SSB 5071 Prime Sponsor, Committee on Education: Changing provisions relating to territory included in city and town boundary extensions. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds the following:

(1) The existing statutory provisions requiring an automatic transfer of territory from one school district to another when a city or town extends its boundaries through annexation of unincorporated territory is archaic, and that such school district transfers should not be automatic;

(2) Some current procedural requirements unduly restrict the ability of the state board of education to respond more flexibly to any given proposed transfer of territory;

(3) Consistent with the goal of growth management that public services and facilities necessary to support development be available without a decrease in service levels, citizens should have the opportunity to be heard on whether all land in a planned community that includes industrial, commercial, and residential sites should be in the same school district; and

(4) The current laws and rules governing school district organization are outdated and in need of a comprehensive review.

**Sec. 2.** RCW 28A.315.250 and 1985 c 385 s 19 are each amended to read as follows:

(1) Each incorporated city or town in the state shall be comprised in one school district: PROVIDED, That nothing in this section shall be construed: ~~((1))~~ (a) To prevent the extension of the boundaries of a school district beyond the limits of the city or town contained therein, or ~~((2))~~ (b) to prevent the inclusion of two or more incorporated cities or towns in a single school district, or ~~((3))~~ (c) to change or disturb the boundaries of any school district organized prior to the incorporation of any city or town, except as hereafter in this section provided.

(2) In case all or any part of a school district that operates a school or schools on one site only or operates elementary schools only on two or more sites is included in an incorporated city or town through the extension of the limits of such city or town in the manner provided by law, the ~~((educational service district superintendent shall: (1) Declare))~~ regional committee may, in its discretion, prepare a proposal for transfer of any part or all of the territory so included to be a part of the school district containing the city or town and ~~((2))~~, whenever a part of a district so included contains a school building of the district, ~~((present to the regional committee a proposal))~~ for the disposition of any part or all of the remaining territory of the district.

(3) In case of the extension of the limits of a city or town to include territory lying in a school district that operates on more than one site one or more elementary schools and one or more junior high schools or high schools, the regional committee ~~((shall))~~ may, in its discretion, prepare a proposal or proposals for annexation to the school district in which the city or town is located any part or all of the territory aforesaid which has been included in the city or town and for annexation to the school district in which the city or town is located or to some other school district or districts any part or all of the remaining territory of the school district affected by extension of the limits of the city or town: PROVIDED, That where no school or school site is located within the territory annexed to the city or town and not less than seventy-five percent of the registered voters residing within the annexed territory present a petition in writing for annexation and transfer of said territory to the school district in which the city or town is located, the educational service district superintendent shall declare the

territory so included to be a part of the school district containing said city or town: PROVIDED FURTHER, That territory approved for annexation to a city or town by vote of the electors residing therein prior to January 12, 1953, shall not be subject to the provisions herein respecting annexation to a school district or school districts: AND PROVIDED FURTHER, That the provisions and procedural requirements of this chapter as now or hereafter amended not in conflict with or inconsistent with the provisions hereinabove in this section stated shall apply in the case of any proposal or proposals ~~((1))~~ (a) for the alteration of the boundaries of school districts through and by means of annexation of territory as aforesaid, and ~~((2))~~ (b) for the adjustment of the assets and liabilities of the school districts involved or affected thereby.

(4) In case of the incorporation of a city or town containing territory lying in two or more school districts or of the uniting of two or more cities or towns not located in the same school district, the educational service district superintendent, except where the incorporation or consolidation would affect a district or districts of the first class, shall: ~~((1))~~ (a) Order and declare to be established in each such case a single school district comprising all of the school districts involved, and ~~((2))~~ (b) designate each such district by name and by a number different from that of any other district in existence in the county.

(5) The educational service district superintendent shall fix as the effective date of any declaration or order required under this section a date no later than the first day of September next succeeding the date of the issuance of such declaration or order.

(6) The chapter . . . , Laws of 1997 (this act) amendments to this section apply retroactively.

**Sec. 3.** RCW 28A.315.140 and 1990 c 33 s 300 are each amended to read as follows:

The powers and duties of the state board with respect to this chapter shall be:

(1) To aid regional committees in the performance of their duties by furnishing them with plans of procedure, standards, data, maps, forms, and other necessary materials and services essential to a study and understanding of the problems of school district organization in their respective educational service districts.

(2) To receive, file, and examine the proposals and the maps, reports, records, and other materials relating thereto submitted by regional committees and to approve such proposals and so notify the regional committees when said proposals are found to provide for satisfactory improvement in the school district system of the counties and the state and for an equitable adjustment of the assets and liabilities, including bonded indebtedness and excess tax levies as authorized under RCW 28A.315.110(2), of the school districts involved or affected: PROVIDED, That whenever ~~((the state board approves a recommendation from a regional committee for the transfer of territory from one school district to another school district, such state board approval must be made not later than March 1 of any given year for implementation the school year immediately following: PROVIDED FURTHER, That whenever))~~ such proposals are found by the state board to be unsatisfactory or inequitable, the board shall so notify the regional committee and, upon request, assist the committee in making revisions which revisions shall be resubmitted within sixty days after such notification for reconsideration and approval or disapproval. The regional committee may request, and the state board is authorized to grant, an extension of the sixty days. The duration of the extension shall be set by the state board. Implementation of state board-approved transfers of territory from one school district to another school district shall become effective at the commencement of the next school year unless an earlier or later implementation date is agreed upon in writing by the boards of directors of the affected school districts and approved by the state board.

**NEW SECTION. Sec. 4.** (1) The joint legislative audit and review committee shall undertake a comprehensive study of the current laws and state board of education's rules governing school district organization. In conducting the study the committee shall seek input from the state board of education, the superintendent of public instruction, the educational service districts, the regional committees on school district organization, the Washington state school directors' association, representatives of cities, towns, and counties, and citizens.

(2) The purpose of the study under subsection (1) of this section is to determine if the existing procedures and requirements for school district organization are adequate and appropriate.

(3) The committee shall submit a report on the study to the legislature by December 1, 1997. The report shall include any recommendations for statutory changes and shall indicate whether the

fundamental goal of the state's school district organization policy should be to support community/neighborhood schools and parental involvement.

NEW SECTION. Sec. 5. Beginning on the effective date of this section and through June 30, 1998, school district boundaries may not be changed; except school district boundaries shall be changed if a school district request for a boundary change pursuant to RCW 28A.315.280 prior to the effective date of this section, and RCW 28A.315.250(3) apply.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

April 1, 1997

SSB 5363 Prime Sponsor, Committee on Government Operations: Increasing the dollar amount allowed for contracts in which public officers have an interest. Reported by Committee on Government Administration

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) The current statutes pertaining to municipal officers' beneficial interest in contracts are quite confusing and have resulted in some inadvertent violations of the law.

(2) The dollar thresholds for many of the exemptions have not been changed in over thirty-five years, and the restrictions apply to the total amount of the contract instead of the portion of the contract that pertains to the business operated by the municipal officer.

(3) The confusion existing over these current statutes discourages some municipalities from accessing some efficiencies available to them.

Therefore, it is the intent of the legislature to clarify the statutes pertaining to municipal officers and contracts and to enact reasonable protections against inappropriate conflicts of interest.

Sec. 2. RCW 42.23.030 and 1996 c 246 s 1 are each amended to read as follows:

No municipal officer shall be beneficially interested, directly or indirectly, in any contract which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his or her office, or accept, directly or indirectly, any compensation, gratuity or reward in connection with such contract from any other person beneficially interested therein. This section shall not apply in the following cases:

(1) The furnishing of electrical, water or other utility services by a municipality engaged in the business of furnishing such services, at the same rates and on the same terms as are available to the public generally;

(2) The designation of public depositaries for municipal funds;

(3) The publication of legal notices required by law to be published by any municipality, upon competitive bidding or at rates not higher than prescribed by law for members of the general public;

(4) The designation of a school director as clerk or as both clerk and purchasing agent of a school district;

(5) The employment of any person by a municipality(~~(, other than a county with a population of one hundred twenty five thousand or more, a city of the first or second class, an irrigation district encompassing in excess of fifty thousand acres, or a first class school district,))~~ for unskilled day labor at wages not exceeding ~~((one))~~ two hundred dollars in any calendar month. The exception provided in this subsection does not apply to a county with a population of one hundred twenty-five thousand or more, a city with a population of more than one thousand five hundred, an irrigation district encompassing more than fifty thousand acres, or a first class school district;

(6)(a) ~~The letting of any other contract ((except a sale or lease as seller or lessor) by a municipality, other than a county with a population of one hundred twenty five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing in excess of fifty thousand acres: PROVIDED, That)) in which the total ((volume of business represented by such contract or contracts in which a particular officer is interested, singly or in the aggregate, as measured by the dollar amount of the municipality's liability thereunder, shall)) amount received under the contract or contracts by the municipal officer or the municipal officer's business does not exceed ~~((seven))~~ one thousand five hundred ((fifty)) dollars in any calendar month(~~(: PROVIDED FURTHER, That));~~);~~

(b) However, in the case of a particular officer of a second class city or town, or a noncharter optional code city, or a member of any county fair board in a county which has not established a county purchasing department pursuant to RCW 36.32.240, the total ~~((volume))~~ amount of such contract or contracts authorized in this subsection (6) may exceed ~~((seven))~~ one thousand five hundred ((fifty)) dollars in any calendar month but shall not exceed ~~((nine))~~ eighteen thousand dollars in any calendar year(~~(: PROVIDED FURTHER, That there shall be public disclosure by having an available));~~);

(c) The exceptions provided in this subsection (6) do not apply to a sale or lease by the municipality as the seller or lessor. The exceptions provided in this subsection (6) also do not apply to the letting of any contract by a county with a population of one hundred twenty-five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing more than fifty thousand acres;

(d) The municipality shall maintain a list of ~~((such purchases or))~~ all contracts~~((, and if the supplier or contractor is an official of the municipality, he or she shall not vote on the authorization: PROVIDED FURTHER, That in the case of a first class school district, there shall be notice of the proposed contract by publication given in one or more newspapers of general circulation within the district))~~ that are awarded pursuant to this subsection (6). The list must be made available for public inspection and copying;

(e) Beginning January 1, 1998, and each January 1st thereafter, the dollar amounts in subsection (6) of this section shall be adjusted annually by the department of revenue based on the governmental price index established by the department of revenue under RCW 82.14.200. The adjusted dollar amounts shall be published in the Washington State Register;

(7) The leasing by a port district as lessor of port district property to a municipal officer or to a contracting party in which a municipal officer may be beneficially interested, if in addition to all other legal requirements, a board of three disinterested appraisers~~((, who shall be appointed from members of the American institute of real estate appraisers by the presiding judge of))~~ and the superior court in the county where the property is situated~~((, shall find and the court))~~ finds that all terms and conditions of such lease are fair to the port district and are in the public interest. The appraisers must be appointed from members of the American institute of real estate appraisers by the presiding judge of the superior court;

(8) The letting of any employment contract for the driving of a school bus in a second class school district~~((: PROVIDED, That))~~ if the terms of such contract ~~((shall be))~~ are commensurate with the pay plan or collective bargaining agreement operating in the district;

(9) The letting of any employment contract to the spouse of an officer of a ~~((second class school district in which less than two hundred full time equivalent students are enrolled at the start of the school year as defined in RCW 28A.150.040, when such contract is solely for employment as a certificated or classified employee of the school district, or the letting of any contract to the spouse of an officer of a))~~ school district, when such contract is solely for employment as a substitute teacher for the school district~~((: PROVIDED, That))~~. This exception applies only if the terms of ~~((such))~~ the contract ~~((shall be))~~ are commensurate with the pay plan or collective bargaining agreement applicable to all district employees and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(10) The letting of any employment contract to the spouse of an officer of a school district if the spouse was under contract as a certificated or classified employee with the school district before the date in which the officer assumes office~~((: PROVIDED, That))~~ and the terms of ~~((such))~~ the contract ~~((shall be))~~ are commensurate with the pay plan or collective bargaining agreement operating in the district. However, in a second class school district that has less than two hundred full time equivalent students enrolled at the start of the school year as defined in RCW 28A.150.040, the spouse is not required to be under contract as a certificated or classified employee before the date on which the officer assumes office;

(11) The authorization, approval, or ratification of any employment contract with the spouse of a public hospital district commissioner if: (a) The spouse was employed by the public hospital district before the date the commissioner was initially elected; (b) the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district for similar employees; (c) the interest of the commissioner is disclosed to the board of commissioners and noted in the official minutes or similar records of the public hospital district prior to the letting or continuation of the contract; (d) and the commissioner does not vote on the authorization, approval, or ratification of the contract or any conditions in the contract.

A municipal officer may not vote in the authorization, approval, or ratification of any contract in which he or she is beneficially interested even though one of the exemptions allowing the awarding of such a contract applies. The interest of the municipal officer must be disclosed to the governing body of the municipality and noted in the official minutes or similar records of the municipality prior to the formation of the contract.

**Sec. 3.** RCW 42.23.040 and 1961 c 268 s 5 are each amended to read as follows:

A municipal officer ~~((shall))~~ is not ~~((be deemed to be))~~ interested in a contract, within the meaning of RCW 42.23.030, if ~~((he))~~ the officer has only a remote interest in the contract and ~~((if))~~ the ~~((fact and))~~ extent of ~~((such))~~ the interest is disclosed to the governing body of the municipality of which ~~((he))~~ the officer is an officer and noted in the official minutes or similar records of the municipality prior to the formation of the contract, and thereafter the governing body authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer having the remote interest. As used in this section "remote interest" means:

- (1) That of a nonsalaried officer of a nonprofit corporation;
- (2) That of an employee or agent of a contracting party where the compensation of such employee or agent consists entirely of fixed wages or salary;
- (3) That of a landlord or tenant of a contracting party;
- (4) That of a holder of less than one percent of the shares of a corporation or cooperative which is a contracting party.

None of the provisions of this section ~~((shall be))~~ are applicable to any officer interested in a contract, ~~((though his))~~ even if the officer's interest ~~((be))~~ is only remote, ~~((who))~~ if the officer influences or attempts to influence any other officer of the municipality of which he or she is an officer to enter into the contract.

**Sec. 4.** RCW 42.23.050 and 1961 c 268 s 6 are each amended to read as follows:

Any contract made in violation of the provisions of this ~~((act shall be))~~ chapter is void and the performance thereof, in full or in part, by a contracting party shall not be the basis of any claim against the municipality. Any officer violating the provisions of this ~~((act shall be))~~ chapter is liable to the municipality of which he or she is an officer for a penalty in the amount of ~~((three))~~ five hundred dollars, in addition to such other civil or criminal liability or penalty as may otherwise be imposed upon ~~((him))~~ the officer by law.

In addition to all other penalties, civil or criminal, the violation by any officer of the provisions of this ~~((act shall work a))~~ chapter may be grounds for forfeiture of his or her office.

**Sec. 5.** RCW 42.23.060 and 1961 c 268 s 16 are each amended to read as follows:

If any provision of this ~~((act))~~ chapter conflicts with any provision of a city or county charter, or with any provision of a city-county charter, the ~~((city))~~ charter shall control if it contains stricter requirements than this chapter. The provisions of this chapter shall be considered as minimum standards to be enforced by municipalities."

As to the defaults which do not involve payment of money to the Beneficiary of your Deed of Trust, you must cure each such default. Listed below are the defaults which do not involve payment of

money to the Beneficiary of your Deed of Trust. Opposite each such listed default is a brief description of the action necessary to cure the default and a description of the documentation necessary to show that the default has been cured.

Default Description of Action Required to Cure and Documentation Necessary to Show Cure

.....

.....

You may reinstate your Deed of Trust and the obligation secured thereby at any time up to and including the . . . . day of . . . . ., 19. . . (11 days before the sale date), by paying the amount set forth or estimated above and by curing any other defaults described above. Of course, as time passes other payments may become due, and any further payments coming due and any additional late charges must be added to your reinstating payment. Any new defaults not involving payment of money that occur after the date of this notice must also be cured in order to effect reinstatement. In addition, because some of the charges can only be estimated at this time, and because the amount necessary to reinstate may include presently unknown expenditures required to preserve the property or to comply with state or local law, it will be necessary for you to contact the Trustee before the time you tender reinstatement so that you may be advised of the exact amount you will be required to pay. Tender of payment or performance must be made to: . . . . ., whose address is . . . . ., telephone ( ) . . . . . AFTER THE . . . . DAY OF . . . . ., 19. . ., YOU MAY NOT REINSTATE YOUR DEED OF TRUST BY PAYING THE BACKLUND PAYMENTS AND COSTS AND FEES AND CURING THE OTHER DEFAULTS AS OUTLINED ABOVE. In such a case, you will only be able to stop the sale by paying, before the sale, the total principal balance (\$ . . . . .) plus accrued interest, costs and advances, if any, made pursuant to the terms of the documents and by curing the other defaults as outlined above.

You may contest this default by initiating court action in the Superior Court of the county in which the sale is to be held. In such action, you may raise any legitimate defenses you have to this default. A copy of your Deed of Trust and documents evidencing the obligation secured thereby are enclosed. You may wish to consult a lawyer. Legal action on your part may prevent or restrain the sale, but only if you persuade the court of the merits of your defense.

If you do not reinstate the secured obligation and your Deed of Trust in the manner set forth above, or if you do not succeed in restraining the sale by court action, your property will be sold to satisfy the obligations secured by your Deed of Trust. The effect of such sale will be to deprive you and all those who hold by, through or under you of all interest in the property;

(3) In addition, the trustee shall cause a copy of the notice of sale described in RCW 61.24.040(1)(f) (excluding the acknowledgment) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once on or between the (~~thirty-second~~) thirty-fifth and twenty-eighth day before the date of sale, and once on or between the (~~eleventh~~) fourteenth and seventh day before the date of sale;

(4) On the date and at the time designated in the notice of sale, the trustee or its authorized agent shall sell the property at public auction to the highest bidder. The trustee may sell the property in gross or in parcels as the trustee shall deem most advantageous;

(5) The place of sale shall be at any designated public place within the county where the property is located and if the property is in more than one county, the sale may be in any of the counties where the property is located. The sale shall be on Friday, or if Friday is a legal holiday on the following Monday, and during the hours set by statute for the conduct of sales of real estate at execution;

(6) The trustee may for any cause the trustee deems advantageous, continue the sale for a period or periods not exceeding a total of one hundred twenty days by a public proclamation at the time and place fixed for sale in the notice of sale or, alternatively, by giving notice of the time and place of

the postponed sale in the manner and to the persons specified in RCW 61.24.040(1) (b), (c), (d), and (e) and publishing a copy of such notice once in the newspaper(s) described in RCW 61.24.040(3), more than seven days before the date fixed for sale in the notice of sale. No other notice of the postponed sale need be given;

(7) The purchaser shall forthwith pay the price bid and on payment the trustee shall execute to the purchaser its deed; the deed shall recite the facts showing that the sale was conducted in compliance with all of the requirements of this chapter and of the deed of trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value, except that these recitals shall not affect the lien or interest of any person entitled to notice under RCW 61.24.040(1), if the trustee fails to give the required notice to such person. In such case, the lien or interest of such omitted person shall not be affected by the sale and such omitted person shall be treated as if such person was the holder of the same lien or interest and was omitted as a party defendant in a judicial foreclosure proceeding;

(8) The sale as authorized under this chapter shall not take place less than one hundred ninety days from the date of default in any of the obligations secured.

**Sec. 3.** RCW 61.24.050 and 1965 c 74 s 5 are each amended to read as follows:

The trustee's sale shall be deemed final when the bidding is closed and either: (1) The beneficiary is the successful bidder or (2) the trustee holds cash, a certified check, a cashier's check, a money order, or funds received by electronic transfer, or any combination thereof, payable to the trustee or the beneficiary in the amount of the successful bid. The deed of the trustee, executed and delivered to the purchaser, shall convey all of the right, title, and interest in the property which the grantor had or had the power to convey at the time of the execution by him of the deed of trust, and such as he may have thereafter acquired. After sale, as in this chapter provided, no person shall have any right by statute or otherwise to redeem from the deed of trust or from the sale.

**Sec. 4.** RCW 61.24.070 and 1965 c 74 s 7 are each amended to read as follows:

(1) The trustee may not bid at the trustee's sale. Any other person including the beneficiary under the deed of trust may bid at the trustee's sale.

(2) The beneficiary may credit bid all or any part of the obligations secured by the deed of trust. If the beneficiary is the purchaser, any amount bid in excess of the obligations secured by the deed of trust shall be paid to the trustee in the form of cash, certified check, cashier's check, or money order, or any combination thereof. If the purchaser is not the beneficiary, the entire bid shall be paid to the trustee in the form of cash, certified check, cashier's check, money order, or funds received by electronic transfer, or any combination thereof.

**Sec. 5.** RCW 61.24.080 and 1981 c 161 s 5 are each amended to read as follows:

The trustee shall apply the proceeds of the sale as follows:

(1) To the expense of sale, including a reasonable charge by the trustee and by his attorney: PROVIDED, That the aggregate of the charges by the trustee and his attorney, for their services in the sale, shall not exceed the amount which would, by the superior court of the county in which the trustee's sale occurred, have been deemed a reasonable attorney fee, had the trust deed been foreclosed as a mortgage in a noncontested action in the said court;

(2) To the obligation secured by the deed of trust; and

(3) The surplus, if any, less the clerk's filing fee shall be deposited together with written notice of the amount of the surplus, a copy of the recorded notice of sale, and an affidavit of mailing as provided below with the clerk of the superior court of the county in which the sale took place. The trustee shall mail copies of the notice of the surplus, the notice of sale, and the affidavit of mailing to each party to whom the notice of sale was sent pursuant to RCW 61.24.040(1). The clerk shall index such funds under the name of the grantor as set out in the recorded notice. Upon ((depositing such surplus)) compliance with the foregoing, the trustee shall be discharged from all further responsibilities ((therefor)) for the surplus. Interests in, or liens or claims of liens against the property eliminated by sale under this section shall attach to such surplus in the order of priority that it had attached to the property. A party seeking disbursement of funds shall file a motion requesting disbursement and shall

mail notice of the motion to all parties to whom the trustee mailed notice of the surplus and any other party who has entered an appearance in the proceeding established by the notice of surplus at least ten days prior to the hearing of the motion. The clerk shall not disburse such surplus except upon order of the superior court of such county.

**Sec. 6.** RCW 61.24.090 and 1987 c 352 s 4 are each amended to read as follows:

(1) At any time prior to the eleventh day before the date set by the trustee for the sale in the recorded notice of sale, or in the event the trustee continues the sale pursuant to RCW 61.24.040(6), at any time prior to the eleventh day before the actual sale, the grantor or his successor in interest, any beneficiary under a subordinate deed of trust or any person having a subordinate lien or encumbrance of record on the trust property or any part thereof, shall be entitled to cause a discontinuance of the sale proceedings by curing the default or defaults set forth in the notice, which in the case of a default by failure to pay, shall be by paying to the trustee:

(a) The entire amount then due under the terms of the deed of trust and the obligation secured thereby, other than such portion of the principal as would not then be due had no default occurred, and

(b) The expenses actually incurred by the trustee enforcing the terms of the note and deed of trust, including a reasonable trustee's fee, together with the trustee's reasonable attorney's fees, together with costs of recording the notice of discontinuance of notice of trustee's sale.

(2) Any person entitled to cause a discontinuance of the sale proceedings shall have the right, before or after reinstatement, to request any court, excluding a small claims court, for disputes within the jurisdictional limits of that court, to determine the reasonableness of any fees demanded or paid as a condition to reinstatement. The court shall make such determination as it deems appropriate, which may include an award to the prevailing party of its costs and reasonable attorneys' fees, and render judgment accordingly. An action to determine fees shall not forestall any sale or affect its validity.

(3) Upon receipt of such payment the proceedings shall be discontinued, the deed of trust shall be reinstated and the obligation shall remain as though no acceleration had taken place.

(4) In the case of a default which is occasioned by other than failure to make payments, the person or persons causing the said default shall pay the expenses incurred by the trustee and the trustee's fees as set forth in subsection (1)(b) of this section.

(5) Any person having a subordinate lien of record on the trust property and who has cured the default or defaults pursuant to this section shall thereafter have included in his lien all payments made to cure any defaults, including interest thereon at eight percent per annum, payments made for trustees' costs and fees incurred as authorized herein, and his reasonable attorney's fees and costs incurred resulting from any judicial action commenced to enforce his rights to advances under this section.

(6) If the default is cured and the obligation and the deed of trust reinstated in the manner hereinabove provided, the trustee shall properly execute, acknowledge and cause to be recorded a notice of discontinuance of trustee's sale under such deed of trust. A notice of discontinuance of trustee's sale when so executed and acknowledged is entitled to be recorded and shall be sufficient if it sets forth a record of the deed of trust and the auditor's file number under which the deed of trust is recorded, and a reference to the notice of sale and the auditor's file number under which the notice of sale is recorded, and a notice that such sale is discontinued.

(7) Any payments required under this section as a condition precedent to reinstatement of the deed of trust shall be tendered to the trustee in the form of cash, certified check, cashier's check, money order, or funds received by electronic transfer, or any combination thereof.

**Sec. 7.** RCW 61.24.100 and 1990 c 111 s 2 are each amended to read as follows:

Foreclosure, as in this chapter provided, shall satisfy the obligation secured by the deed of trust foreclosed, regardless of the sale price or fair value, and no deficiency decree or other judgment shall thereafter be obtained on such obligation, except that if such obligation was not incurred primarily for personal, family, or household purposes, such foreclosure shall not preclude any judicial or nonjudicial foreclosure of any other deeds of trust, mortgages, security agreements, or other security interests or liens covering any real or personal property granted to secure such obligation or an action on any guaranty of such obligation. Where foreclosure is not made under this chapter, the beneficiary shall not

be precluded from enforcing the security as a mortgage nor from enforcing the obligation by any means provided by law.

**Sec. 8.** RCW 61.24.130 and 1987 c 352 s 5 are each amended to read as follows:

(1) Nothing contained in this chapter shall prejudice the right of the grantor, the grantor's successor in interest, or any person who has an interest in, lien, or claim of lien against the property or some part thereof, to restrain, on any proper ground, a trustee's sale. The court shall require as a condition of granting the restraining order or injunction that the applicant pay to the clerk of the court the sums that would be due on the obligation secured by the deed of trust if the deed of trust was not being foreclosed:

(a) In the case of default in making the periodic payment of principal, interest, and reserves, such sums shall be the periodic payment of principal, interest, and reserves paid to the clerk of the court every thirty days.

(b) In the case of default in making payment of an obligation then fully payable by its terms, such sums shall be the amount of interest accruing monthly on said obligation at the nondefault rate, paid to the clerk of the court every thirty days.

In the case of default in performance of any nonmonetary obligation secured by the deed of trust, the court shall impose such conditions as it deems just.

In addition, the court may condition granting the restraining order or injunction upon the giving of security by the applicant, in such form and amount as the court deems proper, for the payment of such costs and damages, including attorneys' fees, as may be later found by the court to have been incurred or suffered by any party by reason of the restraining order or injunction. The court may consider, upon proper showing, the grantor's equity in the property in determining the amount of said security.

(2) No court may grant a restraining order or injunction to restrain a trustee's sale ~~((unless))~~ except as provided in this section. The person seeking the restraint shall give((s)) five court days notice to the trustee and the beneficiary of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. No judge may act upon such application unless it is accompanied by proof, evidenced by return of a sheriff, the sheriff's deputy, or by any person eighteen years of age or over who is competent to be a witness, that the notice has been timely served on the trustee.

(3) If the restraining order or injunction is dissolved after the date of the trustee's sale set forth in the notice as provided in RCW 61.24.040(1)(f) ~~((and after the period for continuing sale as allowed by RCW 61.24.040(6))~~), the court granting such restraining order or injunction, or before whom the order or injunction is returnable, has the right to set a new sale date which shall be not less than forty-five days from the date of the order dissolving the restraining order. ~~((At least thirty days before the new sale date,))~~ The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice of trustee's sale as provided in RCW 61.24.040(1)(f) to be published ~~((once weekly during the three weeks preceding the time of sale))~~ in a legal newspaper in each county in which the property or any part thereof is situated, once between the thirty-fifth and twenty-eighth day before the sale and once between the fourteenth and seventh day before the sale.

(4) If a trustee's sale has been stayed as a result of the filing of a petition in federal bankruptcy court and ~~((, after the period for continuing sale as allowed by RCW 61.24.040(6),))~~ an order is entered in federal bankruptcy court granting relief from the stay or closing or dismissing the case, or discharging the debtor with the effect of removing the stay, the trustee may set a new sale date which shall not be less than forty-five days after the date of the bankruptcy court's order. The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

SSB 5768 Prime Sponsor, Committee on Commerce & Labor: Creating supported employment programs. Reported by Committee on Government Administration

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the rate of unemployment among persons with developmental disabilities is high due to the limited employment opportunities available to disabled persons. Given that persons with disabilities are capable of filling employment positions in the general work force population, supported employment is an effective way of integrating such individuals into the general work force population. The creation of supported employment programs can increase the types and availability of employment positions for persons with developmental disabilities.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise the definitions in this section apply throughout sections 3 through 5 of this act.

(1) "Developmental disability" means a disability as defined in RCW 71A.10.020.

(2) "Supported employment" means employment for individuals with developmental disabilities who may require on-the-job training and long-term support in order to fulfill their job duties successfully. Supported employment offers the same wages and benefits as similar nonsupported employment positions.

(3) "State agency" means any office, department, division, bureau, board, commission, community college or institution of higher education, or agency of the state of Washington.

NEW SECTION. Sec. 3. State agencies are encouraged to participate in supported employment activities. The department of social and health services, in conjunction with the department of personnel and the office of financial management, shall identify agencies that have positions and funding conducive to implementing supported employment. An agency may only participate in supported employment activities pursuant to this section if the agency is able to operate the program within its existing budget. These agencies shall:

(1) Designate a coordinator who will be responsible for information and resource referral regarding the agency's supported employment program. The coordinator shall serve as a liaison between the agency and the department of personnel regarding supported employment;

(2) Submit an annual update to the department of social and health services, the department of personnel, and the office of financial management. The annual update shall include: A description of the agency's supported employment efforts, the number of persons placed in supported employment positions, recommendations concerning expanding the supported employment program to include people with mental disabilities or other disabilities, and an overall evaluation of the effectiveness of supported employment for the agency.

NEW SECTION. Sec. 4. The department of social and health services and the department of personnel shall, after consultation with supported employment provider associations and other interested parties, encourage, educate, and assist state agencies in implementing supported employment programs. The department of personnel shall provide human resources technical assistance to agencies implementing supported employment programs. The department of personnel shall make available, upon request of the legislature, an annual report that evaluates the overall progress of supported employment in state government.

NEW SECTION. Sec. 5. The creation of supported employment positions under sections 3 and 4 of this act shall not count against an agency's allotted full-time equivalent employee positions. Supported employment programs are not intended to displace employees or abrogate any reduction-in-force rights.

NEW SECTION. Sec. 6. Sections 2 through 5 of this act are each added to chapter 41.04 RCW."

"NEW SECTION. Sec. 1. A new section is added to chapter 34.05 RCW to read as follows:

(1) In order to provide the greatest possible access to agency documents to the most people, agencies are encouraged to make their rule, interpretive, and policy information available through electronic distribution as well as through the regular mail. Agencies that have the capacity to transmit electronically may ask persons who are on mailing lists or rosters for copies of interpretive statements, policy statements, preproposal statements of inquiry, and other similar notices whether they would like to receive the notices electronically.

(2) Electronic distribution to persons who request it may substitute for mailed copies related to rule making or policy or interpretive statements. If a notice is distributed electronically, the agency is not required to transmit the actual notice form but must send all the information contained in the notice.

(3) Agencies which maintain mailing lists or rosters for any notices relating to rule making or policy or interpretive statements may establish different rosters or lists by general subject area.

E2SSB 5927 Prime Sponsor, Committee on Ways & Means: Changing higher education financing.  
Reported by Committee on Higher Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 3. (1) The legislature finds that:

(a) Each of the state's public baccalaureate institutions plays different but complementary roles in the state's system of higher education;

(b) Although each community college has different strengths and special programs, the community colleges as a whole have a common role and mission;

(c) College and university governing boards are in a unique position to assess the special needs of their institutions' students, faculty, staff, programs, and facilities;

(d) State and institutional financial aid programs should help needy low and middle-income students pay the costs of tuition increases;

(e) The primary purpose of the state's public system of higher education is the education and training of resident undergraduate students; and

(f) The ability to manage institutional resources in order to meet demand is critical to meeting present and future needs for access to higher education.

(2) Therefore, the legislature intends to:

(a) Provide some new financial tools to the governing boards of the baccalaureate institutions by allowing the boards to adjust tuition rates, within specified limits, for different categories of students and for graduate programs;

(b) Permit the state board for community and technical colleges to adjust tuition rates, within specified limits, for the community colleges as a whole;

(c) Revise the statutory funding mechanism for the state's financial aid programs in order to substantially increase the amount of state funding for programs that assist needy low and middle-income students;

(d) Ensure that any tuition increases for resident undergraduate students are limited, and, in conjunction with state financial aid programs, do not obstruct access to higher education for low and middle-income students; and

(e) Direct the colleges and universities to use part of the revenue from tuition increases over a specified level to help needy low and middle-income resident students pay the costs associated with the tuition increase.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.15 RCW to read as follows:

(1) As used in this section, "excess credit" means any credit taken by either a resident undergraduate student or a resident student who is not enrolled in a first professional, graduate, or law program if the student has accumulated more than one hundred twenty-five percent of the number of credits required to complete the student's baccalaureate degree program.

(2)(a) Except as provided in (b) of this subsection, state universities, regional universities, and The Evergreen State College may collect a surcharge from any resident student who is enrolled for excess credit. The amount of the surcharge may vary by credit or percentage thresholds, or may be based on special circumstances, each as established by the institution.

(b) Students who are required to take continuing education credits as a condition of licensure or state law are exempt from the excess credit surcharge for any credits taken as a result of the requirements.

(3) A surcharge for excess credits shall not exceed twenty-five percent of the tuition fees rates for full-time resident undergraduate students at the college or university.

**Sec. 5.** RCW 28B.15.031 and 1996 c 142 s 2 are each amended to read as follows:

The term "operating fees" as used in this chapter shall include the fees, other than building fees, charged all students registering at the state's colleges and universities but shall not include surcharges for excess credit under section 2 of this act, or fees for short courses, self-supporting degree credit programs and courses, marine station work, experimental station work, correspondence or extension courses, and individual instruction and student deposits or rentals, disciplinary and library fines, which colleges and universities shall have the right to impose, laboratory, gymnasium, health, technology and student activity fees, or fees, charges, rentals, and other income derived from any or all revenue producing lands, buildings and facilities of the colleges or universities heretofore or hereafter acquired, constructed or installed, including but not limited to income from rooms, dormitories, dining rooms, hospitals, infirmaries, housing or student activity buildings, vehicular parking facilities, land, or the appurtenances thereon, or such other special fees as may be established by any college or university board of trustees or regents from time to time. All moneys received as operating fees at any institution of higher education shall be deposited in a local account containing only operating fees revenue and related interest: PROVIDED, That a minimum of three and one-half percent of operating fees shall be retained by the institutions, except the technical colleges, for the purposes of RCW 28B.15.820. Local operating fee accounts shall not be subject to appropriation by the legislature or allotment procedures under chapter 43.88 RCW.

**Sec. 6.** RCW 28B.15.065 and 1977 ex.s. c 322 s 6 are each amended to read as follows:

It is the intent of the legislature that needy students not be deprived of access to higher education due to increases in educational costs or consequent increases in tuition and fees. It is the sense of the legislature that state appropriations for student financial aid be adjusted in an amount which together with funds estimated to be available in the form of basic educational opportunity grants as authorized under Section 411 of the federal Higher Education Act of 1965 as now or hereafter amended will equal ~~((twenty-four))~~ or exceed thirty percent of any change in revenue estimated to occur as a result of revisions in tuition and fee levels under the provisions of ~~((this 1977 amendatory act))~~ chapter 322, Laws of 1977 ex. sess..

