**28A.13.010 Administrative section or unit for the education of children with handicapping conditions—"Handicapped children" and "appropriate education" defined—Approval when child under jurisdiction of juvenile court.** There is established in the office of the

superintendent of public instruction an administrative section or unit for the education of children with handicapping conditions.

Handicapped children are those children in school or out of school who are temporarily or permanently retarded in normal educational processes by reason of physical or mental handicap, or by reason of emotional maladjustment, or by reason of other handicap, and those children who have specific learning and language disabilities resulting from perceptual-motor handicaps, including problems in visual and auditory perception and integration.

The superintendent of public instruction shall require each school district in the state to insure an appropriate educational opportunity for all handicapped children between the ages of three and twenty-one, but when the twenty-first birthday occurs during the school year, the educational program may be continued until the end of that school year. The superintendent of public instruction, by rule and regulation, shall establish for the purpose of excess cost funding, as provided in this chapter, RCW 28A.24.100 and 28A.41.053, functional definitions of the various types of handicapping conditions and eligibility criteria for handicapped programs. For the purposes of this chapter, an appropriate education is defined as an education directed to the unique needs, abilities, and limitations of the handicapped children. School districts are strongly encouraged to provide parental training in the care and education of the children and to involve parents in the classroom.

Nothing in this section shall prohibit the establishment or continuation of existing cooperative programs between school districts or contracts with other agencies approved by the superintendent of public instruction, which can meet the obligations of school districts to provide education for handicapped children, or prohibit the continuation of needed related services to school districts by the department of social and health services.

This section shall not be construed as in any way limiting the powers of local school districts set forth in RCW 28A.13.050.

No child shall be removed from the jurisdiction of juvenile court for training or education under this chapter without the approval of the superior court of the county. **28A.24.055 Operation of student transportation program—Responsibility of local district—Scope—Transporting of elderly—Insurance.** The operation of each local school district's student transportation program is declared to be the responsibility of the respective board of directors, and each board of directors shall determine such matters as which individual students shall be transported and what routes shall be most efficiently utilized. State moneys allocated to local districts for student transportation shall be spent only for student transportation activities, but need not be spent by the local district in the same manner as calculated and allocated by the state.

A school district is authorized to provide for the transportation of students enrolled in the school or schools of the district both in the case of students who reside within the boundaries of the district and of students who reside outside the boundaries of the district.

When children are transported from one school district to another the board of directors of the respective districts may enter into a written contract providing for a division of the cost of such transportation between the districts.

When commercial charter bus service is not reasonably available to a school district, the state board of education may authorize the use of school buses and drivers hired by the district for the transportation of school children and the school employees necessary for their supervision to and from any school activities within or without the school district during or after school hours and whether or not a required school activity, so long as the school board has officially designated it as a school activity. For any extra-curricular uses, the school board shall charge an amount sufficient to reimburse the district for its cost.

In addition to the right to contract for the use of buses provided in RCW 28A.24.170 and 28A.24.172, any school district may contract to furnish the use of school buses of that district to other users who are engaged in conducting an educational or recreational program supported wholly or in part by tax funds or programs for elderly persons at times when those buses are not needed by that district and under such terms as will fully reimburse such school district for all costs related or incident thereto: *Provided, however,* That no such use of school district buses shall be permitted except where other public or private transportation certificated or licensed by the Washington utilities and transportation commission is not reasonably available to the user: *Provided further,* That no user shall be required to accept any charter bus for services which the user believes might place the health or safety of the children or elderly persons in jeopardy.

Whenever any persons are transported by the school district in its own motor vehicles and by its own employees, the board may provide insurance to protect the district against loss, whether by reason of theft, fire or property damage to the motor vehicle or by reason of liability of the district to persons from the operation of such motor vehicle.

The board may provide insurance by contract purchase for payment of hospital and medical expenses for the benefit of persons injured while they are on, getting on, or getting off any vehicles enumerated herein without respect to any fault or liability on the part of the school district or operator. This insurance may be provided without cost to the persons notwithstanding the provisions of RCW 28A.58.420.

If the transportation of children or elderly persons is arranged for by contract of the district with some person, the board may require such contractor to procure such insurance as the board deems advisable. (d) The child is fifteen years of age or older and:

(i) The school district superintendent determines that such child has already attained a reasonable proficiency in the branches required by law to be taught in the first nine grades of the public schools of this state;

(ii) The child is regularly and lawfully engaged in a useful or remunerative occupation;

(iii) The child has already met graduation requirements in accordance with state board of education rules and regulations; or

Basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.41.130 and 28A.41.140 to fund those program requirements identified in RCW 28A.58.754 in accordance with the formula and ratios provided in RCW 28A.41.140.

Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district: *Provided*, That for the purposes of this section, "classroom teacher" shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students: *Provided further*, That the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practicably meet the student/teacher ratio requirements of this section by virtue of a small number of students: *Provided, further*, That these rules and regulations shall provide that any district that has a ratio of no greater than twenty-five students per classroom teacher in grades kindergarten through three shall be in conformance with this section.

If a school district's basic education program fails to meet the basic education requirements enumerated in RCW 28A.41.130, 28A.41.140 and 28A.58.754, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured: *Provided*, That the state board of education may waive this requirement in the event of substantial lack of classroom space.

*Basic Education Act of 1977, RCW 28A.41.130 as part of: RCW 28A.58.750.*

**28A.41.140 Annual basic education allocation of funds according to average FTE student enrollment—Procedure to determine distribution formula—Submittal to legislature—Enrollment, FTE student, certificated and classified staff, defined—Minimum contact classroom hours—Waiver.** The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average

full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

- (1) Certificated staff and their related costs;
- (2) Classified staff and their related costs;
- (3) Nonsalary costs;
- (4) Extraordinary costs of remote and necessary schools and small high schools; and
- (5) The attendance of students pursuant to RCW 28A.58.075 and 28A.58.245, each as now or hereafter amended, who do not reside within the servicing school district.

This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. Commencing with the 1980–81 school year, the formula adopted by the legislature shall reflect a ratio of not less than fifty certificated personnel to one thousand annual average full time equivalent students and one classified person to three certificated personnel. In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: *Provided*, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: *Provided*, That the definition shall be included as part of the superintendent's biennial budget request: *Provided, further*, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: *Provided, further*, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

Certificated staff shall include those persons employed by a school district in a teaching, instructional, educational staff associate, learning resources specialist, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent: *Provided*, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: *Provided, further*, That the

hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute. Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence. If such substitute is paid by the superintendent of public instruction, no deduction shall be made from the salary of the certificated employee. In no event shall a school district deduct from the salary of a certificated employee serving on such committee more than the amount paid the substitute employed by the district. [1973 1st ex.s. c 3 § 1.]

The number of students eligible to participate in such program in each school district shall be calculated by the superintendent of public instruction through the use of data derived from the basic skills test. In making such calculations the superintendent of public instruction shall multiply the percentage of students taking the tests which scored in the lowest quartile, as compared to national norms, by the number of students enrolled in the district in grades two through six: *Provided*, That in making this calculation the superintendent of public instruction may use an average of the percentages of the students scoring in the lowest quartile

be for allocation purposes only and shall not be construed as mandating specific levels of pupil transportation services by local districts. Operating costs as determined under RCW 28A.41.505 through 28A.41.520 shall be funded at one hundred percent or as close thereto as reasonably possible for transportation of an eligible student to and from school as defined in RCW 28A.41.510(3). [1983 1st ex.s. c 61 § 2; 1981 c 265 § 1.]

**28A.41.510 Student transportation allocation—Definitions.** For purposes of RCW 28A.41.505 through 28A.41.525, except where the context shall clearly indicate otherwise, the following definitions apply:

(1) "Eligible student" means any student served by the transportation program of a school district or compensated for individual transportation arrangements authorized by RCW 28A.24.100 whose route stop is more than one radius mile from the student's school, except if the student to be transported: (a) Is handicapped under RCW 28A.13.010, as now or hereafter amended, and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies; or (b) qualifies for an exemption due to hazardous walking conditions.

(2) "Superintendent" means the superintendent of public instruction.

(3) "To and from school" means the transportation of students for the following purposes:

(a) Transportation to and from route stops and schools;

(b) Transportation to and from schools pursuant to an interdistrict agreement pursuant to RCW 28A.58.075;

(c) Transportation of students between schools and learning centers for instruction specifically required by statute; and

(d) Transportation of handicapped students to and from schools and agencies for special education services.

Extended day transportation shall not be considered part of transportation of students "to and from school" for the purposes of \*this 1983 act.

(4) "Hazardous walking conditions" means those instances of the existence of dangerous walkways documented by the board of directors of a school district

which meet criteria specified in rules adopted by the superintendent of public instruction. A school district that receives an exemption for hazardous walking conditions should demonstrate that good faith efforts are being made to alleviate the problem and that the district, in cooperation with other state and local governing authorities, is attempting to reduce the incidence of hazardous walking conditions. The superintendent of public instruction shall appoint an advisory committee to prepare guidelines and procedures for determining the existence of hazardous walking conditions. The committee shall include but not be limited to representatives from law enforcement agencies, school districts, the department of transportation, city and county government, the insurance industry, parents, school directors and legislators. [1983 1st ex.s. c 61 § 3; 1981 c 265 § 2.]

**\*Reviser's note:** "This 1983 act" [1983 1st ex.s. c 61] consists of the amendments to RCW 28A.24.055, 28A.41.505, 28A.41.510, 28A.41.515, 28A.41.520, 28A.41.525, and 28A.44.220 and the repeal of RCW 28A.04.350.

**28A.41.515 Student transportation allocation—District's annual report to superintendent.** Each district shall submit to the superintendent of public instruction during October of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.41.505 for the current school year and the number of miles estimated to be driven for pupil transportation services, along with a map describing student route stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.41.505 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys. [1983 1st ex.s. c 61 § 4; 1981 c 265 § 3.]

**28A.41.520 Student transportation allocation—Allocation rates, adjustment—District-owned passenger cars—Report.** Each district's annual student transportation allocation shall be based on differential rates determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate a standard student mile allocation rate for determining the transportation allocation for those services provided for in RCW 28A.41.505. "Standard student mile allocation rate," as used in this chapter, means the per mile allocation rate for transporting an eligible student. The

standard student mile allocation rate may be adjusted to include such additional differential factors as distance; restricted passenger load; circumstances that require use of special types of transportation vehicles; handicapped student load; and small fleet maintenance.

(2) The superintendent of public instruction shall annually calculate allocation rate(s), which shall include vehicle amortization, for determining the transportation allocation for transporting students in district-owned passenger cars, as defined in RCW 46.04.382, pursuant to RCW 28A.24.055 for services provided for in RCW 28A.41.505 if a school district deems it advisable to use such vehicles after the school district board of directors has considered the safety of the students being transported as well as the economy of utilizing a district-owned passenger car in lieu of a school bus.

(3) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the committees on education and ways and means of the senate and house of representatives a report outlining the methodology and rationale used in determining the allocation rates to be used the following year. [1985 c 59 § 1; 1983 1st ex.s. c 61 § 5; 1982 1st ex.s. c 24 § 2; 1981 c 265 § 4.]

**28A.41.525 Student transportation allocation—Notice—Revised eligible student data, when—Allocation payments, amounts, when.** The superintendent shall notify districts of their student transportation allocation before January 15th. If the number of eligible students in a school district changes ten percent or more from the October report, and the change is maintained for a period of twenty consecutive school days or more, the district may submit revised eligible student data to the superintendent of public instruction. The superintendent shall, to the extent funds are available, recalculate the district's allocation for the transportation of pupils to and from school.

The superintendent shall make the student transportation allocation in accordance with the apportionment payment schedule in RCW 28A.48.010, as now or hereafter amended. Such allocation payments may be based on estimated amounts for payments to be made in September, October, November, December, and January. [1985 c 59 § 2; 1983 1st ex.s. c 61 § 6; 1982 1st ex.s. c 24 § 3; 1981 c 265 § 5.]

**28A.41.540 Student transportation vehicle acquisition allocation—Determining vehicle categories and purchase price—Reimbursement schedule—Standards**

**for operation and maintenance—Depreciation schedule.** The superintendent shall determine the vehicle acquisition allocation in the following manner:

(1) By May 1st of each year, the superintendent shall develop preliminary categories of student transportation vehicles to ensure adequate student transportation fleets for districts. The superintendent shall take into consideration the types of vehicles purchased by individual school districts in the state. The categories shall include, but not be limited to, variables such as vehicle capacity, type of chassis, type of fuel, engine and body type, special equipment, and life of vehicle. The categories shall be developed in conjunction with the local districts and shall be applicable to the following school year. The categories shall be designed to produce minimum long-range operating costs, including costs of equipment and all costs incurred in operating the vehicles. Each category description shall include the estimated state-determined purchase price, which shall be based on the actual costs of the vehicles purchased for that comparable category in the state during the preceding twelve months and the anticipated market price for the next school fiscal year. By June 15th of each year, the superintendent shall notify districts of the preliminary vehicle categories and state-determined purchase price for the ensuing school year. By October 15th of each year, the superintendent shall finalize the categories and the associated state-determined purchase price and shall notify districts of any changes. While it is the responsibility of each district to select each student transportation vehicle to be purchased by the district, each district shall be paid a sum based only on the amount of the state-determined purchase price and inflation as recognized by the reimbursement schedule established in this section as set by the superintendent for the category of vehicle purchased.

