(1) The holder of a license to operate a distillery or craft distillery issued under RCW 66.24.140 or 66.24.145 may accept orders for spirits from, and deliver spirits to, customers if all of the following conditions are met for each sale:

(a) Spirits are not used for resale;

(b) Spirits come directly from the distillery's or craft distillery's possession prior to shipment or delivery. All transactions are to be treated as if they were conducted in the retail location of the distillery or craft distillery regardless of how they are received or processed;

(c) Spirits may be ordered in person at a licensed location, by mail, telephone, or internet, or by other similar methods; and

(d) Only a distillery or craft distillery licensee or a licensee's direct employees may accept and process orders and payments. A contractor may not do so on behalf of a distillery or craft distillery licensee, except for transmittal of payment through a third-party service. A third-party service may not solicit customer business on behalf of a distillery or craft distillery licensee.

(2) All orders and payments must be fully processed before spirits transfers ownership or, in the case of delivery, leaves a licensed distillery's or craft distillery's possession.

(3) Payment methods include, but are not limited to: Cash, credit or debit card, check or money order, electronic funds transfer, or an existing prepaid account. An existing prepaid account may not have a negative balance.

(4) To sell spirits via the internet, a new distillery or craft distillery license applicant must request internet-sales privileges in his or her application. An existing distillery or craft distillery licensee must notify the board prior to beginning internet sales. A corporate entity representing multiple licensees may notify the board in a single letter on behalf of affiliated distillery or craft distillery licensees, as long as the liquor license numbers of all licensee locations utilizing internet sales privileges are clearly identified.

(5) Delivery may be made only to a residence or business that has an address recognized by the United States postal service; however, the board may grant an exception to this rule at its

discretion. A residence includes a hotel room, a motel room, marina, or other similar lodging that temporarily serves as a residence.

(6) Spirits may be delivered each day of the week between the hours of 6:00 a.m. and 2:00 a.m. Delivery must be fully completed by 2:00 a.m.

(7) Under chapter 66.44 RCW, any person under twenty-one years of age is prohibited from purchasing, delivering, or accepting delivery of liquor.

(a) A delivery person must verify the age of the person accepting delivery before handing over liquor.

(b) If no person twenty-one years of age or older is present to accept a liquor order at the time of delivery, the liquor must be returned.

(8) Delivery of liquor is prohibited to any person who shows signs of intoxication.

(9)(a) Individual units of spirits must be factory sealed in bottles. For the purposes of this subsection, "factory sealed" means that a unit is in one hundred percent resalable condition, with all manufacturer's seals intact.

(b) The outermost surface of a liquor package, delivered by a third party, must have language stating that:

(i) The package contains liquor;

(ii) The recipient must be twenty-one years of age or older; and

(iii) Delivery to intoxicated persons is prohibited.

(10)(a) Records and files must be retained at the licensed premises. Each delivery sales record must include the following:

(i) Name of the purchaser;

(ii) Name of the person who accepts delivery;

(iii) Street addresses of the purchaser and the delivery location; and

(iv) Time and date of purchase and delivery.

(b) A private carrier must obtain the signature of the person who receives liquor upon delivery.

(c) A sales record does not have to include the name of the delivery person, but it is encouraged.

(11) Web site requirements. When selling over the internet, all web site pages associated with the sale of liquor must display the distillery or craft distillery licensee's registered trade name.

(12) A distillery or craft distillery licensee is accountable for all deliveries of liquor made on its behalf.

(13) The board may impose administrative enforcement action upon a licensee, or suspend or revoke a licensee's delivery privileges, or any combination thereof, should a licensee violate any condition, requirement, or restriction.

NEW SECTION. **Sec. 822.** A new section is added to chapter 66.24 RCW to read as follows:

"NEW SECTION. **Sec. 828.** A new section is added to chapter 48.43 RCW to read as follows:

(1) A health benefit plan issued or renewed after December 31, 2015, that provides coverage for prescription drugs must implement a medication synchronization policy for the dispensing of prescription drugs to the plan's enrollees.

(a) If an enrollee requests medication synchronization for a new prescription, the health plan must permit filling the drug: (i) For less than a one-month supply of the drug if synchronization will require more than a fifteen-day supply of the drug; or (ii) for more than a one-month supply of the drug if synchronization will require a fifteen-day supply of the drug or less.

This requirement does not apply to: (i) Solid oral doses of antibiotics; or (ii) solid oral doses that are dispensed in their original container or are customarily dispensed in their original packaging to assist patients with compliance.

(c) In the case of a drug that would incur a copayment, the health plan must apply cost-sharing as calculated by multiplying the applicable daily cost-sharing rate by the days' supply actually dispensed when the enrollee receives more or less than a one-month supply. In the case of a drug that would incur a coinsurance percentage, the health plan must apply the coinsurance percentage for the drug to the days' supply actually dispensed.

(2) Upon request of an enrollee, the prescribing provider or pharmacist shall:

(a) Determine that filling or refilling the prescription is in the best interest of the enrollee, taking into account the appropriateness of synchronization for the drug being dispensed;

(b) Inform the enrollee that the prescription will be filled to less than the standard refill amount for the purpose of synchronizing his or her medications; and

(c) Deny synchronization on the grounds of threat to patient safety or suspected fraud or abuse.

(3) For purposes of this section, the following terms have the following meanings unless the context clearly requires otherwise:

(a) "Daily cost-sharing rate" means, as applicable, the established: (i) Monthly copayment under the enrollee's plan, divided by the number of days in a one-month supply for the drug dispensed and rounded to the nearest cent; or (ii) coinsurance percentage under the enrollee's plan.

(b) "Medication synchronization" means the coordination of medication refills for a patient taking two or more medications for a chronic condition such that the patient's medications are refilled on the same schedule for a given time period.

(c) "Prescription" has the same meaning as in RCW 18.64.011.

NEW SECTION. **Sec. 829.** A new section is added to chapter 41.05 RCW to read as follows:

(1) A health benefit plan offered to public employees and their covered dependents under this chapter that is not subject to chapter 48.43 RCW, that is issued or renewed after December 31, 2015, and that provides coverage for prescription drugs must implement a medication synchronization policy for the dispensing of prescription drugs to the plan's enrollees.

(a) If an enrollee requests medication synchronization for a new prescription, the health plan must permit filling the drug: (i) For less than a one-month supply of the drug if synchronization will require more than a fifteen-day supply of the drug; or (ii) for more than a one-month supply of the drug if synchronization will require a fifteen-day supply of the drug or less.

(b) The health plan must establish a daily cost-sharing rate and apply it to a prescription presented to a network pharmacy for a covered drug that is dispensed for more or less than a one-month supply if the drug is in the form of a solid oral dose. This requirement does not apply to: (i) Solid oral doses of antibiotics; or (ii) solid oral doses that are dispensed in their original container or are customarily dispensed in their original packaging to assist patients with compliance.

(c) In the case of a drug that would incur a copayment, the health plan must apply cost-sharing as calculated by multiplying the applicable daily cost-sharing rate by the days' supply actually dispensed when the enrollee receives more or less than a one-month supply. In the case of a drug that would incur a coinsurance percentage, the health plan must apply the coinsurance percentage for the drug to the days' supply actually dispensed.

(2) Upon request of an enrollee, the prescribing provider or pharmacist shall:

(a) Determine that filling or refilling the prescription is in the best interest of the enrollee, taking into account the appropriateness of synchronization for the drug being dispensed;

(b) Inform the enrollee that the prescription will be filled to less than the standard refill amount for the purpose of synchronizing his or her medications; and

(c) Deny synchronization on the grounds of threat to patient safety or suspected fraud or abuse.

(3) For purposes of this section, the following terms have the following meanings unless the context clearly requires otherwise:

(a) "Daily cost-sharing rate" means, as applicable, the established: (i) Monthly copayment under the enrollee's plan, divided by the number of days in a one-month supply for the drug dispensed and rounded to the nearest cent; or (ii) coinsurance percentage under the enrollee's plan.

(b) "Medication synchronization" means the coordination of medication refills for a patient taking two or more medications for a chronic condition such that the patient's medications are refilled on the same schedule for a given time period.

(c) "Prescription" has the same meaning as in RCW 18.64.011."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 830.** INTENT. (1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities.

Sec. 831. RCW 43.215.100 and 2013 c 323 s 6 are each amended to read as follows:

EARLY ACHIEVERS, QUALITY RATING, AND IMPROVEMENT SYSTEM.

(1) ((~~Subject to the availability of amounts appropriated for this specific purpose,~~)) The department, in collaboration with tribal governments and community and statewide partners, shall implement a ((~~voluntary~~)) quality rating and improvement system, called the early achievers program((~~, that~~)). The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers and homes and early ((~~education~~)) learning programs such as working connections child care and early childhood education and assistance programs.

