THIRD READING**MESSAGE FROM THE SENATE**

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1550, with the following amendment(s): 1550-S2 AMS EDU S2590.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The intent of the legislature is to continue and rename transitional kindergarten as the transition to kindergarten program and that the program be established in statute with the goal of assisting eligible children in need of additional preparation to be successful kindergarten students in the following school year. The transition to kindergarten program is not part of the state's statutory program of basic education under RCW 28A.150.200.

(2) The office of the superintendent of public instruction shall administer the transition to kindergarten program and shall adopt rules under chapter 34.05 RCW for the administration of, and the allocation of state funding for, the transition to kindergarten program. Initial rules, which include expectations for school districts and public schools transitioning existing programs to the new requirements established in this section must be adopted in time for the 2023-24 school year, and permanent rules must be adopted by the beginning of the 2024-25 school year. The rules must include, at a minimum, the following requirements for a transition to kindergarten program:

(a) (i) A limitation on program enrollment to eligible children. Eligible children include only those who:

(A) Have been determined to benefit from additional preparation for kindergarten; and

(B) Are at least four years old by August 31st of the school year they enroll in the transition to kindergarten program.

(ii) School districts and public schools may prioritize families with the lowest incomes and children most in need for additional preparation to be successful in

kindergarten when enrolling eligible children in a transition to kindergarten program;

(iii) Access to the transition to kindergarten program does not constitute an individual entitlement for any particular child.

(b) Except for children who have been excused from participation by their parents or legal guardians, a requirement that the Washington kindergarten inventory of developing skills as established by RCW 28A.655.080 be administered to all eligible children enrolled in a transition to kindergarten program at the beginning of the child's enrollment in the program and at least one more time during the school year.

(c) A requirement that all eligible children enrolled in a transition to kindergarten program be assigned a statewide student identifier and that the transition to kindergarten program be considered a separate class or course for the purposes of data reporting requirements in RCW 28A.320.175.

(d)(i) A requirement that a local child care and early learning needs assessment is conducted before beginning or expanding a transition to kindergarten program that considers the existing availability and affordability of early learning providers, such as the early childhood education and assistance programs, head start programs, and licensed child care centers and family home providers in the region. Data available through the regionalized data dashboard maintained by the department of children, youth, and families or any other appropriate sources may be used to conduct the needs assessment required by this section.

(ii) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, shall develop statewide coordinated eligibility, recruitment, enrollment, and selection best practices and provide technical assistance to those implementing a transition to kindergarten program to support connections with local early learning providers.

(iii) Nothing in this section prohibits school districts and public schools from blending or colocating a transition to kindergarten program with other early learning programs.

(e)(i) A requirement that school districts and public schools adhere to guidelines, as developed by the office of the superintendent of public instruction, related to:

(A) Best practices for site readiness of facilities that are used for the program;

(B) Developmentally appropriate curricula that might assist in maintaining high quality programs; and

(C) Professional development opportunities.

(ii) The office of the superintendent of public instruction must develop a process for conducting site visits of a school district or public school offering a transition to kindergarten program and provide feedback on elements listed in this subsection (2)(e).

(f) A prohibition on charging tuition or other fees to state-funded eligible children

for enrollment in a transition to kindergarten program.

(g) A prohibition on establishing a policy of excluding an eligible child due only to the presence of a disability.

(3)(a) Funding for the transition to kindergarten program must be based on the following:

(i) The distribution formula established under RCW 28A.150.260 (4)(a), (5), (6), (8), and (10)(a) and (b), calculated using the actual number of annual average full-time equivalent eligible children enrolled in the program. A transition to kindergarten child must be counted as a kindergarten student for purposes of the funding calculations referenced in this subsection, but must be reported separately.

(ii) The distribution formula developed in RCW 28A.160.150 through 28A.160.192, calculated using reported ridership for eligible children enrolled in the program.

(b) Funding provided for the transition to kindergarten program is not part of the state's statutory program of basic education under RCW 28A.150.200 and must be expended only for the support of operating a transition to kindergarten program.

