(3) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(4) The department shall develop model contract provisions for compliance with subsection (3) of this section and shall distribute its recommendations to the appropriate legislative committees, the office of financial management, and to all state agencies which provide capital grants to nonstate entities.

**NEW SECTION.** Sec. 3. A new section is added to chapter 43.88 RCW to read as follows:

(1) Each state agency shall submit a report to the office of the state auditor listing each nongovernment entity that received over three hundred thousand dollars in state moneys during the previous fiscal year under contract with the agency for purposes related to the provision of social services. The report must be submitted by September 1 each year, and must be in a form prescribed by the office of the state auditor.

(2) The office of the state auditor shall select two groups of entities from the reports for audit as follows:

(a) The first group shall be selected at random using a procedure prescribed by the office of the state auditor. The office of the state auditor shall ensure that the number of entities selected under this subsection (2)(a) each year is sufficient to ensure a statistically representative sample of all reported entities.

(b) The second group shall be selected based on a risk assessment of entities conducted by the office of the state auditor in consultation with state agencies. The office of the state auditor shall consider, at a minimum, the following factors when conducting risk assessments: Findings from previous audits; decentralization of decision making and controls; turnover in officials and key personnel; changes in

management structure or operations; and the presence of new programs, technologies, or funding sources.

(3) Each entity selected under subsection (2) of this section shall be required to complete a comprehensive entity-wide audit in accordance with generally accepted government auditing standards. The audit shall determine, at a minimum, whether:

(a) The financial statements of the entity are presented fairly in all material respects in conformity with generally accepted accounting principles;

(b) The schedule of expenditures of state moneys is presented fairly in all material respects in relation to the financial statements taken as a whole;

(c) Internal accounting controls exist and are effective; and

(d) The entity has complied with laws, regulations, and contract and grant provisions that have a direct and material effect on performance of the contract and the expenditure of state moneys.

(4) The office of the state auditor shall prescribe policies and procedures for the conduct of audits under this section. The office of the state auditor shall deem single audits completed in compliance with federal requirements to be in fulfillment of the requirements of this section if the audit meets the requirements of subsection (3)(a) through (d) of this section.

(5) Completed audits must be delivered to the office of the state auditor and the state agency by April 1 in the year following the selection of the entity for audit. Entities must resolve any findings contained in the audit within six months of the delivery of the audit. Entities may not enter into new contracts with state agencies until all major audit findings are resolved.

(6) Nothing in this section limits the authority of the state auditor to carry out statutorily and contractually prescribed powers and duties.

Passed the Senate April 15, 1997.

Approved by the Governor May 15, 1997.

[Substitute House Bill 1425]

### ALTERNATIVE PUBLIC WORKS CONTRACTING PROCEDURES

AN ACT Relating to alternative public works contracting procedures; amending RCW 39.10.020, 39.10.030, 39.10.050, 39.10.060, 39.10.110, 39.10.120, and 39.10.902; adding a new section to chapter 39.10 RCW; repealing 1996 c 18 s 17 (uncodified); providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 39.10.020 and 1994 c 132 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build and the general contractor/construction manager contracting procedures authorized in RCW 39.10.050 and 39.10.060, respectively.

(2) "Public body" means the state department of general administration; the University of Washington; Washington State University; every city with a population greater than one hundred fifty thousand; every city authorized to use the design-build procedure for a water system demonstration project under section 5(3) of this act; every county with a population greater than four hundred fifty thousand; and every port district with a population greater than five hundred thousand.

(3) "Public works project" means any work for a public body within the definition of the term public work in RCW 39.04.010.

**Sec. 2.** RCW 39.10.030 and 1994 c 132 s 3 are each amended to read as follows:

(1) An alternative public works contracting procedure authorized under this chapter may be used for a specific public works project only after a public body determines that use of the alternative procedure will serve the public interest by providing a substantial fiscal benefit, or that use of the traditional method of awarding contracts in lump sum to the low responsive bidder is not practical for meeting desired quality standards or delivery schedules.

(2) Whenever a public body determines to use one of the alternative public works contracting procedures authorized under this chapter for a public works project, it shall first ensure adequate public notification and opportunity for public review and comment ~~((as follows:))~~ by implementing the public hearing procedure under (a) of this subsection or the written public comment procedure under (b) of this subsection.

(a) Public hearing procedure:

(i) The public body shall conduct a public hearing to receive public comment on its preliminary determination to use the alternative public works contracting procedure. At least twenty days before the public hearing, the public body shall cause notice of such hearing to be published at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done. The notice shall clearly describe the proposed project and the preliminary determination to use the alternative public works contracting procedure. The notice shall also indicate when, where, and how persons may present their comments on the preliminary determination, and where persons may obtain additional written information describing the project.

~~((b))~~ (ii) The public body shall summarize in a written statement its reasons for using the alternative public works contracting procedure. This statement, along with other relevant information describing the project, shall be made available upon request to interested parties at least twenty days before the public hearing.

~~((c))~~ (iii) The public body shall receive and record both written and oral comments concerning the preliminary determination at the public hearing.

(b) Written public comment procedure:

(i) The public body shall establish a thirty-day public comment period to receive public comment on its preliminary determination to use the alternative public works contracting procedure. At least seven days before the beginning of the public comment period, the public body shall cause notice of the public comment period to be published at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done. The notice shall clearly describe the proposed project and the preliminary determination to use the alternative public works contracting procedure. The notice shall also indicate when, where, and how persons may submit their written comments on the preliminary determination, where persons may obtain additional written information describing the project.

and the date, time, and location of the public hearing that shall be conducted under (b)(iv) of this subsection if significant adverse written comments are received by the public body.

(i) The public body shall summarize in a written statement its reasons for using the alternative public works contracting procedure. This statement, along with other relevant information describing the project, shall be made available upon request to interested parties at least seven days before the beginning of the public comment period.

(ii) The public body shall receive written comments concerning the preliminary determination during the public comment period.

(iv) If the public body finds that it has received significant adverse comments relating to the use of the alternative public works contracting procedure, the public body shall conduct a public hearing to receive additional oral and written public comments on its preliminary determination to use the alternative public works contracting procedure. The public hearing shall be held on the date and at the time and location specified in the public notice published under (b)(i) of this subsection. At least seven days before the public hearing, the public body shall provide notice of the hearing to each person who has submitted written comments, and cause a notice of the hearing to be published at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done.

(v) The public body shall receive and record written and oral comments concerning the preliminary determination at the public hearing.

(3) Final determinations to use an alternative public works contracting procedure may be made only by the legislative or governing authority of the public body, or, in the case of state agencies, by the agency director or chief administrative officer. Final determinations shall be accompanied by a concise statement of the principal reasons for overruling any considerations urged against the determination. Final determinations are subject to appeal to superior court within thirty days of the determination, provided that notice of such appeal shall be provided to the public body within seven days of the determination. The court may award reasonable attorneys' fees to the prevailing party.

(4) Following completion of a public works project using one of the alternative public works contracting procedures under this chapter, a report shall be submitted to the legislative or governing authority of the public body reviewing the utilization and performance of the alternative public works contracting procedure. Such report shall be made available to the public.

**Sec. 3.** RCW 39.10.050 and 1994 c 132 s 5 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure of public works contracting for public works projects authorized under this section: The state department of general administration; the University of

Washington; Washington State University; every city with a population greater than one hundred fifty thousand; ~~((and)) every county with a population greater than four hundred fifty thousand; and every port district with a population greater than five hundred thousand. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130.~~ For the purposes of this section, "design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the ~~((structure,))~~ facility, portion of the facility, or other item specified in the contract.

(2) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology;

(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or

(c) ~~((The program elements of the project design are simple and do not involve complex functional interrelationships))~~ Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) ~~((The state department of general administration may use the design-build procedure authorized in subsection (2)(c) of this section for one project))~~ Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:

(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or

(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done, a notice of its request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, ~~((and))~~ minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications ~~((, if any,))~~ to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. Evaluation factors shall include, but not be limited to: Proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected work loads of the firm; location; and the concept of the proposal;

(e) The form of the contract to be awarded;

(f) The maximum allowable construction cost and minority and women enterprise total project goals;

(g) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and

(h) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select not fewer than three nor more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(a) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. ~~((6))~~ The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with ~~((that))~~ the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated. ~~((The public body may, in its sole discretion, reject all proposals:))~~

(b) If the public body determines that all finalists are capable of producing plans and specifications that adequately meet project requirements, the public body may award the contract to the firm that submits the responsive best and final proposal with the lowest price.

(6) The ~~((finalist))~~ firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals who are not awarded a design-build contract. Honorarium payments shall be

sufficient to generate meaningful competition among potential proposers on design-build projects.

**Sec. 4.** RCW 39.10.060 and 1996 c 18 s 6 are each amended to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section: The state department of general administration; the University of Washington; Washington State University; every city with a population greater than one hundred fifty thousand; every county with a population greater than four hundred fifty thousand; and every port district with a population greater than five hundred thousand. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements;

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. ~~((Minority and women business enterprise total project goals shall be specified in))~~ The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum

allowable construction cost; minority and women business enterprise total project goals, where applicable; and the bid instructions to be used by the general contractor/construction manager finalists. ((A public body is authorized to include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted shall exceed five percent of the maximum allowable construction cost.)) Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals ((considering such factors as: Ability of professional personnel; past performance in negotiated and complex projects; ability to meet time and budget requirements; location; recent, current, and projected work loads of the firm; and the concept of their proposal)). After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next (~~low bidder~~) highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. ~~((Specific contract requirements for women and minority enterprise participation shall be specified in each subcontract bid package that exceeds ten percent of the public body's estimated project cost.))~~ Subcontract work shall not be issued for bid until the public body has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the

general contractor/construction manager for attaining applicable minority and women business enterprise total project goals that equitably spreads women and minority enterprise opportunities to as many firms in as many bid packages as is practicable. When critical to the successful completion of a subcontractor bid package the owner and general contractor/construction manager may evaluate for bidding eligibility a subcontractor's ability, time, budget, and specification requirements based on the subcontractor's performance of those items on previous projects. Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over ~~((two))~~ three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over ~~((two))~~ three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. ~~((All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.))~~ Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

~~((4))~~ (7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work on projects valued over twenty million dollars if:

(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;

(b) The bid opening is managed by the public body; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed twenty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

**NEW SECTION.** Sec. 5. A new section is added to chapter 39.10 RCW to read as follows:

(1) In addition to the projects authorized in RCW 39.10.050 and 39.10.060, public bodies may use the general contractor/construction manager or design-build procedure for demonstration projects valued between three million dollars and ten million dollars as follows:

(a) Three demonstration projects by the department of general administration; and

(b) One demonstration project by each of the public bodies authorized in RCW 39.10.020(2) other than the department of general administration.

(2) Public bodies shall give weight to proposers' experience working on projects valued between three million dollars and ten million dollars in the evaluation process for the selection of a general contractor/construction manager or design-build firm for demonstration projects authorized in subsection (1) of this section.

(3) Cities which supply water to over three hundred fifty thousand people may use the design-build procedure for one water system demonstration project valued over ten million dollars. Use of the design-build procedure shall be deemed to effect compliance with the requirement for competitive bids under RCW 43.155.060.

(4) All contracts authorized under this section must be entered into before July 1, 1999.

(5) In the event that a public body determines not to perform a demonstration project using its authority under this section, it may transfer its authority to another public body.

**Sec. 6.** RCW 39.10.110 and 1994 c 132 s 11 are each amended to read as follows:

(1) There is established a temporary independent oversight committee to review the utilization of the alternative public works contracting procedures authorized under this chapter ~~((and)),~~ to evaluate potential future utilization of other alternative contracting procedures, including, but not limited to, contractor prequalification, and, if desired by the committee, to review traditional public works contracting procedures used by state agencies and municipalities. The committee shall also pursue the development of a mentoring program for expansion of the authorities in this chapter to other public bodies. The membership of the committee shall include: Two members of the house of representatives, one from each major caucus, appointed by the speaker of the house of representatives; two members of the senate, one from each major caucus, appointed by the president of the senate; representatives from the appropriate segments of the construction, contracting, subcontracting, and design industries, appointed by the governor; representatives from appropriate labor organizations, appointed by the governor; representatives from public bodies authorized to use the alternative public works contracting procedures under this chapter, appointed by the governor;

a representative from the office of minority and women's business enterprises, appointed by the governor; and a representative from the office of financial management, appointed by the governor. (2) The committee shall meet (~~(quarterly)~~) beginning after July 1, 1994. (~~(At the first meeting of the committee;)~~) A chair or cochairs shall be selected from among the committee's membership. Staff support for the committee shall be provided by the agencies and organizations represented on the committee.

(3) Public bodies utilizing the alternative contracting procedures authorized under this chapter shall provide any requested information concerning implementation of projects under this chapter to the committee in a timely manner, excepting any trade secrets or proprietary information.

(4) The committee shall report to the appropriate standing committees of the legislature by December 10, (~~(1996)~~) 2000, concerning its findings and recommendations.

**Sec. 7.** RCW 39.10.120 and 1995 3rd sp.s. c 1 s 305 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the alternative public works contracting procedures authorized under this chapter are limited to public works contracts signed before July 1, (~~(1997)~~) 2001. Methods of public works contracting authorized by RCW 39.10.050 and 39.10.060 shall remain in full force and effect until completion of contracts signed before July 1, (~~(1997)~~) 2001.

## CHAPTER 377

[Substitute House Bill 1499]

### WASHINGTON STATE RURAL DEVELOPMENT COUNCIL

AN ACT Relating to a rural development council; adding new sections to chapter 43.31 RCW; and providing an expiration date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION, Sec. 1. A new section is added to chapter 43.31 RCW to read as follows:

(1) The Washington state rural development council is established and governed by an executive committee consisting of eleven members, appointed by the governor. The members will include representatives from the following categories: Business; natural resources; agriculture; environment; economic development; education; health; human services; counties; cities; and tribal governments.

(2) New members of the executive committee are appointed for terms of three years from the current membership list of the rural development council, as much as possible. Committee members should be people who either live, work, or provide direct services in rural areas. Committee membership must consist of no less than ninety percent of the members living in a rural area. As a transition strategy for the council, four representatives (business, counties, health, agriculture) will be appointed in 1997, four (human services, natural resources, cities, environment) in 1998, and three (economic development, tribal government, education) in 1999. The new council will be fully formed in 1999.

(3) The governor may make appointments from a list of candidates generated by the executive committee. The executive committee shall generate a list of at least three but not more than six candidates from recommendations from state-wide associations. In addition, the executive committee is responsible for hiring, evaluating, and if necessary, firing the executive director according to state policies and rules.

(7) The Washington state rural development council is directed to: Inform legislators, the governor's office, state agencies, and federal agencies about the rural perspective on community development issues; identify and in some cases develop recommended improvements to existing resource delivery systems; and serve as a liaison or intermediary between rural communities and public and private resource providers. The council's mission is to improve the delivery and accessibility of public and private resources to meet the needs of rural communities.

**NEW SECTION.** Sec. 2. A new section is added to chapter 43.31 RCW to read as follows:

The legislature encourages state agencies to contribute financially to the rural development council. In addition to the United States department of agriculture and the state department of community, trade, and economic development, all state agencies, federal agencies, and state-wide associations that make a significant financial contribution to the rural development council shall be ex officio members. In particular, state agencies serving rural areas, including the departments of agriculture, fish and wildlife, ecology, employment security, health, natural resources, social and health services, and transportation, and the utilities and transportation commission, are encouraged to contribute financially. Financial contributions from state agencies along with those from the private sector and state-wide associations will enable the rural development council to leverage federal funds at a three-to-one ratio annually.

[Substitute House Bill 1693]

**CREDITS FOR REINSURED CEDED RISKS**

AN ACT Relating to credit for reinsured ceded risks; amending RCW 48.12.160; adding new sections to chapter 48.12 RCW; creating a new section; and repealing RCW 48.05.300.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** (1) The purpose of this act is to protect the interest of insureds, claimants, ceding insurers, assuming insurers, and the public generally.

(2) It is the intent of the legislature to ensure adequate regulation of insurers and reinsurers and adequate protection for those to whom they owe obligations.

(3) It is also the intent of the legislature to declare that the matters contained in this act are fundamental to the business of insurance and to exercise its powers and privileges under 15 U.S.C. Secs. 1011 and 1012.

**NEW SECTION. Sec. 2.** For purposes of this act, a "qualified United States financial institution" means an institution that complies with all of the following:

(1) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;

(2) Is regulated, supervised, and examined by United States federal or state authorities having regulatory authority over banks and trust companies;

(3) Has been determined by the commissioner, or, in the discretion of the commissioner, the securities valuation office of the national association of insurance commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the commissioner; and

(4) Is not affiliated with the assuming company.

**NEW SECTION. Sec. 3.** Upon insolvency of a non-United States insurer or reinsurer that provides security to fund its United States obligations in accordance with this act, the assets representing the security must be maintained in the United States and claims must be filed with and valued by the state insurance commissioner with regulatory oversight, and the assets distributed, in accordance

with the insurance laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic United States insurance companies.

**NEW SECTION. Sec. 4.** (1) Credit for reinsurance in a reinsurance contract entered into after December 31, 1996, is allowed a domestic ceding insurer as either an asset or a deduction from liability in accordance with RCW 48.12.160 only if the reinsurance contract contains provisions that provide, in substance, as follows:

(a) The reinsurer shall indemnify the ceding insurer against all or a portion of the risk it assumed according to the terms and conditions contained in the reinsurance contract.

(b) In the event of insolvency and the appointment of a conservator, liquidator, or statutory successor of the ceding company, the portion of risk or obligation assumed by the reinsurer is payable to the conservator, liquidator, or statutory successor on the basis of claims allowed against the insolvent company by a court of competent jurisdiction or by a conservator, liquidator, or statutory successor of the company having authority to allow such claims, without diminution because of that insolvency, or because the conservator, liquidator, or statutory successor failed to pay all or a portion of any claims. Payments by the reinsurer as provided in this subsection are made directly to the ceding insurer or to its conservator, liquidator, or statutory successor, except where the contract of insurance, reinsurance, or other written agreement specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer.

(2) Payment under a reinsurance contract must be made within a reasonable time with reasonable provision for verification in accordance with the terms of the reinsurance agreement. However, in no event shall the payments be beyond the period required by the national association of insurance commissioners accounting practices and procedures manual.

(3) The original insured or policyholder may not have any rights against the reinsurer that are not specifically set forth in the contract of reinsurance, or in a specific agreement between the reinsurer and the original insured or policyholder.

**NEW SECTION. Sec. 5.** Credit for reinsurance, as either an asset or a deduction, is prohibited in an accounting or financial statement of the ceding insurer in respect to the reinsurance contract unless, in such contract, the reinsurer undertakes to indemnify the ceding insurer against all or a part of the loss or liability arising out of the original insurance. This section only applies to those reinsurance contracts entered into after December 31, 1996.

**Sec. 6.** RCW 48.12.160 and 1996 c 297 s 1 are each amended to read as follows:

(1) Any insurance company organized under the laws of this state may take credit as an asset or as a deduction from loss or claim, unearned premium, or life policy or contract reserves on risks ceded to a reinsurer to the extent reinsured by an insurer or insurers holding a certificate of authority to transact that kind of business in this state, unless the assuming insurer is the subject of a regulatory

order or regulatory oversight by a state in which it is licensed based upon a commissioner's determination that the assuming insurer is in a hazardous financial condition. The credit on ceded risks reinsured by any insurer which is not authorized to transact business in this state may be taken:

(a) Where the reinsurer is a group including incorporated and unincorporated underwriters, and the group maintains a trust fund in a (~~United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance;~~) qualified United States financial institution which trust fund must be in an amount equal to (~~the group's liabilities attributable to business written in the United States, and~~);

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after August 1, 1995, funds in trust in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled insurers to any member of the group; or

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before July 31, 1995, and not amended or renewed after that date, notwithstanding the other provisions of this act, funds in trust in an amount not less than the group's several insurance and reinsurance liabilities attributable to business written in the United States.

In addition, the group shall maintain a trustee surplus of which one hundred million dollars shall be held jointly and exclusively for the benefit of United States ceding insurers of any member of the group(†).

The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members; and the group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants;

(b) Where the reinsurer does not meet the definition of (a) of this subsection, the single assuming alien reinsurer that, as of the date of the ceding insurer's statutory financial statement, maintains a trust fund in a (~~United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance~~) qualified United States financial institution, which trust fund must be in an amount (~~equal to~~) not less than the assuming alien reinsurer's liabilities attributable to reinsurance ceded by United States domiciled insurers, and in addition, the assuming insurer shall maintain a trustee surplus of not less than twenty million dollars, and the assuming alien reinsurer maintaining the trust fund must have received a registration from the commissioner under section 7 of this act. The assuming alien reinsurer shall report on or before February 28th to the commissioner substantially the same information as that required to be reported on the national association of insurance commissioners annual statement form by licensed insurers, to enable the commissioner to determine the sufficiency of the trust fund; (~~or~~)

(c) In an amount not exceeding:

(i) The amount of deposits by and funds withheld from the assuming insurer pursuant to express provision therefor in the reinsurance contract, as security for the payment of the obligations thereunder, if the deposits or funds are assets of the types and amounts that are authorized under chapter 48.13 RCW and are held subject to withdrawal by and under the control of the ceding insurer or if the deposits or funds are placed in trust for these purposes in a bank which is a member of the federal reserve system and withdrawals from the trust cannot be made without the consent of the ceding company; or

(ii) The amount of a clean, irrevocable, and unconditional letter of credit issued by a United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance, and issued for a term of at least one year with provisions that it must be renewed unless the bank gives notice of nonrenewal at least thirty days before the expiration issued under arrangements satisfactory to the commissioner of insurance as constituting security to the ceding insurer substantially equal to that of a deposit under (c)(i) of this subsection.

(2) Credit for reinsurance may not be granted under subsection (1)(a), (b), and (c)(i) of this section unless:

(a) The form of the trust and amendments to the trust have been approved by the insurance commissioner of the state where the trust is located, or the insurance commissioner of another state who, pursuant to the terms of the trust agreement, has accepted principal regulatory oversight of the trust;

(b) The trust and trust amendments are filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled;

(c) The trust instrument provides that contested claims are valid, enforceable, and payable out of funds in trust to the extent remaining unsatisfied thirty days after entry of the final order of a court of competent jurisdiction in the United States;

(d) The trust vests legal title to its assets in the trustees of the trust for the benefit of the grantor's United States ceding insurers, their assigns, and successors in interest;

(e) The trust and the assuming insurer are subject to examination as determined by the commissioner;

(f) The trust shall remain in effect for as long as the assuming insurer, member, or former member of a group of insurers has outstanding obligations due under the reinsurance agreements subject to the trust; and

(g) No later than February 28th of each year, the trustees of the trust report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end. In addition, the trustees of the trust shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire within the next twelve months.

(3) Any reinsurance ceded by a company organized under the laws of this state or ceded by any company not organized under the laws of this state and transacting business in this state must be payable by the assuming insurer on the basis of liability of the ceding company under the contract or contracts reinsured without diminution because of the insolvency of the ceding company, and any such reinsurance agreement which may be canceled on less than ninety days notice must provide for a run-off of the reinsurance in force at the date of cancellation.

~~((3) A reinsurance agreement may provide that the)~~ (4) The domiciliary conservator, liquidator (or), receiver, or statutory successor of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured within a reasonable time after such claim is filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator or receiver or statutory successor.

The expense thus incurred by the assuming insurer shall be chargeable subject to court approval against the insolvent ceding insurer as a part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

~~((4))~~ (5) Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

(6) The credit permitted by subsection (1)(b) of this section is prohibited unless the assuming alien insurer agrees in the trust agreement, notwithstanding other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (1)(b) of this section or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile;

(a) To comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund;

(b) That assets be distributed by, and insurance claims of United States trust beneficiaries be filed with and valued by, the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) That if the commissioner with regulatory oversight determines that the assets of the trust fund or a part thereof are not necessary to satisfy the claims of the United States ceding insurers, which are United States trust beneficiaries, the

assets or part thereof shall be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) That the grantor waives any right otherwise available to it under United States law that is inconsistent with this provision.

**NEW SECTION. Sec. 7.** (1) The assuming alien reinsurer must register with the commissioner and must:

(a) File with the commissioner evidence of its submission to this state's jurisdiction and to this state's authority to examine its books and records under chapter 48.03 RCW;

(b) Designate the commissioner as its lawful attorney upon whom service of all papers may be made for an action, suit, or proceeding instituted by or on behalf of the ceding insurer;

(c) File with the commissioner a certified copy of a letter or a certificate of authority or a certificate of compliance issued by the assuming alien insurer's domiciliary jurisdiction and the domiciliary jurisdiction of its United States reinsurance trust;

(d) Submit a statement, signed and verified by an officer of the assuming alien insurer to be true and correct, that discloses whether the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer is currently known to be the subject of one or more of the following:

(i) An order or proceeding regarding conservation, liquidation, or receivership;

(ii) An order or proceeding regarding the revocation or suspension of a license or accreditation to transact insurance or reinsurance in any jurisdiction; or

(iii) An order or proceeding brought by an insurance regulator in any jurisdiction seeking to restrict or stop the assuming alien insurer from transacting insurance or reinsurance based upon a hazardous financial condition.

The assuming alien insurer shall provide the commissioner with copies of all orders or other documents initiating proceedings subject to disclosure under this subsection. The statement must affirm that no actions, proceedings, or orders subject to this subsection are outstanding against the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer, except as disclosed in the statement;

(e) File other information, financial or otherwise, which the commissioner reasonably requests.

(2) A registration continues in force until suspended, revoked, or not renewed. A registration is subject to renewal annually on the first day of July upon application of the assuming alien insurer and payment of the fee in the same amount as an insurer pays for renewal of a certificate of authority.

(3) The commissioner shall give an assuming alien insurer notice of his or her intention to revoke or refuse to renew its registration at least ten days before the order of revocation or refusal is to become effective.

(4) The commissioner shall, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer's registration if the assuming alien insurer no longer qualifies or meets the requirements for registration.

(5) The commissioner may, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer's registration if the assuming alien insurer:

(a) Fails to comply with a provision of this chapter or fails to comply with an order or regulation of the commissioner;

(c) Refuses to remove or discharge a trustee, director, or officer who has been convicted of a crime involving fraud, dishonesty, or moral turpitude;

(d) Usually compels policy-holding claimants either to accept less than the amount due them or to bring suit against the assuming alien insurer to secure full payment of the amount due;

(g) Fails to pay a final judgment rendered against it:

(i) Within thirty days after the judgment became final;

(h) Is found by the commissioner, after investigation or upon receipt of reliable information:

(i) To be managed by persons, whether by its trustees, directors, officers, or by other means, who are incompetent or untrustworthy or so lacking in insurance company management experience as to make proposed operation hazardous to the insurance-buying public; or

(ii) That there is good reason to believe it is affiliated directly or indirectly through ownership, control, or business relations, with a person or persons whose business operations are, or have been found to be, in violation of any law or rule, to the detriment of policyholders, stockholders, investors, creditors, or of the public, by bad faith or by manipulation of the assets, accounts, or reinsurance;

(7) The actual costs and expenses incurred by the commissioner for an examination of a registered alien insurer must be charged to and collected from the alien reinsurer.

(8) A registered alien reinsurer is included as a "class one" organization for the purposes of RCW 48.02.190.

**NEW SECTION. Sec. 8.** (1) Unless credit for reinsurance or deduction from liability is prohibited under section 5 of this act, a foreign ceding insurer is allowed credit for reinsurance or deduction from liability to the extent credit has been allowed by the ceding insurer's state of domicile if:

(b) Credit or deduction from liability would be allowed under this act if the foreign ceding insurer were domiciled in this state.

(2) Notwithstanding subsection (1) of this section, credit for reinsurance or deduction from liability may be disallowed upon a finding by the commissioner that either the condition of the reinsurer, or the collateral or other security provided by the reinsurer, does not satisfy the credit for reinsurance requirements applicable to ceding insurers domiciled in this state.

**NEW SECTION. Sec. 9.** The commissioner may adopt rules to implement and administer this act.

**NEW SECTION. Sec. 10.** RCW 48.05.300 and 1993 c 91 s 1, 1977 ex.s. c 180 s 1, & 1947 c 79 s .05.30 are each repealed.

Agencies shall encourage environmental excellence program agreements that favor or promote pollution prevention, source reduction, or improvements in practices that are transferable to other interested entities or that can achieve better overall environmental results than required by otherwise applicable rules and requirements.

In enacting this act it is not the intent of the legislature that state environmental standards be applied in a manner that could result in these state standards being waived under section 121 of the federal comprehensive environmental response, compensation, and liability act (42 U.S.C. Sec. 9261).

**NEW SECTION, Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "State, regional, or local agency" means an agency, board, department, authority, or commission that administers environmental laws.

(2) "Coordinating agency" means the state, regional, or local agency with the primary regulatory responsibility for the proposed environmental excellence program agreement. If multiple agencies have jurisdiction to administer state environmental laws affected by an environmental excellence agreement, the department of ecology shall designate or act as the coordinating agency.

(3) "Director" means the individual or body of individuals in whom the ultimate legal authority of an agency is vested by any provision of law. If the agency head is a body of individuals, a majority of those individuals constitutes the director.

(4) "Environmental laws" means chapters 43.21A, 70.94, 70.95, 70.105, 70.119A, 75.20, 90.48, 90.52, 90.58, 90.64, and 90.71 RCW, and RCW 90.54.020(3)(b) and rules adopted under those chapters and section. The term environmental laws as used in this chapter does not include any provision of the Revised Code of Washington, or of any municipal ordinance or enactment, that regulates the selection of a location for a new facility.

(5) "Facility" means a site or activity that is regulated under any of the provisions of the environmental laws.

(6) "Legal requirement" includes any provision of an environmental law, rule, order, or permit.

(7) "Sponsor" means the owner or operator of a facility, including a municipal corporation, subject to regulation under the environmental laws of the state of Washington, or an authorized representative of the owner or operator, that submits a proposal for an environmental excellence program agreement.

(8) "Stakeholder" means a person who has a direct interest in the proposed environmental excellence program agreement or who represents a public interest in the proposed environmental excellence program agreement. Stakeholders may include communities near the project, local or state governments, permittees, businesses, environmental and other public interest groups, employees or employee representatives, or other persons.

**NEW SECTION.** Sec. 3. An environmental excellence program agreement entered into under this chapter must achieve more effective or efficient environmental results than the results that would be otherwise achieved. The basis for comparison shall be a reasonable estimate of the overall impact of the participating facility on the environment in the absence of an environmental excellence program agreement. More effective environmental results are results that are better overall than those that would be achieved under the legal requirements superseded or replaced by the agreement. More efficient environmental results are results that are achieved at reduced cost but do not decrease the overall environmental results achieved by the participating facility. An environmental excellence program agreement may not authorize either (1) the release of water pollutants that will cause to be exceeded, at points of compliance in the ambient environment established pursuant to law, numeric surface water or ground water quality criteria or numeric sediment quality criteria adopted as rules under chapter 90.48 RCW; or (2) the emission of any air contaminants that will cause to be exceeded any air quality standard as defined in RCW 70.94.030(3); or (3) a decrease in the overall environmental results achieved by the participating facility compared with results achieved over a representative period before the date on which the agreement is proposed by the sponsor. However, an environmental excellence program agreement may authorize reasonable increases in the release of pollutants to permit increases in facility production or facility expansion and modification.

**NEW SECTION.** Sec. 4. (1) The director of a state, regional, or local agency may enter into an environmental excellence program agreement with any sponsor, even if one or more of the terms of the environmental excellence program agreement would be inconsistent with an otherwise applicable legal requirement. An environmental excellence program agreement must meet the requirements of section 3 of this act. Otherwise applicable legal requirements identified according to section 7(1) of this act shall be superseded and replaced in accordance with section 9 of this act.

(2) The director of a state, regional, or local agency may enter into an environmental excellence program agreement only to the extent the state, regional, or local agency has jurisdiction to administer state environmental laws either directly or indirectly through the adoption of rules.

(3) Where a sponsor proposes an environmental excellence program agreement that would affect legal requirements applicable to the covered facility that are administered by more than one state, regional, or local agency, the

coordinating agency shall take the lead in developing the environmental excellence program agreement with the sponsor and other agencies administering legal requirements applicable to the covered facility and affected by the agreement. The environmental excellence program agreement does not become effective until the agreement is approved by the director of each agency administering legal requirements identified according to section 7(1) of this act.

(4) No director may enter into an environmental excellence program agreement applicable to a remedial action conducted under the Washington model toxics control act, chapter 70.105D RCW, or the federal comprehensive environmental response, compensation and liability act (42 U.S.C. Sec. 9601 et seq.). No action taken under this chapter shall be deemed a waiver of any applicable, relevant, or appropriate requirements for any remedial action conducted under the Washington model toxics control act or the federal comprehensive environmental response, compensation and liability act.

(5) The directors of state, regional, or local agencies shall not enter into an environmental excellence program agreement or a modification of an environmental excellence program agreement containing terms affecting legal requirements adopted to comply with provisions of a federal regulatory program and to which the responsible federal agency objects after notice under the terms of section 8(4) of this act.

(6) The directors of regional or local governments may not enter into an environmental excellence program agreement or a modification of an environmental excellence program agreement containing terms affecting legal requirements that are subject to review or appeal by a state agency, including but not limited to chapters 70.94, 70.95, and 90.58 RCW, and to which the responsible state agency objects after notice is given under the terms of section 8(4) of this act.

**NEW SECTION.** Sec. 5. (1) A sponsor may propose an environmental excellence program agreement. A trade association or other authorized representative of a sponsor or sponsors may propose a programmatic environmental excellence program agreement for multiple facilities.

(2) A sponsor must submit, at a minimum, the following information and other information that may be requested by the director or directors required to sign the agreement:

(a) A statement that describes how the proposal is consistent with the purpose of this chapter and the project approval criteria in section 3 of this act;

(b)(i) For a site-specific proposal, a comprehensive description of the proposed environmental excellence project that includes the nature of the facility and the operations that will be affected, how the facility or operations will achieve results more effectively or efficiently, and the nature of the results anticipated; or

(ii) For a programmatic proposal, a comprehensive description of the proposed environmental excellence project that identifies the facilities and the operations that are expected to participate, how participating facilities or operations will achieve environmental results more effectively or efficiently, the nature of the results

anticipated, and the method to identify and document the commitments made by individual participants;

(c) An environmental checklist, containing sufficient information to reasonably inform the public of the nature of the proposed environmental excellence program agreement and describing probable significant adverse environmental impacts and environmental benefits expected from implementation of the proposal;

(d) A draft environmental excellence program agreement;

(e) A description of the stakeholder process as provided in section 6 of this act;

(f) A preliminary identification of the permit amendments or modifications that may be necessary to implement the proposed environmental excellence program agreement.

NEW SECTION. Sec. 6. (1) Stakeholder participation in and support for an environmental excellence program agreement is vital to the integrity of the environmental excellence program agreement and helps to inform the decision whether an environmental excellence program agreement can be approved.

(2) A proposal for an environmental excellence program agreement shall include the sponsor's plan to identify and contact stakeholders, to advise stakeholders of the facts and nature of the project, and to request stakeholder participation and review. Stakeholder participation and review shall occur during the development, consideration, and implementation stages of the proposed environmental excellence program agreement. The plan shall include notice to the employees of the facility to be covered by the proposed environmental excellence program agreement and public notice in the area of the covered facility.

(3) The coordinating agency shall extend an invitation to participate in the development of the proposal to a broad and representative sector of the public likely to be affected by the environmental excellence program agreement, including representatives of local community, labor, environmental, and neighborhood advocacy groups. The coordinating agency shall select participants to be included in the stakeholder process that are representative of the diverse sectors of the public that are interested in the agreement. The stakeholder process shall include the opportunity for discussion and comment at multiple stages of the process and access to the information relied upon by the directors in approving the agreement.

(4) The coordinating agency will identify any additional provisions for the stakeholder process that the director of the coordinating agency, in the director's sole discretion, considers appropriate to the success of the stakeholder process, and provide for notice to the United States environmental protection agency or other responsible federal agency of each proposed environmental excellence program agreement that may affect legal requirements of any program administered by that agency.

NEW SECTION. Sec. 7. An environmental excellence program agreement must contain the following terms and conditions:

(1) An identification of all legal requirements that are superseded or replaced by the environmental excellence program agreement;

(2) A description of all legal requirements that are enforceable as provided in section 13(1) of this act that are different from those legal requirements applicable in the absence of the environmental excellence program agreement;

(3) A description of the voluntary goals that are or will be pursued by the sponsor;

(4) A statement describing how the environmental excellence program agreement will achieve the purposes of this chapter;

(5) A statement describing how the environmental excellence program agreement will be implemented, including a list of steps and an implementation schedule;

(6) A statement that the proposed environmental excellence program agreement will not increase overall worker safety risks or cause an unjust or disproportionate and inequitable distribution of environmental risks among diverse economic and cultural communities;

(7) A summary of the stakeholder process that was followed in the development of the environmental excellence program agreement;

(8) A statement describing how any participating facility shall measure and demonstrate its compliance with the environmental excellence program agreement including, without limitation, a description of the methods to be used to monitor performance, criteria that represent acceptable performance, and the method of reporting performance to the public and local communities. The facility's compliance with the agreement must be independently verifiable;

(9) A description of and plan for public participation in the implementation of the environmental excellence program agreement and for public access to information needed to assess the benefits of the environmental excellence program agreement and the sponsor's compliance with the environmental excellence program agreement;

(10) A schedule of periodic performance review of the environmental excellence program agreement by the directors that signed the agreement;

(11) Provisions for voluntary and involuntary termination of the agreement;

(12) The duration of the environmental excellence program agreement and provisions for renewal;

(13) Statements approving the environmental excellence program agreement made by the sponsor and by or on behalf of directors of each state, regional, or local agency administering legal requirements that are identified according to section 7(1) of this act;

(14) Additional terms as requested by the directors signing the environmental excellence program agreement and consistent with this chapter;

(15) Draft permits or permit modifications as needed to implement the environmental excellence program agreement;

(16) With respect to a programmatic environmental excellence program agreement, a statement of the method with which to identify and document the specific commitments to be made by individual participants.

**NEW SECTION.** Sec. 8. (1) The coordinating agency shall provide at least thirty days after notice has been published in a newspaper under subsection (2) of this section for public comment on a proposal to enter into or modify an environmental excellence program agreement. The coordinating agency may provide for an additional period of public comment if required by the complexity of the proposed environmental excellence program agreement and the degree of public interest. Before the start of the comment period, the coordinating agency shall prepare a proposed agreement, a public notice and a fact sheet. The fact sheet shall: (a) Briefly describe the principal facts and the significant factual, legal, methodological and policy questions considered by the directors signing the agreement, and the directors' proposed decisions; and (b) briefly describe how the proposed action meets the requirements of section 3 of this act.

(2) The coordinating agency shall publish notice of the proposed agreement in the Washington State Register and in a newspaper of general circulation in the vicinity of the facility or facilities covered by the proposed environmental excellence program agreement. The notice shall generally describe the agreement or modification; the facilities to be covered; summarize the changes in legal requirements that will result from the agreement; summarize the reasons for approving the agreement or modifications; identify an agency person to contact for additional information; state that the proposed agreement or modification and fact sheet are available on request; and state that comments may be submitted to the agency during the comment period. The coordinating agency shall order a public informational meeting or a public hearing to receive oral comments if the written comments during the comment period demonstrate considerable public interest in the proposed agreement.

(3) The coordinating agency shall prepare and make available a responsiveness summary indicating the agencies' actions taken in response to comments and the reasons for those actions.

(4) With respect to an environmental excellence program agreement that affects legal requirements adopted to comply with provisions of a federal regulatory program, the coordinating agency shall provide a copy of the environmental excellence program agreement, and a copy of the notice required by subsection (1) of this section, to the federal agency that is responsible for administering that program at least thirty days before entering into or modifying the environmental excellence program agreement, and shall afford the federal agency the opportunity to object to those terms of the environmental excellence program agreement or modification of an environmental excellence program agreement affecting the legal requirements. The coordinating agency shall provide similar notice to state agencies that have statutory review or appeal responsibilities regarding provisions of the environmental excellence program agreement.

**NEW SECTION. Sec. 9.** (1) Notwithstanding any other provision of law, any legal requirement identified under section 7(1) of this act shall be superseded or replaced in accordance with the terms of the environmental excellence program agreement. Legal requirements contained in a permit that are affected by an environmental excellence program agreement will continue to be enforceable until such time as the permit is revised in accordance with subsection (2) of this section. With respect to any other legal requirements, the legal requirements contained in the environmental excellence program agreement are effective as provided by the environmental excellence program agreement, and the facility or facilities covered by an environmental excellence program agreement shall comply with the terms of the environmental excellence program agreement in lieu of the legal requirements that are superseded and replaced by the approved environmental excellence program agreement.

(2) Any permits affected by an environmental excellence program agreement shall be revised to conform to the environmental excellence program agreement by the agency with jurisdiction. The permit revisions will be completed within one hundred twenty days of the effective date of the agreement in accordance with otherwise applicable procedural requirements, including, where applicable, public notice and the opportunity for comment, and the opportunity for review and objection by federal agencies.

(3) Other than as superseded or replaced as provided in an approved environmental excellence program agreement, any existing permit requirements remain in effect and are enforceable.

(4) A programmatic environmental excellence program agreement shall become applicable to an individual facility when all directors entering into the programmatic agreement approve the owner or operator's commitment to comply with the agreement. A programmatic agreement may not take effect, however, until notice and an opportunity to comment for the individual facility has been provided in accordance with the requirements of section 8 (1) through (3) of this act.

**NEW SECTION. Sec. 10.** (1) A decision by the directors of state, regional, or local agencies to approve a proposed environmental excellence program agreement, or to terminate or modify an approved environmental excellence program agreement, is subject to judicial review in superior court. For purposes of judicial review, the court may grant relief from the decision to approve or modify an environmental excellence program agreement only if it determines that the action: (a) Violates constitutional provisions; (b) exceeds the statutory authority of the agency; (c) was arbitrary and capricious; or (d) was taken without compliance with the procedures provided by this chapter. However, the decision of the director or directors shall be accorded substantial deference by the court. A decision not to enter into or modify an environmental excellence program agreement and a decision not to accept a commitment under section 9(4) of this act to comply with the terms of a programmatic environmental excellence agreement

are within the sole discretion of the directors of the state, regional, or local agencies and are not subject to review.

(2) An appeal from a decision to approve or modify a facility specific or a programmatic environmental excellence program agreement is not timely unless filed with the superior court and served on the parties to the environmental excellence program agreement within thirty days of the date on which the agreement or modification is signed by the director. For an environmental excellence program agreement or modification signed by more than one director, there is only one appeal, and the time for appeal shall run from the last date on which the agreement or modification is signed by a director.

(3) A decision to accept the commitment of a specific facility to comply with the terms of a programmatic environmental excellence program agreement, or to modify the application of an agreement to a specific facility, is subject to judicial review as described in subsection (1) of this section. An appeal is not timely unless filed with the superior court and served on the directors signing the agreement, the sponsor, and the owner or operator of the specific facility within thirty days of the date the director or directors that signed the programmatic agreement approve the owner or operator's commitment to comply with the agreement. For a programmatic environmental excellence program agreement or modification signed by more than one director, there shall be only one appeal and the time for appeal shall run from the last date on which a director approves the commitment.

(4) The issuance of permits and permit modifications is subject to review under otherwise applicable law.

(5) An appeal of a decision by a director under section 11 of this act to terminate in whole or in part a facility specific or programmatic environmental excellence program agreement is not timely unless filed with the superior court and served on the director within thirty days of the date on which notice of the termination is issued under section 11(2) of this act.

***\*NEW SECTION. Sec. 11. (1) In addition to any termination provisions contained in an environmental excellence program agreement, a director of an agency may terminate an environmental excellence program agreement in whole or in part with respect to a legal requirement administered by that agency, if the director finds: (a) That after notice and a reasonable opportunity to cure, the covered facility is in violation of a material requirement of the agreement; (b) that the facility has repeatedly violated any requirements of the agreement; (c) that the operation of the facility under the agreement has caused endangerment to public health or the environment that cannot be remedied by modification of the agreement; or (d) the facility has failed to make substantial progress in achieving the voluntary goals identified under section 6(4) of this act, and these goals are material to the overall objectives of the agreement.***

***(2) A director of an agency terminating an environmental excellence program agreement in any respect shall provide each of the parties to the***

*agreement with a written notice of that action specifying the extent to which the environmental excellence program agreement is to be terminated, the factual and legal basis for termination, and a description of the opportunity for judicial review of the decision to terminate the environmental excellence program agreement.*

*(3) If a director terminates less than the entire environmental excellence program agreement, the owner or operator of the covered facility may elect to terminate the entire agreement as it applies to the facility.*

*(4) If a director decides to terminate an environmental excellence program agreement because the facility has not been able to meet the legal requirements established under the agreement, or because operation of the facility under the agreement has caused endangerment to public health or the environment, as provided in subsection (1)(c) of this section, the director may establish in the notice of termination: (a) Practical interim requirements for the facility that are no less stringent than the legal requirements that would apply to the facility in the absence of the agreement; and (b) a practical schedule of compliance for meeting the interim requirements. The interim requirements and schedule of compliance shall be subject to judicial review under the provisions of section 10(5) of this act. The facility shall comply with the interim requirements established under this subsection after they are final and no longer subject to judicial review until applicable permits or permit modifications have been issued under section 12 of this act.*

*\*Sec. 11 was vetoed. See message at end of chapter.*

**NEW SECTION. Sec. 12.** After a termination under section 11 of this act is final and no longer subject to judicial review, the sponsor has sixty days in which to apply for any permit or approval affected by any terminated portion of the environmental excellence program agreement. An application filed during the sixty-day period shall be deemed a timely application for renewal of a permit under the terms of any applicable law. Except as provided in section 11(4) of this act, the terms and conditions of the environmental excellence program agreement and of permits issued will continue in effect until a final permit or approval is issued. If the sponsor fails to submit a timely or complete application, any affected permit or approval may be modified at any time that is consistent with applicable law.

**NEW SECTION. Sec. 13.** (1) The legal requirements contained in the environmental excellence program agreement in accordance with section 7(2) of this act are enforceable commitments of the facility covered by the agreement. Any violation of these legal requirements is subject to penalties and remedies to the same extent as the legal requirements that they superseded or replaced.

(2) The voluntary goals stated in the environmental excellence program agreement in accordance with section 7(3) of this act are voluntary commitments of the facility covered by the agreement. If the facility fails to meet these goals, it shall not be subject to any form of enforcement action, including penalties, orders, or any form of injunctive relief. The failure to make substantial progress in

meeting these goals may be a basis on which to terminate the environmental excellence program agreement under section 11 of this act.

(3) Nothing in this chapter limits the authority of an agency, the attorney general, or a prosecuting attorney to initiate an enforcement action for violation of any applicable legal requirement. However, no civil, criminal, or administrative action may be brought with respect to any legal requirement that is superseded or replaced under the terms of an environmental excellence program agreement.

(4) This chapter does not create any new authority for citizen suits, and does not alter or amend other statutory provisions authorizing citizen suits.

**NEW SECTION.** Sec. 14. An environmental excellence program agreement may contain a reduced fee schedule with respect to a program applicable to the covered facility or facilities.

***\*NEW SECTION.*** Sec. 15. *A decision to approve an environmental excellence program agreement is not subject to the requirements of the state environmental policy act, chapter 43.21C RCW, including the requirement to prepare an environmental impact statement under RCW 43.21C.031. However, the consideration of a proposed environmental excellence program agreement will integrate an assessment of environmental impacts.*

\*Sec. 15 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 16. Any state, regional, or local agency administering programs under an environmental law may adopt rules or ordinances to implement this chapter. However, it is not necessary that an agency adopt rules or ordinances in order to consider or enter into environmental excellence program agreements.

**NEW SECTION.** Sec. 17. The director of the department of ecology shall appoint an advisory committee to review the effectiveness of the environmental excellence program agreement program and to make a recommendation to the legislature concerning the continuation, termination, or modification of the program. The committee also may make recommendations it considers appropriate for revision of any regulatory program that is affected by an environmental excellence program agreement. The committee shall be composed of one representative each from two state agencies, two representatives of the regulated community, and two representatives of environmental organizations or other public interest groups. The committee must submit a report and its recommendation to the legislature not later than October 31, 2001. The department of ecology shall provide the advisory committee with such support as they may require.

**NEW SECTION.** Sec. 18. (1) Agencies authorized to enter into environmental excellence program agreements may assess and collect a fee to recover the costs of processing environmental excellence program agreement proposals. The amount of the fee may not exceed the direct and indirect costs of processing the environmental excellence program agreement proposal. Processing includes, but is not limited to: Working with the sponsor to develop the agreement, meeting with stakeholder groups, conducting public meetings and hearings,

preparing a record of the decision to enter into or modify an agreement, and defending any appeal from a decision to enter into or modify an agreement. Fees also may include, to the extent specified by the agreement, the agencies' direct costs of monitoring compliance with those specific terms of an agreement not covered by permits issued to the participating facility.

(2) Agencies assessing fees may graduate the initial fees for processing an environmental excellence program agreement proposal to account for the size of the sponsor and to make the environmental excellence program agreement program more available to small businesses. An agency may exercise its discretion to waive all or any part of the fees.

(3) Sponsors may voluntarily contribute funds to the administration of an agency's environmental excellence program agreement program.

**NEW SECTION.** Sec. 19. The authority of a director to enter into a new environmental excellence program agreement program shall be terminated June 30, 2002. Environmental excellence program agreements entered into before June 30, 2002, shall remain in force and effect subject to the provisions of this chapter.

**NEW SECTION.** Sec. 20. A new section is added to chapter 43.21A RCW to read as follows:

*\*Sec. 31. RCW 90.54.020 and 1989 c 348 s 1 are each amended to read as follows:*

*Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:*

*(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.*

*(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.*

*(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:*

*(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.*

*(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:*

(i) *The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and*

(ii) *The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.*

(4) *Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.*

(5) *Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.*

(6) *Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency and conservation shall be emphasized in the management of the state's water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state.*

(7) *Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.*

(8) *Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.*

(9) *Expressions of the public interest will be sought at all stages of water planning and allocation discussions.*

(10) *Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.*

(11) *Notwithstanding any other provision of law, any legal requirement under subsection (3)(b) of this section is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43,-- RCW (sections 2 through 19 of this act).*

\*Sec. 31 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 32. The environmental excellence account is hereby created in the state treasury. All fees and voluntary contributions collected by state agencies under section 18 of this act shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes consistent with the environmental excellence program created under sections 2 through 19 of this act. Moneys in the

account may be appropriated to each agency in an amount equal to the amount each agency collects and deposits into the account.

**NEW SECTION. Sec. 33.** Sections 2 through 19 of this act constitute a new chapter in Title 43 RCW.

Passed the House April 22, 1997.

Passed the Senate April 18, 1997.

Approved by the Governor May 15, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 15, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 11, 15, and 31, Engrossed Second Substitute House Bill No. 1866 entitled:

"AN ACT Relating to the establishment of voluntary programs creating environmental excellence program agreements;"

Since I assumed office, I have emphasized the importance of effective and efficient government. The two Executive Orders that I have signed dealt with improving government service by working smarter and finding ways to reduce costs.

One element of better performance is a willingness to be innovative and creative in the pursuit of objectives. Engrossed Second Substitute House Bill No. 1866 reflects just such an approach. It promotes a more efficient and results-oriented regulatory system for state, local and regional agencies that administer a host of environmental and resource protection laws. The bill allows agencies - after careful consultation with all affected stakeholders - to sign agreements with those they regulate that contain conditions different from those that would be imposed under existing statutes.

I am well aware that there is concern about this legislation and that it is perceived to hold the potential for our losing ground in our decades-long effort to protect Washington's precious environment. However, I think there is substantial merit in this bill as adopted by the 1997 Legislature. I am well aware of the tremendous effort that went into amending it throughout the session to accommodate many of the concerns expressed about the early versions.

At the same time as I act on this bill, I am charging the director of the Department of Ecology with the difficult task of rebuilding some of the trust that may have been lost during the course of the debate over House Bill No. 1866. I have tremendous confidence in his ability to bring together parties with strongly felt opposing views, and seek common ground. I have asked the Director and his staff to initiate a process of developing guidance for implementation of the Environmental Excellence Program - guidance that can fill some gaps in the legislation and help create confidence that the bill will not become a path toward lower standards of resource protection.

While I have signed the majority of Engrossed Second Substitute House Bill No. 1866, there are three provisions that necessitate a veto. These are sections 11, 15, and 31.

Section 11 addresses termination of Environmental Excellence Program Agreements. It specifies that one of the bases for such termination decisions is that "the operation of the facility under the agreement has caused endangerment to public health or the environment that cannot be remedied by modification of the agreement...." It then goes on to state that if an Agreement is terminated, the regulatory agency can impose interim requirements no less stringent than those which would apply in the absence of an agreement. However, the facility is not obligated to comply with these interim requirements until they have exhausted all judicial review.

This is simply unacceptable. If the operation of a facility is endangering the public health or our environment, it cannot be allowed to continue unchecked while an agency tries to modify the agreement to remedy the problem, terminates the agreement and responds to possibly years of legal challenges. A provision must be made for imposing alternate regulatory requirements on a much shorter timetable than specified in section 11.

This is one of the issues I have asked Director Fitzsimmons to explore in developing guidance for this program.

Section 15 exempts Environmental Excellence Program Agreements from the State Environmental Policy Act. SEPA allows the public and decision-makers to become aware of the environmental consequences of their decisions and to look at alternate ways of achieving the same objective. If Agreements under this statute are to achieve equal or better environmental performance, nothing that would be revealed through the SEPA process should hamper completion of an agreement. The added opportunity for public consultation should assuage some of the fears expressed that agencies and project sponsors will reach decisions without adequate consideration of the concerns of neighbors, employees, or citizen groups.

Section 31 amends the 1971 Water Resources Act. For 26 years, Washington has had one of the strongest laws in the nation to prevent degradation of our water quality. Under this law, no discharges into state waters are allowed if they would reduce existing water quality. This seems a minimal standard to impose on any waste discharger. But section 31 would allow an Environmental Excellence Program Agreement to supersede this requirement. This is unacceptable and unnecessary in light of section 3 of the bill. Under that section, every agreement to be signed must produce results equal to or better than what would be produced under current standards and requirements. Thus, no agreement could ever arise that would result in a degradation of the state's water quality. For this reason, I have vetoed section 31.

I have today sent a letter to the Director of the Department of Ecology spelling out the issues and approach to be used in developing guidance for implementing Engrossed Second Substitute House Bill No. 1866. This should address many of the concerns that have been raised by opponents of the bill without undermining its objectives.

I emphasize to all those who have been involved with this legislation that it is a 5-year trial. No new agreements can be made after July 2002 unless the Legislature extends the program. Thus we have a window of opportunity to change the way we do business and to demonstrate that new ways are not necessarily worse than the old ways. I urge those on all sides to keep in mind a shared objective of environmental excellence for all of Washington's citizens in a healthy economic climate where business and government operate with the greatest possible efficiency.

For these reasons, I have vetoed sections 11, 15, and 31 of Engrossed Second Substitute House Bill No. 1866.

With the exception of sections 11, 15, and 31, I am approving Engrossed Second Substitute House Bill No. 1866."

[Substitute House Bill 2083]

### MASTER PLANNED RESORTS—AUTHORIZATION OF EXISTING RESORTS— ALLOCATION OF POPULATION PROJECTIONS

AN ACT Relating to authorized uses for master planned resorts; and adding a new section to chapter 36.70A RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:

Counties that are required or choose to plan under RCW 36.70A.040 may include existing resorts as master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. An existing resort means a resort in existence on July 1, 1990, and developed, in whole or in part, as a significantly self-contained and integrated development that includes short-term

visitor accommodations associated with a range of indoor and outdoor recreational facilities within the property boundaries in a setting of significant natural amenities. An existing resort may include other permanent residential uses, conference facilities, and commercial activities supporting the resort, but only if these other uses are integrated into and consistent with the on-site recreational nature of the resort.

An existing resort may be authorized by a county only if:

(1) The comprehensive plan specifically identifies policies to guide the development of the existing resort;

(2) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the existing resort, except in areas otherwise designated for urban growth under RCW 36.70A.110 and 36.70A.360(1);

(3) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the existing resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forest land or agricultural land under RCW 36.70A.170;

(4) The county finds that the resort plan is consistent with the development regulations established for critical areas; and

(5) On-site and off-site infrastructure impacts are fully considered and mitigated.

A county may allocate a portion of its twenty-year population projection, prepared by the office of financial management, to the master planned resort corresponding to the projected number of permanent residents within the master planned resort.

**NEW SECTION.** Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.

Passed the Senate April 8, 1997.

Passed the House April 22, 1997.

Approved by the Governor May 15, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 15, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 2, Substitute Senate Bill No. 5175 entitled:

"AN ACT Relating to business and occupation tax on the handling of hay, alfalfa, and seed;"

Substitute Senate Bill No. 5175 provides that cubing of hay or alfalfa is a processing activity not a manufacturing activity for tax purposes, wherever it is performed. The bill also lowers the business and occupations (B&O) tax rate to 0.11% for hay and alfalfa cubing and seed conditioning.

I have vetoed section 2 which pertains to the B&O tax rate reductions for the sales of a broad variety of conditioned seeds, not for commercial use and for the in-state sales of cubed hay and alfalfa. I support the lower tax rate on conditioned seeds for agricultural use but not the expanded uses found in section 2. I also support the tax reduction for cubed hay and alfalfa sold outside our state. By vetoing section 2, I have returned the bill to the original intent of the Department of Revenue request legislation.

For these reasons, I have vetoed section 2 of Substitute Senate Bill No. 5175.

With the exception of section 2, Substitute Senate Bill No. 5175 is approved."

[Second Substitute Senate Bill 5442]

### EXPEDITING REPAIRS DURING FLOODING EMERGENCIES

AN ACT Relating to flood damage reduction; and amending RCW 75.20.100.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 75.20.100 and 1993 sp.s. c 2 s 30 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the ~~((written))~~ approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld.

(2)(a) Except as provided in RCW 75.20.1001 ~~((and 75.20.1002))~~, the department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if ~~((+))~~;

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;  
 ((2)) (ii) The site is physically inaccessible for inspection; or  
 ((3)) (iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (6)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5) If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained ((written)) approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor.

If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

~~((For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.~~

~~The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.))~~

(6)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 75.20.103, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(7) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(8) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW

84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

(9) For the purposes of this section and RCW 75.20.103, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(10) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

Passed the Senate April 23, 1997.

Passed the House April 9, 1997.

Approved by the Governor May 15, 1997.

Filed in Office of Secretary of State May 15, 1997.

The social worker V employees shall be assigned by the secretary to regions where the average child protective services' caseloads exceed the state-wide average, with consideration also given to the number of high-risk or complex cases in a region, for the purpose of assisting in the reduction of the caseload, training and mentoring other caseworkers, and providing hands-on training and assistance in high-risk, complex, or large cases. The social worker V employees shall be assigned high-risk and complex cases consistent with their qualifications and the goal of caseload reduction. They shall carry no more than one-third the average number of cases for social workers in the region to which they are assigned.*

*The social worker V employees shall be assigned to region as a task force consisting of no less than seven employees. The assignment shall be time-limited and in no event shall exceed two years in duration in any one region. The department shall begin implementation of the plan beginning April 1, 1998. The department shall perform the duties assigned under sections 3 through 5 of this act and RCW 41.06.076 within existing personnel resources.

**\*NEW SECTION.** Sec. 6. A new section is added to chapter 43.20A RCW to read as follows:

*Sections 2 through 5 of this act expire June 30, 2005.*

\*Sec. 6 was vetoed. See message at end of chapter.

Sec. 7. RCW 13.34.030 and 1995 c 311 s 23 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years.

(2) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree or guardianship order is entered, or the dependency is dismissed, whichever occurs soonest. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.

(3) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.

(4) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent,

guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development((~~or~~

~~—(d) Who has a developmental disability, as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist).~~

(5) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(6) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(7) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(8) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(9) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services capable of preventing the need for out-of-home placement while protecting the child.

**\*Sec. 8. RCW 13.34.130 and 1995 c 313 s 2, 1995 c 311 s 19, and 1995 c 53 s 1 are each reenacted and amended to read as follows:**

***If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been***

*held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.*

*(1) The court shall order one of the following dispositions of the case:*

*(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.*

*(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(4)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:*

*(i) There is no parent or guardian available to care for such child;*

*(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;*

*(iii) The court finds, by clear and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or*

*(iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.*

*(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds it is*

*recommended by the supervising agency, that it is in the best interests of the child and that it is not reasonable to provide further services to reunify the family because the existence of aggravated circumstances make it unlikely that services will effectuate the return of the child to the child's parents in the near future. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:*

*(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;*

*(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;*

*(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;*

*(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;*

*(e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;*

*(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.*

*(3) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:*

*(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.*

*(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the*

*agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.*

*(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.*

*(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.*

*(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.*

*(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.*

*(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.*

*(4) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.*

*(5) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.*

*(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.*

*(b) If the child is not returned home, the court shall establish in writing:*

*(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;*

*(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;*

*(iii) Whether there is a continuing need for placement and whether the placement is appropriate;*

*(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;*

*(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;*

*(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;*

*(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and*

*(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.*

*(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.*

*\*Sec. 8 was vetoed. See message at end of chapter.*

**NEW SECTION.** Sec. 9. As used in this chapter, "alternative response system" means voluntary family-centered services that are: (1) Provided by an entity with which the department contracts; and (2) intended to increase the strengths and cohesiveness of families that the department determines present a low risk of child abuse or neglect.

**NEW SECTION.** Sec. 10. (1) The department shall contract for delivery of services for at least two but not more than three models of alternative response

systems. The services shall be reasonably available throughout the state but need not be sited in every county in the state, subject to such conditions and limitations as may be specified in the omnibus appropriations act.

(2) The systems shall provide delivery of services in the least intrusive manner reasonably likely to achieve improved family cohesiveness, prevention of rereferrals of the family for alleged abuse or neglect, and improvement in the health and safety of children.

(3) The department shall identify and prioritize risk and protective factors associated with the type of abuse or neglect referrals that are appropriate for services delivered by alternative response systems. Contractors who provide services through an alternative response system shall use the factors in determining which services to deliver, consistent with the provisions of subsection (2) of this section.

(4) Consistent with the provisions of chapter 26.44 RCW, the providers of services under the alternative response system shall recognize the due process rights of families that receive such services and recognize that these services are not intended to be investigative for purposes of chapter 13.34 RCW.

**NEW SECTION.** **Sec. 11.** The department shall identify appropriate data to determine and evaluate outcomes of the services delivered by the alternative response systems. All contracts for delivery of alternative response system services shall include provisions and funding for data collection.

**NEW SECTION.** **Sec. 12.** (1) The court may, upon the entry of an order under this chapter, order the delivery of services through any appropriate public or private provider.

(2) This section may not be construed as allowing the court to require the department to pay for the cost of any services provided under this section.

**NEW SECTION.** **Sec. 13.** This chapter expires July 1, 2005.

***\*NEW SECTION. Sec. 14. The legislature intends to consolidate all services provided to children with developmental disabilities through the department of social and health services in the division of developmental disabilities. The legislature also intends to provide a discrete, separate process for children with developmental disabilities who require home-based or out-of-home care that complies with the federal requirements for receipt of federal funds for services under Title IV-B and Title IV-E of the social security act. The legislature intends by this act to minimize the embarrassment and inconvenience of children with developmental disabilities and their families caused by complying with these federal requirements.***

**\*Sec. 14 was vetoed. See message at end of chapter.**

**NEW SECTION.** **Sec. 15.** A new section is added to chapter 74.13 RCW to read as follows:

As used in this chapter, "developmentally disabled dependent child" is a child who has a developmental disability as defined in RCW 71A.10.020 and whose

parent, guardian, or legal custodian and with the department mutually agree that services appropriate to the child's needs can not be provided in the home.

**NEW SECTION.** Sec. 16. A new section is added to chapter 74.13 RCW to read as follows:

It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child's developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

As used in this section, "voluntary placement agreement" means a written agreement between the department and a child's parent or legal guardian authorizing the department to place the child in a licensed facility. Under the terms of this agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child's placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child's parent or legal guardian and the department to be in effect, except that an agreement regarding an Indian child shall not be valid unless executed in writing before the court and filed with the court as provided in RCW 13.34.245. Any party to a voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child's parent or legal guardian unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130.

As used in this section, "out-of-home placement" and "out-of-home care" mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.

Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child's placement and care. The department shall develop a permanency plan of care for the child no later than sixty days from the date that the department assumes responsibility for the child's placement and care. Within the first one hundred eighty days of the placement, the department shall obtain a judicial determination pursuant to RCW 13.04.030(1)(j) and section 19 of this act that the placement is in the best interests of the child. The permanency planning hearings shall review whether the child's best interests are served by continued out-of-home placement and determine the future legal status of the child.

The department shall provide for periodic administrative reviews as required by federal law. A review may be called at any time by either the department, the parent, or the legal guardian.

Nothing in this section shall prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030.

The department shall adopt rules providing for the implementation of this act and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under this chapter.

**See. 17.** RCW 13.04.030 and 1995 c 312 s 39 and 1995 c 311 s 15 are each reenacted and amended to read as follows:

(1) Except as provided in subsection (2) of this section, the juvenile courts in the several counties of this state(;) shall have exclusive original jurisdiction over all proceedings:

(a) Under the interstate compact on placement of children as provided in chapter 26.34 RCW;

(b) Relating to children alleged or found to be dependent as provided in chapter 26.44 RCW and in RCW 13.34.030 through 13.34.170;

(c) Relating to the termination of a parent and child relationship as provided in RCW 13.34.180 through 13.34.210;

(d) To approve or disapprove out-of-home placement as provided in RCW 13.32A.170;

(e) Relating to juveniles alleged or found to have committed offenses, traffic infractions, or violations as provided in RCW 13.40.020 through 13.40.230, unless:

(i) The juvenile court transfers jurisdiction of a particular juvenile to adult criminal court pursuant to RCW 13.40.110; or

(ii) The statute of limitations applicable to adult prosecution for the offense, traffic infraction, or violation has expired; or

(iii) The alleged offense or infraction is a traffic, fish, boating, or game offense or traffic infraction committed by a juvenile sixteen years of age or older and would, if committed by an adult, be tried or heard in a court of limited jurisdiction, in which instance the appropriate court of limited jurisdiction shall have jurisdiction over the alleged offense or infraction: **PROVIDED**, That if such an alleged offense or infraction and an alleged offense or infraction subject to juvenile court jurisdiction arise out of the same event or incident, the juvenile court may have jurisdiction of both matters: **PROVIDED FURTHER**, That the jurisdiction under this subsection does not constitute "transfer" or a "decline" for purposes of RCW 13.40.110(1) or (e)(i) of this subsection: **PROVIDED FURTHER**, That courts of limited jurisdiction which confine juveniles for an alleged offense or infraction may place juveniles in juvenile detention facilities under an agreement with the officials responsible for the administration of the juvenile detention facility in RCW 13.04.035 and 13.20.060; or

(iv) The juvenile is sixteen or seventeen years old and the alleged offense is: (A) A serious violent offense as defined in RCW 9.94A.030 committed on or after June 13, 1994; or (B) a violent offense as defined in RCW 9.94A.030 committed on or after June 13, 1994, and the juvenile has a criminal history consisting of: (I) One or more prior serious violent offenses; (II) two or more prior violent offenses; or (III) three or more of any combination of the following offenses: Any class A felony, any class B felony, vehicular assault, or manslaughter in the second degree, all of which must have been committed after the juvenile's thirteenth birthday and prosecuted separately. In such a case the adult criminal court shall have exclusive original jurisdiction.

If the juvenile challenges the state's determination of the juvenile's criminal history, the state may establish the offender's criminal history by a preponderance of the evidence. If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the diveree has attained eighteen years of age;

(h) Relating to court validation of a voluntary consent to an out-of-home placement under chapter 13.34 RCW, by the parent or Indian custodian of an Indian child, except if the parent or Indian custodian and child are residents of or domiciled within the boundaries of a federally recognized Indian reservation over which the tribe exercises exclusive jurisdiction; ~~((and))~~

(i) Relating to petitions to compel disclosure of information filed by the department of social and health services pursuant to RCW 74.13.042; and

(j) Relating to judicial determinations and permanency planning hearings involving developmentally disabled children who have been placed in out-of-home care pursuant to a voluntary placement agreement between the child's parent, guardian, or legal custodian and the department of social and health services.

(2) The family court shall have concurrent original jurisdiction with the juvenile court over all proceedings under this section if the superior court judges of a county authorize concurrent jurisdiction as provided in RCW 26.12.010.

(3) A juvenile subject to adult superior court jurisdiction under subsection (1)(e) (i) through (iv) of this section, who is detained pending trial, may be detained in a county detention facility as defined in RCW 13.40.020 pending sentencing or a dismissal.

**Sec. 18.** RCW 13.34.245 and 1987 c 170 s 2 are each amended to read as follows:

(1) Where any parent or Indian custodian voluntarily consents to foster care placement of an Indian child and a petition for dependency has not been filed regarding the child, such consent shall not be valid unless executed in writing before the court and filed with the court. The consent shall be accompanied by the

written certification of the court that the terms and consequences of the consent were fully explained in detail to the parent or Indian custodian during the court proceeding and were fully understood by the parent or Indian custodian. The court shall also certify in writing either that the parent or Indian custodian fully understood the explanation in English or that it was interpreted into a language that the parent or Indian custodian understood. Any consent given prior to, or within ten days after, the birth of the Indian child shall not be valid.

(2) To obtain court validation of a voluntary consent to foster care placement, any person may file a petition for validation alleging that there is located or residing within the county an Indian child whose parent or Indian custodian wishes to voluntarily consent to foster care placement of the child and requesting that the court validate the consent as provided in this section. The petition shall contain the name, date of birth, and residence of the child, the names and residences of the consenting parent or Indian custodian, and the name and location of the Indian tribe in which the child is a member or eligible for membership. The petition shall state whether the placement preferences of 25 U.S.C. Sec. 1915 (b) or (c) will be followed. Reasonable attempts shall be made by the petitioner to ascertain and set forth in the petition the identity, location, and custodial status of any parent or Indian custodian who has not consented to foster care placement and why that parent or Indian custodian cannot assume custody of the child.

(3) Upon filing of the petition for validation, the clerk of the court shall schedule the petition for a hearing on the court validation of the voluntary consent no later than forty-eight hours after the petition has been filed, excluding Saturdays, Sundays, and holidays. Notification of time, date, location, and purpose of the validation hearing shall be provided as soon as possible to the consenting parent or Indian custodian, the department or other child-placing agency which is to assume ~~((custody of the child))~~ responsibility for the child's placement and care pursuant to the consent to foster care placement, and the Indian tribe in which the child is enrolled or eligible for enrollment as a member. If the identity and location of any nonconsenting parent or Indian custodian is known, reasonable attempts shall be made to notify the parent or Indian custodian of the consent to placement and the validation hearing. Notification under this subsection may be given by the most expedient means, including, but not limited to, mail, personal service, telephone, and telegraph.

(4) Any parent or Indian custodian may withdraw consent to a voluntary foster care placement, made under this section, at any time. Unless the Indian child has been taken in custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130, the Indian child shall be returned to the parent or Indian custodian upon withdrawal of consent to foster care placement of the child.

(5) Upon termination of the voluntary foster care placement and return of the child to the parent or Indian custodian, the department or other child-placing agency which had assumed ~~((custody of the child))~~ responsibility for the child's

placement and care pursuant to the consent to foster care placement shall file with the court written notification of the child's return and shall also send such notification to the Indian tribe in which the child is enrolled or eligible for enrollment as a member and to any other party to the validation proceeding including any noncustodial parent.

**NEW SECTION.** Sec. 19. A new section is added to chapter 13.34 RCW to read as follows:

(1) Whenever the department of social and health services places a developmentally disabled child in out-of-home care pursuant to section 16 of this act, the department shall obtain a judicial determination within one hundred eighty days of the placement that continued placement is in the best interests of the child.

(2) To obtain the judicial determination, the department shall file a petition alleging that there is located or residing within the county a child who has a developmental disability, as defined in RCW 71A.10.020, and that the child has been placed in out-of-home care pursuant to section 16 of this act. The petition shall request that the court review the child's placement, make a determination that continued placement is in the best interests of the child, and take other necessary action as provided in this section. The petition shall contain the name, date of birth, and residence of the child and the names and residences of the child's parent or legal guardian who has agreed to the child's placement in out-of-home care. Reasonable attempts shall be made by the department to ascertain and set forth in the petition the identity, location, and custodial status of any parent who is not a party to the placement agreement and why that parent cannot assume custody of the child.

(3) Upon filing of the petition, the clerk of the court shall schedule the petition for a hearing to be held no later than fourteen calendar days after the petition has been filed. The department shall provide notification of the time, date, and purpose of the hearing to the parent or legal guardian who has agreed to the child's placement in out-of-home care. The department shall also make reasonable attempts to notify any parent who is not a party to the placement agreement, if the parent's identity and location is known. Notification under this section may be given by the most expedient means, including but not limited to, mail, personal service, telephone, and telegraph.

(4) The court shall appoint a guardian ad litem for the child as provided in RCW 13.34.100, unless the court for good cause finds the appointment unnecessary.

(5) Permanency planning hearings shall be held as provided in this subsection. At the hearing, the court shall review whether the child's best interests are served by continued out-of-home placement and determine the future legal status of the child.

(a) For children age ten and under, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree or guardianship order has not previously been

entered. The hearing shall take place no later than twelve months following commencement of the child's current placement episode.

(b) For children over age ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree or guardianship order has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.

(c) No later than ten working days before the permanency planning hearing, the department shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties. The plan shall be directed toward securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent or legal guardian; adoption; guardianship; or long-term out-of-home care, until the child is age eighteen, with a written agreement between the parties and the child's care provider.

(d) If a goal of long-term out-of-home care has been achieved before the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remains appropriate. In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal.

(e) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the voluntary placement agreement is terminated.

(6) Any party to the voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child's parent or legal guardian, unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130. The department shall notify the court upon termination of the voluntary placement agreement and return of the child to the care of the child's parent or legal guardian. Whenever a voluntary placement agreement is terminated, an action under this section shall be dismissed.

(7) This section does not prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030. An action filed under this section shall be dismissed upon the filing of a dependency petition regarding a child who is the subject of the action under this section.

(b) If the information or record has been obtained by a juvenile justice or care agency in connection with the provision of counseling, psychological, psychiatric, or medical services to the juvenile, when the services have been sought voluntarily by the juvenile, and the juvenile has a legal right to receive those services without the consent of any person or agency, then the information or record may not be disclosed to the juvenile's parents without the informed consent of the juvenile unless otherwise authorized by law; or

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk

factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the legislature on the effectiveness of the risk assessment process.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

The department, each law enforcement agency, each county prosecuting attorney, each city attorney, and each court shall make as soon as practicable a written record and shall maintain records of all incidents of suspected child abuse reported to that person or agency. (1) In any judicial proceeding under this chapter or chapter 13.34 RCW in which it is alleged that a child has been subjected to child abuse or neglect, the court shall appoint a guardian ad litem for the child as provided in chapter 13.34 RCW. The requirement of a guardian ad litem may be deemed satisfied if the child is represented by counsel in the proceedings.

(2) At any time prior to or during a hearing in such a case, the court may, on its own motion, or the motion of the guardian ad litem, or other parties, order the examination by a physician, psychologist, or psychiatrist, of any parent or child or other person having custody of the child at the time of the alleged child abuse or neglect, if the court finds such an examination is necessary to the proper determination of the case. The hearing may be continued pending the completion of such examination. The physician, psychologist, or psychiatrist conducting such an examination may be required to testify concerning the results of such examination and may be asked to give his or her opinion as to whether the protection of the child requires that he or she not be returned to the custody of his or her parents or other persons having custody of him or her at the time of the alleged child abuse or neglect. Persons so testifying shall be subject to cross-examination as are other witnesses. No information given at any such examination of the parent or any other person having custody of the child may be used against such person in any subsequent criminal proceedings against such person or custodian concerning the alleged abuse or neglect of the child.

(3) A parent or other person having legal custody of a child alleged to be abused or neglected shall be a party to any proceeding that may impair or impede such person's interest in and custody or control of the child.

(1)(a) Except as provided in (b) of this subsection, any person participating in good faith in the making of a report pursuant to this chapter or testifying as to alleged child abuse or neglect in a judicial proceeding shall in so doing be immune from any liability arising out of such reporting or testifying under any law of this state or its political subdivisions.

(b) A person convicted of a violation of subsection (4) of this section shall not be immune from liability under (a) of this subsection.

(2) An administrator of a hospital or similar institution or any physician licensed pursuant to chapters 18.71 or 18.57 RCW taking a child into custody pursuant to RCW 26.44.056 shall not be subject to criminal or civil liability for such taking into custody.

(3) Conduct conforming with the reporting requirements of this chapter shall not be deemed a violation of the confidential communication privilege of RCW 5.60.060 (3) and (4), 18.53.200 and 18.83.110. Nothing in this chapter shall be construed as to supersede or abridge remedies provided in chapter 4.92 RCW.

(4) A person who, intentionally and in bad faith or maliciously, knowingly makes a false report of alleged abuse or neglect shall be guilty of a misdemeanor punishable in accordance with RCW 9A.20.021.

The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. (g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.060 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an

agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

The making of permissive reports as allowed in RCW 74.34.030 does not create any duty to report and no civil liability shall attach for any failure to make a permissive report under RCW 74.34.030.

(2) Conduct conforming with the reporting and testifying provisions of this chapter shall not be deemed a violation of any confidential communication privilege. Nothing in this chapter shall be construed as superseding or abridging remedies provided in chapter 4.92 RCW.

*(2) At all stages of a proceeding in which a child is alleged to be dependent pursuant to RCW 13.34.030((2)) (6), the child's parent, guardian, or legal custodian has the right to be represented by counsel, and if indigent, to have counsel appointed for him or her by the court. Unless waived in court, counsel shall be provided to the child's parent, guardian, or legal custodian, if such person (a) has appeared in the proceeding or requested the court to appoint counsel and (b) is financially unable to obtain counsel because of indigency as defined in chapter 10.101 RCW.*

*(3) If a party to an action under this chapter is represented by counsel, no order shall be provided to that party for his or her signature without prior notice and provision of the order to counsel.*

*(4) Copies of department of social and health services or supervising agency records to which parents have legal access pursuant to chapter 13.50 RCW shall be given to the child's parent, guardian, legal custodian, or his or her legal counsel, within twenty days after the department or supervising agency receives a written request for such records from the parent, guardian, legal custodian, or his or her legal counsel. *(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child's cultural heritage, and shall be made available to the court. The court shall consider the social file, social study, guardian ad litem report, the court-appointed special advocate's report, if any, and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency's social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency's plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or*

*signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.*

*(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(~~((4))~~) (6) (b) or (c) shall contain the following information:*

*(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent-child attachment and the meaning of separation and loss to both the parents and the child;*

*(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and*

*(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.*

*\*Sec. 37 was vetoed. See message at end of chapter.*

*\*Sec. 38. RCW 13.34.180 and 1993 c 412 s 2 and 1993 c 358 s 3 are each reenacted and amended to read as follows:*

*A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(8), and shall allege:*

*(1) That the child has been found to be a dependent child under RCW 13.34.030(~~((2))~~) (6); and*

*(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and*

*(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(((2))) (6); and*

*(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and*

*(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:*

*(a) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or*

*(b) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and*

*(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home; or*

*(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.*

*A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been offered or provided.*

*Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:*

(18) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard ~~((the general welfare of))~~ such children ~~((and shall include))~~ from future abuse and neglect, and conduct investigations of child abuse and neglect reports~~((; including reports regarding child care centers and family child care homes, and the development, management, and provision of or))~~. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions which endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether

protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(19) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in wilful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a wilful disregard of social duty.

(20) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a "sexually aggressive youth."

**\*NEW SECTION.** *Sec. 46. A new section is added to chapter 43.20A RCW to read as follows:*

*(1) Notwithstanding the provisions of RCW 26.44.020 and chapter 74.13 RCW, the secretary may exercise his or her discretion to permit employees of the department to provide child protective services and child welfare services under the following circumstances:*

*(a) The number of employees in an office or the location of an office makes it administratively impractical to require a strict segregation between the delivery of both types of services; or*

*(b) There are exceptional circumstances, including such things as a disproportionately large number of vacant positions in an office; or*

*(2) The changes required to implement RCW 26.44.020 and this section shall not be made until the expiration of any collective bargaining agreement in effect on the effective date of this section, unless the parties to the agreement determine such changes can be made before that time.*

*\*Sec. 46 was vetoed. See message at end of chapter.*

**NEW SECTION.** *Sec. 47. A new section is added to chapter 43.20A RCW to read as follows:*

The department shall prepare an annual quality assurance report that shall include but is not limited to: (1) Performance outcomes regarding health and safety of children in the children's services system; (2) children's length of stay in out-of-home placement from each date of referral; (3) adherence to permanency planning timelines; and (4) the response time on child protective services investigations differentiated by risk level determined at intake. The report shall be provided to the governor and legislature not later than July 1.

**NEW SECTION.** *Sec. 48. A new section is added to chapter 26.44 RCW to read as follows:*

(1) When, as a result of a report of alleged child abuse or neglect, an investigation is made that includes an in-person contact with the person who is alleged to have committed the abuse or neglect, there shall be a determination of whether it is probable that the use of alcohol or controlled substances is a contributing factor to the alleged abuse or neglect.

(2) The department shall provide appropriate training for persons who conduct the investigations under subsection (1) of this section. The training shall include methods of identifying indicators of abuse of alcohol or controlled substances.

(3) If a determination is made under subsection (1) of this section that there is probable cause to believe abuse of alcohol or controlled substances has contributed to the child abuse or neglect, the department shall, within available funds, cause a comprehensive chemical dependency evaluation to be made of the person or persons so identified. The evaluation shall be conducted by a physician or persons certified under rules adopted by the department to make such evaluation. The department shall perform the duties assigned under this section within existing personnel resources.