(2) The ((~~purpose~~)) objectives of the early achievers program ((~~is~~)) are to:

(a) ((~~To~~)) Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs((~~,~~));

(c) Support improvement in early learning and child care programs throughout the state((~~,~~));

(d) Increase the readiness of children for school((~~, and~~));

(e) Close the ((~~disparity~~)) disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers; and ((~~(b) to~~))

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3)(a) Licensed or certified child care centers and homes serving nonschool age children and receiving state subsidy payments must participate in the early achievers program by the required deadlines established in RCW 43.215.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.215.415.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers and homes not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school age child care providers

the department and the office of the superintendent of public instruction shall implement a pilot program.

(4) ((~~By fiscal year 2015, Washington state preschool programs receiving state funds must enroll in the early achievers program and maintain a minimum score level.~~

~~(5) Before final implementation of the early achievers program, the department shall report on program progress, as defined within the race to the top federal grant award, and expenditures to the appropriate policy and fiscal committees of the legislature.~~)) There are five levels in the early achievers program. Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) By August 1, 2015, early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.215.090, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(13) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(14) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

NEW SECTION. **Sec. 832.** A new section is added to chapter 43.215 RCW to read as follows:

SINGLE SET OF LICENSING STANDARDS.

(1) No later than July 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

(a) Provide minimum health and safety standards for child care and preschool programs;

(b) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;

(c) Take into account the separate needs of family care providers and child care centers; and

(d) Promote the continued safety of child care settings.

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject only to state licensing requirements necessary to assure the health and safety of all students in the state and to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments.

Sec. 833. RCW 43.215.200 and 2011 c 359 s 2 and 2011 c 253 s 3 are each reenacted and amended to read as follows:

DIRECTOR'S LICENSING DUTIES.

It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation with the state fire marshal's office, the director shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session. For child care programs serving only school-age children and operating in the same facilities used by public or private schools, the director shall not impose additional health and safety licensing requirements related to the physical facility beyond the health and safety standards established by the state board of health for primary and secondary schools pursuant to its authority in RCW 43.20.050;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To satisfy the shared background check requirements provided for in RCW 43.215.215 and 43.20A.710, the department of early learning and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children.

NEW SECTION. **Sec. 834.** A new section is added to chapter 43.215 RCW to read as follows:

REDUCTION OF BARRIERS—LOW-INCOME PROVIDERS AND PROGRAMS—EARLY ACHIEVERS.

(1)(a) The department shall, in collaboration with tribal governments and community and statewide partners, implement a protocol to maximize and encourage participation in the early achievers program for culturally diverse and low-income center and family home child care providers. Amounts appropriated for the encouragement of culturally diverse and low-income center and family home child care provider participation shall be appropriated separately from the other funds appropriated for the department, are the only funds that may be used for the protocol, and may not be used for any other purposes. Funds appropriated for the protocol shall be considered an ongoing program for purposes of future departmental budget requests.

(b) During the first thirty months of implementation of the early achievers program the department shall prioritize the resources authorized in this section to assist providers rating at a level 2 in the early achievers program to help them reach a level 3 rating wherever access to subsidized care is at risk.

(2) The protocol should address barriers to early achievers program participation and include at a minimum the following:

(a) The creation of a substitute pool;

(b) The development of needs-based grants for providers at level 2 in the early achievers program to assist with purchasing curriculum development, instructional materials, supplies, and equipment to improve program quality. Priority for the needs-based grants shall be given to culturally diverse and low-income providers;

(c) The development of materials and assessments in a timely manner, and to the extent feasible, in the provider and family home languages; and

(d) The development of flexibility in technical assistance and coaching structures to provide differentiated types and amounts of support to providers based on individual need and cultural context.

Sec. 835. RCW 43.215.135 and 2013 c 323 s 9 are each amended to read as follows:

WORKING CONNECTIONS CHILD CARE.

(1) The department shall establish and implement policies in the working connections child care program to promote stability

and quality of care for children from low-income households. These policies shall focus on supporting school readiness for young learners. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote ((~~continuity of care for children~~)) stability, quality, and continuity of early care and education programming.

(2) ((~~Beginning in fiscal year 2013,~~)) As recommended by Public Law 113-186, authorizations for the working connections child care subsidy shall be effective for twelve months ((~~unless a change in circumstances necessitates reauthorization sooner than twelve months. The twelve-month certification applies only if the enrollments in the child care subsidy or working connections child care program are capped.~~

~~(3) Subject to the availability of amounts appropriated for this specific purpose, beginning September 1, 2013, working connections child care providers shall receive a five percent increase in the subsidy rate for enrolling in level 2 in the early achievers programs. Providers must complete level 2 and advance to level 3 within thirty months in order to maintain this increase~~)) beginning January 1, 2016.

(3) Existing child care providers serving nonschool age children and receiving state subsidy payments must complete the following requirements to be eligible for a state subsidy under this section:

(a) Enroll in the early achievers program within thirty days of receiving the initial state subsidy payment;

(b) Complete level 2 activities in the early achievers program within twelve months of enrollment; and

(c) Rate at a level 3 or higher in the early achievers program within thirty months of enrollment. If a child care provider rates below a level 3 within thirty months from enrollment into the early achievers program, the provider must complete remedial activities with the department, and rate at a level 3 or higher within six months of beginning remedial activities.

(5) If a child care provider does not rate at a level 3 or higher following the remedial period, the provider is no longer eligible to receive state subsidy under this section.

(6) If a child care provider serving nonschool age children and receiving state subsidy payments has successfully completed all level 2 activities and is waiting to be rated by the deadline provided in this section, the provider may continue to receive a state subsidy pending the successful completion of the level 3 rating activity.

(7) The department shall implement tiered reimbursement for early achievers program participants in the working connections child care program rating at level 3, 4, or 5.

(8) The department shall account for a child care copayment collected by the provider from the family for each contracted slot and establish the copayment fee by rule.

Sec. 836. RCW 43.215.1352 and 2012 c 251 s 2 are each amended to read as follows:

WORKING CONNECTIONS CHILD CARE.

When an applicant or recipient applies for or receives working connections child care benefits, ((~~he or she~~)) the applicant or recipient is required to((~~:~~

EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) The department shall adopt rules under chapter 34.05 RCW for the administration of the early childhood education and assistance program. Approved early childhood education and assistance programs shall conduct needs assessments of their service area((~~,~~)) and identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation((~~, and~~)). Approved early childhood education and assistance programs shall provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

(2) The department, in developing rules for the early childhood education and assistance program, shall consult with the early learning advisory ((~~committee~~)) council, and shall consider such factors as coordination with existing head start and other early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the early childhood programs to provide for parental involvement in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training.

(3)(a) The department shall adopt rules pertaining to the early childhood education and assistance program that outline allowable periods of child absences, required contact with parents or caregivers to discuss child absences and encourage regular attendance, and a de-enrollment procedure when allowable child absences are exceeded. The department shall adopt rules on child absences and attendance within the department's appropriations.

(b) Rules pertaining to child absences and de-enrollment procedures shall be adopted no later than July 31, 2016. The department shall adopt rules on child absences and attendance within the department's appropriations.

(4) The department shall adopt rules requiring early childhood education and assistance program employees who have access to children to submit to a fingerprint background check. Fingerprint background check procedures for the early childhood education and assistance program shall be the same as the background check procedures in RCW 43.215.215.

Sec. 838. RCW 43.215.415 and 1994 c 166 s 5 are each amended to read as follows:

EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) Approved early childhood education and assistance programs shall receive state-funded support through the department. Public or private ((~~nonsectarian~~)) organizations((~~,~~)) including, but not limited to, school districts, educational service districts, community and technical colleges, local governments, or nonprofit organizations, are eligible to participate as providers of the state early childhood education and assistance program. ((~~Funds appropriated for the state program shall be used to continue to operate existing programs or to establish new or~~

~~expanded early childhood programs, and shall not be used to supplant federally supported head start programs.~~))

(2) Funds obtained by providers through voluntary grants or contributions from individuals, agencies, corporations, or organizations may be used to expand or enhance preschool programs so long as program standards established by the department are maintained((~~, but shall not be used to supplant federally supported head start programs or state-supported early childhood programs~~)).

(3) Persons applying to conduct the early childhood education and assistance program shall identify targeted groups and the number of children to be served, program components, the qualifications of instructional and special staff, the source and amount of grants or contributions from sources other than state funds, facilities and equipment support, and transportation and personal care arrangements.

(4) Existing early childhood education and assistance program providers must complete the following requirements to be eligible to receive state-funded support under the early childhood education and assistance program:

(a) Enroll in the early achievers program by August 1, 2015;

If an early childhood education and assistance program provider rates below a level 4 within eighteen months, the provider must complete remedial activities with the department, and rate at a level 4 or 5 within six months of beginning remedial activities.

(6)(a) If an early childhood education and assistance program provider has successfully completed all of the required early achievers program activities and is waiting to be rated by the deadline provided in this section, the provider may continue to participate in the early achievers program as an approved early childhood education and assistance program provider and receive state subsidy pending the successful completion of a level 4 or 5 rating.

