(1) The department may at any time conduct ~~((an on-site review))~~ a survey of all records and operations of a licensee ~~((or conduct in-home visits))~~ in order to determine compliance with this chapter. (2) Following ~~((an on-site review, in-home visit, or audit))~~ a survey, the department shall give written notice of any violation of this chapter or the rules adopted under this chapter. The notice shall describe the reasons for noncompliance ~~((and inform the licensee that it must comply within a specified reasonable time, not to exceed sixty days. All information received by the department through filed reports, ~~((audits, on-site reviews,))~~ surveys, and in-home visits~~((, or as otherwise authorized))~~ conducted under this chapter shall not be disclosed publicly in any manner that would identify ~~((persons))~~ individuals receiving care under this chapter.

Sec. 17. RCW 70.127.200 and 1988 c 245 s 21 are each amended to read as follows:

(1) Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law and upon the advice of the attorney general, who shall represent the

department in the proceedings, maintain an action in the name of the state for an injunction or other process against any person to restrain or prevent the advertising, operating, maintaining, managing, or opening of a home health, hospice, hospice care center, or home care agency without ((a)) an in-home services agency license under this chapter.

(2) The injunction shall not relieve the person operating an in-home services agency without a license from criminal prosecution, or the imposition of a civil fine under section 19(2) of this act, but the remedy by injunction shall be in addition to any criminal liability or civil fine. A person that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be deposited in the department's local fee account. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties. All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account.

Sec. 18. RCW 70.127.210 and 1988 c 245 s 22 are each amended to read as follows:

(1) Any person violating RCW 70.127.020 is guilty of a misdemeanor. Each day of a continuing violation is a separate violation.

(2) If any corporation conducts any activity for which a license is required by this chapter without the required license, it may be punished by forfeiture of its corporate charter. All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account.

NEW SECTION. Sec. 19. A new section is added to chapter 70.127 RCW to read as follows:

(1) The department may issue a notice of intention to issue a cease and desist order to any person whom the department has reason to believe is engaged in the unlicensed operation of an in-home services agency. The person to whom the notice of intent is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intent to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.

(2) If the department makes a final determination that a person has engaged or is engaging in unlicensed operation of an in-home services agency, the department may issue a cease and desist order. In addition, the department may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed operation of an in-home services agency. The proceeds of such fines shall be deposited in the department's local fee account.

(3) If the department makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the department may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the department. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine.

(4) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so operating an in-home services agency without a license from criminal prosecution, but the remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed operation and may be enforced under RCW 7.21.060. This method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.

NEW SECTION. Sec. 20. A new section is added to chapter 70.127 RCW to read as follows:

The legislature finds that the operation of an in-home services agency without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the

consumer protection act, chapter 19.86 RCW. Operation of an in-home services agency without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 21. A new section is added to chapter 70.127 RCW to read as follows:

(1) Applicants desiring to operate a hospice care center are subject to the following:

(h) A hospice care center may either be freestanding or a separate portion of another building.

(2) The department is authorized to develop rules to implement this section. The rules shall be specific to each hospice care center service category provided. The rules shall at least specifically address the following:

(a) Adequate space for family members to visit, meet, cook, share meals, and stay overnight with patients or clients;

(b) A separate external entrance, clearly identifiable to the public when part of an existing structure;

(c) Construction, maintenance, and operation of a hospice care center;

(d) Means to inform the public which hospice care center service categories are provided; and

(e) A registered nurse present twenty-four hours a day, seven days a week for hospice care centers delivering general inpatient services.

(3) Hospice agencies which as of January 1, 2000, operate the functional equivalent of a hospice care center through licensure as a hospital, under chapter 70.41 RCW, shall be exempt from the certificate of need requirement for hospice care centers if they apply for and receive a license as an in-home services agency to operate a hospice home care center by July 1, 2002.

Capital expenditures include donations of equipment or facilities to a nursing home facility which if acquired directly by such facility would be subject to certificate of need review under the provisions of this chapter and transfer of equipment or facilities for less than fair market value if a transfer of the equipment or facilities at fair market value would be subject to such review. (4) "Department" means the department of health.

(5) "Expenditure minimum" means, for the purposes of the certificate of need program, one million dollars adjusted by the department by rule to reflect changes in the United States department of commerce composite construction cost index; or a lesser amount required by federal law and established by the department by rule.

In addition, the term does not include any nonprofit hospital: (a) Which is operated exclusively to provide health care services for children; (b) which does not charge fees for such services; and (c) if not contrary to federal law as necessary to the receipt of federal funds by the state.

(7) "Health maintenance organization" means a public or private organization, organized under the laws of the state, which:

(a) Is a qualified health maintenance organization under Title XIII, section 1310(d) of the Public Health Services Act; or

(b)(i) Provides or otherwise makes available to enrolled participants health care services, including at least the following basic health care services: Usual physician services, hospitalization, laboratory, x-ray, emergency, and preventive services, and out-of-area coverage; (ii) is compensated (except for copayments) for the provision of the basic health care services listed in (b)(i) to enrolled participants by a payment which is paid on a periodic basis without regard to the date the health care services are provided and which is fixed without regard to the frequency, extent, or kind of health service actually provided; and (iii) provides physicians' services primarily (A) directly through physicians who are either employees or partners of such organization, or (B) through arrangements with individual physicians or one or more groups of physicians (organized on a group practice or individual practice basis).

(8) "Health services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services and includes alcoholism, drug abuse, and mental health services and as defined in federal law.

(9) "Health service area" means a geographic region appropriate for effective health planning which includes a broad range of health services.

(10) "Person" means an individual, a trust or estate, a partnership, a corporation (including associations, joint stock companies, and insurance companies), the state, or a political subdivision or instrumentality of the state, including a municipal corporation or a hospital district.

(11) "Provider" generally means a health care professional or an organization, institution, or other entity providing health care but the precise definition for this term shall be established by rule of the department, consistent with federal law.

(12) "Public health" means the level of well-being of the general population; those actions in a community necessary to preserve, protect, and promote the health of the people for which government

(13) "Secretary" means the secretary of health or the secretary's designee.

(14) "Tertiary health service" means a specialized service that meets complicated medical needs of people and requires sufficient patient volume to optimize provider effectiveness, quality of service, and improved outcomes of care.

(15) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW.

NEW SECTION. Sec. 23. A new section is added to chapter 70.38 RCW to read as follows:

Sec. 24. RCW 74.39A.050 and 1999 c 336 s 5 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, resident managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about personal care aides identified under this chapter who have substantiated findings of

abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.

(10) The department shall by rule develop training requirements for individual providers and home care agency providers. Effective March 1, 2002, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section in collaboration with providers, consumers, caregivers, advocates, family members, educators, and other interested parties, in the rule-making process, or the community long-term care training and education steering committee, if enacted. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department by rule.

(11) In an effort to improve access to training and education, the coordinated system of long-term care training and education must include flexible and innovative learning strategies that accomplish the training goals, such as competency and outcome-based models and distance learning.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training.

(13) The department shall establish, by rule, training, background checks, and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

~~((12))~~ (14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

~~((13))~~ (15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.

NEW SECTION. Sec. 25. A new section is added to chapter 74.39A RCW to read as follows:

All training curricula and material, except competency testing material, developed by the department and used in part or in whole to improve provider and caregiver knowledge and skill are in the public domain and are subject to public disclosure under chapter 42.17 RCW. Any training curricula and material developed by a private entity and used under contract or by agreement with the

department are also considered part of the public domain and shall be shared subject to any copyright restrictions. It is department's responsibility when making training materials available to the public, to identify which material has copyright or other legal restrictions on its use, and which does not. Any proprietary curricula and material developed by a private entity for training purposes in facilities licensed under chapter 18.20 or 70.128 RCW or individual providers and home care agency providers under this chapter and approved for training by the department are not part of the public domain.

Sec. 2002);

(21) Development of goals for state use of recycled and environmentally preferable products through specifications for products and services, processes for requests for proposals and requests for qualifications, contractor selection, and contract negotiations.

Sec. 3. RCW 43.19A.020 and 1996 c 198 s 1 are each amended to read as follows:

(1) The ~~((USEPA))~~ federal product standards, ~~((as now or hereafter amended))~~ adopted under 42 U.S.C. Sec. 6962(e) as it exists on the effective date of this act, are adopted as the minimum standards for the state of Washington. These standards shall be implemented for at least the products listed in ~~((a) and (b) of)~~ this subsection ~~((by the dates indicated))~~, unless the director finds that a different standard would significantly increase recycled product availability or competition.

~~((a) ((By July 1, 1997:~~

~~((i))~~ Paper and paper products;

~~((ii))~~ (b) Organic recovered materials; ~~((and~~

~~((iii))~~ (c) Latex paint products;

~~((b) By July 1, 1997:~~

~~((i))~~ (d) Products for lower value uses containing recycled plastics;

~~((ii))~~ (e) Retread and remanufactured tires;

~~((iii))~~ (f) Lubricating oils;

~~((iv))~~ (g) Automotive batteries;

~~((v))~~ (h) Building ~~((insulation))~~ products and materials;

~~((vi))~~ (i) Panelboard; and

~~((vii))~~ (j) Compost products.

(2) By July 1, 2001, the director shall adopt product standards for strawboard manufactured using as an ingredient straw that is produced as a by-product in the production of cereal grain or turf or grass seed.

(3) The standards required by this section shall be applied to recycled product purchasing by the department ~~((and))~~ other state agencies, and state postsecondary education institutions. The standards may be adopted or applied by any other local government in product procurement. The standards shall provide for exceptions under appropriate circumstances to allow purchases of recycled products that do not meet the minimum content requirements of the standards.

NEW SECTION. **Sec. 4.** The legislature encourages city, county, and state governments, the private sector, and consumers to collaborate in sharing information and becoming informed about opportunities for increasing voluntary product stewardship to support the state's recycling goals. For purposes of this section, "product stewardship" means a principle that directs all actors in the life cycle of a product to minimize impacts of that product on the environment.

Sec. 5. RCW 39.04.133 and 1996 c 198 s 5 are each amended to read as follows:

(1) The state's preferences for the purchase and use of recycled content products shall be included as a factor in the design and development of state capital improvement projects.

(2) ~~((Specifications for materials in state construction projects shall include the use of recycled content products and recyclable products whenever practicable.))~~ If a construction project receives state public funding, the product standards, as provided in RCW 43.19A.020, shall apply to the materials used in the project, whenever the administering agency and project owner determine that such products would be cost-effective and are readily available.

(3) This section does not apply to contracts entered into by a municipality.

NEW SECTION. **Sec. 6.** A new section is added to chapter 81.77 RCW to read as follows:

(1) As an incentive to increase recycling and reduce landfill disposal, the commission shall allow a solid waste collection company collecting recyclable materials from residential customers to retain a portion of the revenue derived from the sale of increased recyclable materials tonnage. In order to qualify to participate in a recycling revenue sharing program each hauler must submit to the commission a plan certified by the appropriate local government authority as being consistent with the local government solid waste management plan and specifying the 1999 per capita recycling base as determined by the local government. Provided, that customers shall receive one hundred percent of the revenue derived from the sale of recyclable materials, up to the established per capita base. Customers shall receive sixty percent of the revenue derived from the sale of recyclable materials exceeding the established per capita base.

(2) By December 2, 2004, the commission shall provide a report to the legislature that evaluates:

- (a) The effectiveness of revenue sharing as an incentive to increase recycling in the state; and
 - (b) The effect of revenue sharing on costs to customers.
- (3) This section expires December 31, 2005.

Sec. 7. RCW 70.95.010 and 1989 c 431 s 1 are each amended to read as follows:

The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) Waste reduction must become a fundamental strategy of solid waste management. It is therefore necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility.

(5) Source separation of waste must become a fundamental strategy of solid waste management. Collection and handling strategies should have, as an ultimate goal, the source separation of all materials with resource value or environmental hazard.

(6)(a) It is the responsibility of every person to minimize his or her production of wastes and to separate recyclable or hazardous materials from mixed waste.

(b) It is the responsibility of state, county, and city governments to provide for a waste management infrastructure to fully implement waste reduction and source separation strategies and to process and dispose of remaining wastes in a manner that is environmentally safe and economically sound. It is further the responsibility of state, county, and city governments to monitor the cost-effectiveness and environmental safety of combusting separated waste, processing mixed waste, and recycling programs.

(c) It is the responsibility of county and city governments to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies.

(d) It is the responsibility of state government to ensure that local governments are providing adequate source reduction and separation opportunities and incentives to all, including persons in both rural and urban areas, and nonresidential waste generators such as commercial, industrial, and institutional entities, recognizing the need to provide flexibility to accommodate differing population densities, distances to and availability of recycling markets, and collection and disposal costs in each community; and to provide county and city governments with adequate technical resources to accomplish this responsibility.

(7) Environmental and economic considerations in solving the state's solid waste management problems requires strong consideration by local governments of regional solutions and intergovernmental cooperation.

(8) The following priorities for the collection, handling, and management of solid waste are necessary and should be followed in descending order as applicable:

- (a) Waste reduction;
- (b) Recycling, with source separation of recyclable materials as the preferred method;
- (c) Energy recovery, incineration, or landfill of separated waste;
- (d) Energy recovery, incineration, or landfilling of mixed wastes.

(9) It is the state's goal to achieve a fifty percent recycling rate by ~~((1995))~~ 2005.

(10) It is the state's goal that programs be established to eliminate disposal of residential or commercial yard debris in landfills by 2010.

(11) Steps should be taken to make recycling at least as affordable and convenient to the ratepayer as mixed waste disposal.

~~((11))~~ (12) It is necessary to compile and maintain adequate data on the types and quantities of solid waste that are being generated and to monitor how the various types of solid waste are being managed.

~~((12))~~ (13) Vehicle batteries should be recycled and the disposal of vehicle batteries into landfills or incinerators should be discontinued.

~~((13))~~ (14) Excessive and nonrecyclable packaging of products should be avoided.

~~((14))~~ (15) Comprehensive education should be conducted throughout the state so that people are informed of the need to reduce, source separate, and recycle solid waste.

~~((15))~~ (16) All governmental entities in the state should set an example by implementing aggressive waste reduction and recycling programs at their workplaces and by purchasing products that are made from recycled materials and are recyclable.

~~((16))~~ (17) To ensure the safe and efficient operations of solid waste disposal facilities, it is necessary for operators and regulators of landfills and incinerators to receive training and certification.

~~((17))~~ (18) It is necessary to provide adequate funding to all levels of government so that successful waste reduction and recycling programs can be implemented.

~~((18))~~ (19) The development of stable and expanding markets for recyclable materials is critical to the long-term success of the state's recycling goals. Market development must be encouraged on a state, regional, and national basis to maximize its effectiveness. The state shall assume primary responsibility for the development of a multifaceted market development program to carry out the purposes of this act.

~~((19))~~ (20) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded tires and other problem wastes with the subsequent conservation of resources and energy.

Sec. 9. RCW 70.95.090 and 1991 c 298 s 3 are each amended to read as follows:

Each county and city comprehensive solid waste management plan shall include the following:

(1) A detailed inventory and description of all existing solid waste handling facilities including an inventory of any deficiencies in meeting current solid waste handling needs.

(2) The estimated long-range needs for solid waste handling facilities projected twenty years into the future.

(3) A program for the orderly development of solid waste handling facilities in a manner consistent with the plans for the entire county which shall:

(a) Meet the minimum functional standards for solid waste handling adopted by the department and all laws and regulations relating to air and water pollution, fire prevention, flood control, and protection of public health;

(b) Take into account the comprehensive land use plan of each jurisdiction;

(c) Contain a six year construction and capital acquisition program for solid waste handling facilities; and

(d) Contain a plan for financing both capital costs and operational expenditures of the proposed solid waste management system.

(4) A program for surveillance and control.

(5) A current inventory and description of solid waste collection needs and operations within each respective jurisdiction which shall include:

(a) Any franchise for solid waste collection granted by the utilities and transportation commission in the respective jurisdictions including the name of the holder of the franchise and the address of his or her place of business and the area covered by the franchise;

(b) Any city solid waste operation within the county and the boundaries of such operation;

(c) The population density of each area serviced by a city operation or by a franchised operation within the respective jurisdictions;

(d) The projected solid waste collection needs for the respective jurisdictions for the next six years.

(6) A comprehensive waste reduction and recycling element that, in accordance with the priorities established in RCW 70.95.010, provides programs that (a) reduce the amount of waste generated, (b) provide incentives and mechanisms for source separation, and (c) establish recycling opportunities for the source separated waste.

(7) The waste reduction and recycling element shall include the following:

(a) Waste reduction strategies;

(b) Source separation strategies, including:

(i) Programs for the collection of source separated materials from residences in urban and rural areas. In urban areas, these programs shall include collection of source separated recyclable materials from single and multiple family residences, unless the department approves an alternative program, according to the criteria in the planning guidelines. Such criteria shall include: Anticipated recovery rates and levels of public participation, availability of environmentally sound disposal capacity, access to markets for recyclable materials, unreasonable cost impacts on the ratepayer over the six-year planning period, utilization of environmentally sound waste reduction and recycling technologies, and other factors as appropriate. In rural areas, these programs shall include but not be limited to drop-off boxes, buy-back centers, or a combination of both, at each solid waste transfer, processing, or disposal site, or at locations convenient to the residents of the county. The drop-off boxes and buy-back centers may be owned or operated by public, nonprofit, or private persons;

(ii) Programs to monitor the collection of source separated waste at nonresidential sites where there is sufficient density to sustain a program;

(iii) Programs to ~~((collect))~~ manage yard ~~((waste, if the county or city submitting the plan finds that there are))~~ debris, including strategies to:

(A) Develop collection programs or alternative means for managing yard debris;

(B) Eliminate disposal of yard debris in landfills; and

(C) Encourage adequate markets or capacity for composted yard (~~waste~~) debris within or near the service area to consume (~~the majority of~~) the material collected; and

(iv) Programs to educate and promote the concepts of waste reduction and recycling;

(c) Recycling strategies, including a description of markets for recyclables, a review of waste generation trends, a description of waste composition, a discussion and description of existing programs and any additional programs needed to assist public and private sector recycling, and an implementation schedule for the designation of specific materials to be collected for recycling, and for the provision of recycling collection services; and

(d) Other information the county or city submitting the plan determines is necessary.

(8) County and city comprehensive solid waste management plans may provide for the establishment of residential collection rate structures that provide economic incentives for customers to reduce their level of solid waste collection service and encourage participation in waste reduction, recycling, and yard debris collection programs. Any jurisdictions that are signatories to comprehensive solid waste management plans that adopt residential incentive rates shall adopt ordinances to implement rate structures that are consistent with the guidelines in the comprehensive plans. The utilities and transportation commission is authorized to issue rules to implement this section for solid waste collection companies regulated under Title 81 RCW.

(9) An assessment of the plan's impact on the costs of solid waste collection. The assessment shall be prepared in conformance with guidelines established by the utilities and transportation commission. The commission shall cooperate with the Washington state association of counties and the association of Washington cities in establishing such guidelines.

The department of ecology shall determine the best management practices for categories of solid waste in accordance with the priority solid waste management methods established in RCW 70.95.010. In order to make this determination, the department shall conduct a comprehensive solid waste stream analysis and evaluation. Following establishment of baseline data resulting from an initial in-depth analysis of the waste stream, the department shall develop a less intensive method of monitoring the disposed waste stream including, but not limited to, changes in the amount of waste generated and waste type. The department shall monitor curbside collection programs and other waste segregation and disposal technologies to determine, to the extent possible, the effectiveness of these programs in terms of cost and participation, their applicability to other locations, and their implications regarding rules adopted under this chapter. Persons who collect solid waste shall annually report to the department the types and quantities of solid waste that are collected and where it is delivered. The department shall adopt guidelines for reporting and for ~~((keeping proprietary information confidential))~~ maintaining the confidentiality of proprietary information included in the report. By March 1st of each year, entities that collect recycled material shall report their activity from the previous calendar year on a form provided by the department. The department may impose a penalty of one hundred dollars on any entity that fails to submit the required report to the department. The department may impose an additional penalty of one hundred dollars for each day after March 1st that a firm fails to submit the required report. The total penalties for failure to report shall not exceed one thousand dollars. By May 1st of each year, the department may arrange for the publication in recycling and solid waste industry trade publications the names of those entities failing to file the required report. The department shall structure penalties and other sanctions so as to encourage compliance with the annual reporting requirement.

Sec. 11. RCW 70.95.290 and 1988 c 184 s 3 are each amended to read as follows:

(1) The evaluation of the solid waste stream required in RCW 70.95.280 shall include the following elements:

(a) The department shall determine which management method for each category of solid waste will have the least environmental impact; and

(b) The department shall evaluate the costs of various management options for each category of solid waste, including a review of market availability, and shall take into consideration the economic impact on affected parties;

(c) Based on the results of (a) and (b) of this subsection, the department shall determine the best management for each category of solid waste. Different management methods for the same categories of waste may be developed for different parts of the state.

(2) The department shall give priority to evaluating categories of solid waste that, in relation to other categories of solid waste, comprise a large volume of the solid waste stream or present a high potential of harm to human health. At a minimum the following categories of waste shall be evaluated:

(a) By January 1, 1989, yard (~~waste~~) debris and other biodegradable materials, paper products, disposable diapers, and batteries; (~~and~~)

(b) By January 1, 1990, metals, glass, plastics, styrofoam or rigid lightweight cellular polystyrene, and tires; and

(c) By January 1, 2004, construction, demolition, and land-clearing debris, manure, and major food-processing wastes.

(3) The department is prohibited from adopting rules that mandate best management practices for the categories of solid waste identified in subsection (2) of this section.

Sec. 12. RCW 70.95.810 and 1998 c 245 s 132 are each amended to read as follows:

(1) In order to establish the feasibility of composting food and yard (~~wastes~~) debris, the department shall provide funds, as available, to local governments submitting a proposal to compost such wastes.

(2) The department, in cooperation with the department of community, trade, and economic development, may approve an application if the project can demonstrate the essential parameters for successful composting, including, but not limited to, cost-effectiveness, handling and safety requirements, and current and potential markets."

On page 1, line 1 of the title, after "reduction;" strike the remainder of the title and insert "amending RCW 43.19.1905, 43.19A.020, 39.04.133, 70.95.010, 70.95.030, 70.95.090, 70.95.280, 70.95.290, and 70.95.810; adding a new section to chapter 81.77 RCW; creating new sections; prescribing penalties; and providing an expiration date."

SENATE AMENDMENTS TO HOUSE BILL

March 1, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2343 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.55.120 and 1999 c 398 s 7 and 1999 c 327 s 5 are each reenacted and amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency may issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9 RCW, including providing redemption rights to the debtor under RCW

62A.9-506. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9 RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or ~~((46.20.420))~~ 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on ~~((in-state banks))~~ Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm ~~((can))~~ cannot determine through the customer's bank or a check verification service that the presented check would ~~((not))~~ be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or ~~((46.20.420))~~ 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO:

YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the Court located at in the sum of \$., in an action entitled, Case No. YOU ARE FURTHER NOTIFIED that attorneys fees and costs will be awarded against you under RCW . . . if the judgment is not paid within 15 days of the date of this notice.

DATED this day of, (year) . . .

Signature

Typed name and address
of party mailing notice

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 2. RCW 46.55.130 and 1998 c 203 s 6 are each amended to read as follows:

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110~~((2))~~ (3) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, or a suspended license impound has been directed, but no security paid under RCW 46.55.120, then the registered tow truck operator having

custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(~~((2))~~)
(3).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator."

On page 1, line 2 of the title, after "institutions;" strike the remainder of the title and insert "amending RCW 46.55.130; and reenacting and amending RCW 46.55.120."

SENATE AMENDMENTS TO HOUSE BILL

March 2, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2372 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.32A.060 and 1997 c 146 s 3 are each amended to read as follows:

(1) An officer taking a child into custody under RCW 13.32A.050(1) (a) or (b) shall inform the child of the reason for such custody and shall:

(a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into

custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance:

(i) If the child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of child abuse or neglect, as defined in RCW 26.44.020;

(ii) If it is not practical to transport the child to his or her home or place of the parent's employment; or

(iii) If there is no parent available to accept custody of the child; or

(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, the officer may request the department to accept custody of the child. If the department determines that an appropriate placement is currently available, the department shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition under this chapter, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department's custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; a licensed youth shelter and shall immediately notify the department if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 13.32A.050(1) (c) or (d) shall inform the child of the reason for custody. An officer taking a child into custody under RCW 13.32A.050(1)(c) may release the child to the supervising agency, or shall take the child to a designated crisis residential center's secure facility. If the secure facility is not available, not located within a reasonable distance, or full, the officer shall take the child to a semi-secure crisis residential center. An officer taking a child into custody under RCW 13.32A.050(1)(d) may place the child in a juvenile detention facility as provided in RCW 13.32A.065 or a secure facility, except that the child shall be taken to either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention whenever the officer has been notified that a juvenile court has entered ((a detention)) an order directing such placement under this chapter or chapter 13.34 RCW. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(3) Whenever an officer transfers custody of a child to a crisis residential center or the department, the child may reside in the crisis residential center or may be placed by the department in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays, except that a child placed in a secure facility under a court order entered under RCW 13.32A.250 must remain in the secure facility as provided in RCW 13.32A.065. Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed under this chapter, or an order for placement has been entered under chapter 13.34 RCW.

(4) The department shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 13.32A.050 may be taken.

Sec. 2. RCW 13.32A.065 and 1996 c 133 s 12 are each amended to read as follows:

(1) A child may be placed in either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention after being taken into custody pursuant to RCW 13.32A.050(1)(d). In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility. The court shall hold a ~~((detention))~~ review hearing within twenty-four hours, excluding Saturdays, Sundays, and holidays. The court shall release the child after twenty-four hours, excluding Saturdays, Sundays, and holidays, unless:

(a) A motion and order to show why the child should not be held in contempt has been filed and served on the child at or before the detention hearing; and

(b) The court believes that the child would not appear at a hearing on contempt.

(2) If the court (~~orders the child to remain in detention~~) finds that the conditions in subsection (1)(a) and (b) of this section have been met, the court may order the child to remain confined either in (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention, and shall set the matter for a hearing on contempt within seventy-two hours, excluding Saturdays, Sundays, and holidays. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

Sec. 3. RCW 13.32A.130 and 1997 c 146 s 4 are each amended to read as follows:

(1) A child admitted to a secure facility within a crisis residential center shall remain in the facility for not more than five consecutive days, but for at least twenty-four hours after admission. If the child admitted under this section is transferred between centers or between secure and semi-secure facilities, the aggregate length of time spent in all such centers or facilities may not exceed five consecutive days.

(2)(a)(i) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center; (D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away which has endangered the health, safety, and welfare of the child; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a semi-secure facility to a secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time during the five-day period unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four-hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and if the administrator of the center does not consider it likely that reconciliation will be achieved within the five-day period, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child

in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of the statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and its administrator or his or her designee acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

(8) This section does not apply to children admitted to a secure facility that is a separate, secure section of a juvenile detention facility under a court order issued under RCW 13.32A.250(3) or 28A.225.090(2). In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

Sec. 4. RCW 13.32A.250 and 1998 c 296 s 37 are each amended to read as follows:

(1) In all child in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of a finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a party to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to seven days, or both for contempt of court under this section.

(4) A child placed in confinement for contempt under this section shall be placed in confinement ~~((only))~~ either in a secure juvenile detention facility operated by or pursuant to a contract with a county or a secure facility that is a separate, secure section of a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(5) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

(6) Whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court may issue an order directing law enforcement to pick up and take the child to detention or to a secure facility. The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention or to the secure facility, a ~~((detention))~~ review hearing must be held in accordance with RCW 13.32A.065.

NEW SECTION. **Sec. 5.** A new section is added to chapter 13.32A RCW to read as follows:

No placement of a juvenile in a secure facility under RCW 13.32A.060, 13.32A.065, 13.32A.130, 13.32A.250, 28A.225.090, 74.13.033, or 74.13.034 as a result of an order entered under RCW 13.32A.250 or 28A.225.090(2) may displace, or prevent the placement of, a juvenile in a secure facility under RCW 13.32A.050, 13.32A.060, or 13.32A.130. If a secure facility is located in a separate, secure section of a juvenile detention facility, no more than fifty percent of its capacity may be occupied by juveniles placed under RCW 13.32A.250 or 28A.225.090(2). If any capacity of a secure facility located in a juvenile detention facility is taken by a juvenile placed under RCW 13.32A.250 or 28A.225.090 and a juvenile is brought to the secure facility under RCW 13.32A.050,

13.32A.060, or 13.32A.130, that juvenile must be placed in the secure facility and a juvenile placed under RCW 13.32A.250 or 28A.225.090 be moved immediately to the juvenile detention facility.

Sec. 6. RCW 28A.225.090 and 1999 c 319 s 4 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to:

(a) Attend the child's current school;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be ~~((subject to detention, as provided in RCW 7.21.030(2)(e)))~~ placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility, or may impose alternatives to ((detention)) confinement such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

Sec. 7. RCW 74.13.033 and 1995 c 312 s 62 are each amended to read as follows:

(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises. A child confined in a secure facility that is a separate, secure section of a juvenile detention facility under RCW 13.32A.250(3) or 28A.225.090(2) may be moved to an available bed in a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In assessing the child and providing these services, the facility staff shall:

(a) Interview the juvenile as soon as possible;

(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;

(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible;

(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed five consecutive days or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days; and

(e) Convene, when appropriate, a multidisciplinary team.

(3) Based on the assessments done under subsection (2) of this section the facility staff may refer any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive, or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation pursuant to chapter 71.34 RCW, to a mental health professional pursuant to chapter 71.05 RCW, or to a chemical dependency specialist pursuant to chapter 70.96A RCW whenever such action is deemed appropriate and consistent with law.

(4) A juvenile taking unauthorized leave from a facility shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile shall be supervised by such a facility for a period, pursuant to this chapter, which, unless where otherwise provided, may not exceed five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed five consecutive days.

Sec. 8. RCW 74.13.034 and 1995 c 312 s 63 are each amended to read as follows:

(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is collocated under RCW 74.13.032. Placement in both locations shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee,

which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days.

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

NEW SECTION. Sec. 9. A new section is added to chapter 13.32A RCW to read as follows:
The department has no responsibility to attend hearings, provide transportation, case management, or any other services to youth confined in a secure facility that is a separate, secure section of a juvenile detention facility unless it is otherwise ordered by a court under a petition relating to a child in need of services, an at-risk youth, or truancy.

NEW SECTION. Sec. 10. A new section is added to chapter 13.32A RCW to read as follows:

The cost to county juvenile court administrators of housing youths held in contempt and confined in secure crisis residential centers located in juvenile detention facilities shall be credited against the funds appropriated to fund the costs of processing truancy, children in need of services, and at-risk youth petitions.

Sec. 11. RCW 13.32A.060 and 2000 c . . . s 1 (section 1 of this act) are each amended to read as follows:

(1) An officer taking a child into custody under RCW 13.32A.050(1) (a) or (b) shall inform the child of the reason for such custody and shall:

(a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance:

(i) If the child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of child abuse or neglect, as defined in RCW 26.44.020;

(ii) If it is not practical to transport the child to his or her home or place of the parent's employment; or

(iii) If there is no parent available to accept custody of the child; or

(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, the officer may request the department to accept custody of the child. If the department determines that an appropriate placement is currently available, the department shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of

services petition under this chapter, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department's custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; a licensed youth shelter and shall immediately notify the department if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 13.32A.050(1) (c) or (d) shall inform the child of the reason for custody. An officer taking a child into custody under RCW 13.32A.050(1)(c) may release the child to the supervising agency, or shall take the child to a designated crisis residential center's secure facility. If the secure facility is not available, not located within a reasonable distance, or full, the officer shall take the child to a semi-secure crisis residential center. An officer taking a child into custody under RCW 13.32A.050(1)(d) may place the child in a juvenile detention facility as provided in RCW 13.32A.065 or a secure facility, except that the child shall be taken to ~~((either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b)))~~ detention whenever the officer has been notified that a juvenile court has entered ~~((an))~~ a detention order ~~((directing such placement))~~ under this chapter or chapter 13.34 RCW. ~~((In no case may a child in contempt be confined in a secure facility that is free standing outside a juvenile detention facility.))~~

(3) Whenever an officer transfers custody of a child to a crisis residential center or the department, the child may reside in the crisis residential center or may be placed by the department in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays~~((, except that a child placed in a secure facility under a court order entered under RCW 13.32A.250 must remain in the secure facility as provided in RCW 13.32A.065))~~. Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed under this chapter, or an order for placement has been entered under chapter 13.34 RCW.

(4) The department shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 13.32A.050 may be taken.

Sec. 12. RCW 13.32A.065 and 2000 c . . . s 2 (section 2 of this act) are each amended to read as follows:

(1) A child may be placed in ~~((either (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b)))~~ detention after being taken into custody pursuant to RCW 13.32A.050(1)(d). ~~((In no case may a child in contempt be confined in a secure facility that is free standing outside a juvenile detention facility.))~~ The court shall hold a detention review hearing within twenty-four hours, excluding Saturdays, Sundays, and holidays. The court shall release the child after twenty-four hours, excluding Saturdays, Sundays, and holidays, unless:

(a) A motion and order to show why the child should not be held in contempt has been filed and served on the child at or before the detention hearing; and

(b) The court believes that the child would not appear at a hearing on contempt.

(2) If the court ~~((finds that the conditions in subsection (1)(a) and (b) of this section have been met))~~ orders the child to remain in detention, the court ~~((may order the child to remain confined either in (a) a secure facility that is a separate, secure section of a juvenile detention facility; or (b) detention, and))~~ shall set the matter for a hearing on contempt within seventy-two hours, excluding Saturdays, Sundays, and holidays. ~~((In no case may a child in contempt be confined in a secure facility that is free standing outside a juvenile detention facility.))~~

Sec. 13. RCW 13.32A.130 and 2000 c . . . s 3 (section 3 of this act) are each amended to read as follows:

(1) A child admitted to a secure facility within a crisis residential center shall remain in the facility for not more than five consecutive days, but for at least twenty-four hours after admission. If the child admitted under this section is transferred between centers or between secure and semi-secure

facilities, the aggregate length of time spent in all such centers or facilities may not exceed five consecutive days.

(2)(a)(i) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center; (D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away which has endangered the health, safety, and welfare of the child; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a semi-secure facility to a secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time during the five-day period unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four-hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and if the administrator of the center does not consider it likely that reconciliation will be achieved within the five-day period, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of the statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and its administrator or his or her designee acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions.

~~((8) This section does not apply to children admitted to a secure facility that is a separate, secure section of a juvenile detention facility under a court order issued under RCW 13.32A.250(3) or 28A.225.090(2). In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.))~~

Sec. 14. RCW 13.32A.250 and 2000 c . . . s 4 (section 4 of this act) are each amended to read as follows:

(1) In all child in need of services proceedings and at-risk youth proceedings, the court shall verbally notify the parents and the child of the possibility of a finding of contempt for failure to comply with the terms of a court order entered pursuant to this chapter. Except as otherwise provided in this section, the court shall treat the parents and the child equally for the purposes of applying contempt of court processes and penalties under this section.

(2) Failure by a party to comply with an order entered under this chapter is a civil contempt of court as provided in RCW 7.21.030(2)(e), subject to the limitations of subsection (3) of this section.

(3) The court may impose remedial sanctions including a fine of up to one hundred dollars and confinement for up to seven days, or both for contempt of court under this section.

(4) A child placed in confinement for contempt under this section shall be placed in confinement ~~((either))~~ only in a secure juvenile detention facility operated by or pursuant to a contract with a county ~~((or a secure facility that is a separate, secure section of a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free-standing outside a juvenile detention facility.))~~

(5) A motion for contempt may be made by a parent, a child, juvenile court personnel, or by any public agency, organization, or person having custody of the child under a court order adopted pursuant to this chapter.

(6) Whenever the court finds probable cause to believe, based upon consideration of a motion for contempt and the information set forth in a supporting declaration, that a child has violated a placement order entered under this chapter, the court may issue an order directing law enforcement to pick up and take the child to detention ~~((or to a secure facility))~~. The order may be entered ex parte without prior notice to the child or other parties. Following the child's admission to detention ~~((or to the secure facility))~~, a detention review hearing must be held in accordance with RCW 13.32A.065.

Sec. 15. RCW 28A.225.090 and 2000 c . . . s 6 (section 6 of this act) are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to:

(a) Attend the child's current school;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; or

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.

(2) If the child fails to comply with the court order, the court may order the child to be ~~((placed in confinement for contempt, either in a juvenile detention facility operated by or under a contract with a county or in a secure facility that is a separate, secure section of a juvenile detention facility))~~ subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to ((confinement)) detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. ~~((In no case may a child in contempt be confined in a secure facility that is free standing outside a juvenile detention facility.))~~

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under RCW 28A.225.015.

Sec. 16. RCW 74.13.033 and 2000 c . . . s 7 (section 7 of this act) are each amended to read as follows:

(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises. ~~((A child confined in a secure facility that is a separate, secure section of a juvenile detention facility under RCW 13.32A.250(3) or 28A.225.090(2) may be moved to an available bed in a juvenile detention facility. In no case may a child in contempt be confined in a secure facility that is free standing outside a juvenile detention facility.))~~

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In assessing the child and providing these services, the facility staff shall:

(a) Interview the juvenile as soon as possible;

(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;

(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible;

(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed five consecutive days ~~((or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days))~~; and

(e) Convene, when appropriate, a multidisciplinary team.

(3) Based on the assessments done under subsection (2) of this section the facility staff may refer any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive, or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation

pursuant to chapter 71.34 RCW, to a mental health professional pursuant to chapter 71.05 RCW, or to a chemical dependency specialist pursuant to chapter 70.96A RCW whenever such action is deemed appropriate and consistent with law.

(4) A juvenile taking unauthorized leave from a facility shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile shall be supervised by such a facility for a period, pursuant to this chapter, which, unless where otherwise provided, may not exceed five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed five consecutive days.

Sec. 17. RCW 74.13.034 and 2000 c . . . s 8 (section 8 of this act) are each amended to read as follows:

(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is collocated under RCW 74.13.032. Placement in both locations shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 (~~or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days~~).

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130 (~~or, in the case of a child admitted by court order issued under RCW 13.32A.250(3) or 28A.225.090(2), seven consecutive days~~).

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

Sec. 18. RCW 13.50.100 and 1999 c 390 s 3 are each amended to read as follows:

(1) This section governs records not covered by RCW 13.50.050.

(2) Records covered by this section shall be confidential and shall be released only pursuant to this section and RCW 13.50.010.

(3) Records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility of supervising the juvenile. Records covered under this section and maintained by the juvenile courts which relate to the official actions of the agency may be entered in the state-wide juvenile court information system.

(4) A contracting agency or service provider of the department of social and health services that provides counseling, psychological, psychiatric, or medical services may release to the office of the family and children's ombudsman information or records relating to services provided to a juvenile who is dependent under chapter 13.34 RCW without the consent of the parent or guardian of the juvenile, or of the juvenile if the juvenile is under the age of thirteen years, unless such release is otherwise specifically prohibited by law.

(5) A juvenile, his or her parents, the juvenile's attorney and the juvenile's parent's attorney, shall, upon request, be given access to all records and information collected or retained by a juvenile justice or care agency which pertain to the juvenile except:

(a) If it is determined by the agency that release of this information is likely to cause severe psychological or physical harm to the juvenile or his or her parents the agency may withhold the information subject to other order of the court: PROVIDED, That if the court determines that limited release of the information is appropriate, the court may specify terms and conditions for the release of the information; or

(b) If the information or record has been obtained by a juvenile justice or care agency in connection with the provision of counseling, psychological, psychiatric, or medical services to the juvenile, when the services have been sought voluntarily by the juvenile, and the juvenile has a legal right to receive those services without the consent of any person or agency, then the information or record may not be disclosed to the juvenile's parents without the informed consent of the juvenile unless otherwise authorized by law; or

(c) That the department of social and health services may delete the name and identifying information regarding persons or organizations who have reported alleged child abuse or neglect.

(6) A juvenile or his or her parent denied access to any records following an agency determination under subsection (5) of this section may file a motion in juvenile court requesting access to the records. The court shall grant the motion unless it finds access may not be permitted according to the standards found in subsections (5)(a) and (b) of this section.

(7) The person making a motion under subsection (6) of this section shall give reasonable notice of the motion to all parties to the original action and to any agency whose records will be affected by the motion.

