APPROPRIATIONS COMMITTEE WORKPLAN

Update on Use of Funding for Rental Assistance and the Housing and Essential Needs (HEN) Programs in the Department of Commerce

The Appropriations Committee (Committee) will receive an update on how the rental assistance funding in House Bill 1368 (early action bill) was used and the use of funding in Engrossed Substitute Senate Bill 5092 (ESSB 5092) (2021 supplemental and 2021-23 biennial operating budgets) for rental assistance. For rental assistance, \$355 million in federal funding was appropriated in HB 1368 and \$658 million in federal funding was appropriated in ESSB 5092. The Committee will also receive an update regarding use of the \$24 million Near General Fund-Outlook (\$26.3 million total funds) appropriated in ESSB 5092 for the Housing and Essential Needs program. (One work session)

Update on Use of Funding for Food Assistance Programs in the Department of Agriculture

The Appropriations Committee will receive a briefing on the food assistance programs administered by the state Department of Agriculture and an update on the use of the funding for food assistance in House Bill 1368 (HB 1368) (early action bill) and Engrossed Substitute Senate Bill 5092 (ESSB 5092) (2021 supplemental and 2021-23 biennial operating budgets). In HB 1368, \$26.4 million in federal funds was appropriated for food assistance. In ESSB 5092, \$124 million in total funds was appropriated for food assistance. (One work session)

Update on COVID-19 Related Public Health Funding in the Department of Health

The Appropriations Committee will receive an update on the Department of Health's implementation of the public health funding provided in Engrossed Substitute Senate Bill 5092 (ESSB 5092) (2021 supplemental and 2021-23 biennial operating budgets) and a summary of how the \$618 million funding for public health in House Bill 1368 (early action bill) was used. In ESSB 5092, \$1 billion in federal funds is provided for COVID-19 related public health activities. (One work session)

Update on Use of Funding for the Temporary Assistance for Needy Families Program

The Appropriations Committee will receive an update on the impact of additional funding in House Bill 1368 (HB 1368) (early action bill) and Engrossed Substitute Senate Bill 5092 (ESSB 5092) (2021 supplemental and 2021-23 biennial operating budgets) on the Temporary Assistance for Needy Families (TANF) program. Federal funding was used for an extension of the 60-month time limit for calendar year 2020 through the unanticipated receipt process. \$9 million in federal funding was provided in HB 1368 and \$17 million in a combination of state and federal funding in ESSB 5092 to continue the extension. In addition, the Appropriations Committee will receive an update on the impact of a 15 percent grant increase for TANF recipients (\$52 million Near General Fund-Outlook in ESSB 5092), as well as Pandemic Emergency Assistance provided to TANF and Supplemental Nutrition Assistance Program (SNAP) recipients with children (\$12 million federal in HB 1368 and \$23 million federal in ESSB 5092). (One work session)

Update on Use of Funding for the Dan Thompson Trust Fund

The Appropriations Committee will receive a briefing on the Dan Thompson Developmental Disabilities Trust Fund and an update on planning relating to the \$50 million Near General Fund-Outlook transfer to the trust fund in the 2021-23 Biennial Operating Budget. The funding is provided for supports and services in community settings for eligible individuals with intellectual and developmental disabilities. (One work session)

Update on Use of Funding for Transitioning Aging and Long-Term Care Support Administration (AL TSA) Clients from Acute Care Hospitals to Community and Other Settings

The Appropriations Committee will receive an update regarding funding for the Department of Social and Health Services to facilitate transitioning Aging and Long-Term Care Support Administration (AL TSA) clients from acute care hospitals to the state-owned Transitional Care Center of Seattle and to community settings. (One work session)

CIVIL RIGHTS & JUDICIARY COMMITTEE WORKPLAN

Office of Firearm Safety and Violence Prevention

The Office of Firearm Safety and Violence Prevention (Office) was created in 2020 to coordinate and promote effective state and local efforts to reduce firearm violence, including by improving data collection and information sharing, coordinating community-based intervention and prevention strategies, and operating a grant program to support firearm violence reduction initiatives. Beginning December 1, 2021, the Office must report to the Legislature every odd-numbered year on its progress, findings, and recommendations for legislative policy options. The Civil Rights and Judiciary Committee will receive a report from the Office on its progress and activities to date as well as planned future initiatives. (One work session)

Single Point of Contact Firearms Background Check System

Legislation enacted in 2020 requires the Washington State Patrol (WSP) to establish and operate a centralized firearms background check system to operate as a single point of contact for firearms dealers to conduct background checks required under state and federal law. The legislation also created a Washington Background Check Advisory Board (Advisory Board) to oversee the WSP's Firearms Background Check Unit and the operation of the firearms background check system. The Civil Rights and Judiciary Committee will receive a report from the WSP and the Advisory Board on the progress in establishing the centralized firearms background check system. COLLEGE & WORKFORCE DEVELOPMENT COMMITTEE WORKPLAN