**NEW SECTION. Sec. 49.** The legislature finds that the placement of children and youth in state-operated or state-funded residential facilities must be done in such a manner as to protect children who are vulnerable to sexual victimization from youth who are sexually aggressive. To achieve this purpose, the legislature intends the department of social and health services to develop a policy for assessing sexual aggressiveness and vulnerability to sexual victimization of children and youth who are placed in state-operated or state-funded residential facilities.

**NEW SECTION. Sec. 50.** A new section is added to chapter 13.40 RCW to read as follows:

(1) The department shall implement a policy for protecting youth committed to state-operated or state-funded residential facilities under this chapter who are vulnerable to sexual victimization by other youth committed to those facilities who are sexually aggressive. The policy shall include, at a minimum, the following elements:

(a) Development and use of an assessment process for identifying youth, within thirty days of commitment to the department, who present a moderate or high risk of sexually aggressive behavior for the purposes of this section. The assessment process need not require that every youth who is adjudicated or convicted of a sex offense as defined in RCW 9.94A.030 be determined to be sexually aggressive, nor shall a sex offense adjudication or conviction be required in order to determine a youth is sexually aggressive. Instead, the assessment process shall consider the individual circumstances of the youth, including his or her age, physical size, sexual abuse history, mental and emotional condition, and other factors relevant to sexual aggressiveness. The definition of "sexually aggressive youth" in RCW 74.13.075 does not apply to this section to the extent that it conflicts with this section;

(b) Development and use of an assessment process for identifying youth, within thirty days of commitment to the department, who may be vulnerable to victimization by youth identified under (a) of this subsection as presenting a moderate or high risk of sexually aggressive behavior. The assessment process shall consider the individual circumstances of the youth, including his or her age,

physical size, sexual abuse history, mental and emotional condition, and other factors relevant to vulnerability;

(c) Development and use of placement criteria to avoid assigning youth who present a moderate or high risk of sexually aggressive behavior to the same sleeping quarters as youth assessed as vulnerable to sexual victimization, except that they may be assigned to the same multiple-person sleeping quarters if those sleeping quarters are regularly monitored by visual surveillance equipment or staff checks;

(d) Development and use of procedures for minimizing, within available funds, unsupervised contact in state-operated or state-funded residential facilities between youth presenting moderate to high risk of sexually aggressive behavior and youth assessed as vulnerable to sexual victimization. The procedures shall include taking reasonable steps to prohibit any youth committed under this chapter who present a moderate to high risk of sexually aggressive behavior from entering any sleeping quarters other than the one to which they are assigned, unless accompanied by an authorized adult.

(2) For the purposes of this section, the following terms have the following meanings:

(a) "Sleeping quarters" means the bedrooms or other rooms within a residential facility where youth are assigned to sleep.

(b) "Unsupervised contact" means contact occurring outside the sight or hearing of a responsible adult for more than a reasonable period of time under the circumstances.

**NEW SECTION. Sec. 51.** The department of social and health services shall report to the legislature by December 1, 1997, on the following: (1) Development of the assessment process for identifying youth who present a moderate to high risk of sexually aggressive behavior for the purposes of sections 49 through 55 of this act; (2) development of the assessment process for determining when a youth may be vulnerable to victimization by youth who present a moderate to high risk of sexually aggressive behavior for the purposes of sections 49 through 55 of this act; and (3) development of the placement criteria and procedures required under section 50(1) (c) and (d) of this act.

**NEW SECTION. Sec. 52.** The policy developed under section 50 of this act shall be implemented within the juvenile rehabilitation administration by January 1, 1998.

**NEW SECTION. Sec. 53.** The department of social and health services shall provide an evaluation of the implementation of sections 49 through 55 of this act to the legislature by December 1, 1998. The evaluation shall identify: (1) The number of youth assessed as presenting a moderate to high risk of sexually aggressive behavior; (2) the number of youth assessed as being vulnerable to victimization; (3) the effectiveness of avoiding assigning youth who present a moderate or high risk of sexually aggressive behavior to the same sleeping quarters as youth assessed as being vulnerable to sexual victimization by utilizing the

assessment and placement process set forth in section 50 of this act; (4) the effectiveness of minimizing, within available funds, unsupervised contact between youth who present a moderate or high risk of sexually aggressive behavior and youth assessed as being vulnerable to sexual victimization utilizing the procedures set forth in section 50 of this act; and (5) the number of youth identified as moderate to high risk of sexually aggressive behavior who were placed in department of social and health services community residential settings during their period of parole with a youth who is not a juvenile offender and is found to be dependent under chapter 13.34 RCW or an at-risk youth or child in need of services under chapter 13.32A RCW. The department shall identify the resources necessary to provide separate placements for youth identified in this subsection and shall identify alternative administrative processes for managing the placement of these youth.

**Sec. 54.** RCW 13.40.460 and 1994 sp.s. c 7 s 516 are each amended to read as follows:

The secretary, assistant secretary, or the secretary's designee shall manage and administer the department's juvenile rehabilitation responsibilities, including but not limited to the operation of all state institutions or facilities used for juvenile rehabilitation.

The secretary or assistant secretary shall:

(1) Prepare a biennial budget request sufficient to meet the confinement and rehabilitative needs of the juvenile rehabilitation program, as forecast by the office of financial management;

(2) Create by rule a formal system for inmate classification. This classification system shall consider:

(a) Public safety;

(b) Internal security and staff safety; ~~((and))~~

(c) Rehabilitative resources both within and outside the department;

(d) An assessment of each offender's risk of sexually aggressive behavior as provided in section 50 of this act; and

(e) An assessment of each offender's vulnerability to sexually aggressive behavior as provided in section 50 of this act;

(3) Develop agreements with local jurisdictions to develop regional facilities with a variety of custody levels;

(4) Adopt rules establishing effective disciplinary policies to maintain order within institutions;

(5) Develop a comprehensive diagnostic evaluation process to be used at intake, including but not limited to evaluation for substance addiction or abuse, literacy, learning disabilities, fetal alcohol syndrome or effect, attention deficit disorder, and mental health;

(6) Develop placement criteria;

(a) To avoid assigning youth who present a moderate or high risk of sexually aggressive behavior to the same sleeping quarters as youth assessed as vulnerable to sexual victimization under section 50(1)(c) of this act; and

(b) To avoid placing a juvenile offender on parole status who has been assessed as a moderate to high risk for sexually aggressive behavior in a department community residential program with another child who is: (i) Dependent under chapter 13.34 RCW, or an at-risk youth or child in need of services under chapter 13.32A RCW; and (ii) not also a juvenile offender on parole status;

(7) Develop a plan to implement, by July 1, 1995:

(a) Substance abuse treatment programs for all state juvenile rehabilitation facilities and institutions;

(b) Vocational education and instruction programs at all state juvenile rehabilitation facilities and institutions; and

(c) An educational program to establish self-worth and responsibility in juvenile offenders. This educational program shall emphasize instruction in character-building principles such as: Respect for self, others, and authority; victim awareness; accountability; work ethics; good citizenship; and life skills; and

~~((7))~~ (8) Study, in conjunction with the superintendent of public instruction, educators, and superintendents of state facilities for juvenile offenders, the feasibility and value of consolidating within a single entity the provision of educational services to juvenile offenders committed to state facilities. The assistant secretary shall report his or her findings to the legislature by December 1, 1995.

**NEW SECTION. Sec. 55.** The policy developed under RCW 13.40.460(6)(b) shall be implemented within the juvenile rehabilitation administration and the division of children and family services by July 1, 1998.

**Sec. 56.** RCW 82.08.02915 and 1995 c 346 s 1 are each amended to read as follows:

The tax levied by RCW 82.08.020 shall not apply to sales to health or social welfare organizations, as defined in RCW 82.04.431, of items necessary for new construction of alternative housing for youth in crisis, so long as the facility will be a licensed agency under chapter 74.15 RCW, upon completion. This section shall expire July 1, ~~((1997))~~ 1999.

**Sec. 57.** RCW 82.12.02915 and 1995 c 346 s 2 are each amended to read as follows:

The provisions of this chapter shall not apply in respect to the use of any item acquired by a health or social welfare organization, as defined in RCW 82.04.431, of items necessary for new construction of alternative housing for youth in crisis, so long as the facility will be a licensed agency under chapter 74.15 RCW, upon completion. This section shall expire July 1, ~~((1997))~~ 1999.

**\*NEW SECTION.** *Sec. 58. It is the intent of section 59 of this act to protect runaway children from predatory individuals, such as drug dealers, sexual marauders, and panderers. Since it is in the interests of these individuals to keep children who have left home on the street and unlocated, this act punishes predatory individuals who provide shelter to at-risk youth as a means of preying upon them. The legislature also recognizes that preventing at-risk youth from coming into contact with these individuals is equally important to their protection. Since prevention and reconciliation can only begin once a child is located, section 59 of this act increases the incentives for individuals to report the children's whereabouts.*

*\*Sec. 58 was vetoed. See message at end of chapter.*

*\*Sec. 59. RCW 13.32A.080 and 1994 sp.s. c 7 s 507 are each amended to read as follows:*

*(1)(a) A person commits the crime of unlawful harboring of a minor if the person provides shelter to a minor without the consent of a parent of the minor and after the person knows that the minor is away from the home of the parent, without the parent's permission, and if the person intentionally:*

*(i) Fails to release the minor to a law enforcement officer after being requested to do so by the officer; or*

*(ii) Fails to disclose the location of the minor to a law enforcement officer after being requested to do so by the officer, if the person knows the location of the minor and had either taken the minor to that location or had assisted the minor in reaching that location; or*

*(iii) Obstructs a law enforcement officer from taking the minor into custody; or*

*(iv) Assists the minor in avoiding or attempting to avoid the custody of the law enforcement officer; or*

*(v) Engages the child in a crime; or*

*(vi) Engages in a clear course of conduct that demonstrates an intent to contribute to the delinquency of a minor or the involvement of a minor in a sex offense as defined in RCW 9.94A.030.*

*(b) It is a defense to a prosecution under this section that the defendant had custody of the minor pursuant to a court order.*

*(2) Harboring a minor is punishable as a gross misdemeanor.*

*(3) Any person who provides shelter to a child, absent from home, may notify the department's local community service office of the child's presence.*

*(4) An adult responsible for involving a child in the commission of an offense may be prosecuted under existing criminal statutes including, but not limited to:*

*(a) Distribution of a controlled substance to a minor, as defined in RCW 69.50.406;*

*(b) Promoting prostitution as defined in chapter 9A.88 RCW; and*

*(c) Complicity of the adult in the crime of a minor, under RCW 9A.08.020.*

\*Sec. 59 was vetoed. See message at end of chapter.

**NEW SECTION. Sec. 60.** The legislature recognizes that Indian tribes are sovereign nations and the relationship between the state and the tribe is sovereign-to-sovereign.

The federal government acknowledged the importance of including Indian tribes in child support systems established by the federal government and the states. The personal responsibility and work opportunity reconciliation act of 1996, P.L. 104-193, provides Indian tribes the option of developing their own tribal plan and tribal child support enforcement program to receive funds directly from the federal government for their own Title IV-D program similar to that of other states. The act also expressly authorizes the states and Indian tribe or tribal organization to enter into cooperative agreements to provide for the delivery of child support enforcement services.

It is the purpose of this chapter to encourage the department of social and health services, division of child support, and the Indian tribes within the state's borders to enter into cooperative agreements that will assist the state and tribal governments in carrying out their respective responsibilities. The legislature recognizes that the state and the tribes each possess resources that are sometimes distinct to that government. The legislature intends that the state and the tribes work together to make the most efficient and productive use of all resources and authorities.

Cooperative agreements will enable the state and the tribes to better provide child support services to Indian children and to establish and enforce child support obligations, orders, and judgments. Under cooperative agreements, the state and the tribes can work as partners to provide culturally relevant child support services, consistent with state and federal laws, that are based on tribal laws and customs. The legislature recognizes that the preferred method for handling cases where all or some of the parties are enrolled tribal members living on the tribal reservation is to develop an agreement so that appropriate cases are referred to the tribe to be processed in the tribal court. The legislature recognizes that cooperative agreements serve the best interests of the children.

**NEW SECTION. Sec. 61.** (1) The department of social and health services may enter into an agreement with an Indian tribe or tribal organization, which is within the state's borders and recognized by the federal government, for joint or cooperative action on child support services and child support enforcement.

(2) In determining the scope and terms of the agreement, the department and the tribe should consider, among other factors, whether the tribe has an established tribal court system with the authority to establish, modify, or enforce support orders, establish paternity, or enter support orders in accordance with child support guidelines established by the tribe.

**NEW SECTION. Sec. 62.** An agreement established under this section may, but is not required to, address the following:

(1) Recognizing the state's and tribe's authority to address child support matters with the development of a process designed to determine how tribal member cases may be handled;

(2) The authority, procedures, and guidelines for all aspects of establishing, entering, modifying, and enforcing child support orders in the tribal court and the state court;

(3) The authority, procedures, and guidelines the department and tribe will follow for the establishment of paternity;

(4) The establishment and agreement of culturally relevant factors that may be considered in child support enforcement;

(5) The authority, procedures, and guidelines for the garnishing of wages of tribal members or employees of a tribe, tribally owned enterprise, or an Indian-owned business located on the reservation;

(6) The department's and tribe's responsibilities to each other;

(7) The ability for the department and the tribe to address the fiscal responsibilities between each other;

(8) Requirements for alternative dispute resolution procedures;

(9) The necessary procedures for notice and the continual sharing of information; and

(10) The duration of the agreement, under what circumstances the parties may terminate the agreement, and the consequences of breaching the provisions in the agreement.

**NEW SECTION.** Sec. 63. The department of social and health services may adopt rules to implement this chapter.

**NEW SECTION.** Sec. 64. RCW 43.06A.040 and 1996 c 131 s 5 are each repealed.

**NEW SECTION.** Sec. 65. Sections 9 through 13 of this act constitute a new chapter in Title 74 RCW.

**NEW SECTION.** Sec. 66. Sections 60 through 63 of this act constitute a new chapter in Title 26 RCW.

**NEW SECTION.** Sec. 67. Sections 8 through 14 and 17 through 34 of this act apply only to incidents occurring on or after January 1, 1998.

**NEW SECTION.** Sec. 68. Sections 8 through 13 and 21 through 34 of this act take effect January 1, 1998.

***\*NEW SECTION.*** Sec. 69. *Sections 14 through 19 of this act take effect April 1, 1998.*

*\*Sec. 69 was vetoed. See message at end of chapter.*

***\*NEW SECTION.*** Sec. 70. *Sections 7 and 20 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 1997.*

\*Sec. 70 was vetoed. See message at end of chapter.

**NEW SECTION. Sec. 71.** Sections 56 and 57 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 1997.

Passed the Senate April 26, 1997.

Passed the House April 26, 1997.

Approved by the Governor May 15, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 15, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 2, 3, 4, 6, 8, 14, 20, 36 through 39, 46, 58, 59, 69 and 70, Engrossed Second Substitute Senate Bill No. 5710 entitled:

"AN ACT Relating to reform of social and health services;"

This legislation addresses a number of issues related to services for children and families. I support a number of the proposed measures included in this bill, including the further development of an alternative response system for families in which abuse and neglect is a matter of concern, but not yet a serious danger to the health and safety of the children.

Within the portions of E2SSB 5710 that I have signed, the bill provides the authority to create the position of "Social Worker V" in the Division of Children and Family Services ("DCFS"); further develops an alternative response system of services for families where there has been an indication of child abuse or neglect, but where the risk of danger to the children is regarded as low; provides for a voluntary placement agreement, instead of a termination of parental rights, for families of developmentally disabled children receiving intensive support services; requires the Department of Social and Health Services ("DSHS") to segregate sexually aggressive youth from other populations under the authority of Juvenile Rehabilitation Administration and DCFS; and, extends a tax credit for the construction of facilities for youth in crisis.

Sections 2, 3, 4, and 6

I support giving DSHS the flexibility to create a Social Worker V position and to undertake planning for the deployment of those workers. Sections 2, 3, 4 and 6 do not allow for the flexibility to implement these positions within already scarce resources.

Section 8

This section, relating to the placement of a child under the care of DCFS, was enacted as part of ESSB 5491, which I have already signed.

Sections 14 and 20

I am vetoing sections 14 and 20 which require a transfer of certain developmentally disabled children from DCFS to the Division of Developmental Disabilities ("DDD"). At the same time, I am directing DSHS to begin planning now for the transfer. DSHS will prepare for this transfer to take place as soon as April 1, 1998. When this transfer occurs, the quality of services provided to the developmentally disabled youngsters through DDD and to the child victims of abuse and neglect served by DCFS should both improve.

The transfer will require the provision of sufficient funds to permit DDD to develop the expertise to handle complicated out-of-home placements, and the authority to transfer funds between DSHS divisions to permit an adequate level of care for the children who will be served by DDD. I request the legislature to clearly grant DSHS the necessary budget transfer authority as soon as possible in the next legislative session, so that the transfer may occur.

Sections 36 through 39

These sections attempt to correct erroneous citations in our statutes. However, a wrong citation is stated. It is better to leave in place the current interpretations than to add to the confusion. A part of the necessary corrections were made in ESSB 5491.

Section 46

This section requires child protective services and child welfare services to be provided by different employees. I have vetoed section 46 because it does not allow DSHS the flexibility to make use of a team approach to some of their cases and would also present a problem in small, rural areas where there are a limited number of staff to perform these duties.

Sections 58 and 59

These sections relate to harboring and contributing to the delinquency of a minor. They reiterate the existing law and make no meaningful changes.

Sections 69 and 70

These sections provide effective dates of April 1, 1998 for sections 14 through 19, and July 1, 1997 for sections 7 and 20. By vetoing sections 69 and 70, and with sections 14 and 20 vetoed, sections 7 and 15 through 19 will become effective 90 days after the session. These sections are rendered unnecessary by the other section vetoes.

For these reasons I have vetoed sections 2, 3, 4, 6, 8, 14, 20, 36 through 39, 46, 58, 59, 69 and 70 of Engrossed Second Substitute Senate Bill No. 5710.

With the exception of sections 2, 3, 4, 6, 8, 14, 20, 36 through 39, 46, 58, 59, 69 and 70 Engrossed Second Substitute Senate Bill No. 5710 is approved."

Any fee agreement entered into by a governmental entity is presumptively reasonable.

(2) No debt may be assigned to a collection agency unless (a) there has been an attempt to advise the debtor (i) of the existence of the debt and (ii) that the debt may be assigned to a collection agency for collection if the debt is not paid, and (b) at least thirty days have elapsed from the time ~~((the))~~ notice was ~~((sent))~~ attempted.

(3) Collection agencies assigned debts under this section shall have only those remedies and powers which would be available to them as assignees of private creditors.

**CHAPTER 389**

[Second Substitute Senate Bill 5886]

**FISHERIES ENHANCEMENT AND HABITAT RESTORATION**

AN ACT Relating to the regional fisheries enhancement program; amending RCW 75.50.080 and 75.50.160; adding new sections to chapter 75.50 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) Currently, many of the salmon stocks on the Washington coast and in Puget Sound are severely depressed and may soon be listed under the federal endangered species act.

(b) Immediate action is needed to reverse the severe decline of this resource and ensure its very survival.

(c) The cooperation and participation of private landowners is crucial in efforts to restore and enhance salmon populations.

(d) Regional fisheries enhancement groups have been exceptionally successful in their efforts to work with private landowners to restore and enhance salmon habitat on private lands.

(e) State funding for regional fisheries enhancement groups has been declining and is a significant limitation to current fisheries enhancement and habitat restoration efforts.

(f) Therefore, a stable funding source is essential to the success of the regional enhancement groups and their efforts to work cooperatively with private landowners to restore salmon resources.

(2) The legislature further finds that:

(a) The increasing population and continued development throughout the state, and the transportation system needed to serve this growth, have exacerbated problems associated with culverts, creating barriers to fish passage.

(b) These barriers obstruct habitat and have resulted in reduced production and survival of anadromous and resident fish at a time when salmonid stocks continue to decline.

(c) Current state laws do not appropriately direct resources for the correction of fish passage obstructions related to transportation facilities.

(d) Current fish passage management efforts related to transportation projects lack necessary coordination on a watershed, regional, and state-wide basis, have inadequate funding, and fail to maximize use of available resources.

(e) Therefore, the legislature finds that the department of transportation and the department of fish and wildlife should work with state, tribal, local

government, and volunteer entities to develop a coordinated, watershed-based fish passage barrier removal program.

**NEW SECTION.** **Sec. 2.** A new section is added to chapter 75.50 RCW to read as follows:

The department may provide start-up funds to regional fisheries enhancement groups for costs associated with any enhancement project. The regional fisheries enhancement group advisory board and the department shall develop guidelines for providing funds to the regional fisheries enhancement groups.

**NEW SECTION.** **Sec. 3.** A new section is added to chapter 75.50 RCW to read as follows:

The regional fisheries enhancement salmonid recovery account is created in the state treasury. All receipts from federal sources and moneys from state sources specified by law must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the sole purpose of fisheries enhancement and habitat restoration by regional fisheries enhancement groups.

## CHAPTER 390

[Substitute House Bill 1620]

### CORPORATE PRACTICE OF MEDICINE

AN ACT Relating to abrogating the corporate practice of medicine doctrine; amending RCW 18.100.040, 18.100.050, and 25.04.720; reenacting and amending RCW 25.15.045; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

***\*NEW SECTION. Sec. 1. The legislature finds that the corporate practice of medicine doctrine, as most recently articulated in the case of Morelli v. Ehsan, is an impediment to innovative practice arrangements necessary for the health care reform process to move forward as to physicians licensed pursuant to chapter 18.71 RCW and osteopathic physicians licensed pursuant to chapter 18.57 RCW. The doctrine restricts, at a minimum, who can employ physicians, who can own a physician practice office, and who can derive profits from physician practice. The legislature intends to abrogate the doctrine as to all those elements and as to any other elements of the doctrine as recognized by the courts in the past, currently, or in the future.***

\*Sec. 1 was vetoed. See message at end of chapter.

*\*Sec. 2. RCW 18.100.040 and 1969 c 122 s 4 are each amended to read as follows:*

*(1) This chapter shall not apply to any individuals or groups of individuals within this state who prior to the passage of this chapter were permitted to organize a corporation and perform personal services to the public by means of a corporation, and this chapter shall not apply to any corporation organized by such individual or group of individuals prior to the passage of this chapter: PROVIDED, That any such individual or group of individuals or any such corporation may bring themselves and such corporation within the provisions of this chapter by amending the articles of incorporation in such a manner so as to be consistent with all the provisions of this chapter and by affirmatively stating in the amended articles of incorporation that the shareholders have elected to bring the corporation within the provisions of this chapter.*

*(2) The corporate practice of medicine doctrine as it applies to health care practitioners, other than dentists and veterinarians licensed pursuant to chapters 18.32 and 18.92 RCW respectively, is hereby abrogated in whole, although nothing in this section is meant to affect the ethical obligations of health care practitioners. This abrogation shall not be construed to authorize anyone to require health care practitioners to violate federal, state, or local law. In construing this abrogation, courts shall not apply rules of legislative interpretation that result in narrowly construing this abrogation because it is in derogation of common law.*

*(3) Except for dentists and veterinarians licensed pursuant to chapters 18.32 and 18.92 RCW respectively, any person, including a health care practitioner, may use any otherwise lawful type of business organization to provide health care professional services. Health care practitioners may elect to use the professional form of a business organization to provide professional services as otherwise permitted by law.*

*(4) A professional corporation, professional limited liability company, or professional limited liability partnership may convert to a business corporation, limited liability company, or limited liability partnership by so amending its articles of incorporation, certificate of formation, or other basic business organization document as the case may be and filing the amendment with the state.*

\*Sec. 2 was vetoed. See message at end of chapter.

*Sec. 3. RCW 18.100.050 and 1996 c 22 s 1 are each amended to read as follows:*

*(1) An individual or group of individuals duly licensed or otherwise legally authorized to render the same professional services within this state may organize and become a shareholder or shareholders of a professional corporation for pecuniary profit under the provisions of Title 23B RCW for the purpose of*

rendering professional service. One or more of the legally authorized individuals shall be the incorporators of the professional corporation.

(2) Notwithstanding any other provision of this chapter, registered architects and registered engineers may own stock in and render their individual professional services through one professional service corporation.

(3) Licensed health care professionals, providing services to enrolled participants either directly or through arrangements with a health maintenance organization registered under chapter 48.46 RCW or federally qualified health maintenance organization, may own stock in and render their individual professional services through one professional service corporation.

(4) Professionals may organize a nonprofit nonstock corporation under this chapter and chapter 24.03 RCW to provide professional services, and the provisions of this chapter relating to stock and referring to Title 23B RCW shall not apply to any such corporation.

(5)(a) Notwithstanding any other provision of this chapter, health care professionals who are licensed or certified pursuant to chapters 18.06, 18.19, 18.22, 18.25, 18.29, 18.34, 18.35, 18.36A, 18.50, 18.53, 18.55, 18.57, 18.57A, 18.64, 18.71, 18.71A, 18.79, 18.83, 18.89, 18.108, and 18.138 RCW may own stock in and render their individual professional services through one professional service corporation and are to be considered, for the purpose of forming a professional service corporation, as rendering the "same specific professional services" or "same professional services" or similar terms.

~~(b) ((Notwithstanding any other provision of this chapter, health care professionals who are licensed pursuant to chapters 18.57 and 18.71 RCW may own stock in and render their individual professional services through one professional service corporation and are to be considered, for the purpose of forming a professional service corporation, as rendering the "same specific professional services" or "same professional services" or similar terms.~~

~~—(e))~~ Formation of a professional service corporation under this subsection does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialed and persons practicing beyond the scope of their credential.

**Sec. 4.** RCW 25.15.045 and 1996 c 231 s 7 and 1996 c 22 s 2 are each reenacted and amended to read as follows:

(1) A person or group of persons licensed or otherwise legally authorized to render professional services within this state may organize and become a member or members of a professional limited liability company under the provisions of this chapter for the purposes of rendering professional service. A "professional limited liability company" is subject to all the provisions of chapter 18.100 RCW that apply to a professional corporation, and its managers, members, agents, and employees shall be subject to all the provisions of chapter 18.100 RCW that apply

to the directors, officers, shareholders, agents, or employees of a professional corporation, except as provided otherwise in this section. Nothing in this section prohibits a person duly licensed or otherwise legally authorized to render professional services in any jurisdiction other than this state from becoming a member of a professional limited liability company organized for the purpose of rendering the same professional services. Nothing in this section prohibits a professional limited liability company from rendering professional services outside this state through individuals who are not duly licensed or otherwise legally authorized to render such professional services within this state. Notwithstanding RCW 18.100.065, persons engaged in a profession and otherwise meeting the requirements of this chapter may operate under this chapter as a professional limited liability company so long as each member personally engaged in the practice of the profession in this state is duly licensed or otherwise legally authorized to practice the profession in this state and:

(a) At least one manager of the company is duly licensed or otherwise legally authorized to practice the profession in this state; or

(b) Each member in charge of an office of the company in this state is duly licensed or otherwise legally authorized to practice the profession in this state.

(2) If the company's members are required to be licensed to practice such profession, and the company fails to maintain for itself and for its members practicing in this state a policy of professional liability insurance, bond, or other evidence of financial responsibility of a kind designated by rule by the state insurance commissioner and in the amount of at least one million dollars or a greater amount as the state insurance commissioner may establish by rule for a licensed profession or for any specialty within a profession, taking into account the nature and size of the business, then the company's members are personally liable to the extent that, had the insurance, bond, or other evidence of responsibility been maintained, it would have covered the liability in question.

(3) For purposes of applying the provisions of chapter 18.100 RCW to a professional limited liability company, the terms "director" or "officer" means manager, "shareholder" means member, "corporation" means professional limited liability company, "articles of incorporation" means certificate of formation, "shares" or "capital stock" means a limited liability company interest, "incorporator" means the person who executes the certificate of formation, and "bylaws" means the limited liability company agreement.

(4) The name of a professional limited liability company must contain either the words "Professional Limited Liability Company," or the words "Professional Limited Liability" and the abbreviation "Co.," or the abbreviation "P.L.L.C." or "PLLC" provided that the name of a professional limited liability company organized to render dental services shall contain the full names or surnames of all members and no other word than "chartered" or the words "professional services" or the abbreviation "P.L.L.C." or "PLLC."

(5) Subject to the provisions in article VII of this chapter, the following may be a member of a professional limited liability company and may be the transferee of the interest of an ineligible person or deceased member of the professional limited liability company:

(a) A professional corporation, if its shareholders, directors, and its officers other than the secretary and the treasurer, are licensed or otherwise legally authorized to render the same specific professional services as the professional limited liability company; and

(b) Another professional limited liability company, if the managers and members of both professional limited liability companies are licensed or otherwise legally authorized to render the same specific professional services.

(6)(a) Notwithstanding any other provision of this chapter, health care professionals who are licensed or certified pursuant to chapters 18.06, 18.19, 18.22, 18.25, 18.29, 18.34, 18.35, 18.36A, 18.50, 18.53, 18.55, 18.57, 18.57A, 18.64, 18.71, 18.71A, 18.79, 18.83, 18.89, 18.108, and 18.138 RCW may own membership interests in and render their individual professional services through one limited liability company and are to be considered, for the purpose of forming a limited liability company, as rendering the "same specific professional services" or "same professional services" or similar terms.

(b) ~~((Notwithstanding any other provision of this chapter, health care professionals who are licensed pursuant to chapters 18.57 and 18.71 RCW may own membership interests in and render their individual professional services through one limited liability company and are to be considered, for the purpose of forming a limited liability company, as rendering the "same specific professional services" or "same professional services" or similar terms.~~

—(e)) Formation of a limited liability company under this subsection does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialed and persons practicing beyond the scope of their credential.

Sec. 5. RCW 25.04.720 and 1996 c 231 s 4 are each amended to read as follows:

(1) A person or group of persons licensed or otherwise legally authorized to render professional services, as defined in RCW 18.100.030, within this state may organize and become a member or members of a limited liability partnership under the provisions of this chapter for the purposes of rendering professional service. Nothing in this section prohibits a person duly licensed or otherwise legally authorized to render professional services in any jurisdiction other than this state from becoming a member of a limited liability partnership organized for the purpose of rendering the same professional services. Nothing in this section prohibits a limited liability partnership from rendering professional services outside

this state through individuals who are not duly licensed or otherwise legally authorized to render such professional services within this state.

(2)(a) Notwithstanding any other provision of this chapter, health care professionals who are licensed or certified pursuant to chapters 18.06, 18.19, 18.22, 18.25, 18.29, 18.34, 18.35, 18.36A, 18.50, 18.53, 18.55, 18.57, 18.57A, 18.64, 18.71, 18.71A, 18.79, 18.83, 18.89, 18.108, and 18.138 RCW may join and render their individual professional services through one limited liability partnership and are to be considered, for the purpose of forming a limited liability partnership, as rendering the "same specific professional services" or "same professional services" or similar terms.

~~(b) ((Notwithstanding any other provision of this chapter, health care professionals who are licensed pursuant to chapters 18.57 and 18.71 RCW may join and render their individual professional services through one limited liability partnership and are to be considered, for the purpose of forming a limited liability partnership, as rendering the "same specific professional services" or "same professional services" or similar terms:~~

~~—(e))~~ Formation of a limited liability partnership under this subsection does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialed and persons practicing beyond the scope of their credential.

\*Sec. 6 was vetoed. See message at end of chapter.

***\*NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.***

Passed the House April 19, 1997.

Passed the Senate April 15, 1997.

Approved by the Governor May 15, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 15, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1, 2, 6 and 7, Substitute House Bill No. 1620 entitled:

"AN ACT Relating to abrogating the corporate practice of medicine doctrine;"

Sections 1 and 2 of Substitute House Bill No. 1620 would have abrogated the corporate practice of medicine doctrine, as most recently articulated in Morelli v. Ehsan, 110 Wn.2d 555, 756 P.2d 129 (1988), on the basis that the doctrine is an impediment to the development of health care reform.

The corporate practice of medicine doctrine states that a corporation cannot engage in the practice of a learned profession through licensed employees unless legislatively authorized. (Morelli at 561) In essence, the doctrine prevents non-doctors from being

shareholders in corporations, partners in partnerships, or members of limited liability companies formed to practice medicine.

While I completely agree that the law should not inhibit the development of corporations and other entities to enhance business opportunities in the medical field, abrogation of the doctrine could have unintended consequences. Abrogation would make it far easier for unscrupulous individuals to engage in insurance fraud, a growing problem in this state and nationally.

I urge insurance companies and other interested parties work with the legislature to develop legislation that would adequately address the problems the corporate practice of medicine doctrine is designed to prevent, yet also make Washington law more accommodating to modern forms of medical business entities.

Sections 6 and 7 would make the bill effective retroactively, to January 1, 1997. Retroactive application of this bill is unnecessary.

For these reasons, I have vetoed sections 1, 2, 6 and 7 of Substitute House Bill No. 1620.

With the exception of sections 1, 2, 6 and 7, Substitute House Bill No. 1620 is approved."

Be it enacted by the Legislature of the State of Washington:

### PART I

NEW SECTION. Sec. 101. This act shall be known and may be cited as the Clara act.

NEW SECTION. Sec. 102. FINDINGS AND INTENT. The legislature finds and declares that the state's current fragmented categorical system for administering services to persons with disabilities and the elderly is not client and family-centered and has created significant organizational barriers to providing high quality, safe, and effective care and support. The present fragmented system results in uncoordinated enforcement of regulations designed to protect the health and safety of disabled persons, lacks accountability due to the absence of management information systems' client tracking data, and perpetuates difficulty in matching client needs and services to multiple categorical funding sources.

The legislature further finds that Washington's chronically functionally disabled population of all ages is growing at a rapid pace due to a population of the very old and increased incidence of disability due in large measure to technological improvements in acute care causing people to live longer. Further, to meet the significant and growing long-term care needs into the near future, rapid,

fundamental changes must take place in the way we finance, organize, and provide long-term care services to the chronically functionally disabled.

The legislature further finds that the public demands that long-term care services be safe, client and family-centered, and designed to encourage individual dignity, autonomy, and development of the fullest human potential at home or in other residential settings, whenever practicable.

**NEW SECTION. Sec. 103.** A new section is added to chapter 74.39A RCW to read as follows:

**DEFINITIONS.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adult family home" means a home licensed under chapter 70.128 RCW.

(2) "Adult residential care" means services provided by a boarding home that is licensed under chapter 18.20 RCW and that has a contract with the department under RCW 74.39A.020.

(3) "Assisted living services" means services provided by a boarding home that has a contract with the department under RCW 74.39A.010 and the resident is housed in a private apartment-like unit.

(4) "Boarding home" means a facility licensed under chapter 18.20 RCW.

(5) "Cost-effective care" means care provided in a setting of an individual's choice that is necessary to promote the most appropriate level of physical, mental, and psychosocial well-being consistent with client choice, in an environment that is appropriate to the care and safety needs of the individual, and such care cannot be provided at a lower cost in any other setting. But this in no way precludes an individual from choosing a different residential setting to achieve his or her desired quality of life.

(6) "Department" means the department of social and health services.

(7) "Enhanced adult residential care" means services provided by a boarding home that is licensed under chapter 18.20 RCW and that has a contract with the department under RCW 74.39A.010.

(8) "Functionally disabled person" is synonymous with chronic functionally disabled and means a person who because of a recognized chronic physical or mental condition or disease, including chemical dependency, is impaired to the extent of being dependent upon others for direct care, support, supervision, or monitoring to perform activities of daily living. "Activities of daily living", in this context, means self-care abilities related to personal care such as bathing, eating, using the toilet, dressing, and transfer. Instrumental activities of daily living may also be used to assess a person's functional abilities as they are related to the mental capacity to perform activities in the home and the community such as cooking, shopping, house cleaning, doing laundry, working, and managing personal finances.

(9) "Home and community services" means adult family homes, in-home services, and other services administered or provided by contract by the department

directly or through contract with area agencies on aging or similar services provided by facilities and agencies licensed by the department.

(10) "Long-term care" is synonymous with chronic care and means care and supports delivered indefinitely, intermittently, or over a sustained time to persons of any age disabled by chronic mental or physical illness, disease, chemical dependency, or a medical condition that is permanent, not reversible or curable, or is long-lasting and severely limits their mental or physical capacity for self-care. The use of this definition is not intended to expand the scope of services, care, or assistance by any individuals, groups, residential care settings, or professions unless otherwise expressed by law.

(11) "Nursing home" means a facility licensed under chapter 18.51 RCW.

(12) "Secretary" means the secretary of social and health services.

(13) "Tribally licensed boarding home" means a boarding home licensed by a federally recognized Indian tribe which home provides services similar to boarding homes licensed under chapter 18.20 RCW.

**\*NEW SECTION. Sec. 104. JOINT LEGISLATIVE COMMITTEE ON LONG-TERM CARE OVERSIGHT.** *(1) There is created a joint legislative committee on long-term care oversight. The committee shall consist of: (a) Four members of the senate appointed by the president of the senate, two of whom shall be members of the majority party and two of whom shall be members of the minority party; and (b) four members of the house of representatives, two of whom shall be members of the majority party and two of whom shall be members of the minority party.*

*(2) The committee shall elect a chair and vice-chair. The chair shall be a member of the senate in even-numbered years and a member of the house of representatives in odd-numbered years. The vice-chair shall be a member of the senate in odd-numbered years and a member of the house of representatives in even-numbered years.*

*(3) The committee shall:*

*(a) Review the need for reorganization and reform of long-term care administration and service delivery;*

*(b) Review all quality standards developed, revised, and enforced by the department;*

*(c) In cooperation with the department of social and health services, develop suggestions to simplify, reduce, or eliminate unnecessary rules, procedures, and burdensome paperwork that prove to be barriers to providing effective coordination or high quality direct services;*

*(d) Suggest methods of cost-efficiencies that can be used to reallocate funds to unmet needs in direct services;*

*(e) List all nonmeans tested programs and activities funded by the federal older Americans act and state funded senior citizens act or other such state funded programs and recommend how to integrate such services into existing long-term care programs for the functionally disabled;*

*(f) Suggest methods to establish a single point of entry for service eligibility and delivery for functionally disabled persons;*

*(g) Evaluate the need for long-term care training and review all long-term care training and education programs conducted by the department and suggest modifications to improve the training system;*

*(h) Describe current facilities and services that provide long-term care to all types of chronically disabled individuals in the state including Revised Code of Washington requirements, Washington Administrative Code rules, allowable occupancy, typical clientele, discharge practices, agency oversight, rates, eligibility requirements, entry process, social and health services and other services provided, staffing standards, and physical plant standards;*

*(i) Determine the extent to which the current long-term care system meets the health and safety needs of the state's long-term care population and is appropriate for the specific and identified needs of the residents in all settings;*

*(j) Assess the adequacy of the discharge and referral process in protecting the health and safety of long-term care clients;*

*(k) Determine the extent to which training and supervision of direct care staff are adequate to ensure safety and appropriate care;*

*(l) Identify opportunities for consolidation between categories of care; and*

*(m) Determine if payment rates are adequate to cover the varying costs of clients with different levels of need.*

\*Sec. 104 was vetoed. See message at end of chapter.

## PART II

### QUALITY STANDARDS AND COMPLAINT ENFORCEMENT

NEW SECTION. Sec. 201. A new section is added to chapter 70.124 RCW to read as follows:

(1) An employee who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW. RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, financial exploitation, or abandonment by any person in a nursing home, state hospital, or adult family home may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to discharge a resident from a nursing home, state hospital, adult family home, or any type of discriminatory treatment of a resident by whom, or upon whose behalf, a complaint substantiated by the department has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint.

(b) The presumption is rebutted by credible evidence establishing the alleged retaliatory action was initiated prior to the complaint.

(c) The presumption is rebutted by a functional assessment conducted by the department that shows that the resident's needs cannot be met by the reasonable accommodations of the facility due to the increased needs of the resident.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or employee of a nursing home, state hospital, or adult family home, or any person licensed under Title 18 RCW, who in good faith reports alleged abuse, neglect, exploitation, or abandonment to the department or to a law enforcement agency;

(b) "Workplace reprisal or retaliatory action" means, but is not limited to: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; denial of employment; or a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower; and

(c) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

(4) This section does not prohibit a nursing home, state hospital, or adult family home from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a nursing home, state hospital, or adult family home from: (a) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (b) for facilities with six or fewer residents, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases where a whistleblower has been terminated or had hours of employment reduced due to the inability of a facility to meet payroll.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) No frail elder or vulnerable person who relies upon and is being provided spiritual treatment in lieu of medical treatment in accordance with the tenets and practices of a well-recognized religious denomination shall for that reason alone be considered abandoned, abused, or neglected, nor shall anything in this chapter be construed to authorize, permit, or require medical treatment contrary to the stated or clearly implied objection of such a person.

(7) The department shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

**NEW SECTION. Sec. 202.** A new section is added to chapter 74.34 RCW to read as follows:

(1) An employee or contractor who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW. RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, exploitation, or abandonment by any person in a boarding home licensed or required to be licensed pursuant to chapter 18.20 RCW or a veterans' home pursuant to chapter 72.36 RCW or care provided in a boarding home or a veterans' home by any person associated with a hospice, home care, or home health agency licensed under chapter 70.127 RCW or other in-home provider may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to expel a resident from a boarding home or veterans' home, or any type of discriminatory treatment of a resident who is a consumer of hospice, home health, home care services, or other in-home services by whom, or upon whose behalf, a complaint substantiated by the department or the department of health has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint.

(b) The presumption is rebutted by credible evidence establishing the alleged retaliatory action was initiated prior to the complaint.

(c) The presumption is rebutted by a functional assessment conducted by the department that shows that the resident or consumer's needs cannot be met by the reasonable accommodations of the facility due to the increased needs of the resident.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or a person with a mandatory duty to report under this chapter, or any person licensed under Title 18 RCW, who in good faith reports alleged abuse, neglect, exploitation, or abandonment to the department, or the department of health, or to a law enforcement agency;

(b) "Workplace reprisal or retaliatory action" means, but is not limited to: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; denial of employment; or a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a nursing home, state hospital, boarding home, or adult family

home from: (i) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (ii) for facilities licensed under chapter 70.128 RCW, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases in which a whistleblower has been terminated or had hours of employment reduced because of the inability of a facility to meet payroll; and

(c) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

(4) This section does not prohibit a boarding home or veterans' home from exercising its authority to terminate, suspend, or discipline any employee who engages in workplace reprisal or retaliatory action against a whistleblower.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) No frail elder or vulnerable person who relies upon and is being provided spiritual treatment in lieu of medical treatment in accordance with the tenets and practices of a well-recognized religious denomination shall for that reason alone be considered abandoned, abused, or neglected, nor shall anything in this chapter be construed to authorize, permit, or require medical treatment contrary to the stated or clearly implied objection of such a person.

(7) The department, and the department of health for facilities, agencies, or individuals it regulates, shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

~~((6))~~ (7) A resident discharged in violation of this section has the right to be readmitted immediately upon the first availability of a gender-appropriate bed in the facility.

**Sec. 206.** RCW 70.129.150 and 1994 c 214 s 16 are each amended to read as follows:

(1) Prior to admission, all long-term care facilities or nursing facilities licensed under chapter 18.51 RCW that require payment of an admissions fee, deposit, or a minimum stay fee, by or on behalf of a person seeking ~~((admissions {admission}))~~ admission to the long-term care facility or nursing facility, shall provide the resident, or his or her representative, full disclosure in writing ~~((of the long-term care facility or nursing facility's schedule of charges for items and services provided by the facility and))~~ in a language the resident or his or her representative understands, a statement of the amount of any admissions fees, deposits, prepaid charges, or minimum stay fees. The facility shall also disclose to the person, or his or her representative, the facility's advance notice or transfer requirements, prior to admission. In addition, the long-term care facility or nursing facility shall also fully disclose in writing prior to admission what portion of the deposits, admissions fees, prepaid charges, or minimum stay fees will be refunded to the resident or his or her representative if the resident leaves the long-term care facility or nursing facility. Receipt of the disclosures required under this subsection must be acknowledged in writing. If the facility does not provide these disclosures, the deposits, admissions fees, prepaid charges, or minimum stay fees may not be kept by the facility. If a resident~~((, during the first thirty days of residence;))~~ dies or is hospitalized or is transferred to another facility for more appropriate care and does not return to the original facility, the facility shall refund any deposit or charges already paid less the facility's per diem rate for the days the resident actually resided or reserved or retained a bed in the facility notwithstanding any minimum stay policy or discharge notice requirements, except that the facility may retain an additional amount to cover its reasonable, actual expenses incurred as a result of a private-pay resident's move, not to exceed five days' per diem charges, unless the resident has given advance notice in compliance with the admission agreement. All long-term care facilities or nursing facilities covered under this section are required to refund any and all refunds due the resident or ~~((their))~~ his or her representative within thirty days from the resident's date of discharge from the facility. Nothing in this section applies to provisions in contracts negotiated between a nursing facility or long-term care facility and a

certified health plan, health or disability insurer, health maintenance organization, managed care organization, or similar entities.

(2) Where a long-term care facility or nursing facility requires the execution of an admission contract by or on behalf of an individual seeking admission to the facility, the terms of the contract shall be consistent with the requirements of this section, and the terms of an admission contract by a long-term care facility shall be consistent with the requirements of this chapter.

*\*Sec. 207. RCW 74.39A.030 and 1995 1st sp.s. c 18 s 2 are each amended to read as follows:*

*(1) To the extent of available funding, the department shall expand cost-effective options for home and community services for consumers for whom the state participates in the cost of their care.*

*(2) In expanding home and community services, the department shall: (a) Take full advantage of federal funding available under Title XVIII and Title XIX of the federal social security act, including home health, adult day care, waiver options, and state plan services; and (b) be authorized to use funds available under its community options program entry system waiver granted under section 1915(c) of the federal social security act to expand the availability of in-home, adult residential care, adult family homes, enhanced adult residential care, and assisted living services. By June 30, 1997, the department shall undertake to reduce the nursing home medicaid census by at least one thousand six hundred by assisting individuals who would otherwise require nursing facility services to obtain services of their choice, including assisted living services, enhanced adult residential care, and other home and community services. The department shall make reasonable efforts to contract for at least one hundred eighty state clients who would otherwise be served in nursing facilities or in assisted living to instead be served in enhanced adult residential care settings by June 30, 1999. If a resident, or his or her legal representative, objects to a discharge decision initiated by the department, the resident shall not be discharged if the resident has been assessed and determined to require nursing facility services. In contracting with nursing homes and boarding homes for enhanced adult residential care placements, neither the department nor the department of health shall ((not)) require, by contract or through other means, structural modifications to existing building construction.*

*(3)(a) The department shall by rule establish payment rates for home and community services that support the provision of cost-effective care. In contracting with licensed boarding homes for providing additional enhanced adult residential care services for up to one hundred eighty clients pursuant to subsection (2)(b) of this section, the payment rate shall be established at no less than thirty-five and no greater than forty percent of the average state-wide nursing facility medicaid payment rate.*

*(b) The department may authorize an enhanced adult residential care rate for nursing homes that temporarily or permanently convert their bed use for the*

*purpose of providing enhanced adult residential care under chapter 70.38 RCW, when the department determines that payment of an enhanced rate is cost-effective and necessary to foster expansion of contracted enhanced adult residential care services. As an incentive for nursing homes to permanently convert a portion of its nursing home bed capacity for the purpose of providing enhanced adult residential care, the department may authorize a supplemental add-on to the enhanced adult residential care rate.*

*(c) The department may authorize a supplemental assisted living services or an enhanced adult residential care services rate for up to four years for facilities that convert from nursing home use and do not retain rights to the converted nursing home beds under chapter 70.38 RCW, if the department determines that payment of a supplemental rate is cost-effective and necessary to foster expansion of contracted assisted living or enhanced adult residential care services.*

\*Sec. 207 was vetoed. See message at end of chapter.

\*Sec. 208. RCW 74.39A.040 and 1995 1st sp.s. c 18 s 6 are each amended to read as follows:

*The department shall work in partnership with hospitals, who choose to participate, in assisting patients and their families to find long-term care services of their choice according to subsections (1) through (4) of this section. The department shall not delay hospital discharges but shall assist and support the activities of hospital discharge planners. The department also shall coordinate with home health and hospice agencies whenever appropriate. The role of the department is to assist the hospital and to assist patients and their families in making informed choices by providing information regarding home and community options to individuals who are hospitalized and likely to need long-term care.*

*(1) To the extent of available funds, the department shall assess individuals who:*

*(a) Are medicaid clients, medicaid applicants, or eligible for both medicare and medicaid; and*

*(b) Apply or are likely to apply for admission to a nursing facility.*

*(2) For individuals who are reasonably expected to become medicaid recipients within one hundred eighty days of admission to a nursing facility, the department shall, to the extent of available funds, offer an assessment and information regarding appropriate in-home and community services.*

*(3) When the department finds, based on assessment, that the individual prefers and could live appropriately and cost-effectively at home or in some other community-based setting, the department shall:*

*(a) Advise the individual that an in-home or other community service is appropriate;*

*(b) Develop, with the individual or the individual's representative, a comprehensive community service plan;*

(c) *Inform the individual regarding the availability of services that could meet the applicant's needs as set forth in the community service plan and explain the cost to the applicant of the available in-home and community services relative to nursing facility care; and*

(d) *Discuss and evaluate the need for on-going involvement with the individual or the individual's representative.*

(4) *When the department finds, based on assessment, that the individual prefers and needs nursing facility care, the department shall:*

(a) *Advise the individual that nursing facility care is appropriate and inform the individual of the available nursing facility vacancies;*

(b) *If appropriate, advise the individual that the stay in the nursing facility may be short term; and*

(c) *Describe the role of the department in providing nursing facility case management.*

(5) All hospitals who choose to not participate with the department according to subsections (1) through (4) of this section shall provide their own hospital long-term care discharge services for patients needing long-term care information or services. The hospital shall advise the individual regarding its recommended discharge placement for individuals requiring posthospital care and shall, consistent with the individual's expressed preferences and in accordance with his or her care needs, identify services, including known costs, available in the community and shall develop with the individual and his or her legal representative a comprehensive community service plan, if in-home or other community service is appropriate and preferred.

\*Sec. 208 was vetoed. See message at end of chapter.

Sec. 209. RCW 74.39A.050 and 1995 1st sp.s. c 18 s 12 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall ~~((be guided by))~~ use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be ~~((consumer))~~ client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter . . . Laws of 1997 (this act).

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, resident managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers.

(6) ~~((Providers generally should be assisted in addressing identified problems initially through consultation and technical assistance.))~~ Prompt and specific enforcement remedies shall also be ((available)) implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or ((that have been)) uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(10) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident's care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules and

accept some or all of the curriculum modules hour for hour towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training.

Sec. 210. RCW 74.39A.060 and 1995 1st sp.s. c 18 s 13 are each amended to read as follows:

(1) The aging and adult services administration of the department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the administration licenses or with which it contracts for long-term care services.

(2) All facilities that are licensed by, or that contract with the aging and adult services administration to provide chronic long-term care services shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number and the toll-free number and program description of the long-term care ombudsman as provided by RCW 43.190.050.

(3) The aging and adult services administration shall investigate complaints if the subject of the complaint is within its authority unless the department determines that: (a) The complaint is intended to willfully harass a licensee or employee of the licensee; or (b) there is no reasonable basis for investigation; or (c) corrective action has been taken as determined by the ombudsman or the department.

(4) The aging and adult services administration shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombudsman, or other entities if the department lacks authority to investigate or if its investigation reveals that a follow-up referral to one or more of these entities is appropriate.

(5) The department shall adopt rules that include the following complaint investigation protocols:

(a) Upon receipt of a complaint, the department shall make a preliminary review of the complaint, assess the severity of the complaint, and assign an appropriate response time. Complaints involving imminent danger to the health, safety, or well-being of a resident must be responded to within two days. When appropriate, the department shall make an on-site investigation within a reasonable time after receipt of the complaint or otherwise ensure that complaints are responded to.

(b) The complainant must be: Promptly contacted by the department, unless anonymous or unavailable despite several attempts by the department, and informed of the right to discuss the alleged violations with the inspector and to provide other information the complainant believes will assist the inspector; informed of the department's course of action; and informed of the right to receive a written copy of the investigation report.

(c) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the resident or residents allegedly harmed by the violations, and, in addition to facility staff, any available independent sources of relevant information, including if appropriate the family members of the resident.

(d) Substantiated complaints involving harm to a resident, if an applicable law or regulation has been violated, shall be subject to one or more of the actions provided in RCW 74.39A.080 or 70.128.160. Whenever appropriate, the department shall also give consultation and technical assistance to the provider.

(e) In the best practices of total quality management and continuous quality improvement, after a department finding of a violation that is serious, recurring, or uncorrected following a previous citation, the department shall make an on-site revisit of the facility to ensure correction of the violation, except for license or contract suspensions or revocations.

(f) Substantiated complaints of neglect, abuse, exploitation, or abandonment of residents, or suspected criminal violations, shall also be referred by the department to the appropriate law enforcement agencies, the attorney general, and appropriate professional disciplining authority.

(6) The department may ((not)) provide the substance of the complaint to the licensee or contractor before the completion of the investigation by the department unless such disclosure would reveal the identity of a complainant, witness, or resident who chooses to remain anonymous. Neither the substance of the complaint provided to the licensee or contractor nor any copy of the complaint or related report published, released, or made otherwise available shall disclose, or reasonably lead to the disclosure of, the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the name of the provider and the name or names of any officer, employee, or agent of the department conducting the investigation shall be disclosed after the investigation has been closed and the complaint has been substantiated. The department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant. Nothing in this subsection shall be construed to interfere with the obligation of the long-term care ombudsman program or department staff to monitor the department's licensing, contract, and complaint investigation files for long-term care facilities.

((6)) (7) The resident has the right to be free of interference, coercion, discrimination, and reprisal from a facility in exercising his or her rights, including the right to voice grievances about treatment furnished or not furnished. A facility that provides long-term care services shall not discriminate or retaliate in any manner against a resident, employee, or any other person on the basis or for the reason that such resident or any other person made a complaint to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, provided information, or otherwise cooperated with the investigation of such a complaint. Any attempt to discharge a resident against the resident's wishes, or any

type of retaliatory treatment of a resident by whom or upon whose behalf a complaint substantiated by the department has been made to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, within one year of the filing of the complaint, raises a rebuttable presumption that such action was in retaliation for the filing of the complaint. "Retaliatory treatment" means, but is not limited to, monitoring a resident's phone, mail, or visits; involuntary seclusion or isolation; transferring a resident to a different room unless requested or based upon legitimate management reasons; withholding or threatening to withhold food or treatment unless authorized by a terminally ill resident or his or her representative pursuant to law; or persistently delaying responses to a resident's request for service or assistance. A facility that provides long-term care services shall not willfully interfere with the performance of official duties by a long-term care ombudsman. The department shall sanction and may impose a civil penalty of not more than three thousand dollars for a violation of this subsection ((and require the facility to mitigate any damages incurred by the resident)).

Sec. 211. RCW 70.129.105 and 1994 c 214 s 17 are each amended to read as follows:

No long-term care facility or nursing facility licensed under chapter 18.51 RCW shall require or request residents to sign waivers of potential liability for losses of personal property or injury, or to sign waivers of residents' rights set forth in this chapter or in the applicable licensing or certification laws.

Sec. 212. RCW 74.42.030 and 1979 ex.s. c 211 s 3 are each amended to read as follows:

Each resident or guardian or legal representative, if any, shall be fully informed and receive in writing, in a language the resident or his or her representative understands, the following information:

- (1) The resident's rights and responsibilities in the facility;
- (2) Rules governing resident conduct;
- (3) Services, items, and activities available in the facility; and
- (4) Charges for services, items, and activities, including those not included in the facility's basic daily rate or not paid by medicaid.

The facility shall provide this information before admission, or at the time of admission in case of emergency, and as changes occur during the resident's stay. The resident and his or her representative must be informed in writing in advance of changes in the availability or charges for services, items, or activities, or of changes in the facility's rules. Except in unusual circumstances, thirty days' advance notice must be given prior to the change. The resident or legal guardian or representative shall acknowledge in writing receipt of this information ((and any changes in the information)).

The written information provided by the facility pursuant to this section, and the terms of any admission contract executed between the facility and an individual seeking admission to the facility, must be consistent with the requirements of this

chapter and chapter 18.51 RCW and, for facilities certified under medicaid or medicare, with the applicable federal requirements.

**NEW SECTION. Sec. 213.** A new section is added to chapter 18.20 RCW to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be resident-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for residents consistent with chapter 70.129 RCW.

(2) The goal of the system is continuous quality improvement with the focus on resident satisfaction and outcomes for residents. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, and advocates in addition to interviewing appropriate staff.

(3) Facilities should be supported in their efforts to improve quality and address identified problems initially through training, consultation, and technical assistance.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to resident complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to facilities.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, consistent with RCW 18.20.190, for facilities found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, the licensee, administrator, and their staff should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable adults. Employees may be provisionally hired pending the results of the background check if they have been given three positive references.

(8) The department shall promote the development of a training system that is practical and relevant to the needs of residents and staff. To improve access to training, especially for rural communities, the training system may include, but is not limited to, the use of satellite technology distance learning that is coordinated through community colleges or other appropriate organizations.

(9) No licensee, administrator, or staff, or prospective licensee, administrator, or staff, with a stipulated finding of fact, conclusion of law, and agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into the state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

**NEW SECTION. Sec. 214.** A new section is added to chapter 18.20 RCW to read as follows:

(1) The department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the department licenses.

(2) All facilities that are licensed under this chapter shall post in a place and manner clearly visible to residents and visitors the department's toll-free complaint telephone number and the toll-free number and program description of the long-term care ombudsman as provided by RCW 43.190.050.

(3) The department shall investigate complaints if the subject of the complaint is within its authority unless the department determines that: (a) The complaint is intended to willfully harass a licensee or employee of the licensee; or (b) there is no reasonable basis for investigation; or (c) corrective action has been taken as determined by the ombudsman or the department.

(4) The department shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombudsman, or other entities if the department lacks authority to investigate or if its investigation reveals that a follow-up referral to one or more of these entities is appropriate.

(5) The department shall adopt rules that include the following complaint investigation protocols:

(a) Upon receipt of a complaint, the department shall make a preliminary review of the complaint, assess the severity of the complaint, and assign an appropriate response time. Complaints involving imminent danger to the health, safety, or well-being of a resident must be responded to within two days. When appropriate, the department shall make an on-site investigation within a reasonable time after receipt of the complaint or otherwise ensure that complaints are responded to.

(b) The complainant must be: Promptly contacted by the department, unless anonymous or unavailable despite several attempts by the department, and informed of the right to discuss alleged violations with the inspector and to provide other information the complainant believes will assist the inspector; informed of the department's course of action; and informed of the right to receive a written copy of the investigation report.

(c) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the resident or residents allegedly harmed by the violations, and, in addition to facility

staff, any available independent sources of relevant information, including if appropriate the family members of the resident.

(d) Substantiated complaints involving harm to a resident, if an applicable law or regulation has been violated, shall be subject to one or more of the actions provided in RCW 18.20.190. Whenever appropriate, the department shall also give consultation and technical assistance to the facility.

(e) In the best practices of total quality management and continuous quality improvement, after a department finding of a violation that is serious, recurring, or uncorrected following a previous citation, the department shall make an on-site revisit of the facility to ensure correction of the violation. This subsection does not prevent the department from enforcing license suspensions or revocations.

(f) Substantiated complaints of neglect, abuse, exploitation, or abandonment of residents, or suspected criminal violations, shall also be referred by the department to the appropriate law enforcement agencies, the attorney general, and appropriate professional disciplining authority.

(6) The department may provide the substance of the complaint to the licensee before the completion of the investigation by the department unless such disclosure would reveal the identity of a complainant, witness, or resident who chooses to remain anonymous. Neither the substance of the complaint provided to the licensee or contractor nor any copy of the complaint or related report published, released, or made otherwise available shall disclose, or reasonably lead to the disclosure of, the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the name of the provider and the name or names of any officer, employee, or agent of the department conducting the investigation shall be disclosed after the investigation has been closed and the complaint has been substantiated. The department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant. Nothing in this subsection shall be construed to interfere with the obligation of the long-term care ombudsman program to monitor the department's licensing, contract, and complaint investigation files for long-term care facilities.

(7) The resident has the right to be free of interference, coercion, discrimination, and reprisal from a facility in exercising his or her rights, including the right to voice grievances about treatment furnished or not furnished. A facility licensed under this chapter shall not discriminate or retaliate in any manner against a resident, employee, or any other person on the basis or for the reason that such resident or any other person made a complaint to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, provided information, or otherwise cooperated with the investigation of such a complaint. Any attempt to discharge a resident against the resident's wishes, or any type of retaliatory treatment of a resident by whom or upon whose behalf a complaint substantiated by the department has been made to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, within one year of the filing of the complaint, raises a rebuttable presumption that such action

was in retaliation for the filing of the complaint. "Retaliatory treatment" means, but is not limited to, monitoring a resident's phone, mail, or visits; involuntary seclusion or isolation; transferring a resident to a different room unless requested or based upon legitimate management reasons; withholding or threatening to withhold food or treatment unless authorized by a terminally ill resident or his or her representative pursuant to law; or persistently delaying responses to a resident's request for service or assistance. A facility licensed under this chapter shall not willfully interfere with the performance of official duties by a long-term care ombudsman. The department shall sanction and may impose a civil penalty of not more than three thousand dollars for a violation of this subsection.

**NEW SECTION. Sec. 215.** Within existing funds, the long-term care ombudsman shall conduct a follow-up review of the department of health's licensing inspections and complaint investigations of boarding homes and of the department of social and health services' monitoring of boarding homes with contracts under chapter 74.39A RCW. The review must include, but is not limited to, an examination of the enforcement of resident rights and care standards in boarding homes, the timeliness of complaint investigations, and compliance by the departments with the standards set forth in this act. The long-term care ombudsman shall consult with the departments of health and social and health services, long-term care facility organizations, resident groups, and senior and disabled citizen organizations and report to appropriate committees of the house of representatives and the senate concerning its review of the departments' enforcement activities and any applicable recommendations by January 5, 1998.

**Sec. 216.** RCW 74.42.450 and 1995 1st sp.s. c 18 s 64 are each amended to read as follows:

(1) The facility shall admit as residents only those individuals whose needs can be met by:

- (a) The facility;
- (b) The facility cooperating with community resources; or
- (c) The facility cooperating with other providers of care affiliated or under contract with the facility.

(2) The facility shall transfer a resident to a hospital or other appropriate facility when a change occurs in the resident's physical or mental condition that requires care or service that the facility cannot provide. The resident, the resident's guardian, if any, the resident's next of kin, the attending physician, and the department shall be consulted at least fifteen days before a transfer or discharge unless the resident is transferred under emergency circumstances. The department shall use casework services or other means to insure that adequate arrangements are made to meet the resident's needs.

(3) A resident shall be transferred or discharged (3) only for medical reasons, the resident's welfare or request, the welfare of other residents, or nonpayment. A resident may not be discharged for nonpayment if the discharge would be prohibited by the medicaid program.

(4) If a resident chooses to remain in the nursing facility, the department shall respect that choice, provided that if the resident is a medicaid recipient, the resident continues to require a nursing facility level of care.

(5) If the department determines that a resident no longer requires a nursing facility level of care, the resident shall not be discharged from the nursing facility until at least thirty days after written notice is given to the resident, the resident's surrogate decision maker and, if appropriate, a family member or the resident's representative. A form for requesting a hearing to appeal the discharge decision shall be attached to the written notice. The written notice shall include at least the following:

(a) The reason for the discharge;

(b) A statement that the resident has the right to appeal the discharge; and

(c) The name, address, and telephone number of the state long-term care ombudsman.

(6) If the resident appeals a department discharge decision, the resident shall not be discharged without the resident's consent until at least thirty days after a final order is entered upholding the decision to discharge the resident.

(7) Before the facility transfers or discharges a resident, the facility must first attempt through reasonable accommodations to avoid the transfer or discharge unless the transfer or discharge is agreed to by the resident. The facility shall admit or retain only individuals whose needs it can safely and appropriately serve in the facility with available staff or through the provision of reasonable accommodations required by state or federal law. "Reasonable accommodations" has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

### PART III

#### ESTATE RECOVERY CONSUMER DISCLOSURE

NEW SECTION. Sec. 301. A new section is added to chapter 43.20B RCW to read as follows:

(1) It is the intent of the legislature to ensure that needy individuals have access to basic long-term care without requiring them to sell their homes. In the face of rising medical costs and limited funding for social welfare programs, however, the state's medicaid and state-funded long-term care programs have placed an increasing financial burden on the state. By balancing the interests of individuals with immediate and future unmet medical care needs, surviving spouses and dependent children, adult nondependent children, more distant heirs, and the state, the estate recovery provisions of RCW 43.20B.080 and 74.39A.170 provide an equitable and reasonable method of easing the state's financial burden while ensuring the continued viability of the medicaid and state-funded long-term care programs.

(2) It is further the intent of the legislature to confirm that chapter 21, Laws of 1994, effective July 1, 1994, repealed and substantially reenacted the state's

medicaid estate recovery laws and did not eliminate the department's authority to recover the cost of medical assistance paid prior to October 1, 1993, from the estates of deceased recipients regardless of whether they received benefits before, on, or after July 1, 1994.

**Sec. 302.** RCW 43.20B.080 and 1995 1st sp.s. c 18 s 67 are each amended to read as follows:

(1) The department shall file liens, seek adjustment, or otherwise effect recovery for medical assistance correctly paid on behalf of an individual (~~as required by this chapter and~~) consistent with 42 U.S.C. Sec. 1396p.

(2) Liens may be adjusted by foreclosure in accordance with chapter 61.12 RCW.

(3) In the case of an individual who was fifty-five years of age or older when the individual received medical assistance, the department shall seek adjustment or recovery from the individual's estate, and from nonprobate assets of the individual as defined by RCW 11.02.005 (~~except property passing through a community property agreement~~), but only for medical assistance consisting of nursing facility services, home and community-based services, other services that the department determines to be appropriate, and related hospital and prescription drug services. Recovery from the individual's estate, including foreclosure of liens imposed under this section, shall be undertaken as soon as practicable, consistent with (~~the requirements of~~) 42 U.S.C. Sec. 1396p.

(4) The department shall apply the medical assistance estate recovery law as it existed on the date that benefits were received when calculating an estate's liability to reimburse the department for those benefits.

(5)(a) The department shall establish procedures consistent with standards established by the federal department of health and human services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when such recovery would work an undue hardship.

(b) Recovery of medical assistance from a recipient's estate shall not include property made exempt from claims by federal law or treaty, including exemption for tribal artifacts that may be held by individual Native Americans.

~~((5))~~ (6) A lien authorized under subsections (1) through (5) of this section relates back to attach to any real property that the decedent had an ownership interest in immediately before death and is effective as of that date.

(7) The department is authorized to adopt rules to effect recovery under this section. The department may adopt by rule later enactments of the federal laws referenced in this section.

(8) The office of financial management shall review the cost and feasibility of the department of social and health services collecting the client copayment for long-term care consistent with the terms and conditions of RCW 74.39A.120, and the cost impact to community providers under the current system for collecting the client's copayment in addition to the amount charged to the client for estate recovery, and report to the legislature by December 12, 1997.

**Sec. 303.** RCW 74.34.010 and 1995 1st sp.s. c 18 s 82 are each amended to read as follows:

The legislature finds that frail elders and vulnerable adults may be subjected to abuse, neglect, exploitation, or abandonment. The legislature finds that there are a number of adults sixty years of age or older who lack the ability to perform or obtain those services necessary to maintain or establish their well-being. The legislature finds that many frail elders and vulnerable adults have health problems that place them in a dependent position. The legislature further finds that a significant number of frail elders and vulnerable adults have mental and verbal limitations that leave them vulnerable and incapable of asking for help and protection.

It is the intent of the legislature to prevent or remedy the abuse, neglect, exploitation, or abandonment of persons sixty years of age or older who have a functional, mental, or physical inability to care for or protect themselves.

It is the intent of the legislature to assist frail elders and vulnerable adults by providing these persons with the protection of the courts and with the least-restrictive services, such as home care, and by preventing or reducing inappropriate institutional care. The legislature finds that it is in the interests of the public health, safety, and welfare of the people of the state to provide a procedure for identifying these vulnerable persons and providing the services and remedies necessary for their well-being.

It is further the intent of the legislature that the cost of protective services rendered to a frail elder or vulnerable adult under this chapter that are paid with state funds only not be subject to recovery from the recipient or the recipient's estate, whether by lien, adjustment, or any other means of recovery, regardless of the income or assets of the recipient of the services. In making this exemption the legislature recognizes that receipt of such services is voluntary and incentives to decline services or delay permission must be kept to a minimum. There may be a need to act or intervene quickly to protect the assets; health, or well-being of a frail elder or vulnerable adult; to prevent or halt the exploitation, neglect, abandonment, or abuse of the person or assets of a frail elder or vulnerable adult; or to prevent or limit inappropriate placement or retention in an institution providing long-term care. The delivery of such services is less likely to be impeded, and consent to such services will be more readily obtained, if the cost of these services is not subject to recovery. The legislature recognizes that there will be a cost in not seeking financial recovery for such services, but that this cost may be offset by preventing costly and inappropriate institutional placement.

**NEW SECTION.** Sec. 304. A new section is added to chapter 74.34 RCW to read as follows:

The cost of benefits and services provided to a frail elder or vulnerable adult under this chapter with state funds only does not constitute an obligation or lien and is not recoverable from the recipient of the services or from the recipient's estate, whether by lien, adjustment, or any other means of recovery.

*\*Sec. 305. RCW 74.39A.170 and 1995 1st sp.s. c 18 s 56 are each amended to read as follows:*

*(1) All payments made in state-funded long-term care shall be recoverable as if they were medical assistance payments subject to recovery under 42 U.S.C. Sec. 1396p and chapter 43.20B RCW(~~(-but)~~) without regard to the recipient's age, except the cost of state-funded adult protective services provided under chapter 74.34 RCW to frail elders and vulnerable adults.*

*(2) In determining eligibility for state-funded long-term care services programs, except for protective services provided to frail elders and vulnerable adults, the department shall impose the same rules with respect to the transfer of assets for less than fair market value as are imposed under 42 U.S.C. 1396p with respect to nursing home and home and community services.*

*(3) It is the responsibility of the department to fully disclose in advance verbally and in writing, in easy to understand language, the terms and conditions of estate recovery. The disclosure must include billing and recovery and copayment procedures to all persons offered long-term care services subject to recovery of payments.*

*(4) It is the intent of the legislature that the department collect, to the extent possible, all costs associated with the individual provider program including, but not limited to, training, taxes, and fringe benefits.*

*By November 15, 1997, the secretary shall identify and report to the legislature:*

*(a) The costs of identifying or tracking direct and indirect costs associated with the individual provider program, including any necessary changes to the department's information systems; and*

*(b) Any federal or state laws limiting the department's ability to recover direct or indirect costs of the individual provider program from the estate.*

*(5) To the extent funds are available and in compliance with federal law, the department is responsible for also notifying the client, or his or her advocate, quarterly of the types of services used, charges for services, credit amount of copayment, and the difference (debt) that will be charged against the estate.*

*\*Sec. 305 was vetoed. See message at end of chapter.*

#### PART IV ADULT FAMILY HOMES

**Sec. 401.** RCW 70.128.175 and 1995 1st sp.s. c 18 s 29 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, these definitions shall apply throughout this section and RCW 35.63.140, 35A.63.149, 36.70.755, 35.22.680, and 36.32.560:

(a) "Adult family home" means a regular family abode (~~(of)~~) in which a person or persons (~~(providing)~~) provides personal care, special care, room, and board to more than one but not more than six adults who are not related by blood or marriage to the person or persons providing the services.

(b) "Residential care facility" means a facility that cares for at least five, but not more than fifteen functionally disabled persons, that is not licensed pursuant to chapter 70.128 RCW.

**NEW SECTION. Sec. 402.** The department of social and health services shall implement a limited moratorium on the authorization of adult family home licenses until December 12, 1997, or until the secretary has determined that all adult family home and group home safety and quality of care standards have been reviewed by the department, determined by the secretary to reasonably protect the life, safety, and health of residents, and has notified all adult family home and group home operators of the standards of care or any modifications to the existing standards. This limited moratorium shall in no way prevent a person eligible to receive services from receiving the same or equivalent chronic long-term care services. In the event of a need for such services, the department shall develop a process for determining the availability of chronic long-term care residential services on a case-by-case basis to determine if an adult family home license should be granted to accommodate the needs of a particular geographical or ethnic community. The department may review the cost and feasibility of creating an adult family home advisory committee. The secretary shall make the final determination on individual case licensure until December 12, 1997, or until the moratorium has been removed and determine if an adult family home advisory committee should be developed.

**NEW SECTION. Sec. 403.** The department of social and health services is authorized to adopt rules, including emergency rules, for implementing the provisions of section 402 of this act.

## PART V MISCELLANEOUS PROVISIONS

***\*NEW SECTION. Sec. 501. The department of health in cooperation with the department of social and health services may develop a plan for implementing a pilot program for accrediting boarding homes licensed under RCW 18.20.020 with a recognized national nongovernmental accreditation organization or an organization with experience in developing and implementing accreditation programs in at least two states. The pilot plan, if funded, shall be developed with the input of residents, provider representatives, and other vested interest groups. If funded, the plan shall review the overall feasibility of implementation, cost or savings to the department of health, impact on client health and safety, and financial and other impacts to the boarding industry. If funded, the pilot boarding home accreditation plan shall be presented to the***

*appropriate committees of the house of representatives and the senate by January 5, 1998.*

\*Sec. 501 was vetoed. See message at end of chapter.

**NEW SECTION. Sec. 502.** The department of community, trade, and economic development, in collaboration with the organizations designated by state or federal law to provide protection and advocacy and ombuds services for older Americans and people with disabilities using publicly funded long-term care residential services, may conduct a study, make recommendations, and draft legislation necessary to implement changes that will result in a single coordinating umbrella for ombuds and advocacy services that maximizes efficiency, minimizes duplication, and allows for specialization in target populations such as developmental disabilities, older Americans, and mental illness, and assures that the providers of ombuds services have sufficient expertise and experience with target populations and the systems that serve them. The study, if funded, shall include review of all relevant federal and state laws and regulations, including but not limited to the older Americans act, 42 U.S.C. 3001 as amended, the developmental disabilities assistance and bill of rights act as amended, 42 U.S.C. 6000, the protection and advocacy for persons with mental illness act as amended, 42 U.S.C. 10801, the rehabilitation act of 1973 as amended, 29 U.S.C. 701, the long-term care ombudsman statute chapter 43.190 RCW, developmental disabilities statute, Title 71A RCW, and the community mental health services regulations, chapter 275-57 WAC. If funded, the study shall identify the gaps in current ombuds and advocacy services, and develop a cost assessment for implementation of a comprehensive umbrella of ombuds and advocacy services. If funded, the department of community, trade, and economic development shall report to the appropriate committees of the house of representatives and the senate by January 10, 1998.

**NEW SECTION. Sec. 503.** The department of social and health services may review the cost and feasibility of implementing developmental disabilities certification standards for community residential alternatives to ensure that services are adequate for the health, safety, care, treatment, and support of persons with developmental disabilities. The community residential alternatives shall include, but not be limited to, entities that contract or directly provide services with the division of developmental disabilities such as group homes, agency alternative living, intensive and other tenant support services, adult family homes, or boarding homes. Certification standards shall review at a minimum the following areas. Administrative and financial capabilities of the provider, health and safety practices, the opportunities for the individuals served by the programs to have power and choice in their lives, opportunities to develop friendships and relationships, and opportunities to develop self-respect and to gain respect from others, to participate in the community, and to gain independent living skills. If the review is funded, the department shall also recommend whether adult family homes that choose to provide services only to persons with developmental

disabilities should receive special certification or licensure apart from or in place of the existing adult family home license. The review may also recommend the type and amount of provider training necessary to appropriately support persons with developmental disabilities in community residential alternatives. The department may include the assistance of other departments, vested interest groups, and family members in the development of recommendations. If funded, the department shall report to the appropriate committees of the house of representatives and the senate by January 30, 1998.

**NEW SECTION. Sec. 504.** Any section or provision of this act that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the department of health or the department of social and health services. If any section of this act is found to be in conflict with federal requirements that are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, the conflicting part is declared to be inoperative solely to the extent of the conflict. The rules issued under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

**\*NEW SECTION. Sec. 505.** *A new section is added to chapter 43.70 RCW to read as follows:*

*The department of health, and the disciplining authorities as agents of the department of social and health services for purposes of this section in cooperation with the department of social and health services, shall implement a nursing home resident protection program in accordance with guidelines established by the federal health care financing administration. The department of social and health services shall retain authority to review and investigate all allegations of nursing home resident neglect, abuse, and misappropriation of resident property. If the department of social and health services makes a preliminary determination, based upon credible evidence and an investigation by the department, that a licensed, certified, or registered health care provider listed in RCW 18.130.040 and used by the nursing home to provide services to a resident, except for a certified or registered nursing assistant, has neglected or abused a resident or misappropriated a resident's property, the department of social and health services shall immediately refer its determination regarding the individual to the appropriate disciplining authority, as defined in chapter 18.130 RCW. The disciplining authority shall pursue administrative adjudicatory or disciplinary proceedings according to federal timelines and requirements, and consistent with the administrative procedure act, chapter 34.05 RCW. Meeting federal requirements for the resident protection program shall not compromise due process protections when state disciplining authorities take actions against health professionals regulated under the uniform disciplinary act, chapter 18.130 RCW. The secretary of social and health services shall have access to all information concerning any complaint referred under the resident protection*

*program to the secretary of health and the other disciplining authorities. If the department of social and health services determines that the disciplining authority has failed to meet the applicable requirements of federal law for the resident protection program, jurisdiction on the individual case shall revert to the secretary of social and health services for actions under the federal law, which shall not interfere with the action under the uniform disciplinary act. The secretary of social and health services and the secretary of health shall enter into an interagency agreement to implement the provisions of this section. A finding of fact, stipulated finding of fact, agreed order, or final order issued by the disciplining authority that finds the individual health care provider guilty of neglect, abuse, or misappropriation of resident property shall be promptly reported to the department of social and health services.*

*\*Sec. 505 was vetoed. See message at end of chapter.*

***\*NEW SECTION.** Sec. 506. A new section is added to chapter 18.51 RCW to read as follows:*

*The department of social and health services shall retain authority to review and investigate all allegations of nursing home resident neglect, abuse, and misappropriation of resident property. The department of social and health services in cooperation with the department of health and disciplining authorities shall implement a nursing home resident protection program according to guidelines established by the federal health care financing administration. The department of social and health services, as the federally responsible state agency, shall conduct or coordinate the conduct of the most appropriate and timely review and investigation of all credible allegations of nursing home resident neglect, abuse, and misappropriation of resident property. If the department of social and health services makes a preliminary determination, based upon credible evidence and an investigation by the department, that a licensed, certified, or registered health care provider listed in RCW 18.130.040 and used by the nursing home to provide services to a resident, except for a certified or registered nursing assistant, has neglected or abused a resident or misappropriated a resident's property, the department of social and health services shall immediately refer its determination regarding the individual to the department of health or disciplining authority, as defined in RCW 18.130.020. The disciplining authority shall pursue administrative adjudicatory or disciplinary proceedings according to federal timelines and requirements, and consistent with the administrative procedure act, chapter 34.05 RCW. When the department of social and health services determines such proceeding does not meet federal timelines and requirements, the department of social and health services shall have the authority to take federally required actions. Other individuals used by a nursing home, including certified and registered nursing assistants, with a preliminary determination of neglect, abuse, or misappropriation of resident property shall receive notice and the right to an administrative fair hearing from the department of social and health services*

*according to federal timelines and requirements. An individual with a finding of fact, stipulated finding of fact, agreed order, or final order issued by the department of social and health services or the disciplining authority that finds the individual guilty of neglect, abuse, or misappropriation of resident property shall not be employed in the care of and have unsupervised access to vulnerable adults, as defined in chapter 74.34 RCW. Upon receipt from the disciplining authority of a finding of fact, stipulated finding of fact, agreed order, or final order that finds the individual health care provider guilty of neglect, abuse, or misappropriation of resident property, the department of social and health services shall report this information to the nursing home where the incident occurred, the long-term care facility where the individual works, if different, and other entities serving vulnerable adults upon request by the entity.*

\*Sec. 506 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 507. A new section is added to chapter 9A.42 RCW to read as follows:

The legislature finds that there is a significant need to protect children and dependent persons, including frail elder and vulnerable adults, from abuse and neglect by their parents, by persons entrusted with their physical custody, or by persons employed to provide them with the basic necessities of life. The legislature further finds that such abuse and neglect often takes the forms of either withholding from them the basic necessities of life, including food, water, shelter, clothing, and health care, or abandoning them, or both. Therefore, it is the intent of the legislature that criminal penalties be imposed on those guilty of such abuse or neglect. It is the intent of the legislature that a person who, in good faith, is furnished Christian Science treatment by a duly accredited Christian Science practitioner in lieu of medical care is not considered deprived of medically necessary health care or abandoned. (3) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter (~~43.43 RCW of each agency or facility and its~~) of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

**Sec. 524.** RCW 43.43.832 and 1995 c 250 s 2 are each amended to read as follows:

(1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol criminal identification system (~~(may)~~) shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's record for convictions of offenses against children or other persons, convictions for crimes relating to financial exploitation, but only if the victim was a vulnerable adult, adjudications of child abuse in a civil action, the issuance of a protection order against the respondent under chapter 74.34 RCW, and disciplinary board final decisions and any subsequent criminal charges associated with the conduct that is the subject of

the disciplinary board final decision. ~~((When necessary, applicants may be employed on a conditional basis pending completion of such a background investigation.))~~

(2) The legislature also finds that the state board of education may request of the Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the department of social and health services ~~((:))~~ must consider the information listed in subsection (1) of this section in the following circumstances:

(a) When considering persons for state positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults ~~((or))~~:

(b) When licensing ~~((or authorizing such persons or))~~ agencies ~~((pursuant to its authority))~~ or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15~~((:))~~ or 18.51~~((,-18.20, or 72.23))~~ RCW~~((,- or any later enacted statute which purpose is to license or regulate a facility which handles vulnerable adults, must consider the information listed in subsection (1) of this section))~~:

(c) When contracting with individuals or businesses or organizations for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW. ~~((However, when necessary))~~

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

**Sec. 525.** RCW 43.20A.710 and 1993 c 210 s 1 are each amended to read as follows:

(1) The secretary shall investigate the conviction records, pending charges or disciplinary board final decisions of:

((+)) (a) Persons being considered for state employment in positions directly responsible for the supervision, care, or treatment of children or individuals with mental illness or developmental disabilities; and ((2))

(b) Individual providers who are paid by the state for in-home services and hired by individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment, including but not limited to services provided under chapter 74.39A RCW.