(b) To avoid disruption, the department may allow for early childhood education and assistance program providers who have rated below a level 4 after completion of the six-month remedial period to continue to provide services until the current school year is finished.

(7) The department shall collect data periodically to determine the demand for full-day programming for early childhood education and assistance program providers. The department shall analyze this demand by geographic region and shall include the findings in the annual report required under section 17(5) of this act.

(8) By December 1, 2015, the department shall develop a pathway for licensed or certified child care centers and homes to administer an early childhood education and assistance program. Sec. 839. RCW 43.215.430 and 2013 c 323 s 7 are each amended to read as follows:

EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

The department shall review applications from public or private ((~~nonsectarian~~)) organizations for state funding of early childhood education and assistance programs. The department shall consider local community needs, demonstrated capacity, and the need to support a mixed delivery system of early learning that includes alternative models for delivery including licensed centers and licensed family child care providers when reviewing applications.

Sec. 840. RCW 43.215.455 and 2010 c 231 s 3 are each amended to read as follows:

EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in RCW ((~~43.215.142~~)) 43.215.456. SB 5779 Prime Sponsor, Senator Parlette: Reducing penalties applied to regional support networks and behavioral health organizations. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 856.** RCW 71.24.310 and 2013 2nd sp.s. c 4 s 994 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that the department and the regional support networks shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, regional support networks shall recommend to the department the number of state hospital beds that should be allocated for use by each regional support network. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the regional support networks regarding the number of state hospital beds that should be allocated for use by each regional support network, the department shall contract with each regional support network accordingly.

(3) If there is not consensus among the regional support networks regarding the number of beds that should be allocated for use by each regional support network, the department shall establish by emergency rule the number of state hospital beds that are available for use by each regional support network. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each regional support network area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with regional support networks to provide some or all of the regional support network's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the regional support network in the state hospital.

(6) If a regional support network uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be one-half of the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) ((~~One-half of~~)) Any reimbursements received pursuant to subsection (6) of this section shall be ((~~used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a regional support network to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements~~)) distributed among regional support networks that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

SSB 5877 Prime Sponsor, Committee on Health Care: Concerning due process for adult family home licensees. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 869.** RCW 70.128.160 and 2013 c 300 s 4 are each amended to read as follows:

(1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement only after: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed. In order to protect the home's existing residents from potential ongoing neglect, when the provider has been cited for a violation that is repeated, uncorrected, pervasive, or presents a threat to the health, safety, or welfare of one or more residents, and the department has imposed a stop placement, the department shall also impose a condition on license or other remedy to facilitate or spur prompter compliance if the violation has not been corrected, and the provider has not exhibited the capacity to maintain correction, within sixty days of the stop placement.

(4) Nothing in subsection (3) of this section is intended to apply to stop placement imposed in conjunction with a license revocation or summary suspension or to prevent the department from imposing a condition on license or other remedy prior to sixty days after a stop placement, if the department considers it necessary to protect one or more residents' well-being. After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this

subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending ((~~any~~)) a hearing, which must commence no later than sixty days after receipt of a request for a hearing. The time for commencement of a hearing may be extended by agreement of the parties or by the presiding officer for good cause shown by either party, but must commence no later than one hundred twenty days after receipt of a request for a hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance."

ESSB 5884 Prime Sponsor, Committee on Law & Justice: Concerning the trafficking of persons. Reported by Committee on Public Safety

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 870.** (1) The legislature has long been committed to increasing access to support services for human trafficking victims and promoting awareness of human trafficking throughout Washington state. In 2002, Washington was the first state to work on human trafficking by enacting new laws and by creating an antitrafficking task force. In 2003, Washington was the first state to enact a law making human trafficking a crime.

Since 2002, the Washington state legislature has enacted thirty-eight laws to combat human trafficking. In 2013 and 2014, Washington received top marks from two leading nongovernmental organizations for the strength of its antitrafficking laws. The polaris project gave Washington a perfect score of ten and Washington received an "A" report card from shared hope international's protected innocence challenge. In light of the 2010 winter olympic games taking place in Vancouver, British Columbia, the legislature enacted RCW 47.38.080, permitting an approved nonprofit to place informational human trafficking posters in restrooms located in rest areas along Interstate 5. Sporting events, such as the winter olympic games or the upcoming 2015 United States open golf tournament at Chambers Bay, provide lucrative opportunities for human traffickers to exploit adults and children for labor and sexual services. The legislature finds that an effective way to combat human trafficking is to increase awareness of human trafficking for both victims and the general public alike as well as who and how to contact for help and support services, for both victims and the general public alike.

(2) Human trafficking data are primarily obtained through a hotline reporting system in which victims and witnesses can report cases of human trafficking over the phone. Since 2007, there have been one thousand eight hundred fifty human trafficking calls made through the human trafficking victim hotline system in Washington state, and a total of four hundred thirty-two human trafficking cases reported. It is the intent of the legislature to facilitate an even wider scope of communication with human trafficking victims and witnesses by requiring human trafficking information to be posted in all public restrooms.

NEW SECTION. **Sec. 871.** A new section is added to chapter 7.68 RCW to read as follows:

(1) The office of crime victims advocacy is designated as the single point of contact in state government regarding the trafficking of persons.

The clearinghouse will include an internet web site operated by the office of crime victims advocacy, and will serve the following functions:

(a) Coordinating information regarding all statewide task forces relating to the trafficking of persons including, but not limited to, sex trafficking, commercial sexual exploitation of children, and labor trafficking;

(b) Publishing the findings and legislative reports of all statewide task forces relating to the trafficking of persons;

(((~~(8) The task force expires June 30, 2004.~~)))

The bond shall be conditioned upon the licensee paying all persons who purchase checks, drafts, or money orders from the licensee the face value of any check, draft, or money order which is dishonored by the drawee bank, savings bank, or savings and loan association due to insufficient funds or by reason of the account having been closed. The bond shall only be liable for the face value of the dishonored check, draft, or money order, and shall not be liable for any interest or consequential damages.

(b) ((~~Before granting a small loan endorsement under this chapter, the director shall require that the licensee file with the director a surety bond, in a format acceptable to the director, issued by a surety insurer that meets the requirements of chapter 48.28 RCW. The director shall adopt rules to determine the penal sum of the bond that shall be filed by each licensee. A licensee who wishes to engage in both check selling and making small loans may combine the penal sums of the bonding requirements and file one bond in a form acceptable to the director. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the licensee's violation of this chapter or any rules adopted under this chapter. The bond shall only be liable for damages suffered by borrowers as a result of the licensee's violation of this chapter or~~

~~rules adopted under this chapter, and shall not be liable for any interest or consequential damages.~~

~~(c)~~)) The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director and licensee of its intent to cancel the bond. The cancellation is effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond shall not be liable for any liability of the licensee for tortious acts, whether or not such liability is imposed by statute or common law, or is imposed by contract. The bond shall not be a substitute or supplement to any liability or other insurance required by law or by the contract. If the surety desires to make payment without awaiting court action against it, the penal sum of the bond shall be reduced to the extent of any payment made by the surety in good faith under the bond.

(((~~(d)~~))) (c) Any person who is a purchaser of a check, draft, or money order from the licensee having a claim against the licensee for the dishonor of any check, draft, or money order by the drawee bank, savings bank, or savings and loan association due to insufficient funds or by reason of the account having been closed, or who obtained a small loan from the licensee and was damaged by the licensee's violation of this ((~~chapter~~)) subchapter or rules adopted under this ((~~chapter~~)) subchapter, may bring suit upon such bond or deposit in the superior court of the county in which the check, draft, or money order was purchased, or in the superior court of a county in which the licensee maintains a place of business. Jurisdiction shall be exclusively in the superior court. Any such action must be brought not later than one year after the dishonor of the check, draft, or money order on which the claim is based. In the event valid claims against a bond or deposit exceed the amount of the bond or deposit, each claimant shall only be entitled to a pro rata amount, based on the amount of the claim as it is valid against the bond, or deposit, without regard to the date of filing of any claim or action.

(((~~(e)~~))) (d) In lieu of the surety bond required by this section, the applicant for a check seller license may file with the director a deposit consisting of cash or other security acceptable to the director in an amount equal to the penal sum of the required bond. ((~~In lieu of the surety bond required by this section, the applicant for a small loan endorsement may file with the director a deposit consisting of cash or other security acceptable to the director in an amount equal to the penal sum of the required bond, or may demonstrate to the director net worth in excess of three times the amount of the penal sum of the required bond.~~))

The director may adopt rules necessary for the proper administration of the security or to establish reporting requirements to ensure that the net worth requirements continue to be met. A deposit given instead of the bond required by this section is not an asset of the licensee for the purpose of complying with the liquid asset provisions of this ((~~chapter~~)) subchapter. A deposit given instead of the bond required by this section is a fund held in trust for the benefit of eligible claimants under this section and is not an asset of the estate of any licensee that seeks protection voluntarily or involuntarily under the bankruptcy laws of the United States.

