"NEW SECTION. **Sec. 1.** A new section is added to chapter 51.04 RCW to read as follows: On or before January 1, 1996, the department of labor and industries and the workers' compensation advisory committee, in coordination with the joint committee on health systems oversight, if created by law, shall study and make an interim report, and on or before January 1, 1997, a final report, to the governor and appropriate committees of the legislature on the provision of medical benefits for injured workers under a consolidated health care system. The study shall include a review of options and recommendations for modifying the industrial insurance system to provide medical services for injured workers in a more cost-effective manner under a consolidated system, and may include consideration of the purchase of industrial insurance medical benefits through the health care authority or the inclusion of industrial insurance medical benefits in the services offered by health carriers or other appropriate options. The committee should also give consideration to at least the following issues: The use of various health care coverage arrangements and the effect of various health care coverage arrangements on the injured workers' choice of health services provider; the potential cost savings or other impacts of various consolidation options; the benefit structure required under industrial insurance; the potential for consolidation to meet or exceed existing medical cost management of the medical aid fund; the impact of separating the medical management of claims from the disability management of claims; the relationship between return-to-work efforts, medical services, and disability prevention; the relationship between medical services and rehabilitation services; and the effects of the quasi-judicial system that determines industrial insurance rights and obligations. In addition, the final report shall include a proposed plan and timeline for including the medical benefits of the industrial insurance system in the services offered by health carriers. The proposed plan shall assure that:

(1) The plan shall not take effect until at least ninety-seven percent of state residents have access to the standard benefits package, if created in statute;

(2) The standard benefits package, if created in statute, will provide benefits for injured workers that are at least equivalent to the medical benefits provided to injured workers under this title as determined by the department of labor and industries as of the effective date of the plan, including payments for services that are ancillary to industrial insurance medical benefits, such as, but not limited to, medical examinations for permanent disabilities;

(3) Other nonmedical benefits required to be provided under this title, such as, but not limited to, total or partial disability benefits or vocational rehabilitation benefits, are not affected;

(4) Employers who do not choose to offer benefits under the plan will continue to be required to provide industrial insurance medical benefits under this title;

(5) Employees participating in the plan shall not be required to pay deductibles, copayments, or other point-of-service charges for services related to industrial insurance injuries or diseases, such costs to be paid by the department of labor and industries or the self-insured employer, as applicable;

(6) The plan includes a mechanism to return to workers and employers, in equal shares, any savings that are realized in the costs of medical services for injured workers, as identified by the department of labor and industries;

(7) The majority of the employer's employees or, if the employees are represented for collective bargaining purposes, the exclusive bargaining representative voluntarily agree to the employer's participation in the plan.

In addition, the study shall include review of an option for an employer to elect to provide medical aid benefits under this title through the employer-sponsored general health plan if the employer pays one hundred percent of the premium cost of the general employee health care benefit plan and the medical aid premium.

NEW SECTION. Sec. 2. A new section is added to chapter 51.04 RCW to read as follows:

(1) The department of labor and industries, in consultation with the workers' compensation advisory committee, may conduct pilot projects to purchase medical services for injured workers through various health care coverage arrangements. The projects shall assess the effects of various health care coverage arrangements on the cost and quality of, and employer and employee satisfaction with, medical services provided to injured workers.

(2) The pilot projects may be limited to specific employers. The implementation of a pilot project shall be conditioned upon a participating employer and a majority of its employees, or, if the employees are represented for collective bargaining purposes, the exclusive bargaining representative, voluntarily agreeing to the terms of the pilot. Unless the project is terminated by the department, both the employer and employees are bound by the project agreements for the duration of the project.

(3) Solely for the purpose and duration of a pilot project, the specific requirements of this title that are identified by the department as otherwise prohibiting implementation of the pilot project shall not apply to the participating employers and employees to the extent necessary for conducting the project. The various health care coverage arrangements for the pilot projects may include the designation of doctors responsible for the care delivered to injured workers participating in the projects.

(4) The projects shall conclude no later than January 1, 1997. The department shall make an interim report on the projects to the governor and appropriate committees of the legislature on or before October 1, 1996. The department shall present the final results of the pilot projects and any final recommendations related to the projects to the governor and appropriate committees of the legislature on or before April 1, 1997.

NEW SECTION. Sec. 3. The following acts or parts of acts are each repealed:

- (1) RCW 43.72.850 and 1993 c 492 s 485; and
- (2) RCW 43.72.860 and 1993 c 492 s 486."

REMARKS BY SECRETARY OF STATE, RALPH MUNRO

Mr. Speaker and Mr. President, members of the Court, Elected Officials and distinguished guests all. In the mid 1980's Speaker John O'Brien and others proposed an award to be offered by Washington State government to "any person who has been distinguished by his exceptionally meritorious conduct in performing outstanding services to the people of Washington State". The legislature passed Speaker O'Brien's proposal and it was signed by Governor Booth Gardner.

Each year the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the Chief Justice of the Washington state Supreme Court and the Secretary of State meet to discuss candidates for the Medal of Merit. Some proposed nominations come from the public, some from members of the legislature and other elected officials throughout the state, and some come from the Committee itself.

Previous winners include the very best of Washington State:

Doctor Lester Sauvage, world renown heart surgeon and scientist now leads the Hope Heart Clinic in Seattle.

Professor Orval Vogel, researcher and inventor of Washington's super wheat to feed the world from Pullman in the Polouse.

Senator Henry M. Scoop Jackson, defender of freedom around the globe, the school kid from Everett who went to the top.

Dorothy Bullit, benefactor and entrepreneur and philanthropist from Seattle, a pioneer in broadcasting.

Senator Warren G. Magnuson, prosecutor, politician and President Pro Tempore of the United State Senate. In the era of bringing home the bacon Maggie brought home the whole pig.

Eddie Carlson, who went from bellhop at the Olympic to Civic Leader of the pacific northwest.

Julia Butler Hansen, Chairman of the Interior Committee of the United States House of Representatives, because of her, every cabinet member in the United States government learned exactly where Kathlamet Washington is located.

Dr. Beldine Skribbner, physician, inventor, research and development of the kidney dialysis equipment for the world.

Francis Penrose Owen, civil leader, business executive, organizer of numerous charitable and illumnosary activities and long time regent at Washington State University.

James Reed Ellis, Seattle advocate and attorney, founder of Metro, cleaning up western Washington waters and forward thinker of forward thrust.

Dr. Charles O'dgard, professor, educator and leader who struggled during the difficult and often tumultuous 1960's to build one of the finest universities in the world [U.W.]

And finally, Dr. William Hutchinson, the ballplayer's brother who went to medical school and who refused to strike out against cancer, and continues to beat it on a daily basis, the founder of the Freddy Hutichinson Cancer Research Center.

During the years of 1991, 1992, 1993 and 1994 your committee met, reviewed nominations and decided to wait. We have always remembered that the law says "exceptional meritorious conduct and outstanding service". It is with greatest respect today that the committee reports that two names have been selected for 1995. These two outstanding individual Washingtonians are Dr. Michael Copass of Seattle and King County and Dr. Kathleen Ross of Toppenish in Yakima County. Thank you.

The President of the Senate is honored to introduce guests to honor Dr. Kathleen Ross and guests here to honor Dr. Michael Copass, his wife, Lucy, their daughter, Chloantha.

The President of the Senate introduced the delegation from Uruguay: Mr. Gonzalo Cibils, Mr. Medardo Manini Rios, Mr. Gonzalo Irrazabal Buquet, Mr. Roberto Yavarone, Mr. Alvaro Alonso, Ms. Carina Gomez, Mr. Arturo Collazo Miranda, Mr. Juan Maspoli Bianchi and Mr. Gustavo Faulord Calisto.

The Speaker assumed the chair.

Speaker: The purpose of the Joint Session is to present Medal of Merit Awards for the fifth time, honoring two deserving Washington State citizens who have been distinguished by exceptionally meritorious conduct in performing outstanding services to the people and State of Washington.

At this time I will take the gavel from the President for the purpose of introducing him as a participant in the Ceremony.

SPEAKER'S PRIVILEGE

Ladies and Gentlemen, the Speaker has the honor to present to you, Lt. Governor, Joel Pritchard for the purpose of introducing and honoring Dr. Michael Copass.

REMARKS BY PRESIDENT PRITCHARD

I believe all of you have read the program, but just to remind you Dr. Copass directed the emergency center at Harborview, the medical director of the airlift northwest, medical director of the King County medic one program 911, spectacular achievement! You realize that, and it's said not in jest, but in truth that the safest place in the world to have a heart attack is Seattle. And this gentleman was the driving force, and he was the key to putting in this team. And besides that he also has time to work and teach at the University of Washington as a professor of neurology.

I think the easiest way to explain what Mike has accomplished.... I was over on Bainbridge Island and I was watching a playfield where some children were playing and there was a father there and he was playing with the children. And I realized that was the same man who two years ago was hit, he was on a bike and he was hit by a car and he was run over and dragged two-hundred feet. People thought he was dead, but he was alive. They said he isn't going to make it but they got a hold of a helicopter and they flew him to Harborview. They said he may live he may not, he is obviously is going to be in terrible shape if he does live. Two years later he's playing with baseball with his children. That's the legacy that this man has left.

And I know that he'd be the first one to say, "that many other people have been involved, I don't do it alone." Personally he's saved hundreds of people by his actions, his staff has saved thousands. And because of the system he's put together has been replicated in so many other systems, now he's saved thousands.

And just two weeks ago I had someone from a foreign country come and say, "We want to go up to Harborview and see how they do it. We're going to put a system like this in our country." So he's going to affect the lives of millions of people. So it's with great pleasure that I introduce Mike Copass, Doctor Michael Copass, here Medal of Merit winner.

REMARKS BY DR. MICHAEL COPASS

It is an intimidating job to face down things that are said about you. I frequently start speeches by reminding people that I could be prematurely grey and likewise prematurely senile but I'll let you be the judge of that.

I one time started a speech by the phrase, "in my farming days". I was 18, I was practicing that speech in a courtroom of a man whose standards I wasn't sure I could meet. He was a little man from west Texas, who was absolutely sure I needed as much work as I could possibly do. So he guaranteed that I could work for one of his friends who farmed a fairly large and somewhat desperate collection of sand in Franklin County.

When you think about activities that impress you, farming for an 18 year old, when you're all alone, always hot, insufferably so, always cold, the same does leave you with a memory. I think my life passed fairly quickly.

And so the second real impact came upon me and that was ... I could start a speech and say, "In my Harborview days". I've been at Harborview for a long time, my entire professional life, save that spent in the military. Education passes by like the speed of light, no matter whether it's collegiate or medical school, but

one's professional duties add like the skin of an onion. And I think about that particular facility which has existed in the state under the largess of the University, and I think about the contribution that facility has made to this State, to the county of King, to the city of Seattle, and to the region. And I think we are very lucky and I think it is a privilege to serve there.

So the truth of this speech is that I thank you for allowing me the privilege to be one of your servants. I've enjoyed my time in that institution. We've spent every day trying to make ourselves better, we've spent every day trying to get the most we can out of what resources we have and we use them wisely. Our goal and our ambition is to provide reasonable care for the citizens of this place and to provide an educational format for those individuals who come from this state who need to be the next generations physicians. People that we see as leaders in their communities they are chosen to go to school for their talent, they must leave the school professionally skilled as leaders.

So I thank you for this monumental award. And I also thank you for allowing me these last twenty-two years to function as a member of this intellectual community -- the University of Washington School of Medicine, to participate in the activities of this remarkable state and to be able to do the things that we had done in the institution under the golden dome at 9th and Jefferson, for the people who need our help. May I thank you.

REMARKS BY GOVERNOR LOWRY

Thank you Mr. President, Mr. Speaker, members of the State Supreme Court, members of the State Legislature, Citizens of the State of Washington, thank you for allowing me the honor to make this next presentation of our Medal of Merit.

Dr. Kathleen Ross has dedicated her life to education as founding President of Heritage College. Dr. Ross has sought to bring higher education to culturally diverse students who otherwise might not have a Four-year college opportunity. The success of Heritage College has been phenomenal, in 1982 the college had an initial class of approximately 80 students, now the college enrolls more than 1100 students a year. 50% of the undergraduate students are either Native American or Hispanic, and 85% are the first persons from their families to attend college. In addition, 70% of the students are women and 60% live below the poverty level.

Heritage College started as an outreach effort of Ft. Wright College in Spokane where Dr. Ross was academic Vice President. When Ft. Wright closed community leaders from the Yakima Indian Nation and Yakima Valley refused to let the program die. Along with Dr. Ross they established a new college specifically for the people of the Yakima Valley region.

Today the College graduates between 700 - 800 students a year in education, social sciences, liberal arts and business management. Heritage College also offers a Masters of Education degree that produces close to 100 graduates each year making Heritage College the school that graduates the most minority teachers in Washington State. Importantly, many Heritage graduates return to their home communities to teach.

Dr. Ross is nationally known as a leader in higher education especially in the field of cross cultural communication. In 1989 she was one of three recipients of the National Herald McGraw prize in education. In 1991 Georgetown University presented her with the John Kennedy Award. She has honor degrees from Dartmouth, Alverno, Pomona and Whitworth Colleges and Seattle University. Dr. Ross holds a Ph.D. and is an instrumental member of the Sisters of the Holy Names of Jesus and Mary. And I'm very honored to present her with the 1995 Washington State Medal of Merit. Dr. Ross.

REMARKS BY DR. KATHLEEN ROSS

Thank you Governor Lowry; Speaker of the House, Clyde Ballard, from a city dear to my heart, Wenatchee. Lt. Governor Joel Pritchard; Our Secretary of State, Ralph Monroe; and

distinguished members of the Legislature; our Chief Justice Durham and Justices of the Court; and all of my new friends and my old friends here.

I'm really thrilled to accept this medal today because it symbolizes to me, how people who dream together, who create a vision together, who support each other in pursuit of that vision and who trust in God's providence together, can make a difference.

So I accept this medal today not just for myself but on behalf of all those people who have made a difference by creating and nurturing and sustaining Heritage College. This includes the more than 5,000 individual students that have taken at least one course at Heritage College, in a place where on four year college existed fourteen years ago. It also includes the faculty, the staff, the administrators, the board of directors. The faculty, staff and administrators work for private college wages but they provide a tremendous public service for the State of Washington and are proud of it.

I accept this on behalf also of the hundreds of persons in the Yakima Valley and throughout the State that have given not only a beautiful new library to Heritage, and there's a nice picture of it out in that display [in the capitol rotunda] but have also given dozens of vital scholarships and other operational support.

I also think, most especially, in accepting this award of the Yakima Indian Nation whose educational leaders provided the original vision of what could be and who continue to support the growth of our multi-ethnic College. And unfortunately all of those education leaders are in Washington D.C. for a major Indian conference today, so they couldn't join us here.

My sharing this award also includes thanks to the Sisters of the Holy Name who supported the college at the very beginning even though it was to be a nonsectarian institution.

I also want to thank the members of this legislature especially and the Governor's office because you have provided financial aid in the form of the Washington State Need Grant, the Educational Opportunity Grant, the Work Study Funds and without these vital funds Heritage would be without 95% of its students. That would be a petty small school.

And last but not least, in people who have made a difference for me I include my Mother Mary Ross of Wenatchee, and my sister Rosemary of the Dalles in Oregon.

In receiving this medal today I was asking myself what makes the Heritage story so unique and seemingly deserving of recognition? And my answer is a very simple word: Opportunity. Heritage has demonstrated that creating opportunities for people brings success for an entire community which could not even have been imagined before hand.

What do I mean when I say opportunity? Well, I mean opportunity that knocks at each citizen's door regardless of the geographic location, regardless of the financial condition, regardless of the ethnic background. Opportunity that expresses the belief that each citizen can become a contributor to society not just a consumer of society's benefits. An opportunity that comes into being when each person is treated with dignity empowering each to have the courage to reach for his or her full God-given human potential. This is the kind of opportunity which Heritage is dedicated to creating.

As I was thinking of what to share with you the last couple of days one of our faculty brought a thank you note to me that he had received in the mail and I would like to share it with all of you:

Dear Doctor;

I just wanted to take this opportunity to thank you for the enormous changes your work has brought in my life. When we first met in 1991 I was living on public assistance with not much hope for anything. Since that time I have not only managed to become self supporting but to increase my income by about \$10,000 a year. This has certainly improved my and my children's lives. The work you do is so important and you'll always have my respect and gratitude. Thanks Again

Signed one of our students

That is what opportunity is about.

I thank you today for this very high honor bestowed on me and on Heritage College and in accepting it I challenge each of us to measure what we are doing against that yard stick of creating opportunities. Opportunities which will allow for the creation of a better world for the generations yet to come. This will mean creating opportunities proportionally for all people at all levels of society. Opportunities for individuals to become contributors to society and not just bigger consumers of either private or public wealth.

How exciting it is to me to think of the future if all our expectations are focused on increasing opportunities for everybody at every level of society and not simply meeting the popular short-term expectations of increasing everyone's disposable income.

I feel a great joy and pride in accepting this medal today. The joy and satisfaction of creating opportunities which allows people to change their lives is a far greater award than any material award I can imagine. And this medal today celebrates that joy and pride.

And on a spiritual level I have to say it's truly an awesome privilege to participate in God's own work of creating new life in others. My wish for each of you here today is that you would experience the same joy and satisfaction.

Again, Thank you. To our legislators please consider continuing your support for financial aid. And God Bless everyone of you.

The President of the Senate instructed the special committee to escort Dr. Ross and Dr. Copass the State Reception Room.

The President of the Senate instructed the special committee to escort Governor Lowry to the State Reception Room.

The President of the Senate instructed the special committee to escort the Statewide Elected Officials to the State Reception Room.

The President of the Senate instructed the special committee to escort the Supreme Court Justices to the State Reception Room.

The real property transfer disclosure statement shall be only a disclosure made by the seller, and not any real estate licensee involved in the transaction, and shall not be construed as a warranty of any kind by the seller or any real estate licensee involved in the transaction.

Sec. 3. RCW 64.06.030 and 1994 c 200 s 4 are each amended to read as follows:

Unless the buyer has expressly waived the right to receive the disclosure statement, ~~((within))~~ not later than five business days or as otherwise agreed to, ~~((of))~~ after mutual acceptance of a written agreement between a buyer and a seller for the purchase and sale of residential real property, the seller shall deliver to the buyer a completed, signed, and dated real property transfer disclosure statement. No amendment shall be required, however, if the seller takes whatever corrective action is necessary so that the accuracy of the disclosure is restored, or the adverse change is corrected, at least three business days prior to the closing date. Unless the ~~((adverse change is corrected or repaired))~~ corrective action is completed by the seller prior to the closing date, the buyer shall have the right to exercise one of the following two options: (a) Approving and accepting the amendment, or (b) rescinding the agreement of purchase and sale of the property within three business days after receiving the amended real property transfer disclosure statement. Acceptance or rescission shall be subject to the same procedures described in RCW

64.06.030. If the closing date provided in the purchase and sale agreement is scheduled to occur within the three-business-day rescission period provided for in this section, the closing date shall be extended until the expiration of the three-business-day rescission period. The buyer shall have no right of rescission if the seller takes whatever action is necessary so that the accuracy of the disclosure is restored at least three business days prior to the closing date.

(2) In the event any act, occurrence, or agreement arising or becoming known after the closing of a residential real property transfer causes a real property transfer disclosure statement to be inaccurate in any way, the seller of such property shall have no obligation to amend the disclosure statement, and the buyer shall not have the right to rescind the transaction under this chapter.

(3) If the seller in a residential real property transfer fails or refuses to provide to the prospective buyer a real property transfer disclosure statement as required under this chapter, the prospective buyer's right of rescission under this section shall apply until the earlier of three business days after receipt of the real property transfer disclosure statement or the date the transfer has closed, unless the buyer has otherwise waived the right of rescission in writing. Closing is deemed to occur when the buyer has paid the purchase price, or down payment, and the conveyance document, including a deed or real estate contract, from the seller has been delivered and recorded. After closing, the seller's obligation to deliver the real property transfer disclosure statement and the buyer's rights and remedies under this chapter shall terminate.

Sec. 5. RCW 64.06.050 and 1994 c 200 s 6 are each amended to read as follows:

(1) The seller of residential real property shall not be liable for any error, inaccuracy, or omission in the real property transfer disclosure statement if the seller had no ~~((personal))~~ actual knowledge of the error, inaccuracy, or omission. Unless the seller of residential real property has actual knowledge of an error, inaccuracy, or omission in a real property transfer disclosure statement, the seller shall not be liable for such error, inaccuracy, or omission if the disclosure was based on information provided by public agencies, or by other persons providing information within the scope of their professional license or expertise, including, but not limited to, a report or opinion delivered by a land surveyor, title company, title insurance company, structural inspector, pest inspector, licensed engineer, or contractor.

Unless the salesperson or broker has actual knowledge of an error, inaccuracy, or omission in a real property transfer disclosure statement, the salesperson or broker shall not be liable for such error, inaccuracy, or omission if the disclosure was based on information provided by public agencies, or by other persons providing information within the scope of their professional license or expertise, including, but not limited to, a report or opinion delivered by a land surveyor, title company, title insurance company, structural inspector, pest inspector, licensed engineer, or contractor.

Sec. 6. RCW 64.06.070 and 1994 c 200 s 8 are each amended to read as follows:

Except as provided in RCW 64.06.050, nothing in this chapter shall extinguish or impair any rights or remedies of a buyer of real estate against the seller or against any agent acting for the seller otherwise existing pursuant to common law, statute, or contract; nor shall anything in this chapter create any new right or remedy for a buyer of residential real property other than the right of rescission exercised on the basis and within the time limits provided in this chapter.

2SSB 5387 Prime Sponsor, Committee on Ways & Means: Providing tax incentives for multiple-unit housing in urban centers. Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds:

(1) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, and livable places to live were available;

(2) That the lack of these sufficient residential opportunities has resulted in an underutilization of these areas as a place to live by permanent residents and such absence of permanent residents has contributed to the existence of vandalism, juvenile delinquency, the proclivity by some to commit crimes, unreported crimes, and a perception by a large segment of the public that some urban centers are unsafe or undesirable areas to visit or to inhabit after normal working hours;

(3) That the development of additional and desirable residential units in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable residential population and will help to achieve the planning goals mandated by the growth

management act under RCW 36.70A.020, including, but not limited to, the encouragement of development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner, the reduction of sprawl, the efficient utilization of multimode transportation systems, and the increased availability of housing to all economic segments of the population of this state;

(4) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking sufficient residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities within urban centers through a tax incentive as provided by this chapter; and

(5) That in order to maximize the purpose of this chapter to provide needed livable and attractive places to live in urban centers and to achieve the objectives of the growth management act, it is necessary to allow for the maximum participation by cities in determining where the greatest need for increased residential opportunity exists within urban centers and the location, configuration, and amenities of such residential redevelopment which will best meet the objectives of this chapter and the growth management plan of a city adopted in conformance with the growth management act.

NEW SECTION. Sec. 2. It is the purpose of this chapter to encourage increased residential opportunities for individuals of all income levels in cities with a population of at least one hundred fifty thousand that are required to plan or choose to plan under the growth management act within urban centers where the legislative body of the affected city has found there is insufficient housing opportunities, and that a particular residential development or redevelopment is needed to properly advance the intent and purposes of this chapter. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities within these urban centers and that will assist in reducing urban sprawl, locating housing close to work locations, promoting land use patterns that support and encourage the use of public transit or other alternatives to automobile use and in making these urban centers a place where more people can, and will, live. To achieve these purposes, this chapter provides for special valuations for eligible improvements associated with multiunit housing in residentially deficient urban centers.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means a city with a population of at least one hundred fifty thousand located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" or "multifamily housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing. At least twenty percent of the units may be set aside for households that earn no more than fifty percent of the median income or forty percent of the units may be set aside for households who earn no more than sixty percent of the median income, adjusted for household size.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Public benefit features" means amenities, uses, and other features of benefit to the public as may be locally designated. Examples include, but are not limited to, plazas, public open spaces, sidewalk surfacing, midblock connections, light standards, street level awnings, canopies or other weather protection features, street level retail uses, street furniture, pedestrian amenities, miniparks, tot lots, daycare centers, common meeting rooms, and other public amenities.

(8) "Rehabilitation improvements" means modifications made to existing structures that have been vacant for at least twelve months and failed to comply with one or more standards of the applicable state or local building or housing codes on or after the effective date of this section.

(9) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.

(10) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(11) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

NEW SECTION. Sec. 4. The provisions of this chapter relating to special valuation apply only to locally designated residential targeted areas of those cities planning under the growth management act.

NEW SECTION. Sec. 5. (1) The appraised value of new housing construction, conversion, rehabilitation improvements, and public benefit features qualifying under this chapter is exempt from ad valorem property taxation, for ten successive years beginning January 1 of the year immediately following the calendar year after issuance of the certificate of tax exemption eligibility. However, the exemption does not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(2) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(3) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

NEW SECTION. Sec. 6. An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, design, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be obtained. The governing authority may determine design and other criteria necessary for the new or rehabilitated multihousing unit to attract and keep permanent residents and to properly enhance the appearance and livability of the residential targeted area in which it is to be located;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. At least twenty percent of the units may be set aside for households that earn no more than fifty percent of the median income or forty percent of the units may be set aside for households who earn no more than sixty percent of the median income, adjusted for household size;

(4) New construction of multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application;

(5) Property proposed to be rehabilitated must be vacant at least twelve months before submitting an application and fail to comply with one or more standards of the applicable state or local building or housing codes on or after the effective date of this section;

(6) The applicant must enter into a contract with the city approved by the governing body under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority; and

(7) The applicant must not have received an exemption under this chapter for this multiunit housing project.

NEW SECTION. Sec. 7. (1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing for persons of all incomes to meet the needs of the public who would be likely to live in the urban center, if the desirable, attractive, and livable places to live were available; and

(c) The providing of additional housing opportunity in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority shall give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate by resolution, all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority shall adopt standards and guidelines to be utilized in considering applications and making the determinations required under section 9 of this act. The standards and guidelines must establish basic requirements for both new construction and rehabilitation including application process and procedures. These guidelines may include the following:

(a) Requirements that address demolition of existing structures and site utilization;

(b) Building design requirements that may include elements addressing aesthetics, parking, height, density, environmental impact, public benefit features, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the appearance and livability of the residential targeted area in which they are to be located; and

(c) Provision for providing public benefit features and continued use of public facilities constructed.

NEW SECTION. Sec. 8. An owner of property seeking tax incentives under this chapter must complete the following procedures:

(1) In the case of rehabilitation or where demolition or new construction is required, the owner shall secure from the governing authority or duly authorized agent, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building and housing codes;

(2) In the case of new and rehabilitated multifamily housing, the owner shall apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including location of public facilities, floor plan of units, and other information requested;

- (c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;
- (3) The applicant must verify the application by oath or affirmation; and
- (4) The application must be made on or before April 1 and must be accompanied by the application fee, if any, required under section 10 of this act. The governing authority may permit the applicant to revise an application before final action by the governing authority.

NEW SECTION. Sec. 9. The duly authorized administrative official or committee of the city may approve the application if it finds that:

- (1) The owner has agreed to include in the new construction or rehabilitation of housing one or more public benefit features;
- (2) A minimum of four units are being constructed or rehabilitated;
- (3) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;
- (4) The owner has complied with all standards and guidelines adopted by the city under this chapter; and
- (5) The site is located in a residential targeted area of an urban center that has been designated by the governing authority in accordance with procedures and guidelines indicated in section 7 of this act.

NEW SECTION. Sec. 10. (1) The governing authority or an administrative official or commission authorized by the governing authority shall approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city shall issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in section 8 of this act.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission shall state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority will be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's decision. The decision of the governing body in denying or approving the application is final.

NEW SECTION. Sec. 11. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee must be paid at the time the application for limited exemption is filed. If the application is approved, the governing authority shall pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority shall retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

NEW SECTION. Sec. 12. (1) Upon completion of rehabilitation or new construction for which an application for limited exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner shall file with the city the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city shall determine whether the work completed is consistent with the application and the contract approved by the governing authority and is qualified for limited exemption under this chapter. The city shall also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for limited exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city determines that improvements were constructed consistent with the application and other applicable requirements and the owner's property is qualified for limited exemption under this chapter, the city shall file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section. The county assessor shall determine the appraised value of the improvements eligible for the tax exemption under this chapter.

(4) The authorized representative of the city shall notify the applicant that a certificate of tax exemption is not going to be filed if the representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements; or

(c) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city to the owner of the decision being challenged.

NEW SECTION. Sec. 13. (1) Within thirty days of the anniversary of the date of the certificate of tax exemption and each year for a period of ten years, the owner of the rehabilitated or newly constructed property shall file with a designated agent of the city an annual report indicating the following:

(a) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the previous twelve months ending with the anniversary date;

(b) A certification by the owner that the property has not changed use since the date of the certificate approved by the city;

(c) A certification that all public amenities and improvements are still available for use by the public;

(d) A description of changes or improvements constructed after issuance of the certificate of tax exemption; and

(e) For applicable projects, a certification of income eligibility for low-income tenants inhabiting the rehabilitated or newly constructed housing units during the previous twelve months.

(2) The designated agent of the city shall forward a copy of the annual report to the county assessor.

NEW SECTION. Sec. 14. (1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from

date of issuance of the certificate of tax exemption. If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty amounting to twenty percent. The tax shall be imposed on the value of the improvement at the time the tax exemption certificate was issued. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all interested parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

NEW SECTION. Sec. 15. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 16. Sections 1 through 15 of this act shall constitute a new chapter in Title 84 RCW."

"**Sec. 1.** RCW 78.56.110 and 1994 c 232 s 11 are each amended to read as follows:

(1) The department of ecology ~~((and the department of natural resources))~~ shall not issue necessary permits to an applicant for a metals mining and milling operation until the applicant has deposited with the department of ecology a performance security which is acceptable to ~~((both agencies))~~ the department of ecology based on the requirements of subsection (2) of this section. This performance

³
security may be:

(a) Bank letters of credit ~~((acceptable to both agencies))~~;
(b) A cash deposit;
(c) Negotiable securities ~~((acceptable to both agencies))~~;
(d) An assignment of a savings account;
(e) A savings certificate in a Washington bank; or
(f) A corporate surety bond executed in favor of the department of ecology by a corporation authorized to do business in the state of Washington under Title 48 RCW ~~((and acceptable to both agencies))~~.

The ~~((agencies))~~ department of ecology may, for any reason, refuse any performance security not deemed adequate.

(2) The performance security shall be conditioned on the faithful performance of the applicant or operator in meeting the following obligations:

(a) Compliance with the environmental protection laws of the state of Washington administered by the department of ecology, or permit conditions administered by the department of ecology, associated with the construction, operation, and closure pertaining to metals mining and milling operations, and with the related ~~((rules))~~ environmental protection ordinances and permit conditions established by ~~((state and))~~ local government ~~((with respect to those operations as defined in RCW 78.44.031(17) and the construction, operation, reclamation, and closure of a metals mining and milling operation))~~ when requested by local government;

(b) Reclamation of metals mining and milling operations that do not meet the threshold of surface mining as defined by RCW 78.44.031(17);

(c) Postclosure environmental monitoring as determined by the department of ecology ~~((and the department of natural resources))~~; and

~~((c))~~ (d) Provision of sufficient funding as determined by the department of ecology for cleanup of potential problems revealed during or after closure.

(3) The department of ecology ~~((and the department of natural resources shall jointly))~~ may, if it deems appropriate, adopt rules for determining the amount of the performance security, requirements for the performance security, requirements for the issuer of the performance security, and any other requirements necessary for the implementation of this section.

(4) The department of ecology ~~((and the department of natural resources, acting jointly,))~~ may increase or decrease the amount of the performance security at any time to compensate for any

alteration in the operation that affects meeting the obligations in subsection (2) of this section. At a minimum, the ~~((agencies))~~ department shall ~~((jointly))~~ review the adequacy of the performance security every two years.