(2) The investigation may include an examination of state and national criminal identification data ~~((and the child abuse and neglect register established under chapter 26.44 RCW. The secretary shall provide the results of the state background check on individual providers to the individuals with physical~~

~~disabilities, developmental disabilities, mental illness, or mental impairment who hired them and to their legal guardians, if any)). The secretary shall use the information solely for the purpose of determining the character, suitability, and competence of these applicants ((except that in the case of individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment who employ individual providers, the)),~~

(3) The secretary shall provide the results of the state background check on individual providers to the individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants ((shall be made by the individual with a physical disability, developmental disability, mental illness, or mental impairment)). If an individual elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from employment with the department, then the secretary may deny payment for any subsequent services rendered by the disqualified individual provider.

(4) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose. ((If necessary, persons may be employed on a conditional basis pending completion of the background investigation.))

**Sec. 526.** RCW 18.52C.010 and 1988 c 243 s 1 are each amended to read as follows:

\*Sec. 530 was partially vetoed. See message at end of chapter.

NEW SECTION. Sec. 531. Part headings and captions used in this act are not part of the law.

NEW SECTION. Sec. 532. Section 403 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Passed the House April 27, 1997.

Passed the Senate April 27, 1997.

Approved by the Governor May 16, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 16, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 104, 204, 207, 208, 305, 501, 505, 506, 530(1) and 530(3), Engrossed Second Substitute House Bill No. 1850 entitled:

"AN ACT Relating to the long-term care reorganization and standards of care reform act;"

Section 104

Section 104 creates a joint legislative committee on long-term care oversight with no termination date. The legislature has always established joint committees by resolution, not by statute. A resolution is the appropriate vehicle to create such a committee. For that reason, I have vetoed section 104.

Section 204

Section 204 directs the Department of Social and Health Services ("DSHS") to perform, within available funds, comprehensive assessments of the needs and preferences (including all medical history information, level of personal care needs, and service preferences) of all potential residents of long-term care facilities, whether funded by the state or privately. I have vetoed section 204 because no funding was provided for DSHS to perform assessments on privately funded clients.

Section 207

Section 207 would direct DSHS to make reasonable efforts to contract for at least 180 clients, who would otherwise be served in nursing or assisted living facilities, to instead be served in enhanced adult residential care settings. The section would also tie the payment rate for these enhanced adult residential care clients to a percentage of the statewide average nursing home rate. The 1997-99 budget anticipates the Community Options Program Entry System (COPES) adult residential care program will exceed 800 cases. All of these cases could arguably meet the definition of "enhanced adult residential care", and would thus be eligible for the enhanced rate required under this section. The budget does not provide funds to pay a rate equivalent of 35-40 percent of the nursing home rate for this population.

Additionally, tying the payment rate of one community service to the Medicaid nursing home payment rate would create a situation where one community option would receive rate increases in excess of other equally important community services. For these reasons I have vetoed section 207.

Section 208

Section 208 would allow hospitals the choice not to participate with DSHS in discharge planning. This section weakens the department's ability to comply with the objectives contained in the 1997-99 budget to reduce the Medicaid nursing facility caseload by 480 residents. In cooperating with all hospital discharge planners, department staff are able to initiate financial eligibility determinations and expedite long-term care service authorization and payment. The current partnership between DSHS and hospitals has maximized consumer opportunity to choose the most appropriate long-term care setting. For these reasons I have vetoed section 208.

#### Section 305

Section 305 would direct DSHS to report quarterly to all clients on the types of services used, and charges for the services that would be charged against their estates. I have vetoed this section because no funding was provided and it would not be fair to create an expectation for clients that such reports would be issued.

#### Section 501

Section 501 would permit the Department of Health ("DOH") to develop a plan for a pilot program for accrediting boarding homes through a nationally recognized private accreditation organization. I know of no recognized accreditation organization that provides accreditation for boarding homes, or intends to begin doing so. Since DOH would be unable to develop the plan, I have vetoed this section.

#### Sections 505 and 506

Sections 505 and 506 deal with the nursing home Resident Protection Program operated by DSHS that is part of the Medicaid and Medicare Survey and Certification program. These provisions would require DSHS to refer complaints against licensed, certified or registered health care providers to the appropriate disciplining authority, such as the Nursing Commission or the Medical Quality Assurance Commission, to pursue disciplinary proceedings according to federal timelines and requirements.

DSHS has been operating since September 1995 under a corrective action plan with the Health Care Financing Administration ("HCFA") because of the failure of a previous program that was much like the proposal in Sections 505 and 506. That previous program was deemed out of compliance with federal requirements. HCFA would have to approve the changes made to the program by this legislation and has indicated concern about returning to the old system. These sections would not result in improved services to the residents in nursing homes, would require inefficient and duplicative systems, and would be more costly than current service delivery.

DSHS and DOH are working together to design a system that enhances the opportunity for swift processing and fair adjudication of complaints of abuse, neglect and misappropriation of resident property. I support this effort and believe it will bring about a more coherent system. For the above reasons, I have vetoed sections 505 and 506.

#### Section 530

I have vetoed subsections one and three of Section 530, which are repealers. Subsection 1 repeals the statutory authority for respite care, a valued community care option. Subsection 3 repeals the legislative policy framework that promotes expansion and continuous improvement of home and community services. This is an important part of the overall strategy to provide choices to clients needing long-term care services, and should remain in place.

For these reasons, I have vetoed sections 104, 204, 207, 208, 305, 501, 505, 506, 530(1) and 530(3) of Engrossed Second Substitute House Bill No. 1850.

Sections 213 and 214 of E2SHB 1850 provide for more vigorous inspection of boarding homes and more stringent enforcement once violations are identified. I strongly support these measures to protect the health and safety of boarding home residents. DOH has been authorized in the budget to raise fees to implement this expanded program, and there will need to be expanded appropriation authority in the supplemental budget. I am directing DOH to submit an implementation plan no later than July 1, 1997, outlining how it will phase in the expanded program.

With the exception of sections 104, 204, 207, 208, 305, 501, 505, 506, 530(1) and 530(3), Engrossed Second Substitute House Bill No. 1850 is approved."

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 35.50.030 and 1983 c 303 s 18 are each amended to read as follows:

If on the first day of January in any year, two installments of any local improvement assessment are delinquent, or if the final installment thereof has been delinquent for more than one year, the city or town shall proceed with the foreclosure of the delinquent assessment or delinquent installments thereof by proceedings brought in its own name in the superior court of the county in which the city or town is situate.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the persons whose names appear on the assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the tax rolls of the county assessor as owner of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the treasurer shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due, including foreclosure costs, upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. The city or town treasurer shall file with the clerk of the superior court at the time of commencement of the foreclosure proceeding the affidavit of the person who mailed the notices. This affidavit shall be conclusive proof of compliance with the requirements of this section.

**Sec. 2.** RCW 35.50.040 and 1965 c 7 s 35.50.040 are each amended to read as follows:

When the local improvement assessment is payable in installments, the enforcement of the lien of any installment shall not prevent the enforcement of the lien of any subsequent installment.

A city or town may by general ordinance provide that upon failure to pay any installment due the entire assessment shall become due and payable and the collection thereof enforced by foreclosure: PROVIDED, That the payment of all

delinquent installments together with interest, penalty, and administrative costs at any time before entry of judgment in foreclosure shall extend the time of payment on the remainder of the assessments as if there had been no delinquency or foreclosure. Where foreclosure of two installments of the same assessment on any lot, tract, or parcel is sought, the city or town treasurer shall cause such lot, tract, or parcel to be dismissed from the action, if the installment first delinquent together with interest, penalty, administrative costs, and charges is paid at any time before sale.

**Sec. 3.** RCW 35.50.260 and 1983 c 303 s 21 are each amended to read as follows:

In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080.

**Sec. 4.** RCW 36.29.020 and 1991 c 245 s 5 are each amended to read as follows:

The county treasurer shall keep all moneys belonging to the state, or to any county, in his or her own possession until disbursed according to law. The county treasurer shall not place the same in the possession of any person to be used for any purpose; nor shall he or she loan or in any manner use or permit any person to use the same; but it shall be lawful for a county treasurer to deposit any such moneys in any regularly designated qualified public depository. Any municipal corporation may by action of its governing body authorize any of its funds which are not required for immediate expenditure, and which are in the custody of the county treasurer or other municipal corporation treasurer, to be invested by such treasurer. The county treasurer may invest in savings or time accounts in designated qualified public depositories or in certificates, notes, or bonds of the United States, or other obligations of the United States or its agencies, or of any corporation wholly owned by the government of the United States; in bankers' acceptances purchased on the secondary market, in federal home loan bank notes and bonds, federal land bank bonds and federal national mortgage association notes, debentures and guaranteed certificates of participation, or the obligations of any other government sponsored corporation whose obligations are or may become eligible as collateral for advances to member banks as determined by the board of governors of the federal reserve system or deposit such funds or any portion thereof in investment deposits as defined in RCW 39.58.010 secured by collateral in accordance with the provisions of chapters 39.58 and 39.59 RCW: **PROVIDED**, Five percent of the earnings, with an annual maximum of fifty dollars, on each transaction authorized by the governing body shall be paid as an investment service fee to the office of the county treasurer or other municipal corporation treasurer when the earnings become available to the governing body: **PROVIDED FURTHER**, That if such investment service fee amounts to five dollars or less the county treasurer or other municipal corporation treasurer may waive such fee.

Whenever the funds of any municipal corporation which are not required for immediate expenditure are in the custody or control of the county treasurer, and the governing body of such municipal corporation has not taken any action pertaining to the investment of any such funds, the county finance committee shall direct the county treasurer, under the investment policy of the county finance committee, to invest, to the maximum prudent extent, such funds or any portion thereof in savings or time accounts in designated qualified public depositories or in certificates, notes, or bonds of the United States, or other obligations of the United States or its agencies, or of any corporation wholly owned by the government of the United States, in bankers' acceptances purchased on the secondary market, in federal home loan bank notes and bonds, federal land bank bonds and federal national mortgage association notes, debentures and guaranteed certificates of

participation, or the obligations of any other government sponsored corporation whose obligations are or may become eligible as collateral for advances to member banks as determined by the board of governors of the federal reserve system or deposit such funds or any portion thereof in investment deposits as defined in RCW 39.58.010 secured by collateral in accordance with the provisions of chapters 39.58 and 39.59 RCW: PROVIDED, That the county treasurer shall have the power to select the specific qualified financial institution in which the funds may be invested. The interest or other earnings from such investments or deposits shall be deposited in the current expense fund of the county and may be used for general county purposes. The investment or deposit and disposition of the interest or other earnings therefrom authorized by this paragraph shall not apply to such funds as may be prohibited by the state Constitution from being so invested or deposited.

Sec. 5. RCW 36.34.090 and 1991 c 363 s 69 are each amended to read as follows:

Whenever county property is to be sold at public auction, consignment auction, or sealed bid, the county (~~auditor~~) treasurer or the county treasurer's designee shall publish notice thereof once during each of two successive calendar weeks in a newspaper of general circulation in the county. Notice thereof must also be posted in a conspicuous place in the courthouse. The posting and date of first publication must be at least ten days before the day fixed for the sale.

Sec. 6. RCW 36.36.045 and 1987 c 381 s 2 are each amended to read as follows:

The county shall have a lien for any delinquent fees imposed for the withdrawal of subterranean water or on-site sewage disposal, which shall attach to the property to which the fees were imposed, if the following conditions are met:

(1) At least eighteen months have passed since the first billing for a delinquent fee installment; and

(2) At least three billing notices and a letter have been mailed to the property owner, within the period specified in subsection (1) of this section, explaining that a lien may be imposed for any delinquent fee installment that has not been paid in that period.

The lien shall otherwise be subject to the provisions of chapter 36.94 RCW related to liens for delinquent charges. The county shall record liens for any delinquent fees in the office of the county auditor. Failure on the part of the county to record the lien does not affect the validity of the lien.

Sec. 7. RCW 36.88.220 and 1967 ex.s. c 145 s 63 are each amended to read as follows:

All counties may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its road improvement district bonds and warrants issued to pay for any road improvement ordered under this chapter. If the (~~board of county commissioners~~) county legislative authority shall determine to establish such fund it shall be designated ". . . . county road improvement guaranty fund" and from moneys available for

road purposes such county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in ~~((obligations of the government of the United States or of this state))~~ accordance with the laws relating to county investments.

Sec. 8. RCW 36.88.230 and 1983 c 167 s 96 are each amended to read as follows:

Whenever there shall be paid out of a guaranty fund any sum on account of principal or interest of a road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from ~~((bank deposits or government securities))~~ investment of the fund, as well as any surplus remaining in any local improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such road improvement fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against a guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for road purposes for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of the guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the guaranty fund. Said fund shall be subrogated to the rights of the county, and the county, acting on behalf of said fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After so acquiring title to real property, a county may lease or sell and convey the same at public or private

sale for such price and on such terms as may be determined by resolution of the county legislative body, and all proceeds resulting from such sales shall belong to and be paid into the guaranty fund.

**Sec. 9.** RCW 36.94.150 and 1975 1st ex.s. c 188 s 3 are each amended to read as follows:

All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, and penalties and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the ~~((treasurer))~~ auditor of the county at which time the lien shall attach.

Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. Costs associated with the foreclosure of the lien, including but not limited to advertising, title report, and personnel costs, shall be added to the lien upon filing of the foreclosure action. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney's fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens.

**Sec. 10.** RCW 53.36.050 and 1959 c 52 s 2 are each amended to read as follows:

The county treasurer acting as port treasurer shall create a fund to be known as the "Port of . . . . . Fund," into which shall be paid all money received by him from the collection of taxes in behalf of such port district, and shall also maintain such other special funds as may be created by the port commission into which shall be placed such moneys as the port commission may by its resolution direct. All such port funds shall be deposited with the county depositories under the same restrictions, contracts and security as is provided by statute for county depositories and all interest collected on such port funds shall belong to such port district and shall be deposited to its credit in the proper port funds: PROVIDED, That any portion of such port moneys determined by the port commission to be in excess of the current needs of the port district may be invested ~~((in certificates, notes, bonds, or other obligations of the United States of America, or any agency or instrumentality thereof))~~ by the county treasurer in accordance with RCW 36.29.020, RCW 36.29.022, and chapter 39.59 RCW, and all interest collected thereon shall likewise belong to such port district and shall be deposited to its credit in the proper port funds.

Sec. 11. RCW 58.08.040 and 1994 c 301 s 16 are each amended to read as follows:

Prior to any person ((filing)) recording a plat, replat, altered plat, or binding site plan subsequent to May 31st in any year and prior to the date of the collection of taxes in the ensuing year, the person shall deposit with the county treasurer a sum equal to the product of the county assessor's latest valuation on the property less improvements in such subdivision multiplied by the current year's dollar rate increased by twenty-five percent on the property platted. The treasurer's receipt shall be evidence of the payment. The treasurer shall appropriate so much of the deposit as will pay the taxes and assessments on the property when the levy rates are certified by the assessor using the value of the property at the time of filing a plat, replat, altered plat, or binding site plan, and in case the sum deposited is in excess of the amount necessary for the payment of the taxes and assessments, the treasurer shall return, to the party depositing, the amount of excess.

Any person desiring to pay on an undivided interest in any

**NEW SECTION. Sec. 17.** A new section is added to chapter 84.40 RCW to read as follows:

(1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30 of the year following the recording of the plat, replat, altered plat, or binding site plan. The value established shall be the value of the lot as of January 1 of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030. For purposes of this section, "current year taxes" means taxes that are collectable under RCW 84.56.010 subsequent to February 14.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after the effective date of this section as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after the effective date of this section as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.

**Sec. 18.** RCW 84.69.020 and 1996 c 296 s 2 are each amended to read as follows:

On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

- (1) Paid more than once; or
- (2) Paid as a result of manifest error in description; or
- (3) Paid as a result of a clerical error in extending the tax rolls; or
- (4) Paid as a result of other clerical errors in listing property; or
- (5) Paid with respect to improvements which did not exist on assessment date;

or

(6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;

(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest; or

(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board; or

(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order; or

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding; or

(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2); or

(14) Paid on the basis of an assessed valuation that was reduced under RCW 84.48.065.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in (~~January~~) February of each year, report to the county legislative authority a list of all refunds made under this

section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund.

**Sec. 19.** RCW 36.29.190 and 1996 c 153 s 3 are each amended to read as follows:

County treasurers are authorized to accept credit cards, charge cards, debit cards, smart cards, stored value cards, federal wire, and automatic clearinghouse system transactions, or other electronic communication, for any payment of any kind including, but not limited to, taxes, fines, interest, penalties, special assessments, fees, rates, charges, or moneys due counties. A payer desiring to pay by a credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication shall bear the cost of processing the transaction in an amount determined by the treasurer, unless the county legislative authority finds that it is in the best interests of the county to not charge transaction processing costs for all payment transactions made for a specific category of nontax payments due the county, including, but not limited to, fines, interest not associated with taxes, penalties not associated with taxes, special assessments, fees, rates, and charges. ~~((Such))~~ The treasurer's cost determination shall be based upon costs incurred by the treasurer ((including handling, collecting, discount, disbursing, and accounting for the transaction)) and may not, in any event, exceed the additional direct costs incurred by the county to accept the specific form of payment utilized by the payer.

**Sec. 20.** RCW 84.55.005 and 1994 c 301 s 49 are each amended to read as follows:

As used in this chapter, the term "regular property taxes" has the meaning given it in RCW 84.04.140(~~(, and also includes amounts received in lieu of regular property taxes)~~).

**NEW SECTION.** **Sec. 21.** The following acts or parts of acts are each repealed:

- (1) RCW 36.29.150 and 1963 c 4 s 36.29.150; and
- (2) RCW 36.33.180 and 1963 c 4 s 36.33.180.

***\*NEW SECTION.*** **Sec. 22.** *(1) Section 12 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.*

*(2) Section 13 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.*

\*Sec. 22 was vetoed. See message at end of chapter.

***\*NEW SECTION.*** **Sec. 23.** *Section 12 of this act expires July 1, 1997.*

\*Sec. 23 was vetoed. See message at end of chapter.

Passed the Senate April 21, 1997.

Passed the House April 8, 1997.

Approved by the Governor May 16, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 16, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 12, 13, 22, and 23, Substitute Senate Bill No. 5028 entitled:

"AN ACT Relating to county treasury management;"

This legislation is a technical bill that cleans up antiquated statutes, amends statutes to reflect existing practices, and simplifies the administration of county treasurers' duties.

I fully support the intent and practice described in sections 12, 13, 22, and 23 of this bill, however, they are duplicative of sections of Substitute House Bill No. 1003, which I have already signed into law.

For these reasons, I have vetoed sections 12, 13, 22, and 23 Substitute Senate Bill No. 5028.

With the exception of sections 12, 13, 22, and 23, Substitute Senate Bill No. 5028 is approved."

## CHAPTER 394

{Senate Bill 5034}

### GAMBLING—MANAGEMENT AND OPERATION OF ACTIVITIES OF CHARITABLE AND NONPROFIT ORGANIZATIONS—PUNCH BOARDS AND PULL-TABS

AN ACT Relating to gambling; and amending RCW 9.46.0209, 9.46.0205, 9.46.120, and 9.46.110.

Be it enacted by the Legislature of the State of Washington:

**\*Sec. 1. RCW 9.46.0209 and 1987 c 4 s 4 are each amended to read as follows:**

**"Bona fide charitable or nonprofit organization," as used in this chapter, means: (1) Any organization duly existing under the provisions of chapters 24.12, 24.20, or 24.28 RCW, any agricultural fair authorized under the provisions of chapters 15.76 or 36.37 RCW, or any nonprofit corporation duly existing under the provisions of chapter 24.03 RCW for charitable, benevolent, eleemosynary, educational, civic, patriotic, political, social, fraternal, athletic or agricultural purposes only, or any nonprofit organization, whether incorporated or otherwise, when found by the commission to be organized and operating for one or more of the aforesaid purposes only, all of which in the opinion of the commission have been organized and are operated primarily for purposes other than the operation of gambling activities authorized under this chapter; or (2) any corporation which has been incorporated under Title 36 U.S.C. and whose principal purposes are to furnish volunteer aid to members of the armed forces of the United States and also to carry on a system of national and international relief and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods, and other national calamities and to devise and carry on measures for preventing the same. Such an organization must have been**

*organized and continuously operating for at least twelve calendar months immediately preceding making application for any license to operate a gambling activity, or the operation of any gambling activity authorized by this chapter for which no license is required. It must have not less than ~~((fifteen))~~ seven bona fide active members each with the right to an equal vote in the election of the officers, or board members, if any, who determine the policies of the organization in order to receive a gambling license. An organization must demonstrate to the commission that it has made significant progress toward the accomplishment of the purposes of the organization during the twelve consecutive month period preceding the date of application for a license or license renewal. The fact that contributions to an organization do not qualify for charitable contribution deduction purposes or that the organization is not otherwise exempt from payment of federal income taxes pursuant to the internal revenue code of 1954, as amended, shall constitute prima facie evidence that the organization is not a bona fide charitable or nonprofit organization for the purposes of this section.*

*Any person, association or organization which pays its employees, including members, compensation other than is reasonable therefor under the local prevailing wage scale shall be deemed paying compensation based in part or whole upon receipts relating to gambling activities authorized under this chapter and shall not be a bona fide charitable or nonprofit organization for the purposes of this chapter.*

*\*Sec. 1 was vetoed. See message at end of chapter.*

*\*Sec. 2. RCW 9.46.0205 and 1987 c 4 s 3 are each amended to read as follows:*

*(1) "Bingo," as used in this chapter, means a game (~~((conducted only in the county within which the organization is principally located))~~) in which prizes are awarded on the basis of designated numbers or symbols on a card conforming to numbers or symbols selected at random and in which no cards are sold except at the time and place of ~~((said))~~ the game, ~~((when said))~~ except as authorized by the commission for joint bingo games.*

*(2) The game ~~((is))~~ shall be conducted only by:*

*(a) A bona fide charitable or nonprofit organization which does not conduct or allow its premises to be used for conducting bingo on more than three occasions per week and which does not conduct bingo in any location which is used for conducting bingo on more than three occasions per week~~((;))~~; or ~~((if))~~*

*(b) An agricultural fair authorized under chapters 15.76 and 36.37 RCW, which does not conduct bingo on more than twelve consecutive days in any calendar year~~((; and))~~.*

*(3) Except in the case of any agricultural fair as authorized under chapters 15.76 and 36.37 RCW, no person other than a bona fide member or an employee of ~~((said))~~ the organization ~~((takes))~~ may take any part in the management or operation of ~~((said))~~ the game unless approved by the commission, and no*

person who takes any part in the management or operation of ~~((said))~~ the game ~~((takes))~~ may take any part in the management or operation of any game conducted by any other organization or any other branch of the same organization~~((;))~~ unless approved by the commission~~((, and))~~.

(4) No part of the proceeds ~~((thereof))~~ from a bingo game may inure to the benefit of any person other than the organization conducting ~~((said))~~ the game.

(5) A bingo game must be conducted only in the county where the sponsoring organization is principally located, except as authorized by the commission for joint bingo games. For the purposes of this section, the organization shall be deemed to be principally located in the county within which it has its primary business office. If the organization has no business office, the organization shall be deemed to be located in the county of principal residence of its chief executive officer~~((; PROVIDED, That))~~. Any organization which is conducting any licensed and established bingo game in any locale as of January 1, 1981, shall be exempt from the requirement that such game be conducted in the county in which the organization is principally located.

(6) The commission may authorize joint bingo games conducted by two or more bona fide charitable or nonprofit organizations if the prizes are pooled and the games are conducted during each organization's normal period of operation. The commission may adopt rules for the operation, management, and location of the games.

\*Sec. 2 was vetoed. See message at end of chapter.

Sec. 3. RCW 9.46.120 and 1987 c 4 s 40 are each amended to read as follows:

(1) Except in the case of an agricultural fair as authorized under chapters 15.76 and 36.37 RCW, no person other than a member of a bona fide charitable or nonprofit organization (and their employees) or any other person, association or organization (and their employees) approved by the commission, shall take any part in the management or operation of any gambling activity authorized under this chapter~~((, and))~~ unless approved by the commission. No person who takes any part in the management or operation of any such gambling activity shall take any part in the management or operation of any gambling activity conducted by any other organization or any other branch of the same organization~~((;))~~ unless approved by the commission~~((, and))~~. No part of the proceeds ~~((thereof))~~ of the activity shall inure to the benefit of any person other than the organization conducting such gambling activities or if such gambling activities be for the charitable benefit of any specific persons designated in the application for a license, then only for such specific persons as so designated.

(2) No bona fide charitable or nonprofit organization or any other person, association or organization shall conduct any gambling activity authorized under this chapter in any leased premises if rental for such premises is unreasonable or to be paid, wholly or partly, on the basis of a percentage of the receipts or profits derived from such gambling activity.

Sec. 4. RCW 9.46.110 and 1994 c 301 s 2 are each amended to read as follows:

(1) The legislative authority of any county, city-county, city, or town, by local law and ordinance, and in accordance with the provisions of this chapter and rules ~~((and regulations promulgated hereunder))~~ adopted under this chapter, may provide for the taxing of any gambling activity authorized by this chapter within its jurisdiction, the tax receipts to go to the county, city-county, city, or town so taxing the ~~((same: PROVIDED, That))~~ activity. Any such tax imposed by a county alone shall not apply to any gambling activity within a city or town located ~~((therein))~~ in the county but the tax rate established by a county, if any, shall constitute the tax rate throughout the unincorporated areas of such county ~~((:—PROVIDED FURTHER, That (1) punch boards and pull-tabs, chances on which shall)),~~

(2) The operation of punch boards and pull-tabs are subject to the following conditions:

(a) Chances may only be sold to adults~~((, which shall have a fifty-cent limit on a single chance thereon, shall be taxed on a basis which shall reflect only the gross receipts from such punch boards and pull-tabs; and (2)))~~;

(b) The price of a single chance may not exceed one dollar;

(c) No punch board or pull-tab license may award as a prize upon a winning number or symbol being drawn the opportunity of taking a chance upon any other punch board or pull-tab; ~~((and (3)))~~

(d) All prizes ~~((for punch boards and pull-tabs))~~ available to be won must be described on an information flare. All merchandise prizes must be on display within the immediate area of the premises ~~((wherein))~~ in which any such punch board or pull-tab is located ~~((and)),~~ Upon a winning number or symbol being drawn, (such) a merchandise prize must be immediately removed ~~((therefrom))~~ from the display and awarded to the winner. All references to cash or merchandise prizes, with a value over twenty dollars, must be removed immediately from the information flare when won, or such omission shall be deemed a fraud for the purposes of this chapter; and ~~((4))~~

(e) When any person ~~((shall win over twenty dollars in))~~ wins money or merchandise from any punch board or pull-tab over an amount determined by the commission, every licensee ~~((hereunder))~~ shall keep a public record ~~((thereof))~~ of the award for at least ninety days ~~((thereafter))~~ containing such information as the commission shall deem necessary ~~((:—AND PROVIDED FURTHER, That)),~~

(3)(a) Taxation of bingo and raffles shall never be in an amount greater than ten percent of the gross ~~((revenue received therefrom))~~ receipts from a bingo game or raffle less the amount ~~((paid for or))~~ awarded as cash or merchandise prizes.

(b) Taxation of amusement games shall only be in an amount sufficient to pay the actual costs of enforcement of the provisions of this chapter by the county, city or town law enforcement agency and in no event shall such taxation exceed two percent of the gross ~~((revenue therefrom))~~ receipts from the amusement game less the amount ~~((paid for))~~ awarded as prizes ~~((:—PROVIDED FURTHER, That)),~~

(c) No tax shall be imposed under the authority of this chapter on bingo or amusement games when such activities or any combination thereof are conducted by any bona fide charitable or nonprofit organization as defined in this chapter, which organization has no paid operating or management personnel and has gross ((income)) receipts from bingo or amusement games, or a combination thereof, not exceeding five thousand dollars per year, less the amount ((paid for)) awarded as cash or merchandise prizes.

(d) No tax shall be imposed on the first ten thousand dollars of ((net proceeds)) gross receipts less the amount awarded as cash or merchandise prizes from raffles conducted by any bona fide charitable or nonprofit organization as defined in this chapter.

(e) Taxation of punch boards and pull-tabs for bona fide charitable or nonprofit organizations is based on gross receipts from the operation of the games less the amount awarded as cash or merchandise prizes, and shall not exceed ((five)) a rate of ten percent ((of gross receipts, nor shall)). At the option of the county, city-county, city, or town, the taxation of punch boards and pull-tabs for commercial stimulant operators may be based on gross receipts from the operation of the games, and may not exceed a rate of five percent, or may be based on gross receipts from the operation of the games less the amount awarded as cash or merchandise prizes, and may not exceed a rate of ten percent.

(f) Taxation of social card games may not exceed twenty percent of the gross revenue from such games.

(4) Taxes imposed under this chapter become a lien upon personal and real property used in the gambling activity in the same manner as provided for under RCW 84.60.010. The lien shall attach on the date the tax becomes due and shall relate back and have priority against real and personal property to the same extent as ad valorem taxes.

Passed the Senate April 27, 1997.

Passed the House April 27, 1997.

Approved by the Governor May 16, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 16, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1 and 2, Senate Bill No. 5034 entitled:

"AN ACT Relating to gambling;"

This legislation combines several provisions relating to authorized gambling activities for bona fide nonprofit or charitable organizations and to authorized gambling activities for commercial stimulant licensees.

Section 1 would reduce the minimum number of members that a charitable organization must have in order to conduct authorized gambling activities from 15 to seven. This limitation is on the number of active members in the organization and not on the number of board members. I am concerned that if this change is made, it will encourage small groups of people to form nonprofit organizations for the primary purpose of engaging in charitable gaming activities, in violation of the gambling code.

Section 2 would authorize charitable or nonprofit organizations to operate joint bingo games in which the prizes are pooled during their normal days of operation. Despite agreements that have been reached between the association representing charitable gaming licensees and the Washington State Gambling Commission regarding limitations that could be placed on joint bingo operations to ensure better control, I am concerned that this change in the law would make high stakes gambling even more accessible to the public than it already is. Although I sympathize with the difficulty sometimes encountered by charitable organizations in raising funds for very important causes, this concern does not justify an expansion of authorized gambling in this state.

For these reasons, I have vetoed sections 1 and 2 of Senate Bill No. 5034. With the exception of sections 1 and 2, Senate Bill No. 5034 is approved."

[Substitute Senate Bill 5462]

### LOCAL PROJECT REVIEW PERMIT TIMELINES—COMBINATION OF NOTICES

AN ACT Relating to local government permit timelines; and amending RCW 36.70B.110.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 36.70B.110 and 1995 c 347 s 415 are each amended to read as follows:

(1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a threshold determination (~~(of significance)~~) under chapter 43.21C RCW concurrently with the notice of application, the notice of application (~~(shall)~~) may be combined with the threshold determination (~~(of significance)~~) and the scoping notice for a determination of significance. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70B.070 and include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 or 36.70B.090;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW 36.70B.040; and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and

(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless a public comment period or an open record predecision hearing is required.

(6) A local government shall integrate the permit procedures in this section with environmental review under chapter 43.21C RCW as follows:

(a) Except for a threshold determination (~~(of significance)~~), the local government may not issue (~~(its threshold determination, or issue)~~) a decision or a recommendation on a project permit until the expiration of the public comment period on the notice of application.

(b) If an open record predecision hearing is required and the local government's threshold determination requires public notice under chapter 43.21C RCW, the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.

(c) Comments shall be as specific as possible.

(7) A local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency provided that the hearing is held within the geographic boundary of the local government. Hearings shall be combined if requested by an applicant, as long as the joint hearing can be held within the time periods specified in RCW 36.70B.090 or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;

(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and

(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision, combined with any environmental determinations, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations.

Passed the Senate March 11, 1997.

Passed the House April 23, 1997.

Approved by the Governor May 16, 1997.

(b) If a credit union has been in operation for less than four years or has assets of less than five hundred thousand dollars, it shall reserve ten percent of gross income until the regular reserve together with the allowance for loan loss equals seven and one-half percent of outstanding loans and then shall reserve five percent of gross income until the regular reserve together with the allowance for loan loss equals ten percent of outstanding loans.

(c) The director may authorize a credit union falling under subsection (2)(b) of this section to follow the reserving requirements for credit unions falling under subsection (2)(a) of this section.

(d) In computing outstanding loans for purposes of reserving, a credit union may exclude loans secured by shares and loans insured or guaranteed by the federal government or the government of this state to the extent of the security, insurance, or guarantee.

(3) When the regular reserve falls below the percentage of outstanding loans required under subsection (2) of this section, a credit union shall replenish the regular reserve by again reserving a portion of gross income as set forth in subsection (2) of this section.

(4) The regular reserve and the investment~~((s))~~ thereof ~~((shall))~~ must be held to meet contingencies or losses in the business of the credit union and ~~((shall))~~ may not be distributed to its members except in the case of ~~((dissolution))~~ liquidation or with the permission of the director.

**Sec. 39.** RCW 31.12.465 and 1994 c 92 s 201 are each amended to read as follows:

(1) The director may~~((if deemed necessary,))~~ require a credit union to establish a liquidity reserve of up to five percent of ~~((unimpaired capital))~~ total shares, deposits, and capital. The liquidity reserve ~~((shall))~~ must be in cash or investments with maturities of one year or less.

(2) The director may require a credit union to charge off or set up a special reserve fund for delinquent loans or other assets.

**Sec. 40.** RCW 31.12.695 and 1994 c 256 s 91 and 1994 c 92 s 220 are each reenacted and amended to read as follows:

(1) For purposes of this section, the merging credit union is the credit union whose charter ceases to exist upon ~~((merging))~~ merger with the continuing credit union. The continuing credit union is the credit union whose charter continues upon ~~((merging))~~ merger with the merging credit union.

(2) A credit union may be merged with another credit union with the approval of the director and in accordance with requirements the director may prescribe. The merger ~~((shall))~~ must be approved by a two-thirds majority vote of the board of each credit union and a two-thirds majority vote of those members of the merging credit union voting on the merger at a ~~((special))~~ membership meeting ~~((called by the merging credit union board or by mail ballot))~~. The requirement of

approval by the members of the merging credit union may be waived by the director if ~~((in the director's opinion))~~ the merging credit union is in imminent danger of insolvency.

(3) The property, rights, and interests of the merging credit union transfer to and vest in the continuing credit union without deed, endorsement, or instrument of transfer, although instruments of transfer may be used if their use is deemed appropriate. The debts and obligations of the merging credit union that are known or reasonably should be known are assumed by the continuing credit union. The continuing credit union shall cause to be published notice of merger once a week for three consecutive weeks in a newspaper of general circulation in the county in which the principal place of business of the merging credit union is located. The notice of merger ~~((shall))~~ must also inform creditors of the merging credit union how to make a claim on the continuing credit union, and that if a claim is not made upon the continuing credit union within thirty days of the last date of publication, creditors' claims that are not known by the continuing credit union may be barred. Unless a claim is filed as requested by the notice, or unless the debt or obligation is known or reasonably should be known by the continuing credit union, the debts and obligations of the merging credit union are discharged. Upon merger, the charter of the merging credit union ceases to exist.

Sec. 41. RCW 31.12.705 and 1994 c 92 s 221 are each amended to read as follows:

The meeting shall be held within thirty days of being called and the secretary shall notify the members and the director of the meeting and its purpose as provided by the bylaws at least twenty days prior to the meeting)).~~

(2) If the conversion is approved by the members, a copy of the resolution certified by the board ~~((shall))~~ must be filed with the director within ten days of approval. The board may effect the conversion ~~((from a state chartered credit union to a federal chartered credit union))~~ upon terms agreed by the board and the ~~((proper))~~ federal ~~((authorities as provided by federal laws, rules, and regulations))~~ regulator.

(3) A certified copy of the federal credit union charter or authorization issued ~~((to the credit union))~~ by the ~~((proper))~~ federal ~~((authority shall))~~ regulator must be filed ~~((in))~~ with the ~~((director's office))~~ director and thereupon the ~~((state-chartered))~~ credit union ceases to exist except for the purpose of winding up its affairs and prosecuting or defending any litigation by or against the ~~((state-chartered))~~ credit union. For all other purposes, the credit union is converted into a ~~((federal chartered))~~ federal credit union and the ~~((state-chartered))~~ credit union may execute, acknowledge, and deliver to the successor federal credit union the

instruments of transfer, conveyance, and assignment that are necessary or desirable to complete the conversion, and the property, tangible or intangible, and all rights, titles, and interests that are agreed to by the board and the ~~((proper))~~ federal ~~((authorities))~~ regulator.

(4) Procedures, similar to those contained in subsections (1) through (3) of this section, prescribed by the director ~~((shall))~~ must be followed when a credit union ~~((chartered under the laws of this state))~~ merges ~~((with))~~ or converts ~~((to a credit union chartered under the laws of another state))~~ into an out-of-state or foreign credit union.

Sec. 42. RCW 31.12.715 and 1994 c 92 s 222 are each amended to read as follows:

(2) The board of the federal credit union shall file with the director proposed articles of incorporation and ~~((proposed))~~ bylaws, as provided by this chapter for organizing a new ~~((state-chartered))~~ credit union. If approved by the director, the ~~((federal-chartered))~~ federal credit union ~~((shall))~~ become a ~~((state-chartered))~~ credit union under the laws of this state, and the assets and liabilities of the federal credit union will vest in and become the property of the successor ~~((state-chartered))~~ credit union subject to all existing liabilities against the ~~((federal-chartered))~~ federal credit union. ~~((Shareholders and))~~ Members of the federal credit union may become ~~((shareholders and))~~ members of the successor ~~((state-chartered))~~ credit union.

(3) Procedures, similar to those contained in subsections (1) and (2) of this section, prescribed by the director ~~((shall))~~ must be followed when ~~((a))~~ an out-of-state or foreign credit union ~~((chartered under the laws of another state))~~ wishes to merge ~~((with))~~ or convert ~~((to))~~ into a credit union ~~((chartered under the laws of this state))~~ organized and operating under this chapter.

Sec. 43. RCW 31.12.526 and 1994 c 256 s 88 and 1994 c 92 s 205 are each reenacted and amended to read as follows:

(1) ~~((A))~~ An out-of-state or foreign credit union ~~((organized and qualified as a credit union in another state which has not had its authority to operate in another state suspended or revoked may operate as a credit union under this chapter if))~~ may not operate a branch in Washington unless:

(a) The director has approved ~~((an))~~ its application to do business in this state;

(b) A credit union ~~((organized under the laws of this state))~~ is permitted to do business in the state or jurisdiction in which the ~~((credit union))~~ applicant is organized;

(c) The interest rate charged by the ~~((credit union))~~ applicant on loans made to members residing in this state does not exceed the maximum interest rate

permitted in the state or jurisdiction in which the ~~((credit union))~~ applicant is organized, or exceed the maximum interest rate ~~((which))~~ that a credit union ~~((organized in this state))~~ organized and operating under this chapter is permitted to charge on similar loans, whichever is lower;

(d) The ~~((credit union))~~ applicant has secured surety bond and fidelity bond coverages satisfactory to the director;

(e) The ~~((credit union has secured for the))~~ applicant's share and deposit accounts ~~((of its members insurance or other surety satisfactory to the director))~~ are insured under the federal share insurance program or an equivalent share insurance program in compliance with RCW 31.12.039 (as recodified by this act);

(f) The ~~((credit union))~~ applicant submits to the director an annual ~~((audit or))~~ examination report of its most recently completed fiscal year; ~~((and))~~

(g) The applicant has not had its authority to operate in another state or jurisdiction suspended or revoked;

(h) If the applicant is a foreign credit union;

(i) A treaty or agreement between the United States and the jurisdiction where the applicant is organized requires the director to permit the applicant to operate a branch in Washington; and

(ii) The director determines that the applicant has substantially the same characteristics as a credit union organized and operating under this chapter; and

(i) The ~~((credit union))~~ applicant complies with all other ~~((applicable))~~ provisions of this chapter and rules adopted by the director, except as otherwise permitted by this section.

(2) The director shall ~~((disapprove))~~ deny an application filed under this section or, upon ~~((reasonable))~~ notice and an opportunity for hearing, suspend or revoke the approval of an application, if the director finds that the standards of organization, operation, and regulation of the ~~((credit union))~~ applicant do not reasonably conform with the standards under this chapter ~~((or that at least fifty percent of the members of the credit union are, or are reasonably expected to be, residents of this state))~~. In considering the standards of organization, operation, and regulation of the ~~((credit union))~~ applicant, the director may consider the laws ~~((and regulations))~~ of the state or jurisdiction in which the ~~((credit union))~~ applicant is organized. A decision under this subsection may be appealed under chapter 34.05 RCW.

(3) In implementing this section, the director may cooperate with ~~((the administrators of the))~~ credit union ~~((laws))~~ regulators in other states or jurisdictions and may share with the ~~((administrators))~~ regulators the information received in the administration of this chapter.

(4) The director may enter into supervisory agreements with out-of-state and foreign credit unions and their regulators to prescribe the applicable laws governing the powers and authorities of Washington branches of the out-of-state or foreign credit unions. The director may also enter into supervisory agreements with the credit union regulators in other states or jurisdictions to prescribe the

applicable laws governing the powers and authorities of out-of-state or foreign branches and other facilities of credit unions.

The agreements may address, but are not limited to, corporate governance and operational matters. The agreements may resolve any conflict of laws, and specify the manner in which the examination, supervision, and application processes must be coordinated with the regulators.

The director ~~((shall))~~ may adopt rules for the periodic examination and investigation of the affairs of an out-of-state or foreign credit union operating in this state. The costs of examination and supervision ~~((shall))~~ must be fully borne by the out-of-state or foreign credit union.

Sec. 44. RCW 31.12.725 and 1994 c 92 s 223 are each amended to read as follows:

(1) At a special board meeting ~~((specially))~~ called for the purpose of liquidation, and upon the recommendation of at least two-thirds of the total members of the board of a credit union, the members of a credit union may elect to liquidate the credit union by a two-thirds majority vote of ~~((the))~~ those members ~~((present elect to liquidate the credit union))~~ voting.

(2) Upon a vote to liquidate under subsection (1) of this section, a three-person liquidating committee ~~((of three shall))~~ must be elected to liquidate the assets of the credit union. The committee shall act ~~((under the direction))~~ in accordance with any requirements of the director and may be reasonably compensated by the board of the credit union. Each share ~~((of))~~ account holder and depositor at the credit union ~~((shall be))~~ is entitled to his, her, or its proportionate part of the assets in liquidation after all shares, deposits, and debts have been paid. The proportionate allocation shall be based on account balances as of a date determined by the board. For the purposes of liquidation, shares and deposits are equivalent. The assets of the liquidating credit union ~~((shall))~~ are not ~~((be))~~ subject to contingent liabilities. Upon distribution of the assets, the credit union ~~((shall))~~ ceases to exist except for the purpose of discharging existing liabilities and obligations.

(3) Funds representing unclaimed dividends in liquidation and remaining in the hands of the liquidating committee for six months after the date of the final dividend ~~((shall))~~ must be deposited, together with all the books and papers of the credit union, with the director. The director may, one year after receipt, destroy such records, books, and papers as, in the director's judgment, are obsolete or unnecessary for future reference. The funds may be deposited in one or more ~~((trust companies, mutual savings banks, savings and loan associations, or national or state banks))~~ financial institutions to the credit of the director, in trust for the members of the ~~((liquidating))~~ credit union entitled to the funds. The director may pay ~~((to))~~ a ~~((person entitled to it that person's))~~ portion of the funds to a person upon ~~((the))~~ receipt of satisfactory evidence that the person is entitled to ~~((a portion of))~~ the funds. In case of doubt or ~~((of))~~ conflicting claims, the director may require an order of the superior court of the county in which the principal place of business of the credit union was located, authorizing and directing the payment of

the funds. The director may apply the interest earned by the funds toward defraying the expenses incurred in the holding and paying of the funds. Five years after the receipt of the funds, the funds still remaining with the director ~~((shall))~~ must be ((eseheated)) remitted to the state as unclaimed property.

Sec. 45. RCW 31.12.516 and 1994 c 92 s 204 are each amended to read as follows:

(1) The powers of supervision and examination of credit unions and other persons subject to this chapter and chapters 31.12A and 31.13 RCW are vested in the director. The director shall require each credit union to conduct business in compliance with this chapter and other laws that apply to credit unions, and has the power to commence and prosecute actions and proceedings, to enjoin violations, and to collect sums due the state of Washington from a credit union ~~((authorized to conduct business under this chapter)).~~

(2) The director may adopt such rules as are reasonable or necessary to carry out the purposes of this chapter and chapters 31.12A and 31.13 RCW. Chapter 34.05 RCW will, whenever applicable, govern the rights, remedies, and procedures respecting the administration of this chapter.

(3) The director shall have the power and broad administrative discretion to administer and interpret the provisions of this chapter and chapters 31.12A and 31.13 RCW, to facilitate the delivery of financial services to the members of a credit union.

(4) The director may charge fees to credit unions and other persons subject to this chapter and chapters 31.12A and 31.13 RCW, in order to cover the costs of the operation of the division of credit unions, and to establish a reasonable reserve for the division. The director may waive all or a portion of such fees.

Sec. 46. RCW 31.12.545 and 1994 c 92 s 207 are each amended to read as follows:

(1) The director shall make an examination and ~~((full))~~ investigation into the affairs of each credit union at least once every eighteen months, unless the director determines with respect to a credit union, that a less frequent examination schedule will satisfactorily protect the financial stability of the credit union and will satisfactorily assure compliance with the provisions of this chapter. ~~((The actual cost of examination and supervision shall be paid by the credit union examined. The director may waive all or a portion of the examination costs payable by the credit union, in light of the time and expense of the examination and the ability of the credit union to pay the costs. The examination costs with respect to the first examination of a credit union with assets under two hundred thousand dollars shall not be payable by that credit union.))~~

(2) The director may accept in lieu of an examination under subsection (1) of this section the report of an examiner authorized to examine ~~((a))~~ an out-of-state, federal, or foreign credit union ~~((under the laws of the United States or another state)),~~ or the report of an accountant, satisfactory to the director, who has made and submitted a report of the condition of the affairs of a credit union ~~((and, if~~

~~((3) Communications from the director to the board of a credit union regarding an examination or report shall be read before the board at its first meeting following the receipt of the communication and the fact that the communication was read before the board shall be noted in the minutes of the meeting. (a) A credit union service organization in which a credit union has an interest((-);

(b) A person ((or an entity)) that is not a credit union, out-of-state credit union, federal credit union, or foreign credit union, and that has an interest in a credit union service organization in which a credit union has an interest ((is deemed to have consented to the examination. (c) A sole proprietorship or organization primarily in the business of managing one or more credit unions.

(2) Persons subject to examination under this section are deemed to have consented to the examination.

(3) The director will establish the appropriate frequency of regular examinations under this section, but no more frequently than once every eighteen months. The cost of the examinations will be borne fully by the person examined.

Sec. 48. RCW 31.12.565 and 1994 c 256 s 90 and 1994 c 92 s 209 are each reenacted and amended to read as follows:

(1) The following are confidential and privileged and not subject to public disclosure under chapter 42.17 RCW:

(a) Examination reports and information obtained by the ((director's staff)) director in conducting examinations ((of credit unions and credit union service organizations are confidential and privileged information and not subject to public disclosure under chapter 42.17 RCW)) and investigations under this chapter and chapters 31.12A and 31.13 RCW;

(a) Federal agencies empowered to examine ~~((state-chartered))~~ credit unions;

(b) Officials empowered to investigate criminal charges. The director may furnish only that part of the report which is necessary and pertinent to the investigation, and only after notifying the affected credit union and members of the credit union who are named in that part of the examination report, or other person examined, that the report is being furnished to the officials, unless the officials requesting the report obtain a waiver of the notice requirement for good cause from a court of competent jurisdiction;

(c) The examined credit union or other person examined, solely for its confidential use;

(d) The attorney general in his or her role as legal advisor to the director;

(e) Prospective merger partners or conservators, receivers, or liquidating agents of a distressed credit union;

(f) Credit union ~~((administrators))~~ regulators in other states or jurisdictions regarding an out-of-state ~~((chartered))~~ or foreign credit union ~~((doing))~~ conducting business in this state under this chapter, or regarding a credit union ~~((chartered under this chapter doing))~~ conducting business in ~~((another))~~ the other state or jurisdiction;

(g) A person ~~((or organization))~~ officially connected with the credit union or other person examined, as officer, director, supervisory committee member, attorney, auditor, accountant, independent attorney, independent auditor, or independent accountant;

(4) In a civil action in which the reports or information are sought to be discovered or used as evidence, a party upon notice to the director, may petition the court for an in-camera review of the reports or information. The court may permit discovery and introduction of only those portions of the report or information

which are relevant and otherwise unobtainable by the requesting party. This subsection does not apply to an action brought or defended by the director.

(5) This section does not apply to investigation reports prepared by the director ~~((and the director's staff))~~ concerning an application for a new credit union or a notice of intent to establish or relocate a branch of a credit union, except that the director may adopt rules making ~~((confidential))~~ portions of the reports confidential, if in the director's opinion the public disclosure of that portion of the report would impair the ability to obtain information the director considers necessary to fully evaluate the application.

(6) Any person who knowingly violates a provision of this section is guilty of a gross misdemeanor.

NEW SECTION. Sec. 49. A new section is added to chapter 31.12 RCW to read as follows:

A credit union shall make at least two regular reports each year to the director showing the assets and liabilities of the credit union. Each report must be certified by the principal operating officer of the credit union. The director shall designate the form, the due dates of, and the period covered by the reports.

NEW SECTION. Sec. 50. A new section is added to chapter 31.12 RCW to read as follows:

Credit unions will comply with the provisions of generally accepted accounting principles as identified by rule of the director. Sec. 51. RCW 31.12.215 and 1994 c 92 s 190 are each amended to read as follows:

A credit union desiring to establish a branch shall submit to the director a notice of intent to establish a branch ~~((on a form provided by the director))~~ at least thirty days before conducting business at the branch.

Sec. 52. RCW 31.12.575 and 1994 c 92 s 210 are each amended to read as follows:

~~(1) ((The director may suspend a director or the principal operating officer of a credit union if, in the opinion of the director, the director or principal operating officer is dishonest, inefficient, incompetent, is willfully disobeying orders of the director, or is in any way violating this chapter or the bylaws of the credit union. The director shall give prompt notice of and the reasons for the suspension to the board of the affected credit union.~~

~~— (2) Unless the director specifically provides otherwise in the order of suspension, an order of suspension shall take effect immediately. The suspended person shall be prohibited from all aspects of the operation of the credit union. The suspended person shall be barred from the credit union premises and shall surrender the possession of all property and records of the credit union. A person~~

~~who knowingly violates an order of suspension or who knowingly aids in the violation of an order of suspension shall be guilty of a gross misdemeanor.~~

~~— (3) Upon receipt of the notice of suspension, the board shall within twenty days call a meeting of its members to consider the causes of the suspension. The board shall give at least seven days' notice of the time and place of the meeting to the director unless the director agrees to accept shorter notice. If the board finds the director's objection to be well founded, the board shall remove the suspended person immediately.~~

~~— (4) If the board fails to remove the suspended person as provided in subsection (3) of this section, the director may remove that person after reasonable notice and an opportunity to be heard under chapter 34.05 RCW. The suspension shall remain in effect for twenty days after the board meeting at which the board considers the suspension, during which time the director may call a hearing under this subsection. If the director calls a hearing, the suspension shall remain in effect until the time of the hearing.)~~ The director may serve a credit union director, supervisory committee member, officer, or employee with written notice of the director's intent to remove the person from office or to prohibit the person from participating in the conduct of the affairs of the credit union whenever, in the opinion of the director:

(a) The person has committed a material violation of law or an unsafe or unsound practice;

(b)(i) The credit union has suffered or is likely to suffer substantial financial loss or other damage; or

(ii) The interests of the credit union's share account holders and depositors could be seriously prejudiced by reason of the violation or practice; and

(c) The violation or practice involves personal dishonesty, recklessness, or incompetence.

(2) The notice must contain a statement of the facts constituting the alleged violation or practice and must fix a time and place at which a hearing will be held to determine whether a removal or prohibition order should be issued against the person. The hearing must be set not earlier than ten days nor later than thirty days after service of the notice, unless a later date is set by the director at the request of any of the parties.

Unless the person appears at the hearing, the person will be deemed to have consented to the issuance of the removal or prohibition order. In the event of this consent, or if upon the record made at the hearing the director finds that any violation or practice specified in the notice of intention has been established, the director may issue and serve upon the person an order removing the person from office at the credit union or an order prohibiting the person from participating in the conduct of the affairs of the credit union.

(3) A removal order or prohibition order becomes effective at the expiration of ten days after the service of the order upon the person, except that a removal order or prohibition order issued upon consent becomes effective at the time

specified in the order. An order remains effective unless it is stayed, modified, terminated, or set aside by action of the director or a reviewing court.

Sec. 53. RCW 31.12.585 and 1994 c 92 s 211 are each amended to read as follows:

(1) The director may issue and serve ~~((upon))~~ a credit union with a notice of charges if, in the opinion of the director, the credit union has committed or is about to commit:

(2) The notice ~~((shall))~~ must contain a statement of the facts constituting the alleged violation or the practice and ~~((shall))~~ must fix a time and place at which a hearing will be held to determine whether an order to cease and desist should issue against the credit union. The hearing ~~((shall))~~ must be set not earlier than ten days nor later than thirty days after service of the notice, unless a later date is set by the director at the request of ~~((the credit union))~~ any of the parties.

Unless the credit union appears at the hearing by a duly authorized representative, it shall be deemed to have consented to the issuance of the cease and desist order. In the event of this consent, or if upon the record made at the hearing the director finds that any violation or practice specified in the notice of charges has been established, the director may issue and serve upon the credit union an order to cease and desist from the violation or practice. The order may require the credit union and its directors, supervisory committee members, officers, employees, and agents to cease and desist from the violation or practice and may require the credit union to take affirmative action to correct the conditions resulting from the violation or practice.

(3) A cease and desist order ~~((shall))~~ becomes effective at the expiration of ten days after the service of the order upon the credit union ~~((concerned)),~~ except that a cease and desist order issued upon consent ~~((shall))~~ becomes effective at the time specified in the order ~~((and shall)),~~ The order remains effective ~~((as provided therein))~~ unless it is stayed, modified, terminated, or set aside by action of the director or a reviewing court.

Sec. 54. RCW 31.12.595 and 1994 c 92 s 212 are each amended to read as follows:

If the director determines that the ~~((aet))~~ violation or practice specified in RCW 31.12.585 (as recodified by this act) is likely to cause ~~((insolvency or substantial dissipation of assets or earnings of the credit union or to otherwise~~

~~seriously prejudice the interests of its depositors, members, or shareholders)) an unsafe or unsound condition at the credit union, the director may issue a temporary order requiring the credit union to cease and desist from the violation or practice. The order (~~shall~~) becomes effective upon service on the credit union and (~~shall~~) remains effective unless set aside, limited, or suspended by a court in proceedings under RCW 31.12.605 (as recodified by this act) pending the completion of the administrative proceedings under the notice, and until the director dismisses the charges specified in the notice or until the effective date of a cease and desist order issued against the credit union under RCW 31.12.585 (as recodified by this act).~~

Sec. 55. RCW 31.12.605 and 1984 c 31 s 62 are each amended to read as follows:

Within ten days after a credit union has been served with a temporary cease and desist order, the credit union may apply to the superior court in the county of its principal place of business for an injunction setting aside, limiting, or suspending the order pending the completion of the administrative proceedings under RCW 31.12.585 (as recodified by this act). The superior court (~~shall have~~) has jurisdiction to issue the injunction.

Sec. 56. RCW 31.12.625 and 1994 c 92 s 214 are each amended to read as follows:

(1) An administrative hearing provided for in RCW 31.12.575 or 31.12.585 (~~shall~~) (as recodified by this act) may be held at such place as is designated by the director and must be conducted in accordance with chapter 34.05 RCW. The hearing shall be private unless the director determines that a public hearing is necessary to protect the public interest after fully considering the views of the party afforded the hearing.

(2) Within sixty days after the hearing, the director shall render a decision which (~~shall~~) includes findings of fact upon which the decision is based (~~and~~), The director shall issue and serve upon each party to the proceeding an order or orders consistent with RCW 31.12.575 or 31.12.585 (as recodified by this act).

(3) Unless a petition for review is timely filed in the superior court of the county in which the principal place of business of the credit union is located, and until the record in the proceeding has been filed as provided therein, the director may at any time modify, terminate, or set aside any order upon such notice and in such manner as the director may deem proper. Upon filing the record, the director may modify, terminate, or set aside an order only with the permission of the court or the party or parties to the proceeding.

terminated, or set aside, in the superior court of the county in which the principal place of business of the affected credit union is located. The petition must be filed within ten days after the date of service of the order. A copy of the petition must be immediately served upon the director and the director must then file the record of the proceeding in court. The court has jurisdiction, upon the filing of the petition, to affirm, modify, terminate, or set aside, in whole or in part, the order of the director. The jurisdiction of the court becomes exclusive upon the filing of the record. However, the director may modify, terminate, or set aside the order with the permission of the court. The judgment and decree of the court is final subject to appellate review under the rules of the court.

The director may appoint a representative to supervise the credit union during the period of supervisory direction.

(3) All costs incident to supervisory direction will be a charge against the assets of the credit union to be allowed and paid as the director may determine.

**NEW SECTION.** Sec. 62. A new section is added to chapter 31.12 RCW to read as follows:

The conservator shall make such reports to the director from time to time as may be required by the director.

(3) All costs incident to conservatorship will be a charge against the assets of the credit union to be allowed and paid as the director may determine.

(4) If at any time the director determines that the credit union is not in condition to continue business under the conservator in the interest of its share account holders, depositors, or creditors, and grounds exist under section 60 of this act, the director may proceed with appointment of a liquidating agent or receiver in accordance with this chapter.

**NEW SECTION.** Sec. 65. A new section is added to chapter 31.12 RCW to read as follows:

During the period of conservatorship, the credit union may request the director to review an action taken or proposed to be taken by the conservator, specifying how the action is not in the best interest of the credit union. **NEW SECTION.** Sec. 66. A new section is added to chapter 31.12 RCW to read as follows:

**NEW SECTION.** Sec. 67. A new section is added to chapter 31.12 RCW to read as follows:

(1) ~~((The articles of incorporation of a credit union may be suspended or revoked, the credit union placed in involuntary liquidation, and a liquidating agent appointed upon a finding by the director that the credit union is insolvent:—~~

~~(2) Except as otherwise provided in this chapter,)) As authorized by section 60 of this act, the director may appoint a liquidating agent for a credit union. Before appointing a liquidating agent, the director~~((before suspending or revoking the articles of incorporation of a credit union and placing the credit union in liquidation,))~~ shall issue and serve notice on the credit union ~~((concerned of the intention to suspend or revoke the articles and))~~ an order directing the credit union to show cause why its articles of incorporation should not be suspended or revoked, in accordance with chapter 34.05 RCW.~~

~~((3))~~ (2) If the ~~((director finds that the credit union is insolvent and the))~~ credit union fails to adequately show cause, the ~~((articles of incorporation shall be suspended or revoked and the credit union placed in involuntary liquidation. The))~~ director shall serve ~~((on))~~ the credit union with an order directing the suspension or revocation ~~((and an order directing the))~~ of the articles of incorporation, placing the credit union in involuntary liquidation ~~((and appointment of)), appointing a liquidating agent under this section and RCW 31.12.685 (as recodified by this act), and providing a statement of the findings on which the order is based.~~

**Sec. 69.** RCW 31.12.685 and 1994 c 92 s 219 are each amended to read as follows:

(1) ~~((The director shall designate the liquidating agent in the order directing the involuntary liquidation of the credit union under RCW 31.12.675.))~~ On receipt of the order placing the credit union in involuntary liquidation, the officers and directors of the credit union ~~((concerned))~~ shall deliver to the liquidating agent possession and control of all books, records, assets, and property of the credit union.

(2) The liquidating agent shall proceed to convert the assets to cash, collect all debts due to the credit union and wind up its affairs in accordance with ~~((the))~~ any instructions and procedures issued by the director. If a liquidating agent agrees to absorb and serve the membership of ~~((a distressed))~~ the credit union, the director may approve a pooling of assets and liabilities rather than a distribution of assets.

(3) Each share account holder and depositor at the credit union is entitled to a proportionate allocation of the assets in liquidation after all shares, deposits, and debts have been paid.

The proportionate allocation shall be based on account balances as of a date determined by the board. For the purposes of liquidation, shares and deposits are equivalent.

(4) The liquidating agent shall cause a notice of liquidation to be published ~~((notice of liquidation))~~ once a week for three consecutive weeks in a newspaper of general circulation in the county in which the principal place of business of the ~~((liquidating))~~ credit union is located. The notice of liquidation ~~((shall))~~ must inform creditors of the ~~((liquidating))~~ credit union on how to make a claim upon the liquidating agent, and that if a claim is not made upon the liquidating agent within thirty days of the last date of publication, the creditor's claim ~~((shall be))~~ is barred. The liquidating agent shall provide personal notice of liquidation to the creditors of record, informing them that if they fail to make a claim upon the liquidating agent within thirty days of the service of the notice, the creditor's claim ~~((shall be))~~ is barred. If a creditor fails to make a claim upon the liquidating agent within the times required to be specified in the notices of liquidation, the creditor's claim ~~((shall be))~~ is barred. All contingent liabilities of the ~~((liquidated))~~ credit union ~~((shall be))~~ are discharged upon the director's order to liquidate the credit union. The liquidating agent shall, upon completion, certify to the director that the distribution or pooling of assets of the credit union is complete.

**NEW SECTION.** **Sec. 70.** A new section is added to chapter 31.12 RCW to read as follows:

As authorized by section 60 of this act, the director may without prior notice appoint a receiver to take possession of a credit union. The director may appoint the national credit union administration or other qualified party as receiver. Upon appointment, the receiver is authorized to act without bond. Upon acceptance of

the appointment, the receiver shall have and possess all the powers and privileges provided by the laws of this state with respect to the receivership of a credit union, and be subject to all the duties of and restrictions applicable to such a receiver, except insofar as such powers, privileges, duties, or restrictions are in conflict with any applicable provision of the federal credit union act.

Upon taking possession of the credit union, the receiver shall give written notice to the directors of the credit union and to all persons having possession of any assets of the credit union. No person with knowledge of the taking of possession by the receiver shall have a lien or charge for any payment advanced, clearance made, or liability incurred against any of the assets of the credit union, after the receiver takes possession, unless approved by the receiver.

**NEW SECTION. Sec. 71.** A new section is added to chapter 31.12 RCW to read as follows:

Within ten days after the receiver takes possession of a credit union's assets, the credit union may serve notice upon the receiver to appear before the superior court of the county in which the principal place of business of the credit union is located and at a time to be fixed by the court, which may not be less than five or more than fifteen days from the date of the service of the notice, to show cause why the credit union should not be restored to the possession of its assets.

The court shall summarily hear and dismiss the complaint if it finds that the receiver was appointed for cause. However, if the court finds that no cause existed for appointment of the receiver, the court shall require the receiver to restore the credit union to possession of its assets and enjoin the director from further appointment of a receiver for the credit union without cause.

**NEW SECTION. Sec. 72.** A new section is added to chapter 31.12 RCW to read as follows:

Upon taking possession of a credit union, the receiver shall proceed to collect the assets of the credit union and preserve, administer, and liquidate its business and assets.

With the approval of the Thurston county superior court or the superior court of the county in which the principal place of business of the credit union is located, the receiver may sell, compound, or compromise bad or doubtful debts, and upon such terms as the court may direct, borrow, mortgage, pledge, or sell all or any part of the real and personal property of the credit union. The receiver may deliver to each purchaser or lender an appropriate deed, mortgage, agreement of pledge, or other instrument of title or security. The receiver may employ an attorney or other assistants to assist in carrying out the receivership, subject to such surety bond as the director may require. The premium for any such bond must be paid out of the assets of the credit union.

In carrying out the receivership, the receiver may without limitation arrange for the merger or consolidation of the credit union in receivership with another credit union, out-of-state credit union, or federal credit union, or may arrange for the purchase of the credit union's assets and the assumption of its liabilities by such

a credit union, in whole or in part, or may arrange for such a transaction with another type of financial institution as may be otherwise permitted by law. The receiver shall give preference to transactions with a credit union or a federal credit union that has its principal place of business in this state.

**NEW SECTION.** Sec. 73. A new section is added to chapter 31.12 RCW to read as follows:

The receiver shall publish once a week for four consecutive weeks in a newspaper of general circulation in the county where the credit union's principal place of business is located, a notice requiring all persons having claims against the credit union to file proof of claim not later than ninety days from the date of the first publication of the notice. The receiver shall mail similar notices to all persons whose names appear as creditors upon the books of the credit union. The assets of the credit union are not subject to contingent claims.

After the expiration of the time fixed in the notice, the receiver has no power to accept any claim except the claim of a depositor or share account holder, and all other claims are barred. Claims of depositors or share account holders may be presented after the expiration of the time fixed in the notice and may be approved by the receiver. If such a claim is approved, the depositor or share account holder is entitled to its proportion of prior liquidation dividends, if sufficient funds are available for it, and will share in the distribution of the remaining assets.

The receiver may approve or reject any claim, but shall serve notice of rejection upon the claimant by mail or personally. An affidavit of service of the notice of rejection will serve as prima facie evidence that notice was given. No action may be brought on any claim after three months from the date of service of the notice of rejection.

**NEW SECTION.** Sec. 74. A new section is added to chapter 31.12 RCW to read as follows:

Upon taking possession of the credit union, the receiver shall make an inventory of the assets and file the list in the office of the county clerk. Upon the expiration of the time fixed for the presentation of claims, the receiver shall make a list of claims presented, segregating those approved and those rejected, to be filed in the office of the county clerk. The receiver shall also make and file with the office of the county clerk a supplemental list of claims at least fifteen days before the declaration of any liquidation dividend, and in any event at least every six months.

Objection may be made by any interested person to any claim approved by the receiver. Objections to claims approved by the receiver will be resolved by the court after providing notice to both the claimant and objector, as the court may prescribe.

**NEW SECTION.** Sec. 75. A new section is added to chapter 31.12 RCW to read as follows:

All expenses incurred by the receiver in relation to the receivership of a credit union, including, but not limited to, reasonable attorneys' fees, become a first

charge upon the assets of the credit union. The charges shall be fixed and determined by the receiver, subject to the approval of the court.

**NEW SECTION.** Sec. 76. A new section is added to chapter 31.12 RCW to read as follows:

At any time after the expiration of the date fixed for the presentation of claims, the receiver, subject to the approval of the court, may declare one or more liquidation dividends out of the funds remaining after the payment of expenses.

**NEW SECTION.** Sec. 77. A new section is added to chapter 31.12 RCW to read as follows:

When all expenses of the receivership have been paid, as well as all proper claims of share account holders, depositors, and other creditors, and proper provision has been made for unclaimed or unpaid debts and liquidation dividends, and assets of the credit union still remain, the receiver shall wind up the affairs of the credit union and distribute its assets to those entitled to them. Each share account holder and depositor at the credit union is entitled to a proportionate share of the assets remaining. The proportionate allocation shall be based on account balances as of a date determined by the board. For the purposes of liquidation, shares and deposits are equivalent.

**NEW SECTION.** Sec. 78. A new section is added to chapter 31.12 RCW to read as follows:

Any liquidation dividends to share account holders, depositors, or other creditors of the credit union remaining uncalled for and unpaid in the hands of the receiver for six months after the order of final distribution, must be deposited in a financial institution to each share account holder's, depositor's, or creditor's credit. The funds must be held in trust for the benefit of the persons entitled to the funds and, subject to the supervision of the court, must be paid by the receiver to them upon presentation of satisfactory evidence of their right to the funds.

**NEW SECTION.** Sec. 79. A new section is added to chapter 31.12 RCW to read as follows:

(1) The receiver shall inventory, package, and seal uncalled for and unclaimed personal property left with the credit union, including, but not limited to, property held in safe deposit boxes, and arrange for the packages to be held in safekeeping. The credit union, its directors and officers, and the receiver, shall be relieved of responsibility and liability for the property held in safekeeping. The receiver shall promptly send to each person in whose name the property stood on the books of the credit union, at the person's last known address, a registered letter notifying the person that the property will be held in the person's name for a period of not less than two years.

(2) After the expiration of two years from the date of mailing the notice, the receiver shall promptly send to each person in whose name the property stood on the books of the credit union, at the person's last known address, a registered letter providing notice of sale. The letter must indicate that the receiver will sell the

property set out in the notice, at a public auction at a specified time and place, not less than thirty days after the date of mailing the letter. The receiver may sell the property unless the person, prior to the sale, presents satisfactory evidence of the person's right to the property. A notice of the time and place of the sale must be published once within ten days prior to the sale in a newspaper of general circulation in the county where the sale is to be held.

(3) Any property, for which the address of the owner or owners is not known, may be sold at public auction after it has been held by the receiver for two years. A notice of the time and place of the sale must be published once within ten days prior to the sale in a newspaper of general circulation in the county where the sale is to be held.

(4) Whenever the personal property left with the credit union consists either wholly or in part, of documents, letters, or other papers of a private nature, the documents, letters, or papers may not be sold, but must be retained by the receiver and may be destroyed after a period of five years.

**NEW SECTION. Sec. 80.** A new section is added to chapter 31.12 RCW to read as follows:

The proceeds of the sale less any amounts for costs and charges incurred in safekeeping and sale must be deposited by the receiver in a financial institution, in trust for the benefit of the person entitled to the property. The sale proceeds must be paid by the receiver to the person upon presentation of satisfactory evidence of the person's right to the funds.

**NEW SECTION. Sec. 81.** A new section is added to chapter 31.12 RCW to read as follows:

Upon the completion of a receivership through merger, purchase of assets and assumption of liabilities, or liquidation, the director shall terminate the credit union's authority to conduct business and certify that fact to the secretary of state. Upon certification, the credit union shall cease to exist and the secretary of state shall note that fact upon his or her records.

**NEW SECTION. Sec. 82.** A new section is added to chapter 31.12 RCW to read as follows:

If at any time after a receiver is appointed, the director determines that all material deficiencies at the credit union have been corrected, and that the credit union is in a safe and sound condition to resume conducting business, the director may terminate the receivership and permit the credit union to reopen upon such terms and conditions as the director may prescribe. Before being permitted to reopen, the credit union must pay all of the expenses of the receiver.

**NEW SECTION. Sec. 83.** A new section is added to chapter 31.12 RCW to read as follows:

The receiver or director, as appropriate, may at any time after the expiration of one year from the order of final distribution, or from the date when the receivership has been completed, destroy any of the remaining files, records,

documents, books of account, or other papers of the credit union that appear to be obsolete or unnecessary for future reference as part of the receivership files.

**NEW SECTION. Sec. 84.** A new section is added to chapter 31.12 RCW to read as follows:

The pendency of any proceedings for judicial review of the appointment of a receiver may not operate to prevent the payment or acquisition of the share and deposit liabilities of the credit union by the national credit union administration or other insurer or guarantor of the share and deposit liabilities of the credit union. During the pendency of the proceedings, the receiver shall make credit union facilities, books, records, and other relevant credit union data available to the insurer or guarantor as may be necessary or appropriate to enable the insurer or guarantor to pay out or to acquire the insured or guaranteed share and deposit liabilities of the credit union. The national credit union administration and any other insurer or guarantor of the credit union's share and deposit liabilities, together with their directors, officers, agents, and employees, and the director and receiver and their agents and employees, will be free from liability to the credit union, its directors, members, and creditors, for or on account of any action taken in connection with the receivership.

**NEW SECTION. Sec. 85.** A new section is added to chapter 31.12 RCW to read as follows:

No receiver may be appointed by any court for any credit union, except that a court otherwise having jurisdiction may in case of imminent necessity appoint a temporary receiver to take possession of and preserve the assets of the credit union. Immediately upon appointment, the clerk of the court shall notify the director in writing of the appointment and the director shall appoint a receiver to take possession of the credit union and the temporary receiver shall upon demand surrender possession of the assets of the credit union to the receiver. The receiver may in due course pay the temporary receiver out of the assets of the credit union, subject to the approval of the court.

**NEW SECTION. Sec. 86.** A new section is added to chapter 31.12 RCW to read as follows:

Every transfer of a credit union's property or assets, and every assignment by a credit union for the benefit of creditors, made in contemplation of insolvency, or after it has become insolvent, to intentionally prefer one creditor over another, or to intentionally prevent the equal distribution of its property and assets among its creditors, is void. Every credit union director, officer, or employee making any such transfer is guilty of a felony.

An officer, director, or employee of a credit union who fraudulently receives any share or deposit on behalf of the credit union, knowing that the credit union is insolvent, is guilty of a felony.

**Sec. 87.** RCW 31.12.635 and 1994 c 92 s 215 are each amended to read as follows:

[Engrossed Senate Bill 5590]

### BIOSOLIDS PERMITTING PROGRAM

AN ACT Relating to funding of a state biosolids management program; amending RCW 90.48.465; and adding a new section to chapter 70.95J RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** A new section is added to chapter 70.95J RCW to read as follows:

(1) The department shall establish annual fees to collect expenses for issuing and administering biosolids permits under this chapter. An initial fee schedule shall be established by rule and shall be adjusted no more often than once every two years. This fee schedule applies to all permits, regardless of date of issuance, and fees shall be assessed prospectively. Fees shall be established in amounts to recover expenses incurred by the department in processing permit applications and modifications, reviewing related plans and documents, monitoring, evaluating, conducting inspections, overseeing performance of delegated program elements, providing technical assistance and supporting overhead expenses that are directly related to these activities.

(2) The annual fee paid by a permittee for any permit issued under this chapter shall be determined by the number of residences or residential equivalents contributing to the permittee's biosolids management system. If residences or residential equivalents cannot be determined or reasonably estimated, fees shall be based on other appropriate criteria.

(3) The biosolids permit account is created in the state treasury. All receipts from fees under this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of administering permits under this chapter.

(4) The department shall present a biennial progress report on the use of moneys from the biosolids permit account to the legislature. The first report is due on or before December 31, 1998, and thereafter on or before December 31st of odd-numbered years. The report shall consist of information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

(5) The department shall work with the regulated community and local health departments to study the feasibility of modifying the fee schedule to support delegated local health departments and reduce local health department fees paid by biosolids permittees.

**Sec. 2.** RCW 90.48.465 and 1996 c 37 s 3 are each amended to read as follows:

(1) The department shall establish annual fees to collect expenses for issuing and administering each class of permits under RCW 90.48.160, 90.48.162, and 90.48.260(~~(, and 70.95J.020 through 70.95J.090)~~). An initial fee schedule shall be established by rule within one year of March 1, 1989, and thereafter the fee schedule shall be adjusted no more often than once every two years. This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of

the quantity of pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The annual fee paid by a municipality, as defined in 33 U.S.C. Sec. 1362, for all domestic wastewater facility permits issued under RCW 90.48.162(;) and 90.48.260(, ~~and 70.95J.020 through 70.95J.090~~) shall not exceed the total of a maximum of fifteen cents per month per residence or residential equivalent contributing to the municipality's wastewater system. The department shall adopt by rule a schedule of credits for any municipality engaging in a comprehensive monitoring program beyond the requirements imposed by the department, with the credits available for five years from March 1, 1989, and with the total amount of all credits not to exceed fifty thousand dollars in the five-year period.

(3) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(4) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(5) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.48.160, 90.48.162, and 90.48.260(, ~~and 70.95J.020 through 70.95J.090~~).

(6) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the legislature. The report will be due December 31<sup>st</sup> of ~~((the))~~ odd-numbered years. The report shall consist of information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 18.140.010 and 1996 c 182 s 2 are each amended to read as follows:

The term "appraisal assignment" may apply to valuation work and analysis work.

(4) "Brokers price opinion" means an oral or written report of property value that is prepared by a real estate broker or salesperson licensed under chapter 18.85 RCW ~~((for listing, sale, purchase, or rental purposes)).~~

(5) "Certified appraisal" means an appraisal prepared or signed by a state-certified real estate appraiser. A certified appraisal represents to the public that it meets the appraisal standards defined in this chapter.

(7) "Committee" means the real estate appraiser advisory committee of the state of Washington.

(8) "Comparative market analysis" means a brokers price opinion.

The term "specialized appraisal service" may apply to valuation work and to analysis work. Regardless of the intention of the client or employer, if the appraiser would be perceived by third parties or the public as acting as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion, the work is classified as an appraisal assignment and not a specialized appraisal service.

(1) No person other than a state-certified or state-licensed real estate appraiser may receive compensation of any form for a real estate appraisal or an appraisal review. However, compensation may be provided for brokers price opinions prepared by a real estate licensee, licensed under chapter 18.85 RCW.

(2) No person, other than a state-certified or state-licensed real estate appraiser, may assume or use that title or any title, designation, or abbreviation likely to create the impression of certification or licensure as a real estate appraiser by this state.

(3) A person who is not certified or licensed under this chapter shall not prepare any appraisal of real estate located in this state, except as provided under subsection (1) of this section.

(4) This section does not preclude a staff employee of a governmental entity from performing an appraisal or an appraisal assignment within the scope of his or her employment insofar as the performance of official duties for the governmental entity are concerned. Such an activity for the benefit of the governmental entity is exempt from the requirements of this chapter.

(5) This ~~(section)~~ chapter does not preclude an individual person licensed by the state of Washington as a real estate broker or as a real estate salesperson ~~((and who performs))~~ from issuing a brokers price opinion ~~((as a service to a prospective seller, buyer, lessor, or lessee as the only intended user, and not for dissemination to a third party, within the scope of his or her employment or agency. Such an activity for the sole benefit of the prospective seller, buyer, lessor, or lessee is exempt from the requirements of this chapter)).~~ However, if the brokers price opinion is written, or given as evidence in any legal proceeding, and is issued to a person who is not a prospective seller, buyer, lessor, or lessee as the only

intended user, then the brokers price opinion shall contain a statement, in an obvious location within the written document or specifically and affirmatively in spoken testimony, that substantially states: "This brokers price opinion is not an appraisal as defined in chapter 18.140 RCW and has been prepared by a real estate licensee, licensed under chapter 18.85 RCW, who . . . . (is/is not) also state certified or state licensed as a real estate appraiser under chapter 18.140 RCW." However, the brokers price opinion issued under this subsection may not be used as an appraisal in conjunction with a federally related transaction.

(6) This section does not apply to an appraisal or an appraisal review performed for a financial institution or mortgage broker(~~(, whether conducted)~~) by an employee (~~(or third party)~~), when such appraisal or appraisal review is not required to be performed by a state-certified or state-licensed real estate appraiser by the appropriate federal financial institutions regulatory agency.

(7) This section does not apply to an attorney licensed to practice law in this state or to a certified public accountant, as defined in RCW 18.04.025, who evaluates real property in the normal scope of his or her professional services.

(a) To refuse to engage in a real estate transaction with a person;

(b) To discriminate against a person in the terms, conditions, or privileges of a real estate transaction or in the furnishing of facilities or services in connection therewith;

(c) To refuse to receive or to fail to transmit a bona fide offer to engage in a real estate transaction from a person;

(d) To refuse to negotiate for a real estate transaction with a person;

(e) To represent to a person that real property is not available for inspection, sale, rental, or lease when in fact it is so available, or to fail to bring a property listing to his or her attention, or to refuse to permit the person to inspect real property;

(g) To make, print, circulate, post, or mail, or cause to be so made or published a statement, advertisement, or sign, or to use a form of application for a real estate transaction, or to make a record or inquiry in connection with a prospective real

estate transaction, which indicates, directly or indirectly, an intent to make a limitation, specification, or discrimination with respect thereto;

(a) A refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the dwelling, except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter agreeing to restore the interior of the dwelling to the condition that existed before the modification, reasonable wear and tear excepted;

(b) To refuse to make reasonable accommodation in rules, policies, practices, or services when such accommodations may be necessary to afford a person with the presence of any sensory, mental, or physical disability and/or the use of a trained guide dog or service dog by a blind, deaf, or physically disabled person equal opportunity to use and enjoy a dwelling; or

(c) To fail to design and construct covered multifamily dwellings and premises in conformance with the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3601 et seq.) and all other applicable laws or regulations pertaining to access by persons with any sensory, mental, or physical disability or use of a trained guide dog or service dog. Whenever the requirements of applicable laws or regulations differ, the requirements which require greater accessibility for persons with any sensory, mental, or physical disability shall govern.

Nothing in (a) or (b) of this subsection shall apply to: (i) A single-family house rented or leased by the owner if the owner does not own or have an interest in the proceeds of the rental or lease of more than three such single-family houses at one time, the rental or lease occurred without the use of a real estate broker or salesperson, as defined in RCW 18.85.010, and the rental or lease occurred without the publication, posting, or mailing of any advertisement, sign, or statement in violation of subsection (1)(g) of this section; or (ii) rooms or units in dwellings

containing living quarters occupied or intended to be occupied by no more than four families living independently of each other if the owner maintains and occupies one of the rooms or units as his or her residence.