**Sec. 7.** RCW 28B.15.066 and 1995 1st sp.s. c 9 s 3 are each amended to read as follows:

It is the intent of the legislature that:

In making appropriations from the state's general fund to institutions of higher education, each appropriation shall conform to the following:

(1) The appropriation shall not be reduced by the amount of operating fees revenue estimated to be collected from students enrolled at the state-funded enrollment level specified in the omnibus biennial operating appropriations act;

(2) The appropriation shall not be reduced by the amount of operating fees revenue collected from students enrolled above the state-funded level, but within the over-enrollment limitations, specified in the omnibus biennial operating appropriations act; ~~((and))~~

(3) The general fund state appropriation shall not be reduced by the amount of operating fees revenue collected as a result of waiving less operating fees revenue than the amounts authorized under RCW 28B.15.910; and

(4) The appropriation shall not be reduced or increased as a result of adjustments during the 1997-98 and 1998-99 academic years of tuition fees rates above or below the forecasted growth rate of the implicit price deflator as reported by the forecast council in the November 1996 revenue and economic forecast.

(4) For each of the 1997-98 and 1998-99 academic years, the governing boards of the state universities, the regional universities, and The Evergreen State College, and, for the community colleges as a whole, the state board for community and technical colleges, may adjust the tuition fees rates in subsection (2) of this section for full-time students subject to the following limitations:

(a) Tuition fees rates for resident undergraduate students and other resident students not in first-professional, graduate, or law programs may be adjusted by a maximum rate above or below the rates charged to students in that tuition category during the previous year. The maximum rate shall be the five-year rolling average of per capita personal income contained in the even-year September Washington economic and revenue forecast by the office of the forecast council, rounded up to the nearest whole number. For any given academic year, the rolling average of per capita personal income shall be computed using the five-year period that ends with the fiscal year that corresponds with the academic year;

This requirement is in addition to the deposit requirements of the institutional financial aid fund under RCW 28B.15.820.

The superintendent of public instruction shall develop guidelines for determining what constitutes a significant financial impact in consultation with the chairs of the fiscal and education committees in the house of representatives and senate and school district officials. The guidelines must be developed by November 1, 1997.

**NEW SECTION. Sec. 11. APPEAL TO THE SUPERINTENDENT OF PUBLIC INSTRUCTION.** If a sponsor or an alternate sponsor rejects a charter application, the applicant may submit a motion for appeal within thirty days to the superintendent of public instruction. The superintendent of public instruction may select and convene a review panel to review the appeal, to work with the sponsor or alternate sponsor and the applicant to reach an agreement, to provide assistance to the applicant to improve the application, and to make a recommendation to the superintendent regarding the appeal. The superintendent shall conduct the review using the substantial evidence test. If the superintendent of public instruction approves an application to a school district sponsor, the school district sponsor shall enter into a charter with the applicant. If the superintendent denies an appeal from a rejection of the application by a school district, the applicant may not apply to an alternate sponsor. The superintendent of public instruction may not require an alternate sponsor to enter into a charter with an applicant.

**NEW SECTION. Sec. 12. STUDY OF CHARTER SCHOOLS.** The Washington institute of public policy shall study the implementation and effectiveness of this act. The institute shall make recommendations to the legislature about the effectiveness of charter schools and the impact of charter schools. The institute shall also recommend changes to chapter 28A.-- RCW (sections 1 through 11, 13 through 21, 28, and 29 of this act) including improvements that could be made to the application and approval process. A preliminary report of the study is due to the legislature by September 1, 1999, and a final report is due September 1, 2001.

**NEW SECTION. Sec. 13. CHARTER AGREEMENT--AMENDMENT.** (1) A charter application approved by a sponsor or an alternate sponsor with any changes made during the application process constitutes a charter.

(2) A charter may be amended during its term at the request of either party and on the mutual approval of both the charter school board of directors and the sponsor or the alternate sponsor.

**NEW SECTION. Sec. 14. CHARTER RENEWAL AND REVOCATION.** (1) An approved plan to establish a charter school is effective for five years from the first day of operation. At the conclusion of the first three and one-half years of operation, the charter school may apply to the sponsor or alternate sponsor, as applicable, for renewal. A request for renewal must be submitted no later than six months before the expiration of the charter.

(2) A charter school renewal application must include:

(a) A report on the progress of the charter school in achieving the goals, student performance standards, and other terms of the charter; and

(b) A financial statement that discloses the costs of administration, instruction, and other expenditure objects and activities of the charter school.

(3) The sponsor or alternate sponsor may reject the application for renewal if, in its judgment, any of the following occurred:

(a) The charter school materially violated its contract with the sponsor or alternate sponsor, as set forth in the charter;

(b) The students enrolled in the charter school failed to meet or make reasonable progress toward achievement of the student performance standards identified in the charter;

(c) The charter school failed to meet generally accepted standards of fiscal management; or

(d) The charter school violated provisions in law that have not been waived in accordance with this chapter.

(4) A sponsor or alternate sponsor shall give written notice of its intent not to renew the charter school's request for renewal to the charter school within one month of the request for renewal to allow the charter school an opportunity to correct identified deficiencies in its operation. At the request of the board of directors of the charter school, the sponsor or alternate sponsor shall review its decision for nonrenewal after the charter school has corrected any identified deficiencies. The sponsor or alternate sponsor must issue a decision within sixty days.

(5) The sponsor or alternate sponsor may revoke a previously approved charter before the expiration of the term of the charter, and before application for renewal, for any of the reasons specified in subsection (3) of this section. Except in cases of emergency where the health and safety of children are at risk, a charter may not be revoked unless the sponsor or alternate sponsor first provides written notice of the specific violations alleged, a public hearing, and a reasonable opportunity for the charter school to correct the identified areas of concern. The sponsor or alternate sponsor of a charter school shall provide for an appeal process upon a determination by the sponsor or alternate sponsor that grounds exist to revoke a charter.

**NEW SECTION. Sec. 15. FUNDING.** (1) When the sponsor is a school district:

(a) For purposes of funding, students in charter schools shall be considered students of the sponsoring district for general fund apportionment purposes. The sponsoring school district shall provide funding for charter schools on a per student basis in amounts the schools would have received if the students were enrolled in a noncharter school in the district except that a charter school shall not generate eligibility for small school assistance. Funding for charter schools shall include regular apportionment, categorical, nonbasic education, and maintenance and operating levy funds, as appropriate;

(b) No local levy moneys approved by the voters before the effective date of a charter between a school district and an applicant may be allocated to a charter school unless the sponsoring school district determines it has received sufficient authority from voters to allocate maintenance and operation excess tax levy money to the charter school. For levies approved after the effective date of a charter, charter schools shall be included in levy planning, budgets, and funding distribution in the same manner as other schools in the district; and

(c) A charter school is eligible for state matching funds for common school construction if a sponsoring school district determines it has received voter approval of local capital funds for the project.

(2)(a) The superintendent of public instruction shall develop recommendations for funding charter schools sponsored by alternate sponsors. The superintendent shall submit the recommendations to the education and fiscal committees of the house of representatives and senate by November 1, 1998.

(b) No local levy money may be allocated to a charter school if the charter school is sponsored by an alternate sponsor.

**NEW SECTION. Sec. 16. ADMINISTRATION FEE.** To offset costs of oversight and administering the charter, a sponsor may retain up to three percent of state funding and local excess levy funding, if applicable, that is being driven to the charter school. Except for the administration fee in this section, no other offsets or deductions are allowed, whether for central administration or other off-site support services, from a charter school's per-pupil share of state appropriations, local levies, or other funds, unless the charter school has contracted with a school district to obtain specific additional services.

**NEW SECTION. Sec. 17. CHARTER SCHOOL LOAN ACCOUNT.** (1) The charter school loan account is created in the custody of the state treasurer. All receipts from appropriations shall be deposited into the account. Expenditures from the account may be used only to provide financial loans to approved charter schools for start-up costs. Charter schools may receive up to two hundred fifty dollars per student for start-up costs. Only the superintendent of public instruction or the superintendent's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(2) Start-up moneys shall be distributed to schools with approved charters on a first-come, first-served basis. The charter school must repay the loan within five years. Interest shall be fixed at one-half percentage point above the United States thirty-year treasury bill rate in effect at the time of the loan.

**NEW SECTION. Sec. 18. RULES--LOANS.** The office of the superintendent of public instruction shall adopt rules to implement section 17 of this act.

If an applicant for a charter school receives a loan under section 17 of this act and fails to begin operating a charter school within the next eighteen months, the applicant must immediately reimburse the office of the superintendent of public instruction for the amount of the loan.

**NEW SECTION. Sec. 19. LEAVES OF ABSENCE.** If a school district employee makes a written request for an extended leave of absence to work at a charter school, the school district shall grant the request. The school district may require that the request for a leave be made up to ninety days before the employee would otherwise have to report for duty. The leave shall be granted for up to three years. If the employee returns to the school district within the three-year period, the employee shall be hired before the district hires anyone else with fewer years of service, with respect to any position for which the returning employee is certificated or otherwise qualified.

**NEW SECTION. Sec. 20. CAPS ON CHARTER SCHOOLS.** (1) Except as provided in subsections (2) and (3) of this section, the maximum number of charters that may be granted state-wide in the first school year after the effective date of this section is twenty-five. The maximum number of charters that may be granted in the first two school years after the effective date of this section is fifty. The total number of charters that may be granted under this chapter is fifty.

(2) The cap on charter schools shall not apply to public schools that convert to charter schools.

(3) Neither a school district nor an alternate sponsor may sponsor a charter school in a school district with a student enrollment of less than one thousand students until June 1, 2000.

(4) For purposes of monitoring compliance with this section and providing information to new charter school applicants, the superintendent of public instruction shall maintain a running total of the projected and actual enrollment at charter schools and the number of charters granted.

(5) For purposes of implementing this subsection, a sponsor or alternate sponsor shall notify the office of the superintendent of public instruction when it receives a charter school application, when it approves a charter school, and when a charter school is terminated. Once fifty charter schools are approved, the office of the superintendent of public instruction shall notify all school districts and potential alternate sponsors. The office of the superintendent of public instruction shall notify all school districts and potential alternate sponsors when additional charter schools may be approved due to charter school contract terminations.

**NEW SECTION. Sec. 21. LABOR RELATIONS.** (1) Employees of a charter school are public employees. It is the intent of the legislature that employees of a charter school may enter into collective bargaining agreements with the board of directors of the charter school under chapters 41.56 and 41.59 RCW, as applicable. Employees of a charter school may join an appropriate bargaining unit limited to the employees of the charter school or may join with an appropriate unit within the district or educational service district.

In determining, modifying or combining the bargaining unit, the commission shall consider the duties, skills, and working conditions of the educational employees; the history of collective bargaining; the extent of organization among the educational employees; and the desire of the educational employees; except that:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The health of the people of our state is a most important public concern. The state has an interest in assuring the continued existence of accessible, affordable health care facilities that are responsive to the needs of the communities in which they exist. The state also has a responsibility to protect the public interest in nonprofit hospitals and to clarify the responsibilities of local public hospital district boards with respect to public hospital district assets by making certain that the charitable and public assets of those hospitals are managed prudently and safeguarded consistent with their mission under the laws governing nonprofit and municipal corporations.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the Washington state department of health.

(2) "Hospital" means any entity that is: (a) Defined as a hospital in RCW 70.41.020 and is required to obtain a license under RCW 70.41.090; or (b) a psychiatric hospital required to obtain a license under chapter 71.12 RCW.

(3) "Acquisition" means an acquisition by a person of an interest in a nonprofit hospital, whether by purchase, merger, lease, gift, joint venture, or otherwise, that results in a change of ownership or control of twenty percent or more of the assets of the hospital, or that results in the acquiring person holding or controlling fifty percent or more of the assets of the hospital, but acquisition does not include an acquisition if the acquiring person: (a) Is a nonprofit corporation having a substantially similar charitable health care purpose as the nonprofit corporation from whom the hospital is being acquired, or is a government entity; (b) is exempt from federal income tax under section 501(c)(3) of the internal revenue code or as a government entity; and (c) will maintain representation from the affected community on the local board of the hospital.

(4) "Nonprofit hospital" means a hospital owned by a nonprofit corporation organized under Title 24 RCW.

(5) "Person" means an individual, a trust or estate, a partnership, a corporation including associations, limited liability companies, joint stock companies, and insurance companies.

**NEW SECTION. Sec. 3.** (1) A person may not engage in the acquisition of a nonprofit hospital without first having applied for and received the approval of the department under this chapter.

(2) An application must be submitted to the department on forms provided by the department, and at a minimum must include: The name of the hospital being acquired, the name of the acquiring person or other parties to the acquisition, the acquisition price, a copy of the acquisition agreement, a financial and economic analysis and report from an independent expert or consultant of the effect of the acquisition under the criteria in section 7 of this act, and all other related documents. The applications and all related documents are considered public records for purposes of chapter 42.17 RCW.

(3) The department shall charge an applicant fees sufficient to cover the costs of implementing this chapter. The fees must include the cost of the attorney general's opinion under section 6 of this act. The department shall transfer this portion of the fee, upon receipt, to the attorney general.

**NEW SECTION. Sec. 4.** (1) The department, in consultation with the attorney general, shall determine if the application is complete for the purposes of review. The department may find that an application is incomplete if a question on the application form has not been answered in whole or in part, or has been answered in a manner that does not fairly meet the question addressed, or if the application does not include attachments of supporting documents as required by section 3 of this act. If the department determines that an application is incomplete, it shall notify the applicant within fifteen working days after the date the application was received stating the reasons for its determination of incompleteness, with reference to the particular questions for which a deficiency is noted.

(2) Within five working days after receipt of a completed application, the department shall publish notice of the application in a newspaper of general circulation in the county or counties where the hospital is located and shall notify by first class United States mail, electronic mail, or facsimile transmission, any person who has requested notice of the filing of such applications. The notice must state that an application has been received, state the names of the parties to the agreement, describe the

contents of the application, and state the date by which a person may submit written comments about the application to the department.

**NEW SECTION. Sec. 5.** During the course of review under this chapter, the department shall conduct one or more public hearings, at least one of which must be in the county where the hospital to be acquired is located. At the hearings, anyone may file written comments and exhibits or appear and make a statement. The department may subpoena additional information or witnesses, require and administer oaths, require sworn statements, take depositions, and use related discovery procedures for purposes of the hearing and at any time prior to making a decision on the application.

A hearing must be held not later than forty-five days after receipt of a completed application. At least ten days' public notice must be given before the holding of a hearing.

**NEW SECTION. Sec. 6.** (1) The department shall provide the attorney general with a copy of a completed application upon receiving it. The attorney general shall review the completed application, and within forty-five days of the first public hearing held under section 5 of this act shall provide a written opinion to the department as to whether or not the acquisition meets the requirements for approval in section 7 of this act.

(2) The department shall review the completed application to determine whether or not the acquisition meets the requirements for approval in sections 7 and 8 of this act. Within thirty days after receiving the written opinion of the attorney general under subsection (1) of this section, the department shall:

- (a) Approve the acquisition, with or without any specific modifications or conditions; or
- (b) Disapprove the acquisition.

(3) The department may not make its decision subject to any condition not directly related to requirements in section 7 or 8 of this act, and any condition or modification must bear a direct and rational relationship to the application under review.

(4) A person engaged in an acquisition and affected by a final decision of the department has the right to an adjudicative proceeding under chapter 34.05 RCW. The opinion of the attorney general provided under subsection (1) of this section may not constitute a final decision for purposes of review.

(5) The department or the attorney general may extend, by not more than thirty days, any deadline established under this chapter one time during consideration of any application, for good cause.

**NEW SECTION. Sec. 7.** The department shall only approve an application if the parties to the acquisition have taken the proper steps to safeguard the value of charitable assets and ensure that any proceeds from the acquisition are used for appropriate charitable health purposes. To this end, the department may not approve an application unless, at a minimum, it determines that:

(1) The acquisition is permitted under chapter 24.03 RCW, the Washington nonprofit corporation act, and other laws governing nonprofit entities, trusts, or charities;

(2) The nonprofit corporation that owns the hospital being acquired has exercised due diligence in authorizing the acquisition, selecting the acquiring person, and negotiating the terms and conditions of the acquisition;

(3) The procedures used by the nonprofit corporation's board of trustees and officers in making its decision fulfilled their fiduciary duties, that the board and officers were sufficiently informed about the proposed acquisition and possible alternatives, and that they used appropriate expert assistance;

(4) No conflict of interest exists related to the acquisition, including, but not limited to, conflicts of interest related to board members of, executives of, and experts retained by the nonprofit corporation, acquiring person, or other parties to the acquisition;

(5) The nonprofit corporation will receive fair market value for its assets. The attorney general or the department may employ, at the expense of the acquiring person, reasonably necessary expert assistance in making this determination. This expense must be in addition to the fees charged under section 3 of this act;

(6) Charitable funds will not be placed at unreasonable risk, if the acquisition is financed in part by the nonprofit corporation;

(7) Any management contract under the acquisition will be for fair market value;

(8) The proceeds from the acquisition will be controlled as charitable funds independently of the acquiring person or parties to the acquisition, and will be used for charitable health purposes

consistent with the nonprofit corporation's original purpose, including providing health care to the disadvantaged, the uninsured, and the underinsured and providing benefits to promote improved health in the affected community;

(9) Any charitable entity established to hold the proceeds of the acquisition will be broadly based in and representative of the community where the hospital to be acquired is located, taking into consideration the structure and governance of such entity; and

(10) A right of first refusal to repurchase the assets by a successor nonprofit corporation or foundation has been retained if the hospital is subsequently sold to, acquired by, or merged with another entity.

**NEW SECTION. Sec. 8.** The department shall only approve an application if the acquisition in question will not detrimentally affect the continued existence of accessible, affordable health care that is responsive to the needs of the community in which the hospital to be acquired is located. To this end, the department shall not approve an application unless, at a minimum, it determines that:

(1) Sufficient safeguards are included to assure the affected community continued access to affordable care, and that alternative sources of care are available in the community should the acquisition result in a reduction or elimination of particular health services;

(2) The acquisition will not result in the revocation of hospital privileges;

(3) Sufficient safeguards are included to maintain appropriate capacity for health science research and health care provider education;

(4) The acquiring person and parties to the acquisition are committed to providing health care to the disadvantaged, the uninsured, and the underinsured and to providing benefits to promote improved health in the affected community. Activities and funding provided under section 7(8) of this act may be considered in evaluating compliance with this commitment; and

(5) Sufficient safeguards are included to avoid conflict of interest in patient referral.

**NEW SECTION. Sec. 9.** (1) The secretary of state may not accept any forms or documents in connection with any acquisition of a nonprofit hospital until the acquisition has been approved by the department under this chapter.

(2) The attorney general may seek an injunction to prevent any acquisition not approved by the department under this chapter.

**NEW SECTION. Sec. 10.** The department shall require periodic reports from the nonprofit corporation or its successor nonprofit corporation or foundation and from the acquiring person or other parties to the acquisition to ensure compliance with commitments made. The department may subpoena information and documents and may conduct onsite compliance audits at the acquiring person's expense.

If the department receives information indicating that the acquiring person is not fulfilling commitments to the affected community under section 8 of this act, the department shall hold a hearing upon ten days' notice to the affected parties. If after the hearing the department determines that the information is true, it may revoke or suspend the hospital license issued to the acquiring person pursuant to the procedure established under RCW 70.41.130, refer the matter to the attorney general for appropriate action, or both. The attorney general may seek a court order compelling the acquiring person to fulfill its commitments under section 8 of this act.

**NEW SECTION. Sec. 11.** The attorney general has the authority to ensure compliance with commitments that inure to the public interest.

**NEW SECTION. Sec. 12.** An acquisition of a hospital completed before the effective date of this act and an acquisition in which an application for a certificate of need under chapter 70.38 RCW has been granted by the department before the effective date of this act is not subject to this chapter.

**NEW SECTION. Sec. 13.** No provision of this chapter derogates from the common law or statutory authority of the attorney general.

**NEW SECTION. Sec. 14.** The department may adopt rules necessary to implement this chapter and may contract with and provide reasonable reimbursement to qualified persons to assist in determining whether the requirements of sections 7 and 8 have been met.

**Sec. 15.** RCW 70.44.007 and 1982 c 84 s 12 are each amended to read as follows:

As used in this chapter, the following words (~~shall~~) have the meanings indicated:

(1) (~~The words~~) "Other health care facilities" (~~shall~~) means nursing home, extended care, long-term care, outpatient and rehabilitative facilities, ambulances, and such other facilities as are appropriate to the health needs of the population served.

(2) (~~The words~~) "Other health care services" (~~shall~~) means nursing home, extended care, long-term care, outpatient, rehabilitative, health maintenance, and ambulance services and such other services as are appropriate to the health needs of the population served.

(3) "Public hospital district" or "district" means public health care service district.

**Sec. 16.** RCW 70.44.240 and 1982 c 84 s 19 are each amended to read as follows:

Any public hospital district may contract or join with any other public hospital district, any publicly owned hospital, any nonprofit hospital, any corporation, any other legal entity, or individual to acquire (~~or provide services or facilities~~), own, operate, manage, or provide any hospital or other health care facilities or hospital services or other health care services to be used by individuals, districts, hospitals, or others, including the providing of health maintenance services. If a public hospital district chooses to contract or join with another party or parties pursuant to the provisions of this chapter, it may do so through the establishment of a nonprofit corporation, partnership, limited liability company, or other legal entity of its choosing in which the public hospital district and the other party or parties participate. The governing body of such legal entity shall include representatives of the public hospital district, including members of the public hospital district's board of commissioners. A public hospital district contracting or joining with another party pursuant to the provisions of this chapter may appropriate funds and may sell, lease, or otherwise provide property, personnel, and services to the legal entity established to carry out the contract or joint activity.

**Sec. 17.** RCW 70.44.300 and 1984 c 103 s 4 are each amended to read as follows:

(1) The board of commissioners of any public hospital district may sell and convey at public or private sale real property of the district (~~which~~) if the board (~~has determined~~) determines by resolution that the property is no longer required for public hospital district purposes or determines by resolution that the sale of the property will further the purposes of the public hospital district. (~~Such sale and conveyance may be by deed or real estate contract.~~)

(2) Any sale of district real property authorized pursuant to this section shall be preceded, not more than one year prior to the date of sale, by market value appraisals by three licensed real estate brokers or professionally designated real estate appraisers as defined in RCW 74.46.020 or three independent experts in valuing health care property, selected by the board of commissioners, and no sale shall take place if the sale price would be less than ninety percent of the average of such appraisals.

(3) When the board of commissioners of any public hospital district proposes a sale of district real property pursuant to this section and the value of the property exceeds one hundred thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper of general circulation within the public hospital district. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the proposal to dispose of the public hospital district property at the place and the day and hour fixed in the notice and consider evidence offered for and against the propriety and advisability of the proposed sale.

(4) If in the judgment of the board of commissioners of any district the sale of any district real property not needed for public hospital district purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded. The fee or commissions charged for any broker service shall not exceed seven percent of the resulting sale price for a single parcel. No licensed real estate broker or professionally designated real estate appraisers as defined in RCW 74.46.020 or independent expert in valuing health care property selected by the board to appraise the market value of a parcel of property

to be sold may be a party to any contract with the public hospital district to sell such property for a period of three years after the appraisal.

**NEW SECTION. Sec. 18.** A new section is added to chapter 70.44 RCW to read as follows:

(1) When evaluating a potential acquisition, the commissioners shall determine their compliance with the following requirements:

(a) That the acquisition is authorized under chapter 70.44 RCW and other laws governing public hospital districts;

(b) That the procedures used in the decision-making process allowed district officials to thoroughly fulfill their due diligence responsibilities as municipal officers, including those covered under chapter 42.23 RCW governing conflicts of interest and chapter 42.20 RCW prohibiting malfeasance of public officials;

(c) That the acquisition will not result in the revocation of hospital privileges;

(d) That sufficient safeguards are included to maintain appropriate capacity for health science research and health care provider education;

(e) That the acquisition is allowed under Article VIII, section 7 of the state Constitution, which prohibits gifts of public funds or lending of credit and Article XI, section 14, prohibiting private use of public funds;

(f) That the public hospital district will retain control over district functions as required under chapter 70.44 RCW and other laws governing hospital districts;

(g) That the activities related to the acquisition process complied with chapters 42.17 and 42.32 RCW, governing disclosure of public records, and chapter 42.30 RCW, governing public meetings;

(h) That the acquisition complies with the requirements of RCW 70.44.300 relating to fair market value; and

(i) Other state laws affecting the proposed acquisition.

(2) The commissioners shall also determine whether the public hospital district should retain a right of first refusal to repurchase the assets by the public hospital district if the hospital is subsequently sold to, acquired by, or merged with another entity.

(3)(a) Prior to approving the acquisition of a district hospital, the board of commissioners of the hospital district shall obtain a written opinion from a qualified independent expert or the Washington state department of health as to whether or not the acquisition meets the standards set forth in section 8 of this act.

(b) Upon request, the hospital district and the person seeking to acquire its hospital shall provide the department or independent expert with any needed information and documents. The department shall charge the hospital district for any costs the department incurs in preparing an opinion under this section. The hospital district may recover from the acquiring person any costs it incurs in obtaining the opinion from either the department or the independent expert. The opinion shall be delivered to the board of commissioners no later than ninety days after it is requested.

(c) Within ten working days after it receives the opinion, the board of commissioners shall publish notice of the opinion in at least one newspaper of general circulation within the hospital district, stating how a person may obtain a copy, and giving the time and location of the hearing required under (d) of this subsection. It shall make a copy of the report and the opinion available to anyone upon request.

(d) Within thirty days after it received the opinion, the board of commissioners shall hold a public hearing regarding the proposed acquisition. The board of commissioners may vote to approve the acquisition no sooner than thirty days following the public hearing.

(4)(a) For purposes of this section, "acquisition" means an acquisition by a person of any interest in a hospital owned by a public hospital district, whether by purchase, merger, lease, or otherwise, that results in a change of ownership or control of twenty percent or more of the assets of a hospital currently licensed and operating under RCW 70.41.090. Acquisition does not include an acquisition where the other party or parties to the acquisition are nonprofit corporations having a substantially similar charitable health care purpose, organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code, or governmental entities. Acquisition does not include an acquisition where the other party is an organization that is a limited liability corporation, a partnership, or any other legal entity and the members, partners, or otherwise designated controlling parties of the organization are all nonprofit corporations having a charitable health care purpose, organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code, or

governmental entities. Acquisition does not include activities between two or more governmental organizations, including organizations acting pursuant to chapter 39.34 RCW, regardless of the type of organizational structure used by the governmental entities.

(b) For purposes of this subsection (4), "person" means an individual, a trust or estate, a partnership, a corporation including associations, a limited liability company, a joint stock company, or an insurance company.

NEW SECTION. Sec. 19. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 20. Sections 1 through 14 of this act constitute a new chapter in Title 70 RCW.

SB 5340 Prime Sponsor, Senator Hochstatter: Changing probation provisions for certificated educational employees. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.405.100 and 1994 c 115 s 1 are each amended to read as follows:

(1) The superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

Except as provided in subsection (5) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

~~(Every)~~ At any time after October 15th, an employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of ((stated)) the specific areas of deficiencies along with a ((suggested specific and)) reasonable program for improvement ((on or before February 1st of each year)). During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established ((beginning on or before February 1st and ending no later than May 1st)). The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be

removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement ~~((shall be))~~ during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

~~((The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.405.300.))~~

Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) of this section may be used as a basis for determining that an employee's work is unsatisfactory under subsection (1) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise."

**Sec. 2.** RCW 43.163.210 and 1996 c 310 s 1 are each amended to read as follows:

For the purpose of facilitating economic development in the state of Washington and encouraging the employment of Washington workers at meaningful wages:

- (1) The authority may develop and conduct a program or programs to provide nonrecourse revenue bond financing ~~((for the project costs for no more than five economic development activities, per fiscal year, included under the authority's general plan of economic development finance objectives. In addition, the authority may issue tax exempt bonds to finance ten manufacturing or processing activities, per fiscal year, for which the total project cost is less than one million dollars per project)).~~
- (2) The authority may ~~((also))~~ develop and conduct a program that will stimulate and encourage the development of new products within Washington state by the infusion of financial aid for invention and innovation in situations in which the financial aid would not otherwise be reasonably available from commercial sources. The authority is authorized to provide nonrecourse revenue bond financing for this program.

- (a) For the purposes of this program, the authority shall have the following powers and duties:
- (i) To enter into financing agreements with eligible persons doing business in Washington state, upon terms and on conditions consistent with the purposes of this chapter, for the advancement of financial and other assistance to the persons for the development of specific products, procedures, and techniques, to be developed and produced in this state, and to condition the agreements upon contractual assurances that the benefits of increasing or maintaining employment and tax revenues shall remain in this state and accrue to it;

- (b) Eligible persons seeking financial and other assistance under this program shall forward an application, together with an application fee prescribed by rule, to the authority. An investigation and report concerning the advisability of approving an application for assistance shall be completed by the staff of the authority. The investigation and report may include, but is not limited to, facts about the company under consideration as its history, wage standards, job opportunities, stability of employment, past and present financial condition and structure, pro forma income statements, present and future markets and prospects, integrity of management as well as the feasibility of the proposed product and invention to be granted financial aid, including the state of development of the product as well as the likelihood of its commercial feasibility. After receipt and consideration of the report set out in this subsection and after other action as is deemed appropriate, the application shall be approved or denied by the authority. The applicant shall be promptly notified of action by the authority. SB 5361 Prime Sponsor, Senator Wood: Regulating charter use of Washington state ferries. Reported by Committee on Transportation Policy & Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that when established route operations and normal user requirements are not disrupted Washington state ferries may be used for the transportation of hazardous materials under the chartering procedures and rates described in section 2 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 47.60 RCW to read as follows:

(1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible.

(2) Consistent with the policy as established in subsection (1) of this section, the general manager of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington state ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus fifty percent of such actual costs rounded to the nearest fifty dollars. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.

(c) Recognizing the need for stabilized charter rates in order to encourage use of vessels, rates must be established and revised July 1st of each year and must remain fixed for a one-year period unless actual vessel operating costs increase five percent or more within that year, in which case the charter rates must be revised in accordance with (b) of this subsection.

(d) All charter agreements must be in writing and substantially in the form of (e) of this subsection and available, with calculations, for inspection by the legislature and the public.

(e) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage.

"CHARTER CRUISE AGREEMENT

On this . . . . day of . . . ., . . . ., Washington State Ferries (WSF) and . . . ., hereinafter called Lessee, enter into this agreement for rental of a ferry vessel for the purpose of a charter voyage to be held on . . . ., the parties agree as follows:

1. WSF agrees to supply the vessel . . . . (subject to change) for the use of the Lessee from the period from . . . . to . . . . on . . . . (date).

2. The maximum number of passengers; or in the case of hazardous materials transports, trucks and trailers; that will be accommodated on the assigned vessel is . . . . This number MAY NOT be exceeded.

3. The voyage will originate at . . . ., and the route of travel during the voyage will be as follows:

4. The charge for the above voyage is . . . . dollars (\$ . . .) plus a property damage deposit of \$350 for a total price of \$ . . ., to be paid by cashier's check three working days before the date of the voyage at the offices of the WSF at Seattle Ferry Terminal, Pier 52, Seattle, Washington, 98104. The Lessee remains responsible for property damage in excess of \$350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, providing equipment, or any food service.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. If the Lessee or any of the voyage patrons will possess or consume alcoholic beverages aboard the vessel, the Lessee must obtain the appropriate licenses or permits from the Washington State Liquor Control Board. The Lessee must furnish copies of any necessary licenses or permits to WSF at the same time payment for the voyage is made. Failure to comply with applicable laws, rules, and regulations of appropriate State and Federal agencies is cause for immediate termination of the voyage, and WSF shall retain all payments made as liquidated damages.

8. WSF is not obligated to provide shoreside parking for the vehicles belonging to voyage patrons.

9. The Lessee recognizes that the primary function of the WSF is for the cross-Sound transportation of the public and the maintaining of the existing schedule. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.

10. The Lessee agrees to hold WSF harmless from, and shall process and defend at its own expense, all claims, demands, or suits at law or equity, of whatever nature brought against WSF arising in whole or in part from the performance of provisions of this agreement. This indemnity provision does not require the Lessee to defend or indemnify WSF against any action based solely on the alleged negligence of WSF.

11. This writing is the full agreement between the parties.

The term "appraisal assignment" may apply to valuation work and analysis work.

(4) "Brokers price opinion" means an oral or written report of property value that is prepared by a real estate broker or salesperson licensed under chapter 18.85 RCW (~~for listing, sale, purchase, or rental purposes~~).

(5) "Certified appraisal" means an appraisal prepared or signed by a state-certified real estate appraiser. A certified appraisal represents to the public that it meets the appraisal standards defined in this chapter.

(6) This section does not apply to an appraisal or an appraisal review performed for a financial institution or mortgage broker ~~((, whether conducted))~~ by an employee ~~((or third party))~~, when such appraisal or appraisal review is not required to be performed by a state-certified or state-licensed real estate appraiser by the appropriate federal financial institutions regulatory agency.

ESSB 5762 Prime Sponsor, Committee on Commerce & Labor: Benefitting the equine industry.  
Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that Washington's equine racing industry creates economic, environmental, and recreational impacts across the state affecting agriculture, horse breeding, the horse training industry, agricultural fairs and youth programs, and tourism and employment opportunities. The Washington equine industry has incurred a financial decline coinciding with increased competition from the gaming industry in the state and from the lack of a class 1 racing facility in western Washington from 1993 through 1995. This act is necessary to preserve, restore, and revitalize the equine breeding and racing industries and to preserve in Washington the economic and

social impacts associated with these industries. Preserving Washington's equine breeding and racing industries, and in particular those sectors of the industries that are dependent upon live horse racing, is in the public interest of the state. The purpose of this act is to preserve Washington's equine breeding and racing industries and to protect these industries from adverse economic impacts. This act does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before the effective date of this act. Therefore, this act does not allow gaming of any nature or scope that was prohibited before the effective date of this act.

**Sec. 2.** RCW 67.16.050 and 1985 c 146 s 3 are each amended to read as follows:

Every person making application for license to hold a race meet, under the provisions of this chapter shall file an application with the commission which shall set forth the time, the place, the number of days such meet will continue, and such other information as the commission may require. The commission shall be the sole judge of whether or not the race meet shall be licensed and the number of days the meet shall continue. No person who has been convicted of any crime involving moral turpitude shall be issued a license, nor shall any license be issued to any person who has violated the terms or provisions of this chapter, or any of the rules and regulations of the commission made pursuant thereto, or who has failed to pay to the commission any or all sums required under the provisions of this chapter. The license shall specify the number of days the race meet shall continue and the number of races per day, which shall ~~((be))~~ include not less than six nor more than eleven live races per day, and for which a fee shall be paid daily in advance of five hundred dollars for each live race day for those ~~((meets))~~ licensees which had gross receipts from parimutuel machines in excess of fifty million dollars in the previous year and two hundred dollars for each day for meets which had gross receipts from parimutuel machines at or below fifty million dollars in the previous year; in addition any newly authorized live race meets shall pay two hundred dollars per day for the first year: PROVIDED, That if unforeseen obstacles arise, which prevent the holding, or completion of any race meet, the license fee for the meet, or for a portion which cannot be held may be refunded the licensee, if the commission deems the reasons for failure to hold or complete the race meet sufficient. Any unexpired license held by any person who violates any of the provisions of this chapter, or any of the rules or regulations of the commission made pursuant thereto, or who fails to pay to the commission any and all sums required under the provisions of this chapter, shall be subject to cancellation and revocation by the commission. Such cancellation shall be made only after a summary hearing before the commission, of which three days' notice, in writing, shall be given the licensee, specifying the grounds for the proposed cancellation, and at which hearing the licensee shall be given an opportunity to be heard in opposition to the proposed cancellation.