(2) The superintendent shall develop a reimbursement schedule to pay districts for the cost of student transportation vehicles purchased after September 1, 1982. The accumulated value of the payments and the potential investment return thereon shall be designed to be equal to the replacement value of the vehicle less its salvage value at the end of its anticipated lifetime. The superintendent shall revise at least annually the reimbursement payments based on the current and anticipated future cost of comparable categories of transportation equipment. Reimbursements to school districts for approved transportation equipment shall be placed in a separate vehicle transportation fund established for each school district under RCW 28A.58.428.

(3) To the extent possible, districts shall operate vehicles acquired under this section not less than the number of years or useful lifetime now, or hereafter, assigned to the class of vehicles by the superintendent. School districts shall properly maintain the transportation equipment acquired under the provisions of this section, in accordance with rules established by the office of the superintendent of public instruction. If a district fails to follow generally accepted standards of maintenance and operation, the superintendent of public instruction shall

penalize the district by deducting from future reimbursements under this section an amount equal to the original cost of the vehicle multiplied by the fraction of the useful lifetime or miles the vehicle failed to operate.

(4) The superintendent shall annually develop a depreciation schedule to recognize the cost of depreciation to districts contracting with private carriers for student transportation. Payments on this schedule shall be a straight line depreciation based on the original cost of the appropriate category of vehicle. [1981 c 265 § 6.]

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: *Provided*, That the total cost of the project shall be subject to review and approval by the state board of education.

(2) The state matching percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per full time equivalent pupil divided by the ratio of the total state adjusted valuation per full time pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per full time equivalent pupil divided by the ratio of the total state adjusted valuation per full time pupil).

(3) In addition to the computed percent of state assistance developed in (2) above, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner herein prescribed times the percentage of state assistance derived as provided for herein shall be the amount of state assistance to the district for the financing of the project: *Provided*, That need therefor has been established to the satisfaction of the state board of education: *Provided, further*, That additional state assistance may be allowed if it is found by the state board of education that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing

burden imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d) and (e) hereinabove, creating a like emergency. **28A.57.010 Purpose.** It is the intent and purpose of this chapter (1) to incorporate into a single, permanent, school district organization law all essential provisions governing the formation and establishment of new school districts, the alteration of the boundaries of existing districts, and the adjustment of the assets and liabilities of school districts when changes are made as aforesaid; and (2) to establish methods and procedures whereby the aforesaid changes in the school district system may be brought about by the people concerned and affected, all to the end that the territorial organization of school districts may be more readily adapted to the needs of the changing economic pattern and educational program in the state; that existing disparities among school districts in ability to provide current and capital outlay funds may be reduced and the educational opportunities of children thereby enhanced; and that a wiser use of public funds may be secured through improvement in the school district system. It is not the intent nor purpose of this chapter to apply to organizational changes and the procedure therefor relating to capital fund aid by non-high districts as provided for in chapter 28A.56 RCW. **28A.57.075 Adjustment of bonded indebtedness—Special election in certain cases.** Whenever adjustments of bonded indebtedness are made between or among school districts in connection with the alteration of the boundaries thereof, pursuant to the provisions of this chapter, the order of the educational service district superintendent establishing the terms of adjustment of bonded indebtedness shall provide and specify:

(1) In every case where bonded indebtedness is transferred from one school district to another school district (a) that such bonded indebtedness is assumed by the

school district to which it is transferred; (b) that thereafter such bonded indebtedness shall be the obligation of the school district to which it is transferred; (c) that, if the terms of adjustment so provide, any bonded indebtedness thereafter incurred by such transferee school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of such school district including the territory added thereto; and (d) that taxes shall be levied thereafter against the taxable property located within such school district as it is constituted after its boundaries were altered, said taxes to be levied at the times and in the amounts required to pay the principal of and the interest on the bonded indebtedness assumed or incurred as aforesaid, as the same become due and payable.

In computing the debt limitation of any school district from which or to which bonded indebtedness has been transferred, the amount of such transferred bonded indebtedness at any time outstanding (a) shall be an offset against and deducted from the total bonded indebtedness, if any, of the school district from which such bonded indebtedness was transferred and (b) shall be deemed to be bonded indebtedness solely of the transferee school district that assumed such indebtedness.

(2) In every case where adjustments of bonded indebtedness do not provide for transfer of bonded indebtedness from one school district to another school district (a) that the existing bonded indebtedness of each school district the boundaries of which are altered and any bonded indebtedness incurred by each such school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of the school district in its reduced or enlarged form, as the case may be; and (b) that taxes shall be levied thereafter against the taxable property located within each such school district in its reduced or enlarged form, as the case may be, at the times and in the amounts required to pay the principal of and interest on such bonded indebtedness as the same become due and payable.

If a change in school district organization approved by the state board concerns a proposal to form a new school district or a proposal for adjustment of bonded indebtedness involving an established school district and one or more former school districts now included therein pursuant to a vote of the people concerned, a special election of the voters residing within the territory of the proposed new district or of the established district involved in a proposal for adjustment of bonded indebtedness as the case may be shall be held for the purpose of affording said voters an opportunity to approve or reject such proposals as concern or affect them.

In a case involving both the question of the formation of a new school district and the question of adjustment of bonded indebtedness, the questions may be submitted to the voters either in the form of a single proposition or as separate propositions, whichever to the educational service district superintendent seems expedient. When the regional committee has passed appropriate resolutions for the questions to be submitted and the educational service district superintendent has given notice

thereof to the county auditor such special election shall be called, conducted, and the returns canvassed as in regular school district elections. If the final decision is in favor of the employee, the employee shall be restored to his or her employment position and shall be awarded reasonable attorneys' fees.

(8) Any final decision by the hearing officer to nonrenew the employment contract of the employee, or to discharge the employee, or to take other action adverse to the employee's contract status, as the case may be, shall

be based solely upon the cause or causes specified in the notice of probable cause to the employee and shall be established by a preponderance of the evidence at the hearing to be sufficient cause or causes for such action.

(9) All subpoenas and prehearing discovery orders shall be enforceable by and subject to the contempt and other equity powers of the superior court of the county in which the school district is located upon petition of any aggrieved party.

(10) A complete record shall be made of the hearing and all orders and rulings of the hearing officer and school board. [1977 ex.s. c 7 § 1; 1975-'76 2nd ex.s. c 114 § 5.]

**28A.67.065 Minimum criteria for the evaluation of certificated employees, including administrators—Procedure—Scope—Penalty.** (1) The superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

Except as provided in subsection (5) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the evaluation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

Every employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of stated specific areas of deficiencies along with

a suggested specific and reasonable program for improvement on or before February 1st of each year. A probationary period shall be established beginning on or before February 1st and ending no later than May 1st. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement shall be specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.58.450 or 28A.67.070, as now or hereafter amended.

The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.58.450, as now or hereafter amended.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such

evaluator's contract under RCW 28A.67.070, as now or hereafter amended, or the discharge of such evaluator under RCW 28A.58.450, as now or hereafter amended.

(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years and an employee or evaluator may request that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. The short form evaluation process may not be used as a basis for determining that an employee's work is unsatisfactory under subsection (1) of this section nor as probable cause for the nonrenewal of an employee's contract under RCW 28A.67.070. **28A.67.070 Conditions and contracts of employment**—**Determination of probable cause for nonrenewal of contracts**—**Nonrenewal due to enrollment decline or revenue loss**—**Notice**—**Opportunity for hearing.** No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he is the holder of

an effective teacher's certificate or other certificate required by law or the state board of education for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chairman or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.58.455 to determine whether there is sufficient cause or causes for nonrenewal of contract: *Provided*, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.58.455(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.67.072; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.67.073 shall not be construed as a nonrenewal of contract for the purposes of this section. **28A.67.072 Conditions and contracts of employment—Nonrenewal of provisional employees—Procedure.** Notwithstanding the provisions of RCW 28A.67.070 as now or hereafter amended, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first year of employment by such district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.67.065, as now or hereafter amended.

Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the

date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.67.070, and chapter 28A.88 RCW, as now or hereafter amended. [1975-'76 2nd ex.s. c 114 § 1.]

**28A.67.073 Conditions and contracts of employment—Transfer of administrator to subordinate certificated position—Procedure.** Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, which notification shall state the reason or reasons for the transfer, and shall identify

the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chairman, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: *Provided*, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school years the provisions of this section shall apply only to the first full school year of such employment.

This section applies to any person employed as an administrator by a school district on June 25, 1976 and to all persons so employed at any time thereafter. This section provides the exclusive means for transferring an administrator to a subordinate certificated position at the expiration of the term of his or her employment contract. The committee shall propose criteria to the superintendent to evaluate proposed school improvement and research projects proposed by educational employees. **28A.67.120 Career ladders—Legislative intent to investigate.** The legislature recognizes the need to keep and attract quality teachers in our public schools. The legislature intends to examine the effectiveness of a career ladder in our public schools. To improve the quality of teaching and foster a professional climate which encourages creativity and cooperation among teachers and enhances the intrinsic rewards teachers experience from helping students learn, the legislature intends to locally test ways in which the goal of attracting and retaining excellent teachers might be accomplished. The legislature recognizes that a career ladder system is one means of enhancing the attractiveness of teaching; however, the legislature wishes to investigate this concept further prior to determining whether to develop such a system. **28A.67.200 Penalties generally applicable to.** See chapter 28A.87 RCW.

**28A.67.205 Evaluations—Legislative findings.** The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the state board of education. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong precertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity. [1985 c 420 § 1.]

  4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.
- B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.
- C. The party States recognize that each of them has an interest in the quality and quantity of education

furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

#### ARTICLE II—STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

#### ARTICLE III—THE COMMISSION

- A. The Education Commission of the States, hereinafter called "the Commission", is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor; two shall be members of the State legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. If the laws of a State prevent legislators from serving on the Commission, six members shall be appointed and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State, shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.
- B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the Commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the

Commission may delegate the exercise of any of its powers to the steering committee or the Executive Director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III(J).

- C. The Commission shall have a seal.
- D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.
- E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for the personnel policies and programs of the Commission.
- F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.
- G. The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to paragraph (F) of this Article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.
- H. The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.
- I. The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.

- J. The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

#### ARTICLE IV—POWERS

In addition to authority conferred on the Commission by other provisions of the compact, the Commission shall have authority to:

- 1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.
- 2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.
- 3. Develop proposals for adequate financing of education as a whole and at each of its many levels.
- 4. Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.
- 5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.
- 6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

#### ARTICLE V—COOPERATION WITH FEDERAL GOVERNMENT

- A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.
- B. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

#### ARTICLE VI—COMMITTEES

- A. To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of thirty—

two members which, subject to the provisions of this compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One-fourth of the voting membership of the steering committee shall consist of Governors, one-fourth shall consist of Legislators, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: sixteen for one year and sixteen for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.

- B. The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States. The Commission may establish such additional committees as its bylaws may provide.
- C. The Commission may establish such additional committees as its bylaws may provided.

#### ARTICLE VII—FINANCE

- A. The Commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States.
- B. The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.
- C. The Commission shall not pledge the credit of any party States. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III(G) of this compact, provided that the Commission takes specific action

setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III(G) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

- D. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.
- E. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.
- F. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

#### ARTICLE VIII—ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL

- A. This compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.
- B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.
- C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31, 1967. During any period when a State is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.
- D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this Article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the

Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

**INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL**

Sections

- 28A.93.010 Compact entered into—Terms.
- 28A.93.020 Superintendent as "designated state official", compact administrator—Board to approve text of contracts.

28A.93.030 True copies of contracts filed in office of superintendent—Publication.

**28A.93.010 Compact entered into—Terms.** The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

#### Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

#### Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

#### Article III

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report

no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII

1. This Agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this Agreement.

2. Any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause,

sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters. **Severability—1969 ex.s. c 283:** See note following RCW 28A.02.061.

**28A.93.020 Superintendent as "designated state official", compact administrator—Board to approve text of contracts.** The "designated state official" for this state under Article II of RCW 28A.93.010 shall be the superintendent of public instruction, who shall be the compact administrator and who shall have power to promulgate rules to carry out the terms of this compact. The superintendent of public instruction shall enter into contracts pursuant to Article III of the Agreement only with the approval of the specific text thereof by the state board of education. **Severability—1977 ex.s. c 341:** See note following RCW 28A.97.010.

**28A.97.040 Reimbursement procedure—Schedule of fees, revision—Priority for payment—Review of clinic's records.** From funds appropriated for that purpose, the superintendent of public instruction shall pay to a certified clinic on a monthly basis for each student enrolled in compliance with RCW 28A.97.020, fees in accordance with the following conditions:

(1) (a) The fee for the initial diagnostic procedure shall be not more than fifty dollars per student, and hourly fees for each student shall be sixteen dollars if the class size is no greater than one, ten dollars if the class size is at least two and no greater than five, and five dollars if the class size is at least six: *Provided*, That revisions in such fees proposed by an education clinic shall become effective after thirty days notice unless the

superintendent finds such a revision is unreasonable in which case the revision shall not take effect: *Provided further*, That an education clinic may, within fifteen days after such a finding by the superintendent, file notification of appeal with the state board of education which shall, no later than its second regularly scheduled meeting following notification of such appeal, either grant or deny the proposed revision: *And provided further*, That the administration of any general education development test shall not be a part of such initial diagnostic procedure.

