(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury -Imposed by the Court

(l) The current offense is trafficking in the first or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.94A.729 and 2011 1st sp.s. c 40 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. The department may approve a jail certification from a correctional agency that calculates earned release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(c) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (c)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(d) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(c) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(c) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. ~~((The))~~

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of section 2 of this act. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall ~~((include, concurrent with the data that the department otherwise obtains and records, the housing status of the offender for the duration of the offender's supervision))~~ gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

NEW SECTION. Sec. 2. A new section is added to chapter 72.09 RCW to read as follows:

(1) A housing provider may be placed on a list with the department to receive rental vouchers under RCW 9.94A.729 in accordance with the provisions of this section.

(2) For living environments with between four and eight beds, or a greater number of individuals if permitted by local code, the department shall provide transition support that verifies an offender is participating in programming or services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, development of positive living skills, or employment programming. In addition, when selecting housing providers, the department shall consider the compatibility of the proposed offender housing with the surrounding neighborhood and underlying zoning. The department shall adopt procedures to limit the concentration of housing providers who provide housing to sex offenders in a single neighborhood or area.

(3)(a) The department shall provide the local law and justice council, county sheriff, or, if such housing is located within a city, a city's chief law enforcement officer with notice anytime a housing provider or new housing location requests to be or is added to the list within that county.

(b) The county or city local government may provide the department with a community impact statement which includes the number and location of other special needs housing in the neighborhood and a review of services and supports in the area to assist offenders in their transition. If a community impact statement is provided to the department within ten business days of the notice of a new housing provider or housing location request, the department shall consider the community impact statement in determining whether to add the provider to the list and, if the provider is added, shall include the community impact statement in the notice that a provider is added to the list within that county.

(4) If a certificate of inspection, as provided in RCW 59.18.125, is required by local regulation and the local government does not have a current certificate of inspection on file, the local government shall have ten business days from the later of (a) receipt of notice from the department as provided in subsection (3) of this section; or (b) from the date the local government is given access to the dwelling unit to conduct an inspection or reinspection to issue a certificate. This section is deemed satisfied if a local government does not issue a timely certificate of inspection.

(5)(a) If, within ten business days of receipt of a notice from the department of a new location or new housing provider, the county or city determines that the housing is in a neighborhood with an existing concentration of special needs housing, including but not limited to offender reentry housing, retirement homes, assisted living, emergency or transitional housing, or adult family homes, the county or city may request that the department program administrator remove the new location or new housing provider from the list.

(b) This subsection does not apply to housing providers approved by the department to receive rental vouchers on the effective date of this section.

(6) The county or city may at any time request a housing provider be removed from the list if it provides information to the department that:

(a) It has determined that the housing does not comply with state and local fire and building codes or applicable zoning and development regulations in effect at the time the housing provider first began receiving housing vouchers; or

(b) The housing provider is not complying with the provisions of this section.

(7) After receiving a request to remove a housing provider from the county or city, the department shall immediately notify the provider of the concerns and request that the provider demonstrate that it is in compliance with the provisions of this section. If, after ten days' written notice, the housing provider cannot demonstrate to the department that it is in compliance with the reasons for the county's or city's request for removal, the department shall remove the housing provider from the list.

(8) A housing provider who provides housing pursuant to this section is not liable for civil damages arising from the criminal conduct of an offender to any greater extent than a regular tenant, and no special duties are created under this section."

Where the officer has reasonable grounds to believe that the person is under the influence of a drug, or where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample, or where the person is being

(2) A person's refusal to submit to a test or tests pursuant to RCW 79A.60.040 constitutes a class 1 civil infraction under RCW 7.80.120.

Sec. 3. RCW 7.80.120 and 2003 c 365 s 3 and 2003 c 337 s 4 are each reenacted and amended to read as follows:

If the person is unable to pay at that time the court may grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment, the court may proceed to collect the penalty in the same manner as other civil judgments and may notify the prosecuting authority of the failure to pay.

(4) The court may also order a person found to have committed a civil infraction to make restitution.

Sec. 4. RCW 10.31.100 and 2010 c 274 s 201 are each amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through ~~((4))~~ (11) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross

misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

(a) An order has been issued of which the person has knowledge under RCW 26.44.063, or chapter 7.90, 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 RCW restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person; or

(b) A foreign protection order, as defined in RCW 26.52.010, has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime; or

(c) The person is sixteen years or older and within the preceding four hours has assaulted a family or household member as defined in RCW 10.99.020 and the officer believes: (i) A felonious assault has occurred; (ii) an assault has occurred which has resulted in bodily injury to the victim, whether the injury is observable by the responding officer or not; or (iii) that any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that family or household members have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (i) The intent to protect victims of domestic violence under RCW 10.99.010; (ii) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (iii) the history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

(2) Assault in the third degree is a class C felony.

Sec. 2. RCW 9.94A.535 and 2011 c 87 s 1 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or

concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(i) The defendant was making a good faith effort to obtain or provide medical assistance for someone who is experiencing a drug-related overdose.

(j) The current offense involved domestic violence, as defined in RCW 10.99.020, and the defendant suffered a continuing pattern of coercion, control, or abuse by the victim of the offense and the offense is a response to that coercion, control, or abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury -Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

Prime Sponsor, Committee on Ways & Means: Improving the business climate and stimulating job creation by requiring certain agencies to establish a formal review process of existing rules. Reported by Committee on Government Operations & Elections

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that regulatory processes impose significant costs on doing business and significantly influence investment behavior, location decisions, start-up activity, expansions, and hiring. The legislature further finds that, for more than a decade, the executive and legislative branches have called upon state agencies to review their regulations to achieve meaningful regulatory reform and improve the regulatory climate for Washington businesses. However, a 2012 performance audit conducted by the state auditor's office found that the departments of ecology, health, and labor and industries have not adopted sufficient streamlining processes or formally measured the results of their streamlining activities. Thus, it is the intent of the legislature to formally direct these three state agencies to achieve the regulatory reform that has been repeatedly called for by the governor and the legislature.

NEW SECTION. Sec. 2. A new section is added to chapter 43.21A RCW to read as follows:

The department of ecology must establish a continuous, formal review process of its rules. The review must be based on a prioritized work plan and must include rules relating to licenses, permits, and inspections. The review must identify rules that can be simplified, amended, or repealed with a goal to reduce the regulatory burden on businesses without compromising the public health or safety. Performance measures must be adopted to assess the effectiveness of streamlining efforts. The department must establish a process for effectively applying sunset provisions to rules when applicable. The department must present an update to the applicable committees of the legislature regarding its review process, performance measures, and accomplishments of its streamlining efforts by January 2014, and every other year thereafter.

NEW SECTION. Sec. 3. A new section is added to chapter 43.22 RCW to read as follows:

The department of labor and industries must establish a continuous, formal review process of its rules. The review must be

based on a prioritized work plan and must include rules relating to licenses, permits, and inspections. The review must identify rules that can be simplified, amended, or repealed with a goal to reduce the regulatory burden on businesses without compromising the public health or safety. Performance measures must be adopted to assess the effectiveness of streamlining efforts. The department must establish a process for effectively applying sunset provisions to rules when applicable. The department must present an update to the applicable committees of the legislature regarding its review process, performance measures, and accomplishments of its streamlining efforts by January 2014, and every other year thereafter.

NEW SECTION. Sec. 4. A new section is added to chapter 43.70 RCW to read as follows:

The department of health must establish a continuous, formal review process of its rules. The review must be based on a prioritized work plan and must include rules relating to licenses, permits, and inspections. The review must identify rules that can be simplified, amended, or repealed with a goal to reduce the regulatory burden on businesses without compromising the public health or safety. Performance measures must be adopted to assess the effectiveness of streamlining efforts. The department must establish a process for effectively applying sunset provisions to rules when applicable. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, and address by hundred block.

(ii) For level II offenders, and level I sex offenders during the time they are out of compliance with registration requirements under RCW 9A.44.130, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(iii) For kidnapping offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6)(a) Local law enforcement agencies ((that disseminate information pursuant to this section)) responsible for the registration and dissemination of information regarding offenders required to register under RCW 9A.44.130 shall assign a risk level classification to all offenders after consideration of: ((a) Review) (i) Any available risk level classifications ((made)) provided by the department of corrections, the department of social and health services, and the indeterminate sentence review board; ((b) assign risk level classifications to all offenders about whom information will be disseminated) (ii) the agency's own application of an empirically validated or generally accepted risk assessment tool as scored by staff trained in the use of that tool; and (iii) other information and aggravating or mitigating factors known to the agency and deemed rationally related to the risk posed by the offender to the community at large.

(b) A sex offender shall be classified as a risk level I if his or her risk assessment and other information or factors deemed relevant by the local law enforcement agency indicate he or she is a low risk offender within the community at large. A sex offender shall be classified as a risk level II if his or her risk assessment and other information or factors deemed relevant by the local law enforcement agency indicate he or she is a moderate risk offender within the community at large. A sex offender shall be classified as a risk level III if his or her risk assessment and other information or factors deemed relevant by the local law enforcement agency indicate he or she is a high risk offender within the community at large.

(c) The agency shall make a good faith effort to notify the public and residents within a reasonable period of time after the offender registers with the agency.

(d) The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided

under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee ~~((or the department of social and health services))~~ at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee ~~((or the department of social and health services))~~ and the Washington state patrol and submit its reasons supporting the change in classification.

Failure to provide such assistance shall not constitute a defense for any violation of this section.

When a person required to register under this section is in the custody of the state department of corrections and has been approved for partial confinement as defined in RCW 9.94A.030, the person must register at the time of transfer to partial confinement with the official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county in which the offender is in partial confinement. The offender must also register within three business days from the time of the termination of partial confinement or release from confinement with the county sheriff for the county of the person's residence. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991,

are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence.

(iii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within three business days from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register within three business days of being sentenced.

(v) **OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.** Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes for offenses committed before, on, or after February 28, 1990, or Washington state for offenses committed before, on, or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or

Washington state for offenses committed before, on, or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within three business days of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within three business days from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within three business days of receiving notice of this registration requirement.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than three business days after entering the county and provide the information required in subsection (2)(a) of this section.

(viii) **OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION.** Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) **OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE.** Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within three business days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within three business days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of RCW 9A.44.132, or arraignment on charges for a violation of RCW 9A.44.132, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under RCW 9A.44.132 who asserts as a defense the lack of notice of the duty to register shall register within three business days following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (3)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(4)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff within three business days of moving.

(b) If any person required to register pursuant to this section moves to a new county, the person must register with that county sheriff within three business days of moving. Within three business days, the person must also provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(5)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within three business days after ceasing to have a fixed residence. The notice shall include the information required by subsection (2)(a) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within three business days of ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (3)(a)(vii) or (viii) and (5) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(6) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within three business days of the entry of the order.

(7) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a

county sheriff, or law enforcement agency, for failing to release information authorized under this section.

Sec. 4. RCW 9A.44.132 and 2011 c 337 s 5 are each amended to read as follows:

(1) A person commits the crime of failure to register as a sex offender if the person has a duty to register under RCW 9A.44.130 for a felony sex offense and knowingly fails to comply with any of the requirements of RCW 9A.44.130.

The failure to register as a sex offender under this subsection is a gross misdemeanor.

(3) A person commits the crime of failure to register as a kidnapping offender if the person has a duty to register under RCW 9A.44.130 for a kidnapping offense and knowingly fails to comply with any of the requirements of RCW 9A.44.130.

(a) If the person has a duty to register for a felony kidnapping offense, the failure to register as a kidnapping offender is a class C felony.

(b) If the person has a duty to register for a kidnapping offense other than a felony, the failure to register as a kidnapping offender is a gross misdemeanor.

(4) Unless relieved of the duty to register pursuant to RCW 9A.44.141 and 9A.44.142, a violation of this section is an ongoing offense for purposes of the statute of limitations under RCW 9A.04.080.

(3) For a person convicted in this state of a class C felony, a violation of RCW 9.68A.090 or 9A.44.096, or an attempt, solicitation, or conspiracy to commit a class C felony, and the person does not have one or more prior convictions for a sex offense or kidnapping offense (~~and the person's current offense is not listed in RCW 9A.44.142(5))~~), the duty to register shall end ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent ten consecutive years

Sec. 10. RCW 9.94A.030 and 2012 c 143 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(13) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

(a) To gain admission, prestige, or promotion within the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

The officer shall warn the person that if the person refuses to take the test, the person will be issued a class 1 civil infraction under RCW 7.80.120.

(6) A violation of subsection (1) of this section is a misdemeanor(~~, punishable as provided under RCW 9.92.030~~). A violation of subsection (2) of this section is a gross misdemeanor. In addition to the statutory penalties imposed, the court may order the defendant to pay restitution for any damages or injuries resulting from the offense.

NEW SECTION. Sec. 2. A new section is added to chapter 79A.60 RCW to read as follows:

(1) The refusal of a person to submit to a test of the alcohol concentration, THC concentration, or presence of any drug in the person's blood or breath is not admissible into evidence at a subsequent criminal trial.

(2) A person's refusal to submit to a test or tests pursuant to RCW 79A.60.040 constitutes a class 1 civil infraction under RCW 7.80.120.

Sec. 3. RCW 7.80.120 and 2003 c 365 s 3 and 2003 c 337 s 4 are each reenacted and amended to read as follows:

(1) A person found to have committed a civil infraction shall be assessed a monetary penalty.

(a) The maximum penalty and the default amount for a class 1 civil infraction shall be two hundred fifty dollars, not including statutory assessments, except for an infraction of state law involving (i) potentially dangerous litter as specified in RCW 70.93.060(4) ~~((and an infraction of state law involving))~~ or violent video or computer games under RCW 9.91.180, in which case the maximum penalty and default amount is five hundred dollars; or (ii) a person's refusal to submit to a test or tests pursuant to RCW 79A.60.040 and section 2 of this act, in which case the maximum penalty and default amount is one thousand dollars;

(b) The maximum penalty and the default amount for a class 2 civil infraction shall be one hundred twenty-five dollars, not including statutory assessments;

(c) The maximum penalty and the default amount for a class 3 civil infraction shall be fifty dollars, not including statutory assessments; and

(d) The maximum penalty and the default amount for a class 4 civil infraction shall be twenty-five dollars, not including statutory assessments.

(2) The supreme court shall prescribe by rule the conditions under which local courts may exercise discretion in assessing fines for civil infractions.

(3) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the person is unable to pay at that time the court may grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment, the court may proceed to collect the penalty in the same manner as other civil judgments and may notify the prosecuting authority of the failure to pay.

(4) The court may also order a person found to have committed a civil infraction to make restitution.

Sec. 4. RCW 10.31.100 and 2010 c 274 s 201 are each amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a

person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through ~~((4))~~ (11) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

(a) An order has been issued of which the person has knowledge under RCW 26.44.063, or chapter 7.90, 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 RCW restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person; or

(b) A foreign protection order, as defined in RCW 26.52.010, has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime; or

(c) The person is sixteen years or older and within the preceding four hours has assaulted a family or household member as defined in RCW 10.99.020 and the officer believes: (i) A felonious assault has occurred; (ii) an assault has occurred which has resulted in bodily injury to the victim, whether the injury is observable by the responding officer or not; or (iii) that any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that family or household members have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (i) The intent to protect victims of domestic violence under RCW 10.99.010; (ii) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (iii) the history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

(3) Any police officer having probable cause to believe that a person has committed or is committing a violation of any of the following traffic laws shall have the authority to arrest the person:

(a) RCW 46.52.010, relating to duty on striking an unattended car or other property;

(b) RCW 46.52.020, relating to duty in case of injury to or death of a person or damage to an attended vehicle;

(e) RCW 46.20.342, relating to driving a motor vehicle while operator's license is suspended or revoked;

(f) RCW 46.61.5249, relating to operating a motor vehicle in a negligent manner.

(4) A law enforcement officer investigating at the scene of a motor vehicle accident may arrest the driver of a motor vehicle involved in the accident if the officer has probable cause to believe that the driver has committed in connection with the accident a violation of any traffic law or regulation.

(5)(a) A law enforcement officer investigating at the scene of a motor vessel accident may arrest the operator of a motor vessel involved in the accident if the officer has probable cause to believe that the operator has committed, in connection with the accident, a criminal violation of chapter 79A.60 RCW.

(b) A law enforcement officer investigating at the scene of a motor vessel accident may issue a citation for an infraction to the operator of a motor vessel involved in the accident if the officer has probable cause to believe that the operator has committed, in connection with the accident, a violation of any boating safety law of chapter 79A.60 RCW.

(6) Any police officer having probable cause to believe that a person has committed or is committing a violation of RCW 79A.60.040 shall have the authority to arrest the person.

~~((6))~~ (7) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

~~((7))~~ (8) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

~~((8))~~ (9) A police officer may arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that an order has been issued of which the person has knowledge under chapter 10.14 RCW and the person has violated the terms of that order.

~~((9))~~ (10) Any police officer having probable cause to believe that a person has, within twenty-four hours of the alleged violation, committed a violation of RCW 9A.50.020 may arrest such person.

~~((10))~~ (11) A police officer having probable cause to believe that a person illegally possesses or illegally has possessed a firearm or other dangerous weapon on private or public elementary or secondary school premises shall have the authority to arrest the person.

For purposes of this subsection, the term "firearm" has the meaning defined in RCW 9.41.010 and the term "dangerous weapon" has the meaning defined in RCW 9.41.250 and 9.41.280(1) (c) through (e).

~~((11))~~ (12) Except as specifically provided in subsections (2), (3), (4), and ~~((6))~~ (7) of this section, nothing in this section extends or otherwise affects the powers of arrest prescribed in Title 46 RCW.

~~((12))~~ (13) No police officer may be held criminally or civilly liable for making an arrest pursuant to subsection (2) or ~~((8))~~ (9) of this section if the police officer acts in good faith and without malice.

NEW SECTION. Sec. 5. A new section is added to chapter 79A.60 RCW to read as follows:

(1) No person who has vessels for hire, or the agent or employee thereof, shall rent, lease, charter, or otherwise permit the use of a vessel, unless the person:

(3) As provided in RCW 79A.60.020, a violation of this section is a civil infraction punishable under chapter 7.84 RCW, unless:

(a) The violation is a violation of RCW 88.02.550, which is punished as a class 2 civil infraction; or

(b) The current violation is the person's third violation of the same provision of this chapter during the past three hundred sixty-five days. If it is the person's third violation, then it must be punished as a misdemeanor under RCW 9.92.030.

