, during the preceding calendar year. If the appropriated moneys are insufficient to make the second distribution of grants, each grant under the second distribution shall be reduced by an equal dollar amount until the total amount of all the grants is equal to the amount of the appropriation. [1989 c 18 § 2.]

89.08.900 Severability—1939 c 187. If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby. [1939 c 187 § 16; RRS § 10726-16.]

89.08.901 Severability—1973 1st ex.s. c 184. If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby. [1973 1st ex.s. c 184 § 31.]

89.08.902 Severability—1989 c 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of

the provision to other persons or circumstances is not affected. [1989 c 18 § 3.]

The term "district" shall mean an irrigation or reclamation district governed by this chapter as provided in RCW 89.12.030.

The term "federal reclamation laws" shall mean the act of congress of June 17, 1902 (32 Stat. 388) and acts amendatory thereof or supplemental thereto including the act of

congress entitled "An Act to amend the Act approved May 27, 1937 (Ch. 269, 50 Stat. 208), by providing substitute and additional authority for the prevention of speculation in lands of the Columbia Basin project, and substitute an additional authority related to the settlement and development of the project, and for other purposes, enacted and approved in the Seventy-Eighth Session."

The term "lands" shall mean, unless otherwise indicated, lands within the boundaries of a district contracting or intending to contract with the United States under the terms of this chapter.

The term "owner," "landowner," and "any one landowner" shall mean any person, corporation, joint stock association or family owning lands that are within the scope of this chapter.

The term "family" shall mean a group consisting of either or both husband and wife, together with their children under eighteen years of age, or all of such children if both parents are dead, the term "their children" including the issue and lawfully adopted children of either or both husband and wife. Within the meaning of this chapter, lands shall be deemed to be held by a family if held as separate property of husband or wife, or if held as a part or all of their community property, or if they are the property of any or all of their children under eighteen years of age. [1943 c 275 § 3; Rem. Supp. 1943 § 7525-22.]

89.12.030 Applicability and purpose of chapter.

The provisions of this chapter shall be applicable to any irrigation or reclamation district organized under the laws of this state contracting or intending to contract with the United States under the federal reclamation laws with respect to a water supply for irrigation from the Columbia Basin project or from any project or division of a project hereafter undertaken in this state by the United States under those laws, and shall govern as to any lands which are now or may hereafter be included in any such district and as to the relationship between any such district and any such lands. The prospect of the construction of the irrigation features of the Columbia Basin project and of other works under the federal reclamation laws for the irrigation of lands in this state requires the granting of authority to irrigation and reclamation districts and to state and county officers to assist the United States, in accordance with the policy of this enactment, in meeting the problems of land speculation and in limiting the size of holdings of lands that may be benefited by such works, and otherwise to cooperate with the United States in connection with the irrigation of lands in this state. The provisions of this chapter, however, are supplemental to other provisions of the law of the state, not inconsistent herewith, which pertain to such districts. [1943 c 275 § 2; Rem. Supp. 1949 § 7525-21.]

89.12.040 Units and legal subdivisions authorized—

Size—Plats—Excess land. In connection with a district contracting or intending to contract with the United States under this chapter, the secretary for the purpose of administering the federal reclamation laws and of providing for the delivery of water thereto, the method thereof, and the turnout therefor may segregate such lands, or any part thereof, into units and/or legal subdivisions, having in mind the character

of soil, topography, method or methods of irrigation best suited therefor, location with respect to the irrigation system, type of irrigation system, and such other relevant factors as enter into the determination of the area and boundaries thereof and the method or methods of irrigating the same. Plats or revisions thereof showing the units and/or the legal subdivisions and the exclusive method or methods of irrigating such units and/or legal subdivisions or portions thereof when approved, may be filed by the United States for record with the auditor of the county in which the land is located. Lands in excess of the acreage in the amount specified by applicable federal law as not being excess lands held by any one landowner shall be deemed excess land. [1970 ex.s. c 71 § 1; 1963 c 3 § 1; 1957 c 165 § 2; 1943 c 275 § 4; Rem. Supp. 1943 § 7525-23.]

89.12.050 Contracts with United States—Permissible provisions. A district may enter into repayment and other contracts with the United States under the terms of the federal reclamation laws in matters relating to federal reclamation projects, and may with respect to lands within its boundaries include in the contract, among others, an agreement that:

(1) The district will not deliver water by means of the project works provided by the United States to or for excess lands not eligible therefor under applicable federal law.

(2) As a condition to receiving water by means of the project works, each excess landowner in the district, unless his excess lands are otherwise eligible to receive water under applicable federal law, shall be required to execute a recordable contract covering all of his excess lands within the district.

(3) All excess lands within the district not eligible to receive water by means of the project works shall be subject to assessment in the same manner and to the same extent as lands eligible to receive water, subject to such provisions as the secretary may prescribe for postponement in payment of all or part of the assessment but not beyond a date five years from the time water would have become available for such lands had they been eligible therefor.

(4) The secretary is authorized to amend any existing contract, deed, or other document to conform to the provisions of applicable federal law as it now exists. Any such amendment may be filed for record under RCW 89.12.080. [1963 c 3 § 2; 1957 c 165 § 3; 1951 c 200 § 1; 1943 c 275 § 5; Rem. Supp. 1943 § 7525-24.]

89.12.060 Covenants running with the land—Contract provisions to govern.

Any or all of the provisions which may be required to be included in recordable contracts may be made covenants running with any tract of land covered by the contract by expressly so providing therein. Recordable contracts expressly providing that any or all of such provisions shall be covenants running with the land covered thereby shall not be destroyed or extinguished by any tax or assessment foreclosure or deed issued pursuant thereto.

Such of the limitations and provisions of RCW 89.12.050 as are included in the repayment contract between the district and the United States, shall govern all the lands within the district unless otherwise provided in such contract

and shall govern notwithstanding any other provisions of the laws of this state. [1963 c 3 § 3; 1953 c 148 § 1; 1943 c 275 § 6; Rem. Supp. 1943 § 7525-25.]

89.12.071 Fraudulent and unlawful conveyances—Preservation of rights acquired prior to repeal of RCW 89.12.070. The rights of any vendee or grantee as defined in section 7(b), chapter 275, Laws of 1943 as amended by section 2(b), chapter 200, Laws of 1951 and in RCW 89.12.070(2) are hereby preserved as to any transactions that were consummated by contract or deed prior to the repeal of said sections by this chapter. [1963 c 3 § 6.]

89.12.080 Instruments may be filed—Filing imparts notice. There may be filed for record in the office of the county auditor in the county in which the land lies any of the following: (1) Copies of any plat of established farm units approved by the secretary as provided in RCW 89.12.040, when authenticated in the manner authorized by law; (2) copies of any instrument, action, determination, rule or regulation of the secretary made in connection with the provisions of RCW 89.12.050 or otherwise under the federal reclamation laws and which is or may be determinative of title to lands or interest in lands, when authenticated in the manner authorized by law; and (3) any contract or instrument required to be executed by an owner, land purchaser or other person in connection with provisions incorporated in repayment contracts between a district and the United States as authorized by RCW 89.12.050. Such filing shall impart legal notice to the public of the matters and things set out therein. [1943 c 275 § 8; Rem. Supp. 1943 § 7525-27.]

89.12.090 State lands in district—State consent to assessment, conditions. Whenever a district to which this chapter applies is organized or in process of organization, the state of Washington, by and through its proper officials, is authorized and directed to have any state lands within the exterior boundaries of such district included as a part of the lands of such district. The state hereby consents to the assessment by the district of such state lands so included in any such irrigation district, and to the enforcement of the payment of such assessments in like manner and to the same extent as applicable to private lands in such districts, except that the payment of such assessment against such state lands shall not be enforced by transfer of title, by tax sale, tax foreclosure or otherwise, until the state has sold or transferred such lands to a private party. [1943 c 275 § 9; Rem. Supp. 1943 § 7525-28.]

89.12.100 State lands—Terms and conditions of sale. If state lands within a district have been segregated into farm units and the appraised value thereof established, the state shall recognize and accept the appraisal as determining the market value of such lands, and shall offer the state lands for sale for cash on the following terms and conditions:

(1) Sales shall be made only at the appraised value; (2) only the number of farm units or acreage specified by applicable federal law as not being excess lands shall be sold to any person or family; (3) applicants for the purchase of a farm unit shall be selected, as nearly as practicable, in accor-

dance with the provisions of subsection (C) of section 4 of the act of congress of December 5, 1924 (43 Stat. 702); and (4) each applicant shall be required to execute a recordable contract within six months from the date the state's conveyance or contract to convey is made, whichever is the earlier, if such a contract is required as a condition to the delivery of water under the terms of the district's repayment contract with the United States; except as the carrying out of any such terms or conditions as to particular state lands may be precluded by provisions of the state Constitution.

The state shall cooperate with the secretary in carrying out the purposes of this chapter and in connection therewith, may execute recordable contracts covering any state lands and such other agreements as are necessary in connection with the administration of this chapter. [1957 c 165 § 4; 1951 c 200 § 3; 1943 c 275 § 10; Rem. Supp. 1943 § 7525-29.]

89.12.110 County lands—Contracts with United States. In the case of any county owned land within any district has been segregated into farm units as provided in RCW 89.12.040 and the appraised value thereof established, the board of county commissioners of the county shall have authority at its option of entering into a contract with the United States to bring any of such county lands as the county board shall determine under the provisions of the recordable contracts provided for in RCW 89.12.040, whenever such contracts are required as a condition to the delivery of water under the terms of the contract between the district and the United States, upon such terms as shall be agreed upon between the county and the United States: PROVIDED, That such contract shall not obligate the county to pay any district assessments levied against such lands except such, if any, as the board of county commissioners of said county shall elect to pay: PROVIDED FURTHER, That nothing herein contained shall be construed to deprive the district of the right to assess such lands, if otherwise assessable and to enforce the collection of the same in the manner provided by law. [1943 c 275 § 11; Rem. Supp. 1943 § 7525-30.]

89.12.120 Acceptance of federal act—Assessment and taxation authorized. The provisions and limitations of subsection 5(b) and 5(c) of the act of congress, as above entitled in RCW 89.12.020, concerning assessment and taxation of lands within the Columbia Basin project while legal title remains vested in the United States are hereby accepted; and assessment and taxation by the state, political subdivisions thereof, and districts are hereby authorized to be made in accordance with such provisions and limitations. [1943 c 275 § 14; Rem. Supp. 1943 § 7525-33.]

89.12.131 Adoption of Columbia Basin project act—Revocation of state's consent. Section 15, chapter 275, Laws of 1943 as amended by section 4, chapter 200, Laws of 1951 and RCW 89.12.130 are each repealed and any adoption, enactment, or consent of this state to the provisions of the federal act, as amended, cited therein are hereby revoked. [1963 c 3 § 5.]

89.12.140 Subdivision and sale of state lands in reclamation project. The commissioner of public lands of the state of Washington is authorized to cooperate with the secretary of the interior of the United States with a view to facilitate the execution of plans approved by the secretary of the interior for subdivision and disposal of lands under federal reclamation projects constructed or to be constructed under the provisions of the act of congress of June 17, 1902, (32 Stat., 388) and acts amendatory thereof or supplementary thereto in farm units bounded by lines considered more economical and convenient for irrigation and reclamation than the lines of legal subdivisions and for such purpose is authorized to cause to be prepared and filed a plat or plats of any state lands in any such federal reclamation project showing said state lands subdivided into blocks, lots or farm units, with boundary lines other than those of legal subdivisions, and located with a view to greater convenience, economy or efficiency in irrigation and reclamation, and such subdivision into lots, blocks or farm units may be made in harmony with any general plan approved by the secretary of the interior for subdivision of the lands of any such federal reclamation project or any part or division of any such project into blocks, lots or farm units with boundary lines other than the boundary lines of legal subdivisions and designed for more convenient, economical or efficient reclamation and irrigation. And the commissioner of public lands is authorized to offer for sale and to sell such state lands, in the lots, blocks or farm units designated on such plat or plats instead of offering and selling the same in the legal subdivisions of the U.S. public land surveys. [1927 c 246 § 1; RRS § 7402-280.]

Severability—1927 c 246: "Sections 1 and 2 of this act are each declared to be separable from the remainder of the act, and, should either of said sections be held unconstitutional or void, the remainder of the act shall nevertheless remain effective and in such event such unconstitutional section shall be eliminated without affecting the remainder of the act." [1927 c 246 § 3.]

89.12.150 Exchange of state and federal lands. From and after the date that the consent of the United States shall be given thereto by act of congress, the department of natural resources is authorized, upon request from the secretary of the interior, to cause an appraisal to be made by the board of natural resources of state lands in any division of any federal reclamation project which the secretary of the interior shall advise the department that he desires to have subdivided into farm units of class referred to in RCW 89.12.140, and also to cause to be appraised by the board of natural resources such public lands of the United States on the same project, or elsewhere in the state of Washington, as the secretary of the interior may propose to exchange for such state land, and when the secretary of the interior shall have secured from congress authority to make such exchange the department is authorized to exchange such state lands in any federal reclamation project for public lands of the United States on the same project or elsewhere in the state of Washington of approximately equal appraised valuation, and in making such exchange is authorized to execute suitable instruments in writing conveying or relinquishing to the United States such state lands and accepting in lieu thereof such public land of approximately equal appraised valuation. [1988 c 128 § 75; 1927 c 246 § 2; RRS § 7402-281.]

Reviser's note: Throughout this chapter several references are made to the "reclamation fund" and "reclamation revolving fund"; such fund was abolished and the moneys therein transferred to the "reclamation revolving account" in the general fund. See 1955 c 370 § 1; RCW 43.79.330. As to the references to officers and agencies, see note following title digest.

89.16.005 Short title. This chapter shall be known and cited as the "State Reclamation Act". [1919 c 158 § 1; RRS § 3004.]

89.16.010 Declaration of purpose. The object of this chapter is to provide for the reclamation and development of such lands in the state of Washington as shall be determined to be suitable and economically available for reclamation and development as agricultural lands, and the state of Washington in the exercise of its sovereign and police powers declares the reclamation of such lands to be a state purpose and necessary to the public health, safety and welfare of its people. [1972 ex.s. c 51 § 1; 1919 c 158 § 2; RRS § 3005.]

89.16.020 Reclamation account created—Composition. For the purpose of carrying out the provisions of this chapter the state reclamation revolving account, heretofore established and hereinafter called the reclamation account, shall consist of all sums appropriated thereto by the legislature; all gifts made to the state therefor and the proceeds of the sale thereof; the proceeds of the sale or redemption of and the interest earned by securities acquired with the moneys thereof; and all reimbursements for moneys advanced for the payment of assessments upon public lands of the state for the improvement thereof. [1973 1st ex.s. c 40 § 1; 1972 ex.s. c 51 § 2; 1959 c 104 § 2. Prior: 1919 c 158 § 4, part; RRS § 3007, part.]

89.16.040 Payments from account—Reclamation districts specified—Rehabilitation of existing projects. From the moneys appropriated from the reclamation account there shall be paid, upon vouchers approved by the director of ecology, the administrative expenses of the director under this chapter and such amounts as are found necessary for the

investigation and survey of reclamation projects proposed to be financed in whole or in part by the director, and such amounts as may be authorized by him for the reclamation of lands in diking, diking improvement, drainage, drainage improvement, diking and drainage, diking and drainage improvement, irrigation and irrigation improvement districts, and such other districts as are authorized by law for the reclamation or development of waste or undeveloped lands or the rehabilitation of existing reclamation projects, and all such districts and improvement districts shall, for the purposes of this chapter be known as reclamation districts. [1981 c 216 § 2; 1972 ex.s. c 51 § 3; 1959 c 104 § 4. Prior: 1919 c 158 § 4, part; RRS § 3007, part.]

89.16.045 Loans from account—Contracts—Repayment. Notwithstanding any other provisions of this chapter, the director of ecology may, by written contract with a reclamation district, loan moneys from the reclamation account to said district for use in financing a project of construction, reconstruction or improvement of district facilities, or a project of additions to such facilities. No such contract shall exceed fifty thousand dollars per project or a term of ten years, or provide for an interest rate of more than eight percent per annum. The director shall not execute any contract as provided in this section until he determines that the project for which the moneys are furnished is within the scope of the district's powers to undertake, that the project is feasible, that its construction is in the best interest of the state and the district, and that the district proposing the project is in a sound financial condition and capable of repaying the loan with interest in not more than ten annual payments. Any district is empowered to enter into a contract, as provided for in this section, and to levy assessments based on the special benefits accruing to lands within the district as are necessary to satisfy the contract, when a resolution of the governing body of the reclamation district authorizing its execution is approved by the body: PROVIDED, That no district shall be empowered to execute with the director any such contract during the term of any previously executed contract authorized by this section. [1972 ex.s. c 51 § 4; 1967 c 181 § 1.]

89.16.050 Powers and duties of director of ecology. In carrying out the purposes of this chapter, the director of the department of ecology of the state of Washington shall be authorized and empowered:

To make surveys and investigations of the wholly or partially unreclaimed and undeveloped lands in this state and to determine the relative agricultural values, productiveness and uses, and the feasibility and cost of reclamation and development thereof;

To formulate and adopt a sound policy for the reclamation and development of the agricultural resources of the state, and from time to time select for reclamation and development such lands as may be deemed advisable, and the director may in his discretion advise as to the formation and assist in the organization of reclamation districts under the laws of this state;

To purchase the bonds of any reclamation district whose project is approved by the director and which is found to be upon a sound financial basis, to contract with any such

district for making surveys and furnishing engineering plans and supervision for the construction of its project, or for constructing or completing its project and to advance money to the credit of the district for any or all of such purposes, and to accept the bonds, notes or warrants of such district in payment therefor, and to expend the moneys appropriated from the reclamation account in the purchase of such bonds, notes or warrants or in carrying out such contracts: PROVIDED, That interest not to exceed the annual rate provided for in the bonds, notes or warrants agreed to be purchased, shall be charged and received for all moneys advanced to the district prior to the delivery of the bonds, notes or warrants and the amount of such interest shall be included in the purchase price of such bonds, notes or warrants: PROVIDED FURTHER, That no district, the bonds, notes or warrants of which have been purchased by the state under the provisions of the state reclamation act, shall thereafter during the life of said bonds, notes or warrants make expenditures of any kind from the bond or warrant funds of the district or incur obligations chargeable against such funds or issue any additional notes without previous written approval of the director of ecology of the state of Washington, and any obligations incurred without such approval shall be void;

To sell and dispose of any reclamation district bonds acquired by the director, at public or private sale, and to pay the proceeds of such sale into the reclamation account: PROVIDED, That such bonds shall not be sold for less than the purchase price plus accrued interest, except in case of a sale to an agency supplied with money by the United States of America, or to the United States of America in furtherance of refunding operations of any irrigation district, diking or drainage district, or diking or drainage improvement district, now pending or hereafter carried on by such district, in which case the director shall have authority to sell any bonds of such district owned by the state of Washington under the provisions of the state reclamation act, to the United States of America, or other federal agency on such terms as said United States of America, or other federal agency shall prescribe for bonds of the same issue of such district as that held by the state of Washington in connection with such refunding operations;

To borrow money upon the security of any bonds, including refunding bonds, of any reclamation district, acquired by the director, on such terms and rate of interest and over such period of time as the director may see fit, and to hypothecate and pledge reclamation district bonds or refunding bonds acquired by the director as security for such loan. Such loans shall have, as their sole security, the bonds so pledged and the revenues therefrom, and the director shall not have authority to pledge the general credit of the state of Washington: PROVIDED, That in reloaning any money so borrowed, or obtained from a sale of bonds it shall be the duty of the director to fix such rates of interest as will prevent impairment of the reclamation revolving account;

To purchase delinquent general tax or delinquent special assessment certificates chargeable against lands included within any reclamation district obligated to the state under the provisions of the state reclamation act, and to purchase lands included in such districts and placed on sale on account of delinquent taxes or delinquent assessments with the same rights, privileges and powers with respect thereto as a private holder and owner of said certificates, or as a

private purchaser of said lands: PROVIDED, That the director shall be entitled to a delinquent tax certificate upon application to the proper county treasurer therefor without the necessity of a resolution of the county legislative authority authorizing the issuance of certificates of delinquency required by law in the case of the sale of such certificates to private purchasers;

To sell said delinquent certificates or the lands acquired at sale on account of delinquent taxes or delinquent assessments at public or private sale, and on such conditions as the director shall determine;

To, whenever the director shall deem it advisable, require any district with which he may contract, to provide such safeguards as he may deem necessary to assure bona fide settlement and development of the lands within such district, by securing from the owners of lands therein agreements to limit the amount of their holdings to such acreage as they can properly farm and to sell their excess land holdings at reasonable prices;

To employ all necessary experts, assistants and employees and fix their compensation and to enter into any and all contracts and agreements necessary to carry out the purposes of this chapter;

To have the assistance, cooperation and services of, and the use of the records and files in, all the departments and institutions of the state, particularly the office of the commissioner of public lands, the state department of agriculture, Washington State University, and the University of Washington; and all state officers and the governing authorities of all state institutions are hereby authorized and directed to cooperate with the director in furthering the purpose of this chapter;

To cooperate with the United States in any plan of land reclamation, land settlement or agricultural development which the congress of the United States may provide and which may effect the development of agricultural resources within the state of Washington, and the director shall have full power to carry out the provisions of any cooperative land settlement act that may be enacted by the United States. [1983 c 167 § 248; 1977 c 75 § 93; 1972 ex.s. c 51 § 5; 1943 c 279 § 1; 1935 c 7 § 1; 1933 ex.s. c 13 § 1; 1923 c 132 § 1; 1919 c 158 § 5; RRS § 3008.]

[1972 ex.s. c 51 § 6; 1919 c 158 § 6; RRS § 3009.]

Aquifer protection areas: Chapter 36.36 RCW.

90.03.005 State water policy—Cooperation with other agencies—Reduction of wasteful practices. It is the policy of the state to promote the use of the public waters in a fashion which provides for obtaining maximum net benefits arising from both diversionary uses of the state's public waters and the retention of waters within streams and lakes in sufficient quantity and quality to protect instream and natural values and rights. Consistent with this policy, the state supports economically feasible and environmentally sound development of physical facilities through the concerted efforts of the state with the United States, public corporations, Indian tribes, or other public or private entities. Further, based on the tenet of water law which precludes wasteful practices in the exercise of rights to the use of

waters, the department of ecology shall reduce these practices to the maximum extent practicable, taking into account sound principles of water management, the benefits and costs of improved water use efficiency, and the most effective use of public and private funds, and, when appropriate, to work to that end in concert with the agencies of the United States and other public and private entities. [1989 c 348 § 2; 1979 ex.s. c 216 § 8.]

Severability—1989 c 348: See note following RCW 90.54.020.

Rights not impaired—1989 c 348: See RCW 90.54.920.

Effective date—Severability—1979 ex.s. c 216: See notes following RCW 90.03.245.

90.03.010 Appropriation of water rights—Existing rights preserved. The power of the state to regulate and control the waters within the state shall be exercised as hereinafter in this chapter provided. Subject to existing rights all waters within the state belong to the public, and any right thereto, or to the use thereof, shall be hereafter acquired only by appropriation for a beneficial use and in the manner provided and not otherwise; and, as between appropriations, the first in time shall be the first in right. Nothing contained in this chapter shall be construed to lessen, enlarge, or modify the existing rights of any riparian owner, or any existing right acquired by appropriation, or otherwise. They shall, however, be subject to condemnation as provided in RCW 90.03.040, and the amount and priority thereof may be determined by the procedure set out in RCW 90.03.110 through 90.03.240. [1917 c 117 § 1; RRS § 7351. Prior: 1891 p 127 § 1. Formerly RCW 90.04.020.]

90.03.020 Units of water measurement. The legally recognized units of water measurement shall be as follows: For flowing water—one cubic foot of water per second of time, and to be designated "secondfoot." For absolute volume or quantity of water—forty-three thousand five hundred sixty cubic feet of water, and to be designated "acrefoot." [1917 c 117 § 2; RRS § 7352. Prior: 1890 p 729 § 1. 90.03.030 Right to convey water along lake or stream. Any person may convey any water which he may have a right to use along any of the natural streams or lakes of this state, but not so as to raise the water thereof above ordinary highwater mark, without making just compensation to persons injured thereby; but due allowance shall be made for evaporation and seepage, the amount of such seepage to be determined by the department, upon the application of any person interested. [1987 c 109 § 68; 1917 c 117 § 3; RRS § 7353. Formerly RCW 90.28.050.]

90.03.040 Eminent domain—Use of water declared public use. The beneficial use of water is hereby declared to be a public use, and any person may exercise the right of eminent domain to acquire any property or rights now or hereafter existing when found necessary for the storage of water for, or the application of water to, any beneficial use, including the right to enlarge existing structures employed for the public purposes mentioned in this chapter and use the same in common with the former owner, and including the right and power to condemn an inferior use of water for a superior use. In condemnation proceedings the court shall determine what use will be for the greatest public benefit, and that use shall be deemed a superior one: PROVIDED, That no property right in water or the use of water shall be acquired hereunder by condemnation for irrigation purposes, which shall deprive any person of such quantity of water as may be reasonably necessary for the irrigation of his land then under irrigation to the full extent of the soil, by the most economical method of artificial irrigation applicable to such land according to the usual methods of artificial irrigation employed in the vicinity where such land is situated. In any case, the court shall determine what is the most economical method of irrigation. Such property or rights shall be acquired in the manner provided by law for the taking of private property for public use by private corporations. [1917 c 117 § 4; RRS § 7354. The districts for or in which the water masters serve shall be designated water master districts, which shall be fixed from time to time by the department, as required, and they shall be subject to revision as to boundaries or to complete abandonment as local conditions may indicate to be expedient, the spirit of this provision being that no district shall be created or continued where the need for the same does not exist. Water masters shall be supervised by the department, shall be compensated for services from funds of the department, and shall be technically qualified to the extent of understanding the elementary principals of hydraulics and irrigation, and of being able to make water measurements in streams and in open and closed conduits of all characters, by the usual methods employed for that purpose. 90.03.290 Appropriation procedure—Department to investigate—Preliminary permit—Findings and action on application. When an application complying with the provisions of this chapter and with the rules and regulations of the department has been filed, the same shall be placed on record with the department, and it shall be its duty to investigate the application, and determine what water, if any, is available for appropriation, and find and determine to what beneficial use or uses it can be applied. If it is proposed to appropriate water for irrigation purposes, the department shall investigate, determine and find what lands are capable of irrigation by means of water found available for appropriation. If it is proposed to appropriate water for the purpose of power development, the department shall investigate, determine and find whether the proposed development is likely to prove detrimental to the public interest, having in mind the highest feasible use of the waters belonging to the public. If the application does not contain, and the applicant does not promptly furnish sufficient information on which to base such findings, the department may issue a preliminary permit, for a period of not to exceed three years, requiring the applicant to make such surveys, investigations, studies, and progress reports, as in the opinion of the department may be necessary. If the applicant fails to comply with the conditions of the preliminary permit, it and the application or applications on which it is based shall be automatically canceled and the applicant so notified. If the holder of a

preliminary permit shall, before its expiration, file with the department a verified report of expenditures made and work done under the preliminary permit, which, in the opinion of the department, establishes the good faith, intent and ability of the applicant to carry on the proposed development, the preliminary permit may, with the approval of the governor, be extended, but not to exceed a maximum period of five years from the date of the issuance of the preliminary permit. The department shall make and file as part of the record in the matter, written findings of fact concerning all things investigated, and if it shall find that there is water available for appropriation for a beneficial use, and the appropriation thereof as proposed in the application will not impair existing rights or be detrimental to the public welfare, it shall issue a permit stating the amount of water to which the applicant shall be entitled and the beneficial use or uses to which it may be applied: PROVIDED, That where the water applied for is to be used for irrigation purposes, it shall become appurtenant only to such land as may be reclaimed thereby to the full extent of the soil for agricultural purposes. But where there is no unappropriated water in the proposed source of supply, or where the proposed use conflicts with existing rights, or threatens to prove detrimental to the public interest, having due regard to the highest feasible development of the use of the waters belonging to the public, it shall be duty of the department to reject such application and to refuse to issue the permit asked for. If the permit is refused because of conflict with existing rights and such applicant shall acquire same by purchase or condemnation under RCW 90.03.040, the department may thereupon grant such permit. Any application may be approved for a less amount of water than that applied for, if there exists substantial reason therefor, and in any event shall not be approved for more water than can be applied to beneficial use for the purposes named in the application. In determining whether or not a permit shall issue upon any application, it shall be the duty of the department to investigate all facts relevant and material to the application. After the department approves said application in whole or in part and before any permit shall be issued thereon to the applicant, such applicant shall pay the fee provided in RCW 90.03.470: PROVIDED FURTHER, That in the event a permit is issued by the department upon any application, it shall be its duty to notify the director of fish and wildlife of such issuance. some other state or nation, but in all such cases where either the point of diversion or any of such works or the place of intended use, or the lands, or part of the lands, to be irrigated by means of such water, are situated within the state of Washington, the permit shall issue as in other cases: PROVIDED, HOWEVER, That the department may in its discretion, decline to issue a permit where the point of diversion described in the application is within the state of Washington but the place of beneficial use in some other state or nation, unless under the laws of such state or nation water may be lawfully diverted within such state or nation for beneficial use in the state of Washington. Any original water right certificate issued, as provided by this chapter, shall be recorded with the department and thereafter, at the expense of the party receiving the same, be by the department transmitted to the county auditor of the county or counties where the distributing system or any part thereof is located, and be recorded in the office of such county auditor, and thereafter be transmitted to the owner thereof. Whenever an application for a permit to make beneficial use of public waters embodied in a reservation, established after September 1, 1979, is filed with the department of ecology after the effective date of such reservation, the priority date for a permit issued pursuant to an approval by the department of ecology of the application shall be the effective date of the reservation. Any person, corporation or association intending to construct or modify any dam or controlling works for the storage of ten acre feet or more of water, shall before beginning said construction or modification, submit plans and specifications of the same to the department for examination and approval as to its safety. Such plans and specifications shall be submitted in duplicate, one copy of which shall be retained as a public record, by the department, and the other returned with its approval or rejection endorsed thereon. No such dam or controlling works shall be constructed or modified until the same or any modification thereof shall have been approved as to its safety by the department. Any such dam or controlling works constructed or modified in any manner other than in accordance with plans and specifications approved by the department or which shall not be maintained in accordance with the order of the department shall be presumed to be a public nuisance and may be abated in the manner provided by law, and it shall be the duty of the attorney general or prosecuting attorney of the county wherein such dam or controlling works, or the major portion thereof, is situated to institute abatement proceedings against the owner or owners of such dam or controlling works, whenever he or she is requested to do so by the department.

A metals mining and milling operation regulated under chapter 232, Laws of 1994 is subject to additional dam safety inspection requirements due to the special hazards associated with failure of a tailings pond impoundment. The department shall inspect these impoundments at least quarterly during the project's operation and at least annually thereafter for the postclosure monitoring period in order to ensure the safety of the dam or controlling works. The department shall conduct additional inspections as needed during the construction phase of the mining operation in order to ensure the safe construction of the tailings impoundment. 90.03.360 Controlling works and measuring devices—Metering of diversions—Impact on fish stock. (1) The owner or owners of any water diversion shall maintain, to the satisfaction of the department of ecology, substantial controlling works and a measuring device constructed and maintained to permit accurate measurement and practical regulation of the flow of water diverted. Every owner or manager of a reservoir for the storage of water shall construct and maintain, when required by the department, any measuring device necessary to ascertain the natural flow into and out of said reservoir.

Metering of diversions or measurement by other approved methods shall be required as a condition for all new surface water right permits, and except as provided in subsection (2) of this section, may be required as a condition for all previously existing surface water rights. The department may also require, as a condition for all water rights, metering of diversions, and reports regarding such metered diversions as to the amount of water being diverted. Such reports shall be in a form prescribed by the department.

(2) Where water diversions are from waters in which the salmonid stock status is depressed or critical, as determined by the department of fish and wildlife, or where the volume of water being diverted exceeds one cubic foot per second, the department shall require metering or measurement by other approved methods as a condition for all new and previously existing water rights or claims. The department shall attempt to integrate the requirements of this subsection into its existing compliance workload priorities, but shall prioritize the requirements of this subsection ahead of the existing compliance workload where a delay may cause the decline of wild salmonids. The department shall notify the department of fish and wildlife of the status of fish screens associated with these diversions.

This subsection (2) shall not apply to diversions for public or private hatcheries or fish rearing facilities if the diverted water is returned directly to the waters from which it was diverted. 90.03.370 Reservoir permits—Secondary permits. All applications for reservoir permits shall be subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent

and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. 90.03.380 Right to water attaches to land—Transfer or change in point of diversion—Transfer of rights from one district to another. The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That said right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and said application shall not be granted until notice of said application shall be published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district.

This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070. [1991 c 347 § 15; 1987 c 109 § 94; 1929 c 122 § 6; 1917 c 117 § 39; RRS § 7391. Formerly RCW 90.28.090.]

90.03.383 Interties—Findings—Definitions—Review and approval. (1) The legislature recognizes the value of interties for improving the reliability of public water systems, enhancing their management, and more efficiently utilizing the increasingly limited resource. Given the continued growth in the most populous areas of the state, the increased complexity of public water supply management, and the trend toward regional planning and regional solutions to resource issues, interconnections of public water systems through interties provide a valuable tool to ensure reliable public water supplies for the citizens of the state. Public water systems have been encouraged in the past to utilize interties to achieve public health and resource management objectives. The legislature finds that it is in the public interest to recognize interties existing and in use as of January 1, 1991, and to have associated water rights modified by the department of ecology to reflect current use of water through those interties, pursuant to subsection (3) of this section. The legislature further finds it in the public interest to develop a coordinated process to review proposals for interties commencing use after January 1, 1991.

(2) For the purposes of this section, the following definitions shall apply:

(a) "Interties" are interconnections between public water systems permitting exchange or delivery of water between those systems for other than emergency supply purposes, where such exchange or delivery is within established instantaneous and annual withdrawal rates specified in the systems' existing water right permits or certificates, or contained in claims filed pursuant to chapter 90.14 RCW, and which results in better management of public water supply consistent with existing rights and obligations. Interties include interconnections between public water systems permitting exchange or delivery of water to serve as primary or secondary sources of supply, but do not include development of new sources of supply to meet future demand.

(b) "Service area" is the area designated in a water system plan or a coordinated water system plan pursuant to chapter 43.20 or 70.116 RCW respectively. When a public water system does not have a designated service area subject to the approval process of those chapters, the service area shall be the designated place of use contained in the water right permit or certificate, or contained in the claim filed pursuant to chapter 90.14 RCW.

(3) Public water systems with interties existing and in use as of January 1, 1991, or that have received written approval from the department of health prior to that date, shall file written notice of those interties with the department of health and the department of ecology. The notice may be incorporated into the public water system's five-year update of its water system plan, but shall be filed no later than June 30, 1996. The notice shall identify the location of the intertie; the dates of its first use; the purpose, capacity, and current use; the intertie agreement of the parties and the service areas assigned; and other information reasonably necessary to modify the water right permit. Notwithstanding the provisions of RCW 90.03.380 and 90.44.100, for public water systems with interties existing and in use as of January 1, 1991, the department of ecology, upon receipt of notice

meeting the requirements of this subsection, shall, as soon as practicable, modify the place of use descriptions in the water right permits, certificates, or claims to reflect the actual use through such interties, provided that the place of use is within service area designations established in a water system plan approved pursuant to chapter 43.20 RCW, or a coordinated water system plan approved pursuant to chapter 70.116 RCW, and further provided that the water used is within the instantaneous and annual withdrawal rates specified in the water right permit and that no outstanding complaints of impairment to existing water rights have been filed with the department of ecology prior to September 1, 1991. Where such complaints of impairment have been received, the department of ecology shall make all reasonable efforts to resolve them in a timely manner through agreement of the parties or through available administrative remedies.

(4) Notwithstanding the provisions of RCW 90.03.380 and 90.44.100, exchange or delivery of water through interties commencing use after January 1, 1991, shall be permitted when the intertie improves overall system reliability, enhances the manageability of the systems, provides opportunities for conjunctive use, or delays or avoids the need to develop new water sources, and otherwise meets the requirements of this section, provided that each public water system's water use shall not exceed the instantaneous or annual withdrawal rate specified in its water right authorization, shall not adversely affect existing water rights, and shall not be inconsistent with state-approved plans such as water system plans or other plans which include specific proposals for construction of interties. Interties commencing use after January 1, 1991, shall not be inconsistent with regional water resource plans developed pursuant to chapter 90.54 RCW.

(5) For public water systems subject to the approval process of chapter 43.20 RCW or chapter 70.116 RCW, proposals for interties commencing use after January 1, 1991, shall be incorporated into water system plans pursuant to chapter 43.20 RCW or coordinated water system plans pursuant to chapter 70.116 RCW and submitted to the department of health and the department of ecology for review and approval as provided for in subsections (5) through (9) of this section. The plan shall state how the proposed intertie will improve overall system reliability, enhance the manageability of the systems, provide opportunities for conjunctive use, or delay or avoid the need to develop new water sources.

(6) The department of health shall be responsible for review and approval of proposals for new interties. In its review the department of health shall determine whether the intertie satisfies the criteria of subsection (4) of this section, with the exception of water rights considerations, which are the responsibility of the department of ecology, and shall determine whether the intertie is necessary to address emergent public health or safety concerns associated with public water supply.

(7) If the intertie is determined by the department of health to be necessary to address emergent public health or safety concerns associated with public water supply, the public water system shall amend its water system plan as required and shall file an application with the department of ecology to change its existing water right to reflect the

proposed use of the water as described in the approved water system plan. The department of ecology shall process the application for change pursuant to RCW 90.03.380 or 90.44.100 as appropriate, except that, notwithstanding the requirements of those sections regarding notice and protest periods, applicants shall be required to publish notice one time, and the comment period shall be fifteen days from the date of publication of the notice. Within sixty days of receiving the application, the department of ecology shall issue findings and advise the department of health if existing water rights are determined to be adversely affected. If no determination is provided by the department of ecology within the sixty-day period, the department of health shall proceed as if existing rights are not adversely affected by the proposed intertie. The department of ecology may obtain an extension of the sixty-day period by submitting written notice to the department of health and to the applicant indicating a definite date by which its determination will be made. No additional extensions shall be granted, and in no event shall the total review period for the department of ecology exceed one hundred eighty days.

(8) If the department of health determines the proposed intertie appears to meet the requirements of subsection (4) of this section but is not necessary to address emergent public health or safety concerns associated with public water supply, the department of health shall instruct the applicant to submit to the department of ecology an application for change to the underlying water right or claim as necessary to reflect the new place of use. The department of ecology shall consider the applications pursuant to the provisions of RCW 90.03.380 and 90.44.100 as appropriate. If in its review of proposed interties and associated water rights the department of ecology determines that additional information is required to act on the application, the department may request applicants to provide information necessary for its decision, consistent with agency rules and written guidelines. Parties disagreeing with the decision of the department of ecology on the application for change in place of use may appeal the decision to the pollution control hearings board.

(9) The department of health may approve plans containing intertie proposals prior to the department of ecology's decision on the water right application for change in place of use. However, notwithstanding such approval, construction work on the intertie shall not begin until the department of ecology issues the appropriate water right document to the applicant consistent with the approved plan. [1991 c 350 § 1.]

90.03.386 Coordination of approval procedures for compliance and consistency with approved water system plan. Within service areas established pursuant to chapters 43.20 and 70.116 RCW, the department of ecology and the department of health shall coordinate approval procedures to ensure compliance and consistency with the approved water system plan. [1991 c 350 § 2.]

90.03.390 Temporary changes—Emergency interties—Rotation in use. RCW 90.03.380 shall not be construed to prevent water users from making a seasonal or temporary change of point of diversion or place of use of water when such change can be made without detriment to

existing rights, but in no case shall such change be made without the permission of the water master of the district in which such proposed change is located, or of the department. Nor shall RCW 90.03.380 be construed to prevent construction of emergency interties between public water systems to permit exchange of water during short-term emergency situations, or rotation in the use of water for bringing about a more economical use of the available supply, provided however, that the department of health in consultation with the department of ecology shall adopt rules or develop written guidelines setting forth standards for determining when a short-term emergency exists and the circumstances in which emergency interties are permitted. The rules or guidelines shall be consistent with the procedures established in RCW 43.83B.400 through 43.83B.420. Water users owning lands to which water rights are attached may rotate in the use of water to which they are collectively entitled, or an individual water user having lands to which are attached water rights of a different priority, may in like manner rotate in use when such rotation can be made without detriment to other existing water rights, and has the approval of the water master or department. [1991 c 350 § 3; 1987 c 109 § 95; 1929 c 122 § 7; RRS § 7391a. Formerly RCW 90.28.100.]

90.03.400 Crimes against water code—Unauthorized use of water. The unauthorized use of water to which another person is entitled or the wilful or negligent waste of water to the detriment of another, shall be a misdemeanor. The possession or use of water without legal right shall be prima facie evidence of the guilt of the person using it. It shall also be a misdemeanor to use, store or divert any water until after the issuance of permit to appropriate such water. [1917 c 117 § 40; RRS § 7392. Formerly RCW 90.32.010.]

Punishment of misdemeanor when not fixed by statute: RCW 9.92.030.

90.03.410 Crimes against water code—Interference with works—Wrongful use of water—Property destruction—Penalty. (1) Any person or persons who shall wilfully interfere with, or injure or destroy any dam, dike, headgate, weir, canal or reservoir, flume or other structure or appliance for the diversion, carriage, storage, apportionment or measurement of water for irrigation, reclamation, power or other beneficial uses, or who shall wilfully use or conduct water into or through his ditch, which has been lawfully denied him by the water master or other competent authority, or shall wilfully injure or destroy any telegraph, telephone or electric transmission line, or any other property owned, occupied or controlled by any person, association, or corporation, or by the United States and used in connection with said beneficial use of water, shall be guilty of a misdemeanor or, if there is actual physical injury to or destruction of any real or personal property, of property destruction and shall incur the penalties set forth in *RCW 9.61.070.