(4) Except pursuant to subsection (2)(a) of this section, this section shall not be construed to require structural changes, modifications, or additions to make facilities accessible to a disabled person except as otherwise required by law. Nothing in this section affects the rights, responsibilities, and remedies of landlords and tenants pursuant to chapter 59.18 or 59.20 RCW, including the right to post and enforce reasonable rules of conduct and safety for all tenants and their guests, provided that chapters 59.18 and 59.20 RCW are only affected to the extent they are inconsistent with the nondiscrimination requirements of this chapter. Nothing in this section limits the applicability of any reasonable federal, state, or local restrictions regarding the maximum number of occupants permitted to occupy a dwelling.

(5) Notwithstanding any other provision of this chapter, it shall not be an unfair practice for any public establishment providing for accommodations offered for the full enjoyment of transient guests as defined by RCW 9.91.010(1)(c) to make distinctions on the basis of families with children status. Nothing in this section shall limit the effect of RCW 49.60.215 relating to unfair practices in places of public accommodation.

[Substitute Senate Bill 6046]

### UNIVERSAL TELECOMMUNICATIONS SERVICE STUDY

AN ACT Relating to a study by the utilities and transportation commission on universal telecommunications service; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that in a competitive telecommunications industry, telecommunications companies may be less inclined to invest in facilities to serve sparsely populated or hard-to-serve areas of the state. The legislature further finds that in order to secure for all consumers of the state the benefits of high quality telecommunications service and evolving telecommunications technology, it is necessary to study the creation of a universal service fund. The purpose of this fund would be to provide an incentive to telecommunications carriers to build facilities to provide universal service and to serve sparsely populated and hard-to-serve areas of the state while preserving to consumers in those areas the availability of telecommunications services at rates which are comparable to rates in urban areas and are affordable.

NEW SECTION. Sec. 2. By January 1, 1998, or within six months of the date the federal communications commission adopts universal service rules as required by the federal telecommunications act of 1996 (110 Stat. 56; P.L. 104-104), whichever is later, the utilities and transportation commission shall study and make recommendations on the future of providing universal telecommunications services in this state. The study shall include at least the following topics: A recommended definition of basic service for telecommunications; an analysis of the range of potential telecommunications carriers, including wireless; an analysis of the proper cost methodologies for determining universal service funding; and options for generating and disbursing universal service funding. The study shall be reported to the energy and utilities committees of the house of representatives and the senate.

[Engrossed Senate Bill 7900]

MODEL TOXICS CONTROL ACT—MODIFICATIONS

AN ACT Relating to implementing the model toxics control act policy advisory committee recommendations; amending RCW 70.105D.020, 70.105D.030, 70.105D.040, 70.105D.070, and 70.105D.080; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Engrossed Substitute House Bill No. 1810 enacted during the 1995 legislative session authorized establishment of the model toxics control act policy advisory committee, a twenty-two member committee representing a broad range of interests including the legislature, agriculture, large and small business, environmental organizations, and local and state government. The committee was charged with the task of providing advice to the legislature and the department of ecology to more effectively implement the model toxics control act, chapter 70.105D RCW.

(2) The committee members committed considerable time and effort to their charge, meeting twenty-six times during 1995 and 1996 to discuss and decide issues. In addition, the committee created four subcommittees that met over sixty times during this same period. There were also numerous working subgroups and drafting committees formed on an ad hoc basis to support the committee's work. Many members of the public also attended these meetings and were provided opportunities to contribute to the committee deliberations.

(3) The policy advisory committee completed its work and submitted a final report to the department of ecology and the legislature on December 15, 1996. That report contains numerous recommendations for statutory changes that were agreed to by consensus of the committee members or obtained broad support of most of the committee members. This act is intended to implement those recommended statutory changes.

**Sec. 2.** RCW 70.105D.020 and 1995 c 70 s 1 are each amended to read as follows:

(1) "Agreed order" means an order issued by the department under this chapter with which the potentially liable person receiving the order agrees to comply. An agreed order may be used to require or approve any cleanup or other remedial actions but it is not a settlement under RCW 70.105D.040(4) and shall not contain a covenant not to sue, or provide protection from claims for contribution, or provide eligibility for public funding of remedial actions under RCW 70.105D.070(2)(d)(xi).

(2) "Department" means the department of ecology.

(3) "Director" means the director of ecology or the director's designee.

(4) "Facility" means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, vessel, or aircraft, or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located.

(5) "Federal cleanup law" means the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601 et seq., as amended by Public Law 99-499.

(6) "Foreclosure and its equivalents" means purchase at a foreclosure sale, acquisition, or assignment of title in lieu of foreclosure, termination of a lease, or other repossession, acquisition of a right to title or possession, an agreement in satisfaction of the obligation, or any other comparable formal or informal manner, whether pursuant to law or under warranties, covenants, conditions, representations, or promises from the borrower, by which the holder acquires title to or possession of a facility securing a loan or other obligation.

(7) "Hazardous substance" means:

(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010 (5) and (6), or any dangerous or extremely dangerous waste designated by rule pursuant to chapter 70.105 RCW;

(b) Any hazardous substance as defined in RCW 70.105.010(14) or any hazardous substance as defined by rule pursuant to chapter 70.105 RCW;

(c) Any substance that, on March 1, 1989, is a hazardous substance under section 101(14) of the federal cleanup law, 42 U.S.C. Sec. 9601(14);

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

The term hazardous substance does not include any of the following when contained in an underground storage tank from which there is not a release: Crude oil or any fraction thereof or petroleum, if the tank is in compliance with all applicable federal, state, and local law.

(8) "Independent remedial actions" means remedial actions conducted without department oversight or approval, and not under an order, agreed order, or consent decree.

(9) "Holder" means a person who holds indicia of ownership primarily to protect a security interest. A holder includes the initial holder such as the loan originator, any subsequent holder such as a successor-in-interest or subsequent purchaser of the security interest on the secondary market, a guarantor of an obligation, surety, or any other person who holds indicia of ownership primarily to protect a security interest, or a receiver, court-appointed trustee, or other person who acts on behalf or for the benefit of a holder. A holder can be a public or privately owned financial institution, receiver, conservator, loan guarantor, or other similar persons that loan money or guarantee repayment of a loan. Holders typically are banks or savings and loan institutions but may also include others such as insurance companies, pension funds, or private individuals that engage in loaning of money or credit.

((9)) (10) "Indicia of ownership" means evidence of a security interest, evidence of an interest in a security interest, or evidence of an interest in a facility securing a loan or other obligation, including any legal or equitable title to a facility acquired incident to foreclosure and its equivalents. Evidence of such interests ((include[s])) includes, mortgages, deeds of trust, sellers interest in a real estate

contract, liens, surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased facility, or legal or equitable title obtained pursuant to foreclosure and their equivalents. Evidence of such interests also ~~((include{s}))~~ includes assignments, pledges, or other rights to or other forms of encumbrance against the facility that are held primarily to protect a security interest.

~~((+))~~ (11) "Operating a facility primarily to protect a security interest" occurs when all of the following are met: (a) Operating the facility where the borrower has defaulted on the loan or otherwise breached the security agreement; (b) operating the facility to preserve the value of the facility as an ongoing business; (c) the operation is being done in anticipation of a sale, transfer, or assignment of the facility; and (d) the operation is being done primarily to protect a security interest. Operating a facility for longer than one year prior to foreclosure or its equivalents shall be presumed to be operating the facility for other than to protect a security interest.

~~((+))~~ (12) "Owner or operator" means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility; ~~((or))~~

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility. Holders after foreclosure and its equivalent and holders who engage in any of the activities identified in subsection ~~((+))~~ (13)(e) through (g) of this section shall not lose this exemption provided the holder complies with all of the following:

(A) The holder properly maintains the environmental compliance measures already in place at the facility;

(B) The holder complies with the reporting requirements in the rules adopted under this chapter;

(C) The holder complies with any order issued to the holder by the department to abate an imminent or substantial endangerment;

(D) The holder allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the holder are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The holder does not exacerbate an existing release; or

(iii) Any person who has any ownership interest in, operates, or exercises control over real property where a hazardous substance has come to be located solely as a result of migration of the hazardous substance to the real property through the ground water from a source off the property, if:

(A) The person can demonstrate that the hazardous substance has not been used, placed, managed, or otherwise handled on the property in a manner likely to cause or contribute to a release of the hazardous substance that has migrated onto the property;

(B) The person has not caused or contributed to the release of the hazardous substance;

(C) The person does not engage in activities that damage or interfere with the operation of remedial actions installed on the person's property or engage in activities that result in exposure of humans or the environment to the contaminated ground water that has migrated onto the property;

(D) If requested, the person allows the department, potentially liable persons who are subject to an order, agreed order, or consent decree, and the authorized employees, agents, or contractors of each, access to the property to conduct remedial actions required by the department. The person may attempt to negotiate an access agreement before allowing access; and

(E) Legal withdrawal of ground water does not disqualify a person from the exemption in this subsection (12)(b)(iii).

The exemption in (b)(ii) of this subsection (~~((11)(b)(ii))~~) does not apply to holders who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided, however, that a holder shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release.

~~((12))~~ (13) "Participation in management" means exercising decision-making control over the borrower's operation of the facility, environmental compliance, or assuming or manifesting responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise.

The term does not include any of the following: (a) A holder with the mere capacity or ability to influence, or the unexercised right to control facility operations; (b) a holder who conducts or requires a borrower to conduct an environmental audit or an environmental site assessment at the facility for which indicia of ownership is held; (c) a holder who requires a borrower to come into compliance with any applicable laws or regulations at the facility for which indicia

of ownership is held; (d) a holder who requires a borrower to conduct remedial actions including setting minimum requirements, but does not otherwise control or manage the borrower's remedial actions or the scope of the borrower's remedial actions except to prepare a facility for sale, transfer, or assignment; (e) a holder who engages in workout or policing activities primarily to protect the holder's security interest in the facility; (f) a holder who prepares a facility for sale, transfer, or assignment or requires a borrower to prepare a facility for sale, transfer, or assignment; (g) a holder who operates a facility primarily to protect a security interest, or requires a borrower to continue to operate, a facility primarily to protect a security interest; and (h) a prospective holder who, as a condition of becoming a holder, requires an owner or operator to conduct an environmental audit, conduct an environmental site assessment, come into compliance with any applicable laws or regulations, or conduct remedial actions prior to holding a security interest is not participating in the management of the facility.

~~((13))~~ (14) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

~~((14))~~ (15) "Policing activities" means actions the holder takes to insure that the borrower complies with the terms of the loan or security interest or actions the holder takes or requires the borrower to take to maintain the value of the security. Policing activities include: Requiring the borrower to conduct remedial actions at the facility during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, state, and local environmental and other laws, regulations, and permits during the term of the security interest; securing or exercising authority to monitor or inspect the facility including on-site inspections, or to monitor or inspect the borrower's business or financial condition during the term of the security interest; or taking other actions necessary to adequately police the loan or security interest such as requiring a borrower to comply with any warranties, covenants, conditions, representations, or promises from the borrower.

~~((15))~~ (16) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105D.040. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

~~((16))~~ (17) "Prepare a facility for sale, transfer, or assignment" means to secure access to the facility; perform routine maintenance on the facility; remove inventory, equipment, or structures; properly maintain environmental compliance measures already in place at the facility; conduct remedial actions to clean up releases at the facility; or to perform other similar activities intended to preserve the value of the facility where the borrower has defaulted on the loan or otherwise breached the security agreement or after foreclosure and its equivalents and in anticipation of a pending sale, transfer, or assignment, primarily to protect the

holder's security interest in the facility. A holder can prepare a facility for sale, transfer, or assignment for up to one year prior to foreclosure and its equivalents and still stay within the security interest exemption in subsection ~~((17))~~ (12)(b)(ii) of this section.

~~((17))~~ (18) "Primarily to protect a security interest" means the indicia of ownership is held primarily for the purpose of securing payment or performance of an obligation. The term does not include indicia of ownership held primarily for investment purposes nor indicia of ownership held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons, for maintaining indicia of ownership, but the primary reason must be for protection of a security interest. Holding indicia of ownership after foreclosure or its equivalents for longer than five years shall be considered to be holding the indicia of ownership for purposes other than primarily to protect a security interest. For facilities that have been acquired through foreclosure or its equivalents prior to July 23, 1995, this five-year period shall begin as of July 23, 1995.

~~((18))~~ (19) "Public notice" means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

~~((19))~~ (20) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.

~~((20))~~ (21) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health.

~~((21))~~ (22) "Security interest" means an interest in a facility created or established for the purpose of securing a loan or other obligation. Security interests include deeds of trusts, sellers interest in a real estate contract, liens, legal, or equitable title to a facility acquired incident to foreclosure and its equivalents, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, easements, and consignments, if the transaction creates or establishes an interest in a facility for the purpose of securing a loan or other obligation.

~~((22))~~ (23) "Industrial properties" means properties that are or have been characterized by, or are to be committed to, traditional industrial uses such as

processing or manufacturing of materials, marine terminal and transportation areas and facilities, fabrication, assembly, treatment, or distribution of manufactured products, or storage of bulk materials, that are either:

(a) Zoned for industrial use by a city or county conducting land use planning under chapter 36.70A RCW; or

(b) For counties not planning under chapter 36.70A RCW and the cities within them, zoned for industrial use and adjacent to properties currently used or designated for industrial purposes.

~~((23))~~ (24) "Workout activities" means those actions by which a holder, at any time prior to foreclosure and its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include: Restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights pursuant to an assignment of accounts or other amounts owed to an obligor; requiring or exercising rights pursuant to an escrow agreement pertaining to amounts owed to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower.

**Sec. 3.** RCW 70.105D.030 and 1995 c 70 s 2 are each amended to read as follows:

(1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent

solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or wilful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 690I et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020(7) and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection that may be conditioned upon, deed restrictions where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing a deed restriction under this subsection, the department shall notify and seek comment from a city or county department with land use planning authority for real property subject to a deed restriction;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(~~((+H))~~) (12)(b)(ii)(C); (~~and~~)

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance shall be advisory only, and shall not be binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. The department may collect, from persons requesting advice and assistance, the costs incurred by the department in providing such advice and assistance; however, the department shall, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance; and

(j) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) the establishment of regional citizen's advisory committees, (ii) public notice of the development of investigative plans or remedial plans for releases or threatened releases, and (iii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement shall not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

~~((+))~~ (e) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

~~((e))~~ (f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department's activities supported by appropriations from the state toxics control account, including a list of known hazardous waste sites and their hazard rankings, actions taken and planned at each site, how the department is

meeting its top two management priorities under RCW 70.105.150, and all funds expended under this chapter.

(4) The department shall establish a scientific advisory board to render advice to the department with respect to the hazard ranking system, cleanup standards, remedial actions, deadlines for remedial actions, monitoring, the classification of substances as hazardous substances for purposes of RCW 70.105D.020(7) and the classification of substances or products as hazardous substances for purposes of RCW 82.21.020(1). The board shall consist of five independent members to serve staggered three-year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(5) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites.

**Sec. 4.** RCW 70.105D.040 and 1994 c 254 s 4 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, the following persons are liable with respect to a facility:

(a) The owner or operator of the facility;

(b) Any person who owned or operated the facility at the time of disposal or release of the hazardous substances;

(c) Any person who owned or possessed a hazardous substance and who by contract, agreement, or otherwise arranged for disposal or treatment of the hazardous substance at the facility, or arranged with a transporter for transport for disposal or treatment of the hazardous substances at the facility, or otherwise generated hazardous wastes disposed of or treated at the facility;

(d) Any person (i) who accepts or accepted any hazardous substance for transport to a disposal, treatment, or other facility selected by such person from which there is a release or a threatened release for which remedial action is required, unless such facility, at the time of disposal or treatment, could legally receive such substance; or (ii) who accepts a hazardous substance for transport to such a facility and has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW; and

(e) Any person who both sells a hazardous substance and is responsible for written instructions for its use if (i) the substance is used according to the instructions and (ii) the use constitutes a release for which remedial action is required at the facility.

(2) Each person who is liable under this section is strictly liable, jointly and severally, for all remedial action costs and for all natural resource damages resulting from the releases or threatened releases of hazardous substances. The attorney general, at the request of the department, is empowered to recover all costs and damages from persons liable therefor.

(3) The following persons are not liable under this section:

(a) Any person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:

(i) An act of God;

(ii) An act of war; or

(iii) An act or omission of a third party (including but not limited to a trespasser) other than (A) an employee or agent of the person asserting the defense, or (B) any person whose act or omission occurs in connection with a contractual relationship existing, directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised the utmost care with respect to the hazardous substance, the foreseeable acts or omissions of the third party, and the foreseeable consequences of those acts or omissions;

(b) Any person who is an owner, past owner, or purchaser of a facility and who can establish by a preponderance of the evidence that at the time the facility was acquired by the person, the person had no knowledge or reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for the remedial action, was released or disposed of on, in, or at the facility. This subsection (b) is limited as follows:

(i) To establish that a person had no reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection (b) shall take into account any specialized knowledge or experience on the part of the person, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection;

(ii) The defense contained in this subsection (b) is not available to any person who had actual knowledge of the release or threatened release of a hazardous substance when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;

(iii) The defense contained in this subsection (b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;

(c) Any natural person who uses a hazardous substance lawfully and without negligence for any personal or domestic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a person who, without compensation, assists the resident in the use of the substance; or (iii) a person who is employed by the resident, but who is not an independent contractor;

(d) Any person who, for the purpose of growing food crops, applies pesticides or fertilizers without negligence and in accordance with all applicable laws and regulations.

(4) There may be no settlement by the state with any person potentially liable under this chapter except in accordance with this section.

(a) The attorney general may agree to a settlement with any potentially liable person only if the department finds, after public notice and any required hearing, that the proposed settlement would lead to a more expeditious cleanup of hazardous substances in compliance with cleanup standards under RCW 70.105D.030(2)(~~(d)~~) (e) and with any remedial orders issued by the department. Whenever practicable and in the public interest, the attorney general may expedite such a settlement with persons whose contribution is insignificant in amount and toxicity. A hearing shall be required only if at least ten persons request one or if the department determines a hearing is necessary.

(h) A settlement agreement under this section shall be entered as a consent decree issued by a court of competent jurisdiction.

(c) A settlement agreement may contain a covenant not to sue only of a scope commensurate with the settlement agreement in favor of any person with whom the attorney general has settled under this section. Any covenant not to sue shall contain a reopener clause which requires the court to amend the covenant not to sue if factors not known at the time of entry of the settlement agreement are discovered and present a previously unknown threat to human health or the environment.

(d) A party who has resolved its liability to the state under this section shall not be liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other liable parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

(e) If the state has entered into a consent decree with an owner or operator under this section, the state shall not enforce this chapter against any owner or operator who is a successor in interest to the settling party unless under the terms of the consent decree the state could enforce against the settling party, if:

(i) The successor owner or operator is liable with respect to the facility solely due to that person's ownership interest or operator status acquired as a successor in interest to the owner or operator with whom the state has entered into a consent decree; and

(ii) The stay of enforcement under this subsection does not apply if the consent decree was based on circumstances unique to the settling party that do not exist with regard to the successor in interest, such as financial hardship. For consent decrees entered into before the effective date of this section, at the request of a settling party or a potential successor owner or operator, the attorney general shall issue a written opinion on whether a consent decree contains such unique circumstances. For all other consent decrees, such unique circumstances shall be specified in the consent decree.

(f) Any person who is not subject to enforcement by the state under (e) of this subsection is not liable for claims for contribution regarding matters addressed in the settlement.

(5)(a) In addition to the settlement authority provided under subsection (4) of this section, the attorney general may agree to a settlement with a person not currently liable for remedial action at a facility who proposes to purchase, redevelop, or reuse the facility, provided that:

~~((a) The settlement will provide a substantial public benefit, including but not limited to the reuse of a vacant or abandoned manufacturing or industrial facility, or the development of a facility by a governmental entity to address an important public purpose;~~

—(b)) (i) The settlement will yield substantial new resources to facilitate cleanup;

((e)) (ii) The settlement will expedite remedial action consistent with the rules adopted under this chapter; and

((d)) (iii) Based on available information, the department determines that the redevelopment or reuse of the facility is not likely to contribute to the existing release or threatened release, interfere with remedial actions that may be needed at the site, or increase health risks to persons at or in the vicinity of the site.

(b) The legislature recognizes that the state does not have adequate resources to participate in all property transactions involving contaminated property. The primary purpose of this subsection (5) is to promote the cleanup and reuse of vacant or abandoned commercial or industrial contaminated property. The attorney general and the department may give priority to settlements that will provide a substantial public benefit, including, but not limited to the reuse of a vacant or abandoned manufacturing or industrial facility, or the development of a facility by a governmental entity to address an important public purpose.

(6) Nothing in this chapter affects or modifies in any way any person's right to seek or obtain relief under other statutes or under common law, including but not limited to damages for injury or loss resulting from a release or threatened release of a hazardous substance. No settlement by the department or remedial action ordered by a court or the department affects any person's right to obtain a remedy under common law or other statutes.

## CHAPTER 407

[Substitute House Bill 1592]

### TAX EXEMPTIONS FOR SMALL WATER-SEWER DISTRICTS

AN ACT Relating to tax exemptions for small water districts and systems; adding a new section to chapter 82.04 RCW; adding a new section to chapter 82.16 RCW; creating a new section; and providing expiration dates.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** **Sec. 1.** The legislature finds that encouraging water districts to better manage state water resources and encouraging satellite management of failing water systems is in the best interests of the people of Washington state. Continual updates of water quantity and quality, as mandated by federal and state agencies, have revealed that degradation of water quality exists in small water systems throughout the state and that satellite management and consolidation of small systems under a centralized management structure can best utilize existing resources available to assure safe, clean drinking water. The legislature further finds that costs involved in upgrading these small systems can be extremely burdensome to water customers and public water purveyors. With diminishing resources available to these small systems, the legislature finds that granting business and occupation and excise tax relief, under certain conditions, will assist smaller water districts to meet state and federal standards.

**NEW SECTION.** **Sec. 2.** A new section is added to chapter 82.04 RCW to read as follows:

(1) This chapter does not apply to amounts received for water services supplied by a water-sewer district established under Title 57 RCW that has been certified by the department of health as:

- (a) Having less than one thousand five hundred connections; and
- (b) Charging residential water rates that exceed one hundred twenty-five percent of the state-wide average water rate.

(2) This chapter does not apply to amounts received for water services supplied by a water system that has been certified by the department of health as:

(a) Being operated or owned by a qualified satellite management agency under RCW 70.116.134;

- (b) Having less than two hundred connections; and
- (c) Charging residential water rates that exceed one hundred twenty-five percent of the state-wide average water rate.

(3) To receive an exemption under this section, the water system shall supply to the department of health proof that an amount equal to at least 90 percent of the

value of the exemption shall be expended to repair, equip, maintain, and upgrade the water system.

(4) The department of health shall certify to the department of revenue the eligibility of water districts and water systems under this section. In order to determine eligibility, the department of health may use rate information provided in surveys and reports produced by the association of Washington cities, an association of elected officials, or other municipal association to estimate a state-wide average residential water rate. The department of health shall update the estimated state-wide average residential water rate by July 1 of each year that this section remains in effect.

(5) This section expires July 1, 2003.

NEW SECTION. Sec. 3. A new section is added to chapter 82.16 RCW to read as follows:

(1) This chapter does not apply to amounts received for water services supplied by a water-sewer district established under Title 57 RCW that has been certified by the department of health as:

(a) Having less than one thousand five hundred connections; and

(b) Charging residential water rates that exceed one hundred twenty-five percent of the state-wide average water rate.

(2) This chapter does not apply to amounts received for water services supplied by a water system that has been certified by the department of health as:

(a) Being operated or owned by a qualified satellite management agency under RCW 70.116.134;

(b) Having less than two hundred connections; and

(c) Charging residential water rates that exceed one hundred twenty-five percent of the state-wide average water rate.

(3) To receive an exemption under this section, the water system shall supply to the department of health proof that an amount equal to at least 90 percent of the value of the exemption shall be expended to repair; equip, maintain, and upgrade the water system.

(4) The department of health shall certify to the department of revenue the eligibility of water districts and water systems under this section. In order to determine eligibility, the department of health may use rate information provided in surveys and reports produced by the association of Washington cities, an association of elected officials, or other municipal association to estimate a state-wide average residential water rate. The department of health shall update the estimated state-wide average residential water rate by July 1 of each year that this section remains in effect.

(5) This section expires July 1, 2003.

Passed the House April 22, 1997.  
Passed the Senate April 17, 1997.  
Approved by the Governor May 16, 1997.

AN ACT Relating to the taxation of membership sales in discount programs; adding a new section to chapter 82.04 RCW; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Passed the Senate April 21, 1997.  
Passed the House April 14, 1997.  
Approved by the Governor May 16, 1997.

~~((15))~~ (17) "Rule" means any ~~(agency order, directive, or regulation of general applicability (a) the violation of which subjects a person to a penalty or administrative sanction; (b) which establishes, alters, or revokes any procedure, practice, or requirement relating to agency hearings; (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law; (d) which establishes, alters, or revokes any qualifications or standards for the issuance, suspension, or revocation of licenses to pursue any commercial activity, trade, or profession; or (e) which establishes, alters, or revokes any mandatory standards for any product or material which must be met before distribution or sale))~~ issuance adopted under Part III of this chapter. \*Sec. 201 was vetoed. See message at end of chapter.

\*Sec. 202. RCW 34.05.230 and 1996 c 206 s 12 are each amended to read as follows:

(1) ((If the adoption of rules is not feasible and practicable;)) An agency may file notice for the expedited adoption of rules in accordance with the procedures set forth in this section for rules meeting any one of the following criteria:

(a) The proposed rules relate only to internal governmental operations that are not subject to violation by a person;

(b) The proposed rules adopt or incorporate by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of state-wide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;

(c) The proposed rules only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

(d) The content of the proposed rules is explicitly and specifically dictated by statute;

(e) The proposed rules have been the subject of negotiated rule making, pilot rule making, or some other process that involved substantial participation by interested parties before the development of the proposed rule; or

(f) The proposed rule is being amended after a review under RCW 34.05.328 or section 210 of this act.

(2) The expedited rule-making process must follow the requirements for rule making set forth in RCW 34.05.320, except that the agency is not required to prepare a small business economic impact statement under RCW 19.85.025, a statement indicating whether the rule constitutes a significant legislative rule under RCW 34.05.328(5)(c)(iii), or a significant legislative rule analysis under RCW 34.05.328. An agency is not required to prepare statements of inquiry under RCW 34.05.310 or conduct a hearing for the expedited adoption of rules. The notice for the expedited adoption of rules must contain a statement in at least ten-point type, that is substantially in the following form:

NOTICE

THIS RULE IS BEING PROPOSED TO BE ADOPTED USING AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS RULE BEING ADOPTED USING THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO (INSERT NAME AND ADDRESS) AND RECEIVED BY (INSERT DATE).

(3) The agency shall send a copy of the notice of the proposed expedited rule making to any person who has requested notification of proposals for the expedited adoption of rules or of agency rule making, as well as the joint administrative rules review committee, within three days after its publication in the Washington State Register. An agency may charge for the actual cost of providing a requesting party mailed copies of these notices. The notice of the proposed expedited rule making must be preceded by a statement substantially in the form provided in subsection (2) of this section. The notice must also include an explanation of the reasons the agency believes the expedited adoption of the rule is appropriate.

(4) The code reviser shall publish the text of all rules proposed for expedited adoption along with the notice required in this section in a separate section of the Washington State Register. Once the text of the proposed rules has been published in the Washington State Register, the only changes that an agency may make in the text of these proposed rules before their final adoption are to correct typographical errors.

(5) Any person may file a written objection to the expedited adoption of a rule. The objection must be filed with the agency rules coordinator within forty-five days after the notice of the proposed expedited rule making has been published in the Washington State Register. A person who has filed a written objection to the expedited adoption of a rule may withdraw the objection.

(6) If no written objections to the expedited adoption of a rule are filed with the agency within forty-five days after the notice of proposed expedited rule making is published, or if all objections that have been filed are withdrawn by the persons filing the objections, the agency may enter an order adopting the rule without further notice or a public hearing. The order must be published in the manner required by this chapter for any other agency order adopting, amending, or repealing a rule.

(7) If a written notice of objection to the expedited adoption of the rule is timely filed with the agency and is not withdrawn, the notice of proposed expedited rule making published under this section is considered a statement of inquiry for the purposes of RCW 34.05.310, and the agency may initiate further rule adoption proceedings in accordance with this chapter.

(8) Subsections (1) through (8) of this section expire on December 31, 2000.

(9) An agency is encouraged to advise the public of its current opinions, approaches, and likely courses of action by means of ~~((interpretive or policy statements. Current interpretive and policy statements))~~ issuances. Unless adopted under Part III of this chapter or exempted under the definition of de facto rule as defined in RCW 34.05.010, these issuances are advisory only. ((To better inform and involve the public, an agency is encouraged to convert long-standing interpretive and policy statements into rules.

~~—(2))~~ (10) A person may petition an agency ((requesting the conversion of interpretive and policy statements into rules)) to adopt an issuance as a rule. Upon submission, the agency shall notify the joint administrative rules review committee of the petition. A person may petition an agency requesting the repeal or withdrawal of an interpretive or policy statement. Within sixty days after submission of ((a)) either type of petition, the agency shall either deny the petition in writing, stating its reasons for the denial, or initiate rule-making proceedings in accordance with this chapter.

~~((3))~~ (11) Each agency shall maintain a roster of interested persons, consisting of persons who have requested in writing to be notified of all interpretive and policy statements issued by that agency. Each agency shall update the roster once each year and eliminate persons who do not indicate a desire to continue on the roster. Whenever an agency issues an interpretive or policy statement, it shall send a copy of the statement to each person listed on the roster. The agency may charge a nominal fee to the interested person for this service.

~~((4))~~ (12) Whenever an agency issues an interpretive or policy statement, it shall submit to the code reviser for publication in the Washington State Register a statement describing the subject matter of the interpretive or policy statement, and listing the person at the agency from whom a copy of the interpretive or policy statement may be obtained.

\*Sec. 202 was partially vetoed. See message at end of chapter.

**\*NEW SECTION.** *Sec. 203. A new section is added to chapter 34.05 RCW under the subchapter heading "Part III" to read as follows:*

*In lieu of regular mail, an agency may send the contents of any notice pertaining to rule making required under this chapter by electronic mail or facsimile mail if requested in writing by the person entitled to receive the notice.*

\*Sec. 203 was vetoed. See message at end of chapter.

**\*Sec. 204.** *RCW 34.05.325 and 1995 c 403 s 304 are each amended to read as follows:*

*(1) The agency shall make a good faith effort to insure that the information on the proposed rule published pursuant to RCW 34.05.320 accurately reflects the rule to be presented and considered at the oral hearing on the rule. Written comment about a proposed rule, including supporting data, shall be accepted by an agency if received no later than the time and date specified in the notice, or such later time and date established at the rule-making hearing.*

(2) *The agency shall provide an opportunity for oral comment to be received by the agency in a rule-making hearing.*

(3) *If the agency possesses equipment capable of receiving electronic mail, telefacsimile transmissions, or recorded telephonic communications, the agency ((may)) shall provide in its notice of hearing filed under RCW 34.05.320 that interested parties may comment on proposed rules by these means. If the agency ((chooses)) is able to receive comments by these means, the notice of hearing shall provide instructions for making such comments, including, but not limited to, appropriate telephone numbers to be used; the date and time by which comments must be received; required methods to verify the receipt and authenticity of the comments; and any limitations on the number of pages for telefacsimile transmission or electronic mail comments and on the minutes of tape recorded comments. The agency shall accept comments received by these means for inclusion in the ((official-record)) rule-making file established under RCW 34.05.370 if the comments are made in accordance with the agency's instructions.*

(4) *The agency head, a member of the agency head, or a presiding officer designated by the agency head shall preside at the rule-making hearing. Rule-making hearings shall be open to the public. The agency shall cause a record to be made of the hearing by stenographic, mechanical, or electronic means. Unless the agency head presides or is present at substantially all the hearings, the presiding official shall prepare a memorandum for consideration by the agency head, summarizing the contents of the presentations made at the rule-making hearing. The summarizing memorandum is a public document and shall be made available to any person in accordance with chapter 42.17 RCW.*

(5) *Rule-making hearings are legislative in character and shall be reasonably conducted by the presiding official to afford interested persons the opportunity to present comment. Rule-making hearings may be continued to a later time and place established on the record without publication of further notice under RCW 34.05.320.*

(6)(a) *Before it files an adopted rule with the code reviser, an agency shall prepare a concise explanatory statement of the rule:*

- (i) *Identifying the agency's reasons for adopting the rule;*
- (ii) *Describing differences between the text of the proposed rule as published in the register and the text of the rule as adopted, other than editing changes, stating the reasons for differences; and*
- (iii) *Summarizing all comments received regarding the proposed rule, and responding to the comments by category or subject matter, indicating how the final rule reflects agency consideration of the comments, or why it fails to do so.*

(b) *The agency shall provide the concise explanatory statement to any person upon request or from whom the agency received comment.*

*\*Sec. 204 was vetoed. See message at end of chapter.*

*\*Sec. 205. RCW 34.05.328 and 1995 c 403 s 201 are each amended to read as follows:*

*(1) Before adopting a rule described in subsection (5) of this section, an agency shall:*

*(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;*

*(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;*

*(c) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;*

*(d) Determine, after considering alternative versions of the rule and the analysis required under (b) and (c) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;*

*(e) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;*

*(f) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;*

*(g) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:*

*(i) A state statute that explicitly allows the agency to differ from federal standards; or*

*(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; and*

*(h) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter.*

*(2) In making its determinations pursuant to subsection (1)(b) through (g) of this section, the agency shall place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.*

*(3) Before adopting rules described in subsection (5) of this section, an agency shall place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan shall describe how the agency intends to:*

*(a) Implement and enforce the rule, including a description of the resources the agency intends to use;*

*(b) Inform and educate affected persons about the rule;*

*(c) Promote and assist voluntary compliance; and*

*(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.*

*(4) After adopting a rule described in subsection (5) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency shall do all of the following:*

*(a) Provide to the ~~((business assistance center))~~ department of community, trade, and economic development a list citing by reference the other federal and state laws that regulate the same activity or subject matter;*

*(b) Coordinate implementation and enforcement of the rule with the other federal and state entities regulating the same activity or subject matter by making every effort to do one or more of the following:*

*(i) Deferring to the other entity;*

*(ii) Designating a lead agency; or*

*(iii) Entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement.*

*If the agency is unable to comply with this subsection (4)(b), the agency shall report to the legislature pursuant to (c) of this subsection;*

*(c) Report to the joint administrative rules review committee:*

*(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and*

*(ii) Make recommendations for any legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference.*

*(5)(a) Except as provided in (b) of this subsection, this section applies to:*

*(i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, social and health services, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 75.20 RCW; and*

*(ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative rules review committee within ~~((forty-five))~~ ninety days of receiving the notice of proposed rule making under RCW 34.05.320.*

*(b) This section does not apply to:*

*(i) Emergency rules adopted under RCW 34.05.350;*

*(ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;*

*(iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of state-wide significance, or, as referenced by*

*Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;*

*(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;*

*(v) Rules the content of which is explicitly and specifically dictated by statute; ((or))*

*(vi) Rules that set or adjust fees or rates pursuant to legislative standards;*

*or*

*(vii) Rules of the department of social and health services relating only to client medical or financial eligibility and rules concerning liability for care of dependents.*

*(c) For purposes of this subsection:*

*(i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.*

*(ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.*

*(iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.*

*(d) In the notice of proposed rule making under RCW 34.05.320, an agency shall state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.*

*(6) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report shall document:*

*(b) The costs incurred by state agencies in complying with this section;*

*(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;*

*(d) The extent to which this section has adversely affected the capacity of agencies to fulfill their legislatively prescribed mission;*

*(e) The extent to which this section has improved the acceptability of state rules to those regulated; and*

*(f) Any other information considered by the office of financial management to be useful in evaluating the effect of this section.*

\*Sec. 205 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 206. A new section is added to chapter 34.05 RCW under the subchapter heading "Part III" to read as follows:

Each state agency shall prepare a semiannual agenda for rules under development. The agency shall file the agenda with the code reviser for publication in the state register not later than January 31st and July 31st of each year. Not later than three days after its publication in the state register, the agency shall send a copy of the agenda to each person who has requested receipt of a copy of the agenda. The agency shall also submit the agenda to the director of financial management, the rules review committee, and any other state agency that may reasonably be expected to have an interest in the subject of rules that will be developed.

\*Sec. 207. RCW 34.05.350 and 1994 c 249 s 3 are each amended to read as follows:

*(1) If an agency for good cause finds:*

*(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; or*

*(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule, the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. ((The agency's finding and a concise statement of the reasons for its finding shall be incorporated in)) The order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee must contain the governor's signature approving the adoption of the emergency rule or amendment if immediate adoption is found necessary for the preservation of the general welfare. In that case, the governor shall also include a statement explaining why the rule is necessary for that reason. For all other emergency rules, the order of adoption must contain the agency's finding and a concise statement of the reasons for its finding.*

*(2) An emergency rule adopted under this section takes effect upon filing with the code reviser, unless a later date is specified in the order of adoption, and*

*may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively undertaking the appropriate procedures to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.*

*(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any department listed in RCW 43.17.010. Within seven days after submission of the petition, the governor shall either deny the petition in writing, stating his or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any sanction imposed based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule.*

~~*((4) In adopting an emergency rule, the agency shall comply with section 4 of this act or provide a written explanation for its failure to do so.))*~~

\*Sec. 207 was vetoed. See message at end of chapter.

**Sec. 208.** RCW 34.05.354 and 1995 c 403 s 701 are each amended to read as follows:

(1) Not later than ~~((June 30th))~~ April 1st or October 1st of each year, each agency shall submit to the code reviser, according to procedures and time lines established by the code reviser, rules that it determines should be repealed by the expedited repeal procedures provided for in this section. An agency shall file a copy of a preproposal notice of inquiry, as provided in RCW 34.05.310(1), that identifies the rule as one that is proposed for expedited repeal.

(2) An agency may propose the expedited repeal of rules meeting one or more of the following criteria:

(a) The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;

(b) The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;

(c) The rule is no longer necessary because of changed circumstances; or

(d) Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

(3) The agency shall also send a copy of the preproposal notice of inquiry to any person who has requested notification of copies of proposals for the expedited repeal of rules or of agency rule making. The preproposal notice of inquiry shall

include a statement that any person who objects to the repeal of the rule must file a written objection to the repeal within thirty days after the preproposal notice of inquiry is published. The notice of inquiry shall also include an explanation of the reasons the agency believes the expedited repeal of the rule is appropriate.

(4) The code reviser shall publish all rules proposed for expedited repeal in a separate section of a regular edition of the Washington state register or in a special edition of the Washington state register. The publication shall be not later than ~~((July))~~ May 31st or November 30th of each year, or in the first register published after that date.

(5) Any person may file a written objection to the expedited repeal of a rule. The notice shall be filed with the agency rules coordinator within thirty days after the notice of inquiry has been published in the Washington state register. The written objection need not state any reason for objecting to the expedited repeal of the rule.

(6) If no written objections to the expedited repeal of a rule are filed with the agency within thirty days after the preproposal notice of inquiry is published, the agency may enter an order repealing the rule without further notice or an opportunity for a public hearing. The order shall be published in the manner required by this chapter for any other order of the agency adopting, amending, or repealing a rule. If a written objection to the expedited repeal of the rule is filed with the agency within thirty days after the notice of inquiry has been published, the preproposal notice of inquiry published pursuant to this section shall be considered a preproposal notice of inquiry for the purposes of RCW 34.05.310(1) and the agency may initiate rule adoption proceedings in accordance with the provisions of this chapter.

**NEW SECTION.** **Sec. 209.** The legislature finds that rules existing as of the effective date of this act may be unclear or difficult to understand; written or being implemented in a way that does not conform with the intent of the legislature as expressed by the statute that the rule implements; duplicative of, inconsistent with, or in conflict with other state, federal, or local rules or statutes; excessively costly or outdated in the methods prescribed; unauthorized because the authorizing statute has since been repealed or amended; or no longer necessary to meet the purposes of the statute that it implements. The legislature further finds that the review of existing rules is a critical undertaking that is necessary to address these and other deficiencies.

The legislature acknowledges the special nature of the relationship between the legislative and executive branches of government, the cooperation between both of which is essential to the just and efficient administration of the laws of this state.

The legislature further acknowledges the governor's Executive Order 97-02, which provides for executive review of existing rules of agencies the heads of which are appointed by and serve at the pleasure of the governor. The legislature encourages not only these but all agencies to establish a formal and expeditious

process for the review of existing rules in consideration of the aforementioned deficiencies in the rules of all state agencies and their interactions with each other.

***\*NEW SECTION. Sec. 210. A new section is added to chapter 34.05 RCW under the subchapter heading "Part III" to read as follows:***

***(1) No rule, adopted by any agency after the effective date of this act, is effective for more than seven years after the rule is adopted, unless the rule has been reviewed under the procedure in this subsection. An agency shall review a rule to evaluate:***

- (a) Achievement of the goals and objectives of the rule;***
- (b) Technological changes that impact the implementation of or compliance with the rule;***
- (c) Controversy surrounding the implementation or enforcement of the rule, stating the nature of the controversy;***
- (d) The outcome of any court challenges to the validity of the rule or its authority to draft the rule;***
- (e) Actual costs or changes undergone by the regulated community; and***
- (f) Laws or other rules passed since the rule was adopted that are in conflict, impact its implementation, or render the rule obsolete.***

***The agency shall place in a rules review file documentation sufficient to show that the agency conducted the review under this section.***

***(2) Those rules certified to the legislature by the governor to have undergone executive rules review by July 31, 2001, are subject to review under subsection (1) of this section beginning July 31, 2001, and may be effective for no more than seven years after that date unless so reviewed.***

***\*Sec. 210 was vetoed. See message at end of chapter.***

**Sec. 211. RCW 82.32.410 and 1991 c 330 s 2 are each amended to read as follows:**

- (1) The director may designate certain written determinations as precedents.**
  - (a) By rule adopted pursuant to chapter 34.05 RCW, the director shall adopt criteria which he or she shall use to decide whether a determination is precedential. These criteria shall include, but not be limited to, whether the determination clarifies an unsettled interpretation of Title 82 RCW or where the determination modifies or clarifies an earlier interpretation.**
  - (b) Written determinations designated as precedents by the director shall be indexed by subject matter. The determinations and indexes shall be made available for public inspection and shall be published by the department.**
  - (c) The department shall disclose any written determination upon which it relies to support any assessment of tax, interest, or penalty against such taxpayer, after making the deletions provided by subsection (2) of this section.**
- (2) Before making a written determination available for public inspection under subsection (1) of this section, the department shall delete:**

(a) The names, addresses, and other identifying details of the person to whom the written determination pertains and of another person identified in the written determination; and

(b) Information the disclosure of which is specifically prohibited by any statute applicable to the department of revenue, and the department may also delete other information exempted from disclosure by chapter 42.17 RCW or any other statute applicable to the department of revenue.

**Sec. 212.** RCW 19.85.025 and 1995 c 403 s 401 are each amended to read as follows:

(1) Unless an agency receives a written objection to the expedited repeal of a rule, this chapter does not apply to a rule proposed for expedited repeal pursuant to RCW 34.05.354. If an agency receives a written objection to expedited repeal of the rule, this chapter applies to the rule-making proceeding.

(2) This chapter does not apply to a rule proposed for expedited adoption under RCW 34.05.230 (1) through (8), unless a written objection is timely filed with the agency and the objection is not withdrawn.

(3) This chapter does not apply to the adoption of a rule described in RCW 34.05.310(4).

~~((3))~~ (4) An agency is not required to prepare a separate small business economic impact statement under RCW 19.85.040 if it prepared an analysis under RCW 34.05.328 that meets the requirements of a small business economic impact statement, and if the agency reduced the costs imposed by the rule on small business to the extent required by RCW 19.85.030(3). The portion of the analysis that meets the requirements of RCW 19.85.040 shall be filed with the code reviser and provided to any person requesting it in lieu of a separate small business economic impact statement.

**NEW SECTION. Sec. 213.** (1) The legislature finds that there are state rules on the same subject adopted by more than one state agency. The legislature further finds that this situation places an undue hardship on those regulated by rules issued by more than one state agency on the same subject since the regulated individuals must determine what the combined requirements of the rules from the multiple agencies are and how to comply with the requirements of one agency without violating the requirements of another agency.

(2) The governor or his or her designee shall present to the legislature a plan for the design and implementation of a pilot project on a single subject for the consolidation of all rules adopted by any state agency that regulate that same activity or subject matter. The goal of the pilot project is to consolidate these rules into one rule or set of rules that will be the sole and conclusive source of all regulation affecting that activity or subject matter.

The governor or his or her designee shall present the plan for the pilot project to the legislature no later than November 30, 1997.

**PART III  
JUDICIAL REVIEW**

*\*Sec. 301. RCW 34.05.570 and 1995 c 403 s 802 are each amended to read as follows:*

*(1) Generally. Except to the extent that this chapter or another statute provides otherwise:*

*(a) Except as provided in subsection (2) of this section, the burden of demonstrating the invalidity of agency action is on the party asserting invalidity;*

*(b) The validity of agency action shall be determined in accordance with the standards of review provided in this section, as applied to the agency action at the time it was taken;*

*(c) The court shall make a separate and distinct ruling on each material issue on which the court's decision is based; and*

*(d) The court shall grant relief only if it determines that a person seeking judicial relief has been substantially prejudiced by the action complained of.*

*(2) Review of rules. (a) A rule may be reviewed by petition for declaratory judgment filed pursuant to this subsection or in the context of any other review proceeding under this section. In an action challenging the validity of a rule, the agency shall be made a party to the proceeding.*

*(b) The validity of any rule may be determined upon petition for a declaratory judgment addressed to the superior court of Thurston county, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair the legal rights or privileges of the petitioner. When the validity of a rule is challenged, after the petitioner has identified the defects in the rule, the burden of going forward with the evidence is on the agency. The declaratory judgment order may be entered whether or not the petitioner has first requested the agency to pass upon the validity of the rule in question.*

*(c) In a proceeding involving review of a rule, the court shall declare the rule invalid only if it finds that: The rule violates constitutional provisions; the rule exceeds the statutory authority of the agency; the rule was adopted without compliance with statutory rule-making procedures; or the rule is arbitrary and capricious.*

*(3) Review of agency orders in adjudicative proceedings. The court shall grant relief from an agency order in an adjudicative proceeding only if it determines that:*

*(a) The order, or the statute or rule on which the order is based, is in violation of constitutional provisions on its face or as applied;*

*(b) The order is outside the statutory authority or jurisdiction of the agency conferred by any provision of law;*

*(c) The agency has engaged in unlawful procedure or decision-making process, or has failed to follow a prescribed procedure;*

*(d) The agency has erroneously interpreted or applied the law;*

*(e) The order is not supported by evidence that is substantial when viewed in light of the whole record before the court, which includes the agency record for judicial review, supplemented by any additional evidence received by the court under this chapter;*

*(f) The agency has not decided all issues requiring resolution by the agency;*

*(g) A motion for disqualification under RCW 34.05.425 or 34.12.050 was made and was improperly denied or, if no motion was made, facts are shown to support the grant of such a motion that were not known and were not reasonably discoverable by the challenging party at the appropriate time for making such a motion;*

*(h) The order is inconsistent with a rule of the agency unless the agency explains the inconsistency by stating facts and reasons to demonstrate a rational basis for inconsistency; ((or))*

*(i) The order is arbitrary or capricious; or*

*(j) The order is based on a de facto rule.*

*(4) Review of other agency action.*

*(a) All agency action not reviewable under subsection (2) or (3) of this section shall be reviewed under this subsection.*

*(b) A person whose rights are violated by an agency's failure to perform a duty that is required by law to be performed may file a petition for review pursuant to RCW 34.05.514, seeking an order pursuant to this subsection requiring performance. Within twenty days after service of the petition for review, the agency shall file and serve an answer to the petition, made in the same manner as an answer to a complaint in a civil action. The court may hear evidence, pursuant to RCW 34.05.562, on material issues of fact raised by the petition and answer.*

*(c) Relief for persons aggrieved by the performance of an agency action, including the exercise of discretion, or an action under (b) of this subsection can be granted only if the court determines that the action is:*

*(i) Unconstitutional;*

*(ii) Outside the statutory authority of the agency or the authority conferred by a provision of law;*

*(iii) Arbitrary or capricious; ((or))*

*(iv) Taken by persons who were not properly constituted as agency officials lawfully entitled to take such action; or*

*(v) Based on a de facto rule.*

\*Sec. 301 was vetoed. See message at end of chapter.

Sec. 302. RCW 34.05.534 and 1995 c 403 s 803 are each amended to read as follows:

A person may file a petition for judicial review under this chapter only after exhausting all administrative remedies available within the agency whose action is being challenged, or available within any other agency authorized to exercise administrative review, except:

(1) A petitioner for judicial review of a rule need not have participated in the rule-making proceeding upon which that rule is based, have petitioned for its amendment or repeal, have petitioned the joint administrative rules review committee for its review, or have appealed a petition for amendment or repeal to the governor;

(2) A petitioner for judicial review need not exhaust administrative remedies to the extent that this chapter or any other statute states that exhaustion is not required; or

(3) The court may relieve a petitioner of the requirement to exhaust any or all administrative remedies upon a showing that:

(a) The remedies would be patently inadequate;

(b) The exhaustion of remedies would be futile; or

(c) The grave irreparable harm that would result from having to exhaust administrative remedies would clearly outweigh the public policy requiring exhaustion of administrative remedies.

*\*Sec. 303. RCW 48.04.010 and 1990 1st ex.s. c 3 s 1 are each amended to read as follows:*

*(1) The commissioner may hold a hearing for any purpose within the scope of this code as he or she may deem necessary. The commissioner shall hold a hearing:*

*(a) If required by any provision of this code; or*

*(b) Upon written demand for a hearing made by any person aggrieved by any act, threatened act, or failure of the commissioner to act, if such failure is deemed an act under any provision of this code, or by any report, promulgation, or order of the commissioner other than an order on a hearing of which such person was given actual notice or at which such person appeared as a party, or order pursuant to the order on such hearing.*

*(2) Any such demand for a hearing shall specify in what respects such person is so aggrieved and the grounds to be relied upon as basis for the relief to be demanded at the hearing.*

*(3) Unless a person aggrieved by a written order of the commissioner demands a hearing thereon within ninety days after receiving notice of such order, or in the case of a licensee under Title 48 RCW within ninety days after the commissioner has mailed the order to the licensee at the most recent address shown in the commissioner's licensing records for the licensee, the right to such hearing shall conclusively be deemed to have been waived.*

*(4) If a hearing is demanded by a licensee whose license has been temporarily suspended pursuant to RCW 48.17.540, the commissioner shall hold such hearing demanded within thirty days after receipt of the demand or within thirty days of the effective date of a temporary license suspension issued after such demand, unless postponed by mutual consent.*

(5) A hearing held under this section must be conducted by an administrative law judge unless the person demanding the hearing agrees in writing to have an employee of the commissioner conduct the hearing.

\*Sec. 303 was vetoed. See message at end of chapter.

\*Sec. 304. RCW 34.12.040 and 1981 c 67 s 4 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, whenever a state agency conducts a hearing which is not presided over by officials of the agency who are to render the final decision, the hearing shall be conducted by an administrative law judge assigned under this chapter. In assigning administrative law judges, the chief administrative law judge shall wherever practical ((+)) (a) use personnel having expertise in the field or subject matter of the hearing, and ((2)) (b) assign administrative law judges primarily to the hearings of particular agencies on a long-term basis.

(2) An employee of the office of the insurance commissioner may conduct a hearing as provided in RCW 48.04.010(5).

\*Sec. 304 was vetoed. See message at end of chapter.

#### PART IV LEGISLATIVE REVIEW

\*Sec. 401. RCW 34.05.630 and 1996 c 318 s 4 are each amended to read as follows:

(1) All ((rules required to be filed pursuant to RCW 34.05.380, and emergency rules adopted pursuant to RCW 34.05.350,)) issuances are subject to selective review by the legislature.

(2) ((All agency policy and interpretive statements are subject to selective review by the legislature.

—(3)) If the rules review committee finds by a majority vote of its members: (a) That an existing rule is not within the intent of the legislature as expressed by the statute ((which)) that the rule implements, (b) that the rule has not been adopted in accordance with all applicable provisions of law, or (c) that an agency issuance is ((using a policy or interpretive statement in place of)) a de facto rule, the agency affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the rules review committee's notice, the agency shall file notice of a hearing on the rules review committee's finding with the code reviser and mail notice to all persons who have made timely request of the agency for advance notice of its rule-making proceedings as provided in RCW 34.05.320. The agency's notice shall include the rules review committee's findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

((4)) (3) The agency shall consider fully all written and oral submissions regarding (a) whether the rule in question is within the intent of the legislature as expressed by the statute ((which)) that the rule implements, (b) whether the rule was adopted in accordance with all applicable provisions of law, or (c)

*whether ((the agency is using a policy or interpretive statement in place of a)) an agency issuance is a de facto rule.*

*\*Sec. 401 was vetoed. See message at end of chapter.*

*\*Sec. 402. RCW 34.05.640 and 1996 c 318 s 5 are each amended to read as follows:*

*(1) Within seven days of an agency hearing held after notification of the agency by the rules review committee pursuant to RCW 34.05.620 or 34.05.630, the affected agency shall notify the committee of its intended action on a proposed or existing rule or issuance to which the committee objected ((~~or on a committee finding of the agency's failure to adopt rules~~)).*

*(2) If the rules review committee finds by a majority vote of its members: (a) That the proposed or existing rule in question will not be modified, amended, withdrawn, or repealed by the agency so as to conform with the intent of the legislature, (b) that an existing rule was not adopted in accordance with all applicable provisions of law, or (c) that the agency will not modify or withdraw a de facto rule, or replace ((~~the policy or interpretive statement~~)) it with a rule, the rules review committee may, within thirty days from notification by the agency of its intended action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the agency by the rules review committee.*

*(3) If the rules review committee makes an adverse finding regarding an existing rule under subsection (2)(a) or (b) of this section or a de facto rule under subsection (2)(c) of this section, the committee may, by a majority vote of its members, recommend suspension of the rule. Within seven days of such vote the committee shall transmit to the appropriate standing committees of the legislature, the governor, the code reviser, and the agency written notice of its objection and recommended suspension and the concise reasons therefor. Within thirty days of receipt of the notice, the governor shall transmit to the committee, the code reviser, and the agency written approval or disapproval of the recommended suspension. If the suspension is approved by the governor, it is effective from the date of that approval and continues until ninety days after the expiration of the next regular legislative session.*

*(4) The code reviser shall publish transmittals from the rules review committee or the governor issued pursuant to subsection (2) or (3) of this section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the committee's objection or recommended suspension and the governor's action on it and to the issue of the Washington state register in which the full text thereof appears. If the transmittal relates to a de facto rule, the code reviser shall publish the reference within the Washington State Register and the Washington Administrative Code in a location that addresses the most relevant subject matter.*

*(5) The reference shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committee.*

*\*Sec. 402 was vetoed. See message at end of chapter.*

*\*Sec. 403. RCW 34.05.655 and 1996 c 318 s 7 are each amended to read as follows:*

*(1) Any person may petition the rules review committee for a review of a proposed or existing rule or ~~((a policy or interpretive statement))~~ other issuance. Within thirty days of the receipt of the petition, the rules review committee shall acknowledge receipt of the petition and describe any initial action taken. If the rules review committee rejects the petition, a written statement of the reasons for rejection shall be included.*

*(2) A person may petition the rules review committee under subsection (1) of this section requesting review of an existing rule only if the person has petitioned the agency to amend or repeal the rule under RCW 34.05.330(1) and such petition was denied.*

*(3) A petition for review of a rule under subsection (1) of this section shall:*

*(a) Identify with specificity the proposed or existing rule to be reviewed;*

*(b) Identify the specific statute identified by the agency as authorizing the rule, the specific statute which the rule interprets or implements, and, if applicable, the specific statute the department is alleged not to have followed in adopting the rule;*

*(c) State the reasons why the petitioner believes that the rule is not within the intent of the legislature, or that its adoption was not or is not in accordance with law, and provide documentation to support these statements;*

*(d) Identify any known judicial action regarding the rule or statutes identified in the petition.*

*A petition to review an existing rule shall also include a copy of the agency's denial of a petition to amend or repeal the rule issued under RCW 34.05.330(1) and, if available, a copy of the governor's denial issued under RCW 34.05.330(3).*

*(4) A petition for review of ~~((a policy or interpretive statement))~~ an issuance other than a proposed or existing rule under subsection (1) of this section shall:*

*(a) Identify the specific ~~((statement))~~ issuance to be reviewed;*

*(b) ~~((Identify the specific statute which the rule interprets or implements;~~*

*—(c)) State the reasons why the petitioner believes that the ~~((statement))~~ issuance meets the definition of a de facto rule under RCW 34.05.010 ~~((and should have been adopted according to the procedures of this chapter));~~*

*~~((d))~~ (c) Identify any known judicial action regarding the ~~((statement))~~ issuance or statutes identified in the petition.*

*(5) Within ninety days of receipt of the petition, the rules review committee shall make a final decision on the rule or other issuance for which the petition for review was not previously rejected.*

*\*Sec. 403 was vetoed. See message at end of chapter.*

*\*Sec. 404. RCW 34.05.660 and 1988 c 288 s 606 are each amended to read as follows:*

*(1) Except as provided in subsection (2) of this section, it is the express policy of the legislature that establishment of procedures for review of administrative rules by the legislature and the notice of objection required by RCW 34.05.630(2) and 34.05.640(2) in no way serves to establish a presumption as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such rules.*

*(2) If the joint administrative rules review committee recommends to the governor that an existing rule be suspended because it does not conform with the intent of the legislature or was not adopted in accordance with all applicable provisions of law, the recommendation establishes a rebuttable presumption in a proceeding challenging the validity of the rule that the rule is invalid. The burden of demonstrating the validity of the rule is then on the adopting agency.*

*\*Sec. 404 was vetoed. See message at end of chapter.*

## PART V FEES AND EXPENSES

*\*Sec. 501. RCW 4.84.340 and 1995 c 403 s 902 are each amended to read as follows:*

*Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 4.84.340 through 4.84.360.*

*(1) "Agency" means any state board, commission, department, institution of higher education, or officer, authorized by law to make rules or to conduct adjudicative proceedings, except those in the legislative or judicial branches, the governor, or the attorney general except to the extent otherwise required by law.*

*(2) "Agency action" means agency action as defined by chapter 34.05 RCW.*

*(3) "Fees and other expenses" includes the reasonable expenses of expert witnesses, the reasonable cost of a study, analysis, engineering report, test, or project that is found by the court to be necessary for the preparation of the party's case, and reasonable attorneys' fees. Reasonable attorneys' fees shall be based on the prevailing market rates for the kind and quality of services furnished, except that (a) no expert witness shall be compensated at a rate in excess of the highest rates of compensation for expert witnesses paid by the state of Washington, and (b) attorneys' fees shall not be awarded in excess of one hundred fifty dollars per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceedings involved, justifies a higher fee.*

*(4) "Judicial review" means ~~(a) judicial review as defined by chapter 34.05 RCW)~~ review of an agency action in the superior court and courts of appeal.*

(5) "Qualified party" means (a) an individual whose net worth did not exceed ~~((one))~~ two million dollars at the time the initial petition for judicial review was filed or (b) a sole owner of an unincorporated business, or a partnership, corporation, association, or organization whose net worth did not exceed ~~((five))~~ seven million dollars at the time the initial petition for judicial review was filed, except that an organization described in section 501(c)(3) of the federal Internal Revenue Code of 1954 as exempt from taxation under section 501(a) of the code and a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)), may be a party regardless of the net worth of such organization or cooperative association.

\*Sec. 501 was vetoed. See message at end of chapter.

\*Sec. 502. RCW 4.84.350 and 1995 c 403 s 903 are each amended to read as follows:

(1) Except as otherwise specifically provided by statute, a court shall award a qualified party that prevails in a judicial review of an agency action fees and other expenses incurred in the judicial review, including reasonable attorneys' fees, unless the court finds that ((the agency action was substantially justified or that)) circumstances make an award grossly unjust. A qualified party shall be considered to have prevailed if the qualified party obtained relief on a significant issue that achieves some benefit that the qualified party sought.

(2) The amount awarded a qualified party under subsection (1) of this section shall not exceed ~~((twenty-five))~~ fifty thousand dollars for the fees and other expenses incurred in superior court, and fifty thousand dollars for the fees and other expenses incurred in each court of appeal to a maximum of seventy-five thousand dollars. Subsection (1) of this section shall not apply unless all parties challenging the agency action are qualified parties. If two or more qualified parties join in an action, the award in total shall not exceed ~~((twenty-five))~~ fifty thousand dollars in the superior court and fifty thousand dollars in each court of appeal to a maximum of seventy-five thousand dollars. The court, in its discretion, may reduce the amount to be awarded pursuant to subsection (1) of this section, or deny any award, to the extent that a qualified party during the course of the proceedings engaged in conduct that unduly or unreasonably protracted the final resolution of the matter in controversy.

\*Sec. 502 was vetoed. See message at end of chapter.

\*Sec. 503. RCW 4.84.360 and 1995 c 403 s 904 are each amended to read as follows:

Fees and other expenses awarded under RCW 4.84.340 and 4.84.350 shall be paid by the agency over which the party prevails from operating funds appropriated to the agency within ~~((sixty days))~~ thirty days of the decision of a superior court or court of appeal. The fees and other expenses must be paid from moneys appropriated to the agency for administration and support services and not out of moneys for program activities or service delivery if the operating budget or budget notes separately designate administration and support services.

*Agencies paying fees and other expenses pursuant to RCW 4.84.340 and 4.84.350 shall report all payments to the office of financial management within five days of paying the fees and other expenses. Fees and other expenses awarded by the court shall be subject to the provisions of chapter 39.76 RCW and shall be deemed payable on the date the court announces the award.*

\*Sec. 503 was vetoed. See message at end of chapter.

## PART VI MISCELLANEOUS

**Sec. 601.** RCW 42.17.260 and 1995 c 397 s 11 and 1995 c 341 s 1 are each reenacted and amended to read as follows:

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection (6) of this section, RCW 42.17.310, 42.17.315, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by RCW 42.17.310 and 42.17.315, an agency shall delete identifying details in a manner consistent with RCW 42.17.310 and 42.17.315 when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010(~~(+)~~) and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010(~~(+)~~) that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010(~~(+)~~) that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if—

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency shall establish, maintain, and make available for public inspection and copying a statement of the actual per page cost or other costs, if any, that it charges for providing photocopies of public records and a statement of the factors and manner used to determine the actual per page cost or other costs, if any.

(a) In determining the actual per page cost for providing photocopies of public records, an agency may include all costs directly incident to copying such public

records including the actual cost of the paper and the per page cost for use of agency copying equipment. In determining other actual costs for providing photocopies of public records, an agency may include all costs directly incident to shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used.

(b) In determining the actual per page cost or other costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and mail the requested public records may be included in an agency's costs.

(8) An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.

(9) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the Administrative Procedure Act.

**\*Sec. 602. RCW 51.04.030 and 1994 c 164 s 25 are each amended to read as follows:**

***The director shall supervise the providing of prompt and efficient care and treatment, including care provided by physician assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, and including chiropractic care, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and adopt and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That, the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the department: AND PROVIDED FURTHER, That***

*the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as state-wide access to quality service is maintained for injured workers.*

*The director shall, in consultation with interested persons, establish and, in his or her discretion, periodically change as may be necessary, and make available a fee schedule of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, physicians' assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. The department shall coordinate with other state purchasers of health care services to establish as much consistency and uniformity in billing and coding practices as possible, taking into account the unique requirements and differences between programs. No service covered under this title shall be charged or paid at a rate or rates exceeding those specified in such fee schedule, and no contract providing for greater fees shall be valid as to the excess. The establishment of such a schedule, exclusive of conversion factors, does not constitute "agency action" as used in RCW 34.05.010(~~(3)~~), nor does such a fee schedule constitute a "de facto rule" as used in RCW 34.05.010(~~(15)~~).*

*The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workers, shall approve and pay those which conform to the adopted rules, regulations, established fee schedules, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules, regulations, or the established fee schedules and rules and regulations adopted under it.*

\*Sec. 602 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 603. A new section is added to chapter 43.17 RCW to read as follows:

(1) An agency, prior to releasing a final report or study regarding management by a county, city, town, special purpose district, or other unit of local government of a program delegated to the local government by the agency or for which the agency has regulatory responsibility, shall provide copies of a draft of the report or study at least two weeks in advance of the release of the final report or study to the legislative body of the local government. The agency shall, at the request of a local government legislative body, meet with the legislative body before the release of a final report or study regarding the management of such a program.

(2) For purposes of this section, "agency" means an office, department, board, commission, or other unit of state government, other than a unit of state government headed by a separately elected official.

**\*NEW SECTION.** Sec. 604. A new section is added to chapter 43.05 RCW to read as follows:

*When issuing a citation or other written finding that a person has violated a statute, rule, or order, the agency shall include with the citation or other written finding the text of the specific statute or statutes granting the agency the authority to regulate the subject matter of the citation or other written finding.*

\*Sec. 604 was vetoed. See message at end of chapter.

**Sec. 605.** RCW 50.13.060 and 1996 c 79 s 1 are each amended to read as follows:

(1) Governmental agencies, including law enforcement agencies, prosecuting agencies, and the executive branch, whether state, local, or federal shall have access to information or records deemed private and confidential under this chapter if the information or records are needed by the agency for official purposes and:

(a) The agency submits an application in writing to the employment security department for the records or information containing a statement of the official purposes for which the information or records are needed and specific identification of the records or information sought from the department; and

(b) The director, commissioner, chief executive, or other official of the agency has verified the need for the specific information in writing either on the application or on a separate document; and

(c) The agency requesting access has served a copy of the application for records or information on the individual or employing unit whose records or information are sought and has provided the department with proof of service. Service shall be made in a manner which conforms to the civil rules for superior court. The requesting agency shall include with the copy of the application a statement to the effect that the individual or employing unit may contact the public records officer of the employment security department to state any objections to the release of the records or information. The employment security department shall not act upon the application of the requesting agency until at least five days after service on the concerned individual or employing unit. The employment security department shall consider any objections raised by the concerned individual or employing unit in deciding whether the requesting agency needs the information or records for official purposes.

(2) The requirements of subsections (1) and (8) of this section shall not apply to the state legislative branch. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a legislative committee finds that the information or records are necessary and for official purposes. If the employment security department does not make information or records available as provided in this subsection, the legislature may exercise its authority granted by chapter 44.16 RCW.

(3) In cases of emergency the governmental agency requesting access shall not be required to formally comply with the provisions of subsection (1) of this section at the time of the request if the procedures required by subsection (1) of this section are complied with by the requesting agency following the receipt of any records or information deemed private and confidential under this chapter. An emergency is

defined as a situation in which irreparable harm or damage could occur if records or information are not released immediately.

(4) The requirements of subsection (1)(c) of this section shall not apply to governmental agencies where the procedures would frustrate the investigation of possible violations of criminal laws or to the release of employing unit names, addresses, number of employees, and aggregate employer wage data for the purpose of state governmental agencies preparing small business economic impact statements under chapter 19.85 RCW or preparing cost-benefit analyses under RCW 34.05.328(1)(c). Information provided by the department and held to be private and confidential under state or federal laws must not be misused or released to unauthorized parties. A person who misuses such information or releases such information to unauthorized parties is subject to the sanctions in RCW 50.13.080.

(5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) must be satisfied.

(6) Governmental agencies may have access to certain records and information, limited to employer information possessed by the department for purposes authorized in chapter 50.38 RCW. Access to these records and information is limited to only those individuals conducting authorized statistical analysis, research, and evaluation studies. Only in cases consistent with the purposes of chapter 50.38 RCW are government agencies not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied. Information provided by the department and held to be private and confidential under state or federal laws shall not be misused or released to unauthorized parties subject to the sanctions in RCW 50.13.080.

(7) Disclosure to governmental agencies of information or records obtained by the employment security department from the federal government shall be governed by any applicable federal law or any agreement between the federal government and the employment security department where so required by federal law. When federal law does not apply to the records or information state law shall control.

(8) The disclosure of any records or information by a governmental agency which has obtained the records or information under this section is prohibited unless the disclosure is directly connected to the official purpose for which the records or information were obtained.

(9) In conducting periodic salary or fringe benefit studies pursuant to law, the department of personnel shall have access to records of the employment security department as may be required for such studies. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

**NEW SECTION. Sec. 606.** The code reviser shall study the feasibility of accepting agency rule filings in an electronic format. The study must include consideration of the benefits to be achieved by electronic filing compared to the costs that electronic filing would entail. The code reviser may consult with the office of financial management, state agencies, and the general public in conducting the study. The code reviser shall report to the legislature and the governor by July 1, 1998, on the results of this study.

**NEW SECTION. Sec. 607.** Part headings used in this act do not constitute any part of the law.

**NEW SECTION. Sec. 608.** Section 605 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

**NEW SECTION. Sec. 609.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the House April 21, 1997.

Passed the Senate April 17, 1997.

Approved by the Governor May 19, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 19, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 101, 102, 104, 105, 106, 201, 202(9) and (10), 203, 204, 205, 207, 210, 301, 303, 304, 401, 402, 403, 404, 501, 502, 503, 602, and 604, Engrossed Second Substitute House Bill No. 1032 entitled:

"AN ACT Relating to regulatory reform;"

On March 25, 1997, I issued Executive Order 97-02, which set the stage for a thorough review of agency regulations based on need, effectiveness, clarity, statutory intent, coordination and consistency, cost, and fairness. The order also directs agencies to review their reporting requirements for businesses and their policy and interpretive statements and other similar documents. It was not by accident that I chose regulatory reform as the subject of the first executive order of my administration. It is a top priority of my office and all state agencies, and I am firmly committed to ensuring that it results in effective and meaningful regulatory improvements throughout state government.

Despite this demonstrated commitment, the legislature chose to proceed with legislation that in many cases does not measure up to what I consider effective and meaningful regulatory reform. Regulatory reform should reduce inefficiencies, conflicts, and delays in the regulatory process. It should not increase costs, cause inefficiencies, or sacrifice continued protection of our environment and the health and safety of our citizens. While some of the proposals in Engrossed Second Substitute House Bill 1032 meet these goals, many do not.

I have approved a number of provisions in the bill that I hope will improve the regulatory process. Those sections will clarify rule making authority for the Department of Labor and Industries, improve the Insurance Commissioner's procedures for adopting

rules governing unfair practices, and initiate an expedited rule adoption process. Other sections that I have approved will provide better advance notice of rule making, improve opportunities for expedited repeal of rules, encourage all state agencies to engage in a formal rule review process, and provide greater public access to Department of Revenue tax determinations. I have also signed sections that set the stage for possible consolidation of agency rules on the same subject matter, remove legal ambiguities regarding judicial review of rules, provide more local government input on state agency reports, and facilitate the preparation of small business economic impact statements. I applaud the legislature for initiating these improvements to the regulatory process.

However, other sections of the bill are not consistent with meaningful and effective regulatory reform. Sections 101 and 102 would limit the authority of the Forest Practices Board to adopt rules regarding scenic beauty. Proponents argue that these sections merely clarify the current rule making authority of the Board and ensure that its authority is consistent with standards applied to other agencies. In fact, these sections could well be interpreted as a substantive reduction of Board authority and possibly jeopardize ongoing negotiated rule making over sensitive visual impacts in the Columbia River Gorge Scenic Area. For these reasons, I have vetoed sections 101 and 102.

Sections 104 through 106 pose similar risks to the rule making authority of the Office of the Insurance Commissioner, by limiting the general rule making authority of that office. In the insurance code, effective regulatory action and consumer protection depend on a combination of specific statutory directives and general rule making authority. To eliminate general authority, as is proposed in sections 104, 105, and 106, could compromise the capacity of that agency to effectively regulate insurance companies, health care service contractors, and health maintenance organizations. In addition, sections 303 and 304 require the use of administrative law judges for adjudicative proceedings within the Office of the Insurance Commissioner. I have not been presented with sufficient evidence that the current system has created results that were unfair to aggrieved parties. It appears that existing procedures are both cost-effective and efficient. For these reasons, sections 104, 105, 106, 303, and 304 are vetoed.

Section 201 and other related sections in the bill are designed to clarify the difference between rules and other documents that agencies issue. These sections restructure the definition of "rule" within the Administrative Procedure Act (APA). Proponents believe that this language would resolve problems that businesses have when agencies issue policy statements or other documents that should be adopted as rules. I am sympathetic with these concerns and recognize that problems do exist in this area. For that reason, in Executive Order 97-02, I directed agencies to review these kinds of documents with the Attorney General's office and affected members of the regulated community, and take appropriate corrective action. I will be monitoring that effort and will determine if legislation is necessary in 1998.

I believe this problem can be more effectively addressed on an issue-by-issue basis, not by a restructuring of the definition of "rule," as is proposed in this bill. Section 201 could substantially increase rule making in areas where rules may not be the best answer for reasons of cost, timeliness and urgency of the decision, and the sheer number of decisions that must be made in many state programs. Also, sections 202(9) and (10), 301, 401, 402, 403, and 602 contain changes that cross-reference the terms "issuance" or "de facto rule" that are defined only in section 201. Since section 201 is vetoed, these changes would be confusing and obsolete. For these reasons, I have vetoed sections 201, 202(9) and (10), 301, 401, 402, 403, and 602.

Section 203 would authorize agencies to send out the contents of regulatory notices by electronic mail or fax. This was authorized in Substitute House Bill 1323, which I have already signed.

Section 204 mandates that agencies receive and accept comments on proposed rules via voice mail if they have the equipment to receive comments by this method. Current law authorizes agencies to receive comments by voice mail. This is preferable to the mandate contained in section 204.

Section 205 requires the Department of Social and Health Services to adopt a large portion of its rules using significant legislative rule making requirements. This provision is identical to one contained in Substitute House Bill 1076, which I will sign. Section 205

also provides the Joint Administrative Rules Review Committee (JARRC) with 90 days to direct an agency to adopt rules using significant legislative rule making requirements. If an agency completes rule making before the 90 days have elapsed, it is uncertain what the legal effect of the rule would be if JARRC subsequently mandates that the rule should have been adopted under these more stringent requirements. For these reasons, I have vetoed section 205.

Section 207 requires the governor's signature on every emergency rule adopted by all agencies under the general welfare criterion. This section introduces excessive bureaucratic process and paperwork into crucial agency operations. It is also impractical to require the governor to review and approve hundreds of emergency rules, many of which require a same day turn around time. For these reasons, I have vetoed section 207.

Section 210 requires a review of all newly adopted rules within seven years, and a review of existing rules after the governor's rule review is completed. Without this review, the rules would no longer be effective. This section creates a major workload that, in most cases, will duplicate rule review efforts of agencies under Executive Order 97-02. And because the requirement would be part of statutory rule adoption provisions of the APA, it could add substantial legal uncertainty and risk regarding the validity of many rules that may be subject to court challenge. For these reasons, I have vetoed section 210.

Section 301 shifts to agencies the burden of going forward with evidence in rule validity challenges. The purpose of this change is to make it easier for people with limited resources to challenge rules. While I am sympathetic to this concern, there is already provision in the APA to address the problem.

Section 404 gives five members of JARRC the power to establish a rebuttable presumption in judicial proceedings that a rule does not comply with legislative intent or was not adopted in accordance with all applicable provisions of law. The burden of proof to establish the validity of the rule would then fall to the agency, rather than to the person challenging the rule. I have vetoed this section because it violates the state Constitution, which requires that legislative acts be performed by the entire legislature with presentment to the governor for approval. It also raises constitutional separation of powers questions.

Sections 501 through 503 make major changes in the Equal Access to Justice Act, which was recently enacted in 1995 under ESHB 1010. The proposed changes expand the program to judicial review of all agency actions, not just APA issues; modify the standard for allowing attorney's fees; substantially increase awards and the net worth of persons who can qualify for awards; and make other changes regarding the payment of fees. I am not convinced that such changes are justified in a program that is less than two years old and has been applied to only a handful of cases. The current law, with its existing limits and standards, was intended to cure the evils the legislature sought to eliminate. For these reasons, I have vetoed sections 501, 502, and 503.

Finally, section 604 requires that agencies print on their citations the entire text of laws authorizing those citations. This may turn the "ticket books" used by some agencies into rather lengthy treatises.

For these reasons, I have vetoed sections 101,102, 104, 105, 106, 201, 202(9) and (10), 203, 204, 205, 207, 210, 301, 303, 304, 401, 402, 403, 404, 501, 502, 503, 602, and 604 of Engrossed Second Substitute House Bill 1032.

With the exceptions of sections 101,102, 104, 105, 106, 201, 202(9) and (10), 203, 204, 205, 207, 210, 301, 303, 304, 401, 402, 403, 404, 501, 502, 503, 602, and 604, Engrossed Second Substitute House Bill 1032 is approved."

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The department or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration with any other board or the department.

the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

For the purposes of this subsection, a "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade; and a "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

## CHAPTER 412

[Second Substitute House Bill 1191]

### REVIEW OF MANDATED HEALTH INSURANCE BENEFITS

AN ACT Relating to review of mandated health insurance benefits; amending RCW 48.42.060, 48.42.070, and 48.42.080; adding a new chapter to Title 48 RCW; and recodifying RCW 48.42.060, 48.42.070, and 48.42.080.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 48.42.060 and 1984 c 56 s 1 are each amended to read as follows:

The legislature ~~((takes notice of the increasing number of proposals for the))~~ finds that there is a continued interest in mandating ((of)) certain health coverages or offering of health coverages by ((insurance)) health carriers((,-health care service contractors, and health maintenance organizations as a component of individual or group policies-)); and that improved access to these health care services to segments of the population which desire them can provide beneficial social and health consequences which may be in the public interest.

The legislature finds further, however, that the cost ramifications of expanding health coverages is ((resulting in a growing)) of continuing concern((-The way that such coverages are structured and the steps taken to create incentives to provide cost-effective services or to take advantage of cost off-setting features of services can significantly influence the cost impact of mandating particular coverages-)); and that the merits of a particular ((coverage mandate)) mandated benefit must be balanced against a variety of consequences which may go far beyond the immediate impact upon the cost of insurance coverage. The legislature hereby finds and declares that a systematic review of proposed mandated ((or mandatorily offered health coverage)) benefits, which explores all the ramifications of such proposed legislation, will assist the legislature in determining whether mandating a particular coverage or offering is in the public interest. ((This chapter provides for a set of guidelines which should be addressed in the consideration of all such mandated coverage proposals coming before the legislature.)) The purpose of this chapter is to establish a procedure for the proposal, review, and determination of mandated benefit necessity.

**NEW SECTION.** Sec. 2. Unless otherwise specifically provided, the definitions in this section apply throughout this chapter.

(4) "Health care provider" or "provider" means:

**Sec. 3.** RCW 48.42.070 and 1989 1st ex.s. c 9 s 221 are each amended to read as follows:

**Mandated health benefits shall be established as follows:**

(1) Every person who, or organization ((which)) that, seeks ((sponsorship of a legislative proposal which would mandate a health coverage or offering of a health coverage by an insurance carrier, health care service contractor, or health maintenance organization as a component of individual or group policies, shall submit a report to the legislative committees having jurisdiction, assessing both the social and financial impacts of such coverage, including the efficacy of the treatment or service proposed, according to the guidelines enumerated in RCW 48.42.080. Copies of the report shall be sent to the state department of health for review and comment. The state department of health shall make recommendations based on the report to the extent requested by the legislative committees)) to establish a mandated benefit shall, at least ninety days prior to a regular legislative session, submit a mandated benefit proposal to the appropriate committees of the legislature, assessing the social impact, financial impact, and evidence of health care service efficacy of the benefit in strict adherence to the criteria enumerated in RCW 48.42.080 (as recodified by this act).

(3) To the extent that funds are appropriated for this purpose, the department shall report to the appropriate committees of the legislature on the appropriateness of adoption no later than thirty days prior to the legislative session during which the proposal is to be considered.

(4) Mandated benefits must be authorized by law.

Sec. 4. RCW 48.42.080 and 1984 c 56 s 3 are each amended to read as follows:

~~((Guidelines for assessing the impact of proposed mandated or mandatorily offered health coverage to the extent that information is available, shall include, but not be limited to, the following:))~~

(1) Based on the availability of relevant information, the following criteria shall be used to assess the impact of proposed mandated benefits:

(a) The social impact: ((a)) (i) To what extent is the ((treatment or service)) benefit generally utilized by a significant portion of the population? ((b)) (ii) To what extent is the ((insurance coverage)) benefit already generally available? ((c)) (iii) If ((coverage)) the benefit is not generally available, to what extent ((does the lack of coverage result in persons avoiding necessary health care treatments)) has its unavailability resulted in persons not receiving needed services? ((d)) (iv) If the ((coverage)) benefit is not generally available, to what extent ((does the lack of coverage result)) has its unavailability resulted in unreasonable financial hardship? ((e)) (v) What is the level of public demand for the ((treatment or service)) benefit? ((f) What is the level of public demand for insurance coverage of treatment or service? (g)) (vi) What is the level of interest

of collective bargaining agents in negotiating privately for inclusion of this ~~((coverage))~~ benefit in group contracts?

~~((2))~~ (b) The financial impact: ~~((a))~~ (i) To what extent will the ~~((coverage))~~ benefit increase or decrease the cost of treatment or service? ~~((b))~~ (ii) To what extent will the coverage increase the appropriate use of the ~~((treatment or service))~~ benefit? ~~((c))~~ (iii) To what extent will the ~~((mandated treatment or service))~~ benefit be a substitute for a more expensive ~~((treatment or service))~~ benefit? ~~((d))~~ (iv) To what extent will the ~~((coverage))~~ benefit increase or decrease the administrative expenses of ~~((insurance companies))~~ health carriers and the premium and administrative expenses of policyholders? ~~((e))~~ (v) What will be the impact of this ~~((coverage))~~ benefit on the total cost of health care services and on premiums for health coverage? (vi) What will be the impact of this benefit on costs for state-purchased health care? (vii) What will be the impact of this benefit on affordability and access to coverage?