(5) Liability under the performance security shall be maintained until the obligations in subsection (2) of this section are met to the satisfaction of the department of ecology ~~((and the department of natural resources))~~. Liability under the performance security may be released only upon written notification by the department of ecology ~~((, with the concurrence of the department of natural resources))~~.

(6) Any interest or appreciation on the performance security shall be held by the department of ecology until the obligations in subsection (2) of this section have been met to the satisfaction of the department of ecology ~~((and the department of natural resources))~~. At such time, the interest shall be remitted to the applicant or operator. However, if the applicant or operator fails to comply with the obligations of subsection (2) of this section, the interest or appreciation may be used by ~~((either agency))~~ the department of ecology to comply with the obligations.

(7) Only one agency may require a performance security to satisfy the deposit requirements of RCW 78.44.087, and only one agency may require a performance security to satisfy the deposit requirements of this section. However, a single performance security, when acceptable to both the department of ecology and the department of natural resources, may be utilized by both agencies to satisfy the requirements of this section and RCW 78.44.087.

Sec. 2. RCW 78.56.120 and 1994 c 232 s 12 are each amended to read as follows:

The department of ecology may, with staff, equipment, and material under its control, or by contract with others, remediate or mitigate any impact of a metals mining and milling operation when it finds that the operator or permit holder has failed to comply with relevant statutes, rules, or permits, and the operator or permit holder has failed to take adequate or timely action to rectify these impacts.

If the department intends to remediate or mitigate such impacts, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to ~~((chapter 232, Laws of 1994))~~ RCW 78.56.110. If the amount specified in the order to submit performance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security to remediate or mitigate adverse impacts.

The department shall keep a record of all expenses incurred in carrying out any remediation or mitigation activities authorized under this section, including:

- (1) Remediation or mitigation;
- (2) A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and
- (3) Administrative and legal expenses related to remediation or mitigation.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department of ecology, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

~~((If the department of natural resources finds that reclamation has not occurred according to the standards required under chapter 78.44 RCW in a metals mining and milling operation, then the department of natural resources may cause reclamation to occur pursuant to RCW 78.44.240. Upon approval of the department of ecology, the department of natural resources may reclaim part or all of the metals mining and milling operation using that portion of the surety posted pursuant to chapter 232, Laws of 1994 that has been identified for reclamation.))~~

Sec. 3. RCW 78.44.087 and 1994 c 232 s 23 are each amended to read as follows:

(1) The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to post performance security nor shall a permit holder be required to post surface mining performance security with more than one state or local agency.

(2) This performance security may be:

~~((1))~~ (a) Bank letters of credit acceptable to the department;
~~((2))~~ (b) A cash deposit;
~~((3))~~ (c) Negotiable securities acceptable to the department;
~~((4))~~ (d) An assignment of a savings account;
~~((5))~~ (e) A savings certificate in a Washington bank on an assignment form prescribed by the department;
~~((6))~~ (f) Assignments of interests in real property within the state of Washington; or
~~((7))~~ (g) A corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under Title 48 RCW and authorized by the department.

(3) The performance security shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules adopted under it.

(4) The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

(5) The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

(6) Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The liability of the surety shall not exceed the amount of security required by this section and the department's reasonable legal fees to recover the security.

(7) Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

(8) Except as provided in this section, no other state agency or local government shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state.

~~((The department and the department of ecology shall jointly require performance security for metals mining and milling operations regulated under chapter 232, Laws of 1994.))"~~

The legislature finds that it is appropriate that such policies should be implemented by encouraging universities and colleges domiciled in foreign countries to establish branch campuses in Washington and that it is also important to those foreign colleges and universities that their status as authorized foreign degree-granting institutions be recognized by this state to facilitate the establishment and operation of such branch campuses.

In the furtherance of such policy, the legislature adopts the foreign degree-granting institution approved branch campus act.

The evaluation system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of eligible students who did not have access to this program needing such services.

The self-study process shall be conducted on a cyclical basis every seven years following the initial 1990-91 period.

(5) The superintendent of public instruction shall provide training to assist districts in their self-studies.

Sec. 505. RCW 28A.630.885 and 1994 c 245 s 13 are each amended to read as follows:

(1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, to develop student assessment and school accountability systems, to review current school district data reporting requirements and make recommendations on what data is necessary for the purposes of accountability and meeting state information needs, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and five members appointed no later than June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(2) The commission shall establish advisory committees. Membership of the advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(3) The commission, with the assistance of the advisory committees, shall:

(a) Develop essential academic learning requirements based on the student learning goals in RCW 28A.150.210. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements;

(b)(i) The commission shall present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of assessment methods, including performance-based measures that are criterion-referenced. Performance standards for determining if a student has successfully completed an assessment shall be initially determined by the commission in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(iii) Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. To the maximum extent possible, the commission shall integrate knowledge and skill areas in development of the assessments.

(iv) Before the 2000-2001 school year, participation by school districts in the assessment system shall be optional. School districts that desire to participate before the 2000-2001 school year shall notify the superintendent of public instruction in a manner determined by the superintendent. Beginning in the 2000-2001 school year, all school districts shall be required to participate in the assessment system.

(v) The state board of education and superintendent of public instruction may modify the essential academic learning requirements and academic assessment system, as needed, in subsequent school years.

(vi) The commission shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender;

(c) After a determination is made by the state board of education that the high school assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the high school assessment shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation. The commission shall make recommendations to the state board of education regarding the relationship between the certificate of mastery and high school graduation requirements. Upon achieving the certificate of mastery, schools shall provide students with the opportunity to continue to pursue career and educational objectives through educational pathways that emphasize integration of academic and vocational education. Educational pathways may include, but are not limited to, programs such as work-based learning, school-to-work transition, tech prep, vocational-technical education, running start, and preparation for technical college, community college, or university education;

(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) Consider methods to address the unique needs of highly capable students when developing the assessments in (b) and (c) of this subsection;

(f) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. These recommendations shall include an estimate for the legislature, superintendent of public instruction, and governor on the expected cost of implementing the academic assessment system;

(g) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements for public school students that are consistent with the essential academic learning requirements and the certificate of mastery;

(h) Review current school district data reporting requirements for the purposes of accountability and meeting state information needs. The commission on student learning shall report recommendations to the joint select committee on education restructuring by September 15, 1996, on:

(i) What data is necessary to compare how school districts are performing before the essential academic learning requirements and the assessment system are implemented with how school districts

are performing after the essential academic learning requirements and the assessment system are implemented; and

~~(ii) What data is necessary pertaining to school district reports under the accountability systems developed by the commission on student learning under this section;~~

~~(i) By December 1, 1998, recommend to the legislature, governor, state board of education, and superintendent of public instruction:~~

~~(i) A state-wide accountability system to monitor and evaluate accurately and fairly the level of learning occurring in individual schools and school districts. The accountability system shall be designed to recognize the characteristics of the student population of schools and school districts such as gender, race, ethnicity, socioeconomic status, and other factors. The system shall include school-site, school district, and state-level accountability reports;~~

~~(ii) A school assistance program to help schools and school districts that are having difficulty helping students meet the essential academic learning requirements;~~

~~(iii) A system to intervene in schools and school districts in which significant numbers of students persistently fail to learn the essential academic learning requirements; and~~

~~(iv) An awards program to provide incentives to school staff to help their students learn the essential academic learning requirements, with each school being assessed individually against its own baseline. Incentives shall be based on the rate of percentage change of students achieving the essential academic learning requirements. School staff shall determine how the awards will be spent.~~

~~It is the intent of the legislature to begin implementation of programs in this subsection (3)((h)) (i) on September 1, 2000;~~

~~((i)) (j) Report annually by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission; and~~

~~(4) The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.~~

~~(5) The commission shall seek advice broadly from the public and all interested educational organizations in the conduct of its work, including holding periodic regional public hearings.~~

~~(6) The commission shall select an entity to provide staff support and the office of the superintendent of public instruction shall provide administrative oversight and be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.~~

~~(7) Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.~~

Sec. 506. RCW 28A.630.952 and 1994 c 245 s 4 are each amended to read as follows:

Representative Patterson demanded an electronic roll call vote on the motion to reconsider amendment number 521 to Substitute House Bill No. 1410 and the demand was sustained.

POINT OF INQUIRY

Representative Appelwick: Is it not the practice of the House that if a member votes erroneously or is unable to vote to allow them to spread upon the Journal their intentions as to how they intended to vote and make the correction known. And certainly if one person has made such a mistake I would expect the tolerance of the body to extend that continued consideration to correct the Journal on such a sensitive issue. But I do not believe we need to resort to a motion to reconsider a re-ballot on such a tender issue.

Mr. Speaker: Representative Appelwick, it certainly has been the practice of the House to allow that consideration. However, it has also been part of procedure for people to vote on a prevailing side in order to make a motion for reconsideration. I think in this case the motion has been made before us. And it's a proper motion, the maker of the motion had in fact voted on the prevailing side that the House will give him that vote on his motion.

Representative Appelwick: If I might inquire further. Should the motion for reconsideration fails and the measure be behind us would the member still have the opportunity to correct his intended vote on the record?

Mr. Speaker: When a member feels they have voted wrong they have the opportunity to enter a note into the Journal, it actually does not change their vote, it simply is a notation for future reference that they have intended a note into a Journal stating that they had voted opposite of what they wanted to vote. So it would really not change their vote as far as the recorded vote is concerned.

Representative Appelwick: But would that opportunity remain open to that person should the motion for reconsideration fail?

Mr. Speaker: That is correct, a person could put a note in the Journal stating whatever they wanted to about their vote.

Representative Pennington demand the previous question and the demand was sustained.

POINT OF INQUIRY

Representative Dyer yielded to a question by Representative Morris.

Representative Morris: Having waited with baited breath for many weeks for the remaining health care bills which have not yet crossed this floor, despite promises from the Chairman of the Health Care Committee that they would be before us. I was wondering if you might give us a date certain when this particular bill will afford us an opportunity to vote on it.

Representative Dyer: Well, perhaps you're confused because House Bill No. 1566 was not part of the family bill, so this a little different one. The only other stuff, it's all taken care of. All you have to do is talk to the Governor's Office, we're in negotiations, you're going to see some great stuff coming down the road. Stand by.

"NEW SECTION. Sec. 920. Washington state government has the vision to be the most effective and best performing service organization in the state. The state of Washington also expects to be the most effective and best performing state government in the United States, measured in terms of quality of customer service, accountability for cost-effective services, and productivity. With the passage of Initiative 601 there are additional constraints on the growth of state government. The system that allows the spending of public money should reward frugality and innovation, not encourage wasteful spending. It is the intent of the legislature to provide incentives to agencies to spend public funds in the most efficient and effective manner possible. Agencies are encouraged to identify savings and entrepreneurial opportunities, then use a portion of the resulting savings and earnings to improve the quality of service to the customers of state government.

NEW SECTION. Sec. 921. (1) The efficiency fund is created in the custody of the state treasurer for the 1995-97 biennium. An account within the fund shall be established for each state agency.

(2) The source of revenue for the fund is as follows: At the close of each fiscal year in the 1995-97 biennium, the state treasurer is to transfer into each agency's account in the efficiency fund sixty-six percent of each agency's administrative savings.

(a) The administrative savings shall be approved by the director of the office of financial management; and

(b) The funds may be transferred to the efficiency fund when there are no restrictions on the funds that would prohibit (i) their transfer or (ii) their use for the purposes allowed in subsection (3) of this section.

(3)(a) For the purposes of this section, "administrative savings" means unspent appropriations resulting from cost effectiveness measures or productivity gains such as:

- (i) Improved systems and procedures;
- (ii) Better deployment and utilization of personnel;
- (iii) Elimination of unnecessary expenditures;
- (iv) Reductions in the cost of goods and services; or
- (v) Elimination of waste, duplication, and operations of doubtful value.

(b) Administrative savings may not result from:

- (i) Lower workloads, caseloads, or enrollments than were budgeted;
- (ii) A lowering of the quality of services rendered; or
- (iii) Shifting of expenses to another unit of government, revenue source, or fiscal period.

Administrative savings cannot exceed the amount of reversions due to efficiency measures.

(4) The amount in a particular agency's account may be authorized for expenditure only by that agency.

(5) Funds may be expended from the efficiency fund to improve the quality of services to the customers of the state. This includes one-time expenditures for employee training, technology improvements, new work processes, program innovations, equipment upgrades, office remodels, performance measurement and benchmarking, or employee bonuses. The expenditure shall not be used to expand a current program or create new programs that would have ongoing costs that would require future appropriations from the legislature.

(6) The fund is not subject to allotment under this chapter and no appropriation is required for expenditures from the efficiency fund.

NEW SECTION. Sec. 922. (1) The enterprise fund is created for the 1995-97 biennium in the custody of the state treasurer. An account within the fund shall be established for each state agency. Revenue for the fund shall come from money each agency earns for services provided. This includes user fees, proceeds from the sale of publications, products, or services, royalties, concessions, rent, and other various services provided. Money not directed by law to another account shall be deposited into the enterprise fund.

(2) Funds may be validly expended from the enterprise fund during the 1995-97 biennium for those purposes that are consistent with the agency's priorities established in the budget process, and within either the agency's charter, or statutory intent, or both.

(3) The amount of money in a particular agency's account may be authorized for expenditure only by that agency.

(4) The fund is not subject to allotment under this chapter, and no appropriation is required for expenditures.

POINT OF INQUIRY

Representative Ebersole: Thank you Mr. Speaker. It is 3:10 A.M., having stood where you stand, I know that there is no logistical way that a small minority can stop the roll of this budget if we would move to not get the bump, you could go to Rules Committee and call a new day a Parliamentary maneuver, but I want to register my protest for having heard repeatedly about not doing major bills in the middle of the night, and we're at 3:10 A.M. and everyone here is so rummy we can't even think straight to make a coherent speech and we're going to be debating the most important bill of the session, and I'm not sure if it's the dead of the night or early of the morning. I'm not sure if it's daylight out there or not, but I would ask that you consider bringing this back at 8:30 A.M. Monday morning. We'd have an hour of civilized debate on final passage of this measure, if you choose to proceed I know that there is no way we can stop you and we will go ahead with the bump instead of having the extraordinary procedure of the Rules Committee to bring it back out. We don't want to detain this measure but I do think after all the talk about process you might have gotten even here but you haven't gotten any better about the process. And I will leave it to your judgment, we can't resist the bump, but we will register our protest.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Silver, Foreman and Mielke spoke in favor of passage of the bill.

Representatives Sommers, Kremen, Chopp, Patterson, Ebersole, Rust, Chappell, Sheldon, Brown, Valle, Kessler, Regala and Appelwick spoke against passage of the bill.

SSB 5127 Prime Sponsor, Committee on Government Operations: Changing provisions regarding public facilities districts. Reported by Committee on Government Operations

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.100.010 and 1989 1st ex.s. c 8 s 1 are each amended to read as follows:

(1) A public facilities district may be created in any county (~~with three hundred thousand or more population that is located more than one hundred miles from any county in which the state has~~

~~constructed and owns a convention center. A public facilities district)) and shall be coextensive with the boundaries of the county.~~

(2) A public facilities district shall be created upon adoption of a resolution providing for the creation of such a district by the county legislative authority in which the proposed district is located ~~((and the city council of the largest city within such county)).~~

(3) A public facilities district is a municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(4) No taxes authorized under this chapter may be assessed or levied unless a majority of the voters of the public facilities district has validated the creation of the public facilities district at a general or special election. A single ballot proposition may both authorize the creation of a public facilities district and the imposition of the sales and use tax under RCW 82.14.048 or both the creation of a public facilities district and the imposition of the excise tax under RCW 36.100.040.

(5) A public facilities district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued.

Sec. 2. RCW 36.100.020 and 1989 1st ex.s. c 8 s 2 are each amended to read as follows:

A public facilities district shall be governed by a board of directors consisting of five or seven members as provided in this section. If the largest city in the county has a population that is at least forty percent of the total county population, the board of directors of the public facilities district shall consist of five members selected as follows: (1) Two members appointed by the county legislative authority to serve for four-year staggered terms; (2) two members appointed by the city council of the largest city in the county to serve for four-year staggered terms; and (3) one person to serve for a four-year term who is selected by the other directors. If the largest city in the county has a population of less than forty percent of the total county population, the county legislative authority shall establish in the resolution creating the public facilities district whether the board of directors of the public facilities district have either five or seven members, and the county legislative authority shall appoint the members of the board of directors to reflect the interests of cities and towns in the county, as well as the unincorporated area of the county.

At least one member on the board of directors shall be representative of the lodging industry in the public facilities district before the public facilities district imposes the excise tax under RCW 36.100.040.

~~((One of the initial members appointed by the county legislative authority shall have a term of office of two years and the other initial member appointed by the county legislative authority shall have a term of four years. One of the initial members appointed by the city council shall have a term of two years and the other initial member appointed by the city council shall have a term of four years.))~~
Members of the board of directors shall serve four-year terms of office, except that two of the initial five board members or three of the initial seven board members shall serve two-year terms of office.

Sec. 3. RCW 36.100.030 and 1989 1st ex.s. c 8 s 3 are each amended to read as follows:

A public facilities district is authorized to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate sports ((and)) facilities, entertainment facilities, or convention facilities, or any combination of such facilities, together with contiguous parking facilities. The taxes that are provided for in this chapter may only be imposed for these purposes.

A public facilities district may enter into agreements under chapter 39.34 RCW for the joint provision and operation of such facilities and may enter into contracts under chapter 39.34 RCW where any party to the contract provides and operates such facilities for the other party or parties to the contract.

A public facilities district may impose charges and fees for the use of its facilities, and may accept and expend or use gifts, grants, and donations. ((The taxes that are provided for in this chapter may only be imposed for such purposes.))

Sec. 4. RCW 36.100.040 and 1989 1st ex.s. c 8 s 4 are each amended to read as follows:

A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting

of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than forty lodging units. However, if a public facilities district has not imposed such an excise tax prior to December 31, 1995, the public facilities district may only impose the excise tax if a ballot proposition authorizing the imposition of the tax has been approved by a simple majority vote of voters of the public facilities district voting on the proposition.

The rate of the tax shall not exceed two percent and the proceeds of the tax shall only be used for the acquisition, design, ~~((and))~~ construction, remodeling, maintenance, equipping, reequipping, repairing, and operation of ~~((sports and entertainment))~~ its public facilities. This excise tax shall not be imposed until the district has approved the proposal to acquire, design, and construct the public facilities.

A public facilities district may not impose the tax authorized in this section if, after the tax authorized in this section was imposed, the effective combined rate of state and local excise taxes, including sales and use taxes and excise taxes on lodging, imposed on the sale of or charge made for furnishing of lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent.

Sec. 5. RCW 36.100.060 and 1989 1st ex.s. c 8 s 5 are each amended to read as follows:

(1) To carry out the purpose of this chapter, a public facilities district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A facilities district additionally may issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the public facilities district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in this chapter.

(2) General obligation bonds may be issued with a maturity of up to thirty years, and shall be issued and sold in accordance with the provisions of chapter 39.46 RCW.

(3) The general obligation bonds may be payable from the operating revenues of the public facilities district in addition to the tax receipts of the district.

(4) The excise tax imposed pursuant to RCW 36.100.040 shall terminate upon final payment of all bonded indebtedness for ~~((the sports and entertainment facility))~~ its public facilities.

Sec. 6. RCW 82.14.048 and 1991 c 207 s 1 are each amended to read as follows:

The governing board of a public facilities district under chapter 36.100 RCW may submit an authorizing proposition to the voters of the district, and if the proposition is approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter.

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. The rate of tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

Moneys received from any tax imposed under this section shall be used for the purpose of providing funds for the costs associated with the financing, design, acquisition, construction, equipping, operating, maintaining, remodeling, repairing, and reequipping of ~~((sports or entertainment))~~ its public facilities ~~((and contiguous parking))~~.

NEW SECTION. Sec. 7. The treasurer of the county in which a public facilities district is located shall be the ex officio treasurer of the district.

NEW SECTION. Sec. 8. The board of directors of the public facilities district shall adopt a resolution that may be amended from time to time that shall establish the basic requirements governing methods and amounts of reimbursement payable to such district officials and employees for travel and other business expenses incurred on behalf of the district. The resolution shall, among other things, establish procedures for approving such expenses; the form of the travel and expense voucher; and

requirements governing the use of credit cards issued in the name of the district. The resolution may also establish procedures for payment of per diem to board members. The state auditor shall, as provided by general law, cooperate with the public facilities district in establishing adequate procedures for regulating and auditing the reimbursement of all such expenses.

NEW SECTION. Sec. 9. The board of directors of the public facilities district may authorize payment of actual and necessary expenses of officers and employees for lodging, meals, and travel-related costs incurred in attending meetings or conferences on behalf of the public facilities district and strictly in the public interest and for public purposes. Officers and employees may be advanced sufficient sums to cover their anticipated expenses in accordance with rules adopted by the state auditor, which shall substantially conform to the procedures provided in RCW 43.03.150 through 43.03.210.

NEW SECTION. Sec. 10. Each member of the board of directors of the public facilities district may receive compensation of fifty dollars per day for attending meetings or conferences on behalf of the district, not to exceed three thousand dollars per year. A director may waive all or a portion of his or her compensation under this section as to a month or months during his or her term of office, by a written waiver filed with the public facilities district. The compensation provided in this section is in addition to reimbursement for expenses paid to the directors by the public facilities district.

NEW SECTION. Sec. 11. The board of directors of the public facilities district may purchase liability insurance with such limits as the directors may deem reasonable for the purpose of protecting and holding personally harmless district officers and employees against liability for personal or bodily injuries and property damage arising from their acts or omissions while performing or in good faith purporting to perform their official duties.

NEW SECTION. Sec. 12. Whenever an action, claim, or proceeding is instituted against a person who is or was an officer or employee of the public facilities district arising out of the performance of duties for or employment with the district, the public facilities district may grant a request by the person that the attorney of the district's choosing be authorized to defend the claim, suit, or proceeding, and the costs of defense, attorneys' fees, and obligation for payments arising from the action may be paid from the district's funds. Costs of defense or judgment or settlement against the person shall not be paid in a case where the court has found that the person was not acting in good faith or within the scope of employment with or duties for the public facilities district.

NEW SECTION. Sec. 13. The board of directors of the public facilities district shall have authority to authorize the expenditure of funds for the public purposes of preparing and distributing information to the general public and promoting, advertising, improving, developing, operating, and maintaining facilities of the district. Nothing contained in this section may be construed to authorize preparation and distribution of information to the general public for the purpose of influencing the outcome of a district election.

NEW SECTION. Sec. 14. The public facilities district shall have authority to create and fill positions, fix wages, salaries, and bonds therefor, pay costs involved in securing or arranging to secure employees, and establish benefits for employees, including holiday pay, vacations or vacation pay, retirement benefits, medical, life, accident, or health disability insurance, as approved by the board. Public facilities district board members, at their own expense, shall be entitled to medical, life, accident, or health disability insurance. Insurance for employees and board members shall not be considered compensation. District coverage for the board is not to exceed that provided public facilities district employees.

NEW SECTION. Sec. 15. The public facilities district may secure services by means of an agreement with a service provider. The public facilities district shall publish notice, establish criteria, receive and evaluate proposals, and negotiate with respondents under requirements set forth by district resolution.

NEW SECTION. **Sec. 16.** In addition to provisions contained in chapter 39.04 RCW, the public facilities district is authorized to follow procedures contained in RCW 43.19.1906 and 43.19.1911 for all purchases, contracts for purchase, and sales.

NEW SECTION. **Sec. 17.** (1) A public facilities district may issue revenue bonds to fund revenue generating facilities, or portions of facilities, which it is authorized to provide or operate. Whenever revenue bonds are to be issued, the board of directors of the district shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on such revenue bonds shall exclusively be payable. The board may obligate the district to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, or facilities, and all related additions, that are funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The board shall have due regard for the cost of operation and maintenance of the public improvements, projects, or facilities, or additions, that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. The board may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section shall not be an indebtedness of the district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the district arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. The board of directors of the district shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued.

NEW SECTION. **Sec. 18.** Sections 7 through 17 of this act are each added to chapter 36.100 RCW.

NEW SECTION. **Sec. 19.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

(i) Ultimate sexual acts, normal or perverted, actual or simulated; or

In the case of on-line accessibility to information stored in an electronic form, a person shall be deemed not to have displayed matter harmful to minors if:

Reported by Committee on Education

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28A.410 RCW to read as follows:

Not later than January 1, 1997, the state board of education shall study, report, and make recommendations to the legislature on the following issues regarding teacher assessment for initial or residency certification:

(1) How an individual assessment would be linked to state board-adopted, performance-based program approval standards;

(2) How an individual assessment would be linked to the performance-based public education system under RCW 28A.630.885; and

(3) Whether, in lieu of requiring the assessment for initial or residency certification, the assessment should be required as a diagnostic tool and the results used for professional growth purposes while the teacher holds the residency certificate.

In conducting this study, the state board shall take into consideration any recommendations from the board's professional education advisory committee and the Washington advisory council for professional teaching standards.

Any recommendation to implement a teacher assessment system, including funding support, must be approved by the legislature before such implementation occurs.

Sec. 2. RCW 28A.305.130 and 1991 c 116 s 11 are each amended to read as follows:

In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Require that no person may be admitted to a professional teacher preparation program within Washington state without first demonstrating that he or she is competent in the basic skills required for oral and written communication and computation. The board shall adopt rules to implement this requirement, including criteria for providing waivers as necessary.

(2) Approve or disapprove the program of courses leading to teacher, school administrator, and school specialized personnel certification offered by all institutions of higher education within the state which may be accredited and whose graduates may become entitled to receive such certification.

~~((2))~~ (3) Conduct every five years a review of the program approval standards, including the minimum standards for teachers, administrators, and educational staff associates, to reflect research findings and assure continued improvement of preparation programs for teachers, administrators, and educational staff associates.

~~((3))~~ (4) Investigate the character of the work required to be performed as a condition of entrance to and graduation from any institution of higher education in this state relative to such certification as provided for in subsection ~~((4)-above)~~ (2) of this section, and prepare a list of accredited institutions of higher education of this and other states whose graduates may be awarded such certificates.

~~((4))~~ (5)(a) The state board of education shall adopt rules to allow a teacher certification candidate to fulfill, in part, teacher preparation program requirements through work experience as a noncertificated teacher's aide in a public school or private school meeting the requirements of RCW 28A.195.010. The rules shall include, but are not limited to, limitations based upon the recency of the teacher preparation candidate's teacher aide work experience, and limitations based on the amount of work experience that may apply toward teacher preparation program requirements under this chapter.

(b) The state board of education shall require that at the time of the individual's enrollment in a teacher preparation program, the supervising teacher and the building principal shall jointly provide to the teacher preparation program of the higher education institution at which the teacher candidate is enrolled, a written assessment of the performance of the teacher candidate. The assessment shall contain such information as determined by the state board of education and shall include: Evidence that at least fifty percent of the candidate's work as a noncertificated teacher's aide was involved in instructional activities with children under the supervision of a certificated teacher and that the candidate worked a minimum of six hundred thirty hours for one school year; the type of work performed by the candidate; and a recommendation of whether the candidate's work experience as a noncertificated teacher's aide should be substituted for teacher preparation program requirements. In compliance with such rules as may be established by the state board of education under this section, the teacher preparation programs of the higher education institution where the candidate is enrolled shall make the final determination as to what teacher preparation program requirements may be fulfilled by teacher aide work experience.

~~((5))~~ (6) Supervise the issuance of such certificates as provided for in subsection ~~((4)-above)~~ (2) of this section and specify the types and kinds of certificates necessary for the several departments of the common schools by rule or regulation in accordance with RCW 28A.410.010.

For the purposes of this section "surplus" shall include capital surplus, reflecting the amounts paid in excess of the par or stated value of capital stock, or amounts contributed to the bank other than for capital stock, and ~~((amounts transferred to surplus from))~~ undivided profits ~~((pursuant to resolution of the board of directors))~~.

The term "person" shall include an individual, sole proprietor, partnership, joint venture, association, trust, estate, business trust, corporation, sovereign government or agency, instrumentality, or political subdivision thereof, or any similar entity or organization.

The director may prescribe rules to administer and carry out the purposes of this section, including without limitation rules to define or further define terms used in this section and to establish limits or requirements other than those specified in this section for particular classes or categories of loans or extensions of credit, and to determine when a loan putatively made to a person shall, for purposes of this section, be attributed to another person. In adopting the rules, the director shall be guided by rulings of the comptroller of the currency that govern lending limits applicable to national commercial banks.

Sec. 2. RCW 30.04.215 and 1994 c 256 s 37 and 1994 c 92 s 20 are each reenacted to read as follows:

(1) Notwithstanding any other provisions of law, in addition to all powers enumerated by this title, and those necessarily implied therefrom, a bank may engage in other business activities that have been determined by the board of governors of the federal reserve system or by the United States Congress to be closely related to the business of banking, as of December 31, 1993.

(2) A bank that desires to perform an activity that is not expressly authorized by subsection (1) of this section shall first apply to the director for authorization to conduct such activity. Within thirty days of the receipt of this application, the director shall determine whether the activity is closely related to the business of banking, whether the public convenience and advantage will be promoted, whether the activity is apt to create an unsafe or unsound practice by the bank and whether the applicant is capable of performing such an activity. If the director finds the activity to be closely related to the business of banking and the bank is otherwise qualified, he or she shall forthwith inform the applicant that the activity is authorized. If the director determines that such activity is not closely related to the business of banking or the bank is not otherwise qualified, he or she shall forthwith inform the applicant in writing. The applicant shall have the right to appeal from an unfavorable determination in accordance with the procedures of the Administrative Procedure Act, chapter 34.05 RCW. In determining whether a particular activity is closely related to the business of banking, the director shall be guided by the rulings of the board of governors of the federal reserve system and the comptroller of the currency in making determinations in connection with the powers exercisable by bank holding companies, and the activities performed by other commercial banks or their holding companies.

~~(3) ((In addition to all powers enumerated by this title, and those necessarily implied therefrom, a bank may engage in other business activities that are determined by the director, by rule adopted pursuant to chapter 34.05 RCW, to be closely related to the business of banking, or necessary or convenient thereto, and the exercise thereof will promote the public convenience and advantage. Provided, however, that such other business activities shall also have been determined by the board of governors of the federal reserve system or by the United States congress to be closely related to the business of banking.))~~ Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a bank has under the laws of this state, a bank shall have the powers and authorities conferred as of August 31, 1994, upon federally chartered bank doing business in this state. A bank may exercise the powers and authorities conferred on a federally chartered bank after this date, only if the director finds that the exercise of such powers and authorities:

(a) Serves the convenience and advantage of depositors, borrowers, or the general public; and

(b) Maintains the fairness of competition and parity between state-chartered banks and federally chartered banks.

As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

The restrictions, limitations, and requirements applicable to specific powers or authorities of federally chartered banks shall apply to banks exercising those powers or authorities permitted under this subsection but only insofar as the restrictions, limitations, and requirements relate to exercising the powers or authorities granted banks solely under this subsection.

(4) Any activity which may be performed by a bank, except the taking of deposits, may be performed by (a) a corporation or (b) another entity approved by the director, which in either case is owned in whole or in part by the bank.

Sec. 3. RCW 30.08.180 and 1994 c 92 s 60 are each amended to read as follows:

Every bank and trust company shall make at least three regular reports each year to the director, as of the dates which he or she shall designate, according to form prescribed by him or her, verified by the president, manager or cashier and attested by at least two directors, which shall exhibit under appropriate heads the resources and liabilities of such corporation. The dates designated by the director shall be the dates designated by the comptroller of the currency of the United States for reports of national banking associations. ~~((Each such report in condensed form, to be prescribed by the director, shall be published once in a newspaper of general circulation, published in a place where the corporation is located, or if there be no newspaper published in such place, then in some newspaper published in the same county.))~~

Every such corporation shall also make such special reports as the director shall call for.

Sec. 4. RCW 30.08.190 and 1994 c 256 s 51 and 1994 c 92 s 61 are each reenacted and amended to read as follows:

(1) Every regular report shall be filed with the director within thirty days from the date of issuance of the notice. Every special report shall be filed with the director within such time as shall be specified by him or her in the notice therefor.