(b) Reimbursements shall not be made for students who are absent.

(c) No clinic shall make any charge to any student, or his parent, guardian or custodian, for whom a fee is being received under the provisions of this section.

(2) Payments shall be made from available funds first to those clinic(s) which have in the judgment of the superintendent demonstrated superior performance based upon consideration of students' educational gains taking into account such students' backgrounds, and upon consideration of cost effectiveness. In considering the cost effectiveness of nonprofit clinics the superintendent shall take into account not only payments made under this section but also factors such as tax exemptions, direct and indirect subsidies or any other cost to taxpayers at any level of government which result from such nonprofit status.

(3) To be eligible for such payment, every such clinic, without prior notice, shall permit a review of its accounting records by personnel of the state auditor during normal business hours.

(4) If total funds for this purpose approach depletion, the superintendent shall notify the clinics of the date after which further funds for reimbursement of the clinics' services will be exhausted. [1979 ex.s. c 174 § 2; 1977 ex.s. c 341 § 4.]

**Severability—1979 ex.s. c 174:** See note following RCW 28A.97.020.

**Severability—1977 ex.s. c 341:** See note following RCW 28A.97.010.

**28A.97.050 Rules and regulations—Legislative review of criteria utilized for reimbursement purposes.** In accordance with chapter 34.04 RCW, the administrative procedure act, the state board of education with respect to the matter of certification, and the superintendent of public instruction with respect to all other matters, shall have the power and duty to make the necessary rules and regulations to carry out the purpose and intent of this chapter.

Criteria as promulgated by the state board of education or superintendent of public instruction for determining if any educational clinic is providing adequate instruction in basic academic skills or demonstrating superior performance in student educational gains for funding under RCW 28A.97.040 shall be subject to review by four members of the legislature, one from each caucus of each house, including the chairpersons of the respective education committees. [1977 ex.s. c 341 § 5.]

**Severability—1977 ex.s. c 341:** See note following RCW 28A.97.010.

**28A.97.100 Report to legislature by legislative budget committee on fiscal impact of educational clinics—Information clinics must furnish therefor.** The legislative budget committee shall prepare a report to the legislature before each regular session during an odd-numbered year, detailing the fiscal impact of the several certified educational clinics receiving reimbursements from the state pursuant to the provisions of this chapter. The legislative budget committee shall require such clinics to furnish such information as it deems necessary to meet the requirements of this section. Included within the information to be reported by the legislative budget committee on each clinic shall be the following:

(1) The dollar amount of reimbursement received by the clinic from the state for each month available of the then current, and past, biennium;

(2) An analysis of the cost per student, the progress they have achieved, and comparisons with other educational and institutional alternatives; and

(3) A statement which identifies the owners of the clinic. In the case of profit or nonprofit corporations the officers, directors, and shareholders of record as of the close of the corporation's fiscal year shall be furnished. [1980 c 87 § 8; 1979 ex.s. c 174 § 3.]

**Severability—1979 ex.s. c 174:** See note following RCW 28A.97.020.

**28A.97.110 Report to legislature by superintendent of public instruction—Contents—Update.** The superintendent of public instruction shall prepare a report on educational clinics that:

(1) Identifies a funding level that is adequate to fund the enrollment served by educational clinics during the previous fiscal year;

(2) Identifies locales in the state which are served by educational clinics but where demand for educational clinic services will support additional service, and recommends the funding level necessary to serve such demand;

(3) Identifies locales in the state which are not served by educational clinics but where demand will support operation of clinics, and recommends the funding level necessary to serve such demand; and

(4) Identifies locales in the state that are either underserved or not served by existing public school programs for drop-outs or for drop-out prevention, but where demand will support such services and recommends the funding level necessary to serve such demand.

The report shall be submitted to the legislature by January 1 in the year following June 27, 1985, and updates of the report shall be submitted with each biennial budget request until such time as funding levels reach the levels recommended in subsections (2) and (3) of this section. [1985 c 434 § 2.]

**Contingency—Effective date—1985 c 434 § 2:** "If specific funding for the purposes of section 2 of this act, referencing this act by bill number, is not provided by the legislature by July 1, 1987, section 2 of this act shall be null and void. Section 2 of this act shall be of no

effect until such specific funding is provided. If such funding is so provided, section 2 of this act shall take effect when the legislation providing the funding takes effect." [1985 c 434 § 6.]

**Reviser's note:** (1) 1985 1st ex.s. c 6 § 501 provides specific funding for section 2 of this act [RCW 28A.97.110].

(2) 1985 1st ex.s. c 6 took effect June 27, 1985.

**Intent—1985 c 434:** "It is the intent of this act to provide for an equitable distribution of funds appropriated for educational clinics, to stabilize existing programs, and to provide a system for orderly expansion or retrenchment in the event of future increases or reductions in program appropriations." [1985 c 434 § 1.]

**28A.97.120 Allocation of funds—Criteria—Duties of superintendent.** In allocating funds appropriated for educational clinics, the superintendent of public instruction shall:

(1) Place priority upon stability and adequacy of funding for educational clinics that have demonstrated superior performance as defined in RCW 28A.97.040(2).

(2) Initiate and maintain a competitive review process to select new or expanded clinic programs in unserved or underserved areas. The criteria for review of competitive proposals for new or expanded education clinic services shall include but not be limited to:

(a) The proposing organization shall have obtained certification from the state board of education as provided in RCW 28A.97.010;

(b) The cost-effectiveness of the proposal as judged by the criteria established in RCW 28A.97.100(1) and (2); and

(c) The availability of committed nonstate funds to support, enrich, or otherwise enhance the basic program.

(3) In selecting areas for new or expanded educational clinics programs, the superintendent of public instruction shall consider factors including but not limited to:

(a) The proportion and total number of dropouts unserved by existing clinics programs, if any;

(b) The availability within the geographic area of programs other than educational clinics which address the basic educational needs of dropouts; and

(c) Waiting lists or other evidence of demand for expanded educational clinic programs.

(4) In the event of any curtailment of services resulting from lowered legislative appropriations, the superintendent of public instruction shall issue pro rata reductions to all clinics funded at the time of the lowered appropriation. Individual clinics may be exempted from such pro rata reductions if the superintendent finds that such reductions would impair the clinic's ability to operate at minimally acceptable levels of service. In the event of such exceptions, the superintendent shall determine an appropriate rate for reduction to permit the clinic to continue operation.

(5) In the event that an additional clinic or clinics become certified and apply to the superintendent for funds to be allocated from a legislative appropriation which does not increase from the immediately preceding biennium, or does not increase sufficiently to allow such additional clinic or clinics to operate at minimally acceptable levels of service without reducing the funds available to previously funded clinics, the superintendent

shall not provide funding for such additional clinic or clinics from such appropriation. [1985 c 434 § 3.]

**Intent—1985 c 434:** See note following RCW 28A.97.110.

**28A.97.130 Inclusion of educational clinics program in biennial budget request—Quarterly plans—Funds—Payment.** The superintendent shall include the educational clinics program in the biennial budget request. Contracts between the superintendent of public instruction and the educational clinics shall include quarterly plans which provide for relatively stable student enrollment but take into consideration anticipated seasonal variations in enrollment in the individual clinics. Funds which are not expended by a clinic during the quarter for which they were planned may be carried forward to subsequent quarters of the fiscal year. The superintendent shall make payments to the clinics on a monthly basis pursuant to RCW 28A.97.040. [1985 c 434 § 4.]

**Intent—1985 c 434:** See note following RCW 28A.97.110.

**28B.04.010 Short title.** This chapter may be known and cited as the "displaced homemaker act." [1979 c 73 § 1.]

**28B.04.020 Legislative findings—Purpose.** The legislature finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the strength, durability, and purpose of our state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, disability of spouse, or other loss of family income of a spouse. As a consequence, displaced homemakers are very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to the highest rate of unemployment of any sector of the work force; they face continuing discrimination in employment because of their age and lack of recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security benefits because they are too young, and many never qualify because they have been divorced from the family wage earner; they may have lost beneficiaries' rights under employer's pension and health plans through divorce or death of spouse; and they are often unacceptable to private health insurance plans because of their age.

It is the purpose of this chapter to establish guidelines under which the higher education coordinating board shall contract to establish multipurpose service centers and programs to provide necessary training opportunities, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life. [1985 c 370 § 36; 1982 1st ex.s. c 15 § 1; 1979 c 73 § 2.]

**Severability—Effective dates—1985 c 370:** See RCW 28B.80.911 and 28B.80.912.

**Expiration date—1982 1st ex.s. c 15:** "The provisions of this 1982 act shall cease to exist on June 30, 1987, unless extended by law for an

additional fixed period of time." [1982 1st ex.s. c 15 § 11.] 1982 1st ex.s. c 15 consists of amendments to RCW 28B.04.020, 28B.04.040, 28B.04.050, 28B.04.060, 28B.04.070, 28B.04.080, 36.18.010 and the repeal of RCW 28B.04.130.

At the time of each annual renewal the institution shall file an amended statement of organization indicating any changes from the information previously submitted. All amended statements must be filed with the agency and include a statement as required in subsection (6) of this section. [1979 ex.s. c 188 § 10.]

**Sunset Act application:** See note following chapter digest.

**28B.05.110 Surety bond—Filed, when—Amount, maximum—Purpose—Cash or negotiable security in lieu of—Satisfying judgments or claims—Release of surety—Action on bond or security, record of.** (1) At the time of its registration each educational institution shall file a surety bond with the agency in a form acceptable to the agency. The bond may be continuous or renewable at the time of annual renewal of registration: *Provided*, That the bond shall cover the full period during which an institution is registered unless the surety has been released as provided in subsection (4) of this section.

In the event that any final judgment shall impair the liability of the surety upon the bond so furnished that

there shall not be in effect a bond undertaking in the full amount prescribed in this section, the agency shall suspend the registration of the institution until the bond liability in the required amount unimpaired by unsatisfied judgment claims shall have been furnished.

(2) The amount of the bond shall be determined by the agency. In fixing the amount the agency shall adopt rules setting bond amounts on a sliding scale based upon the size of the institution, and the maximum amount of the bond required may not exceed seventy-five thousand dollars.

The bond shall be executed by the registering institution as principal and by a surety company authorized to do business in this state as surety. The bond shall run to the state of Washington, for the benefit and protection of any student or enrollee, or, in the case of a minor, his or her parents or guardian, determined to have suffered loss or damage as a result of an act or practice by such institution which is a violation of this chapter or rules adopted under this chapter alleged to have occurred while the bond was in effect or as a result of the institution's failure to meet its obligations to a student or enrollee during the term for which tuition has been paid.

(3) In lieu of the surety bond provided for herein, the institution may furnish, file and deposit with the agency, cash or other negotiable security acceptable to the executive officer of the agency. If the institution has filed a cash deposit, the agency shall deposit such funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from such account. The security deposited with the agency in lieu of the surety bond shall be returned to the institution at the expiration of one year after the institution's registration has expired or been revoked if no legal action has been instituted against the institution or on said security deposit at the expiration of said one year.

Any person having an unsatisfied final judgment against the registrant based on any claims arising under this section may execute upon the security held by the agency by serving a certified copy of the unsatisfied final judgment together with any findings and conclusions by registered or certified mail upon the agency within one year of the date of entry of such judgment. Upon the receipt of service of such certified copy the agency shall pay or order paid from the deposit, through the registry of the superior court which rendered judgment, towards the amount of the unsatisfied judgment. The priority of payment by the agency shall be the order of receipt by the agency of the unsatisfied judgment and claim against the deposit, but the agency shall have no liability for payment in excess of the amount of the deposit.

(4) A surety on a bond may be released by serving written notice thereof to the agency at least thirty-five days prior to the release, but the release shall not discharge or otherwise affect any claim theretofore or thereafter filed by a student or enrollee, or, in the case of a minor, his or her parents or guardian, for loss or damage resulting from any act or practice which is a violation of this chapter or rules adopted under this chapter alleged to have occurred while the bond was in

effect, or resulting from the institution's failure to meet its obligations to a student or enrollee during the term for which tuition has been paid.

The agency shall give the institution at least thirty days written notice prior to the release of the surety to the effect that registration will be suspended by operation of law until a sufficient surety bond is filed in the same manner and amount as the bond being terminated.

(5) In addition to all other legal remedies, an action may be brought upon the bond or cash deposit or security in lieu thereof by any beneficiary covered thereunder, in the superior court of Thurston county or the county in which the educational services were offered by the institution: *Provided*, That the aggregate liability of the surety to all such persons shall in no event exceed the sum of such bond.

An action upon such bond or security shall be commenced by serving and filing of the complaint within one year from the date of the cancellation of the bond or, in the case of a cash deposit or other security deposited in lieu of the surety bond, within one year of the date of expiration or revocation of registration: *Provided*, That no action shall be maintained upon such bond or such cash deposit or other security for any claim which has been barred by any nonclaim statute or statute of limitations of this state. Two copies of the complaint shall be served by registered or certified mail upon the executive officer of the agency at the time the suit is started. Such service shall constitute service on the surety. The executive officer of the agency shall transmit one of said copies of the complaint served on him to the surety within forty-eight hours after it shall have been received.