(((~~(f)~~))) (e) Such security may be sold by the director at public auction if it becomes necessary to satisfy the requirements of this ((~~chapter~~)) subchapter. Notice of the sale shall be served upon the licensee who placed the security personally or by mail. If notice is served by mail, service shall be addressed to the licensee at its address as it appears in the records of the director. Bearer bonds of the United States or the state of Washington without a prevailing market price must be sold at public auction. Such bonds having a prevailing market price may be sold at private sale not lower than the prevailing market price. Upon any sale, any surplus above amounts due shall be returned to the licensee, and the licensee shall deposit with the director additional security sufficient to meet the amount required by the director. A deposit given instead of the bond required by this section shall not be deemed an asset of the licensee for the purpose of complying with the liquid asset provisions of this ((~~chapter~~)) subchapter.

Sec. 879. RCW 31.45.040 and 2003 c 86 s 4 are each amended to read as follows:

(1) The director shall conduct an investigation of every applicant to determine the financial responsibility, experience, character, and general fitness of the applicant. The director shall issue the applicant a license to engage in the business of cashing or selling checks, or both, ((~~or a small loan endorsement,~~)) if the director determines to his or her satisfaction that:

(a) The applicant has satisfied the requirements of RCW 31.45.030;

(b) The applicant is financially responsible and appears to be able to conduct the business of cashing or selling checks ((~~or making small loans~~)) in an honest, fair, and efficient manner with the confidence and trust of the community; and

(c) The applicant has the required bonds, or has provided an acceptable alternative form of financial security.

(2) The director may refuse to issue a license ((~~or small loan endorsement~~)) if he or she finds that the applicant, or any person who is a director, officer, partner, agent, sole proprietor, owner, or controlling person of the applicant, has been convicted of a felony in any jurisdiction within seven years of filing the present application or is associating or consorting with any person who has been convicted of a felony in any jurisdiction within seven years of filing the present application. The term "substantial stockholder" as used in this subsection, means a person owning or controlling ten percent or more of the total outstanding shares of the applicant corporation.

(3) A license ((~~or small loan endorsement~~)) may not be issued to an applicant:

(a) Whose license to conduct business under this ((~~chapter~~)) subchapter, or any similar statute in any other jurisdiction, has been suspended or revoked within five years of the filing of the present application;

(b) Who has been banned from the industry by an administrative order issued by the director or the director's designee, for the period specified in the administrative order; or

(c) When any person who is a sole proprietor, owner, director, officer, partner, agent, or controlling person of the applicant has been banned from the industry in an administrative order issued by the director, for the period specified in the administrative order.

(4) A license ((~~or small loan endorsement~~)) issued under this ((~~chapter~~)) subchapter shall be conspicuously posted in the place of business of the licensee. The license is not transferable or assignable.

(5) A license ((~~or small loan endorsement~~)) issued in accordance with this ((~~chapter~~)) subchapter remains in force and effect until surrendered, suspended, or revoked, or until the license expires as a result of nonpayment of the annual assessment fee.

Sec. 880. RCW 31.45.050 and 2003 c 86 s 5 are each amended to read as follows:

(1) Each applicant and licensee shall pay to the director an investigation or examination fee as established in rule and an annual assessment fee for the coming year in an amount determined by rule as necessary to cover the operation of the program. The annual assessment fee is due upon the annual

assessment fee due date as established in rule. Nonpayment of the annual assessment fee may result in expiration of the license as provided in subsection (2) of this section. In establishing the fees, the director shall differentiate between check cashing and check selling ((~~and making small loans,~~)) and consider at least the volume of business, level of risk, and potential harm to the public related to each activity. The fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110.

(2) If a licensee does not pay its annual assessment fee by the annual assessment fee due date as specified in rule, the director or the director's designee shall send the licensee a notice of suspension and assess the licensee a late fee not to exceed twenty-five percent of the annual assessment fee as established in rule by the director. The licensee's payment of both the annual assessment fee and the late fee must arrive in the department's offices by 5:00 p.m. on the tenth day after the annual assessment fee due date, unless the department is not open for business on that date, in which case the licensee's payment of both the annual assessment fee and the late fee must arrive in the department's offices by 5:00 p.m. on the next occurring day that the department is open for business. If the payment of both the annual assessment fee and the late fee does not arrive prior to such time and date, then the expiration of the licensee's license is effective at 5:00 p.m. on the thirtieth day after the assessment fee due date. The director or the director's designee may reinstate the license if, within twenty days after the effective date of expiration, the licensee:

(a) Pays both the annual assessment fee and the late fee; and

(b) Attests under penalty of perjury that it did not engage in conduct requiring a license under this ((~~chapter~~)) subchapter during the period its license was expired, as confirmed by an investigation by the director or the director's designee.

(3) If a licensee intends to do business at a new location, to close an existing place of business, or to relocate an existing place of business, the licensee shall provide written notification of that intention to the director no less than thirty days before the proposed establishing, closing, or moving of a place of business.

Sec. 881. RCW 31.45.060 and 2003 c 86 s 6 are each amended to read as follows:

The licensee shall provide to its customer a receipt for each transaction. The receipt must include the name of the licensee, the type and amount of the transaction, and the fee or fees charged for the transaction.

(2) Each licensee shall keep and maintain such business books, accounts, and records as the director may require to fulfill the purposes of this ((~~chapter~~)) subchapter. Every licensee shall preserve such books, accounts, and records as required in rule by the director for at least two years from the completion of the transaction. (4) No licensee may issue or cause to be issued any check, draft, or money order, or other commercial paper serving the same purpose, that is drawn upon the trust account of a licensee without concurrently receiving the full principal amount, in cash, or by check, draft, or money order from a third party believed to be valid.

(5) Each licensee shall comply with all applicable state and federal statutes relating to the activities governed by this ((~~chapter~~)) subchapter.

Sec. 883. RCW 31.45.090 and 2005 c 274 s 257 are each amended to read as follows:

(1) Each licensee shall submit to the director, in a form approved by the director, a report containing financial statements covering the calendar year or, if the licensee has an established fiscal year, then for such fiscal year, within one hundred five days after the close of each calendar or fiscal year. The licensee shall also file such additional relevant information as the director may require. Any information provided by a licensee in an annual report that constitutes a trade secret under chapter 19.108 RCW is exempt from disclosure under chapter 42.56 RCW, unless aggregated with information supplied by other licensees in such a manner that the licensee's individual information is not identifiable. Any information provided by the licensee that allows identification of the licensee may only be used for purposes reasonably related to the regulation of licensees to ensure compliance with this ((~~chapter~~)) subchapter.

(2) A licensee whose license has been suspended or revoked shall submit to the director, at the licensee's expense, within one hundred five days after the effective date of such surrender or revocation, a closing audit report containing audited financial statements as of such effective date for the twelve months ending with such effective date.

(3) The director shall adopt rules specifying the form and content of such audit reports and may require additional reporting as is necessary for the director to ensure compliance with this ((~~chapter~~)) subchapter.

For these purposes, the director or the director's designee may require the attendance of and examine under oath all persons whose testimony may be required about the business or the subject matter of the investigation. Notwithstanding this subsection, maintenance fees for a small consumer installment loan shall not exceed an amount equal to forty-five dollars for each month the loan remains unpaid. (7) Is prohibited from making a small consumer installment loan to a borrower if the loaned amount exceeds thirty percent of the borrower's gross monthly income. Gross monthly income must be evidenced by a pay stub or other evidence of income at least once every one hundred eighty days, and such evidence must (a) be no more than forty-five days old when presented to the licensee and (b) have been presented to the licensee no more than one hundred eighty days before the date on which the small consumer installment loan is made;

(9) May collect from the borrower reasonable attorneys' fees, actual expenses, and costs incurred in connection with the collection of any amounts due to a licensee with respect to a small consumer installment loan;

(8) A description of the methods by which loan payments may be made, which may include cash, check, electronic fund transfers through automated clearing house or debit network, or any additional method of loan payment authorized by the director after rule making. However, (a) a licensee may not condition an extension of credit under a small consumer installment loan on the borrower's repayment by preauthorized electronic fund transfers, and (b) a postdated check or electronic payment authorization used to make a payment on a small consumer installment loan must not be considered security or collateral for the loan; and

A licensee may disburse the proceeds of a small consumer installment loan in the form of a check drawn on the licensee's bank account, in cash, by money order, by prepaid card, by electronic funds transfer, or by other method authorized by the director after rule making.

NEW SECTION. **Sec. 906.** RESCISSION. A borrower may rescind a small consumer installment loan, on or before the close of business on the next day of business at the location where the loan was originated, by returning the principal in cash, the original check disbursed by the licensee, or the other disbursement of loan proceeds from the licensee to fund the loan. The licensee may not charge the borrower for rescinding the loan and must refund any loan fees and interest received. The licensee shall conspicuously disclose to the borrower the right of rescission in writing in the loan agreement.