(c) Evidence of health care service efficacy:

(i) If a mandatory benefit of a specific service is sought, to what extent has there been conducted professionally accepted controlled trials demonstrating the health consequences of that service compared to no service or an alternative service?

(ii) If a mandated benefit of a category of health care provider is sought, to what extent has there been conducted professionally accepted controlled trials demonstrating the health consequences achieved by the mandated benefit of this category of health care provider?

(iii) To what extent will the mandated benefit enhance the general health status of the state residents?

(2) The department shall consider the availability of relevant information in assessing the completeness of the proposal.

(3) The department may supplement these criteria to reflect new relevant information or additional significant issues.

(4) The department shall establish, where appropriate, ad hoc panels composed of related experts, and representatives of carriers, consumers, providers, and purchasers to assist in the proposal review process. Ad hoc panel members shall serve without compensation.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 51.32.055 and 1994 c 97 s 1 are each amended to read as follows:

(1) One purpose of this title is to restore the injured worker as nearly as possible to the condition of self-support as an able-bodied worker. Benefits for permanent disability shall be determined under the director's supervision, except

as otherwise authorized in subsection (9) of this section, only after the injured worker's condition becomes fixed.

(2) All determinations of permanent disabilities shall be made by the department, except as otherwise authorized in subsection (9) of this section. Either the worker, employer, or self-insurer may make a request or the inquiry may be initiated by the director or, as authorized in subsection (9) of this section, by the self-insurer on ~~((his or her))~~ the director or the self-insurer's own motion. Determinations shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer or, if the self-insurer has made a request to the department, in the possession of or under the control of the self-insurer shall be forwarded to the director with the request.

(3) A request for determination of permanent disability shall be examined by the department or, if authorized in subsection (9) of this section, the self-insurer, and the department shall issue an order ~~((shall issue))~~ in accordance with RCW 51.52.050 or, in the case of a self-insured employer, the self-insurer may: (a) Enter a written order, communicated to the worker and the department self-insurance section in accordance with subsection (9) of this section, or (b) request the department to issue an order in accordance with RCW 51.52.050.

(4) The department or, in cases authorized in subsection (9) of this section, the self-insurer may require that the worker present himself or herself for a special medical examination by a physician or physicians selected by the department, and the department or, in cases authorized in subsection (9) of this section, the self-insurer may require that the worker present himself or herself for a personal interview. The costs of the examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer, as the case may be.

(5) The director may establish a medical bureau within the department to perform medical examinations under this section. Physicians hired or retained for this purpose shall be grounded in industrial medicine and in the assessment of industrial physical impairment. Self-insurers shall bear a proportionate share of the cost of the medical bureau in a manner to be determined by the department.

(6) Where a dispute arises from the handling of any claim before the condition of the injured worker becomes fixed, the worker, employer, or self-insurer may request the department to resolve the dispute or the director may initiate an inquiry on his or her own motion. In these cases, the department shall proceed as provided in this section and an order shall issue in accordance with RCW 51.52.050.

(7)(a) If a claim (i) is accepted by a self-insurer after June 30, 1986, and before August 1, 1997, (ii) involves only medical treatment and the payment of temporary disability compensation under RCW 51.32.090 or only the payment of temporary disability compensation under RCW 51.32.090, (iii) at the time medical treatment is concluded does not involve permanent disability, (iv) is one with respect to which the department has not intervened under subsection (6) of this

section, and (v) the injured worker has returned to work with the self-insured employer of record, whether at the worker's previous job or at a job that has comparable wages and benefits, the claim may be closed by the self-insurer, subject to reporting of claims to the department in a manner prescribed by department rules adopted under chapter 34.05 RCW.

(b) All determinations of permanent disability for claims accepted under this subsection (7) by self-insurers (~~(after June 30, 1986,)~~) shall be made by the self-insured section of the department under subsections (1) through (4) of this section.

(c) Upon closure of a claim under (a) of this subsection, the self-insurer shall enter a written order, communicated to the worker and the department self-insurance section, which contains the following statement clearly set forth in bold face type: "This order constitutes notification that your claim is being closed with medical benefits and temporary disability compensation only as provided, and with the condition you have returned to work with the self-insured employer. If for any reason you disagree with the conditions or duration of your return to work or the medical benefits or the temporary disability compensation that has been provided, you ~~((may))~~ must protest in writing to the department of labor and industries, self-insurance section, within sixty days of the date you received this order." ~~((If the department receives such a protest, the self-insurer's closure order shall be held in abeyance. The department shall review the claim closure action and enter a determinative order as provided for in RCW 51.52.050.~~

~~—(d) If within two years of claim closure the department determines that the self-insurer has made payment of benefits because of clerical error, mistake of identity, or innocent misrepresentation or the department discovers a violation of the conditions of claim closure, the department may require the self-insurer to correct the benefits paid or payable. This paragraph does not limit in any way the application of RCW 51.32.240.))~~

(8)(a) If a claim ~~((a))~~ (i) is accepted by a self-insurer after June 30, 1990, ~~((b))~~ and before August 1, 1997, (ii) involves only medical treatment, ~~((c))~~ (iii) does not involve payment of temporary disability compensation under RCW 51.32.090, and ~~((d))~~ (iv) at the time medical treatment is concluded does not involve permanent disability, the claim may be closed by the self-insurer, subject to reporting of claims to the department in a manner prescribed by department rules adopted under chapter 34.05 RCW. Upon closure of a claim, the self-insurer shall enter a written order, communicated to the worker, which contains the following statement clearly set forth in bold-face type: "This order constitutes notification that your claim is being closed with medical benefits only, as provided. If for any reason you disagree with this closure, you ~~((may))~~ must protest in writing to the Department of Labor and Industries, Olympia, within 60 days of the date you received this order. The department will then review your claim and enter a further determinative order." ~~((If the department receives such a protest, it shall review the claim and enter a further determinative order as provided for in RCW 51.52.050.))~~

(b) All determinations of permanent disability for claims accepted under this subsection (8) by self-insurers shall be made by the self-insured section of the department under subsections (1) through (4) of this section.

(9)(a) If a claim: (i) Is accepted by a self-insurer after July 31, 1997; (ii)(A) involves only medical treatment, or medical treatment and the payment of temporary disability compensation under RCW 51.32.090, and a determination of permanent partial disability, if applicable, has been made by the self-insurer as authorized in this subsection; or (B) involves only the payment of temporary disability compensation under RCW 51.32.090 and a determination of permanent partial disability, if applicable, has been made by the self-insurer as authorized in this subsection; (iii) is one with respect to which the department has not intervened under subsection (6) of this section; and (iv) concerns an injured worker who has returned to work with the self-insured employer of record, whether at the worker's previous job or at a job that has comparable wages and benefits, the claim may be closed by the self-insurer, subject to reporting of claims to the department in a manner prescribed by department rules adopted under chapter 34.05 RCW.

(b) If a physician submits a report to the self-insurer that concludes that the worker's condition is fixed and stable and supports payment of a permanent partial disability award, and if within fourteen days from the date the self-insurer mailed the report to the attending or treating physician, the worker's attending or treating physician disagrees in writing that the worker's condition is fixed and stable, the self-insurer must get a supplemental medical opinion from a provider on the department's approved examiner's list before closing the claim. In the alternative, the self-insurer may forward the claim to the department, which must review the claim and enter a final order as provided for in RCW 51.52.050.

(c) Upon closure of a claim under this subsection (9), the self-insurer shall enter a written order, communicated to the worker and the department self-insurance section, which contains the following statement clearly set forth in bold-face type: "This order constitutes notification that your claim is being closed with such medical benefits and temporary disability compensation as provided to date and with such award for permanent partial disability, if any, as set forth below, and with the condition that you have returned to work with the self-insured employer. If for any reason you disagree with the conditions or duration of your return to work or the medical benefits, temporary disability compensation provided, or permanent partial disability that has been awarded, you must protest in writing to the Department of Labor and Industries, Self-Insurance Section, within sixty days of the date you received this order. If you do not protest this order to the department, this order will become final."

(d) All determinations of permanent partial disability for claims accepted by self-insurers under this subsection (9) may be made by the self-insurer or the self-insurer may request a determination by the self-insured section of the department. All determinations shall be made under subsections (1) through (4) of this section.

(10) If the department receives a protest of an order issued by a self-insurer under subsections (7) through (9) of this section, the self-insurer's closure order must be held in abeyance. The department shall review the claim closure action and enter a further determinative order as provided for in RCW 51.52.050. If no protest is timely filed, the closing order issued by the self-insurer shall become final and shall have the same force and effect as a department order that has become final under RCW 51.52.050.

(11) If within two years of claim closure under subsections (7) through (9) of this section, the department determines that the self-insurer has made payment of benefits because of clerical error, mistake of identity, or innocent misrepresentation or the department discovers a violation of the conditions of claim closure, the department may require the self-insurer to correct the benefits paid or payable. This subsection (11) does not limit in any way the application of RCW 51.32.240.

(12) For the purposes of this section, "comparable wages and benefits" means wages and benefits that are at least ninety-five percent of the wages and benefits received by the worker at the time of injury.

**NEW SECTION. Sec. 2.** The department of labor and industries shall review the permanent partial disability claims closure activity by self-insured employers authorized under RCW 51.32.055(9) through at least June 30, 1999. The department must also review the claims closure activity by the self-insured section of the department for the same period. The department must report on its review to the appropriate committees of the legislature no later than January 1, 2000.

[Engrossed Substitute House Bill 1792]

### CERTIFICATION OF ENVIRONMENTAL TECHNOLOGIES

AN ACT Relating to certification of environmental technologies; and adding new sections to chapter 43.21A RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. A new section is added to chapter 43.21A RCW to read as follows:

(1) The legislature finds that:

(a) New and innovative environmental technologies can help improve environmental quality at lower costs;

(b) Current regulatory processes often include permits or approvals that require applicants to duplicate costly technical analysis;

(c) The commercialization of innovative environmental technologies can be discouraged due to the costs of repeated environmental analysis;

(d) The regulatory process can be improved by sharing and relying on information generated through demonstration projects and technical certification programs; and

(e) Other states have developed programs to certify environmental technologies in order to streamline the permitting process and to encourage use of environmental technologies.

(2) The legislature therefore declares that the department shall:

(a) Review environmental technology certification programs established by other states or federal agencies, and enter into agreements to use the information from these programs if the department finds that this information will improve the efficiency and effectiveness of the state's environmental regulatory process; and

(b) Participate in technology demonstration activities that support the state's needs for environmental technology.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.21A RCW to read as follows:

(1) At the request of a project proponent, the department shall consider information developed through a certification program when making permit or other regulatory decisions. The department may not require duplicative demonstration of such information, but may require additional information as necessary to assure that state requirements are met. A local government that has a regulatory authority delegated by the department may use information developed through a certification program when making permit or other regulatory decisions.

(2) The department shall develop a certification program for technologies for remediation of radioactive and mixed waste, as those terms are defined in chapter 70.105 RCW, if all program development and operational costs are paid by the federal government or persons seeking certification of the technologies.

(3) Following the development of the certification program in subsection (2) of this section, the department may use the policies and procedures of that program on a pilot basis to evaluate the use of certification for site remediation technologies and other environmental technologies, if the operational costs of the certification are paid by the federal government or persons seeking certification of such technologies.

(4) The department shall charge a reasonable fee to recover the operational costs of certifying a technology.

(5) Subsections (1), (3), and (4) of this section apply to permit and other regulatory decisions made under the following: Chapters 70.94, 70.95, 70.105, 70.105D, 70.120, 70.138, 90.48, 90.54, and 90.56 RCW.

(6) For the purposes of this section, "certification program" means a program, developed or approved by the department, to certify the quantitative performance of an environmental technology over a specified range of parameters and conditions. Certification of a technology does not imply endorsement of a specific technology by the department, or a guarantee of the performance of a technology.

(7) The department may adopt rules as necessary to implement the requirements of subsections (2) and (3) of this section, and establish requirements and procedures for evaluation and certification of environmental technologies.

(8) The state, the department, and officers and employees of the state shall not be liable for damages resulting from the utilization of information developed through a certification program, or from a decision to certify or deny certification to an environmental technology. Actions of the department under this section are not decisions reviewable under RCW 43.21B.110.

Passed the House April 21, 1997.

Passed the Senate April 15, 1997.

Approved by the Governor May 19, 1997.

Passed the House April 21, 1997.

Passed the Senate April 16, 1997.

Approved by the Governor May 19, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 19, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1, 2, and 12 through 17, Engrossed Substitute House Bill No. 2272 entitled:

"AN ACT Relating to transferring the enforcement of existing cigarette and tobacco taxes from the department of revenue to the liquor control board;"

Engrossed Substitute House Bill No. 2272 transfers responsibility for collection of cigarette taxes from the Department of Revenue to the Liquor Control Board. It also makes statements about the estimated amounts of tax revenue lost annually due to evasion, and permits the governor to enter into agreements with tribal governments for the collection of the tax on tribal lands.

I concur with the Legislature that the state has a significant problem related to the collection of the state tax on cigarettes, and I agree that the Liquor Control Board is better suited to collect the tax than the Department of Revenue. However, I believe that other portions of ESHB 2272 are too restrictive to be practical.

Other states have successfully dealt with this issue through effective and fair government-to-government agreements. This bill would have authorized the governor to enter into compacts with Indian tribes regarding cigarette tax collection, but it leaves too little negotiating room. We already have other successful compacting processes in place.

This bill did not make use of those successful processes. Instead, the compacting process set forth in the bill severely and unnecessarily restricts the terms of the agreements. I want the Legislature to revisit this compacting authority next session.

For these reasons, I have vetoed sections 1, 2, and 12 through 17 of Engrossed Substitute House Bill No. 2272.

With the exception of sections 1, 2, and 12 through 17, Engrossed Substitute House Bill No. 2272 is approved."

### EASTERN WASHINGTON PHEASANT ENHANCEMENT PROGRAM

AN ACT Relating to game birds; adding new sections to chapter 77.12 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that pheasant populations in eastern Washington have greatly decreased from their historic high levels and that pheasant hunting success rates have plummeted. The number of pheasant hunters has decreased due to reduced hunting success. There is an opportunity to enhance the pheasant population by release of pen-reared pheasants and habitat enhancements to create increased hunting opportunities on publicly owned and managed lands.

**NEW SECTION.** Sec. 2. There is created within the department the eastern Washington pheasant enhancement program. The purpose of the program is to improve the harvest of pheasants by releasing pen-reared rooster pheasants on sites accessible for public hunting and by providing grants for habitat enhancement on public or private lands under agreement with the department. The department may

either purchase rooster pheasants from private contractors, or produce rooster pheasants from department-sanctioned cooperative projects, whichever is less expensive, provided that the pheasants released meet minimum department standards for health and maturity. Any surplus hen pheasants from pheasant farms or projects operated by the department or the department of corrections for this enhancement program shall be made available to landowners who voluntarily open their lands to public pheasant hunting. Pheasants produced for the eastern Washington pheasant enhancement program must not detrimentally affect the production or operation of the department's western Washington pheasant release program. The release of pheasants for hunting purposes must not conflict with or supplant other department efforts to improve upland bird habitat or naturally produced upland birds.

**NEW SECTION.** Sec. 3. The commission must establish special pheasant hunting opportunities for juvenile hunters in eastern Washington for the 1998 season and future seasons.

**NEW SECTION.** Sec. 4. Beginning September 1, 1997, a person who hunts for pheasant in eastern Washington must pay an annual surcharge of ten dollars, in addition to other licensing requirements. Funds from the surcharge must be deposited in the eastern Washington pheasant enhancement account created in section 5 of this act.

**NEW SECTION.** Sec. 5. The eastern Washington pheasant enhancement account is created in the custody of the state treasurer. All receipts under section 4 of this act must be deposited in the account. Moneys in the account are subject to legislative appropriation and shall be used for the purpose of funding the eastern Washington pheasant enhancement program. The department may use moneys from the account to improve pheasant habitat or to purchase or produce pheasants. Not less than eighty percent of expenditures from the account must be used to purchase or produce pheasants. The eastern Washington pheasant enhancement account funds must not be used for the purchase of land. The account may be used to offer grants to improve pheasant habitat on public or private lands that are open to public hunting. The department may enter partnerships with private landowners, nonprofit corporations, cooperative groups, and federal or state agencies for the purposes of pheasant habitat enhancement in areas that will be available for public hunting.

**NEW SECTION.** Sec. 6. The department of fish and wildlife must jointly investigate with the department of corrections the feasibility of producing pheasants for the eastern Washington pheasant enhancement program utilizing inmate labor and facilities at the Walla Walla state penitentiary or other eastern Washington state correctional facilities. The investigation must include a comparison of the costs of producing pheasants at a correctional facility versus the costs of purchasing pheasants for this enhancement program. The two departments

must report their findings to the senate and house of representatives natural resources committees on or before January 1, 1998.

**NEW SECTION.** Sec. 7. Sections 2 through 5 of this act are each added to chapter 77.12 RCW.

Passed the Senate April 22, 1997.

Passed the House April 18, 1997.

Approved by the Governor May 19, 1997.

Filed in Office of Secretary of State May 19, 1997.

AN ACT Relating to compensating members of the forest practices appeals board; amending RCW 76.09.220; creating a new section; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that the functions of the forest practices appeals board have overriding sensitivity and are of importance to the public welfare and operation of state government.

**Sec. 2.** RCW 76.09.220 and 1989 c 175 s 164 are each amended to read as follows:

(1) The appeals board shall operate on either a part-time or a full-time basis, as determined by the governor. If it is determined that the appeals board shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor. If it is determined that the appeals board shall operate on a part-time basis, each member shall be compensated in accordance with RCW ((43.03.240:—PROVIDED, That such)) 43.03.250. The director of the environmental hearings office shall make the determination, required under RCW 43.03.250, as to what statutorily prescribed duties, in addition to attendance at a hearing or meeting of the board, shall merit compensation. This compensation shall not exceed ten thousand dollars in a fiscal year. Each member shall receive reimbursement for travel expenses incurred in the discharge of his duties in accordance with the provisions of RCW 43.03.050 and 43.03.060.

(3) The principal office of the appeals board shall be at the state capital, but it may sit or hold hearings at any other place in the state. A majority of the appeals board shall constitute a quorum for making orders or decisions, promulgating rules and regulations necessary for the conduct of its powers and duties, or transacting other official business, and may act though one position on the board be vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The appeals

board shall perform all the powers and duties granted to it in this chapter or as otherwise provided by law.

(4) The appeals board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members and upon being filed at the appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The appeals board shall either publish at its expense or make arrangements with a publishing firm for the publication of those of its findings and decisions which are of general public interest, in such form as to assure reasonable distribution thereof.

(6) The appeals board shall maintain at its principal office a journal which shall contain all official actions of the appeals board, with the exception of findings and decisions, together with the vote of each member on such actions. The journal shall be available for public inspection at the principal office of the appeals board at all reasonable times.

(7) The forest practices appeals board shall have exclusive jurisdiction to hear appeals arising from an action or determination by the department.

(8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice may seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his request with the department and the attorney general. The attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with.

(b) The review proceedings authorized in ((subparagraph)) (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

**NEW SECTION. Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.

## CHAPTER 424

[Engrossed Substitute Senate Bill 5273]

### COMPENSATORY MITIGATION FOR AQUATIC RESOURCES

AN ACT Relating to compensatory mitigation; adding new sections to chapter 75.20 RCW; adding a new section to chapter 90.48 RCW; and adding a new chapter to Title 90 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) The state lacks a clear policy relating to the mitigation of wetlands and aquatic habitat for infrastructure development;

(b) Regulatory agencies have generally required project proponents to use compensatory mitigation only at the site of the project's impacts and to mitigate narrowly for the habitat or biological functions impacted by a project;

(c) This practice of considering traditional on-site, in-kind mitigation may provide fewer environmental benefits when compared to innovative mitigation proposals that provide benefits in advance of a project's planned impacts and that restore functions or habitat other than those impacted at a project site; and

(d) Regulatory decisions on development proposals that attempt to incorporate innovative mitigation measures take an unreasonably long period of time and are subject to a great deal of uncertainty and additional expenses.

(2) The legislature therefore declares that it is the policy of the state to authorize innovative mitigation measures by requiring state regulatory agencies to consider mitigation proposals for infrastructure projects that are timed, designed, and located in a manner to provide equal or better biological functions and values compared to traditional on-site, in-kind mitigation proposals.

(3) It is the intent of the legislature to authorize local governments to accommodate the goals of this chapter. It is not the intent of the legislature to: (a) Restrict the ability of a project proponent to pursue project specific mitigation; or (b) create any new authority for regulating wetlands or aquatic habitat beyond what is specifically provided for in this chapter.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Mitigation" means sequentially avoiding impacts, minimizing impacts, or compensating for remaining unavoidable impacts.

(2) "Compensatory mitigation" means the restoration, creation, enhancement, or preservation of uplands, wetlands, or other aquatic resources for the purposes of compensating for unavoidable adverse impacts that remain after all appropriate and practicable avoidance and minimization has been achieved. "Compensatory mitigation" includes mitigation that:

(a) Occurs at the same time as, or in advance of, a project's planned environmental impacts;

(b) Is located in a site either on, near, or distant from the project's impacts; and

(c) Provides either the same or different biological functions and values as the functions and values impacted by the project.

(3) "Infrastructure development" means an action that is critical for the maintenance or expansion of an existing infrastructure feature such as a highway, rail line, airport, marine terminal, utility corridor, harbor area, or hydroelectric facility and is consistent with an approved land use planning process. This planning process may include the growth management act, chapter 36.70A RCW,

or the shoreline management act, chapter 90.58 RCW, in areas covered by those chapters.

(4) "Mitigation plan" means a document or set of documents developed through joint discussions between a project proponent and environmental regulatory agencies that describe the unavoidable wetland or aquatic resource impacts of the proposed infrastructure development and the proposed compensatory mitigation for those impacts.

(5) "Project proponent" means a public or private entity responsible for preparing a mitigation plan.

(6) "Watershed" means an area identified as a state of Washington water resource inventory area under WAC 173-500-040 as it exists on the effective date of this section.

**NEW SECTION. Sec. 3.** (1) Project proponents may use a mitigation plan to propose compensatory mitigation within a watershed. A mitigation plan shall:

(a) Contain provisions that guarantee the long-term viability of the created, restored, enhanced, or preserved habitat, including assurances for protecting any essential biological functions and values defined in the mitigation plan;

(b) Contain provisions for long-term monitoring of any created, restored, or enhanced mitigation site; and

(c) Be consistent with the local comprehensive land use plan and any other applicable planning process in effect for the development area, such as an adopted subbasin or watershed plan.

(2) The departments of ecology and fish and wildlife may not limit the scope of options in a mitigation plan to areas on or near the project site, or to habitat types of the same type as contained on the project site. The departments of ecology and fish and wildlife shall fully review and give due consideration to compensatory mitigation proposals that improve the overall biological functions and values of the watershed or bay and accommodate the mitigation needs of infrastructure development.

The departments of ecology and fish and wildlife are not required to grant approval to a mitigation plan that the departments find does not provide equal or better biological functions and values within the watershed or bay.

(3) When making a permit or other regulatory decision under the guidance of this chapter, the departments of ecology and fish and wildlife shall consider whether the mitigation plan provides equal or better biological functions and values, compared to the existing conditions, for the target resources or species identified in the mitigation plan. This consideration shall be based upon the following factors:

(a) The relative value of the mitigation for the target resources, in terms of the quality and quantity of biological functions and values provided;

(b) The compatibility of the proposal with the intent of broader resource management and habitat management objectives and plans, such as existing

resource management plans, watershed plans, critical areas ordinances, and shoreline master programs;

(c) The ability of the mitigation to address scarce functions or values within a watershed;

(d) The benefits of the proposal to broader watershed landscape, including the benefits of connecting various habitat units or providing population-limiting habitats or functions for target species;

(e) The benefits of early implementation of habitat mitigation for projects that provide compensatory mitigation in advance of the project's planned impacts; and

(f) The significance of any negative impacts to nontarget species or resources.

(4) A mitigation plan may be approved through a memorandum of agreement between the project proponent and either the department of ecology or the department of fish and wildlife, or both.

**NEW SECTION.** Sec. 4. (1) In making regulatory decisions relating to wetland or aquatic resource mitigation, the departments of ecology and fish and wildlife shall, at the request of the project proponent, follow the guidance of sections 1 through 3 of this act.

(2) If the department of ecology or the department of fish and wildlife receives multiple requests for review of mitigation plans, each department may schedule its review of these proposals to conform to available budgetary resources.

**NEW SECTION.** Sec. 5. A new section is added to chapter 75.20 RCW to read as follows:

The department shall not require mitigation for sediment dredging or capping actions that result in a cleaner aquatic environment and equal or better habitat functions and values, if the actions are taken under a state or federal cleanup action.

This chapter shall not be construed to require habitat mitigation for navigation and maintenance dredging of existing channels and berthing areas.

**NEW SECTION.** Sec. 6. A new section is added to chapter 75.20 RCW to read as follows:

When reviewing a mitigation plan under RCW 75.20.100 or RCW 75.20.103, the department shall, at the request of the project proponent, follow the guidance contained in sections 1 through 4 of this act.

**NEW SECTION.** Sec. 7. A new section is added to chapter 90.48 RCW to read as follows:

When exercising its powers under RCW 90.48.260, the department shall, at the request of the project proponent, follow the guidance contained in sections 1 through 4 of this act.

**NEW SECTION.** Sec. 8. Sections 1 through 4 of this act constitute a new chapter in Title 90 RCW.

Passed the Senate April 21, 1997.

Passed the House April 8, 1997.

Approved by the Governor May 19, 1997.

## CHAPTER 425

[Substitute Senate Bill 5327]

### FISH AND WILDLIFE HABITAT INCENTIVES PROGRAM

AN ACT Relating to fish and wildlife enhancement; adding a new section to chapter 77.12 RCW; adding a new section to chapter 75.20 RCW; adding a new section to chapter 76.09 RCW; creating new sections; and making appropriations.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** **Sec. 1.** In an effort to increase the amount of habitat available for fish and wildlife, the legislature finds that it is desirable for the department of fish and wildlife, the department of natural resources, and other interested parties to work closely with private landowners to achieve habitat enhancements. In some instances, private landowners avoid enhancing habitat because of a concern that the presence of fish or wildlife may make future land management more difficult. It is the intent of this act to provide a mechanism that facilitates habitat development while avoiding an adverse impact on the landowner at a later date. The habitat incentives program is not intended to supercede any federal laws.

**NEW SECTION.** **Sec. 2.** (1) The department of fish and wildlife and the department of natural resources shall jointly initiate a habitat incentives program in two phases. In creating this program, the departments shall make use of and complement other study efforts underway relating to habitat protection and enhancement, including the department of fish and wildlife's review of the hydraulic project approval process and the forestry module under development for the forest practices board dealing with practices within riparian areas.

(2) In phase one, the department of fish and wildlife and the department of natural resources shall work with affected federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties to identify appropriate criteria and other factors necessary for implementation of the habitat incentives program. The departments in concert with the interested parties shall identify at least the following elements for implementation of the program:

(a) The factors and the approach that the departments should use in evaluating and weighing the benefits and concurrent risks of entering into a habitat incentives agreement with a landowner;

(b) The approach to be used in assigning responsibilities for implementation of the agreement to the landowner and to the departments;

(c) Assignment of responsibility for documentation of the conditions on a landowner's property prior to the departments entering into a habitat incentives agreement;

(d) The process to be used when a landowner who has entered into a habitat incentives agreement applies for hydraulic project approval or a forest practices permit during the term of the agreement;

(e) The process to be used to monitor and evaluate whether actions taken as a part of the agreement actually enhance habitat for the target species and to amend the agreement if the existing agreement is not enhancing habitat;

(f) The conditions under which the departments and the landowner may terminate the agreement and the remedies if either party breaches the terms of the agreement;

(g) The means for ensuring that the departments are notified if the property covered by the agreement is sold or otherwise transferred into other ownership;

(h) The process to be used for reaching concurrence between the landowner, the departments, the timber, fish, and wildlife cooperators, and affected federally recognized Indian tribes; and

(i) The process to be used in prioritizing proposed agreements if the requests for agreements exceed the funding available for entering into and implementing such agreements.

The departments and the interested parties may identify and propose solutions to other issues necessary in order to implement the habitat incentives program. The departments and the interested parties shall report to the legislature on their findings as well as on any other recommendations for implementation and funding for the habitat incentives program by December 1, 1997.

NEW SECTION. Sec. 3. A new section is added to chapter 77.12 RCW to read as follows:

(1) Beginning in January 1998, the department of fish and wildlife and the department of natural resources shall implement a habitat incentives program based on the recommendations of federally recognized Indian tribes, landowners, the regional fisheries enhancement groups, the timber, fish, and wildlife cooperators, and other interested parties. The program shall allow a private landowner to enter into an agreement with the departments to enhance habitat on the landowner's property for food fish, game fish, or other wildlife species. In exchange, the landowner shall receive state regulatory certainty with regard to future applications for hydraulic project approval or a forest practices permit on the property covered by the agreement. The overall goal of the program is to provide a mechanism that facilitates habitat development on private property while avoiding an adverse state regulatory impact to the landowner at some future date. A single agreement between the departments and a landowner may encompass up to one thousand acres. A landowner may enter into multiple agreements with the departments, provided that the total acreage covered by such agreements with a single landowner does not exceed ten thousand acres. The departments are not obligated to enter

into an agreement unless the departments find that the agreement is in the best interest of protecting fish or wildlife species or their habitat.

(2) A habitat incentives agreement shall be in writing and shall contain at least the following: A description of the property covered by the agreement, an expiration date, a description of the condition of the property prior to the implementation of the agreement, and other information needed by the landowner and the departments for future reference and decisions.

(3) As part of the agreement, the department of fish and wildlife may stipulate the factors that will be considered when the department evaluates a landowner's application for hydraulic project approval under RCW 75.20.100 or 75.20.103 on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of natural resources and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of hydraulic project approval shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(4) As part of the agreement, the department of natural resources may stipulate the factors that will be considered when the department evaluates a landowner's application for a forest practices permit under chapter 76.09 RCW on property covered by the agreement. The department's identification of these evaluation factors shall be in concurrence with the department of fish and wildlife and affected federally recognized Indian tribes. In general, future decisions related to the issuance, conditioning, or denial of forest practices permits shall be based on the conditions present on the landowner's property at the time of the agreement, unless all parties agree otherwise.

(5) The agreement is binding on and may be used by only the landowner who entered into the agreement with the department. The agreement shall not be appurtenant with the land. However, if a new landowner chooses to maintain the habitat enhancement efforts on the property, the new landowner and the departments may jointly choose to retain the agreement on the property.

(6) If the departments receive multiple requests for agreements with private landowners under the habitat incentives program, the departments shall prioritize these requests and shall enter into as many agreements as possible within available budgetary resources.

**NEW SECTION.** Sec. 4. A new section is added to chapter 75.20 RCW to read as follows:

When a private landowner is applying for hydraulic project approval under this chapter and that landowner has entered into a habitat incentives agreement with the department and the department of natural resources as provided in section 3 of this act, the department shall comply with the terms of that agreement when evaluating the request for hydraulic project approval.

**NEW SECTION.** Sec. 5. A new section is added to chapter 76.09 RCW to read as follows:

When a private landowner is applying for a forest practices permit under this chapter and that landowner has entered into a habitat incentives agreement with the department and the department of fish and wildlife as provided in section 3 of this act, the department shall comply with the terms of that agreement when evaluating the permit application.

**NEW SECTION. Sec. 6.** (1) The sum of twelve thousand one hundred twenty-five dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 1998, from the general fund to the department of fish and wildlife for the purposes of this act.

(2) The sum of twelve thousand one hundred twenty-five dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 1999, from the general fund to the department of fish and wildlife for the purposes of this act.

(3) The sum of twelve thousand one hundred twenty-five dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 1998, from the general fund to the department of natural resources for the purposes of this act.

(4) The sum of twelve thousand one hundred twenty-five dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 1999, from the general fund to the department of natural resources for the purposes of this act.

Passed the Senate April 26, 1997.

Passed the House April 26, 1997.

Approved by the Governor May 19, 1997.

Filed in Office of Secretary of State May 19, 1997.

## CHAPTER 426

[Senate Bill 5650]

### JURISDICTION OVER WATER-SEWER DISTRICTS BY CITIES

AN ACT Relating to local government; amending RCW 35.13A.070 and 35.13A.080; adding a new section to chapter 35.13A RCW; and adding new sections to chapter 35.51 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** A new section is added to chapter 35.13A RCW to read as follows:

The board of commissioners of a water-sewer district, with fewer than one hundred twenty customers on the effective date of this act, may by resolution declare that it is in the best interests of the district for a city, with a population greater than one hundred thousand on the effective date of this act, to assume jurisdiction of the district. None of the territory or assessed valuation of the district need be included within the corporate boundaries of the city. If the city legislative body agrees to assume jurisdiction of the district, the district and the city shall enter into a contract under RCW 35.13A.070, acceptable to both the district and the city,

to carry out the assumption. The contract must provide for the transfer to the city of all real and personal property, franchises, rights, assets, taxes levied but not collected for the district for other than indebtedness, water and sewer lines, and all other facilities and equipment of the district. The transfers are subject to all financial, statutory, or contractual obligations of the district for the security or performance of which the property may have been pledged. The city may manage, control, maintain, and operate the property, facilities, and equipment and fix and collect service and other charges from owners and occupants of properties so served by the city. However, the actions of the city are subject to any outstanding indebtedness, bonded or otherwise, of the district payable from taxes, assessments, or revenues of any kind or nature and to any other contractual obligations of the district, including but not limited to the contract entered into by the city and the district under RCW 35.13A.070.

Under the contract, the city may assume the obligation of paying the district indebtedness and of levying and collecting or causing to be collected the district taxes, assessments, and utility rates and charges of any kind or nature to pay and secure the payment of the indebtedness, according to all terms, conditions, and covenants incident to the indebtedness. The city shall assume and perform all other outstanding contractual obligations of the district in accordance with all of their terms, conditions, and covenants. The assumption does not impair the obligation of any indebtedness or other contractual obligation entered into after the effective date of this act. Until the outstanding indebtedness of the district has been discharged, the territory of the district and the owners and occupants of property in it, continue to be liable for its and their proportionate share of the indebtedness, including outstanding assessments levied by a local improvement district or utility local improvement district within the water-sewer district. The city shall assume the obligation of paying the indebtedness, collecting the assessments and charges, and observing and performing the other district contractual obligations. The legislative body of the city shall act as the officers of the district for the purpose of certifying the amount of any property tax to be levied and collected in the district, and causing service and other charges and assessments to be collected from the property or owners or occupants of it, enforcing the collection, and performing all other acts necessary to insure performance of the district's contractual obligations.

When the city assumes the obligation of paying the outstanding indebtedness, and if property taxes or assessments have been levied and service or other charges have accrued for that purpose but have not been collected by the district before the assumption, the taxes, assessments, and charges collected belong and must be paid to the city and used by the city so far as necessary for payment of indebtedness of the district that existed and was unpaid on the date the city elected to assume the indebtedness. Funds received by the city that have been collected for the purpose of paying bonded or other indebtedness of the district must be used for the purpose for which they were collected and for no other purpose. Outstanding indebtedness must be paid as provided in the bond covenants. The city shall use funds of the

district on deposit with the county treasurer at the time of title transfer solely for the benefit of the utility, and shall not transfer them to or use them for the benefit of the city's general fund.

This section expires December 31, 1998.

**Sec. 2.** RCW 35.13A.070 and 1971 ex.s. c 95 s 7 are each amended to read as follows:

Notwithstanding any provision of this chapter to the contrary, one or more cities and one or more (~~water districts or sewer~~) districts may, through their legislative authorities, authorize a contract with respect to the rights, powers, duties, and obligation of such cities, or districts with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, allocation of cost, financing and construction of new facilities, application and use of assets, disposition of liabilities and debts, the performance of contractual obligations, and any other matters arising out of the inclusion, in whole or in part, of the district or districts within any city or cities, or the assumption by the city of jurisdiction of a district under section 1 of this act. The contract may provide for the furnishing of services by any party thereto and the use of city or district facilities or real estate for such purpose, and may also provide for the time during which such district or districts may continue to exercise any rights, privileges, powers, and functions provided by law for such district or districts as if the district or districts or portions thereof were not included within a city or were not subject to an assumption of jurisdiction under section 1 of this act, including but not by way of limitation, the right to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges, and connection fees, (~~and~~) to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements, and to issue general obligation bonds or revenue bonds in the manner provided by law. The contract may provide for the transfer to a city of district facilities, property, rights, and powers as provided in RCW 35.13A.030 (~~and~~), 35.13A.050, and section 1 of this act, whether or not sixty percent or any of the area or assessed valuation of real estate lying within the district or districts is included within such city. The contract may provide that any party thereto may authorize, issue, and sell revenue bonds to provide funds for new water or sewer improvements or to refund any water revenue, sewer revenue, or combined water and sewer revenue bonds outstanding of any city, or district which is a party to such contract if such refunding is deemed necessary, providing such refunding will not increase interest costs. The contract may provide that any party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions, and covenants as the outstanding bonds of any other party to the contract, and such new bonds may be substituted or exchanged for such outstanding bonds(~~(- PROVIDED, That)~~). However, no such exchange or substitution shall be effected in such a manner as to impair the obligation or security of any such outstanding bonds.

**Sec. 3.** RCW 35.13A.080 and 1971 ex.s. c 95 s 8 are each amended to read as follows:

In any of the cases provided for in RCW 35.13A.020, 35.13A.030, ~~((and))~~ 35.13A.050, and section 1 of this act, and notwithstanding any other method of dissolution provided by law, dissolution proceedings may be initiated by either the city or the district, or both, when the legislative body of the city and the governing body of the district agree to, and petition for, dissolution of the district.

The petition for dissolution shall be signed by the chief administrative officer of the city and the district, upon authorization of the legislative body of the city and the governing body of the district, respectively and such petition shall be presented to the superior court of the county in which the city is situated.

If the petition is thus authorized by both the city and district, and title to the property, facilities, and equipment of the district has passed to the city pursuant to action taken under this chapter, all indebtedness and local improvement district or utility local improvement district assessments of the district have been discharged or assumed by and transferred to the city, and the petition contains a statement of the distribution of assets and liabilities mutually agreed upon by the city and the district and a copy of the agreement between such city and the district is attached thereto, a hearing shall not be required and the court shall, if the interests of all interested parties have been protected, enter an order dissolving the district.

In any of the cases provided for in RCW 35.13A.020 ~~((and))~~, 35.13A.030, and section 1 of this act, if the petition for an order of dissolution is signed on behalf of the city alone or the district alone, or there is no mutual agreement on the distribution of assets and liabilities, the superior court shall enter an order fixing a hearing date not less than sixty days from the day the petition is filed, and the clerk of the court of the county shall give notice of such hearing by publication in a newspaper of general circulation in the district once a week for three successive weeks and by posting in three public places in the district at least twenty-one days before the hearing. The notice shall set forth the filing of the petition, its purposes, and the date and place of hearing thereon.

After the hearing the court shall enter its order with respect to the dissolution of the district. If the court finds that such district should be dissolved and the functions performed by the city, the court shall provide for the transfer of assets and liabilities to the city. The court may provide for the dissolution of the district upon such conditions as the court may deem appropriate. A certified copy of the court order dissolving the district shall be filed with the county auditor. If the court does not dissolve the district, it shall state the reasons for declining to do so.

Assessments for local improvements in a local improvement district created by a municipality may be pledged and applied when collected to the payment of its obligations under a loan agreement entered into under chapter 39.69 RCW to pay costs of improvements in such a local improvement district.

Fertilizer materials, bone meal, manures, and similar materials may be guaranteed in fractional units.

**NEW SECTION.** Sec. 2. A new section is added to chapter 15.54 RCW to read as follows:

A material approved under section 5 of this act may be distributed as a commercial fertilizer and may be registered as a packaged commercial fertilizer. However, the department may refuse to register such a material as a packaged commercial fertilizer, may cancel the registration of the material as a packaged commercial fertilizer, and may prohibit its distribution as a commercial fertilizer if the department finds evidence that use of the material as a commercial fertilizer poses unacceptable hazards to human health or the environment that were not known during the approval process specified in section 5 of this act.

Sec. 3. RCW 15.54.800 and 1993 c 183 s 14 are each amended to read as follows:

(1) The director shall administer and enforce the provisions of this chapter and any rules adopted under this chapter. All authority and requirements provided for in chapter 34.05 RCW apply to this chapter in the adoption of rules.

(2) The director may adopt appropriate rules for carrying out the purpose and provisions of this chapter, including but not limited to rules providing for:

This section shall not:

(a) Prohibit a person from dumping or depositing solid waste resulting from his own activities onto or under the surface of ground owned or leased by him when such action does not violate statutes or ordinances, or create a nuisance; or

(b) Apply to a person using a material or materials on the land as commercial fertilizer if (i) the department of ecology has issued written approval for the use of the material or materials as commercial fertilizer as provided in section 5 of this act, (ii) the registration of the material or materials as a packaged commercial fertilizer has not been canceled under section 2 of this act, and (iii) the distribution of the material or materials as a commercial fertilizer has not been prohibited by the department of agriculture under section 2 of this act.

**NEW SECTION.** Sec. 5. A new section is added to chapter 70.95 RCW to read as follows:

(1) The legislature finds that an optional procedure should be established that provides certainty as to whether certain materials generated as byproducts from the manufacturing of wood products may clearly be distributed and used as commercial fertilizer. It is the intent of the legislature in establishing such a procedure that it be truly optional, and that the procedure or the legislature's establishment of the procedure not be construed, except as provided in subsection (3) of this section, as suggesting in any manner whatsoever that a material submitted or not submitted for approval under the procedure or generated or not generated as a byproduct from the manufacturing of wood products is or is not to be regulated as a solid waste.

(2) If a person desires to receive the express approval of the department of ecology to distribute a material generated as a byproduct from the manufacturing of wood products as a commercial fertilizer under chapter 15.54 RCW for use as a commercial fertilizer, the person may request in writing the department to provide such approval. The department shall issue written approval to the person and to the department of agriculture that the material may be used as a commercial fertilizer, if the material characteristics and management methods will not pose unacceptable hazards to human health and the environment. The written approval shall certify, to the extent practicable, that the use of the material as a commercial fertilizer is consistent with the following:

(a) The biosolids standards set forth in rule or guidance under chapter 70.95J RCW, municipal sewage sludge;

(b) Chapter 70.105D RCW, model toxics control act;

(4) A party aggrieved by a decision of the department to issue a written approval under this section or to deny the issuance of such an approval may appeal the decision to the pollution control hearings board within thirty days of the decision. Review of such a decision shall be conducted in accordance with chapter 43.21B RCW. Any subsequent appeal of a decision of the hearings board shall be obtained in accordance with RCW 43.21B.180.

(3) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a policy form under subsection (3) of this section, the insurer shall amend any previously issued disapproved form by endorsement to comply with the commissioner's disapproval.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner.

**NEW SECTION.** **Sec. 2.** A new section is added to chapter 48.19 RCW to read as follows:

(1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall disapprove the filing and give notice to the insurer or rating organization that made the filing, specifying how the filing fails to meet the requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this section, the insurer shall issue an endorsement changing the rate to comply with the commissioner's disapproval from the date the rate is no longer effective.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner.

**Sec. 3.** RCW 48.18.100 and 1989 c 25 s 1 are each amended to read as follows:

(1) No insurance policy form other than surety bond forms, forms exempt under section 1 of this act, or application form where written application is required and is to be attached to the policy, or printed life or disability rider or endorsement form shall be issued, delivered, or used unless it has been filed with and approved by the commissioner. This section shall not apply to policies, riders or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(2) Every such filing containing a certification, in a form approved by the commissioner, by either the chief executive officer of the insurer or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the Washington Administrative Code, may be used by such insurer immediately after filing with the commissioner. The commissioner may order an insurer to cease using a certified form upon the

grounds set forth in RCW 48.18.110. This subsection shall not apply to certain types of policy forms designated by the commissioner by rule.

(3) Except as provided in section 1 of this act, every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. By approval of any such form for immediate use, the commissioner may waive any unexpired portion of such initial thirty-day waiting period.

(4) The commissioner's order disapproving any such form or withdrawing a previous approval shall state the grounds therefor.

(5) No such form shall knowingly be so issued or delivered as to which the commissioner's approval does not then exist.

(6) The commissioner may, by order, exempt from the requirements of this section for so long as he or she deems proper, any insurance document or form or type thereof as specified in such order, to which in his or her opinion this section may not practicably be applied, or the filing and approval of which are, in his or her opinion, not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization shall adhere to the form filings made on its behalf by the organization. Deviations from such organization are permitted only when filed with the commissioner in accordance with this chapter.

**Sec. 4.** RCW 48.19.060 and 1989 c 25 s 5 are each amended to read as follows:

(1) The commissioner shall review a filing as soon as reasonably possible after made, to determine whether it meets the requirements of this chapter.

(2) Except as provided in RCW 48.19.070 and section 2 of this act:

(a) No such filing shall become effective within thirty days after the date of filing with the commissioner, which period may be extended by the commissioner for an additional period not to exceed fifteen days if he or she gives notice within such waiting period to the insurer or rating organization which made the filing that he or she needs such additional time for the consideration of the filing. The commissioner may, upon application and for cause shown, waive such waiting period or part thereof as to a filing that he or she has not disapproved.

## CHAPTER 429

[Engrossed Senate Bill 6094]

### GROWTH MANAGEMENT—MODIFICATIONS

AN ACT Relating to growth management; amending RCW 36.70A.030, 36.70A.060, 36.70A.070, 36.70A.130, 36.70A.270, 36.70A.290, 36.70A.300, 36.70A.305, 36.70A.320, 36.70A.330, 36.70A.110, 43.62.035, 36.70A.500, 43.155.070, 70.146.070, 84.34.020, 84.34.060, 84.34.065, 84.40.030, 90.60.030, 35A.14.295, 35.13.174, 36.93.170, 84.14.010, 84.14.030, 84.14.050, 90.61.020, 90.61.040, 36.70B.040, 43.21C.110, 36.70B.110, 43.21C.075, 90.58.090, 90.58.143, and 34.05.518; adding new sections to chapter 36.70A RCW; adding a new section to chapter 35.13 RCW; creating new sections; providing expiration dates; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**\*NEW SECTION.** *Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:*

*In enacting the section 7(5), chapter . . ., Laws of 1997 (section 7(5) of this act) amendments to RCW 36.70A.070(5), the legislature finds that chapter 36.70A RCW is intended to recognize the importance of agriculture, forestry, and rural lands and rural character to Washington's economy, its people, and its environment, while respecting regional differences and, in accordance with one of the goals of the growth management act, protecting the property rights of landowners from arbitrary and discriminatory actions. Rural lands and rural-based economies, including agriculture and forest uses that are located outside of designated resource lands, enhance the economic desirability of the state, help to preserve traditional economic activities, and contribute to the state's overall quality of life. The legislature also finds that in developing its rural element under RCW 36.70A.070(5), a county should foster land use patterns and develop a local vision of rural character that: Will help preserve rural-based economies and traditional rural lifestyles; will encourage the economic prosperity of rural residents; will foster opportunities for small-scale, rural-based employment and self-employment; will permit the operation of rural-based agricultural, commercial, recreational, and tourist businesses that are consistent with existing and planned land use patterns; will foster the private stewardship of the land and preservation of open space; and will enhance the rural sense of community and quality of life. The legislature recognizes that there will be a variety of interpretations by counties of how best to implement a rural element, reflecting the diverse needs and local circumstances found across the state. RCW 36.70A.070(5) provides a framework for local elected officials to make*

*these determinations. References to both wildlife and water are intended in RCW 36.70A.030 and 36.70A.070 to acknowledge their importance as features or components of rural character. It is expected that these matters will be addressed in comprehensive plans, but that counties may not necessarily need to adopt new regulations to account adequately for them in establishing a pattern of land use and development for rural areas.*

\*Sec. 1 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

In amending RCW 36.70A.320(3) by section 20(3), chapter . . ., Laws of 1997 (section 20(3) of this act), the legislature intends that the boards apply a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the boards to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning goals of this chapter, and implementing a county's or city's future rests with that community.

**Sec. 3.** RCW 36.70A.030 and 1995 c 382 s 9 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) "Department" means the department of community, trade, and economic development.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services;  
and

(g) That are consistent with the protection of natural surface water flows and ground water and surface water recharge and discharge areas.

(15) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(16) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(17) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of ~~((such))~~ land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((+5))~~ (18) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((+6))~~ (19) "Urban governmental services" or "urban services" include those ~~((governmental))~~ public services and public facilities at an intensity historically and typically ~~((delivered by))~~ provided in cities, ~~((and include))~~ specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities

associated with urban areas and normally not associated with (~~(nonurban))~~ rural areas.

~~((17))~~ (20) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

**\*NEW SECTION.** *Sec. 4. A new section is added to chapter 36.70A RCW to read as follows:*

*(1) A county, after conferring with its cities, may develop alternative methods of achieving the planning goals established by RCW 36.70A.020.*

*(2) The authority provided by this section may not be used to modify:*

*(a) Requirements for the designation and protection of critical areas or for the designation of natural resource lands under RCW 36.70A.060(2), 36.70A.170, and 36.70A.172;*

*(b) The requirement that wetlands be delineated consistent with the requirements of RCW 36.70A.175; or*

*(c) The requirement to establish a process for the siting of essential public facilities pursuant to RCW 36.70A.200.*

*(3) Before adopting any alternative methods of achieving the planning goals established by RCW 36.70A.020, a county shall provide an opportunity for public review and comment. An ordinance or resolution proposing or adopting alternative methods must be submitted to the department in the same manner as provided in RCW 36.70A.106 for submittal of proposed and adopted comprehensive plans and development regulations.*

*\*Sec. 4 was vetoed. See message at end of chapter.*

**\*NEW SECTION.** *Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:*

*The legislature finds that it is the goal of the state of Washington to achieve no overall net loss of wetland functions. Wetlands can provide public benefits related to flood control, groundwater recharge, water quality, and wildlife habitat. The legislature further finds that consideration should be given to the functions wetlands provide and to the needs of private property owners to assure that wetlands regulations both reflect the impact to wetland functions and allow for a reasonable use of property. In adopting critical areas development regulations, counties and cities should consider and balance all of the goals*

*under RCW 36.70A.020. The legislature intends that no goal takes precedence over any of the others, but that counties and cities may prioritize the goals in accordance with local history, conditions, circumstances, and choice.*

*\*Sec. 5 was vetoed. See message at end of chapter.*

*\*Sec. 6. RCW 36.70A.060 and 1991 sp.s. c 32 s 21 are each amended to read as follows:*

*(1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.*

*(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.*

*(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.*

*(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.*

*(5) Counties and cities may exempt the following from critical areas development regulations:*

*(a) Emergency activities; and*

*(b) Activities with minor impacts on critical areas.*

\*Sec. 6 was vetoed. See message at end of chapter.

Sec. 7. RCW 36.70A.070 and 1996 c 239 s 1 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter,

(b) Rural development. The rural element shall permit (~~appropriate land uses that are compatible with the rural character of such lands and~~) rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities (~~and~~), uses (~~and may also provide~~), essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but

shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence;

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand

management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

**\*NEW SECTION.** *Sec. 8. A new section is added to chapter 36.70A RCW to read as follows:*

*(1) Except as otherwise provided in this chapter, residential and nonresidential uses in the rural element shall not require urban services and nonresidential rural development shall be principally designed to serve and provide jobs for the existing and projected rural population or servc existing nonresidential uses.*

*(2) This section applies to (a) a county with a population of ninety-five thousand or more; and (b) a county that has committed five percent or more of its land base to urban growth areas under RCW 36.70A.110 and that has no more than eighty percent of its land base in public ownership or resource lands of long-term commercial significance designated under RCW 36.70A.170.*

*\*Sec. 8 was vetoed. See message at end of chapter.*

**NEW SECTION.** *Sec. 9. A new section is added to chapter 36.70A RCW to read as follows:*

*(1) The public participation requirements of this chapter shall include notice procedures that are reasonably calculated to provide notice to property owners and other affected and interested individuals, tribes, government agencies, businesses, and organizations of proposed amendments to comprehensive plans and development regulation. Examples of reasonable notice provisions include:*

- (a) Posting the property for site-specific proposals;*
- (b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the proposal is located or that will be affected by the proposal;*
- (c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;*
- (d) Placing notices in appropriate regional, neighborhood, ethnic, or trade journals; and*

*(e) Publishing notice in agency newsletters or sending notice to agency mailing lists, including general lists or lists for specific proposals or subject areas.*

*(2)(a) Except as otherwise provided in (b) of this subsection, if the legislative body for a county or city chooses to consider a change to an amendment to a comprehensive plan or development regulation, and the change is proposed after the opportunity for review and comment has passed under the county's or city's*

procedures, an opportunity for review and comment on the proposed change shall be provided before the local legislative body votes on the proposed change.

(b) An additional opportunity for public review and comment is not required under (a) of this subsection if:

(i) An environmental impact statement has been prepared under chapter 43.21C RCW for the pending resolution or ordinance and the proposed change is within the range of alternatives considered in the environmental impact statement;

(ii) The proposed change is within the scope of the alternatives available for public comment;

(iii) The proposed change only corrects typographical errors, corrects cross-references, makes address or name changes, or clarifies language of a proposed ordinance or resolution without changing its effect;

(iv) The proposed change is to a resolution or ordinance making a capital budget decision as provided in RCW 36.70A.120; or

(v) The proposed change is to a resolution or ordinance enacting a moratorium or interim control adopted under RCW 36.70A.390.

(3) This section is prospective in effect and does not apply to a comprehensive plan, development regulation, or amendment adopted before the effective date of this section.

**Sec. 10.** RCW 36.70A.130 and 1995 c 347 s 106 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing ~~((evaluation and))~~ review and evaluation by the county or city that adopted them. Not later than September 1, 2002, and at least every five years thereafter, a county or city shall take action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure that the plan and regulations are complying with the requirements of this chapter. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; ~~((and))~~

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by section 25 of this act.

**Sec. 11.** RCW 36.70A.270 and 1996 c 325 s 1 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The

boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. (9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

**Sec. 12.** RCW 36.70A.290 and 1995 c 347 s 109 are each amended to read as follows:

(1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board. The board shall render written decisions articulating the basis for its holdings. The board shall not issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

(c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government's shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, or the parties have filed an agreement to have the

case heard in superior court as provided in section 13 of this act, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

**NEW SECTION. Sec. 13.** A new section is added to chapter 36.70A RCW to read as follows:

(1) The superior court may directly review a petition for review filed under RCW 36.70A.290 if all parties to the proceeding before the board have agreed to direct review in the superior court. The agreement of the parties shall be in writing and signed by all of the parties to the proceeding or their designated representatives. The agreement shall include the parties' agreement to proper venue as provided in RCW 36.70A.300(5). The parties shall file their agreement with the board within ten days after the date the petition is filed, or if multiple petitions have been filed and the board has consolidated the petitions pursuant to RCW 36.70A.300, within ten days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete agreement of the parties, the board shall file a certificate of agreement with the designated superior court and shall serve the parties with copies of the certificate. The superior court shall obtain exclusive jurisdiction over a petition when it receives the certificate of agreement. With the certificate of agreement the board shall also file the petition for review, any orders entered by the board, all other documents in the board's files regarding the action, and the written agreement of the parties.

(3) For purposes of a petition that is subject to direct review, the superior court's subject matter jurisdiction shall be equivalent to that of the board. Consistent with the requirements of the superior court civil rules, the superior court may consolidate a petition subject to direct review under this section with a separate action filed in the superior court.

(4)(a) Except as otherwise provided in (b) and (c) of this subsection, the provisions of RCW 36.70A.280 through 36.70A.330, which specify the nature and extent of board review, shall apply to the superior court's review.

(b) The superior court:

(i) Shall not have jurisdiction to directly review or modify an office of financial management population projection;

(ii) Except as otherwise provided in RCW 36.70A.300(2)(b), shall render its decision on the petition within one hundred eighty days of receiving the certification of agreement; and

(iii) Shall give a compliance hearing under RCW 36.70A.330(2) the highest priority of all civil matters before the court.

(c) An aggrieved party may secure appellate review of a final judgment of the superior court under this section by the supreme court or the court of appeals. The review shall be secured in the manner provided by law for review of superior court decisions in other civil cases.

(5) If, following a compliance hearing, the court finds that the state agency, county, or city is not in compliance with the court's prior order, the court may use its remedial and contempt powers to enforce compliance.

(6) The superior court shall transmit a copy of its decision and order on direct review to the board, the department, and the governor. If the court has determined that a county or city is not in compliance with the provisions of this chapter, the governor may impose sanctions against the county or city in the same manner as if a board had recommended the imposition of sanctions as provided in RCW 36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the superior court civil rules shall govern a request for intervention and all other procedural matters not specifically provided for in this section.

Sec. 14. RCW 36.70A.300 and 1995 c 347 s 110 are each amended to read as follows:

(1) The board shall issue a final order (~~((within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order))~~ that shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, (~~adopted~~) under RCW 36.70A.040 or chapter 90.58 RCW.

(2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

(b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines that a negotiated settlement between the remaining parties could resolve significant issues in dispute. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

(3) In the final order, the board shall either:

(a) Find that the state agency, county, or city is in compliance with the requirements of this chapter (~~(or)~~, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates

to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) Find that the state agency, county, or city is not in compliance with the requirements of this chapter ((or)), chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall remand the matter to the affected state agency, county, or city ((and)), The board shall specify a reasonable time not in excess of one hundred eighty days, or such longer period as determined by the board in cases of unusual scope or complexity, within which the state agency, county, or city shall comply with the requirements of this chapter. The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

~~((2))~~ (4) Unless the board makes a determination of invalidity as provided in section 16 of this act, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand((-unless the board's final order also:

~~—(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and~~

~~—(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity;~~

~~—(3) A determination of invalidity shall:~~

~~—(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board's order; and~~

~~—(b) Subject any development application that would otherwise vest after the date of the board's order to the local ordinance or resolution that both is enacted in response to the order of remand and determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this chapter.~~

~~—(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand)).~~

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board.

**\*NEW SECTION.** *Sec. 15. A new section is added to chapter 36.70A RCW to read as follows:*

*After the effective date of this section, all appeals of a decision taken from a final decision of a board shall be filed in the court of appeals for assignment by the chief presiding judge.*

\*Sec. 15 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:

(1) A board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:

(a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;

(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board's order by the city or county. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board's order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt of the board's order by the county or city vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board's order, a determination of invalidity does not apply to a development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board's order, except as otherwise specifically provided in the board's order to protect the public health and safety;

(ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board's order by the county or city; and

(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board's order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

***\*NEW SECTION. Sec. 17. A board shall determine that part or all of a comprehensive plan or development regulations, or amendments thereto, are invalid only if, in addition to the requirements of section 16 of this act, the board finds that in adopting plans or development regulations, or amendments thereto, the county or city acted in an arbitrary and capricious manner.***

*\*Sec. 17 was vetoed. See message at end of chapter.*

***\*Sec. 18. RCW 36.70A.305 and 1996 c 325 s 4 are each amended to read as follows:***

***(1) The court shall provide expedited review of ~~((a-determination-of invalidity-or))~~ an order ~~((effectuating))~~ that includes a determination of invalidity made or issued under RCW 36.70A.300 and section 16 of this act. The matter must be set for hearing within sixty days of the date set for submitting the board's record, absent a showing of good cause for a different date or a stipulation of the parties.***

***(2) A determination of substantial interference under this chapter must be based on evidence of actual development or development permit applications that***

would substantially interfere with the goals of this chapter, and not on hypothetical or speculative development potential.

\*Sec. 18 was vetoed. See message at end of chapter.

**\*NEW SECTION.** *Sec. 19. A new section is added to chapter 36.70A RCW to read as follows:*

*A court, in reviewing an order of the board, may:*

*(1) Affirm the board's order;*

*(2) Set aside the board's order, enjoin or stay the board's order, remand the matter for further proceedings, order the board to rescind or modify an order;*  
*or*

*(3) Enter a declaratory judgment order of compliance or noncompliance, which may include a determination of invalidity if (a) the determination is supported by findings of fact and conclusions of law that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter and (b) the court's order specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.*

\*Sec. 19 was vetoed. See message at end of chapter.

**Sec. 20.** RCW 36.70A.320 and 1995 c 347 s 111 are each amended to read as follows:

(1) Except as provided in subsection ~~((2))~~ (5) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption.

(2) Except as otherwise provided in subsection (4) of this section, the burden is on the petitioner to demonstrate that any action taken by a state agency, county, or city under this chapter is not in compliance with the requirements of this chapter.

(3) In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it ~~((finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter))~~ determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of this chapter.

~~((2))~~ (4) A county or city subject to a determination of invalidity made under RCW 36.70A.300 or section 16 of this act has the burden of demonstrating that the ordinance or resolution it has enacted in response to the determination of invalidity will no longer substantially interfere with the fulfillment of the goals of this chapter under the standard in section 16(1) of this act.

(5) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW.

**Sec. 21.** RCW 36.70A.330 and 1995 c 347 s 112 are each amended to read as follows:

(1) After the time set for complying with the requirements of this chapter under RCW (~~36.70A.300(1)(b))~~ 36.70A.300(3)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter and with any compliance schedule established by the board in its final order. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, (~~city, or~~) county, or city. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.

(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county's or city's efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.

(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide(~~:~~

~~—(a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or~~

~~—(b)), if no determination of invalidity has been made, whether one now should be made ((under the standards in RCW 36.70A.300(2))) under section 16 of this act.~~

(5) The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

**NEW SECTION.** **Sec. 22.** A new section is added to chapter 36.70A RCW to read as follows:

A county or city subject to an order of invalidity issued before the effective date of section 14 of this act, by motion may request the board to review the order of invalidity in light of the section 14, chapter . . . , Laws of 1997 (section 14 of this act) amendments to RCW 36.70A.300, the section 21, chapter . . . , Laws of 1997 (section 21 of this act) amendments to RCW 36.70A.330, and section 16 of this act. If a request is made, the board shall rescind or modify the order of invalidity

as necessary to make it consistent with the section 14, chapter . . ., Laws of 1997 (section 14 of this act) amendments to RCW 36.70A.300, and to the section 21, chapter . . ., Laws of 1997 (section 21 of this act) amendments to RCW 36.70A.330, and section 16 of this act.

**NEW SECTION.** Sec. 23. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county or a city may use a variety of innovative zoning techniques in areas designated as agricultural lands of long-term commercial significance under RCW 36.70A.170. The innovative zoning techniques should be designed to conserve agricultural lands and encourage the agricultural economy. A county or city should encourage nonagricultural uses to be limited to lands with poor soils or otherwise not suitable for agricultural purposes.

(2) Innovative zoning techniques a county or city may consider include, but are not limited to:

(a) Agricultural zoning, which limits the density of development and restricts or prohibits nonfarm uses of agricultural land;

(b) Cluster zoning, which allows new development on one portion of the land, leaving the remainder in agricultural or open space uses;

(c) Large lot zoning, which establishes as a minimum lot size the amount of land necessary to achieve a successful farming practice;

(d) Quarter/quarter zoning, which permits one residential dwelling on a one-acre minimum lot for each one-sixteenth of a section of land; and

(e) Sliding scale zoning, which allows the number of lots for single-family residential purposes with a minimum lot size of one acre to increase inversely as the size of the total acreage increases.

Sec. 24. RCW 36.70A.110 and 1995 c 400 s 2 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, ~~((the urban growth areas in))~~ the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit

a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final

urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

**NEW SECTION. Sec. 25.** A new section is added to chapter 36.70A RCW to read as follows:

(1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, county-wide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the county-wide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection every five years as provided in subsection (3) of this section. The first evaluation shall be completed not later than September 1, 2002. The county and its cities may establish in the county-wide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the county-wide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the county-wide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the county-wide population projection established for the county pursuant to RCW

43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has occurred since the adoption of the county-wide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to county-wide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the county-wide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county

planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

**Sec. 26.** RCW 43.62.035 and 1995 c 162 s 1 are each amended to read as follows:

The office of financial management shall determine the population of each county of the state annually as of April 1st of each year and on or before July 1st of each year shall file a certificate with the secretary of state showing its determination of the population for each county. The office of financial management also shall determine the percentage increase in population for each county over the preceding ten-year period, as of April 1st, and shall file a certificate with the secretary of state by July 1st showing its determination. At least once every ~~((ten))~~ five years or upon the availability of decennial census data, whichever is later, the office of financial management shall prepare twenty-year growth management planning population projections required by RCW 36.70A.110 for each county that adopts a comprehensive plan under RCW 36.70A.040 and shall review these projections with such counties and the cities in those counties before final adoption. The county and its cities may provide to the office such information as they deem relevant to the office's projection, and the office shall consider and comment on such information before adoption. Each projection shall be expressed as a reasonable range developed within the standard state high and low projection. The middle range shall represent the office's estimate of the most likely population projection for the county. If any city or county believes that a projection will not accurately reflect actual population growth in a county, it may petition the office to revise the projection accordingly. The office shall complete the first set of ranges for every county by December 31, 1995.

A comprehensive plan adopted or amended before December 31, 1995, shall not be considered to be in noncompliance with the twenty-year growth management planning population projection if the projection used in the comprehensive plan is in compliance with the range later adopted under this section.

**NEW SECTION.** **Sec. 27.** In order to ensure that there will be no unfunded responsibilities imposed on counties and cities, if specific funding for the purposes of section 25 of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, section 25 of this act is null and void.

**Sec. 28.** RCW 36.70A.500 and 1995 c 347 s 116 are each amended to read as follows:

(1) The department of community, trade, and economic development shall provide management services for the fund created by RCW 36.70A.490. The department ~~((by rule))~~ shall establish procedures for fund management. The department shall encourage participation in the grant program by other public agencies. The department shall develop the grant criteria, monitor the grant

program, and select grant recipients in consultation with state agencies participating in the grant program through the provision of grant funds or technical assistance.

(2) A grant may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant shall be provided to assist a county or city in paying for the cost of preparing ~~((a detailed environmental impact statement))~~ an environmental analysis under chapter 43.21C RCW, that is integrated with a comprehensive plan ((or)), subarea plan ((and)), plan element, county-wide planning policy, development regulation((s)), monitoring program, or other planning activity adopted under or implementing this chapter that:

(a) Improves the process for project permit review while maintaining environmental quality; or

(b) Encourages use of plans and information developed for purposes of complying with this chapter to satisfy requirements of other state programs.

(3) In order to qualify for a grant, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW and subsection (2) of this section that is integrated with a comprehensive plan ~~((or)), subarea plan ((and)), plan element, county-wide planning policy, development regulations, monitoring program, or other planning activity adopted under or implementing this chapter;~~

(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by ~~((subsequent))~~ applicants for development permits within the geographic area analyzed in the plan;

(c) Demonstrate that procedures for review of development permit applications will be based on the integrated plans and environmental analysis;

~~((d))~~ Include mechanisms ((in the plan)) to monitor the consequences of growth as it occurs in the plan area and ((provide ongoing)) to use the resulting data to update the plan, policy, or implementing mechanisms and associated environmental analysis;

~~((d) Be making))~~ (e) Demonstrate substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and

~~((e))~~ (f) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

~~(b) ((Comprehensive and subarea plan proposals that are designed to identify and monitor))~~ Identification and monitoring of system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

~~(c)~~ Coordination with state, federal, and tribal governments in project review;

~~(d)~~ Furtherance of important state objectives related to economic development, protection of areas of state-wide significance, and siting of essential public facilities;

~~(e)~~ Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans and prospective environmental analysis;

~~((d))~~ ~~(f)~~ Programs for effective citizen and neighborhood involvement that contribute to greater ((certainty)) likelihood that planning decisions ((with)) can be implemented with community support; and

~~((e) Plans that))~~ ~~(g)~~ Programs to identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watersbed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant recipients to facilitate state and local project review processes that will implement the projects receiving grants under this section.

Sec. 29. RCW 43.155.070 and 1996 c 168 s 3 are each amended to read as follows:

(1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs;

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors; and

(d) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town that is required or chooses to plan under RCW 36.70A.040 must have adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, and must have adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value

of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

- (a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;
- (b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;
- (c) The cost of the project compared to the size of the local government and amount of loan money available;
- (d) The number of communities served by or funding the project;
- (e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;
- (f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;
- (g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and
- (h) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (7) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated

funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsection (5) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (7) of this section.

(7)(a) Loans made for the purpose of capital facilities plans shall be exempted from subsection (5) of this section. In no case shall the total amount of funds utilized for capital facilities plans and emergency loans exceed the limitation in RCW 43.155.065.

(b) For the purposes of this section "capital facilities plans" means those plans required by the growth management act, chapter 36.70A RCW, and plans required by the public works board for local governments not subject to the growth management act.

(8) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

**Sec. 30.** RCW 70.146.070 and 1991 sp.s. c 32 s 24 are each amended to read as follows:

When making grants or loans for water pollution control facilities, the department shall consider the following:

- (1) The protection of water quality and public health;
- (2) The cost to residential ratepayers if they had to finance water pollution control facilities without state assistance;
- (3) Actions required under federal and state permits and compliance orders;
- (4) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;
- (5) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and

(6) The recommendations of the Puget Sound (~~(water quality authority)~~) action team and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town that is required or chooses to plan under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, or unless it has adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

**Sec. 31.** RCW 84.34.020 and 1992 c 69 s 4 are each amended to read as follows:

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly~~((+))~~, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means ~~((either))~~;

(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres;

(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes~~((:))~~;

(iii) Other similar commercial activities as may be established by rule ~~((following consultation with the advisory committee established in section 19 of this act))~~;

(b) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993~~((:))~~;

(i) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993~~((:))~~; and

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter.

Parcels of land described in (b)(i) and (c)(i) of this subsection shall, upon any transfer of the property excluding a transfer to a surviving spouse, be subject to the limits of (b)(ii) and (c)(ii) of this subsection.

Agricultural lands shall also include such incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands";

(d) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes;

(e) Any parcel of land designated as agricultural land under RCW 36.70A.170;  
or

(f) Any parcel of land not within an urban growth area zoned as agricultural land under a comprehensive plan adopted under chapter 36.70A RCW.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of forest crops for commercial purposes. A timber management plan shall be filed with the county legislative authority at the time (a) an application is made for classification as timber land pursuant to this chapter or (b) when a sale or transfer of timber land occurs and a notice of classification continuance is signed. Timber land means the land only.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" shall mean the contract vendee.

(6) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, shall be considered contiguous.

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

**Sec. 32.** RCW 84.34.060 and 1992 c 69 s 8 are each amended to read as follows:

In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessed valuation of open space land shall not be less than the minimum value per acre of classified farm and agricultural land except that the assessed valuation of open space land may be valued based on the public benefit rating system adopted under RCW 84.34.055: PROVIDED FURTHER, That timber land shall be valued according to chapter 84.33 RCW. In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

**Sec. 33.** RCW 84.34.065 and 1992 c 69 s 9 are each amended to read as follows:

The true and fair value of farm and agricultural land shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than five years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands shall be the "net cash rental", capitalized at a "rate of interest" charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes. The current use value of land under RCW 84.34.020(2)(d) shall be established as: The prior year's average value of open space farm and agricultural land used in the county plus the value of land improvements such as septic, water, and power used to serve the residence. This shall not be interpreted to require the assessor to list improvements to the land with the value of the land.

In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

For the purposes of the above computation:

(1) The term "net cash rental" shall mean the average rental paid on an annual basis, in cash, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease for a period of at least three years to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There shall be allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. If "net cash rental" data is not available, the earning or productive capacity of farm and agricultural lands shall be determined by the cash value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than five years. Standard costs of production shall be allowed as a deduction from the cash value of the crops.

The current "net cash rental" or "earning capacity" shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

(2) The term "rate of interest" shall mean the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

The "rate of interest" shall be determined annually by a rule adopted by the department of revenue and such rule shall be published in the state register not later than January 1 of each year for use in that assessment year. The department of revenue determination may be appealed to the state board of tax appeals within thirty days after the date of publication by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land.

(3) The "component for property taxes" shall be a figure obtained by dividing the assessed value of all property in the county into the property taxes levied within the county in the year preceding the assessment and multiplying the quotient obtained by one hundred.

**Sec. 34.** RCW 84.40.030 and 1994 c 124 s 20 are each amended to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

(4) In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

**Sec. 35.** RCW 90.60.030 and 1995 c 347 s 603 are each amended to read as follows:

The permit assistance center is established within the department. The center shall:

(1) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. ~~((The center shall coordinate with the business assistance center in providing and maintaining this information to applicants and others.))~~ To the extent possible, the handbook shall include relevant federal and tribal laws. A state agency or local government shall provide a reasonable number of copies of application forms, statutes, ordinances, rules, handbooks, and other informational material requested by the center and shall otherwise fully cooperate with the center. The center shall seek the cooperation of relevant federal agencies and tribal governments;

(2) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;

(3) Work closely and cooperatively with the business license center ~~((and the business assistance center))~~ in providing efficient and nonduplicative service to the public;

(4) Seek the assignment of employees from the permit agencies listed under RCW 90.60.020(6)(a) to serve on a rotating basis in staffing the center; ~~((and))~~

(5) Collect and disseminate information to public and private entities on federal, state, local, and tribal government programs that rely on private professional expertise to assist governmental agencies in project permit review; and

(6) Provide an annual report to the legislature on potential conflicts and perceived inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing committees of the house of representatives and senate by December 1, 1996.

Sec. 36. RCW 35A.14.295 and 1967 ex.s. c 119 s 35A.14.295 are each amended to read as follows:

~~((When there is, within))~~ (1) The legislative body of a code city may resolve to annex territory containing residential property owners to the city if there is within the city, unincorporated territory;

(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the code city~~((; the legislative body may resolve to annex such territory to the code city));~~ or

(b) Of any size and having at least eighty percent of the boundaries of such area contiguous to the city if such area existed before June 30, 1994, and is within the same county and within the same urban growth area designated under RCW 36.70A.110, and the city was planning under chapter 36.70A RCW as of June 30, 1994.

(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water.

(1) Population and territory; population density; land area and land uses; comprehensive plans and zoning, as adopted under chapter 35.63, 35A.63, or 36.70 RCW; comprehensive plans and development regulations adopted under chapter 36.70A RCW; applicable service agreements entered into under chapter 36.115 or

39.34 RCW; applicable interlocal annexation agreements between a county and its cities; per capita assessed valuation; topography, natural boundaries and drainage basins, proximity to other populated areas; the existence and preservation of prime agricultural soils and productive agricultural uses; the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years; location and most desirable future location of community facilities;

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW.

**Sec. 40.** RCW 84.14.010 and 1995 c 375 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means either (a) a city or town with a population of at least one hundred ((fifty)) thousand or (b) the largest city or town, if there is no city or town with a population of at least one hundred thousand, located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(8) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.

(9) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(10) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

**NEW SECTION.** Sec. 41. A new section is added to chapter 36.70A RCW to read as follows:

The legislature recognizes that the preservation of urban greenbelts is an integral part of comprehensive growth management in Washington. The legislature further recognizes that certain greenbelts are subject to adverse possession action which, if carried out, threaten the comprehensive nature of this chapter. Therefore, a party shall not acquire by adverse possession property that is designated as a plat greenbelt or open space area or that is dedicated as open space to a public agency or to a bona fide homeowner's association.

**Sec. 42.** RCW 84.14.030 and 1995 c 375 s 6 are each amended to read as follows:

An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, low-income or moderate-income occupancy requirements, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy.

In the case of existing occupied multifamily development, the multifamily housing must also provide for a minimum of four additional multifamily units. Existing multifamily vacant housing that has been vacant for twelve months or more does not have to provide additional multifamily units;

(4) New construction multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application;

(5) Property proposed to be rehabilitated must be vacant at least twelve months before submitting an application and fail to comply with one or more standards of the applicable state or local building or housing codes on or after July 23, 1995; and

(6) The applicant must enter into a contract with the city approved by the governing body under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority.

Sec. 43. RCW 84.14.050 and 1995 c 375 s 8 are each amended to read as follows:

An owner of property seeking tax incentives under this chapter must complete the following procedures:

(1) In the case of rehabilitation or where demolition or new construction is required, the owner shall secure from the governing authority or duly authorized agent, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building and housing codes;

(2) In the case of new and rehabilitated multifamily housing, the owner shall apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including the floor plan of units and other information requested;

(c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(3) The applicant must verify the application by oath or affirmation; and

(4) The application must be made on or before April 1 of each year, and must be accompanied by the application fee, if any, required under RCW ~~((84.14.070))~~ 84.14.080. The governing authority may permit the applicant to revise an application before final action by the governing authority.

*\*Sec. 44. RCW 90.61.020 and 1995 c 347 s 802 are each amended to read as follows:*

*The commission shall consist of not more than ~~((fourteen))~~ twenty-two members. ~~((Eleven))~~ Fifteen members of the commission shall be appointed by the governor. ~~((Membership))~~ The commission members appointed by the governor shall reflect the interests of business, ~~((agriculture))~~ operators of small*

businesses, owners of small property holdings, livestock producers, irrigated agriculture, dryland farmers or major crop commodity producers, labor, the environment, neighborhood groups, other citizens, the legislature, cities, counties, and federally recognized Indian tribes. ((Members)) The commission members appointed by the governor shall have substantial experience in matters relating to land use and environmental planning and regulation, and shall have the ability to work toward cooperative solutions among diverse interests. The director of the department of community, trade, and economic development, or the director's designee, shall be a member and shall serve as chair of the commission. The director of the department of ecology, or the director's designee, and the secretary of the department of transportation, or the secretary's designee, shall also be members of the commission. Two members of the commission shall be members of the senate, one from each caucus appointed by the president of the senate, and two members of the commission shall be members of the house of representatives, one from each caucus appointed by the speaker of the house of representatives. Staff for the commission shall be provided by the department of community, trade, and economic development, with additional staff to be provided by other state agencies and the legislature, as may be required. State agencies shall provide the commission with information and assistance as needed.

This section expires June 30, 1998.

\*Sec. 44 was vetoed. See message at end of chapter.

\*Sec. 45. RCW 90.61.040 and 1995 c 347 s 804 are each amended to read as follows:

*The commission shall:*

(1) Consider the effectiveness of state and local government efforts to consolidate and integrate the growth management act, the state environmental policy act, the shoreline management act, and other land use, planning, environmental, and permitting laws.

(2) Identify the revisions and modifications needed in state land use, planning, and environmental law and practice to adequately plan for growth and achieve economically and environmentally sustainable development, to adequately assess environmental impacts of comprehensive plans, development regulations, and growth, and to reduce the time and cost of obtaining project permits.

(3) Draft a consolidated land use procedure, following these guidelines:

(a) Conduct land use planning through the comprehensive planning process under chapter 36.70A RCW rather than through review of individual projects;

(b) Involve diverse sectors of the public in the planning process. Early and informal environmental analysis should be incorporated into planning and decision making;

*(c) Recognize that different questions need to be answered and different levels of detail applied at each planning phase, from the initial development of plan concepts or plan elements to implementation programs;*

*(d) Integrate and combine to the fullest extent possible the processes, analysis, and documents currently required under chapters 36.70A and 43.21C RCW, so that subsequent plan decisions and subsequent implementation will incorporate measures to promote the environmental, economic, and other goals and to mitigate undesirable or unintended adverse impacts on a community's quality of life;*

*(e) Focus environmental review and the level of detail needed for different stages of plan and project decisions on the environmental considerations most relevant to that stage of the process;*

*(f) Avoid duplicating review that has occurred for plan decisions when specific projects are proposed;*

*(g) Use environmental review on projects to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by agencies, tribes, and the public on compliance with applicable environmental laws and plans, including mitigation for site specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures;*

*(h) Maintain or improve the quality of environmental analysis both for plan and for project decisions, while integrating these analyses with improved state and local planning and permitting processes;*

*(i) Examine existing land use and environmental permits for necessity and utility. To the extent possible, existing permits should be combined into fewer permits, assuring that the values and principles intended to be protected by those permits remain protected; and*

*(j) Consolidate local government appeal processes to allow a single appeal of permits at local government levels, a single state level administrative appeal, and a final judicial appeal.*

*(4) Monitor instances state-wide of the vesting of project permit applications during the period that an appeal is pending before a growth management hearings board, as authorized under RCW 36.70A.300. The commission shall also review the extent to which such vesting results in the approval of projects that are inconsistent with a comprehensive plan or development regulation provision ultimately found to be in compliance with a board's order or remand. The commission shall analyze the impact of such approvals on ensuring the attainment of the goals and policies of chapter 36.70A RCW, and make recommendations to the governor and the legislature on statutory changes to address any adverse impacts from the provisions of RCW 36.70A.300. The commission shall provide an initial report on its findings and recommendations*

by November 1, 1995, and submit its further findings and recommendations subsequently in the reports required under RCW 90.61.030.

(5) Monitor local government consolidated permit procedures and the effectiveness of the timelines established by RCW 36.70B.090. The commission shall include in its report submitted to the governor and the legislature on November 1, 1997, its recommendation about what timelines, if any, should be imposed on the local government consolidated permit process required by chapter 36.70B RCW.

(6) Evaluate funding mechanisms that will enable local governments to pay for and recover the costs of conducting integrated planning and environmental analysis. The commission shall include its conclusions in its first report to the legislature on November 1, 1995, and include any recommended statutory changes.

(7) Study, in cooperation with the state board for registration of professional engineers and the state building code council, ways in which state agencies and local governments could authorize professionals with appropriate qualifications to certify a project's compliance with certain state and local land use and environmental requirements. The commission shall report to the legislature on measures necessary to implement such a system of professional certification.

