Effective date—1979 ex.s. c 255: See note following RCW 43.03.010.

44.04.280 State laws—Respectful language. (1) The legislature recognizes that language used in reference to individuals with disabilities shapes and reflects society's attitudes towards people with disabilities. Many of the terms currently used diminish the humanity and natural condition of having a disability. Certain terms are demeaning and create an invisible barrier to inclusion as equal community members. The legislature finds it necessary to clarify preferred language for new and revised laws by requiring the use of terminology that puts the person before the disability.

(2)(a) The code reviser is directed to avoid all references to: Disabled, developmentally disabled, mentally disabled, mentally ill, mentally retarded, handicapped, cripple, and crippled, in any new statute, memorial, or resolution, and to change such references in any existing statute, memorial, or resolution as sections including these references are otherwise amended by law.

(b) The code reviser is directed to replace terms referenced in (a) of this subsection as appropriate with the following revised terminology: "Individuals with disabilities," "individuals with developmental disabilities," "individuals with mental illness," and "individuals with intellectual disabilities."

(3) No statute, memorial, or resolution is invalid because it does not comply with this section. [2009 c 377 § 1; 2004 c 175 § 1.]

46.12.295 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

46.12.440 Kit vehicles—Application for certificate of ownership. The following procedures must be followed when applying for a certificate of ownership for a kit vehicle:

(1) The vehicle identification number (VIN) of a new vehicle kit and of a body kit will be taken from the manufacturer's certificate of origin belonging to that vehicle. If the VIN is not available, the Washington state patrol shall assign a VIN at the time of inspection.

(2) The department shall use the model year of a manufactured new vehicle kit and manufactured body kit as the year reflected on the manufacturer's certificate of origin.

(3) The make shall be listed as "KITV," and the series and body designation must describe a discrete vehicle model.

(4) Except for kit vehicles licensed under RCW 46.16.680(5), kit vehicles must comply with chapter 204-10 WAC. A kit vehicle is exempt from the welding requirements under WAC 204-10-022(8) if, upon application for a certificate of ownership, the owner furnishes documentation from the manufacturer of the vehicle frame that informs the owner that the welding on the frame was not completed by a certified welder and that the structural strength of the frame has not been certified by an engineer as meeting the applicable federal motor vehicle safety standards set under 49 C.F.R. Sec. 571.201, 571.214, 571.216, and 571.220 through 571.224, and the applicable SAE standards.

(5) The application for the certificate of ownership must be accompanied by the following documents:

(a) For a manufactured new vehicle kit, the manufacturer's certificate of origin or equivalent document;

(b)(i) For a manufactured body kit, the manufacturer's certificate of origin or equivalent document; (ii) for the frame, the title or a certified copy or equivalent document;

(c) Bills of sale or invoices for all major components used in the construction of the vehicle. The bills of sale must be notarized unless the vendor is registered with the department of revenue for the collection of retail sales or use tax. The bills of sale must include the names and addresses of the seller and purchaser, a description of the vehicle or part being sold, including the make, model, and identification or serial number, the date of sale, and the purchase price of the vehicle or part;

(d) A statement as defined in WAC 308-56A-150 by an authorized inspector of the Washington state patrol or other person authorized by the department of licensing verifying the vehicle identification number, and year and make when applicable;

(e) A completed declaration of value form (TD 420-737) to determine the value for excise tax if the purchase cost and year is unknown or incomplete.

(6) A Washington state patrol VIN inspector must ensure that all parts are documented by titles, notarized bills of sale, or business receipts such as obtained from a wrecking yard purchase. The bills of sale must contain the VIN of the vehicle the parts came from, or the yard number if from a wrecking yard.

(7) The department may not deny a certificate of ownership to an applicant who completes the requisite application, complies with this section, and pays the requisite titling fees and taxes. [2009 c 284 § 1; 1996 c 225 § 8.]

46.16.006 "Registration year" defined—Registration months—"Last day of the month" defined. (1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW means the effective period of a vehicle license issued by the department. Such year commences at 12:01 a.m. on the date of the calendar year designated by the department and ends at 12:01 a.m. on the same date of the next succeeding calendar year.

(a) If a vehicle license previously issued in this state has expired and is renewed with a different registered owner, a new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be useable for a full twelve-month period.

(b) A new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be useable for a full twelve months when the registered owner:

(i) Is a member of the United States armed forces;

(ii) Was stationed outside of Washington under military orders during the prior vehicle registration year; and

(iii) Provides the department a copy of the military orders.

(2) Each registration year may be divided into twelve registration months. Each registration month commences on the day numerically corresponding to the day of the calendar month on which the registration year begins, and terminates on the numerically corresponding day of the next succeeding calendar month.

(3) Where the term "last day of the month" is used in chapters 46.16, 82.44, and 82.50 RCW in lieu of a specified day of any calendar month it means the last day of such calendar month or months irrespective of the numerical designation of that day.

(4) If the final day of a registration year or month falls on a Saturday, Sunday, or legal holiday, such period extends through the end of the next business day. [2009 c 159 § 1; 1992 c 222 § 1; 1983 c 27 § 1; 1981 c 214 § 1; 1975 1st ex.s. c 118 § 1.]

Effective date—1975 1st ex.s. c 118: "This 1975 amendatory act shall take effect on January 1, 1977: PROVIDED, That the director of the department of motor vehicles may, prior to such effective date, undertake and perform duties and conduct activities necessary for the timely implementation of this 1975 amendatory act on such date." [1975 1st ex.s. c 118 § 19.]

Severability—1975 1st ex.s. c 118: "If any provision of this 1975 amendatory act is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this 1975 amendatory act and the applicability thereof to persons and circumstances shall not be affected thereby." [1975 1st ex.s. c 118 § 18.]

46.16.076 Voluntary, opt-out donation—State parks renewal and stewardship account. (1)(a) Except as otherwise provided in this section, the department shall collect from the owners of vehicles registered under RCW 46.16.0621 and vehicles licensed under RCW 46.16.070 with a declared gross weight of ten thousand pounds or less a voluntary donation of five dollars at the time of initial or renewal registration. The donation must be deposited in the state parks renewal and stewardship account established in RCW 79A.05.215 to be used for the operation and maintenance of state parks.

(b) The donation required under this section may not be collected from any vehicle owner actively opting not to participate in the donation program. The department shall ensure that the opt-out donation under this section shall be clear, visible, and prominently displayed in both paper and online vehicle registration renewals. Notification of intent to not participate in the donation program must be provided annually at the time of vehicle registration renewal.

(2) This section applies to registrations due or to become due on or after September 1, 2009. [2009 c 512 § 1; 2007 c 340 § 1.]

46.16.162 Farm vehicle trip permits. (1) The owner of a farm vehicle licensed under RCW 46.16.090 purchasing a monthly license under RCW 46.16.135 may, as an alternative to the first partial month of the license registration, secure and operate the vehicle under authority of a farm vehicle trip permit issued by this state. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles.

(2) If a monthly license previously issued has expired, the owner of a farm vehicle may, as an alternative to purchasing a full monthly license, secure and operate the vehicle under authority of a farm vehicle trip permit issued by this state. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles.

(3) Each farm vehicle trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for the vehicle for thirty consecutive calendar days, commencing with the day of first use. No more than four such permits may be used for any one vehicle in any twelve-month period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The farm vehicle trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(4) Vehicles operating under authority of farm vehicle trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(5) Farm vehicle trip permits may be obtained from the department of licensing or agents and subagents appointed by the department. The fee for each farm vehicle trip permit is six dollars and twenty-five cents. Farm vehicle trip permits sold by the department's agents or subagents are subject to fees specified in RCW 46.01.140 (4)(a), (5)(b), or (6).

(6) The proceeds from farm vehicle trip permits received by the director shall be forwarded to the state treasurer to be distributed as provided in RCW 46.68.035(2).

(7) No exchange, credits, or refunds may be given for farm vehicle trip permits after they have been purchased.

(8) The department of licensing may adopt rules as it deems necessary to administer this section. [2009 c 452 § 1; 2006 c 337 § 3; 2005 c 314 § 206.]

Effective dates—2005 c 314 §§ 110 and 201-206: See note following RCW 46.17.010.

Part headings not law—2005 c 314: See note following RCW 46.17.010.

46.16.615 Commercial motor vehicle registration. (1) The department shall refuse to register a commercial motor vehicle that is owned by a motor carrier subject to RCW 46.32.080, 46.87.294, and 46.87.296 upon notification to the department by the Washington state patrol or the federal motor carrier safety administration that an out-of-service order has been placed on the department of transportation number issued to the motor carrier.

(2) The department shall revoke the vehicle registration of all commercial motor vehicles that are owned by a motor carrier subject to RCW 46.32.080, upon notification to the department by the Washington state patrol or the federal motor carrier safety administration that an out-of-service order has been placed on the department of transportation number issued to the motor carrier. The revocation must remain in effect until the department has been notified by the Washington state patrol that the out-of-service order has been rescinded.

(3) Except as provided in subsections (4) and (5) of this section, by June 30, 2009, any original or renewal application for registration of a commercial motor vehicle that is owned by a motor carrier subject to RCW 46.32.080 that is submitted to the department must be accompanied by:

(a) The department of transportation number issued to the motor carrier; and

(b) The federal taxpayer identification number of the motor carrier.

(4) By June 30, 2010, the requirements of subsection (3) of this section apply to any original or renewal application that is submitted to the department for registration of a commercial motor vehicle that is to be operated by an entity with authority under chapter 81.66, 81.68, 81.70, or 81.77 RCW, or by a household goods carrier with authority under chapter 81.80 RCW.

(5) By June 30, 2012, the requirements of subsection (3) of this section apply to any original or renewal application that is submitted to the department for registration of a commercial motor vehicle that is owned by a motor carrier subject to RCW 46.32.080, and that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more. [2009 c 46 § 5; 2007 c 419 § 5.]

Findings—Short title—2007 c 419: See notes following RCW 46.16.004.

46.16.680 Kit vehicles. All kit vehicles are licensed as original transactions when first titled in Washington, and the following provisions apply:

(1) The department of licensing shall charge original licensing fees and issue new plates appropriate to the use class.

(2) An inspection by the Washington state patrol is required to determine the correct identification number, and year or make if needed.

(3) The use class is the actual use of the vehicle, i.e. passenger car or truck.

(4) The make shall be listed as "KITV," and the series and body designation must describe a discrete vehicle model.

(5) Upon payment of original licensing fees the department may license a kit vehicle under RCW 46.16.305(1) as a street rod if the vehicle is manufactured to have the same appearance as a similar vehicle manufactured before 1949.

(6) For a manufactured new vehicle kit and a manufactured body kit, the model year of the vehicle is the year reflected on the manufacturer's certificate of origin for that vehicle. If this is not available, the Washington state patrol shall assign a model year at the time of inspection.

(7) The vehicle identification number (VIN) of a new vehicle kit and body kit is the vehicle identification number as reflected on the manufacturer's certificate of origin. If the VIN is not available, the Washington state patrol shall assign a VIN at the time of inspection.

(8) The department may not deny a vehicle registration, or vehicle license plates, to an applicant who completes the requisite application, is a Washington resident as defined in RCW 46.16.028, complies with this section, and pays the requisite vehicle licensing fees and taxes. [2009 c 284 § 2; 1996 c 225 § 10.]

Finding—1996 c 225: See note following RCW 46.04.125.

46.16.685 License plate technology account. The license plate technology account is created in the state treasury. All receipts collected under RCW 46.01.140(4)(e)(ii) must be deposited into this account. Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle account for any appropriation made to implement the digital license plate system. During the 2007-2009 and 2009-2011 fiscal biennia, the legislature may transfer from the license plate technology account to the highway safety account such amounts as reflect the excess fund balance of the license plate technology account. [2009 c 470 § 704; 2007 c 518 § 704; 2003 c 370 § 4.]

46.16.725 Board—Powers and duties—Moratorium on issuance of special plates. (1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(2) The board must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(3) Duties of the board include but are not limited to the following:

(a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the senate and house transportation committees;

(b) Report annually to the senate and house transportation committees on the special license plate applications that were considered by the board;

(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the chairs of the senate and house of representatives transportation committees, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application;

(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The board may submit a recommendation to discontinue a special plate series to the chairs of the senate and house of representatives transportation committees;

(e) Provide policy guidance and directions to the department concerning the adoption of rules necessary to limit the number of special license plates that an organization or a governmental entity may apply for.

(4) Except as provided in chapter 72, Laws of 2008, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, 2011. During this period of time, the special license plate review board created in RCW 46.16.705 and the department of licensing are prohibited from accepting, reviewing, processing, or approving any applications. Additionally, no special license plate may be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the board before February 15, 2005. For the remaining period of the intermediate license, the holder may not operate a motor vehicle that is carrying more than three passengers who are under the age of twenty who are not members of the holder's immediate family.

(3) The holder of an intermediate license may not operate a motor vehicle between the hours of 1 a.m. and 5 a.m. except when the holder is accompanied by a parent, guardian, or a licensed driver who is at least twenty-five years of age.

(4) It is a traffic infraction for the holder of an intermediate license to operate a motor vehicle in violation of the restrictions imposed under this section.

(5) Enforcement of this section by law enforcement officers may be accomplished only as a secondary action when a driver of a motor vehicle has been detained for a suspected violation of this title or an equivalent local ordinance or some other offense.

(6) An intermediate licensee may drive at any hour without restrictions on the number of passengers in the vehicle if necessary for agricultural purposes.

(7) An intermediate licensee may drive at any hour without restrictions on the number of passengers in the vehicle if, for the twelve-month period following the issuance of the intermediate license, he or she:

(c) Has not been involved in an accident where no one was cited or was found to have caused the accident; and

(d) Has not been convicted of or found to have committed a traffic offense described in chapter 46.61 RCW or violated restrictions placed on an intermediate licensee under this section. [2009 c 125 § 1; 2000 c 115 § 2.]

Finding—2000 c 115: "The legislature has recognized the need to develop a graduated licensing system in light of the disproportionately high incidence of motor vehicle crashes involving youthful motorists. This system will improve highway safety by progressively developing and improving the skills of younger drivers in the safest possible environment, thereby reducing the number of vehicle crashes." [2000 c 115 § 1.]

(2) The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity or for the purposes of verifying identity when a law enforcement officer is authorized by law to request identification from an individual.

(3) The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration database.

Severability—1990 c 250: See note following RCW 46.16.301.

Purpose—1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." [1969 ex.s. c 155 § 1.]

Effective date—1969 ex.s. c 155: "This 1969 amendatory act shall take effect September 1, 1969." [1969 ex.s. c 155 § 7.]

46.20.155 Voter registration—Services. (1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the agent shall ask the following:

(1) "Are you a United States citizen?"

(2) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then submit the registration or transfer. If the applicant answers in the negative to either question, the agent shall not submit a voter registration application.

(2) The department shall establish a procedure that substantially meets the requirements of subsection (1) of this section when permitting an applicant to renew a license or identicard by mail or by electronic commerce. [2009 c 369 § 42; 2005 c 246 § 24; 2004 c 249 § 7; 2001 c 41 § 14; 1990 c 143 § 6.]

A valid driver's license or permit to drive marked under this subsection shall remain in effect until the person's driving privilege is withheld by the department pursuant to notice given under RCW 46.20.245, unless the license or permit expires or otherwise becomes invalid prior to the effective date of this action. Perfection of notice of appeal shall stay the execution of sentence including the withholding of the driving privilege.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations within this state, shall immediately forward to the department a forfeiture of bail or collateral deposited to secure the defendant's appearance in court, a payment of a fine, penalty, or court cost, a plea of guilty or nolo contendere or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

Such violations or infractions may not have occurred while the vehicle is stolen from the registered owner or is leased or rented under a bona fide commercial vehicle lease or rental agreement between a lessor engaged in the business of leasing vehicles and a lessee who is not the vehicle's registered owner. The department may enter into agreements of reciprocity with the duly authorized representatives of the states for reporting to each other violations of laws governing standing, stopping, and parking.

(4) For the purposes of this title and except as defined in RCW 46.25.010, "conviction" means a final conviction in a state or municipal court or by any federal authority having jurisdiction over offenses substantially the same as those set forth in this title which occur on federal installations in this state, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine or court cost, a plea of guilty or nolo contendere, or a finding of guilt on a traffic law violation charge, regardless of whether the imposition of sentence or sanctions are deferred or the penalty is suspended, but not including entry into a deferred prosecution agreement under chapter 10.05 RCW.

(5) For the purposes of this title, "finding that a traffic infraction has been committed" means a failure to respond to a notice of infraction or a determination made by a court pursuant to this chapter. Payment of a monetary penalty made pursuant to RCW 46.63.070(2) is deemed equivalent to such a finding. Compliance reviews may result in the initiation of an enforcement action, which may include monetary penalties. The utilities and transportation commission is responsible for adoption and enforcement of safety requirements for vehicles operated by entities holding authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and by household goods carriers holding authority under chapter 81.80 RCW.

(2) Motor vehicles owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, or dairy, must have a department of transportation number, as defined in RCW 46.16.004, but are exempt from safety audits and compliance reviews.

(3) All records and documents required of motor carriers with operations in this state must be available for review and inspection during normal business hours. Duly authorized agents of the state patrol conducting safety audits and compliance reviews may enter the motor carrier's place of business, or any location where records or equipment are located, at reasonable times and without advanced notice. Motor carriers who do not permit duly authorized agents to enter their place of business, or any location where records or equipment are located, for safety audits and compliance reviews are subject to enforcement action, including a monetary penalty.

(4)(a) All motor carriers with a commercial motor vehicle, as defined in RCW 46.16.004, that operate in this state must apply for a department of transportation number, as defined in RCW 46.16.004, by January 1, 2008. All entities with authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and all household goods carriers with authority under chapter 81.80 RCW, must apply for a department of transportation number by January 1, 2010.

(b) All motor carriers operating in this state who (i) have not applied under (a) of this subsection for a department of transportation number, as defined in RCW 46.16.004, and (ii) have a commercial motor vehicle that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more, must apply for a department of transportation number by January 1, 2011.

(c) The state patrol may deny an application if the applicant does not meet the requirements and standards under this chapter. The state patrol shall not issue a department of transportation number to an applicant who at the time of application has been placed out of service by the federal motor carrier safety administration. Commercial motor vehicles must be marked as prescribed by the state patrol. Those applicants with a current United States department of transportation number are exempt from applying for a department of transportation number.

(d) The state patrol may (i) place a motor carrier out of service or (ii) refuse to issue or recognize as valid a department of transportation number to an applicant who: (A) Formerly held a department of transportation number that was placed out of service for cause, and where cause has not been removed; (B) is a subterfuge for the real party in interest whose department of transportation number was placed out of service for cause, and where cause has not been removed; (C) as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, had a department of transportation number and was placed out of service for cause, and where cause has not been removed; or (D) has an unsatisfied debt to the state assessed under this chapter.

(e) Upon a finding by the chief of the state patrol or the chief's designee that a motor carrier is an imminent hazard or danger to the public health, safety, or welfare, the state patrol shall notify the department, and the department shall revoke the registrations for all commercial motor vehicles that are owned by the motor carrier subject to RCW 46.32.080. In determining whether a motor carrier is an imminent hazard or danger to the public health, safety, or welfare, the chief or the chief's designee shall consider safety factors. [2009 c 46 § 1; 2007 c 419 § 10; 1995 c 272 § 1.]

Effective date—2007 c 419 § 10: "Section 10 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 11, 2007]." [2007 c 419 § 19.]

Findings—Short title—2007 c 419: See notes following RCW 46.16.004.

Transfer of powers, duties, and functions: "(1) All powers, duties, and functions of the utilities and transportation commission pertaining to safety inspections of commercial vehicles, including but not limited to termi-

nal safety audits, except for those carriers subject to the economic regulation of the commission, are transferred to the Washington state patrol.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the Washington state patrol. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the utilities and transportation commission in carrying out the powers, functions, and duties transferred shall be made available to the Washington state patrol. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the Washington state patrol.

(b) Any appropriations made to the utilities and transportation commission for carrying out the powers, functions, and duties transferred shall, on January 1, 1996, be transferred and credited to the Washington state patrol.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the utilities and transportation commission engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the Washington state patrol. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state patrol to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service. These employees will only be transferred upon successful completion of the Washington state patrol background investigation.

(4) All rules and all pending business before the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the Washington state patrol. All existing contracts and obligations remain in full force and shall be performed by the Washington state patrol.

(5) The transfer of the powers, duties, functions, and personnel of the utilities and transportation commission does not affect the validity of any act performed before January 1, 1996.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section alters an existing collective bargaining unit or the provisions of an existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law." [1995 c 272 § 4.]

Effective dates—1995 c 272: See note following RCW 46.32.090.

46.32.085 Rules to regulate commercial motor vehicle safety requirements. (1) The Washington state patrol, in consultation with the department of licensing, shall adopt rules consistent with this chapter to regulate vehicle safety requirements for motor carriers who own, control, manage, or operate a commercial motor vehicle within this state. Except as otherwise provided in this chapter, the rules adopted by the state patrol under this section must be as rigorous as federal regulations governing certain interstate motor carriers at 49 C.F.R. Parts 40 and 380 through 397, which cover the areas of commercial motor carrier driver training, controlled substance and alcohol use and testing, compliance with the federal driver's license requirements and penalties, vehicle equipment and safety standards, hazardous material practices, financial responsibility, driver qualifications, hours of service, vehicle inspection and corrective actions, and assessed penalties for noncompliance. The state patrol shall amend these rules periodically to maintain, to the extent permissible under this chapter, standards as rigorous as the federal regulations governing certain interstate motor carriers. The state patrol shall submit a report to the legislature by December 31st of each year that outlines new rules or rule changes and explains how the state rules compare to the federal regulations.

(2) Motor vehicles operated by entities with authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and by household goods carriers operating under chapter 81.80 RCW, must comply with rules regulating vehicle safety adopted by the utilities and transportation commission. [2009 c 46 § 2; 2007 c 419 § 14.]

Findings—Short title—2007 c 419: See notes following RCW 46.16.004.

46.32.090 Fees. The department shall collect a fee of sixteen dollars, in addition to all other fees and taxes, for each motor vehicle base plated in the state of Washington that is subject to highway inspections and compliance reviews by the state patrol under RCW 46.32.080, at the time of registration and renewal of registration under chapter 46.16 or 46.87 RCW, or the international registration plan if base plated in a foreign jurisdiction. The fee must be apportioned for those vehicles operating interstate and registered under the international registration plan. This fee does not apply to nonmotor-powered vehicles, including trailers. Refunds will not be provided for fees paid under this section when the vehicle is no longer subject to RCW 46.32.080. The department may deduct an amount equal to the cost of administering the program. All remaining fees shall be deposited with the state treasurer and credited to the state patrol highway account of the motor vehicle fund. [2009 c 46 § 3; 2007 c 419 § 11; 1996 c 86 § 1; 1995 c 272 § 2.]

Findings—Short title—2007 c 419: See notes following RCW 46.16.004.

Effective date—1996 c 86: "Section 1 of this act becomes effective with motor vehicle registration fees due or to become due January 1, 1997." [1996 c 86 § 2.]

Effective dates—1995 c 272: "Section 2 of this act becomes effective with motor vehicle registration fees due or to become due January 1, 1996. Sections 1 and 3 through 6 of this act take effect January 1, 1996." [1995 c 272 § 7.]

46.32.100 Violations—Penalties—Out-of-service orders. (1)(a) In addition to all other penalties provided by law, and except as provided otherwise in (a)(i), (ii), or (iii) of this subsection, a commercial motor vehicle that is subject to compliance reviews under this chapter and an officer, agent, or employee of a company operating a commercial motor vehicle who violates or who procures, aids, or abets in the violation of this title or any order or rule of the state patrol is liable for a penalty of one hundred dollars for each violation.

(i) It is a violation of this chapter for a person operating a commercial motor vehicle to fail to comply with the requirements of 49 C.F.R. Pt. 382, controlled substances and alcohol use and testing, 49 C.F.R. Sec. 391.15, disqualification of drivers, and 49 C.F.R. Sec. 396.9(c)(2), moving a vehicle placed out of service before the out of service defects have been satisfactorily repaired. For each violation the person is liable for a penalty of five hundred dollars.

(ii) The driver of a commercial motor vehicle who violates an out-of-service order is liable for a penalty of at least one thousand one hundred dollars but not more than two thousand seven hundred fifty dollars for each violation.

(iii) An employer who allows a driver to operate a commercial motor vehicle when there is an out-of-service order is liable for a penalty of at least two thousand seven hundred fifty dollars but not more than eleven thousand dollars for each violation.

(iv) Each violation under this subsection (1)(a) is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(b) In addition to all other penalties provided by law, any motor carrier, company, or any officer or agent of a motor carrier or company operating a commercial motor vehicle subject to compliance reviews under this chapter who refuses entry or to make the required records, documents, and vehicles available to a duly authorized agent of the state patrol is liable for a penalty of at least five thousand dollars as well as an out-of-service order being placed on the department of transportation number, as defined in RCW 46.16.004, and vehicle registration to operate. Each violation is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(c) A motor carrier operating a commercial motor vehicle after receiving a final unsatisfactory rating or being placed out of service is liable for a penalty of not more than eleven thousand dollars for each violation. Each violation is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(d) A high-risk carrier is liable for double the amount of the penalty of a prior violation if the high-risk carrier repeats the same violation during a follow-up compliance review. Each repeat violation is a separate and distinct offense, and in case of a repeat continuing violation every day's continuance is a separate and distinct violation.

(2) The Washington state patrol may place an out-of-service order on a department of transportation number, as defined in RCW 46.16.004, for violations of this chapter or for nonpayment of any monetary penalties assessed by the state patrol or the utilities and transportation commission, as a result of compliance reviews, or for violations of cease and desist orders issued by the utilities and transportation commission. The state patrol shall notify the department of licensing when an out-of-service order has been placed on a motor carrier's department of transportation number. The state patrol shall notify the motor carrier when there has been an out-of-service order placed on the motor carrier's department of transportation number and the vehicle registrations have been revoked by sending a notice by first-class mail using the last known address for the registered or legal owner or owners, and recording the transmittal on an affidavit of first-class mail. Notices under this section fulfill the requirements of RCW 46.12.160. Motor carriers may not be eligible for a new department of transportation number, vehicle registration, or temporary permits to operate unless the violations that resulted in the out-of-service order have been corrected.

(3) Any penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due.

(a)(i) Any motor carrier who incurs a penalty as provided in this section, except for a high-risk carrier that incurs a penalty for a repeat violation during a follow-up compliance review, may, upon written application, request that the state patrol mitigate the penalty. An application for mitigation must be received by the state patrol within twenty days of the receipt of notice.

(ii) The state patrol may decline to consider any application for mitigation.

(b) Any motor carrier who incurs a penalty as provided in this section has a right to an administrative hearing under chapter 34.05 RCW to contest the violation or the penalty imposed, or both. In all such hearings, the procedure and rules of evidence are as specified in chapter 34.05 RCW except as otherwise provided in this chapter. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the later of (i) receipt of the notice imposing the penalty, or (ii) disposition of a request for mitigation, or the right to a hearing is waived.

(c) All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund. [2009 c 46 § 4; 2007 c 419 § 12; 2005 c 444 § 1; 1998 c 172 § 1; 1995 c 272 § 3.]

VEHICLE LIGHTING AND OTHER EQUIPMENT

Sections

46.37.430 Safety glazing—Sunscreening or coloring.
46.37.470 Air conditioning equipment.
46.37.519 Kit vehicles.
46.37.530 Motorcycles, motor-driven cycles, mopeds, electric-assisted bicycles—Helmets, other equipment—Children—Rules.

46.37.430 Safety glazing—Sunscreening or coloring. (1)(a) No person may sell any motor vehicle as specified in this title, nor may any motor vehicle as specified in this title be registered unless such vehicle is equipped with safety glazing material of a type that meets or exceeds federal standards under 49 C.F.R. Sec. 571.205.

(b) The foregoing provisions apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the drivers' compartments of such vehicles except as provided by subsection (4) of this section.

(c) The safety glazing material that is manufactured and installed in accordance with federal standards shall not be etched or otherwise permanently altered if the safety glazing material is installed in the windshield or any other window located in the motor vehicle passenger compartment, except for the etching of the vehicle identification number if:

(i) The maximum height of the letters or numbers do not exceed one-half inch; and

(ii) The etched vehicle identification number is not located in a position that interferes with the vision of any occupant of the motor vehicle.

(2) For the purposes of this section:

(a) "Light transmission" means the ratio of the amount of total visible light, expressed in percentages, that is allowed to pass through the sunscreening or coloring material to the amount of total visible light falling on the motor vehicle window.

(b) "Net film screening" means the total sunscreening or coloring material applied to the window that includes both the material applied by the manufacturer during the safety glazing and any film sunscreening or coloring material applied after the vehicle is manufactured.

(c) "Reflectance" means the ratio of the amount of total light, expressed in percentages, that is reflected outward by the sunscreening or coloring material to the amount of total light falling on the motor vehicle window.

(d) "Safety glazing materials" means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he or she shall suspend the registration of any motor vehicle so subject to this section which the director finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted under 49 C.F.R. Sec. 571.205 wherever glazing materials are used in outside windows and doors.

(5) No film sunscreening or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:

(a) The maximum level of net film sunscreening to be applied to any window, except the windshield, shall have a total reflectance of thirty-five percent or less, and a light transmission of twenty-four percent or more, where the vehicle is equipped with outside rearview mirrors on both the right and left. Installation of more than a single sheet of film sunscreening material to any window is prohibited.

(b) Hearses, collector vehicles, limousines and passenger buses used to transport persons for compensation, ambulances, rescue squad vehicles, any other emergency medical vehicle licensed under RCW 18.73.130 that is used to transport patients, and any vehicle identified by the manufacturer as a truck, motor home, or multipurpose passenger vehicle as defined in 49 C.F.R. Sec. 571.3, may have net film sunscreening applied on any window to the rear of the driver that has less than twenty-four percent light transmittance, if the light reflectance is thirty-five percent or less and the vehicle is equipped with outside rearview mirrors on both the right and left.

(c) A person or business tinting windows for profit who tints windows within restricted areas of the glazing system shall supply a sticker to be affixed to the driver's door post, in the area adjacent to the manufacturer's identification tag. Installation of this sticker certifies that the glazing application meets this chapter's standards for light transmission, reflectance, and placement requirements. Stickers must be no smaller than three-quarters of an inch by one and one-half inches, and no larger than two inches by two and one-half inches. The stickers must be of sufficient quality to endure exposure to harsh climate conditions. The business name and state tax identification number of the installer must be clearly visible on the sticker.

(d) A greater degree of light reduction is permitted on all windows and the top six inches of windshields of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(e) A greater degree of light reduction is permitted along the top edge of the windshield as long as the product is transparent and does not extend into the AS-1 portion of the windshield or extend more than six inches from the top of the windshield. Clear film sunscreening material that reduces or eliminates ultraviolet light may be applied to windshields.

(f) When film sunscreening material is applied to any window except the windshield, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(g) The following types of film sunscreening material are not permitted:

(i) Mirror finish products;

(ii) Red, gold, yellow, or black material; or

(iii) Film sunscreening material that is in liquid preapplication form and brushed or sprayed on.

(6) Subsection (5) of this section does not prohibit:

(a) The use of shaded or heat-absorbing safety glazing material in which the shading or heat-absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which meet federal standards for such safety glazing materials.

(b) The use and placement of federal, state, or local certificates or decals on any window as required by applicable laws or regulations. However, any such certificate or decal must be of a size and placed on the motor vehicle so as not to impair the ability of the driver to safely operate the motor vehicle.

(c) Sunscreening devices to be applied to any window behind the driver provided that the devices reduce the driver's area of vision uniformly and by no more than fifty percent, as measured on a horizontal plane. If sunscreening devices are applied to the rear window, the vehicle must be

equipped with outside rearview mirrors on both the left and right.

(d) Recreational products, such as toys, cartoon characters, stuffed animals, signs, and any other vision-reducing article or material to be applied to or placed in windows behind the driver provided that they do not interfere, in their size or position, with the driver's ability to see other vehicles, persons, or objects.

(7) It is a traffic infraction for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with film sunscreening or coloring material in violation of this section.

(8) Owners of vehicles with film sunscreening material applied to windows to the rear of the driver, prior to June 7, 1990, must comply with the requirements of this section and RCW 46.37.435 by July 1, 1993.

(9) The side and rear windows of law enforcement vehicles are exempt from the requirements of subsection (5) of this section. However, when law enforcement vehicles are sold to private individuals the film sunscreening or coloring material must comply with the requirements of subsection (5) of this section or documentation must be provided to the buyer stating that the vehicle windows must comply with the requirements of subsection (5) of this section before operation of the vehicle. (2) A kit vehicle must, prior to inspection, contain the following components:

(a) Brakes on all wheels. The service brakes, upon application, must be capable of stopping the vehicle within a twelve-foot lane and (i) developing an average tire to road retardation force of not less than 52.8 percent of the gross vehicle weight, (ii) decelerating the vehicle at a rate of not less than seventeen feet per second, or (iii) stopping the vehicle within a distance of twenty-five feet from a speed of twenty miles per hour. Tests must be made on a level, dry, concrete or asphalt surface free from loose material;

(b) Brake hoses that comply with 49 C.F.R. Sec. 571.106;

(c) Brake fluids that comply with 49 C.F.R. Sec. 571.119;

(d) A parking brake that must operate on at least two wheels on the same axle, and when applied, must be capable of holding the vehicle on any grade on which the vehicle is operated. The parking brake must be separately actuated so that failure of any part of the service brake actuation system will not diminish the vehicle's parking brake holding capability;

(e) Lighting equipment that complies with 49 C.F.R. Sec. 571.108;

(f) Pneumatic tires that comply with 49 C.F.R. Sec. 571.109;

(g) Glazing material that complies with 49 C.F.R. Sec. 571.205. The driver must be provided with a windshield and side windows or opening that allows an outward horizontal vision capability, ninety degrees each side of a vertical plane passing through the fore and aft centerline of the vehicle. This range of vision must not be interrupted by window framing not exceeding four inches in width at each side location;

(h) Seat belt assemblies that comply with 49 C.F.R. Sec. 571.209;

(i) Defroster and defogging devices capable of defogging and defrosting the windshield area, except vehicles or exact replicas of vehicles manufactured prior to January 1938 are exempt from this requirement;

(j) Door latches that firmly and automatically secure the door when pushed closed and that allow each door to be opened both from the inside and outside, if the vehicle is enclosed with side doors leading directly into a compartment that contains one or more seating accommodations;

(l) If an enclosed kit vehicle powered by an internal combustion engine, a passenger compartment that must be constructed to prevent the entry of exhaust fumes into the passenger compartment;

(m) Fenders that must be installed on all wheels and cover the entire tread width that comes in contact with the road surface. Coverage of the tire tread circumference must be from at least fifteen degrees in front and to at least seventy-five degrees to the rear of the vertical centerline at each wheel measured from the center of the wheel rotation. The tire must not come in contact with the body, fender, chassis, or suspension of the vehicle. Kit vehicles that are more than forty years old and are owned and operated primarily as collector's vehicles are exempt from this fender requirement if the vehicle is used and driven during fair weather on well-maintained, hard-surfaced roads;

(n) A speedometer that is calibrated to indicate miles per hour, and may also indicate kilometers per hour;

(o) Mirrors as outlined in RCW 46.37.400. Mirror mountings must provide for mirror adjustment by tilting both horizontally and vertically;

(p) An accelerator control system that, in accordance with 49 C.F.R. Sec. 571.124, contains a double spring that returns engine throttle to an idle position when the driver removes the actuating force from the accelerator control. The geometry of the throttle linkage must be designed so that the throttle will not lock in an open position. A vehicle equipped with cruise control is exempt when the cruise control is actuated;

(q) A fuel system that, in accordance with 49 C.F.R. Secs. 571.301 and 571.302, is securely fastened to the vehicle so as not to interfere with the vehicle's operation. The components, such as tank, tubing, hoses, and pump, must be of leak proof design and be securely attached with fasteners designed for that purpose. All fuel system vent lines must extend outside of the passenger compartment and be positioned as not to be in contact with the high temperature surfaces or moving components. If the vehicle is fueled using alternative measures, it must be installed in accordance with any applicable standards set by the United States department of transportation;

The device used to actuate the horn must be easily accessible to the driver when operating the vehicle.

(3) A kit vehicle may also be equipped with hoods and bumpers. If this equipment is present, it must meet the following requirements:

(a) Hood latches must be equipped with a primary and secondary latching system to hold the hood in a closed position if the hood is a front opening hood; and

(b) Bumpers must be 4.5 inches in vertical height, centered on the vehicle's centerline, and extend no less than the width of the respective wheel track distances. Bumpers must be horizontal load veering and attach to the frame to effectively transfer energy when impacted. TOWING AND IMPOUNDMENT

Sections

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment.

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment. (1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held

for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (a)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer's bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept

the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and stor-

age fees. [2009 c 387 § 3; 2004 c 250 § 1; 2003 c 177 § 2; 2000 c 193 § 1. Prior: 1999 c 398 § 7; 1999 c 327 § 5; 1998 c 203 § 5; 1996 c 89 § 2; 1995 c 360 § 7; 1993 c 121 § 3; 1989 c 111 § 11; 1987 c 311 § 12; 1985 c 377 § 12.]

46.61.480 Determination of maximum speed on nonlimited access state highways within tribal reservation boundaries. (1) Tribal authorities, within their reservation boundaries, may determine based on an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.405 is greater or less than is reasonable or safe under the conditions found to exist upon a nonlimited access state highway or part of a nonlimited access state highway. Then, the tribal authority may determine and declare a reasonable and safe maximum limit thereon which:

(a) Decreases the limit at intersections;

(b) Increases the limit, not exceeding sixty miles per hour; or

(c) Decreases the limit, not lower than twenty miles per hour.

(2) Any alteration by tribal authorities of maximum limits on a nonlimited access state highway is not effective until the alteration has been approved by the secretary of transportation and appropriate signs giving notice of the alteration have been posted. In the case of an alteration by tribal authorities of maximum limits on a nonlimited access state highway that is also part of a city or town street or county road within tribal reservation boundaries, the alteration is not effective until that alteration has also been approved by the applicable local authority. [2009 c 383 § 1.]

46.61.5058 Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.61.502 or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.61.502 or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, is subject to seizure and forfeiture pursuant to this section.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person

or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal. [2009 c 479 § 38; 1998 c 207 § 2; 1995 c 332 § 6; 1994 c 139 § 1.]

46.61.527 Roadway construction zones. (1) The secretary of transportation shall adopt standards and specifications for the use of traffic control devices in roadway construction zones on state highways. A roadway construction zone is an area where construction, repair, or maintenance work is being conducted by public employees or private contractors, on or adjacent to any public roadway. For the purpose of the pilot program referenced in section 218(2), chapter 470, Laws of 2009, during the 2009-2011 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on or adjacent to any public roadway pursuant to ongoing construction.

(2) No person may drive a vehicle in a roadway construction zone at a speed greater than that allowed by traffic control devices.

(3) A person found to have committed any infraction relating to speed restrictions in a roadway construction zone shall be assessed a monetary penalty equal to twice the penalty assessed under RCW 46.63.110. This penalty may not be waived, reduced, or suspended.

(4) A person who drives a vehicle in a roadway construction zone in such a manner as to endanger or be likely to endanger any persons or property, or who removes, evades, or intentionally strikes a traffic safety or control device is guilty of reckless endangerment of roadway workers. A violation of this subsection is a gross misdemeanor punishable under chapter 9A.20 RCW.

(5) The department shall suspend for sixty days the license or permit to drive or a nonresident driving privilege of a person convicted of reckless endangerment of roadway workers. [2009 c 470 § 713; 1994 c 141 § 1.]

Effective date—2009 c 470: See note following RCW 46.68.170.

Effective date—1994 c 141: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 28, 1994]." [1994 c 141 § 3.]

46.61.560 Stopping, standing, or parking outside business or residence districts. (1) Outside of incorporated cities and towns no person may stop, park, or leave standing any vehicle, whether attended or unattended, upon the roadway.

(2) Subsection (1) of this section and RCW 46.61.570 and 46.61.575 do not apply to the driver of any vehicle that is disabled in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving the vehicle in such position. The driver shall nonetheless arrange for the prompt removal of the vehicle as required by RCW 46.61.590.

(3) Subsection (1) of this section does not apply to the driver of a public transit vehicle who temporarily stops the vehicle upon the roadway for the purpose of and while actually engaged in receiving or discharging passengers at a marked transit vehicle stop zone approved by the state department of transportation or a county upon highways under their respective jurisdictions. However, public transportation service providers, including private, nonprofit transportation providers regulated under chapter 81.66 RCW, may allow the driver of a transit vehicle to stop upon the roadway momentarily to receive or discharge passengers at an unmarked stop zone only under the following circumstances: (a) The driver stops the vehicle in a safe and practicable position; (b) the driver activates four-way flashing lights; and (c) the driver stops at a portion of the highway with an unobstructed view, for an adequate distance so as to not create a hazard, for other drivers.

(4) Subsection (1) of this section and RCW 46.61.570 and 46.61.575 do not apply to the driver of a solid waste collection company or recycling company vehicle who temporarily stops the vehicle as close as practical to the right edge of the right-hand shoulder of the roadway or right edge of the roadway if no shoulder exists for the purpose of and while actually engaged in the collection of solid waste or recyclables, or both, under chapters 81.77, 35.21, and 35A.21 RCW or by contract under RCW 36.58.040. However, the motorcycle must contain foot pegs or be equipped with an additional bucket seat and seat belt meeting standards prescribed under 49 C.F.R. (b) "Medium-speed electric vehicle" meaning a self-propelled, electrically powered four-wheeled motor vehicle, equipped with a roll cage or crush-proof body design, whose speed attainable in one mile is more than thirty miles per hour but not more than thirty-five miles per hour and otherwise meets or exceeds the federal regulations set forth in 49 C.F.R. Sec. 571.500;

(3) Every person sixteen years of age or older operating or riding in a motor vehicle shall wear the safety belt assembly in a properly adjusted and securely fastened manner.

(4) No person may operate a motor vehicle unless all child passengers under the age of sixteen years are either: (a) Wearing a safety belt assembly or (b) are securely fastened into an approved child restraint device.

(5) A person violating this section shall be issued a notice of traffic infraction under chapter 46.63 RCW. A finding that a person has committed a traffic infraction under this section shall be contained in the driver's abstract but shall not be available to insurance companies or employers.

(6) Failure to comply with the requirements of this section does not constitute negligence, nor may failure to wear a safety belt assembly be admissible as evidence of negligence in any civil action.

(7) This section does not apply to an operator or passenger who possesses written verification from a licensed physician that the operator or passenger is unable to wear a safety belt for physical or medical reasons.

46.61.710 Mopeds, EPAMDs, electric-assisted bicycles, motorized foot scooters—General requirements and operation. (1) No person shall operate a moped upon the highways of this state unless the moped has been assigned a moped registration number and displays a moped permit in accordance with the provisions of RCW 46.16.630.

(2) Notwithstanding any other provision of law, a moped may not be operated on a bicycle path or trail, bikeway, equestrian trail, or hiking or recreational trail.

(3) Operation of a moped, electric personal assistive mobility device, motorized foot scooter, or an electric-assisted bicycle on a fully controlled limited access highway is unlawful. Operation of a moped, motorized foot scooter, or an electric-assisted bicycle on a sidewalk is unlawful.

(4) Removal of any muffling device or pollution control device from a moped is unlawful.

(5) Subsections (1), (2), and (4) of this section do not apply to electric-assisted bicycles. Electric-assisted bicycles and motorized foot scooters may have access to highways, other than limited access highways, of the state to the same extent as bicycles. Subject to subsection (6) of this section, electric-assisted bicycles and motorized foot scooters may be operated on a multipurpose trail or bicycle lane, but local jurisdictions may restrict or otherwise limit the access of electric-assisted bicycles and motorized foot scooters, and state agencies may regulate the use of motorized foot scooters on facilities and properties under their jurisdiction and control.

(6) Subsections (1) and (4) of this section do not apply to motorized foot scooters. Subsection (2) of this section applies to motorized foot scooters when the bicycle path, trail, bikeway, equestrian trail, or hiking or recreational trail was built or is maintained with federal highway transportation funds. Additionally, any new trail or bicycle path or readily identifiable existing trail or bicycle path not built or maintained with federal highway transportation funds may be used by persons operating motorized foot scooters only when appropriately signed.

(7) A person operating an electric personal assistive mobility device (EPAMD) shall obey all speed limits and shall yield the right-of-way to pedestrians and human-powered devices at all times. An operator must also give an audible signal before overtaking and passing a pedestrian. Except for the limitations of this subsection, persons operating an EPAMD have all the rights and duties of a pedestrian.

(8) The use of an EPAMD may be regulated in the following circumstances:

(a) A municipality and the department of transportation may prohibit the operation of an EPAMD on public highways within their respective jurisdictions where the speed limit is greater than twenty-five miles per hour;

(b) A municipality may restrict the speed of an EPAMD in locations with congested pedestrian or nonmotorized traffic and where there is significant speed differential between pedestrians or nonmotorized traffic and EPAMD operators. The areas in this subsection must be designated by the city engineer or designee of the municipality. Municipalities shall not restrict the speed of an EPAMD in the entire community or in areas in which there is infrequent pedestrian traffic;

(c) A state agency or local government may regulate the operation of an EPAMD within the boundaries of any area used for recreation, open space, habitat, trails, or conservation purposes. [2009 c 275 § 9; 2003 c 353 § 10; 2002 c 247 § 7; 1997 c 328 § 5; 1979 ex.s. c 213 § 8.]

46.63.110 Monetary penalties. (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of

the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter. 46.63.160 Toll collection systems—Photo enforcement systems. (1) This section applies only to infractions issued under RCW 46.61.690 for toll collection evasion.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) Toll collection systems include manual cash collection, electronic toll collection, and photo enforcement systems.

(4) "Electronic toll collection system" means a system of collecting tolls or charges that is capable of charging the account of the toll patron the appropriate toll or charge by electronic transmission from the motor vehicle to the toll collection system, which information is used to charge the appropriate toll or charge to the patron's account.

(5) "Photo enforcement system" means a vehicle sensor installed to work in conjunction with an electronic toll collection system that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of a vehicle operated in violation of an infraction under this chapter.

(6) The use of a toll collection system is subject to the following requirements:

(a) The department of transportation shall adopt rules that allow an open standard for automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits. The rules must also allow for multiple vendors providing electronic payment devices or transponders as technology permits.

(b) The department of transportation may not sell, distribute, or make available in any way, the names and addresses of electronic toll collection system account holders.

(7) The use of a photo enforcement system for issuance of notices of infraction is subject to the following requirements:

(a) Photo enforcement systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of infraction must be mailed to the registered owner of the vehicle or to the renter of a vehicle within sixty days of the violation. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo enforcement system, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, or other recorded images prepared under this chapter are for the exclusive use of the tolling agency and law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this chapter. No photograph, digital photograph, microphotograph, videotape, or other recorded image may be used for any purpose other than enforcement of violations under this chapter nor retained longer than necessary to enforce this chapter or verify that tolls are paid.

(d) All locations where a photo enforcement system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by a photo enforcement system.

(8) Infractions detected through the use of photo enforcement systems are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of photo enforcement systems under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3).

(9) The penalty for an infraction detected through the use of a photo enforcement system shall be forty dollars plus an additional toll penalty. The toll penalty is equal to three times the cash toll for a standard passenger car during peak hours. The toll penalty may not be reduced. The court shall remit the toll penalty to the department of transportation or a private entity under contract with the department of transportation for deposit in the statewide account in which tolls are deposited for the tolling facility at which the violation occurred. If the driver is found not to have committed an infraction under this section, the driver shall pay the toll due at the time the photograph was taken, unless the toll has already been paid.

(10) If the registered owner of the vehicle is a rental car business the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. [2009 c 272 § 1. Prior: 2007 c 372 § 2; 2007 c 101 § 2; 2004 c 231 § 6.]

Report to legislature—2009 c 272: "The department shall report to the transportation committees of the legislature by December 1, 2009, with recommendations regarding implementing a time period for the payment of tolls after crossing the Tacoma Narrows bridge in which individuals without a transponder could pay the toll due prior to the issuance of an infraction." [2009 c 272 § 2.]

46.63.170 Automated traffic safety cameras—Definition. (1) The use of automated traffic safety cameras for issu-

ance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the 2009-2011 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2009-2011 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009.

(6) During the 2009-2011 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of section 218(2), chapter 470, Laws of 2009. [2009 c 470 § 714; 2007 c 372 § 3; 2005 c 167 § 1.]

Chapter 46.70 RCW
DEALERS AND MANUFACTURERS

Sections

46.70.180 Unlawful acts and practices.

46.70.180 Unlawful acts and practices. Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer

of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed the applicable amount provided in (iii)(A) and (B) of this subsection (2)(a) per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(iii) A dealer may charge under (a)(ii) of this subsection:

(A) As of July 26, 2009, through June 30, 2014, an amount not to exceed one hundred fifty dollars; and

(B) As of July 1, 2014, an amount not to exceed fifty dollars.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount provided in (iv)(A) and (B) of this subsection (2)(b) may be added to the sale price or the capitalized cost:

(A) As of July 26, 2009, through June 30, 2014, an amount up to one hundred fifty dollars; and

(B) As of July 1, 2014, an amount up to fifty dollars.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. (iv) Has lettering and background colors that make it clearly readable at one hundred feet in clear daylight;

(v) Is displayed at all times when instruction is being given.

(3) Instruction may not be given by an instructor to a student who is under the age of fifteen, and behind-the-wheel instruction may not be given by an instructor to a student in an automobile unless the student possesses a current and valid instruction permit issued pursuant to RCW 46.20.055 or a current and valid driver's license.

(4) No driver training school or instructor shall advertise or otherwise indicate that the issuance of a driver's license is guaranteed or assured as a result of the course of instruction offered.

(5) No driver training school or instructor shall utilize any types of advertising without using the full, legal name of the school and identifying itself as a driver training school.

Instruction vehicles and equipment, classrooms, driving simulators, training materials and services advertised must be available in a manner as might be expected by the average person reading the advertisement.

(6) A driver training school shall have an established place of business owned, rented, or leased by the school and regularly occupied and used exclusively for the business of giving driver instruction. The established place of business of a driver training school shall be located in a district that is zoned for business or commercial purposes or zoned for conditional use permits for schools, trade schools, or colleges. However, the use of public or private schools does not alleviate the driver training school from securing and maintaining an established place of business or from using its own classroom on a regular basis as required under this chapter.

(a) The established place of business, branch office, or classroom or advertised address of any such driver training school shall not consist of or include a house trailer, residence, tent, temporary stand, temporary address, bus, telephone answering service if such service is the sole means of contacting the driver training school, a room or rooms in a hotel or rooming house or apartment house, or premises occupied by a single or multiple-unit dwelling house.

(b) A driver training school may lease classroom space within a public or private school that is recognized and regulated by the office of the superintendent of public instruction to conduct student instruction as approved by the director. However, such use of public or private classroom space does not alleviate the driver training school from securing and maintaining an established place of business nor from using its own classroom on a regular basis as required by this chapter.

(c) To classify as a branch office or classroom the facility must be within a thirty-five mile radius of the established place of business. The department may waive or extend the thirty-five mile restriction for driver training schools located in counties below the median population density.

(d) Nothing in this subsection may be construed as limiting the authority of local governments to grant conditional use permits or variances from zoning ordinances.

(7) No driver training school or instructor shall conduct any type of instruction or training on a course used by the department of licensing for testing applicants for a Washington driver's license.

(8) Each driver training school shall maintain its student, instructor, vehicle, insurance, and operating records at its established place of business.

(a) Student records must include the student's name, address, and telephone number, date of enrollment and all dates of instruction, the student's instruction permit or driver's license number, the type of training given, the total number of hours of instruction, and the name and signature of the instructor or instructors.

(b) Vehicle records shall include the original insurance policies and copies of the vehicle registration for all instruction vehicles.

(c) Student and instructor records shall be maintained for three years following the completion of the instruction. Vehicle records shall be maintained for five years following their issuance. All records shall be made available for inspection upon the request of the department.

(d) Upon a transfer or sale of school ownership the school records shall be transferred to and become the property and responsibility of the new owner.

(9) Each driver training school shall, at its established place of business, display, in a place where it can be seen by all clients, a copy of the required minimum curriculum furnished by the department and a copy of the school's own curriculum. Copies of the required minimum curriculum are to be provided to driver training schools and instructors by the director.

(10) Driver training schools and instructors shall submit to periodic inspections of their business practices, facilities, records, and insurance by authorized representatives of the director of the department of licensing. [2009 c 101 § 7; 2006 c 219 § 10; 1989 c 337 § 19; 1979 ex.s. c 51 § 9.]

47.01.305 Environmental mitigation in highway construction projects—Public lands first or other sites that avoid loss of long-term, commercially significant agricultural lands. (1) For highway construction projects where the department considers agricultural lands of long-term commercial significance, as defined in RCW 36.70A.030, in reviewing and selecting sites to meet environmental mitigation requirements under the national environmental policy act (42 U.S.C. Sec. 4321 et seq.) and chapter 43.21C RCW, the department shall, to the greatest extent possible, consider using public land first.

(2) If public lands are not available that meet the required environmental mitigation needs, the department may use other sites while making every effort to avoid any net loss of agricultural lands that have a designation of long-term commercial significance. [2009 c 471 § 1.]

47.01.380 State route No. 520 improvements—Exceptions. The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project. The requirements of this section shall not apply during the 2009-2011 fiscal biennium. [2009 c 470 § 705; 2006 c 311 § 26.]

47.01.390 Alaskan Way viaduct, Seattle Seawall, and state route No. 520 improvements—Requirements—Exceptions. (1) Prior to commencing construction on either project, the department of transportation must complete all of the following requirements for both the Alaskan Way viaduct and Seattle Seawall replacement project, and the state route number 520 bridge replacement and HOV project: (a) In accordance with the national environmental policy act, the department must designate the preferred alternative, prepare a substantial project mitigation plan, and complete a comprehensive cost estimate review using the department's cost estimate validation process, for each project; (b) in accordance with all applicable federal highway administration planning and project management requirements, the department must prepare a project finance plan for each project that clearly identifies secured and anticipated fund sources, cash flow timing requirements, and project staging and phasing plans if applicable; and (c) the department must report these results for each project to the joint transportation committee.

(2) The requirements of this section shall not apply to (a) utility relocation work, and related activities, on the Alaskan Way viaduct and Seattle Seawall replacement project and (b) off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) The requirements of subsection (1) of this section shall not apply during the 2007-2009 fiscal biennium.

Severability—Effective date—2007 c 518: See notes following RCW 46.68.170.

Findings—2006 c 311: See note following RCW 36.120.020.

47.01.402 Alaskan Way viaduct replacement project—Deep bore tunnel option—Funding, accountability, and responsibility. (1) The legislature finds that the replacement of the vulnerable state route number 99 Alaskan Way viaduct is a matter of urgency for the safety of Washington's traveling public and the needs of the transportation system in central Puget Sound. The state route number 99 Alaskan Way viaduct is susceptible to damage, closure, or catastrophic failure from earthquakes and tsunamis. Additionally, the viaduct serves as a vital route for freight and passenger vehicles through downtown Seattle.

Since 2001, the department has undertaken an extensive evaluation of multiple options to replace the Alaskan Way viaduct, including an initial evaluation of seventy-six conceptual alternatives and a more detailed analysis of five alternatives in 2004. In addition to a substantial technical review, the department has also undertaken considerable public outreach, which included consultation with a stakeholder advisory committee that met sixteen times over a thirteen-month period.

Therefore, it is the conclusion of the legislature that time is of the essence, and that Washington state cannot wait for a disaster to make it fully appreciate the urgency of the need to replace this vulnerable structure. The state shall take the nec-

essary steps to expedite the environmental review and design processes to replace the Alaskan Way viaduct with a deep bore tunnel under First Avenue from the vicinity of the sports stadiums in Seattle to Aurora Avenue north of the Battery Street tunnel. The tunnel must include four general purpose lanes in a stacked formation.

(2) The state route number 99 Alaskan Way viaduct replacement project finance plan must include state funding not to exceed two billion four hundred million dollars and must also include no more than four hundred million dollars in toll revenue. These funds must be used solely to build a replacement tunnel, as described in subsection (1) of this section, and to remove the existing state route number 99 Alaskan Way viaduct. All costs associated with city utility relocations for state work as described in this section must be borne by the city of Seattle and provided in a manner that meets project construction schedule requirements as determined by the department. State funding is not authorized for any utility relocation costs, or for central seawall or waterfront promenade improvements.

(3) The department shall provide updated cost estimates for construction of the bored tunnel and also for the full Alaskan Way viaduct replacement project to the legislature and governor by January 1, 2010. The department must also consult with independent tunnel engineering experts to review the estimates and risk assumptions. The department shall not enter into a design-build contract for construction of the bored tunnel until the report in this section has been submitted.

(4) Any contract the department enters into related to construction of the deep bored tunnel must include incentives and penalties to encourage on-time completion of the project and to minimize the potential for cost overruns.

(5) It is important that the public and policymakers have accurate and timely access to information related to the Alaskan Way viaduct replacement project as it proceeds to, and during, construction of all aspects of the project, specifically including but not limited to information regarding costs, schedules, contracts, project status, and neighborhood impacts. Therefore it is the intent of the legislature that the state, city, and county departments of transportation establish a single source of accountability for integration, coordination, tracking, and information of all requisite components of the replacement project, which must include, at minimum:

(a) A master schedule of all subprojects included in the full replacement project or program; and

(b) A single point of contact for the public, media, stakeholders, and other interested parties.

(6)(a) The city and county departments of transportation shall be responsible for the cost, delivery, and associated risks of the project components for which each department is responsible, as outlined in the January 13, 2009, letter of agreement signed by the governor, city, and county.

(b) The state's contribution shall not exceed two billion four hundred million dollars. If costs exceed two billion four hundred million dollars, no more than four hundred million [dollars] of the additional costs shall be financed with toll revenue. Any costs in excess of two billion eight hundred million dollars shall be borne by property owners in the Seattle area who benefit from replacement of the existing viaduct with the deep bore tunnel.

(7) Compression brakes may be used by authorized motor vehicles in the deep bore tunnel in a manner consistent with the requirements of RCW 46.37.395. [2009 c 458 § 1.]