(2) The director shall provide a copy of any regular report free of charge to any person that submits a written request for the report.

(3) Every bank and trust company which fails to file any report, required to be filed under subsection (1) of this section and within the time specified, shall be subject to a penalty of fifty dollars per day for each day's delay. A civil action for the recovery of any such penalty may be brought by the attorney general in the name of the state."

POINT OF PERSONAL PRIVILEGE

Representative Padden: Thank you Mr. Speaker and Ladies and Gentlemen of the House. I remember when I was first running for election, actually after I'd been elected but before I'd been here, I ran into the Gentleman, then of the 13th district, Stewart Bledsoe and he said, "Get ready for the roller coaster ride of your life! Hold on!" And certainly the fourteen plus years that I've been here have been that. There's certainly been the ups and downs. But it has been an experience that I shall always cherish and remember. And of course, so important are the friendships and relationships that you make with the other legislators that are here, the staff, the individuals from the third house, and everybody that we come in contact with is something that you're always going to remember.

I suppose in some respects, part of the most exciting thing was being sworn in that very first time. I know a lot of you shared that this time. And you win other elections, but there's nothing like the very first time because you worked so hard for that goal of getting elected and for the ideas that you believe in and you can see that you finally have accomplished part of that.

So, I guess I would encourage everybody to remember the vision that got them here. And try to stay true to that vision and to try to see that vision is implemented. And obviously to do that you've got to temper it sometimes with the proclivities of 98 members with different views. But it doesn't mean that you forget the vision. You've just got to work at it in the best way that you can.

And the other thing of course, that we've always had to remember is that you represent real people. And I owe a tremendous debt of gratitude to the citizens of the 4th legislative district in Spokane Valley that returned me eight times. And sometimes I marvel at that myself. But it is a real honor that they did that.

And so, it is with some sadness that I say good-bye to all here, but I remember of course, we all know from the Book of Ecclesiastes that, "there is a time for everything under the sun". And this time, it's time for me to go. So thank you very much.

House Resolution No. 4643 was adopted.

The Speaker announced that Representative Sheahan would become the Chair of the Law & Justice committee.

(C) Complete ladder inspection shall be periodical. If a ladder is involved in any of the following, immediate inspection is necessary:

(D) Rungs shall be kept reasonably free of any substance which would make them hazardous.

(E) Ladders carried on vehicles should be adequately supported to avoid sagging and securely fastened in position to minimize chafing and the effects of road shocks.

(F) Portable ladders shall be so placed that the side rails have a secure footing. The top rest for portable rung and cleat ladders shall be reasonably rigid and shall have ample strength to support the applied load.

(G) Ladders shall not be placed in front of doors opening toward the ladder unless the door is blocked open, locked, or guarded.

(A) At the beginning of employment, employers shall provide employees with orientation and training on the proper use of ladders including how to set a ladder and properly dismount with a full load.

(B) Employers shall instruct employees to not stand on the top two steps (the top cap and the next step down) of the ladder.

(C) Employers shall instruct employees to not step off the ladder onto branches of trees except onto the main crotch of the tree.

E2SSB 5632 Prime Sponsor, Committee on Ways & Means: Providing for flood damage reduction. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that river and stream systems can threaten public and private property during flood events. The legislature therefore declares that reducing flood damage through the use of structural and nonstructural projects is in the public interest and that it is the duty of the state to properly fund flood control projects. Structural and nonstructural projects include but are not limited to: Streambank stabilization, river channel maintenance, land use restrictions, land buy-outs, flood easements, and emergency notification.

Sec. 2. RCW 36.70A.060 and 1991 sp.s. c 32 s 21 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development

regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

(5) All development regulations developed under this section shall be consistent with the flood plain management plan adopted by the county under RCW 86.26.105.

Sec. 3. RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map, and the comprehensive flood plain management plan adopted by the county under RCW 86.26.105. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

- (iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;
- (v) Identification of system expansion needs and transportation system management needs to meet current and future demands;
- (c) Finance, including:
 - (i) An analysis of funding capability to judge needs against probable funding resources;
 - (ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;
 - (iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;
 - (d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;
 - (e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

Sec. 4. RCW 36.70A.170 and 1990 1st ex.s. c 17 s 17 are each amended to read as follows:

(1) On or before September 1, 1991, each county, and each city, shall designate where appropriate:

- (a) Agricultural lands that are not already characterized by urban growth and that have long-term significance for the commercial production of food or other agricultural products;
- (b) Forest lands that are not already characterized by urban growth and that have long-term significance for the commercial production of timber;
- (c) Mineral resource lands that are not already characterized by urban growth and that have long-term significance for the extraction of minerals; and
- (d) Critical areas.

(2) In making the designations required by this section, counties and cities shall consider the guidelines established pursuant to RCW 36.70A.050, and shall make such designations so that they are consistent with the flood plain management plan adopted by the county under RCW 86.26.105.

Sec. 5. RCW 43.21C.020 and 1971 ex.s. c 109 s 2 are each amended to read as follows:

(1) The legislature, recognizing that ~~((man))~~ people depend~~((s))~~ on ~~((his))~~ their biological and physical surroundings for food, shelter, and other needs, and for cultural enrichment as well~~((;))~~, and recognizing further the profound impact of ~~((man's))~~ human activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource utilization and exploitation, and new and expanding technological advances, and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of ~~((man))~~ people, declares that it is the continuing policy of the state of Washington, in cooperation with federal and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to: (a) Foster and promote the general welfare; (b) ~~((te))~~ create and maintain conditions under which ~~((man))~~ people and

nature can exist in productive harmony; and (c) fulfill the social, economic, and other requirements of present and future generations of Washington citizens.

(2) In order to carry out the policy set forth in this chapter, it is the continuing responsibility of the state of Washington and all agencies of the state to use all practicable means, consistent with other essential considerations of state policy, to improve and coordinate plans, functions, programs, and resources to the end that the state and its citizens may:

(a) Fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(b) Assure for all people of Washington safe, healthful, productive, and aesthetically and culturally pleasing surroundings;

(c) Attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(d) Preserve important historic, cultural, and natural aspects of our national heritage;

(e) Maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(f) Achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; ~~(and)~~

(g) Enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources; and

(h) Provide for the prevention, minimization, and repair of flood damage as defined in RCW 86.16.120.

(3) The legislature recognizes that each person has a fundamental and inalienable right to a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

NEW SECTION. Sec. 6. A new section is added to chapter 75.20 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply to RCW 75.20.100, 75.20.103, and 75.20.130.

(1) "Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by humans.

(2) "Commercial" means any facility or building used for commerce, including those used for agricultural or industrial purposes.

(3) "Emergency" means an immediate threat to life, public land, or private property, or an immediate threat of serious environmental degradation.

(4) "Streambank stabilization" includes but is not limited to log and debris removal; bank protection including riprap, jetties, and groins; gravel removal; and erosion control.

(5) "To construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

NEW SECTION. Sec. 7. A new section is added to chapter 75.20 RCW to read as follows:

The permitting department may impose the following conditions on persons applying under RCW 75.20.100 or 75.20.103:

(1) The permittee shall establish an excavation line. "Excavation line" means a line on the dry bed, parallel to the water's edge unless otherwise stated, that changes with water level fluctuations.

(2) The permittee may not remove bed material from the water side of the excavation line.

(3) The permittee shall begin excavating at the excavation line and proceed toward the bank, perpendicular to the alignment of the watercourse.

(4) The permittee shall keep the maximum distance of excavation toward the bank from the excavation line approximately equal throughout the excavation zone. "Excavation zone" means the area between the excavation line and the bank.

(5) The permittee shall identify the excavation zone with boundary markers.

(6) The permittee shall maintain a minimum one-half percent gradient upward from the excavation line in the excavation zone.

(7) The permittee shall ensure that the excavation zone is free of pits or potholes.

(8) The permittee shall not stockpile or spoil excavated materials within the ordinary high water line except from June 15 to October 15.

(9) The permittee may not allow any equipment within the wetted perimeter of the watercourse without specific permission.

(10) The permittee shall dispose of debris in the excavation zone so it does not reenter the watercourse.

(11) The permittee may not perform gravel washing or crushing operations below the ordinary high water line.

(12) The permittee shall be allowed to remove only that amount of rock, sand, gravel, or silt which is naturally replenished on an annual basis, except in instances where a lapse in material removal has occurred. If such lapse has occurred, then an amount of material equivalent to the amount estimated to have accumulated since the last material removal operation, including debris and vegetation, may be removed.

Sec. 8. RCW 75.20.100 and 1993 sp.s. c 2 s 30 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department as to the adequacy of the means proposed for the protection of fish life. The hydraulic project approval authority of the department shall be limited to construction or other work that occurs at or below the mean higher high water line in salt water and estuaries or at or below the ordinary high water line in fresh water. The department shall neither deny nor condition a hydraulic project approval on the basis of human or animal actions or environmental conditions that occur above the higher high water line in salt water and estuaries or above the ordinary high water line in fresh water. The department may not limit, condition, or otherwise affect the amount, timing, or delivery method of water diverted under chapter 90.03 RCW. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 ((and 75.20.1002)), the department shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if ((4)) (a) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; ((2)) (b) the site is physically inaccessible for inspection; or ((3)) (c) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned.

(2) In making a decision as to whether fish life is protected, the department shall determine if a project as proposed or modified:

(a) Presents no substantial risk to fish life and provides fish habitat productivity that is equivalent to preproject conditions at the project site within three years of the project's completion; or

(b)(i) Protects a residential, commercial, or industrial facility or structure that is likely to incur significant flood damage during the next flood season if the project is not completed; and (ii) lessens the loss of fish life or habitat as compared to a project resulting from an emergency request under this section.

The department shall approve a project if it determines that the project meets either (a) or (b) of this subsection. This subsection (2) shall apply only to projects that are consistent with a comprehensive flood control management plan, as determined by the county.

(3) Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

~~((For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.~~

~~The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.)~~

(4) In case of an emergency arising from weather or stream flow conditions or other natural conditions, upon request the department, through its authorized representatives, shall ~~((issue))~~ grant immediately ~~((upon request))~~, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or ~~((to protect))~~ protecting property threatened by the stream or a change in the stream flow without ~~((the necessity of obtaining))~~ requiring a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

(5) In granting approval for projects submitted by local flood control agencies, the department shall grant a special duration hydraulic permit approval if the submitted project is a multiyear maintenance program. The approval shall be granted for up to five years, or the actual number of years covered by the maintenance program, whichever is less.

(6) This section shall not apply to the repair of an existing flood control project if the project is determined by the county to be:

(a) Consistent with a currently approved comprehensive flood control management plan; and

(b) Necessary to avoid flood damage during the next flood season.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

Sec. 9. RCW 75.20.103 and 1993 sp.s. c 2 s 32 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization or flood damage reduction to protect farm and agricultural land as defined in RCW 84.34.020, and when such ~~((diversion or streambank stabilization))~~ hydraulic project will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department as to the adequacy of the means proposed for the protection of fish life. The hydraulic project approval authority of the department shall be limited to construction or other work that occurs at or below the mean higher high water line in salt water and estuaries or at or below the ordinary high water line in fresh water. The department shall neither deny nor condition a hydraulic project approval on the basis of human or animal actions or environmental conditions that occur above the higher high water line in salt water and estuaries or above the ordinary high water line in fresh water. The department may not limit, condition, or otherwise affect the amount, timing, or delivery method of water diverted under

chapter 90.03 RCW. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 ((and 75.20.1002)), the department shall grant or deny the approval within forty-five calendar days of the receipt of a complete application ((and notice of compliance with any applicable requirements of the state environmental policy act,)) made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail.

(2) A complete application for an approval shall:

(a) Contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life; and

(b) Not be required to include notice of compliance with any applicable requirements of the state environmental policy act. Final approval of a project may not be granted until any applicable requirements of the state environmental policy act have been satisfied.

(3) The forty-five day requirement shall be suspended if ((4)):

(a) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; ((2))

(b) The site is physically inaccessible for inspection; ((or 3)) (c) After forty-four days of receipt of a complete application, a notice of compliance with the state environmental policy act has not been issued; or

(d) The applicant requests delay.

(4) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(5) In making a decision as to whether fish life is protected, the department shall determine if a project as proposed or modified:

(a) Presents no substantial risk to fish life and provides fish habitat productivity that is equivalent to preproject conditions at the project site within three years of the project's completion; or

(b)(i) Protects a residential, commercial, or industrial facility or structure that is likely to incur significant flood damage during the next flood season if the project is not completed; and (ii) lessens the loss of fish life or habitat as compared to a project resulting from an emergency request under this section.

The department shall approve a project if it determines that the project meets either (a) or (b) of this subsection. This subsection (5) shall apply only to projects that are consistent with a comprehensive flood control management plan, as determined by the county.

(6) An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

(7) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

(8) The department may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(9) A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

(10) If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the

adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

(11) In granting approval for projects submitted by local flood control agencies, the department shall grant a special duration hydraulic permit approval if the submitted project is a multiyear maintenance program. The approval shall be granted for up to five years, or the actual number of years covered by the maintenance program, whichever is less.

(12) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency.

~~((For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.))~~

(13) This section shall not apply to a project involving the repair of an existing flood control facility if the project is determined by the county to be:

- (a) Consistent with a previously approved comprehensive flood control management plan; and
- (b) Necessary to avoid flood damage during the next flood season.

Sec. 10. RCW 75.20.130 and 1993 sp.s. c 2 s 37 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

(c) If a review proceeding authorized in (a) of this subsection finds for the aggrieved permit applicant, the applicant may be awarded any legal and engineering costs involved in challenging the permit decision.

NEW SECTION. Sec. 11. A new section is added to chapter 79.90 RCW to read as follows:

(1) Use or modification, or both, of any river system must involve basic hydraulic principles, as well as harmonize as much as possible with existing aquatic ecosystems, and human needs.

- (2) The department, commissioner, and board shall:
- (a) Encourage bank and island stabilization programs which rely mainly on natural vegetative systems as holding elements;
 - (b) Encourage research to develop alternative methods of channel control, utilizing natural systems of stabilization;
 - (c) Recognize natural plant and animal communities and other features that provide an ecological balance to a streamway in evaluating competing human uses and require protection from significant human impact; and
 - (d) Recognize that hydraulic conditions may require the installation of riprap or other similar measure to further protect natural systems of stabilization.
- (3) No person may remove normal stream depositions of logs, uprooted tree snags, and stumps which abut on shorelands and do not intrude on the navigational channel or reduce flow, or adversely redirect a river course, and are not harmful to life and property without the department's permission but the department must consider the need to protect the resultant dependent aquatic systems.
- (4) No person may fill indentations such as mudholes, eddies, pools, and aeration drops without permission of the department.
- (5) The department may permit river channel relocations only when an overriding public benefit can be shown. Filling, grading, lagooning, or dredging which would result in substantial detriment to navigable waters by reason of erosion, sedimentation, or impairment of fish and aquatic life are not authorized.
- (6) No person may remove sand and gravel below the wetted perimeter of navigable rivers unless authorized by a hydraulics permit issued by either the department of fisheries or department of wildlife under RCW 75.20.100 and 75.20.103. These removals may be authorized for maintenance and improvement of navigational channels or for creating backwater channels for fish rearing or improvement of the flow capacity of the channels.
- (7) The department may allow sand and gravel removals above the wetted perimeter of a navigable river which are not harmful to public health and safety when any or all of the following situations exist:
- (a) The removal is designed to create or improve a feature such as a pond, wetland, or other habitat valuable for fish and wildlife;
 - (b) The removal provides recreational benefits;
 - (c) The removal will aid in reducing a detrimental accumulation of aggregates in downstream lakes, reservoirs, and river beds;
 - (d) The removal will aid in reducing damage to private or public land and property abutting a navigable river; or
 - (e) The removal will contribute to increased flood protection for private or public land.
- (8) The department may not allow sand and gravel removals above the wetted perimeter of a navigable river when:
- (a) The location of such material is below a dam and has inadequate supplementary feeding of gravel or sand;
 - (b) Removal will cause unstable hydraulic conditions detrimental to fish, wildlife, public health, and safety; or
 - (c) Removal will impact esthetics of nearby recreational facilities.
- (9) No person may perform bank dumping or junk revetment on aquatic lands.
- (10) The department shall condition sand and gravel removal leases to allow removal of only that amount which is naturally replenished on an annual basis, except in instances where a lapse in material removal has occurred. If such a lapse has occurred, then an amount of material equivalent to the amount estimated to have accumulated since the last material removal operation, including debris and vegetation, may be removed.

Sec. 12. RCW 79.90.150 and 1991 c 337 s 1 are each amended to read as follows:

When gravel, rock, sand, silt or other material from any aquatic lands is removed by any public agency or under public contract for channel or harbor improvement, or flood control, use of such material may be authorized by the department of natural resources for a public purpose on land owned or leased by the state or any municipality, county, or public corporation: PROVIDED, That when no public land site is available for deposit of such material, its deposit on private land with the landowner's permission is authorized and may be designated by the department of natural resources to

be for a public purpose. Prior to removal and use, the state agency, municipality, county, or public corporation contemplating or arranging such use shall first obtain written permission from the department of natural resources. No payment of royalty shall be required for such gravel, rock, sand, silt, or other material used for such public purpose, but a charge will be made if such material is subsequently sold or used for some other purpose: PROVIDED, That the department may authorize such public agency or private landowner to dispose of such material without charge when necessary to implement disposal of material. No charge shall be required for any use of the material obtained under the provisions of this chapter when used solely on an authorized site. No charge shall be required for any use of the material obtained under the provisions of this chapter if the material is used for public purposes by local governments. No charge may be required for removal or use of such material if the removal of the material is determined by the local government to be for flood control purposes. Public purposes include, but are not limited to, construction and maintenance of roads, dikes, and levies. Nothing in this section shall repeal or modify the provisions of RCW 75.20.100 or eliminate the necessity of obtaining a permit for such removal from other state or federal agencies as otherwise required by law.

Sec. 13. RCW 79.90.300 and 1991 c 322 s 26 are each amended to read as follows:

(1) The department of natural resources, upon application by any person or when determined by the department to be in the best interest of the state, may enter into a contract or lease providing for the removal and sale of rock, gravel, sand, and silt, or other valuable materials located within or upon beds of navigable waters, or upon any tidelands or shorelands belonging to the state and providing for payment to be made therefor by such royalty as the department may fix, by negotiation, by sealed bid, or at public auction. If application is made for the purchase of any valuable material situated within or upon aquatic lands the department shall inspect and appraise the value of the material in the application. The department may reduce or eliminate royalties in areas prone to flooding. Removal of material from within the ordinary high water mark must be construed as being removed for flood control purposes. The department may include a provision in contracts for the removal of rock, gravel, sand, or silt that allows for payment to be made as the material is sold.

(2) The department shall actively seek to encourage through permit requirements and adjusted fees the removal of accumulated materials from rivers and streams where there is a flood damage reduction benefit. The department shall develop policies to accomplish this goal.

Sec. 14. RCW 86.15.030 and 1969 ex.s. c 195 s 2 are each amended to read as follows:

Upon receipt of a petition asking that a zone be created, or upon motion of the board, the board shall adopt a resolution which shall describe the boundaries of such proposed zone; describe in general terms the flood control needs or requirements within the zone; set a date for public hearing upon the creation of such zone, which shall be not more than thirty days after the adoption of such resolution. Notice of such hearing and publication shall be had in the manner provided in RCW 36.32.120(7).

At the hearing scheduled upon the resolution, the board shall permit all interested parties to be heard. Thereafter, the board may reject the resolution or it may modify the boundaries of such zone and make such other corrections or additions to the resolutions as they deem necessary to the accomplishment of the purpose of this chapter: PROVIDED, That if the boundaries of such zone are enlarged, the board shall hold an additional hearing following publication and notice of such new boundaries: PROVIDED FURTHER, That the boundaries of any zone shall generally follow the boundaries of the watershed area affected: PROVIDED FURTHER, That the immediately preceding proviso shall in no way limit or be construed to prohibit the formation of a county-wide flood control zone district authorized to be created by RCW 86.15.025.

Within ~~((ten))~~ thirty days after final hearing on a resolution, the board shall issue its ~~((order))~~ ordinance creating the flood control zone district.

Sec. 15. RCW 86.15.050 and 1961 c 153 s 5 are each amended to read as follows:

The board ~~((of county commissioners of each county))~~ shall be ex officio, by virtue of their office, supervisors of the zones created in each county. The supervisors of the district shall conduct the business of the flood control zone district according to the regular rules and procedures that it adopts.

Sec. 16. RCW 86.15.160 and 1986 c 278 s 60 are each amended to read as follows:

For the purposes of this chapter the supervisors may authorize:

- (1) An annual excess ad valorem tax levy within any zone or participating zones when authorized by the voters of the zone or participating zones under RCW 84.52.052 and 84.52.054;
- (2) An assessment upon property, including state property, specially benefitted by flood control improvements or storm water control improvements imposed under chapter 86.09 RCW;
- (3) Within any zone or participating zones an annual ad valorem property tax levy of not to exceed fifty cents per thousand dollars of assessed value when the levy will not take dollar rates that other taxing districts may lawfully claim and that will not cause the combined levies to exceed the constitutional and/or statutory limitations, and the additional levy, or any portion thereof, may also be made when dollar rates of other taxing units is released therefor by agreement with the other taxing units from their authorized levies under chapter 39.67 RCW;
- (4) A charge, under RCW 36.89.080 through 36.89.100, for the furnishing of service to those who are receiving or will receive benefits from storm water control facilities ~~((and))~~ or who are contributing to an increase in surface water runoff. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state and state property, shall be liable for the charges to the same extent a private person and privately owned property is liable for the charges, and in setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;
- (5) The creation of local improvement districts and utility local improvement districts, the issuance of improvement district bonds and warrants, and the imposition, collection, and enforcement of special assessments on all property, including any state-owned or other publicly-owned property, specially benefitted from improvements in the same manner as provided for counties by chapter 36.94 RCW.

Sec. 17. RCW 86.26.105 and 1986 c 46 s 5 are each amended to read as follows:

~~((A comprehensive flood control management plan shall determine the need for flood control work, consider alternatives to in-stream flood control work, identify and consider potential impacts of in-stream flood control work on the state's in-stream resources, and identify the river's meander belt or floodway.))~~ (1) A comprehensive flood control management plan shall be completed and adopted ~~((within at least three years of the certification that it is being prepared, as provided in RCW 86.26.050))~~ by any county that has experienced at least two presidentially declared flood disasters within the most recent ten-year period by December 31, 1999, or within two years of a second presidentially declared flood disaster.

(2) If ~~((after this three-year period has elapsed))~~, by December 31, 1999, or within two years of a second presidentially declared flood disaster, such a comprehensive flood control plan has not been completed and adopted, grants for flood control maintenance projects shall not be made to the county or municipal corporations in the county until a comprehensive flood control plan is completed and adopted by the appropriate local authority. These limitations on grants shall not preclude allocations for emergency purposes made pursuant to RCW 86.26.060, however, priority consideration for emergency assistance shall be given to those counties that are required to plan, and have completed a plan, as required under this section.

Sec. 18. RCW 90.58.180 and 1994 c 253 s 3 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a request for the same within thirty days of the date of filing as defined in RCW 90.58.140(6).

Concurrently with the filing of any request for review with the board as provided in this section pertaining to a final order of a local government, the requestor shall file a copy of his or her request with the department and the attorney general. If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall then, but not otherwise, review the matter covered by the requestor. The failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the request for review filed pursuant to this section. The shorelines

hearings board shall initially schedule review proceedings on such requests for review without regard as to whether such requests have or have not been certified or as to whether the period for the department or the attorney general to intervene has or has not expired, unless such review is to begin within thirty days of such scheduling. If at the end of the thirty day period for certification neither the department nor the attorney general has certified a request for review, the hearings board shall remove the request from its review schedule.

(2) The department or the attorney general may obtain review of any final order granting a permit, or granting or denying an application for a permit issued by a local government by filing a written request with the shorelines hearings board and the appropriate local government within thirty days from the date the final order was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW.

(4) If the review proceedings authorized in subsection (1) of this section find for the requestor, and if the requestor is the permit applicant, the requestor may be awarded any legal and engineering costs involved in challenging the permit decision.

(5) A local government may appeal to the shorelines hearings board any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

If the board determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter; or

(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or

(c) Is arbitrary and capricious; or

(d) Was developed without fully considering and evaluating all material submitted to the department by the local government; or

(e) Was not adopted in accordance with required procedures;

the board shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government, a new rule, regulation, or guideline. Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect.

~~((5))~~ (6) Rules, regulations, and guidelines shall be subject to review in superior court, if authorized pursuant to RCW 34.05.570(2). No review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection ~~((4))~~ (5) of this section and the petition for court review is filed within three months after the date of final decision by the shorelines hearings board.

NEW SECTION. Sec. 19. A new section is added to chapter 43.17 RCW to read as follows:

Each appropriate agency shall actively seek to encourage through permit requirements the removal of accumulated materials from rivers and streams where there is a flood damage reduction benefit. Each agency shall develop policies to accomplish this goal. Policies shall be developed from a designed, open-channel hydraulic engineering criteria to facilitate the natural downstream movement of detrimental material.

Sec. 20. RCW 86.12.200 and 1991 c 322 s 3 are each amended to read as follows:

The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a ~~((cost/benefit))~~ cost-benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b)

establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying alternatives to in-stream flood control work; (d) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; ~~((and))~~ (e) identifying areas where a river may migrate into a new channel and developing options to prevent the creation of the new channel, and identifying practices that will avoid long-term accretion of sediments; and (f) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters, or the intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood insurance program that have been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to chapter 86.16 RCW and RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it ~~((may))~~ must incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW.

Sec. 21. RCW 90.58.030 and 1987 c 474 s 1 are each amended to read as follows:

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of state-wide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated wetlands, together with the lands underlying them; except (i) shorelines of state-wide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of state-wide significance" means the following shorelines of the state:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state.

(3) Procedural terms:

(a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;

(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds two thousand five hundred dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state; except that the following shall not be considered substantial developments for the purpose of this chapter:

(i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;

- (ii) Improvements to dikes and levees if the improvement is determined by a county to be consistent with a flood control management plan developed under chapter 86.26 RCW;
- (iii) Streambed maintenance including sediment removal, sediment disposal, and streambank stabilization if performed to provide public flood control benefit as determined by the appropriate county legislative authority;

NEW SECTION. Sec. 22. A new section is added to chapter 86.26 RCW to read as follows:

A flood protection project is work necessary to preserve, restore, or improve either natural or human-made stream banks or flood control facilities that repair or prevent flood damage as defined in RCW 86.16.120 including but not limited to damage by erosion, stream flow, sheet runoff, or other damages by the sea or other bodies of water.

NEW SECTION. Sec. 23. A new section is added to chapter 86.12 RCW to read as follows:

Upon request by a county or city preparing a comprehensive flood management plan under chapter 86.12 RCW, the department of transportation shall:

- (1) Provide an inventory of all state highways and bridges located in a floodplain as designated by the federal emergency management agency;

(2) Identify any state roads or bridges that may cause a constriction to the natural flow of flood waters;

(3) Identify state roads that, either by themselves or in conjunction with levees or other structures in the floodplain, may entrap floodwaters in areas originally intended to be flood-proofed; and

(4) Provide any other information available to the department to assist in preventing or minimizing flood damages.

NEW SECTION. Sec. 24. A new section is added to chapter 75.20 RCW to read as follows:
By December 31, 1996, the departments of fish and wildlife, natural resources, and ecology shall jointly develop a memorandum of understanding to facilitate the consideration of projects that will aid in the minimization or prevention of flood damage as defined in RCW 86.16.120. To reduce the duplication of information required by a project's permits, the departments must provide in their memorandum procedures to share data to the extent practicable among themselves and with other agencies that may be involved in approving or denying a permit application. The departments' memorandum must provide a plan to implement a comprehensive permit process that is streamlined and easily understandable to permit applicants.

NEW SECTION. Sec. 25. RCW 79.90.325 and 1984 c 212 s 10 are each repealed.

NEW SECTION. Sec. 26. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

March 27, 1995

SSB 5992 Prime Sponsor, Committee on Labor, Commerce & Trade: Clarifying the role of the work force training and education coordinating board. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature continues to recognize the vital role that work force development efforts play in equipping the state's workers with the skills they need to succeed in an economy that requires higher levels of skill and knowledge. The legislature also recognizes that

businesses are increasingly relying on the state's work force development programs and expect them to be responsive to their changing skill requirements. The state benefits from a work force development system that allows firms and workers to be highly competitive in global markets.

(2) The establishment of the work force training and education coordinating board was an integral step in developing a strategic approach to work force development. For the coordinating board to carry out its intended role, the board must be able to give unambiguous guidance to operating agencies, the governor, and the legislature. It is the intent of this act to clarify the preeminent role intended for the work force training and education coordinating board in coordination and policy development of the state's work force development efforts.

(3) In the event that federal work force development funds are block granted to the state, it is the intent of the legislature to seek the broadest possible input, from local and state-wide organizations concerned with work force development, on the allocation of the federal funds.

(4) For purposes of sections 2 and 4 through 6 of this act, the term "program" shall not refer to the activities of individual institutions such as individual community or technical colleges, common schools, service delivery areas, or job service centers; nor shall it refer to individual fields of study or courses.

NEW SECTION. Sec. 2. (1) The state comprehensive plan for work force training and education shall be updated every two years and presented to the governor and the appropriate legislative policy committees. (3) Operating agencies represented on the board shall have operating plans for their work force development efforts that are consistent with the comprehensive plan and that provide detail on implementation steps they will take to carry out their responsibilities under the plan. Each operating agency represented on the board shall provide an annual progress report to the board.

(4) The comprehensive plan shall include recommendations to the legislature and the governor on the modification, consolidation, initiation, or elimination of work force training and education programs in the state.

(5) The board shall report to the appropriate legislative policy committees by December 1 of each year on its progress in implementing the comprehensive plan and on the progress of the operating agencies in meeting their obligations under the plan.

Sec. 3. RCW 28C.18.050 and 1991 c 238 s 6 are each amended to read as follows:

(1) The board shall be designated as the state board of vocational education as provided for in P.L. 98-524, as amended, and shall perform such functions as is necessary to comply with federal directives pertaining to the provisions of such law.

(2) The board shall perform the functions of the human resource investment council as provided for in the federal job training partnership act, P.L. 97-300, as amended.

(3) The board shall provide policy advice for any federal act pertaining to work force development that is not required by state or federal law to be provided by another state body.

(4) Upon enactment of new federal initiatives relating to work force development, the board shall advise the governor and the legislature on mechanisms for integrating the federal initiatives into the state's work force development system and make recommendations on the legislative or administrative measures necessary to streamline and coordinate state efforts to meet federal guidelines.

(5) The board shall monitor for consistency with the state comprehensive plan for work force training and education the policies and plans established by the state job training coordinating council, the advisory council on adult education, and the Washington state plan for adult basic education, and provide guidance for making such policies and plans consistent with the state comprehensive plan for work force training and education.

NEW SECTION. Sec. 4. (1) The board shall specify, by December 31, 1995, the common core data to be collected by the operating agencies of the state training system and the standards for data collection and maintenance required in RCW 28C.18.060(8).

(2) The minimum standards for program evaluation by operating agencies required in RCW 28C.18.060(9) shall include biennial program evaluations; the first of such evaluations shall be completed by the operating agencies July 1, 1996. The program evaluation of adult basic skills education shall be provided by the advisory council on adult education.

(3) The board shall complete, by January 1, 1996, its first outcome-based evaluation and, by September 1, 1996, its nonexperimental net-impact and cost-benefit evaluations of the training system. The outcome, net-impact, and cost-benefit evaluations shall for the first evaluations, include evaluations of each of the following programs: Secondary vocational-technical education, work-related adult basic skills education, postsecondary work force training, job training partnership act titles II and III, as well as of the system as a whole.