(8) Subject to the rules of discovery in civil cases, any party to a proceeding seeking a declaration of dependency or a termination of the parent-child relationship and any party's counsel and the guardian ad litem of any party, shall have access to the records of any natural or adoptive child of the parent, subject to the limitations in subsection (5) of this section. A party denied access to records may request judicial review of the denial. If the party prevails, he or she shall be awarded attorneys' fees, costs, and an amount not less than five dollars and not more than one hundred dollars for each day the records were wrongfully denied.

(9) No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020(12) may be disclosed to a child-placing agency, private adoption agency, or any other licensed provider.

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(e) The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.060 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether

the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with the child care coordinating committee and other affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; and

SENATE AMENDMENTS TO HOUSE BILL

February 28, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2466 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that some nonindigenous species have the potential to cause economic and environmental damage to the state and that current efforts to stop the introduction of nonindigenous species from shipping vessels do not adequately reduce the risk of new introductions into Washington waters.

The legislature recognizes the international ramifications and the rapidly changing dimensions of this issue, and the difficulty that any one state has in either legally or practically managing this issue. Recognizing the possible limits of state jurisdiction over international issues, the state declares its support for the international maritime organization and United States coast guard efforts, and the state intends to complement, to the extent its powers allow it, the United States coast guard's ballast water management program.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Ballast tank" means any tank or hold on a vessel used for carrying ballast water, whether or not the tank or hold was designed for that purpose.

(2) "Ballast water" means any water and matter taken on board a vessel to control or maintain trim, draft, stability, or stresses of the vessel, without regard to the manner in which it is carried.

(3) "Empty/refill exchange" means to pump out, until the tank is empty or as close to empty as the master or operator determines is safe, the ballast water taken on in ports, estuarine, or territorial waters, and then refilling the tank with open sea waters.

(4) "Exchange" means to replace the water in a ballast tank using either flow through exchange, empty/refill exchange, or other exchange methodology recommended or required by the United States coast guard.

(5) "Flow through exchange" means to flush out ballast water by pumping in midocean water at the bottom of the tank and continuously overflowing the tank from the top until three full volumes of water have been changed to minimize the number of original organisms remaining in the tank.

(6) "Nonindigenous species" means any species or other viable biological material that enters an ecosystem beyond its natural range.

(7) "Open sea exchange" means an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.

(8) "Recognized marine trade association" means those trade associations in Washington state that promote improved ballast water management practices by educating their members on the provisions of this chapter, participating in regional ballast water coordination through the Pacific ballast water group, assisting the department in the collection of ballast water exchange forms, and the monitoring of ballast water. This includes members of the Puget Sound marine committee for Puget Sound and the Columbia river steamship operators association for the Columbia river.

(9) "Sediments" means any matter settled out of ballast water within a vessel.

(10) "Untreated ballast water" includes exchanged or unexchanged ballast water that has not undergone treatment.

(11) "Vessel" means a self-propelled ship in commerce of three hundred gross tons or more.

(12) "Voyage" means any transit by a vessel destined for any Washington port.

(13) "Waters of the state" means any surface waters, including internal waters contiguous to state shorelines within the boundaries of the state.

NEW SECTION. Sec. 3. (1) This chapter applies to all vessels carrying ballast water into the waters of the state from a voyage, except:

(a) A vessel of the United States department of defense or United States coast guard subject to the requirements of section 1103 of the national invasive species act of 1996, or any vessel of the armed forces, as defined in 33 U.S.C. Sec. 1322(a)(14), that is subject to the uniform national discharge standards for vessels of the armed forces under 33 U.S.C. Sec. 1322(n);

(b) A vessel (i) that discharges ballast water or sediments only at the location where the ballast water or sediments originated, if the ballast water or sediments do not mix with ballast water or sediments from areas other than open sea waters; or (ii) that does not discharge ballast water in Washington waters;

(c) A vessel traversing the internal waters of Washington in the Strait of Juan de Fuca, bound for a port in Canada, and not entering or departing a United States port, or a vessel in innocent passage, which is a vessel merely traversing the territorial sea of the United States and not entering or departing a United States port, or not navigating the internal waters of the United States; and

(d) A crude oil tanker that does not exchange or discharge ballast water into the waters of the state.

(2) This chapter does not authorize the discharge of oil or noxious liquid substances in a manner prohibited by state, federal, or international laws or regulations. Ballast water containing oil, noxious liquid substances, or any other pollutant shall be discharged in accordance with the applicable requirements.

(3) The master or operator in charge of a vessel is responsible for the safety of the vessel, its crew, and its passengers. Nothing in this chapter relieves the master or operator in charge of a vessel of the responsibility for ensuring the safety and stability of the vessel or the safety of the crew and passengers.

NEW SECTION. Sec. 4. The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

(1) Discharge into waters of the state is authorized if the vessel has conducted an open sea exchange of ballast water. A vessel is exempt from this requirement if the vessel's master reasonably determines that such a ballast water exchange operation will threaten the safety of the vessel or the vessel's crew, or is not feasible due to vessel design limitations or equipment failure. If a vessel relies

on this exemption, then it may discharge ballast water into waters of the state, subject to any requirements of treatment under subsection (2) of this section and subject to section 5 of this act.

(2) After July 1, 2002, discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange or if the vessel has treated its ballast water to meet standards set by the department. When weather or extraordinary circumstances make access to treatment unsafe to the vessel or crew, the master of a vessel may delay compliance with any treatment required under this subsection until it is safe to complete the treatment.

(3) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington state, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

(4) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.

NEW SECTION. Sec. 5. The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control complies with the reporting and sampling requirements of this section.

(1) Vessels covered by this chapter must report ballast water management information to the department using ballast water management forms that are acceptable to the United States coast guard. The frequency, manner, and form of such reporting shall be established by the department by rule. Any vessel may rely on a recognized marine trade association to collect and forward this information to the department.

(2) In order to monitor the effectiveness of national and international efforts to prevent the introduction of nonindigenous species, all vessels covered by this chapter must submit nonindigenous species ballast water monitoring data. The monitoring, sampling, testing protocols, and methods of identifying nonindigenous species in ballast water shall be determined by the department by rule. A vessel covered by this chapter may contract with a recognized marine trade association to randomly sample vessels within that association's membership, and provide data to the department.

(3) Vessels that do not belong to a recognized marine trade association must submit individual ballast tank sample data to the department for each voyage.

(4) All data submitted to the department under subsection (2) of this section shall be consistent with sampling and testing protocols as adopted by the department by rule.

(5) The department shall adopt rules to implement this section. The rules and recommendations shall be developed in consultation with advisors from regulated industries and the potentially affected parties, including but not limited to shipping interests, ports, shellfish growers, fisheries, environmental interests, interested citizens who have knowledge of the issues, and appropriate governmental representatives including the United States coast guard.

(a) The department shall set standards for the discharge of treated ballast water into the waters of the state. The rules are intended to ensure that the discharge of treated ballast water poses minimal risk of introducing nonindigenous species. In developing this standard, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards shall be compatible with standards set by the United States coast guard and shall be developed in consultation with federal and state agencies to ensure consistency with the federal clean water act, 33 U.S.C. Sec. 1251-1387.

(b) The department shall adopt ballast water sampling and testing protocols for monitoring the biological components of ballast water that may be discharged into the waters of the state under this chapter. Monitoring data is intended to assist the department in evaluating the risk of new, nonindigenous species introductions from the discharge of ballast water, and to evaluate the accuracy of ballast water exchange practices. The sampling and testing protocols must consist of cost-effective, scientifically verifiable methods that, to the extent practical and without compromising the purposes of this chapter, utilize easily measured indices, such as salinity, or check for species that indicate the potential presence of nonindigenous species or pathogenic species. The department shall specify appropriate quality assurance and quality control for the sampling and testing protocols.

NEW SECTION. **Sec. 6.** The shipping vessel industry, the public ports, and the department shall promote the creation of a pilot project to establish a private sector ballast water treatment operation that is capable of servicing vessels at all Washington ports. Federal and state agencies and private industries shall be invited to participate. The project will develop equipment or methods to treat ballast water and establish operational methods that do not increase the cost of ballast water treatment at smaller ports. The legislature intends that the cost of treatment required by this chapter is substantially equivalent among large and small ports in Washington.

NEW SECTION. **Sec. 7.** The legislature recognizes that international and national laws relating to this chapter are changing and that state law must adapt accordingly. The department shall submit to the legislature, and make available to the public, a report that summarizes the results of this chapter and makes recommendations for improvement to this chapter on or before December 1, 2001, and a second report on or before December 1, 2004. The 2001 report shall describe how the costs of treatment required as of July 1, 2002, will be substantially equivalent among ports where treatment is required. The department shall strive to fund the provisions of this chapter through existing resources, cooperative agreements with the maritime industry, and federal funding sources.

NEW SECTION. **Sec. 8.** (1) Except as limited by subsection (2) or (3) of this section, the director or the director's designee may impose a civil penalty or warning for a violation of the requirements of this chapter on the owner or operator in charge of a vessel who fails to comply with the requirements imposed under sections 4 and 5 of this act. The penalty shall not exceed five thousand dollars for each violation. In determining the amount of a civil penalty, the department shall consider if the violation was intentional, negligent, or without any fault, and shall consider the quality and nature of risks created by the violation. The owner or operator subject to such a penalty may contest the determination by requesting an adjudicative proceeding within twenty days. Any determination not timely contested is final and may be reduced to a judgment enforceable in any court with jurisdiction. If the department prevails using any judicial process to collect a penalty under this section, the department shall also be awarded its costs and reasonable attorneys' fees.

(2) The civil penalty for a violation of reporting requirements of section 5 of this act shall not exceed five hundred dollars per violation.

(3) Any owner or operator who knowingly, and with intent to deceive, falsifies a ballast water management report form is liable for a civil penalty in an amount not to exceed five thousand dollars per violation, in addition to any criminal liability that may attach to the filing of false documents.

(4) The department, in cooperation with the United States coast guard, may enforce the requirements of this chapter.

NEW SECTION. **Sec. 9.** By December 31, 2005, the natural resources committees of the legislature must review this chapter and its implementation and make recommendations if needed to the 2006 regular session of the legislature.

NEW SECTION. **Sec. 10.** The departments of fish and wildlife and ecology shall invite representatives from the United States department of defense to discuss ways of improving ballast water management in Washington state. The departments, in cooperation with the United States coast guard shall seek input from other coastal states and the Province of British Columbia in conducting the study and in formulating recommendations. The departments shall provide the most appropriate forum to stimulate dialogue which can result in specific policies and action protocols. The departments shall make recommendations concerning proposals for laws and rules that will guarantee the same level of public and private compliance to protect the marine environment. The legislature wishes to ensure that vessels exempted from this act by section 3(1)(a) of this act are taking adequate precautions to prevent the introduction of nonindigenous species into the waters of the state. The departments of fish and wildlife and ecology shall submit a report to the legislature by December 31, 2001, summarizing the results of these discussions.

NEW SECTION. **Sec. 11.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 12.** Sections 1 through 9 and 11 of this act constitute a new chapter in Title 75 RCW."

On page 1, line 1 of the title, after "management;" strike the remainder of the title and insert "adding a new chapter to Title 75 RCW; creating a new section; and prescribing penalties."

SENATE AMENDMENTS TO HOUSE BILL

February 29, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2644 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 80.50.300 and 1996 c 4 s 2 are each amended to read as follows:

(1) This section applies only to unfinished nuclear power projects (~~(that are not located on federal property)~~). If a certificate holder stops construction of a nuclear energy facility before completion, terminates the project or otherwise resolves not to complete construction, never introduces or stores fuel for the energy facility on the site, and never operates the energy facility as designed to produce energy, the certificate holder may contract, establish interlocal agreements, or use other formal means to effect the transfer of site restoration responsibilities, which may include economic development activities, to any political subdivision or subdivisions of the state composed of elected officials. The contracts, interlocal agreements, or other formal means of cooperation may include, but are not limited to provisions effecting the transfer or conveyance of interests in the site and energy facilities from the certificate holder to other political subdivisions of the state, including costs of maintenance and security, capital improvements, and demolition and salvage of the unused energy facilities and infrastructure.

(2) If a certificate holder transfers all or a portion of the site to a political subdivision or subdivisions of the state composed of elected officials and located in the same county as the site, the council shall amend the site certification agreement to release those portions of the site (~~(that are transferred pursuant to this section)~~) that it finds are no longer intended for the development of an energy facility.

Immediately upon release of all or a portion of the site pursuant to this section, all responsibilities for maintaining the public welfare for portions of the site transferred, including but not limited to health and safety, are transferred to the political subdivision or subdivisions of the state. For sites located on federal land, all responsibilities for maintaining the public welfare for all of the site, including but not limited to health and safety, must be transferred to the political subdivision or subdivisions of the state irrespective of whether all or a portion of the site is released.

(3) The legislature finds that for all or a portion of sites that have been transferred to a political subdivision or subdivisions of the state prior to September 1, 1999, ensuring water for site restoration including economic development, completed pursuant to this section can best be accomplished by a transfer of existing surface water rights, and that such a transfer is best accomplished administratively through procedures set forth in existing statutes and rules. However, if a transfer of water rights is not possible, the department of ecology shall, within six months of the transfer of the site or portion thereof pursuant to subsection (1) of this section, create a trust water right under chapter 90.42 RCW containing between ten and twenty cubic feet per second for the benefit of the appropriate political subdivision or subdivisions of the state. The trust water right shall be used in fulfilling site restoration responsibilities, including economic development. The trust water right shall be from existing valid water rights within the basin where the site is located.

(4) For purposes of this section, "political subdivision or subdivisions of the state" means a city, town, county, public utility district, port district, or joint operating agency."

SENATE AMENDMENTS TO HOUSE BILL

March 1, 2000

Mr. Speaker:

The Senate has passed Engrossed Second Substitute House Bill No. 2867 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 90.44 RCW to read as follows:

The legislature recognizes the importance of sound water management. In an effort to promote new and innovative methods of water storage, the legislature authorizes the department of ecology to issue reservoir permits that enable an entity to artificially store and recover water in any underground geological formation, which qualifies as a reservoir under RCW 90.03.370.

Sec. 2. RCW 90.44.035 and 1987 c 109 s 107 are each amended to read as follows:

For purposes of this chapter:

- (1) "Department" means the department of ecology;
- (2) "Director" means the director of ecology;

(3) "Ground waters" means all waters that exist beneath the land surface or beneath the bed of any stream, lake or reservoir, or other body of surface water within the boundaries of this state, whatever may be the geological formation or structure in which such water stands or flows, percolates or otherwise moves. There is a recognized distinction between natural ground water and artificially stored ground water;

(4) "Natural ground water" means water that exists in underground storage owing wholly to natural processes; ~~(and)~~

(5) "Artificially stored ground water" means water that is made available in underground storage artificially, either intentionally, or incidentally to irrigation and that otherwise would have been dissipated by natural ~~(waste)~~ processes; and

(6) "Underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

Sec. 3. RCW 90.03.370 and 1987 c 109 s 93 are each amended to read as follows:

(1) All applications for reservoir permits shall be subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit.

(2)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

- (i) Aquifer vulnerability and hydraulic continuity;
- (ii) Potential impairment of existing water rights;
- (iii) Geotechnical impacts and aquifer boundaries and characteristics;
- (iv) Chemical compatibility of surface waters and ground water;
- (v) Recharge and recovery treatment requirements;
- (vi) System operation;
- (vii) Water rights and ownership of water stored for recovery; and
- (viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(3) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use

of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(4) Nothing in this act changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date."

On page 1, line 1 of the title, after "storage;" strike the remainder of the title and insert "amending RCW 90.44.035 and 90.03.370; and adding a new section to chapter 90.44 RCW."

and the same are herewith transmitted.

The director shall not materially modify the amount of flow of water through the device. After the department has completed the improvements, the fishways and fish guards shall be operated and maintained at the expense of the owner in accordance with RCW 75.20.040 and 75.20.060 (as recodified by this act).

Sec. 15. RCW 75.20.098 and 1997 c 424 s 6 are each amended to read as follows:

When reviewing a mitigation plan under RCW 75.20.100 or 75.20.103 (as recodified by this act), the department shall, at the request of the project proponent, follow the guidance contained in RCW 90.74.005 through 90.74.030.

Sec. 16. RCW 75.20.100 and 1998 c 190 s 87 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld.

(2)(a) (~~Except as provided in RCW 75.20.1001,~~) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or

(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 75.20.103 (as recodified by this act), "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103 (as recodified by this act).

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 75.20.103 (as recodified by this act), "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

Sec. 17. RCW 75.20.104 and 1993 sp.s. c 2 s 33 are each amended to read as follows:

Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103 (as recodified by this act), the department, upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

Sec. 18. RCW 75.20.1041 and 1993 sp.s. c 2 s 34 are each amended to read as follows:

The department and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 (as recodified by this act) are met.

Sec. 19. RCW 75.20.106 and 1993 sp.s. c 2 s 35 are each amended to read as follows:

The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103 (as recodified by this act). The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation. Any person incurring any

penalty under this chapter may appeal the same under chapter 34.05 RCW to the director. Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 20. RCW 75.20.130 and 1996 c 276 s 2 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 75.20.103 (as recodified by this act) for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 75.20.190 (as recodified by this act) for off-site mitigation proposals.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 21. RCW 75.20.320 and 1995 c 328 s 1 are each amended to read as follows:

The department may not require mitigation for adverse impacts on fish life or habitat that occurred at the time a wetland was filled, if the wetland was filled under the provisions of RCW 75.20.300 (as recodified by this act).

Sec. 22. RCW 75.24.060 and 1998 c 245 s 152 are each amended to read as follows:

It is the policy of the state to improve state oyster reserves so that they are productive and yield a revenue sufficient for their maintenance. In fixing the price of oysters and other shellfish sold from the reserves, the director shall take into consideration this policy. It is also the policy of the state to maintain the oyster reserves to furnish shellfish to growers and processors and to stock public beaches.

Shellfish may be harvested from state oyster reserves for personal use as prescribed by rule of the director.

The ~~((department))~~ director shall periodically inventory the state oyster reserves and assign the reserve lands into management categories:

The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The ~~((department))~~ director shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 24. RCW 75.24.070 and 1983 1st ex.s. c 46 s 82 are each amended to read as follows:

The director shall determine the time, place, and method of sale of oysters and other shellfish from state oyster reserves. Any person who commercially takes shellfish from state oyster reserves must possess an oyster reserve fishery license issued by the director pursuant to RCW 75.28.290 (as recodified by this act). Any person engaged in the commercial cultching of oysters on state oyster reserves must possess an oyster cultch permit issued by the director pursuant to RCW 75.28.295 (as recodified by this act).

To maintain local communities and industries and to restrain the formation of monopolies in the industry, the director shall determine the number of bushels which shall be sold to a person. When the shellfish are sold at public auction, the director may reject any and all bids.

Sec. 25. RCW 75.24.100 and 1998 c 190 s 91 are each amended to read as follows:

(1) The ~~((department))~~ director may not authorize a person to take geoduck clams for commercial purposes outside the harvest area designated in a current department of natural resources geoduck harvesting agreement issued under RCW 79.96.080. The ~~((department))~~ director may not authorize commercial harvest of geoduck clams from bottoms that are shallower than eighteen feet below mean lower low water (0.0. ft.), or that lie in an area bounded by the line of ordinary high tide (mean high tide) and a line two hundred yards seaward from and parallel to the line of ordinary high tide. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

(2) Commercial geoduck harvesting shall be done with a hand-held, manually operated water jet or suction device guided and controlled from under water by a diver. Periodically, the ~~((commission))~~ director shall determine the effect of each type or unit of gear upon the geoduck population or the substrate they inhabit. The ~~((commission))~~ director may require modification of the gear or stop its use if it is being operated in a wasteful or destructive manner or if its operation may cause permanent damage to the bottom or adjacent shellfish populations.

Sec. 26. RCW 75.24.130 and 1995 1st sp.s. c 2 s 30 are each amended to read as follows:

The commission may examine the clam, mussel, and oyster beds located on aquatic lands belonging to the state and request the commissioner of public lands to withdraw these lands from sale and lease for the purpose of establishing reserves or public beaches. The ~~((commission))~~ director shall

conserve, protect, and develop these reserves and the oyster, shrimp, clam, and mussel beds on state lands.

Sec. 27. RCW 75.25.092 and 1999 c 243 s 3 are each amended to read as follows:

(1) A personal use shellfish and seaweed license is required for all persons other than residents or nonresidents under fifteen years of age to fish for, take, dig for, or possess seaweed or shellfish for personal use from state waters or offshore waters including national park beaches.

(2) The fees for annual personal use shellfish and seaweed licenses are:

(a) For a resident fifteen years of age or older, seven dollars;

(b) For a nonresident fifteen years of age or older, twenty dollars; and

(c) For a senior, five dollars.

(3) The license fee for a two-day personal use shellfish and seaweed license is six dollars for residents or nonresidents fifteen years of age or older.

(4) The personal use shellfish and seaweed license shall be visible on the licensee while harvesting shellfish or seaweed.

Sec. 28. RCW 75.28.011 and 1997 c 418 s 1 are each amended to read as follows:

(1) Unless otherwise provided in this title, a license issued under this chapter is not transferable from the license holder to any other person.

(2) The following restrictions apply to transfers of commercial fishery licenses, salmon delivery licenses, and salmon charter licenses that are transferable between license holders:

(a) The license holder shall surrender the previously issued license to the department.

(b) The department shall complete no more than one transfer of the license in any seven-day period.

(c) The fee to transfer a license from one license holder to another is:

(i) The same as the resident license renewal fee if the license is not limited under chapter 75.30 RCW (as recodified by this act);

(ii) Three and one-half times the resident renewal fee if the license is not a commercial salmon license and the license is limited under chapter 75.30 RCW (as recodified by this act);

(iii) Fifty dollars if the license is a commercial salmon license and is limited under chapter 75.30 RCW (as recodified by this act);

(iv) Five hundred dollars if the license is a Dungeness crab-coastal fishery license; or

(v) If a license is transferred from a resident to a nonresident, an additional fee is assessed that is equal to the difference between the resident and nonresident license fees at the time of transfer, to be paid by the transferee.

(3) A commercial license that is transferable under this title survives the death of the holder.

Though such licenses are not personal property, they shall be treated as analogous to personal property for purposes of inheritance and intestacy. Such licenses are subject to state laws governing wills, trusts, estates, intestate succession, and community property, except that such licenses are exempt from claims of creditors of the estate and tax liens. The surviving spouse, estate, or beneficiary of the estate may apply for a renewal of the license. There is no fee for transfer of a license from a license holder to the license holder's surviving spouse or estate, or to a beneficiary of the estate.

Sec. 29. RCW 75.28.020 and 1994 c 244 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this title, a person (~~as defined in RCW 75.08.011~~) may hold a commercial license established by this chapter.

(2) Except as otherwise provided in this title, an individual may hold a commercial license only if the individual is sixteen years of age or older and a bona fide resident of the United States.

(3) A corporation may hold a commercial license only if it is authorized to do business in this state.

(4) No person may hold a limited-entry license unless the person meets the qualifications that this title establishes for the license.

(5) The residency requirements in subsection (2) of this section do not apply to holders of nonsalmon delivery licenses.

Sec. 30. RCW 75.28.034 and 1995 c 227 s 1 are each amended to read as follows:

If, for any reason, the department does not allow any opportunity for a commercial fishery during a calendar year, the ~~((department))~~ director shall either: (1) Waive the requirement to obtain a license for that commercial fishery for that year; or (2) refund applicable license fees upon return of the license.

Sec. 31. RCW 75.28.042 and 1997 c 58 s 882 are each amended to read as follows:

(1) The department shall immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order ~~((or a residential or visitation order))~~.

(2) A listing on the department of licensing's data base that an individual's license is currently suspended pursuant to RCW 46.20.291~~((7))~~ (8) shall be prima facie evidence that the individual is in noncompliance with a support order ~~((or residential or visitation order))~~. Presentation of a written release issued by the department of social and health services or a court stating that the person is in compliance with an order shall serve as proof of compliance.

Sec. 32. RCW 75.28.046 and 1998 c 267 s 2 are each amended to read as follows:

This section applies to all commercial fishery licenses and delivery licenses, except for whiting-Puget Sound fishery licenses and emergency salmon delivery licenses.

(1) The license holder may engage in the activity authorized by a license subject to this section. With the exception of Dungeness crab--coastal fishery class B licensees licensed under RCW 75.30.350(4) (as recodified by this act), the holder of a license subject to this section may also designate up to two alternate operators for the license. Dungeness crab--coastal fishery class B licensees may not designate alternate operators. A person designated as an alternate operator must possess an alternate operator license issued under RCW 75.28.048 (as recodified by this act).

(2) The fee to change the alternate operator designation is twenty-two dollars.

Sec. 33. RCW 75.28.047 and 1998 c 267 s 3 are each amended to read as follows:

(1) Only the license holder and any alternate operators designated on the license may sell or deliver food fish or shellfish under a commercial fishery license or delivery license. A commercial fishery license or delivery license authorizes no taking or delivery of food fish or shellfish unless the license holder or an alternate operator designated on the license is present or aboard the vessel.

(2) Notwithstanding RCW 75.28.010(1)(c) (as recodified by this act), an alternate operator license is not required for an individual to operate a vessel as a charter boat.

Sec. 34. RCW 75.28.048 and 1998 c 267 s 4 are each amended to read as follows:

(1) A person who holds a commercial fishery license or a delivery license may operate the vessel designated on the license. A person who is not the license holder may operate the vessel designated on the license only if:

(a) The person holds an alternate operator license issued by the director; and

(b) The person is designated as an alternate operator on the underlying commercial fishery license or delivery license under RCW 75.28.046 (as recodified by this act).

(2) Only an individual at least sixteen years of age may hold an alternate operator license.

(3) No individual may hold more than one alternate operator license. An individual who holds an alternate operator license may be designated as an alternate operator on an unlimited number of commercial fishery licenses or delivery licenses under RCW 75.28.046 (as recodified by this act).

(4) An individual who holds two Dungeness crab--Puget Sound fishery licenses may operate the licenses on one vessel if the vessel owner or alternate operator is on the vessel. The department shall allow a license holder to operate up to one hundred crab pots for each license.

(5) As used in this section, to "operate" means to control the deployment or removal of fishing gear from state waters while aboard a vessel or to operate a vessel delivering food fish or shellfish taken in offshore waters to a port within the state.

Sec. 35. RCW 75.28.055 and 1997 c 421 s 1 are each amended to read as follows:

The (~~fish and wildlife commission~~) director may, by rule, increase the number of alternate operators beyond the level authorized by RCW 75.28.030 and 75.28.046 (as recodified by this act) for a commercial fishery license, delivery license, or charter license.

Sec. 36. RCW 75.28.095 and 1998 c 190 s 95 are each amended to read as follows:

(1) The director shall issue the charter licenses and angler permits listed in this section according to the requirements of this title. The licenses and permits and their annual fees and surcharges are:

	License or Permit	Annual Fee	Governing
			(RCW 75.50.100 <u>(as recodified by this act)</u>)
			Surcharge) Section
			Resident Nonresident
(a)	Nonsalmon charter	\$225 \$375	
(b)	Salmon charter	\$380 \$685	RCW 75.30.065
			<u>(as recodified by this act)</u>
			(plus \$100) (plus \$100)
(c)	Salmon angler	\$ 0 \$ 0	RCW 75.30.070
			<u>(as recodified by this act)</u>
(d)	Salmon roe	\$ 95 \$ 95	RCW 75.28.690

(as recodified by this act)

(2) A salmon charter license designating a vessel is required to operate a charter boat to take salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 75.30.065 (as recodified by this act).

(3) A nonsalmon charter license designating a vessel is required to operate a charter boat to take food fish other than salmon and shellfish. As used in this subsection, "food fish" does not include salmon.

(4) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use, and that brings food fish or shellfish into state ports or brings food fish or shellfish taken from state waters into United States ports. The director may specify by rule when a vessel is a "charter boat" within this definition. "Charter boat" does not mean a vessel used by a guide for clients fishing for food fish for personal use in freshwater rivers, streams, and lakes, other than Lake Washington or that part of the Columbia River below the bridge at Longview.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 37. RCW 75.28.110 and 1997 c 76 s 1 are each amended to read as follows:

(1) The following commercial salmon fishery licenses are required for the license holder to use the specified gear to fish for salmon in state waters. Only a person who meets the qualifications of RCW 75.30.120 (as recodified by this act) may hold a license listed in this subsection. The licenses and their annual fees and surcharges under RCW 75.50.100 (as recodified by this act) are:

Fishery Resident Nonresident Surcharge
License Fee Fee

- (a) Salmon Gill Net--Grays \$380 \$685 plus \$100
Harbor-Columbia river
- (b) Salmon Gill Net--Puget \$380 \$685 plus \$100
Sound
- (c) Salmon Gill Net--Willapa \$380 \$685 plus \$100
Bay-Columbia river
- (d) Salmon purse seine \$530 \$985 plus \$100
- (e) Salmon reef net \$380 \$685 plus \$100
- (f) Salmon troll \$380 \$685 plus \$100

(2) A license issued under this section authorizes no taking or delivery of salmon or other food fish unless a vessel is designated under RCW 75.28.045 (as recodified by this act).

(3) Holders of commercial salmon fishery licenses may retain incidentally caught food fish other than salmon, subject to rules of the department.

(4) A salmon troll license includes a salmon delivery license.

(5) A salmon gill net license authorizes the taking of salmon only in the geographical area for which the license is issued. The geographical designations in subsection (1) of this section have the following meanings:

(a) "Puget Sound" includes waters of the Strait of Juan de Fuca, Georgia Strait, Puget Sound and all bays, inlets, canals, coves, sounds, and estuaries lying easterly and southerly of the international boundary line and a line at the entrance to the Strait of Juan de Fuca projected northerly from Cape Flattery to the lighthouse on Tatoosh Island and then to Bonilla Point on Vancouver Island.

(b) "Grays Harbor-Columbia river" includes waters of Grays Harbor and tributary estuaries lying easterly of a line projected northerly from Point Chehalis Light to Point Brown and those waters of the Columbia river and tributary sloughs and estuaries easterly of a line at the entrance to the Columbia river projected southerly from the most westerly point of the North jetty to the most westerly point of the South jetty.

(c) "Willapa Bay-Columbia river" includes waters of Willapa Bay and tributary estuaries and easterly of a line projected northerly from Leadbetter Point to the Cape Shoalwater tower and those waters of the Columbia river and tributary sloughs described in (b) of this subsection.

(6) A commercial salmon troll fishery license may be renewed under this section if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. A commercial salmon gill net, reef net, or seine fishery license may be renewed under this section if the license holder notifies the department by August 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 38. RCW 75.28.113 and 1998 c 190 s 96 are each amended to read as follows:

(1) A salmon delivery license is required to deliver salmon taken in offshore waters to a place or port in the state. The annual fee for a salmon delivery license is three hundred eighty dollars for residents and six hundred eighty-five dollars for nonresidents. The annual surcharge under RCW 75.50.100 (as recodified by this act) is one hundred dollars for each license. Holders of nonlimited entry delivery licenses issued under RCW 75.28.125 (as recodified by this act) may apply the nonlimited entry delivery license fee against the salmon delivery license fee.

(2) Only a person who meets the qualifications established in RCW 75.30.120 (as recodified by this act) may hold a salmon delivery license issued under this section.

(3) A salmon delivery license authorizes no taking of salmon or other food fish or shellfish from the waters of the state.

(4) If the director determines that the operation of a vessel under a salmon delivery license results in the depletion or destruction of the state's salmon resource or the delivery into this state of salmon products prohibited by law, the director may revoke the license under the procedures of chapter 34.05 RCW.

Sec. 39. RCW 75.28.114 and 1999 c 103 s 1 are each amended to read as follows:

(1) The legislature finds that landing salmon into the ports of Washington state, regardless of where such salmon have been harvested, is economically beneficial to those ports as well as to the citizens of the state of Washington. It is therefore the intent of the legislature to encourage this practice.

(2) Notwithstanding the provisions of RCW 75.28.010(1)(b) and 75.28.113 (as recodified by this act), a Washington citizen who holds a valid Oregon or California salmon troll license may land salmon taken during lawful seasons in Oregon and California into Washington ports without obtaining a salmon delivery license. This exception is valid only when the salmon were taken in offshore waters south of Cape Falcon.

(3) The department shall adopt rules necessary to implement this section, including rules identifying the appropriate methods for verifying that salmon were in fact taken south of Cape Falcon.

Sec. 40. RCW 75.28.116 and 1993 sp.s. c 17 s 37 are each amended to read as follows:

A person who does not qualify for a license under RCW 75.30.120 (as recodified by this act) shall obtain a nontransferable emergency salmon delivery license to make one delivery of salmon taken in offshore waters. The director shall not issue an emergency salmon delivery license unless, as determined by the director, a bona fide emergency exists. The license fee is two hundred twenty-five dollars for residents and four hundred seventy-five dollars for nonresidents. An applicant for an emergency salmon delivery license shall designate no more than one vessel that will be used with the license. Alternate operator licenses are not required of persons delivering salmon under an emergency salmon delivery license. Emergency salmon delivery licenses are not renewable.

Sec. 41. RCW 75.28.120 and 1993 sp.s. c 17 s 38 are each amended to read as follows:

(1) This section establishes commercial fishery licenses required for food fish fisheries and the annual fees for those licenses. As used in this section, "food fish" does not include salmon. The director may issue a limited-entry commercial fishery license only to a person who meets the qualifications established in applicable governing sections of this title.

Where a fishery license has been established for a particular species, gear, geographical area, or combination thereof, a more general fishery license may not be used to take food fish in that fishery.

Sec. 42. RCW 75.28.125 and 1998 c 190 s 97 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a person may not use a commercial fishing vessel to deliver food fish or shellfish taken in offshore waters to a port in the state without a nonlimited entry delivery license. As used in this section, "food fish" does not include salmon. As used in this section, "shellfish" does not include ocean pink shrimp or coastal crab. The annual license fee for a nonlimited entry delivery license is one hundred ten dollars for residents and two hundred dollars for nonresidents.

(3) A nonlimited entry delivery license authorizes no taking of food fish or shellfish from state waters.

Sec. 43. RCW 75.28.130 and 1999 c 239 s 2 are each amended to read as follows:

(1) This section establishes commercial fishery licenses required for shellfish fisheries and the annual fees for those licenses. The director may issue a limited-entry commercial fishery license only to a person who meets the qualifications established in applicable governing sections of this title.

Where a fishery license has been established for a particular species, gear, geographical area, or combination thereof, a more general fishery license may not be used to take shellfish in that fishery.

Sec. 44. RCW 75.28.132 and 1994 c 260 s 15 are each amended to read as follows:

A surcharge of fifty dollars shall be collected with each Dungeness crab-coastal fishery license issued under RCW 75.28.130 (as recodified by this act) until June 30, 2000, and with each Dungeness crab-coastal class B fishery license issued under RCW 75.28.130 (as recodified by this act) until December 31, 1997. Moneys collected under this section shall be placed in the Dungeness crab appeals account hereby created in the state treasury. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the

account shall only be used for processing appeals related to the issuance of Dungeness crab-coastal fishery licenses.

Sec. 45. RCW 75.28.133 and 1997 c 418 s 5 are each amended to read as follows:

A surcharge of one hundred twenty dollars shall be collected with each Dungeness crab-coastal fishery license and with each Dungeness crab-coastal class B fishery license issued under RCW 75.28.130 (as recodified by this act). Moneys collected under this section shall be placed in the coastal crab account created under RCW 75.30.390 (as recodified by this act).

Sec. 46. RCW 75.28.280 and 1993 c 340 s 19 are each amended to read as follows:

A hardshell clam mechanical harvester fishery license is required to operate a mechanical or hydraulic device for commercially harvesting clams, other than geoduck clams, unless the requirements of RCW 75.20.100 (as recodified by this act) are fulfilled for the proposed activity.

Sec. 47. RCW 75.28.290 and 1993 c 340 s 20 are each amended to read as follows:

A person who commercially takes shellfish from state oyster reserves under RCW 75.24.070 (as recodified by this act) must have an oyster reserve fishery license.

Sec. 48. RCW 75.28.300 and 1993 sp.s. c 17 s 43 are each amended to read as follows:

A wholesale fish dealer's license is required for:

- (1) A business in the state to engage in the commercial processing of food fish or shellfish, including custom canning or processing of personal use food fish or shellfish.
- (2) A business in the state to engage in the wholesale selling, buying, or brokering of food fish or shellfish. A wholesale fish dealer's license is not required of those businesses which buy exclusively from Washington licensed wholesale dealers and sell solely at retail.
- (3) Fishermen who land and sell their catch or harvest in the state to anyone other than a licensed wholesale dealer within or outside the state.
- (4) A business to engage in the commercial manufacture or preparation of fertilizer, oil, meal, caviar, fish bait, or other byproducts from food fish or shellfish.
- (5) A business employing a fish buyer as defined under RCW 75.28.340 (as recodified by this act).

The annual license fee for a wholesale dealer is two hundred fifty dollars. A wholesale fish dealer's license is not required for persons engaged in the processing, wholesale selling, buying, or brokering of private sector cultured aquatic products as defined in RCW 15.85.020. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 49. RCW 75.28.323 and 1996 c 267 s 30 are each amended to read as follows:

(1) A wholesale fish dealer shall not take possession of food fish or shellfish until the dealer has deposited with the department an acceptable performance bond on forms prescribed and furnished by the department. This performance bond shall be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under chapter 48.28 RCW and approved by the department. The bond shall be filed and maintained in an amount equal to one thousand dollars for each buyer engaged by the wholesale dealer. In no case shall the bond be less than two thousand dollars nor more than fifty thousand dollars.

(2) A wholesale dealer shall, within seven days of engaging additional fish buyers, notify the department and increase the amount of the bonding required in subsection (1) of this section.

(3) The director may suspend and refuse to reissue a wholesale fish dealer's license of a dealer who has taken possession of food fish or shellfish without an acceptable performance bond on deposit with the department.

(4) The bond shall be conditioned upon the compliance with the requirements of this chapter and rules of the department relating to the payment of fines for violations of rules for the accounting of the commercial harvest of food fish or shellfish. In lieu of the surety bond required by this section the

wholesale fish dealer may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account or of a savings certificate in a Washington bank on an assignment form prescribed by the department.

(5) Liability under the bond shall be maintained as long as the wholesale fish dealer engages in activities under RCW 75.28.300 (as recodified by this act) unless released. Liability under the bond may be released only upon written notification from the department. Notification shall be given upon acceptance by the department of a substitute bond or forty-five days after the expiration of the wholesale fish dealer's annual license. In no event shall the liability of the surety exceed the amount of the surety bond required under this chapter.

Sec. 50. RCW 75.28.340 and 1993 sp.s. c 17 s 46 are each amended to read as follows:

(1) A fish buyer's license is required of and shall be carried by each individual engaged by a wholesale fish dealer to purchase food fish or shellfish from a licensed commercial fisherman. A fish buyer may represent only one wholesale fish dealer.

(2) (~~Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065,~~) The annual fee for a fish buyer's license is ninety-five dollars.

Sec. 51. RCW 75.28.730 and 1993 c 376 s 4 are each amended to read as follows:

An ocean pink shrimp delivery license is required to deliver ocean pink shrimp taken in offshore waters and delivered to a port in the state. (~~Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065,~~) The annual license fee is one hundred fifty dollars for residents and three hundred dollars for nonresidents. Ocean pink shrimp delivery licenses are transferable.

Sec. 52. RCW 75.28.740 and 1998 c 190 s 99 are each amended to read as follows:

(1) The director may by rule designate a fishery as an emerging commercial fishery. The director shall include in the designation whether the fishery is one that requires a vessel.

(2) "Emerging commercial fishery" means the commercial taking of a newly classified species of food fish or shellfish, the commercial taking of a classified species with gear not previously used for that species, or the commercial taking of a classified species in an area from which that species has not previously been commercially taken. Any species of food fish or shellfish commercially harvested in Washington state as of June 7, 1990, may be designated as a species in an emerging commercial fishery, except that no fishery subject to a license limitation program in chapter 75.30 RCW (as recodified by this act) may be designated as an emerging commercial fishery.

(3) A person shall not take food fish or shellfish in a fishery designated as an emerging commercial fishery without an emerging commercial fishery license and a permit from the director. The director shall issue two types of permits to accompany emerging commercial fishery licenses: Trial fishery permits and experimental fishery permits. Trial fishery permits are governed by subsection (4) of this section. Experimental fishery permits are governed by RCW 75.30.220 (as recodified by this act).