Credentialing

The College and Workforce Development Committee intends to review policies focused on increasing the transparency, portability, and stacking of credentials. The purpose is to better understand how non-degree credentials can translate to jobs, especially for non-traditional students with previous work experience and competencies, and the different policies and best practices for supporting and expanding high-quality credentials. (One work session)

Examination of Student Loan Debt

The College and Workforce Development Committee will examine student loan debt with a focus on data and various policy options. The data reviewed will include demographic information on student loan debt held across various student population groups with a focus on equity and data on repayment, forbearance, deferment, and default. Policy options will include a history of legislation previously considered by the Legislature, state tools that are currently available to address student loan debt, and other states' programs. (One work session)

Update from Institutions on COVID-19 Impacts

The College and Workforce Development Committee will hear an update from the higher education institutions on the continuing impacts of COVID-19, including changes in enrollments, any disproportionate impacts, and how the return to in-person teaching is proceeding. (One work session)

Workforce Navigators

The College and Workforce Development Committee (Committee) will hear a presentation on service plan coordinators, also called navigators, who provide a single point of contact for individuals transitioning into the workforce on a chosen career path. Workforce Development Councils, WorkSource Centers, and community and technical colleges have deployed navigator models with grant funding, but the Committee will explore how these efforts could be scaled to achieve a sufficient service level. (One work session)

LOCAL GOVERNMENT COMMITTEE WORKPLAN

Local Government Planning

The Local Government Committee (Committee) will review the resources available to local governments to conduct planning, including the amount, source, and allocation of resources, and the impact of state planning directives on local government planning. An initial work session in June will cover stakeholder feedback on planning topics that the stakeholders would like to see covered by the Department of Commerce's Growth Management Act task force. Interested Committee members will also examine planning topics on an informal basis. Later work sessions in September and November will provide an opportunity for stakeholders and Committee members to provide updates on the task force, any informal work, and ultimately, potential future legislation. (Three work sessions)

Local Government Permitting

The Local Government Committee (Committee) will review local government permitting practices, including the resources available for permitting, the costs associated with permitting, and the time needed to process permits. An initial work session in June will cover stakeholder feedback on permitting topics that the stakeholders would like to see covered by the Department of Commerce's Growth Management Act task force. Interested Committee members will also examine permitting topics on an informal basis. Later work sessions in September and November will provide an opportunity for stakeholders and Committee members to provide updates on the task force, any informal work, and ultimately, potential future legislation. (Three work sessions)

Department of Commerce Growth Management Act Planning and Environmental Review

The Local Government Committee (Committee) will review the process for, and provide input to, the Department of Commerce's review of the Growth Management Act. This work with the Department of Commerce may include discussions about potential future changes to the Growth Management Act based on bills passed out of the Committee during the 2021 session but not enacted by the Legislature. An initial work session in June will provide information to the Committee on the Department of Commerce's Request for Proposal, and allow stakeholders to provide feedback on the topics they would like to see covered by the task force. Later work sessions in September and November will allow for updates on the progress of the task force, as well as for additional opportunities for stakeholder and Committee feedback. (Three work sessions)

Department of Enterprise Services/Capital Projects Advisory Review Board Study of Government Procurement

The Local Government Committee (Committee) will receive the report commissioned by the Legislature from the Department of Enterprise Services with support from the Municipal Resources and Services Center and the Capital Projects Advisory Review Board regarding the lack of uniformity in local government procurement practices, bidding requirements, and threshold levels for foregoing competitive contracting. An initial work session in September will allow the Committee to receive and review the report, while a later work session in November will allow the Committee to hear from stakeholders on how to improve the participation of minority and women-owned businesses in local government contracting. (Two work sessions)

Review of 2021 Legislation

The Local Government Committee will review legislation enacted during the 2021 session, and will receive reactions to the legislation from local government stakeholders to see if the issues that were intended to be addressed by the legislation were addressed, and to see if any issues still remain. (One work session)

State Correctional and Reentry Policies

The Public Safety Committee (Committee) will explore a range of issues pertaining to state correctional policies and practices. The Committee will receive reports from the Department of Corrections, Office of Corrections Ombuds, and Statewide Reentry Council. The Committee will focus on correctional operations during the COVID-19 pandemic and will explore broader efforts to reform and improve services and treatment in correctional facilities. (One work session)

Drug Policy Reform

In February 2021 the Washington State Supreme Court issued an opinion in *State v. Blake*, invalidating the crime of possession of a controlled substance. In response, the Legislature passed Engrossed Senate Bill 5476, which made various changes, including temporarily reinstating the crime with pre-arrest diversion measures and making numerous changes to, and related investments in, the behavioral health system. The Committee will receive an update on the effects of the decision and the implementation of the bill. In addition, the Committee will undertake a general review of the Uniform Controlled Substances Act. (One work session)