(4) The board shall use the results of its outcome, net-impact, and cost-benefit evaluations to develop and make recommendations to the legislature and the governor for the modification, consolidation, initiation, or elimination of work force training and education programs in the state.

The board shall perform the requirements of this section in cooperation with the operating agencies.

NEW SECTION. Sec. 5. The board shall, by January 1, 1996, and biennially thereafter: (1) Assess the total demand for training from the perspective of workers, and from the perspective of employers; (2) assess the available supply of publicly and privately provided training which workers and employers are demanding; (3) assess the costs to the state of meeting the demand; and (4) present the legislature and the governor with a strategy for bridging the gap between the supply and the demand for training services.

NEW SECTION. Sec. 6. The board shall, in cooperation with the operating agencies, by January 1, 1996:

(1) Identify policies to reduce administrative and other barriers to efficient operation of the state's work force development system and barriers to improved coordination of work force development in the state. These policies shall include waivers of statutory requirements and administrative rules, as well as implementation of one-stop access to work force development services and school-to-work transition;

(2) Identify ways for operating agencies to share resources, instructors, and curricula through collaboration with other public and private entities to increase training opportunities and reduce costs; and

(3) Report to the governor and the appropriate legislative committees its recommendations for any statutory changes necessary to enhance operational efficiencies or improve coordination. The board shall work with the operating agencies of the state's work force development system to reduce administrative barriers that do not require statutory changes.

SB 5830 Prime Sponsor, McAuliffe: Changing provisions for students transferring between private and public schools. Reported by Committee on Education

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.195.010 and 1993 c 336 s 1101 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum program hour offerings as prescribed in RCW 28A.150.220.

(2) The school day shall be the same as that required in RCW 28A.150.030 and 28A.150.220, except that the percentages of total program hour offerings as prescribed in RCW 28A.150.220 for basic skills, work skills, and optional subjects and activities shall not apply to private schools or private sectarian schools.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certified person; and

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. However, the state board shall not require private school students to meet the student learning goals, obtain a certificate of mastery to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.630.885. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take these assessments, and obtain certificates of mastery. A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district. Policies shall include but not be limited to, requiring the transmission of information by telephone, facsimile, or other means regarding a student's academic performance, special placement, and disciplinary history within two school days after receiving a request when the student transfers from the school. The school shall subsequently send the records as soon as any obligations between the student and the school have been met.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) above provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

Sec. 2. RCW 28A.225.330 and 1994 c 304 s 2 are each amended to read as follows:

(b) Any past, current, or pending disciplinary action;

(c) Any history of violent behavior;

(d) Any unpaid fines or fees imposed by other schools; and

(e) Any health conditions affecting the student's educational needs.

(2) The school enrolling the student shall request the school the student previously attended to send the student's permanent record including records of disciplinary action. If the student has not paid a fine or fee under RCW 28A.635.060, the school may withhold the student's official transcript, but shall transmit information about the student's academic performance, special placement, and records of disciplinary action. If the official transcript is not sent due to unpaid fees or fines, the enrolling school shall notify both the student and parent or guardian that the official transcript will not be sent until the obligation is met, and failure to have an official transcript may result in exclusion from extracurricular activities or failure to graduate.

(3) If information is requested under subsection (2) of this section, the information shall be transmitted within two school days after receiving the request and the records shall be sent as soon as possible.

(4) If a student transfers from a public school to a private school that has been approved by the state board of education, the private school enrolling the student may request the public school the student previously attended to send the student's permanent record including records of disciplinary action. If the student has not paid a fine or fee under RCW 28A.635.060, the public school may withhold the student's official transcript, but shall transmit information about the student's academic performance, special placement, and disciplinary history. (17) "Specialized forest products permit" (~~shall~~) means a printed document in a form specified by the department of natural resources, or true copy thereof, that is signed by a landowner or his (~~duly~~) or her authorized agent or representative (~~herein~~), referred to in this chapter as "permitters" (~~;~~) and validated by the county sheriff (~~authorizing~~) and authorizes a designated person (~~herein~~), referred to in this chapter as "permittee" (~~;~~), who (~~shall~~) has also (~~have~~) signed the permit, to harvest (~~and/or~~) and transport a designated specialized forest product from land owned or controlled and specified by the permittor(~~;~~) and that is located in the county where (~~such~~) the permit is issued.

A copy is made true by the permittee or the permittee and permittor signing in the space provided on the face of the copy. A true copy will be effective until the expiration date of the specialized forest products permit unless the permittee or the permittee and permittor specify an earlier date. A permittor may require the actual signatures of both the permittee and permittor for execution of a true copy by so indicating in the space provided on the original copy of the specialized forest products permit. A permittee, or, if so indicated, the permittee and permittor, may condition the use of the true copy to harvesting only, transportation only, possession only, or any combination thereof.

(20) "Permit area" means a designated tract of land that may contain single or multiple harvest sites.

Sec. 2. RCW 76.48.030 and 1979 ex.s. c 94 s 2 are each amended to read as follows:

Sec. 5. RCW 76.48.060 and 1992 c 184 s 2 are each amended to read as follows:

A specialized forest products permit validated by the county sheriff shall be obtained by ~~((any))~~ a person prior to harvesting from any lands, including his or her own, more than five Christmas trees, more than five native ornamental trees or shrubs, more than five pounds of cut or picked evergreen foliage, any cedar products, cedar salvage, processed cedar products, or more than five pounds of Cascara bark, or more than three United States gallons of a single species of wild edible mushroom and ~~((not))~~ more than an aggregate total of nine United States gallons of wild edible mushrooms, plus one wild edible mushroom. Specialized forest products permit forms shall be provided by the department of natural resources, and shall be made available through the office of the county sheriff to permittees or permittors in reasonable quantities. A permit form shall be completed in triplicate for each permittor's property on which a permittee harvests specialized forest products. A properly completed permit form shall be mailed or presented for validation to the sheriff of the county in which the specialized forest products are to be harvested. Before a permit form is validated by the sheriff, sufficient personal identification may be required to reasonably identify the person mailing or presenting the permit form and the sheriff may conduct ~~((such))~~ other investigations as deemed necessary to determine the validity of the information alleged on the form. When the sheriff is reasonably satisfied as to the truth of ~~((such))~~ the information, the form shall be validated with the sheriff's validation stamp ~~((provided by the department of natural resources))~~. Upon validation, the form shall become the specialized forest products permit authorizing the harvesting, possession ~~((and/or))~~, or transportation of specialized forest products, subject to any other conditions or limitations which the permittor may specify. Two copies of the permit shall be given or mailed to the permittor, or one copy shall be given or mailed to the permittor and the other copy given or mailed to the permittee. The original permit shall be retained in the office of the county sheriff validating the permit. In the event a single land ownership is situated in two or more counties, a specialized forest product permit shall be completed as to the land situated in each county. While engaged in harvesting

of specialized forest products, permittees, or their agents or employees, must have readily available at each harvest site a valid permit or true copy of the permit.

Sec. 6. RCW 76.48.070 and 1992 c 184 s 3 are each amended to read as follows:

(1) Except as provided in RCW 76.48.100 and 76.48.075, it ~~((shall be))~~ is unlawful for any person (a) to possess, ~~((and/or))~~ (b) to transport, or (c) to possess and transport within the state of Washington, subject to any other conditions or limitations specified in the specialized forest products permit by the permittor, more than five Christmas trees, more than five native ornamental trees or shrubs, more than five pounds of cut or picked evergreen foliage, any processed cedar products, or more than five pounds of Cascara bark, or more than three gallons of a single species of wild edible mushrooms and ~~((not))~~ more than an aggregate total of nine gallons of wild edible mushrooms, plus one wild edible mushroom without having in his or her possession a written authorization, sales invoice, bill of lading, or specialized forest products permit or a true copy thereof evidencing his or her title to or authority to have possession of specialized forest products being so possessed or transported.

(2) It ~~((shall be))~~ is unlawful for any person either (a) to possess ~~((and/or))~~, (b) to transport, or (c) to possess and transport within the state of Washington any cedar products or cedar salvage without having in his or her possession a specialized forest products permit or a true copy thereof evidencing his or her title to or authority to have possession of the materials being so possessed or transported.

(1) It is unlawful for any person to transport or cause to be transported into this state from any other state or province specialized forest products, except those harvested from that person's own property, without: (a) First acquiring and having readily available for inspection a document indicating the true origin of the specialized forest products as being outside the state, or (b) without acquiring a specialized forest products permit as provided in subsection (4) of this section.

(2) Any person transporting or causing to be transported specialized forest products into this state from any other state or province shall, upon request of any person to whom the specialized forest products are sold or delivered or upon request of any law enforcement officer, prepare and sign a statement indicating the true origin of the specialized forest products, the date of delivery, and the license number of the vehicle making delivery, and shall leave the statement with the person making the request.

(3) It is unlawful for any person to possess specialized forest products, transported into this state, with knowledge that the products were introduced into this state in violation of this chapter.

(4) When any person transporting or causing to be transported into this state specialized forest products elects to acquire a specialized forest products permit, the specialized forest products transported into this state shall be deemed to be harvested in the county of entry, and the sheriff of that county may validate the permit as if the products were so harvested, except that the permit shall also indicate the actual harvest site outside the state.

(5) A cedar processor shall comply with RCW 76.48.096 by requiring a person transporting specialized forest products into this state from any other state or province to display a specialized forest products permit, or true copy thereof, or other document indicating the true origin of the specialized forest products as being outside the state. The cedar processor shall make and maintain a record of the purchase, taking possession, or retention of cedar products and cedar salvage in compliance with RCW 76.48.094.

(6) If, ~~((pursuant to))~~ under official inquiry, investigation, or other authorized proceeding regarding specialized forest products not covered by a valid specialized forest products permit or other acceptable document, the inspecting law enforcement officer has probable cause to believe that the specialized forest products were harvested in this state or wrongfully obtained in another state or province, the officer may take into custody and detain, for a reasonable time, the specialized forest products, all supporting documents, invoices, and bills of lading, and the vehicle in which the products were transported until the true origin of the specialized forest products can be determined.

Sec. 8. RCW 76.48.096 and 1979 ex.s. c 94 s 10 are each amended to read as follows:

It ~~((shall be))~~ is unlawful for any cedar processor to purchase, take possession, or retain cedar products or cedar salvage subsequent to the harvesting and prior to the retail sale of ~~((such))~~ the products, unless the supplier thereof displays a specialized forest products permit, or true copy

thereof (~~(, which)~~) that appears to be valid, or obtains the information (~~(pursuant to)~~) under RCW 76.48.075(5).

Sec. 9. RCW 76.48.098 and 1979 ex.s. c 94 s 11 are each amended to read as follows:

Every cedar processor shall prominently display a valid registration certificate, or copy thereof, obtained from the department of revenue (~~(pursuant to)~~) under RCW 82.32.030 at each location where (~~(such)~~) the processor receives cedar products or cedar salvage.

Permittees shall sell cedar products or cedar salvage only to cedar processors displaying registration certificates which appear to be valid.

Sec. 10. RCW 76.48.100 and 1979 ex.s. c 94 s 12 are each amended to read as follows:

The provisions of this chapter (~~(shall)~~) do not apply to:

(3) The activities of a landowner, his or her agent, or representative, or of a lessee of land in carrying on noncommercial property management, maintenance, or improvements on or in connection with the land of (~~(such)~~) the landowner or lessee.

Sec. 11. RCW 76.48.110 and 1979 ex.s. c 94 s 13 are each amended to read as follows:

Whenever any law enforcement officer has probable cause to believe that a person is harvesting or is in possession of or transporting specialized forest products in violation of the provisions of this chapter, he or she may, at the time of making an arrest, seize and take possession of any (~~(such)~~) specialized forest products found. The law enforcement officer shall provide reasonable protection for the specialized forest products involved during the period of litigation or he or she shall dispose of (~~(such)~~) the specialized forest products at the discretion or order of the court before which the arrested person is ordered to appear.

Upon any disposition of the case by the court, the court shall make a reasonable effort to return the specialized forest products to (~~(their)~~) its rightful owner or pay the proceeds of any sale of specialized forest products less any reasonable expenses of (~~(such)~~) the sale to the rightful owner. If for any reason, the proceeds of (~~(such)~~) the sale cannot be disposed of to the rightful owner, (~~(such)~~) the proceeds, less the reasonable expenses of the sale, shall be paid to the treasurer of the county in which the violation occurred. The county treasurer shall deposit the same in the county general fund. The return of the specialized forest products or the payment of the proceeds of any sale of products seized to the owner shall not preclude the court from imposing any fine or penalty upon the violator for the violation of the provisions of this chapter.

Sec. 12. RCW 76.48.120 and 1979 ex.s. c 94 s 14 are each amended to read as follows:

Any person who knowingly or intentionally violates this section (~~(shall be)~~) is guilty of forgery, and shall be punished as a class C felony providing for imprisonment in a state correctional institution for a maximum term fixed by the court of not more than five years or by a fine of not more than five thousand dollars, or by both (~~(such)~~) imprisonment and fine.

Whenever any law enforcement officer reasonably suspects that a specialized forest products permit or true copy thereof, authorization, sales invoice, or bill of lading is forged, fraudulent, or stolen, it may be retained by the officer until its authenticity can be verified.

Sec. 13. RCW 76.48.130 and 1977 ex.s. c 147 s 10 are each amended to read as follows:

~~((Any))~~ A person who violates ~~((any))~~ a provision of this chapter, other than the provisions contained in RCW 76.48.120, as now or hereafter amended, ~~((shall be))~~ is guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not more than one thousand dollars or by imprisonment in the county jail for not to exceed one year or by both ~~((such))~~ a fine and imprisonment.

E2SSB 5064 Prime Sponsor, Committee on Ways & Means: Revising the regional fisheries enhancement program. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 75.50 RCW to read as follows:
The legislature finds that:

(1) Regional enhancement groups are a valuable resource for anadromous fish recovery. They improve critical fish habitat and directly contribute to anadromous fish populations through fish restoration technology.

(2) Due to a decrease in recreational and commercial salmon license sales, regional enhancement groups are receiving fewer financial resources at a time when recovery efforts are needed most.

(3) To maintain regional enhancement groups as an effective enhancement resource, technical assets of state agencies must be coordinated and utilized to maximize the financial resources of regional enhancement groups and overall fish recovery efforts.

NEW SECTION. Sec. 2. A new section is added to chapter 75.50 RCW to read as follows:

The department's habitat division shall work with cities, counties, and regional fisheries enhancement groups to develop a program to identify and expedite the removal of human-made or caused impediments to anadromous fish passage. A priority shall be given to projects that immediately increase access to available and improved spawning and rearing habitat for depressed, threatened, and endangered stocks. The department may contract with cities and counties to assist in the identification and removal of impediments to anadromous fish passage.

A report on the progress of impediment identification and removal and the need for any additional legislative action shall be submitted to the senate and the house of representatives natural resources committees no later than January 1, 1996.

NEW SECTION. Sec. 3. A new section is added to chapter 75.50 RCW to read as follows:

To maximize available state resources, the department and the department of transportation shall work in partnership with the regional fisheries enhancement group advisory board to identify cooperative projects to eliminate fish passage barriers caused by state roads and highways. The advisory board may provide input to the department to aid in identifying priority barrier removal projects that can be accomplished with the assistance of regional fisheries enhancement groups. The department of transportation shall provide engineering and other technical services to assist regional fisheries enhancement groups with fish passage barrier removal projects, provided that the barrier removal projects have been identified as a priority by the department of fish and wildlife and the department of transportation has received an appropriation to continue the fish barrier removal program.

NEW SECTION. Sec. 4. A new section is added to chapter 90.58 RCW to read as follows:

A regional fisheries enhancement group or cooperative group project that is primarily designed to improve fish habitat or fish passage; has been approved by the department of fish and wildlife; has been given or is qualified to be given a hydraulic permit; and has been determined by local government to not substantially affect other concerns of this chapter is exempt from the permitting requirements of this chapter. A letter of exemption must be obtained from the local government, which shall be provided in a timely manner.

Sec. 5. RCW 75.50.110 and 1990 c 58 s 4 are each amended to read as follows:

(1) A regional fisheries enhancement group advisory board is established to make recommendations to the director. ~~((The advisory board shall make recommendations regarding regional enhancement group rearing project proposals and funding of those proposals.))~~ The members shall be appointed by the director and consist of two commercial fishing representatives, two recreational fishing representatives, and three at-large positions. At least two of the advisory board members shall be members of a regional fisheries enhancement group. Advisory board members shall serve three-year terms. The advisory board membership shall include two members serving ex officio to be nominated, one through the Northwest Indian fisheries commission, and one through the Columbia river intertribal fish commission. The chair of the regional fisheries enhancement group advisory board shall be elected annually by members of the regional fisheries enhancement advisory board. The advisory board shall meet at least quarterly. All meetings of the advisory board shall be open to the public under the open public meetings act, chapter 42.30 RCW.

The department shall invite the advisory board to comment and provide input into all relevant policy initiatives, including, but not limited to, wild stock, hatcheries, and habitat restoration efforts.

(2) Members shall not be compensated but shall receive reimbursement for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(3) The department may use account funds to provide agency assistance to the groups, to provide professional, administrative or clerical services to the advisory board, or to implement the training and technical services plan as developed by the advisory board pursuant to section 6 of this act. The level of account funds used by the department shall be determined by the director after review ((and)) of recommendation by the regional fisheries enhancement group advisory board and shall not exceed twenty percent of annual contributions to the account.

NEW SECTION. Sec. 6. A new section is added to chapter 75.50 RCW to read as follows:

(1) The regional fisheries enhancement group advisory board shall:

- (a) Assess the training and technical assistance needs of the regional fisheries enhancement groups;
 - (b) Develop a training and technical assistance services plan in order to provide timely, topical technical assistance and training services to regional fisheries enhancement groups. The plan shall be provided to the director and to the senate and house of representatives natural resources committees no later than October 1, 1995, and shall be updated not less than every year. The advisory board shall provide ample opportunity for the public and interested parties to participate in the development of the plan. The plan shall include but is not limited to:
 - (i) Establishment of an information clearinghouse service that is readily available to regional fisheries enhancement groups. The information clearinghouse shall collect, collate, and make available a broad range of information on subjects that affect the development, implementation, and operation of diverse fisheries and habitat enhancement projects. The information clearinghouse service may include periodical news and informational bulletins;
 - (ii) An ongoing program in order to provide direct, on-site technical assistance and services to regional fisheries enhancement groups. "**Sec. 1.** RCW 71.09.020 and 1992 c 145 s 17 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

(3) "Likely to engage in predatory acts of sexual violence" means that the person more probably than not will engage in such acts. Such likelihood must be evidenced by a recent overt act if the person is not totally confined at the time the petition is filed under RCW 71.09.030.

(7) "Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total confinement.

(8) "Secretary" means the secretary of social and health services or his or her designee.

Sec. 2. RCW 71.09.025 and 1992 c 45 s 3 are each amended to read as follows:

~~((All records relating to the psychological or psychiatric evaluation and/or treatment of the person;~~

(4) As used in this section, "agency with jurisdiction" means that agency with the authority to direct the release of a person serving a sentence or term of confinement and includes the department of corrections, the indeterminate sentence review board, and the department of social and health services.

Sec. 3. RCW 71.09.030 and 1992 c 45 s 4 are each amended to read as follows:

When it appears that: (1) ~~((The term of total confinement of))~~ A person who at any time previously has been convicted of a sexually violent offense is about to ((expire, or has expired)) be released from total confinement on, before, or after July 1, 1990; (2) ~~((the term of total confinement of))~~ a person found to have committed a sexually violent offense as a juvenile is about to ((expire, or has expired)) be released from total confinement on, before, or after July 1, 1990; (3) a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial is about to be released, or has been released on, before, or after July 1, 1990, pursuant to RCW 10.77.090(3); ~~((of))~~ (4) a person who has been found not guilty by reason of insanity of a sexually violent offense is about to be released, or has been released on, before, or after July 1, 1990, pursuant to RCW 10.77.020(3), 10.77.110 (1) or (3), or 10.77.150; or (5) a person who at any time previously has been convicted of a sexually violent offense and has since been released from total confinement and has committed a recent overt act; and it appears that the person may be a sexually violent predator, the prosecuting attorney of the county where the person was convicted or charged or the attorney general if requested by the prosecuting attorney may file a petition alleging that the person is a "sexually violent predator" and stating sufficient facts to support such allegation.

Sec. 4. RCW 71.09.040 and 1990 c 3 s 1004 are each amended to read as follows:

(1) Upon the filing of a petition under RCW 71.09.030, the judge shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If such determination is made the judge shall direct that the person be taken into custody ~~((and))~~.

(2) Within seventy-two hours after a person is taken into custody pursuant to subsection (1) of this section, the court shall provide the person with notice of, and an opportunity to appear in person at, a hearing to contest probable cause as to whether the person is a sexually violent predator. At this hearing, the court shall (a) verify the person's identity, and (b) determine whether probable cause exists to believe that the person is a sexually violent predator. At the probable cause hearing, the state may

rely upon the petition and certification for determination of probable cause filed pursuant to RCW 71.09.030. The state may supplement this with additional documentary evidence or live testimony.

(3) At the probable cause hearing, the person shall have the following rights in addition to the rights previously specified: (a) To be represented by counsel; (b) to present evidence on his or her behalf; (c) to cross-examine witnesses who testify against him or her; (d) to view and copy all petitions and reports in the court file.

(4) If the probable cause determination is made, the judge shall direct that the person ((shall)) be transferred to an appropriate facility for an evaluation as to whether the person is a sexually violent predator. The evaluation shall be conducted by a person deemed to be professionally qualified to conduct such an examination pursuant to rules developed by the department of social and health services. In adopting such rules, the department of social and health services shall consult with the department of health and the department of corrections. In no event shall the person be released from confinement prior to trial.

Sec. 5. RCW 71.09.050 and 1990 c 3 s 1005 are each amended to read as follows:

(1) Within forty-five days after the ((filing of a petition pursuant to RCW 71.09.030)) completion of any hearing held pursuant to RCW 71.09.040, the court shall conduct a trial to determine whether the person is a sexually violent predator. The trial may be continued upon the request of either party and a showing of good cause, or by the court on its own motion in the due administration of justice, and when the respondent will not be substantially prejudiced. At all stages of the proceedings under this chapter, any person subject to this chapter shall be entitled to the assistance of counsel, and if the person is indigent, the court shall appoint counsel to assist him or her. The person shall be confined in a secure facility for the duration of the trial.

(2) Whenever any person is subjected to an examination under this chapter, he or she may retain experts or professional persons to perform an examination on their behalf. When the person wishes to be examined by a qualified expert or professional person of his or her own choice, such examiner shall be permitted to have reasonable access to the person for the purpose of such examination, as well as to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an examination or participate in the trial on the person's behalf.

(3) The person, the prosecuting attorney or attorney general, or the judge shall have the right to demand that the trial be before a twelve-person jury. If no demand is made, the trial shall be before the court.

Sec. 6. RCW 71.09.060 and 1990 1st ex.s. c 12 s 4 are each amended to read as follows:

(1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. When the determination is made by a jury, the verdict must be unanimous. If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020((4))(6)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030. If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as the person's mental abnormality or personality disorder has so changed that the person is safe either (a) to be at large, or (b) to be released to a less restrictive alternative as set forth in section 10 of this act. ((Such control, care, and treatment shall be provided at a facility operated by the department of social and health services.)) If the court or jury is not satisfied beyond a reasonable doubt that the person is a sexually violent predator, the court shall direct the person's release.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to or has been released pursuant to RCW 10.77.090(3), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.090(3) that the person committed the act or acts charged. The hearing on

this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, it shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) The state shall comply with RCW 10.77.220 while confining the person pursuant to this chapter, except that during all court proceedings the person shall be detained in a secure facility. The facility shall not be located on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population.

Sec. 7. RCW 71.09.070 and 1990 c 3 s 1007 are each amended to read as follows:

Each person committed under this chapter shall have a current examination of his or her mental condition made at least once every year. The annual report shall include consideration of whether conditional release to a less restrictive alternative is in the best interest of the person and will adequately protect the community. The person may retain, or if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her, and such expert or professional person shall have access to all records concerning the person. The periodic report shall be provided to the court that committed the person under this chapter.

Sec. 8. RCW 71.09.080 and 1990 c 3 s 1008 are each amended to read as follows:

~~((The involuntary detention or commitment of persons under this chapter shall conform to constitutional requirements for care and treatment.))~~ (1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter.

(2) Any person committed pursuant to this chapter has the right to adequate care and individualized treatment. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting attorney, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

(3) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

(4) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

(5) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so.

Sec. 9. RCW 71.09.090 and 1992 c 45 s 7 are each amended to read as follows:

(1) If the secretary (~~(of the department of social and health services)~~) determines that the person's mental abnormality or personality disorder has so changed that the person is not likely to engage in predatory acts of sexual violence if conditionally released to a less restrictive alternative or unconditionally discharged, the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative or unconditional discharge. The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for conditional release to a less restrictive alternative or unconditional discharge, shall within forty-five days order a hearing. The prosecuting attorney or the attorney general, if requested by the county, shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of his or her choice. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney or attorney general. The burden of proof shall be upon the prosecuting attorney or attorney general to show beyond a reasonable doubt that the petitioner's mental abnormality or personality disorder remains such that the petitioner is not safe to be at large and that if conditionally released to a less restrictive alternative or unconditionally discharged is likely to engage in predatory acts of sexual violence.

(2) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall forward the notice and waiver form to the court with the annual report. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether facts exist that warrant a hearing on whether the person's condition has so changed that he or she is safe to be ~~((at large))~~ conditionally released to a less restrictive alternative or unconditionally discharged. The committed person shall have a right to have an attorney represent him or her at the show cause hearing but the person is not entitled to be present at the show cause hearing. If the court at the show cause hearing determines that probable cause exists to believe that the person's mental abnormality or personality disorder has so changed that the person is ~~((safe to be at large and is))~~ not likely to engage in predatory acts of sexual violence if conditionally released to a less restrictive alternative or unconditionally discharged, then the court shall set a hearing on the issue. At the hearing, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting attorney or the attorney general if requested by the county shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The committed person shall also have the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment. The burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that the committed person's mental abnormality or personality disorder remains such that the person is ~~((not safe to be at large and if released is))~~ likely to engage in predatory acts of sexual violence if conditionally released to a less restrictive alternative or unconditionally discharged.

(3) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time as the person is unconditionally discharged.

NEW SECTION. Sec. 10. Before the court may enter an order directing conditional release to a less restrictive alternative, it must find the following: (1) The person will be treated by a treatment provider who is qualified to provide such treatment in the state of Washington under chapter 18.155 RCW; (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for such treatment and will report progress to the court on a regular basis, and will report violations immediately to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center; (3) housing exists that is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center if the person leaves the housing to which he or she has been assigned without authorization; (4) the person is willing to comply with the treatment provider

and all requirements imposed by the treatment provider and by the court; and (5) the person is willing to comply with supervision requirements imposed by the department of corrections.

NEW SECTION. Sec. 11. (1) Upon the conclusion of the evidence in a hearing held pursuant to RCW 71.09.090, if the court finds that there is no legally sufficient evidentiary basis for a reasonable jury to find that the conditions set forth in section 10 of this act have been met, the court shall grant a motion by the state for a judgment as a matter of law on the issue of conditional release to a less restrictive alternative.

(2) Whenever the issue of conditional release to a less restrictive alternative is submitted to the jury, the court shall instruct the jury to return a verdict in substantially the following form: Has the state proved beyond a reasonable doubt that the proposed less restrictive alternative is not in the best interests of respondent or will not adequately protect the community? Answer: Yes or No.

NEW SECTION. Sec. 12. (1) If the court or jury determines that conditional release to a less restrictive alternative is in the best interest of the person and will adequately protect the community, and the court determines that the minimum conditions set forth in section 9 of this act are met, the court shall enter judgment and direct a conditional release.

(2) The court shall impose any additional conditions necessary to ensure compliance with treatment and to protect the community. If the court finds that conditions do not exist that will both ensure the person's compliance with treatment and protect the community, then the person shall be remanded to the custody of the department of social and health services for control, care, and treatment in a secure facility as designated in RCW 71.09.060(1).

(3) If the service provider designated to provide inpatient or outpatient treatment or to monitor or supervise any other terms and conditions of a person's placement in a less restrictive alternative is other than the department of social and health services or the department of corrections, then the service provider so designated must agree in writing to provide such treatment.

(4) Prior to authorizing any release to a less restrictive alternative, the court shall impose such conditions upon the person as are necessary to ensure the safety of the community. The court shall order the department of corrections to investigate the less restrictive alternative and recommend any additional conditions to the court. These conditions shall include, but are not limited to the following: Specification of residence, prohibition of contact with potential or past victims, prohibition of alcohol and other drug use, participation in a specific course of inpatient or outpatient treatment that may include monitoring by the use of polygraph and plethysmograph, supervision by a department of corrections community corrections officer, a requirement that the person remain within the state unless the person receives prior authorization by the court, and any other conditions that the court determines are in the best interest of the person or others. A copy of the conditions of release shall be given to the person and to any designated service providers.

(5) Any service provider designated to provide inpatient or outpatient treatment shall monthly, or as otherwise directed by the court, submit to the court, to the department of social and health services facility from which the person was released, to the prosecutor of the county in which the person was found to be a sexually violent predator, and to the supervising community corrections officer, a report stating whether the person is complying with the terms and conditions of the conditional release to a less restrictive alternative.

(6) Each person released to a less restrictive alternative shall have his or her case reviewed by the court that released him or her no later than one year after such release and annually thereafter until the person is unconditionally discharged. Review may occur in a shorter time or more frequently, if the court, in its discretion on its own motion, or on motion of the person, the secretary, or the prosecuting attorney so determines. The sole question to be determined by the court is whether the person shall continue to be conditionally released to a less restrictive alternative. The court in making its determination shall be aided by the periodic reports filed pursuant to subsection (5) of this section and the opinions of the secretary and other experts or professional persons.

NEW SECTION. Sec. 13. (1) Any service provider submitting reports pursuant to section 12(5) of this act, the supervising community corrections officer, the prosecuting attorney, or the attorney general may petition the court, or the court on its own motion may schedule an immediate hearing, for the purpose of revoking or modifying the terms of the person's conditional release to a less

restrictive alternative if the petitioner or the court believes the released person is not complying with the terms and conditions of his or her release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the supervising community corrections officer, or the court, based upon information received by them, reasonably believes that a conditionally released person is not complying with the terms and conditions of his or her conditional release to a less restrictive alternative, the court or community corrections officer may order that the conditionally released person be apprehended and taken into custody until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified. The court shall be notified before the close of the next judicial day of the person's apprehension. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) The court, upon receiving notification of the person's apprehension, shall promptly schedule a hearing. The issue to be determined is whether the state has proven by a preponderance of the evidence that the conditionally released person did not comply with the terms and conditions of his or her release. Hearsay evidence is admissible if the court finds it otherwise reliable. At the hearing, the court shall determine whether the person shall continue to be conditionally released on the same or modified conditions or whether his or her conditional release shall be revoked and he or she shall be committed to total confinement, subject to release only in accordance with provisions of this chapter.

Sec. 14. RCW 71.09.110 and 1990 c 3 s 1011 are each amended to read as follows:

The department of social and health services shall be responsible for all costs relating to the evaluation and treatment of persons committed to their custody whether in a secure facility or under a less restrictive alternative under any provision of this chapter. Reimbursement may be obtained by the department for the cost of care and treatment of persons committed to its custody whether in a secure facility or under a less restrictive alternative pursuant to RCW 43.20B.330 through 43.20B.370.

(b) The sheriff of the county in which the person will reside or in which placement will be made under a less restrictive alternative; and

(c) The sheriff of the county where the person was last convicted of a sexually violent offense, if the department does not know where the person will reside.

The department shall notify the state patrol of the release of all sexually violent predators and that information shall be placed in the Washington crime information center for dissemination to all law enforcement.