(4) The director shall issue trial fishery permits for a fishery designated as an emerging commercial fishery unless the director determines there is a need to limit the number of participants under RCW 75.30.220 (as recodified by this act). A person who meets the qualifications of RCW 75.28.020 (as recodified by this act) may hold a trial fishery permit. The holder of a trial fishery permit shall comply with the terms of the permit. Trial fishery permits are not transferable from the permit holder to any other person.

Sec. 53. RCW 75.28.760 and 1993 sp.s. c 4 s 2 are each amended to read as follows:

By July 1, 1994, the (~~departments of fisheries and wildlife~~) commission jointly with the appropriate Indian tribes, shall each establish a wild salmonid policy. The policy shall ensure that department actions and programs are consistent with the goals of rebuilding wild stock populations to levels that permit commercial and recreational fishing opportunities.

Sec. 54. RCW 75.28.770 and 1998 c 245 s 153 are each amended to read as follows:

The ~~((department))~~ director shall evaluate and recommend, in consultation with the Indian tribes, salmon fishery management strategies and gear types, as well as a schedule for implementation, that will minimize the impact of commercial and recreational fishing in the mixed stock fishery on critical and depressed wild stocks of salmonids. As part of this evaluation, the ~~((department))~~ director, in conjunction with the commercial and recreational fishing industries, shall evaluate commercial and recreational salmon fishing gear types developed by these industries.

Sec. 55. RCW 75.28.780 and 1993 sp.s. c 17 s 42 are each amended to read as follows:

The director shall issue the personal licenses listed in this section according to the requirements of this title. The licenses and their annual fees are:

Sec. 56. RCW 75.30.021 and 1995 c 227 s 2 are each amended to read as follows:

(1) The ~~((department))~~ director shall waive license requirements, including landing or poundage requirements, if, during the calendar year that a license issued pursuant to chapter 75.28 RCW (as recodified by this act) is valid, no harvest opportunity occurs in the fishery corresponding to the license.

(2) For each license limitation program, where the person failed to hold the license and failed to make landing or poundage requirements because of a license waiver by the ~~((department))~~ director during the previous year, the person shall qualify for a license by establishing that the person held the license during the last year in which the license was not waived.

Sec. 57. RCW 75.30.050 and 1999 c 151 s 1601 are each amended to read as follows:

(1) The director shall appoint three-member advisory review boards to hear cases as provided in RCW 75.30.060 (as recodified by this act). Members shall be from:

(a) The commercial sea urchin and sea cucumber fishery in cases involving sea urchin and sea cucumber dive fishery licenses; ~~((and))~~ and

(b) The commercial coastal crab fishery in cases involving Dungeness crab-coastal fishery licenses and Dungeness crab-coastal class B fishery licenses. The members shall include one person from the commercial crab processors, one Dungeness crab-coastal fishery license holder, and one citizen representative of a coastal community.

(2) Members shall serve at the discretion of the director and shall be reimbursed for travel expenses as provided in RCW 43.03.050, 43.03.060, and 43.03.065.

Sec. 58. RCW 75.30.060 and 1995 1st sp.s. c 2 s 32 are each amended to read as follows:

A person aggrieved by a decision of the department under this chapter may request administrative review under the informal procedure established by this section.

In an informal hearing before a review board, the rules of evidence do not apply. A record of the proceeding shall be kept as provided by chapter 34.05 RCW. After hearing the case the review board shall notify in writing the ~~((commission))~~ director and the initiating party whether the review board agrees or disagrees with the department's decision and the reasons for the review board's

findings. Upon receipt of the review board's findings the ((~~commission~~)) director may order such relief as the ((~~commission~~)) director deems appropriate under the circumstances.

Nothing in this section: (1) Impairs an aggrieved person's right to proceed under chapter 34.05 RCW; or (2) imposes a liability on members of a review board for their actions under this section.

Sec. 59. RCW 75.30.065 and 1993 c 340 s 28 are each amended to read as follows:

(1) After May 28, 1977, the director shall issue no new salmon charter licenses. A person may renew an existing salmon charter license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(2) Salmon charter licenses may be renewed each year. A salmon charter license which is not renewed each year shall not be renewed further.

(3) Subject to the restrictions in ((~~section 11 of this act~~)) RCW 75.28.011 (as recodified by this act), salmon charter licenses are transferrable from one license holder to another.

Sec. 60. RCW 75.30.070 and 1998 c 190 s 100 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, a person shall not operate a vessel as a charter boat from which salmon are taken in salt water without an angler permit. The angler permit shall specify the maximum number of persons that may fish from the charter boat per trip. The angler permit expires if the salmon charter license is not renewed.

(2) Only a person who holds a salmon charter license issued under RCW 75.28.095 and 75.30.065 (as recodified by this act) may hold an angler permit.

(3) An angler permit shall not be required for charter boats licensed in Oregon and fishing in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point under the same regulations as Washington charter boat operators, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

Sec. 61. RCW 75.30.090 and 1993 c 340 s 30 are each amended to read as follows:

A salmon charter boat may not carry more anglers than the number specified in the angler permit issued under RCW 75.30.070 (as recodified by this act). Members of the crew may fish from the boat only to the extent that the number of anglers specified in the angler permit exceeds the number of noncrew passengers on the boat at that time.

Sec. 62. RCW 75.30.100 and 1993 c 340 s 31 are each amended to read as follows:

(1) The total number of anglers authorized by the ((~~department~~)) director shall not exceed the total number authorized for 1980.

(2) Angler permits issued under RCW 75.30.070 (as recodified by this act) are transferable. All or a portion of the permit may be transferred to another salmon charter license holder.

(3) The angler permit holder and proposed transferee shall notify the department when transferring an angler permit, and the ((~~department~~)) director shall issue a new angler permit certificate. If the original permit holder retains a portion of the permit, the ((~~department~~)) director shall issue a new angler permit certificate reflecting the decrease in angler capacity.

(4) The department shall collect a fee of ten dollars for each certificate issued under subsection (3) of this section.

Sec. 63. RCW 75.30.120 and 1995 c 135 s 7 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, after May 6, 1974, the director shall issue no new commercial salmon fishery licenses or salmon delivery licenses. A person may renew an existing license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(2) Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

(3) Subject to the restrictions in RCW 75.28.011 (as recodified by this act), commercial salmon fishery licenses and salmon delivery licenses are transferable from one license holder to another.

Sec. 64. RCW 75.30.125 and 1993 c 340 s 33 are each amended to read as follows:

Any commercial salmon fishery license issued under RCW 75.28.110 (as recodified by this act) or salmon delivery license issued under RCW 75.28.113 (as recodified by this act) shall revert to the department when any government confiscates and sells the vessel designated on the license. Upon application of the person named on the license as license holder and the approval of the director, the department shall transfer the license to the applicant. Application for transfer of the license must be made within the calendar year for which the license was issued.

Sec. 65. RCW 75.30.130 and 1999 c 151 s 1602 are each amended to read as follows:

(1) A person shall not commercially take Dungeness crab (*Cancer magister*) in Puget Sound without first obtaining a Dungeness crab--Puget Sound fishery license. As used in this section, "Puget Sound" has the meaning given in RCW 75.28.110(5)(a) (as recodified by this act). A Dungeness crab--Puget Sound fishery license is not required to take other species of crab, including red rock crab (*Cancer productus*).

(2) Except as provided in subsections (3) and (6) of this section, after January 1, 1982, the director shall issue no new Dungeness crab--Puget Sound fishery licenses. Only a person who meets the following qualification may renew an existing license: The person shall have held the Dungeness crab--Puget Sound fishery license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and shall not have subsequently transferred the license to another person.

(3) Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

(4) This section does not restrict the issuance of commercial crab licenses for areas other than Puget Sound or for species other than Dungeness crab.

(5) Dungeness crab--Puget Sound fishery licenses are transferable from one license holder to another.

(6) If fewer than one hundred twenty-five persons are eligible for Dungeness crab--Puget Sound fishery licenses, the director may accept applications for new licenses. The director shall determine by random selection the successful applicants for the additional licenses. The number of additional licenses issued shall be sufficient to maintain one hundred twenty-five licenses in the Puget Sound Dungeness crab fishery. The director shall adopt rules governing the application, selection, and issuance procedures for new Dungeness crab--Puget Sound fishery licenses.

Sec. 66. RCW 75.30.140 and 1998 c 190 s 102 are each amended to read as follows:

(1) A person shall not fish commercially for herring in state waters without a herring fishery license. As used in this section, "herring fishery license" means any of the following commercial fishery licenses issued under RCW 75.28.120 (as recodified by this act): Herring dip bag net; herring drag seine; herring gill net; herring lampara; herring purse seine.

(2) Except as provided in this section, a herring fishery license may be issued only to a person who held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(3) Herring fishery licenses may be renewed each year. A herring fishery license that is not renewed each year shall not be renewed further.

(4) The ((department)) director may issue additional herring fishery licenses if the stocks of herring will not be jeopardized by granting additional licenses.

(5) Subject to the restrictions of RCW 75.28.011 (as recodified by this act), herring fishery licenses are transferable from one license holder to another.

Sec. 67. RCW 75.30.170 and 1993 c 340 s 39 are each amended to read as follows:

(1) A person shall not commercially take whiting from areas that the department designates within the waters described in RCW 75.28.110(5)(a) (as recodified by this act) without a whiting-Puget Sound fishery license.

(2) A whiting-Puget Sound fishery license may be issued only to an individual who:

(a) Delivered at least fifty thousand pounds of whiting during the period from January 1, 1981, through February 22, 1985, as verified by fish delivery tickets;

(b) Possessed, on January 1, 1986, all equipment necessary to fish for whiting; and

(c) Held a whiting-Puget Sound fishery license during the previous year or acquired such a license by transfer from someone who held it during the previous year.

~~((2))~~ (3) After January 1, 1995, the director shall issue no new whiting-Puget Sound fishery licenses. After January 1, 1995, only an individual who meets the following qualifications may renew an existing license: The individual shall have held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and shall not have subsequently transferred the license to another person.

~~((3))~~ (4) Whiting-Puget Sound fishery licenses may be renewed each year. A whiting-Puget Sound fishery license that is not renewed each year shall not be renewed further.

Sec. 68. RCW 75.30.180 and 1993 c 340 s 40 are each amended to read as follows:

A whiting-Puget Sound fishery license may be transferred through gift, devise, bequest, or descent to members of the license holder's immediate family which shall be limited to spouse, children, or stepchildren. The holder of a whiting-Puget Sound fishery license shall be present on any vessel taking whiting under the license. In no instance may temporary permits be issued.

The director may adopt rules necessary to implement RCW ~~((75.30.160 through))~~ 75.30.170 and 75.30.180 (as recodified by this act).

Sec. 69. RCW 75.30.220 and 1993 c 340 s 42 are each amended to read as follows:

(1) The director may issue experimental fishery permits for commercial harvest in an emerging commercial fishery for which the director has determined there is a need to limit the number of participants. The director shall determine by rule the number and qualifications of participants for such experimental fishery permits. Only a person who holds an emerging commercial fishery license issued under RCW 75.28.740 (as recodified by this act) and who meets the qualifications established in those rules may hold an experimental fishery permit. The director shall limit the number of these permits to prevent habitat damage, ensure conservation of the resource, and prevent overharvesting. In developing rules for limiting participation in an emerging or expanding commercial fishery, the director shall appoint a five-person advisory board representative of the affected fishery industry. The advisory board shall review and make recommendations to the director on rules relating to the number and qualifications of the participants for such experimental fishery permits.

(2) RCW 34.05.422(3) does not apply to applications for new experimental fishery permits.

(3) Experimental fishery permits are not transferable from the permit holder to any other person.

Sec. 70. RCW 75.30.270 and 1993 c 340 s 37 are each amended to read as follows:

(1) A herring spawn on kelp fishery license is required to commercially take herring eggs which have been deposited on vegetation of any type.

(2) A herring spawn on kelp fishery license may be issued only to a person who:

(a) Holds a herring fishery license issued under RCW 75.28.120 and 75.30.140 (as recodified by this act); and

(b) Is the highest bidder in an auction conducted under subsection (3) of this section.

(3) The department shall sell herring spawn on kelp commercial fishery licenses at auction to the highest bidder. Bidders shall identify their sources of kelp. Kelp harvested from state-owned

aquatic lands as defined in RCW 79.90.465 requires the written consent of the department of natural resources. The department shall give all holders of herring fishery licenses thirty days' notice of the auction.

Sec. 71. RCW 75.30.280 and 1998 c 190 s 106 are each amended to read as follows:

(1) A person shall not harvest geoduck clams commercially without a geoduck fishery license. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

(2) Only a person who has entered into a geoduck harvesting agreement with the department of natural resources under RCW 79.96.080 may hold a geoduck fishery license.

(3) A geoduck fishery license authorizes no taking of geoducks outside the boundaries of the public lands designated in the underlying harvesting agreement, or beyond the harvest ceiling set in the underlying harvesting agreement.

(4) A geoduck fishery license expires when the underlying geoduck harvesting agreement terminates.

(5) The director shall determine the number of geoduck fishery licenses that may be issued for each geoduck harvesting agreement, the number of units of gear whose use the license authorizes, and the type of gear that may be used, subject to RCW 75.24.100 (as recodified by this act). In making those determinations, the director shall seek to conserve the geoduck resource and prevent damage to its habitat.

(6) The holder of a geoduck fishery license and the holder's agents and representatives shall comply with all applicable commercial diving safety regulations adopted by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists on May 8, 1979, 84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq. A violation of those regulations is a violation of this subsection. For the purposes of this section, persons who dive for geoducks are "employees" as defined by the federal occupational safety and health act. A violation of this subsection is grounds for suspension or revocation of a geoduck fishery license following a hearing under the procedures of chapter 34.05 RCW. The ~~((department))~~ director shall not suspend or revoke a geoduck fishery license if the violation has been corrected within ten days of the date the license holder receives written notice of the violation. If there is a substantial probability that a violation of the commercial diving standards could result in death or serious physical harm to a person engaged in harvesting geoduck clams, the ~~((department))~~ director shall suspend the license immediately until the violation has been corrected. If the license holder is not the operator of the harvest vessel and has contracted with another person for the harvesting of geoducks, the ~~((department))~~ director shall not suspend or revoke the license if the license holder terminates its business relationship with that person until compliance with this subsection is secured.

Sec. 72. RCW 75.30.290 and 1998 c 190 s 107 are each amended to read as follows:

A person shall not commercially deliver into any Washington state port ocean pink shrimp caught in offshore waters without an ocean pink shrimp delivery license issued under RCW 75.28.730 (as recodified by this act), or an ocean pink shrimp single delivery license issued under RCW 75.30.320 (as recodified by this act). An ocean pink shrimp delivery license shall be issued to a vessel that:

(1) Landed a total of at least five thousand pounds of ocean pink shrimp in Washington in any single calendar year between January 1, 1983, and December 31, 1992, as documented by a valid shellfish receiving ticket; and

(2) Can show continuous participation in the Washington, Oregon, or California ocean pink shrimp fishery by being eligible to land ocean pink shrimp in either Washington, Oregon, or California each year since the landing made under subsection (1) of this section. Evidence of such eligibility shall be a certified statement from the relevant state licensing agency that the applicant for a Washington ocean pink shrimp delivery license held at least one of the following permits:

(a) For Washington: Possession of a delivery permit or delivery license issued under RCW 75.28.125 ~~((or a trawl license (other than Puget Sound) issued under RCW 75.28.140))~~ (as recodified by this act);

- (b) For Oregon: Possession of a vessel permit issued under Oregon Revised Statute 508.880;
or
(c) For California: A trawl permit issued under California Fish and Game Code sec. 8842.

Sec. 73. RCW 75.30.300 and 1993 c 376 s 6 are each amended to read as follows:

An applicant who can show historical participation under RCW 75.30.290(1) (as recodified by this act) but does not satisfy the continuous participation requirement of RCW 75.30.290(2) (as recodified by this act) shall be issued an ocean pink shrimp delivery license if:

(1) The owner can prove that the owner was in the process on December 31, 1992, of constructing a vessel for the purpose of ocean pink shrimp harvest. For purposes of this section, "construction" means having the keel laid, and "for the purpose of ocean pink shrimp harvest" means the vessel is designed as a trawl vessel. An ocean pink shrimp delivery license issued to a vessel under construction is not renewable after December 31, 1994, unless the vessel lands a total of at least five thousand pounds of ocean pink shrimp into a Washington state port before December 31, 1994; or

(2) The applicant's vessel is a replacement for a vessel that is otherwise eligible for an ocean pink shrimp delivery license.

Sec. 74. RCW 75.30.320 and 1993 c 376 s 8 are each amended to read as follows:

The owner of an ocean pink shrimp fishing vessel that does not qualify for an ocean pink shrimp delivery license issued under RCW 75.28.730 (as recodified by this act) shall obtain an ocean pink shrimp single delivery license in order to make a landing into a state port of ocean pink shrimp taken in offshore waters. The director shall not issue an ocean pink shrimp single delivery license unless, as determined by the director, a bona fide emergency exists. A maximum of six ocean pink shrimp single delivery licenses may be issued annually to any vessel. (~~Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065,)~~ The fee for an ocean pink shrimp single delivery license is one hundred dollars.

Sec. 75. RCW 75.30.330 and 1993 c 376 s 10 are each amended to read as follows:

The director may reduce the landing requirements established under RCW 75.30.290 (as recodified by this act) upon the recommendation of an advisory review board established under RCW 75.30.050 (as recodified by this act), but the director may not entirely waive the landing requirement. The advisory review board may recommend a reduction of the landing requirement in individual cases if in the advisory review board's judgment, extenuating circumstances prevented achievement of the landing requirement. The director shall adopt rules governing the operation of the advisory review board and defining "extenuating circumstances."

Sec. 76. RCW 75.30.350 and 1998 c 190 s 108 are each amended to read as follows:

(1) A person shall not commercially fish for coastal crab in Washington state waters without a Dungeness crab--coastal or a Dungeness crab--coastal class B fishery license. Gear used must consist of one buoy attached to each crab pot. Each crab pot must be fished individually.

(2) A Dungeness crab--coastal fishery license is transferable. Except as provided in subsection (3) of this section, such a license shall only be issued to a person who proved active historical participation in the coastal crab fishery by having designated, after December 31, 1993, a vessel or a replacement vessel on the qualifying license that singly or in combination meets the following criteria:

(a) Made a minimum of eight coastal crab landings totaling a minimum of five thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets; and showed historical and continuous participation in the coastal crab fishery by having held one of the following licenses or their equivalents each calendar year beginning 1990 through 1993, and was designated on the qualifying license of the person who held one of the following licenses in 1994:

(i) Crab pot--Non-Puget Sound license, issued under RCW 75.28.130(1)(b) (as recodified by this act);

(ii) Nonsalmon delivery license, issued under RCW 75.28.125 (as recodified by this act);

(iii) Salmon troll license, issued under RCW 75.28.110 (as recodified by this act);

- (iv) Salmon delivery license, issued under RCW 75.28.113 (as recodified by this act);
- (v) Food fish trawl license, issued under RCW 75.28.120 (as recodified by this act); or
- (vi) Shrimp trawl license, issued under RCW 75.28.130 (as recodified by this act); or

(b) Made a minimum of four Washington landings of coastal crab totaling two thousand pounds during the period from December 1, 1991, to March 20, 1992, and made a minimum of eight crab landings totaling a minimum of five thousand pounds of coastal crab during each of the following periods: December 1, 1991, to September 15, 1992; December 1, 1992, to September 15, 1993; and December 1, 1993, to September 15, 1994. For landings made after December 31, 1993, the vessel shall have been designated on the qualifying license of the person making the landings; or

(c) Made any number of coastal crab landings totaling a minimum of twenty thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets, showed historical and continuous participation in the coastal crab fishery by having held one of the qualifying licenses each calendar year beginning 1990 through 1993, and the vessel was designated on the qualifying license of the person who held that license in 1994.

(3) A Dungeness crab-coastal fishery license shall be issued to a person who had a new vessel under construction between December 1, 1988, and September 15, 1992, if the vessel made coastal crab landings totaling a minimum of five thousand pounds by September 15, 1993, and the new vessel was designated on the qualifying license of the person who held that license in 1994. All landings shall be documented by valid Washington state shellfish receiving tickets. License applications under this subsection may be subject to review by the advisory review board in accordance with RCW 75.30.050 (as recodified by this act). For purposes of this subsection, "under construction" means either:

- (a)(i) A contract for any part of the work was signed before September 15, 1992; and
- (ii) The contract for the vessel under construction was not transferred or otherwise alienated from the contract holder between the date of the contract and the issuance of the Dungeness crab-coastal fishery license; and
- (iii) Construction had not been completed before December 1, 1988; or
- (b)(i) The keel was laid before September 15, 1992; and
- (ii) Vessel ownership was not transferred or otherwise alienated from the owner between the time the keel was laid and the issuance of the Dungeness crab-coastal fishery license; and
- (iii) Construction had not been completed before December 1, 1988.

(4) A Dungeness crab--coastal class B fishery license is not transferable. Such a license shall be issued to persons who do not meet the qualification criteria for a Dungeness crab--coastal fishery license, if the person has designated on a qualifying license after December 31, 1993, a vessel or replacement vessel that, singly or in combination, made a minimum of four landings totaling a minimum of two thousand pounds of coastal crab, documented by valid Washington state shellfish receiving tickets, during at least one of the four qualifying seasons, and if the person has participated continuously in the coastal crab fishery by having held or by having owned a vessel that held one or more of the licenses listed in subsection (2) of this section in each calendar year subsequent to the qualifying season in which qualifying landings were made through 1994. Dungeness crab--coastal class B fishery licenses cease to exist after December 31, 1999, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

(5) The four qualifying seasons for purposes of this section are:

- (a) December 1, 1988, through September 15, 1989;

(7) For purposes of this section, "replacement vessel" means a vessel used in the coastal crab fishery in 1994, and that replaces a vessel used in the coastal crab fishery during any period from 1988 through 1993, and which vessel's licensing and catch history, together with the licensing and catch history of the vessel it replaces, qualifies a single applicant for a Dungeness crab--coastal or Dungeness crab--coastal class B fishery license. A Dungeness crab--coastal or Dungeness crab--coastal class B fishery license may only be issued to a person who designated a vessel in the 1994 coastal crab fishery and who designated the same vessel in 1995.

Sec. 77. RCW 75.30.370 and 1994 c 260 s 4 are each amended to read as follows:

A person commercially fishing for Dungeness crab in offshore waters outside of Washington state jurisdiction shall obtain a Dungeness crab offshore delivery license from the director if the person does not possess a valid Dungeness crab-coastal fishery license or a valid Dungeness crab-coastal class B fishery license and the person wishes to land Dungeness crab into a place or a port in the state. The annual fee for a Dungeness crab offshore delivery license is two hundred fifty dollars. The director may specify restrictions on landings of offshore Dungeness crab in Washington state as authorized in RCW 75.30.360 (as recodified by this act).

Fees from the offshore Dungeness crab delivery license shall be placed in the ~~((coastal~~ ~~coastal))~~ coastal crab account created in RCW 75.30.390 (as recodified by this act).

Sec. 78. RCW 75.30.380 and 1997 c 418 s 3 are each amended to read as follows:

Dungeness crab-coastal fishery licenses are freely transferable on a willing seller-willing buyer basis after paying the transfer fee in RCW 75.28.011 (as recodified by this act).

Sec. 79. RCW 75.30.390 and 1997 c 418 s 4 are each amended to read as follows:

The coastal crab account is created in the custody of the state treasurer. The account shall consist of revenues from fees from the transfer of each Dungeness crab-coastal fishery license assessed under RCW 75.28.011 (as recodified by this act), delivery fees assessed under RCW 75.30.370 (as recodified by this act), and the license surcharge under RCW 75.28.133 (as recodified by this act). Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW but no appropriation is required for expenditures. Funds may be used for coastal crab management activities as provided in RCW 75.30.410 (as recodified by this act).

Sec. 80. RCW 75.30.420 and 1994 c 260 s 9 are each amended to read as follows:

(1) An Oregon resident who can show historical and continuous participation in the Washington state coastal crab fishery by having held a nonresident non-Puget Sound crab pot license issued under RCW 75.28.130 (as recodified by this act) each year from 1990 through 1994, and who has delivered a minimum of eight landings totaling five thousand pounds of crab into Oregon during any two of the four qualifying seasons as provided in RCW 75.30.350~~((4))~~ (5) (as recodified by this act) as evidenced by valid Oregon fish receiving tickets, shall be issued a nonresident Dungeness crab-coastal fishery license valid for fishing in Washington state waters north from the Oregon-Washington boundary to United States latitude forty-six degrees thirty minutes north. Such license shall be issued upon application and submission of proof of delivery.

(2) This section shall become effective contingent upon reciprocal statutory authority in the state of Oregon providing for equal access for Washington state coastal crab fishers to Oregon territorial coastal waters north of United States latitude forty-five degrees fifty-eight minutes north, and Oregon waters of the Columbia river.

Sec. 81. RCW 75.30.440 and 1994 c 260 s 13 are each amended to read as follows:

Except as provided under RCW 75.30.460 (as recodified by this act), the director shall issue no new Dungeness crab-coastal fishery licenses after December 31, 1995. A person may renew an existing license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person. Where the person failed to obtain the

license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

Sec. 82. RCW 75.30.460 and 1994 c 260 s 17 are each amended to read as follows:

If fewer than one hundred seventy-five persons are eligible for Dungeness crab-coastal fishery licenses, the director may accept applications for new licenses. Additional licenses issued may maintain a maximum of one hundred seventy-five licenses in the Washington coastal crab fishery. If additional licenses are to be issued, the director shall adopt rules governing the notification, application, selection, and issuance procedures for new Dungeness crab-coastal fishery licenses, based on recommendations of the advisory review board established under RCW 75.30.050 (as recodified by this act).

The advisory review board may recommend a reduction of the landing requirement in individual cases if in the advisory review board's judgment, extenuating circumstances prevented achievement of the landing requirement. The director shall adopt rules governing the operation of the advisory review board and defining "extenuating circumstances." Extenuating circumstances may include situations in which a person had a vessel under construction such that qualifying landings could not be made. In defining extenuating circumstances, special consideration shall be given to individuals who can provide evidence of lack of access to capital based on past discrimination due to race, creed, color, sex, national origin, or disability.

(4) The independent science panel shall be governed by generally accepted guidelines and practices governing the activities of independent science boards such as the national academy of sciences. The purpose of the independent science panel is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office shall request review of salmon recovery plans by the science review panel. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 75.46.060, 75.46.070, and 75.46.080 (as recodified by this act) or to make policy decisions. The panel shall periodically submit its findings and recommendations under this subsection to the legislature and the governor.

(1) Critical pathways methodology shall be used to develop a habitat project list and a habitat work schedule that ensures salmon habitat projects will be prioritized and implemented in a logical sequential manner that produces habitat capable of sustaining healthy populations of salmon.

(2) The critical pathways methodology shall:

(a) Include a limiting factors analysis for salmon in streams, rivers, tributaries, estuaries, and subbasins in the region. The technical advisory group shall have responsibility for the limiting factors analysis;

(b) Identify local habitat projects that sponsors are willing to undertake. The projects identified must have a written agreement from the landowner on which the project is to be implemented. Project sponsors shall have the lead responsibility for this task;

(c) Identify how projects will be monitored and evaluated. The project sponsor, in consultation with the technical advisory group and the appropriate landowner, shall have responsibility for this task;

Habitat restoration project lists shall be submitted to the interagency review team by January 1st and July 1st of each year. The purpose of the team is to assist the salmon recovery funding board in developing procedures and standards for state-wide funding allocation, and to assist the board in reviewing funding applications to identify the highest priority projects and activities for funding.

(2) If a lead entity established under RCW 75.46.060 (as recodified by this act) has been formed, the interagency review team shall evaluate habitat project lists developed pursuant to RCW 75.46.060 (as recodified by this act) and submitted to the board for consideration for funding. The team shall advise the board on whether the list for the area complies with the list development procedures and critical path methodology provided by RCW 75.46.060 and 75.46.070 (as recodified by this act). When the board determines the list to comply with those requirements it shall accord substantial weight to the list's project priorities when making determinations among applications for funding of projects and activities within the area covered by the list. Projects that include use of side channels, off-stream rearing enhancement, improvement in overwintering habitat, or use of acclimation ponds shall receive consideration for funding.

(3) The board may annually establish a maximum amount of funding available for any individual project, subject to available funding.

(5) The interagency review team shall review, rank, and approve projects submitted for funding until January 1, 2000.

(6) This section expires July 1, 2000.

Sec. 97. RCW 75.46.090 and 1998 c 246 s 10 are each amended to read as follows:

(1) The conservation commission, in consultation with local government and the tribes, shall invite private, federal, state, tribal, and local government personnel with appropriate expertise to act as a technical advisory group.

(2) For state personnel, involvement on the technical advisory group shall be at the discretion of the particular agency. Unless specifically provided for in the budget, technical assistance participants shall be provided from existing full-time equivalent employees.

(3) The technical advisory group shall identify the limiting factors for salmonids to respond to the limiting factors relating to habitat pursuant to RCW 75.46.070(2) (as recodified by this act).

(4) Where appropriate, the conservation district within the area implementing this chapter shall take the lead in developing and maintaining relationships between the technical advisory group and the private landowners under RCW 75.46.080 (as recodified by this act). The conservation districts may assist landowners to organize around river, tributary, estuary, or subbasins of a watershed.

(5) Fishery enhancement groups and other volunteer organizations may participate in the activities under this section.

Sec. 98. RCW 75.46.100 and 1999 1st sp.s. c 13 s 14 are each amended to read as follows:

Sec. 100. RCW 75.46.120 and 1998 c 246 s 16 are each amended to read as follows:

(1) The departments of transportation, fish and wildlife, and ecology, and tribes shall convene a work group to develop policy guidance to evaluate mitigation alternatives. The policy guidance shall be designed to enable committees established under RCW 75.46.060 (as recodified by this act) to develop and implement habitat project lists that maximize environmental benefits from project mitigation while reducing project design and permitting costs. The work group shall seek technical assistance to ensure that federal, state, treaty right, and local environmental laws and ordinances are met. The purpose of this section is not to increase regulatory requirements or expand departmental authority.

(2) The work group shall develop guidance for determining alternative mitigation opportunities. Such guidance shall include criteria and procedures for identifying and evaluating mitigation opportunities within a watershed. Such guidance shall create procedures that provide alternative mitigation that has a low risk to the environment, yet has high net environmental, social, and economic benefits compared to status quo options.

(3) The evaluation shall include:

(a) All elements of mitigation, including but not limited to data requirements, decision making, state and tribal agency coordination, and permitting; and

(b) Criteria and procedures for identifying and evaluating mitigation opportunities, including but not limited to the criteria in chapter 90.74 RCW.

(4) Committees established under RCW 75.46.060 (as recodified by this act) shall coordinate voluntary collaborative efforts between habitat project proponents and mitigation project proponents. Mitigation funds may be used to implement projects identified by a work plan to mitigate for the impacts of a transportation or other development proposal or project.

(5) For the purposes of this section, "mitigation" has the same meaning as provided in RCW 90.74.010.

(1) The (~~salmon recovery funding~~) salmon recovery funding board is responsible for making grants and loans for salmon habitat projects and salmon recovery activities from the amounts appropriated to the board for this purpose. To accomplish this purpose the board may:

(a) Provide assistance to grant applicants regarding the procedures and criteria for grant and loan awards;

(b) Make and execute all manner of contracts and agreements with public and private parties as the board deems necessary, consistent with the purposes of this chapter;

(c) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms that are not in conflict with this chapter;

(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and

(e) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(2) The interagency committee for outdoor recreation shall provide all necessary grants and loans administration assistance to the board, and shall distribute funds as provided by the board in RCW 75.46.170 (as recodified by this act).

Sec. 102. RCW 75.46.170 and 1999 1st sp.s. c 13 s 5 are each amended to read as follows:

(1) The ~~((salmon recovery funding))~~ salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a state-wide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 75.46.070 (as recodified by this act);

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;

(iii) Will benefit listed species and other fish species; and

(iv) Will preserve high quality salmonid habitat.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) For fiscal year 2000, the board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team's staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team's exercise of such authority.

(5) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation standards and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 75.46.070 (as recodified by this act), it shall provide substantial weight to the list's project priorities when making determinations among applications for funding of projects within the area covered by the list.

(6) The board shall establish criteria for determining when block grants may be made to a lead entity or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region. Where a lead entity has been established pursuant to RCW 75.46.060 (as recodified by this act), the board may provide grants to the lead entity to assist in carrying out lead entity functions under this chapter, subject to available funding. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for recreational fisheries enhancement programs.

Sec. 121. RCW 75.56.050 and 1998 c 60 s 2 are each amended to read as follows:

(1) A pilot program for steelhead recovery is established in Clark, Cowlitz, Lewis, Skamania, and Wahkiakum counties within the habitat area classified as evolutionarily significant unit 4 by the federal national marine fisheries service. The management board created under subsection (2) of this section is responsible for implementing the habitat portion of the approved steelhead recovery initiative and is empowered to receive and disburse funds for the approved steelhead recovery initiative. The management board created pursuant to this section shall constitute the ~~((regional council for this area responsible for fulfilling the requirements and exercising the powers of a regional council under chapter 246, Laws of 1998))~~ lead entity and the committee established under RCW 75.46.060 (as recodified by this act) responsible for fulfilling the requirements and exercising powers under this chapter.

(2) A management board consisting of fifteen voting members is created within evolutionarily significant unit 4. The members shall consist of one county commissioner or designee from each of the five participating counties selected by each county legislative authority; one member representing the cities contained within evolutionarily significant unit 4 as a voting member selected by the cities in evolutionarily significant unit 4; a representative of the Cowlitz Tribe appointed by the tribe; one state legislator elected from one of the legislative districts contained within evolutionarily significant unit 4 selected by that group of state legislators representing the area; five representatives to include at least one member who represents private property interests appointed by the five county commissioners or designees; one hydro utility representative nominated by hydro utilities and appointed by the five county commissioners or designees; and one representative nominated from the environmental community who resides in evolutionarily significant unit 4 appointed by the five county commissioners or designees. The board shall appoint and consult a technical advisory committee, which shall include four representatives of state agencies one each appointed by the directors of the departments of ecology, fish and wildlife, and transportation, and the commissioner of public lands. The board may also appoint additional persons to the technical advisory committee as needed. The chair of the board shall be selected from among the five county commissioners or designees and the legislator on the board. In making appointments under this subsection, the county commissioners shall consider recommendations of interested parties. Vacancies shall be filled in the same manner as the original appointments were selected. No action may be brought or maintained against any management board member, the management board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this section.

(3)(a) The management board shall participate in the development of a recovery plan to implement its responsibilities under (b) of this subsection. The management board shall consider local watershed efforts and activities as well as habitat conservation plans in the implementation of the recovery plan. Any of the participating counties may continue its own efforts for restoring steelhead habitat. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(b) The management board is responsible for implementing the habitat portions of the local government responsibilities of the lower Columbia steelhead conservation initiative approved by the state and the national marine fisheries service. The management board may work in cooperation with the state and the national marine fisheries service to modify the initiative, or to address habitat for other aquatic species that may be subsequently listed under the federal endangered species act. The management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

(c) The management board shall prioritize as appropriate and approve projects and programs related to the recovery of lower Columbia river steelhead runs, including the funding of those projects and programs, and coordinate local government efforts as prescribed in the recovery plan. The management board shall establish criteria for funding projects and programs based upon their likely value in steelhead recovery. The management board may consider local economic impact among the criteria, but jurisdictional boundaries and factors related to jurisdictional population may not be considered as part of the criteria.

(d) The management board shall assess the factors for decline along each prioritized stream as listed in the lower Columbia steelhead conservation initiative. The management board is encouraged to

take a stream-by-stream approach in conducting the assessment which utilizes state and local expertise, including volunteer groups, interest groups, and affected units of local government.

(4) The management board has the authority to hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to cities and counties about potential code changes and the development of programs and incentives upon request, pay all necessary expenses, and may choose a fiduciary agent. The management board shall report on its progress on a quarterly basis to the legislative bodies of the five participating counties and the state natural resource-related agencies. The management board shall prepare a final report at the conclusion of the pilot program describing its efforts and successes in implementing the habitat portion of the lower Columbia steelhead conservation initiative. The final report shall be transmitted to the appropriate committees of the legislature, the legislative bodies of the participating counties, and the state natural resource-related agencies.

(5) The pilot program terminates on July 1, 2002.

(6) For purposes of this section, "evolutionarily significant unit" means the habitat area identified for an evolutionarily significant unit of an aquatic species listed or proposed for listing as a threatened or endangered species under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.).

The program shall be administered by the department under rules established under this section. The purpose of the program is to protect the aquaculture industry and wildstock fisheries from a loss of productivity due to aquatic diseases or maladies. As used in this section "diseases" means, in addition to its ordinary meaning, infestations of parasites or pests. The disease program may include, but is not limited to, the following elements:

- (a) Disease diagnosis;
- (b) Import and transfer requirements;
- (c) Provision for certification of stocks;
- (d) Classification of diseases by severity;
- (e) Provision for treatment of selected high-risk diseases;

- (g) Provision for destruction of diseased cultured aquatic products;
- (h) Provision for quarantine of diseased cultured aquatic products;
- (i) Provision for coordination with state and federal agencies;
- (j) Provision for development of preventative or control measures;
- (k) Provision for cooperative consultation service to aquatic farmers; and
- (l) Provision for disease history records.

(2) The commission shall adopt rules implementing this section. However, such rules shall have the prior approval of the director of agriculture and shall provide therein that the director of agriculture has provided such approval. The director of agriculture or the director's designee shall attend the rule-making hearings conducted under chapter 34.05 RCW and shall assist in conducting those hearings. Except as provided in subsection (3) of this section, no action may be taken against any person to enforce these rules unless the department has first provided the person an opportunity for a hearing. In such a case, if the hearing is requested, no enforcement action may be taken before the conclusion of that hearing.

(3) The rules adopted under this section shall specify the emergency enforcement actions that may be taken by the department, and the circumstances under which they may be taken, without first providing the affected party with an opportunity for a hearing. Neither the provisions of this subsection nor the provisions of subsection (2) of this section shall preclude the department from

requesting the initiation of criminal proceedings for violations of the disease inspection and control rules.

(4) A person shall not violate the rules adopted under subsection (2) or (3) of this section or violate RCW 75.58.040 (as recodified by this act).

(5) In administering the program established under this section, the department shall use the services of a pathologist licensed to practice veterinary medicine.

(6) The director in administering the program shall not place constraints on or take enforcement actions in respect to the aquaculture industry that are more rigorous than those placed on the department or other fish-rearing entities.

Sec. 12. RCW 75.58.020 and 1993 sp.s. c 2 s 56 are each amended to read as follows:

The directors of agriculture and fish and wildlife shall jointly adopt by rule, in the manner prescribed in RCW 75.58.010(2) (as recodified by this act), a schedule of user fees for the disease inspection and control program established under RCW 75.58.010 (as recodified by this act). The rules shall also establish guidelines and priorities for purchase or trade and establishment of conservation easements and/or leases to protect such designated properties. The department shall also adopt rules to provide adequate notice to property owners of their options under RCW 77.12.650 (~~through 77.12.655~~) and this section.

Sec. 229. RCW 77.12.830 and 1997 c 425 s 3 are each amended to read as follows:

(1) Beginning in January 1998, the department of fish and wildlife and the department of natural resources shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the departments to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for hydraulic project approval or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the departments and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the departments, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The departments are not obligated to enter into an agreement unless the departments find that the agreement is in the best interest of protecting fish or wildlife species or their habitat.

(2) A habitat incentives agreement shall be in writing and shall contain at least the following: A description of the property covered by the agreement, an expiration date, a description of the condition of the property prior to the implementation of the agreement, and other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department of fish and wildlife may stipulate the factors that will be considered when the department evaluates a landowner's application for hydraulic project approval under RCW 75.20.100 or 75.20.103 (as recodified by this act) on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of hydraulic project approval shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department of natural resources may stipulate the factors that will be considered when the department evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of fish and wildlife and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the departments may jointly choose to retain the agreement on the property.

(6) If the departments receive multiple requests for agreements with private landowners under the habitat incentives program, the departments shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

Sec. 230. RCW 77.12.858 and 1999 c 342 s 6 are each amended to read as follows:

Expenditures from the account may be used only for the purposes specified in RCW 75.50.125 (as recodified by this act) and chapter 342, Laws of 1999. The department shall report biennially to the legislature on the amount of money the salmon stamp program has generated.