The executive officer of the agency shall maintain a record, available for public inspection, of all suits commenced under this chapter upon surety bonds, or the cash or other security deposited in lieu thereof. [1979 ex.s. c 188 § 11.]

**28B.05.130 Suspension or modification of requirements, when—Appeal.** The executive director or executive coordinator of the agency may suspend or modify any of the registration or other requirements contained in this chapter in a particular case if the executive director or executive coordinator finds (1) that such suspension or modification will not frustrate the purposes of

this chapter and (2) that the educational services to be offered address a substantial, demonstrated need among residents of the state of Washington or that literal application of this chapter works a manifestly unreasonable hardship on the educational institution: *Provided*, That the chief administrative officer of the institution, after hearing, shall be entitled to appeal the decision of the executive director or executive coordinator to the commission for vocational education or the higher education coordinating board. The complaint shall set forth the alleged violation and shall contain such other information as may be required by the agency. A complaint may also be filed with the agency by the executive officer of the agency or by the attorney general.

(3) If, upon all the evidence at the hearing, the agency finds that the educational institution, its agent, or any person has engaged in or is engaging in any act or practice which violates this chapter or rules adopted under this chapter, the agency shall issue and cause to be served upon the violator an order requiring it to cease and desist from the act or practice and may impose the penalties provided for in RCW 28B.05.150. If the agency finds that the complainant has suffered loss or damage as a result of the act or practice, it may order full or partial restitution for the damage or loss: *Provided*, That the complainant is not bound by the agency's determination of restitution and may pursue any other legal remedy. The records shall include, but not be limited to, such information as is customarily required by colleges when considering students for transfer or advance study and, as a separate document, the academic record of

each former student. In the event it appears to the agency that any such records of an educational institution discontinuing its operations are in danger of being destroyed, secreted, mislaid, or otherwise made unavailable to the agency, the agency may seek a court order to protect and if necessary take possession of the records. The agency shall maintain or cause to be maintained a permanent file of educational records coming into its possession. [1979 ex.s. c 188 § 19.]

In such event, a contract or evidence of indebtedness containing any of the following agreements shall render the contract voidable at the option of the person to whom educational services are to be rendered or furnished:

- (1) That the law of another state shall apply;

**28B.07.010 Intent.** The legislature finds that the state has a vital interest in ensuring that higher education institutions are maintained in the state in sufficient numbers and located in such locations, as to be accessible to as many citizens as possible. Adequate educational opportunities are essential to the economic, intellectual, and social well-being of the state and its people. Washington's independently-governed private nonprofit higher education institutions are a necessary part of the state's higher educational resources. They provide educational diversity and choice for all residents of the communities in which they are located, communities which may not otherwise be served directly by a public baccalaureate-granting college or university.

The legislature further finds that some of the factors that contribute to educational costs are beyond the control of these higher education institutions and their governing boards. The factors include the need to modify facilities to render the facilities accessible to the handicapped or disabled, the necessity of modernizing structures to keep them safe and efficient, and the demands of energy conservation and resource utilization. Many of these needs are associated with the public functions these institutions perform and the requirements of the state and federal governments. Compounding the problem is the fact that the cost of these renovations are borne entirely by the institutions.

Because these institutions serve an important public purpose addressing both the needs of individuals and the needs of the state, and because the performance of that public function can be facilitated at no expense or liability to the state, the legislature declares it to be the public policy of the state of Washington to enable the building, providing, and utilization of modern, well-

equipped, efficient, and reasonably priced higher educational facilities, as well as the improvement, expansion, and modernization of such facilities, in a manner that will minimize the capital cost of construction, financing, and use of such facilities. The intention of this policy is to improve and ensure the quality and range of educational services available to the citizens of this state. The intent of the legislature is to accomplish these and related purposes, and this chapter shall be liberally construed in order to further these goals. [1983 c 169 § 1.]

**28B.07.020 Definitions.** As used in this chapter, the following words and terms shall have the following meanings, unless the context otherwise requires:

(1) "Authority" means the Washington higher education facilities authority created under RCW 28B.07.030 or any board, body, commission, department or officer succeeding to the principal functions of the authority or to whom the powers conferred upon the authority shall be given by law.

(2) "Bonds" means bonds, notes, commercial paper, certificates of indebtedness, or other evidences of indebtedness of the authority issued under this chapter.

(3) "Bond resolution" means any resolution of the authority, adopted under this chapter, authorizing the issuance and sale of bonds.

(4) "Higher education institution" means a private, nonprofit educational institution, the main campus of which is permanently situated in the state, which is open to residents of the state, which neither restricts entry on racial or religious grounds, which provides programs of education beyond high school leading at least to the baccalaureate degree, and which is accredited by the Northwest Association of Schools and Colleges or by an accrediting association recognized by the higher education coordinating board.

(5) "Participant" means a higher education institution which, under this chapter, undertakes the financing of a project or projects or undertakes the refunding or refinancing of obligations, mortgages, or advances previously incurred for a project or projects.

(6) "Project" means any land or any improvement, including, but not limited to, buildings, structures, fixtures, utilities, machinery, excavations, paving, and landscaping, and any interest in such land or improvements, and any personal property pertaining or useful to such land and improvements, which are necessary, useful, or convenient for the operation of a higher education institution, including but not limited to, the following: Dormitories or other multi-unit housing facilities for students, faculty, officers, or employees; dining halls; student unions; administration buildings; academic buildings; libraries; laboratories; research facilities; computer facilities; classrooms; athletic facilities; health care facilities; maintenance, storage, or utility facilities; parking facilities; or any combination thereof, or any other structures, facilities, or equipment so related.

(7) "Project cost" means any cost related to the acquisition, construction, improvement, alteration, or rehabilitation by a participant or the authority of any project and the financing of the project through the authority,

including, but not limited to, the following costs paid or incurred: Costs of acquisition of land or interests in land and any improvement; costs of contractors, builders, laborers, materialmen, and suppliers of tools and equipment; costs of surety and performance bonds; fees and disbursements of architects, surveyors, engineers, feasibility consultants, accountants, attorneys, financial consultants, and other professionals; interest on bonds issued by the authority during any period of construction; principal of and interest on interim financing of any project; debt service reserve funds; depreciation funds, costs of the initial start-up operation of any project; fees for title insurance, document recording, or filing; fees of trustees and the authority; taxes and other governmental charges levied or assessed on any project; and any other similar costs. Except as specifically set forth in this definition, the term "project cost" does not include books, fuel, supplies, and similar items which are required to be treated as a current expense under generally accepted accounting principles.

(8) "Trust indenture" means any agreement, trust indenture, or other similar instrument by and between the authority and one or more corporate trustees. [1985 c 370 § 47; 1983 c 169 § 2.]

**Severability—Effective dates—1985 c 370:** See RCW 28B.80.911 and 28B.80.912.

**28B.07.030 Washington higher education facilities authority—Created—Members—Chairperson—Records—Quorum—Compensation and travel expenses.** (1) The Washington higher education facilities authority is hereby established as a public body corporate and politic, with perpetual corporate succession, constituting an agency of the state of Washington exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010.

(2) The authority shall consist of seven members as follows: The governor, lieutenant governor, executive director of the higher education coordinating board, and four public members, one of whom shall be the president of a higher education institution at the time of appointment. The public members shall be residents of the state and appointed by the governor, subject to confirmation by the senate, on the basis of their interest or expertise in the provision of higher education and the financing of higher education. The public members of the authority shall serve for terms of four years. The initial terms of the public members shall be staggered in a manner determined by the governor. In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. If any of the state offices are abolished, the resulting vacancy on the authority shall be filled by the state officer who shall succeed substantially to the power and duties of the abolished office. Any public member of the authority may be removed by the governor for misfeasance, malfeasance, wilful neglect of duty, or any other cause after

notice and a public hearing, unless such notice and hearing shall be expressly waived in writing.

(3) The governor shall serve as chairperson of the authority. The authority shall elect annually one of its members as secretary. If the governor shall be absent from a meeting of the authority, the secretary shall preside. However, the governor may designate an employee of the governor's office to act on the governor's behalf in all other respects during the absence of the governor at any meeting of the authority. If the designation is in writing and is presented to the person presiding at the meetings of the authority who is included in the designation, the vote of the designee has the same effect as if cast by the governor.

(4) Any person designated by resolution of the authority shall keep a record of the proceedings of the authority and shall be the custodian of all books, documents, and papers filed with the authority, the minute book or a journal of the authority, and the authority's official seal, if any. The person may cause copies to be made of all minutes and other records and documents of the authority, and may give certificates to the effect that such copies are true copies. All persons dealing with the authority may rely upon the certificates.

(5) Four members of the authority constitute a quorum. The authority may act on the basis of a motion except when authorizing the issuance and sale of bonds, in which case the authority shall act by resolution. Bond resolutions and other resolutions shall be adopted upon the affirmative vote of four members of the authority, and shall be signed by those members voting yes. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the authority. All actions taken by the authority shall take effect immediately without need for publication or other public notice. A vacancy in the membership of the authority does not impair the power of the authority to act under this chapter.

(6) The members of the authority shall be compensated in accordance with RCW 43.03.240 and shall be entitled to reimbursement, solely from the funds of the authority, for travel expenses as determined by the authority incurred in the discharge of their duties under this chapter. [1985 c 370 § 48; 1984 c 287 § 62; 1983 c 169 § 3.]

**Severability—Effective dates—1985 c 370:** See RCW 28B.80.911 and 28B.80.912.

**Legislative findings—Severability—Effective date—1984 c 287:** See notes following RCW 43.03.220.

**28B.07.040 Powers and duties.** The authority is authorized and empowered to do the following, on such terms, with such security and undertakings, subject to such conditions, and in return for such consideration, as the authority shall determine in its discretion to be necessary, useful, or convenient in accomplishing the purposes of this chapter:

(1) To promulgate rules in accordance with chapter 34.04 RCW;

(2) To adopt an official seal and to alter the same at pleasure;

(3) To maintain an office at any place or places as the authority may designate;

(4) To sue and be sued in its own name, and to plead and be impleaded;

(5) To make and execute agreements with participants and others and all other instruments necessary, useful, or convenient for the accomplishment of the purposes of this chapter;

(6) To provide long-term or short-term financing or refinancing to participants for project costs, by way of loan, lease, conditional sales contract, mortgage, option to purchase, or other financing or security device or any such combination;

(7) If, in order to provide to participants the financing or refinancing of project costs described in subsection (6) of this section, the authority deems it necessary or convenient for it to own a project or projects or any part of a project or projects, for any period of time, it may acquire, contract, improve, alter, rehabilitate, repair, manage, operate, mortgage, subject to a security interest, lease, sell, or convey the project;

(8) To fix, revise from time to time, and charge and collect from participants and others rates, rents, fees, charges, and repayments as necessary to fully and timely reimburse the authority for all expenses incurred by it in providing the financing and refinancing and other services under this section and for the repayment, when due, of all the principal of, redemption premium, if any, and interest on all bonds issued under this chapter to provide the financing, refinancing, and services;

(9) To accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds, and other security instruments, and property from the federal government or the state or other public body, entity, or agency and from any public or private institution, association, corporation, or organization, including participants. It shall not accept or receive from the state or any taxing agency any money derived from taxes, except money to be devoted to the purposes of a project of the state or of a taxing agency;

(10) To open and maintain a bank account or accounts in one or more qualified public depositories in this state and to deposit all or any part of authority funds therein;

(11) To employ consulting engineers, architects, attorneys, accountants, construction and financial experts, superintendents, managers, an executive director, and such other employees and agents as may be necessary in its judgment to carry out the purposes of this chapter, and to fix their compensation;

(12) To provide financing or refinancing to two or more participants for a single project or for several projects in such combinations as the authority deems necessary, useful, or convenient;

(13) To charge to and equitably apportion among participants the administrative costs and expenses incurred in the exercise of the powers and duties conferred by this chapter;

(14) To consult with the higher education coordinating board to determine project priorities under the purposes of this chapter; and

(15) To do all other things necessary, useful, or convenient to carry out the purposes of this chapter.

In the exercise of any of these powers, the authority shall incur no expense or liability which shall be an obligation, either general or special, of the state, or a general obligation of the authority, and shall pay no expense or liability from funds other than funds of the authority. Funds of the state shall not be used for such purpose. [1985 c 370 § 49; 1983 c 169 § 4.]

**Severability—Effective dates—1985 c 370:** See RCW 28B.80.911 and 28B.80.912.

**28B.07.050 Special obligation bonds—Issuance—Personal liability—Debt limit.** (1) The authority may, from time to time, issue its special obligation bonds in order to carry out the purposes of this chapter and to enable the authority to exercise any of the powers granted to it in this chapter. The bonds shall be issued pursuant to a bond resolution or trust indenture and shall be payable solely out of the special fund or funds created by the authority in the bond resolution or trust indenture. The special fund or funds shall be funded in whole or in part from moneys paid by one or more participants for whose benefit such bonds were issued and from the sources, if any, described in RCW 28B.07.040(9) or from the proceeds of bonds issued by the authority for the purpose of refunding any outstanding bonds of the authority.