Sec. 6. RCW 79A.60.150 and 1993 c 244 s 13 are each amended to read as follows:

If ((an infraction is issued under this chapter because a vessel does not contain the required equipment and if the operator is not the owner of the vessel, but is operating the vessel with the express or implied permission of the owner, then either or both operator or owner may be cited for the infraction)) a vessel does not contain the safety equipment required under this chapter and the rules of the commission, and the operator is not the owner of the vessel but is operating the vessel with the express or implied permission of the owner, then either the owner or the operator, or both, may be cited for the applicable infraction or charged with the applicable crime."

"NEW SECTION. Sec. 1. A new section is added to chapter 70.128 RCW to read as follows:

(1) The protection of vulnerable residents living in adult family homes and other long-term care facilities in the state is a matter of ongoing concern and grave importance. In 2011, the legislature examined problems with the quality of care and oversight of adult family homes in Washington. The 2011 legislature passed Engrossed Substitute House Bill No. 1277 to address some of these issues, and in addition, created an adult family home quality assurance panel, chaired by the state long-term care ombudsman, to meet and make recommendations to the governor and legislature by December 1, 2012, for further improvements in adult family home care and the oversight of the homes by the department of social and health services.

(2) The legislature recognizes that significant progress has been made over the years in adult family home care, and that many adult family homes provide high quality care and are the preferred alternative for many residents in contrast to a larger care facility setting. The legislature finds however that the quality of care in some adult family homes would be improved, and abuse and neglect would decline, if these homes' caregivers and providers received better training and mentoring, residents and their families were more informed and able to select an appropriate home, and oversight by the department of social and health services was more vigorous and prompt against poorly performing homes. It is therefore the intent of the legislature to enact the recommendations included in the adult family home quality assurance panel report in order to improve the quality of care of vulnerable residents and the department's oversight of adult family homes.

Sec. 2. RCW 70.128.060 and 2011 1st sp.s. c 3 s 403 are each amended to read as follows:

(1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter. The department may not issue a license if (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past ten years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) Proof of financial solvency must be submitted when requested by the department.

(5) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(6) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(7) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(8) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers consistent with RCW 70.128.230, and also is required for caregivers, with standardized competency testing for caregivers hired after the effective date of this section, as set forth by the department in rule. The department shall examine, with input from experts, providers, consumers, and advocates, whether the existing specialty training courses are adequate for providers, resident managers, and caregivers to meet these residents' special needs, are sufficiently standardized in curricula and instructional techniques, and are accompanied by effective tools to fairly evaluate successful student completion. The department may enhance the existing specialty training requirements by rule, and may update curricula, instructional techniques, and competency testing based upon its review and stakeholder input. In addition, the department shall examine, with input from experts, providers, consumers, and advocates, whether additional specialty training categories should be created for adult family homes serving residents with other special needs, such as traumatic brain injury, skilled nursing, or bariatric care. The department may establish, by rule, additional specialty training categories and requirements for providers, resident managers, and caregivers, if needed to better serve residents with such special needs.

(9) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

~~((9))~~ (10) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

~~((10))~~ (11) At the time of an application for an adult family home license and upon the annual fee renewal date set by the department, the licensee shall pay a license fee. Beginning July 1, 2011, the per bed license fee and any processing fees, including the initial license fee, must be established in the omnibus appropriations act and any amendment or additions made to that act. The license fees established in the omnibus appropriations act and any amendment or additions made to that act may not exceed the department's annual licensing and oversight activity costs and must include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

~~((11))~~ (12) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

~~((12))~~ (13) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license.

NEW SECTION. Sec. 3. A new section is added to chapter 70.128 RCW to read as follows:

(1) In order to enhance the selection of an appropriate adult family home, all adult family homes licensed under this chapter shall disclose the scope of, and charges for, the care, services, and activities provided by the home or customarily arranged for by the home. The disclosure must be provided to the home's residents and the residents' representatives, if any, prior to admission, and to interested prospective residents and their representatives upon request, using standardized disclosure forms developed by the department with stakeholders' input. The home may also disclose supplemental information to prospective residents and other interested persons.

(2)(a) The disclosure forms that the department develops must be standardized, reasonable in length, and easy to read. The form setting forth the scope of an adult family home's care, services, and activities must be available from the adult family home through a link to the department's web site developed pursuant to this section. This form must indicate, among other categories, the scope of personal care and medication service provided, the scope of skilled nursing services or nursing delegation provided or available, any specialty care designations held by the adult family home, the customary number of caregivers present during the day and whether the home has awake staff at night, any particular cultural or language access available, and clearly state whether the home admits medicaid clients or retains residents who later become eligible for medicaid. The adult family home shall provide or arrange for the care, services, and activities disclosed in its form.

(b) The department must also develop a second standardized disclosure form with stakeholders' input for use by adult family homes to set forth an adult family home's charges for its care, services, items, and activities, including the charges not covered by

the home's daily or monthly rate, or by medicaid, medicare, or other programs. This form must be available from the home and disclosed to residents and their representatives, if any, prior to admission, and to interested prospective residents and their representatives upon request.

(3)(a) If the adult family home decreases the scope of care, services, or activities it provides, due to circumstances beyond the home's control, the home shall provide a minimum of thirty days' written notice to the residents, and the residents' representative if any, before the effective date of the decrease in the scope of care, services, or activities provided.

(b) If the adult family home voluntarily decreases the scope of care, services, or activities it provides, and any such decrease will result in the discharge of one or more residents, then ninety days' written notice must be provided prior to the effective date of the decrease. Notice must be given to the residents and the residents' representative, if any.

(c) If the adult family home increases the scope of care, services, or activities it provides, the home shall promptly provide written notice to the residents, and the residents' representative if any, and shall indicate the date on which the increase is effective.

(4) When the care needs of a resident exceed the disclosed scope of care or services that the adult family home provides, the home may exceed the care or services previously disclosed, provided that the additional care or services are permitted by the adult family home's license, and the home can safely and appropriately serve the resident with available staff or through the provision of reasonable accommodations required by state or federal law. The provision of care or services to a resident that exceed those previously disclosed by the home does not mean that the home is capable of or required to provide the same care or services to other residents, unless required as a reasonable accommodation under state or federal law.

(5) An adult family home may deny admission to a prospective resident if the home determines that the needs of the prospective resident cannot be met, so long as the adult family home operates in compliance with state and federal law, including RCW 70.129.030(3) and the reasonable accommodation requirements of state and federal antidiscrimination laws.

(6) The department shall work with consumers, advocates, and other stakeholders to combine and improve existing web resources to create a more robust, comprehensive, and user-friendly web site for family members, residents, and prospective residents of adult family homes in Washington. The department may contract with outside vendors and experts to assist in the development of the web site. The web site should be easy to navigate and have links to information important for residents, prospective residents, and their family members or representatives including, but not limited to: (a) Explanations of the types of licensed long-term care facilities, levels of care, and specialty designations; (b) lists of suggested questions when looking for a care facility; (c) warning signs of abuse, neglect, or financial exploitation; and (d) contact information for the department and the long-term care ombudsman. In addition, the consumer oriented web site should include a searchable list of all adult family homes in Washington, with links to inspection and investigation reports and any enforcement actions by the department for the previous three years. If a violation or enforcement remedy is deleted, rescinded, or modified under RCW 70.128.167 or chapter 34.05 RCW, the department shall make the appropriate changes to the information on the web site as soon as reasonably feasible, but no later than thirty days after the violation or enforcement remedy has been deleted, rescinded, or modified. To facilitate the comparison of adult family homes, the web site should also include a link to each licensed adult family home's disclosure form required by subsection (2)(a) of this section. The department's web site should also include periodically updated information about whether an adult family home has a current vacancy, if the home provides such information to the

department, or may include links to other consumer-oriented web sites with the vacancy information.

Sec. 4. RCW 70.128.160 and 2011 1st sp.s. c 3 s 208 are each amended to read as follows:

(1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement (~~when~~) only after: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed. In order to protect the home's existing residents from potential ongoing neglect, when the provider has been cited for a violation that is repeated, uncorrected, pervasive, or presents a threat to the health, safety, or welfare of one or more residents, and the department has imposed a stop placement, the department shall also impose a condition on license or other remedy to facilitate or spur prompter compliance if the violation has not been corrected, and the provider has not exhibited the capacity to maintain correction, within sixty days of the stop placement.

(4) Nothing in subsection (3) of this section is intended to apply to stop placement imposed in conjunction with a license revocation or summary suspension or to prevent the department from imposing a condition on license or other remedy prior to sixty days after a stop placement, if the department considers it necessary to protect one or more residents' well-being. After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a

previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending any hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance.

NEW SECTION. Sec. 5. A new section is added to chapter 70.128 RCW to read as follows:

(1) If during an inspection, reinspection, or complaint investigation by the department, an adult family home corrects a violation or deficiency that the department discovers, the department shall record and consider such violation or deficiency for purposes of the home's compliance history; however, the licensor or complaint investigator may not include in the home's report the violation or deficiency if the violation or deficiency:

- (a) Is corrected to the satisfaction of the department prior to the exit conference;
- (b) Is not recurring; and
- (c) Did not pose a significant risk of harm or actual harm to a resident.

(2) For the purposes of this section, "recurring" means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding inspections, reinspections, or complaint investigations.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2013, in the omnibus appropriations act, this act is null and void."

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Early Learning & Human Services.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities to increase the impact of state funding through maximizing the amount of federal funding available to promote permanency and positive outcomes for dependent youth.

(2) The legislature also finds that children and adolescents who are legal dependents of Washington state have experienced significant trauma and loss, putting them at increased risk for poor life outcomes. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security and inability to fully take advantage of secondary and postsecondary educational opportunities, untreated mental or behavioral health problems, involvement in the criminal justice and corrections systems, and early parenthood combined with second-generation child welfare involvement.

(3) The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment, employment and earnings, and reduced rates of teen pregnancies.

Sec. 2. RCW 13.34.030 and 2011 1st sp.s. c 36 s 13 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and

responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(9) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(10) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(11) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior

court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(12) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(13) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(14) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(15) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(16) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(17) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in RCW 13.38.040.

(18) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(A) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(B) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(C) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(19) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

(20) "Nonminor dependent" means any individual age eighteen to twenty-one years for whom there was an open dependency proceeding at the time that he or she reached the age of eighteen years, or who is released from the juvenile rehabilitation administration and had an open dependency proceeding at the time of his or her commitment, and who meets the eligibility requirements for extended foster care services authorized under RCW 74.13.031.

(21) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings.

Sec. 3. RCW 13.34.145 and 2011 c 330 s 6 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age

eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will

inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(ii) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

~~((4))~~ (5) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

~~((5))~~ (6) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

~~((6))~~ (7) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

~~((7))~~ (8) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

~~((8))~~ (9) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

~~((9))~~ (10) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection ~~((8))~~ (9) of this section are met.

~~((10))~~ (11) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising

agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

~~((11))~~ (12) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

~~((12))~~ (13) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 4. RCW 13.34.267 and 2012 c 52 s 4 are each amended to read as follows:

(1) In order to facilitate the delivery of extended foster care services, the court shall postpone for six months the dismissal of a dependency proceeding for any ~~((child))~~ youth who is a dependent child in foster care at the age of eighteen years and who, at the time of his or her eighteenth birthday, is:

(a) Enrolled in a secondary education program or a secondary education equivalency program; ~~((or))~~

(b) Enrolled and participating in a postsecondary academic or postsecondary vocational program, or has applied for and can demonstrate that he or she intends to timely enroll in a postsecondary academic or postsecondary vocational program; or

(c) Participating in a program or activity designed to promote employment or remove barriers to employment.

(2)(a) The six-month postponement under this subsection is intended to allow a reasonable window of opportunity for an eligible youth who reaches the age of eighteen to request extended foster care services from the department or supervising agency. The court shall dismiss the dependency if the youth:

(i) Has not requested extended foster care services from the department by the end of the six-month period; or

(ii) Is no longer eligible for extended foster care services under RCW 74.13.031(10) at any point during the six-month period.

(b) Until the youth requests to participate in the extended foster care program, the department is relieved of any supervisory responsibility for the youth.

(3) ~~((A youth who participates in extended foster care while completing a secondary education or equivalency program may continue to receive extended foster care services for the purpose of participating in a postsecondary academic or postsecondary vocational education program if, at the time the secondary education or equivalency program is completed, the youth has applied to and can demonstrate that he or she intends to timely enroll in a postsecondary academic or vocational education program. The dependency shall be dismissed if the youth fails to timely enroll or continue in the postsecondary program, or reaches age twenty-one, whichever is earlier.~~

(4)) A youth receiving extended foster care services is a party to the dependency proceeding. The youth's parent or guardian shall be dismissed from the dependency proceeding when the youth reaches the age of eighteen years.

~~((5))~~ (4) The court shall order a youth participating in extended foster care services to be under the placement and care authority of the department, subject to the youth's continuing agreement to participate in extended foster care services. The department may establish foster care rates appropriate to the needs of the youth participating in extended foster care services.

~~((6))~~ (5) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

~~((7))~~ (6) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review

requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:

- (a) Whether the youth is safe in his or her placement;
- (b) Whether the youth continues to be eligible for extended foster care services;
- (c) Whether the current placement is developmentally appropriate for the youth;
- (d) The youth's development of independent living skills; and
- (e) The youth's overall progress toward transitioning to full independence and the projected date for achieving such transition.

~~((8))~~ (7) Prior to the review hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review.

~~((9))~~ (8) Upon the request of the youth, or when the youth is no longer eligible to receive extended foster care services according to rules adopted by the department, the court shall dismiss the dependency.

(1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced

visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(6) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95- 608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to purchase care for children.

(9) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10)(a) The department and supervising agencies shall ~~((have authority to))~~ provide continued extended foster care services to ~~((youth ages eighteen to twenty one years to participate in or complete))~~ nonminor dependents who are:

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(11) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (10) of this section.

(12) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(13) The department and supervising agencies shall have authority within funds appropriated for foster care services to

purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(14) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(15) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty- one years of age who are or have been in foster care.

(16) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(17)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community- based organization and must be updated as needed.

Sec. 8. RCW 74.13.031 and 2012 c 259 s 8 and 2012 c 52 s 2 are each reenacted and amended to read as follows:

(1) The department and supervising agencies shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and

advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11)(a) The department and supervising agencies shall ~~((have authority to))~~ provide continued extended foster care services to ~~((youth ages eighteen to twenty-one years to participate in or complete))~~ nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program~~((-or-))~~;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program; or

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment.

(b) The nonminor dependent must have an open dependency proceeding at the time that he or she reaches age eighteen years, and the nonminor dependent must request extended foster care services before reaching age eighteen years and six months.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that

strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW

13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

NEW SECTION. Sec. 9. This act applies prospectively only and not retroactively. It applies to:

(1) Dependency matters that have an open court case on the effective date of this section; and

(2) Dependency matters for which a petition is filed on or after the effective date of this section.

NEW SECTION. Sec. 10. Sections 5 and 7 of this act expire December 1, 2013.

ESSB 5709 Prime Sponsor, Committee on Ways & Means:
Concerning a pilot program to demonstrate the
feasibility of using densified biomass to heat
public schools. Reported by Committee on
Appropriations Subcommittee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** Currently more than a million homes nationwide and approximately fifty thousand homes in Washington state are heated with wood pellets, or densified biomass, in modern high-efficiency appliances. This residential use establishes that many homeowners experience significant cost savings compared to other fossil fuel-based heating systems and that this technology can have a wide and varied acceptance. Bulk delivery that can be facilitated by large volume anchor users such as schools, institutions, and businesses could provide the next step in making this form of renewable energy utilization more efficient and convenient for the consumer. The legislature makes the following findings:

(1) That manufactured and direct thermal conversion of densified biomass is a renewable energy activity;

(2) That much of western Europe, China, Japan, and other Asian countries have chosen to use renewable densified biomass as a renewable energy fuel to heat homes, businesses, and other facilities;

(3) That clean burning, renewable densified biomass will: (a) Lead our country to energy independence; (b) create jobs; (c) stimulate our economy by keeping more of our money circulating in the United States; (d) reduce carbon emissions; (e) improve air quality in noncompliant air sheds; (f) promote healthy forests; and (g) reduce the volume of waste in landfills; that the densified biomass industry will be complimentary to other biofuel industries, providing an outlet

and use for the resultant high lignin by-products and agriculture residuals; and

(4) That a December 2012 report by the Washington State University energy program identified opportunities to develop and expand the in-state manufacturing of densified biomass.

Therefore, it is the intent of the legislature to have the Washington State University energy program conduct a pilot program to demonstrate the feasibility of using densified biomass as a renewable energy source to heat schools and other buildings.

NEW SECTION. Sec. 2. (1) Subject to receiving federal and private funds for this purpose, by December 1, 2013, the Washington State University energy program must develop and initiate a pilot program to demonstrate the feasibility of using densified biomass to heat public schools. Two public schools must be chosen for the pilot program, using the following criteria: The school's proximity to a currently operating densified biomass manufacturing facility, the age and condition of the school's current heating system, and the school's design is of a nature that most resembles other schools of its class. The pilot program must consist of the following: The replacement of the school's current heating system with one that uses densified biomass as a fuel; the measurement and evaluation of the heating system, including a cost comparison with other conventional fuels; and the measurement of emissions from the heating system. One of the public schools selected for the pilot must be located in a district in the eastern half of the state and one must be located in a district in the western half of the state.

(2) The office of the superintendent of public instruction must notify all school districts about the pilot project and their opportunity to participate.

(3) By December 31, 2015, the Washington State University energy program must summarize and report its findings to the legislature. The report must include an analysis extrapolating the results to other similarly situated schools in the state.

(4) In designing the pilot program, the Washington State University energy program must seek to leverage other existing private and federal funding programs and resources.

(5) The Washington State University energy program may contract with other entities for assistance in implementing the pilot program.

(6) The pilot program expires December 15, 2015."

ENGROSSED SUBSTITUTE SENATE BILL NO. 5458, by Senate Committee on Energy, Environment & Telecommunications (originally sponsored by Senators Billig, Ranker, Kohl-Welles and Kline)

Concerning the labeling of certain asbestos-containing building materials.

The bill was read the second time.

Representative Short moved the adoption of amendment (356).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Asbestos is a known human carcinogen that causes painful, premature deaths due to diseases such as asbestosis, mesothelioma, lung and gastrointestinal cancers, and other diseases and cancers. Activities that can lead to the release of asbestos fibers include installation, use, maintenance, repair, removal, and disposal of asbestos-containing building materials.

Many people are unaware that asbestos-containing building materials are still imported, sold, and used in the United States. Because few regulations exist that require the disclosure of asbestos in building materials, people can unknowingly be exposed to asbestos. Asbestos is generally invisible, odorless, very durable, and highly aerodynamic. Exposure can occur well after it has been disturbed and long distances from where the asbestos release occurred.

