## **OPORD – Operation Cold Reality**

**Time Zone Used Throughout:** Pacific Standard

**Weather:** Drifting snow and winter weather conditions with intentional road closures.

### **1. SITUATION**

**A. Government** - Currently the FBI has assumed operational control and is on location in Harney County, Oregon. They have 4 arrest warrants confirmed but are taking a gradual escalation approach. A raid on the compound eventually is not off the table. The FBI currently occupies a private airport in Burns, Oregon and between 40-50 armed federal agents and law enforcement have been sighted at various times. It has been confirmed nationally that the FBI's sole purpose right now is to gather intelligence and identify links between patriot groups.

**B. Bundy** - Currently there are about two dozen patriots occupying the wildlife refuge with the intent to continue doing so indefinitely. They have rejected the Sheriff's recent offer to leave. The Local Committee of Safety is split on them leaving but unanimous in support of fighting the BLM and using the national stage they have been given to do so. One identified informant and two likely provocateurs are in the camp. They are trying to prompt violent action while Ammon Bundy remains level headed but stressed.

**C. Three Percent Movement (National)** - Has told its members to stand down and prepare to fight locally in their own respective areas. Mike V. has called for a team of negotiators to go to Burns.

**D. Oathkeepers (National)** - Has told its members to stand down. Some are ignoring that order.

**E. Coalition of Western States/AmRRON/LWWA/LFA** - Currently has no deployed elements to the area but intelligence assets are on site providing real time intelligence.

**2. MISSION** - Deploy a COWS/AmRRON/LWWA/LFA negotiating team to Burns, Oregon, NLT 12:00 p.m. on 9 January 2016 in order to facilitate a peaceful resolution to the situation.

### **3. EXECUTION**

**Intent** – Conclude a peaceful resolution to the situation and re-establish legitimate Patriot leadership over the movement. Force the BLM to address its utter failure as an agency and embolden people at the state and local level to reclaim ground for liberty.

#### **Strategy –**

1. Establish continual prayer over this endeavor.
2. Put pressure on federal, state, & local officials to address BLM tyranny.
3. Expose them as tyrants, by making them act like tyrants.
4. Establish real-time communications with redundancy.
5. Confront and highlight illegal government action at every turn.
6. Place blame squarely with BLM.
7. Go on offense in media, court, and political arena.
8. Throw up as many obstacles to violent action by the government as possible.

#### **Goals –**

1. Peaceful resolution. No one hurt. Prevent government from doing something stupid.
2. BLM stands down and a State level investigation is begun into BLM actions.
3. Public opinion swayed to our side.
4. Citizens emboldened and educated to rally to change and organize on local level.
5. Re-establish legitimate leadership over Patriot Movement.