NEW SECTION. **Sec. 907.** DELINQUENT SMALL CONSUMER INSTALLMENT LOAN—RESTRICTIONS ON COLLECTION BY LICENSEE OR THIRD PARTY. (3) A licensee may not communicate with a borrower in such a manner as to harass, intimidate, abuse, or embarrass a borrower, including but not limited to communication at an unreasonable hour, with unreasonable frequency, by threats of force or violence, or by use of offensive language. A communication is presumed to have been made for the purposes of harassment if it is initiated by the licensee for the purposes of collection and:

(a) It is made with a borrower, spouse, or domestic partner in any form, manner, or place, more than three times in a single week;

(b) It is made with a borrower at his or her place of employment more than one time in a single week or made to a borrower after the licensee has been informed that the borrower's employer prohibits these communications;

(c) It is made with the borrower, spouse, or domestic partner at his or her place of residence between the hours of 9:00 p.m. and 7:30 a.m.; or

(d) It is made to a party other than the borrower, the borrower's attorney, the licensee's attorney, or a consumer reporting agency if otherwise permitted by law except for purposes of acquiring location or contact information about the borrower.

(4) A licensee is required to maintain a communication log of all telephone and written communications with a borrower initiated by the licensee regarding any collection efforts including date, time, and the nature of each communication.

(5) If a dishonored check is assigned to any third party for collection, this section applies to the third party for the collection of the dishonored check.

(6) For the purposes of this section, "communication" includes any contact with a borrower, initiated by the licensee, in person, by telephone, or in writing (including emails, text messages, and other electronic writing) regarding the collection of a delinquent small consumer installment loan, but does not include any of the following:

(8) For the purposes of this section, "week" means a series of seven consecutive days beginning on a Sunday.

NEW SECTION. **Sec. 908.** LOAN FREQUENCY LIMITATIONS. (1) No licensee may extend to or have open with a borrower a small consumer installment loan at any time when that borrower has another small consumer installment loan with an outstanding balance with the licensee or another licensee unless the unpaid loaned amount of any and all small consumer installment loans to a borrower at any time does not exceed seven hundred dollars.

(2) A borrower is prohibited from receiving more than eight small consumer installment loans from all licensees in any twelve-month period. A licensee is prohibited from making a small consumer installment loan to a borrower if making that small consumer installment loan would result in a borrower receiving more than eight small consumer installment loans from all licensees in any twelve-month period.

(3) A licensee is prohibited from extending a small consumer installment loan to a borrower who:

(6) The information in the database described in this section is exempt from public disclosure under chapter 42.56 RCW.

NEW SECTION. **Sec. 909.** MILITARY BORROWERS. (1) A licensee is prohibited from extending a small consumer installment loan to any military borrower. The form must apply standards to all military borrowers that are similar to the covered borrower identification statement standards of 32 C.F.R. Sec. 232.5(a)(1).

(2) The director must adopt rules to implement this section.

The small consumer installment loan licensee:

(a) Is required to make the repayment plan offer available to the borrower for a period of at least fifteen days after the date of the offer; and

(b) Is not required to make such an offer more than once for each loan.

(2) The repayment plan offer must:

(c) The licensee may require the borrower to make an initial payment of not more than twenty percent of the total amount due under the terms of the repayment plan.

(4) If the licensee and borrower enter into a repayment plan pursuant to this section, the licensee shall honor the terms of the repayment plan, and the licensee shall not:

(a) Except as otherwise provided by this subchapter, charge any other amount to a borrower, including, without limitation, any amount or charge payable directly or indirectly by the borrower and imposed directly or indirectly by the licensee as an incident to or as a condition of entering into a repayment plan, other than the fees charged pursuant to the original loan agreement;

The annual assessment fee is due upon the annual assessment fee due date as established in rule. Nonpayment of the annual assessment fee may result in expiration of the license as provided in subsection (2) of this section. In establishing the fees, the director shall consider at least the volume of business, level of risk, and potential harm to the public related to each activity. The fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110.

REPORTS OF STANDING COMMITTEES

March 30, 2015

E2SSB 5057 Prime Sponsor, Committee on Ways & Means: Concerning the safe transport of hazardous materials. Reported by Committee on Environment

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 934.** RCW 90.56.005 and 2010 1st sp.s. c 7 s 72 are each amended to read as follows:

(1) The legislature declares that waterborne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. The movement of crude oil through rail corridors and over Washington waters creates safety and environmental risks. The sources and transport of crude oil bring risks to our communities along rail lines and to the Columbia river, Grays Harbor, and Puget Sound waters. These shipments are expected to increase in the coming years. Vessels and trains transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill;

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for independent review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; ((~~and~~))

(h) To provide an adequate funding source for state response and prevention programs; and

(i) To maintain the best achievable protection that can be obtained through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable.

Sec. 935. RCW 88.46.010 and 2011 c 122 s 1 are each reenacted and amended to read as follows:

Each week, a facility that provides advance notice under this section must provide the required information regarding the scheduled arrival of railroad cars carrying crude oil to be received by the facility in the succeeding seven-day period. A facility is not required to provide advance notice when there is no receipt of crude oil from a railroad car scheduled for a seven-day period.

(b) Twice per year, pipelines must report to the department the following information about the crude oil transported by the pipeline through the state: The volume of crude oil, the type of crude oil, and the types of diluting agents used in the crude oil. This report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(2) The department may share information provided by a facility through the advance notice system established in this section with the state emergency management division and any county, city, tribal, port, or local government emergency response agency upon request.

(3) The department must publish information collected under this section on a quarterly basis on the department's internet web site. With respect to the information reported under subsection (1)(a) of this section, the information published by the department must be aggregated on a statewide basis by route through the state, by week, and by type of crude oil. The report may also include other information available to the department including, but not limited to, place of origin, modes of transport, number of railroad cars delivering crude oil, and number and volume of spills during transport and delivery.

(4)(a) A facility providing advance notice under this section is not responsible for meeting advance notice time frame requirements under subsection (1) of this section in the event that the schedule of arrivals of railroad cars carrying crude oil changes during a seven-day period.

(b) Twice per year, a facility must submit a report to the department that corrects inaccuracies in the advanced notices submitted under subsection (1) of this section. The facility is not required to correct in the report any insubstantial discrepancies between actual and scheduled train arrival times. The report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(5) Consistent with the requirements of chapter 42.56 RCW, the department and any state, local, tribal, or public agency that receives information provided under this section may not disclose any such information to the public or to nongovernmental entities that is not aggregated and that contains proprietary, commercial, or

financial information. The requirement for aggregating information does not apply when information is shared by the department with emergency response agencies as provided in subsection (2) of this section.

(6) The department shall adopt rules to implement this section. The advance notice system required in this section must be consistent with the oil transfer reporting system adopted by the department pursuant to RCW 88.46.165.

(12) "Oil" or "oils" means oil of any kind that is liquid at ((~~atmospheric temperature~~)) twenty-five degrees Celsius and one atmosphere of pressure and any fractionation thereof, including, but not limited to, crude oil, bitumen, synthetic crude oil, natural gas well condensate, petroleum, gasoline, fuel oil, diesel oil, biological oils and blends, oil sludge, oil refuse, and oil mixed with wastes other than dredged spoil. Oil does not include any substance listed as of March 1, 2003, in Table 302.4 of 40 C.F.R. Part 302 adopted under section ((~~101(14)~~)) 102(a) of the federal comprehensive environmental response, compensation, and liability act of 1980, as amended by P.L. 99-499.

(13) "Offshore facility" means any facility located in, on, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, on, or under any land of the state, other than submerged land.

(14) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(15)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

(16) "Passenger vessel" means a ship of three hundred or more gross tons with a fuel capacity of at least six thousand gallons carrying passengers for compensation.

(17) "Ship" means any boat, ship, vessel, barge, or other floating craft of any kind.

(18) "Spill" means an unauthorized discharge of oil into the waters of the state.

(19) "Tank vessel" means a ship that is constructed or adapted to carry, or that carries, oil in bulk as cargo or cargo residue, and that:

(a) Operates on the waters of the state; or

(b) Transfers oil in a port or place subject to the jurisdiction of this state.

(20) "Waters of the state" includes lakes, rivers, ponds, streams, inland waters, underground water, salt waters, estuaries, tidal flats, beaches and lands adjoining the seacoast of the state, sewers, and all other surface waters and watercourses within the jurisdiction of the state of Washington.

(21) "Certificate of financial responsibility" means an official written acknowledgment issued by the director or the director's designee that an owner or operator of a covered vessel or facility, or the owner of the oil, has demonstrated to the satisfaction of the director or the director's designee that the relevant entity has the financial ability to pay for costs and damages caused by an oil spill.

Sec. 944. RCW 88.40.020 and 2003 c 91 s 3 and 2003 c 56 s 3 are each reenacted and amended to read as follows:

(1) Any barge that transports hazardous substances in bulk as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish evidence of financial responsibility in the amount of the greater of five million dollars, or three hundred dollars per gross ton of such vessel.