The purpose of this chapter is to allow people to make informed decisions regarding whether or not they purchase or use building materials containing asbestos. More specifically, building materials that contain asbestos must be clearly labeled as such by manufacturers, wholesalers, and distributors.

"NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Asbestos" includes the asbestiform varieties of actinolite, amosite (cummingtonite-grunerite), tremolite, chrysotile (serpentine),

crocidolite (riebeckite), anthophyllite, and any of these minerals that have been chemically treated or altered. The chemical abstracts service registry number for each is as follows: Asbestos (1332-21-4), actinolite (13768-00-8), amosite (12172-73-5), tremolite (14567-73-8), chrysotile (12001-29-5), crocidolite (12001-28-4), and anthophyllite (17068-78-9).

(2) "Asbestos-containing building material" means any building material to which asbestos is deliberately added in any concentration or that contains more than one percent asbestos by weight or area as determined using the United States environmental protection agency method for the determination of asbestos in building materials, EPA/600/R-93/116, July 1993.

(3) "Building material" includes materials designed for, or used in, construction, renovation, repair, or maintenance of institutional, commercial, public, industrial, or residential buildings and structures. The term does not include automobiles, recreational vehicles, boats, or other mobile means of transportation.

(4) "Consumer" means any person that acquires a building material for direct use or ownership, rather than for resale or use in production and manufacturing.

(5) "Department" means the department of ecology.

(6) "Person" means any individual, firm, public or private corporation, association, partnership, political subdivision, municipality, or government agency.

(7) "Retailer" means any person that sells goods or commodities directly to consumers.

NEW SECTION. Sec. 3. (1) Except as otherwise provided in this section or section 4 of this act, it is unlawful to manufacture, wholesale, or distribute for sale an asbestos-containing building material that is not labeled as required by section 5 of this act or as required under federal law, 40 C.F.R. part 763, subpart I, Sec. 173.171 (1994). The labeling requirement also applies to stock-on-hand, meaning any asbestos-containing building material in the possession or control of a manufacturer, wholesaler, or distributor after December 31, 2013, must be labeled.

(2)(a) Subsection (1) of this section does not apply to asbestos-containing building materials that have already been installed, applied, or used by the consumer.

(b) Subsection (1) of this section does not apply to asbestos-containing building materials used solely for United States military purposes.

(3) Any manufacturer, wholesaler, or distributor may submit a written request for an exemption from the labeling requirements of this chapter, and the department may grant such an exemption if it determines that the labeling requirements are technically infeasible or create an undue economic hardship. Each exemption is in effect for a period not to exceed three years from the date issued and is subject to the terms and conditions prescribed by the department.

NEW SECTION. Sec. 4. Except for the provisions of section 5(4) of this act, retailers that do not manufacture, wholesale, or distribute asbestos-containing building materials are exempt from this chapter.

NEW SECTION. Sec. 5. (1) A label must be placed in a prominent location adjacent to the product name or description on the exterior of the wrapping and packaging in which the asbestos-containing building material is placed for storage, shipment, and sale.

(2) A label must also be placed on the exterior surface of the asbestos-containing building material itself unless it is sold as a liquid or paste, is sand or gravel, or an exemption is granted pursuant to section 3(3) of this act.

(3) Asbestos-containing building materials must have a legible label that clearly identifies it as containing asbestos. At a minimum, the label must state the following:

This product contains ASBESTOS which is known to cause cancer and lung disease. Avoid creating dust. Intentionally removing or tampering with this label is a violation of state law.

(4) Other than inadvertent violations damaging the label in the course of normal transportation and preparation of the asbestos-containing building material for retail sale, it is unlawful for any person to remove, deface, cover, or otherwise obscure or tamper with a label or sticker that has been applied in compliance with this section, unless the asbestos-containing building material is in the possession of the end user.

NEW SECTION. Sec. 6. (1) The provisions of this chapter may be enforced by the department, a local air authority formed under chapter 70.94 RCW, or their designees.

(2) Whenever the department or authority determines, after receiving a complaint, that a person has violated any provision of this chapter, the department may issue an order requiring compliance either immediately or within a specified period of time.

(3) Any person who has received a corrective action order under subsection (2) of this section within the preceding twelve calendar months and is determined to have subsequently violated this chapter, or any person who fails to take corrective action as specified by an order issued pursuant to subsection (2) of this section and is subsequently determined to be in continuing violation of this chapter, is liable for a civil penalty of not more than one thousand dollars per day. In the case of a continuing violation, each day's continuance is a separate and distinct violation.

(4) The penalties provided in this section are imposed pursuant to RCW 43.21B.300. All penalties recovered under this chapter by the department must be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by an authority, must be paid into the treasury of an authority and credited to its funds. If a prior penalty for the same violation has been paid to an authority, the penalty imposed by the department under subsection (3) of this section must be reduced by the amount of the payment.

(5) For the purposes of this section, "authority" has the same meaning as defined in RCW 70.94.030.

Sec. 7. RCW 43.21B.300 and 2010 c 210 s 12 and 2010 c 84 s 4 are each reenacted and amended to read as follows:

For penalties issued by local air authorities, within thirty days after the notice is received, the person incurring the penalty may apply in writing to the authority for the remission or mitigation of the penalty. Upon receipt of the application, the authority may remit or mitigate the penalty upon whatever terms the authority in its discretion deems proper. The authority may ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper and shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstances such as the presence of information or factors not considered in setting the original penalty.

(2) Any penalty imposed under this section may be appealed to the pollution control hearings board in accordance with this chapter if

CAUTION!

the appeal is filed with the hearings board and served on the department or authority thirty days after the date of receipt by the person penalized of the notice imposing the penalty or thirty days after the date of receipt of the notice of disposition by a local air authority of the application for relief from penalty.

(3) A penalty shall become due and payable on the later of:

(a) Thirty days after receipt of the notice imposing the penalty;

(b) Thirty days after receipt of the notice of disposition by a local air authority on application for relief from penalty, if such an application is made; or

(c) Thirty days after receipt of the notice of decision of the hearings board if the penalty is appealed.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or of any county in which the violator does business, to recover the penalty. If the amount of the penalty is not paid to the authority within thirty days after it becomes due and payable, the authority may bring an action to recover the penalty in the superior court of the county of the authority's main office or of any county in which the violator does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.

(5) All penalties recovered shall be paid into the state treasury and credited to the general fund except those penalties imposed pursuant to RCW 18.104.155, which shall be credited to the reclamation account as provided in RCW 18.104.155(7), RCW 70.94.431, the disposition of which shall be governed by that provision, RCW 70.105.080, which shall be credited to the hazardous waste control and elimination account created by RCW 70.105.180, RCW 90.56.330, which shall be credited to the coastal protection fund created by RCW 90.48.390, and RCW 90.76.080, which shall be credited to the underground storage tank account created by RCW 90.76.100.

PART II

HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

To achieve efficiencies and increase utilization, the department shall allow the co-location of these centers, except that a youth may not be placed in a secure facility or the secure portion of a co-located facility except as specifically authorized by chapter 13.32A RCW. The reductions to appropriations in this subsection related to semi-secure crisis residential centers reflect a reduction to the number of beds for semi-secure crisis residential centers and not a reduction in rates. Any secure crisis residential center or semi-secure crisis residential center bed reduction shall not be based solely upon bed utilization. The department is to exercise its discretion in reducing the number of beds but to do so in a manner that maintains availability and geographic representation of semi-secure and secure crisis residential centers.

Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be

determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2014)	\$328,363,000
General Fund--State Appropriation (FY 2015)	\$316,471,000
General Fund--Federal Appropriation	\$553,751,000
General Fund--Private/Local Appropriation	\$17,864,000
TOTAL APPROPRIATION	\$1,216,449,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$105,265,000 of the general fund--state appropriation for fiscal year 2014 and \$85,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,077,000 for fiscal year 2014 and \$23,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,077,000 reduction in fiscal year 2014 and \$11,723,000 of the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional support networks proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding in the 2011-2013 fiscal biennium.

(ii) The remaining \$11,723,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2014, \$6,590,000 of the general fund--state appropriation for fiscal year 2015, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) \$750,000 of the general fund--state appropriation for fiscal year 2014 and \$750,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) \$1,529,000 of the general fund--state appropriation for fiscal year 2014 and \$1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(l) \$523,000 of the general fund--state appropriation for fiscal year 2014, \$775,000 of the general fund--state appropriation for fiscal year 2015, and \$854,000 of the general fund--federal appropriation are provided solely for implementation of sections 3 through 5 of Engrossed Second Substitute House Bill No. 1114 (criminal incompetency/commitment). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department. If Engrossed Second Substitute House Bill No. 1114 (criminal incompetency/commitment) is not enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

TOTAL APPROPRIATION	\$12,461,090,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the authority shall implement the medicaid expansion defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(8) \$4,261,000 of the general fund--state appropriation for fiscal year 2014, \$4,261,000 of the general fund--state appropriation for fiscal year 2015, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

(9) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(10) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an

allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$5,319,000 of the general fund--state appropriation for fiscal year 2014, of which \$6,570,000 is appropriated in section 204(1) of this act, and \$1,141,000 of the general fund--state appropriation for fiscal year 2015, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals.

(11) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(12) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(13) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(14) \$170,000 of the general fund--state appropriation for fiscal year 2014, \$121,000 of the general fund--state appropriation for fiscal year 2015, and \$292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Engrossed Second Substitute House Bill No. 1522 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

(15) \$57,000 of the general fund--state appropriation for fiscal year 2014, \$40,000 of the general fund--state appropriation for fiscal year 2015, and \$55,000 of the general fund--federal appropriation are provided solely to develop a report on state efforts to prevent and control diabetes. The authority, the department of social and health services, and the department of health shall submit a coordinated report to the governor and the appropriate committees of the legislature by December 31, 2014, on the following:

(a) The financial impacts and reach that diabetes of all types and undiagnosed gestational diabetes are having on the programs administered by each agency and individuals, including children with mothers with undiagnosed gestational diabetes, enrolled in those programs. Items in this assessment must include: (i) The number of lives with diabetes and undiagnosed gestational diabetes impacted or covered by the programs administered by each agency; (ii) the number of lives with diabetes, or at risk for diabetes, and family members impacted by prevention and diabetes control programs implemented by each agency; (iii) the financial toll or impact diabetes and its complications, and undiagnosed gestational diabetes and the complications experienced during labor to children of mothers with gestational diabetes places on these programs in comparison to other chronic diseases and conditions; and (iv) the financial toll or impact diabetes and its complications, and diagnosed gestational diabetes and the complications experienced during labor to children of mothers with gestational diabetes places on these programs;

This assessment must also document the amount and source for any funding directed to each agency for the programs and activities aimed at reaching those with diabetes of all types;

(c) A description of the level of coordination existing between the agencies on activities, programmatic activities, and messaging on managing, treating, or preventing all types of diabetes and its complications;

(d) The development or revision of detailed policy-related action plans and budget recommendations for battling diabetes and undiagnosed gestational diabetes that includes a range of actionable items for consideration by the legislature. The plans and budget recommendations must identify proposed action steps to reduce the impact of diabetes, prediabetes, related diabetes complications, and undiagnosed gestational diabetes. The plans and budget recommendations must also identify expected outcomes of the action steps proposed in the following biennium while also establishing benchmarks for controlling and preventing all types of diabetes; and

(e) An estimate of savings, efficiencies, costs, and budgetary savings and resources required to implement the plans and budget recommendations identified in (d) of this subsection (15).

(16) \$25,000 of the general fund--state appropriation for fiscal year 2014 and \$25,000 of the general fund--federal appropriation are provided solely for the development of recommendations for funding integrated school nursing and outreach services. The authority shall collaborate with the office of the superintendent of public instruction to develop recommendations for increasing federal financial participation for providing nursing services in schools with the goals of integrating nursing and outreach services and supporting one nurse for every four hundred fifty students in elementary schools and one nurse for every seven hundred fifty students in secondary schools. In developing these recommendations, the authority shall inquire with the federal centers for medicare and medicaid services about state plan amendment or waiver options for receiving additional federal matching funds for school nursing services provided to children enrolled in apple health for kids. The recommendations shall include proposals for funding training and reimbursement for nurses that provide outreach services to help eligible students enroll in apple health for kids and other social services programs. The authority and the office of the superintendent of public instruction shall provide these recommendations to the governor and the legislature by December 1, 2013.

(23) The authority shall seek a medicaid state plan amendment to create a professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. The authority shall apply federal rules for identifying the difference between average commercial rates and fee-for-service medicaid payments. This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. (25) Sufficient amounts are appropriated in this section to provide the same benefits for clients enrolled in an eligibility category under the current medicaid program as the benefits provided under the alternative benefit plan provided to clients enrolling in the medicaid expansion under subsection (1) of this section. This includes removing the mental health visit limit and coverage of the shingles vaccine, habilitative services, and screening, brief intervention, and referral to treatment services.

(26) To the extent allowed under federal law, the authority shall require an adult client to enroll in full medicaid coverage instead of family planning-only coverage unless the client is at risk of domestic violence.

The authority may purchase generic alternatives when changes in market prices make the price of the brand name drug after rebates more expensive than the generic alternatives.

(33) The authority shall not subject antiretroviral drugs used to treat HIV/AIDS, anticancer medications used to kill or slow the growth of cancerous cells, antihemophilic drugs, or transplant drugs to the preferred drug list, a drug formulary, or to any new access limitations.

The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys

shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(37) \$250,000 of the general fund--state appropriation for fiscal year 2014 and \$250,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to establish a hospital residency program in Clark county. This one-time funding will support hiring one doctor for the design and implementation of the residency program.

(38) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(39) Within amounts appropriated, the health care authority shall conduct a review of its management and staffing structure to identify efficiencies and opportunities to reduce full time equivalent employees and other administrative costs. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the higher education coordinating board, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the ~~((2011-2013))~~ 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. ~~((If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.))~~ The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

Sec. 954. RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st sp.s. c 43 s 445 are each reenacted and amended to read as follows:

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

PART XII

HUMAN SERVICES

Sec. 1201. 2012 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2011-2013 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The health care authority and the department shall conduct an evaluation of the WMIP by October 15, 2012, and of the MICP measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(b) Effective January 1, 2013, if Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2012))~~ 2013, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ~~((2012))~~ 2013 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2012))~~ 2013 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

The data shall be provided in a manner that reflects the collaborative work the juvenile rehabilitation administration and juvenile courts have developed regarding program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(9) The Washington association of juvenile court administrators and the juvenile rehabilitation administration, in consultation with the community juvenile accountability act advisory committee and the Washington state institute for public policy, shall analyze and review data elements available from the administrative office of the courts for possible integration into the evidence-based program quality assurance plans and processes. The administrative office of the courts, the Washington association of juvenile court administrators, and the juvenile rehabilitation administration shall provide information necessary to complete the review and analysis. The Washington association of juvenile court administrators and the juvenile rehabilitation administration shall report the findings of their review and analysis, as well as any recommendations, to the legislature by December 1, 2012.

The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2012, \$5,850,000 of the general fund--state appropriation for fiscal year 2013, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

~~((g))~~ (f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

~~((h))~~ (g) \$750,000 of the general fund--state appropriation for fiscal year 2012 and \$750,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

~~((i))~~ (h) \$1,125,000 of the general fund--state appropriation for fiscal year 2012 and \$1,125,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

~~((j))~~ (i) \$1,529,000 of the general fund--state appropriation for fiscal year 2012 and \$1,529,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

~~((k))~~ (j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

~~((l))~~ (k) Given the recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

~~((m))~~ (l) \$750,000 of the general fund--state appropriation for fiscal year 2012, \$750,000 of the general fund--state appropriation for fiscal year 2013, and \$1,500,000 of the general fund--federal appropriation are provided solely to adjust regional support network capitation rates to account for the per diem rates actually paid for psychiatric care provided at hospitals participating in the certified public expenditure program operated pursuant to section 213 of this act.

~~((n))~~ (m) The appropriations in this section reflect efficiencies to be achieved through voluntary consolidation of regional support networks in accordance with Substitute House Bill No. 2139 (regional support networks). Voluntary consolidation of regional support networks is expected to result in administrative efficiencies and maximize dollars available for direct services to individuals with mental illnesses without corresponding increases in state appropriations.

Sec. 1205. 2012 2nd sp.s. c 7 s 205 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2012)	\$405,412,000
General Fund--State Appropriation (FY 2013)	(\$420,327,000)
	\$411,082,000
General Fund--Federal Appropriation	(\$752,059,000)
	\$745,033,000
General Fund--Private/Local Appropriation	\$184,000
TOTAL APPROPRIATION	(\$1,577,982,000)

\$1,561,711,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) Amounts appropriated in this subsection reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(c) Amounts appropriated in this subsection are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by July 1, 2012. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$944,000 of the general fund--state appropriation for fiscal year 2012, \$944,000 of the general fund--state appropriation for fiscal year 2013, and \$1,888,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund \$2.21 per paid hour worked by individual providers.

(e) \$1,329,000 of the general fund--state appropriation for fiscal year 2012, \$1,622,000 of the general fund--state appropriation for fiscal year 2013, and \$2,947,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at \$0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (1)(e). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(f) (~~(\$104,669,000)~~) \$107,538,000 of the general fund--state appropriation for fiscal year 2013 and (~~(\$104,669,000)~~) \$107,535,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(g)(i) Within the amounts appropriated in this subsection, the department shall revise the current working age adult policy to allow clients to choose between employment and community access activities. Clients age 21 and older who are receiving services through a home- and community-based medicaid waiver shall be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. The department shall inform clients and their legal representatives of all available options for employment and day services. Information provided to the client and the client's legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(ii) The department shall work with counties and stakeholders to strengthen and expand the existing community access program. The program must emphasize support for the client so they are able to participate in activities that integrate them into their community and support independent living and skills.

(iii) The appropriation in this subsection includes funding to provide employment or community access services to 168 medicaid eligible young adults with developmental disabilities living with their families who need employment opportunities and assistance after high school graduation.

(h) \$75,000 of the general fund--state appropriation for fiscal year 2012 and \$75,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the restoration of direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

(i) In accordance with Engrossed Substitute House Bill No. 1277 (licensed settings for vulnerable adults), adult family home license fees are increased in fiscal years 2012 and 2013 to support the costs of conducting licensure, inspection, and regulatory programs.

