Sec. 701. 2023 c 475 s 701 (uncodified) is amended to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT—INFORMATION TECHNOLOGY INVESTMENT POOL

General Fund—State Appropriation (FY 2024)	\$26,470,000
General Fund—State Appropriation (FY 2025)	(\$9,022,000)
	\$12,356,000
Other Appropriated Funds	(\$6,559,000)
	\$18,198,000
TOTAL APPROPRIATION	(\$42,051,000)
	\$57,024,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Amounts in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2023, dated April 22, 2023, and IT-2024, dated March 4, 2024, which ~~((is))~~ are hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2023, dated April 22, 2023, and IT-2024, dated March 4, 2024, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of the chief information officer for certification and release of funding for each gate of the

project. When the office of the chief information officer certifies the key deliverables of the gate have been met, a current technology budget is approved; and if applicable to the stage or gate of the project, that the project is putting functioning software into production that addresses user needs, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality that the office of the chief information officer will post to their website by July 1, 2023, it must notify the office of financial management and the fiscal committees of the legislature. The office of financial management may not approve funding for the certified project gate any earlier than ten business days from the date of notification to the fiscal committees of the legislature.

(3)(a) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the chief information officer and the office of financial management.

(b) Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and the office of the chief information officer, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project and only after the office of the chief information officer certifies the stage as required in subsection (2) of this section. For the one Washington project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project. If there is no significant risk to the project, the holdback does not apply to the final gate during a biennial close.

(4)(a) Each project must have a technology budget. The technology budget must have the detail by fiscal month for the 2023-2025 fiscal biennium. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out, as well as at least five years of maintenance and operations costs.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit an updated technology budget, if changes occurred, to include detailed financial information to the office of financial management and the office of the chief information officer. The technology budget must describe the total cost of the project, as well as maintenance and operations costs, to include and identify at least:

(i) Fund sources:

(A) If the project is funded from the information technology revolving account, the technology budget must include a worksheet that provides the fund sources that were transferred into the account by fiscal year;

(B) If the project is by a central service agency, and funds are driven out by the central service model, the technology budget must provide a statewide impact by agency by fund as a worksheet in the technology budget file;

(ii) Full time equivalent staffing level to include job classification assumptions. This is to assure that the project has adequate state staffing and agency support to ensure success, ensure user acceptance, and adequately test the functionality being delivered in each sprint before it is accepted by the agency's contracting officer or their representative. Key project functions that are deemed "critical" must be retained by state personnel and not outsourced, to ensure that knowledge is retained within state government and that the state can self-sufficiently support the system and make improvements without long-term dependence on a vendor;

(iii) Discrete financial budget codes to include at least the appropriation index and program index;

(iv) Object and subobject codes of expenditures;

(v) Anticipated deliverables to include software demonstration dates;

(vi) Historical budget and expenditure detail by fiscal year; and

(vii) Maintenance and operations costs by fiscal year for at least five years as a separate worksheet.

(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(5)(a) Each project must have a project charter. The charter must include:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities, and shows that the project is adequately staffed by state personnel in key functions to ensure success;

(ii) The office of the chief information officer staff assigned to the project;

(iii) A project roadmap that includes the problems the team is solving and the sequence in which the team intends to take on those problems, updated periodically to reflect what has been learned;

(iv) Metrics to support the project strategy and vision, to determine that the project is incrementally meeting user needs;

(v) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(vi) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(vii) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(viii) Financial budget coding to include at least discrete financial coding for the project.

(b) If required by the office of the chief information officer, a project may also need to have an investment plan. The office of the chief information officer must:

(i) Base the requirement of an agency needing to have an investment plan on the complexity and risk of the project;

(ii) Establish requirements by project risk level in statewide technology policy, and publish the requirements by September 30, 2023; and

(iii) In collaboration with the department of enterprise services, define the circumstances under which the vendor will be terminated or replaced and establish the process by which the agency will transition to a new vendor with a minimal reduction in project productivity.

(6)(a) Projects with estimated costs greater than \$100,000,000 from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the chief information officer, except for the one Washington project which must be divided into the following discrete subprojects: Core financials, expanding financials and procurement, budget, and human resources. Each subproject must have a technology budget as provided in this section.

(b) If the project affects more than one agency:

(i) A separate technology budget and investment plan must be prepared by each agency; and

(ii) There must be a budget roll up that includes each affected agency at the subproject level.

(7) The office of the chief information officer shall maintain a statewide information technology project dashboard that provides updated information each fiscal month on projects subject to this section. The statewide dashboard must meet the requirements in section 155 of this act.

(8) For any project that exceeds \$2,000,000 in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(a) Independent quality assurance services for the project must report independently to the office of the chief information officer;

(b) The office of the chief information officer, based on project risk assessments, may require additional quality assurance services and independent verification and validation services;

(c) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(d) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(e) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed;

(f) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements;

(g) The agency and project must use an agile development model holding live demonstrations of functioning software, developed using incremental user research, held at the end of every two-week sprint, except for:

(i) Hardware or infrastructure projects; and

(ii) Projects that have implemented all phases and are now in maintenance and operations;

(h) The project solution must be capable of being continually updated, as necessary; and

(i) The agency and project must deploy usable functionality into production for users within 180 days from the date of an executed procurement contract in response to a competitive request for proposal.

(9) The office of the chief information officer must evaluate the project at each stage and certify whether the project is putting functioning software into production that addresses user needs, is projected to be completed within budget, is in compliance with the quality assurance plan, and meets a defined set of industry best practices for code quality, and whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(10) The office of the chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the chief information officer must report on December 1 each calendar year any suspension or termination of a project in the previous 12-month period to the legislative fiscal committees.

(11) The office of the chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of

SIXTIETH DAY, MARCH 7, 2024

the chief information officer must report on December 1 each calendar year any additional projects to be subjected to this section that were identified in the previous 12-month period to the legislative fiscal committees.

(12) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

(13) The following information technology projects are subject to the conditions, limitations, and review of this section:

(a) The state network firewall replacement of the consolidated technology services agency;

(b) The resident portal of the consolidated technology services agency; and

**ARTICLE VIII
RULE-MAKING**

NEW SECTION. **Sec. 8.** (1) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this interstate compact and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(2) The commission shall promulgate reasonable rules to achieve the intent and purpose of this interstate compact. In the event the commission exercises its rule-making authority in a manner that is beyond purpose and intent of this interstate compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect of law in the member states.

(3) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(4) Rules or amendments to the rules shall be adopted or ratified at a regular or special meeting of the commission in accordance with commission rules and bylaws.

(5) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with 48 hours' notice, with opportunity to comment, provided that the usual rule-making procedures shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

- (a) Meet an imminent threat to public health, safety, or welfare;
- (b) Prevent a loss of commission or member state funds;
- (c) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule of the commission; or
- (d) Protect public health and safety.

ARTICLE IX

FACILITATING INFORMATION EXCHANGE

NEW SECTION. **Sec. 9.** (1) The commission shall provide for facilitating the exchange of information to administer and implement the provisions of this compact in accordance with the rules of the commission, consistent with generally accepted data protection principles.

(2) Nothing in this compact shall be deemed or construed to alter, limit, or inhibit the power of a member state to control and maintain ownership of its licensee information or alter, limit, or inhibit the laws or regulations governing licensee information in the member state.

**ARTICLE X
OVERSIGHT, DISPUTE RESOLUTION, AND
ENFORCEMENT**

NEW SECTION. **Sec. 10.** (1) Oversight.

(a) The executive and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact shall have standing as statutory law.

(b) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

(c) All courts and all administrative agencies shall take judicial notice of the compact, the rules of the commission, and any information provided to a member state pursuant thereto in any judicial or quasi-judicial proceeding in a member state pertaining to the subject matter of this compact, or which may affect the powers, responsibilities, or actions of the commission.