**Sec. 3.** RCW 67.16.105 and 1995 c 173 s 2 are each amended to read as follows:

(1) Licensees of race meets that are nonprofit in nature, are of ten days or less, and have an average daily handle of one hundred twenty thousand dollars or less shall withhold and pay to the commission daily for each authorized day of racing one-half percent of the daily gross receipts from all parimutuel machines at each race meet.

(2) Licensees ~~((of race meets))~~ that do not fall under subsection (1) of this section shall withhold and pay to the commission ~~((daily for each authorized day of racing))~~ the following applicable percentage of all daily gross receipts from ~~((all))~~ its in-state parimutuel machines ~~((at each race meet))~~:

(a) If the daily gross receipts of all its in-state parimutuel machines are more than two hundred fifty thousand dollars, the licensee shall withhold and pay to the commission daily two and one-half percent of the daily gross receipts; and

(b) If the daily gross receipts of all its in-state parimutuel machines are two hundred fifty thousand dollars or less, the licensee shall withhold and pay to the commission daily one percent of the daily gross receipts.

(3) In addition to those amounts in subsections (1) and (2) of this section, ~~((all))~~ a licensee(s) shall forward one-tenth of one percent of the daily gross receipts of all its in-state parimutuel machines to the commission ~~((daily))~~ for payment to those nonprofit race meets as set forth in RCW 67.16.130 and subsection (1) of this section, but said percentage shall not be charged against the licensee~~((s. The~~

~~total of such payments shall not exceed one hundred fifty thousand dollars in any one year and any amount in excess of one hundred fifty thousand dollars shall be remitted to the general fund)).~~

Payments to nonprofit race meets under this subsection shall be distributed on a pro rata per-race-day basis and used only for purses at race tracks that have been operating under RCW 67.16.130 and subsection (1) of this section for the five consecutive years immediately preceding the year of payment.

~~((4) In addition to those sums paid to the commission in subsection (2) of this section, licensees who are nonprofit corporations and have race meets of thirty days or more shall retain and dedicate: (a) An amount equal to one and one quarter percent of the daily gross receipts of all parimutuel machines at each race meet to be used solely for the purpose of increasing purses; and (b) an amount equal to one and one quarter percent of the daily gross receipts of all parimutuel machines at each race meet to be deposited in an escrow or trust account and used solely for construction of a new thoroughbred race track facility in western Washington. Said percentages shall come from that amount the licensee is authorized to retain under RCW 67.16.170(2). The commission shall adopt such rules as may be necessary to enforce this subsection.~~

~~(5) In the event the new race track is not constructed before January 1, 2001, all funds including interest, remaining in the escrow or trust account established in subsection (4) of this section, shall revert to the state general fund.))~~

**Sec. 4.** RCW 67.16.200 and 1991 c 270 s 10 are each amended to read as follows:

(1) A racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering on its program at a satellite location or locations within the state of Washington. The sale of parimutuel pools at satellite locations shall be conducted only during the licensee's race meet and simultaneous to all parimutuel wagering activity conducted at the licensee's live racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location((-

~~(b) The commission shall not allow a licensee to conduct satellite wagering at a satellite location within twenty ground miles of the licensee's racing facility. For purposes of this section, "ground miles" means miles measured from point to point in a straight line.~~

~~(c)(i) The commission may allow a licensee to conduct satellite wagering at a satellite location within fifty ground miles of the racing facility of another licensee who conducts race meets of thirty days or more, but only if the satellite location is the racing facility of another licensee who conducts race meets of thirty days or more and only if the licensee seeking to conduct satellite wagering suspends its program during the conduct of the meets of all licensees within fifty ground miles; except that the commission may allow a licensee that conducts satellite wagering at another track, pursuant to this subsection, to use other satellite locations, used by that track with the approval of the owner of that track, even though those satellite locations are within a fifty ground mile radius.~~

~~(ii) Subject to subsection (1)(c)(i) of this section, the commission may allow a licensee to conduct satellite wagering at a satellite location within fifty ground miles of the racing facility of another licensee who conducts race meets of under thirty days, but only if the licensee seeking to conduct satellite wagering suspends its satellite program during the conduct of the meets of all licensees within fifty ground miles)). A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and~~

~~(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.~~

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and

67.16.175. A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen's purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen's purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen's purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in an interstate common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

(b) During the conduct of its race meeting, a class 1 racing association may be allowed to import no more than one simulcast race card program during each live race day. A licensed racing association may also be approved to import one simulcast race of regional or national interest on each live race day. A class 1 racing association may be permitted to import two simulcast programs on two nonlive race days per each week during its live meet. A licensee shall not operate parimutuel wagering on more than five days per week. Parimutuel wagering on imported simulcast programs shall only be conducted at the live racing facility of a class 1 racing association.

(c) The commission may allow simulcast races of regional or national interest to be sent to satellite locations. The simulcasts shall be limited to one per day except for Breeder's Cup special events day.

(d) When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

(e) When not conducting a live race meeting, a class 1 racing association may be approved to conduct simulcast parimutuel wagering on imported simulcast races. The conduct of simulcast parimutuel wagering on the simulcast races shall be for not more than twelve hours during any twenty-four hour period, for not more than five days per week and only at its live racing facility.

(f) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen's purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing the race.

(7) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission which conducts during each twelve-month period at least forty days of live racing

within four successive calendar months. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status.

(8) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before the effective date of this act. Therefore, this section does not allow gaming of any nature or scope that was prohibited before the effective date of this act. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.

NEW SECTION. Sec. 5. The following acts or parts of acts are each repealed:

- (1) RCW 67.16.190 and 1985 c 146 s 12 & 1981 c 70 s 3; and
- (2) RCW 67.16.250 and 1994 c 159 s 3 & 1991 c 270 s 12.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 51.44.170 and 1991 sp.s. c 13 s 29 are each amended to read as follows:

The industrial insurance premium refund account is created in the custody of the state((treasury)) treasurer. All industrial insurance refunds earned by state agencies or institutions of higher education under the state fund retrospective rating program shall be deposited into the account. ~~((Moneys in the account may be spent only after appropriation))~~ The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account. Only the executive head of the agency or institution of higher education, or designee, may authorize expenditures from the account. No agency or institution of higher education may ~~((receive an appropriation))~~ make an expenditure from the account for an amount greater than the refund earned by the agency. If the agency or institution of higher education has staff dedicated to workers' compensation claims management, expenditures from the account must be used to pay for that staff, but additional expenditure from the account may be used for any program within an agency or institution of higher education((, but preference shall be given to programs)) that promotes or provides incentives for employee workplace safety and health and early, appropriate return-to-work for injured employees.

**Sec. 2.** 1990 c 204 s 1 (uncodified) is amended to read as follows:

The legislature finds that workplace safety in state employment is of paramount importance in maintaining a productive and committed state work force. The legislature also finds that recognition in state agencies and institutions of higher education of industrial insurance programs that provide safe working environments and promote early return-to-work for injured employees will encourage agencies and institutions of higher education to develop these programs. A purpose of this act is to provide incentives for agencies and institutions of higher education to participate in industrial insurance safety programs and return-to-work programs by authorizing use of the industrial insurance premium refunds earned by agencies or institutions of higher education participating in industrial insurance retrospective rating programs. Since agency and institution of higher education retrospective rating refunds are generated from safety performance and cannot be set at predictable levels determined by the budget process, the incentive awards should not impact an agency's or institution of higher education's legislatively approved budget."

**Washington Wildlife and Recreation Program (98-2-003)**

The appropriations in this section for the Washington wildlife and recreation program under chapter 43.98A RCW are subject to the following conditions and limitations:

(1) \$22,500,000 of the state building construction account appropriation shall be deposited in the outdoor recreation account and is hereby appropriated from the outdoor recreation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW.

(2) \$19,500,000 of the state building account appropriation and \$3,000,000 from the aquatic lands enhancement account appropriation shall be deposited in the habitat conservation account, and \$22,500,000 is hereby appropriated from the habitat conservation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW. Funds from the aquatic lands enhancement account appropriation shall be distributed to eligible water access projects under RCW 43.98A.050.

(3) The new appropriations in this section are provided for the approved list of projects included in LEAP CAPITAL DOCUMENT NO. 98-3 as developed on March 26, 1997, at 9:00 p.m., the pilot watershed plan implementation program under subsection (5) of this section, and for other projects approved by the legislature under RCW 43.98A.080 referencing this section.

(4) The legislature finds that, since the inception of the Washington wildlife and recreation program, over eighty-five percent of the moneys provided for the state parks category has been used for acquisition of property, and that demands for recreational facilities in state parks require that increased funding be devoted to development projects. The committee and the state parks and recreation commission shall ensure that at least forty percent of new funding provided for the state parks category during the 1997-99 biennium be allocated to development projects.

(5) \$4,000,000 of the habitat conservation account appropriation from the unallocated portion of the fund distribution under RCW 43.98A.040(1)(d) is provided solely for matching grants for riparian zone habitat protection projects that implement watershed plans pursuant to this subsection. The interagency committee for outdoor recreation shall develop a pilot watershed plan implementation program within the Washington wildlife and recreation program. The program shall provide matching grants to eligible agencies for implementation of riparian zone habitat protection projects within watershed restoration plans under RCW 89.08.460(1), watershed action plans developed pursuant to rules adopted by the Puget Sound water quality action team, or plans developed pursuant to chapter . . . , Laws of 1997 (Second Substitute House Bill No. 2054). Projects shall have a useful life of at least thirty years. Eligible agencies include conservation districts, counties, cities, and private nonprofit land trust or nature conservancy organizations. Projects eligible for funding under this section include acquisition of land using less-than-fee-simple instruments such as conservation easements and purchase of development rights; and habitat restoration and enhancement projects on such lands including fencing and revegetation of native trees and shrubs that enhance the long-term habitat values of protected lands. The committee shall develop an application process and project eligibility and evaluation criteria in consultation with the state conservation commission. The committee shall report to the appropriate committees of the legislature on the implementation of the pilot matching grant program. A preliminary status report shall be submitted by January 1, 1998, and a final report by January 1, 1999.

(6) Up to \$400,000 of the reappropriations in this section is provided to develop an inventory of all lands in the state owned by federal agencies, state agencies, local governments, and Indian tribes. The committee shall develop the inventory in a computer database format that will facilitate the sharing and reporting of inventory data and provide options for future updates. The inventory shall include, at a minimum, the following information: Owner, location, acreage, and principal use. The inventory shall also include resource-based information for state and federally-owned recreation and habitat lands. The committee shall submit a status report on the inventory to the appropriate committees of the legislature by January 1, 1999, and a final report by January 1, 2000.

(7) All land acquired by a state agency with moneys from these appropriations shall comply with class A, B, and C weed control provisions of chapter 17.10 RCW.

**NEW SECTION. Sec. 389. FOR SPECIAL LAND PURCHASES AND COMMON SCHOOL CONSTRUCTION**

**Special land purchases and common school construction (98-2-015)**

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided to the department of natural resources solely for the purposes of transferring from trust status certain trust lands of state-wide significance to state park, wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes, acquiring replacement timber trust lands, and providing funding for common school construction.

(2) The appropriation in this section is provided solely for the transfer of the following list of trust properties to the identified agency:

(a) Iron Horse/Bandera, King county, to the state parks and recreation commission;

(b) Kitsap Forest, Kitsap county, to the department of natural resources for natural area preserve purposes;

(c) Upper Sultan Basin, Snohomish county, to the department of natural resources for natural resource conservation area purposes;

(d) West Tiger Mountain, King county, to the department of natural resources for natural resource conservation area purposes.

The department shall transfer the first trust property and then allocate the remaining funds to the remaining properties in roughly equal shares.

(3) Land and timber transferred under this section shall be appraised and transferred at full market value. The department of natural resources shall attempt to maintain a minimum aggregate ratio of 85:15 timber-to-land value in these transactions. The value of the timber transferred shall be deposited by the department of natural resources in the same manner as timber revenues from other common school trust lands, except that no deduction shall be made for the resource management cost account. The value of the land transferred, not to exceed \$3,000,000, shall be deposited in the natural resources real property replacement account to be used for the acquisition of replacement timber lands solely to benefit the common school trust.

(4) All reasonable costs incurred by the department of natural resources to implement this section may be paid out of this appropriation, except that the costs of acquiring replacement timber lands shall be paid out of appropriations from the natural resources real property replacement account.

(5) The department shall use intergrant exchanges between common school and other trust lands of equal value to effect the purposes of this section if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) The department of natural resources and receiving agencies shall work in good faith to carry out the intent of this section. However, the board of natural resources or a receiving agency may reject a transfer of property if it is determined that the transfer is not in the interest of either the common school trust or the receiving agency.

(7) On June 30, 1999, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

**Jobs for the Environment (98-2-009)**

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations shall be used solely for the jobs for the environment program to achieve the following goals:

- (a) Restore and protect watersheds to benefit anadromous fish stocks, including critical or depressed stocks as determined by the department of fish and wildlife;

In recommending projects for funding the task force shall use the following criteria:

- (a) The extent to which the project, using best available science, addresses habitat factors limiting fish and wildlife populations;
- (b) The number, duration and quality of jobs to be created or retained by the project for displaced workers in natural resource impact areas;
- (c) The extent to which the project will help avoid the listing of threatened or endangered species or provides for the recovery of species already listed;
- (d) The extent to which the project will augment existing federal, state, tribal or local watershed planning efforts or completed watershed restoration and conservation plans;
- (e) The cost effectiveness of the project;
- (f) The availability of matching funds; and
- (g) The demonstrated ability of the project sponsors to administer the project.

(3) Funds expended shall be used for specific projects and not for ongoing operational costs. Eligible projects include, but are not limited to, closure or improvement of forest roads, repair of culverts, cleanup of stream beds, removal of fish barriers, installation of fish screens, fencing of streams, and construction and planting of fish cover. Funds may also be expended for planning, design, engineering, and monitoring of eligible projects.

**NEW SECTION. Sec. 704.** The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

**NEW SECTION. Sec. 705.** "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 1997, from the 1995-97 biennial appropriations for each project.

**NEW SECTION. Sec. 706.** To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

**NEW SECTION. Sec. 707.** If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives capital budget committee.

**NEW SECTION. Sec. 708.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

**NEW SECTION. Sec. 709.** Notwithstanding any other provisions of law, for the 1997-99 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continued obligation against the community college capital projects account until paid. **NEW SECTION. Sec. 710.** Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

**NEW SECTION. Sec. 711.** The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes which govern the grants.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (1) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

**NEW SECTION. Sec. 712.** To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section or in excess of \$5,000,000 shall not be expended until the office of financial management has reviewed and approved the agency's predesign and other documents and approved an allotment for the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house and senate. Reports will be submitted on July 1 and December 31 each year in a format to be developed by the office of financial management.

**NEW SECTION. Sec. 713.** Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations referring to this section until the allotment of the funds to be expended has been approved by the office of financial management. Projects that will be employing alternative public works construction procedures, under chapter 39.10 RCW, are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

**NEW SECTION. Sec. 714.** Appropriations for design and construction of facilities on higher education branch campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment

levels as established by the office of financial management in consultation with the higher education coordinating board.

**NEW SECTION. Sec. 715.** State agencies receiving appropriations from this act and from Senate Bill No. 5562 or Senate Bill No. 6091 (transportation budget) for land acquisition and environmental mitigation activities shall, to the extent feasible, coordinate those acquisitions and mitigation activities. When cost-effective and ecologically beneficial, the acquisition and development of environmental mitigation sites and activities, including but not limited to wetland banks and advance mitigation, should be provided in a manner that benefits both the department of transportation sites and activities and other agency sites and activities. The coordination of environmental mitigation shall also take into consideration the acquisitions and activities of local watershed groups. The coordination of environmental mitigation sites and activities is intended to improve ecological benefits gained from state expenditures, provide greater emphasis on shared natural resource management, and increase mitigation credit opportunities for the department of transportation. The activities of this section shall be carried out in a manner consistent with recommendations developed by a work group consisting of state agencies with substantial environmental mitigation related responsibilities. The office of financial management shall report to the fiscal committees of the senate and house of representatives and to the legislative transportation committee by December 1, 1998, on the results of the coordination of these environmental mitigation activities and make recommendations to further improve the coordination among state agencies to achieve better cost-efficiencies and ecological benefits.

**NEW SECTION. Sec. 717.** When authority has been delegated to a local health district or county to administer and enforce the well tagging, sealing, and decommissioning portions of the water well construction program, the department of ecology shall provide to the local health district or county 75 percent of the fee revenue generated from well construction fees for wells constructed in the delegated county.

**"NEW SECTION. Sec. 1.** A new section is added to chapter 48.18 RCW to read as follows:

(1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms. All commercial property casualty forms shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period

thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a policy form under subsection (3) of this section, the insurer shall amend any previously issued disapproved form by endorsement to comply with the commissioner's disapproval.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner.

**NEW SECTION.** **Sec. 2.** A new section is added to chapter 48.19 RCW to read as follows:

(1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall disapprove the filing and give notice to the insurer or rating organization that made the filing, specifying how the filing fails to meet the requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this section, the insurer shall issue an endorsement changing the rate to comply with the commissioner's disapproval from the date the rate is no longer effective.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner.

**Sec. 3.** RCW 48.18.100 and 1989 c 25 s 1 are each amended to read as follows:

(1) No insurance policy form other than surety bond forms, forms exempt under section 1 of this act, or application form where written application is required and is to be attached to the policy, or printed life or disability rider or endorsement form shall be issued, delivered, or used unless it has been filed with and approved by the commissioner. This section shall not apply to policies, riders or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(2) Every such filing containing a certification, in a form approved by the commissioner, by either the chief executive officer of the insurer or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the Washington Administrative Code, may be used by such insurer immediately after filing with the commissioner. The commissioner may order an insurer to cease using a certified form upon the grounds set forth in RCW 48.18.110. This subsection shall not apply to certain types of policy forms designated by the commissioner by rule.

(3) Except as provided in section 1 of this act, every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. At the expiration of such thirty days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional fifteen days the period within which he or she may so affirmatively approve or disapprove any such form, by giving notice of such extension before expiration of the initial thirty-day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may withdraw any such approval at any time for cause. By approval of any such form for immediate use, the commissioner may waive any unexpired portion of such initial thirty-day waiting period.

(4) The commissioner's order disapproving any such form or withdrawing a previous approval shall state the grounds therefor.

(5) No such form shall knowingly be so issued or delivered as to which the commissioner's approval does not then exist.

(6) The commissioner may, by order, exempt from the requirements of this section for so long as he or she deems proper, any insurance document or form or type thereof as specified in such order, to which in his or her opinion this section may not practicably be applied, or the filing and approval of which are, in his or her opinion, not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization shall adhere to the form filings made on its behalf by the organization. Deviations from such organization are permitted only when filed with the commissioner in accordance with this chapter.

**Sec. 4.** RCW 48.19.060 and 1989 c 25 s 5 are each amended to read as follows:

(1) The commissioner shall review a filing as soon as reasonably possible after made, to determine whether it meets the requirements of this chapter.

(2) Except as provided in RCW 48.19.070 and section 2 of this act:

(a) No such filing shall become effective within thirty days after the date of filing with the commissioner, which period may be extended by the commissioner for an additional period not to exceed fifteen days if he or she gives notice within such waiting period to the insurer or rating organization which made the filing that he or she needs such additional time for the consideration of the filing. The commissioner may, upon application and for cause shown, waive such waiting period or part thereof as to a filing that he or she has not disapproved.

(b) A filing shall be deemed to meet the requirements of this chapter unless disapproved by the commissioner within the waiting period or any extension thereof."

SSB 5077 Prime Sponsor, Committee on Agriculture & Environment: Requiring integrated pest management. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.  
Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature declares that it is the policy of the state of Washington to require all state agencies that have pest control responsibilities to follow the principles of integrated pest management.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

(1) "Integrated pest management" means a coordinated decision-making and action process that uses the most appropriate pest control methods and strategy in an environmentally and economically sound manner to meet agency programmatic pest management objectives. The elements of integrated pest management include:

- (a) Preventing pest problems;
- (b) Monitoring for the presence of pests and pest damage;
- (c) Establishing the density of the pest population, that may be set at zero, that can be tolerated or correlated with a damage level sufficient to warrant treatment of the problem based on health, public safety, economic, or aesthetic thresholds;
- (d) Treating pest problems to reduce populations below those levels established by damage thresholds using strategies that may include biological, cultural, mechanical, and chemical control methods and that must consider human health, ecological impact, feasibility, and cost-effectiveness; and

(e) Evaluating the effects and efficacy of pest treatments.

(2) "Pest" means, but is not limited to, any insect, rodent, nematode, snail, slug, weed, and any form of plant or animal life or virus, except virus, bacteria, or other microorganisms on or in a living person or other animal or in or on processed food or beverages or pharmaceuticals, which is normally considered to be a pest, or which the director of the department of agriculture may declare to be a pest.

**NEW SECTION. Sec. 3.** Each of the following state agencies or institutions shall implement integrated pest management practices when carrying out the agency's or institution's duties related to pest control:

- (1) The department of agriculture;
- (2) The state noxious weed control board;
- (3) The department of ecology;
- (4) The department of fish and wildlife;
- (5) The department of transportation;
- (6) The parks and recreation commission;
- (7) The department of natural resources;
- (8) The department of corrections;

- (9) The department of general administration; and
- (10) Each state institution of higher education, for the institution's own building and grounds maintenance.

NEW SECTION. Sec. 4. (1) A state agency or institution listed in section 3 of this act shall provide integrated pest management training for employees responsible for pest management. The training programs shall be developed in cooperation with the interagency integrated pest management coordinating committee created under section 5 of this act.

(2) A state agency or institution listed in section 3 of this act shall designate an integrated pest management coordinator and the department of labor and industries and the office of the superintendent of public instruction shall each designate one representative to serve on the committee established in section 5 of this act.

NEW SECTION. Sec. 5. (1) The interagency integrated pest management coordinating committee is created. The committee is composed of the integrated pest management coordinator from each agency or institution listed under section 3 of this act and the representatives designated under section 4 of this act. The coordinator from the department of agriculture shall serve as chair of the committee.

(2) The interagency integrated pest management coordinating committee shall share information among the state agencies and institutions and facilitate interagency coordination.

(3) The interagency integrated pest management coordinating committee shall meet at least two times a year. All meetings of the committee must be open to the public. The committee shall give public notice of each meeting.

(4) By November 30th of each odd-numbered year up to and including November 30th, 2001, the department of agriculture, with the advice of the interagency integrated pest management coordinating committee, shall prepare a report on the progress of integrated pest management programs. The report is to be made available through the state library and placed on the legislative alert list.

NEW SECTION. Sec. 6. If specific funding for the purposes of sections 3, 4, and 5 of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, sections 3, 4, and 5 of this act are null and void.

NEW SECTION. Sec. 7. Sections 1 through 5 of this act constitute a new chapter in Title 17 RCW."

ESB 5086 Prime Sponsor, Senator Roach: Prohibiting mandatory child support for postsecondary education of adult children. Reported by Committee on Law & Justice

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 26.19.090 and 1991 sp.s. c 28 s 7 are each amended to read as follows:

(1) The child support schedule shall ~~((be advisory and not mandatory for))~~ not apply to awards of postsecondary educational support.

(2) The court shall not order either or both parents to pay postsecondary educational support if both parents agree not to pay postsecondary educational expenses. The court may not enter an initial order of child support if the child is no longer dependent before the petition is filed.

(3) When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. Except as limited in subsections (4) and (5) of this section, the court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together. If the parents have other children who are dependent upon the parents for support, the court shall ensure that adequate provision is made for such children in determining whether and for how long to award postsecondary support.

~~((3))~~ (4) Unless the parents have entered into an agreement otherwise, postsecondary educational support shall not be awarded beyond the child's twenty-third birthday; beyond the child's completion of a four-year undergraduate college degree program; or during periods of nonenrollment. Regularly scheduled summer and vacation breaks are not periods of nonenrollment.

(5)(a) Postsecondary educational support shall not be awarded for amounts in excess of the highest cost at a Washington state public university for resident students for: (i) Tuition; (ii) books, fees, education supplies; and (iii) dormitory room and board when the child will actually incur dormitory room and board expenses.

(b) This subsection shall not apply when: (i) Parents have agreed to exceed these costs; or (ii) the child wishes to attend a private postsecondary educational institution, and the parents have agreed that the child should attend a private postsecondary educational institution, or either or both parents attended private postsecondary educational institutions, and either or both parents have the financial capability to pay for a private postsecondary education.

(6) The student shall have an affirmative obligation to seek financial aid through the postsecondary educational institution. The court shall consider any aid obtained in determining the parents' support obligation.

(7) The amount of support established may be apportioned between the parents on the basis of net income in the same manner as if the child was under age eighteen and receiving child support under this chapter.

(8) The court may adjust support for earnings of a child in excess of the amount necessary to support the child during periods of nonenrollment. The court may require the child to contribute financially to his or her educational expenses and support commensurate with the child's abilities and academic schedule.

(9) The court may order the child to notify each parent paying postsecondary educational support in writing regarding the child's academic plans, progress, and changes in academic schedule.

(10) Upon finding that the child willfully failed to provide the information required under subsection (12) of this section, the court may terminate or suspend support.

(11) The child must enroll in an accredited academic or vocational school, must be actively pursuing a course of study commensurate with the child's vocational goals, and must be in good academic standing as defined by the institution. The court-ordered postsecondary educational support shall be automatically suspended during the period or periods the child fails to comply with these conditions. For purposes of this subsection, "actively pursuing a course of study" means that the child completes the period of enrollment for which the parents have paid support. If the child fails for whatever reason to complete the academic period, the parents shall have no obligation to resume payment of support until the child has made up the incomplete period.

~~((4))~~ (12) The child shall also make available all academic records and grades to both parents as a condition of receiving postsecondary educational support. Each parent shall have full and equal access to the postsecondary education records as provided in RCW 26.09.225.

~~((5) The court shall not order the payment of postsecondary educational expenses beyond the child's twenty third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.~~

~~(6))~~ (13) The court shall direct that either or both parents' payments for postsecondary educational expenses be made directly to the educational institution if feasible. If direct payments are not feasible, then the court in its discretion may order that either or both parents' payments be made directly to the child if the child does not reside with either parent. If the child resides with one of the parents the court may direct that the parent making the support transfer payments make the payments to the child or to the parent who has been receiving the support transfer payments.

2SSB 5120 Prime Sponsor, Committee on Ways & Means: Providing for fish enhancement with remote site incubators. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that trout and salmon population levels are greatly below the carrying capacity of many state waters, and that reintroduction of both trout and salmon can be accomplished with the use of remote site incubators. Remote site incubators have been shown to be a cost-effective means of bypassing the early period of high mortality that is often experienced by salmonid eggs that are naturally spawned in streams with degraded habitat. In addition, remote site incubators provide an efficient method for reintroduction of fish into areas that are not fully seeded by natural spawn. The technology for remote site incubators is well developed, and their application is easily accomplished in a wide variety of habitat by persons with a moderate level of training.

It is a goal of the remote site incubator program to assist reestablishment of sustainable fish populations so that the populations may become naturally spawning in many cases. In other cases, primarily where spawning conditions are not optimal or where numbers of spawners are chronically low, the remote site incubator program may become a cost-effective long-term solution for supplementation and restoration of fish populations.

Another goal of the remote site incubator program is to provide a means of utilizing excess or surplus salmonid eggs which in the past would have been destroyed or not used in a way that would have rebuilt fish populations.

**NEW SECTION. Sec. 2.** (1) The department shall identify potential sites throughout the state and potential fish species for each site that are suitable for remote site incubators. The initial selection of sites shall be completed by July 1, 1998. Thereafter the site selection list shall be updated at least on an annual basis.

(2)(a) The director may use employees of the fish and wildlife construction crew to construct remote site incubators.

(b) The director shall purchase commercially available remote site incubators in cases in which it would be more economical to purchase remote site incubators rather than to build them with the construction crew.

(c) The director of fish and wildlife and the secretary of the department of corrections shall jointly investigate the potential of producing remote site incubators through the prison industries program of the department of corrections, and shall jointly report their finding to the natural resources committees of the house of representatives and the senate by December 1, 1998.

NEW SECTION. Sec. 3. (1) The department shall coordinate the implementation of the remote site incubator program throughout the state and shall make annual reports to the fish and wildlife commission on the progress of the program.

(2) The department shall fully involve and depend chiefly upon volunteer efforts to implement the remote site incubator program through the regional fisheries enhancement groups, volunteer cooperative groups, private nonprofit groups, treaty Indian tribes, and interested individuals.

(3) The director shall approve a remote site incubator project unless it is a direct threat to the salmonid resource. The director may prioritize remote site incubator projects within regional enhancement areas.

**"NEW SECTION. Sec. 1.** A new section is added to chapter 41.05 RCW to read as follows:

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(2) All state-purchased health care purchased or renewed after the effective date of this act, except the basic health plan described in chapter 70.47 RCW, shall provide benefits for at least the following services and supplies for persons with diabetes to the extent that benefits are available under the health benefit plan for similar services or supplies for other common illnesses and diseases:

restricting patients to seeing only health care providers who have signed participating provider agreements with that state agency or an insuring entity under contract with that state agency.

(3) Coverage required under this section may be subject to normal health plan structures and benefits options offered by the Washington state health care authority and the associated normal cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

ESB 5185 Prime Sponsor, Senator Horn: Revising procedures for growth management hearings boards. Reported by Committee on Government Reform & Land Use

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.70A.270 and 1996 c 325 s 1 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) ~~((The))~~ Each board may appoint one or more hearing examiners to assist the board in its hearing function, to make ~~((conclusions of law and))~~ findings of fact and, if requested by the board, to make recommendations to the board for advisory decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that ~~((final orders be issued))~~ advisory decisions be made within one hundred eighty days of board receipt of a petition. Each board may mediate disputes between counties or cities, over whether their comprehensive plans are coordinated or consistent, by using one or more of its own members, hiring staff to provide mediation, or contracting for the provision of mediation.

(6) Each board shall make findings of fact and prepare a written advisory decision in each case decided by it, and such findings and advisory decisions shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

**Sec. 2.** RCW 36.70A.280 and 1996 c 325 s 2 are each amended to read as follows:

(1) A growth management hearings board shall hear and ~~((determine only those))~~ render advisory decisions in response to petitions alleging either:

(a) ~~((That a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW))~~ That a county or city planning under this chapter has not taken an action required under this chapter by the time the action is required to have been taken; ((ø))

A petition alleging that a county or city has not taken an action required under this chapter by the time such action is required to have been taken may be filed by any person. A petition alleging that the shoreline master program or amendments thereto, or chapter 43.21C RCW as it relates thereto, may be filed by a person with standing under chapter 43.21C RCW.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

~~((4) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.~~

~~The rationale for any adjustment that is adopted by a board must be documented and filed with the office of financial management within ten working days after adoption.~~

~~If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection". None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.))~~

**Sec. 3.** RCW 36.70A.290 and 1995 c 347 s 109 are each amended to read as follows:

(1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of ~~((this chapter or))~~ chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative ~~((bodies))~~ authority of the county or city. All petitions relating to whether or not a county or city has addressed relevant issues associated with an action required under this chapter must be filed within sixty days after publication by the legislative authority of the county or city. All petitions

relating to whether or not comprehensive plans are coordinated or consistent, as required under RCW 36.70A.100, must be filed within sixty days after publication by the legislative authority of the county or city adopting or amending its comprehensive plan that is alleged not to be coordinated or consistent with another comprehensive plan. Petitions relating to whether a county or city has not taken an action required under this chapter by the time such action is required to have been taken may be filed at any time.

SSB 5208 Prime Sponsor, Committee on Agriculture & Environment: Detailing how to handle environmental complaints. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is a need to establish a clear process for handling complaints regarding air and water quality from uses of agricultural and forest lands. The legislature also finds that this process should reduce the number of frivolous complaints against property owners and protect people who make complaints in good faith about possible violations of air or water pollution laws.

NEW SECTION. Sec. 2. A new section is added to chapter 70.94 RCW to read as follows:

(1) In exercising its authority under RCW 70.94.200, in investigating conditions on agricultural or forest land, a control officer, the department, or its duly authorized representative must comply with this section.

(2) The control officer, department, or its duly authorized representative must provide at least twenty-four hours' notice to a person alleged to have engaged in polluting activities on agricultural or forest land, before entering the property to investigate violations of this chapter or the federal clean air act. This notice must also be provided to the property owner if it is someone other than the person alleged to have engaged in the polluting activities. The twenty-four-hour notice requirement of this section does not apply in the event of an emergency or to enforce the terms of a permit.

(3) A control officer, department, or its duly authorized representative must present credentials to the property owner upon entering the property, and must provide a form to the property owner which clearly and conspicuously informs the property owner of his or her right to refuse entry for the investigation. The property owner may not deny entry in the event of an emergency or if the investigation is included within the terms of a permit. If the property owner denies entry, and it is not an emergency or an investigation related to a permit, the department, control officer, or its representative must obtain a search warrant to enter the property. No property owner who is authorized to deny entry pursuant to this subsection may be subjected to criminal or civil penalties for the denial of

entry. If the department, a control officer, or its representative enters the property on the basis that an emergency exists, the property owner must be provided the basis for the emergency in writing within ten days of the entry. The notice must be signed by the person entering the property.

(4) No formal commencement action may be taken by the department or an authority for a violation of this chapter on property subject to this section without cogent, site-specific evidence.

**NEW SECTION. Sec. 3.** A new section is added to chapter 70.94 RCW to read as follows:

(1) When the department or an authority receives a complaint that pollution has occurred on agricultural or forest land, the department or authority must document the name and address of the person who made the complaint, the time the alleged pollution occurred, and other information related to the complaint. In the event the evidence was collected by an employee of the department or a control officer, the name of the employee or control officer must be documented. Information revealing the identity of the person who made the complaint is exempt from public inspection and copying. The department and authorities shall adopt rules which restrict access within the department to the identity of people who make such complaints.

(2) If the department or an authority determines that an individual has made a series of complaints which have proven to be baseless, the department or authority shall notify the person by certified mail, return receipt requested, that a future complaint which is found to be baseless constitutes grounds for an infraction for filing frivolous complaints. The notice shall describe the penalty for the infraction.

(3) If a person who has been notified by the department or authority about making frivolous complaints makes another baseless complaint, the department or authority shall issue a notice of infraction for filing frivolous complaints. A civil fine up to five thousand dollars may be imposed for the infraction. An appeal of an infraction shall be treated as an adjudicative proceeding under the administrative procedure act, chapter 34.05 RCW.

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.320 RCW to read as follows:

(1) School districts and public schools may not request the disclosure of a student's federal social security number, except as provided in subsection (2) of this section.

(2)(a) A school district or public school may request the disclosure of a student's federal social security number for the purpose of seeking medicaid reimbursement for covered services to eligible students under RCW 74.09.5241 through 74.09.5256, or for the purpose of compliance with any other explicit federal law requiring the disclosure. If disclosure is requested under this subsection (2)(a), the school district or public school shall cite the law requiring the disclosure.

(b) If the student is an employee of the school district, a school district or public school may request disclosure of a student's social security number for employment purposes, if employment records containing the number are maintained separately from student records.

(c) Any school district or public school requesting the disclosure of a student's federal social security number under this subsection must use a consent form, to be signed by the parent or guardian, that contains a disclosure statement printed on the form. The disclosure statement must include the following information:

- (i) Whether the disclosure is mandatory or voluntary;
- (ii) What federal or state statute, rule, or regulation requires the disclosure;

A parent's or guardian's general consent for another purpose, including medical consent or any consent used to approve admission to or involvement in a special education or remedial program or regular school activity, does not constitute consent to disclosure of the student's social security number.

(3) It is unlawful for any public school or public school district to deny a student any right, benefit, or privilege provided by law because the student or the student's parent or legal guardian refuses to disclose the student's federal social security number.