(2) The bonds may be secured by:

(a) A first lien against any unexpended proceeds of the bonds;

(b) A first lien against moneys in the special fund or funds created by the authority for their payment;

(c) A first or subordinate lien against the revenue and receipts of the participant or participants which revenue is derived in whole or in part from the project financed by the authority;

(d) A first or subordinate security interest against any real or personal property, tangible or intangible, of the participant or participants, including, but not limited to, the project financed by the authority;

(e) Any other real or personal property, tangible or intangible; or

(f) Any combination of (a) through (e) of this subsection.

Any security interest created against the unexpended bond proceeds and against the special funds created by the authority shall be immediately valid and binding against the moneys and any securities in which the moneys may be invested without authority or trustee possession, and the security interest shall be prior to any party having any competing claim against the moneys or securities, without filing or recording under Article 9 of the Uniform Commercial Code, Title 62A RCW, and regardless of whether the party has notice of the security interest.

(3) The bonds may be issued as serial bonds or as term bonds or any such combination. The bonds shall bear such date or dates; mature at such time or times;

bear interest at such rate or rates, either fixed or variable; be payable at such time or times; be in such denominations; be in such form, either coupon or registered, or both; carry such registration privileges; be made transferable, exchangeable, and interchangeable; be payable in lawful money of the United States of America at such place or places; be subject to such terms of redemption; and be sold at public or private sale, in such manner, at such time, and at such price as the authority shall determine. The bonds shall be executed by the manual or facsimile signatures of the chairperson and the authority's duly-elected secretary or its executive director, and by the trustee if the authority determines to use a trustee. At least one signature shall be manually subscribed. Coupon bonds shall have attached interest coupons bearing the facsimile signatures of the chairperson and the secretary or the executive director.

(4) Any bond resolution, trust indenture, or agreement with a participant relating to bonds issued by the authority or the financing or refinancing made available by the authority may contain provisions, which may be made a part of the contract with the holders or owners of the bonds to be issued, pertaining to the following, among other matters: (a) The security interests granted by the participant to secure repayment of any amounts financed and the performance by the participant of its other obligations in the financing; (b) the security interests granted to the holders or owners of the bonds to secure repayment of the bonds; (c) rentals, fees, and other amounts to be charged, and the sums to be raised in each year through such charges, and the use, investment, and disposition of the sums; (d) the segregation of reserves or sinking funds, and the regulation, investment, and disposition thereof; (e) limitations on the uses of the project; (f) limitations on the purposes to which, or the investments in which, the proceeds of the sale of any issue of bonds may be applied; (g) terms pertaining to the issuance of additional parity bonds; (h) terms pertaining to the incurrence of parity debt; (i) the refunding of outstanding bonds; (j) procedures, if any, by which the terms of any contract with bondholders may be amended or abrogated; (k) acts or failures to act which constitute a default by the participant or the authority in their respective obligations and the rights and remedies in the event of a default; (l) the securing of bonds by a pooling of leases whereby the authority may assign its rights, as lessor, and pledge rents under two or more leases with two or more participants, as lessees; (m) terms governing performance by the trustee of its obligation; or (n) such other additional covenants, agreements, and provisions as are deemed necessary, useful, or convenient by the authority for the security of the holders of the bonds.

(5) Bonds may be issued by the authority to refund other outstanding authority bonds, at or prior to the maturity thereof, and to pay any redemption premium with respect thereto. Bonds issued for such refunding purposes may be combined with bonds issued for the financing or refinancing of new projects. Pending the application of the proceeds of the refunding bonds to the redemption of the bonds to be redeemed, the authority

may enter into an agreement or agreements with a corporate trustee under RCW 28B.07.080 with respect to the interim investment of the proceeds and the application of the proceeds and the earnings on the proceeds to the payment of the principal of and interest on, and the redemption of the bonds to be redeemed.

(6) All bonds and any interest coupons appertaining to the bonds shall be negotiable instruments under Title 62A RCW.

(7) Neither the members of the authority, nor its employees or agents, nor any person executing the bonds shall be liable personally on the bonds or be subject to any personal liability or accountability by reason of the issuance of the bonds.

(8) The authority may purchase its bonds with any of its funds available for the purchase. The authority may hold, pledge, cancel, or resell the bonds subject to and in accordance with agreements with bondholders.

(9) At no time shall the total outstanding bonded indebtedness of the authority exceed five hundred million dollars. [1983 c 169 § 5.]

**28B.07.060 Bonds—Special obligations—Payment—Funds—Segregation of proceeds and moneys.**

Bonds issued under this chapter shall not be deemed to constitute obligations, either general or special, of the state or of any political subdivision of the state, or a pledge of the faith and credit of the state or of any political subdivision, or a general obligation of the authority. The bonds shall be special obligations of the authority and shall be payable solely from the special fund or funds created by the authority in the bond resolution or trust indenture pursuant to which the bonds were issued. The fund or funds shall be funded in whole or in part from moneys paid by one or more participants for whose benefit the bonds were issued, from the sources, if any, under RCW 28B.07.040(9), or from the proceeds of bonds issued by the authority for the purpose of refunding any outstanding bonds of the authority. The issuance of bonds under this chapter shall not obligate, directly, indirectly, or contingently, the state or any political subdivision of the state to levy any taxes or appropriate or expend any funds for the payment of the principal or the interest on the bonds.

Neither the proceeds of bonds issued under this chapter, any moneys used or to be used to pay the principal of or interest on the bonds, nor any moneys received by the authority to defray its administrative costs shall constitute public money or property. All of such moneys shall be kept segregated and set apart from funds of the state and any political subdivision of the state and shall not be subject to appropriation or allotment by the state or subject to the provisions of chapter 43.88 RCW. [1983 c 169 § 6.]

**28B.07.070 Agreements with participant—Participant's payment of certain costs and expenses.** In connection with any bonds issued by the authority, the authority shall enter into agreements with participants which shall provide for the payment by each participant

of amounts which shall be sufficient, together with other revenues available to the authority, if any, to: (1) Pay the participant's share of the administrative costs and expenses of the authority; (2) pay the costs of maintaining, managing, and operating the project or projects financed by the authority, to the extent that the payment of the costs has not otherwise been adequately provided for; (3) pay the principal of, premium, if any, and interest on outstanding bonds of the authority issued in respect of such project or projects as the same shall become due and payable; and (4) create and maintain reserves required or provided for in any bond resolution or trust indenture authorizing the issuance of such bonds of the authority. The payments shall not be subject to supervision or regulation by any department, committee, board, body, bureau, or agency of the state other than the authority. [1983 c 169 § 7.]

**28B.07.080 Moneys deemed trust funds—Agreement or trust indenture with bank or trust company authorized.** All moneys received by or on behalf of the authority under this chapter, whether as proceeds from the sale of bonds or from participants or from other sources shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The authority, in lieu of receiving and applying the moneys itself, may enter into an agreement or trust indenture with one or more banks or trust companies having the power and authority to conduct trust business in the state to:

(1) Perform all of any part of the obligations of the authority with respect to: (a) Bonds issued by it; (b) the receipt, investment, and application of the proceeds of the bonds and moneys paid by a participant or available from other sources for the payment of the bonds; (c) the enforcement of the obligations of a participant in connection with the financing or refinancing of any project; and (d) other matters relating to the exercise of the authority's powers under this chapter;

(2) Receive, hold, preserve, and enforce any security interest or evidence of security interest granted by a participant for purposes of securing the payment of the bonds; and

(3) Act on behalf of the authority or the holders or owners of bonds of the authority for purposes of assuring or enforcing the payment of the bonds, when due. [1983 c 169 § 8.]

**28B.07.090 Holders or owners of bonds—Trustees—Enforcement of rights—Purchase at foreclosure sale.** Any holder or owner of bonds of the authority issued under this chapter or any holder of the coupons appertaining to the bonds, and the trustee or trustees under any trust indenture, except to the extent the rights given are restricted by the authority in any bond resolution or trust indenture authorizing the bonds, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any of their respective rights, and may become the purchaser at any foreclosure sale if the person is the highest bidder. [1983 c 169 § 9.]

**28B.07.100 Bonds are securities—Legal investments.** The bonds of the authority are securities in which all public officers and bodies of this state and all counties, cities, municipal corporations, and political subdivisions, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, insurance companies and associations, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control. [1983 c 169 § 10.]

**28B.07.110 Projects or financing—Exemption from certain restrictions on procedures for awarding contracts.** A project or the financing or refinancing thereof pursuant to this chapter shall not be subject to the requirements of any law or rule relating to competitive bidding, lease performance bonds, or other restrictions imposed on the procedure for award of contracts. [1983 c 169 § 11.]

**28B.07.120 Bond counsel—Selection.** (1) The authority shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the authority believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the authority. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the authority's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the authority shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the authority his or her fee schedule for providing bond counsel services. The authority shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the authority shall consider all submitted fee schedules and the public interest in achieving issuance of bonds on terms most favorable to the authority. At least once every two calendar years, the authority shall select anew an attorney or attorneys to serve as bond counsel. However, the authority may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the authority has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. As an alternative to retaining counsel for a period of time, the authority may appoint an attorney to

serve as counsel in respect to only a particular bond issue or issues. [1983 c 169 § 13.]

**28B.07.130 Underwriters—Selection.** (1) The authority shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters who the authority believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the authority's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the authority's satisfaction that it meets the requirements of this section.

(2) Whenever the authority decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the authority an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the authority. The authority shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the authority shall consider the underwriter's fees and other charges and the public interest in achieving issuance of bonds on terms most favorable to the authority. The authority may adopt rules setting forth conditions under which an institution of higher education may be permitted to exercise the notice and selection procedures set forth in this subsection. These rules shall require the institution to comply with the provisions of this subsection as if it were the authority and to obtain the authority's prior approval of the selection of an underwriter. [1983 c 169 § 14.]

**28B.07.900 Chapter supplemental—Application of other laws.** This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. [1983 c 169 § 15.]

**28B.07.910 Construction—1983 c 169.** This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect its purposes. Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter shall be controlling. [1983 c 169 § 16.]

**28B.07.920 Severability—1983 c 169.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 169 § 17.]

The small works roster authorized by this section may be used for any public works project for which the estimated cost is less than fifty thousand dollars. Each board shall adopt rules to implement this section.

Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection and available by telephone inquiry. Each board may adopt a procedure to prequalify contractors for inclusion on the small works roster. No board may be required to make available for public inspection or copying under chapter 42.17 RCW financial information required to be provided by the prequalification procedure.

**28B.10.804 State student financial aid program—Commission, guidelines in performance of duties.** The commission shall be cognizant of the following guidelines in the performance of its duties:

(1) The commission shall be research oriented, not only at its inception but continually through its existence.

(2) The commission shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.

(3) The commission shall take the initiative and responsibility for coordinating all federal student financial aid programs to insure that the state recognizes the maximum potential effect of these programs, and shall design the state program which complements existing federal, state and institutional programs.

(4) Counseling is a paramount function of student financial aid, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the commission, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

(5) In the development of any new program, the commission shall seek advice from and consultation with the institutions of higher learning, state agencies, industry, labor, and such other interested groups as may be able to contribute to the effectiveness of program development and implementation.

(6) The "package" approach of combining loans, grants and employment for student financial aid shall be the conceptual element of the state's involvement. [1969 ex.s. c 222 § 10. Formerly RCW 28.76.450.]

**28B.10.806 State student financial aid program—Commission, powers and duties generally.** The commission shall have the following powers and duties:

(1) Conduct a full analysis of student financial aid as a means of:

(a) Fulfilling educational aspirations of students of the state of Washington, and

(b) Improving the general, social, cultural, and economic character of the state.

Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The commission will disseminate the information yielded by their analyses to all appropriate individuals and agents.

(c) This study should include information on the following:

(i) all programs and sources of available student financial aid,

(ii) distribution of Washington citizens by socio-economic class,

(iii) data from federal and state studies useful in identifying:

(A) demands of students for specific educational goals in colleges, and

(B) the discrepancy between high school students' preferences and the colleges they actually selected.

(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state program will supplement available federal and local aid programs. The state program of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher learning and the student's total resources, including family support, personal savings, employment, and federal and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the commission shall consider the following:

(a) Assets and income of the student.

(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.

(c) The cost of attending the institution the student is attending or planning to attend.

(d) Any other criteria deemed relevant to the commission.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to full time needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education. [1969 ex.s. c 222 § 11. Formerly RCW 28.76.460.]

**28B.10.808 State student financial aid program—Commission, procedure for awarding grants.** In awarding grants, the commission shall proceed substantially as follows: *Provided*, That nothing contained herein shall be construed to prevent the commission, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The commission shall annually select the financial aid award winners from among Washington residents applying for student financial aid who have been ranked according to financial need as determined by the amount of the family contribution and other considerations brought to the commission's attention.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until dispersed.

(3) A grant may be renewed until the course of study is completed, but not for more than an additional three academic years beyond the first year of the award. These shall not be required to be consecutive years. Qualifications for renewal will include maintaining satisfactory academic standing toward completion of the course of study, and continued eligibility as determined by the commission. Should the recipient terminate his enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds.

(4) In computing financial need the commission shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions. The proceeds of the endowment may be used to supplement the salary and benefits of the person holding the professorship and of those individuals directly associated with the holder's scholarly work. **28B.15.012 Classification as resident or nonresident student—Definitions.** Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean: (a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational; (b) a dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution; or (c) a student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982–1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous: *Provided*, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.011 through 28B.15.014 and 28B.15.015, each as now or hereafter amended. A nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter.