(2) The same notice as required by subsection (1) of this section shall be sent to the following if such notice has been requested in writing about a specific person found to be a sexually violent predator under this chapter:

If previously requested, the department shall also notify the witnesses and the victims of the sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. If the person is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(4) If the victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(5) The department of social and health services shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(6) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section.

NEW SECTION. Sec. 18. For purposes of sections 19 through 21 of this act:

(2) Attend the funeral of a member of the resident's immediate family listed in subsection (1) of this section; and

(3) Receive necessary medical or dental care which is not available in the institution.

NEW SECTION. Sec. 21. (1) The secretary is authorized to adopt rules providing for the conditions under which residents will be granted leaves of absence and providing for safeguards to prevent escapes while on leaves of absence. Leaves of absence granted to residents under section 19 of this act, however, shall not allow or permit any resident to go beyond the boundaries of this state.

(2) The secretary shall adopt rules requiring reimbursement of the state from the resident granted leave of absence, or the resident's family, for the actual costs incurred arising from any leave of absence granted under the authority of section 19 (1) and (2) of this act. No state funds shall be expended in connection with leaves of absence granted under section 19 (1) and (2) of this act unless the resident and the resident's immediate family are indigent and without resources sufficient to reimburse the state for the expenses of such leaves of absence.

NEW SECTION. **Sec. 22.** RCW 71.09.100 and 1990 c 3 s 1010 are each repealed.

"PART I - IMPLIED CONSENT AND ADMINISTRATIVE REVOCATION

Sec. 1. RCW 46.20.308 and 1994 c 275 s 13 are each amended to read as follows:

(1)(a) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the ~~((alcoholic content of))~~ alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug.

(b) A person under the age of twenty-one who drives or is in physical control of a motor vehicle within this state is deemed to have given consent, subject to the relevant portions of RCW 46.61.506, to be detained long enough, and be transported if necessary, to take a test or tests of that person's blood or breath for the purpose of determining the alcohol concentration in his or her system if requested or signaled to stop by a law enforcement officer pursuant to RCW 46.20.309 (as recodified by this act) where, at the time of the stop, the officer has reasonable grounds to believe the person is under the age of twenty-one and had been driving or was in actual physical control of a motor vehicle while having alcohol in a concentration of 0.02 or more in his or her system.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration of 0.02 or more in his or her system and being under the age of twenty-one. However, in those instances where ~~((:-(a)))~~ the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample ~~((:-(b) as a result of a traffic accident))~~ or where the person is being treated ~~((for a medical condition))~~ in a hospital, clinic, doctor's office, emergency medical

vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test ~~((, and (b) that))~~:

(b) His or her license, permit, or privilege to drive will be suspended, revoked, denied, or placed in probationary status and the person will be subject to possible criminal penalties if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.10 or more, in the case of a person age twenty-one or over, or 0.02 in the case of a person under age twenty-one; and

(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502 or is under detention for driving with alcohol in his or her system as provided in RCW 46.20.309 (as recodified by this act), which arrest or detention results from an accident in which there has been serious bodily injury to another person ~~((has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in the accident))~~, a breath or blood test may be administered without the consent of the individual so arrested or detained.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest or detention and receipt of warnings under subsection (2) of this section, the person arrested or detained refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest or detention and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.10 or more if the person is age twenty-one or over, or is 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest or detention results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing. Within thirty days after the notice has been given, the person may, in writing, request a formal hearing as provided by subsection (8) of this section. If such request is made by mail it must be postmarked within thirty days after the notice has been given;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or detention or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest or detention and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested or detained person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report ~~((of the law enforcement officer that the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor and that the person had refused to submit to the test or tests upon the request of the law enforcement officer after being informed that refusal would result in the revocation of the person's privilege to drive))~~ or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, deny, or place in probationary status the person's license ~~((er)),~~ permit, or privilege to drive or any nonresident operating privilege, as provided in section 3 of this act, such suspension, revocation, denial, or placement in probationary status to be effective beginning sixty days from the date of arrest or detention or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

~~((7) Upon revoking the license or permit to drive or the nonresident operating privilege of any person, the department shall immediately notify the person involved in writing by personal service or by certified mail of its decision and the grounds therefor, and of the person's right to a hearing, specifying the steps he or she must take to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing. The person shall pay a fee of one hundred dollars as part of the request.))~~

(8) Upon timely receipt of ~~((such))~~ a request ~~((and such fee))~~ for a formal hearing, the department shall afford the person an opportunity for a hearing ~~((as provided in))~~. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest or detention, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or detention or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of ~~((such))~~ the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person was age twenty-one or over at the time of the arrest, or was 0.02 or more if the person was under the age of twenty-one at the time of the arrest or detention. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system

and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, denial, or placement in probationary status either be rescinded or sustained. ~~((Any decision by the department revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as provided in this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during pendency of the hearing and appeal.~~

~~(8))~~ (9) If the suspension, revocation, denial, or placement in probationary status is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, denied, or placed in probationary status has the right to file a petition in the superior court of the county of arrest or detention to review the final order of revocation by the department in the same manner ~~((provided in RCW 46.20.334))~~ as an appeal from a decision of a court of limited jurisdiction. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer plus an additional one hundred dollars to the department. The filing of the appeal does not stay the effective date of the suspension, revocation, denial, or placement in probationary status. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, denial, or placement in probationary status as expeditiously as possible. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, denial, or placement in probationary status it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, denied, or placed in probationary status under subsection (7) of this section, other than as a result of a breath test refusal, and who has not committed an offense within the last five years for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, denial, or placement in probationary status for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, denial, or placement in probationary status, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

~~((9))~~ (11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 2. RCW 46.20.309 and 1994 c 275 s 10 are each amended to read as follows:

~~((4))~~ Notwithstanding any other provision of this title, a person under the age of twenty-one may not drive, operate, or be in physical control of a motor vehicle while having alcohol in his or her system in a concentration of 0.02 or above.

~~((2))~~ A person under the age of twenty-one who drives or is in physical control of a motor vehicle within this state is deemed to have given consent, subject to the relevant portions of RCW 46.61.506, to be detained long enough, and be transported if necessary, to take a test or tests of that person's blood or breath for the purpose of determining the alcohol concentration in his or her system.

~~(3)~~ A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the driver, has reasonable grounds to believe that the driver was driving or in actual physical control of a motor vehicle while having alcohol in his or her system.

~~(4)~~ The law enforcement officer requesting the test or tests under subsection (2) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person's driver's license or driving privilege being revoked.

~~(5)~~ If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.02 or more, the law enforcement officer shall:

~~(a)~~ Serve the person notice in writing on behalf of the department of licensing of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive;

~~(b)~~ Serve the person notice in writing on behalf of the department of licensing of the person's right to a hearing, specifying the steps required to obtain a hearing;

~~(c)~~ Confiscate the person's Washington state license or permit to drive, if any, and issue a temporary license to replace any confiscated license or permit. The temporary license shall be valid for thirty days from the date of the traffic stop or until the suspension or revocation of the person's license or permit is sustained at a hearing as provided by subsection (7) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit it replaces;

~~(d)~~ Notify the department of licensing of the traffic stop, and transmit to the department any confiscated license or permit and a sworn report stating:

~~(i)~~ That the officer had reasonable grounds to believe the person was driving or in actual physical control of a motor vehicle within this state with alcohol in his or her system;

~~(ii)~~ That pursuant to this section a test of the person's alcohol concentration was administered or that the person refused to be tested;

~~(iii)~~ If administered, that the test indicated the person's alcohol concentration was 0.02 or higher; and

~~(iv)~~ Any other information that the department may require by rule.

~~(6)~~ Upon receipt of the sworn report of a law enforcement officer under subsection (5) of this section, the department shall suspend or revoke the driver's license or driving privilege beginning thirty days from the date of the traffic stop or beginning when the suspension, revocation, or denial is sustained at a hearing as provided by subsection (7) of this section. Within fifteen days after notice of a suspension or revocation has been given, the person may, in writing, request a formal hearing. If such a request is not made within the prescribed time the right to a hearing is waived. Upon receipt of such request, the department shall afford the person an opportunity for a hearing as provided in RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the revocation of the person's driver's license or driving privilege, and, if the test or tests of the person's breath or blood was administered, whether the results indicated an alcohol concentration of 0.02 or more. The department shall order that the suspension or revocation of the person's driver's license or driving privilege either be rescinded or sustained. Any decision by the department suspending or revoking a person's driver's license or driving privilege is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.61.502 or 46.61.504 or any similar municipal ordinance, if such person has a ~~((previous conviction for violation of either RCW 46.61.502 or 46.61.504 or other similar municipal ordinance, and where the offense occurs within a five-year period of the previous conviction))~~ prior offense within five years as defined in section 5 of this act, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On ~~((a second or subsequent))~~ conviction for a violation of either RCW 46.61.502 or 46.61.504 or any similar municipal ordinance where ~~((such offense was committed within a five-year period of the previous conviction))~~ the person convicted has a prior offense within five years as defined in section 5 of this act, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, is subject to seizure and forfeiture pursuant to this section.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or

the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1) (a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. The department shall not issue to the person a new, duplicate, or renewal license until the

person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be fifty dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by ~~((RCW 46.20.308 or 46.61.5052, 46.61.5053, or 46.20.365))~~ section 3 or 5 of this act; (c) after the expiration of two years for persons convicted of vehicular homicide; or (d) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504 ~~((or is the result of administrative action under RCW 46.20.365))~~, the reissue fee shall be fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (a) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (b) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be fifty dollars.

Sec. 13. RCW 46.20.391 and 1994 c 275 s 29 are each amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504. ~~((No person may petition for, and the department shall not issue, an occupational driver's license if the person is ineligible for such a license under RCW 46.61.5052 or 46.61.5053.))~~ A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed ~~((of))~~ any ~~((committed any))~~ offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within five years immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 14. RCW 46.61.5054 and 1994 c 275 s 7 are each amended to read as follows:

(1)(a) In addition to penalties set forth in RCW 46.61.5051 through 46.61.5053 until September 1, 1995, and section 5 of this act thereafter, a one hundred twenty-five dollar fee shall be assessed to a person who is either convicted, sentenced to a lesser charge, or given deferred prosecution, as a result of an arrest for violating RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522. This fee is for the purpose of funding the Washington state toxicology laboratory and the Washington state patrol breath test program.

(b) Upon a verified petition by the person assessed the fee, the court may suspend payment of all or part of the fee if it finds that the person does not have the ability to pay.

(c) When a minor has been adjudicated a juvenile offender for an offense which, if committed by an adult, would constitute a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, the court shall assess the one hundred twenty-five dollar fee under (a) of this subsection. Upon a verified petition by a minor assessed the fee, the court may suspend payment of all or part of the fee if it finds that the minor does not have the ability to pay the fee.

(2) The fee assessed under subsection (1) of this section shall be collected by the clerk of the court and distributed as follows:

(a) Forty percent shall be subject to distribution under RCW 3.46.120, 3.50.100, 35.20.220, 3.62.020, 3.62.040, or 10.82.070.

(b) If the case involves a blood test by the state toxicology laboratory, the remainder of the fee shall be forwarded to the state treasurer for deposit in the death investigations account to be used solely for funding the state toxicology laboratory blood testing program.

(c) Otherwise, the remainder of the fee shall be forwarded to the state treasurer for deposit in the state patrol highway account to be used solely for funding the Washington state patrol breath test program.

(3) This section applies to any offense committed on or after July 1, 1993.

Sec. 15. RCW 46.61.5056 and 1994 c 275 s 9 are each amended to read as follows:

(1) A person subject to alcohol assessment and treatment under ~~((RCW 46.61.5051, 46.61.5052, or 46.61.5053))~~ section 5 of this act shall be required by the court to complete a course in an alcohol information school approved by the department of social and health services or to complete more intensive treatment in a program approved by the department of social and health services, as determined by the court. The court shall notify the department of licensing whenever it orders a person to complete a course or treatment program under this section.

(2) A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services.

(3) Standards for approval for alcohol treatment programs shall be prescribed by the department of social and health services. The department of social and health services shall periodically review the costs of alcohol information schools and treatment programs.

(4) Any agency that provides treatment ordered under ~~((RCW 46.61.5051, 46.61.5052, or 46.61.5053))~~ section 5 of this act, shall immediately report to the appropriate probation department where applicable, otherwise to the court, and to the department of licensing any noncompliance by a person with the conditions of his or her ordered treatment. The court shall notify the department of licensing and the department of social and health services of any failure by an agency to so report noncompliance. Any agency with knowledge of noncompliance that fails to so report shall be fined

two hundred fifty dollars by the department of social and health services. Upon three such failures by an agency within one year, the department of social and health services shall revoke the agency's approval under this section.

(5) The department of licensing and the department of social and health services may adopt such rules as are necessary to carry out this section.

However, any mandatory minimum sentence under (~~RCW 46.61.5051, 46.61.5052, or 46.61.5053~~) section 5 of this act shall be served consecutively unless suspended or deferred as otherwise provided by law.

SB 5275 Prime Sponsor, Haugen: Affecting the consolidation of cities and towns. Reported by Committee on Government Operations

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.10.460 and 1985 c 281 s 9 are each amended to read as follows:
((Ballot titles on the questions shall be prepared as provided in RCW 35A.29.120.)) If a proposal for assumption of indebtedness is to be submitted to the voters of a city in which the

indebtedness did not originate, the proposal shall be separately stated and the ballots shall contain, as a separate proposition to be voted on, the words "For Assumption of Indebtedness to be paid by the levy of annual property taxes in excess of regular property taxes" and "Against Assumption of Indebtedness to be paid by the levy of annual property taxes in excess of regular property taxes" or words equivalent thereto. If the question of the form or plan of government is to be submitted to the voters, the question shall be separately stated and the ballots shall contain, as a separate proposition to be voted on, the option of a voter to select one of the three forms or plans of government. If the question of the name of the proposed consolidated city is to be submitted to the voters, the question shall be separately stated and the ballots shall contain, as a separate proposition to be voted on, the option of a voter to select one of the names of the proposed consolidated city.

Sec. 2. RCW 35.10.470 and 1985 c 281 s 10 are each amended to read as follows:

The county canvassing board in each county involved shall canvass the returns in each election. The votes cast in each of such cities shall be canvassed separately, and the statement shall show the whole number of votes cast, the number of votes cast in each city for consolidation, and the number of votes cast in each city against such consolidation. If a proposal for assumption or indebtedness was voted upon in a city in which the indebtedness did not originate, the statement shall show the number of votes cast in such a city for assumption of indebtedness and the number of votes cast against assumption of indebtedness. If a question of the form or plan of government was voted upon, the statement shall show the number of votes cast in each city for each of the optional forms or plans of government. If a name for the proposed consolidated city was voted upon, the statement shall show the number of votes cast in each city for each optional name. A certified copy of such statement shall be filed with the legislative body of each of the cities proposed to be consolidated.

If it appears from such statement of canvass that a majority of the votes cast in each of the cities were in favor of consolidation, the consolidation shall be authorized and shall be effective when the newly elected legislative body members assume office, as provided in RCW 35.10.480.

If a question of the form or plan of government was voted upon, that form or plan receiving the greatest combined number of votes shall become the form or plan of government for the consolidated city. If two or three of the forms or plans of government received the same highest number of votes, the form or plan of government shall be chosen by lot between those receiving the same highest number, where the mayor of the largest of the cities proposed to be consolidated draws the lot at a public meeting.

If a proposition to assume indebtedness was submitted to voters of a city in which the indebtedness did not originate, the proposition shall be deemed approved if approved by a majority of at least three-fifths of the voters of the city, and the number of persons voting on the proposition constitutes not less than forty percent of the number of votes cast in the city at the last preceding general election. Approval of the proposition authorizes annual property taxes to be levied on the property within the city in which the indebtedness did not originate that are in excess of regular property taxes. However, if the general indebtedness in question was incurred by action of a city legislative body, a proposition for assuming the indebtedness need only be approved by a simple majority vote of the voters of the city in which such indebtedness did not originate.

If a question of the name of the proposed consolidated city was voted upon, that name receiving the greatest combined number of votes shall become the name of the consolidated city. If two proposed names receive the same number of votes, the name shall be chosen by lot, where the mayor of the largest of the cities proposed to be consolidated draws the lot at a public meeting.

Sec. 3. RCW 35.10.480 and 1985 c 281 s 11 are each amended to read as follows:

If the voters of each of the cities proposed to consolidate approve the consolidation, elections to nominate and elect the elected officials of the consolidated city shall be held at times specified in RCW 35A.02.050. If the joint resolution or the petitions prescribe that councilmembers of the consolidated city shall be elected from wards, then the councilmembers shall be elected from wards under RCW 35A.12.180. Terms shall be established as if the city is initially incorporating.

The newly elected officials shall take office immediately upon their qualification. The effective date of the consolidation shall be when a majority of the newly elected members of the legislative body assume office. The clerk of the newly consolidated city shall transmit a duly certified copy of an abstract of the votes to authorize the consolidation and of the election of the newly elected city officials to the secretary of state and the office of financial management.

Sec. 4. RCW 35.10.490 and 1985 c 281 s 12 are each amended to read as follows:

If the name for the proposed consolidated city is not prescribed by the joint resolution or petition, or a proposition on the name is not submitted to the voters of the cities proposed to be consolidated, then the newly consolidated city shall be known as the city of (listing the names of the cities that were consolidated in alphabetical order). The legislative body of the newly consolidated city may present another name or two names for the newly consolidated city to the city voters for their approval or rejection at the next municipal general election held after the effective date of the consolidation. If only one alternative name is submitted, this alternative name shall become the name of the consolidated city if approved by a simple majority vote of the voters voting on the question. If two alternative names are submitted, the name receiving the simple majority vote of the voters voting on the question shall become the name of the consolidated city.

Sec. 5. RCW 35.21.010 and 1991 c 363 s 37 are each amended to read as follows:

NEW SECTION. Sec. 6. A new section is added to chapter 35.10 RCW to read as follows:

Unless a commission form of government is prescribed or submitted to the voters under RCW 35.10.430, a joint resolution or petition may prescribe that wards be used to elect the council members of the consolidated city. The joint resolution or petition must contain a map of the proposed consolidated city that clearly delineates the boundaries of each ward. Each ward in the proposed consolidated city shall contain approximately the same population. To the greatest extent possible, the integrity of the boundaries of the cities that are proposed to be consolidated shall be respected when the wards are drawn so that the territory within each city is: (1) Included within the fewest number of wards, to the extent the city has a population that is greater than the maximum population established for each ward; or (2) included wholly within one ward, to the extent the city has a population that is equal to or less than the maximum population established for each ward. After the election specified in RCW 35.10.480, election wards may be modified in the manner specified in RCW 35A.12.180.

Sec. 7. RCW 35.10.420 and 1985 c 281 s 5 are each amended to read as follows:

The submission of a ballot proposal to the voters of two or more contiguous cities for the consolidation of these contiguous cities may also be caused by the filing of a petition with the legislative body of each such city, signed by the voters of each city in number equal to not less than ten percent of ~~((the votes cast))~~ voters who voted in the city at the last general municipal election therein, seeking consolidation of such contiguous cities. A copy of the petition shall be forwarded immediately by each city to the auditor of the county or counties within which that city is located.

The county auditor or auditors shall determine the sufficiency of the signatures in each petition within ten days of receipt of the copies and immediately notify the cities proposed to be consolidated of the sufficiency. If each of the petitions is found to have sufficient valid signatures, the auditor or auditors shall call a special election at which the question of whether such cities shall consolidate shall be submitted to the voters of each of such cities. If a general election is to be held more than ninety days but not more than one hundred eighty days after the filing of the last petition, the question shall be submitted at that election. Otherwise the question shall be submitted at a special election to be called for that purpose at the next special election date, as specified in RCW 29.13.020, that occurs ninety or more days after the date when the last petition was filed.

If each of the petitions is found to have sufficient valid signatures, the auditor or auditors also shall notify the county legislative authority of each county in which the cities are located of the proposed consolidation.

Petitions shall conform with the requirements for form prescribed in RCW 35A.01.040, except different colored paper may be used on petitions circulated in the different cities. A legal description of the cities need not be included in the petitions."

SSB 5326 Prime Sponsor, Committee on Human Services & Corrections: Revising provision for registration of sex offenders. Reported by Committee on Corrections

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9A.44.130 and 1994 c 84 s 2 are each amended to read as follows:

(1) Any adult or juvenile residing in this state who has been found to have committed or has been convicted of any sex offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense, shall register with the county sheriff for the county of the person's residence.

(2) The person shall provide the county sheriff with the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; (e) crime for which convicted; (f) date and place of conviction; (g) aliases used; and (h) social security number.

(3)(a) Sex offenders shall register within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses:

(i) **SEX OFFENDERS IN CUSTODY.** Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The agency that has jurisdiction over the offender shall provide notice to the sex offender of the duty to register. Failure to register within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (7) of this section.

(ii) **SEX OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION.** Sex offenders, who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(ii) as of July 28, 1991, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) **SEX OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(iii) as of July 23, 1995, shall not relieve the

offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) SEX OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

~~((iv))~~ (v) SEX OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990. Sex offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) SEX OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released prior to July 23, 1995, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify offenders who were released prior to July 23, 1995. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (7) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (7) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(4) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within ten days of ~~((establishing the new residence))~~ moving. If any person required to register pursuant to this section moves to a new county, the person must register with the county sheriff in the new county within ten days of ~~((establishing the new residence))~~ moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state.

(5) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(6) "Sex offense" for the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330 means any offense defined as a sex offense by RCW 9.94A.030.

(7) A person who knowingly fails to register or who moves without notifying the county sheriff as required by this section is guilty of a class C felony ~~((if the crime for which the individual was convicted was a class A felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a class A felony. If the crime was other than a class A felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a class A felony, violation of this section is a gross misdemeanor)).~~

Sec. 2. RCW 9A.44.140 and 1991 c 274 s 3 are each amended to read as follows:

(1) The duty to register under RCW 9A.44.130 shall end:

(a) For a person convicted of a class A felony: Such person may only be relieved of the duty to register under subsection ~~((2))~~ (3) or ~~((3))~~ (4) of this section.

(b) For a person convicted of a class B felony: Fifteen years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent fifteen consecutive years in the community without being convicted of any new offenses.

(c) For a person convicted of a class C felony: Ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent ten consecutive years in the community without being convicted of any new offenses.

(2) The provisions of subsection (1) of this section shall apply equally to a person who has been found not guilty by reason of insanity under chapter 10.77 RCW of a sex offense.

~~((2))~~ (3) Any person having a duty to register under RCW 9A.44.130 may petition the superior court to be relieved of that duty. The petition shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register, or, in the case of convictions in other states, a foreign country, or a federal or military court, to the court in Thurston county. The prosecuting attorney of the county shall be named and served as the respondent in any such petition. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after conviction, and may consider other factors. Except as provided in subsection ~~((3))~~ (4) of this section, the court may relieve the petitioner of the duty to register only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

~~((3))~~ (4) An offender having a duty to register under RCW 9A.44.130 for a sex offense committed when the offender was a juvenile may petition the superior court to be relieved of that duty. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after adjudication, and may consider other factors. The court may relieve the petitioner of the duty to register for a sex offense that was committed while the petitioner was fifteen years of age or older only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330. The court may relieve the petitioner of the duty to register for a sex offense that was committed while the petitioner was under the age of fifteen if the petitioner (a) has not been adjudicated of any additional sex offenses during the twenty-four months following the adjudication for the sex offense giving rise to the duty to register, and (b) the petitioner proves by a preponderance of the evidence that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

~~((4))~~ (5) Unless relieved of the duty to register pursuant to this section, a violation of RCW 9A.44.130 is an ongoing offense for purposes of the statute of limitations under RCW 9A.04.080.

~~((5))~~ (6) Nothing in RCW 9.94A.220 relating to discharge of an offender shall be construed as operating to relieve the offender of his or her duty to register pursuant to RCW 9A.44.130.

NEW SECTION. Sec. 3. A new section is added to chapter 9A.44 RCW to read as follows:

When a sex offender registers with the county sheriff pursuant to RCW 9A.44.130, the county sheriff shall make reasonable attempts to verify that the sex offender is residing at the registered address. Reasonable attempts at verifying an address shall include at a minimum sending certified mail, with return receipt requested, to the sex offender at the registered address, and if the return receipt is not signed by the sex offender, talking in person with the residents living at the address. The sheriff shall make reasonable attempts to locate any sex offender who cannot be located at the registered address."

" **Sec. 6.** RCW 51.32.050 and 1993 c 521 s 1 are each amended to read as follows:

(1) Where death results from the injury the expenses of burial not to exceed two (~~thousand dollars~~) hundred percent of the average monthly wage in the state as defined in RCW 51.08.018 shall be paid.

(2)(a) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage payments according to the following schedule:

(i) If there are no children of the deceased worker, sixty percent of the wages of the deceased worker but not less than one hundred eighty-five dollars;

(ii) If there is one child of the deceased worker and in the legal custody of such spouse, sixty-two percent of the wages of the deceased worker but not less than two hundred twenty-two dollars;

(iii) If there are two children of the deceased worker and in the legal custody of such spouse, sixty-four percent of the wages of the deceased worker but not less than two hundred fifty-three dollars;

(iv) If there are three children of the deceased worker and in the legal custody of such spouse, sixty-six percent of the wages of the deceased worker but not less than two hundred seventy-six dollars;

(v) If there are four children of the deceased worker and in the legal custody of such spouse, sixty-eight percent of the wages of the deceased worker but not less than two hundred ninety-nine dollars; or

(vi) If there are five or more children of the deceased worker and in the legal custody of such spouse, seventy percent of the wages of the deceased worker but not less than three hundred twenty-two dollars.

(b) Where the surviving spouse does not have legal custody of any child or children of the deceased worker or where after the death of the worker legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children. The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker's death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(d) In no event shall the monthly payments provided in subsection (2) of this section exceed the applicable percentage of the average monthly wage in the state as computed under RCW 51.08.018 as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%

June 30, 1996 120%

(e) In addition to the monthly payments provided for in subsection (2) (a) through ((2))(c) of this section, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid ~~((the))~~ a sum ~~((of one thousand six hundred dollars))~~ equal to one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, any such children, or parents to share and share alike in said sum.

(f) Upon remarriage of a surviving spouse the monthly payments for the child or children shall continue as provided in this section, but the monthly payments to such surviving spouse shall cease at the end of the month during which remarriage occurs. However, after September 8, 1975, an otherwise eligible surviving spouse of a worker who died at any time prior to or after September 8, 1975, shall have an option of:

(i) Receiving, once and for all, a lump sum of twenty-four times the monthly compensation rate in effect on the date of remarriage allocable to the spouse for himself or herself pursuant to subsection (2)(a)(i) of this section and subject to any modifications specified under subsection (2)(d) of this section and RCW 51.32.075(3) or fifty percent of the then remaining annuity value of his or her pension, whichever is the lesser: PROVIDED, That if the injury occurred prior to July 28, 1991, the remarriage benefit lump sum available shall be as provided in the remarriage benefit schedules then in effect; or

(ii) If a surviving spouse does not choose the option specified in subsection (2)(f)(i) of this section to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from claiming the lump sum payment authorized in subsection (2)(f)(i) of this section during the life of the remarriage, or shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment.

(g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in subsection (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(h) The effective date of resumption of payments under subsection (2)(f)(ii) of this section to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, as follows:

AFTER	PERCENTAGE
June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018 as follows:

June 30, 1996	120%

If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) For claims filed prior to July 1, 1986, if the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse, the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries.

E2SSB 5439 Prime Sponsor, Committee on Ways & Means: Revising procedures for nonoffender at-risk youth and their families. Reported by Committee on Children & Family Services

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.32A.010 and 1979 c 155 s 15 are each amended to read as follows:

The legislature finds that within any group of people there exists a need for guidelines for acceptable behavior and that, presumptively, experience and maturity are better qualifications for establishing guidelines beneficial to and protective of individual members and the group as a whole than are youth and inexperience. The legislature further finds that it is the right and responsibility of adults to establish laws for the benefit and protection of the society; and that, in the same manner, the right and responsibility for establishing reasonable guidelines for the family unit belongs to the adults within that unit. The legislature reaffirms its position stated in RCW 13.34.020 that the family unit is the fundamental resource of American life which should be nurtured and that it should remain intact in the absence of compelling evidence to the contrary.

The legislature recognizes that the public is concerned about the growing problem with runaways. The legislature further recognizes that children have run away from home, are substance abusers, or have serious acting out behaviors and their parents have sought help. The legislature recognizes that families with children who are endangering themselves and others by their behavior also need services.

The legislature finds that many parents do not know their rights regarding their adolescent children and law enforcement, and parents and courts feel they have insufficient legal recourse for the chronic runaway child who is endangering himself or herself through his or her behavior. The legislature further finds that the juvenile justice reform enacted in 1977 does not adequately protect youth and families and that chronic runaways with substantial problems are left without adequate protection or legal recourse.

The legislature further recognizes that for chronic runaways whose behavior puts them in serious danger of harming themselves or others, secure facilities must be provided to assist parents and protect their children. The legislature intends, in chapter . . . , Laws of 1995 (this act), to give tools to law enforcement, courts, and parents to keep families together and reunite them whenever possible.

The legislature intends to provide for the protection of children who, through their behavior, are endangering themselves. The legislature intends to provide appropriate residential services, including secure facilities, to protect, stabilize, and treat children with serious problems. The legislature further intends to empower parents by providing them with the assistance they require to raise their children.

NEW SECTION. **Sec. 2.** This act may be known and cited as the "Becca bill."

Sec. 3. RCW 13.32A.030 and 1990 c 276 s 3 are each amended to read as follows:

As used in this chapter the following terms have the meanings indicated unless the context clearly requires otherwise:

- (1) "Department" means the department of social and health services;
- (2) "Child," "juvenile," and "youth" mean any individual who is under the chronological age of eighteen years;
- (3) "Parent" means the legal custodian(s) or guardian(s) of a child;
- (4) "~~((Semi-secure))~~ Secure facility" means any facility, including but not limited to crisis residential centers or specialized foster family homes, operated in a manner to reasonably assure that youth placed there will not run away(~~(: PROVIDED, That such facility shall not be a secure~~

institution or facility as defined by the federal juvenile justice and delinquency prevention act of 1974 (P.L. 93-415; 42 U.S.C. Sec. 5634 et seq.) and regulations and clarifying instructions promulgated thereunder. Pursuant to rules established by the department, the facility administrator shall establish reasonable hours for residents to come and go from the facility such that no residents are free to come and go at all hours of the day and night. To prevent residents from taking unreasonable actions, the facility administrator, where appropriate, may condition a resident's leaving the facility upon the resident being accompanied by the administrator or the administrator's designee and the resident may be required to notify the administrator or the administrator's designee of any intent to leave, his or her intended destination, and the probable time of his or her return to the center. The facility administrator shall notify a parent and the appropriate law enforcement agency within four hours of all unauthorized leaves);

(5) "Multidisciplinary team" means those persons involved in helping a child who meets the definition of an at-risk youth. This group shall include the parent, guardian, or custodian, a department case worker, a representative of the counties, and a member of the following disciplines: Mental health and substance abuse. This group may include, but is not limited to the following persons: Educators, law enforcement personnel, probation officers, employers, church persons, tribal members, a member of the child's cultural community, therapists, medical personnel, social service providers, placement providers, and extended family members. Team members shall be volunteers who do not receive compensation for team activities unless an individual team member's employer chooses to provide such compensation.

(6) "At-risk youth" means an individual under the chronological age of eighteen years who:

(a) Is absent from home for more than seventy-two consecutive hours without consent of his or her parent;

(b) Is beyond the control of his or her parent such that the child's behavior substantially endangers the health, safety, or welfare of the child or any other person; or

(c) Has a serious substance abuse problem for which there are no pending criminal charges related to the substance abuse.

NEW SECTION. Sec. 4. A new section is added to chapter 13.32A RCW to read as follows:

The department shall establish appropriate security requirements for all crisis residential centers. The requirements shall be designed to prevent children from leaving the centers without authorization. Security requirements may include, but not be limited to, locked doors and windows, electronic monitoring bracelets, and perimeter fences or patrols. The crisis residential center administrator shall notify parents and the appropriate law enforcement within four hours of all unauthorized leaves.