(4) Except as provided in section 2 of this act, no official, employee, or agent of an educational institution or agency may release a student's social security number to any public or private party without the written consent of the student age eighteen or older, or the parent or legal guardian of a student under age eighteen. The request for release must include the following information:

- (a) Whether the disclosure is mandatory or voluntary;
- (b) What federal or state statute, rule, or regulation requires the disclosure;

A parent's or guardian's general consent for other purposes, including medical consent or any consent used to approve admission to or involvement in a special education or remedial program or regular school activity, does not constitute consent to disclosure of the student's social security number.

(5) This section shall not be construed as prohibiting a school district from developing an individual student identification number, unrelated to the student's social security number, to identify and maintain education records on students enrolled in the district."

SSB 5276 Prime Sponsor, Committee on Agriculture & Environment: Providing an alternative for persons whose water rights permits were conditioned due to impact on existing rights or established flows. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that in many basins in the state there is water available on a seasonal basis that is in excess of the needs of either existing water right holders or instream resources. The legislature finds that excess waters often result in significant flooding and damage to public and private resources. Further, it is in the public interest to encourage the impoundment of excess water and other measures that can be used to offset the impact of withdrawals and diversions on existing rights and instream resources. Further, in some areas of the state additional supplies of water are needed to meet the needs of a growing economy and population. The legislature finds there is a range of alternatives that offset the impacts that should be encouraged including the creation, restoration, enhancement, or enlargement of ponds, wetlands, and reservoirs and the artificial recharge of aquifers.

The purpose of this act is to foster the improvement in the water supplies available to meet the needs of the state. It is the goal of this act to strengthen the state's economy while maintaining and improving the overall quality of the state's environment.

**Sec. 2.** RCW 90.03.255 and 1996 c 306 s 1 are each amended to read as follows:

The department shall, when evaluating an application for a water right, transfer, or change filed pursuant to RCW 90.03.250 or 90.03.380 that includes provision for any water impoundment or other resource management technique, take into consideration the benefits of ~~((the))~~ any water impoundment or other resource management technique that is included as a component of the application. Provision for an impoundment or other resource management technique in an application shall be made solely at the discretion of the applicant and shall not otherwise be made by the department as a condition for approving an application that does not include such provision ~~((for impoundment))~~.

This section does not lessen, enlarge, or modify the rights of any riparian owner, or any existing water right acquired by appropriation or otherwise.

**Sec. 3.** RCW 90.44.055 and 1996 c 306 s 2 are each amended to read as follows:

The department shall, when evaluating an application for a water right or an amendment filed pursuant to RCW 90.44.050 or 90.44.100 that includes provision for any water impoundment or other resource management technique, take into consideration the benefits of ~~((the))~~ any water impoundment or other resource management technique that is included as a component of the application. The department's consideration shall extend to any increased water supply that results from the impoundment or other resource management technique, including~~((r))~~ but not limited to~~((r))~~ any recharge of ground water that may occur, as a means of making water available or otherwise offsetting the impact of the withdrawal of ground water proposed in the application for the water right or amendment in the same water resource inventory area. Provision for an impoundment or other resource management technique in an application shall be made solely at the discretion of the applicant and shall not be made by the department as a condition for approving an application that does not include such provision ~~((for impoundment))~~.

This section does not lessen, enlarge, or modify the rights of any riparian owner, or any existing water right acquired by appropriation or otherwise.

**NEW SECTION. Sec. 4.** A new section is added to chapter 90.03 RCW to read as follows:

Upon the request of the applicant, the department shall, when evaluating an application for a water right, transfer, or change filed pursuant to RCW 90.03.250 or 90.03.380, take into account the recharge of ground water from septic tanks or other on-site wastewater treatment facilities in an amount not to exceed the proposed use of water for indoor purposes. The department shall, based upon

hydrogeologic data for the area in which the application is located, determine the amount of recharge to the aquifer that is likely to occur and factor that amount into the decision it makes on the application. Any water right permit, transfer, or change that is authorized under this section shall be conditioned to state that the water right permit, transfer, or change shall remain in effect only so long as the water use, including the discharge of water used for indoor purposes through a septic tank or other wastewater treatment facility, remains unchanged from that proposed in the original application.

NEW SECTION. Sec. 5. A new section is added to chapter 90.44 RCW to read as follows:

Upon the request of the applicant, the department shall, when evaluating an application for a water right or an amendment to a water right or permit filed pursuant to RCW 90.44.050 or 90.44.100, take into account the recharge of ground water from septic tanks or other on-site wastewater treatment facilities in an amount not to exceed the proposed use of water for indoor purposes. The department shall, based upon hydrogeologic data for the area in which the application is located, determine the amount of recharge to the aquifer that is likely to occur and factor that amount into the decision it makes on the application. "**Sec. 1.** RCW 59.18.390 and 1989 c 342 s 11 are each amended to read as follows:

(1) The sheriff shall, upon receiving the writ of restitution, forthwith serve a copy thereof upon the defendant, his or her agent, or attorney, or a person in possession of the premises, and shall not execute the same for three days thereafter, and the defendant, or person in possession of the premises within three days after the service of the writ of restitution may execute to the plaintiff a bond to be filed with and approved by the clerk of the court in such sum as may be fixed by the judge, with sufficient surety to be approved by the clerk of ~~((said))~~ the court, conditioned that they will pay to the plaintiff such sum as the plaintiff may recover for the use and occupation of the ~~((said))~~ premises, or any rent found due, together with all damages the plaintiff may sustain by reason of the defendant occupying or keeping possession of ~~((said))~~ the premises, together with all damages which the court theretofore has awarded to the plaintiff as provided in this chapter, and also all the costs of the action. If the writ of restitution has been based upon a finding by the court that the tenant, subtenant, sublessee, or a person residing at the rental premises has engaged in drug-related activity or has allowed any other person to engage in drug-related activity at those premises with his or her knowledge or approval, neither the tenant, the defendant, nor a person in possession of the premises shall be entitled to post a bond in order to retain possession of the premises. SSB 5327 Prime Sponsor, Committee on Nat Res/Park: Creating a habitat incentive program through the department of fish and wildlife. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In an effort to increase the amount of habitat available for fish and wildlife, the legislature finds that it is desirable for the department of fish and wildlife and other interested parties to work closely with private landowners to achieve habitat enhancements. In some instances, private landowners avoid enhancing habitat because of a concern that the presence of fish or wildlife may make future land management more difficult. It is the intent of this act to provide a mechanism that facilitates habitat development while avoiding an adverse impact on the landowner at a later date.

**NEW SECTION. Sec. 2.** (1) The department of fish and wildlife shall initiate a habitat incentives program in two phases. In creating this program, the department shall make use of and complement other study efforts underway relating to habitat protection and enhancement, including the department's own review of the hydraulic project approval process, the forestry module under development for the forest practices board dealing with practices within riparian areas, and the study on permitting requirements by the regional fisheries enhancement groups called for in chapter . . . (Second Substitute Senate Bill No. 5886), Laws of 1997.

(2) In phase one, the department of fish and wildlife shall work with affected federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the department of natural resources, and other interested parties to identify appropriate criteria and other factors necessary for implementation of the habitat incentives program. The department in concert with the interested parties shall identify at least the following elements for implementation of the program:

(a) The factors and the approach that the department should use in evaluating and weighing the benefits and concurrent risks of entering into a habitat incentives agreement with a landowner;

(b) The approach to be used in assigning responsibilities for implementation of the agreement to the landowner and to the department;

(c) Assignment of responsibility for documentation of the conditions on a landowner's property prior to the department's entering into a habitat incentives agreement;

(d) The process to be used when a landowner who has entered into a habitat incentives agreement applies for hydraulic project approval during the term of the agreement;

(e) The process to be used to monitor and evaluate whether actions taken as a part of the agreement actually enhance habitat for the target species and to amend the agreement if the existing agreement is not enhancing habitat;

(f) The conditions under which the department and the landowner may terminate the agreement and the remedies if either party breaches the terms of the agreement;

(g) The means for ensuring that the department is notified if the property covered by the agreement is sold or otherwise transferred into other ownership;

(h) The process to be used for reaching concurrence between the landowner, the department, the department of natural resources, and affected federally recognized Indian tribes; and

(i) The process to be used in prioritizing proposed agreements if the requests for agreements exceed the funding available for entering into and implementing such agreements.

The department and the interested parties may identify and propose solutions to other issues necessary in order to implement the habitat incentives program. The department and the interested parties shall report to the legislature on their findings as well as on any other recommendations for implementation and funding for the habitat incentives program by December 1, 1997.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.12 RCW to read as follows:

(1) Beginning in January 1998, the department shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the department of natural resources, and other interested parties. The program shall allow a private landowner to enter into an agreement with the department to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive more state regulatory certainty with regard to future applications for hydraulic project approval on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the department and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the department, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The department is not obligated to enter into an agreement unless the department finds that the agreement is in the best interest of protecting fish or wildlife species or habitat.

(2) A habitat enhancement agreement shall be in writing and shall contain at least the following: A description of the property covered by the agreement, an expiration date, a description of the condition of the property prior to the implementation of the agreement, and other information needed by the landowner and the department for future reference and decisions.

(3) As part of the agreement, the department may stipulate the factors that will be considered when the department evaluates a landowner's application for hydraulic project approval under RCW 75.20.100 or 75.20.103 on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of hydraulic project approval shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the department may jointly choose to retain the agreement on the property.

(5) If, during the course of the agreement, the landowner or the department must alter some terms of the agreement in order to comply with federal laws or regulations, the remaining terms of the agreement shall continue to remain binding on the parties.

(6) If the department receives multiple requests for agreements with private landowners under the habitat incentives program, the department shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

**NEW SECTION. Sec. 4.** A new section is added to chapter 75.20 RCW to read as follows:

When a private landowner is applying for hydraulic project approval under this chapter and that landowner has entered into a habitat incentives agreement with the department as provided in section 3 of this act, the department shall comply with the terms of that agreement when evaluating the request for hydraulic project approval.

**NEW SECTION. Sec. 5.** The department of fish and wildlife and the department of natural resources, in conjunction with the timber-fish-wildlife cooperators, shall investigate the feasibility of providing private landowners with more state level regulatory certainty with regard to forest practices regulations in exchange for a landowner's enhancement of habitat for fish or wildlife on the

landowner's property. The agencies shall focus their efforts on possible agreements with landowners covering not more than one thousand acres per agreement, but the agencies shall consider the possibility of multiple agreements with a single landowner, not to exceed a total of ten thousand acres per landowner. The agencies shall evaluate the possibility of including provisions relating to forest practices regulations into the habitat incentives program being developed under this act. The agencies shall report to the legislature by December 1, 1997, the same time frame as the phase one report from the department of fish and wildlife. If the agencies and other interested parties find it expedient to do so, the studies in this section and in section 2 of this act may be combined into one effort.

NEW SECTION. **Sec. 6.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void."

Correct the title.

The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of

this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

NEW SECTION. Sec. 7. A new section is added to chapter 35.23 RCW to read as follows:  
No person is eligible to hold an elective office in a second class city unless the person is a resident and registered voter in the city.

**Sec. 8.** RCW 35.27.080 and 1965 c 7 s 35.27.080 are each amended to read as follows:  
No person shall be eligible to or hold an elective office in a town unless he or she is a resident and ~~((elector therein))~~ registered voter in the town.

**Sec. 9.** RCW 35.01.020 and 1994 c 81 s 4 are each amended to read as follows:  
A second class city is a city with a population of ~~((more than))~~ fifteen hundred or more at the time of its organization or reorganization that does not have a charter adopted under Article XI, section 10, of the state Constitution, and does not operate under Title 35A RCW.

**Sec. 10.** RCW 35.01.040 and 1994 c 81 s 5 are each amended to read as follows:  
A town has a population of less than fifteen hundred ~~((or less))~~ at the time of its organization and does not operate under Title 35A RCW.

**Sec. 11.** RCW 35.02.130 and 1994 c 154 s 308 are each amended to read as follows:  
The city or town officially shall become incorporated at a date from one hundred eighty days to three hundred sixty days after the date of the election on the question of incorporation. An interim period shall exist between the time the newly elected officials have been elected and qualified and this official date of incorporation. During this interim period, the newly elected officials are authorized to adopt ordinances and resolutions which shall become effective on or after the official date of incorporation, and to enter into contracts and agreements to facilitate the transition to becoming a city or town and to ensure a continuation of governmental services after the official date of incorporation. Periods of time that would be required to elapse between the enactment and effective date of such ordinances, including but not limited to times for publication or for filing referendums, shall commence upon the date of such enactment as though the city or town were officially incorporated.

During this interim period, the city or town governing body may adopt rules establishing policies and procedures under the state environmental policy act, chapter 43.21C RCW, and may use these rules and procedures in making determinations under the state environmental policy act, chapter 43.21C RCW.

During this interim period, the newly formed city or town and its governing body shall be subject to the following as though the city or town were officially incorporated: RCW 4.24.470 relating to immunity; chapter 42.17 RCW relating to open government; chapter 40.14 RCW relating to the preservation and disposition of public records; chapters 42.20 and 42.23 RCW relating to ethics and conflicts of interest; chapters 42.30 and 42.32 RCW relating to open public meetings and minutes; RCW 35.22.288, ~~((35.23.310, 35.24.220))~~ 35.23.221, 35.27.300, 35A.12.160, as appropriate, and chapter 35A.65 RCW relating to the publication of notices and ordinances; RCW 35.21.875 and 35A.21.230 relating to the designation of an official newspaper; RCW 36.16.138 relating to liability insurance; RCW 35.22.620, 35.23.352, and 35A.40.210, as appropriate, and statutes referenced

therein relating to public contracts and bidding; and chapter 39.34 RCW relating to interlocal cooperation. Tax anticipation or revenue anticipation notes or warrants and other short-term obligations may be issued and funds may be borrowed on the security of these instruments during this interim period, as provided in chapter 39.50 RCW. Funds also may be borrowed from federal, state, and other governmental agencies in the same manner as if the city or town were officially incorporated.

RCW 84.52.020 and 84.52.070 shall apply to the extent that they may be applicable, and the governing body of such city or town may take appropriate action by ordinance during the interim period to adopt the property tax levy for its first full calendar year following the interim period.

The governing body of the new city or town may acquire needed facilities, supplies, equipment, insurance, and staff during this interim period as if the city or town were in existence. An interim city manager or administrator, who shall have such administrative powers and duties as are delegated by the governing body, may be appointed to serve only until the official date of incorporation. After the official date of incorporation the governing body of such a new city organized under the council manager form of government may extend the appointment of such an interim manager or administrator with such limited powers as the governing body determines, for up to ninety days. This governing body may submit ballot propositions to the voters of the city or town to authorize taxes to be collected on or after the official date of incorporation, or authorize an annexation of the city or town by a fire protection district or library district to be effective immediately upon the effective date of the incorporation as a city or town.

The boundaries of a newly incorporated city or town shall be deemed to be established for purposes of RCW 84.09.030 on the date that the results of the initial election on the question of incorporation are certified or the first day of January following the date of this election if the newly incorporated city or town does not impose property taxes in the same year that the voters approve the incorporation.

The newly elected officials shall take office immediately upon their election and qualification with limited powers during this interim period as provided in this section. They shall acquire their full powers as of the official date of incorporation and shall continue in office until their successors are elected and qualified at the next general municipal election after the official date of incorporation: PROVIDED, That if the date of the next general municipal election is less than twelve months after the date of the first election of councilmembers, those initially elected councilmembers shall serve until their successors are elected and qualified at the next following general municipal election as provided in RCW 29.04.170. For purposes of this section, the general municipal election shall be the date on which city and town general elections are held throughout the state of Washington, pursuant to RCW 29.13.020.

In any newly incorporated city that has adopted the council-manager form of government, the term of office of the mayor, during the interim period only, shall be set by the council, and thereafter shall be as provided by law.

The official date of incorporation shall be on a date from one hundred eighty to three hundred sixty days after the date of the election on the question of incorporation, as specified in a resolution adopted by the governing body during this interim period. A copy of the resolution shall be filed with the county legislative authority of the county in which all or the major portion of the newly incorporated city or town is located. If the governing body fails to adopt such a resolution, the official date of incorporation shall be three hundred sixty days after the date of the election on the question of incorporation. The county legislative authority of the county in which all or the major portion of the newly incorporated city or town is located shall file a notice with the county assessor that the city or town has been authorized to be incorporated immediately after the favorable results of the election on the question of incorporation have been certified. The county legislative authority shall file a notice with the secretary of state that the city or town is incorporated as of the official date of incorporation.

**Sec. 12.** RCW 35.22.010 and 1965 c 7 s 35.22.010 are each amended to read as follows:

Cities of the first class shall be organized and governed according to the law providing for the government of cities having a population of ~~((twenty))~~ ten thousand or more inhabitants that have adopted a charter in accordance with Article ~~((44))~~ XI, section 10 of the state Constitution.

**Sec. 13.** RCW 35.23.051 and 1995 c 134 s 8 are each amended to read as follows:

General municipal elections in second class cities (~~((not operating under the commission form of government))~~) shall be held biennially in the odd-numbered years and shall be subject to general election law.

The terms of office of the mayor, city attorney, clerk, and treasurer shall be four years and until their successors are elected and qualified and assume office in accordance with RCW 29.04.170: PROVIDED, That if the offices of city attorney, clerk, and treasurer are made appointive, the city attorney, clerk, and treasurer shall not be appointed for a definite term: PROVIDED FURTHER, That the term of the elected treasurer shall not commence in the same biennium in which the term of the mayor commences, nor in which the terms of the city attorney and clerk commence if they are elected.

Council positions shall be numbered in each second class city so that council position seven has a two-year term of office and council positions one through six shall each have four-year terms of office. Each councilmember shall remain in office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

In its discretion the council of a second class city may divide the city by ordinance, into a convenient number of wards, not exceeding six, fix the boundaries of the wards, and change the ward boundaries from time to time and as provided in RCW 29.70.100. No change in the boundaries of any ward shall be made within one hundred twenty days next before the date of a general municipal election, nor within twenty months after the wards have been established or altered. However, if a boundary change results in one ward being represented by more councilmembers than the number to which it is entitled, those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of determining whether those positions are vacant.

Whenever such city is so divided into wards, the city council shall designate by ordinance the number of councilmembers to be elected from each ward, apportioning the same in proportion to the population of the wards. Thereafter the councilmembers so designated shall be elected by the voters resident in such ward, or by general vote of the whole city as may be designated in such ordinance. Council position seven shall not be associated with a ward and the person elected to that position may reside anywhere in the city and voters throughout the city may vote at a primary to nominate candidates for position seven, when a primary is necessary, and at a general election to elect the person to council position seven. (~~When~~) Additional territory that is added to the city ((it may)) shall, by act of the council, be annexed to contiguous wards without affecting the right to redistrict at the expiration of twenty months after last previous division. The removal of a councilmember from the ward for which he or she was elected shall create a vacancy in such office.

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows:

(1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. The elections for the remaining council position or council positions that are not associated with a ward shall be conducted as if the wards did not exist.

**Sec. 14.** RCW 35.33.020 and 1985 c 175 s 4 are each amended to read as follows:

The provisions of this chapter apply to all cities of the first class (~~((which)) that~~) have a population of less than three hundred thousand, to all cities of the second (~~((and third classes))~~) class, and to all towns, except those cities and towns (~~((which)) that~~) that have adopted an ordinance under RCW 35.34.040 providing for a biennial budget.

**Sec. 15.** RCW 35.34.020 and 1985 c 175 s 5 are each amended to read as follows:

This chapter applies to all cities of the first~~((7))~~ and second~~((7, and third))~~ classes and to all towns ~~((which)), that~~ have by ordinance adopted this chapter authorizing the adoption of a fiscal biennium budget.

**Sec. 16.** RCW 35.86.010 and 1975 1st ex.s. c 221 s 1 are each amended to read as follows:

Cities of the first~~((7))~~ and second~~((7, and third))~~ classes are authorized to provide off-street parking space and facilities located on land dedicated for park or civic center purposes, or on other municipally-owned land where the primary purpose of such off-street parking facility is to provide parking for persons who use such park or civic center facilities. In addition a city may own other off-street parking facilities and operate them in accordance with RCW 35.86A.120.

**Sec. 17.** RCW 35A.06.020 and 1995 c 134 s 11 are each amended to read as follows:

The classifications of municipalities ~~((which existed prior to the time this title goes into effect))~~ as first class cities, second class cities, unclassified cities, and towns~~((—))~~, and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city abandons its old plan of government and reorganizes and adopts a plan of government under chapter 35A.12 or 35A.13 RCW.

**NEW SECTION. Sec. 18.** A new section is added to chapter 35.13 RCW to read as follows:

A city or town may not annex territory located in a county in which the city or town is not currently located, if the territory proposed to be annexed is characterized by industrial or commercial development and was designated as all or part of an urban growth area under RCW 36.70A.110 within two years of the effective date of this act as the result of a decision by a growth management hearings board.

This section expires July 1, 1999.

**NEW SECTION. Sec. 19.** A new section is added to chapter 35A.14 RCW to read as follows:

A code city may not annex territory located in a county in which the city is not currently located, if the territory proposed to be annexed is characterized by industrial or commercial development and was designated as all or part of an urban growth area under RCW 36.70A.110 within two years of the effective date of this act as the result of a decision by a growth management hearings board.

This section expires July 1, 1999.

**Sec. 20.** RCW 35.13.005 and 1990 1st ex.s. c 17 s 30 are each amended to read as follows:

~~((No))~~ A city or town may not annex territory located in a county in which urban growth areas have been designated under RCW 36.70A.110 ~~((may annex territory))~~ that is located beyond an urban growth area unless the territory is annexed under RCW 35.13.180.

**Sec. 21.** RCW 35A.14.005 and 1990 1st ex.s. c 17 s 31 are each amended to read as follows:

~~((No))~~ A code city may not annex territory located in a county in which urban growth areas have been designated under RCW 36.70A.110 ~~((may annex territory))~~ that is located beyond an urban growth area unless the territory is annexed under RCW 35A.14.300.

**Sec. 22.** RCW 35.13.180 and 1994 c 81 s 11 are each amended to read as follows:

City and town councils ~~((of second class cities and towns))~~ may by a majority vote annex new unincorporated territory outside the city or town limits, whether contiguous or noncontiguous for park, cemetery, or other municipal purposes when such territory is owned by the city or town ~~((or all of the owners of the real property in the territory give their written consent to the annexation)).~~

**Sec. 23.** RCW 36.70A.110 and 1995 c 400 s 2 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area, except that an area owned by a city or town that was annexed to the city or town under RCW 35.13.180 or 35A.14.300 may be located outside of an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

NEW SECTION. **Sec. 24.** RCW 35.21.620 shall be recodified as a section in chapter 35.22 RCW.

NEW SECTION. **Sec. 25.** The following acts or parts of acts are each repealed:

- (1) RCW 35.07.030 and 1965 c 7 s 35.07.030;
- (2) RCW 35.17.160 and 1965 c 7 s 35.17.160;

- (4) RCW 35.23.400 and 1965 c 7 s 35.23.400;
- (5) RCW 35.21.600 and 1979 c 151 s 27, 1965 ex.s. c 47 s 6, & 1965 c 7 s 35.21.600;
- (6) RCW 35.21.610 and 1965 ex.s. c 47 s 1; and
- (7) RCW 35A.61.010 and 1967 ex.s. c 119 s 35A.61.010.

SSB 5337 Prime Sponsor, Committee on Government Operations: Extending less than county-wide port districts. Reported by Committee on Government Administration

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 53.04.023 and 1994 c 223 s 84 are each amended to read as follows:

A less than county-wide port district with an assessed valuation of at least (~~seventy-five~~) one hundred fifty million dollars may be created in a county that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, designating either three or five commissioner positions, describing commissioner districts if the petitioners propose that the commissioners represent districts, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county's official newspaper at least ten days prior to the

date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election, from districts or at large, as provided in the petition initiating the creation of the port district. The election shall be otherwise conducted as provided in RCW 53.12.172, but the election of commissioners shall be null and void if the port district is not created.

SSB 5347 Prime Sponsor, Committee on Nat Res/Park: Creating a program for juvenile fishing only waters. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that the fish and wildlife commission provides juvenile fishers, under the age of fifteen, with an opportunity to fish in waters that are reserved for this age group. The legislature further finds that providing fishers under the age of eighteen with increased opportunity to fish with recreational gear will provide wholesome activities that will better their lives and instill an appreciation for the state's natural resources. Society as a whole will gain from these positive, youthful experiences, and an important tradition of Northwest life will be perpetuated. Many youthful fishers will be exposed to a natural experience that will teach them self-confidence, respect for the resource, and remain with them for the rest of their lives.

**NEW SECTION. Sec. 2.** The fish and wildlife commission shall identify, establish, and expand upon specific areas throughout the state that are suitable for a youth fishing-only program. The department shall restrict the fishing opportunities in these waters to persons less than eighteen years of age. The length of the fishing season for youth fishing-only waters shall be as long as possible to

encourage participation year around. Some youth fishing-only waters shall be easily accessible from urban areas so as to encourage inner-city youth to participate in fishing activities.

The department shall, as practical, use fish produced in private and public fish hatcheries as a basis for fishing opportunities in youth fishing-only waters. The purpose of reliance upon hatchery-produced fish is to provide readily available recreation without adversely impacting naturally produced salmonid stocks. The use of hatchery-produced fish enables the catch and retention of the fish by youth fishers without the requirement for catch and release fishing. The department may establish some waters for youth catch and release fishing only, but the major emphasis of the program is upon allowance of catch and retention.

NEW SECTION. Sec. 3. The department shall work with cooperative groups, regional fisheries enhancement groups, government agencies, Indian tribes, private fish farmers, and civic groups for the purpose of expanding youth fishing-only waters throughout the state. Organized groups that sponsor group outings for youth fishers shall be encouraged to the fullest extent.

NEW SECTION. Sec. 4. The department of fish and wildlife shall report to the appropriate committees of the legislature on the progress of the youth fishing-only program on or before January 31, 1998.

NEW SECTION. Sec. 5. Sections 2 and 3 of this act are each added to chapter 77.32 RCW."

SSB 5385 Prime Sponsor, Committee on Nat Res/Park: Eliminating pooling of the resource management cost account and removing reference to agricultural college lands. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 79.64.030 and 1993 c 460 s 2 are each amended to read as follows:

Funds in the account derived from the gross proceeds of leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting school lands, university lands, ~~((agricultural college lands,))~~ scientific school lands, normal school lands, capitol building lands, or institutional lands shall be ~~((pooled and))~~ expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in managing and administering ~~((all of the trust lands enumerated in this section))~~ state lands of the same trust. Such funds may be used for similar costs and expenses in managing and administering other lands managed by the department provided that such expenditures that have been or may be made on such other lands shall be repaid to the resource management cost account together with interest at a rate determined by the board of natural resources. Costs and expenses necessarily incurred in managing and administering agricultural college lands shall not be deducted from proceeds derived from the sale of agricultural college lands including the sale of resources that are part of those lands.

An accounting shall be made annually of the accrued expenditures from the ~~((pooled))~~ trust funds in the account. In the event the accounting determines that expenditures have been made from moneys derived from trust lands for the benefit of another trust or other lands, such expenditure shall be considered a debt and an encumbrance against the property or trust funds benefited, including property held under chapter 76.12 RCW. The results of the accounting shall be reported to the legislature at the next regular session. The state treasurer is authorized, upon request of the department, to transfer funds between the forest development account and the resource management cost account solely for purpose of repaying loans pursuant to this section.

2SSB 5442 Prime Sponsor, Committee on Ways & Means: Permitting expedited flood repairs during flooding emergencies. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 75.20.100 and 1993 sp.s. c 2 s 30 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the ~~((written))~~ approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld.

(2)(a) Except as provided in RCW 75.20.1001 ~~((and 75.20.1002))~~, the department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt

water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if ~~((4))~~:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

~~((2))~~ (ii) The site is physically inaccessible for inspection; or

~~((3))~~ (iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (6)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5) If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained ~~((written))~~ approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

~~((For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.~~

~~The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.)~~

(6)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the

necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 75.20.103, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(7) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(8) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

(9) For the purposes of this section and RCW 75.20.103, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(10) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval."

ESB 5514 Prime Sponsor, Senator Morton: Authorizing fees for commodity commissions and the department of agriculture. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that Initiative Measure No. 601, adopted by the people of the state of Washington, limits fee increases by requiring that any increases in fees beyond the levels expressly allowed under the initiative receive the prior approval of the legislature. The legislature finds that a more direct system of allowing the people to control fee increases predates Initiative Measure No. 601. This system developed in agricultural communities and provides these communities with direct control of the fees of the agricultural commodity commissions they created to serve them. The system requires those who pay the assessments levied by commodity commissions and boards to approve of assessment increases by referendum. It is at the heart of the statutes and marketing orders and agreements under which agricultural commodity commissions and boards are created. The legislature does not believe that the adoption of Initiative Measure No. 601 was intended

to dilute in any manner this more direct control held by the people governed by commodity commissions or boards over the fees they pay in the form of such assessments. Therefore, the legislature defers to this more direct control of these assessments so long as the authority to approve or disapprove of increases in these assessments is by referendum held directly by those who pay them.

**Sec. 2.** RCW 43.135.055 and 1994 c 2 s 8 are each amended to read as follows:

(1) No fee may increase in any fiscal year by a percentage in excess of the fiscal growth factor for that fiscal year without prior legislative approval.

(2) This section does not apply to an assessment made by an agricultural commodity commission or board created by state law or created under a marketing agreement or order under chapter 15.65 or 15.66 RCW if the assessment is approved by referendum in accordance with the provisions of the statutes creating the commission or board or chapter 15.65 or 15.66 RCW for approving such assessments.

**Sec. 3.** RCW 15.28.180 and 1992 c 87 s 1 are each amended to read as follows:

(1) The same assessment shall be made for each soft tree fruit, except that if a two-thirds majority of the state commodity committee of any fruit recommends in writing the levy of an additional assessment on that fruit, or any classification thereof, for any year or years, the commission may levy such assessment for that year or years up to the maximum of eighteen dollars for each two thousand pounds of any fruit except cherries or any classification thereof, as to which the assessment may be increased to a maximum of thirty dollars for each two thousand pounds, and except pears covered by this chapter, as to which the assessment may be increased to a maximum of eighteen dollars for each two thousand pounds: PROVIDED, That no increase in the assessment on pears becomes effective unless the increase is first referred by the commission to a referendum by the Bartlett pear growers of the state and is approved by a majority of the growers voting on the referendum. The method and procedure of conducting the referendum shall be determined by the commission. Any funds so raised shall be expended solely for the purposes provided in this chapter and solely for such fruit, or classification thereof.

The commission has the authority in its discretion to exempt in whole or in part from future assessments under this chapter, during such period as the commission may prescribe, any of the soft tree fruits or any particular strain or classification of them.

(2) An assessment levied under this chapter may be increased in excess of the fiscal growth factor as determined under chapter 43.135 RCW if the assessment is submitted by referendum to the growers who are subject to the assessment and the increase is approved by a majority of those voting on the referendum. The method and procedure of conducting the referendum shall be determined by the commission.

**Sec. 4.** RCW 15.86.070 and 1992 c 71 s 10 are each amended to read as follows:

(1) The director may adopt rules establishing a certification program for producers, processors, and vendors of organic or transition to organic food. The rules may govern, but are not limited to governing: The number and scheduling of on-site visits, both announced and unannounced, by certification personnel; recordkeeping requirements; and the submission of product samples for chemical analysis. The rules shall include a fee schedule that will provide for the recovery of the full cost of the organic food program. Fees collected under this section shall be deposited in an account within the agricultural local fund and the revenue from such fees shall be used solely for carrying out the provisions of this section, and no appropriation is required for disbursement from the fund. The director may employ such personnel as are necessary to carry out the provisions of this section.

(2) The fees established under this section may be increased in excess of the fiscal growth factor as provided in RCW 43.135.055 for the fiscal year ending June 30, 1998.

**NEW SECTION. Sec. 5.** A new section is added to chapter 43.23 RCW to read as follows:

The director may collect moneys to recover the reasonable costs of publishing and disseminating informational materials by the department. Materials may be disseminated in printed or

electronic format. All moneys collected shall be deposited in the agricultural local fund or other appropriate fund administered by the director.

**Sec. 6.** RCW 22.09.050 and 1994 c 46 s 4 are each amended to read as follows:

Any application for a license to operate a warehouse shall be accompanied by a license fee of ~~((twelve hundred))~~ one thousand three hundred fifty dollars for a terminal warehouse, ~~((nine hundred))~~ one thousand fifty dollars for a subterminal warehouse, and ~~((three hundred and fifty))~~ five hundred dollars for a country warehouse. If a licensee operates more than one warehouse under one state license as provided for in RCW 22.09.030, the license fee shall be computed by multiplying the number of physically separated warehouses within the station by the applicable terminal, subterminal, or country warehouse license fee.

If an application for renewal of a warehouse license or licenses is not received by the department prior to the renewal date or dates established by the director by rule, a penalty of fifty dollars for the first week and one hundred dollars for each week thereafter shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license may be issued. This penalty does not apply if the applicant furnishes an affidavit certifying that he has not acted as a warehouseman subsequent to the expiration of his or her prior license.

**Sec. 7.** RCW 22.09.055 and 1994 c 46 s 5 are each amended to read as follows:

This penalty does not apply if the applicant furnishes an affidavit certifying that he has not acted as a grain dealer or exempt grain dealer after the expiration of his or her prior license.

Any person, municipal corporation, firm, irrigation district, association, corporation, or water users' association hereafter desiring to appropriate water for a beneficial use shall make an application to the department for a permit to make such appropriation, and shall not use or divert such waters until ~~((he))~~ the entity has received a permit from the department as provided in this chapter ~~((provided))~~, except for diversions authorized under section 3 of this act. The construction of any ditch, canal, or works, or performing any work in connection with ~~((said))~~ the construction or appropriation, or the use of any waters, shall not be an appropriation of such water nor an act for the purpose of appropriating water unless a permit to make ~~((said))~~ the appropriation has first been granted by the department ~~((PROVIDED, That))~~. NEW SECTION. **Sec. 3.** A new section is added to chapter 90.03 RCW to read as follows:

(1) Any diversion of water for municipal purposes made under the authority of this section is exempt from the application and permit requirements of RCW 90.03.250 if the diversion is from a river with an instantaneous minimum flow of at least fifty cubic feet per second, measured at the point of diversion, and is made within one mile upstream from the point at which the river begins to mix with saltwater. The diversion is entitled to a right equal to that established by a permit issued under the provisions of this chapter, and is subject to minimum water flows or levels established by rule.

(2) For diversions from a river under this section, no single diverter may put to beneficial use more than ten percent of the instantaneous flow of the river in the specific area of the diversion, and in no event may the combined diversions exceed thirty percent of the instantaneous flow of the river in the specific area of the diversion.

(3) For diversions from a freshwater body under this section, no single diverter may put to beneficial use more than ten percent of the annual average inflow to the impounded body, and in no

event may the combined diversions exceed thirty percent of the annual average inflow to the impounded body.

(4) A person seeking to divert water under the provisions of this section must notify the department in writing of the intent to divert water, the location of the point of diversion, and the amount of water to be diverted."

SSB 5527 Prime Sponsor, Committee on Agriculture & Environment: Providing incentives for water-efficient irrigation systems. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.03.380 and 1996 c 320 s 19 are each amended to read as follows:

(1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That ~~((said))~~ the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and ~~((said))~~ the application shall not be granted until notice of ~~((said))~~ the application ~~((shall be))~~ is published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial or operational integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights. The board of directors of an irrigation district may approve such a change if the board

determines that the change: Will not adversely affect the district's ability to deliver water to other landowners; will not require the construction by the district of diversion or drainage facilities unless the board finds that the construction by the district is in the interest of the district; will not impair the financial or operational integrity of the district; and is consistent with the contractual obligations of the district.

(4) Subsections (1), (2), and (3) of this section do not apply to a transfer or change governed by section 2 of this act.