Alaskan Way viaduct replacement project—Deep bore tunnel option—Traffic and revenue study—2009 c 458: "The department of transportation must prepare a traffic and revenue study for a state route number 99 deep bore tunnel for the purpose of determining the facility's potential to generate toll revenue. The department shall regularly report to the transportation commission regarding the progress of the study for the purpose of guiding the commission's toll setting on the facility. The study must include the following information:

(1) An analysis of the potential diversion from state route number 99 to other parts of the transportation system resulting from tolls on the facility;

(2) An analysis of potential mitigation measures to offset or reduce diversion from state route number 99;

(3) A summary of the amount of revenue generated from tolling the deep bore tunnel; and

(4) An analysis of the impact of tolls on the performance of the facility.

The department must provide the results of the study to the governor and the legislature by January 2010." [2009 c 458 § 2.]

Effective date—2009 c 458: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 458 § 3.]

47.01.418 State route No. 520 improvements—Work group, subgroups—Corridor projects. (1)(a) The state route number 520 work group is created. The work group shall consist of the following members:

(i) The legislators from the forty-third legislative district;

(ii) The legislators from the forty-eighth legislative district;

(iii) The secretary of transportation;

(iv) Two legislators from each of the forty-sixth and forty-fifth legislative districts as jointly determined by the speaker of the house of representatives and the president of the senate;

(v) The chairs of the transportation committees of the legislature, who may each appoint one additional legislator from the joint transportation committee representing a legislative district outside of the state route number 520 corridor; and

(vi) The member of the transportation commission representing King county.

(b) The work group members shall elect two cochairs to consist of one legislative member representing the east side of the state route number 520 corridor and one legislative member representing the west side of the state route number 520 corridor. The work group shall conduct at least three meetings consisting of an initial meeting, a midcourse meeting, and a final meeting.

(2) The state route number 520 work group must:

(a) Review and recommend a financing strategy, in conjuction with the department, to fund the projects in the state route number 520 corridor that reflects the design options recommended under (b) of this subsection. The financing strategy must be based on a total cost of all the intended projects in the state route number 520 corridor that does not exceed four billion six hundred fifty million dollars;

(b) Recommend design options that provide for a full state route number 520 corridor project, including projects in the corridor for which the department applies for federal stimulus funds provided in the American recovery and reinvestment act of 2009, that meets the needs of the region's

transportation system while providing appropriate mitigation for the neighborhood and communities in the area directly impacted by the project; and

(c) Present a final report with recommendations on financing and design options to the legislature and the governor by January 1, 2010. The recommendations will inform the supplemental draft environmental impact statement process for the state route number 520 corridor. The process must continue through 2009.

(3) All design options considered or recommended by the state route number 520 work group must adhere to RCW 47.01.408.

(4) The state route number 520 work group shall form a westside subgroup to conduct a detailed review and make recommendations on design options on the west side of the corridor, which extends from the west end of the floating bridge to Interstate 5. The westside subgroup shall consult with neighborhood and community groups impacted by the potential design options. The work group may form an eastside subgroup to review current design options on the east side of the corridor, which extends from the east end of the floating bridge to state route number 202.

(5) The state route number 520 work group shall consult with the governor and legislators representing the primary users of the state route number 520 corridor.

(6) The department shall provide staff support to the state route number 520 work group. [2009 c 472 § 3.]

Reviser's note: 2009 c 472 § 3 directed that this section be codified in chapter 47.56 RCW, but codification in chapter 47.01 RCW appears to be more appropriate.

Intent—Effective date—2009 c 472: See notes following RCW 47.56.870.

47.01.425 Jurisdictional transfers. The legislature recognizes the need for a multijurisdictional body to review future requests for jurisdictional transfers. The commission shall receive petitions from cities, counties, or the state requesting any addition or deletion from the state highway system. The commission must utilize the criteria established in RCW 47.17.001 in evaluating petitions and to adopt rules for implementation of this process. The commission shall forward to the senate and house transportation committees by November 15th each year any recommended jurisdictional transfers. [2009 c 260 § 1; 2005 c 319 § 130; 1991 c 342 § 62. Formerly RCW 47.26.167.]

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

Effective dates—1991 c 342: "(1) Sections 62 and 63 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1991.

(2) The remainder of this act shall take effect April 1, 1992." [1991 c 342 § 68.]

47.01.450 Funding special needs transportation, application for—Deference to agency council on coordinated transportation recommendations. (1) To be eligible for funding on or after January 1, 2010, any organization applying for state paratransit/special needs grants, as described in section 223(1), chapter 121, Laws of 2008, or for other funding provided for persons with special transportation needs, as defined in RCW 47.06B.012, must include in its application, in addition to meeting other eligibility requirements provided in law, an explanation of how the requested funding will advance efficiencies in, accessibility to, or coordination of transportation services provided to persons with special transportation needs as defined in RCW 47.06B.012.

(2) Unless otherwise required by law, in administering federal funding provided for special needs transportation purposes, including funding under SAFETEA-LU, the safe, accountable, flexible, efficient transportation equity act, P.L. 109-59, or its successor, the department shall give priority to projects that result in increased efficiencies in special needs transportation or improved coordination among special needs transportation service providers.

(3) In making final grant award determinations under subsection (1) of this section, the department shall seek input from the agency council on coordinated transportation, as provided in chapter 47.06B RCW, and shall give substantial deference to applications recommended by the council. 47.04.300 Safe routes to school program.
47.04.310 Rental car company fees—Child restraint system availability.

47.04.300 Safe routes to school program. Concurrent with the federal safe, accountable, flexible, efficient transportation equity act of 2005, a safe routes to school program is established within the department. The purpose of the program is to:

(1) Enable and encourage children, including those with disabilities, to walk and bicycle to school;

(2) Make bicycling and walking to school a safer and more appealing transportation alternative, encouraging a healthy and active lifestyle from an early age; and

(3) Facilitate the planning, development, and implementation of projects and activities that will improve safety and reduce traffic, fuel consumption, and air pollution in the vicinity of schools. [2009 c 392 § 1.]

47.04.310 Rental car company fees—Child restraint system availability. (1) A rental car company may include separately stated surcharges, fees, or charges in a rental agreement, which may include, but may not be in any way limited to, vehicle license cost recovery fees, child restraint system rental fees, airport-related recovery fees, all applicable taxes, and government surcharges.

(2) If a rental car company includes a vehicle license cost recovery fee as a separately stated charge in a rental transaction, the amount of the fee must represent the rental car company's good faith estimate of the rental car company's average daily charge as calculated by the rental car company to recover its actual total annual rental car titling, registration, plating, and inspection costs in the state of Washington.

(3) If the total amount of the vehicle license cost recovery fees collected by a rental car company under this section in any calendar year exceeds the rental car company's actual

costs in the state of Washington to license, title, register, and plate rental cars and to have such rental cars inspected for that calendar year, the rental car company shall do both of the following:

(a) Retain the excess amount; and

(b) Adjust the estimated average per vehicle titling, licensing, plating, inspecting, and registration charge for the following calendar year by a corresponding amount.

(4) Nothing in this section prevents a rental car company from making adjustments to the vehicle license cost recovery fee during the calendar year.

(5) The following definitions apply to this section unless the context clearly requires otherwise:

(a) "Child restraint system rental fee" means a charge that may be separately stated and charged on the rental contract in a car rental transaction originating in Washington state to recover the costs associated with providing child restraint systems; and

(b) "Vehicle license cost recovery fee" means a charge that may be separately stated and charged on the rental contract in a car rental transaction originating in Washington state to recover costs incurred in the state of Washington by a rental car company to license, title, register, plate, and inspect rental cars.

(6)(a) If a rental car company includes a child restraint system rental fee as a separately stated charge in a rental transaction, the amount of the fee must represent no more than the rental car company's good faith estimate of the rental car company's costs to provide a child restraint system.

(b) If a rental car customer pays a child restraint system rental fee and the child restraint system is not available in a timely manner, as determined by the rental car customer, but in no case less than one hour after the arrival of the customer at the location where the customer receives the vehicle or vehicles, (i) the customer may cancel any reservation or other agreement for the rental of the vehicle or vehicles, (ii) any costs or penalties associated with the cancellation are void, and (iii) the customer is entitled to a full refund of any costs associated with the rental of the vehicle or vehicles. [2009 c 346 § 2.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Finding—Intent—2009 c 346: "The legislature finds that there are car rental agreements entered into between car rental companies and their customers that include fees in addition to the rental rate and taxes. It is the intent of the legislature that such fees be clearly and separately stated in such agreements." [2009 c 346 § 1.]

47.06.140 Transportation facilities and services of statewide significance—Level of service standards. (1) The legislature declares the following transportation facilities and services to be of statewide significance: Highways of statewide significance as designated by the legislature under chapter 47.05 RCW, the interstate highway system, interregional state principal arterials including ferry connections that serve statewide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, key freight transportation corridors serving these marine port facilities, and high capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of statewide significance in the statewide multimodal transportation plan. Improvements to facilities and services of statewide significance identified in the statewide multimodal transportation plan, or to highways of statewide significance designated by the legislature under chapter 47.05 RCW, are essential state public facilities under RCW 36.70A.200.

(2) The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of statewide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of statewide significance. In establishing level of service standards for state highways and state ferry routes of statewide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities. When setting the level of service standards under this section for state ferry routes, the department may allow for a standard that is adjustable for seasonality. [2009 c 514 § 3. Prior: 2007 c 516 § 11; 2007 c 512 § 2; 1998 c 171 § 7.]

Findings—Intent—2009 c 514: See note following RCW 36.70A.085.

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

Finding—Intent—2007 c 512: "The legislature finds from the 2006 Washington state ferries financing study that the state has limited information on state ferry users and markets. Accurate user and market information is vital in order to find ways to maximize the ferry systems' current capacity and to make the most efficient use of citizens' tax dollars. Therefore, it is the intent of the legislature that Washington state ferries be given the tools necessary to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars. Furthermore, it is the intent of the legislature that the department of transportation adopt adaptive management practices in its operating and capital programs so as to keep the costs of

the Washington state ferries system as low as possible while continuously improving the quality and timeliness of service." [2007 c 512 § 1.]

47.06B.010 Findings—Intent. ***(Effective until June 30, 2012.)*** The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. In too many cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies and coordination barriers.

The legislature further finds that the transportation needs of each community are unique, and that transportation services may be improved by establishing a system of statewide oversight that seeks input, collaboration, and cooperation from and among all local service providers, including public agencies, private organizations, and community-based groups.

It is the intent of the legislature that public transportation agencies, pupil transportation programs, private nonprofit transportation providers, and other public agencies sponsoring programs that require transportation services coordinate those transportation services. Through coordination of transportation services, programs will achieve increased efficiencies and will be able to provide more rides to a greater number of persons with special needs. [2009 c 515 § 3; 2007 c 421 § 1; 1999 c 385 § 1; 1998 c 173 § 1.]

47.06B.020 Agency council on coordinated transportation—Creation, purpose, membership, staff, meetings. ***(Effective until June 30, 2012.)*** (1) The agency council on coordinated transportation is created. The purpose of the council is to advance and improve accessibility to and coordination of special needs transportation services statewide. The council is composed of fourteen voting members and four nonvoting, legislative members.

(2) The fourteen voting members are the superintendent of public instruction or a designee, the secretary of transportation or a designee, the secretary of the department of social and health services or a designee, and eleven members appointed by the governor as follows:

(a) One representative from the office of the governor;

(b) Three persons who are consumers of special needs transportation services, which must include:

(i) One person designated by the executive director of the governor's committee on disability issues and employment; and

(ii) One person who is designated by the executive director of the developmental disabilities council;

(c) One representative from the Washington association of pupil transportation;

(d) One representative from the Washington state transit association;

(e) One of the following:

(i) A representative from the community transportation association of the Northwest; or

(ii) A representative from the community action council association;

(f) One person who represents regional transportation planning organizations and metropolitan planning organizations;

(g) One representative of brokers who provide nonemergency, medically necessary trips to persons with special transportation needs under the medicaid program administered by the department of social and health services;

(h) One representative from the Washington state department of veterans affairs; and

(i) One representative of the state association of counties.

(3) The four nonvoting members are legislators as follows:

(a) Two members from the house of representatives, one from each of the two largest caucuses, appointed by the speaker of the house of representatives, including at least one member from the house transportation policy and budget committee or the house appropriations committee; and

(b) Two members from the senate, one from each of the two largest caucuses, appointed by the president of the senate, including at least one member from the senate transportation committee or the senate ways and means committee.

(4) Gubernatorial appointees of the council will serve two-year terms. Members may not receive compensation for their service on the council, but will be reimbursed for actual and necessary expenses incurred in performing their duties as members as set forth in RCW 43.03.220.

(5) The council shall vote on an annual basis to elect one of its voting members to serve as chair. The position of chair must rotate among the represented agencies, associations, and interest groups at least every two years. If the position of chair is vacated for any reason, the secretary of transportation or the secretary's designee shall serve as acting chair until the next regular meeting of the council, at which time the members will elect a chair.

(6) The council shall periodically assess its membership to ensure that there exists a balanced representation of persons with special transportation needs and providers of special transportation needs services. Recommendations for modifying the membership of the council must be included in the council's biennial report to the legislature as provided in RCW 47.06B.050.

(7) The department of transportation shall provide necessary staff support for the council.

(8) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend gifts, grants, or endowments or income from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17.710.

(9) The meetings of the council must be open to the public, with the agenda published in advance, and minutes kept and made available to the public. The public notice of the meetings must indicate that accommodations for persons with disabilities will be made available upon request.

(10) All meetings of the council must be held in locations that are readily accessible to public transportation, and must be scheduled for times when public transportation is available.

(11) The council shall make an effort to include presentations by and work sessions including persons with special transportation needs. [2009 c 515 § 4; 2007 c 421 § 2; 1998 c 173 § 2.]

47.06B.050 Council—Progress report. ***(Effective until June 30, 2012.)*** The agency council on coordinated transportation shall submit a progress report to the legislature by December 1, 2009, and every other year thereafter. The report must describe the council's progress in achieving its objectives and in attaining the applicable goals identified in the council's biennial work plan and highlight any problems encountered in achieving these goals. The report must also include the required *performance measure evaluations established in RCW 47.06B.030(4). The information will be reported in a form established by the council. [2009 c 515 § 8; 2007 c 421 § 6.]

***Reviser's note:** Section 5, chapter 515, Laws of 2009, which established the performance measure evaluations, was vetoed by the governor.

47.06B.060 Council—Work group—Duties, membership, reports. ***(Effective until June 30, 2012.)*** (1) In 2007, the legislature directed the joint transportation committee to conduct a study of special needs transportation to examine and evaluate the effectiveness of special needs transportation in the state. A particular goal of the study was to explore opportunities to enhance coordination of special needs transportation programs to ensure that they are delivered efficiently and result in improved access and increased mobility options for their clients. It is the intent of the legislature to further consider some of the recommendations, and to implement many of these recommendations in the form of two pilot projects that will test the potential for applying these recommendations statewide in the future.

(2) The legislature is aware that the department of social and health services submitted an application in December of 2008 to the federal centers for medicare and medicaid services, seeking approval to use the medical match system, a federal funding system that has different requirements from the federal administrative match system currently used by the department. It is the intent of the legislature to advance the goals of chapter 515, Laws of 2009 and the recommendations of the study identified in subsection (1) of this section without jeopardizing the application made by the department.

(3) By August 15, 2009, the agency council on coordinated transportation shall appoint a work group for the purpose of identifying relevant federal requirements related to special needs transportation, and identifying solutions to streamline the requirements and increase efficiencies in transportation services provided for persons with special transportation needs. To advance its purpose, the work group shall work with relevant federal representatives and agencies to identify and address various challenges and barriers.

(4) Membership of the work group must include, but not be limited to, one or more representatives from:

(a) The departments of transportation, veterans affairs, health, and social and health services;

(b) Medicaid nonemergency medical transportation brokers;

(c) Public transit agencies;

(d) Regional and metropolitan transportation planning organizations, including a representative of the regional transportation planning organization or organizations that provide staff support to the local coordinating coalition established under RCW 47.06B.070;

(e) Indian tribes;

(f) The agency council on coordinated transportation;

(g) The local coordinating coalitions established under RCW 47.06B.070; and

(h) The office of the superintendent of public instruction.

(5) The work group shall elect one or more of its members to service as chair or cochairs.

(6) The work group shall immediately contact representatives of the federal congressional delegation for Washington state and the relevant federal agencies and coordinating authorities including, but not limited to, the federal transit administration, the United States department of health and human services, and the interagency transportation coordinating council on access and mobility, and invite the federal representatives to work collaboratively to:

(a) Identify transportation definitions and terminology used in the various relevant state and federal programs, and establish consistent transportation definitions and terminology. For purposes of this subsection, relevant state definitions exclude terminology that requires a medical determination, including whether a trip or service is medically necessary;

(b) Identify restrictions or barriers that preclude federal, state, and local agencies from sharing client lists or other client information, and make progress towards removing any restrictions or barriers;

(c) Identify relevant state and federal performance and cost reporting systems and requirements, and work towards establishing consistent and uniform performance and cost reporting systems and requirements; and

(d) Explore, subject to federal approval, opportunities to test cost allocation models, including the pilot projects established in RCW 47.06B.080, that:

(i) Allow for cost sharing among public paratransit and medicaid nonemergency medical trips; and

(ii) Capture the value of medicaid trips provided by public transit agencies for which they are not currently reimbursed with a funding match by federal medicaid dollars.

(7) By December 1, 2009, the work group shall submit a report to the joint transportation committee that explains the

progress made towards the goals of this section and identifies any necessary legislative action that must be taken to implement all the provisions of this section. A second progress report must be submitted to the joint transportation committee by June 1, 2010, and a final report must be submitted to the joint transportation committee by December 1, 2010. [2009 c 515 § 1.]

47.06B.070 Local coordinating coalitions--Creation, purpose, membership, meetings, staff. ***(Effective until June 30, 2012.)*** (1) A local coordinating coalition is created in each nonemergency medical transportation brokerage region, as designated by the department of social and health services, that encompasses:

(a) A single county that has a population of more than seven hundred fifty thousand but less than one million; and

(b) Five counties, and is comprised of at least one county that has a population of more than four hundred thousand.

(2) The purpose of a local coordinating coalition is to advance local efforts to coordinate and maximize efficiencies in special needs transportation programs and services, contributing to the overall objectives and goals of the agency council on coordinated transportation. The local coordinating coalition shall serve in an advisory capacity to the agency council on coordinated transportation by providing the council with a focused and ongoing assessment of the special transportation needs and services provided within its region.

(3) The composition and size of each local coordinating coalition may vary by region. Local coordinating coalition members, appointed by the chair of the agency council on coordinated transportation to two-year terms, must reflect a balanced representation of the region's providers of special needs transportation services and must include:

(a) Members of existing local coordinating coalitions, with approval by those members;

(b) One or more representatives of the public transit agency or agencies serving the region;

(c) One or more representatives of private service providers;

(d) A representative of civic or community-based service providers;

(e) A consumer of special needs transportation services;

(f) A representative of nonemergency medical transportation medicaid brokers;

(g) A representative of social and human service programs;

(h) A representative of local high school districts; and

(i) A representative from the Washington state department of veterans affairs.

(4) Each coalition shall vote on an annual basis to elect one of its members to serve as chair. The position of chair must rotate among the represented members at least every two years. If the position of chair is vacated for any reason, the member representing the regional transportation planning organization described in subsection (6) of this section shall serve as acting chair until the next regular meeting of the coalition, at which time the members will elect a chair.

(5) Regular meetings of the local coordinating coalition may be convened at the call of the chair or by a majority of the members. Meetings must be open to the public, and held in locations that are readily accessible to public transportation.

(6) The regional transportation planning organization, as described in chapter 47.80 RCW, serving the region in which the local coordinating coalition is created shall provide necessary staff support for the local coordinating coalition. In regions served by more than one regional transportation planning organization, unless otherwise agreed to by the relevant planning organizations, the regional transportation planning organization serving the largest population within the region shall provide the necessary staff support. [2009 c 515 § 9.]

47.06B.075 Local coordinating coalitions—Duties—Annual report to council. ***(Effective until June 30, 2012.)*** Local coordinating coalitions established under RCW 47.06B.070 shall:

(1) Identify, to the greatest extent possible, all local transportation facilities, services, and providers serving persons with special transportation needs in the region, including public transit agencies, private companies, nonprofit organizations, and community-based groups. For each service provider, the coalition shall identify the boundaries within which services are provided;

(2) Identify local service needs, including connectivity gaps and other barriers to reliable and efficient transportation within and across service boundaries;

(3) Consider strategies to address the local service needs and gaps identified in subsection (2) of this section;

(4) In consultation with the agency council on coordinated transportation, collaborate with local service providers and operators to identify and propose common connectivity standards. The connectivity standards must, at a minimum, address signage, transit information, schedule coordination, and services provided to address access to and from a transit stop or facility; and

(5) Beginning December 1, 2009, submit an annual report to the agency council on coordinated transportation that must, at a minimum, describe local efforts to coordinate and maximize efficiencies in special needs transportation programs and services, and progress made in addressing the duties described in this section. [2009 c 515 § 10.]

47.06B.080 Local coordinating coalitions—Pilot project—Reports. ***(Effective until June 30, 2012.)*** (1) In addition to the duties identified in RCW 47.06B.070 and 47.06B.075, each local coordinating coalition shall develop or implement a pilot project within the coalition's region, as described under RCW 47.06B.070(1), for the purpose of demonstrating cost sharing and cost saving opportunities as described in subsection (2) of this section, and shall keep the agency council on coordinated transportation informed of progress made toward implementing the pilot project. In developing or implementing the pilot project, the local coordinating coalition shall collaborate with the appropriate federal agencies, including the federal transit authority and United States department of health and human services, and may collaborate with other agencies and organizations as deemed appropriate.

(2) The pilot project must be designed to:

(a) Demonstrate opportunities for cost sharing, including but not limited to opportunities among public paratransit and medicaid nonemergency medical trips; and

(b) Test the feasibility of capturing the value of medicaid trips provided by public transit agencies for which they are not currently reimbursed with a funding match by federal medicaid dollars.

(3) By December 1, 2009, and by June 1, 2010, each local coordinating coalition shall submit a status report to the joint transportation committee and agency council on coordinated transportation describing progress made in implementing the pilot project. By December 1, 2010, each local coordinating coalition shall issue a final report to the joint transportation committee and the agency council on coordinated transportation describing progress made in implementing the pilot project. [2009 c 515 § 11.]

47.06B.900 Council—Termination. The agency council on coordinated transportation is terminated on June 30, 2011, as provided in RCW 47.06B.901. [2009 c 515 § 17; 2007 c 421 § 8; 1999 c 385 § 7; 1998 c 173 § 6.]

Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2009 c 498 § 6; 2003 c 147 § 7.]

Effective date—2003 c 147: See note following RCW 47.10.861.

STATE ROUTE NO. 520 CORRIDOR PROJECTS—2009 ACT

47.10.879 Bond issue authorized. In order to provide funds necessary for the location, design, right-of-way, and construction of the state route number 520 corridor projects, as allowed in section 2, chapter 472, Laws of 2009, there shall be issued and sold upon the request of the department of transportation a total of one billion nine hundred fifty million dollars of general obligation bonds of the state of Washington first payable from toll revenue and excise taxes on motor vehicle and special fuels in accordance with RCW 47.10.883. [2009 c 498 § 8.]

47.10.880 Administration and amount of sale. Upon the request of the department of transportation, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by chapter 498, Laws of 2009 in accordance with chapter 39.42 RCW. Bonds authorized by chapter 498, Laws of 2009 shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2009 c 498 § 9.]

47.10.881 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by chapter 498, Laws of 2009 shall be deposited in the state route number 520 corridor account created under chapter 472, Laws of 2009, and shall be available only for the purposes enumerated in RCW 47.10.879, for the payment of bond anticipation notes or other interim financing, if any, capitalizing interest on the bonds, and for the payment of bond issuance costs, including the costs of underwriting. [2009 c 498 § 10.]

47.10.882 Toll facility bond retirement account. The toll facility bond retirement account is created in the state treasury for the purpose of payment of the principal of and interest and premium on bonds. Both principal of and interest on the bonds issued for the purposes of chapter 498, Laws of 2009 shall be payable from the toll facility bond retirement

account. The state finance committee may provide that special subaccounts be created in the account to facilitate payment of the principal of and interest on the bonds. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. [2009 c 498 § 11.]

47.10.883 Statement of general obligation—Pledge of toll revenue and excise taxes. Bonds issued under the authority of this section and RCW 47.10.879, 47.10.884, and 47.10.885 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on the bonds shall be first payable in the manner provided in this section and RCW 47.10.879, 47.10.884, and 47.10.885 from toll revenue and then from proceeds of excise taxes on motor vehicle and special fuels to the extent toll revenue is not available for that purpose. Toll revenue and the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section and RCW 47.10.879, 47.10.884, and 47.10.885, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, and excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section and RCW 47.10.879, 47.10.884, and 47.10.885. [2009 c 498 § 12.]

47.10.884 Repayment procedure. For bonds issued under the authority of this section and RCW 47.10.879, 47.10.883, and 47.10.885, the state treasurer shall first withdraw toll revenue from the state route number 520 corridor account created under chapter 472, Laws of 2009, and, to the extent toll revenue is not available, excise taxes on motor vehicle and special fuels in the motor vehicle fund and deposit in the toll facility bond retirement account, or a special subaccount in the account, such amounts, and at such times, as are required by the bond proceedings.

Any excise taxes on motor vehicle and special fuels required for bond retirement or interest on the bonds authorized by this section and RCW 47.10.879, 47.10.883, and 47.10.885 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be, appropriated to the department for state highway purposes. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and towns shall be repaid from available toll revenue in the manner provided in the bond proceedings or, if toll revenue is not available for that purpose, from the first excise taxes on motor vehicle and special fuels distributed to the motor vehicle fund not required for bond retirement or interest on the bonds. Any excise taxes on motor vehicle and special fuels required for bond retirement or interest on the bonds authorized by this section and RCW 47.10.879, 47.10.883, and 47.10.885 shall be reimbursed to the motor vehicle fund from toll revenue in the manner and with the priority specified in the bond proceedings. [2009 c 498 § 13.]

47.10.885 Equal charge against motor vehicle and special fuels excise taxes. Bonds issued under the authority of RCW 47.10.879, 47.10.883, and 47.10.884 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [2009 c 498 § 14.]

47.10.886 Toll revenue bonds. If and to the extent that the state finance committee determines, in consultation with the department of transportation and the tolling authority, that it will be beneficial for the state to issue any bonds authorized in RCW 47.10.879 and 47.10.883 through 47.10.885 as toll revenue bonds rather than as general obligation bonds, the state finance committee is authorized to issue and sell, upon the request of the department of transportation, such bonds as toll revenue bonds and not as general obligation bonds. Notwithstanding RCW 47.10.883, each such bond shall contain a recital that payment or redemption of the bond and payment of the interest and any premium thereon is payable solely from and secured solely by a direct pledge, charge, and lien upon toll revenue and is not a general obligation of the state to which the full faith and credit of the state is pledged.

Toll revenue is hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section. [2009 c 498 § 16.]

47.10.887 State finance committee authority—Department of transportation approval of actions—Bond owners' rights. The state finance committee may determine and include in any resolution authorizing the issuance of any bonds under chapter 498, Laws of 2009, such terms, provisions, covenants, and conditions as it may deem appropriate in order to assist with the marketing and sale of the bonds, confer rights upon the owners of bonds, and safeguard rights of the owners of bonds including, among other things:

(1) Provisions regarding the maintenance and operation of eligible toll facilities;

(2) The pledges, uses, and priorities of application of toll revenue;

(3) Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;

(4) In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;

(5) The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;

(6) Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and

(7) Provisions regarding reserves, credit enhancement, liquidity facilities, and payment agreements with respect to bonds.

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceeding require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and toll revenue. [2009 c 498 § 17.]

47.10.888 Definitions. (1) For the purposes of chapter 498, Laws of 2009, "toll revenue" means all toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of eligible toll facilities. However, for the purpose of any pledge of toll revenue to the payment of particular bonds issued under chapter 498, Laws of 2009, "toll revenue" means and includes only such toll revenue or portion thereof that is pledged to the payment of those bonds in the resolution authorizing the issuance of such bonds. Toll revenue constitutes "fees and revenues derived from the ownership or operation of any undertaking, facility, or project" as that phrase is used in Article VIII, section 1(c)(1) of the state Constitution.

(2) For the purposes of chapter 498, Laws of 2009, "tolling authority" has the same meaning as in RCW 47.56.810. [2009 c 498 § 18.]

(1) An initial deposit of ten million dollars from the motor vehicle fund included in the department of transportation's 1991-93 budget;

(2) All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in *chapter 47.13 RCW; and

TRAFFIC CONTROL DEVICES

Sections

47.36.025 Vehicle-activated traffic control signals—Detection of motorcycles and bicycles.

47.36.025 Vehicle-activated traffic control signals—Detection of motorcycles and bicycles. (1) For the purposes of this section:

(a) "Arterial" means a public road or highway that is designated or qualifies as a principal or minor arterial under a state or local law, ordinance, regulation, or plan.

(b) "Bicycle" means a human-powered vehicle with metallic wheels at least sixteen inches in diameter or with metallic braking strips and metallic components, not necessarily including the frame or fork, which may be lawfully ridden on a public road or highway.

(c) "Bicycle route" means a route (i) that is designated as a route for bicycle use in a state or local law, ordinance, rule, or plan, or (ii) that provides bicycle access to urban areas that are not reasonably and conveniently accessible through other bicycle routes. The level of existing or projected use by bicyclists is a factor to consider in determining whether a bicycle route provides access that is not reasonably and conveniently available from other bicycle routes. An intersection that provides necessary linkages in a bicycle route or between routes is considered a part of the bicycle route or routes.

(d) "Design complete" means that all major design work for a new vehicle-activated traffic control signal has been completed and that the funding necessary for complete construction of the vehicle-activated traffic control signal has been firmly secured.

(e) "Existing vehicle-activated traffic control signal" means a vehicle-activated traffic control signal that is in use or design complete on or before July 26, 2009.

(f)(i) "Motorcycle" means a motor vehicle designed to travel on not more than three wheels in contact with the ground, on which the driver:

(A) Rides on a seat or saddle and the motor vehicle is designed to be steered with a handle bar; or

(B) Rides on a seat in a partially or completely enclosed seating area that is equipped with safety belts and the motor vehicle is designed to be steered with a steering wheel.

(ii) "Motorcycle" excludes a farm tractor, a power wheelchair, an electric personal assistive mobility device, a motorized foot scooter, an electric-assisted bicycle, and a moped.

(g) "Restricted right turn lane" means a right turn only lane where a right turn is not allowed after stopping but only upon a green signal.

(h) "Routinely and reliably detect motorcycles and bicycles" means that the detection equipment at a vehicle-activated traffic control signal is capable of detecting and will reliably detect a motorcycle or bicycle (i) when the motorcycle or bicycle is present immediately before a stop line or crosswalk in the center of a lane at an intersection or road entrance to such an intersection, or (ii) when the motorcycle or bicycle is present at marked detection areas.

(i) "Vehicle-activated traffic control signal" means a traffic control signal on a public road or highway that detects the presence of a vehicle as a means to change a signal phase.

(2) During routine maintenance or monitoring activities, but subject to the availability of funds:

(a) All existing vehicle-activated traffic control signals that do not currently routinely and reliably detect motorcycles and bicycles must be adjusted to do so to the extent that the existing equipment is capable consistent with safe traffic control. Priority must be given to existing vehicle-activated traffic control signals for which complaints relating to motorcycle or bicycle detection have been received and existing vehicle-activated traffic control signals that are otherwise identified as a detection problem for motorcyclists or bicyclists, or both. Jurisdictions operating existing vehicle-activated traffic control signals shall establish and publicize a procedure for filing these complaints in writing or by e-mail, and maintain a record of these complaints and responses; and

(b) Where motorcycle and bicycle detection is limited to certain areas other than immediately before the stop line or crosswalk in the center of a lane at an existing vehicle-activated traffic control signal, those detection areas must be clearly marked on the pavement at left turn lanes, through lanes, and limited right turn lanes. These detection areas must also be marked to allow a bicyclist to leave a bicycle lane to enter a detection area, if necessary, to cross an intersection. Pavement markings must be consistent with the standards described in the state of Washington's "Manual on Uniform Traffic Control Devices for Streets and Highways" obtainable from the department of transportation.

(3)(a) If at least a substantial portion of detection equipment at an existing vehicle-activated traffic control signal on an arterial or bicycle route is scheduled to be replaced or upgraded, the replaced or upgraded detection equipment must routinely and reliably detect motorcycles and bicycles. For purposes of this subsection (3)(a), "substantial portion" means that the proposed replacement or upgrade will cost more than twenty percent of the cost of full replacement or upgraded detection equipment that would routinely and reliably detect motorcycles and bicycles.

(b) If at least a substantial portion of detection equipment at an existing vehicle-activated traffic control signal on a public road or highway that is not an arterial or bicycle route is scheduled to be replaced or upgraded, the replaced or upgraded detection equipment must routinely and reliably detect motorcycles and bicycles. For purposes of this subsection (3)(b), "substantial portion" means that the proposed replacement or upgrade will cost more than fifty percent of the cost of full replacement or upgraded detection equipment that would routinely and reliably detect motorcycles and bicycles.

(4) All vehicle-activated traffic control signals that are design complete and put in operation after July 26, 2009, must be designed and operated, when in use, to routinely and reliably detect motorcycles and bicycles, including the detection of bicycles in bicycle lanes that cross an intersection. [2009 c 275 § 10.]

47.38.075 Electrical outlets for electric vehicles at rest areas—Battery exchange and charging station installation and operation.

47.38.070 Electric vehicle infrastructure. (1) As a necessary and desirable step to spur public and private investment in electric vehicle infrastructure in accordance with section 1, chapter 459, Laws of 2009, and to begin implementing the provisions of RCW 43.19.648, the legislature authorizes an alternative fuels corridor pilot project capable of supporting electric vehicle charging and battery exchange technologies.

(2) To the extent permitted under federal programs, rules, or law, the department may enter into partnership agreements with other public and private entities for the use of land and facilities along state routes and within interstate highway rights-of-way for an alternative fuels corridor pilot project. At a minimum, the pilot project must:

(a) Limit renewable fuel and vehicle technology offerings to those with a forecasted demand over the next fifteen years and approved by the department;

(b) Ensure that a pilot project site does not compete with existing retail businesses in the same geographic area for the provision of the same refueling services, recharging technologies, or other retail commercial activities;

(c) Provide existing truck stop operators and retail truck refueling businesses with an absolute right of first refusal over the offering of refueling services to class six trucks with a maximum gross vehicle weight of twenty-six thousand pounds within the same geographic area identified for a possible pilot project site;

(d) Reach agreement with the department of services for the blind ensuring that any activities at host sites do not materially affect the revenues forecasted from their vending operations at each site;

(e) Regulate the internal rate of return from the partnership, including provisions to reduce or eliminate the level of state support once the partnership attains economic self-sufficiency;

(f) Be limited to not more than five locations on state-owned land within federal interstate rights-of-way or state highway rights-of-way in Washington; and

(g) Be limited in duration to a term of years reasonably necessary for the partnership to recover the cost of capital investments, plus the regulated internal rate of return.

(3) The department is not responsible for providing capital equipment nor operating refueling or recharging services. The department must provide periodic status reports on the pilot project to the office of financial management and the relevant standing committees of the legislature not less than every biennium.

(4) The provisions of this section are subject to the availability of existing funds. However, capital improvements under this section must be funded with federal or private funds. [2009 c 459 § 14.]

47.38.075 Electrical outlets for electric vehicles at rest areas—Battery exchange and charging station installation and operation. (1) By December 31, 2015, the state must, to the extent practicable, install electrical outlets capable of charging electric vehicles in each state-operated highway rest stop.

(2) By December 31, 2015, the state must provide the opportunity to lease space for the limited purpose of installing and operating a battery exchange station or a battery charging station in appropriate state-owned highway rest stops.

(3) The department of transportation's obligations under this section are subject to the availability of amounts appropriated for the specific purpose identified in this section, unless the department receives federal or private funds for the specific purpose identified in this section.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. Legislative finding—1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights-of-way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." 47.56.165 Tacoma Narrows toll bridge account. A special account to be known as the Tacoma Narrows toll bridge account is created in the motor vehicle fund in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for construction of the Tacoma Narrows public-private initiative project, including any capitalized interest;

(b) All of the toll charges and other revenues received from the operation of the Tacoma Narrows bridge as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the purpose of building the second Tacoma Narrows bridge; and

(e) All liquidated damages collected under any contract involving the construction of the second Tacoma Narrows bridge.

(2) Proceeds of bonds shall be used consistent with RCW 47.46.130, including the reimbursement of expenses and fees incurred under agreements entered into under RCW 47.46.040 as required by those agreements.

(3) Toll charges, other revenues, and interest may only be used to:

(a) Pay required costs that contribute directly to the financing, operation, maintenance, management, and necessary repairs of the tolled facility, as determined by rule by the transportation commission; and

(b) Repay amounts to the motor vehicle fund as required under RCW 47.46.140.

(4) Toll charges, other revenues, and interest may not be used to pay for costs that do not contribute directly to the financing, operation, maintenance, management, and necessary repairs of the tolled facility, as determined by rule by the transportation commission.

(5) The department shall make detailed quarterly expenditure reports available to the transportation commission and to the public on the department's web site using current department resources.

(6) When repaying the motor vehicle fund under RCW 47.46.140, the state treasurer shall transfer funds from the Tacoma Narrows toll bridge account to the motor vehicle fund on or before each debt service date for bonds issued for the Tacoma Narrows public-private initiative project in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues. [2009 c 567 § 1; 2006 c 17 § 1; 2002 c 114 § 11.]

Finding—Intent—2002 c 114: See RCW 47.46.011.

Captions not law—2002 c 114: See note following RCW 47.46.011.

47.56.850 Transportation commission as state tolling authority—Powers and duties—Toll rates—Restrictions on toll revenue. (1) Unless these powers are otherwise delegated by the legislature, the transportation commission is the tolling authority for the state. The tolling authority shall:

(a) Set toll rates, establish appropriate exemptions, if any, and make adjustments as conditions warrant on eligible toll facilities;

(b) Review toll collection policies, toll operations policies, and toll revenue expenditures on the eligible toll facilities and report annually on this review to the legislature.

(2) The tolling authority, in determining toll rates, shall consider the policy guidelines established in RCW 47.56.830.

(3) Unless otherwise directed by the legislature, in setting and periodically adjusting toll rates, the tolling authority must ensure that toll rates will generate revenue sufficient to:

(a) Meet the operating costs of the eligible toll facilities, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement;

(b) Meet obligations for the timely payment of debt service on bonds issued for eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings;

(c) Meet obligations to reimburse the motor vehicle fund for excise taxes on motor vehicle and special fuels applied to the payment of bonds issued for eligible toll facilities; and

(d) Meet any other obligations of the tolling authority to provide its proportionate share of funding contributions for any projects or operations of the eligible toll facilities.

(4) The established toll rates may include variable pricing, and should be set to optimize system performance, recognizing necessary trade-offs to generate revenue for the purposes specified in subsection (3) of this section. Tolls may vary for type of vehicle, time of day, traffic conditions, or other factors designed to improve performance of the system.

(5) In fixing and adjusting toll rates under this section, the only toll revenue to be taken into account must be toll revenue pledged to bonds that includes toll receipts, and the only debt service requirements to be taken into account must be debt service on bonds payable from and secured by toll revenue that includes toll receipts.

(6) The legislature pledges to appropriate toll revenue as necessary to carry out the purposes of this section. When the legislature has specifically identified and designated an eligible toll facility and authorized the issuance of bonds for the financing of the eligible toll facility that are payable from and secured by a pledge of toll revenue, the legislature further agrees for the benefit of the owners of outstanding bonds issued by the state for eligible toll facilities to continue in effect and not to impair or withdraw the authorization of the tolling authority to fix and adjust tolls as provided in this section. The state finance committee shall pledge the state's obligation to impose and maintain tolls, together with the application of toll revenue as described in this section, to the owners of any bonds. [2009 c 498 § 15; 2008 c 122 § 7.]

47.56.855 Report to legislature on toll rate increases and decreases by transportation commission. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this section, along with a detailed justification for each such increase or decrease. [2009 c 472 § 6.]

Intent—Effective date—2009 c 472: See notes following RCW 47.56.870.

47.56.870 State route No. 520 corridor—Tolls authorized—Eligible toll facility—Toll revenue—Toll rate schedule—Bridge replacement. (1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reli-

ability on the corridor and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the replacement state route number 520 floating bridge and necessary landings, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4) The proceeds of the bonds designated in subsection (3)(b)(i) of this section, which together with other appropriated and identified state and federal funds is sufficient to pay for the replacement of the floating bridge segment and necessary landings of state route number 520, must be used only to fund the construction of the replacement state route number 520 floating bridge and necessary landings.

(5) The department may carry out the construction and improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor. [2009 c 472 § 2.]

Intent—2009 c 472: "It is the intent of the legislature that the state authorize early tolling on the state route number 520 corridor in order to secure the authority to spend federal grant moneys provided to Washington state as part of the urban partnership grant program.

It is further the intent of the legislature to impose tolls on the state route number 520 floating bridge subject to section 2 of this act, to help finance construction of the replacement state route number 520 floating bridge and necessary landings.

It is further the intent of the legislature to expedite the replacement of the floating bridge and necessary landings in a manner that does not preclude local design options on either side of the state route number 520 corridor. For all projects in the state route number 520 corridor program, the legislature intends that the total cost will be no more than four billion six hundred fifty million dollars.

It is further the intent of the legislature that if the tolls on the state route number 520 corridor significantly alter the performance of nearby facilities, the legislature will reconsider the tolling policy for the corridor.

It is further the intent of the legislature that the department of transportation applies for federal stimulus funds for projects in the corridor." [2009 c 472 § 1.]

Effective date—2009 c 472: "This act takes effect August 1, 2009." [2009 c 472 § 7.]

47.56.875 State route No. 520 corridor account—Deposits—Use and transfer of funds. A special account to be known as the state route number 520 corridor account is created in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for construction of the replacement state route number 520 floating bridge and necessary landings, including any capitalized interest;

(b) All of the tolls and other revenues received from the operation of the state route number 520 corridor as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the purpose of building the replacement state route number 520 floating bridge and necessary landings; and

(e) All damages, liquidated or otherwise, collected under any contract involving the construction of the replacement state route number 520 floating bridge and necessary landings.

(2) Subject to the covenants made by the state in the bond proceedings authorizing the issuance and sale of bonds for the replacement state route number 520 floating bridge and necessary landings, toll charges, other revenues, and interest received from the operation of the state route number 520 corridor as a toll facility may be used to:

(a) Pay any required costs allowed under RCW 47.56.820; and

(b) Repay amounts to the motor vehicle fund as required.

(3) When repaying the motor vehicle fund, the state treasurer shall transfer funds from the state route number 520 corridor account to the motor vehicle fund on or before each debt service date for bonds issued for the replacement state route number 520 floating bridge project and necessary landings in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues. [2009 c 472 § 4.]

47.76.250 Essential rail assistance account—Purposes. (1) The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, port districts, and privately or publicly owned railroads for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of loading facilities to increase business on light density lines or to mitigate the impacts of abandonment;

(e) Preservation, including operation, of light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights-of-way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights-of-way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right-of-way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right-of-way may be or has been abandoned; and

(iii) The right-of-way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right-of-way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

(5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

(6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

(7) If rail lines or rail rights-of-way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights-of-way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or until compensation has been made to the underlying fee title holder or reversionary rights holder.

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the level of local financial commitment to the project as well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extent practicable.

(9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

(10) The state shall maintain a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state's interest without permission from the department.

(11) Moneys may be granted for improvements to privately owned railroads, railroad property, or other private property under this chapter for freight rail projects that meet the minimum eligibility criteria for state assistance under RCW 47.76.240, and which are supported by contractual consideration. At a minimum, such contractual consideration shall consist of defined benefits to the public with a value equal to or greater than the grant amount, and where the grant recipient provides the state a contingent interest adequate to ensure that such public benefits are realized. 47.80.023 Duties.
47.80.090 Regional transportation planning organizations—Electric vehicle infrastructure.

47.80.023 Duties. Each regional transportation planning organization shall have the following duties:

(1) Prepare and periodically update a transportation strategy for the region. The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy shall serve as a guide in preparation of the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with countywide planning

policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that countywide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively, and any recommended programs or projects identified by the agency council on coordinated transportation, as provided in chapter 47.06B RCW, that advance special needs coordinated transportation as defined in RCW 47.06B.012. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(6) Include specific opportunities and projects to advance special needs coordinated transportation, as defined in RCW 47.06B.012, in the coordinated transit-human services transportation plan, after providing opportunity for public comment.

(7) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate Washington state department of transportation district office.

(8) Review level of service methodologies used by cities and counties planning under chapter 36.70A RCW to promote a consistent regional evaluation of transportation facilities and corridors.

(9) Work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures.

(10) Submit to the agency council on coordinated transportation, as provided in chapter 47.06B RCW, beginning on July 1, 2007, and every four years thereafter, an updated plan that includes the elements identified by the council. Each regional transportation planning organization must submit to the council every two years a prioritized regional human service and transportation project list. 47.80.090 Regional transportation planning organizations—Electric vehicle infrastructure. (1) A regional transportation planning organization containing any county with a population in excess of one million in collaboration with representatives from the department of ecology, the department of community, trade, and economic development, local governments, and the office of regulatory assistance must seek federal or private funding for the planning for, deployment of, or regulations concerning electric vehicle infrastructure. These efforts should include:

(a) Development of short-term and long-term plans outlining how state, regional, and local government construction may include electric vehicle infrastructure in publicly available off-street parking and government fleet vehicle parking, including what ratios of charge spots to parking may be appropriate based on location or type of facility or building;

(b) Consultations with the state building code council and the department of labor and industries to coordinate the plans with state standards for new residential, commercial, and industrial buildings to ensure that the appropriate electric circuitry is installed to support electric vehicle infrastructure;

(c) Consultation with the workforce development council and the higher education coordinating board to ensure the development of appropriate educational and training opportunities for citizens of the state in support of the transition of some portion of vehicular transportation from combustion to electric vehicles;

(d) Development of an implementation plan for counties with a population greater than five hundred thousand with the goal of having public and private parking spaces, in the aggregate, be ten percent electric vehicle ready by December 31, 2018; and

(e) Development of model ordinances and guidance for local governments for siting and installing electric vehicle infrastructure, in particular battery charging stations, and appropriate handling, recycling, and storage of electric vehicle batteries and equipment.

(2) These plans and any recommendations developed as a result of the consultations required by this section must be submitted to the legislature by December 31, 2010, or as soon as reasonably practicable after the securing of any federal or private funding. Priority will be given to the activities in subsection (1)(e) of this section and any ordinances or guidance that is developed will be submitted to the legislature, the department of community, trade, and economic development, and affected local governments prior to December 31, 2010, if completed.

(3) The definitions in this subsection apply through [throughout] this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regu-

lations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. [2009 c 459 § 2.]

Finding—Purpose—2009 c 459: "The legislature finds the development of electric vehicle infrastructure to be a critical step in creating jobs, fostering economic growth, reducing greenhouse gas emissions, reducing our reliance on foreign fuels, and reducing the pollution of Puget Sound attributable to the operation of petroleum-based vehicles on streets and highways. Limited driving distance between battery charges is a fundamental disadvantage and obstacle to broad consumer adoption of vehicles powered by electricity. In order to eliminate this fundamental disadvantage and dramatically increase consumer acceptance and usage of electric vehicles, it is essential that an infrastructure of convenient electric vehicle charging opportunities be developed. The purpose of this act is to encourage the transition to electric vehicle use and to expedite the establishment of a convenient, cost-effective, electric vehicle infrastructure that such a transition necessitates. The state's success in encouraging this transition will serve as an economic stimulus to the creation of short-term and long-term jobs as the entire automobile industry and its associated direct and indirect jobs transform over time from combustion to electric vehicles." 48.02.190 Operating costs of office—Insurance commissioner's regulatory account—Regulatory surcharge. (1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state, every health care service contractor, as defined in RCW 48.44.010, every health maintenance organization, as defined in RCW 48.46.020, or self-funded multiple employer welfare arrangement, as defined in RCW

48.125.010, registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapters 48.44 and 48.46 RCW. "Class three" organizations shall consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) "Receipts" means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors, as defined in RCW 48.44.010, health maintenance organizations, as defined in RCW 48.46.020, or participant contributions to self-funded multiple employer welfare arrangements, as defined in RCW 48.125.010, less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section shall be determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

(c) "Regulatory surcharge" means the fees imposed by this section.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations as a regulatory surcharge. Each class of organization shall contribute a sufficient amount to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge shall be calculated separately for each class of organization. The regulatory surcharge collected from each organization shall be that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year. However, the regulatory surcharge must not exceed one-eighth of one percent of receipts and the minimum regulatory surcharge shall be one thousand dollars.

(4) The commissioner shall annually, on or before June 1st, calculate and bill each organization for the amount of the regulatory surcharge. The regulatory surcharge shall be due and payable no later than June 15th of each year. However, if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such regulatory surcharge within the time specified, the commissioner may use the regulatory surcharge factors for the prior year as the basis for the regulatory surcharge and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. Any organization failing to pay the regulatory surcharges by June 30th shall pay the same penalties as the penalties for failure to pay taxes when due under RCW 48.14.060. The regulatory surcharge required by this section is in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and shall be used to reduce future regulatory surcharges.

(7)(a) Each insurer may annually collect regulatory surcharges remitted in preceding years by means of a policyholder surcharge on premiums charged for all kinds of insurance. The recoupment shall be at a uniform rate reasonably calculated to collect the regulatory surcharge remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment shall be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be considered a premium for any purpose, including the premium tax or agents' commissions.

(d) An insurer may elect not to collect the regulatory surcharge from its insured. In such a case, the insurer may recoup the regulatory surcharge through its rates, if the following requirements are met:

(i) The insurer remits the amount of surcharge not collected by election under this subsection; and

(ii) The surcharge is not considered a premium for any purpose, including the premium tax or agents' commission. [2009 c 161 § 1; 2008 c 328 § 6003. Prior: 2007 c 468 § 1; 2007 c 153 § 3; 2004 c 260 § 22; 2003 1st sp.s. c 25 § 923; 2002 c 371 § 913; 1987 c 505 § 54; 1986 c 296 § 7.]

If the commissioner finds that an insurer has met the requirements for and is fully entitled thereto under this code, he or she shall issue to it a proper certificate of authority. If the commissioner does not so find, the authority shall be refused within a reasonable length of time following completion by the insurer of the application therefor. [2009 c 549 § 7015; 1947 c 79 § .05.11; Rem. Supp. 1947 § 45.05.11.]

48.05.150 Notice of intention to refuse, revoke, or suspend. The commissioner shall give an insurer notice of his or her intention to suspend, revoke, or refuse to renew its certificate of authority not less than ten days before the order of suspension, revocation or refusal is to become effective; except that no advance notice of intention is required where the order results from a domestic insurer's failure to make good a deficiency of assets as required by the commissioner. [2009 c 549 § 7016; 1947 c 79 § .05.15; Rem. Supp. 1947 § 45.05.15.]

48.05.160 Period of suspension. The commissioner shall not suspend an insurer's certificate of authority for a period in excess of one year, and he or she shall state in his or her order of suspension the period during which it shall be effective. [2009 c 549 § 7017; 1947 c 79 § .05.16; Rem. Supp. 1947 § 45.05.16.]

48.05.210 Service of process—Procedure. (2) The commissioner shall forthwith send one of the copies of the process, by registered mail with return receipt requested, to the person designated for the purpose by the insurer in its most recent such designation filed with the commissioner.

(3) The commissioner shall keep a record of the day and hour of service upon him or her of all legal process. No proceedings shall be had against the insurer, and the insurer shall not be required to appear, plead, or answer until the expiration of forty days after the date of service upon the commissioner. [2009 c 549 § 7018; 1981 c 339 § 3; 1947 c 79 § .05.21; Rem. Supp. 1947 § 45.05.21.]

48.05.290 Withdrawal of insurer—Reinsurance. (1) No insurer shall withdraw from this state until its direct liability to its policyholders and obligees under all its insurance contracts then in force in this state has been assumed by another authorized insurer under an agreement approved by the commissioner. In the case of a life insurer, its liability pursuant to contracts issued in this state in settlement of proceeds under its policies shall likewise be so assumed.

(2) The commissioner may waive this requirement if he or she finds upon examination that a withdrawing insurer is

then fully solvent and that the protection to be given its policyholders in this state will not be impaired by the waiver.

(3) The assuming insurer shall within a reasonable time replace the assumed insurance contracts with its own, or by endorsement thereon acknowledge its liability thereunder. [2009 c 549 § 7019; 1947 c 79 § .05.29; Rem. Supp. 1947 § 45.05.29.]

48.05.370 Fiduciary relationship to insurer of officers, directors or corporation holding controlling interest. 48.06.050 Procedure upon application. The commissioner shall expeditiously examine the application for a solicitation permit and make any investigation relative thereto deemed necessary. If the commissioner finds that

(1) the application is complete; and

(2) the documents therewith filed are equitable in terms and proper in form; and

(3) the management of the company, whether by its directors, officers, or by any other means is competent and trustworthy and not so lacking in managerial experience as to make a proposed operation hazardous to the insurance-buying public; and that there is no reason to believe the company is affiliated, directly or indirectly, through ownership, control, reinsurance, or other insurance or business relations, with any other person or persons whose business operations are or have been marked, to the detriment of the policyholders or stockholders or investors or creditors or of the public, by bad faith or by manipulation of assets, or of accounts, or of reinsurance; and

(4) the agreements made or proposed are equitable to present and future shareholders, subscribers, members or policyholders, he or she shall give notice to the applicant that he or she will issue a solicitation permit, stating the terms to be contained therein, upon the filing of the bond required by RCW 48.06.110 of this code.

If the commissioner does not so find, he or she shall give notice to the applicant that the permit will not be granted, stating the grounds therefor, and shall refund to the applicant all sums so deposited except the application fee. [2009 c 549 § 7021; 1967 c 150 § 7; 1947 c 79 § .06.05; Rem. Supp. 1947 § 45.06.05.]

48.06.070 Duration of permit—Contents. Every solicitation permit issued by the commissioner shall:

(1) Be for a period of not over two years, subject to the right of the commissioner to grant a reasonable extension for good cause.

(2) State the securities for which subscriptions are to be solicited, the number, classes, par value, and selling price thereof, or identify the insurance contract for which applications and advance premiums or deposits are to be solicited.

(3) Limit the portion of funds received on account of stock or syndicate subscriptions, if any are proposed to be taken, which may be used for promotion and organization expenses to such amount as he or she deems adequate, but in no event to exceed fifteen percent of such funds as and when actually received.

(4) If to be a mutual or reciprocal insurer, limit the portion of funds received on account of applications for insurance which may be used for promotion or organization expenses to a reasonable commission upon such funds, giving consideration to the kind of insurance and policy involved and to the costs incurred by insurers generally in the production of similar business, and provide that no such commission shall be deemed to be earned nor be paid until the insurer has received its certificate of authority and the policies applied for and upon which such commission is to be based, have been actually issued and delivered.

(5) Contain such other information required by this chapter or reasonable conditions relative to accounting and reports or otherwise as the commissioner deems necessary. [2009 c 549 § 7022; 1953 c 197 § 1; 1947 c 79 § .06.07; Rem. Supp. 1947 § 45.06.07.]

48.06.100 Modification, revocation of permit. (1) The commissioner may, for cause, modify a solicitation permit, or may, after a hearing, revoke any solicitation permit for violation of any provision of this code, or of the terms of the permit, or of any proper order of the commissioner, or for misrepresentation.

(2) The commissioner shall revoke a solicitation permit if requested in writing by a majority of the syndicate members, or by a majority of the incorporators and two-thirds of the subscribers to stock or applicants for insurance in the proposed incorporated insurer or corporation, or if he or she is so requested by a majority of the subscribers of a proposed reciprocal insurer. [2009 c 549 § 7023; 1947 c 79 § .06.10; Rem. Supp. 1947 § 45.06.10.]

48.06.110 Bond—Cash deposit. (1) The commissioner shall not issue a solicitation permit until the person applying therefor files with him or her a corporate surety bond in the penalty of fifty thousand dollars, in favor of the state and for the use and benefit of the state and of subscribers and creditors of the proposed organization.

The bond shall be conditioned upon the payment of costs incurred by the state in event of any legal proceedings for liquidation or dissolution of the proposed organization before completion of organization or in event a certificate of authority is not granted; and upon a full accounting for funds received until the proposed insurer has been granted its certificate of authority, or until the proposed corporation or syndi-

cate has completed its organization as defined in the solicitation permit.

(2) In lieu of filing such bond, the person may deposit with the commissioner fifty thousand dollars in cash or in United States government bonds at par value, to be held in trust upon the same conditions as required for the bond.

(3) The commissioner may waive the requirement for a bond or deposit in lieu thereof if the permit provides that:

(a) The proposed securities are to be distributed solely and finally to those few persons who are the active promotors intimate to the formation of the insurer, or other corporation or syndicate, or

(b) The securities are to be issued in connection with subsequent financing as provided in RCW 48.06.180.

(4) Any bond filed or deposit or remaining portion thereof held under this section shall be released and discharged upon settlement or termination of all liabilities against it. [2009 c 549 § 7024; 1969 ex.s. c 241 § 2; 1955 c 86 § 2; 1953 c 197 § 2; 1947 c 79 § .06.11; Rem. Supp 1947 § 45.06.11.]

Effective date—Supervision of transfers—1955 c 86: See notes following RCW 48.05.080.

48.06.180 Subsequent financing. (1) No domestic insurer, or insurance holding corporation, or stock corporation for financing operations of a mutual insurer, or attorney-in-fact corporation of a reciprocal insurer, after

(a) it has received a certificate of authority, if an insurer, or

(b) it has completed its initial organization and financing if a corporation other than an insurer, shall solicit or receive funds in exchange for any new issue of its corporate securities, other than through a stock dividend, until it has applied to the commissioner for, and has been granted, a solicitation permit.

(2) The commissioner shall issue such a permit unless he or she finds that:

(a) The funds proposed to be secured are excessive in amount for the purpose intended, or

(b) the proposed securities or the manner of their distribution are inequitable, or

(c) the issuance of the securities would jeopardize the interests of policyholders or the holders of other securities of the insurer or corporation.