Sec. 2. RCW 28A.225.160 and 2009 c 380 s 3 are each amended to read as follows:

(1) Except as provided in subsection ~~((2))~~(3) of this section and otherwise provided by law, it is the general policy of the state that the common schools shall be open to the admission of all persons who are five years of age and less than ~~((twenty-one))~~21 years residing in that school district. Except as otherwise provided by law or rules adopted by the superintendent of public instruction, districts may establish uniform entry qualifications, including but not limited to birthdate requirements, for admission to kindergarten and first grade programs of the common schools. Such rules may provide for individualized exceptions based upon the ability, or the need, or both, of an individual student. Nothing in this section authorizes school districts, public schools, or the superintendent of public instruction to create state-funded programs based on entry qualification exceptions except as otherwise expressly provided by law.

(2) For the purpose of complying with any rule adopted by the superintendent of public instruction that authorizes a preadmission screening process as a prerequisite to granting individualized exceptions to the uniform entry qualifications, a school district may collect fees to cover expenses incurred in the administration of any preadmission screening process: PROVIDED, That in so establishing such fee or fees, the district shall adopt rules for waiving and reducing such fees in the cases of those persons whose families, by reason of their low income, would have difficulty in paying the entire amount of such fees.

~~((2))~~(3) A student who meets the definition of a child of a military family in transition under Article II of RCW 28A.705.010 shall be permitted to continue enrollment at the grade level in the common schools commensurate with the grade level of

the student when attending school in the sending state as defined in Article II of RCW 28A.705.010, regardless of age or birthdate requirements.

NEW SECTION. Sec. 3. (1) The department of children, youth, and families must make administrative changes to better align early childhood education and assistance program implementation with state-funded early learning programs serving three through five-year old children offered by school districts and public schools. The department must submit a report, in compliance with RCW 43.01.036, of the administrative changes to the appropriate committees of the legislature by July 1, 2024.

(2) This section expires August 30, 2025.

Sec. 4. RCW 43.88C.010 and 2022 c 219 s 2 are each amended to read as follows:

The council shall consist of two individuals appointed by the governor and four individuals, one of whom is appointed by the chairperson of each of the two largest political caucuses in the senate and house of representatives. The chair of the council shall be selected from among the four caucus appointees. The council may select such other officers as the members deem necessary.

Employment of the supervisor shall terminate after each term of three years. The supervisor shall employ staff sufficient to accomplish the purposes of this section.

(4) The caseload forecast council shall oversee the preparation of and approve, by an affirmative vote of at least four members, the official state caseload forecasts prepared under RCW 43.88C.020. If the council is unable to approve a forecast before a date required in RCW 43.88C.020, the supervisor shall submit the forecast without approval and the forecast shall have the same effect as if approved by the council.

(5) A councilmember who does not cast an affirmative vote for approval of the official caseload forecast may request, and the supervisor shall provide, an alternative forecast based on assumptions specified by the member.

(6) Members of the caseload forecast council shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. Mme. Speaker:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This section is the tax preference performance statement for the tax preference contained in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(a) The legislature categorizes the tax preference contained in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act) as one intended to induce certain designated behavior by taxpayers and provide tax parity, as indicated in RCW 82.32.808(2) (a) and (f).

(b) For the tax preference evaluation under subsection (2) of this section, the legislature's specific public policy objective is to provide tax parity resulting in leasehold excise tax relief for large arena facilities used for professional sports with the expectation that the operational entities overseeing operations at these facilities will provide substantial economic benefits to their specific region with a focus on: Providing employment opportunities for women and minority-owned businesses; fostering equity and social justice with an emphasis on arena-impacted communities; providing general community resource support; and ensuring quality access to the facilities for people across a range of income levels.

(c) For the tax preference evaluation under subsection (3) of this section, the legislature's specific public policy objectives are to provide tax parity resulting in leasehold excise tax relief with the expectation that employees employed at the facilities receive competitive wages and benefits and the facilities advance and promote diverse and inclusive voices, experiences, perspectives, and employment opportunities.

(2) To measure the effectiveness of the tax preference identified in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act), except as provided in subsection (3) of this section, the joint legislative audit and review committee must evaluate the following:

(a) State and local fiscal impacts;

(b) To the extent data is available from the operating entity, the number of employment positions and wages at the facility for all employers, the degree to which employment positions at the facility have been filled by people residing in economically distressed regions of the county in which the facility is located, and the race and ethnicity of the employees. The evaluation must include a comparison of annual average wages at the facility and annual county average wages as published by the employment security department as part of its covered employment data;

(c) The extent to which the operational entity provides opportunities for patrons of

all income levels to enjoy programming by offering seating at a range of price points that are equitably distributed throughout the facility; and

(d) The extent to which the operational entity generally contributes resources to: Organizations that serve the region; the communities surrounding the facility; and programs and services for youth, arts, music, and culture.