Sec. 5. RCW 13.32A.040 and 1994 c 304 s 3 are each amended to read as follows:

Families who are in conflict or who are experiencing problems with at-risk youth may request family reconciliation services from the department. The department shall involve the local multidisciplinary teams in determining the services to be provided and in providing those services, if a local multidisciplinary team exists. Such services shall be provided to alleviate personal or family situations which present a serious and imminent threat to the health or stability of the child or family and to maintain families intact wherever possible. Family reconciliation services shall be designed to develop skills and supports within families to resolve problems related to at-risk youth or family conflicts and may include but are not limited to referral to services for suicide prevention, psychiatric or other medical care, or psychological, welfare, legal, educational, or other social services, as appropriate to the needs of the child and the family. Upon a referral by a school or other appropriate agency, family reconciliation services may also include training in parenting, conflict management, and dispute resolution skills.

Sec. 6. RCW 13.32A.130 and 1994 sp.s. c 7 s 508 are each amended to read as follows:

A child admitted to a crisis residential center under this chapter who is not returned to the home of his or her parent or who is not placed in an alternative residential placement under an agreement between the parent and child, shall, except as provided for by RCW 13.32A.140 and 13.32A.160(2), reside in the placement under the rules established for the center for a period not to exceed five consecutive days from the time of intake, except as otherwise provided by this chapter. Crisis residential center staff shall make ~~((a-coordinated))~~ every reasonable effort to protect the child and

achieve a reconciliation of the family. If a reconciliation, using family reconciliation services, and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and if the person in charge of the center does not consider it likely that reconciliation will be achieved within the five-day period, then the ~~((person in charge shall inform the parent and child of (1) the availability of counseling services; (2) the right to file a petition for an alternative residential placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; and (3) the right to request a review of any alternative residential placement))~~ facility administrator or his or her designee shall immediately convene the multidisciplinary team, if one exists.

At no time shall information regarding a parent's or child's rights be withheld if requested. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of the statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

NEW SECTION. Sec. 7. A new section is added to chapter 13.32A RCW to read as follows:

(1) Each county shall have the authority to assemble a multidisciplinary team. To the extent possible, the multidisciplinary team shall draw upon existing community resources.

(2) The multidisciplinary team, if one exists, shall make every reasonable effort to protect the child and achieve a reconciliation of the family whenever possible. If a crisis residential center administrator or his or her designee makes a referral, the team must respond as soon as possible but no later than twelve hours after the referral is made. The team shall have the authority to assess the juvenile, and family members, if appropriate and agreed to, and shall:

(a) With parental input, develop a plan of appropriate available services and assist the family in obtaining those services;

(b) Make a referral to the designated chemical dependency specialist or the county designated mental health professional, if appropriate;

(c) Recommend no further intervention because the juvenile and his or her family have resolved the problem causing the family conflict; or

(d) With the family's consent, work with the family on a longer-term basis to achieve reconciliation of the child and family, whenever possible.

(3) To the maximum extent possible, the members of the multidisciplinary team shall include members who are representative of the cultures in the family's community.

NEW SECTION. Sec. 8. A new section is added to chapter 13.32A RCW to read as follows:

(1) The purpose of the multidisciplinary team is to coordinate and communicate about services offered to the child and family.

(2) At the first meeting of the multidisciplinary team, it shall choose a member to act as case manager for the family. The parent member of the multidisciplinary team must agree with the choice of case manager. Thereafter, the team shall meet periodically.

Sec. 9. RCW 13.32A.140 and 1990 c 276 s 9 are each amended to read as follows:

~~((The department shall))~~ A juvenile, his or her parent, guardian, or custodian, or the case manager of the multidisciplinary team may file a petition to approve an alternative residential placement on behalf of a child under any of the following sets of circumstances:

(1) The child has been admitted to a crisis residential center or has been placed with a responsible person other than his or her parent, and:

(a) The parent has been notified that the child was so admitted or placed;

(b) Seventy-two hours, including Saturdays, Sundays, and holidays, have passed since such notification;

(c) No agreement between the parent and the child as to where the child shall live has been reached;

(d) No petition requesting approval of an alternative residential placement has been filed by either the child or parent or legal custodian;

(e) The parent has not filed an at-risk youth petition; and

(f) The child has no suitable place to live other than the home of his or her parent.

- (2) The child has been admitted to a crisis residential center and:
 - (a) Seventy-two hours, including Saturdays, Sundays, and holidays, have passed since such placement;
 - (b) The staff, after searching with due diligence, have been unable to contact the parent of such child; and
 - (c) The child has no suitable place to live other than the home of his or her parent.
- (3) An agreement between parent and child made pursuant to RCW 13.32A.090(2)(e) or pursuant to RCW 13.32A.120(1) is no longer acceptable to parent or child, and:
 - (a) The party to whom the arrangement is no longer acceptable has so notified the department;
 - (b) Seventy-two hours, including Saturdays, Sundays, and holidays, have passed since such notification;
 - (c) No new agreement between parent and child as to where the child shall live has been reached;
 - (d) No petition requesting approval of an alternative residential placement has been filed by either the child or the parent;
 - (e) The parent has not filed an at-risk youth petition; and
 - (f) The child has no suitable place to live other than the home of his or her parent.

Under the circumstances of subsections (1), (2), or (3) of this section, the child shall remain in a licensed child care facility, including but not limited to a crisis residential center, or in any other suitable residence to be determined by the department until an alternative residential placement petition filed by the department on behalf of the child is reviewed by the juvenile court and is resolved by such court. The department may authorize emergency medical or dental care for a child placed under this section. The state, when the department files a petition for alternative residential placement under this section, shall be represented as provided for in RCW 13.04.093.

Sec. 10. RCW 13.32A.150 and 1992 c 205 s 208 are each amended to read as follows:

(1) Except as otherwise provided in this section the juvenile court shall not accept the filing of an alternative residential placement petition by the child or the parents or the filing of an at-risk youth petition by the parent, unless verification is provided that a family assessment has been completed by the department. The family assessment provided by the department shall involve the multidisciplinary team as provided in RCW 13.32A.040, if one exists. The family assessment or plan of services developed by the multidisciplinary team shall be aimed at family reconciliation, reunification, and avoidance of the out-of-home placement of the child. If the department is unable to complete an assessment within two working days following a request for assessment the child or the parents may proceed under subsection (2) of this section or the parent may proceed under subsection (3) of this section.

(2) A child or a child's parent may file with the juvenile court a petition to approve an alternative residential placement for the child outside the parent's home. The department shall, when requested, assist either a parent or child in the filing of the petition. The petition shall only ask that the placement of a child outside the home of his or her parent be approved. The filing of a petition to approve such placement is not dependent upon the court's having obtained any prior jurisdiction over the child or his or her parent, and confers upon the court a special jurisdiction to approve or disapprove an alternative residential placement.

(3) A child's parent may file with the juvenile court a petition in the interest of a child alleged to be an at-risk youth. The department shall, when requested, assist the parent in filing the petition. The petition shall be filed in the county where the petitioning parent resides. The petition shall set forth the name, age, and residence of the child and the names and residence of the child's parents and shall allege that:

- (a) The child is an at-risk youth as defined in this chapter;
- (b) The petitioning parent has the right to legal custody of the child;
- (c) Court intervention and supervision are necessary to assist the parent to maintain the care, custody, and control of the child; and
- (d) Alternatives to court intervention have been attempted or there is good cause why such alternatives have not been attempted.

The petition shall set forth facts that support the allegations in this subsection and shall generally request relief available under this chapter. The petition need not specify any proposed disposition following adjudication of the petition. The filing of an at-risk youth petition is not

dependent upon the court's having obtained any prior jurisdiction over the child or his or her parent and confers upon the court the special jurisdiction to assist the parent in maintaining parental authority and responsibility for the child. An at-risk youth petition may not be filed if the court has approved an alternative residential placement petition regarding the child or if the child is the subject of a proceeding under chapter 13.34 RCW. A petition may be accepted for filing only if alternatives to court intervention have been attempted. Juvenile court personnel may screen all at-risk youth petitions and may refuse to allow the filing of any petition that lacks merit, fails to comply with the requirements of this section, or fails to allege sufficient facts in support of allegations in the petition.

Sec. 11. RCW 13.50.010 and 1994 sp.s. c 7 s 541 are each amended to read as follows:

(3) It is the duty of any juvenile justice or care agency to maintain accurate records. To this end:

(a) The agency may never knowingly record inaccurate information. Any information in records maintained by the department of social and health services relating to a petition filed pursuant to chapter 13.34 RCW that is found by the court, upon proof presented, to be false or inaccurate shall be corrected or expunged from such records by the agency;

(b) An agency shall take reasonable steps to assure the security of its records and prevent tampering with them; and

(c) An agency shall make reasonable efforts to insure the completeness of its records, including action taken by other agencies with respect to matters in its files.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. If the court grants the motion, it shall order the record or information to be corrected or destroyed.

The court may also permit inspection by or release to individuals or agencies, including juvenile justice advisory committees of county law and justice councils, engaged in legitimate research for educational, scientific, or public purposes. The court may also permit inspection of, or release of information from, records which have been sealed pursuant to RCW 13.50.050(11). Access to records or information for research purposes

shall be permitted only if the anonymity of all persons mentioned in the records or information will be preserved. Each person granted permission to inspect juvenile justice or care agency records for research purposes shall present a notarized statement to the court stating that the names of juveniles and parents will remain confidential.

(9) Juvenile detention facilities shall release records to the juvenile disposition standards commission under RCW 13.40.025 upon request. The commission shall not disclose the names of any juveniles or parents mentioned in the records without the named individual's written permission.

Sec. 12. RCW 13.32A.050 and 1994 sp.s. c 7 s 505 are each amended to read as follows:

A law enforcement officer shall take a child into custody:

(1) If a law enforcement agency has been contacted by the parent of the child that the child is absent from parental custody without consent; or

(2) If a law enforcement officer reasonably believes, considering the child's age, the location, and the time of day, that a child is in circumstances which constitute a danger to the child's safety or that a child is violating a local curfew ordinance; or

(3) If an agency legally charged with the supervision of a child has notified a law enforcement agency that the child has run away from placement; or

(4) If a law enforcement agency has been notified by the juvenile court that the court finds probable cause exists to believe that the child has violated a court placement order issued pursuant to chapter 13.32A RCW or that the court has issued an order for law enforcement pick-up of the child under this chapter.

Law enforcement custody shall not extend beyond the amount of time reasonably necessary to transport the child to a destination authorized by law and to place the child at that destination.

An officer who takes a child into custody under this section and places the child in a designated crisis residential center shall inform the department of such placement within twenty-four hours.

(5) Nothing in this section affects the authority of any political subdivision to make regulations concerning the conduct of minors in public places by ordinance or other local law.

(6) If a law enforcement officer receives a report that causes the officer to have reasonable suspicion that a child is being harbored under RCW 13.32A.080 or for other reasons has a reasonable suspicion that a child is being ~~((unlawfully))~~ harbored under RCW 13.32A.080, the officer shall remove the child from the custody of the person harboring the child and shall transport the child to one of the locations specified in RCW 13.32A.060.

Sec. 13. RCW 13.32A.060 and 1994 sp.s. c 7 s 506 are each amended to read as follows:

(1) An officer taking a child into custody under RCW 13.32A.050 (1) or (2) shall inform the child of the reason for such custody and shall either:

(a) Transport the child to his or her home. The officer releasing a child into the custody of the parent shall inform the parent of the reason for the taking of the child into custody and shall inform the child and the parent of the nature and location of appropriate services available in their community; or

(b) Take the child to the home of an ~~((adult))~~ extended family member, a designated crisis residential center, or the home of a responsible adult after attempting to notify the parent or legal guardian:

(i) If the child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing in the home some type of child abuse or neglect, as defined in RCW 26.44.020, as now law or hereafter amended; or

(ii) If it is not practical to transport the child to his or her home; or

(iii) If there is no parent available to accept custody of the child.

The officer releasing a child into the custody of an extended family member or a responsible adult shall inform the child and the extended family member or responsible adult of the nature and location of appropriate services available in the community.

(2) An officer taking a child into custody under RCW 13.32A.050 (3) or (4) shall inform the child of the reason for custody~~((, and))~~. An officer taking a child into custody under RCW 13.32A.050(3) shall take the child to a designated crisis residential center licensed by the department and established pursuant to chapter 74.13 RCW. ~~((However,))~~ An officer taking a child into custody under RCW 13.32A.050(4) ~~((may))~~ shall place the child in a juvenile detention facility as provided in RCW 13.32A.065. The department shall ensure that all the enforcement authorities are informed on a

regular basis as to the location of the designated crisis residential center or centers in their judicial district, where children taken into custody under RCW 13.32A.050 may be taken.

(3) "Extended family members" means an adult who is a grandparent, brother, sister, stepbrother, stepsister, uncle, aunt, or first cousin with whom the child has a relationship and is comfortable, and who is willing and available to care for the child.

Sec. 14. RCW 13.32A.065 and 1981 c 298 s 4 are each amended to read as follows:

(1) A child (~~may~~) shall be placed in detention after being taken into custody pursuant to RCW 13.32A.050(4). The court shall hold a detention review hearing within twenty-four hours, excluding Saturdays, Sundays, and holidays. The court shall release the child after twenty-four hours, excluding Saturdays, Sundays, and holidays, unless:

(a) A motion and order to show why the child should not be held in contempt has been filed and served on the child at or before the detention hearing; and

(b) The court believes that the child would not appear at a hearing on contempt.

(2) If the court orders the child to remain in detention, the court shall set the matter for a hearing on contempt within seventy-two hours, excluding Saturdays, Sundays, and holidays.

Sec. 15. RCW 13.32A.070 and 1986 c 288 s 2 are each amended to read as follows:

(1) Except when expressly required otherwise in this chapter, an officer taking a child into custody under RCW 13.32A.050 may, at his or her discretion, transport the child to the home of a responsible adult who is other than the child's parent or extended family member where the officer reasonably believes that the child will be provided with adequate care and supervision and that the child will remain in the custody of such adult until such time as the department can bring about the child's return home or an alternative residential placement can be agreed to or determined pursuant to this chapter. An officer placing a child with a responsible adult other than his or her parent or extended family member shall immediately notify the department's local community service office of this fact and of the reason for taking the child into custody.

(2) A law enforcement officer acting in good faith pursuant to this chapter in failing to take a child into custody, in taking a child into custody, or in releasing a child to a person other than a parent or extended family member of such child is immune from civil or criminal liability for such action.

(3) A person other than a parent of such child who receives a child pursuant to this chapter and who acts reasonably and in good faith in doing so is immune from civil or criminal liability for the act of receiving such child. Such immunity does not release such person from liability under any other law including the laws regulating licensed child care and prohibiting child abuse.

(4) As used in this section, "extended family member" has the meaning prescribed in RCW 13.32A.060.

NEW SECTION. Sec. 16. A new section is added to chapter 13.32A RCW to read as follows:

(1) Any person who, without legal authorization, provides shelter to a minor and who knows at the time of providing the shelter that the minor is away from the parent's home without the permission of the parent, shall promptly report the location of the child to a local law enforcement agency. The report may be made by telephone or any other reasonable means.

(2) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(b) "Promptly report" means to report within four hours after the person has knowledge that the minor is away from home without parental permission.

(c) "Parent" means any parent having legal custody of the child, whether individually or joint.

NEW SECTION. **Sec. 18.** A new section is added to chapter 13.32A RCW to read as follows:

When petitioned to do so by a parent, the department shall determine whether the parent's child has, on two or more occasions within a twelve-month period, been absent from home for more than seventy-two consecutive hours without parental consent. If the department finds that the child has and also that the child has a Washington state driver's license, then the department shall provide a notice of its findings to the department of licensing which shall suspend the child's driver's license as provided in section 17 of this act. The twelve-month period shall be the twelve-calendar-month period immediately before the month in which the department receives the petition. The department shall develop procedures for verifying absences and if requested by either a parent or child shall conduct a hearing on the question of whether the absences have occurred.

Sec. 19. RCW 13.32A.196 and 1991 c 364 s 14 are each amended to read as follows:

(1) At the dispositional hearing regarding an adjudicated at-risk youth, the court shall consider the recommendations of the parties and the recommendations of any dispositional plan submitted by the department. The court may enter a dispositional order that will assist the parent in maintaining the care, custody, and control of the child and assist the family to resolve family conflicts or problems.

(2) The court may set conditions of supervision for the child that include:

(a) Regular school attendance;

(b) Counseling;

(c) Participation in a substance abuse treatment program;

(d) If ordered under subsection (3) of this section, placement in a secure facility or other secure program of treatment;

(e) Reporting on a regular basis to the department or any other designated person or agency; and

~~((e))~~ (f) Any other condition the court deems an appropriate condition of supervision.

(3) If requested by a parent of an at-risk youth who is a habitual runaway, the court may include in its dispositional order or orders a requirement that the youth be placed, for up to one hundred eighty consecutive days, in a secure facility or other court-ordered secure program of treatment. The court may not include this requirement unless, at the disposition hearing, it finds that the placement is necessary in order to protect the at-risk youth and that a less-restrictive order or orders not requiring such placement would be inadequate to protect the youth, given the youth's age, maturity, propensity to run away from home, past exposure to serious risk when the youth ran away from home, and possible future exposure to serious risk should the youth run away from home again. For purposes of this section, an at-risk youth is a "habitual runaway" if the youth, on each of three or more occasions within the twelve-month period preceding the month in which the at-risk youth petition was filed, has been absent from home for more than seventy-two consecutive hours without parental consent; or if the youth during such twelve-month period has been absent from home without parental consent for more than thirty consecutive days. This subsection constitutes a method of placement or commitment that is in addition to methods prescribed under other laws and is not intended as the exclusive method for placement or commitment of children who qualify as at-risk youth.

(4) Except as provided in this section for habitual runaways, no dispositional order or condition of supervision ordered by a court pursuant to this section shall include involuntary commitment of a child for substance abuse or mental health treatment.

~~((4))~~ (5) The court may order the parent to participate in counseling services or any other services for the child requiring parental participation. The parent shall cooperate with the court-ordered case plan and shall take necessary steps to help implement the case plan. The parent shall be financially responsible for costs related to the court-ordered plan; however, this requirement shall not affect the eligibility of the parent or child for public assistance or other benefits to which the parent or child may otherwise be entitled. The parent may request dismissal of an at-risk youth proceeding at any time and upon such a request, the court shall dismiss the matter and cease court supervision of the child unless a contempt action is pending in the case. The court may retain jurisdiction over the matter for the purpose of concluding any pending contempt proceedings, including the full satisfaction of any penalties imposed as a result of a contempt finding.

~~((5))~~ (6) The court may order the department to monitor compliance with the dispositional order, assist in coordinating the provision of court-ordered services, and submit reports at subsequent review hearings regarding the status of the case.

Sec. 20. RCW 13.32A.198 and 1990 c 276 s 15 are each amended to read as follows:

(1) Upon making a disposition regarding an adjudicated at-risk youth, the court shall schedule the matter on the calendar for review (~~((within three months))~~), advise the parties of the date thereof, appoint legal counsel for the child, advise the parent of the right to be represented by legal counsel at the review hearing at the parent's own expense, and notify the parties of their rights to present evidence at the hearing. The review hearing shall commence within ninety consecutive days after the date in which the dispositional order or orders are entered. However, if the order or orders provide for the placement of a habitual runaway in a secure facility or secure program of treatment, then the review hearing shall commence within thirty consecutive days after such date.

(2) At the review hearing, the court shall approve or disapprove the continuation of court supervision in accordance with the goal of assisting the parent to maintain the care, custody, and control of the child. The court shall determine whether the parent and child are complying with the dispositional plan. If court supervision is continued, the court may modify the dispositional plan. However, in the case of a habitual runaway placed in a secure facility or secure program of treatment, the court may continue the placement for an additional period only if requested by the parent and if the court finds that its findings under RCW 13.32A.196 are still accurate.

(3) Except for the placement of a habitual runaway in a secure facility or secure program of treatment, court supervision of the child may not be continued past one hundred eighty consecutive days from the day the review hearing commenced unless the court finds, and the parent agrees, that there are compelling reasons for an extension of supervision. Any extension granted pursuant to this subsection shall not exceed ninety days. The court may not require the placement of a habitual runaway for longer than a period of one hundred eighty consecutive days and may not provide for any extension of the placement beyond such period.

(4) The court may dismiss an at-risk youth proceeding at any time if the court finds good cause to believe that continuation of court supervision, including the placement of a habitual runaway, would serve no useful purpose or that the parent is not cooperating with the court-ordered case plan. The court shall dismiss an at-risk youth proceeding if the child is the subject of a proceeding under chapter 13.34 RCW.

Sec. 21. RCW 28A.225.020 and 1992 c 205 s 202 are each amended to read as follows:

If a juvenile required to attend school under the laws of the state of Washington fails to attend school without valid justification, the juvenile's school shall:

(1) Inform the juvenile's custodial parent, parents or guardian by a notice in writing or by telephone that the juvenile has failed to attend school without valid justification after one unexcused absence within any month during the current school year;

(2) Schedule a conference or conferences with the custodial parent, parents or guardian and juvenile at a time and place reasonably convenient for all persons included for the purpose of analyzing the causes of the juvenile's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

(3) Take steps to eliminate or reduce the juvenile's absences. These steps shall include, where appropriate, adjusting the juvenile's school program or school or course assignment, providing more individualized or remedial instruction, preparing the juvenile for employment with specific vocational courses or work experience, or ~~((both))~~ refer the juvenile to a community truancy board, and assisting the parent or student to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school.

Sec. 22. RCW 28A.225.030 and 1992 c 205 s 203 are each amended to read as follows:

If action taken by a school pursuant to RCW 28A.225.020 is not successful in substantially reducing a student's absences from school, any of the following actions may be taken after five or more unexcused absences during the current school year: (1) The attendance officer of the school district or the community truancy board through its attorney may petition the ~~((juvenile))~~ court to assume jurisdiction under RCW 28A.200.010, 28A.200.020, and 28A.225.010 through 28A.225.150 for the purpose of alleging a violation of RCW 28A.225.010 by the parent; or (2) a petition alleging a violation of RCW 28A.225.010 by a child may be filed with the ~~((juvenile))~~ court by the parent of such child or by the attendance officer of the school district or the community truancy board through its attorney at the request of the parent. If the court assumes jurisdiction in such an instance, the

provisions of RCW 28A.200.010, 28A.200.020, and 28A.225.010 through 28A.225.150, except where otherwise stated, shall apply.

NEW SECTION. Sec. 23. A new section is added to chapter 28A.225 RCW to read as follows:

For purposes of this chapter, "community truancy board" means a board comprised of members of the local community in which the juvenile attends school. The local school district shall direct the formation of the board, and if possible include a variety of representatives from the community. The community truancy board shall set conditions designed to improve school attendance and monitor subsequent school attendance.

Sec. 24. RCW 28A.225.150 and 1992 c 205 s 205 are each amended to read as follows:

The school district attendance officer shall report biannually to the educational service district superintendent, in the instance of petitions filed alleging a violation by a child under RCW 28A.225.030:

- (1) The number of petitions filed by a school district or by a parent;
- (2) The frequency of each action taken under RCW 28A.225.020 prior to the filing of such petition;
- (3) When deemed appropriate under RCW 28A.225.020, the frequency of delivery of supplemental services; and
- (4) Disposition of cases filed with the ((juvenile)) court, including the frequency of contempt orders issued to enforce a court's order under RCW 28A.225.090.

The educational service district superintendent shall compile such information and report annually to the superintendent of public instruction. The superintendent of public instruction shall compile such information and report to the committees of the house of representatives and the senate by September 1 of each year.

Sec. 25. RCW 70.96A.095 and 1991 c 364 s 9 are each amended to read as follows:

(1) Any person fourteen years of age or older may give consent for himself or herself to the furnishing of counseling, care, treatment, or rehabilitation by a treatment program or by any person. Consent of the parent, parents, or legal guardian of a person less than eighteen years of age is not necessary to authorize the care, except that the person shall not become a resident of the treatment program without such permission except as provided in RCW 70.96A.120 or 70.96A.140. The parent, parents, or legal guardian of a person less than eighteen years of age are not liable for payment of care for such persons pursuant to this chapter, unless they have joined in the consent to the counseling, care, treatment, or rehabilitation. The parent's, parents', or guardians' insurance carrier is also not liable for payment and shall not be billed for payment unless the parent, parents, or guardian has given consent.

(2) The parent of any minor may apply to an approved treatment program for the admission of the minor for purposes authorized in this chapter. The consent of the minor shall not be required for the application or admission. The approved treatment program shall accept the application as if it were submitted voluntarily by the minor. The ability of a parent to apply to an approved treatment program for the involuntary admission of his or her child does not create any right to this treatment or to obtain or benefit from any public funds or resources.

NEW SECTION. Sec. 26. A new section is added to chapter 70.96A RCW to read as follows:

Nothing in this chapter authorizes school district personnel to refer minors to any treatment program or treatment provider without providing notice of the referral to the parent, parents, or guardians.

Sec. 27. RCW 70.96A.110 and 1990 c 151 s 7 are each amended to read as follows:

(1) An alcoholic or other drug addict may apply for voluntary treatment directly to an approved treatment program. If the proposed patient is ((a minor or)) an incompetent person, he or she, a parent, a legal guardian, or other legal representative may make the application. If the proposed patient is a minor, the minor or the minor's parent, legal guardian, or other legal representative may make the application as provided in RCW 70.96A.095.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment program may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment program, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment program for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment program, he or she shall be encouraged to consent to appropriate outpatient treatment. If it appears to the administrator in charge of the treatment program that the patient is an alcoholic or other drug addict who requires help, the department may arrange for assistance in obtaining supportive services and residential programs.

(4) If a patient leaves an approved public treatment program, with or against the advice of the administrator in charge of the program, the department may make reasonable provisions for his or her transportation to another program or to his or her home. If the patient has no home he or she should be assisted in obtaining shelter. If the patient is less than ~~((fourteen))~~ eighteen years of age or an incompetent person the request for discharge from an inpatient program shall be made by a parent, legal guardian, or other legal representative or by the ~~((minor or))~~ incompetent if he or she was the original applicant.

Sec. 28. RCW 70.96A.140 and 1993 c 362 s 1 are each amended to read as follows:

(1) When a designated chemical dependency specialist receives information alleging that a person is incapacitated as a result of chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and is incapacitated by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification or chemical dependency treatment pursuant to RCW 70.96A.110, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.050, ~~((as now or hereafter amended,))~~ in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further

treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

Sec. 29. RCW 71.34.030 and 1985 c 354 s 3 are each amended to read as follows:

(1) Any minor (~~thirteen~~) fourteen years or older may request and receive outpatient treatment without the consent of the minor's parent provided that the treatment provider provides notice to the minor's parent. The treatment provider must provide notice within forty-eight hours of the minor's request for treatment excluding Saturdays, Sundays, and holidays. The notice shall contain the same information as required under subsection (2)(c) of this section. Parental authorization is required for outpatient treatment of a minor under the age of (~~thirteen~~) fourteen.

(2) When in the judgment of the professional person in charge of an evaluation and treatment facility there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is

not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility in accordance with the following requirements:

(a) A minor under ~~((thirteen))~~ fourteen years of age may only be admitted on the application of the minor's parent.

(b) A minor ~~((thirteen years or older))~~ may be voluntarily admitted by application of the parent. ~~((Such application must be accompanied by the written consent, knowingly and voluntarily given, of the minor.))~~ The consent of the minor is not required.

(c) A minor ~~((thirteen))~~ fourteen years or older may, with the concurrence of the professional person in charge of an evaluation and treatment facility, admit himself or herself without parental consent to the evaluation and treatment facility, provided that notice is given by the facility to the minor's parent in accordance with the following requirements:

(i) Notice of the minor's admission shall be in the form most likely to reach the parent within twenty-four hours of the minor's voluntary admission and shall advise the parent that the minor has been admitted to inpatient treatment; the location and telephone number of the facility providing such treatment; and the name of a professional person on the staff of the facility providing treatment who is designated to discuss the minor's need for inpatient treatment with the parent.

(ii) The minor shall be released to the parent at the parent's request for release unless the facility files a petition with the superior court of the county in which treatment is being provided setting forth the basis for the facility's belief that the minor is in need of inpatient treatment and that release would constitute a threat to the minor's health or safety.

(iii) The petition shall be signed by the professional person in charge of the facility or that person's designee.

(iv) The parent may apply to the court for separate counsel to represent the parent if the parent cannot afford counsel.

(v) There shall be a hearing on the petition, which shall be held within three judicial days from the filing of the petition.

(vi) The hearing shall be conducted by a judge, court commissioner, or licensed attorney designated by the superior court as a hearing officer for such hearing. The hearing may be held at the treatment facility.

(vii) At such hearing, the facility must demonstrate by a preponderance of the evidence presented at the hearing that the minor is in need of inpatient treatment and that release would constitute a threat to the minor's health or safety. The hearing shall not be conducted using the rules of evidence, and the admission or exclusion of evidence sought to be presented shall be within the exercise of sound discretion by the judicial officer conducting the hearing.

(d) Written renewal of voluntary consent must be obtained from the applicant ~~((and the minor thirteen years or older))~~ no less than once every twelve months.

(e) The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

(3) A notice of intent to leave shall result in the following:

(a) Any minor under the age of ~~((thirteen))~~ fourteen and any minor fourteen or older admitted by a parent under subsection (2)(b) of this section must be discharged immediately upon written request of the parent.

(b) Any minor ~~((thirteen))~~ fourteen years or older voluntarily admitted by himself or herself under subsection (2)(c) of this section may give notice of intent to leave at any time. The notice need not follow any specific form so long as it is written and the intent of the minor can be discerned.

(c) The staff member receiving the notice shall date it immediately, record its existence in the minor's clinical record, and send copies of it to the minor's attorney, if any, the county-designated mental health professional, and the parent.

(d) The professional person in charge of the evaluation and treatment facility shall discharge the minor, ~~((thirteen))~~ fourteen years or older, from the facility within twenty-four hours after receipt of the minor's notice of intent to leave, unless the county-designated mental health professional or a parent or legal guardian files a petition or an application for initial detention within the time prescribed by this chapter.

(4) The ability of a parent to apply for treatment of his or her child under this section does not create a right to obtain this treatment or to obtain or benefit from any public funds or resources.

Sec. 30. RCW 71.34.040 and 1985 c 354 s 4 are each amended to read as follows:

If a minor, (~~thirteen~~) fourteen years or older, is brought to an evaluation and treatment facility or hospital emergency room for immediate mental health services, the professional person in charge of the facility shall evaluate the minor's mental condition, determine whether the minor suffers from a mental disorder, and whether the minor is in need of immediate inpatient treatment. If it is determined that the minor suffers from a mental disorder, inpatient treatment is required, the minor is unwilling to consent to voluntary admission, and the professional person believes that the minor meets the criteria for initial detention set forth herein, the facility may detain or arrange for the detention of the minor for up to twelve hours in order to enable a county-designated mental health professional to evaluate the minor and commence initial detention proceedings under the provisions of this chapter.

NEW SECTION. Sec. 31. A new section is added to chapter 71.34 RCW to read as follows:
Nothing in this chapter authorizes school district personnel to refer minors to any evaluation and treatment program or mental health professional without providing notice of the referral to the minor's parent.

Sec. 32. RCW 71.34.050 and 1985 c 354 s 5 are each amended to read as follows:

(1) When a county-designated mental health professional receives information that a minor, (~~thirteen~~) fourteen years or older, as a result of a mental disorder presents a likelihood of serious harm or is gravely disabled, has investigated the specific facts alleged and of the credibility of the person or persons providing the information, and has determined that voluntary admission for inpatient treatment is not possible, the county-designated mental health professional may take the minor, or cause the minor to be taken, into custody and transported to an evaluation and treatment facility providing inpatient treatment.

If the minor is not taken into custody for evaluation and treatment, the parent who has custody of the minor may seek review of that decision made by the county designated mental health professional in court. The parent shall file notice with the court and provide a copy of the county designated mental health professional's report or notes.