(3) Any such solicitation permit granted by the commissioner shall be for such duration, and shall contain such terms and be issued upon such conditions as the commissioner may reasonably specify or require. [2009 c 549 § 7025; 1949 c 190 § 6; 1947 c 79 § .06.18; Rem. Supp. 1949 § 45.06.18.]

48.07.080 Guarantee of officers' obligations prohibited. No domestic insurer or its affiliates or subsidiaries shall guarantee the financial obligation of any director or officer of such insurer or affiliate or subsidiary in his or her personal capacity, and any such guaranty attempted shall be void.

This prohibition shall not apply to obligations of the insurer under surety bonds or insurance contracts issued in the regular course of business. [2009 c 549 § 7026; 1947 c 79 § .07.08; Rem. Supp. 1947 § 45.07.08.]

(2) This section shall not prohibit advertising through publications and radio broadcasts originating outside such reciprocating state, if the insurer is licensed in a majority of the states in which such advertising is disseminated, and if such advertising is not specifically directed to residents of such reciprocating state.

(3) This section shall not prohibit insurance, covering persons or risks located in a reciprocating state, under contracts solicited and issued in states in which the insurer is then licensed. 48.07.160 Continuing operation in event of emergency—Declaration of purpose—"Insurer" defined. ***(Effective January 1, 2011.)*** It is desirable for the general welfare and in particular for the welfare of insurance beneficiaries, policyholders, claimants, subscribers, and others that the business of domestic insurers be continued notwithstanding the event of a local, state, or national emergency. The purpose of this section, RCW 48.07.170 through 48.07.200, and 48.07.203 is to facilitate the continued operation of domestic insurers in the event that a local, state, or national emergency is so disruptive of normal business and commerce as to make it impossible or impracticable for a domestic insurer to conduct its business in accord with applicable provisions of law, its bylaws, or its charter. When used in this section, RCW 48.07.170 through 48.07.200, and 48.07.203

the word "insurer" means the same as defined in RCW 48.01.053 [48.01.050]. [2009 c 150 § 1; 1963 c 195 § 25.]

48.07.170 Continuing operation in event of emergency—Emergency bylaws. ***(Effective January 1, 2011.)*** The board of directors of any domestic insurer may at any time adopt emergency bylaws, subject to repeal or change by action of those having power to adopt regular bylaws for such insurer, which shall be operative during such a local, state, or national emergency and which may, notwithstanding any different provisions of the regular bylaws, or of the applicable statutes, or of such insurer's charter, make any provision that may be reasonably necessary for the operation of such insurer during the period of such emergency. [2009 c 150 § 2; 1963 c 195 § 26.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.180 Continuing operation in event of emergency—Directors. ***(Effective January 1, 2011.)*** In the event that the board of directors of a domestic insurer has not adopted emergency bylaws, the following provisions shall become effective upon the occurrence of such a local, state, or national emergency as described in this chapter:

(1) Three directors shall constitute a quorum for the transaction of business at all meetings of the board.

(2) Any vacancy in the board may be filled by a majority of the remaining directors, though less than a quorum, or by a sole remaining director.

(3) If there are no surviving directors, but at least three vice presidents of such insurer survive, the three vice presidents with the longest term of service shall be the directors and shall possess all of the powers of the previous board of directors and such powers as are granted in this chapter or by subsequently enacted legislation. By majority vote, such emergency board of directors may elect other directors. If there are not at least three surviving vice presidents, the commissioner or duly designated person exercising the powers of the commissioner shall appoint three persons as directors who shall include any surviving vice presidents and who shall possess all of the powers of the previous board of directors and such powers as are granted in this chapter or by subsequently enacted legislation, and these persons by majority vote may elect other directors. [2009 c 150 § 3; 1963 c 195 § 27.]

Effective date—2009 c 150: See note following RCW 48.07.160.

Such list may be on the basis of named persons or position titles, shall establish the order of priority and may prescribe the conditions under which the powers of the office shall be exercised. [2009 c 150 § 4; 1963 c 195 § 28.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.200 Continuing operation in event of emergency—Principal office and place of business. ***(Effective January 1, 2011.)*** At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a local, state, or national emergency the principal office and place of business of such insurer shall be at such location as is named or described in the resolution. Such resolution may provide for alternate locations and establish an order of preference. [2009 c 150 § 5; 1963 c 195 § 29.]

Effective date—2009 c 150: See note following RCW 48.07.160.

[2009 c 150 § 7.]

Effective date—2009 c 150: See note following RCW 48.07.160.

(2) No surplus funds of the insurer resulting from a reduction of its capital stock shall be distributed to stockholders, except as a stock dividend on a subsequent increase of capital stock, or upon dissolution of the insurer, or upon approval of the commissioner of a distribution upon proof satisfactory to him or her that the distribution will not impair the interests of policyholders or the insurer's solvency.

(3) Upon such reduction of capital stock, the insurer's directors shall call in any outstanding stock certificates required to be changed pursuant thereto, and issue proper certificates in their stead. [2009 c 549 § 7028; 1947 c 79 § .08.02; Rem. Supp. 1947 § 45.08.02.]

(2) Every such insurer shall seasonably furnish its stockholders in advance of stockholder meetings, information in writing reasonably adequate to inform them relative to all matters to be presented by the insurer's management for consideration of stockholders at such meeting.

(3) No person shall solicit a proxy, consent, or authorization in respect of any stock of such an insurer unless he or she furnishes the person so solicited with written information reasonably adequate as to

(4) No person shall so furnish to another, information which the informer knows or has reason to believe, is false or misleading as to any material fact, or which fails to state any material fact reasonably necessary to prevent any other statement made from being misleading.

(5) The form of all such proxies shall:

(a) Conspicuously state on whose behalf the proxy is solicited;

(b) Provide for dating the proxy;

(c) Impartially identify each matter or group of related matters intended to be acted upon;

(d) Provide means for the principal to instruct the vote of his shares as to approval or disapproval of each matter or group, other than election to office; and

(e) Be legibly printed, with context suitably organized.

Except, that a proxy may confer discretionary authority as to matters as to which choice is not specified pursuant to item (d), above, if the form conspicuously states how it is intended to vote the proxy or authorization in each such case; and may confer discretionary authority as to other matters which may come before the meeting but unknown for a reasonable time prior to the solicitation by the persons on whose behalf the solicitation is made.

(6) No proxy shall confer authority (a) to vote for election of any person to any office for which a bona fide nominee is not named in the proxy statement, or (b) to vote at any annual meeting (or adjournment thereof) other than the annual meeting next following the date on which the proxy statement and form were furnished stockholders.

(7) The commissioner shall have authority to make and promulgate reasonable rules and regulations for the effectuation of this section, and in so doing shall give due consideration to rules and regulations promulgated for similar purposes by the insurance supervisory officials of other states. [2009 c 549 § 7029; 1965 ex.s. c 70 § 5.]

Exemption from federal registration: 15 U.S.C. § 78 l(g)(2)(G).

48.08.100 Equity security—Defined. The term "equity security" when used in RCW 48.08.100 through 48.08.160 means any stock or similar security; or any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right; or any other security which the commissioner shall deem to be of similar nature and consider necessary or appropriate, by such rules and regulations as he or she may prescribe in the public interest or for the protection of investors, to treat as an equity security. [2009 c 549 § 7030; 1965 ex.s. c 70 § 11.]

48.08.110 Equity security—Duty to file statement of ownership. Every person who is directly or indirectly the beneficial owner of more than ten percent of any class of any equity security of a domestic stock insurer, or who is a director or an officer of such insurer, shall file with the commissioner on or before the 30th day of September, 1965, or within ten days after he or she becomes such beneficial owner, director or officer, a statement, in such form as the commissioner may prescribe, of the amount of all equity securities of such insurer of which he or she is the beneficial owner, and within ten days after the close of each calendar month thereafter, if there has been a change in such ownership during such month, shall file with the commissioner a statement, in such form as the commissioner may prescribe, indicating his or her ownership at the close of the calendar month and such changes in his or her ownership as have occurred during such calendar month. [2009 c 549 § 7031; 1965 ex.s. c 70 § 6.]

48.08.120 Equity security—Profits from short term transactions—Remedies—Limitation of actions. For the purpose of preventing the unfair use of information which may have been obtained by such beneficial owner, director or officer by reason of his or her relationship to such insurer, any profit realized by him from any purchase and sale, or any sale and purchase, of any equity security of such insurer within any period of less than six months, unless such security was acquired in good faith in connection with a debt previously contracted, shall inure to and be recoverable by the insurer, irrespective of any intention on the part of such beneficial owner, director or officer in entering into such transaction of holding the security purchased or of not repurchasing the security sold for a period exceeding six months. Suit to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the insurer, or by the owner of any security of the insurer in the name and in behalf of the insurer if the insurer shall fail or refuse to bring such suit within sixty days after request or shall fail diligently to

prosecute the same thereafter: PROVIDED, That no such suit shall be brought more than two years after the date such profit was realized. This section shall not be construed to cover any transaction where such beneficial owner was not such both at the time of the purchase and sale, or the sale and purchase, of the security involved, or any transaction or transactions which the commissioner by rules and regulations may exempt as not comprehended within the purpose of this section. [2009 c 549 § 7032; 1965 ex.s. c 70 § 7.]

Exemption from federal registration: 15 U.S.C. § 78 l(g)(2)(G).

48.08.130 Equity security—Sales, unlawful practices. It shall be unlawful for any such beneficial owner, director or officer, directly or indirectly, to sell any equity security of such insurer if the person selling the security or his principal (1) does not own the security sold, or (2) if owning the security, does not deliver it against such sale within twenty days thereafter, or does not within five days after such sale deposit it in the mails or other usual channels of transportation: PROVIDED, That no person shall be deemed to have violated this section if he or she proves that notwithstanding the exercise of good faith he or she was unable to make such delivery or deposit within such time, or that to do so would cause undue inconvenience or expense. [2009 c 549 § 7033; 1965 ex.s. c 70 § 8.]

48.08.140 Equity security—Exemptions—Sales by dealer. The provisions of RCW 48.08.120 shall not apply to any purchase and sale, or sale and purchase, and the provisions of RCW 48.08.130 shall not apply to any sale of an equity security of a domestic stock insurer not then or theretofore held by him or her in an investment account, by a dealer in the ordinary course of his or her business and incident to the establishment or maintenance by him or her of a primary or secondary market (otherwise than on an exchange as defined in the Securities Exchange Act of 1934) for such security. The commissioner may, by such rules and regulations as he or she deems necessary or appropriate in the public interest, define and prescribe terms and conditions with respect to securities held in an investment account and transactions made in the ordinary course of business and incident to the establishment or maintenance of a primary or secondary market. [2009 c 549 § 7034; 1965 ex.s. c 70 § 9.]

48.08.170 Equity security—Rules and regulations. The commissioner shall have the power to make such rules and regulations as may be necessary for the execution of the functions vested in him or her by RCW 48.08.100 through 48.08.160, and may for such purpose classify domestic stock insurers, securities, and other persons or matters within his jurisdiction. No provision of RCW 48.08.110, 48.08.120, and 48.08.130 imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the commissioner, notwithstanding that such rule or regulation may, after such act or omission, be amended or rescinded or determined by judicial or other authority to be invalid for any reason. 48.09.130 Bylaws. A domestic mutual insurer shall adopt bylaws for the conduct of its affairs. Such bylaws, or any modification thereof, shall forthwith be filed with the commissioner. The commissioner shall disapprove any such bylaws, or as so modified, if he or she finds after a hearing thereon, that it is not in compliance with the laws of this state, and he or she shall forthwith communicate such disapproval to the insurer. No such bylaw, or modification, so disapproved shall be effective during the existence of such disapproval. [2009 c 549 § 7036; 1947 c 79 § .09.13; Rem. Supp. 1947 § 45.09.13.]

48.09.160 Directors—Disqualification. No individual shall be a director of a domestic mutual insurer by reason of his or her holding public office. Adjudication as a bankrupt or taking the benefit of any insolvency law or making a general assignment for the benefit of creditors disqualifies an individual from being or acting as a director. [2009 c 549 § 7037; 1947 c 79 § .09.16; Rem. Supp. 1947 § 45.09.16.]

48.09.220 Contingent liability of members. (1) Each member of a domestic mutual insurer, except as otherwise provided in this chapter, shall have a contingent liability, pro rata and not one for another, for the discharge of its obligations. The contingent liability shall be in such maximum amount as is stated in the insurer's articles of incorporation, but shall be not less than one, nor more than five, additional premiums for the member's policy at the annual premium rate and for a term of one year.

(2) Every policy issued by the insurer shall contain a statement of the contingent liability.

(3) Termination of the policy of any such member shall not relieve the member of contingent liability for his or her proportion of the obligations of the insurer which accrued while the policy was in force. [2009 c 549 § 7038; 1949 c 190 § 9; 1947 c 79 § .09.22; Rem. Supp. 1949 § 45.09.22.]

48.09.230 Assessment of members. (1) If at any time the assets of a domestic mutual insurer doing business on the cash premium plan are less than its liabilities and the minimum surplus, if any, required of it by this code as prerequisite for continuance of its certificate of authority, and the deficiency is not cured from other sources, its directors may, if approved by the commissioner, make an assessment only on its members who at any time within the twelve months immediately preceding the date such assessment was authorized by its directors held policies providing for contingent liability.

(2) Such an assessment shall be for such an amount of money as is required, in the opinion of the commissioner, to render the insurer fully solvent, but not to result in surplus in excess of five percent of the insurer's liabilities as of the date of the assessment.

(3) A member's proportionate part of any such assessment shall be computed by applying to the premium earned, during the period since the deficiency first appeared, on his or her contingently liable policy or policies the ratio of the total assessment to the total premium earned during such period on all contingently liable policies which are subject to the assessment.

(4) No member shall have an offset against any assessment for which he or she is liable on account of any claim for unearned premium or losses payable. [2009 c 549 § 7039; 1949 c 190 § 10; 1947 c 79 § .09.23; Rem. Supp. 1949 § 45.09.23.]

48.09.270 Nonassessable policies. (1) A domestic mutual insurer on the cash premium plan, after it has established a surplus not less in amount than the minimum capital funds required of a domestic stock insurer to transact like kinds of insurance, and for so long as it maintains such surplus, may extinguish the contingent liability of its members to assessment and omit provisions imposing contingent liability in all policies currently issued.

(2) Any deposit made with the commissioner as a prerequisite to the insurer's certificate of authority may be included as part of the surplus required in this section.

(3) When the surplus has been so established and the commissioner has so ascertained, he or she shall issue to the insurer, at its request, his or her certificate authorizing the extinguishment of the contingent liability of its members and the issuance of policies free therefrom.

(4) While it maintains surplus funds in amount not less than the minimum capital required of a domestic stock insurer authorized to transact like kinds of insurance, and subject to the requirements of *RCW 48.05.360 as to special surplus, a foreign or alien mutual insurer on the cash premium plan may, if consistent with its charter and the laws of its domicile, issue nonassessable policies covering subjects located, resident, or to be performed in this state. [2009 c 549 § 7040; 1963 c 195 § 4; 1947 c 79 § .09.27; Rem. Supp. 1947 § 45.09.27.]

The bond shall be executed by the attorney and by an authorized corporate surety, and shall be subject to the commissioner's approval.

(2) The bond shall be in the penal sum of twenty-five thousand dollars, conditioned that the attorney will faithfully account for all moneys and other property of the insurer coming into his or her hands, and that he or she will not withdraw or appropriate for his or her own use from the funds of the insurer any moneys or property to which he or she is not entitled under the power of attorney.

(3) The bond shall provide that it is not subject to cancellation unless thirty days advance notice in writing of intent to cancel is given to both the attorney and the commissioner. [2009 c 549 § 7041; 1947 c 79 § .10.14; Rem. Supp. 1947 § 45.10.14.]

48.10.170 Service of legal process. (1) A certificate of authority shall not be issued to a domestic reciprocal insurer unless prior thereto the attorney has executed and filed with the commissioner the insurer's irrevocable authorization of the commissioner to receive legal process issued in this state against the insurer upon any cause of action arising within this state.

(2) The provisions of RCW 48.05.210 shall apply to service of such process upon the commissioner.

(3) In lieu of service on the commissioner, legal process may be served upon a domestic reciprocal insurer by serving the insurer's attorney at his or her principal offices.

(4) Any judgment against the insurer based upon legal process so served shall be binding upon each of the insurer's subscribers as their respective interests may appear and in an amount not exceeding their respective contingent liabilities. [2009 c 549 § 7042; 1947 c 79 § .10.17; Rem. Supp. 1947 § 45.10.17.]

48.10.200 Determination of financial condition. In determining the financial condition of a reciprocal insurer the commissioner shall apply the following rules:

(1) He or she shall charge as liabilities the same reserves as are required of incorporated insurers issuing nonassessable policies on a reserve basis.

(2) The surplus deposits of subscribers shall be allowed as assets, except that any premium deposit delinquent for ninety days shall first be charged against such surplus deposit.

(3) The surplus deposits of subscribers shall not be charged as a liability.

(4) All premium deposits delinquent less than ninety days shall be allowed as assets.

(5) An assessment levied upon subscribers, and not collected, shall not be allowed as an asset.

(6) The contingent liability of subscribers shall not be allowed as an asset.

(7) The computation of reserves shall be based upon premium deposits other than membership fees and without any deduction for the compensation of the attorney. [2009 c 549 § 7043; 1947 c 79 § .10.20; Rem. Supp. 1947 § 45.10.20.]

48.10.250 Assessment liability of subscriber. (1) The liability of each subscriber subject to assessment for the obli-

gations of the reciprocal insurer shall not be joint, but shall be individual and several.

(2) Each subscriber who is subject to assessment shall have a contingent assessment liability, in the amount provided for in the power of attorney or in the subscribers' agreement, for payment of actual losses and expenses incurred while his or her policy was in force. Such contingent liability may be at the rate of not less than one nor more than ten times the premium or premium deposit stated in the policy, and the maximum aggregate thereof shall be computed in the manner set forth in RCW 48.10.290.

(3) Each assessable policy issued by the insurer shall plainly set forth a statement of the contingent liability. [2009 c 549 § 7044; 1947 c 79 § .10.25; Rem. Supp. 1947 § 45.10.25.]

48.10.260 Action against subscriber requires judgment against insurer. (1) No action shall lie against any subscriber upon any obligation claimed against the insurer until a final judgment has been obtained against the insurer and remains unsatisfied for thirty days.

(2) Any such judgment shall be binding upon each subscriber only in such proportion as his or her interests may appear and in an amount not exceeding his or her contingent liability, if any. [2009 c 549 § 7045; 1947 c 79 § .10.26; Rem. Supp. 1947 § 45.10.26.]

48.10.270 Assessments. (1) Assessments may be levied from time to time upon the subscribers of a domestic reciprocal insurer, other than as to nonassessable policies, by the attorney upon approval in advance by the subscribers' advisory committee and the commissioner; or by the commissioner in liquidation of the insurer.

(2) Each such subscriber's share of a deficiency for which an assessment is made, not exceeding in any event his or her aggregate contingent liability as computed in accordance with RCW 48.10.290, shall be computed by applying to the premium earned on the subscriber's policy or policies during the period to be covered by the assessment, the ratio of the total deficiency to the total premiums earned during such period upon all policies subject to the assessment.

(3) In computing the earned premiums for the purposes of this section, the gross premium received by the insurer for the policy shall be used as a base, deducting therefrom solely charges not recurring upon the renewal or extension of the policy.

(4) No subscriber shall have an offset against any assessment for which he or she is liable, on account of any claim for unearned premium or losses payable. [2009 c 549 § 7046; 1947 c 79 § .10.27; Rem. Supp. 1947 § 45.10.27.]

48.10.280 Time limit for assessment. Every subscriber of a domestic reciprocal insurer having contingent liability shall be liable for, and shall pay his or her share of any assessment, as computed and limited in accordance with this chapter, if:

(1) While his or her policy is in force or within one year after its termination, he or she is notified by either the attorney or the commissioner of his or her intention to levy such assessment; or

(2) If an order to show cause why a receiver, conservator, rehabilitator, or liquidator of the insurer should not be appointed is issued pursuant to RCW 48.31.190 while his or her policy is in force or within one year after its termination. [2009 c 549 § 7047; 1947 c 79 § .10.28; Rem. Supp. 1947 § 45.10.28.]

48.10.300 Nonassessable policies. (1) Subject to the special surplus requirements of *RCW 48.05.360, if a reciprocal insurer has a surplus of assets over all liabilities at least equal to the minimum capital stock required of a domestic stock insurer authorized to transact like kinds of insurance, upon application of the attorney and as approved by the subscribers' advisory committee the commissioner shall issue his or her certificate authorizing the insurer to extinguish the contingent liability of subscribers under its policies then in force in this state, and to omit provisions imposing contingent liability in all policies delivered or issued for delivery in this state for so long as all such surplus remains unimpaired.

(2) Upon impairment of such surplus, the commissioner shall forthwith revoke the certificate. No policy shall thereafter be issued or renewed without providing for the contingent assessment liability of subscribers.

(3) The commissioner shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state. [2009 c 549 § 7048; 1983 c 3 § 148; 1947 c 79 § .10.30; Rem. Supp. 1947 § 45.10.30.]

***Reviser's note:** RCW 48.05.360 was repealed by 2005 c 223 § 35.

48.10.330 Merger—Conversion to stock or mutual insurer. (1) A domestic reciprocal insurer, upon affirmative vote of not less than two-thirds of the subscribers who vote upon such merger pursuant to such notice as may be approved by the commissioner and with the approval of the commissioner of the terms therefor, may merge with another reciprocal insurer or be converted to a stock or mutual insurer.

(2) Such a stock or mutual insurer shall be subject to the same capital requirements and shall have the same rights as a like domestic insurer transacting like kinds of insurance.

(3) The commissioner shall not approve any plan for such merger or conversion which is inequitable to subscribers, or which, if for conversion to a stock insurer, does not give each subscriber preferential right to acquire stock of the proposed insurer proportionate to his or her interest in the reciprocal insurer as determined in accordance with RCW 48.10.320 and a reasonable length of time within which to exercise such right. [2009 c 549 § 7049; 1947 c 79 § .10.33; Rem. Supp. 1947 § 45.10.33.]

48.10.340 Impairment of assets—Procedure. (1) If the assets of a domestic reciprocal insurer are at any time insufficient to discharge its liabilities other than any liability on account of funds contributed by the attorney, and to maintain the surplus required for the kinds of insurance it is authorized to transact, its attorney shall forthwith levy an assessment upon subscribers made subject to assessment by the terms of their policies for the amount needed to make up the deficiency.

(2) If the attorney fails to make the assessment within thirty days after the commissioner orders him or her to do so, or if the deficiency is not fully made up within sixty days after the date the assessment was made, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If liquidation of such an insurer is ordered, an assessment shall be levied upon the subscribers for such an amount, subject to limits as provided by this chapter, as the commissioner determines to be necessary to discharge all liabilities of the insurer, exclusive of any funds contributed by the attorney, but including the reasonable cost of the liquidation. [2009 c 549 § 7050; 1947 c 79 § .10.34; Rem. Supp. 1947 § 45.10.34.]

48.14.020 Premium taxes. (1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(3) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(4) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(5) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums. 48.14.0201 Premiums and prepayments tax—Health care services—Exemptions—State preemption. (1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in RCW 48.44.010, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;

(b) On or before September 15, twenty-five percent;

(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035;

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW; or

(iii) The medicaid program on behalf of elderly or clients with disabilities as provided in chapter 74.09 RCW when these prepayments are received prior to July 1, 2009, and are associated with a managed care contract program that has been implemented on a voluntary demonstration or pilot project basis.

(c) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement shall deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner shall notify each taxpayer required to make prepayments in that year of the amount of each prepayment and shall provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms. [2009 c 479 § 41. 48.14.070 Refunds. In event any person has paid to the commissioner any tax, license fee or other charge in error or in excess of that which he or she is lawfully obligated to pay, the commissioner shall upon written request made to him or her make a refund thereof. A person may only request a refund of taxes within six years from the date the taxes were paid. A person may only request a refund of fees or charges other than taxes within thirteen months of the date the fees or charges were paid. Refunds may be made either by crediting the amount toward payment of charges due or to become due from such person, or by making a cash refund. To facilitate such cash refunds the commissioner may establish a revolving fund out of funds appropriated by the legislature for his use. 48.14.080 Premium tax in lieu of other forms—Exceptions—Definition. (1) As to insurers, other than title insurers and taxpayers under RCW 48.14.0201, the taxes imposed by this title shall be in lieu of all other taxes, except as otherwise provided in this section.

(2) Subsection (1) of this section does not apply with respect to:

(a) Taxes on real and tangible personal property;

(b) Excise taxes on the sale, purchase, use, or possession of (i) real property; (ii) tangible personal property; (iii) extended warranties; (iv) services, including digital automated services as defined in RCW 82.04.192; and (v) digital goods and digital codes as those terms are defined in RCW 82.04.192; and

(c) The tax imposed in RCW 82.04.260(10), regarding public and nonprofit hospitals.

(3) For the purposes of this section, the term "taxes" includes taxes imposed by the state or any county, city, town, municipal corporation, quasi-municipal corporation, or other political subdivision. [2009 c 535 § 1102; 2006 c 278 § 2; 1998 c 312 § 1; 1993 sp.s. c 25 § 602; 1993 c 492 § 302; 1949 c 190 § 21, part; Rem. Supp. 1949 § 45.14.08.]

Intent—Construction—2009 c 535: See notes following RCW 82.04.192.

Findings—Intent—2006 c 278: "The legislature finds that the insurance premiums tax is intended to be in lieu of any other tax imposed on insurers. However, insurers are not exempt from taxes on real and tangible personal property, or excise taxes on the sale, purchase, or use of such property. These provisions, enacted in 1949, have not been reviewed or altered in light of significant expansion of sales and use taxes to include taxation of many service activities. Some insurers have interpreted their obligation to pay retail sales and use taxes to be limited to those taxes imposed on the sale or use of tangible personal property. These insurers claim exemption from retail sales tax, use tax, or any other excise tax on the purchase or sale of services, such as telephone service, credit bureau services, construction services, landscape services, and repair services. Other insurers have consistently paid excise taxes imposed on these services.

The legislature further finds exempting insurers from excise taxes on the purchase or sale of services is inequitable and results from the inadvertent failure to revise insurance premiums tax statutes to be consistent with other excise tax statutes. The legislature declares its intent to require insurers to pay retail sales and use taxes on purchases of both tangible personal property or services, on the same terms as other taxpayers. This act is intended to apply both prospectively and retrospectively." [2006 c 278 § 1.]

Application—2006 c 278: "This act applies both prospectively and retroactively." [2006 c 278 § 3.]

48.14.090 Determining amount of direct premium taxable in this state. In determining the amount of direct premium taxable in this state, all such premiums written, procured, or received in this state shall be deemed written upon risks or property resident, situated, or to be performed in this state except such premiums as are properly allocated or apportioned and reported as taxable premiums of any other state or states. As part of, or in connection with, this application, the applicant shall furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, and any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business records; purposes; and other pertinent information, as the commissioner may reasonably require. If in the process of verifying fingerprints, business records, or other information, the commissioner's office incurs fees or charges from another governmental agency or from a business firm, the amount of the fees or charges shall be paid to the commissioner's office by the applicant.

(2) Every surplus line broker licensed under this chapter must maintain a bond in favor of the state of Washington in the penal sum of twenty thousand dollars, with authorized corporate sureties approved by the commissioner, conditioned that the licensee will conduct business under the license in accordance with the provisions of this chapter and that the licensee will promptly remit the taxes provided by RCW 48.15.120. The licensee shall maintain such bond in force for as long as the license remains in effect.

(3) Every surplus line broker licensed under this chapter must maintain in force while so licensed a bond in favor of the people of the state of Washington or a named insured such that the people of the state are covered by the bond, executed by an authorized corporate surety approved by the commissioner, in the amount of two thousand five hundred dollars, or five percent of the premiums from placement of coverage with surplus line insurers in the previous calendar year, whichever is greater, but not to exceed one hundred thousand dollars total aggregate liability. The bond may be continuous in form, and total aggregate liability on the bond may be limited to the required amount of the bond. The bond shall be contingent on the accounting by the surplus line broker to any person requesting the broker to obtain insurance, for moneys or premiums collected in connection therewith. A bond issued in accordance with RCW 48.17.250 or with this subsection will satisfy the requirements of both RCW 48.17.250 and this subsection if the limit of liability is not less than the greater of the requirement of RCW 48.17.250 or the requirement of this subsection.

(4) Authorized surplus line brokers of a business entity may meet the requirements of subsection (3) of this section with a bond in the name of the business entity, continuous in form, and in the amount set forth in subsection (3) of this section.

(5) Surplus line brokers may meet the requirements of this section with a bond in the name of an association. The association must have been in existence for five years, have common membership, and have been formed for a purpose other than obtaining a bond. An individual surplus line broker remains responsible for assuring that a bond is in effect and is for the correct amount.

(6) Members of an association may meet the requirements of subsection (3) of this section with a bond in the name of the association that is continuous in form and in the amounts set forth in subsection (3) of this section for each participating member.

(7) The surety may cancel the bond and be released from further liability thereunder upon thirty days' written notice in advance to the principal. The cancellation does not affect any liability incurred or accrued under the bond before the termination of the thirty-day period.

(8) Failure to have and maintain the bonds required under subsections (2) and (3) of this section is grounds for revocation of a license under RCW 48.15.140.

(9) If a party injured under the terms of the bond required under subsection (3) of this section requests the surplus line broker to provide the name of the surety and the bond number, the surplus line broker must provide the information within three working days after receiving the request.

(10) All records relating to the bonds required by this section must be kept available and open to the inspection of the commissioner at any business time.

(11) A surplus line broker's license expires if not timely renewed. Surplus line broker licenses are valid for the time period established by the commissioner unless suspended or revoked at an earlier date.

(12) Subject to the right of the commissioner to suspend, revoke, or refuse to renew any surplus line broker's license as provided in this title, the license may be renewed into another like period by filing with the commissioner by any means acceptable to the commissioner on or before the expiration date a request, by or on behalf of the licensee, for the renewal accompanied by payment of the renewal fee as specified in RCW 48.14.010.

(13) If the request and fee for renewal of a surplus line broker's license are filed with the commissioner prior to expiration of the existing license, the licensee may continue to act under the license, unless sooner revoked or suspended, until the issuance of a renewal license, or until the expiration of fifteen days after the commissioner has refused to renew the license and has mailed notification of the refusal to the licensee. If the request and fee for the license are not received by the expiration date, the authority conferred by the license ends on the expiration date.

(14) If the request for renewal of a surplus line broker's license and payment of the fee are not received by the com-

missioner prior to the expiration date, the applicant for renewal shall pay to the commissioner in addition to the renewal fee, a surcharge as follows:

(a) For the first thirty days or part thereof of delinquency, the surcharge is fifty percent of the renewal fee; and

(b) For the next thirty days or part thereof of delinquency, the surcharge is one hundred percent of the renewal fee.

(15) If the request for renewal of a surplus line broker's license and payment of the renewal fee are not received by the commissioner after sixty days but prior to twelve months after the expiration date, the application shall be for reinstatement of the license and the applicant for reinstatement shall pay to the commissioner the license fee and a surcharge of two hundred percent of the license fee.

(16) Subsections (14) and (15) of this section do not exempt any person from any penalty provided by law for transacting business without a valid and subsisting license.

(17) An individual surplus line broker who allows his or her license to lapse may, within twelve months after the expiration date, reinstate the same license without the necessity of passing a written examination.

(18) For the purposes of this section, a "qualified individual" is a natural person who has met all the requirements that must be met by an individual surplus line broker.

(19) The commissioner may require any documents reasonably necessary to verify the information contained in an application and may, from time to time, require any licensed surplus line broker to produce the information called for in an application for license. (2) A person under subsection (1) of this section must meet the same qualifications, other than residency, as any other person seeking to be licensed as a surplus line broker under this chapter. A person granted a nonresident surplus line broker's license must have all the same responsibilities as any other surplus line broker and is subject to the (a) commissioner's supervision as though resident in this state and (b) rules adopted under this chapter.

(3) A nonresident surplus line broker's license: (a) Expires and (b) is subject to the same renewal and fee requirements for renewal as a resident surplus line broker licensed under RCW 48.15.070.

(4) Each licensed nonresident surplus line broker shall appoint the commissioner as the surplus line broker's attorney to receive service of legal process issued against the surplus line broker in this state upon causes of action arising within this state. Service upon the commissioner as attorney constitutes effective legal service upon the surplus line broker.

(a) The appointment is irrevocable for as long as there could be any cause of action against the surplus line broker arising out of the surplus line broker's insurance transactions in this state.

(b) Duplicate copies of legal process against a surplus line broker shall be served upon the commissioner either by a person competent to serve a summons, or through registered mail. At the time of service the plaintiff shall pay to the commissioner ten dollars, taxable as costs in the action.

(c) Upon receiving service, the commissioner shall immediately send one of the copies of the process, by registered mail with return receipt requested, to the defendant surplus line broker at the surplus line broker's last address of record with the commissioner.

(d) The commissioner shall keep a record of the day and hour of service upon the commissioner of all legal process. Proceedings may not be had against the defendant surplus line broker and the defendant is not required to appear, plead, or answer until the expiration of forty days after the date of service upon the commissioner. (3) Any notice, order, or written communication from the commissioner to a person licensed under this chapter which directly affects the person's license shall be sent by mail to the person's last address of record with the commissioner.

(4) The license or licenses of each surplus line broker shall be displayed in a conspicuous place in that part of the place of business which is customarily open to the public.

(6) Every surplus line broker or other person licensed under this chapter shall promptly reply in writing to an inquiry of the commissioner relative to the business of insurance. (2) Each willful violation of this section constitutes a misdemeanor.

(3) Any surplus line broker or other person licensed under this chapter who, not being lawfully entitled thereto, diverts or appropriates funds received in a fiduciary capacity or any portion thereof to his or her own use, is guilty of theft under chapter 9A.56 RCW. [2009 c 162 § 9.]

If, in the process of verifying fingerprints, business records, or other information, the commissioner's office incurs fees or charges from another governmental agency or from a business firm, the amount of the fees or charges must be paid to the commissioner's office by the applicant.

(2) Any person willfully misrepresenting any fact required to be disclosed in any application shall be liable to penalties as provided by this code.

(3) The commissioner shall license as an adjuster only an individual or business entity which has otherwise complied with this code therefor and the individual or responsible officer of the business entity has furnished evidence satisfactory to the commissioner that the individual or responsible officer of the business entity is qualified as follows:

(a) Is eighteen or more years of age;

(b) Is a bona fide resident of this state, or is a resident of a state which will permit residents of this state to act as adjusters in such other state;

(c) Is a trustworthy person;

(d) Has had experience or special education or training with reference to the handling of loss claims under insurance contracts, of sufficient duration and extent reasonably to make the individual or responsible officer of the business entity competent to fulfill the responsibilities of an adjuster;

(e) Has successfully passed any examination as required under this chapter;

(f) If for a public adjuster's license, has filed the bond required by RCW 48.17.430.

(4) The commissioner may require any documents reasonably necessary to verify the information contained in an application and may, from time to time, require any licensed adjuster to produce the information called for in an application for a license. [2009 c 162 § 23; 2007 c 117 § 18; 1981 c 339 § 15; 1971 ex.s. c 292 § 48; 1947 c 79 § .17.38; Rem. Supp. 1947 § 45.17.38.]

48.17.430 Public adjuster's bond. (1) Prior to the issuance of a license as public adjuster, the applicant therefor shall file with the commissioner and shall thereafter maintain in force while so licensed a surety bond in favor of the people of the state of Washington, executed by an authorized corporate surety approved by the commissioner, in the amount of five thousand dollars. The bond may be continuous in form, and total aggregate liability on the bond may be limited to the payment of five thousand dollars. The bond shall be contingent on the accounting by the adjuster to any insured whose claim he or she is handling, for moneys or any settlement received in connection therewith.

(2) Any such bond shall remain in force until the surety is released from liability by the commissioner, or until canceled by the surety. Without prejudice to any liability accrued prior to cancellation, the surety may cancel a bond upon thirty days advance notice in writing filed with the commissioner.

(3) Such bond shall be required of any adjuster acting as a public adjuster as of the effective date of this code, or thereafter under any unexpired license heretofore issued. [2009 c 549 § 7063; 1977 ex.s. c 182 § 5; 1947 c 79 § .17.43; Rem. Supp. 1947 § 45.17.43.]

48.17.565 Insurance education providers—Violations—Costs awarded. If an investigation of any insurance education provider culminates in a finding by the commissioner or by any court of competent jurisdiction, that the insurance education provider has failed to comply with or has violated any statute or regulation pertaining to insurance education, the insurance education provider shall pay the expenses reasonably attributable and allocable to such investigation.

(1) The commissioner shall calculate such expenses and render a bill therefor by registered mail to the insurance education provider. Within thirty days after receipt of such bill, the insurance education provider shall pay the full amount to the commissioner. The commissioner shall transmit such payment to the state treasurer. The state treasurer shall credit the payment to the office of the insurance commissioner regulatory account, treating such payment as recovery of a prior expenditure.

(2) In any action brought under this section, if the commissioner prevails, the court may award to the office of the commissioner all costs of the action, including a reasonable attorneys' fee to be fixed by the court. [2009 c 162 § 24; 2007 c 117 § 30; 1989 c 323 § 4.]

48.18.020 Power to contract. (1) Any person eighteen years or older shall be considered of full legal age and may contract for or with respect to insurance. Any person seventeen years or younger shall be considered a minor for purposes of Title 48 RCW.

(2) A minor not less than fifteen years of age as at nearest birthday may, notwithstanding such minority, contract for life or disability insurance on his or her own life or body, for his or her own benefit or for the benefit of his or her father, mother, spouse, child, brother, sister, or grandparent, and may exercise all rights and powers with respect to or under the contract as though of full legal age, and may surrender his or her interest therein and give a valid discharge for any benefit accruing or money payable thereunder. The minor shall not, by reason of his minority, be entitled to rescind, avoid, or repudiate the contract, or any exercise of a right or privilege thereunder, except, that such minor, not otherwise emancipated, shall not be bound by any unperformed agreement to pay, by promissory note or otherwise any premium on any such insurance contract. [2009 c 549 § 7064; 1973 1st ex.s. c 163 § 2; 1970 ex.s. c 17 § 4; 1947 c 79 § .18.02; Rem. Supp. 1947 § 45.18.02.]

48.18.050 Named insured—Interest insured. When the name of a person intended to be insured is specified in the policy, such insurance can be applied only to his or her own proper interest. This section shall not apply to life and disability insurances. [2009 c 549 § 7065; 1947 c 79 § .18.05; Rem. Supp. 1947 § 45.18.05.]

48.18.070 Alteration of application. (1) Any application for insurance in writing by the applicant shall be altered solely by the applicant or by his or her written consent, except that insertions may be made by the insurer for administrative purposes only in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant. Violation of this provision shall be a misdemeanor.

(2) Any insurer issuing an insurance contract upon such an application unlawfully altered by its officer, employee, or agent shall not have available in any action arising out of such contract, any defense which is based upon the fact of such alteration, or as to any item in the application which was so altered. [2009 c 549 § 7066; 1947 c 79 § .18.07; Rem. Supp. 1947 § 45.18.07.]

48.18.090 Warranties and misrepresentations, effect of. (1) Except as provided in subsection (2) of this section, no oral or written misrepresentation or warranty made in the

negotiation of an insurance contract, by the insured or in his or her behalf, shall be deemed material or defeat or avoid the contract or prevent it attaching, unless the misrepresentation or warranty is made with the intent to deceive.

(2) In any application for life or disability insurance made in writing by the insured, all statements therein made by the insured shall, in the absence of fraud, be deemed representations and not warranties. The falsity of any such statement shall not bar the right to recovery under the contract unless such false statement was made with actual intent to deceive or unless it materially affected either the acceptance of the risk or the hazard assumed by the insurer. [2009 c 549 § 7067; 1947 c 79 § .18.09; Rem. Supp. 1947 § 45.18.09.]

48.18.120 Standard forms. (1) The commissioner shall, after hearing, from time to time promulgate such rules and regulations as may be necessary to define and effect reasonable uniformity in all basic contracts of fire insurance which are commonly known as the standard form fire policies and may be so referred to in this code, and the usual supplemental coverages, riders, or endorsements thereon or thereto, to the end that such definitions shall be applied in the construction of the various sections of this code wherein such terms are used and that there be a reasonable concurrency of contract where two or more insurers insure the same subject and risk. All such forms heretofore approved by the commissioner and for use as of immediately prior to the effective date of this code, may continue to be so used until the further order of the commissioner made pursuant to this subsection or pursuant to any other provision of this code.

(2) The commissioner may from time to time, after hearing, promulgate such rules and regulations as he or she deems necessary to establish reasonable minimum standard conditions and terminology for basic benefits to be provided by disability insurance contracts which are subject to chapters 48.20 and 48.21 RCW, for the purpose of expediting his or her approval of such contracts pursuant to this code. No such promulgation shall be inconsistent with standard provisions as required pursuant to RCW 48.18.130, nor contain requirements inconsistent with requirements relative to the same benefit provision as formulated or approved by the National Association of Insurance Commissioners. [2009 c 549 § 7068; 1957 c 193 § 10; 1947 c 79 § .18.12; Rem. Supp. 1947 § 45.18.12.]

48.18.130 Standard provisions. (1) Insurance contracts shall contain such standard provisions as are required by the applicable chapters of this code pertaining to contracts of particular kinds of insurance. The commissioner may waive the required use of a particular standard provision in a particular insurance contract form if

(a) he or she finds such provision unnecessary for the protection of the insured, and inconsistent with the purposes of the contract, and

(b) the contract is otherwise approved by him or her.

(2) No insurance contract shall contain any provision inconsistent with or contradictory to any such standard provision used or required to be used, but the commissioner may, except as to the standard provisions of individual disability insurance contracts as required under chapter 48.20 RCW, approve any provision which is in his or her opinion more favorable to the insured than the standard provision or optional standard provision otherwise required. No endorsement, rider, or other documents attached to such contract shall vary, extend, or in any respect conflict with any such standard provision, or with any modification thereof so approved by the commissioner as being more favorable to the insured.

(3) In lieu of the standard provisions required by this code for contracts for particular kinds of insurance, substantially similar standard provisions required by the law of a foreign or alien insurer's domicile may be used when approved by the commissioner. 48.18.293 Nonliability of commissioner, agents, insurer for information giving reasons for cancellation or refusal to renew—Proof of mailing of notice. (1) There shall be no liability on the part of, and no cause of action of any nature shall arise against, the insurance commissioner, his or her agents, or members of his or her staff, or against any insurer, its authorized representative, its agents, its employees, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in any written notice of cancellation or refusal to renew, or in any other communications, oral or written, specifying the reasons for cancellation or refusal to renew or the providing of information pertaining thereto, or for statements made or evidence submitted in any hearing conducted in connection therewith.

(2) Proof of mailing of notice of cancellation or refusal to renew or of reasons for cancellation, to the named insured, at the latest address filed with the insurer by or on behalf of the named insured shall be sufficient proof of notice. [2009 c 549 § 7070; 1969 ex.s. c 241 § 21.]

Construction—1969 ex.s. c 241 §§ 19-25: See note following RCW 48.18.291.

48.18.340 Dividends payable to real party in interest. (1) Every insurer issuing participating policies, shall pay dividends, unused premium refunds or savings distributed on account of any such policy, only to the real party in interest entitled thereto as shown by the insurer's records, or to any person to whom the right thereto has been assigned in writing of record with the insurer, or given in the policy by such real party in interest.

(2) Any person who is shown by the insurer's records to have paid for his or her own account, or to have been ultimately charged for, the premium for insurance provided by a policy in which another person is the nominal insured, shall be deemed such real party in interest proportionate to premium so paid or so charged. This subsection shall not apply as to any such dividend, refund, or distribution which would amount to less than one dollar.

(3) This section shall not apply to contracts of group life insurance, group annuities, or group disability insurance. [2009 c 549 § 7071; 1947 c 79 § .18.34; Rem. Supp. 1947 § 45.18.34.]

48.18.375 Assignment of interests under group insurance policy. A person whose life is insured under a group insurance policy may, subject and pursuant to the terms of the policy, or pursuant to an arrangement between the insured, the group policyholder and the insurer, assign to any or all his or her spouse, children, parents, or a trust for the benefit of any or all of them, all or any part of his or her incidents of ownership, rights, title, and interests, both present and future, under such policy including specifically, but not by way of limitation, the right to designate a beneficiary or beneficiaries thereunder and the right to have an individual policy issued to him in case of termination of employment or of said group insurance policy. Such an assignment by the insured, made either before or after July 16, 1973, is valid for the purpose of vesting in the assignee, in accordance with any provisions included therein as to the time at which it is to be effective, all of such incidents of ownership, rights, title, and interests so assigned, but without prejudice to the insurer on account of any payment it may make or individual policy it may issue prior to receipt of notice of the assignment. This section acknowledges, declares, and codifies the existing right of assignment of interests under group insurance policies. [2009 c 549 § 7072; 1973 1st ex.s. c 163 § 3.]

48.18.400 Exemption of proceeds—Disability. The proceeds or avails of all contracts of disability insurance and of provisions providing benefits on account of the insured's disability which are supplemental to life insurance or annuity contracts heretofore or hereafter effected shall be exempt from all liability for any debt of the insured, and from any debt of the beneficiary existing at the time the proceeds are made available for his or her use. [2009 c 549 § 7073; 1947 c 79 § .18.40; Rem. Supp. 1947 § 45.18.40.]

48.18.410 Exemption of proceeds—Life. (1) The lawful beneficiary, assignee, or payee of a life insurance policy, other than an annuity, heretofore or hereafter effected by any person on his or her own life, or on the life of another, in favor of a person other than himself or herself, shall be entitled to the proceeds and avails of the policy against the creditors and representatives of the insured and of the person effecting the insurance, and such proceeds and avails shall also be exempt from all liability for any debt of such beneficiary, existing at the time the proceeds or avails are made available for his or her own use.

(2) The provisions of subsection (1) of this section shall apply

(a) whether or not the right to change the beneficiary is reserved or permitted in the policy; or

(b) whether or not the policy is made payable to the person whose life is insured or to his or her estate if the beneficiary, assignee or payee shall predecease such person; except, that this subsection shall not be construed so as to defeat any policy provision which provides for disposition of proceeds in the event the beneficiary shall predecease the insured.

(3) The exemptions provided by subsection (1) of this section, subject to the statute of limitations, shall not apply

(a) to any claim to or interest in such proceeds or avails by or on behalf of the insured, or the person so effecting the insurance, or their administrators or executors, in whatever capacity such claim is made or such interest is asserted; or

(b) to any claim to or interest in such proceeds or avails by or on behalf of any person to whom rights thereto have been transferred with intent to defraud creditors; but an insurer shall be liable to all such creditors only as to amounts aggregating not to exceed the amount of such proceeds or avails remaining in the insurer's possession at the time the insurer receives at its home office written notice by or on behalf of such creditors, of claims to recover for such transfer, with specification of the amounts claimed; or

(c) to so much of such proceeds or avails as equals the amount of any premiums or portion thereof paid for the insurance with intent to defraud creditors, with interest thereon, and if prior to the payment of such proceeds or avails the insurer has received at its home office written notice by or on behalf of the creditor, of a claim to recover for premiums paid with intent to defraud creditors, with specification of the amount claimed.

(4) For the purposes of subsection (1) of this section a policy shall also be deemed to be payable to a person other than the insured if and to the extent that a facility-of-payment clause or similar clause in the policy permits the insurer to discharge its obligation after the death of the individual insured by paying the death benefits to a person as permitted by such clause.

(5) No person shall be compelled to exercise any rights, powers, options or privileges under any such policy. [2009 c 549 § 7074; 1947 c 79 § .18.41; Rem. Supp. 1947 § 45.18.41.]

48.18.420 Exemption of proceeds—Group life. (1) A policy of group life insurance or the proceeds thereof payable to the individual insured or to the beneficiary thereunder, shall not be liable, either before or after payment, to be applied to any legal or equitable process to pay any liability of any person having a right under the policy. The proceeds thereof, when not made payable to a named beneficiary or to a third person pursuant to a facility-of-payment clause, shall not constitute a part of the estate of the individual insured for the payment of his or her debts.

(2) This section shall not apply to group life insurance policies issued under RCW 48.24.040 (debtor groups) to the extent that such proceeds are applied to payment of the obligation for the purpose of which the insurance was so issued. [2009 c 549 § 7075; 1947 c 79 § .18.42; Rem. Supp. 1947 § 45.18.42.]

48.18.440 Spouse's rights in life insurance policy. (1) Every life insurance policy heretofore or hereafter made payable to or for the benefit of the spouse of the insured, and every life insurance policy heretofore or hereafter assigned, transferred, or in any way made payable to a spouse or to a trustee for the benefit of a spouse, regardless of how such assignment or transfer is procured, shall, unless contrary to the terms of the policy, inure to the separate use and benefit

of such spouse: PROVIDED, That the beneficial interest of a spouse in a policy upon the life of a child of the spouses, however such interest is created, shall be deemed to be a community interest and not a separate interest, unless expressly otherwise provided by the policy.

(2) In any life insurance policy heretofore or hereafter issued upon the life of a spouse the designation heretofore or hereafter made by such spouse of a beneficiary in accordance with the terms of the policy, shall create a presumption that such beneficiary was so designated with the consent of the other spouse, but only as to any beneficiary who is the child, parent, brother, or sister of either of the spouses. The insurer may in good faith rely upon the representations made by the insured as to the relationship to him or her of any such beneficiary. [2009 c 549 § 7076; 1947 c 79 § .18.44; Rem. Supp. 1947 § 45.18.44.]

48.18.450 Life insurance payable to trustee named as beneficiary in the policy. Life insurance may be made payable to a trustee to be named as beneficiary in the policy and the proceeds of such insurance paid to such trustee shall be held and disposed of by the trustee as provided in a trust agreement or declaration of trust made by the insured during his or her lifetime. It shall not be necessary to the validity of any such trust agreement or declaration of trust that it have a trust corpus other than the right of the trustee to receive such insurance proceeds as beneficiary, and any such trustee may also receive assets, other than insurance proceeds, by testamentary disposition and administer them according to the terms of the trust agreement or declaration of trust as they exist at the death of the testator. [2009 c 549 § 7077; 1963 c 227 § 1.]

48.18.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. ***(Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)*** For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. VARIABLE CONTRACT ACT

48.18A.020 Separate accounts authorized—Allocations—Benefits—Limitations—Valuation—Sale, transfer, or exchange of assets.

48.18A.020 Separate accounts authorized—Allocations—Benefits—Limitations—Valuation—Sale, transfer, or exchange of assets. A domestic life insurer may, by or pursuant to resolution of its board of directors, establish one or more separate accounts, and may allocate thereto amounts (including without limitation proceeds applied under optional modes of settlement or under dividend options) to provide for life insurance or annuities (and other benefits incidental thereto), payable in fixed or variable amounts or both, subject to the following:

(1) The income, gains, and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains, or losses of the insurer.

(2)(a) Except as hereinafter provided, amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurers: PROVIDED, That to the extent that the insurer's reserve liability with regard to (i) benefits guaranteed as to dollar amount and duration, and (ii) funds guaranteed as to principal amount or stated rate of interest is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be invested under such conditions as the commissioner may prescribe. The investments in such separate account or accounts shall not be taken into account in applying the investment limitations applicable to the investments of the insurer.

(b) With respect to seventy-five percent of the market value of the total assets in a separate account no insurer shall purchase or otherwise acquire the securities of any issuer, other than securities issued or guaranteed as to principal or interest by the United States, if immediately after such purchase or acquisition the market value of such investment, together with prior investments of such separate account in such security taken at market value, would exceed ten percent of the market value of the assets of such separate account: PROVIDED, That the commissioner may waive such limitation if, in his or her opinion, such waiver will not render the operation of such separate account hazardous to the public or the policyholders in this state.

(c) Unless otherwise permitted by law or approved by the commissioner, no insurer shall purchase or otherwise acquire for its separate accounts the voting securities of any issuer if as a result of such acquisition the insurer and its separate accounts, in the aggregate, will own more than ten percent of the total issued and outstanding voting securities of such issuer: PROVIDED, That the foregoing shall not apply with respect to securities held in separate accounts, the voting rights in which are exercisable only in accordance with instructions from persons having interests in such accounts.

(d) The limitations provided in paragraphs (b) and (c) of this subsection shall not apply to the investment with respect to a separate account in the securities of an investment company registered under the United States Investment Company Act of 1940: PROVIDED, That the investments of such investment company shall comply in substance therewith.

(3) Unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily

available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account: PROVIDED, That unless otherwise approved by the commissioner, the portion, if any, of the assets of such separate account equal to the insurer's reserve liability with regard to the guaranteed benefits and funds referred to in subsection (2) of this section shall be valued in accordance with the rules otherwise applicable to the insurer's assets.

(4) Amounts allocated to a separate account in the exercise of the power granted by this chapter shall be owned by the insurer and the insurer shall not be, nor hold itself out to be, a trustee with respect to such amounts. If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the insurer may conduct.

(5) No sale, exchange or other transfer of assets may be made by an insurer between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made (a) by a transfer of cash, or (b) by a transfer of securities having a readily determinable market value: PROVIDED, That such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts, if, in his or her opinion, such transfers would not be inequitable.

(6) To the extent such insurer deems it necessary to comply with any applicable federal or state law, such insurer, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit investment trust, may provide for persons having interest therein, as may be appropriate, voting and other rights and special procedures for the conduct of the business of such account, including without limitation, special rights and procedures relating to investment policy, investment advisory services, selection of independent public accountants, and the selection of a committee, the members of which need not be otherwise affiliated with such insurer, to manage the business of such account. Upon written application of the insured, stating his or her reasons therefor, filed with and approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk. [2009 c 549 § 7080; 1947 c 79 § .19.09; Rem. Supp. 1947 § 45.19.09.]

48.19.100 Disapproval of filing. If within the waiting period or any extension thereof as provided in RCW 48.19.060, the commissioner finds that a filing does not meet the requirements of this chapter, he or she shall disapprove such filing, and shall give notice of such disapproval, specifying the respect in which he or she finds the filing fails to meet such requirements, and stating that the filing shall not become effective, to the insurer or rating organization which made the filing. [2009 c 549 § 7081; 1989 c 25 § 6; 1947 c 79 § .19.10; Rem. Supp. 1947 § 45.19.10.]

Effective date—1989 c 25: See note following RCW 48.18.100.

48.19.110 Disapproval of special filing. (1) If within thirty days after a special filing subject to RCW 48.19.070 has become effective, the commissioner finds that the filing does not meet the requirements of this chapter, he or she shall disapprove the filing and shall give notice to the insurer or rating organization which made the filing, specifying in what respects he or she finds that the filing fails to meet such requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective.

(2) Such disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval. [2009 c 549 § 7082; 1947 c 79 § .19.11; Rem. Supp. 1947 § 45.19.11.]

48.19.120 Subsequent disapproval. (1) If at any time subsequent to the applicable review period provided in RCW 48.19.060 or 48.19.110, the commissioner finds that a filing does not meet the requirements of this chapter, he or she shall, after a hearing, notice of which was given to every insurer and rating organization which made such filing, issue his or her order specifying in what respect he or she finds that such filing fails to meet the requirements of this chapter, and stating when, within a reasonable period thereafter, the filings shall be deemed no longer effective.

(2) Such order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

(3) Any person aggrieved with respect to any filing then in effect, other than the insurer or rating organization which made the filing, may make written application to the commissioner for a hearing thereon. The application shall specify the grounds to be relied upon by the applicant. If the commissioner finds that the application is made in good faith, that the applicant would be so aggrieved if his or her grounds are established, and that such grounds otherwise justify holding the hearing, he or she shall, within thirty days after receipt of the application, hold a hearing as required in subsection (1) of this section. [2009 c 549 § 7083; 1989 c 25 § 7; 1983 1st ex.s. c 32 § 15; 1947 c 79 § .19.12; Rem. Supp. 1947 § 45.19.12.]

Effective date—1989 c 25: See note following RCW 48.18.100.

48.19.180 Issuance of license. (1) If the commissioner finds that the applicant for a license as a rating organization is competent, trustworthy and otherwise qualified so to act, and that its constitution, articles of agreement or association or certificate of incorporation or trust agreement, and its bylaws, rules and regulations governing the conduct of its business conform to the requirements of law, he or she shall, upon payment of a license fee of twenty-five dollars, issue a license specifying the kinds of insurance, or subdivisions or class of risk or part or combination thereof for which the applicant is authorized to act as a rating organization.

(2) The commissioner shall grant or deny in whole or in part every such application within sixty days of the date of its filing with him or her.

(3) A license issued pursuant to this section shall remain in effect for three years unless sooner suspended or revoked by the commissioner. [2009 c 549 § 7084; 1947 c 79 § .19.18; Rem. Supp. 1947 § 45.19.18.]

48.19.190 Suspension or revocation of license. (1) The commissioner may, after a hearing, suspend or revoke the license issued to a rating organization for any of the following causes:

(a) If he or she finds that the licensee no longer meets the qualifications for the license.

(b) For failure to comply with an order of the commissioner within the time limited by the order, or any extension thereof which the commissioner may grant.

(2) The commissioner shall not so suspend or revoke a license for failure to comply with an order until the time prescribed by this code for an appeal from such order to the superior court has expired or if such appeal has been taken, until such order has been affirmed.

(3) The commissioner may determine when a suspension or revocation of license shall become effective. A suspension of license shall remain in effect for the period fixed by him or her, unless he or she modifies or rescinds the suspension, or until the order, failure to comply with which constituted grounds for the suspension, is modified, rescinded or reversed. [2009 c 549 § 7085; 1947 c 79 § .19.19; Rem. Supp. 1947 § 45.19.19.]

48.19.220 Review of rules and refusal to admit insurers. (1) The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any subscriber or any such insurer, be reviewed by the commissioner at a hearing held upon notice to the rating organization, and to the subscriber or insurer.

(2) If the commissioner finds that such rule or regulation is unreasonable in its application to subscribers, he or she shall order that such rule or regulation shall not be applicable to subscribers who are not members of the rating organization.

(3) If a rating organization fails to grant or reject an insurer's application for subscribership within thirty days after it was made, the insurer may request a review by the commissioner as if the application had been rejected. If the commissioner finds that the insurer has been refused admittance to the rating organization as a subscriber without justification, he or she shall order the rating organization to admit the insurer as a subscriber. If he or she finds that the action of the rating organization was justified, he or she shall make an order affirming its action. [2009 c 549 § 7086; 1947 c 79 § .19.22; Rem. Supp. 1947 § 45.19.22.]