(i) The current annual renewal license fee for adult family homes shall be increased to \$100 per bed beginning in fiscal year 2012 and \$175 per bed beginning in fiscal year 2013. Adult family homes shall receive a corresponding vendor rate increase per medicaid patient day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the amount necessary to fully fund the license fee increase for publicly funded beds, pursuant to the most recent bed estimates maintained by the department.

(ii) Beginning in fiscal year 2012, a processing fee of \$2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long- term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.

The department shall work with legislators and stakeholders to develop a new approach to employment and day services. The objective of this plan is to ensure that adults with developmental disabilities have optimum choices, and that employment and day offerings are

comprehensive enough to meet the needs of all clients currently served on a home and community based waiver. The proposal shall be submitted to the 2012 legislature for consideration and shall be constructed such that a client ultimately receives employment, community access, or the community day option but not more than one service at a time. The proposal shall include options for program efficiencies within the current employment and day structure and shall provide details on the plan to implement a consistent, statewide outcome-based vendor contract for employment and day services as specified in (c) of this subsection.

Sec. 1206. 2012 2nd sp.s. c 7 s 206 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--AGING AND ADULT SERVICES PROGRAM

General Fund--State Appropriation (FY 2012)	\$791,493,000
General Fund--State Appropriation (FY 2013)	(\$809,338,000)
	\$802,115,000
General Fund--Federal Appropriation	(\$1,690,993,000)
	\$1,686,998,000
General Fund--Private/Local Appropriation	\$27,517,000
Traumatic Brain Injury Account--State Appropriation	\$3,388,000
Nursing Facility Quality Assurance Account--State Appropriation	\$88,000,000
TOTAL APPROPRIATION	(\$3,410,729,000)
	\$3,399,511,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$170.37 for fiscal year 2012 and shall not exceed (~~(\$171.43)~~) \$171.09 for fiscal year 2013, including the rate add-ons described in (a) and (b) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, the weighted average nursing facility payment rate shall not exceed \$159.87 for fiscal year 2012 and shall not exceed (~~(\$160.93)~~) \$161.29 for fiscal year 2013. There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(e) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, (b), (c), and (d) of this subsection do not apply.

(2) After examining actual nursing facility cost information, the legislature finds that the medicaid nursing facility rates calculated pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home payments) provide sufficient reimbursement to efficiently and economically operating nursing facilities and bear a reasonable relationship to costs.

(3) In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2012 and no new certificates of capital authorization for fiscal year 2013 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal years 2012 and 2013.

(4) The long-term care program may develop and pay enhanced rates for exceptional care to nursing homes for persons with traumatic brain injuries who are transitioning from hospital care. The cost per patient day for caring for these clients in a nursing home setting may be equal to or less than the cost of caring for these clients in a hospital setting.

(5) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(6) \$1,883,000 of the general fund--state appropriation for fiscal year 2012, \$1,883,000 of the general fund--state appropriation for fiscal year 2013, and \$3,766,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund \$2.21 per paid hour worked by individual providers.

(7) \$2,449,000 of the general fund--state appropriation for fiscal year 2012, \$3,012,000 of the general fund--state appropriation for fiscal year 2013, and \$5,463,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at \$0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (7). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(8) (~~(\$338,550,000)~~) \$325,203,000 of the general fund--state appropriation for fiscal year 2013 and (~~(\$338,550,000)~~) \$324,653,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(9) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. The health care authority shall submit reports to the governor and legislature by November 1, 2011, and by November 1, 2012, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$8,102,000 of the general fund--state appropriation for fiscal year 2012, of which \$6,570,000 is appropriated in section 204(1) of this act, and ~~(\$3,162,000)~~ \$10,722,000 of the general fund--state appropriation for fiscal year 2013, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. ~~((43))~~ (41) In order to achieve the twelve percent reduction in emergency room expenditures in the fiscal year 2013 appropriations provided in this section, the authority, in consultation with the Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians shall designate best practices and performance measures to reduce medically unnecessary emergency room visits of medicaid clients. The Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians will work with the authority to promote these best practices. The best practices and performance measures shall consist of the following items:

(a) Adoption of a system to exchange patient information among emergency room departments on a regional or statewide basis;

(b) Active dissemination of patient educational materials produced by the Washington state hospital association, Washington state medical association, and the Washington chapter of the American college of emergency physicians that instruct patients on appropriate facilities for nonemergent health care needs;

(c) Designation of hospital personnel and emergency room physician personnel to receive and appropriately disseminate information on clients participating in the medicaid patient review and coordination program and to review monthly utilization reports on those clients provided by the authority;

(d) A process to assist the authority's patient review and coordination program clients with their care plans. The process must include substantial efforts by hospitals to schedule an appointment with the client's assigned primary care provider within seventy-two hours of the client's medically unnecessary emergency room visit when appropriate under the client's care plan;

(e) Implementation of narcotic guidelines that incorporate the Washington chapter of the American college of emergency physician guidelines;

(f) Physician enrollment in the state's prescription monitoring program, as long as the program is funded; and

(g) Designation of a hospital emergency department physician responsible for reviewing the state's medicaid utilization management feedback reports, which will include defined performance measures. The emergency department physician and hospital will have a process to take appropriate action in response to the information in the feedback reports if performance measures are not met. The authority must develop feedback reports that include timely emergency room utilization data such as visit rates, medically unnecessary visit rates (by hospital and by client), emergency department imaging utilization rates, and other measures as needed. The authority may utilize the Robert Bree collaborative for assistance related to this best practice.

The requirements for best practices for a critical access hospital should not include adoption of a system to exchange patient information if doing so would pose a financial burden, and should not include requirements related to the authority's patient review and coordination program if the volume of those patients seen at the critical access hospital are small.

Hospitals participating in this medicaid best practices program shall submit to the authority a declaration from executive level leadership indicating hospital adoption of and compliance with the best practices enumerated above. In the declaration, hospitals will affirm that they have in place written policies, procedures, or guidelines to implement these best practices and are willing to share them upon request. The declaration must also give consent for the authority to disclose feedback reports and performance measures on its web site. The authority shall submit a list of declaring hospitals to the relevant policy and fiscal committees of the legislature by July 15, 2012.

If the authority does not receive by July 1, 2012, declarations from hospitals representing at least seventy-five percent of emergency room visits by medicaid clients in fiscal year 2010, the authority may implement a policy of nonpayment of medically unnecessary emergency room visits, with appropriate client and clinical safeguards such as exemptions and expedited prior authorization. The authority shall by January 15, 2013, perform a preliminary fiscal analysis of trends in implementing the best practices in this subsection, focusing on outlier hospitals with high rates of unnecessary visits by medicaid clients, high emergency room visit rates for patient review and coordination clients, low rates of completion of treatment plans for patient review and coordination clients assigned to the hospital, and high rates of prescribed long-acting opiates. In cooperation with the leadership of the hospital, medical, and emergency physician associations, additional efforts shall be focused on assisting those outlier hospitals and providers to achieve more substantial savings. The authority by January 15, 2013, will report to the legislature about whether assumed savings based on preliminary trend and forecasted data are on target and if additional best practices or other actions need to be implemented.

If necessary, pursuant to RCW 34.05.350(1)(c), the authority may employ emergency rulemaking to achieve the reductions assumed in the appropriations under this section.

Nothing in this subsection shall in any way impact the authority's ability to adopt and implement policies pertaining to the patient review and coordination program.

~~((46))~~ (42) The ~~((department))~~ authority shall seek a medicaid state plan amendment to create a ~~((graduate medical education))~~ professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. ~~((Providers that participate in the graduate medical education supplemental payment program are not eligible to participate in the professional services supplemental payment program.))~~ The ~~((department))~~ authority shall apply federal rules for identifying the difference between ~~((current physician encounter))~~ average commercial rates and fee-for-service medicaid payments ~~((to participating providers and the applicable federal upper payment limit)).~~ This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely

responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the ~~((department))~~ authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

~~((47))~~ (43) The authority shall exclude antiretroviral drugs used to treat HIV/AIDS, anticancer medication that is used to kill or slow the growth of cancerous cells, antihemophilic drugs, insulin and other drugs to lower blood glucose, and immunosuppressive drugs from any formulary limitations implemented to operate within the appropriations provided in this section.

~~((48))~~ (44) If Engrossed Substitute Senate Bill No. 5978 (medicaid fraud) is not enacted by June 30, 2012, the amounts appropriated in this section from the medicaid fraud penalty account--state appropriation shall lapse and an additional \$3,608,000 shall be appropriated from the general fund--state for fiscal year 2013 for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities.

~~((50))~~ (45) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

~~((51))~~ (46) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

~~((52))~~ (47) \$66,000 of the general fund--state appropriation for fiscal year 2013 and \$66,000 of the general fund--federal appropriation are provided solely to implement Engrossed Second Substitute House Bill No. 2536 (children services/delivery). The department of social and health services' programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the health care authority on the development of contract terms which facilitate efforts to meet requirements of the bill. If the bill is not enacted by June 30, 2012, the amounts provided in this subsection shall lapse.

~~((53))~~ (48) The health care authority shall participate in the work group established by the department of corrections in section 220(2) of this act to review release options for elderly and infirm offenders.

(49) \$208,000 of the general fund--state appropriation for fiscal year 2013 and \$728,000 of the general fund--federal appropriation are provided solely for the rebasing of outpatient and inpatient payment methods.

Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the higher education coordinating board, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

"**NEW SECTION, Sec. 968.** (1) The legislature finds that Washington families, workers, and employers continue to struggle to make ends meet. As families and employers have streamlined their budgets and services, so should state government. Government continues to increase the burden on citizens and employers through perpetual alteration and expansion of rules. During 2012, an estimated 1,129 new sections to the Washington Administrative Code were permanently adopted, 2,211 sections were permanently amended, 393 emergency rule filings were made, and 961 sections were permanently repealed. A total of 5,511 pages of permanent rule changes were made and 2,398 pages of emergency rules were adopted. The constant changing of rules provides uncertainty to citizens and employers and adds additional costs to taxpayers as agencies hold public meetings and telephone conferences, and employees spend untold hours working on drafts for rules. Furthermore, continual proposal of new rules distracts employers from being productive in their respective enterprises due to a need to comment against these proposed rules. Most agencies do not track the number of hours employees spend on rule making nor do they track the cost to the agency to do this task. One way to reduce millions of dollars in employee and administrative costs is to impose

a moratorium on formal and informal rule making by state agencies except in certain specified instances. This moratorium is to last for three years or until the state is no longer facing financial deficits.

(2) For state agencies provided appropriation authority under this act, no appropriations under this act shall be used for agency rule making during the 2013-15 biennium, except in the following cases:

(a) A rule is needed to implement a federal law and the rule is not more stringent than federal law;

(b) A rule is needed to implement the terms of a governor-declared state of emergency;

(c) A rule is needed by the department of health to respond to a public health emergency;

(d) A rule is needed to set the times for the taking of wildlife, fish, or shellfish pursuant to RCW 77.12.047(1) or 77.04.055(2); or

(e) Legislation enacted after January 1, 2013, specifically directs that rulemaking be undertaken. Rules adopted under this subsection (2)(e) during the 2013-15 biennium must be approved by the legislature in the ensuing legislative session before the rule may take effect.

(3) This section does not prohibit an agency from repealing rules.

NEW SECTION, Sec. 969. RCW 34.05.328 and 2011 c 298 s 21 and 2011 c 149 s 1 are each reenacted and amended to read as follows:

(1) Before adopting a rule described in subsection ((5)) (6) of this section, an agency must:

(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;

(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;

(c) Provide notification in the notice of proposed rule making under RCW 34.05.320 that a preliminary cost-benefit analysis is available. The preliminary cost-benefit analysis must fulfill the requirements of the cost-benefit analysis under (d) of this subsection. If the agency files a supplemental notice under RCW 34.05.340, the supplemental notice must include notification that a revised preliminary cost-benefit analysis is available. A final cost-benefit analysis must be available when the rule is adopted under RCW 34.05.360;

(d) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;

(e) Determine, after considering alternative versions of the rule and the analysis required under (b), (c), and (d) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;

(f) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;

(g) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;

(h) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:

(i) A state statute that explicitly allows the agency to differ from federal standards; or

(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; ~~((and))~~

(i) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter; and

(j) For the 2013-15 biennium, receive the governor's signature on the final rule.

(2) In making its determinations pursuant to subsection (1)(a) through (h) of this section, the agency must place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.

~~((5))~~ (6) Before adopting rules described in subsection (6) of this section, an agency must place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan must describe how the agency intends to:

(a) Implement and enforce the rule, including a description of the resources the agency intends to use;

(b) Inform and educate affected persons about the rule;

(c) Promote and assist voluntary compliance; and

(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.

(4) For the 2013-15 biennium, the adoption of rules described in subsection (5) of this section must be made before December 1st of any year, and the rules may not take effect before the end of the regular legislative session in the next year.

(5) After adopting a rule described in subsection ~~((5))~~ (6) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency must do all of the following:

(a) Coordinate implementation and enforcement of the rule with the other federal and state entities regulating the same activity or subject matter by making every effort to do one or more of the following:

(i) Deferring to the other entity;

(ii) Designating a lead agency; or

(iii) Entering into an agreement with the other

entities specifying how the agency and entities will coordinate implementation and enforcement.

If the agency is unable to comply with this subsection ~~((4))~~ (5)(a), the agency must report to the legislature pursuant to (b) of this subsection;

(b) Report to the joint administrative rules review committee:

(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and

(ii) Make recommendations for any legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference.

~~((5))~~ (6)(a) Except as provided in (b) of this subsection, this section applies to:

(i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, social and health services, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 77.55 RCW; and

(ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative

rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320.

(b) This section does not apply to:

(i) Emergency rules adopted under RCW 34.05.350;

(ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;

(iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;

(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

(v) Rules the content of which is explicitly and specifically dictated by statute;

(vi) Rules that set or adjust fees under the authority of RCW 19.02.075 or that set or adjust fees or rates pursuant to legislative standards, including fees set or adjusted under the authority of RCW 19.80.045;

(vii) Rules of the department of social and health services relating only to client medical or financial eligibility and rules concerning liability for care of dependents; or

(viii) Rules of the department of revenue that adopt a uniform expiration date for reseller permits as authorized in RCW 82.32.780 and 82.32.783.

(c) For purposes of this subsection:

(i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.

(ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.

(iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.

(d) In the notice of proposed rule making under RCW 34.05.320, an agency must state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.

~~((6))~~ (7) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of regulatory assistance, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, must report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report must document:

(a) The rules proposed to which this section applied and to the extent possible, how compliance with this section affected the substance of the rule, if any, that the agency ultimately adopted;

(b) The costs incurred by state agencies in complying with this section;

(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;

(d) The extent to which this section has adversely affected the capacity of agencies to fulfill their legislatively prescribed mission;

(e) The extent to which this section has improved the acceptability of state rules to those regulated; and

(f) Any other information considered by the office of financial management to be useful in evaluating the effect of this section.

NEW SECTION. Sec. 970. (1) The legislature finds that there have been instances where regulatory agencies discovered actions by a regulated entity that are in error after reports have been accepted and approved or inspections have been conducted and approved. Retroactively applying fines after governmental approval creates an unfriendly business environment and can place unexpected financial burdens on businesses. Businesses should be able to rely on government approval and acceptance of reports and inspections and not risk penalties when mistakes are made by government personnel or contractors. It is the intent of the legislature that regulated parties who have received acceptance and approval by the regulating government authority should not be subsequently fined or penalized, but should be encouraged to correct action that is deemed in error or violates reporting or inspection requirements during the next reporting period. The regulating authority should notify the regulated party of the violation to prevent future violations.

(2) For state agencies provided appropriation authority under this act, an agency may not issue a fine or impose a penalty on a person during the 2013-15 biennium if:

(a) An inspection is approved by an official of the agency requiring the inspection and a subsequent reevaluation of the approved inspection by the regulating agency identifies a violation by the regulated party; or

(b) Documentation required under an agency's reporting requirements is submitted to the agency by a regulated party and is accepted and approved by the regulating agency and a subsequent reevaluation of the approved documentation identifies a violation based on failure to provide required documentation or information.

(3) During the 2013-15 biennium, a rule may not authorize the imposition of a civil fine on a person based on the following circumstances if:

(a) An inspection is approved by an official of the agency requiring the inspection and a subsequent reevaluation of the approved inspection by the regulating agency identifies a violation by the regulated party; or

(b) Documentation required under an agency's reporting requirements is submitted to the agency by a regulated party and is accepted and approved by the regulating agency and a subsequent reevaluation of the approved documentation identifies a violation based on failure to provide required documentation or information.

(4) For the 2013-15 biennium, violations identified after an inspection or documentation has been approved may be remedied through technical assistance provided to the regulated party allowing correction of the circumstances of the violation for future reporting periods or inspections.

NEW SECTION. Sec. 971. After August 1, 2013 and until June 30, 2015, rules adopted by agencies must be based upon a specific grant of legislative authority for each rule as explicitly set forth in statute. Such rules must include the citation of the specific statutory sections from which the authority is derived, and may not be based solely upon the statute's intent or the general enabling statutes authorizing the activities of the agency.

NEW SECTION. Sec. 972. During the 2013-15 biennium, the State Parks and Recreation Commission, the Washington Department of Fish and Wildlife Commission, and the Department of Natural Resources are required to coordinate their

respective agency land use plans with all applicable local government officials. The coordination of plans must occur in the plan development stage, along with the plan revision and implementation stages. At a minimum, all three agencies are required to keep apprised of all relevant local and tribal land use ordinances and plans, strive to ensure state policies and actions are consistent with local land use plans, assist in resolving inconsistencies between state and local land use policies, and provide meaningful public involvement, access to the agency director, and early notice of agency actions to local government officials. The agencies are required to report to the Legislature any instances that arise causing the agency to be incapable of compliance with local plans and ordinances because of conflicting statutory limitations or responsibilities.

NEW SECTION. Sec. 973. (1) During the 2013-15 biennium, agencies must provide to any business licensed to do business in the state of Washington a period of at least five business days to correct any violation of state law or agency rule before the agency may impose any fines, civil penalties, or administrative sanctions. If no correction is possible, this subsection does not apply.

(2) Exceptions to requirements of subsection (1) of this section may be made for any of the following reasons:

(a) The agency head determines that the effect of the violation or waiver presents a direct danger to the public health, poses a potentially significant threat to human health or safety, or causes serious harm to the public interest;

(b) The order is one to cease and desist an activity that violates a statute or rule protecting public health or safety, the environment, or would cause serious harm to the public interest;

(c) The violation involves a knowing or willful violation;

(d) The violation is of a requirement concerning the assessment, collection, or administration of any tax, tax program, debt, revenue, receipt, a regulated entity's financial filings, or insurance rate or form filing;

(e) The requirements in this section are in conflict with federal law or program requirements, federal requirements that are a prescribed condition to the allocation of federal funds to the state, or the requirements for eligibility of employers in this state for federal unemployment tax credits, as determined by the agency head;

(f) The business committing the violation previously violated the exact or substantially similar requirement; or

(g) The owner or operator of the business committing the violation owns or operates, or owned or operated a different business that previously violated a substantially similar requirement.