Sec. 231. RCW 77.15.070 and 1998 c 190 s 69 are each amended to read as follows:

(1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this

~~((chapter))~~ title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing into court a cash bond equal to the value of the seized property but not more than twenty-five thousand dollars. Such cash bond is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed complete upon mailing within the fifteen-day period following the seizure.

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in ~~((Title 34 RCW))~~ chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title ~~((or Title 75 RCW))~~; or

(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner's knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge ~~((of))~~ or nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the wildlife fund, as provided for in RCW 77.12.170.

NEW SECTION. Sec. 232. A new section is added to chapter 77.15 RCW to read as follows:
Fish and wildlife officers and ex officio fish and wildlife officers may seize without a warrant wildlife, fish, and shellfish they have probable cause to believe have been taken, transported, or possessed in violation of this title or rule of the commission or director.

Sec. 233. RCW 77.15.080 and 1998 c 190 s 113 are each amended to read as follows:
Based upon articulable facts that a person is engaged in fishing or hunting activities, fish and wildlife officers have the authority to temporarily stop the person and check for valid licenses, tags, permits, stamps, or catch record cards, and to inspect all fish and wildlife in possession as well as the equipment being used to ensure compliance with the requirements of this title ~~((and Title 75 RCW))~~.

Sec. 234. RCW 77.15.090 and 1998 c 190 s 117 are each amended to read as follows:

On a showing of probable cause that there has been a violation of any fish or wildlife law of the state of Washington, or upon a showing of probable cause to believe that evidence of such violation may be found at a place, a court shall issue a search warrant or arrest warrant. Fish and wildlife officers may execute any such arrest or search warrant reasonably necessary to their duties under this title ~~((or Title 75 RCW))~~ and may seize fish and wildlife or any evidence of a crime and the fruits or instrumentalities of a crime as provided by warrant. The court may have a building, enclosure, vehicle, vessel, container, or receptacle opened or entered and the contents examined.

Sec. 235. RCW 77.15.100 and 1998 c 190 s 63 are each amended to read as follows:

(1) Unless otherwise provided in this title ~~((or Title 75 RCW))~~, fish, shellfish, or wildlife unlawfully taken or possessed, or involved in a violation shall be forfeited to the state upon conviction. Unless already held by, sold, destroyed, or disposed of by the department, the court shall order such fish or wildlife to be delivered to the department. Where delay will cause loss to the value of the property and a ready wholesale buying market exists, the department may sell property to a wholesale buyer at a fair market value.

(2) ~~((The department may use, sell, or destroy any other))~~ When seized property is forfeited ((by the court or)) to the department, the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release the property to the agency for the use of enforcing this title, or sell such property and deposit the proceeds into the state wildlife fund established under RCW 77.12.170. Any sale of other property shall be at public auction or after public advertisement reasonably designed to obtain the highest price. The time, place, and manner of holding the sale shall be determined by the director. The director may contract for the sale to be through the department of general administration as state surplus property, or, except where not justifiable by the value of the property, the director shall publish notice of the sale once a week for at least two consecutive weeks before the sale in at least one newspaper of general circulation in the county in which the sale is to be held. ~~((Proceeds of the sale shall be deposited in the state treasury to be credited to the state wildlife fund.))~~

Sec. 236. RCW 77.15.120 and 1998 c 190 s 13 are each amended to read as follows:

A transaction fee on recreational licenses may be set by the commission and collected from licensees. The department may authorize all or part of such fee to be paid directly to a contractor providing automated licensing system services. Fees retained by dealers shall be uniform throughout the state. The department shall authorize dealers to collect and retain dealer fees of at least two dollars for purchase of a standard hunting or fishing recreational license document, except that the commission may set a lower dealer fee for issuance of tags or when a licensee buys a license that involves a stamp or display card format rather than a standard department licensing document form.

Sec. 267. RCW 77.32.090 and 1998 c 191 s 12 are each amended to read as follows:

The commission may adopt rules pertaining to the form, period of validity, use, possession, and display of licenses, permits, tags, ~~((and))~~ stamps, and raffle tickets required by this chapter ~~((and raffle tickets authorized under chapter 77.12 RCW))~~.

Upon request of a fish and wildlife officer or ex officio fish and wildlife officer, persons licensed, operating under a permit, or possessing wildlife under the authority of this chapter shall produce required licenses, permits, tags, stamps, ~~((or))~~ raffle tickets, or catch record cards for inspection and write their signatures for comparison and in addition display their wildlife. Failure to comply with the request is prima facie evidence that the person has no license or is not the person named.

Sec. 270. RCW 77.32.350 and 1998 c 191 s 25 are each amended to read as follows:

In addition to a small game hunting license, a supplemental permit or stamp is required to hunt for western Washington pheasant or migratory birds.

(2) The permit shall be available as a season option, a youth full season option, or a three-day option. The fee for this permit is:

- (a) For the resident and nonresident full season option, thirty-six dollars;
- (b) For the youth full season option, eighteen dollars;
- (c) For the three-day option, twenty dollars.

(3) A migratory bird stamp affixed to a hunting license designated by rule of the commission is required for all persons sixteen years of age or older to hunt migratory birds. An "improved access facility" is a clearly identified area specifically created for motor vehicle parking, and includes any boat launch or boat ramp associated with the parking area, but does not include the department parking facilities at the Gorge Concert Center near George, Washington. The vehicle use permit is issued in the form of a decal. One decal shall be issued at no charge with each annual saltwater, freshwater, combination, small game hunting, big game hunting, and trapping license issued by the department. The annual fee for a fish and wildlife lands vehicle use permit, if purchased separately, is ten dollars. A person to whom the department has issued a decal or who has purchased a vehicle use permit separately may purchase a decal from the department for each additional vehicle owned by the person at a cost of five dollars per decal upon a showing of proof to the department that the person owns the additional vehicle or vehicles. Revenue derived from the sale of fish and wildlife lands vehicle use permits shall be used solely for the stewardship and maintenance of department improved access facilities. ~~((Revenue derived from the sale of fish and wildlife lands vehicle use permits shall be used solely for the stewardship and maintenance of department improved access facilities.))~~

Youth groups may use department improved access facilities without possessing a vehicle use permit when accompanied by a vehicle use permit holder.

The department may accept contributions into the state wildlife fund for the sound stewardship of fish and wildlife. Contributors shall be known as "conservation patrons" and, for contributions of twenty dollars or more, shall receive a fish and wildlife lands vehicle use permit free of charge.

(2) The decal must be affixed in a permanent manner to the motor vehicle before entering upon or using the motor vehicle on a department improved access facility, and must be displayed on the rear window of the motor vehicle, or, if the motor vehicle does not have a rear window, on the rear of the motor vehicle.

(3) Failure to display the fish and wildlife lands vehicle use permit if required by this section is an infraction under chapter 7.84 RCW, and department employees are authorized to issue a notice of infraction to the registered owner of any motor vehicle entering upon or using a department improved access facility without such a decal. The penalty for failure to display or improper display of the decal is sixty-six dollars.

Failure to comply with the request is prima facie evidence that the person does not have a license or is not the person named on the license.

~~((2) The personal use shellfish and seaweed license shall be visible on the licensee while harvesting shellfish or seaweed.))~~

SENATE AMENDMENTS TO HOUSE BILL

March 3, 2000

Mr. Speaker:

The Senate has passed Second Substitute House Bill No. 2663 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that schizophrenia is a devastating and costly disease. Atypical antipsychotic medications have been developed for treatment of schizophrenia and other similar psychiatric and neurological conditions, which have been effective at treating these conditions with less severe side effects than the side effects that accompany typical antipsychotics. Atypical antipsychotic medications are commonly prescribed and are within the standard of care. In order to protect the public health, safety, and welfare, and reduce the economic and societal costs associated with untreated schizophrenia and other similar psychiatric and neurological conditions, the legislature intends to promote access to atypical antipsychotic medications by those unable to access them and who present a risk of harm to themselves and to the community.

NEW SECTION. Sec. 2. (1) To the extent funds are appropriated, the department of social and health services shall request proposals that promote access to atypical antipsychotic medications to persons who meet the following criteria:

(a) The person has schizophrenia or other psychiatric or neurological condition that is treated with atypical antipsychotic medication;

(b) The person's income is less than two hundred percent of the federal poverty level; and

(c) The person is not covered by insurance or other benefit that pays for atypical antipsychotic medications. The person may have a copayment requirement under available coverage, which is cost prohibitive for the person given his or her income level, which would not disqualify the person under the requirement of this section.

(2) Contracts shall be awarded to contractors whose proposal meets the following criteria:

(a) Has a distribution mechanism that achieves cost savings in service delivery and medication costs;

(b) Targets children and adults who are transitioning out of state or local correctional or detention facilities or who have recently received mental health services under chapter 71.05 or 71.34 RCW;

(c) Is based on a clear statement of intended outcomes which are objective and identified in the proposal;

(d) Is designed to provide temporary access to these atypical antipsychotic medications until the person has obtained coverage or achieved financial capacity to retain them;

(e) Proposes to dispense the atypical antipsychotic medications as a part of a comprehensive program designed to achieve an improved mental status and stable living situation; and

(f) Maximizes cost savings of the atypical antipsychotic medications.

(3)(a) "Atypical antipsychotic medications" means drugs with a pharmacological classification of dibenzodiazepines, benzisoxazoles, thienobenzodiazepines, and dibenzothiazepines, and such other drugs as are defined in rule by the department which have the same or very similar utility in treating schizophrenia or other similar psychiatric and neurological conditions.

(b) "Access to atypical antipsychotic medications" includes:

(i) Pharmaceutical companies participating in this program shall increase access to their products for the targeted population through intensive outreach to their respective indigent drug programs as of the effective date of this act. The eligibility criteria of their respective indigent drug

programs shall not be changed to decrease access or availability from the criteria as they exist on March 15, 2000; and

(ii) Other drugs or laboratory tests when used in conjunction with the atypical antipsychotic medications to achieve maximum therapeutic effect, or to treat side effects.

(4) Nothing in this section creates or provides any individual with an entitlement to services or benefits. It is the intent of the legislature that atypical antipsychotic medications shall be made available under this section only to the extent of the availability and level of appropriation made by the legislature.

(5) The distribution mechanism shall require successful recipients to comply with data collection needs of the Washington institute for public policy.

(6) The department is authorized to establish rules necessary to implement the provisions of this act.

NEW SECTION. **Sec. 3.** (1) The Washington institute for public policy shall conduct an evaluation of this act to determine the following:

(a) Outcomes for persons receiving atypical antipsychotic medications under the provisions of this act, including, but not limited to the person's: (i) Ability to perform basic living skills and maintain a job; (ii) adherence to medication regimens; (iii) number of inpatient placement or acute care services after having received atypical antipsychotic medications; and (iv) criminal conviction record for further offenses, if any, after having received atypical antipsychotic medications;

(b) The extent to which this act increases access to atypical antipsychotic medications to the targeted population; and

(c) The uniformity by health care providers in prescribing atypical antipsychotic medications among the population identified under the provisions of this act.

(2) The Washington institute for public policy shall identify the number of children and the number of adults served; and outcomes, access, and uniformity for both children and adults.

(3) The Washington institute for public policy shall report to the legislature by January 1, 2002.

NEW SECTION. **Sec. 4.** This act expires June 30, 2002."

The department, upon receipt of an application for a license, shall submit to the chief of the Washington state patrol, through the director of fire protection, in writing, a request for an inspection, giving the applicant's name and the location of the premises to be licensed. Upon receipt of such a request, the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make an inspection of the boarding home to be licensed, and if it is found that the premises do not comply with the required safety standards and fire (~~(regulations)~~) rules as (~~(promulgated)~~) adopted by the chief of the Washington state patrol, through the director of fire protection, he or she shall promptly make a written report to the boarding home and the department (~~(or authorized department)~~) as to the manner and time allowed in which the premises must qualify for a license and set forth the conditions to be remedied with respect to fire (~~(regulations)~~) rules. The department, (~~(authorized department,~~) applicant, or licensee shall notify the chief of the Washington state patrol, through the director of fire protection, upon completion of any requirements made by him or her, and the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make a reinspection of such premises. Sec. 7. RCW 18.20.190 and 1998 c 272 s 15 are each amended to read as follows:

(1) The department of social and health services is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that a boarding home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated a boarding home without a license or under a revoked license;

(c) Knowingly, or with reason to know, made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of not more than one hundred dollars per day per violation;

(d) Suspend, revoke, or refuse to renew a license; or

(e) Suspend admissions to the boarding home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any new resident until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement when: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain adequate care and service.

(4) RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification. Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue pending any hearing.

NEW SECTION. **Sec. 8.** A new section is added to chapter 18.20 RCW to read as follows:

(1) In an effort to ensure a cooperative process among the department, boarding home provider representatives, and resident and family representatives on matters pertaining to the boarding home program, the secretary, or his or her designee, shall designate an advisory board. The advisory board must include representatives of the state-wide boarding home associations, the state long-term care ombudsman program, the state-wide resident council program, consumers, and family representatives. Depending on the topic to be discussed, the department may invite other representatives in addition to the named members of the advisory board. The secretary, or his or her designee, shall periodically, but not less than quarterly, convene a meeting of the advisory board to encourage open dialogue on matters affecting the boarding home program. It is, minimally, expected that the department will discuss with the advisory board the department's inspection, enforcement, and quality improvement activities, in addition to seeking their comments and recommendations on matters described under subsection (2) of this section.

(2) The secretary, or his or her designee, shall seek comments and recommendations from the advisory board prior to the adoption of rules and standards, implementation of boarding home provider programs, or development of methods and rates of payment.

(3) For the purpose of implementing this section, "department" means either the department of health or the department of social and health services, depending on which department has the licensing authority under this chapter.

Sec. 9. 1998 c 272 s 24 (uncodified) is amended to read as follows:

(1) Section((s)) 13 (~~through 16~~) of this act expires July 1, 2000(~~, unless reauthorized by the legislature~~).

(2) Section 17 of this act expires December 12, 1999.

NEW SECTION. **Sec. 10.** A new section is added to chapter 18.20 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Caregiver" includes any person who provides residents with hands-on personal care on behalf of a boarding home, except volunteers who are directly supervised.

(b) "Direct supervision" means oversight by a person who has demonstrated competency in the core areas or has been fully exempted from the training requirements pursuant to this section, is on the premises, and is quickly and easily available to the caregiver.

(2) Training must have the following components: Orientation, basic training, specialty training as appropriate, and continuing education. All boarding home employees or volunteers who routinely interact with residents shall complete orientation. Boarding home administrators, or their designees, and caregivers shall complete orientation, basic training, specialty training as appropriate, and continuing education.

(3) Orientation consists of introductory information on residents' rights, communication skills, fire and life safety, and universal precautions. Orientation must be provided at the facility by appropriate boarding home staff to all boarding home employees before the employees have routine interaction with residents.

(4) Basic training consists of modules on the core knowledge and skills that caregivers need to learn and understand to effectively and safely provide care to residents. Basic training must be outcome-based, and the effectiveness of the basic training must be measured by demonstrated competency in the core areas through the use of a competency test. Basic training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care or within one hundred twenty days of March 1, 2002, whichever is later. Until competency in the core areas has been demonstrated, caregivers shall not provide hands-on personal care to residents without direct supervision. Boarding home administrators, or their designees, must complete basic training and demonstrate competency within one hundred twenty days of employment or within one hundred twenty days of March 1, 2002, whichever is later.

(5) For boarding homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of administrators, or designees, and caregivers. Specialty training consists of modules on the core knowledge and skills that caregivers need to effectively and safely provide care to residents with special needs. Specialty training should be integrated into basic training wherever appropriate. Specialty training must be outcome-based, and the effectiveness of the specialty training measured by demonstrated competency in the core specialty areas through the use of a competency test. Specialty training must be completed by caregivers within one hundred twenty days of the date on which they begin to provide hands-on care to a resident having special needs or within one hundred twenty days of March 1, 2002, whichever is later. However, if specialty training is not integrated with basic training, the specialty training must be completed within ninety days of completion of basic training. Until competency in the core specialty areas has been demonstrated, caregivers shall not provide hands-on personal care to residents with special needs without direct supervision. Boarding home administrators, or their designees, must complete specialty training and demonstrate competency within one hundred twenty days of March 1, 2002, if the boarding home serves one or more residents with special needs.

(6) Continuing education consists of ongoing delivery of information to caregivers on various topics relevant to the care setting and care needs of residents. Competency testing is not required for continuing education. Continuing education is not required during the first year following completion of the basic training. If specialty training is completed, the specialty training applies toward any continuing education requirement for up to two years following the completion of the specialty training.

(7) Persons who successfully challenge the competency test for basic training are fully exempt from the basic training requirements of this section. Persons who successfully challenge the specialty training competency test are fully exempt from the specialty training requirements of this section.

(8) Licensed persons who perform the tasks for which they are licensed are fully or partially exempt from the training requirements of this section, as specified by the department in rule.

(9) In an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(10) The community long-term care training and education steering committee established under section 11 of this act shall develop criteria for the approval of orientation, basic training, and specialty training programs.

(11) Boarding homes that desire to deliver facility-based training with facility designated trainers, or boarding homes that desire to pool their resources to create shared training systems, must be encouraged by the department in their efforts. The community long-term care training and education steering committee shall develop criteria for reviewing and approving trainers and training materials that are substantially similar to or better than the materials developed by the steering committee.

(12) The department shall adopt rules by March 1, 2002, for the implementation of this section based on the recommendations of the community long-term care training and education steering committee established in section 11 of this act.

(13) The orientation, basic training, specialty training, and continuing education requirements of this section take effect March 1, 2002, and shall be applied prospectively. However, nothing in this section affects the current training requirements under RCW 74.39A.010.

NEW SECTION. **Sec. 11.** A new section is added to chapter 74.39A RCW to read as follows:

(1) The secretary shall appoint a steering committee for community long-term care training and education to advise the department on the development and approval of criteria for training materials, the development of competency tests, the development of criteria for trainers, and the development of exemptions from training. The community long-term care training and education steering committee shall also review the effectiveness of the training program or programs, including the qualifications and availability of the trainers. The steering committee shall also review the appropriateness of the adopted rules implementing this section. The steering committee shall advise the department on flexible and innovative learning strategies that accomplish the training goals, such as competency and outcome-based models and distance learning. The steering committee shall review and recommend the most appropriate length of time between an employee's date of first hire and the start of the employee's basic training.

(2) The steering committee shall, at a minimum, consist of a representative from each of the following: Each of the state-wide boarding home associations, two adult family home associations, each of the state-wide home care associations, the long-term care ombudsman program, the area agencies on aging, the department of health representing the nursing care quality assurance commission, and a consumer, or their nonprovider designee, from a boarding home, adult family home, home care served by an agency, and home care served by an individual provider. A majority of the members currently serving constitute a quorum.

(3) Nothing in this chapter shall prevent the adult family home advisory committee from enhancing training requirements for adult family providers and resident managers, regulated under chapter 18.48 RCW, at the cost of those providers and resident managers.

(4) Establishment of the steering committee does not prohibit the department from utilizing other advisory activities that the department deems necessary for program development. However, when the department obtains input from other advisory sources, the department shall present the information to the steering committee for review and approval.

(5) Each member of the steering committee shall serve without compensation. Consumer representatives may be reimbursed for travel expenses as authorized in RCW 43.03.060.

(6) The steering committee recommendations must implement the intent of RCW 74.39A.050(14) to create training that includes skills and competencies that are transferable to nursing assistant training.

(7) The steering committee shall cease to exist on July 1, 2004.

NEW SECTION. **Sec. 12.** A new section is added to chapter 74.39A RCW to read as follows:

All training curricula and material, except competency testing material, developed by the department and used in part or in whole to improve provider and caregiver knowledge and skill are in

the public domain and are subject to public disclosure under chapter 42.17 RCW. Any training curricula and material developed by a private entity and used under contract or by agreement with the department are also considered part of the public domain and shall be shared subject to any copyright restrictions. It is the department's responsibility when making training materials available to the public, to identify which material has copyright or other legal restrictions on its use, and which does not. Any proprietary curricula and material developed by a private entity for training purposes in facilities licensed under chapter 18.20 or 70.128 RCW or individual providers and home care agency providers under this chapter and approved for training by the department are not part of the public domain.

NEW SECTION. **Sec. 13.** The following acts or parts of acts are each repealed:

- (1) RCW 18.20.060 (Actions against license) and 1991 c 3 s 35, 1989 c 175 s 60, 1985 c 213 s 5, & 1957 c 253 s 6; and
- (2) RCW 18.20.100 (Enforcement by local authorities--Authorization) and 1979 c 141 s 26 & 1957 c 253 s 10.

NEW SECTION. **Sec. 14.** This act takes effect July 1, 2000."

There being no objection, the House did not concur in the Senate Amendment(s) to Engrossed Substitute House Bill No. 2380 and asked the Senate to recede therefrom.

SPEAKER'S RULING

The Speaker (Representative Ogden presiding): "Representative Parlette, the Speakers are prepared to rule on your point of order regarding the scope and object of the Senate amendment to House Bill No. 2861.

House Bill No. 2861 is entitled "An Act relating to health care information". It amends the definition of "health care information" contained in RCW 70.20.010(6) to clarify that a patient's DNA is confidential information that may not be disclosed by a health care provider without the patient's consent, except under express conditions specified in state law.

The State amendment adds provisions requiring informed consent for isolating a person's DNA in certain circumstances; prohibiting insurers and employers from screening a person's individually identified DNA, and establishing a DNA commission to study and develop recommendations relating to the use and abuses of DNA testing.

Speaker Ballard and Speaker Chopp find that the Senate amendment exceeds the bill's purpose of protecting the confidentiality of DNA information held by health care providers, and therefore is outside the scope and objection of House Bill No. 2861.

Representative Parlette, your point of order is well taken."

There being no objection, the House did not concur in the Senate Amendment(s) to House Bill No. 2861 and asked the Senate to recede therefrom.

Sec. 2. RCW 18.04.105 and 1999 c 378 s 2 are each amended to read as follows:

- (1) The certificate of "certified public accountant" shall be granted by the board to any person:
 - (a) Who is of good character. Good character, for purposes of this section, means lack of a history of dishonest or felonious acts. The board may refuse to grant a certificate on the ground of failure to satisfy this requirement only if there is a substantial connection between the lack of good character of the applicant and the professional responsibilities of a certified public accountant and if the finding by the board of lack of good character is supported by a preponderance of evidence. When an applicant is found to be unqualified for a certificate because of a lack of good character, the board shall furnish the applicant a statement containing the findings of the board and a notice of the applicant's right of appeal;

(b) Who has met the educational standards established by rule as the board determines to be appropriate;

The board may, in its discretion, waive the educational requirements for any person if it is satisfied through review of documentation of successful completion of an equivalency examination that the person's educational qualifications are an acceptable substitute for the requirements of (b) of this subsection; and

(c) Who has passed a written examination.

(2) The examination described in subsection (1)(c) of this section shall be in writing, shall be held twice a year, and shall test the applicant's knowledge of the subjects of accounting and auditing, and other related fields the board may specify by rule. The time for holding the examination is fixed by the board and may be changed from time to time. The board shall prescribe by rule the methods of applying for and taking the examination, including methods for grading papers and determining a passing grade required of an applicant for a certificate. The board shall to the extent possible see to it that the grading of the examination, and the passing grades, are uniform with those applicable to all other states. The board may make use of all or a part of the uniform certified public accountant examination and advisory grading service of the American Institute of Certified Public Accountants and may contract with third parties to perform administrative services with respect to the examination as the board deems appropriate to assist it in performing its duties under this chapter.

(3) An applicant is required to pass all sections of the examination provided for in subsection (2) of this section in order to qualify for a certificate. If at a given sitting of the examination an applicant passes two or more but not all sections, then the applicant shall be given credit for those sections that he or she passed, and need not take those sections again: PROVIDED, That:

(a) The applicant took all sections of the examination at that sitting;

(b) The applicant attained a minimum grade of fifty on each section not passed at that sitting;

(c) The applicant passes the remaining sections of the examination within six consecutive examinations given after the one at which the first sections were passed;

(d) At each subsequent sitting at which the applicant seeks to pass additional sections, the applicant takes all sections not yet passed; and

(e) In order to receive credit for passing additional sections in a subsequent sitting, the applicant attains a minimum grade of fifty on sections written but not passed on the sitting.

(4) The board may waive or defer any of the requirements of subsection (3) of this section for candidates transferring conditional CPA exam credits from other states or for qualifying reciprocity certification applicants who met the conditioning requirements of the state or foreign jurisdiction issuing their original certificate.

(5) The board shall charge each applicant an examination fee for the initial examination under subsection (1) of this section, or for reexamination under subsection (3) of this section for each subject in which the applicant is reexamined. The applicable fee shall be paid by the person at the time he or she applies for examination, reexamination, or evaluation of educational qualifications. Fees for examination, reexamination, or evaluation of educational qualifications shall be determined by the board under chapter 18.04 RCW. There is established in the state treasury an account to be known as the certified public accountants' account. All fees received from candidates to take any or all sections of the certified public accountant examination shall be used only for costs related to the examination.

(6) Persons who on June 30, 1986, held certified public accountant certificates previously issued under the laws of this state shall not be required to obtain additional certificates under this chapter, but shall otherwise be subject to this chapter. Certificates previously issued shall, for all purposes, be considered certificates issued under this chapter and subject to its provisions.

(7) A certificate of a "certified public accountant" under this chapter is issued every three years with renewal subject to requirements of continuing professional education and payment of fees, prescribed by the board.

(8) The board shall adopt rules providing for continuing professional education for certified public accountants. The rules shall:

(a) Provide that a certified public accountant shall verify to the board that he or she has completed at least an accumulation of one hundred twenty hours of continuing professional education during the last three-year period to maintain the certificate;

- (b) Establish continuing professional education requirements;
 - (c) Establish when newly certificated public accountants shall verify that they have completed the required continuing professional education;
 - (d) Provide that failure to furnish verification of the completion of the continuing professional education requirement shall make the certificate invalid and subject to reinstatement, unless the board determines that the failure was due to retirement, reasonable cause, or excusable neglect; and
 - (e) Provide for transition from existing to new continuing professional education requirements.
- (9) The board may adopt by rule new CPE standards that differ from those in subsection (8) of this section or RCW 18.04.215 if: (a) The new standards are consistent with the continuing professional education standards of other states so as to provide to the greatest extent possible, consistent national standards; and (b) the new standards are at least as strict as the standards set forth in subsection (8) of this section or RCW 18.04.215.

Sec. 3. RCW 18.20.010 and 1985 c 297 s 1 are each amended to read as follows:

The purpose of this chapter is to provide for the development, establishment, and enforcement of standards for the maintenance and operation of boarding homes, which, in the light of advancing knowledge, will promote safe and adequate care of the individuals therein. It is further the intent of the legislature that boarding homes be available to meet the needs of those for whom they care by recognizing the capabilities of individuals to direct their self-medication or to use supervised self-medication techniques when ordered and approved by a physician licensed under chapter 18.57 or 18.71 RCW or a ~~((podiatrist))~~ podiatric physician and surgeon licensed under chapter 18.22 RCW.

EXPLANATORY NOTE

(b) By order of the secretary under RCW 19.34.210(~~(5)~~) (7).

The certification authority need not confirm the identity or agency of the person requesting suspension. The certification authority may require the person requesting suspension to provide evidence, including a statement under oath or affirmation, regarding the requestor's identity, authorization, or the unavailability of the subscriber. Law enforcement agencies may investigate suspensions for possible wrongdoing by persons requesting suspension.

(2) Unless the certification authority provides otherwise in the certificate or its certification practice statement, the secretary may suspend a certificate issued by a licensed certification authority for a period not to exceed five business days, if:

(a) A person identifying himself or herself as the subscriber named in the certificate, a person authorized to act for that subscriber, or a person acting on behalf of that unavailable subscriber (~~((requests suspension))~~) requests suspension; and

The secretary may require the person requesting suspension to provide evidence, including a statement under oath or affirmation, regarding his or her identity, authorization, or the unavailability of the issuing certification authority, and may decline to suspend the certificate in its discretion. (4) A certification authority must terminate a suspension initiated by request only:

(5) The contract between a subscriber and a licensed certification authority may limit or preclude requested suspension by the certification authority, or may provide otherwise for termination of a requested suspension. However, if the contract limits or precludes suspension by the secretary when the issuing certification authority is unavailable, the limitation or preclusion is effective only if notice of it is published in the certificate.

(2) If it appears necessary in order to protect the interests of members and purchasers, whether or not the director has issued a cease and desist order, the attorney general in the name of the state, the director, the proper prosecuting attorney, an affiliated members' common-interest association, or a group of members as a class, may bring an action in any court of competent jurisdiction to enjoin any such acts or practices and to enforce compliance with this chapter or any rule, order, or permit under this chapter. Upon a proper showing, a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant, for the defendant's assets, or to protect the interests or assets of a members' common-interest association or the members of a camping resort as a class. The state, the director, a members' common-interest association, or members as a class shall not be required to post a bond in such proceedings.

EXPLANATORY NOTE

The reference to RCW 19.105.380(1)(j) appears to be erroneous. Before March 20, 1988, the reference was to RCW 19.105.380(9). Chapter 159, Laws of 1988 placed the text of RCW 19.105.380(9) in RCW 19.105.380(1)(q), effective March 20, 1988.

Sec. 70. RCW 19.116.030 and 1990 c 44 s 4 are each amended to read as follows:

Unlawful subleasing or unlawful transfer of an ownership interest in motor vehicles (~~(are [is])~~) is not reasonable in relation to the development and preservation of business. A violation of this chapter is an unfair or deceptive act in trade or commerce for the purpose of applying the consumer protection act, chapter 19.86 RCW.

EXPLANATORY NOTE

Corrects a manifest grammatical error.

Sec. 71. RCW 19.116.050 and 1990 c 44 s 6 are each amended to read as follows:

A dealer engages in an act of unlawful transfer of ownership interest in motor vehicles when all of the following circumstances are met:

(1) The dealer does not pay off any balance due to the secured party on a vehicle acquired by the dealer, no later than the close of the second business day after the acquisition date of the vehicle; and

(2) The dealer does not obtain a certificate of ownership under RCW ((46.12.140)) 46.70.124 for each used vehicle kept in his or her possession unless that certificate is in the possession of the person holding a security interest in the dealer's inventory; and

(3) The dealer does not transfer the certificate of ownership after the transferee has taken possession of the motor vehicle.

EXPLANATORY NOTE

RCW 46.12.140 was recodified as RCW 46.70.124 pursuant to 1993 c 307 s 18.

Sec. 72. RCW 19.120.080 and 1986 c 320 s 9 are each amended to read as follows:

Without limiting the other provisions of this chapter, the following specific rights and prohibitions shall govern the relation between the motor fuel refiner-supplier and the motor fuel retailers:

(1) The parties shall deal with each other in good faith.

(2) For the purposes of this chapter and without limiting its general application, it shall be an unfair or deceptive act or practice or an unfair method of competition and therefore unlawful and a violation of this chapter for any person to:

(a) Require a motor fuel retailer to purchase or lease goods or services of the motor fuel refiner-supplier or from approved sources of supply unless and to the extent that the motor fuel refiner-supplier satisfies the burden of proving that such restrictive purchasing agreements are reasonably necessary for a lawful purpose justified on business grounds, and do not substantially affect competition: PROVIDED, That this provision shall not apply to the initial inventory of the motor fuel franchise. In determining whether a requirement to purchase or lease goods or services constitutes an unfair or deceptive act or practice or an unfair method of competition the courts shall be guided by the decisions of the courts of the United States interpreting and applying the anti-trust laws of the United States.

(b) Discriminate between motor fuel retailers in the charges offered or made for royalties, goods, services, equipment, rentals, advertising services, or in any other business dealing, unless and to the extent that the motor fuel refiner-supplier satisfies the burden of proving that any classification of or discrimination between motor fuel retailers is reasonable, is based on motor fuel franchises granted at materially different times and such discrimination is reasonably related to such difference in time or on other proper and justifiable distinctions considering the purposes of this chapter, and is not arbitrary.

(c) Sell, rent, or offer to sell to a motor fuel retailer any product or service for more than a fair and reasonable price.

(d) Require ~~((f+))~~ a motor fuel retailer to assent to a release, assignment, novation, or waiver which would relieve any person from liability imposed by this chapter.

EXPLANATORY NOTE

Corrects a manifest grammatical error.

Sec. 73. RCW 19.138.021 and 1996 c 180 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of licensing.

(2) "Director" means the director of licensing or the director's designee.

(3) "Seller of travel" means a person, firm, or corporation both inside and outside the state of Washington, who transacts business with Washington consumers for travel services.

(a) "Seller of travel" includes a travel agent and any person who is an independent contractor or outside agent for a travel agency or other seller of travel whose principal duties include consulting with and advising persons concerning travel arrangements or accommodations in the conduct or

administration of its business. If a seller of travel is employed by a seller of travel who is registered under this chapter, the employee need not also be registered.

(b) "Seller of travel" does not include:

(i) An air carrier;

(ii) An owner or operator of a vessel, including an ocean common carrier as defined in 46 U.S.C. App. 1702(18), an owner or charterer of a vessel that is required to establish its financial responsibility in accordance with the requirements of the federal maritime commission, 46 U.S.C. App. 817 (e), and a steamboat company (~~as defined in RCW 84.12.200~~) whether or not operating over and upon the waters of this state;

(iii) A motor carrier;

(iv) A rail carrier;

(v) A charter party carrier of passengers as defined in RCW 81.70.020;

(vi) An auto transportation company as defined in RCW 81.68.010;

(vii) A hotel or other lodging accommodation;

(viii) An affiliate of any person or entity described in (i) through (vii) of this subsection (3)(b) that is primarily engaged in the sale of travel services provided by the person or entity. For purposes of this subsection (3)(b)(viii), an "affiliate" means a person or entity owning, owned by, or under common ownership, with "owning," "owned," and "ownership" referring to equity holdings of at least eighty percent;

(ix) Direct providers of transportation by air, sea, or ground, or hotel or other lodging accommodations who do not book or arrange any other travel services.

(4) "Travel services" includes transportation by air, sea, or ground, hotel or any lodging accommodations, package tours, or vouchers or coupons to be redeemed for future travel or accommodations for a fee, commission, or other valuable consideration.

(5) "Advertisement" includes, but is not limited to, a written or graphic representation in a card, brochure, newspaper, magazine, directory listing, or display, and oral, written, or graphic representations made by radio, television, or cable transmission that relates to travel services.

(6) "Transacts business with Washington consumers" means to directly offer or sell travel services to Washington consumers, including the placement of advertising in media based in the state of Washington or that is primarily directed to Washington residents. Advertising placed in national print or electronic media alone does not constitute "transacting business with Washington consumers." Those entities who only wholesale travel services are not "transacting business with Washington consumers" for the purposes of this chapter.

EXPLANATORY NOTE

RCW 84.12.200 was amended by 1998 c 335 s 1, removing the definition of steamboat company.

Sec. 74. RCW 19.146.260 and 1997 c 106 s 18 are each amended to read as follows:

Every licensed mortgage broker that does not maintain a physical office within the state must maintain a registered agent within the state to receive service of any lawful process in any judicial or administrative noncriminal suit, action, or proceeding against the licensed mortgage broker which arises under this chapter or any rule or order under this chapter, with the same force and validity as if served personally on the licensed mortgage broker. Service upon the registered agent shall not be effective unless the plaintiff, who may be the director in a suit, action, or proceeding instituted by him or her, no later than the next business day sends notice of the service and a copy of the process by registered mail to the defendant or respondent at the last address of the respondent or defendant on file with the director. In any judicial action, suit, or proceeding arising under this chapter or any rule or order adopted under this chapter between the department or director and a licensed mortgage broker who does not maintain a physical office in this state, venue shall be exclusively in the superior court of ~~(the [of])~~ Thurston county.

EXPLANATORY NOTE

Corrects a manifest grammatical error.

Sec. 75. RCW 19.166.090 and 1991 c 128 s 9 are each amended to read as follows:

Any person who violates any provision of this chapter or who willfully and knowingly gives false or incorrect information to the secretary (~~(of state))~~ of state, attorney general, or county prosecuting attorney in filing statements required by this chapter, whether or not such statement or report is verified, is guilty of a misdemeanor punishable under chapter 9A.20 RCW.

EXPLANATORY NOTE

Clarifies that the reference is to the secretary of state.

Sec. 76. RCW 19.174.020 and 1993 c 324 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Access area" means a paved walkway or sidewalk that is within fifty feet of an automated teller machine or night deposit facility. "Access area" does not include publicly maintained sidewalks or roads.

(2) "Access device" means:

(a) "Access device" as defined in federal reserve board Regulation E, 12 C.F.R. Part 205, promulgated under the Electronic Fund Transfer Act, 15 U.S.C. Sec. 1601, et seq.; or

(b) A key or other mechanism issued by a banking institution to its customer to give the customer access to the banking institution's night deposit facility.

(3) "Automated teller machine" means an electronic information processing device located in this state that accepts or dispenses cash in connection with a credit, deposit, or convenience account. (~~("Automatic [automated])~~) "Automated teller machine" does not include a device used primarily to facilitate check guarantees or check authorizations, used in connection with the acceptance or dispensing of cash on a person-to-person basis such as by a store cashier, or used for payment of goods and services.

(4) "Banking institution" means a state or federally chartered bank, trust company, savings bank, savings and loan association, and credit union.

(5) "Candle-foot power" means a light intensity of candles on a horizontal plane at thirty-six inches above ground level and five feet in front of the area to be measured.

(6) "Control of an access area or defined parking area" means to have the present authority to determine how, when, and by whom it is to be used, and how it is to be maintained, lighted, and landscaped.

(7) "Defined parking area" means that portion of a parking area open for customer parking that is:

(a) Contiguous to an access area with respect to an automated teller machine or night deposit facility;

(b) Regularly, principally, and lawfully used for parking by users of the automated teller machine or night deposit facility while conducting transactions during hours of darkness; and

(c) Owned or leased by the operator of the automated teller machine or night deposit facility or owned or controlled by the party leasing the automated teller machine or night deposit facility site to the operator. "Defined parking area" does not include a parking area that is not open or regularly used for parking by users of the automated teller machine or night deposit facility who are conducting transactions during hours of darkness. A parking area is not open if it is physically closed to access or if conspicuous signs indicate that it is closed. If a multiple level parking area satisfies the conditions of this subsection (7)(c) and would therefore otherwise be a defined parking area, only the single parking level deemed by the operator of the automated teller machine and night deposit facility to be the most directly accessible to the users of the automated teller machine and night deposit facility is a defined parking area.

(8) "Hours of darkness" means the period that commences thirty minutes after sunset and ends thirty minutes before sunrise.

(9) "Night deposit facility" means a receptacle that is provided by a banking institution for the use of its customers in delivering cash, checks, and other items to the banking institution.

(10) "Operator" means a banking institution or other business entity or a person who operates an automated teller machine or night deposit facility.

SENATE AMENDMENTS TO HOUSE BILL

March 2, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2491 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. .1 A new section is added to chapter 10.73 RCW to read as follows:

(1) On or before December 31, 2002, a person in this state who has been sentenced to death or life imprisonment without possibility of release or parole and who has been denied postconviction DNA testing may submit a request to the county prosecutor in the county where the conviction was obtained for postconviction DNA testing, if DNA evidence was not admitted because the court ruled DNA testing did not meet acceptable scientific standards or DNA testing technology was not sufficiently developed to test the DNA evidence in the case. On and after January 1, 2003, a person must raise the DNA issues at trial or on appeal.

(2) The prosecutor shall screen the request. The request shall be reviewed based upon the likelihood that the DNA evidence would demonstrate innocence on a more probable than not basis. Upon determining that testing should occur and the evidence still exists, the prosecutor shall request DNA testing by the Washington state patrol crime laboratory. Contact with victims shall be handled through victim/witness divisions.

(3) A person denied a request made pursuant to subsections (1) and (2) of this section has a right to appeal his or her request within thirty days of denial of the request by the prosecutor. The appeal shall be to the attorney general's office. If the attorney general's office determines that it is likely that the DNA testing would demonstrate innocence on a more probable than not basis, then the attorney general's office shall request DNA testing by the Washington state patrol crime laboratory.

NEW SECTION. Sec. 2. By December 1, 2001, the office of public defense shall prepare a report detailing the following: (1) The number of postconviction DNA test requests approved by the respective prosecutor; (2) the number of postconviction DNA test requests denied by the respective prosecutor and a summary of the basis for the denials; (3) the number of appeals for postconviction DNA testing approved by the attorney general's office; (4) the number of appeals for postconviction DNA testing denied by the attorney general's office and a summary of the basis for the denials; and (5) a summary of the results of the postconviction DNA tests conducted pursuant to section 1 (2) and (3) of this act. The report shall also provide an estimate of the number of persons convicted of crimes where DNA evidence was not admitted because the court ruled DNA testing did not meet acceptable scientific standards or where DNA testing technology was not sufficiently developed to test the DNA evidence in the case.