(8) Review long-term approaches for resolving disputes that arise under the growth management act, chapter 36.70A RCW; the shoreline management act, chapter 90.58 RCW; and other environmental laws. In particular, in the commission's recommendations on a consolidated land use procedure and integration and consolidation of Washington's land use and environmental laws, identify needed changes to the structure of the boards that hear environmental appeals as well as the extent to which quasi-judicial bodies are needed to provide continued oversight of matters currently brought before the growth management hearings board and other boards that hear such appeals.

(9) If the commission finds that there is no longer a need for the growth management hearings boards and recommends sunset of the boards, include in its recommendations a plan for implementing the sunset process. Alternatively, if the boards are to become advisory bodies with the primary duty of mediating disputes and making advisory decisions, the commission shall make recommendations as to how such a change in the board's authority should be implemented. If the commission makes other recommendations with respect to the boards, it shall make recommendations to implement any needed changes.

(10) Evaluate the effect of the 1997 amendments to this chapter that raise the standard of review of agency, county, and city actions by the growth management hearings boards and make changes with respect to board determinations of invalidity, and make recommendations as to whether the latitude of the boards should be further curtailed and greater deference given to local decisions by raising the standard of review, limiting the authority of the board to make determinations of invalidity, or making other changes.

*These guidelines are intended to guide the work of the commission, without limiting its charge to integrate and consolidate Washington's land use and environmental laws into a single, manageable statutory framework.*

*This section expires June 30, 1998.*

\*Sec. 45 was vetoed. See message at end of chapter.

Sec. 46. RCW 36.70B.040 and 1995 c 347 s 405 are each amended to read as follows:

(1) A proposed project's consistency with a local government's development regulations adopted under chapter 36.70A RCW, or, in the absence of applicable development regulations, the appropriate elements of the comprehensive plan (~~or subarea plan~~) adopted under chapter 36.70A RCW shall be (~~determined~~) decided by the local government during project review by consideration of:

(a) The type of land use;

(b) The level of development, such as units per acre or other measures of density;

(c) Infrastructure, including public facilities and services needed to serve the development; and

(d) The (~~character~~) characteristics of the development, such as development standards.

(2) In (~~determining consistency~~) deciding whether a project is consistent, the determinations made pursuant to RCW 36.70B.030(2) shall be controlling.

(3) For purposes of this section, the term "consistency" shall include all terms used in this chapter and chapter 36.70A RCW to refer to performance in accordance with this chapter and chapter 36.70A RCW, including but not limited to compliance, conformity, and consistency.

(4) Nothing in this section requires documentation, dictates an agency's procedures for considering consistency, or limits a (~~unit of government~~) city or county from asking more specific or related questions with respect to any of the four main categories listed in subsection (1)(a) through (d) of this section.

(5) The department of community, trade, and economic development is authorized to develop and adopt by rule criteria to assist local governments planning under RCW 36.70A.040 to analyze the consistency of project actions. These criteria shall be jointly developed with the department of ecology.

Sec. 47. RCW 43.21C.110 and 1995 c 347 s 206 are each amended to read as follows:

It shall be the duty and function of the department of ecology:

(1) To adopt and amend thereafter rules of interpretation and implementation of this chapter, subject to the requirements of chapter 34.05 RCW, for the purpose of providing uniform rules and guidelines to all branches of government including state agencies, political subdivisions, public and municipal corporations, and counties. The proposed rules shall be subject to full public hearings requirements associated with rule promulgation. Suggestions for modifications of the proposed rules shall be considered on their merits, and the department shall have the

authority and responsibility for full and appropriate independent promulgation and adoption of rules, assuring consistency with this chapter as amended and with the preservation of protections afforded by this chapter. The rule-making powers authorized in this section shall include, but shall not be limited to, the following phases of interpretation and implementation of this chapter:

(a) Categories of governmental actions which are not to be considered as potential major actions significantly affecting the quality of the environment, including categories pertaining to applications for water right permits pursuant to chapters 90.03 and 90.44 RCW. The types of actions included as categorical exemptions in the rules shall be limited to those types which are not major actions significantly affecting the quality of the environment. The rules shall provide for certain circumstances where actions which potentially are categorically exempt require environmental review. An action that is categorically exempt under the rules adopted by the department may not be conditioned or denied under this chapter.

(b) Rules for criteria and procedures applicable to the determination of when an act of a branch of government is a major action significantly affecting the quality of the environment for which a detailed statement is required to be prepared pursuant to RCW 43.21C.030.

(c) Rules and procedures applicable to the preparation of detailed statements and other environmental documents, including but not limited to rules for timing of environmental review, obtaining comments, data and other information, and providing for and determining areas of public participation which shall include the scope and review of draft environmental impact statements.

(d) Scope of coverage and contents of detailed statements assuring that such statements are simple, uniform, and as short as practicable; statements are required to analyze only reasonable alternatives and probable adverse environmental impacts which are significant, and may analyze beneficial impacts.

(e) Rules and procedures for public notification of actions taken and documents prepared.

(f) Definition of terms relevant to the implementation of this chapter including the establishment of a list of elements of the environment. Analysis of environmental considerations under RCW 43.21C.030(2) may be required only for those subjects listed as elements of the environment (or portions thereof). The list of elements of the environment shall consist of the "natural" and "built" environment. The elements of the built environment shall consist of public services and utilities (such as water, sewer, schools, fire and police protection), transportation, environmental health (such as explosive materials and toxic waste), and land and shoreline use (including housing, and a description of the relationships with land use and shoreline plans and designations, including population).

(g) Rules for determining the obligations and powers under this chapter of two or more branches of government involved in the same project significantly affecting the quality of the environment.

(h) Methods to assure adequate public awareness of the preparation and issuance of detailed statements required by RCW 43.21C.030(2)(c).

(i) To prepare rules for projects setting forth the time limits within which the governmental entity responsible for the action shall comply with the provisions of this chapter.

(j) Rules for utilization of a detailed statement for more than one action and rules improving environmental analysis of nonproject proposals and encouraging better interagency coordination and integration between this chapter and other environmental laws.

(k) Rules relating to actions which shall be exempt from the provisions of this chapter in situations of emergency.

(l) Rules relating to the use of environmental documents in planning and decision making and the implementation of the substantive policies and requirements of this chapter, including procedures for appeals under this chapter.

(m) Rules and procedures that provide for the integration of environmental review with project review as provided in RCW 43.21C.240. The rules and procedures shall be jointly developed with the department of community, trade, and economic development and shall be applicable to the preparation of environmental documents for actions in counties, cities, and towns planning under RCW 36.70A.040. The rules and procedures shall also include procedures and criteria to analyze ((the consistency of project actions, including)) planned actions under RCW 43.21C.031(2)~~((with development regulations adopted under chapter 36.70A RCW, or in the absence of applicable development regulations, the appropriate elements of a comprehensive plan or subarea plan adopted under chapter 36.70A RCW))~~ and revisions to the rules adopted under this section to ensure that they are compatible with the requirements and authorizations of chapter 347, Laws of 1995, as amended by chapter . . . , Laws of 1997 (this act). Ordinances or procedures adopted by a county, city, or town to implement the provisions of ~~((RCW 43.21C.240))~~ chapter 347, Laws of 1995 prior to the effective date of rules adopted under this subsection (1)(m) shall continue to be effective until the adoption of any new or revised ordinances or procedures that may be required. If any revisions are required as a result of rules adopted under this subsection (1)(m), those revisions shall be made within the time limits specified in RCW 43.21C.120.

(2) In exercising its powers, functions, and duties under this section, the department may:

(a) Consult with the state agencies and with representatives of science, industry, agriculture, labor, conservation organizations, state and local governments, and other groups, as it deems advisable; and

(b) Utilize, to the fullest extent possible, the services, facilities, and information (including statistical information) of public and private agencies, organizations, and individuals, in order to avoid duplication of effort and expense, overlap, or conflict with similar activities authorized by law and performed by established agencies.

(3) Rules adopted pursuant to this section shall be subject to the review procedures of chapter 34.05 RCW.

**Sec. 48.** RCW 36.70B.110 and 1995 c 347 s 415 are each amended to read as follows:

(1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a determination of significance under chapter 43.21C RCW concurrently with the notice of application, the notice of application shall be combined with the determination of significance and scoping notice. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application. Nothing in this section or this chapter prevents a lead agency, when it is a project proponent or is funding a project, from conducting its review under chapter 43.21C RCW or from allowing appeals of procedural determinations prior to submitting a project permit application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70B.070 and, except as limited by the provisions of subsection (4)(b) of this section, shall include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 or 36.70B.090;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW ~~((36.70B.040))~~ 36.70B.030(2); and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the notice of application required by subsection (2) of this section and the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and

(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless ~~((a public comment period or))~~ an open record predecision hearing is required or an open record appeal hearing is allowed on the project permit decision.

(6) A local government shall integrate the permit procedures in this section with its environmental review under chapter 43.21C RCW as follows:

(a) Except for a determination of significance and except as otherwise expressly allowed in this section, the local government may not issue its threshold determination ~~((or issue a decision or a recommendation on a project permit))~~ until the expiration of the public comment period on the notice of application.

(b) If an open record predecision hearing is required (~~and the local government's threshold determination requires public notice under chapter 43.21C RCW~~), the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.

(c) Comments shall be as specific as possible.

(d) A local government is not required to provide for administrative appeals of its threshold determination. If provided, an administrative appeal shall be filed within fourteen days after notice that the determination has been made and is appealable. Except as otherwise expressly provided in this section, the appeal hearing on a determination of nonsignificance shall be consolidated with any open record hearing on the project permit.

(7) At the request of the applicant, a local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency (~~provided that~~), if:

(a) The hearing is held within the geographic boundary of the local government(~~(- Hearings shall be combined if requested by an applicant, as long as)~~); and

(b) The joint hearing can be held within the time periods specified in RCW 36.70B.090 or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;

(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and

(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision(~~(- combined with)~~) and of any environmental determination(~~(s)~~) issued at the same time as the project decision, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations.

Sec. 49. RCW 43.21C.075 and 1995 c 347 s 204 are each amended to read as follows:

(1) Because a major purpose of this chapter is to combine environmental considerations with public decisions, any appeal brought under this chapter shall be linked to a specific governmental action. The State Environmental Policy Act provides a basis for challenging whether governmental action is in compliance with the substantive and procedural provisions of this chapter. The State Environmental Policy Act is not intended to create a cause of action unrelated to a specific governmental action.

(2) Unless otherwise provided by this section:

(a) Appeals under this chapter shall be of the governmental action together with its accompanying environmental determinations.

(b) Appeals of environmental determinations made (or lacking) under this chapter shall be commenced within the time required to appeal the governmental action which is subject to environmental review.

(3) If an agency has a procedure for appeals of agency environmental determinations made under this chapter, such procedure:

(a) Shall ~~((not))~~ allow no more than one agency appeal proceeding on ~~((a))~~ each procedural determination (the adequacy of a determination of significance/nonsignificance or of a final environmental impact statement)~~((—The appeal proceeding on a determination of significance may occur before the agency's final decision on a proposed action. The appeal proceeding on a determination of nonsignificance may occur before the agency's final decision on a proposed action only if the appeal is heard at a proceeding where the hearing body or officer will render a final recommendation or decision on the proposed underlying governmental action. Such appeals shall also be allowed for a determination of significance/nonsignificance which may be issued by the agency after supplemental review))~~);

(b) Shall consolidate an appeal of procedural issues and of substantive determinations made under this chapter (such as a decision to require particular mitigation measures or to deny a proposal) with a hearing or appeal on the underlying governmental action by providing for a single simultaneous hearing before one hearing officer or body to consider the agency decision or recommendation on a proposal and any environmental determinations made under this chapter, with the exception of ~~((the))~~;

(i) An appeal~~((—if any))~~ of a determination of significance ~~((as provided in (a) of this subsection))~~;

(ii) An appeal of a procedural determination made by an agency when the agency is a project proponent, or is funding a project, and chooses to conduct its

review under this chapter, including any appeals of its procedural determinations, prior to submitting an application for a project permit:

(iii) An appeal of a procedural determination made by an agency on a nonproject action; or

(iv) An appeal to the local legislative authority under RCW 43.21C.060 or other applicable state statutes;

(c) Shall provide for the preparation of a record for use in any subsequent appeal proceedings, and shall provide for any subsequent appeal proceedings to be conducted on the record, consistent with other applicable law. An adequate record consists of findings and conclusions, testimony under oath, and taped or written transcript. An electronically recorded transcript will suffice for purposes of review under this subsection; and

(d) Shall provide that procedural determinations made by the responsible official shall be entitled to substantial weight.

(4) If a person aggrieved by an agency action has the right to judicial appeal and if an agency has an administrative appeal procedure, such person shall, prior to seeking any judicial review, use such agency procedure if any such procedure is available, unless expressly provided otherwise by state statute.

(5) Some statutes and ordinances contain time periods for challenging governmental actions which are subject to review under this chapter, such as various local land use approvals (the "underlying governmental action"). RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter. This subsection does not modify any such time periods. In this subsection, the term "appeal" refers to a judicial appeal only.

(a) If there is a time period for appealing the underlying governmental action, appeals under this chapter shall be commenced within such time period. The agency shall give official notice stating the date and place for commencing an appeal.

(b) If there is no time period for appealing the underlying governmental action, and a notice of action under RCW 43.21C.080 is used, appeals shall be commenced within the time period specified by RCW 43.21C.080.

(6)(a) Judicial review under subsection (5) of this section of an appeal decision made by an agency under subsection (3) of this section shall be on the record, consistent with other applicable law.

(b) A taped or written transcript may be used. If a taped transcript is to be reviewed, a record shall identify the location on the taped transcript of testimony and evidence to be reviewed. Parties are encouraged to designate only those portions of the testimony necessary to present the issues raised on review, but if a party alleges that a finding of fact is not supported by evidence, the party should include in the record all evidence relevant to the disputed finding. Any other party may designate additional portions of the taped transcript relating to issues raised on review. A party may provide a written transcript of portions of the testimony

at the party's own expense or apply to that court for an order requiring the party seeking review to pay for additional portions of the written transcript.

(c) Judicial review under this chapter shall without exception be of the governmental action together with its accompanying environmental determinations.

(7) Jurisdiction over the review of determinations under this chapter in an appeal before an agency or superior court shall upon consent of the parties be transferred in whole or part to the shorelines hearings board. The shorelines hearings board shall hear the matter and sign the final order expeditiously. The superior court shall certify the final order of the shorelines hearings board and ~~((said))~~ the certified final order may only be appealed to an appellate court. In the case of an appeal under this chapter regarding a project or other matter that is also the subject of an appeal to the shorelines hearings board under chapter 90.58 RCW, the shorelines hearings board shall have sole jurisdiction over both the appeal under this section and the appeal under chapter 90.58 RCW, shall consider them together, and shall issue a final order within one hundred eighty days as provided in RCW 90.58.180.

(8) For purposes of this section and RCW 43.21C.080, the words "action", "decision", and "determination" mean substantive agency action including any accompanying procedural determinations under this chapter (except where the word "action" means "appeal" in RCW 43.21C.080(2)). The word "action" in this section and RCW 43.21C.080 does not mean a procedural determination by itself made under this chapter. The word "determination" includes any environmental document required by this chapter and state or local implementing rules. The word "agency" refers to any state or local unit of government. Except as provided in subsection (5) of this section, the word "appeal" refers to administrative, legislative, or judicial appeals.

(9) The court in its discretion may award reasonable ~~((attorney's))~~ attorneys' fees of up to one thousand dollars in the aggregate to the prevailing party, including a governmental agency, on issues arising out of this chapter if the court makes specific findings that the legal position of a party is frivolous and without reasonable basis.

**Sec. 50.** RCW 90.58.090 and 1995 c 347 s 306 are each amended to read as follows:

(1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of

proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department's discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve those segments of the master program relating to shorelines of state-wide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the state-wide interest. If the department does not approve a segment of a local government master program relating to a shoreline of state-wide significance, the

department may develop and by rule adopt an alternative to the local government's proposal.

(5) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(6) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program.

Sec. 51. RCW 90.58.143 and 1996 c 62 s 1 are each amended to read as follows:

(1) The time requirements of this section shall apply to all substantial development permits and to any development authorized pursuant to a variance or conditional use permit authorized under this chapter. Upon a finding of good cause, based on the requirements and circumstances of the project proposed and consistent with the policy and provisions of the master program and this chapter, local government may adopt different time limits from those set forth in subsections (2) and (3) of this section as a part of action on a substantial development permit.

(2) Construction activities shall be commenced or, where no construction activities are involved, the use or activity shall be commenced within two years of the effective date of a substantial development permit. However, local government may authorize a single extension for a period not to exceed one year based on reasonable factors, if a request for extension has been filed before the expiration date and notice of the proposed extension is given to parties of record on the substantial development permit and to the department.

(3) Authorization to conduct construction activities shall terminate five years after the effective date of a substantial development permit. However, local government may authorize a single extension for a period not to exceed one year based on reasonable factors, if a request for extension has been filed before the expiration date and notice of the proposed extension is given to parties of record and to the department.

(4) The effective date of a substantial development permit shall be the date of ~~((the last action required on the substantial development permit and all))~~ filing as provided in RCW 90.58.140(6). The permit time periods in subsections (2) and (3) of this section do not include the time during which a use or activity was not actually pursued due to the pendency of administrative appeals or legal actions or due to the need to obtain any other government permits and approvals for the development that authorize the development to proceed, including all reasonably related administrative ((and)) or legal actions on any such permits or approvals.

*\*Sec. 52. RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:*

*(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.*

*(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:*

*(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;*

*(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;*

*(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and*

*(d) The appellate court's determination in the proceeding would have significant precedential value.*

*Procedures for certification shall be established by court rule.*

*(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 ~~((and growth management hearings boards as identified in RCW 36.70A.250)).~~*

*(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:*

*(i) Fundamental and urgent state-wide or regional issues are raised; or*

*(ii) The proceeding is likely to have significant precedential value.*

*(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.*

*(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section.*

*(6) The procedures for direct review of final decisions of environmental boards include:*

*(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.*

*(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.*

*(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.*

*(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.*

*(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.*

*(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.*

Passed the Senate April 27, 1997.

Passed the House April 27, 1997.

Approved by the Governor May 19, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 19, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1, 4, 5, 6, 8, 15, 17, 18, 19, 44, 45, and 52, Engrossed Senate Bill No. 6094 entitled:

"AN ACT Relating to growth management;"

This bill, enacting the recommendations of the Land Use Study Commission, was introduced at my request. However, the bill was amended significantly in the legislative process. Therefore, I have listened to the input of a broad range of interests and conducted a thorough review of all of the provisions of the bill as passed by the Legislature.

I have maintained throughout the 1997 legislative session that the consensus recommendations of the Land Use Study Commission, comprising representatives of business, agricultural, local and state government, neighborhood activists and environmentalists, should provide the framework for the debate over how best to improve the state's Growth Management Act. I thank the members of the commission for their diligent work, developing a variety of issue papers, conducting hours of public hearings, and developing a well-reasoned and well-crafted legislative proposal.

As I reviewed this bill as passed by the legislature, I always kept in mind the framework for the analysis provided by the Commission. I believe that this bill will go a long way toward resolving many of the specific concerns people have had with the way the Growth Management Act has worked since it was first enacted. Among other things, this bill provides greater deference to the decisions of local elected officials throughout the state, improves public participation in the growth management process, and gives the Growth Management Hearings Boards the added direction they need in resolving some very difficult land use issues. I have signed every section of this bill that includes the language proposed by the Land Use Study Commission, as well as some other sections. However, I was unable to sign the bill in its entirety and have vetoed the following sections.

Section 1 changes the intent section recommended by the Land Use Study Commission. The language of the recommended intent section represented a fine balance of the interests represented on the Commission and should not have been altered, thereby implying an intent that was not agreed to by the Commission.

Section 4 provides that a county, after conferring with its cities, may develop alternative methods of achieving the planning goals of the Growth Management Act. This GMA-flex option was briefly discussed by the Land Use Study Commission and dismissed without recommendation because it is an issue that represents a major change in direction and needs much more discussion and refinement before it is a viable alternative.

Section 5 states that the goal of the state is to achieve no overall net loss of wetland functions. This section also provides that in adopting critical areas development regulations, counties and cities should balance all of the goals of the GMA and that the legislature intends that no goal takes precedence, but that counties and cities may prioritize the goals in accordance with local history, conditions, circumstances, and choice. This issue was not addressed by the Land Use Study Commission and seems to me to be inconsistent with the tenor of the Commission's recommendations.

Section 6 allows for exemptions from critical area development regulations for emergency activities and activities with minor impacts on critical areas. This idea was not considered by the Land Use Study Commission. This change in policy would have to be fully explored before I could be comfortable signing it into law.

Section 8 provides that in certain counties, developments in rural areas shall not require urban services and shall be principally designed to serve and provide jobs for the local rural population. This section creates confusion because it states a rule that currently applies in all counties planning under the Growth Management Act, but implies that the rule applies only to specific counties. Section 7 of this bill provides all the direction needed by counties to plan for the rural element, including guidelines for rural development.

Section 7 provides that the rural element shall permit rural development providing for a variety of rural densities, uses, essential public facilities, and rural governmental services to serve the permitted densities and uses in the rural element. There are three exceptions in which businesses in the rural element are not required to be principally

designed to serve the existing and projected rural population. These exceptions are: (1) infill of existing development; (2) small-scale recreational or tourist uses; and (3) development of cottage industries and small-scale businesses. Therefore, section 8 is unnecessary, confusing, and potentially more restrictive in certain counties than are the recommendations of the Land Use Study Commission embodied in section 7.

Section 15 provides that all appeals of Growth Management Hearings Board decisions shall be filed directly in the Court of Appeals. This is not a recommendation of the Land Use Study Commission and I am not certain that it would be in the best interest of the parties who appear before the boards. Most parties believe that Superior Court review of board decisions is appropriate and is working well.

Section 17 establishes a new and higher standard for findings of invalidity - the "arbitrary and capricious" standard. I believe this would strip too much authority from the Growth Management Hearings Boards and severely weaken the important state role in the Growth Management Act.

Section 18 adds language to the Land Use Study Commission recommendation which clarifies the current expedited review provision relating to orders of invalidity. The new language creates a burden on those who challenge land use decisions that in many instances would be impossible to meet, because the plan or regulation has not been in effect long enough to have caused actual harm. In some instances there is no prudent policy justification for waiting until actual harm can be proven before allowing the invalidation of a comprehensive plan or development regulation.

Section 19 would allow the Superior Court, when reviewing an order of invalidity, to: affirm, set aside, enjoin, or remand orders of the Growth Management Hearings Boards; or enter a declaratory judgment of compliance or noncompliance, which may include an order of invalidity setting out the particular part or parts of the plan or regulation that are invalid. This was not a recommendation of the Land Use Study Commission and was not the subject of any other bills introduced this session. The concept received no public scrutiny or debate. This provision could have the unintended effect of providing for review of a comprehensive plan without the court having the benefit of the entire record.

I recognize that there is not enough money provided in the operating budget (ESHB 2259) to accomplish the full purpose of section 25. However, by approving section 25 of this bill and section 103(4) of the operating budget, I am indicating my commitment to beginning the work of reviewing and evaluating the effectiveness of the growth management act in achieving the desired densities in urban growth areas. To accomplish this, I will work with the legislature to identify additional resources, a cost recovery program, or other means to assure sufficient funding to allow the first evaluations to be completed by the September 1, 2002 deadline.

By approving sections 29 and 30, I have approved the use of the Public Works Trust Fund and the Centennial Clean Water Fund to address critical or emergent public health and existing environmental problems related to infrastructure in jurisdictions that are not currently in compliance with the Growth Management Act. I am very concerned that this legislation not be used as a method to provide unrestricted access to these accounts for local governments that are not in compliance with the law. For this reason, I have directed the Department of Health, the Department of Ecology, the Department of Community, Trade and Economic Development, and the Public Works Board to interpret this new authority conservatively.

Section 44 would add new members to the Land Use Study Commission. I am concerned that the Commission may already be unable to meet its time schedule for completing its ambitious work plan. The selection and appointment of new members to the Commission is likely to cause delay in the Commission's process. Furthermore, I believe the Commission is currently well-balanced in its composition. I would like to see that same balance maintained for the last year of the Commission's work. However, I do encourage interested legislators to attend the meetings of the Commission and to provide input when appropriate.

Section 45 amends the charge given to the Land Use Study Commission by adding the following requirements: (1) Review long-term approaches for resolving disputes that arise under the Growth Management Act, the Shoreline Management Act, and other environmental laws, including identifying needed changes to the structure of the boards

that hear environmental appeals; (2) If the LUSC determines that there is no longer a need for the Growth Management Hearings Boards, recommend a plan for sunseting the boards; and (3) Evaluate the effect of the changes to the standard of review and make recommendations raising the standard of review, limiting the authority of the boards to make determinations of invalidity, or making other changes.

The ambitious Land Use Study Commission work plan for 1997-98 already includes much of the work proposed in section 45. However, I am concerned that the language of this section has the unintended effect of predetermining a result or, at least, a range of results. I encourage the Land Use Study Commission to review as many of these issues as it can reasonably fit within its crowded work plan and narrow time constraints.

Section 52 makes a technical change to effectuate the purpose of section 15, which I have vetoed.

For the reasons stated above, I have vetoed sections 1, 4, 5, 6, 8, 15, 17, 18, 19, 44, 45, and 52 of Engrossed Senate Bill No. 6094.

With the exception of sections 1, 4, 5, 6, 8, 15, 17, 18, 19, 44, 45, and 52, Engrossed Senate Bill No. 6094 is approved."

[Substitute House Bill 1076]

### AGENCY RULE MAKING—MODIFICATIONS TO DEPARTMENT OF SOCIAL AND HEALTH SERVICES AUTHORITY

AN ACT Relating to state and local government; amending RCW 34.05.328; and adding a new section to chapter 43.20A RCW.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 34.05.328 and 1995 c 403 s 201 are each amended to read as follows:

(1) Before adopting a rule described in subsection (5) of this section, an agency shall:

(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;

(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;

(c) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;

(d) Determine, after considering alternative versions of the rule and the analysis required under (b) and (c) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;

(e) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;

(f) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;

(g) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:

(i) A state statute that explicitly allows the agency to differ from federal standards; or

(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; and

(h) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter.

(2) In making its determinations pursuant to subsection (1)(b) through (g) of this section, the agency shall place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.

(3) Before adopting rules described in subsection (5) of this section, an agency shall place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan shall describe how the agency intends to:

(a) Implement and enforce the rule, including a description of the resources the agency intends to use;

(b) Inform and educate affected persons about the rule;

(c) Promote and assist voluntary compliance; and

(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.

(4) After adopting a rule described in subsection (5) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency shall do all of the following:

(a) Provide to the business assistance center a list citing by reference the other federal and state laws that regulate the same activity or subject matter;

(b) Coordinate implementation and enforcement of the rule with the other federal and state entities regulating the same activity or subject matter by making every effort to do one or more of the following:

(i) Deferring to the other entity;

(ii) Designating a lead agency; or

(iii) Entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement.

If the agency is unable to comply with this subsection (4)(b), the agency shall report to the legislature pursuant to (c) of this subsection;

(c) Report to the joint administrative rules review committee:

(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and

(ii) Make recommendations for any legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference.

(5)(a) Except as provided in (b) of this subsection, this section applies to:

(i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, social and health services, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 75.20 RCW; and

(ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320.

(b) This section does not apply to:

(i) Emergency rules adopted under RCW 34.05.350;

(ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;

(iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of state-wide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;

(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

(v) Rules the content of which is explicitly and specifically dictated by statute;

((or))

(vi) Rules that set or adjust fees or rates pursuant to legislative standards ; or

(vii) Rules of the department of social and health services relating only to client medical or financial eligibility and rules concerning liability for care of dependents.

(c) For purposes of this subsection:

(i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.

(ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.

(iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated

legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.

(d) In the notice of proposed rule making under RCW 34.05.320, an agency shall state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.

(6) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report shall document:

(a) The rules proposed to which this section applied and to the extent possible, how compliance with this section affected the substance of the rule, if any, that the agency ultimately adopted;

(b) The costs incurred by state agencies in complying with this section;

(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;

(d) The extent to which this section has adversely affected the capacity of agencies to fulfill their legislatively prescribed mission;

(e) The extent to which this section has improved the acceptability of state rules to those regulated; and

(f) Any other information considered by the office of financial management to be useful in evaluating the effect of this section.

**NEW SECTION.** **Sec. 2.** A new section is added to chapter 43.20A RCW to read as follows:

A committee or council required by federal law, within the department of social and health services, that makes policy recommendations regarding reimbursement for drugs under the requirements of federal law or regulations is subject to chapters 42.30 and 42.32 RCW.

Passed the House April 21, 1997.

Passed the Senate April 17, 1997.

Approved by the Governor May 20, 1997.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. As we face a more complex society and increasing demands are placed on schools and the educational services they provide for children, it is important that school districts are provided with flexibility to determine how best to work within their communities to ensure students are meeting high academic standards. It is the intent of the legislature to allow schools to approach their educational mission with both increased flexibility and accountability that will assist them in better meeting the needs of the students in their district.

**NEW SECTION.** Sec. 2. A new section is added to chapter 28A.320 RCW to read as follows:

(1) As provided in sections 3 through 20 of this act, the board of directors of each school district may grant waivers, or partial waivers, of state laws and rules to schools within the district. The school board shall grant waivers in accordance with this section.

(2) To apply for waivers, a school principal must prepare an application to the board of directors that identifies which laws and rules are being requested for waiver and the rationale for the request. The rationale must identify how granting the waivers will improve student learning or the delivery of education services in the school. The application must include evidence that the school's teachers, classified employees, site council, parents, and students, as appropriate, are committed to working cooperatively in implementing the waiver.

(3) The school board shall provide for public review and comment regarding the waiver request.

(4) The duration, renewal, and rescission of the waivers shall be determined by the school district board of directors. The renewal of a waiver shall be subject to the review process by the superintendent of public instruction and the state board of education as provided in subsection (7) of this section.

(5) The following may not be waived:

(a) Laws and rules pertaining to health, safety, and civil rights;

(b) Provisions of the basic education act relating to certificated instructional staff ratios, RCW 28A.150.100, except for waivers provided in accordance with RCW 28A.630.945; goals, RCW 28A.150.210; funding allocations, formulas, and definitions, RCW 28A.150.250 and 28A.150.260, except for waivers provided in accordance with RCW 28A.150.250; and salary and compensation minimum amounts and limitations, RCW 28A.400.200;

(c) The essential academic learning requirements being developed by the commission on student learning in RCW 28A.630.885;

(e) Requirements in RCW 28A.150.220 pertaining to the total number of program hours that must be offered, except for waivers provided in accordance with RCW 28A.305.140;

(f) State and federal financial reporting and auditing requirements;

(g) State constitutional requirements; and

(h) Certification and other requirements in chapter 28A.410 RCW.

(6) A school district may not include provisions in a collective bargaining agreement that limit the district's authority to grant waivers under this section.

(7) School district boards of directors granting waivers to state laws and rules shall certify to the superintendent of public instruction that they have a waiver review process in effect and shall transmit to the superintendent of public instruction and the state board of education a list of laws and rules that have been waived in accordance with this section and a description of the process used in considering the waivers. The superintendent of public instruction and the state board of education shall review the waivers of state laws and rules within their respective jurisdictions. The waivers shall be approved by the superintendent of public instruction or the state board of education, as appropriate, if the school district board of directors complied with the requirements of this section. The superintendent of public instruction or state board of education, as appropriate, shall approve or deny the waiver request, in whole or in part, within forty calendar days of receiving the list of waivers. If the district receives no response from either the superintendent of public instruction or the state board of education after forty days, the waiver shall be deemed uncontested. If a waiver is contested by the superintendent of public instruction or the state board of education, either as appropriate, may make recommendations to the district that will assist the district in accomplishing the goal sought through the waiver. The state board of education may delegate the responsibility for reviewing and approving or denying the waivers to its staff if an appeal procedure to the board is provided.

(8) School district boards of directors granting waivers shall report annually to the superintendent of public instruction the impact on student learning or delivery of education services resulting from the waivers granted.

(9) The superintendent of public instruction and state board of education shall report to the legislature by November 1, 2000, the laws and rules that have been waived in accordance with this section.

\*Sec. 20 was vetoed. See message at end of chapter.

*\*Sec. 21. RCW 28A.405.100 and 1994 c 115 s 1 are each amended to read as follows:*

*(1) The superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.*

*Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.*

*Except as provided in subsection (5) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.*

*~~((Every)) At any time after October 15th, an employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of ((stated)) the specific areas of deficiencies along with a ((suggested specific and)) reasonable program for improvement ((on or before February 1st of each year)). During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established ((beginning on or before~~*

~~February 1st and ending no later than May 1st)).~~ The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement ~~((shall be))~~ during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

~~((The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.405.300.))~~

Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils,

*employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.*

*(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.*

*(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.*

*(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) of this section may be used as a basis for determining that an employee's work is unsatisfactory under subsection (1) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise.*

*(6) This section expires June 30, 1999.*

\*Sec. 21 was vetoed. See message at end of chapter.

Sec. 22. RCW 41.59.935 and 1990 c 33 s 571 are each amended to read as follows:

(1) Nothing in this chapter shall be construed to grant employers or employees the right to reach agreements regarding:

(a) Salary or compensation increases in excess of those authorized in accordance with RCW 28A.150.410 and 28A.400.200; or

(b) Limiting the employer's authority to grant waivers under section 2 of this act.

*(2) This section expires June 30, 1999.*

**Sec. 23.** RCW 28A.630.945 and 1995 c 208 s 1 are each amended to read as follows:

(1) The state board of education, where appropriate, or the superintendent of public instruction, where appropriate, may grant waivers to districts from the provisions of statutes or rules relating to: The length of the school year; student-to-teacher ratios; and other administrative rules that in the opinion of the state board of education or the opinion of the superintendent of public instruction may need to be waived in order for a district to implement a plan for restructuring its educational program or the educational program of individual schools within the district.

(2) School districts may use the application process in RCW 28A.305.140 or 28A.300.138 to apply for the waivers under subsection (1) of this section.

~~(3) ((The joint select committee on education restructuring shall study which waivers of state laws or rules are necessary for school districts to implement education restructuring. The committee shall study whether the waivers are used to implement specific essential academic learning requirements and student learning goals. The committee shall study the availability of waivers under the schools for the twenty-first century program created by chapter 525, Laws of 1987, and the use of those waivers by schools participating in that program. The committee shall also study the use of waivers authorized under RCW 28A.305.140. The committee shall report its findings to the legislature by December 1, 1997))~~  
This section expires June 30, 1999.

**NEW SECTION. Sec. 24.** The superintendent of public instruction, in collaboration with school district personnel and the state board of education, shall conduct a study to identify additional actions that can be taken to increase flexibility for individual schools and school districts. The study shall review the superintendent of public instruction's rule-making process, the granting of waivers from provisions of collective bargaining agreements, and other policies and practices that reduce school and school district flexibility. The study shall be submitted to the education committees of the senate and house of representatives by December 1, 1997.

Passed the House April 26, 1997.

Passed the Senate April 18, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 4, 7, 10, 20 and 21, Engrossed Second Substitute House Bill No. 1303 entitled:

"AN ACT Relating to education;"

Engrossed Second Substitute House Bill No. 1303 authorizes school districts' boards of directors to grant to individual schools within their districts full or partial waivers of specified laws and rules relating to education. This authorization provides greater flexibility to locally elected officials and enables principals to propose what is best for the

children in their schools. Because the authorization is granted only until June 30, 1999, and because the legislation requires the Superintendent of Public Instruction to study the effect of the waivers, it is clear the Legislature intended this legislation to be an *experiment* in greater local authority and flexibility.

Section 4 would allow the waiver of statutes that protect the educational rights of students with disabilities, section 7 would allow the waiver of statutes that protect bilingual students, section 10 would allow waiver of the state wide truancy standards, section 20 would allow waiver of statutes that protect sexual equality, and section 21 amends the statute regarding probationary periods for certificated school employees. I believe there is sufficient new authority and flexibility in this bill regarding other parts of education law to enable a meaningful "experiment in greater local authority and flexibility" without the inclusion of these statutes designed to protect special populations of students.

The state wide truancy standards were part of the "Becca Bill" and are just beginning to have an effect. It would be inappropriate to allow them to be waived so soon. Except for the expiration date, section 21 is identical to provisions in SB 5340 which I have already approved.

For these reasons, I have vetoed sections 4, 7, 10, 20 and 21 of Engrossed Second Substitute House Bill No. 1303.

With the exception of sections 4, 7, 10, 20, and 21, Engrossed Second Substitute House Bill 1303 is approved."

## CHAPTER 432

[House Bill 1458]

### LICENSING REGULATIONS

AN ACT Relating to licensing; amending RCW 46.70.023, 46.70.051, 46.12.170, 46.12.370, and 82.44.060; adding a new section to chapter 46.70 RCW; adding a new section to chapter 88.02 RCW; and prescribing penalties.

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 46.70.023 and 1996 c 282 s 1 are each amended to read as follows:

(1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. The business of a vehicle dealer must be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. A vehicle dealer may display a vehicle for sale only at its established place of business, licensed subagency, or temporary subagency site, except at auction. The dealer shall keep the building open to the public so that the public may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. A room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house may not be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected

to utilities and is set up in accordance with state law. A state-wide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: **PROVIDED**, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that subagency records may be kept at the principal place of business designated by the dealer. Auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. ~~((A wholesale dealer need not maintain a display area as required in this section.))~~ When two or more vehicle dealer businesses share a location, all

records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

~~(10) ((A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.~~

~~—((11))~~ A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

~~((12))~~ (11) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

~~((13))~~ (12) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity.

NEW SECTION, Sec. 2. A new section is added to chapter 46.70 RCW to read as follows:

The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, or the director finds that the application was not filed in good faith. This section does not preclude the department from taking an action against a current licensee.

NEW SECTION, Sec. 3. A new section is added to chapter 88.02 RCW to read as follows:

The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, or the director finds that the application was not filed in good faith. This section does not preclude the department from taking an action against a current licensee.

Sec. 4. RCW 46.70.051 and 1996 c 282 s 2 are each amended to read as follows:

(1) After the application has been filed, the fee paid, and bond posted, if required, the department shall, if no denial order is in effect and no proceeding is pending under RCW 46.70.101, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer. Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

(3) At the time the department issues a vehicle dealer license, the department shall provide to the dealer a current, up-to-date vehicle dealer manual setting forth the various statutes and rules applicable to vehicle dealers. In addition, at the time any such license is renewed under RCW 46.70.083, the department shall provide the dealer with any updates or current revisions to the vehicle dealer manual.

(4) The department may contract with responsible private parties to provide them elements of the vehicle data base on a regular basis. The private parties may only disseminate this information to licensed vehicle dealers.

(a) Subject to the disclosure agreement provisions of RCW 46.12.380 and the requirements of Executive Order 97-01, the department may provide to the contracted private parties the following information:

(i) All vehicle and title data necessary to accurately disclose known title defects, brands, or flags and odometer discrepancies;

(ii) All registered and legal owner information necessary to determine true ownership of the vehicle and the existence of any recorded liens, including but not limited to liens of the department of social and health services or its successor; and

(iii) Any data in the department's possession necessary to calculate the motor vehicle excise tax, license, and registration fees including information necessary to determine the applicability of regional transit authority excise and use tax surcharges.

(b) The department may provide this information in any form the contracted private party and the department agree upon, but if the data is to be transmitted over the Internet or similar public network from the department to the contracted private party, it must be encrypted.

(c) The department shall give these contracted private parties advance written notice of any change in the information referred to in (a)(i), (ii), or (iii) of this subsection, including information pertaining to the calculation of motor vehicle excise taxes.

(d) The department shall revoke a contract made under this subsection (4) with a private party who disseminates information from the vehicle data base to anyone

other than a licensed vehicle dealer. A private party who obtains information from the vehicle data base under a contract with the department and disseminates any of that information to anyone other than a licensed vehicle dealer is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.

(e) Nothing in this subsection (4) authorizes a vehicle dealer or any other organization or entity not otherwise appointed as a vehicle licensing subagent under RCW 46.01.140 to perform any of the functions of a vehicle licensing subagent so appointed.

Sec. 5. RCW 46.12.170 and 1994 c 262 s 6 are each amended to read as follows:

If, after a certificate of ownership is issued, a security interest is granted on the vehicle described therein, the registered owner or secured party shall, within ten days thereafter, present an application to the department, to which shall be attached the certificate of ownership last issued covering the vehicle, or such other documentation as may be required by the department, which application shall be upon a form provided by the department and shall be accompanied by a fee of one dollar and twenty-five cents in addition to all other fees. The department, if satisfied that there should be a reissue of the certificate, shall note such change upon the vehicle records and issue to the secured party a new certificate of ownership.

Whenever there is no outstanding secured obligation and no commitment to make advances and incur obligations or otherwise give value, the secured party must assign the certificate of ownership to the debtor or the debtor's assignee or transferee, and transmit the certificate to the department with an accompanying fee of one dollar and twenty-five cents in addition to all other fees. The department shall then issue a new certificate of ownership and transmit it to the owner. If the affected secured party fails to either assign the certificate of ownership to the debtor or the debtor's assignee or transferee or transmit the certificate of ownership to the department within ten days after proper demand, that secured party shall be liable to the debtor or the debtor's assignee or transferee for one hundred dollars, and in addition for any loss caused to the debtor or the debtor's assignee or transferee by such failure.

Sec. 6. RCW 46.12.370 and 1982 c 215 s 1 are each amended to read as follows:

In addition to any other authority which it may have, the department of licensing may furnish lists of registered and legal owners of motor vehicles only for the purposes specified in this section to:

(1) The manufacturers of motor vehicles, or their authorized agents, to be used to enable those manufacturers to carry out the provisions of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. sec. 1382-1418), including amendments or additions thereto, respecting safety-related defects in motor vehicles;

(2) Any governmental agency of the United States or Canada, or political subdivisions thereof, to be used by it or by its authorized commercial agents or contractors only in connection with the enforcement of motor vehicle or traffic laws by, or programs related to traffic safety of, that government agency. Only such parts of the list as are required for completion of the work required of the agent or contractor shall be provided to such agent or contractor; (~~or~~)

(3) An authorized agent or contractor of the department, to be used only in connection with providing motor vehicle excise tax, licensing, title, and registration information to motor vehicle dealers; or

(4) Any business regularly making loans to other persons to finance the purchase of motor vehicles, to be used to assist the person requesting the list to determine ownership of specific vehicles for the purpose of determining whether or not to provide such financing. In the event a list of registered and legal owners of motor vehicles is used for any purpose other than that authorized in (~~subsections (1), (2) and (3) of~~) this section, the manufacturer, governmental agency, ~~authorized agent, contractor,~~ financial institution, or their authorized agents or contractors responsible for the unauthorized disclosure or use will be denied further access to such information by the department of licensing.

*\*Sec. 7. RCW 82.44.060 and 1990 c 42 s 304 are each amended to read as follows:*

*(1) The excise tax hereby imposed shall be due and payable to the department or its agents at the time of registration of a motor vehicle. Whenever an application is made to the department or its agents for a license for a motor vehicle there shall be collected, in addition to the amount of the license fee or renewal license fee, the amount of the excise tax imposed by this chapter, and no dealer's license or license plates, and no license or license plates for a motor vehicle shall be issued unless such tax is paid in full. The excise tax hereby imposed shall be collected for each registration year. The excise tax upon a motor vehicle licensed for the first time in this state shall be levied for one full registration year commencing on the date of the calendar year designated by the department and ending on the same date of the next succeeding calendar year. For vehicles registered under chapter 46.87 RCW, proportional registration, and for vehicle dealer plates issued under chapter 46.70 RCW, the registration year is the period provided in those chapters: PROVIDED, That the tax shall in no case be less than two dollars except for proportionally registered vehicles.*

*(2) A motor vehicle shall be deemed licensed for the first time in this state when such vehicle was not previously licensed by this state for the registration year immediately preceding the registration year in which the application for license is made or when the vehicle has been registered in another jurisdiction subsequent to any prior registration in this state.*

*(3) No additional tax shall be imposed under this chapter upon any vehicle upon the transfer of ownership thereof if the tax imposed with respect to such*

vehicle has already been paid for the registration year or fraction of a registration year in which transfer of ownership occurs.

(4) The regional transit authority (RTA) must provide at no cost to the private parties referred to in RCW 46.70.051(4) accurate, up-to-date, and easily decipherable excise tax information in a machine readable ASCII text file. This file will allow the contracted private parties to accurately determine which individuals are subject to any such special excise or use taxes and the amount of any such special excise or use taxes. The file must contain the following items: (a) A list of five digit zip codes completely contained within the RTA taxation area; (b) a list of five digit zip codes for those areas on the border of the RTA taxation, with the border area defined as those zip codes where some residences may be subject to the RTA use or motor vehicle excise tax surcharge and some residences are not; and (c) for those residences described in (b) of this subsection, a complete list of only those street addresses subject to RTA taxation.

(5) No person may be denied issuance of a registration or license plates due to the nonpayment of any such special excise tax if the information referred to in subsection (4) of this section is not provided by the RTA to the contracted private parties.

(6) No motor vehicle dealer may be held liable for the remittance of any such special excise tax if the information referred to in subsection (4) of this section is not provided by the RTA to the contracted private parties.

\*Sec. 7 was vetoed. See message at end of chapter.

Passed the House April 19, 1997.

Passed the Senate April 15, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 7, House Bill No. 1458 entitled:

"AN ACT Relating to licensing;"

House Bill No. 1458 makes numerous changes in the laws relating vehicle and vessel licensing taxes. However, section 7 of the bill requires the Regional Transit Authority (RTA) to provide excise tax information in a machine readable ASCII text file to a private contractor at no cost. This information would allow the contractor to determine who is subject to the RTA's special excise and use taxes and how much taxes should be paid.

I understand that the intent of section 7 is to ensure that vehicle dealers receive accurate information regarding these taxes at any time, and that they should not be obligated to collect the taxes unless they have accurate and up-to-date information. While I agree with the intent, this section is flawed, overly prescriptive, and unnecessary. By using the word "remittance" the language implies that if accurate information were not supplied by the RTA, taxes already collected by dealers would not have to be forwarded to the state. Further, the RTA does not need the very prescriptive and limiting contracting language contained in section 7 to provide accurate tax information for these purposes.

For these reasons, I have vetoed section 7 of House Bill No. 1458.

With the exception of section 7, House Bill No. 1458 is approved."

## CHAPTER 433

[Engrossed House Bill 1647]  
HOME TUITION PROGRAM

AN ACT Relating to higher education; amending RCW 28B.15.012, 28B.15.014, 28B.15.725, and 28B.15.910; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** It is the intent of the legislature to provide for diverse educational opportunities at the state's institutions of higher education and to facilitate student participation in educational exchanges with institutions outside the state of Washington. To accomplish this, this act establishes a home tuition program allowing students at Washington state institutions of higher education to take advantage of out-of-state and international educational opportunities while paying an amount equal to their regularly charged tuition and required fees.

**Sec. 2.** RCW 28B.15.012 and 1994 c 188 s 2 are each amended to read as follows:

Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean:

(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;

(b) A dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;

(c) A student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982-1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous;

(d) Any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year;

(e) A student who is the spouse or a dependent of a person who is on active military duty stationed in the state; ((or))

(f) A student of an out-of-state institution of higher education who is attending a Washington state institution of higher education pursuant to a home tuition agreement as described in RCW 28B.15.725; or

(g) A student who meets the requirements of RCW 28B.15.0131: PROVIDED, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.012 and 28B.15.013. Except for students qualifying under subsection (2)(f) of this section, a nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter.

(b) A person who is not a citizen of the United States of America who does not have permanent or temporary resident status or does not hold "Refugee-Parolee" or "Conditional Entrant" status with the United States immigration and naturalization service or is not otherwise permanently residing in the United States under color of law and who does not also meet and comply with all the applicable requirements in RCW 28B.15.012 and 28B.15.013.

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require.

**Sec. 3.** RCW 28B.15.014 and 1993 sp.s. c 18 s 5 are each amended to read as follows:

Subject to the limitations of RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges may exempt the following nonresidents from paying all or a portion of the nonresident tuition fees differential:

(1) Any person who resides in the state of Washington and who holds a graduate service appointment designated as such by a public institution of higher education or is employed for an academic department in support of the instructional or research programs involving not less than twenty hours per week during the term such person shall hold such appointment.

(2) Any faculty member, classified staff member or administratively exempt employee holding not less than a half time appointment at an institution who resides in the state of Washington, and the dependent children and spouse of such persons.

(3) Active-duty military personnel stationed in the state of Washington.

(4) Any immigrant refugee and the spouse and dependent children of such refugee, if the refugee (a) is on parole status, or (b) has received an immigrant visa, or (c) has applied for United States citizenship.

~~(5) ((Domestic exchange students participating in the program created under RCW 28B.15.725.~~

~~—(6)) Any dependent of a member of the United States congress representing the state of Washington.~~

Sec. 4. RCW 28B.15.725 and 1994 c 234 s 1 are each amended to read as follows:

~~((Subject to the limitations of RCW 28B.15.910;))~~ (1) The governing boards of the state universities, the regional universities, and The Evergreen State College may ~~((enter into undergraduate student exchange))~~ establish home tuition programs by negotiating home tuition agreements with an out-of-state institution or consortium of institutions of higher education ((of other states and agree to exempt participating undergraduate students from payment of all or a portion of the nonresident tuition fees differential subject to the following restrictions:

~~—(1) In any given academic year, the number of students receiving a waiver at a state institution shall not exceed the number of that institution's students receiving nonresident tuition waivers at participating out-of-state institutions. Waiver imbalances that may occur in one year shall be off-set in the year immediately following))~~ if no loss of tuition and fee revenue occurs as a result of the agreements.

(2) ~~((Undergraduate))~~ Home tuition agreements allow students at Washington state institutions of higher education to attend an out-of-state institution of higher education as part of a student exchange. Students participating in a home tuition program shall pay an amount equal to their regular, full-time tuition and required fees to either the Washington institution of higher education or the out-of-state institution of higher education depending upon the provisions of the particular agreement. Payment of course fees in excess of generally applicable tuition and required fees must be addressed in each home tuition agreement to ensure that the instructional programs of the Washington institution of higher education do not incur additional uncompensated costs as a result of the exchange.

(3) Student participation in ((an exchange program)) a home tuition agreement authorized by this section is limited to one academic year.

(4) Students enrolled under a home tuition agreement shall reside in Washington state for the duration of the program, may not use the year of enrollment under this program to establish Washington state residency, and are not eligible for state financial aid.

Sec. 5. RCW 28B.15.910 and 1993 sp.s. c 18 s 31 are each amended to read as follows:

(1) Except for revenue waived under programs listed in subsection (3) of this section, and unless otherwise expressly provided in the omnibus state appropriations act, the total amount of operating fees revenue waived, exempted, or reduced by a state university, a regional university, The Evergreen State College, or the community colleges as a whole, shall not exceed the percentage of total gross authorized operating fees revenue set forth below. As used in this section, "gross authorized operating fees revenue" means the estimated gross operating fees revenue as estimated under RCW 82.33.020 or as revised by the office of financial management, before granting any waivers. This limitation applies to all tuition waiver programs established before or after July 1, 1992.

## CHAPTER 435

[House Bill 1819]

### CONFIDENTIALITY OF FINANCIAL INSTITUTION COMPLIANCE REVIEW DOCUMENTS

AN ACT Relating to the confidentiality of voluntary compliance efforts by financial institutions; and adding a new chapter to Title 7 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds and declares that efforts by financial institutions to comply voluntarily with state and federal statutory and regulatory requirements are vital to the public interest; that possible discovery and use in civil litigation of work produced in connection with such voluntary compliance efforts has an undesirable chilling effect on the use, scope, and effectiveness of voluntary compliance efforts by financial institutions; and that the public interest in encouraging aggressive voluntary compliance review outweighs the value of this work product in civil litigation.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affiliate" means any person that controls, is controlled by, or is under common control with a financial institution.

(2) "Civil action" means a civil proceeding pending in a court or other adjudicatory tribunal with jurisdiction to issue a request or subpoena for records, including a voluntary or mandated alternative dispute resolution mechanism under which a party may compel the production of records. "Civil action" does not include an examination or enforcement proceeding initiated by a governmental agency with primary regulatory jurisdiction over a financial institution in possession of a compliance review document.

(3) "Compliance review personnel" means a person or persons assigned and directed by the board of directors or management of a financial institution or affiliate to conduct a compliance review, and any person engaged or assigned by compliance review personnel or by the board of directors or management to assist in a compliance review.

(4) "Compliance review" means a self-critical analysis conducted by compliance review personnel to test, review, or evaluate past conduct, transactions, policies, or procedures for the purpose of confidentially (a) ascertaining, monitoring, or remediating violations of applicable state and federal statutes, rules, regulations, or mandatory policies, statements, or guidelines, (b) assessing and improving loan quality, loan underwriting standards, or lending practices, or (c) assessing and improving financial reporting to federal or state regulatory agencies.

(5) "Compliance review document" means any record prepared or created by compliance review personnel in connection with a compliance review. "Compliance review document" includes any documents created or data generated in the course of conducting a compliance review, but does not include other underlying documents, data, or factual materials that are the subject of, or source materials for, the compliance review, including any documents in existence prior to the commencement of the compliance review that are not themselves compliance review documents related to a past compliance review.

(6) "Financial institution" means a bank, trust company, mutual savings bank, savings and loan association, or credit union authorized by federal or state law to accept deposits in this state.

(7) "Person" means an individual, group, committee, partnership, firm, association, corporation, limited liability company, or other entity, including a financial institution or affiliate and its agents, employees, legal counsel, auditors, and consultants.

**NEW SECTION. Sec. 3.** Except as provided in section 4 of this act:

(1) Compliance review documents are confidential and are not discoverable or admissible as evidence in any civil action.

(2) Compliance review personnel shall not be required to testify at deposition or trial in any civil action concerning the contents of or matters addressed in any compliance review or any compliance review documents, nor as to the actions or activities undertaken by or at the direction of the financial institution or affiliate in connection with a compliance review.

**NEW SECTION. Sec. 4.** Section 3 of this act does not:

(1) Limit the discovery or admissibility in any civil action of any documents that are not compliance review documents;

[Substitute House Bill 1118]

**WATER RIGHT CLAIMS—FILING REQUIREMENTS**

AN ACT Relating to water rights claims; amending RCW 90.14.041 and 90.14.071; and adding new sections to chapter 90.14 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. A new section is added to chapter 90.14 RCW to read as follows:

(1) A new period for filing statements of claim for water rights is established. The filing period shall begin September 1, 1997, and shall end at midnight June 30, 1998. Each person or entity claiming under state law a right to withdraw or divert and beneficially use surface water under a right that was established before the effective date of water code established by chapter 117, Laws of 1917, and any person claiming under state law a right to withdraw and beneficially use ground water under a right that was established before the effective date of the ground water code established by chapter 263, Laws of 1945, shall register the claim with the department during the filing period unless the claim has been filed in the state water rights claims registry before the effective date of this section. A person who claims such a right and fails to register the claim as required is conclusively deemed to have waived and relinquished any right, title, or interest in the right. A statement filed during this filing period shall be filed as provided in RCW 90.14.051 and 90.14.061 and shall be subject to the provisions of this chapter regarding statements of claim. This reopening of the period for filing statements of claim shall not affect or impair in any respect whatsoever any water right existing prior to the effective date of this section. A water right embodied in a statement of claim filed under this section is subordinate to any water right embodied in a permit or certificate issued under chapter 90.03 or 90.44 RCW prior to the date the statement of claim is filed with the department and is subordinate to any water right embodied in a statement of claim filed in the water rights claims registry before the effective date of this section.

(2) The department of ecology shall, at least once each week during the month of August 1997 and at least once each month during the filing period, publish a notice regarding this new filing period in newspapers of general circulation in the various regions of the state. The notice shall contain the substance of the following notice:

**WATER RIGHTS NOTICE**

Each person or entity claiming a right to withdraw or divert and beneficially use surface water under a right that was established before June 7, 1917, or claiming a right to withdraw and beneficially use ground water under a right that was established before June 7, 1945, under the laws of the state of Washington must register the claim with the department of ecology, Olympia, Washington. The claim must be

registered on or after September 1, 1997, and not later than five o'clock on June 30, 1998.

**FAILURE TO REGISTER THE CLAIM WILL  
RESULT IN A WAIVER AND RELINQUISH-  
MENT OF THE WATER RIGHT OR CLAIMED  
WATER RIGHT**

Registering a claim is NOT required for:

1. A water right that is based on the authority of a permit or certificate issued by the department of ecology or one of its predecessors;
2. A water right that is based on the exemption from permitting requirements provided by RCW 90.44.050 for certain very limited uses of ground water; or
3. A water right that is based on a statement of claim that has previously been filed in the state's water rights claims registry during other registration periods.

For further information, for a copy of the law establishing this filing period, and for an explanation of the law and its requirements, contact the department of ecology, Olympia, Washington.

The department shall also prepare, make available to the public, and distribute to the communications media information describing the types of rights for which statements of claim need not be filed, the effect of filing, the effect of RCW 90.14.071, and other information relevant to filings and statements of claim.

(3) The department of ecology shall ensure that employees of the department are readily available to respond to inquiries regarding filing statements of claim and that all of the information the department has at its disposal that is relevant to an inquiry regarding a particular potential claim, including information regarding other rights and claims in the vicinity of the potentially claimed right, is available to the person making the inquiry. The department shall dedicate additional staff in each of the department's regional offices and in the department's central office to ensure that responses and information are provided in a timely manner during each of the business days during the month of August 1997 and during the new filing period.

(4) To assist the department in avoiding unnecessary duplication, the department shall provide to a requestor, within ten working days of receiving the request, the records of any water right claimed, listed, recorded, or otherwise existing in the records of the department or its predecessor agencies, including any report of a referee in a water rights adjudication. This information shall be provided as required by this subsection if the request is provided in writing from the owner of the water right or from the holder of a possessory interest in any real property for water right records associated with the property or if the requestor is an attorney for such an owner. The information regarding water rights in the area served by a regional office of the department shall also be provided within ten

working days to any requestor who requests to review the information in person in the department's regional office. The information held by the headquarters office of the department shall also be provided within ten working days to any requestor who requests to review the information in person in the department's headquarters office. The requirements of this subsection that records and information be provided to requestors within ten working days may not be construed as limiting in any manner the obligations of the department to provide public access to public records as required by chapter 42.17 RCW.

(5) This section does not apply to claims for the use of ground water withdrawn in an area that is, during the period established by subsection (2) of this section, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to ground water rights. This section does not apply to claims for the use of surface water withdrawn in an area that is, during the period established by subsection (2) of this section, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to surface water rights.

(6) This section does not apply to claims for the use of water in a ground water area or subarea for which a management program adopted by the department by rule and in effect on the effective date of this section establishes acreage expansion limitations for the use of ground water.

**Sec. 2.** RCW 90.14.041 and 1988 c 127 s 73 are each amended to read as follows:

All persons using or claiming the right to withdraw or divert and make beneficial use of public surface or ground waters of the state, except as (~~hereinafter~~) provided in this section, RCW 90.14.043, and section 1 of this act, shall file with the department of ecology not later than June 30, 1974, a statement of claim for each water right asserted on a form provided by the department. Neither this section (~~shall not~~) nor section 1 of this act apply to any water rights which are based on the authority of a permit or certificate issued by the department of ecology or one of its predecessors. Further, section 1 of this act does not apply to the beneficial uses of water which are the subject of statements of claim in the water rights claims registry prior to September 1, 1997, or which are exempted from permit and application requirements by RCW 90.44.050 and neither this section nor section 1 of this act requires that statements of claims for such uses be filed during the filing period established by section 1 of this act.

**Sec. 3.** RCW 90.14.071 and 1969 ex.s. c 284 s 16 are each amended to read as follows:

Except as provided in section 5 of this act or as exempted from filing by RCW 90.14.041, any person claiming the right to divert or withdraw waters of the state as set forth in RCW 90.14.041, who fails to file a statement of claim as provided in RCW 90.14.041, 90.14.043, or section 1 of this act and in RCW 90.14.051 and

90.14.061, shall be conclusively deemed to have waived and relinquished any right, title, or interest in said right.

**\*NEW SECTION.** *Sec. 4. A new section is added to chapter 90.14 RCW to read as follows:*

*Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry on the effective date of this section, may submit to the department of ecology for filing an amendment to such a statement of claim as provided in this section. Such an amendment may be submitted only to correct an error in the statement filed and the person submitting the amendment shall attest in writing that the amendment does not constitute an expansion of the right for which the statement of claim was intended. Such an amendment may be submitted only during the period established in section 1 of this act for filing statements of claim.*

*The department shall accept any such submission and file the amendment in the registry unless the department by written determination concludes that the requirements of this section have not been satisfied. Any person aggrieved by a determination of the department may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions of RCW 90.14.081 shall apply to any amendment filed under this section. This section shall not be construed as limiting the authority of a person or entity to submit an amendment under RCW 90.14.065.*

*\*Sec. 4 was vetoed. See message at end of chapter.*

**\*NEW SECTION.** *Sec. 5. A new section is added to chapter 90.14 RCW to read as follows:*

*During the period beginning March 1, 1994, and ending at midnight June 30, 1998, neither the department of ecology nor the pollution control hearings board may determine or find that a water right has been waived or relinquished under this chapter based on the failure of any person or entity to file a statement of claim for the right under this chapter. Any finding or determination issued contrary to this section is void. If the department or the board determined that a person waived or relinquished a water right during the time period specified in this section, but prior to the effective date of this section, the sole remedy for the person shall be to file a new claim or submit an amendment under section 1 or 4 of this act or RCW 90.14.065.*

*\*Sec. 5 was vetoed. See message at end of chapter.*

Passed the House March 14, 1997.

Passed the Senate April 26, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 4 and 5, Substitute House Bill No. 1118 entitled:

"AN ACT Relating to water right claims;"

I have approved most sections of Substitute House Bill No. 1118. It is my hope that this legislation will clear up the murky past of water rights claims and put an end to the confusion over who needed to file claims in the Water Rights Claims Registry.

I have vetoed section 4 for two reasons. The first reason is that an existing statute (RCW 90.14.065) provides a mechanism to amend an existing claim filed with the Water Rights Claim Registry. The second reason is that the burden of proof for such amendments would be placed on the Department Ecology instead of the claimant.

I have vetoed section 5 because the exemption from relinquishment is retroactive to March 1, 1994. It is reasonable to provide protection from relinquishment for those filing new claims. However, the retroactive provision is problematic because it would conflict with one or more Superior Court decisions related to the relinquishment of water rights due to the failure to file a claim.

For these reasons, I have vetoed sections 4 and 5 of Substitute House Bill No. 1118.

With exception of sections 4 and 5, Substitute House Bill No. 1118 is approved."

AN ACT Relating to water transfers; and adding a new chapter to Title 90 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 2.** The following definitions apply throughout this chapter, unless the context clearly requires otherwise.

**NEW SECTION. Sec. 3.** (1) The county legislative authority of a county may create a water conservancy board, subject to approval by the director, for the purpose of expediting voluntary water transfers within the county.

(2) A water conservancy board may be initiated by: (a) A resolution of the county legislative authority; (b) a resolution presented to the county legislative authority calling for the creation of a board by the legislative authority of an

irrigation district, public utility district that operates a public water system, a reclamation district, a city operating a public water system, or a water-sewer district that operates a public water system; (c) a resolution by the governing body of a cooperative or mutual corporation that operates a public water system serving one hundred or more accounts; (d) a petition signed by five or more water rights holders, including their addresses, who divert water for use within the county; or (e) any combination of (a) through (d) of this subsection. The resolution or petition must state the need for the board, include proposed bylaws or rules and procedures that will govern the operation of the board, identify the geographic boundaries where there is an initial interest in transacting water sales or transfers, and describe the proposed method for funding the operation of the board.

(3) After receiving a resolution or petition to create a board, a county legislative authority shall determine its sufficiency. If the county legislative authority finds that the resolution or petition is sufficient, or if the county is initiating the creation of a board upon its own motion, it shall hold at least one public hearing on the proposed creation of the board. Notice of the hearing shall be published at least once in a newspaper of general circulation in the county not less than ten days nor more than thirty days before the date of the hearing. The notice shall describe the time, date, place, and purpose of the hearing, as well as the purpose of the board. Following the hearing, the county legislative authority may adopt a resolution approving the creation of the board if it finds that the board's creation is in the public interest.

**NEW SECTION.** Sec. 4. (1) The county legislative authority shall forward a copy of the resolution or petition calling for the creation of the board, a copy of the resolution approving the creation of the board, and a summary of the public testimony presented at the public hearing to the director following the adoption of the resolution calling for the board's creation.

(2) The director shall approve or deny the creation of a board within forty-five days after the county legislative authority has submitted all information required under subsection (1) of this section. The director must determine whether the creation of the board would further the purposes of this chapter and is in the public interest. The director shall include a description of the necessary training requirements for commissioners in the notice of approval sent to the county legislative authority.

**NEW SECTION.** Sec. 5. The director of the department may, as deemed necessary by the director, adopt rules in accordance with chapter 34.05 RCW necessary to carry out this chapter, including minimum requirements for the training and continuing education of commissioners. Training courses for commissioners shall include an overview of state water law and hydrology. Prior to commissioners taking action on proposed water right transfers, the commissioners shall comply with training requirements that include state water law and hydrology.

**NEW SECTION.** **Sec. 6.** A water conservancy board constitutes a public body corporate and politic and a separate unit of local government in the state. Each board shall consist of three commissioners appointed by the county legislative authority for six-year terms. The county legislative authority shall stagger the initial appointment of commissioners so that the first commissioners who are appointed shall serve terms of two, four, and six years, respectively, from the date of their appointment. All vacancies shall be filled for the unexpired term. The county legislative authority shall consider, but is not limited in appointing, nominations to the board by people or entities petitioning or requesting the creation of the board. However, the county legislative authority shall ensure that individual water right holders who divert water for use within the county are represented on the board. In making appointments to the board, the county legislative authority shall choose from among persons who are residents of the county or a county that is contiguous to the county that the water conservancy board is to serve. No commissioner may participate in board decisions until he or she has successfully completed the necessary training required under section 5 of this act. Commissioners shall serve without compensation, but are entitled to reimbursement for necessary travel expenses in accordance with RCW 43.03.050 and 43.03.060 and costs incident to training.

**NEW SECTION.** **Sec. 7.** (1) A water conservancy board may acquire, purchase, hold, lease, manage, occupy, and sell real and personal property or any interest therein, enter into and perform all necessary contracts, appoint and employ necessary agents and employees and fix their compensation, employ contractors including contracts for professional services, sue and be sued, and do any and all lawful acts required and expedient to carry out the purposes of this chapter.

(2) A board constitutes an independently funded entity, and may provide for its own funding as determined by the commissioners. The board may accept grants and may adopt fees for processing applications for transfers of water rights to fund the activities of the board. A board may not impose taxes or acquire property by the exercise of eminent domain.

**\*NEW SECTION.** **Sec. 8.** *A board shall operate on a county-wide basis, and shall have the following powers, in addition to any others granted in this chapter:*

*(1) A board may establish a water transfer exchange through which all or part of the water that any person is entitled to use by reason of owning or holding a water right may be listed for sale or transfer. The board may approve water transfers involving a change in place of use, point of diversion or withdrawal, purpose of use, time of use, source of supply, quantity of use permitted, and the place of storage. Any water transfer approved by the board is subject to final approval by the director pursuant to section 11 of this act.*

*(2) The board may approve the transfer of a water right or a water right claim filed under chapter 90.14 RCW that has not been adjudicated. The board shall make a tentative determination as to the validity and extent of the existing*

*right, and may only approve transfers of those rights to the extent they are deemed valid by the board. Neither the board's approval of a transfer, nor the director's approval of the board's action constitutes an adjudication of the validity, priority, or quantity of the transferor's water right as between the transferor or the transferee and the state, or as between the transferor or the transferee and one or more water use claimants, and such approvals do not preclude or prejudice a subsequent challenge to the validity, priority, or quantity of the right in an adjudicatory proceeding. The tentative determination of a water right by a board does not preclude a different conclusion in a subsequent adjudication.*

*(3) Water transfers approved by the board must remain within an existing category of beneficial use, and a transfer of water that is being used for agricultural applications is restricted to short-term or long-term leases.*

*(4) Each board shall maintain and publish all information made available to it concerning water rights listed with the board and any application to the board for approval of a water transfer. Each board shall establish policies and procedures, consistent with applicable law, for the administration of a system of timely local approvals for water transfers under this chapter. The administration shall be performed exclusively by the board, but the department may provide technical assistance to the board.*

\*Sec. 8 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 9. (1) Applications to the board for transfers shall be made on a form provided by the department, and shall contain such additional information as may be required by the board in order to review and act upon the application. At a minimum, the application shall include information sufficient to establish to the board's satisfaction of the transferor's right to the quantity of water being transferred, and a description of any applicable limitations on the right to use water, including the point of diversion or withdrawal, place of use, source of supply, purpose of use, quantity of use permitted, time of use, period of use, and the place of storage.

(2) The transferor and the transferee of any proposed water transfer may apply to a board for approval of the transfer if the water proposed to be transferred is currently diverted or used within the geographic boundaries of the county, or would be diverted or used within the geographic boundaries of the county if the transfer is approved. In the case of a proposed water transfer in which the water is currently diverted or would be diverted outside the geographic boundaries of the county, the board shall hold a public hearing in the county of the diversion or proposed diversion. The board shall provide for prominent publication of notice of such hearing in a newspaper of general circulation published in the county in which the hearing is to be held for the purpose of affording an opportunity for interested persons to comment upon the application.

(3) After an application for a transfer is filed with the board, the board shall publish notice of the application in accordance with the publication requirements

and send notice to state agencies as provided in RCW 90.03.280. Any person may submit comments to the board regarding the application. Any water right holder claiming detriment or injury to an existing water right may intervene in the application before the board pursuant to subsection (4) of this section. If a majority of the board determines that the application is complete, in accordance with the law and the transfer can be made without injury or detriment to existing water rights in accordance with RCW 90.03.380, the board shall issue the applicant a certificate conditionally approving the transfer, subject to review by the director.

(4) If a water right holder claims a proposed transfer will cause an impairment to that right, the water right holder is entitled to a hearing before the board. The board shall receive such evidence as it deems material and necessary to determine the validity of the claim of impairment. If the party claiming the impairment establishes by a preponderance of the evidence that his or her water right will be impaired by the proposed transfer, the board may not approve the transfer unless the applicant and the impaired party agree upon compensation for the impairment.

***\*NEW SECTION. Sec. 10. (1) If an application for a transfer is proposed to transfer water from one irrigation district to another, approval of the transfer shall be conditioned upon receipt of the concurrence from each of the irrigation districts that the transfer will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.***

***(2) A transfer involving a change in place or use or a nonconsumptive use by an individual water user or users of water provided by an irrigation district need only receive the approval for the transfer from the board of directors of the irrigation district if the water continues within the irrigation district.***

***\*Sec. 10 was vetoed. See message at end of chapter.***

***NEW SECTION. Sec. 11. (1) If a transfer is approved by the board, the board shall submit a copy of the proposed certificate conditionally approving the transfer to the department for review. The board shall also submit a report summarizing any factual findings on which the board relied in deciding to approve the proposed transfer. The board shall also transmit notice by mail to any person who objected to the transfer or who requested notice.***

***(2) The director shall review each proposed transfer conditionally approved by a board for compliance with state water transfer laws including RCW 90.03.380, 90.03.390, and 90.44.100, rules and guidelines adopted by the department, and other applicable law.***

***(3) Any party to a transfer or a third party who alleges his or her water right will be impaired by the proposed transfer may file objections with the department. If objections to the transfer are filed with the department, the board shall forward the files and records upon which it based its decision to the department.***

***(4) The director shall review the action of the board and affirm, reverse, or modify the action of the board within forty-five days of receipt. The forty-five day time period may be extended for an additional thirty days by the director, upon the consent of the parties to the transfer. If the director fails to act within this time***

period, the board's action is final. Upon approval of a water transfer by the action or nonaction of the director, the conditional certificate issued by the board is final and valid.

**NEW SECTION.** Sec. 12. The decision of the director to approve an action to create a board, or to approve, deny, or modify a water transfer either by action or nonaction shall be appealable in the same manner as other water right decisions made pursuant to chapter 90.03 RCW.

**NEW SECTION.** Sec. 13. Neither the county nor the department shall be subject to any cause of action or claim for damages arising out of transfers approved by a board under this chapter.

***\*NEW SECTION. Sec. 14. A person who, in good faith and without intent of circumventing water right relinquishment statutes, leases a water right under this chapter may not lose any portion of that water right by relinquishment due to the nonuse of the water by the lessee.***

\*Sec. 14 was vetoed. See message at end of chapter.

**NEW SECTION.** Sec. 15. Nothing in this chapter eliminates or lessens the requirements necessary for the approval of interties.

**NEW SECTION.** Sec. 16. (1) A commissioner of a water conservancy board who has an ownership interest in a water right subject to an application for approval of a transfer or change by the board, shall not participate in the board's review or decision upon the application.

(2) A commissioner of a water conservancy board who also serves as an employee or upon the governing body of a municipally owned water system, shall not participate in the board's review or decision upon an application for the transfer or change of a water right in which that water system has or is proposed to have an ownership interest.

**NEW SECTION.** Sec. 17. Water conservancy board activities are subject to the open public meetings act, chapter 42.30 RCW.

**NEW SECTION.** Sec. 18. Nothing in this chapter affects transfers that may be otherwise approved under chapter 90.03 RCW.

**NEW SECTION.** Sec. 19. The department shall report biennially by December 31st of each even-numbered year to the appropriate committees of the legislature on the boards formed or sought to be formed under the authority of this chapter, the transfer applications reviewed and other activities conducted by the boards, and the funding of such boards.

**NEW SECTION.** Sec. 20. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 21. Sections I through 19 of this act constitute a new chapter in Title 90 RCW.

Passed the House April 19, 1997.

Passed the Senate April 14, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval sections 8, 10, and 14 of Substitute House Bill No. 1272 entitled:

"AN ACT Relating to water transfers;"

I have approved most sections of Substitute House Bill No. 1272 because it provides new ways to better use our existing water supplies. A water conservancy board will provide a county-wide mechanism for changing and exchanging water rights.

The Legislature authorized the Department of Ecology to adopt rules necessary to carry out this newly created chapter in the water code, including minimum requirements for the training and continuing education of board commissioners. This will be crucial for effective utilization of this new tool, and necessary before the Department can accept and approve the creation of any water conservancy board. Accordingly, I direct the Department of Ecology to initiate rule-making as soon as possible.

Subsections (1) and (3) of section 8 contain conflicting directions to a water conservancy board relating to its authority in approving water transfers.

Section 10 of SHB 1272 conflicts with RCW 90.03.380, which it was intended to mirror, and would likely create confusion in interpretation of the statutes and disagreement in the management of the resource.

Section 14 establishes a subjective standard for protection against relinquishment, requiring the Department of Ecology to prove that a person intended to circumvent the relinquishment statute in order to relinquish a leased water right. Because it is particularly difficult to prove a person's intent in this context, section 14 could lead to questionable leases to preserve unused water rights from relinquishment for non-use.

For these reasons, I have vetoed sections 8, 10, and 14 of Substitute House Bill No. 1272.

With the exception of sections 8, 10, and 14, Substitute House Bill No. 1272 is approved."

## CHAPTER 442

[Second Substitute House Bill 2054]

### WATER RESOURCE MANAGEMENT—MODIFICATIONS

AN ACT Relating to water resource management; amending RCW 90.54.040, 90.54.020, 90.54.180, 90.03.383, 90.03.330, 90.14.140, 43.21B.110, 43.21B.130, 43.21B.240, 43.21B.305, 43.21B.310, 43.27A.190, 90.14.130, 90.14.190, 90.14.200, 90.66.080, 90.03.380, and 90.44.100; reenacting and amending RCW 34.05.514; adding new sections to chapter 90.03 RCW; adding a new section to chapter 34.05 RCW; adding new sections to chapter 43.21B RCW; adding a new chapter to Title 90 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**PART I**  
**BASIN PLANS**

**NEW SECTION. Sec. 101.** The purpose of this chapter is to develop a more thorough and cooperative method of determining what the current water resource situation is in each water resource inventory area of the state and to provide local citizens with the maximum possible input concerning their goals and objectives for water resource management and development.

It is necessary for the legislature to establish processes and policies that will result in providing state agencies with more specific guidance to manage the water resources of the state consistent with current law and direction provided by local entities and citizens through the process established in accordance with this chapter.

**NEW SECTION. Sec. 102.** The legislature finds that the local development of watershed plans for managing water resources and for protecting existing water rights is vital to both state and local interests. The local development of these plans serves vital local interests by placing it in the hands of people: Who have the greatest knowledge of both the resources and the aspirations of those who live and work in the watershed; and who have the greatest stake in the proper, long-term management of the resources. The development of such plans serves the state's vital interests by ensuring that the state's water resources are used wisely, by protecting existing water rights, by protecting instream flows for fish, and by providing for the economic well-being of the state's citizenry and communities. Therefore, the legislature believes it necessary for units of local government throughout the state to engage in the orderly development of these watershed plans.

**NEW SECTION. Sec. 103.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Implementing rules" for a WRIA plan are the rules needed to give force and effect to the parts of the plan that create rights or obligations for any party including a state agency or that establish water management policy.

(3) "Minimum instream flow" means a minimum flow under chapter 90.03 or 90.22 RCW or a base flow under chapter 90.54 RCW.

(4) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

(5) "Water supply utility" means a water, combined water-sewer, irrigation, reclamation, or public utility district that provides water to persons or other water users within the district or a division or unit responsible for administering a publicly governed water supply system on behalf of a county.

(6) "WRIA plan" or "plan" means the product of the planning unit including any rules adopted in conjunction with the product of the planning unit.

**NEW SECTION. Sec. 104.** In order to have the best possible program for appropriating and administering water use in the state, the legislature establishes

the following principles and criteria to carry out the purpose and intent of chapter . . . , Laws of 1997 (this act).

(1) All WRIA planning units established under this chapter shall develop a process to assure that water resource user interests and directly involved interest groups at the local level have the opportunity, in a fair and equitable manner, to give input and direction to the process.

(2) If a planning unit requests technical assistance from a state agency as part of its planning activities under this chapter and the assistance is with regard to a subject matter over which the agency has jurisdiction, the state agency shall provide the technical assistance to the planning unit.

(3) Plans developed under chapter . . . , Laws of 1997 (this act) shall be consistent with and not duplicative of efforts already under way in a WRIA, including but not limited to watershed analysis conducted under state forest practices statutes and rules.

**NEW SECTION.** Sec. 105. (1) Once a WRIA planning unit has been organized and designated a lead agency, it shall notify the department and may apply to the department for funding assistance for conducting the planning. Funds shall be provided from and to the extent of appropriations made by the legislature to the department expressly for this purpose.

(2) Each planning unit that has complied with subsection (1) of this section is eligible to receive fifty thousand dollars for each WRIA to initiate the planning process. The department shall allocate additional funds to WRIA planning units based on need demonstrated by a detailed proposed budget submitted by the planning unit for carrying out the duties of the planning unit. Each WRIA planning unit may receive up to two hundred fifty thousand dollars for each WRIA during the first two-year period of planning, with a maximum allocation of five hundred thousand dollars for each WRIA. Funding provided under this section shall be considered a contractual obligation against the moneys appropriated for this purpose.

(3) Preference shall be given to planning units requesting funding for conducting multi-WRIA planning under section 108 of this act.

(4) The department may retain up to one percent of funds allocated under this section to defray administrative costs.

**NEW SECTION.** Sec. 106. (1) This chapter shall not be construed as creating a new cause of action against the state or any county, city, town, water supply utility, conservation district, or planning unit.

(2) Notwithstanding RCW 4.92.090, 4.96.010, and 64.40.020, no claim for damages may be filed against the state or any county, city, town, water supply utility, tribal governments, conservation district, or planning unit that or member of a planning unit who participates in a WRIA planning unit for performing responsibilities under this chapter.