(2) Any person or persons who shall wilfully or unlawfully take or use water, or conduct the same into his ditch or to his land, or land occupied by him, and for such purpose shall cut, dig, break down or open any headgate, bank,

embankment, canal or reservoir, flume or conduit, or interfere with, injure or destroy any weir, measuring box or other appliance for the apportionment and measurement of water, or unlawfully take or cause to run or pour out of such structure or appliance any water, shall be guilty of a misdemeanor or, if there is actual physical injury to or destruction of any real or personal property, of property destruction and shall incur the penalties set forth in *RCW 9.61.070.

(3) The use of water through such structure or structures, appliance or appliances hereinbefore named after its or their having been interfered with, injured or destroyed, shall be prima facie evidence of the guilt of the person using it. [1971 ex.s. c 152 § 8; 1921 c 103 § 2; 1917 c 117 § 41; RRS § 7393. Formerly RCW 90.32.020.]

*Reviser's note: RCW 9.61.070 was repealed by 1975 1st ex.s. c 260 § 9A.92.010, effective July 1, 1976.

90.03.420 Crimes against water code—Obstruction of right of way. Whenever any appropriator of water has the lawful right of way for the storage, diversion, or carriage of water, it shall be unlawful to place or maintain any obstruction that shall interfere with the use of the works, or prevent convenient access thereto or trespass thereon. [1917 c 117 § 42; RRS § 7394. Formerly RCW 90.32.030.]

90.03.430 Partnership ditches—Action for reimbursement for work done. In all cases where irrigating ditches are owned by two or more persons and one or more of such persons shall fail or neglect to do his, her or their proportionate share of the work necessary for the proper maintenance and operation of such ditch or ditches or to construct suitable headgates or measuring devices at the points where water is diverted from the main ditch, such owner or owners desiring the performance of such work as is reasonably necessary to maintain the ditch, may, after having given ten days' written notice to such owner or owners who have failed to perform his, her or their proportionate share of such work, necessary for the operation and maintenance of said ditch or ditches, perform his, her or their share of such work, and recover therefor from such person or persons so failing to perform his, her or their share of such work in any court having jurisdiction of the matter the expense or value of such work or labor so performed: PROVIDED, That no improvement involving an expenditure in excess of one hundred dollars shall be made without the written approval of the department having first been obtained. 90.03.440 Partnership ditches—Procedure for division of water between joint owners. When two or more persons, joint owners in an irrigation ditch or reservoir, not incorporated, or their lessees, are unable to agree relative to the division or distribution of water received through their ditch or from their reservoir, and where there is no disagreement as to the ownership of said water, it shall be lawful for any such owner or owners, his or their lessee or lessees, or either of them, to apply to the department, in writing, setting forth such fact and giving such information as shall enable

the department to estimate the probable expense of such service, asking the department to appoint some suitable person to take charge of such ditch or reservoir for the purpose of making a just division or distribution of the water from the same to the parties entitled to the use thereof. The department shall upon the receipt of such application notify the applicant of the probable expense of such division and upon receipt of certified check for said amount, the department shall appoint a suitable person to make such division. The person so appointed shall take exclusive charge of such ditch or reservoir for the purpose of dividing the water therefrom in accordance with the established rights of the diverters therefrom, and continue the said work until the necessity therefor shall cease to exist. The expense of such investigation and division shall be a charge upon all of the co-owners and the person advancing the payment to the department shall be entitled to recover in any court of competent jurisdiction from his co-owners their proportionate share of the expense. Upon the failure of any co-owner to pay his proportionate share of such expense as mentioned in RCW 90.03.430 within thirty days after receiving a statement of the same as performed by his co-owner or owners, such person or persons so performing such labor may secure payment of said claim by filing an itemized and sworn statement thereof, setting forth the date of the performance and the nature of the labor so performed, with the county auditor of the county wherein said ditch is situated, and when so filed it shall constitute a valid lien against the interest of such person or persons who shall fail to perform their proportionate share of the work requisite to the proper maintenance of said ditch, which said lien when so taken may be enforced in the same manner as provided by law for the enforcement of mechanics' and builders' liens. [1919 c 71 § 5; RRS § 7397. Formerly RCW 90.28.120.]

90.03.460 Inchoate rights not affected. Nothing in this chapter contained shall operate to effect an impairment of any inchoate right to divert and use water while the application of the water in question to a beneficial use is being prosecuted with reasonable diligence, having due regard to the circumstances surrounding the enterprise, including the magnitude of the project for putting the water to a beneficial use and the market for the resulting water right for irrigation or power or other beneficial use, in the locality in question. [1917 c 117 § 43; RRS § 7398. Formerly RCW 90.28.140.]

90.03.470 Schedule of fees. Except as otherwise provided in subsection (15) of this section, the following fees shall be collected by the department in advance:

second foot between one and five hundred second feet, two dollars per second foot; for each second foot between five hundred and two thousand second feet, fifty cents per second foot; and for each second foot in excess thereof, twenty cents per second foot. For each acre foot of storage up to and including one hundred thousand acre feet, one cent per acre foot, and for each acre foot in excess thereof, one-fifth cent per acre foot. The ten dollar fee payable with the application shall be a credit to that amount whenever the fee for direct diversion or storage totals more than ten dollars under the above schedule and in such case the further fee due shall be the total computed amount less ten dollars.

Within five days from receipt of an application the department shall notify the applicant by registered mail of any additional fees due under the above schedule and any additional fees shall be paid to and received by the department within thirty days from the date of filing the application, or the application shall be rejected.

(2) For filing and recording a permit to appropriate water for irrigation purposes, forty cents per acre for each acre to be irrigated up to and including one hundred acres, and twenty cents per acre for each acre in excess of one hundred acres up to and including one thousand acres, and ten cents for each acre in excess of one thousand acres; and also twenty cents for each theoretical horsepower up to and including one thousand horsepower, and four cents for each theoretical horsepower in excess of one thousand horsepower, but in no instance shall the minimum fee for filing and recording a permit to appropriate water be less than five dollars. For all other beneficial purposes the fee shall be twice the amount of the examination fee except that for individual household and domestic use, which may include water for irrigation of a family garden, the fee shall be five dollars.

(3) For filing and recording any other water right instrument, four dollars for the first hundred words and forty cents for each additional hundred words or fraction thereof.

(4) For making a copy of any document recorded or filed in his office, forty cents for each hundred words or fraction thereof, but when the amount exceeds twenty dollars, only the actual cost in excess of that amount shall be charged.

(5) For certifying to copies, documents, records or maps, two dollars for each certification.

(6) For blueprint copies of a map or drawing, or, for such other work of a similar nature as may be required of the department, at actual cost of the work.

(7) For granting each extension of time for beginning construction work under a permit to appropriate water, an amount equal to one-half of the filing and recording fee, except that the minimum fee shall be not less than five dollars for each year that an extension is granted, and for granting an extension of time for completion of construction work or for completing application of water to a beneficial use, five dollars for each year that an extension is granted.

(8) For the inspection of any hydraulic works to insure safety to life and property, the actual cost of the inspection, including the expense incident thereto.

(9) For the examination of plans and specifications as to safety of controlling works for storage of ten acre feet or more of water, a minimum fee of ten dollars, or the actual cost.

(10) For recording an assignment either of a permit to appropriate water or of an application for such a permit, a fee of five dollars.

(11) For preparing and issuing all water right certificates, five dollars.

(12) For filing and recording a protest against granting any application, two dollars.

(13) The department shall provide timely notification by certified mail with return receipt requested to applicants that fees are due. No action may be taken until the fee is paid in full. Failure to remit fees within sixty days of the department's notification shall be grounds for rejecting the application or canceling the permit. Cash shall not be accepted. Fees must be paid by check or money order and are nonrefundable.

(14) For purposes of calculating fees for ground water filings, one cubic foot per second shall be regarded as equivalent to four hundred fifty gallons per minute.

(15) For the period beginning July 1, 1993, and ending June 30, 1994, there is imposed and the department shall collect a one hundred dollar surcharge on all water rights applications or changes filed under this section, and upon all water rights applications or changes pending as of July 1, 1993. This charge shall be in addition to any other fees imposed under this section. [1993 c 495 § 2; 1987 c 109 § 98; 1965 ex.s. c 160 § 1; 1951 c 57 § 5; 1929 c 122 § 8; 1925 ex.s. c 161 § 2; 1917 c 117 § 44; RRS § 7399. Formerly RCW 90.04.040.]

Findings—1993 c 495: "The legislature finds that a water right confers significant economic benefits to the water right holder. The fees associated with acquiring a water right have not changed significantly since 1917. Water rights applicants pay less than two percent of the costs of the administration of the water rights program. The legislature finds that, since water rights are of significant value, water rights applicants should contribute more to the cost of administration of the water rights program.

The legislature also finds that an abrupt increase in water rights fees could be disruptive to water rights holders and applicants. The legislature further finds that water rights applicants have a right to know that the water rights program is being administered efficiently and that the fees charged for various services relate directly to the cost of providing those services.

Therefore, the legislature creates a task force to review the water rights program, to make recommendations for streamlining the application process and increasing the overall efficiency and accountability of the administration of the program, and to return to the legislature with a proposal for a fee schedule where the fee levels relate clearly to the cost of services provided." [1993 c 495 § 1.]

Reviser's note: 1993 c 495 § 3 created a water rights task force that expired June 30, 1994.

90.03.500 Storm water control facilities—Imposition of rates and charges—Legislative findings. The legislature finds that increasing the surface water or storm water accumulation on or flow over real property, beyond that which naturally occurs on the real property, may cause

severe damage to the real property and limit the gainful use or enjoyment of the real property, resulting in a tort, nuisance, or taking. The damage can arise from activities increasing the point or nonpoint flow of surface water or storm water over the real property, or altering or interrupting the natural drainage from the real property. The legislature finds that it is in the public interest to permit the construction and operation of public improvements to lessen the damage. The legislature further finds that it is in the public interest to provide for the equitable imposition of special assessments, rates, and charges to fund such improvements. This shall include the imposition of special assessments, rates, and charges on real property to fund that reasonable portion of the public improvements that alleviate the damage arising from activities that are the proximate cause of the damage on other real property. Except as otherwise provided in RCW 90.03.525, these special assessments, rates, and charges may be imposed on any publicly-owned, including state-owned, real property that causes such damage. [1986 c 278 § 62; 1983 c 315 § 8.]

Severability—1983 c 315: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 315 § 26.]

90.03.510 Storm water control facilities—Imposition of rates and charges—Credit for other improvements. Whenever a county, city, town, sewer district, or flood control zone district imposes rates or charges to fund storm water control facilities or improvements and the operation and maintenance of such facilities or improvements under RCW 35.67.020, 35.92.020, 36.89.080, 36.94.140, 56.08.010, or 56.16.090, it may provide a credit for the value of storm water control facilities or improvements that a person or entity has installed or located that mitigate or lessen the impact of storm water which otherwise would occur. 90.03.520 Storm water control facilities—Imposition of rates and charges—Definitions. The definitions set forth in this section apply to RCW 90.03.525 and 35.67.025.

(1) "State highway right of way" means the right of way for a state highway. The phrase includes the right of way of a state limited-access highway inside or outside a city or town but does not include city or town streets forming a part of the route of state highways that are not limited-access highways. The term does not include state property under the jurisdiction of the department of transportation that is outside the right of way lines of a state highway.

(2) "Storm water control facility" means any facility, improvement, development, property, or interest therein, made, constructed, or acquired for the purpose of controlling, or protecting life or property from, any storm, waste, flood, or surplus waters.

(3) "Rate" means the dollar amount charged per unit of surface area of a parcel of real property based upon factors established by the local government utility.

(4) "Comparable real property" means real property equal to the state highway right of way or a section of state highway right of way in terms of the factors considered by the local government utility in establishing rates. [1986 c 278 § 53.]

Severability—1986 c 278: See note following RCW 36.01.010.

Public property subject to rates and charges for storm water control facilities: RCW 35.67.025.

90.03.525 Storm water control facilities—Imposition of rates and charges with respect to state highway rights of way. The rate charged by a local government utility to the department of transportation with respect to state highway right of way or any section of state highway right of way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 56.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right of way or any section of state highway right of way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right of way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights of way. The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities based upon the extent and adequacy of storm water control facilities constructed by the department and upon the actual benefits to state highway rights of way from the storm water control facilities constructed by the local government utility. If a different rate is agreed to, a report so stating shall be submitted to the legislative transportation committee. If the local government utility and the department of transportation cannot agree upon the proper rate, and after a report has been submitted to the legislative transportation committee and after ninety days from submission of such report, either may commence an action in the superior court for the county in which the state highway right of way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights of way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights of way shall be deemed an actual benefit to the state highway rights of way. The rate for sections of state highway right of way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city

street or county road right of way within the same jurisdiction. [1986 c 278 § 54.]

Severability—1986 c 278: See note following RCW 36.01.010.

90.03.600 Civil penalties. The power is granted to the department of ecology to levy civil penalties of up to one hundred dollars per day for violation of any of the provisions of this chapter and chapters 43.83B, 90.22, and 90.44 RCW, and rules, permits, and similar documents and regulatory orders of the department of ecology adopted or issued pursuant to such chapters. The procedures of RCW 90.48.144 shall be applicable to all phases of the levying of a penalty as well as review and appeal of the same. [1987 c 109 § 157; 1977 ex.s. c 1 § 8. 90.08.040 Stream patrolmen—Appointment—Powers. Where water rights of a stream have been adjudicated a stream patrolman shall be appointed by the director of the department of ecology upon application of water users having adjudicated water rights in each particular water resource making a reasonable showing of the necessity therefor, which application shall have been approved by the district water master if one has been appointed, at such time, for such stream, and for such periods of service as local conditions may indicate to be necessary to provide the most practical supervision and to secure to water users and owners the best protection in their rights.

The stream patrolman shall have the same powers as a water master appointed under RCW 90.03.060, but his district shall be confined to the regulation of waters of a designated stream or streams. Such patrolman shall be under the supervision of the director or his designated representative. He shall also enforce such special rules and regulations as the director may prescribe from time to time. [1977 c 22 § 1; 1925 ex.s. c 162 § 1; RRS § 7351-1.]

He shall be reimbursed for actual necessary expenses when absent from his designated headquarters in the performance of his duties, such expense to be paid by the county in which he renders the service. The accounts of the stream patrolman shall be audited and certified by the director and the county auditor shall issue a warrant therefor upon the current expense fund. 90.08.060 Stream patrolmen—Users to share in payment of compensation. The salary of the stream patrolman shall be borne by the water users receiving the benefits and shall be paid to the county or counties in the following manner:

The county or counties may assess each water user for his proportionate share of the total stream patrolman expense in the same ratio that the amount of water diverted by him bears to the total amount diverted from the stream during each season, on an annual basis, to recover all such county expenses. The stream patrolman shall keep an accurate record of the amount of water diverted by each water user coming under his supervision. On the first of each month the stream patrolman shall present his record of water diversion to the county or counties for the preceding month. Where the water users are organized into an irrigation district or water users' association, such organization may enter into an agreement with the county or counties for direct payment to the stream patrolman in order to minimize administrative costs. 90.14.010 Purpose. The future growth and development of the state is dependent upon effective management and efficient use of the state's water resources. The purpose of this chapter is to provide adequate records for efficient administration of the state's waters, and to cause a return to the state of any water rights which are no longer exercised by putting said waters to beneficial use. [1967 c 233 § 1.]

90.14.020 Legislative declaration. The legislature finds that:

- (1) Extensive uncertainty exists regarding the volume of private claims to water in the state;
- (2) Such uncertainty seriously retards the efficient utilization and administration of the state's water resources, and impedes the fullest beneficial use thereof;
- (3) A strong beneficial use requirement as a condition precedent to the continued ownership of a right to withdraw or divert water is essential to the orderly development of the state;
- (4) Enforcement of the state's beneficial use policy is required by the state's rapid growth;
- (5) All rights to divert or withdraw water, except riparian rights which do not diminish the quantity of water remaining in the source such as boating, swimming, and other recreational and aesthetic uses must be subjected to the beneficial use requirement;
- (6) The availability for appropriation of additional water as a result of the requirements of this chapter will accelerate

growth, development, and diversification of the economy of the state;

(7) Water rights will gain sufficient certainty of ownership as a result of this chapter to become more freely transferable, thereby increasing the economic value of the uses to which they are put, and augmenting the alienability of titles to land. [1967 c 233 § 2.]

90.14.031 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as used in RCW 90.14.031 through 90.14.121 shall have the following meanings:

(1) "Person" shall mean an individual, partnership, association, public or private corporation, city or other municipality, county, or a state agency, and the United States of America when claiming water rights established under the laws of the state of Washington.

(2) "Beneficial use" shall include, but not be limited to, use for domestic water, irrigation, fish, shellfish, game and other aquatic life, municipal, recreation, industrial water, generation of electric power, and navigation. [1969 ex.s. c 284 § 12.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.14.041 Claim of right to withdraw, divert or use ground or surface waters—Filing statement of claim required—Exemptions. All persons using or claiming the right to withdraw or divert and make beneficial use of public surface or ground waters of the state, except as hereinafter provided in this section, shall file with the department of ecology not later than June 30, 1974, a statement of claim for each water right asserted on a form provided by the department. This section shall not apply to any water rights which are based on the authority of a permit or certificate issued by the department of ecology or one of its predecessors. [1988 c 127 § 73; 1969 ex.s. c 284 § 13.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.14.043 Claim of right to withdraw, divert or use ground or surface waters—Claim upon certification by board—Procedure—Cut-off date for accepting petitions. (1) Notwithstanding any time restrictions imposed by the provisions of chapter 90.14 RCW, a person may file a claim pursuant to RCW 90.14.041 if such person obtains a certification from the pollution control hearings board as provided in this section.

(2) A certification shall be issued by the pollution control hearings board if, upon petition to the board, it is shown to the satisfaction of the board that:

(a) Waters of the state have been applied to beneficial use continuously (with no period of nonuse exceeding five consecutive years) in the case of surface water beginning not later than June 7, 1917, and in the case of ground water beginning not later than June 7, 1945, or

(b) Waters of the state have been applied to beneficial use continuously (with no period of nonuse exceeding five consecutive years) from the date of entry of a court decree confirming a water right and any failure to register a claim resulted from a reasonable misinterpretation of the requirements as they related to such court decreed rights.

(3) The board shall have jurisdiction to accept petitions for certification from any person through September 1, 1985, and not thereafter.

(4) A petition for certification shall include complete information on the claim pursuant to RCW 90.14.051 (1) through (8), and any such information as the board may require.

(5) The department of ecology is directed to accept for filing any claim certified by the board as provided in subsection (2) of this section. The department of ecology, upon request of the board, may provide assistance to the board pertinent to any certification petition.

(6) A certification by the pollution control hearings board or a filing with the department of ecology of a claim under this section shall not constitute a determination or confirmation that a water right exists.

(7) The provisions of RCW 90.14.071 shall have no applicability to certified claims filed pursuant to this section.

(8) This section shall have no applicability to ground waters resulting from the operations of reclamation projects. [1985 c 435 § 1; 1979 ex.s. c 216 § 4.]

Effective date—Severability—1979 ex.s. c 216: See notes following RCW 90.03.245.

90.14.044 Existing water rights not impaired. The provisions of *this 1985 amendatory act authorizing the acceptance of a petition for certification filed during the period beginning on July 28, 1985, and ending on midnight, September 1, 1985, shall not affect or impair in any respect whatsoever any water right existing prior to July 28, 1985. [1985 c 435 § 2.]

***Reviser's note:** "this 1985 amendatory act" consists of the enactment of RCW 90.14.044 and the 1985 c 435 amendment to RCW 90.14.043.

90.14.051 Statement of claim—Contents—Short form. The statement of claim for each right shall include substantially the following:

(1) The name and mailing address of the claimant.

(2) The name of the watercourse or water source from which the right to divert or make use of water is claimed, if available.

(3) The quantities of water and times of use claimed.

(4) The legal description, with reasonable certainty, of the point or points of diversion and places of use of waters.

(5) The purpose of use, including, if for irrigation, the number of acres irrigated.

(6) The approximate dates of first putting water to beneficial use for the various amounts and times claimed in subsection (3).

(7) The legal doctrine or doctrines upon which the right claimed is based, including if statutory, the specific statute.

(8) The sworn statement that the claim set forth is true and correct to the best of claimant's knowledge and belief.

Except, however, that any claim for diversion or withdrawal of surface or ground water for those uses described in the exemption from the permit requirements of RCW 90.44.050 may be filed on a short form to be provided by the department. Such short form shall only require inclusion of sufficient data to identify the claimant, source of water, purpose of use and legal description of the land upon which the water is used: PROVIDED, That the

provisions of RCW 90.14.081 pertaining to evidentiary value of filed claims shall not apply to claims submitted in short form: AND PROVIDED FURTHER, That claimants for such minimal uses may, at their option, file statements of claim on the standard form used by all other claimants. [1973 1st ex.s. c 113 § 1; 1969 ex.s. c 284 § 14.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.14.061 Statement of claim—Filing procedure—Processing of claim—Fee. Filing of a statement of a claim shall take place and be completed upon receipt by the department of ecology, at its office in Olympia, of an original statement signed by the claimant or his authorized agent, and two copies thereof. Any person required to file hereunder may file through a designated representative. A company, district, public or municipal corporation, or the United States when furnishing to persons water pertaining to water rights required to be filed under RCW 90.14.041, shall have the right to file one claim on behalf of said persons on a form prepared by the department for the total benefits of each person served; provided that a separate claim shall be filed by such company, district, public or private corporation, or the United States for each operating unit of the filing entity providing such water and for each water source. Within thirty days after receipt of a statement of claim the department shall acknowledge the same by a notation on one copy indicating receipt thereof and the date of receipt, together with the wording of the first sentence of RCW 90.14.081, and shall return said copy by certified or registered mail to the claimant at the address set forth in the statement of claim. No statement of claim shall be accepted for filing by the department of ecology unless accompanied by a two dollar filing fee. [1988 c 127 § 74; 1969 ex.s. c 284 § 15.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.14.065 Statement of claim—Amendment—Review of department of ecology's determination. Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry on April 20, 1987, may submit to the department of ecology for filing, an amendment to such a statement of claim if the submitted amendment is based on:

(1) An error in estimation of the quantity of the applicant's water claim prescribed in RCW 90.14.051 if the applicant provides reasons for the failure to claim such right in the original claim;

(2) A change in circumstances not foreseeable at the time the original claim was filed, if such change in circumstances relates only to the manner of transportation or diversion of the water and not to the use or quantity of such water; or

(3) The amendment is ministerial in nature.

The department shall accept any such submission and file the same in the registry unless the department by written determination concludes that the requirements of subsection (1), (2), or (3) of this section have not been satisfied. Any person aggrieved by a determination of the department may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions

of RCW 90.14.081 shall apply to any amendment filed under this section. [1987 c 93 § 1.]

90.14.071 Failure to file claim waives and relinquishes right. Any person claiming the right to divert or withdraw waters of the state as set forth in RCW 90.14.041, who fails to file a statement of claim as provided in RCW 90.14.041, 90.14.051 and 90.14.061, shall be conclusively deemed to have waived and relinquished any right, title, or interest in said right. [1969 ex.s. c 284 § 16.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

90.14.081 Filing of claim not deemed adjudication of right—Prima facie evidence. The filing of a statement of claim does not constitute an adjudication of any claim to the right to use of waters as between the water use claimant and the state, or as between one or more water use claimants and another or others. A statement of claim filed pursuant to RCW 90.14.061 shall be admissible in a general adjudication of water rights as prima facie evidence of the times of use and the quantity of water the claimant was withdrawing or diverting as of the year of the filing, if, but only if, the quantities of water in use and the time of use when a controversy is mooted are substantially in accord with the times of use and quantity of water claimed in the statement of claim. A statement of claim shall not otherwise be evidence of the priority of the claimed water right. [1969 ex.s. c 284 § 17.]

Severability—1969 ex.s. c 284: See note following RCW 90.48.290.

[1988 c 127 § 75; 1969 ex.s. c 284 § 18.]

A sufficient number of copies of the notice and declaration shall be supplied to each county treasurer by the director of ecology before the fifteenth day of January, 1972. In the implementation of this subsection the department of ecology shall provide reimbursement to the county treasurer for the reasonable additional costs, if any there may be, incurred by said treasurer arising from the inclusion of a notice in writing as required herein.

(5) It shall provide copies of the notice in writing to the press services with offices located in Thurston county during January of the years 1970, 1971, 1972, 1973 and 1974.

The director of the department may also in his discretion give notice in any other manner which will carry out the purposes of this section. Any person aggrieved by such an order may appeal it to the pollution control hearings board pursuant to RCW 43.21B.310. The order shall be served by registered or certified mail to the last known address of the person and be posted at the point of division or withdrawal. The order by itself shall not alter the recipient's right to use water, if any. [1987 c 109 § 13; 1967 c 233 § 13.]

General purposes for which a corporation may be formed under existing law are codified in Title 23B RCW; see also Table of Prior Laws following Title 23 RCW digest.

90.16.020 Appropriation for industrial purposes. Any person or persons, or company now incorporated, or that may hereafter become incorporated under the laws of this state, for the purpose of mining or manufacturing, shall have the right to purchase or appropriate and take possession of and divert from its natural channel, and use and hold the waters of any river, creek or stream in this state that may be required for the mining and manufacturing purposes of any such person or persons, corporation or corporations, and to construct all dams, canals, reservoirs, ditches, pipes, flumes and aqueducts, suitable and necessary for the controlling, directing and running such waters to their mines or manufacturing establishments of any such person or persons, corporation or corporations, where the same may be intended to be utilized for such purposes: PROVIDED, That no such appropriation or diversion of the waters of any such river, creek, or stream, from its natural channel; nor shall any such dam, canal, reservoir, ditch, pipe, flume or aqueduct, be constructed to the detriment of any person or persons, corporation or corporations; occupying the lands or being located below the point or place of such appropriation or diversion on any such stream or its tributaries, or above or below such dam, canal, reservoir, ditch, pipe, flume or aqueduct, or of the owners of the lands, through which the waters run in the natural course for the deprivation of the same, or the owners of the land through or upon which such dam, canal, reservoirs, ditch, pipe, flume or aqueduct, may pass through or over, or be situated upon, unless just and adequate compensation be previously ascertained and paid therefor. [Code 1881 Bagley's Supp. p 36 § 1; 1879 p 124 § 1; RRS § 11575.]

The mode of proceeding to appropriate, take possession of and divert such waters and to build such dam, canal, ditch, reservoir, pipe, flume, or aqueduct, as prescribed in RCW 90.16.020, when the parties cannot agree upon the purchase thereof, shall be the same as prescribed in chapter four of an act to provide for the formation of corporations, approved November thirteenth, eighteen hundred and seventy-three, except that the amount of the benefits accruing to the residue of the property of the same individual or corporation, by reason of the use made of that taken, to be estimated by the parties assessing the damages, shall be deducted from the value of the property taken. [Code 1881 Bagley's Supp. p 37 § 2; 1879 p 125 § 2.]

[1901 c 143 § 2; RRS § 11573.]

90.16.045 Right of eminent domain by water power companies—Procedure. Every such corporation shall have the right, subject to the proviso contained in RCW 90.16.030 to appropriate real estate or other property for a right-of-way for such ditches, flumes, pipe lines, tunnels or other means of conveying water, and for any other corporate purposes, in the same manner and under the same procedure as now is or may be hereafter provided by law in the case of other corporations authorized by the laws of the state to exercise the right of eminent domain. [1901 c 143 § 3; RRS § 11574. Formerly RCW 90.16.030, part.]

90.16.050 Schedule of fees for claimants of water power. Every person, firm, private or municipal corporation, or association hereinafter called "claimant", claiming the right to the use of water within or bordering upon the state of Washington for power development, shall on or before the first day of July, 1929, and on or before the first day of January of each year thereafter pay to the state of Washington in advance an annual license fee, based upon the theoretical water power claimed under each and every separate claim to water according to the following schedule:

For projects in operation: For each and every theoretical horsepower claimed up to and including one thousand horsepower, at the rate of ten cents per horsepower; for each and every theoretical horsepower in excess of one thousand horsepower, up to and including ten thousand horsepower, at the rate of two cents per horsepower; for each and every theoretical horsepower in excess of ten thousand horsepower, at the rate of one cent per horsepower.

For undeveloped projects, the fee shall be at one-half the rates specified for projects in operation; for projects partly developed and in operation the fees paid on that portion of any project that shall have been developed and in operation shall be the full annual license fee above specified for projects in operation, and for the remainder of the power claimed under such project the fees shall be the same as for undeveloped projects. PROVIDED, That upon the filing of statement, as hereinafter required, by the United States or the

state claiming the right to the use of water to any extent for the generation of power, or any other claimant to the use of water for the generation of fifty horsepower, or less, shall be exempted from the payment of all fees hereinafter required; and PROVIDED FURTHER, That any irrigation district or other municipal subdivision of the state, developing power chiefly for use in pumping of water for irrigation, may upon the filing of a statement, showing the amount of power used for irrigation pumping, be exempted to the extent of the power so used from the payment of the annual license fee herein provided for. [1929 c 105 § 1; RRS § 11575-1.]

90.16.060 Schedule of fees for claimants of water power—Statement of claim—Penalties—Excessive claim—Abandonment. The license fee herein required shall be paid in advance to the state department of ecology and shall be accompanied by written statement, showing the extent of the claim. Said statement shall set forth the name and address of the claimant, the name of the stream from which the water is appropriated or claimed for power development, a description of the forty acres or smallest legal subdivision in which the point of diversion and point of return are located, the date of the right as claimed, the maximum amount of water claimed, expressed in cubic feet per second of time, the total average fall utilized under such claim, the manner of developing power and the use to which the power is applied. If the regular flow is supplemented by water stored in a reservoir, the location of such reservoir, its capacity in acre feet, and the stream from which it is filled and fed, should be given, also the date of the right as claimed for storage purposes.

Should any claimant fail or neglect to file such statement within the time specified, or fail or neglect to pay such fees within the time specified, the fees due and payable shall be at the schedule rates set out in RCW 90.16.050, increased twenty-five percent, and the state shall have preference lien therefor, with interest at the rate of ten percent per annum from the date of delinquency, upon the property of claimant used or necessary for use in the development of the right or claim, together with any improvements erected thereon for such development, and upon request from the director of ecology the attorney general shall proceed to foreclose the lien, and collect the amount due, as herein provided, in the same manner as other liens for general state and county taxes on real property are foreclosed.

The filing of a claim to water in excess of the amount to which the claimant is legally entitled shall not operate to vest in such claimant any right to the use of such excess water, nor shall the payment of the annual license fees, provided for herein, operate to vest in any claimant any right to the use of such water beyond the amount to which claimant is legally entitled. The filing of such claim, or claims to water shall be conclusive evidence of abandonment by the claimant of all right to water for power purposes not covered by the claim, or claims, as filed; and the failure to file statement and pay the fees, as herein required, for any power site or claim of power rights on account of riparian ownership within two years after June 12, 1929, shall be conclusive evidence of abandonment. The amount of the theoretical horsepower upon which fees shall be paid shall be computed by multiplying the maximum amount of water

claimed, expressed in cubic feet per second of time, by the average fall utilized, expressed in feet, and dividing the product by 8.8. [1988 c 127 § 78; 1929 c 105 § 2; RRS § 11575-2. Formerly RCW 90.16.060, 90.16.070 and 90.16.080.]

90.16.090 Disposition of fees. All fees paid under provisions of this chapter, shall be credited by the state treasurer to the reclamation revolving account and subject to legislative appropriation, be allocated and expended by the director of ecology for investigations and surveys of natural resources in cooperation with the federal government, or independently thereof, including stream gaging, hydrographic, topographic, river, underground water, mineral and geological surveys: PROVIDED, That in any one biennium all said expenditures shall not exceed total receipts from said power license fees collected during said biennium: AND PROVIDED FURTHER, That the portion of money allocated by said director to be expended in cooperation with the federal government shall be contingent upon the federal government making available equal amounts for such investigations and surveys. [1988 c 127 § 79; 1973 c 106 § 39; 1939 c 209 § 1; 1929 c 105 § 3; RRS § 11575-3.]

90.16.100 Appropriation of lands by corporations conveying water. All corporations, authorized to do business in the state, and who have been, or may hereafter be organized, for the purpose of erecting and maintaining flumes and aqueducts to convey water for consumption or for mining, irrigation, milling or other industrial purposes, shall have the same right to appropriate lands for necessary corporate purposes, and under the same regulations and instructions as are provided for other corporations; and such corporations organized for such purposes, in order to carry out the object of their incorporation, are authorized to take and use any water not otherwise legally appropriated. [Code 1881 § 2472; 1879 p 134 § 1; RRS § 11576.]

90.16.110 Water for use outside state. Whenever the use of water shall be necessary for domestic, manufacturing, irrigation, or in interstate transportation at or for any incorporated or unincorporated city, town, village or hamlet situated partly in Washington and partly in an adjoining state or where any city, town, village or hamlet is incorporated on one side of the state line and there are inhabitants living in adjacent and contiguous territory on the other side, it shall be lawful for any person, association or corporation to locate, appropriate, divert and deliver any of the unappropriated public waters of this state necessary for the use of such city, town, village or hamlet and the inhabitants thereof and those residing in and embracing such contiguous territory both within this state and such adjoining state; and locations may be made and authority is hereby granted for such purpose the same as for any other appropriation within the state and a diversion and delivery for such purpose shall have the same force and effect as if made for use wholly within this state and any appropriation, diversion or use heretofore made for such purpose shall be deemed as valid and legal as if made

for a use wholly within this state and priority thereof shall date from the appropriation and diversion the same as if it had been made for use wholly within this state. [1919 c 41 § 1; RRS § 11577.]

90.16.120 Water for use outside state—Reciprocity. The provisions of *this act shall not apply to any territory or the inhabitants thereof situated or located in any adjoining state which does not by its laws, usages or legal regulations grant similar or reciprocal rights, privileges and opportunities to this state and its inhabitants and adjacent and contiguous territory whether incorporated or unincorporated as in *this act specified. [1919 c 41 § 2; RRS § 11578.]

*Reviser's note: "this act" [1919 c 41], is codified in RCW 90.16.110 and 90.16.120.

90.22.010 Establishment of minimum water flows or levels—Authorized—Purposes—Limitation. The department of ecology may establish minimum water flows or levels for streams, lakes or other public waters for the purposes of protecting fish, game, birds or other wildlife resources, or recreational or aesthetic values of said public waters whenever it appears to be in the public interest to establish the same. In addition, the department of ecology shall, when requested by the department of fish and wildlife to protect fish, game or other wildlife resources under the jurisdiction of the requesting state agency, or if the department of ecology finds it necessary to preserve water quality, establish such minimum flows or levels as are required to protect the resource or preserve the water quality described in the request or determination. Any request submitted by the department of fish and wildlife shall include a statement setting forth the need for establishing a minimum flow or level. When the department acts to preserve water quality, it shall include a similar statement with the proposed rule filed with the code reviser. This section shall not apply to waters artificially stored in reservoirs, provided that in the granting of storage permits by the department of ecology in the future, full recognition shall be given to downstream minimum flows, if any there may be, which have theretofore been established hereunder.

The current guidelines, standards, or criteria governing the instream flow programs established pursuant to this chapter shall not be altered or amended after March 15, 1988, in accordance with *RCW 90.54.022(5). Before the establishment or modification of a water flow or level for any stream or lake or other public water, the department shall hold a public hearing in the county in which the stream, lake, or other public water is located. If it is located in more than one county the department shall determine the location or locations therein and the number of hearings to be conducted. Notice of the hearings shall be given by publication in a newspaper of general circulation in the county or counties in which the stream, lake, or other public waters is located, once a week for two consecutive weeks before the hearing. The notice shall include the following:

The establishment of levels and flows pursuant to RCW 90.22.010 shall in no way affect existing water and storage rights and the use thereof, including but not limited to rights relating to the operation of any hydroelectric or water storage reservoir or related facility. No right to divert or store public waters shall be granted by the department of ecology which shall conflict with regulations adopted pursuant to RCW 90.22.010 and 90.22.020 establishing flows or levels. All regulations establishing flows or levels shall be filed in a "Minimum Water Level and Flow Register" of the department of ecology. [1988 c 127 § 81; 1969 ex.s. c 284 § 5.]

90.22.040 Stockwatering requirements. It shall be the policy of the state, and the department of ecology shall be so guided in the implementation of RCW 90.22.010 and 90.22.020, to retain sufficient minimum flows or levels in streams, lakes or other public waters to provide adequate

waters in such water sources to satisfy stockwatering requirements for stock on riparian grazing lands which drink directly therefrom where such retention shall not result in an unconscionable waste of public waters. The policy hereof shall not apply to stockwatering relating to feed lots and other activities which are not related to normal stockgrazing land uses. [1987 c 109 § 104; 1969 ex.s. c 284 § 6.]

By December 31, 1993, the department of ecology shall, in cooperation with the Indian tribes, and the *departments of fisheries and wildlife, establish a state-wide list of priorities for evaluation of instream flows. In establishing these priorities, the department shall consider the achievement of wild salmonid production as its primary goal.

The priority list shall be presented to the appropriate legislative committees and to the water resources forum by December 31, 1993. [1993 sp.s. c 4 § 13.]

Ten or more owners of real property abutting on a meandered lake may petition the superior court of the county in which the lake is situated, for an order to provide for the regulation of the outflow of the lake in order to maintain a certain water level therein. The court, after hearing, is authorized to make an order fixing the water level thereof and directing the department of ecology to regulate the outflow therefrom in accordance with the purposes described in the petition. This section shall not apply to any meandered lake or reservoir used for the storage of water for irrigation or other beneficial purposes, or to lakes navigable from the sea. 90.24.020 Contents of petition. Such petition shall contain a complete description of the property surrounding said lake with the number of front feet contained in each tract with the name of the owner thereof and his address together with a brief statement of the reasons and necessity for such application; that the level sought to be established will in no wise interfere with the navigability of said lake or in any manner affect or interfere with fish or game fish which may be then contained or may thereafter be deposited in said lake, but that in order to protect fish or game fish in said lake the construction of fish ladders or other devices may be required to conserve and protect such fish or game fish, then in that event the property owners to be benefited by the establishment of said water level in such lake shall be required to pay the cost thereof, in proportion to lineal feet of water front owned by each. [1939 c 107 § 3; RRS § 7388-2.]

90.24.030 Title of petition—Service of petition and order—Notice. The petition shall be entitled "In the matter of fixing the level of Lake in county, Washington", and shall be filed with the clerk of the court and a copy thereof, together with a copy of the order fixing the time for hearing the petition, shall be served on each owner of property abutting on the lake, not less than ten days before the hearing. Like copies shall also be served upon the director of fish and wildlife and the director of ecology. The copy of the petition and of the order fixing time for hearing shall be served in the manner provided by law for the service of summons in civil actions, or in such other manner as may be prescribed by order of the court. For the benefit of every riparian owner abutting on a stream or river flowing from such lake, a copy of the notice of hearing shall be published at least once a week for two consecutive weeks before the time set for hearing in a newspaper in each county or counties wherein located, said notice to contain a brief statement of the reasons and necessity for such application. Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.24.040 Hearing on petition—Order—Continuing jurisdiction. At the hearing evidence shall be introduced in support of the petition and all interested parties may be heard for or against it. The court shall make findings and conclusions and enter an order granting or refusing the petition, and if the petition is granted, shall fix the water level to be maintained and direct the department of ecology to regulate and control the outflow of the lake so as to properly maintain the water level so far as practicable within maximum and minimum limits when the proper control devices are installed: PROVIDED, That the court shall have continuing jurisdiction after a petition is once granted and shall, upon subsequent petition filed and heard in accordance with the preceding sections, make such further findings and conclusions and enter such further orders as are necessary to accomplish fully the objectives sought in the initial petition: AND PROVIDED FURTHER, That shall the court find any such riparian owners abutting on a stream or river flowing

from such lake be adversely affected in any way by the granting of such a petition, such petition shall be refused. [1985 c 398 § 29; 1959 c 258 § 3; 1939 c 107 § 5; RRS § 7388-4.]

Effective date—1985 c 398: See note following RCW 90.24.010.

90.24.050 Devices to protect the fish—Cost—Special fund. In the event the court shall find that to protect fish and game fish in said lake that fish ladders or other devices should be constructed therein or that other construction shall be necessary in order to maintain the determined lake level, the court shall find the proper device to be constructed, the probable cost thereof and by its order and judgment shall apportion the cost thereof among the persons whose property abuts on said lake in proportion to the lineal feet of waterfront owned by each, which sum so found shall constitute a lien against said real property and shall be paid to the county treasurer and by him placed in a special fund to be known as "Lake Improvement Fund." The director of ecology shall appoint a suitable person to be compensated by the property owners to regulate the determined level as decreed by the court. [1988 c 127 § 82; 1939 c 107 § 6; RRS § 7388-5.]

90.24.060 Installation of devices. Such improvement or device in said lake for the protection of the fish and game fish therein shall be installed by and under the direction of the board of county commissioners of said county with the approval of the respective directors of the department of fish and wildlife and the department of ecology of the state of Washington and paid for out of the special fund provided for in RCW 90.24.050. [1994 c 264 § 89; 1988 c 36 § 68; 1987 c 109 § 106. Prior: 1939 c 107 § 7; RRS § 7388-6.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.24.066 Jurisdiction over weed control. A superior court may continue its jurisdiction over weed control in those lakes that had been under the court's jurisdiction for such purposes prior to July 28, 1985. The continuing jurisdiction of a superior court for such weed control purposes shall be subject to the provisions of chapter 90.24 RCW in the same manner as the continuing jurisdiction of a superior court over the maintenance of lake water levels.