(2)(a) Except as provided in (b) or (c) of this subsection, a tank vessel that carries oil as cargo in bulk shall demonstrate financial responsibility to pay at least five hundred million dollars. The amount of financial responsibility required under this subsection is one billion dollars after January 1, 2004.

(b) The director by rule may establish a lesser standard of financial responsibility for tank vessels of three hundred gross tons or less. The standard shall set the level of financial responsibility based on the quantity of cargo the tank vessel is capable of carrying. The director shall not set the standard for tank vessels of three hundred gross tons or less below that required under federal law.

(c) The owner or operator of a tank vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a tank vessel to prove membership in such an organization.

(3)(a) A cargo vessel or passenger vessel that carries oil as fuel shall demonstrate financial responsibility to pay at least three hundred million dollars. However, a passenger vessel that transports passengers and vehicles between Washington state and a foreign country shall demonstrate financial responsibility to pay the greater of at least six hundred dollars per gross ton or five hundred thousand dollars.

(b) The owner or operator of a cargo vessel or passenger vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a cargo vessel or passenger vessel to prove membership in such an organization.

(4) A fishing vessel while on the navigable waters of the state must demonstrate financial responsibility in the following amounts: (a) For a fishing vessel carrying predominantly nonpersistent product, one hundred thirty-three dollars and forty cents per incident, for each barrel of total oil storage capacity, persistent and nonpersistent product, on the vessel or one million three hundred thirty-four thousand dollars, whichever is greater; or (b) for a fishing vessel carrying predominantly persistent product, four hundred dollars and twenty cents per incident, for each barrel of total oil storage capacity, persistent product and nonpersistent product, on the vessel or six million six hundred seventy thousand dollars, whichever is greater.

(5) The ((~~documentation of financial responsibility shall demonstrate the ability of the document holder to meet state and federal financial liability requirements for the actual costs for removal of oil spills, for natural resource damages, and for necessary expenses~~)) certificate of financial responsibility is conclusive evidence that the person or entity holding the certificate is the party responsible for the specified vessel, facility, or oil for purposes of determining liability pursuant to this chapter.

(6) This section shall not apply to a covered vessel owned or operated by the federal government or by a state or local government.

Sec. 945. RCW 88.40.025 and 1991 c 200 s 704 are each amended to read as follows:

An onshore or offshore facility shall demonstrate financial responsibility in an amount determined by the department as necessary to compensate the state and affected counties and cities for damages that might occur during a reasonable worst case spill of oil from that facility into the navigable waters of the state. The department shall ((~~consider such matters as the amount of oil that could be spilled into the navigable waters from the facility, the cost of cleaning up the spilled oil, the frequency of operations at the facility, the damages that could result from the spill and the commercial availability and affordability of financial responsibility~~)) adopt by rule an amount that will be calculated by multiplying the reasonable per barrel cleanup and damage cost of spilled oil, times the reasonable worst case spill volume, as measured in barrels. This section shall not apply to an onshore or offshore facility owned or operated by the federal government or by the state or local government.

Sec. 946. RCW 88.40.030 and 2000 c 69 s 32 are each amended to read as follows:

(1) Financial responsibility required by this chapter may be established by any one of, or a combination of, the following methods acceptable to the department of ecology: (((~~(1)~~))) (a) Evidence of insurance; (((~~(2)~~))) (b) surety bonds; (((~~(3)~~))) (c) qualification as a self-insurer; ((~~or (4)~~)) (d) guaranty; (e) letter of credit; (f) certificate of deposits; (g) protection and indemnity club membership; or (h) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any covered vessel and filed with the department at least twenty-four hours before entry of the vessel into the navigable waters of the state. A covered vessel is not required to file documentation of financial responsibility twenty-four hours before entry of the vessel into the navigable waters of the state, if the vessel has filed documentation of financial responsibility with the federal government, and the level of financial responsibility required by the federal government is the same as or exceeds state requirements. The owner or operator of the vessel may file with the department a certificate evidencing compliance with the requirements of another state's or federal financial responsibility requirements if the state or federal government requires a level of financial responsibility the same as or greater than that required under this chapter.

(2) A certificate of financial responsibility may not have a term greater than one year.

Sec. 947. RCW 88.40.040 and 2003 c 56 s 4 are each amended to read as follows:

(1) ((~~It is unlawful for any vessel required to have financial responsibility under this chapter to enter or operate on Washington waters without meeting the requirements of this chapter or rules adopted under this chapter, except~~)) A vessel or facility need not demonstrate financial responsibility under this chapter prior to using any port or place in the state of Washington or the navigable waters of the state when necessary to avoid injury to the vessel's or facility's crew or passengers. Any vessel owner or operator that does not meet the financial responsibility requirements of this chapter and any rules prescribed thereunder or the federal oil pollution act of 1990 shall be reported by the department to the United States coast guard.

(2) ((~~The department shall enforce section 1016 of the federal oil pollution act of 1990 as authorized by section 1019 of the federal act.~~)) Upon notification of an oil spill or discharge or other action or potential liability, the director shall reevaluate the validity of the certificate of financial responsibility. If the director determines that, because of a spill outside of the state or some other action or potential liability, the holder of a certificate may not have the financial resources to pay damages for the oil spill or discharge or other action or potential liability and have resources remaining available to meet the requirements of this chapter, the director may suspend or revoke the certificate.

(3) An owner or operator of more than one covered vessel, more than one facility, or one or more vessels and facilities, is only required to obtain a single certificate of financial responsibility that applies to all of the owner or operator's vessels and facilities.

(4) If a person holds a certificate for more than one covered vessel or facility and a spill or spills occurs from one or more of those vessels or facilities for which the owner or operator may be liable for damages in an amount exceeding five percent of the financial resources reflected by the certificate, as determined by the

director, the certificate is immediately considered inapplicable to any vessel or facility not associated with the spill. In that event, the owner or operator shall demonstrate to the satisfaction of the director the amount of financial ability required pursuant to this chapter, as well as the financial ability to pay all damages that arise or have arisen from the spill or spills that have occurred.

Sec. 948. RCW 88.16.170 and 1991 c 200 s 601 are each amended to read as follows:

Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river, Grays Harbor, and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Grays Harbor and Puget Sound and adjacent waters are ((~~a~~)) relatively confined salt water environments with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river, Grays Harbor, and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such ((~~tankers~~)) vessels have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the Columbia river, Grays Harbor, and on Puget Sound and its shorelines by ((~~requiring all oil tankers above a certain size to employ licensed pilots and to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters~~)) establishing safety requirements that comprehensively address spill risks, which may include the establishment of tug escorts and other measures to mitigate safety risks in certain state waters.

Sec. 949. RCW 88.16.190 and 1994 c 52 s 1 are each amended to read as follows:

(1) ((~~Any oil tanker, whether enrolled or registered, of greater than one hundred and twenty-five thousand deadweight tons shall be prohibited from proceeding beyond a point east of a line extending from Discovery Island light south to New Dungeness light.~~

~~(2) An oil tanker, whether enrolled or registered, of forty to one hundred and twenty-five thousand deadweight tons may proceed beyond the points enumerated in subsection (1) if such tanker possesses all of the following standard safety features:~~

~~(a) Shaft horsepower in the ratio of one horsepower to each two and one-half deadweight tons; and~~

~~(b) Twin screws; and~~

~~(c) Double bottoms, underneath all oil and liquid cargo compartments; and~~

~~(d) Two radars in working order and operating, one of which must be collision avoidance radar; and~~

~~(e) Such other navigational position location systems as may be prescribed from time to time by the board of pilotage commissioners:~~

~~PROVIDED, That, if such forty to one hundred and twenty-five thousand deadweight ton tanker is in ballast or is under escort of a tug or tugs with an aggregate shaft horsepower equivalent to five percent of the deadweight tons of that tanker, subsection (2) of this section shall not apply: PROVIDED FURTHER, That additional tug shaft horsepower equivalencies may be required under certain conditions as established by rule and regulation of the Washington utilities and transportation commission pursuant to chapter 34.05 RCW: PROVIDED FURTHER, That~~)) Except as provided in subsection (3) of this section, an oil tanker of greater than forty thousand deadweight tons may operate in the waters described in (a) of this subsection, to the extent that these waters are within the territorial boundaries of Washington, only if the oil tanker is under the escort of a tug or tugs in compliance with the requirements of subsection (5) of this section.

(a) Those waters east of a line extending from Discovery Island light south to New Dungeness light and all points in the Puget Sound area.

(b) The state board of pilotage commissioners, in consultation with the department of ecology and relying on the results of vessel traffic risk assessments, may write rules to implement this subsection (1)(b), but only after an event described in subsection (2) of this section takes place and only for the waters directly affected by the facility event. These rules may include tug escort requirements and other safety measures for oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges that may apply in the following areas consistent with subsections (3)(a) and (5) of this section:

(i) Within a two-mile radius of the Grays Harbor pilotage district as defined in RCW 88.16.050;

(ii) Any inland portion of the Columbia river or within three miles of Cape Disappointment at the mouth of the Columbia river; or

(iii) The waters identified in (a) of this subsection.