It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require. (a) Registration or payment of Washington taxes or fees on a motor vehicle, mobile home, travel trailer, boat, or any other item of personal property owned or used by the person for which state registration or the payment of a state tax or fee is required will be a factor in considering evidence of the establishment of a Washington domicile.

(2) An "eligible student" for the purposes of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 through 28B.15.015, and who is a "needy student" as defined in RCW 28B.10.802.

(3) The amount of the loans made under subsection (1) of this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. (4) Before approving a guaranteed loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average

starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of loans made under subsection (1) of this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of loans under subsection (1) of this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: *Provided*, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be used for the support of the institution's operating budget.

(8) Lending activities under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term interim loans, not to exceed one hundred twenty days, may be made from the institutional long-term loan fund to students eligible for guaranteed student loans and whose receipt of such loans is pending. Such short-term loans shall not be subject to the guarantee restrictions or the constraints of federal law imposed by subsection (3) of this section. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan.

(10) Any moneys deposited in the institutional long-term loan fund which are not used in making long or short term loans or transferred to institutional operating budgets may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee waiver programs. These funds shall be used in addition to and not to replace institutional funds which would otherwise support these locally-administered financial aid programs. Priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study. **28B.16.110 Rules—Salary schedules and compensation plans to reflect prevailing wages—Periodic wage surveys with recommended salary adjustments, report of with supporting data.** The salary schedules and compensation plans, adopted and revised as provided in RCW 28B.16.100 as now or hereafter amended, shall reflect prevailing rates in other public employment and in private employment in this state or in the locality in which the institution or related board is located. For this purpose comprehensive salary and fringe benefit surveys shall be undertaken by the board with the assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, with such surveys to be conducted in the year prior to the convening of every other one hundred five day regular session of the state legislature. In the year prior to the convening of each one hundred five day regular session during which a comprehensive salary and fringe benefit survey is not conducted, the board with assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, shall conduct a trend salary and fringe benefit survey. This survey shall measure average salary and fringe benefit movement for broad occupational groups which has occurred since the last comprehensive salary and fringe benefit survey was conducted. The results of each comprehensive and trend salary and fringe benefit survey shall be completed and forwarded by September 30 with recommended salary adjustments, which recommendations shall be advisory only, to the governor and the director of financial management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the board to the standing committees for appropriations of the senate and house of representatives.

In the case of comprehensive salary and fringe benefit surveys, the board shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the higher education personnel board with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those higher education personnel board classes which are substantially the same as classes being used by the department of personnel clearly marked to show the commonality of the classes between the two jurisdictions;

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the board. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

Salary and fringe benefit survey information collected from private employers which identifies a specific employer with the salary and fringe benefit rates which that employer pays to its employees shall not be subject to public disclosure under chapter 42.17 RCW.

The first comprehensive salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1986. The first trend salary and fringe benefit survey required by this section shall be completed and forwarded to the governor and the director of financial management by September 30, 1988. **28B.16.112 Rules—Salary schedules and compensation plans to reflect prevailing wages—Salary and fringe benefit surveys—Comprehensive plan—“Fringe benefits” defined.** (1) In the conduct of salary and fringe benefit surveys under RCW 28B.16.110 as now or hereafter amended, it is the intention of the legislature that the surveys be undertaken in a manner consistent with statistically accurate sampling techniques. For this purpose, a comprehensive salary and fringe benefit survey plan shall be submitted to the director of financial management, employee organizations, the standing committees for appropriations in the senate and house of representatives, and to the legislative budget committee six months before the beginning of each periodic survey required before regular legislative sessions. This comprehensive plan shall include but not be limited to the following:

(a) A complete explanation of the technical, statistical process to be used in the salary and fringe benefit survey including the percentage of accuracy expected from the planned statistical sample chosen for the survey and a definition of the term “prevailing rates” which is to be used in the planned survey;

(b) A comprehensive salary and fringe benefit survey model based on scientific statistical principles which:

(i) Encompasses the interrelationships among the various elements of the survey sample including sources of salary and fringe benefit data by organization type, size, and regional location;

(ii) Is representative of private and public employment in this state;

(iii) Ensures that, wherever practical, data from smaller, private firms are included and proportionally weighted in the survey sample; and

(iv) Indicates the methodology to be used in application of survey data to job classes used by state government;

(c) A prediction of the increase or decrease in total funding requirements expected to result from the pending salary and fringe benefit survey based on consumer price index information and other available trend data pertaining to Washington state salaries and fringe benefits.

(2) Every comprehensive survey plan shall fully consider fringe benefits as an element of compensation in addition to basic salary data. **28B.19.010 Purpose.** The interest of state institutions of higher education, those students and other citizens whom the institutions serve, employees, and the public generally, will be furthered by providing a uniform framework for the adoption, identification, and enforcement of rules and regulations governing aspects of institutional operation which affect substantial rights of individuals. The general purpose of this chapter is to provide a uniform framework for promulgation of certain administrative rules and regulations and the conduct of hearings where contested cases arise in connection with those rules and regulations, consistent with the particular needs of institutions of higher education and the people they serve. [1971 ex.s. c 57 § 1.]

**Severability—1971 ex.s. c 57:** "If any provision of this 1971 amendatory act or the application thereof is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end any section, sentence, or word is declared to be severable." [1971 ex.s. c 57 § 19.] This applies to RCW 28B.19.010 through 28B.19.150, 28B.19.200, 28B.19.210, 28B.10.528 and 34.04.150.

**Effective dates—1971 ex.s. c 57:** "Sections 1 through 20 of this 1971 amendatory act shall become effective September 1, 1971: *Provided*, That institutions of higher education are authorized and empowered to undertake to perform duties and conduct activities necessary to comply with sections 1 through 16 of this 1971 amendatory act immediately: *Provided further*, That section 21 of this 1971 amendatory act is necessary for the immediate preservation of the public peace, health and safety, and the support of the state government and its existing public institutions and shall take effect immediately." [1971 ex.s. c 57 § 22.]

**28B.19.020 Definitions.** The words used in this chapter shall have the meaning given in this section, unless the context clearly indicates otherwise.

(1) "Institutions of higher education" are the University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, The Evergreen State College, the various community colleges, and the governing boards of each of the above, and the various colleges, divisions, departments, or offices authorized by the governing board of the institution involved to act for the institution, all of which are sometimes referred to in this chapter as "institutions." The various state community colleges are sometimes referred to in this chapter as "community colleges."

(2) "Rule" means any order, directive, or regulation of any institution of higher education which affects the relationship of the general public with the institution, or the relationship of particular segments of the particular educational community such as students, faculty, or

other employees, with the institution or with each other, (a) the violation of which subjects a person to a penalty or administrative sanction; or (b) which establishes, alters, or revokes any procedures, practice, or requirement relating to institutional hearings; or (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law. The term includes the amendment or repeal of a prior rule but does not include rules, regulations, orders, statements, or policies relating primarily to the following: Standards for admission; academic advancement, academic credits, graduation and the granting of degrees; tuition and fees, scholarships, financial aids, and similar academic matters; employment relationships; fiscal processes; or matters concerning only the internal management of an institution and not affecting private rights or procedures available to the general public; and such matters need not be established by rule adopted under this chapter unless otherwise required by law.

(3) "Contested case" means a formal or informal proceeding before an institution of higher education, division, department, office, or designated official or representative thereof in which an opportunity for hearing is required by law, constitutional rights, or institutional policy, prior or subsequent to the determination by the institution of the legal rights, duties, or privileges of specific parties.

(4) "Rules review committee" or "committee" means the joint administrative rules review committee created pursuant to RCW 34.04.210 for the purpose of selectively reviewing existing and proposed rules of institutions of higher education. [1981 c 324 § 11; 1977 ex.s. c 169 § 42; 1971 ex.s. c 57 § 2.]

**Legislative affirmation—Severability—1981 c 324:** See notes following RCW 34.04.010.

**Severability—Nomenclature—Savings—1977 ex.s. c 169:** See notes following RCW 28B.10.016.

**28B.19.030 Notice of intended action, filing, contents—Oral hearing, when—Proceedings on rule barred until twenty days after register distribution—Questioning procedural validity of rule, estoppel—Rule ineffective on failure to file notice.** (1) Prior to the adoption, amendment, or repeal of any rule adopted under this chapter, each institution, college, division, department, or official thereof exercising rule-making authority delegated by the governing board or the president, shall:

(a) File notice thereof with the code reviser in accordance with RCW 34.08.020(1) for publication in the state register, and with the rules review committee, and mail the notice to all persons who have made timely request of the institution or related board for advance notice of its rule-making proceedings. Such notice shall also include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon;

(b) Provide notice to the campus or standard newspaper of the institution involved and to a newspaper of general circulation in the area at least seven days prior to the date of the rule-making proceeding. The notice shall state the time when, place where, and manner in which interested persons may present their views thereon and the general subject matter to be covered;

(c) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. An opportunity for oral hearing must be granted if requested by twenty-five persons or by the rules review committee.

(2) The institution shall make every effort to insure that the information on the proposed rule circulated pursuant to subsection (1)(a) of this section accurately reflects the rule to be presented and discussed at any oral hearing on such rule. Where substantial changes in the draft of the proposed rule are made after publication of notice in the register which would render it difficult for interested persons to properly comment on the rule without further notice, new notice of the institution's intended action as provided in subsection (1)(a) of this section shall be required.

(3) The institution shall consider fully all written and oral statements respecting the proposed rule including those addressing the question of whether the proposed rule is within the intent of the legislature as expressed by the statute which the rule implements, and may amend the proposed rule at the oral hearing or adopt the proposed rule, if there are no substantial changes, without refileing the notice required by this section.

(4) No proceeding may be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an institution of higher education giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

(5) No rule adopted under this chapter is valid unless adopted in substantial compliance with this section, unless it is an emergency rule designated as such and is adopted in substantial compliance with RCW 28B.19.040, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 28B.19.040, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

(6) When twenty days notice of intended action to adopt, amend, or repeal a rule has not been filed with the code reviser, as required by subsection (4) of this section, the code reviser may not publish such rule, and such rule may not be effective for any purpose. [1982 c 221 § 7; 1981 c 324 § 12; 1977 ex.s. c 240 § 10; 1971 ex.s. c 57 § 3.]

**28B.19.037 Withdrawal of proposed rules.** (1) A proposed rule may be withdrawn by the proposing institution at any time before adoption. A withdrawn rule may not be adopted unless it is again proposed in accordance with RCW 28B.19.030.

(2) Rules not adopted within one year after publication of the text as last proposed in the register shall be regarded as withdrawn. An institution may not thereafter adopt the text of the rules without filing the text in accordance with RCW 28B.19.030 as now or hereafter amended. The code reviser shall give notice of the withdrawal in the register. [1980 c 186 § 24.]

**Severability—1980 c 186:** See note following RCW 34.04.045.

**28B.19.040 Emergency rule or amendment.** If the institution of higher education finds that immediate adoption or amendment of a rule is necessary for the

preservation of the public health, safety, or general welfare, and the observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest, the institution may dispense with such requirements and adopt the rule or amendment as an emergency rule or amendment. The institution's finding and a concise statement of the reasons for its finding shall accompany the emergency rule or amendment as filed with the code reviser and with the rules review committee. An emergency rule or amendment may not remain in effect for longer than ninety days after filing.

Emergency rules become effective upon filing with the code reviser unless an effective date is specified in the rule. [1981 c 324 § 13; 1977 ex.s. c 240 § 11; 1973 1st ex.s. c 46 § 4; 1971 ex.s. c 57 § 4.]

**28B.19.050 Rules filed—Register of rules—Effective date of rules—Report of compliance.** (1) Any rules adopted after September 1, 1971 shall be filed forthwith with the office of the code reviser. The code reviser shall keep a permanent register of such rules open to public inspection.

(2) Emergency rules adopted under RCW 28B.19.040 shall become effective upon filing. All other rules hereafter adopted shall become effective upon the expiration of thirty days after the date of filing, unless a later date is required by statute or specified in the rule.

(3) The code reviser shall report to each regular session of the legislature during an odd-numbered year on the state of compliance of the institutions of higher education with this section. For this purpose, all institutions of higher education shall supply the code reviser with such information as he may request. [1980 c 87 § 9; 1971 ex.s. c 57 § 5.]

**28B.19.060 Prior rules—Filing—Validity.** Any rules which have been adopted prior to September 1, 1971 shall be filed within six months of that date with the code reviser, who is not authorized to prescribe the form of nor required to publish such rules. Such rules shall not be valid after December 31, 1972, except that they shall continue to be valid for the purpose of proceedings pending as of that date, unless readopted pursuant to this chapter in the form and style of the code reviser: *Provided, however,* That any rules previously adopted and filed in accordance with chapter 34.04 RCW need not be refiled and they shall remain valid as though they had been adopted under this chapter. [1971 ex.s. c 57 § 6.]

**28B.19.070 Compilation, editing, and publication of rules—Removal of unconstitutional rules—Judicial**

**notice.** (1) The code reviser shall as soon as practicable compile, index, and publish in the Washington administrative code all rules adopted pursuant to this chapter by each institution of higher education and remaining in effect.

(2) The code reviser shall publish a register in which he shall set forth the text of all rules filed during the appropriate register publication period.