**\*NEW SECTION.** Sec. 107. (1)(a) *Except as provided in section 108 of this act for multi-WRIA planning, the county with the largest area within the*

*boundaries of a WRIA, the city obtaining the largest amount of water from the WRIA, and the largest water supply utility in the WRIA may jointly and unanimously choose to initiate water resource planning for the WRIA under this chapter. If the initiating group so chooses, it shall make application to the department of ecology to declare its intent to conduct watershed planning. Upon making application to the department, the initiating group shall notify the counties, cities, water supply utilities, tribal governments, and conservation districts with territory within the WRIA that these groups are to meet to appoint their members of the WRIA planning unit. The initiating group may consult with the department regarding the initiation of watershed planning. For the purposes of this section and sections 108 and 112 of this act, a county is considered to have territory within a WRIA only if the territory of the county located in the WRIA constitutes at least fifteen percent of the area of the WRIA. For conducting planning under this chapter, the county with the largest area within the boundaries of the WRIA is the lead agency for the WRIA planning, except as provided in (b) and (c) of this subsection and section 108 of this act for multi-WRIA planning.*

*(b) When the counties of a WRIA have convened jointly to make appointments to the planning unit, they may, by a majority vote, choose as the lead agency for WRIA planning any governmental entity in the WRIA. Such a governmental entity shall act as the lead agency for this purpose if it agrees in writing to accept the designation.*

*(c) For a WRIA located within Pierce, King, Snohomish, or Spokane county, the lead agency shall be the water purveyor that is using the largest amount of water from the WRIA unless the water supply utility notifies in writing the county with the largest area in the WRIA that it chooses not to be the lead agency. Such notice shall be provided within ten working days.*

*(2) In a WRIA where water resource planning efforts have commenced before the effective date of this section, such as but not limited to the Kettle river WRIA, the county legislative authorities with territory within the WRIA in accordance with subsection (1) of this section may, by majority vote, choose to adopt the existing planning unit membership for purposes of planning under chapter . . ., Laws of 1997 (this act).*

*Nothing in chapter . . ., Laws of 1997 (this act) shall affect ongoing efforts to develop new resources and the sharing of existing resources. No moratorium may be imposed on water resource decision making by the department solely because of ongoing planning efforts or the absence of a plan or planning effort. Any new planning units formed under this act shall recognize efforts already in progress.*

*(3)(a) One WRIA planning unit shall be appointed for the WRIA as provided by this section or for a multi-WRIA area as provided by section 108 of this act for multi-WRIA planning. The planning unit shall be composed of:*

*(i) One member representing each county with territory in the WRIA appointed by the county;*

*(ii) One member representing cities for each county with territory in the WRIA appointed by the cities within that county;*

*(iii) One member representing water supply utilities for each county with territory within the WRIA, appointed jointly by the three largest water supply utilities in the county;*

*(iv) One member representing all conservation districts with territory within the WRIA appointed jointly by those districts;*

*(v) Three members representing various special interest groups appointed jointly by the cities with territory within the WRIA; and six members representing various special interest groups appointed jointly by the counties with territory within the WRIA;*

*(vi) One member representing the general citizenry appointed jointly by the cities with territory within the WRIA;*

*(vii) Three members representing the general citizenry appointed jointly by the counties with territory in the WRIA, of which at least one shall be a holder of a water right certificate and at least one shall be a holder of a water right for which a statement of claim was in the state's water rights claims registry before January 1, 1997;*

*(viii) If one or more federal Indian reservations are located in whole or in part within the boundaries of the WRIA, the planning unit shall extend an invitation to the tribal government of each reservation to appoint one member representing that tribal government; and*

*(ix) Three members representing state agencies including the secretary of the department of transportation or the secretary's designee, the director of the department of fish and wildlife or the director's designee, and the director of the department of ecology or the director's designee. The three members representing state government shall have a single vote representing state agency interests.*

*(b) In addition, for a WRIA located within Pierce, King, Snohomish, or Spokane county, one representative of the water purveyor using the largest amount of water from the WRIA shall be a voting member of the planning unit whether the principal offices of the purveyor are or are not located within the WRIA.*

*(4) Except for a person appointed under subsection (3)(a)(ix) or (b) of this section, each person appointed to a WRIA planning unit shall have been a resident and a property owner of the WRIA for at least three years. No state employees or state officials other than members appointed under subsection (3)(a)(ix) of this section may be appointed to the planning unit. In appointing persons to the WRIA planning unit representing special interest groups, the counties and cities shall consider industrial water users, general businesses, hydroelectric and thermal power producers, and irrigated agriculture,*

*nonirrigated agriculture, forestry, recreation, environmental, and fisheries interest groups and other groups with interests in the WRIA.*

*(5)(a) In voting to appoint the members of a WRIA planning unit, to select a lead agency for water resource planning under section 107 or 108 of this act, to approve a WRIA plan under section 112 of this act, or to request or concur with a request for multi-WRIA planning under section 108 of this act, each county with territory within the WRIA shall have three votes, divided equally among the members of the county's legislative authority and these actions shall be made by majority vote based on the votes allocated under this section. In voting to appoint members of a WRIA planning unit: Each city with territory within the WRIA shall have one vote and appointments shall be made by majority vote of such cities; each water supply utility other than those of a city or town with territory within the WRIA shall have one vote and appointments shall be made by majority vote of such districts; and each conservation district with territory within the WRIA shall have one vote and appointments shall be made by majority vote of such districts. All appointments shall be made within sixty days of the date the appointing authorities other than the counties are notified to convene to make appointments or the appointments shall be made by the counties with territory in the WRIA in the same manner the counties make other appointments.*

*(b) The members appointed to the WRIA planning unit under subsection (3)(a)(i), (ii), and (iii) of this section may, within thirty days, by unanimous vote, increase the number of members of the planning unit appointed under subsection (3)(a)(v), (vi), and (vii) of this section by up to five members. Appointment of additional members to the planning unit shall be made within thirty days from the date of application to the department under subsection (1)(a) of this section.*

*(c) A vacancy on the planning unit shall be filled by appointment in the same manner prescribed for appointing the position that has become vacant. The planning unit shall convene and begin work as soon as two-thirds of the number of persons eligible to be members of the planning unit have been appointed. All positions must be filled within thirty days of the convening of the planning unit. The unit shall not interrupt its work to await additional original appointments or appointments to fill any vacancies that may occur in its membership.*

*\*Sec. 107 was vetoed. See message at end of chapter.*

*\*NEW SECTION. Sec. 108. (1) The counties with territory in a WRIA, the city obtaining the largest quantity of water from the WRIA, and the largest water supply utility in the WRIA may jointly and unanimously elect to initiate multi-WRIA planning. If this initiating group so chooses, the initiating group shall notify the counties, cities, water supply utilities, tribal governments, and conservation districts with territory within the multi-WRIA area that these*

groups are to meet to appoint their members of the multi-WRIA area planning unit.

(a) *The planning unit shall be composed of:*

(i) *One member representing each county with territory in the multi-WRIA area appointed by that county;*

(ii) *One member representing cities for each county with territory in the multi-WRIA area appointed by the cities within that county;*

(iii) *One member representing water supply utilities for each county with territory within the multi-WRIA area appointed jointly by the three water supply utilities in each county;*

(iv) *Up to two members, as that number is determined by the districts, representing all conservation districts with territory within the multi-WRIA area and appointed jointly by those districts;*

(v) *Three members representing various special interest groups appointed jointly by the cities with territory within the multi-WRIA area; and six members representing various special interest groups appointed jointly by the counties with territory within the multi-WRIA area;*

(vi) *One member representing the general citizenry appointed jointly by the cities with territory within the multi-WRIA area;*

(vii) *Three members representing the general citizenry appointed jointly by the counties with territory in the multi-WRIA area, of which at least one shall be a holder of a water right certificate and at least one shall be a holder of a water right for which a statement of claim was in the state's water rights claims registry before January 1, 1997;*

(viii) *If one or more federal Indian reservations are located in whole or in part within the boundaries of the multi-WRIA area, the planning unit shall extend an invitation to the tribal government of each reservation to appoint one member representing that tribal government; and*

(ix) *Three members representing state agencies including the secretary of the department of transportation or the secretary's designee, the director of the department of fish and wildlife or the director's designee, and the director of the department of ecology or the director's designee. The three members representing state government shall have a single vote representing state agency interests.*

(b) *In addition, for a multi-WRIA planning unit located within Pierce, King, Snohomish, or Spokane county, one representative of the water purveyor using the largest amount of water from the multi-WRIA area shall be a voting member of the planning unit whether the principal offices of the purveyor are or are not located within the multi-WRIA area.*

(c) *Except for a person appointed under (a)(ix) or (b) of this subsection, each person appointed to a multi-WRIA planning unit shall have been a resident and property owner within the multi-WRIA area for at least three years. No state employees or state officials other than members appointed under (a)(ix) of this*

*subsection may be appointed to the planning unit. In appointing persons to the multi-WRIA planning unit representing special interest groups the counties and cities shall consider industrial water users, general businesses, hydroelectric and thermal power producers, and irrigated agriculture, nonirrigated agriculture, forestry, recreation, environmental, and fisheries interest groups and other groups with interests in the multi-WRIA area.*

*(2) In a multi-WRIA area where water resource planning efforts have commenced before the effective date of this section, such as but not limited to the Kettle river WRIA, the county legislative authorities with territory within the WRIA in accordance with subsection (1) of this section may, by majority vote, choose to adopt the existing planning unit membership for purposes of planning under chapter . . . , Laws of 1997 (this act).*

*Nothing in this act shall affect ongoing efforts to develop new resources and the sharing of existing resources. No moratorium may be imposed on water resource decision making by the department solely because of ongoing planning efforts or the absence of a plan or planning effort. Any new planning units formed under this act shall recognize efforts already in progress.*

*(3)(a) The counties in the multi-WRIA area shall select, by a majority vote, a governmental entity in the multi-WRIA area to act as lead agency for water resource planning in the multi-WRIA area under this chapter. Such an entity shall serve as the lead agency if it agrees in writing to do so. All appointments shall be made within sixty days of the date the lead agency in the multi-WRIA area notifies the other appointing authorities to convene to make appointments or the appointments shall be made by the counties with territory in the multi-WRIA area in the same manner the counties make other appointments.*

*(b) The members appointed to the WRIA planning unit under subsection (1)(a)(i), (ii), and (iii) of this section may, within thirty days, by unanimous vote, increase the number of members of the planning unit appointed under subsection (1)(a)(v), (vi), and (vii) of this section by up to five members. Appointment of additional members to the planning unit shall be made within thirty days from the date of application to the department to initiate planning.*

*(c) A vacancy on the planning unit shall be filled by appointment in the same manner prescribed for appointing the position that has become vacant. The planning unit shall convene and begin work as soon as two-thirds of the number of persons eligible to be members of the planning unit have been appointed. All positions must be filled within thirty days of the convening of the planning unit. The unit shall not interrupt its work to await additional original appointments or appointments to fill any vacancies that may occur in its membership.*

*(4) A planning unit for a multi-WRIA area shall perform all of the functions assigned by this chapter to a WRIA planning unit and is subject to all of the provisions of this chapter that apply to a WRIA planning unit.*

*\*Sec. 108 was vetoed. See message at end of chapter.*

***\*NEW SECTION. Sec. 109. The lead agency shall provide staff support from resources provided for planning under chapter . . ., Laws of 1997 (this act) and from other sources, including but not limited to sources provided under section 113 of this act, for the work of the WRIA planning unit. Each WRIA planning unit may establish its own methods of operation that are consistent with this chapter and may establish methods for reviewing the operations of its lead agency. No planning unit appointed or selected under this chapter may possess or exercise the power of eminent domain. No planning unit appointed or selected under this chapter may take any action that affects in any manner a general adjudication proceeding for water rights, completed or ongoing. Each WRIA planning unit is encouraged to: Consider information and plans that may have been previously developed by other entities in establishing water resource management plans for the WRIA; consider existing data regarding water resources in the WRIA; and, for a WRIA that borders another state, cooperate with local government counterparts in the adjacent state regarding water resource planning. Water resource plans developed under this chapter for a WRIA may not interfere in any manner with a general adjudication of water rights, completed or ongoing. Such a WRIA plan may not in any manner impair or diminish with a water right that exists before the adoption of the plan by the department under section 112 of this act.***

***All meetings of a WRIA planning unit shall be conducted as public meetings as required for such meetings by the open public meetings act, chapter 42.30 RCW. Some time shall be set aside at the end of each meeting of a WRIA planning unit for public comments. Each planning unit shall establish procedures to be followed by the unit in making decisions. The objective to be sought by the planning unit in making decisions is to reach agreement among its members on the decisions. Decisions by a two-thirds majority vote may be used if the unit has found that attempts at achieving full agreement have not been successful.***

***No person who is a member of a WRIA planning unit may designate another to act on behalf of the person as a member or to attend as a member a meeting of the unit on behalf of the person. If a member of a WRIA planning unit is absent from more than five meetings of the WRIA planning unit that constitute twenty percent or more of the meetings that have been conducted by the planning unit while the person is a member of the unit and these absences have not been excused as provided by this section, the member's position on the WRIA planning unit is to be considered vacant. A person's absence from a meeting may be excused: By the chair of the planning unit if a written request to do so is received by the chair before the meeting from which the member is to be absent; or by a majority vote of the members of the planning unit at the meeting during which the member is absent.***

***\*Sec. 109 was vetoed. See message at end of chapter.***

***\*NEW SECTION. Sec. 110. (1) Each WRIA planning unit shall develop a water resource plan. The plan must address the elements listed in subsection (2) of this section and may include other elements added by the planning unit. Once organized, the first task of the planning unit is to prioritize these elements regarding their importance in the WRIA and in developing a water resource plan for the WRIA. A plan shall not be developed such that its provisions (a) are in conflict with state statute or federal law; (b) impair or diminish in any manner a water right existing before its adoption; (c) are inconsistent with the construction, operation, or maintenance of a federal reclamation project; or (d) are inconsistent with an instream flow or condition established for hydroelectric power project licensed under the federal power act. No aspect of the plan may establish standards for water quality or regulate water quality in any manner whatsoever.***

***(2) The plan must include the following:***

***(a) An assessment of water supply and use in the WRIA, including:***

***(i) A quantitative estimation of the amount of surface and ground water present in the planning unit, using United States geological survey information and other existing sources of information;***

***(ii) A quantitative estimation using existing sources of information, of the amount of precipitation and surface and ground water available, using available technologies, collectively for both current and future water uses, including for instream purposes and for withdrawal or diversion;***

***(iii) A quantitative estimation using existing sources of information, of the amount of surface and ground water actually being used, and the months of peak and minimum use, both in-stream and by withdrawal, for agricultural, industrial, fisheries, recreational, environmental, municipal, and residential purposes, and including amounts claimed, permitted, or certificated for future municipal needs; and***

***(iv) A quantitative estimation of the amount of water, approximately, that is represented by amounts in claims in the water rights claims registry, in water use permits, in certificated rights, and in rules establishing instream flows;***

***(b) A quantitative description of future water-based instream and out-of-stream needs in the planning unit, based on projected population and agricultural and other economic growth. That is, an identification of the water needed collectively for use for agricultural, fisheries, recreational, environmental, industrial, municipal, and residential purposes. If a federal reclamation project is providing water for reclamation purposes within the WRIA or multi-WRIA area, federal reclamation water use requirements shall be those for project lands within the WRIA or multi-WRIA area;***

***(c) Instream flows.***

***(i) Except for the main stem of the Columbia river or the main stem of the Snake river, a planning unit may propose minimum instream flows or lake levels as part of its plan for other rivers and streams in its WRIA or multi-WRIA area.***

*(ii) The planning unit, by unanimous recorded vote of all voting members, may set specific minimum instream flows or lake levels, and such flows or levels shall be adopted by rule of the department.*

*(iii) If the planning unit is unable to approve specific minimum instream flows or levels unanimously, such flows or levels may be submitted as a recommended minimum instream flow or level in the WRIA plan for consideration by the department. Such recommendations must be approved by a two-thirds majority vote of the voting members of the planning unit.*

*(iv) Minimum instream flows or lake levels proposed under this subsection may not conflict with flow requirements or conditions in effect under a license issued under the federal power act.*

*(v) The planning unit may propose adjustments to minimum instream flows or lake levels that have been set by rule before the adoption of the planning unit's plan and will propose minimum instream flows or lake levels as part of the plan for the other rivers, streams, and lakes for which it determines the establishment of flows or levels to be appropriate in the WRIA, or in the multi-WRIA area for multi-WRIA planning under section 108 of this act.*

*(vi) The planning unit, by unanimous recorded vote of all voting members, may adjust established minimum instream flows or lake levels, and such flows or levels shall be adopted by rule of the department.*

*(vii) If the planning unit is unable to approve such adjustments unanimously, such flows or levels may be submitted as a recommended adjustment to established minimum instream flows or lake levels in the WRIA plan for consideration by the department. Such recommendations must be approved by a two-thirds majority vote of the voting members of the planning unit.*

*(viii) A minimum instream flow or lake level set for a body of water in a WRIA plan adopted by the department under section 112 of this act supersedes any minimum flow or level or base flow or any other such flow or level previously established for the body of water by the department;*

*(d) A quantitative description of the ground water and of the surface water available for further appropriation including water that may be obtained through reuse. As used in this subsection (2)(d), "available" means available on the date the plan takes effect as a rule under section 112 of this act;*

*(e) An identification of known areas that provide for the recharge of aquifers from the surface and areas where aquifers recharge surface bodies of water;*

*(f) Strategies for increasing water supplies in the WRIA, including:*

*(i) Water conservation and reuse measures; and*

*(ii) Storage enhancements, including modifications to existing reservoirs, new reservoirs, and underground storage. Any quantity of water made available under these strategies is a quantity that is in addition to the water declared available for appropriation under (d) of this subsection; and*

*(g) An identification of areas where voluntary water-related habitat improvement projects or voluntary transactions providing for the purchase of water-related habitat or water-related habitat easements would provide the greatest benefit to habitat in the WRIA, and a prioritization of the areas based on their potential for providing such benefits. The purpose of this element of the plan is to provide a means of coordinating nonregulatory, voluntary efforts for improving water-related habitat in the WRIA.*

*(3) Upon request the department shall assist the planning unit in drafting proposed implementing rules for the elements of the plan over which the department has authority. The draft rules shall accompany the plan as it is reviewed under the provisions of this chapter.*

*(4) A plan shall not be developed under this chapter to require directly or indirectly the implementation of laws, rules, or programs that are designed primarily to control water pollution or discharges of pollutants to water, to regulate effluent discharges or wastewater treatment systems or facilities, or to establish or require the achievement of water quality standards, including but not limited to chapter 90.48 RCW and rules adopted under chapter 90.48 RCW, the national pollutant discharge elimination system permit program, and the state waste discharge permit program.*

*\*Sec. 110 was vetoed. See message at end of chapter.*

***\*NEW SECTION.** Sec. 111. (1) Water resource management plans developed pursuant to the process in this chapter and subsequently adopted by the department under section 112 of this act are presumed valid. This presumption shall apply in any petition or action filed against a plan.*

*(2) Any action taken by a state agency regarding water resources within a WRIA for which a plan has been adopted under section 112 of this act and any planning conducted by a state agency regarding water resources within a WRIA for which a plan has been adopted under section 112 of this act shall be taken or conducted in a manner that is consistent with the plan. All actions and decisions of the department regarding water resources in the WRIA shall be consistent with and based upon such an adopted plan for the WRIA. Any other authority of the department exercised within the WRIA regarding water resources shall be exercised in a manner that is consistent with such an adopted plan.*

*\*Sec. 111 was vetoed. See message at end of chapter.*

***\*NEW SECTION.** Sec. 112. (1) Upon completing a proposed water resource plan for the WRIA, the WRIA planning unit shall publish notice of and conduct at least one public hearing in the WRIA on the proposed plan. The planning unit shall take care to provide notice of the hearing throughout the WRIA or multi-WRIA area. As a minimum, it shall publish a notice of the hearing in one or more newspapers of general circulation in the WRIA or multi-WRIA area. After considering the public comments presented at the hearing or hearings, the planning unit shall submit a copy of its proposed plan to the*

*department and to the tribal council of each reservation with territory within the WRIA.*

*(2)(a) The department shall provide advice as to any specific subsections or sections of the plan that the department believes to be in conflict with state statute or federal law and may provide other recommendations regarding the plan. The department shall transmit its advice and recommendations regarding the plan to the WRIA planning unit within sixty days of receiving it for review.*

*(b) The tribal council may review and provide comments and recommendations to the planning unit within sixty days of the receipt of the plan.*

*(3) The WRIA planning unit shall consider each recommendation provided under subsection (2) of this section. The planning unit may adopt such a recommendation or provide changes to respond to the advice of the department and the tribal council by a two-thirds majority vote of the members of the planning unit.*

*The WRIA planning unit shall approve a water resource plan for the WRIA by a two-thirds majority vote of the members of the planning unit. An approved plan shall be submitted to the counties with territory within the WRIA for adoption. If a WRIA planning unit receives funding for WRIA or multi-WRIA planning under section 105 of this act and does not approve a plan for submission to the counties within four years of the date the planning unit receives the first of that funding from the department for the planning, the department shall develop and adopt a water resource plan for the WRIA or multi-WRIA area.*

*(4) The legislative authority of each of the counties with territory within the WRIA shall provide public notice for and conduct at least one public hearing on the WRIA plan submitted to the county under this section. The counties shall take care to provide notice of the hearings throughout the WRIA or multi-WRIA area. As a minimum, they shall publish a notice of the hearings in one or more newspapers of general circulation in the WRIA or multi-WRIA area. After the public hearings, the legislative authorities of these counties shall convene in joint session to consider the plan. The counties may approve or reject the plan, but may not amend the plan. Approval of a plan, or of recommendations for a plan that is not approved, shall be made by a majority vote of the members of the various legislative authorities of the counties with territory in the WRIA based on the votes allocated under section 107 of this act.*

*If the plan is not approved, it shall be returned to the WRIA planning unit with recommendations for revisions. Any revised plan and implementing rules prepared by the planning unit shall be submitted to the department and to the counties as provided by this section for WRIA water resource plans generally.*

*(5) If the plan and implementing rules are approved by the members of the legislative authorities, the plan shall be transmitted to the department for adoption. The department shall adopt such an approved WRIA water resource plan through the adopting of implementing rules. The department has no*

*discretion to amend or reject the plan or implementing rules except those recommendations provided in section 110(2)(c) (iii) or (vii) of this act. A copy of the implementing rules and notice of its adoption as rules shall be published in the state register under chapter 34.05 RCW. The public hearing required by chapter 34.05 RCW shall be deemed to have been satisfied by public hearings held by county legislative authorities.*

*(6) If the department finds that an element of a WRIA plan is in conflict with state statute or federal law and the planning unit does not remove the conflict created by the element from its plan, the department and the planning unit shall submit the conflict to mediation. If mediation does not resolve the conflict within sixty days, the department shall file a petition for declaratory judgment in the superior court to determine whether the element is or is not in conflict with state statute or federal law. The petition shall be filed in the superior court in the county with the largest area in the WRIA or multi-WRIA area governed by the plan. The counties that approved the plan shall be named as parties to the proceeding. The superior court shall review the potential conflict under the error of law standard. If the superior court finds that an element of the plan is in conflict with state statute or federal law, that element of the plan shall be invalid. Decisions on such petitions are reviewable as in other civil cases. This subsection shall not be construed as establishing such state liability for any other element of the plan adopted as rules.*

*\*Sec. 112 was vetoed. See message at end of chapter.*

***\*NEW SECTION.** Sec. 113. The WRIA planning units may accept grants, funds, and other financing, as well as enter into cooperative agreements with private and public entities for planning assistance and funding.*

*\*Sec. 113 was vetoed. See message at end of chapter.*

***\*NEW SECTION.** Sec. 114. A new section is added to chapter 90.03 RCW to read as follows:*

*(1) The department shall rule in a timely manner upon complete applications to appropriate public surface and ground water. For complete applications that seek to appropriate water from within a WRIA for which a WRIA plan has been adopted, the department shall grant or deny the application within one hundred eighty days of the date the properly completed application is filed with the department, except as provided in subsection (2) of this section. For applications filed after July 1, 1999, that seek to appropriate water from within a WRIA for which no WRIA plan has been adopted, the department shall grant or deny the application within one year of the date the properly completed application is filed with the department, except as provided in subsection (2) of this section. The times allowed in this section to rule upon an application shall not include the time it takes the applicant to respond to an explicit request for additional information reasonably required to make a determination on the application. The department shall be allowed only one such request for additional information. The cost of obtaining such information shall be*

*reasonable in relation to the quantity and value of the water right applied for. Once the applicant responds to an information request, the stay of the time allowed for the permit decision shall end.*

*(2) If a detailed statement, generally referred to as an environmental impact statement, must be prepared under chapter 43.21C RCW for or in regard to an application to appropriate water, the department shall grant or deny the application within ninety days of the date the final environmental impact statement is available from the official responsible for it under chapter 43.21C RCW.*

*(3) The department shall report by January 1, 1999, to the legislature on the status of processing applications under this section.*

*\*Sec. 114 was vetoed. See message at end of chapter.*

*\*NEW SECTION. Sec. 115. A new section is added to chapter 34.05 RCW to read as follows:*

*(1) Once a plan has been adopted by the counties in the WRIA under section 112 of this act and the plan has been submitted to the department of ecology, the department shall file implementing rules for the plan with the code reviser along with an order adopting the implementing rules. The code reviser shall cause the order and the implementing rules to be published in the Washington state register in the manner provided for the adoption of final rules and shall incorporate the implementing rules into the Washington Administrative Code. No other aspect of this chapter that establishes procedures for the adoption of rules applies to the adoption of the plan by the department.*

*(2) For the purposes of this section, "WRIA" has the meaning established in section 103 of this act.*

*\*Sec. 115 was vetoed. See message at end of chapter.*

*\*Sec. 116. RCW 90.54.040 and 1997 c . . . s 2 (Senate Bill 5029) are each amended to read as follows:*

*(1) Consistent with chapter . . . , Laws of 1997 (this act) the department, through the adoption of appropriate rules, is directed, as a matter of high priority to insure that the waters of the state are utilized for the best interests of the people, to develop and implement in accordance with the policies of this chapter a comprehensive state water resources program which will provide a process for making decisions on future water resource allocation and use. The department may develop the program in segments so that immediate attention may be given to waters of a given physioeconomic region of the state or to specific critical problems of water allocation and use.*

*(2) In relation to the management and regulatory programs relating to water resources vested in it, the department is further directed to modify existing regulations and adopt new regulations, when needed and possible, to insure that existing regulatory programs are in accord with the water resource policy of this chapter and the program established in subsection (1) of this section.*

*(3) The department is directed to review all statutes relating to water resources which it is responsible for implementing. When any of the same appear to the department to be ambiguous, unclear, unworkable, unnecessary, or otherwise deficient, it shall make recommendations to the legislature including appropriate proposals for statutory modifications or additions. Whenever it appears that the policies of any such statutes are in conflict with the policies of this chapter, and the department is unable to fully perform as provided in subsection (2) of this section, the department is directed to submit statutory modifications to the legislature which, if enacted, would allow the department to carry out such statutes in harmony with this chapter.*

\*Sec. 116 was vetoed. See message at end of chapter.

## **PART II STORAGE**

**Sec. 201.** RCW 90.54.020 and 1989 c 348 s 1 are each amended to read as follows:

Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based

effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) The development of multipurpose water storage facilities shall be a high priority for programs of water allocation, planning, management, and efficiency. The department, other state agencies, local governments, and planning units formed under section 107 or 108 of this act shall evaluate the potential for the development of new storage projects and the benefits and effects of storage in reducing damage to stream banks and property, increasing the use of land, providing water for municipal, industrial, agricultural, power generation, and other beneficial uses, and improving stream flow regimes for fisheries and other instream uses.

(5) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

~~((5))~~ (6) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

~~((6))~~ (7) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency and conservation shall be emphasized in the management of the state's water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state.

~~((7))~~ (8) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

~~((8))~~ (9) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

~~((9))~~ (10) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

~~((10))~~ (11) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.

*\*Sec. 202. RCW 90.54.180 and 1989 c 348 s 5 are each amended to read as follows:*

*Consistent with the fundamentals of water resource policy set forth in this chapter, state and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out water use efficiency and conservation programs and practices consistent with the following:*

*(1) Water efficiency and conservation programs should utilize an appropriate mix of economic incentives, cost share programs, regulatory programs, and technical and public information efforts. Programs which encourage voluntary participation are preferred.*

*(2) Increased water use efficiency should receive consideration as a potential source of water in state and local water resource planning processes. In determining the cost-effectiveness of alternative water sources, consideration should be given to the benefits of conservation, including waste water recycling, and ((impoundment)) storage of waters.*

*(3) In determining the cost-effectiveness of alternative water sources, full consideration should be given to the benefits of storage which can reduce the damage to stream banks and property, increase the utilization of land, provide water for municipal, industrial, agricultural, and other beneficial uses, provide for the generation of electric power from renewable resources, and improve stream flow regimes for fishery and other instream uses.*

*(4) Entities receiving state financial assistance for construction of water source expansion or acquisition of new sources shall develop, and implement if cost-effective, a water use efficiency and conservation element of a water supply plan pursuant to RCW 43.20.230(1).*

*(5) State programs to improve water use efficiency should focus on those areas of the state in which water is overappropriated; areas that experience diminished streamflows or aquifer levels; and areas where projected water needs, including those for instream flows, exceed available supplies.*

*(6) Existing and future generations of citizens of the state of Washington should be made aware of the importance of the state's water resources and the need for wise and efficient use and development of this vital resource. In order to increase this awareness, state agencies should integrate public education on increasing water use efficiency into existing public information efforts. This effort shall be coordinated with other levels of government, including local governments and Indian tribes.*

*\*Sec. 202 was vetoed. See message at end of chapter.*

### PART III GENERAL ADJUDICATIONS

NEW SECTION. Sec. 301. A new section is added to chapter 90.03 RCW to read as follows:

The legislature finds that the lack of certainty regarding water rights within a water resource basin may impede management and planning for water resources.

The legislature further finds that planning units conducting water resource planning under chapter 90.— RCW (sections 101 through 113 of this act) may find that the certainty provided by a general adjudication of water rights under this chapter is required for water planning or water management in a water resource inventory area or in a portion of the area. Therefore, such planning units may petition the department to conduct such a general adjudication and the department shall give high priority to such a request in initiating any such general adjudications under this chapter.

#### PART IV WATER PURVEYORS

*\*Sec. 401. RCW 90.03.383 and 1991 c 350 s 1 are each amended to read as follows:*

*(1) The legislature recognizes the value of interties for improving the reliability of public water systems, enhancing their management, and more efficiently utilizing the increasingly limited resource. Given the continued growth in the most populous areas of the state, the increased complexity of public water supply management, and the trend toward regional planning and regional solutions to resource issues, interconnections of public water systems through interties provide a valuable tool to ensure reliable public water supplies for the citizens of the state. Public water systems have been encouraged in the past to utilize interties to achieve public health and resource management objectives. The legislature finds that it is in the public interest to recognize interties existing and in use as of January 1, 1991, and to have associated water rights modified by the department of ecology to reflect current use of water through those interties, pursuant to subsection (3) of this section. The legislature further finds it in the public interest to develop a coordinated process to review proposals for interties commencing use after January 1, 1991.*

*(2) For the purposes of this section, the following definitions shall apply:*

*(a) "Interties" are interconnections between public water systems permitting exchange, acquisition, or delivery of wholesale and/or retail water between those systems for other than emergency supply purposes, where such exchange, acquisition, or delivery is within established instantaneous and annual withdrawal rates specified in the systems' existing water right permits or certificates, or contained in claims filed pursuant to chapter 90.14 RCW, and which results in better management of public water supply consistent with existing rights and obligations. Interties include interconnections between public water systems permitting exchange, acquisition, or delivery of water to serve as primary or secondary sources of supply(~~(, but do not include development of new sources of supply to meet future demand)~~) and the development of new sources of supply to meet future demands if the water system or systems receiving water through such an intertie make efficient use of existing sources of water supply and the provision of water through such an intertie is consistent with local land use plans. For this purpose, a system's full*

compliance with the state department of health's conservation guidelines for such systems is deemed efficient use.

(b) "Service area" is the area designated as the wholesale and/or retail area in a water system plan or a coordinated water system plan pursuant to chapter 43.20 or 70.116 RCW respectively. When a public water system does not have a designated service area subject to the approval process of those chapters, the service area shall be the designated place of use contained in the water right permit or certificate, or contained in the claim filed pursuant to chapter 90.14 RCW.

(3)(a) Public water systems with interties existing and in use as of January 1, 1991, or that have received written approval from the department of health prior to that date, shall file written notice of those interties with the department of health and the department of ecology. The notice may be incorporated into the public water system's five-year update of its water system plan, but shall be filed no later than June 30, 1996. The notice shall identify the location of the intertie; the dates of its first use; the purpose, capacity, and current use; the intertie agreement of the parties and the service areas assigned; and other information reasonably necessary to modify the public water system's water right ((permit)). Notwithstanding the provisions of RCW 90.03.380 and 90.44.100, for public water systems with interties existing and in use or with written approval as of January 1, 1991, the department of ecology, upon receipt of notice meeting the requirements of this subsection, shall, as soon as practicable, modify the place of use descriptions in the water right permits, certificates, or claims to reflect the actual use through such interties, provided that the place of use is within service area designations established in a water system plan approved pursuant to chapter 43.20 RCW, or a coordinated water system plan approved pursuant to chapter 70.116 RCW, and further provided that the water used is within the instantaneous and annual withdrawal rates specified in the water rights ((permit)) and that no outstanding complaints of impairment to existing water rights have been filed with the department of ecology prior to September 1, 1991. Where such complaints of impairment have been received, the department of ecology shall make all reasonable efforts to resolve them in a timely manner through agreement of the parties or through available administrative remedies.

(b) An intertie meeting the requirements of this subsection (3) for modifying the place of use description in a water right permit, certificate, or claim may be used to its full design or built capacity within the most recently approved retail or wholesale or retail and wholesale service area, without further approval under this section and without regard to the capacity actually used before January 1, 1991.

(4) Notwithstanding the provisions of RCW 90.03.380 and 90.44.100, exchange, acquisition, or delivery of water through interties approved by the department of health commencing use after January 1, 1991, shall be permitted

*when the intertie improves overall system reliability, enhances the manageability of the systems, provides opportunities for conjunctive use, or delays or avoids the need to develop new water sources, and otherwise meets the requirements of this section, provided that each public water system's water use shall not exceed the instantaneous or annual withdrawal rate specified in its water right authorization, shall not adversely affect existing water rights, and shall not be inconsistent with state-approved plans such as water system plans or other plans which include specific proposals for construction of interties. Interties approved and commencing use after January 1, 1991, shall not be inconsistent with regional water resource plans developed pursuant to chapter 90.54 RCW or chapter 90. — RCW (sections 101 through 113 of this act).*

*(5) For public water systems subject to the approval process of chapter 43.20 RCW or chapter 70.116 RCW, proposals for interties commencing use after January 1, 1991, shall be incorporated into water system plans pursuant to chapter 43.20 RCW or coordinated water system plans pursuant to chapter 70.116 RCW and submitted to the department of health and the department of ecology for review and approval as provided for in subsections (5) through (9) of this section. The plan shall state how the proposed intertie will improve overall system reliability, enhance the manageability of the systems, provide opportunities for conjunctive use, or delay or avoid the need to develop new water sources.*

*(6) The department of health shall be responsible for review and approval of proposals for new interties. In its review the department of health shall determine whether the intertie satisfies the criteria of subsection (4) of this section, with the exception of water rights considerations, which are the responsibility of the department of ecology, and shall determine whether the intertie is necessary to address emergent public health or safety concerns associated with public water supply.*

*(7) If the intertie is determined by the department of health to be necessary to address emergent public health or safety concerns associated with public water supply, the public water system shall amend its water system plan as required and shall file an application with the department of ecology to change its existing water right to reflect the proposed use of the water as described in the approved water system plan. The department of ecology shall process the application for change pursuant to RCW 90.03.380 or 90.44.100 as appropriate, except that, notwithstanding the requirements of those sections regarding notice and protest periods, applicants shall be required to publish notice one time, and the comment period shall be fifteen days from the date of publication of the notice. Within sixty days of receiving the application, the department of ecology shall issue findings and advise the department of health if existing water rights are determined to be adversely affected. If no determination is provided by the department of ecology within the sixty-day period, the department of health shall proceed as if existing rights are not adversely affected by the proposed intertie.*

*The department of ecology may obtain an extension of the sixty-day period by submitting written notice to the department of health and to the applicant indicating a definite date by which its determination will be made. No additional extensions shall be granted, and in no event shall the total review period for the department of ecology exceed one hundred eighty days.*

*(8) If the department of health determines the proposed intertie appears to meet the requirements of subsection (4) of this section but is not necessary to address emergent public health or safety concerns associated with public water supply, the department of health shall instruct the applicant to submit to the department of ecology an application for change to the underlying water right or claim as necessary to reflect the new place of use. The department of ecology shall consider the applications pursuant to the provisions of RCW 90.03.380 and 90.44.100 as appropriate. The department of ecology shall not deny or limit a change of place of use for an intertie on the grounds that the holder of a permit has not yet put all of the water authorized in the permit to beneficial use. If in its review of proposed interties and associated water rights the department of ecology determines that additional information is required to act on the application, the department may request applicants to provide information necessary for its decision, consistent with agency rules and written guidelines. Parties disagreeing with the decision of the department of ecology ((Ø\*)) to approve or deny the application for change in place of use may appeal the decision to the pollution control hearings board.*

*(9) The department of health may approve plans containing intertie proposals prior to the department of ecology's decision on the water right application for change in place of use. However, notwithstanding such approval, construction work on the intertie shall not begin until the department of ecology issues the appropriate water right document to the applicant consistent with the approved plan.*

*(10) The 1997 amendments to this section in this act are null and void if any one of sections 101 through 115 of this act is vetoed by June 30, 1997.*

*\*Sec. 401 was vetoed. See message at end of chapter.*

*\*Sec. 402. RCW 90.03.330 and 1987 c 109 s 89 are each amended to read as follows:*

*(1) Upon a showing satisfactory to the department that any appropriation has been perfected in accordance with the provisions of this chapter, it shall be the duty of the department to issue to the applicant a certificate stating such facts in a form to be prescribed by him, and such certificate shall thereupon be recorded with the department. Any original water right certificate issued, as provided by this chapter, shall be recorded with the department and thereafter, at the expense of the party receiving the same, be by the department transmitted to the county auditor of the county or counties where the distributing system or any part thereof is located, and be recorded in the office of such county auditor, and thereafter be transmitted to the owner thereof.*

(2) If a public water system is providing water for municipal supply purposes under a certificated water right, the instantaneous and annual withdrawal rates specified in the certificate are deemed valid and perfected.

(3) If a federal reclamation project is providing water for reclamation purposes under a certificated water right, the instantaneous and annual withdrawal rates specified in the certificate are deemed valid and perfected.

(4) If an irrigation district is providing water for the purposes authorized by chapter 87.03 RCW under a certificated water right, the instantaneous and annual withdrawal rates specified in the certificate are deemed valid and perfected.

(5) The 1997 amendments to this section in this act are null and void if any one of sections 101 through 115 of this act is vetoed by June 30, 1997.

## PART V RELINQUISHMENT

\*Sec. 501. RCW 90.14.140 and 1987 c 125 s 1 are each amended to read as follows:

(1) For the purposes of RCW 90.14.130 through 90.14.180, "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:

(a) Drought, or other unavailability of water;

(b) Active service in the armed forces of the United States during military crisis;

(c) Nonvoluntary service in the armed forces of the United States;

(d) The operation of legal proceedings;

(e) Federal laws imposing land or water use restrictions either directly or through the voluntary enrollment of a landowner in a federal program implementing those laws, or acreage limitations, or production quotas;

(f) An elapse of time occurring while a request or application is processed for transferring or changing a water right to use by a public water supplier for municipal purposes;

(g) The implementation of practices or technologies or the installation or repair of facilities, including but not limited to water conveyance practices, technologies, or facilities, that are more efficient or more water use efficient than practices, technologies, or facilities previously used under the water right.

(2) Notwithstanding any other provisions of RCW 90.14.130 through 90.14.180, there shall be no relinquishment of any water right:

(a) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW, or

(b) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion

*facilities are maintained in good operating condition for the use of such reserve or standby water supply, or*

*(c) If such right is claimed for a determined future development to take place ((either)) at any time within fifteen years of either July 1, 1967, or the most recent beneficial use of the water right, whichever date is later, or*

*(d) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW, or*

*(e) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030 as now or hereafter amended.*

\*Sec. 501 was vetoed. See message at end of chapter.

## PART VI GENERAL PERMITS

**\*NEW SECTION.** *Sec. 601. The legislature finds that the present delay in the processing of water right applications is not beneficial to the citizens of the state nor is it in keeping with the goal of managing the resource to the highest possible standard and maximum net benefit.*

*The legislature further finds that water conservation efforts would be greatly enhanced by a permit system that encourages water right applicants to use only the amount of water actually necessary to meet their needs.*

\*Sec. 601 was vetoed. See message at end of chapter.

**\*NEW SECTION.** *Sec. 602. A new section is added to chapter 90.03 RCW to read as follows:*

*(1) The department shall develop a general permit system for appropriating water for nonconsumptive, nonbypass uses. This system must be designed and used to accurately identify and register any water right application that qualifies for the streamlined process of appropriation of water by meeting the requirements in this section and registering the use. The general permit system must be applicable state-wide, and all waters of the state shall be eligible for coverage under the system. The evaluation and report required for an application under RCW 90.03.290 are not required for applications processed under the general permit system. For the purposes of this section:*

*(a) "Nonconsumptive, nonbypass use" means a use of water in which water is diverted from a stream or drawn from an aquifer and following its use is discharged back into or near the point of diversion or withdrawal without diminishment in quality and less than five thousand gallons of net consumption per day; and*

*(b) "Without diminishment of quality" means that, before being discharged back to its source, the water being discharged meets state water quality standards adopted under chapter 90.48 RCW.*

*(2) The department shall, by January 1, 1998, establish the general permit system by adopting rules in accordance with chapter 34.05 RCW. Before the adoption of rules for a system, the department shall consult with representatives of the following interest groups: Agriculture; aquaculture; home construction*

*and development; county government; city government; surface mining; and the environmental community. At least four public hearings must be held at various locations around the state, not less than two of which shall be east of the crest of the Cascade mountains. The rules must identify criteria for proposed uses of water for which applications might be processed under the system and must establish procedures for filing and processing applications and issuing water rights certificates under the general permit system.*

*\*Sec. 602 was vetoed. See message at end of chapter.*

***\*NEW SECTION. Sec. 603.*** *A new section is added to chapter 90.03 RCW to read as follows:*

*An application for registration as a nonconsumptive, nonbypass water user under the general permit system established under section 602 of this act must be made on a form adopted and provided by the department. Within sixty days of receipt of a properly completed application, the department shall determine whether the proposed use is eligible to be processed under the general permit system. If the department determines that the proposed use is eligible to be processed under the system, the application must be processed under the system within the next sixty days. The priority date of the water right established pursuant to this section shall be the date that the properly completed application is submitted. If the department determines that the proposed use is not eligible for the processing, the department shall explain to the applicant in writing the reasons for its determination. For a proposed use determined ineligible for the processing, if the department finds that the information contained on the application form substantially satisfies the information requirements for an application for a use that would normally be filed for processing the application outside of the general permit system, the department shall notify the applicant of its finding and shall process the application as if it were filed for processing outside of the system. If the department finds that the information does not substantially satisfy the requirements, the application must be considered to be incomplete for the processing and the applicant must be notified of this consideration.*

*\*Sec. 603 was vetoed. See message at end of chapter.*

***\*NEW SECTION. Sec. 604.*** *A new section is added to chapter 90.03 RCW to read as follows:*

*Nothing in sections 602 and 603 of this act authorizes the impairment or operates to impair any existing water rights. A water right holder under sections 602 and 603 of this act shall not make withdrawals that impair a senior water right. A holder of a senior water right who believes his or her water right is impaired may file a complaint with the department of ecology. Where such complaints of impairment have been received, the department of ecology shall make all reasonable efforts to resolve them in a timely manner through agreement of the parties. Nothing in section 602 or 603 of this act may be*

*construed as waiving any requirement established under chapter 90.48 RCW or federal law that a permittee secure a discharge permit regarding water quality.*

\*Sec. 604 was vetoed. See message at end of chapter.

***\*NEW SECTION. Sec. 605. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void.***

\*Sec. 605 was vetoed. See message at end of chapter.

## PART VII APPEALS

***\*NEW SECTION. Sec. 701. The legislature recognizes that in many cases the value of real property directly depends upon the amount of water that is available for use on that property. The legislature also recognizes that water rights are a type of property right in which many different parties may assert an interest. Current statutes require many property rights actions in which different parties assert interests, such as actions for partition or eminent domain, to be filed in superior court. The legislature further finds that informal procedures such as mediation and fact finding have been employed successfully in other areas of the law, and may produce positive results in certain types of water disputes. The legislature therefore finds that property owners should have a choice to select informal or formal hearings before the pollution control hearings board, and that relinquishment proceedings should be appealed to the local superior courts.***

\*Sec. 701 was vetoed. See message at end of chapter.

***\*Sec. 702. RCW 34.05.514 and 1995 c 347 s 113 and 1995 c 292 s 9 are each reenacted and amended to read as follows:***

***(1) Except as provided in subsections (2) and (3) of this section, proceedings for review under this chapter shall be instituted by paying the fee required under RCW 36.18.020 and filing a petition in the superior court, at the petitioner's option, for (a) Thurston county, (b) the county of the petitioner's residence or principal place of business, or (c) in any county where the property owned by the petitioner and affected by the contested decision is located.***

***(2) For proceedings involving institutions of higher education, the petition shall be filed either in the county in which the principal office of the institution involved is located or in the county of a branch campus if the action involves such branch.***

***(3) For proceedings involving the relinquishment of a water right and appeals of formal and informal hearings of the pollution control hearings board involving a water quantity decision as defined in section 713 of this act, the petition shall be filed in the superior court for the county in which is located the land upon which the water was used.***

Decisions of the department, other than rule making, shall be subject to review by the pollution control hearings board or a superior court in accordance with chapter 43.21B RCW.*

*\*Sec. 712 was vetoed. See message at end of chapter.*

*\*NEW SECTION. Sec. 713. A new section is added to chapter 43.21B RCW to read as follows:*

*(1) A water right claimant, or permit or certificate holder or applicant who is aggrieved or adversely affected by a water quantity decision may appeal the decision to the pollution control hearings board pursuant to RCW 43.21B.310. A formal hearing before the board may only be granted if all parties to the appeal of the water quantity decision agree to a formal hearing.*

*(2) At the request of any party, the board shall conduct an informal hearing, consisting of mediation and, if a settlement cannot be agreed upon, fact finding with recommendations. The hearings board shall adopt rules governing the election, practice, and procedures of informal hearings consistent with this section and section 714 of this act.*

*(3) For purposes of this chapter, a "water quantity decision" includes the following:*

*(a) A decision to grant or deny a permit or certificate for a right to the beneficial use of water or to amend, change, or transfer such a right; and*

*(b) A decision to enforce the conditions of a permit for, or right to, the beneficial use of water or to require any person to discontinue the use of water.*

*\*Sec. 713 was vetoed. See message at end of chapter.*

*\*NEW SECTION. Sec. 714. A new section is added to chapter 43.21B RCW to read as follows:*

*(1) When one of the parties elects an informal hearing pursuant to section 713 of this act, a board member or an administrative law judge from the environmental hearings office shall be assigned as the mediator for the appeal.*

*(2) The parties involved in the informal hearing must provide the mediator and the other parties in advance with a clear, concise statement of the disputed issues and the parties' position in relation to the issues and supporting documentation. The mediator shall meet with the parties either jointly or separately, in the general area of the project under review or by telephone, at the discretion of the mediator, and shall take such steps as the mediator deems appropriate to resolve their differences and reach a settlement agreement. If a settlement agreement is reached, the mediator shall prepare and submit to the hearings board a written order of dismissal to which the settlement agreement is attached. The hearings board shall enter the order and dismiss the case unless the hearings board finds that the settlement agreement is contrary to law.*

*If the hearings board finds that the settlement agreement is contrary to law, it shall notify the parties and refer the dispute back to mediation.*

(3) *If the parties are unable to achieve a settlement agreement within ninety days after being appointed, the mediator shall issue a statement that a settlement agreement has not been reached. After issuance of the statement, the party filing the appeal may request the hearings board to submit the dispute to fact finding with recommendations. Notice of the request for fact finding must be sent to the other parties.*

(4) *Within five days of the receipt of the request for fact finding, the hearings board shall assign a board member or an administrative appeals judge from the environmental hearings office to serve as fact finder. The person who served as the mediator to the dispute may serve as the fact finder with the consent of both parties.*

(5) *Within five days of being appointed, the fact finder shall establish a date, time, and place for the fact-finding hearing. The date of the hearing must be within thirty days of the appointment of the fact finder. The hearing shall be conducted in the general area where the project under review is located. At least seven days before the date of the hearing, each party must submit to the fact finder and to the other parties written proposals on all of the issues it intends to submit to fact finding. The fact finder has the power to issue subpoenas requiring the attendance and production of witnesses and the production of evidence. The order of presentation at the hearing shall be as agreed by the parties or as determined by the fact finder. Each documentary exhibit shall be filed with the fact finder and copies shall be provided to the other parties. The fact finder shall declare the hearing closed after the parties have completed presenting their testimony within agreed time limits.*

(6) *The fact finder shall, within thirty days following the conclusion of the hearing, make written findings of fact and written recommendations to the parties as to how the dispute should be resolved. The fact finder may not apply any presumption as part of the findings of fact or recommendations. A copy of the findings and recommendations shall be filed with the hearings board. The findings of fact and recommendations of the fact finder are advisory only, and are not subject to review by the hearings board.*

(7) *The time limits established in this section may be extended by mutual agreement of all the parties.*

\*Sec. 714 was vetoed. See message at end of chapter.

**\*NEW SECTION.** Sec. 715. A new section is added to chapter 43.21B RCW to read as follows:

(1) *Within thirty days after the fact finder has filed the findings of fact and recommendations pursuant to section 714 of this act, a party may request a formal hearing by the hearings board or appeal the water quantity decision directly to superior court. All parties must agree to a formal hearing by the hearings board before a formal hearing is granted.*

*(2) If a party elects to file an action in superior court following an informal hearing, it must be filed in the county in which is located the land upon which the water is or would be used.*

\*Sec. 715 was vetoed. See message at end of chapter.

**\*NEW SECTION.** *Sec. 716. A new section is added to chapter 43.21B RCW to read as follows:*

*An appeal to superior court of a water quantity decision, as defined in section 713 of this act, following an informal hearing by the board shall be heard de novo. If an informal hearing on the decision or order had been completed by the pollution control hearings board, no issue may be raised in superior court that was not raised and discussed as part of the fact-finding hearing. No bond may be required on appeals to the superior court or on review by the supreme court unless specifically required by the judge of the superior court.*

\*Sec. 716 was vetoed. See message at end of chapter.

## PART VIII MISCELLANEOUS

**Sec. 801.** RCW 90.03.380 and 1996 c 320 s 19 are each amended to read as follows:

**(1)** The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That ~~((said))~~ the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. A change in the place of use, point of diversion, and/or purpose of use of a water right to enable irrigation of additional acreage or the addition of new uses may be permitted if such change results in no increase in the annual consumptive quantity of water used under the water right. For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water diverted pursuant to the water right, reduced by the estimated annual amount of return flows, averaged over the most recent five-year period of continuous beneficial use of the water right. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and ~~((said))~~ the application shall not be granted until notice of ~~((said))~~ the application ~~((shall be))~~ is published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor

in like manner and with the same effect as provided in the original certificate or permit to divert water.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

**\*Sec. 802. RCW 90.44.100 and 1987 c 109 s 113 are each amended to read as follows:**

***After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may, without losing his priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or he may change the manner or the place of use of the water(~~(=PROVIDED, HOWEVER, That such)~~). An amendment shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (1) The additional or substitute well or wells shall tap the same body of public ground water as the original well or wells; (2) use of the original well or wells shall be discontinued upon construction of the substitute well or wells; (3) the construction of an additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (4) other existing rights shall not be impaired. An amendment to a permit or certificate to change the place of use, point of withdrawal, and/or purpose of use of a ground water right to enable irrigation of additional acreage or the addition of new uses may be issued if such change results in no increase in the annual consumptive quantity of water used under a certificate or authorized for use under a permit. For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water withdrawn pursuant to a certificate or the amount authorized for use pursuant to a permit, reduced by the estimated annual amount of return flows. For permits or certificates under which actual***

*amounts of water have been withdrawn, withdrawals and return flows shall be averaged over the most recent five-year period of continuous beneficial use of the ground water right or, if the period of actual continuous beneficial use is less than five years, such lesser period. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.*

\*Sec. 802 was vetoed. See message at end of chapter.

NEW SECTION. Sec. 803. As used in this act, part headings constitute no part of the law.

NEW SECTION. Sec. 804. Sections 101 through 113 of this act constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 805. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the House April 27, 1997.

Passed the Senate April 18, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 107 through 116, 202, 401, 402, 501, 601, 602, 603, 604, 605, 701 through 716, and 802, Second Substitute House Bill No. 2054 entitled:

"AN ACT Relating to water resource management;"

Second Substitute House Bill No. 2054 addresses a number of water resource management issues, including watershed planning, storage, adjudications, water purveyors, relinquishment, general permits, water right appeals, and transfers.

I agree with legislative leaders on the need for local watershed planning. The people who live in a particular area should have a strong voice as to how water should be used in their watershed. Sections 101 through 106 set the tone for how we will resolve many of our water problems and I support those sections.

Sections 107 through 116 set out a process for local watershed planning and adoption which does not provide sufficient flexibility to accommodate a wide array of watershed planning needs. The time limits imposed on the Department of Ecology for making decisions on water right applications are unreasonable under current resources available to the Department of Ecology.

Section 202 equates water storage with water conservation and although the two may be related, this definition of water conservation could be problematic in future water rights processing and appeals.

Sections 401 and 402 are null and void because of my actions on sections 107 through 116, but these are important water resource management issues so I will address the issues in these sections. Section 401 makes changes to the intertie statute (RCW 90.03.380) to promote land development, but is not linked to growth management plans or state-approved demand forecasts. The broad language used to grandfather in existing interties would create dormant water rights and excuse these interties from a review to determine potential impacts on other existing water rights as well as instream flows. Section 402 would equate the perfection of a water right to the quantity allocated in a certificate of water right rather than the quantity beneficially used. This would violate a

fundamental principle of western water law and the state water code and create great uncertainty in trying to determine what water is available for other water rights, new applications, and the protection of instream resources.

Section 501, without a standard established by the legislature, could allow a water right holder to avoid relinquishment by taking an unlimited amount of time to implement a water conservation project.

Sections 601 through 605 would create a new surface water permit exemption for water uses that consume less than 5,000 gallons per day.

Sections 701 through 716 would override the existing, well-established and highly functional water right appeals process. These sections could establish a total of four processes to reach a factual decision on the record.

Section 802 would amend the ground water code to allow changes to water rights that are already authorized in section 801, which amends the surface water code. The legislature has already recognized that the surface water code, RCW chapter 90.03, applies to the allocation and regulation of ground water. I believe, and the Department of Ecology concurs, that the amendments to RCW 90.03.380 set forth within section 801 apply to ground water rights as well as to surface water rights. To the extent that this is duplicative of the provisions in section 801, section 802, which amends RCW 90.44.100, is unnecessary. Section 802 would also allow the irrigation of additional acreage or the addition of new uses for a quantity of water authorized under a ground water permit that has not yet been put to beneficial use. This is a concept that I am very interested in exploring, and I will be asking for further study and recommendations on this issue in the interim.

For these reasons, I have vetoed sections 107 through 116, 202, 401, 402, 501, 601, 602, 603, 604, 605, 701 through 716, and 802, Second Substitute House Bill No. 2054.

With the exception of sections 107 through 116, 202, 401, 402, 501, 601, 602, 603, 604, 605, 701 through 716, and 802, Second Substitute House Bill No. 2054 is approved."

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that there is a need for development of additional water resources to meet the forecasted population growth in the state. It is the intent of chapter . . . , Laws of 1997 (this act) to direct the responsible agencies to assist applicants seeking a safe and reliable water source for their use. Providing this assistance for public water supply systems can be accomplished through assistance in the creation of municipal interties and transfers, additional storage capabilities, enhanced conservation efforts, and added efficiency standards for using existing supplies.

Sec. 2. RCW 43.21A.064 and 1995 c 8 s 3 are each amended to read as follows:

Subject to RCW 43.21A.068, the director of the department of ecology shall have the following powers and duties:

(1) The supervision of public waters within the state and their appropriation, diversion, and use, and of the various officers connected therewith;

(2) Insofar as may be necessary to assure safety to life or property, ((he)) the director shall inspect the construction of all dams, canals, ditches, irrigation systems, hydraulic power plants, and all other works, systems, and plants pertaining to the use of water, and ((he)) may require such necessary changes in the construction or maintenance of said works, to be made from time to time, as will reasonably secure safety to life and property;

(3) ((He)) The director shall regulate and control the diversion of water in accordance with the rights thereto;

(4) ((He)) The director shall determine the discharge of streams and springs and other sources of water supply, and the capacities of lakes and of reservoirs whose waters are being or may be utilized for beneficial purposes;

(5) ((He)) The director shall, if requested, provide assistance to an applicant for a water right in obtaining or developing an adequate and appropriate supply of water consistent with the land use permitted for the area in which the water is to be used and the population forecast for the area under RCW 43.62.035. If the applicant is a public water supply system, the supply being sought must be used in a manner consistent with applicable land use, watershed and water system plans, and the population forecast for that area provided under RCW 43.62.035;

(6) The director shall keep such records as may be necessary for the recording of the financial transactions and statistical data thereof, and shall procure all necessary documents, forms, and blanks. ((He)) The director shall keep a seal of the office, and all certificates ((by him)) covering any of ((his)) the director's acts or the acts of ((his)) the director's office, or the records and files of ((his)) that office, under such seal, shall be taken as evidence thereof in all courts;

(((6)He)) (7) The director shall render when required by the governor, a full written report of the ((work of his office)) office's work with such recommendations for legislation as ((he may)) the director deems advisable for the better control and development of the water resources of the state;

(((7))) (8) The director and duly authorized deputies may administer oaths;

(((8)He)) (9) The director shall establish and promulgate rules governing the administration of chapter 90.03 RCW;

(((9)He)) (10) The director shall perform such other duties as may be prescribed by law.

**NEW SECTION. Sec. 3.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void.

Passed the Senate April 22, 1997.

Passed the House April 14, 1997.

Approved by the Governor May 20, 1997.

Filed in Office of Secretary of State May 20, 1997.

**CHAPTER 444****[Engrossed Substitute Senate Bill 5725]  
RECLAIMED WATER—REGULATIONS**

AN ACT Relating to reclaimed water; amending RCW 90.46.010, 90.46.080, and 90.46.090; adding new sections to chapter 90.46 RCW; adding a new section to chapter 90.03 RCW; adding a new section to chapter 90.44 RCW; adding a new section to chapter 90.48 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** A new section is added to chapter 90.46 RCW to read as follows:

The owner of a wastewater treatment facility that is reclaiming water with a permit issued under this chapter has the exclusive right to any reclaimed water generated by the wastewater treatment facility. Use and distribution of the reclaimed water by the owner of the wastewater treatment facility is exempt from the permit requirements of RCW 90.03.250 and 90.44.060. Revenues derived from the reclaimed water facility shall be used only to offset the cost of operation of the wastewater utility fund or other applicable source of system-wide funding.

If the proposed use or uses of reclaimed water are intended to augment or replace potable water supplies or create the potential for the development of additional potable water supplies, such use or uses shall be considered in the development of the regional water supply plan or plans addressing potable water supply service by multiple water purveyors. The owner of a wastewater treatment facility that proposes to reclaim water shall be included as a participant in the development of such regional water supply plan or plans.

**NEW SECTION. Sec. 2.** A new section is added to chapter 90.03 RCW to read as follows:

The permit requirements of RCW 90.03.250 do not apply to the use of reclaimed water by the owner of a wastewater treatment facility under the provisions of section 1 of this act.

**NEW SECTION. Sec. 3.** A new section is added to chapter 90.44 RCW to read as follows:

The permit requirements of RCW 90.44.060 do not apply to the use of reclaimed water by the owner of a wastewater treatment facility under the provisions of section 1 of this act.

**NEW SECTION. Sec. 4.** A new section is added to chapter 90.46 RCW to read as follows:

Facilities that reclaim water under this chapter shall not impair any existing water right downstream from any freshwater discharge points of such facilities unless compensation or mitigation for such impairment is agreed to by the holder of the affected water right.

**Sec. 5.** RCW 90.46.010 and 1995 c 342 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Greywater" means wastewater having the consistency and strength of residential domestic type wastewater. Greywater includes wastewater from sinks, showers, and laundry fixtures, but does not include toilet or urinal waters.

(2) "Land application" means application of treated effluent for purposes of irrigation or landscape enhancement for residential, business, and governmental purposes.

(3) "Person" means any state, individual, public or private corporation, political subdivision, governmental subdivision, governmental agency, municipality, copartnership, association, firm, trust estate, or any other legal entity whatever.

(4) "Reclaimed water" means effluent derived in any part from sewage from a wastewater treatment system that has been adequately and reliably treated, so that as a result of that treatment, it is suitable for a ~~((direct))~~ beneficial use or a controlled use that would not otherwise occur and is no longer considered wastewater.

(5) "Sewage" means water-carried human wastes ~~((including kitchen, bath, and laundry waste))~~ from residences, buildings, industrial and commercial establishments, or other places, together with such ground water infiltration, surface waters, or industrial wastewater as may be present.

(6) "User" means any person who uses reclaimed water.

(7) "Wastewater" means water and wastes discharged from homes, businesses, and industry to the sewer system.

(8) ~~((Direct))~~ "Beneficial use" means the use of reclaimed water, that has been transported from the point of production to the point of use without an intervening discharge to the waters of the state, for a beneficial purpose.

(9) "Direct recharge" means the controlled subsurface addition of water directly to the ground water basin that results in the replenishment of ground water.

(10) "Ground water recharge criteria" means the contaminant criteria found in the drinking water quality standards adopted by the state board of health pursuant to chapter 43.20 RCW and the department of health pursuant to chapter 70.119A RCW.

(11) "Planned ground water recharge project" means any reclaimed water project designed for the purpose of recharging ground water, via direct recharge or surface ~~((spreading))~~ percolation.

(12) "Reclamation criteria" means the criteria set forth in the water reclamation and reuse interim standards and subsequent revisions adopted by the department of ecology and the department of health.

(13) "Streamflow augmentation" means the discharge of reclaimed water to rivers and streams of the state or other surface water bodies, but not wetlands.

(14) "Surface ~~((spreading))~~ percolation" means the controlled application of water to the ground surface for the purpose of replenishing ground water.

(15) "Wetland or wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted to life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands regulated under this chapter shall be delineated in accordance with the manual adopted by the department of ecology pursuant to RCW 90.58.380.

(16) (~~"Created wetlands" means a wetland intentionally created from a nonwetland site to produce or replace natural habitat.~~) "Constructed beneficial use wetlands" means those wetlands intentionally constructed on nonwetland sites to produce or replace natural wetland functions and values. Constructed beneficial use wetlands are considered "waters of the state."

(17) "Constructed treatment wetlands" means those wetlands intentionally constructed on nonwetland sites and managed for the primary purpose of wastewater or storm water treatment. Constructed treatment wetlands are considered part of the collection and treatment system and are not considered "waters of the state."

Sec. 6. RCW 90.46.080 and 1995 c 342 s 3 are each amended to read as follows:

(1) Reclaimed water may be beneficially used for surface (~~spreading~~) percolation provided the reclaimed water meets the ground water recharge criteria as measured in ground water beneath or down gradient of the recharge project site, and has been incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) If the state ground water recharge criteria as defined by RCW 90.46.010 do not contain a standard for a constituent or contaminant, the department of ecology shall establish a discharge limit consistent with the goals of this chapter.

(3) Reclaimed water that does not meet the ground water recharge criteria may be beneficially used for surface percolation where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standard.

Sec. 7. RCW 90.46.090 and 1995 c 342 s 4 are each amended to read as follows:

(1) Reclaimed water may be beneficially used for discharge into (~~created~~) constructed beneficial use wetlands and constructed treatment wetlands provided the reclaimed water meets the class A or B reclaimed water standards as defined in the reclamation criteria, and the discharge is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Reclaimed water that does not meet the class A or B reclaimed water standards may be beneficially used for discharge into (~~created~~) constructed treatment wetlands where the department of ecology, in consultation with the

~~department of health, has specifically authorized such use at such lower standards ((in conjunction with a pilot project designated pursuant to this chapter, the purpose of which is to test and implement the use of created wetlands for advanced treatment)).~~

(3) The department of ecology and the department of health must develop appropriate standards for discharging reclaimed water into constructed beneficial use wetlands and constructed treatment wetlands. These standards must be considered as part of the approval process under subsections (1) and (2) of this section.

NEW SECTION. Sec. 8. A new section is added to chapter 90.46 RCW to read as follows:

(1) The department of health shall develop standards, procedures, and guidelines for the reuse of greywater, consistent with RCW 43.20.230(2), by January 1, 1998.

(2) Standards, procedures, and guidelines developed by the department of health for reuse of greywater shall encourage the application of this technology for conserving water resources, or reducing the wastewater load, on domestic wastewater facilities, individual on-site sewage treatment and disposal systems, or community on-site sewage treatment and disposal systems.

(3) The department of health and local health officers may permit the reuse of greywater according to rules adopted by the department of health.

NEW SECTION. Sec. 9. A new section is added to chapter 90.48 RCW to read as follows:

The evaluation of any plans submitted under RCW 90.48.110 must include consideration of opportunities for the use of reclaimed water as defined in RCW 90.46.010.

NEW SECTION. Sec. 10. The department of ecology and the department of health shall report on the progress of the implementation of chapter 342, Laws of 1995, as amended by chapter . . . , Laws of 1997 (this act) to the members of the agriculture and ecology committee of the house of representatives and the members of the agriculture and environment committee of the senate by December 15, 1997.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the Senate April 23, 1997.

Passed the House April 11, 1997.

Approved by the Governor May 20, 1997.

Filed in Office of Secretary of State May 20, 1997.

## CHAPTER 445

[Substitute Senate Bill 5783]

## PUBLIC WATER SYSTEMS—MUNICIPAL WATER SUPPLIES

AN ACT Relating to public water systems; amending RCW 90.03.320 and 90.03.330; adding a new section to chapter 90.03 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**\*NEW SECTION.** *Sec. 1. The legislature finds that it is in the public interest for water rights held by public water systems to be managed and regulated in a manner that:*

*(1) Allows such systems to prolong and maximize the use of water rights applied to municipal purposes consistent with the population demand projections established in state-approved water system plans and adopted growth management plans; and*

*(2) Promotes water conservation, with enhanced efforts occurring in water critical areas, promotes water system efficiencies, and eliminates disincentives for investments in water efficient technologies.*

*The department of ecology is therefore directed to administer water rights laws consistent with RCW 90.03.320 and 90.03.330 and section 2 of this act.*

\*Sec. 1 was vetoed. See message at end of chapter.

**\*NEW SECTION.** *Sec. 2. A new section is added to chapter 90.03 RCW to read as follows:*

*(1) For the purposes of this chapter and RCW 90.14.140, "municipal water supply purposes" means water distributed by a group A public water system as defined by RCW 70.119.020, and includes domestic, commercial, and industrial water uses provided as an integral element of the public water system and includes industrial water uses provided on the effective date of this act under RCW 54.16.030 which are included in a comprehensive water system plan. Except as stated above, this definition does not include commercial, industrial, irrigation, or other water systems that are not designated as a public water system for potable water use recognized by a state-approved public water system plan or withdrawals of public ground waters exempt from permit requirements under RCW 90.44.050.*

*(2) For the purposes of RCW 90.14.140, the amount of water held for municipal water supply purposes is limited to the water that is deemed to be an efficient use and that meets the needs of the public water system's service area as determined by plans in RCW 90.03.320. Water uses that are deemed as efficient uses of water are those that are in full compliance with the department of health's conservation guidelines for such systems. This section applies only to those public water systems that are required to develop water conservation plans pursuant to the department of health's conservation guidelines.*

\*Sec. 2 was vetoed. See message at end of chapter.

**Sec. 3.** RCW 90.03.320 and 1987 c 109 s 67 are each amended to read as follows:

Actual construction work shall be commenced on any project for which permit has been granted within such reasonable time as shall be prescribed by the department, and shall thereafter be prosecuted with diligence and completed within the time prescribed by the department. The department, in fixing the time for the commencement of the work, or for the completion thereof and the application of the water to the beneficial use prescribed in the permit, shall take into consideration the cost and magnitude of the project and the engineering and physical features to be encountered, and shall allow such time as shall be reasonable and just under the conditions then existing, having due regard for the public welfare and public interests affected: and, for good cause shown, it shall extend the time or times fixed as aforesaid, and shall grant such further period or periods as may be reasonably necessary, having due regard to the good faith of the applicant and the public interests affected. In fixing construction schedules and the time, or extension of time, for application of water to beneficial use for municipal water supply purposes, the department shall also take into consideration the term and amount of financing required to complete the project, delays that may result from planned and existing conservation and water use efficiency measures implemented by the public water system, and the supply needs of the public water system's service area, consistent with an approved comprehensive plan under chapter 36.70A RCW, or in the absence of such a plan, a county-approved comprehensive plan under chapter 36.70 RCW or a plan approved under chapter 35.63 RCW, and related water demand projections prepared by public water systems in accordance with state law. An existing comprehensive plan under chapter 36.70A or 36.70 RCW, plan under chapter 35.63 RCW, or demand projection may be used. If the terms of the permit or extension thereof, are not complied with the department shall give notice by registered mail that such permit will be canceled unless the holders thereof shall show cause within sixty days why the same should not be so canceled. If cause ((be)) is not shown, ((said)) the permit shall be canceled.

*\*Sec. 4. RCW 90.03.330 and 1987 c 109 s 89 are each amended to read as follows:*

*(1) Upon a showing satisfactory to the department that any appropriation has been perfected in accordance with the provisions of this chapter, it shall be the duty of the department to issue to the applicant a certificate stating such facts in a form to be prescribed by ((him)) the director, and such certificate shall thereupon be recorded with the department.*

*(2) For those public water supplies that fulfill municipal water supply purposes and are designed to accommodate future growth as defined by a state-approved water system plan, the amount of instantaneous diversion or withdrawal considered to be applied to beneficial use at the time of perfection of the certificate shall be based upon the design capacity of the diversion structures and mainlines or withdrawal facilities and mainlines installed at such time. Further, the amount of annual appropriation considered to be applied to beneficial use at the time of perfection shall be based on the growth projection*

**contained in the most current state-approved water system plan. However, the department may not issue a certificate for quantities of water in excess of those contained in a permit if a permit has been issued. This subsection shall apply to the administration of water rights existing on the effective date of this section and prospectively issued water rights, but shall not apply to water rights subject to the terms of final adjudication decrees entered in accordance with this chapter. Withdrawal of ground water shall be in compliance with RCW 90.44.100.**

***(3) Any original water right certificate issued, as provided by this chapter, shall be recorded with the department and thereafter, at the expense of the party receiving the same, be by the department transmitted to the county auditor of the county or counties where the distributing system or any part thereof is located, and be recorded in the office of such county auditor, and thereafter be transmitted to the owner thereof.***

**\*Sec. 4 was vetoed. See message at end of chapter.**

Passed the Senate April 23, 1997.

Passed the House April 11, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1, 2, and 4, Substitute Senate Bill No. 5783 entitled:

"AN ACT Relating to public water systems;"

I have vetoed most of Substitute Senate Bill No. 5783, which affects water rights for public water systems. I do, however, recognize the need for and importance of providing adequate water supplies to support responsible growth. It is unfortunate that a compromise was not reached between the bill proponents and state agencies that addressed such an important issue in a balanced manner that also protected instream resources. I encourage the water purveyors and local government to return to the negotiating table and work with state agencies to resolve these issues in a balanced fashion.

Sections 2 and 4 would work together to provide an unfair advantage to public water systems by creating great uncertainty in trying to determine what water is available for other water rights, new applications, and the protection of instream resources. This would make it increasingly difficult to effectively and efficiently manage the public waters of the state. Section 1 directs the Department of Ecology to administer water rights laws consistent with sections 2, 3, and 4.

For these reasons, I have vetoed sections 1, 2, and 4 of Substitute Senate Bill No. 5783.

I have approved section 3, which amends the existing statute that fixes and grants extensions to the construction schedules for application of water to a beneficial use. These changes provide certainty for the water purveyors as to which conditions the Department of Ecology is required to consider. The term and amount of financing are major issues for water utilities and this language provides them assurance in their efforts to construct major capital facilities. Consideration for conservation and efficiency underscores and supports stretching existing water supplies. Finally, section 3 makes a positive step toward coordinating public water system supply with Growth Management Act provisions and population projections.

With the exception of sections 1, 2, and 4, Substitute Senate Bill No. 5783 is approved."

[Substitute Senate Bill 5785]

**CONSOLIDATION OF GROUND WATER RIGHTS FOR EXEMPT WELLS**

AN ACT Relating to consolidating ground water rights of exempt wells; and adding a new section to chapter 90.44 RCW.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. A new section is added to chapter 90.44 RCW to read as follows:

Upon the issuance by the department of an amendment to the appropriate permit or certificate of ground water right, the holder of a valid right to withdraw public ground waters may consolidate that right with a ground water right exempt from the permit requirement under RCW 90.44.050, without affecting the priority of either of the water rights being consolidated. Such a consolidation amendment shall be issued only after publication of a notice of the application, a comment period, and a determination made by the department, in lieu of meeting the conditions required for an amendment under RCW 90.44.100, that: (1) The exempt well taps the same body of public ground water as the well to which the water right of the exempt well is to be consolidated; (2) use of the exempt well shall be discontinued upon approval of the consolidation amendment to the permit or certificate; (3) legally enforceable agreements have been entered to prohibit the construction of another exempt well to serve the area previously served by the exempt well to be discontinued, and such agreements are binding upon subsequent owners of the land through appropriate binding limitations on the title to the land; (4) the exempt well or wells the use of which is to be discontinued will be properly decommissioned in accordance with chapter 18.104 RCW and the rules of the department; and (5) other existing rights, including ground and surface water rights and minimum stream flows adopted by rule, shall not be impaired. The notice shall be published by the applicant in a newspaper of general circulation in the county or counties in which the wells for the rights to be consolidated are located once a week for two consecutive weeks. The applicant shall provide evidence of the publication of the notice to the department. The comment period shall be for thirty days beginning on the date the second notice is published.

The amount of the water to be added to the holder's permit or certificate upon discontinuance of the exempt well shall be the average withdrawal from the well, in gallons per day, for the most recent five-year period preceding the date of the application, except that the amount shall not be less than eight hundred gallons per day for each residential connection or such alternative minimum amount as may be established by the department in consultation with the department of health, and shall not exceed five thousand gallons per day. The department shall presume that an amount identified by the applicant as being the average withdrawal from the well during the most recent five-year period is accurate if the applicant establishes that the amount identified for the use or uses of water from the exempt well is

consistent with the average amount of water used for similar use or uses in the general area in which the exempt well is located. The department shall develop, in consultation with the department of health, a schedule of average household and small-area landscaping water usages in various regions of the state to aid the department and applicants in identifying average amounts used for these purposes. The presumption does not apply if the department finds credible evidence of nonuse of the well during the required period or credible evidence that the use of water from the exempt well or the intensity of the use of the land supported by water from the exempt well is substantially different than such uses in the general area in which the exempt well is located. The department shall also accord a presumption in favor of approval of such consolidation if the requirements of this subsection are met and the discontinuance of the exempt well is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small ground water withdrawal wells. The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is later. The applicant and the department may by prior mutual agreement extend the time for making a decision.

Passed the Senate April 22, 1997.

## CHAPTER 447

[Substitute Senate Bill 5838]

### ON-SITE SEWAGE DISPOSAL SYSTEMS—ALTERNATIVE FORMATION OF WATER-SEWER DISTRICTS

AN ACT Relating to sewage disposal; amending RCW 35.67.010, 35.67.020, 35.92.020, 36.94.010, 36.94.020, 36.94.140, 57.08.005, 57.08.065, 57.16.010, 57.08.081, and 90.72.040; adding a new section to chapter 70.05 RCW; adding new sections to chapter 70.118 RCW; adding a new section to chapter 57.04 RCW; adding a new section to chapter 35.58 RCW; adding a new section to chapter 35.21 RCW; adding a new section to chapter 53.08; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION. Sec. 1.** The legislature finds that improperly designed, installed, or maintained on-site sewage disposal systems are a major contributor to water pollution in this state. The legislature also recognizes that evolving technology has produced many viable alternatives to traditional on-site septic systems. It is the purpose of this act to help facilitate the siting of new alternative

on-site septic systems and to assist local governments in promoting efficient operation of on-site septic these systems.

**NEW SECTION.** Sec. 2. A new section is added to chapter 70.05 RCW to read as follows:

(1) The local health officer must respond to the applicant for an on-site sewage system permit within thirty days after receiving a fully completed application. The local health officer must respond that the application is either approved, denied, or pending.

(2) If the local health officer denies an application to install an on-site sewage system, the denial must be for cause and based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. The local health officer must provide the applicant with a written justification for the denial, along with an explanation of the procedure for appeal.

(3) If the local health officer identifies the application as pending and subject to review beyond thirty days, the local health officer must provide the applicant with a written justification that the site-specific conditions or circumstances necessitate a longer time period for a decision on the application. The local health officer must include any specific information necessary to make a decision and the estimated time required for a decision to be made.

(4) A local health officer may not limit the number of alternative sewage systems within his or her jurisdiction without cause. Any such limitation must be based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. If such a limitation is established, the local health officer must justify the limitation in writing, with specific reasons, and must provide an explanation of the procedure for appealing the limitation.

**NEW SECTION.** Sec. 3. A new section is added to chapter 70.118 RCW to read as follows:

The department of health must include one person who is familiar with the operation and maintenance of certified proprietary devices on the technical review committee responsible for evaluating and making recommendations to the department of health regarding the general use of alternative on-site sewage systems in the state.

**NEW SECTION.** Sec. 4. A new section is added to chapter 57.04 RCW to read as follows:

(1) As an alternative means to forming a water-sewer district, a county legislative authority may authorize the formation of a water-sewer district to serve a new development that at the time of formation does not have any residents, at written request of sixty percent of the owners of the area to be included in the proposed district. The county legislative authority shall review the proposed district according to the procedures and criteria in RCW 57.02.040.

(2) The county legislative authority shall appoint the initial water-sewer commissioners of the district. The commissioners shall serve until seventy-five percent of the development is sold and occupied, or until some other time as specified by the county legislative authority when the district is approved. Commissioners serving under this section are not entitled to any form of compensation from the district.

(3) New commissioners shall be elected according to the procedures in chapter 57.12 RCW at the next election held under RCW 29.13.010 that follows more than ninety days after the date seventy-five percent of the development is sold and occupied, or after the time specified by the county legislative authority when the district is approved.

(4) A water-sewer district created under this section may be transferred to a city or county, or dissolved if the district is inactive, by order of the county legislative authority at the written request of sixty percent of the owners of the area included in the district.

**NEW SECTION.** Sec. 5. A new section is added to chapter 70.118 RCW to read as follows:

In order to assure that technical guidelines and standards keep pace with advancing technologies, the department of health in collaboration with the technical review committee, local health departments, and other interested parties, must review and update as appropriate, the state guidelines and standards for alternative on-site sewage disposal every three years. The first review and update must be completed by January 1, 1999.

**NEW SECTION.** Sec. 6. Nothing in sections 2 through 4 of this act may be deemed to eliminate any requirements for approval from public health agencies under applicable law in connection with the siting, design, construction, and repair of on-site septic systems.

Sec. 7. RCW 35.67.010 and 1965 c 110 s 1 are each amended to read as follows:

A "system of sewerage" means and may include((s)) any or all of the following:

(1) Sanitary sewage (~~disposal sewers~~) collection, treatment, and/or disposal facilities and services, on-site or off-site sanitary sewerage facilities, inspection services and maintenance services for public or private on-site systems, or any other means of sewage treatment and disposal approved by the city;

(2) Combined sanitary sewage disposal and storm or surface water sewers;

(3) Storm or surface water sewers;

(4) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, ~~((or))~~ and rights and interests in property relating to the system;

(5) Combined water and sewerage systems;

(6) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a city or town;

(7) Public restroom and sanitary facilities; and

(8) Any combination of or part of any or all of such facilities.

The words "public utility" when used in this chapter (~~shall have~~) has the same meaning as the words "system of sewerage."

Sec. 8. RCW 35.67.020 and 1995 c 124 s 3 are each amended to read as follows:

Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for their use. The rates charged must be uniform for the same class of customers or service and facilities furnished.

In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service and facilities furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) the achievement of water conservation goals and the discouragement of wasteful water use practices; (7) capital contributions made to the system, including but not limited to, assessments; (8) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (9) any other matters which present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 9. RCW 35.92.020 and 1995 c 124 s 5 are each amended to read as follows:

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030, and shall have full authority to manage, regulate, operate, control, and to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town. The rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to customers; (2) the location of customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the parts of the system; (4) the different character of the service and facilities furnished to customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other factors that present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 10. RCW 36.94.010 and 1981 c 313 s 14 are each amended to read as follows:

As used in this chapter:

(1) A "system of sewerage" means and may include(\*) any or all of the following:

(a) Sanitary sewage collection, treatment, and/or disposal (~~(sewers and)~~) facilities and services, including without limitation on-site or off-site sanitary sewerage facilities (~~(consisting of an approved septic tank or septic tank systems)~~), inspection services and maintenance services for private or public on-site systems, or any other means of sewage treatment and disposal approved by the county;

(b) Combined sanitary sewage disposal and storm or surface water drains and facilities;

(c) Storm or surface water drains, channels, and facilities;

(d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;

(e) Combined water and sewerage systems;

(f) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a county;

(g) Public restroom and sanitary facilities;

(h) The facilities and services authorized in RCW 36.94.020; and

(i) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:

(a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;

(b) A combined water and sewerage system;

(c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6) and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, a description of on-site

sanitary sewerage system inspection services and maintenance services, and other facilities and services as may be required to provide a functional and implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities and services. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any diking, drainage, and sewerage improvement district, and any irrigation district.

(5) A "private utility" means and includes all utilities, both public and private, which provide sewerage and/or water service and which are not municipal corporations within the definition of this chapter. The ownership of a private utility may be in a corporation, nonprofit or for profit, in a cooperative association, in a mutual organization, or in individuals.

(6) "Board" means one or more boards of county commissioners and/or the legislative authority of a home rule charter county.

**Sec. 11.** RCW 36.94.020 and 1981 c 313 s 1 are each amended to read as follows:

The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county(~~:(= PROVIDED, That))~~, However, counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other

lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in

accordance with any applicable provisions of the statute under which that area or district was created.

**Sec. 12.** RCW 36.94.140 and 1995 c 124 s 2 are each amended to read as follows:

Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it and to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such ((~~county~~)) service ((~~is~~)) and facilities are available, and to levy charges for connection to the system. The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility.

In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

(1) The difference in cost of service to the various customers within or without the area;

(2) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

(3) The different character of the service and facilities furnished various customers;

(4) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

(5) Capital contributions made to the system or systems, including, but not limited to, assessments;

(6) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

(7) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(8) Any other matters which present a reasonable difference as a ground for distinction.

A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

**NEW SECTION. Sec. 13.** A new section is added to chapter 35.58 RCW to read as follows:

A metropolitan municipal corporation authorized to perform water pollution abatement may exercise all the powers relating to systems of sewerage authorized by RCW 36.94.010, 36.94.020, and 36.94.140 for counties.