(5) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(6) Any right represented by an application for a water right for which a permit for water use has not been issued by the time a transfer or change is approved under this section may not be construed as being injured or detrimentally affected by the transfer or change. An existing right that is in the status of an undeveloped water use permit under which water has not been withdrawn by the time a transfer or change is approved under this section may not be construed as being injured or detrimentally affected by the transfer or change.

(7) The department may not initiate relinquishment proceedings under chapter 90.14 RCW regarding a water right for which an application for a transfer or change is filed under this section during the period beginning on the date the department receives the application and ending two years after the date the department approves or denies the application.

**NEW SECTION. Sec. 2.** A new section is added to chapter 90.03 RCW to read as follows:

(1)(a) If a portion of the water governed by a water right is made surplus to the beneficial uses exercised under the right through the implementation of practices or technologies, including but not limited to conveyance practices or technologies, which are more efficient or more water use efficient than those under which the right was perfected, the right to use the surplus water may be changed as provided by subsection (2), (3), or (6) of this section.

(b) If a portion of the water governed by a water right is made surplus to the beneficial uses exercised under the right through a change in the crops grown under the water right, the right to use the surplus water may be changed as provided by subsection (3) of this section. This subsection (1)(b) does not apply to water supplied by an irrigation district.

(c) This section applies only to a change of an agricultural use or portion of an agricultural use of water to an agricultural use of water.

(2) The use within an irrigation district of water supplied by the district and made surplus as provided in subsection (1)(a) of this section shall be regulated solely as provided by the board of directors of the irrigation district. Such a use requires the approval of the board of directors of the irrigation district or must otherwise be authorized by the board. The board may approve or authorize such a use only if the use does not impair the financial or operational integrity of the district. Water supplied by an irrigation district and made surplus as provided in subsection (1)(a) of this section through actions taken by an individual water user served by the district is not available for use as a matter of right by that individual water user, but may be used by the board for the benefit of the district generally. The district's board of directors may approve or otherwise authorize under this subsection uses of such surplus water that result in the total irrigated acreage within the district exceeding the irrigated acreage recorded with the department for the district's water right if the board notifies the department of the change in the irrigated acreage within the district. Except as provided in subsection (6) of this section, such a notification provides a change in the district's water right and, upon receiving the notification, the department shall revise its records for the district's right to reflect the change.

If an irrigation district is within a federal reclamation project and the district's board of directors approves or otherwise authorizes under this subsection uses of such surplus water that result in the total irrigated acreage within the federal project exceeding the irrigated acreage recorded with the department for the federal project's water right, the board shall notify the department of the change in the irrigated acreage within the federal project. Except as provided by this subsection and subsection (6) of this section, such a notification provides a change in the federal reclamation project's water right and, upon receiving the notification, the department shall revise its records for the federal project's right to reflect the change except that the total irrigable acreage for a water right for a federal

reclamation project may not exceed the total irrigable acreage authorized for the project by the United States and related repayment contracts.

(3) The right to use water made surplus as provided in subsection (1)(a) or (b) of this section but not supplied by an irrigation district may be changed to use on other parcels of land owned by the holder of the water right that are contiguous to the parcel or parcels of land upon which the use of the water was authorized by the right before such a change. The holder of the water right shall notify the department of such a change. Except as provided in subsection (6) of this section, the notification provides a change in the holder's water right and, upon receiving the notification, the department shall revise its records for the water right to reflect the change.

(4) A change governed by this section shall be made without loss of priority of the right.

(5) This section shall not be construed as authorizing the use of a junior water right in a manner that impairs or interferes with the use of a senior water right.

(6) It is presumed that a change in a water right made by a notification of the department under this section does not impair or interfere with the use of a water right that is senior to the right being changed. However, if upon receiving such a notification, the department determines that the change would impair or interfere with the use of a senior water right, the department shall notify the person providing the notice and shall file a notice of its decision with the superior court of the county in which the withdrawal of water under the right takes place. The notice provided by the department shall not stay the change made to the water right under this section. The superior court shall review the determination of the department de novo. In such a review, the burden of proof in overcoming the presumption provided by this subsection is on the department. The presumption can be overcome only through the application of scientific data supporting the department's determination. At the conclusion of its review, the superior court shall enter a ruling canceling the change identified in the notification provided to the department, modifying the conditions or extent of that change, or affirming the change. If the ruling modifies the change or affirms the change, the department shall revise its records regarding the right accordingly.

A determination regarding impairment or interference made by the department under this subsection concerning a notification it receives under this section shall be made within one year of receiving the notification.

The presumption provided by this subsection does not apply with regard to a claim made in superior court by a person with a water right that a change made under this section by a junior water right holder impairs or interferes with the use of the person's senior water right.

(7) If a water right changed under this section is a right represented by a statement of claim in the water rights claims registry, the department's obligation to revise its records to reflect the change shall be accomplished by providing an amendment to the statement of claim to reflect the change.

(8) This section does not apply in an area with an acreage expansion program in effect on the effective date of this section that is an element of a ground water area or subarea management program as provided in RCW 90.44.445.

(9) Nothing in this section authorizes a change in a water right or a portion of a water right that has not been perfected through beneficial use prior to the change.

**Sec. 3.** RCW 90.44.100 and 1987 c 109 s 113 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may, without losing his priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or he may change the manner or the place of use of the water(~~(: PROVIDED, HOWEVER, That such)~~). An amendment shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: ~~((4))~~ (a) The additional or substitute well or wells shall tap the same body of public ground water as the original well or wells; ~~((2))~~ (b) use of the original well or wells shall be discontinued upon construction of the substitute well or wells; ~~((3))~~ (c) the construction of an additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and ~~((4))~~ (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall

require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(2) This section does not apply to a transfer or change governed by section 2 of this act.

(3) Any right represented by an application for a water right for which a permit for water use has not been issued by the time an amendment is approved under this section may not be construed as being impaired by the amendment. An existing right that is in the status of an undeveloped water use permit under which water has not been withdrawn by the time an amendment is approved under this section may not be construed as being impaired by the amendment.

(4) The department may not initiate relinquishment proceedings under chapter 90.14 RCW regarding a water right for which an application for an amendment is filed under this section during the period beginning on the date the department receives the application and ending two years after the date the department makes a decision on the application.

**Sec. 4.** RCW 90.03.290 and 1994 c 264 s 84 are each amended to read as follows:

When an application complying with the provisions of this chapter and with the rules and regulations of the department has been filed, the same shall be placed on record with the department, and it shall be its duty to investigate the application, and determine what water, if any, is available for appropriation, and find and determine to what beneficial use or uses it can be applied. If it is proposed to appropriate water for irrigation purposes, the department shall investigate, determine and find what lands are capable of irrigation by means of water found available for appropriation. If it is proposed to appropriate water for the purpose of power development, the department shall investigate, determine and find whether the proposed development is likely to prove detrimental to the public interest, having in mind the highest feasible use of the waters belonging to the public. If the application does not contain, and the applicant does not promptly furnish sufficient information on which to base such findings, the department may issue a preliminary permit, for a period of not to exceed three years, requiring the applicant to make such surveys, investigations, studies, and progress reports, as in the opinion of the department may be necessary. If the applicant fails to comply with the conditions of the preliminary permit, it and the application or applications on which it is based shall be automatically canceled and the applicant so notified. If the holder of a preliminary permit shall, before its expiration, file with the department a verified report of expenditures made and work done under the preliminary permit, which, in the opinion of the department, establishes the good faith, intent and ability of the applicant to carry on the proposed development, the preliminary permit may, with the approval of the governor, be extended, but not to exceed a maximum period of five years from the date of the issuance of the preliminary permit. The department shall make and file as part of the record in the matter, written findings of fact concerning all things investigated, and if it shall find that there is water available for appropriation for a beneficial use, and the appropriation thereof as proposed in the application will not impair existing rights or be detrimental to the public welfare, it shall issue a permit stating the amount of water to which the applicant shall be entitled and the beneficial use or uses to which it may be applied: PROVIDED, That where the water applied for is to be used for irrigation purposes, it shall become appurtenant only to such land as may be reclaimed thereby to the full extent of the soil for agricultural purposes. But where there is no unappropriated water in the proposed source of supply, or where the proposed use conflicts with existing rights, or threatens to prove detrimental to the public interest, having due regard to the highest feasible development of the use of the waters belonging to the public, it shall be duty of the department to reject such application and to refuse to issue the permit asked for. If the permit is refused because of conflict with existing rights and such applicant shall acquire same by purchase or condemnation under RCW 90.03.040, the department may thereupon grant such permit. Any application may be approved for a less amount of water than that applied for, if there exists substantial reason therefor, and in any event shall not be approved for more water than can be applied to beneficial use for the purposes named in the application. In determining whether or not a permit shall issue upon any application, it shall be the duty of the department to investigate all facts relevant and material to the application. After the department approves said application in whole or in part and before any permit shall be issued thereon to the applicant, such applicant shall pay the fee provided in RCW 90.03.470: PROVIDED FURTHER, That in the event a

permit is issued by the department upon any application, it shall be its duty to notify the director of fish and wildlife of such issuance.

This section does not apply to transfers or changes made under section 2 of this act or to applications for transfers or changes made under RCW 90.03.380 or 90.44.100.

**Sec. 5.** RCW 90.44.445 and 1993 c 99 s 1 are each amended to read as follows:

In any acreage expansion program adopted by the department as an element of a ground water management program, the authorization for a water right certificate holder to participate in the program shall be on an annual basis for the first two years. After the two-year period, the department may authorize participation for ten-year periods. The department may authorize participation for ten-year periods for certificate holders who have already participated in an acreage expansion program for two years. The department may require annual certification that the certificate holder has complied with all requirements of the program. The department may terminate the authority of a certificate holder to participate in the program for one calendar year if the certificate holder fails to comply with the requirements of the program.

This section applies only in an area with an acreage expansion program in effect on the effective date of this amendatory section that has been adopted by the department as an element of a ground water area or subarea management program. The provisions of section 2 of this act, RCW 90.03.380, and 90.44.100 apply to transfers, changes, and amendments to permits or rights for the beneficial use of ground water in any other area."

SB 5571 Prime Sponsor, Senator Newhouse: Providing for a single form for employers to report unemployment insurance contributions and industrial insurance premiums and assessments. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that failure to report and underreporting of industrial insurance premiums and unemployment insurance contributions creates, among other problems, a serious economic disadvantage for those employers who comply with the law. Based on the recommendations of a legislative task force that reviewed these issues, the legislature finds that some employers who comply with one of these laws, but fail to comply with the other, may be more likely to comply with both laws if employers were required to file their reports on a unified form. In addition, the agencies may be better able to coordinate efforts to enforce the reporting requirements if reporting information is provided to both agencies.

(2) By January 1, 1998, the department of labor and industries and the employment security department shall jointly develop a plan, and report the plan to the appropriate committees of the

legislature, for implementing a unified form for reporting industrial insurance premiums under Title 51 RCW and unemployment insurance contributions under Title 50 RCW beginning with reports due in calendar year 1999. The implementation plan must address at least the following:

(a) The use of separate pages or separate sections on the form for each agency's report. The agencies may review but are not required to change coverage or reporting requirements in developing a unified form;

(b) Procedures for employers to mail or electronically transmit the report to a central location with distribution to the agencies or other distribution alternative that provides the agencies with notice of the employers' filings; and

(c) Methods to permit employers to make payment to both agencies in a single payment.

(3) By January 1, 1998, the department of labor and industries and the employment security department shall report to the appropriate committees of the legislature the results of a study that cross-matches the names or the unified business identifier numbers, or both, of employers who file reports under Title 50 RCW or Title 51 RCW, or both. At a minimum, the report must include the number of employers who file a report under only one title and the results of the agency's investigating the failure to file a report under both titles.

**Sec. 2.** RCW 51.32.140 and 1971 ex.s. c 289 s 45 are each amended to read as follows:

Except as otherwise provided by treaty or this title, whenever compensation is payable to a beneficiary who is an alien not residing in the United States, ~~((there shall be paid fifty percent of))~~ the department or self-insurer, as the case may be, shall pay the compensation ~~((herein otherwise provided))~~ to ~~((such))~~ which a resident beneficiary is entitled under this title. But if a nonresident alien beneficiary is a citizen of a government having a compensation law which excludes citizens of the United States, either resident or nonresident, from partaking of the benefit of such law in as favorable a degree as herein extended to nonresident aliens, he or she shall receive no compensation. No payment shall be made to any beneficiary residing in any country with which the United States does not maintain diplomatic relations when such payment is due.

**Sec. 3.** RCW 51.08.050 and 1977 ex.s. c 350 s 11 are each amended to read as follows:

SB 5651 Prime Sponsor, Senator Anderson: Restricting actions against employers under industrial insurance. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the historic covenant between workers and employers that resulted in the industrial insurance system in Washington was intended to provide both "sure and certain" relief to workers and foreclosure of law suits against employers, without regard to questions of fault by either party. However, this historic compromise also recognized that employers who deliberately injured their employees should not be immune from civil law suit. The legislature therefore finds that the standard used for determining the injuries for which employers can be subject to suit is critical to maintaining the covenant between workers and employers. To protect the no-fault system intended for industrial insurance, this standard must narrowly limit suits against employers to situations in which the employer determined to injure the employee and used some means appropriate to that end.

**Sec. 2.** RCW 51.24.020 and 1984 c 218 s 2 are each amended to read as follows:

If injury results to a worker from the deliberate intention of his or her employer to produce such injury, the worker or beneficiary of the worker shall have the privilege to take under this title and also have cause of action against the employer as if this title had not been enacted, for any damages in

excess of compensation and benefits paid or payable under this title. For the purposes of this section, a worker's injury does not result from the deliberate intention of his or her employer unless the employer had specific intent to injure the worker. The specific intent required under this section must relate to the injury, not to the act causing the injury. The employer has the specific intent required under this section if the employer acts with the objective or purpose to accomplish the worker's injury, using some means appropriate to that end. The court shall determine, as a question of law, the employer's intent."

SSB 5668 Prime Sponsor, Committee on FinIn/Ins/Hs: Allowing the department of health to adopt a temporary worker housing code. Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the shortage of temporary worker housing is due in part to inappropriate construction requirements for temporary worker shelter and related facilities. It is the intent of the legislature that temporary worker housing developers, including employers, be provided with a regulatory framework that allows shelter to be provided that meets the basic dignity, comfort, common decency, health, and safety needs of workers. It is the intent of chapter . . . , Laws of 1997 (this act) to provide a temporary worker housing building code that will encourage private development of temporary worker housing, and will accommodate a wide range of building materials and new and innovative construction formats that are not possible under previously applicable codes.

NEW SECTION. Sec. 2. A new section is added to chapter 19.27 RCW to read as follows:  
Temporary worker housing shall be constructed, altered, or repaired as provided in chapter 70.114A RCW. The construction, alteration, or repair of temporary worker housing is not subject to

the codes adopted under RCW 19.27.031, except as provided in any code adopted under chapter 70.114A RCW. For the purposes of this section "temporary worker housing" means a shelter, place, area, or piece of land where sleeping places or housing sites are provided by an employer for his or her employees for temporary seasonal occupancy, not to exceed six months in a twelve-month period, at the employees' worksite, and includes labor camps under RCW 70.54.110. The term "temporary worker housing" does not include tents and tent platforms.

**Sec. 3.** RCW 70.114A.080 and 1995 c 220 s 8 are each amended to read as follows:

~~((By December 1, 1996,))~~ The state building code council shall ((develop)) adopt by rule under chapter 34.05 RCW a temporary worker ((housing)) building code, in conformance with the temporary worker housing standards developed under the Washington industrial safety and health act, chapter 49.17 RCW, the rules adopted by the state board of health under RCW 70.54.110, and the following guidelines:

(1) The code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements.

(2) The code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing.

(3) In developing the code the council shall consider: (a) The need for dormitory type housing for groups of unrelated individuals; and (b) the need for housing to accommodate families.

(4) The code shall include construction standards for ~~((a variety of formats, including, but not limited to))~~: (a) ~~((Tents and tent platforms))~~ Straw bale exterior wall structures; and (b) hard-shell, single exterior wall structures.

(5) The code shall include standards for temporary worker housing that is to be used only during periods when no auxiliary heat is required.

In ~~((developing))~~ adopting the temporary worker ~~((housing))~~ building code, it is the intent of the legislature that the building code council make exceptions to the codes listed in RCW 19.27.031, and chapter 19.27A RCW, in keeping with the guidelines set forth in this section.

~~((The building code council shall appoint a technical advisory committee to assist in the development of the temporary worker housing code, which shall include representatives of industries that most frequently supply temporary housing to their employees.))~~ It is also the intent of the legislature that the state building code council take into consideration the guidelines developed by the technical advisory committee for the development of the initial temporary worker building code adopted by the state building code council under section 8, chapter 220, Laws of 1995, and presented to the legislature on December 1, 1996. The state building code council shall consider additional input from all interested parties, including seasonal agricultural workers, before adopting the temporary worker building code under this section.

The temporary worker building code authorized and required by this section shall be enforced by the department.

**Sec. 4.** RCW 43.70.340 and 1990 c 253 s 3 are each amended to read as follows:

(1) The farmworker housing inspection fund is established in the custody of the state treasury. The department of health shall deposit all funds received under subsection (2) of this section and from the legislature to administer a labor camp inspection program conducted by the department of health. Disbursement from the fund shall be on authorization of the secretary of health or the secretary's designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

(2) There is imposed a fee on each operating license issued by the department of health to every operator of a labor camp that is regulated by the state board of health. The fee paid under this subsection shall include all necessary inspection of the units to ensure compliance with applicable state board of health rules on labor camps.

(a) Fifty dollars shall be charged for each labor camp containing six or less units.

(b) Seventy-five dollars shall be charged for each labor camp containing more than six units.

(3) The term of the operating license and the application procedures shall be established, by rule, by the department of health.

(4) The department of health shall establish a building permit fee schedule for temporary worker housing subject to chapter 70.114A RCW. The department of health shall develop rules to establish a fee schedule sufficient to cover the cost of all necessary plan reviews and on-site construction inspections of the temporary worker housing to ensure compliance with the codes developed under RCW 70.114A.080."

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Who has a developmental disability, as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist.

~~((5))~~ (7) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

~~((6))~~ (8) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

~~((7))~~ (9) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

~~((8))~~ (10) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

~~((9))~~ (11) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services capable of preventing the need for out-of-home placement while protecting the child.

NEW SECTION. Sec. 2. A new section is added to chapter 26.44 RCW to read as follows:

The department may create a community-based alternative response system for families referred to child protective services who are identified as low-risk cases. The system shall assess family needs and strengths, and arrange services for eligible families. Services provided through the system shall be contracted for with community-based organizations.

NEW SECTION. Sec. 3. If specific funding for the purposes of section 2 of this act, referencing this act by bill or chapter and section number, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 4. Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.

NEW SECTION. Sec. 5. The legislature intends to consolidate all services provided to children with developmental disabilities through the department of social and health services in the division of developmental disabilities. The legislature also intends to provide a discrete, separate process for children with developmental disabilities who require home-based or out-of-home care that complies with the federal requirements for receipt of federal funds for services under Title IV-B and Title IV-E of the social security act. The legislature intends by sections 6 through 9 of this act to minimize the embarrassment and inconvenience of children with developmental disabilities and their families caused by complying with these federal requirements.

NEW SECTION. Sec. 6. A new section is added to chapter 71A.10 RCW to read as follows:  
As used in this chapter, "developmentally disabled dependent child" is a child who has a developmental disability as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian and with the department mutually agree that services appropriate to the child's needs can not be provided in the home.

NEW SECTION. Sec. 7. A new section is added to chapter 71A.10 RCW to read as follows:  
It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child's developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

As used in this section, "voluntary placement agreement" means a written agreement between the department and a child's legal guardian authorizing the department to place the child in a licensed facility. Under the terms of this agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child's placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child's parent and the department to be in effect.

As used in this section, "out-of-home placement" means the placement of a child in a facility licensed to care for children with developmental disabilities on a twenty-four hour basis.

Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child's placement and care. When a child remains in out-of-home care under a voluntary agreement for more than one hundred eighty days, the juvenile court shall make a judicial determination, within the first one hundred eighty days of the placement, that the placement is in the best interests of the child. In addition, the juvenile court shall hold a permanency planning hearing as specified in RCW 13.34.145 and thereafter as specified in federal law during the continuation of the placement. The permanency planning hearings shall review whether the child's best interests are served by continued out-of-home placement and determine the future status of the child.

The department shall provide for foster care citizen reviews or administrative reviews as required by federal law. A review may be called at any time by either the department or the parent.

The court may appoint a guardian ad litem if the court finds an independent investigation is needed to examine the best interests of the child.

Nothing in this section shall prevent the department from filing a dependency petition if the child is abused or neglected or the parents discontinue contact with the child.

The department shall adopt rules providing for the implementation of sections 8 and 9 of this act and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under chapter 71A.10 RCW.

**NEW SECTION. Sec. 8.** Section 7 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

**NEW SECTION. Sec. 9.** A new section is added to chapter 71A.10 RCW to read as follows:  
The department shall consolidate all services provided through the department to children with developmental disabilities in the division of developmental disabilities. The department shall provide for an orderly transfer of staff, equipment, and related responsibilities from the division of children and family services to the division of developmental disabilities. The division of developmental disabilities shall assume responsibilities for children with developmental disabilities under this section no later than March 1, 1998. Any disputes between the division of children and family services and the division of developmental disabilities regarding the transfer of responsibilities under this section shall be resolved by the secretary of the department of social and health services.

For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(d) The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. (3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute

and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the legislature on the effectiveness of the risk assessment process.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

No information given at any such examination of the parent or any other person having custody of the child may be used against such person in any subsequent criminal proceedings against such person or custodian concerning the alleged abuse or neglect of the child.

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.060 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

(1) A person participating in good faith in making a report under this chapter or testifying about ~~((the))~~ alleged abuse, neglect, abandonment, or exploitation of a vulnerable adult in a judicial proceeding under this chapter is immune from liability resulting from the report or testimony. The making of permissive reports as allowed in RCW 74.34.030 does not create any duty to report and no civil liability shall attach for any failure to make a permissive report under RCW 74.34.030.

(2) Conduct conforming with the reporting and testifying provisions of this chapter shall not be deemed a violation of any confidential communication privilege. Nothing in this chapter shall be construed as superseding or abridging remedies provided in chapter 4.92 RCW.

**Sec. 26.** RCW 74.34.070 and 1995 1st sp.s. c 18 s 87 are each amended to read as follows:

In responding to reports of alleged abuse, exploitation, neglect, or abandonment under this chapter, the department shall provide information to the frail elder or vulnerable adult on protective services available to the person and inform the person of the right to refuse such services. The department shall develop cooperative agreements with community-based agencies servicing the abused elderly and vulnerable adults. The agreements shall cover such subjects as the appropriate roles and responsibilities of the department and community-based agencies in identifying and responding to

reports of alleged abuse, the provision of case-management services, standardized data collection procedures, and related coordination activities.

**Sec. 27.** RCW 13.34.090 and 1990 c 246 s 4 are each amended to read as follows:

(1) Any party has a right to be represented by an attorney in all proceedings under this chapter, to introduce evidence, to be heard in his or her own behalf, to examine witnesses, to receive a decision based solely on the evidence adduced at the hearing, and to an unbiased fact-finder.

(2) At all stages of a proceeding in which a child is alleged to be dependent pursuant to RCW 13.34.030(~~((2))~~) (6), the child's parent, guardian, or legal custodian has the right to be represented by counsel, and if indigent, to have counsel appointed for him or her by the court. Unless waived in court, counsel shall be provided to the child's parent, guardian, or legal custodian, if such person (a) has appeared in the proceeding or requested the court to appoint counsel and (b) is financially unable to obtain counsel because of indigency as defined in chapter 10.101 RCW.

(3) If a party to an action under this chapter is represented by counsel, no order shall be provided to that party for his or her signature without prior notice and provision of the order to counsel.

(4) Copies of department of social and health services or supervising agency records to which parents have legal access pursuant to chapter 13.50 RCW shall be given to the child's parent, guardian, legal custodian, or his or her legal counsel, within twenty days after the department or supervising agency receives a written request for such records from the parent, guardian, legal custodian, or his or her legal counsel. These records shall be provided to the child's parents, guardian, legal custodian, or legal counsel prior to the shelter care hearing in order to allow an opportunity to review the records prior to the hearing. These records shall be legible and shall be provided at no expense to the parents, guardian, legal custodian, or his or her counsel.

**Sec. 28.** RCW 13.34.120 and 1996 c 249 s 14 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child's cultural heritage, and shall be made available to the court. The court shall consider the social file, social study, guardian ad litem report, the court-appointed special advocate's report, if any, and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency's social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency's plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(~~((4))~~) (6) (b) or (c) shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs which have been considered and rejected; the preventive services that have been offered or provided and have failed to prevent the need

for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent-child attachment and the meaning of separation and loss to both the parents and the child;

(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

**Sec. 29.** RCW 13.34.180 and 1993 c 412 s 2 and 1993 c 358 s 3 are each reenacted and amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege:

(1) That the child has been found to be a dependent child under RCW 13.34.030(~~((2))~~) (6); and

(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and

(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(~~((2))~~) (6); and

(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and

(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(a) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or

(b) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home; or

(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been offered or provided.

Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

The section shall also contain like information concerning persons, over the age of eighteen years, who have been found, pursuant to a dependency proceeding under RCW 13.34.030(~~(2)~~) (6)(b) to have physically abused or sexually abused or exploited a child or, pursuant to a protection proceeding under chapter 74.34 RCW, to have abused or financially exploited a vulnerable adult.

**Sec. 31.** RCW 43.43.840 and 1989 c 334 s 5 and 1989 c 90 s 5 are each reenacted and amended to read as follows:

(3) When a business or an organization terminates, fires, dismisses, fails to renew the contract, or permits the resignation of an employee because of crimes against children or other persons or because of crimes relating to the financial exploitation of a vulnerable adult, and if that employee is employed in a position requiring a certificate or license issued by a licensing agency such as the state board of education, the business or organization shall notify the licensing agency of such termination of employment.

**Sec. 32.** RCW 43.20A.050 and 1979 c 141 s 63 are each amended to read as follows:

It is the intent of the legislature wherever possible to place the internal affairs of the department under the control of the secretary (~~(in order that he may)~~) to institute (~~(therein)~~) the flexible, alert and intelligent management of its business that changing contemporary circumstances require. whenever (~~his~~) the secretary's authority is not specifically limited by law, he or she shall have complete charge and supervisory powers over the department. (~~He~~) The secretary is authorized to create such administrative structures as (~~he may deem~~) deemed appropriate, except as otherwise specified by law. The legislature recognizes that children are at risk of harm in cases of abuse or neglect and intends to provide a method of reducing such risk as well as mitigating the potential liability to the state associated with employee misconduct involving children. The legislature does not intend to impair any existing rights of appeals held by employees, nor does it intend to restrict consideration of any appropriate evidence or facts by the personnel appeals board.

**Sec. 34.** RCW 41.64.100 and 1981 c 311 s 11 are each amended to read as follows:

(1) In all appeals over which the board has jurisdiction involving reduction, dismissal, suspension, or demotion, the board shall set the case for hearing, and the final decision, including an appeal to the board from the hearing examiner, if any, shall be rendered within ninety days from the date the appeal was first received(~~(: PROVIDED, That,)~~). An extension may be permitted if agreed to by the employee and the employing agency. The board shall furnish the agency with a copy of the appeal in advance of the hearing.

(2) Notwithstanding subsection (1) of this section, in a case involving misconduct that has placed a child at serious risk of harm as a result of actions taken or not taken under chapter 13.32A, 13.34, 13.40, 26.44, 74.13, 74.14A, 74.14B, 74.14C, or 74.15 RCW, the board shall hear the case before all other unresolved or unscheduled cases. The board shall issue its order within forty-five days of hearing the case unless there are extraordinary circumstances, in which case, an additional thirty days may elapse until the case is decided.

(3) In all appeals made pursuant to RCW 41.06.170(~~(3))~~) (4), as now or hereafter amended, the decision of the board is final and not appealable to court.

**NEW SECTION. Sec. 35.** Section 34 of this act shall not be construed to alter an existing collective bargaining unit or the provisions of any existing bargaining agreement in place on the effective date of this section before the expiration of such agreement.

SSB 5715 Prime Sponsor, Committee on Health & Long-Term Care: Licensing orthotists and prosthetists. Reported by Committee on Health Care

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature that this act accomplish the following: Safeguard public health, safety, and welfare; protect the public from being misled by unethical, ill-prepared, unscrupulous, and unauthorized persons; assure the highest degree of professional conduct on the part of orthotists and prosthetists; and assure the availability of orthotic and prosthetic services of high quality to persons in need of the services. The purpose of this act is to provide for the regulation of persons offering orthotic and prosthetic services to the public.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Advisory committee" means the orthotics and prosthetics advisory committee.
- (2) "Department" means the department of health.
- (3) "Secretary" means the secretary of health or the secretary's designee.
- (4) "Orthotics" means the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, adjusting, or servicing, as well as providing the initial training necessary to accomplish the fitting of, an orthosis for the support, correction, or alleviation of neuromuscular or musculoskeletal dysfunction, disease, injury, or deformity. The practice of orthotics encompasses evaluation, treatment, and consultation. With basic observational gait and postural analysis, orthotists assess and design orthoses to maximize function and provide not only the support but the alignment necessary to either prevent or correct deformity or to improve the safety and efficiency of mobility or locomotion, or both. Orthotic practice includes providing continuing patient care in order to assess its effect on the patient's tissues and to assure proper fit and function of the orthotic device by periodic evaluation.

(5) "Orthotist" means a person licensed to practice orthotics under this chapter.

(6) "Orthosis" means a custom-fabricated, definitive brace or support that is designed for long-term use. Except for the treatment of scoliosis, orthosis does not include prefabricated or direct-formed orthotic devices, as defined in this section, or any of the following assistive technology devices: Commercially available knee orthoses used following injury or surgery; spastic muscle tone-inhibiting orthoses; upper extremity adaptive equipment; finger splints; hand splints; custom-made, leather wrist gauntlets; face masks used following burns; wheelchair seating that is an integral part of the wheelchair and not worn by the patient independent of the wheelchair; fabric or elastic supports; corsets; arch supports, also known as foot orthotics; low-temperature formed plastic splints; trusses; elastic hose; canes; crutches; cervical collars; dental appliances; and other similar devices as determined by the secretary, such as those commonly carried in stock by a pharmacy, department store, corset shop, or surgical supply facility. Prefabricated orthoses, also known as custom-fitted, or off-the-shelf, are devices that are manufactured as commercially available stock items for no specific patient. Direct-formed orthoses are devices formed or shaped during the molding process directly on the patient's body or body segment. Custom-fabricated orthoses, also known as custom-made orthoses, are devices designed and fabricated, in turn, from raw materials for a specific patient and require the generation of an image, form, or mold that replicates the patient's body or body segment and, in turn, involves the rectification of dimensions, contours, and volumes to achieve proper fit, comfort, and function for that specific patient.

(7) "Prosthetics" means the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, aligning, adjusting, or servicing, as well as providing the initial training necessary to accomplish the fitting of, a prosthesis through the replacement of external parts of a human body lost due to amputation or congenital deformities or absences. The practice of prosthetics also includes the generation of an image, form, or mold that replicates the patient's body or body segment and that requires rectification of dimensions, contours, and volumes for use in the design and fabrication of a socket to accept a residual anatomic limb to, in turn, create an artificial appendage that is designed either to support body weight or to improve or restore function or cosmesis, or both. Involved in the practice of prosthetics is observational gait analysis and clinical assessment of the requirements necessary to refine and mechanically fix the relative position of various parts of the prosthesis to maximize the function, stability, and safety of the patient. The practice of prosthetics includes providing continuing patient care in order to assess the prosthetic device's effect on the patient's tissues and to assure proper fit and function of the prosthetic device by periodic evaluation.

(8) "Prosthetist" means a person who is licensed to practice prosthetics under this chapter.

(9) "Prosthesis" means a definitive artificial limb that is alignable or articulated, or, in lower extremity applications, capable of weight bearing. Prosthesis means an artificial medical device that is not surgically implanted and that is used to replace a missing limb, appendage, or other external human body part including an artificial limb, hand, or foot. The term does not include artificial eyes, ears, fingers or toes, dental appliances, ostomy products, devices such as artificial breasts, eyelashes, wigs, or other devices as determined by the secretary that do not have a significant impact on the musculoskeletal functions of the body. In the lower extremity of the body, the term prosthesis does not include prostheses required for amputations distal to and including the transmetatarsal level. In the upper extremity of the body, the term prosthesis does not include prostheses that are provided to restore function for amputations distal to and including the carpal level.

(10) "Authorized health care practitioner" means licensed physicians, physician's assistants, osteopathic physicians, chiropractors, naturopaths, podiatric physicians and surgeons, dentists, and advanced registered nurse practitioners.

**NEW SECTION. Sec. 3.** An orthotist or prosthetist may only provide treatment utilizing new orthoses or prostheses for which the orthotist or prosthetist is licensed to do so, and only under an order from or referral by an authorized health care practitioner. A consultation and periodic review by an authorized health care practitioner is not required for evaluation, repair, adjusting, or servicing of orthoses by a licensed orthotist and servicing of prostheses by a licensed prosthetist. Nor is an authorized health care practitioner's order required for maintenance of an orthosis or prosthesis to the

level of its original prescription for an indefinite period of time if the order remains appropriate for the patient's medical needs.

Orthotists and prosthetists must refer persons under their care to authorized health care practitioners if they have reasonable cause to believe symptoms or conditions are present that require services beyond the scope of their practice or for which the prescribed orthotic or prosthetic treatment is contraindicated.

**NEW SECTION. Sec. 4.** No person may represent himself or herself as a licensed orthotist or prosthetist, use a title or description of services, or engage in the practice of orthotics or prosthetics without applying for licensure, meeting the required qualifications, and being licensed by the department of health, unless otherwise exempted by this chapter.

A person not licensed with the secretary must not represent himself or herself as being so licensed and may not use in connection with his or her name the words or letters "L.O.," "L.P.," or "L.P.O.," or other letters, words, signs, numbers, or insignia indicating or implying that he or she is either a licensed orthotist or a licensed prosthetist, or both. No person may practice orthotics or prosthetics without first having a valid license. The license must be posted in a conspicuous location at the person's work site.

**NEW SECTION. Sec. 5.** Nothing in this chapter shall be construed to prohibit or restrict:

(1) The practice by individuals listed under RCW 18.130.040 and performing services within their authorized scopes of practice;

(2) The practice by an individual employed by the government of the United States while engaged in the performance of duties prescribed by the laws of the United States;

(3) The practice by a person who is a regular student in an orthotic or prosthetic educational program approved by the secretary, and whose performance of services is pursuant to a regular course of instruction or assignments from an instructor and under the general supervision of the instructor, if the person is designated by a title that clearly indicates the person's status as a student or trainee;

(4) A person fulfilling the supervised residency or internship experience requirements described in section 8 of this act, if the activities and services constitute a part of the experience necessary to meet the requirements of this chapter; or

(5) A person from performing orthotic or prosthetic services in this state if: (a) The services are performed for no more than ninety working days; and (b) the person is licensed in another state or has met commonly accepted standards for the practice of orthotics or prosthetics as determined by the secretary.