(3) This section does not prohibit an agency from waiving fines, civil penalties, or administrative sanctions incurred by a business for a violation.

(4) This section may be construed to diminish the responsibility for any citizen or business to apply for and obtain a permit, license, or authorizing document that is required to engage in a regulated activity, or otherwise comply with state or federal law.

(5) This section may not be construed to apply to businesses required to provide accurate and complete information and documentation in relation to any claim for payment of state or federal funds or who are licensed or certified to provide care and services to vulnerable adults or children.

(6) This section does not affect the attorney general's authority to impose fines, civil penalties, or administrative sanctions as otherwise authorized by law; nor does this section affect the attorney general's authority to enforce the consumer protection act, chapter 19.86 RCW."

Representatives Taylor, Orcutt and Smith spoke in favor of the adoption of the amendment to the committee amendment.

Representative Hunter spoke against the adoption of the amendment to the committee amendment.

Amendment (388) to the committee amendment was not adopted.

Representative Pike moved the adoption of amendment (395) to the committee amendment.

On page 241, after line 18, insert the following:

NEW SECTION. Sec. 968. A new section is added to chapter 70.94 RCW to read as follows:

(1) For the 2013-15 biennium, all decisions on applications under this chapter must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(2) If the application is denied either within or after the ninety-day decision period under subsection (1) of this section, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 969. RCW 70.94.181 and 1991 c 199 s 306 are each amended to read as follows:

(1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department ((of ecology)) or appropriate local authority board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department ((of ecology)) or board may require. The department ((of ecology)) or board may grant such variance, provided that variances to state rules shall require the department's approval prior to being issued by a local authority board. The total time period for a variance and renewal of such variance shall not exceed one year. Variances may be issued by either the department or a local board but only after public hearing or due notice, if the department or board finds that:

- (a) The emissions occurring or proposed to occur do not endanger public health or safety or the environment; and
- (b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department ((of ecology)) or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) of this section and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement, or control of the pollution involved, it shall be only until the necessary means for prevention, abatement, or control become known and available, and subject to the taking of any substitute or alternate measures that the department ((of ecology)) or board may prescribe.

(b) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures

which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department ((of ecology)) or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(c) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in (a) and (b) of this subsection, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department ((of ecology)) or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the department or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department ((of ecology)) or board shall give public notice of such application in accordance with rules of the department ((of ecology)) or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department ((of ecology)) or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department ((of ecology)) or board may obtain judicial review thereof under the provisions of chapter 34.05 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or his or her property.

(7) An application for a variance, or for the renewal thereof, submitted to the department ((of ecology)) or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department ((of ecology)) or board agree to a continuance.

(8) Variances approved under this section shall not be included in orders or permits provided for in RCW 70.94.161 or 70.94.152 until such time as the variance has been accepted by the United States environmental protection agency as part of an approved state implementation plan.

(9)(a) For the 2013-15 biennium, all decisions on variances under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 970. RCW 76.09.060 and 2012 1st sp.s. c 1 s 206 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the

notification and application shall be signed or otherwise certified as acceptable. Activities conducted by the department or a contractor under the direction of the department under the provisions of RCW 76.04.660, shall be exempt from the landowner signature requirement on any forest practices application required to be filed. The application or notification shall be delivered in person to the department, sent by first-class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW. The information required may include, but is not limited to:

- (a) Name and address of the forest landowner, timber owner, and operator;
 - (b) Description of the proposed forest practice or practices to be conducted;
 - (c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;
 - (d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;
 - (e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;
 - (f) For an application or notification submitted on or after July 10, 2012, that includes a forest practices hydraulic project, plans and specifications for the forest practices hydraulic project to ensure the proper protection of fish life;
 - (g) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;
 - (h) Soil, geological, and hydrological data with respect to forest practices;
 - (i) The expected dates of commencement and completion of all forest practices specified in the application;
 - (j) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;
 - (k) An affirmation that the statements contained in the notification or application are true; and
 - (l) All necessary application or notification fees.
- (2) Long range plans may be submitted to the department for review and consultation.
- (3) The application for a forest practice or the notification of a forest practice is subject to the reforestation requirement of RCW 76.09.070.
- (a) If the application states that any land will be or is intended to be converted:
 - (i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070;
 - (ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;
 - (iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as well as the forest practices rules.
 - (b) Except as provided elsewhere in this section, if the landowner harvests without an approved application or notification or the landowner does not state that any land covered

by the application or notification will be or is intended to be converted, and the department or the county, city, town, or regional governmental entity becomes aware of conversion activities to a use other than commercial timber operations, as that term is defined in RCW 76.09.020, then the department shall send to the department of ecology and the appropriate county, city, town, and regional governmental entities the following documents:

- (i) A notice of a conversion to nonforestry use;
 - (ii) A copy of the applicable forest practices application or notification, if any; and
 - (iii) Copies of any applicable outstanding final orders or decisions issued by the department related to the forest practices application or notification.
- (c) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes.
- (d) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices application or notification without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had stated an intent to convert.
- (e) Land that is the subject of a notice of conversion to a nonforestry use produced by the department and sent to the department of ecology and a local government under this subsection is subject to the development prohibition and conditions provided in RCW 76.09.460.
- (f) Landowners who have not stated an intent to convert the land covered by an application or notification and who decide to convert the land to a nonforestry use within six years of receiving an approved application or notification must do so in a manner consistent with RCW 76.09.470.
- (g) The application or notification must include a statement requiring an acknowledgment by the forest landowner of his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.
- (4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.
- (5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.
- (6)(a) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of three years from the date of approval or notification.
- (b) A notification or application may be renewed for an additional three-year term by the filing and approval of a notification or application, as applicable, prior to the expiration of the original application or notification. A renewal application or notification is subject to the forest practices rules in effect at the time the renewal application or notification is filed. Nothing in this section precludes the applicant from applying for a new application or notification after the renewal period has lapsed.

(c) At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than three years.

(d) The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than three years. Such rules shall include extended time periods for application or notification approval or disapproval. The department may require the applicant to provide advance notice before commencing operations on an approved application or notification.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forest lands where trees have been cut as part of an exotic forest insect or disease control effort under this subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

(9)(a) For the 2013-15 biennium, all decisions on applications or notifications under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

NEW SECTION. Sec. 971. A new section is added to chapter 90.48 RCW to read as follows:

(1) For the 2013-15 biennium, all decisions on applications under this chapter must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(2) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 972. RCW 77.55.021 and 2012 1st sp.s. c 1 s 102 are each amended to read as follows:

(1) Except as provided in RCW 77.55.031, 77.55.051, 77.55.041, and 77.55.361, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

(a) General plans for the overall project;
(b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;

(c) Complete plans and specifications for the proper protection of fish life;

(d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter; and

(e) Payment of all applicable application fees charged by the department under RCW 77.55.321.

(3) The department may establish direct billing accounts or other funds transfer methods with permit applicants to satisfy the fee payment requirements of RCW 77.55.321.

(4) The department may accept complete, written applications as provided in this section for multiple site permits and may issue these permits. For multiple site permits, each specific location must be identified.

(5) With the exception of emergency permits as provided in subsection ((12)) (13) of this section, applications for permits must be submitted to the department's headquarters office in Olympia. Requests for emergency permits as provided in subsection ((12)) (13) of this section may be made to the permitting biologist assigned to the location in which the

emergency occurs, to the department's regional office in which the emergency occurs, or to the department's headquarters office.

(6) Except as provided for emergency permits in subsection (((12))) (13) of this section, the department may not proceed with permit review until all fees are paid in full as required in RCW 77.55.321.

(7)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned.

(b) Except as provided in this subsection and subsections (((12) through (14) and (16))) (13), (15), and (16) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(c) Immediately upon determination that the forty-five day period is suspended under (b) of this subsection, the department shall notify the applicant in writing of the reasons for the delay.

(d) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(8) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to the board within thirty days from the date of receipt of the decision as provided in RCW 43.21B.230.

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(9)(a) Notwithstanding the forty-five day decision timeline required in this section, for the 2013-15 biennium, all decisions on applications under this section must be completed and the decision returned to the applicant no longer than ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

(10)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(((10))) (11) The department may, after consultation with the permittee, modify a permit due to changed conditions. A modification under this subsection is not subject to the fees provided under RCW 77.55.321. The modification is appealable as provided in subsection (8) of this section. For a hydraulic project that diverts water for agricultural irrigation or stock watering purposes, when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(((11))) (12) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request and payment of applicable fees under RCW 77.55.321. A decision by the department is appealable as provided in subsection (8) of this section. For a hydraulic project that diverts water for agricultural irrigation or stock watering purposes, when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(((12))) (13)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, verbal approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency verbal permit must be reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department may not charge a person requesting an emergency permit any of the fees authorized by RCW 77.55.321 until after the emergency permit is issued and reduced to writing.

(((13))) (14) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency

nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

((14)) (15) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

((15)) (16)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (7) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

((16)) (17) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(i) Facts upon which is based the conclusion that the trade area and the livestock industry will benefit because of the proposed market.

(j) Other information as the director may require by rule.

(2) If the director determines that the applicant meets all the requirements of subsection (1) of this section, the director shall conduct a public hearing as provided by chapter 34.05 RCW, and shall grant or deny an application for original license for a public livestock market after considering evidence and testimony relating to the requirements of this section and giving reasonable consideration to:

(a) Benefits to the livestock industry to be derived from the establishment and operation of the public livestock market proposed in the application;

(b) The geographical area that will be affected;

(c) The conflict, if any, with sales days already allocated in the area;

(d) The amount and class of livestock available for marketing in the area;

(e) Buyers available to the proposed market; and

(f) Any other conditions affecting the orderly marketing of livestock.

(3) Before a license is issued to operate a public livestock market, the applicant must:

(a) Execute and deliver to the director a surety bond as required under RCW 16.65.200;

(b) Provide evidence of a custodial account, as required under RCW 16.65.140, for the consignor's proceeds;

(c) Pay the appropriate license fee; and

(d) Provide other information required under this chapter and rules adopted under this chapter.

(4)(a) For the 2013-15 biennium, all decisions under this section must be completed and the decision returned to the applicant within ninety days of submitting the registrations. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

NEW SECTION. Sec. 986. A new section is added to chapter 70.95J RCW to read as follows:

(1) For the 2013-15 biennium, all decisions on applications under this chapter must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(2) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 987. RCW 70.119A.110 and 2011 c 102 s 1 are each amended to read as follows:

(1) No person may operate a group A public water system unless the person first submits an application to the department and receives an operating permit as provided in this section. A new application must be submitted upon any change in ownership of the system.

(2) The department may require that each application include the information that is reasonable and necessary to determine that the system complies with applicable standards and requirements of the federal safe drinking water act, state law, and rules adopted by the department or by the state board of health.

(3)(a) Following its review of the application, its supporting material, and any information received by the department in its investigation of the application, the department shall issue or deny the operating permit. The department shall act on initial permit applications as expeditiously as possible, and shall in all cases either grant or deny the application within ((one hundred twenty)) ninety days of receipt of the application or of any supplemental information required to complete the application.

(b) The applicant for a permit shall be entitled to two different appeals pathways:

(i) The applicant may file an appeal in accordance with chapter 34.05 RCW if the department denies the initial or subsequent applications or imposes conditions or requirements upon the operator. Any operator of a public water system that requests a hearing may continue to operate the system until a decision is issued after the hearing.

(ii) In the alternative, for the 2103-15 biennium, if the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application. If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

(4) At the time of initial permit application or at the time of permit renewal the department may impose such permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will provide a safe and reliable water supply to its users.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each application shall be accompanied by an annual fee.

(7) The department shall adopt rules, in accordance with chapter 34.05 RCW, necessary to implement this section.

(8) The department shall establish by rule categories of annual operating permit fees based on system size, complexity, and number of service connections. Fees charged must be sufficient to cover, but may not exceed, the costs to the department of administering a program for safe and reliable drinking water. The department shall use operating permit fees to monitor and enforce compliance by group A public water systems with state and federal laws that govern planning, water use efficiency, design, construction, operation, maintenance, financing, management, and emergency response.

(9) The annual per-connection fee may not exceed one dollar and fifty cents. The department shall phase-in implementation of any annual fee increase greater than ten percent, and shall establish the schedule for implementation by rule. Rules established by the department prior to 2020 must limit the annual operating permit fee for any public water system to no greater than one hundred thousand dollars.

(10) The department shall notify existing public water systems of the requirements of RCW 70.119A.030, 70.119A.060, and this section at least one hundred twenty days prior to the date that an application for a permit is required pursuant to RCW 70.119A.030, 70.119A.060, and this section.

(11) The department shall issue one operating permit to any approved satellite system management agency. Operating permit fees for approved satellite system management agencies must be established by the department by rule. Rules established by the department must set a single fee based on the total number of connections for all group A public water systems owned by a satellite management agency.

(12) For purposes of this section, "group A public water system" and "system" mean those water systems with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections.

Sec. 988. RCW 90.03.350 and 1995 c 8 s 6 are each amended to read as follows:

(1) Except as provided in RCW 43.21A.068, any person, corporation or association intending to construct or modify any dam or controlling works for the storage of ten acre feet or more of water, shall before beginning said construction or modification, submit plans and specifications of the same to the department for examination and approval as to its safety. Such plans and specifications shall be submitted in duplicate, one copy of which shall be retained as a public record, by the department, and the other returned with its approval or rejection endorsed thereon. No such dam or controlling works shall be constructed or modified until the same or any modification thereof shall have been approved as to its safety by the department. Any such dam or controlling works constructed or modified in any manner other than in accordance with plans and specifications approved by the department or which shall not be maintained in accordance with the order of the department shall be presumed to be a public nuisance and may be abated in the manner provided by law, and it shall be the duty of the attorney general or prosecuting attorney of the county wherein such dam or controlling works, or the major portion thereof, is situated to institute abatement proceedings against the owner or owners of such dam or controlling works, whenever he or she is requested to do so by the department.

(2) A metals mining and milling operation regulated under chapter 232, Laws of 1994 is subject to additional dam safety inspection requirements due to the special hazards associated with failure of a tailings pond impoundment. The department shall

inspect these impoundments at least quarterly during the project's operation and at least annually thereafter for the postclosure monitoring period in order to ensure the safety of the dam or controlling works. The department shall conduct additional inspections as needed during the construction phase of the mining operation in order to ensure the safe construction of the tailings impoundment.

(3)(a) For the 2013-15 biennium, all decisions on plan applications under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 989. RCW 90.03.370 and 2003 c 329 s 1 are each amended to read as follows:

(1)(a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2)(a) For the 2013-15 biennium, all decisions on applications under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the application.

(b) If the application is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the

decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

(3)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

- (i) Aquifer vulnerability and hydraulic continuity;
- (ii) Potential impairment of existing water rights;
- (iii) Geotechnical impacts and aquifer boundaries and characteristics;
- (iv) Chemical compatibility of surface waters and groundwater;
- (v) Recharge and recovery treatment requirements;
- (vi) System operation;
- (vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

((3)) (4) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department- approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a groundwater subarea is established.

((4)) (5) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

((5)) (6) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection ((3)) (4) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

((6)) (7) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

((7)) (8) This section does not apply to facilities to recapture and reuse return flow from irrigation operations serving a single farm under an existing water right as long as the

acreage irrigated is not increased beyond the acreage allowed to be irrigated under the water right.

((8)) (9) In addition to the facilities exempted under subsection ((7)) (8) of this section, this section does not apply to small irrigation impoundments. For purposes of this section, "small irrigation impoundments" means lined surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Such ponds must be lined unless a licensed engineer determines that a liner is not needed to retain water in the pond and to prevent groundwater contamination. Although it may also be composed of other materials, a properly maintained liner may be composed of bentonite. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season. However, the limitations of this subsection ((8)) (9) apply. Development and use of a small irrigation impoundment does not constitute a change or amendment for purposes of RCW 90.03.380 or 90.44.055.

Sec. 990. RCW 90.58.140 and 2012 c 84 s 2 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision

concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, 2014.

(c) Except as authorized in (b) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the

filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(d) Except as authorized in (b) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), or (d) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state.

(12)(a) For the 2013-15 biennium, all decisions on permits under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the permit.

(b) If the permit is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

Sec. 991. RCW 70.118B.030 and 2007 c 343 s 4 are each amended to read as follows:

(1) A person may not install or operate a large on-site sewage system without an operating permit as provided in this chapter after July 1, 2009. The owner of the system is responsible for obtaining a permit.

(2) The department shall issue operating permits in accordance with the rules adopted under RCW 70.118B.040.

(3) The department shall ensure the system meets all applicable siting, design, construction, and installation requirements prior to issuing an initial operating permit. Prior to renewing an operating permit, the department may review the performance of the system to determine compliance with rules and any permit conditions.

(4) At the time of initial permit application or at the time of permit renewal the department shall impose those permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will be operated and maintained properly. Each application must be accompanied by a fee as established in rules adopted by the department.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each permit may be issued only for the site and owner named in the application. Permits are not transferable or assignable except with the written approval of the department.

(7) The department may deny an application for a permit or modify, suspend, or revoke a permit in any case in which it finds that the permit was obtained by fraud or there is or has been a failure, refusal, or inability to comply with the requirements of this chapter or the standards or rules adopted under this chapter. RCW 43.70.115 governs notice of denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding to the permit applicant or permittee.

(8) For systems with design flows of more than fourteen thousand five hundred gallons per day, the department shall adopt rules to ensure adequate public notice and opportunity for review and comment on initial large on-site sewage system permit applications and subsequent permit applications to increase the volume of waste disposal or change effluent characteristics. The rules must include provisions for notice of final decisions. Methods for providing notice may include electronic mail, posting on the department's internet site, publication in a local newspaper, press releases, mailings, or other means of notification the department determines appropriate.

(9) A person aggrieved by the issuance of an initial permit, or by the issuance of a subsequent permit to increase the volume of waste disposal or to change effluent characteristics, for systems with design flows of more than fourteen thousand five hundred gallons per day, has the right to an adjudicative proceeding. The application for an adjudicative proceeding must be in writing, state the basis for contesting the action, include a copy of the decision, be served on and received by the department within twenty-eight days of receipt of notice of the final decision, and be served in a manner that shows proof of receipt. An adjudicative proceeding conducted under this subsection is governed by chapter 34.05 RCW.