(d) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) Default, technical assistance, and termination. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

(3) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners of the member states, and all rights, privileges, and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

SIXTIETH DAY, MARCH 7, 2024

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the state licensing authority, and each of the member states.

(5) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(6) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(7) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(8) Dispute resolution.

(a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both binding and nonbinding alternative dispute resolution for disputes as appropriate.

(9) Enforcement.

(a) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI

EFFECTUATION, WITHDRAWAL, AND AMENDMENT

NEW SECTION. **Sec. 11.** (1) The compact shall come into effect on the date on which the compact statute is enacted into law in the 10th member state.

(a) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the charter member states to determine if the statute enacted by each such charter member state is materially different from the model compact statute.

(b) A charter member state whose enactment is found to be materially different from the model compact statute shall be entitled to the default process set forth in section 10 of this act.

(c) Member states enacting the compact subsequent to the charter member states shall be subject to the process set forth in section 7(3)(t) of this act to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.

(2) If any member state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of member states should be less than 10.

(3) Any state that joins the compact after the commission's initial adoption of the rules and bylaws shall be subject to the rules

and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state, as the rules and bylaws may be amended as provided in this compact.

(4) Any member state may withdraw from this compact by enacting a statute repealing the same.

(a) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(b) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(5) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XII

CONSTRUCTION AND SEVERABILITY

NEW SECTION. **Sec. 12.** This compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of any member state or a state seeking membership in the compact, or of the United States or the applicability thereof to any other government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

ARTICLE XIII

CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

NEW SECTION. **Sec. 13.** (1) Nothing herein shall prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the compact.

(2) Any laws, statutes, regulations, or other legal requirements in a member state in conflict with the compact are superseded to the extent of the conflict.

(3) All permissible agreements between the commission and the member states are binding in accordance with their terms.

Sec. 14. RCW 28A.405.220 and 2016 c 85 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first three years of employment by such district, unless:

Employees as defined in this

section shall hereinafter be referred to as "provisional employees."

(2) The superintendent of the school district may not renew the employment contract of a provisional employee licensed under the interstate teacher mobility compact in chapter 28A.--- RCW (the new chapter created in section 15 of this act) for a third year if the provisional employee has not yet completed both the issues of abuse course described in RCW 28A.410.035 and the equity-based school practices requirements under RCW 28A.410.277.

(3) In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by the end of the regular legislative session for that year, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

~~((4))~~ (5) Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

~~((5))~~ (6) The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

~~((6))~~ (7) This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter 28A.645 RCW.

NEW SECTION. Sec. 15. Sections 1 through 13 of this act constitute a new chapter in Title 28A RCW."

On page 1, line 1 of the title, after "to" strike the remainder of the title and insert "the licensure and employment of out-of-state teachers; amending RCW 28A.405.220; and adding a new chapter to Title 28A RCW."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 2320, by House Committee on Appropriations (originally sponsored by Davis, Eslick, Bergquist, Callan, Dent, Dye, Senn, Leavitt, Harris, Ryu, Walen, Peterson, Pollet, and Ramel)

Concerning high THC cannabis products.

MOTION

Senator Keiser moved that the following striking amendment no. 886 by Senator Keiser be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is a growing body of research evidencing that consuming cannabis with high concentrations of THC may be harmful to some people, including younger persons and persons who have or are at risk for developing certain mental health conditions or psychotic disorders. Products like THC-infused vape oils, shatter, and dabs can contain close to 100 percent THC, and may carry risks not commonly associated with consumption of useable cannabis flower or other cannabis products with relatively lower THC concentrations. In the interest of public health, the legislature intends to review studies and consider increasing the minimum legal age of sale of high THC cannabis products to age 25, and the legislature intends to require caution notices, developed by the department of health, to be posted at the point of sale in cannabis retail outlets to raise awareness about possible health impacts and risks associated with high THC cannabis. The legislature further intends to implement and study health interventions, gather data, and ensure that new research, data, and information concerning the impacts of high THC cannabis continues to be incorporated into state policy.

NEW SECTION. Sec. 2. The legislature intends to provide the department of health with recurring funding available each fiscal year, beginning in fiscal year 2025, to allow the department of health to issue requests for proposals and contract for targeted public health messages and social marketing campaigns directed toward individuals most likely to suffer negative impacts of high THC products including persons under 25 years of age and persons living with mental health challenges. Messages and media campaigns funded must include information about risks, comparative dosing of cannabis products, and resources for persons seeking support for quitting or decreasing their intake of tetrahydrocannabinol. The content of public health messages and social marketing campaigns must be developed in partnership with persons targeted by the messages and campaigns and in consultation with professionals proficient in public health communication and in cannabis research.

NEW SECTION. Sec. 3. By July 1, 2025, the department of health must develop an optional training that cannabis retail staff may complete to better understand the health and safety impacts of high THC cannabis products. In developing the optional training, the department of health must consult with cannabis retail staff, cannabis consumers, persons who have been harmed by high THC products, health care providers, prevention professionals, researchers with relevant expertise, behavioral health providers, and representatives of licensed cannabis businesses.

Sec. 4. RCW 69.50.357 and 2022 c 16 s 71 are each amended to read as follows:

(1)(a) Retail outlets may not sell products or services other than cannabis concentrates, useable cannabis, cannabis-infused products, or paraphernalia intended for the storage or use of cannabis concentrates, useable cannabis, or cannabis-infused products.

(b)(i) Retail outlets may receive lockable boxes, intended for the secure storage of cannabis products and paraphernalia, and related literature as a donation from another person or entity, that is not a cannabis producer, processor, or retailer, for donation to their customers.

(ii) Retail outlets may donate the lockable boxes and provide the related literature to any person eligible to purchase cannabis

products under subsection (2) of this section. Retail outlets may not use the donation of lockable boxes or literature as an incentive or as a condition of a recipient's purchase of a cannabis product or paraphernalia.

(iii) Retail outlets may also purchase and sell lockable boxes, provided that the sales price is not less than the cost of acquisition.

(2) Licensed cannabis retailers may not employ persons under twenty-one years of age or allow persons under twenty-one years of age to enter or remain on the premises of a retail outlet. However, qualifying patients between eighteen and twenty-one years of age with a recognition card may enter and remain on the premises of a retail outlet holding a medical cannabis endorsement and may purchase products for their personal medical use. Qualifying patients who are under the age of eighteen with a recognition card and who accompany their designated providers may enter and remain on the premises of a retail outlet holding a medical cannabis endorsement, but may not purchase products for their personal medical use.

(3)(a) Licensed cannabis retailers must ensure that all employees are trained on the rules adopted to implement this chapter, identification of persons under the age of twenty-one, and other requirements adopted by the board to ensure that persons under the age of twenty-one are not permitted to enter or remain on the premises of a retail outlet.

(b) Licensed cannabis retailers with a medical cannabis endorsement must ensure that all employees are trained on the subjects required by (a) of this subsection as well as identification of authorizations and recognition cards. PERSONAL PRIVILEGE

Senator Liias: "Thank you, Mr. President, the passage of that measure marks the completion of our transportation budget work for this short session, and I want to just take a brief moment to thank the incredible Senate Committee Services' staff and partisan staff that support us in this work.

I often will look up at the third floor of the Cherberg Building as I'm leaving, just to see if the lights are still on on the third floor

where our staff work and almost every night when I'm leaving, and we're all leaving, those lights are still on and they are continuing their diligent work on behalf of each of us.

I'm particularly fortunate to get to work with Kelly and Haley who lead the team, but also deeply grateful to Brandon and Brian and Jenna and Megan, Yukimi our committee assistant, and to both Democratic and Republican staff, Hannah and Martin.

The work of preparing a budget for our state is incredibly difficult and complex, and we are so fortunate to have dedicated tireless public servants who do this work year in and year out for us.

And I know that they're watching. It would be too great of a punishment to make them come here to the wings and receive our applause. I think they prefer to do it from the anonymity of TVW.