**NEW SECTION. Sec. 6.** In addition to other authority provided by law, the secretary has the authority to:

(1) Adopt rules under chapter 34.05 RCW necessary to implement this chapter;

(2) Establish administrative procedures, administrative requirements, and fees in accordance with RCW 43.70.250 and 43.70.280. All fees collected under this section must be credited to the health professions account as required under RCW 43.70.320;

(3) Register applicants, issue licenses to applicants who have met the education, training, and examination requirements for licensure, and deny licenses to applicants who do not meet the minimum qualifications, except that proceedings concerning the denial of credentials based upon unprofessional conduct or impairment are governed by the uniform disciplinary act, chapter 18.130 RCW;

(4) Hire clerical, administrative, investigative, and other staff as needed to implement this chapter and hire individuals licensed under this chapter to serve as examiners for any practical examinations;

(6) Establish the standards and procedures for revocation of approval of education programs;

(7) Utilize or contract with individuals or organizations having expertise in the profession or in education to assist in the evaluations;

(8) Prepare and administer, or approve the preparation and administration of, examinations for applicants for licensure;

(9) Determine whether alternative methods of training are equivalent to formal education, and establish forms, procedures, and criteria for evaluation of an applicant's alternative training to determine the applicant's eligibility to take any qualifying examination;

(10) Determine which jurisdictions have licensing requirements equivalent to those of this state and issue licenses without examinations to individuals licensed in those jurisdictions;

(11) Define and approve any experience requirement for licensing;

The committee is composed of five members, one member initially appointed for a term of one year, two for a term of two years, and two for a term of three years. Subsequent appointments are for terms of three years. No person may serve as a member of the committee for more than two consecutive terms. Members of the advisory committee must be residents of this state and citizens of the United States. The committee is composed of three individuals licensed in the category designated and engaged in rendering services to the public. One member must be licensed by the state as a physician licensed under chapter 18.57 or 18.71 RCW, specializing in orthopedic medicine or surgery or psychiatry. Two members must represent the public at large and be unaffiliated directly or indirectly with the profession being credentialed but, to the extent possible, be consumers of orthotic and prosthetic services. The two members appointed to the advisory committee representing the public at large must have an interest in the rights of consumers of health services and must not be or have been a licensee of a health occupation committee or an employee of a health facility, nor derive his or her primary livelihood from the provision of health services at any level of responsibility.

(2) The secretary may remove any member of the advisory committee for cause as specified by rule. In the case of a vacancy, the secretary shall appoint a person to serve for the remainder of the unexpired term.

(9) The secretary, members of advisory committees, or individuals acting on their behalf are immune from suit in any action, civil or criminal, based on any credentialing or disciplinary proceedings or other official acts performed in the course of their duties.

**NEW SECTION. Sec. 8.** (1) An applicant must file a written application on forms provided by the department showing to the satisfaction of the secretary, in consultation with the advisory committee, that the applicant meets the following requirements:

(a) The applicant possesses a baccalaureate degree with coursework appropriate for the profession approved by the secretary, or possesses equivalent training as determined by the secretary pursuant to subsections (3) and (5) of this section;

(b) The applicant has the amount of formal training, including the hours of classroom education and clinical practice, in areas of study as the secretary deems necessary and appropriate;

The secretary must set the internship as at least one year.

(2) An applicant for licensure as either an orthotist or prosthetist must pass all written and practical examinations that are required and approved by the secretary in consultation with the advisory committee.

(3) The standards and requirements for licensure established by the secretary must be substantially equal to the standards commonly accepted in the fields of orthotics and prosthetics.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This chapter may be cited as the Uniform Motor Vehicle and Driver Records Disclosure Act.

NEW SECTION. Sec. 2. The purpose of this chapter is to implement the federal Driver's Privacy Protection Act of 1994 (Title XXX P.L. 103-322). The legislature finds that the people of the state of Washington recognize the public benefit derived from motor vehicle registration and titling, driver licensing, and the issuance of identification documentation, and that the people recognize the need to provide personal information to the state of Washington and its agencies in order to properly maintain records on these activities.

The legislature further finds that the people have a right to expect that personal information maintained in motor vehicle and driver records will be used only for purposes relating to the ownership or operation of a motor vehicle, for purposes of public safety, and as otherwise expressly required or permitted by law.

It is the intent of this act to protect the interests of individuals in their personal privacy by prohibiting the disclosure and use of personal information contained in their motor vehicle and driver records, except as authorized by those individuals or by law.

**NEW SECTION. Sec. 3.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Disclose" means to engage in any practice or conduct to make available and make known personal information contained in a motor vehicle or driver record about a person to any other person, organization, or entity, by any means of communication.

(2) "Individual record" is a motor vehicle or driver record containing personal information about a designated person who is the subject of the record as identified in a request.

(3) "Motor vehicle or driver record" means any record that pertains to a motor vehicle operator's or driver's license or permit, motor vehicle registration, motor vehicle title, or identification document issued by the department of licensing, or other state or local agency authorized to issue any of such forms of credentials.

(4) "Person" means an individual, organization, or entity, but does not include the state of Washington or an agency thereof.

(5) "Personal information" means information that identifies a person, including an individual's photograph or computerized image, social security number, driver identification number, name, address (but not the five-digit zip code), telephone number, and medical or disability information, but does not include information on vehicular accidents, driving or equipment-related violations, and driver's license or registration status.

(6) "Record" includes all books, papers, photographs, photostats, cards, films, tapes, recordings, electronic data, printouts, or other documentary materials regardless of physical form or characteristics.

**NEW SECTION. Sec. 4.** Notwithstanding chapter 42.17 RCW to the contrary, except as provided in section 5, 6, or 7 of this act, the department and any officer, employee, agent, or contractor thereof shall not disclose personal information about any person obtained by the department in connection with a motor vehicle or driver record.

**NEW SECTION. Sec. 7.** Personal information referred to in section 4 of this act may be disclosed as otherwise permitted by law to any person by the department, its officers, employees, or contractors, on proof of the identity of the person requesting a record or records and representation by such person that the use of the personal information will be strictly limited to one or more of the following described uses:

The term "unsolicited business contact" means a contact that is intended to result in, or promote, the sale of any goods or services to a person named in the disclosed information. The term does not apply to situations where the requesting party and such person have been involved in a business transaction prior to the date of the disclosure request and where the request is made in connection with the transaction.

(2) The disclosing entity shall retain the request for disclosure for three years.

(3) Whenever the disclosing entity grants a request for information under this section by an attorney or private investigator, the disclosing entity shall provide notice to the vehicle owner, to whom the information applies, that the request has been granted. Such accident reports and analysis or reports thereof shall be available to the director of licensing, the department of transportation, the utilities and transportation commission, or their duly authorized representatives, for further tabulation and analysis for pertinent data relating to the regulation of highway traffic, highway construction, vehicle operators and all other purposes, and to publish information so derived as may be deemed of publication value, within the constraints of section 4 of this act.

The chief of the Washington state patrol shall furnish the index cross-reference record to the director, with reference to each driver involved in the reported accidents.

(2) The records shall be for the confidential use of the director, the chief of the Washington state patrol, the director of the Washington traffic safety commission, and for such police officers or other cognizant public officials as may be designated by law, and shall not be disclosed except as permitted under section 5, 6, or 7 of this act and as otherwise permitted by law. Such case records shall not be offered as evidence in any court except in case appeal is taken from the order of the director, suspending, revoking, canceling, or refusing a vehicle driver's license.

(3) The director shall tabulate and analyze vehicle driver's case records and suspend, revoke, cancel, or refuse a vehicle driver's license to a person when it is deemed from facts contained in the case record of such person that it is for the best interest of public safety that such person be denied the privilege of operating a motor vehicle. Whenever the director orders the vehicle driver's license of any such person suspended, revoked, or canceled, or refuses the issuance of a vehicle driver's license, such suspension, revocation, cancellation, or refusal is final and effective unless appeal from the decision of the director is taken as provided by law.

For purposes of section 7(11) of this act, the disclosure of personal information contained in the abstract of the driving record to an alcohol/drug assessment or treatment agency shall be authorized for purposes of public safety. City attorneys and county prosecuting attorneys may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment. The director, upon proper request, shall furnish a certified abstract covering the period of not more than the last three years to insurance companies. Upon proper request, the director shall furnish a certified abstract covering a period of not more than the last five years to state approved alcohol/drug assessment or treatment agencies, except that the certified abstract shall also include records of alcohol-related offenses as defined in RCW 46.01.260(2) covering a period of not more than the last ten years. Upon proper request, a certified abstract of the full driving record maintained by the department shall be furnished to a city or county prosecuting attorney, to the individual named in the abstract or to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual. The abstract, whenever possible, shall include an enumeration of motor vehicle

accidents in which the person was driving; the total number of vehicles involved; whether the vehicles were legally parked or moving; whether the vehicles were occupied at the time of the accident; any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law; and the status of the person's driving privilege in this state. The enumeration shall include any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer. Certified abstracts furnished to prosecutors and alcohol/drug assessment or treatment agencies shall also indicate whether a recorded violation is an alcohol-related offense as defined in RCW 46.01.260(2) that was originally charged as one of the alcohol-related offenses designated in RCW 46.01.260(2)((~~a~~)(i)) (b)(i).

The abstract provided to the insurance company shall exclude any information, except that related to the commission of misdemeanors or felonies by the individual, pertaining to law enforcement officers or fire fighters as defined in RCW 41.26.030, or any officer of the Washington state patrol, while driving official vehicles in the performance of occupational duty. The abstract provided to the insurance company shall include convictions for RCW 46.61.525 (1) and (2) except that the abstract shall report them only as negligent driving without reference to whether they are for first or second degree negligent driving. The abstract provided to the insurance company shall exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract shall show the deferred prosecution as well as the removal.

The director shall collect for each abstract the sum of four dollars and fifty cents which shall be deposited in the highway safety fund.

Any insurance company or its agent receiving the certified abstract shall use it exclusively for its own underwriting purposes and shall not divulge any of the information contained in it to a third party. No policy of insurance may be canceled, nonrenewed, denied, or have the rate increased on the basis of such information unless the policyholder was determined to be at fault. No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment, nor may any insurance company or its agent for underwriting purposes relating to the operation of noncommercial motor vehicles use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

Any employer or prospective employer or an agent acting on behalf of an employer or prospective employer receiving the certified abstract shall use it exclusively for his or her own purpose to determine whether the licensee should be permitted to operate a commercial vehicle or school bus upon the public highways of this state and shall not divulge any information contained in it to a third party.

Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

Release of a certified abstract of the driving record of an employee or prospective employee requires a statement signed by: (1) The employee or prospective employee that authorizes the release of the record, and (2) the employer attesting that the information is necessary to determine whether the licensee should be employed to operate a commercial vehicle or school bus upon the public highways of this state. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

Any violation of this section is a gross misdemeanor.

2SSB 5740 Prime Sponsor, Committee on Ways & Means: Assisting rural distressed areas. Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE RECOGNITION AND INTENT. The legislature recognizes the economic hardship that rural distressed areas throughout the state have undergone in recent years. Numerous rural distressed areas across the state have encountered serious economic downturns resulting in significant job loss and business failure. In 1991 the legislature enacted two major pieces of legislation to promote economic development and job creation, with particular emphasis on worker training, income, and emergency services support, along with community revitalization through planning services and infrastructure assistance. However even though these programs have been of assistance, rural distressed areas still face serious economic problems including: Above-average unemployment rates from job losses and below-average employment growth; low rate of business start-ups; and persistent erosion of vitally important resource-driven industries.

The legislature also recognizes that rural distressed areas in Washington have an abiding ability and consistent will to overcome these economic obstacles by building upon their historic foundations of business enterprise, local leadership, and outstanding work ethic.

The legislature intends to assist rural distressed areas in their ongoing efforts to address these difficult economic problems by providing a comprehensive and significant array of economic tools, necessary to harness the persistent and undaunted spirit of enterprise that resides in the citizens of rural distressed areas throughout the state.

The further intent of this act is to provide:

(1) A strategically designed plan of assistance, emphasizing state, local, and private sector leadership and partnership;

(2) A comprehensive and significant array of business assistance, services, and tax incentives that are accountable and performance driven;

(3) An array of community assistance including infrastructure development and business retention, attraction, and expansion programs that will provide a competitive advantage to rural distressed areas throughout Washington; and

(4) Regulatory relief to reduce and streamline zoning, permitting, and regulatory requirements in order to enhance the capability of businesses to grow and prosper in rural distressed areas.

NEW SECTION. Sec. 2. GOALS. The primary goals of chapter . . . , Laws of 1997 (this act) are to:

- (1) Promote the ongoing operation of business in rural distressed areas;
- (2) Promote the expansion of existing businesses in rural distressed areas;
- (3) Attract new businesses to rural distressed areas;
- (4) Assist in the development of new businesses from within rural distressed areas;
- (5) Provide family wage jobs to the citizens of rural distressed areas; and
- (6) Promote the development of communities of excellence in rural distressed areas.

## PART I BUSINESS ASSISTANCE

NEW SECTION. Sec. 3. A new section is added to chapter 28C.04 RCW to read as follows:  
**JOB SKILLS/RURAL DISTRESSED AREA EMPLOYEE TRAINING.** The work force training and education coordinating board shall give priority in the job skills program to assist businesses in rural distressed areas. For the purposes of this section, "rural distressed area" means the same as "rural natural resources impact area" under RCW 43.31.601.

NEW SECTION. Sec. 4. DEVELOPMENT LOAN FUND RECAPITALIZATION. The legislature finds that the development loan fund is a revolving loan fund capitalized primarily with federal funds. The fund, administered by the department of community, trade, and economic development, provides low-interest loans to businesses in economically distressed areas and other parts of the state. During the 1995-97 biennium, the department provided three million six hundred thousand dollars in loans, thereby exhausting its 1995-97 appropriation authority six months prior to the end of the biennium. However, due to early repayment of several loans, the account has an estimated fund balance of approximately one million seven hundred thousand dollars. In order to make the fund balance available for issuance of new loans prior to the end of the biennium, it is necessary to provide a supplemental appropriation.

(2) The authority may ~~((also))~~ develop and conduct a program that will stimulate and encourage the development of new products within Washington state by the infusion of financial aid for invention and innovation in situations in which the financial aid would not otherwise be reasonably available from commercial sources. (a) For the purposes of this program, the authority shall have the following powers and duties:

(i) To enter into financing agreements with eligible persons doing business in Washington state, upon terms and on conditions consistent with the purposes of this chapter, for the advancement of financial and other assistance to the persons for the development of specific products, procedures, and techniques, to be developed and produced in this state, and to condition the agreements upon contractual assurances that the benefits of increasing or maintaining employment and tax revenues shall remain in this state and accrue to it;

An investigation and report concerning the advisability of approving an application for assistance shall be completed by the

staff of the authority. The investigation and report may include, but is not limited to, facts about the company under consideration as its history, wage standards, job opportunities, stability of employment, past and present financial condition and structure, pro forma income statements, present and future markets and prospects, integrity of management as well as the feasibility of the proposed product and invention to be granted financial aid, including the state of development of the product as well as the likelihood of its commercial feasibility. After receipt and consideration of the report set out in this subsection and after other action as is deemed appropriate, the application shall be approved or denied by the authority. The applicant shall be promptly notified of action by the authority. In making the decision as to approval or denial of an application, priority shall be given to those persons operating or planning to operate businesses of special importance to Washington's economy, including, but not limited to: (i) Existing resource-based industries of agriculture, forestry, and fisheries; (ii) existing advanced technology industries of electronics, computer and instrument manufacturing, computer software, and information and design; and (iii) emerging industries such as environmental technology, biotechnology, biomedical sciences, materials sciences, and optics.

(3) The authority may also develop and implement, if authorized by the legislature, such other economic development financing programs adopted in future general plans of economic development finance objectives developed under RCW 43.163.090.

SSB 5770 Prime Sponsor, Committee on Human Services & Corrections: Protecting child records. Reported by Committee on Children & Family Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds unacceptable laws that bar legitimate and appropriate inquiries about the activities of public agencies in abuse and neglect cases, for they frustrate the ability of the legislature to set informed policy and act in appropriate oversight capacity; impair the ability of independent government agencies to determine the effectiveness of services, staff, and funding; corrode public trust; and undermine the right of the public to determine whether abused and neglected children are being adequately protected.

The legislature therefore finds a compelling need to reform the confidentiality laws and declares its intent, by enactment of this act, to increase the capacity for oversight and monitoring of the child welfare system, to increase information available to the public, and to increase accountability among the agencies involved in the system.

The legislature finds that the privacy of children and their families in child abuse and neglect cases must be safeguarded, but that the interests of children, their families, and the public are best protected by increased knowledge and oversight concerning the system, and by greater accountability; and therefore declares that this privacy must be balanced with the appropriate release of information concerning these cases. When the child has died, the legislature finds that disclosure is strongly in the public interest.

**NEW SECTION. Sec. 2.** (1) Consistent with the provisions of chapter 42.17 RCW and applicable federal law, the secretary, or the secretary's designee, shall disclose information regarding the abuse or neglect of a child, the investigation of the abuse or neglect, and any services related to the abuse or neglect of a child if any one of the following factors is present:

(a) The subject of the report has been charged in an accusatory instrument with committing a crime related to a report maintained by the department in its case and management information system;

(b) The investigation of the abuse or neglect of the child by the department or the provision of services by the department has been publicly disclosed in a report required to be disclosed in the course of their official duties, by a law enforcement agency or official, a prosecuting attorney, any other state or local investigative agency or official, or by a judge of the superior court;

(c) There has been a prior knowing, voluntary public disclosure by an individual concerning a report of child abuse or neglect in which such individual is named as the subject of the report; or

(d) The child named in the report has died and the child's death resulted from abuse or neglect or the child was in the care of, or receiving services from the department at the time of death or within twelve months before death.

(2) The secretary is not required to disclose information if the factors in subsection (1) of this section are present if he or she specifically determines the disclosure is contrary to the best interests of the child, the child's siblings, or other children in the household.

(3) Except for cases in subsection (1)(d) of this section, requests for information under this section shall specifically identify the case about which information is sought and the facts that support a determination that one of the factors specified in subsection (1) of this section is present.

**NEW SECTION. Sec. 3.** For purposes of section 2 of this act, the following information shall be disclosable:

(1) The name of the abused or neglected child;

(2) The determination made by the department of the referrals, if any, for abuse or neglect;

(3) Identification of child protective or other services provided or actions, if any, taken regarding the child named in the report and his or her family as a result of any such report or reports. These records include but are not limited to administrative reports of fatality, fatality review reports, case files, inspection reports, and reports relating to social work practice issues; and

(4) Any actions taken by the department in response to reports of abuse or neglect of the child.

**NEW SECTION. Sec. 4.** In determining under section 2 of this act whether disclosure will be contrary to the best interests of the child, the secretary, or the secretary's designee, must consider the effects which disclosure may have on efforts to reunite and provide services to the family.

**NEW SECTION. Sec. 5.** For purposes of section 2(1)(d) of this act, the secretary must make the fullest possible disclosure consistent with chapter 42.17 RCW and applicable federal law in cases of all fatalities of children who were in the care of, or receiving services from, the department at the time of their death or within the twelve months previous to their death.

If the secretary specifically determines that disclosure of the name of the deceased child is contrary to the best interests of the child's siblings or other children in the household, the secretary may remove personally identifying information.

For the purposes of this section, "personally identifying information" means the name, street address, social security number, and day of birth of the child who died and of private persons who are relatives of the child named in child welfare records. "Personally identifying information" shall not include the month or year of birth of the child who has died. Once this personally identifying information is removed, the remainder of the records pertaining to a child who has died must be released regardless of whether the remaining facts in the records are embarrassing to the unidentifiable other private parties or to identifiable public workers who handled the case.

**NEW SECTION. Sec. 6.** Except as it applies directly to the cause of the abuse or neglect of the child and any actions taken by the department in response to reports of abuse or neglect of the child, nothing in sections 2 through 5 of this act is deemed to authorize the release or disclosure of the

substance or content of any psychological, psychiatric, therapeutic, clinical, or medical reports, evaluations, or like materials, or information pertaining to the child or the child's family.

NEW SECTION. Sec. 7. The department, when acting in good faith, is immune from any criminal or civil liability, except as provided under RCW 42.17.340, for any action taken under sections 1 through 6 of this act.

NEW SECTION. Sec. 8. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 9. Sections 1 through 7 of this act are each added to chapter 74.13 RCW."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.13A.030 and 1971 ex.s. c 95 s 3 are each amended to read as follows:

Whenever a portion of a (~~water district or sewer~~) water-sewer district equal to at least sixty percent of the area or sixty percent of the assessed valuation of the real property lying within such district, is included within the corporate boundaries of a city, the city may either:

(1) Assume by ordinance the full and complete management and control of that portion of the entire district that is contiguous to the city and not included within another city, (~~whereupon~~) if the district voters of such an area approve a ballot proposition authorizing the assumption requested by the city, submitted to these voters by the board of commissioners of the district. The provisions of RCW 35.13A.020 shall be operative if the city proceeds under this subsection and any rates that are charged for service outside of the city shall be reasonable to all parties; or

(2) The city may proceed directly under the provisions of RCW 35.13A.050.

The city or district may petition to dissolve the district under the provisions of RCW 35.13A.080.

**Sec. 2.** RCW 35.13A.050 and 1971 ex.s. c 95 s 5 are each amended to read as follows:

When electing under RCW 35.13A.030 or 35.13A.040 to proceed under this section, the city may assume, by ordinance, jurisdiction of the district's responsibilities, property, facilities and equipment within the corporate limits of the city(~~(: PROVIDED, That)~~).

If on the effective date of such an ordinance the territory of the district included within the city contains any facilities serving or designed to serve any portion of the district outside the corporate limits of the city or if the territory lying within the district and outside the city contains any facilities serving or designed to serve territory included within the city (which facilities are hereafter in this section called the "serving facilities"), the city or district shall for the economically useful life of any such serving facilities make available sufficient capacity therein to serve the sewage, drainage, or water requirements of such territory, to the extent that such facilities were designed to serve such territory at a rate charged to the municipality being served which is reasonable to all parties.

In the event a city proceeds under this section, the ~~((district may elect upon a favorable vote of a majority of all voters within the district voting upon such propositions to require the))~~ city shall be required to assume responsibility for ~~((the operation and maintenance of))~~ operating and maintaining the district's property, facilities and equipment throughout that portion of the entire district that is contiguous to the city but not included in any other city and ~~((to))~~ the district shall pay the city a charge for such operation and maintenance which is reasonable under all of the circumstances, if the voters of the district who reside in such an area approve a ballot proposition providing for this transfer of responsibility, submitted to the voters by the board of commissioners of the district.

A city acquiring property, facilities and equipment under the provisions of this section shall acquire such property, facilities and equipment, and fix and collect service and other charges from owners and occupants of properties served by the city, subject, to any contractual obligations of the district which relate to the property, facilities, or equipment so acquired by the city or which are secured by taxes, assessments or revenues from the territory of the district included within the city. In such cases, the property included within the city and the owners and occupants thereof shall continue to be liable for payment of its and their proportionate share of any outstanding district indebtedness. The district and its officers shall continue to levy taxes and assessments on and to collect service and other charges from such property, or owners or occupants thereof, to enforce such collections, and to perform all other acts necessary to insure performance of the district's contractual obligations in the same manner and by the same means as if the territory of the district had not been included within the boundaries of a city.

The city or district may petition to dissolve the district under the provisions of RCW 35.13A.080.

**Sec. 3.** RCW 57.08.065 and 1996 c 230 s 313 are each amended to read as follows:

(1) A district shall have power to establish, maintain, and operate a mutual water, sewer, drainage, and street lighting system, a mutual system of any two or three of the systems, or separate systems.

(2) Where any two or more districts include the same territory as of July 1, 1997, none of the overlapping districts may provide any service that was made available by any of the other districts prior to July 1, 1997, within the overlapping territory without the consent by resolution of the board of commissioners of the other district or districts.

(3) A district that was a water district prior to July 1, 1997, that did not operate a sewer or drainage system prior to July 1, 1997, may not proceed to exercise the powers to establish, maintain, construct, and operate any sewer or drainage system without first obtaining written approval by resolution of the city or town in whose jurisdiction it proposes to exercise such powers and certification of necessity from the department of ecology and department of health. Any comprehensive plan for a sewer or drainage system ~~((of sewers))~~ or addition thereto or betterment thereof proposed by a district that was a water district prior to July 1, 1997, shall be approved by the same county, city, town, and state officials as were required to approve such plans adopted by a sewer district immediately prior to July 1, 1997, and as subsequently may be required."

SSB 5783 Prime Sponsor, Committee on Agriculture & Environment: Changing provisions relating to public water systems. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that it is in the public interest for water rights held by public water systems to be managed and regulated in a manner that:

(1) Allows such systems to prolong and maximize the use of water rights applied to municipal purposes consistent with the population demand projections established in state-approved water system plans and adopted growth management plans; and

(2) Promotes water conservation, with enhanced efforts occurring in water critical areas, promotes water system efficiencies, and eliminates disincentives for investments in water efficient technologies.

The department of ecology is therefore directed to administer water rights laws consistent with RCW 90.03.320 and 90.03.330 and section 2 of this act.

**NEW SECTION. Sec. 2.** A new section is added to chapter 90.03 RCW to read as follows:

(1) For the purposes of this chapter and RCW 90.14.140, "municipal water supply purposes" means water distributed by a group A public water system as defined by RCW 70.119.020, and includes domestic, commercial, and industrial water uses provided as an integral element of the public water system and includes industrial water uses provided on the effective date of this act under RCW 54.16.030 which are included in a comprehensive water system plan. Except as stated above, this definition does not include commercial, industrial, irrigation, or other water systems that are not designated as a public water system for potable water use recognized by a state-approved public water system plan or withdrawals of public ground waters exempt from permit requirements under RCW 90.44.050.

(2) For the purposes of RCW 90.14.140, the amount of water held for municipal water supply purposes is limited to the water that is deemed to be an efficient use and that meets the needs of the public water system's service area as determined by plans in RCW 90.03.320. Water uses that are deemed as efficient uses of water are those that are in full compliance with the department of health's conservation guidelines for such systems. This section applies only to those public water systems that are required to develop water conservation plans pursuant to the department of health's conservation guidelines.

**Sec. 3.** RCW 90.03.320 and 1987 c 109 s 67 are each amended to read as follows:

Actual construction work shall be commenced on any project for which permit has been granted within such reasonable time as shall be prescribed by the department, and shall thereafter be prosecuted with diligence and completed within the time prescribed by the department. The department, in fixing the time for the commencement of the work, or for the completion thereof and the application of the water to the beneficial use prescribed in the permit, shall take into consideration the cost and magnitude of the project and the engineering and physical features to be encountered, and shall allow such time as shall be reasonable and just under the conditions then existing, having due regard for the public welfare and public interests affected: and, for good cause shown, it shall extend the time or times fixed as aforesaid, and shall grant such further period or periods as may be reasonably necessary, having due regard to the good faith of the applicant and the public interests affected. In fixing construction schedules and the time, or extension of time, for application of water to

beneficial use for municipal water supply purposes, the department shall also take into consideration the term and amount of financing required to complete the project, delays that may result from planned and existing conservation and water use efficiency measures implemented by the public water system, and the supply needs of the public water system's service area, consistent with an approved comprehensive plan under chapter 36.70A RCW, or in the absence of such a plan, a county-approved comprehensive plan under chapter 36.70 RCW or a plan approved under chapter 35.63 RCW, and related water demand projections prepared by public water systems in accordance with state law. An existing comprehensive plan under chapter 36.70A or 36.70 RCW, plan under chapter 35.63 RCW, or demand projection may be used. If the terms of the permit or extension thereof, are not complied with the department shall give notice by registered mail that such permit will be canceled unless the holders thereof shall show cause within sixty days why the same should not be so canceled. If cause ~~((be))~~ is not shown, ~~((said))~~ the permit shall be canceled.

**Sec. 4.** RCW 90.03.330 and 1987 c 109 s 89 are each amended to read as follows:

(1) Upon a showing satisfactory to the department that any appropriation has been perfected in accordance with the provisions of this chapter, it shall be the duty of the department to issue to the applicant a certificate stating such facts in a form to be prescribed by ~~((him))~~ the director, and such certificate shall thereupon be recorded with the department.

(2) For those public water supplies that fulfill municipal water supply purposes and are designed to accommodate future growth as defined by a state-approved water system plan, the amount of instantaneous diversion or withdrawal considered to be applied to beneficial use at the time of perfection of the certificate shall be based upon the design capacity of the diversion structures and mainlines or withdrawal facilities and mainlines installed at such time. Further, the amount of annual appropriation considered to be applied to beneficial use at the time of perfection shall be based on the growth projection contained in the most current state-approved water system plan. However, the department may not issue a certificate for quantities of water in excess of those contained in a permit if a permit has been issued. This subsection shall apply to the administration of water rights existing on the effective date of this section and prospectively issued water rights, but shall not apply to water rights subject to the terms of final adjudication decrees entered in accordance with this chapter. Withdrawal of ground water shall be in compliance with RCW 90.44.100.

(3) Any original water right certificate issued, as provided by this chapter, shall be recorded with the department and thereafter, at the expense of the party receiving the same, be by the department transmitted to the county auditor of the county or counties where the distributing system or any part thereof is located, and be recorded in the office of such county auditor, and thereafter be transmitted to the owner thereof."

SSB 5785 Prime Sponsor, Committee on Agriculture & Environment: Providing for consolidation of ground water rights of exempt wells. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 90.44 RCW to read as follows:

Upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may consolidate that right with a ground water right exempt from the permit requirement under RCW 90.44.050, without affecting the priority of either of the water rights being consolidated. Such a consolidation amendment shall be issued only after publication of a notice of the application, a comment period, and a determination made by the department, in lieu of meeting the conditions required for an amendment under RCW 90.44.100, that: (1) The exempt well taps the same body of public ground water as the well to which the water right of the exempt well is to be consolidated; (2) use of the exempt well shall be discontinued upon approval of the consolidation amendment to the permit or certificate; (3) legally enforceable agreements have been entered to prohibit the construction of another exempt well to serve the area previously served by the exempt well to be discontinued, and such agreements are binding upon subsequent owners of the land through appropriate binding limitations on the title to the land; (4) the exempt well or wells the use of which is to be discontinued will be properly decommissioned in accordance with chapter 18.104 RCW and the rules of the department; and (5) other existing rights, including ground and surface water rights and minimum stream flows adopted by rule, shall not be impaired. The notice shall be published by the applicant in a newspaper of general circulation in the county or counties in which the wells for the rights to be consolidated are located once a week for two consecutive weeks. The applicant shall provide evidence of the publication of the notice to the department. The comment period shall be for thirty days beginning on the date the second notice is published.

The amount of the water to be added to the holder's permit or certificate upon discontinuance of the exempt well shall be the average withdrawal from the well, in gallons per day, for the most recent five-year period preceding the date of the application, except that the amount shall not be less than eight hundred gallons per day for each residential connection or such alternative minimum amount as may be established by the department in consultation with the department of health, and shall not exceed five thousand gallons per day. The department shall presume that an amount identified by the applicant as being the average withdrawal from the well during the most recent five-year period is accurate if the applicant establishes that the amount identified for the use or uses of water from the exempt well is consistent with the average amount of water used for similar use or uses in the general area in which the exempt well is located. The department shall develop, in consultation with the department of health, a schedule of average household and small-area landscaping water usages in various regions of the state to aid the department and applicants in identifying average amounts used for these purposes. The presumption does not apply if the department finds credible evidence of nonuse of the well during the required period or credible evidence that the use of water from the exempt well or the intensity of the use of the land supported by water from the exempt well is substantially different than such uses in the general area in which the exempt well is located. The department shall also accord a presumption in favor of approval of such consolidation if the requirements of this subsection are met and the discontinuance of the exempt well is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small ground water withdrawal wells. The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is later. The applicant and the department may by prior mutual agreement extend the time for making a decision."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that improperly designed, installed, or maintained on-site sewage disposal systems are a major contributor to water pollution in this state. The legislature also recognizes that evolving technology has produced many viable alternatives to traditional on-site septic systems. It is the purpose of this act to help facilitate the siting of new alternative on-site septic systems and to assist local governments in promoting efficient operation of on-site septic these systems.

NEW SECTION. Sec. 2. A new section is added to chapter 70.05 RCW to read as follows:

(1) The local health officer must respond to the applicant for an on-site sewage system permit within thirty days after receiving a fully completed application. The local health officer must respond that the application is either approved, denied, or pending.

(2) If the local health officer denies an application to install an on-site sewage system, the denial must be for cause and based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. The local health officer must provide the applicant with a written justification for the denial, along with an explanation of the procedure for appeal.

(3) If the local health officer identifies the application as pending and subject to review beyond thirty days, the local health officer must provide the applicant with a written justification that the site-specific conditions or circumstances necessitate a longer time period for a decision on the application. The local health officer must include any specific information necessary to make a decision and the estimated time required for a decision to be made.

(4) A local health officer may not limit the number of alternative sewage systems within his or her jurisdiction without cause. Any such limitation must be based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. If such a limitation is established, the local health officer must justify the limitation in writing, with specific reasons, and must provide an explanation of the procedure for appealing the limitation.

**NEW SECTION. Sec. 4.** A new section is added to chapter 57.04 RCW to read as follows:

(1) As an alternative means to forming a water-sewer district, a county legislative authority may authorize the formation of a water-sewer district to serve a new development that at the time of formation does not have any residents, at written request of sixty percent of the owners of the area to be included in the proposed district. The county legislative authority shall review the proposed district according to the procedures and criteria in RCW 57.02.040.

(2) The county legislative authority shall appoint the initial water-sewer commissioners of the district. The commissioners shall serve until seventy-five percent of the development is sold and occupied, or until some other time as specified by the county legislative authority when the district is approved. Commissioners serving under this section are not entitled to any form of compensation from the district.

(3) New commissioners shall be elected according to the procedures in chapter 57.12 RCW at the next election held under RCW 29.13.010 that follows more than ninety days after the date seventy-five percent of the development is sold and occupied, or after the time specified by the county legislative authority when the district is approved.

(4) A water-sewer district created under this section may be transferred to a city or county, or dissolved if the district is inactive, by order of the county legislative authority at the written request of sixty percent of the owners of the area included in the district.

**NEW SECTION. Sec. 5.** A new section is added to chapter 70.118 RCW to read as follows:

In order to assure that technical guidelines and standards keep pace with advancing technologies, the department of health in collaboration with the technical review committee, local health departments, and other interested parties, must review and update as appropriate, the state guidelines and standards for alternative on-site sewage disposal every three years. The first review and update must be completed by January 1, 1999.

**NEW SECTION. Sec. 6.** Nothing in sections 2 through 4 of this act may be deemed to eliminate any requirements for approval from public health agencies under applicable law in connection with the siting, design, construction, and repair of on-site septic systems.

**Sec. 7.** RCW 35.67.010 and 1965 c 110 s 1 are each amended to read as follows:

(1) Sanitary sewage ((disposal sewers)) collection, treatment, and/or disposal facilities and services, on-site or off-site sanitary sewerage facilities, inspection services and maintenance services for public or private on-site systems, or any other means of sewage treatment and disposal approved by the city;

(2) Combined sanitary sewage disposal and storm or surface water sewers;

(3) Storm or surface water sewers;

(4) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, ((~~or~~)) and rights and interests in property relating to the system;

(5) Combined water and sewerage systems;

(6) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a city or town;

(7) Public restroom and sanitary facilities; and

(8) Any combination of or part of any or all of such facilities.

The words "public utility" when used in this chapter ((~~shall have~~)) has the same meaning as the words "system of sewerage."

**Sec. 8.** RCW 35.67.020 and 1995 c 124 s 3 are each amended to read as follows:

Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for their use. The rates charged must be uniform for the same class of customers or service and facilities furnished.

In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service and facilities furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) the achievement of water conservation goals and the discouragement of wasteful water use practices; (7) capital contributions made to the system, including but not limited to, assessments; (8) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (9) any other matters which present a reasonable difference as a ground for distinction. Rates or charges may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the

residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

**Sec. 9.** RCW 35.92.020 and 1995 c 124 s 5 are each amended to read as follows:

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030, and shall have full authority to manage, regulate, operate, control, and to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town. The rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to customers; (2) the location of customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the parts of the system; (4) the different character of the service and facilities furnished to customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other factors that present a reasonable difference as a ground for distinction. Rates or charges may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

**Sec. 10.** RCW 36.94.010 and 1981 c 313 s 14 are each amended to read as follows:

As used in this chapter:

- (1) A "system of sewerage" means and may include((s)) any or all of the following:
  - (a) Sanitary sewage collection, treatment, and/or disposal ((sewers and)) facilities and services, including without limitation on-site or off-site sanitary sewerage facilities ((consisting of an approved septic tank or septic tank systems)), inspection services and maintenance services for private or public on-site systems, or any other means of sewage treatment and disposal approved by the county;
  - (b) Combined sanitary sewage disposal and storm or surface water drains and facilities;
  - (c) Storm or surface water drains, channels, and facilities;

(d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;

(e) Combined water and sewerage systems;

(f) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a county;

(g) Public restroom and sanitary facilities;

(h) The facilities and services authorized in RCW 36.94.020; and

(i) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:

(a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;

(b) A combined water and sewerage system;

(c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6) and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, a description of on-site sanitary sewerage system inspection services and maintenance services, and other facilities and services as may be required to provide a functional and implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities and services. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any diking, drainage, and sewerage improvement district, and any irrigation district.