(2) Within twelve hours of the minor's arrival at the evaluation and treatment facility, the county-designated mental health professional shall serve on the minor a copy of the petition for initial detention, notice of initial detention, and statement of rights. The county-designated mental health professional shall file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The county-designated mental health professional shall commence service of the petition for initial detention and notice of the initial detention on the minor's parent and the minor's attorney as soon as possible following the initial detention.

(3) At the time of initial detention, the county-designated mental health professional shall advise the minor both orally and in writing that if admitted to the evaluation and treatment facility for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the minor's provisional acceptance to determine whether probable cause exists to commit the minor for further mental health treatment.

The minor shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the minor is indigent.

(4) Whenever the county designated mental health professional petitions for detention of a minor under this chapter, an evaluation and treatment facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. Within twenty-four hours of the minor's arrival, the facility must evaluate the minor's condition and either admit or release the minor in accordance with this chapter.

(5) If a minor is not approved for admission by the inpatient evaluation and treatment facility, the facility shall make such recommendations and referrals for further care and treatment of the minor as necessary.

Sec. 33. RCW 71.34.070 and 1985 c 354 s 7 are each amended to read as follows:

(1) The professional person in charge of an evaluation and treatment facility where a minor has been admitted involuntarily for the initial seventy-two hour treatment period under this chapter may petition to have a minor committed to an evaluation and treatment facility for fourteen-day diagnosis, evaluation, and treatment.

(3) The secretary shall establish rules to implement this section and to define income, resources, and exemptions to determine the responsible person's or persons' ability to pay.

Sec. 35. RCW 74.13.032 and 1979 c 155 s 78 are each amended to read as follows:

(1) The department shall establish, by contracts with private vendors, not less than eight regional crisis residential centers, which shall be structured group care facilities licensed under rules adopted by the department. Each regional center shall have an average of at least four adult staff members and in no event less than three adult staff members to every eight children. (2) The department shall, in addition to the regional facilities established under subsection (1) of this section, establish not less than thirty additional crisis residential centers pursuant to contract with licensed private group care or specialized foster home facilities. The department may also locate crisis residential centers in or adjacent to secure juvenile detention facilities operated by the county. Where a center is located in or adjacent to a secure juvenile detention facility, the center shall be operated in a manner that prevents in-person contact between the residents of the center and the persons held in such facility. The staff at the facilities shall be trained so that they may effectively counsel juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the responsibilities stated in RCW 13.32A.090. The responsibilities stated in RCW 13.32A.090 may, in any of the centers, be carried out by the department.

Crisis residential ((facilities)) centers shall be operated as ((semi-secure)) secure facilities.

Sec. 36. RCW 74.13.033 and 1992 c 205 s 213 are each amended to read as follows:

(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises, ~~((which procedures are consistent with the federal juvenile justice and delinquency prevention act of 1974 and regulations and clarifying instructions promulgated thereunder))~~. Nothing in this section shall prohibit a center from referring any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, for evaluation pursuant to chapter 71.34 RCW ~~((or))~~, to a mental health professional pursuant to chapter 71.05 RCW, or to a chemical dependency specialist pursuant to chapter 70.96A RCW whenever such action is deemed appropriate and consistent with law.

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In providing these services, the facility shall:

(a) Interview the juvenile as soon as possible;

(b) Contact the juvenile's parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;

(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible; and

(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed five consecutive days.

(3) A juvenile taking unauthorized leave from this residence ~~((may))~~ shall be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile ~~((may))~~ shall be supervised by such a facility for a period, pursuant to this chapter, which, unless where otherwise provided, may not exceed five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed five consecutive days.

Sec. 37. RCW 74.13.034 and 1992 c 205 s 214 are each amended to read as follows:

(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032(2) may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center or the nearest regional crisis residential center. Placement in both centers shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department's designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department's designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130.

(4) ~~((Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts,~~

when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

(5)) It is the intent of the legislature that by July 1, 1982, crisis residential centers, supplemented by community mental health programs and mental health professionals, will be able to respond appropriately to children admitted to centers under this chapter and will be able to respond to the needs of such children with appropriate treatment, supervision, and structure."

ESSB 5001 Prime Sponsor, Committee on Ways & Means: Affecting the property taxation of senior citizens and persons retired because of physical disabilities. Reported by Committee on Finance

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.36.381 and 1994 sp.s. c 8 s 1 are each amended to read as follows:

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home or hospital costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of twenty-eight thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of fifteen thousand dollars or less shall be exempt from all regular property taxes on the greater of thirty-four thousand dollars or fifty percent of the valuation of his or her residence(;

~~(6) For a person who otherwise qualifies under this section and has a combined disposable income of twenty-eight thousand dollars or less, the taxable value of the residence shall not exceed the lesser of (a) the assessed value of the residence as reduced by the exemption under subsection (5) of this section, if any, or (b) the taxable value of the residence for the previous year, increased by the inflation factor for the assessment year. For counties that do not revalue property annually, the amount under (b) of this subsection shall be the previous taxable value increased by the inflation factor for each assessment year since the previous revaluation of the residence. As used in this section, "inflation factor" means the percentage change used by the federal government in adjusting social security payments for inflation at the beginning of each year. The department shall provide inflation factors to the county assessors annually).~~

NEW SECTION. **Sec. 2.** 1994 sp.s. c 8 s 3 (uncodified) is repealed.

NEW SECTION. **Sec. 3.** Chapter 8, Laws of 1994 sp. sess. shall take effect July 1, 1995, and shall be effective for taxes levied in 1995 for collection in 1996 and thereafter.

Committee on Transportation

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.01.230 and 1993 c 394 s 6 are each amended to read as follows:

State agencies may, ~~((subject to appropriation and))~~ under the internal revenue code rules, use public funds to financially assist agency-approved incentives for alternative commute modes, including but not limited to carpools, vanpools, purchase of transit and ferry passes, and guaranteed ride home programs, if the financial assistance is an element of the agency's commute trip reduction program as required under RCW 70.94.521 through 70.94.551. This section does not permit any payment for the use of state-owned vehicles for commuter ride sharing.

Sec. 2. RCW 43.01.225 and 1993 c 394 s 5 are each amended to read as follows:

(1) There is hereby established an account in the state treasury to be known as the "state ~~((capitol))~~ vehicle parking account." All parking rental income ~~((collected from rental of parking space))~~ resulting from parking fees established by the department of general administration under RCW 46.08.172 at state-owned or leased property shall be deposited in the "state ~~((capitol))~~ vehicle parking account." Revenue deposited in the "state ~~((capitol))~~ vehicle parking account" shall be first applied to pledged purposes. Unpledged parking revenues deposited in the "state ~~((capitol))~~ vehicle parking account" may be used to:

(1) Pay costs incurred in the operation, maintenance, regulation, and enforcement of vehicle parking and parking facilities ~~((on state-owned or leased properties));~~

(2) Support the lease costs and/or capital investment costs of vehicle parking and parking facilities ~~((at agency-owned and leased facilities off the capitol campus));~~ and

(3) Support agency commute trip reduction programs under RCW 70.94.521 through 70.94.551.

~~((Distribution of funds from the "state capitol vehicle parking account" are subject to appropriation by the legislature and will be made by the office of financial management after considering recommendations from the director of general administration and the interagency task force for commute trip reduction, under RCW 70.94.551.))~~

NEW SECTION. **Sec. 3.** A new section is added to chapter 43.01 RCW to read as follows:

(1) There is hereby established an account in the state treasury to be known as the state agency parking account. All parking income collected from the fees imposed by state agencies on parking spaces at state-owned or leased facilities, including the capitol campus, shall be deposited in the state agency parking account. Only the office of financial management may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. No agency may receive an allotment greater than the amount of revenue deposited into the state agency parking account.

(2) An agency may, as an element of the agency's commute trip reduction program to achieve the goals set forth in RCW 70.94.527, impose parking rental fees at state-owned and leased properties. These fees will be deposited in the state agency parking account. Each agency shall establish a committee to advise the agency director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. The agency shall solicit representation of the employee population including, but not limited to, management, administrative staff, production workers, and state employee bargaining units. Funds shall be used by agencies to: (a) Support the agencies' commute trip reduction program under RCW 70.94.521 through 70.94.551; (b) support the agencies' parking program; or (c) support the lease or ownership costs for the agencies' parking facilities.

(3) In order to reduce the state's subsidization of employee parking, after July 1997 agencies shall not enter into leases for employee parking in excess of building code requirements, except as authorized by the director of general administration. In situations where there are fewer parking spaces

than employees at a worksite, parking must be allocated equitably, with no special preference given to managers.

(4) The director of general administration must report to the house and senate transportation committees no later than December 1, 1997, regarding the implementation of chapter . . . , Laws of 1995 (this act). The report must include an estimate of the reduction in parking supply and an estimate of the cost savings.

Sec. 4. RCW 46.08.172 and 1993 c 394 s 4 are each amended to read as follows:

The director of the department of general administration shall establish equitable and consistent parking rental fees for ~~((state-owned or leased property))~~ the capitol campus and may, if requested by agencies, establish equitable and consistent parking rental fees for agencies off the capitol campus, to be charged to employees, visitors, clients, service providers, and others, that reflect the legislature's intent to reduce state subsidization of parking or to meet the commute trip reduction goals established in RCW 70.94.527. ~~((The department shall solicit representatives from affected state agencies, employees, and state employee bargaining units to meet as regional committees. These regional committees will advise the director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. In the event that such fees become part of a collective bargaining agreement and there is a conflict between the agency and the collective bargaining unit, the terms of the collective bargaining agreement shall prevail.))~~ All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. However, parking rental fees are not to exceed the local market rate of comparable privately owned rental parking.

The director may delegate the responsibility for the collection of parking fees to other agencies of state government when cost-effective.

NEW SECTION. Sec. 5. A new section is added to chapter 43.01 RCW to read as follows:

All institutions of higher education as defined under RCW 28B.10.016 are exempt from the requirements under RCW 43.01.225.

Sec. 6. RCW 43.99H.070 and 1989 1st ex.s. c 14 s 7 are each amended to read as follows:

(1) The director of general administration may assess a charge against each state board, commission, agency, office, department, activity, or other occupant of the facility or building constructed with bonds issued for the purposes of RCW 43.99H.020(15) for payment of a proportion of costs for each square foot of floor space assigned to or occupied by the entity. Payment of the amount billed to the entity for such occupancy shall be made quarterly during each fiscal year. The director of general administration shall deposit the payment in the capitol campus reserve account.

(2) The director of general administration may pledge a portion of the parking rental income collected by the department of general administration from parking space developed as a part of the facility constructed with bonds issued for the purposes of RCW 43.99H.020(15). The pledged portion of this income shall be deposited in the capitol campus reserve account. The unpledged portion of this income shall continue to be deposited in the state ~~((capitol))~~ vehicle parking account.

(3) The state treasurer shall transfer four million dollars from the capitol building construction account to the capitol campus reserve account each fiscal year from 1990 to 1995. Beginning in fiscal year 1996, the director of general administration, in consultation with the state finance committee, shall determine the necessary amount for the state treasurer to transfer from the capitol building construction account to the capitol campus reserve account for the purpose of repayment of the general fund of the costs of the bonds issued for the purposes of RCW 43.99H.020(15).

(4) Any remaining balance in the state building and parking bond redemption account after the final debt service payment shall be transferred to the capitol campus reserve account."

(1) Disclosing such return or tax information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under the provisions of chapter 42.17 RCW or is a document maintained by a court of record not otherwise prohibited from disclosure.

(4) (a) The department may disclose return or taxpayer information to a person under investigation or during any court or administrative proceeding against a person under investigation as provided in this subsection (4). The disclosure must be in connection with the department's official duties relating to an audit, collection activity, or a civil or criminal investigation. 2SSB 5387 Prime Sponsor, Committee on Ways & Means: Providing tax incentives for multiple-unit housing in urban centers. Reported by Committee on Finance

MAJORITY recommendation: Do pass with the following amendment by Committee on Trade & Economic Development:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds:

(1) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, and livable places to live were available;

(2) That the lack of these sufficient residential opportunities has resulted in an underutilization of these areas as a place to live by permanent residents and such absence of

permanent residents has contributed to the existence of vandalism, juvenile delinquency, the proclivity by some to commit crimes, unreported crimes, and a perception by a large segment of the public that some urban centers are unsafe or undesirable areas to visit or to inhabit after normal working hours;

(3) That the development of additional and desirable residential units in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020, including, but not limited to, the encouragement of development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner, the reduction of sprawl, the efficient utilization of multimode transportation systems, and the increased availability of housing to all economic segments of the population of this state;

(4) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking sufficient residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities within urban centers through a tax incentive as provided by this chapter; and

(5) That in order to maximize the purpose of this chapter to provide needed livable and attractive places to live in urban centers and to achieve the objectives of the growth management act, it is necessary to allow for the maximum participation by cities in determining where the greatest need for increased residential opportunity exists within urban centers and the location, configuration, and amenities of such residential redevelopment which will best meet the objectives of this chapter and the growth management plan of a city adopted in conformance with the growth management act.

NEW SECTION. Sec. 2. It is the purpose of this chapter to encourage increased residential opportunities for individuals of all income levels in cities with a population of at least one hundred fifty thousand that are required to plan or choose to plan under the growth management act within urban centers where the legislative body of the affected city has found there is insufficient housing opportunities, and that a particular residential development or redevelopment is needed to properly advance the intent and purposes of this chapter. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities within these urban centers and that will assist in reducing urban sprawl, locating housing close to work locations, promoting land use patterns that support and encourage the use of public transit or other alternatives to automobile use and in making these urban centers a place where more people can, and will, live. To achieve these purposes, this chapter provides for special valuations for eligible improvements associated with multiunit housing in residentially deficient urban centers.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means a city with a population of at least one hundred fifty thousand located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" or "multifamily housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing. At least twenty percent of the units may be set aside for households that earn no more than fifty percent of the median income or forty percent of the units may be set aside for households who earn no more than sixty percent of the median income, adjusted for household size.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Public benefit features" means amenities, uses, and other features of benefit to the public as may be locally designated. Examples include, but are not limited to, plazas, public open spaces, sidewalk surfacing, midblock connections, light standards, street level awnings, canopies or other weather protection features, street level retail uses, street furniture, pedestrian amenities, miniparks, tot lots, daycare centers, common meeting rooms, and other public amenities.

(8) "Rehabilitation improvements" means modifications made to existing structures that have been vacant for at least twelve months and failed to comply with one or more standards of the applicable state or local building or housing codes on or after the effective date of this section.

(9) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.

(10) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(11) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

NEW SECTION. Sec. 4. The provisions of this chapter relating to special valuation apply only to locally designated residential targeted areas of those cities planning under the growth management act.

NEW SECTION. Sec. 5. (1) The appraised value of new housing construction, conversion, rehabilitation improvements, and public benefit features qualifying under this chapter is exempt from ad valorem property taxation, for ten successive years beginning January 1 of the year immediately following the calendar year after issuance of the certificate of tax exemption eligibility. However, the exemption does not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(2) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(3) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

NEW SECTION. Sec. 6. An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, design, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be

obtained. The governing authority may determine design and other criteria necessary for the new or rehabilitated multihousing unit to attract and keep permanent residents and to properly enhance the appearance and livability of the residential targeted area in which it is to be located;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. At least twenty percent of the units may be set aside for households that earn no more than fifty percent of the median income or forty percent of the units may be set aside for households who earn no more than sixty percent of the median income, adjusted for household size;

(4) New construction of multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application;

(5) Property proposed to be rehabilitated must be vacant at least twelve months before submitting an application and fail to comply with one or more standards of the applicable state or local building or housing codes on or after the effective date of this section;

(6) The applicant must enter into a contract with the city approved by the governing body under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority; and

(7) The applicant must not have received an exemption under this chapter for this multiunit housing project.

NEW SECTION. Sec. 7. (1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing for persons of all incomes to meet the needs of the public who would be likely to live in the urban center, if the desirable, attractive, and livable places to live were available; and

(c) The providing of additional housing opportunity in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority shall give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate by resolution, all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority shall adopt standards and guidelines to be utilized in considering applications and making the determinations required under section 9 of this act. The standards and guidelines must establish basic requirements for both new construction and rehabilitation including application process and procedures. These guidelines may include the following:

(a) Requirements that address demolition of existing structures and site utilization;

(b) Building design requirements that may include elements addressing aesthetics, parking, height, density, environmental impact, public benefit features, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the appearance and livability of the residential targeted area in which they are to be located; and

(c) Provision for providing public benefit features and continued use of public facilities constructed.

NEW SECTION. Sec. 8. An owner of property seeking tax incentives under this chapter must complete the following procedures:

(1) In the case of rehabilitation or where demolition or new construction is required, the owner shall secure from the governing authority or duly authorized agent, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building and housing codes;

(2) In the case of new and rehabilitated multifamily housing, the owner shall apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including location of public facilities, floor plan of units, and other information requested;

(c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(3) The applicant must verify the application by oath or affirmation; and

(4) The application must be made on or before April 1 and must be accompanied by the application fee, if any, required under section 10 of this act. The governing authority may permit the applicant to revise an application before final action by the governing authority.

NEW SECTION. Sec. 9. The duly authorized administrative official or committee of the city may approve the application if it finds that:

(1) The owner has agreed to include in the new construction or rehabilitation of housing one or more public benefit features;

(2) A minimum of four units are being constructed or rehabilitated;

(3) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(4) The owner has complied with all standards and guidelines adopted by the city under this chapter; and

(5) The site is located in a residential targeted area of an urban center that has been designated by the governing authority in accordance with procedures and guidelines indicated in section 7 of this act.

NEW SECTION. Sec. 10. (1) The governing authority or an administrative official or commission authorized by the governing authority shall approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city shall issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in section 8 of this act.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission shall state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority will be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's decision. The decision of the governing body in denying or approving the application is final.

NEW SECTION. Sec. 11. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee

must be paid at the time the application for limited exemption is filed. If the application is approved, the governing authority shall pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority shall retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

NEW SECTION. Sec. 12. (1) Upon completion of rehabilitation or new construction for which an application for limited exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner shall file with the city the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city shall determine whether the work completed is consistent with the application and the contract approved by the governing authority and is qualified for limited exemption under this chapter. The city shall also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for limited exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city determines that improvements were constructed consistent with the application and other applicable requirements and the owner's property is qualified for limited exemption under this chapter, the city shall file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section. The county assessor shall determine the appraised value of the improvements eligible for the tax exemption under this chapter.

(4) The authorized representative of the city shall notify the applicant that a certificate of tax exemption is not going to be filed if the representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements; or

(c) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city to the owner of the decision being challenged.

NEW SECTION. Sec. 13. (1) Within thirty days of the anniversary of the date of the certificate of tax exemption and each year for a period of ten years, the owner of the rehabilitated or newly constructed property shall file with a designated agent of the city an annual report indicating the following:

(a) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the previous twelve months ending with the anniversary date;

(b) A certification by the owner that the property has not changed use since the date of the certificate approved by the city;

(c) A certification that all public amenities and improvements are still available for use by the public;

(d) A description of changes or improvements constructed after issuance of the certificate of tax exemption; and

(e) For applicable projects, a certification of income eligibility for low-income tenants inhabiting the rehabilitated or newly constructed housing units during the previous twelve months.

(2) The designated agent of the city shall forward a copy of the annual report to the county assessor.

NEW SECTION. Sec. 14. (1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from date of issuance of the certificate of tax exemption. If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty amounting to twenty percent. The tax shall be imposed on the value of the improvement at the time the tax exemption certificate was issued. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing

authority may hear the appeal. At the hearing, all interested parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

E2SSB 5448 Prime Sponsor, Committee on Ways & Means: Modifying provisions for public water system regulation. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass with the following amendment by Committee on Agriculture & Ecology:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Protection of the state's water resources, and utilization of such resources for provision of public water supplies, requires more efficient and effective management than is currently provided under state law;

(2) The provision of public water supplies to the people of the state should be undertaken in a manner that is consistent with the planning principles of the growth management act and the comprehensive plans adopted by local governments under the growth management act;

(3) Small water systems have inherent difficulties with proper planning, operation, financing, management and maintenance. The ability of such systems to provide safe and reliable supplies to their customers on a long-term basis needs to be assured through proper management and training of operators;

(4) New water quality standards and operational requirements for public water systems will soon generate higher rates for the customers of those systems, which may be difficult for

customers to afford to pay. It is in the best interest of the people of this state that small systems maintain themselves in a financially viable condition;

(5) County governments are ultimately responsible to act as receivers of any failing water systems within their jurisdictions;

(6) The drinking water 2000 task force has recommended maintaining a strong and properly funded state-wide drinking water program, retaining primary responsibility for administering the federal safe drinking water act in Washington. The task force has further recommended delegation of as many water system regulatory functions as possible to local governments, with provision of adequate resources and elimination of barriers to such delegation. In order to achieve these objectives, the state should provide adequate future funding from both general state funds and funding directly from the regulated water system;

(7) The public health services improvement plan recommends that the principal public health functions in Washington, including regulation of public water systems, should be undertaken by local jurisdictions with the capacity to perform them; and

(8) State government, local governments, water suppliers, and other interested parties should work for continuing economic growth of the state by maximizing the use of existing water supply management alternatives, including regional water systems, satellite management, and coordinated water system development.

Sec. 2. RCW 70.116.060 and 1977 ex.s. c 142 s 6 are each amended to read as follows:

(1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall review the coordinated water system plan and, to the extent the plan is consistent with the requirements of this chapter and regulations adopted hereunder, shall approve the plan, provided that the secretary shall not approve those portions of a coordinated water system plan ((which)) that fail to meet the requirements for future service area boundaries until any boundary dispute is resolved as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the ((secretary)) local legislative authority determines that existing purveyors are unable to provide the service in a timely and reasonable manner, pursuant to guidelines developed by the secretary. An existing purveyor is unable to provide the service in a timely manner if the water cannot be provided to an applicant for water within one hundred twenty days. If such a determination is made, the ((secretary may)) local legislative authority shall require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area. The service area boundaries in the coordinated plan for the affected utilities shall be revised to reflect the decision of the local legislative authority.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: PROVIDED, That service connections shall not be considered expansions.

(5) The affected legislative authorities may develop and utilize a mechanism for addressing disputes that arise in the implementation of the coordinated water system plan after the plan has been approved by the secretary.

(6) After adoption of the initial coordinated water system plan, the local legislative authority or the secretary may determine that the plan should be updated or revised. The legislative authority may initiate an update at any time, but the secretary may initiate an update no more frequently than once every five years. The update may encompass all or a portion of the plan, with the scope of the update to be determined by the secretary and the legislative authority. The process for the update shall be the one prescribed in RCW 70.116.050.

(7) The provisions of subsection (3) of this section shall not apply in any county for which a coordinated water system plan has not been approved under subsection (2) of this section.

Sec. 3. RCW 70.119A.060 and 1991 c 304 s 4 are each amended to read as follows:

(1) In order to assure safe and reliable public drinking water and to protect the public health, public water systems shall:

- (a) Protect the water sources used for drinking water;
- (b) Provide treatment adequate to assure that the public health is protected;
- (c) Provide and effectively operate and maintain public water system facilities;
- (d) Plan for future growth and assure the availability of safe and reliable drinking

water;

(e) Provide the department with the current names, addresses, and telephone numbers of the owners, operators, and emergency contact persons for the system, including any changes to this information, and provide to users the name and twenty-four hour telephone number of an emergency contact person; and

(f) Take whatever investigative or corrective action is necessary to assure that a safe and reliable drinking water supply is continuously available to users.

(2) No new public water system may be approved or created unless: (a) It is owned or operated by a satellite system management agency established under RCW 70.116.134 and the satellite system management system complies with financial viability requirements of the department; or (b) a satellite management system is not available and it is determined that the new system has sufficient management and financial resources to provide safe and reliable service. The approval of any new system that is not owned by a satellite system management agency shall be conditioned upon future connection to another system if such connection may be made with reasonable economy and efficiency, or upon periodic review of the system's operational history to determine its ability to meet the department's financial viability and other operating requirements. The department and local health jurisdictions shall enforce this requirement under authority provided under this chapter, chapter 70.116, or 70.05 RCW, or other authority governing the approval of new water systems by the department or a local jurisdiction.

(3) The department and local health jurisdictions shall carry out the rules and regulations of the state board of health adopted pursuant to RCW 43.20.050(2)(a) and other rules adopted by the department relating to public water systems.

NEW SECTION. **Sec. 4.** A new section is added to chapter 70.119A RCW to read as follows:

The department shall create a water supply advisory committee. Membership on the committee shall reflect a broad range of interests in the regulation of public water supplies, including water utilities of all sizes, local governments, business groups, special purpose districts, local health jurisdictions, other state and federal agencies, financial institutions, environmental organizations, the legislature, and other groups substantially affected by the department's role in implementing state and federal requirements for public water systems. Members shall be appointed for fixed terms of no less than two years, and may be reappointed. Any members of an existing advisory committee to the drinking water program may remain as members of the water supply advisory committee. The committee shall provide advice to the department on the organization, functions, service delivery methods, and funding of the drinking water program. The committee shall also review the adequacy and necessity of the current and prospective funding for the drinking water program, and the results of the committees' review shall be forwarded to the department for inclusion in a report to the appropriate standing committees of the legislature no later than November 1, 1996. The report shall include a discussion of the extent to which the drinking water program has progressed toward achieving the objectives of the public health improvement plan, and an assessment of any changes to the program necessitated by modifications to the federal safe drinking water act.

Sec. 5. RCW 82.16.020 and 1989 c 302 s 204 are each amended to read as follows:

(1) There is levied and there shall be collected from every person a tax for the act or privilege of engaging within this state in any one or more of the businesses herein mentioned. The tax shall be equal to the gross income of the business, multiplied by the rate set out after the business, as follows:

(a) Railroad, express, railroad car, sewerage collection, and telegraph businesses: Three and six-tenths percent;

(b) Light and power business: Three and sixty-two one-hundredths percent;

(c) Gas distribution business: Three and six-tenths percent;

(d) Urban transportation business: Six-tenths of one percent;

(e) Vessels under sixty-five feet in length, except tugboats, operating upon the waters within the state: Six-tenths of one percent;

(f) Motor transportation and tugboat businesses, and all public service businesses other than ones mentioned above: One and eight-tenths of one percent;

(g) Water distribution business: Four and seven-tenths percent.

(2) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (1) of this section.

(3) Twenty percent of the moneys collected under subsection (1) of this section on water distribution businesses and sixty percent of the moneys collected under subsection (1) of this section on sewerage collection businesses shall be deposited in the public works assistance account created in RCW 43.155.050.

(4) Fifteen percent of the moneys collected under subsection (1) of this section on water distribution businesses shall be deposited in the safe drinking water account created in RCW 70.119A.120.

(a) ~~((The system serves one hundred or more services in use at any one time))~~ It is a group A water system; or

(3) ~~A certified operator may provide required services to more than one system or to a group of systems.~~ The amount of time that a certified operator shall be required to be present at any given system shall be based upon the time required to properly operate and maintain the public water system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

The waiver shall only be valid while the system meets these requirements.

(5) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis.

Sec. 8. RCW 70.116.050 and 1977 ex.s. c 142 s 5 are each amended to read as follows:

(1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they ~~((:-(a) Were in existence as of September 21, 1977; and (b)))~~ have no

plans for water service beyond their existing service area (~~(, and (c) meet minimum quality and pressure design criteria established by the state board of health~~): PROVIDED FURTHER, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being. Decisions of the committee shall be by majority vote of those present at meetings of the committee.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.05 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(f) Include satellite system management requirements consistent with RCW 70.116.134.

(g) Include policies and procedures that generally address failing water systems for which counties may become responsible under RCW 43.70.195.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) The committee established in RCW 70.116.040 may develop and utilize a mechanism for addressing disputes that arise in the development of the coordinated water system plan.

(7) Prior to the submission of a coordinated water system plan to the secretary for approval (~~(of the design of the proposed facilities)~~) pursuant to RCW 70.116.060, (~~(the plan shall be reviewed for consistency with subsection (4) of this section by)~~) the legislative authorities of the counties in which the critical water supply service area is located shall hold a public hearing thereon and shall determine the plan's consistency with subsection (4) of this section. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no

comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval.

(8) Any county legislative authority may adopt an abbreviated plan for the provision of water supplies within its boundaries that includes provisions for service area boundaries, minimum design criteria, and review process. The elements of the abbreviated plan shall conform to the criteria established by the department under subsection (4) of this section and shall otherwise be consistent with other adopted land use and resource plans. The county legislative authority may, in lieu of the committee required under RCW 70.116.040, and the procedures authorized in this section, utilize an advisory committee that is representative of the water utilities and local governments within its jurisdiction to assist in the preparation of the abbreviated plan, which may be adopted by resolution and submitted to the secretary for approval. Purveyors within the boundaries covered by the abbreviated plan need not develop a water system plan, except to the extent required by the secretary or state board of health under other authority. Any abbreviated plan adopted by a county legislative authority pursuant to this subsection shall be subject to the same provisions contained in RCW 70.116.060 for coordinated water system plans that are approved by the secretary.

Sec. 9. RCW 70.119A.040 and 1993 c 305 s 2 are each amended to read as follows:

(1)(a) In addition to or as an alternative to any other penalty or action allowed by law, a person who violates a law or rule regulating public water systems and administered by the department of health is subject to a penalty of not more than five thousand dollars per day for every such violation, or, in the case of a violation that has been determined to be a public health emergency, a penalty of not more than ten thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation.

(b) In addition, a person who constructs, modifies, or expands a public water system or who commences the construction, modification, or expansion of a public water system without first obtaining the required departmental approval is subject to penalties of not more than five thousand dollars per service connection, or, in the case of a system serving a transient population, a penalty of not more than four hundred dollars per person based on the highest average daily population the system serves or is anticipated to serve. The total penalty that may be imposed pursuant to this subsection (1)(b) is five hundred thousand dollars, except that the total penalty may not exceed one thousand dollars if the public water system has less than one thousand connections and an attempt was first made to secure departmental approval for modification or expansion of the system. For the purpose of computing the penalty under this subsection, a service connection shall include any new service connection actually constructed, any anticipated service connection the system has been designed to serve, and, in the case of a system modification not involving expansions, each existing service connection that benefits or would benefit from the modification.

(c) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing to the person against whom the civil penalty is assessed and shall describe the violation. The notice shall be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (3) of this section.

(3) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules of the department or board of health.

(4) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed

penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served and such reasonable attorney's fees as are incurred in securing the final administrative order.

(5) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorney's fees for the cost of the attorney general's office in representing the department.

(6) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the public water system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(7) A judgment entered under subsection (5) or (6) of this section shall have the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(8) All penalties imposed under this section shall be payable to the state treasury and credited to the ~~((general fund))~~ safe drinking water account, and shall be used by the department to provide training and technical assistance to system owners and operators.

(9) Except in cases of public health emergencies, the department may not impose monetary penalties under this section unless a prior effort has been made to resolve the violation informally.

Sec. 10. RCW 70.119A.130 and 1991 c 304 s 7 are each amended to read as follows:
~~((Until July 1, 1996, local governments shall be prohibited from administering a separate operating permit requirement for public water systems. After July 1, 1996,))~~ Local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department.

NEW SECTION. **Sec. 11.** A new section is added to chapter 70.119A RCW to read as follows:

A drinking water assistance account is created in the state treasury. The purpose of the account is to allow the state to take advantage of any federal funds that become available for safe drinking water. Expenditures from the account may only be made by the secretary or the public works board after appropriation. Moneys in the account may only be used to assist water systems to provide safe drinking water.