The superior court shall hold hearings under RCW 90.24.040 whenever subsequent petitions are filed with it concerning weed control on a lake over which it has continuing jurisdiction for weed control purposes. If the court finds that the weed control proposals are in the best interests of the abutting property owners, it shall determine what measures should be taken to accomplish these objectives, the probable annual cost thereof, and by its order apportion the cost among the persons whose property abuts on the lake in proportion to the lineal feet of waterfront owned by each, which sum shall constitute a lien against the real property. Payments of these sums shall be made to the county treasurer who shall place these payments into a special fund to be known as "Lake weed removal fund." The court shall appoint a suitable person, to be compensated by the

property owners, to undertake weed control activities as decreed by the court. [1988 c 133 § 1.]

90.24.070 Appellate review. Any person aggrieved by the order of judgment of the superior court may seek appellate review in the same manner as in other civil actions. [1988 c 202 § 93; 1971 c 81 § 177; 1939 c 107 § 8; RRS § 7388-7.]

90.28.010 Right to back and hold waters over roads, streets, and alleys—Procedure. The department of transportation may, in its sole discretion, grant to any person or corporation the right, privilege, and authority to perpetually back and hold the waters of any lake, river, stream, slough, or other body of water, upon or over any state, county, or permanent highway or road, or any street or alley within the limits of any town, or any part thereof, and overflow and inundate the same whenever the director of ecology deems it necessary for the purpose of erecting, constructing, maintaining, or operating any water power plant, reservoir, or works for impounding water for power purposes, irrigation, mining, or other public use and shall so certify to the department of transportation. The decision of the department of transportation, in the absence of bad faith, arbitrary, capricious, or fraudulent action, is conclusive. But the right shall not be granted until it has been heretofore or is hereafter determined in a condemnation suit instituted by the person or corporation desiring to obtain the right or rights in the county wherein is situated that part of the road, highway, street, or alley so to be affected that the use for which the grant is sought is a public use, nor until there is filed with the clerk of the court in which the order or decree of public use was entered a bond or undertaking signed by the person or corporation seeking the grant, executed by a surety company authorized to do business in this state, conditioned to pay all costs and expenses of every kind and description connected with and incident to the relocation and reconstruction of any such highway, road, street, or alley, the same to be of substantially the same type and grade of construction as that of the highway, road, street, or alley to be overflowed or inundated, including any such relocation, reconstruction, and maintenance costs and expenses as may arise within a period of eighteen months after the new highway, road, street, or alley has been opened in its entirety to public travel, and also including any and all damages for which the state, county, city, or town may be liable because of the vacation of any such highway, road, street, or alley and the relocation thereof in the manner provided herein and

to save harmless the state, county, city, or town from the payment of the same or any part thereof. The bond shall be in a penal sum of double the estimated amount of the expenses, costs, and damages referred to above. In the case of a state highway the estimate shall be made by the department of transportation. In case of a county road or permanent highway the estimate shall be made by the county legislative authority, and in the case of a street or alley of a town the estimate shall be made by the city or town council. The bond shall be approved by the department of transportation when the road to be affected is a state highway, and in all other cases by a judge of the superior court in which the order or decree of public use was entered. In the condemnation suit the state of Washington shall be made a party defendant when the road affected is a state highway. If the road is a county road or permanent highway the county in which the road or permanent highway is situated shall be made a party defendant, and when any street or alley in any town is affected the city or town shall be made a party defendant. Any person or corporation may acquire the right to overflow as against the owner of the fee in any such highway, road, street, or alley by making the owner of the fee or of any part thereof a party defendant in the condemnation suit provided for herein or by instituting a separate condemnation suit against any such owner. The damages sustained by any such owner as a result of the overflow of any such highway, road, street, or alley shall be determined as in other condemnation cases, separate and apart from any damage sustained by the state, county, city, or town. [1994 c 81 § 87; 1984 c 7 § 385; 1929 c 154 § 1; 1927 c 202 § 1; RRS § 7354-1.]

90.28.020 Right to back and hold waters over roads, streets, and alleys—Relocation—Acquisition of rights—Abandonment. It shall be the duty of the department of transportation, if the road to be affected shall be a state highway, or of the county legislative authority of the county in which such road is located, if the road to be affected shall be a county road, or permanent highway, or of the council of any town in which the road is located, if the road to be affected shall be a street or alley, within thirty days after entry of said order or decree of public use and the filing of the bond mentioned in RCW 90.28.010, to enter an appropriate order or resolution directing the relocation and reestablishment and completion forthwith of such highway, road, street or alley in place of that so to be overflowed or inundated, and promptly thereafter to acquire all property and rights of way necessary therefor, instituting and diligently prosecuting such condemnation suits as may be necessary in order to secure such property and rights of way. The decision of the committee, board or council as to relocation and reestablishment set forth in such order or resolution shall be final and conclusive as to all matters and things set forth therein, including the question of public use and necessity in any and all condemnation suits to be brought under RCW 90.28.010 and 90.28.020. No tract or parcel of improved or occupied land in this state shall, without the written consent of the owner thereof, be subjected to the burden of two or more irrigating ditches constructed for the purpose of conveying water through said property to lands adjoining or beyond the same, when the same object can feasibly and practicably be attained by uniting and conveying all the water necessary to be conveyed through such property in one ditch. [1890 p 717 § 39; RRS § 7401.]

90.28.150 Improving streams for logging. It shall be lawful for any person or company interested in logging to make such improvements on any stream used for logging within the state of Washington as may be necessary to carry on said logging business; that such improvements may consist in clearing out obstructions and straightening the channel by cutting across sand or gravel bars, and that side dams and sheer booms may be used in making such improvements. [1891 c 120 § 1; no RRS.]

90.28.160 Fencing across streams. Owners of land or their agents shall have the right to fence across all unmeandered streams at any time when such streams are not used for a public highway, or by making a fence that will not be an obstruction. [1891 c 120 § 3; no RRS.]

90.28.170 Dams across streams. There is hereby granted to persons, firms and corporations organized among other things, for irrigation and power purposes, the right to construct and maintain dams and works incident thereto over, upon and across the beds of the rivers of the state of Washington in connection with such power and irrigation purposes, and there is hereby granted to such persons, firms and corporations an easement over, upon and across the beds of such rivers for such purposes. Such easement shall be limited however, to so much of the beds of such rivers as may be reasonably convenient and necessary for such uses. All such dams and works shall be completed within five years after the commencement of construction work upon the same. The rights and privileges granted by this section shall inure to the benefit of such persons, firms or corporations from the date of the commencement of construction work upon such dams and works incident thereto, and such construction work shall be diligently prosecuted to completion, and the rights, privileges and easements granted by this section shall continue so long as the same shall be utilized by the grantees for the purposes herein specified, and the failure to maintain and use such dams and works after the same shall have been constructed, for a continuous period of two years, shall operate as a forfeiture of all the rights hereby granted and the same shall revert to the state of

Washington: PROVIDED, That nothing in this section shall be construed in such a way as to interfere with the use of said rivers for navigation purposes, and all of such rights, privileges and easements granted hereby shall be subject to the paramount control of such rivers for navigation purposes by the United States: AND, PROVIDED FURTHER, That the use and enjoyment of the grants and privileges of this section shall not interfere with the lawful and rightful diversion of the waters of said rivers by other parties under water appropriations in existence at the time any such persons, firms or corporations shall avail themselves of the benefits and privileges of this section, but no such persons, firms or corporations shall have any right to construct any such dams or works over, upon or across the land between ordinary high water and extreme low water of any river of this state without first having acquired the right to do so from the owner or owners of the lands adjoining the land between ordinary high water and extreme low water over or across which said dam or works are constructed. [1911 c 95 § 1; RRS § 7416.]

90.36.010 Right-of-way to wells. Any person who may be entitled to water from any artesian well shall have the right to condemn the right-of-way for a ditch to convey such water for the purpose of irrigation over the lands intervening between such well and the place where the party owning such water wishes to use the same, and such right-of-way may be condemned sufficient for the purposes of conveying the water, together with the right of ingress and egress, to construct, maintain and repair said ditch, *as is hereinafter provided for in this act. [1890 p 711 § 18; RRS § 7403.]

**Reviser's note: The language "as is hereinafter provided for in this act" refers to 1889-90 pp 706-728 §§ 1-67 which has since been repealed with the exception of those sections now codified as RCW 90.28.030 and 90.28.040. Compare the provisions of later enactment in chapter 90.03 RCW.*

90.36.020 Flow limited during certain period—Exceptions. It shall be unlawful for any person, firm, corporation or company having possession or control of any artesian well within the state, whether as contractor, owner, lessee, agent or manager, to allow or permit water to flow or escape from such well between the fifteenth day of October in any year and the fifteenth day of March next ensuing; PROVIDED, That *this act shall only apply to sections and communities wherein the use of water for the purpose of irrigation is necessary or customary; and PROVIDED FURTHER, That nothing herein contained shall prevent or

prohibit the use of water from any such well between said fifteenth day of October and the fifteenth day of March next ensuing, for household, stock and domestic purposes only, water for said last named purposes to be taken from such well through a three-quarters inch stop and waste cock to be inserted in the piping of such well for that purpose. [1929 c 138 § 1; 1901 c 121 § 1; RRS § 7404.]

*Reviser's note: "this act" refers to 1901 c 121 codified in RCW 90.36.020 through 90.36.050.

90.36.030 Capping well—Exceptions. It shall be the duty of every person, firm, corporation or company having possession or control of any artesian well, as provided in RCW 90.36.020, to securely cap the same over on or before the fifteenth day of October in each and every year in such manner as to prevent the flow or escape of water therefrom, and to keep the same securely capped and prevent the flow or escape of water therefrom until the fifteenth day of March next ensuing; PROVIDED, HOWEVER, It shall and may be lawful for any such person, firm, corporation or company to insert a three-quarters inch stop and waste cock in the piping of such well, and to take and use water therefrom through such stop and waste cock at any time for household, stock, or domestic purposes, but not otherwise. [1929 c 138 § 2; 1901 c 121 § 2; RRS § 7405.]

90.36.040 Right of neighboring owner to cap well—Lien. Whenever any person, firm, corporation or company in possession or control of an artesian well shall fail to comply with the provisions of *this act, any person, firm, corporation or company lawfully in the possession of land situate adjacent to or in the vicinity or neighborhood of such well and within five miles thereof may enter upon the land upon which such well is situate, and take possession of such from which water is allowed to flow or escape in violation of the provisions of RCW 90.36.020, and cap such well and shut in and secure the flow or escape of water therefrom, and the necessary expenses incurred in so doing shall constitute a lien upon said well, and a sufficient quantity of land surrounding the same for the convenient use and operation thereof, which lien may be foreclosed in a civil action in any court of competent jurisdiction, and the court in any such case shall allow the plaintiff a reasonable attorney's fee to be taxed as a part of the cost. This shall be in addition to the penalty provided for in RCW 90.36.050. [1901 c 121 § 4; RRS § 7407.]

*Reviser's note: "this act," see note following RCW 90.36.020.

90.36.050 Penalty—1901 c 121. Any person whether as owner, lessee, agent or manager having possession or control of any such well, violating the provisions of *this act shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not exceeding two hundred dollars for each and every such offense, and the further sum of two hundred dollars for each ten days during which such violation shall continue. [1901 c 121 § 3; RRS § 7406.]

YAKIMA RIVER BASIN WATER RIGHTS

Sections

90.38.005	Findings—Purpose.
90.38.010	Definitions.
90.38.020	Acquisition of trust water rights.
90.38.030	Water conservation projects—Contracts for financial assistance.
90.38.040	Trust water rights program.
90.38.050	Rules.
90.38.900	Existing policies not replaced.
90.38.901	Transfer of rights between irrigation districts not intended.
90.38.902	Existing rights not impaired.

90.38.005 Findings—Purpose. (1) The legislature finds that:

(a) Under present physical conditions in the Yakima river basin there is an insufficient supply of water to satisfy the needs of the basin;

(b) Pursuant to P.L. 96-162, which was urged for enactment by this state, the United States is now conducting a study of ways to provide needed waters through improvements of the federal water project presently existing in the Yakima river basin;

(c) The interests of the state will be served by developing programs, in cooperation with the United States and the various water users in the basin, that increase the overall ability to manage basin waters in order to better satisfy both present and future needs for water in the Yakima river basin.

(2) It is the purpose of this chapter, consistent with these findings, to improve the ability of the state to work with the United States and various water users of the Yakima river basin in a program designed to satisfy both existing rights, and other presently unmet as well as future needs of the basin.

(3) The provisions of this chapter apply only to waters of the Yakima river basin. [1989 c 429 § 1.]

90.38.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Net water savings" means the amount of water that through hydrological analysis is determined to be conserved and usable for other purposes without impairing existing water rights, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other water users.

(3) "Trust water right" means that portion of an existing water right, constituting net water savings, that is no longer required to be diverted for beneficial use due to the installation of a water conservation project that improves an existing system. The term "trust water right" also applies to any other water right acquired by the department under this chapter for management in the Yakima river basin trust water rights program.

(4) "Water conservation project" means any project funded to further the purposes of this chapter and that achieves physical or operational improvements of efficiency in existing systems for diversion, conveyance, or application of water under existing water rights. [1989 c 429 § 2.]

90.38.020 Acquisition of trust water rights. (1) The department may acquire water rights, including but not limited to storage rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights.

(2) The department may make such other arrangements, including entry into contracts with other persons or entities as appropriate to ensure that trust water rights acquired in accordance with this chapter can be exercised to the fullest possible extent.

(3) The trust water rights may be acquired on a temporary or permanent basis. [1989 c 429 § 3.]

90.38.030 Water conservation projects—Contracts for financial assistance. (1) For the purposes of this chapter, the department is authorized to enter into contracts with water users for the purpose of providing moneys to users to assist in the financing of water conservation projects. In exchange for the financial assistance provided for the purposes of this chapter, the water users shall convey the trust water rights, created as a result of the assistance, to the department of ecology.

(2) No contract shall be entered into by the department with a water user under this chapter unless it appears to the department that, upon the completion of a water conservation project financed with moneys as provided in this section, a valid water right exists for conveyance to the department.

(3) The department shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(4) When water is proposed to be acquired by or conveyed to the department as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders must be submitted to, and for the satisfaction of, the department.

(5) The department shall not acquire an individual's water right under this chapter that is appurtenant to land lying within an irrigation district without the approval of the board of directors of the irrigation district. [1989 c 429 § 4.]

90.38.040 Trust water rights program. (1) All trust water rights acquired by the department shall be placed in the Yakima river basin trust water rights program to be managed by the department. The department shall issue a water right certificate in the name of the state of Washington for each trust water right it acquires.

(2) Trust water rights shall retain the same priority date as the water right from which they originated. Trust water rights may be modified as to purpose or place of use or point of diversion, including modification from a diversionary use to a nondiversionary instream use.

(3) Trust water rights may be held by the department for instream flows and/or irrigation use.

(4) A schedule of the amount of net water saved as a result of water conservation projects carried out in accordance with this chapter, shall be developed annually to reflect the predicted hydrologic and water supply conditions,

as well as anticipated water demands, for the upcoming irrigation season. This schedule shall serve as the basis for the distribution and management of trust water rights each year.

(5) No exercise of a trust water right may be authorized unless the department first determines that no existing water rights, junior or senior in priority, will be impaired as to their exercise or injured in any manner whatever by such authorization. Before any trust water right is exercised, the department shall publish notice thereof in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in such other newspapers as the department determines are necessary, once a week for two consecutive weeks. At the same time the department may also send notice thereof containing pertinent information to the director of fish and wildlife.

(6) RCW 90.03.380 and 90.14.140 through 90.14.910 shall have no applicability to trust water rights held by the department under this chapter or exercised under this section. [1994 c 264 § 90; 1989 c 429 § 5.]

90.38.050 Rules. The department may adopt rules as appropriate to ensure full implementation of this chapter. [1989 c 429 § 6.]

90.38.900 Existing policies not replaced. The policies and purposes of this chapter shall not be construed as replacing or amending the policies or the purposes for which funds available under chapter 43.83B or 43.99E RCW may be used within or without the Yakima river basin. [1989 c 429 § 7.]

90.38.901 Transfer of rights between irrigation districts not intended. It is not the intent of this chapter to facilitate the transfer of water rights from one irrigation district to another. [1989 c 429 § 8.]

90.38.902 Existing rights not impaired. Nothing in this chapter shall authorize the impairment or operate to impair any existing water rights. [1989 c 429 § 9.]

90.40.010 Eminent domain by the United States. The United States is hereby granted the right to exercise the power of eminent domain to acquire the right to the use of

any water, to acquire or extinguish any rights, and to acquire any lands or other property, for the construction, operation, repairs to, maintenance or control of any plant or system of works for the storage, conveyance, or use of water for irrigation purposes, and whether such water, rights, lands or other property so to be acquired belong to any private party, association, corporation or to the state of Washington, or any municipality thereof; and such power of eminent domain shall be exercised under and by the same procedure as now is or may be hereafter provided by the law of this state for the exercise of the right of eminent domain by ordinary railroad corporations, except that the United States may exercise such right in the proper court of the United States as well as the proper state court. [1905 c 88 § 1; RRS § 7408.]

Condemnation by corporations: Chapter 8.20 RCW.

Eminent domain, railroads—Corporate powers and duties: RCW 81.36.010.

Special railroad eminent domain proceedings: RCW 8.20.140, 28B.20.330, 81.36.020, 81.36.060, 81.52.040, 81.53.180.

90.40.020 Right to use water courses. The United States shall have the right to turn into any natural or artificial water course, any water that it may have acquired the right to store, divert, or store and divert, and may again divert and reclaim said waters from said water course for irrigation purposes subject to existing rights. [1905 c 88 § 2; RRS § 7409.]

90.40.030 Notice and certificate, effect of. Whenever the secretary of the interior of the United States, or any officer of the United States duly authorized, shall notify the commissioner of public lands of this state that pursuant to the provisions of the act of congress approved June 17, 1902, entitled, "An act appropriating the receipts from the sale and disposal of public lands in certain states and territories to the construction of irrigation works for the reclamation of arid lands," or any amendment of said act or substitute therefor, the United States intends to make examinations or surveys for the utilization of certain specified waters, the waters so described shall not thereafter be subject to appropriation under any law of this state for a period of one year from and after the date of the receipt of such notice by such commissioner of public lands; but such notice shall not in any wise affect the appropriation of any water theretofore in good faith initiated under any law of this state, but such appropriation may be completed in accordance with the law in the same manner and to the same extent as though such notice had not been given. No adverse claim to any of such waters initiated subsequent to the receipt by the commissioner of public lands of such notice shall be recognized, under the laws of this state, except as to such amount of the waters described in such notice or certificate hereinafter provided as may be formally released in writing by a duly authorized officer of the United States. If the said secretary of the interior or other duly authorized officer of the United States shall, before the expiration of said period of one year, certify in writing to the said commissioner of public lands that the project contemplated in such notice appears to be feasible and that the investigation will be made in detail, the waters specified in

such notice shall not be subject to appropriation under any law of this state for the further period of three years following the date of receipt of such certificate, and such further time as the commissioner of public lands may grant, upon application of the United States or some one of its authorized officers and notice thereof first published once in each week for four consecutive weeks in a newspaper published in the county where the works for the utilization of such waters are to be constructed, and if such works are to be in or extend into two or more counties, then for the same period in a newspaper in each of such counties: PROVIDED, That in case such certificate shall not be filed with said commissioner of public lands within the period of one year herein limited therefor the waters specified in such notice shall, after the expiration of said period of one year, become unaffected by such notice and subject to appropriation as they would have been had such notice never been given: AND PROVIDED FURTHER, That in case such certificate be filed within said one year and the United States does not authorize the construction of works for the utilization of such waters within said three years after the filing of said certificate, then the waters specified in such notice and certificate shall, after the expiration of said last named period of three years, become unaffected by such notice or certificate and subject to appropriation as they would have been had such notice never been given and such certificate never filed. [1905 c 88 § 3; RRS § 7410.]

Reviser's note: This section refers to the "commissioner of public lands" in several instances. Note that a later act, the 1917 Water Code, in section 27 (RCW 90.03.250) states in part:

"PROVIDED, FURTHER, That nothing in this act contained shall be deemed to affect chapter 88 of the Laws of 1905 except that the notice and certificate therein provided for in section 3 thereof shall be addressed to the state hydraulic engineer after the passage of this act, and the state hydraulic engineer shall exercise the powers and perform the duties prescribed by said section 3."

Chapter 88, Laws of 1905 referred to in the above quotation is the instant chapter and "section 3" is the instant section. The language "this act" in the above quotation refers to the 1917 Water Code codified as chapter 90.03 RCW. The "state hydraulic engineer" referred to in the quotation has been changed throughout the remainder of this title because of the devolution of the powers and duties to "supervisor of water resources", see note following the title digest. Thus, the language "commissioner of public lands" is retained in the instant section and in RCW 90.40.050 and 90.40.060 because while some of the duties have been transferred to the hydraulic engineer thence to the supervisor of water resources not all of such duties prescribed in this chapter have so devolved.

90.40.040 Appropriation of water—Title to beds and shores. Whenever said secretary of the interior or other duly authorized officer of the United States shall cause to be let a contract for the construction of any irrigation works or any works for the storage of water for use in irrigation, or any portion or section thereof, for which the withdrawal has been effected as provided in RCW 90.40.030, any authorized officer of the United States, either in the name of the United States or in such name as may be determined by the secretary of the interior, may appropriate, in behalf of the United States, so much of the unappropriated waters of the state as may be required for the project, or projects, for which water has been withdrawn or reserved under RCW 90.40.030, including any and all divisions thereof, theretofore constructed, in whole or in part, by the United States or proposed to be thereafter constructed by the United States, such appropriation to be made, maintained and perfected in the same

manner and to the same extent as though such appropriation had been made by a private person, corporation or association, except that the date of priority as to all rights under such appropriation in behalf of the United States shall relate back to the date of the first withdrawal or reservation of the waters so appropriated, and in case of filings on water previously withdrawn under RCW 90.40.030, no payment of fees will be required. Such appropriation by or on behalf of the United States shall inure to the United States, and its successors in interest, in the same manner and to the same extent as though said appropriation had been made by a private person, corporation or association. The title to the beds and shores of any navigable lake or stream utilized by the construction of any reservoir or other irrigation works created or constructed as a part of such appropriation hereinbefore in this section provided for, shall vest in the United States to the extent necessary for the maintenance, operation and control of such reservoir or other irrigation works. [1929 c 95 § 1; 1905 c 88 § 4; RRS § 7411.]

90.40.050 Reservation of needed lands—Procedure.

When the notice provided for in RCW 90.40.030 shall be given to the commissioner of public lands the proper officers of the United States may file with the said commissioner a list of lands (including in the term "lands" as here used, the beds and shores of any lake, river, stream, or other waters) owned by the state, over or upon which the United States may require rights-of-way for canals, ditches or laterals or sites for reservoirs and structures therefor or appurtenant thereto, or such additional rights-of-way and quantity of land as may be required for the operation and maintenance of the completed works for the irrigation project contemplated in such notice, and the filing of such list shall constitute a reservation from the sale or other disposal by the state of such lands so described, which reservation shall, upon the completion of such works and upon the United States by its proper officers filing with the commissioner of public lands of the state a description of such lands by metes and bounds or other definite description, ripen into a grant from the state to the United States. The state, in the disposal of lands granted from the United States to the state, shall reserve for the United States rights-of-way for ditches, canals, laterals, telephone and transmission lines which may be required by the United States for the construction, operation and maintenance of irrigation works. [1905 c 88 § 5; RRS § 7412.]

Reviser's note: See note following RCW 90.40.030.

90.40.060 Restrictions on sale of state lands within project. After the receipt by the commissioner of public lands of the notice from the secretary of the interior or other officer of the United States provided for in RCW 90.40.030, no lands belonging to the state, susceptible of irrigation and within the area to be irrigated from the works projected by the United States and specified in such notice shall be sold except in conformity to the classification of farm units by the United States, and the title to such lands shall not pass from the state until the applicant therefor shall have fully complied with the provisions of the laws of the United States and the regulations thereunder concerning the acquisition of the right to use water from such works and shall produce the evidence thereof duly issued: PROVIDED, That the re-

strictions upon the sale or other disposal by the state of any state lands provided for in this section shall continue for the same periods, respectively, and upon the same conditions, as specified in RCW 90.40.030 for the withdrawal of waters from appropriation: AND PROVIDED FURTHER, That in case the authorization by the United States for the construction of irrigation works pursuant to RCW 90.40.030 shall be made within the period of three years specified therefor in said section, then the restrictions upon and conditions prescribed for the sale or other disposal of said lands in this section shall continue so long as any such lands shall remain unsold or not disposed of. [1905 c 88 § 6; RRS § 7413.]

Reviser's note: See note following RCW 90.40.030.

90.40.070 Federal water users' association—Exemption from fees. Any water users' association which is organized in conformity with the requirements of the United States under said act of congress, and which under its articles of incorporation is authorized to furnish water only to its stockholders, shall be exempt from the payment of any incorporation tax, and from the payment of any annual franchise tax; but shall be required to pay, as preliminary to its incorporation, only a fee of twenty dollars for the filing and recording of its articles of incorporation and the issuance of certificates of incorporation. Whenever, with the consent of the secretary of the interior of the United States, the stockholders of any such association shall adopt any other form of organization to manage the affairs of such reclamation project in connection with which any such water users' association has been organized, such association may dissolve or disincorporate itself by the procedure and subject to the laws relating to the disincorporation of corporations in this state when such dissolution is authorized by a vote of two-thirds of all the stockholders represented at a meeting of the stockholders called for such purpose. [1919 c 42 § 1; 1905 c 88 § 7; RRS § 7414.]

Corporations and associations (nonprofit): Title 24 RCW.

90.40.080 Federal water users' association—Records by county auditor. It shall be the duty of the county auditor to provide record books containing printed forms of the articles of incorporation and stock subscriptions to the stock of water users' associations organized in conformity with the requirements of the United States under said act of congress, and to use such books for recording stock subscriptions of such associations; and the charges for the recording thereof shall be made on the basis of the number of words actually written therein and not for the printed form. [1905 c 88 § 8; RRS § 7415.]

90.40.090 Permit for Grand Coulee project. An application filed by the department of ecology or its assignee, the United States Bureau of Reclamation, for a permit to appropriate waters of the Columbia River under chapter 90.03 RCW, for the development of the Grand Coulee project shall be perfected in the same manner and to the same extent as though such appropriation had been made by a private person, corporation or association, but no fees, as provided for in RCW 90.03.470, shall be required. [1988 c 127 § 83; 1933 ex.s. c 13 § 4; RRS § 7399-1, pocket part.]

Severability—1933 ex.s. c 13: "The adjudication of invalidity of any section, clause, or part of a section of this act, shall not impair or otherwise affect the validity of the act as a whole or any part thereof." [1933 ex.s. c 13 § 6; RRS § 7399-2.]

90.40.100 Columbia Basin Project—Water appropriated pursuant to RCW 90.40.030—Periodic renewal not required. Any water withdrawn from appropriation pursuant to RCW 90.40.030 associated with the Columbia Basin Project shall continue as withdrawn from appropriation, without need for periodic renewal, until the project is declared completed or abandoned by the United States acting by and through the secretary of the interior or such other duly authorized officer of the United States. [1987 c 491 § 1.]

90.42.005 Policy—Findings. (1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) The state of Washington is faced with a shortage of water with which to meet existing and future needs, particularly during the summer and fall months and in dry years when the demand is greatest;

(b) Consistent with RCW 90.54.180, conservation and water use efficiency programs, including storage, should be the preferred methods of addressing water uses because they can relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently unmet needs or current needs includes the water required to increase the frequency of occurrence of base or minimum flow levels in streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing water systems with current supply deficiencies; and

(c) The interests of the state will be served by developing programs and regional water resource plans, in cooperation with local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water users and water interests in the state, that increase the overall ability to manage the state's waters in order to resolve conflicts and to better satisfy both present and future needs for water. [1991 c 347 § 1.]

Purposes—1991 c 347: "The purposes of this act are to:

(1) Improve the ability of the state to work with the United States, local governments, federally recognized tribal governments, water right holders, water users, and various water interests in water conservation and water use efficiency programs designed to satisfy existing rights, presently unmet needs, and future needs, both instream and out-of-stream;

(2) Establish new incentives, enhance existing incentives, and remove disincentives for efficient water use;

(3) Establish improved means to disseminate information to the public and provide technical assistance regarding ways to improve the efficiency of water use;

(4) Create a trust water rights mechanism for the acquisition of water rights on a voluntary basis to be used to meet presently unmet needs and future needs;

(5) Prohibit the sale of nonconforming plumbing fixtures and require the marking and labeling of fixtures meeting state standards;

(6) Reduce tax disincentives to water conservation, reuse, and improved water use efficiency; and

(7) Add achievement of water conservation as a factor to be considered by water supply utilities in setting water rates." [1991 c 347 § 2.]

90.42.010 Findings—Written evaluation and recommendations. (1) The legislature finds that a need exists to develop and test a means to facilitate the voluntary transfer of water and water rights, including conserved water, to provide water for presently unmet needs and emerging needs. Further, the legislature finds that water conservation activities have the potential of affecting the quantity of return flow waters to which existing water right holders have a right to and rely upon. It is the intent of the legislature that persons holding rights to water, including return flows, not be adversely affected in the implementation of the provisions of this chapter.

(2) The department shall provide to the appropriate legislative committees by December 31, 1993, a written evaluation of the implementation of RCW 90.42.010 through 90.42.090 and recommendations for future application. Recommendations shall include methods of applying RCW 90.42.010 through 90.42.090 to the rivers that are designated as high priority by the department of ecology under RCW 90.22.060 in order to use net water savings to enhance stream flows. [1993 sp.s. c 4 § 14; 1993 c 98 § 1; 1991 c 347 § 5.]

(2) The department shall provide to the appropriate legislative committees by December 31, 1993, a written evaluation of the implementation of RCW 90.42.010 through 90.42.090 and recommendations for future application. [1993 sp.s. c 4 § 14; 1993 c 98 § 1; 1991 c 347 § 5.]

Reviser's note: This section was amended by 1993 c 98 § 1 and by 1993 sp.s. c 4 § 14, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Grazing lands—1993 sp.s. c 4: See note following RCW 75.28.760.

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Net water savings" means the amount of water that is determined to be conserved and usable within a specified stream reach or reaches for other purposes without impairment or detriment to water rights existing at the time that a water conservation project is undertaken, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other existing water uses.

(3) "Trust water right" means any water right acquired by the state under this chapter for management in the state's trust water rights program.

(4) "Pilot planning areas" means the geographic areas designated under RCW 90.54.045(2).

(5) "Water conservation project" means any project or program that achieves physical or operational improvements that provide for increased water use efficiency in existing systems of diversion, conveyance, application, or use of water under water rights existing on July 28, 1991. [1991 c 347 § 6.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.030 Contracts to finance water conservation projects—Public benefits—Trust water rights. (1) For purposes of this chapter, the state may enter into contracts to provide moneys to assist in the financing of water conservation projects. In consideration for the financial assistance provided, the state shall obtain public benefits defined in guidelines developed under RCW 90.42.050.

(2) If the public benefits to be obtained require conveyance or modification of a water right, the recipient of funds shall convey to the state the recipient's interest in that part of the water right or claim constituting all or a portion of the resulting net water savings for deposit in the trust water rights program. The amount to be conveyed shall be finitely determined by the parties, in accordance with the guidelines developed under RCW 90.42.050, before the expenditure of state funds. Conveyance may consist of complete transfer, lease contracts, or other legally binding agreements. When negotiating for the acquisition of conserved water or net water savings, or a portion thereof, the state may require evidence of a valid water right.

(3) As part of the contract, the water right holder and the state shall specify the process to determine the amount of water the water right holder would continue to be entitled to once the water conservation project is in place.

(4) The state shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(5) If water is proposed to be acquired by or conveyed to the state as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders shall be submitted to and for the satisfaction of the department.

(6) The state shall not contract with any person to acquire a water right served by an irrigation district without the approval of the board of directors of the irrigation district. Disapproval by a board shall be factually based on probable adverse effects on the ability of the district to deliver water to other members or on maintenance of the financial integrity of the district. [1993 c 98 § 2; 1991 c 347 § 7.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.040 Trust water rights program—Water right certificate—Notice of creation or modification. (1) All trust water rights acquired by the state shall be placed in the

state trust water rights program to be managed by the department. Trust water rights acquired by the state shall be held or authorized for use by the department for instream flows, irrigation, municipal, or other beneficial uses consistent with applicable regional plans for pilot planning areas, or to resolve critical water supply problems.

(2) The department shall issue a water right certificate in the name of the state of Washington for each permanent trust water right conveyed to the state indicating the reach or reaches of the stream, the quantity, and the use or uses to which it may be applied. A superseding certificate shall be issued that specifies the amount of water the water right holder would continue to be entitled to as a result of the water conservation project. The superseding certificate shall retain the same priority date as the original right. For nonpermanent conveyances, the department shall issue certificates or such other instruments as are necessary to reflect the changes in purpose or place of use or point of diversion or withdrawal. Water rights for which such nonpermanent conveyances are arranged shall not be subject to relinquishment for nonuse.

(3) A trust water right retains the same priority date as the water right from which it originated, but as between them the trust right shall be deemed to be inferior in priority unless otherwise specified by an agreement between the state and the party holding the original right.

(4) Exercise of a trust water right may be authorized only if the department first determines that neither water rights existing at the time the trust water right is established, nor the public interest will be impaired. If impairment becomes apparent during the time a trust water right is being exercised, the department shall cease or modify the use of the trust water right to eliminate the impairment.

(5) Before any trust water right is created or modified, the department shall, at a minimum, require that a notice be published in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in other newspapers as the department determines is necessary, once a week for two consecutive weeks. At the same time the department shall send a notice containing pertinent information to all appropriate state agencies, potentially affected local governments and federally recognized tribal governments, and other interested parties.

(6) RCW 90.14.140 through 90.14.230 have no applicability to trust water rights held by the department under this chapter or exercised under this section.

(7) RCW 90.03.380 has no applicability to trust water rights acquired by the state through the funding of water conservation projects. [1993 c 98 § 3; 1991 c 347 § 8.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.050 Guidelines governing trust water rights—Submission of guidelines to joint select committee. The department, in cooperation with federally recognized Indian tribes, local governments, state agencies, and other interested parties, shall establish guidelines by July 1, 1992, governing the acquisition, administration, and management of trust water rights. The guidelines shall address at a minimum the following:

(1) Methods for determining the net water savings resulting from water conservation projects or programs carried out in accordance with this chapter, and other factors to be considered in determining the quantity or value of water available for potential designation as a trust water right;

(2) Criteria for determining the portion of net water savings to be conveyed to the state under this chapter;

(3) Criteria for prioritizing water conservation projects;

(4) A description of potential public benefits that will affect consideration for state financial assistance in RCW 90.42.030;

(5) Procedures for providing notification to potentially interested parties;

(6) Criteria for the assignment of uses of trust water rights acquired in areas of the state not addressed in a regional water resource plan or critical area agreement; and

(7) Contracting procedures and other procedures not specifically addressed in this section.

These guidelines shall be submitted to the joint select committee on water resource policy before adoption. [1991 c 347 § 9.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.060 Chapter 43.83B or 43.99E RCW not replaced or amended. The policies and purposes of this chapter shall not be construed as replacing or amending the policies or the purposes for which funds available under chapter 43.83B or 43.99E RCW may be used. [1991 c 347 § 10.]

Purposes—1991 c 347: See notes following RCW 90.42.005.

90.42.070 Involuntary impairment of existing water rights not authorized. Nothing in this chapter authorizes the involuntary impairment of any existing water rights. [1991 c 347 § 11.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.080 Trust water rights—Acquisition, exercise, and transfer—Appropriation required for expenditure of funds. (1) The state may acquire all or portions of existing water rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights.

(2) The department may enter into leases, contracts, or such other arrangements with other persons or entities as appropriate, to ensure that trust water rights acquired in accordance with this chapter may be exercised to the fullest possible extent.

(3) Trust water rights may be acquired by the state on a temporary or permanent basis.

(4) The provisions of RCW 90.03.380 and 90.03.390 apply to transfers of water rights under this section.

(5) No funds may be expended for the purchase of water rights by the state pursuant to this section unless specifically appropriated for this purpose by the legislature. [1993 c 98 § 4; 1991 c 347 § 12.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.090 Jurisdictional authorities not altered. It is the intent of the legislature that jurisdictional authorities that exist in law not be expanded, diminished, or altered in any manner whatsoever by this chapter. [1991 c 347 § 13.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.900 Severability—1991 c 347. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 c 347 § 30.]

Aquifer protection areas: Chapter 36.36 RCW.

90.44.020 Purpose of chapter. This chapter regulating and controlling ground waters of the state of Washington shall be supplemental to chapter 90.03 RCW, which regulates the surface waters of the state, and is enacted for the purpose of extending the application of such surface water statutes to the appropriation and beneficial use of ground waters within the state. [1945 c 263 § 1; Rem. Supp. 1945 § 7400-1.]

90.44.030 Chapter not to affect surface water rights. The rights to appropriate the surface waters of the state and the rights acquired by the appropriation and use of surface waters shall not be affected or impaired by any of the provisions of this supplementary chapter and, to the

extent that any underground water is part of or tributary to the source of any surface stream or lake, or that the withdrawal of ground water may affect the flow of any spring, water course, lake, or other body of surface water, the right of an appropriator and owner of surface water shall be superior to any subsequent right hereby authorized to be acquired in or to ground water. [1945 c 263 § 2; Rem. Supp. 1945 § 7400-2.]

90.44.035 Definitions. For purposes of this chapter:

(1) "Department" means the department of ecology;

(2) "Director" means the director of ecology;

(3) "Ground waters" means all waters that exist beneath the land surface or beneath the bed of any stream, lake or reservoir, or other body of surface water within the boundaries of this state, whatever may be the geological formation or structure in which such water stands or flows, percolates or otherwise moves. There is a recognized distinction between natural ground water and artificially stored ground water;

(4) "Natural ground water" means water that exists in underground storage owing wholly to natural processes; and

(5) "Artificially stored ground water" means water that is made available in underground storage artificially, either intentionally, or incidentally to irrigation and that otherwise would have been dissipated by natural waste. [1987 c 109 § 107; 1973 c 94 § 2; 1945 c 263 § 3; RRS § 7400-3. Formerly RCW 90.44.010.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

Purpose—1973 c 94: "It is the purpose of this 1973 amendatory act to state as well as reaffirm the intent of the legislature that "ground waters," as defined in chapter 263, Laws of 1945, means all waters within the state existing beneath the land surface, and to remove any possible ambiguity which may exist as a result of the dissenting opinion in *State v. Ponten*, 77 Wn.2d 463 (1969), or otherwise, with regard to the meaning of "ground waters" in the present wording of RCW 90.44.035. The definition set forth in section 2 of this 1973 amendatory act accords with the interpretation given by all of the various administrative agencies having responsibility for administration of the act since its enactment in 1945." [1973 c 94 § 1.] This applies to the amendment to RCW 90.44.035 by 1973 c 94 § 2.

90.44.040 Public ground waters subject to appropriation. Subject to existing rights, all natural ground waters of the state as defined in RCW 90.44.035, also all artificial ground waters that have been abandoned or forfeited, are hereby declared to be public ground waters and to belong to the public and to be subject to appropriation for beneficial use under the terms of this chapter and not otherwise. [1945 c 263 § 4; Rem. Supp. 1945 § 7400-4.]