(10) Any permit issued by the department of ecology for a large on-site sewage system under chapter 90.48 RCW is valid until it first expires after July 22, 2007. The system owner shall apply for an operating permit at least one hundred twenty days prior to expiration of the department of ecology permit.

(11) Systems required to meet operator certification requirements under chapter 70.95B RCW must continue to meet those requirements as a condition of the department operating permit.

(12)(a) For the 2013-15 biennium, all decisions on permits under this section must be completed and the decision returned to the applicant within ninety days of submitting the

application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the permit.

(b) If the permit is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies.

NEW SECTION. Sec. 992. A new section is added to chapter 90.66 RCW to read as follows:

(1) For the 2013-15 biennium, all decisions on permits or transfers under this section must be completed and the decision returned to the applicant within ninety days of submitting the application. If the ninety-day deadline is not satisfied, the applicant may file a motion in the appropriate superior court requesting court approval of the permit.

(2) If the permit is denied either within or after the ninety-day decision period, the applicant may file a motion in the appropriate superior court requesting the court to overturn the decision. This subsection applies notwithstanding, and as an alternative to, any other provision of law establishing appeal procedures. Applicants choosing to utilize this appeal authority are deemed to have satisfied all administrative remedies."

There being no objection, the committee amendment by the Committee on Government Oversight and Accountability was not adopted. (For Committee amendment, see Journal, Day 72, March 26, 2013).

Representative Hurst moved the adoption of amendment (409).

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 66.24 RCW to read as follows:

(1) There is a theater license to sell spirits, beer, including strong beer, or wine, or all, at retail, for consumption on theater premises. A spirits, beer, and wine theater license may be issued only to theaters that have no more than one hundred twenty seats per screen and that are maintained in a substantial manner as a place for preparing, cooking, and serving complete meals and providing tabletop accommodations for in-theater dining. Requirements for complete meals are the same as those adopted by the board in rules pursuant to chapter 34.05 RCW for a spirits, beer, and wine restaurant license authorized by RCW 66.24.400. The annual fee for a spirits, beer, and wine theater license is two thousand dollars.

(2) If the theater premises is to be frequented by minors, an alcohol control plan must be submitted to the board at the time of application. The alcohol control plan must be approved by the board and be prominently posted on the premises, prior to minors being allowed.

(3) For the purposes of this section:

(a) "Alcohol control plan" means a written, dated, and signed plan submitted to the board by an applicant or licensee for the entire theater premises, or rooms or areas therein, that shows where and

when alcohol is permitted, where and when minors are permitted, and the control measures used to ensure that minors are not able to obtain alcohol or be exposed to environments where drinking alcohol predominates.

(b) "Theater" means a place of business where motion pictures or other primarily nonparticipatory entertainment are shown.

(4) The board must adopt rules regarding alcohol control plans and necessary control measures to ensure that minors are not able to obtain alcohol or be exposed to areas where drinking alcohol predominates. All alcohol control plans must include a requirement that any person involved in the serving of spirits, beer, and/or wine must have completed a mandatory alcohol server training program.

(5)(a) A licensee that is an entity that is exempt from taxation under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended as of January 1, 2013, may enter into arrangements with a spirits, beer, or wine manufacturer, importer, or distributor for brand advertising at the theater or promotion of events held at the theater. The financial arrangements providing for the brand advertising or promotion of events may not be used as an inducement to purchase the products of the manufacturer, importer, or distributor entering into the arrangement and such arrangements may not result in the exclusion of brands or products of other companies.

(b) The arrangements allowed under this subsection (5) are an exception to arrangements prohibited under RCW 66.28.305. The board must monitor the impacts of these arrangements. The board may conduct audits of a licensee and the affiliated business to determine compliance with this subsection (5). Audits may include, but are not limited to: Product selection at the facility; purchase patterns of the licensee; contracts with the spirits, beer, or wine manufacturer, importer, or distributor; and the amount allocated or used for spirits, beer, or wine advertising by the licensee, affiliated business, manufacturer, importer, or distributor under the arrangements.

(6) The maximum penalties prescribed by the board in WAC 314-29-020 relating to fines and suspensions are double for violations involving minors or the failure to follow the alcohol control plan with respect to theaters licensed under this section.

Sec. 2. RCW 66.20.300 and 2011 c 325 s 5 are each amended to read as follows:

(5) The suspension or revocation of a permit under this section does not relieve a licensee from responsibility for any act of the employee or agent while employed upon the retail licensed premises. The board may, as appropriate, revoke or suspend either the permit of the employee who committed the violation or the license of the licensee upon whose premises the violation occurred, or both the permit and the license.

(1) The board shall issue a final order that shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW.

(2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

(b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines that a negotiated settlement between the remaining parties could resolve significant issues in dispute. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

(3) In the final order, the board shall either:

(a) Find that the state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) Find that the state agency, county, or city is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall remand the matter to the affected state agency, county, or city. comply with the requirements of this chapter. The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

(4)(a) ~~Unless the board makes a determination of invalidity ((as provided in))~~ under RCW 36.70A.302, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand.

(b) Unless the board makes a determination of invalidity, state agencies, commissions, and governing boards may not determine a county, city, or town to be ineligible or otherwise penalized in the acceptance of applications or the awarding of state agency grants or loans during the period of remand. This subsection (4)(b) applies only to counties, cities, and towns that have: (i) Delayed the initial effective date of the action subject to the petition before the board until after the board issues a final determination; or (ii) within thirty days of receiving notice of a petition for review by the board, delayed or suspended the effective date of the action subject to the petition before the board until after the board issues a final determination.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board. This subsection (2) applies only to counties, cities, and towns that have: (a) Delayed the initial effective date of the action subject to the petition before the board until after the board issues a final determination; or (b) within thirty days of receiving notice of a petition for review by the board, delayed or suspended the effective date of the action subject to the petition before the board until after the board issues a final determination.

periods specified in RCW 36.70A.040. A county, city, or town that is more than six months out of compliance with the time periods specified in RCW 36.70A.040 shall not be deemed to demonstrate substantial progress for purposes of this section.

~~((3))~~ (4) The preference specified in subsection ~~((2))~~ (3) of this section applies only to competing requests for grants or loans from counties, cities, or towns planning under RCW 36.70A.040. A request from a county, city, or town planning under RCW 36.70A.040 shall be accorded no additional preference based on subsection ~~((2))~~ (3) of this section over a request from a county, city, or town not planning under RCW 36.70A.040.

~~((4))~~ (5) Whenever a state agency is considering awarding grants or loans for public facilities to a special district requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040 and shall apply the standards in subsection (2) of this section and the preference specified in subsection ~~((2))~~ (3) of this section and restricted in subsection ~~((3))~~ (4) of this section.

This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving ~~((a loan or loan guarantee))~~ financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 ~~((which))~~ that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 ~~((is not prohibited from receiving a loan or loan guarantee))~~ may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before ~~((submitting a request for a loan or loan guarantee))~~ executing a contractual agreement for financial assistance with the board.

(3) In considering awarding ~~(loans)~~ financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. (d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(7) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list

recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(8) Subsection (7) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section.

(9) Loans made for the purpose of capital facilities plans are exempted from subsection (7) of this section.

(10) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(11) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but the person shall be entitled to be reimbursed by the state of Washington for costs and attorneys' fees incurred. If a citizen's action that the court finds was brought without reasonable cause is dismissed, the court may order the person commencing the action to pay all costs of trial and reasonable attorneys' fees incurred by the defendant.

Upon commencement of a citizen action under this section, at the request of a state officer or state employee who is a defendant, the office of the attorney general shall represent the defendant if the attorney general finds that the defendant's conduct complied with this chapter and was within the scope of employment.

RESOLUTION

HOUSE RESOLUTION NO. 2013-4650, by Representatives Hunt, Dunshee, Morris, Appleton, Seaquist, Fey, Walsh, Haler, Hargrove, Stonier, Goodman, Clibborn, and Springer

WHEREAS, During May 2013, many Washingtonians will celebrate the 50th Anniversary of the nationally and globally acclaimed successes of the 1963 American Mt. Everest Expedition, because Washington climbers achieved its most notable successes, and Washingtonians enthusiastically supported this historic achievement in many ways; and

WHEREAS, Members of this Expedition are famed for four unprecedented mountaineering achievements:

(1) On May 1, Jim Whittaker, a Washington State native, climbing with Sherpa Nawang Gombu by the South Col route, became the first American to reach Everest's 29,028 foot summit, the highest point on Earth;

(2) On May 22, Willi Unsoeld, who would become a faculty member at The Evergreen State College, and Tom Hornbein, who returned from Everest to the faculty at the University of Washington School of Medicine, pioneered the unprecedented and exceptionally difficult West Ridge route to the summit and descended by the South Col route to complete the first traverse of a major Himalayan peak;

(3) A few hours earlier that same day, Lute Jerstad, a former Washington resident, and Barry Bishop of Washington D.C. reached the summit by the South Col route; and

(4) Both teams were benighted during the descent, Unsoeld and Hornbein catching up with Jerstad and Bishop. All four survived an unplanned and unprecedented all-night bivouac above 28,000 feet without oxygen, tents, or food, and Unsoeld and Bishop suffered severe frostbite; and

WHEREAS, These mountaineering achievements are successes of the human spirit, involving supreme human effort, extraordinary

physical capability and endurance, clear vision and goals, intense determination and focus, superior teamwork, high tolerance for discomfort and danger, and exceptional organizational and logistical preparation; and

WHEREAS, These mountaineering achievements are also the successes of the highly appreciated, dedicated, expert Sherpa climbers who accompanied and supported the members of the Expedition; and

WHEREAS, Human survival at the upper elevations of Mt. Everest is possible only for brief periods of time because the air contains roughly one-third of the oxygen density of sea level, temperatures are generally around negative 20 degrees Fahrenheit, and hurricane force winds are frequent; and

WHEREAS, Throughout the 109 days of the Expedition, the team steadily engaged in scientific research relating to physiology, psychology, sociology, geology, and glaciology; and

WHEREAS, The Expedition's worldwide acclaim included recognition by President Kennedy at a White House ceremony, by the National Geographic Society, by King Mahendra of Nepal, by the United States Ambassador to Nepal Henry Stebbins, by India Prime Minister Nehru, by the United States Ambassador to India John Kenneth Galbraith, by the Indian Mountaineering Foundation, by mountaineering organizations throughout the world, by major news media around the world, and more; and

WHEREAS, The people of Washington State played a very significant role in the historic successes of the Expedition, through team members with deep Washington ties, including Barry Prather of Ellensburg and John Breitenbach who attended the University of Washington and tragically died when a massive wall of ice in the Khumbu icefall shifted and buried him in tons of ice blocks; through many contributions of cash and in-kind donations from Washington businesses, organizations, and individuals; through Washington State's United States Senator Warren G. Magnuson serving on the Expedition's Advisory Committee; through the Expedition's training and equipment testing taking place at Mount Rainier; and more; and

WHEREAS, Washingtonians' outdoor recreation heritage of hiking, climbing, and camping in the State's extensive mountain ranges, and the widespread appreciation by Washingtonians of the State's beautiful mountains and stately snowy peaks, served as the inspiration for and enthusiastic support of the Expedition in 1963;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives, on the occasion of the 50th Anniversary of the historic first American ascent of Mt. Everest:

(1) Congratulate members of this historic Expedition Jim Whittaker, Nawang Gombu, Willi Unsoeld, Tom Hornbein, Lute Jerstad, Barry Bishop, and all those who supported them;

(2) Express appreciation to all Washingtonians, to the hundreds of others from around the country who assisted its achievements, and to Norman G. Dyhrenfurth who, with his determination and genius, organized and led the Expedition; and

(3) Encourage Washingtonians to continue to engage in outdoor recreation in Washington's welcoming mountain ranges and to continue to appreciate their splendor and be inspired to greatness by them; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of

Representatives to Jim Whittaker, Jolene Unsoeld, Tom Hornbein, Norman G. Dyhrenfurth, to the other four surviving members of the team, and to the surviving widows or nearest of kin of the team members now deceased.

The Speaker (Representative Orwall presiding) stated the question before the House to be adoption of House Resolution No. 4650.

HOUSE RESOLUTION NO. 4650 was adopted.

The Speaker assumed the chair.

The appropriation in this subsection must be funded from the portion of the automated traffic safety camera infraction fines deposited into the state patrol highway account; however, if the fines deposited into the state patrol highway account from automated traffic safety camera infractions do not reach three hundred seventy thousand dollars, the department of transportation shall remit funds necessary to the Washington state patrol to ensure the completion of the pilot program. The Washington state patrol may not incur overtime as a result of this pilot program. On page 19, after line 30, insert the following:

"(5) The department, in consultation with the Washington state patrol, must continue a pilot program for the state patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving

notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2013-2015 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (3) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic safety camera infraction notice issued, along with instructions for its completion and use."

Renumber the remaining subsections consecutively and correct any internal references accordingly.

On page 82, after line 13, insert the following:

"**NEW SECTION. Sec. 711.** RCW 46.63.170 and 2012 c 85 s 3 and 2012 c 83 s 7 are each reenacted and amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120,

and 46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011.

(6) During the 2011-2013 and 2013-2015 fiscal (~~biennium~~) biennia, this section does not apply to automated traffic safety cameras for the purposes of (~~section 216(5), chapter 367, Laws of 2011~~) section 216(5) of this act."

The Washington state patrol may incur costs related only to the assignment of cadets and necessary computer equipment and to the reimbursement of the Washington state department of transportation for contract costs. The appropriation in this subsection must be funded from the portion of the automated traffic safety camera fines deposited into the state patrol highway account; however, if the fines deposited into the state patrol highway account from automated traffic safety camera infractions do not reach three

hundred seventy thousand dollars, the department of transportation shall remit funds necessary to the Washington state patrol to ensure the completion of the pilot program. The Washington state patrol may not incur overtime as a result of this pilot program. The Washington state patrol shall not assign troopers to operate or deploy the pilot program equipment used in the roadway construction zones.

"The department, in consultation with the Washington state patrol, must continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. The department must report to the joint transportation committee by January 1, 2012, and January 1, 2013, on the status of this pilot program. For the purpose of this pilot program, during the 2011-2013 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2011-2013 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must

be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

The Wenatchee administrative building and the Leavenworth and Blewett section maintenance facility projects are to be included in a pilot demonstration project funded by this appropriation. Revenue offsetting this appropriation is anticipated to come from the sale of properties owned by the department but no longer needed for transportation purposes. A portion of the appropriation in this section may be used to prepare, market, and sell the properties providing the offsetting revenue for this appropriation. Proceeds from the sale of these properties must be deposited in the motor vehicle account. As stated by an independent review panel of the Columbia river crossing project, "Complexities in design and construction produce great uncertainties in ultimate costs required and, even under full available funding, the time to construct will be lengthy, further increasing risk of affordability." The legislature further finds that:

(i) The United States coast guard has not approved the design alternative due to a lack of clearance between the Columbia river and the bridge deck, which will adversely affect the free movement of maritime freight and future economic development;

(ii) The inclusion of light rail in the design alternative results in a cost increase to the project of over nine hundred twenty-five million dollars for taxpayers, while imposing a commute time penalty of one hundred twenty-five percent for Vancouver transit riders;

(iii) The citizens of Clark county voted in November 2012 not to fund the costs of operating and maintaining light rail;

(iv) The current design alternative will not reduce congestion as it only offers three full span vehicular lanes in each direction, which is the same as the current Interstate 5 bridge; and

(v) The current contractor responsible for the environmental impact statement has repeatedly exceeded the deadlines and budgetary constraints.

(c) Therefore, it is the intent of the legislature that no funds be spent to further the selected design alternative as described in the December 7, 2011, record of decision. Within the amounts provided for the Columbia river crossing project, the department must prepare a new design alternative and a supplemental environmental impact statement, that should be completed in not more than twelve months, that includes the following:

(i) A clearance height between the bridge deck and the Columbia river that accommodates all existing and future river users and accommodates those river users' reasonable and foreseeable future needs;

(ii) A third bridge in addition to the Interstate 5 and Interstate 205 bridges to accommodate additional lanes of traffic. The design alternative must not include light rail. Any new design must either expand general lane capacity or create a measurable improvement of congestion and commute times; and

(iii) Consider the inclusion of a reversible span that will help move traffic during peak commute hours.

(d) The department is prohibited from utilizing the current contractor on the Columbia river crossing project to complete or assist with preparation of the supplemental environmental impact statement.

(e) The department shall maximize federal funds available for the design, construction, or other costs relating to the bridge structure, general purpose lanes, and bridge landings.

(f) It is the intent of the legislature that Washington and Oregon have equal funding commitments and equal total expenditures to date on the shared components of the Columbia river crossing project. The department shall provide quarterly reports on this project, beginning June 31, 2013. The report shall include:

(i) The status of the supplemental environmental impact statement, which must include updated expenditures and project timeframes;

(ii) Identification of shared and non-shared portions of the project; and

(iii) Amounts expended to date by the state of Washington and the state of Oregon on each respective states' non-shared obligations.

(g) It is also the intent of the legislature that Washington and Oregon have equal funding commitments and equal total expenditures on any the portions of the Columbia river crossing project which have not already been designated as shared project responsibilities. It is further the intent of the legislature that Washington state shall in no way be obligated to pay, either directly or indirectly, for improvements or construction to any interchanges, roads, or any other part of the project within the state of Oregon, other than those portions including the bridge and approaches which have to date been designated as shared project responsibilities"

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a

copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shoreline hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, ~~(2014)~~2015.

(c) Except as authorized in (b) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shoreline hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit

revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(d) Except as authorized in (b) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), or (d) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

POINT OF PARLIAMENTARY INQUIRY

Representative Fey: "I serve as director of the Washington State University Extension Energy Program, a position I have held for the past eleven years. The program provides energy efficiency and renewable energy services to state and local governments and the private sector, and also implements programs at the direction of the legislature. Engrossed Substitute Senate Bill 5709 directs the WSU energy program to develop and initiate a pilot program to use densified biomass to heat two public schools. The development of this program is subject to receipt of federal and private funds. The bill also authorizes the WSU energy program to contract with other entities for implementation of the pilot program. I have had no involvement in this legislation, either as a member of the House or as Director of the WSU energy program. My compensation as Director will not be affected by the legislation. Any contract related to implementation would be handled by the contract office at WSU Pullman and not by the energy program office. Under these circumstances, do I have a

private interest in the proposed legislation which requires my recusal from voting?"

