**CAUTION:** External email.

Plan 1 employees are over due for an increase. When these employees worked and retired the economy was different than it is now. They were and agreed to a plan that was or seemed very good. But times have changed. It is time for a change. Please take the time to be thoughtful in the process. You can make a positive impact on many lives of former employees who spent years educating the future. Now is the future please take care of us