So, to the incredible folks who make us look good and help us deliver good value to the people of Washington, I want to say thank you."

PERSONAL PRIVILEGE

Senator King: "I just want to reiterate what the good Chair of Transportation just said about our staff.

The thing that I really like about it is when they tell you something, you can take that to the bank. They work hard. They understand the issues and the guidance that they give us is just incredible.

And I just want to know how much we appreciate everything they do.

Thank you, Mr. President."

"PART I

WASHINGTON SAVES

NEW SECTION. Sec. 1. ESTABLISHMENT. (1) Washington saves is established to serve as a vehicle through which covered employees may, on a voluntary basis, provide for additional retirement security through a state-facilitated retirement savings program in a convenient, cost-effective, and portable manner.

(2) Washington saves is intended as a public-private partnership that will encourage, not replace or compete with, employer-sponsored retirement plans.

(3) Washington saves must be designed in consultation with covered employers and covered employees to ensure that the businesses and workers intended to benefit from the program are provided ample opportunity to learn about and give input on the program design and timeline for implementation before the program is made publicly available.

(7) "Department" means the department of labor and industries.

(8) "Employer" means a person or entity engaged in a business, profession, trade, or other enterprise in the state, whether for profit or not for profit. "Employer" does not include federal or state entities, agencies, or instrumentalities, or any political subdivision thereof.

(9) "Employer administrative duties" include all requirements of covered employers under section 3 of this act that do not involve amounts due to the employee.

(12) "Individual account" means an IRA established by or for an individual participant and owned by the individual participant pursuant to this chapter.

(19) "Wages" means any commission, compensation, salary, or other remuneration, as defined by section 219(f)(1) of the internal revenue code, received by a covered employee from a covered employer.

NEW SECTION. Sec. 3. GENERAL PROVISIONS. (1) The program:

(a) Allows covered employees to contribute to an IRA through automatic payroll deductions or additional retirement savings vehicles;

(b) Requires covered employers to fulfill the requirements provided in subsection (3) of this section;

(c) Facilitates automatic enrollment for covered employees and allows for covered employees to opt out of the plan at any time;

(2)(a) Covered employees, who do not opt out of the program, are automatically enrolled in the program at the default rate or at an amount expressly specified by the employee in connection with the payroll deduction IRA agreement. Individual participants may modify their contribution rates or amounts or terminate their participation in the program at any time, subject to procedure defined by rule by the governing board. All contribution amounts are subject to the dollar limits on contributions provided by federal law.

(b) Contributions must be invested in the default investment option unless the individual participant affirmatively elects to invest some or all balances in one or more approved investment options offered by the program. An individual participant must have the opportunity to change investments for either future contributions or existing balances, or both, subject to requirements defined by rule by the governing board.

(c) Individual accounts are portable. A former individual participant who is either unemployed, or is employed by a noncovered employer, must be permitted to contribute to their individual account.

(d) An individual participant's and former individual participant's ability to withdraw, roll over, or transfer account balances is subject to, and liable for, all fees, penalties, and taxes under applicable law.

(e) An individual participant's or former individual participant's ability to receive distributions of contributions and earnings is subject to applicable law.

(i) Register with the program and provide the program administrator relevant information about covered employees;

(ii)(A) Assist the program by offering all covered employees the choice to either participate by voluntarily contributing to an IRA or opt out; or

(iii) Timely remit participant contributions; and

(iv) Distribute program information and disclosures to covered employees, as provided in section 4(14) of this act.

SIXTIETH DAY, MARCH 7, 2024

(c) Employers are not fiduciaries with respect to, or are liable for, the program, related information, educational materials, or forms or disclosures approved by the governing board, or the selection or performance of vendors selected by the governing board. An employer is not responsible for or obligated to monitor a covered employee's or individual participant's decision to participate in or opt out of the program, for contribution decisions, investment decisions, or failure to comply with the statutory eligibility conditions or limits on IRA contributions. An employer does not guarantee any investment, rate of return, or interest on assets in any individual participant account or the administrative account or is liable for any market losses, failure to realize gains, or any other adverse consequences, including the loss of favorable tax treatment or public assistance benefits, incurred by any person as a result of participating in the program. Nothing in this section relieves an employer from liability for criminal, fraudulent, tortious, or otherwise actionable conduct including liability related to the failure to remit employee contributions.

(4)(a) The governing board must determine the type or types of IRA accounts available under the program.

(b) An individual participant's contributions and earnings may be combined for investment and custodial purposes only. Separate records and accounting are required for individual accounts. ENGROSSED SUBSTITUTE SENATE BILL NO. 6069, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Billig: "Thank you Mr. President. Rising for what will probably be my last time on this Senate floor. And I am going to miss place. I am going to miss the institution of the Senate, the people, the work, I'm going to miss this incredible building.

This is a pretty amazing place to come to work every day. The physical place and the place because all of the people here. There is actually a connection between this beautiful building and the work that we do. The people who built this building, our predecessors, made it so grand on purpose. The marble and the wood, the high ceilings to remind of the significance of the work that we do and the impact, the significant impact that it has on the people we represent. So, I will miss this place, but I also know it is time to hang up my, as we would say in my other job, 'Hang up my spikes.' So I'll hang up the book of Reed's Rules, or my microphone, or my suit, I'm going to hang up my suit, Mr. President. That's what I am going to hang up.

But I know that an important part of leadership is knowing when it is time to step aside and make room for others to lead. And that time is now.

As I depart, Mr. President, I am, most of all, filled with a deep sense of gratitude. Gratitude to my family who have supported and inspired me. It is almost automatic to thank your family in

these kinds of speeches and it shouldn't be. The reason everybody does it is because we all know we can't be here without the support and sacrifice of our family. I'm deeply grateful to them.

I have gratitude to the super-smart and dedicated staff, or, as Senator Wilson said yesterday, 'the wicked-smart staff.' Which is very accurate. The caucus staff, the nonpartisan committee staff, the rostrum staff, our legislative assistants and session aides and interns. And I've had some great ones including the team with me this year.

I have so much gratitude, Mr. President, for my colleagues and for you. It's a unique collection of characters for sure. But everyone trying to do the best they can to serve their constituents. I have a special appreciation for the members of the Senate Democratic Caucus. Six years ago, they expressed their trust in me to be the caucus leader and Majority Leader. And I've tried hard every day to earn that trust. And I'm so proud of what we've accomplished together. And as much as I'm proud of what we've accomplished, I'm proud of how we've accomplished it. We're more efficient, more effective, more diverse, more bipartisan, more transparent than any time in recent history.

But that's not to say it's always smooth sailing. I sometimes have this idea in my head that our Caucus, and the Senate as a whole, is like this symphony. Just perfect harmony. And I'm just at the front directing it. The reality is, at least at times, is there we're more like an out of control stage coach, barreling around a corner, and just barely keeping ourselves on the road.

When I reflect back on my fourteen years in the Legislature and my six years as Leader, one of the times that really stands out to me as my first year as Majority Leader. It was the last day of session and we were stuck. If it was a symphony, it was silent. If we were a stagecoach, we had gone over the cliff. The governor's staff had already drafted the special session proclamation because we were headed to special session – Secretary Banister is nodding in her head – and it was about 8:30 and were just dead stuck. A bunch of us are sitting in the caucus room. It wasn't a caucus meeting. It wasn't a leadership meeting. We were not, we had nothing to do because we were just stuck. And we started talking. And these super smart, capable senators, we all came up with a plan. And we sent out these emissaries throughout the Capitol to do the work of the Legislature. And by 10:30 p.m., now, as you know, Mr. President, there's a midnight deadline so 10:30 is a little on the late side, but by 10:30, we had freed the log jam with compromises and elbow grease and ingenuity. The budgets and about a dozen other bills started to flow and we finished just seconds before midnight. So, I certainly appreciated my hardworking caucus colleagues that night as I do every day.