90.44.050 Permit to withdraw. After June 6, 1945, no withdrawal of public ground waters of the state shall be begun, nor shall any well or other works for such withdrawal be constructed, unless an application to appropriate such waters has been made to the department and a permit has been granted by it as herein provided: EXCEPT, HOWEVER, That any withdrawal of public ground waters for stock-watering purposes, or for the watering of a lawn or of a noncommercial garden not exceeding one-half acre in area, or for single or group domestic uses in an amount not exceeding five thousand gallons a day, or for an industrial purpose in an amount not exceeding five thousand gallons a

day, is and shall be exempt from the provisions of this section, but, to the extent that it is regularly used beneficially, shall be entitled to a right equal to that established by a permit issued under the provisions of this chapter: PROVIDED, HOWEVER, That the department from time to time may require the person or agency making any such small withdrawal to furnish information as to the means for and the quantity of that withdrawal: PROVIDED, FURTHER, That at the option of the party making withdrawals of ground waters of the state not exceeding five thousand gallons per day, applications under this section or declarations under RCW 90.44.090 may be filed and permits and certificates obtained in the same manner and under the same requirements as is in this chapter provided in the case of withdrawals in excess of five thousand gallons a day. [1987 c 109 § 108; 1947 c 122 § 1; 1945 c 263 § 5; Rem. Supp. 1947 § 7400-5.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.060 Laws governing withdrawal. Applications for permits for appropriation of underground water shall be made in the same form and manner provided in RCW 90.03.250 through 90.03.340, as amended, the provisions of which sections are hereby extended to govern and to apply to ground water, or ground water right certificates and to all permits that shall be issued pursuant to such applications, and the rights to the withdrawal of ground water acquired thereby shall be governed by RCW 90.03.250 through 90.03.340, inclusive: PROVIDED, That each application to withdraw public ground water by means of a well or wells shall set forth the following additional information: (1) the name and post office address of the applicant; (2) the name and post office address of the owner of the land on which such well or wells or works will be located; (3) the location of the proposed well or wells or other works for the proposed withdrawal; (4) the ground water area, sub-area, or zone from which withdrawal is proposed, provided the department has designated such area, sub-area, or zone in accord with RCW 90.44.130; (5) the amount of water proposed to be withdrawn, in gallons a minute and in acre feet a year, or millions of gallons a year; (6) the depth and type of construction proposed for the well or wells or other works: AND PROVIDED FURTHER, That any permit issued pursuant to an application for constructing a well or wells to withdraw public ground water may specify an approved type and manner of construction for the purposes of preventing waste of said public waters and of conserving their head. [1987 c 109 § 109; 1945 c 263 § 6; Rem. Supp. 1945 § 7400-6.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.070 Limitations on granting permit. No permit shall be granted for the development or withdrawal of public ground waters beyond the capacity of the underground bed or formation in the given basin, district, or locality to yield such water within a reasonable or feasible pumping lift in case of pumping developments, or within a reasonable or feasible reduction of pressure in the case of artesian developments. The department shall have the power to determine

whether the granting of any such permit will injure or damage any vested or existing right or rights under prior permits and may in addition to the records of the department, require further evidence, proof, and testimony before granting or denying any such permits. [1987 c 109 § 110; 1945 c 263 § 7; Rem. Supp. 1945 § 7400-7.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.080 Certificate—Showing required. Upon a showing to the department that construction has been completed in compliance with the terms of any permit issued under the provisions of this chapter, it shall be the duty of the department to issue to the permittee a certificate of ground water right stating that the appropriation has been perfected under such permit: PROVIDED, HOWEVER, That such showing shall include the following information: (1) the location of each well or other means of withdrawal constructed under the permit, both with respect to official land surveys and in terms of distance and direction to any preexisting well or wells or works constructed under an earlier permit or approved declaration of a vested right, provided the distance to such pre-existing well or works is not more than a quarter of a mile; (2) the depth and diameter of each well or the depth and general specifications of any other works constructed under the terms of the permit; (3) the thickness in feet and the physical character of each bed, stratum, or formation penetrated by each well; (4) the length and position, in feet below the land surface, and the commercial specifications of all casing, also of each screen or perforated zone in the casing of each well constructed; (5) the tested capacity of each well in gallons a minute, as determined by measuring the discharge of the pump or pumps after continuous operation for at least four hours or, in the case of a flowing well, by measuring the natural flow at the land surface; (6) for each nonflowing well, the depth to the static ground water level as measured in feet below the land surface immediately before the well-capacity test herein provided, also the draw-down of the water level, in feet, at the end of said well-capacity test; (7) for each flowing well, the shut-in pressure measured in feet above the land surface or in pounds per square inch at the land surface; and (8) such additional factual information as reasonably may be required by the department to establish compliance with the terms of the permit and with the provisions of this chapter.

The well driller or other constructor of works for the withdrawal of public ground waters shall be obligated to furnish the permittee a certified record of the factual information necessary to show compliance with the provisions of this section. [1987 c 109 § 111; 1945 c 263 § 8; Rem. Supp. 1945 § 7400-8.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.090 Certificate of vested rights. Any person, firm or corporation claiming a vested right to withdraw public ground waters of the state by virtue of prior beneficial use of such water shall, within three years after June 6, 1945, be entitled to receive from the department a certificate of ground water right to that effect: PROVIDED, That the

issuance by the department of any such certificate of vested right shall be contingent on a declaration by the claimant in a form prescribed by the department, which declaration shall set forth: (1) the beneficial use for which such withdrawal has been made; (2) the date or approximate date of the earliest beneficial use of the water so withdrawn, and the continuity of such beneficial use; (3) the amount of water claimed; (4) if the beneficial use has been for irrigation, the description of the land to which such water has been applied and the name of the owner thereof; and (5) so far as it may be available, descriptive information concerning each well or other works for the withdrawal of public ground water, as required of original permittees under the provisions of RCW 90.44.080: PROVIDED, HOWEVER, That in case of failure to comply with the provisions of this section within the three years allotted, the claimant may apply to the department for a reasonable extension of time, which shall not exceed two additional years and which shall be granted only upon a showing of good cause for such failure.

Each such declaration shall be certified, either on the basis of the personal knowledge of the declarant or on the basis of information and belief. With respect to each such declaration there shall be publication, and findings in the same manner as provided in RCW 90.44.060 in the case of an original application to appropriate water. If the department's findings sustain the declaration, the department shall approve said declaration, which then shall be recorded at length with the department and may also be recorded in the office of the county auditor of the county within which the claimed withdrawal and beneficial use of public ground water have been made. When duly approved and recorded as herein provided, each such declaration or copies thereof shall have the same force and effect as an original permit granted under the provisions of RCW 90.44.060, with a priority as of the date of the earliest beneficial use of the water.

Declarations heretofore filed with the department in substantial compliance with the provisions of this section shall have the same force and effect as if filed after June 6, 1945.

The same fees shall be collected by the department in the case of applications for the issuance of certificates of vested rights, as are required to be collected in the case of application for permits for withdrawal of ground waters and for the issuance of certificates of ground water withdrawal rights under this chapter. [1987 c 109 § 112; 1947 c 122 § 2; 1945 c 263 § 9; Rem. Supp. 1947 § 7400-9.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.100 Amendment to permit or certificate. After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may, without losing his priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or he may change the manner or the place of use of the water: PROVIDED, HOWEVER, That such amendment shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be

issued by the department only on the conditions that: (1) The additional or substitute well or wells shall tap the same body of public ground water as the original well or wells; (2) use of the original well or wells shall be discontinued upon construction of the substitute well or wells; (3) the construction of an additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (4) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit. [1987 c 109 § 113; 1945 c 263 § 10; Rem. Supp. 1945 § 7400-10.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.110 Waste of water prohibited—Exceptions.

No public ground waters that have been withdrawn shall be wasted without economical beneficial use. The department shall require all wells producing waters which contaminate other waters to be plugged or capped. The department shall also require all flowing wells to be so capped or equipped with valves that the flow of water can be completely stopped when the wells are not in use under the terms of their respective permits or approved declarations of vested rights. Likewise, the department shall also require both flowing and nonflowing wells to be so constructed and maintained as to prevent the waste of public ground waters through leaky casings, pipes, fittings, valves, or pumps—either above or below the land surface: PROVIDED, HOWEVER, That the withdrawal of reasonable quantities of public ground water in connection with the construction, development, testing, or repair of a well shall not be construed as waste; also, that the inadvertent loss of such water owing to breakage of a pump, valve, pipe, or fitting shall not be construed as waste if reasonable diligence is shown by the permittee in effecting the necessary repair.

In the issuance of an original permit, or of an amendment to an original permit or certificate of vested right to withdraw and appropriate public ground waters under the provisions of this chapter, the department may, as in his judgment is necessary, specify for the proposed well or wells or other works a manner of construction adequate to accomplish the provisions of this section. 90.44.120 Penalty for waste or unauthorized use of water. The unauthorized use of ground water to which another person is entitled, or the wilful or negligent waste of ground water, or the failure, when required by the department, to cap flowing wells or equip the same with valves, fittings, or casings to prevent waste of ground waters, or to cap or plug wells producing waters which contaminate other waters, shall be a misdemeanor. [1987 c 109 § 115; 1949 c 63 § 2; 1947 c 122 § 3; Rem. Supp. 1949 § 7400-11A.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.44.130 Priorities as between appropriators—Department in charge of ground water withdrawals—Establishment and modification of ground water areas and depth zones—Declarations by claimant of artificially stored water. As between appropriators of public ground water, the prior appropriator shall as against subsequent appropriators from the same ground water body be entitled to the preferred use of such ground water to the extent of his appropriation and beneficial use, and shall enjoy the right to have any withdrawals by a subsequent appropriator of ground water limited to an amount that will maintain and provide a safe sustaining yield in the amount of the prior appropriation. The department shall have jurisdiction over the withdrawals of ground water and shall administer the ground water rights under the principle just set forth, and it shall have the jurisdiction to limit withdrawals by appropriators of ground water so as to enforce the maintenance of a safe sustaining yield from the ground water body. For this purpose, the department shall have authority and it shall be its duty from time to time, as adequate factual data become available, to designate ground water areas or sub-areas, to designate separate depth zones within any such area or sub-area, or to modify the boundaries of such existing area, or sub-area, or zones to the end that the withdrawals therefrom may be administratively controlled as prescribed in RCW 90.44.180 in order that overdraft of public ground waters may be prevented so far as is feasible. Each such area or zone shall, as nearly as known facts permit, be so designated as to enclose a single and distinct body of public ground water. Each such sub-area may be so designated as to enclose all or any part of a distinct body of public ground water, as the department deems will most effectively accomplish the purposes of this chapter.

Designation of, or modification of the boundaries of such a ground water area, sub-area, or zone may be proposed by the department on its own motion or by petition to the department signed by at least fifty or one-fourth, whichever is the lesser number, of the users of ground water in a proposed ground water area, sub-area, or zone. Before any proposed ground water area, sub-area, or zone shall be designated, or before the boundaries or any existing ground water area, sub-area, or zone shall be modified the department shall publish a notice setting forth: (1) In terms of the appropriate legal subdivisions a description of all lands enclosed within the proposed area, sub-area, or zone, or within the area, sub-area, or zone whose boundaries are proposed to be modified; (2) the object of the proposed designation or modification of boundaries; and (3) the day and hour, and the place where written objections may be submitted and heard. Such notice shall be published in three consecutive weekly issues of a newspaper of general circulation in the county or counties containing all or the greater portion of the lands involved, and the newspaper of publication shall be selected by the department. Publication as just prescribed shall be construed as sufficient notice to the landowners and water users concerned.

Objections having been heard as herein provided, the department shall make and file in its office written findings of fact with respect to the proposed designation or modification and, if the findings are in the affirmative, shall also enter a written order designating the ground water area, or sub-area, or zone or modifying the boundaries of the existing

area, sub-area, or zone. Such findings and order shall also be published substantially in the manner herein prescribed for notice of hearing, and when so published shall be final and conclusive unless an appeal therefrom is taken within the period and in the manner prescribed by RCW 43.21B.310. Publication of such findings and order shall give force and effect to the remaining provisions of this section and to the provisions of RCW 90.44.180, with respect to the particular area, sub-area, or zone.

Priorities of right to withdraw public ground water shall be established separately for each ground water area, sub-area, or zone and, as between such rights, the first in time shall be the superior in right. The priority of the right acquired under a certificate of ground water right shall be the date of filing of the original application for a withdrawal with the department, or the date or approximate date of the earliest beneficial use of water as set forth in a certificate of a vested ground water right, under the provisions of RCW 90.44.090.

Within ninety days after the designation of a ground water area, sub-area or zone as herein provided, any person, firm or corporation then claiming to be the owner of artificially stored ground water within such area, sub-area, or zone shall file a certified declaration to that effect with the department on a form prescribed by the department. Such declaration shall cover: (1) The location and description of the works by whose operation such artificial ground water storage is purported to have been created, and the name or names of the owner or owners thereof; (2) a description of the lands purported to be underlain by such artificially stored ground water, and the name or names of the owner or owners thereof; (3) the amount of such water claimed; (4) the date or approximate date of the earliest artificial storage; (5) evidence competent to show that the water claimed is in fact water that would have been dissipated naturally except for artificial improvements by the claimant; and (6) such additional factual information as reasonably may be required by the department. If any of the purported artificially stored ground water has been or then is being withdrawn, the claimant also shall file (1) the declarations which this chapter requires of claimants to a vested right to withdraw public ground waters, and (2) evidence competent to show that none of the water withdrawn under those declarations is in fact public ground water from the area, sub-area, or zone concerned: PROVIDED, HOWEVER, That in case of failure to file a declaration within the ninety-day period herein provided, the claimant may apply to the department for a reasonable extension of time, which shall not exceed two additional years and which shall be granted only upon a showing of good cause for such failure.

Following publication of the declaration and findings—as in the case of an original application, permit, or certificate of right to appropriate public ground waters—the department shall accept or reject such declaration or declarations with respect to ownership or withdrawal of artificially stored ground water. Acceptance of such declaration or declarations by the department shall convey to the declarant no right to withdraw public ground waters from the particular area, sub-area, or zone, nor to impair existing or subsequent rights to such public waters.

Any person, firm or corporation hereafter claiming to be the owner of ground water within a designated ground water

area, sub-area, or zone by virtue of its artificial storage subsequent to such designation shall, within three years following the earliest artificial storage file a declaration of claim with the department, as herein prescribed for claims based on artificial storage prior to such designation: PROVIDED, HOWEVER, That in case of such failure the claimant may apply to the department for a reasonable extension of time, which shall not exceed two additional years and which shall be granted upon a showing of good cause for such failure.

Any person, firm or corporation hereafter withdrawing ground water claimed to be owned by virtue of artificial storage subsequent to designation of the relevant ground water area, sub-area, or zone shall, within ninety days following the earliest such withdrawal, file with the department the declarations required by this chapter with respect to withdrawals of public ground water. [1987 c 109 § 116; 1947 c 122 § 4; 1945 c 263 § 12; Rem. Supp. 1947 § 7400-12. Formerly RCW 90.44.130 through 90.44.170.]

90.44.180 Hearing to adjust supply to current needs. At any time the department may hold a hearing on its own motion, and shall hold a hearing upon petition of at least fifty or one-fourth, whichever is the lesser number, of the holders of valid rights to withdraw public ground waters from any designated ground water area, sub-area, or zone, to determine whether the water supply in such area, sub-area, or zone is adequate for the current needs of all such holders. Notice of any such hearing, and the findings and order resulting therefrom shall be published in the manner prescribed in RCW 90.44.130 with respect to the designation or modification of a ground water area, or sub-area, or zone.

If such hearing finds that the total available supply is inadequate for the current needs of all holders of valid rights to withdraw public ground waters from the particular ground water area, sub-area, or zone, the department shall order the aggregate withdrawal from such area, sub-area, or zone decreased so that it shall not exceed such available supply. Such decrease shall conform to the priority of the pertinent valid rights and shall prevail for the term of shortage in the available supply. Except that by mutual agreement among the respective holders and with the department, the ordered decrease in aggregate withdrawal may be accomplished by the waiving of all or some specified part of a senior right or rights in favor of a junior right or rights: PROVIDED, That such waiving of a right or rights by agreement shall not modify the relative priorities of such right or rights as recorded in the department. 90.44.200 Water supervisors—Duties—Compensation. The department, as in its judgment is deemed necessary and advisable, may appoint one or more ground water supervisors for each designated ground water area, sub-area, or zone, or may appoint one or more ground water supervisors-at-large. Within their respective jurisdictions and under the direction of the department, such supervisor and

supervisors-at-large shall supervise the withdrawal of public ground waters and the carrying out of orders issued by the department under the provisions of this chapter.

The duties, compensation, and authority of such supervisors or supervisors-at-large shall be those prescribed for water masters under the terms of RCW 90.03.060 and 90.03.070. [1987 c 109 § 118; 1945 c 263 § 15; Rem. Supp. 1945 § 7400-15.]

Water master's power of arrest: RCW 90.03.090.

90.44.220 Proceedings to determine rights to water.

In its discretion or upon the application of any party claiming right to the withdrawal and use of public ground water, the department may file a petition with the superior court of the county for the determination of the rights of appropriators of any particular ground water body and all the provisions of RCW 90.03.110 through 90.03.240 as heretofore amended, shall govern and apply to the adjudication and determination of such ground water body and to the ownership thereof. Hereafter, in any proceedings for the adjudication and determination of water rights—either rights to the use of surface water or to the use of ground water, or both—pursuant to chapter 90.03 RCW as heretofore amended, all appropriators of ground water or of surface water in the particular basin or area may be included as parties to such adjudication, as pertinent. 90.44.230 Effect of findings and judgment. In any determination of the right to withdrawal of ground water under RCW 90.44.220, the department's findings and the court's findings and judgment shall determine the priority of right and the quantity of water to which each appropriator who is a party to the proceedings shall be entitled, shall determine the level below which the ground water body shall not be drawn down by appropriators, or shall reserve jurisdiction for the determination of a safe sustaining water yield as necessary from time to time to preserve the rights of the several appropriators and to prevent depletion of the ground water body. 90.44.250 Investigations—Reports of appropriators.

The department is hereby authorized to make such investigations as may be necessary to determine the location, extent, depth, volume, and flow of all ground waters within the state and in making such examination, hereby is authorized and directed to cooperate with the federal government, with any county or municipal corporation, or any person, firm,

association or corporation, and upon such terms as may seem appropriate to it.

In connection with such investigation, the department from time to time may require reports from each ground water appropriator as to the amount of public ground water being withdrawn and as to the manner and extent of the beneficial use. Such reports shall be in a form prescribed by the department. [1987 c 109 § 121; 1945 c 263 § 19; Rem. Supp. 1945 § 7400-19. Formerly RCW 90.44.210.]

90.44.400 Ground water management areas—Purpose—Standards—Identification—Designation.

(1) This legislation is enacted for the purpose of identifying ground water management procedures that are consistent with both local needs and state water resource policies and management objectives; including the protection of water quality, assurance of quantity, and efficient management of water resources to meet future needs.

In recognition of existing water rights and the need to manage ground water aquifers for future use, the department of ecology shall, by rule, establish standards, criteria, and a process for the designation of specific ground water areas or sub-areas, or separate depth zones within such area or sub-area, and provide for either the department of ecology, local governments, or ground water users of the area to initiate development of a ground water management program for each area or sub-area, consistent with state and local government objectives, policies, and authorities. The department shall develop and adopt these rules by January 1, 1986.

(2) The department of ecology, in cooperation with other state agencies, local government, and user groups, shall identify probable ground water management areas or sub-areas. The department shall also prepare a general schedule for the development of ground water management programs that recognizes the available local or state agency staff and financial resources to carry out the intent of RCW 90.44.400 through 90.44.420. The department shall also provide the option for locally initiated studies and for local government to assume the lead agency role in developing the ground water management program and in implementing the provisions of RCW 90.44.400 through 90.44.420. The criteria to guide identification of the ground water areas or sub-areas shall include but not be limited to, the following:

(a) Aquifer systems that are declining due to restricted recharge or over-utilization;

(b) Aquifer systems in which over-appropriation may have occurred and adjudication of water rights has not yet been completed;

(c) Aquifer systems currently being considered for water supply reservation under chapter 90.54 RCW for future beneficial uses;

(d) Aquifers identified as the primary source of supply for public water supply systems;

(e) Aquifers designated as a sole source aquifer by the federal environmental protection agency; and

(f) Geographical areas where land use may result in contamination or degradation of the ground water quality.

(3) In developing the ground water management programs, priority shall be given to areas or sub-areas where water quality is imminently threatened. [1985 c 453 § 1.]

90.44.410 Ground water management advisory committee—Requirements for ground water management programs—Review of programs. (Effective until June 30, 1998.) (1) To assist in the development of ground water management programs, a ground water management advisory committee, with representation from major user and public interest groups, and state and local governments shall be appointed by the department for each area or sub-area. The procedure for advisory committee appointment, terms of appointment, and committee responsibilities shall be addressed in the rules prepared under RCW 90.44.400.

(2) The ground water area or sub-area management programs shall include:

(a) A description of the specific ground water area or sub-areas, or separate depth zones within any such area or sub-area, and the relationship of this zone or area to the land use management responsibilities of county government;

(b) A management program based on long-term monitoring and resource management objectives for the area or sub-area;

(c) Identification of water resources and the allocation of the resources to meet state and local needs;

(d) Projection of water supply needs for existing and future identified user groups and beneficial uses;

(e) Identification of water resource management policies and/or practices that may impact the recharge of the designated area or policies that may affect the safe yield and quantity of water available for future appropriation;

(f) Identification of land use and other activities that may impact the quality and efficient use of the ground water, including domestic, industrial, solid, and other waste disposal, underground storage facilities, or storm water management practices;

(g) The design of the program necessary to manage the resource to assure long-term benefits to the citizens of the state;

(h) Identification of water quality objectives for the aquifer system which recognize existing and future uses of the aquifer and that are in accordance with department of ecology and department of social and health services drinking and surface water quality standards;

(i) Long-term policies and construction practices necessary to protect existing water rights and subsequent facilities installed in accordance with the ground water area or sub-area management programs and/or other water right procedures;

(j) Annual withdrawal rates and safe yield guidelines which are directed by the long-term management programs that recognize annual variations in aquifer recharge;

(k) A description of conditions and potential conflicts and identification of a program to resolve conflicts with existing water rights;

(l) Alternative management programs to meet future needs and existing conditions, including water conservation plans; and

(m) A process for the periodic review of the ground water management program and monitoring of the implementation of the program.

(3) The ground water area or sub-area management programs shall be submitted for review in accordance with the state environmental policy act. [1985 c 453 § 2.]

90.44.410 Requirements for ground water management programs—Review of programs. (Effective June 30, 1998.) (1) The ground water area or sub-area management programs shall include:

(a) A description of the specific ground water area or sub-areas, or separate depth zones within any such area or sub-area, and the relationship of this zone or area to the land use management responsibilities of county government;

(2) The ground water area or sub-area management programs shall be submitted for review in accordance with the state environmental policy act. [1988 c 186 § 1; 1985 c 453 § 2.]

Effective date—1988 c 186 § 1: "Section 1 of this act shall take effect June 30, 1998." [1988 c 186 § 2.]

90.44.420 Ground water management programs—Consideration by department of ecology—Public hearing—Findings—Adoption of regulations, ordinances, and programs. The department of ecology shall consider the ground water area or sub-area management plan for adoption in accordance with this chapter and chapter 90.54 RCW.

Upon completion of the ground water area or sub-area management program, the department of ecology shall hold a public hearing within the designated ground water management area for the purpose of taking public testimony on the proposed program. Following the public hearing, the department of ecology and affected local governments shall (1) prepare findings which either provide for the subsequent adoption of the program as proposed or identify the revisions necessary to ensure that the program is consistent with the intent of this chapter, and (2) adopt regulations, ordinances, and/or programs for implementing those provisions of the ground water management program which are within their respective jurisdictional authorities. [1985 c 453 § 3.]

90.44.430 Ground water management programs—Guidance to local governments and certain departments. The department of ecology, the department of social and health services, and affected local governments shall be guided by the adopted program when reviewing and considering approval of all studies, plans, and facilities that may utilize or impact the implementation of the program. [1985 c 453 § 4.]

90.44.440 Existing rights not affected. RCW 90.44.400 through 90.44.430 shall not affect any water rights existing as of May 21, 1985. [1985 c 453 § 5.]

90.44.445 Acreage expansion program—Authorization—Certification. In any acreage expansion program adopted by the department as an element of a ground water management program, the authorization for a water right certificate holder to participate in the program shall be on an annual basis for the first two years. After the two-year period, the department may authorize participation for ten-year periods. The department may authorize participation for ten-year periods for certificate holders who have already participated in an acreage expansion program for two years. The department may require annual certification that the certificate holder has complied with all requirements of the program. The department may terminate the authority of a certificate holder to participate in the program for one calendar year if the certificate holder fails to comply with the requirements of the program. [1993 c 99 § 1.]

90.44.450 Metering or measuring ground water withdrawals—Reports. The department of ecology may require withdrawals of ground water to be metered, or measured by other approved methods, as a condition for a new water right permit. The department may also require, as a condition for such permits, reports regarding such withdrawals as to the amount of water being withdrawn. These reports shall be in a form prescribed by the department. [1989 c 348 § 7.]

The legislature finds that by encouraging the use of reclaimed water while assuring the health and safety of all Washington citizens and the protection of its environment, the state of Washington will continue to use water in the best interests of present and future generations.

To facilitate the opportunity to use reclaimed water as soon as is practicable, the legislature encourages the cooperative efforts of the public and private sectors and the use of pilot projects to effectuate the goals of this chapter. The legislature further directs the department of health and the department of ecology to coordinate efforts towards developing an efficient and streamlined process for creating and implementing processes for the use of reclaimed water. [1992 c 204 § 1.]

90.46.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Greywater" means sewage having the consistency and strength of residential domestic type wastewater. Greywater includes wastewater from sinks, showers, and laundry fixtures, but does not include toilet or urinal waters.

(2) "Land application" means application of treated effluent for purposes of irrigation or landscape enhancement for residential, business, and governmental purposes.

(3) "Person" means any state, individual, public or private corporation, political subdivision, governmental subdivision, governmental agency, municipality, copartnership, association, firm, trust estate, or any other legal entity whatever.

(4) "Reclaimed water" means effluent derived in any part from sewage from a wastewater treatment system that has been adequately and reliably treated, so that as a result of that treatment, it is suitable for a direct beneficial use or a controlled use that would not otherwise occur.

(5) "Sewage" means water-carried human wastes, including kitchen, bath, and laundry waste from residences, buildings, industrial and commercial establishments, or other places, together with such ground water infiltration, surface waters, or industrial wastewater as may be present.

(6) "User" means any person who uses reclaimed water.

(7) "Wastewater" means water and wastes discharged from homes, businesses, and industry to the sewer system. [1992 c 204 § 2.]

90.46.020 Interim standards for pilot projects for use of reclaimed water. (1) The department of ecology shall, in coordination with the department of health, develop interim standards for pilot projects under subsection (3) of this section on or before July 1, 1992, for the use of reclaimed water in land applications.

(2) The department of health shall, in coordination with the department of ecology, develop interim standards for pilot projects under subsection (3) of this section on or before November 15, 1992, for the use of reclaimed water in commercial and industrial activities.

(3) The department of ecology and the department of health shall assist interested parties in the development of pilot projects to aid in achieving the purposes of this chapter. [1992 c 204 § 3.]

90.46.030 Standards, procedures, and guidelines for industrial and commercial use of reclaimed water—Reclaimed water permits—Fee structure for permits. (1) The department of health shall, in coordination with the department of ecology, adopt a single set of standards, procedures, and guidelines on or before August 1, 1993, for the industrial and commercial use of reclaimed water.

(2) The department of health may issue a reclaimed water permit for industrial and commercial uses of reclaimed water to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purposes of use.

(3) The department of health in consultation with the advisory committee established in RCW 90.46.050, shall develop recommendations for a fee structure for permits issued under subsection (2) of this section. Fees shall be established in amounts to fully recover, and not exceed, expenses incurred by the department of health in processing permit applications and modifications, monitoring and evaluating compliance with permits, and conducting inspections and supporting the reasonable overhead expenses that are directly related to these activities. Permit fees may not be used for research or enforcement activities. The department of health shall not issue permits under this section until a fee structure has been established.

(4) A permit under this section for use of reclaimed water may be issued only to a municipal, quasi-municipal, or other governmental entity or to the holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law with regard to sewage and wastewater collection, treatment, and disposal for the protection of health and safety of the state's waters. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority. [1992 c 204 § 4.]

90.46.040 Standards, procedures, and guidelines for land applications of reclaimed water—Permits—Referral to department of health. (1) The department of ecology shall, in coordination with the department of health, adopt a single set of standards, procedures, and guidelines, on or before August 1, 1993, for land applications of reclaimed water.

(2) A permit is required for any land application of reclaimed water. The department of ecology may issue a reclaimed water permit under chapter 90.48 RCW to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purpose of use. The department of ecology shall not issue more than one permit for any individual land application of reclaimed water to a single generator.

(3) In cases where the department of ecology determines, in land applications of reclaimed water, that a significant risk to the public health exists, the department shall refer the application to the department of health for review and consultation and the department of health may require fees appropriate for review and consultation from the applicant pursuant to RCW 43.70.250.

(4) A permit under this section for use of reclaimed water may be issued only to a municipal, quasi-municipal, or other governmental entity or to the holder of a waste discharge permit issued under chapter 90.48 RCW.

[1945 c 216 § 21; Rem. Supp. 1945 § 10964u.]

90.48.153 Cooperation with federal government—Federal funds. The department is authorized to cooperate with the federal government and to accept grants of federal funds for carrying out the purposes of this chapter. The department is empowered to make any application or report required by an agency of the federal government as an incident to receiving such grants. [1987 c 109 § 133; 1949

90.48.160 Waste disposal permit—Required—Exemptions. Any person who conducts a commercial or industrial operation of any type which results in the disposal of solid or liquid waste material into the waters of the state, including commercial or industrial operators discharging solid or liquid waste material into sewerage systems operated by municipalities or public entities which discharge into public waters of the state, shall procure a permit from either the department or the *thermal power plant site evaluation council as provided in RCW 90.48.262(2) before disposing of such waste material: PROVIDED, That this section shall not apply to any person discharging domestic sewage only into a sewerage system.

The department may, through the adoption of rules, eliminate the permit requirements for disposing of wastes into publicly operated sewerage systems for:

(1) Categories of or individual municipalities or public corporations operating sewerage systems; or

(2) Any category of waste disposer; if the department determines such permit requirements are no longer necessary for the effective implementation of this chapter. The department may by rule eliminate the permit requirements for disposing of wastes by upland finfish rearing facilities unless a permit is required under the federal clean water act's national pollutant discharge elimination system. [1989 c 293 § 2; 1973 c 155 § 3; 1967 c 13 § 13; 1955 c 71 § 1.]

***Reviser's note:** The "thermal power plant site evaluation council" was redesignated the "energy facility site evaluation council" by 1975-'76 2nd ex.s. c 108.

90.48.162 Waste disposal permits required of counties, municipalities and public corporations. Any county or any municipal or public corporation operating or proposing to operate a sewerage system, including any system which collects only domestic sewerage, which results in the disposal of waste material into the waters of the state shall procure a permit from the department of ecology before so disposing of such materials. This section is intended to extend the permit system of RCW 90.48.160 to counties and municipal or public corporations and the provisions of RCW 90.48.170 through *90.48.210 and 90.52.040 shall be

applicable to the permit requirement imposed under this section. [1972 ex.s. c 140 § 1.]

***Reviser's note:** RCW 90.48.210 was repealed by 1987 c 109 § 159.

90.48.165 Waste disposal permits required of counties, municipalities and public corporations—Cities, towns or municipal corporations may be granted authority to issue permits—Revocation—Termination of permits. Any city, town or municipal corporation operating a sewerage system including treatment facilities may be granted authority by the department to issue permits for the discharge of wastes to such system provided the department ascertains to its satisfaction that the sewerage system and the inspection and control program operated and conducted by the city, town or municipal corporation will protect the public interest in the quality of the state's waters as provided for in this chapter. Such authority may be granted by the department upon application by the city, town or municipal corporation and may be revoked by the department if it determines that such city, town, or municipal corporation is not, thereafter, operated and conducted in a manner to protect the public interest. Persons holding municipal permits to discharge into sewerage systems operated by a municipal corporation authorized by this section to issue such permits shall not be required to secure a waste discharge permit provided for in RCW 90.48.160 as to the wastes discharged into such sewerage systems. Authority granted by the department to cities, towns, or municipal corporations to issue permits under this section shall be in addition to any authority or power now or hereafter granted by law to cities, towns and municipal corporations for the regulation of discharges into sewerage systems operated by such cities, towns, or municipal corporations. Permits issued under this section shall automatically terminate if the authority to issue the same is revoked by the department. [1987 c 109 § 135; 1967 c 13 § 14.]

90.48.170 Waste disposal permits required of counties, municipalities and public corporations—Application—Notice as to new operation or increase in volume—Investigation—Notice to other state departments. Applications for permits shall be made on forms prescribed by the department and shall contain the name and address of the applicant, a description of the applicant's operations, the quantity and type of waste material sought to be disposed of, the proposed method of disposal, and any other relevant information deemed necessary by the department. Application for permits shall be made at least sixty days prior to commencement of any proposed discharge or permit expiration date, whichever is applicable. Upon receipt of a proper application relating to a new operation, or an operation previously under permit for which an increase in volume of wastes or change in character of effluent is requested over that previously authorized, the department shall instruct the applicant to publish notices thereof by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the disposal

of waste material is proposed to be made and in such other appropriate information media as the department may direct. Said notice shall include a statement that any person desiring to present his or her views to the department with regard to said application may do so in writing to the department, or any person interested in the department's action on an application for a permit, may submit his or her views or notify the department of his or her interest within thirty days of the last date of publication of notice. Such notification or submission of views to the department shall entitle said persons to a copy of the action taken on the application. Upon receipt by the department of an application, it shall immediately send notice thereof containing pertinent information to the director of fish and wildlife and to the secretary of social and health services. When an application complying with the provisions of this chapter and the rules and regulations of the department has been filed with the department, it shall be its duty to investigate the application, and determine whether the use of public waters for waste disposal as proposed will pollute the same in violation of the public policy of the state. [1994 c 264 § 91; 1988 c 36 § 70; 1987 c 109 § 136; 1967 c 13 § 15; 1955 c 71 § 2.]

90.48.180 Waste disposal permits required of counties, municipalities and public corporations—Issuance—Conditions—Duration. The department shall issue a permit unless it finds that the disposal of waste material as proposed in the application will pollute the waters of the state in violation of the public policy declared in RCW 90.48.010. The department shall have authority to specify conditions necessary to avoid such pollution in each permit under which waste material may be disposed of by the permittee. Permits may be temporary or permanent but shall not be valid for more than five years from date of issuance. [1987 c 109 § 137; 1967 c 13 § 16; 1955 c 71 § 3.]

90.48.190 Waste disposal permits required of counties, municipalities and public corporations—Termination—Grounds. A permit shall be subject to termination upon thirty days' notice in writing if the department finds:

- (1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application;
- (2) That there has been a violation of the conditions thereof;
- (3) That a material change in quantity or type of waste disposal exists. [1987 c 109 § 138; 1967 c 13 § 17; 1955 c 71 § 4. (1987 3rd ex.s. c 2 § 43 repealed by 1989 c 2 § 24, effective March 1, 1989.)]

90.48.195 Waste disposal permits required of counties, municipalities and public corporations—Modification or additional conditions may be ordered. In the event that a material change in the condition of the state

waters occurs the department may, by appropriate order, modify permit conditions or specify additional conditions in permits previously issued. [1987 c 109 § 139; 1967 c 13 § 18.]

90.48.200 Waste disposal permits required of counties, municipalities and public corporations—Nonaction upon application—Temporary permit—Duration. In the event of failure of the department to act upon an application within sixty days after it has been filed the applicant shall be deemed to have received a temporary permit. Said permit shall authorize the applicant to discharge wastes into waters of the state as requested in its application only until such time as the department shall have taken action upon said application. [1987 c 109 § 140; 1967 c 13 § 19; 1955 c 71 § 5.]

90.48.215 Upland finfish facilities—Waste discharge standards—Waste disposal permit. (1) The following definition shall apply to this section: "Upland finfish hatching and rearing facilities" means those facilities not located within waters of the state where finfish are hatched, fed, nurtured, held, maintained, or reared to reach the size of release or for market sale. This shall include fish hatcheries, rearing ponds, spawning channels, and other similarly constructed or fabricated public or private facilities.

(2) Not later than September 30, 1989, the department shall adopt standards pursuant to chapter 34.05 RCW for waste discharges from upland finfish hatching and rearing facilities. In establishing these standards, the department shall incorporate, to the extent applicable, studies conducted by the United States environmental protection agency on finfish rearing facilities and other relevant information. The department shall also issue a general permit as authorized by the federal clean water act, 33 U.S.C. 1251 et seq., or RCW 90.48.160 by September 30, 1989, for upland finfish hatching and rearing facilities. The department shall approve or deny applications for coverage under the general permit for upland finfish hatching and rearing facilities within one hundred eighty days from the date of application, unless a longer time is required to satisfy public participation requirements in the permit process in accordance with applicable rules, or compliance with the requirements of the state environmental policy act under chapter 43.21C RCW. The department shall notify applicants for coverage by a general permit as soon as it determines that a proposed discharge meets or fails to comply with the standards or general permit conditions set forth pursuant to this section, or that a time period longer than one hundred eighty days is necessary to satisfy public participation requirements or the state environmental policy act. [1989 c 293 § 1.]

90.48.220 Marine finfish rearing facilities—Waste discharge standards—Discharge permit applications—Exemption. (1) For the purposes of this section "marine finfish rearing facilities" means those private and public facilities located within the salt water of the state where

finfish are fed, nurtured, held, maintained, or reared to reach the size of release or for market sale.

(2) Not later than October 31, 1994, the department shall adopt criteria under chapter 34.05 RCW for allowable sediment impacts from organic enrichment due to marine finfish rearing facilities.

(3) Not later than June 30, 1995, the department shall adopt standards under chapter 34.05 RCW for waste discharges from marine finfish rearing facilities. In establishing these standards, the department shall review and incorporate, to the extent possible, studies conducted by state and federal agencies on waste discharges from marine finfish rearing facilities, and any reports and other materials prepared by technical committees on waste discharges from marine finfish rearing facilities. The department shall approve or deny discharge permit applications for marine finfish rearing facilities within one hundred eighty days from the date of application, unless a longer time is required to satisfy public participation requirements in the permit process in accordance with applicable rules, or compliance with the requirements of the state environmental policy act under chapter 43.21C RCW. The department shall notify applicants as soon as it determines that a proposed discharge meets or fails to comply with the standards adopted pursuant to this section, or if a time period longer than one hundred eighty days is necessary to satisfy public participation requirements of the state environmental policy act.

(4) The department may adopt rules to exempt marine finfish rearing facilities not requiring national pollutant discharge elimination system permits under the federal water pollution control act from the discharge permit requirement. [1993 c 296 § 1.]

90.48.230 Application of administrative procedure law to rule making and adjudicative proceedings. The provisions of chapter 34.05 RCW, the Administrative Procedure Act, apply to all rule making and adjudicative proceedings authorized by or arising under the provisions of this chapter. 90.48.240 Water pollution orders for conditions requiring immediate action—Appeal. Notwithstanding any other provisions of this chapter or chapter 90.56 RCW, whenever it appears to the director that water quality conditions exist which require immediate action to protect the public health or welfare, or that a person required by RCW 90.48.160 to obtain a waste discharge permit prior to discharge is discharging without the same, or that a person conducting an operation which is subject to a permit issued pursuant to RCW 90.48.160 conducts the same in violation of the terms of said permit, causing water quality conditions to exist which require immediate action to protect the public health or welfare, the director may issue a written order to the person or persons responsible without prior notice or hearing, directing and affording the person or persons responsible the alternative of either (1) immediately discontinuing or modifying the discharge into the waters of the state, or (2) appearing before the department at the time and place specified in said written order for the purpose of providing to the department information pertaining to the

violations and conditions alleged in said written order. The responsible person or persons shall be afforded not less than twenty-four hours notice of such an information meeting. If following such a meeting the department determines that water quality conditions exist which require immediate action as described herein, the department may issue a written order requiring immediate discontinuance or modification of the discharge into the waters of the state. In the event an order is not immediately complied with the attorney general, upon request of the department, shall seek and obtain an order of the superior court of the county in which the violation took place directing compliance with the order of the department. Such an order is appealable pursuant to RCW 43.21B.310. [1991 c 200 § 1106; 1987 c 109 § 15; 1967 c 13 § 22.]

The department is authorized to make agreements and enter into such contracts as are appropriate to carry out a program of monitoring the condition of the waters of the state and the effluent discharged therein, including contracts to monitor effluent discharged into public waters when such monitoring is required by the terms of a waste discharge permit or as part of the approval of a sewerage system, if adequate compensation is provided to the department as a term of the contract. [1987 c 109 § 141; 1967 c 13 § 23.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.48.260 Federal clean water act—Department designated as state agency, authority—Powers, duties and functions. The department of ecology is hereby designated as the State Water Pollution Control Agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound water quality authority. The powers granted herein include, among others, and notwithstanding any other provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a comprehensive state point source waste discharge or pollution discharge elimination permit program which will enable the department to qualify for full participation in any national waste discharge or pollution discharge elimination permit system and will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington subject to the provisions of RCW 90.48.262(2). Program elements authorized herein may include, but are not limited to: (a) Effluent treatment and limitation requirements together with timing requirements related thereto; (b) applicable receiving water quality standards requirements; (c) requirements of standards of performance for new sources; (d) pretreatment requirements; (e)

termination and modification of permits for cause; (f) requirements for public notices and opportunities for public hearings; (g) appropriate relationships with the secretary of the army in the administration of his responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his duties, and with other governmental officials under the federal clean water act; (h) requirements for inspection, monitoring, entry, and reporting; (i) enforcement of the program through penalties, emergency powers, and criminal sanctions; (j) a continuing planning process; and (k) user charges.

(2) The power to establish and administer state programs in a manner which will insure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

The governor shall have authority to perform those actions required of him or her by the federal clean water act. [1988 c 220 § 1; 1983 c 270 § 1; 1979 ex.s. c 267 § 1; 1973 c 155 § 4; 1967 c 13 § 24.]

Severability—1983 c 270: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 270 § 5.]

90.48.262 Implementation of RCW 90.48.260—Permits for energy facilities—Rules and procedures. (1) The powers established under RCW 90.48.260 shall be implemented by the department through the adoption of rules in every appropriate situation. The permit program authorized under RCW 90.48.260(1) shall constitute a continuation of the established permit program of RCW 90.48.160 and other applicable sections within chapter 90.48 RCW. The appropriate modifications as authorized in *this 1973 amendatory act are designed to avoid duplication and other wasteful practices and to insure that the state permit program contains all required elements of and is compatible with the requirements of any national permit system.

(2) Permits for energy facilities subject to chapter 80.50 RCW shall be issued by the energy facility site evaluation council: PROVIDED, That such permits shall become effective only if the governor approves an application for certification and executes a certification agreement pursuant to said chapter. The council shall have all powers necessary to establish and administer a point source discharge permit program pertaining to such plants, consistent with applicable receiving water quality standards established by the department, and to qualify for full participation in any national waste discharge or pollution discharge elimination permit system. The council and the department shall each adopt, by rules, procedures which will provide maximum coordination and avoid duplication between the two agencies with respect to permits in carrying out the requirements of *this act including, but not limited to, monitoring and enforcement of certification agreements, and in qualifying for full participa-

tion in any such national system. [1975-'76 2nd ex.s. c 108 § 41; 1973 c 155 § 5.]