Sec. 3. RCW 10.37.050 and 1891 c 28 s 29 are each amended to read as follows:

The indictment or information is sufficient and will toll any statute of limitations if it can be understood therefrom--

(1) That it is entitled in a court having authority to receive (~~(it.)~~) it;

(2) That it was found by a grand jury or prosecuting attorney of the county in which the court was held;

(3) That the defendant is named, or if his name cannot be discovered, that he is described by a fictitious name or by reference to a unique genetic sequence of deoxyribonucleic acid, with the statement that his real name is (~~(to the jury)~~) unknown;

(4) That the crime was committed within the jurisdiction of the court, except where, as provided by law, the act, though done without the county in which the court is held, is triable therein;

(5) That the crime was committed at some time previous to the finding of the indictment or filing of the information, and within the time limited by law for the commencement of an action therefor;

(6) That the act or omission charged as the crime is clearly and distinctly set forth in ordinary and concise language, without repetition, and in such a manner as to enable a person of common understanding to know what is intended;

(7) The act or omission charged as the crime is stated with such a degree of certainty as to enable the court to pronounce judgment upon a conviction according to the right of the case.

NEW SECTION. **Sec. 4.** Nothing in this act is intended to create a legal right or cause of action. Nothing in this act is intended to deny or alter any existing legal right or cause of action. Nothing in this act should be interpreted to deny postconviction DNA testing requests under existing law by convicted and incarcerated persons who were sentenced to confinement for a term less than life or the death penalty."

On page 1, line 1 of the title, after "evidence;" strike the remainder of the title and insert "amending RCW 10.37.050; adding a new section to chapter 10.73 RCW; and creating new sections."

NEW SECTION. Sec. 4. (1) An oral or written communication or a document shared within or produced by a regional domestic violence fatality review panel related to a domestic violence fatality review is confidential and not subject to disclosure or discoverable by a third party. An oral or written communication or a document provided by a third party to a regional domestic violence fatality review panel, or between a third party and a regional domestic violence fatality review panel is confidential and not subject to disclosure or discovery by a third party. Notwithstanding the foregoing, recommendations from the regional domestic violence fatality review panel and the coordinating entity generally may be disclosed minus personal identifiers.

(2) The regional review panels, only to the extent otherwise permitted by law or court rule, shall have access to information and records regarding the domestic violence victims and perpetrators under review held by domestic violence perpetrators' treatment providers; dental care providers; hospitals, medical providers, and pathologists; coroners and medical examiners; mental health providers; lawyers; the state and local governments; the courts; and employers. The coordinating entity and the regional review panels shall maintain the confidentiality of such information to the extent required by any applicable law.

NEW SECTION. **Sec. 6.** Within available funds, data regarding each domestic violence fatality review shall be collected on standard forms created by the coordinating entity. Data collected on reviewed fatalities shall be compiled and analyzed for the purposes of identifying points at which the system response to domestic violence could be improved and identifying patterns in domestic violence fatalities.

NEW SECTION. **Sec. 7.** (1) A biennial state-wide report shall be issued by the coordinating entity in December of even-numbered years containing recommendations on policy changes that would improve program performance, and issues identified through the work of the regional panels. Copies of this report shall be distributed to the governor, the house of representatives children and family services and criminal justice and corrections committees, and the senate human services and corrections and judiciary committees and to those agencies involved in the regional domestic violence fatality review panels.

(2) The annual report in December 2010 shall contain a recommendation as to whether or not the domestic violence review process provided for in this chapter should continue or be terminated by the legislature.

NEW SECTION. **Sec. 8.** Sections 1 through 7 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. **Sec. 9.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. **Sec. 10.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2000, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "reviews;" strike the remainder of the title and insert "adding a new chapter to Title 43 RCW; and creating new sections."

SENATE AMENDMENTS TO HOUSE BILL

March 1, 2000

Mr. Speaker:

The Senate has passed Second Substitute House Bill No. 2637 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.43.832 and 1997 c 392 s 524 are each amended to read as follows:

(1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol criminal identification system shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's record for convictions of offenses against children or other persons, convictions for crimes relating to financial exploitation, but only if

the victim was a vulnerable adult, adjudications of child abuse in a civil action, the issuance of a protection order against the respondent under chapter 74.34 RCW, and disciplinary board final decisions and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision.

(2) The legislature also finds that the state board of education may request of the Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the department of social and health services must consider the information listed in subsection (1) of this section in the following circumstances:

(a) When considering persons for state ~~((positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults))~~ employment in positions directly responsible for the supervision, care, or treatment of children, vulnerable adults, or individuals with mental illness or developmental disabilities;

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

~~((c))~~ (d) When contracting with individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

(e) When individual providers are paid by the state or providers are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

(7) If a federal bureau of investigation check is required in addition to the state background check by the department of social and health services, an applicant who is not disqualified based on the results of the state background check shall be eligible for a one hundred twenty day provisional approval to hire, pending the outcome of the federal bureau of investigation check. The department may extend the provisional approval until receipt of the federal bureau of investigation check. If the federal bureau of investigation check disqualifies an applicant, the department shall notify the requestor that the provisional approval to hire is withdrawn and the applicant may be terminated.

Sec. 2. RCW 43.20A.710 and 1999 c 336 s 7 are each amended to read as follows:

(1) The secretary shall investigate the conviction records, pending charges or disciplinary board final decisions of:

(a) Persons being considered for state employment in positions directly responsible for the supervision, care, or treatment of children, vulnerable adults, or individuals with mental illness or developmental disabilities; ~~((and))~~

(b) Persons being considered for state employment in positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) Individual providers who are paid by the state ~~((for))~~ and providers who are paid by home care agencies to provide in-home services ~~((and hired by individuals))~~ involving unsupervised access to persons with physical ~~((disabilities))~~, mental, or developmental disabilities~~((,))~~ or mental illness, or ~~((mental impairment))~~ to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(d) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

(2) The investigation may include an examination of state and national criminal identification data. The secretary shall use the information solely for the purpose of determining the character, suitability, and competence of these applicants.

(3) An individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records both through the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede RCW 74.15.030(2)(b).

(4) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home

care agency provider must also have no conviction for a crime relating to drugs as defined in RCW 43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.

~~(5)~~ The secretary shall provide the results of the ~~((state))~~ background check on individual providers to the ~~((individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment))~~ persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If ~~((an individual))~~ the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from ~~((employment with the department))~~ having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

~~((4))~~ (6) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

Sec. 3. RCW 74.39A.050 and 1999 c 336 s 5 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, resident managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

~~(9) ((The department shall establish, by rule, a state registry which contains identifying information about personal care aides identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact,~~

~~appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information.~~

~~(10))~~ The department shall by rule develop training requirements for individual providers and home care agency providers. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirement within the time limit specified by the department by rule.

~~((11))~~ (10) The department shall establish, by rule, training, background checks, and other quality assurance requirements for personal aides who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers.

~~((12))~~ (11) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

~~((13))~~ (12) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver's class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998.

(3) A court or presiding officer in an administrative proceeding may order disclosure of confidential information only if the court, or presiding officer in an administrative proceeding, determines that disclosure is essential to the administration of justice and will not endanger the life or safety of the vulnerable adult or individual who made the report. The court or presiding officer in an administrative hearing may place restrictions on such disclosure as the court or presiding officer deems proper.

Sec. 5. RCW 74.39A.095 and 1999 c 175 s 3 are each amended to read as follows:

(1) In carrying out case management responsibilities established under RCW 74.39A.090 for consumers who are receiving services under the medicaid personal care, community options programs entry system or chore services program through an individual provider, each area agency on aging shall provide adequate oversight of the care being provided to consumers receiving services under this section. Such oversight shall include, but is not limited to:

- (d) Reassessment and reauthorization of services;
- (e) Monitoring of individual provider performance; and
- (f) Conducting criminal background checks or verifying that criminal background checks have been conducted.

(2) The area agency on aging case manager shall work with each consumer to develop a plan of care under this section that identifies and ensures coordination of health and long-term care services that meet the consumer's needs. In developing the plan, they shall utilize, and modify as needed, any comprehensive community service plan developed by the department as provided in RCW 74.39A.040. The plan of care shall include, at a minimum:

- (a) The name and telephone number of the consumer's area agency on aging case manager, and a statement as to how the case manager can be contacted about any concerns related to the consumer's well-being or the adequacy of care provided;
- (b) The name and telephone numbers of the consumer's primary health care provider, and other health or long-term care providers with whom the consumer has frequent contacts;
- (c) A clear description of the roles and responsibilities of the area agency on aging case manager and the consumer receiving services under this section;
- (d) The duties and tasks to be performed by the area agency on aging case manager and the consumer receiving services under this section;
- (e) The type of in-home services authorized, and the number of hours of services to be provided;
- (f) The terms of compensation of the individual provider;
- (g) A statement that the individual provider has the ability and willingness to carry out his or her responsibilities relative to the plan of care; and
- (h)(i) Except as provided in (h)(ii) of this subsection, a clear statement indicating that a consumer receiving services under this section has the right to waive any of the case management services offered by the area agency on aging under this section, and a clear indication of whether the consumer has, in fact, waived any of these services.
- (ii) The consumer's right to waive case management services does not include the right to waive reassessment or reauthorization of services, or verification that services are being provided in accordance with the plan of care.

(3) Each area agency on aging shall retain a record of each waiver of services included in a plan of care under this section.

(4) Each consumer has the right to direct and participate in the development of their plan of care to the maximum practicable extent of their abilities and desires, and to be provided with the time and support necessary to facilitate that participation.

(5) A copy of the plan of care must be distributed to the consumer's primary care provider, individual provider, and other relevant providers with whom the consumer has frequent contact, as authorized by the consumer.

(6) The consumer's plan of care shall be an attachment to the contract between the department, or their designee, and the individual provider.

(7) If the department or area agency on aging case manager finds that an individual provider's inadequate performance or inability to deliver quality care is jeopardizing the health, safety, or well-being of a consumer receiving service under this section, the department or the area agency on aging may take action to terminate the contract between the department and the individual provider. If the

department or the area agency on aging has a reasonable, good faith belief that the health, safety, or well-being of a consumer is in imminent jeopardy, the department or area agency on aging may summarily suspend the contract pending a fair hearing. The consumer may request a fair hearing to contest the planned action of the case manager, as provided in chapter 34.05 RCW. The department may by rule adopt guidelines for implementing this subsection.

(8) The department or area agency on aging may reject a request by ~~((an+at))~~ a consumer receiving services under this section to have a family member or other person serve as his or her individual provider if the case manager has a reasonable, good faith belief that the family member or other person will be unable to appropriately meet the care needs of the consumer. The consumer may request a fair hearing to contest the decision of the case manager, as provided in chapter 34.05 RCW. The department may by rule adopt guidelines for implementing this subsection."

SENATE AMENDMENTS TO HOUSE BILL

March 3, 2000

Mr. Speaker:

The Senate has passed House Joint Memorial No. 4026 with the following amendment(s)

Beginning on page 1, after line 9, strike the remainder of the joint memorial and insert the following:

"WHEREAS, The state of Washington has embarked on a major salmon recovery effort as reflected in significant legislation enacted in 1998 and 1999; and

WHEREAS, The state of Washington has formulated a state-wide strategy to recover salmon; and

WHEREAS, The state of Washington has spent and is prepared to spend millions of dollars to protect and restore salmon populations; and

WHEREAS, The state of Washington is aggressively pursuing salmon recovery through a comprehensive undertaking in partnerships with federal agencies, Indian tribal nations, local governments, nonprofit organizations, and others; and

WHEREAS, The national marine fisheries service has listed under the federal endangered species act a number of salmon species that live in evolutionarily significant units within Washington state; and

WHEREAS, Predation by certain migratory birds such as the Caspian Tern is widely viewed as a significant issue for recovery of listed fish species throughout Washington inland and coastal waters; and

WHEREAS, The federal migratory bird treaty act of 1918, 16 U.S.C.A. Sec. 703 et seq., has proven ineffective in managing migratory bird predation on salmonids; and

WHEREAS, Washington's efforts toward salmon recovery, while addressing nearly all the factors that have led to the decline of salmon, cannot currently, because of federal law, effectively address predation by these migratory birds; and

WHEREAS, Public confidence and support of Washington's salmon recovery efforts will be diminished unless the interaction among migratory birds and salmonid populations is better understood and site-specific conflicts are addressed;

NOW, THEREFORE, Your Memorialists respectfully pray that Congress pass legislation that amends the federal migratory bird treaty act of 1918, 16 U.S.C.A. Sec. 703 et seq., to provide a more effective means to allow for the protection and restoration of salmonid populations.

Congress is further urged to:

(1) Fund joint federal and state research on migratory and resident predatory bird interactions with salmonids, especially site-specific investigations to determine the significance of migratory and resident bird predation on adult and juvenile salmonids for stock recovery, and to develop a cohesive conservation plan that balances protection of both migratory and resident birds and salmonids;

(2) Grant at least limited management authority for state and federal agencies to remove those migratory and resident birds preying on listed fish stocks at areas of restricted fish passage;

(3) Prohibit the relocation of predatory bird nesting areas that could result in shifting predation to salmonid stocks that need recovery in other geographic areas.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable William J. Clinton, President of the United States, the United States House of Representatives Committee on Resources, the United States Senate Committee on Commerce, Science, and Transportation, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 1, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2392 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that while government services are provided to the citizens of the state of Washington through many mechanisms, the most prevalent delivery of services occurs through city, county, or state government actions. Increased demand for these services and limited revenue to meet those services have led to unproductive competition between cities, counties, and the state for the revenue that is collected and shared between cities, counties, and the state.

Therefore, the legislature finds that there is a need to evaluate the delivery of government services, the allotment of revenues, and the collection and distribution of various fines and forfeitures through the establishment of a joint task force on local governments.

NEW SECTION. Sec. 2. (1) The joint task force on local governments is created, to consist of seventeen members including:

(a) The following four members of the house of representatives or their designees: (i) The chair and ranking minority member or the cochair of the committee on appropriations; and (ii) the chair and ranking minority member or the cochair of the committee on local government;

(b) The following four members of the senate or their designees: (i) The chair and the ranking minority member of the committee on ways and means; and (ii) the chair and ranking minority member of the committee on state and local government;

(c) One member from the office of the governor;

(d) Four members from the association of Washington cities;

(e) Two members from the Washington state association of counties; and

(f) Two members from the Washington association of county officials.

(2) The nonlegislative members of the task force shall serve without compensation, but will be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Legislative members of the task force will be reimbursed for travel expenses as provided in RCW 44.04.120. The staff of senate committee services and the office of program research of the house of representatives shall provide support to the task force.

SENATE AMENDMENTS TO HOUSE BILL

March 1, 2000

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2675 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that fewer than five percent of all drivers use child booster seats for children over the age of four years. The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the National Transportation Safety Board's recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature's intent to decrease deaths and injuries to children by promoting safety education and injury prevention measures, as well as increasing public awareness on ways to maximize the protection of children in vehicles.

Sec. 2. RCW 46.61.687 and 1994 c 100 s 1 are each amended to read as follows:

(1) Whenever a child who is less than ~~((ten))~~ sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, the driver of the vehicle shall keep the child properly restrained as follows:

(a) If the child is less than eight years old and/or eighty pounds and the passenger seating position equipped with a safety belt system allows sufficient space for installation, then the child will be restrained in a child restraint system that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system;

(b) If the child is less than one year of age or weighs less than twenty pounds, the child shall be properly restrained in a rear-facing infant seat;

(c) If the child is more than one but less than ~~((three))~~ four years of age and/or weighs less than forty pounds but at least twenty pounds, the child shall be properly restrained in a forward facing child safety seat restraint system ~~((that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system));~~

~~((b))~~ (d) If the child is less than ((ten)) eight years of age and/or eighty pounds but at least ((three)) four years of age, the child shall be properly restrained ((either as specified in (a) of this subsection or with a safety belt properly adjusted and fastened around the child's body-)) in a child booster seat;

(e) If the child is eight years of age or older or weighs more than eighty pounds, the child shall be properly restrained with the motor vehicle's safety belt properly adjusted and fastened around the child's body; and

(f) Enforcement of (a) through (e) of this subsection is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a forward facing child safety seat must ensure that the seat in use is equipped with a four-point shoulder harness system. The visual inspection for usage of a booster seat must ensure that the seat belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. The visual inspection for the usage of a seat belt by a child must ensure that the lap belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. In determining violations, consideration to the above criteria must be given in conjunction with the provisions of (a) through (e) of this subsection.

(g) The driver of a vehicle transporting a child under the age of eight years old and/or eighty pounds, when the vehicle is equipped with a passenger side air bag supplemental restraint system, shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) A person violating subsection (1)(a) through (d) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(3) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian; nor shall failure to use a child restraint system be admissible as evidence of negligence in any civil action.

(4) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, ~~((and))~~ (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, and (d) school buses.

(5) The requirements of subsection (1)(a) through (d) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

Sec. 3. RCW 46.61.688 and 1990 c 250 s 58 are each amended to read as follows:

(1) For the purposes of this section, the term "motor vehicle" includes:

(a) "Buses," meaning motor vehicles with motive power, except trailers, designed to carry more than ten passengers;

(b) "Multipurpose passenger vehicles," meaning motor vehicles with motive power, except trailers, designed to carry ten persons or less that are constructed either on a truck chassis or with special features for occasional off-road operation;

(c) "Passenger cars," meaning motor vehicles with motive power, except multipurpose passenger vehicles, motorcycles, or trailers, designed for carrying ten passengers or less; and

(d) "Trucks," meaning motor vehicles with motive power, except trailers, designed primarily for the transportation of property.

(2) This section only applies to motor vehicles that meet the manual seat belt safety standards as set forth in federal motor vehicle safety standard 208. This section does not apply to a vehicle occupant for whom no safety belt is available when all designated seating positions as required by federal motor vehicle safety standard 208 are occupied.

(3) Every person sixteen years of age or older operating or riding in a motor vehicle shall wear the safety belt assembly in a properly adjusted and securely fastened manner.

(4) No person may operate a motor vehicle unless all child passengers under the age of sixteen years are either wearing a safety belt assembly or are securely fastened into an approved child restraint device under RCW 46.61.687.

(5) A person violating this section shall be issued a notice of traffic infraction under chapter 46.63 RCW. A finding that a person has committed a traffic infraction under this section shall be contained in the driver's abstract but shall not be available to insurance companies or employers.

(6) Failure to comply with the requirements of this section does not constitute negligence, nor may failure to wear a safety belt assembly be admissible as evidence of negligence in any civil action.

(7)(a) Enforcement of subsection (4) of this section by law enforcement officers may be accomplished as a primary action.

(b) Enforcement of subsections (1) through (3) and (5) through (9) of this section by law enforcement officers may be accomplished only as a secondary action when a driver of a motor vehicle has been detained for a suspected violation of Title 46 RCW or an equivalent local ordinance or some other offense.

(8) This section does not apply to an operator or passenger who possesses written verification from a licensed physician that the operator or passenger is unable to wear a safety belt for physical or medical reasons.

(9) The state patrol may adopt rules exempting operators or occupants of farm vehicles, construction equipment, and vehicles that are required to make frequent stops from the requirement of wearing safety belts.

NEW SECTION. Sec. 4. A new section is added to chapter 46.61 RCW to read as follows:
The traffic safety commission shall conduct an educational campaign using all available methods to raise public awareness of the importance of properly restraining child passengers and the value of seatbelts to adult motorists. The traffic safety commission shall report to the transportation committees of the legislature on the campaign and results observed on the highways. The first report is due December 1, 2000, and annually thereafter.

NEW SECTION. Sec. 5. A new section is added to chapter 46.61 RCW to read as follows:
This act may be known and cited as the Anton Skeen act.

NEW SECTION. Sec. 6. This act takes effect January 1, 2001."

On page 1, line 1 of the title, after "systems;" strike the remainder of the title and insert "amending RCW 46.61.687 and 46.61.688; adding new sections to chapter 46.61 RCW; creating a new section; and providing an effective date."

and the same is herewith transmitted.

Tony M. Cook, Secretary

SENATE AMENDMENTS TO HOUSE BILL

March 2, 2000

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2420 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The intent of this act is to protect the health and safety of the citizens of the state of Washington and the quality of the state's environment by developing and implementing environmental and public safety measures applicable to persons transporting hazardous liquids and gas by pipeline within the state of Washington. The legislature finds that public safety and the environment may best be protected by adopting standards that are equal to, or more stringent than, those adopted by the federal government, so long as they do not impermissibly interfere with interstate commerce.

(2) The legislature recognizes that additional federal authority is needed to implement a comprehensive pipeline safety program and by this act and other measures directs the state to seek that authority.

(3) It is also the intent of the legislature that the governor work with the state congressional delegation in seeking:

(a) To amend the federal pipeline safety act to delegate authority to qualified states to adopt and enforce standards equal to or more stringent than federal standards;

(b) State authority to administer and enforce federal requirements related to pipeline safety; and

(c) Higher levels of funding for state and federal pipeline safety activities and for states to respond to pipeline accident emergencies.

(4) While the legislature acknowledges that serious accidents have occurred for hazardous liquid and gas pipelines in this nation and elsewhere, it recognizes that there are fundamental differences between hazardous liquid pipelines and gas pipelines and that a different system of safety regulations must be applied for each kind of pipeline.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Department" means the department of ecology.

(3) "Failsafe" means a design feature that will maintain or result in a safe condition in the event of malfunction or failure of a power supply, component, or control device.

One-number locator service rates for cable television companies will be based on the amount of their underground facilities. If no one-number locator service is available, notice shall be provided individually to those owners of underground facilities known to or suspected of having underground facilities within the area of proposed excavation. The notice shall be communicated to the owners of underground facilities not less than two business days or more than ten business days before the scheduled date for commencement of excavation, unless otherwise agreed by the parties. The notice shall also comply with the requirements of section 20 of this act.

(3) Upon receipt of the notice provided for in this section, the owner of the underground facility shall provide the excavator with reasonably accurate information as to its locatable underground facilities by surface-marking the location of the facilities. If there are identified but unlocatable underground facilities, the owner of such facilities shall provide the excavator with the best available information as to their locations. The owner of the underground facility providing the information shall respond no later than two business days after the receipt of the notice or before the excavation time, at the option of the owner, unless otherwise agreed by the parties. Excavators shall not excavate until all known facilities have been marked. Once marked by the owner of the underground facility, the excavator is responsible for maintaining the markings. Excavators shall have the right to receive

compensation from the owner of the underground facility for costs incurred if the owner of the underground facility does not locate its facilities in accordance with this section.

(4) The owner of the underground facility shall have the right to receive compensation for costs incurred in responding to excavation notices given less than two business days prior to the excavation from the excavator.

(5) An owner of underground facilities is not required to indicate the presence of existing service laterals or appurtenances if the presence of existing service laterals or appurtenances on the site of the construction project can be determined from the presence of other visible facilities, such as buildings, manholes, or meter and junction boxes on or adjacent to the construction site.

(6) Emergency excavations are exempt from the time requirements for notification provided in this section.

(7) If the excavator, while performing the contract, discovers underground facilities which are not identified, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number locator service.

NEW SECTION. Sec. 17. A new section is added to chapter 19.122 RCW to read as follows:

When the excavator contacts the one-number locator service under RCW 19.122.030(1), the excavator shall notify the service if surface markings or other information indicates that the excavation work, excluding agricultural tilling less than twelve inches in depth, is to occur within five feet of a hazardous liquid pipeline or gas transmission pipeline. The one-number locator service shall inform the pipeline company that owns or operates the pipeline that excavation is to occur within five feet of their pipeline and inform the company that its representative must be on-site, prior to the start of excavation.

Sec. 18. RCW 19.122.050 and 1984 c 144 s 5 are each amended to read as follows:

An excavator who, in the course of excavation, contacts or damages an underground facility shall immediately notify the utility owning or operating such facility and the state-wide one-number (~~locator~~) referral service. If the damage causes an emergency condition, the excavator causing the damage shall also immediately alert the appropriate local public safety agencies and take all appropriate steps to ensure the public safety. No damaged underground facility may be buried until it is repaired or relocated.

(2) The owner of the underground facilities damaged shall arrange for repairs or relocation as soon as is practical or may permit the excavator to do necessary repairs or relocation at a mutually acceptable price.

NEW SECTION. Sec. 19. A new section is added to chapter 48.48 RCW to read as follows:

(1) The chief of the Washington state patrol, through the director of fire protection or his or her authorized deputy, shall, in consultation with the emergency management program within the state military department, the department of ecology, the utilities and transportation commission, and local emergency services organizations:

(a) Evaluate the preparedness of local first responders in meeting emergency management demands under subsection (2) of this section; and

(b) Conduct an assessment of the equipment and personnel needed by local first responders to meet emergency management demands related to pipelines.

(2) The chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall develop curricula for training local first responders to deal with hazardous liquid and gas pipeline accidents. The curricula shall be developed in conjunction with pipeline companies and local first responders, and shall include a timetable and costs for providing training as defined in the curricula to all communities housing pipelines. Separate curricula shall be developed for hazardous liquid and gas pipelines so that the differences between pipelines may be recognized and appropriate accident responses provided. The need for a training program for regional incident management teams shall also be evaluated.

(3) In consultation with other relevant agencies, the chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall identify the need and means for achieving consistent application of the national interagency incident management system.

(4) For the purposes of this section, "local first responders" means police, fire, emergency medical staff, and volunteers.

(1) A pipeline company that has been notified by an excavator pursuant to RCW 19.122.050 that excavation work will occur within five feet of a hazardous liquid pipeline shall ensure that the pipeline company's representative is on-site during the excavation within the five foot zone. The pipeline company has the discretion to require that the pipeline section in the vicinity of the excavation is fully uncovered and examined for damage prior to being reburied.

(2) Immediately upon receiving information of third-party damage to a pipeline owned or operated by a pipeline company, that company shall visually inspect the pipeline. After visual inspection, a pipeline company shall determine whether the pipeline section that has sustained third-party damage should be replaced or repaired. A record of the company's inspection report and test results shall be provided to the commission within fourteen calendar days of the inspection.

The gas pipeline company has the discretion to require that the pipeline section in the vicinity of the excavation is fully uncovered and examined for damage prior to being reburied.

(2) Immediately upon receiving information of third-party damage to any gas pipeline owned or operated by a gas pipeline company, that company shall visually inspect the pipeline. After visual inspection, a gas pipeline company shall determine whether the pipeline section that has sustained third-party damage should be replaced or repaired. A record of the company's inspection report and test results shall be provided to the commission within fourteen calendar days of the inspection.

(3) Pipeline companies shall immediately notify local first responders and the commission of any blowing gas leak from a gas pipeline that has ignited or represents a probable hazard to persons or property.

NEW SECTION. Sec. 22. A new section is added to chapter 19.122 RCW to read as follows:

Any person who willfully damages or removes a permanent marking used to identify an underground facility, or a temporary marking prior to its intended use, is subject to a civil penalty of not more than one thousand dollars for each act.

(3) All civil penalties recovered under subsections (1) and (2) of this section shall be deposited in the general fund and expended for the purpose of enforcement of hazardous liquid and gas pipeline safety laws.

(4) For the purposes of this section and section 17 of this act: (a) "Hazardous liquid" means: (i) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 in effect March 1, 1998; and (ii) carbon dioxide. The utilities and transportation commission by rule may incorporate by reference other substances designated as hazardous by the secretary of

transportation under 49 U.S.C. Sec. 60101(a)(4); and (b) "gas" means natural gas, flammable gas, or toxic or corrosive gas.

NEW SECTION. **Sec. 24.** A pipeline containing petroleum or petroleum products that is wholly owned by an individual and which pipeline is located wholly on the individual's property, that is not adjoining marine waters, is exempt from the provisions of this chapter. This exemption applies only for pipelines that do not have any connections to pipelines or facilities that extend beyond the pipeline owner's property and the petroleum or petroleum products must be for use only at that location.

NEW SECTION. **Sec. 25.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. **Sec. 26.** This act may be known and cited as the Washington state pipeline safety act.

However, the legislative authority of any city or town may by local ordinance increase the number of lots, tracts, or parcels to be regulated as short subdivisions to a maximum of nine. The legislative authority of any county planning under RCW 36.70A.040 that has adopted a comprehensive plan and development regulations in compliance with chapter 36.70A RCW may by ordinance increase the number of lots, tracts, or parcels to be regulated as short subdivisions to a maximum of nine in any urban growth area.

(7) "Binding site plan" means a drawing to a scale specified by local ordinance which: (a) Identifies and shows the areas and locations of all streets, roads, improvements, utilities, open spaces, and any other matters specified by local regulations; (b) contains inscriptions or attachments setting forth such appropriate limitations and conditions for the use of the land as are established by the local government body having authority to approve the site plan; and (c) contains provisions making any development be in conformity with the site plan.

(8) "Short plat" is the map or representation of a short subdivision.

(9) "Lot" is a fractional part of divided lands having fixed boundaries, being of sufficient area and dimension to meet minimum zoning requirements for width and area. The term shall include tracts or parcels.

(10) "Block" is a group of lots, tracts, or parcels within well defined and fixed boundaries.

(11) "County treasurer" shall be as defined in chapter 36.29 RCW or the office or person assigned such duties under a county charter.

(12) "County auditor" shall be as defined in chapter 36.22 RCW or the office or person assigned such duties under a county charter.

Sec. 2. RCW 58.17.060 and 1990 1st ex.s. c 17 s 51 are each amended to read as follows:

(1) The legislative body of a city, town, or county shall adopt regulations and procedures, and appoint administrative personnel for the summary approval of short plats and short subdivisions or

alteration or vacation thereof. When an alteration or vacation involves a public dedication, the alteration or vacation shall be processed as provided in RCW 58.17.212 or 58.17.215. Such regulations shall be adopted by ordinance and shall provide that a short plat and short subdivision may be approved only if written findings that are appropriate, as provided in RCW 58.17.110, are made by the administrative personnel, and may contain wholly different requirements than those governing the approval of preliminary and final plats of subdivisions and may require surveys and monumentations and shall require filing of a short plat, or alteration or vacation thereof, for record in the office of the county auditor: PROVIDED, That such regulations must contain a requirement that land in short subdivisions may not be further divided in any manner within a period of five years without the filing of a final plat, except that when the short plat contains fewer than four parcels, nothing in this section shall prevent the owner who filed the short plat from filing an alteration within the five-year period to create up to a total of four lots within the original short plat boundaries: PROVIDED FURTHER, That such regulations are not required to contain a penalty clause as provided in RCW 36.32.120 and may provide for wholly injunctive relief.

An ordinance requiring a survey shall require that the survey be completed and filed with the application for approval of the short subdivision.

(2) Cities, towns, and counties shall include in their short plat regulations and procedures pursuant to subsection (1) of this section provisions for considering sidewalks and other planning features that assure safe walking conditions for students who walk to and from school.

(3) The legislative body of a city, town, or county may by ordinance exempt short plats or short subdivisions from the requirements in subsection (1) of this section in which the division is for the purpose of establishing a site solely used for an uninhabited public or private utility or telecommunications facility, provided a record survey is recorded per chapter 58.09 RCW.

Sec. 3. RCW 58.17.070 and 1981 c 293 s 4 are each amended to read as follows:

A preliminary plat of proposed subdivisions and dedications of land shall be submitted for approval to the (~~legislative body of the~~) city, town, or county within which the plat is situated.

Unless an applicant for preliminary plat approval requests otherwise, a preliminary plat shall be processed simultaneously with applications for rezones, variances, planned unit developments, site plan approvals, and similar quasi-judicial or administrative actions to the extent that procedural requirements applicable to these actions permit simultaneous processing.

Sec. 4. RCW 58.17.100 and 1995 c 347 s 428 are each amended to read as follows:

If a city, town, or county has established a planning commission or planning agency in accordance with state law or local charter, such commission or agency shall review all preliminary plats and make recommendations thereon to the city, town, or county legislative body to assure conformance of the proposed subdivision to the general purposes of the comprehensive plan and to planning standards and specifications as adopted by the city, town, or county. Reports of the planning commission or agency shall be advisory only: PROVIDED, That the legislative body of the city, town, or county may, by ordinance, assign to such commission or agency, or any department official or group of officials, such administrative functions, powers and duties as may be appropriate, including the holding of hearings, and recommendations for approval or disapproval of preliminary plats of proposed subdivisions.

Such recommendation shall be submitted to the legislative body not later than fourteen days following action by the hearing body. Upon receipt of the recommendation on any preliminary plat the legislative body shall at its next public meeting set the date for the public meeting where it shall consider the recommendations of the hearing body and may adopt or reject the recommendations of such hearing body based on the record established at the public hearing. If, after considering the matter at a public meeting, the legislative body deems a change in the planning commission's or planning agency's recommendation approving or disapproving any preliminary plat is necessary, the legislative body shall adopt its own recommendations and approve or disapprove the preliminary plat.

Every decision or recommendation made under this section shall be in writing and shall include findings of fact and conclusions to support the decision or recommendation.

A record of all public meetings and public hearings shall be kept by the appropriate city, town, or county authority and shall be open to public inspection.

~~((Sole authority to approve final plats, and to adopt or amend platting ordinances shall reside in the legislative bodies.))~~ Any party of record to a final decision by the planning commission to disapprove a final plat may appeal that decision to the city, town, or county within fourteen days following the party's receipt of the planning commission's decision.

Sec. 5. RCW 58.17.110 and 1995 c 32 s 3 are each amended to read as follows:

(1) The city, town, or county (~~legislative body~~) shall inquire into the public use and interest proposed to be served by the establishment of the subdivision and dedication. It shall determine: (a) If appropriate provisions are made for, but not limited to, the public health, safety, and general welfare, for open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and schoolgrounds, and shall consider all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) whether the public interest will be served by the subdivision and dedication.

(2) A proposed subdivision and dedication shall not be approved unless the city, town, or county (~~legislative body~~) makes written findings that: (a) Appropriate provisions are made for the public health, safety, and general welfare and for such open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and schoolgrounds and all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) the public use and interest will be served by the platting of such subdivision and dedication. If it finds that the proposed subdivision and dedication make such appropriate provisions and that the public use and interest will be served, then the (~~legislative body~~) city, town, or county shall approve the proposed subdivision and dedication. Dedication of land to any public body, provision of public improvements to serve the subdivision, and/or impact fees imposed under RCW 82.02.050 through 82.02.090 may be required as a condition of subdivision approval. Dedications shall be clearly shown on the final plat. No dedication, provision of public improvements, or impact fees imposed under RCW 82.02.050 through 82.02.090 shall be allowed that constitutes an unconstitutional taking of private property. The (~~legislative body~~) city, town, or county shall not as a condition to the approval of any subdivision require a release from damages to be procured from other property owners.

(3) If the preliminary plat includes a dedication of a public park with an area of less than two acres and the donor has designated that the park be named in honor of a deceased individual of good character, the city, town, or county (~~legislative body~~) must adopt the designated name.

Sec. 6. RCW 58.17.120 and 1974 ex.s. c 134 s 6 are each amended to read as follows:

The city, town, or county (~~legislative body~~) shall consider the physical characteristics of a proposed subdivision site and may disapprove a proposed plat because of flood, inundation, or swamp conditions. Construction of protective improvements may be required as a condition of approval, and such improvements shall be noted on the final plat.

No plat shall be approved by any city, town, or county (~~legislative authority~~) covering any land situated in a flood control zone as provided in chapter 86.16 RCW without the prior written approval of the department of ecology of the state of Washington.

Sec. 7. RCW 58.17.130 and 1974 ex.s. c 134 s 7 are each amended to read as follows:

Local regulations shall provide that in lieu of the completion of the actual construction of any required improvements prior to the approval of a final plat, the city, town, or county (~~legislative body~~) may accept a bond, in an amount and with surety and conditions satisfactory to it, or other secure method, providing for and securing to the municipality the actual construction and installation of such improvements within a period specified by the city, town, or county (~~legislative body~~) and expressed in the bonds. In addition, local regulations may provide for methods of security, including the posting of a bond securing to the municipality the successful operation of improvements for an appropriate period of time up to two years after final approval. The municipality is hereby granted the

power to enforce bonds authorized under this section by all appropriate legal and equitable remedies. Such local regulations may provide that the improvements such as structures, sewers, and water systems shall be designed and certified by or under the supervision of a registered civil engineer prior to the acceptance of such improvements.

Sec. 8. RCW 58.17.140 and 1995 c 68 s 1 are each amended to read as follows:

Preliminary plats of any proposed subdivision and dedication shall be approved, disapproved, or returned to the applicant for modification or correction within ninety days from date of filing thereof unless the applicant consents to an extension of such time period or the ninety day limitation is extended to include up to twenty-one days as specified under RCW 58.17.095(3): PROVIDED, That if an environmental impact statement is required as provided in RCW 43.21C.030, the ninety day period shall not include the time spent preparing and circulating the environmental impact statement by the local government agency. Final plats and short plats shall be approved, disapproved, or returned to the applicant within thirty days from the date of filing thereof, unless the applicant consents to an extension of such time period. A final plat meeting all requirements of this chapter shall be submitted to the ~~((legislative body of the))~~ city, town, or county for approval within five years of the date of preliminary plat approval. Nothing contained in this section shall act to prevent any city, town, or county from adopting by ordinance procedures which would allow extensions of time that may or may not contain additional or altered conditions and requirements.

Sec. 9. RCW 58.17.150 and 1983 c 121 s 4 are each amended to read as follows:

Each preliminary plat submitted for final approval of the ~~((legislative body))~~ city, town, or county shall be accompanied by the following agencies' recommendations for approval or disapproval:

- (1) Local health department or other agency furnishing sewage disposal and supplying water as to the adequacy of the proposed means of sewage disposal and water supply;
- (2) Local planning agency or commission, charged with the responsibility of reviewing plats and subdivisions, as to compliance with all terms of the preliminary approval of the proposed plat subdivision or dedication;
- (3) City, town, or county engineer.

Except as provided in RCW 58.17.140, an agency or person issuing a recommendation for subsequent approval under subsections (1) and (3) of this section shall not modify the terms of its recommendations without the consent of the applicant.

Sec. 10. RCW 58.17.170 and 1981 c 293 s 10 are each amended to read as follows:

When the ~~((legislative body of the))~~ city, town, or county finds that the subdivision proposed for final plat approval conforms to all terms of the preliminary plat approval, and that said subdivision meets the requirements of this chapter, other applicable state laws, and any local ordinances adopted under this chapter which were in effect at the time of preliminary plat approval, it shall suitably inscribe and execute its written approval on the face of the plat. The original of said final plat shall be filed for record with the county auditor. One reproducible copy shall be furnished to the city, town or county engineer. One paper copy shall be filed with the county assessor. Paper copies shall be provided to such other agencies as may be required by ordinance. Any lots in a final plat filed for record shall be a valid land use notwithstanding any change in zoning laws for a period of five years from the date of filing. A subdivision shall be governed by the terms of approval of the final plat, and the statutes, ordinances, and regulations in effect at the time of approval under RCW 58.17.150 (1) and (3) for a period of five years after final plat approval unless the ~~((legislative body))~~ city, town, or county finds that a change in conditions creates a serious threat to the public health or safety in the subdivision.

Sec. 11. RCW 58.17.190 and 1969 ex.s. c 271 s 19 are each amended to read as follows:

The county auditor shall refuse to accept any plat for filing until approval of the plat has been given by the ~~((appropriate legislative body))~~ city, town, or county in which the plat is situated. Should a plat or dedication be filed without such approval, the prosecuting attorney of the county in which the plat is filed shall apply for a writ of mandate in the name of and on behalf of the ~~((legislative body))~~

city, town, or county required to approve same, directing the auditor and assessor to remove from their files or records the unapproved plat, or dedication of record.

Sec. 12. RCW 58.17.212 and 1987 c 354 s 3 are each amended to read as follows:

Whenever any person is interested in the vacation of any subdivision or portion thereof, or any area designated or dedicated for public use, that person shall file an application for vacation with the ~~((legislative authority of the))~~ city, town, or county in which the subdivision is located. The application shall set forth the reasons for vacation and shall contain signatures of all parties having an ownership interest in that portion of the subdivision subject to vacation. If the subdivision is subject to restrictive covenants which were filed at the time of the approval of the subdivision, and the application for vacation would result in the violation of a covenant, the application shall contain an agreement signed by all parties subject to the covenants providing that the parties agree to terminate or alter the relevant covenants to accomplish the purpose of the vacation of the subdivision or portion thereof.