I also greatly appreciate my colleagues across the aisle. We don't always agree but I think people would be very surprised, people outside this place, with how often we do agree. And even when we don't agree we almost always find a way to do it respectfully. And even sometimes with a bit of humor. I remember a few years ago when we were in the minority. Now, Mr. President, this may surprise you, but I occasionally had a point of order called on me. So, this one bill I was speaking on, and I strayed a little too close to the line and Senator Padden jumped up and called a point of order. And Senator Roach, who was the President of Pro Tem presiding that day – just my luck – and she ruled for that point in favor of Senator Padden. And then she fined me one pound of See's marzipan candy, which I delivered the next day and we all had a nice laugh. So even when we disagree, we can find a way to smile. But the fact is that Senator Padden and I have worked together many more times than we've worked against each other on behalf of Spokane. And that could be said for just about everyone on the other side of the aisle. I appreciate their collaboration.

Lastly, but very importantly, I have gratitude to the people of Spokane for sending me here for fourteen years to represent them. What an honor to represent my community. And I thank my constituents not just for their support but also for their inspiration. So many bills that I prime sponsored were brought to me by constituents. My first big bill my first year, was brought to me by constituents, advocates for protecting the Spokane River. And I had no idea that it would be one of the biggest bills that I would pass in my time here. It removed phosphorus from law and fertilizer to prevent toxic algae blooms in waterways across the state, including the Spokane River.

And then my last bill this year, about hate crimes, brought to me by members of the Spokane community after acts of hate in Spokane. As you know, Mr. President, it's always all about Spokane. I think back, especially the last few days, been thinking back a lot to my first days here, my first year. When I came for my first day, I actually got here a day early, and I did the public tour. And the tour guide was great. She was surprised that I was getting sworn-in the next day and on the public tour. But it was a great tour. Everybody should do that tour. And I reflect back on how excited and energized I was that day. And I feel just as excited and energized to be here now as I was that day And that is just how I want to leave this place. So, I am going to miss all of you. I'll miss you, Mr. President, and everybody here.

I'm going to miss this place, but I know I'm leaving it in good hands. Thank you, Mr. President."

The Senate rose in recognition of the dedicated public service of Senator Billig on the occasion of his upcoming retirement from the Senate.

PERSONAL PRIVILEGE

Senator Braun: "Thank you Mr. President.

As we've discussed, I do a study, a lot of study in the Red Book and I have been studying the point of personal privileges a lot lately. And I realized that I have something I'd like to share that I think does affect me personally 'in a unique and particular way,' as they say. I have five friends that will be leaving us after this session. I know you're sensitive about how we use points of personal privilege but I think it's appropriate that we take at least a few moments to recognize their unique and important contributions in this chamber. And I'd just like to do that.

I'll start with Senator Sam Hunt over here. You know, it's hard to imagine how a Republican Husky and a Democrat Cougar could find ways to work together. And in fairness, our philosophical outlooks don't overlap all that much but we have. And all I'd like to say about Senator Hunt is that whether we're working together or whether we're in disagreement on a particular issue, he approaches it in a, in an upbeat, cheerful, positive manner. He's going to tell you no. He almost always does it with a smile on his face. And I deeply appreciate that, because it's that kind of approach to work here, particularly when we don't see eye-to-eye, that makes this place work so effectively.

Our leader, Senator Andy Billig, you know, I remember some of those points of order back in the days when we were in the majority and the Democrats are in the minority. And Andy was the Deputy Leader for much of that. And part of his job was to press home places that, you know, needed to be pressed home from his perspective. And I appreciate that. And he did it well. In the last four years, I've had the good fortune to serve alongside him as the Republican Leader. And I believe we've forged a very strong working relationship, a relationship based on candor, based on fairness, based on transparency that's been good. I know from my perspective it's been good for the institution. I'd like to think it's been good for everyone's perspective; it's been good for the institution. You know, Andy has been as strong, even when we disagree, he's been a strong defender of vigorous, vigorous debate. And he's jumps right in there. Even when he's wrong, he will defend his position with skill and with good humor. And again, I think that's one of the things that make this institution so very special, And I want to thank him for that.

Senator Karen Keiser. I've had the, mostly pleasure, of serving on the Commerce and Labor and now, for the last seven years, the Labor and Commerce Committee with Karen. And while we sometimes vigorously disagree on some issues. I am always amazed at the number of things we do agree on. There's a lot of good government stuff that we are lined up on. And she is one hundred percent a pro at this. I don't think there's anybody on the floor here that is better at just, if we disagree today and we got something to work on tomorrow, we're going to work on it and we're going to get it right. And I've had a couple things I'd share. We worked together, worked together on the Ruckelshaus Committee working for the help of our development disabled citizens for a couple years. And those were long years. Those meetings were like, went for six days at a time it seemed like. They were long, long meetings but it brought a group in our state that were very divided on many issues, brought them together. And I won't say we solved all the problems there but we got on a path that I think, ultimately, will lead to better services for these citizens in the future. And Karen had a heck of a lot to do with

that. And last fall, I had a unique opportunity. We were invited to sit down together with KUOW and do what they call a *Story Corps*, where they ask folks from different political positions to sit together and go through a series of questions that, I don't know, what, it took an hour or two? And we talked about things from how we arrived – I didn't know until that day – we both arrived here, different paths but from the Midwest. And learn more about each other and share, try to find common ground. And that was a really meaningful and good experience for me. And I am very proud that we did that together. I, like I said, there are a few people here that are more efficient, more effective in just going out there and solving problems in our state than Senator Keiser.

Mark Mullet over there in the corner. We came to the Senate together. Same year, actually, technically I think that Senator Billig came the same year but he had been in the House, so we don't count that. We came elected in 2012 and showed up here in 2013. And just as things were, we happened, they probably just happened to be in the majority. And we worked on a lot of things we worked hard on, you know. Senator Mullet applied his financial background to looking at the GET Program and led the effort really to move towards the Dream Ahead Program. I think he has served the parents and students in our state enormously well. I remember when we were in the majority, I worked a lot with the late Senator Andy Hill and our goal was always, could we get Mark Mullet to vote for the budget? That was one of our measures of success. And unfortunately, he took a very principled position on the Public Works Trust account. So, we'd get him almost there, but we would misuse, and frankly, I think that was true from both sides of the aisle during the Great Recession, somehow misuse that Public Works Trust account, and we'd lose his vote. Every time. But I'll tell you, Mr. President, he stuck to his guns. And as a result, today, and he didn't talk much about this during, yesterday during his capital budget speech, but that fund is in much better shape. It's being used as it should be and that, a lot of that credit, goes to him and others who insisted that we use it right and we help our local communities. Mark is unfailingly kind, doesn't matter what your political position is. He's honest. He carries deeply about policy. And I was thinking about it yesterday when he was speaking, you know those fifteen-minute blocks, all the different topics we all get to hear from. And few people, I don't think anybody in the Legislature has had more impact on a broader set of topics before us than Mark Mullet. The breadth of the topics he's worked on is truly impressive, and I think we should recognize that.

All right. Senator Lynda Wilson. This is a tough loss for me, and I think for our Caucus. Lynda has been there at every point when we needed someone to do a hard job. She has been there. She's smart. She's hard working. She's clear-eyed. She's not afraid to tell you when she thinks you're wrong. It doesn't matter who you are. You know, Lynda will sometimes, in a self-deprecating way, say that she didn't go to college, and that's true for several folks on the floor. But I will tell you, three of the most talented, gifted, efficient, effective people I know in my life didn't go to college. Lynda's one of them. She's really good and she shows us that it's not about any stamp you may have. It's about what you bring every day to your job, whatever job it is, certainly in this job. Do you show up? Do you listen? Do you understand? Do you work hard enough to get to a solution that everybody can accept and can be executed? Lynda does that. I think in no place do you see it more than this work. As I have greatly admired, I spent a lot of time working on the budget in the early years. And the work over the last two years, and I give Senator Robinson and Senator Rolfes a lot of credit for this as well, but to find a way to keep both sides in the room right up to the end, even if it isn't a document everybody can support in the end. Keeping everybody

involved is a tremendous service to our state. And I want to thank Lynda for the work she did to make that happen. She has faced difficult situations but she always does it with strength and with grace and really sets an example for all of us. So, I speak today just to share my appreciation for all of you. Everything you've done, certainly the time I've been here, I deeply appreciate it. I think our state should be deeply grateful for your sacrifice and your service. I wish each of you the very, very best. Thank you, Mr. President."