48.19.250 Cooperative activities. (1) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this chapter is hereby authorized, if the filings resulting from such cooperation are subject to all the provisions of this chapter which are applicable to filings generally.

(2) The commissioner may review such cooperative activities and practices and if, after a hearing, he or she finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this code, he or she may issue a written order specifying in what respect such activity or practice is so unfair, unreasonable, or inconsistent, and requiring the discontinuance of such activity or practice. [2009 c 549 § 7087; 1947 c 79 § .19.25; Rem. Supp. 1947 § 45.19.25.]

48.19.290 Appeal from rating organization's action. (1) Any subscriber to a rating organization may appeal to the commissioner from the rating organization's action or decision in approving or rejecting any proposed change in or addition to the rating organization's filings. The commissioner shall, after a hearing on the appeal:

(a) Issue an order approving the rating organization's action or decision or directing it to give further consideration to such proposal; or

(b) If the appeal is from the rating organization's action or decision in rejecting a proposed addition to its filings, he or she may, in event he or she finds that the action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its subscribers, in a manner consistent with his or her findings, within a reasonable time after the issuance of such order.

(2) If such appeal is based upon the rating organization's failure to make a filing on behalf of such subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in subdivision (2) of RCW 48.19.030, from the system of expense provisions included in

a filing made by the rating organization, the commissioner shall, if he or she grants the appeal, order the rating organization to make the requested filing for use by the appellant. In deciding the appeal the commissioner shall apply the standards set forth in RCW 48.19.020 and 48.19.030. [2009 c 549 § 7088; 1947 c 79 § .19.29; Rem. Supp. 1947 § 45.19.29.]

48.19.310 Complaints of insureds. Every rating organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his or her authorized representative, on his or her written request to review the manner in which such rating system has been applied in connection with the insurance afforded him or her. If the rating organization or insurer fails to grant or reject such request within thirty days after it is made, the applicant may proceed in the same manner as if his or her application had been rejected. Any party affected by the action of such rating organization or such insurer on such request may, within thirty days after written notice of such action, appeal to the commissioner, who, after a hearing held upon notice to the appellant and to the rating organization or insurer, may affirm or reverse such action. [2009 c 549 § 7089; 1947 c 79 § .19.31; Rem. Supp. 1947 § 45.19.31.]

48.19.330 Requisites of advisory organization. Every advisory organization before serving as such to any rating organization or independently filing insurer doing business in this state, shall file with the commissioner:

(1) A copy of its constitution, its articles of agreement or association or its certificate of incorporation and of its bylaws, rules and regulations governing its activities;

(2) A list of its members;

(3) The name and address of a resident of this state upon whom notices or orders of the commissioner or process issued at his or her direction may be served; and

(4) An agreement that the commissioner may examine such advisory organization in accordance with the provisions of RCW 48.03.010. [2009 c 549 § 7090; 1947 c 79 § .19.33; Rem. Supp. 1947 § 45.19.33.]

48.19.340 Desist orders. If, after a hearing, the commissioner finds that the furnishing of information or assistance by an advisory organization, as referred to in RCW 48.19.320, involves any act or practice which is unfair or unreasonable or otherwise inconsistent with the provisions of this code, he or she may issue a written order specifying in what respect such act or practice is unfair or unreasonable or so otherwise inconsistent, and requiring the discontinuance of such act or practice. [2009 c 549 § 7091; 1947 c 79 § .19.34; Rem. Supp. 1947 § 45.19.34.]

48.19.350 Disqualification of data. No insurer which makes its own filing nor any rating organization shall support its filings by statistics or adopt rate making recommendations, furnished to it by an advisory organization which has not complied with this chapter or with any order of the commissioner involving such statistics or recommendations issued under RCW 48.19.340. If the commissioner finds such insurer or rating organization to be in violation of this section he or she may issue an order requiring the discontinuance of the violation. [2009 c 549 § 7092; 1947 c 79 § .19.35; Rem. Supp. 1947 § 45.19.35.]

48.19.360 Joint underwriting or joint reinsurance. (1) Every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, shall be subject to regulation with respect thereto as is provided in this section, subject, however, with respect to joint underwriting, to all other provisions of this chapter, and, with respect to joint reinsurance, to RCW 48.19.270, 48.01.080 and 48.19.430; and to chapter 48.03 RCW of this code.

(2) If, after a hearing, the commissioner finds that any activity or practice of any such group, association or other organization is unfair or unreasonable or otherwise inconsistent with the provisions of this chapter, he or she may issue a written order specifying in what respects such activity or practice is unfair, or unreasonable or so inconsistent, and requiring the discontinuance of the activity or practice. [2009 c 549 § 7093; 1947 c 79 § .19.36; Rem. Supp. 1947 § 45.19.36.]

48.19.370 Recording and reporting of loss and expense experience. (1) The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with him or her, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him or her in determining whether rating systems comply with the standards set forth in RCW 48.19.020 and 48.19.030. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems on file with him or her and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states.

(3) No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(4) The commissioner may designate one or more rating organizations or other agencies to assist him or her in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(5) Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans. [2009 c 549 § 7094; 1947 c 79 § .19.37; Rem. Supp. 1947 § 45.19.37.]

48.19.410 Examination of contracts. (1) The commissioner may permit the organization and operation of examining bureaus for the examination of policies, daily reports, binders, renewal certificates, endorsements, and other evidences of insurance or of the cancellation thereof, for the purpose of ascertaining that lawful rates are being charged.

(2) A bureau shall examine documents with regard to such kinds of insurance as the commissioner may, after hearing, reasonably require to be submitted for examination. A bureau may examine documents as to such other kinds of insurance as the issuing insurers may voluntarily submit for examination. Upon request of the commissioner, a bureau shall also examine affidavits filed pursuant to RCW 48.15.040, surplus lines contracts and related documents, and shall make recommendations to the commissioner to assist the commissioner in determining whether surplus lines have been procured in accordance with chapter 48.15 RCW and rules issued thereunder.

(3) No bureau shall operate unless licensed by the commissioner as to the kinds of insurance as to which it is permitted so to examine. To qualify for a license a bureau shall:

(a) Be owned in trust for the benefit of all the insurers regularly using its services, under a trust agreement approved by the commissioner.

(b) Make its services available without discrimination to all authorized insurers applying therefor, subject to such reasonable rules and regulations as to the obligations of insurers using its services, as to the conduct of its affairs, and as to the correction of errors and omissions in documents examined by it as are approved by the commissioner.

(c) Have no manager or other employee who is an employee of an insurer other than to the extent that he or she is an employee of the bureau owned by insurers through such trust agreement.

(d) Pay to the commissioner a fee of ten dollars for issuance of its license.

(4) Such license shall be of indefinite duration and shall remain in force until revoked by the commissioner or terminated at the request of the bureau. The commissioner may revoke the license, after hearing,

(a) if the bureau is no longer qualified therefor;

(b) if the bureau fails to comply with a proper order of the commissioner;

(c) if the bureau violates or knowingly participates in the violation of any provision of this code.

(5) Any person aggrieved by any rule, regulation, act or omission of a bureau may appeal to the commissioner therefrom. The commissioner shall hold a hearing upon such appeal, and shall make such order upon the hearing as he or she deems to be proper.

(6) Every such bureau operating in this state shall be subject to the supervision of the commissioner, and the commissioner shall examine it as provided in chapter 48.03 RCW of this code.

(7) Every examining bureau shall keep adequate records of the outstanding errors and omissions found in coverages examined by it and of its receipts and disbursements, and shall hold as confidential all information contained in documents submitted to it for examination.

(8) The commissioner shall not license an additional bureau for the examination of documents relative to a kind of insurance if such documents are being examined by a then existing licensed bureau. Any examining bureau operating in this state immediately prior to the effective date of this code under any law of this state repealed as of such date, shall have prior right to apply for and secure a license under this section. [2009 c 549 § 7095; 1983 1st ex.s. c 32 § 8; 1947 c 79 § .19.41; Rem. Supp. 1947 § 45.19.41.]

48.20.062 Standard provision No. 4—Grace period. There shall be a provision as follows:

GRACE PERIOD: A grace period of . . . . (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies, and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

(A policy which contains a cancellation provision may add, at the end of the above provision: "subject to the right of the insurer to cancel in accordance with the cancellation provision hereof."

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision: "Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his or her last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.") [2009 c 549 § 7096; 1951 c 229 § 7.]

48.20.082 Standard provision No. 6—Notice of claim. There shall be a provision as follows:

NOTICE OF CLAIM: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at . . . . . (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

(In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

"Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which

indemnity may be payable for at least two years, he or she shall at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.") [2009 c 549 § 7097; 1951 c 229 § 9. Prior law: 1947 c 79 § .20.08; Rem. Supp. 1947 § 45.20.08.]

48.20.172 Optional standard provision No. 14—Change of occupation. There may be a provision as follows:

CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his or her occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation. [2009 c 549 § 7098; 1951 c 229 § 18.]

48.20.192 Optional standard provision No. 15—Other insurance in this insurer. There may be a provision as follows:

OTHER INSURANCE IN THIS INSURER: If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured be in force concurrently herewith, making the aggregate indemnity for . . . . . (insert type of coverage or coverages) in excess of $. . . . . (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to his estate.

Or, in lieu thereof:

Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, his or her beneficiary or his estate, as the case may be, and the insurer will return all premiums paid for all other such policies. [2009 c 549 § 7099; 1951 c 229 § 20. Prior: 1947 c 79 § .20.24; Rem. Supp. 1947 § 45.20.24.]

48.20.222 Optional standard provision No. 18—Relation of earnings to insurance. (1) There may be a provision as follows:

RELATION OF EARNINGS TO INSURANCE: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his or her average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time.

(2) The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (a) until at least age 50 or, (b) in the case of a policy issued after age 44, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations. [2009 c 549 § 7100; 1987 c 185 § 28; 1951 c 229 § 23.]

Intent—Severability—1987 c 185: See notes following RCW 51.12.130.

48.20.242 Optional standard provision No. 20—Cancellation. There may be a provision as follows:

CANCELLATION: The insurer may cancel this policy at any time by written notice delivered to the insured, or mailed to his or her last address as shown by the records of the insurer, stating when, not less than five days thereafter, such cancellation shall be effective; and after the policy has been continued beyond its original term the insured may can-

cel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation. [2009 c 549 § 7101; 1951 c 229 § 25. Prior: 1947 c 79 § .20.21; Rem. Supp. 1947 § 45.20.21.]

48.20.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. ***(Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)*** For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. 48.21.045 Health plan benefits for small employers—Coverage—Exemption from statutory requirements—Premium rates—Requirements for providing coverage for small employers—Definitions. (1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. (2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005. [2009 c 131 § 1; 2008 c 143 § 6; 2007 c 260 § 7; 2004 c 244 § 1; 1995 c 265 § 14; 1990 c 187 § 2.]

48.21A.030 Insurers may join—Policyholder—Reduced benefit provision—Master group policy—Offering—Cancellation. Notwithstanding any other provision of this code or any other law which may be inconsistent herewith, any insurer may join with one or more other insurers, to plan, develop, underwrite, and offer and provide to any person who is sixty-five years of age or older and to the spouse of such person, extended health insurance against financial loss from accident or disease, or both. Such insurance may be offered, issued and administered jointly by two or more insurers by a group policy issued to a policyholder through an association formed for the purpose of offering, selling, issuing and administering such insurance. The policyholder may be an association, a trustee, or any other person. Any such policy may provide, among other things, that the benefits payable thereunder are subject to reduction if the individual insured has any other coverage providing hospital, surgical or medical benefits whether on an indemnity basis or a provision of service basis resulting in such insured being eligible for more than one hundred percent of covered expenses which he or she is required to pay, and any insurer issuing individual policies providing extended hospital, surgical or medical benefits to persons sixty-five years of age and older and their spouses may also use such a policy provision. A master group policy issued to an association or to a trustee or any person appointed by an association for the purpose of providing the insurances described in this section shall be another form of group disability insurance.

Any form of policy approved by the commissioner for an association shall be offered throughout Washington to all persons sixty-five and older and their spouses, and the coverage of any person insured under such a form of policy shall not be cancellable except for nonpayment of premiums unless the coverage of all persons insured under such form of policy is also canceled. [2009 c 549 § 7104; 1965 ex.s. c 70 § 29.]

48.21A.060 Commissioner's powers—Forms—Rates—Standard provisions—Withdrawal of approval—Federal, state benefits—Annual reports. The forms of the policies, applications, certificates or other evidence of insurance coverage and applicable premium rates relating thereto shall be filed with the commissioner. No such policy, contract, or other evidence of insurance, application or other form shall be sold, issued or used and no endorsement shall be attached to or printed or stamped thereon unless the form thereof shall have been approved by the commissioner or thirty days shall have expired after such filing without written notice from the commissioner of disapproval thereof. The commissioner shall disapprove the forms of such insurance if he or she finds that they are unjust, unfair, inequitable, misleading or deceptive or that the rates are by reasonable assumption excessive in relation to the benefits provided. In determining whether such rates by reasonable assumptions are excessive in relation to the benefits provided, the commissioner shall give due consideration to past and prospective claim experience, within and outside this state, and to fluctuations in such claim experience, to a reasonable risk charge, to contribution to surplus and contingency funds, to past and prospective expenses, both within and outside this state, and to all other relevant factors within and outside this state including any differing operating methods of the insurers joining in the issue of the policy. In exercising the powers conferred upon him or her by this chapter, the commissioner shall not be bound by any other requirement of this code with respect to standard provisions to be included in disability policies or forms.

The commissioner may, after hearing upon written notice, withdraw an approval previously given, upon such grounds as in his or her opinion would authorize disapproval upon original submission thereof. Any such withdrawal of approval after hearing shall be by notice in writing specifying the ground thereof and shall be effective at the expiration of such period, not less than ninety days after the giving of notice of withdrawal, as the commissioner shall in such notice prescribe.

If and when a program of hospital, surgical and medical benefits is enacted by the federal government or the state of Washington, the extended health insurance benefits provided by policies issued under this chapter shall be adjusted to avoid any duplication of benefits offered by the federal or state programs and the premium rates applicable thereto shall be adjusted to conform with the adjusted benefits.

The association shall submit an annual report to the insurance commissioner which shall become public information and shall provide information as to the number of persons insured, the names of the insurers participating in the association with respect to insurance offered under this chapter and the calendar year experience applicable to such insurance offered under this chapter, including premiums earned, claims paid during the calendar year, the amount of claims reserve established, administrative expenses, commissions, promotional expenses, taxes, contingency reserve, other expenses, and profit and loss for the year. The commissioner shall require the association to provide any and all information concerning the operations of the association deemed relevant by him for inclusion in the report. 48.22.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. *(Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)*

48.22.030 Underinsured, hit-and-run, phantom vehicle coverage to be provided—Purpose—Definitions—Exceptions—Conditions—Deductibles—Information on motorcycle or motor-driven cycle coverage—Intended victims. (1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy. When a named insured or spouse chooses a property damage coverage that is less than the

insured's third party liability coverage for property damage, a written rejection is not required.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him or her under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7)(a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

(9) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide information to prospective insureds about the coverage.

(10) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide an opportunity for named insureds, who have purchased liability coverage for a motorcycle or motor-driven cycle, to reject underinsured coverage for that motorcycle or motor-driven cycle in writing.

(11) If the covered person seeking underinsured motorist coverage under this section was the intended victim of the tort feasor, the incident must be reported to the appropriate law enforcement agency and the covered person must cooperate with any related law enforcement investigation.

(12) The purpose of this section is to protect innocent victims of motorists of underinsured motor vehicles. Covered persons are entitled to coverage without regard to whether an incident was intentionally caused. However, a person is not entitled to coverage if the insurer can demonstrate that the covered person intended to cause the event for which a claim is made under the coverage described in this section. As used in this section, and in the section of policies providing the underinsured motorist coverage described in this section, "accident" means an occurrence that is unexpected and unintended from the standpoint of the covered person.

(13) "Underinsured coverage," for the purposes of this section, means coverage for "underinsured motor vehicles," as defined in subsection (1) of this section. [2009 c 549 § 7106; 2007 c 80 § 14. 48.23.015 Purchase or exchange of annuities—Definitions—Standards—Requirements—Conduct—Records—Penalties—Rules. (1) For the purposes of this section:

(a) "Annuity" means a fixed annuity or variable annuity that is individually solicited, whether the product is classified as an individual or group annuity.

(b) "Recommendation" means advice provided by an insurance producer, or an insurer when no producer is involved, to an individual consumer that results in a purchase or exchange of an annuity in accordance with that advice.

(2) Insurers and insurance producers must comply with the following requirements in recommending and executing a purchase or exchange of an annuity:

(a) In recommending the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions to a consumer, the insurance producer, or the insurer when no producer is

involved, must have reasonable grounds for believing that the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer about their investments and other insurance products and as to their financial situation and needs.

(b) Prior to the execution of a purchase or exchange of an annuity resulting from a recommendation, an insurance producer, or an insurer when no producer is involved, shall make reasonable efforts to obtain information concerning:

(i) The consumer's financial status;

(ii) The consumer's tax status;

(iii) The consumer's investment objectives; and

(iv) Other information used or considered to be reasonable by the insurance producer, or the insurer when no producer is involved, in making recommendations to the consumer.

(3) An insurer or insurance producer's recommendation must be reasonable under all circumstances actually known to the insurer or insurance producer at the time of the recommendation. Neither an insurance producer nor an insurer when no producer is involved, has any obligation to a consumer under subsection (2) of this section related to any recommendation if a consumer:

(a) Refuses to provide relevant information requested by the insurer or insurance producer;

(b) Decides to enter into an insurance transaction that is not based on a recommendation of the insurer or insurance producer; or

(c) Fails to provide complete or accurate information.

(4) An insurer must assure that a system to supervise recommendations, reasonably designed to achieve compliance with this section, is established and maintained. The system must include, but is not limited to, written procedures and conducting periodic review of its records that are reasonably designed to assist in detecting and preventing violations of this section.

(a) An insurer may contract with a third party, including insurance producers, a general agent, or independent agency, to establish and maintain a system of supervision as required in this subsection with respect to insurance producers under contract with or employed by the third party. An insurer must make reasonable inquiry to assure that the third party is performing the functions required in this subsection and must take action as is reasonable under the circumstances to enforce the contractual obligation to perform the functions. An insurer may comply with its obligation to make reasonable inquiry by doing all of the following:

(i) Annually obtaining a certification from a third party senior manager with responsibility for the delegated functions that the manager has a reasonable basis to represent, and does represent, that the third party is performing the required functions; and

(ii) Based on reasonable selection criteria, periodically selecting third parties contracting under this subsection for a review to determine whether the third parties are performing the required functions. The insurer shall perform those procedures to conduct the review that are reasonable under the circumstances.

(b) An insurer, or the contracted third party if a general agent or independent agency, is not required to:

(i) Review, or provide for review of, all insurance producer solicited transactions; or

(ii) Include in its system of supervision an insurance producer's recommendations to consumers of products other than the annuities offered by the insurer, general agent, or independent agency.

(c) A general agent or independent agency contracting with an insurer to supervise compliance with this section shall promptly, when requested by the insurer, give a certification of compliance or give a clear statement that it is unable to meet the certification criteria. A person may not provide a certification unless the person:

(i) Is a senior manager with responsibility for the delegated functions; and

(ii) Has a reasonable basis for making the certification.

(5) Compliance with the financial industry regulatory authority conduct rules pertaining to suitability satisfies the requirements under this section for the recommendation of annuities registered under the securities act of 1933 (15 U.S.C. Sec. 77(a) et seq. or as hereafter amended). The insurance commissioner must notify the appropriate committees of the house of representatives and senate if there are changes regarding the registration of annuities under the securities act of 1933 that affect the application of this subsection. This subsection does not limit the insurance commissioner's ability to enforce this section.

(6) The commissioner may order an insurer, an insurance producer, or both, to take reasonably appropriate corrective action for any consumer harmed by the insurer's or insurance producer's violation of this section.

(a) Any applicable penalty under this or other sections of Title 48 RCW may be reduced or eliminated by the commissioner if corrective action for the consumer was taken promptly after a violation was discovered.

(b) This subsection does not limit the commissioner's ability to enforce this section or other applicable sections of Title 48 RCW.

(7) Insurers and insurance producers must maintain or be able to make available to the commissioner records of the information collected from the consumer and other information used in making the recommendations that were the basis for the insurance transaction for five years after the insurance transaction is completed by the insurer, or for five years after the annuity begins paying benefits, whichever is longer. An insurer is permitted, but is not required, to maintain documentation on behalf of an insurance producer. This section does not relieve an insurance producer of the obligation to maintain records of insurance transactions as required by RCW 48.17.470.

(8) The commissioner may adopt rules to implement and administer this section.

(9) Unless otherwise specifically included, this section does not apply to recommendations involving:

(a) Direct response solicitations when there is no recommendation based on information collected from the consumer under this section; or

(b) Contracts used to fund:

(i) An employee pension or welfare benefit plan that is covered by the employment and income security act;

(ii) A plan described by sections 401(a), 401(k), 403(b), 408(k), or 408(p) of the internal revenue code, as amended, if established or maintained by an employer;

(iii) A government or church plan defined in section 414 of the internal revenue code, a government or church welfare benefit plan or a deferred compensation plan of a state or local government or tax exempt organization under section 457 of the internal revenue code;

(iv) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor;

(v) Settlements of or assumptions of liabilities associated with personal injury litigation or any dispute or claim resolution process; or

(vi) Formal prepaid funeral contracts.

(10) This section does not affect the application of chapter 21.20 RCW. [2009 c 18 § 2.]

Purpose—2009 c 18: "The purpose of this act is to permit and set standards for producers and insurers selling annuity products issued after July 26, 2009, that ensure consumers purchase annuities suitable to their financial and insurance needs and life circumstances." [2009 c 18 § 1.]

48.23.070 Participation in surplus. (1) In all policies which provide for participation in the insurer's surplus, there shall be a provision that the policy shall so participate annually in the insurer's divisible surplus as apportioned by the insurer, beginning not later than the end of the third policy year. Any policy containing provision for annual participation beginning at the end of the first policy year, may also provide that each dividend shall be paid subject to the payment of the premiums for the next ensuing year. The insured under any annual dividend policy shall have the right each year to have the current dividend arising from such participation either paid in cash, or applied in accordance with such other dividend option as may be specified in the policy and elected by the insured. The policy shall further provide which of the options shall be effective if the insured shall fail to notify the insurer in writing of his or her election within the period of grace allowed for the payment of premium.

(2) This section shall not apply to paid-up nonforfeiture benefits nor paid-up policies issued on default in payment of premiums. [2009 c 549 § 7107; 1947 c 79 § .23.07; Rem. Supp. 1947 § 45.23.07.]

48.23.525 Individual life insurance—Noninsurance benefits—Rules. (1) A life insurer may include the following noninsurance benefits as part of a policy of individual life insurance, with the prior approval of the commissioner:

(a) Will preparation services;

(b) Financial planning and estate planning services;

(c) Probate and estate settlement services; and

(d) Such other services as the commissioner may identify by rule.

(2) The commissioner may adopt rules to ensure disclosure of the noninsurance benefits permitted under this section, including but not limited to guidelines concerning the provision of the coverage.

(3) Those providing the services listed in subsection (1) of this section must be appropriately licensed.

48.30.250 Interlocking ownership, management. (1) Any insurer may retain, invest in or acquire the whole or any part of the capital stock of any other insurer or insurers, or have a common management with any other insurer or insurers, unless such retention, investment, acquisition or common management is inconsistent with any other provision of this title, or unless by reason thereof the business of such insurers with the public is conducted in a manner which substantially lessens competition generally in the insurance business or tends to create a monopoly therein.

(2) Any person otherwise qualified may be a director of two or more insurers which are competitors, unless the effect thereof is to substantially lessen competition between insurers generally or tends to create a monopoly.

(3) If the commissioner finds, after a hearing thereon, that there is violation of this section he or she shall order all such persons and insurers to cease and desist from such violation within such time, or extension thereof, as may be specified in such order. [2009 c 549 § 7121; 1949 c 190 § 34; Rem. Supp. 1949 § 45.30.25.]

48.30.260 Right of debtor or borrower to select insurance producer, surplus line broker, or insurer. (1) Every debtor or borrower, when property insurance of any kind is required in connection with the debt or loan, shall have reasonable opportunity and choice in the selection of the insurance producer, surplus line broker, and insurer through whom such insurance is to be placed; but only if the insurance is properly provided for the protection of the creditor or lender, whether by policy or binder, not later than at commencement of risk as to such property as respects such creditor or lender, and in the case of renewal of insurance, only if the renewal policy, or a proper binder therefor containing a brief description of the coverage bound and the identity of the insurer in which the coverage is bound, is delivered to the creditor or lender not later than thirty days prior to the renewal date.

(2) Every person who lends money or extends credit and who solicits insurance on real and personal property must explain to the borrower in prominently displayed writing that the insurance related to such loan or credit extension may be purchased from an insurer, surplus line broker, or insurance producer of the borrower's choice, subject only to the lender's right to reject a given insurer, surplus line broker, or insurance producer as provided in subsection (3)(b) of this section.

(3) No person who lends money or extends credit may:

(a) Solicit insurance for the protection of property, after a person indicates interest in securing a loan or credit extension, until such person has received a commitment from the lender as to a loan or credit extension;

(b) Unreasonably reject a contract of insurance furnished by the borrower for the protection of the property securing the credit or lien. A rejection shall not be deemed unreasonable if it is based on reasonable standards, uniformly applied, relating to the extent of coverage required and the financial soundness and the services of an insurer. Such standards shall not discriminate against any particular type of insurer, nor shall such standards call for rejection of an insurance contract because the contract contains coverage in addition to that required in the credit transaction;

(c) Require that any borrower, mortgagor, purchaser, insurer, surplus line broker, or insurance producer pay a separate charge, in connection with the handling of any contract of insurance required as security for a loan, or pay a separate charge to substitute the insurance policy of one insurer for that of another. This subsection does not include the interest which may be charged on premium loans or premium advancements in accordance with the terms of the loan or credit document;

(d) Use or disclose, without the prior written consent of the borrower, mortgagor, or purchaser taken at a time other than the making of the loan or extension of credit, information relative to a contract of insurance which is required by the credit transaction, for the purpose of replacing such insurance;

(e) Require any procedures or conditions of duly licensed insurance producers, surplus line brokers, or insurers not customarily required of those insurance producers, surplus line brokers, or insurers affiliated or in any way connected with the person who lends money or extends credit; or

(f) Require property insurance in an amount in excess of the amount which could reasonably be expected to be paid under the policy, or combination of policies, in the event of a loss.

(4) Nothing contained in this section shall prevent a person who lends money or extends credit from placing insurance on real or personal property in the event the mortgagor, borrower, or purchaser has failed to provide required insurance in accordance with the terms of the loan or credit document.

(a) The plan of merger or consolidation must be submitted to and be approved by the commissioner in advance of the merger or consolidation.

(b) The commissioner shall not approve any such plan unless, after a hearing, pursuant to such notice as the commissioner may require, he or she finds that it is fair, equitable, consistent with law, and that no reasonable objection exists. If the commissioner fails to approve the plan, he or she shall state his or her reasons for such failure in his or her order made on such hearing. The insurers involved in the merger shall bear the expense of the mailing of the notice of hearing and of the order on hearing.

(c) No director, officer, member, or subscriber of any such insurer, except as is expressly provided by the plan of merger or consolidation, shall receive any fee, commission, other compensation or valuable consideration whatsoever, for in any manner aiding, promoting or assisting in the merger or consolidation.

(d) Any merger or consolidation as to an incorporated domestic insurer shall in other respects be governed by the general laws of this state relating to business corporations. Except, that as to domestic mutual insurers, approval by two-thirds of its members who vote thereon pursuant to such notice and procedure as was approved by the commissioner shall constitute approval of the merger or consolidation as respects the insurer's members.

(2) Reinsurance of all or substantially all of the insurance in force of a domestic insurer by another insurer shall be deemed a consolidation for the purposes of this section. [2009 c 549 § 7122; 1973 1st ex.s. c 107 § 3; 1961 c 194 § 11; 1947 c 79 § .31.01; Rem. Supp. 1947 § 45.31.01.]

Severability—1973 1st ex.s. c 107: See note following RCW 48.17.540.

48.31.050 Liquidation—Grounds. The commissioner may apply for an order directing him or her to liquidate the business of a domestic insurer or of the United States branch of an alien insurer having trusteed assets in this state, regard-

less of whether or not there has been a prior order directing him or her to rehabilitate such insurer, upon any of the grounds specified in RCW 48.31.030 or upon any one or more of the following grounds: That the insurer

(1) Has ceased transacting business for a period of one year; or

(2) Is an insolvent insurer and has commenced voluntary liquidation or dissolution, or attempts to commence or prosecute any action or proceeding to liquidate its business or affairs, or to dissolve its corporate charter, or to procure the appointment of a receiver, trustee, custodian, or sequestrator under any law except this code; or

(3) Has not organized or completed its organization and obtained a certificate of authority as an insurer prior to the expiration or revocation of its solicitation permit. [2009 c 549 § 7123; 1947 c 79 § .31.05; Rem. Supp. 1947 § 45.31.05.]

48.31.060 Liquidation—Order. (1) An order to liquidate the business of a domestic insurer shall direct the commissioner forthwith to take possession of the property of the insurer, to liquidate its business, to deal with the insurer's property and business in his or her own name as commissioner or in the name of the insurer as the court may direct, to give notice to all creditors who may have claims against the insurer to present such claims.

(2) The commissioner may apply under this chapter for an order dissolving the corporate existence of a domestic insurer:

(a) Upon his or her application for an order of liquidation of such insurer, or at any time after such order has been granted; or

(b) Upon the grounds specified in item (3) of RCW 48.31.050, regardless of whether an order of liquidation is sought or has been obtained. [2009 c 549 § 7124; 1947 c 79 § .31.06; Rem. Supp. 1947 § 45.31.06.]

48.31.080 Conservation of assets—Foreign insurers. The commissioner may apply for an order directing him or her to conserve the assets within this state of a foreign insurer upon any one or more of the following grounds:

(1) Upon any of the grounds specified in items (1) to (9) inclusive of RCW 48.31.030 and in item (2) of RCW 48.31.050.

(2) That its property has been sequestrated in its domiciliary sovereignty or in any other sovereignty. [2009 c 549 § 7125; 1947 c 79 § .31.08; Rem. Supp. 1947 § 45.31.08.]

48.31.090 Conservation of assets—Alien insurers. The commissioner may apply for an order directing him or her to conserve the assets within this state of an alien insurer upon any one or more of the following grounds:

(1) Upon any of the grounds specified in items (1) to (9) inclusive of RCW 48.31.030 and in item (2) of RCW 48.31.050; or

(2) That the insurer has failed to comply, within the time designated by the commissioner, with an order of the commissioner pursuant to law to make good an impairment of its trusteed funds; or

(3) That the property of the insurer has been sequestrated in its domiciliary sovereignty or elsewhere. [2009 c 549 § 7126; 1947 c 79 § .31.09; Rem. Supp. 1947 § 45.31.09.]

48.31.111 Commencement of delinquency proceeding by commissioner—Jurisdiction of courts. (1) A delinquency proceeding may not be commenced under this chapter by anyone other than the commissioner of this state, and no court has jurisdiction to entertain a proceeding commenced by another person.

(2) No court of this state has jurisdiction to entertain a complaint praying for the dissolution, liquidation, rehabilitation, sequestration, conservation, or receivership of an insurer, or praying for an injunction or restraining order or other relief preliminary to, incidental to, or relating to the proceedings, other than in accordance with this chapter.

(3) In addition to other grounds for jurisdiction provided by the law of this state, a court of this state having jurisdiction of the subject matter has jurisdiction over a person served under the rules of civil procedure or other applicable provisions of law in an action brought by the receiver of a domestic insurer or an alien insurer domiciled in this state:

(a) If the person served is an insurance producer, title insurance agent, surplus line broker, or other person who has written policies of insurance for or has acted in any manner on behalf of an insurer against which a delinquency proceeding has been instituted, in an action resulting from or incident to such a relationship with the insurer;

(b) If the person served is a reinsurer who has entered into a contract of reinsurance with an insurer against which a delinquency proceeding has been instituted, or is an insurance producer of or for the reinsurer, in an action on or incident to the reinsurance contract;

(c) If the person served is or has been an officer, director, manager, trustee, organizer, promoter, or other person in a position of comparable authority or influence over an insurer against which a delinquency proceeding has been instituted, in an action resulting from or incident to such a relationship with the insurer;

(d) If the person served is or was at the time of the institution of the delinquency proceeding against the insurer holding assets in which the receiver claims an interest on behalf of the insurer, in an action concerning the assets; or

(e) If the person served is obligated to the insurer in any way, in an action on or incident to the obligation.

(4) If the court on motion of a party finds that an action should as a matter of substantial justice be tried in a forum outside this state, the court may enter an appropriate order to stay further proceedings on the action in this state. [2009 c 162 § 27; 2008 c 217 § 43; 2003 c 248 § 11; 1993 c 462 § 59.]

Effective date—2009 c 162: See note following RCW 48.03.020.

Severability—Effective date—2008 c 217: See notes following RCW 48.03.020.

Severability—Implementation—1993 c 462: See RCW 48.31B.901 and 48.31B.902.

48.31.141 Responsibility for payment of a premium—Earned or unearned premium—Violations—Penalties—Rights of party aggrieved. (1)(a) An insurance producer, title insurance agent, surplus line broker, premium finance company, or any other person, other than the policy

owner or the insured, responsible for the payment of a premium is obligated to pay any unpaid premium for the full policy term due the insurer at the time of the declaration of insolvency, whether earned or unearned, as shown on the records of the insurer. The liquidator also has the right to recover from the person a part of an unearned premium that represents commission of the person. Credits or setoffs or both may not be allowed to an insurance producer, title insurance agent, surplus line broker, or premium finance company for amounts advanced to the insurer by the insurance producer, title insurance agent, surplus line broker, or premium finance company on behalf of, but in the absence of a payment by, the policy owner or the insured.

(b) Notwithstanding (a) of this subsection, the insurance producer, title insurance agent, surplus line broker, premium finance company, or other person is not liable for uncollected unearned premium of the insurer. A presumption exists that the premium as shown on the books of the insurer is collected, and the burden is upon the insurance producer, title insurance agent, surplus line broker, premium finance company, or other person to demonstrate by a preponderance of the evidence that the unearned premium was not actually collected. For purposes of this subsection, "unearned premium" means that portion of an insurance premium covering the unexpired term of the policy or the unexpired period of the policy period.

(c) An insured is obligated to pay any unpaid earned premium due the insurer at the time of the declaration of insolvency, as shown on the records of the insurer.

(2) Upon a violation of this section, the commissioner may pursue either one or both of the following courses of action:

(a) Suspend or revoke or refuse to renew the licenses of the offending party or parties;

(b) Impose a penalty of not more than one thousand dollars for each violation.

(3) Before the commissioner may take an action as set forth in subsection (2) of this section, he or she shall give written notice to the person accused of violating the law, stating specifically the nature of the alleged violation, and fixing a time and place, at least ten days thereafter, when a hearing on the matter shall be held. After the hearing, or upon failure of the accused to appear at the hearing, the commissioner, if he or she finds a violation, shall impose those penalties under subsection (2) of this section that he or she deems advisable.

(4) When the commissioner takes action in any or all of the ways set out in subsection (2) of this section, the party aggrieved has the rights granted under the Administrative Procedure Act, chapter 34.05 RCW. [2009 c 162 § 28; 2008 c 217 § 44; 1993 c 462 § 65.]

Effective date—2009 c 162: See note following RCW 48.03.020.

Severability—Effective date—2008 c 217: See notes following RCW 48.03.020.

Severability—Implementation—1993 c 462: See RCW 48.31B.901 and 48.31B.902.

48.31.190 Commencement of proceeding—Venue—Effect of appellate review. (1) Proceedings under this chapter involving a domestic insurer shall be commenced in the superior court for the county in which is located the insurer's home office or, at the election of the commissioner, in the superior court for Thurston county. Proceedings under this chapter involving other insurers shall be commenced in the superior court for Thurston county.

(2) The commissioner shall commence any such proceeding, the attorney general representing him or her, by an application to the court or to any judge thereof, for an order directing the insurer to show cause why the commissioner should not have the relief prayed for.

(3) Upon a showing of an emergency or threat of imminent loss to policyholders of the insurer the court may issue an ex parte order authorizing the commissioner immediately to take over the premises and assets of the insurer, the commissioner then to preserve the status quo, pending a hearing on the order to show cause, which shall be heard as soon as the court calendar permits in preference to other civil cases.

(4) In response to any order to show cause issued under this chapter the insurer shall have the burden of going forward with and producing evidence to show why the relief prayed for by the commissioner is not required.

(5) On the return of such order to show cause, and after a full hearing, the court shall either deny the relief sought in the application or grant the relief sought in the application together with such other relief as the nature of the case and the interest of policyholders, creditors, stockholders, members, subscribers, or the public may require.

(6) No appellate review of a superior court order, entered after a hearing, granting the commissioner's petition to rehabilitate an insurer or to carry out an insolvency proceeding under this chapter, shall stay the action of the commissioner in the discharge of his responsibilities under this chapter, pending a decision by the appellate court in the matter.

(7) In any proceeding under this chapter the commissioner and his or her deputies shall be responsible on their official bonds for the faithful performance of their duties. If the court deems it desirable for the protection of the assets, it may at any time require an additional bond from the commissioner or his or her deputies. [2009 c 549 § 7127; 1993 c 462 § 82; 1988 c 202 § 46; 1969 ex.s. c 241 § 13; 1967 c 150 § 31; 1947 c 79 § .31.19; Rem. Supp. 1947 § 45.31.19.]

Severability—1988 c 202: See note following RCW 2.24.050.

48.31.210 Change of venue. At any time after the commencement of a proceeding under this chapter the commissioner may apply to the court for an order changing the venue of, and removing the proceeding to Thurston county, or to any other county of this state in which he or she deems that such proceeding may be most economically and efficiently conducted. [2009 c 549 § 7128; 1947 c 79 § .31.21; Rem. Supp. 1947 § 45.31.21.]

48.31.220 Deposit of moneys collected. The moneys collected by the commissioner in a proceeding under this chapter, shall be, from time to time, deposited in one or more state or national banks, savings banks, or trust companies, and in the case of the insolvency or voluntary or involuntary liquidation of any such depositary which is an institution organized and supervised under the laws of this state, such deposits shall be entitled to priority of payment on an equality with any other priority given by the banking law of this state.

The commissioner may in his or her discretion deposit such moneys or any part thereof in a national bank or trust company as a trust fund. [2009 c 549 § 7129; 1947 c 79 § .31.22; Rem. Supp. 1947 § 45.31.22.]

48.31.230 Exemption from filing fees. The commissioner shall not be required to pay any fee to any public officer in this state for filing, recording, issuing a transcript or certificate, or authenticating any paper or instrument pertaining to the exercise by the commissioner of any of the powers or duties conferred upon him or her under this chapter, whether or not such paper or instrument be executed by the commissioner or his or her deputies, employees, or attorneys of record and whether or not it is connected with the commencement of an action or proceeding by or against the commissioner, or with the subsequent conduct of such action or proceeding. [2009 c 549 § 7130; 1947 c 79 § .31.23; Rem. Supp. 1947 § 45.31.23.]

48.31.240 Borrowing on pledge of assets. For the purpose of facilitating the rehabilitation, liquidation, conservation or dissolution of an insurer pursuant to this chapter the commissioner may, subject to the approval of the court, borrow money and execute, acknowledge and deliver notes or other evidences of indebtedness therefor and secure the repayment of the same by the mortgage, pledge, assignment, transfer in trust, or hypothecation of any or all of the property whether real, personal or mixed of such insurer, and the commissioner, subject to the approval of the court, shall have power to take any and all other action necessary and proper to consummate any such loans and to provide for the repayment thereof. The commissioner shall be under no obligation personally or in his or her official capacity as commissioner to repay any loan made pursuant to this section. [2009 c 549 § 7131; 1947 c 79 § .31.24; Rem. Supp. 1947 § 45.31.24.]

48.31.270 Voidable transfers. (1) Any transfer of, or lien upon, the property of an insurer which is made or created within four months prior to the granting of an order to show cause under this chapter with the intent of giving to any creditor or of enabling him or her to obtain a greater percentage of his or her debt than any other creditor of the same class and which is accepted by such creditor having reasonable cause to believe that such a preference will occur, shall be voidable.

(2) Every director, officer, employee, stockholder, member, subscriber, and any other person acting on behalf of such insurer who shall be concerned in any such act or deed and every person receiving thereby any property of such insurer or the benefit thereof shall be personally liable therefor and shall be bound to account to the commissioner.

(3) The commissioner as liquidator, rehabilitator or conservator in any proceeding under this chapter, may avoid any transfer of, or lien upon the property of an insurer which any creditor, stockholder, subscriber or member of such insurer might have avoided and may recover the property so transferred unless such person was a bona fide holder for value prior to the date of the granting of an order to show cause under this chapter. Such property or its value may be recovered from anyone who has received it except a bona fide holder for value as above specified. [2009 c 549 § 7132; 1947 c 79 § .31.27; Rem. Supp. 1947 § 45.31.27.]

48.31.290 Offsets. (1) In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this chapter, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in subsection (2) of this section.

(2) No offset shall be allowed in favor of any such person where (a) the obligation of the insurer to such person would not at the date of the entry of any liquidation order, or otherwise, as provided in RCW 48.31.260, entitle him or her to share as a claimant in the assets of the insurer, or (b) the obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as an offset, or (c) the obligation of such person is to pay an assessment levied against the members of a mutual insurer, or against the subscribers of a reciprocal insurer, or is to pay a balance upon a subscription to the capital stock of a stock insurer. [2009 c 549 § 7133; 1947 c 79 § .31.29; Rem. Supp. 1947 § 45.31.29.]

48.31.310 Time to file claims. (1) If upon the granting of an order of liquidation under this chapter or at any time thereafter during the liquidation proceeding, the insurer shall not be clearly solvent, the court shall after such notice and hearing as it deems proper, make an order declaring the insurer to be insolvent. Thereupon, regardless of any prior notice which may have been given to creditors, the commissioner shall notify all persons who may have claims against such insurer and who have not filed proper proofs thereof, to present the same to him or her, at a place specified in such notice, within four months from the date of the entry of such order, or if the commissioner shall certify that it is necessary, within such longer time as the court shall prescribe. The last day for the filing of proofs of claim shall be specified in the notice. Such notice shall be given in a manner determined by the court.

(2) Proofs of claim may be filed subsequent to the date specified, but no such claim shall share in the distribution of the assets until all allowed claims, proofs of which have been filed before said date, have been paid in full with interest. [2009 c 549 § 7134; 1947 c 79 § .31.31; Rem. Supp. 1947 § 45.31.31.]

48.31.340 Order for payment of assessment. After levy of assessment as provided in RCW 48.31.330, upon the filing of a further detailed report by the commissioner, the court shall issue an order directing each member (if a mutual insurer) or each subscriber (if a reciprocal insurer) if he or she shall not pay the amount assessed against him or her to the commissioner on or before a day to be specified in the order, to show cause why he or she should not be held liable to pay such assessment together with costs as set forth in RCW 48.31.360 and why the commissioner should not have judgment therefor. [2009 c 549 § 7135; 1947 c 79 § .31.34; Rem. Supp. 1947 § 45.31.34.]

48.31.350 Publication, transmittal of assessment order. The commissioner shall cause a notice of such assessment order setting forth a brief summary of the contents of such order to be:

(1) Published in such manner as shall be directed by the court; and

(2) Enclosed in a sealed envelope, addressed and mailed postage prepaid to each member or subscriber liable thereunder at his or her last known address as it appears on the records of the insurer, at least twenty days before the return day of the order to show cause provided for in RCW 48.31.340. [2009 c 549 § 7136; 1947 c 79 § .31.35; Rem. Supp. 1947 § 45.31.35.]

48.31.360 Judgment upon the assessment. (1) On the return day of the order to show cause provided for in RCW 48.31.340 if the member or subscriber does not appear and serve verified objections upon the commissioner, the court shall make an order adjudging that such member or subscriber is liable for the amount of the assessment against him or her together with ten dollars costs, and that the commissioner may have judgment against the member or subscriber therefor.

(2) If on such return day the member or subscriber shall appear and serve verified objections upon the commissioner there shall be a full hearing before the court or a referee to hear and determine, who, after such hearing, shall make an order either negativing the liability of the member or subscriber to pay the assessment or affirming his or her liability to pay the whole or some part thereof together with twenty-five dollars costs and the necessary disbursements incurred at such hearing, and directing that the commissioner in the latter case may have judgment therefor.

(3) A judgment upon any such order shall have the same force and effect, and may be entered and docketed, and may be appealed from as if it were a judgment in an original action brought in the court in which the proceeding is pending. [2009 c 549 § 7137; 1947 c 79 § .31.36; Rem. Supp. 1947 § 45.31.36.]

(2) The commissioner may:

(a) Require that the association notify the insureds of the insolvent insurer and any other interested parties of the determination of insolvency and of their rights under this chapter. Such notification shall be by mail at their last known address, where available, but if sufficient information for notification by mail is not available, notice by publication or in a newspaper of general circulation shall be sufficient.

(b) Suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a fine on any member insurer which fails to pay an assessment when due. Such fine shall not exceed five percent of the unpaid assessment per month, except that no fine shall be less than one hundred dollars per month.

(c) Revoke the designation of any servicing facility if he or she finds claims are being handled unsatisfactorily.

(3) Whenever the commissioner or any of his or her examiners comes into possession of or obtains any data or information indicating that any insurer under his or her jurisdiction for any purpose is in or is approaching a condition of impaired assets, imminent insolvency, or insolvency, he or she shall within fifteen days of having such data or information commence investigation and/or take formal action relative to any such insurer, and in addition within said time shall notify the association of such condition. Upon failure of the commissioner so to act, the association is hereby authorized and directed to act and commence appropriate investigation or proceedings or may at its option refer the matter to the attorney general for appropriate action relative to which the attorney general shall keep the association advised throughout any such action or proceedings.

(4) Any final action or order of the commissioner under this chapter shall be subject to judicial review in a court of competent jurisdiction. [2009 c 549 § 7138; 1975-'76 2nd ex.s. c 109 § 7; 1971 ex.s. c 265 § 8.]

48.32.090 Effect of paid claims. (1) Any person recovering under this chapter shall be deemed to have assigned his or her rights under the policy to the association to the extent of his or her recovery from the association. Every insured or claimant seeking the protection of this chapter shall cooperate with the association to the same extent as such person would have been required to cooperate with the insolvent insurer. The association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out.

(2) The receiver, liquidator, or statutory successor of an insolvent insurer shall be bound by settlements of covered claims by the association or a similar organization in another state. The court having jurisdiction shall grant such claims priority equal to that which the claimant would have been entitled in the absence of this chapter against the assets of the insolvent insurer. The expenses of the association or similar organization in handling claims shall be accorded the same priority as the liquidator's expenses.

(3) The association shall periodically file with the receiver or liquidator of the insolvent insurer statements of the covered claims paid by the association and estimates of anticipated claims on the association which shall preserve the right of the association against the assets of the insolvent insurer. [2009 c 549 § 7139; 1971 ex.s. c 265 § 9.]

48.32.110 Prevention of insolvencies. To aid in the detection and prevention of insurer insolvencies:

(1) It shall be the duty of the board of directors, upon majority vote, to notify the commissioner of any information indicating any member insurer may be insolvent or in a financial condition hazardous to the policyholders or the public.

(2) The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be in a financial condition hazardous to the policyholders or the public. Within thirty days of the receipt of such request, the commissioner shall begin such examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by such persons as the commissioner designates. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with subsection (3) of this section. The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(3) It shall be the duty of the commissioner to report to the board of directors when he or she has reasonable cause to believe that any member insurer examined or being examined at the request of the board of directors may be insolvent or in a financial condition hazardous to the policyholders or the public.

(4) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. Such reports and recommendations shall not be considered public documents.

(5) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

(6) The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report on the history and causes of such insolvency, based on the information available to the association, and submit such report to the commissioner. [2009 c 549 § 7140; 1971 ex.s. c 265 § 11.]

48.32.150 Immunity. There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer, the association or its agents or employees, the board of directors, or the commissioner or his or her representatives for any action taken by them in the performance of their powers and duties under this chapter. [2009 c 549 § 7141; 1971 ex.s. c 265 § 15.]

48.32.170 Termination, distribution of fund. (1) The commissioner shall by order terminate the operation of the Washington insurers insolvency pool as to any kind of insurance afforded by property or casualty insurance policies with respect to which he or she has found, after hearing, that there is in effect a statutory or voluntary plan which:

(a) Is a permanent plan which is adequately funded or for which adequate funding is provided; and

(b) Extends, or will extend to state policyholders and residents protection and benefits with respect to insolvent insurers not substantially less favorable and effective to such policyholders and residents than the protection and benefits provided with respect to such kind of insurance under this chapter.

(2) The commissioner shall by the same such order authorize discontinuance of future payments by insurers to the Washington insurers insolvency pool with respect to the same kinds of insurance: PROVIDED, That assessments and payments shall continue, as necessary, to liquidate covered claims of insurers adjudged insolvent prior to said order and the related expenses not covered by such other plan.

(3) In the event the operation of any account of the Washington insurers insolvency pool shall be so terminated as to all kinds of insurance otherwise within its scope, the pool as soon as possible thereafter shall distribute the balance of the moneys and assets remaining in said account (after discharge of the functions of the pool with respect to prior insurer insolvencies not covered by such other plan, together with related expenses) to the insurers which are then writing in this state policies of the kinds of insurance covered by such account, and which had made payments into such account, pro rata upon the basis of the aggregate of such payments made by the respective insurers to such account during the period of five years next preceding the date of such order. Upon completion of such distribution with respect to all of the accounts specified in RCW 48.32.060, this chapter shall be deemed to have expired. [2009 c 549 § 7142; 1971 ex.s. c 265 § 17.]

48.41.100 Eligibility for coverage.
48.41.920 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. *(Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)*

48.41.060 Board powers and duties. (1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Designate or establish the standard health questionnaire to be used under RCW 48.41.100 and 48.43.018, including the form and content of the standard health questionnaire and the method of its application. The questionnaire must provide for an objective evaluation of an individual's health status by assigning a discreet measure, such as a system of point scoring to each individual. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;

(c) Approve the standard health questionnaire and any modifications needed to comply with this chapter. The standard health questionnaire shall be submitted to an actuary for certification, modified as necessary, and approved at least every thirty-six months. The designation and approval of the standard health questionnaire by the board shall not be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the approval of the questionnaire or any modification thereto, except that the initial standard health questionnaire approved for use by the board after March 23, 2000, may be used immediately following public notice of such approval;

(d) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(e)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified

by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(f) Issue policies of health coverage in accordance with the requirements of this chapter;

(g) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(h) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(i) Set a reasonable fee to be paid to an insurance producer licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(j) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW. [2009 c 555 § 2; 2008 c 217 § 47; 2005 c 7 § 2; 2004 c 260 § 26; 2000 c 79 § 9; 1997 c 337 § 5; 1997 c 231 § 211; 1989 c 121 § 3; 1987 c 431 § 6.]

48.41.100 Eligibility for coverage. (1)(a) The following persons who are residents of this state are eligible for pool coverage:

(i) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(ii) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(iii) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool;

(iv) Any person becoming eligible for medicare before August 1, 2009, who provides evidence of (A) a rejection for medical reasons, (B) a requirement of restrictive riders, (C) an up-rated premium, (D) a preexisting conditions limitation, or (E) lack of access to or for a comprehensive medicare supplemental insurance policy under chapter 48.66 RCW, the effect of any of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application; and

(v) Any person becoming eligible for medicare on or after August 1, 2009, who does not have access to a reasonable choice of comprehensive medicare part C plans, as defined in (b) of this subsection, and who provides evidence of (A) a rejection for medical reasons, (B) a requirement of restrictive riders, (C) an up-rated premium, (D) a preexisting conditions limitation, or (E) lack of access to or for a comprehensive medicare supplemental insurance policy under chapter 48.66 RCW, the effect of any of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(b) For purposes of (a)(v) of this subsection (1), a person does not have access to a reasonable choice of plans unless the person has a choice of health maintenance organization or preferred provider organization medicare part C plans offered by at least three different carriers that have had provider networks in the person's county of residence for at least five years. The plan options must include coverage at least as comprehensive as a plan F medicare supplement plan combined with medicare parts A and B. The plan options must also provide access to adequate and stable provider networks that make up-to-date provider directories easily accessible on the carrier web site, and will provide them in hard copy, if requested. In addition, if no health maintenance organization or preferred provider organization plan includes the health care provider with whom the person has an established care relationship and from whom he or she has received treatment

within the past twelve months, the person does not have reasonable access.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out two million dollars in benefits;

(c) Inmates of public institutions and those persons who become eligible for medical assistance after June 30, 2008, as defined in RCW 74.09.010. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(a)(iv) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(a)(iii) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(a)(iii) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(a)(iii) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a)(i), (ii), or (iv) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. (4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted, including examining the eight percent eligibility threshold, eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007. [2009 c 555 § 3; 2007 c 259 § 30; 2001 c 196 § 3; 2000 c 79 § 12; 1995 c 34 § 5; 1989 c 121 § 7; 1987 c 431 § 10.]

48.43.017 Organ transplant benefit waiting periods—Prior creditable coverage. (1) For each health benefit plan that is issued or renewed on or after January 1, 2010, a health carrier shall reduce any organ transplant benefit waiting period by the amount of time a covered person had prior creditable coverage. Benefits provided are subject to all

other terms and conditions of the health benefit plan, including but not limited to any applicable coinsurances, deductibles, and copayments.

(2) For purposes of this section, "creditable coverage" means the same as set forth in section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg), as it existed on July 26, 2009, or on such subsequent date as may be provided by the commissioner by rule, consistent with the purposes of this section, and also includes coverage which terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan if that coverage would otherwise have qualified as creditable coverage under that federal act. [2009 c 82 § 2.]

Intent—2009 c 82: "It is the intent of the legislature to reduce organ transplant benefit waiting periods for covered persons who have had prior continuous coverage and have changed health carriers or health benefit plans." [2009 c 82 § 1.]

48.43.018 Requirement to complete the standard health questionnaire—Exemptions—Results. (1) Except as provided in (a) through (g) of this subsection, a health carrier may require any person applying for an individual health benefit plan and the health care authority shall require any person applying for nonsubsidized enrollment in the basic health plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's or a basic health plan managed care system's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage or for basic health plan nonsubsidized enrollment is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to a change in employment status that would qualify him or her to purchase continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., but the person's employer is exempt under federal law from the requirement to offer such coverage, completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan, completion of the standard health questionnaire shall not be a condition of coverage if: (i) The person had at least twenty-four months of continuous basic health plan coverage under chapter 70.47 RCW immediately prior to disenrollment; and (ii) application for coverage is made within ninety days of disenrollment from the basic health plan. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous basic health plan coverage if application is made no more than ninety days prior to the date of disenrollment and the effective date of the individual coverage applied for is the date of disenrollment, or within ninety days thereafter.

(f) If a person is seeking an individual health benefit plan due to a change in employment status that would qualify him or her to purchase continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire is not a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(g) If a person is seeking an individual health benefit plan due to their terminating continuation coverage under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of terminating the continuation coverage; and (ii) the person had at

least twenty-four months of continuous group coverage immediately prior to the termination. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of termination of the continuation coverage and the effective date of the individual coverage applied for is the date the continuation coverage is terminated, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan and the health care authority, as administrator of basic health plan nonsubsidized coverage, shall not accept the person's application for enrollment as a nonsubsidized enrollee; and

(b) Within fifteen business days of receipt of a completed application, the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage, whichever entity administered the standard health questionnaire, shall accept the person for enrollment if he or she resides within the carrier's or the basic health plan's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals. 48.43.510 Carrier required to disclose health plan information—Marketing and advertising restrictions—Rules. (1) A carrier that offers a health plan may not offer to sell a health plan to an enrollee or to any group representative, agent, employer, or enrollee representative without first offering to provide, and providing upon request, the following information before purchase or selection:

(a) A listing of covered benefits, including prescription drug benefits, if any, a copy of the current formulary, if any is used, definitions of terms such as generic versus brand name, and policies regarding coverage of drugs, such as how they become approved or taken off the formulary, and how consumers may be involved in decisions about benefits;

(b) A listing of exclusions, reductions, and limitations to covered benefits, and any definition of medical necessity or other coverage criteria upon which they may be based;

(c) A statement of the carrier's policies for protecting the confidentiality of health information;

(d) A statement of the cost of premiums and any enrollee cost-sharing requirements;

(e) A summary explanation of the carrier's grievance process;

(f) A statement regarding the availability of a point-of-service option, if any, and how the option operates; and

(g) A convenient means of obtaining lists of participating primary care and specialty care providers, including disclosure of network arrangements that restrict access to providers within any plan network. The offer to provide the information referenced in this subsection (1) must be clearly and prominently displayed on any information provided to any prospective enrollee or to any prospective group representative, agent, employer, or enrollee representative.

(2) Upon the request of any person, including a current enrollee, prospective enrollee, or the insurance commissioner, a carrier must provide written information regarding any health care plan it offers, that includes the following written information:

(a) Any documents, instruments, or other information referred to in the medical coverage agreement;

(b) A full description of the procedures to be followed by an enrollee for consulting a provider other than the primary care provider and whether the enrollee's primary care provider, the carrier's medical director, or another entity must authorize the referral;

(c) Procedures, if any, that an enrollee must first follow for obtaining prior authorization for health care services;

(d) A written description of any reimbursement or payment arrangements, including, but not limited to, capitation provisions, fee-for-service provisions, and health care delivery efficiency provisions, between a carrier and a provider or network;

(e) Descriptions and justifications for provider compensation programs, including any incentives or penalties that are intended to encourage providers to withhold services or minimize or avoid referrals to specialists;

(f) An annual accounting of all payments made by the carrier which have been counted against any payment limita-

tions, visit limitations, or other overall limitations on a person's coverage under a plan;

(g) A copy of the carrier's grievance process for claim or service denial and for dissatisfaction with care; and

(h) Accreditation status with one or more national managed care accreditation organizations, and whether the carrier tracks its health care effectiveness performance using the health employer data information set (HEDIS), whether it publicly reports its HEDIS data, and how interested persons can access its HEDIS data.