When the vacation application is specifically for a county road or city or town street, the procedures for road vacation or street vacation in chapter 36.87 or 35.79 RCW shall be utilized for the road or street vacation. When the application is for the vacation of the plat together with the roads and/or streets, the procedure for vacation in this section shall be used, but vacations of streets may not be made that are prohibited under RCW 35.79.030, and vacations of roads may not be made that are prohibited under RCW 36.87.130.

The ~~((legislative authority of the))~~ city, town, or county shall give notice as provided in RCW 58.17.080 and 58.17.090 and shall conduct a public hearing on the application for a vacation and may approve or deny the application for vacation of the subdivision after determining the public use and interest to be served by the vacation of the subdivision. If any portion of the land contained in the subdivision was dedicated to the public for public use or benefit, such land, if not deeded to the city, town, or county, shall be deeded to the city, town, or county unless the ~~((legislative authority))~~ city, town, or county shall set forth findings that the public use would not be served in retaining title to those lands.

Title to the vacated property shall vest with the rightful owner as shown in the county records. If the vacated land is land that was dedicated to the public, for public use other than a road or street, and the ~~((legislative authority))~~ city, town, or county has found that retaining title to the land is not in the public interest, title thereto shall vest with the person or persons owning the property on each side thereof, as determined by the ~~((legislative authority))~~ city, town, or county. When the road or street that is to be vacated was contained wholly within the subdivision and is part of the boundary of the subdivision, title to the vacated road or street shall vest with the owner or owners of property contained within the vacated subdivision.

This section shall not be construed as applying to the vacation of any plat of state-granted tide or shore lands.

Sec. 13. RCW 58.17.215 and 1987 c 354 s 4 are each amended to read as follows:

When any person is interested in the alteration of any subdivision or the altering of any portion thereof, except as provided in RCW 58.17.040(6), that person shall submit an application to request the alteration to the ~~((legislative authority of the))~~ city, town, or county where the subdivision is located. The application shall contain the signatures of the majority of those persons having an ownership interest of lots, tracts, parcels, sites, or divisions in the subject subdivision or portion to be altered. If the subdivision is subject to restrictive covenants which were filed at the time of the approval of the subdivision, and the application for alteration would result in the violation of a covenant, the application shall contain an agreement signed by all parties subject to the covenants providing that the parties agree to terminate or alter the relevant covenants to accomplish the purpose of the alteration of the subdivision or portion thereof.

Upon receipt of an application for alteration, the ~~((legislative body))~~ city, town, or county shall provide notice of the application to all owners of property within the subdivision, and as provided for in RCW 58.17.080 and 58.17.090. The notice shall either establish a date for a public hearing or provide that a hearing may be requested by a person receiving notice within fourteen days of receipt of the notice.

The ~~((legislative body))~~ city, town, or county shall determine the public use and interest in the proposed alteration and may deny or approve the application for alteration. If any land within the alteration is part of an assessment district, any outstanding assessments shall be equitably divided and levied against the remaining lots, parcels, or tracts, or be levied equitably on the lots resulting from the alteration. If any land within the alteration contains a dedication to the general use of persons residing within the subdivision, such land may be altered and divided equitably between the adjacent properties.

After approval of the alteration, the ~~((legislative body))~~ city, town, or county shall order the applicant to produce a revised drawing of the approved alteration of the final plat or short plat, which after signature of the ~~((legislative authority))~~ city, town, or county, shall be filed with the county auditor to become the lawful plat of the property.

This section shall not be construed as applying to the alteration or replatting of any plat of state-granted tide or shore lands.

Sec. 14. RCW 58.17.225 and 1995 c 32 s 1 are each amended to read as follows:

The granting of an easement for ingress and egress or utilities over public property that is held as open space pursuant to a subdivision or plat, where the open space is already used as a utility right of way or corridor, where other access is not feasible, and where the granting of the easement will not impair public access or authorize construction of physical barriers of any type, may be authorized and exempted from the requirements of RCW 58.17.215 by the county, city, or town ~~((legislative authority))~~ following a public hearing with notice to the property owners in the affected plat.

Sec. 15. RCW 58.17.310 and 1990 c 194 s 1 are each amended to read as follows:

In addition to any other requirements imposed by the provisions of this chapter, ~~((the legislative authority of any))~~ a city, town, or county shall not approve a short plat or final plat, as defined in RCW 58.17.020, for any subdivision, short subdivision, lot, tract, parcel, or site which lies in whole or in part in an irrigation district organized pursuant to chapter 87.03 RCW unless there has been provided an irrigation water right of way for each parcel of land in such district. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site lies within land within the district classified as irrigable, completed irrigation water distribution facilities for such land may be required by the irrigation district by resolution, bylaw, or rule of general applicability as a condition for approval of the short plat or final plat by the ~~((legislative authority of the))~~ city, town, or county. Rights of way shall be evidenced by the respective plats submitted for final approval to the ~~((appropriate legislative authority))~~ city, town, or county. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site to be platted is wholly or partially within an irrigation district of two hundred thousand acres or more and has been previously platted by the United States bureau of reclamation as a farm unit in the district, the ~~((legislative authority))~~ city, town, or county shall not approve for such land a short plat or final plat as defined in RCW 58.17.020 without the approval of the irrigation district and the administrator or manager of the project of the bureau of reclamation, or its successor agency, within which that district lies. Compliance with the requirements of this section together with all other applicable provisions of this chapter shall be a prerequisite, within the expressed purpose of this chapter, to any sale, lease, or development of land in this state.

Sec. 16. RCW 58.17.330 and 1995 c 347 s 429 are each amended to read as follows:

(1) As an alternative to those provisions of this chapter requiring a planning commission to hear and issue recommendations for plat approval, the county or city legislative ~~((body))~~ authority may adopt a hearing examiner system and shall specify by ordinance the legal effect of the decisions made by the examiner. The legal effect of such decisions shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative ~~((body))~~ authority;

(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative ~~((body))~~ authority; or

(c) The decision may be given the effect of a final decision of the legislative ~~((body))~~ authority.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

(2) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Each final decision of a hearing examiner, unless a longer period is mutually agreed to by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings."

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** (1) A person who, with intent to deprive the owner or owner's agent, wrongfully obtains anhydrous ammonia, is guilty of theft of anhydrous ammonia.

(2) Theft of anhydrous ammonia is a class C felony.

NEW SECTION. **Sec. 2.** A person is guilty of the crime of unlawful storage of anhydrous ammonia if the person possesses anhydrous ammonia in a container that (1) is not approved by the United States department of transportation to hold anhydrous ammonia, or (2) was not constructed to meet state and federal industrial health and safety standards for holding anhydrous ammonia. Beginning on page 1, line 1, strike the remainder of the resolution and insert the following:

"WHEREAS, Chapter 370, Laws of 1985, created the Washington Higher Education Coordinating Board to plan, coordinate, and provide policy analysis for higher education and to represent the broad public interest above the interests of individual colleges and universities; and

WHEREAS, Section 4, chapter 370, Laws of 1985, requires the board to prepare and update a master plan for higher education and requires the Legislature, by concurrent resolution, to "approve or recommend changes" to the master plan and its subsequent updates; and

WHEREAS, The provisions of the master plan that are approved by the Legislature become state higher education policy unless legislation is subsequently enacted to revise those policies; and

WHEREAS, The Washington Higher Education Coordinating Board submitted the initial master plan to the Legislature in December 1987, and submitted updates to the plan in December 1992, January 1996, and January 2000; and

WHEREAS, During the process used to develop the 2000 master plan, the board consulted with students and families, educators, business, labor, and civic organizations representing a cross-section of Washington citizens; and

WHEREAS, The board learned that the need and expectation for higher education among Washington citizens will continue to grow through the next decade, because of population increases as well as the demands of the state's increasingly technology-based economy; and

WHEREAS, The board identified the challenge of meeting future demand for college education should a greater proportion of Washington citizens seek upper division and graduate level study by the year 2010; and

WHEREAS, The board spelled out its commitment to continuing to expand enrollment opportunities for Washington students, to keep public higher education affordable for students and families, and to provide financial assistance to those who cannot otherwise afford to go to college; and

WHEREAS, The board identified five specific goals for the state to address higher education needs in the next ten years:

(1) Making student learning the yardstick by which institutional accountability, effectiveness, and efficiency is measured;

(2) Linking students' participation in higher education to their achievement in the K-12 grades;

(3) Providing the information citizens need to make the best use of the learning pathways available to them;

(4) Enhancing higher education opportunity through greater use of e-learning technologies and by increasingly efficient use of public facilities; and

(5) Helping colleges and universities meet student needs and compete in an increasingly competitive and complex education marketplace; and

WHEREAS, The board challenged itself, students, and families, the public and private institutions, the private sector, and the state to each accept its individual responsibilities and to collaborate in the development of solutions; and

WHEREAS, The board described an implementation plan to guide the state's response to the needs of higher education and to estimate the costs of the strategies, including the necessity to develop an enrollment accommodation plan that identifies where capacity exists and what the highest priorities should be;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the State of Washington, the House of Representatives concurring, That the Washington Higher Education Coordinating Board be commended for its dedication and commitment to the State of Washington in producing the 2000 update of the master plan for higher education titled "The 21st Century Learner"; and

BE IT FURTHER RESOLVED, That the Legislature thank the board for describing many of the challenges facing the state in its attempts to provide the postsecondary education and training our citizens need to fulfill their personal goals and participate fully in the world of the twenty-first century; and

BE IT FURTHER RESOLVED, That the Legislature reaffirm its commitment to create postsecondary opportunities in response to documented demand from citizens for access to high-quality education and training programs; and

BE IT FURTHER RESOLVED, That the board reexamine its assumptions with regard to projected upper division and graduate enrollments, and that the plan reexamine the role of the community and technical colleges in meeting the postsecondary needs of a significant portion of Washington's population; and

BE IT FURTHER RESOLVED, That the board reexamine its assumptions with regard to the capital needs of the community and technical colleges and the four-year institutions of higher education, including their branch campuses; and

BE IT FURTHER RESOLVED, That the board, in consultation with the office of financial management, work collaboratively with the public and independent two-year and four-year universities, private vocational schools, and appropriate legislative committees, to prepare an enrollment accommodation plan, contemplate various growth scenarios, identify related operational and capital needs, and examine alternatives to address the identified budget needs; and

BE IT FURTHER RESOLVED, That the board communicate regularly with the appropriate legislative committees and the governor regarding the assigned tasks and report back with its results and findings before proceeding with the development of its biennial budget recommendations; and

BE IT FURTHER RESOLVED, That the Legislature approve the following recommendations of the 2000 update of the master plan:

(1) The goal that, by the year 2010, Washington's system of postsecondary education needs to provide opportunities for additional students to enroll in high-quality education and training programs;

(2) That solutions to the challenge may be found in strategies that (a) make student learning the yardstick by which institutional accountability, effectiveness, and efficiency is measured; and (b) link students' participation in higher education to their achievement in the K-12 grades;

(3) Provide the information citizens need to make the best use of the learning pathways available to them, and support outreach efforts designed to ensure that the higher education system reflects the diversity of the state's population;

(4) Expand the use of e-learning technologies and use public facilities to the fullest extent possible; and

(5) Help colleges and universities meet student needs and compete in an increasingly competitive and complex education marketplace; and

BE IT FURTHER RESOLVED, That the board proceed with implementation of the 2000 update of the master plan; and

BE IT FURTHER RESOLVED, That the board proceed with the implementation of the 2000 update of the master plan as described in "The 21st Century Learner" and modified by this resolution, and report to the 2001 Legislature on progress toward implementing its strategies."

Before any blended funding project is established by the secretary, any entity or person proposing the project shall seek input from the public health and safety network or networks established in the catchment area of the project. The network or networks shall submit recommendations on the blended funding project to the family policy council. SENATE AMENDMENTS TO HOUSE BILL

February 29, 2000

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2441 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.131.020 and 1977 ex.s. c 289 s 2 are each amended to read as follows:

The state legislature finds that state ~~((agencies))~~ entities may fail to deliver services as effectively and efficiently as is expected by the general public and as originally contemplated by the legislature. It further finds that state government actions have produced a substantial increase in numbers of ~~((agencies))~~ entities, growth of programs, and proliferation of rules ~~((and regulations))~~, and that the entire process has evolved without sufficient legislative and executive oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state ~~((agencies))~~ entities, coupled with a system of scheduled review of such ~~((agencies))~~ entities, it will be in a better position to: Evaluate the need for the continued existence of existing and future state ~~((agencies))~~ entities; assess the effectiveness and performance of agencies, boards, commissions, and programs; and ensure public accountability. The legislature recognizes that the executive branch shares in this duty and responsibility to assure that state government operates in an efficient, orderly, and responsive manner.

Sec. 2. RCW 43.131.030 and 1983 1st ex.s. c 27 s 1 are each amended to read as follows:

As used in this chapter the following words and phrases shall have the following meanings unless the context clearly requires otherwise.

(1) (~~"Committees of reference" means the standing legislative committees designated by the senate and house of representatives to consider termination, modification, or reestablishment of state agencies pursuant to this chapter.~~) "Entity" includes every state office, department, board, commission, unit or subunit, and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency. "Entity" also includes any part of the Revised Code of Washington scheduled for repeal, expiration, or program termination.

(2) "Person" includes every natural person, firm, partnership, corporation, association, or organization.

~~((3) "Regulatory entity" means any board, commission, agency, division, or other unit or subunit of state government which licenses or regulates one or more professions, occupations, industries, businesses, or other endeavors in the state of Washington.~~

~~(4) "State agency" includes every state office, department, board, commission, regulatory entity and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency.)~~

Sec. 3. RCW 43.131.040 and 1983 1st ex.s. c 27 s 2 are each amended to read as follows:

Any state (~~(agency)~~) entity scheduled for termination by the processes provided in this chapter may be reestablished by the legislature for a specified period of time or indefinitely. The legislature may again review the state (~~(agency)~~) entity in a manner consistent with the provisions of this chapter and reestablish, modify, or consolidate such state (~~(agency)~~) entity or allow it to be terminated.

NEW SECTION. **Sec. 4.** A new section is added to chapter 43.131 RCW to read as follows:

The joint legislative audit and review committee shall conduct a program and fiscal review of any entity scheduled for termination under this chapter. This program and fiscal review shall be completed and a preliminary report prepared during the calendar year prior to the date established for termination. These reports shall be prepared in the manner set forth in RCW 44.28.071 and 44.28.075. Upon completion of its preliminary report, the joint legislative audit and review committee shall transmit copies of the report to the office of financial management and any affected entity. The final report shall include the response, if any, of the affected entity and the office of financial management in the same manner as set forth in RCW 44.28.088, except the affected entity and the office of financial management shall have sixty days to respond to the report. The joint legislative audit and review committee shall transmit the final report to the legislature, to the state entity affected, to the governor, and to the state library.

NEW SECTION. **Sec. 5.** A new section is added to chapter 43.131 RCW to read as follows:

(1) Any entity may be scheduled for sunset termination and review under this chapter by law.

(2) An entity scheduled for sunset termination shall establish performance measures, as required under subsection (3) of this section, and must be evaluated, in part, in terms of the results. The entity has the burden of demonstrating the extent to which performance results have been achieved. The sunset termination legislation shall name a lead entity, if more than one entity is impacted by scheduled termination. The affected entity or lead entity has the responsibility for developing and implementing a data collection plan and submitting the resulting performance information to the joint legislative audit and review committee.

(3) An entity shall develop performance measures and a data collection plan and submit them for review and comment to the joint legislative audit and review committee within one year of the effective date of the legislation establishing the sunset termination.

(4) Unless specified otherwise, sunset terminations under this chapter shall be a minimum of seven years. The joint legislative audit and review committee shall complete its review in the year prior to the date of termination.

NEW SECTION. **Sec. 6.** A new section is added to chapter 43.131 RCW to read as follows:

- (e) The extent to which the entity is meeting the performance measures developed under section 5 of this act; and
- (f) The possible impact of the termination or modification of the entity.

(2) After completing the review under subsection (1) of this section, the committee shall make its recommendations to the legislature.

Sec. 7. RCW 43.131.090 and 1993 c 281 s 54 are each amended to read as follows:

Unless the legislature specifies a shorter period of time, a terminated ~~((state agency))~~ entity shall continue in existence until June 30th of the next succeeding year for the purpose of concluding its affairs: PROVIDED, That the powers and authority of the ~~((state agency))~~ entity shall not be reduced or otherwise limited during this period. Unless otherwise provided:

(1) All employees of terminated ~~((state agencies))~~ entities classified under chapter 41.06 RCW, the state civil service law, shall be transferred as appropriate or as otherwise provided in the procedures adopted by the Washington personnel resources board pursuant to RCW 41.06.150;

(2) All documents and papers, equipment, or other tangible property in the possession of the terminated ~~((state agency))~~ entity shall be delivered to the custody of the ~~((agency))~~ entity assuming the responsibilities of the terminated ~~((agency))~~ entity or if such responsibilities have been eliminated, documents and papers shall be delivered to the state archivist and equipment or other tangible property to the department of general administration;

(3) All funds held by, or other moneys due to, the terminated ~~((state agency))~~ entity shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund;

(1) Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law and upon the advice of the attorney general, who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction or other process against any person to restrain or prevent the advertising, operating, maintaining, managing, or opening of a home health, hospice, hospice care center, or home care agency without ~~((a))~~ an in-home services agency license under this chapter.

(2) The injunction shall not relieve the person operating an in-home services agency without a license from criminal prosecution, or the imposition of a civil fine under section 19(2) of this act, but the remedy by injunction shall be in addition to any criminal liability or civil fine. A person that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be deposited in the department's local fee account. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties. All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account.

All fines, forfeitures, and penalties collected or assessed by a court because of a violation of RCW 70.127.020 shall be deposited in the department's local fee account.

NEW SECTION. **Sec. 19.** A new section is added to chapter 70.127 RCW to read as follows:

(1) The department may issue a notice of intention to issue a cease and desist order to any person whom the department has reason to believe is engaged in the unlicensed operation of an in-home services agency. The person to whom the notice of intent is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intent to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.

(2) If the department makes a final determination that a person has engaged or is engaging in unlicensed operation of an in-home services agency, the department may issue a cease and desist order. In addition, the department may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed operation of an in-home services agency. The proceeds of such fines shall be deposited in the department's local fee account.

(3) If the department makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the department may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the department. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the department may enter a permanent cease and desist order, which may include a civil fine.

(4) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so operating an in-home services agency without a license from criminal prosecution, but the

remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed operation and may be enforced under RCW 7.21.060. This method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.

NEW SECTION. Sec. 20. A new section is added to chapter 70.127 RCW to read as follows:
The legislature finds that the operation of an in-home services agency without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an in-home services agency without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(h) A hospice care center may either be freestanding or a separate portion of another building.
(2) The department is authorized to develop rules to implement this section. The rules shall be specific to each hospice care center service category provided. The rules shall at least specifically address the following:

Sec. 22. RCW 70.38.025 and 1997 c 210 s 2 are each amended to read as follows:
When used in this chapter, the terms defined in this section shall have the meanings indicated.
(1) "Board of health" means the state board of health created pursuant to chapter 43.20 RCW.

Capital expenditures include donations of equipment or facilities to a nursing home facility which if acquired directly by such facility would be subject to certificate of need review under the provisions of this chapter and transfer of equipment or facilities for less than fair market value if a transfer of the equipment or facilities at fair market value would be subject to such review. The cost of any studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of any plant or equipment with respect to which such expenditure is made shall be included in determining the amount of the expenditure.

(4) "Department" means the department of health.

(5) "Expenditure minimum" means, for the purposes of the certificate of need program, one million dollars adjusted by the department by rule to reflect changes in the United States department of commerce composite construction cost index; or a lesser amount required by federal law and established by the department by rule.

(6) "Health care facility" means hospices, hospice care centers, hospitals, psychiatric hospitals, nursing homes, kidney disease treatment centers, ambulatory surgical facilities, and home health agencies, and includes such facilities when owned and operated by a political subdivision or instrumentality of the state and such other facilities as required by federal law and implementing regulations, but does not include any health facility or institution conducted by and for those who rely exclusively upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denomination, or any health facility or institution operated for the exclusive care of members of a convent as defined in RCW 84.36.800 or rectory, monastery, or other institution operated for the care of members of the clergy. In addition, the term does not include any nonprofit hospital: (a) Which is operated exclusively to provide health care services for children; (b) which does not charge fees for such services; and (c) if not contrary to federal law as necessary to the receipt of federal funds by the state.

(7) "Health maintenance organization" means a public or private organization, organized under the laws of the state, which:

(a) Is a qualified health maintenance organization under Title XIII, section 1310(d) of the Public Health Services Act; or

(b)(i) Provides or otherwise makes available to enrolled participants health care services, including at least the following basic health care services: Usual physician services, hospitalization, laboratory, x-ray, emergency, and preventive services, and out-of-area coverage; (ii) is compensated (except for copayments) for the provision of the basic health care services listed in (b)(i) to enrolled participants by a payment which is paid on a periodic basis without regard to the date the health care services are provided and which is fixed without regard to the frequency, extent, or kind of health service actually provided; and (iii) provides physicians' services primarily (A) directly through physicians who are either employees or partners of such organization, or (B) through arrangements with individual physicians or one or more groups of physicians (organized on a group practice or individual practice basis).

(8) "Health services" means clinically related (i.e., preventive, diagnostic, curative, rehabilitative, or palliative) services and includes alcoholism, drug abuse, and mental health services and as defined in federal law.

(9) "Health service area" means a geographic region appropriate for effective health planning which includes a broad range of health services.

(10) "Person" means an individual, a trust or estate, a partnership, a corporation (including associations, joint stock companies, and insurance companies), the state, or a political subdivision or instrumentality of the state, including a municipal corporation or a hospital district.

(11) "Provider" generally means a health care professional or an organization, institution, or other entity providing health care but the precise definition for this term shall be established by rule of the department, consistent with federal law.

(12) "Public health" means the level of well-being of the general population; those actions in a community necessary to preserve, protect, and promote the health of the people for which government is responsible; and the governmental system developed to guarantee the preservation of the health of the people.

(15) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW.

NEW SECTION. **Sec. 23.** A new section is added to chapter 70.38 RCW to read as follows:

All certificate of need applications submitted by hospice agencies for the construction, development, or other establishment of a facility to be licensed as either a hospital under chapter 70.41 RCW or as a nursing home under chapter 18.51 RCW, for the purpose of operating the functional equivalent of a hospice care center shall not require a separate certificate of need for a hospice care center provided the certificate of need application was declared complete prior to July 1, 2001, the applicant has been issued a certificate of need, and has applied for and received an in-home services agency license by July 1, 2002.

SENATE AMENDMENTS TO HOUSE BILL

March 8, 2000

Mr. Speaker:

The Senate receded from the State and Local Government Committee striking amendment(s) to SUBSTITUTE HOUSE BILL NO. 2392, adopted on March 1, 2000. Under Suspension of Rules, the Senate returned the bill to Second Reading for purpose of amendment(s). The Senate adopted amendment #279, and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that while government services are provided to the citizens of the state of Washington through many mechanisms, the most prevalent delivery of services occurs through city, county, or state government actions. Increased demand for these services and limited revenue to meet those services have led to unproductive competition between cities, counties, and the state for the revenue that is collected and shared between cities, counties, and the state.

Therefore, the legislature finds that there is a need to evaluate the delivery of government services, the allotment of revenues, and the collection and distribution of various fines and forfeitures through the establishment of a joint task force on local governments.

The legislature further finds that rules adopted by state agencies cause local governments to allocate funds to meet those rules that are not fully funded at the state level.

The legislature further finds that the state must recognize the costs to local governments of rules adopted by state agencies and mitigate the financial impacts of those rules for a significant period to allow local governments to develop strategies to comply with the requirements of Initiative Measure No. 695.

NEW SECTION. **Sec. 2.** (1) The joint task force on local governments is created, to consist of seventeen members including:

(a) The following four members of the house of representatives or their designees: (i) The chair and ranking minority member or the cochair of the committee on appropriations; and (ii) the chair and ranking minority member or the cochair of the committee on local government;

(b) The following four members of the senate or their designees: (i) The chair and the ranking minority member of the committee on ways and means; and (ii) the chair and ranking minority member of the committee on state and local government;

(c) One member from the office of the governor;

(d) Four members from the association of Washington cities;

(e) Two members from the Washington state association of counties; and

(f) Two members from the Washington association of county officials.

(2) The nonlegislative members of the task force shall serve without compensation, but will be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Legislative members of the task force will be reimbursed for travel expenses as provided in RCW 44.04.120. The staff of senate committee services and the office of program research of the house of representatives shall provide support to the task force.

(3) The task force must be cochaired by one senator, chosen by the task force, and one state representative, chosen by the task force, from opposite political parties. The cochair shall appoint

experts and advisors as nonvoting members of the task force to provide information on various subjects, including but not limited to special purpose districts and public employee unions. The task force shall establish rules of procedure at its first meeting.

NEW SECTION. **Sec. 3.** The joint task force on local governments shall:

(1) Complete a thorough study of the delivery of government services, allotment of revenues, and collection and distribution of various fines and forfeitures; and

(2) Commence the study by July 1, 2000, present an interim report of its findings and any recommendations to the legislature by January 30, 2001, and present a final report, including proposed legislation, addressing its recommendations to the legislature by January 1, 2002.

NEW SECTION. **Sec. 4.** This act expires March 30, 2002."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 8, 2000

Mr. Speaker:

The Senate receded from the Ways and Means Committee striking amendment(s) to SUBSTITUTE HOUSE BILL NO. 2491, adopted on March 2, 2000. Under Suspension of Rules, the Senate returned the bill to Second Reading for purpose of amendment(s). The Senate adopted amendment #281, and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 10.73 RCW to read as follows:

(1) On or before December 31, 2002, a person in this state who has been sentenced to death or life imprisonment without possibility of release or parole and who has been denied postconviction DNA testing may submit a request to the county prosecutor in the county where the conviction was obtained for postconviction DNA testing, if DNA evidence was not admitted because the court ruled DNA testing did not meet acceptable scientific standards or DNA testing technology was not sufficiently developed to test the DNA evidence in the case. On and after January 1, 2003, a person must raise the DNA issues at trial or on appeal.

(2) The prosecutor shall screen the request. The request shall be reviewed based upon the likelihood that the DNA evidence would demonstrate innocence on a more probable than not basis. Upon determining that testing should occur and the evidence still exists, the prosecutor shall request DNA testing by the Washington state patrol crime laboratory. Contact with victims shall be handled through victim/witness divisions.

(3) A person denied a request made pursuant to subsections (1) and (2) of this section has a right to appeal his or her request within thirty days of denial of the request by the prosecutor. The appeal shall be to the attorney general's office. If the attorney general's office determines that it is likely that the DNA testing would demonstrate innocence on a more probable than not basis, then the attorney general's office shall request DNA testing by the Washington state patrol crime laboratory.

NEW SECTION. Sec. 2. By December 1, 2001, the office of public defense shall prepare a report detailing the following: (1) The number of postconviction DNA test requests approved by the respective prosecutor; (2) the number of postconviction DNA test requests denied by the respective prosecutor and a summary of the basis for the denials; (3) the number of appeals for postconviction DNA testing approved by the attorney general's office; (4) the number of appeals for postconviction DNA testing denied by the attorney general's office and a summary of the basis for the denials; and (5) a summary of the results of the postconviction DNA tests conducted pursuant to section 1 (2) and (3) of this act. The report shall also provide an estimate of the number of persons convicted of crimes where DNA evidence was not admitted because the court ruled DNA testing did not meet acceptable scientific standards or where DNA testing technology was not sufficiently developed to test the DNA evidence in the case.

Sec. 3. RCW 10.37.050 and 1891 c 28 s 29 are each amended to read as follows:

The indictment or information is sufficient if it can be understood therefrom--

(1) That it is entitled in a court having authority to receive ~~((it-))~~ it;

(2) That it was found by a grand jury or prosecuting attorney of the county in which the court was held;

(3) That the defendant is named, or if his name cannot be discovered, that he is described by a fictitious name or by reference to a unique genetic sequence of deoxyribonucleic acid, with the statement that his real name is ~~((to the jury))~~ unknown;

(4) That the crime was committed within the jurisdiction of the court, except where, as provided by law, the act, though done without the county in which the court is held, is triable therein;

(5) That the crime was committed at some time previous to the finding of the indictment or filing of the information, and within the time limited by law for the commencement of an action therefor;

(6) That the act or omission charged as the crime is clearly and distinctly set forth in ordinary and concise language, without repetition, and in such a manner as to enable a person of common understanding to know what is intended;

(7) The act or omission charged as the crime is stated with such a degree of certainty as to enable the court to pronounce judgment upon a conviction according to the right of the case.

NEW SECTION. **Sec. 4.** Nothing in this act is intended to create a legal right or cause of action. Nothing in this act is intended to deny or alter any existing legal right or cause of action. Nothing in this act should be interpreted to deny postconviction DNA testing requests under existing law by convicted and incarcerated persons who were sentenced to confinement for a term less than life or the death penalty."

SENATE AMENDMENTS TO HOUSE BILL

March 8, 2000

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2850 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that linen and uniform supply services have been incorrectly sited for tax purposes and as a result, some companies that perform laundry activities outside the state of Washington have not been required to collect retail sales taxes upon linen and uniform supply services provided to Washington customers. This error in tax treatment provides an incentive for businesses to locate their laundry functions out-of-state. In-state businesses cannot compete if out-of-state competitors are not required to collect sales tax.

The purpose of this act is to clarify the taxable situs of linen and uniform supply services.

Sec. 2. RCW 82.14.020 and 1997 c 201 s 1 are each amended to read as follows:

For purposes of this chapter and chapter 82.08 RCW:

(1) A retail sale consisting solely of the sale of tangible personal property shall be deemed to have occurred at the retail outlet at or from which delivery is made to the consumer~~((;))~~.

(2) A retail sale consisting essentially of the performance of personal business or professional services shall be deemed to have occurred at the place at which such services were primarily performed, except that for the performance of a tow truck service, as defined in RCW 46.55.010, the retail sale shall be deemed to have occurred at the place of business of the operator of the tow truck service~~((;))~~.

(3) A retail sale consisting of the rental of tangible personal property shall be deemed to have occurred (a) in the case of a rental involving periodic rental payments, at the primary place of use by the lessee during the period covered by each payment, or (b) in all other cases, at the place of first use by the lessee~~((;))~~.

(4) A retail sale within the scope of ~~((the second paragraph of))~~ RCW 82.04.050~~(2)~~, and a retail sale of taxable personal property to be installed by the seller shall be deemed to have occurred at the place where the labor and services involved were primarily performed~~((;))~~.

(5) A retail sale consisting of the providing to a consumer of telephone service, as defined in RCW 82.04.065, other than a sale of tangible personal property under subsection (1) of this section or a rental of tangible personal property under subsection (3) of this section, shall be deemed to have occurred at the situs of the telephone or other instrument through which the telephone service is rendered~~((;))~~.

(6) A retail sale of linen and uniform supply services shall be deemed to have occurred at the place of delivery to the customer. "Linen and uniform supply service" means the activity of providing customers with a supply of clean linen, towels, uniforms, gowns, protective apparel, clean room apparel, mats, rugs, and similar items, whether ownership of the item is in the person operating the linen and uniform supply service or in the customer. The term includes supply services operating their own cleaning establishments as well as those contracting with other laundry or dry cleaning businesses.

~~(7)~~ "City" means a city or town~~((;))~~.

~~((7))~~ (8) The meaning ascribed to words and phrases in chapters 82.04, 82.08 and 82.12 RCW, as now or hereafter amended, insofar as applicable, shall have full force and effect with respect to taxes imposed under authority of this chapter~~((;))~~.

~~((8))~~ (9) "Taxable event" shall mean any retail sale, or any use of an article of tangible personal property, upon which a state tax is imposed pursuant to chapter 82.08 or 82.12 RCW, as they now exist or may hereafter be amended: PROVIDED, HOWEVER, That the term shall not include a retail sale taxable pursuant to RCW 82.08.150, as now or hereafter amended~~((;))~~.

~~((9))~~ (10) "Treasurer or other legal depository" shall mean the treasurer or legal depository of a county or city.

NEW SECTION. Sec. 3. This act takes effect July 1, 2000."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "amending RCW 82.14.020; creating a new section; and providing an effective date."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 8, 2000

Mr. Speaker:

The Senate receded from the striking amendment(s) to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2420, adopted as amended on March 2, 2000. Under Suspense of Rules, the bill was returned to Second Reading for purpose of amendment(s). The Senate adopted amendment(s) #284, and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The intent of this act is to protect the health and safety of the citizens of the state of Washington and the quality of the state's environment by developing and implementing environmental and public safety measures applicable to persons transporting hazardous liquids and gas by pipeline within the state of Washington. The legislature finds that public safety and the environment may best be protected by adopting standards that are equal to, or more stringent than, those adopted by the federal government, so long as they do not impermissibly interfere with interstate commerce.

(2) The legislature recognizes that additional federal authority is needed to implement a comprehensive pipeline safety program and by this act and other measures directs the state to seek that authority.

(3) It is also the intent of the legislature that the governor work with the state congressional delegation in seeking:

(a) To amend the federal pipeline safety act to delegate authority to qualified states to adopt and enforce standards equal to or more stringent than federal standards;

(b) State authority to administer and enforce federal requirements related to pipeline safety; and

(c) Higher levels of funding for state and federal pipeline safety activities and for states to respond to pipeline accident emergencies.

(4) While the legislature acknowledges that serious accidents have occurred for hazardous liquid and gas pipelines in this nation and elsewhere, it recognizes that there are fundamental differences between hazardous liquid pipelines and gas pipelines and that a different system of safety regulations must be applied for each kind of pipeline.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Department" means the department of ecology.

(3) "Failsafe" means a design feature that will maintain or result in a safe condition in the event of malfunction or failure of a power supply, component, or control device.

(4) "Gas" means natural gas, flammable gas, or toxic or corrosive gas.

(5) "Gas pipeline" means all parts of a pipeline facility through which gas moves in transportation, including, but not limited to, line pipe, valves, and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks. "Gas pipeline" does not include process or transfer pipelines.

(6) "Gas pipeline company" means a person or entity constructing, owning, or operating a gas pipeline for transporting gas. A "gas pipeline company" does not include: (a) Distribution systems owned and operated under franchise for the sale, delivery, or distribution of natural gas at retail; or (b) excavation contractors or other contractors that contract with a gas pipeline company.

(7) "Hazardous liquid" means: (a) Petroleum, petroleum products, or anhydrous ammonia as those terms are defined in 49 C.F.R. Part 195 in effect March 1, 1998; and (b) carbon dioxide.

(8) "Local government" means a political subdivision of the state or a city or town.

(9) "Person" means an individual, partnership, franchise holder, association, corporation, a state, a city, a county, or any political subdivision or instrumentality of a state, and its employees, agents, or legal representatives.

(10) "Pipeline," "pipeline system," or "hazardous liquid pipeline" means all parts of a pipeline facility through which a hazardous liquid moves in transportation, including, but not limited to, line pipe, valves, and other appurtenances connected to line pipe, pumping units, fabricated assemblies associated with pumping units, metering and delivery stations and fabricated assemblies therein, and breakout tanks. "Pipeline" or "pipeline system" does not include process or transfer pipelines.

(11) "Pipeline company" or "hazardous liquid pipeline company" means a person or entity constructing, owning, or operating a pipeline for transporting hazardous liquid. A "pipeline company" does not include: (a) Distribution systems owned and operated under franchise for the sale, delivery, or distribution of natural gas at retail; or (b) excavation contractors or other contractors that contract with a pipeline company.

(12) "Reportable release" means a spilling, leaking, pouring, emitting, discharging, or any other uncontrolled escape of a hazardous liquid in excess of one barrel, or forty-two gallons.

(13) "Safety management systems" means management systems that include coordinated and interdisciplinary evaluations of the effect of significant changes to a pipeline system before such changes are implemented.

(14) "Transfer pipeline" means a buried or aboveground pipeline used to carry oil between a tank vessel or transmission pipeline and the first valve inside secondary containment at the facility provided that any discharge on the facility side of that first valve will not directly impact waters of the state. A transfer pipeline includes valves, and other appurtenances connected to the pipeline, pumping units, and fabricated assemblies associated with pumping units. A transfer pipeline does not include process pipelines, pipelines carrying ballast or bilge water, transmission pipelines, or tank vessel or storage tanks.

(15) "Transmission pipeline" means a gas pipeline that transports gas within a storage field, or transports gas from an interstate pipeline or storage facility to a distribution main or a large volume gas user, or operates at a hoop stress of twenty percent or more of the specified minimum yield strength.

~~((4))~~ (2)(a) A pipeline company, or any person, officer, agent, or employee of a pipeline company that violates a provision of this section, or a rule adopted under this section, is subject to a civil penalty to be assessed by the commission.

(b) The commission shall adopt rules: (i) Setting penalty amounts, but may not exceed the penalties specified in the federal pipeline safety laws, 49 U.S.C. Sec. 60101 et seq.; and (ii) establishing procedures for mitigating penalties assessed ~~((; and (iii) incorporating by reference other substances designated as hazardous by the secretary of transportation under 49 U.S.C. NEW SECTION. Sec. 4. (1) The hazardous liquid pipeline safety account is created in the custody of the state treasurer. All receipts from the federal office of pipeline safety and any other state or federal funds provided for hazardous liquid pipeline safety must be deposited in the account, except as provided in subsection (2) of this section. Any fines collected under this chapter, or otherwise designated to this account must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for funding pipeline safety.

(2) Federal funds received before June 30, 2001, shall be treated as receipt of unanticipated funds and expended, without appropriation, for the designated purposes.

(7) If the excavator, while performing the contract, discovers underground facilities which are not identified, the excavator shall cease excavating in the vicinity of the facility and immediately notify the owner or operator of such facilities, or the one-number locator service.

NEW SECTION. **Sec. 18.** A new section is added to chapter 19.122 RCW to read as follows:

(1) Before commencing any excavation, excluding agricultural tilling less than twelve inches in depth, an excavator shall notify pipeline companies of the scheduled commencement of excavation through

(2) Immediately upon receiving information of third-party damage to a hazardous liquid pipeline, the company that operates the pipeline shall terminate the flow of hazardous liquid in that pipeline until it has visually inspected the pipeline. After visual inspection, the operator of the hazardous liquid pipeline shall determine whether the damaged pipeline section should be replaced or repaired, or whether it is safe to resume pipeline operation. Immediately upon receiving information of third-party damage to a gas pipeline, the company that operates the pipeline shall conduct a visual inspection of the pipeline to determine whether the flow of gas through that pipeline should be terminated, and whether the damaged pipeline should be replaced or repaired. A record of the pipeline company's inspection report and test results shall be provided to the utilities and transportation commission consistent with reporting requirements under 49 C.F.R. 195 Subpart B.

(3) Pipeline companies shall immediately notify local first responders and the department of any reportable release of a hazardous liquid from a pipeline. Pipeline companies shall immediately notify local first responders and the commission of any blowing gas leak from a gas pipeline that has ignited or represents a probable hazard to persons or property. Pipeline companies shall take all appropriate steps to ensure the public safety in the event of a release of hazardous liquid or gas under this subsection.

(2) The chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall develop curricula for training local first responders to deal with hazardous liquid and gas pipeline accidents. The curricula shall be developed in conjunction with pipeline companies and local first responders, and shall include a timetable and costs for providing training as defined in the curricula to all communities housing pipelines. Separate curricula shall be developed for hazardous liquid and gas pipelines so that the differences between pipelines may be recognized and appropriate accident responses provided. The need for a training program for regional incident management teams shall also be evaluated.

(3) In consultation with other relevant agencies, the chief of the Washington state patrol, through the director of fire protection or his or her deputy, shall identify the need and means for achieving consistent application of the national interagency incident management system.

(4) For the purposes of this section, "local first responders" means police, fire, emergency medical staff, and volunteers.

NEW SECTION. Sec. 21. A pipeline company that has been notified by an excavator that excavation work will occur near a hazardous liquid pipeline shall ensure that the pipeline company's representative consults with the excavator on-site prior to the excavation. (2) All civil penalties recovered under this section relating to hazardous liquid pipelines shall be deposited into the hazardous liquid pipeline safety account created in section 4 of this act. All civil penalties recovered under this section relating to gas pipelines shall be deposited in the general fund and expended for the purpose of enforcement of gas pipeline safety laws.