REMARKS BY THE PRESIDENT

President Heck: "Senator Braun, you said you were going to speak to five, for sure, departing colleagues. You did. There's actually a sixth. Just want to know if that was intentionality on your part?"

Senator Braun: "Well, Mr. President, that wasn't as 'unique and particular.' No, I apologize. That was, and I certainly meant no offense. I didn't speak to, there are a number of folks in this body who are running for office and won't, and may be back but you are right. Senator Van De Wege won't be back either way will he? Well, I would be happy to speak to him because, and I apologize, but, and I did say five, but I'm going to change that to six if I may, Mr. President.?"

President Heck: "Proceed."

PERSONAL PRIVILEGE

Senator Braun: "So, Senator Van De Wege came to, you know, came to the Senate about halfway through my time here. And we serve very similar districts in many ways. We are very rural, resource dependent. I think the big difference is Port Townsend is a lot different than Centralia. And so, we come at it from different perspectives. But Senator Van De Wege has always been one hundred percent focused on what works for his district. And he will, when that means he is in the majority position, he will be there, he will be a strong advocate. If that means he has to buck the system, if he has to stand up to his Caucus, and we all know that's not an easy thing to do, he will do that. If he thinks that's the right thing to serve his constituents in the 24th Legislative District. He has been, and this, of course given our similar districts, been a strong, strong advocate for, for the timber industry, for the natural resources we, we are blessed with here in our state. He's been a strong advocate for the fire service, given his professional background. I have a personal appreciation for that. These are folks who serve us well, across our state, and he has been their champion here in, in the Senate for many years. So, I'm not going to say anymore, sorry Kevin. I've already talked more than I intended to do. I wanted to just say a few short words, Mr. President, I figured for sure you would cut me off by now and you didn't. So, I appreciate that very much, and once again, thank each of you for your service to our state. God bless."

PERSONAL PRIVILEGE

Senator Liias: "Thank you, Mr. President, I'm pretty angry, because my best friend in the Legislature refuses to make farewell remarks. And so, to punish him and to make sure that the Journal of the Senate of the State of Washington accurately conveys his service, I think it's important that we talk about. Senator Van De Wege. And I say 'my best friend' with thoughtfulness. I appreciate so many people here and I count so many of you as personal friends, but Senator Van De Wege is special. And it's not

because we agree, Mr. President. Senator Van De Wege drives me to madness with some of the things he's advocated for, and some of the amendments he's put on my bills, and some of the things he's asked for in the budgets I've worked on. But Senator Van De Wege is one of the kindest and most compassionate people that has ever served in this Legislature. And he is the very embodiment of an unsung hero. Not just because every day he goes to work to keep his fellow citizens safe as a firefighter and paramedic, but because he comes to work every day to make sure that the people whose voices are not heard at this Capitol are heard. And he doesn't do it with his name on it, and he doesn't do it to get popular acclaim. He does it because he knows it's what's important. And I also just want to tell a story that talks about my friend Kevin as a human. When we serve together in the House, I worked a lot on improving the conditions in our public schools with relation to bullying. And I sponsored a number of bills to tackle school bullying in our classrooms. And Senator Van De Wege came up to me one day because his son, unfortunately, had made some remarks to a classmate that were unfair and uncharitable and Senator Van De Wege wanted to make sure that his son had some accountability for what he did. And so he said, 'Can I ask my son to write you a letter apologizing on behalf of the words that he made?' And who's going to say no to a request like that? And to see the thoughtfulness and poise in Jack's letter and to have a chance to write back. It just showed me the quality of humans that Kevin and Jennifer Van De Wege are, and the amazing, upstanding citizens that they've raised for the people of our state. And I am upset that he's leaving and I'm even more upset that he won't stand up and take credit for all the amazing things he's done. But I'm so grateful and so honored to call him my friend. I know that we will all call him our friend from sine die onwards, and I just wanted to make sure the Senate had an opportunity to express our deep appreciation to our friend, Senator Kevin Van De Wege."

The Senate rose in appreciation and honor of Senator Van De Wege and his dedicated legislative service and devoted public service..

President Heck: "Maybe we should test this. Senator Van De Wege, state your point of personal privilege."

Senator Van De Wege: "Thank you, Mr. President. I will keep this very short. Thank you, Marco, for those kind words, and John, too. Point of personal privilege, Mr. President?"

President Heck: "Please proceed."

PERSONAL PRIVILEGE

Senator Van De Wege: "Thank you all. This has been a wonderful endeavor serving in the Legislature. I loved almost every minute of it, and I've always appreciated representing the Olympic Peninsula here in the Legislature. I am most, I love you all, but I'm most grateful to our staff who have always made us look good and made sure what we're doing here is done in the correct way and for the good of the people. So, thank you. Thank you for recognizing me. Thank you, Marco, and thank you, John, and thank you all. Take care."

The Senate again rose and recognized Senator Van De Wege on the occasion of his upcoming retirement from the Senate..

NEW SECTION. Sec. 4. A new section is added to chapter 44.90 RCW to read as follows:

(1) As provided by this chapter, the commission or the court shall determine all questions described by this chapter as under the commission's authority. However, such authority may not result in an order or rule that intrudes upon or interferes with the legislature's core function of efficient and effective law making or the essential operation of the legislature, including that an order or rule may not:

(a) Modify any matter relating to the qualifications and elections of members of the legislature, or the holding of office of members of the legislature;

(b) Modify any matter relating to the legislature or each house thereof choosing its officers, adopting rules for its proceedings, selecting committees necessary for the conduct of business, considering or enacting legislation, or otherwise exercising the legislative power of this state;

(c) Modify any matter relating to legislative calendars, schedules, and deadlines of the legislature; or

(d) Modify laws, rules, policies, or procedures regarding ethics or conflicts of interest.

(2) No member of the legislature may be compelled by subpoena or other means to attend a proceeding related to matters covered by this chapter during a legislative session, committee assembly days, or for 15 days before commencement of each session.

Sec. 5. RCW 44.90.050 and 2022 c 283 s 5 are each amended to read as follows:

(1) Except as may be specifically limited by this chapter, legislative employees shall have the right to self-organization, to form, join, or assist employee organizations, and to bargain collectively through representatives of their own choosing for the purpose of collective bargaining free from interference, restraint, or coercion. Legislative employees shall also have the right to refrain from any or all such activities.

(2) Except as may be specifically limited by this chapter, the commission shall determine all questions pertaining to ascertaining exclusive bargaining representatives for legislative employees and collectively bargaining under this chapter. However, no employee organization shall be recognized or certified as the exclusive bargaining representative of a bargaining unit of employees of the legislative branch unless it

receives the votes of a majority of employees in the petitioned for bargaining unit voting in a secret election (~~by mail ballot~~) administered by the commission. The commission's process must allow for an employee, group of employees, employee organizations, employer, or their agents to have the right to petition on any question concerning representation.

(3) ~~((The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.))~~
The commission must adopt rules that provide for at least the following:

- (a) Secret balloting;
- (b) Consulting with employee organizations;
- (c) Access to lists of employees, job titles, work locations, and home mailing addresses;
- (d) Absentee voting;
- (e) Procedures for the greatest possible participation in voting;
- (f) Campaigning on the employer's property during working hours; and
- (g) Election observers.