(3) Each carrier shall provide to all enrollees and prospective enrollees a list of available disclosure items.

(4) Nothing in this section requires a carrier or a health care provider to divulge proprietary information to an enrollee, including the specific contractual terms and conditions between a carrier and a provider.

(5) No carrier may advertise or market any health plan to the public as a plan that covers services that help prevent illness or promote the health of enrollees unless it:

(a) Provides all clinical preventive health services provided by the basic health plan, authorized by chapter 70.47 RCW;

(b) Monitors and reports annually to enrollees on standardized measures of health care and satisfaction of all enrollees in the health plan. The state department of health shall recommend appropriate standardized measures for this purpose, after consideration of national standardized measurement systems adopted by national managed care accreditation organizations and state agencies that purchase managed health care services; and

(c) Makes available upon request to enrollees its integrated plan to identify and manage the most prevalent diseases within its enrolled population, including cancer, heart disease, and stroke.

(6) No carrier may preclude or discourage its providers from informing an enrollee of the care he or she requires, including various treatment options, and whether in the providers' view such care is consistent with the plan's health coverage criteria, or otherwise covered by the enrollee's medical coverage agreement with the carrier. No carrier may prohibit, discourage, or penalize a provider otherwise practicing in compliance with the law from advocating on behalf of an enrollee with a carrier. Nothing in this section shall be construed to authorize a provider to bind a carrier to pay for any service.

(7) No carrier may preclude or discourage enrollees or those paying for their coverage from discussing the comparative merits of different carriers with their providers. This prohibition specifically includes prohibiting or limiting providers participating in those discussions even if critical of a carrier.

(8) Each carrier must communicate enrollee information required in chapter 5, Laws of 2000 by means that ensure that a substantial portion of the enrollee population can make use of the information. Carriers may implement alternative, efficient methods of communication to ensure enrollees have access to information including, but not limited to, web site alerts, postcard mailings, and electronic communication in lieu of printed materials.

(9) The commissioner may adopt rules to implement this section. In developing rules to implement this section, the commissioner shall consider relevant standards adopted by national managed care accreditation organizations and state agencies that purchase managed health care services, as well as opportunities to reduce administrative costs included in health plans. [2009 c 329 § 3.]

48.43.680 Lifetime limit on transplants—Definition. (1) A health benefit plan that is issued or renewed on or after January 1, 2010, and that provides coverage for organ and tissue transplants, may not permit a separate lifetime limit on transplants of any less than three hundred fifty thousand dollars. The lifetime limit on transplants shall apply from one day prior to the date of the transplant or the date of hospital admission, for a patient who receives a transplant during the course of a longer hospital stay, through one hundred days after the transplant. Donor-related services may apply to the lifetime limit on transplants any time. The major medical lifetime limit shall apply to health care services provided before and after this time period. 48.44.023 Health plan benefits for small employers—Coverage—Exemption from statutory requirements—Premium rates—Requirements for providing coverage for small employers. (1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of

a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan. [2009 c 131 § 2; 2008 c 143 § 7; 2007 c 260 § 8; 2004 c 244 § 7; 1995 c 265 § 16; 1990 c 187 § 3.]

48.44.040 Registration with commissioner—Fee. Every health care service contractor who or which enters into agreements which require prepayment for health care services shall register with the insurance commissioner on forms to be prescribed and provided by him or her. Such registrants shall state their name, address, type of organization, area of operation, type or types of health care services provided, and such other information as may reasonably be required by the insurance commissioner and shall file with such registration a copy of all contracts being offered and a schedule of all rates charged. No registrant shall change any rates, modify any contract, or offer any new contract, until he or she has filed a copy of the changed rate schedule, modified contract, or new contract with the insurance commissioner. The insurance commissioner shall charge a fee of ten dollars for the filing of each original registration statement and may require each registrant to file a current reregistration statement annually thereafter. [2009 c 549 § 7145; 1947 c 268 § 4; Rem. Supp. 1947 § 6131-13.]

48.44.090 Refusal to register corporate, etc., contractor if name confusing with existing contractor or insurance company. The insurance commissioner shall refuse to accept the registration of any corporation, cooperative group, or association seeking to act as a health care service contractor if, in his or her discretion, the insurance commissioner deems that the name of the corporation, cooperative group, or association would be confused with the name of an existing registered health care service contractor or authorized insurance company. [2009 c 549 § 7146; 1961 c 197 § 6.]

48.44.145 Examination of contractors—Duties of contractor, powers of commissioner—Independent audit reports. (1) The commissioner may make an examination of the operations of any health care service contractor as often as he or she deems necessary in order to carry out the purposes of this chapter.

(2) Every health care service contractor shall submit its books and records relating to its operation for financial condition and market conduct examinations and in every way facilitate them. For the purpose of examinations, the commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the health care service contractor.

(3) The commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the health care service contractor in the course of that part of the commissioner's examination covering the same general subject matter as the audit. The commissioner

may incorporate the audit report in his or her report of the examination.

(4) Whenever any health care service contractor applies for initial admission, the commissioner may make, or cause to be made, an examination of the applicant's business and affairs. Whenever such an examination is made, all of the provisions of chapter 48.03 RCW not inconsistent with this chapter shall be applicable. In lieu of making an examination himself or herself the commissioner may, in the case of a foreign health care service contractor, accept an examination report of the applicant by the regulatory official in its state of domicile. [2009 c 549 § 7147; 1986 c 296 § 8; 1983 c 63 § 1; 1969 c 115 § 12.]

Severability—Effective date—1986 c 296: See notes following RCW 48.14.020.

48.44.160 Revocation, suspension, refusal of registration—Hearing—Cease and desist orders, injunctive action—Grounds. The insurance commissioner may, subject to a hearing if one is demanded pursuant to chapters 48.04 and 34.05 RCW, revoke, suspend, or refuse to accept or renew registration from any health care service contractor, or he or she may issue a cease and desist order, or bring an action in any court of competent jurisdiction to enjoin a health care service contractor from doing further business in this state, if such health care service contractor:

(1) Fails to comply with any provision of chapter 48.44 RCW or any proper order or regulation of the commissioner.

(2) Is found by the commissioner to be in such financial condition that its further transaction of business in this state would jeopardize the payment of claims and refunds to subscribers.

(3) Has refused to remove or discharge a director or officer who has been convicted of any crime involving fraud, dishonesty, or like moral turpitude, after written request by the commissioner for such removal, and expiration of a reasonable time therefor as specified in such request.

(4) Usually compels claimants under contracts either to accept less than the amount due them or to bring suit against it to secure full payment of the amount due.

(5) Is affiliated with and under the same general management, or interlocking directorate, or ownership as another health care contractor which operates in this state without having registered therefor, except as is permitted by this chapter.

(6) Refuses to be examined, or if its directors, officers, employees or representatives refuse to submit to examination or to produce its accounts, records, and files for examination by the commissioner when required, or refuse to perform any legal obligation relative to the examination.

(7) Fails to pay any final judgment rendered against it in this state upon any contract, bond, recognizance, or undertaking issued or guaranteed by it, within thirty days after the judgment became final or within thirty days after time for taking an appeal has expired, or within thirty days after dismissal of an appeal before final determination, whichever date is the later.

(8) Is found by the commissioner, after investigation or upon receipt of reliable information, to be managed by persons, whether by its directors, officers, or by any other means, who are incompetent or untrustworthy or so lacking in health care contracting or related managerial experience as to make the operation hazardous to the subscribing public; or that there is good reason to believe it is affiliated directly or indirectly through ownership, control, or other business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders or stockholders, or investors or creditors or subscribers or of the public, by bad faith or by manipulation of assets, or of accounts, or of reinsurance. 48.44.170 Hearings and appeals. For the purposes of this chapter, the insurance commissioner shall be subject to and may avail himself or herself of the provisions of chapter 48.04 RCW, which relate to hearings and appeals. [2009 c 549 § 7149; 1961 c 197 § 14.]

The commissioner shall issue a certificate of registration to the applicant within sixty days of such filing unless he or she notifies the applicant within such time that such application is not complete and the reasons therefor; or that he or she is not satisfied that:

(1) The basic organizational document of the applicant permits the applicant to conduct business as a health maintenance organization;

(2) The organization has demonstrated the intent and ability to assure that comprehensive health care services will be provided in a manner to assure both their availability and accessibility;

(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants. In making this determination, the commissioner shall consider among other relevant factors:

(a) Any agreements with an insurer, a medical or hospital service bureau, a government agency or any other organization paying or insuring payment for health care services;

(b) Any agreements with providers for the provision of health care services;

(c) Any arrangements for liability and malpractice insurance coverage; and

(d) Adequate procedures to be implemented to meet the protection against insolvency requirements in RCW 48.46.245;

Persons who are contracting with, operating in association with, recruiting enrolled participants for, or otherwise authorized by a health maintenance organization possessing a certificate of registration to act on its behalf may use the terms "health maintenance organization" or "HMO" for the limited purpose of denoting or explaining their relationship to such health maintenance organization.

The department of health, at the request of the insurance commissioner, shall inspect and review the facilities of every applicant health maintenance organization to determine that such facilities are reasonably adequate to provide the health care services offered in their contracts. If the commissioner has information to indicate that such facilities fail to continue to be adequate to provide the health care services offered, the department of health, upon request of the insurance commissioner, shall reinspect and review the facilities and report to the insurance commissioner as to their adequacy or inadequacy. 48.46.066 Health plan benefits for small employers—Coverage—Exemption from statutory requirements—Premium rates—Requirements for providing coverage for small employers. (1)(a) A health maintenance organization offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan under this subsection shall clearly disclose all the covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent

on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan. [2009 c 131 § 3; 2008 c 143 § 8; 2007 c 260 § 9; 2004 c 244 § 9; 1995 c 265 § 18; 1990 c 187 § 4.]

48.46.110 Name restrictions—Discrimination—Recovery of costs of health care services participant not entitled to. (1) No health maintenance organization may refer to itself in its name or advertising with any of the words: "insurance", "casualty", "surety", "mutual", or any other words descriptive of the insurance, casualty, or surety business, or deceptively similar to the name or description of any insurance or surety corporation or health care service contractor or other health maintenance organization doing business in this state.

(2) No health maintenance organization, nor any health care facility or provider with which such organization has contracted to provide health care services, shall discriminate against any person from whom or on whose behalf, payment to meet the required charge is available, with regard to enrollment, disenrollment, or the provision of health care services, on the basis of such person's race, color, sex, religion, place of residence if there is reasonable access to the facility of the health maintenance organization, socioeconomic status, or status as a recipient of medicare under Title XVIII of the Social Security Act, 42 U.S.C. section 1396, et seq.

(3) Where a health maintenance organization determines that an enrolled participant has received health care services to which such enrolled participant is not entitled under the terms of his or her health maintenance agreement, neither such organization, nor any health care facility or provider with which such organization has contracted to provide health care services, shall have recourse against such enrolled participant for any amount above the actual cost of providing such service, if any, specified in such agreement, unless the enrolled participant or a member of his or her family has given or withheld information to the health maintenance organization, the effect of which is to mislead or misinform the health maintenance organization as to the enrolled participant's right to receive such services. [2009 c 549 § 7151; 1983 c 202 § 11; 1975 1st ex.s. c 290 § 12.]

48.46.120 Examination of health maintenance organizations—Duties of organizations, powers of commissioner—Independent audit reports. (1) The commissioner may make an examination of the operations of any health maintenance organization as often as he or she deems necessary in order to carry out the purposes of this chapter.

(2) Every health maintenance organization shall submit its books and records relating its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of medical services or systems shall not be examined except to the extent that such items are incidental to an examination of the financial condition or the market conduct of a health maintenance organization. For the purpose of examinations, the commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the health maintenance organization and the principals of such providers concerning their business.

(3) The commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the health maintenance organization in the course of that part of the commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination. [2009 c 549 § 7152; 2007 c 468 § 2; 1987 c 83 § 1; 1986 c 296 § 9; 1985 c 7 § 115; 1983 c 63 § 2; 1975 1st ex.s. c 290 § 13.]

Severability—Effective date—1986 c 296: See notes following RCW 48.14.020.

48.46.200 Rules and regulations. The commissioner may, in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW, promulgate rules and regulations as necessary or proper to carry out the provisions of this chapter. Nothing in this chapter shall be construed to prohibit the commissioner from requiring changes in procedures previously approved by him or her. [2009 c 549 § 7153; 1975 1st ex.s. c 290 § 21.]

48.46.240 Funded reserve requirements. (1) Each health maintenance organization obtaining a certificate of registration from the commissioner shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the commissioner or with any organization/trustee acceptable to him or her in the form of cash, securities eligible for investment by the health maintenance organization pursuant to chapter 48.13 RCW, approved surety bond or any combination of these, and must equal or exceed one hundred fifty thousand dollars. The funded reserve shall be established as an assurance that the uncovered expenditure obligations of the health maintenance organization to the enrolled participants will be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing health maintenance organization and shall be paid to it as it becomes available.

(3) Any funded reserve required by this section shall be considered an asset of the health maintenance organization in determining the organization's net worth.

(4) A health maintenance organization that has made a securities deposit with the commissioner may, at its option, withdraw the securities deposit or any part of the deposit after first having deposited or provided in lieu thereof an approved surety bond, a deposit of cash or securities, or any combination of these or other deposits of equal amount and value to that withdrawn. Any securities and surety bond shall be subject to approval by the commissioner before being substituted. [2009 c 549 § 7154; 1990 c 119 § 6; 1985 c 320 § 4; 1982 c 151 § 3.]

registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. 48.56.040 Investigation of applicant—Qualifications—Hearing.
48.56.050 Revocation, suspension, or refusal to renew.

48.56.040 Investigation of applicant—Qualifications—Hearing. (1) Upon the filing of an application and the payment of the license fee the commissioner shall make an investigation of each applicant and shall issue a license if the applicant is qualified in accordance with this chapter. If the commissioner does not so find, he or she shall, within thirty days after he or she has received such application, at the request of the applicant, give the applicant a full hearing.

(2) The commissioner shall issue or renew a license as may be applied for when he or she is satisfied that the person to be licensed—

(a) is competent and trustworthy and intends to act in good faith in the capacity involved by the license applied for,

(b) has a good business reputation and has had experience, training, or education so as to be qualified in the business for which the license is applied for, and

(c) if a corporation, is a corporation incorporated under the laws of the state or a foreign corporation authorized to transact business in the state. [2009 c 549 § 7155; 1969 ex.s. c 190 § 4.]

48.56.050 Revocation, suspension, or refusal to renew. (1) The commissioner may revoke or suspend the license of any premium finance company when and if after investigation it appears to the commissioner that—

(a) any license issued to such company was obtained by fraud,

(b) there was any misrepresentation in the application for the license,

(c) the holder of such license has otherwise shown himself or herself untrustworthy or incompetent to act as a premium finance company, or

(d) such company has violated any of the provisions of this chapter.

(2) Before the commissioner shall revoke, suspend, or refuse to renew the license of any premium finance company, he or she shall give to such person an opportunity to be fully heard and to introduce evidence in his or her behalf. In lieu of revoking or suspending the license for any of the causes enumerated in this section, after hearing as herein provided, the commissioner may subject such company to a penalty of not more than two hundred dollars for each offense when in his or her judgment he or she finds that the public interest would not be harmed by the continued operation of such company. The amount of any such penalty shall be paid by such company through the office of the commissioner to the state treasurer. At any hearing provided by this section, the commissioner shall have authority to administer oaths to witnesses. Anyone testifying falsely, after having been administered such oath, shall be subject to the penalty of perjury.

(3) If the commissioner refuses to issue or renew any license or if any applicant or licensee is aggrieved by any action of the commissioner, said applicant or licensee shall have the right to a hearing and court proceeding as provided by statute. [2009 c 549 § 7156; 1969 ex.s. c 190 § 5.]

48.56.060 Records. (1) Every licensee shall maintain records of its premium finance transactions and the said records shall be open to examination and investigation by the commissioner. The commissioner may at any time require any licensee to bring such records as he or she may direct to the commissioner's office for examination.

(2) Every licensee shall preserve its records of such premium finance transactions, including cards used in a card system, for at least three years after making the final entry in respect to any premium finance agreement. The preservation of records in photographic form shall constitute compliance with this requirement. [2009 c 549 § 7157; 1969 ex.s. c 190 § 6.]

48.56.110 Cancellation of insurance contract. (1) When a premium finance agreement contains a power of attorney enabling the premium finance company to cancel any insurance contract or contracts listed in the agreement, the insurance contract or contracts shall not be canceled by the premium finance company unless such cancellation is effectuated in accordance with this section.

(2) Not less than ten days' written notice shall be mailed to the insured of the intent of the premium finance company to cancel the insurance contract unless the default is cured within such ten day period.

(3) After expiration of such ten day period, the premium finance company may thereafter request in the name of the insured, cancellation of such insurance contract or contracts by mailing to the insurer a notice of cancellation, and the insurance contract shall be canceled as if such notice of cancellation had been submitted by the insured himself or herself, but without requiring the return of the insurance contract or contracts. The premium finance company shall also mail a notice of cancellation to the insured at his last known address.

(4) All statutory, regulatory, and contractual restrictions providing that the insurance contract may not be canceled unless notice is given to a governmental agency, mortgagee, or other third party shall apply where cancellation is effected under the provisions of this section. The insurer shall give the prescribed notice in behalf of itself or the insured to any governmental agency, mortgagee, or other third party on or before the second business day after the day it receives the notice of cancellation from the premium finance company and shall determine the effective date of cancellation taking into consideration the number of days notice required to complete the cancellation. (1) No employee or official of a local government entity may directly or indirectly receive anything of value for services rendered in connection with the operation and management of a self-insurance program other than the salary and benefits provided by his or her employer or the reimbursement of expenses reasonably incurred in furtherance of the operation or management of the program. No employee or official of a local government entity may accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the employee's or official's independence of judgment is impaired with respect to the management and operation of the program.

(2)(a) No local government entity may participate in a joint self-insurance program in which local government entities do not retain complete governing control. This prohibition does not apply to:

(i) Local government contribution to a self-insured employee health and welfare benefits plan otherwise authorized and governed by state statute;

(ii) Local government participation in a multistate joint program where control is shared with local government entities from other states; or

(iii) Local government contribution to a self-insured employee health and welfare benefit trust in which the local government shares governing control with their employees.

(b) If a local government self-insured health and welfare benefit program, established by the local government as a trust, shares governing control of the trust with its employees:

(i) The local government must maintain at least a fifty percent voting control of the trust;

(ii) No more than one voting, nonemployee, union representative selected by employees may serve as a trustee; and

(iii) The trust agreement must contain provisions for resolution of any deadlock in the administration of the trust.

(3) Moneys made available and moneys expended by school districts and educational service districts for self-insurance under this chapter are subject to such rules of the superintendent of public instruction as the superintendent may adopt governing budgeting and accounting. However, the superintendent shall ensure that the rules are consistent with those adopted by the state risk manager for the management and operation of self-insurance programs.

(4) RCW 48.30.140, 48.30.150, 48.30.155, and 48.30.157 apply to the use of insurance producers and surplus line brokers by local government self-insurance programs.

(5) Every individual and joint local government self-insured health and welfare benefits program that provides comprehensive coverage for health care services shall include mandated benefits that the state health care authority is required to provide under RCW 41.05.170 and 41.05.180. The state risk manager may adopt rules identifying the mandated benefits.

(6) An employee health and welfare benefit program established as a trust shall contain a provision that trust funds be expended only for purposes of the trust consistent with statutes and rules governing the local government or governments creating the trust. The health services commission shall make appropriate recommendations to the governor and the legislature as to how these trusts can be brought under the provisions of chapter 492, Laws of 1993." [1993 c 458 § 3.]

48.62.151 Insurance premium taxes—Exemption. A joint self-insurance program approved in accordance with this chapter is exempt from insurance premium taxes, from fees assessed under chapter 48.02 RCW, from chapters 48.32 and 48.32A RCW, from business and occupations taxes imposed under chapter 82.04 RCW, and from any assigned risk plan or joint underwriting association otherwise required by law. 48.64.005 Intent—Liberal construction. ***(Effective January 1, 2010.)*** This chapter is intended to provide authority for two or more affordable housing entities to participate in a joint self-insurance program covering property or liability risks. This chapter provides affordable housing entities with the exclusive source of authority to jointly self-insure property and liability risks, jointly purchase insurance or reinsurance, and to contract for risk management, claims, and administrative services with other affordable housing entities. This chapter must be liberally construed to grant affordable housing entities maximum flexibility in jointly self-insuring to the extent the self-insurance programs are operated in a safe and sound manner. This chapter is intended to require prior approval for the establishment of every joint self-insurance program. In addition, this chapter is intended to require every joint self-insurance program for affordable housing entities established under this chapter to notify the state of the existence of the program and to comply with the regulatory and statutory standards governing the management and operation of the programs as provided in this chapter. This chapter is not intended to authorize or regulate self-insurance of unemployment compensation under chapter 50.44 RCW or industrial insurance under chapter 51.14 RCW. [2009 c 314 § 1.]

48.64.010 Definitions. ***(Effective January 1, 2010.)*** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means housing projects in which some of the dwelling units may be purchased or rented on a basis that is affordable to households with an income of eighty percent or less of the county median family income, adjusted for family size.

(2) "Affordable housing entity" means any of the following:

(a) A housing authority created under the laws of this state or another state and any agency or instrumentality of a housing authority including, but not limited to, a legal entity created to conduct a joint self-insurance program for housing authorities that is operating in accordance with chapter 48.62 RCW;

(b) A nonprofit corporation, whether organized under the laws of this state or another state, that is engaged in providing affordable housing and is necessary for the completion, management, or operation of a project because of its access to funding sources that are not available to a housing authority, as described in this section; or

(c) A general or limited partnership or limited liability company, whether organized under the laws of this state or another state, that is engaged in providing affordable housing as defined in this section. A partnership or limited liability company may only be considered an affordable housing entity if a housing authority or nonprofit corporation, as described in this subsection, satisfies any of the following conditions: (i) It has, or has the right to acquire, a financial or ownership interest in the partnership or limited liability company; (ii) it possesses the power to direct management or policies of the partnership or limited liability company; or (iii) it has entered into a contract to lease, manage, or operate the affordable housing owned by the partnership or limited liability company.

(3) "Property and liability risks" includes the risk of property damage or loss sustained by an affordable housing entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the entity.

(4) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(5) "State risk manager" means the risk manager of the risk management division within the office of financial management. [2009 c 314 § 2.]

48.64.020 Rules necessary to implement multistate program—State risk manager. ***(Effective January 1, 2010.)*** Prior to the approval of a multistate joint self-insurance program for affordable housing entities, the state risk manager shall adopt rules further clarifying the definitions of "affordable housing" and "affordable housing entity" as defined in RCW 48.64.010, and the conditions and limitations under which affordable housing entities may participate or be expelled from the joint self-insurance program. [2009 c 314 § 3.]

48.64.030 Authority to join or form program—Requirements—Terms of agreement. ***(Effective January 1, 2010.)*** (1) The governing body of an affordable housing entity may join or form a self-insurance program together with one or more other affordable housing entities, and may jointly purchase insurance or reinsurance with one or more other affordable housing entities for property and liability risks only as permitted under this chapter. Affordable housing entities may contract for or hire personnel to provide risk management, claims, and administrative services in accordance with this chapter.

(2) The agreement to form a joint self-insurance program may include the organization of a separate legal or administrative entity with powers delegated to the entity. The entity may be a nonprofit corporation, limited liability company, partnership, trust, or other form of entity, whether organized under the laws of this state or another state.

(3) If provided for in the organizational documents, a joint self-insurance program may, in conformance with this chapter:

(b) Contract or otherwise provide legal counsel for the defense of claims and other legal services;

(c) Consult with the state insurance commissioner and the state risk manager;

(d) Jointly purchase insurance and reinsurance coverage in a form and amount as provided for in the organizational documents;

(4) Every joint self-insurance program governed by this chapter must appoint the state risk manager as its attorney to receive service of, and upon whom must be served, all legal process issued against the program in this state upon causes of action arising in this state.

(a) Service upon the state risk manager as attorney constitutes service upon the program. Service upon joint self-insurance programs subject to this chapter may only occur by service upon the state risk manager. At the time of service, the plaintiff shall pay to the state risk manager a fee to be set by the state risk manager, taxable as costs in the action.

(b) With the initial filing for approval with the state risk manager, each joint self-insurance program must designate by name and address the person to whom the state risk manager must forward legal process that is served upon him or her. The joint self-insurance program may change this person by filing a new designation.

(c) The appointment of the state risk manager as attorney is irrevocable, binds any successor in interest or to the assets or liabilities of the joint self-insurance program, and remains in effect as long as there is in force in this state any contract made by the joint self-insurance program or liabilities or duties arising from the contract.

(d) The state risk manager shall keep a record of the day and hour of service upon him or her of all legal process. A copy of the process, by registered mail with return receipt requested, must be sent by the state risk manager to the person designated to receive legal process by the joint self-insurance program in its most recent designation filed with the state risk manager. (a) The state risk manager shall deliver the order to the appropriate entity or entities directly or mail it to the appropriate entity or entities by certified mail with return receipt requested.

(b) If the program violates the order or has not taken steps to comply with the order after the expiration of twenty days after the cease and desist order has been received by the program, the program is deemed to be operating in violation of this chapter, and the state risk manager shall notify the attorney general of the violation.

(c) After hearing or with the consent of a program governed under this chapter and in addition to or in lieu of a continuation of the cease and desist order, the state risk manager may levy a fine upon the program in an amount not less than three hundred dollars and not more than ten thousand dollars. The order levying the fine must specify the period within which the fine must be fully paid. The period within which the fines must be paid must not be less than fifteen and no more than thirty days from the date of the order. Upon failure to pay the fine when due, the state risk manager shall request the attorney general to bring a civil action on the state risk manager's behalf to collect the fine. The state risk manager shall pay any fine collected to the state treasurer for the account of the general fund.

(4) Each joint self-insurance program approved by the state risk manager shall annually file a report with the state risk manager providing:

The state risk manager shall approve or disapprove the proposed change within sixty days of receipt of the notice. If the state risk manager denies a requested change, the state risk manager shall specify in detail the reasons for the denial and the manner in which the program

The program may pay the premium on the bond.

(2) All interest and earnings collected on joint self-insurance program funds belong to the program and must be deposited to the program's credit in the proper program account. [2009 c 314 § 10.]

An employee or official of a participating affordable housing entity in a joint self-insurance program may not accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the employee's or official's independence of judgment is impaired with respect to the management and operation of the program.

(2) The state risk manager and his agents and employees are immune from liability in any civil action or suit arising from the publication of any report or bulletins or arising from dissemination of information related to the official activities of the state risk manager unless actual malice, fraud, or bad faith is shown.

48.99.020 Delinquency proceedings—Domestic insurers. (1) Whenever under the laws of this state a receiver is to be appointed in delinquency proceedings for an insurer domiciled in this state, the court shall appoint the commissioner as such receiver. The court shall direct the commissioner forthwith to take possession of the assets of the insurer and to administer the same under the orders of the court.

(2) As domiciliary receiver the commissioner shall be vested by operation of law with the title to all of the property, contracts, and rights of action, and all of the books and records of the insurer wherever located, as of the date of entry of the order directing him or her to rehabilitate or liquidate a domestic insurer, or to liquidate the United States branch of an alien insurer domiciled in this state, and he or she shall have the right to recover the same and reduce the same to possession; except that ancillary receivers in reciprocal states shall have, as to assets located in their respective states, the rights and powers which are hereinafter prescribed for ancillary receivers appointed in this state as to assets located in this state.

(3) The filing or recording of the order directing possession to be taken, or a certified copy thereof, in the office where instruments affecting title to property are required to be filed or recorded shall impart the same notice as would be imparted by a deed, bill of sale, or other evidence of title duly filed or recorded.

(4) The commissioner as domiciliary receiver shall be responsible on his or her official bond for the proper administration of all assets coming into his or her possession or control. The court may at any time require an additional bond from the commissioner or his or her deputies if deemed desirable for the protection of the assets.

(5) Upon taking possession of the assets of an insurer the domiciliary receiver shall, subject to the direction of the court, immediately proceed to conduct the business of the insurer or to take such steps as are authorized by the laws of this state for the purpose of liquidating, rehabilitating, reorganizing, or conserving the affairs of the insurer.

(6) In connection with delinquency proceedings the commissioner may appoint one or more special deputy commissioners to act for him or her, and may employ such counsel, clerks, and assistants as he or she deems necessary. The compensation of the special deputies, counsel, clerks, or assistants and all expenses of taking possession of the insurer and of conducting the proceedings shall be fixed by the receiver, subject to the approval of the court, and shall be paid out of the funds or assets of the insurer. Within the limits of the duties imposed upon them special deputies shall possess all the powers given to, and, in the exercise of those powers, shall be subject to all of the duties imposed upon the receiver with respect to such proceedings. 48.99.030 Delinquency proceedings—Foreign insurers. (1) Whenever under the laws of this state an ancillary receiver is to be appointed in delinquency proceedings for an insurer not domiciled in this state, the court shall appoint the commissioner as ancillary receiver. The commissioner shall file a petition requesting the appointment (a) if he or she finds that there are sufficient assets of such insurer located in this state to justify the appointment of an ancillary receiver, or (b) if ten or more persons resident in this state having claims against such insurer file a petition with the commissioner requesting the appointment of such ancillary receiver.

(2) The domiciliary receiver for the purpose of liquidating an insurer domiciled in a reciprocal state, shall be vested by operation of law with the title to all of the property, contracts, and rights of action, and all of the books and records of the insurer located in this state, and he or she shall have the immediate right to recover balances due from local insurance producers and surplus line brokers and to obtain possession of any books and records of the insurer found in this state. He or she shall also be entitled to recover the other assets of the insurer located in this state except that upon the appointment of an ancillary receiver in this state, the ancillary receiver shall during the ancillary receivership proceedings have the sole right to recover such other assets. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state, and shall pay the necessary expenses of the proceedings. All remaining assets shall promptly transfer to the domiciliary receiver. Subject to the foregoing provisions the ancillary receiver and his or her deputies shall have the same powers and be subject to the same duties with respect to the administration of such assets, as a receiver of an insurer domiciled in this state.

48.99.050 Claims of residents against foreign insurer. (1) In a delinquency proceeding in a reciprocal state against an insurer domiciled in that state, claimants against such insurer, who reside within this state may file claims either with the ancillary receiver, if any, appointed in this state, or with the domiciliary receiver. All such claims must be filed

on or before the last date fixed for the filing of claims in the domiciliary delinquency proceeding.

(2) Controverted claims belonging to claimants residing in this state may either (a) be proved in the domiciliary state as provided by the law of that state, or (b) if ancillary proceedings have been commenced in this state, be proved in those proceedings. In the event that any such claimant elects to prove his or her claim in this state, he or she shall file his or her claim with the ancillary receiver in the manner provided by the law of this state for the proving of claims against insurers domiciled in this state, and he or she shall give notice in writing to the receiver in the domiciliary state, either by registered mail or by personal service at least forty days prior to the date set for hearing. The notice shall contain a concise statement of the amount of the claim, the facts on which the claim is based, and the priorities asserted, if any. If the domiciliary receiver, within thirty days after the giving of such notice, shall give notice in writing to the ancillary receiver and to the claimant, either by registered mail or by personal service, of his or her intention to contest such claim, he or she shall be entitled to appear or to be represented in any proceeding in this state involving the adjudication of the claim. The final allowance of the claim by the courts of this state shall be accepted as conclusive as to its amount, and shall also be accepted as conclusive as to its priority, if any, against special deposits or other security located within this state. [2009 c 549 § 7160; 1947 c 79 § .31.15; Rem. Supp. 1947 § 45.31.15. Formerly RCW 48.31.150.]

48.99.060 Priority of certain claims. (1) In a delinquency proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states shall be preferred claims if like claims are preferred under the laws of this state. All such claims whether owing to residents or nonresidents shall be given equal priority of payment from general assets regardless of where such assets are located.

(2) In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

(3) The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(4) The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his or her security and file his or her claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this chapter, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amount shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state. benefit or ownership of a policy or an interest in a policy pursuant to a life settlement contract.

(2) "Broker" means a person who, on behalf of an owner and for a fee, commission, or other valuable consideration, offers or attempts to negotiate life settlement contracts between an owner and providers. A broker represents only the owner and owes a fiduciary duty to the owner to act according to the owner's instructions, and in the best interest of the owner, notwithstanding the manner in which the broker is compensated. A broker does not mean an attorney, certified public accountant, or financial planner retained in the type of practice customarily performed in their professional capacity to represent the owner whose compensation is not paid directly or indirectly by the provider or any other person, except the owner.

(3) "Business of life settlements" means an activity involved in, but not limited to, offering to enter into, soliciting, negotiating, procuring, effectuating, monitoring, or tracking life settlement contracts.

(b) "Financing entity" does not mean a nonaccredited investor or purchaser.

(7) "Financing transaction" means a transaction in which a licensed provider obtains financing from a financing entity including, without limitation, any secured or unsecured financing, any securitization transaction, or any securities offering which either is registered or exempt from registration under federal and state securities law.

Any trust that is created to give the appearance of insurable interest, and is used to initiate one or more policies for investors, violates chapter 48.18 RCW and the prohibition against wagering on human life. Stranger-originated life insurance arrangements do not include those practices set forth in subsection (12)(d) of this section.

(26) "Terminally ill" means having an illness or sickness that can reasonably be expected to result in death in twenty-four months or less. [2009 c 104 § 2.]

(1) A person, wherever located, shall not act as a provider with an owner who is a resident of this state or if there is more than one owner on a single policy and one of the owners is a resident of this state, without first having obtained a license from the commissioner.

(2) An application for a provider license shall be made to the commissioner by the applicant on a form prescribed by the commissioner, and the application shall be accompanied by a licensing fee in the amount of two hundred fifty dollars, which shall be deposited to the insurance commissioner's regulatory account under RCW 48.02.190.

(3) All provider licenses shall continue in force until suspended, revoked, or not renewed. A license shall be subject to renewal annually on the first day of July upon application of the provider and payment of a renewal fee of two hundred fifty dollars, which shall be deposited to the insurance commissioner's regulatory account under RCW 48.02.190. If not so renewed, the license shall automatically expire on the renewal date.

(a) If the renewal fee is not received by the commissioner prior to the expiration date, the provider shall pay to the commissioner in addition to the renewal fee, a surcharge as follows:

(i) For the first thirty days or part thereof delinquency the surcharge is fifty percent of the renewal fee;

(ii) For the next thirty days or part thereof delinquency the surcharge is one hundred percent of the renewal fee;

(b) If the renewal fee is not received by the commissioner after sixty days but prior to twelve months after the expiration date the payment of the renewal fee shall be for reinstatement of the license and the provider shall pay to the commissioner the renewal fee and a surcharge of two hundred percent.

(4) Subsection (3)(a) and (b) of this section does not exempt any person from any penalty provided by law for transacting a life settlement business without a valid and subsisting license.

(5) The applicant shall provide such information as the commissioner may require on forms prescribed by the commissioner. The commissioner has the authority, at any time, to require such an applicant to fully disclose the identity of its stockholders, partners, officers, and employees, and the commissioner may, in the exercise of the commissioner's sole discretion, refuse to issue such a license in the name of any person if not satisfied that any officer, employee, stockholder, or partner thereof who may materially influence the applicant's conduct meets the standards of this chapter.

(6) A license issued to a partnership, corporation, or other entity authorizes all members, officers, and designated employees to act as a licensee under the license, if those persons are named in the application and any supplements to the application.

(7) Upon the filing of an application for a provider's license and the payment of the license fee, the commissioner shall make an investigation of each applicant and may issue a license if the commissioner finds that the applicant:

(a) Has provided a detailed plan of operation;

(b) Is competent and trustworthy and intends to transact its business in good faith;

(c) Has a good business reputation and has had experience, training, or education so as to be qualified in the business for which the license is applied;

(d)(i) Has demonstrated evidence of financial responsibility in a form and in an amount prescribed by the commissioner by rule.

(ii) The commissioner may ask for evidence of financial responsibility at any time the commissioner deems necessary;

(e) If the applicant is a legal entity, is formed or organized pursuant to the laws of this state, is a foreign legal entity authorized to transact business in this state, or provides a certificate of good standing from the state of its domicile; and

(f) Has provided to the commissioner an antifraud plan that meets the requirements of RCW 48.102.140 and includes:

(i) A description of the procedures for detecting and investigating possible fraudulent acts and procedures for resolving material inconsistencies between medical records and insurance applications;

(ii) A description of the procedures for reporting fraudulent insurance acts to the commissioner;

(iii) A description of the plan for antifraud education and training of its underwriters and other personnel; and

(iv) A written description or chart outlining the arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent insurance acts and investigating unresolved material inconsistencies between medical records and insurance applications.

(8)(a) A nonresident provider shall appoint the commissioner as its attorney to receive service of, and upon whom shall be served, all legal process issued against it in this state upon causes of action arising within this state. Service upon the commissioner as attorney shall constitute service upon the provider. Service of legal process against the provider can be had only by service upon the commissioner.

(b) With the appointment the provider shall designate the person to whom the commissioner shall forward legal process so served upon him or her. The provider may change the person by filing a new designation.

(c) The appointment of the commissioner as attorney shall be irrevocable, shall bind any successor in interest or to the assets or liabilities of the provider, and shall remain in effect as long as there is in this state any contract made by the provider or liabilities or duties arising therefrom.

(d) Duplicate copies of legal process against a provider for whom the commissioner is attorney shall be served upon him or her either by a person competent to serve summons, or by registered mail. At the time of service the plaintiff shall pay to the commissioner ten dollars, taxable as costs in the action.

(e) The commissioner shall immediately send one of the copies of the process, by registered mail with return receipt requested, to the person designated for the purpose by the provider in its most recent designation filed with the commissioner.

(f) The commissioner shall keep a record of the day and hour of service upon him or her of all legal process. Proceedings shall not be had against the provider, and the provider shall not be required to appear, plead, or answer until the expiration of forty days after the date of service upon the commissioner.

(9) A provider may not use any person to perform the functions of a broker unless the person is authorized to act as a broker under this chapter.

(10) A provider shall provide to the commissioner new or revised information about officers, stockholders, partners, directors, members, or designated employees within thirty days of the change. [2009 c 104 § 3.]

48.102.021 Licensing requirements for brokers. (1) Only a life insurance producer who has been duly licensed as a resident insurance producer with a lifeline of authority in this state or his or her home state for at least one year and is licensed as a nonresident producer in this state is permitted to operate as a broker.

(2) Not later than thirty days from the first day of operating as a broker, the life insurance producer shall notify the

commissioner that he or she intends acting as a broker on a form prescribed by the commissioner, pay a fee of one hundred dollars, and if a nonresident producer appoint the commissioner as attorney for service of process under subsection (6) of this section. Notification shall include an acknowledgement by the life insurance producer that he or she will operate as a broker in accordance with this chapter.

(3) A person licensed as an attorney, certified public accountant, or financial planner accredited by a nationally recognized accreditation agency, who is retained to represent the owner, whose compensation is not paid directly or indirectly by the provider or purchaser, may negotiate life settlement contracts on behalf of the owner without having to obtain a license as a broker.

(4) The authority to act as a broker shall continue in force until suspended, revoked, or not renewed. The authority to act as a broker shall automatically expire if not timely renewed. The authority to act as a broker shall be valid for a time period coincident with the expiration date of the broker's insurance producer license. The authority to act as a broker is renewable at that time, upon payment of a renewal fee in the amount of one hundred dollars and if the payment is received by the commissioner prior to the expiration date, the broker's authority to act as a broker continues in effect.

(a) If the renewal fee is not received by the commissioner prior to the expiration date, the broker shall pay to the commissioner in addition to the renewal fee, a surcharge as follows:

(i) For the first thirty days or part thereof of delinquency the surcharge is fifty percent of the renewal fee;

(ii) For the next thirty days or part thereof delinquency the surcharge is one hundred percent of the renewal fee;

(b) If the payment of the renewal fee is not received by the commissioner after sixty days the surcharge is two hundred percent of the renewal fee.

(5) Subsection (4)(a) of this section does not exempt any person from any penalty provided by law for transacting life settlement business without the valid authority to act as a broker.

(6)(a) A nonresident broker shall appoint the commissioner as its attorney to receive service of, and upon whom shall be served, all legal process issued against it in this state upon causes of action arising within this state. Service upon the commissioner as attorney shall constitute service upon the broker. Service of legal process against the broker can be had only by service upon the commissioner.

(b) With the appointment the broker shall designate the person to whom the commissioner shall forward legal process so served upon him or her. The broker may change the person by filing a new designation.

(c) The appointment of the commissioner as attorney shall be irrevocable, shall bind any successor in interest or to the assets or liabilities of the broker, and shall remain in effect as long as there is in this state any contract made by the broker or liabilities or duties arising therefrom.

(d) Duplicate copies of legal process against a broker for whom the commissioner is attorney shall be served upon him or her either by a person competent to serve summons, or by registered mail. At the time of service the plaintiff shall pay to the commissioner ten dollars, taxable as costs in the action.

(e) The commissioner shall immediately send one of the copies of the process, by registered mail with return receipt requested, to the person designated for the purpose by the broker in its most recent designation filed with the commissioner.

(f) The commissioner shall keep a record of the day and hour of service upon him or her of all legal process. Proceedings shall not be had against the broker, and the broker shall not be required to appear, plead, or answer until the expiration of forty days after the date of service upon the commissioner.

(7) A broker may not use any person to perform the functions of a provider unless such a person holds a current, valid license as a provider, and as provided in this chapter. [2009 c 104 § 4.]

(d) Has violated any of the provisions of this chapter or fails to comply with any proper order or regulation of the commissioner;

then such action shall be an additional cause under RCW 48.17.530 to place on probation, suspend, revoke, or refuse to renew the insurance producer's license of the broker.

The procedure to suspend, revoke, or nonrenew the broker's insurance producer license shall be governed by RCW 48.17.540. The suspension, revocation, or nonrenewal of the broker's insurance producer license shall terminate the insurance producer's authority to act as a broker under this chapter.

(g) The provider has entered into any life settlement contract that has not been approved under this chapter;

(h) The provider has failed to honor contractual obligations set out in a life settlement contract;

(i) The provider has assigned, transferred, or pledged a settled policy to a person other than a provider licensed in this state, a purchaser, an accredited investor or qualified institutional buyer as defined, respectively, in regulation D, rule 501 or rule 144A of the federal securities act of 1933, as amended, a financing entity, a special purpose entity, or a related provider trust; or

(j) The provider or any officer, partner, member, or key management personnel has violated any of the provisions of this chapter or fails to comply with any proper order or regulation of the commissioner.

(3) The commissioner shall give the provider notice of his or her intention to suspend, revoke, or not renew its license not less than ten days before the order of suspension, revocation, or nonrenewal is to become effective. The commissioner shall not suspend a provider's license for a period in excess of one year, and the commissioner shall state in the order of suspension the period during which it shall be effective.

(4) After hearing or with the consent of the provider or broker and in addition to or in lieu of the suspension, revocation, or refusal to renew any license, the commissioner may levy a fine upon the provider or broker or its employees in an amount not less than two hundred fifty dollars and not more than ten thousand dollars. The order levying the fine shall specify the period within which the fine shall be fully paid and which period shall not be less than fifteen nor more than thirty days from the date of the order. Upon failure to pay the fine when due the commissioner shall revoke the license of the provider or the insurance producer license of the broker if not already revoked, and the fine shall be recovered in a civil action brought on behalf of the commissioner by the attorney general. Any fine so collected shall be paid by the commissioner to the state treasurer for the account of the general fund. [2009 c 104 § 5.]

48.102.041 Contract requirements. (1) A person may not use any form of life settlement contract in this state unless it has been filed with and approved, if required, by the commissioner in a manner that conforms with the filing procedures and any time restrictions or deeming provisions, if any, for life insurance forms, policies, and contracts.

(2) An insurer may not, as a condition of responding to a request for verification of coverage or in connection with the transfer of a policy pursuant to a life settlement contract, require that the owner, insured, provider, or broker sign any form, disclosure, consent, waiver, or acknowledgment that has not been expressly approved by the commissioner for use in connection with life settlement contracts in this state.

(3) A person shall not use a life settlement contract form or provide to an owner a disclosure statement form in this state unless first filed with and approved by the commissioner. The commissioner shall disapprove a life settlement contract form or disclosure statement form if, in the commissioner's opinion, the contract or provisions contained therein fail to meet the requirements of RCW 48.102.070, 48.102.080, 48.102.110, and 48.102.150 or are unreasonable, contrary to the interests of the public, or otherwise misleading or unfair to the owner. At the commissioner's discretion, the commissioner may require the submission of advertising material. [2009 c 104 § 6.]

48.102.045 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

48.102.046 Reporting requirements and record retention. (1) Each provider shall file with the commissioner on or before March 1 of each year an annual statement containing such information as the commissioner may prescribe by rule. In addition to any other requirements, for any policy settled within five years of policy issuance, the annual statement shall specify the total number, aggregate face amount, and life settlement proceeds of policies settled during the immediately preceding calendar year, together with a breakdown of the information by policy issue year.

(2) Every provider that fails to file an annual statement as required in this section, or fails to reply within thirty calendar days to a written inquiry by the commissioner in connection therewith, shall, in addition to other penalties provided by this chapter, be subject, upon due notice and opportunity to be heard, to a penalty of up to fifty dollars per day of delay, not to exceed twenty-five thousand dollars in the aggregate, for each such failure.

(3) Records of all consummated transactions and life settlement contracts shall be maintained by the provider for three years after the death of the insured and shall be available to the commissioner for inspection during reasonable business hours. [2009 c 104 § 7.]

48.102.050 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

48.102.051 Privacy. (1) Except as otherwise allowed or required by law, a provider, broker, purchaser, insurance company, insurance producer, information bureau, rating agency or company, or any other person with actual knowl-

edge of an insured's identity, shall not disclose the identity of an insured or information that there is a reasonable basis to believe could be used to identify the insured or the insured's financial or medical information to any other person unless the disclosure:

(a) Is necessary to effect a life settlement contract between the owner and a provider and the owner and insured have provided prior written consent to the disclosure;

(b) Is necessary to effectuate the sale of life settlement contracts, or interests therein, as investments, provided (i) the sale is conducted in accordance with applicable state and federal securities law, and (ii) the owner and the insured have both provided prior written consent to the disclosure;

(c) Is provided in response to an investigation or examination by the commissioner or any other governmental officer or agency or pursuant to the requirements of RCW 48.102.061, 48.102.140, and 48.102.150;

(d) Is a term or condition to the transfer of a policy by one provider to another provider, in which case the receiving provider shall be required to comply with the confidentiality requirements of this subsection;

(e) Is necessary to allow the provider or broker or their authorized representatives to make contacts for the purpose of determining health status.

(i) For the purposes of this section, the "authorized representative" does not include any person who has or may have any financial interest in the settlement contract other than a provider, licensed broker, financing entity, related provider trust, or special purpose entity.

(ii) A provider or broker shall require its authorized representative to agree in writing to adhere to the privacy provisions of this chapter; or

(f) Is required to purchase stop loss coverage.

(2) Nonpublic personal information solicited or obtained in connection with a proposed or actual life settlement contract shall be subject to the provisions applicable to financial institutions under the federal Gramm Leach Bliley act, P.L. 106-102 (1999).

(3) Names and individual identification data for all owners and insureds shall be considered private and confidential information and shall not be disclosed by the commissioner unless required by law. [2009 c 104 § 8.]

48.102.055 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

48.102.061 Examination. (1) Any life settlement provider, broker, or person licensed or regulated by this chapter shall be subject to the provisions of chapters 48.03 and 48.37 RCW, except as otherwise explicitly exempted or modified in this chapter.

(2) For the purpose of ascertaining its condition, or compliance with this title, the commissioner may as often as the commissioner finds advisable examine the accounts, records, documents, and transactions of:

(a) Any life settlement provider, broker, or person licensed or regulated under this chapter;

(b) Any person having a contract under which he or she enjoys in fact the exclusive or dominant right to manage or control a provider or broker; and

(c) Any person holding the shares of capital stock of a provider or broker for the purpose of control of its management either as voting trustee or otherwise.

(3) In lieu of an examination or market conduct oversight activity under this chapter of any foreign or alien licensee licensed in this state, the commissioner may, at the commissioner's discretion, accept an examination report or market conduct oversight action on the provider or broker as prepared by the commissioner for the provider's or broker's state of domicile or port-of-entry state.

(4)(a) Every examination, whatsoever, or any part of the examination of any person licensed or regulated under this chapter shall be at the expense of the person examined. RCW 48.03.060 (1) and (2) are not applicable to persons licensed or regulated under this chapter.

(b) When making an examination under this section, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which shall be borne by the person who is the subject of the examination.

(c) The person examined and liable therefore shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner's examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees shall be established by the commissioner on the basis of the national association of insurance commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the Washington personnel resources board and the expense schedule established by the office of financial management, whichever is higher.

(d) The commissioner or the commissioner's examiners shall not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this section limits the commissioner's authority to terminate or suspend any examination or market conduct oversight activities in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any order adopting an examination report are prima facie evidence in any legal or regulatory action. [2009 c 104 § 9.]

48.102.070 Advertising. (1) A broker, or provider licensed pursuant to this chapter, may conduct or participate in advertisements within this state. These advertisements shall comply with all advertising and marketing laws or rules adopted by the commissioner that are applicable to life insurers or to brokers, and providers licensed pursuant to this chapter.

(2) Advertisements shall be accurate, truthful, and not misleading in fact or by implication.

(3) A person or trust shall not:

(a) Directly or indirectly, market, advertise, solicit, or otherwise promote the purchase of a policy, not previously issued, for the sole purpose of, or with the primary emphasis on, settling the policy; or

(b) Use the words "free," "no cost," or words of similar import in the marketing, advertising, soliciting or otherwise promoting of the purchase of a policy. [2009 c 104 § 10.]

48.102.080 Disclosures to owners. (1) The provider or broker shall provide in writing, or require the broker to provide, in a separate document that is signed by the owner and provider or broker, the following information to the owner no later than the date of application for a life settlement contract:

(a) The fact that possible alternatives to life settlement contracts exist, including, but not limited to, accelerated benefits offered by the issuer of the life insurance policy;

(b) The fact that some or all of the proceeds of a life settlement contract may be taxable and that assistance should be sought from a professional tax advisor;

(c) The fact that the proceeds from a life settlement contract could be subject to the claims of creditors;

(d) The fact that receipt of proceeds from a life settlement contract may adversely affect the recipients' eligibility for public assistance or other government benefits or entitlements and that advice should be obtained from the appropriate agencies;

(e) The fact that the owner has a right to terminate a life settlement contract within fifteen days of the date it is executed by all parties and the owner has received the disclosures required by this section. Rescission, if exercised by the owner, is effective only if both notice of the rescission is given, and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider within the rescission period. If the insured dies during the rescission period, the contract shall be deemed to have been rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider;

(f) The fact that proceeds will be sent to the owner within three business days after the provider has received the insurer or group administrator's acknowledgement that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated in accordance with the terms of the life settlement contract;

(g) The fact that entering into a life settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy to be forfeited by the owner and that assistance should be sought from a professional financial advisor;

(h) The date by which the funds will be available to the owner and the transmitter of the funds;

(i) The fact that the commissioner may require delivery of a buyer's guide or a similar consumer advisory package in the form prescribed by the commissioner to owners during the solicitation process;

(j) The disclosure document shall contain the following language:

"All medical, financial, or personal information solicited or obtained by a provider or broker about an insured, including the insured's identity or the identity of family members, a spouse or a significant other may be disclosed as necessary to effect the life settlement contract between the owner and provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years.";

(k) A separate signed fraud warning as follows:

"Any person who knowingly presents false information in an application for insurance or life settlement contract is guilty of a crime and may be subject to fines and confinement in prison.";

(l) The fact that the insured may be contacted by either the provider or broker or its authorized representative for the purpose of determining the insured's health status or to verify the insured's address. This contact is limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less;

(m) The affiliation, if any, between the provider and the issuer of the insurance policy to be settled;

(n) That a broker represents exclusively the owner, and not the insurer or the provider or any other person, and owes a fiduciary duty to the owner, including a duty to act according to the owner's instructions and in the best interest of the owner;

(o) The document shall include the name, address, and telephone number of the provider;

(p) The name, business address, and telephone number of the independent third-party escrow agent, and the fact that the owner may inspect or receive copies of the relevant escrow or trust agreements or documents; and

(q) The fact that a change of ownership could in the future limit the insured's ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life.

(2) The written disclosures shall be conspicuously displayed in any life settlement contract furnished to the owner by a provider including any affiliations or contractual arrangements between the provider and the broker.

(3) A broker shall provide the owner and the provider with at least the following disclosures no later than the date the life settlement contract is signed by all parties. The disclosures shall be conspicuously displayed in the life settlement contract or in a separate document signed by the owner and provide the following information:

(a) The name, business address, and telephone number of the broker;

(b) A full, complete, and accurate description of all the offers, counter-offers, acceptances, and rejections relating to the proposed life settlement contract;

(c) A written disclosure of any affiliations or contractual arrangements between the broker and any person making an offer in connection with the proposed life settlement contracts;

(d) The name of each broker who receives compensation and the amount of compensation received by that broker, which compensation includes anything of value paid or given to the broker in connection with the life settlement contract;

(e) A complete reconciliation of the gross offer or bid by the provider to the net amount of proceeds or value to be received by the owner. For the purpose of this section, gross offer or bid means the total amount or value offered by the provider for the purchase of one or more life insurance policies, inclusive of commissions and fees; and

(f) The failure to provide the disclosures or rights described in this section is an unfair trade practice pursuant to RCW 48.102.180. [2009 c 104 § 11.]

48.102.090 Disclosure by insurer. In addition to other questions an insurance carrier may lawfully pose to a life insurance applicant, insurance carriers may inquire in the application for insurance whether the proposed owner intends to pay premiums with the assistance of financing from a lender that will use the policy as collateral to support the financing.

(1) If, as described in RCW 48.102.006, the loan provides funds which can be used for a purpose other than paying for the premiums, costs, and expenses associated with obtaining and maintaining the life insurance policy and loan, the application shall be rejected as a violation of the prohibited practices in RCW 48.102.130.

(2) If the financing does not violate RCW 48.102.130 in this manner, the insurance carrier:

(a) May make disclosures, including but not limited to the applicant and the insured, either on the application or an amendment to the application to be completed no later than the delivery of the policy:

"If you have entered into a loan arrangement where the policy is used as collateral, and the policy does change ownership at some point in the future in satisfaction of the loan, the following may be true:

(i) A change of ownership could lead to a stranger owning an interest in the insured's life;

(ii) A change of ownership could in the future limit your ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life;

(iii) Should there be a change of ownership and you wish to obtain more insurance coverage on the insured's life in the future, the insured's higher issue age, a change in health status, and/or other factors may reduce the ability to obtain coverage and/or may result in significantly higher premiums;

(iv) You should consult a professional advisor, since a change in ownership in satisfaction of the loan may result in tax consequences to the owner, depending on the structure of the loan"; and

(b) May require certifications, such as the following, from the applicant and/or the insured:

"(i) I have not entered into any agreement or arrangement providing for the future sale of this life insurance policy;

(ii) My loan arrangement for this policy provides funds sufficient to pay for some or all of the premiums, costs, and expenses associated with obtaining and maintaining my life insurance policy, but I have not entered into any agreement by which I am to receive consideration in exchange for procuring this policy; and

(iii) The borrower has an insurable interest in the insured." [2009 c 104 § 12.]

48.102.100 Notice to insured of alternative transactions—Document approved by commissioner. (1) With respect to each policy issued by an insurance company, the insurance company shall notify the owner of an individual life insurance policy when the insured person under such a policy is age sixty or older, or is known to be terminally ill or chronically ill, that there may be alternative transactions available to that owner at the time of each of the following:

(a) When a life insurance company receives from such an owner a request to surrender, in whole or in part, an individual policy;

(b) When a life insurance company receives from such an owner a request to receive an accelerated death benefit under an individual policy;

(c) When a life insurance company sends to such an owner all notices of lapse of an individual policy; or

(d) At any other time that the commissioner may require by rule.

(2)(a) The commissioner shall approve a document calculated to appraise the consumer of his or her rights as an owner of a life insurance policy. The document shall be made available at no cost to all insurance companies and life insurance producers and written in lay terms.

(b) The document shall advise the consumer:

(i) That life insurance is a critical part of a broader financial plan, and that the consumer is encouraged, and has a right, to seek additional financial advice and opinions;

(ii) That possible alternatives to lapse exist; and

(iii) Of the definitions of common industry terms.

(c) In addition to the information described in (a) and (b) of this subsection, the document must contain the following statement in large, bold, or otherwise conspicuous typeface calculated to draw the eye: "Life insurance is a critical part of a broader financial plan. There are many options available, and you have the right to shop around and seek advice from different financial advisers in order to find the option best suited to your needs."

(d) The document may include brief descriptions of common products available from providers. These products must be discussed in general terms for informative purposes only, and not identifiable to any specific provider.

(e) The document will be considered part of the notice required in subsection (1) of this section. [2009 c 104 § 13.]

48.102.110 General rules. (1) A provider entering into a life settlement contract with any owner of a policy, wherein the insured is terminally or chronically ill, shall first obtain:

(a) If the owner is the insured, a written statement from a licensed attending physician that the owner is of sound mind and under no constraint or undue influence to enter into a settlement contract; and

(b) A document in which the insured consents to the release of his or her medical records to a provider, settlement broker, or insurance producer and, if the policy was issued less than two years from the date of application for a settlement contract, to the insurance company that issued the policy.

(2) The insurer shall respond to a request for verification of coverage submitted by a provider, settlement broker, or life insurance producer not later than thirty calendar days of the date the request is received. The request for verification of coverage must be made on a form approved by the commissioner. The insurer shall complete and issue the verification of coverage or indicate in which respects it is unable to respond. In its response, the insurer shall indicate whether,

based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract.

(3) Before or at the time of execution of the settlement contract, the provider shall obtain a witnessed document in which the owner consents to the settlement contract, represents that the owner has a full and complete understanding of the settlement contract, that the owner has a full and complete understanding of the benefits of the policy and acknowledges that the owner is entering into the settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the policy was issued.

(4) The insurer shall not unreasonably delay effecting change of ownership or beneficiary with any life settlement contract lawfully entered into in this state or with a resident of this state.