***Reviser's note:** "This 1973 amendatory act" and "this act" apparently refer to 1973 c 155, which consists of this section, amendments to RCW 90.48.010, 90.48.120, 90.48.140, 90.48.144, 90.48.160, and 90.48.260, and the repeal of RCW 90.48.070.

90.48.264 Federal clean water act—Rules for on-site sewage disposal systems adjacent to marine waters. In implementing this chapter and in participating in programs under the federal clean water act, the department may consult with the department of social and health services concerning standards for repair of existing, failing on-site sewage disposal systems that are adjacent to marine waters. By January 1, 1989, the department of social and health services shall propose rules for adoption by the state board of health identifying the standards for repair of existing, failing on-site sewage disposal systems at single-family residences that were legally occupied prior to June 9, 1988, and that are adjacent to marine waters. The rules may specify the design, operation and maintenance standards for such repaired systems so as to ensure protection of the public health, attainment of state water quality standards and the protection of shellfish and other public resources. The rules shall also provide that any proposed discharge to marine water shall be considered only if on-site sewage disposal systems are not feasible and that such discharges shall meet the requirements of this chapter and department of ecology regulations. The state board of health shall adopt such proposed rules unless the board finds modification or rejection of them necessary to protect the public health. [1988 c 220 § 2.]

90.48.270 Sewage drainage basins—Authority of department to delineate and establish. The department shall have authority to delineate and establish sewage drainage basins in the state for the purpose of developing and/or adopting comprehensive plans for the control and abatement of water pollution within such basins. Basins may include, but are not limited to, rivers and their tributaries, streams, coastal waters, sounds, bays, lakes, and portions or combinations thereof, as well as the lands drained thereby. [1987 c 109 § 142; 1967 c 13 § 26.]

90.48.280 Sewage drainage basins—Comprehensive plans for sewage drainage basins. The department is authorized to prepare and/or adopt a comprehensive water pollution control and abatement plan and to make subsequent amendments thereto, for each basin established pursuant to RCW 90.48.270. Comprehensive plans for sewage drainage basins may be prepared by any municipality and submitted to the department for adoption.

Prior to adopting a comprehensive plan for any basin or any subsequent amendment thereof the department shall hold a public hearing thereon. Notice of such hearing shall be given by registered mail, together with copies of the proposed plan, to each municipality, or other political subdivi-

sion, within the basin exercising a sewage disposal function, at least twenty days prior to the hearing date. Such hearing may be continued from time to time and, at the termination thereof, the department may reject the plan proposed or adopt it with such modifications as it shall deem proper.

Following adoption of a comprehensive plan for any basin, the department shall require compliance with such plan by any municipality or person operating or constructing a sewage collection, treatment or disposal system or plant, or any improvement to or extension of an existing sewage collection, treatment or disposal system or plant, within the basin. [1987 c 109 § 143; 1967 c 13 § 27.]

90.48.285 Contracts with municipal or public corporations and political subdivisions to finance water pollution control projects—Requisites—Priorities. The department is authorized to enter into contracts with any municipal or public corporation or political subdivision within the state for the purpose of assisting such agencies to finance the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state, including but not limited to, systems for the control of storm or surface waters which will provide for the removal of waste or polluting materials in a manner conforming to the comprehensive plan of water pollution control and abatement proposed by the agencies and approved by the department. Any such contract may provide for:

The payment by the department to a municipal or public corporation or political subdivision on a monthly, quarterly, or annual basis of varying amounts of moneys as advances which shall be repayable by said municipal or public corporation, or political subdivision under conditions determined by the department.

Contracts made by the department shall be subject to the following limitations:

(1) No contract shall be made unless the department shall find that the project cannot be financed at reasonable cost or within statutory limitations by the borrower without the making of such contract.

(2) No contract shall be made with any public or municipal corporation or political subdivision to assist in the financing of any project located within a sewage drainage basin for which the department shall have previously adopted a comprehensive water pollution control and abatement plan unless the project is found by the department to conform with the basin comprehensive plan.

(3) The department shall determine the interest rate, not to exceed ten percent per annum, which such advances shall bear.

(4) The department shall provide such reasonable terms and conditions of repayment of advances as it may determine.

(5) The total outstanding amount which the department may at any time be obligated to pay under all outstanding contracts made pursuant to this section shall not exceed the moneys available for such payment.

(6) Municipal or public corporations or political subdivisions shall meet such qualifications and follow such proce-

dures in applying for contract assistance as shall be established by the department.

In making such contracts the department shall give priority to projects which will provide relief from actual or potential public health hazards or water pollution conditions and which provide substantial capacity beyond present requirements to meet anticipated future demand. [1987 c 109 § 144; 1980 c 32 § 13; 1969 ex.s. c 141 § 1.]

90.48.290 Grants to municipal or public corporations or political subdivisions to aid water pollution control projects—Limitations. The department is authorized to make and administer grants within appropriations authorized by the legislature to any municipal or public corporation, or political subdivision within the state for the purpose of aiding in the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state including, but not limited to, projects for the control of storm or surface waters which will provide for the removal of waste or polluting materials therefrom.

Grants so made by the department shall be subject to the following limitations:

(1) No grant shall be made in an amount which exceeds the recipient's contribution to the estimated cost of the project: **PROVIDED,** That the following shall be considered a part of the recipient's contribution:

(a) Any grant received by the recipient from the federal government pursuant to section 8(f) of the Federal Water Pollution Control Act (33 U.S.C. 466) for the project;

(b) Any expenditure which is made by any municipal or public corporation, or political subdivision within the state as a part of a joint effort with the recipient to carry out the project and which has not been used as a matching contribution for another grant made pursuant to this chapter, and

(c) Any expenditure for the project made by the recipient out of moneys advanced by the department from a revolving fund and repayable to said fund.

(2) No grant shall be made for any project which does not qualify for and receive a grant of federal funds under the provisions of the Federal Water Pollution Control Act as now or hereafter amended: **PROVIDED,** That this restriction shall not apply to state grants made in any biennium over and above the amount of such grants required to match all federal funds allocated to the state for such biennium.

(3) No grant shall be made to any municipal or public corporation, or political subdivision for any project located within a drainage basin unless the department shall have previously adopted a comprehensive water pollution control and abatement plan and unless the project is found by the department to conform with such basin comprehensive plan: **PROVIDED,** That the requirement for a project to conform to a comprehensive water pollution control and abatement plan may be waived by the department for any grant application filed with the department prior to July 1, 1974, in those situations where the department finds the public

interest would be served better by approval of any grant application made prior to adoption of such plan than by its denial.

(4) Recipients of grants shall meet such qualifications and follow such procedures in applying for grants as shall be established by the department.

(5) Grants may be made to reimburse recipients for expenditures made after July 1, 1967 for projects which meet the requirements of this section and were commenced after the recipient had filed a grant application with the department. [1987 c 109 § 145; 1969 ex.s. c 284 § 1; 1967 c 13 § 28.]

90.48.364 Discharge of oil into waters of the state—Definitions. For the purposes of this chapter, "technical feasibility" or "technically feasible" means that given available technology, a restoration or enhancement project can be successfully completed at a cost that is not disproportionate to the value of the resource before the injury. [1991 c 200 § 811.]

90.48.366 Discharge of oil into waters of the state—Compensation schedule. By July 1, 1991, the department, in consultation with the departments of *fisheries, wildlife, and natural resources, and the parks and recreation commission, shall adopt rules establishing a compensation schedule for the discharge of oil in violation of this chapter and chapter 90.56 RCW. The amount of compensation assessed under this schedule shall be no less than one dollar per gallon of oil spilled and no greater than fifty dollars per gallon of oil spilled. The compensation schedule shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

(1) Characteristics of any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;

(2) The sensitivity of the affected area as determined by such factors as: (a) The location of the spill; (b) habitat and living resource sensitivity; (c) seasonal distribution or sensitivity of living resources; (d) areas of recreational use or aesthetic importance; (e) the proximity of the spill to important habitats for birds, aquatic mammals, fish, or to species listed as threatened or endangered under state or federal law; (f) significant archaeological resources as determined by the office of archaeology and historic preser-

vation; and (g) other areas of special ecological or recreational importance, as determined by the department. If the department has adopted rules for a compensation table prior to July 1, 1992, the sensitivity of significant archaeological resources shall only be included among factors to be used in the compensation table when the department revises the rules for the compensation table after July 1, 1992; and

(3) Actions taken by the party who spilled oil or any party liable for the spill that: (a) Demonstrate a recognition and affirmative acceptance of responsibility for the spill, such as the immediate removal of oil and the amount of oil removed from the environment; or (b) enhance or impede the detection of the spill, the determination of the quantity of oil spilled, or the extent of damage, including the unauthorized removal of evidence such as injured fish or wildlife. [1994 1st sp.s. c 9 § 855; 1992 c 73 § 28; 1991 c 200 § 812; 1989 c 388 § 2.]

90.48.367 Discharge of oil into waters of the state—Assessment of compensation. (1) After a spill or other incident causing damages to the natural resources of the state, the department shall conduct a formal preassessment screening as provided in RCW 90.48.368.

(2) The department shall use the compensation schedule established under RCW 90.48.366 to determine the amount of damages if the preassessment screening committee determines that: (a) Restoration or enhancement of the injured resources is not technically feasible; (b) damages are not quantifiable at a reasonable cost; and (c) the restoration and enhancement projects or studies proposed by the liable parties are insufficient to adequately compensate the people of the state for damages.

(3) If the preassessment screening committee determines that the compensation schedule should not be used, compensation shall be assessed for the amount of money necessary to restore any damaged resource to its condition before the injury, to the extent technically feasible, and compensate for the lost value incurred during the period between injury and restoration.

(4) Restoration shall include the cost to restock such waters, replenish or replace such resources, and otherwise restore the stream, lake, or other waters of the state, including any estuary, ocean area, submerged lands, shoreline, bank, or other lands adjoining such waters to its condition before the injury, as such condition is determined by the department. The lost value of a damaged resource shall be equal to the sum of consumptive, nonconsumptive, and indirect use values, as well as lost taxation, leasing, and licensing revenues. Indirect use values may include existence, bequest, option, and aesthetic values. Damages shall be determined by generally accepted and cost-effective

procedures, including, but not limited to, contingent valuation method studies.

(5) Compensation assessed under this section shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington and affected counties and cities in the superior court of Thurston county or any county in which damages occurred. Moneys recovered by the attorney general under this section shall be deposited in the coastal protection fund established under RCW 90.48.390, and shall only be used for the purposes stated in RCW 90.48.400.

(6) Compensation assessed under this section shall preclude claims under this chapter by local governments for compensation for damages to publicly owned resources resulting from the same incident. [1991 c 200 § 813; 1989 c 388 § 3.]

Effective dates—Severability—1991 c 200: See RCW 90.56.901 and 90.56.904.

Intent—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

90.48.368 Discharge of oil into waters of the state—Preassessment screening.

(1) The department shall adopt rules establishing a formal process for preassessment screening of damages resulting from spills to the waters of the state causing the death of, or injury to, fish, animals, vegetation, or other resources of the state. The rules shall specify the conditions under which the department shall convene a preassessment screening committee. The preassessment screening process shall occur concurrently with reconnaissance activities. The committee shall use information obtained from reconnaissance activities as well as any other relevant resource and resource use information. For each incident, the committee shall determine whether a damage assessment investigation should be conducted, or, whether the compensation schedule authorized under RCW 90.48.366 and 90.48.367 should be used to assess damages. The committee may accept restoration or enhancement projects or studies proposed by the liable parties in lieu of some or all of: (a) The compensation schedule authorized under RCW 90.48.366 and 90.48.367; or (b) the claims from damage assessment studies authorized under RCW 90.48.142.

(2) A preassessment screening committee may consist of representatives of the departments of ecology, fish and wildlife, natural resources, social and health services, and emergency management, the parks and recreation commission, the office of archaeology and historic preservation, as well as other federal, state, and local agencies, and tribal and local governments whose presence would enhance the reconnaissance or damage assessment aspects of spill response. The department shall chair the committee and determine which representatives will be needed on a spill-by-spill basis.

(3) The committee shall consider the following factors when determining whether a damage assessment study authorized under RCW 90.48.367 should be conducted: (a) Whether evidence from reconnaissance investigations suggests that injury has occurred or is likely to occur to publicly owned resources; (b) the potential loss in services provided by resources injured or likely to be injured and the expected value of the potential loss; (c) whether a restoration

project to return lost services is technically feasible; (d) the accuracy of damage quantification methods that could be used and the anticipated cost-effectiveness of applying each method; (e) the extent to which likely injury to resources can be verified with available quantification methods; and (f) whether the injury, once quantified, can be translated into monetary values with sufficient precision or accuracy.

(4) When a resource damage assessment is required for an oil spill in the navigable waters of the state, as defined in RCW 90.56.010, the state trustee agency responsible for the resource and habitat damaged shall conduct the damage assessment and pursue all appropriate remedies with the responsible party.

(5) Oil spill damage assessment studies authorized under RCW 90.48.367 may only be conducted if the committee, after considering the factors enumerated in subsection (3) of this section, determines that the damages to be investigated are quantifiable at a reasonable cost and that proposed assessment studies are clearly linked to quantification of the damages incurred.

(6) As new information becomes available, the committee may reevaluate the scope of damage assessment using the factors listed in subsection (3) of this section and may reduce or expand the scope of damage assessment as appropriate.

(7) The preassessment screening process shall provide for the ongoing involvement of persons who may be liable for damages resulting from an oil spill. The department may negotiate with a potentially liable party to perform restoration and enhancement projects or studies which may substitute for all or part of the compensation authorized under RCW 90.48.366 and 90.48.367 or the damage assessment studies authorized under RCW 90.48.367.

(8) For the purposes of this section and RCW 90.48.367, the cost of a damage assessment shall be considered "reasonable" when the anticipated cost of the damage assessment is expected to be less than the anticipated damage that may have occurred or may occur. (1) Require those wishing to lease, sublease, or re-lease state-owned aquatic lands to comply with the provisions of this chapter;

(2) Require lessees and sublessees to operate according to the plan of operations and to keep the plan current in compliance with this chapter; and

(3) Include in its leases provisions that a violation by the lessee or sublessee of the provisions of this chapter may be grounds for termination of the lease. [1991 c 200 § 1101.]

90.48.390 Coastal protection fund—Established—Moneys credited to—Use. The coastal protection fund is established to be used by the department as a revolving fund for carrying out the purposes of restoration of natural resources under this chapter and chapter 90.56 RCW. To this fund there shall be credited penalties, fees, damages, charges received pursuant to the provisions of this chapter and chapter 90.56 RCW, compensation for damages received under this chapter and chapter 90.56 RCW, and an amount equivalent to one cent per gallon from each marine use refund claim under RCW 82.36.330.

Moneys in the fund not needed currently to meet the obligations of the department in the exercise of its powers, duties, and functions under RCW 90.48.142, 90.48.366, 90.48.367, and 90.48.368 shall be deposited with the state treasurer to the credit of the fund. (b) Investigations of the long-term effects of oil spills; and

(c) Development and implementation of an aquatic land geographic information system.

(2) The director may allocate a portion of the fund to be devoted to research and development in the causes, effects, and removal of pollution caused by the discharge of oil or other hazardous substances.

(3) A steering committee consisting of representatives of the departments of ecology, fish and wildlife, and natural resources, and the parks and recreation commission shall authorize the expenditure of the moneys collected under

RCW 90.48.366 through 90.48.368, after consulting impacted local agencies and local and tribal governments.

(4) Agencies may not be reimbursed from the coastal protection fund for the salaries and benefits of permanent employees for routine operational support. Agencies may only be reimbursed under this section if money for reconnaissance and damage assessment activities is unavailable from other sources. 90.48.420 Water quality standards affected by forest practices—Department of ecology solely responsible for water quality standards—Forest practices regulations—Promulgation—Examination—Enforcement procedures. (1) The department of ecology, pursuant to powers vested in it previously by chapter 90.48 RCW and consistent with the policies of said chapter and RCW 90.54.020(3), shall be solely responsible for establishing water quality standards for waters of the state. On or before January 1, 1975, the department of ecology shall examine existing regulations containing water quality standards and other applicable rules and regulations of said department pertaining to waters of the state affected by nonpoint sources of pollution arising from forest practices and, when it appears appropriate to the department of ecology, modify said regulations. In any such examination or modification the department of ecology shall consider such factors, among others, as uses of the receiving waters, diffusion, downstream cooling, and reasonable transient and short-term effects resulting from forest practices.

Promulgation of forest practices regulations by the department of ecology and the forest practices board, shall be accomplished so that compliance with such forest practice regulations will achieve compliance with water pollution control laws.

(2) The department of ecology shall monitor water quality to determine whether revisions in such water quality standards or revisions in such forest practices regulations are necessary to accomplish the foregoing result, and either promulgate appropriate revisions to such water quality standards or propose appropriate revisions to such forest practices regulations or both.

(3) Notwithstanding any other provisions of chapter 90.48 RCW or of the rules and regulations promulgated thereunder, no permit system pertaining to nonpoint sources of pollution arising from forest practices shall be authorized, and no civil or criminal penalties shall be imposed with respect to any forest practices conducted in full compliance with the applicable provisions of RCW 76.09.010 through 76.09.280, forest practices regulations, and any approvals or directives of the department of natural resources thereunder.

(4) Prior to the department of ecology taking action under statutes or regulations relating to water quality, regarding violations of water quality standards arising from forest practices, the department of ecology shall notify the department of natural resources. [1975 1st ex.s. c 200 § 13; 1974 ex.s. c 137 § 30.]

90.48.425 Forest practices act and regulations relating to water quality protection to be utilized to satisfy federal water pollution act. The forest practices act, chapter 76.09 RCW, and the forest practices regulations adopted thereunder relating to water quality protection shall be utilized to satisfy the planning and program requirements of sections 208, 209, and 305 of the federal Water Pollution Control Act, as regards silvicultural activities, unless it is determined by the department of ecology that extraordinary conditions exist which make forest practices regulations unsuitable to satisfy such federal requirements. Provisions of state law pertaining to federal clean water act: RCW 90.48.260, 90.48.262.

90.48.450 Discharges from agricultural activity—Consideration to be given as to whether enforcement action would contribute to conversion of land to nonagricultural use—Minimize the possibility. (1) Prior to issuing a notice of violation related to discharges from agricultural activity on agricultural land, the department shall consider whether an enforcement action would contribute to the conversion of agricultural land to nonagricultural uses. Any enforcement action shall attempt to minimize the possibility of such conversion.

(2) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay and dairy products.

(b) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities. [1981 c 297 § 31.]

90.48.455 Discharge of chlorinated organics—Engineering reports by pulp and paper mills—Permits limiting discharge. (1) The department may require each pulp mill and paper mill discharging chlorinated organics to conduct and submit an engineering report on the cost of installing technology designed to reduce the amount of chlorinated organic compounds discharged into the waters of the state. The department shall allow at least twenty-four months from June 11, 1992, for each pulp mill and each paper mill to submit an engineering report.

(2) The department may not issue a permit establishing limits to the discharge of chlorinated organic compounds by a pulp mill or a paper mill under RCW 90.48.160 or 90.48.260 until at least nine months after receiving an

engineering report from a kraft mill and at least fifteen months after receiving an engineering report from a sulfite mill.

(3) Nothing in this section shall apply to dioxin compounds. [1992 c 201 § 1.]

90.48.465 Water discharge fees. (1) The department shall establish annual fees to collect expenses for issuing and administering each class of permits under RCW 90.48.160, 90.48.162, 90.48.260, and 70.95J.020 through 70.95J.090. An initial fee schedule shall be established by rule within one year of March 1, 1989, and thereafter the fee schedule shall be adjusted no more often than once every two years. This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of the quantity of pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The annual fee paid by a municipality, as defined in 33 U.S.C. Sec. 1362, for all domestic wastewater facility permits issued under RCW 90.48.162, 90.48.260, and 70.95J.020 through 70.95J.090 shall not exceed the total of a maximum of fifteen cents per month per residence or residential equivalent contributing to the municipality's wastewater system. The department shall adopt by rule a schedule of credits for any municipality engaging in a comprehensive monitoring program beyond the requirements imposed by the department, with the credits available for five years from March 1, 1989, and with the total amount of all credits not to exceed fifty thousand dollars in the five-year period.

(3) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(4) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(5) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.48.160, 90.48.162, 90.48.260, and 70.95J.020 through 70.95J.090.

(6) The department shall submit an annual report to the legislature showing detailed information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

(7) The legislative budget committee in 1993 shall review the fees established under this section and report its findings to the legislature in January 1994. [1992 c 174 § 17; 1991 c 307 § 1; 1989 c 2 § 13 (Initiative Measure No. 97, approved November 8, 1988).]

90.48.480 Reduction of sewer overflows—Plans—Compliance schedule—Report to the legislature. (1) The department of ecology shall work with local governments to develop reasonable plans and compliance schedules for the greatest reasonable reduction of combined sewer overflows. The plan shall address various options, including construction of storage tanks for sewage and separation of sewage and stormwater transport systems. The compliance schedule shall be designed to achieve the greatest reasonable reduction of combined sewer overflows at the earliest possible date. The plans and compliance schedules shall be completed by January 1, 1988. A compliance schedule will be a condition of any waste discharge permit issued or renewed after January 1, 1988.

(2) By September 1, 1987, the department of ecology shall report to the legislature any statutory changes necessary to implement the plans and compliance schedules described in subsection (1) of this section. The report shall include (a) a recommended date by which all sewage treatment facilities shall achieve the greatest reasonable reduction of combined sewer overflows, and (b) a comprehensive assessment of the total cost to achieve compliance, the projected need and recommended distribution of local, state, and federal funding, and the availability of local, state, and federal funding. A thorough discussion of the potential funding sources shall accompany the report. [1985 c 249 § 2.]

90.48.490 Sewage treatment facilities—Plans to upgrade or construct. Plans for upgrading sewage treatment facilities and plans for new sewage treatment facilities shall address the greatest reasonable reduction of combined sewer overflows and implementation of pretreatment standards. [1985 c 249 § 3.]

90.48.495 Water conservation measures to be considered in sewer plans. The department of ecology shall require sewer plans to include a discussion of water conservation measures considered or underway and their anticipated impact on public sewer service. [1989 c 348 § 10.]

90.48.520 Review of operations before issuance or renewal of wastewater discharge permits—Incorporation of permit conditions. In order to improve water quality by controlling toxicants in wastewater, the department of ecology shall in issuing and renewing state and federal wastewater discharge permits review the applicant's operations

and incorporate permit conditions which require all known, available, and reasonable methods to control toxicants in the applicant's wastewater. Such conditions may include, but are not limited to: (1) Limits on the discharge of specific chemicals, and (2) limits on the overall toxicity of the effluent. The toxicity of the effluent shall be determined by techniques such as chronic or acute bioassays. Such conditions shall be required regardless of the quality of receiving water and regardless of the minimum water quality standards. In no event shall the discharge of toxicants be allowed that would violate any water quality standard, including toxicant standards, sediment criteria, and dilution zone criteria. [1987 c 500 § 1.]

90.54.010 Purpose. (1) The legislature finds that:

(a) Proper utilization of the water resources of this state is necessary to the promotion of public health and the economic well-being of the state and the preservation of its natural resources and aesthetic values. Although water is a renewable resource, its supply and availability are becoming increasingly limited, particularly during summer and fall months and dry years when demand is greatest. Growth and prosperity have significantly increased the competition for this limited resource. Adequate water supplies are essential to meet the needs of the state's growing population and economy. At the same time instream resources and values must be preserved and protected so that future generations can continue to enjoy them.

(b) All citizens of Washington share an interest in the proper stewardship of our invaluable water resources. To ensure that available water supplies are managed to best meet both instream and offstream needs, a comprehensive planning process is essential. The people of the state have the unique opportunity to work together to plan and manage our water. Through a comprehensive planning process that includes the state, Indian tribes, local governments, and interested parties, it is possible to make better use of available water supplies and achieve better management of water resources. Through comprehensive planning, conflicts among water users and interests can be reduced or resolved. It is in the best interests of the state that comprehensive water resource planning be given a high priority so that water resources and associated values can be utilized and enjoyed today and protected for tomorrow.

(c) Diverse hydrologic, climatic, cultural, and socioeconomic conditions exist throughout the regions of the state. Water resource issues vary significantly across regions. Comprehensive water resource planning is best accomplished through a regional planning process sensitive to the unique characteristics and issues of each region.

(d) Comprehensive water resource planning must provide interested parties adequate opportunity to participate. Water resource issues are best addressed through cooperation and coordination among the state, Indian tribes, local governments, and interested parties.

(e) The long-term needs of the state require ongoing assessment of water availability, use, and demand. A thorough inventory of available resources is essential to water resource management. Current state water resource data and data management is inadequate to meet changing needs and respond to competing water demands. Therefore, a state water resource data program is needed to support an

effective water resource management program. Efforts should be made to coordinate and consolidate into one resource data system all relevant information developed by the department of ecology and other agencies relating to the use, protection, and management of the state's water resources.

(2) It is the purpose of this chapter to set forth fundamentals of water resource policy for the state to insure that waters of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington and, in relation thereto, to provide direction to the department of ecology, other state agencies and officials, and local government in carrying out water and related resources programs. It is the intent of the legislature to work closely with the executive branch, Indian tribes, local government, and interested parties to ensure that water resources of the state are wisely managed. [1990 c 295 § 1; 1971 ex.s. c 225 § 1.]

90.54.020 General declaration of fundamentals for utilization and management of waters of the state. Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(5) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(6) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency and conservation shall be emphasized in the management of the state's water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state.

(7) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

(8) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

(9) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(10) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest. [1989 c 348 § 1; 1987 c 399 § 2; 1971 ex.s. c 225 § 2.]

Severability—1989 c 348: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 348 § 13.]

Rights not impaired—1989 c 348: See RCW 90.54.920.

90.54.030 Department to be informed as to all phases of water and related resources—Duties in so accomplishing—Water resources information system. For the purpose of ensuring that the department is fully advised in relation to the performance of the water resources program provided in RCW 90.54.040, and to provide information and support to the joint select committee established in *RCW 90.54.024, the department is directed to become informed with regard to all phases of water and related resources of the state. To accomplish this objective the department shall:

(1) Develop a comprehensive water resource data program that provides the information necessary for effective planning and management on a regional and state-wide basis. The data program shall include an information management plan describing the data requirements for effective water

resource planning, and a system for collecting and providing access to water resource data on a regional and state-wide basis. The water resource data program shall also include a resource inventory and needs assessment pursuant to subsection (5) of this section;

(2) Collect, organize and catalog existing information and studies available to it from all sources, both public and private, pertaining to water and related resources of the state;

(3) Develop such additional data and studies pertaining to water and related resources as are necessary to accomplish the objectives of this chapter;

(4) Develop alternate courses of action to solve existing and foreseeable problems of water and related resources and include therein, to the extent feasible, the economic and social consequences of each such course, and the impact on the natural environment;

(5) Establish a water resources data management task force to evaluate data management needs, advise the joint select committee on water resource policy, the legislature, and the department in developing an information management plan, and conduct a water resource inventory and needs assessment. The task force shall include representatives of appropriate state agencies, Indian tribes, local governments, and interested parties. The task force shall include expertise in both water resources and resource data management. The task force shall make recommendations to the department on developing a data base for water resource planning throughout the state. In conducting the water resource inventory and needs assessment, the task force shall oversee the inventory of existing data and determine what additional data is needed for effective water resource planning and management. The task force shall otherwise provide continuing guidance to the joint select committee on water resource policy, the legislature, and the department in developing and maintaining an effective information management plan. The department shall coordinate the water resource data program to provide water resource information that meets the needs of the comprehensive water resources program and planning process provided for in RCW 90.54.040;

(6) Prior to September 1, 1990, provide a report to the chairs of the appropriate legislative committees based on the preliminary findings and recommendations of the water resources data management task force. The report shall document the current information flows and data collection processes for state water resources data, and shall include an analysis of task force recommendations for developing additional information to meet water resource data needs. The report shall further include an estimate of funding requirements to implement the water resources data program for consideration in future biennial budget decisions;

(7) Prior to implementation of any preliminary findings and recommendations pursuant to subsection (6) of this section, and contingent on legislative appropriation, develop a five-year plan for data collection and information management approved by the department of information services. Commencing July 1, 1991, the department shall provide annual reports to the chairs of the appropriate legislative committees on the development and implementation of the five-year plan and progress toward completion of the water resource inventory and needs assessment; and

(8) Establish pursuant to task force recommendations a process to resolve technical issues in the development and

implementation of the water resource inventory and needs assessment.

All the foregoing shall be included in a "water resources information system" established and maintained by the department. The department shall develop a system of cataloging, storing and retrieving the information and studies of the information system so that they may be made readily available to and effectively used not only by the department but by the public generally. [1990 c 295 § 2; 1988 c 47 § 4; 1971 ex.s. c 225 § 3.]

90.54.035 State funding of water resource programs—Priorities. (1) State funding of water resource, supply, and quality related capital programs, both current and future, shall, to the maximum extent possible within state or federal legal requirements, be directed to assist in the resolution of current conflicts and implementation of regional water resource plans with priority given to current needs over new requirements.

(2) Consistent with RCW 90.54.180, priority shall be given, to the maximum extent possible within state or federal legal requirements, to those water conservation projects funded by the state that will result in the greatest net water savings. [1991 c 347 § 3.]

Purposes—1991 c 347: See note following RCW 90.42.005.

Severability—1991 c 347: See RCW 90.42.900.

90.54.040 Department to develop, implement, state water resources program—Modifying existing and adopting new regulations and statutes—Limitations. (1) The department, through the adoption of appropriate rules, is directed, as a matter of high priority to insure that the waters of the state are utilized for the best interests of the people, to develop and implement in accordance with the policies of this chapter a comprehensive state water resources program which will provide a process for making decisions on future water resource allocation and use. The department may develop the program in segments so that immediate attention may be given to waters of a given physioeconomic region of the state or to specific critical problems of water allocation and use.

The current guidelines, standards, or criteria governing the elements of the water resource program established pursuant to this subsection shall not be altered or amended after March 15, 1988, in accordance with *RCW 90.54.022(5).

(2) In relation to the management and regulatory programs relating to water resources vested in it, the department is further directed to modify existing regulations and adopt new regulations, when needed and possible, to insure that existing regulatory programs are in accord with the water resource policy of this chapter and the program established in subsection (1) of this section. The current guidelines, standards, or criteria governing the department's implementation of this subsection shall not be altered or amended after March 15, 1988, in accordance with subsection (1) of this section.

(3) The department is directed to review all statutes relating to water resources which it is responsible for implementing. When any of the same appear to the department to be ambiguous, unclear, unworkable, unnecessary, or otherwise deficient, it shall make recommendations to the legislature including appropriate proposals for statutory modifications or additions. Whenever it appears that the policies of any such statutes are in conflict with the policies of this chapter, and the department is unable to fully perform as provided in subsection (2) of this section, the department is directed to submit statutory modifications to the legislature which, if enacted, would allow the department to carry out such statutes in harmony with this chapter. [1988 c 47 § 5; 1971 ex.s. c 225 § 4.]

*Reviser's note: RCW 90.54.022 expired June 30, 1989. See 1988 c 47 § 2.

90.54.045 Water resource planning—Pilot process—Report to the legislature. (1) In the development and implementation of the comprehensive state water resources program required in RCW 90.54.040(1), the process described therein shall involve participation of appropriate state agencies, Indian tribes, local governments, and interested parties, and shall be applied on a regional basis pursuant to subsection (2) of this section.

(2) Prior to July 1, 1991, the department, with advice from appropriate state agencies, Indian tribes, local government, and interested parties, shall identify regions and establish regional boundaries for water resource planning and shall designate two regions in which the process shall be initiated on a pilot basis. One region shall encompass an area within the Puget Sound basin in which critical water resource issues exist. A concurrent pilot process may encompass a region east of the Cascade mountains.

(3) The department shall report to the chairs of the appropriate legislative committees prior to July 1st each year summarizing the progress of the pilot process in the two regions. The pilot process in each region shall be completed and shall produce a regional water plan by December 31, 1993.

(4) Appropriate state agencies, Indian tribes, local governments, and interested parties in regions not selected for the pilot program are strongly encouraged to commence water resource planning within their regions. [1991 c 347 § 4; 1990 c 295 § 3.]

Effective date—1991 c 347 § 4: "Section 4 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 347 § 28.]

Purposes—1991 c 347: See note following RCW 90.42.005.

Severability—1991 c 347: See RCW 90.42.900.

90.54.050 Setting aside or withdrawing waters by adoption of rules—Public hearing, notice—Appeal—Limitation. In conjunction with the programs provided for in RCW 90.54.040(1), whenever it appears necessary to the director in carrying out the policy of this chapter, the department may by rule adopted pursuant to chapter 34.05 RCW:

(1) Reserve and set aside waters for beneficial utilization in the future, and

(2) When sufficient information and data are lacking to allow for the making of sound decisions, withdraw various waters of the state from additional appropriations until such data and information are available.

Prior to the adoption of a rule under this section, the department shall conduct a public hearing in each county in which waters relating to the rule are located. The public hearing shall be preceded by a notice placed in a newspaper of general circulation published within each of said counties. Rules adopted hereunder shall be subject to review in accordance with the provisions of RCW *34.05.538 or 34.05.240.

No new rules or changes to existing rules to reserve or set aside water may be adopted pursuant to this section, as provided in **RCW 90.54.022(5). [1988 c 47 § 7; 1971 ex.s. c 225 § 5.]

Reviser's note: *(1) RCW 34.05.538 was repealed by 1989 c 175 § 185, effective July 1, 1989.

90.54.060 Department to seek involvement of other persons and entities, means—Assistance grants. To insure that all of the various persons and entities having an interest in the water resources of the state and the programs of the chapter are provided with a full opportunity for involvement not only with the development of the program but the implementation by the department under this chapter, the following directions are given:

(1) The department shall make reasonable efforts to inform the people of the state about the state's water and related resources and their management. The department in the performance of the responsibilities provided in this chapter shall not only invite but actively encourage participation by all persons and private groups and entities showing an interest in water resources programs of this chapter.

(2) The department shall similarly invite and encourage participation by all agencies of federal, state and local government, including counties, municipal and public corporations, having interests or responsibilities relating to water resources. Said state and local agencies are directed to fully participate to insure that their interests are considered by the department. The department shall, when funds are made available to it for such purposes, provide assistance grants to said state and local agencies for the purposes of financing activities directed to be performed by them under this subsection. [1971 ex.s. c 225 § 6.]

90.54.080 State to vigorously represent its interests before federal agencies, interstate agencies. The state shall vigorously represent its interest before water resource regulation, management, development, and use agencies of the United States, including among others the federal power commission, environmental protection agency, army corps of engineers, department of the interior, department of agriculture and the atomic energy commission, and of interstate agencies with regard to planning, licensing, relicensing, permit proposals, and proposed construction, development and utilization plans. Where federal or interstate agency plans,

activities, or procedures conflict with state water policies, all reasonable steps available shall be taken by the state to preserve the integrity of this state's policies. [1971 ex.s. c 225 § 8.]

90.54.090 State, local governments, municipal corporations to comply with chapter. All agencies of state and local government, including counties and municipal and public corporations, shall, whenever possible, carry out powers vested in them in manners which are consistent with the provisions of this chapter. [1987 c 505 § 82; 1977 c 75 § 95; 1971 ex.s. c 225 § 10.]

90.54.100 Department to evaluate needs for projects and alternative methods of financing—Report to legislature. The department of ecology shall as a matter of high priority evaluate the needs for water resource development projects and the alternative methods of financing of the same by public and private agencies, including financing by federal, state and local governments and combinations thereof. Such evaluations shall be broadly based and be included as a part of the comprehensive state water resources program relating to uses and management as defined in RCW 90.54.030. A report of the department relating to such evaluations, including any recommendations, shall be submitted to the legislature in accordance with *RCW 90.54.070. [1971 ex.s. c 225 § 11.]

*Reviser's note: RCW 90.54.070 was repealed by 1987 c 505 § 88.

90.54.110 Authority to secure and obtain benefits, including grants. The department of ecology is authorized to obtain the benefits including acceptance of grants, of any program of the federal government or any other source to carry out the provisions of this chapter and is empowered to take such actions as are necessary and appropriate to secure such benefits. [1971 ex.s. c 225 § 12.]

90.54.120 "Department", "utilize" and "utilization" defined. For the purposes of this chapter, unless the context is clearly to the contrary, the following definitions shall be used:

(1) "Department" means department of ecology.

(2) "Utilize" or "utilization" shall not only mean use of water for such long recognized consumptive or nonconsumptive beneficial purposes as domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, thermal power production, mining, recreational, maintenance of wildlife and fishlife purposes, but includes the retention of water in lakes and streams for the protection of environmental, scenic, aesthetic and related purposes, upon which economic values have not been placed historically and are difficult to quantify. [1971 ex.s. c 225 § 13.]

90.54.130 Land use management policy modifications—Advisory recommendations. The department of ecology may recommend land use management policy modifications it finds appropriate for the further protection of ground and surface water resources in this state. Such advisory recommendations may be made to other state

regulatory agencies, local governments, water systems, and other appropriate bodies. [1984 c 253 § 4.]

90.54.140 Protection of ground water aquifers if sole drinking water source. The legislature hereby declares that the protection of ground water aquifers which are the sole drinking water source for a given jurisdiction shall be of the uppermost priority of the state department of ecology, department of social and health services, and all local government agencies with jurisdiction over such areas. In administration of programs related to the disposal of wastes and other practices which may impact such water quality, the department of ecology, department of social and health services, and such affected local agencies shall explore all possible measures for the protection of the aquifer, including any appropriate incentives, penalties, or other measures designed to bring about practices which provide for the least impact on the quality of the ground water. [1984 c 253 § 5.]

90.54.150 Water supply projects—Cooperation with other agencies—Scope of participation. When feasible, the department of ecology shall cooperate with the United States and other public entities, including Indian tribes, in the planning, development, and operation of comprehensive water supply projects designed primarily to resolve controversies and conflicts over water use by increasing water quantity and improving water quality within a stream or river system, or other bodies of water, as well as to enhance opportunities for both instream and diversionary water uses within the system, and, in relation thereto, the department may:

(1) Participate with the federal government and other public entities in the planning, development, operation, and management of various phases of water projects hereafter authorized by congress;

(2) Provide rights to the use of public waters under the state's surface and ground water codes for these projects when the waters are available for allocation; and

(3) Provide financial assistance through grants and loans for projects when moneys are made available to the department for this assistance by other provisions of this code. [1979 ex.s. c 216 § 9.]

Effective date—Severability—1979 ex.s. c 216: See notes following RCW 90.03.245.

90.54.160 Department to report on dam safety. The department of ecology shall report to the legislature on the last working day of December of 1984, 1985, and 1986, and thereafter as deemed appropriate by the department, on dam facilities that exhibit safety deficiencies sufficient to pose a significant threat to the safety of life and property. The report shall identify the owner or owners of such facilities, detail the owner's ability and attitude towards correcting such deficiencies, and provide an estimate of the cost of correcting the deficiencies if a study has been completed. [1984 c 83 § 1.]

90.54.170 Electric generation facility—Evaluation of application to appropriate water. In addition to other requirements of this chapter, when the proposed water resource development project involves a new water supply

combined with an electric generation facility where such electricity generated may be sold to an entity authorized by law to distribute electricity, the department shall evaluate and utilize, in connection with any application to appropriate water pursuant to the water code, chapter 90.03 RCW, sufficient information furnished by the project applicant regarding the need for the project, alternative means of serving the purposes of the project, the cumulative effects of the project and similar projects that are built, under construction or permitted in the relevant river basin or basins, the impact, if any, on flood control plans and an estimate of the impact, if any, of the sale of the project's electricity on the rates of utility customers of the Bonneville power administration. Such information shall be furnished at the project applicant's own cost and expense. [1985 c 444 § 6.]

Intent—Construction—Severability—1985 c 444: See notes following RCW 35.92.010.

90.54.180 Water use efficiency and conservation programs and practices. Consistent with the fundamentals of water resource policy set forth in this chapter, state and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out water use efficiency and conservation programs and practices consistent with the following:

(1) Water efficiency and conservation programs should utilize an appropriate mix of economic incentives, cost share programs, regulatory programs, and technical and public information efforts. Programs which encourage voluntary participation are preferred.

(2) Increased water use efficiency should receive consideration as a potential source of water in state and local water resource planning processes. In determining the cost-effectiveness of alternative water sources, consideration should be given to the benefits of conservation, waste water recycling, and impoundment of waters.

(3) In determining the cost-effectiveness of alternative water sources, full consideration should be given to the benefits of storage which can reduce the damage to stream banks and property, increase the utilization of land, provide water for municipal, industrial, agricultural, and other beneficial uses, provide for the generation of electric power from renewable resources, and improve stream flow regimes for fishery and other instream uses.

(4) Entities receiving state financial assistance for construction of water source expansion or acquisition of new sources shall develop, and implement if cost-effective, a water use efficiency and conservation element of a water supply plan pursuant to RCW 43.20.230(1).

(5) State programs to improve water use efficiency should focus on those areas of the state in which water is overappropriated; areas that experience diminished streamflows or aquifer levels; and areas where projected water needs, including those for instream flows, exceed available supplies.

(6) Existing and future generations of citizens of the state of Washington should be made aware of the importance of the state's water resources and the need for wise and efficient use and development of this vital resource. In order to increase this awareness, state agencies should integrate public education on increasing water use efficiency into existing public information efforts. This effort shall be

coordinated with other levels of government, including local governments and Indian tribes. [1989 c 348 § 5.]

Severability—1989 c 348: See note following RCW 90.54.020.

90.54.190 Irrigation area demonstration project.

(1) The department shall establish a list of basin and stream efficiency initiatives and select an irrigation area for a voluntary demonstration project.