(4)(a) If an employee organization has been certified as the exclusive bargaining representative of the employees of multiple bargaining units, the employee organization may act for and negotiate a master collective bargaining agreement that includes within the coverage of the agreement all covered employees in the bargaining units.

(b) If a master collective bargaining agreement is in effect for the newly certified exclusive bargaining representative, it applies to the bargaining unit for which the new certification has been issued. Nothing in this subsection (4)(b) requires the parties to engage in new negotiations during the term of that agreement.

(5) The certified exclusive bargaining representative is responsible for representing the interests of all the employees in the bargaining unit. This section may not be construed to limit an exclusive bargaining representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(6) No question concerning representation may be raised if:
(a) Fewer than 12 months have elapsed since the last certification or election; or

(b) A valid collective bargaining agreement exists covering the unit, except for that period of no more than 120 calendar days nor less than 90 calendar days before the expiration of the contract.

NEW SECTION. Sec. 6. A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission, after hearing upon reasonable notice to all interested parties, shall decide, in each application for certification as an exclusive bargaining representative, the unit appropriate for certification. In determining the new units or modifications of existing units, the commission must consider: The duties, skills, and working conditions of the employees; the history of collective bargaining; the extent of organization among the employees; the desires of the employees; and the avoidance of excessive fragmentation. However, a unit is not appropriate if it includes:

(a) Both supervisors and nonsupervisory employees. A unit that includes only supervisors may be considered appropriate if a majority of the supervisory employees indicates by vote that they desire to be included in such a unit;

(b) Both house of representatives and senate employees;

(c) Both partisan and nonpartisan employees;

(d) Employees of the majority party caucus and the minority party caucus, unless a majority of the employees of each caucus indicate by vote that they desire to be included together in the same unit; or

(e) Employees of the legislative service center, office of legislative support services, and the office of the code reviser, in any combination with each other or in any combination with employees of the house of representatives or employees of the senate.

(2) If a single employee organization is the exclusive bargaining representative for two or more units, upon petition by the employee organization, the units may be consolidated into a single larger unit if the commission considers the larger unit to be appropriate. If consolidation is appropriate, the commission shall certify the employee organization as the exclusive bargaining representative of the new unit.

NEW SECTION. Sec. 7. A new section is added to chapter 44.90 RCW to read as follows:

(1) The parties to a collective bargaining agreement must reduce the agreement to writing and both execute it.

(2) Except as provided in this chapter, a collective bargaining agreement must contain provisions that provide for a grievance procedure of all disputes arising over the interpretation or application of the collective bargaining agreement and that is valid and enforceable under its terms when entered into in accordance with this chapter.

(3) RCW 41.56.037 applies to this chapter.

(4)(a) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and an employee organization representing the same bargaining units, the effective date of the collective bargaining agreement may be the day after the termination of the previous collective bargaining agreement, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(b) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and the exclusive bargaining representative representing different bargaining units, the effective date of the collective bargaining agreement may be the day after the termination date of whichever previous collective bargaining agreement covering one or more of the units terminated first, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(5) The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.

Sec. 8. RCW 44.90.060 and 2022 c 283 s 6 are each amended to read as follows:

~~((During a legislative session or committee assembly days, nothing))~~ Nothing contained in this chapter permits or grants to any legislative employee the right to strike, participate in a work stoppage, or refuse to perform their official duties.

Sec. 9. RCW 44.90.070 and 2022 c 283 s 7 are each amended to read as follows:

(1) Collective bargaining negotiations under this chapter must commence no later than July 1st of each even-numbered year after a bargaining unit has been certified.

SIXTIETH DAY, MARCH 7, 2024

(2) The duration of any collective bargaining agreement shall not exceed one fiscal biennium.

(3)(a) The director must submit ratified collective bargaining agreements, with cost estimates, to the employer by October 1st before the legislative session at which the request for funds is to be considered. The transmission by the legislature to the governor under RCW 43.88.090 must include a request for funds necessary to implement the provisions of all collective bargaining agreements covering legislative employees.

(b) If the legislature or governor fails to provide the funds for a collective bargaining agreement for legislative employees, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in section 10 of this act.

(4) Negotiation for economic terms will be by a coalition of all exclusive bargaining representatives. Any such provisions agreed to by the employer and the coalition must be included in all collective bargaining agreements negotiated by the parties. The director and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit specific issues for inclusion in the collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(5) If a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties must immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

NEW SECTION. Sec. 10. A new section is added to chapter 44.90 RCW to read as follows:

(1) Should the parties fail to reach agreement in negotiating a collective bargaining agreement, either party may request of the commission the assistance of an impartial third party to mediate the negotiations. If a collective bargaining agreement previously negotiated under this chapter expires while negotiations are underway, the terms and conditions specified in the collective bargaining agreement remain in effect for a period not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(2) Nothing in this section may be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(3) The commission shall bear costs for mediator services.

Sec. 11. RCW 44.90.080 and 2022 c 283 s 8 are each amended to read as follows:

(1) It is an unfair labor practice for an employer in the legislative branch of state government:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: PROVIDED, That subject to rules adopted by the commission, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(d) To discharge or discriminate otherwise against an employee because that employee has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the exclusive bargaining representatives of its employees.

(2) Notwithstanding any other law, the expression of any views, arguments, or opinions, or the dissemination thereof in any form, by a member of the legislature related to this chapter or matters within the scope of representation, shall not constitute, or be evidence of, an unfair labor practice unless the employer has authorized the member to express that view, argument, or opinion on behalf of the employer or as an employer.

(3) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce an employee in the exercise of the rights guaranteed by this chapter: PROVIDED, That this subsection shall not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership in the employee organization or to an employer in the selection of its representatives for the purpose of bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To discriminate against an employee because that employee has filed charges or given testimony under this chapter;

(d) To refuse to bargain collectively with an employer.

~~((3))~~ (4) The expressing of any views, arguments, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under this chapter, if such expression contains no threat of reprisal or force or promise of benefit.

NEW SECTION. Sec. 12. A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders. However, a complaint may not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission or in Thurston county superior court. This power may not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) Except as may be specifically limited by this chapter, if the commission or court determines that any person has engaged in or is engaging in an unfair labor practice, the commission or court shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages.

(3) The commission may petition the Thurston county superior court for the enforcement of its order and for appropriate temporary relief.

Sec. 13. RCW 44.90.090 and 2022 c 283 s 9 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer shall not bargain over rights of management which, in addition to all powers, duties, and rights established by

constitutional provision or statute, shall include, but not be limited to, the following:

A provision of a collective bargaining agreement that conflicts with a statute or an applicable term of a code of conduct policy adopted by a chamber of the legislature or a legislative agency is invalid and unenforceable.

NEW SECTION. Sec. 14. A new section is added to chapter 44.90 RCW to read as follows:

(2)(a) An employee's written, electronic, or recorded voice authorization to have the employer deduct membership dues from the employee's salary must be made by the employee to the exclusive bargaining representative. (f) The employer must rely on information provided by the exclusive bargaining representative regarding the authorization and revocation of deductions.

NEW SECTION. Sec. 15. A new section is added to chapter 44.90 RCW to read as follows:

(1) If the parties to a collective bargaining agreement negotiated under this chapter agree to final and binding arbitration under grievance procedures allowed by section 7 of this act, the parties may agree on one or more permanent umpires to serve as arbitrator, or may agree on any impartial person to serve as arbitrator, or may agree to select arbitrators from any source available to them, including federal and private agencies, in addition to the staff and list of arbitrators maintained by the commission. If the parties cannot agree to the selection of an arbitrator, the commission must supply a list of names in accordance with the procedures established by the commission.

(2) The authority of an arbitrator shall be subject to the limits and restrictions specified under section 4 of this act.

(3) Except as limited by this chapter, an arbitrator may require any person to attend as a witness and to bring with them any book, record, document, or other evidence. The fees for such attendance must be paid by the party requesting issuance of the subpoena and must be the same as the fees of witnesses in the superior court. Arbitrators may administer oaths. Subpoenas must issue and be signed by the arbitrator and must be served in the same manner as subpoenas to testify before a court of record in this state. If any person so summoned to testify refuses or neglects to obey such subpoena, upon petition authorized by the arbitrator, the superior court may compel the attendance of the person before the arbitrator or punish the person for contempt in the same manner provided for the attendance of witnesses or the punishment of them in the courts of this state.

(4) Except as limited by this chapter, the arbitrator shall appoint a time and place for the hearing and notify the parties thereof, and may adjourn the hearing from time to time as may be necessary, and, on application of either party and for good cause, may postpone the hearing to a time not extending beyond the date fixed by the collective bargaining agreement for making the award. The arbitration award must be in writing and signed by the arbitrator. The arbitrator must, promptly upon its rendition, serve a true copy of the award on each of the parties or their attorneys of record.

(5) If a party to a collective bargaining agreement negotiated under this chapter that includes final and binding arbitration refuses to submit a grievance for arbitration, the other party to the collective bargaining agreement may invoke the jurisdiction of the superior court of Thurston county and the court shall have jurisdiction to issue an order compelling arbitration. Disputes concerning compliance with grievance procedures shall be reserved for determination by the arbitrator. Arbitration shall be

SIXTIETH DAY, MARCH 7, 2024

ordered if the grievance states a claim that on its face is covered by the collective bargaining agreement. Doubts as to the coverage of the arbitration clause shall be resolved in favor of arbitration.

(6) If a party to a collective bargaining agreement negotiated under this chapter that includes final and binding arbitration refuses to comply with the award of an arbitrator determining a grievance arising under the collective bargaining agreement, the other party to the collective bargaining agreement may invoke the jurisdiction of the superior court of Thurston county and the court shall have jurisdiction to issue an order enforcing the arbitration award.

Sec. 16. RCW 41.58.010 and 2012 c 117 s 89 are each amended to read as follows:

One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Commission members shall be eligible for reappointment. The governor shall designate one member to serve as chair of the commission. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members shall not be eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission.

(2) In making citizen member appointments initially, and subsequently thereafter, the governor shall be cognizant of the desirability of appointing persons knowledgeable in the area of labor relations in the state.

(3) A vacancy in the commission shall not impair the right of the remaining members to exercise all of the powers of the commission, and two members of the commission shall, at all times, constitute a quorum of the commission.

(4) The commission shall at the close of each fiscal year make a report in writing to the legislature and to the governor stating the cases it has heard, the decisions it has rendered, the names, salaries, and duties of all employees and officers in the employ or under the supervision of the commission, and an account of all moneys it has disbursed.

NEW SECTION. **Sec. 17.** A new section is added to chapter 41.58 RCW to read as follows:

(1)(a) There is established a legislative commission (hereafter called "the legislative commission") exclusively for the purpose of certification of bargaining representatives, adjusting and settling complaints, grievances, and disputes arising out of employer-employee relations, and otherwise carrying out the duties required of the commission under chapter 44.90 RCW.

(b) The legislative commission shall consist of three members who shall be appointed as follows:

(i) One member shall be appointed by the speaker of the house of representatives;

(ii) One member shall be appointed by the president of the senate;

(iii) By mutual consent, the two appointed members shall appoint the third member who shall be the chair of the legislative commission.

(c) All appointments must be made by September 30, 2024. The members of the legislative commission, and any person appointed to fill a vacancy, are appointed for the entire term until

the legislative commission expires under subsection (9) of this section.

(d) Until all the members of the legislative commission are appointed, the duties required of the legislative commission under chapter 44.90 RCW shall be carried out by the commission created under RCW 41.58.010(1).

(2) The commission may delegate to the executive director authority with respect to, but not limited to, representation proceedings, unfair labor practice proceedings, mediation, and, if applicable, arbitration of disputes concerning the interpretation or application of a collective bargaining agreement. Such delegation shall not eliminate a party's right of appeal to the legislative commission.

(3) Unless specifically provided, the legislative commission shall not be considered part of the commission created under RCW 41.58.010(1). The powers and duties granted in this chapter to the commission created under RCW 41.58.010(1) do not apply to the legislative commission, unless specifically provided.

(4) A member of the legislative commission may be removed by the speaker of the house of representatives and the president of the senate acting jointly, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause.

(5) In making their appointments, the speaker of the house of representatives and the president of the senate shall be cognizant of the desirability of appointing a person who is knowledgeable in the area of labor relations and of the legislature.

(6) Members of the legislative commission are not eligible for state retirement under chapter 41.40 RCW by virtue of the member's service as a commissioner.

(7) The compensation and travel reimbursement provision under RCW 41.58.015(1) shall apply to members of the legislative commission.

(8) The legislative commission shall at the close of each fiscal year make a report in writing to the legislature stating the cases it has heard and decisions it has rendered.

(9)(a) The legislative commission expires December 31, 2027.

(b) After December 31, 2027, the duties required of the legislative commission under chapter 44.90 RCW shall be carried out by the commission created under RCW 41.58.010(1).

Sec. 18. RCW 41.58.015 and 1984 c 287 s 71 are each amended to read as follows:

(1) Each member of the commission shall be compensated in accordance with RCW 43.03.250. Members of the commission shall also be reimbursed for travel expenses incurred in the discharge of their official duties on the same basis as is provided in RCW 43.03.050 and 43.03.060.

(2) The commission shall appoint an executive director whose annual salary shall be determined under the provisions of RCW 43.03.028. The executive director shall perform such duties and have such powers as the commission shall prescribe in order to implement and enforce the provisions of this chapter. In addition to the performance of administrative duties, the commission may delegate to the executive director authority with respect to, but not limited to, representation proceedings, unfair labor practice proceedings, mediation of labor disputes, arbitration of disputes concerning the interpretation or application of a collective bargaining agreement, and, in certain cases, fact-finding or arbitration of disputes concerning the terms of a collective bargaining agreement. Such delegation shall not eliminate a party's right of appeal to the commission. The executive director, with such assistance as may be provided by the attorney general and such additional legal assistance consistent with chapter 43.10 RCW, shall have authority on behalf of the commission, when necessary to carry out or enforce any action or decision of the

commission, to petition any court of competent jurisdiction for an order requiring compliance with the action or decision.

(3)(a) The commission shall employ such employees as it may from time to time find necessary for the proper performance of its duties, consistent with the provisions of this chapter.

(b) The employees of the commission shall also provide staff support to the legislative commission in carrying out the legislative commission's duties under chapter 44.90 RCW until the legislative commission expires on December 31, 2027, under section 17 of this act.

(4) The payment of all of the expenses of the commission, including travel expenses incurred by the members or employees of the commission under its orders, shall be subject to the provisions of RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 19. A new section is added to chapter 44.90 RCW to read as follows:

(1) The following activities conducted by or on behalf of legislative employees related to collective bargaining under this chapter are exempt from the restrictions contained in RCW 42.52.020 and 42.52.160:

(2) This section does not apply to activities conducted by legislative employees authorized under section 19 of this act.

Sec. 21. RCW 42.52.160 and 2023 c 91 s 3 are each amended to read as follows:

(1) No state officer or state employee may employ or use any person, money, or property under the officer's or employee's official control or direction, or in his or her official custody, for the private benefit or gain of the officer, employee, or another.

(2) This section does not prohibit the use of public resources to benefit others as part of a state officer's or state employee's official duties. It is not a violation of this section for a legislator

or an appropriate legislative staff designee to engage in activities listed under RCW 42.52.070(2) or 42.52.822.

(3) This section does not prohibit de minimis use of state facilities to provide employees with information about (a) medical, surgical, and hospital care; (b) life insurance or accident and health disability insurance; or (c) individual retirement accounts, by any person, firm, or corporation administering such program as part of authorized payroll deductions pursuant to RCW 41.04.020.

(4) The appropriate ethics boards may adopt rules providing exceptions to this section for occasional use of the state officer or state employee, of de minimis cost and value, if the activity does not result in interference with the proper performance of public duties.

The Washington State Legislative Internship Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 42 Senate interns in 2024 represented 16 college campuses, a wide range of majors, and communities all over Washington.

Myra Hernandez, Civic Education Director
 Louis Lindstrom, Deputy Civic Education Director
 John Weixel, Assistant Civic Education/Intern Coordinator

The Program had 182 participants during the 2024 Regular Session.

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Second Substitute Senate Bill No. 5784 entitled:

"AN ACT Relating to deer and elk damage to commercial crops."

Although I support the three-year pilot study of elk herd damages to agricultural lands within Department of Fish and Wildlife's South Central Management Region, I am vetoing Section 6 because undertaking this study through statute is not the appropriate approach. I respectfully request the Department of Fish and Wildlife and the Yakama Nation to complete this pilot study by entering into a cooperative agreement to collar, monitor and haze elk that are depredate agricultural crops.

For these reasons I have vetoed Section 6 of Second Substitute Senate Bill No. 5784. With the exception of Section 6, Second Substitute Senate Bill No. 5784 is approved.

Respectfully submitted,

/s/

Jay Inslee
Governor

April 1, 2024

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 114(10), 133(22), 222(27), 223(1) (k), 223(1)(l), 223(2)(v), 311(32), 522(3)(y), 602(105), 118(3), 202(33), 302(70), 502(4) and 507(11), Engrossed Substitute Senate Bill No. 5950 entitled:

"AN ACT Relating to fiscal matters."

Section 114(10), page 23, Office of Public Defense, Pilot of Social Service Workers for Child Welfare Cases

This section directs the Office of Public Defense to contract for a social service workers pilot program to provide support and advocacy to indigent parents in dependency and termination cases. This pilot is duplicative of the casework currently performed by social workers at the Department of Children, Youth, and Families. This duplication may confuse and delay family participation in the services and supports needed to ensure safe and timely reunification. For these reasons, I have vetoed Section 114(10).

Section 133(22), pages 174-175, Office of Financial Management, Elections Staff Study

This section directs the Office of Financial Management to conduct a study related to the hiring and retention of county elections staff, including staff members of a county auditor's office. In addition to inadequate funding, this proviso is administratively burdensome for the Secretary of State's Office and local elections offices especially during a presidential election year. It also does not provide sufficient time for this comprehensive study to be completed. For these reasons, I have vetoed Section 133(22).

Section 222(27), page 463, Department of Health, Climate Commitment Act Funding for Environmental Justice Council

This section increases funding to implement the Healthy Environment for All (HEAL) Act at the Department of Health by \$1.2 million. Language is also added that stops access to the new and existing funds if Initiative 2117 is approved by the voters. By vetoing this proviso, the department will retain the use of its original appropriation regardless of the outcome of the ballot measure. For these reasons, I have vetoed Section 222(27).

However, in recognition of the importance of this work, I encourage the Department of Health and the Environmental Justice Council, to the extent possible, to begin the enhanced activities intended with the supplemental funding.

Section 223(1)(k), pages 499-501, Department of Corrections, Healthcare and Solitary Studies

This section directs the Department of Corrections to complete two reports: (1) a study of existing health care response with a proposed staffing model to ensure a 48-hour maximum response time, and (2) a review of solitary confinement including

information about the amount of time individuals spend inside and outside their cells. The funding is insufficient to produce the reports, and much of the information about solitary confinement conditions and resource needs is already included in the department's 2023 Solitary Confinement Transformation Plan. We are making consistent investments to reduce the use of solitary confinement and to alleviate its known negative impacts. For these reasons, I have vetoed Section 223(1)(k).

However, because the health of individuals in the care of the state is so important, I am directing the Department of Corrections to assess medical request response times for incarcerated individuals and to request funding in the next budget to address outcomes from this assessment.

Section 223(1)(l), pages 501-502, Department of Corrections, Staffing Review

This section directs the Department of Corrections to post monthly detailed staffing data to its external website and provide additional justification when making budget requests for additional funding and positions. This proviso is administratively burdensome. The department complies with existing requirements related to staffing information and budget requests. For these reasons, I have vetoed Section 223(1)(l).

Section 223(2)(v), page 507, Department of Corrections, Juvenile Points Review

This section directs the Department of Corrections to review the conviction records of all offenders in confinement as of April 1, 2024 to determine whether juvenile convictions increased the person's offender score. The department would also be required to provide the information to the offenders' counties. The department does not have the legal expertise and access to court records necessary to make this determination for all individuals in confinement. In addition, the timeline and funding provided are insufficient. For these reasons, I have vetoed Section 223(2)(v). However, I support continued efforts to ensure incarcerated individuals who were sentenced under laws that have since changed to have access to a resentencing review.

Section 311(32), pages 643-644, Department of Agriculture, Review of Department of Health Commercial Shellfish Fees

This section requires the Department of Agriculture to review how the Department of Health establishes commercial shellfish regulatory fees. The section is similar to a Department of Health proviso to review the same regulatory fees. The approach established in Section 222(132) is preferable because it provides more prescriptive language, directs the fee assessment to be completed by an independent third party, and includes funding for a LEAN management review of the shellfish licensing and certification program. For these reasons, I have vetoed Section 311(32).

Section 522(3)(y), page 742, Office of Superintendent of Public Instruction, Sexual Assault Training

While the Office of Superintendent of Public Instruction and I fully support this policy, it was inadvertently added to the budget twice, once in Section 127 and again in Section 522. Vetoing this duplicate appropriation will not impact the grant program and will keep the appropriation to the Department of Commerce intact. For this reason, I have vetoed Section 522(3)(y).

Section 602(105), page 793, University of Washington, Ranked Choice Voting Study

This section requires the University of Washington Evans School of Public Policy and Governance to conduct a study on ranked choice voting and to provide guidance for implementation by local jurisdictions by June 1, 2025. In addition to inadequate funding, not enough time is provided for local elections staff, who may be tasked as subject matter experts, to be able to properly dedicate the time that this comprehensive study would require, especially in a presidential election year. For this reason, I have vetoed Section 602(105).

The following sections provide funding to agencies to implement bills which did not pass the Legislature. Because the funding has lapsed, I have vetoed Section 118(3), Section 202 (33), Section 302(70), Section 502(4), and Section 507(11).

Section 118(3), pages 33-34, Public Disclosure Commission, Second Engrossed Substitute Senate Bill 5284, Campaign Finance Disclosure

Section 202(33), page 244, Department of Social and Health Services, Engrossed Substitute Senate Bill 5690, Conditional Release Transition Teams

Section 302(70), page 595, Department of Ecology, Engrossed Substitute Senate Bill 6061, Exemptions for Housing Development/SEPA

Section 502(4), page 677, Office of Superintendent of Public Instruction, Substitute House Bill 1915, Financial Education Instruction

Section 507(11), page 701, Office of Superintendent of Public Instruction, Engrossed Substitute Senate Bill 6031, Student Transportation Allocation

For these reasons I have vetoed Sections 114(10), 133(22), 222(27), 223(1)(k), 223(1)(l), 223(2)(v), 311(32), 522(3)(y), 602(105), 118(3), 202(33), 302(70), 502(4) and 507(11) of Engrossed Substitute Senate Bill No. 5950.

With the exception of Sections 114(10), 133(22), 222(27), 223(1)(k), 223(1)(l), 223(2)(v), 311(32), 522(3)(y), 602(105), 118(3), 202(33), 302(70), 502(4) and 507(11), Engrossed Substitute Senate Bill No. 5950 is approved.

Respectfully submitted,