(5) If a settlement broker or life insurance producer performs any of these activities required of the provider, the provider is deemed to have fulfilled the requirements of this section.

(6) If a broker performs the verification of coverage activities required of the provider, the provider has fulfilled the requirements of RCW 48.102.080(1).

(7) Within twenty days after an owner executes the life settlement contract, the provider shall give written notice to the insurer that issued that insurance policy that the policy has become subject to a life settlement contract. The notice shall be accompanied by the documents required by RCW 48.102.090(2).

(8) All medical information solicited or obtained by any licensee shall be subject to the applicable provision of state law relating to confidentiality of medical information, if not otherwise provided in this chapter.

(9) All life settlement contracts entered into in this state shall provide that the owner may rescind the contract on or before fifteen days after the date it is executed by all parties thereto. Rescission, if exercised by the owner, is effective only if both notice of the rescission is given, and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider within the rescission period. If the insured dies during the rescission period, the contract is considered rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider.

(10) Within three business days after receipt from the owner of documents to effect the transfer of the insurance policy, the provider shall pay the proceeds of the settlement to an escrow or trust account managed by a trustee or escrow agent in a state or federally chartered financial institution pending acknowledgement of the transfer by the issuer of the policy. The trustee or escrow agent shall be required to transfer the proceeds due to the owner within three business days of acknowledgement of the transfer from the insurer.

(11) Failure to tender the life settlement contract proceeds to the owner by the date disclosed to the owner renders the contract voidable by the owner for lack of consideration until the time the proceeds are tendered to and accepted by the owner. A failure to give written notice of the right of rescission under this section tolls the right of rescission until thirty days after the written notice of the right of rescission has been given.

(12) Any fee paid by a provider, party, individual, or an owner to a broker in exchange for services provided to the owner pertaining to a life settlement contract shall be computed as a percentage of the offer obtained, not the face value of the policy. This section does not prohibit a broker from reducing the broker's fee below this percentage if the broker so chooses.

(13) The broker shall disclose to the owner anything of value paid or given to a broker, which relate to a life settlement contract.

(14) A person at any time prior to, or at the time of, the application for, or issuance of, a policy, or during a two-year period commencing with the date of issuance of the policy, shall not enter into a life settlement regardless of the date the compensation is to be provided and regardless of the date the assignment, transfer, sale, devise, bequest, or surrender of the policy is to occur. This prohibition shall not apply if the owner certifies to the provider that:

(a) The policy was issued upon the owner's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least twenty-four months. The time covered under a group policy must be calculated without regard to a change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship; or

(b) The owner submits independent evidence to the provider that one or more of the following conditions have been met within the two-year period:

(i) The owner or insured is terminally or chronically ill;

(ii) The owner or insured disposes of his or her ownership interests in a closely held corporation, pursuant to the terms of a buyout or other similar agreement in effect at the time the insurance policy was initially issued;

(iii) The owner's spouse dies;

(iv) The owner divorces his or her spouse;

(v) The owner retires from full-time employment;

(vi) The owner becomes physically or mentally disabled and a physician determines that the disability prevents the owner from maintaining full-time employment; or

(vii) A final order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor of the owner, adjudicating the owner bankrupt or insolvent, or approving a petition seeking reorganization of the owner or appointing a receiver, trustee, or liquidator to all or a substantial part of the owner's assets;

(c) Copies of the independent evidence required by (b) of this subsection shall be submitted to the insurer when the provider submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the provider that the copies are true and correct copies of the documents received by the provider. This section does not prohibit an insurer from exercising its right to contest the validity of any policy;

(d) If the provider submits to the insurer a copy of independent evidence provided for in (b)(i) of this subsection when the provider submits a request to the insurer to effect the transfer of the policy to the provider, the copy is deemed

to establish that the settlement contract satisfies the requirements of this section. [2009 c 104 § 14.]

48.102.120 Conflict of laws. (1) If there is more than one owner on a single policy, and the owners are residents of different states, the life settlement contract shall be governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all of the owners. The law of the state of the insured shall govern in the event that equal owners fail to agree in writing upon a state of residence for jurisdictional purposes.

(2) A provider from this state who enters into a life settlement contract with an owner who is a resident of another state that has enacted statutes or adopted regulations governing life settlement contracts, shall be governed in the effectuation of that life settlement contract by the statutes and regulations of the owner's state of residence. If the state in which the owner is a resident has not enacted statutes or regulations governing life settlement contracts, the provider shall give the owner notice that neither state regulates the transaction upon which he or she is entering. For transactions in those states, however, the provider is to maintain all records required if the transactions were executed in the state of residence. The forms used in those states need not be approved by the commissioner.

(3) If there is a conflict in the laws that apply to an owner and a purchaser in any individual transaction, the laws of the state that apply to the owner shall take precedence and the provider shall comply with those laws. [2009 c 104 § 15.]

48.102.130 Prohibited practices. (1) It is unlawful for any person to:

(a) Enter into a life settlement contract if such person knows or reasonably should have known that the life insurance policy was obtained by means of a false, deceptive or misleading application for such policy;

(b) Engage in any transaction, practice, or course of business if such person knows or reasonably should have known that the intent was to avoid the notice requirements of this chapter;

(c) Engage in any fraudulent act or practice in connection with any transaction relating to any settlement involving an owner who is a resident of this state;

(d) Issue, solicit, market, or otherwise promote the purchase of an insurance policy, not previously issued, for the sole purpose of, or with the primary emphasis on, settling the policy;

(e) If providing premium financing, receive any proceeds, fees, or other consideration from the policy or owner of the policy that are in addition to the amounts required to pay principal, interest, and any costs or expenses incurred by the lender or borrower in connection with the premium finance agreement, except for the event of a default, unless either the default on such a loan or transfer of the policy occurs pursuant to an agreement or understanding with any other person for the purpose of evading regulation under this chapter. Any payments, charges, fees, or other amounts received by a person providing premium financing in violation of this subsection shall be remitted to the original owner of the policy or to the original owner's estate if the original owner is not living at the time of the determination of overpayment;

(f) With respect to any settlement contract or insurance policy and a broker, knowingly solicit an offer from, effectuate a life settlement contract with, or make a sale to any provider, financing entity, or related provider trust that is controlling, controlled by, or under common control with such broker unless this relationship is disclosed to the owner;

(g) With respect to any life settlement contract or insurance policy and a provider, knowingly enter into a life settlement contract with an owner, if, in connection with such life settlement contract, anything of value will be paid to a broker that is controlling, controlled by, or under common control with such provider or the financing entity or related provider trust that is involved in such settlement contract, unless this relationship is disclosed to the owner;

(h) With respect to a provider, enter into a life settlement contract unless the life settlement promotional, advertising, and marketing materials, as may be prescribed by rule, have been filed with the commissioner. In no event shall any marketing materials expressly reference that the insurance is "free" for any period of time. The inclusion of any reference in the marketing materials that would cause an owner to reasonably believe that the insurance is free for any period of time is a violation of this chapter;

(i) With respect to any life insurance producer, insurance company, broker, or provider make any statement or representation to the applicant or policyholder in connection with the sale or financing of a life insurance policy to the effect that the insurance is free or without cost to the policyholder for any period of time unless provided in the policy; or

(j) With respect to an insurer, engage in any transaction, act, practice, or course of business or dealing which restricts, limits, or impairs in any way the lawful transfer of ownership, change of beneficiary, or assignment of a policy.

(2) A violation of this section constitutes a fraudulent life settlement act. [2009 c 104 § 16.]

48.102.140 Fraud prevention and control. (1)(a) A person shall not commit a fraudulent life settlement act.

(b) A person shall not knowingly and intentionally interfere with the enforcement of this chapter or investigations of suspected or actual violations of this chapter.

(c) A person in the business of life settlements shall not knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of life settlements.

(2)(a) Life settlement contracts and applications for life settlement contracts, regardless of the form of transmission, shall contain the following statement or a substantially similar statement:

"Any person who knowingly presents false information in an application for insurance or life settlement contract is guilty of a crime and may be subject to fines and confinement in prison."

(b) The lack of a statement as required in (a) of this subsection does not constitute a defense in any prosecution for a fraudulent life settlement act.

(3)(a) Any person engaged in the business of life settlements having knowledge or a reasonable belief that a fraudulent life settlement act is being, will be, or has been committed shall provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

(b) Any other person having knowledge or a reasonable belief that a fraudulent life settlement act is being, will be, or has been committed may provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

(4)(a) Civil liability shall not be imposed on and no cause of action shall arise from a person's furnishing information concerning suspected, anticipated, or completed fraudulent life settlement acts or suspected or completed fraudulent insurance acts, if the information is provided to or received from:

(i) The commissioner or the commissioner's employees, agents, or representatives;

(b) Subsection (4)(a) of this section shall not apply to statements made with actual malice. In an action brought against a person for filing a report or furnishing other information concerning a fraudulent life settlement act or a fraudulent insurance act, the party bringing the action shall plead specifically any allegation that (a) of this subsection does not apply because the person filing the report or furnishing the information did so with actual malice.

(c) A person identified in (a) of this subsection shall be entitled to an award of attorneys' fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this chapter and the party bringing the action was not substantially justified in doing so. For purposes of this section a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(d) This section does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person described in (a) of this subsection.

(5)(a) The documents and evidence provided pursuant to subsection (4) of this section or obtained by the commissioner in an investigation of suspected or actual fraudulent life settlement acts shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action.

(i) In administrative or judicial proceedings to enforce laws administered by the commissioner;

(ii) To federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraudulent life settlement acts, or to the national association of insurance commissioners; or

(b) Preempt, supersede, or limit any provision of chapter 21.20 RCW or any rule, order, or notice issued thereunder;

(c) Prevent or prohibit a person from disclosing voluntarily information concerning life settlement fraud to a law enforcement or regulatory agency other than the commissioner; or

(d) Limit the powers granted elsewhere by the laws of this state to the commissioner or an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

(7)(a) Providers and brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent fraudulent life settlement acts. At the discretion of the commissioner, the commissioner may order, or either a broker or provider, or both may request and the commissioner may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this section. Antifraud initiatives shall include:

(i) Fraud investigators, who may be provider or broker employees or independent contractors; and

(ii) An antifraud plan, which shall be submitted to the commissioner. The antifraud plan shall include, but not be limited to:

(D) A description or chart outlining the organizational arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent life settlement acts and investigating unresolved material inconsistencies between medical records and insurance applications.

(b) Antifraud plans submitted to the commissioner shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action. [2009 c 104 § 17.]

48.102.150 Enforcement. (1) The commissioner may conduct investigations to determine whether any person has violated any provision of this chapter.

(2) If the commissioner has cause to believe that any person is violating or is about to violate any provision of this title or any regulation or order of the commissioner, the commissioner may:

(a) Issue a cease and desist order; and/or

(b) Bring an action in any court of competent jurisdiction to enjoin the person from continuing the violation or doing any action in furtherance thereof. [2009 c 104 § 18.]

48.102.160 Penalties. (1) For the purpose of this section, an act is committed in this state if it is committed, in whole or in part, in the state of Washington, or affects persons or property within this state and relates to or involves a life settlement contract.

(2) It is a violation of this chapter for any person, provider, broker, or any other party related to the business of life settlements, to commit a fraudulent life settlement act.

(3) For criminal liability purposes, a person that knowingly commits a fraudulent life settlement act is guilty of a class B felony punishable under chapter 9A.20 RCW.

(4) Any person who knowingly acts as a life settlement provider without being licensed by the commissioner is guilty of a class B felony punishable under chapter 9A.20 RCW.

(5) Any person who knowingly acts as a life settlement broker without the proper authorization under this chapter is guilty of a class B felony punishable under chapter 9A.20 RCW.

(6) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(7) If the commissioner has cause to believe that any person has:

(a) Knowingly acted as a life settlement provider without being licensed by the commissioner; or

(b) Knowingly acted as a life settlement broker without the proper authorization under RCW 48.102.021;

the commissioner may assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity for a hearing in accordance with chapters 34.05 and 48.04 RCW.

(8) Upon failure to pay a civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty. Any amounts collected by the commissioner must be paid to the state treasurer for the account of the general fund. [2009 c 104 § 19.]

48.102.170 Authority to adopt rules. The commissioner may adopt rules implementing and administering this chapter including, but not limited to:

(1) Establishing standards for evaluating reasonableness of payments under life settlement contracts for persons who are terminally ill or chronically ill including, but not limited to, regulation of discount rates used to determine the amount paid in exchange for assignment, transfer, sale, devise, or bequest of a benefit under a life insurance policy insuring the life of a person that is chronically or terminally ill;

(2) Requiring a bond or other mechanism for financial accountability for life settlement providers; and

(3) Governing the activities, relationships, and responsibilities of providers, brokers, insurers, and their agents. [2009 c 104 § 20.]

48.102.180 Unfair trade practices. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [2009 c 104 § 21.]

48.102.190 Existing viatical settlement licences—July 26, 2009. (1) All viatical settlement brokers' licenses that are in effect on July 26, 2009, shall expire upon July 26, 2009.

(2) All viatical settlement providers' licenses that are in effect on July 26, 2009, shall be converted to a life settlement provider license and upon the next renewal date of the license the life settlement provider must be in compliance with the requirements to be licensed as a life settlement provider under RCW 48.102.011.

(3) A provider lawfully transacting business in this state prior to July 26, 2009, may continue to do so if the provider submits a completed application and pays the required fee to the commissioner within thirty days of July 26, 2009. A provider that has submitted an application and paid the required fee to the commissioner within thirty days of July 26, 2009, may continue to act as a provider for an additional ninety days from the receipt of the application by the commissioner and payment of the required fee, or approval or denial of the license by the commissioner, whichever is earlier. Any person transacting business in this state under this subsection must comply with all other requirements of this chapter. [2009 c 104 § 22.]

48.102.193 Existing rights or liabilities—July 26, 2009. 48.150.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct agreement" means a written agreement entered into between a direct practice and an individual direct patient, or the parent or legal guardian of the direct patient or a family of direct patients, whereby the direct practice charges a direct fee as consideration for being available to provide and providing primary care services to the individual direct patient. A direct agreement must (a) describe the specific health care services the direct practice will provide; and (b) be terminable at will upon written notice by the direct patient.

(2) "Direct fee" means a fee charged by a direct practice as consideration for being available to provide and providing primary care services as specified in a direct agreement.

(3) "Direct patient" means a person who is party to a direct agreement and is entitled to receive primary care services under the direct agreement from the direct practice.

(ii) A group of health care providers who furnish primary care services through a direct agreement; or

(iii) An entity that sponsors, employs, or is otherwise affiliated with a group of health care providers who furnish only primary care services through a direct agreement, which entity is wholly owned by the group of health care providers or is a nonprofit corporation exempt from taxation under section 501(c)(3) of the internal revenue code, and is not otherwise regulated as a health care service contractor, health maintenance organization, or disability insurer under Title 48 RCW. (7) "Network" means the group of participating providers and facilities providing health care services to a particular health carrier's health plan or to plans administered under chapter 41.05, 70.47, or 70.47A RCW.

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

48.150.040 Prohibited and authorized practices. (1) Direct practices may not:

(a) Enter into a participating provider contract as defined in RCW 48.44.010 or 48.46.020 with any carrier or with any carrier's contractor or subcontractor, or plans administered under chapter 41.05, 70.47, or 70.47A RCW, to provide health care services through a direct agreement except as set forth in subsection (2) of this section;

(b) Submit a claim for payment to any carrier or any carrier's contractor or subcontractor, or plans administered under chapter 41.05, 70.47, or 70.47A RCW, for health care services provided to direct patients as covered by their agreement;

(c) With respect to services provided through a direct agreement, be identified by a carrier or any carrier's contractor or subcontractor, or plans administered under chapter 41.05, 70.47, or 70.47A RCW, as a participant in the carrier's or any carrier's contractor or subcontractor network for purposes of determining network adequacy or being available for selection by an enrollee under a carrier's benefit plan; or

(d) Pay for health care services covered by a direct agreement rendered to direct patients by providers other than the providers in the direct practice or their employees, except as described in subsection (2)(b) of this section.

(2) Direct practices and providers may:

(a) Enter into a participating provider contract as defined by RCW 48.44.010 and 48.46.020 or plans administered under chapter 41.05, 70.47, or 70.47A RCW for purposes other than payment of claims for services provided to direct patients through a direct agreement. Such providers shall be subject to all other provisions of the participating provider contract applicable to participating providers including but not limited to the right to:

(i) Make referrals to other participating providers;

(ii) Admit the carrier's members to participating hospitals and other health care facilities;

(iii) Prescribe prescription drugs; and

(iv) Implement other customary provisions of the contract not dealing with reimbursement of services;

(b) Pay for charges associated with the provision of routine lab and imaging services. In aggregate such payments per year per direct patient are not to exceed fifteen percent of the total annual direct fee charged that direct patient. Exceptions to this limitation may occur in the event of short-term equipment failure if such failure prevents the provision of care that should not be delayed; and

(c) Charge an additional fee to direct patients for supplies, medications, and specific vaccines provided to direct patients that are specifically excluded under the agreement, provided the direct practice notifies the direct patient of the additional charge, prior to their administration or delivery. [2009 c 552 § 2; 2007 c 267 § 6.]

48.150.050 Acceptance or discontinuation of patients—Third-party payments. (1) Direct practices may not decline to accept new direct patients or discontinue care to existing patients solely because of the patient's health status. A direct practice may decline to accept a patient if the practice has reached its maximum capacity, or if the patient's medical condition is such that the provider is unable to provide the appropriate level and type of health care services in the direct practice. So long as the direct practice provides the patient notice and opportunity to obtain care from another physician, the direct practice may discontinue care for direct patients if: (a) The patient fails to pay the direct fee under the terms required by the direct agreement; (b) the patient has performed an act that constitutes fraud; (c) the patient repeatedly fails to comply with the recommended treatment plan; (d) the patient is abusive and presents an emotional or physical danger to the staff or other patients of the direct practice; or (e) the direct practice discontinues operation as a direct practice.

(2) Subject to the restrictions established in this chapter, direct practices may accept payment of direct fees directly or indirectly from third parties. A direct practice may accept a direct fee paid by an employer on behalf of an employee who is a direct patient. However, a direct practice shall not enter into a contract with an employer relating to direct practice agreements between the direct practice and employees of that employer, other than to establish the timing and method of the payment of the direct fee by the employer. [2009 c 552 § 3; 2007 c 267 § 7.]

(v) The continued operation of the discount plan organization would be hazardous to its members.

(b) If the commissioner has cause to believe that grounds for the nonrenewal, suspension, or revocation of a license exists, the commissioner shall notify the discount plan organization in writing specifically stating the grounds for the refusal to renew or suspension or revocation and may also pursue a hearing on the matter under chapter 48.04 RCW.

(c) When the license of a discount plan organization is nonrenewed, surrendered, or revoked, the discount plan organization shall immediately upon the effective date of the order of revocation or, in the case of a nonrenewal, the date of expiration of the license, stop any further advertising, solicitation, collecting of fees, or renewal of contracts, and proceed to wind up its affairs transacted under the license.

(d)(i) When the commissioner suspends a discount plan organization's authority to enroll new members, the suspension order must specify the period during which the suspension is to be in effect and the conditions, if any, that must be met by the discount plan organization prior to reinstatement of its license to enroll members.

(ii) The commissioner may rescind or modify the order of suspension prior to the expiration of the suspension period.

(8) "Motor vehicle" means self-propelled or towed vehicles designed for personal or commercial use, including but not limited to automobiles, trucks, motorcycles, recreational vehicles, all-terrain vehicles, snowmobiles, campers, boats, personal watercraft, and motorcycle, boat, camper, and personal watercraft trailers.

(9) "Motor vehicle dealer" has the same meaning as "vehicle dealer" in RCW 46.70.011.

(10) "Person" includes an individual, company, association, organization, partnership, business trust, corporation, and every form of legal entity.

(11) "Retail buyer" means a person who buys or agrees to buy a motor vehicle or obtain motor vehicle services or agrees to have motor vehicle services rendered or furnished from a retail seller.

(12) "Retail seller" means a person engaged in the business of selling motor vehicles or motor vehicle services to retail buyers.

(13) "Unregistered marketers" means persons who offer for sale and sell guaranteed asset protection waivers who are not registered under this chapter and who are not otherwise exempt under this chapter. [2009 c 334 § 2.]

48.160.020 Waivers limited to motor vehicle financing—Registration, when required—Application. (1) This chapter applies only to guaranteed asset protection waivers for financing of motor vehicles as defined in this chapter. Any person or entity must register with the commissioner before marketing, offering for sale or selling a guaranteed asset protection waiver, and before acting as an obligor for a guaranteed asset protection waiver, in this state. However, a retail seller of motor vehicles that assigns more than eighty-five percent of guaranteed asset protection waiver agreements within thirty days of such agreements' effective date, or an insurer authorized to transact such insurance business in

this state, are not required to register pursuant to this section. Failure of any retail seller of motor vehicles to assign one hundred percent of guaranteed asset protection waiver agreements within forty-five days of such agreements' effective date will result in that retail seller being required to comply with the registration requirements of this chapter.

(2) No person may market, offer for sale, or sell a guaranteed asset protection waiver, or act as an obligor on a guaranteed asset protection waiver in this state without a registration as provided in this chapter, except as set forth in subsection (1) of this section.

(3) The application for registration must include the following:

(a) The applicant's name, address, and telephone number;

(b) The identities of the applicant's executive officers or other officers directly responsible for the waiver business;

(c) An application fee of two hundred fifty dollars, which shall be deposited into the guaranteed asset protection waiver account;

(d) A copy filed by the applicant with the commissioner of the waivers the applicant intends to offer in this state;

(e) A list of all unregistered marketers of guaranteed asset protection waivers on which the applicant will be the obligor;

(f) Such additional information as the commissioner may reasonably require.

(4) Once registered, the applicant shall keep the information required for registration current by reporting changes within thirty days after the end of the month in which the change occurs. [2009 c 334 § 3.]

48.160.030 Waivers—Requirements for offering, selling, or providing—Terms—Insuring obligations—Funds—Assignment. (1) Waivers may be offered, sold, or provided to borrowers in this state in compliance with this chapter.

(2) Waivers may, at the option of the creditor, be sold for a single payment or may be offered with a monthly or periodic payment option.

(3) Notwithstanding any other provision of law, any cost to the borrower for a guaranteed asset protection waiver entered into in compliance with the truth in lending act (15 U.S.C. Sec. 1601 et seq.) and its implementing regulations, as amended, must be separately stated and is not to be considered a finance charge or interest.

(4) Nothing in this chapter prohibits a person who is registered, or is otherwise exempt from registration or exempt from this chapter, from insuring its waiver obligation through the purchase of a contractual liability policy or other insurance policy issued by an insurer authorized to transact such insurance in this state.

(5) The waiver remains a part of the finance agreement upon the assignment, sale, or transfer of the finance agreement by the creditor.

(6) Neither the extension of credit, the term of credit, nor the term of the related motor vehicle sale or lease may be conditioned upon the purchase of a waiver.

(7) Any creditor that offers a waiver must report the sale of, and forward funds received on, all waivers to the designated party, if any, as prescribed in any applicable administrative services agreement, contractual liability policy, other insurance policy, or other specified program documents.

(8) Funds received or held by a creditor or administrator and belonging to an insurer, creditor, or administrator, under the terms of a written agreement, must be held by that creditor or administrator in a fiduciary capacity.

(9) If the guaranteed asset protection waiver is assigned, the name and address of the assignee must be mailed to the borrower within thirty days of the assignment. If at any time the name and address provided to the borrower by the initial creditor are no longer the valid point of contact to apply for waiver benefits, written notice will be mailed to the borrower within thirty days of the change stating the new name and address of the person or entity the borrower should contact to apply for waiver benefits. No waiver may be assigned to an entity that is not registered pursuant to this chapter, unless such entity is exempt from registration or unless the commissioner specifically authorizes such assignment.

(10) No person shall knowingly make, publish, or disseminate any false, deceptive, or misleading representation or advertising in the conduct of, or relative to, waiver business. Nor shall any person make, issue, or circulate, or cause to be made, issued, or circulated any misrepresentation of the terms or benefits of any waiver.

(11) A person or entity engaged in the guaranteed asset protection waiver business in this state may not refuse to sell or issue any guaranteed asset protection waiver because of the sex, marital status, or sexual orientation as defined in RCW 49.60.040, or the presence of any sensory, mental, or physical disability of the borrower or prospective borrower. The type of benefits, or any term, rate, condition, or type of coverage may not be restricted, modified, excluded, increased, or reduced on the basis of the presence of any sensory, mental, or physical disability of the borrower or prospective borrower. [2009 c 334 § 4.]

48.160.040 Insuring waiver obligations—Contractual liability or other insurance policies. (1) Contractual liability or other insurance policies insuring waivers must state the obligation of the insurer to reimburse or pay to the creditor any sums the creditor is legally obligated to waive under the waivers issued by the creditor and purchased or held by the borrower. Contractual liability insurance or other insurance policies insuring waivers must not be purchased by the creditor as part of, or a rider to, vendor single-interest or collateral protection coverages as defined in RCW 48.22.110(4).

(2) Coverage under a contractual liability or other insurance policy insuring a waiver must also cover any subsequent assignee upon the assignment, sale, or transfer of the finance agreement.

(3) Coverage under a contractual liability or other insurance policy insuring a waiver must remain in effect unless canceled or terminated in compliance with applicable insurance laws of this state.

(4) The cancellation or termination of a contractual liability or other insurance policy must not reduce the insurer's responsibility for waivers issued by the creditor prior to the date of cancellation or termination and for which a premium has been received by the insurer. [2009 c 334 § 5.]

48.160.050 Required disclosures. Guaranteed asset protection waivers must disclose, as applicable, in writing and in clear, understandable language that is easy to read, the following:

(1) The name and address of the initial creditor and the borrower at the time of sale, and the identity of any administrator if different from the creditor;

(2) The purchase price and the terms of the waiver, including without limitation, the requirements for protection, conditions, or exclusions associated with the waiver;

(3) That the borrower may cancel the waiver within a free look period as specified in the waiver, and will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver;

(4) The procedure the borrower must follow, if any, to obtain waiver benefits under the terms and conditions of the waiver, including a telephone number and address where the borrower may apply for waiver benefits;

(5) Whether or not the waiver is cancellable after the free look period and the conditions under which it may be canceled or terminated including the procedures for requesting any refund due;

(6) That in order to receive any refund due in the event of a borrower's cancellation of the waiver agreement or early termination of the finance agreement after the free look period of the waiver, the borrower, in accordance with terms of the waiver, must provide a written request to cancel to the creditor, administrator, or such other party, within ninety days of the occurrence of the event terminating the finance agreement;

(7) The methodology for calculating any refund of the unearned purchase price of the waiver due, in the event of cancellation of the waiver or early termination of the finance agreement;

(8) That any refund of the purchase price for a waiver that was included in the financing of the motor vehicle or vessel may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, rather than applying the refund strictly to the purchase price of the waiver. This disclosure must be conspicuously presented prior to the purchase of the waiver;

(9) That neither the extension of credit, the terms of the credit, nor the terms of the related motor vehicle sale or lease, may be conditioned upon the purchase of the waiver;

(10) That the guaranteed asset protection waiver is not credit insurance, nor does it eliminate the borrower's obligation to insure the motor vehicle as provided by laws of this state. Purchasing a guaranteed asset protection waiver does not eliminate the borrower's rights and obligations under the vendor single-interest and collateral protection coverage laws of this state. [2009 c 334 § 6.]

48.160.060 Cancellations—Refunds—Free look period—Disclosure required. (1) Guaranteed asset protection waiver agreements may be cancellable or noncancellable after the free look period. Waivers must provide that if a borrower cancels a waiver within the free look period, the borrower will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver.

(2) In the event of a borrower's cancellation of the waiver or early termination of the finance agreement, after the agreement has been in effect beyond the free look period, the borrower may be entitled to a refund of any unearned portion of the purchase price of the waiver unless the waiver provides otherwise. In order to receive a refund, the borrower, in accordance with any applicable terms of the waiver, must provide a written request to the creditor, administrator, or other party, within ninety days of the event terminating the finance agreement.

(3) If the cancellation of a waiver occurs as a result of a default under the finance agreement or the repossession of the motor vehicle associated with the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as set forth in subsection (4) of this section.

(4) Any cancellation refund under this section may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, if the cost of the guaranteed asset protection waiver was included in the financing of the motor vehicle or vessel.

(5) Disclosure of how the refund may be applied by the creditor or administrator must be made in accordance with the provisions of RCW 48.160.050(8). [2009 c 334 § 7.]

48.160.070 Commissioner's authority to enforce chapter—Rules. (1) The commissioner may, subject to chapter 48.04 RCW, take action that is necessary or appropriate to enforce this chapter and to protect guaranteed asset protection waiver holders in this state, which includes:

(a) Suspending, revoking, or refusing to issue the registration of a person or entity if the registrant fails to comply with any provision of this chapter or fails to comply with any proper order or rule of the commissioner; and

(b) After hearing or with the consent of the registrant, and in addition to or in lieu of the suspension, revocation, or refusal to issue any registration, imposing a penalty of not more than two thousand dollars for each violation of this chapter.

(2) The commissioner may adopt rules to implement this chapter. [2009 c 334 § 8.]

48.160.080 Failure to register when required—Criminal and civil penalties—Personal liability. (1) Any person who markets, offers for sale or sells a guaranteed asset protection waiver, or acts as an obligor for a guaranteed asset protection waiver without a registration, unless otherwise exempt from registration or exempt from this chapter, is acting in violation of this section and is subject to the provisions of RCW 48.160.070. In addition, any person who knowingly violates this section is guilty of a class B felony punishable under chapter 9A.20 RCW.

(2) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(3) If the commissioner has cause to believe that any person has violated this section, the commissioner may assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity

for a hearing in accordance with chapter 48.04 RCW. Upon failure to pay this civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty.

(4) A person or entity that should have been registered at the time of the sale of a waiver who was not so registered pursuant to this chapter is personally liable for performance of the waiver. Any waiver sold by a person or entity that should have been registered at the time of the sale is voidable, except at the instance of the person or entity who sold the waiver. [2009 c 334 § 9.]

48.160.900 Date of application—2009 c 334. Chapter 334, Laws of 2009 is applicable to all guaranteed asset protection waiver agreements entered into on or after January 1, 2010. [2009 c 334 § 13.]

UNIFORM ADMINISTRATIVE PROCEDURES—HEALTH CARE SERVICES

Sections

48.165.005 Findings—Intent.
48.165.010 Definitions.
48.165.030 Designation of lead organizations—Coordination responsibility—Qualifications—Lead organization's duties—Commissioner's duties.
48.165.035 Lead organization tasks—Uniform electronic process.
48.165.040 Lead organization tasks—Uniform standard companion document and data set.

48.165.050 Lead organization tasks—Develop and promote uniform practices—Medical management protocols.

48.165.005 Findings—Intent. The legislature finds that:

(1) The health care system in the nation and in Washington state costs nearly twice as much per capita as other industrialized nations.

(2) The fragmentation and variation in administrative processes prevalent in our health care system contribute to the high cost of health care, putting it increasingly beyond the reach of small businesses and individuals in Washington.

(3) In 2006, the legislature's blue ribbon commission on health care costs and access requested the office of the insurance commissioner to conduct a study of administrative costs and recommendations to reduce those costs. Findings in the report included:

(a) In Washington state approximately thirty cents of every dollar received by hospitals and doctors' offices is consumed by the administrative expenses of public and private payors and the providers;

(b) Before the doctors and hospitals receive the funds for delivering the care, approximately fourteen percent of the insurance premium has already been consumed by payor administration. The payor's portion of expense totals approximately four hundred fifty dollars per insurance member per year in Washington state;

(c) Over thirteen percent of every dollar received by a physician's office is devoted to interactions between the provider and payor;

(d) Between 1997 and 2005, billing and insurance related costs for hospitals in Washington grew at an average pace of nineteen percent per year; and

(e) The greatest opportunity for improved efficiency and administrative cost reduction in our health care system would involve standardizing and streamlining activities between providers and payors.

(4) To address these inefficiencies, constrain health care inflation, and make health care more affordable for Washingtonians, the legislature seeks to establish streamlined and uniform procedures for payors and providers of health care services in the state. It is the intent of the legislature to foster a continuous quality improvement cycle to simplify health care administration. This process should involve leadership in the health care industry and health care purchasers, with regulatory oversight from the office of the insurance commissioner. [2009 c 298 § 1.]

48.165.030 Designation of lead organizations—Coordination responsibility—Qualifications—Lead organization's duties—Commissioner's duties. (1) The commissioner shall designate one or more lead organizations to coordinate development of processes, guidelines, and standards to streamline health care administration and to be adopted by

payors and providers of health care services operating in the state. The lead organization designated by the commissioner for chapter 298, Laws of 2009 shall:

(ii) It is unlikely that there will be widespread adoption of the guidelines, standards, and processes developed under chapter 298, Laws of 2009;

(c) Consult with the office of the attorney general to determine whether an antitrust safe harbor is necessary to enable licensed carriers and providers to develop common rules and standards; and, if necessary, take steps, such as implementing rules or requesting legislation, to establish such safe harbor; and

(d) Convene an executive level work group with broad payor and provider representation to advise the commissioner regarding the goals and progress of implementation of the requirements of chapter 298, Laws of 2009. [2009 c 298 § 5.]

48.165.035 Lead organization tasks—Uniform electronic process. By December 31, 2010, the lead organization shall:

(1) Develop a uniform electronic process for collecting and transmitting the necessary provider-supplied data to support credentialing, admitting privileges, and other related processes that:

(a) Reduces the administrative burden on providers;

(b) Improves the quality and timeliness of information for hospitals and payors;

(c) Is interoperable with other relevant systems;

(d) Enables use of the data by authorized participants for other related applications; and

(e) Serves as the sole source of credentialing information required by hospitals and payors from providers for data elements included in the electronic process, except this shall not prohibit:

(i) A hospital, payor, or other credentialing entity subject to the requirements of this section from seeking clarification of information obtained through use of the uniform electronic process, if such clarification is reasonably necessary to complete the credentialing process; or

(ii) A hospital, payor, other credentialing entity, or a university from using information not provided by the uniform process for the purpose of credentialing, admitting privileges, or faculty appointment of providers, including peer review and coordinated quality improvement information, that is obtained from sources other than the provider;

(2) Promote widespread adoption of such process by payors and hospitals, their delegates, and subcontractors in the state that credential health professionals and by such health professionals as soon as possible thereafter; and

(3) Work with the secretary to assure that data used in the uniform electronic process can be electronically exchanged with the department of health professional licensing process under chapter 18.122 RCW. [2009 c 298 § 6.]

48.165.040 Lead organization tasks—Uniform standard companion document and data set. The lead organization shall:

(1) Establish a uniform standard companion document and data set for electronic eligibility and coverage verification. Such a companion guide will:

(a) Be based on nationally accepted ANSI X12 270/271 standards for eligibility inquiry and response and, wherever possible, be consistent with the standards adopted by nationally recognized organizations, such as the centers for medicare and medicaid services;

(b) Enable providers and payors to exchange eligibility requests and responses on a system-to-system basis or using a payor supported web browser;

(c) Provide reasonably detailed information on a consumer's eligibility for health care coverage, scope of benefits, limitations and exclusions provided under that coverage, cost-sharing requirements for specific services at the specific time of the inquiry, current deductible amounts, accumulated or limited benefits, out-of-pocket maximums, any maximum policy amounts, and other information required for the provider to collect the patient's portion of the bill; and

(d) Reflect the necessary limitations imposed on payors by the originator of the eligibility and benefits information;

(2) Recommend a standard or common process to the commissioner to protect providers and hospitals from the costs of, and payors from claims for, services to patients who are ineligible for insurance coverage in circumstances where a payor provides eligibility verification based on best information available to the payor at the date of the request; and

(3) Complete, disseminate, and promote widespread adoption by payors of such document and data set by December 31, 2010. [2009 c 298 § 8.]

48.165.045 Lead organization tasks—Implementation guidelines—Code development and standardization—Denial review process. (1) By December 31, 2010, the lead organization shall develop implementation guidelines and promote widespread adoption of such guidelines for:

(a) The use of the national correct coding initiative code edit policy by payors and providers in the state;

(b) Publishing any variations from component codes, mutually exclusive codes, and status b codes by payors in a manner that makes for simple retrieval and implementation by providers;

(c) Use of health insurance portability and accountability act standard group codes, reason codes, and remark codes by payors in electronic remittances sent to providers;

(d) The processing of corrections to claims by providers and payors; and

(e) A standard payor denial review process for providers when they request a reconsideration of a denial of a claim that results from differences in clinical edits where no single, common standards body or process exists and multiple conflicting sources are in use by payors and providers.

(2) By October 31, 2010, the lead organization shall develop a proposed set of goals and work plan for additional code standardization efforts for 2011 and 2012.

(3) Nothing in this section or in the guidelines developed by the lead organization shall inhibit an individual payor's ability to employ, and not disclose to providers, temporary code edits for the purpose of detecting and deterring fraudulent billing activities. Though such temporary code edits are not required to be disclosed to providers, the guidelines shall require that:

(a) Each payor disclose to the provider its adjudication decision on a claim that was denied or adjusted based on the application of such an edit; and

(b) The provider have access to the payor's review and appeal process to challenge the payor's adjudication decision, provided that nothing in this subsection (3)(b) shall be construed to modify the rights or obligations of payors or providers with respect to procedures relating to the investigation, reporting, appeal, or prosecution under applicable law of potentially fraudulent billing activities. [2009 c 298 § 9.]

48.165.050 Lead organization tasks—Develop and promote uniform practices—Medical management protocols. (1) By December 31, 2010, the lead organization shall:

(a) Develop and promote widespread adoption by payors and providers of guidelines to:

(i) Ensure payors do not automatically deny claims for services when extenuating circumstances make it impossible for the provider to: (A) Obtain a preauthorization before services are performed; or (B) notify a payor within twenty-four hours of a patient's admission; and

(ii) Require payors to use common and consistent time frames when responding to provider requests for medical management approvals. Whenever possible, such time frames shall be consistent with those established by leading national organizations and be based upon the acuity of the patient's need for care or treatment;

(b) Develop, maintain, and promote widespread adoption of a single common web site where providers can obtain payors' preauthorization, benefits advisory, and preadmission requirements;

(c) Establish guidelines for payors to develop and maintain a web site that providers can employ to:

(i) Request a preauthorization, including a prospective clinical necessity review;

(ii) Receive an authorization number; and

(iii) Transmit an admission notification.

(2) By October 31, 2010, the lead organization shall propose to the commissioner a set of goals and work plan for the development of medical management protocols, including whether to develop evidence-based medical management practices addressing specific clinical conditions and make its recommendation to the commissioner, who shall report the lead organization's findings and recommendations to the legislature. [2009 c 298 § 10.]

49.60.500 Community athletics programs—Sex discrimination prohibited—Definitions. (1) No city, town, county, or district may discriminate against any person on the basis of sex in the operation, conduct, or administration of community athletics programs for youth or adults. A third party receiving a lease or permit from a city, town, county, district, or a school district, for a community athletics program also may not discriminate against any person on the basis of sex in the operation, conduct, or administration of community athletics programs for youth or adults.

(2) The definitions in this subsection apply throughout this section.

(a) "Community athletics program" means any athletic program that is organized for the purposes of training for and engaging in athletic activity and competition and that is in any way operated, conducted, administered, or supported by a city, town, county, district, or school district other than those offered by the school and created solely for the students by the school.

(b) "District" means any metropolitan park district, park and recreation service area, or park and recreation district. [2009 c 467 § 2.]

Findings—Declarations—2009 c 467: "The legislature finds and declares:

On June 23, 1972, President Richard Nixon signed into law Title IX of the Education Amendments of 1972 to the 1964 Civil Rights Act. This landmark legislation provides that: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance...." Title IX has expanded opportunities for males as well as females in educational programs and activities, including ensuring access to athletic opportunities for girls and women in educational institutions and to male and female staff to coaching and athletics administrative positions in educational institutions. The dramatic increases in participation rates at both the high school and college levels since Title IX was passed show that when doors are opened to women and girls, they will participate.

Further, ensuring equality in the state of Washington, the legislature passed an amendment to the state Constitution, ratified by the voters in November 1972, providing "Equality of rights and responsibilities under the law shall not be denied or abridged on account of sex." In 1975, Washington continued to be at the forefront of this issue by adopting legislation that established our own statutory version of the federal Title IX law that prohibited "inequality in the educational opportunities afforded women and girls at all levels of the public schools in Washington state."

Athletic opportunities provide innumerable benefits to participants, including greater academic success, better physical and psychological health, responsible social behaviors, and enhanced interpersonal skills. Athletic scholarships make it possible for some young people to attend college. The Washington state legislature, recognizing the importance of full participation in athletics, has passed numerous bills directed at achieving equity and eliminating discrimination in intercollegiate athletics in the state's institutions of higher education.

Despite advances in educational settings and efforts by some local agencies to expand opportunities in community athletics programs, discrimination still exists that limits these opportunities. It is the intent of the legislature to expand and support equal participation in athletics programs, and provide all sports programs equal access to facilities administered by cities, towns, counties, metropolitan park districts, park and recreation service areas, or park and recreation districts.

Nothing in this act is intended to affect the holding in the Washington state supreme court's ruling in *Darrin v. Gould,* 85 Wn.2d 859, 540 P.2d 882 (1975) and its progeny that held it is not acceptable to discriminate in contact sports on the basis of sex." [2009 c 467 § 1.]

49.60.505 Community athletics programs—Nondiscrimination policy required. (1) By January 1, 2010, each city, town, county, or district operating a community athletics program or issuing permission to a third party for the operation of such program on its facilities shall adopt a policy that specifically prohibits discrimination against any person on the basis of sex in the operation, conduct, or administration of community athletics programs for youth or adults.

(2) It is the responsibility of each city, town, county, or district operating a community athletics program or issuing permission to a third party for the operation of such program on its facilities to publish and disseminate this policy. At a minimum, the nondiscrimination policy should be included in any publication that includes information about the entity's own athletics programs, or about obtaining a permit for operating athletics programs and on the appropriate city, town, county, or district web site.

(3) School districts issuing permission to a third party for the operation of a community athletics program on its facilities shall also follow the provisions of this section but may modify and use existing school district policies and procedures to the extent that is possible. Nothing in this section may be construed to require school districts to monitor compliance, investigate complaints, or otherwise enforce school district policies as to third parties using school district facilities.

(4) Every city, town, county, or district covered by this section should also publish the name, office address, and office telephone number of the employee or employees

responsible for its efforts to comply with and carry out its responsibilities under chapter 467, Laws of 2009. [2009 c 467 § 3.]

49.78.020 Definitions. ***(Effective if E2SSB 5688 is approved at the November 2009 election under Referendum Measure 71.)*** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Child" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is: (a) Under eighteen years of age; or (b) eighteen years of age or older and incapable of self-care because of a mental or physical disability.

(2) "Department" means the department of labor and industries.

(3) "Director" means the director of the department.

(4)(a) "Employee" means a person who has been employed: (i) For at least twelve months by the employer with respect to whom leave is requested under RCW 49.78.220; and (ii) for at least one thousand two hundred fifty hours of service with the employer during the previous twelve-month period.

(b) "Employee" does not mean a person who is employed at a worksite at which the employer as defined in (a) of this subsection employs less than fifty employees if the total number of employees employed by that employer within seventy-five miles of that worksite is less than fifty.

(5) "Employer" means: (a) Any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and includes any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision, which employs fifty or more employees for each working day during each of twenty or more calendar workweeks in the current or preceding calendar year; (b) the state, state institutions, and state agencies; and (c) any unit of local government including, but not limited to, a county, city, town, municipal corporation, quasi-municipal corporation, or political subdivision.

(6) "Employment benefits" means all benefits provided or made available to employees by an employer, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions except benefits that are provided by a practice or written policy of an employer or through an employee benefit plan as defined in 29 U.S.C. Sec. 1002(3).

(7) "Family member" means a child, parent, spouse, or state registered domestic partner of an employee.

(8) "Health care provider" means: (a) A person licensed as a physician under chapter 18.71 RCW or an osteopathic physician and surgeon under chapter 18.57 RCW; (b) a person licensed as an advanced registered nurse practitioner under chapter 18.79 RCW; or (c) any other person deter-

mined by the director to be capable of providing health care services.

(9) "Intermittent leave" is leave taken in separate blocks of time due to a single qualifying reason.

(10) "Leave for a family member's serious health condition" means leave as described in RCW 49.78.220(1)(c).

(11) "Leave for the birth or placement of a child" means leave as described in RCW 49.78.220(1) (a) or (b).

(12) "Leave for the employee's serious health condition" means leave as described in RCW 49.78.220(1)(d).

(13) "Parent" means the biological or adoptive parent of an employee or an individual who stood in loco parentis to an employee when the employee was a child.

(14) "Period of incapacity" means an inability to work, attend school, or perform other regular daily activities because of the serious health condition, treatment of that condition or recovery from it, or subsequent treatment in connection with such inpatient care.

(15) "Reduced leave schedule" means a leave schedule that reduces the usual number of hours per workweek, or hours per workday, of an employee.

(16)(a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity;

(D) A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication or therapy requiring special equipment to resolve or alleviate the health condition. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this chapter.

(c) Conditions for which cosmetic treatments are administered are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraine, routine dental or orthodontia problems, and periodontal disease are examples of conditions that do not meet the definition of a "serious health condition" and do not qualify for leave under this chapter. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies may be serious health conditions provided all the other conditions of this section are met.

(d) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care services upon referral by a health care provider. Absence from work because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this chapter.

(e) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this chapter even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days.

(17) "Spouse" means a husband or wife, as the case may be, or state registered domestic partner. [2009 c 521 § 135; 2006 c 59 § 2; 1996 c 178 § 14; 1989 1st ex.s. c 11 § 2.]

or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. 49.90.010 Sensory disabilities—State agencies—Need for service animal training—Definition. (1) Within this section, "sensory disability" means a sensory condition that materially limits, contributes to limiting, or, if not corrected or accommodated, will probably result in limiting an individual's activities or functioning.

(2) The department of personnel shall adopt rules that authorize state agencies to provide allowances to employees with sensory disabilities who must attend training necessary to attain a new service animal. The employee's absence must be treated in the same manner as that granted to employees who are absent to attend training that supports or improves their job performance, except that the employee shall not be eligible for reimbursement under RCW 43.03.050 or 43.03.060. The department of personnel shall adopt rules as necessary to implement this chapter.

(3) If the necessity to attend training for a new service animal is foreseeable and the training will cause the employee to miss work, the employee shall provide the employer with not less than thirty days' notice, before the date the absence is to begin, of the employee's impending absence. If the date of the training requires the absence to begin in less than thirty days, the employee shall provide notice as is practicable.

(4) An agency may require that a request to attend service animal training be supported by a certification issued by the relevant training organization. The employee must provide, in a timely manner, a copy of the certification to the agency. Certification provided under this section is sufficient if it states: (a) The date on which the service animal training session is scheduled to commence; and (b) the session's duration. 50.12.070 Employing unit records, reports, and registration—Unified business identifier account number records—Penalty for failure to keep records. ***(Effective October 1, 2009.)*** (1)(a) Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title.

(b) An employer who contracts with another person or entity for work subject to chapter 18.27 or 19.28 RCW shall obtain and preserve a record of the unified business identifier account number for and compensation paid to the person or entity performing the work. In addition to the penalty in subsection (3) of this section, failure to obtain or maintain the record is subject to RCW 39.06.010.

(2)(a) Each employer shall register with the department and obtain an employment security account number. Registration must include the names and social security numbers of the owners, partners, members, or corporate officers of the business, as well as their mailing addresses and telephone numbers and other information the commissioner may by rule prescribe. Registration of corporations must also include the percentage of stock ownership for each corporate officer, delineated by zero percent, less than ten percent, or ten percent or more. Any changes in the owners, partners, members, or corporate officers of the business, and changes in percentage of ownership of the outstanding shares of stock of the corporation, must be reported to the department at intervals prescribed by the commissioner under (b) of this subsection.

(b) Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the full names and social security numbers of all such workers, and the total hours worked by each worker and such other information as the commissioner may by regulation prescribe.

(c) If the employing unit fails or has failed to report the number of hours in a reporting period for which a worker worked, such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such hours worked, the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar

amount of the state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, That although the computation so made will not be subject to appeal by the employing unit, monetary entitlement may be redetermined upon request if the department is provided with credible evidence of the actual hours worked. Benefits paid using computed hours are not considered an overpayment and are not subject to collections when the correction of computed hours results in an invalid or reduced claim; however:

(i) A contribution paying employer who fails to report the number of hours worked will have its experience rating account charged for all benefits paid that are based on hours computed under this subsection; and

(ii) An employer who reimburses the trust fund for benefits paid to workers and fails to report the number of hours worked shall reimburse the trust fund for all benefits paid that are based on hours computed under this subsection.

50.20.050 Disqualification for leaving work voluntarily without good cause *(as amended by 2009 c 493)*.
50.20.120 Amount of benefits.
50.20.1201 Amount of benefits—Applicable May 3, 2009, for claims effective before, on, or after May 3, 2009, through January 2, 2010.

50.20.050 Disqualification for leaving work voluntarily without good cause *(as amended by 2009 c 247)*. (1) With respect to claims that have an effective date before January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual shall not be considered to have left work voluntarily without good cause when:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment: PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system;

(iii) He or she has left work to relocate for the spouse's employment that is due to an employer-initiated mandatory transfer that is outside the existing labor market area if the claimant remained employed as long as was reasonable prior to the move; or

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110.

(c) In determining under this subsection whether an individual has left work voluntarily without good cause, the commissioner shall only consider work-connected factors such as the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness for the work, the individual's ability to perform the work, and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.

(d) Subsection (1)(a) and (c) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left work and thereafter for seven calendar weeks and until he or she has requalified, either by obtaining bona fide work in employment covered by this title and earning wages in that employment equal to seven times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by (b)(ii) or (iii) of this subsection.

(2) With respect to claims that have an effective date on or after January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual is not disqualified from benefits under (a) of this subsection when:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant pursued all reasonable alternatives to preserve his or her employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated his or her employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii)(A) With respect to claims that have an effective date before July 2, 2006, he or she: (I) Left work to relocate for the spouse's employment that, due to a mandatory military transfer: (1) Is outside the existing labor market area; and (2) is in Washington or another state that, pursuant to statute, does not consider such an individual to have left work voluntarily without good cause; and (II) remained employed as long as was reasonable prior to the move;

(B) With respect to claims that have an effective date on or after July 2, 2006, he or she: (I) Left work to relocate for the spouse's employment that, due to a mandatory military transfer, is outside the existing labor market area; and (II) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The individual's usual compensation was reduced by twenty-five percent or more;

(vi) The individual's usual hours were reduced by twenty-five percent or more;

(vii) The individual's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The individual's worksite safety deteriorated, the individual reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The individual left work because of illegal activities in the individual's worksite, the individual reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs; or

(xi) The individual left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits

are payable beginning Sunday of the week prior to the week in which the individual begins active participation in the apprenticeship program.

(3) Notwithstanding subsection (2) of this section, for separations occurring on or after July 26, 2009, an individual who was simultaneously employed in full-time employment and part-time employment and is otherwise eligible for benefits from the loss of the full-time employment shall not be disqualified from benefits because the individual:

(a) Voluntarily quit the part-time employment before the loss of the full-time employment; and

(b) Did not have prior knowledge that he or she would be separated from full-time employment. [2009 c 247 § 1; 2008 c 323 § 1; 2006 c 13 § 2. (viii) The individual's worksite safety deteriorated, the individual reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The individual left work because of illegal activities in the individual's worksite, the individual reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs; or

(xi) The individual left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the individual begins active participation in the apprenticeship program.

(2) With respect to separations that occur on or after September 6, 2009:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant pursued all reasonable alternatives to preserve his or her employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated his or her employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The individual's usual compensation was reduced by twenty-five percent or more;

(vi) The individual's usual hours were reduced by twenty-five percent or more;

(vii) The individual's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The individual's worksite safety deteriorated, the individual reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The individual left work because of illegal activities in the individual's worksite, the individual reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs; or

(xi) The individual left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the individual begins active participation in the apprenticeship program. [2009 c 493 § 3; 2008 c 323 § 1; 2006 c 13 § 2. (b) The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th.

(4) If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar. [2006 c 13 § 28.]

Findings—Intent—2005 c 133: "The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant's base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible." (3) "High unemployment period" means any period of unemployment beginning after March 6, 1993, during which an extended benefit period would be in effect if:

(b) The average rate of total unemployment in the state, seasonally adjusted, as determined by the United States sec-

retary of labor, for the three-month period referred to in (a) of this subsection, equals or exceeds one hundred ten percent of the average for either or both of the corresponding three-month periods ending in the two preceding calendar years.

(4) There is an "off" indicator for this state for a week only if, for the period consisting of such week and immediately preceding twelve weeks, none of the options specified in subsection (2) or (3) of this section result in an "on" indicator.

(9) "Additional benefit eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an additional benefit period that is in effect and, if his or her benefit year ends within such additional benefit period, any weeks thereafter which begin in such period.

(10) "Exhaustee" means an individual who, with respect to any week of unemployment in his or her eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were payable to him or her under this title or any other state law (including dependents' allowances and regular benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week; or

(b) Has received, prior to such week, all of the regular benefits that were available to him or her under this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week, after the cancellation of some or all of his or her wage credits or the total or partial reduction of his or her rights to regular benefits: PROVIDED, That, for the purposes of (a) and (b), an individual shall be deemed to have received in his or her current benefit year all of the regular benefits that were payable to him or her, or available to him or her, as the case may be, even though:

50.22.130 Training benefits program—Intent. It is the intent of the legislature that a training benefits program be established to provide unemployment insurance benefits to unemployed individuals who participate in training programs necessary for their reemployment.

The legislature further intends that this program serve the following goals:

(1) Retraining should be available for those unemployed individuals whose skills are no longer in demand;

(2) To be eligible for retraining, an individual must have a long-term attachment to the labor force;

(3) Training must enhance the individual's marketable skills and earning power; and

(4) Retraining must be targeted to high-demand occupations.

Individuals unemployed as a result of structural changes in the economy and technological advances rendering their skills obsolete must receive the highest priority for participation in this program. It is the further intent of the legislature that individuals for whom suitable employment is available are not eligible for additional benefits while participating in training.

The legislature further intends that funding for this program be limited by a specified maximum amount each fiscal year. [2009 c 353 § 3; 2000 c 2 § 6.]

50.29.063 Predecessor or successor employers—Transfer to obtain reduced array calculation factor rate—Evasion of successor provisions—Penalties.

50.29.010 Definitions. As used in this chapter:

(1) "Computation date" means July 1st of any year;

(2) "Cut-off date" means September 30th next following the computation date;

(3) "Payroll" means all wages (as defined for contribution purposes) paid by an employer to individuals in his or her employment;

(4) "Qualification date" means April 1st of the second year preceding the computation date;

(5) "Qualified employer" means any employer who (a) reported some employment in the twelve-month period beginning with the qualification date, (b) had no period of four or more consecutive calendar quarters for which he or she reported no employment in the two calendar years imme-

diately preceding the computation date, and (c) has submitted by the cut-off date all reports, contributions, interest, and penalties required under this title for the period preceding the computation date. Unpaid contributions, interest, and penalties must be disregarded for the purposes of this section if they constitute less than either one hundred dollars or one-half of one percent of the employer's total tax reported for the twelve-month period immediately preceding the computation date. Late reports, contributions, penalties, or interest may be disregarded for the purposes of this section if showing is made to the satisfaction of the commissioner, as the commissioner may define by rule, that an otherwise qualified employer acted in good faith and that forfeiture of qualification for a reduced contribution rate because of such delinquency would be inequitable;

Wages defined for contribution purposes: RCW 50.04.320.

50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) *RCW 50.20.050(1)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) *RCW 50.20.050(1)(b) (v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer. However, when a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits paid that are based on the originally filed incomplete or inaccurate report or reports.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW

50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under *RCW 50.20.050(1)(b) (iv) or (xi), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (3)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) The forty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1201 shall not be charged to the experience rating account of any contribution paying employer.

(h) With respect to claims where the minimum amount payable weekly is increased to one hundred fifty-five dollars pursuant to RCW 50.20.1201(3), benefits paid that exceed the benefits that would have been paid if the minimum amount payable weekly had been calculated pursuant to RCW 50.20.120 shall not be charged to the experience rating account of any contribution paying employer.

(i) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.06 RCW; or

(v) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted. 50.29.025 Contribution rates. (1) For contributions assessed for rate years 2005 through 2009, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be

the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (1)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than four-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year.

For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (1)(b) shall be six-tenths of one percent, except that if the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide:

(I) At least twelve months but less than fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent; or

(II) At least fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent, except that, for employers in rate class 1, the minimum shall be forty-five hundredths of one percent.

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose North American industry classification system code is within "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," may not exceed six percent through rate year 2007 and may not exceed five and seven-tenths percent for rate years 2008 and 2009:

(I) Rate class 1 - 78 percent;
(II) Rate class 2 - 82 percent;
(III) Rate class 3 - 86 percent;
(IV) Rate class 4 - 90 percent;
(V) Rate class 5 - 94 percent;
(VI) Rate class 6 - 98 percent;
(VII) Rate class 7 - 102 percent;
(VIII) Rate class 8 - 106 percent;

(IX) Rate class 9 - 110 percent;

(X) Rate class 10 - 114 percent;

(XI) Rate class 11 - 118 percent; and

(XII) Rate classes 12 through 40 - 120 percent.

(B) For contributions assessed beginning July 1, 2005, through December 31, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero.

(iii) For the purposes of this section:

(A) "Total social cost" means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period. To calculate the flat social cost factor for rate years 2010 and 2011, the forty-five dollar increase paid as part of an individual's weekly benefit amount as provided in RCW 50.20.1201 shall not be considered for purposes of calculating the total unemployment benefits paid to claimants in the four consecutive calendar quarters immediately preceding the computation date.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) For employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due:

(i) The array calculation factor rate shall be two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) For rate years 2005, 2006, and 2007:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40; and

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For contributions assessed for rate years 2008 and 2009:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, multiplied by the history factor, but not less than one percent or more than the array calculation factor rate in rate class 40;

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection; and

(C) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date by employers not qualified to be in the array, other than employers in (c) of this subsection, who were first subject to contributions in the calendar year ending three years prior to the computation date. The commissioner shall calculate the history ratio by dividing the total amount of benefits charged by the total amount of contributions paid in this three-year period by these employers. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The commissioner shall determine the history factor according to the history ratio as follows:

	History Ratio		History Factor (percent)
	At least	Less than	
(I)		.95	90
(II)	.95	1.05	100
(III)	1.05		115

(2) For contributions assessed in rate year 2010 and thereafter, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than four-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year.

