PERSONAL PRIVILEGE

Senator Ericksen: "Well, thank you Madam President. Well, I'll try to slow the speech down a little on the Senate floor

FORTY SEVENTH DAY, FEBRUARY 25, 2011

this year but I have been informed that many of the members like to get out early in the afternoon to be able to exercise their senior discount at the buffet so, I thought I'd like to rush the process along a little bit to allow you to get there a little bit there earlier in the afternoon. I just want to say what an honor it is to represent the people in the Forty-Second Legislative District in Whatcom County here in this chamber. It's a great thrill to be here and to look at the walls and know the history and to see the people sitting on this floor and the dedication they have to the people they represent and just to be part of it is very exciting. Madam Speaker, Madam President, man if I do that...Wow, we never even had a Madam Speaker either which is the funny part about it. Madam President, one of the great things about Whatcom County, it's a phenomenal place, and the gifts I'll talk about those in a second. But Whatcom County is defended from the south with the Chukanut Mountains and on the northern border we defend the rest of Washington State from Canada. As the Canadians come through we try to disarm them of their money at our malls before they get to the Burlington Outlet Mall, before they get to Tulalip Village and before they get to Bellevue Square. But Whatcom County it is the land of oil and aluminum. It's the land of berries and dairies. It's the land of timber and fish. We're the only district in the entire nation that has an overseas property at Point Roberts, where we're able to go through two international borders crossings to come down to Point Roberts. We're unique in so many ways. We're the land of the Nooksack Valley Pioneers, and we're the land of the Lumby Nation Blackhawks. We're a truly diverse region, made up of wonderful people. The gifts that I am passing out today, the first one that celebrates the Ski to Sea of Whatcom County. People talk about how beautiful their districts are but truly Whatcom County cannot be compared to any of the ones because its such a phenomenal place. The Mt. Baker ski area holds the world record for the most snow in a single ski season. Over ninety-five feet, one-thousand one-hundred forty inches of snow fell at Mt. Baker in 1999 leading clearly to a catastrophic global cooling. Mt. Baker has the highest average snow fall in any resort in the world at six hundred forty-seven inches per year. It's an amazing place and being passed out to you today is a lift ticket for anybody who'd like to utilize it to come and see the Mt. Baker ski area first hand. The pictures included on that card goes with the lift ticket are taken by Grant Gunderson, world reknown ski photographer. The best in the world. Also resides in Whatcom County and the Mt. Baker ski area is actually run right now by high school classmates of mine, the Howett family. The other gift that we're passing out today celebrates the sea portion of the Sea to Ski in Whatcom County. That's a can of albacore tuna, caught off the Washington Coast but packed in Bellingham by Bornstein Sea Food. Bornstein Sea Food began in 1930 during the Depression, was taken over by Jay Bornstein. Now it's been passed on to Collin Bornstein also a high school class mate of mine who served as CEO of this corporation. One of the largest packers of tuna on the West Coast but also the only company that packs only tuna caught off the Washington Coast. They do not import the tuna from any other place. Its dolphin safe and very high in Omega 3. It's a great company but it really demonstrates the great diversity of Whatcom County and the Sea to Ski from Mt. Baker, to Bornstein Sea Food and all the places in between. So, from Whatcom County to the rest of Washington State and to the Senators here today thanks again for the opportunity to be here to pass this first piece of legislation and let you know how excited I am to serve with you here in the Washington State Senate."

PERSONAL PRIVILEGE

Senator Nelson: "First of all it is an honor to be here on the Senate floor and like all of our districts we have wonderful small businesses in the Thirty-Fourth. One of those sits in the heart of Vashon Island where I live. It was Stewart Brothers Coffee and when we first moved there in 1994 as you drove down Vashon Highway you could smell the roastery and roasting certainly seems to be a part of the Senate. So, now, I have a present to you from Minglement, that took over that roastery and hopefully you will be enjoying the Orca blend, the Wolf Town blend or the Vashon blend this weekend. They have wonderful coffee and I do want to mention to all of you that I was very nervous standing today. I've watched the proceedings this week and even though I have silver hair, Senators Ranker, Hobbs and Hatfield have always focused on the good representative from the Forty-First and I ask them why and they said, 'my hair moves'. I also have to say to the good representative from the Forty-Seventh who was born in Hawaii. I grew up there. But there's no attention to that because I have a birth certificate from Minnesota. Finally, I've

listened to the music of the Chipmunks yesterday from the good Senator from the Sixth and I don't know hear my music on this floor today, it's called the Dixie Chicks 'Not Ready to Back Down.' Thank you so much , I really enjoy being here."

of financial management in determining the population of such code city."

Senator Hill spoke in favor of adoption of the striking amendment.

(c) In any circumstance, the code city may choose to have the population determination of the entire annexed territory consist of an actual enumeration. However, if the code city does not use actual enumeration for determining population, the annexed territory includes or consists of one or more complete federal census blocks, and 2010 federal decennial census data has been released within twelve months immediately prior to the date of annexation, the population determination shall consist of:

POINT OF INQUIRY

Senator Sheldon: "Would Senator Hill yield to a question? I was wondering on this amendment, in Section Two and that's Subsection Three of number C it reads. If I might Madam President? It reads if the Office of Financial Management 'at least two weeks prior to the day of annexation confirms the existence of known census air within a complete federal census block that identifies a structure or complex listed in sub c iii A through E of this subsection 2 as a likely source of the error and actually a numeration of one or more of blocks identified'. Could you give us a little more explanation of that sentence?"

(i) Relevant 2010 federal decennial census data pertaining to the complete block or blocks, as such data has been updated by the most recent official population estimate released by the office of financial management pursuant to RCW 43.62.030;

Senator Hill: "I would refer that to the Ranking Member to answer that."