(3) To measure the effectiveness of the tax preference in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act) for arenas with a seating capacity of 17,000 or less, the joint legislative audit and review committee must evaluate the following to the extent that data is available from the operating entity or public owner of the arena:

(a) State and local fiscal impacts;

(b) The number of employment positions and wages at the facility for all employers operating at the facility. The evaluation must include a comparison of annual average wages at the facility and annual county average wages as published by the employment security department as part of its covered employment data;

(c) The financial stability of the facility through an examination of revenues and expenditures specific to the facility;

(d) The types of programming and events scheduled at the facility; and

(e) The economic impact of the facility in the county in which the facility is located.

(4) In order to obtain the data necessary to perform the reviews in subsections (2) and (3) of this section, the department of revenue must provide tax-related data needed for the joint legislative audit and review committee analysis, including the annual tax performance reports provided pursuant to RCW 82.32.534. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary and the legislative auditor, or his or her designee, may contact operational entities after the effective date of this section to establish appropriate documentation to be provided by the operational entities to the joint legislative audit and review committee to facilitate its review of the tax preferences identified in this act.

(5) For the purpose of this section, "operational entity" means a limited liability company or any other public or private legal entity that is primarily responsible for the management and operation of a stadium or arena facility.

HOUSE AMENDMENT TO SENATE BILL

There being no objection, the House receded from its amendment to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5315.

There being no objection, the rules were suspended, and ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5315 was returned to second reading for the purpose of amendment.

Representative Santos moved the adoption of the striking amendment (766):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) (a) (i) The legislature finds that the federal individuals with disabilities education act, Title 20 U.S.C. Sec. 1400 et seq., establishes duties for the state education agency, which is the office of the superintendent of public instruction in Washington, with respect to students with disabilities who are placed in a private school or facility by a school district or other public agency as a means of providing special education and related services.

(ii) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction ensure that a student with a disability who is placed in a private school or facility by a school district or other public agency:

(A) Is provided special education and related services in conformance with an individualized education program that meets the requirements of federal law and at no cost to the student's parents;

(B) Is provided an education that meets the standards that apply to education provided by a school district or other public agency; and

(C) Has all of the rights of a student with a disability who is served by a school district or other public agency.

(iii) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction, in implementing the requirements described in (a) (ii) of this subsection:

(A) Monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires;

(B) Disseminate copies of applicable standards to each private school and facility to which a school district or other public agency has placed a student with a disability; and

(C) Provide an opportunity for those private schools and facilities to

participate in the development and revision of state standards that apply to them.

(iv) The federal implementing regulations of the federal individuals with disabilities education act require the state to monitor implementation of the individuals with disabilities education act to improve educational results and functional outcomes for all students with disabilities. The state must use indicators to measure school district performance, identify areas of noncompliance, and use appropriate enforcement mechanisms, such as technical assistance, corrective action, or withholding funds.

(b) The legislature acknowledges that it has not codified the federal requirements. Therefore, the legislature intends to codify the duty and authority of the superintendent of public instruction to establish standards for authorizing, monitoring, and investigating private schools approved by the state board of education under RCW 28A.305.130, other private in-state entities, and any out-of-state entities, that contract with school districts to provide special education and related services to students with disabilities. The legislature also intends to codify the requirement that these standards must ensure that any students with disabilities placed in the authorized entities by school districts have the same rights, protections, and access to special education and related services that they would have if served by school districts.

(2) (a) (i) The federal implementing regulations of the federal individuals with disabilities education act specify that, when a school district or other public agency has placed a student with disabilities in a private school or facility, responsibility for compliance with the federal individuals with disabilities education act remains with the school district or other public agency and with the office of the superintendent of public instruction.

(ii) State statute permits school districts to contract with entities authorized by the office of the superintendent of public instruction to operate special education programs for students with disabilities and specifies that the approval standards must conform substantially to those of special education programs in the school districts.

(iii) Rules of the office of the superintendent of public instruction specify the minimum elements of the written contract that must be made between a school district and an authorized entity. In addition, these rules specify that the school district remains responsible for ensuring that any student placed in an authorized entity is provided a free appropriate public education in conformance with the individualized education program developed by the school district.

