Good afternoon,

I am a TRS Plan 1 retiree. I am appreciative of the COLA to be implemented this year.

I am writing to ask that you consider a cost of living appropriation for TRS Plan One members that is adjusted annually to reflect inflation's impact on purchasing power.

Your reviews and recommendations are critical to the Legislature authorizing such a continual COLA Policy for TRS1. Other educator plans and other state employees have the benefit of annual COLAs. My personal buying power has continued to be reduced because of the lack of annual cost of living increases to my retirement benefit.

Fellow retired TRS Plan 1 members that retired twenty and thirty years ago are suffering with only the benefit of a periodic COLA.

Thank you,

Bill