For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent, except that if the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide:

(I) At least ten months but less than eleven months of unemployment benefits, the minimum shall be five-tenths of one percent; or

(II) At least eleven months but less than twelve months of unemployment benefits, the minimum shall be forty-five hundredths of one percent; or

(III) At least twelve months but less than thirteen months of unemployment benefits, the minimum shall be four-tenths of one percent; or

(IV) At least thirteen months but less than fifteen months of unemployment benefits, the minimum shall be thirty-five hundredths of one percent; or

(V) At least fifteen months but less than seventeen months of unemployment benefits, the minimum shall be twenty-five hundredths of one percent; or

(VI) At least seventeen months but less than eighteen months of unemployment benefits, the minimum shall be fifteen hundredths of one percent; or

(VII) At least eighteen months of unemployment benefits, the minimum shall be fifteen hundredths of one percent through rate year 2011 and shall be zero thereafter.

(ii) The graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six percent or, for employers whose North American industry classification system code is within "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," may not exceed five and four-tenths percent:

(A) Rate class 1 - 78 percent;
(B) Rate class 2 - 82 percent;
(C) Rate class 3 - 86 percent;
(D) Rate class 4 - 90 percent;
(E) Rate class 5 - 94 percent;
(F) Rate class 6 - 98 percent;
(G) Rate class 7 - 102 percent;
(H) Rate class 8 - 106 percent;
(I) Rate class 9 - 110 percent;
(J) Rate class 10 - 114 percent;
(K) Rate class 11 - 118 percent; and
(L) Rate classes 12 through 40 - 120 percent.

(iii) For the purposes of this section:

(A) "Total social cost" means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) For employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due:

(i) The array calculation factor rate shall be two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, multiplied by the history factor, but not less than one percent or more than the array calculation factor rate in rate class 40;

(ii) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection; and

(iii) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date by employers not qualified to be in the array, other than employers in (c) of this subsection, who were first subject to contributions in the calendar year ending three years prior to the computation date. The commissioner shall calculate the history ratio by dividing the total amount of benefits charged by the total amount of contributions paid in this three-year period by these employers. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The commissioner shall determine the history factor according to the history ratio as follows:

	History Ratio		History Factor (percent)
	At least	Less than	
(A)		.95	90
(B)	.95	1.05	100
(C)	1.05		115

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the North American industry classification system code. 50.29.062 Contribution rates for predecessor and successor employers. Except as provided in RCW 50.29.063, predecessor and successor employer contribution rates shall be computed in the following manner:

(1) If the successor is an employer, as defined in RCW 50.04.080, at the time of the transfer of a business, the following applies:

(a) The successor's contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs; and

(b) Beginning January 1st following the transfer, the successor's contribution rate for each rate year shall be based on a combination of the following:

(i) The successor's experience with payrolls and benefits; and

(ii) Any experience assigned to the predecessor involved in the transfer. If only a portion of the business was transferred, then the experience attributable to the acquired portion is assigned to the successor.

(2) If the successor is not an employer at the time of the transfer, the following applies:

(a) For transfers before January 1, 2005:

(i) Except as provided in (ii) of this subsection (2)(a), the successor shall pay contributions at the lowest rate determined under either of the following:

(A) The contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience relating to the assignment of that rate class attributable to the predecessor is transferred to the successor. Beginning with the January 1st following the transfer, the successor's contribution rate shall be based on a combination of the transferred experience of the acquired business and the successor's experience after the transfer; or

(B) The contribution rate equal to the average industry rate as determined by the commissioner, but not less than one percent, and continuing until the successor qualifies for a different rate in its own right. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, must be in accordance with established classification practices found in the North American industry classification system issued by the federal office of management and budget to the fourth digit provided in the North American industry classification system.

(ii) If the successor simultaneously acquires the business or a portion of the business of two or more employers in different rate classes, its rate, from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the rate of the highest rate class applicable at the time of the acquisition to any predecessor employer who is a party to the acquisition, but not less than one percent.

(b) For transfers on or after January 1, 2005:

(i) Except as provided in (ii) and (iii) of this subsection (2)(b), the successor shall pay contributions:

(A) At the contribution rate assigned to the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience attributable to the predecessor relating to the assignment of the predecessor's rate class is transferred to the successor.

(B) Beginning January 1st following the transfer, the successor's contribution rate for each rate year shall be based on an array calculation factor rate that is a combination of the following: The successor's experience with payrolls and benefits; and any experience assigned to the predecessor involved in the transfer. If only a portion of the business was transferred, then the experience attributable to the acquired portion is assigned to the successor if qualified under RCW 50.29.010(6) by including the transferred experience. If not qualified under RCW 50.29.010(6), the contribution rate shall equal the sum of the rates determined by the commissioner under *RCW 50.29.025(2)(d)(ii) and 50.29.041, if applicable, and continuing until the successor qualifies for a different rate, including the transferred experience.

(ii) If there is a substantial continuity of ownership, control, or management by the successor of the business of the predecessor, the successor shall pay contributions at the contribution rate determined for the predecessor employer at the time of the transfer for the remainder of that rate year. Any experience attributable to the predecessor relating to the assignment of the predecessor's rate class is transferred to the successor. Beginning January 1st following the transfer, the successor's array calculation factor rate shall be based on a

combination of the transferred experience of the acquired business and the successor's experience after the transfer.

(iii) If the successor simultaneously acquires the business or a portion of the business of two or more employers with different contribution rates, the successor's rate, from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the sum of the rates determined by the commissioner under *RCW 50.29.025(2) (a) and (b), and 50.29.041, applicable at the time of the acquisition, to the predecessor employer who, among the parties to the acquisition, had the largest total payroll in the completed calendar quarter immediately preceding the date of transfer, but not less than the sum of the rates determined by the commissioner under *RCW 50.29.025(2)(d)(ii) and 50.29.041, if applicable.

(3) With respect to predecessor employers:

(a) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs.

(b) In all cases, beginning January 1st following the transfer, the predecessor's contribution rate or the predecessor's array calculation factor for each rate year shall be based on its experience with payrolls and benefits as of the regular computation date for that rate year excluding the experience of the transferred business or transferred portion of business as that experience has transferred to the successor: PROVIDED, That if all of the predecessor's business is transferred to a successor or successors, the predecessor shall not be a qualified employer until it satisfies the requirements of a "qualified employer" as set forth in RCW 50.29.010.

(4) For purposes of this section, "transfer of a business" means the same as RCW 50.29.063(4)(c). [2009 c 225 § 1; 2006 c 47 § 2; 2003 2nd sp.s. c 4 § 18; 1996 c 238 § 1; 1995 c 56 § 1; 1989 c 380 § 81; 1984 c 205 § 6.]

50.29.063 Predecessor or successor employers—Transfer to obtain reduced array calculation factor rate—Evasion of successor provisions—Penalties. (1) If it is found that a significant purpose of the transfer of a business was to obtain a reduced array calculation factor rate, then the following applies:

(a) If the successor was an employer at the time of the transfer, then the experience rating accounts of the employers involved shall be combined into a single account and the employers assigned the higher of the predecessor or successor array calculation factor rate to take effect as of the date of the transfer.

(b) If the successor was not an employer at the time of the transfer, then the experience rating account of the acquired business must not be transferred and, instead, the sum of the rate determined by the commissioner under *RCW 50.29.025(2)(d)(ii) and 50.29.041, if applicable, shall be assigned.

(2) If any part of a delinquency for which an assessment is made under this title is due to an intent to knowingly evade the successorship provisions of RCW 50.29.062 and this section, then with respect to the employer, and to any business found to be knowingly promoting the evasion of such provisions:

(a) The commissioner shall, for the rate year in which the commissioner makes the determination under this subsection and for each of the three consecutive rate years following that rate year, assign to the employer or business the total rate, which is the sum of the recalculated array calculation factor rate and a civil penalty assessment rate, calculated as follows:

(i) Recalculate the array calculation factor rate as the array calculation factor rate that should have applied to the employer or business under RCW 50.29.025 and 50.29.062; and

(ii) Calculate a civil penalty assessment rate in an amount that, when added to the array calculation factor rate determined under (a)(i) of this subsection for the applicable rate year, results in a total rate equal to the maximum array calculation factor rate under RCW 50.29.025 plus two per-

cent, which total rate is not limited by any maximum array calculation factor rate established in *RCW 50.29.025(2)(b)(ii);

(b) The employer or business may be prosecuted under the penalties prescribed in RCW 50.36.020; and

(c) The employer or business must pay for the employment security department's reasonable expenses of auditing the employer's or business's books and collecting the civil penalty assessment.

(3) If the person knowingly evading the successorship provisions, or knowingly attempting to evade these provisions, or knowingly promoting the evasion of these provisions, is not an employer, the person is subject to a civil penalty assessment of five thousand dollars per occurrence. In addition, the person is subject to the penalties prescribed in RCW 50.36.020 as if the person were an employer. The person must also pay for the employment security department's reasonable expenses of auditing his or her books and collecting the civil penalty assessment.

(4) For purposes of this section:

(a) "Knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved and includes, but is not limited to, intent to evade, misrepresentation, or willful nondisclosure.

(b) "Person" means and includes an individual, a trust, estate, partnership, association, company, or corporation.

(c) "Transfer of a business" includes the transfer or acquisition of substantially all or a portion of the operating assets, which may include the employer's workforce.

(5) Any decision to assess a penalty under this section shall be made by the chief administrative officer of the tax branch or his or her designee.

(6) Nothing in this section shall be construed to deny an employer the right to appeal the assessment of a penalty in the manner provided in RCW 50.32.030.

(7) The commissioner shall engage in prevention, detection, and collection activities related to evasion of the successorship provisions of RCW 50.29.062 and this section, and establish procedures to enforce this section. [2009 c 225 § 2; 2007 c 327 § 3; 2006 c 47 § 1.]

(2) Each affected employee is identified by name, social security number, and by any other information required by the commissioner;

(3) The usual weekly hours of work for each affected employee are reduced by not less than ten percent and not more than fifty percent;

(4) Fringe benefits will continue to be provided on the same basis as before the reduction in work hours. In no event shall the level of health benefits be reduced due to a reduction in hours;

(5) The plan certifies that the aggregate reduction in work hours for each affected employee is in lieu of temporary layoffs which would have resulted in an equivalent reduction in work hours;

(6) The plan is approved in writing by the collective bargaining agent for each collective bargaining agreement covering any affected employee;

(7) The plan will not subsidize seasonal employers during the off season nor subsidize employers who have traditionally used part-time employees; and

(8) The employer agrees to furnish reports necessary for the proper administration of the plan and to permit access by the commissioner to all records necessary to verify the plan before approval and after approval to evaluate the application of the plan.

In addition to subsections (1) through (8) of this section, the commissioner shall take into account any other factors which may be pertinent. [2009 c 3 § 8; 1985 c 43 § 1; 1983 c 207 § 3.]

Conflict with federal requirements—1985 c 43: "If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." [1985 c 43 § 2.]

Severability—1985 c 43: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 43 § 3.]

50.60.060 Approved plan—Effective date—Expiration. A shared work compensation plan shall be effective on the date agreed upon by the department and the employer but no later than the first day of the second calendar week after the date of the commissioner's approval, unless a later date is requested by the employer. The plan shall expire at the end of the twelfth full calendar month after its effective date, or on the date specified in the plan if that date is earlier, unless the plan is revoked before that date by the commissioner. If a plan is revoked by the commissioner, it shall terminate on the date specified in the commissioner's order of revocation. [2009 c 3 § 9; 1983 c 207 § 6.]

Short title—Effective date—Conflict with federal requirements—2009 c 3: See notes following RCW 50.20.120.

50.60.070 Approved plan—Revocation—Review of plans. The commissioner may revoke approval of a shared work compensation plan for good cause. The revocation order shall be in writing and shall specify the date the revocation is effective and the reasons for the revocation. Good cause for revocation shall include failure to comply with the assurances given in the plan, unreasonable revision of productivity standards, conduct or occurrences tending to defeat the intent and effective operation of the plan, and violation of the criteria on which approval of the plan was based.

Such action may be initiated at any time by the commissioner on his or her own motion, on the motion of any of the affected employees, or on the motion of the appropriate collective bargaining agents. The commissioner shall review each plan at least once within the twelve month period the plan is in effect to assure that it continues to meet the requirements of this chapter. [2009 c 3 § 10; 1983 c 207 § 7.]

Short title—Effective date—Conflict with federal requirements—2009 c 3: See notes following RCW 50.20.120.

50.60.090 Shared work benefits—Eligibility. An individual is eligible to receive shared work benefits with respect to any week only if, in addition to meeting the conditions of eligibility for other benefits under this title, the commissioner finds that:

(1) The individual was employed during that week as an affected employee under an approved shared work compensation plan which was in effect for that week;

(2) The individual was able to work and was available for additional hours of work and for full-time work with the shared work employer; and

(3) Notwithstanding any other provision of this chapter, an individual is deemed to have been unemployed in any week for which remuneration is payable to him or her as an affected employee for less than his or her normal weekly hours of work as specified under the approved shared work

compensation plan in effect for that week. [2009 c 3 § 11; 1983 c 207 § 9.]

50.60.100 Benefits—Weekly amount—Maximum entitlement—Claims—Conditions. (1) The shared work weekly benefit amount shall be the product of the regular weekly unemployment compensation benefit amount multiplied by the percentage of reduction in the individual's usual weekly hours of work;

(2) No individual is eligible in any benefit year for more than the maximum entitlement established for benefits under this title, including benefits under this chapter;

(3) The shared work benefits paid an individual shall be deducted from the total benefit amount established for that individual's benefit year;

(4) Claims for shared work benefits shall be filed in the same manner as claims for other benefits under this title or as prescribed by the commissioner by rule;

(5) Provisions otherwise applicable to unemployment compensation claimants under this title apply to shared work claimants to the extent that they are not inconsistent with this chapter;

(6)(a) If an individual works in the same week for an employer other than the shared work employer and his or her combined hours of work for both employers are equal to or greater than the usual weekly hours of work with the shared work employer, the individual shall not be entitled to benefits under this chapter or title;

(b) If an individual works in the same week for both the shared work employer and another employer and his or her combined hours of work for both employers are less than his or her usual weekly hours of work, the benefit amount payable for that week shall be the weekly unemployment compensation benefit amount reduced by the same percentage that the combined hours are of the usual weekly hours of work;

(7) An individual who does not work during a week for the shared work employer, and is otherwise eligible, shall be paid his or her full weekly unemployment compensation benefit amount;

(8) An individual who does not work for the shared work employer during a week but works for another employer, and is otherwise eligible, shall be paid benefits for that week under the partial unemployment compensation provisions of this title. [2009 c 3 § 12; 1983 c 207 § 10.]

51.32.099 Vocational rehabilitation pilot program—Vocational plans. *(Expires June 30, 2013.)*

51.32.099 Vocational rehabilitation pilot program—Vocational plans. ***(Expires June 30, 2013.)*** (1)(a) The legislature intends to create improved vocational outcomes for Washington state injured workers and employers through legislative and regulatory change under a pilot program for the period of January 1, 2008, through June 30, 2013. This pilot vocational system is intended to allow opportunities for eligible workers to participate in meaningful retraining in high-demand occupations, improve successful return to work and achieve positive outcomes for workers, reduce the incidence of repeat vocational services, increase accountability and responsibility, and improve cost predictability. To facilitate the study and evaluation of the results of the proposed changes, the department shall establish the temporary fund-

ing of certain state fund vocational costs through the medical aid account to ensure the appropriate assessments to employers for the costs of their claims for vocational services in accordance with RCW 51.32.0991.

(b) An independent review and study of the effects of the pilot program shall be conducted to determine whether it has achieved the appropriate outcomes at reasonable cost to the system. The review shall include, at a minimum, a report on the department's performance with regard to the provision of vocational services, the skills acquired by workers who receive retraining services, the types of training programs approved, whether the workers are employed, at what jobs and wages after completion of the training program and at various times subsequent to their claim closure, the number and demographics of workers who choose the option provided in subsection (4)(b) of this section, and their employment and earnings status at various times subsequent to claim closure. The department may adopt rules, in collaboration with the subcommittee created under (c)(iii) of this subsection, to further define the scope and elements of the required study. Reports of the independent researcher are due on December 1, 2010, December 1, 2011, and December 1, 2012.

(c) In implementing the pilot program, the department shall:

(i) Establish a vocational initiative project that includes participation by the department as a partner with WorkSource, the established state system that administers the federal workforce investment act of 1998. As a partner, the department shall place vocational professional full-time employees at pilot WorkSource locations; refer some workers for vocational services to these vocational professionals; and work with employers in work source pilot areas to market the benefits of on-the-job training programs and with community colleges to reserve slots in high employer demand programs of study as defined in RCW 28B.50.030. These on-the-job training programs and community college slots may be considered by both department and private sector vocational professionals for vocational plan development. The department will also assist stakeholders in developing additional vocational training programs in various industries, including but not limited to agriculture and construction. These programs will expand the choices available to injured workers in developing their vocational training plans with the assistance of vocational professionals.

(ii) Develop and maintain a register of state fund and self-insured workers who have been retrained or have selected any of the vocational options described in this section for at least the duration of the pilot program.

(iii) Create a vocational rehabilitation subcommittee made up of members appointed by the director for at least the duration of the pilot program. This subcommittee shall provide the business and labor partnership needed to maintain focus on the intent of the pilot program, as described in this section, and provide consistency and transparency to the development of rules and policies. The subcommittee shall report to the director at least annually and recommend to the director and the legislature any additional statutory changes needed, which may include extension of the pilot period. The subcommittee shall provide input and oversight with the department concerning the study required under (b) of this subsection. The subcommittee shall provide recommendations for additional changes or incentives for injured workers to return to work with their employer of injury.

(iv) The department shall develop an annual report concerning Washington's workers' compensation vocational rehabilitation system to the legislature and to the subcommittee by December 1, 2009, and annually thereafter with the final report due by December 1, 2012. The annual report shall include the number of workers who have participated in more than one vocational training plan beginning with plans approved on January 1, 2008, and in which industries those workers were employed. The final report shall include the department's assessment and recommendations for further legislative action, in collaboration with the subcommittee.

(2)(a) For the purposes of this section, the day the worker commences vocational plan development means the date the department or self-insurer notifies the worker of his or her eligibility for plan development services.

(b) When vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, he or she shall be provided with services necessary to develop a vocational plan that, if completed, would render the worker employable. The vocational professional assigned to the claim shall, at the initial meeting with the worker, fully inform the worker of the return-to-work priorities set forth in RCW 51.32.095(2) and of his or her rights and responsibilities under the workers' compensation vocational system. The department shall provide tools to the vocational professional for communicating this and other information required by RCW 51.32.095 and this section to the worker.

(c) On the date the worker commences vocational plan development, the department shall also inform the employer in writing of the employer's right to make a valid return-to-work offer during the first fifteen days following the commencement of vocational plan development. To be valid, the offer must be for bona fide employment with the employer of injury, consistent with the worker's documented physical and mental restrictions as provided by the worker's health care provider. When the employer makes a valid return-to-work offer, the vocational plan development services and temporary total disability compensation shall be terminated effective on the starting date for the job without regard to whether the worker accepts the return-to-work offer. Following the fifteen-day period, the employer may still provide, and the worker may accept, any valid return-to-work offer. The worker's acceptance of such an offer shall result in the termination of vocational plan development or implementation services and temporary total disability compensation effective the day the employment begins.

(3)(a) All vocational plans must contain an accountability agreement signed by the worker detailing expectations regarding progress, attendance, and other factors influencing successful participation in the plan. Failure to abide by the agreed expectations shall result in suspension of vocational benefits pursuant to RCW 51.32.110.

(b) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department shall develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the day the worker commences vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause shall be provided in rule. The frequency and reasons for good cause extensions shall be reported to the subcommittee created under subsection (1)(c)(iii) of this section.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed twelve thousand dollars. This amount shall be adjusted effective July 1 of each year for vocational plans or retraining benefits available under subsection (4)(b) of this section approved on or after this date but before June 30 of the next year based on the average percentage change in tuition for the next fall quarter for all Washington state community colleges.

(e) The duration of the vocational plan shall not exceed two years from the date the plan is implemented. The worker shall receive temporary total disability compensation under RCW 51.32.090 and the cost of transportation while he or she is actively and successfully participating in a vocational plan.

(f) If the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(4) Vocational plan development services shall be completed within ninety days of commencing. During vocational plan development the worker shall, with the assistance of a vocational professional, participate in vocational counseling and occupational exploration to include, but not be limited to, identifying possible job goals, training needs, resources, and expenses, consistent with the worker's physical and mental status. A vocational rehabilitation plan shall be developed by the worker and the vocational professional and submitted to the department or self-insurer. Following this submission, the worker shall elect one of the following options:

(a) Option 1: The department or self-insurer implements and the worker participates in the vocational plan developed by the vocational professional and approved by the worker and the department or self-insurer. For state fund claims, the department must review and approve the vocational plan before implementation may begin. If the department takes no action within fifteen days, the plan is deemed approved. The worker may, within fifteen days of approval of the plan by the department, elect option 2.

(i) Following successful completion of the vocational plan, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of transferable skills obtained in the vocational plan.

(ii) If a vocational plan is successfully completed on a claim which is thereafter reopened as provided in RCW 51.32.160, the cost and duration available for any subsequent vocational plan is limited to that in subsection (3)(d) and (e) of this section, less that previously expended.

(b) Option 2: The worker declines further vocational services under the claim and receives an amount equal to six months of temporary total disability compensation under RCW 51.32.090. The award is payable in biweekly payments in accordance with the schedule of temporary total disability payments, until such award is paid in full. These payments shall not include interest on the unpaid balance. However, upon application by the worker, and at the discretion of the department, the compensation may be converted to a lump sum payment. The vocational costs defined in subsection (3)(d) of this section shall remain available to the worker, upon application to the department or self-insurer, for a period of five years. The vocational costs shall, if expended, be available for programs or courses at any accredited or licensed institution or program from a list of those approved by the department for tuition, books, fees, supplies, equipment, and tools, without department or self-insurer oversight. The department shall issue an order as provided in RCW 51.52.050 confirming the option 2 election, setting a payment schedule, and terminating temporary total disability benefits. The department shall thereafter close the claim.

(i) If within five years from the date the option 2 order becomes final, the worker is subsequently injured or suffers an occupational disease or reopens the claim as provided in RCW 51.32.160, and vocational rehabilitation is found both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(e) of this section shall not exceed eighteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the cost available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker's prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

(5)(a) As used in this section, "vocational plan interruption" means an occurrence which disrupts the plan to the extent the employability goal is no longer attainable. "Vocational plan interruption" does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer shall recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for that expended prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the accredited

institution, when it is due to a death in the worker's immediate family, or when documented changes in the worker's accepted medical conditions prevent further participation in the vocational plan.

(c) When a vocational plan interruption is the result of the worker's actions, the worker's entitlement to benefits shall be suspended in accordance with RCW 51.32.110. If plan development or implementation is recommenced, the cost and duration of the plan shall not include credit for that expended prior to the interruption. A vocational plan interruption is considered a result of the worker's actions when it is due to the failure to meet attendance expectations set by the training or educational institution, failure to achieve passing grades or acceptable performance review, unaccepted or postinjury conditions that prevent further participation in the vocational plan, or the worker's failure to abide by the accountability agreement per subsection (3)(a) of this section. Chapter 51.48 RCW
PENALTIES

Sections

51.48.022 Failure to secure payment of compensation—Stop work order—Penalty—Rules.

51.48.022 Failure to secure payment of compensation—Stop work order—Penalty—Rules. (1) In addition to the penalties provided by this chapter, an employer performing services that require registration under chapter 18.27 RCW or licensing under chapter 19.28 RCW who violates RCW 51.14.010 may be subject to a stop work order issued under this section.

(2) If the director determines after an investigation that an employer is in violation of RCW 51.14.010, the director may issue a stop work order against the employer requiring the cessation of business operations of the employer. Service of the order must be in accordance with subsection (3) of this section.

(3) When a stop work order is served on a worksite by posting a copy of the stop work order in a conspicuous location at the worksite, it is effective as to the employer's operations on that worksite. When a stop work order is served on the employer, the order is effective to all employer worksites for which the employer is not in compliance. Business operations of the employer must cease immediately upon service consistent with the stop work order. The order remains in effect until the director issues an order releasing the stop work order upon finding that the employer has come into compliance and has paid any premiums, penalties, and interest under this title or issues an order of conditional release pursuant to subsection (6) of this section.

(4) An employer who violates a stop work order is subject to a one thousand dollar penalty for each day not in compliance.

(5) An employer against whom a stop work order has been issued may request reconsideration from the department or may appeal to the board of industrial insurance appeals. The request must be made in writing to the department or the board within ten days of receiving the stop work order at the worksite or in person. If the department conducts a reconsideration, it must be concluded within ten days of receiving the request for reconsideration by the employer. The stop work order remains in effect during the period of reconsideration or appeal, unless the employer furnishes to the department a cash deposit or bond in the amount of five thousand dollars or one thousand dollars per covered worker identified, whichever is greater. At time of a final order upholding a stop work order, the bond or cash deposit will be seized and applied to the premium, penalty, and interest balance of that employer. In an appeal before the board, the appellant has the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal. RCW 51.52.080 through 51.52.106 govern appeals under this section. Further appeals taken from a final decision of the board under this section are governed by the provisions relating to judicial review of administrative decisions contained in RCW 34.05.510 through 34.05.598, and the department has the same right of review from the board's decisions as do employers.

The commission may require a bond, with a surety company authorized to do business in the state of Washington, in an amount and under the terms and conditions which the commission by resolution from time to time finds will protect the district against loss. The premium on any such bond shall be paid by the district.

(2) All district funds shall be paid to the treasurer and shall be disbursed by him or her only on warrants issued by an auditor appointed by the commission, upon orders or vouchers approved by it. The treasurer shall establish a public utility district fund, into which shall be paid all district funds, and he or she shall maintain such special funds as may be created by the commission, into which he or she shall place all money as the commission may, by resolution, direct.

(3) If the treasurer of the district is the treasurer of the county all district funds shall be deposited with the county depositaries under the same restrictions, contracts, and security as provided for county depositaries; if the treasurer of the district is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state as the commission by resolution shall designate, and with surety bond to the district or securities in lieu thereof of the kind, no less in amount, as provided in *RCW 36.48.020 for deposit of county funds.

(6) A district may provide and require a reasonable bond of any other person handling moneys or securities of the district: PROVIDED, That the district pays the premium thereon.

(7) If the treasurer of the district is some other person than the treasurer of the county, the commission may adopt a policy for the payment of claims or other obligations of the utility district, which are payable out of solvent funds, and may elect to pay such obligations by check or warrant. However, if the applicable fund is not solvent at the time payment is ordered, then no check may be issued and payment shall be by warrant. When checks are to be used, the commission shall designate the qualified public depositary upon which the checks are to be drawn as well as the officers required or authorized to sign the checks. 57.08.005 Powers.
57.08.044 Contracts for acquisition, use, operation, etc., authorized—Service to areas in other districts.
57.08.047 Provision of water, reclaimed water, sewer, or drainage service beyond district or city subject to review by boundary review board.
57.08.050 Contracts for materials and work—Notice—Bids—Small works roster—Waiver of requirements.

57.08.005 Powers. A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a by-product of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a by-product when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a by-product, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric or methane gas generation, except that the electricity or methane gas generated thereby is a by-product of the system of sewers. Such electricity or methane gas may be used by the district or sold to any entity authorized by law to distribute electricity or methane gas. Electricity and methane gas are deemed by-products when the electrical or methane gas generation is subordinate to the primary purpose of sewage disposal or treatment. The district may also sell surplus methane gas, which may be produced as a by-product. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights-of-way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a by-product, nothing in this section may be construed to authorize a district to condemn

electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6) The authority to construct, condemn and purchase, add to, maintain, and operate systems of reclaimed water as authorized by chapter 90.46 RCW for the purpose of furnishing the district and the inhabitants thereof with reclaimed water for all authorized uses and purposes, public and private, including with full authority to regulate the use and operation thereof and the service rates to be charged. In compliance with other sections of this chapter, a district may also provide reclaimed water services to persons outside the district;

(7)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a by-product of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a by-product when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights-of-way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a by-product, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(8) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(9) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(10) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, groundwater as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(11) Subject to subsection (7) of this section, to fix rates and charges for water, sewer, reclaimed water, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. In lieu of requiring the installation of permanent local facilities not planned for construction by the district, a district may permit connection to the water and/or sewer systems through temporary facilities installed at the property owner's expense, provided the property owner pays a connection charge consistent with the provisions of this chapter and agrees, in the future, to connect to permanent facilities when they are installed; or a district may permit connection to the water and/or sewer systems through temporary facilities and collect from property owners so connecting a proportionate share of the estimated cost of future local facilities needed to serve the property, as determined by the

district. The amount collected, including interest at a rate commensurate with the rate of interest applicable to the district at the time of construction of the temporary facilities, shall be held for contribution to the construction of the permanent local facilities by other developers or the district. The amount collected shall be deemed full satisfaction of the proportionate share of the actual cost of construction of the permanent local facilities. If the permanent local facilities are not constructed within fifteen years of the date of payment, the amount collected, including any accrued interest, shall be returned to the property owner, according to the records of the county auditor on the date of return. If the amount collected is returned to the property owner, and permanent local facilities capable of serving the property are constructed thereafter, the property owner at the time of construction of such permanent local facilities shall pay a proportionate share of the cost of such permanent local facilities, in addition to reasonable connection charges and other charges authorized by this section. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(12) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(13) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(14) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(15) To sue and be sued;

(16) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(17) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(18) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(19) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(20) To establish street lighting systems under RCW 57.08.060;

(21) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(22) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage. 57.08.044 Contracts for acquisition, use, operation, etc., authorized—Service to areas in other districts. A district may provide water, reclaimed water, sewer, drainage, or street lighting services to property owners in areas within or without the limits of the district, except that if the area to be served is located within another existing district duly authorized to exercise district powers in that area, then water, reclaimed water, sewer, drainage, or street lighting service may not be so provided by contract or otherwise without the consent by resolution of the board of commissioners of that other district. 57.08.050 Contracts for materials and work—Notice—Bids—Small works roster—Waiver of requirements. (1) All work ordered, the estimated cost of which is in excess of twenty thousand dollars, shall be let by contract and competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier's check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder's bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. At the time and place named such bids shall be publicly opened and read and the board of commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder's own plans and specifications. The board of commissioners may reject all bids for good cause and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If the contract is let, then all checks, cash, or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ten days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the district. If the bidder fails to enter into a contract in accordance with the bidder's bid, and the board of commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the district shall be entitled to collect from the bidder any legal expenses, including reasonable attorneys' fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to requirements under subsection (1) of this section, a water-sewer district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchase of materials, supplies, or equipment, with an estimated cost in excess of forty thousand dollars, shall be by contract. Any purchase of materials, supplies, or equipment, with an estimated cost of less than fifty thousand dollars shall be made using the process provided in RCW 39.04.190. Any purchase of materials, supplies, or equipment with an estimated cost of fifty thousand dollars or more shall be made by competitive bidding following the procedure for letting contracts for projects under subsection (1) of this section.

(4) As an alternative to requirements under subsection (3) of this section, a water-sewer district may let contracts for purchase of materials, supplies, or equipment with the suppliers designated on current state agency, county, city, or town purchasing rosters for the materials, supplies, or equipment, when the roster has been established in accordance with the competitive bidding law for purchases applicable to the state agency, county, city, or town. The price and terms for purchases shall be as described on the applicable roster.

(5) The board may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work. Chapter 57.16 RCW

COMPREHENSIVE PLAN—LOCAL IMPROVEMENT DISTRICTS

Sections

57.16.010 General comprehensive plan of improvements—Approval of engineer, director of health, and city, town, or county—Amendments.

57.16.010 General comprehensive plan of improvements—Approval of engineer, director of health, and city, town, or county—Amendments. Before ordering any improvements or submitting to vote any proposition for incurring any indebtedness, the district commissioners shall adopt a general comprehensive plan for the type or types of facilities the district proposes to provide. A district may prepare a separate general comprehensive plan for each of these services and other services that districts are permitted to provide, or the district may combine any or all of its comprehensive plans into a single general comprehensive plan.

(1) For a general comprehensive plan of a water supply system, the commissioners shall investigate the several portions and sections of the district for the purpose of determining the present and reasonably foreseeable future needs thereof; shall examine and investigate, determine, and select a water supply or water supplies for such district suitable and adequate for present and reasonably foreseeable future needs thereof; and shall consider and determine a general system or plan for acquiring such water supply or water supplies, and the lands, waters, and water rights and easements necessary therefor, and for retaining and storing any such waters, and erecting dams, reservoirs, aqueducts, and pipe lines to convey the same throughout such district. There may be included as part of the system the installation of fire hydrants at suitable places throughout the district. The commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and a long-term plan for financing the planned projects and the method of distributing the cost and expense thereof, including the creation of local improvement districts or utility local improvement districts, and shall determine whether the whole or part of the cost and expenses shall be paid from revenue or general obligation bonds.

(2) For a general comprehensive plan for a sewer system, the commissioners shall investigate all portions and sections of the district and select a general comprehensive plan for a sewer system for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods and services, if any, for the prevention, control, and reduction of water pollution and for the treatment and disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations or other sewage collection facilities, septic tanks, septic tank systems or drainfields, and systems for the transmission and treatment of wastewater. The general comprehensive plan shall provide a long-term plan for financing the planned projects and the method of distributing the cost and expense of the sewer system and services, including the creation of local improvement districts or utility local improvement districts; and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(3) For a general comprehensive plan for a reclaimed water system, the commissioners shall investigate all portions and sections of the district and select a general comprehensive plan for a reclaimed water system for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan must provide for treatment plants or the use of existing treatment plants and other methods and services, if any, for reclaiming water and must, for such portions of the district as may then reasonably be served, provide for a general system or plan for acquiring the lands and easements necessary therefor, including retaining and storing reclaimed water, and for the acquisition or construction and installation of mains, transmission mains, pumping stations, hydrants, or other facilities and systems for the reclamation and transmission of reclaimed water throughout such district for such uses, public and private, as authorized by law. The general comprehensive plan must provide a long-term plan for financing the planned projects and the method of distributing the cost and expense of the reclaimed water system and services, including the creation of local improvement districts or utility local improvement districts; and provide whether the whole or some part of the cost and expenses must be paid from revenue or general obligation bonds.

(4) For a general comprehensive plan for a drainage system, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for a drainage system for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system to collect, treat, and dispose of storm water or surface waters, including use of natural systems and the construction or provision of culverts, storm water pipes, ponds, and other systems. The general comprehensive plan shall provide for a long-term plan for financing the planned projects and provide for a method of distributing the cost and expense of the drainage system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(5) For a general comprehensive plan for street lighting, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for street lighting for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system or systems of street lighting, provide for a long-term plan for financing the planned projects, and provide for a method of distributing the cost and expense of the street lighting system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(6) The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out their duties.

(7) Any general comprehensive plan or plans shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health, except that a com-

prehensive plan relating to street lighting shall not be submitted to or approved by the director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health and by the designated engineer within sixty days of their respective receipt of the plan. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of the county legislative authorities pursuant to the criteria in RCW 57.02.040 for approving the formation, reorganization, annexation, consolidation, or merger of districts. The resolution, ordinance, or motion of the legislative body that rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The general comprehensive plan shall not provide for the extension or location of facilities that are inconsistent with the requirements of RCW 36.70A.110. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 57.02.040. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authorities of the cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town legislative authority if the city or town legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town legislative authority may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the commissioners and the city or town legislative authority may mutually agree to an extension of the deadlines in this section.

Before becoming effective, the general comprehensive plan shall be approved by any state agency whose approval may be required by applicable law. Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan. However, only if the amendment, alteration, or addition affects a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town governing body. 58.17.310 Application for approval of plat within irrigation district—Approval without provision for irrigation prohibited. (1) Whenever a city, town, or county receives an application for the approval of a plat of a subdivision that lies in whole or in part in an irrigation district organized pursuant to chapter 87.03 RCW, the responsible administrator shall give written notice of the application, including a legal description of the short subdivision and a location map, to the irrigation district. The irrigation district shall, after receiving the notice, submit to the responsible administrator who furnished the notice a statement with any information or conditions for approval that the irrigation district deems to be necessary regarding the proposed division's effect upon the structural integrity, including lateral support, of the irrigation district facilities, other risk exposures, and the safety of the public and irrigation district.

(2) In addition to any other requirements imposed by the provisions of this chapter, the legislative authority of any city, town, or county shall not approve a short plat or final plat, as defined in RCW 58.17.020, for any subdivision, short subdivision, lot, tract, parcel, or site which lies in whole or in part in an irrigation district organized pursuant to chapter 87.03 RCW unless there has been provided an irrigation water right-of-way for each parcel of land in such district. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site lies within land within the district classified as irrigable, completed irrigation water distribution facilities for such land may be required by the irrigation district by resolution, bylaw, or rule of general applicability as a condition for approval of the short plat or final plat by the legislative authority of the city, town, or county. Rights-of-way shall be

In addition, if the subdivision, short subdivision, lot, tract, parcel, or site to be platted is wholly or partially within an irrigation district of two hundred thousand acres or more and has been previously platted by the United States bureau of reclamation as a farm unit in the district, the legislative authority shall not approve for such land a short plat or final plat as defined in RCW 58.17.020 without the approval of the irrigation district and the administrator or manager of the project of the bureau of reclamation, or its successor agency, within which that district lies. Compliance with the requirements of this section together with all other applicable provisions of this chapter shall be a prerequisite, within the expressed purpose of this chapter, to any sale, lease, or development of land in this state. 59.18.085 Rental of condemned or unlawful dwelling—Tenant's remedies—Relocation assistance—Penalties. (1) If a governmental agency responsible for the enforcement of a building, housing, or other appropriate code has notified the landlord that a dwelling is condemned or unlawful to occupy due to the existence of conditions that violate applicable codes, statutes, ordinances, or regulations, a landlord shall not enter into a rental agreement for the dwelling unit until the conditions are corrected.

(2) If a landlord knowingly violates subsection (1) of this section, the tenant shall recover either three months' periodic rent or up to treble the actual damages sustained as a result of the violation, whichever is greater, costs of suit, or arbitration and reasonable attorneys' fees. If the tenant elects to terminate the tenancy as a result of the conditions leading to the posting, or if the appropriate governmental agency requires that the tenant vacate the premises, the tenant also shall recover:

(a) The entire amount of any deposit prepaid by the tenant; and

(b) All prepaid rent.

(3)(a) If a governmental agency responsible for the enforcement of a building, housing, or other appropriate code has notified the landlord that a dwelling will be condemned or will be unlawful to occupy due to the existence of conditions that violate applicable codes, statutes, ordinances, or regulations, a landlord, who knew or should have known of the existence of these conditions, shall be required to pay relocation assistance to the displaced tenants except that:

(i) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which the condemnation or no occupancy order affects one or more dwelling units and directly results from conditions caused by a tenant's or any third party's illegal conduct without the landlord's prior knowledge;

(ii) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which the condemnation or no occupancy order affects one or more dwelling units and results from conditions arising from a natural disaster such as, but not exclusively, an earthquake, tsunami, wind storm, or hurricane; and

(iii) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which a condemnation affects one or more dwelling units and the tenant's displacement is a direct result of the acquisition of the property by eminent domain.

(b) Relocation assistance provided to displaced tenants under this subsection shall be the greater amount of two thousand dollars per dwelling unit or three times the monthly rent. In addition to relocation assistance, the landlord shall be required to pay to the displaced tenants the entire amount of any deposit prepaid by the tenant and all prepaid rent.

(c) The landlord shall pay relocation assistance and any prepaid deposit and prepaid rent to displaced tenants within seven days of the governmental agency sending notice of the condemnation, eviction, or displacement order to the landlord. The landlord shall pay relocation assistance and any prepaid deposit and prepaid rent either by making individual payments by certified check to displaced tenants or by providing a certified check to the governmental agency ordering condemnation, eviction, or displacement, for distribution to the displaced tenants. If the landlord fails to complete payment of relocation assistance within the period required under this subsection, the city, town, county, or municipal

corporation may advance the cost of the relocation assistance payments to the displaced tenants.

(d) During the period from the date that a governmental agency responsible for the enforcement of a building, housing, or other appropriate code first notifies the landlord of conditions that violate applicable codes, statutes, ordinances, or regulations to the time that relocation assistance payments are paid to eligible tenants, or the conditions leading to the notification are corrected, the landlord may not:

(i) Evict, harass, or intimidate tenants into vacating their units for the purpose of avoiding or diminishing application of this section;

(ii) Reduce services to any tenant; or

(iii) Materially increase or change the obligations of any tenant, including but not limited to any rent increase.

(e) Displaced tenants shall be entitled to recover any relocation assistance, prepaid deposits, and prepaid rent required by (b) of this subsection. In addition, displaced tenants shall be entitled to recover any actual damages sustained by them as a result of the condemnation, eviction, or displacement that exceed the amount of relocation assistance that is payable. In any action brought by displaced tenants to recover any payments or damages required or authorized by this subsection (3)(e) or (c) of this subsection that are not paid by the landlord or advanced by the city, town, county, or municipal corporation, the displaced tenants shall also be entitled to recover their costs of suit or arbitration and reasonable attorneys' fees.

(f) If, after sixty days from the date that the city, town, county, or municipal corporation first advanced relocation assistance funds to the displaced tenants, a landlord has failed to repay the amount of relocation assistance advanced by the city, town, county, or municipal corporation under (c) of this subsection, then the city, town, county, or municipal corporation shall assess civil penalties in the amount of fifty dollars per day for each tenant to whom the city, town, county, or municipal corporation has advanced a relocation assistance payment.

(g) In addition to the penalties set forth in (f) of this subsection, interest will accrue on the amount of relocation assistance paid by the city, town, county, or municipal corporation for which the property owner has not reimbursed the city, town, county, or municipal corporation. The rate of interest shall be the maximum legal rate of interest permitted under RCW 19.52.020, commencing thirty days after the date that the city, town, county, or municipal corporation first advanced relocation assistance funds to the displaced tenants.

(h) If the city, town, county, or municipal corporation must initiate legal action in order to recover the amount of relocation assistance payments that it has advanced to low-income tenants, including any interest and penalties under (f) and (g) of this subsection, the city, town, county, or municipal corporation shall be entitled to attorneys' fees and costs arising from its legal action.

(4) The governmental agency that has notified the landlord that a dwelling will be condemned or will be unlawful to occupy shall notify the displaced tenants that they may be entitled to relocation assistance under this section.

(5) No payment received by a displaced tenant under this section may be considered as income for the purpose of determining the eligibility or extent of eligibility of any person for assistance under any state law or for the purposes of any tax imposed under Title 82 RCW, and the payments shall not be deducted from any amount to which any recipient would otherwise be entitled under Title 74 RCW.

(6)(a) A person whose living arrangements are exempted from this chapter under RCW 59.18.040(3) and who has resided in or occupied one or more dwelling units within a hotel, motel, or other place of transient lodging for thirty or more consecutive days with the knowledge and consent of the owner of the hotel, motel, or other place of transient lodging, or any manager, clerk, or other agent representing the owner, is deemed to be a tenant for the purposes of this section and is entitled to receive relocation assistance under the circumstances described in subsection (2) or (3) of this section except that all relocation assistance and other payments shall be made directly to the displaced tenants.

(b) An interruption in occupancy primarily intended to avoid the application of this section does not affect the application of this section.

(c) An occupancy agreement, whether oral or written, in which the provisions of this section are waived is deemed against public policy and is unenforceable. [2009 c 165 § 1; 2005 c 364 § 2; 1989 c 342 § 13.]

Purpose—2005 c 364: "The people of the state of Washington deserve decent, safe, and sanitary housing. Certain tenants in the state of Washington have remained in rental housing that does not meet the state's minimum standards for health and safety because they cannot afford to pay the costs of relocation in advance of occupying new, safe, and habitable housing. In egregious cases, authorities have been forced to condemn property when landlords have failed to remedy building code or health code violations after repeated notice, and, as a result, families with limited financial resources have been displaced and left with nowhere to go.

The purpose of this act is to establish a process by which displaced tenants would receive funds for relocation from landlords who fail to provide safe and sanitary housing after due notice of building code or health code violations. It is also the purpose of this act to provide enforcement mechanisms to cities, towns, counties, or municipal corporations including the ability to advance relocation funds to tenants who are displaced as a result of a landlord's failure to remedy building code or health code violations and later to collect the full amounts of these relocation funds, along with interest and penalties, from landlords." [2005 c 364 § 1.]

Construction—2005 c 364: "The powers and authority conferred by this act are in addition and supplemental to powers or authority conferred by any other law or authority, and nothing contained herein shall be construed to preempt any local ordinance requiring relocation assistance to tenants displaced by a landlord's failure to remedy building code or health code violations." [2005 c 364 § 4.]

59.18.570 Victim protection—Definitions. The definitions in this section apply throughout this section and RCW 59.18.575 through 59.18.585 unless the context clearly requires otherwise.

(1) "Credit reporting agency" has the same meaning as set forth in RCW 19.182.010(5).

(2) "Domestic violence" has the same meaning as set forth in RCW 26.50.010.

(3) "Household member" means a child or adult residing with the tenant other than the perpetrator of domestic violence, stalking, or sexual assault.

(4) "Landlord" has the same meaning as in RCW 59.l8.030 and includes the landlord's employees.

(5) "Qualified third party" means any of the following people acting in their official capacity:

(a) Law enforcement officers;

(b) Persons subject to the provisions of chapter 18.120 RCW;

(c) Employees of a court of the state;

(d) Licensed mental health professionals or other licensed counselors;

(e) Employees of crime victim/witness programs as defined in RCW 7.69.020 who are trained advocates for the program; and

(f) Members of the clergy as defined in RCW 26.44.020.

(6) "Sexual assault" has the same meaning as set forth in RCW 70.125.030.

(7) "Stalking" has the same meaning as set forth in RCW 9A.46.110.

(8) "Tenant screening service provider" means any nongovernmental agency that provides, for a fee, background information on prospective tenants to landlords.

(9) "Unlawful harassment" has the same meaning as in RCW 10.14.020 and also includes any request for sexual favors to a tenant or household member in return for a change in or performance of any or all terms of a lease or rental agreement. [2009 c 395 § 1; 2004 c 17 § 2.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Findings—Intent—2004 c 17: "The legislature finds and declares that:

(1) Domestic violence, sexual assault, and stalking are widespread societal problems that have devastating effects for individual victims, their children, and their communities. Victims of violence may be forced to remain in unsafe situations because they are bound by residential lease agreements. The legislature finds that the inability of victims to terminate their rental agreements hinders or prevents victims from being able to safely flee domestic violence, sexual assault, or stalking. The legislature further finds that victims of these crimes who do not have access to safe housing are more likely to remain in or return to abusive or dangerous situations. Also, the legislature finds that victims of these crimes are further victimized when they are unable to obtain or retain rental housing due to their history as a victim of these crimes. The legislature further finds that evidence that a prospective tenant has been a victim of domestic violence, sexual assault, or stalking is not relevant to the decision whether to rent to that prospective tenant.

(2) By this act, the legislature intends to increase safety for victims of domestic violence, sexual assault, and stalking by removing barriers to safety and offering protection against discrimination." [2004 c 17 § 1.]

Effective date—2004 c 17: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 15, 2004]." [2004 c 17 § 7.]

59.18.575 Victim protection—Notice to landlord—Termination of rental agreement—Procedures. (1)(a) If a tenant notifies the landlord in writing that he or she or a household member was a victim of an act that constitutes a crime of domestic violence, sexual assault, unlawful harassment, or stalking, and either (a)(i) or (ii) of this subsection applies, then subsection (2) of this section applies:

(i) The tenant or the household member has a valid order for protection under one or more of the following: Chapter 7.90, 26.50, or 26.26 RCW or RCW 9A.46.040, 9A.46.050, 10.14.080, 10.99.040 (2) or (3), or 26.09.050; or

(ii) The tenant or the household member has reported the domestic violence, sexual assault, unlawful harassment, or stalking to a qualified third party acting in his or her official capacity and the qualified third party has provided the tenant or the household member a written record of the report signed by the qualified third party.

(b) When a copy of a valid order for protection or a written record of a report signed by a qualified third party, as required under (a) of this subsection, is made available to the landlord, the tenant may terminate the rental agreement and quit the premises without further obligation under the rental agreement or under chapter 59.18 RCW. However, the request to terminate the rental agreement must occur within ninety days of the reported act, event, or circumstance that gave rise to the protective order or report to a qualified third party. A record of the report to a qualified third party that is provided to the tenant or household member shall consist of a document signed and dated by the qualified third party stating: (i) That the tenant or the household member notified him or her that he or she was a victim of an act or acts that constitute a crime of domestic violence, sexual assault, unlawful harassment, or stalking; (ii) the time and date the act or acts occurred; (iii) the location where the act or acts occurred; (iv) a brief description of the act or acts of domestic violence, sexual assault, unlawful harassment, or stalking; and (v) that the tenant or household member informed him or her of the name of the alleged perpetrator of the act or acts. The record of the report provided to the tenant or household member shall not include the name of the alleged perpetrator of the act or acts of domestic violence, sexual assault, unlawful harassment, or stalking. The qualified third party shall keep a copy of the record of the report and shall note on the retained copy the name of the alleged perpetrator of the act or acts of domestic violence, sexual assault, unlawful harassment, or stalking. The record of the report to a qualified third party may be accomplished by completion of a form provided by the qualified third party, in substantially the following form:

(2) A tenant who terminates a rental agreement under this section is discharged from the payment of rent for any period following the last day of the month of the quitting date. The tenant shall remain liable for the rent for the month in which he or she terminated the rental agreement unless the termination is in accordance with RCW 59.18.200(1). Notwithstanding lease provisions that allow for forfeiture of a deposit for early termination, a tenant who terminates under this section is entitled to the return of the full deposit, subject to RCW 59.18.020 and 59.18.280. Other tenants who are parties to the rental agreement, except household members who are the victims of sexual assault, stalking, unlawful harassment, or domestic violence, are not released from their obligations under the rental agreement or other obligations under this chapter.

(3)(a) Notwithstanding any other provision under this section, if a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, the tenant may terminate the rental agreement and quit the premises without further obligation under the rental agreement or under this chapter prior to making a copy of a valid order for protection or a written record of a report signed by a qualified third party available to the landlord, provided that:

(i) The tenant must deliver a copy of a valid order for protection or written record of a report signed by a qualified third party to the landlord by mail, fax, or personal delivery by a third party within seven days of quitting the tenant's dwelling unit; and

(ii) A written record of a report signed by the qualified third party must be substantially in the form specified under subsection (1)(b) of this section. The record of the report provided to the landlord must not include the name of the alleged perpetrator of the act. On written request by the landlord, the qualified third party shall, within seven days, provide the name of the alleged perpetrator of the act to the landlord only if the alleged perpetrator was a person meeting the definition of the term "landlord" under RCW 59.18.570.

(b) A tenant who terminates his or her rental agreement under this subsection is discharged from the payment of rent for any period following the latter of: (i) The date the tenant vacates the unit; or (ii) the date the record of the report of the qualified third party and the written notice that the tenant has vacated are delivered to the landlord by mail, fax, or personal delivery by a third party. The tenant is entitled to a pro rata refund of any prepaid rent and must receive a full and specific statement of the basis for retaining any of the deposit together with any refund due in accordance with RCW 59.18.280.

(4) If a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, the tenant may change or add locks to the tenant's dwelling unit at the tenant's expense. If a tenant exercises his or her rights to change or add locks, the following rules apply:

(a) Within seven days of changing or adding locks, the tenant must deliver to the landlord by mail, fax, or personal delivery by a third party: (i) Written notice that the tenant has changed or added locks; and (ii) a copy of a valid order for protection or a written record of a report signed by a qualified third party. A written record of a report signed by a qualified third party must be substantially in the form specified under subsection (1)(b) of this section. The record of the report provided to the landlord must not include the name of the alleged perpetrator of the act. On written request by the landlord, the qualified third party shall, within seven days, provide the name of the alleged perpetrator to the landlord only if the alleged perpetrator was a person meeting the definition of the term "landlord" under RCW 59.18.570.

(b) After the tenant provides notice to the landlord that the tenant has changed or added locks, the tenant's rental agreement shall terminate on the ninetieth day after providing such notice, unless:

(i) Within sixty days of providing notice that the tenant has changed or added locks, the tenant notifies the landlord in writing that the tenant does not wish to terminate his or her rental agreement. If the perpetrator has been identified by the qualified third party and is no longer an employee or agent of the landlord or owner and does not reside at the property, the tenant shall provide the owner or owner's designated agent with a copy of the key to the new locks at the same time as providing notice that the tenant does not wish to terminate his or her rental agreement. A tenant who has a valid protection, antiharassment, or other protective order against the owner of the premises or against an employee or agent of the landlord or owner is not required to provide a key to the new locks until the protective order expires or the tenant vacates; or

(ii) The tenant exercises his or her rights to terminate the rental agreement under subsection (3) of this section within sixty days of providing notice that the tenant has changed or added locks.

(c) After a landlord receives notice that a tenant has changed or added locks to his or her dwelling unit under (a) of this subsection, the landlord may not enter the tenant's dwelling unit except as follows:

(i) In the case of an emergency, the landlord may enter the unit if accompanied by a law enforcement or fire official acting in his or her official capacity. If the landlord reasonably concludes that the circumstances require immediate entry into the unit, the landlord may, after notifying emergency services, use such force as necessary to enter the unit if the tenant is not present; or

(ii) The landlord complies with the requirements of RCW 59.18.150 and clearly specifies in writing the time and date that the landlord intends to enter the unit and the purpose for entering the unit. The tenant must make arrangements to permit access by the landlord.

(d) The exercise of rights to change or add locks under this subsection does not discharge the tenant from the payment of rent until the rental agreement is terminated and the tenant vacates the unit.

(e) The tenant may not change any locks to common areas and must make keys for new locks available to other household members.

(f) Upon vacating the dwelling unit, the tenant must deliver the key and all copies of the key to the landlord by mail or personal delivery by a third party.

(5) A tenant's remedies under this section do not preempt any other legal remedy available to the tenant.

(6) The provision of verification of a report under subsection (1)(b) of this section does not waive the confidential or privileged nature of the communication between a victim of domestic violence, sexual assault, or stalking with a qualified third party pursuant to RCW 5.60.060, 70.123.075, or 70.125.065. No record or evidence obtained from such disclosure may be used in any civil, administrative, or criminal proceeding against the victim unless a written waiver of applicable evidentiary privilege is obtained, except that the verification itself, and no other privileged information, under subsection (1)(b) of this section may be used in civil proceedings brought under this section. 60.28.011 Retained percentage—Labor and material lien created—Bond in lieu of retained funds—Termination before completion—Chapter deemed exclusive—Release of ferry contract payments—Projects of farmers home administration—General contractor/construction manager procedure—Definitions. (1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.021 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue, the employment security department, the department of labor and industries, and the material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW 39.10.210. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

If such taxes have not been discharged or the claims, expenses, and fees have not been paid, the public body shall either retain in its fund, or in an interest bearing account, or retain in escrow, at the option of the contractor, an amount equal to such unpaid taxes and unpaid claims together with a sum sufficient to defray the costs and attorney fees incurred in foreclosing the lien of such claims, and shall pay, or release from escrow, the remainder to the contractor. In all cases where the proceeds of the sale are more than sufficient to pay the amount due and costs, the surplus shall be applied to all interests in, or liens or claims of liens against, the property eliminated by sale under this section in the order of priority that the interest, lien, or claim attached to the property. Any remaining surplus shall be paid to the mortgage debtor, his or her heirs and assigns. [2009 c 122 § 1; Code 1881 § 617; 1877 p 128 § 621; 1869 p 147 § 571; 1854 p 208 § 416; RRS § 1128.]

A declaration by the beneficiary made under the penalty of perjury stating that the beneficiary is the actual holder of the promissory note or other obligation secured by the deed of trust shall be sufficient proof as required under this subsection.

(b) Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely on the beneficiary's declaration as evidence of proof required under this subsection.

(8) That at least thirty days before notice of sale shall be recorded, transmitted or served, written notice of default shall be transmitted by the beneficiary or trustee to the borrower and grantor at their last known addresses by both first-class and either registered or certified mail, return receipt requested, and the beneficiary or trustee shall cause to be posted in a conspicuous place on the premises, a copy of the notice, or personally served on the borrower and grantor. (h) A statement that the effect of the recordation, transmittal, and publication of a notice of sale will be to (i) increase the costs and fees and (ii) publicize the default and advertise the grantor's property for sale;

(j) A statement that the borrower, grantor, and any guarantor has recourse to the courts pursuant to RCW 61.24.130 to contest the alleged default on any proper ground;

(k) In the event the property secured by the deed of trust is owner-occupied residential real property, a statement, prominently set out at the beginning of the notice, which shall state as follows:

"You should take care to protect your interest in your home. This notice of default (your failure to pay) is the first step in a process that could result in you losing your home. You should carefully review your options. For example:

Can you pay and stop the foreclosure process?

Do you dispute the failure to pay?

Can you sell your property to preserve your equity?

Are you able to refinance this loan or obligation with a new loan or obligation from another lender with payments, terms, and fees that are more affordable?

Do you qualify for any government or private homeowner assistance programs?

Do you know if filing for bankruptcy is an option? What are the pros and cons of doing so?

Do not ignore this notice; because if you do nothing, you could lose your home at a foreclosure sale. (No foreclosure sale can be held any sooner than ninety days after a notice of sale is issued and a notice of sale cannot be issued until thirty days after this notice.) Also, if you do nothing to pay what you owe, be careful of people who claim they can help you. There are many individuals and businesses that watch for the notices of sale in order to unfairly profit as a result of borrowers' distress.

You may feel you need help understanding what to do. There are a number of professional resources available, including home loan counselors and attorneys, who may assist you. Many legal services are lower-cost or even free, depending on your ability to pay. If you desire legal help in understanding your options or handling this default, you may obtain a referral (at no charge) by contacting the county bar association in the county where your home is located. These legal referral services also provide information about lower-cost or free legal services for those who qualify. You may contact the Department of Financial Institutions or the statewide civil legal aid hotline for possible assistance or referrals; and

(l) In the event the property secured by the deed of trust is residential real property, the name and address of the owner of any promissory notes or other obligations secured by the deed of trust and the name, address, and telephone number of a party acting as a servicer of the obligations secured by the deed of trust." Telephone calls must be made to the primary and secondary telephone numbers on file with the beneficiary or authorized agent.