(b) The legislature intends to codify the responsibilities of school districts placing students with disabilities in authorized entities, including specifying minimum contract and parent notification requirements.

(3) In addition, the legislature intends to ensure accountability is properly exercised and shared by directing the state auditor to conduct a performance audit of the system for overseeing the authorized entities that provide special education services to students with disabilities, as well as requiring school districts contracting with these authorized entities to report concerns about education overbilling to the office of the superintendent of public instruction and the office of the state auditor.

Sec. 2. RCW 28A.155.090 and 2007 c 115 s 11 are each amended to read as follows:

The superintendent of public instruction shall have the duty and authority, through the administrative section or unit for the education of children with ~~((disabling conditions))~~ disabilities, to:

(1) Assist school districts in the formation of programs to meet the needs of children with disabilities;

(2) Develop interdistrict cooperation programs for children with disabilities as authorized in RCW 28A.225.250;

(3) Provide, upon request, to parents or guardians of children with disabilities, information as to the special education programs for students with disabilities offered within the state;

(4) Assist, upon request, the parent or guardian of any child with disabilities in the placement of any child with disabilities who is eligible for but not receiving special educational services for children with disabilities;

(5) Approve school district and agency programs as being eligible for special excess cost financial aid to students with disabilities;

(6) Establish standards for authorizing, monitoring, and investigating private schools approved by the state board of education under RCW 28A.305.130, other private in-state entities, and any out-of-state entities, that contract with school districts under RCW 28A.155.060 to provide special education and related services to children with disabilities. The standards must ensure that any children with disabilities placed in authorized entities by school districts have the same rights, protections, and access to special education and related services that they would have if served by a school district;

(7) Consistent with the provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160, and part B of the federal individuals with disabilities education improvement act, administer administrative hearings and other procedures to ensure procedural safeguards of children with disabilities; and

~~((7))~~ (8) Promulgate such rules as are necessary to implement part B of the federal individuals with disabilities education improvement act or other federal law providing for special education services for children with disabilities and the several provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160 and to ensure appropriate access to and participation in the general education

The webpage may include additional instructions for submitting complaints to the resident school district and for using the special education community complaint processes, when applicable.

(2) When an authorized entity notifies the office of the superintendent of public instruction about major program changes, the office shall review the changes with affected school districts to determine whether the entity remains authorized to provide contracted services.

Renumber the remaining section consecutively and correct internal references accordingly.

Correct the title.

POINT OF ORDER

Representative Stonier requested a scope and object ruling on amendment (768) to SENATE BILL NO. 5768.

SPEAKER'S RULING

"The title of the bill is an act relating to protecting access to abortion medications by authorizing the department of corrections to acquire, sell, deliver, distribute, and dispense abortion medications.

The bill authorizes the Department of Corrections to engage in any activity constituting the practice of pharmacy or wholesale distribution of abortion medications; exempts the Department from wholesaler license requirements; and requires the Department to establish and operate a program to deliver, dispense, and distribute abortion medications.

Amendment (768) adds a one-million-dollar appropriation to the bill to pay for any state legal liabilities for torts and injuries resulting from health care and any state defense costs for such claims. The funds would be deposited into the state self-insurance liability account.

The amendment does not in any manner provide funding for the purposes of implementing Senate Bill 5768 or the program created under the bill. In fact, the amendment applies to state liability for health care torts and injuries in general rather the more limited subject of the bill. Finally, the amendment would

specifically dedicate its revenues to a fund that is not part of the bill.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill.

The point of order is well taken."

Representative Chambers moved the adoption of amendment (770):

On page 5, after line 9, insert the following:

(2) The attorney general must provide written notice of the effective date of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the attorney general.