**NEW SECTION. Sec. 14.** A new section is added to chapter 35.21 RCW to read as follows:

The legislative authority of any city or town may exercise all the powers relating to systems of sewerage authorized by RCW 35.67.010 and 35.67.020.

**NEW SECTION. Sec. 15.** A new section is added to chapter 53.08 RCW to read as follows:

A port district may exercise all the powers relating to systems of sewerage authorized by RCW 35.67.010 and 35.67.020 for cities and towns.

**Sec. 16.** RCW 57.08.005 and 1996 c 230 s 301 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be

necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater and for the protection, preservation, and rehabilitation of surface and underground waters, facilities for the drainage and treatment of storm or surface waters, public highways, streets, and roads with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal, treatment, or drainage and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal, treatment, or drainage. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and

also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal, treatment, or drainage and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(7) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(8) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(9) To fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a

period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(10) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(11) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(12) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(13) To sue and be sued;

(14) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(15) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(16) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(17) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(18) To establish street lighting systems under RCW 57.08.060;

(19) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(20) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.

**Sec. 17.** RCW 57.08.065 and 1996 c 230 s 313 are each amended to read as follows:

(1) A district shall have power to establish, maintain, and operate a mutual water, ((sewer)) sewerage, drainage, and street lighting system, a mutual system of any two or three of the systems, or separate systems.

(2) Where any two or more districts include the same territory as of July 1, 1997, none of the overlapping districts may provide any service that was made available by any of the other districts prior to July 1, 1997, within the overlapping territory without the consent by resolution of the board of commissioners of the other district or districts.

(3) A district that was a water district prior to July 1, 1997, that did not operate a ((sewer)) system of sewerage prior to July 1, 1997, may not proceed to exercise the powers to establish, maintain, construct, and operate any ((sewer)) system of sewerage without first obtaining written approval and certification of necessity from the department of ecology and department of health. Any comprehensive plan for a system of sewers or addition thereto or betterment thereof proposed by a district that was a water district prior to July 1, 1997, shall be approved by the same county and state officials as were required to approve such plans adopted by a sewer district immediately prior to July 1, 1997, and as subsequently may be required.

**Sec. 18.** RCW 57.16.010 and 1996 c 230 s 501 are each amended to read as follows:

Before ordering any improvements or submitting to vote any proposition for incurring any indebtedness, the district commissioners shall adopt a general comprehensive plan for the type or types of facilities the district proposes to provide. A district may prepare a separate general comprehensive plan for each of these services and other services that districts are permitted to provide, or the district may combine any or all of its comprehensive plans into a single general comprehensive plan.

(1) For a general comprehensive plan of a water supply system, the commissioners shall investigate the several portions and sections of the district for the purpose of determining the present and reasonably foreseeable future needs thereof; shall examine and investigate, determine, and select a water supply or water supplies for such district suitable and adequate for present and reasonably

foreseeable future needs thereof; and shall consider and determine a general system or plan for acquiring such water supply or water supplies, and the lands, waters, and water rights and easements necessary therefor, and for retaining and storing any such waters, and erecting dams, reservoirs, aqueducts, and pipe lines to convey the same throughout such district. There may be included as part of the system the installation of fire hydrants at suitable places throughout the district. The commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and a long-term plan for financing the planned projects and the method of distributing the cost and expense thereof, including the creation of local improvement districts or utility local improvement districts, and shall determine whether the whole or part of the cost and expenses shall be paid from revenue or general obligation bonds.

(2) For a general comprehensive plan for a sewer system, the commissioners shall investigate all portions and sections of the district and select a general comprehensive plan for a sewer system for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods and services, if any, for the prevention, control, and reduction of water pollution and for the treatment and disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations or other sewage collection facilities, septic tanks, septic tank systems or drainfields, and systems for the transmission and treatment of wastewater. The general comprehensive plan shall provide a long-term plan for financing the planned projects and the method of distributing the cost and expense of the sewer system and services, including the creation of local improvement districts or utility local improvement districts; and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(3) For a general comprehensive plan for a drainage system, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for a drainage system for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system to collect, treat, and dispose of storm water or surface waters, including use of natural systems and the construction or provision of culverts, storm water pipes, ponds, and other systems. The general comprehensive plan shall provide for a long-term plan for financing the planned projects and provide for a method of distributing the cost and expense of the drainage system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(4) For a general comprehensive plan for street lighting, the commissioners shall investigate all portions and sections of the district and adopt a general comprehensive plan for street lighting for the district suitable and adequate for present and future needs thereof. The general comprehensive plan shall provide for a system or systems of street lighting, provide for a long-term plan for financing the planned projects, and provide for a method of distributing the cost and expense of the street lighting system, including local improvement districts or utility local improvement districts, and provide whether the whole or some part of the cost and expenses shall be paid from revenue or general obligation bonds.

(5) The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out their duties.

(6) Any general comprehensive plan or plans shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health, except that a comprehensive plan relating to street lighting shall not be submitted to or approved by the director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health and by the designated engineer within sixty days of their respective receipt of the plan. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of the county legislative authorities pursuant to the criteria in RCW 57.02.040 for approving the formation, reorganization, annexation, consolidation, or merger of districts. The resolution, ordinance, or motion of the legislative body that rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The general comprehensive plan shall not provide for the extension or location of facilities that are inconsistent with the requirements of RCW 36.70A.110. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 57.02.040. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the

commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authorities of the cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town legislative authority if the city or town legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town legislative authority may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the commissioners and the city or town legislative authority may mutually agree to an extension of the deadlines in this section.

Before becoming effective, the general comprehensive plan shall be approved by any state agency whose approval may be required by applicable law. Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan. However, only if the amendment, alteration, or addition affects a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town governing body.

**Sec. 19.** RCW 57.08.081 and 1996 c 230 s 314 are each amended to read as follows:

The commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer service(;) and facility such as but not limited to storm or surface water and sanitary.

In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost (~~of service~~) to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of

maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system.

The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of sixty days.

**See. 20.** RCW 90.72.040 and 1992 c 100 s 3 are each amended to read as follows:

(1) The county legislative authority may create a shellfish protection district on its own motion or by submitting the question to the voters of the proposed district and obtaining the approval of a majority of those voting. The boundaries of the district shall be determined by the legislative authority. The legislative authority may create more than one district. A district may include any area or areas within the county, whether incorporated or unincorporated. Counties shall coordinate and cooperate with cities, towns, and water-related special districts within their boundaries in establishing shellfish protection districts and carrying out shellfish protection programs. Where a portion of the proposed district lies within an incorporated area, the county shall develop procedures for the participation of the city or town in the determination of the boundaries of the district and the administration of the district, including funding of the district's programs. The

legislative authority of more than one county may by agreement provide for the creation of a district including areas within each of those counties. County legislative authorities are encouraged to coordinate their plans and programs to protect shellfish growing areas, especially where shellfish growing areas are located within the boundaries of more than one county. The legislative authority or authorities creating a district may abolish a shellfish protection district on its or their own motion or by submitting the question to the voters of the district and obtaining the approval of a majority of those voting.

(2) If the county legislative authority creates a shellfish protection district by its own motion, any registered voter residing within the boundaries of the shellfish protection district may file a referendum petition to repeal the ordinance that created the district. Any referendum petition to repeal the ordinance creating the shellfish protection district shall be filed with the county auditor within seven days of passage of the ordinance. Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in creation of the shellfish protection district and a negative answer to the question and a negative vote on the measure results in the shellfish protection district not being created. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the shellfish protection district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title and full text of the measure to be referred. The county auditor shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the county auditor shall submit the referendum measure to the registered voters residing in the shellfish protection district in a special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. The special election may be conducted by mail ballot as provided for in chapter 29.36 RCW.

(3) The county legislative authority shall not impose fees, rates, or charges for shellfish protection district programs upon properties on which fees, rates, or charges are imposed ~~((to pay for another program to eliminate or decrease contamination in storm water runoff))~~ under chapter 36.89 or 36.94 RCW for substantially the same programs and services.

**NEW SECTION. Sec. 21.** (1) The department of health shall convene a work group for the purpose of making recommendations to the legislature for the development of a certification program for different classes of people involved with on-site septic systems. The work group shall study certification of persons who pump, install, design, perform maintenance, inspect, or regulate any of the

above listed functions with regard to on-site septic systems. The work group shall make recommendations regarding appropriate bonding levels and other standards for the various occupations for which certification will be recommended. The work group shall also examine the development of a risk analysis pertaining to the installation and maintenance of different types of septic systems for different parts of the state. The work group shall report its findings and recommendations to the senate agriculture and environment committee and the house of representatives agriculture and ecology committee by January 1, 1998.

(2) The work group shall consist of a representative from each of the following groups: On-site septic system pumpers, installers, designers, maintenance operators, and inspectors, as well as a representative of cities, counties, the department of health, engineers, residential construction, the Puget Sound water quality action team, public utility districts, water-sewer districts, and two members from the general public. The members of the work group shall be appointed by the governor. The representative of the department of health shall serve as the chair of the work group. Staff support for the work group shall be provided by the department of health.

## CHAPTER 448

[Substitute House Bill 1826]

### ADMINISTRATION OF MONEYS DERIVED FROM PUBLIC LANDS

AN ACT Relating to the moneys derived from public lands managed by the commissioner of public lands; amending RCW 76.12.030 and 79.01.744; and reenacting and amending RCW 76.12.120.

Be it enacted by the Legislature of the State of Washington:

*\*Sec. 1. RCW 76.12.030 and 1991 c 363 s 151 are each amended to read as follows:*

*If any land acquired by a county through foreclosure of tax liens, or otherwise, comes within the classification of land described in RCW 76.12.020 and can be used as state forest land and if the department deems such land necessary for the purposes of this chapter, the county shall, upon demand by the department, deed such land to the department and the land shall become a part of the state forest lands.*

*Such land shall be held in trust and administered and protected by the department as other state forest lands. Any moneys derived from the lease of such land or from the sale of forest products, oils, gases, coal, minerals, or fossils therefrom, shall be distributed as follows:*

*(1) The expense incurred by the state for administration, reforestation, and protection, not to exceed ((twenty-five)) twenty-two percent, which rate of*

*percentage shall be determined by the board of natural resources, shall be returned to the forest development account in the state general fund. By June 30th of each year, the board of natural resources must establish the percentage and a budget for the following fiscal year in such a manner that the balance in the account does not exceed the amount necessary for six months of operating expenses for administration, reforestation, and protection. The board of natural resources must set the level of the balance of the account in cooperation with the counties that have forest board transfer lands.*

*(2) Any balance remaining after the distribution under subsection (1) of this section shall be paid to the county in which the land is located to be paid, distributed, and prorated, except as hereinafter provided, to the various funds in the same manner as general taxes are paid and distributed during the year of payment(~~((:—PROVIDED, That))~~). Within seven working days of receipt of these moneys, the department shall certify to the state treasurer the amounts to be distributed to the counties. The state treasurer shall distribute funds to the counties four times per month, with no more than ten days between each payment date. Any such balance remaining paid to a county with a population of less than nine thousand shall first be applied to the reduction of any indebtedness existing in the current expense fund of such county during the year of payment.*

\*Sec. 1 was vetoed. See message at end of chapter.

\*Sec. 2. RCW 76.12.120 and 1988 c 128 s 32 and 1988 c 70 s 1 are each reenacted and amended to read as follows:

*All land, acquired or designated by the department as state forest land, shall be forever reserved from sale, but the timber and other products thereon may be sold or the land may be leased in the same manner and for the same purposes as is authorized for state granted land if the department finds such sale or lease to be in the best financial interests of the (~~(state and approves the terms and conditions thereof)~~) respective county trust beneficiaries.*

*Except as provided in RCW 79.12.035, all money derived from the sale of timber or other products, or from lease, or from any other source from the land, except where the Constitution of this state or RCW 76.12.030 requires other disposition, shall be disposed of as follows:*

*(1) Fifty percent shall be placed in the forest development account.*

*(2) Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, and the county in which the land is located according to the relative proportions of tax levies of all taxing districts in the county. The portion to be distributed to the state general fund shall be based on the regular school levy rate under RCW 84.52.065 as now or hereafter amended and the levy rate for any maintenance and operation special school levies. With regard to the portion to be distributed to the counties, the department shall certify to the state treasurer the amounts to be distributed within seven working days of receipt of the money. The state treasurer shall*

**distribute funds to the counties four times per month, with no more than ten days between each payment date. The money distributed to the county shall be paid, distributed, and prorated to the various other funds in the same manner as general taxes are paid and distributed during the year of payment.**

\*Sec. 2 was vetoed. See message at end of chapter.

**Sec. 3.** RCW 79.01.744 and 1987 c 505 s 76 are each amended to read as follows:

(1) It shall be the duty of the commissioner of public lands to report, and recommend, to each session of the legislature, any changes in the law relating to the methods of handling the public lands of the state that he may deem advisable.

(2) The commissioner of public lands shall provide a comprehensive biennial report to reflect the previous fiscal period. The report shall include, but not be limited to, description: of all department activities including: Revenues generated, program costs, capital expenditures, personnel, special projects, new and ongoing research, environmental controls, cooperative projects, intergovernmental agreements, the adopted sustainable harvest compared to the sales program, and outlines of ongoing litigation, recent court decisions and orders on major issues with the potential for state liability. The report shall describe the status of the resources managed and the recreational and commercial utilization. The report shall be given to the chairs of the house and senate committees on ways and means and the house and senate committees on natural resources, including one copy to the staff of each of the committees, and shall be made available to the public.

**(3) The commissioner of public lands shall provide annual reports to the respective trust beneficiaries, including each county. The report shall include, but not be limited to, the following: Acres sold, acres harvested, volume from those acres, acres planted, number of stems per acre, acres precommercially thinned, acres commercially thinned, acres partially cut, acres clear cut, age of final rotation for acres clear cut, and the total number of acres off base for harvest and an explanation of why those acres are off base for harvest.**

Passed the House April 21, 1997.

Passed the Senate April 15, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1 and 2, Substitute House Bill No. 1826 entitled:

"AN ACT Relating to the moneys derived from public lands managed by the commissioner of public lands;"

Substitute House Bill No. 1826 makes changes to the management of state Forest Board Lands. I have concerns about two sections.

Section 1 reduces the maximum percentage of revenue from state Forest Board Lands that can be retained in the Forest Development Account (FDA) from 25 percent to 22 percent. In addition, the Board of Natural Resources is to establish a budget that maintains no greater than six months' operating expenses for the FDA. This would result in a one-

time windfall of approximately \$19 million to the trust beneficiaries in Fiscal Year 1999. However, by Fiscal Year 2001 revenues would not be able to keep pace with current agency management activities. This provision would limit current and future revenue generating abilities. The Board of Natural Resources has already reduced the percentage of revenue retained by the FDA to 22 percent. It is preferable to allow the Board of Natural Resources to retain management flexibility.

Section 2 changes the management objectives for state Forest Board Lands from the best interest of the state to the best financial interest of the respective county trust beneficiaries. This is a fundamental change in state policy. Although counties do receive significant financial benefit from these lands, local schools and the state General Fund also receive revenue from these lands. These changes are not in the best interests of the citizens of our state.

For these reasons, I have vetoed sections 1 and 2 of Substitute House Bill No. 1826.

With the exception of sections 1 and 2, Substitute House Bill No. 1826 is approved."

## CHAPTER 449

[Engrossed Substitute House Bill 2096]

### OIL SPILL PREVENTION PROGRAM CONSOLIDATION

AN ACT Relating to consolidating and funding of the state's oil spill prevention programs within the department of ecology; amending RCW 43.211.005, 82.23B.020, and 90.56.510; creating new sections; providing an effective date; providing an expiration date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 43.211.005 and 1991 c 200 s 401 are each amended to read as follows:

(1) The legislature declares that Washington's waters have irreplaceable value for the citizens of the state. These waters are vital habitat for numerous and diverse marine life and wildlife and the source of recreation, aesthetic pleasure, and pride for Washington's citizens. These waters are also vital for much of Washington's economic vitality.

The legislature finds that the transportation of oil on these waters creates a great potential hazard to these important natural resources. The legislature also finds that there is no state agency responsible for maritime safety to ensure this state's interest in preserving these resources.

The legislature therefore finds that in order to protect these waters it is necessary to establish an office of marine safety which will have the responsibility to promote the safety of marine transportation in Washington.

(2) The legislature finds that adequate funding is necessary for the state to continue its priority focus on the prevention of oil spills, as well as maintain a strong oil spill response, planning, and environmental restoration capability. The legislature further finds that long-term environmental health of the state's waters depends upon the strength and vitality of its oil spill prevention and response program that fosters planning, coordination, and incident command. To that end, the merger of the office of marine safety with the department of ecology shall: Ensure coordination via streamlining the marine safety functions of two agencies into one; provide a focused prevention and response program under a single administration; generate efficient incident command response capability and

continue to meet the challenges threatening marine safety and the environment; and increase accountability to the public, the executive branch, and the legislature.

(3) It is the intent of the legislature that the state's oil spill prevention, response, planning, and environmental restoration activities be sufficiently funded to maintain a strong prevention and response program. It is further the intent of the legislature that the merger of the office of marine safety with the department of ecology be accomplished in an organizational manner that maintains a priority focus and position for the oil spill prevention and response program. The merger shall allow for ready identification of the program by the public and ensure no diminution in the state's commitment to marine safety and environmental protection as follows:

(a) The director of the department of ecology shall consolidate all of the agency's oil spill prevention, planning, and response programs and personnel into a division or equivalent unit of organization within the department. The division shall be managed by a single administrator who is an assistant director or person of equivalent status in the department's organization. The administrator shall report directly to the director.

(b) The consolidated oil spill program unit within the department shall maintain prevention of oil spills as a specific program.

(c) The department shall identify and participate in resolving threats to safety of marine transportation and the impact of marine transportation on the environment.

Sec. 2. RCW 82.23B.020 and 1995 c 399 s 214 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of ~~((two))~~ one cent~~((s))~~ per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of ~~((three))~~ four cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay

them to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of

financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than ~~((twenty-five))~~ ten million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than ~~((fifteen))~~ nine million dollars.

~~((11) The office of marine safety, the department of revenue, and the department of community, trade, and economic development shall study tax credits for taxpayers employing vessels with the best achievable technology and the best available protection to reduce the risk of oil spills to the navigable waters of the state and submit the study to the appropriate standing committees of the legislature by December 1, 1992.))~~

**Sec. 3.** RCW 90.56.510 and 1995 2nd sp.s. c 14 s 525 are each amended to read as follows:

(1) The oil spill administration account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. ~~((On July 1 of each odd-numbered year, if receipts deposited in the account from the tax imposed by RCW 82.23B.020(2) for the previous fiscal biennium exceed the amount appropriated from the account for the previous fiscal biennium, the state treasurer shall transfer the amount of receipts exceeding the appropriation to the oil spill response account.))~~ If, on the first day of any calendar month, the balance of the oil spill response account is greater than ~~((twenty-five))~~ ten million dollars and the balance of the oil spill administration account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1997, the state treasurer may transfer up to \$1,718,000 from the oil spill response account to the oil spill administration account to support appropriations made from the oil spill administration account in the omnibus and transportation appropriations acts adopted not later than June 30, 1997.

(2) Expenditures from the oil spill administration account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the

legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill administration account. Costs of administration include the costs of:

- (a) Routine responses not covered under RCW 90.56.500;
- (b) Management and staff development activities;
- (c) Development of rules and policies and the state-wide plan provided for in RCW 90.56.060;
- (d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;
- (e) Interagency coordination and public outreach and education;
- (f) Collection and administration of the tax provided for in chapter 82.23B RCW; and
- (g) Appropriate travel, goods and services, contracts, and equipment.

**NEW SECTION.** Sec. 4. All employees of the office of marine safety are transferred to the jurisdiction of the department of ecology. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of ecology to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

**NEW SECTION.** Sec. 5. (1) An oil spill prevention and response advisory committee is created within the department of ecology. The committee shall consist of eleven members as follows: Four legislators, one from each caucus; one member each to represent pilots licensed under chapter 88.16 RCW, the marine oil transportation industry, the marine cargo transportation industry, the fishing industry, the shellfish industry, an environmental organization, and the department of ecology. The member representing the department of ecology shall be an ex-officio member. Legislative members shall be appointed by the speaker of the house of representatives or the president of the senate, as appropriate. The director of the department of ecology shall appoint all other members.

(2) By December 1, 1998, the committee shall submit a report to the appropriate standing committees of the legislature evaluating the merger of the functions of the office of marine safety into the department of ecology.

(3) This section expires June 30, 1999.

**NEW SECTION.** Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.

Passed the House April 21, 1997.

## CHAPTER 450

[Engrossed Second Substitute Senate Bill 5074]

## WAREHOUSE AND GRAIN ELEVATOR OPERATIONS TAX EXEMPTIONS

AN ACT Relating to increasing interstate trade through tax incentives for warehouse and grain elevator operations; amending RCW 81.104.170; adding a new section to chapter 82.08 RCW; adding a new section to chapter 82.12 RCW; adding a new section to chapter 82.14 RCW; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The legislature finds that the state's overall economic health and prosperity is bolstered through tax incentives targeted to specific industries. The warehouse and distribution industry is critical to other businesses. The transportation sector, the retail sector, the ports, and the wholesalers all rely on the warehouse and distribution industry. It is the intent of the legislature to stimulate interstate trade by providing tax incentives to those persons in the warehouse and distribution industry engaged in highly competitive trade.

**NEW SECTION.** Sec. 2. A new section is added to chapter 82.08 RCW to read as follows:

(1) Wholesalers or third-party warehouse owners who own or operate warehouses or grain elevators and retailers who own or operate distribution centers, and who have paid the tax levied by RCW 82.08.020 on:

(a) Material-handling and racking equipment, and labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the equipment; or

(b) Construction of a warehouse or grain elevator, including materials, and including service and labor costs, are eligible for an exemption in the form of a remittance. The amount of the remittance is computed under subsection (3) of this section and is based on the state share of sales tax.

(2) For purposes of this section and section 3 of this act:

(a) "Agricultural products" has the meaning given in RCW 82.04.213;

(b) "Construction" means the actual construction of a warehouse or grain elevator that did not exist before the construction began. "Construction" includes expansion if the expansion adds at least two hundred thousand square feet of additional space to an existing warehouse or additional storage capacity of at least one million bushels to an existing grain elevator. "Construction" does not include renovation, remodeling, or repair;

(c) "Department" means the department of revenue;

(d) "Distribution center" means a warehouse that is used exclusively by a retailer solely for the storage and distribution of finished goods to retail outlets of the retailer. "Distribution center" does not include a warehouse at which retail sales occur;

(e) "Finished goods" means tangible personal property intended for sale by a retailer or wholesaler. "Finished goods" does not include agricultural products

stored by wholesalers, third-party warehouses, or retailers if the storage takes place on the land of the person who produced the agricultural product. "Finished goods" does not include logs, minerals, petroleum, gas, or other extracted products stored as raw materials or in bulk;

(f) "Grain elevator" means a structure used for storage and handling of grain in bulk;

(g) "Material-handling equipment and racking equipment" means equipment in a warehouse or grain elevator that is primarily used to handle, store, organize, convey, package, or repackage finished goods. The term includes tangible personal property with a useful life of one year or more that becomes an ingredient or component of the equipment, including repair and replacement parts. The term does not include equipment in offices, lunchrooms, restrooms, and other like space, within a warehouse or grain elevator, or equipment used for nonwarehousing purposes. "Material-handling equipment" includes but is not limited to: Conveyers, carousels, lifts, positioners, pick-up-and-place units, cranes, hoists, mechanical arms, and robots; mechanized systems, including containers that are an integral part of the system, whose purpose is to lift or move tangible personal property; and automated handling, storage, and retrieval systems, including computers that control them, whose purpose is to lift or move tangible personal property; and forklifts and other off-the-road vehicles that are used to lift or move tangible personal property and that cannot be operated legally on roads and streets. "Racking equipment" includes, but is not limited to, conveying systems, chutes, shelves, racks, bins, drawers, pallets, and other containers and storage devices that form a necessary part of the storage system;

(h) "Person" has the meaning given in RCW 82.04.030;

(i) "Retailer" means a person who makes "sales at retail" as defined in chapter 82.04 RCW of tangible personal property;

(j) "Square footage" means the product of the two horizontal dimensions of each floor of a specific warehouse. The entire footprint of the warehouse shall be measured in calculating the square footage, including space that juts out from the building profile such as loading docks. "Square footage" does not mean the aggregate of the square footage of more than one warehouse at a location or the aggregate of the square footage of warehouses at more than one location;

(k) "Third-party warehouse" means a person taxable under RCW 82.04.280(4);

(l) "Warehouse" means an enclosed building or structure in which finished goods are stored. A warehouse building or structure may have more than one storage room and more than one floor. Office space, lunchrooms, restrooms, and other space within the warehouse and necessary for the operation of the warehouse are considered part of the warehouse as are loading docks and other such space attached to the building and used for handling of finished goods. Landscaping and parking lots are not considered part of the warehouse. A storage yard is not a warehouse, nor is a building in which manufacturing takes place; and

(m) "Wholesaler" means a person who makes "sales at wholesale" as defined in chapter 82.04 RCW of tangible personal property, but "wholesaler" does not include a person who makes sales exempt under 82.04.330.

(3)(a) A person claiming an exemption from state tax in the form of a remittance under this section must pay the tax imposed by RCW 82.08.020. The buyer may then apply to the department for remittance of all or part of the tax paid under RCW 82.08.020. For grain elevators with bushel capacity of one million but less than two million, the remittance is equal to fifty percent of the amount of tax paid. For warehouses with square footage of two hundred thousand or more and for grain elevators with bushel capacity of two million or more, the remittance is equal to one hundred percent of the amount of tax paid for qualifying construction, materials, service, and labor, and fifty percent of the amount of tax paid for qualifying material-handling equipment and racking equipment, and labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the equipment.

(b) The department shall determine eligibility under this section based on information provided by the buyer and through audit and other administrative records. The buyer shall on a quarterly basis submit an information sheet, in a form and manner as required by the department by rule, specifying the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The buyer shall retain, in adequate detail to enable the department to determine whether the equipment or construction meets the criteria under this section: Invoices; proof of tax paid; documents describing the material-handling equipment and racking equipment; location and size of warehouses and grain elevators; and construction invoices and documents.

(c) The department shall on a quarterly basis remit exempted amounts to qualifying persons who submitted applications during the previous quarter.

(4) Warehouses, grain elevators, and material-handling equipment and racking equipment for which an exemption, credit, or deferral has been or is being received under chapter 82.60, 82.61, 82.62, or 82.63 RCW or RCW 82.08.02565 or 82.12.02565 are not eligible for any remittance under this section. Warehouses and grain elevators upon which construction was initiated before the effective date of this act are not eligible for a remittance under this section.

(5) The lessor or owner of a warehouse or grain elevator is not eligible for a remittance under this section unless the underlying ownership of the warehouse or grain elevator and the material-handling equipment and racking equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the remittance to the lessee in the form of reduced rent payments.

**NEW SECTION. Sec. 3.** A new section is added to chapter 82.12 RCW to read as follows:

(1) Wholesalers or third-party warehouse owners who own or operate warehouses or grain elevators, and retailers who own or operate distribution centers, and who have paid the tax levied under RCW 82.12.020 on:

(a) Material-handling equipment and racking equipment; or

(b) Materials incorporated in the construction of a warehouse or grain elevator.

(2)(a) A person claiming an exemption from state tax in the form of a remittance under this section must pay the tax imposed by RCW 82.12.020 to the department. The person may then apply to the department for remittance of all or part of the tax paid under RCW 82.12.020. For grain elevators with bushel capacity of one million but less than two million, the remittance is equal to fifty percent of the amount of tax paid. For warehouses with square footage of two hundred thousand and for grain elevators with bushel capacity of two million or more, the remittance is equal to one hundred percent of the amount of tax paid for qualifying construction materials, and fifty percent of the amount of tax paid for qualifying material-handling equipment and racking equipment.

(b) The department shall determine eligibility under this section based on information provided by the buyer and through audit and other administrative records. The buyer shall on a quarterly basis submit an information sheet, in a form and manner as required by the department by rule, specifying the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The buyer shall retain, in adequate detail to enable the department to determine whether the equipment or construction meets the criteria under this section: Invoices; proof of tax paid; documents describing the material-handling equipment and racking equipment; location and size of warehouses, if applicable; and construction invoices and documents.

(c) The department shall on a quarterly basis remit or credit exempted amounts to qualifying persons who submitted applications during the previous quarter.

(3) Warehouse, grain elevators, and material-handling equipment and racking equipment for which an exemption, credit, or deferral has been or is being received under chapter 82.60, 82.61, 82.62, or 82.63 RCW or RCW 82.08.02565 or 82.12.02565 are not eligible for any remittance under this section. Materials incorporated in warehouses and grain elevators upon which construction was initiated prior to the effective date of this act are not eligible for a remittance under this section.

(4) The lessor or owner of the warehouse or grain elevator is not eligible for a remittance or credit under this section unless the underlying ownership of the warehouse or grain elevator and material-handling equipment and racking equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the exemption to the lessee in the form of reduced rent payments.

(5) The definitions in section 2 of this act apply to this section.

**NEW SECTION.** Sec. 4. A new section is added to chapter 82.14 RCW to read as follows:

The exemptions in sections 2 and 3 of this act are for the state portion of the sales and use tax and do not extend to the tax imposed in this chapter.

**Sec. 5.** RCW 81.104.170 and 1992 c 101 s 28 are each amended to read as follows:

Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. The maximum rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed shall not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340. The exemptions in sections 2 and 3 of this act are for the state portion of the sales and use tax and do not extend to the tax authorized in this section.

**NEW SECTION.** **Sec. 6.** The legislative fiscal committees shall report to the legislature by December 1, 2001, on the economic impacts of this act. This report shall analyze employment and other relevant economic data pertaining to the tax exemptions authorized under this act and shall measure the effect on the creation or retention of family-wage jobs and diversification of the state's economy. The report must include the committee's findings on the tax incentive program's performance in achieving its goals and recommendations on ways to improve its effectiveness. Analytic techniques may include, but not be limited to, comparisons of Washington to other states that did not enact business tax changes, comparisons across Washington counties based on usage of the tax exemptions, and comparisons across similar firms based on their use of the tax exemptions. In performing the analysis, the legislative fiscal committees shall consult with business and labor interests. The department of revenue, the employment security department, and other agencies shall provide to the legislative fiscal committees such data as the legislative fiscal committees may request in performing the analysis required under this section.

**NEW SECTION.** **Sec. 7.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

## CHAPTER 451

[Substitute Senate Bill 5845]

### BEER TAXES—REDISTRIBUTION OF RECEIPTS

AN ACT Relating to offsetting an increase in the beer tax for the health care services account with a corresponding decrease in other beer taxes; amending RCW 66.24.290, 69.50.520, 66.08.180, and 66.08.195; providing an effective date; and declaring an emergency.

(1) Any city, town, county, or municipal corporation that is required to develop a comprehensive plan under RCW 36.70A.040(1) is authorized to require, after reasonable notice to the public and a public hearing, property owners to

provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, county, or municipal corporation may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter, upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, "assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, "low-income tenants" means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community, trade, and economic development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the jurisdiction imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

- (a) Actual physical moving costs and expenses;
- (b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;
- (c) Utility connection fees and deposits; and
- (d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, county, or municipal corporation may make future annual adjustments to the maximum amount of relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, county, or municipal corporation authorized to require relocation assistance under subsection (1) of this

section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under RCW 82.46.010.

(5) A city, town, county, or municipal corporation requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. Such policies, procedures, or regulations shall include provisions for administrative hearings to resolve disputes between tenants and property owners relating to relocation assistance or unlawful detainer actions during relocation, and shall require a decision within thirty days of a request for a hearing by either a tenant or property owner.

Judicial review of an administrative hearing decision relating to relocation assistance may be had by filing a petition, within ten days of the decision, in the superior court in the county where the residential property is located. Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

(a) In violation of constitutional provisions;  
(b) In excess of the authority or jurisdiction of the administrative hearing officer;

(c) Made upon unlawful procedure or otherwise is contrary to law; or  
(d) Arbitrary and capricious.

(6) Any city, town, county, or municipal corporation may require relocation assistance, under the terms of this section, for otherwise eligible tenants whose living arrangements are exempted from the provisions of this chapter under RCW 59.18.040(3) and if the living arrangement is considered to be a rental or lease ~~((pursuant to RCW 67.28.180(1)))~~ not defined as a retail sale under RCW 82.04.050.

(7)(a) Persons who move from a dwelling unit prior to the application by the owner of the dwelling unit for any governmental permit necessary for the demolition, substantial rehabilitation, or change of use of residential property or prior to any notification or filing required for condominium conversion shall not be entitled to the assistance authorized by this section.

(b) Persons who move into a dwelling unit after the application for any necessary governmental permit or after any required condominium conversion notification or filing shall not be entitled to the assistance authorized by this section if such persons receive written notice from the property owner prior to taking possession of the dwelling unit that specifically describes the activity or condition that may result in their temporary or permanent displacement and advises them of their ineligibility for relocation assistance.

**Sec. 18.** RCW 67.38.140 and 1982 1st ex.s. c 22 s 14 are each amended to read as follows:

The county or counties and each component city included in the district collecting or planning to collect the hotel/motel tax ~~((pursuant to))~~ under chapter 67.28 RCW ((67.28.180)) may contribute such revenue ~~((towards the expense for~~

~~maintaining and operating the cultural arts, stadium and convention system))~~ in such manner as shall be agreed upon between them, consistent with this chapter and chapter 67.28 RCW.

**Sec. 19.** RCW 67.40.110 and 1987 1st ex.s. c 8 s 8 are each amended to read as follows:

No city imposing the tax authorized under chapter 67.28 RCW ((67.40.100(2))) may use the tax proceeds directly or indirectly to acquire, construct, operate, or maintain facilities or land intended to be used by a professional sports franchise if the county within which the city is located uses the proceeds of its tax imposed under chapter 67.28 RCW ((67.28.180)) to directly or indirectly acquire, construct, operate, or maintain a facility used by a professional sports franchise.

**Sec. 20.** RCW 67.40.120 and 1991 c 336 s 2 are each amended to read as follows:

The state convention and trade center corporation may contract with the Seattle-King county convention and visitors bureau for marketing the convention and trade center facility and services. Any contract with the Seattle-King county convention and visitors bureau shall include, but is not limited to, the following condition: Each dollar in convention and trade center operations account funds provided to the Seattle-King county convention and visitors bureau shall be matched by at least one dollar and ten cents in nonstate funds. "Nonstate funds" does not include funds received under chapter 67.28 RCW ((67.28.180)).

**Sec. 21.** RCW 82.02.020 and 1996 c 230 s 1612 are each amended to read as follows:

Except only as expressly provided in (~~RCW 67.28.180 and 67.28.190 and the provisions of~~) chapters 67.28 and 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of

a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

**NEW SECTION.** Sec. 22. The following acts or parts of acts are each repealed:

This act does not affect any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule or order adopted under those sections, nor does it affect any proceeding instituted under those sections. As provided in RCW 1.12.020, the sections amended or repealed in this act are continued by section 3 of this act for purposes such as redemption payments on bonds issued in reliance on taxes imposed under those sections. Any moneys held in a fund created under a section repealed in this act shall be deposited in a fund created under section 4 of this act.

**NEW SECTION.** Sec. 24. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 25. *This act takes effect April 1, 1998.*

\*Sec. 25 was vetoed. See message at end of chapter.

Passed the Senate April 26, 1997.

Passed the House April 25, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 12 and 25, Substitute Senate Bill No. 5867 entitled:

"AN ACT Relating to hotel and motel taxes in certain cities and towns;"

Substitute Senate Bill No. 5867 would repeal separate hotel/motel tax authorizations for particular municipalities, but not alter the authority for hotel/motel taxes by public facility districts. The bill attempts to simplify the imposition, collection and distribution of hotel/motel tax revenues by: (1) clarifying the uses to which the taxes can be applied; (2) making more uniform the rates municipalities may levy; and (3) establishing local advisory committees to recommend uses for local hotel/motel taxes. All of these are worthwhile goals.

Section 12 conflicts with legislation previously approved by the 1997 legislature and therefore I have vetoed it. Section 25 provides a delayed effective date which is unneeded.

For this reason, I have vetoed sections 12 and 25 of Substitute Senate Bill No. 5867.

With the exception of sections 12 and 25, Substitute Senate Bill No. 5867 is approved."

Be it enacted by the Legislature of the State of Washington:

**Sec. 1.** RCW 82.04.110 and 1971 ex.s. c 186 s 1 are each amended to read as follows:

"Manufacturer" means every person who, either directly or by contracting with others for the necessary labor or mechanical services, manufactures for sale or for commercial or industrial use from his or her own materials or ingredients any articles, substances or commodities. When the owner of equipment or facilities furnishes, or sells to the customer prior to manufacture, all or a portion of the materials that become a part or whole of the manufactured article, the department shall prescribe equitable rules for determining tax liability: **PROVIDED, That a person who produces aluminum master alloys is a processor for hire rather than a manufacturer, regardless of the portion of the aluminum provided by that person's customer: PROVIDED FURTHER, That** a nonresident of this state who is the owner of materials processed for it in this state by a processor for hire shall not be deemed to be engaged in business in this state as a manufacturer because of the performance of such processing work for it in this state: **PROVIDED FURTHER, That** the owner of materials from which a nuclear fuel assembly is made for it by a processor for hire shall not be subject to tax under this chapter as a manufacturer of the fuel assembly.

For the purposes of this section, "aluminum master alloy" means an alloy registered with the Aluminum Association as a grain refiner or a hardener alloy using the American National Standards Institute designating system H35.3.

**NEW SECTION.** Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.

The legislature declares that the currently appropriated level for the program is sufficient for the next few budget cycles. To the extent, however, that currently appropriated amounts exceed costs during the 1997-99 biennium, the department is encouraged to set aside excess federal funds for use in future years.

(3) \$485,000 of the general fund—state fiscal year 1998 appropriation, \$3,186,000 of the general fund—state fiscal year 1999 appropriation, and \$3,168,000 of the general fund—federal appropriation are provided solely to continue to implement the previously competitively procured electronic benefits transfer system through the western states EBT alliance for distribution of cash grants and food stamps so as to meet the requirements of P.L. 104-193.

Child care assistance shall not be provided to families with incomes above one hundred seventy-five percent of the federal poverty level adjusted for family size.

For families with incomes at or above one hundred thirty-one percent of the federal poverty level adjusted for family size, the monthly copay shall be fifty percent of the family's income in excess of one hundred percent of the federal poverty level adjusted for family size. **NEW SECTION. Sec. 601.** The appropriations in sections 603 through 609 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 603 through 609 of this act.

(2)(a) The salary increases provided or referenced in this subsection shall be the allowable salary increases provided at institutions of higher education, excluding increases associated with normally occurring promotions and increases related to faculty and professional staff retention, and excluding increases associated with employees under the jurisdiction of chapter 41.56 RCW pursuant to the provisions of RCW 28B.16.015.

(b) Each institution of higher education shall provide to each classified staff employee as defined by the office of financial management a salary increase of 3.0 percent on July 1, 1997. Each institution of higher education shall provide to instructional and research faculty, exempt professional staff, academic administrators, academic librarians, counselors, teaching and research assistants as classified by the office of financial management, and all other nonclassified staff, including those employees under RCW 28B.16.015, an average salary increase of 3.0 percent on July 1, 1997. For employees under the jurisdiction of chapter 41.56 RCW pursuant to the provisions of RCW 28B.16.015, distribution of the salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated. To collect consistent data for use by the legislature, the office of financial management, and other state agencies for policy and planning purposes, institutions of higher education shall report personnel data to be used in the department of personnel's human resource data warehouse in compliance with uniform reporting procedures established by the department of personnel.

(c) Each institution of higher education receiving appropriations under sections 604 through 609 of this act may provide to instructional and research faculty, exempt professional staff, academic administrators, academic librarians, counselors, teaching and research assistants, as classified by the office of financial management, and all other nonclassified staff, but not including employees under RCW 28B.16.015, an additional average salary increase of 1.0 percent on July 1, 1997, and an average salary increase of 2.0 percent on July 1, 1998. Any salary increases authorized under this subsection (2)(c) shall not be included in an institution's salary base. It is the intent of the legislature that general fund—state support for an institution shall not increase during the current or any future biennium as a result of any salary increases authorized under this subsection (2)(c).

(d) Specific salary increases authorized in sections 603 through 609 of this act are in addition to any salary increase provided in this subsection.

(3)(a) Each institution receiving appropriations under sections 604 through 609 of this act shall submit plans for achieving measurable and specific improvements in academic years 1997-98 and 1998-99 to the higher education coordinating board. The plans, to be prepared at the direction of the board, shall be submitted by August 15, 1997 (for academic year 1997-98) and June 30, 1998 (for academic year 1998-99). The following measures and goals will be used for the 1997-99 biennium:

	Goal
(i) Undergraduate graduation efficiency index:	
For students beginning as freshmen	95
For transfer students	90
(ii) Undergraduate student retention, defined as the percentage of all undergraduate students who return for the next year at the same institution, measured from fall to fall:	
Research universities	95%
Comprehensive universities and college	90%
(iii) Graduation rates, defined as the percentage of an entering freshmen class at each institution that graduates within five years:	
Research universities	65%
Comprehensive universities and college	55%

(iv) A measure of faculty productivity, with goals and targets in accord with the legislative intent to achieve measurable and specific improvements, to be determined by the higher education coordinating board, in consultation with the institutions receiving appropriations under sections 604 through 609 of this act.

(v) An additional measure and goal to be selected by the higher education coordinating board for each institution, in consultation with each institution.

(b) Academic year 1995-96 shall be the baseline year against which performance in academic year 1997-98 shall be measured. Academic year 1997-98 shall be the baseline year against which performance in academic year 1998-99 shall be measured. The difference between each institution's baseline year and the state-wide performance goals shall be calculated and shall be the performance gap for each institution for each measure for each year. The higher education coordinating board shall set performance targets for closing the performance gap for each measure for each institution. Performance targets shall be set at levels that reflect meaningful and substantial progress towards the state-wide performance goals. Each institution shall report to the higher education coordinating board on its actual performance achievement for each measure for academic year 1997-98 by June 30, 1998, except that performance reporting for the student retention measure shall be completed by October 15, 1998.

(4) The state board for community and technical colleges shall develop an implementation plan for measurable and specific improvements in productivity, efficiency, and student retention in academic years 1997-98 and 1998-99 consistent

with the performance management system developed by the work force training and education coordinating board and for the following long-term performance goals:

	Goal

(b) Academic students transferring to Washington higher education institutions	67%
(c) Core course completion rates	85%
(d) Graduation efficiency index	95

(5) The state's public institutions of higher education increasingly are being called upon to become more efficient in conducting the business operations necessary to support the carrying out of their academic missions. The legislature recognizes that state laws and regulations may have the unintended effect of acting as barriers to efficient operation in some instances, and desires to encourage the institutions of higher education to think beyond the constraints of current law in identifying opportunities for improved efficiency. Accordingly, the legislature requests that the institutions of higher education, working together through the council of presidents' office and the state board for community and technical colleges, identify opportunities for changes in state law that would form the basis for a new efficiency compact with the state, for consideration no later than the 1999 legislative session.

(17) Not more than \$458,000 of the general fund—state appropriation may be expended for the operation of the Pacific northwest export assistance project. The department will continue to implement a plan for assessing fees for services provided by the project. It is the intent of the legislature that the revenues raised to defray the expenditures of this program will be increased to fifty percent of the expenditures in fiscal year 1996 and seventy-five percent of the expenditures in fiscal year 1997. Beginning in fiscal year 1998, the legislature intends that this program will be fully self-supporting.

(18) \$4,804,000 of the public safety and education account appropriation is provided solely for contracts with qualified legal aid programs for civil indigent legal representation pursuant to RCW 43.08.260. It is the intent of the legislature to ensure that legal aid programs receiving funds appropriated in this act pursuant to RCW 43.08.260 comply with all applicable restrictions on use of these funds. To this end, during the 1995-97 fiscal biennium the department shall monitor compliance with the authorizing legislation, shall oversee the implementation of this subsection, and shall report directly to the appropriations committee of the house of representatives and the ways and means committee of the senate.

(a) It is the intent of the legislature to improve communications between legal aid programs and persons affected by the activities of legal aid programs. There is established for the 1995-97 fiscal biennium a task force on agricultural interests/legal aid relations. The task force shall promote better understanding and

cooperation between agricultural interests and legal aid programs and shall provide a forum for discussion of issues of common concern. The task force shall not involve itself in pending litigation.

(i) The task force shall consist of the following sixteen members: Four representatives of agricultural organizations, to be appointed by the legislator members; two individuals who represent the corresponding interests of legal clients, to be appointed by organizations designated by the three legal services programs; two representatives of Evergreen Legal Services, to be appointed by its board of directors; one representative each from Puget Sound Legal Assistance Foundation and Spokane Legal Services Center, each to be appointed by its directors; one member from each of the majority and minority caucuses of the house of representatives, to be appointed by the speaker of the house of representatives; one member from each of the majority and minority caucuses of the senate, to be appointed by the president of the senate; and two members of the supreme court-appointed access to justice board, to be appointed by the board. During fiscal year 1996, the task force shall be chaired by a legislative member, to be selected by the task force members. During fiscal year 1997, the committee shall be chaired by a nonlegislator member, to be selected by the task force members.

(ii) All costs associated with the meetings shall be borne by the individual task force members or by the organizations that the individuals represent. No task force member shall be eligible for reimbursement of expenses under RCW 43.03.050 or 43.03.060. Nothing in this subsection prevents the legal aid programs from using funds appropriated in this act to reimburse their representatives or the individuals representing legal clients.

(iii) The task force will meet at least four times during the first year of the biennium and as frequently as necessary thereafter at mutually agreed upon times and locations. Any member of the task force may place items on meeting agendas. Members present at the first two task force meetings shall agree upon a format for subsequent meetings.

(b) The legislature recognizes that farmworkers have the right to receive basic information and to consult with attorneys at farm labor camps without fear of intimidation or retaliation. It is the intent of the legislature and in the interest of the public to ensure the safety of all persons affected by legal aid programs' farm labor camp outreach activities. Legal aid program employees have the legal right to enter the common areas of a labor camp or to request permission of employees to enter their dwellings. Employees living in grower supplied housing have the right to refuse entry to anyone including attorneys unless they have a warrant. Individual employees living in employer supplied housing do not have the right to force legal aid program employees to leave common areas of housing (outside) as long as one person who resides in the associated dwellings wants that person to be there. Any legal aid program employee wishing to visit employees housed on grower property has the right to enter the driveway commonly used by the housing

occupants. This means that if agricultural employees must use a grower's personal driveway to get to their housing, legal aid program employees also may use that driveway to access the housing without a warrant so long as at least some of the housing is occupied. When conducting outreach activities that involve entry onto labor camps, legal aid programs shall establish and abide by policies regarding conduct of outreach activities. The policies shall include a requirement that legal aid program employees identify themselves to persons whom they encounter at farm labor camps. The legal aid programs shall provide copies of their current outreach policies to known agricultural organizations and shall provide copies upon request to any owner of property on which farmworkers are housed. Legal aid program employees involved in outreach activities shall attempt to inform operators of licensed farm labor camps or their agents, and known grower organizations of the approximate time frame for outreach activities and shall cooperate with operators of farm labor camps at which farmworkers are housed in assuring compliance with all pertinent laws and ordinances, including those related to trespass and harassment. Employers who believe that Evergreen Legal Services Outreach Guidelines have been violated shall promptly provide all available information on the alleged violation to the director of Evergreen Legal Services and to the chair of the Task Force on Agricultural Interests/Legal Aid Relations. Evergreen Legal Services will promptly investigate any alleged violations of the outreach guidelines and inform the complaining party of the result. If the resolution of the investigation is not satisfactory to the complainant, the matter shall be placed on the Task Force agenda for discussion at the next scheduled meeting. Employers who believe that Evergreen Legal Services staff members have trespassed should immediately contact local law enforcement authorities.

(c) It is the intent of the legislature to provide the greatest amount of legal services to the largest number of clients by discouraging inefficient use of state funding for indigent legal representation. To this end, it is the intent of the legislature that, prior to the commencement of litigation against any private employer relating to the terms and conditions of employment legal aid programs receiving funds appropriated in this act make good faith written demand for the requested relief, a good faith offer of settlement or an offer to submit to nonbinding arbitration prior to filing a lawsuit, unless the making of the offer is, in the opinion of the director of the legal services program or his/her designee, clearly prejudicial to: (i) The health, safety, or security of the client; or (ii) the timely availability of judicial relief. The director of the legal aid program may designate not more than two persons for purposes of making the determination of prejudice permitted by this section.

(d)(i) The legislature encourages legal aid programs to devote their state and nonstate funding to the basic, daily legal needs of indigent persons. No funds appropriated under this act may be used for legal representation and activities outside the scope of RCW 43.08.260.

(ii) No funds appropriated in this act may be used for lobbying as defined in RCW 43.08.260(3). Legal aid programs receiving funds appropriated in this act shall comply with all restrictions on lobbying contained in Federal Legal Services Corporation Act (P.L. 99-951) and regulations promulgated thereunder.

(e) No funds appropriated in this act may be used by legal aid programs for representation of undocumented aliens.

(f) The legislature recognizes the duty of legal aid programs to preserve inviolate and prevent the disclosure of, in the absence of knowing and voluntary client consent, client information protected by the United States Constitution, the Washington Constitution, the attorney-client privilege, or any applicable attorney rule of professional conduct. However, to the extent permitted by applicable law, legal aid programs receiving funds appropriated in this act shall, upon request, provide information on their activities to the department and to legislators for purposes of monitoring compliance with authorizing legislation and this subsection.

(g) Nothing in this subsection is intended to limit the authority of existing entities, including but not limited to the Washington state bar association, the public disclosure commission, and the Federal Legal Services Corporation, to resolve complaints or disputes within their jurisdiction.

Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. (b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased

enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c) On the basis of full-time equivalent enrollment in:

(i) Vocational education programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 18.3 full-time equivalent vocational students;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(a) For enrollments generating certificated staff unit allocations under subsection (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(h) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that,

for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent;

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$7,656 per certificated staff unit in the 1995-96 school year and a maximum of \$7,786 per certificated staff unit in the 1996-97 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of \$341 for the 1995-96 school year and \$341 per year for the 1996-97 school year per allocated classroom teacher excluding salary adjustments made in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1994-95 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of \$5,820,000 outside the basic education formula during fiscal years 1996 and 1997 as follows:

(10) For the purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 2.2 percent from the 1994-95 school year to the 1995-96 school year, and 1.3 percent from the 1995-96 school year to the 1996-97 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2) (b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

Sec. 1405. 1996 c 283 s 506 (uncodified) is amended to read as follows:

**SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SPECIAL EDUCATION PROGRAMS**

General Fund—State Appropriation (FY 1996) . . . .	\$	379,771,000
General Fund—State Appropriation (FY 1997) . . . .	\$	<del>((368,149,000))</del>
		<u>355,111,000</u>
General Fund—Federal Appropriation . . . . .	\$	98,684,000
TOTAL APPROPRIATION . . . . .	\$	<del>((846,604,000))</del>
		<u>833,566,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund—state appropriation includes such funds as are necessary for the remaining months of the 1994-95 school year.

(2) In recognition of the need for increased flexibility at the local district level to facilitate the provision of appropriate education to children in need of special education, and the need for substantive educational reform for a significant portion of the school population, the funding formula for special education is modified. These changes result from a 1994 study and recommendations by the institute for public policy and the legislative budget committee, aided by the office of the superintendent of public instruction and the state-wide task force for the development of special education funding alternatives. The new formula is for allocation purposes only and is not intended to prescribe or imply any particular pattern of special education service delivery other than that contained in a properly formulated, locally determined, individualized education program.

(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories, the mandatory special education program for special education students ages three to twenty-one and the optional birth through age two program for developmentally delayed infants and toddlers. The superintendent shall review current state eligibility criteria for the fourteen special education categories and consider changes which would reduce assessment time and administrative costs associated with the special education program.

(4) For the 1995-96 and 1996-97 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, times the district's average basic education allocation per full-time equivalent student, times 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment times the enrollment percent, times the district's average basic education allocation per full-time equivalent student times 0.9309.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in grades K-3, and 46/1000 in grades 4-12), and shall not include enhancements for K-3, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" shall mean the district's resident special education annual average enrollment including those students counted under the special

education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1995-96 and the 1996-97 school years, each district's enrollment percent shall be:

(i) For districts whose enrollment percent for 1994-95 was at or below 12.7 percent, the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(ii) For districts whose enrollment percent for 1994-95 was above 12.7 percent, the lesser of:

(ii) For districts with a 1994-95 enrollment percent over 12.7 percent, the maximum 1995-96 enrollment percent, and prior to 1996-97 the maximum 1996-97 enrollment percent;

(iii) The estimate to be used for purposes of subsection (8) of this section of each district's 1994-95 special education allocation showing the excess cost and the basic education portions; and

(iv) If necessary, a process for each district to estimate the 1995-96 school year excess cost allocation for special education and the portion of the basic education allocation formerly included in the special education allocation. This process may utilize the allocations generated pursuant to subsection (4) of this section, each district's 1994-95 estimated basic education backout percent for the 1994-95 school year, and state compensation increases for 1995-96.

(b) The superintendent, in consultation with the state auditor, shall take all necessary steps to successfully transition to the new formula and minimize paperwork at the district level associated with federal maintenance of effort calculations. The superintendent shall develop such rules and procedures as are necessary to implement this process for the 1995-96 school year, and may use the same process.

(10) Prior to adopting any standards, procedures, or processes required to implement this section, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

<b>TOTAL APPROPRIATION . . . . .</b>	<b>\$</b>	<b>14,470,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section shall be deposited in the data processing revolving account for allocation, without appropriation, by the office of financial management to agencies to complete Year 2000 date conversion maintenance on their computer systems. Agencies shall submit their estimated costs of conversion to the office of financial management by July 1, 1997.

(2) In addition to the appropriations in this section, up to \$10,000,000 of the cash balance of the data processing revolving account may be expended on agency Year 2000 date conversion costs. The \$10,000,000 will be taken from the cash balances of the data processing revolving account's two major users, as follows: \$7,000,000 from the department of information services and \$3,000,000 from the office of financial management. The office of financial management in consultation with the department of information services shall allocate these funds as needed to complete the date conversion projects.

(3) Agencies receiving these allocations shall report at a minimum to the information services board and to the governor every six months on the progress of Year 2000 maintenance efforts.

\*Sec. 1608 was partially vetoed. See message at end of chapter.

### PART XVIII MISCELLANEOUS

**NEW SECTION. Sec. 180I.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 1802.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

Passed the House April 26, 1997.

Passed the Senate April 26, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 204(1); 204(6)(a); 204(6)(b); 204(6)(c); 204(9)(d); 206(3); 207(2); 210(5); 213(2)(d); 302(3); 302(4); 302(5); 302(17); 302(22); 304(16), 501(1)(e); 501(2)(e)(i); 503(4)(b); 503(5); 506(8); 507(4); 507(5); 507(6); 602(2); 611(5)(a)(i); 702; 706; 902, and 1608, page 211, lines 24-38 and page 212, lines 1-2, Engrossed Substitute House Bill No. 2259 entitled:

"AN ACT Relating to fiscal matters;"

My reasons for vetoing these sections are as follows:

**Section 204 (1), page 17, General Assistance-Unemployable (Department of Social and Health Services — Economic Services Program)**

This subsection requires that General Assistance-Unemployable recipients needing alcohol or drug treatment be assigned a protective payee to serve as a custodian of those recipients' cash assistance payments. While I support the concept of protective payees in this program, I cannot support policy changes that would increase administrative costs

when the legislative budget significantly reduces basic cash and medical assistance benefits available to those receiving General Assistance.

**Sections 204(6)(a), 204(6)(b) and 204(6)(c), Child Care Co-pays (Department of Social and Health Services — Economic Services Program)**

Affordable child care is a crucial part of successfully moving people from welfare to work. To effectively administer a child care assistance program for low-income families within the amounts appropriated by the Legislature, the Department must have the flexibility to devise a workable co-payment schedule that keeps the program solvent while still providing the assistance necessary to keep low income parents in the work force. Therefore, I have vetoed the co-payment schedule outlined in this section, because it does not provide the Department with the necessary flexibility and may significantly increase the cost of child care for low-income families.

Instead, I will direct the Department to implement a child care program that supports the goals of the WorkFirst program to make work pay. The monthly co-pay required shall be a minimum of ten dollars for families at or below seventy-four percent of the federal poverty level adjusted for family size. For families with incomes above seventy-four percent of the federal poverty level adjusted for family size, the monthly co-pay shall be a minimum of twenty dollars or forty-seven percent of the family's income above one hundred percent of the federal poverty level adjusted for family size. Child care assistance shall not be provided to families with incomes above one hundred seventy-five percent of the federal poverty level adjusted for family size. As the program develops, we will continue to evaluate the success of this child care schedule in making work pay while holding costs within the appropriation level for the Workfirst program.

**Section 204(9)(d), page 20, Child Care (Department of Social and Health Services — Economic Services Program)**

I am committed to operating the WorkFirst program within the appropriation level as required by Engrossed House Bill 3901. However, I believe that requiring the Department of Social and Health Services to remain within a further defined appropriated level specific to child care unnecessarily restricts the administration of the WorkFirst Program. Other states have succeeded in significantly reducing welfare dependency by making large investments in child care and other support services, while making corresponding reductions in their grant programs. I do not want to foreclose that option in Washington State. Therefore I have vetoed this provision so the Department has flexibility in making strategic funding decisions as this program develops.

**Section 206(3), page 22, Diversity Initiative (Department of Social and Health Services — Administration and Supporting Services)**

This proviso would restrict the use of funding for staff or publications related to diversity initiatives. I believe agencies must take an active role in promoting diversity in the workplace, and have therefore vetoed this proviso.

**Section 207(2), page 23, Child Support Waiver (Department of Social and Health Services — Child Support Program)**

This proviso requires the Department of Social and Health Services to request a waiver from federal regulations regarding child support enforcement to allow the Department to replace current program audit criteria with performance measures based on program outcomes. This waiver is unnecessary, because the federal government has already replaced its process-based audit criteria with performance-based criteria and the Department currently operates under a performance-based agreement with the federal government. Because there is no need for a waiver, I have vetoed this proviso.

**Section 210(5), page 26, Basic Health Plan Report (State Health Care Authority)**

This section would require the State Health Care Authority (HCA) to report back to the Legislature by December 1, 1997 on the number of Basic Health Plan enrollees who are illegal aliens. Since the HCA does not currently collect this information, it would require substantial effort and expense to do so in order to report to the Legislature in five months. Because the Legislature provided no funding to collect this information, I have vetoed this proviso. I am also concerned that any plan to ask enrollees about their immigration status will prevent many of them from seeking needed health care.

**Section 213(2)(d), page 34, Health Care Expenditures (Department of Corrections – Institutional Services)**

Section 213, Subsection 2(d) states that it is the intent of the Legislature that the Department of Corrections reduce health care expenditures in the 1997-99 Biennium using the scenario identified in the 1996 Health Services Delivery System Study which limited health care costs to \$43 million in Fiscal Year 1998 and \$40.7 million in Fiscal Year 1999. I am concerned that this approach sets unrealistic and inflexible expectations with regard to health care expenditure reductions in the Department. The scenario referenced in the study suggests specific percentage reductions in certain areas such as out-patient hospitalization, which may not be achievable in the health care market. In addition, although the budget language references a limit to health care costs per year as stated in the health services delivery system study, it could be interpreted as a lid on total health care expenditures for the respective years. This may establish an unrealistic expectation, given recent changes in sentencing law that will further increase the state prison population. While I expect the Department will make every effort to reduce health care expenditures, it is in the state's interest that the Department have the flexibility to implement health care reductions in a safe and legally defensible manner.

**Section 302(3), page 40, Funding for Water Right Permit Processing, Water Resources Data Management, and Technical Assistance to Local Watershed Planning (Department of Ecology)**

This proviso stipulates that funding provided to the Department of Ecology shall lapse if sections 101 through 116 and 701 through 716 of Second Substitute House Bill 2054 are not enacted by June 30, 1997. Because I have vetoed some of these sections of Second Substitute House Bill 2054, I have also vetoed Section 302(3) of the appropriations act to lessen the confusion regarding the appropriation authority for the Department of Ecology.

**Section 302(4), page 40, Grant Funding for Regional Planning (Department of Ecology)**

Locally developed plans have been found to be an effective tool in managing water resources within a watershed by bringing together interested parties with knowledge and insights specific to the watershed. However, the local planning efforts have also relied — and will continue to rely — on technical expertise and information that state agencies can provide. For this reason, it is essential that the state provide adequate funding for the departments of Health, Fish and Wildlife, Ecology, and Community, Trade, and Economic Development. Therefore, I have vetoed this subsection and directing that the limited funds provided by the Legislature for watershed planning efforts be used in a more balanced and comprehensive fashion.

**Section 302(5), pages 40-41, Implementation of ESHB 1111, Granting Water Rights (Department of Ecology)**

This subsection stipulates that the funding provided to implement Engrossed Substitute House Bill 1111 lapses if that bill is not enacted. I have vetoed Substitute House Bill 1111 because I do not believe that its provisions are in the best interest of the state. Therefore, I have also vetoed Section 302(5) of the appropriations act to eliminate confusion regarding the expenditure authority for the Department of Ecology.

**Section 302(17), page 43, Special Purpose Vehicles (Department of Ecology)**

This subsection requires the Department of Ecology to reduce its fleet of special purpose vehicles by 50 percent as of June 30, 1999. In addition, the Department is required to replace the special purpose vehicles with fuel efficient vehicles or not replace them at all, depending on the agency's vehicle requirements. I have vetoed this restriction because it would severely impair the Department's ability to reach remote areas to attain water quality samples, respond to oil and other hazardous materials spills, and support the Washington Conservation Corps program.

**Section 302(22), pages 43-44, Implementation of SSB 5030, Lake Water Irrigation (Department of Ecology)**

This subsection stipulates that the funding provided to the Department of Ecology to implement Substitute House Bill 5030 lapses if the bill is not enacted. I have vetoed Substitute House Bill 5030, which provides a water right (contingent on a determination

that water is available) to those who have used the water from Lake Washington for irrigation purposes. The water issues facing this state need to be addressed through an integrated and comprehensive approach, rather than the piecemeal fashion advanced by Substitute Senate Bill 5030. I have vetoed Section 302(22) of the appropriations act to eliminate confusion regarding the expenditure authority for the Department of Ecology.

**Section 304(16), page 48, Implementation of SSB 5120, Remote Site Incubators (Department of Fish and Wildlife)**

This proviso stipulates that the funding provided to the Department of Fish and Wildlife under Substitute Senate Bill 5120 lapses if this bill is not enacted. I have vetoed Substitute Senate Bill 5120, which would require the Department to implement a program supporting remote site incubators across the state. Therefore, I have also vetoed Section 304(16) to eliminate confusion regarding the appropriation authority for the Department of Fish and Wildlife.

**Section 501(1)(e), page 53, Goals 2000 (Superintendent of Public Instruction -- State Administration); and Section 506(8), page 65, (Superintendent of Public Instruction -- Education Reform Programs)**

I have vetoed two subsections which would prevent the state from accepting federal Goals 2000 funding to support Washington State's education reform initiative. Goals 2000 funding supports development of state and local plans to improve student learning and is helping Washington State realize the goal of improving student achievement as envisioned in Washington's Education Reform Act of 1993.

Over \$16 million in Goals 2000 funding is expected to be available to Washington State during the 1997-99 Biennium. Of this amount, \$14 million will be available for grants to help schools develop and implement student learning improvement plans, supplementing \$50.8 million in General Fund-State appropriations approved by the Legislature for student learning improvement grants. Another \$1.0 million in Goals 2000 funding will be used to pay for the development of tests to measure student achievement, and the remaining \$0.7 million will fund state coordination and planning by the Office of Superintendent of Public Instruction.

**Section 501(2)(e)(f), page 54, Second Substitute Senate Bill 5508 (Superintendent of Public Instruction -- State Administration)**

This proviso authorizes \$700,000 for implementation of Second Substitute Senate Bill 5508, pertaining to Third Grade Reading Accountability. Because the Legislature did not approve this bill, I have vetoed this subsection of the appropriations act.

**Section 503(4)(b), page 62, Salary Increase Allocations (Superintendent of Public Instruction -- Employee Compensation Adjustments)**

Section 503(4)(b) would reduce allocations for 1998-99 state salary increases to districts that appear to be in violation of the state salary limit for teachers and other certificated instructional school employees (RCW 28A.400.200).

I understand there have been some concerns about compliance with the state salary limit, and I support Section 503(4)(a) which requires the Superintendent of Public Instruction (SPI) to compare actual and allocated salaries in the 1997-98 school year and report results to the Legislature. This report will provide valuable information to the 1998 Legislature, and will give school districts an opportunity to explain apparent violations of the salary limit.

However, I do not favor imposing penalties without further review of this issue. The proposed comparison of actual and allocated salaries is *not* synonymous with the salary limit imposed by RCW 28A.400.200. The statute limits total actual salary payments at *year-end*, whereas the comparison proposed in this subsection is based on staff employed by a school district at the *beginning of the school year* (October 1). Also, the penalty proposed by 503(4)(b) would take money away from school districts in the 1998-99 school year — a year when no state salary increase is provided. The result could be pay cuts for school employees.

Therefore, I have vetoed Section 503(4)(b) to provide an opportunity for these issues to be carefully considered before imposing penalties.

**Section 503(5), page 63, Salary Adjustments for Classified Staff (Superintendent of Public Instruction — Employee Compensation Adjustments)**

Section 503(5) would require that every state-funded classified school employee receive a three percent salary adjustment effective September 1, 1997.

I value the classified school employees who teach in classrooms, drive school buses, serve in cafeterias, and work in offices around this state. I believe they deserve more than one three-percent salary increase in the next two years. But I do not support state intervention into school salary negotiations.

The salary increase money provided for school employees has been, and should continue to be, "for allocation purposes only." Actual salaries should be set by school boards through negotiations with employees and their representatives. Section 503(5) would circumvent this process and would also burden school districts with needless paperwork to demonstrate compliance. For these reasons, I have vetoed section 503(5).

**Section 507 (4), (5), and (6), pages 65-66, Bilingual Program Formula (Superintendent of Public Instruction — Transitional Bilingual Programs)**

Section 507(4) would eliminate state support for bilingual instruction for preschool students. I have vetoed this section because I believe that this instruction serves the best interest of students and the state as a whole. Children growing up in homes where English is not the primary language face a difficult adjustment when entering the public schools. It only makes sense to help these children and their parents make this adjustment more successful. I understand there may be a question about whether state funding can be provided for these students under current law, but my veto of this section allows the legal issue to be resolved independently and leaves open an opportunity for further policy discussion about the merits of this instruction.

Section 507(5) and (6) would implement a new "weighted" bilingual funding formula based on each student's grade level and years in bilingual instruction. This may be an excellent idea, but it lacks the supporting analysis necessary for a change in a basic education program. Bilingual instruction is generally accepted as part of the program of "basic education" required to meet the state's constitutional duty to provide for the education of all children in Washington. While basic education formulas are not cast in stone, they should be changed only after careful analysis and based on findings of the Legislature. Section 507(2) requires the Superintendent of Public Instruction to study the bilingual funding formula and report to the Legislature by January 15, 1998. With the benefit of this study, the Legislature will be better prepared to propose and defend changes to the bilingual funding formula. Therefore, I have vetoed section 507(5) and (6).

**Section 602(2), page 73, Higher Education enrollment**

In this section, the Legislature states its intent to penalize higher education institutions for falling as little as one full-time equivalent (FTE) student below the FTE enrollments assumed in the 1997-99 Operating Budget. Exceptions are allowed only for Eastern Washington University and branch campuses. I fully support the expectation that institutions will operate productively and efficiently. I also proposed a sanction for enrollment under budget targets. However, sanctions for under enrollment should occur only if enrollment is below a target range from budgeted levels, not for each single FTE. Moreover, if the Legislature does intend to impose a fiscal penalty for under enrollment, more precise parameters will need to be specified, including the data sources and threshold dates used to calculate enrollment and the dollar sanction per under enrolled FTE. Therefore, I have vetoed this section because it represents an unworkable approach to addressing the issue of under enrollment.

**Section 611(5)(a)(i), page 84, Alternative Distribution of State Need Grants, (Higher Education Coordinating Board)**

Section 611(5)(a)(i) directs the Higher Education Coordinating Board (HECB) to determine eligibility for state need grants for the 1998-99 academic year based on a family income index for independent and dependent students, unless a model is developed to calculate need grant amounts based on the cost of tuition. I have vetoed this requirement, because I believe it mandates a significant change in how state need grants are distributed in a way that discourages careful deliberation of the merits of these proposals. Instead, the HECB or Legislature must take one action in order to prevent another policy from taking

effect. Using a family income index for independent and dependent students would lower the need grant eligibility threshold for independent students. This could have a significant impact on certain students' access to state financial aid, which has not been adequately assessed. If the Legislature's intent is to base need grant awards on the cost of tuition, the HECB can evaluate the effect of this policy change, prepare proposals and present recommendations by the 1998 Legislative Session. It is not necessary to link the two policies together in a way that could inhibit good debate and sound decisions.

**Section 702, page 87, Year 2000 Allocations**

This section repeals funding provided for Year 2000 maintenance of computer systems in Substitute Senate Bill 6062 for the 1997-99 Biennium. Section 1608 of Engrossed Substitute House Bill 2259 replaces this funding in the 1997 Supplemental Budget, and requires that the funds be deposited in a nonappropriated account so they can be expended in the 1997-99 Biennium. However, in some cases this approach is contrary to federal requirements for use of funds, and creates potential fund imbalances in other dedicated accounts. In order to avoid these technical problems, I have vetoed Section 702 so that the appropriations from dedicated funds originally provided for the 1997-99 Biennium remain in effect. Since this approach creates duplicate General Fund-State appropriations (one in the Fiscal Year 1997 Supplemental Budget and one in the 1997-99 biennial budget), I will place the General Fund-State appropriation for the 1997-99 Biennium in reserve and will request that it be eliminated in the Fiscal Year 1998 Supplemental Budget.

**Section 706, page 89, Regulatory Reform**

The 1997 Legislature approved two regulatory reform bills, Engrossed Second Substitute House Bill 1032, and Substitute House Bill 1076, sections of which I am signing into law. Section 706 of Engrossed Substitute House Bill 2259 repeals appropriations made in Substitute Senate Bill 6062 — which I have signed into law — designed to fund increased duties and responsibilities for agencies implementing changes to regulatory processes during the 1997-99 Biennium.

I have vetoed Section 706 of Engrossed Substitute House Bill 2259 to preserve funding needed to implement the approved sections of the two regulatory reform bills. The Office of Financial Management will allocate portions of this funding to agencies, as necessary, to implement these two bills.

**Section 902, page 93, Council on Environmental Education**

This section prohibits the use of state funds provided in Engrossed Substitute House Bill 2259 to support the Governor's Council on Environmental Education. There are eleven state agencies that work with the state's environmental community and federal agencies on environmental education related activities. Funding for the Council is necessary to promote efficient and coordinated efforts in this area. Therefore, I have vetoed section 902.

**Section 1608, page 211 line 24 - 38, page 212 line 1-2, Year 2000 Allocations (Office of Financial Management)**

In concert with the veto of Section 702, I have vetoed all but the General Fund-State appropriations in Fiscal Year 1997 for Year 2000 conversion costs contained in Section 1608 of Engrossed Substitute House Bill 2259. Allocations will be made by the Office of Financial Management directly from the dedicated funds in the 1997-99 Biennium as directed in Substitute Senate Bill 6062. The veto of the dedicated fund appropriations in ESHB 2259 simplifies the administration of the other fund allocations, avoids potential fund balance problems, and is consistent with regulations for the use of federal funds.

With the exception of sections 204(1); 204(6)(a); 204(6)(b); 204(6)(c); 204(9)(d); 206(3); 207(2); 210(5); 213(2)(d); 302(3); 302(4); 302(5); 302(17); 302(22); 304(16); 501(1)(e); 501(2)(e)(i); 503(4)(b); 503(5); 506(8); 507(4); 507(5); 507(6); 602(2); 611(5)(a)(i); 702; 706; 902, and 1608, page 211, lines 24-38 and page 212, lines 1-2, Engrossed Substitute House Bill 2259 is approved."

CHAPTER 455

[Engrossed House Bill 2255]

SUPPLEMENTAL CAPITAL BUDGET, 1997-1999

AN ACT Relating to the capital budget; amending 1997 c . . . (SSB 6063) s 123 (uncodified); adding new sections to 1997 c . . . (SSB 6063); creating a new section; making appropriations and authorizing expenditures for capital improvements; and declaring an emergency.

TOTAL APPROPRIATION . . . . .	\$	<del>((190,196,000))</del>
		<u>205,196,000</u>

The appropriations in this section are subject to the following conditions and limitations and specified amounts are provided solely for that activity:

(1) Up to \$13,100,000 of the motor vehicle fund—federal appropriation in this section is provided for construction of demonstration projects specified in the federal intermodal surface transportation efficiency act (P.L. 101-240; 105 Stat. 1914). The motor vehicle fund—state appropriation includes \$3,275,000 in proceeds from the sale of bonds authorized in RCW 47.10.819(1) for the federal match requirements. However, the transportation commission may authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

(2) The motor vehicle fund—state appropriation in this section includes \$1,750,000 solely to fund the state's share of the east marine view drive project. This amount represents a reappropriation of the funding first provided for Everett homeport transportation projects in 1987. With this reappropriation, the legislature has fulfilled its commitment for funding of special transportation projects associated with the Everett homeport.

(3) \$2,600,000 of the motor vehicle fund—state appropriation and \$1,400,000 of the general fund—state appropriation in this section is provided solely for one-time capital infrastructure investment associated with development of a horse racetrack in western Washington. With this appropriation, the state has fulfilled its commitment to this project.

(4) Up to \$1,100,000 of the motor vehicle fund—state appropriation and \$300,000 of the transportation fund—state appropriation contained in this section shall be used for evaluations that mutually benefit the state department of transportation, counties, and cities. The evaluations may include fuel tax evasion; license fraud; and the development of an implementation plan for the financing and construction of state, local, and private transportation improvements in south downtown Seattle. The implementation plan shall address the safety needs of the Spokane street viaduct, but shall not include any projects that would be financed and constructed under the public-private transportation initiatives program established in chapter 47.46 RCW. The evaluations shall include port mobility issues and other issues as determined by the legislative transportation committee.

(5) \$700,000 of the motor vehicle fund—federal appropriation for the surface transportation program enhancements program is provided for storm water control grants as provided for in Second Substitute House Bill No. 2031. If Second

Substitute House Bill No. 2031 is not enacted by June 30, 1996, this subsection is null and void.

(6) \$1,000,000 of the motor vehicle fund—federal appropriation for the surface transportation program enhancements program is provided to the state parks and recreation commission to be used for trail development. The amount provided represents partial consideration for cross-state trail development necessitated under Engrossed Substitute House Bill No. 2832.

(7) \$6,000 of the transportation fund—state appropriation is provided as the state match on the Colfax paving project.

(8) \$25,000 of the transportation fund—state appropriation in this section is provided to evaluate and determine which agency or organization should be authorized to manage and operate the aerial search and rescue program.

(9) \$50,000 of the motor vehicle fund—state appropriation and \$25,000 of the transportation fund—state appropriation in this section are provided solely for an evaluation of the impacts of rail transportation through the city of Auburn, to be conducted by the city of Auburn. "Evaluation" for the purpose of this subsection does not include litigation. This evaluation shall be coordinated with the Port of Tacoma, the cities of Tacoma, Federal Way, and Algona, and other affected jurisdictions participating in the Tacoma tideflat truck and rail circulation analysis provided for in subsection (4) of this section. The city of Auburn shall complete its analysis no later than October 31, 1996, and report its findings to the Tacoma tideflat truck and rail circulation study group.

(10) The motor vehicle fund—federal appropriation includes \$15,000,000 federal highway administration reimbursement to Washington for damage from the 1996 December floods to local owned roads on the federal system.

**NEW SECTION. Sec. 610.** A new section is added to 1996 c 165 (uncodified) to read as follows:

\$10,000,000 from the motor vehicle fund—federal is appropriated to the department of transportation solely for damage resulting from floods and winter storms. This appropriation will be allotted in programs p-preservation and m-maintenance as determined by the department of transportation.

Sec. 611. 1996 c 165 s 401 (uncodified) is amended to read as follows:

Passed the Senate April 27, 1997.

Passed the House April 26, 1997.

Approved by the Governor May 20, 1997, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State May 20, 1997.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 106(3); 106(4); 106(5); 106(6); 106(7); 214, lines 27 through 33, page 19; 217(1)(a); 217(7); 226(8); 409; 507 and 508, Engrossed Substitute Senate Bill No. 6061 entitled:

"AN ACT Relating to transportation funding and appropriations;"

Engrossed Substitute Senate Bill No. 6061 provides a supplemental budget for the 1995-97 transportation budget, and a state transportation budget for the 1997-99 Biennium. I am vetoing the following sections:

Section 106(3), (4), (5), (6) and (7), pages 5-8, (Joint Legislative Audit and Review Committee)

Section 106 gives the Joint Legislative Audit and Review Committee (JLARC) a \$1.5 million appropriation to conduct a performance audit of the Department of Transportation, the Washington State Patrol, and the Department of Licensing. In addition, a temporary Performance Audit Advisory Committee is created with the Director of the Office of Financial Management serving as the Chair.

While there is no question about the commitment of all parties, including myself, to conduct a creditable and timely performance audit of transportation programs, I have vetoed subsections (3) through (7) in order to provide maximum flexibility to the Advisory Committee to manage the audit as effectively as possible within the available dollars. This

veto will permit an audit schedule that will produce substantive results for consideration by the Legislature the 1998 Session. The audit activities outlined in the vetoed provisos can serve as guidance, rather than limits, for the Committee as they start their deliberations. The veto of these subsections does not preclude the Advisory Committee from addressing the same issues, but it does allow the Committee to adjust the scope and emphasis of the audit activities as information is developed by the consultants and committee staff.

**Section 214, page 19, line 27 through 33, (Department of Licensing)**

This section provides \$2.5 million to improve driver's license document security only if Substitute House Bill No. 1501, Substitute Senate Bill No. 5718, or driver's license security provisions that are substantially similar to the security provisions in either bill are enacted by June 30, 1997. Prior to approving Substitute Senate Bill No. 5718, the Legislature removed provisions relating to digitized photos and anti-counterfeiting and tampering improvements to the driver document. Therefore, I have vetoed this section to avoid any confusion about legislative intent.

**Section 217(1)(a), page 21, (Department of Transportation — Improvements - Program I) and Section 409, page 40, (FY 99 Transfer From the GF to the Transportation Fund)**

Section 409 transfers \$50 million from the General Fund-State into the Transportation Fund in Fiscal Year 1999, thereby reducing the Initiative 601 expenditure limit by over \$150 million over the next four years. I have vetoed section 409 because this transfer would reduce the availability of General Fund-State resources for education and other high-priority issues in this and future biennia.

I have also vetoed section 217(1)(a), which specifies that \$75 million from the Transportation Fund and \$25 million from the Motor Vehicle Fund are appropriated for mobility projects and studies as selected by the Transportation Commission. Because I have vetoed the \$50 million General Fund-State transfer, only \$50 million is now available for these purposes. Therefore, I will ask the Transportation Commission to provide a project list that fits within the remaining funds using the same criteria specified in section 217(1)(a). I will also ask the Legislature, in the supplemental budget for Fiscal Year 1998, to expedite appropriation of the remaining funds.

**Section 217(7), page 22, (Department of Transportation — Improvements - Program I)**

This subsection would prohibit the Department of Transportation from spending state or federal funds for the Washington Coastal Corridor Study. This is an ongoing effort in cooperation with the Federal Highway Administration and the State of Oregon that is expected to make a significant contribution to economic development in local communities along the corridor. I have vetoed this subsection so that the study can continue as planned.

**Section 226(8), page 31, (Department of Transportation - Marine - Program X)**

Section 226(8) directs the Department of Transportation to deploy the three new Mark II Jumbo Class ferry vessels on specific routes. These type of decisions are not appropriate in a budget bill and should be addressed by the Transportation Commission who oversee the daily operations of the Washington State Ferry System.

**Sections 507 and 508, page 45, (Transportation Budget Submittals)**

These two sections direct agencies that spend transportation funds to submit their budget requests and strategic plans to the Office of Financial Management (OFM) and the Legislative Transportation Committee at the same time. All agency budget requests are public documents, and OFM routinely sends a copy of all agency budget requests to the Legislature for review soon after they are received, making these sections unnecessary.

With the exception of sections 106(3); 106(4); 106(5); 106(6); 106(7); 214, lines 27 through 33, page 19; 217(1)(a); 217(7); 226(8); 409; 507 and 508, Engrossed Substitute Senate Bill 6061 is approved."

PROPOSED CONSTITUTIONAL AMENDMENT  
ADOPTED AT THE 1997 REGULAR SESSION  
FOR SUBMISSION TO THE VOTERS  
AT THE STATE GENERAL ELECTION, NOVEMBER 1997

HOUSE JOINT RESOLUTION 4208

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state the secretary of state shall submit to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VII, section 2 of the Constitution of the state of Washington to read as follows:

Article VII, section 2. Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed one (~~per centum~~) percent of the true and fair value of such property in money: *Provided, however,* That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only as follows:

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the (~~electors thereof~~) voters of the taxing district voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of (~~persons~~) voters voting "yes" on the proposition shall constitute three-fifths of a number equal to forty (~~per centum~~) percent of the total (~~votes cast~~) number of voters voting in such taxing district at the last preceding general election when the number of (~~electors~~) voters voting on the proposition does not exceed forty (~~per centum~~) percent of the total (~~votes cast~~) number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the (~~electors thereof~~) voters of the taxing district voting on the proposition to levy when the number of (~~electors~~) voters voting on the proposition exceeds forty (~~per centum~~) percent of the (~~total votes cast~~) number of voters voting in such
