Subject: TRS Plan one Increase 2023 & 2024

CAUTION: External email.

In your recommendation for a Pension increase for TRS Plan 1 for next year I really would appreciate a 4% increase for 2023 and 2024 as inflation is really affecting my purchasing power. My utility bill is already scheduled for a large increase in January and my property tax is also increasing. This doesn't even include my every day groceries and gas.

Thank you for your consideration.