(2) Prior to conducting conservation assessments and developing conservation plans, the department of ecology shall secure technical and financial assistance from the bureau of reclamation to reduce the costs to the state to the extent possible.

(3) A "conservation assessment" as described in this section shall be conducted before a demonstration project to increase the efficiency of irrigated agriculture is undertaken for an irrigated area, a basin, subbasin, or stream. The conservation assessment should:

(a) Evaluate existing patterns, including current reuse of return flows, and priorities of water use;

(b) Assess conflicting needs for future water allocations and claims to reserved rights;

(c) Evaluate hydrologic characteristics of surface and ground water including return flow characteristics;

(d) Assess alternative efficiency measures;

(e) Determine the likely net water savings of efficiency improvements including the amount and timing of water that would be saved and potential benefits and impacts to other water uses and resources including effects on artificial recharge of ground water and wetland impacts;

(f) Evaluate the full range of costs and benefits that would accrue from various measures; and

(g) Evaluate the potential for integrating conservation efforts with operation of existing or potential storage facilities.

(4) The conservation assessment shall be used as the basis for development of a demonstration conservation plan to rank conservation elements based on relative costs, benefits, and impacts. It shall also estimate the costs of implementing the plan and propose a specific basis for cost share distributions.

The demonstration conservation plan shall be developed jointly by the department and a conservation plan formulation committee consisting of representatives of a cross-section of affected local water users, members of the public, and tribal governments. Other public agencies with expertise in water resource management may participate as nonvoting committee members. A proposed demonstration conservation plan may be approved by the department and the committee only after public comment has been received.

(5) The department shall reimburse any members of the committee in subsection (4) of this section who are not representing governmental agencies or entities for their travel expenses in accordance with RCW 43.03.050 and 43.03.060. [1994 1st sp.s. c 9 § 856; 1989 c 348 § 11.]

Severability—Headings and captions not law—Effective date—1994 1st sp.s. c 9: See RCW 18.79.900 through 18.79.902.

Severability—1989 c 348: See note following RCW 90.54.020.

90.54.200 Conservation rate structures—Report.

The department, in cooperation with the Washington state water resources association, shall accomplish the following:

(1) Determine and evaluate rate structures currently used by irrigation districts in the state of Washington;

(2) Identify economic and institutional constraints to implementing conservation rate structures; and

(3) Develop model conservation rate structures for consideration by irrigation districts.

The department shall provide its findings to the appropriate committees of the legislature no later than December 31, 1993. [1993 sp.s. c 4 § 11.]

Findings—Grazing lands—1993 sp.s. c 4: See note following RCW 75.28.760.

Salmon, impact of water diversion: RCW 90.03.360.

90.54.800 Policy guidelines. Future development of hydropower and protection of river-related resources shall be guided by policies and programs which:

(1) Create opportunities for balanced development of cost-effective and environmentally sound hydropower projects by a range of development interests;

(2) Protect significant values associated with the state's rivers, including fish and wildlife populations and habitats, water quality and quantity, unique physical and botanical features, archeological sites, and scenic and recreational resources;

(3) Protect the interests of the citizens of the state regarding river-related economic development, municipal water supply, supply of electric energy, flood control, recreational opportunity, and environmental integrity;

(4) Fully utilize the state's authority in the federal hydropower licensing process. [1989 c 159 § 3.]

Legislative findings—1989 c 159: "The legislature finds that the task force on hydroelectric development and resource protection has recommended that:

(1) The state adopt goals to direct future development of hydropower and protection of river-related resources;

(2) The state take steps to enhance the existing hydropower permit review process; and

(3) The state develop, in concert with appropriate interests, a comprehensive state hydropower plan." [1989 c 159 § 1.]

Hydro task force—1989 c 159: "(1) The Washington state energy office shall contract with an independent facilitator to reconvene and coordinate the task force assembled to implement section 301, chapter 7, Laws of 1987 1st ex. sess. The task force shall prepare by March 31, 1991, a state comprehensive hydropower plan to serve the broad public interest regarding development of cost-effective electricity and conservation of river-related environmental values. Task force meetings shall be open to the public. The facilitator shall assist the task force in appropriate efforts to inform the general public regarding project concepts and progress. Task force members shall make appropriate efforts to inform the interest groups they represent.

(2) By December 15, 1989, the task force shall engage in a midpoint review whereby participants can jointly appraise the progress of the project. If, in the opinion of the participants, a consensus to continue as a task force cannot be achieved, the executive agencies shall use their existing statutory authority to develop a plan, with the assistance of all affected parties and participating agencies, building upon the work that has been done by the task force.

(3) If the task force continues beyond December 15, 1989, it shall by July 1, 1990, recommend to the legislature a lead agency for implementation and management of the state comprehensive hydropower plan." [1989 c 159 § 2.]

Plan content—1989 c 159: "(1) At a minimum, the plan shall designate two categories of resource agreement areas: (a) Sensitive areas where hydropower development is likely to conflict with significant

environmental values, and (b) less sensitive areas where development will not conflict with or may enhance environmental values. Some areas may remain unclassified due to lack of information or if they fall between the two categories. The plan shall integrate resource agreement area findings with existing state laws and programs including instream flow basin plans prepared by the department of ecology, watershed planning coordinated by the department of fisheries, watershed planning coordinated through the Puget Sound water quality authority, watershed planning for municipal water supply, the scenic rivers program administered by the parks and recreation commission, and the planning process developed through the joint select committee on water resources policy and any actions resulting from that process.

(2) At a minimum, the final plan report shall:

(a) List applicable laws, rules, and policies;

(b) Describe the waterways or basins covered by the plan;

(c) Designate the categories of resource agreement area for each waterway or basin;

(d) Describe, for each waterway where hydropower is to be affected, the significant resources that cause the waterway or basin to be so designated;

(e) Identify goals, objectives, and recommendations for improving, developing, or conserving affected waterways;

(f) Describe how the plan is to be integrated with other planning activities and policy initiatives and how the plan will be implemented and amended;

(g) Assess the anticipated effect of the plan on hydropower development and resource protection; and

(h) Describe the plan development process." [1989 c 159 § 4.]

90.54.900 Certain rights, authority, not to be affected by chapter. Nothing in this chapter shall affect any existing water rights, riparian, appropriative, or otherwise; nor shall it affect existing rights relating to the operation of any hydroelectric or water storage reservoir or related facility; nor shall it affect any exploratory work, construction or operation of a thermal power plant by an electric utility in accordance with the provisions of chapter 80.50 RCW. Nothing in this chapter shall enlarge or reduce the department of ecology's authority to regulate the surface use of waters of this state or structures on the underlying beds, tidelands or shorelands. [1971 ex.s. c 225 § 9.]

90.54.910 Short title. This chapter shall be known and may be cited as the "Water Resources Act of 1971". [1971 ex.s. c 225 § 14.]

90.54.920 Rights not impaired. (1) Nothing in this act shall affect or operate to impair any existing water rights.

(2) Nothing in this act shall be used to prevent future storage options, recognizing that storage may be necessary as a method of conserving water to meet both instream and out-of-stream needs.

(3) Nothing in this act shall infringe upon the rate-making prerogatives of any public water purveyor.

(4) Nothing in this act shall preclude the joint select committee on water resource policy from reviewing any subject matter contained herein for any future modifications. [1989 c 348 § 3.]

90.56.005 Findings. (1) The legislature declares that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported by vessel on the navigable waters of the state. These shipments are expected to increase in the

coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to assure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is in the early stages of development. Preventing spills is more protective of the environment and more cost-effective when all the costs associated with responding to a spill are considered.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; and

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for an independent oversight board to review the adequacy of spill prevention and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs. [1991 c 200 § 101; 1990 c 116 § 1.]

Findings—Severability—1990 c 116: See notes following RCW 90.56.210.

Intent—1989 c 388: "The legislature finds that oil spills can cause significant damage to the environment and natural resources held in trust by and for the people of this state. Some of these damages are unquantifiable, and others cannot be quantified at a reasonable cost. Both quantifiable and unquantifiable damages often occur despite prompt containment and cleanup measures. Due to the inability to measure the exact nature and extent of certain types of damages, current damage assessment methodologies used by the state inadequately assess the damage caused by oil spills.

In light of the magnitude of environmental and natural resource damage which may be caused by oil spills, and the importance of fishing, tourism, recreation, and Washington's natural abundance and beauty to the quality of life and economic future of the people of this state, the legislature declares that compensation should be sought for those damages that cannot be quantified at a reasonable cost and for those unquantifiable damages that result from oil spills. This compensation is intended to ensure that the public does not bear substantial losses caused by oil pollution for which compensation may not otherwise be received." [1989 c 388 § 1.]

Application—1989 c 388: "This act applies prospectively only, and not retroactively. It applies only to causes of action which arise after May 13, 1989." [1989 c 388 § 12.]

Captions not law—1989 c 388: "Section headings as used in this act do not constitute any part of the law." [1989 c 388 § 13.]

Severability—1989 c 388: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 388 § 14.]

Severability—1969 ex.s. c 133: "If any provision of this 1969 act or the application thereof to any person or circumstance is held invalid, this 1969 act can be given effect without the invalid provision or application; and to this end the provisions of this 1969 act are declared to be severable. This 1969 act shall be liberally construed to effectuate its purpose." [1969 ex.s. c 133 § 12.] This applies to RCW 90.48.315 through 90.48.365.

(6) The department shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(7) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities or vessels covered by the plan, and other information the department determines should be included.

(8) An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the department. (9) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

The rules may provide for unannounced practice drills of individual contingency plans. The department shall review and publish a report on the drills, including an assessment of response time and available equipment and personnel compared to those listed in the contingency plans relying on the responding entities, and requirements, if any, for changes in the plans or their implementation. The department may require additional drills and changes in arrangements for implementing approved plans which are necessary to ensure their effective implementation. [1990 c 116 § 6. 90.56.450 Marine oversight board—Annual report.

(1) The marine oversight board is established to provide independent oversight of the actions of the federal government, industry, the department, the office, and other state agencies with respect to oil spill prevention and response for covered vessels and onshore and offshore facilities.

(2)(a) The board may, at its own discretion, study any aspect of oil spill prevention and response for covered vessels and onshore and offshore facilities in the state. The board shall report to the governor and make recommendations to the department and the office on activities of the federal government and industry with respect to oil spill prevention and response for covered vessels and onshore and offshore facilities, including recommendations for the state's response to those actions. The board shall specifically review the need for, and the structure and design of an emergency response system for the Strait of Juan de Fuca and the Pacific coast. The board shall also make recommendations to the legislature and other state agencies on any provision of this chapter, other state laws, and rules, policies, and guidelines adopted by the department, the office, or other state agencies relating to the prevention and cleanup of oil spills into the waters of the state from covered vessels and onshore and offshore facilities.

(b) To minimize duplication of effort, reviews conducted by the board shall be coordinated with related activities of the federal government, the department, the office, and other appropriate state and international entities. The Puget Sound water quality authority shall ensure that studies and recommendations by the board shall not be duplicated by any recommendations prepared and adopted pursuant to chapter 90.70 RCW after May 15, 1991.

(c) The board shall evaluate and report at least annually to the governor and the appropriate standing committees of the legislature on oil spill prevention, response, and preparedness programs within the state for covered vessels and onshore and offshore facilities.

(3) There shall be five members of the board appointed by the governor for terms of five years. Members' terms shall be staggered. The members of the board shall be representative of the public and shall have demonstrable knowledge of environmental protection and the study of marine ecosystems, or have familiarity with marine transportation systems.

(4) A chair shall be selected by majority vote of the board. The board shall meet as often as required, but at least four times per year. Members shall be reimbursed for travel and expenses for attending meetings as provided in RCW 43.03.050 and 43.03.060.

(5) The chair may hire staff as necessary for the board to fulfill its responsibilities. [1992 c 73 § 40; 1991 c 200 § 501.]

Effective dates—1992 c 73: See RCW 82.23B.902.

90.56.500 Oil spill response account. The state oil spill response account is created in the state treasury. All

receipts from RCW 82.23B.020(1) shall be deposited in the account. All costs reimbursed to the state by a responsible party or any other person for responding to a spill of oil shall also be deposited in the account. Moneys in the account shall be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. The account shall be used exclusively to pay for the costs associated with the response to spills of crude oil or petroleum products into the navigable waters of the state. Payment of response costs under this section shall be limited to spills which the director has determined are likely to exceed fifty thousand dollars. Before expending moneys from the account, the director shall make reasonable efforts to obtain funding for response costs from the person responsible for the spill and from other sources, including the federal government. Reimbursement for response costs shall be allowed only for costs which are not covered by funds appropriated to the agencies responsible for response activities. Costs associated with the response to spills of crude oil or petroleum products shall include:

- (1) Natural resource damage assessment and related activities;
- (2) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;
- (3) Interagency coordination and public information related to a response; and
- (4) Appropriate travel, goods and services, contracts, and equipment. [1991 c 200 § 805.]

90.56.510 Oil spill administration account. (1) The oil spill administration account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. On July 1 of each odd-numbered year, if receipts deposited in the account from the tax imposed by RCW 82.23B.020(2) for the previous fiscal biennium exceed the amount appropriated from the account for the previous fiscal biennium, the state treasurer shall transfer the amount of receipts exceeding the appropriation to the oil spill response account. If, on the first day of any calendar month, the balance of the oil spill response account is greater than twenty-five million dollars and the balance of the oil spill administration account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1995, the state treasurer may transfer funds from the oil spill response account to the oil spill administration account in amounts necessary to support appropriations made from the oil spill administration account in the omnibus appropriations act adopted not later than June 30, 1994.

(2) Expenditures from the oil spill administration account shall be used exclusively for the administrative costs

related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill administration account. Costs of administration include the costs of:

- (a) Routine responses not covered under RCW 90.56.500;
- (b) Management and staff development activities;
- (c) Development of rules and policies and the state-wide plan provided for in RCW 90.56.060;
- (d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;
- (e) Interagency coordination and public outreach and education;
- (f) Collection and administration of the tax provided for in chapter 82.23B RCW; and
- (g) Appropriate travel, goods and services, contracts, and equipment. [1994 1st sp.s. c 6 § 903; 1993 c 162 § 2; 1992 c 73 § 41; 1991 c 200 § 806.]

90.56.520 Report of authorized expenditures—Expiration of section. The director of the department of ecology shall submit a report to the appropriate standing committees of the legislature by November 1 of each even-numbered year showing detailed information regarding expenditures authorized by the director under RCW 90.56.500. The report shall include, but not be limited to:

- (1) The total amount spent for each response for which the director has approved expenditures and the amount paid for from the oil spill response account;
- (2) The amount recovered from a responsible party for each spill;
- (3) The amount of time between a spill and the time a responsible party assumes responsibility for the response costs related to a spill;
- (4) The number of incidents for which the director has determined that the responsible party or another source was available to pay for the response; and
- (5) A recommendation concerning the need to continue collecting the tax under RCW 82.23B.020(1).

This section shall expire December 31, 1996. [1992 c 73 § 42; 1991 c 200 § 807.]

Effective dates—1992 c 73: See RCW 82.23B.902.

(1) A person commits the crime of reckless operation of a tank vessel if, while (a) navigating a tank vessel, (b) piloting a tank vessel, or (c) on the vessel control bridge and in control of the motion, direction, or speed of a tank vessel, the person, with recklessness as defined in RCW 9A.08.010, causes a release of oil.

(2) Reckless operation of a tank vessel is a class C felony under chapter 9A.20 RCW. [1991 c 200 § 604. Formerly RCW 88.16.210.]

Effective dates—Severability—1991 c 200: See RCW 90.56.901 and 90.56.904.

90.56.540 Operation of a vessel while under influence of liquor or drugs—Penalty. (1) A person is guilty of operating a vessel while under the influence of intoxicating liquor or drugs if the person operates a covered vessel within this state while:

(c) The person is under the influence of or affected by intoxicating liquor or drugs; or

(d) The person is under the combined influence of or affected by intoxicating liquor or drugs.

(2) The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section.

(3) Operating a vessel while intoxicated is a class C felony under chapter 9A.20 RCW. [1991 c 200 § 605. Formerly RCW 88.16.220.]

90.56.550 Breath or blood analysis. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by a person while operating a vessel while under the influence of intoxicating liquor or drugs, if the amount of alcohol in the person's blood or breath at the time alleged as shown by analysis of his blood or breath is less than 0.06 percent by weight of alcohol in his blood or 0.06 grams of alcohol per two hundred ten liters of the person's breath, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or drugs.

(2) The breath analysis shall be based upon grams of alcohol per two hundred ten liters of breath. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under this section shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist shall approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits that are subject to termination or revocation at the discretion of the state toxicologist.

(4) If a blood test is administered under this section, the withdrawal of blood for the purpose of determining its alcoholic content may be performed only by a physician, a

registered nurse, or a qualified technician. This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who submits to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or his or her attorney. [1991 c 200 § 606. Formerly RCW 88.16.230.]

This section shall not relieve any physician, registered nurse, qualified technician, or hospital or duly licensed clinical laboratory from civil liability arising from the use of improper procedures or failing to exercise the required standard of care. Marine oil pollution—Baseline study program: RCW 43.21A.405 through 43.21A.420.

90.58.010 Short title. This chapter shall be known and may be cited as the "Shoreline Management Act of 1971". [1971 ex.s. c 286 § 1.]

90.58.020 Legislative findings—State policy enunciated—Use preference. The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the

management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefor, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.

It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of state-wide significance. The department, in adopting guidelines for shorelines of state-wide significance, and local government, in developing master programs for shorelines of state-wide significance, shall give preference to uses in the following order of preference which:

- (1) Recognize and protect the state-wide interest over local interest;
- (2) Preserve the natural character of the shoreline;
- (3) Result in long term over short term benefit;
- (4) Protect the resources and ecology of the shoreline;
- (5) Increase public access to publicly owned areas of the shorelines;
- (6) Increase recreational opportunities for the public in the shoreline;
- (7) Provide for any other element as defined in RCW 90.58.100 deemed appropriate or necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent with the overall best interest of the state and the people generally. To this end uses shall be preferred which are consistent with control of pollution and prevention of damage to the natural environment, or are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the shorelines of the state, in those limited instances when authorized, shall be given priority for single family residences and their appurtenant structures, ports, shoreline recreational uses including but not limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the state, industrial and commercial developments which are particularly dependent on their location on or use of the shorelines of the state and other development that will provide an opportunity for substantial numbers of the people to enjoy the shorelines of the state. Alterations

of the natural condition of the shorelines and wetlands of the state shall be recognized by the department. Shorelines and wetlands of the state shall be appropriately classified and these classifications shall be revised when circumstances warrant regardless of whether the change in circumstances occurs through man-made causes or natural causes. Any areas resulting from alterations of the natural condition of the shorelines and wetlands of the state no longer meeting the definition of "shorelines of the state" shall not be subject to the provisions of chapter 90.58 RCW.

Permitted uses in the shorelines of the state shall be designed and conducted in a manner to minimize, insofar as practical, any resultant damage to the ecology and environment of the shoreline area and any interference with the public's use of the water. [1992 c 105 § 1; 1982 1st ex.s. c 13 § 1; 1971 ex.s. c 286 § 2.]

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state.

[1987 c 474 § 1; 1986 c 292 § 1; 1982 1st ex.s. c 13 § 2; 1980 c 2 § 3; 1979 ex.s. c 84 § 3; 1975 1st ex.s. c 182 § 1; 1973 1st ex.s. c 203 § 1; 1971 ex.s. c 286 § 3.]

Severability—1986 c 292: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1986 c 292 § 5.]

Intent—1980 c 2; 1979 ex.s. c 84: "The legislature finds that high tides and hurricane force winds on February 13, 1979, caused conditions resulting in the catastrophic destruction of the Hood Canal bridge on state route 104, a state highway on the federal-aid system; and, as a consequence, the state of Washington has sustained a sudden and complete failure of a major segment of highway system with a disastrous impact on transportation services between the counties of Washington's Olympic peninsula and the remainder of the state. The governor has by proclamation found that these conditions constitute an emergency. To minimize the economic loss and hardship to residents of the Puget Sound and Olympic peninsula regions, it is the intent of this act to authorize the department of transportation to undertake immediately all necessary actions to restore interim transportation services across Hood Canal and Puget Sound and upon the Kitsap and Olympic peninsulas and to design and reconstruct a permanent bridge at the site of the original Hood Canal bridge. The department of transportation is directed to proceed with such actions in an environmentally responsible manner that would meet the substantive objectives of the state environmental policy act and the shorelines management act, and shall consult with the department of ecology in the planning process. The exemptions from the state environmental policy act and the shorelines management act contained in RCW 43.21C.032 and 90.58.030 are intended to approve and ratify the timely actions of the department of transportation taken and to be taken to restore interim transportation services and to reconstruct a permanent Hood Canal bridge without procedural delays." [1980 c 2 § 1; 1979 ex.s. c 84 § 1.] The reference to "this act" refers to 1979 ex.s. c 84 which consists of this section, the amendment to RCW 90.58.030 by 1979 ex.s. c 84, and to new sections RCW 43.21C.032 and 90.58.145.

90.58.040 Program applicable to shorelines of the state. The shoreline management program of this chapter

shall apply to the shorelines of the state as defined in this chapter. [1971 ex.s. c 286 § 4.]

90.58.050 Program as cooperative between local government and state—Responsibilities differentiated. This chapter establishes a cooperative program of shoreline management between local government and the state. Local government shall have the primary responsibility for initiating and administering the regulatory program of this chapter. The department shall act primarily in a supportive and review capacity with primary emphasis on insuring compliance with the policy and provisions of this chapter. [1971 ex.s. c 286 § 5.]

90.58.060 Timetable for adoption of initial guidelines—Public hearings, notice of. (1) Within one hundred twenty days from June 1, 1971, the department shall submit to local governments proposed guidelines consistent with RCW 90.58.020 for:

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of state-wide significance.

(2) Within sixty days from receipt of such proposed guidelines, local governments shall submit to the department in writing proposed changes, if any, and comments upon the proposed guidelines.

(3) Thereafter and within one hundred twenty days from the submission of such proposed guidelines to local governments, the department, after review and consideration of the comments and suggestions submitted to it, shall resubmit final proposed guidelines.

(4) Within sixty days thereafter public hearings shall be held by the department in Olympia and Spokane, at which interested public and private parties shall have the opportunity to present statements and views on the proposed guidelines. Notice of such hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state.

(5) Within ninety days following such public hearings, the department at a public hearing to be held in Olympia shall adopt guidelines. [1971 ex.s. c 286 § 6.]

90.58.070 Local governments to submit letters of intent—Department to act upon failure of local government. (1) Local governments are directed with regard to shorelines of the state in their various jurisdictions to submit to the director of the department, within six months from June 1, 1971, letters stating that they propose to complete an inventory and develop master programs for these shorelines as provided for in RCW 90.58.080.

(2) If any local government fails to submit a letter as provided in subsection (1) of this section, or fails to adopt a master program for the shorelines of the state within its jurisdiction in accordance with the time schedule provided in this chapter, the department shall carry out the requirements of RCW 90.58.080 and adopt a master program for the shorelines of the state within the jurisdiction of the local government. [1971 ex.s. c 286 § 7.]

90.58.080 Timetable for local governments to complete shoreline inventories and master programs. Local governments are directed with regard to shorelines of the state within their various jurisdictions as follows:

(1) To complete within eighteen months after June 1, 1971, a comprehensive inventory of such shorelines. Such inventory shall include but not be limited to the general ownership patterns of the lands located therein in terms of public and private ownership, a survey of the general natural characteristics thereof, present uses conducted therein and initial projected uses thereof;

(2) To develop, within twenty-four months after the adoption of guidelines as provided in RCW 90.58.060, a master program for regulation of uses of the shorelines of the state consistent with the guidelines adopted. [1974 ex.s. c 61 § 1; 1971 ex.s. c 286 § 8.]

90.58.090 Approval of master program or segments thereof, when—Departmental alternatives when shorelines of state-wide significance—Later adoption of master program supersedes departmental program. Master programs or segments thereof shall become effective when adopted or approved by the department as appropriate. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(1) As to those segments of the master program relating to shorelines, they shall be approved by the department unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines. If approval is denied, the department shall state within ninety days from the date of submission in detail the precise facts upon which that decision is based, and shall submit to the local government suggested modifications to the program to make it consistent with said policy and guidelines. The local government shall have ninety days after it receives recommendations from the department to make modifications designed to eliminate the inconsistencies and to resubmit the program to the department for approval. Any resubmitted program shall take effect when and in such form and content as is approved by the department.

(2) As to those segments of the master program relating to shorelines of state-wide significance the department shall have full authority following review and evaluation of the submission by local government to develop and adopt an alternative to the local government's proposal if in the department's opinion the program submitted does not provide the optimum implementation of the policy of this chapter to satisfy the state-wide interest. If the submission by local government is not approved, the department shall suggest modifications to the local government within ninety days from receipt of the submission. The local government shall have ninety days after it receives said modifications to consider the same and resubmit a master program to the department. Thereafter, the department shall adopt the resubmitted program or, if the department determines that said program does not provide for optimum implementation, it may develop and adopt an alternative as hereinbefore provided.

(3) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines. [1971 ex.s. c 286 § 9.]

90.58.100 Programs as constituting use regulations—Duties when preparing programs and amendments thereto—Program contents. (1) The master programs provided for in this chapter, when adopted and approved by the department, as appropriate, shall constitute use regulations for the various shorelines of the state. In preparing the master programs, and any amendments thereto, the department and local governments shall to the extent feasible:

(a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts;

(b) Consult with and obtain the comments of any federal, state, regional, or local agency having any special expertise with respect to any environmental impact;

(c) Consider all plans, studies, surveys, inventories, and systems of classification made or being made by federal, state, regional, or local agencies, by private individuals, or by organizations dealing with pertinent shorelines of the state;

(d) Conduct or support such further research, studies, surveys, and interviews as are deemed necessary;

(e) Utilize all available information regarding hydrology, geography, topography, ecology, economics, and other pertinent data;

(f) Employ, when feasible, all appropriate, modern scientific data processing and computer techniques to store, index, analyze, and manage the information gathered.

(2) The master programs shall include, when appropriate, the following:

(a) An economic development element for the location and design of industries, transportation facilities, port facilities, tourist facilities, commerce and other developments that are particularly dependent on their location on or use of the shorelines of the state;

(b) A public access element making provision for public access to publicly owned areas;

(c) A recreational element for the preservation and enlargement of recreational opportunities, including but not limited to parks, tidelands, beaches, and recreational areas;

(d) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other public utilities and facilities, all correlated with the shoreline use element;

(e) A use element which considers the proposed general distribution and general location and extent of the use on shorelines and adjacent land areas for housing, business, industry, transportation, agriculture, natural resources,

recreation, education, public buildings and grounds, and other categories of public and private uses of the land;

(f) A conservation element for the preservation of natural resources, including but not limited to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;

(g) An historic, cultural, scientific, and educational element for the protection and restoration of buildings, sites, and areas having historic, cultural, scientific, or educational values;

(h) An element that gives consideration to the state-wide interest in the prevention and minimization of flood damages; and

(i) Any other element deemed appropriate or necessary to effectuate the policy of this chapter.

(3) The master programs shall include such map or maps, descriptive text, diagrams and charts, or other descriptive material as are necessary to provide for ease of understanding.

(4) Master programs will reflect that state-owned shorelines of the state are particularly adapted to providing wilderness beaches, ecological study areas, and other recreational activities for the public and will give appropriate special consideration to same.

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

(6) Each master program shall contain standards governing the protection of single family residences and appurtenant structures against damage or loss due to shoreline erosion. The standards shall govern the issuance of substantial development permits for shoreline protection, including structural methods such as construction of bulkheads, and nonstructural methods of protection. The standards shall provide for methods which achieve effective and timely protection against loss or damage to single family residences and appurtenant structures due to shoreline erosion. The standards shall provide a preference for permit issuance for measures to protect single family residences occupied prior to January 1, 1992, where the proposed measure is designed to minimize harm to the shoreline natural environment. [1992 c 105 § 2; 1991 c 322 § 32; 1971 ex.s. c 286 § 10.]

Findings—Intent—1991 c 322: See note following RCW 86.12.200.

90.58.110 Development of program within two or more adjacent local government jurisdictions—Development of program in segments, when. (1) Whenever it shall appear to the director that a master program should be developed for a region of the shorelines of the state which includes lands and waters located in two or more adjacent local government jurisdictions, the director shall

designate such region and notify the appropriate units of local government thereof. It shall be the duty of the notified units to develop cooperatively an inventory and master program in accordance with and within the time provided in RCW 90.58.080.

(2) At the discretion of the department, a local government master program may be adopted in segments applicable to particular areas so that immediate attention may be given to those areas of the shorelines of the state in most need of a use regulation. [1971 ex.s. c 286 § 11.]

90.58.120 Adoption of rules, programs, etc., subject to RCW 34.05.310 through 34.05.395—Public hearings, notice of—Public inspection after approval or adoption.

All rules, regulations, master programs, designations, and guidelines, issued by the department, shall be adopted or approved in accordance with the provisions of RCW 34.05.310 through 34.05.395 insofar as such provisions are not inconsistent with the provisions of this chapter. In addition:

(1) Prior to the approval or adoption by the department of a master program, or portion thereof, at least one public hearing shall be held in each county affected by a program or portion thereof for the purpose of obtaining the views and comments of the public. Notice of each such hearing shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in the county in which the hearing is to be held.

(2) All guidelines, regulations, designations, or master programs adopted or approved under this chapter shall be available for public inspection at the office of the department or the appropriate county auditor and city clerk. The terms "adopt" and "approve" for purposes of this section, shall include modifications and rescission of guidelines. [1989 c 175 § 182; 1975 1st ex.s. c 182 § 2; 1971 ex.s. c 286 § 12.]

Effective date—1989 c 175: See note following RCW 34.05.010.

90.58.130 Involvement of all persons and entities having interest, means. To insure that all persons and entities having an interest in the guidelines and master programs developed under this chapter are provided with a full opportunity for involvement in both their development and implementation, the department and local governments shall:

(1) Make reasonable efforts to inform the people of the state about the shoreline management program of this chapter and in the performance of the responsibilities provided in this chapter, shall not only invite but actively encourage participation by all persons and private groups and entities showing an interest in shoreline management programs of this chapter; and

(2) Invite and encourage participation by all agencies of federal, state, and local government, including municipal and public corporations, having interests or responsibilities relating to the shorelines of the state. State and local agencies are directed to participate fully to insure that their interests are fully considered by the department and local governments. [1971 ex.s. c 286 § 13.]

90.58.140 Development permits—Grounds for granting—Administration by local government, conditions—Applications—Notices—Rescission—When permits not required—Approval when permit for variance or conditional use. (1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and the provisions of chapter 90.58 RCW.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (13) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that:

(a) A notice of such an application is published at least once a week on the same day of the week for two consecutive weeks in a legal newspaper of general circulation within the area in which the development is proposed; and

(b) Additional notice of such an application is given by at least one of the following methods:

(i) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(ii) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(iii) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive a copy of the final order concerning an application as expeditiously as possible after the issuance of the order, may submit the comments or requests for orders to the local government within thirty days of the last date the notice is to be published pursuant to subsection (a) of this subsection. The local government shall forward, in a timely manner following the issuance of an order, a

copy of the order to each person who submits a request for the order.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until thirty days from the date the final order was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within thirty days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) If a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within thirty days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW, the permittee may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction may begin pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would not involve a significant, irreversible damaging of the environment, the court may allow the permittee to begin the construction pursuant to the approved or revised permit as the court deems appropriate. The court may require the permittee to post bonds, in the name of the local government that issued the permit, sufficient to remove the substantial development or to restore the environment if the permit is ultimately disapproved by the courts, or to alter the substantial development if the alteration is ultimately ordered by the courts. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) If a permit is granted by the local government and the granting of the permit is appealed directly to the superior court for judicial review pursuant to the proviso in RCW 90.58.180(1), the permittee may request the court to remand the appeal to the shorelines hearings board, in which case the appeal shall be so remanded and construction pursuant to such a permit shall be governed by the provisions of subsection (b) of this subsection or may otherwise begin

after review proceedings before the hearings board are terminated if judicial review is not thereafter requested pursuant to chapter 34.05 RCW;

(d) If the permit is for a substantial development meeting the requirements of subsection (13) of this section, construction pursuant to that permit may not begin or be authorized until thirty days from the date the final order was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), (c), or (d) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any ruling on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. With regard to a permit other than a permit governed by subsection (12) of this section, "date of filing" as used herein means the date of actual receipt by the department. With regard to a permit for a variance or a conditional use, "date of filing" means the date a decision of the department rendered on the permit pursuant to subsection (12) of this section is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) A permit shall not be required for any development on shorelines of the state included within a preliminary or final plat approved by the applicable state agency or local government before April 1, 1971, if:

- (a) The final plat was approved after April 13, 1961, or the preliminary plat was approved after April 30, 1969; and
- (b) The development is completed within two years after June 1, 1971.

(11) The applicable state agency or local government is authorized to approve a final plat with respect to shorelines of the state included within a preliminary plat approved after April 30, 1969, and before April 1, 1971: PROVIDED, That any substantial development within the platted shorelines of the state is authorized by a permit granted pursuant to this section, or does not require a permit as provided in subsection (10) of this section, or does not require a permit because of substantial development occurred before June 1, 1971.

(12) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

(13)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state. [1992 c 105 § 3; 1990 c 201 § 2; 1988 c 22 § 1; 1984 c 7 § 386; 1977 ex.s. c 358 § 1; 1975-'76 2nd ex.s. c 51 § 1; 1975 1st ex.s. c 182 § 3; 1973 2nd ex.s. c 19 § 1; 1971 ex.s. c 286 § 14.]

Finding—Intent—1990 c 201: "The legislature finds that delays in substantial development permit review for the extension of vital utility services to existing and lawful uses within the shorelines of the state have caused hardship upon existing residents without serving any of the purposes and policies of the shoreline management act. It is the intent of this act to provide a more expeditious permit review process for that limited category of utility extension activities only, while fully preserving safeguards of public review and appeal rights regarding permit applications and decisions." [1990 c 201 § 1.] "This act" consists of the 1990 c 201 amendments to RCW 90.58.140.

Severability—1984 c 7: See note following RCW 47.01.141.

The permit shall be processed in accordance with this chapter. Following a denial of a permit and the exhaustion of all subsequent appeals, or within six months after the new or reconstructed Hood Canal bridge is open to traffic, whichever occurs later, the department shall remove all dolphins, wingwalls, barges, piers, and similar structures constructed or assembled at the temporary ferry terminals. If a permit is granted, such structures may remain in place. [1979 ex.s. c 84 § 4.]

[1971 ex.s. c 286 § 15.]

90.58.160 Prohibition against surface drilling for oil or gas, where. Surface drilling for oil or gas is prohibited in the waters of Puget Sound north to the Canadian boundary and the Strait of Juan de Fuca seaward from the ordinary high water mark and on all lands within one thousand feet landward from said mark. A shorelines hearings board sitting as a quasi judicial body is hereby established within the environmental hearings office under RCW 43.21B.005. The shorelines hearings board shall be made up of six members: Three members shall be members of the pollution control hearings board; two members, one appointed by the association of Washington cities and one appointed by the association of county commissioners, both to serve at the pleasure of the associations; and the commissioner of public lands or his or her designee. (1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a request for the same within thirty days of the date of filing as defined in RCW 90.58.140(6).

Concurrently with the filing of any request for review with the board as provided in this section pertaining to a final order of a local government, the requestor shall file a copy of his or her request with the department and the attorney general. If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor. The failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the request for review filed pursuant to this section. The shorelines hearings board shall initially schedule review proceedings on such requests for review without regard as to whether such requests have or have not been certified or as to whether the period for the department or the attorney general to intervene has or has not expired, unless such review is to begin within thirty days of such scheduling. If at the end of the thirty day period for certification neither the department nor the attorney general has certified a request for review, the hearings board shall remove the request from its review schedule.

(2) The department or the attorney general may obtain review of any final order granting a permit, or granting or denying an application for a permit issued by a local government by filing a written request with the shorelines hearings board and the appropriate local government within thirty days from the date the final order was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW.

(4) A local government may appeal to the shorelines hearings board any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final

decision within sixty days following the hearing held thereon.

If the board determines that the rule, regulation, or guideline:

- (a) Is clearly erroneous in light of the policy of this chapter; or
- (b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
- (c) Is arbitrary and capricious; or
- (d) Was developed without fully considering and evaluating all material submitted to the department by the local government; or
- (e) Was not adopted in accordance with required procedures;

the board shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government, a new rule, regulation, or guideline. Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect.

(5) Rules, regulations, and guidelines shall be subject to review in superior court, if authorized pursuant to RCW 34.05.570(2). No review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection (4) of this section and the petition for court review is filed within three months after the date of final decision by the shorelines hearings board. 90.58.185 Appeals involving single family residences—Composition of board—Rules to expedite appeals.

(1) In the case of an appeal involving a single family residence or appurtenance to a single family residence, including a dock or pier designed to serve a single family residence, the request for review may be heard by a panel of three board members, at least one and not more than two of whom shall be members of the pollution control hearings board. Two members of the three must agree to issue a final decision of the board.

(2) The board shall define by rule alternative processes to expedite appeals. These alternatives may include: Mediation, upon agreement of all parties; submission of testimony by affidavit; or other forms that may lead to less formal and faster resolution of appeals. [1994 c 253 § 2.]

(2) Any local government aggrieved by the department's decision to approve, reject, or modify a proposed master program or master program adjustment may appeal the department's decision to the shorelines hearings board. In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program adjustment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government's adjustment in light of the policy of RCW 90.58.020 and the applicable guidelines. In an appeal relating to shorelines of state-wide significance, the board shall uphold the decision by the department unless a local government shall, by clear and convincing evidence and argument, persuade the board that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines. Review by the hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews. Whenever possible, the review by the hearings board shall be heard within the county where the land subject to the proposed master program or master program adjustment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to the superior court of Thurston county.

(3) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program adjustment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program adjustment. Upon receipt of the application, the department or local government may remit or mitigate the penalty upon whatever terms the department or local government in its discretion deems proper. Any penalty imposed pursuant to this section by the department shall be subject to review by the shorelines hearings board. 90.58.560 Oil or natural gas exploration—Violations of RCW 90.58.550—Penalty—Appeal. (1) A person who violates RCW 90.58.550, or any rule adopted thereunder, is subject to a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided for in this section.

(2) The penalty shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the director or the director's representative describing such violation with reasonable particularity. The director or the director's representative may, upon written application therefor received within fifteen days after notice imposing any penalty is received by the person incurring the penalty, and when deemed to carry out the purposes of this chapter, remit or mitigate any penalty provided for in this section upon such terms as he or she deems proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as he or she may deem proper.

Any penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred under this section is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. 90.62.010 Legislative finding—Purposes. (1) It is the sense of the legislature that the heavy burdens placed upon persons proposing to undertake certain types of projects in this state through requirements to obtain numerous permits and related documents from various state and local agencies are undesirable and should be alleviated. The legislature further finds that present methods for obtaining public views in relation to applications to state and local agencies pertaining to these projects are cumbersome and place undue hardships on members of the public thereby thwarting the public's ability to present such views.

(2) The purposes of this chapter are to:

(a) Provide for an optional procedure to assist those who, in the course of satisfying the requirements of state and local government prior to undertaking a project which contemplates the use of the state's air, land, or water resources, must obtain a number of permits, by establishing a mechanism in state government which will coordinate administrative decision-making procedures, and related quasi-judicial and judicial review, pertaining to such documents.

(b) Provide to members of the public a better and easier opportunity to present their views comprehensively on proposed uses of natural resource and related environmental matters prior to the making of decisions on such uses by state or local agencies.

(c) Provide to members of the public who desire to carry out the aforementioned projects within the state of

Washington a greater degree of certainty in terms of permit requirements of state and local government and when final decisions about the permits would be made.

(d) Provide better coordination and understanding between state and local agencies in the administration of the various programs relating to air, water, and land resources.

(e) Establish the opportunity for members of the public to obtain information pertaining to requirements of federal and state law which must be satisfied prior to undertaking a project in the state. [1982 c 179 § 1; 1977 c 54 § 1; 1973 1st ex.s. c 185 § 1.]

90.62.020 Definitions. For purposes of this chapter the following words mean, unless the context clearly dictates otherwise:

(1) "Board" means the pollution control hearings board.
 (2) "Department" means the department of ecology.
 (3) "Local government" means a county, city or town.
 (4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, or use of, or interference with, the natural resources of land, air or water in the state, which is required to be obtained from a state agency prior to constructing or operating a project in the state of Washington. Permit shall also mean a substantial development permit under RCW 90.58.140 and any permit, required by a local government for a project, that the local government has chosen to process pursuant to RCW 90.62.100(2) as now or hereafter amended. Nothing in this chapter shall relate to a permit issued by the department of labor and industries or by the utilities and transportation commission; nor to the granting of proprietary interests in publicly owned property such as sales, leases, easements, use permits and licenses.

(5) "Person" means any individual, municipal, public, or private corporation, or other entity however denominated, including a state agency and county.

(6) "Processing" and "processing of applications" mean the entire process to be followed in relation to the making of decisions on an application for a permit and review thereof as provided in RCW 90.62.040 through 90.62.080.

(7) "Project" means any new activity or any expansion of or addition to an existing activity, fixed in location, for which permits are required prior to construction or operation from (a) two or more state agencies as defined in subsection (8) of this section, or (b) one or more state agencies and a local government, if the local government is processing permits or requests for variances or rezones pursuant to the procedure established by the provisions of this chapter, as provided by RCW 90.62.100(2) as now or hereafter amended. Such construction or operation may include, but need not be limited to, industrial and commercial operations and developments. For the purpose of part (a) of this subsection, the submission of plans and specifications for a hydraulic project or other work to the department of fish and wildlife pursuant to RCW 75.20.100 shall be considered to be an application for a permit required by one state agency.