NEW SECTION. Sec. 7. ENGROSSED SUBSTITUTE HOUSE BILL NO. 1050, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

Thursday, April 20, 2023

Mme. Speaker:

The Senate receded from its amendment(s) to SECOND SUBSTITUTE HOUSE BILL NO. 1559, and under suspension of the rules returned SECOND SUBSTITUTE HOUSE BILL NO. 1559 to second reading for purpose of amendment(s). The Senate further adopted amendment 1559-S2 AMS RAND S3358.2 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** In 2022, students at 39 colleges and universities across Washington state participated in a survey about basic needs insecurities, including access to food, housing, child care, and more. The survey found that nearly half of all students in all regions of the state experienced some type of basic needs insecurity. One in every three students experienced either food insecurity or housing insecurity. One in every 10 students had also experienced homelessness in the previous 12 months. Some students experienced these insecurities at higher rates than others, and former foster youth had the highest rates of basic needs insecurities with 75 percent experiencing either food or housing insecurity. Addressing basic needs challenges for students contributes to their ability to remain enrolled and pursue their educational goals as evidenced by data from the two student support programs the legislature previously enacted, the student emergency assistance grant program and the supporting students experiencing homelessness pilot program. When students received this

assistance, an average of 88 percent of them were able to persist in their programs.

Therefore, the legislature intends to continue to support students and help students meet their basic needs by increasing access to resources and support services.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, each institution of higher education, the university campuses created under chapter 28B.45 RCW, and the tribal college must have a minimum of one benefits navigator employed at a minimum .75 full-time equivalent rate, not to be divided between two or more staff, to assist students in accessing public benefits, existing emergency assistance programs such as those funded by RCW 28B.50.295, and other community resources. Each benefits navigator must be stationed at a single location on campus where students are directed to receive assistance. The institutions of higher education and the tribal college, in coordination with the respective benefits navigators, must each develop a hunger-free and basic needs campus strategic plan by April 1, 2024. Each strategic plan must:

(a) Identify campus food pantry policies that, in practice, create barriers to access and reduce or remove those barriers in the implementation of this subsection;

(b) Review and update methods to identify likely low-income and food-insecure students and conduct communications and outreach methods by the institution to promote opportunities for benefits assistance (such as basic food enrollment, working connections child care enrollment, referrals to the special supplemental nutrition program for women, infants, and children, affordable housing assistance) and emergency financial resources;

(c) Assess the needs and advantages of the benefits navigators;

(d) Identify opportunities for the institution and partnerships with community-based organizations to holistically support students' basic needs, access to benefits and community resources;

(e) Facilitate discussions and generate recommendations amongst community stakeholders on the basic needs of the institution's geographic postsecondary student population; and

(f) Assess the distribution of state funds for basic needs support provided to institutions of higher education and the tribal college.

(2) By the beginning of the 2024-25 academic year, the Washington student achievement council must collect and disseminate results of a student survey developed by the student achievement council, in collaboration with the state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education, to assess food security, housing security, and access to basic economic supports. Results from the

survey may be used by the institutions of higher education and the tribal college. Existing survey tools may be used for this purpose.

(3) Public four-year institutions of higher education and their respective university campuses shall coordinate with an organization representing the presidents of the public four-year institutions to submit a report that must include outcomes from implementation of benefits navigators and findings and activities from their respective hunger-free and basic needs campus strategic plans. The community and technical colleges shall coordinate with the state board for community and technical colleges to submit a report that must include outcomes from implementation of benefits navigators and findings and activities from their respective hunger-free and basic needs campus strategic plans. The organizations representing the presidents of the public four-year institutions and the state board for community and technical colleges must submit the reports by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(4) The tribal college shall submit a report that must include the findings and activities from implementation of the benefits navigator and findings and activities from the hunger-free and basic needs campus strategic plan. The tribal college must submit the report by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Benefits navigator" means an individual who is employed by an institution of higher education for the purpose of helping students seek, apply for, and receive assistance from benefits programs, emergency resources, and community resources.

(b) "Institutions of higher education" has the same meaning as in RCW 28B.10.016.

(c) "Student basic needs" means food, water, shelter, clothing, physical health, mental health, child care, or similar needs that students enrolled at an institution of higher education or tribal college may face difficulty with and that hinders their ability to begin or continue their enrollment.

(d) "Tribal colleges" means institutions of higher education operated by an Indian tribe as defined in RCW 43.376.010.

NEW SECTION. Sec. 3. (1) Subject to the availability of amounts appropriated for this specific purpose, a pilot program to provide free and low-cost meal plans or food vouchers to eligible low-income students is established at:

(a) Four college districts, two on each side of the crest of the Cascade mountains, selected by the state board for community and technical colleges; and

(b) Two public four-year institutions of higher education, one on each side of the crest of the Cascade mountains, selected by an organization representing the presidents of public four-year institutions.