(c) The state board of pilotage commissioners, in consultation with the department of ecology and relying on the results of vessel traffic risk assessments, shall adopt rules by June 30, 2017, to implement this subsection (1)(c). These rules may include tug escort requirements and other safety measures for oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges and apply in the following areas consistent with subsections (3)(a) and (5) of this section: The waters described in (a) of this subsection, including all narrow channels of the San Juan Islands archipelago, Rosario Strait, Haro Strait, Boundary Pass, and connected waterways.

(2) The state board of pilotage commissioners may adopt rules under subsection (1)(b) of this section only after:

(a) The governor approves, after January 1, 2015, a recommendation of the energy facility site evaluation council pursuant to RCW 80.50.100 to certify a facility meeting the criteria listed in RCW 80.50.020(12) (d) or (f);

(b) A state agency or a local jurisdiction makes a final determination or issues a final permit after January 1, 2015, to site a new facility required to have a contingency plan pursuant to chapter 90.56 RCW or to provide authority for the first time to process or receive crude oil, as defined in chapter 90.56 RCW, to an existing facility required to have a contingency plan pursuant to chapter 90.56 RCW, other than a facility that is:

(i) A transmission pipeline; or

(ii) A railroad facility; or

(c) The state of Oregon or any local jurisdiction in Oregon makes a final determination or issues a final permit to site a new facility in the watershed of the Columbia river that would be required to have a contingency plan pursuant to chapter 90.56 RCW if an identical facility were located in Washington, or to provide authority for the first time to process or receive crude oil, as defined in chapter 90.56 RCW, to an existing facility that would be required to have a contingency plan pursuant to chapter 90.56 RCW if an identical facility were located in Washington, other than a facility that is:

(i) A transmission pipeline; or

(ii) A railroad facility.

(3)(a) If an oil tanker, articulated tug barge, or other towed waterborne vessel or barge is in ballast, the tug requirements of subsection (1) of this section do not apply.

(b) If an oil tanker is a single-hulled oil tanker of greater than five thousand gross tons, the requirements of subsection (1)(a) of this section do not apply and the oil tanker must instead comply with 33 C.F.R. Part 168, as of the effective date of this section.

(4)(a) Prior to proceeding with rule making as authorized under subsection (1)(b) and (c) of this section, the state board of pilotage commissioners must collaborate with the United States coast guard, the Oregon board of maritime pilots, the Puget Sound, Grays Harbor, and Columbia river harbor safety committees, area tribes, public ports in Oregon and Washington, local governments, and other appropriate entities. In adopting rules, the state board of pilotage commissioners must take into account any tug escort or other maritime safety measures for a water body that were or are required as mitigation or as a condition of a facility siting decision by a state agency or local jurisdiction.

(b) The department may not adopt any rules under this subsection or under subsection (1)(b) and (c) of this section until a vessel traffic risk assessment has been completed for the waters subject to the rule making. In order to adopt a rule under this section or subsection (1)(b) and (c) of this section, the board of pilotage commissioners must determine that the results of a vessel traffic risk assessment provides evidence that the rules are necessary in order to achieve best achievable protection as defined in RCW 88.46.010. In order for the state board of pilotage commissioners to rely on a vessel traffic risk assessment that is conducted after January 1, 2015, the vessel traffic risk assessment must involve a simulation analysis of vessel traffic. A simulation analysis is not required of a vessel traffic risk assessment relied upon by the state board of pilotage commissioners that was conducted before January 1, 2015.

(5) Oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges must ensure that any escort tugs they use have an aggregate shaft horsepower equivalent to at least five percent of the deadweight tons of the escorted oil tanker or articulated tug barge. The state board of pilotage commissioners may adopt rules to ensure that escort tugs have sufficient mechanical capabilities to provide for safe escort. Rules adopted on this subject must be designed to achieve best achievable protection as defined under RCW 88.46.010.

(6) A tanker assigned a deadweight of equal to or less than forty thousand deadweight tons at the time of construction or reconstruction as reported in Lloyd's Register of Ships is not subject to the provisions of RCW 88.16.170 through 88.16.190.

(7) The provisions of this section do not apply to pilotage for enrolled tankers.

(8) For the purposes of this section:

(a) "Articulated tug barge" means a tank barge and a towing vessel joined by hinged or articulated fixed mechanical equipment affixed or connecting to the stern of the tank barge.

(b) "Oil tanker" means a self-propelled deep draft tank vessel designed to transport oil in bulk. "Oil tanker" does not include an articulated tug barge tank vessel.

(c) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

Sec. 950. RCW 82.23B.010 and 1992 c 73 s 6 are each amended to read as follows:

((~~Unless the context clearly requires otherwise,~~)) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Barrel" means a unit of measurement of volume equal to forty-two United States gallons of crude oil or petroleum product.

(2) "Crude oil" means any naturally occurring liquid hydrocarbons at atmospheric temperature and pressure coming from the earth, including condensate and natural gasoline.

(3) "Department" means the department of revenue.

(4) "Marine terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products to or from a waterborne vessel or barge.

(5) "Navigable waters" means those waters of the state and their adjoining shorelines that are subject to the ebb and flow of the tide, including the Columbia and Snake rivers.

(6) "Person" has the meaning provided in RCW 82.04.030.

(7) "Petroleum product" means any liquid hydrocarbons at atmospheric temperature and pressure that are the product of the fractionation, distillation, or other refining or processing of crude oil, and that are used as, useable as, or may be refined as a fuel or fuel blendstock, including but not limited to, gasoline, diesel fuel, aviation fuel, bunker fuel, and fuels containing a blend of alcohol and petroleum.

(8) "Taxpayer" means the person owning crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal in this state ((~~from a waterborne vessel or barge~~)) and who is liable for the taxes imposed by this chapter.

(9) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of ((~~travelling~~)) traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

(10) "Bulk oil terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products from a tank car or pipeline.

(11) "Tank car" means a rail car, the body of which consists of a tank for transporting liquids.

Sec. 951. RCW 82.23B.020 and 2006 c 256 s 2 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving: (a) Crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state; (b) crude oil or petroleum products at a bulk oil terminal within this state from a tank car; or (c) crude oil or petroleum products at a bulk oil terminal within this state from a pipeline. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal from a tank car, pipeline, or waterborne vessel or barge at the rate of one cent per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving: (a) Crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state; (b) crude oil or petroleum products at a bulk oil terminal within this state from a tank car; and (c) crude oil or petroleum products at a bulk oil terminal within this state from a pipeline. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal from a tank car, pipeline, or waterborne vessel or barge at the rate of ((~~four~~)) eight cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter ((~~shall~~)) must be collected by the marine or bulk oil terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the ((~~imposition of the~~)) taxes imposed, or having collected the taxes, fails to pay them to the department in the

manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she ((~~shall~~)), nevertheless, ((~~be~~)) is personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine or bulk oil terminal operator ((~~shall~~)) relieves the owner from further liability for the taxes.

(4) Taxes collected under this chapter ((~~shall~~)) must be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected ((~~shall be~~)) is guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected ((~~shall~~)) must be stated separately from other charges made by the marine or bulk oil terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes ((~~shall be~~)) are due from the marine or bulk oil terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine or bulk oil terminal operator or to the department, ((~~shall~~)) constitutes a debt from the taxpayer to the marine or bulk oil terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, ((~~shall be~~)) is guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department ((~~shall~~)) must give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department ((~~shall~~)) must provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator ((~~shall~~)) relieves the marine or bulk oil terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section ((~~shall~~)) must be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill prevention account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management ((~~shall~~)) must determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and ((~~shall~~)) may not be used to challenge the validity of any tax imposed under this chapter. The office of financial management ((~~shall~~)) must promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than nine million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than eight million dollars.

Sec. 952. RCW 82.23B.030 and 1992 c 73 s 9 are each amended to read as follows:

The taxes imposed under this chapter ((~~shall~~)) only apply to the first receipt of crude oil or petroleum products at a marine or bulk oil terminal in this state and not to the later transporting and subsequent receipt of the same oil or petroleum product, whether in the form originally received at a marine or bulk oil terminal in this state or after refining or other processing.

Sec. 953. RCW 82.23B.040 and 1992 c 73 s 10 are each amended to read as follows:

Credit ((~~shall~~)) must be allowed against the taxes imposed under this chapter for any crude oil or petroleum products received at a marine or bulk oil terminal and subsequently exported from or sold for export from the state.