(5) A "private utility" means and includes all utilities, both public and private, which provide sewerage and/or water service and which are not municipal corporations within the definition of this chapter. The ownership of a private utility may be in a corporation, nonprofit or for profit, in a cooperative association, in a mutual organization, or in individuals.

(6) "Board" means one or more boards of county commissioners and/or the legislative authority of a home rule charter county.

**Sec. 11.** RCW 36.94.020 and 1981 c 313 s 1 are each amended to read as follows:

The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county(~~PROVIDED, That~~). However, counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created.

**Sec. 12.** RCW 36.94.140 and 1995 c 124 s 2 are each amended to read as follows:

Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it and to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such ((~~county~~)) service ((~~is~~)) and facilities are available, and to levy charges for connection to the system. The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility.

In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

- (1) The difference in cost of service to the various customers within or without the area;
- (2) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;
- (3) The different character of the service and facilities furnished various customers;

- (4) The quantity and quality of the sewage and/or water delivered and the time of its delivery;
- (5) Capital contributions made to the system or systems, including, but not limited to, assessments;
- (6) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;
- (7) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
- (8) Any other matters which present a reasonable difference as a ground for distinction.

A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

**NEW SECTION. Sec. 13.** A new section is added to chapter 35.58 RCW to read as follows:

A metropolitan municipal corporation authorized to perform water pollution abatement may exercise all the powers relating to systems of sewerage authorized by RCW 36.94.010, 36.94.020, and 36.94.140 for counties.

**NEW SECTION. Sec. 14.** A new section is added to chapter 35.21 RCW to read as follows:

The legislative authority of any city or town may exercise all the powers relating to systems of sewerage authorized by RCW 35.67.010 and 35.67.020.

**NEW SECTION. Sec. 15.** A new section is added to chapter 53.08 RCW to read as follows:

A port district may exercise all the powers relating to systems of sewerage authorized by RCW 54.16.230 for public utility districts.

**Sec. 16.** RCW 54.16.230 and 1975 1st ex.s. c 57 s 1 are each amended to read as follows:

A public utility district may acquire, construct, operate, maintain, and add to sewage systems, subject to and in compliance with the county comprehensive plan, under the general powers of Title 54 RCW or through the formation of local utility districts as provided in RCW 54.16.120 through 54.16.170(~~(: PROVIDED, That)~~). However, prior to engaging in ((any sewage system works)) the acquisition, construction, or expansion of on-site or off-site sewerage facilities, except for public restroom and sanitary facilities, as authorized by this section, the voters of the public utility district shall first approve by majority vote a referendum proposition authorizing such district to exercise ((the)) those powers ((set forth in this section)) related to the acquisition, construction, or expansion of such facilities, which proposition shall be presented at a general election. A sewage system may include any or all of the following:

(1) Sanitary sewage collection, treatment, and/or disposal facilities and services, including without limitation on-site or off-site sewerage facilities, inspection services and maintenance services for public or private on-site systems, or any other means of sewage treatment and disposal;

(2) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a public utility district; and

(3) Public restroom and sanitary facilities. Rates or charges may not be imposed under this chapter on the development, construction, or reconstruction of property.

A public utility district may provide assistance to aid low-income persons in connection with services provided under this section.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the

residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A public utility district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using public utility district employees unless the on-site system is connected by a publicly owned collection system to the public utility district's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. A public utility district that provided inspection, pumping services, or other maintenance or repair services with its own employees prior to January 1, 1997, may continue to use its employees to provide that service.

**Sec. 17.** RCW 54.16.240 and 1975 1st ex.s. c 57 s 2 are each amended to read as follows:

The commission of a public utility district, by resolution may, or on petition in the same manner as provided for the creation of a district under RCW 54.08.010 shall, submit to the voters for their approval or rejection the proposal that ~~((said))~~ the public utility district be authorized to exercise the powers set forth in RCW 54.16.230 for which an election is required.

**Sec. 18.** RCW 57.08.005 and 1996 c 230 s 301 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and

for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater and for the protection, preservation, and rehabilitation of surface and underground waters, facilities for the drainage and treatment of storm or surface waters, public highways, streets, and roads with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal, treatment, or drainage and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal, treatment, or drainage. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal, treatment, or drainage and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(7) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(8) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(9) To fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and

other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(10) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(11) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(12) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(13) To sue and be sued;

(14) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(15) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(16) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(17) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(18) To establish street lighting systems under RCW 57.08.060;

(19) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(20) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.

**Sec. 19.** RCW 57.08.065 and 1996 c 230 s 313 are each amended to read as follows:

(1) A district shall have power to establish, maintain, and operate a mutual water, ~~((sewer))~~ sewerage, drainage, and street lighting system, a mutual system of any two or three of the systems, or separate systems.

(2) Where any two or more districts include the same territory as of July 1, 1997, none of the overlapping districts may provide any service that was made available by any of the other districts prior to July 1, 1997, within the overlapping territory without the consent by resolution of the board of commissioners of the other district or districts.

(3) A district that was a water district prior to July 1, 1997, that did not operate a ~~((sewer))~~ system of sewerage prior to July 1, 1997, may not proceed to exercise the powers to establish, maintain, construct, and operate any ~~((sewer))~~ system of sewerage without first obtaining written approval and certification of necessity from the department of ecology and department of health. Any comprehensive plan for a system of sewers or addition thereto or betterment thereof proposed by a district that was a water district prior to July 1, 1997, shall be approved by the same county and state officials as were required to approve such plans adopted by a sewer district immediately prior to July 1, 1997, and as subsequently may be required.

**Sec. 20.** RCW 57.16.010 and 1996 c 230 s 501 are each amended to read as follows:

Before ordering any improvements or submitting to vote any proposition for incurring any indebtedness, the district commissioners shall adopt a general comprehensive plan for the type or types of facilities the district proposes to provide. A district may prepare a separate general comprehensive plan for each of these services and other services that districts are permitted to provide, or the district may combine any or all of its comprehensive plans into a single general comprehensive plan.

(1) For a general comprehensive plan of a water supply system, the commissioners shall investigate the several portions and sections of the district for the purpose of determining the present and reasonably foreseeable future needs thereof; shall examine and investigate, determine, and select a water supply or water supplies for such district suitable and adequate for present and reasonably foreseeable future needs thereof; and shall consider and determine a general system or plan for acquiring such water supply or water supplies, and the lands, waters, and water rights and easements necessary therefor, and for retaining and storing any such waters, and erecting dams, reservoirs, aqueducts, and pipe lines to convey the same throughout such district. There may be included as part of the system the installation of fire hydrants at suitable places throughout the district. The commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and a long-term plan for financing the planned projects and the method of distributing the cost and expense thereof, including the creation of local improvement districts or utility local improvement districts, and shall determine whether the whole or part of the cost and expenses shall be paid from revenue or general obligation bonds.

(2) For a general comprehensive plan for a sewer system, the commissioners shall investigate all portions and sections of the district and select a general comprehensive plan for a sewer system for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods and services, if any, for the prevention, control, and reduction of water pollution and for the treatment and disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations or other sewage collection facilities, septic tanks, septic tank systems or drainfields, and systems for the transmission and treatment of wastewater. The general comprehensive plan shall provide a long-term plan for financing the planned projects and the method of distributing the cost and expense of the sewer system and services, including the creation of local improvement districts or utility local improvement districts; and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(3) For a general comprehensive plan for a drainage system, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for a drainage system for the district suitable and adequate for present and future needs thereof. The general

comprehensive plan shall provide for a system to collect, treat, and dispose of storm water or surface waters, including use of natural systems and the construction or provision of culverts, storm water pipes, ponds, and other systems. The general comprehensive plan shall provide for a long-term plan for financing the planned projects and provide for a method of distributing the cost and expense of the drainage system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(4) For a general comprehensive plan for street lighting, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for street lighting for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system or systems of street lighting, provide for a long-term plan for financing the planned projects, and provide for a method of distributing the cost and expense of the street lighting system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(5) The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out their duties.

(6) Any general comprehensive plan or plans shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health, except that a comprehensive plan relating to street lighting shall not be submitted to or approved by the director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health and by the designated engineer within sixty days of their respective receipt of the plan. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of the county legislative authorities pursuant to the criteria in RCW 57.02.040 for approving the formation, reorganization, annexation, consolidation, or merger of districts. The resolution, ordinance, or motion of the legislative body that rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The general comprehensive plan shall not provide for the extension or location of facilities that are inconsistent with the requirements of RCW 36.70A.110. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 57.02.040. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authorities of the cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town legislative authority if the city or town legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town legislative authority may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the

commissioners and the city or town legislative authority may mutually agree to an extension of the deadlines in this section.

Before becoming effective, the general comprehensive plan shall be approved by any state agency whose approval may be required by applicable law. Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan. However, only if the amendment, alteration, or addition affects a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town governing body.

**Sec. 21.** RCW 57.08.081 and 1996 c 230 s 314 are each amended to read as follows:

The commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer service~~((s))~~ and facility such as but not limited to storm or surface water and sanitary.

In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost (~~(of service)~~) to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system.

The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of sixty days.

**Sec. 22.** RCW 90.72.040 and 1992 c 100 s 3 are each amended to read as follows:

(1) The county legislative authority may create a shellfish protection district on its own motion or by submitting the question to the voters of the proposed district and obtaining the approval of a majority of those voting. The boundaries of the district shall be determined by the legislative authority.

The legislative authority may create more than one district. A district may include any area or areas within the county, whether incorporated or unincorporated. Counties shall coordinate and cooperate with cities, towns, and water-related special districts within their boundaries in establishing shellfish protection districts and carrying out shellfish protection programs. Where a portion of the proposed district lies within an incorporated area, the county shall develop procedures for the participation of the city or town in the determination of the boundaries of the district and the administration of the district, including funding of the district's programs. The legislative authority of more than one county may by agreement provide for the creation of a district including areas within each of those counties. County legislative authorities are encouraged to coordinate their plans and programs to protect shellfish growing areas, especially where shellfish growing areas are located within the boundaries of more than one county. The legislative authority or authorities creating a district may abolish a shellfish protection district on its or their own motion or by submitting the question to the voters of the district and obtaining the approval of a majority of those voting.

(2) If the county legislative authority creates a shellfish protection district by its own motion, any registered voter residing within the boundaries of the shellfish protection district may file a referendum petition to repeal the ordinance that created the district. Any referendum petition to repeal the ordinance creating the shellfish protection district shall be filed with the county auditor within seven days of passage of the ordinance. Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in creation of the shellfish protection district and a negative answer to the question and a negative vote on the measure results in the shellfish protection district not being created. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the shellfish protection district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title and full text of the measure to be referred. The county auditor shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the county auditor shall submit the referendum measure to the registered voters residing in the shellfish protection district in a special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. The special election may be conducted by mail ballot as provided for in chapter 29.36 RCW.

(3) The county legislative authority shall not impose fees, rates, or charges for shellfish protection district programs upon properties on which fees, rates, or charges are imposed (~~to pay for another program to eliminate or decrease contamination in storm water runoff~~) under chapter 36.89 or 36.94 RCW for substantially the same programs and services.

**NEW SECTION. Sec. 23.** (1) The department of health shall convene a work group for the purpose of making recommendations to the legislature for the development of a certification program for different classes of people involved with on-site septic systems. The work group shall study certification of persons who pump, install, design, perform maintenance, inspect, or regulate any of the above listed functions with regard to on-site septic systems. The work group shall make recommendations regarding appropriate bonding levels and other standards for the various occupations for which certification will be recommended. The work group shall also examine the development of a risk analysis pertaining to the installation and maintenance of different types of septic systems for different parts of the state. The work group shall report its findings and recommendations to the senate agriculture and environment committee and the house of representatives agriculture and ecology committee by January 1, 1998.

The members of the work group shall be appointed by the governor. The

representative of the department of health shall serve as the chair of the work group. Staff support for the work group shall be provided by the department of health.

NEW SECTION. Sec. 24. (1) Notwithstanding RCW 51.24.030(1), the injured worker or beneficiary may not seek damages (~~against a design professional who is a third person and who has been retained to perform professional services on a construction project, or any employee of a design professional who is assisting or representing the design professional in the performance of professional services on the site of the construction project, unless responsibility for safety practices is specifically assumed by contract, the provisions of which were mutually negotiated, or the design professional actually exercised control over the portion of the premises where the worker was injured~~) for an injury or occupational disease occurring in the course of employment at the site of a construction project, whether accomplished by a single contract or by multiple contracts, against the owner or developer of the project or against any person or entity performing work, furnishing materials, or providing services to or for the construction project including, but not limited to, design professionals, construction managers, general or prime contractors, suppliers, subcontractors of any tier, and any employee of a design professional, construction manager, general or prime contractor, supplier, or subcontractor of any tier.

(2) The immunity provided by this section does not extend to any person or entity who injures a worker by deliberate intention as defined in RCW 51.24.020, and it is against public policy to seek indemnification in construction contracts against such liability. Such contractual clauses are void and unenforceable.

(3) The immunity provided by this section does not extend to manufacturers and product sellers for product liability actions as defined in chapter 7.72 RCW.

(4) The immunity provided by this section does not apply to the negligent preparation of design plans and specifications by a design professional.

~~((3))~~ (5) For the purposes of this section, "design professional" means an architect, professional engineer, land surveyor, or landscape architect, who is licensed or authorized by law to practice such profession, or any corporation organized under chapter 18.100 RCW or authorized under RCW 18.08.420 or 18.43.130 to render design services through the practice of one or more of such professions.

**Sec. 2.** RCW 51.16.140 and 1989 c 385 s 3 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection, every employer who is not a self-insurer shall deduct from the pay of each of his or her workers one-half of the amount he or she is required to pay~~(-)~~ for medical benefits within each risk classification. Such amount shall be periodically determined by the director and reported by him or her to all employers under this title: PROVIDED, That the state governmental unit shall pay the entire amount into the medical aid fund for volunteers, as defined in RCW 51.12.035, and the state apprenticeship council shall pay the entire amount into the medical aid fund for registered apprentices or trainees, for the purposes of RCW 51.12.130. The deduction under this section is not authorized for premiums assessed under RCW 51.16.210.

(b) For workers in the construction industry, the amount deducted pursuant to (a) of this subsection may not exceed one-half of the basic manual premium rate established by the department for the applicable risk classification. This subsection (1)(b) applies beginning with the first calendar quarter that begins six months after the date that sections 1, 3, and 4, chapter . . ., Laws of 1997 (sections 1, 3, and 4 of this act) take effect.

(2) It shall be unlawful for the employer, unless specifically authorized by this title, to deduct or obtain any part of the premium or other costs required to be by him or her paid from the wages or earnings of any of his or her workers, and the making of or attempt to make any such deduction shall be a gross misdemeanor.

NEW SECTION. **Sec. 3.** A new section is added to chapter 49.17 RCW to read as follows:

All construction employers have a duty to provide a safe place to work for their own employees and the employees of their subcontractors of any tier working at the site of a construction project. This duty shall be considered within the context of standard construction industry practices. Such duty includes implementation of a safety program that is effective in practice.

All construction employers shall take reasonable steps to ensure that their safety programs are designed to comply with Title 51 RCW and this chapter, including the development, implementation, and periodic evaluation of a written accident prevention plan specific to the site of each construction project. All construction employers shall designate an individual with responsibility for construction jobsite safety. All construction employers shall inform their own employees of the name and telephone number of that designated individual. The prime contractor or general contractor shall post the name and telephone number of its designated individual at the site of a construction project. All subcontractors shall inform the prime contractor or general contractor of the name and telephone number of the subcontractor's designated individual responsible for construction jobsite safety.

Suggestions for safety improvements and identification of potential hazards at the site of a construction project are to be encouraged. Permissible disciplinary actions for violation of these or other appropriately communicated requirements include, but are not limited to: Verbal or written reprimand, suspension from work, and termination for cause. Such disciplinary actions for violations shall be subject to the disciplinary provisions set forth in an employer's written policy statement or in a written agreement between an employer and employees, if such a written agreement exists.

Neither violation of the provisions of this section nor the issuance of a citation under this chapter eliminates or effects any change to the immunity conferred in RCW 51.24.035.

NEW SECTION. **Sec. 4.** A new section is added to chapter 49.17 RCW to read as follows:

The prime contractor or general contractor has the primary responsibility for compliance with safety regulations at each construction jobsite. (2) The prime contractor or general contractor develops, implements, and enforces a written accident prevention program for each construction project; and

(3) The prime contractor or general contractor requires each subcontractor at the site of a construction project to provide an accident prevention plan for that construction project, which shall be available at the construction jobsite or at the prime contractor or general contractor's main business office located within the state of Washington; and

(4) The prime contractor or general contractor posts at that construction project the name and telephone number of its designated individual with responsibility for construction jobsite safety at that construction jobsite; and

(5) The prime contractor or general contractor provides to its employees all safety equipment necessary for that construction jobsite; and

(6) The prime contractor or general contractor provides, or requires by contract its subcontractors to provide to the subcontractor's employees, all safety equipment necessary for that construction jobsite.

NEW SECTION. Sec. 5. The department of labor and industries shall adopt rules in consultation with the affected parties, that are consistent with the legislative intent of this act to implement this act.

Programs under this subsection shall extend for a term of not more than five years.

**Sec. 17.** RCW 59.18.440 and 1995 c 399 s 151 are each amended to read as follows:

(1) Any city, town, county, or municipal corporation that is required to develop a comprehensive plan under RCW 36.70A.040(1) is authorized to require, after reasonable notice to the public and a public hearing, property owners to provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, county, or municipal corporation may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter, upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, "assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, "low-income tenants" means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community, trade, and economic development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the jurisdiction imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

- (a) Actual physical moving costs and expenses;
- (b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;
- (c) Utility connection fees and deposits; and
- (d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, county, or municipal corporation may make future annual adjustments to the maximum amount of relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, county, or municipal corporation authorized to require relocation assistance under subsection (1) of this section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under RCW 82.46.010.

(5) A city, town, county, or municipal corporation requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. Such policies, procedures, or regulations shall include provisions for administrative hearings to resolve disputes between tenants and property owners relating to relocation assistance or unlawful detainer actions during relocation, and shall require a decision within thirty days of a request for a hearing by either a tenant or property owner.

Judicial review of an administrative hearing decision relating to relocation assistance may be had by filing a petition, within ten days of the decision, in the superior court in the county where the residential property is located. Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

- (a) In violation of constitutional provisions;
- (b) In excess of the authority or jurisdiction of the administrative hearing officer;
- (c) Made upon unlawful procedure or otherwise is contrary to law; or
- (d) Arbitrary and capricious.

(6) Any city, town, county, or municipal corporation may require relocation assistance, under the terms of this section, for otherwise eligible tenants whose living arrangements are exempted from the provisions of this chapter under RCW 59.18.040(3) and if the living arrangement is considered to be a rental or lease (~~(pursuant to RCW 67.28.180(1))~~) not defined as a retail sale under RCW 82.04.050.

(7)(a) Persons who move from a dwelling unit prior to the application by the owner of the dwelling unit for any governmental permit necessary for the demolition, substantial rehabilitation, or change of use of residential property or prior to any notification or filing required for condominium conversion shall not be entitled to the assistance authorized by this section.

(b) Persons who move into a dwelling unit after the application for any necessary governmental permit or after any required condominium conversion notification or filing shall not be entitled to the assistance authorized by this section if such persons receive written notice from the property owner prior to taking possession of the dwelling unit that specifically describes the activity or condition that may result in their temporary or permanent displacement and advises them of their ineligibility for relocation assistance.

**Sec. 18.** RCW 67.38.140 and 1982 1st ex.s. c 22 s 14 are each amended to read as follows:

**Sec. 19.** RCW 67.40.110 and 1987 1st ex.s. c 8 s 8 are each amended to read as follows:

No city imposing the tax authorized under chapter 67.28 RCW ((67.40.100(2))) may use the tax proceeds directly or indirectly to acquire, construct, operate, or maintain facilities or land intended to be used by a professional sports franchise if the county within which the city is located uses the proceeds of its tax imposed under chapter 67.28 RCW ((67.28.180)) to directly or indirectly acquire, construct, operate, or maintain a facility used by a professional sports franchise.

A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

- (2) The payment shall be expended in all cases within five years of collection; and
- (3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

2SSB 5886 Prime Sponsor, Committee on Ways & Means: Providing a stable funding source for fisheries enhancement and habitat restoration. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Currently, many of the salmon stocks on the Washington coast and in Puget Sound are severely depressed and may soon be listed under the federal endangered species act.

(2) Immediate action is needed to reverse the severe decline of the resource and ensure its very survival.

(3) The cooperation and participation of private landowners in efforts to restore and enhance anadromous fish populations is crucial to their success.

(4) The existing property rights of private landowners should not be adversely impacted at a later date, by the successful implementation of salmon restoration and enhancement projects on their property.

(5) Regional fisheries enhancement groups have been exceptionally successful in their efforts to work with private landowners to restore and enhance salmon habitat on private lands.

(6) Regional fisheries enhancement groups have provided the most cost-effective approach to affecting the recovery of anadromous fisheries in Washington state, with work undertaken by regional fisheries enhancement groups returning on average nine dollars in matching funds for every one dollar in expenditures from the regional enhancement account.

(7) As each of the groups mature and expand, funding becomes a significant limitation to maximizing their fisheries enhancement and habitat restoration efforts.

(8) Therefore, an ample stable funding source is essential to the success of the regional enhancement groups and their efforts to work cooperatively with private landowners to restore salmon resources.

NEW SECTION. Sec. 2. A new section is added to chapter 75.50 RCW to read as follows:

(1) The regional fisheries enhancement salmonid recovery account is created in the state treasury. All receipts from federal sources and moneys from state sources specified by law must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the sole purpose of fisheries enhancement and habitat restoration by regional fisheries enhancement groups.

(2) The salmonid recovery account is created in the custody of the state treasurer. All receipts from private gifts, grants, bequests, and donations must be deposited into the account. Expenditures from the account may be used for the sole purpose of fisheries enhancement and habitat restoration by regional fisheries enhancement groups. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 3. The regional fisheries enhancement group advisory board shall conduct a study of federal, state, and local permitting requirements for fisheries enhancement and habitat restoration projects. The study shall identify redundant, conflicting, or duplicative permitting requirements and rules, and shall make recommendations for streamlining and improving the permitting

process. The results of the study shall be reported to the senate natural resources and parks committee and the house of representatives natural resources committee by November 1, 1997.

**Sec. 4.** RCW 75.50.080 and 1993 sp.s. c 2 s 47 are each amended to read as follows:

Regional fisheries enhancement groups, consistent with the long-term regional policy statements developed under RCW 75.50.020, shall seek to:

- (1) Enhance the salmon and steelhead resources of the state;
- (2) Maximize volunteer efforts and private donations to improve the salmon and steelhead resources for all citizens;
- (3) Assist the department in achieving the goal to double the state-wide salmon and steelhead catch by the year 2000 (~~(under chapter 214, Laws of 1988)~~); and
- (4) Develop projects designed to supplement the fishery enhancement capability of the department.

**Sec. 5.** RCW 75.50.100 and 1995 1st sp.s. c 2 s 39 (Referendum Bill No. 45) are each amended to read as follows:

(3) A surcharge of twenty-five dollars shall be collected on each game fish guide license and each anadromous game fish buyer's license issued under RCW 77.32.211.

(4) The department shall study methods for collecting and making available, an annual list, including names and addresses, of all persons who obtain recreational and commercial salmon fishing licenses. This list may be used to assist formation of the regional fisheries enhancement groups and allow the broadest participation of license holders in enhancement efforts. The results of the study shall be reported to the house of representatives fisheries and wildlife committee and the senate environment and natural resources committee by October 1, 1990. All receipts shall be placed in the regional fisheries enhancement group account and shall be used exclusively for regional fisheries enhancement group projects for the purposes of RCW 75.50.110. 2SSB 6002 Prime Sponsor, Committee on Ways & Means: Supervising mentally ill offenders. Reported by Committee on Criminal Justice & Corrections

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) Many acute and chronically mentally ill offenders are delayed in their release from Washington correctional facilities due to their inability to access reasonable treatment and living accommodations prior to the maximum expiration of their sentences. Often the offender reaches the end of his or her sentence and is released without any follow-up care, funds, or housing. These delays are costly to the state, often lead to psychiatric relapse, and result in unnecessary risk to the public.

These offenders rarely possess the skills or emotional stability to maintain employment or even complete applications to receive entitlement funding. Nation-wide only five percent of diagnosed schizophrenics are able to maintain part-time or full-time employment. Housing and appropriate treatment are difficult to obtain.

This lack of resources, funding, treatment, and housing creates additional stress for the mentally ill offender, impairing self-control and judgment. When the mental illness is instrumental in the offender's patterns of crime, such stresses may lead to a worsening of his or her illness, reoffending, and a threat to public safety.

(2) It is the intent of the legislature to create a pilot program to provide for postrelease mental health care and housing for a select group of mentally ill offenders entering community living, in order to reduce incarceration costs, increase public safety, and enhance the offender's quality of life.

**NEW SECTION. Sec. 2.** A new section is added to chapter 71.24 RCW to read as follows:

(1) The secretary shall select and contract with a regional support network or private provider to provide specialized access and services to mentally ill offenders upon release from total confinement within the department of corrections who have been identified by the department of corrections and selected by the regional support network or private provider as high-priority clients for services and who meet service program entrance criteria. The program shall enroll no more than twenty-five offenders at any one time, but shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

(a) The offender suffers from a major mental illness and needs continued mental health treatment;

(b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;

(c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The regional support network or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected regional support network or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the regional support network or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected regional support network or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager

at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

(b) The case manager shall attempt to locate and procure housing appropriate to the living and clinical needs of the offender and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high-crime risk mentally ill offenders shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

**NEW SECTION. Sec. 3.** The department shall indemnify and hold harmless the regional support network, private provider, and any mental health center, housing facility, or other mental health provider from all claims or suits arising in any manner from any acts committed by an enrolled offender during his or her period of enrollment.

**NEW SECTION. Sec. 4.** A new section is added to chapter 71.24 RCW to read as follows:

The department, in collaboration with the department of corrections and the oversight committee created in section 2 of this act, shall track outcomes and submit to the legislature a report of services and outcomes by December 1, 1998, and annually thereafter as may be necessary. The reports shall include the following: (1) A statistical analysis regarding the reoffense and reinstitutionalization rate by the enrollees in the program set forth in section 2 of this act; (2) a quantitative description of the services provided in the program set forth in section 2 of this act; and (3) recommendations for any needed modifications in the services and funding levels to increase the effectiveness of the program set forth in section 2 of this act. By December 1, 2003, the department shall certify the reoffense rate for enrollees in the program authorized by section 2 of this act to the office of financial management and the appropriate legislative committees. If the reoffense rate exceeds fifteen percent, the authorization for the department to conduct the program under section 2 of this act is terminated on January 1, 2004.

**NEW SECTION. Sec. 5.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

The public safety and education assessment imposed under RCW 3.62.090 does not apply to the fee imposed under this section.

**Sec. 4.** RCW 46.61.5054 and 1995 c 398 s 15 and 1995 c 332 s 13 are each reenacted and amended to read as follows:

(1)(a) In addition to penalties set forth in RCW 46.61.5051 through 46.61.5053 until September 1, 1995, and RCW 46.61.5055 thereafter, a one hundred twenty-five dollar fee shall be assessed to a person who is either convicted, sentenced to a lesser charge, or given deferred prosecution, as a result of an arrest for violating RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522. This fee is for the purpose of funding the Washington state toxicology laboratory and the Washington state patrol for grants and activities to increase the conviction rate and decrease the incidence of persons driving under the influence of alcohol or drugs.

(b) Upon a verified petition by the person assessed the fee, the court may suspend payment of all or part of the fee if it finds that the person does not have the ability to pay.

(c) When a minor has been adjudicated a juvenile offender for an offense which, if committed by an adult, would constitute a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, the court shall assess the one hundred twenty-five dollar fee under (a) of this subsection. Upon a verified petition by a minor assessed the fee, the court may suspend payment of all or part of the fee if it finds that the minor does not have the ability to pay the fee.

(2) The fee assessed under subsection (1) of this section shall be collected by the clerk of the court and distributed as follows:

(a) Forty percent shall be subject to distribution under RCW 3.46.120, 3.50.100, 35.20.220, 3.62.020, 3.62.040, or 10.82.070.

(b) The remainder of the fee shall be forwarded to the state treasurer who shall, through June 30, 1997, deposit: Fifty percent in the death investigations' account to be used solely for funding the state toxicology laboratory blood or breath testing programs; and fifty percent in the state patrol highway account to be used solely for funding activities to increase the conviction rate and decrease the incidence of persons driving under the influence of alcohol or drugs. Effective July 1, 1997, the remainder of the fee shall be forwarded to the state treasurer who shall deposit: Fifteen percent in the death investigations' account to be used solely for funding the state toxicology laboratory blood or breath testing programs; and eighty-five percent in the state patrol highway account to be used solely for funding activities to increase the conviction rate and decrease the incidence of persons driving under the influence of alcohol or drugs.

(3) In addition to the fee imposed under subsection (1) of this section and the penalties imposed under RCW 46.61.5055, a person who is either convicted, sentenced to a lesser charge, or given deferred prosecution, as a result of an arrest for violating RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, shall be assessed a seventy-five dollar fee. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040. The public safety and education assessment imposed under RCW 3.62.090 does not apply to the fee imposed under this subsection.

(4) Subsections (1) and (2) of this section ((applies)) apply to any offense committed on or after July 1, 1993. Subsection (3) of this section applies to any offense committed after the effective date of this section.

**Sec. 5.** RCW 46.63.110 and 1993 c 501 s 11 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(3) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(4) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(5) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid and the penalty provided in subsection (3) of this section has been paid.

(6) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a penalty of twenty dollars. Revenue from this penalty shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040. The public safety and education assessment imposed under RCW 3.62.090 does not apply to the penalty imposed under this subsection.

**NEW SECTION. Sec. 6.** The legislature finds as follows:

Emergency medical services and trauma care are provided to all residents of the state regardless of a person's ability to pay. Historically, hospitals and health care providers have been able to recover some of their financial losses incurred in caring for an uninsured or underinsured person by charging persons able to pay more. In recent years, the health care industry has undergone substantial changes. With the advent of managed health care programs and the adoption of new cost control measures, some hospitals and health care providers assert that it is difficult to shift costs for uninsured and underinsured patients onto insured patients.

In 1990 the legislature established a coordinated trauma care system. Part of the 1990 legislation included funding for a study to determine the extent to which trauma care is uncompensated and undercompensated. This study focused exclusively on trauma care. The legislature finds that, as a prerequisite to determining the amount of state aid that may be necessary to assist health care providers and facilities, it is necessary to examine trauma care losses within the context of a health care provider or facility's total financial operations.

**NEW SECTION. Sec. 7.** The department of health shall conduct a financial study of health care facilities, physicians, and surgeons who provide trauma care.

(1) For health care facilities providing trauma care, the study shall:

(a) Examine costs, charges, actual expenses, and levels of reimbursement associated with all services provided by health care facilities.

(b) Analyze which types of services generate income for health care facilities and which types of services result in an income loss.

(c) Review grants, contributions, and other income received by health care facilities that are not fee-for-service revenues.

(d) Compare and contrast financial statements for health care facilities providing trauma care to determine if the overall financial condition of such facilities has worsened, improved, or held constant over the last five years.

(2) For physicians and surgeons providing trauma care, the study shall:

(a) Determine whether total salaries and other compensation paid to physicians and surgeons providing trauma care has increased, decreased, or held the same over the last five years.

(b) Compare if salary and compensation trends over the last five years differ for physicians and surgeons providing trauma care from salary and compensation trends for the state's physicians and surgeons as an entire group.

**NEW SECTION. Sec. 8.** (1) To perform this study, the department shall form an advisory committee. The advisory committee shall include two members of the house of representatives to be appointed by the speaker of the house of representatives and two members of the senate to be appointed by the president of the senate. The advisory committee may also include members of the emergency medical services and trauma care steering committee, as well as health care financial experts from the academic, financial, and medical communities, to be appointed by the department of health.

(2) The department of health shall provide staff for the purpose of the study.

(3) The department of health shall present a final report of the findings of the study to the committees of the legislature that deal with health and revenue matters by December 31, 1997.

**NEW SECTION. Sec. 9.** Sections 1 through 5 of this act take effect January 1, 1998."

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing

the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 (~~as now or hereafter amended~~).

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection ~~((s))~~ (5)(e) ~~((and))~~, (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes; or

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

**Sec. 2.** RCW 84.33.140 and 1995 c 330 s 2 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) Such land is no longer primarily devoted to and used for growing and harvesting timber.

However, land shall not be removed from designation if a governmental agency, organization, or other

recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation:

PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 (~~as now or hereafter amended~~).

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and

conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes; or

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land.

(6) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (3) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (1) of this section resulted solely from:

(a) An action described in subsection (5) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

**Sec. 3.** RCW 84.33.145 and 1992 c 69 s 3 are each amended to read as follows:

(1) If no later than thirty days after removal of classification or designation the owner applies for classification under RCW 84.34.020 (1), (2), or (3), then the classified or designated forest land shall not be considered removed from classification or designation for purposes of the compensating tax under RCW 84.33.120 or 84.33.140 until the application for current use classification under RCW 84.34.030 is denied or the property is removed from designation under RCW 84.34.108. Upon removal from designation under RCW 84.34.108, the amount of compensating tax due under this chapter shall be equal to:

(a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land when removed from designation under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number equal to:

(i) The number of years the land was classified or designated under this chapter, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is less than ten; or

(ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is at least ten.

(2) Nothing in this section authorizes the continued classification or designation under this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to classification under subsection (1) of this section which does not meet the necessary definitions of forest land under RCW 84.33.100. Nothing in this section affects the additional tax imposed under RCW 84.34.108.

(3) In a county with a population of more than one million inhabitants, no amount of compensating tax is due under this section if the removal from classification under RCW 84.34.108 results from a transfer of property described in RCW 84.34.108(5).

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is essential for children in the public schools to read well early in elementary school. The legislature further finds that clear and visible goals, assessments to determine the reading level at each building, measurements of annual building improvement, and creating accountability in the educational system will result in a significant increase in the reading ability of children.

NEW SECTION. Sec. 2. This act may be known and cited as the primary grades reading accountability act.

NEW SECTION. Sec. 3. (1) By November 1, 1997, the commission on student learning, in consultation with the superintendent of public instruction, shall make recommendations to the legislature, governor, and state board of education regarding a state-wide accountability system for reading in the elementary grades. The accountability system must assess each school individually against its own baseline, schools with similar characteristics, and schools state-wide. In preparing its recommendations, the commission shall consult with school district officials and school district board members who have established reading goals, incentives, and accountability programs. The

commission also shall consult with legislators, parents, classroom teachers, principals, and other educators.

(2) In developing the recommendations, the commission shall consider:

(a) The establishment of a state-wide reading goal or goals;

(b) The establishment of a financial incentive program for schools that meet or exceed their reading goals;

(c) The establishment of a program for technical assistance, and when appropriate, intervention, for schools that persistently do not meet their goals;

(d) The development of a process to evaluate principals' effectiveness in providing leadership in reaching the fourth grade reading goal;

(e) The reporting of annual state-wide progress that includes information on reading achievement by school building, school district, and state-wide; and

(f) Whether other accountability reports, actions, or programs should be developed.