(2) The pilot program expires July 1, 2026.

(3) This section expires January 1, 2027.

MESSAGE FROM THE SENATE

Thursday, April 20, 2023

Mme. Speaker:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1853, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 1853 to second reading for purpose of amendment(s). The Senate further adopted amendment 1853-S.E AMS LIIA S3367.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. During the regular legislative session of 2022, the legislature passed Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), a significant transportation resources bill intended to provide needed transportation funding throughout the state. However, since the enactment of that act, certain drafting errors and omissions were identified within the act resulting in some provisions being enacted contrary to legislative intent. Additionally, some corrective changes were identified that would better conform certain provisions with original legislative intent. Therefore, it is the intent of the legislature to simply correct manifest drafting errors and omissions and adopt corrective changes in order to conform certain provisions with the original legislative intent of Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022). It is not the intent of the legislature to alter the intended substantive policy enacted in Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), but rather to make certain corrective changes.

Sec. 2. RCW 46.17.015 and 2022 c 182 s 207 are each amended to read as follows:

(1) A person who applies for a vehicle registration or for any other right to operate a vehicle on the highways of this state shall pay a 25 cent license plate technology fee in addition to any other fees and taxes required by law. The license plate technology fee must be distributed under RCW 46.68.370.

(2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license plate technology fee, except for a vehicle ~~((registered under RCW 46.16A.455(3)))~~ subject to the fee under RCW 46.17.355.

(3) The revenue generated from ~~((the license plate technology fee imposed on vehicles registered under RCW 46.16A.455(3)))~~ subsection (2) of this section must be deposited in the move ahead WA account created in RCW 46.68.510.

Sec. 3. RCW 46.17.025 and 2022 c 182 s 208 are each amended to read as follows:

(2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license service fee, except for a

vehicle (~~registered under RCW 46.16A.455(3))~~ subject to the fee under RCW 46.17.355.

(3) The revenue generated from ~~(the license service fee imposed on vehicles registered under RCW 46.16A.455(3))~~ subsection (2) of this section must be deposited in the move ahead WA account created in RCW 46.68.510.

Sec. 4. RCW 81.104.170 and 2019 c 273 s 12 are each amended to read as follows:

(1) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, high capacity transportation corridor areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service.

(2) The tax authorized pursuant to this section is in addition to the tax authorized by RCW 82.14.030 and must be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district.

(a) Except for the tax imposed under (b) of this subsection by regional transit authorities that include a county with a population of more than ~~((one million five hundred thousand))~~ 1,500,000, the maximum rate of such tax must be approved by the voters and may not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed may not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340.

To be eligible to receive regional mobility grant program funds, a regional transit authority must have adopted, at a minimum, a zero-fare policy that allows passengers 18 years of age and younger to ride free of charge on all modes provided by the authority by October 1, 2022.

(3)(a) The exemptions in RCW 82.08.820 and 82.12.820 are for the state portion of the sales and use tax and do not extend to the tax authorized in this section.

(b) The exemptions in RCW 82.08.962 and 82.12.962 are for the state and local sales

and use taxes and include the tax authorized by this section.

(c) The exemptions in RCW 82.14.532 are for the local sales and use taxes and include the tax authorized by this section.

(3) Property taxes imposed under this section may be imposed for the period of time required to pay the cost to plan, design, construct, operate, and maintain the transit facilities set forth in the approved proposition. Property taxes pledged to repay bonds may be imposed at the pledged amount until the bonds are retired. After the bonds are retired, property taxes authorized under this section must be:

(a) Reduced to the level required to operate and maintain the regional transit authority's transit facilities; or

(7) Property taxes imposed under this section may not be imposed on less than a whole parcel.

Sec. 6. RCW 47.04.380 and 2022 c 182 s 417 are each amended to read as follows:

(1) The legislature finds that many communities across Washington state have not equitably benefited from investments in the active transportation network. The legislature also finds that legacy state transportation facilities designed primarily for vehicle use caused disconnections in safe routes for people who walk, bike, and

roll to work and to carry out other daily activities.