NEW SECTION. Sec. 25. A pipeline containing petroleum or petroleum products that is wholly owned by an individual and which pipeline is located wholly on the individual's property, that is not adjoining marine waters, is exempt from the provisions of this chapter. This exemption applies only for pipelines that do not have any connections to pipelines or facilities that extend beyond the pipeline owner's property and the petroleum or petroleum products must be for use only at that location.

NEW SECTION. **Sec. 26.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. (a) There are geographic areas within communities that are characterized by a lack of employment opportunities, an average income level that is below the median income level for the surrounding community, a lack of affordable housing, deteriorating infrastructure, and a lack of facilities for community services, job training, and education;

(b) Strategies to encourage reinvestment in these areas by assisting local businesses to become stronger and area residents to gain economic power involve a variety of activities and partnerships;

(c) Reinvestment in these areas cannot be accomplished with only governmental resources and require a comprehensive approach that integrates various incentives, programs, and initiatives to meet the economic, physical, and social needs of the area;

(d) Successful reinvestment depends on a local government's ability to coordinate public resources in a cohesive, comprehensive strategy that is designed to leverage long-term private investment in an area;

(e) Reinvestment can strengthen the overall tax base through increased tax revenue from expanded and new business activities and physical property improvement;

(f) Local governments, in cooperation with area residents, can provide leadership as well as planning and coordination of resources and necessary supportive services to address reinvestment in the area; and

(g) It is in the public interest to adopt a targeted approach to revitalization and enlist the resources of all levels of government, the private sector, community-based organizations, and community residents to revitalize an area.

(2) The legislature declares that the purposes of the community empowerment zone act are to:

(a) Encourage reinvestment through strong partnerships and cooperation between all levels of government, community-based organizations, area residents, and the private sector;

(b) Involve the private sector and stimulate private reinvestment through the judicious use of public resources;

(c) Target governmental resources to those areas of greatest need; and

(d) Include all levels of government, community individuals, organizations, and the private sector in the policy-making process.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

(1) "Area" means a geographic area within a local government that is described by a close perimeter boundary.

(ii) The level of private ~~((commitments by private entities))~~ sector commitment of additional resources and contribution to the ~~((designated))~~ community empowerment zone.

(iii) The potential for revitalization of the area as a result of designation as a ~~((designated))~~ community empowerment zone.

(iv) Other factors the director deems necessary.

(c) The determination of the director as to the areas designated as community empowerment zones shall be final.

(4) Except as provided in section 6 of this act, an area that was designated a community empowerment zone before January 1, 1996, under this section, automatically and without additional action by the local government continues its designation under this chapter.

(5) The department may not designate additional community empowerment zones after January 1, 2004, but may amend or rescind designation of community empowerment zones in accordance with section 6 of this act.

Sec. 4. RCW 43.63A.710 and 1994 sp.s. c 7 s 703 are each amended to read as follows:

(1) The director may not designate an area as a ~~((designated))~~ community empowerment zone unless that area meets the following requirements:

(a) The area must be designated by the legislative authority of the local government as an area to receive federal, state, and local assistance designed to increase economic, physical, or social activity in the area;

(b) The area must have at least fifty-one percent of the households in the area with incomes at or below eighty percent of the county's median income, adjusted for household size;

(c) The average unemployment rate for the area, for the most recent twelve-month period for which data is available must be at least one hundred twenty percent of the average unemployment rate of the county; and

(d) A five-year community empowerment plan for the area that meets the requirements of ~~((RCW 43.63A.700(1)(c) and as further defined by the director))~~ section 5 of this act must be adopted.

(2) The director may establish, by rule, such other requirements as the director may reasonably determine necessary and appropriate to assure that the purposes of this ~~((section))~~ chapter are satisfied.

(3) In determining if an area meets the requirements of this section, the director may consider data provided by the United States bureau of the census from the most recent census or any other reliable data that the director determines to be acceptable for the purposes for which the data is used.

NEW SECTION. **Sec. 5.** (1) The five-year community empowerment plan required under RCW 43.63A.700 (as recodified by this act) shall contain information that describes the community

development needs of the proposed community empowerment zone and present a strategy for meeting those needs. The plan shall address the following categories:

- (a) Housing needs for all economic segments of the proposed community empowerment zone;
- (b) Public infrastructure needs, such as transportation, water, sanitation, energy, and drainage and flood control;
- (c) Other public facilities needs, such as neighborhood facilities or facilities for the provision of health, education, recreation, public safety, and other services;
- (d) Community economic development needs, such as commercial and industrial revitalization, job creation and retention considering the unemployment and underemployment of area residents, accessibility to financial resources by area residents and businesses, investment within the area, and other related components of community economic development; and
- (e) Social service needs of residents in the proposed community empowerment zone.

(2) The local government must provide a description of its strategy for meeting the needs identified in subsection (1) of this section. As part of the community empowerment zone strategy, the local government must identify the needs for which specific plans are currently in place and the source of funds expected to be used. For the balance of the area's needs, the local government must identify the source of funds expected to become available during the next two-year period and actions the local government will take to acquire those funds.

(3) The local government must submit an annual progress report to the department that details the extent to which the local government is working to meet the needs identified in the five-year community empowerment plan. If applicable, the progress report must also contain a discussion on the impediments to meeting the needs outlined in the five-year community empowerment plan. The department must determine the date the annual progress reports are due from each local government.

NEW SECTION. Sec. 6. (1) The terms or conditions of a community empowerment zone approved under this chapter may be amended to:

- (a) Alter the boundaries of the community empowerment zone; or
- (b) Terminate the designation of a community empowerment zone.

(2)(a) A request for an amendment under subsection (1)(a) of this section may not be in effect until the department issues an amended designation for the community empowerment zone that approves the requested amendment. The local government must promptly file with the department a request for approval that contains information the department deems necessary to evaluate the proposed changes and its impact on the area's designation as a community empowerment zone under RCW 43.63A.710 (as recodified by this act). The local government must hold at least two public hearings on the proposed changes and include the information in its request for an amendment to its community empowerment zone.

(b) The department shall approve or disapprove a proposed amendment to a community empowerment zone within sixty days of its receipt of a request under subsection (1)(a) of this section. The department may not approve changes to a community empowerment zone that are not in conformity with this chapter.

(3)(a) The termination of an area's designation as a community empowerment zone under subsection (1)(b) of this section is not effective until the department issues a finding stating the reasons for the termination, which may include lack of commitment of resources to activities in the community empowerment zone by the public, private, and community-based sectors. The local government may file an appeal to the department's findings within sixty days of the notice to terminate the area's designation. The department must notify the local government of the results within thirty days of the filing of the appeal.

(b) A termination of an area's designation as a community empowerment zone has no effect on benefits previously extended to individual businesses. The local government may not commit benefits to a business after the effective date of the termination of an area's designation as a community empowerment zone.

(4) The department may request applications from local governments for designation as community empowerment zones under this chapter as a result of a termination of an area's designation as a community empowerment zone under this section.

NEW SECTION. Sec. 7. The department must administer this chapter and has the following powers and duties:

(1) To monitor the implementation of chapter . . . , Laws of 2000 (this act) and submit reports evaluating the effectiveness of the program and any suggestions for legislative changes to the governor and legislature by December 1, 2000;

(2) To develop evaluation and performance measures for local governments to measure the effectiveness of the program at the local level on meeting the objectives of this chapter;

(3) To provide information and appropriate assistance to persons desiring to locate and operate a business in a community empowerment zone;

(4) To work with appropriate state agencies to coordinate the delivery of programs, including but not limited to housing, community and economic development, small business assistance, social service, and employment and training programs which are carried on in a community empowerment zone; and

(5) To develop rules necessary for the administration of this chapter.

NEW SECTION. Sec. 8. The administration of a community empowerment zone is under the jurisdiction of the local government. Each local government must, by ordinance, designate a community empowerment zone administrator for the area designated as a community empowerment zone that is within its jurisdiction. A community empowerment zone administrator must be an officer or employee of the local government. The community empowerment zone administrator is the liaison between the local government, the department, the business community, and labor and community-based organizations within the community empowerment zone.

NEW SECTION. Sec. 9. This chapter may be known and cited as the Washington community empowerment zone act.

NEW SECTION. Sec. 10. Sections 1, 2, and 5 through 9 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 11. RCW 43.63A.700 and 43.63A.710, as amended by this act, are each recodified as sections in chapter 43.-- RCW (sections 1, 2, and 5 through 9 of this act).

NEW SECTION. Sec. 12. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 13. (1) The legislature finds that establishing a clear state-wide strategy for successful economic development will best prepare the state of Washington to respond to the challenges and take advantage of future economic cycles. The legislature further finds that without a state-wide economic development plan the state's budget and election cycles make it difficult for government to adhere to consistent, long-term economic development priorities that are essential to successful, enhanced economic development. The legislature further finds that the purpose of economic development is to increase the standard of living and enhance the quality of life of the citizens of this state.

(2) It is the intent of the legislature that a strategic state-wide economic development plan be created that reflects the following goals and objectives:

(a) To create and maintain jobs and income that would not otherwise be created or maintained, and to increase wealth rather than to redistribute it;

(b) To add value to private sector economic activity; and

(c) To assist businesses in developing their business strategies, increasing the skills of their workers and managers, applying advanced technologies, developing infrastructure, accessing capital, and enhancing social capital.

NEW SECTION. Sec. 14. For the purposes of this chapter "department" means the department of community, trade, and economic development, or its successor agency or agencies. "The plan" or "state plan" means a state-wide economic development plan, as developed under sections 15 and 16 of this act.

NEW SECTION. Sec. 15. (1) The legislative committee on economic development shall take the lead responsibility for creating a state-wide strategic plan for economic development in conjunction with the department, and an advisory group of business, labor, and other interests. The advisory group shall be appointed by the lieutenant governor and shall consist of no more than twelve members.

(2) In preparing the state plan, the legislative committee on economic development and the department shall recognize:

- (a) Regional economic, political, and cultural differences, and acknowledge the special challenges facing urban and rural communities; and
- (b) Special contributions of, and challenges facing, women and minority-owned businesses.
- (3) The plan should set priorities and concentrate resources on those priorities.
- (4) The plan should include specific implementation steps and establish a process for institutionalizing economic development planning.

NEW SECTION. Sec. 16. The legislative committee on economic development and the department shall develop and include the following elements in the plan:

- (1) New strategies that seek to improve the overall competitiveness of groups of similar businesses, usually termed clusters, and entire industries or sectors rather than traditional strategies that focus on individualized assistance. These strategies should foster interfirm cooperation and learning, technology adaptation, and work-based learning to improve work force skills. Under these strategies the state acts as a broker of available private and public development resources, or contracts for such broker services;
- (2) Direction to the department to develop programs consistent with the state plan, and that are characterized by outcome-based performance management systems and decentralized decision making;
- (3) Direction to the department to assist local governments and other interested parties in the creation of regional economic development plans consistent with the state plan; and
- (4) Direction to the department to develop a professional research capacity to keep the state's trade assistance operation regularly appraised of opportunities and updated on performance.

NEW SECTION. Sec. 17. The legislature recognizes the urgent need for having a plan in place as soon as is reasonably possible. The legislative committee on economic development and the department are directed to immediately develop a work plan and take other steps necessary to implement sections 13 through 16 of this act.

NEW SECTION. Sec. 18. Sections 13 through 16 of this act constitute a new chapter in Title 43 RCW.

Sec. 19. RCW 43.330.070 and 1993 c 280 s 10 are each amended to read as follows:

(1) The department shall work closely with local communities to increase their capacity to respond to economic, environmental, and social problems and challenges. The department shall coordinate the delivery of development services and technical assistance to local communities or regional areas. It shall promote partnerships between the public and private sectors and between state and local officials to encourage appropriate economic growth and opportunity in communities throughout the state, in particular strategies designed to encourage economic growth and opportunities in community empowerment zones designated under RCW 43.63A.700 (as recodified by this act). The department shall promote appropriate local development by: Supporting the ability of communities to

develop and implement strategic development plans; assisting businesses to start up, maintain, or expand their operations; encouraging public infrastructure investment and private and public capital investment in local communities; supporting efforts to manage growth and provide affordable housing and housing services; providing for the identification and preservation of the state's historical and cultural resources; and expanding employment opportunities.

(2) The department shall define a set of services including training and technical assistance that it will make available to local communities, community-based nonprofit organizations, regional areas, industry clusters, or businesses. The department shall simplify access to these programs by providing more centralized and user-friendly information and referral. The department shall coordinate community and economic development efforts to minimize program redundancy and maximize accessibility. The department shall develop a set of criteria for targeting services to local communities.

(3) The department shall develop a coordinated and systematic approach to providing training to community-based nonprofit organizations, local communities, industry clusters, and businesses. The approach shall be designed to increase the economic and community development skills available in local communities by providing training and funding for training for local citizens, nonprofit organizations, industry clusters, and businesses. The department shall emphasize providing training in those communities most in need of state assistance.

(4) As used in this section, "industry clusters" means a geographic concentration of interdependent competitive firms that do business with each other. Clusters also include firms that sell inside and outside of the geographic region as well as support firms that supply raw materials, components, and business services.

NEW SECTION. Sec. 20. The legislature finds that economic development, work force training, international trade, tourism development, housing assistance, assistance to local governments, and other programs and services provided by the department of community, trade, and economic development are vital to all regions of the state. The legislature further finds that program development and service delivery to the eastern region of the state could be significantly enhanced by a continuous, full-time physical staff presence in that region.

NEW SECTION. Sec. 21. For the purposes of sections 20 through 23 of this act:

(1) "Department" means the department of community, trade, and economic development, or its successor agency or agencies.

(2) "Director" means the director of the department.

NEW SECTION. Sec. 22. In order to more effectively respond to the needs of eastern Washington communities, the department shall, as soon as practicable, establish a field office and a full-time staff presence in eastern Washington. If practicable, the office shall be colocated with one or more existing state agencies in the Tri-Cities area to facilitate the urgent economic development needs of southeastern Washington. This office shall be staffed by the director in the most efficient manner that is likely to provide improved service to eastern Washington communities.

NEW SECTION. Sec. 23. Program activities and priorities for this office serving eastern Washington shall be determined by the director, in consultation with local government officials, business, labor, and educational advisors from the region.

NEW SECTION. Sec. 24. (1) The legislature finds that Washington's quality of life, standard of living, and social and economic opportunity all depend on the vitality of the state's economy. The legislature further finds that economic development tries to reinforce the natural way by which strong foundations in the areas of human resources, capital resources, technology, tax and regulatory, advanced physical infrastructure, information and communication infrastructure, and quality of life strengthen the economy. The legislature further finds that the strength and vitality of the state's economy depends on the competitiveness of the state's industry clusters. The legislature further finds industry clusters can become a powerful magnet for businesses to locate in an area and create a spawning ground for start-up companies. The legislature further finds that industry clusters create

large, diverse pools of experienced workers; attract suppliers who tend to congregate in their vicinity for increased efficiency; and foster a competitive spirit that stimulates growth and innovative strategic alliances. The legislature further finds that the state must first identify and understand the industry clusters before strategies can be developed to enhance their competitive position in the world.

(2) It is the intent of the legislature to establish an industry cluster-based approach to economic development as a component of a state-wide strategy to address economic growth and quality of life issues.

NEW SECTION. Sec. 25. A new section is added to chapter 43.330 RCW to read as follows:

(1) The department of community, trade, and economic development, or its successor agency, shall work with industry associations and organizations to identify industry clusters on a regional and state-wide basis. The industry clusters may include, but not be limited to aerospace, agriculture, food processing, forest products, business services, financial services, health and biomedical, software, transportation and distribution, environmental technology, and microelectronics.

(2) In the identification of industry clusters, the department's activities may include, but are not limited to:

(a) Conducting focus group discussions, facilitating meetings, and conducting studies to identify industry clusters, members of an industry cluster, the current state of the industry cluster, and issues of common concern of the industry cluster;

(b) Supporting the formation of industry cluster associations, publication of cluster association directories, and related efforts to encourage the entry of new firms into the industry cluster; and

(c) Providing methods for electronic communication and information dissemination among firms within industry clusters.

(3) The department shall work with identified industry clusters, private sector organizations, local governments, local economic development organizations, and higher education and training institutions to assist in the development of strategies designed to strengthen the competitiveness of the state's industry clusters. The department shall, on a continuing basis, evaluate effectiveness of the services provided to industry clusters using information gathered at the regional and state-wide level.

(4) As used in this section, "industry cluster" means a geographic concentration of interdependent competitive firms that do business with each other. Clusters also include firms that sell inside and outside of the geographic region as well as support firms that supply raw materials, components, and business services.

Sec. 26. RCW 43.330.090 and 1998 c 245 s 85 are each amended to read as follows:

(1) The department shall work with private sector organizations, industry clusters, local governments, local economic development organizations, and higher education and training institutions to assist in the development of strategies to diversify the economy, facilitate technology transfer and diffusion, and increase value-added production by focusing on targeted sectors. The targeted sectors may include, but are not limited to, software, forest products, biotechnology, environmental industries, recycling markets and waste reduction, aerospace, food processing, tourism, film and video, microelectronics, new materials, robotics, and machine tools. The department shall, on a continuing basis, evaluate the potential return to the state from devoting additional resources to a targeted sector's approach to economic development and including additional sectors in its efforts. The department shall use information gathered in each service delivery region in formulating its sectoral strategies and in designating new targeted sectors.

(2) The department shall ensure that the state continues to pursue a coordinated program to expand the tourism industry throughout the state in cooperation with the public and private tourism development organizations. The department shall work to provide a balance of tourism activities throughout the state and during different seasons of the year. In addition, the department shall promote, market, and encourage growth in the production of films and videos, as well as television commercials within the state; to this end the department is directed to assist in the location of a film and video production studio within the state.

(3) In assisting in the development of a targeted sector, the department's activities may include, but are not limited to:

(a) Conducting focus group discussions, facilitating meetings, and conducting studies to identify members of the sector, appraise the current state of the sector, and identify issues of common concern within the sector;

(b) Supporting the formation of industry associations, publications of association directories, and related efforts to create or expand the activities or industry associations;

(c) Assisting in the formation of flexible networks by providing (i) agency employees or private sector consultants trained to act as flexible network brokers and (ii) funding for potential flexible network participants for the purpose of organizing or implementing a flexible network;

(d) Helping establish research consortia;

(e) Facilitating joint training and education programs;

(f) Promoting cooperative market development activities;

(g) Analyzing the need, feasibility, and cost of establishing product certification and testing facilities and services; and

(h) Providing for methods of electronic communication and information dissemination among firms and groups of firms to facilitate network or industry cluster activity.

(4) As used in this section, "industry cluster" has the same meaning as in section 25 of this act.

Sec. 27. RCW 82.60.049 and 1999 c 164 s 304 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means a designated community empowerment zone approved before January 1, 2000, under RCW 43.63A.700 or a county containing a community empowerment zone approved before January 1, 2000.

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) In addition to the provisions of RCW 82.60.040, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone in which the project is located. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) If a person does not meet the requirements of this section by the end of the calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

NEW SECTION. **Sec. 28.** A new section is added to chapter 82.14 RCW to read as follows:

(1) The county legislative authority of a county in which there is a community empowerment zone as defined in section 2 of this act may submit an authorizing proposition to the county voters and, if the proposition is approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter for the purposes designated in subsection (3) of this section.

(2) The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall equal one-tenth of one percent of the selling price in the case of sales tax, or value of the article used in the case of a use tax.

(3) Moneys received from any tax imposed under this section shall be used solely for the purpose of providing funds for costs associated with financing, design, acquisition, construction, equipping, operating, maintaining, remodeling, repairing, reequipping, and improvement of emergency communication systems and facilities.

(4) Counties in which there are community empowerment zones as defined in section 2 of this act are authorized to develop joint ventures to collocate emergency communication systems and facilities.

NEW SECTION. **Sec. 29.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The earnable compensation reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes the contribution on behalf of the employer, plus interest, as determined by the department; and

(b) The member makes the employee contribution, plus interest, as determined by the department, to the defined contribution portion.

The contributions required shall be based on the average of the member's earnable compensation at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the armed forces of the United States shall be entitled to retirement system service credit for up to five years of military service if within ninety days of the member's honorable discharge from the United States armed forces, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the United States armed forces. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

The department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.45.060 and section 507 of this act for the period of military service, plus interest as determined by the department. Service credit under this subsection may be obtained only if the member makes the employee contribution to the defined contribution portion as determined by the department.

The contributions required shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

NEW SECTION. Sec. 307. (1) Contributions on behalf of the employer paid by the employee to purchase plan 3 service credit shall be allocated to the defined benefit portion of plan 3 and shall not be refundable when paid to the fund described in RCW 41.50.075(3). Contributions on behalf of the employee shall be allocated to the member account. If the member fails to meet the statutory time limitations to purchase plan 3 service credit, it may be purchased under the provisions of RCW 41.50.165(2). One-half of the purchase payments under RCW 41.50.165(2), plus interest, shall be allocated to the member's account.

(2) No purchased plan 3 membership service may be credited until all payments required of the member are made, with interest. Upon receipt of all payments owed by the member, the department shall bill the employer for any contributions, plus interest, required to purchase membership service.

NEW SECTION. Sec. 308. (1) The director may pay a member eligible to receive a retirement allowance or the member's beneficiary a lump sum payment in lieu of a monthly benefit if the initial monthly benefit would be less than one hundred dollars. The one hundred dollar limit shall

(2) Persons covered under the provisions of subsection (1) of this section may upon returning to member status reinstate all previous service by depositing the lump sum payment received, with interest as computed by the director, within two years of returning to service or prior to retiring again, whichever comes first. In computing the amount due, the director shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(3) Any member who receives a settlement under this section is deemed to be retired from this system.

NEW SECTION. Sec. 309. (1) **NORMAL RETIREMENT.** Any member who is at least age sixty-five and who has:

(2) **EARLY RETIREMENT.** Any member who has attained at least age fifty-five and has completed at least ten years of service shall be eligible to retire and to receive a retirement allowance computed according to the provisions of section 303 of this act, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(3) **ALTERNATE EARLY RETIREMENT.** Any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of section 303 of this act, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by three percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

NEW SECTION. Sec. 310. (1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the department shall be eligible to receive an allowance under the provisions of plan 3. The member shall receive a monthly disability allowance computed as provided for in section 303 of this act and shall have this allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age sixty-five.

Any member who receives an allowance under the provisions of this section shall be subject to comprehensive medical examinations as required by the department. If these medical examinations reveal that a member has recovered from the incapacitating disability and the member is offered reemployment by an employer at a comparable compensation, the member shall cease to be eligible for the allowance.

(2) If the recipient of a monthly retirement allowance under this section dies, any further benefit payments shall be conditioned by the payment option selected by the retiree as provided in section 314 of this act.

NEW SECTION. Sec. 311. (1) Any member who elects to transfer to plan 3 and has eligible unrestored withdrawn contributions in plan 2, may restore such contributions under the provisions of RCW 41.40.740 with interest as determined by the department. Contributions on behalf of the employee shall be allocated to the member account. If the member fails to meet the time limitations of RCW 41.40.740, they may subsequently restore such contributions under the provisions of RCW 41.50.165(2). Purchased plan 2 service credit will be automatically transferred to plan 3. One-half of the payments under RCW 41.50.165(2), plus interest, shall be allocated to the member's account.

NEW SECTION. Sec. 312. If a member dies prior to retirement, the surviving spouse or eligible child or children shall receive a retirement allowance computed as provided in section 303 of this act actuarially reduced to reflect a joint and one hundred percent survivor option and if the member was not eligible for normal retirement at the date of death a further reduction as described in section 309 of this act.

If the surviving spouse who is receiving the retirement allowance dies leaving a child or children under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse, share and share alike, until such child or children reach the age of majority.

If there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike. The allowance shall be calculated with the assumption that the age of the spouse and member were equal at the time of the member's death.

NEW SECTION. Sec. 313. Beginning July 1, 1979, and every year thereafter, the department shall determine the following information for each retired member or beneficiary whose retirement allowance has been in effect for at least one year:

- (3) The index for the calendar year prior to the date of determination, to be known as "index B"; and
- (4) The ratio obtained when index B is divided by index A.

The value of the ratio obtained shall be the annual adjustment to the original retirement allowance and shall be applied beginning with the July payment. In no event, however, shall the annual adjustment:

- (a) Produce a retirement allowance which is lower than the original retirement allowance;
- (b) Exceed three percent in the initial annual adjustment; or

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with

the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) of this subsection. If a member is married and both the member and the member's spouse do not give written consent to an option under this section, the department shall pay a joint and fifty percent survivor benefit calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(c) The contributions required under (a)(ii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(7) A member receiving benefits under Title 51 RCW who is not receiving benefits under this chapter shall be deemed to be on unpaid, authorized leave of absence.

Substitute House Bill No. 3128 was read the second time.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into cooperative agreements concerning the sale of cigarettes. The legislature finds that these agreements will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax law, ultimately saving the state money and reducing conflict.

NEW SECTION. Sec. 2. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into cooperative agreements concerning the sale of cigarettes. All cooperative agreements shall meet the requirements for cooperative agreements under this section. Except for cooperative agreements under section 3 of this act, the rates, revenue sharing, and exemption terms of a cooperative agreement are not effective unless authorized in a bill enacted by the legislature.

(2) Cooperative agreements shall be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the cigarettes from the seller to the buyer within the Indian lands. In addition, cooperative agreements shall provide that retailers shall not sell or give, or permit to be sold or given, cigarettes to any person under the age of eighteen years.

(3) A cooperative agreement with a tribe shall provide for a tribal cigarette tax in lieu of all state cigarette taxes and state and local sales and use taxes on sales of cigarettes on Indian lands by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Cooperative agreements shall provide that all cigarettes possessed or sold by a retailer shall bear a cigarette stamp obtained by wholesalers from a bank or other suitable stamp vendor and applied to the cigarettes.

(5) Cooperative agreements shall provide that retailers shall purchase cigarettes only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the cooperative agreement, are certified to the state as having so agreed, and who do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(6) Cooperative agreements shall be for renewable periods of no more than eight years. A renewal may not include a renewal of the phase-in period.

(7) Cooperative agreements shall include provisions for compliance.

(8) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of cigarette and food retailers is prohibited.

(9) Cooperative agreements may provide for the submission of disputes regarding the interpretation and administration of their provisions for judicial resolution, and, if such submissions are agreed, shall include provision for a limited waiver of sovereign immunity and consent by the state for the resolution conditioned upon a similar limited waiver of sovereign immunity by the other parties to the agreement.

(10) The governor may delegate the power to negotiate cooperative agreements to the department of revenue.

(11) Information received by the state or open to state review under the terms of an agreement is subject to the provisions of RCW 82.32.330.

(12) For purposes of this section and sections 3 through 6 of this act:

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development;

(b) "Indian lands" means all land within the exterior boundaries of a reservation and land held in trust for a tribe or Indian person by the United States;

(c) "Indian retailer" or "retailer" means (i) a retailer wholly owned and operated by an Indian tribe, (ii) a business wholly owned and operated by a tribal member and licensed by the tribe, or (iii) a business owned and operated by the Indian person or persons in whose name the land is held in trust; and

(d) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.

SUBSTITUTE SENATE BILL NO. 6525, by Senate Committee on Environmental Quality & Water Resources (originally sponsored by Senators Fraser, Swecker, Jacobsen, Eide, McAuliffe and Gardner)

Prioritizing the processing of applications for water rights changes and transfers.

The bill was read the second time.

There being no objection, the committee amendment(s) by the Committee on Agriculture & Ecology was not adopted. (For committee amendment(s), see Journal, 47th Day, February 25, 2000.)

Representative G. Chandler moved the adoption of the following amendment (693):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to help reduce the current backlog of applications for changes, transfers, or amendments of existing water rights, the legislature intends to allow the processing of applications for such changes, transfers, or amendments without regard to possible impairment of pending applications for new water rights. While the legislature intends to assist the processing of such changes, transfers, and amendments, it does not intend to divert the department of ecology's efforts or in any other way deter the processing of applications for new water rights.

NEW SECTION. Sec. 2. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department may process and render decisions on an application for change independently from processing and making decisions on pending applications for new water rights from the same water source without regard to the dates on which the applications for the new rights were filed.

(2) Except as provided in this section, the department and a water conservancy board shall process applications for change from the same water source in the order in which they were filed with the department or the board. The exceptions are:

(a) The proposed change would alleviate a public health and safety emergency or otherwise preserve public health and safety or would authorize an emergency withdrawal under RCW 43.83B.410;

(b) There is insufficient information to render a decision on a senior application or applications for change, and the information cannot be obtained in a timely manner;

(c) The proposed change was filed by a claimant in a water rights adjudication, and a decision is needed expeditiously to ensure that orders or decrees of the superior court will be representative of the current water situation;

(d) The proposed change will move a point of diversion or withdrawal, or replace a diversion with a withdrawal, or replace a withdrawal with a diversion, or change the season of use, when it assists in the recovery of fish listed under the federal endangered species act as threatened or endangered;

(e) The proposed change or group of changes will result in providing public water supplies for at least one city and one town or at least two cities and will meet the general needs of the public for a regional area; or

(f) The proposed change is for the purposes of RCW 90.03.390.

(3) The department, any other state agency, or a water conservancy board shall not require an applicant to give any part of an applicant's valid right or claim to a state agency, to the trust water rights program, or to other parties.

(4) The department may adopt rules to implement this section, but such rules must strictly adhere to the provisions of this section.

(5) Pending applications for new water rights are not entitled to protection from impairment or given priority for any available water if the department or a water conservancy board processes an application for change from the same water source. New water rights issued after an application for change is approved from the same water source are not entitled to protection from impairment or priority for any available water in relation to the changed, transferred, or amended water right regardless of the dates on which the applications were filed with the department or the board.

(6) Notice of an application for a change of a water right must be published for the same period and in the same manner as prescribed for an application for a permit by RCW 90.03.280 in the county or counties in which water for the right is withdrawn or diverted and used, although the department may also post notice of the application on the internet at an electronic site containing other departmental information. The department or water conservancy board shall consider all comments received in writing by mail or personal delivery that are received within thirty days of the date of the last newspaper publication of the notice required under RCW 90.03.280.

(7) As used in this section:

(a) "Change of a water right" or "change" means a change or transfer of a water right referred to in RCW 90.03.380 or 90.03.390 or an amendment referred to in RCW 90.44.100 or 90.44.105; and

The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the National Transportation Safety Board's recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature's intent to decrease deaths and injuries to children by promoting safety education and injury prevention measures, as well as increasing public awareness on ways to maximize the protection of children in vehicles.

Sec. 2. RCW 46.61.687 and 1994 c 100 s 1 are each amended to read as follows:

(1) Whenever a child who is less than ~~((ten))~~ sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, the driver of the vehicle shall keep the child properly restrained as follows:

(a) If the child is less than six years old and/or sixty pounds and the passenger seating position equipped with a safety belt system allows sufficient space for installation, then the child will be restrained in a child restraint system that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system;

(b) If the child is less than one year of age or weighs less than twenty pounds, the child shall be properly restrained in a rear-facing infant seat;

(c) If the child is more than one but less than ~~((three))~~ four years of age or weighs less than forty pounds but at least twenty pounds, the child shall be properly restrained in a forward facing child safety seat restraint system ~~((that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system));~~

~~((b))~~ (d) If the child is less than ~~((ten))~~ six but at least ~~((three))~~ four years of age or weighs less than sixty pounds but at least forty pounds, the child shall be properly restrained ~~((either as specified in (a) of this subsection or with a safety belt properly adjusted and fastened around the child's body-))~~ in a child booster seat;

(e) If the child is six years of age or older or weighs more than sixty pounds, the child shall be properly restrained with the motor vehicle's safety belt properly adjusted and fastened around the child's body or an appropriately fitting booster seat; and

(f) Enforcement of (a) through (e) of this subsection is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a forward facing child safety seat must ensure that the seat in use is equipped with a four-point shoulder harness system. The visual inspection for usage of a booster seat must ensure that the seat belt properly fits across the child's lap and the

shoulder strap crosses the center of the child's chest. The visual inspection for the usage of a seat belt by a child must ensure that the lap belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. In determining violations, consideration to the above criteria must be given in conjunction with the provisions of (a) through (e) of this subsection. The driver of a vehicle transporting a child who is under the age of six years old or weighs less than sixty pounds, when the vehicle is equipped with a passenger side air bag supplemental restraint system, and the air bag system is activated, shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) A person violating subsection (1)(a) through (e) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system or a child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(3) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian; nor shall failure to use a child restraint system be admissible as evidence of negligence in any civil action.

(4) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, ~~(and)~~ (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, and (d) school buses.

(5) As used in this section "child booster seat" means a child passenger restraint system that meets the Federal Motor Vehicle Safety Standards set forth in 49 C.F.R. 571.213 that is designed to elevate a child to properly sit in a federally approved lap/shoulder belt system.

(6) The requirements of subsection (1)(a) through (e) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

Sec. 3. RCW 46.61.688 and 1990 c 250 s 58 are each amended to read as follows:

(1) For the purposes of this section, the term "motor vehicle" includes:

(a) "Buses," meaning motor vehicles with motive power, except trailers, designed to carry more than ten passengers;

(b) "Multipurpose passenger vehicles," meaning motor vehicles with motive power, except trailers, designed to carry ten persons or less that are constructed either on a truck chassis or with special features for occasional off-road operation;

(c) "Passenger cars," meaning motor vehicles with motive power, except multipurpose passenger vehicles, motorcycles, or trailers, designed for carrying ten passengers or less; and

(d) "Trucks," meaning motor vehicles with motive power, except trailers, designed primarily for the transportation of property.

(2) This section only applies to motor vehicles that meet the manual seat belt safety standards as set forth in federal motor vehicle safety standard 208. This section does not apply to a vehicle occupant for whom no safety belt is available when all designated seating positions as required by federal motor vehicle safety standard 208 are occupied.

(3) Every person sixteen years of age or older operating or riding in a motor vehicle shall wear the safety belt assembly in a properly adjusted and securely fastened manner.

(4) No person may operate a motor vehicle unless all child passengers under the age of sixteen years are either: (a) Wearing a safety belt assembly or (b) are securely fastened into an approved child restraint device.

(5) A person violating this section shall be issued a notice of traffic infraction under chapter 46.63 RCW. A finding that a person has committed a traffic infraction under this section shall be contained in the driver's abstract but shall not be available to insurance companies or employers.

(6) Failure to comply with the requirements of this section does not constitute negligence, nor may failure to wear a safety belt assembly be admissible as evidence of negligence in any civil action.

(7) Except for subsection (4)(b) of this section, which must be enforced as a primary action, enforcement of this section by law enforcement officers may be accomplished only as a secondary

action when a driver of a motor vehicle has been detained for a suspected violation of Title 46 RCW or an equivalent local ordinance or some other offense.

(8) This section does not apply to an operator or passenger who possesses written verification from a licensed physician that the operator or passenger is unable to wear a safety belt for physical or medical reasons.

(9) The state patrol may adopt rules exempting operators or occupants of farm vehicles, construction equipment, and vehicles that are required to make frequent stops from the requirement of wearing safety belts.

NEW SECTION. **Sec. 4.** A new section is added to chapter 46.61 RCW to read as follows:

The traffic safety commission shall conduct an educational campaign using all available methods to raise public awareness of the importance of properly restraining child passengers and the value of seatbelts to adult motorists. The traffic safety commission shall report to the transportation committees of the legislature on the campaign and results observed on the highways. The first report is due December 1, 2000, and annually thereafter.

NEW SECTION. **Sec. 5.** This act may be known and cited as the Anton Skeen Act.

NEW SECTION. **Sec. 6.** This act takes effect July 1, 2002."

On page 1, line 1 of the title, after "systems;" strike the remainder of the title and insert "amending RCW 46.61.687 and 46.61.688; adding a new section to chapter 46.61 RCW; creating new sections; and providing an effective date."

and the same is herewith transmitted.

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) There are geographic areas within communities that are characterized by a lack of employment opportunities, an average income level that is below the median income level for the surrounding community, a lack of affordable housing, deteriorating infrastructure, and a lack of facilities for community services, job training, and education;

(b) Strategies to encourage reinvestment in these areas by assisting local businesses to become stronger and area residents to gain economic power involve a variety of activities and partnerships;

(c) Reinvestment in these areas cannot be accomplished with only governmental resources and require a comprehensive approach that integrates various incentives, programs, and initiatives to meet the economic, physical, and social needs of the area;

(d) Successful reinvestment depends on a local government's ability to coordinate public resources in a cohesive, comprehensive strategy that is designed to leverage long-term private investment in an area;

(e) Reinvestment can strengthen the overall tax base through increased tax revenue from expanded and new business activities and physical property improvement;

(f) Local governments, in cooperation with area residents, can provide leadership as well as planning and coordination of resources and necessary supportive services to address reinvestment in the area; and

(g) It is in the public interest to adopt a targeted approach to revitalization and enlist the resources of all levels of government, the private sector, community-based organizations, and community residents to revitalize an area.

(2) The legislature declares that the purposes of the community empowerment zone act are to:

(a) Encourage reinvestment through strong partnerships and cooperation between all levels of government, community-based organizations, area residents, and the private sector;

(b) Involve the private sector and stimulate private reinvestment through the judicious use of public resources;

(c) Target governmental resources to those areas of greatest need; and

(d) Include all levels of government, community individuals, organizations, and the private sector in the policy-making process.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

(1) "Area" means a geographic area within a local government that is described by a close perimeter boundary.

(3) In determining if an area meets the requirements of this section, the director may consider data provided by the United States bureau of the census from the most recent census or any other reliable data that the director determines to be acceptable for the purposes for which the data is used.

NEW SECTION. Sec. 5. The local government must promptly file with the department a request for approval that contains information the department deems necessary to evaluate the proposed changes and its impact on the area's designation as a community empowerment zone under RCW 43.63A.710 (as recodified by this act). The local government must hold at least two public hearings on the proposed changes and include the information in its request for an amendment to its community empowerment zone.

The local government may file an appeal to the department's findings within sixty days of the notice to terminate the area's designation. The department must notify the local government of the results within thirty days of the filing of the appeal.

(b) A termination of an area's designation as a community empowerment zone has no effect on benefits previously extended to individual businesses. The local government may not commit benefits to a business after the effective date of the termination of an area's designation as a community empowerment zone.

(4) The department may request applications from local governments for designation as community empowerment zones under this chapter as a result of a termination of an area's designation as a community empowerment zone under this section.

NEW SECTION. Sec. 7. The department must administer this chapter and has the following powers and duties:

NEW SECTION. Sec. 8. The administration of a community empowerment zone is under the jurisdiction of the local government. Each local government must, by ordinance, designate a community empowerment zone administrator for the area designated as a community empowerment zone that is within its jurisdiction. A community empowerment zone administrator must be an officer or employee of the local government. The community empowerment zone administrator is the liaison between the local government, the department, the business community, and labor and community-based organizations within the community empowerment zone.

NEW SECTION. Sec. 9. This chapter may be known and cited as the Washington community empowerment zone act.

NEW SECTION. Sec. 10. Sections 1, 2, and 5 through 9 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 11. RCW 43.63A.700 and 43.63A.710, as amended by this act, are each recodified as sections in chapter 43.-- RCW (sections 1, 2, and 5 through 9 of this act).

NEW SECTION. Sec. 12. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

Sec. 13. RCW 82.60.049 and 1999 c 164 s 304 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means a designated community empowerment zone approved before January 1, 2000, under RCW 43.63A.700 or a county containing a community empowerment zone approved before January 1, 2000.

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) In addition to the provisions of RCW 82.60.040, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone in which the project is located. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) If a person does not meet the requirements of this section by the end of the calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

NEW SECTION. **Sec. 14.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Renumber the sections consecutively and correct any internal references accordingly.

On page 1, on line 1 of the title, after "zones;" strike the remainder of the title and insert "amending RCW 43.63A.700, 43.63A.710, and 82.60.049; adding a new chapter to Title 43 RCW; creating new sections; and recodifying RCW 43.63A.700 and 43.63A.710."

and the same are herewith transmitted.

(c) \$82,000 of the general fund--state appropriation for fiscal year 2000, \$329,000 of the general fund--state appropriation for fiscal year 2001, and \$428,000 of the general fund--federal appropriation are provided solely to increase the number of developmentally disabled people receiving residential, employment, family support, or other direct services. The amounts in this subsection (1)(c) are subject to the restrictions in (b)(ii) of this subsection (1).