(3) The code reviser, in his discretion, may omit from publication in the Washington administrative code or the state register those rules the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient, if such rules are made available in printed or processed form on application to the adopting institution of higher education and if the Washington administrative code states the general subject matter of the rules so omitted and states how copies thereof may be obtained.

(4) The code reviser may edit and revise rules for publication, codification, and compilation, without changing the meaning of any such rule, in accordance with the provisions of RCW 28B.19.073.

(5) When a rule, in whole or in part, is declared invalid and unconstitutional by a court of final appeal, the adopting institution shall give notice to that effect in the register. With the consent of the attorney general, the code reviser may remove obsolete rules or parts of rules from the Washington Administrative Code when:

(a) The rules are declared unconstitutional by a court of final appeal; or

(b) The adopting institution ceases to exist and the rules are not transferred by statute to a successor institution.

(6) Judicial notice shall be taken of rules published pursuant to this section. [1980 c 186 § 25; 1971 ex.s. c 57 § 7.]

**Severability—1980 c 186:** See note following RCW 34.04.045.

**28B.19.073 Scope of editing and revision of rules.** Subject to such general policies as may be promulgated by the statute law committee and to the general supervision of the committee, the code reviser shall edit and revise institution rules for consolidation into the Washington Administrative Code, to the extent deemed necessary and desirable by the reviser and without changing the meaning of any such rule, in the following respects only:

(1) Make capitalization uniform with that followed generally in the Washington Administrative Code;

(2) Make chapter or section division and subdivision designations uniform with that followed in the Washington Administrative Code;

(3) Rearrange any misplaced material, incorporate any omitted material as well as correct manifest errors in spelling, manifest clerical or typographical errors, or errors by way of additions or omissions;

(4) Correct manifest errors in references, by chapter or section number, to other laws or rules;

(5) Correct manifest errors or omissions in numbering or renumbering sections of the Washington Administrative Code;

(6) Strike provisions manifestly obsolete. [1980 c 186 § 26.]

**Severability**—1980 c 186: See note following RCW 34.04.045.

**28B.19.077 Format and style of rules amending existing sections, adding new sections—Effect of failure to comply.** (1) Rules promulgated by an institution pursuant to RCW 28B.19.030 or 28B.19.040, as now or hereafter amended, which amend existing sections of the administrative code shall have the words which are amendatory to such existing sections underlined. Any matter to be deleted from an existing section shall be indicated by setting such matter forth in full, enclosed by double parentheses, and such deleted matter shall be lined out with hyphens. In the case of a new section, such shall be designated "NEW SECTION" in upper case type and such designation shall be underlined, but the complete text of the section shall not be underlined. No rule may be forwarded by any institution to the code reviser, nor may the code reviser accept for filing any rule unless the format of such rule is in compliance with the provisions of this section.

(2) Once the rule has been formally adopted by the institution the code reviser need not, except with regard to the register published pursuant to RCW 28B.19.070(2), as now or hereafter amended, include the items enumerated in subsection (1) of this section in the official code.

(3) Any addition to or deletion from an existing code section not filed by the institution in the style prescribed by subsection (1) of this section shall in all respects be ineffectual, and shall not be shown in subsequent publications or codifications of that section unless the ineffectual portion of the rule is clearly distinguished and an explanatory note is appended thereto by the code reviser in accordance with RCW 28B.19.070, as now or hereafter amended, and RCW 28B.19.073. [1980 c 186 § 27.]

**Severability**—1980 c 186: See note following RCW 34.04.045.

**28B.19.080 Implementing regulations of code reviser.** The code reviser may prescribe regulations for carrying out the provisions of this chapter relating to the filing and publication of rules and notices of intention to adopt rules, including the form and style to be employed by the various institutions of higher education in the drafting of such rules and notices. [1971 ex.s. c 57 § 8.]

**28B.19.090 Orders to conform with administrative code style, when.** After the rules of institutions of higher education have been published by the code reviser all institution of higher education orders amending or rescinding such rules, or creating new rules, shall be formulated in accordance with the style, format, and numbering system of the Washington administrative code. [1971 ex.s. c 57 § 9.]

**28B.19.100 Declaratory judgment on validity of rule—Petition for—Grounds for invalidity.** (1) The validity of any rule promulgated by an institution of higher education may be determined upon petition for a declaratory judgment thereon addressed to the superior

court of the county in which the primary office of the institution of higher education is located, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair, the legal rights or privileges of the petitioner. The institution shall be made a party to the proceeding. The declaratory judgment may not be rendered unless the petitioner has first requested the institution to pass upon the validity of the rule in question.

(2) In a proceeding under subsection (1) of this section, the court shall declare the rule invalid only if it finds that it violates constitutional or statutory provision or exceeds the statutory authority of the institution or was adopted without compliance with statutory rule-making procedures established by this chapter. [1971 ex.s. c 57 § 10.]

**28B.19.110 Contested cases—Informal procedure—Formal hearing, when—Request for—Conduct.** (1) The informal procedures heretofore established or hereafter promulgated by rule by institutions of higher education for the disposition of contested cases, may be utilized by institutions, where authorized by the governing boards of the institutions.

(2) Any person who is charged with an offense potentially punishable by suspension, or termination of his relationship with the institution and (a) who elects to waive the opportunity for an informal hearing, or (b) who by his conduct in the judgment of the hearing officer or board makes it impossible to conduct an informal hearing, or (c) who deems himself aggrieved by the disposition of any contested case following an informal proceeding undertaken pursuant to subsection (1) above, may have charges against him adjudicated in a formal hearing pursuant to RCW 28B.19.120: *Provided*, That any request for a formal hearing is directed to the president of the institution or his designee (i) within ten days after notification of the time and place of an informal hearing, or (ii) within five days after communication of the hearing officer or board chairman ruling that it is impossible to conduct an informal hearing for whatever reason, or (iii) within ten days after conclusion of the informal proceeding and notice of the final decision to the party charged with an offense.

(3) Formal procedures established or hereafter promulgated by rule by institutions of higher education for the disposition of contested cases may be utilized by such institutions where authorized by the governing board.

(4) Where a formal hearing is conducted following conclusion or termination of an informal hearing authorized by subsection (1) above, the formal hearing shall be conducted as if the informal hearing had not commenced or taken place. [1973 1st ex.s. c 46 § 5; 1971 ex.s. c 57 § 11.]

**Classification as resident or nonresident student—Standards for determining classification—Cut-off date for application change:** RCW 28B.15.013.

**28B.19.120 Contested cases—Informal procedures—Formal hearings—Notice—Conduct—Record—Scope.** (1) In any contested case where informal procedures authorized by RCW 28B.19.110(1) are not used and where the formal procedures are invoked because of necessity or request in accordance with RCW 28B.19.110(2), or by institutional rule in accordance with RCW 28B.19.110(3), as in section 6, chapter 46, Laws of 1973 1st ex. sess. amended, all parties shall be afforded an opportunity for hearing after not less than ten days' notice. The notice shall include:

- (a) A statement of the time, place, and nature of the proceeding;
- (b) A statement of the legal authority and jurisdiction under which the hearing is to be held;
- (c) A reference to the particular rules of the institution involved;
- (d) A short and plain statement of the matters asserted. If the institution or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon request a more definite and detailed statement shall be furnished.

(2) Hearings may be held or conducted by any officer or committee authorized by the president of any institution of higher education or administrative law judges appointed under chapter 34.12 RCW. The administrative law judge or committee shall determine whether the hearing shall be open to the educational community in which it takes place, or whether particular persons should be permitted in attendance or excluded from attendance.

(3) Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved, and to examine and cross-examine witnesses.

(4) Statements, testimony, and all other evidence given at an informal proceeding authorized pursuant to RCW 28B.19.110(1) shall be confidential and shall not be subject to discovery or released to anyone, including the officer or committee conducting a formal hearing or the parties involved, or used for impeachment purposes, without permission of the person who divulged the information.

(5) Unless precluded by law, informal disposition may also be made of any contested case by stipulation, agreed settlement, consent order, or default, or other established informal procedure.

(6) The record in a contested case shall include:

- (a) All documents, motions, and intermediate rulings;
- (b) Evidence received or considered;
- (c) A statement of matters officially noticed;
- (d) Questions and offers of proof, objections, and rulings thereon;
- (e) Proposed findings and exceptions; and
- (f) Any decision, opinion, or report by the officer or committee chairman presiding at the hearing.

(7) Oral proceedings shall be transcribed if necessary for the purposes of rehearing, or court review. A copy of the record or any part thereof shall be transcribed and furnished to any party to the hearing upon request therefor and payment of the costs thereof.

(8) Findings of fact shall be based exclusively on the evidence and on matters officially noticed.

(9) Each institution shall adopt appropriate rules of procedure for notice and hearing informal contested cases.

(10) Institutions, or their authorized officer, administrative law judge, or committee, may:

- (a) Administer oaths and affirmations, examine witnesses, and receive evidence, and no person may be compelled to divulge information which he could not be compelled to divulge in a court of law;
- (b) Issue subpoenas;
- (c) Take or cause depositions to be taken pursuant to rules promulgated by the institution, and no person may be compelled to divulge information which he could not be compelled to divulge by deposition in connection with a court proceeding;
- (d) Regulate the course of the hearing;
- (e) Hold conferences for the settlement or simplification of the issues by consent of the parties;
- (f) Dispose of procedural requests or similar matters;
- (g) Make decisions or proposals for decisions; and

**Reviser's note:** Reference to section 6, chapter 46, Laws of 1973 1st ex. sess. in first paragraph is in apparent error and a result of amendment to House Bill 234 which struck section 3 of the bill but did not change internal reference in this section, section 6, to reflect deletion of section 3.

**Effective dates—Severability—1981 c 67:** See notes following RCW 34.12.010.

**Severability—1973 1st ex.s. c 46:** See note following RCW 28B.10.704.

**Severability—Effective dates—1971 ex.s. c 57:** See notes following RCW 28B.19.010.

**28B.19.130 Contested cases—Subpoena power—Witness fees and expenses.** (1) In any contested case institutions of higher education and their officers or agents conducting hearings:

- (a) Shall issue a subpoena upon the request of any party and, to the extent required by institution rule, upon a statement showing general relevance and reasonable scope of the evidence sought; and
  - (b) May issue a subpoena upon their own motion.
- (2) The subpoena powers created by this section shall be state-wide in effect.
- (3) Fees and allowances, and the cost of producing records required to be produced by institution subpoena, shall be paid by the party requesting the issuance of the subpoena.

(4) If an individual fails to obey a subpoena, or obeys a subpoena but refuses to testify when requested concerning any matter under examination or investigation at the hearing, the institution issuing the subpoena may petition the superior court of the county where the hearing is being conducted for enforcement of the subpoena. The petition shall be accompanied by a copy of the subpoena and proof of service, and shall set forth in what specific manner the subpoena has not been complied with, and shall ask an order of the court to compel the

witness to appear and testify before the hearing body. The court upon such petition shall enter an order directing the witness to appear before the court at a time and place to be fixed in such order and then and there to show cause why he has not responded to the subpoena or has refused to testify. A copy of the order shall be served upon the witness. If it appears to the court that the subpoena was properly issued and that the particular questions which the witness refuses to answer are reasonable and relevant, the court shall enter an order that the witness appear at the time and place fixed in the order and testify or produce the required papers, and on failing to obey said order the witness shall be dealt with as for contempt of court. The court may, in its discretion, require an institution or party to pay fees and allowances for witnesses in the same manner and under the same conditions as provided for witnesses in the courts of this state by chapter 2.40 RCW and RCW 5.56.010, as now or hereafter amended. [1971 ex.s. c 57 § 13.]

**28B.19.140 Contested cases—Restrictions upon hearing officer or committee.** Except upon notice and opportunity for all parties to be present or to the extent required for the disposition of ex parte matters as authorized by law, no institution officer or committee conducting a hearing in a contested case or preparing a decision, or proposal for decision, shall consult with any person or party on any issue of fact or law in the proceeding, except that in analyzing and appraising the record for decision any hearing officer or committee may (1) consult with officials of the institution making the decision appealed from, (2) have the aid and advice of one or more personal assistants, (3) have the assistance of other employees of the institution who have not participated in the proceeding in any manner and who are not engaged for the institution in any investigative functions in the same or any current factually related case and who are not engaged for the institution in any prosecutory functions. [1971 ex.s. c 57 § 14.]

**28B.19.150 Contested cases—Appeal from final decision in formal proceeding.** (1) Any party, including the institution involved, aggrieved by a final decision in a contested case where formal proceeding has been utilized, whether such decision is affirmative or negative in form, is entitled to judicial review thereof only under the provisions of this chapter, and such party may not use any other procedure to obtain judicial review of a final decision, even though another procedure is provided elsewhere by a special statute or a statute of general application. Where the institution's rules provide a procedure for rehearing or reconsideration, and that procedure has been invoked, the decision shall not be final until action has been taken thereon.

(2) Proceedings for review under this chapter shall be instituted by filing a petition in the superior court in the county wherein the primary office of the institution involved is located. All petitions shall be filed, together with an appropriate cost bond securing payment of costs necessary to prepare the record, within thirty days after the service of the final decision by the institution. Copies

of the petition shall be served upon the institution or related board and all other parties of record.

(3) The filing of the petition shall not stay enforcement of the decision being appealed. Where other statutes provide for stay or supersedeas of a decision, it may be stayed by the institution or the reviewing court only as provided therein; otherwise the institution may do so, or the reviewing court may order a stay upon such terms as it deems proper.