(ii) A beneficiary or authorized agent may attempt to contact a borrower using an automated system to dial borrowers if the telephone call, when answered, is connected to a live representative of the beneficiary or authorized agent.

(iii) A beneficiary or authorized agent satisfies the telephone contact requirements of this subsection (5)(b) if the beneficiary or authorized agent determines, after attempting contact under this subsection (5)(b), that the borrower's primary telephone number and secondary telephone number or numbers on file, if any, have been disconnected or are not good contact numbers for the borrower.

The letter must include the information described in (e)(i) through (iv) of this subsection.

(iii) A toll-free telephone number or charge-free equivalent for borrowers who wish to discuss options for avoiding foreclosure with their beneficiary or authorized agent; and

(b) The borrower has filed for bankruptcy, and the bankruptcy stay remains in place, or the borrower has filed for bankruptcy and the bankruptcy court has granted relief from the bankruptcy stay allowing enforcement of the deed of trust.

You may reinstate your Deed of Trust and the obligation secured thereby at any time up to and including the . . . . day of . . . . . ., . . . [11 days before the sale date], by paying the amount set forth or estimated above and by curing any other defaults described above. Any new defaults not involving payment of money that occur after the date of this notice must also be cured in order to effect reinstatement. In addition, because some of the charges can only be estimated at this time, and because the amount necessary to reinstate or to pay off the entire indebtedness may include presently unknown expenditures required to preserve the property or to comply with state or local law, it will be necessary for you to contact the Trustee before the time you tender reinstatement or the payoff amount so that you may be advised of the exact amount you will be required to pay. Tender of payment or performance must be made to: . . . . . ., whose address is . . . . . ., telephone ( ) . . . . . AFTER THE . . . . DAY OF . . . . . ., . . ., YOU MAY NOT REINSTATE YOUR DEED OF TRUST BY PAYING THE BACK PAYMENTS AND COSTS AND FEES AND CURING THE OTHER DEFAULTS AS OUTLINED ABOVE. The Trustee will respond to any written request for current payoff or reinstatement amounts within ten days of receipt of your written request. In such a case, you will only be able to stop the sale by paying, before the sale, the total principal balance ($ . . . . . .) plus accrued interest, costs and advances, if any, made pursuant to the terms of the documents and by curing the other defaults as outlined above.

You may contest this default by initiating court action in the Superior Court of the county in which the sale is to be held. In such action, you may raise any legitimate defenses you have to this default. A copy of your Deed of Trust and documents evidencing the obligation secured thereby are enclosed. You may wish to consult a lawyer. Legal action on your part may prevent or restrain the sale, but only if you persuade the court of the merits of your defense. You may contact the Department of Financial Institutions or the statewide civil legal aid hotline for possible assistance or referrals.

The court may grant a restraining order or injunction to restrain a trustee's sale pursuant to RCW 61.24.130 upon five days notice to the trustee of the time when, place where, and

the judge before whom the application for the restraining order or injunction is to be made. This notice shall include copies of all pleadings and related documents to be given to the judge. Notice and other process may be served on the trustee at:

NAME: . . . . . .
ADDRESS: . . . . . .
. . . . . .
TELEPHONE NUMBER: . . . . . .

If you do not reinstate the secured obligation and your Deed of Trust in the manner set forth above, or if you do not succeed in restraining the sale by court action, your property will be sold. The effect of such sale will be to deprive you and all those who hold by, through or under you of all interest in the property;

(3) In addition, the trustee shall cause a copy of the notice of sale described in subsection (1)(f) of this section (excluding the acknowledgment) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once on or between the thirty-fifth and twenty-eighth day before the date of sale, and once on or between the fourteenth and seventh day before the date of sale;

(4) On the date and at the time designated in the notice of sale, the trustee or its authorized agent shall sell the property at public auction to the highest bidder. The trustee may sell the property in gross or in parcels as the trustee shall deem most advantageous;

(5) The place of sale shall be at any designated public place within the county where the property is located and if the property is in more than one county, the sale may be in any of the counties where the property is located. The sale shall be on Friday, or if Friday is a legal holiday on the following Monday, and during the hours set by statute for the conduct of sales of real estate at execution;

(6) The trustee has no obligation to, but may, for any cause the trustee deems advantageous, continue the sale for a period or periods not exceeding a total of one hundred twenty days by (a) a public proclamation at the time and place fixed for sale in the notice of sale and if the continuance is beyond the date of sale, by giving notice of the new time and place of the sale by both first class and either certified or registered mail, return receipt requested, to the persons specified in subsection (1)(b)(i) and (ii) of this section to be deposited in the mail (i) not less than four days before the new date fixed for the sale if the sale is continued for up to seven days; or (ii) not more than three days after the date of the continuance by oral proclamation if the sale is continued for more than seven days, or, alternatively, (b) by giving notice of the time and place of the postponed sale in the manner and to the persons specified in subsection (1)(b), (c), (d), and (e) of this section and publishing a copy of such notice once in the newspaper(s) described in subsection (3) of this section, more than seven days before the date fixed for sale in the notice of sale. No other notice of the postponed sale need be given;

(7) The purchaser shall forthwith pay the price bid and on payment the trustee shall execute to the purchaser its deed; the deed shall recite the facts showing that the sale was conducted in compliance with all of the requirements of this chapter and of the deed of trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value, except that these recitals shall not affect the lien or interest of any person entitled to notice under subsection (1) of this section, if the trustee fails to give the required notice to such person. In such case, the lien or interest of such omitted person shall not be affected by the sale and such omitted person shall be treated as if such person was the holder of the same lien or interest and was omitted as a party defendant in a judicial foreclosure proceeding;

(8) The sale as authorized under this chapter shall not take place less than one hundred ninety days from the date of default in any of the obligations secured;

(9) If the trustee elects to foreclose the interest of any occupant or tenant of property comprised solely of a single-family residence, or a condominium, cooperative, or other dwelling unit in a multiplex or other building containing fewer than five residential units, the following notice shall be included as Part X of the Notice of Trustee's Sale:

X.
NOTICE TO OCCUPANTS OR TENANTS

The purchaser at the trustee's sale is entitled to possession of the property on the 20th day following the sale, as against the grantor under the deed of trust (the owner) and anyone having an interest junior to the deed of trust, including occupants who are not tenants. After the 20th day following the sale the purchaser has the right to evict occupants who are not tenants by summary proceedings under chapter 59.12 RCW. For tenant-occupied property, the purchaser shall provide a tenant with written notice in accordance with RCW 61.24.060;

(10) Only one copy of all notices required by this chapter need be given to a person who is both the borrower and the grantor. All notices required by this chapter that are given to a general partnership are deemed given to each of its general partners, unless otherwise agreed by the parties. [2009 c 292 § 9; 2008 c 153 § 3; 1998 c 295 § 5; 1989 c 361 § 1; 1987 c 352 § 3; 1985 c 193 § 4; 1981 c 161 § 3; 1975 1st ex.s. c 129 § 4; 1967 c 30 § 1; 1965 c 74 § 4.]

Application—1985 c 193: See note following RCW 61.24.020.

61.24.060 Rights and remedies of trustee's sale purchaser—Written notice to occupants or tenants. (1) The purchaser at the trustee's sale shall be entitled to possession of the property on the twentieth day following the sale, as against the borrower and grantor under the deed of trust and anyone having an interest junior to the deed of trust, including occupants who are not tenants, who were given all of the notices to which they were entitled under this chapter. The purchaser shall also have a right to the summary proceedings to obtain possession of real property provided in chapter 59.12 RCW.

(2) If the trustee elected to foreclose the interest of any occupant or tenant, the purchaser of tenant-occupied property at the trustee's sale shall provide written notice to the occupants and tenants at the property purchased in substantially the following form:

"NOTICE: The property located at . . . . . was purchased at a trustee's sale by . . . . . on . . . . . (date).

2. If you are a tenant or subtenant in possession of the property that was purchased, pursuant to RCW 61.24.146, the purchaser at the trustee's sale may either give you a new rental agreement OR give you a written notice to vacate the property in sixty days or more before the end of the monthly rental period."

61.24.127 Failure to bring civil action to enjoin foreclosure—Not a waiver of claims. (1) The failure of the borrower or grantor to bring a civil action to enjoin a foreclosure sale under this chapter may not be deemed a waiver of a claim for damages asserting:

(a) Common law fraud or misrepresentation;

(b) A violation of Title 19 RCW; or

(c) Failure of the trustee to materially comply with the provisions of this chapter.

(2) The nonwaived claims listed under subsection (1) of this section are subject to the following limitations:

(a) The claim must be asserted or brought within two years from the date of the foreclosure sale or within the applicable statute of limitations for such claim, whichever expires earlier;

(b) The claim may not seek any remedy at law or in equity other than monetary damages;

(c) The claim may not affect in any way the validity or finality of the foreclosure sale or a subsequent transfer of the property;

(d) A borrower or grantor who files such a claim is prohibited from recording a lis pendens or any other document purporting to create a similar effect, related to the real property foreclosed upon;

(e) The claim may not operate in any way to encumber or cloud the title to the property that was subject to the foreclosure sale, except to the extent that a judgment on the claim in favor of the borrower or grantor may, consistent with RCW 4.56.190, become a judgment lien on real property then owned by the judgment debtor; and

(f) The relief that may be granted for judgment upon the claim is limited to actual damages. However, if the borrower or grantor brings in the same civil action a claim for violation of chapter 19.86 RCW, arising out of the same alleged facts, relief under chapter 19.86 RCW is limited to actual damages, treble damages as provided for in RCW 19.86.090, and the costs of suit, including a reasonable attorney's fee.

(4) [(3)] This section applies only to foreclosures of owner-occupied residential real property.

(5) [(4)] This section does not apply to the foreclosure of a deed of trust used to secure a commercial loan. [2009 c 292 § 6.]

61.24.143 Foreclosure of tenant-occupied property—Notice of trustee's sale. If the trustee elects to foreclose the interest of any occupant of tenant-occupied property, upon posting a notice of trustee's sale under RCW 61.24.040, the trustee or its authorized agent shall post in the manner required under RCW 61.24.040(1)(e) and shall mail at the same time in an envelope addressed to the "Resident of property subject to foreclosure sale" the following notice:

"The foreclosure process has begun on this property, which may affect your right to continue to live in this property. Ninety days or more after the date of this notice, this property may be sold at foreclosure. If you are renting this property, the new property owner may either give you a new rental agreement or provide you with a sixty-day notice to vacate the property. You may wish to contact a lawyer or your local legal aid or housing counseling agency to discuss any rights that you may have." [2009 c 292 § 3.]

Application of section—2009 c 292 §§ 3 and 4: "RCW 61.24.143 and 61.24.146 apply only to the foreclosure of tenant-occupied property." [2009 c 292 § 5.]

61.24.146 Foreclosure of tenant-occupied property—Notice to vacate. (1) A tenant or subtenant in possession of a residential real property at the time the property is sold in foreclosure must be given sixty days' written notice to vacate before the tenant or subtenant may be removed from the property as prescribed in chapter 59.12 RCW. Notwithstanding the notice requirement in this subsection, a tenant may be evicted for waste or nuisance in an unlawful detainer action under chapter 59.12 RCW.

(2) This section does not prohibit the new owner of a property purchased pursuant to a trustee's sale from negotiating a new purchase or rental agreement with a tenant or subtenant.

(3) This section does not apply if the borrower or grantor remains on the property as a tenant, subtenant, or occupant. [2009 c 292 § 4.]

62A.7-204 Duty of care; contractual limitation of warehouse worker's liability.
62A.7-309 Duty of care; contractual limitation of carrier's liability.

62A.7-204 Duty of care; contractual limitation of warehouse worker's liability. (1) A warehouse worker is liable for damages for loss of or injury to the goods caused by his or her failure to exercise such care in regard to them as a reasonably careful person would exercise under like circumstances but unless otherwise agreed he or she is not liable for damages which could not have been avoided by the exercise of such care.

(2) Damages may be limited by a term in the warehouse receipt or storage agreement limiting the amount of liability in case of loss or damage, and setting forth a specific liability per article or item, or value per unit of weight, beyond which the warehouse worker shall not be liable; provided, however, that such liability may on written request of the bailor at the time of signing such storage agreement or within a reasonable time after receipt of the warehouse receipt be increased on part or all of the goods thereunder, in which event increased rates may be charged based on such increased valuation, but that no such increase shall be permitted contrary to a lawful limitation of liability contained in the warehouse worker's tariff, if any. No such limitation is effective with respect to the warehouse worker's liability for conversion to his or her own use.

(3) Reasonable provisions as to the time and manner of presenting claims and instituting actions based on the bailment may be included in the warehouse receipt or tariff.

(4) This section does not impair or repeal the duties of care or liabilities or penalties for breach thereof as provided in chapters 22.09 and 22.32 RCW. [2009 c 549 § 1016; 1981 c 13 § 1; 1965 ex.s. c 157 § 7-204. Cf. former RCW sections: (i) RCW 22.04.040; 1913 c 99 § 3; RRS § 3589. (ii) RCW 22.04.220; 1913 c 99 § 21; RRS § 3607.]

62A.7-309 Duty of care; contractual limitation of carrier's liability. Save as otherwise provided in RCW 81.29.010 and 81.29.020

(1) A carrier who issues a bill of lading whether negotiable or nonnegotiable must exercise the degree of care in relation to the goods which a reasonably careful person would exercise under like circumstances.

(2) Damages may be limited by a provision that the carrier's liability shall not exceed a value stated in the document if the carrier's rates are dependent upon value and the consignor by the carrier's tariff is afforded an opportunity to declare a higher value or a value as lawfully provided in the tariff, or where no tariff is filed he or she is otherwise advised of such opportunity; but no such limitation is effective with respect to the carrier's liability for conversion to its own use.

(3) Reasonable provisions as to the time and manner of presenting claims and instituting actions based on the shipment may be included in a bill of lading or tariff. [2009 c 549 § 1017; 1965 ex.s. c 157 § 7-309. Cf. former RCW 81.32.031; 1961 c 14 § 81.32.031; prior: 1915 c 159 § 3; RRS § 3649; formerly RCW 81.32.040.]

The legislature further finds that the promotion and sale of Washington wine at the legislative gift center is harmonious with the purpose of the gift center, which is to promote the state and the goods produced around the state. 66.24.010 Licensure—Issuance—Conditions and restrictions—Limitations—Temporary licenses. (1) Every license shall be issued in the name of the applicant, and the holder thereof shall not allow any other person to use the license.

(2) For the purpose of considering any application for a license, or the renewal of a license, the board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the liquor control board may consider any prior criminal conduct of the applicant including an administrative violation history record with the board and a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. Subject to the provisions of this section, the board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (8)(d) and (12) of this section. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member the board designates in writing. Conditions for granting such authority shall be adopted by rule. No retail license of any kind may be issued to:

(a) A person doing business as a sole proprietor who has not resided in the state for at least one month prior to receiving a license, except in cases of licenses issued to dining places on railroads, boats, or aircraft;

(b) A copartnership, unless all of the members thereof are qualified to obtain a license, as provided in this section;

(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications required of the licensee;

(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder shall be suspended or terminated, as the case may be.

(b) The board shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(4) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the board. Where the license has been suspended only, the board shall return the license to the licensee at the expiration or termination of the period of suspension. The board shall notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor to be delivered to or for any person at the premises of that licensee.

(5)(a) At the time of the original issuance of a spirits, beer, and wine restaurant license, the board shall prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless sooner canceled, every license issued by the board shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the board deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering

the annual renewal dates for any and all licenses authorized by this chapter. If such a system of staggered annual renewal dates is established by the board, the license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.

(6) Every license issued under this section shall be subject to all conditions and restrictions imposed by this title or by rules adopted by the board. All conditions and restrictions imposed by the board in the issuance of an individual license shall be listed on the face of the individual license along with the trade name, address, and expiration date.

(7) Every licensee shall post and keep posted its license, or licenses, in a conspicuous place on the premises.

(8)(a) Unless (b) of this subsection applies, before the board issues a new or renewal license to an applicant it shall give notice of such application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority shall be the entity notified by the board under (a) of this subsection. The board shall send a duplicate notice to the incorporated city or town within which the fair is located.

(c) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the board within twenty days after the date of transmittal of such notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewal license is asked. The board may extend the time period for submitting written objections.

(d) The written objections shall include a statement of all facts upon which such objections are based, and in case written objections are filed, the city or town or county legislative authority may request and the liquor control board may in its discretion hold a hearing subject to the applicable provisions of Title 34 RCW. If the board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If such a hearing is held at the request of the applicant, liquor control board representatives shall present and defend the board's initial decision to deny a license or renewal.

(e) Upon the granting of a license under this title the board shall send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the written notification shall be sent to both the incorporated city or town and the county legislative authority.

(9)(a) Before the board issues any license to any applicant, it shall give (i) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions and (ii) written notice, with receipt verification, of the application to public institutions identified by the board as appropriate to receive such notice, churches, and schools within five hundred feet of the premises to be licensed. The board shall not issue a liquor license for either on-premises or off-premises consumption covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passageway from the main entrance of the school to the nearest public entrance of the premises proposed for license, and if, after receipt by the school of the notice as provided in this subsection, the board receives written objection, within twenty days after receiving such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. The board may extend the time period for submitting objections. For the purpose of this section, "church" means a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. For the purpose of this section, "public institution" means institutions of higher education, parks, community centers, libraries, and transit centers.

(b) No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from entering the facility and such program is approved by local law enforcement agencies.

(c) It is the intent under this subsection (9) that a retail license shall not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. The board shall fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a private school, the board shall state in a letter addressed to the private school the board's reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section shall not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11)(a) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant to operate the retail or distributor premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(b) A temporary license issued by the board under this section shall be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for additional periods of sixty days upon payment of an additional fee and upon compliance with all conditions required in this section.

(c) Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 applies to temporary licenses.

(d) Application for a temporary license shall be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application shall be refunded in full.

(12) In determining whether to grant or deny a license or renewal of any license, the board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest. 66.24.170 Domestic winery license—Winery as distributor and/or retailer of own wine—Off-premise samples—Domestic wine made into sparkling wine—Sales at qualifying farmers markets. (1) There shall be a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, and sell wine of its own production at retail, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed two; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for on-premise consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection shall be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the two additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection do not include the tasting or sampling privilege of a winery. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board shall notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Intent—1996 c 224: "It is the intent of the legislature that holders of annual on-premises retail liquor licenses be allowed to operate manufacturing facilities on those premises. This privilege is viewed as a means of enhancing and meeting the needs of the licensees' patrons without being in violation of the tied-house statute prohibitions of RCW 66.28.010. Furthermore, it is the intention of the legislature that this type of business not be viewed as primarily a manufacturing facility. Rather, the public house licensee shall be viewed as an annual retail licensee who is making malt liquor for on-premises consumption by the patrons of the licensed premises." [1996 c 224 § 1.]

The fee shall be fixed by rule adopted by the board in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

(5) Local governments may petition the board to request that further restrictions be imposed on a spirits, beer, and wine nightclub license in the interest of public safety. Examples of further restrictions a local government may request are: No minors allowed on the entire premises, submitting a security plan, or signing a good neighbor agreement with the local government.

(6) The total number of spirts, beer, and wine nightclub licenses are subject to the requirements of RCW 66.24.420(4). 66.28.270 Cash payments—Electronic funds transfers. Nothing in this chapter prohibits the use of checks, credit or debit cards, prepaid accounts, electronic funds transfers, and other similar methods as approved by the board, as cash payments for purposes of this title. Electronic fund[s] transfers must be: (1) Voluntary; (2) conducted pursuant to a prior written agreement of the parties that includes a provision that the purchase be initiated by an irrevocable invoice or sale order before the time of delivery; (3) initiated by the retailer, manufacturer, importer, or distributor no later than the first business day following delivery; and (4) completed as promptly as is reasonably practical, and in no event, later than five business days following delivery. [2009 c 373 § 11.]

66.28.280 Three-tier system—Intent. The legislature recognizes that Washington's current three-tier system, where the functions of manufacturing, distributing, and retailing are distinct and the financial relationships and business transactions between entities in these tiers are regulated, is a valuable system for the distribution of beer and wine. The legislature further recognizes that the historical total prohibition on ownership of an interest in one tier by a person with an ownership interest in another tier, as well as the historical restriction on financial incentives and business relationships between tiers, is unduly restrictive. The legislature finds the modifications contained in chapter 506, Laws of 2009 are appropriate, because the modifications do not impermissibly interfere with the goals of orderly marketing of alcohol in the state, encouraging moderation in consumption of alcohol by the citizens of the state, protecting the public interest and advancing public safety by preventing the use and consumption of alcohol by minors and other abusive consumption, and promoting the efficient collection of taxes by the state. [2009 c 506 § 1.]

66.28.285 Three-tier system—Definitions. The definitions in this section apply throughout RCW 66.28.280 through 66.28.315 unless the context clearly requires otherwise.

(1) "Adverse impact on public health and safety" means that an existing or proposed practice or occurrence has resulted or is more likely than not to result in alcohol being made significantly more attractive or available to minors than would otherwise be the case or has resulted or is more likely than not to result in overconsumption, consumption by minors, or other harmful or abusive forms of consumption.

(2) "Affiliate" means any one of two or more persons if one of those persons has actual or legal control, directly or indirectly, whether by stock ownership or otherwise, of the other person or persons and any one of two or more persons

subject to common control, actual or legal, directly or indirectly, whether by stock ownership or otherwise.

(3) "Industry member" means a licensed manufacturer, producer, supplier, importer, wholesaler, distributor, authorized representative, certificate of approval holder, warehouse, and any affiliates, subsidiaries, officers, directors, partners, agents, employees, and representatives of any industry member. (6) "Undue influence" means one retailer or industry member directly or indirectly influencing the purchasing, marketing, or sales decisions of another retailer or industry member by any agreement written or unwritten or any other business practices or arrangements such as but not limited to the following:

(a) Any form of coercion between industry members and retailers or between retailers and industry members through acts or threats of physical or economic harm, including threat of loss of supply or threat of curtailment of purchase;

(j) Discriminatory pricing practices as prohibited by law or other practices that are discriminatory in that product is not offered to all retailers in the local market on the same terms. [2009 c 506 § 2.]

66.28.290 Three-tier system—Direct or indirect interests between industry members, affiliates, and retailers. (1) Notwithstanding any prohibitions and restrictions contained in this title, it shall be lawful for an industry member or affiliate to have a direct or indirect financial interest in another industry member or a retailer, and for a retailer or affiliate to have a direct or indirect financial interest in an industry member unless such interest has resulted or is more likely than not to result in undue influence over the retailer or the industry member or has resulted or is more likely than not to result in an adverse impact on public health and safety. State contribution for baseball stadium limited: RCW 82.14.0486.

67.70.340 Transfer of shared game lottery proceeds. (1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the fund most impacted by this potential event is the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the education construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The education construction account is expected to receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the education construction account is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the education construction account to bring the total revenue up to one hundred two million dollars.

(3)(a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in RCW 43.20A.892, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(4) The commission shall transfer the remaining net revenues, if any, derived from the shared game lottery "Powerball" authorized in RCW 67.70.044(1) after the transfers pursuant to this section into the state general fund for the student achievement program under RCW 28A.505.220.

(5) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the general fund. [2009 c 576 § 2; 2009 c 479 § 45; 2005 c 369 § 4; 2002 c 349 § 3.]

Reviser's note: This section was amended by 2009 c 479 § 45 and by 2009 c 576 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

(1)(a) The department of archaeology and historic preservation may grant by nontransferable certificate authority to maintain and protect an abandoned cemetery upon application made by a preservation organization which has been incorporated for the purpose of restoring, maintaining, and protecting an abandoned cemetery. Such authority shall be limited to the care, maintenance, restoration, protection, and historical preservation of the abandoned cemetery, and shall not include authority to make burials. (a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption from the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health; or

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

While such a regulation relating to a food additive is in effect, a food shall not, by reason of bearing or containing such an additive in accordance with the regulation, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 409 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the conditions under which such food additive may be safely used, are hereby adopted as the regulations applicable to this chapter: PROVIDED, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe the conditions under which a food additive may be safely used and exemptions where such food additive is to be used solely for investigational purposes; either upon his or her own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(1) A color additive shall, with respect to any particular use (for which it is being used or intended to be used or is represented as suitable) in or on food, be deemed unsafe for the purpose of the application of RCW 69.04.231, unless:

(a) There is in effect, and such color additive and such use are in conformity with, a regulation issued under this section listing such additive for such use, including any provision of such regulation prescribing the conditions under which such additive may be safely used;

(b) Such additive and such use thereof conform to the terms of an exemption for experimental use which is in effect pursuant to regulation under this section.

While there are in effect regulations under this section relating to a color additive or an exemption with respect to such additive a food shall not, by reason of bearing or containing such additive in all respects in accordance with such regulations or such exemption, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 706 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the use or limited use of such color additive, are hereby adopted as the regulations applicable to this chapter: PROVIDED, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein the conditions under which a color additive may be safely used including exemptions for experimental purposes. Such a regulation may be issued either upon the director's own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of, or other relevant exposure from, the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect, if any, of such additive in the diet of human beings or animals, taking into account the same or any chemically or pharmacologically related substance or substances in such diet; (d) safety factors which, in the opinion of experts qualified by scientific training and experience to evaluate the safety of color additives for the use or uses for which the additive is proposed to be listed, are generally recognized as appropriate for the use of animal experimentation data; (e) the availability of any needed practicable methods of analysis for determining the identity and quantity of (i) the pure dye and all intermediates and other impurities contained in such color additives, (ii) such additive in or on any article of food, and (iii) any substance formed in or on such article because of the use of such additive; and (f) the conformity by the manufacturer with the established standards in the industry relating to the proper formation of such color additive so as to result in a finished product safe for use as a color additive. Findings—Intent—2000 c 8: "The legislature finds that we have one of the finest health care systems in the world and excellent professionals to deliver that care. However, there are incidents of medication errors that are avoidable and serious mistakes that are preventable. Medical errors throughout the health care system constitute one of the nation's leading causes of death and injury resulting in over seven thousand deaths a year, according to a recent report from the institute of medicine. The majority of medical errors do not result from individual recklessness, but from basic flaws in the way the health system is organized. There is a need for a comprehensive strategy for government, industry, consumers, and health providers to reduce medical errors. The legislature declares a need to bring about greater safety for patients in this state who depend on prescription drugs.

It is the intent of the legislature to promote medical safety as a top priority for all citizens of our state." [2000 c 8 § 1.]

(b) When a substitution is made under (a) of this subsection, the dispensing pharmacist shall notify the prescribing practitioner of the specific drug and dose dispensed.

(2)(a) A state purchased health care program may impose limited restrictions on an endorsing practitioner's authority to write a prescription to dispense as written only under the following circumstances:

(i) There is statistical or clear data demonstrating the endorsing practitioner's frequency of prescribing dispensed as written for nonpreferred drugs varies significantly from the prescribing patterns of his or her peers;

(iii) The restrictions imposed under (a) of this subsection (2) must be limited to the extent possible to reduce variation in prescribing patterns and shall remain in effect only until such time as the endorsing practitioner can demonstrate a reduction in variation in line with his or her peers.

(b) A state purchased health care program may immediately designate an available, less expensive, equally effective generic product in a previously reviewed drug class as a preferred drug, without first submitting the product to review by the pharmacy and therapeutics committee established pursuant to RCW 70.14.050.

(c) For a patient's first course of treatment within a therapeutic class of drugs, a state purchased health care program may impose limited restrictions on endorsing practitioners' authority to write a prescription to dispense as written, only under the following circumstances:

(i) There is a less expensive, equally effective therapeutic alternative generic product available to treat the condition;

(ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation;

(iii) Notwithstanding the limitation set forth in (c)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the brand name drug be prescribed as the first course of treatment;

(iv) The state purchased health care program may provide, where available, prescription, emergency room, diagnosis, and hospitalization history with the endorsing practitioner; and

(v) Specifically for antipsychotic restrictions, the state purchased health care program shall effectively guide good practice without interfering with the timeliness of clinical decision making. Department of social and health services prior authorization programs must provide for responses within twenty-four hours and at least a seventy-two hour emergency supply of the requested drug.

(d) If, within a therapeutic class, there is an equally effective therapeutic alternative over-the-counter drug available, a state purchased health care program may designate the over-the-counter drug as the preferred drug.

(e) A state purchased health care program may impose limited restrictions on endorsing practitioners' authority to prescribe pharmaceuticals to be dispensed as written for a purpose outside the scope of their approved labels only under the following circumstances:

(i) There is a less expensive, equally effective on-label product available to treat the condition;

(ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation; and

(iii) Notwithstanding the limitation set forth in (e)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the drug be prescribed for a covered off-label purpose.

(f) The provisions of this subsection related to the definition of medically necessary, prior authorization procedures and patient appeal rights shall be implemented in a manner consistent with applicable federal and state law.

(a) All controlled substances which have been manufactured, distributed, dispensed, acquired, or possessed in violation of this chapter or chapter 69.41 or 69.52 RCW, and all hazardous chemicals, as defined in RCW 64.44.010, used or intended to be used in the manufacture of controlled substances;

(c) All property which is used, or intended for use, as a container for property described in (a) or (b) of this subsection;

(d) All conveyances, including aircraft, vehicles, or vessels, which are used, or intended for use, in any manner to facilitate the sale, delivery, or receipt of property described in (a) or (b) of this subsection, except that:

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or chapter 69.41 or 69.52 RCW;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) No conveyance is subject to forfeiture under this section if used in the receipt of only an amount of marijuana for which possession constitutes a misdemeanor under RCW 69.50.4014;

(iv) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(v) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(e) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter or chapter 69.41 or 69.52 RCW;

(f) All drug paraphernalia;

A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission. No personal property may be forfeited under this subsection (1)(g), to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(h) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any appurtenances or improvements which are being used with the knowledge of the owner for the manufacturing, compounding, processing, delivery, importing, or exporting of any controlled substance, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, if such activity is not less than a class C felony and a substantial nexus exists between the commercial pro-

duction or sale of the controlled substance and the real property. However:

(i) No property may be forfeited pursuant to this subsection (1)(h), to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender's intent to engage in commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(2) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(d) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(3) In the event of seizure pursuant to subsection (2) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(d), (g), or (h) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse or domestic partner committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(5) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The notice of claim may be served by any method authorized by law or court rule including, but not limited to, service by first-class mail. Service by mail shall be deemed complete upon mailing within the forty-five day period following service of the notice of seizure in the case of personal property and within the ninety-day period following service of the notice of seizure in the case of real property. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any

other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In all cases, the burden of proof is upon the law enforcement agency to establish, by a preponderance of the evidence, that the property is subject to forfeiture.

The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section.

(6) In any proceeding to forfeit property under this title, where the claimant substantially prevails, the claimant is entitled to reasonable attorneys' fees reasonably incurred by the claimant. In addition, in a court hearing between two or more claimants to the article or articles involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees.

(7) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(d) Forward it to the drug enforcement administration for disposition.

(8)(a) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(b) Each seizing agency shall retain records of forfeited property for at least seven years.

(c) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(d) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(9)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (15) of this section.

(c) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(10) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(11) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(12) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(13) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he or she is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(14) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(15) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (7)(b) of this section, only if:

(a) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(b) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (b) of this subsection are insufficient to satisfy the damage directly caused by a law

enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(c) For any claim filed under (b) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(16) The landlord's claim for damages under subsection (15) of this section may not include a claim for loss of business and is limited to:

(a) Damage to tangible property and clean-up costs;

(b) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(c) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (7)(b) of this section; and

(d) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (9)(b) of this section.

(17) Subsections (15) and (16) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (15) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency. Findings—1989 c 271: "The legislature finds that: Drug offenses and crimes resulting from illegal drug use are destructive to society; the nature of drug trafficking results in many property crimes and crimes of violence; state and local governmental agencies incur immense expenses in the investigation, prosecution, adjudication, incarceration, and treatment of drug-related offenders and the compensation of their victims; drug-related offenses are difficult to eradicate because of the profits derived from the criminal activities, which can be invested in legitimate assets and later used for further criminal activities; and the forfeiture of real assets where a substantial nexus exists between the commercial production or sale of the substances and the real property will provide a significant deterrent to crime by removing the profit incentive of drug trafficking, and will provide a revenue source that will partially defray the large costs incurred by government as a result of these crimes. The legislature recognizes that seizure of real property is a very powerful tool and should not be applied in cases in which a manifest injustice would occur as a result of forfeiture of an innocent spouse's community property interest." (a) An estimate of fees and charges related to a specific service, visit, or stay; and

(b) Information regarding other types of fees or charges a patient may receive in conjunction with their visit to the provider or facility. Hospitals licensed under chapter 70.41 RCW may fulfill this requirement by providing a statement and contact information as described in RCW 70.41.400.

70.05.125 County public health account—Distribution to local public health jurisdictions.
70.05.170 Child mortality review.

70.05.125 County public health account—Distribution to local public health jurisdictions. (1) The county public health account is created in the state treasury. Funds deposited in the county public health account shall be distributed by the state treasurer to each local public health jurisdiction based upon amounts certified to it by the department of community, trade, and economic development in consultation with the Washington state association of counties. The account shall include funds distributed under RCW 82.14.200(8) and such funds as are appropriated to the account from the state general fund, the public health services account under RCW 43.72.902, and such other funds as the legislature may appropriate to it.

(2)(a) The director of the department of community, trade, and economic development shall certify the amounts to be distributed to each local public health jurisdiction using 1995 as the base year of actual city contributions to local public health.

(b) Only if funds are available and in an amount no greater than available funds under RCW 82.14.200(8), the department of community, trade, and economic development shall adjust the amount certified under (a) of this subsection to compensate for any annexation of an area with fifty thousand residents or more to any city as a result of a petition during calendar year 1996 or 1997, or for any city that became newly incorporated as a result of an election during calendar year 1994 or 1995. The amount to be adjusted shall be equal to the amount which otherwise would have been lost to the health jurisdiction due to the annexation or incorporation as calculated using the jurisdiction's 1995 funding formula.

(c) The county treasurer shall certify the actual 1995 city contribution to the department. Funds in excess of the base shall be distributed proportionately among the health jurisdictions based on incorporated population figures as last determined by the office of financial management.

(3) Moneys distributed under this section shall be expended exclusively for local public health purposes. [2009 c 479 § 48; 1998 c 266 § 1; 1997 c 333 § 1; 1995 1st sp.s. c 15 § 1.]

Effective date—1995 1st sp.s. c 15: "This act shall take effect January 1, 1996." [1995 1st sp.s. c 15 § 3.]

70.05.170 Child mortality review. (1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than eighteen years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child mortality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.

(b) It is the intent of the legislature to encourage the performance of child death reviews by local health departments by providing necessary legal protections to the families of children whose deaths are studied, local health department officials and employees, and health care professionals participating in child mortality review committee activities.

(2) As used in this section, "child mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children less than eighteen years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child mortality reviews. In conducting such reviews, the following provisions shall apply:

(a) All medical records, reports, and statements procured by, furnished to, or maintained by a local health department pursuant to chapter 70.02 RCW for purposes of a child mortality review are confidential insofar as the identity of an individual child and his or her adoptive or natural parents is concerned. Such records may be used solely by local health departments for the purposes of the review. This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review, if such compilations and reports do not identify individual cases and sources of information.

(b) Any records or documents supplied or maintained for the purposes of a child mortality review are not subject to discovery or subpoena in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision shall not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section.

(c) Any summaries or analyses of records, documents, or records of interviews prepared exclusively for purposes of a child mortality review are not subject to discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed.

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW.

(4) The department shall assist local health departments to collect the reports of any child mortality reviews conducted by local health departments and assist with entering the reports into a database to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapter 70.02 RCW. In addition, the department shall provide technical assistance to local health departments and child death review coordinators conducting child mortality reviews and encourage communication among child death review teams. The department shall conduct these activities using only federal and private funding. [2009 c 134 § 1; 1993 c 41 § 1; 1992 c 179 § 1.]

70.14.060 Prescription drug purchasing consortium—Participation—Exceptions—Rules. (1) The administrator of the state health care authority shall, directly or by contract, adopt policies necessary for establishment of a prescription drug purchasing consortium. The consortium's purchasing activities shall be based upon the evidence-based prescription drug program established under RCW 70.14.050. State purchased health care programs as defined in RCW 41.05.011 shall purchase prescription drugs through the consortium for those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of pharmacies, unless exempted under this section. The administrator shall not require any supplemental rebate offered to the department of social and health services by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to any other state purchased health care program, or to any other individuals or entities participating in the consortium. The administrator shall explore joint purchasing opportunities with other states.

(2) Participation in the purchasing consortium shall be offered as an option beginning January 1, 2006. Participation in the consortium is purely voluntary for units of local government, private entities, labor organizations, and for individuals who lack or are underinsured for prescription drug coverage. The administrator may set reasonable fees, including enrollment fees, to cover administrative costs attributable to participation in the prescription drug consortium.

(3) This section does not apply to state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005, or group model health maintenance organizations that are accredited by the national committee for quality assurance.

(4) The state health care authority is authorized to adopt rules implementing chapter 129, Laws of 2005.

(5) State purchased health care programs are exempt from the requirements of this section if they can demonstrate to the administrator that, as a result of the availability of federal programs or other purchasing arrangements, their other purchasing mechanisms will result in greater discounts and aggregate cost savings than would be realized through participation in the consortium. [2009 c 560 § 13; 2005 c 129 § 1.]

Intent—Effective date—Disposition of property and funds—Assignment/delegation of contractual rights or duties—2009 c 560: See notes following RCW 18.06.080.

Performance audit—2005 c 129 § 1: "By December 1, 2008, the joint legislative audit and review committee shall conduct a performance audit on the operation of the consortium created in section 1 of this act. The audit shall review the operations and outcomes associated with the implementation of this consortium and identify the net savings, if any, to the members of the consortium, the percentage of targeted populations participating, and changes in the health outcomes of participants." [2005 c 129 § 3.]

Severability—2005 c 129: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 129 § 4.]

Conflict with federal requirements—2005 c 129: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2005 c 129 § 5.]

70.14.155 Streamlined health care administration—Agency participation. The following state agencies are directed to cooperate with the insurance commissioner and, within funds appropriated specifically for this purpose, adopt the processes, guidelines, and standards to streamline health care administration pursuant to chapter 48.165 RCW: The department of social and health services, the health care authority, and, to the extent permissible under Title 51 RCW, the department of labor and industries. 70.38.105 Health services and facilities requiring certificate of need—Fees. (1) The department is authorized and directed to implement the certificate of need program in this state pursuant to the provisions of this chapter.

(2) There shall be a state certificate of need program which is administered consistent with the requirements of federal law as necessary to the receipt of federal funds by the state.

(3) No person shall engage in any undertaking which is subject to certificate of need review under subsection (4) of

this section without first having received from the department either a certificate of need or an exception granted in accordance with this chapter.

(4) The following shall be subject to certificate of need review under this chapter:

(a) The construction, development, or other establishment of a new health care facility including, but not limited to, a hospital constructed, developed, or established by a health maintenance organization or by a combination of health maintenance organizations except as provided in subsection (7)(a) of this section;

(b) The sale, purchase, or lease of part or all of any existing hospital as defined in RCW 70.38.025 including, but not limited to, a hospital sold, purchased, or leased by a health maintenance organization or by a combination of health maintenance organizations except as provided in subsection (7)(b) of this section;

(c) Any capital expenditure for the construction, renovation, or alteration of a nursing home which substantially changes the services of the facility after January 1, 1981, provided that the substantial changes in services are specified by the department in rule;

(d) Any capital expenditure for the construction, renovation, or alteration of a nursing home which exceeds the expenditure minimum as defined by RCW 70.38.025. However, a capital expenditure which is not subject to certificate of need review under (a), (b), (c), or (e) of this subsection and which is solely for any one or more of the following is not subject to certificate of need review:

(i) Communications and parking facilities;

(ii) Mechanical, electrical, ventilation, heating, and air conditioning systems;

(iii) Energy conservation systems;

(iv) Repairs to, or the correction of, deficiencies in existing physical plant facilities which are necessary to maintain state licensure, however, other additional repairs, remodeling, or replacement projects that are not related to one or more deficiency citations and are not necessary to maintain state licensure are not exempt from certificate of need review except as otherwise permitted by (d)(vi) of this subsection or RCW 70.38.115(13);

(v) Acquisition of equipment, including data processing equipment, which is not or will not be used in the direct provision of health services;

(vii) Acquisition of land; and

(viii) Refinancing of existing debt;

(e) A change in bed capacity of a health care facility which increases the total number of licensed beds or redistributes beds among acute care, nursing home care, and boarding home care if the bed redistribution is to be effective for a period in excess of six months, or a change in bed capacity of a rural health care facility licensed under RCW 70.175.100 that increases the total number of nursing home beds or redistributes beds from acute care or boarding home care to nursing home care if the bed redistribution is to be effective for a period in excess of six months. A health care facility certified as a critical access hospital under 42 U.S.C. 1395i-4 may increase its total number of licensed beds to the total number of beds permitted under 42 U.S.C. 1395i-4 for acute care and may redistribute beds permitted under 42 U.S.C. 1395i-4 among acute care and nursing home care without being subject to certificate of need review. If there is a nursing home licensed under chapter 18.51 RCW within twenty-seven miles of the critical access hospital, the critical access hospital is subject to certificate of need review except for:

(i) Critical access hospitals which had designated beds to provide nursing home care, in excess of five swing beds, prior to December 31, 2003;

(ii) Up to five swing beds; or

(iii) Up to twenty-five swing beds for critical access hospitals which do not have a nursing home licensed under chapter 18.51 RCW within the same city or town limits. Up to one-half of the additional beds designated for swing bed services under this subsection (4)(e)(iii) may be so designated before July 1, 2010, with the balance designated on or after July 1, 2010.

Critical access hospital beds not subject to certificate of need review under this subsection (4)(e) will not be counted as either acute care or nursing home care for certificate of need review purposes. (f) Any new tertiary health services which are offered in or through a health care facility or rural health care facility licensed under RCW 70.175.100, and which were not offered on a regular basis by, in, or through such health care facility or rural health care facility within the twelve-month period prior to the time such services would be offered;

(g) Any expenditure for the construction, renovation, or alteration of a nursing home or change in nursing home services in excess of the expenditure minimum made in preparation for any undertaking under subsection (4) of this section and any arrangement or commitment made for financing such undertaking. Expenditures of preparation shall include expenditures for architectural designs, plans, working drawings, and specifications. The department may issue certificates of need permitting predevelopment expenditures, only, without authorizing any subsequent undertaking with respect to which such predevelopment expenditures are made; and

(h) Any increase in the number of dialysis stations in a kidney disease center.

(5) The department is authorized to charge fees for the review of certificate of need applications and requests for exemptions from certificate of need review. The fees shall be sufficient to cover the full cost of review and exemption, which may include the development of standards, criteria, and policies.

(6) No person may divide a project in order to avoid review requirements under any of the thresholds specified in this section.

(7)(a) The requirement that a health maintenance organization obtain a certificate of need under subsection (4)(a) of this section for the construction, development, or other establishment of a hospital does not apply to a health maintenance

organization operating a group practice that has been continuously licensed as a health maintenance organization since January 1, 2009;

(b) The requirement that a health maintenance organization obtain a certificate of need under subsection (4)(b) of this section to sell, purchase, or lease a hospital does not apply to a health maintenance organization operating a group practice that has been continuously licensed as a health maintenance organization since January 1, 2009. 70.38.111 Certificates of need—Exemptions. (1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;
if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to

the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed boarding home care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(9)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (9) in its calculations for future certificate of need applications. 70.41.120 Inspection of hospitals—Final report—Alterations or additions, new facilities—Coordination with state and local agencies—Notice of inspection. (1) The department shall make or cause to be made an unannounced inspection of all hospitals on average at least every eighteen months. Every inspection of a hospital may include an inspection of every part of the premises. The department may make an examination of all phases of the hospital operation necessary to determine compliance with the law and the standards, rules and regulations adopted thereunder.

(2) The department shall not issue its final report regarding an unannounced inspection by the department until: (a) The hospital is given at least two weeks following the inspection to provide any information or documentation requested by the department during the unannounced inspection that was not available at the time of the request; and (b) at least one person from the department conducting the inspection meets personally with the chief administrator or executive officer of the hospital following the inspection or the chief administrator or executive officer declines such a meeting.

(3) Any licensee or applicant desiring to make alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, comply with the regulations prescribed by the department.

(4) No hospital licensed pursuant to the provisions of this chapter shall be required to be inspected or licensed under other state laws or rules and regulations promulgated thereunder, or local ordinances, relative to hotels, restaurants, lodging houses, boarding houses, places of refreshment, nursing homes, maternity homes, or psychiatric hospitals.

(5) To avoid unnecessary duplication in inspections, the department shall coordinate with the department of social and health services, the office of the state fire marshal, and local agencies when inspecting facilities over which each agency has jurisdiction, the facilities including but not necessarily being limited to hospitals with both acute care and skilled nursing or psychiatric nursing functions. The department shall notify the office of the state fire marshal and the relevant local agency at least four weeks prior to any inspection conducted under this section and invite their attendance at the inspection, and shall provide a copy of its inspection report to each agency upon completion. 70.41.122 Exemption from RCW 70.41.120 for hospitals accredited by other entities. Surveys conducted on hospitals by the joint commission on the accreditation of health care organizations, the American osteopathic association, or Det Norske Veritas shall be deemed equivalent to a department survey for purposes of meeting the requirements for the survey specified in RCW 70.41.120 if the department determines that the applicable survey standards are substantially equivalent to its own.

(1) Hospitals so surveyed shall provide to the department within thirty days of learning the result of a survey documentary evidence that the hospital has been certified as a result of a survey and the date of the survey.

(2) Hospitals shall make available to department surveyors the written reports of such surveys during department surveys, upon request. [2009 c 242 § 2; 2005 c 447 § 2; 1999 c 41 § 1; 1995 c 282 § 6.]

70.41.430 Licensed hospitals must adopt a policy regarding methicillin-resistant staphylococcus aureus (MRSA)—Elements. (1) Each hospital licensed under this chapter shall, by January 1, 2010, adopt a policy regarding methicillin-resistant staphylococcus aureus. The policy shall, at a minimum, contain the following elements:

(a) A requirement to test any patient for methicillin-resistant staphylococcus aureus who is a member of a patient population identified as appropriate to test based on the hospital's risk assessment for methicillin-resistant staphylococcus aureus;

(b) A requirement that a patient in the hospital's adult or pediatric, but not neonatal, intensive care unit be tested for methicillin-resistant staphylococcus aureus within twenty-four hours of admission unless the patient has been previously tested during that hospital stay or has a known history of methicillin-resistant staphylococcus aureus;

(c) Appropriate procedures to help prevent patients who test positive for methicillin-resistant staphylococcus aureus from transmitting to other patients. For purposes of this subsection, "appropriate procedures" include, but are not limited to, isolation or cohorting of patients colonized or infected with methicillin-resistant staphylococcus aureus. In a hospital where patients, whose methicillin-resistant staphylococcus aureus status is either unknown or uncolonized, may be roomed with colonized or infected patients, patients must be notified they may be roomed with patients who have tested positive for methicillin-resistant staphylococcus aureus; and

(d) A requirement that every patient who has a methicillin-resistant staphylococcus aureus infection receive oral and written instructions regarding aftercare and precautions to prevent the spread of the infection to others.

(2) A hospital that has identified a hospitalized patient who has a diagnosis of methicillin-resistant staphylococcus aureus shall report the infection to the department using the department's comprehensive hospital abstract reporting system. When making its report, the hospital shall use codes used by the United States centers for medicare and medicaid services, when available. [2009 c 244 § 1.]

70.41.440 Duty to report violent injuries—Preservation of evidence—Immunity—Privilege. (1) A hospital shall report to a local law enforcement authority as soon as reasonably possible, taking into consideration a patient's emergency care needs, when the hospital provides treatment for a bullet wound, gunshot wound, or stab wound to a patient who is unconscious. A hospital shall establish a written policy to identify the person or persons responsible for making the report.

(2) The report required under subsection (1) of this section must include the following information, if known:

(a) The name, residence, sex, and age of the patient;

(b) Whether the patient has received a bullet wound, gunshot wound, or stab wound; and

(c) The name of the health care provider providing treatment for the bullet wound, gunshot wound, or stab wound.

(3) Nothing in this section shall limit a person's duty to report under RCW 26.44.030 or 74.34.035.

(4) Any bullets, clothing, or other foreign objects that are removed from a patient for whom a hospital is required to make a report pursuant to subsection (1) of this section shall be preserved and kept in custody in such a way that the identity and integrity thereof are reasonably maintained until the bullets, clothing, or other foreign objects are taken into possession by a law enforcement authority or the hospital's normal period for retention of such items expires, whichever occurs first.

(5) Any hospital or person who in good faith, and without gross negligence or willful or wanton misconduct, makes a report required by this section, cooperates in an investigation or criminal or judicial proceeding related to such report, or maintains bullets, clothing, or other foreign objects, or provides such items to a law enforcement authority as described in subsection (4) of this section, is immune from civil or criminal liability or professional licensure action arising out of or related to the report and its contents or the absence of information in the report, cooperation in an investigation or criminal or judicial proceeding, and the maintenance or provision to a law enforcement authority of bullets, clothing, or other foreign objects under subsection (4) of this section.

(6) The physician-patient privilege described in RCW 5.60.060(4), the registered nurse-patient privilege described in RCW 5.62.020, and any other health care provider-patient privilege created or recognized by law are not a basis for excluding as evidence in any criminal proceeding any report, or information contained in a report made under this section.

(7) All reporting, preservation, or other requirements of this section are secondary to patient care needs and may be delayed or compromised without penalty to the hospital or person required to fulfill the requirements of this section. [2009 c 359 § 2.]

70.41.450 Estimated charges of hospital services—Notice. Hospitals licensed under this chapter shall post a sign in patient registration areas containing at least the following language: "Information about the estimated charges of your hospital services is available upon request. Please do not hesitate to ask for information." [2009 c 529 § 2.]

70.44.140 Contracts for material and work—Call for bids—Alternative procedures—Exemptions. (1) All materials purchased and work ordered, the estimated cost of which is in excess of seventy-five thousand dollars, shall be by contract. Before awarding any such contract, the commis-

sion shall publish a notice at least thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work. The plans and specifications must at the time of the publication of such notice be on file at the office of the public hospital district, subject to public inspection: PROVIDED, HOWEVER, That the commission may at the same time, and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by bidders. The notice shall state generally the work to be done, and shall call for proposals for doing the same, to be sealed and filed with the commission on or before the day and hour named therein. Each bid shall be accompanied by bid proposal security in the form of a certified check, cashier's check, postal money order, or surety bond made payable to the order of the commission, for a sum not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal security. At the time and place named, such bids shall be publicly opened and read, and the commission shall proceed to canvass the bids, and may let such contract to the lowest responsible bidder upon plans and specifications on file, or to the best bidder submitting his or her own plans and specifications: PROVIDED, HOWEVER, That no contract shall be let in excess of the estimated cost of the materials or work, or if, in the opinion of the commission, all bids are unsatisfactory, they may reject all of them and readvertise, and in such case all bid proposal security shall be returned to the bidders. If the contract is let, then all bid proposal security shall be returned to the bidders, except that of the successful bidder, which is retained until a contract shall be entered into for the purchase of such materials for doing such work, and a bond to perform such work furnished, with sureties satisfactory to the commission, in an amount to be fixed by the commission, not less than twenty-five percent of contract price in any case, between the bidder and commission, in accordance with the bid. If such bidder fails to enter into the contract in accordance with the bid and furnish such bond within ten days from the date at which the bidder is notified that he or she is the successful bidder, the bid proposal security and the amount thereof shall be forfeited to the public hospital district. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to the requirements of subsection (1) of this section, a public hospital district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchases with an estimated cost of up to fifteen thousand dollars may be made using the process provided in RCW 39.04.190.

(4) The commission may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work. 70.47.010 Legislative findings—Purpose—Administrator and department of social and health services to coordinate eligibility. (1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to the administrator to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the administrator to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state, including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii) limited use of self-insurance in areas where adequate access cannot be assured through other options.

(b) In developing alternative purchasing strategies to address health care access needs, the administrator shall consult with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state agencies including the office of the insurance commissioner and the office of community and rural health. In pursuing such alternatives, the administrator shall continue to give priority to prepaid managed care as the preferred method of assuring access to basic health plan enrollees followed, in priority order, by preferred providers, fee for service, and self-funding.

(2) The legislature further finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

(3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in

an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents not eligible for medicare who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(4) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(5)(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients. Enrollees receiving medical assistance are not eligible for the Washington basic health plan. [2009 c 568 § 1; 2000 c 79 § 42; 1993 c 492 § 208; 1987 1st ex.s. c 5 § 3.]

Short title—Severability—Savings—Captions not law—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

70.47.015 Enrollment—Findings—Intent—Enrollee premium share—Expedited application and enrollment process—Commission for insurance producers.

(1) The legislature finds that the basic health plan has been an effective program in providing health coverage for uninsured residents. Further, since 1993, substantial amounts of public funds have been allocated for subsidized basic health plan enrollment.

(2) Effective January 1, 1996, basic health plan enrollees whose income is less than one hundred twenty-five percent of the federal poverty level shall pay at least a ten-dollar premium share.

(3) No later than July 1, 1996, the administrator shall implement procedures whereby hospitals licensed under chapters 70.41 and 71.12 RCW, health carrier, rural health care facilities regulated under chapter 70.175 RCW, and community and migrant health centers funded under RCW 41.05.220, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

(4) No later than July 1, 1996, the administrator shall implement procedures whereby disability insurance producers, licensed under chapter 48.17 RCW, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. Insurance producers may receive a commission for each individual sale of the basic health plan to anyone not signed up within the previous five years and a commission for each group sale of the basic health plan, if funding for this purpose is provided in a specific appropriation to the health care authority. No commission shall be provided upon a renewal. Commissions shall be determined based on the estimated annual cost of the basic health plan, however, commissions shall not result in a reduction in the premium amount paid to health carriers. For purposes of this section "health carrier" is as defined in RCW 48.43.005. The administrator may establish: (a) Minimum educational requirements that must be completed by the insurance producers; (b) an appointment process for insurance producers marketing the basic health plan; or (c) standards for revocation of the appointment of an insurance producer to submit applications for cause, including untrustworthy or incompetent conduct or harm to the public. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process. Findings—2005 c 188: "The legislature finds that the basic health plan is a valuable means of providing access to affordable health insurance coverage for low-income families and individuals in Washington state. The legislature further finds that persons studying in the United States as full-time students under temporary visas must show, as a condition of receiving their temporary visa, that they have sufficient funds available for self-support during their entire proposed course of study. 70.47.060 Powers and duties of administrator—Schedule of services—Premiums, copayments, subsidies—Enrollment. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services, and organ transplant services. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate. The administrator shall encourage enrollees who have been continually enrolled on basic health for a period of one year or more to complete a health risk assessment and participate in programs approved by the administrator that may include wellness, smoking cessation, and chronic disease management programs. In approving programs, the administrator shall consider evidence that any such programs are proven to improve enrollee health status.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from subsidized enrollees under RCW 70.47.020(6)(b). Premiums due for foster parents with gross family income up to two hundred percent of the federal poverty level shall be set at the minimum premium amount charged to enrollees with income below sixty-five percent of the federal poverty level. Premiums due for foster parents with gross family income between two hundred percent and three hundred percent of the federal poverty level shall not exceed one hundred dollars per month.

(c) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(d) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(e) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

(f) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(g) To collect from all public employees a voluntary opt-in donation of varying amounts through a monthly or one-time payroll deduction as provided for in RCW 41.04.230. The donation must be deposited in the health services account established in *RCW 43.72.900 to be used for the sole purpose of maintaining enrollment capacity in the basic health plan.

The administrator shall send an annual notice to state employees extending the opportunity to participate in the opt-in donation program for the purpose of saving enrollment slots for the basic health plan. The first such notice shall be sent to public employees no later than June 1, 2009.

The notice shall include monthly sponsorship levels of fifteen dollars per month, thirty dollars per month, fifty dollars per month, and any other amounts deemed reasonable by the administrator. The sponsorship levels shall be named "safety net contributor," "safety net hero," and "safety net champion" respectively. The donation amounts provided shall be tied to the level of coverage the employee will be purchasing for a working poor individual without access to health care coverage.

The administrator shall ensure that employees are given an opportunity to establish a monthly standard deduction or a one-time deduction towards the basic health plan donation program. The basic health plan donation program shall be known as the "save the safety net program."

The donation permitted under this subsection may not be collected from any public employee who does not actively opt in to the donation program. Written notification of intent to discontinue participation in the donation program must be provided by the public employee at least fourteen days prior to the next standard deduction.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program. To prevent the risk of overexpenditure, the administrator may disenroll persons receiving subsidies from the program based on criteria adopted by the administrator. The criteria may include: Length of continual enrollment on the program, income level, or eligibility for other coverage. The administrator shall first attempt to identify enrollees who are eligible for other coverage, and, working with the department of social and health service as provided in RCW 70.47.010(5)(d), transition enrollees eligible for medical assistance to that coverage. The administrator shall develop criteria for persons disenrolled under this subsection to reapply for the program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to give priority to members of the Washington national guard and reserves who served in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation Noble Eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and **74.13.100 through 74.13.145 shall not be counted

toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

(20) To give priority in enrollment to persons who disenrolled from the program in order to enroll in medicaid, and subsequently became ineligible for medicaid coverage. 70.47.070 Benefits from other coverages not reduced. The benefits available under the basic health plan shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury. Except where in conflict with federal or state law, the benefits of any other health plan or insurance which covers an enrollee shall be determined before the benefits of the basic health plan. The administrator shall require that managed health care systems conduct and report on coordination of benefits activities as provided under this section. [2009 c 568 § 4; 1987 1st ex.s. c 5 § 9.]

70.47.100 Participation by a managed health care system. (1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, or any combination thereof.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7) The administrator may implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140. Prior to implementing a self-funded or self-insured method, the administrator shall ensure that funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. If implementing a self-funded or self-insured method, the administrator may request funds to be moved from the basic health plan trust account or the basic health plan subscription account to the basic health plan self-insurance reserve account established in RCW 41.05.140.