(d) \$413,000 of the general fund--state appropriation for fiscal year 2000, \$1,172,000 of the general fund--state appropriation for fiscal year 2001, and \$694,000 of the general fund--federal appropriation are provided solely for employment, or other day activities and training programs, for young people who complete their high school curriculum in 1999 or 2000.

~~((d) \$1,919,000 of the general fund--state appropriation for fiscal year 2000, \$2,892,000 of the general fund--state appropriation for fiscal year 2001, and \$4,992,000 of the general fund--federal appropriation are provided solely for alternatives for persons who would otherwise be at substantial risk of state psychiatric hospitalization. The department shall use these funds and other resources appropriated in this section and in section 205(1) of this act to assure that the average number of persons with developmental disabilities in the state hospitals does not exceed sixty six per day during the first biennial quarter; sixty per day during the second; fifty four per day during the third; and forty~~

~~eight per day during the final quarter of the 1999-2001 biennium. The developmental disabilities program shall transfer \$285 of the general fund--state appropriation to the mental health program for each bed day by which these quarterly targets are exceeded.))~~

(e) \$513,000 of the general fund--state appropriation for fiscal year 2000, \$1,421,000 of the general fund--state appropriation for fiscal year 2001, and \$2,033,000 of the general fund--federal appropriation are provided to develop and operate secure residential and day program placements for persons who seem likely to pose a significant risk to the public safety if their current residential arrangement were to continue.

(f) \$209,000 of the general fund--state appropriation for fiscal year 2000, \$664,000 of the general fund--state appropriation for fiscal year 2001, and \$939,000 of the general fund--federal appropriation are provided to increase wages as required by Initiative No. 688 (state minimum wage) for contracted adult family homes, adult residential care facilities, hourly and daily family support providers, and hourly attendant care providers.

(g) \$1,978,000 of the general fund--state appropriation for fiscal year 2000, \$4,475,000 of the general fund--state appropriation for fiscal year 2001, and \$6,989,000 of the general fund--federal appropriation are provided solely to increase compensation for individual and agency home care workers. Payments to individual providers are to be increased from \$6.18 per hour to \$6.68 per hour on July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to agency providers are to be increased to \$11.97 per hour on July 1, 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase to agency providers, and all but 15 cents per hour of the additional July 1, 2000, increase is to be used to increase wages for direct care workers. The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(h) Within amounts appropriated in this subsection, the developmental disabilities program shall contract for a pilot program to test an alternative service delivery model for persons with autism. The department must use a competitive process to determine the site of the pilot. The pilot program must be time-limited and subject to an evaluation of client outcomes to determine the effectiveness and efficiency of the pilot program compared to the standard service model for persons with autism.

(i) \$1,919,000 of the general fund--state appropriation for fiscal year 2000, \$6,673,000 of the general fund--state appropriation for fiscal year 2001, and \$7,361,000 of the general fund--federal appropriation are provided solely to improve services for persons with developmental disabilities who would otherwise be at risk of needing involuntary commitment to or prolonged treatment at state psychiatric hospitals. The department shall use these funds to enhance the community crisis response system managed by regional support networks, improve crisis prevention and stabilization services through the developmental disabilities community services system, and expand community residential capacity for persons with developmental disabilities who are ready for discharge from state psychiatric hospitals. Funding for community residential capacity is sufficient to move a biennium total of 48 patients out of the state hospitals at a reasonable pace by June 30, 2001. The department shall manage the intensity of services provided so that the average cost per day does not exceed \$300 per person placed in this expanded community residential capacity. The department shall report to the appropriate committees of the legislature on progress towards implementing this subsection after each calendar quarter. The legislature finds that, in addition to the appropriations in this subsection for improvements in services to persons with developmental disabilities who are committed to the custody of the secretary under chapter 71.05 RCW, it is necessary to study long-term treatment alternatives and their legal, fiscal, and policy implications. Therefore, the department shall provide a report to the ways and means committee of the senate and the appropriations committee of the house of representatives by December 1, 2000, containing options and recommendations for secure treatment programs. The report shall identify various treatment models that could be implemented and various types and locations of secure facilities, both state-owned and leased, in which programs could be sited, together with the department's recommendations. The report shall evaluate the potential for siting such programs on the grounds of existing state residential habilitation centers. The report shall also include analysis of advantages and disadvantages associated with contracting for some or all of the new program options identified. The report shall evaluate the options based on short-term and long-term costs, client and community security, efficiency of coordination with other service delivery systems,

and how they address specific legal issues. In developing this report, the department shall invite participation by representatives of the Washington protection and advocacy system (WPAS), and shall include in the report WPAS' position on options and recommendations submitted by the department and any additional recommendations made by WPAS. The legislature recognizes a need to improve long-term services provided to individuals with developmental disabilities who are undergoing involuntary treatment under chapter 71.05 RCW. The legislature is committed to providing resources necessary to address issues in the U.S. District Court case of *Allen v. Western State Hospital*.

(j) \$500,000 of the general fund--state appropriation for fiscal year 2001 and \$160,000 of the general fund--federal appropriation are provided solely for increased family support services and related case management support.

This subsection applies only to rates paid for services provided between July 1, 1999, and March 31, 2000.

(5) \$50,000 of the general fund--state appropriation for fiscal year 2000 and \$50,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for payments to any nursing facility licensed under chapter 18.51 RCW which meets all of the following criteria: (a) The nursing home entered into an arm's length agreement for a facility lease prior to January 1, 1980; (b) the lessee purchased the leased nursing home after January 1, 1980; and (c) the lessor defaulted on its loan or mortgage for the assets of the home after January 1, 1991, and prior to January 1, 1992. (1) ~~((308,504,000))~~ \$279,702,000 of the general fund--state appropriation for fiscal year 2000, ~~((293,144,000))~~ \$263,140,000 of the general fund--state appropriation for fiscal year 2001, ~~((1,133,782,000))~~ \$1,142,182,000 of the general fund--federal appropriation, and ~~((28,402,000))~~ \$28,371,000 of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid measures of job retention and wage progression shall be developed and reported for families who leave assistance, measured after 12 months, 24 months, and 36 months.

(b) Provide \$500,000 from the general fund--state appropriation for fiscal year 2000 and \$500,000 from the general fund--state appropriation for fiscal year 2001 for continuation of the WorkFirst evaluation conducted by the joint legislative audit and review committee.

(d) Provide \$2,710,000 of the general fund--federal appropriation solely for training and a technical assistance program for child care providers seeking training to enable them to competently serve children with special needs as described in House Bill No. 2869 (child care provider training).

(e) Provide \$230,000, or as much thereof as may be necessary, to the department of health to expand the vasectomy project to temporary assistance for needy families clients and their partners until such time as a federal family planning waiver is granted that will cover these services.

(f) Report to the appropriate committees of the legislature, by December 1, ~~((1999))~~ 2000, how the new federal child support incentive system can be used to maximize federal incentive payments and to support the greatest achievement of WorkFirst program goals. In the event that the department earns federal child support incentive payments in excess of amounts budgeted, the department shall use one-half of those additional funds to offset general fund--state allotments and one-half of those additional funds to improve child support services.

(2) ~~((50,860,000))~~ \$43,638,000 of the general fund--state appropriation for fiscal year 2000 and ~~((50,825,000))~~ \$44,156,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for cash assistance and other services to recipients in the general assistance--unemployable program. The department shall, by July 1, 2000, begin using federal funds provided in subsection (1) of this section, as allowed by federal rules, for the costs of providing income assistance to children with court-appointed guardians and court-appointed custodians.

Within amounts available in this section, the department shall provide progress reports on the use of such contracting to the fiscal committees of the legislature by September 1, 2000, and January 1, 2000. Each of these reports shall describe the number of current contracts for temporary assistance for needy families (TANF) or WorkFirst services that the department has with community social service providers and a description of the services being provided through each of those contracts.

(5) The legislature finds that, since the passage of the federal personal responsibility and work opportunity act in 1997, Washington's public assistance population has declined dramatically, and that the currently appropriated level for the temporary assistance for needy families program is sufficient for the 1999-01 biennium. The legislature further finds that federal funding for the temporary assistance for needy families program may decrease after the current five-year block grant has expired. The legislature declares that at least \$60,000,000 of the year-end balance in the federal TANF grant shall be held in reserve by the office of financial management at the close of the 1999-01 biennium.

The department shall work with its drug utilization and education council to develop a therapeutic substitution program for at least two classes of drugs. By December 15, 2000, the department shall report on the overall increase in case-mix adjusted rates resulting from the reimbursement changes authorized in this subsection. If the overall case-mix adjusted rate of increase resulting from the use of the reimbursement methodology authorized in this subsection exceeds twice the federal health care financing administration hospital marketbasket index, then the department shall make recommendations as to how the rate of increase can be controlled.

(15) \$290,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of the asset exemption provisions of House Bill No. 2686. If these provisions are not enacted by June 30, 2000, the amount provided in this subsection shall lapse.

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) Allocations for certificated staff salaries for the 1999-00 and 2000-01 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection.

Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;

(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;

(iii) An additional 4.2 certificated instructional staff units for grades K-3 and an additional 7.2 certificated instructional staff units for grade 4. Any funds allocated for these additional certificated units shall not be considered as basic education funding;

(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants; and

(iv) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students for the 1999-00 school year and the 2000-01 school year. Districts documenting staffing ratios of less than 1 certificated staff per 19.5 students shall be allocated the greater of the total ratio in subsections (2)(a)(i) and (iv) of this section or the actual documented ratio; and

(B) Skills center programs meeting the standards for skill center funding recommended by the superintendent of public instruction, January 1999, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students;

(ii) Indirect cost charges, as defined by the superintendent of public instruction, to vocational-secondary programs shall not exceed 10 percent; and

(iii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1999-00 and 2000-01 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of ~~((16.97))~~ 16.49 percent in the 1999-00 school year and 15.62 percent in the 2000-01 school year(s) for certificated salary allocations provided under subsection (2) of this section, and a rate of ~~((15.75))~~ 15.56 percent in the 1999-00 school year and 15.82 percent in the 2000-01 school year(s) for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,117 per certificated staff unit in the 1999-00 school year and a maximum of ~~((8,271))~~ \$8,239 per certificated staff unit in the 2000-01 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of \$19,933 per certificated staff unit in the 1999-00 school year and a maximum of ~~((20,312))~~ \$20,232 per certificated staff unit in the 2000-01 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of \$15,467 per certificated staff unit in the 1999-00 school year and a maximum of ~~((15,761))~~ \$15,699 per certificated staff unit in the 2000-01 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$365.28 for the 1999-00 school year and \$479.94 for the 2000-01 school year per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1998-99 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for

more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of (~~(\$6,444,000)~~) \$8,390,000 outside the basic education formula during fiscal years 2000 and 2001 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$457,000 may be expended in fiscal year 2000 and a maximum of (~~(\$466,000)~~) \$464,000 may be expended in fiscal year 2001;

(b) For summer vocational programs at skills centers, a maximum of \$2,098,000 may be expended each fiscal year;

(c) A maximum of \$325,000 may be expended for school district emergencies; (~~and~~)

(d) A maximum of \$500,000 per fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs(~~-~~); and

(e) A maximum of \$1,558,000 of the general fund--state appropriation for fiscal year 2000 and \$390,000 of the general fund--state appropriation for fiscal year 2001 are provided for the 1999-00 school year for districts which experience an enrollment decline in the 1999-00 school year from the 1998-99 school year of more than 4.5 percent in full-time equivalent enrollment or more than 300 full-time equivalent students. The superintendent shall allocate funds to eligible school districts for up to one-quarter of the enrollment loss at the basic education unenhanced rate for the district. School districts receiving small school factor bonus funds shall not be eligible for enrollment decline funds to the extent that the district has no state apportionment loss as a result of the enrollment decline.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under chapter 309, Laws of 1999, including appropriations for salary and benefits increases, is 4.0 percent from the 1998-99 school to the 1999-00 school year, and 3.0 percent from the 1999-00 school year to the 2000-01 school year. This subsection supersedes section 1, chapter 10, Laws of 1999 sp. sess.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

(b) The credits were used in generating state salary allocations before January 1, 1992.

A school district is eligible for the learning improvement day funds for school years 1999-00 and 2000-01, only if three days have been added to the base contract in effect for the 1998-99 school year. If fewer than three days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2000) \$	((392,036,000))

General Fund--State Appropriation (FY 2001) \$	<u>387,011,000</u>

TOTAL APPROPRIATION \$	<u>171,667,000</u>
	((933,656,000))
	<u>944,160,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure, to the greatest extent possible, that special education students receive their appropriate share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education allocation funded in this section.

(2) Each general fund--state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

~~((2))~~ (3) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

~~((3))~~ (4) For the 1999-00 and 2000-01 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection ~~((4)(c))~~ (5)(c) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

~~((4))~~ (5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" means the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1999-00 and the 2000-01 school years, each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

~~((5))~~ (6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

~~((6))~~ (7) A maximum of \$12,000,000 of the general fund--state appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the general fund--state appropriation for fiscal year 2001 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection ~~((3))~~ (4) of this section. Safety net funding shall be awarded by the state safety net oversight committee.

(a) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with Substitute Senate Bill No. 5626 (medicaid payments to schools).

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to \$100,000 per year of the amounts provided in this subsection to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

~~((7))~~ (8) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

~~((8))~~ (9) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) Staff of the office of superintendent of public instruction;

(b) Staff of the office of the state auditor;

(c) Staff of the office of the financial management; and

(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

~~((9) A maximum of)~~ (10) To the extent necessary, \$5,500,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs of one or more individual special education students exceed \$5,500,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

~~((10))~~ (11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

~~((11))~~ (12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

~~((12))~~ (13) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

~~((13))~~ (14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

~~((14))~~ (15) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

- (xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed \$200,000. No grant may exceed sixty thousand dollars. Grants may be renewed annually. (2) Up to \$19,650,000 of the general fund--federal appropriation is provided for grants to local governments for salmon recovery in accordance with a grant from the department of interior, United States fish and wildlife service received in December 1998.

~~((6))~~ (3) \$6,200,000 of the state building construction account--state, \$30,840,000 of the salmon recovery account, and \$63,238,000 of the general fund--federal appropriation is provided solely for distribution by the salmon recovery funding board for fish passage barrier correction and fish screens to protect fish, for habitat projects, for salmon recovery activities, to buy back commercial licenses for salmon fishers, and to purchase or lease riparian easements to restore and to protect environmentally sensitive land in riparian areas to protect water quality and improve salmon and steelhead habitat.

(4) The salmon recovery funding board shall adopt policies for the purchase or lease of riparian easements consistent with the requirements of the conservation reserve enhancement program, except that the eligibility is not limited to agricultural lands, and contracts may exceed fifteen years in duration. It is the intent of the legislature that this appropriation be used primarily for landowners that do not qualify for the federal conservation reserve enhancement program.

(5) If federal money is granted to the state for buy back of commercial licenses of salmon fishers, and if that money requires a state match, the salmon recovery funding board shall distribute up to \$5,000,000 of the salmon recovery account appropriation for meeting the federal match requirements.

Trust Land Transfer (00-2-001)

The state building construction account appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements for certain trust lands of state-wide

significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring real property of equal value to be managed as common school trust land.

(3) Property subject to easement agreements under this section shall be appraised at fair market value both with and without the imposition of the easement. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list in subsection (8) of this section if, based on new, substantive information, it is determined that transfer of the property is not in the state-wide interest of either the common school trust or the receiving agency.

(8) The appropriation in this section is provided to execute transfers or easements for the list of properties identified in LEAP capital document No. ~~((99-3))~~ 2000-4, as developed on ~~((April 8, 1999))~~ February 28, 2000, as follows: Projects in category A shall be transferred; to the extent that local funding is provided for the land value of the property, projects in category B shall be transferred; and projects in category C and remaining projects in category B may be transferred or leased as funding allows.

(9) The department shall execute trust land transfers and easements such that 90 percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 90:10 ratio, the department may offset transfers of property with low timber-to-land ratios with easements on other properties.

(10) On June 30, 2001, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

Representative H. Sommers moved the adoption of the following amendment (710):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.135.025 and 1994 c 2 s 2 are each amended to read as follows:

(1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 1995, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund, not including federal funds, for the fiscal year beginning July 1, 1989, plus the fiscal growth factor. This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under RCW 43.135.035(4).

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least three members.

(6) Each November, the ~~((office of financial management))~~ state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. ~~((The office of financial management shall notify the legislative fiscal committees of all adjustments to the state expenditure limit and projections of future expenditure limits.))~~ If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

~~((6))~~ (7) "Fiscal growth factor" means the average of the sum of inflation and population change for each of the prior three fiscal years.

~~((7))~~ (8) "Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.

~~((8))~~ (9) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management.

Sec. 2. RCW 43.135.035 and 1994 c 2 s 4 are each amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The office of financial management shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the ~~((office of financial management))~~ state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken after July 1, 2000, that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.

Sec. 3. RCW 43.135.045 and 1994 c 2 s 3 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make

transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of ~~((biennial))~~ annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer to the education construction fund hereby created in the treasury. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter.

(4)(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2000."

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose, except as expressly provided in subsection (3) of this section.

(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2000, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2000 among programs after approval by the director of financial management. However,

the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2000 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, voluntary placement, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications.

General Fund--State Appropriation (FY 2000) \$	((166,271,000))
	<u>165,723,000</u>
General Fund--State Appropriation (FY 2001) \$	((174,541,000))

<u>Health Services Account Appropriation \$</u>	<u>1,225,000</u>
TOTAL APPROPRIATION \$	((649,186,000))
	<u>653,609,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) (~~(\$600,000)~~) \$711,000 of the general fund--state appropriation for fiscal year 2000 and (~~(\$616,000)~~) \$757,000 of the general fund--state appropriation for fiscal year 2001 are provided solely to directly reimburse eligible providers for the medicaid share of mental health services provided to persons eligible for both medicaid and medicare.

(d) \$64,000 of the general fund--state appropriation for fiscal year 2000 and \$150,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for regional support networks to participate in prerelease treatment planning and to conduct involuntary commitment evaluations, as required by Substitute Senate Bill No. 5011 (mentally ill offenders). If the bill is not enacted by June 30, 1999, these amounts shall lapse.

(e) \$5,000 of the general fund--state appropriation for fiscal year 2000 and \$466,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for case management and other community support services, as authorized by Substitute Senate Bill No. 5011 (mentally ill offenders). If the bill is not enacted by June 30, 1999, these amounts shall lapse.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a pilot project demonstrating new and collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; (ii) protocols, guidelines, and handbooks suitable for use by other school districts and regional support networks seeking to replicate the pilot project's approach; and (iii) intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) \$47,000 of the general fund--state appropriation for fiscal year 2000 and \$47,000 of the general fund--state appropriation for fiscal year 2001 are provided for implementation of Substitute Senate Bill No. 5214 (firearms on school premises). The department shall distribute these additional appropriations among the regional support networks according to each regional support network's capitation rate by eligibility category.

If Substitute House Bill No. 2663 is not enacted by June 30, 2000, the amount provided in this subsection shall lapse. Prior to implementing the projects established in the bill, the department shall report to the appropriate policy and fiscal committees of the legislature on proposed medication delivery and monitoring systems and arrangements for obtaining manufacturer discounts or rebates. No more than \$175,000 of the funds provided in this subsection may be used for state and contractor start-up, evaluation, and administration of the projects, and no more than \$100,000 of that amount may be for ongoing costs which continue beyond fiscal year 2001. The department may transfer and allot the state component of such administrative costs to its mental health program support subprogram. The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

TOTAL APPROPRIATION \$	((701,166,000))
	<u>716,863,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The health services account appropriation and \$127,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more. Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan. Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits.

(b) \$3,100,000 of the general fund--state appropriation for fiscal year 2000, \$4,650,000 of the general fund--state appropriation for fiscal year 2001, and \$8,250,000 of the general fund--federal appropriation are provided solely to increase services and supports for people with developmental disabilities. These funds shall be expended in accordance with priorities established by the stakeholder advisory group established in accordance with chapter 216, Laws of 1998 (developmental disabilities), except that (i) at least ~~((60))~~ 50 percent of these amounts must be used to increase the number of people receiving residential, employment, family support, or other direct services; (ii) the services and supports must be designed and implemented such that the cost of continuing them in the 2001-03 biennium does not exceed \$19.2 million, of which no more than \$9.3 million is from state funds; and (iii) strong consideration shall be given to the need for increased wages for direct care workers in contracted residential programs.

(c) \$413,000 of the general fund--state appropriation for fiscal year 2000, \$1,172,000 of the general fund--state appropriation for fiscal year 2001, and \$694,000 of the general fund--federal appropriation are provided solely for employment, or other day activities and training programs, for young people who complete their high school curriculum in 1999 or 2000.

~~(d) \$1,919,000 of the general fund--state appropriation for fiscal year 2000, ((\$2,892,000 of the general fund--state appropriation for fiscal year 2001, and \$4,992,000 of the general fund--federal appropriation are provided solely for alternatives for persons who would otherwise be at substantial risk of state psychiatric hospitalization. The department shall use these funds and other resources appropriated in this section and in section 205(1) of this act to assure that the average number of persons with developmental disabilities in the state hospitals does not exceed sixty six per day during the first biennial quarter; sixty per day during the second; fifty four per day during the third; and forty eight per day during the final quarter of the 1999-2001 biennium. The developmental disabilities program shall transfer \$285 of the general fund--state appropriation to the mental health program for each bed day by which these quarterly targets are exceeded.)~~ \$6,673,000 of the general fund--state appropriation for fiscal year 2001, and \$7,361,000 of the general fund--federal appropriation are provided solely to improve services for persons with developmental disabilities who would otherwise be at risk of needing involuntary commitment to or prolonged treatment at state psychiatric hospitals. The legislature finds that, in addition to the appropriations in this subsection for improvements in services to persons with developmental disabilities who are committed to the custody of the secretary under chapter 71.05 RCW, it is necessary to study long-term treatment alternatives and their legal, fiscal, and policy implications. Therefore, the department shall provide a report to the ways and means committee of the senate and the appropriations committee of the house of representatives by December 1, 2000, containing options and recommendations for secure treatment programs. The report shall identify various treatment models that could be implemented and various types and locations of secure facilities, both state-owned and leased, in which programs could be sited, together with the department's recommendations. The report shall evaluate the potential for siting such programs on the grounds of existing state residential habilitation centers. The report shall also include analysis of advantages and

disadvantages associated with contracting for some or all of the new program options identified. The report shall evaluate the options based on short-term and long-term costs, client and community security, efficiency of coordination with other service delivery systems, and how they address specific legal issues. In developing this report, the department shall invite participation by representatives of the Washington protection and advocacy system (WPAS), and shall include in the report WPAS' position on options and recommendations submitted by the department and any additional recommendations made by WPAS. The legislature recognizes a need to improve long-term services provided to individuals with developmental disabilities who are undergoing involuntary treatment under chapter 71.05 RCW. The legislature is committed to providing resources necessary to address issues in the U.S. District Court case of *Allen v. Western State Hospital*.

(e) \$513,000 of the general fund--state appropriation for fiscal year 2000, \$1,421,000 of the general fund--state appropriation for fiscal year 2001, and \$2,033,000 of the general fund--federal appropriation are provided to develop and operate secure residential and day program placements for persons who seem likely to pose a significant risk to the public safety if their current residential arrangement were to continue.

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~((308,504,000))~~ \$284,083,000 of the general fund--state appropriation for fiscal year 2000, ~~((293,144,000))~~ \$268,114,000 of the general fund--state appropriation for fiscal year 2001, ~~((1,133,782,000))~~ \$1,140,342,000 of the general fund--federal appropriation, and ~~((28,402,000))~~ \$28,371,000 of the general fund--local appropriation are provided solely for the WorkFirst program and child support operations. WorkFirst expenditures include TANF grants, diversion services, subsidized child care, employment and training, other WorkFirst related services, allocated field services operating costs, and allocated economic services program administrative costs. Within the amounts provided in this subsection, the department shall:

(a) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Valid outcome measures of job retention and wage progression shall be developed and reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. An increased attention to job retention and wage progression is necessary to emphasize the legislature's goal that the WorkFirst program succeed in helping recipients gain long-term economic independence and not cycle on and off public assistance. The wage progression measure shall report the median percentage increase in quarterly earnings and hourly wage after 12 months, 24 months, and 36 months. The wage progression report shall also report the percent with earnings above one hundred percent and two hundred percent of the federal poverty level. The report shall compare former WorkFirst participants with similar workers who did not participate in WorkFirst. The department shall also report percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months.

(b) Develop informational materials that educate families about the difference between cash assistance and work support benefits. These materials must explain, among other facts, that the

benefits are designed to support their employment, that there are no time limits on the receipts of work support benefits, and that immigration or residency status will not be affected by the receipt of benefits. These materials shall be posted in all community service offices and distributed to families. Materials must be available in multiple languages. When a family leaves the temporary assistance for needy families program, receives cash diversion assistance, or withdraws a temporary assistance for needy families application, the department of social and health services shall educate them about the difference between cash assistance and work support benefits and offering them the opportunity to begin or to continue receiving work support benefits, so long as they are eligible. The department shall provide this information through in-person interviews, over the telephone, and/or through the mail. Work support benefits include food stamps, medicaid for all family members, medicaid or state children's health insurance program for children, and child care assistance. The department shall report annually to the legislature the number of families who have had exit interviews, been reached successfully by phone, and sent mail. The report shall also include the percentage of families who elect to continue each of the benefits and the percentage found ineligible by each substantive reason code. A substantive reason code shall not be "other." The report shall identify barriers to informing families about work support benefits and describe existing and future actions to overcome such barriers.

(c) Provide \$500,000 from the general fund--state appropriation for fiscal year 2000 and \$500,000 from the general fund--state appropriation for fiscal year 2001 for continuation of the WorkFirst evaluation conducted by the joint legislative audit and review committee.

~~((e))~~ (d) Report to the appropriate committees of the legislature, by December 1, ~~((1999))~~ 2000, how the new federal child support incentive system can be used to maximize federal incentive payments and to support the greatest achievement of WorkFirst program goals. In the event that the department earns federal child support incentive payments in excess of amounts budgeted, the department shall use one-half of those additional funds to offset general fund--state allotments and one-half of those additional funds to improve child support services. The department shall also work with the Washington state association of county clerks to identify ways to protect the confidentiality of social security numbers on court documents needed by the child support enforcement system while ensuring the reliability of this information without significantly increasing the cost to administer the child support system. The department shall report its recommendations for protecting the confidentiality of social security numbers to appropriate committees of the legislature by December 1, 2000.

(e) Provide up to \$500,000 of the general fund--federal appropriation to the office of financial management for a study of rate setting methods and policy for subsidized child care, the best method for coordinating and consolidating child care and early education programs currently funded by state government, and for a review of the various state programs for low-income families with children. The child care rate study shall analyze the effects of rate setting policy on the affordability and quality of the overall child care market. The child care and early education program study shall evaluate how current programs may be coordinated and consolidated to provide the most efficient level of administration, grant funding, and increased accessibility by families who are served by these programs. The study of state programs for low-income families shall compare and contrast eligibility and access to these programs and identify ways to coordinate or consolidate these programs to reduce administrative costs and improve access. The office shall submit a report to the department of social and health services and the appropriate committees of the legislature by December 1, 2000.

(f) Convene a working group that includes stakeholders and recipients of public assistance to establish basic customer service performance measures and goals. The customer service measures and goals will seek to make support for working families a priority. Customer service measures and goals may include, but are not limited to: Hours of operation that allow working families to get services without missing work, reduced wait times, systems for answering and returning phone calls in a timely manner, access to benefits that support work, access to job training and education, and, access to services for families with limited literacy or English skills, and families with special needs. The department shall report to the legislature by January 2001 the establishment of customer service measures and goals, and the departmental actions to assure the goals are being met.

(g) Use existing flexibility in federal and state welfare laws and regulations to support, on a limited basis, longer education and training plans that have a strong likelihood to lead to long-term economic independence for recipient.

(h) Provide up to \$1,400,000 of the general fund--federal appropriation for after-school care for middle school youth through programs such as those described in House Bill No. 2530 (after-school care).

(i) Provide up to \$2,710,000 of the general fund--federal appropriation for training and technical assistance for child care providers seeking training to enable them to competently serve children with special needs as described in House Bill No. 2869 (child care provider training).

(j) Provide \$230,000, or as much thereof as may be necessary, to the department of health to expand the vasectomy project to temporary assistance for needy families clients and their partners until such time as a federal family planning waiver is granted that will cover these services.

(k) Ensure that funds provided in this subsection to implement policies that disregard or exempt a portion of recipients' income are designed to achieve stated WorkFirst program goals and outcomes. Income disregards are effective incentives to help WorkFirst families move towards economic independence. Income disregard policy shall not discriminate based on who the specific employer is.

(2) ~~(\$50,860,000)~~ \$43,408,000 of the general fund--state appropriation for fiscal year 2000 and ~~(\$50,825,000)~~ \$43,386,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for cash assistance and other services to recipients in the general assistance--unemployable program. Within these amounts, the department may expend funds for services that assist recipients to reduce their dependence on public assistance, provided that expenditures for these services and cash assistance do not exceed funds provided. The department shall, by July 1, 2000, begin using federal funds provided in subsection (1) of this section, as allowed by federal rules, for the costs of providing income assistance to children with court-appointed guardians or court-appointed custodians.

(3) ~~(\$8,752,000)~~ \$5,444,000 of the general fund--state appropriation for fiscal year 2000 and ~~(\$8,752,000)~~ \$5,632,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for the food assistance program for legal immigrants. The level of benefits shall be equivalent to the benefits provided by the federal food stamp program.

(4) RCW 74.08A.280 permits the department to develop contracts for state-wide welfare-to-work services. Within amounts available in this section, the department shall provide progress reports on the use of such contracting to the fiscal committees of the legislature by January 1, 2001. Each of these reports shall describe the number of current contracts for temporary assistance for needy families (TANF) or WorkFirst services that the department has with community social service providers and a description of the services being provided through each of those contracts.

(5) The legislature finds that, since the passage of the federal personal responsibility and work opportunity act in 1997, Washington's public assistance population has declined dramatically, and that the currently appropriated level for the temporary assistance for needy families program is sufficient for the 1999-01 biennium. The legislature further finds that federal funding for the temporary assistance for needy families program may decrease after the current five-year block grant has expired. The legislature declares that at least \$60,000,000 of the year-end balance in the federal TANF grant shall be held in reserve by the office of financial management at the close of the 1999-01 biennium.

~~((15))~~ (11) In accordance with Substitute Senate Bill No. 5968, ~~((25,978,000))~~ \$70,821,000 of the health services account appropriation for fiscal year 2000, ~~((26,069,000))~~ \$42,041,000 of the health services account appropriation for fiscal year 2001, and ~~((56,002,000))~~ \$120,278,000 of the general fund--federal appropriation, or so much thereof as may be expended without exceeding the medicare upper payment limit, are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. Such payments shall be distributed among the participating rural public hospital districts proportional to the number of days of medicaid-funded nursing home care provided by each district during the preceding calendar year, relative to the total number of such days of care provided by all participating rural public hospital districts. Prior to making any supplemental payments, the department shall first obtain federal approval for such payments under the medicaid state plan. The payments shall further be conditioned upon (a) a contractual commitment by the association of public hospital districts and participating rural public hospital districts to make an intergovernmental transfer to the state treasurer, for deposit into the health services account, equal to at least ~~((82))~~ 87 percent of the total supplemental payment amounts received during the 1999-01 fiscal biennium; and (b) a contractual commitment by the participating districts to not allow expenditures covered by the supplemental payments to be used for medicaid nursing home rate-setting. The participating districts shall retain no more than a total of \$30,000,000 for the 1999-01 biennium.

(12) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(13) \$1,529,000 of the general fund--state appropriation for fiscal year 2000, \$4,077,000 of the general fund--state appropriation for fiscal year 2001, and \$5,394,000 of the general fund--federal appropriation are provided solely for implementation of the settlement negotiated by the department and the attorney general in the case of *Allenmore et al. vs. DSHS*.

(14) From funds provided in this section, the department shall develop disease state management and therapeutic substitution programs which will substantially maintain or enhance the quality of the drug benefit for medical assistance recipients, while controlling overall health care costs. In designing the disease state management programs, the department shall research programs which have proven effective with similar populations in other states, and shall then work with concerned provider and consumer groups to adapt those strategies to Washington's service delivery system. The department shall work with its drug utilization and education council to develop a therapeutic

substitution program for at least two classes of drugs. Under the therapeutic substitution program, the council shall analyze pharmacoeconomic research on the costs and benefits of all drugs within the class, and identify the most cost-effective drug or drugs within the class for placement on the formulary. Other drugs within the class shall be preauthorized when clinically indicated under criteria established by the council. The department shall report to appropriate committees of the legislature by December 1, 2000, prior to implementing its proposed strategies.

(15) \$14,848,000 of the health services account appropriation for fiscal year 2001 and \$15,269,000 of the general fund--federal appropriation are provided solely for additional disproportionate share hospital payments to public hospital districts. Such additional payments shall not be made prior to federal approval of a revision in the medicaid payment methodology for state teaching hospitals, and shall not exceed the increase in medicaid payments which results from that change. The payments shall further be conditioned upon a contractual commitment by the participating public hospital districts to make an intergovernmental transfer to the health services account equal to at least 77 percent of the additional disproportionate share payment. The participating districts shall retain no more than \$7,000,000 of the additional disproportionate share payment. At least 28 percent of the amounts retained by the participating hospital districts shall be allocated to the state teaching hospitals.

(16)(a) \$49,000 of the general fund--state appropriation for fiscal year 2001 and \$49,000 of the general fund--federal appropriation for fiscal year 2001 are provided solely for the medical assistance administration and the health care authority to jointly conduct a state-wide study to:

(i) Determine payment sources and rates paid for primary health care providers performing outpatient primary care services and primary care in hospital emergency rooms for the state's medical assistance programs, including healthy options, and the basic health plan. To determine payment sources and rates paid, the agencies may seek information in relation to such factors as:

(A) The rates paid to primary care providers for their medical assistance programs, including healthy options, and basic health plan contracts; and

(B) How these rates compare with nonpublic pay clients for the same services.

The agencies are authorized to attain this information from health plans or providers. The agencies shall maintain the confidentiality of data collected for the purpose of the study;

(ii) Determine which primary care providers serve a relatively high number of low-income clients, and how that affects their medical practice. For purposes of the study, "primary care providers" includes pediatricians, family practitioners, general practitioners, internists, physician assistants, and advanced registered nurse practitioners; and

(iii) Develop proposals to support these providers' medical practices. The agencies must determine what constitutes a relatively high percentage of low-income clients for individual primary care providers who contract for medical assistance administration programs, including healthy options, and the basic health plan, and recommend whether and at what point this disproportionately high percentage should result in additional compensation to the primary care provider. The agencies shall recommend a method to calculate a payment adjustment designed to help support medical practices, according to the study's findings.

(b) In conducting the study, the agencies shall determine which regions of the state to include in the study, based on factors the agencies determine will provide the most representative data state-wide. The agencies shall also consult with interested parties, including any organization or agency affected by this subsection, throughout the course of the study.

(c) The agencies shall report to the legislature by December 1, 2000, with the results of the primary health care provider study. The report shall include recommendations on: (i) What constitutes a disproportionately high percentage of low-income clients; (ii) possible payment adjustments for these providers; (iii) methods to implement such a rate adjustment; and (iv) what such a payment adjusted program will cost.

(17) From funds appropriated in this section, the medical assistance program shall assist the Washington state institute for public policy with the assessment of options for expanding medicaid eligibility required in section 607 of this 2000 act. Such assistance shall include analysis of medicaid enrollment and expenditure data needed for enrollment and cost projections; information and advice on

state and federal medicaid requirements; and liaison with state and federal officials in other states undertaking similar expansions.

(18) \$290,000 of the general fund--state appropriation for fiscal year 2001 is provided solely for implementation of the asset exemption provisions of House Bill No. 2686. If these provisions are not enacted by June 30, 2000, the amount provided in this subsection shall lapse.

Of this increase, \$2,400,000 is provided for relocating staff. This amount is recognized as one-time-only funding for the 1999-01 biennium. As part of the 2001-2003 budget request, the department shall update the estimate of increased cost for relocating staff, including specifying what portion of that increase is due to providing more square footage per FTE in the new leased space compared to the space occupied previously.

In selecting reductions in the various other programs, the department shall place a higher priority on reductions in administrative support functions as opposed to direct client services. Reductions in positions providing direct client services shall be implemented only if those reductions can be justified by reduced workload or through reorganization or other efficiencies that do not result in a risk of failing to meet federal or state certification or licensing standards. In achieving the level of savings assumed in this subsection, the department shall not eliminate or reduce funding and/or staff that would shift or transfer filing or appeal workload to superior courts. By September 1, 2000, the department shall report its plan to implement the savings in this section to the fiscal committees of the legislature.

(2) Allocations for certificated staff salaries for the 1999-00 and 2000-01 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection.

Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students in grades K-4 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. (b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students for the 1999-00 school year and the 2000-01 school year. Districts documenting staffing ratios of less than 1 certificated staff per 19.5 students shall be allocated the greater of the total ratio in subsections (2)(a)(i) and (iv) of this section or the actual documented ratio; and

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1999-00 and 2000-01 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,117 per certificated staff unit in the 1999-00 school year and a maximum of ~~((8,271))~~ \$8,239 per certificated staff unit in the 2000-01 school year.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1998-99 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary

allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include a 1.67 percent increase for three learning improvement days added in the 1999-00 school year and maintained in the 2000-01 school year. A school district is eligible for the learning improvement day funds for school years 1999-00 and 2000-01, only if three days have been added to the base contract in effect for the 1998-99 school year. If fewer than three days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

	<u>387,011,000</u>
General Fund--State Appropriation (FY 2001) \$	((393,461,000))

	<u>171,667,000</u>
TOTAL APPROPRIATION \$	((933,656,000))
	<u>944,160,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure, to the greatest extent possible, that special education students receive their appropriate share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education allocation funded in this section.

(2) Each general fund--state fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

~~((2))~~ (3) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

~~((3))~~ (4) For the 1999-00 and 2000-01 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection ~~((4)(c))~~ (5)(c) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

~~((4))~~ (5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" means the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1999-00 and the 2000-01 school years, each district's funded enrollment percent shall be the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

~~((5))~~ (6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

~~((6))~~ (7) A maximum of \$12,000,000 of the general fund--state appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the general fund--state appropriation for fiscal year 2001 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection ~~((3))~~ (4) of this section. Safety net funding shall be awarded by the state safety net oversight committee.

(a) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall

be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with Substitute Senate Bill No. 5626 (medicaid payments to schools).

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to \$100,000 per year of the amounts provided in this subsection to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

~~((7))~~ (8) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

~~((8))~~ (9) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) Staff of the office of superintendent of public instruction;

(b) Staff of the office of the state auditor;

(c) Staff of the office of the financial management; and

(d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

~~((9) A maximum of)~~ (10) To the extent necessary, \$5,500,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students. If safety net awards to meet the extraordinary needs of one or more individual special education students exceed \$5,500,000 of the general fund--federal appropriation, the superintendent shall expend all available federal discretionary funds necessary to meet this need. General fund--state funds shall not be expended for this purpose.

~~((10))~~ (11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

~~((11))~~ (12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

~~((12))~~ (13) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

~~((13))~~ (14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

~~((14))~~ (15) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

 Trust Land Transfer (00-2-001)

The state building construction account appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands.

No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring real property of equal value to be managed as common school trust land.

(3) Property subject to easement agreements under this section shall be appraised at fair market value both with and without the imposition of the easement. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) ~~((AH))~~ Up to \$1,000,000 of the appropriation in this section may be used for reasonable costs incurred by the department to implement this section ~~((are authorized to be paid out of this appropriation))~~. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list in subsection (8) of this section if, based on new, substantive information, it is determined that transfer of the property is not in the state-wide interest of either the common school trust or the receiving agency.

(8) The appropriation in this section is provided to execute transfers or easements for the list of properties identified in LEAP capital document No. ~~((99-3, as developed on April 8, 1999))~~ 2000 T-1, as developed on February 29, 2000, as follows: Projects in category A shall be transferred; to the extent that local funding is provided for the land value of the property, projects in category B shall be transferred; and projects in category C and remaining projects in category B may be transferred or leased as funding allows.

(9) The department shall execute trust land transfers and easements such that ~~((90))~~, subsequent to the deduction for administrative costs, 85 percent of the appropriation in this section is deposited in the common school construction fund. To achieve the ~~((90:10))~~ 85:15 ratio, the department may offset transfers of property with low timber-to-land ratios with easements on other properties.

(10) On June 30, 2001, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.