Senators Swecker, Eide and McAuliffe spoke on adoption of the striking amendment.

(ii) An actual enumeration of any population located within the annexed territory but outside the complete federal census block or blocks; and

POINT OF INQUIRY

Senator Schoesler: "Would Senator Chase yield to a question? Senator, do you believe that by co-sponsoring this amendment with the new gentleman from the Forty-Fifth District that you may have ruined him for life in Kirby Wilber's eyes?"

(iii) If the office of financial management, at least two weeks prior to the date of annexation, confirms the existence of a known census error within a complete federal census block and identifies a structure or complex listed in (c)(iii)(A) through (E) of this subsection (2) as a likely source of the error, an actual enumeration of one or more of the block's identified:

(A) Group quarters;

(B) Mobile home parks;

(C) Apartment buildings that are composed of at least fifty units and are certified for occupancy between January 1, 2010, and April 1, 2011;

(D) Missing subdivisions; and

(E) Closures of any of the categories in (c)(iii)(A) through (D) of this subsection.

Senator Chase: "I signed onto this striking amendment to let you know that it was a struggle because it was a thoroughly worked bill and all of the stakeholders were at the table but I want to say that my new colleague wanted to count the ever increasing numbers of mobile homes parks in the assumption area, there's only one. You know, we're not issuing any additional permits but he also wanted to count all the wildlife in St. Edwards Park which is adjacent to the assumption area but not in it. So, it took a lot of work and I put my name on it this striking amendment to let you know that he brought him to heel and he's going to be a good member of this body."

POINT OF INQUIRY

Senator Hatfield: "Would Senator Hobbs yield to a question? So Senator I'm trying to figure out which one of the fab four brought this bill forward? Is it the guy with the hair?"

(d) Whenever an actual enumeration is used, it shall be made in accordance with the practices and policies of, and subject to the approval of, the office of financial management.

(e) The code city shall be responsible for the full cost of the population determination.

Senator Hobbs: "No, man. That's Litzow from the Forty-First District and check his fancy clothes. They call him Posh Spice."

(3) Upon approval of the annexation certificate, the office of financial management shall forward to each state official or department responsible for making allocations or payments to cities or towns, a revised certificate reflecting the increase in population due to such annexation. Upon and after the date of the commencement of the next quarterly period, the population determination indicated in such revised certificate shall be used as the basis for the allocation and payment of state funds to such city or town.

For the purposes of this section, each quarterly period shall commence on the first day of the months of January, April, July, and October. Whenever a revised certificate is forwarded by the office of financial management thirty days or less prior to the commencement of the next quarterly period, the population of the annexed territory shall not be considered until the commencement of the following quarterly period.

Senator Hatfield: "Ok, that is nice hair. He must use some of those Jimmy Johnson endorsed products or something. So, is Hill the young one?"

~~((The resident population of the annexed territory shall be determined by, or under the direction of, the mayor of the code city. Such population determination shall consist of an actual enumeration of the population which shall be made in accordance with practices and policies, and subject to the approval of the office of financial management. The population shall be determined as of the effective date of annexation as specified in the relevant ordinance.))~~

Senator Hobbs: "No, Hill's way older than us. No, Fain's the young one from the Forty-Seventh District. They call him Baby Spice."

(4) Until an annexation certificate is filed and approved as provided herein, such annexed territory shall not be considered by the office

Senator Hatfield: "So, Hill must be the cute one?"

Senator Hobbs: “No. Nope that is Baumgartner from the Sixth District. He was voted the sexiest man in Spokane, Iraq and Mozambique I believe. They call him Sexy Spice.”

Senator Hatfield: “Ok, he is sexy?”

Senator Hobbs: “Yeah, he is. Not my type. Stair Master.”

POINT OF ORDER

Senator Fain: “I just wanted to remind the good Senator from the Forty-Fourth about my guests in the gallery.”

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 5505 and the bill passed the Senate by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.

POINT OF ORDER

Senator Eide: “I just wanted to make sure that the individuals in the gallery understand that we do roast our new

Senators upon their first bill on the Senate floor. That is what you’ve experienced today.”

POINT OF INQUIRY

Senator Schoesler: “Would Senator Fain yield to a question? On this occasion, what tributes do you bring to the members of this body as the newest Spice Boy.”

PERSONAL PRIVILEGE

Senator Fain: “Well I would of brought Old Spice had I known what my fellow Senators were cooking up. And speaking to my daughter this morning and she said to me, Hey dad, I get the hazing but don’t you have more important things to do?” So, I tried to explain to her about the traditions and the deference that we must pay to our other Senators. I really am truly honored to serve in this body and alongside such learned and impressive people. I must say though as I look at my fellow freshman I’m suffering of feelings of inadequacy. You know I no longer possess the youthful exuberance of my friend from the Forty-Seventh and I’ll never have the hair of our Senator from the Forty-First and it’s clear that my appeal the opposite sex pales in comparison to our fabled and famous heart throb from the Sixth. Yes, true. So, as I deal with these feelings of inadequacy I only hope that I can bring eagerness to learn from you and work together with all of you to bring some change to this great state of ours. I look forward working with in the days and years to come.

As a token of my honor and appreciation I’d like to bestow on you something from my district from Woodinville. Woodinville is fairly famous for wine but I prefer the grain over the grape and I especially think on a Friday afternoon. Woodinville is home to the Red Hook Brewery and some may call it cliché but others call it Red Hook time. So, this will delivered to your offices later. There will be a gift card to let you take a free tour of the brewery coming and so please enjoy. Thank you so much for welcoming with such open arms to this great body.”