RURAL DEVELOPMENT, AGRICULTURE, & NATURAL RESOURCES COMMITTEE WORKPLAN

Commercial Crab Rulemaking Updates

After high levels of biotoxin contamination in coastal waters closed commercial crab harvests in 2020 and 2021, legislation was introduced but did not pass to authorize the Department of Health to regulate the health and safety of commercially-harvested crab. The Rural Development, Agriculture, and Natural Resources Committee will invite a panel to discuss the impacts of biotoxin contamination in crab, lessons learned during the 2021 commercial crabbing season, and management options to ensure safe harvests in the future. (One work session.)

Small-Scale Agriculture in Washington

Washington is home to a number of small farms that grow and raise a diverse array of agricultural products, both crops and livestock. In recent years, the Legislature has considered a variety of bills directed at streamlining inspection processes and providing resources for small-scale farmers. The Rural Development, Agriculture and Natural Resources Committee will hold a work session to learn more about the needs of small-scale farmers. (One work session.)

Wildfire Season Review and Implementation of Wildfire Resilience Legislation

The Rural Development, Agriculture, and Natural Resources Committee will invite the Department of Natural Resources and others to provide a review of the 2021 wildfire season and a status update on implementation of legislation enacted during the 2021 session focused on improving statewide wildfire resilience. (One work session.)

Water Transfers

There have been several bills introduced in the last two years related to the transfer of water rights out of their basin of origin. In addition, the 2021-23 Capital Budget provides funding for water banking related to the preservation of water rights in their county of origin. The Rural Development, Agriculture, and Natural Resources Committee will invite a panel to provide a status update and discuss progress on issues related to out-of-basin water transfers. (One work session.)

STATE GOVERNMENT & TRIBAL RELATIONS COMMITTEE WORKPLAN

State Redistricting Update

A state redistricting plan is due to the Legislature by November 15, 2021. The State Government and Tribal Relations Committee will invite the Redistricting Commission to provide an update on the status of the state redistricting process, in a joint session with the Senate State Government & Elections Committee. (One work session)

Special Purpose District Elections

In 2020, the State Government and Tribal Relations Committee (Committee) held two work sessions providing an overview of special purpose district elections for certain special purpose districts. The Committee previously heard several bills addressing certain special purpose district elections, such as House Bill 2675 (2018), House Bill 2415 (2020), and Substitute Senate Bill 5342 (2021). The Committee will continue to discuss the practices and procedures for elections in special purpose districts, with particular focus on land-based elections. (One work session)

State Contracting: Overview of Procedures and Review of Practices and Performance

The State Government and Tribal Relations Committee will invite state agencies, such as the Department of Enterprise Services, to provide information on state contracting relating to various topics, such as the current and potential uses of master contracts and contracts with women and minority-owned businesses. (One work session)

Office of Equity Update

The State Government and Tribal Relations Committee will invite the Office of Equity (Office) to provide a briefing of the work being done by the Office and an update on the progress of carrying out its duties established under Chapter 332, Laws of 2020. (One work session)

Overview of State Information Technology

In 2021, Engrossed Second Senate Substitute Bill 5432 was enacted, which created the Office of Cybersecurity (OCS) within the Consolidated Technology Services agency (WaTech). The State Government and Tribal Relations Committee will invite WaTech to provide an overview of state information technology and an update on the status of establishing the OCS and the progress of the work being done by the OCS. (One work session)

TRANSPORTATION COMMITTEE WORKPLAN

Transportation Revenue: An Update

The Transportation Committee will monitor the recovery of the transportation revenue forecast from COVID-19 impacts. Since the onset of the pandemic, the decline in transportation revenue has reflected a persistent reduction in transportation system demand and may signify some permanent changes in travel patterns. The transportation revenue sources most negatively affected by these changes have been tolls, ferry fares, and fuel tax revenues. Staff will provide a summary of the forecasted revenue changes included in the November 2021 transportation revenue forecast as well as a review of revenue developments over the past two years. (One work session)

Capital Project Delivery: Department of Transportation Update

The Transportation Committee (Committee) will review the Department of Transportation's (Department) delivery of capital projects, with a specific focus on the Connecting Washington program. The Department will provide an overview and details on the process by which Connecting Washington capital projects are managed to implement the legislatively-approved plans. The Department will present information on the various challenges encountered in delivering the capital program and on how the challenges have been addressed. The Committee will seek to determine any barriers to the efficient utilization of appropriated funds and to identify mechanisms to improve project delivery efficiency. (One work session)