SPEAKER'S RULING

Mr. Speaker: "Rule 19(D), which is based on article 2, section 30 of the Washington Constitution, provides that no member shall vote on any question which affects that member privately and particularly. The Speaker notes that the Washington Legislature is, by constitutional design, a citizen legislature. This design is based on the premise that the people of Washington are best represented by members who are concurrently engaged in outside employment and activities, and can bring this real world experience and expertise to bear on the issues before this body. Members of a citizen legislature will often encounter circumstances where the subject matter of legislation has some impact on outside employment. Whether that impact rises to the level where recusal is warranted depends on whether the benefit to the member is direct or indirect, as well as whether it is unique to the member or flows from membership in a class. In this instance, you had no involvement in development of the proposed legislation, and will receive no personal benefit from its enactment. The Speaker finds that you do not have a private or particular interest requiring you to abstain from voting."

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Substitute Senate Bill No. 5709, as amended by the House.

On page 7, after line 20, insert the following:

"Sec. 6. RCW 43.215.215 and 2011 c 295 s 2 are each amended to read as follows:

(1) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) Effective July 1, 2012, all individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal [history] record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The director shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the director such information as they may have and that the director may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before

July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) In determining the character, suitability, and competence of an individual the department may not:

(i) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a crime or civil infraction involving the individual or entity revealed in the background check process that is not on the director's list of crimes and negative actions and is not related directly to child safety; or

(ii) Delay the issuance of a license or approval of unsupervised access to children by requiring the individual to obtain records relating to a crime or civil infraction revealed in the background check process that is not on the director's list of crimes and negative actions and is not related directly to child safety and is not a permanent disqualifier pursuant to department rule.

~~((f))~~(g) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter.

(h) If the department determines that an individual does not possess the character, suitability, or competence to provide care or have unsupervised access to a child, it must provide the reasons for its decision in writing with copies of the records or documents related to its decision to the individual within ten days of making the decision.

~~((g))~~(i) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care shall submit a new background check application to the department, on a form and by a date as determined by the department.

~~((h))~~(j) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

~~((i))~~(k) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

~~((j))~~(l) The department shall investigate and conduct a redetermination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.215.300 and 43.215.305 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of early learning and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may

have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person."

Re-number the remaining sections consecutively and correct and internal references accordingly.

The Bracken decision held certain qualified terminable interest property (QTIP) of married couples was transferred without incurring Washington state estate tax liability, which: (a) Creates an inequity never intended by the legislature because unmarried individuals did not enjoy any similar opportunities to avoid or greatly reduce their potential Washington estate tax liability; and (b) may create disparate treatment between QTIP property and other property transferred between spouses that is eligible for the marital deduction.

(5) Therefore, the legislature finds that it is necessary to reinstate the legislature's intended meaning when it enacted the estate tax, restore parity between married couples and unmarried individuals, restore parity between QTIP property and other property eligible for the marital deduction, and prevent the adverse fiscal impacts of the Bracken decision by reaffirming its intent that the term "transfer" as used in the Washington estate and transfer tax is to be given its broadest possible meaning consistent with established United States supreme court precedents, subject only to the limits and exceptions expressly provided by the legislature.

(b) Beginning in calendar year 2014 and through calendar year 2016, the amount specified in (a)(ii) of this subsection must be increased by an additional one million dollars each year.

For the purposes of this section, any intangible property owned by a resident is located in Washington. The tax authorized under this subsection (1) may not be imposed on or after January 1, 2017.

Correct the title.

POINT OF ORDER

Representative Carlyle requested a scope and object ruling on amendment (449) to House Bill No. 1920.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "The title of House Bill 1920 is "an act relating to preserving funding deposited into the education legacy trust account used to support common schools and access to higher education by restoring the application of the Washington estate and transfer tax to certain property transfers." The bill requires certain marital trust property to be included in the estate for purposes of the Washington estate tax. The amendment phases out and terminates the Washington estate tax for all persons, married and single. The amendment applies to all estate taxes under Washington law, not just the marital trust property addressed in the underlying bill. The Speaker therefore finds that the amendment would change the scope and object of the bill. The point of order is well taken."

Representative Taylor moved the adoption of amendment (450).

On page 5, after line 35, insert the following:

"Sec. 5. RCW 83.100.230 and 2012 1st sp.s. c 10 s 7 are each amended to read as follows:

The education legacy trust account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for support of the common schools, and for expanding access to higher education through funding for new enrollments and financial aid, and other educational improvement efforts. Money may not be transferred from the account to the general fund without a favorable vote of at least sixty percent of the members elected to each house of the legislature."

Renumber the remaining sections consecutively, correct any internal references accordingly, and correct the title.

POINT OF ORDER

Representative Carlyle requested a scope and object ruling on amendment (450) to House Bill No. 1920.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "The title of House Bill 1920 is "an act relating to preserving funding deposited into the education legacy trust account used to support common schools and access to higher education by restoring the application of the Washington estate and transfer tax to certain property transfers." The bill requires certain marital trust property to be included in the estate for purposes of the Washington estate tax. The amendment concerns voting requirements for transfers from the education legacy trust account to the general fund, a subject wholly unrelated to the question of what kinds of property are subject to the estate tax. The Speaker therefore finds that the amendment would change the scope and object of the bill. The point of order is well taken."

"NEW SECTION. Sec. 1. (1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities to increase the impact of state funding through maximizing the amount of federal funding available to promote permanency and positive outcomes for dependent youth.

(2) The legislature also finds that children and adolescents who are legal dependents of Washington state have experienced significant trauma and loss, putting them at increased risk for poor life outcomes. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security and inability to fully take advantage of secondary and postsecondary educational opportunities, untreated mental or behavioral health problems, involvement in the criminal justice and corrections systems, and early parenthood combined with second-generation child welfare involvement.

(3) The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment, employment and earnings, and reduced rates of teen pregnancies.

Sec. 2. RCW 13.34.030 and 2011 1st sp.s. c 36 s 13 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(9) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(10) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(11) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(12) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(13) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(14) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(15) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(16) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(17) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in RCW 13.38.040.

(18) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(21) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the children's administration or the court.

(22) "Voluntary placement agreement" means, for the purposes of extended foster care services, a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.

Sec. 3. RCW 13.34.145 and 2011 c 330 s 6 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home

placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

- (A) Being returned safely to his or her home;
- (B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;
- (C) Being placed for adoption;
- (D) Being placed with a guardian;
- (E) Being placed in the home of a fit and willing relative of the child; or
- (F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(ii) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

~~((4))~~ (5) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

~~((5))~~ (6) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

~~((6))~~ (7) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

~~((7))~~ (8) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

~~((8))~~ (9) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

~~((9))~~ (10) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection ~~((8))~~ (9) of this section are met.

~~((10))~~ (11) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

~~((11))~~ (12) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

~~((12))~~ (13) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 4. RCW 13.34.267 and 2012 c 52 s 4 are each amended to read as follows:

(1) In order to facilitate the delivery of extended foster care services, the court, upon the agreement of the youth to participate in the extended foster care program, shall ~~((postpone for six months the dismissal of a))~~ maintain the dependency proceeding for any ~~((child))~~ youth who is ~~((a))~~ dependent ~~((child))~~ in foster care at the age of eighteen years and who, at the time of his or her eighteenth birthday, is:

(a) Enrolled in a secondary education program or a secondary education equivalency program; ~~((or))~~

(b) Enrolled and participating in a postsecondary academic or postsecondary vocational program, or has applied for and can demonstrate that he or she intends to timely enroll in a postsecondary academic or postsecondary vocational program; or

(c) Participating in a program or activity designed to promote employment or remove barriers to employment.

(2) If the court maintains the dependency proceeding of a youth

pursuant to subsection (1) of this section, the youth is eligible to receive extended foster care services pursuant to RCW 74.13.031, subject to the youth's continuing eligibility and agreement to participate.

(3) A dependent youth receiving extended foster care services is a party to the dependency proceeding. The youth's parent or guardian must be dismissed from the dependency proceeding when the youth reaches the age of eighteen.

(4) The court shall dismiss the dependency proceeding for any youth who is a dependent in foster care and who, at the age of eighteen years, does not meet any of the criteria described in subsection (1)(a) through (c) of this section or does not agree to participate in the program.

((2)(a) The six-month postponement under this subsection is intended to allow a reasonable window of opportunity for an eligible youth who reaches the age of eighteen to request extended foster care services from the department or supervising agency. The court shall dismiss the dependency if the youth:

- (i) Has not requested extended foster care services from the department by the end of the six-month period; or
 - (ii) Is no longer eligible for extended foster care services under RCW 74.13.031(10) at any point during the six-month period.
- (b) Until the youth requests to participate in the extended foster care program, the department is relieved of any supervisory responsibility for the youth.

(3) A youth who participates in extended foster care while completing a secondary education or equivalency program may continue to receive extended foster care services for the purpose of participating in a postsecondary academic or postsecondary vocational education program if, at the time the secondary education or equivalency program is completed, the youth has applied to and can demonstrate that he or she intends to timely enroll in a postsecondary academic or vocational education program. The department may establish foster care rates appropriate to the needs of the youth participating in extended foster care services. The department's placement and care authority over a youth receiving extended foster care services is solely for the purpose of providing services and does not create a legal responsibility for the actions of the youth receiving extended foster care services.

(6) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

(7) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:

- (a) Whether the youth is safe in his or her placement;
- (b) Whether the youth continues to be eligible for extended foster care services;
- (c) Whether the current placement is developmentally appropriate for the youth;
- (d) The youth's development of independent living skills; and

(8) Prior to the review hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review.

((9) Upon the request of the youth, or when the youth is no longer eligible to receive extended foster care services according to rules adopted by the department, the court shall dismiss the dependency.))

(b) The court, after holding the dependency case open pursuant to RCW 13.34.267(1), has dismissed the case because the youth became ineligible for extended foster care services.

(2)(a) Upon a request for extended foster care services by a youth pursuant to subsection (1) of this section, a determination that the youth is eligible for extended foster care services, and the completion of a voluntary placement agreement, the department shall provide extended foster care services to the youth.

(b) In order to continue receiving extended foster care services after entering into a voluntary placement agreement with the department, the youth must agree to the entry of an order of dependency within one hundred eighty days of the date that the youth is placed in foster care pursuant to a voluntary placement agreement.

(3) A youth may enter into a voluntary placement agreement for extended foster care services only once. A youth may transition among the eligibility categories identified in RCW 74.13.031 while under the same voluntary placement agreement, provided that the youth remains eligible for extended foster care services during the transition.

(i) The date that the youth requested extended foster care services;

(ii) The department's reasons for declining to enter into a voluntary placement agreement with the youth and the date of the department's decision; and

(iii) Information regarding the youth's right to ask the court to establish a dependency for the purpose of providing extended foster care services and his or her right to counsel to assist in making that request.

(b) The written documentation pursuant to (a) of this subsection must be provided to the youth within ten days of the department's decision not to enter into a voluntary placement agreement with the youth.

(2)(a) A youth seeking to participate in extended foster care after being declined by the department under subsection (1) of this section may file a notice of intent to file a petition for dependency, asking the court to determine his or her eligibility for extended foster care services, and to enter an order of dependency. If the youth chooses to

file such notice, it must be filed within thirty days of the date of the department's decision.

(b) Upon filing the notice, the youth must be provided counsel at no cost to him or her. Upon receipt of the youth's petition, the court must set a hearing date to determine whether the petition should be granted.

If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(6) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years.

(12) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(13) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally

recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(14) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(15) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty- one years of age who are or have been in foster care.

(16) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(17)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community- based organization and must be updated as needed.

Sec. 10. RCW 74.13.031 and 2012 c 259 s 8 and 2012 c 52 s 2 are each reenacted and amended to read as follows:

(2) Within available resources, the department and supervising agencies shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and the department shall annually report to the governor and the legislature concerning the department's and supervising agency's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030(11), the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department or supervising agencies shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department or supervising agencies shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department and the supervising agencies shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department and supervising agencies are encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department or supervising agencies shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department and supervising agencies shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95- 608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department and supervising agency shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(9) The department and supervising agency shall have authority to purchase care for children.

(10) The department shall establish a children's services advisory committee with sufficient members representing supervising agencies which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child

care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(11)(a) The department and supervising agencies shall ~~((have authority to))~~ provide continued extended foster care services to ~~((youth ages eighteen to twenty one years to participate in or complete))~~ nonminor dependents who are:

(i) Enrolled in a secondary education program or a secondary education equivalency program~~((-or-))~~;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program; or

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment.

(b) To be eligible for extended foster care services, the nonminor dependent must have been dependent and in foster care at the time that he or she reached age eighteen years. If the dependency case of the nonminor dependent was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under section 5 of this act or pursuant to an order of dependency issued by the court under section 6 of this act. A nonminor dependent whose dependency case was dismissed by the court must have requested extended foster care services before reaching age nineteen years.

(c) The department shall develop and implement rules regarding youth eligibility requirements.

(12) The department shall have authority to provide adoption support benefits, or relative guardianship subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a relative guardianship at age sixteen or older and who meet the criteria described in subsection (11) of this section.

(13) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(14) The department and supervising agencies shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (8) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(15) Within amounts appropriated for this specific purpose, the supervising agency or department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(16) The department and supervising agencies shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty- one years of age who are or have been in foster care.

(17) The department and supervising agencies shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department and supervising agencies are performing the duties and meeting the

obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(18)(a) The department shall, within current funding levels, place on its public web site a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community- based organization and must be updated as needed.

(6) Members of the caseload forecast council shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. Nonlegislative members of the council shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(7) "Caseload," as used in this chapter, means:

(3)(a) The department of social and health services, in collaboration with the office of financial management and the caseload forecast council, shall develop a methodology for calculating the savings under this section. The methodology must be used for the 2013- 2015 fiscal biennium, and for each biennium thereafter. The methodology must establish a baseline for calculating savings. In developing the methodology, the department of social and health services shall incorporate the relevant requirements of any demonstration waiver granted to the state under P.L. 112-34. The savings must be based on actual caseload and per capita expenditures.

(b) The caseload and the per capita expenditures for youth in extended foster care pursuant to RCW 74.13.031 and as determined under RCW 43.88C.010(9) shall not be included in the following:

(c) By December 1, 2012, the department of social and health services shall submit the proposed methodology to the governor and the appropriate committees of the legislature. The methodology is deemed approved unless the legislature enacts legislation to modify or reject the methodology.

Savings calculated by the department under this section are not subject to RCW 43.79.460. The department shall report the amount of the state general fund savings achieved to the office of financial management and the fiscal committees of the legislature at the end of each fiscal year. The office of financial management shall provide notice to the state treasurer of the amount of state general fund savings, as calculated by the department of social and health services, for transfer into the child and family reinvestment account.

~~((c))~~ (e) Nothing in this section prohibits (i) the caseload forecast council from forecasting the foster care caseload under RCW 43.88C.010 or (ii) the department from including maintenance funding in its budget submittal for caseload costs that exceed the baseline established in (a) of this subsection.

POINT OF PERSONAL PRIVILEGE

Representative DeBolt: "Ladies and Gentleman of the House, it is kind of neat to be up here. I've had two firsts; I also got to go to caucus. I just wanted to let you know, you know as you sit here in life and you think about things, as a lot of you know I haven't been feeling very well lately. I was in the hospital and I kind of looked at my life and I thought about my son's sixteenth birthday, which is tomorrow. Happy Birthday Austin. I thought about where I fit in the world and one of the things I do know is that two years ago I had some severe health challenges and now I am going to face some new challenges and I know I'm going to be fine but it is time for me to step aside as the leader of the House Republican Caucus. I just really want you guys to know how much it has meant to me to serve in that area and in that part of my life. This has been a wonderful experience for me. We are going to see how the summer goes and then we will go from there. Each and every one of you holds a special place in the State of Washington. You represent a district and you represent a philosophy and an ideal that you have to hold on to because you represent those people that elected you and sent you here. Each and every one of you has a special gift and a talent and have been lucky enough to be elected to this body and I don't want you to look past that. I'm not leaving, I'm just changing roles for a while, stepping away, going to focus on my family and my health and my other worlds. There is a lot of stresses that come in this building, you guys know them probably better than anybody. The reason I choose to go now is because as I've been home, every time someone makes a decision I get ten texts telling me they made this decision. It is important that we know who is responsible. Joel is going to be stepping in and helping me out. Thank you. Our caucus is in good shape and very strong and I just want you guys to know how much I really appreciate everything and Mr. Speaker, you have been very concerned and very helpful to me as I went through this and you have been a great leader for us and I appreciate you and your compassion. Thank you guys very much as I move forward in a new chapter in my life and I appreciate it Thanks."

Mr. Speaker: "I am at a loss for words Richard. You and I have been through a lot together, a lot of floor battles, in fact I always was very worried whenever Richard would stand and speak

on the floor because I was very jealous frankly, because you can get up and give a great speech and I'm always nervous. In fact, I'm so pleased I haven't given a floor speech in about ten years but I just really have great admiration for you. We have been through a lot, maybe we should write a book together because there are lots of stories we could tell about how great this institution is and how great all the legislators are, but in particular, how great you have been to work with. It is more than just a working relationship, you've been a great friend. Anything we can do, just let us know, I appreciate all the years of service you've given to the State of Washington, to your district, and to all of us. I wish you all the best. Everybody up." (The members of the House rose in honor of Representative DeBolt.)

The Speaker called upon Representative Orwall to preside.

SUBSTITUTE SENATE BILL NO. 5705, by Senate Committee on Governmental Operations (originally sponsored by Senators Brown, King and Hatfield)

Concerning amounts received by taxing districts from property tax refunds and abatements.

The bill was read the second time.

Representative Carlyle moved the adoption of amendment (454).

On page 2, after line 3, insert the following:

"NEW SECTION. Sec. 2. The legislature finds that it is difficult for many property owners to pay property taxes under the current system where past due property tax payments must be paid in full, including penalties and interest. The legislature further finds that providing counties and property owners some flexibility in structuring past due property tax payments may provide some relief for property owners with delinquent tax payments.

Sec. 3. RCW 84.56.020 and 2010 c 200 s 1 are each amended to read as follows:

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the thirty-first day of October following and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (11)(b) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those costs that can be identified specifically with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted and identified specifically to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended specifically for the purpose of administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, the tax foreclosure avoidance costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict on delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

~~((7))~~ (8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

~~((8))~~ (9) For purposes of this chapter, "interest" means both interest and penalties.