(8) "State agency" means any state department, commission, board or other agency of the state however titled. For the limited purposes of this chapter only "state agency" shall

also mean (a) any local or regional air pollution control authority established under chapter 70.94 RCW and (b) any local government when said government is acting in its capacity as a decision maker on an application for a permit pursuant to RCW 90.58.140. [1994 c 264 § 96; 1988 c 36 § 71; 1977 c 54 § 2; 1973 1st ex.s. c 185 § 2.]

90.62.030 Thermal power plants exempt from chapter. Nothing in this chapter shall apply to a plant or project which is required to be the subject of a certification by the governor pursuant to chapter 80.50 RCW. [1973 1st ex.s. c 185 § 3.]

90.62.040 Master application for proposed project—Contents—Notice to state agencies—Agency permit forms sent applicant—Return of forms to department with local government certification. (1) Any person proposing a project may submit a master application to the department requesting the issuance of all permits necessary prior to the construction and operation of the project in the state of Washington. The master application shall be on a form furnished by the department and shall contain precise information as to the location of the project, and shall describe the nature of the project including any discharges of wastes proposed therefrom and any uses of, or interferences with, natural resources contemplated.

(2) Upon receipt of a properly completed master application, the department shall immediately notify in writing each state agency having a possible interest in the master application arising from requirements pertaining to a permit program under its jurisdiction. The notification from the department shall be accompanied by a copy of the master application together with the date by which the agency shall respond to the notice. Each notified agency shall respond in writing to the department within the specified date, not exceeding fifteen days from receipt, as determined by the department, advising (a)(i) whether the agency does or does not have an interest in the master application, and (a)(ii) if the response to (a)(i) of this subsection is affirmative, the permit program or programs under the agency's jurisdiction to which the project described in the master application is pertinent, and whether, in relation to the master application, a public hearing as provided in RCW 90.62.050 and 90.62.060 would or would not be of value taking into consideration the overall public interest. Each notified state agency which (b)(i) responds within the specified date that it does not have an interest in the master application or (b)(ii) does not respond as required above within the specified date, shall not subsequently require a permit of the applicant for the project described in the master application; provided the bar to requiring a permit subsequently shall not be applicable if the master application provided the notified agency contained false, misleading, or deceptive information, or other information, or lack thereof, which would reasonably lead an agency to misjudge its interest in a master application.

(3) After receiving the information regarding permits and applications provided by the department under subsection (4) of this section, the person may continue the process to apply for all or some of the permits required for the pro-

ject or choose not to use the process to apply for any permits.

(4) The department shall send application forms relating to permit programs identified in affirmative responses under subsection (2) of this section to the applicant within five working days of the date specified by the department pursuant to subsection (2) of this section with a direction to complete and return them to the department within a reasonable time as specified by the department.

(5) When such applications, properly completed, have been returned to the department, each of the applications shall be transmitted to the appropriate state agency for the performance of its responsibilities of decision making in accordance with the procedures of this chapter. No such completed applications shall be accepted by the department for transmittal unless they are accompanied by (a) the certification of local government provided for in RCW 90.62.100 as now or hereafter amended, or (b) a statement of the local government indicating that such certification would require rezoning, the granting of a variance or issuance of a conditional use permit and the local government has chosen to utilize the procedures provided by this chapter to process the request for the rezoning or variance or the application for the conditional use permit as provided by RCW 90.62.100(2) as now or hereafter amended.

(6) For the purpose of establishing priority dates upon water right permits and certificates issued pursuant to rulings on applications under chapters 90.03 and 90.44 RCW and processed under this chapter, the priority date shall be the date of submitting the master application to the department or the county office as provided in RCW 90.62.120(2). [1990 c 137 § 1; 1977 c 54 § 3; 1973 1st ex.s. c 185 § 4.]

90.62.050 Notice of proposed project—Publication—Contents—Public hearing. (1) The department, within a reasonable time after transmittal under *RCW 90.62.040(4), shall cause a notice to be published at the applicant's expense once each week on the same day of the week for two consecutive weeks in a newspaper of general circulation within each county in which the project is proposed to be constructed or operated. The notice shall describe the nature of the master application including, with reasonable specificity, the project proposed, its location, the various permits applied for, and the agency having jurisdiction over each such permit. Except as provided in RCW 90.62.050(2), the notice shall also state the time and place of the public hearing (to be held not less than fifteen days after the date of last publication of the notice). It shall further state that a copy of the master application and a copy of all permit applications for the project are available for public inspection in the office for environmental permit applications of each county in which the project is proposed to be constructed or operated, as well as at the Olympia office and appropriate regional office of the department, together with such other locations as the department may designate.

(2) If the responses received by the department from state agencies under RCW 90.62.040(2) unanimously state the position that a public hearing in relation to a master application would not be of value taking into consideration the overall public interest, and the department, after a careful evaluation, taking into consideration all interests involved, including the opportunities for members of the public to

present views, concludes likewise, the provisions of subsection (1) of this section pertaining to the time and place of a public hearing shall not be included in the notice. In place thereof the notice shall state that members of the public may present relevant views and supporting materials in writing to the department in relation to any of the permits applied for within twenty days after the last date of publication of the notice in a newspaper. [1977 c 54 § 4; 1973 1st ex.s. c 185 § 5.]

*Reviser's note: RCW 90.62.040 was amended by 1990 c 137 § 1, and the previous subsection (4) was renumbered as subsection (5).

90.62.060 Public hearing—Procedure—Agency participation—Final decisions. (1) Except as provided in RCW 90.62.050(2), prior to any final decision on any permit applications relating to a project subject to the procedures of this chapter, a public hearing shall be held in the county in which all or a major part of the proposed project is to be constructed or operated, such hearing to be held pursuant to notice made under RCW 90.62.050(1). At any such hearing the applicant may submit any relevant information and material in support of his applications, and members of the public may present relevant views and supporting materials in relation to any or all of the applications being considered.

(2) Each agency having an application for a permit before it as described in the notice in RCW 90.62.050(1) shall be represented at the public hearing by its chief administrative officer or his designee. The director of the department, or a hearing officer duly appointed by him, shall chair the hearing; however, the representative of any agency (other than the department) within whose jurisdiction a specific application lies shall conduct the portion of the hearing pertaining to submission of information, views, and supporting materials which are relevant to that application. The chairman may, when appropriate, continue a hearing from time to time and place to place. The hearing shall be recorded in any manner suitable for transcription as determined by the department.

(3) No provisions of chapter 34.05 RCW shall apply to the hearing provided for by this section. Said hearing shall be conducted for the purpose of obtaining information for the assistance of the agencies but shall not be considered a trial or adversary proceeding.

(4) Upon completion of the public hearing the chairman, after consultation with the agency representatives, shall establish the date by which all agencies shall forward their final decisions on applications before them to the department: PROVIDED, That this date shall not be more than one hundred twenty days after completion of the public hearing, unless the chairman and the applicant mutually agree upon a later date: PROVIDED FURTHER, That subsequent to the hearing the chairman and the applicant may agree, prior to the expiration of the one-hundred twenty day period or the agreed upon later date, that the date for agencies to forward their final decisions may be extended. If such agreement is reached, the affected agencies shall be notified in writing by the chairman. Failure of an agency to forward a decision by the established date constitutes unconditional approval by that agency of the application. Every final decision shall set forth the basis for the conclusion reached together with a final order denying the application

for a permit or granting it, subject to such conditions of approval as the deciding agency may have power to impose.

(5) In situations where a notice is provided pursuant to RCW 90.62.050(2) and no public hearing is conducted, the department shall, after twenty days after the last notice publication in the newspaper, submit a copy of all views and supporting material received by it to each agency having an application for a permit before it as described in the notice. Concurrently therewith, the department shall notify each agency, in writing, of the date by which final decisions on applications shall be forwarded to the department: PROVIDED, That this date shall not be more than one hundred fifty days after the last required publication of notice in the newspaper unless the department and the applicant mutually agree upon a later date: PROVIDED FURTHER, That subsequent to the last required publication, the chairman and the applicant may agree, prior to the expiration of the one-hundred fifty day period or the agreed upon later date, that the date for agencies to forward their final decisions may be extended. If such agreement is reached, the affected agencies shall be notified in writing by the chairman. Failure of an agency to forward a decision by the established date shall constitute unconditional approval by that agency of the application. Each such final decision shall consist of the same contents as provided for final decisions in RCW 90.62.060(4).

(6) As soon as all final decisions are received by the department from the various participating agencies, as provided in RCW 90.62.060(4) and (5), the department shall incorporate them, without modification, into one document and transmit the same to the applicant either personally or by registered mail.

(7) Each agency having jurisdiction to approve or deny an application for a permit shall have continuing power as vested in it prior to enactment of this chapter to make such determinations. Nothing in RCW 90.62.030 through 90.62.060 shall lessen or reduce such powers, and such sections shall modify only the procedures to be followed in the carrying out of such powers.

(8) An agency may in the performance of its responsibilities of decision making under this chapter, request or receive additional information from an applicant and others prior or subsequent to a public hearing as necessary to the performance thereof. [1982 c 179 § 2; 1977 c 54 § 5; 1973 1st ex.s. c 185 § 6.]

90.62.070 Withdrawal of agency from participation.

A state agency responding affirmatively as provided in RCW 90.62.040(2) may withdraw from further participation in the processing provided in RCW 90.62.040, 90.62.050, and 90.62.060 at any time, by written notification to the director, if it subsequently appears to such state agency that it has no permit programs under its jurisdiction applicable to the project. [1973 1st ex.s. c 185 § 7.]

90.62.080 Board review of agency final decision, procedure—Appeal of local government decision—Judicial review. (1) Any person aggrieved by any final decision of a state agency, as defined in RCW 90.62.020(8) as now or hereafter amended, contained in the document issued by the department pursuant to RCW 90.62.060(6) may

obtain review thereof by filing a request, with the board, within thirty days of the transmittal under RCW 90.62.060(6) by the department of ecology of the document, for all final decisions other than a final decision relating to the granting or denial of a substantial development permit pursuant to RCW 90.58.140 in which case the filing of such request shall be with the shorelines hearings board. The board shall review all final decisions other than a final decision on a substantial development permit which shall be reviewed by the shorelines hearings board. In the event a request for review includes a final decision involving a substantial development permit and other permits, there shall be single staged hearing of the permits by the boards. The board shall be authorized to adopt rules and regulations implementing such staged hearings and the filing of requests so as to eliminate all unnecessary duplication.

(2) Any hearing held pursuant to this section by the pollution control hearings board or the shorelines hearings board or by the boards jointly shall be a de novo quasi judicial hearing and shall be conducted pursuant to the procedures provided in chapter 34.05 RCW.

(3) The board or boards shall make written findings of fact based upon a preponderance of the evidence and shall prepare written conclusions of law and an order, which order may affirm with or without condition, remand for further proceedings, or reverse the appealed decision in accordance with the findings and conclusions.

(4) Judicial review of decisions of the boards shall be controlled by RCW 43.21B.180 through 43.21B.190 except as they relate to decisions pertaining to substantial development permits under RCW 90.58.140 which shall be controlled by RCW 90.58.180.

(5)(a) Any person aggrieved by and desiring to appeal any final decision of a local government contained in the document issued by the department pursuant to RCW 90.62.060(6) as now or hereafter amended shall obtain review thereof in the same manner as would apply had the local government not utilized the procedures provided by this chapter.

(b) The provisions of subsection (5)(a) of this section shall not apply to a decision concerning any permit required by a "state agency" as that term is defined in RCW 90.62.020(8) as now or hereafter amended. [1987 c 109 § 156; 1977 c 54 § 6; 1973 1st ex.s. c 185 § 8.]

Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109: See notes following RCW 43.21B.001.

90.62.090 Application, scope, construction of chapter—Continuation of fee schedules—Collection. (1) Notwithstanding any other statutes relating to the processing of application for permits, the procedures, including timing requirements and approval requirements related thereto, set forth in this chapter shall be exclusive in relation to applications for permits filed pursuant to RCW 90.62.040. The procedures of this chapter shall be in lieu of any procedures otherwise provided by statute, existing or hereafter enacted, to be followed by an agency in ruling upon an application for a permit for a project under this chapter.

(2) The procedures of this chapter are applicable only to projects as defined in RCW 90.62.020(7) and only through the completion of final decisions under RCW 90.62.060 and of review proceedings of RCW 90.62.080 and any ancillary

proceedings. This chapter shall have no applicability to any applications for permit renewals, amendments, extensions, or other similar documents, or for replacing permits which are required subsequent to the completion of the decisions and proceedings under RCW 90.62.060 and 90.62.080 and any ancillary proceedings. For purposes of this section "ancillary proceedings" shall mean all proceedings, quasi judicial and judicial, held pursuant to any order of remand or similar order by the board or a court in relation to a final decision of an agency made hereunder and held in response to the order of remand or similar order.

(3) Fee schedules previously and expressly established or authorized by statute in relation to any application for a permit shall continue to be applicable even though processed under this chapter. The department shall collect such fees and forward them to the appropriate agency. [1977 c 54 § 7; 1973 1st ex.s. c 185 § 9.]

90.62.100 Compliance with local zoning ordinances and plans—Scope—Certification—Other laws not affected. (1) No completed applications returned to the department of ecology pursuant to *RCW 90.62.040(3) as now or as hereafter amended shall be accepted by the department for transmittal pursuant to RCW 90.62.040 as now or hereafter amended unless they are accompanied by a certification from the pertinent local government that the project is in compliance with all zoning ordinances, and associated comprehensive plans, administered by said local government relating to the location of the project or are accompanied by the statement described in *RCW 90.62.040(4)(b) as now or hereafter amended: **PROVIDED,** That if the local government has no such ordinances or plans the certification from local government shall so state and issue. For purposes of this section master programs of chapter 90.58 RCW are not zoning ordinances administered by local government. Local governments are authorized to accept applications for certifications as provided in this section and are directed to rule upon the same expeditiously to insure the purposes of this chapter are accomplished fully. Upon certification, the local government may not change such zoning ordinances so as to affect the proposed project until the procedures of this chapter, including any board or court reviews, are completed. The provisions of the state environmental policy act relating to the preparation of detailed impact statements shall not be applicable to the action approving or denying certifications authorized in this section.

(2)(a) Upon receiving an application for certification for a project pursuant to subsection (1) of this section, the local government may, at its discretion, choose to process, pursuant to the procedures provided by this chapter, requests for variances or rezones or applications for conditional use permits or any other permits or any combination thereof that may be required by the local government for the project described on a master application. The procedures established by this chapter shall satisfy the procedural requirements for any requests or applications so processed.

(b) The provisions of subsection (2)(a) of this section shall not apply to any permit required by a "state agency" as that term is defined in RCW 90.62.020(8) as now or hereafter amended.

(3) Nothing in this chapter shall modify in any manner whatsoever the applicability or inapplicability of any land use regulation statutes or local zoning ordinances to lands of any state agency.

(4) Approval of an application for certification as provided in this section shall not eliminate any requirements of the Shoreline Management Act of 1971 or any other statutes administered by a local government. A ruling by local government denying an application for certification shall not be appealable under this chapter: PROVIDED, That the denial of an application for certification pursuant to subsection (1) of this section shall not preclude the applicant from filing a permit application under any other available statute or procedure. [1977 c 54 § 8; 1973 1st ex.s. c 185 § 10.]

***Reviser's note:** RCW 90.62.040 was amended by 1990 c 137 § 1, and the previous subsections (3) and (4)(b) were renumbered as subsections (4) and (5)(b), respectively.

90.62.110 Rules—Authority—Cooperation enjoined.

(1) The department shall adopt such rules as are appropriate to carry out the provisions of this chapter. This authority includes, but is not limited to, the following subjects and sections or subsections of this chapter:

(a) Master application procedures under RCW 90.62.040(1) and (2).

(b) Application procedures under *RCW 90.62.040(3).

(c) Notice procedures under RCW 90.62.050.

(d) Public hearing and final decision procedures under RCW 90.62.060(1), (2), and (3).

(e) A program, and procedures, including time requirements relating thereto, to guide local governments in the implementation of RCW 90.62.100(1).

(f) A listing of the various types of permits covered by this chapter together with the state agency issuing each such permit, and the statutory authority providing for such issuance.

(2) State agencies and local governments shall cooperate fully in the preparation implementation of rules authorized under this section and in otherwise carrying out the provisions of this chapter.

(3) Consistent with the procedural concepts for the processing of applications for permits established in RCW 90.62.040 through 90.62.060, the department of ecology may, by rule, establish a permit application processing procedure which may be used, at the request of an applicant, in relation to two or more permit programs administered solely by the department of ecology. [1973 1st ex.s. c 185 § 11.]

***Reviser's note:** RCW 90.62.040 was amended by 1990 c 137 § 1, and the previous subsection (3) was renumbered as subsection (4).

90.62.120 Permit requirements information centers—Offices for environmental permit applications—Procedures.

(1) The department shall establish permit requirements information centers in its office at Olympia and in all of its regional offices which shall provide information to the public, in readily understandable form, pertaining to the requirements of federal, state, and local governments for permits which must be acquired before initiating various types of activities and projects proposed in the state with

special emphasis being given to those permits which apply to the use of land, air, and water resources.

(2) There shall be designated by each county, in a place convenient to members of the general public an office or offices for environmental permit applications. It shall be the responsibility of said office to provide a master application as provided in this chapter to any person requesting the same. It shall further be the responsibility of the office to provide reasonable assistance in preparation of an application to any person requesting the same and to accept for transmission to the department completed master applications. All completed master applications received by the county office shall be submitted to the department for processing as provided in RCW 90.62.040 through 90.62.060. Filing of a master application with the county office shall constitute a submission to the department of ecology within the meaning of RCW 90.62.040(1). The department shall provide full information, forms, instructions, and other assistance relating to master applications and the other features of the program of this chapter to each county office to insure the provisions of this section are made fully effective in serving those desiring to file master applications under this chapter. [1973 1st ex.s. c 185 § 12.]

90.62.130 Modifications to master application—Authorized—Rules to set forth guidelines, limitations.

It is anticipated that in processing permits as provided by this chapter the participating agencies may identify modifications to the project described in a master application, and subsequently completed individual applications submitted pursuant to RCW 90.62.040 as now or hereafter amended, which modifications would be necessary to satisfy the permit requirements of all of the participating agencies. The department of ecology shall, by rules and regulations adopted pursuant to chapter 34.05 RCW, establish guidelines for determining the extent to which such modifications can be approved under the original application without the applicant's having to resubmit a master application. Such guidelines shall require, among other provisions, that an applicant resubmit a master application if the modifications proposed by the participating agencies to the applicant's proposed project would have required one or more of the participating agencies to require the applicant to submit a new application reflecting such modifications if the application for the permit had not been submitted under this chapter. [1977 c 54 § 9.]

90.62.900 Report to legislature. The department, after consultation with other state agencies and local governments, shall submit to the legislature by January 1, 1975, a report setting forth the results of the experience under this chapter together with any recommendations and views pertaining to ways and means of improving the procedures and otherwise satisfying the purposes of this chapter. [1973 1st ex.s. c 185 § 13.]

90.62.901 Conflicts with federal requirements—Compliance with federal laws.

(1) If any part of this chapter shall be found in conflict with federal requirements which are a condition precedent to the allocation of federal funds authorized to the state, such conflicting part of this

chapter is declared to be inoperative to the limited extent of such conflict and with respect to the agencies directly affected, and such findings or determination shall not affect the operation of the remainder of this chapter in its application to the agencies concerned.

(2) The department of ecology, to the limited extent necessary to comply with procedural requirements of federal statutes relating to permit systems operated by the state, may modify the notice, timing, hearing and related procedural matters provided in this chapter. [1973 1st ex.s. c 185 § 14.]

90.62.904 Liberal construction. The rule of strict construction shall have no application to this chapter and it shall be liberally construed in order to carry out its purposes. [1973 1st ex.s. c 185 § 15.]

90.62.905 Short title. This 1973 act shall be known as the Environmental Coordination Procedures Act of 1973. [1973 1st ex.s. c 185 § 16.]

90.62.906 Effective date—1973 1st ex.s. c 185. This 1973 act shall take effect on January 1, 1974, except that the department, state agencies, and local governments are authorized to take such steps as are necessary prior to that date to insure that this 1973 act is properly implemented on its effective date. [1973 1st ex.s. c 185 § 18.]

90.62.907 Severability—1973 1st ex.s. c 185. If any provision of this 1973 act or its application to any person or circumstance is held invalid the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1973 1st ex.s. c 185 § 19.]

90.62.908 Severability—1977 c 54. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 c 54 § 10.]

90.64.005 Findings. The legislature finds that there is a need to establish a clear and understandable process that provides for the proper and effective management of dairy waste that affects the quality of surface or ground waters in the state of Washington. The legislature finds that there is a need for a program that will provide a stable and predictable business climate upon which dairy farms may base future investment decisions.

The legislature finds that federal regulations require a permit program for dairies [with] over seven hundred head of mature cows and, other specified dairy farms that directly discharge into waters or are otherwise significant contributors of pollution. The legislature finds that significant work has been ongoing over a period of time and that the intent of this chapter is to take the consensus that has been developed and place it into statutory form.

It is also the intent of this chapter to recognize the existing working relationships between conservation districts, the conservation commission, and the department of ecology in protecting water quality of the state. A further purpose of this chapter is to provide statutory recognition of the coordination of the functions of conservation districts, the conservation commission, and the department of ecology pertaining to development of dairy waste management plans for the protection of water quality. [1993 c 221 § 1.]

90.64.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Conservation commission" or "commission" means the conservation commission under chapter 89.08 RCW.

(2) "Conservation districts" or "district" means a subdivision of state government organized under chapter 89.08 RCW.

(3) "Concentrated dairy animal feeding operation" means a dairy animal feeding operation subject to regulation under this chapter which the director designates under RCW 90.64.030 or meets the following criteria:

(a) Has more than seven hundred mature dairy cows, whether milked or dry cows, that are confined; or

(b) Has more than two hundred head of mature dairy cattle, whether milked or dry cows, that are confined and either:

(i) From which pollutants are discharged into navigable waters through a manmade ditch, flushing system, or other similar manmade device; or

(ii) From which pollutants are discharged directly into surface or ground waters of the state that originate outside of and pass over, across, or through the facility or otherwise come into direct contact with the animals confined in the operation.

(4) "Dairy animal feeding operation" means a lot or facility where the following conditions are met:

(a) Dairy animals that have been, are, or will be stabled or confined and fed for a total of forty-five days or more in any twelve-month period; and

(b) Crops, vegetation forage growth, or postharvest residues are not sustained in the normal growing season over any portion of the lot or facility. Two or more dairy animal feeding operations under common ownership are considered, for the purposes of this chapter, to be a single dairy animal

feeding operation if they adjoin each other or if they use a common area for land application of wastes.

(5) "Department" means the department of ecology under chapter 43.21A RCW.

(6) "Director" means the director of the department of ecology, or his or her designee. [1993 c 221 § 2.]

90.64.020 Concentrated dairy animal feeding operation—Designation—Permit. (1) The director of the department of ecology may designate any dairy animal feeding operation as a concentrated dairy animal feeding operation upon determining that it is a significant contributor of pollution to the surface or ground waters of the state. In making this designation the director shall consider the following factors:

(a) The size of the animal feeding operation and the amount of wastes reaching waters of the state;

(b) The location of the animal feeding operation relative to waters of the state;

(c) The means of conveyance of animal wastes and process waters into the waters of the state;

(d) The slope, vegetation, rainfall, and other factors affecting the likelihood or frequency of discharge of animal wastes and process waste waters into the waters of the state; and

(e) Other relevant factors as established by the department by rule.

(2) A notice of intent to apply for a permit shall not be required from a concentrated dairy animal feeding operation designated under this section until the director has conducted an on-site inspection of the operation and determined that the operation should and could be regulated under the permit program. [1993 c 221 § 3.]

90.64.030 Determination of water quality degradation—Complaint—Investigation—Designation as concentrated dairy animal feeding operation. Upon receiving a complaint or upon its own determination that a dairy animal feeding operation is a likely source of water quality degradation, the department may investigate a dairy animal feeding operation to determine whether the operation is discharging directly pollutants or recently has discharged directly pollutants into surface or ground waters of the state. The department shall investigate a written complaint filed with the department within ten days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. A copy of the findings shall be provided upon request to the dairy animal feeding operation.

Those dairy animal feeding operations that are determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information if immediate corrective actions are not possible, shall be designated as a concentrated dairy animal feeding operation and shall be subject to the provisions of this chapter. [1993 c 221 § 4.]

90.64.040 Appeal from actions and orders of the department. Enforcement actions and administrative orders issued by the department of ecology may be appealed to the

pollution control hearings board in accordance with the provisions of chapter 43.21B RCW. [1993 c 221 § 5.]

90.64.050 Duties of department—Annual report to commission. (1) The department has the following duties:

(a) Identify existing or potential water quality problems resulting from dairy farms;

(b) Receive, process, and verify complaints concerning discharge of pollutants from all dairy farms regardless of size;

(c) Determine if a dairy-related water quality problem requires immediate corrective action under the Washington state water pollution control laws, chapter 90.48 RCW, the Washington state water quality standards adopted under chapter 90.48 RCW, or other authorities. The department shall maintain the lead enforcement responsibility;

(d) Administer and enforce national pollutants discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations, and administer state laws;

(e) Appoint representatives, including dairy industry representatives, to participate in the compliance review committee that will annually review and update policy and disseminate information as needed;

(f) Encourage communication between local department personnel and the appropriate conservation district personnel;

(g) Encourage the use of federal soil conservation service standards and specifications in designing best management practices for dairy waste management plans to protect water quality;

(h) Provide to the commission an annual report of dairy waste pollution enforcement activities.

(2) The department may not delegate its responsibilities in enforcement. [1993 c 221 § 6.]

90.64.060 Resolution of complaints. (1) If the department determines that the operator of a dairy animal feeding operation has the means to correct a water quality problem in a manner that will prevent future contamination and does so promptly and such correction is maintained, the department shall cease pursuit of the complaint.

(2) If the department determines that an unresolved water quality problem from a dairy animal feeding operation requires immediate corrective action, the department shall notify the operator and the district in which the problem is located.

(3) If immediate action is not necessary by the department, the handling of complaints will differ depending on the amount of information available and the compliance option selected by the conservation district involved.

(a) When the name and address of the party against whom the complaint was registered are known:

(i) Districts operating at levels 1 and 2 will receive a copy of complaint information, and compliance letter if one was sent out.

(ii) Districts operating at levels 3 and 4 will receive a copy of complaint information and the letter sent by the department to the operator informing the operator of the complaint and providing the operator with the opportunity to work with the conservation district on a voluntary basis.

(b) The department and the conservation district will work together at the local level to resolve complaints when the name and address of the party against whom the complaint was registered are unknown. [1993 c 221 § 7.]

90.64.070 Duties of conservation district. (1) The conservation district has the following duties:

(a) Adopt and annually update the water quality section in the conservation district dairy waste management plan;

(b) As part of the district annual report, include a water quality progress report on dairy waste management activities conducted that are related to this chapter;

(c) Encourage communication between the conservation district personnel and local department personnel;

(d) Adopt and carry out a compliance option from level 1, level 2, level 3, or level 4.

(2) The district's capability to carry out its responsibilities in the four levels of compliance is contingent upon the availability of funding and resources to implement a dairy waste management program. [1993 c 221 § 8.]

90.64.080 Duties of conservation commission. (1) The conservation commission has the following duties:

(a) Forward to the department the dairy waste management plan progress reports;

(b) Provide assistance as may be appropriate to the conservation districts in the discharge of their responsibilities as management agencies in dairy waste management program implementation;

(c) Provide coordination for conservation district programs at the state level through special arrangements with appropriate federal and state agencies;

(d) Inform conservation districts of activities and experiences of other conservation districts relative to agricultural water quality protection, and facilitate an interchange of advice, experience, and cooperation between the districts;

(e) Encourage communication between the conservation district personnel and local department personnel;

(f) Appoint conservation district representatives to serve on the compliance review committee with advice of the Washington association of conservation districts;

(g) Appoint a commission representative to participate on the compliance review committee that will annually review and update policy and disseminate information as needed;

(h) Work with the department to provide communication outreach to representatives of agricultural and environmental organizations to receive feedback on implementation of this chapter.

(2) The commission's capability to carry out its responsibilities under this chapter is contingent upon the availability of funding and resources to implement a dairy waste management program. [1993 c 221 § 9.]

90.64.090 Compliance levels—Duties of conservation district—Duties of department. Conservation districts shall adopt one of the following compliance levels:

(1) Level 1 - Information/education/technical assistance.

The conservation district will serve as a local source of information on dairy waste management plan implementation

programs. The conservation district will promote plans and efforts to improve water quality and explain the benefits of participating in available implementation plans through news releases and other media for the general public; programs for schools; presentations to groups and civic organizations; workshops; training sessions; or other appropriate means. The conservation district will provide technical assistance upon request.

The department will respond to complaints that involve water quality problems caused by dairy animal feeding operations. The department will work with the operator to bring the operation into compliance with federal statutes, federal regulations, and applicable state laws. If immediate action is deemed necessary, the department will pursue the appropriate actions that may include enforcement against the responsible parties. The department will advise the operator of the information and technical assistance available through the conservation district. The department will notify the conservation district of the operator's need for information or technical assistance.

(2) Level 2 - Information/education, problem assessment, and handling complaints.

The conservation district will carry out programs described in level 1. In addition, the conservation district will inventory dairy waste related water quality problems defined in the water quality section of its annual plan. The conservation district will prioritize problems and work to apply voluntary solutions to the highest priority problems within available resources utilizing information/education, technical assistance, and incentives. Response to complaint -

The conservation district will make an appointment for an on-site contact with the alleged violator within ten working days and determine if the operator desires to work with the conservation district. If the operator wishes conservation district assistance, within six months the conservation district will develop a plan with the individual operator which includes a schedule for application of best management practices. The operator will have eighteen months, or by agreement, an approved schedule with an alternative time period to implement the plan. If hardships occur, the operator may request an extension of the implementation schedule subject to concurrence of the department.

The conservation district in responding to complaints will report progress, or the need for further department technical expertise, to the individual involved and the department. A copy of the plan will be made available to the department. If the district offers assistance and the individual involved refuses to cooperate or ceases to work with the conservation district, the district will notify the department.

The conservation district will refer all alleged water quality violations, or individuals who wish to make a complaint to the department.

The department will investigate and seek resolution of all complaints that appear to need immediate action and refer all other complaints concerning dairy animal feeding operations to the appropriate conservation district. The department will keep a record of those complaints. When a referral is made by a conservation district, due to a continuing unresolved water quality problem, the department will take appropriate action and advise the conservation district of the action taken.

(3) Level 3 - Information/education, problem assessment, handling complaints, and assisting in compliance.

The conservation district will carry out programs described in levels 1 and 2. In addition, the conservation district will actively follow up those problems and complaints deemed highest priority by the conservation district within sixty days after the initial contact. The complaint referral follow-up will include:

(a) Meet with the owner/operator;

(b) Make an on-site assessment of the nature and extent of the problem, if so desired by the owner/operator;

(c) Notify within twenty-five working days the department that the owner/operator has or has not requested assistance from the conservation district;

(d) Assist the owner/operator in the development of a dairy waste management plan within six months. Implementation is to be completed within eighteen months, or by agreement and approved schedule, with an alternative time period to implement the plan. If hardships occur, the operator may request an extension of the planning or implementation schedule with concurrence of the department;

(e) Provide such technical assistance as is necessary and available during plan implementation;

(f) Monitor plan implementation;

(g) Notify the department within twenty-five working days in the event that the owner/operator either refuses to cooperate in the development of a dairy waste management plan that will correct the problems identified during the on-site assessment, or fails to implement the plan within the designated time period;

(h) By June 30 of each year, submit a formal summary of progress on alleged water quality violations referred to the conservation district by the department.

The department will investigate and seek resolution of all complaints that appear to need immediate action.

The department will pursue all activities addressed under level 2. Except that on those sites where the conservation district is making progress on water quality problems caused from dairy animal feeding operations and is reporting the same to the department, the department will hold any related enforcement actions in abeyance until the problem is solved, or the operator refuses to cooperate further. The department shall continue to pursue any immediate action where required.

(4) Level 4 - Compliance.

The conservation district will carry out programs described in levels 1 through 3. In addition, the conservation district will provide information and direct support for resolving water quality actions which may be filed by the department pursuant to its statutory authority.

Information and support include the following:

(a) A field site tour to provide information and attempt to resolve the issues;

(b) Provision for access to public information in a conservation district's files, and if appropriate, in-house documents such as field notes, photographs, and in-house memoranda. Access is subject to applicable laws and regulations;

(c) Department interviews with appropriate conservation district personnel regarding a site under enforcement;

(d) Assistance and attendance, if appropriate, at negotiation sessions with responsible parties;

(e) Affidavits or testimony necessary to document the case.

The department will pursue all activities as addressed in level 3, except where the conservation district has been involved, the department will utilize the information and support offered by the conservation district to resolve the matter. [1993 c 221 § 10.]

90.64.100 Parties' liability. A party acting under this chapter is not liable for another party's actions under this chapter. [1993 c 221 § 11.]

90.64.110 Rules. The department may adopt rules as necessary to implement this chapter. [1993 c 221 § 12.]

90.64.120 Department's authority under federal law or chapter 90.48 RCW not affected. Nothing in this chapter shall affect the department's authority or responsibility to administer or enforce the national pollutant discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations or to administer the provisions of chapter 90.48 RCW. [1993 c 221 § 13.]

90.66.010 Short title. This chapter shall be known and may be cited as the "Family Farm Water Act". [1979 c 3 § 1 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.020 Prior existing rights to withdraw and use public waters not affected. Nothing in this chapter shall affect any right to withdraw and use public waters if such rights were in effect prior to *the effective date of the act, and nothing herein shall modify the priority of any such existing right. [1979 c 3 § 2 (Initiative Measure No. 59, approved November 8, 1977).]

*Reviser's note: "The effective date of the act" [1979 c 3 (Initiative Measure No. 59)], consisting of RCW 90.66.010 through 90.66.080, 90.66.900, and 90.66.910, is "thirty days after the election at which it is approved" as mandated by Article II, section 1(d) of the Washington Constitution. Initiative Measure No. 59 was approved by the voters at the election November 8, 1977, and was so certified by the governor on December 8, 1977.

90.66.030 Public policy enunciated—Maximum benefit from use of public waters—Irrigation. The people of the state of Washington recognize that it is in the public interest to conserve and use wisely the public surface and ground waters of the state in a manner that will assure the maximum benefit to the greatest possible number of its citizens. The maximum benefit to the greatest number of citizens through the use of water for the irrigation of agricultural lands will result from providing for the use of such water on family farms. To assure that future permits issued for the use of public waters for irrigation of agricultural lands will be made on the basis of deriving such maximum benefits, in addition to any other requirements in the law, all permits for the withdrawal of public waters for the purpose of irrigating agricultural lands after *the effective date of this act shall be issued in accord with the provisions of this chapter. [1979 c 3 § 3 (Initiative Measure No. 59, approved November 8, 1977).]

*Reviser's note: "the effective date of this act," see note following RCW 90.66.020.

90.66.040 Definitions. For the purposes of this chapter, the following definitions shall be applicable:

(1) "Family farm" means a geographic area including not more than two thousand acres of irrigated agricultural lands, whether contiguous or noncontiguous, the controlling interest in which is held by a person having a controlling interest in no more than two thousand acres of irrigated agricultural lands in the state of Washington which are irrigated under rights acquired after *the effective date of this act.

(2) "Person" means any individual, corporation, partnership, limited partnership, organization, or other entity whatsoever, whether public or private. The term "person" shall include as one person all corporate or partnership entities with a common ownership of more than one-half of the assets of each of any number of such entities.

(3) "Controlling interest" means a property interest that can be transferred to another person, the percentage interest so transferred being sufficient to effect a change in control of the landlord's rights and benefits. Ownership of property held in trust shall not be deemed a controlling interest where no part of the trust has been established through expenditure or assignment of assets of the beneficiary of the trust and where the rights of the family farm permit which is a part of the trust cannot be transferred to another by the beneficiary of the trust under terms of the trust. Each trust of a separate donor origin shall be treated as a separate entity and the administration of property under trust shall not represent a controlling interest on the part of the trust officer.

(4) "Department" means the department of ecology of the state of Washington.

(5) "Application", "permit" and "public waters" shall have the meanings attributed to these terms in chapters 90.03 and 90.44 RCW.

(6) "Public water entity" means any public or governmental entity with authority to administer and operate a system to supply water for irrigation of agricultural lands. [1979 c 3 § 4 (Initiative Measure No. 59, approved November 8, 1977).]

*Reviser's note: "the effective date of this act," see note following RCW 90.66.020.

90.66.050 Classes of permits for withdrawal of public waters for irrigation purposes—Conditions—Requirements. After *the effective date of this act, all permits issued for the withdrawal of public waters for the purpose of irrigating agricultural lands shall be classified as follows and issued with the conditions set forth in this chapter:

(1) "Family farm permits". Such permits shall limit the use of water withdrawn for irrigation of agricultural lands to land qualifying as a family farm.

(2) "Family farm development permits". Such permits may be issued to persons without any limit on the number of acres to be irrigated during a specified period of time permitted for the development of such land into family farms and the transfer of the controlling interest of such irrigated lands to persons qualifying for family farm permits. The initial period of time allowed for development and transfer of such lands to family farm status shall not exceed ten years. Such time limit may be extended by the department for not to exceed an additional ten years upon a showing to the department that an additional period of time is needed for orderly development and transfer of controlling interests to persons who can qualify for family farm permits.

(3) "Publicly owned land permits". Such permits shall be issued only to governmental entities permitting the irrigation of publicly owned lands.

(4) "Public water entity permits". Such permits may be issued to public water entities under provisions requiring such public water entity, with respect to delivery of water for use in the irrigation of agricultural lands, to make water deliveries under the same provisions as would apply if separate permits were issued for persons eligible for family farm permits, permits to develop family farms, or for the irrigation of publicly owned land: PROVIDED, HOWEVER, That such provisions shall not apply with respect to water deliveries on federally authorized reclamation projects if such federally authorized projects provide for acreage limitations in water delivery contracts. [1979 c 3 § 5 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.060 Withdrawal of water under family farm permit—Conditioned upon complying with definition of family farm—Suspension of permit, procedures, time.

(1) The right to withdraw water for use for the irrigation of agricultural lands under authority of a family farm permit shall have no time limit but shall be conditioned upon the land being irrigated complying with the definition of a family farm as defined at the time the permit is issued: PROVIDED, HOWEVER, That if the acquisition by any person of land and water rights by gift, devise, bequest, or by way of bona fide satisfaction of a debt, would otherwise cause land being irrigated pursuant to a family farm permit to lose its status as a family farm, such acquisition shall be deemed to have no effect upon the status of family farm water permits pertaining to land held or acquired by the person acquiring such land and water rights if all lands held or acquired are again in compliance with the definition of a family farm within five years from the date of such acquisition.

(2) If the department determines that water is being withdrawn under a family farm permit for use on land not in conformity with the definition of a family farm, the department shall notify the holder of such family farm permit by personal service of such fact and the permit shall be suspended two years from the date of receipt of notice unless the person having a controlling interest in said land satisfies the department that such land is again in conformity with the definition of a family farm. The department may, upon a showing of good cause and reasonable effort to attain compliance on the part of the person having the controlling interest in such land, extend the two year period prior to suspension. If conformity is not achieved prior to five years from the date of notice the rights of withdrawal shall be canceled. [1979 c 3 § 6 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.070 Transfer of property entitled to water under permit—Rights—Requirements. (1) At any time that the holder of a family farm development permit or a publicly owned land permit shall transfer the controlling interest of all or any portion of the land entitled to water under such permit to a person who can qualify to receive water for irrigation of such land under a family farm permit, the department shall, upon request, issue a family farm permit to such person under the same conditions as would have been applicable if such request had been made at the time of the granting of the original family farm development permit. If the permit under which water is available is held by a public water entity prior to the transfer of the controlling interest to a person who qualifies for a family farm permit, such entity shall continue delivery of water to such land without any restriction on the length of time of delivery not applicable generally to all its water customers.

(2) The issuance of a family farm permit secured through the acquisition of land and water rights from the holder of a family farm development permit, or from the holder of a publicly owned land permit, where water delivery prior to the transfer is from a public water entity, may be conditioned upon the holder of the family farm permit issued continuing to receive water through the facilities of the public water entity. [1979 c 3 § 7 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.080 Rules and regulations—Decisions, review. The department is hereby empowered to promulgate such rules as may be necessary to carry out the provisions of this chapter. Decisions of the department, other than rule making, shall be subject to review in accordance with chapter 43.21B RCW. [1979 c 3 § 8 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.900 Liberal construction—Initiative Measure No. 59. This chapter is exempted from the rule of strict construction and it shall be liberally construed to give full effect to the objectives and purposes for which it was enacted. [1979 c 3 § 9 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.910 Severability—Initiative Measure No. 59. If any provision of this act, or its application to any person, organization, or circumstance is held invalid or unconstitutional, the remainder of the act, or the application of the provision to other persons, organizations, or circumstances is not affected. [1979 c 3 § 10 (Initiative Measure No. 59, approved November 8, 1977).]

Reviser's note—Sunset Act application: The Puget Sound water quality authority is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.369. RCW 90.70.001 through 90.70.060, 90.70.070, 90.70.080, and 90.70.901 are scheduled for future repeal under RCW 43.131.370.