(3) Recommendations pertaining to state-wide goals, financial incentives, and intervention shall be based on the reading test scores of students taking the state-wide elementary grade assessment in RCW 28A.630.885.

**Sec. 4.** RCW 28A.230.190 and 1990 c 101 s 6 are each amended to read as follows:

(1) Every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the school district. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing, mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district.

(2) The superintendent of public instruction shall prepare and conduct, with the assistance of school districts, a standardized norm-referenced achievement test to be given annually beginning in the 1997-98 school year to all pupils in grade ~~((four))~~ three. The test shall assess students' skill in reading~~((,))~~ and mathematics~~((, and language arts))~~ and shall focus upon appropriate input variables. Results of ~~((such))~~ the test~~((s))~~ shall be compiled by the superintendent of public instruction, who shall make those results available annually to the legislature~~((,))~~ and to all local school districts ~~((and subsequently))~~. School districts shall make results available to parents of those children tested. The results shall allow parents to ascertain the achievement levels and input variables of their children as compared with the other students within the district, the state and, if applicable, the nation.

(3) The superintendent of public instruction shall report annually to the legislature on the achievement levels of students in grade ~~((four))~~ three as measured by the norm-referenced standardized achievement test.

**Sec. 5.** RCW 28A.320.205 and 1993 c 336 s 1006 are each amended to read as follows:

(1) Beginning with the 1994-95 school year, to provide the local community and electorate with access to information on the educational programs in the schools in the district, each school shall publish annually a school performance report and deliver the report to each parent with children enrolled in the school and make the report available to the community served by the school. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed educational decisions. As data from the assessments in RCW 28A.630.885 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years and shall project goals in performance categories.

(2) The annual performance report shall include, but not be limited to: A brief statement of the mission of the school and the school district; enrollment statistics including student demographics; expenditures per pupil for the school year; a summary of student scores on all mandated tests; a concise annual budget report; student attendance, graduation, and dropout rates; information regarding the use and condition of the school building or buildings; a brief description of the restructuring plan

for the school; and an invitation to all parents and citizens to participate in school activities. In addition to the annual performance report, each school shall annually present a summary of student scores on all state-mandated tests at an open meeting of the district's board of directors. The report shall include comparisons to the school's performance in preceding years.

(3) The superintendent of public instruction shall develop by June 30, 1994, a model report form, which shall also be adapted for computers, that schools may use to meet the requirements of subsections (1) and (2) of this section.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SSB 5668 Prime Sponsor, Committee on Financial Institutions, Insurance and Housing: Allowing the department of health to adopt a temporary worker housing code. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Trade & Economic Development.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the shortage of temporary worker housing is due in part to inappropriate construction requirements for temporary worker shelter and related facilities. It is the intent of the legislature that temporary worker housing developers, including employers, be provided with a regulatory framework that allows shelter to be provided that meets the basic dignity, comfort, common decency, health, and safety needs of workers. It is the intent of chapter

. . . , Laws of 1997 (this act) to provide a temporary worker housing building code that will encourage private development of temporary worker housing, and will accommodate a wide range of building materials and new and innovative construction formats that are not possible under previously applicable codes.

**NEW SECTION. Sec. 2.** A new section is added to chapter 19.27 RCW to read as follows:

Temporary worker housing shall be constructed, altered, or repaired as provided in chapter 70.114A RCW. The construction, alteration, or repair of temporary worker housing is not subject to the codes adopted under RCW 19.27.031, except as provided in any code adopted under chapter 70.114A RCW. For the purposes of this section "temporary worker housing" means a shelter, place, area, or piece of land where sleeping places or housing sites are provided by an employer for his or her employees for temporary seasonal occupancy, not to exceed six months in a twelve-month period, at the employees' worksite, and includes labor camps under RCW 70.54.110. The term "temporary worker housing" includes tents and tent platforms approved by the department of health.

**Sec. 3.** RCW 70.114A.080 and 1995 c 220 s 8 are each amended to read as follows:

~~((By December 1, 1996,))~~ The state building code council shall ((develop)) adopt by rule under chapter 34.05 RCW a temporary worker ((housing)) building code, in conformance with the temporary worker housing standards developed under the Washington industrial safety and health act, chapter 49.17 RCW, the rules adopted by the state board of health under RCW 70.54.110, and the following guidelines:

(1) The code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements.

(2) The code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing.

(3) In developing the code the council shall consider: (a) The need for dormitory type housing for groups of unrelated individuals; and (b) the need for housing to accommodate families.

(4) The code shall include construction standards for ~~((a variety of formats, including, but not limited to))~~: (a) Tents and tent platforms; (b) straw bale exterior wall structures; and ~~((b))~~ (c) hard-shell, single exterior wall structures.

(5) The code shall include standards for temporary worker housing that is to be used only during periods when no auxiliary heat is required.

In ~~((developing))~~ adopting the temporary worker ~~((housing))~~ building code, it is the intent of the legislature that the building code council make exceptions to the codes listed in RCW 19.27.031, and chapter 19.27A RCW, in keeping with the guidelines set forth in this section.

~~((The building code council shall appoint a technical advisory committee to assist in the development of the temporary worker housing code, which shall include representatives of industries that most frequently supply temporary housing to their employees.))~~ It is also the intent of the legislature that the state building code council take into consideration the guidelines developed by the technical advisory committee for the development of the initial temporary worker building code adopted by the state building code council under section 8, chapter 220, Laws of 1995, and presented to the legislature on December 1, 1996. The state building code council shall consider additional input from all interested parties, including seasonal agricultural workers, before adopting the temporary worker building code under this section.

The temporary worker building code authorized and required by this section shall be enforced by the department.

**Sec. 4.** RCW 43.70.340 and 1990 c 253 s 3 are each amended to read as follows:

(1) The farmworker housing inspection fund is established in the custody of the state treasury. The department of health shall deposit all funds received under subsection (2) of this section and from the legislature to administer a labor camp inspection program conducted by the department of health. Disbursement from the fund shall be on authorization of the secretary of health or the secretary's

designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

(2) There is imposed a fee on each operating license issued by the department of health to every operator of a labor camp that is regulated by the state board of health. The fee paid under this subsection shall include all necessary inspection of the units to ensure compliance with applicable state board of health rules on labor camps.

(a) Fifty dollars shall be charged for each labor camp containing six or less units.

(b) Seventy-five dollars shall be charged for each labor camp containing more than six units.

(3) The term of the operating license and the application procedures shall be established, by rule, by the department of health.

(4) The department of health shall establish a building permit fee schedule for temporary worker housing subject to chapter 70.114A RCW. The department of health shall develop rules to establish a fee schedule sufficient to cover the cost of all necessary plan reviews and on-site construction inspections of the temporary worker housing to ensure compliance with the codes developed under RCW 70.114A.080."

ESSB 5759 Prime Sponsor, Committee on Human Services & Corrections: Changing sex offender risk level classification and public notification procedures. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 4.24.550 and 1996 c 215 s 1 are each amended to read as follows:

(1) Public agencies are authorized to release ~~((relevant and necessary))~~ information to the public regarding sex offenders ~~((to the public when the release of the information is necessary for public protection))~~ when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9.94A.030; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) The extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and

to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; and (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large.

~~(4) Local law enforcement agencies ((and officials who decide to release)) that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all sex offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the sex offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. ((If a change occurs in the release plan, this notification provision will not require an extension of the release date. The department of corrections and the department of social and health services shall provide local law enforcement officials with all relevant information on sex offenders about to be released or placed into the community in a timely manner. When a sex offender under county jurisdiction will be released from jail and will reside in a county other than the county of incarceration, the chief law enforcement officer of the jail, or his or her designee, shall notify the sheriff in the county where the offender will reside of the offender's release as provided in RCW 70.48.470.~~

~~(3)) (5) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for damages for any discretionary ((decision to release)) risk level classification decisions ((and the)) or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The ((authorization and)) immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding((: (a) A person convicted of, or juvenile found to have committed, a sex offense as defined by RCW 9.94A.030; (b) a person found not guilty of a sex offense by reason of insanity under chapter 10.77 RCW; (c) a person found incompetent to stand trial for a sex offense and subsequently committed under chapter 71.05 or 71.34 RCW; (d) a person committed as a sexual psychopath under chapter 71.06 RCW; or (e) a person committed as a sexually violent predator under chapter 71.09 RCW)) any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify a sex offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees ((or officials)), or public agencies, and to the general public.~~

~~((4)) (6) Except as may otherwise be provided by ((statute)) law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information ((as provided in subsections (2) and (3) of)) authorized under this section.~~

~~((5)) (7) Nothing in this section implies that information regarding persons designated in subsection((s (2) and (3))) (1) of this section is confidential except as may otherwise be provided by ((statute)) law.~~

(8) When a local law enforcement agency or official classifies a sex offender differently than the offender is classified by the department of corrections, the department of social and health services, or the indeterminate sentence review board, the law enforcement agency or official shall notify the appropriate department or the board and submit its reasons supporting the change in classification.

**Sec. 2.** RCW 13.40.217 and 1990 c 3 s 102 are each amended to read as follows:

The narrative notices shall, at a minimum, describe the identity and criminal history behavior of the offender and shall include the department's risk level classification for the offender. For sex offenders classified as either risk level II or III, the narrative notices shall also include the reasons underlying the classification.

Notice shall be provided at least fourteen days prior to the inmate's release, or if the release date is not known at least fourteen days prior to release, notice shall be provided not later than the day after the inmate's release))~~  
When a sex offender under local government jurisdiction will reside in a county other than the county of conviction upon discharge or release, the chief law enforcement officer of the jail or his or her designee shall give notice of the inmate's discharge or release to the sheriff of the county and, where applicable, to the police chief of the city where the offender will reside.

(2) In order for public agencies to have the information necessary for notifying the public about sex offenders as authorized in RCW 4.24.550, the board shall issue to appropriate law enforcement agencies narrative notices regarding the pending release from confinement of sex offenders under the board's jurisdiction. The narrative notices shall, at a minimum, describe the identity and criminal history behavior of the offender. **NEW SECTION. Sec. 6.** (1) By December 1, 1997, the Washington association of sheriffs and police chiefs shall develop a model policy for law enforcement agencies to follow when they disclose information about sex offenders to the public under RCW 4.24.550. The model policy shall be designed to further the objectives of providing adequate notice to the community concerning sex offenders who are or will be residing in the community and of assisting community members in developing constructive plans to prepare themselves and their children for residing near released sex offenders.

(2) In developing the policy, the association shall consult with representatives of the following agencies and professions: (a) The department of corrections; (b) the department of social and health services; (c) the indeterminate sentence review board; (d) the Washington state council of police officers; (e) local correctional agencies; (f) the Washington association of prosecuting attorneys; (g) the Washington public defender association; (h) the Washington association for the treatment of sexual abusers; and (i) victim advocates.

(2) The department of social and health services, the department of corrections, and the indeterminate sentence review board shall each prepare and deliver to the legislature, by December 1, 1998, a report indicating the number of sex offenders released after the effective date of this section and classified in each level of risk category. The reports shall also include information on the number, jurisdictions, and circumstances where the risk level classification made by a local law enforcement agency or official for specific sex offenders differed from the risk level classification made by the department or the indeterminate sentence review board for the same offender.

SSB 5785 Prime Sponsor, Committee on Agriculture & Environment: Providing for consolidation of ground water rights of exempt wells. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Agriculture & Ecology.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 90.44 RCW to read as follows:

Upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may consolidate that right with a ground water right exempt from the permit requirement under RCW 90.44.050, without affecting the priority of either of the water rights being consolidated. Such a consolidation amendment shall be issued only after publication of a notice of the application, a comment period, and a determination made by the department, in lieu of meeting the conditions required for an amendment under RCW 90.44.100, that: (1) The exempt well taps the same body of public ground water as the well to which the water right of the exempt well is to be consolidated; (2) use of the exempt well shall be discontinued upon approval of the consolidation amendment to the permit or certificate; (3) legally enforceable agreements have been entered to prohibit the construction of another exempt well to serve the area previously served by the exempt well to be discontinued, and such agreements are binding upon subsequent owners of the land through appropriate binding limitations on the title to the land; (4) the exempt well or wells the use of which is to be discontinued will be properly decommissioned in accordance with chapter 18.104 RCW and the rules of the department; and (5) other existing rights, including ground and surface water rights and minimum stream flows adopted by rule, shall not be impaired. The notice shall be published by the applicant in a newspaper of general circulation in the county or counties in which the wells for the rights to be consolidated are located once a week for two consecutive weeks. The applicant shall provide evidence of the publication of the notice to the department. The comment period shall be for thirty days beginning on the date the second notice is published.

The amount of the water to be added to the holder's permit or certificate upon discontinuance of the exempt well shall be the average withdrawal from the well, in gallons per day, for the most recent five-year period preceding the date of the application, except that the amount shall not be less than eight hundred gallons per day for each residential connection or such alternative minimum amount as may be established by the department in consultation with the department of health, and shall not exceed five thousand gallons per day. The department shall presume that an amount identified by the applicant as being the average withdrawal from the well during the most recent five-year period is accurate if the applicant establishes that the amount identified for the use or uses of water from the exempt well is consistent with the average amount of water used for similar use or uses in the general area in which the exempt well is located. The department shall develop, in consultation with the department of health, a schedule of average household and small-area landscaping water usages in various regions of the state to aid the department and applicants in identifying average amounts used for these purposes. The presumption does not apply if the department finds credible evidence of nonuse of the well during the required period or credible evidence that the use of water from the exempt well or the intensity of the use of the land supported by water from the exempt well is substantially different than such uses in the general area in which the exempt well is located. The department shall also accord a presumption in favor of approval of such consolidation if the requirements of this subsection are met and the discontinuance of the exempt well is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small ground water withdrawal wells. The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is

later. The applicant and the department may by prior mutual agreement extend the time for making a decision.

NEW SECTION. Sec. 2. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void."

SSB 5838 Prime Sponsor, Committee on Agriculture & Environment: Requiring health boards to respond to requests for on-site sewage permits in a timely manner. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Agriculture & Ecology.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that improperly designed, installed, or maintained on-site sewage disposal systems are a major contributor to water pollution in this state. The legislature also recognizes that evolving technology has produced many viable alternatives to traditional on-site septic systems. It is the purpose of this act to help facilitate the siting of new alternative on-site septic systems and to assist local governments in promoting efficient operation of on-site septic these systems.

NEW SECTION. Sec. 2. A new section is added to chapter 70.05 RCW to read as follows:

(1) The local health officer must respond to the applicant for an on-site sewage system permit within thirty days after receiving a fully completed application. The local health officer must respond that the application is either approved, denied, or pending.

(2) If the local health officer denies an application to install an on-site sewage system, the denial must be for cause and based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. The local health officer must provide the applicant with a written justification for the denial, along with an explanation of the procedure for appeal.

(3) If the local health officer identifies the application as pending and subject to review beyond thirty days, the local health officer must provide the applicant with a written justification that the site-specific conditions or circumstances necessitate a longer time period for a decision on the application. The local health officer must include any specific information necessary to make a decision and the estimated time required for a decision to be made.

(4) A local health officer may not limit the number of alternative sewage systems within his or her jurisdiction without cause. Any such limitation must be based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. If such a limitation is established, the local health officer must justify the limitation in writing, with specific reasons, and must provide an explanation of the procedure for appealing the limitation.

**NEW SECTION. Sec. 3.** A new section is added to chapter 70.118 RCW to read as follows:

The department of health must include one person who is familiar with the operation and maintenance of certified proprietary devices on the technical review committee responsible for evaluating and making recommendations to the department of health regarding the general use of alternative on-site sewage systems in the state.

**NEW SECTION. Sec. 4.** A new section is added to chapter 57.04 RCW to read as follows:

(1) As an alternative means to forming a water-sewer district, a county legislative authority may authorize the formation of a water-sewer district to serve a new development that at the time of formation does not have any residents, at written request of sixty percent of the owners of the area to be included in the proposed district. The county legislative authority shall review the proposed district according to the procedures and criteria in RCW 57.02.040.

(2) The county legislative authority shall appoint the initial water-sewer commissioners of the district. The commissioners shall serve until seventy-five percent of the development is sold and occupied, or until some other time as specified by the county legislative authority when the district is approved. Commissioners serving under this section are not entitled to any form of compensation from the district.

(3) New commissioners shall be elected according to the procedures in chapter 57.12 RCW at the next election held under RCW 29.13.010 that follows more than ninety days after the date seventy-five percent of the development is sold and occupied, or after the time specified by the county legislative authority when the district is approved.

(4) A water-sewer district created under this section may be transferred to a city or county, or dissolved if the district is inactive, by order of the county legislative authority at the written request of sixty percent of the owners of the area included in the district.

**NEW SECTION. Sec. 5.** A new section is added to chapter 70.118 RCW to read as follows:

In order to assure that technical guidelines and standards keep pace with advancing technologies, the department of health in collaboration with the technical review committee, local health departments, and other interested parties, must review and update as appropriate, the state guidelines and standards for alternative on-site sewage disposal every three years. The first review and update must be completed by January 1, 1999.

**NEW SECTION. Sec. 6.** Nothing in sections 2 through 4 of this act may be deemed to eliminate any requirements for approval from public health agencies under applicable law in connection with the siting, design, construction, and repair of on-site septic systems.

**Sec. 7.** RCW 35.67.010 and 1965 c 110 s 1 are each amended to read as follows:

A "system of sewerage" means and may include((s)) any or all of the following:

(1) Sanitary sewage ((disposal sewers)) collection, treatment, and/or disposal facilities and services, on-site or off-site sanitary sewerage facilities, inspection services and maintenance services for public or private on-site systems, or any other means of sewage treatment and disposal approved by the city;

(2) Combined sanitary sewage disposal and storm or surface water sewers;

(5) Combined water and sewerage systems;

(6) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a city or town;

(7) Public restroom and sanitary facilities; and

(8) Any combination of or part of any or all of such facilities.

The words "public utility" when used in this chapter ((~~shall have~~)) has the same meaning as the words "system of sewerage."

**Sec. 8.** RCW 35.67.020 and 1995 c 124 s 3 are each amended to read as follows:

Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for their use. The rates charged must be uniform for the same class of customers or service and facilities furnished.

In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service and facilities furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) the achievement of water conservation goals and the discouragement of wasteful water use practices; (7) capital contributions made to the system, including but not limited to, assessments; (8) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (9) any other matters which present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the

residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

**Sec. 9.** RCW 35.92.020 and 1995 c 124 s 5 are each amended to read as follows:

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030, and shall have full authority to manage, regulate, operate, control, and to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town. The rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to customers; (2) the location of customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the parts of the system; (4) the different character of the service and facilities furnished to customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other factors that present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

**Sec. 10.** RCW 36.94.010 and 1981 c 313 s 14 are each amended to read as follows:

As used in this chapter:

- (1) A "system of sewerage" means and may include((s)) any or all of the following:
  - (a) Sanitary sewage collection, treatment, and/or disposal ((sewers and)) facilities and services, including without limitation on-site or off-site sanitary sewerage facilities ((consisting of an approved septic tank or septic tank systems)), inspection services and maintenance services for private or public on-site systems, or any other means of sewage treatment and disposal approved by the county;
  - (b) Combined sanitary sewage disposal and storm or surface water drains and facilities;

(c) Storm or surface water drains, channels, and facilities;  
(d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;

(e) Combined water and sewerage systems;

(f) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a county;

(g) Public restroom and sanitary facilities;

(h) The facilities and services authorized in RCW 36.94.020; and

(i) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:

(a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;

(b) A combined water and sewerage system;

(c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6) and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, a description of on-site sanitary sewerage system inspection services and maintenance services, and other facilities and services as may be required to provide a functional and implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities and services. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any diking, drainage, and sewerage improvement district, and any irrigation district.

(5) A "private utility" means and includes all utilities, both public and private, which provide sewerage and/or water service and which are not municipal corporations within the definition of this chapter. The ownership of a private utility may be in a corporation, nonprofit or for profit, in a cooperative association, in a mutual organization, or in individuals.

(6) "Board" means one or more boards of county commissioners and/or the legislative authority of a home rule charter county.

**Sec. 11.** RCW 36.94.020 and 1981 c 313 s 1 are each amended to read as follows:

The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county(~~≠ PROVIDED, That~~). However, counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created.

**Sec. 12.** RCW 36.94.140 and 1995 c 124 s 2 are each amended to read as follows:

Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it and to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such ((county)) service ((is)) and facilities are available, and to levy charges for connection to the system. The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility.

In classifying customers served, service furnished or made available by such system of sewerage and/ or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

- (1) The difference in cost of service to the various customers within or without the area;
- (2) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

- (3) The different character of the service and facilities furnished various customers;
  - (4) The quantity and quality of the sewage and/or water delivered and the time of its delivery;
  - (5) Capital contributions made to the system or systems, including, but not limited to, assessments;
  - (6) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;
  - (7) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
  - (8) Any other matters which present a reasonable difference as a ground for distinction.
- A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

**NEW SECTION. Sec. 13.** A new section is added to chapter 35.58 RCW to read as follows:

A metropolitan municipal corporation authorized to perform water pollution abatement may exercise all the powers relating to systems of sewerage authorized by RCW 36.94.010, 36.94.020, and 36.94.140 for counties.

**NEW SECTION. Sec. 14.** A new section is added to chapter 35.21 RCW to read as follows:

The legislative authority of any city or town may exercise all the powers relating to systems of sewerage authorized by RCW 35.67.010 and 35.67.020.

**NEW SECTION. Sec. 15.** A new section is added to chapter 53.08 RCW to read as follows:

A port district may exercise all the powers relating to systems of sewerage authorized by RCW 54.16.230 for public utility districts.

**Sec. 16.** RCW 54.16.230 and 1975 1st ex.s. c 57 s 1 are each amended to read as follows:

A public utility district may acquire, construct, operate, maintain, and add to sewage systems, subject to and in compliance with the county comprehensive plan, under the general powers of Title 54 RCW or through the formation of local utility districts as provided in RCW 54.16.120 through 54.16.170(~~(: PROVIDED, That)~~). ~~However, prior to engaging in ((any sewage system works))~~ the acquisition, construction, or expansion of on-site or off-site sewerage facilities, except for public restroom and sanitary facilities, as authorized by this section, the voters of the public utility district shall first approve by majority vote a referendum proposition authorizing such district to exercise ((the)) those powers ((set forth in this section)) related to the acquisition, construction, or expansion of such facilities, which proposition shall be presented at a general election. A sewage system may include any or all of the following:

(1) Sanitary sewage collection, treatment, and/or disposal facilities and services, including without limitation on-site or off-site sewerage facilities, inspection services and maintenance services for public or private on-site systems, or any other means of sewage treatment and disposal;

(2) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a public utility district; and

(3) Public restroom and sanitary facilities. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A public utility district may provide assistance to aid low-income persons in connection with services provided under this section.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be

provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A public utility district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using public utility district employees unless the on-site system is connected by a publicly owned collection system to the public utility district's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. A public utility district that provided inspection, pumping services, or other maintenance or repair services with its own employees prior to January 1, 1997, may continue to use its employees to provide that service.

**Sec. 17.** RCW 54.16.240 and 1975 1st ex.s. c 57 s 2 are each amended to read as follows:

The commission of a public utility district, by resolution may, or on petition in the same manner as provided for the creation of a district under RCW 54.08.010 shall, submit to the voters for their approval or rejection the proposal that ~~((said))~~ the public utility district be authorized to exercise the powers set forth in RCW 54.16.230 for which an election is required.

**Sec. 18.** RCW 57.08.005 and 1996 c 230 s 301 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater and for the protection, preservation, and rehabilitation of surface and underground waters, facilities for the drainage and treatment of storm or surface waters, public highways, streets, and roads with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal, treatment, or drainage and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal, treatment, or drainage. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal, treatment, or drainage and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(7) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(8) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(9) To fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the

board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(10) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(11) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(12) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(13) To sue and be sued;

(14) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(15) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(16) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(17) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(18) To establish street lighting systems under RCW 57.08.060;

(19) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(20) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.

**Sec. 19.** RCW 57.08.065 and 1996 c 230 s 313 are each amended to read as follows:

(1) A district shall have power to establish, maintain, and operate a mutual water, ~~((sewer))~~ sewerage, drainage, and street lighting system, a mutual system of any two or three of the systems, or separate systems.

(2) Where any two or more districts include the same territory as of July 1, 1997, none of the overlapping districts may provide any service that was made available by any of the other districts prior to July 1, 1997, within the overlapping territory without the consent by resolution of the board of commissioners of the other district or districts.

(3) A district that was a water district prior to July 1, 1997, that did not operate a ~~((sewer))~~ system of sewerage prior to July 1, 1997, may not proceed to exercise the powers to establish, maintain, construct, and operate any ~~((sewer))~~ system of sewerage without first obtaining written approval and certification of necessity from the department of ecology and department of health. Any comprehensive plan for a system of sewers or addition thereto or betterment thereof proposed by a district that was a water district prior to July 1, 1997, shall be approved by the same county and state officials as were required to approve such plans adopted by a sewer district immediately prior to July 1, 1997, and as subsequently may be required.

**Sec. 20.** RCW 57.16.010 and 1996 c 230 s 501 are each amended to read as follows:

Before ordering any improvements or submitting to vote any proposition for incurring any indebtedness, the district commissioners shall adopt a general comprehensive plan for the type or types of facilities the district proposes to provide. A district may prepare a separate general comprehensive plan for each of these services and other services that districts are permitted to provide, or the district may combine any or all of its comprehensive plans into a single general comprehensive plan.

(1) For a general comprehensive plan of a water supply system, the commissioners shall investigate the several portions and sections of the district for the purpose of determining the present and reasonably foreseeable future needs thereof; shall examine and investigate, determine, and select a water supply or water supplies for such district suitable and adequate for present and reasonably foreseeable future needs thereof; and shall consider and determine a general system or plan for acquiring such water supply or water supplies, and the lands, waters, and water rights and easements necessary therefor, and for retaining and storing any such waters, and erecting dams, reservoirs, aqueducts, and pipe lines to convey the same throughout such district. There may be included as part of the system the installation of fire hydrants at suitable places throughout the district. The commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and a long-term plan for financing the planned projects and the method of distributing the cost and expense thereof, including the creation of local improvement districts or utility local improvement districts, and shall determine whether the whole or part of the cost and expenses shall be paid from revenue or general obligation bonds.

(2) For a general comprehensive plan for a sewer system, the commissioners shall investigate all portions and sections of the district and select a general comprehensive plan for a sewer system for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods and services, if any, for the prevention, control, and reduction of water pollution and for the treatment and disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations or other sewage collection facilities, septic tanks, septic tank systems or drainfields, and systems for the transmission and treatment of wastewater. The general comprehensive plan shall provide a long-term plan for financing the planned projects and the method of distributing the cost and expense of the sewer system and services, including the creation of local improvement districts or utility local improvement districts; and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(3) For a general comprehensive plan for a drainage system, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for a

drainage system for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system to collect, treat, and dispose of storm water or surface waters, including use of natural systems and the construction or provision of culverts, storm water pipes, ponds, and other systems. The general comprehensive plan shall provide for a long-term plan for financing the planned projects and provide for a method of distributing the cost and expense of the drainage system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(4) For a general comprehensive plan for street lighting, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for street lighting for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system or systems of street lighting, provide for a long-term plan for financing the planned projects, and provide for a method of distributing the cost and expense of the street lighting system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(5) The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out their duties.

(6) Any general comprehensive plan or plans shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health, except that a comprehensive plan relating to street lighting shall not be submitted to or approved by the director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health and by the designated engineer within sixty days of their respective receipt of the plan. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of the county legislative authorities pursuant to the criteria in RCW 57.02.040 for approving the formation, reorganization, annexation, consolidation, or merger of districts. The resolution, ordinance, or motion of the legislative body that rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The general comprehensive plan shall not provide for the extension or location of facilities that are inconsistent with the requirements of RCW 36.70A.110. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 57.02.040. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authorities of the cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town legislative authority if the city or town legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town legislative authority may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to

adequately review the general comprehensive plan within these time limitations. In addition, the commissioners and the city or town legislative authority may mutually agree to an extension of the deadlines in this section.

Before becoming effective, the general comprehensive plan shall be approved by any state agency whose approval may be required by applicable law. Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan. However, only if the amendment, alteration, or addition affects a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town governing body.

**Sec. 21.** RCW 57.08.081 and 1996 c 230 s 314 are each amended to read as follows:

The commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer service~~((s))~~ and facility such as but not limited to storm or surface water and sanitary.

In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost ~~((of service))~~ to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system.

The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of sixty days.

**Sec. 22.** RCW 90.72.040 and 1992 c 100 s 3 are each amended to read as follows:

(1) The county legislative authority may create a shellfish protection district on its own motion or by submitting the question to the voters of the proposed district and obtaining the approval of a

majority of those voting. The boundaries of the district shall be determined by the legislative authority. The legislative authority may create more than one district. A district may include any area or areas within the county, whether incorporated or unincorporated. Counties shall coordinate and cooperate with cities, towns, and water-related special districts within their boundaries in establishing shellfish protection districts and carrying out shellfish protection programs. Where a portion of the proposed district lies within an incorporated area, the county shall develop procedures for the participation of the city or town in the determination of the boundaries of the district and the administration of the district, including funding of the district's programs. The legislative authority of more than one county may by agreement provide for the creation of a district including areas within each of those counties. County legislative authorities are encouraged to coordinate their plans and programs to protect shellfish growing areas, especially where shellfish growing areas are located within the boundaries of more than one county. The legislative authority or authorities creating a district may abolish a shellfish protection district on its or their own motion or by submitting the question to the voters of the district and obtaining the approval of a majority of those voting.

(2) If the county legislative authority creates a shellfish protection district by its own motion, any registered voter residing within the boundaries of the shellfish protection district may file a referendum petition to repeal the ordinance that created the district. Any referendum petition to repeal the ordinance creating the shellfish protection district shall be filed with the county auditor within seven days of passage of the ordinance. Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in creation of the shellfish protection district and a negative answer to the question and a negative vote on the measure results in the shellfish protection district not being created. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the shellfish protection district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title and full text of the measure to be referred. The county auditor shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the county auditor shall submit the referendum measure to the registered voters residing in the shellfish protection district in a special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. The special election may be conducted by mail ballot as provided for in chapter 29.36 RCW.

(3) The county legislative authority shall not impose fees, rates, or charges for shellfish protection district programs upon properties on which fees, rates, or charges are imposed (~~to pay for another program to eliminate or decrease contamination in storm water runoff~~) under chapter 36.89 or 36.94 RCW for substantially the same programs and services.

**NEW SECTION. Sec. 23.** (1) The department of health shall convene a work group for the purpose of making recommendations to the legislature for the development of a certification program for different classes of people involved with on-site septic systems. The work group shall study certification of persons who pump, install, design, perform maintenance, inspect, or regulate any of the above listed functions with regard to on-site septic systems. The work group shall make recommendations regarding appropriate bonding levels and other standards for the various occupations for which certification will be recommended. The work group shall also examine the development of a risk analysis pertaining to the installation and maintenance of different types of septic systems for different parts of the state. The work group shall report its findings and recommendations to the senate agriculture and environment committee and the house of representatives agriculture and ecology committee by January 1, 1998.

(2) The work group shall consist of a representative from each of the following groups: On-site septic system pumpers, installers, designers, maintenance operators, and inspectors, as well as a representative of cities, counties, the department of health, engineers, residential construction, the Puget Sound water quality action team, public utility districts, water-sewer districts, and two members

from the general public. The members of the work group shall be appointed by the governor. The representative of the department of health shall serve as the chair of the work group. Staff support for the work group shall be provided by the department of health."

WHEREAS, It is the policy of the Legislature to recognize excellence in all fields of endeavor; and

WHEREAS, The Hood Canal School District Number 404 instituted a program for nontraditional students in the fall of 1995 which is designated as "BOOTS", or Building Outstanding Outcomes for Non-traditional Students; and

WHEREAS, The purpose of the BOOTS program is to keep at-risk youth in a school-related environment and to increase self-esteem for students having academic, behavioral, or juvenile-related difficulties at school or in the community; and

WHEREAS, The BOOTS curriculum includes special classes in survival skills and physical fitness, as well as a camping experience staffed by Washington National Guard personnel under the leadership of Captain Angela Jines; and

WHEREAS, Students entering the BOOTS program typically possess attitudes, and manifest behaviors, that are harmful to themselves as well as to their peers and the adults around them; and

WHEREAS, Students exiting the BOOTS program have undergone interactive experiences whereby their attitudes, beliefs about themselves, and the manner in which they behave at school are significantly improved; and

WHEREAS, The success of the BOOTS program is largely attributable to the concerned efforts and skills of BOOTS staff members Bert Miller and Chambliss Keith;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives recognize and honor Bert Miller and Chambliss Keith, as well as Captain Angela Jines of the Washington National Guard, for the significant contribution that each is making to the lives of young men and women; and

If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the divertee has attained eighteen years of age;

#### SPEAKER'S RULING

Mr. Speaker: Representative Dickerson, the Speaker is prepared to rule on your Point of Order which challenges Amendment 465 to Senate Bill No. 5151 as being beyond the Scope and Object of the bill.

The title of Senate Bill No. 5151 is "AN ACT Relating to civil jurisdiction of district courts." The title is somewhat broad. Senate Bill No. 5151 amends RCW 3.66.020.

Senate Bill No. 5151 raises the district court's jurisdictional amount over civil cases from \$25,000 to \$35,000.

Amendment 465 amends RCW 13.04.030 and adds a new section to chapter 28A.225 RCW. The amendment gives district courts concurrent original jurisdiction with juvenile courts over all proceedings involving truancy petitions.

Senate Bill No. 5151 deals solely with raising the monetary value of a claim in civil cases in order for a district court to take jurisdiction over the matter. Amendment 465 would give district courts certain jurisdiction over juvenile offenders in cases currently limited to superior court jurisdiction.

The Speaker finds that Amendment 465 is beyond the scope and object of the bill.

Representative Dickerson, your Point of Order is well taken.

The Speaker stated the question before the House to be adoption of the committee amendment by the Committee on Law and Justice. The committee amendment was adopted.

Eighty-five years later under the leadership of his son, Bruce, and Bruce's son Gary, Briggs Nursery has grown to be the largest wholesale nursery in Western Washington. It is renowned worldwide for its research and development of new hybrids of plants, especially rhododendrons, Washington's state flower. Rhododendrons provided to each of the members by the Arbor Day Council are new hybrids from Germany, called Barnstead. Briggs Nursery is the exclusive grower in the United States.

Representative Dunshee moved the adoption of the following amendment (501) to the committee amendment:

On page 1, beginning on line 7, strike all of section 1 and insert:

"**Sec. 1.** RCW 84.40.030 and 1994 c 124 s 20 are each amended to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

(4) In valuing property, intangible personal property shall not be valued separately.

**Sec. 2.** RCW 84.40.040 and 1988 c 222 s 15 are each amended to read as follows:

The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. The assessor shall also complete the duties of listing and placing valuations on all property by May 31st of each year, ~~((except that the listing and valuation of construction under RCW 36.21.040 through 36.21.080 shall be completed by August 31st of each year,))~~ and in the following manner, to wit:

The assessor shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter one hundred percent of the value of such land and of the total value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on the assessment list and tax roll.

The assessor shall make an alphabetical list of the names of all persons in the county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of tangible personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property: PROVIDED, That the assessor may list and value improvements on publicly owned land in the same manner as real property is listed and valued, including conformance with the revaluation program required under chapter 84.41 RCW. Such list and statement shall be filed on or before the last day of April. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same on the assessment roll opposite the name of the party assessed; and in making such entry in the assessment list, the assessor shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of the party's residence or place of business. The assessor may, after giving written notice of the action to the person to be assessed, add to the assessment list any taxable property which should be included in such list.