~~((9))~~ (10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

~~((10))~~ (11)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic bill presentment and payment. Electronic bill presentment and payment may be utilized as an option by the taxpayer, but the treasurer may not require the use of electronic bill presentment and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for ~~((prepayments))~~ delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer must provide, by electronic means or otherwise, a payment agreement that ~~((may include prepayment collection charges. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic bill))~~ provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the thirty-first day of October following and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfer payments on a monthly basis. Monthly payments must first be applied to penalties and interest. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

~~((11))~~ (12) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic bill presentment and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010.

Sec. 4. RCW 84.56.070 and 2009 c 350 s 2 are each amended to read as follows:

(1) The county treasurer ~~((shall))~~ must proceed to collect all personal property taxes after first completing the tax roll for the current year's collection.

(2) The treasurer (~~shall~~) must give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer (~~shall forthwith proceed to collect the same~~) must commence delinquent collection efforts. A delinquent collection charge for costs incurred by the treasurer must be added to the account.

(3) In the event that (~~he or she~~) the treasurer is unable to collect the (~~same~~) taxes when due under this section, the treasurer (~~shall~~) must prepare papers in distraint, which (~~shall~~) must contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner.

(a) The treasurer (~~shall~~) must without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and (~~shall~~) must proceed to advertise the same by posting written notices in three public places in the county in which such property has been distrained, one of which places (~~shall~~) must be at the county courthouse, such notice to state the time when and place where such property will be sold.

(b) The county treasurer, or the treasurer's deputy, (~~shall~~) must tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint.

(c) If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which (~~shall be~~) may not be less than ten days after the taking of such property, such treasurer or treasurer's designee (~~shall~~) must proceed to sell such property at public auction, or so much thereof as (~~shall be~~) is sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer (~~shall~~) must pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative (~~(= PROVIDED, That whenever it shall become)~~).

(d) If necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net, or drag seine fishing location, or any other personal property as the treasurer (~~shall~~) determines to be incapable or reasonably impracticable of manual delivery, it (~~shall be~~) is deemed to have been distrained and taken into possession when the treasurer (~~shall have~~) has, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale(~~(s)~~). A copy of the notice (~~shall~~) must also be sent to the owner or reputed owner at his or her last known address, by registered letter at least thirty days prior to the date of sale(~~(= AND PROVIDED FURTHER, That)~~).

(e) If the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold, or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may (~~forthwith~~) distraint sufficient goods and chattels to pay the same."

MESSAGE FROM THE SENATE

April 12, 2013

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1115 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 62A.4A-108 and 1991 sp.s. c 21 s 4A-108 are each amended to read as follows:

RELATIONSHIP TO ELECTRONIC FUND TRANSFER ACT.

(a) Except as provided in subsection (b) of this section, this Article does not apply to a funds transfer any part of which is governed by the Electronic Fund Transfer Act of 1978 (Title XX, P.L. 95-630, 92 Stat. 3728, 15 U.S.C. Sec. 1693 et seq.) ~~((as amended from time to time))~~.

(b) This Article applies to a funds transfer that is a remittance transfer as defined in the Electronic Fund Transfer Act (15 U.S.C. Sec. 1693o-1), unless the remittance transfer is an electronic fund transfer as defined in the Electronic Fund Transfer Act (15 U.S.C. Sec. 1693a).

(c) In a funds transfer to which this Article applies, in the event of an inconsistency between an applicable provision of this Article and an applicable provision of the Electronic Fund Transfer Act, the provision of the Electronic Fund Transfer Act governs to the extent of the inconsistency.

Sec. 2. RCW 62A.4A-103 and 1991 sp.s. c 21 s 4A-103 are each amended to read as follows:

~~((+))~~ (a) In this Article:

~~((+))~~ (1) "Payment order" means an instruction of a sender to a receiving bank, transmitted orally, electronically, or in writing, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:

(i) The instruction does not state a condition ~~((€))~~ to payment to the beneficiary other than time of payment;

(ii) The receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender; and

(iii) The instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.

~~((+))~~ (2) "Beneficiary" means the person to be paid by the beneficiary's bank.

~~((+))~~ (3) "Beneficiary's bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.

~~((+))~~ (4) "Receiving bank" means the bank to which the sender's instruction is addressed.

~~((+))~~ (5) "Sender" means the person giving the instruction to the receiving bank.

~~((2))~~ ~~(b)~~ If an instruction complying with subsection ~~((1)(a))~~ ~~(a)(1)~~ of this section is to make more than one payment to a beneficiary, the instruction is a separate payment order with respect to each payment.

~~((3))~~ ~~(c)~~ A payment order is issued when it is sent to the receiving bank.

Sec. 3. RCW 62A.4A-104 and 1991 sp.s. c 21 s 4A-104 are each amended to read as follows:

In this Article:

~~((4))~~ ~~(a)~~ "Funds transfer" means the series of transactions, beginning with the originator's payment order, made for the purpose of making payment to the beneficiary of the order. The term includes any payment order issued by the originator's bank or an intermediary bank intended to carry out the originator's payment order. A funds transfer is completed by acceptance by the beneficiary's bank of a payment order for the benefit of the beneficiary of the originator's payment order.

~~((2))~~ ~~(b)~~ "Intermediary bank" means a receiving bank other than the originator's bank or the beneficiary's bank.

~~((3))~~ ~~(c)~~ "Originator" means the sender of the first payment order in a funds transfer.

~~((4))~~ ~~(d)~~ "Originator's bank" means ~~((a))~~ ~~(i)~~ the receiving bank to which the payment order of the originator is issued if the originator is not a bank, or ~~((b))~~ ~~(ii)~~ the originator if the originator is a bank.

Sec. 4. RCW 62A.4A-105 and 2012 c 214 s 1201 are each amended to read as follows:

~~((4))~~ ~~(a)~~ In this Article:

~~((a))~~ ~~(1)~~ "Authorized account" means a deposit account of a customer in a bank designated by the customer as a source of payment of payment orders issued by the customer to the bank. If a customer does not so designate an account, any account of the customer is an authorized account if payment of a payment order from that account is not inconsistent with a restriction on the use of ~~((b))~~ ~~that~~ account.

~~((b))~~ ~~(2)~~ "Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company. A branch or separate office of a bank is a separate bank for purposes of this Article.

~~((c))~~ ~~(3)~~ "Customer" means a person, including a bank, having an account with a bank or from whom a bank has agreed to receive payment orders.

~~((d))~~ ~~(4)~~ "Funds-transfer business day" of a receiving bank means the part of a day during which the receiving bank is open for the receipt, processing, and transmittal of payment orders and cancellations and amendments of payment orders.

~~((e))~~ ~~(5)~~ "Funds-transfer system" means a wire transfer network, automated clearing house, or other communication system of a clearing house or other association of banks through which a payment order by a bank may be transmitted to the bank to which the order is addressed.

~~((f))~~ ~~(6)~~ [Reserved.]

~~((g))~~ ~~(7)~~ "Prove" with respect to a fact means to meet the burden of establishing the fact (RCW 62A.1-201(b)(8)).

~~((2))~~ ~~(b)~~ Other definitions applying to this Article and the sections in which they appear are:

"Acceptance"	RCW 62A.4A-209
"Beneficiary"	RCW 62A.4A-103
"Beneficiary's bank"	RCW 62A.4A-103

Sec. 5. RCW 62A.4A-106 and 2012 c 214 s 1202 are each amended to read as follows:

~~((4))~~ ~~(a)~~ The time of receipt of a payment order or communication canceling or amending a payment order is determined by the rules applicable to receipt of a notice stated in RCW 62A.1-202. A receiving bank may fix a cut-off time or times on a funds-transfer business day for the receipt and processing of payment orders and communications canceling or amending payment orders. Different cut-off times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cut-off time may apply to senders generally or different cut-off times may apply to different senders or categories of payment orders. If a payment order or communication canceling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cut-off time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

~~((2))~~ ~~(b)~~ If this Article refers to an execution date or payment date or states a day on which a receiving bank is required to take action, and the date or day does not fall on a funds-transfer business day, the next day that is a funds-transfer business day is treated as the date or day stated, unless the contrary is stated in this Article.

Sec. 6. RCW 62A.4A-202 and 1991 sp.s. c 21 s 4A-202 are each amended to read as follows:

~~((+))~~ (a) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

~~((2))~~ (b) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if ~~((+))~~ (i) the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and ~~((+))~~ (ii) the bank proves that it accepted the payment order in good faith and in compliance with the security procedure and any written agreement or instruction of the customer restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates a written agreement with the customer or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

~~((3))~~ (c) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if ~~((+))~~ (i) the security procedure was chosen ~~((by))~~ by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and ~~((+))~~ (ii) the customer expressly agreed in writing to be bound by any payment order, whether or not authorized, issued in its name, and accepted by the bank in compliance with the security procedure chosen by the customer.

~~((4))~~ (d) The term "sender" in this Article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection ~~((+))~~ (a) of this section, or it is effective as the order of the customer under subsection ~~((2))~~ (b) of this section.

~~((5))~~ (e) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

~~((6))~~ (f) Except as provided in this section and RCW 62A.4A-203~~((+))~~ (a)(1), rights and obligations arising under this section or RCW 62A.4A-203 may not be varied by agreement.

Sec. 7. RCW 62A.4A-203 and 1991 sp.s. c 21 s 4A-203 are each amended to read as follows:

~~((4))~~ (a) If an accepted payment order is not, under RCW ~~((62A.4A-201(+)))~~ 62A.4A-202(a), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to RCW 62A.4A-202~~((2))~~ (b), the following rules apply.

~~((+))~~ (1) By express written agreement, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

~~((+))~~ (2) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or (ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

~~((2))~~ (b) This section applies to amendments of payment orders to the same extent it applies to payment orders.

Sec. 8. RCW 62A.4A-204 and 2012 c 214 s 1203 are each amended to read as follows:

~~((+))~~ (a) If a receiving bank accepts a payment order issued in the name of its customer as sender which is ~~((+))~~ (i) not authorized and not effective as the order of the customer under RCW 62A.4A-202, or ~~((+))~~ (ii) not enforceable, in whole or in part, against the customer under RCW 62A.4A-203, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the date the customer received notification from the bank that the order was accepted or that the customer's account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

~~((2))~~ (b) Reasonable time under subsection ~~((+))~~ (a) of this section may be fixed by agreement as stated in RCW 62A.1-302(b), but the obligation of a receiving bank to refund payment as stated in subsection ~~((+))~~ (a) of this section may not otherwise be varied by agreement.

Sec. 9. RCW 62A.4A-205 and 1991 sp.s. c 21 s 4A-205 are each amended to read as follows:

~~((+))~~ (a) If an accepted payment order was transmitted pursuant to a security procedure for the detection of error and the payment order ~~((+))~~ (i) erroneously instructed payment to a beneficiary not intended by the sender, ~~((+))~~ (ii) erroneously instructed payment in an amount greater than the amount intended by the sender, or ~~((+))~~ (iii) was an erroneously transmitted duplicate of a payment order previously sent by the sender, the following rules apply:

~~((+))~~ (1) If the sender proves that the sender or a person acting on behalf of the sender pursuant to RCW 62A.4A-206 complied with the security procedure and that the error would have been detected if the receiving bank had also complied, the sender is not obliged to pay the order to the extent stated in ~~((+))~~ paragraphs (2) and ((+)) (3) of this subsection.

~~((+))~~ (2) If the funds transfer is completed on the basis of an erroneous payment order described in ~~((+))~~ clause (i) or ~~((+))~~ (iii) of this subsection (a), the sender is not obliged to pay the order and the receiving bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

~~((+))~~ (3) If the funds transfer is completed on the basis of a payment order described in ~~((+))~~ clause (ii) of this subsection (a), the sender is not obliged to pay the order to the extent the amount received by the beneficiary is greater than the amount intended by the sender. In that case, the receiving bank is entitled to recover from the beneficiary the excess amount received to the extent allowed by the law governing mistake and restitution.

~~((2))~~ (b) If ~~((+))~~ (i) the sender of an erroneous payment order described in subsection ~~((+))~~ (a) of this section is not obliged to pay all or part of the order, and ~~((+))~~ (ii) the sender receives notification from the receiving bank that the order was accepted by the bank or that the sender's account was debited with respect to the order, the sender has a duty to exercise ordinary care, on the basis of information available to the sender, to discover the error with respect to the order and to advise the bank of the relevant facts within a reasonable time, not exceeding ninety days, after the bank's notification was received by the sender. If the bank proves that the sender failed to perform that duty, the sender is liable to the bank for the loss the bank proves it incurred as a result of the failure, but the

liability of the sender may not exceed the amount of the sender's order.

~~((3))~~ (c) This section applies to amendments to payment orders to the same extent it applies to payment orders.

Sec. 10. RCW 62A.4A-206 and 1991 sp.s. c 21 s 4A-206 are each amended to read as follows:

~~((4))~~ (a) If a payment order addressed to a receiving bank is transmitted to a funds-transfer system or other third-party communication system for transmittal to the bank, the system is deemed to be an agent of the sender for the purpose of transmitting the payment order to the bank. If there is a discrepancy between the terms of the payment order transmitted to the system and the terms of the payment order transmitted by the system to the bank, the terms of the payment order of the sender are those transmitted by the system. This section does not apply to a funds-transfer system of the federal reserve banks.

~~((2))~~ (b) This section applies to cancellations and amendments of payment orders to the same extent it applies to payment orders.

Sec. 11. RCW 62A.4A-207 and 1991 sp.s. c 21 s 4A-207 are each amended to read as follows:

~~((4))~~ (a) Subject to subsection ~~((2))~~ (b) of this section, if, in a payment order received by the beneficiary's bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

~~((2))~~ (b) If a payment order received by the beneficiary's bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

~~((a))~~ (1) Except as otherwise provided in subsection ~~((3))~~ (c) of this section, if the beneficiary's bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary's bank need not determine whether the name and number refer to the same person.

~~((b))~~ (2) If the beneficiary's bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary's bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

~~((3))~~ (c) If ~~((a))~~ (i) a payment order described in subsection ~~((2))~~ (b) of this section is accepted, ~~((b))~~ (ii) the originator's payment order described the beneficiary inconsistently by name and number, and ~~((e))~~ (iii) the beneficiary's bank pays the person identified by number as permitted by subsection ~~((2)(a))~~ (b)(1) of this section, the following rules apply:

~~((i))~~ (1) If the originator is a bank, the originator is obliged to pay its order.

~~((ii))~~ (2) If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfies the burden of proof if it proves that the originator, before the payment order was accepted, signed a writing stating the information to which the notice relates.

~~((4))~~ (d) In a case governed by subsection ~~((2)(a))~~ (b)(1) of this section, if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from

that person to the extent allowed by the law governing mistake and restitution as follows:

~~((a))~~ (1) If the originator is obliged to pay its payment order as stated in subsection ~~((3))~~ (c) of this section, the originator has the right to recover.

~~((b))~~ (2) If the originator is not a bank and is not obliged to pay its payment order, the originator's bank has the right to recover.

Sec. 12. RCW 62A.4A-208 and 1991 sp.s. c 21 s 4A-208 are each amended to read as follows:

~~((4))~~ (a) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank only by an identifying number.

~~((a))~~ (1) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.

~~((b))~~ (2) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

~~((2))~~ (b) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

~~((a))~~ (1) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

~~((b))~~ (2) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection ~~((2)(a))~~ (b)(1) of this section, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing stating the information to which the notice relates.

~~((e))~~ (3) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

~~((d))~~ (4) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in RCW 62A.4A-302~~((4)(a))~~ (a)(1).

Sec. 13. RCW 62A.4A-209 and 1991 sp.s. c 21 s 4A-209 are each amended to read as follows:

~~((4))~~ (a) Subject to subsection ~~((4))~~ (d) of this section, a receiving bank other than the beneficiary's bank accepts a payment order when it executes the order.

~~((2))~~ (b) Subject to subsections ~~((3) and (4))~~ (c) and (d) of this section, a beneficiary's bank accepts a payment order at the earliest of the following times:

~~((a))~~ (1) When the bank (i) pays the beneficiary as stated in RCW 62A.4A-405 ~~((1) or (2))~~ (a) or (b) or (ii) notifies the beneficiary of receipt of the order or that the account of the beneficiary has been credited with respect to the order unless the notice indicates that the bank is rejecting the order or that funds with

respect to the order may not be withdrawn or used until receipt of payment from the sender of the order;

~~((b))~~ (2) When the bank receives payment of the entire amount of the sender's order pursuant to RCW 62A.4A-403~~((1)(a) or (b))~~ (a) (1) or (2); or

~~((c))~~ (3) The opening of the next funds-transfer business day of the bank following the payment date of the order if, at that time, the amount of the sender's order is fully covered by a withdrawable credit balance in an authorized account of the sender or the bank has otherwise received full payment from the sender, unless the order was rejected before that time or is rejected within (i) one hour after that time, or (ii) one hour after the opening of the next business day of the sender following the payment date if that time is later. If notice of rejection is received by the sender after the payment date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the payment date to the day the sender receives notice or learns that the order was not accepted, counting that day as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest payable is reduced accordingly.

~~((c))~~ (c) Acceptance of a payment order cannot occur before the order is received by the receiving bank. Acceptance does not occur under subsection ~~((2)(b) or (c))~~ (b) (2) or (3) of this section if the beneficiary of the payment order does not have an account with the receiving bank, the account has been closed, or the receiving bank is not permitted by law to receive credits for the beneficiary's account.

~~((4))~~ (d) A payment order issued to the originator's bank cannot be accepted until the payment date if the bank is the beneficiary's bank, or the execution date if the bank is not the beneficiary's bank. If the originator's bank executes the originator's payment order before the execution date or pays the beneficiary of the originator's payment order before the payment date and the payment order is subsequently canceled pursuant to RCW 62A.4A-211~~((2))~~ (b), the bank may recover from the beneficiary any payment received to the extent allowed by the law governing mistake and restitution.

Sec. 14. RCW 62A.4A-210 and 1991 sp.s. c 21 s 4A-210 are each amended to read as follows:

~~((4))~~ (a) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, electronically, or in writing. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order, ~~((a))~~ (i) any means complying with the agreement is reasonable and ~~((b))~~ (ii) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

~~((2))~~ (b) This subsection applies if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to RCW 62A.4A-211~~((4))~~ (d) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

~~((3))~~ (c) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

~~((4))~~ (d) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order.

Sec. 15. RCW 62A.4A-211 and 1991 sp.s. c 21 s 4A-211 are each amended to read as follows:

~~((2))~~ (a) A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

~~((2))~~ (b) Subject to subsection ~~((4))~~ (a) of this section, a communication by the sender canceling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

~~((3))~~ (c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

~~((a))~~ (1) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

~~((b))~~ (2) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

~~((4))~~ (d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

~~((5))~~ (e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.