90.70.001 Legislative findings—Policy. The legislature finds that Puget Sound and related inland marine waterways of Washington state represent a unique and unparalleled resource. A rich and varied range of marine organisms, composing an interdependent, sensitive communal ecosystem reside in these sheltered waters. Residents of this region enjoy a way of life centered around the waters of Puget Sound, featuring accessible recreational opportunities, world-class port facilities and water transportation systems, harvest of marine food resources, shoreline-oriented life styles, water-dependent industries, tourism, irreplaceable aesthetics and other activities, all of which to some degree depend upon a clean and healthy marine resource.

The legislature further finds that the consequences of careless husbanding of this resource have been dramatically illustrated in inland waterways associated with older and more extensively developed areas of the nation. Recent reports concerning degradation of water quality within this region's urban embayments raise alarming possibilities of similar despoliation of Puget Sound and other state waterways. These examples emphasize that the costs of restoration of aquatic resources, where such restoration is possible, greatly exceed the costs of responsible preservation.

The legislature declares that utilization of the Puget Sound resource carries a custodial obligation for preserving it. The people of the state have the unique opportunity to preserve this gift of nature, an understanding of the results of inattentive stewardship, the technical knowledge needed for control of degradation, and the obligation to undertake such control.

The legislature further finds that the large number of governmental entities that now affect the water quality of Puget Sound have diverse interests and limited jurisdictions which cannot adequately address the cumulative, wide-ranging impacts which contribute to the degradation of Puget Sound. It is therefore the policy of the state of Washington to create a single entity with adequate resources to develop a comprehensive plan for water quality protection in Puget Sound to be implemented by existing state and local government agencies. [1985 c 451 § 1.]

Sunset Act application: See note following chapter digest.

(e) Expected environmental benefits;

(f) Availability of information related to the actions and activities; and

(g) Requirements of other state or federal laws, rules, and policies.

When a state agency proposes to adopt a rule applicable beyond the Puget Sound area, and that rule was originally proposed to implement an element of the plan, the state agency shall ensure that early and meaningful participation by interested members of the public is provided from all geographic areas to which the rule will be applicable.

(3) To implement this chapter, counties, cities, and towns are authorized to adopt ordinances, rules, and regulations that are applicable on less than a county-wide, city-wide, or town-wide basis. Counties, cities, and towns are encouraged to adopt ordinances, rules, and regulations that protect Puget Sound water quality before the adoption of the plan by the authority. [1990 c 115 § 7; 1985 c 451 § 10.]

[1990 c 115 § 8.]

90.70.100 Oil spill prevention and response responsibilities not duplicative of marine oversight board.

Authority recommendations for oil spill prevention and response shall not be duplicative of those responsibilities given to the marine oversight board under RCW 90.56.450. The authority may incorporate the findings and recommendations of the marine oversight board into the plan or revisions of the plan submitted to the United States environmental protection agency pursuant to the federal clean water act, 33 U.S.C. Sec. 1330. [1991 c 200 § 502.]

90.72.030 Shellfish protection districts—Establishment—Governing body—Programs. The legislative authority of each county having shellfish tidelands within its boundaries is authorized to establish a shellfish protection district to include areas in which nonpoint pollution threatens the water quality upon which the con-

tinuation or restoration of shellfish farming or harvesting is dependent. The legislative authority shall constitute the governing body of the district and shall adopt a shellfish protection program to be effective within the district. The legislative authority may appoint a local advisory council to advise the legislative authority in preparation and implementation of shellfish protection programs. This program shall include any elements deemed appropriate to deal with the nonpoint pollution threatening water quality, including, but not limited to, requiring the elimination or decrease of contaminants in storm water runoff, establishing monitoring, inspection, and repair elements to ensure that on-site sewage systems are adequately maintained and working properly, assuring that animal grazing and manure management practices are consistent with best management practices, and establishing educational and public involvement programs to inform citizens on the causes of the threatening nonpoint pollution and what they can do to decrease the amount of such pollution. An element may be omitted where another program is effectively addressing those sources of nonpoint water pollution. Within the limits of RCW 90.72.040 and 90.72.070, the county legislative authority shall have full jurisdiction and authority to manage, regulate, and control its programs and to fix, alter, regulate, and control the fees for services provided and charges or rates as provided under those programs. Programs established under this chapter, may, but are not required to, be part of a system of sewerage as defined in RCW 36.94.010. [1992 c 100 § 2; 1985 c 417 § 3.]

Findings—1992 c 100: "The legislature finds that shellfish harvesting is important to our economy and way of life. Washington state is an international leader in the cultivation and production of shellfish. However, large portions of the state's productive recreational and commercial shellfish beds are closed to harvesting, and more are threatened, because of water pollution. The legislature finds that the problem of shellfish bed closures demands a public policy solution and that the state, local governments, and individuals must each take strong and swift action or this precious resource will be lost.

It is the goal of the legislature to prevent further closures of recreational and commercial shellfish beds, to restore water quality in saltwater tidelands to allow the reopening of at least one restricted or closed shellfish bed each year, and to ensure Washington state's commanding international position in shellfish production.

The legislature finds that failing on-site sewage systems and animal waste are the two most significant causes of shellfish bed closures over the past decade. Remedial actions at the local level are required to effectively address these problems.

The legislature finds that existing entities, including conservation districts and local health departments, should be used by counties to address the water quality problems affecting the recreational and commercial shellfish harvest.

The legislature finds that local action in each watershed where shellfish are harvested is required to protect this vital resource. The legislature hereby encourages all counties having saltwater tidelands within their boundaries to establish shellfish protection districts and programs designed to prevent any further degradation and contamination and to allow for restoration and reopening of closed shellfish growing areas." [1992 c 100 § 1.]

90.72.040 Shellfish protection districts—Creation—Boundaries—Cooperation with governmental entities—Abolition—Referendum to repeal creation—Certain fees not permitted. (1) The county legislative authority may create a shellfish protection district on its own motion or by submitting the question to the voters of the proposed district and obtaining the approval of a majority of those voting. The boundaries of the district shall be determined by the

legislative authority. The legislative authority may create more than one district. A district may include any area or areas within the county, whether incorporated or unincorporated. Counties shall coordinate and cooperate with cities, towns, and water-related special districts within their boundaries in establishing shellfish protection districts and carrying out shellfish protection programs. Where a portion of the proposed district lies within an incorporated area, the county shall develop procedures for the participation of the city or town in the determination of the boundaries of the district and the administration of the district, including funding of the district's programs. The legislative authority of more than one county may by agreement provide for the creation of a district including areas within each of those counties. County legislative authorities are encouraged to coordinate their plans and programs to protect shellfish growing areas, especially where shellfish growing areas are located within the boundaries of more than one county. The legislative authority or authorities creating a district may abolish a shellfish protection district on its or their own motion or by submitting the question to the voters of the district and obtaining the approval of a majority of those voting.

(2) If the county legislative authority creates a shellfish protection district by its own motion, any registered voter residing within the boundaries of the shellfish protection district may file a referendum petition to repeal the ordinance that created the district. Any referendum petition to repeal the ordinance creating the shellfish protection district shall be filed with the county auditor within seven days of passage of the ordinance. Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in creation of the shellfish protection district and a negative answer to the question and a negative vote on the measure results in the shellfish protection district not being created. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the shellfish protection district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title and full text of the measure to be referred. The county auditor shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the county auditor shall submit the referendum measure to the registered voters residing in the shellfish protection district in a special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. The special election may be conducted by mail ballot as provided for in chapter 29.36 RCW.

(3) The county legislative authority shall not impose fees, rates, or charges for shellfish protection district programs upon properties on which fees, rates, or charges are imposed to pay for another program to eliminate or decrease

contamination in storm water runoff. [1992 c 100 § 3; 1985 c 417 § 4.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.045 Shellfish protection districts—Programs required after closure or downgrading of growing area classification. The county legislative authority shall create a shellfish protection district and establish a shellfish protection program to address causes of pollution within one hundred eighty days after the department of health, because of water quality degradation due to ongoing nonpoint sources of pollution, has, after June 11, 1992, closed or downgraded the classification of a recreational or commercial shellfish growing area within the boundaries of the county. [1992 c 100 § 4.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.060 Decisions addressing conflicting uses—Integration of the state environmental policy act and county ordinances and resolutions with programs. Whenever a governmental entity makes a decision which addresses a matter in which there is a conflict between (1) on the one hand, a proposed development, proposed change in land use controls, or proposed change in the provision of utility services; and (2) on the other hand, the long-term use of an area for the growing or harvesting of shellfish, which area is within the boundaries of a shellfish protection district, then the governmental entity making the decision must observe the requirements of chapter 43.21C RCW and county ordinances or resolutions integrating the state environmental policy act of 1971 into the various programs under county jurisdiction. [1985 c 417 § 6.]

90.72.065 Plans to control pollution effects of animal waste—Contracts with conservation districts. Within available funding and as specified in the shellfish protection program, counties creating shellfish protection districts shall contract with conservation districts to draft plans with landowners to control pollution effects of animal waste. [1992 c 100 § 5.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.070 Program financing—Activities not subject to fees, rates, or charges—Collection of charges or rates. The county legislative authority establishing a shellfish protection district may finance the protection program through (1) county tax revenues, (2) reasonable inspection fees and similar fees for services provided, (3) reasonable charges or rates specified in its protection program, or (4) federal, state, or private grants. Confined animal feeding operations subject to the national pollutant discharge elimination system and implementing regulations shall not be subject to fees, rates, or charges by a shellfish protection district. Facilities permitted and assessed fees for wastewater discharge under the national pollutant discharge elimination system shall not be subject to fees, rates, or charges for wastewater discharge by a shellfish protection district. Lands classified as forest land under chapter 84.33 RCW and timber land under chapter 84.34 RCW shall not be subject to fees, rates, or charges by a shellfish protection district. Counties may collect charges or rates in the manner deter-

mined by the county legislative authority. [1992 c 100 § 6; 1985 c 417 § 7.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.080 State water quality financial assistance—Priority to counties with shellfish protection districts. Counties that have formed shellfish protection districts shall receive high priority for state water quality financial assistance to implement shellfish protection programs, including grants and loans provided under chapters 43.99F, 70.146, and 90.50A RCW. [1992 c 100 § 7.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.900 Certain authority of counties not affected by chapter. This chapter shall not be considered as diminishing or affecting the authority of a county to adopt and enforce programs or controls, within all or a portion of the county, to deal with nonpoint pollution. [1985 c 417 § 8.]

90.72.905 Severability—1992 c 100. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 100 § 10.]

90.76.005 Legislative finding and intent. The legislature finds that leaking underground storage tanks containing petroleum and other regulated substances pose a serious threat to human health and the environment. To address this threat, the legislature intends for the department of ecology to establish an underground storage tank program designed, operated, and enforced in a manner that, at a minimum, meets the requirements for delegation of the federal underground storage tank program of the resource conservation and recovery act of 1976, as amended (42 U.S.C. Sec. 6901, et seq.). The legislature intends that state-wide requirements for underground storage tanks adopted by the department be consistent with and no less stringent than the objectives outlined in the federal regulations.

The legislature further finds that certain areas of the state possess physical characteristics that make them espe-

cially vulnerable to threats from leaking underground storage tanks and that in these environmentally sensitive areas, local requirements more stringent than the state-wide requirements may apply. [1989 c 346 § 1.]

90.76.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Director" means the director of the department.

(3) "Federal act" means the federal resource conservation and recovery act, as amended (42 U.S.C. Sec. 6901, et seq.).

(4) "Federal regulations" means the underground storage tanks regulations (40 C.F.R. Secs. 280 and 281) adopted by the United States environmental protection agency under the federal act.

Except as provided in this section and any rules adopted by the department under this chapter, the definitions contained in the federal regulations apply to the terms in this chapter. [1989 c 346 § 2.]

90.76.020 Department's powers and duties. (1) By July 1, 1990, the department shall adopt rules establishing requirements for all underground storage tanks that are regulated under the federal act, taking into account the various classes or categories of tanks to be regulated. The rules must be consistent with and no less stringent than the federal regulations and consist of requirements for the following:

(a) New underground storage tank system design, construction, installation, and notification;

(b) Upgrading existing underground storage tank systems;

(c) General operating requirements;

(d) Release detection;

(e) Release reporting;

(f) Out-of-service underground storage tank systems and closure; and

(g) Financial responsibility for underground storage tanks containing regulated substances.

(2) By July 1, 1990, the department shall adopt rules:

(a) Establishing physical site criteria to be used in designating local environmentally sensitive areas;

(b) Establishing procedures for local government application for this designation; and

(c) Establishing procedures for local government adoption and department approval of rules more stringent than the state-wide standards in these designated areas.

(3) By July 1, 1990, the department shall establish by rule an administrative and enforcement program that is consistent with and no less stringent than the program required under the federal regulations in the areas of:

(a) Compliance monitoring, including procedures for recordkeeping and a program for systematic inspections;

(b) Enforcement;

(c) Public participation; and

(d) Information sharing.

(4) By July 1, 1990, the department shall establish a program that provides for the tagging of underground storage tanks. Tanks are not eligible for tagging unless the owner or operator is in compliance with the requirements of this

chapter and annual state and local tank fees have been remitted. The tank tagging program shall be designed to ensure that tags will be clearly identifiable to persons delivering regulated substances to underground storage tanks.

(5) The department may establish programs to certify persons who conduct inspections, testing, closure, cathodic protection, interior tank lining, corrective action, or other activities required under this chapter. Certification programs shall be designed to ensure that each certification will be effective in all jurisdictions of the state.

(6) When adopting rules under this chapter, the department shall consult with the state building code council to ensure coordination with the building and fire codes adopted under chapter 19.27 RCW. [1989 c 346 § 3.]

90.76.030 Administration and enforcement program. (1) The department shall establish a state-wide underground storage tank administration and enforcement program that encourages the delegation of program responsibilities to a qualified city, town, or county. The department shall adopt rules establishing requirements for the delegation of program elements. The department shall provide for an appropriate distribution of resources collected under RCW 90.76.090 between the department and the city, town, or county to cover the cost of delegated responsibilities and shall ensure that these moneys be distributed to the city, town, or county upon delegation of program responsibilities.

(2) A city, town, or county may apply to the department for delegation of program responsibilities of part or all of the underground storage tank program within its jurisdictional boundaries. A fire protection district or political subdivision may enter into an agreement under chapter 39.34 RCW with a city, town, or county to assume all or a portion of delegated program responsibilities.

(3) In jurisdictions where partial delegation of program responsibilities occurs, the department shall administer and enforce those program elements not delegated. The department shall administer and enforce the entire underground storage tank program in jurisdictions where no delegation of program responsibilities has occurred. [1989 c 346 § 4.]

90.76.040 Environmentally sensitive areas. (1) A city, town, or county may apply to the department to have an area within its jurisdictional boundaries designated an environmentally sensitive area. A city, town, or county may submit a joint application with any other city, town, or county for joint administration under chapter 39.34 RCW of a single environmentally sensitive area located in both jurisdictions.

(2) A city, town, or county may adopt proposed ordinances or resolutions establishing requirements for underground storage tanks located within an environmentally sensitive area that are more stringent than the state-wide standards established under RCW 90.76.020. If application for the designation of an environmentally sensitive area is made later than five years after the date of final adoption of the rules required under this chapter, proposed local ordinances and resolutions shall only apply to new underground storage tank installations. The local government adopting the ordinances and resolutions shall submit them to the department for approval. Disapproved ordinances and

resolutions may be modified and resubmitted to the department for approval. Proposed local ordinances and resolutions become effective when approved by the department.

(3) The department shall approve or disapprove each proposed local ordinance or resolution based on the following criteria:

(a) The area to be regulated is found to be an environmentally sensitive area based on rules adopted by the department; and

(b) The proposed local regulations are reasonably consistent with previously approved local regulations for similar environmentally sensitive areas.

(4) A city, town, or county for which a proposed local ordinance or resolution establishing more stringent requirements is approved by the department may establish local tank fees that meet the requirements of RCW 90.76.090, if such fees are necessary for enhanced program administration or enforcement. [1989 c 346 § 5.]

90.76.050 Delivery of regulated substances. Regulated substances shall not be delivered to any underground storage tank in the state required to be tagged under RCW 90.76.020 unless proof of valid tagging is displayed on such tank itself or the dispensing or measuring device connected thereto or, where appropriate, in the office or kiosk of the facility where the tank is located. A supplier shall not refuse to deliver regulated substances to an underground storage tank regulated under this chapter on the basis of its potential to leak contents where the tank is either tagged as required in RCW 90.76.020 or is in compliance with federal underground storage tank regulations and any state or local regulations then in effect. This section does not apply to a supplier who does not directly transfer a regulated substance into an underground storage tank. [1989 c 346 § 6.]

90.76.060 Investigation and access. (1) If necessary to determine compliance with the requirements of this chapter, an authorized representative of the state engaged in compliance inspections, monitoring, and testing may, by request, require an owner or operator to submit relevant information or documents. The department may subpoena witnesses, documents, and other relevant information that the department deems necessary. In the case of any refusal to obey the subpoena, the superior court for any county in which the person is found, resides, or transacts business has jurisdiction to issue an order requiring the person to appear before the department and give testimony or produce documents. Any failure to obey the order of the court may be punished by the court as contempt.

(2) Any authorized representative of the state may require an owner or operator to conduct monitoring or testing.

(3) Upon reasonable notice, an authorized representative of the state may enter a premises or site subject to regulation under this chapter or in which records relevant to the operation of an underground storage tank system are kept. In the event of an emergency or in circumstances where notice would undermine the effectiveness of an inspection, notice is not required. The authorized representative may copy these records, obtain samples of regulated substances,

and inspect or conduct monitoring or testing of an underground storage tank system.

(4) For purposes of this section, the term "authorized representative" or "authorized representative of the state" means an enforcement officer, employee, or representative of the department or a local government unit that has obtained enforcement authority under RCW 90.76.030. [1989 c 346 § 7.]

90.76.070 Enforcement. The director may seek appropriate injunctive or other judicial relief by filing an action in Thurston county superior court or issue such order as the director deems appropriate to:

(1) Enjoin any threatened or continuing violation of this chapter;

(2) Restrain immediately and effectively a person from engaging in unauthorized activity that results in a violation of any requirement of this chapter and is endangering or causing damage to public health or the environment;

(3) Require compliance with requests for information, access, testing, or monitoring under RCW 90.76.060; or

(4) Assess and recover civil penalties authorized under RCW 90.76.080. [1989 c 346 § 8.]

90.76.080 Penalties. (1) A person who fails to notify the department pursuant to tank notification requirements or who submits false information is subject to a civil penalty not to exceed five thousand dollars per violation.

(2) A person who violates this chapter is subject to a civil penalty not to exceed five thousand dollars for each tank per day of violation. [1989 c 346 § 9.]

90.76.090 Annual tank fee. (1) An annual state tank fee of sixty dollars per tank for fiscal years ending June 30, 1990, and June 30, 1991, and seventy-five dollars per tank each fiscal year thereafter, shall be paid no later than the December 31st of each fiscal year by every person who:

(a) Owns an underground storage tank located in this state; and

(b) Was required to provide notification to the department under the federal act.

This fee is not required of persons who have (i) permanently closed their tanks, and (ii) if required, have completed corrective action in accordance with the rules adopted under this chapter.

(2) The department may authorize the imposition of additional annual local tank fees in environmentally sensitive areas designated under RCW 90.76.040. Annual local tank fees may not exceed fifty percent of the annual state tank fee.

(3) State and local tank fees collected under this section shall be deposited in the account established under RCW 90.76.100.

(4) Other than the annual local tank fee authorized for environmentally sensitive areas, no local government may levy an annual tank fee on the ownership or operation of an underground storage tank. [1989 c 346 § 10.]

90.76.100 Underground storage tank account. The underground storage tank account is created in the state treasury. Money in the account may only be spent, subject

to legislative appropriation, for the administration and enforcement of the underground storage tank program established under this chapter. The account shall contain:

(1) All fees collected under RCW 90.76.090; and

(2) All fines or penalties collected under RCW 90.76.080. [1991 sp.s. c 13 § 72; 1989 c 346 § 11.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

90.76.110 Preemption. (1) Except as provided in RCW 90.76.040 and subsections (2), (3), (4), and (5) of this section, the rules adopted under this chapter supersede and preempt any state or local underground storage tank law, ordinance, or resolution governing any aspect of regulation covered by the rules adopted under this chapter.

(2) Provisions of the uniform fire code adopted under chapter 19.27 RCW, which are not more stringent than, and do not directly conflict with, rules adopted under this chapter are not superseded or preempted.

(3) Local laws, ordinances, and resolutions pertaining to local authority to take immediate action in response to a release of a regulated substance are not superseded or preempted.

(4) City, town, or county underground storage tank ordinances that are more stringent than the federal regulations and the uniform codes adopted under chapter 19.27 RCW and that are in effect on November 1, 1988, are not superseded or preempted. A city, town, or county with an ordinance that meets these criteria shall notify the department of the existence of that ordinance by July 1, 1989.

(5) Local laws, ordinances, and resolutions pertaining to permits and fees for the use of underground storage tanks in street right of ways that were in existence prior to July 1, 1990, are not superseded or preempted. [1991 c 83 § 1; 1989 c 346 § 12.]

90.76.120 Annual report. The department shall submit an annual report to the appropriate standing committees of the legislature for five years beginning January 1, 1990, on the implementation of the underground storage tank regulatory program, including a report on state and local tank fees. This report shall detail the number of corrective actions taken with regard to leaking underground storage tanks and their associated costs, including anticipated future cleanup costs. [1989 c 346 § 13.]

90.76.900 Captions not law. Section headings used in this chapter do not constitute any part of the law. [1989 c 346 § 15.]

90.76.901 Severability—1989 c 346. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 346 § 14.]

90.76.902 Effective date—1989 c 346. (1) Except as provided in subsection (2) of this section, RCW 90.76.050, 90.76.110, and 19.27.080 take effect on July 1, 1990.

(2) This section shall apply only if this act becomes effective as provided under *section 20(2) of this act. [1989 c 346 § 18.]

***Reviser's note:** Section 20(2) is an uncodified section that made a state reinsurance program for owners and operators of underground storage tanks a prerequisite to 1989 c 346 taking effect. 1989 c 383 created such a program.

90.76.903 Expiration date—1989 c 346. RCW 90.76.010 through 90.76.120 and 90.76.901 shall expire July 1, 1999. [1989 c 346 § 17.]

Reviser's note: 1989 c 346 directed that this section be added to chapter 43.131 RCW. Since that placement seems inappropriate, this section has been codified as part of chapter 90.76 RCW.

91.08.010 Public waterways authorized. Whenever in any county of this state the owners of lands bordering upon or accessible to any navigable water shall desire to improve their said lands, hereinafter designated as the "district," by the construction of a new public waterway, or the deepening or enlargement of an existing public waterway, for the floatage of vessels and the drainage of swamp and overflowed lands, and the proposed improvement will increase the public revenues and be of other public benefit, they may present the plan of such proposed waterway to the board of county commissioners of such county, hereinafter designated the "board," and have the same acted upon as provided in this chapter. [1911 c 23 § 1; RRS § 9777.]

91.08.020 Accessible lands defined. Lands shall be deemed accessible to such waterway when by reason of their nearness to the same their value will be materially increased by the construction or deepening or widening of such waterway. [1911 c 23 § 2; RRS § 9778.]

91.08.030 Petition—By whom signed—Contents—Notice of filing—Discharge of proceedings. The plan of such proposed waterway shall be presented to the board by a written petition of owners of lands which it is represented will be improved by the construction, deepening or widening of such waterway; and such petition shall be signed by the owners of thirty-five percent or more of the area of lands in the district, and shall be verified by one or more of the petitioners to the effect that the signatures attached are the genuine signature of the persons or corporations signing the same. Each petitioner shall add a description of the lands he owns. If petitioners are unmarried persons they shall so state. If lands are owned by married persons, husband and wife shall join in the petition. If a petitioner is a corporation, the signature shall be accompanied by a certified copy of a resolution of the board of directors or trustees of the corporation authorizing the person signing the petition for the corporation to execute it. If lands included in the petition are owned by minors, insane persons, or other persons under guardianship in this state, the petition may be signed by the guardians of such persons: PROVIDED, That the signature be accompanied by a certified copy of an order of the superior court having the guardianship of such person in charge, authorizing the guardian to sign the petition. A petition may consist of one or more separate papers or sheets which are identified with the subject matter.

The petitioners shall file with the board, with their petition, a map of the lands in the district and a statement showing each separate ownership of lands as shown by the public records of the county, and their location in the county, with the names of the owners as shown by such records, and the location of the proposed waterway if a new waterway is to be constructed. If an existing waterway is to be deepened the map shall show its location, and if it is to be widened the map shall show its location and the extent to which it is to

be widened. With the petition there shall also be presented satisfactory evidence from the real property records of the county that the petitioners are severally the owners in fee simple of their respective tracts of land, and that all taxes and assessments due thereon are paid. If it is proposed that any lands in the district shall be filled with the material dug or dredged from such waterway, the petition shall so state, and the map of the district and plan of the improvement shall show the location, depth and yardage of such fill. The petition may also fix the price per cubic yard at which such fill shall be charged to the land filled, which charge shall be added to the assessment for the improvement to be made upon such lands and be paid as a part thereof. If the price of filling is not fixed by the petition it may be fixed by the board.

At any time after the filing of such petition one or more of the petitioners may file and record in the office of the auditor of the county, notice of the pendency of the proceeding, describing the boundaries of the proposed district, and from the time of such filing all persons shall be deemed to have notice of the pendency of the proceeding and be bound thereby. Upon the hearing upon such petition, hereinafter provided, if the same be denied any person interested may file in the office of said county auditor a certified copy of the order denying the same, whereupon the auditor shall enter the discharge of the notice of the pendency of the proceeding on the margin of the record thereof. And the like discharge may be filed whenever the proceeding is terminated for any other reason. [1911 c 23 § 3; RRS § 9779. Formerly RCW 91.08.030, 91.08.040, and 91.08.050.]

91.08.060 Cost bond filed with petition. Said petitioners shall at the time of filing their petition with the board, file a bond executed by one or more of their number as principals, and in behalf of all, and by a surety corporation authorized to become surety upon public bonds in this state, which bond shall run to the state of Washington as obligee and be in the sum of five hundred dollars, conditioned that they will pay all costs of the proceeding in case for any reason the petition shall not be granted, or in case no fund shall thereafter be created for the payment of the expense attending said proposed waterway improvement. And said petitioners shall, from time to time as the board shall estimate and order, pay the costs and expenses of such proceeding. [1911 c 23 § 4; RRS § 9780.]

91.08.070 Petition may be amended—Order for hearing—Notice—Record. The petition, after the filing thereof, shall be taken up and considered by the county legislative authority at the next regular or special meeting thereof, or as soon thereafter as may be convenient, and if the petition be defective in any particular it may be amended and an adjournment of the matter may be had to permit of the amendment, for a time not exceeding thirty days. If the petition be defective and be not sufficiently amended within the adjournment taken, it shall be dismissed. But if the petition is sufficient, or if by amendment it be made sufficient, it shall be the duty of the county legislative authority to enter an order setting a time for a public hearing thereon within thirty days from the date of the order, and directing the clerk of the county legislative authority to give notice of

the time and place of the hearing in the official newspaper of the county by publication therein at least once each week for three successive weeks before the time of hearing. The notice shall be addressed to the owners of lands not petitioning, as shown by the petition or as may be ascertained to be the fact, and to all other persons known and unknown having or claiming an interest in the lands in the district, and shall state the pendency of the proceeding, its object, the names of the signers of the petition, the number of acres of land they claim to own, the whole number of acres proposed to be improved, the boundaries of the lands to be included in the improvement district, and the time and place of hearing. And notice shall also be given that at the time and place named, or at such time as the same may be adjourned to, the board will consider the petition under the provisions of this chapter, and will hear all objections offered by interested parties and grant or refuse the petition as it may be advised. The clerk of the board shall keep a record of all orders, hearings and proceedings of the board in reference to the waterway district in a separate bound book, designated as the record of proceedings as to such district. [1985 c 469 § 96; 1911 c 23 § 5; RRS § 9781.]

91.08.080 Hearing—Findings—Order. At the time and place prescribed in the said notice any owner of land within said proposed improvement district may file with the board his written consent to the proposed improvement, and he shall then be considered as a petitioner; and if the owners of more than one half of the lands within the district, including the lands represented by the petition, shall assent to the prayer of said petition, the board shall then proceed to hear and consider any objections which may have been filed at that or any previous time, and may adjourn such hearing from day to day. If the board after full hearing on the merits of the proposed waterway shall be satisfied that the same will be of benefit to the public interests, and that private benefit will result to the lands within the district sufficient to equal the cost of the proposed improvement, they may make findings accordingly and declare their intention to establish the waterway district under the name of the ". Waterway District" and make the improvement as prayed for; but if the owners of less than one half of the lands in the district shall assent to the creation thereof and the making of the proposed improvement, the board shall deny the petition and the proceeding shall be dismissed. [1911 c 23 § 6; RRS § 9782.]

91.08.090 Board's powers and duties—In general—County immune from expense. Upon the entry of an order creating such waterway district by the board, it shall have power to perform all the duties and exercise all of the authority conferred upon it by this chapter, and shall have the right to sue and be sued in all matters pertaining to such district as the representative thereof, in the same manner and to the same extent as in all other county affairs. But such district shall bear all the expenses of such action on the part of the board, and the county shall be at no expense or charge therefor. [1911 c 23 § 7; RRS § 9783.]

91.08.100 Board's powers and duties—Right of eminent domain. Said board shall have the right of eminent

domain for the acquisition of lands necessary to the construction or widening of the proposed waterway, and may cause all necessary lands to be condemned and appropriated or damaged for the use of said waterway, and make just compensation therefor. The private property of the state, the county, and other public or quasi-public corporations (except incorporated cities and towns), and of private corporations, shall be subject to the same rights of eminent domain at the suit of said board as the property of private individuals. [1911 c 23 § 8; RRS § 9784.]

91.08.110 Bridging part of cost. Whenever in aid of the construction or widening of any such waterway it shall be necessary to cross or disturb any existing public highway or railroad, the cost of bridging the waterway or otherwise substantially continuing the highway or railroad may be ascertained and paid as a part of the cost of the improvement if such cost is not otherwise provided for. [1911 c 23 § 9; RRS § 9785.]

91.08.120 Eminent domain—Order to acquire or condemn property. Whenever the said board shall desire to condemn and acquire land, or damage lands or property for any purpose authorized by this chapter, said board shall make an order therefor wherein it shall be provided that such land or damages shall be paid for wholly by special assessment upon the property within said waterway district, and the proceeding thereafter shall be as herein specified. [1911 c 23 § 10; RRS § 9786.]

91.08.130 Eminent domain—Petition to condemn. The board shall file a petition, verified by its chairman and signed by the prosecuting attorney, in the superior court of the county, praying that the property described may be taken or damaged for the purpose specified and that compensation therefor be ascertained by a jury or by the court in case a jury be waived. Such petition shall allege the creation of the waterway district and contain a copy of the order directing the proceeding, a reasonably accurate description of the lots or parcels of land or other property which will be taken or damaged, and the names of the owners and occupants of said lands and of said persons having any interest therein so far as known to the said board, or as appears from the records in the office of the county auditor. [1911 c 23 § 11; RRS § 9787.]

91.08.140 Eminent domain—Summons. Upon the filing of the petition aforesaid a summons returnable as summons in other civil actions, shall be issued and served upon the persons made parties defendant, together with a copy of the petition, as in other civil actions; and in case any of the defendants are unknown or reside out of the state, a summons for publication shall issue and publication be made and return and proof thereof be made in the same manner as is or shall be provided by the laws of the state for service upon nonresident or unknown defendants in other civil actions. Notice so given by publication shall be sufficient to authorize the court to hear and determine the suit as though all parties had been sued by their proper names and had been personally served. [1911 c 23 § 12; RRS § 9788.]

Civil procedure—Commencement of actions: Chapter 4.28 RCW.

91.08.150 Eminent domain—Service in case of public lands—Legal counsel. In case the land or other property sought to be taken or damaged is state land, the summons and copy of petition shall be served upon the commissioner of public lands; if it is county land it shall be served upon the county auditor, and if school land, upon the county auditor and the chairman of the board of directors of the school district. Service upon other parties defendant, public or private, shall be made in the same manner as is or shall be provided by law for service of summons in other civil actions. If the state is made a defendant the attorney general shall represent it. If the county is a defendant the court shall appoint an attorney to represent it at all stages of the proceedings, and may allow him compensation for his services as costs of the proceeding. 91.08.160 Eminent domain—Finding of public use—Jury—Dismissal. Upon the return of said summons, or as soon thereafter as the business of the court will permit, the said court shall proceed to the hearing of such petition and shall adjudicate whether the proposed condemnation is for a public use, and if its judgment is that the proposed use is public, it shall empanel a jury to ascertain the just compensation to be paid for the lands or property taken or damaged, unless a jury be waived; but if any defendant or party in interest shall demand, and the court shall deem it proper, separate juries may be empanelled as to the separate compensation or damages to be paid to any one or more of such defendants or parties in interest. Should the court determine that the proposed use is not public, it shall dismiss the proceeding. [1911 c 23 § 14; RRS § 9790.]

91.08.170 Eminent domain—New parties may be admitted. The jury or court shall also ascertain the just compensation to be paid to any person found to have an interest in any lot or parcel of land or property which may be taken or damaged for such improvement, whether or not such person's name or such lot or parcel of land or other property is mentioned or described in said petition: PROVIDED, That such person shall first be admitted as a party defendant to such suit by such court and shall file a statement of his interest in, and a description of, the lot or parcel of land or other property in respect to which he claims compensation. [1911 c 23 § 15; RRS § 9791.]

Procedure after findings: RCW 91.08.210.

Substitute defendant: RCW 91.08.220.

91.08.180 Eminent domain—Jury may view property. The court may upon motion of the petitioners, or of any defendant, direct that the jury under the charge of an officer of the court and accompanied by such person or persons as may be appointed by the court to point out the property sought to be taken or damaged, shall view the lands or property taken or damaged for the proposed improvement. [1911 c 23 § 16; RRS § 9792.]

91.08.190 Eminent domain—Measure of damage to buildings. If there be any building standing in whole or in part upon any land to be taken, the jury or court shall add to the finding of the value of the land taken, the value or damage to such building as the case may require. If the entire building is taken, or if it is damaged so that it cannot be readjusted to premises of the owner, then the measure of damages shall include the fair market value of the building. If part of the building is taken, or it is damaged but can be readjusted or replaced on premises of the owner, then the measure of damages shall be the cost of readjusting or moving the building or part thereof left, together with the depreciation in the market value of said building by reason of said readjustment or moving. [1911 c 23 § 17; RRS § 9793.]

91.08.200 Eminent domain—Findings as interests appear—Interpleader. If the land and buildings belong to different parties, or if the title to the property be divided into different interests by lease or otherwise, the damage done to each of such parties or interests may be separately found by the jury or court on the written request of any party. And in making such findings the jury or court shall first find and set forth the total amount of the damage to said lands and buildings and all premises therein, estimating the same as an entire estate and as if the same were the sole property of one owner in fee simple; and they shall then apportion the damages so found among the several parties entitled to the same in proportion to their several interests and claims. But no delay in ascertaining the amount of compensation shall be occasioned by any doubt or contest which may arise as to the ownership of the property or any part thereof, or as to the extent of the interest of any defendant in the property to be taken or damaged, but in such case the jury or court shall ascertain the entire compensation or damage that should be paid for the property and the court may thereafter require adverse claimants to interplead so as to fully determine their rights and interests in the compensation so ascertained, and may make such order as may be necessary in regard to the deposit or payment of such compensation and the division thereof. [1911 c 23 § 18; RRS § 9794.]

91.08.210 Eminent domain—Procedure after findings. Upon the filing of the findings of the jury or court, the proceedings of the court regarding new trial and the entry of judgment thereon, shall be the same as in other civil actions, and the judgment shall be such as the nature of the case may require. The final judgment of the court shall be that the lands and property taken and damaged shall, upon payment of the sums awarded, vest in the county as and for a public waterway. The court shall continue or adjourn the case from time to time as to all defendants named in such petition who shall not have been served with process or brought in by publication, and new summons may issue or new publication be made at any time, and upon such defendants being brought in the court may empanel a jury to ascertain the compensation so to be made to such defendants for property taken or damaged, or may proceed without a jury if none be demanded, and like proceedings shall be had for such purpose as are herein provided. 91.08.230 Eminent domain—Guardian ad litem. When it shall appear from said petition or otherwise, at any time during the proceedings upon such petition, that any infant, insane or distracted person is interested in any property that is to be taken or damaged, the court shall appoint a guardian ad litem for such infant or insane or distracted person to appear and defend for him, her or them; and the court shall make such order or decree as it shall deem proper to protect and secure the interest of such infant or insane or distracted person in such property, or the compensation which shall be awarded therefor. [1911 c 23 § 21; RRS § 9797.]

91.08.240 Eminent domain—Damage irrespective of benefits. The compensation to be ascertained by the jury or court shall be irrespective of any benefit from the improvement proposed, and the finding shall state separately the value of land taken from any tract and the damage, if any, to remaining land by reason of the severance. [1911 c 23 § 22; RRS § 9798.]

91.08.250 Eminent domain—Finality of judgment—Appellate review—Waiver of review. Any final judgment rendered by said court upon the findings of the court or a jury, shall be the lawful and sufficient condemnation of the land or property to be taken, or of the right to damage the same in the manner proposed, upon the payment of the amount of such findings and all costs which shall be taxed as in other civil cases: PROVIDED, That in case any defendant recovers no award, no costs shall be taxed. Such judgment shall be final and conclusive as to the damages caused by such improvement, unless appellate review is sought, and no review shall delay proceedings under the order of said board if it shall pay into court for the owners and parties interested, as directed by the court, the amount of the judgment and costs; but such board after making such payment into court shall be liable to such owner or owners, or parties interested, for the payment of any further compensation which may at any time be finally awarded to such parties seeking review in said proceeding, and his or her costs, and shall pay the same on the rendition of judgment therefor and abide any rule or order of the court in relation

to the matter in controversy. In case of review by the supreme court or the court of appeals of the state, the money so paid into the superior court by the board, as aforesaid, shall remain in the custody of said superior court until the final determination of the proceedings. If the owner of the land, real estate, premises, or other property, accepts the sum awarded by the jury or the court, he shall be deemed thereby to have waived conclusively appellate review and final judgment may be rendered in the superior court as in other cases. 91.08.260 Eminent domain—Decree of appropriation. The court upon proof that the judgment, together with costs, has been paid to the person entitled thereto, or has been paid into court, shall enter an order that the board shall have the right at any time thereafter to take possession of or damage the property in respect to which such compensation shall have been so made or paid into court as aforesaid, and thereupon the title to any property so taken shall be vested in fee simple in the public as a water highway. [1911 c 23 § 24; RRS § 9800.]

91.08.270 Assessment procedure—Petition—Assessment commissioners. Said board shall, upon the entry of the condemnation judgment, file in the same proceeding a supplementary petition, praying the court that an assessment be made upon the lands in the district for the purpose of raising an amount necessary to pay the compensation and damages awarded for the property taken or damaged, with costs of the proceedings, and for the estimated cost of the proposed improvement; and the court shall thereupon appoint three competent disinterested persons as commissioners to make such assessment. Said commissioners shall include in such assessment the compensation and damages awarded for the property taken or damaged, with legal interest from the date of entry of the judgment, and with all costs and expenses of the proceedings incurred to the time of their appointment, or to the time when said proceedings was referred to them, together with the probable further costs and expenses of the proceeding, including therein the estimated cost of making and collecting such assessment. The petitioners for the improvement shall be entitled to have included in the costs of the proceeding, and repaid to them, such reasonable sums as they may have expended in preparing the maps and plans of the improvement and procuring the names of landowners for filing with the petition. Such expenditures to be approved and allowed by the court. [1911 c 23 § 25; RRS § 9801.]

91.08.280 Assessment procedure—Oath and compensation of commissioners. Said commissioners, before entering upon their duties, shall take and subscribe an oath that they will faithfully perform the duties of the office to which they are appointed, and will to the best of their

abilities make true and impartial assessments according to the law. Every commissioner shall receive compensation at the rate of five dollars per day for each day actually spent in making the assessment herein provided for, upon his filing in the proceeding a verified statement showing the number of days he has actually spent therein; and upon the approval of said statement by the judge of the court in which the proceeding is pending, the board shall issue a warrant in the amount so approved, upon the special fund created to pay the awards and costs of said proceeding; and the fees of such commissioners so paid, and all expenses returned by them and allowed by the court shall be included in the cost and expense of such proceeding. [1911 c 23 § 26; RRS § 9802.]

91.08.290 Assessment procedure—Apportionment of assessment. It shall be the duty of such commissioners to examine the lands in the district and to apportion and assess the amount of the judgment, interest and costs as hereinbefore defined, of the condemnation proceeding, and of the estimated cost of the proposed improvement, and of the price of any fill made with material dug or dredged from such waterway, upon the several lots, blocks, tracts and parcels of land in said district, in the proportion in which they will be severally benefited; which assessment shall be a proportionate charge upon each square foot of land contained in each separate lot, block, tract or parcel of land. In determining the benefit to be assessed upon any lot or parcel of land for the opening of the waterway, the commissioners shall ascertain from the finding of the court or jury whether or not it is remaining land after the severance of land taken from an original lot or parcel for right-of-way of such proposed waterway, and the damage awarded to such remaining land, if any, allowed by reason of the severance; and for such opening shall assess as benefits to such remaining land only the excess of the benefit accruing thereto over the damage awarded by the finding. [1911 c 23 § 28; RRS § 9804.]

91.08.310 Assessment procedure—Order for hearing on roll—Notice. Upon its completion the commissioners shall return their assessment roll into court, and thereupon the court shall make an order setting a time for the hearing thereon before the court, which day shall be at least thirty days after the entry of the order. The commissioners shall give notice of the assessment and of the day fixed by the court for the hearing thereon in the following manner:
