REMARKS BY THE PRESIDENT

President Heck: "Senator Wilson, Lynda ... you rising to a point of personal privilege – on this special day?"

Senator Wilson, L.: "Uh, in a minute. I was not but I can. Okay! Mr. President, I rise to a point of personal privilege."

President Heck: "State your point of personal privilege."

PERSONAL PRIVILEGE

Senator Wilson, L.: "Well, Mr. President, today is my birthday and, yes. One which is faced with adversity sometimes life brings us, but it puts our perspective in front of us, in front of our life. And today I'm grateful that through all of that, years ago, I'm happy and I'm healthy and I'm excited about being another year older weirdly.

But even more than that Mr. President, more birthdays also bring clarity to one's goals, aspirations and objections, the ones that matter. 'How many marbles in that jar?' represents how many more Saturdays in our life we have left. . . . I suspect if I live as long as my mom, the ripe old age of ninety-two, I should have over about 1,300. How do I want to spend those Saturdays? Who do we want to spend them with? I've counted my marbles, . . . Mr. President.

So today I stand here to share, as much as I love this place and its people, I've decided not to seek reelection. Heaven knows it's not been an easy decision, but in the end I know it's the right one for me.

When I started this gig nearly a year -- a decade ago, we had only one tiny grandson. Today we have six grandkids. Two live in another state, which makes it harder. I want to celebrate their lives by being part of them. The baseball and soccer games, the school plays, the talent shows and all the things that grandmas do best. And still being a mom of three amazing girls and all the craziness that goes along with that, just by being there.

My whole family is involved in our family business. I look forward to re-engaging in that part of my life as well. And clearly my husband, my biggest and steadfast supporter, is in need of some assistance. As I put my shoes on this morning, I was shocked to find that the shoes I brought up to wear with the suit today had been chomped on by two of our two-year-old labs. And he clearly needs help in corralling those dogs.

So, with all that being said, I have to say it's been my greatest honor and a privilege to serve the people of Washington in the Seventeenth District for nearly a decade now. There have been many trying times, frustrating times, times to celebrate, and quite frankly, times that I've felt utterly defeated. But we get back up and we start again because it's important. It's important because it is necessary to have many voices at the table to represent our views, many views, and fight for them. If nothing, I've learned that this is equally imperative to listen as it is to speak. I've learned so much from all of you whether I wanted to or not.

And I can't finish this without stressing how important the people behind us are. We have some absolutely amazing human beings here that always, every day, make us look good. I've had an awesome assistant who has been with me every single step of the way and I couldn't have done it without her. At first, it was just trying to find the bathroom in this humongous place. That task, I finally was able to handle. Staff, both partisan and nonpartisan, I can't share more praise. They are remarkable people, wicked smart, and professional beyond measure. Washington State is lucky to have the staff that we do.

And one last thing I really want to thank you all for the support that you gave me through my cancer . . . journey. And wearing pink every single Wednesday for months. You have no idea how

uplifting and powerful that support was for my recovery. I have no doubt, it is the people in our lives that make it all worthwhile. Thank you from the bottom of my heart.

And as a side note, just fourteen days from now, I'll be celebrating my five-year cancer-free anniversary, making a significant milestone in my journey towards health and well-being.

I'd go on about the things that I've been able to accomplish with all of you, but namely one, my proudest and most important, the Tiffany Hill Act that has gone on to other states and even other countries to give peace and security to domestic violence victims, as well as I think saving lives. We did that. Thank you.

It's been a real honor to serve beside you and will forever . . . be . . . a highlight of my life. Thank you. . . . Now let's eat cake."

The Senate rose in appreciation of the public service of Senator Lynda Wilson on the occasion of her forthcoming retirement from elected office followed with the senators and staff singing of *Happy Birthday* in honor of Sen. Wilson's birthday.

MESSAGE FROM THE HOUSE

March 5, 2024

MR. PRESIDENT:
The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6175 with the following amendment(s): 6175-S2.E AMH HOUS H3371.1

FIFTY NINTH DAY, MARCH 6, 2024

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Many cities in Washington are actively planning for growth under the growth management act, chapter 36.70A RCW, and through tax incentives, the private market can assist Washington in meeting its housing goals;

(2) Many downtown centers lack available affordable housing, which results in long commutes that increase greenhouse gas emissions and by using existing buildings to create affordable housing units, units can be available more quickly and with a reduced impact on waste streams and the environment compared to newly constructed units;

(3) The construction industry provides living wage jobs for families across Washington;

(4) In the current economic climate, the creation of additional affordable housing units is essential to the economic health of our cities and our state;

(5) It is critical that Washington state promote its cities and its property owners that will provide affordable housing;

(6) Constructing new housing units can take years, and many existing buildings can be repurposed quickly to meet the state's workforce and affordable housing needs;

(7) Many existing buildings are located in downtown centers, near work and services where there is limited land available for new construction;

(8) In downtowns across the state, there is a high level of open commercial space, which will likely remain, due to changes in how businesses use office space following the COVID-19 pandemic;

(9) A meaningful, fair, and predictable economic incentive should be created to stimulate the redevelopment of underutilized commercial property in targeted urban areas through a limited sales and use tax deferral program as provided by this chapter; and

(10) This limited tax deferral will help the owners achieve the highest and best use of land and enable cities to more fully realize their planning goals.

NEW SECTION. Sec. 2. It is the purpose of this chapter to encourage the redevelopment of underutilized commercial property in targeted urban areas, thereby increasing affordable housing, employment opportunities, and helping accomplish the other planning goals of Washington cities. The legislative authorities of cities to which this chapter applies may authorize a sales and use tax deferral for an investment project within the city if the legislative authority of the city finds that there are significant areas of underutilized commercial property and a lack of affordable housing in areas proximate to the land. If a conditional recipient maintains the property for qualifying purposes for at least 10 years, deferred sales and use taxes need not be repaid.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means:

(a) Homeownership housing intended for owner occupancy to low-income households whose monthly housing costs, including utilities other than telephone, do not exceed 30 percent of the household's monthly income;

(b) "Rental housing" for low-income households whose monthly housing costs, including utilities other than telephone, do not exceed 30 percent of the household's monthly income.

(2) "Applicant" means an owner of commercial property.

(3) "City" means any city or town, including a code city.

(4) "Conditional recipient" means an owner of commercial property granted a conditional certificate of program approval under this chapter, which includes any successor owner of the property.

(5) "Eligible investment project" means an investment project that is located in a city and receiving a conditional certificate of program approval.

(6) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which a deferral may be granted under this chapter.

(7) "Household" means a single person, family, or unrelated persons living together.

(8)(a) "Initiation of construction" means the date that a building permit is issued under the building code adopted under RCW 19.27.031 for construction of the qualified building, if the underlying ownership of the building vests exclusively with the person receiving the economic benefit of the deferral.

(b) "Initiation of construction" does not include soil testing, site clearing and grading, site preparation, or any other related activities that are initiated before the issuance of a building permit for the construction of the foundation of the building.

(c) If the investment project is a phased project, "initiation of construction" applies separately to each phase.

(9) "Investment project" means an investment in multifamily housing, including labor, services, and materials incorporated in the planning, installation, and construction of the project. "Investment project" includes investment in related facilities such as playgrounds and sidewalks as well as facilities used for business use for mixed-use development.

(10) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 80 percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development.

(11) "Multifamily housing" means a building or a group of buildings having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from rehabilitation or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(12) "Owner" means the property owner of record.

(13) "Underutilized commercial property" means an entire property, or portion thereof, currently used or intended to be used by a business for retailing or office-related or administrative activities. If the property is used partly for a qualifying use and partly for other purposes, the applicable tax deferral must be determined by apportionment of the costs of construction under rules adopted by the department. For the purposes of this subsection, "qualifying use" means used or intended to be used by a business for retailing or office-related or administrative activities.

NEW SECTION. Sec. 4. (1) For the purpose of creating a sales and use tax deferral program for conversion of a commercial building to provide affordable housing under this chapter, the governing authority must adopt a resolution of intention to create a sales and use tax deferral program as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the creation of the tax deferral program and may include such other information pertaining to the creation of the deferral program as the governing authority determines to be appropriate to apprise the public of the action intended. However, the resolution must provide information pertaining to:

(a) The application process;

- (b) The approval process;
- (c) The appeals process for applications denied approval; and
- (d) Additional requirements, conditions, and obligations that must be followed postapproval of an application.

(2) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than 30 days before the date of the hearing in a paper having a general circulation in the city. The notice must state the time, date, place, and purpose of the hearing.

(3) Following the hearing or a continuance of the hearing, the governing authority may authorize the creation of the program.

NEW SECTION. Sec. 5. An owner of underutilized commercial property seeking a sales and use tax deferral for conversion of a commercial building to provide affordable housing under this chapter on an investment project must complete the following procedures:

(1) The owner must apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested deferral including information indicated on the application form or in the guidelines;

(b) A description of the investment project and site plan, and other information requested;

(c) A statement of the expected number of affordable housing units to be created;

(d) A statement that the applicant is aware of the potential tax liability involved if the investment project ceases to be used for eligible uses under this chapter;

(e) A statement that the applicant is aware that the investment project must be completed within three years from the date of approval of the application;

(f) A statement that the applicant is aware that the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed 24 consecutive months; and

(g) A statement that the applicant would not have built in this location but for the availability of the tax deferral under this chapter;

(2) The applicant must verify the application by oath or affirmation; and

(3) The application must be accompanied by the application fee, if any, required under this chapter. The duly authorized administrative official or committee of the city may permit the applicant to revise an application before final action by the duly authorized administrative official or committee of the city.

NEW SECTION. Sec. 6. The duly authorized administrative official or committee of the city may approve the application and grant a conditional certificate of program approval if it finds that:

(1)(a) The investment project is set aside primarily for multifamily housing units and the applicant commits to renting or selling at least 10 percent of the units as affordable housing to low-income households. In a mixed use project, only the ground floor of a building may be used for commercial purposes with the remainder dedicated to multifamily housing units; and

(b) The applicant commits to any additional affordability and income eligibility conditions adopted by the local government under this chapter not otherwise inconsistent with this chapter;

(2) The investment project is, or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(3) The investment project will occur on land that constitutes, at the time of application, underutilized commercial property;

(4) The area where the investment project will occur is located within an area zoned for residential or mixed uses;

(5) The terms and conditions of the implementation of the development meets the requirements of this chapter and any requirements of the city that are not otherwise inconsistent with this chapter;

(6) The land where the investment project will occur was not acquired through a condemnation proceeding under Title 8 RCW; and

(7) All other requirements of this chapter have been satisfied as well as any other requirements of the city that are not otherwise inconsistent with this chapter.

NEW SECTION. Sec. 7. (1) The duly authorized administrative official or committee of the city must approve or deny an application filed under this chapter within 90 days after receipt of the application.

(2) If the application is approved, the city must issue the applicant a conditional certificate of program approval. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the investment project as described in the application will comply with the required criteria of this chapter.

(3) If the application is denied by the city, the city must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within 10 days of the denial.

(4) Upon denial by the city, an applicant may appeal the denial to the city's governing authority or a city official designated by the city to hear such appeals within 30 days after receipt of the denial. The appeal before the city's governing authority or designated city official must be based upon the record made before the city with the burden of proof on the applicant to show that there was no substantial evidence to support the city's decision. The decision of the city on the appeal is final.

NEW SECTION. Sec. 8. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority in administering the program under this chapter. The application fee must be paid at the time the application for program approval is filed.

NEW SECTION. Sec. 9. (1) Within 30 days of the issuance of a certificate of occupancy for an eligible investment project, the conditional recipient must file with the city the following:

(a) A description of the work that has been completed and a statement that the eligible investment project qualifies the property for a sales and use tax deferral under this chapter;

(b) A statement of the new affordable housing to be offered as a result of the conversion of underutilized commercial property to multifamily housing; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of program approval.

(2) Within 30 days after receipt of the statements required under subsection (1) of this section, the city must determine and notify the conditional recipient as to whether the work completed and the affordable housing to be offered are consistent with the application and the contract approved by the city, and the investment project continues to qualify for a tax deferral under this chapter. The conditional recipient must notify the department within 30 days from receiving the city's determination to report the project is operationally complete so the department can certify the project and determine the qualifying deferred taxes. The department must determine the amount of sales and use taxes qualifying for the deferral. If the department determines that purchases were not eligible for deferral it must assess interest, but not penalties, on the nonqualifying amounts.

FIFTY NINTH DAY, MARCH 6, 2024

(3) The city must notify the conditional recipient within 30 days that a tax deferral under this chapter is denied if the city determines that:

(a) The work was not completed within three years of the application date;

(b) The work was not constructed consistent with the application or other applicable requirements;

(c) The affordable housing units to be offered are not consistent with the application and criteria of this chapter; or

(d) The owner's property is otherwise not qualified for a sales and use tax deferral under this chapter.

(4) If the city finds that the work was not completed within the required time period due to circumstances beyond the control of the conditional recipient and that the conditional recipient has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority may extend the deadline for completion of the work for a period not to exceed 24 consecutive months, and must notify the department of the extension.

(5) The city's governing authority may enact an ordinance to provide a process for a conditional recipient to appeal a decision by the city that the conditional recipient is not entitled to a deferral of sales and use taxes. The conditional recipient may appeal a decision by the city to deny a deferral of sales and use taxes in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within 30 days of notification by the city to the conditional recipient.

(6) A city denying a conditional recipient of a sales and use tax deferral under subsection (3) of this section must notify the department and taxes deferred under this chapter are immediately due and payable, subject to any appeal by the conditional recipient. The department must assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral. A debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient.

NEW SECTION. Sec. 10. (1) Thirty days after the anniversary of the date of issuance of the certificate of occupancy and each year thereafter for 10 years, the conditional recipient must file with a designated authorized representative of the city an annual report indicating the following:

(a) A statement of the affordable housing units constructed on the property as of the anniversary date;

(b) A certification by the conditional recipient that the property has not changed use;

(c) A description of changes or improvements constructed after issuance of the certificate of occupancy; and

(d) Any additional information requested by the city.

(2) The conditional recipient of a deferral of taxes under this chapter must file a complete annual tax performance report with the department pursuant to RCW 82.32.534 beginning the year the certificate of occupancy is issued and each year thereafter for 10 years.

(3) A city that issues a certificate of program approval under this chapter must report annually by December 31st of each year, beginning in 2025, to the department of commerce. The report must include the following information:

(a) The number of program approval certificates granted;

(b) The total number and type of buildings converted;

(c) The number of affordable housing units resulting from the conversion of underutilized commercial property to multifamily housing; and

(d) The estimated value of the sales and use tax deferral for each investment project receiving a program approval and the total estimated value of sales and use tax deferrals granted.

NEW SECTION. Sec. 11. (1) A conditional recipient must submit an application to the department before initiation of the construction of the investment project. In the case of an investment project involving multiple qualified buildings, applications must be made for, and before the initiation of construction of, each qualified building. The application must be made to the department in a form and manner prescribed by the department. The application must include a copy of the conditional certificate of program approval issued by the city, estimated construction costs, time schedules for completion and operation, and any other information required by the department. The department must rule on the application within 60 days.

(2) The department must provide information to the conditional recipient regarding documentation that must be retained by the conditional recipient in order to substantiate the amount of sales and use tax actually deferred under this chapter.

(3) The department may not accept applications for the deferral under this chapter after June 30, 2034.

(4) The application must include a waiver by the conditional recipient of the four-year limitation under RCW 82.32.100.

(5) This section expires July 1, 2034.

NEW SECTION. Sec. 12. (1) After receiving the conditional certificate of program approval issued by the city and approval of an application by the department as provided in section 11(1) of this act, the department must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, 82.14, and 81.104 RCW on each eligible investment project.

(2) The department must keep a running total of all estimated sales and use tax deferrals provided under this chapter during each fiscal biennium.

(3) The deferral certificate is valid during active construction of a qualified investment project and expires on the day the city issues a certificate of occupancy for the investment project for which a deferral certificate was issued.

(4) This section expires July 1, 2034.

NEW SECTION. Sec. 13. (1) If a conditional recipient voluntarily opts to discontinue compliance with the requirements of this chapter, the recipient must notify the city and department within 60 days of the change in use or intended discontinuance.

(2) If, after the department has issued a sales and use tax deferral certificate and the conditional recipient has received a certificate of occupancy, the city finds that a portion of an investment project is changed or will be changed to disqualify the recipient for sales and use tax deferral eligibility under this chapter, the city must notify the department and all deferred sales and use taxes are immediately due and payable. The department must assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral. A debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient.

(3) This section does not apply after 10 years from the date of the certificate of occupancy.

NEW SECTION. Sec. 14. (1) Transfer of investment project ownership does not terminate the deferral. The deferral is transferred subject to the successor meeting the eligibility requirements of this chapter.

(2) The transferor of an eligible project must notify the city and the department of such transfer. The city must certify to the department that the successor meets the requirements of the deferral. The transferor must provide the information necessary for the department to transfer the deferral. If the transferor fails to notify the city and the department, all deferred sales and use taxes are immediately due and payable. The department must assess

interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral.

NEW SECTION. Sec. 15. (1) This section is the tax preference performance statement for the tax preference contained in chapter . . . , Laws of 2024 (this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or to be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to expand affordable housing options for low-income households, specifically in urban areas where there is underutilized commercial property.

(4)(a) To measure the effectiveness of the tax preference in this act, the joint legislative audit and review committee must evaluate the number of increased housing units on underutilized commercial property. If a review finds that the number of affordable housing units has not increased, then the legislature intends to repeal this tax preference.

(b) The review must be provided to the fiscal committees of the legislature by December 31, 2032.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to any available data source, including data collected by the department under section 10 of this act.

NEW SECTION. Sec. 16. An owner of underutilized commercial property claiming a sales and use tax deferral under this chapter may also apply for the multiple-unit housing property tax exemption program under chapter 84.14 RCW. For applicants receiving the property tax exemption under chapter 84.14 RCW, the amount of affordable housing units required for eligibility under this chapter is in addition to the affordability conditions in chapter 84.14 RCW.

MOTIONS

On motion of Senator Liias, the rules were suspended and Substitute House Bill No. 2357 was returned to second reading for the purposes of amendment.

Senator Liias moved that the following striking amendment no. 885 by Senator Liias be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the Washington state patrol has made strides in its efforts to recruit new troopers and address the unprecedented levels of vacancies within its ranks. The legislature has supported those efforts by providing sign-on bonuses for cadets and lateral hires, retention bonuses for new troopers and lateral hires, and requiring parity of trooper salaries relative to other law enforcement agencies in the state of Washington. The legislature further finds that trooper and sergeant vacancies diminish the staff available to advance up through the ranks of commissioned staff to build the leadership team for the organization. The legislature further finds that increases in retirement-eligible staff, with 122 commissioned staff expected to have 25 years of service or more in 2024, means that more needs to be done in the near term to ensure the success of efforts to rebuild the commissioned ranks of the state patrol. Therefore, the legislature intends to strengthen the Washington state patrol's ability to retain senior, experienced commissioned staff with the establishment of a state patrol longevity bonus pilot program.

NEW SECTION. Sec. 2. A new section is added to chapter 43.43 RCW to read as follows:

(1) Beginning July 1, 2024, an eligible commissioned employee completing 26 or more years of service shall qualify for an annual state trooper longevity bonus of \$15,000 on the employee's anniversary date of state employment, which shall be paid in four equal quarterly payments.

(2) The establishment of the state trooper longevity bonus is subject to a change to the applicable collective bargaining agreements negotiated with the exclusive bargaining representatives.

(3) This section does not interfere with, impede, or in any way diminish the right of the officers of the Washington state patrol to bargain collectively with the state through the exclusive bargaining representatives as provided for in RCW 41.56.473.

(4) The state patrol longevity bonus created in this section is a time-limited incentive targeted at retaining senior personnel and is not intended to be included in salary or average final salary for calculation of pension benefits in this chapter.

(5) The benefits provided pursuant to this act are not provided to employees as a matter of contractual right. The legislature retains the right to alter or abolish these benefits at any time.

(6) Beginning July 15, 2024, and every three months thereafter, the Washington state patrol must submit a report showing the average filled positions in field force trooper positions in comparison to the 683 total authorized field force trooper positions in the prior fiscal quarter. The quarterly reports detailed must be submitted to the office of financial management and the transportation committees of the legislature. The authorized field force trooper level as the basis for this comparison may be adjusted as specified in the omnibus transportation appropriations act.

(7) For the purposes of this section, "eligible commissioned employee" means a Washington state patrol employee with 26 or more years of service in the Washington state patrol retirement system.

(8) This section expires June 30, 2029.

The legislature intends to provide funds in the amount of \$23,357,000 over the course of the 2023-2025 and 2025-2027 fiscal biennia for the Lummi Nation Substance Abuse Treatment project. Pursuant to RCW 43.88.130, the department may enter into a multibiennium contract with Lummi Nation for the design and construction of the project. Nothing in this section authorizes the department to make an expenditure without an appropriation.

(7)(a) \$10,002,000 of the state building construction account—state appropriation and \$4,998,000 of the capital community assistance account—state appropriation in this section are provided solely for the purchase of the former Daybreak Youth Services building located in Clark County, Washington. Title of the property must be held in the name of the state under the custody and control of the department of enterprise services.

(b) The department, with the assistance of the department of enterprise services, shall facilitate a lease agreement with Madrona Recovery Center, Inc. (Madrona) for a term of no less than 10 years, at a lease cost of \$1 per year. As a condition of the lease, the department shall obtain commitments and acknowledgments from Madrona as follows:

(ii) Madrona is able to meet applicable licensing and certification requirements necessary to operate the facility;

(iii) Madrona commits to prioritizing services for persons who are publicly funded and are residents of the state of Washington;

(iv) Madrona has provided a detailed estimate of the costs associated with opening the beds at the facility;

(v) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project, with an anticipated opening date of the facility that is no more than 12 months from commencement of the lease; and

(vi) Madrona has submitted a financial plan demonstrating its ability to maintain and operate the facility, including confirmation that the health care authority, department of social and health services, or a managed care organization plans to contract with the facility sufficient to cover the facility's operating costs.

(c) \$1,000,000 of the state building construction account—state appropriation in this section is provided solely to Madrona for the purpose of tenant improvements necessary to operate the building for the purposes outlined in (b) of this subsection. The department must inform Madrona of its obligation to pay prevailing wage in completing tenant improvements financed by the state. Subsequent maintenance and repairs during the term of the lease are the responsibility of Madrona.

(d) \$200,000 of the state building construction account—state appropriation in this section is provided solely for the administrative costs associated with this project.

~~((7))~~ (8) The department shall notify all applicants that they may be required to have a construction review performed by the department of health.

~~((8))~~ (9) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

~~((9))~~ (10) The department must strive to allocate all of the amounts provided in this section in the manner prescribed in each subsection. However, if upon review of applications, the department determines, in consultation with the advisory group established in subsection (1) of this section, that there are not adequate suitable projects in a category, the department may allocate funding to other project categories listed in this section, prioritizing projects that support serving individuals who will be transitioned from or diverted from the state hospitals. Underserved areas of the state may also be considered.

~~((10))~~ (11) In contracts for grants authorized under this section, the department must include provisions that require that the grantee or successor hold the capital improvements for at least a 10-year period. The provisions must require the facility to be used for behavioral health services, but may allow the facility to change ownership or facility type during the commitment period. The department shall monitor the activities of recipients of grants under this program to determine compliance with the terms and conditions set forth in its contract.

~~((11))~~ (12) The department must provide a progress report to the appropriate committees of the legislature by September 1, 2024. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date;

(c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;

(d) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services; and

(e) Recommendations for statutory language that would codify the grant program on an ongoing basis including:

- (i) Evaluation and prioritization criteria;
- (ii) Monitoring and compliance requirements;
- (iii) Preconstruction and technical assistance services; and
- (iv) Data needed to determine the service needs by area of the state.

~~((12))~~ (13) The department must coordinate with the health care authority to submit capital budget requests to fund behavioral health community capacity grants for the 2025-2027 biennial budget by the due date established by the office of financial management. Associated state budget operating costs must also be identified and requested.

2023-25 Early Learning Facilities Fund Grant Program (40000300)

The appropriation in this section is subject to the following conditions and limitations:

(1) ~~((5,000,000))~~ \$7,350,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for minor renovation grants.

(2) ~~((42,050,000))~~ \$46,550,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to four percent of the funding in this subsection may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(3) The department of children, youth, and families must develop methodology to identify, at the school district boundary level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(4) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(5) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(6) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(7) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. Any land purchased must be managed under the department's habitat conservation plan and policy for sustainable forests. Pursuant to subsection (2) of this section, it is the intent of the legislature that these lands serve as replacement land for structurally complex, carbon-dense forestlands designated for conservation and for existing encumbered state forestlands. Once purchased, the lands must be considered as part of the land bank created in RCW 79.19.020. The property must be purchased before the transfer of any existing trust land is fully executed.

(2)(a) If the department acquires land pursuant to subsection (1) of this section, it must use the lands acquired for the following purposes: (i) For the permanent conservation of structurally complex, carbon-dense forestland in the Capitol state forest in Thurston county, in the Green Mountain state forest in Kitsap county, in the Stillaguamish watershed in Snohomish county, or in the Elbe Hills State Forest in Pierce county; and (ii) as replacement state forestlands to replace existing encumbered state forestlands in Clallam, Pacific, Skamania, and Wahkiakum counties.

In no instance may timber with a forest practice application approved prior to March 5, 2024, be considered for nomination. County parcel nomination and board approval pursuant to this process must be finalized prior to the transfer of the forestland pursuant to this section. Nothing in this subsection prohibits the conservation of up to 260 acres of structurally complex, carbon-dense forestland in Thurston county.

(f) In the 2023-2025 fiscal biennium, the department may designate the structurally complex, carbon-dense forested trust land identified in (a)(i) of this subsection (2) as a natural area preserve or a natural resource conservation area notwithstanding the requirements of chapter 79.70 and 79.71 RCW.

Sec. 8003. 2023 c 474 s 8002 (uncodified) is amended to read as follows:

(4) Department of social and health services: Enter into a financing contract for up to \$175,888,000 plus costs and financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a nursing facility on the Fircrest residential habilitation center campus. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. FIFTY NINTH DAY, MARCH 6, 2024

Sec. 8004. RCW 70A.65.305 and 2022 c 253 s 1 are each amended to read as follows:

(1) Agencies that allocate funding or administer grant programs appropriated from the climate investment account created in RCW 70A.65.250, the climate commitment account created in RCW 70A.65.260, and the natural climate solutions account created in RCW 70A.65.270 must offer early, meaningful, and individual consultation with any affected federally recognized tribe on all funding decisions and funding programs that may impact tribal resources, including tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which a tribe or tribes possess rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required by federal or state law, or by a federal or state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from a federally recognized tribe. The goal of the consultation process is to identify tribal resources or rights potentially affected by the funding decisions and funding programs, assess their effects, and seek ways to avoid, minimize, or mitigate any adverse effects on tribal resources or rights.

(2) At the earliest possible date prior to submittal of an application, applicants for funding from the accounts created in RCW 70A.65.250, 70A.65.260, and 70A.65.270 shall engage in a preapplication process with all affected federally recognized tribes within the project area. During the 2023-2025 fiscal biennium, salmon habitat and climate resilience projects funded from the natural climate solutions account created in RCW 70A.65.270 that went through the application and prioritization process before July 1, 2023, are exempt from the preapplication requirements under this subsection.

(a) The preapplication process must include the applicant notifying the department of archaeology and historic preservation, the department of fish and wildlife, and all affected federally recognized tribes within the project area. The notification must include geographical location, detailed scope of the proposed project, preliminary application details available to federal, state, or local governmental jurisdictions, and all publicly available materials, including public funding sources.

(b) The applicant must also offer to discuss the project with the department of archaeology and historic preservation, the department of fish and wildlife, and all affected federally recognized tribes within the project area. Discussions may include the project's impact to tribal resources, including tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which a tribe or tribes possess rights reserved or protected by federal treaty, statute, or executive order.

(c) All affected federally recognized tribes may submit to the appropriate agency or agencies a summary of tribal issues, questions, concerns, or other statements regarding the project, which must become part of the official application file. The summary does not limit what issues affected federally recognized tribes may raise in the consultation process identified in subsections (1), (3) through (7), and (9) of this section.

(d) The notification and offer to initiate discussion must be documented with the application when it is filed, and a copy of the application must be delivered to the department of archaeology and historic preservation, the department of fish and wildlife, and to the affected federally recognized tribe or tribes. If the discussions pursuant to (b) of this subsection do not occur, the

applicant must document the reason why the discussion or discussions did not occur.

(e) Nothing in this section may be interpreted to require the disclosure of information that is exempt from disclosure pursuant to RCW 42.56.300 or federal law, including section 304 of the national historic preservation act of 1966. Any information that is exempt from disclosure pursuant to RCW 42.56.300 or federal law, including section 304 of the national historic preservation act of 1966, shall not become part of the official application file.

(3) If any funding decision, program, project, or activity that may impact tribal resources, including tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which a tribe or tribes possess rights reserved by federal treaty, statute, or executive order is funded from the accounts created in RCW 70A.65.250, 70A.65.260, and 70A.65.270 without such a consultation with an affected federally recognized tribe, the affected federally recognized tribe may request that all further action on the decision, program, project, or activity cease until meaningful consultation is completed. Upon receipt of such a request by an agency or agencies with the authority to allocate funding or administer grant programs from the accounts listed in subsection (1) of this section in support of the proposed project, further action by the agency or agencies on any decision, program, project, or activity that would result in significant physical disturbance of the tribal resource or resources described in this subsection must cease until the consultation has been completed.

(4) Upon completion of agency and tribal consultation, an affected federally recognized tribe may request a formal review of the consultation by submitting a request to the governor's office of Indian affairs and notifying the appropriate agencies and the department of archaeology and historic preservation. The state agencies and tribe must meet to initiate discussion within no more than 20 days of the request. This consultation must be offered and conducted separately with each affected federally recognized tribe, unless the tribes agree to conduct a joint consultation with the state.

(5) After the state agencies and tribe or tribes have conducted a formal review under subsection (4) of this section, an affected federally recognized tribe or state agency may request that the governor and an elected tribal leader or leaders of a federally recognized tribal government meet to formally consider the recommendations from the parties. If requested, this meeting must occur within 30 days of the request, except that a federally recognized tribe may choose to opt out of the meeting. This timeline may be extended by mutual agreement between the governor and the tribal leaders.

(6) After the meeting identified in subsection (5) of this section has occurred, the governor or an elected tribal leader of a federally recognized tribe may call for the state and tribe or tribes to enter into formal mediation, except that a federally recognized tribe may choose to opt out of the mediation. If entered into, the mediation must be conducted as a government-to-government proceeding, with each sovereign government retaining their right to a final decision that meets their separate obligations and interests. Mediators must be jointly selected by the parties to the mediation. An agreement between the governor and a tribal leader or leaders resulting from the mediation is formally recognized and binding on the signatory parties. Absent an agreement, participation in mediation does not preclude any additional steps that any party can initiate, including legal review, to resolve a continuing disagreement.

(7) During the proceedings outlined in subsections (4) through (6) of this section, the agency or agencies with the authority to allocate funding or administer grant programs from the accounts

listed in subsection (1) of this section in support of the proposed project may not approve or release funding, or make other formal decisions, including permitting, that advance the proposed project except where required by law.

(8) By June 30, 2023, the governor's office of Indian affairs, in coordination with the department of archaeology and historic preservation and federally recognized tribes, shall develop a state agency tribal consultation process, including best practices for early, meaningful, and effective consultation, early notification and engagement by applicants with federally recognized tribes as a part of the preapplication process in subsection (2) of this section, and protocols for communication and collaboration with federally recognized tribes. The consultation process developed under this section must be periodically reviewed and updated in coordination with federally recognized tribes. The governor's office of Indian affairs must provide training and other technical assistance to state agencies, as they implement the required consultation. Notwithstanding the governor's office of Indian affairs' ongoing work pursuant to this subsection, the provisions of subsections (1) through (7) and (9) of this section become effective as of June 9, 2022.

(9) The requirements of this section apply to local governments that receive funding from the accounts created in RCW 70A.65.250, 70A.65.260, and 70A.65.270, where that funding is disbursed to project and program applicants. Where requested, the governor's office of Indian affairs must provide training and other technical assistance to local government agencies as they implement the consultation requirements of this section.

(10) Any agency subject to or implementing this section may adopt rules in furtherance of its duties under this section.

(11) Subject to the availability of amounts appropriated for this specific purpose, the department must establish a tribal capacity grant program to provide funding to federally recognized tribes for the costs of implementing this section.

Sec. 8005. RCW 79.64.020 and 2014 c 32 s 3 are each amended to read as follows:

A resource management cost account in the state treasury is created to be used solely for the purpose of defraying the costs and expenses necessarily incurred by the department in managing and administering state lands(±) and aquatic lands(±) and the making and administering of leases, sales, contracts, licenses, permits, easements, and rights-of-way as authorized under the provisions of this title. Appropriations from the resource management cost account to the department shall be expended for no other purposes. Funds in the resource management cost account may be appropriated or transferred by the legislature for the benefit of all of the trusts from which the funds were derived. During the 2013-2015 fiscal biennium, the legislature may transfer from the aquatics revenues in the resources management cost account to the marine resources stewardship trust account for the purposes of chapter 43.372 RCW. During the 2023-2025 fiscal biennium, the legislature may transfer no more than \$2,000,000 from the resource management cost account to the land bank account created in RCW 79.19.120.

NEW SECTION. Sec. 8006. On June 30, 2024, the state treasurer shall transfer \$2,000,000, or as much thereof as is necessary, from the resource management cost account created in RCW 79.64.020 to the land bank account created in RCW 79.19.120. Before June 30, 2024, the office of financial management, in consultation with the department of natural resources, shall provide the state treasurer with the amount necessary to transfer.

Sec. 8007. RCW 79A.25.210 and 2023 c 475 s 945 are each amended to read as follows:

The firearms range account is hereby created in the state general fund. Moneys in the account shall be subject to legislative appropriation and shall be used for purchase and development of land, construction or improvement of range facilities, including fixed structure construction or remodeling, equipment purchase, safety or environmental improvements, noise abatement, and liability protection for public and nonprofit firearm range training and practice facilities.

Grant funds shall not be used for expendable shooting supplies, or normal operating expenses. In making grants, the board shall give priority to projects for noise abatement or safety improvement. Grant funds shall not supplant funds for other organization programs.

The funds will be available to nonprofit shooting organizations, school districts, and state, county, or local governments on a match basis. All entities receiving matching funds must be open on a regular basis and usable by law enforcement personnel or the general public who possess Washington concealed pistol licenses or Washington hunting licenses or who are enrolled in a firearm safety class.

Applicants for a grant from the firearms range account shall provide matching funds in either cash or in-kind contributions. The match must represent one dollar in value for each one dollar of the grant except that in the case of a grant for noise abatement or safety improvements the match must represent one dollar in value for each two dollars of the grant. In-kind contributions include but are not limited to labor, materials, and new property. Existing assets and existing development may not apply to the match.

Applicants other than school districts or local or state government must be registered as a nonprofit or not-for-profit organization with the Washington secretary of state. The organization's articles of incorporation must contain provisions for the organization's structure, officers, legal address, and registered agent.

Organizations requesting grants must provide the hours of range availability for public and law enforcement use. The fee structure will be submitted with the grant application.

Any nonprofit organization or agency accepting a grant under this program will be required to pay back the entire grant amount to the firearms range account if the use of the range facility is discontinued less than ten years after the grant is accepted.

Entities receiving grants must make the facilities for which grant funding is received open for hunter safety education classes and firearm safety classes on a regular basis for no fee.

Government units or school districts applying for grants must open their range facility on a regular basis for hunter safety education classes and firearm safety classes.

The board shall adopt rules to implement chapter 195, Laws of 1990, pursuant to chapter 34.05 RCW. During the 2017-2019 and 2019-2021 fiscal biennia, expenditures from the firearms range account may be used to implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268) (concealed pistol license notices). During the 2021-2023 and 2023-2025 fiscal biennia, expenditures from the firearms range account may be used to implement chapter 74, Laws of 2017 (SHB 1100) (concealed pistol licenses).

During the 2023-2025 fiscal biennium, the legislature may also appropriate moneys in the firearms range account to the department of natural resources for recreational target shooting pilot sites as provided in section 3032 of this act.

During the 2023-2025 fiscal biennium, the application and matching funds requirements of this section do not apply to the recreational target shooting pilot sites in section 3032 of this act.

FIFTY NINTH DAY, MARCH 6, 2024

NEW SECTION. Sec. 8008. (1)(a) The director of the office of financial management, or the director's designee, shall collect a list of clean energy projects from state agencies that may qualify for elective payment under P.L. 117-169 (inflation reduction act of 2022), such as the purchase of electric vehicle fleets; alternative fuel vehicle refueling and charging; and renewable energy projects including wind, solar, geothermal, electrolytic hydrogen, and energy storage.

(b) For tax years 2023 and 2024, the director or director's designee shall work with agencies, including institutions of higher education, to complete all steps necessary to file an annual tax return with the United States internal revenue service on behalf of the state in order to claim elective payments available for state agency clean energy projects that have been placed into service.

(2) The office of financial management shall provide a report to the fiscal committees of the legislature by July 1, 2024, and June 30, 2025, that summarizes the state's tax return submitted that year, including the total dollar value of projects included in the tax return and the total dollar amount of direct pay tax credits sought. The report must also include an itemized list of the projects that displays the dollar amounts and types of tax credits sought.

(3) Funds received by the state pursuant to this section shall be deposited into the inflation reduction elective pay account created in chapter . . . (Engrossed Senate Bill No. 6098), Laws of 2024 (concerning accounts).

(4) It is the intent of the legislature that funds received under this section will be allocated to capital projects through omnibus capital appropriations acts.

Sec. 8009. RCW 70A.305.190 and 2022 c 102 s 2 are each amended to read as follows:

(1) The model toxics control capital account is hereby created in the state treasury.

(2) In addition to the funds deposited into the model toxics control capital account required under RCW 82.21.030, the following moneys must be deposited into the model toxics control capital account:

(a) The costs of remedial actions recovered under this chapter, except as provided under RCW 70A.305.170(7);

(b) Penalties collected or recovered under this chapter; and

(c) Any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the model toxics control capital account must be used for the improvement, rehabilitation, remediation, and cleanup of toxic sites and other capital-related expenditures for programs and activities identified in subsection (4) of this section.

(4) Moneys in the model toxics control capital account may be used only for capital projects and activities that carry out the purposes of this chapter and for financial assistance to local governments or other persons to carry out those projects or activities, including but not limited to the following, generally in descending order of priority:

(a) Remedial actions, including the following generally in descending order of priority:

(i) Extended grant agreements entered into under subsection (5)(a) of this section;

(ii) Grants or loans to local governments for remedial actions, including planning for adaptive reuse of properties as provided for under subsection (5)(d) of this section. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Department-conducted remedial actions;

(iv) Grants to persons intending to remediate contaminated real property for development of affordable housing;

(v) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70A.305.030(2)(e) if:

(A) The amount and terms of the funding are established under a settlement agreement under RCW 70A.305.040(4); and

(B) The director has found that the funding will achieve both a substantially more expeditious or enhanced cleanup than would otherwise occur, and the prevention or mitigation of unfair economic hardship;

(vi) Public funding to assist prospective purchasers to pay for the costs of remedial action in compliance with clean-up standards under RCW 70A.305.030(2)(e) if:

(A) The facility is located within a redevelopment opportunity zone designated under RCW 70A.305.150;

(B) The amount and terms of the funding are established under a settlement agreement under RCW 70A.305.040(5); and

(C) The director has found the funding will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, provide a public benefit in addition to cleanup commensurate with the scope of the public funding; and meet any additional criteria established in rule by the department; and

(vii) To expedite multiparty clean-up efforts, purchase of remedial action cost-cap insurance;

(b) Grants, or loans, or contracts to local governments for solid waste plans and programs under chapters 70A.205, 70A.214, 70A.224, 70A.222, 70A.230, and 70A.300 RCW. Funds must be allocated consistent with priorities and matching requirements in the respective chapters;

(c) Toxic air pollutant reduction programs, including grants or loans to local governments for woodstoves and diesel;

(d) Grants, loans, or contracts to local governments for hazardous waste plans and programs under chapters 70A.405 and 70A.300 RCW, including chemical action plan implementation. Funds must be allocated consistent with priorities and matching requirements in the respective chapters; and

(e) Petroleum-based plastic or expanded polystyrene foam debris clean-up activities in fresh or marine waters.

(5) The department may establish and administer a program to provide grants and loans to local governments for remedial actions, including planning for adaptive reuse of contaminated properties. To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(a) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds \$20,000,000. The agreement is subject to the following limitations:

(i) The initial duration of such an agreement may not exceed 10 years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(ii) Extended grant agreements may not exceed 50 percent of the total eligible remedial action costs at the facility; and

(iii) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially

expended or contracts have been entered into to substantially expend the funds;

(b) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(c) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(d) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(e) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(f) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(i) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(ii) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(iii) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70A.305.040(5) that would not otherwise occur; and

(g) When pending grant applications under subsection (4)(d) and (e) of this section exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(6) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in model toxics control capital account may be spent only after appropriation by statute.

(7) The legislature finds that, in 2023, wildfires in Spokane and Pend Oreille counties resulted in a loss of approximately 366 homes as well as secondary buildings. The burning of these structures has resulted in a large toxic debris field containing asbestos, heavy metals, plastics, and fuel which are at risk of leaching into the soil and groundwater. During the 2023-2025 fiscal biennium, moneys in the model toxics control capital account may be used for financial assistance to local governments for the testing of hazardous materials, removal of debris, and remediation of soil necessary to support the rebuilding of communities impacted by these wildfires.

Sec. 8010. RCW 43.19.125 and 2011 1st sp.s. c 43 s 204 are each amended to read as follows:

Sec. 8014. RCW 43.63A.750 and 2022 c 121 s 1 are each amended to read as follows:

(1) A competitive grant program to assist nonprofit organizations in acquiring, constructing, or rehabilitating performing arts, art museums, and cultural facilities is created.

(2)(a) The department shall submit a list of recommended performing arts, art museum projects, and cultural organization projects eligible for funding to the governor and the legislature in the department's biennial capital budget request beginning with the 2001-2003 biennium and thereafter. The list, in priority order, shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed \$18,000,000.

(b) The department shall establish a competitive process to prioritize applications for state assistance as follows:

(i) The department shall conduct a statewide solicitation of project applications from nonprofit organizations, local governments, and other entities, as determined by the department. For applications submitted during the 2023-2025 fiscal biennium, nonprofit organizations that are certified by the association of zoos and aquariums and that have long-term operating or management agreements are eligible to apply. The department shall evaluate and rank applications in consultation with a citizen advisory committee, including a representative from the state arts commission, using objective criteria. The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed thirty-three and one-third percent of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

(iii) The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of

the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

NEW SECTION. Sec. 8015. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8016. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

PERSONAL PRIVILEGE

Senator Mullet: "Thank you Mr. President.

This is, well, this would be my, I think everyone does know I have already announced since last summer I won't be coming back to this body. But I would like to share with the folks in this chamber why, of the various jobs I've had in my life, why this is actually my favorite one.

When I finished college, I did finance. I worked for a Swiss bank called UBS for eight years. Most of that was in London. I then worked for Bank for America in mid-town Manhattan for five years. And then in 2006 I moved back to where I'm from in the Pacific Northwest because I wanted to raise my daughters here where I grew up. And then I completely switched careers to opening a pizza restaurant and four Ben and Jerry's Ice Cream stores. And then back in 2012 I successfully ran for this body. So I've had this job now for twelve years. But out of those various jobs, this one for me, by far, has been my favorite. And I think that's for a variety of things:

First off, it's the most intellectually challenging job that I've ever faced. And I go back to twelve years ago where you start these 8 a.m. routines where you're doing fifteen-minute meetings. I remember that first year, my first four meetings were on *McCleary*; they were on Highway 18; they were on insurance rate filings; and whether or not you can shoot wolves that are trying to attack your cattle if you're in Eastern Washington. And this is what I love about the job. There's no way you can talk about insurance rate filings and shooting wolves to protect your cattle in the same hour unless you are completely focused and you block out the eighteen other things you normally worry about in your life. And this job actually makes you have that level of focus which I love about it.

I think the other reason this has been my favorite job is I caught a nice break back in 2013. Senator Sharon Nelson reached out to me that session to say, 'Hey, I might need your help on the capital budget.' At that time Senator Nelson was not only in Senator Nguyen's role as Vice Chair of Operating, she was also the lead for the Senate Democrats on the capital budget. She was doing both roles. And she said, 'Hey, you have a background in finance. Could you go to the negotiations with me so we don't – we have someone to look at the numbers – and make sure we don't lose track of any of the member projects?' And I agreed to do that.

Imagine my joy Mr. President to discover I had found a budget that math determines, has to be bipartisan. To issue bonds in our state you need a sixty percent vote. And I'll be honest Mr. President, my favorite times on this chamber has not been when

we're arguing with each other across the aisle. My favorite times in this chamber is when we found bipartisan agreement to pass good public policy that we all believe is going to improve the lives of every single resident who lives in the state of Washington. And that's why I love my time on the capital budget.

I think in 2017, Mr. President – another reason this has been my favorite job – is I caught another break when I was appointed to be the Senate rep on the Washington State Investment Board. So, imagine my pleasant surprise, to know I could use my background in finance not to create shareholder value but to actually create value for our pension system. So, I could pay like my wife's teacher pension. The State Investment Board is very unique because, unlike all of us, they actually don't want any public attention, but I am convinced, Mr. President, it is the best run state pension system in the United States of America. And I've been extremely proud to have the honor to serve on the Board for the last seven years.

But the final reason I'll say, Mr. President, this has been my favorite job, it's the people you get to work with. And the general public they see ... they see one half of the story. I think, Mr. President, if you were to try to count how many of my bills have passed 48 to *Bob*. [Looks kindly to Senator Bob Hasegawa.] You probably would have to take your shoes off. I don't think you could do it just using your fingers. That's what the general public sees.

The general public doesn't see is that at my dad's funeral in 2017 I was on that stage at that funeral. I was an emotional wreck. And I looked out in the audience and there's not *Senator* Bob Hasegawa, there's friend and work colleague, Bob Hasegawa in the audience at my dad's funeral. I look out in that same audience. I saw Republican Floor Leader Joe Fain and I saw the newest member, Senator Lisa Wellman, who told me she knows what it's like to lose a parent and she was there for me at that time.

I think Mr. President what the public sees is our majority leader, Senator Andy Billig, whose job is to pass the priorities of the stakeholders for the Senate Democratic Caucus, is sometimes fighting me harder than he is the Republicans on the other side of the aisle. And that's the half the general public sees. What the general public doesn't see, Mr. President, is the hardest thing I've ever went through my entire life was my divorce back in 2014. So, imagine my surprise when in my pizza restaurant in Issaquah, in walks, not Senator Andy Billig, but work colleague and friend Andy Billig who has now traveled 300 miles from Spokane to sit in my pizza restaurant and let me know that he too has been divorced and knows how hard it is to get through. And I'll never forget, Mr. President, Andy gave me advice. He said, 'Mark, no matter what you're feeling right now, you're going to be co-parenting four daughters with two parents now living in separate homes. You want those homes to be as close as humanly possible.' Which was not what I was thinking at the time, Mr. President. But I cannot tell you how many times in the last ten years that my daughters have forgotten their favorite shirt or their favorite pair of jeans at their mom's house and they literally walked two blocks to pick up that item. And if it hadn't been for friend Andy Billig coming to take time to share that perspective with me that two blocks would probably be twenty miles, Mr. President.

And I got to be honest, those are the two toughest things that I've ever dealt with my entire life was my divorce and the passing of my father of the young age of 74. My friends and colleagues in this chamber have been here to support me through those toughest times. I'm genuinely grateful and really appreciative of that support.

Mr. President, you've been so eloquent in reminding this body that if you were to go back to 1889 when we became a state, you

FIFTY NINTH DAY, MARCH 6, 2024

could add up all the people who've had the privilege to sit in the chairs where we sit today. They literally would all fit inside Issaquah High School. That's how unique our responsibility is, that we have, to serve the state of Washington. I think our ultimate challenge is good public policy, Mr. President, does not fit on a bumper sticker. Good public policy is complicated. It takes listening, It takes compromise. And this is what we have to do if we want to truly serve the residents of Washington State and . . .

Mr. President, you open every session reminding us of our Senate rules. There's one particular rule that I think is the most important. And I promise you, I'm going to take this with me for the rest of my life, no matter what I do. I think it's one of the most important things I've learned in this chamber. Do not impugn the motives of others. I think that is a general life philosophy we can all live by. And I'm convinced, Mr. President, if that Senate rule was adopted by this entire country, America would be a stronger and a better country to live in. Hopefully we can all work on that going forward.

This chamber has unique tradition, when you give your very first floor speech, which for me was twelve years ago, you have to give a gift to everybody in the chamber. Of course, my gift was Ben and Jerry's ice cream. I'm sure that comes from no surprise. So, this being my last speech, I have brought back the Ben and Jerry's ice cream. The best ice cream in the state of Washington. Right now, there is chocolate peanut butter s'mores. Yes, there's enough for the rostrum staff. You also have plain vanilla, three of my kids are non-dairy. We have some of those as well.

And I just want to say I've genuinely loved and cherished my time here. . . . Thank you very much."

The Senate rose in recognition and appreciation of Senator Mullet's dedicated public service on the occasion of his upcoming retirement from the Senate.

REMARKS BY THE PRESIDENT

NEW SECTION. Sec. 4. A new section is added to chapter 44.90 RCW to read as follows:

(1) As provided by this chapter, the commission or the court shall determine all questions described by this chapter as under the commission's authority. However, such authority may not result in an order or rule that intrudes upon or interferes with the legislature's core function of efficient and effective law making or the essential operation of the legislature, including that an order or rule may not:

(a) Modify any matter relating to the qualifications and elections of members of the legislature, or the holding of office of members of the legislature;

(b) Modify any matter relating to the legislature or each house thereof choosing its officers, adopting rules for its proceedings, selecting committees necessary for the conduct of business, considering or enacting legislation, or otherwise exercising the legislative power of this state;

(c) Modify any matter relating to legislative calendars, schedules, and deadlines of the legislature;

(d) Modify laws, rules, policies, or procedures regarding ethics or conflicts of interest; or

(e) Require the legislature to reinstate an employee.

(2) No member of the legislature may be compelled by subpoena or other means to attend a proceeding related to matters covered by this chapter during a legislative session, committee assembly days, or for 15 days before commencement of each session.

Sec. 5. RCW 44.90.050 and 2022 c 283 s 5 are each amended to read as follows:

(1) Except as may be specifically limited by this chapter, legislative employees shall have the right to self-organization, to form, join, or assist employee organizations, and to bargain collectively through representatives of their own choosing for the

purpose of collective bargaining free from interference, restraint, or coercion. Legislative employees shall also have the right to refrain from any or all such activities.

(2) Except as may be specifically limited by this chapter, the commission shall determine all questions pertaining to ascertaining exclusive bargaining representatives for legislative employees and collectively bargaining under this chapter. However, no employee organization shall be recognized or certified as the exclusive bargaining representative of a bargaining unit of employees of the legislative branch unless it receives the votes of a majority of employees in the petitioned for bargaining unit voting in a secret election (~~by mail ballot~~) administered by the commission. The commission's process must allow for an employee, group of employees, employee organizations, employer, or their agents to have the right to petition on any question concerning representation.

(3) ~~((The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.))~~
The commission must adopt rules that provide for at least the following:

(a) Secret balloting;

(b) Consulting with employee organizations;

(c) Access to lists of employees, job titles, work locations, and home mailing addresses;

(d) Absentee voting;

(e) Procedures for the greatest possible participation in voting;

(f) Campaigning on the employer's property during working hours; and

(g) Election observers.

(4)(a) If an employee organization has been certified as the exclusive bargaining representative of the employees of multiple bargaining units, the employee organization may act for and negotiate a master collective bargaining agreement that includes within the coverage of the agreement all covered employees in the bargaining units.

(b) If a master collective bargaining agreement is in effect for the newly certified exclusive bargaining representative, it applies to the bargaining unit for which the new certification has been issued. Nothing in this subsection (4)(b) requires the parties to engage in new negotiations during the term of that agreement.

(5) The certified exclusive bargaining representative is responsible for representing the interests of all the employees in the bargaining unit. This section may not be construed to limit an exclusive bargaining representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(6) No question concerning representation may be raised if:

(a) Fewer than 12 months have elapsed since the last certification or election; or

(b) A valid collective bargaining agreement exists covering the unit, except for that period of no more than 120 calendar days nor less than 90 calendar days before the expiration of the contract.

NEW SECTION. Sec. 6. A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission, after hearing upon reasonable notice to all interested parties, shall decide, in each application for certification as an exclusive bargaining representative, the unit appropriate for certification. In determining the new units or modifications of existing units, the commission must consider: The duties, skills, and working conditions of the employees; the history of collective bargaining; the extent of organization among

the employees; the desires of the employees; and the avoidance of excessive fragmentation. However, a unit is not appropriate if it includes:

(a) Both supervisors and nonsupervisory employees. A unit that includes only supervisors may be considered appropriate if a majority of the supervisory employees indicates by vote that they desire to be included in such a unit;

(b) Both house of representatives and senate employees;

(c) Both partisan and nonpartisan employees;

(d) Employees of the majority party caucus and the minority party caucus, unless a majority of the employees of each caucus indicate by vote that they desire to be included together in the same unit; or

(e) Employees of the legislative service center, office of legislative support services, and the office of the code reviser, in any combination with each other or in any combination with employees of the house of representatives or employees of the senate.

(2) If a single employee organization is the exclusive bargaining representative for two or more units, upon petition by the employee organization, the units may be consolidated into a single larger unit if the commission considers the larger unit to be appropriate. If consolidation is appropriate, the commission shall certify the employee organization as the exclusive bargaining representative of the new unit.

NEW SECTION. Sec. 7. A new section is added to chapter 44.90 RCW to read as follows:

(1) The parties to a collective bargaining agreement must reduce the agreement to writing and both execute it.

(2) Except as provided in this chapter, a collective bargaining agreement must contain provisions that provide for a grievance procedure of all disputes arising over the interpretation or application of the collective bargaining agreement and that is valid and enforceable under its terms when entered into in accordance with this chapter.

(3) RCW 41.56.037 applies to this chapter.

(4)(a) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and an employee organization representing the same bargaining units, the effective date of the collective bargaining agreement may be the day after the termination of the previous collective bargaining agreement, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(b) If a collective bargaining agreement between an employer and an exclusive bargaining representative is concluded after the termination date of the previous collective bargaining agreement between the employer and the exclusive bargaining representative representing different bargaining units, the effective date of the collective bargaining agreement may be the day after the termination date of whichever previous collective bargaining agreement covering one or more of the units terminated first, and all benefits included in the new collective bargaining agreement, including wage or salary increases, may accrue beginning with that effective date.

(5) The employer and the exclusive bargaining representative of a bargaining unit of legislative employees may not enter into a collective bargaining agreement that requires the employer to deduct, from the salary or wages of an employee, contributions for payments for political action committees sponsored by employee organizations with legislative employees as members.

Sec. 8. RCW 44.90.060 and 2022 c 283 s 6 are each amended to read as follows:

~~((During a legislative session or committee assembly days, nothing))~~ Nothing contained in this chapter permits or grants to any legislative employee the right to strike, participate in a work stoppage, or refuse to perform their official duties.

Sec. 9. RCW 44.90.070 and 2022 c 283 s 7 are each amended to read as follows:

(1) Collective bargaining negotiations under this chapter must commence no later than July 1st of each even-numbered year after a bargaining unit has been certified.

(2) The duration of any collective bargaining agreement shall not exceed one fiscal biennium.

(3)(a) The director must submit ratified collective bargaining agreements, with cost estimates, to the employer by October 1st before the legislative session at which the request for funds is to be considered. The transmission by the legislature to the governor under RCW 43.88.090 must include a request for funds necessary to implement the provisions of all collective bargaining agreements covering legislative employees.

(b) If the legislature or governor fails to provide the funds for a collective bargaining agreement for legislative employees, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in section 10 of this act.

(4) Negotiation for economic terms will be by a coalition of all exclusive bargaining representatives. Any such provisions agreed to by the employer and the coalition must be included in all collective bargaining agreements negotiated by the parties. The director and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit specific issues for inclusion in the collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(5) If a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties must immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

NEW SECTION. Sec. 10. A new section is added to chapter 44.90 RCW to read as follows:

(1) Should the parties fail to reach agreement in negotiating a collective bargaining agreement, either party may request of the commission the assistance of an impartial third party to mediate the negotiations. If a collective bargaining agreement previously negotiated under this chapter expires while negotiations are underway, the terms and conditions specified in the collective bargaining agreement remain in effect for a period not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(2) Nothing in this section may be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(3) The commission shall bear costs for mediator services.

Sec. 11. RCW 44.90.080 and 2022 c 283 s 8 are each amended to read as follows:

(1) It is an unfair labor practice for an employer in the legislative branch of state government:

SIXTIETH DAY, MARCH 7, 2024

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: PROVIDED, That subject to rules adopted by the commission, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hire, tenure of employment, or any term or condition of employment;

(d) To discharge or discriminate otherwise against an employee because that employee has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the exclusive bargaining representatives of its employees.

(2) Notwithstanding any other law, the expression of any views, arguments, or opinions, or the dissemination thereof in any form, by a member of the legislature related to this chapter or matters within the scope of representation, shall not constitute, or be evidence of, an unfair labor practice unless the employer has authorized the member to express that view, argument, or opinion on behalf of the employer or as an employer.

(3) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce an employee in the exercise of the rights guaranteed by this chapter: PROVIDED, That this subsection shall not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership in the employee organization or to an employer in the selection of its representatives for the purpose of bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To discriminate against an employee because that employee has filed charges or given testimony under this chapter;

(d) To refuse to bargain collectively with an employer.

~~((3))~~ (4) The expressing of any views, arguments, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under this chapter, if such expression contains no threat of reprisal or force or promise of benefit.

NEW SECTION. Sec. 12. A new section is added to chapter 44.90 RCW to read as follows:

(1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders. However, a complaint may not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission or in Thurston county superior court. This power may not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) Except as may be specifically limited by this chapter, if the commission or court determines that any person has engaged in or is engaging in an unfair labor practice, the commission or court shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages.

(3) The commission may petition the Thurston county superior court for the enforcement of its order and for appropriate temporary relief.

Sec. 13. RCW 44.90.090 and 2022 c 283 s 9 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) Employees hold their positions at the employer's pleasure. However, the discipline of employees is subject to any collective bargaining agreement entered into under this chapter.

(3) The employer shall not bargain over rights of management which, in addition to all powers, duties, and rights established by constitutional provision or statute, shall include, but not be limited to, the following:

(a) Any item listed in section 4(1) of this act;

(b) The functions and programs of the employer, the use of technology, and the structure of the organization, including the size and composition of standing committees;

This subsection (3)(e) does not prohibit bargaining over hours of work during any other period and bargaining over compensation for hours of work in excess of a 40-hour workweek, except that bargaining over hours of work during periods not otherwise prohibited and compensation for hours worked in excess of a 40-hour workweek may only occur for agreements that take effect after July 1, 2027; ~~((and~~

~~((e))~~ (f) The cutoff calendar for a legislative session;

(g) Health care benefits and other employee insurance benefits. The amount paid by a legislative employee for health care premiums must be the same as that paid by a represented state employee covered by RCW 41.80.020(3);

(h) The right to take whatever actions are deemed necessary to carry out the mission of the legislature and its agencies during emergencies; and

(i) Retirement plans and retirement benefits.

~~((2))~~ (4) Except for an applicable code of conduct policy adopted by a chamber of the legislature or a legislative agency, if a conflict exists between policies adopted by the legislature relating to wages, hours, and terms and conditions of employment and a provision of a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with a statute or an applicable term of a code of conduct policy adopted by a chamber of the legislature or a legislative agency is invalid and unenforceable.

NEW SECTION. Sec. 14. A new section is added to chapter 44.90 RCW to read as follows:

(1) Upon authorization of an employee within the bargaining unit and after the certification or recognition of the bargaining unit's exclusive bargaining representative, the employer must deduct from the payments to the employee the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and must transmit the same to the treasurer of the exclusive bargaining representative.

(2)(a) An employee's written, electronic, or recorded voice authorization to have the employer deduct membership dues from the employee's salary must be made by the employee to the exclusive bargaining representative. (3) Within the parameters established under RCW 47.56.880, the commission shall review toll revenue performance on the Interstate 405 and state route number 167 corridor and adjust Interstate 405 tolls as appropriate to increase toll revenue to provide sufficient funds for payments of future debt pursuant to RCW 47.10.896 and to support improvements to the corridor. The commission shall consider adjusting maximum toll rates, minimum toll rates, and time-of-day rates, and restricting direct access ramps to transit and HOV vehicles only, or any combination thereof, in setting tolls to increase toll revenue. The commission is encouraged to make any adjustments to toll rates in coordination with the planned expansion of express toll lanes between the cities of Renton and Bellevue.

(4) \$500,000 of the motor vehicle account—state appropriation is provided solely for the commission to conduct a route jurisdiction study aimed at assessing the current state highway inventory and local roadway designations to determine if changes are needed in jurisdictional assignment between the state, county, and city road systems. Consistent with the geographical diversity element described in RCW 47.04.355(4), the legislature strongly encourages the department to consider implementing the pilot in both urban and rural communities if possible, to obtain valuable information on the needs of underserved communities located in different geographical locations in Washington.

~~((7))~~ (5) \$120,000,000 of the carbon emissions reduction account—state appropriation ~~((is))~~, and beginning January 1, 2025, \$10,000,000 of the carbon emissions reduction account—state appropriation, are provided solely for implementation of zero-emission ((commercial vehicle)) medium and heavy-duty vehicle and equipment infrastructure and incentive programs and for the replacement of school buses powered by fossil fuels with zero-emission school buses, including the purchase and installation of zero-emission school bus refueling infrastructure.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2023-2025 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. ~~((14))~~ (9)(a) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for the department, in coordination with the independent review team of the joint transportation committee, to conduct an analysis of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail. The study should generate volume estimates and evaluate scenarios for changes in infrastructure and operations that would be necessary to address those additional volumes. The assessment must include quantitative analysis based on available data in terms of both financial and carbon emission costs; and qualitative input gathered from tribal governments, local governments, freight interests, and other key stakeholders, including impacts on disadvantaged/underserved communities. The analysis must include a robust public engagement process to solicit feedback from interested stakeholders including but not limited to: Residents and officials in affected cities and counties; stakeholders involved in railroad, agriculture, fishing, trucking, shipping and other related industries; appropriate Native American tribes; representatives of advocacy and community organizations; and transportation, public works, and economic development organizations in the affected areas, federal highway administration and army corps of engineers. justice and disadvantaged/underserved communities during construction, as well as from future operations;

(ix) Analysis of safety impacts and potential opportunities to mitigate impacts for a shift from barge transportation to rail or truck, including increases in rural community traffic and consistency with the Washington State Strategic Highway Safety Plan: Target Zero;

(x) Impacts and potential opportunities to mitigate impacts on highly affected commodities, including agriculture, petroleum, project cargo, and wind energy components;

(xi) Analysis of the impacts and potential opportunities to mitigate impacts that reduced competition resulting from removing barging of agricultural products on the Snake river would have on Washington's agricultural industry along with impacts modal shifts would have on the entire supply chain, including export facilities and ports on the Lower Columbia River; and

(xii) Determination of the feasibility that additional east-west freight rail capacity can be achieved, particularly through Columbia River Gorge, and the alternative routes that exist in the event that adding more infrastructure on these routes is not feasible.

(b) The department shall provide status updates on a quarterly basis in coordination with the joint transportation committee. The legislature intends to require a final report to the governor and the transportation committees of the legislature by December 31, 2026.

(10) \$2,000,000 of the highway safety account—state appropriation is provided solely for the department, in consultation with the Washington traffic safety commission, to evaluate and identify geographical locations in both urban and rural highway settings to install and implement wrong-way driving prevention strategies. Such prevention strategies may include improved signage and pavement markings as recommended by the traffic safety commission's report on wrong-way driving, "Strategies and Technologies to Prevent and Respond to Wrong-Way Driving Crashes." The department must report to the legislature any crash data or wrong-way violations that occur at the selected locations by June 30, 2025.

(11) \$1,000,000 of the motor vehicle account—state appropriation is provided solely for the department to develop an automated highway speed safety camera pilot program to test two to three automated traffic safety cameras on state highways. The goals of the automated highway speed safety camera pilot program are to test speed camera technology, determine the impact on speeding behavior in areas of testing, and compile public response to the use of traffic safety cameras on highways.

(b) Automated traffic safety cameras may only take pictures of the vehicle and the vehicle license plates.

(c) Ticketing of violators using vehicle speed information captured by automated traffic safety cameras authorized under the pilot program is prohibited during the pilot program.

(d) As part of the pilot program, the department may inform registered vehicle owners of a vehicle's rate of speed exceeding the posted speed limit and the amount of the fine the law would have allowed to be imposed by providing notification by mail.

(e) The department is required to provide a program progress report to the governor and transportation committees of the legislature by September 30, 2024, to include a summary of public input on the use of safety cameras, including objections, evaluation of technologies used, and changes in speeding behavior.

(f) Photographs, microphotographs, electronic images, and other personally identifying data captured and collected for the purposes of the pilot program are for the exclusive use of the Washington state patrol and department of transportation in carrying out the pilot program, are not open to the public, and may not be used in court in a pending action or proceeding.

In using the funds appropriated in this subsection, the department, with periodic reporting to the joint transportation committee, must develop and implement a prioritization of facility capital preservation needs and repair projects. The legislature intends these to be reasonable, forward-thinking investments that consider potential future space efficiency measures and consolidations, including those assessed as having high commercial value and potential returns to state transportation funds associated with the sale of the property. Prioritization must be based on, but not limited to, the following criteria: (i) Employee safety and facility security; (ii) state and federal regulatory and statutory requirements and compliance issues, including clean buildings requirements; (iii) quality of work issues; (iv) facility condition assessment evaluations and scoring; (v) asset preservation; and (vi) amount of operational support provided by the facility to the achievement of the department's performance measures and outcomes, including facility utilization based on field operations work supported at the location. The department shall also evaluate commercial vehicle inspection locations, in coordination with the Washington state patrol, for potential truck parking expansion opportunities.

(b) These evaluations must include assessments of opportunities to provide additional truck parking through rest stop and inspection location reconfiguration, expansion, and conversion, as well as evaluation of potential improvements to restroom facilities at weigh stations with truck parking. The department shall consider opportunities to expand rest stop footprints onto additional department-owned property, as well as opportunities to acquire property for rest stop expansion. Opportunities to convert a rest stop to a commercial vehicle-only rest stop must be considered if property is available to develop a new light-duty vehicle rest stop within a reasonable distance. The department shall include an evaluation of a potential truck parking site at John Hill Rest Area along the Interstate 90 corridor identified in the joint transportation committee's "Truck Parking Action Plan." Evaluations must include cost estimates for reconfiguration, expansion, and conversion, as well as other recommendations for the development of these sites.

(c) The department should consult with the federal highway administration, the Washington state patrol, the Washington trucking association, the freight mobility strategic investment board, and local communities.

The department must include any requested construction costs of the facility as a separate project as part of its agency budget submittal for the 2025-2027 fiscal biennium utilizing form C-100 for capital projects. The design information must also include detailed information on square footage, components of the facility, and cost comparisons with similar maintenance facilities.

(b) By September 1, 2024, the office of financial management, in consultation with the department, must develop criteria for preservation and improvement minor works lists for the department's facilities program. The criteria must incorporate, adjusted where appropriate, provisions already in use in the omnibus capital budget act for minor works, including: (i) The dollar limitation for each project to be included in the list; (ii) the types of projects appropriate to be included in the list; (iii) the project length limitation appropriate to be included in the list; and (iv) a recommended initial allotment, revision request approval, and revision notification process associated with the list. The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation, the entire move ahead WA account—federal appropriation, the entire move ahead WA account—state appropriation, and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2023-4)) 2024-1 as developed ((April 21, 2023)) March 6, 2024, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 (~~(of this act)~~), chapter 472, Laws of 2023.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((2023-2)) 2024-2 ALL PROJECTS as developed ((April 21, 2023)) March 6, 2024, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to (~~(\$1,737,009,000)~~) \$1,332,926,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to (~~(\$118,773,000)~~) \$111,106,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account—state appropriation includes up to (~~(\$32,643,000)~~) \$46,899,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(7) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an (~~(allotment)~~) appropriation modification, reductions in the amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this fiscal biennium;

(b) (~~(Allotment)~~) Appropriation modifications authorized under this subsection may not result in increased funding for any

SIXTIETH DAY, MARCH 7, 2024

project beyond the amount provided for that project in the 2023-2025 fiscal biennium in LEAP Transportation Document ((2023-2)) 2024-2 ALL PROJECTS as developed ((April 21, 2023)) March 6, 2024;

(c) ((~~Allotment~~)) Appropriation modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state, and move ahead WA account—state; and

(d) The office of financial management must provide notice of ((~~allotment~~)) appropriation modifications authorized under this subsection within 10 working days to the transportation committees of the legislature. By December 1, 2023, and December 1, 2024, the department must submit a report to the transportation committees of the legislature regarding the actions taken to date under this subsection.

(8) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(9) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70A.205.700, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

(10) By June 30, 2025, to the extent practicable, the department shall decommission the facilities for the Lacey project engineering office and the Tumwater project engineering office at the end of their lease terms and consolidate the Lacey project engineering office and the Tumwater project engineering office into the department's Olympic regional headquarters.

(11) The legislature intends that any savings realized on the following projects will not be attributable to the application of practical design, retired risk, or unused contingency funding for the purposes of RCW 47.01.480:

- (a) I-5/Marvin Road/SR 510 Interchange (L1100110); and
- (b) I-82/EB WB On and Off Ramps (L2000123).

(12)(a) ((~~\$300,000,000~~)) \$337,114,000 of the coronavirus state fiscal recovery fund—federal appropriation, ((~~\$312,653,000~~)) \$110,439,000 of the motor vehicle account—federal appropriation, ((~~\$427,459,000~~)) \$576,827,000 of the move ahead WA account—state appropriation, and ((~~\$1,293,000~~)) \$8,329,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) The fish passage barrier removal program, in consultation with the office of innovative partnerships, shall explore opportunities to employ innovative delivery methods to ensure compliance with the court injunction including, but not limited to, public-private partnerships and batched contracts. It is the intent of the legislature that appropriations for this purpose may be used to jointly leverage state and local funds for match requirements in applying for competitive federal aid grants provided in the infrastructure investment and jobs act for removals of fish passage barriers under the national culvert removal, replacement, and restoration program. State funds used for the purpose described in this subsection must not compromise full compliance with the court injunction by 2030.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach by replacing both state and local culverts guided by the principle of providing the greatest fish habitat gain at the earliest time. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert conditions, other transportation projects in the area, and transportation impacts. The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2023, and June 1, 2024.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) During the 2023-2025 fiscal biennium, the department shall provide reports of the amounts of federal funding received for this project to the governor and transportation committees of the legislature by November 1, 2023, and semiannually thereafter.

(13)(a) ((~~\$6,000,000 of the move ahead WA account—state appropriation~~)) \$15,000,000 of the model toxics control stormwater account—state appropriation is provided solely for the Stormwater Retrofits and Improvements project (L4000040). It is the intent of the legislature, over the 16-year move ahead WA investment program, to provide \$500,000,000 for this program.

(b) ((~~The appropriation in this subsection~~)) Of the amounts provided in this subsection, \$6,000,000 is provided solely for the Urban Stormwater Partnership - I-5 Ship-Canal Bridge Pilot (Seattle) project.

(c) The funding provided for stormwater retrofits and improvements must enhance stormwater runoff treatment from existing roads and infrastructure with an emphasis on green infrastructure retrofits. Projects must be prioritized based on benefits to salmon recovery and ecosystem health, reducing toxic pollution, addressing health disparities, and cost-effectiveness. The department of transportation must submit progress reports on its efforts to reduce the toxicity of stormwater runoff from existing infrastructure, recommendations for addressing barriers to innovative solutions, and anticipated demand for funding each fiscal biennium.

(14)(a) ((~~\$35,465,000~~)) \$25,067,000 of the connecting Washington account—state appropriation is provided solely for the SR 3 Freight Corridor (T30400R) project. The legislature intends to provide a total of \$78,910,000 for this project, including an increase of \$12,000,000 in future biennia to safeguard against inflation and supply/labor interruptions and ensure that:

(i) The northern terminus remains at Lake Flora Road and the southern terminus at the intersection of SR 3/SR 302; and

(ii) Multimodal safety improvements at the southern terminus remain in the project to provide connections to North Mason school district and provide safe routes to schools((~~and~~

((~~iii) Intersections on the freight corridor are constructed at Romance Hill and Log Yard road~~)).

(b) With respect to right-of-way acquisition and the construction of the SR 3 Freight Corridor project (T30400R), tribal consultation with the Suquamish tribe shall begin at the earliest stage of planning, including without limitation on all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or

protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe shall continue throughout the duration of any funding or program decisions and proposed project approval.

(15) \$6,000,000 of the move ahead WA account—state appropriation and \$10,000,000 of the move ahead WA account—federal appropriation are provided solely for the SR 3/Gorst Area - Widening project (L4000017). Tribal consultation with the Suquamish tribe must begin at the earliest stage of planning, including, without limitation, all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe must continue throughout the duration of any funding program and proposed project approval.

(16)(a) ~~(\$84,500,000)~~ \$94,500,000 of the move ahead WA account—federal appropriation, \$137,500,000 of the move ahead WA account—private/local appropriation, and ~~(\$53,000,000)~~ \$43,000,000 of the move ahead WA account—state appropriation are provided solely for the I-5 Columbia river bridge project (L4000054). The legislature finds that the replacement of the I-5 Columbia river bridge is a project of national significance and is critical for the movement of freight. One span is now 105 years old, at risk for collapse in the event of a major earthquake, and no longer satisfies the needs of commerce and travel. Replacing the aging interstate bridge with a modern, seismically resilient, multimodal structure that provides improved mobility for people, goods, and services is a high priority. Therefore, the legislature intends to support the replacement of the I-5 Columbia river bridge with an investment of \$1,000,000,000 over the 16-year move ahead WA investment program.

(b) The legislature recognizes the importance of the I-5/Mill Plain Boulevard project (L2000099) and intends to provide funding for reconstruction of the existing interchange in coordination with construction of the Interstate 5 bridge over the Columbia river.

(c) The department shall provide regular updates on the status of ongoing coordination with the state of Oregon on any bistate agreements regarding sharing of revenues, use of revenues, and fiscal responsibilities of each state. Prior to finalizing any such agreement, the department shall provide a draft of the agreement to the transportation committees of the legislature for review and input. Additionally, the department shall advise on the status of any bistate agreements to the joint transportation committee beginning in September 2023 and quarterly thereafter until any agreements are finalized.

(17) The legislature recognizes the importance of the US-12/Walla Walla Corridor Improvements project (T20900R) and intends to advance funding to provide matching funds if

competitive federal funding is awarded for the final remaining four-lane section between Wallula and Nine Mile Hill. The department, in consultation with local governments in the vicinity, must pursue any federal funding available.

(18) \$2,642,000 of the move ahead WA account—state appropriation is provided solely for the US 101/Simdars Bypass project (L4000013).

(19) ~~(\$570,842,000)~~ \$338,512,000 of the connecting Washington account—state appropriation, ~~(\$155,000)~~ \$3,109,000 of the multimodal transportation account—state appropriation, ~~(\$26,537,000)~~ \$27,201,000 of the motor vehicle account—private/local appropriation, ~~(\$200,800,000)~~ \$178,543,000 of the move ahead WA account—federal appropriation, ~~(\$68,191,000)~~ \$36,370,000 of the move ahead WA account—state appropriation, and ~~(\$6,980,000)~~ \$211,131,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall continue to collaborate with the affected stakeholders as it implements the corridor construction and implementation plan for state route number 167 and state route number 509. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) The entire multimodal transportation account—state appropriation in this subsection is for:

(i) The design phase of the Puyallup to Tacoma multiuse trail along the state route number 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park; and

(ii) Segment 2 of the state route number 167 completion project shared-use path to provide connections to the interchange of state route number 167 at 54th to the intersection of state route number 509 and Taylor Way in Tacoma.

(20) \$2,213,000 of the motor vehicle account—state appropriation and \$14,012,000 of the connecting Washington account—state appropriation are provided solely for the SR 224/Red Mountain Vicinity Improvement project (L1000291). The department shall provide funding to the city of West Richland to complete the project within the project scope identified by the legislature and within the total amount provided by the legislature. The department shall not amend the project's scope of work to add pavement preservation on state route number 224 from the West Richland city limits to Antinori Road.

(a) The department shall immediately proceed with awarding the bid for the Portage Bay Bridge and Roanoke Lid project to the team that submitted the proposal with the apparent best value in

SIXTIETH DAY, MARCH 7, 2024

September 2023. Consistent with negotiated timelines, the legislature expects the award to be made by March 15, 2024, and assumes that the department shall expedite executing the contract with the awarded team. Once the contract is executed for this project, the department shall seek consequential cost reduction opportunities through value engineering and prioritizing functionality and usability of the Portage Bay Bridge and Roanoke Lid. The department shall report on the status of the project and cost reduction efforts to the transportation committees of the legislature by December 15, 2024.

(b) Upon completion of the Montlake Phase of the West End project (~~((current anticipated contract completion of 2023)))~~, the department shall sell or transfer that portion of the property not ~~((used))~~ necessary for ~~((permanent))~~ transportation ~~((improvements))~~ purposes, and shall initiate a process to convey ~~((that))~~ or transfer such portion of the surplus property to a subsequent owner.

It is the intent of the legislature to provide an additional \$600,000 for noise mitigation activities.

(d) Pursuant to chapter . . . (Substitute Senate Bill No. 6316), Laws of 2024, the department shall apply for a sales tax deferral for construction work on the SR 520 Seattle Corridor Improvements - West End project (M00400R).

~~((21))~~ (22) \$450,000 of the motor vehicle account—state appropriation is provided solely for the SR 900 Safety Improvements project (L2021118). The department must: (a) Work in collaboration with King county and the Skyway coalition to align community assets, transportation infrastructure needs, and initial design for safety improvements along state route number 900; and (b) work with the Skyway coalition to lead community planning engagement and active transportation activities.

~~((22) \$25,000,000))~~ (23) \$7,500,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state, and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. ~~((22,500,000))~~ \$7,125,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

~~((23) \$5,000,000))~~ (24) \$9,593,000 of the motor vehicle account—state appropriation, ~~((5,000,000))~~ \$552,000 of the connecting Washington account—state appropriation, and

The board shall provide recommendations on procurement methods to the office of financial management, the department, and the transportation committees of the legislature for project L1000199 by July 1, 2024, and projects N52600R, N00900R, and M00800R by December 1, 2024. After the board provides recommendations, the department may initiate new advertisements and requests for qualifications, incorporating the recommendations as appropriate.

The department shall structure the advertisements, requests for qualifications, and requests for proposals, for projects referenced in this subsection, in a manner that provides a high degree of certainty that bids come in as expected according to engineer estimates made through the cost estimate valuation process. The department may request bid offers with alternatives for components of a larger project so that the department may present to the legislature modified options for projects to minimize project delays and stay within appropriated funding resources. If alternatives provided are at or below the engineer estimates, the department may proceed with the project award.

If bid proposals exceed engineer estimates by more than five percent or \$10,000,000, the department shall report this information to the transportation committees of the legislature within two weeks of receiving the bid proposals, and pause award and contract execution.

Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P, except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted.

(6) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The legislature intends to evaluate the utility and efficacy of the pilot program in the 2025 legislative session while reappropriating any remaining funds into the 2025-2027 fiscal biennium. Therefore, the department may issue additional calls for projects with any remaining funds provided in this subsection.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 609. RCW 82.70.040 and 2022 c 182 s 311 are each amended to read as follows:

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department must ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded. For credits approved by the department through June 30, 2015, the approved credit may be carried forward and used for tax reporting periods through December 31, 2016. Credits approved after June 30, 2015, must be used for tax reporting periods within the calendar year for which they are approved by the department and may not be carried forward to subsequent tax reporting periods. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person may be approved for tax credits under RCW 82.70.020 in excess of \$100,000 in any fiscal year. This limitation does not apply to credits carried forward from prior years under subsection (2)(b) of this section.

(4) No person may claim tax credits after June 30, ~~((2024))~~ 2025.

The target date for implementation of the new driver training education expansion is July 1, 2026. The driver training education expansion plan must be provided to the transportation committees of the legislature by ~~((October))~~ December 1, 2024, and must include, but need not be limited to, the following:

(1)(a) Consideration of courses that could satisfy the new driver training education requirement, including a condensed course option and a self-paced, online course option, with attention to the educational value, monetary and time costs required, and possible accessibility constraints for each course option considered; and

The assessment must include, but need not be limited to, an inventory of the current number, and an estimate of the increased number required to meet the anticipated need, of the following:

(a) Licensed driver training schools and traffic safety education programs in the state, by geographical region;

(b) Licensed driver training school and traffic safety education instructors;

(c) Licensed driver trainer instructors; and

(d) Driver training education course spaces available per year, by course option and for both classroom and behind-the-wheel instruction;

The assessment must address, but should not be limited to, potential obstacles for young drivers for whom the cost of driver training education may pose a hardship, obstacles related to accessibility for young drivers who reside in rural areas, and obstacles for young drivers whose primary language is not English. The assessment must also include strategies that can be used to mitigate these potential obstacles, including possible exceptions to, or substitutions for, a driver training education requirement in cases where access-related obstacles cannot be overcome, such as when a behind-the-wheel driver training program may not be available within a reasonable distance of a person's residence;

(4) A plan for broad and accessible public outreach and education to communicate to Washington state residents new driver training education requirements, including a plan for the development of tools to assist residents in accessing driver training education courses that meet the new requirements;

(5) Collaboration with educational service districts to determine the extent to which educational service districts can facilitate the coordination between school districts or secondary schools of a school district and driver training schools to increase access to driver training education courses by students who reside within the boundaries of an applicable school district;

(6) An examination of opportunities to address the financial need of persons for whom the cost of driver training education courses licensed by the department of licensing may pose a hardship, through a voucher or other financial assistance program. The examination must include quantified estimates of the extent to which the cost of driver training education could pose a significant obstacle, as well as possible approaches to help reduce or eliminate this obstacle;

(7) An examination, in consultation with the office of the superintendent of public instruction, of opportunities to address the financial need of students for whom the cost of driver training education offered as part of a traffic safety education program may pose a hardship, through a grant or other financial assistance program. The examination must include quantified estimates of the extent to which the cost of driver training education could pose a significant obstacle, as well as possible approaches to help reduce or eliminate this obstacle; and

(8) An assessment of approaches used by other states that require driver training by persons age 18 and older, including examination of how this has impacted traffic safety in the state and the extent to which the requirement may have decreased access to driver's licenses, including through examination of the rate of driver's license holders by age and other demographic characteristics compared to that of neighboring, or otherwise similarly situated, states.

PERSONAL PRIVILEGE

Senator Hunt: “Thank you Mr. President. I want to start by, with all these sparkly ladies around here, about a long tradition that I have tried to carry out in the Legislature and that is white shoes on sine die which I have done for the last ten or twelve years. Going back, I can think of Bill Chatalas, Gene Lux, Bob Basich, Dave Quall and John McCoy over the years who started this tradition of white shoes on sine die. So, somebody else is going to have to buy white shoes next year.

You know Mr. President, on the wall in my office is a framed poster from the 1950 Pendleton Roundup. Yes, I lived in Pendleton then. On a bright orange background, it features a cowboy on a wild bucking bronco, captioned ‘LET ‘ER BUCK.’ I have been riding that bronco as a Washington state legislator and have managed to stay on that bronco through ten sessions and nearly twenty-four years. However, the time has come to move. Let somebody else face the challenges of being a state senator. I will not seek reelection in 2024. It is time for someone else to climb in the saddle.

During my time in the Legislature, sixteen years in the House and eight in the Senate, I have seen a lot of changes and worked on many bills that became law and many, of course, that did not – including some of mine. I started here as a staffer in 1981. There was one mainframe computer. Everything else was typed or handwritten. Each member had bill books, large binders located in the big rectangles, if you look behind your desk, that’s what they were for. It had all of the bills in it. And every night the bill room staff would come in and they would take bills out, put new bills in and even tape or glue amendments onto the bills for the legislators in both houses and numerous staff people. Quite a job. Bills, schedules, status books, bill reports, all those things, were in the Legislative Bill Room, the first stop of most people as they came to the capitol on each morning. And that is down on the first floor just as you come into the Leg Building. TVW, remote participation, nowhere in sight. But we did have a large capitol press corps covering our every move. Something that has changed quite a bit. And my career in Olympia has centered on the Legislature. Seven years as a Senate staff member. Two years working for Governor Gardner. Seven years as Legislative Director at the Department of Information. And now, almost twenty-four years in the Legislature.

1981 saw defection of a Republican senator to the, of a Democratic senator to the Republican side and an attempt to fire 63 of us – I was on the Ways & Means staff at that time – because of our Democratic ties. We went to court, and we won a case.

Anyway, 2001, my first year in the House, we were all shook up by the Nisqually earthquake that closed this building for the session and moved us into portables. And in the O’Brien Building

we saw ceiling tiles falling and lights blacking out and all sorts of stuff. A rather scary experience.

But I am particularly proud that under my guidance, we have the most secure, accurate, accessible election system in the country. Washington is indeed a model for other states to follow. We passed landmark legislation, vote-by-mail, online and election day registration, paid return postage, secure ballot drop boxes, and many other things that help us lead the way. As a union member, and I am a proud union member, and state employee, it was an honor to work to pass collective bargaining for state employees. Lies, laws I sponsored – I probably sponsored some lies too – but laws I sponsored to reduce mercury in the environment have sharply reduced its use and, oddly enough, my last amendment that I have done on this floor was on a new mercury bill to extend the law to allow us to eliminate mercury entirely by 2035.

I also worked on civil rights, including marriage equality which changed drastically from a prohibition on marriage to marriage equality during my time in the legislature. And I think one of my proudest achievements was serving eleven years as Chair of the House Democratic Campaign Committee, which started what is the longest majority of any legislative caucus in the history of the country. Or at least in the country now.

It was a real honor to represent the Washington Legislature as Chair of the Council of State Governments West and the national Chair of the Council of State Governments.

We have seen impressive increases in funding for education from preschool through higher education, including the Elson S. Floyd School of Medicine at Washington State University. Go Cougs! – I had to get that in there somewhere. The second Tacoma Narrows Bridge, a wider I-5 between Olympia and Seattle, I-90 across Snoqualmie Pass.

On our campus we’ve seen the Jefferson [Street] and Sommers Buildings as well as major renovations to the Legislative Building, skylights returning soon, we hope. Thank you Senator Mullet. And construction of other major things. The list of accomplishments goes on.

I would like to thank the many legislators with whom I have served, as well as the bright and dedicated and competent staff who served the Legislature to help us do our work. Without civility among members working together and the excellent staff, Washington would not be in the great shape we find it today. This is truly a great extended family that I have been proud to be a member of.

I want to give special thanks to you, Lt. Governor Heck, with whom I have worked and sometimes worked against in the olden days when legislative staff did more to recruit candidates for the Senate and House. I remember you telling me that Stuart Halsan would never get elected to the Senate. Ha, ha. There we go. For a lasting friendship and support I especially thank you for one of my trips to D.C. when you arranged for me to meet with the late, great Representative John Lewis in the U.S. Capitol Building. Just an honor beyond belief to meet with that great civil rights leader. And, you know, it has just been wonderful. I also thank you for many hours of friendship and sometimes letting me win at pinocle, as we do some evenings. It’s been wonderful. And the discussions we have, it’s just, I treasure you and honor you.

And I have to give thanks to a special gift, my Legislative Assistant Meagan Arndt who has been with me all twenty-four years. How she did that I will never know but...”

The Senate recognized Ms. Meagan Arndt for her years of dedicated public service who was present in the wings of the Senate.

SIXTIETH DAY, MARCH 7, 2024

"...I could not have done this job without her and the excellent session staff I have had throughout the years. She keeps me on task, on schedule. And my staff has helped keep things working. I think they dislike emails just as much as I do sometimes.

And I owe a special thanks to my family, my late wife Charlene who was always there to assist and support, son Nathan and wife Amanda, daughter Hillary, grandson Rory, and special friend Roberta for all the support and courage while putting up with me during the time in office. I look forward the next challenges. Maybe sending you all a postcard from spring training in Arizona next year while you're laboring away. But anyway, I wish you the best of luck. It has been a great ride. And I thank each and every one of you for the ability to work with you and share things with you. May God bless and it's time to say, 'LET 'ER BUCK!'"

The Senate rose and recognized Senator Hunt for his years in the Legislature on the occasion of his upcoming retirement.

REMARKS BY THE PRESIDENT

President Heck: "Senator Hunt. Those were eloquent remarks indeed. They have earned you a trip to the rostrum. Please come forward."

Senator Hunt made his way to the rostrum of the Senate.

President Heck: "Senator Hunt, you have been my friend for more than forty years. It has been an honor to serve with you these last three-plus years. You remind me of something that somebody we both knew and I think we both respected, Congressman Sid Morrison, former State Senator, Sid Morrison used to say which is, 'The goal of this place is to leave the campsite better than you found it.' You have indeed left the campsite better than you found it. And I would like to present to you on behalf of your friends and family, and to acknowledge them again; daughter Hilary; son Nathan; and grandson Rory; the following: First this football, signed by I don't know who, but somebody associated with the program. It says 'Happy Retirement Sam' with, of course, the Cougar symbol. Wait, this is way cooler. A Cougar jersey with his legislative district and his name on the back. 'Permission to wear the jersey,' he says. [Laughter] No."

"During this brief pause as we bring additional paperwork forward, I'm wondering if I could ask you indulgence by asking you all to stand once again and join me in a brief prayer?"

MOMENT OF PRAYER

President Heck: "Oh Creator, thank You for listening. We know You have welcomed into our arms in the last two days a longtime former member of the legislative family, Grant Nelson. He was a good and professional advocate, and we know that You will wrap Your arms around him and welcome he and his soul.

We ask You also to put Your healing hands upon his family, especially his father, Gary Nelson, a longtime member of the State House of Representatives and State Senate. Grant will be missed here for all that he did and for all that he stood for.

We ask all these things in Your name, whose wisdom surpasses all human understanding. Amen."

EDITOR'S NOTE: Mr. Grant Nelson, well-liked and respected lobbyist and former State Senate staffer, passed away on March 5, 2024 in Olympia at the age of 59. Mr. Nelson, the son of former State Senator, The Honorable & Mrs. Gary and JoAnne Nelson, also leaves his spouse, two sons, his brothers and their families to mourn his passing.

**PART II
HUMAN SERVICES**

Sec. 201. 2023 c 475 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. Sec. 210. 2023 c 475 s 210 (uncodified) is amended to read as follows:

FOR THE STATE HEALTH CARE AUTHORITY

(1)(a) During the 2023-2025 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers, consultants, or any other entities contracting with the health care authority.

(b) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

(2) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority, the health benefit exchange, the department of social and health services, the department of health, the department of corrections, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect

organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that projects are planned for in a manner that ensures the efficient use of state resources, supports the adoption of a cohesive technology and data architecture, and maximizes federal financial participation. The work of the coalition and any project identified as a coalition project is subject to the conditions, limitations, and review provided in section 701 of this act.

(b) The health care authority must submit a report on November 1, 2023, and annually thereafter, to the fiscal committees of the legislature. The report must include, at a minimum:

(i) A list of active coalition projects as of July 1st of the fiscal year. This must include all current and ongoing coalition projects, which coalition agencies are involved in these projects, and the funding being expended on each project, including in-kind funding. For each project, the report must include which federal requirements each coalition project is working to satisfy, and when each project is anticipated to satisfy those requirements; and

(ii) A list of coalition projects that are planned in the current and following fiscal year. This must include which coalition agencies are involved in these projects, including the anticipated in-kind funding by agency, and if a budget request will be submitted for funding. This must reflect all funding required by fiscal year and by fund source and include the budget outlook period.

(4) The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2024, unless prohibited by this act, the authority may transfer general fund—state appropriations for fiscal year 2024 among programs after approval by the director of the office of financial management. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecast and utilization assumptions, the authority may transfer general fund—state appropriations for fiscal year 2024 that are provided solely for a specified purpose. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification must include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications and transfers.

The appropriations in this section are subject to the following conditions and limitations:

(1) The authority shall submit an application to the centers for medicare and medicaid services to renew the 1115 demonstration waiver for an additional five years as described in subsections (2), (3), and (4) of this section. The authority may not accept or expend any federal funds received under an 1115 demonstration waiver except as described in this section unless the legislature has appropriated the federal funding. To ensure compliance with legislative requirements and terms and conditions of the waiver, the authority shall implement the renewal of the 1115 demonstration waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the renewal of the 1115 demonstration waiver as set forth in subsections (2), (3), and (4) of this section requires sound, consistent, timely, and transparent oversight and analytic review in addition to lack of redundancy with other established measures. The patient must be considered first and foremost in the implementation and execution of the demonstration waiver. To accomplish these goals, the authority shall develop consistent performance measures that focus on population health and health outcomes. The authority shall limit the number of projects that accountable communities of health may participate in under initiative 1 to a maximum of six and shall seek to develop common performance measures when possible. The joint select committee on health care oversight will evaluate the measures chosen: (a) For effectiveness and appropriateness; and (b) to provide patients and health care providers with significant input into the implementation of the demonstration waiver to promote improved population health and patient health outcomes. In cooperation with the department of social and health services, the authority shall consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget to the joint select committee on health care oversight prior to submitting these waivers for federal approval. Prior to final approval or acceptance of funds by the authority, the authority shall submit the special terms and

conditions as submitted to the centers for medicare and medicaid services and the anticipated budget for the duration of the renewed waiver to the governor, the joint select committee on health care, and the fiscal committees of the legislature. By federal standard any programs created or funded by this waiver do not create an entitlement. The demonstration period for the waiver as described in subsections (2), (3), and (4) of this section begins July 1, 2023.

(2)(a) ((\$150,219,000)) \$342,398,000 of the general fund—federal appropriation and ((\$150,219,000)) \$213,592,000 of the general fund—local appropriation are provided solely for accountable communities of health described in initiative 1 of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. In renewing this initiative, the authority shall consider local input regarding community needs and shall limit total local projects to no more than six. To provide transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the fiscal committees of the legislature all expenditures under this subsection and provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) ((\$438,515,000)) \$467,787,000 of the general fund—federal appropriation and ((\$179,111,000)) \$191,068,000 of the general fund—private/local appropriation are provided solely for the medicaid quality improvement program and this is the maximum amount that may be expended for this purpose. Medicaid quality improvement program payments do not count against the 1115 demonstration waiver spending limits and are excluded from the waiver's budget neutrality calculation. The authority may provide medicaid quality improvement program payments to apple health managed care organizations and their partnering providers as they meet designated milestones. Partnering providers and apple health managed care organizations must work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority may only use the medicaid quality improvement program to support initiatives 1, 2, and 3 as described in the 1115 demonstration waiver and may not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not constitute an entitlement for clients or providers. The authority shall not supplement the amounts provided in this subsection with any general fund—state, general fund—federal, or general fund—local moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(c) In collaboration with the accountable communities of health, the authority will submit a report to the governor and the joint select committee on health care oversight describing how each of the accountable community of health's work aligns with the community needs assessment no later than December 1, 2023.

(d) Performance measures and payments for accountable communities of health shall reflect accountability measures that

SIXTIETH DAY, MARCH 7, 2024

demonstrate progress toward transparent, measurable, and meaningful goals that have an impact on improved population health and improved health outcomes, including a path to financial sustainability. While these goals may have variation to account for unique community demographics, measures should be standardized when possible.

(3) (~~(\$115,713,000)~~) \$87,665,000 of the general fund—federal appropriation and (~~(\$115,725,000)~~) \$87,666,000 of the general fund—local appropriation are provided solely for long-term support services as described in initiative 2 of the 1115 demonstration waiver as well as administrative expenses for initiative 3 and this is the maximum amount that may be expended for this purpose. The authority shall contract with and provide funding to the department of social and health services to administer initiative 2. The director in cooperation with the secretary of the department of social and health services shall report to the office of financial management all of the expenditures of this section and shall provide such fiscal data in the time, manner, and form requested. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section.

(4)(a) (~~(\$54,912,000)~~) \$46,450,000 of the general fund—federal appropriation and (~~(\$30,162,000)~~) \$21,432,000 of the general fund—local appropriation are provided solely for supported housing and employment services described in initiative 3a and 3b of the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third-party administrator. The authority and the department, in consultation with the medical assistance expenditure forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) (~~The authority and the department shall seek~~) \$28,156,000 of the general fund—federal appropriation and \$22,067,000 of the general fund—local appropriation are provided solely for additional (~~flexibilities for~~) housing supports (~~through the centers for medicare and medicaid services and shall coordinate with the office of financial management and the department of commerce to ensure that services are not duplicated~~) described in the 1115 demonstration waiver and this is the maximum amount that may be expended for this purpose. The authority shall not supplement the amounts provided in this subsection with any general fund—state moneys appropriated in this section or any moneys that may be transferred pursuant to subsection (1) of this section. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(c) The director shall report to the joint select committee on health care oversight no less than quarterly on utilization and caseload statistics for both supportive housing and employment services and its progress toward increasing uptake and availability for these services.

(5) \$1,432,000 of the general fund—state appropriation for fiscal year 2024 and \$3,008,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for supported employment services and \$1,478,000 of the general fund—state appropriation for fiscal year 2024 and \$3,162,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for supported housing services, similar to the services described in initiatives 3a and 3b of the 1115 demonstration waiver to individuals who are ineligible for medicaid. Under these initiatives, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its third-party administrator. Before authorizing services, eligibility for initiative 3a or 3b of the 1115 demonstration waiver must first be determined.

(6) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(7) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(8) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(9) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(10) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(11) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(12) (~~(\$4,176,000)~~) \$4,261,000 of the general fund—state appropriation for fiscal year 2024, \$4,261,000 of the general fund—state appropriation for fiscal year 2025, and (~~(\$8,607,000)~~) \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(13) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(14) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(15) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2023-2025 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2023, and by November 1, 2024, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2024 and fiscal year 2025, hospitals in the program shall be paid and shall retain 100 percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and 100 percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. For the purpose of determining the amount of any state grant under this subsection, payments will include the federal portion of medicaid program supplemental payments received by the hospitals. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2023-2025 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable

disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within 11 months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$237,000 of the general fund—state appropriation for fiscal year 2024 and \$218,000 of the general fund—state appropriation for fiscal year 2025 are provided solely for state grants for the participating hospitals.))~~)

(16) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide ongoing support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(17) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(18) The authority shall submit reports to the governor and the legislature by September 15, 2023, and no later than September 15, 2024, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(19) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(20) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(21) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(22) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and

SIXTIETH DAY, MARCH 7, 2024

medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.