Sec. 12. RCW 80.04.110 and 1991 c 134 s 1 and 1991 c 100 s 2 are each reenacted and amended to read as follows:

(1) Complaint may be made by the commission of its own motion or by any person or corporation, chamber of commerce, board of trade, or any commercial, mercantile, agricultural or manufacturing society, or any body politic or municipal corporation, or by the public counsel section of the office of the attorney general, or its successor, by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any public service corporation in violation, or claimed to be in violation, of any provision of law or of any order or rule of the commission: PROVIDED, That no complaint shall be entertained by the commission except upon its own motion, as to the reasonableness of the schedule of the rates or charges of any gas company, electrical company, water company, or telecommunications company, unless the same be signed by the mayor, council or commission of the city or town

in which the company complained of is engaged in business, or not less than twenty-five consumers or purchasers of such gas, electricity, water or telecommunications service, or at least twenty-five percent of the consumers or purchasers of the company's service: PROVIDED, FURTHER, That when two or more public service corporations, (meaning to exclude municipal and other public corporations) are engaged in competition in any locality or localities in the state, either may make complaint against the other or others that the rates, charges, rules, regulations or practices of such other or others with or in respect to which the complainant is in competition, are unreasonable, unremunerative, discriminatory, illegal, unfair or intending or tending to oppress the complainant, to stifle competition, or to create or encourage the creation of monopoly, and upon such complaint or upon complaint of the commission upon its own motion, the commission shall have power, after notice and hearing as in other cases, to, by its order, subject to appeal as in other cases, correct the abuse complained of by establishing such uniform rates, charges, rules, regulations or practices in lieu of those complained of, to be observed by all of such competing public service corporations in the locality or localities specified as shall be found reasonable, remunerative, nondiscriminatory, legal, and fair or tending to prevent oppression or monopoly or to encourage competition, and upon any such hearing it shall be proper for the commission to take into consideration the rates, charges, rules, regulations and practices of the public service corporation or corporations complained of in any other locality or localities in the state.

(2) All matters upon which complaint may be founded may be joined in one hearing, and no motion shall be entertained against a complaint for misjoinder of complaints or grievances or misjoinder of parties; and in any review of the courts of orders of the commission the same rule shall apply and pertain with regard to the joinder of complaints and parties as herein provided: PROVIDED, All grievances to be inquired into shall be plainly set forth in the complaint. No complaint shall be dismissed because of the absence of direct damage to the complainant.

(3) Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the person or corporation complained of, which shall be accompanied by a notice fixing the time when and place where a hearing will be had upon such complaint. The time fixed for such hearing shall not be less than ten days after the date of the service of such notice and complaint, excepting as herein provided. The commission shall enter its final order with respect to a complaint filed by any entity or person other than the commission within ten months from the date of filing of the complaint, unless the date is extended for cause. Rules of practice and procedure not otherwise provided for in this title may be prescribed by the commission. Such rules may include the requirement that a complainant use informal processes before filing a formal complaint.

(4) The commission shall, as appropriate, audit a nonmunicipal water system upon receipt of an administrative order from the department, or the city or county in which the water system is located, finding that the water delivered by a system does not meet state board of health standards adopted under RCW 43.20.050(2)(a) or standards adopted under chapters 70.116 and 70.119A RCW, and the results of the audit shall be provided to the requesting department, city, or county. However, the number of nonmunicipal water systems referred to the commission in any one calendar year shall not exceed twenty percent of the water companies subject to commission regulation as defined in RCW 80.04.010.

Every nonmunicipal water system referred to the commission for audit under this section shall pay to the commission an audit fee in an amount, based on the system's twelve-month audited period, equal to the fee required to be paid by regulated companies under RCW 80.24.010.

(5) Any customer or purchaser of service from a water system or company that is subject to commission regulation may file a complaint with the commission if he or she has reason to believe that the water delivered by the system to the customer does not meet state drinking water standards under chapter 43.20 or 70.116 RCW. The commission shall investigate such a complaint, and shall request that the state department of health or local health department of the county in which the system is located test the water for compliance with state drinking water standards, and provide the results of such testing to the commission. The commission may decide not to investigate the complaint if it determines that the complaint has been filed in bad faith, or for the purpose of harassment of the water system or company, or

for other reasons has no substantial merit. The water system or company shall bear the expense for the testing. After the commission has received the complaint from the customer and during the pendency of the commission investigation, the water system or company shall not take any steps to terminate service to the customer or to collect any amounts alleged to be owed to the company by the customer. The commission may issue an order or take any other action to ensure that no such steps are taken by the system or company. The customer may, at the customer's option and expense, obtain a water quality test by a licensed or otherwise qualified water testing laboratory, of the water delivered to the customer by the water system or company, and provide the results of such a test to the commission. If the commission determines that the water does not meet state drinking water standards, it shall exercise its authority over the system or company as provided in this title, and may, where appropriate, order a refund to the customer on a pro rata basis for the substandard water delivered to the customer, and shall order reimbursement to the customer for the cost incurred by the customer, if any, in obtaining a water quality test.

Sec. 13. RCW 70.116.070 and 1977 ex.s. c 142 s 7 are each amended to read as follows:

(1) ~~The proposed service area boundaries of public water systems within the critical water supply service area that are required to submit water system plans under this chapter shall be ((determined by written agreement among the purveyors and with the approval of the appropriate legislative authority. Failure of the legislative authority to file with the secretary objections to the proposed service area boundaries within sixty days of receipt of the proposed boundary agreement may be construed as approval of the agreement)) identified in the system's plan. The local legislative authority, or its planning department or other designee, shall review the proposed boundaries to determine whether the proposed boundaries of one or more systems overlap. The boundaries determined by the local legislative authority not to overlap shall be incorporated into the coordinated water system plan. Where any overlap exists, the local legislative authority may attempt to resolve the conflict through procedures established under RCW 70.116.060(5).~~

(2) ~~((If no service area boundary agreement has been established within a reasonable period of time, or if the legislative authority has filed with the secretary objections in writing as provided in subsection (1) of this section)) Any final decision by a local legislative authority regarding overlapping service areas, or any unresolved disputes regarding service area boundaries, may be appealed or referred to the secretary in writing for resolution. After receipt of an appeal or referral, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor ((providing service in the critical water supply service area)) involved in the dispute, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being.~~

NEW SECTION. Sec. 14. Section 10 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995."

POINT OF PERSONAL PRIVILEGE

Representative Jacobsen: Thank you Mr. Speaker. Reverend Armstrong has left but I did want to make a comment to the body that I did appreciate the fact that he did an ecumenical invocation. And perhaps I'm a little bit more sensitive to this issue than some of the other people, it happens that my wife is Jewish, and I have two daughters. And they're constantly pointing out to me minor slights, and I think it's more a manner of not being aware of it. But there's a lot of people that live in this state and they're from all different religions.

And I really think what we should do in here is with innovations is focus on non sectarian invocations and show that we are considerate of all peoples and all their faiths. And I suppose I should close with what Lincoln said one time, He didn't care what religion you were but he said, " Be the best", and that 's the kind of thing we need to look at in this body. And I really did appreciate the invocation this morning. Thank you alot, Reverend Armstrong.

The Speaker assumed the chair.

Once designated, mineral resource uses, including operations as defined in RCW 78.44.031, shall be established as an allowed use in local development regulations.

The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

For the purposes of this section, "long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land."

POINT OF ORDER

Representative Carlson: Thank you Mr. Speaker. I would request a ruling on the scope and object of the amendment.

SPEAKER'S RULING

"Representative Carlson, the Speaker is prepared to Rule on your Point of Order which challenges Amendment 660 to Senate Bill No. 5120 as being beyond the Scope and Object of the bill.

"The title of Senate Bill No. 5120 is "AN ACT Relating to death benefits under the law enforcement officers' and fire fighters' retirement system.

"The title is very broad. The bill amends two sections in chapter 41.26 RCW.

"The bill adds an additional election under certain circumstances for persons having an insurable interest in the member's life to be paid a set percentage of the member's accumulated contributions less certain amounts. The bill also provides that accumulated contributions attributable to certain restorations be refunded at a set percentage.

"Amendment 660 to Senate Bill No. 5120 would add a new section to chapter 41.04 RCW that would grant a cash death benefit award to be funded in an omnibus appropriations bill and expressly prohibits such award from being paid out of any retirement funds under the administration of the department of retirement systems.

"The object of the bill is to provide for certain distributions from funds already paid into a member's retirement system. Amendment 660 awards certain cash grants that would require an appropriation.

"Although this amendment is within the scope of the title of Senate Bill No. 5120, the amendment goes beyond the object of the bill.

"The Speaker finds that Amendment 660 is beyond the scope and object of the bill.

"Representative Carlson, Your Point of Order is well taken."

POINT OF INQUIRY

This bill repeals that requirement. What is intended by this amendment?

Representative Lisk: The department has agreed with the business community to adopt a different approach to crediting third-party reimbursements. The current approach is "after-the-fact"

and employers often do not receive timely credits in their experience rating accounts. With the statutory restriction removed, the department will develop a prospective crediting method that will give employers "up-front" credit when a reimbursement is anticipated. Under no circumstances, will the department eliminate the crediting process for employers' experience rating accounts.

On page 1, after line 3, strike all of Section 1 and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that in the early 1900's and up through the 1930's, counties took possession of a number of forest land parcels as a result of tax delinquencies. In many cases, the timber had already been harvested from these lands prior to the forfeiture of the property to the counties. Since that time, the department of natural resources has reforested and managed these lands in conjunction with state trust lands. Given changes in forest practices, fluctuation in income from the forest board lands, and questions about forest board land management by the department of natural resources, the legislature finds that a legislative study of forest board lands is appropriate.

There is created a joint select committee on county forest board lands. The committee shall be comprised of eight members of the legislature, who shall be appointed to the committee as follows: the president of the senate shall appoint two members, one from each caucus, to represent the senate natural resources committee, and two members, one from each caucus, to represent the senate ways and means committee; the speaker of the house of representatives shall appoint two members, one from each caucus, to represent the house natural resources committee, and two members, one from each caucus, to represent the house capital budget committee. In conducting this study, the committee shall seek input from the department of natural resources, counties with forest board transfer lands, and Grays Harbor county, which manages its own county forest lands. Staff support for the committee shall be provided by senate committee services and the house office of program research."

(3) A Dungeness crab-coastal fishery license shall be issued to a person who had a new vessel under construction between December 1, 1988, and September 15, 1992, if the vessel made coastal crab landings totaling a minimum of five thousand pounds by September 15, 1993, and the new vessel

Dungeness crab—coastal class B fishery licenses cease to exist after December 31, 1999, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

((5)) (6) For purposes of this section and RCW 75.30.420, "coastal crab" means Dungeness crab (cancer magister) taken in all Washington territorial and offshore waters south of the United States-Canada boundary and west of the Bonilla-Tatoosh line (a line from the western end of Cape Flattery to Tatoosh Island lighthouse, then to the buoy adjacent to Duntz Rock, then in a straight line to Bonilla Point of Vancouver island), Grays Harbor, Willapa Bay, and the Columbia river.

(7) For purposes of this section, "replacement vessel" means a vessel used in the coastal crab fishery in 1994, and that replaces a vessel used in the coastal crab fishery during any period from 1988 through 1993, and which vessel's licensing and catch history, together with the licensing and catch history of the vessel it replaces, qualifies a single applicant for a Dungeness crab—coastal or Dungeness crab—coastal class B fishery license. A Dungeness crab—coastal or Dungeness crab—coastal class B fishery license may only be issued to a person who designated a vessel in the 1994 coastal crab fishery and who designated the same vessel in 1995."

POINT OF INQUIRY

Representative Appelwick yielded to a question to Representative Thibaudeau.

Representative Thibaudeau: Thank you Mr. Speaker. My concern in these child abuse reporting issues, has to do with whether or not this particular bill might have a chilling effect on reporting on child abuse. Do you believe that this would prevent people from reporting some child abuse?

Representative Appelwick: Certainly we're all concerned that child abuse would in fact be reported. The amendments suggest that the penalties and the punishments in court whether civilly or criminally apply only if the person made the allegations or enticed someone else to make them knowing that they're false. But I don't think that should cause parents who are doing so honestly will be afraid of these penalties, I certainly hope not the requirement to be subject to them is you had to know you were doing it and that it wasn't true when you did it.

(c) On the basis of full-time equivalent enrollment in:

(i) Vocational education programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 18.3 full-time equivalent vocational students;

NEW SECTION. Sec. 508. SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 1996) \$ 383,367,000
General Fund--State Appropriation (FY 1997) \$ 381,664,000
General Fund--Federal Appropriation \$ 98,684,000
TOTAL APPROPRIATION \$ 863,715,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund--state appropriation includes such funds as are necessary for the remaining months of the 1994-95 school year.

(2) In recognition of the need for increased flexibility at the local district level to facilitate the provision of appropriate education to children with disabilities, and the need for substantive educational reform for a significant portion of the school population, the funding formula for special education is modified. These changes result from a 1994 study and recommendations by the institute for public policy and the legislative budget committee, aided by the office of the superintendent of public instruction and the statewide task force for the development of special education funding alternatives. The new formula is for allocation purposes only and is not intended to prescribe or imply any particular pattern of special education service delivery other than that contained in a properly formulated locally determined individualized education program.

(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories, the mandatory special education program for special education students ages three to twenty-one and the optional birth through age two program for developmentally delayed infants and toddlers. The superintendent shall review current state eligibility criteria for the fourteen special education categories and consider changes which would reduce assessment time and administrative costs associated with the special education program.

(4) For the 1995-96 and 1996-97 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, times the district's average basic education allocation per full-time equivalent student, times 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment times the enrollment percent, times the district's average basic education allocation per full-time equivalent student times 0.943.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in grades K-3, and 46/1000 in grades 4-12), including the part-time health benefit ratio for the special education program, and shall not include enhancements for K-3, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" shall mean the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1995-96 and the 1996-97 school years, each district's enrollment percent shall be:

(i) For districts whose enrollment percent for 1994-95 was at or below 12.7 percent, the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(ii) For districts whose enrollment percent for 1994-95 was above 12.7 percent, the lesser of:

(A) The district's actual enrollment percent for the school year for which the special education allocation is being determined; or

(B) The district's actual enrollment percent for the school year immediately prior to the school year for which the special education allocation is being determined; or

(C) For 1995-96, the 1994-95 enrollment percent reduced by 25 percent of the difference between the district's 1994-95 enrollment percent and 12.7. For 1996-97, the 1994-95 enrollment percent reduced by 50 percent of the difference between the district's 1994-95 enrollment percent and 12.7.

(6) A minimum of \$4.5 million of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of individual special education students.

(7) From the general fund--state appropriation, \$14,600,000 is provided for the 1995-96 school year, and \$22,500,000 for the 1996-97 school year, for safety net purposes for districts with demonstrable funding needs for special education beyond the combined amounts provided in subsection (4) of this section. By July 1, 1995, the superintendent of public instruction shall, by rule, establish procedures and standards by which such determinations shall be made at each educational service district. The superintendent shall distribute safety net moneys to educational service districts and establish procedures for regional committees to consider district applications and make allocations, without deduction, based on the procedures and standards established by the superintendent subject to the following conditions and limitations:

(a) For a school district requesting state safety net funds due to special characteristics of the district and costs of providing services which differ significantly from the assumptions contained in the funding formula, the procedures and standards shall permit relief only if a district can demonstrate at a minimum that:

(i) Individualized education plans are appropriate and are properly and efficiently prepared and formulated;

(ii) The district is making a reasonable effort to provide appropriate program services for special education students utilizing state funds generated by the apportionment and special education funding formulas;

(iii) The district's programs are operated in a reasonably efficient manner and that the district has adopted a plan of action to contain or eliminate any unnecessary, duplicative, or inefficient practices.

(iv) Indirect costs charged to this program do not exceed the allowable percent for the federal special education program;

(v) Any available federal funds are insufficient to address the additional needs; and

(vi) The costs of any supplemental contracts are not charged to this program for purposes of making these determinations.

(b) For districts requesting safety net funds due to federal maintenance of effort requirements, the procedures and standards shall permit relief only if a district can demonstrate at a minimum that:

(i) The district is making a reasonable effort to provide appropriate program services for special education students utilizing state funds generated by the apportionment and special education funding formulas;

(ii) Calculations made in accordance with subsection (8) of this section with respect to state fund allocations justify a need for additional funds for compliance with federal maintenance of effort requirements.

(8)(a) For purposes of making safety net determinations pursuant to subsection (7) of this section, the superintendent shall make available to each school district, from available data, prior to June 1st of each year:

(i) The district's 1994-95 enrollment percent;

(ii) For districts with a 1994-95 enrollment percent over 12.7 percent, the maximum 1995-96 enrollment percent, and prior to 1996-97 the maximum 1996-97 enrollment percent;

(iii) The estimate to be used for purposes of subsection (7) of this section of each district's 1994-95 special education allocation showing the excess cost and the basic education portions; and

(iv) If necessary, a process for each district to estimate the 1995-96 school year excess cost allocation for special education and the portion of the basic education allocation formerly included in the special education allocation. This process may utilize the allocations generated pursuant to subsection (5) of this section, each district's 1994-95 estimated basic education backout percent for the 1994-95 school year, and state compensation increases for 1995-96.

(b) The superintendent, in consultation with the state auditor, shall take all necessary steps to successfully transition to the new formula and minimize paperwork at the district level associated with maintenance of effort calculations. The superintendent shall develop such rules and procedures as are necessary to implement this process for the 1995-96 school year, and may use the same process for the 1996-97 school year if found necessary for federal maintenance of effort calculations.

(9) Prior to adopting any standards, procedures, or processes required to implement this section, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The superintendent of public instruction, in cooperation with the office of financial management and the fiscal committees of the legislature, shall evaluate the operation of the safety nets under subsections (6) and (7) of this section and shall prepare an interim report by December 15, 1995 and a final report on the first school year of operation by October 15, 1996.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriation to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at Children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the handicapped program.

(12) \$1,000,000 of the general fund--federal appropriation is provided solely for projects to provide handicapped students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) Not more than \$80,000 of the general fund--federal appropriation shall be expended for development of an inservice training program to identify students with dyslexia who may be in need of special education.

NEW SECTION. Sec. 902. INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

In addition to department of information services requirements, the study shall examine and evaluate the costs and benefits of maintaining the status quo and the costs and benefits of the proposed project. The study shall identify when and in what amount any fiscal savings will accrue, and what programs or fund sources will be affected.

SPEAKER'S RULING

"Representative Rust, the Speaker is prepared to Rule on your Point of Order which challenges the Committee Amendment to Substitute Senate Bill No. 5155 as being beyond the Scope and Object of the bill.

"The title of Substitute Senate Bill No. 5155 is "AN ACT Relating to hydraulic permit exemptions from the shoreline management act."

"The title is somewhat broad as it relates to hydraulic permit exemptions. The bill adds a new section to chapter 90.85 RCW.

"The bill exempts certain public and private projects designed to improve fish or wildlife habitat or fish passage from the permit requirements of the Shoreline Management Act if all of certain conditions are met. One of the conditions set is that a local government has determined if the project is substantially consistent with its local shoreline master program. A local shoreline master program must be consistent with certain state guidelines.

"The Committee Amendment to Substitute Senate Bill No. 5155 would add a new section to chapter 90.58 RCW and create a new section. The amendment would add the requirement that under certain conditions the authority to approve hydraulic projects be delegated to certain local governments if an approved local shoreline master program exists for that jurisdiction and the jurisdiction requests such delegation.

"The object of Substitute Senate Bill No. 5155 is to establish a process and criteria for exempting certain projects from various permit requirements in order to promote the improvement of fish and wildlife habitat and fish passage while ensuring that various protective standards required under the shoreline management act are substantially complied with.

"The Committee Amendment deals with hydraulic permit exemptions from the shoreline management act and furthers the object of the bill to promote certain habitat and passage while ensuring compliance with certain state guidelines. The Speaker is unable to conclude that the Committee Amendment is beyond the scope and object of Substitute Senate Bill No. 5155.

"The Speaker finds that the committee amendment is not beyond the scope and object of the bill.

Representative Rust, Your Point of Order is not well taken.

Representative Hymes spoke in favor of adoption of the committee amendment.

Representative Rust spoke against the adoption of the committee amendment.

The committee amendment was adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

The Speaker stated the question before the House to be final passage of Substitute Senate Bill No. 5155 as amended by the House.

SPEAKER'S RULING

"Representative Thibaudeau, the Speaker is prepared to Rule on your Point of Order which challenges the Committee Amendment to Senate Bill No. 5652 as being beyond the Scope and Object of the bill.

"The title of Senate Bill No. 5652 is "AN ACT Relating to welfare fraud."

The title is broad. The bill amends RCW 74.08.290 so as to provide that persons convicted of welfare fraud are denied access to welfare payments for at least six months.

The Committee Amendment also amends RCW 74.08.290, and in addition amends RCW 74.04.062; the amendment adds a new section to Chapter 74.08 and 74.12 RCW.

The amendment would preclude persons who are fugitives from justice from receiving public assistance. In addition the amendment would cause the state to implement the federal SAVE program so that welfare funds would be denied to illegal aliens.

Since it is currently an act of welfare fraud for an illegal alien to apply for welfare benefits, implementation of the federal SAVE program is within the Scope of the bill title. However, it is not currently illegal for a fugitive from justice to apply for or receive welfare benefits. Fleeing from a bench warrant is not often an act related to welfare fraud.

The Speaker finds that the committee amendment is beyond the scope of the title of Senate Bill No. 5652.

"Representative Thibaudeau, Your Point of Order is well taken.

With the consent of the House, amendment numbers 725, 735 and 687 to Senate Bill No. 5652 were withdrawn.

POINT OF ORDER

Representative Thibaudeau: Thank you Mr. Speaker. Perhaps I'm confused but I thought that part of the bill just scoped. So I guess that's a point of order.

Speaker: Point of Information Representative Thibaudeau. The Committee Amendment was the one that I ruled on. This is not the amendment to the bill. The Committee Amendment had two parts. The ruling that we had on the scope and object was regarding the felons fleeing.

Representative Bolt moved adoption of the following amendment by Representative Bolt:

On page 1, strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that those individuals who abuse and defraud the welfare system not only steal scarce resources, but also perpetuate myths about people on public assistance. The taxpayers of this state have limited resources with which to help those in need and it is imperative that the legislature use its authority to ensure that those resources are assisting the truly needy.

To protect the integrity of the welfare system the legislature must put into place mechanisms that guard against abuse. The message must be sent that we will not tolerate welfare fraud.

People who are caught abusing public trust by defrauding the welfare system should be punished and not allowed to receive public assistance.

Sec. 2. RCW 74.08.290 and 1959 c 26 s 74.08.290 are each amended to read as follows:

(1) The department is hereby authorized to suspend temporarily the public assistance granted to any person for any period during which such person is not in need thereof.

(2) If a recipient is convicted of any crime or offense, and punished by imprisonment, no payment shall be made during the period of imprisonment.

(3)(a) If an applicant for or recipient of public assistance intentionally provides a false or misleading statement or commits an act which statement or act is designed to misrepresent, conceal, or withhold facts for the purpose of establishing or maintaining eligibility for public assistance or for the purpose of increasing, or preventing a reduction in, the amount of a grant, then, the applicant or recipient shall be considered in violation of this subsection (3)(a) and shall be subject to the penalties provided in (b) of this subsection.

(b) An individual who is found to have committed a violation of (a) of this subsection by a state administrative law judge or by a state court or federal court shall be ineligible for continued public assistance for the following periods:

(i) Six months for the first violation;

(ii) Twelve months for the second violation; and

(iii) Permanently for the third violation.

For the purpose of applying these penalties, numerous violations on a single application, or in a single statement, made by an individual shall count as one violation.

Sec. 3. RCW 74.04.062 and 1973 c 152 s 2 are each amended to read as follows:

Upon written request of a person who has been properly identified as an officer of the law with a felony arrest warrant or a properly identified United States immigration official with a warrant for an illegal alien the department shall disclose to such officer the current address and location of the person properly described in the warrant. However, this rule does not restrict in any manner whatsoever the disclosure of address and location information by the department pursuant to its implementation of the federal "systematic alien verification for entitlements" program or pursuant to section 4 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 74.08 RCW to read as follows:

The department shall implement the federal "systematic alien verification for entitlements" program, the "SAVE" program. The department shall:

(a) Coordinate with other state agencies, including but not limited to the employment security department, to ensure that persons receiving federal or state funds are eligible in terms of citizenship and residency status;

(b) Post at every community service office a sign letting applicants and recipients know that illegal aliens will be reported to the United States immigration and naturalization service and that the systematic alien verification for entitlements system is in use in the office; and

(c) Systematically use all processes available to verify eligibility in terms of the citizenship and residency status of applicants and recipients for public assistance.

NEW SECTION. Sec. 5. The department shall have the SAVE program in full force and effect by September 30, 1995, and report to the fiscal committees of the house of representatives and senate by December 1, 1995, regarding the progress of implementation and outcomes by region of the program."

(d) To the general fund, for revenues distributed after June 30, 1993, and to the transportation fund, for revenues distributed after June 30, 1995, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection and RCW 82.14.046.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding (i) the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and (ii) the sales and use tax equalization distributions provided under RCW 82.14.046; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter, excluding the sales and use tax equalization distributions provided under RCW 82.14.046.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year excluding the sales and use tax equalization distributions provided under RCW 82.14.046. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

Sec. 510. RCW 81.104.015 and 1992 c 101 s 19 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "High capacity transportation system" means a system of public transportation services within an urbanized region operating principally on exclusive rights of way, and the supporting services and facilities necessary to implement such a system, including interim express services and high

occupancy vehicle lanes, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally in general purpose roadways.

(2) "Regional transit system" means a high capacity transportation system under the jurisdiction of one or more transit agencies (~~((except where a regional transit authority created under chapter 81.112 RCW exists, in which case "regional transit system" means the high capacity transportation system under the jurisdiction of a regional transit authority))~~).

(3) "Transit agency" means city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas.

Sec. 511. RCW 81.104.030 and 1993 c 428 s 1 are each amended to read as follows:

(1) In any county (~~((with a population of from two hundred ten thousand to less than one million that is not bordered by a county with a population of one million or more, and in each county with a population of less than two hundred ten thousand))~~) that has a population of one hundred seventy-five thousand or more and has an interstate highway within its borders, except for any county having a population of more than one million or a county that has a population more than four hundred thousand and is adjacent to a county with a population of more than one million, transit agencies may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation, or such agencies may use the designated metropolitan planning organization as the regional policy committee.

Transit agencies participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and financing plan. For transit agencies in counties adjoining state or international boundaries where the high capacity transportation system plan and financing plan propose a bi-state or international high capacity transportation system, such voter approval shall be required from only those voters residing within the service area in the state of Washington.

(2) Transit agencies in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or Canadian province.

Sec. 512. RCW 81.104.040 and 1992 c 101 s 21 are each amended to read as follows:

Transit agencies in each county with a population of one million or more, and in each county with a population of from ~~((two))~~ four ~~((ten))~~ thousand to less than one million bordering a county with a population of one million or more ~~((that are authorized on January 1, 1991, to provide high capacity transportation planning and operating services must))~~ may establish through interlocal agreements a ~~((joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.~~

~~((1) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.~~

~~((2) The joint regional policy committee shall be responsible for the preparation and adoption of))~~ process to jointly prepare a regional high capacity transportation implementation program, which shall include the system plan, project plans, and a financing plan. This program shall be in conformance with the regional transportation planning organization's regional transportation plan and consistent with RCW 81.104.080.

~~((3) The joint regional policy committee shall present an adopted high capacity transportation system plan and financing plan to the boards of directors of the transit agencies within the service area or to the regional transit authority, if such authority has been formed. The authority shall proceed as prescribed in RCW 81.112.030)).~~

Transit agencies are encouraged to utilize this process and the process in section 518 of this act in order to better coordinate high-capacity transit services and to provide for more effective utilization of transportation resources.

Sec. 513. RCW 81.104.050 and 1992 c 101 s 22 are each amended to read as follows:

Regional high capacity transportation service may be expanded beyond the established district boundaries through interlocal agreements among the transit agencies ~~((and any regional transit authorities in existence))~~.

Sec. 514. RCW 81.104.120 and 1993 c 428 s 2 are each amended to read as follows:

(1) Transit agencies ~~((and regional transit authorities))~~ may operate or contract for commuter rail service where it is deemed to be a reasonable alternative transit mode. A reasonable alternative is one whose ~~((passenger))~~ costs per passenger mile, including costs of trackage, equipment, maintenance, operations, and administration are equal to or less than comparable bus, entrained bus, trolley, or personal rapid transit systems.

(2) A county may use funds collected under RCW 81.100.030 or 81.100.060 to contract with one or more transit agencies ~~((or regional transit authorities))~~ for planning, operation, and maintenance of commuter rail projects which: (a) Are consistent with the regional transportation plan; (b) have met the project planning and oversight requirements of RCW 81.104.100 and 81.104.110; and (c) have been approved by the voters within the service area of each transit agency ~~((or regional transit authority))~~ participating in the project. For transit agencies in counties adjoining state or international boundaries where the high capacity transportation system plan and financing plan propose a bi-state or international high capacity transportation system, such voter approval shall be required from only those voters residing within the service area in the state of Washington. The phrase "approved by the voters" includes specific funding authorization for the commuter rail project.

(3) The utilities and transportation commission shall maintain safety responsibility for passenger rail service operating on freight rail lines. Agencies providing passenger rail service on lines other than freight rail lines shall maintain safety responsibility for that service.

Sec. 515. RCW 81.104.140 and 1992 c 101 s 25 are each amended to read as follows:

(1) ~~Transit agencies authorized to provide high capacity transportation service((including transit agencies and regional transit authorities,))~~ are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in ~~((a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection))~~ any county that has a population of one hundred seventy-five thousand or more and has an interstate highway within its borders. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be ~~((imposed only by a regional transit authority))~~ placed before the voters for approval only after specific legislative approval by a recorded majority vote of the house of representatives and of the senate.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (a) Acceptability;
- (b) Ease of administration;
- (c) Equity;
- (d) Implementation feasibility;
- (e) Revenue reliability; and
- (f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:

- (a) Employer tax as provided in RCW 81.104.150;
- (b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
- (c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection ~~((4))~~ (9) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right of way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. ~~((Except when a regional transit authority exists,))~~ Local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.

(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, and 81.104.170 shall be subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. ~~((The ballot title shall reference the document identified in subsection (8) of this section.))~~

~~(8) ((Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.))~~

~~(9))~~ For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter's pamphlet shall be produced as provided in chapter 29.81A RCW.

~~((4))~~ (9) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems and commuter rail systems, personal rapid transit, busways, bus sets, and entrained and linked buses.

Sec. 516. RCW 81.104.150 and 1992 c 101 s 26 are each amended to read as follows:

Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas~~((, and regional transit authorities))~~ may submit an authorizing proposition to the voters and if approved may impose an excise tax of up to two dollars per month per employee on all employers located within the agency's jurisdiction, measured by the number of full-time equivalent employees, solely for the purpose of providing high capacity transportation service. The rate of tax shall be approved by the voters. This tax may not be imposed by ~~((:-(4)))~~ a transit agency when the county within which it is located is imposing an excise tax pursuant to RCW 81.100.030~~((; or (2) a regional transit authority when any county within the authority's boundaries is imposing an excise tax pursuant to RCW 81.100.030))~~. The agency imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

(1) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas~~((, and regional transit authorities))~~ may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate

approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. The rate of tax shall bear the same ratio to the rate imposed under RCW 82.08.020(2) as the excise tax rate imposed under subsection (1) of this section bears to the excise tax rate imposed under RCW 82.44.020 (1) and (2). The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection shall be used in the same manner as excise taxes under subsection (1) of this section.

Sec. 518. RCW 81.104.170 and 1992 c 101 s 28 are each amended to read as follows:

Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas~~((, and regional transit authorities))~~ may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. The maximum rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed shall not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340~~((, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340))~~.

Sec. 519. RCW 81.104.180 and 1992 c 101 s 29 are each amended to read as follows:

Sec. 520. RCW 81.104.190 and 1992 c 101 s 30 are each amended to read as follows:

Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas~~((, and regional transit systems))~~ may contract with the state department of revenue or other appropriate entities for administration and collection of any tax authorized by RCW 81.104.150, 81.104.160, and 81.104.170.