(2) To address these investment gaps, and to honor the legacy of community advocacy of Sandy Williams, the Sandy Williams connecting communities program is established within the department. The purpose of the program is to improve active transportation connectivity in communities by:

(a) Providing safe, continuous routes for pedestrians, bicyclists, and other nonvehicle users carrying out their daily activities;

(b) Mitigating for the health, safety, and access impacts of transportation infrastructure that bisects communities and creates obstacles in the local active transportation network;

(c) Investing in greenways providing protected routes for a wide variety of nonvehicular users; and

(d) Facilitating the planning, development, and implementation of projects and activities that will improve the connectivity and safety of the active transportation network.

(3) The department must select projects to propose to the legislature for funding. In selecting projects, the department must consider, at a minimum, the following criteria:

(a) Access to a transit facility, community facility, commercial center, or community-identified assets;

(b) The use of minority and women-owned businesses and community-based organizations in planning, community engagement, design, and construction of the project;

(c) Whether the project will serve:

(i) Overburdened communities as defined in RCW 70A.02.010 to mean a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020;

(ii) Vulnerable populations as defined in RCW 70A.02.010 to mean population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to adverse socioeconomic factors, such as unemployment, high housing, and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and sensitivity factors, such as low birth weight and higher rates of hospitalization. Vulnerable populations include, but are not limited to: Racial or ethnic minorities, low-income populations, populations disproportionately impacted by environmental harms, and populations of workers experiencing environmental harms;

(iii) Household incomes at or below 200 percent of the federal poverty level; and

(iv) People with disabilities;

(d) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map

developed by the department of health, or other similar indicators;

(e) Location on or adjacent to tribal lands or locations providing essential services to tribal members;

(f) Crash experience involving pedestrians and bicyclists; and

(g) Identified need by the community, for example in the state active transportation plan or a regional, county, or community plan.

(4) It is the intent of the legislature that the Sandy Williams connecting communities program comply with the requirements of chapter 314, Laws of 2021.

(5) The department shall submit a report to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected connecting communities projects for funding by the legislature. The report must also include the status of previously funded projects.

(6) This section expires July 1, 2027.

Sec. 7. RCW 47.04.390 and 2022 c 182 s 419 are each amended to read as follows:

(1) The department shall establish a statewide school-based bicycle education grant program. The grant will support two programs: One for elementary and middle school; and one for junior high and high school aged youth to develop the skills and street safety knowledge to be more confident bicyclists for transportation and/or recreation. In development of the grant program, the department is encouraged to consult with the environmental justice council and the office of equity.

(2)(a) For the elementary and middle school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint and demonstrable experience deploying bicycling and road safety education curriculum via a train the trainer model in schools. The selected nonprofit shall identify partner schools that serve target populations, based on the criteria in subsection (3) of this section. Partner schools shall receive from the nonprofit: In-school bike and pedestrian safety education curriculum, materials, equipment guidance and consultation, and physical education teacher trainings. Youth grades three through eight are eligible for the program.

(b) Selected school districts shall receive and maintain a fleet of bicycles for the youth in the program. Youth and families participating in the school-base bicycle education grant program shall have an opportunity to receive a bike, lock, helmet, and lights free of cost.

(3) For the junior high and high school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint; demonstrable experience developing and managing youth-based programming serving youth of color in an after-school and/or community setting; and deploying bicycling and road safety education curriculum via a train the trainer model. The selected nonprofit shall use the

equity-based criteria in subsection (4) of this section to identify target populations and partner organizations including, but not limited to, schools, community-based organizations, housing authorities, and parks and recreation departments, that work with the eligible populations of youth ages 14 to 18. Partner organizations shall receive from the nonprofit: Education curriculum, materials, equipment including, but not limited to, bicycles, helmets, locks, and lights, guidance and consultation, and initial instructor/volunteer training, as well as ongoing support.

(4) In selecting schools and partner organizations for the school-based bicycle education grant program, the department and nonprofit must consider, at a minimum, the following criteria:

(a) Population impacted by poverty, as measured by free and reduced lunch population or 200 percent federal poverty level;

(b) People of color;

(c) People of Hispanic heritage;

(d) People with disabilities;

(e) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map developed by the department of health, or other similar indicators;

(f) Location on or adjacent to an Indian reservation;

(g) Geographic location throughout the state;

(h) Crash experience involving pedestrians and bicyclists;

(i) Access to a community facility or commercial center; and

(j) Identified need in the state active transportation plan or a regional, county, or community plan.

(5) The department shall submit a report for both programs to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected programs and school districts for funding by the legislature. The report must also include the status of previously funded programs.