(4) Within thirty days after service of the petition, or within such further time as the court may allow, the institution shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review; but, by stipulation of all parties to the review proceedings, the record may be shortened. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require a [or] permit subsequent corrections or additions to the record when deemed desirable.

(5) The review shall be conducted by the court without a jury and shall be confined to the record, except that in cases of alleged irregularities in procedure before the institution now [not] shown in the record, testimony thereon may be taken in the court. The court shall, upon request, hear oral argument and receive written briefs.

(6) The court may affirm the decision appealed from, or remand the case for further proceedings; or it may reverse the decision if the substantial rights of the petitioners may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(a) In violation of any state or federal constitutional provision; or

(b) In excess of the statutory authority or jurisdiction of the institution; or

(c) Made upon unlawful procedure; or

(d) Affected by other error of law; or

(e) Clearly erroneous in view of the entire record as submitted and the public policy contained in the act of the legislature authorizing the decision or order; or

(f) Arbitrary or capricious. [1971 ex.s. c 57 § 15.]

**28B.19.160 Committee review and objection procedure—Proposed rules—Notice upon objection.** Whenever a majority of the members of the rules review committee determines that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, the committee shall give the affected institution written notice of its decision. The notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 28B.19.030(1)(a)(iii) as now or hereafter amended. The notice shall include a statement of the review committee's findings and the reasons therefor. [1981 c 324 § 14.]

**Legislative affirmation—Severability—1981 c 324:** See notes following RCW 34.04.010.

**28B.19.163 Committee review and objection procedure—Existing rules—Notice upon objection—Hearing by institution, notice of.** (1) All rules required

to be filed pursuant to RCW 28B.19.050, and emergency rules adopted pursuant to RCW 28B.19.040 as now or hereafter amended, are subject to selective review by the legislature.

(2) If the rules review committee finds by a majority vote of its members at a meeting: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, or (b) that the rule has not been adopted in accordance with all applicable provisions of law, the institution affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the review committee's notice, the institution shall file notice of a hearing on the rule in question with the code reviser and mail notice to all persons who have made timely request of the institution for advance notice of its rule-making proceedings as provided in RCW 28B.19.030 as now or hereafter amended. The institution's notice shall include the review committee's findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

(3) The institution shall consider fully all written and oral submissions respecting whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements and whether the rule was adopted in accordance with all applicable provisions of law. [1981 c 324 § 15.]

**Legislative affirmation—Severability—1981 c 324:** See notes following RCW 34.04.010.

**28B.19.165 Committee review and objection procedure—Action of objection subsequent to institution hearing—Publication of notice of objection, reasons therefor—Removal, when.** (1) Within seven days of an institution hearing held after notification of the institution by the rules review committee pursuant to RCW 28B.19.160 or 28B.19.163, the affected institution shall notify the committee of its action regarding a proposed or existing rule to which the committee objected. If the rules review committee determines by a majority vote of its members that the institution has failed to provide for the required hearings or notice of its action to the committee, the committee may file notice of its objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.

(2) If the rules review committee finds by a majority vote of its members that the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the institution so as to conform with the intent of the legislature, the rules review committee may, within thirty days from notification by the institution of its action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the institution by the rules review committee.

(3) The code reviser shall publish the review committee's notice of objection and statement of the reasons therefor issued pursuant to subsection (1) or (2) of this

section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the committee's objection and to the issue of the Washington state register in which the full text thereof appears.

(4) Such notice shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committee. [1981 c 324 § 16.]

**Legislative affirmation—Severability—1981 c 324:** See notes following RCW 34.04.010.

**28B.19.168 Committee review and objection procedure—Not presumption as to legality or constitutionality.** It is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of objection required by RCW 28B.19.163(2) and 28B.19.165(2) in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules. [1981 c 324 § 17.]

**Legislative affirmation—Severability—1981 c 324:** See notes following RCW 34.04.010.

**28B.19.200 Parts of chapter conflicting with federal requirements deemed inoperative.** If any part of this chapter shall be found to be in conflict with federal requirements which are a condition precedent to the allocation of federal funds to the state or to an institution of higher education, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict and with respect to the institutions directly affected, and such findings or determination shall not affect the operation of the remainder of this chapter in its application to other institutions. [1971 ex.s. c 57 § 16.]

**28B.19.210 Short title.** RCW 28B.19.010 through 28B.19.150 and 28B.19.200 shall be referred to as the State Higher Education Administrative Procedure Act. [1971 ex.s. c 57 § 20.]

**28B.19.300 Negotiations by academic personnel—Community college districts, state higher education administrative procedure act not to affect.** See RCW 28B.52.100.

**28B.50.020 Purpose.** The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational training, by creating a new, independent system of community colleges which will:

(1) Offer an open door to every citizen, regardless of his academic background or experience, at a cost normally within his economic means;

(2) Ensure that each community college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining, with equal emphasis, high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education;

(3) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;

(4) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and

(5) Establish firmly that community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges. [1977 ex.s. c 282 § 1.]

**Reviser's note:** Phrase "the effective date of this 1977 amendatory act": Except for RCW 28B.50.100 and 28B.50.101 which were effective January 1, 1978, (see note following RCW 28B.50.100) the effective date of 1977 ex.s. c 282 (RCW 28B.50.870, 28B.50.090, 28B.50.140, 28B.50.300, 28B.50.860 and to the repeal of RCW 28B.50.570, 28B.50.590, 28B.50.750 and 28B.56.060) was September 21, 1977.

**Severability—1977 ex.s. c 282:** "If any provision of this 1977 amendatory act, or its application to any person or circumstance is

**28B.50.873 Reduction in force of tenured or probationary faculty members due to financial emergency—Conditions—Procedure—Rights.** The state board for community college education may declare a financial emergency under the following conditions: (1) Reduction of allotments by the governor pursuant to RCW 43.88.110(2), or (2) reduction by the legislature from one biennium to the next or within a biennium of appropriated funds based on constant dollars using the implicit price deflator. When a district board of trustees determines that a reduction in force of tenured or probationary faculty members may be necessary due to financial emergency as declared by the state board, written notice of the reduction in force and separation from employment shall be given the faculty members so affected by the president or district president as the case may be. Said notice shall clearly indicate that separation is not due to the job performance of the employee and hence is without prejudice to such employee and need only state in addition the basis for the reduction in force as one or more of the reasons enumerated in subsections (1) and (2) of this section.

Said tenured or probationary faculty members will have a right to request a formal hearing when being dismissed pursuant to subsections (1) and (2) of this section. The only issue to be determined shall be whether under the applicable policies, rules or collective bargaining agreement the particular faculty member or members advised of severance are the proper ones to be terminated. Said hearing shall be initiated by filing a written request therefor with the president or district president, as the case may be, within ten days after issuance of such notice. At such formal hearing the tenure review committee provided for in RCW 28B.50.863 may observe the formal hearing procedure and after the conclusion of such hearing offer its recommended decision for consideration by the hearing officer. Failure to timely request such a hearing shall cause separation from service of such faculty members so notified on the effective date as stated in the notice, regardless of the duration of any individual employment contract.

Said hearing shall be a formal hearing pursuant to RCW 28B.19.120 conducted by a hearing officer appointed by the board of trustees and shall be concluded by the hearing officer within sixty days after written notice of the reduction in force has been issued. Ten days written notice of the formal hearing will be given to faculty members who have requested such a hearing by the president or district president as the case may be. The hearing officer within ten days after conclusion of such formal hearing shall prepare findings, conclusions of law and a recommended decision which shall be forwarded to the board of trustees for its final action thereon. Any such determination by the hearing officer under this section shall not be subject to further tenure review committee action as otherwise provided in this chapter.

Notwithstanding any other provision of this section, at the time of a faculty member or members request for formal hearing said faculty member or members may ask for participation in the choosing of the hearing officer in the manner provided in RCW 28A.58.455(4), said employee therein being a faculty member for the purposes hereof and said board of directors therein being the board of trustees for the purposes hereof: *Provided*, That where there is more than one faculty member affected by the board of trustees' reduction in force such faculty members requesting hearing must act collectively in making such request: *Provided further*, That costs incurred for the services and expenses of such hearing officer shall be shared equally by the community college and the faculty member or faculty members requesting hearing.

When more than one faculty member is notified of termination because of a reduction in force as provided in this section, hearings for all such faculty members requesting formal hearing shall be consolidated and only one such hearing for the affected faculty members shall be held, and such consolidated hearing shall be concluded within the time frame set forth herein.

Separation from service without prejudice after formal hearing under the provisions of this section shall become effective upon final action by the board of trustees.

It is the intent of the legislature by enactment of this section and in accordance with RCW 28B.52.035, to modify any collective bargaining agreements in effect, or any conflicting board policies or rules, so that any reductions in force which take place after December 21, 1981, whether in progress or to be initiated, will comply solely with the provisions of this section: *Provided*, That any applicable policies, rules, or provisions contained in a collective bargaining agreement related to lay-off units, seniority and re-employment rights shall not be affected by the provisions of this paragraph.

Nothing in this section shall be construed to affect the right of the board of trustees or its designated appointing authority not to renew a probationary faculty appointment pursuant to RCW 28B.50.857. [1981 2nd ex.s. c 13 § 1.]

**Severability—1981 2nd ex.s. c 13:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 2nd ex.s. c 13 § 3.] This applies to RCW 28B.50.873.

**28B.50.875 Laboratory services for the analyzing of samples, public agencies may contract with college for.** Local law enforcement agencies or such other public agencies that shall be in need of such service may contract with any community college for laboratory services for the analyzing of samples that chemists associated with such community colleges may be able to perform under such terms and conditions as the individual community college may determine. [1969 ex.s. c 261 § 35. Formerly RCW 28.85.875.]

**28B.50.910 Severability**—1969 ex.s. c 223. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1972 ex.s. c 133 § 7.]

This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30 of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1 of each year, the state treasurer shall deposit such amount in the community college capital improvements bond redemption fund of 1972 from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be retail sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

Prior to the adoption of the state plan, the commission shall request comments from the higher education coordinating board and the advisory council for vocational education.

(2) State plan modification adjudication. Decisions on new programs and/or facilities for vocational education shall be made internally within the respective secondary or postsecondary education system in accordance with the provisions of the state plan. The commission may review such decisions to insure compliance with the state

plan and avoid unnecessary duplication of current or projected programs.

Any common school or community college district, or the superintendent of public instruction, or the state board for community college education, or other interested parties as authorized by the commission, shall be afforded the opportunity to comment upon any new programs or facilities proposed. The commission, subject to dispute resolution rules adopted by said commission, shall have the final determination on any disputes arising out of such program proposals.

In adjudicating disputes between the two secondary and postsecondary education systems regarding the state plan, the commission will use at least the following criteria: Recognition that secondary education is constitutionally the responsibility of the superintendent of public instruction and that by legislative action postsecondary education is the responsibility of institutions of higher education; adhere to the general policy set forth in the state plan; consider the particular vocational need of the community, region, or state and whether the common school or community college, or both, can best respond to those needs; encourage cooperation and coordination rather than competition and program conflict between secondary and postsecondary education systems; consider the desires and preferences of the residents of the immediate program service area and of the representatives of the fields of management, labor, and agriculture which benefit from possible program offerings; and avoid unnecessary duplication of vocational education programs and facilities.

(3) Vocational education administration. The commission shall be the sole agency for the receipt and allocation of federal funds in accordance with the state plan. The supervision of the state plan shall be carried out by the commission; however, daily administration of the state plan shall be primarily the responsibility of the superintendent of public instruction and the state board for community college education. *Provided*, That the commission shall review and approve state plan development proposals or special programs requiring personal service contracts, and activities beyond the program responsibilities of the superintendent of public instruction and the state board for community college education.

Under the state plan the commission shall make periodic compliance audits at least once a biennium of the vocational education programs individually and jointly conducted by the common schools and community colleges to insure compliance with the state plan.

The commission shall be the primary state liaison with the federal government for the state plan for vocational education.

(4) Fire service training program. The commission may accept any and all donations, grants, bequests, and devices, conditional or otherwise, or money, property, service, or other things of value which may be received from the United States or any agency thereof, any governmental agency, any institution, person, firm, or corporation, public and private, to be held, used, or applied for the purposes of the fire service training program established in \*RCW 28C.04.140.

(a) To collect and disseminate to interested individuals, in cooperation with and through any agencies of federal, state, and municipal government, information concerning areas of present and projected employment need, programs of skills training and education consistent therewith, and any other relevant information;

(b) To apply for, utilize, and accept grants from other federal, state, and local agencies for the purposes of matching requirements and to facilitate the purposes of RCW 28C.04.420 through 28C.04.480;

(c) To help identify, upon the request of business and industry, those educational institutions which could provide the training services sought by business and industry and to identify any existing programs which could serve the particular needs of business and industry;

(d) To provide job skills grants to educational institutions to facilitate the development of programs of job skills training and education consistent with employment needs;

(e) To work cooperatively with the employment security department to enhance and update the state's occupational information system and the state's career information system;

(f) To adopt rules to carry out its powers and duties for the job skills program. [1985 c 370 § 89; 1983 1st ex.s. c 21 § 3; 1975 1st ex.s. c 174 § 4.]