Sec. 954. RCW 38.52.040 and 2011 1st sp.s. c 21 s 27, 2011 c 336 s 789, and 2011 c 79 s 9 are each reenacted and amended to read as follows:

(1) There is hereby created the emergency management council (hereinafter called the council), to consist of not more than seventeen members who shall be appointed by the adjutant general. The membership of the council shall include, but not be limited to, representatives of city and county governments, sheriffs and police chiefs, the Washington state patrol, the military department, the department of ecology, state and local fire chiefs, seismic safety experts, state and local emergency management directors, search and rescue volunteers, medical professions who have expertise in emergency medical care, building officials, and private industry. The representatives of private industry shall include persons knowledgeable in emergency and hazardous materials management. The councilmembers shall elect a chair from within the council membership. The members of the council shall serve without compensation, but may be reimbursed for their travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

(2) The emergency management council shall advise the governor and the director on all matters pertaining to state and local emergency management. The council may appoint such ad hoc committees, subcommittees, and working groups as are required to develop specific recommendations for the improvement of emergency management practices, standards, policies, or procedures. The council shall ensure that the governor receives an annual assessment of statewide emergency preparedness including, but not limited to, specific progress on hazard mitigation and reduction efforts, implementation of seismic safety improvements, reduction of flood hazards, and coordination of hazardous materials planning and response activities. ((~~The council or a subcommittee thereof shall periodically convene in special session and serve during those sessions as the state emergency response commission required by P.L. 99-499, the emergency planning and community right-to-know act. When sitting in session as the state emergency response commission, the council shall confine its deliberations to those items specified in federal statutes and state administrative rules governing the coordination of hazardous materials policy.~~)) The council shall review administrative rules governing state and local emergency management practices and recommend necessary revisions to the director.

(3) The council or a council subcommittee shall serve and periodically convene in special session as the state emergency response commission required by the emergency planning and community right-to-know act (42 U.S.C. Sec. 11001 et seq.). The state emergency response commission shall conduct those activities specified in federal statutes and regulations and state administrative rules governing the coordination of hazardous materials policy including, but not limited to, review of local emergency planning committee emergency response plans for compliance with the planning requirements in the emergency planning and community right-to-know act (42 U.S.C. Sec. 11001 et seq.). Committees shall annually review their plans to address changed conditions, and

submit their plans to the state emergency response commission for review when updated, but not less than at least once every five years. The department may employ staff to assist local emergency planning committees in the development and annual review of these emergency response plans, with an initial focus on the highest risk communities through which trains that transport oil in bulk travel. By March 1, 2018, the department shall report to the governor and legislature on progress towards compliance with planning requirements. The report must also provide budget and policy recommendations for continued support of local emergency planning.

(4)(a) The intrastate mutual aid committee is created and is a subcommittee of the emergency management council. The intrastate mutual aid committee consists of not more than five members who must be appointed by the council chair from council membership. The chair of the intrastate mutual aid committee is the military department representative appointed as a member of the council. Meetings of the intrastate mutual aid committee must be held at least annually.

(b) In support of the intrastate mutual aid system established in chapter 38.56 RCW, the intrastate mutual aid committee shall develop and update guidelines and procedures to facilitate implementation of the intrastate mutual aid system by member jurisdictions, including but not limited to the following: Projected or anticipated costs; checklists and forms for requesting and providing assistance; recordkeeping; reimbursement procedures; and other implementation issues. These guidelines and procedures are not subject to the rule-making requirements of chapter 34.05 RCW.

(1) Every company subject to regulation by the commission, except those listed in subsection (3) of this section, shall, on or before the date specified by the commission for filing annual reports under RCW 81.04.080, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one-tenth of one percent of the first fifty thousand dollars of gross operating revenue, plus two-tenths of one percent of any gross operating revenue in excess of fifty thousand dollars, except railroad companies which shall each pay to the commission a fee equal to ((~~one~~)) two and one-half percent of its intrastate gross operating revenue. In the event that the sum total of intrastate gross operating revenues for the railroad companies operating in Washington declines while the sum total of interstate gross operating revenues increases, the commission may assess a reasonable surcharge on railroad companies to enable collection of moneys up to the sum total of revenues collected in fiscal year 2017 from railroad companies operating in Washington. The commission must adopt a rule to implement the surcharge. The commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by rule waive any or all of the minimum fee established pursuant to this section. Any railroad association that qualifies as a nonprofit charitable organization under the federal internal revenue code section 501(c)(3) is exempt from the fee required under this subsection.

(2) The percentage rates of gross operating revenue to be paid in any one year may be decreased by the commission for any class of companies subject to the payment of such fees, by general order entered before March 1st of such year, and for such purpose railroad companies are classified as class two. Every other company subject to regulation by the commission, for which regulatory fees are not otherwise fixed by law, shall pay fees as herein provided and shall constitute additional classes according to kinds of businesses engaged in.

(3) This section does not apply to private nonprofit transportation providers, auto transportation companies, charter party carriers and excursion service carriers, solid waste collection companies, motor freight carriers, household goods carriers, commercial ferries, and low-level radioactive waste storage facilities.

"NEW SECTION. **Sec. 973.** The legislature finds that school personnel are often the first responders when there is a violent threat or natural or man-made disaster at a school. The legislature further finds that school personnel need to be trained to intervene and provide assistance during these emergency incidents. The legislature recognizes an educational service district has developed a model for a regional school safety and security center, which can provide this type of training. The legislature intends to provide training to other regions in the state by authorizing a pilot program to create regional school safety and security centers in three other educational service districts.

One educational service district must be east of the crest of the Cascade mountains. One educational service district may be located anywhere in the state of Washington.

(2) The pilot program must include the following components:

(a) Establishment of a network of school safety coordinators for the educational service districts, which shall focus on prevention planning, intervention, mitigation, crisis response, and community recovery regarding emergency incidents in schools;

(b) Collaboration with the educational service district that developed the model for a regional school safety and security center to adopt its model for a regional school safety and security center;

(c) Creation of technology-based systems that enable more efficient and effective communication between schools and emergency response entities, including local law enforcement, local fire departments, and state and federal responders;

(d) Establishment of a plan to facilitate clear communication with students, parents, and guardians, including a system using school-based personnel or community organizations that can assist in providing information to those whose primary language is other than English;

(e) Provision of technology support in order to improve communication and data management between schools and emergency response entities;

(f) Ongoing training of school personnel and emergency responders to establish a system for preventative identification, intervention strategies, and management of risk behaviors;

(g) Development of a professional development program to train school personnel as first responders until the arrival of emergency responders; and

(h) Building a collaborative relationship between educational service districts participating in the pilot program, the office of the superintendent of public instruction, and the school safety advisory committee and focusing on expanding regional school safety and security centers to all of the other educational service districts.

SSB 5418 Prime Sponsor, Committee on Commerce & Labor: Creating a pilot program to improve care for catastrophically injured workers. Reported by Committee on Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 975.** (1) The legislature finds:

(a) Each year, only a small percentage of industrial insurance cases in Washington involve catastrophic workplace injuries, yet they exact a tremendous toll on affected individuals and their families.

(b) A recent analysis by the department of labor and industries identified gaps which could be addressed through piloting improvements in coordination of care, best practices, and other cost-effective approaches for injured workers under the state's current industrial insurance system.

(2) The legislature therefore intends to direct the department of labor and industries to create a pilot program whereby a medical management firm, centers of excellence deploying collaborative care, and/or the state's centers of occupational health and education partner with the department in being responsible for the medical management and treatment of catastrophically injured workers. The goal of the pilot program is improved medical outcomes, increased return-to-work rates and/or better quality of life, and reduced industrial insurance costs.

NEW SECTION. **Sec. 976.** A new section is added to chapter 51.36 RCW to read as follows:

(1) The department must implement a three year pilot program beginning no later than January 1, 2016 under which innovative treatment and service interventions for catastrophically injured workers are compared in a prospective study and compared to usual or standardized care. The best practices and cost-effective approaches may be piloted by any or all of:

(a) A medical management firm with substantial experience in handling catastrophic workers' compensation cases.

(b) Centers of excellence deploying collaborative care.

(c) Centers of occupational health and education.

(d) Other innovative treatment or services that may be identified by systematic literature review.

(2) The following provisions apply to the pilot program:

(a) The pilot participants must develop a treatment plan and agreement for each injured worker that identifies an outcome, the treatment plan and, if applicable, a guaranteed price to achieve the outcome.

(b) The department must determine an approach to systematically and prospectively track outcomes of catastrophically injured workers including, at a minimum, standardized measures of functional recovery, return-to-work, and quality of life. The department must also contract with independent researchers for an analysis of the pilot program costs and outcomes.

(c) Pilot participants must provide all information required by the independent researchers to assess pilot program progress and costs and measure outcomes. Information provided to the independent researchers must also be provided to the department.

(d) Injured workers, in consultation with their attending physician and the department, may elect to participate or not in the pilot program. Participating injured workers retain the right to receive care from providers of their choice. Providers must meet the requirements of RCW 51.36.010(2).

(e) The department retains the exclusive authority to approve or deny particular treatment and the exclusive authority to pay all medical bills in accordance with the fee schedule established under RCW 51.04.030. The department may establish minimum treatment protocols and qualifications for the pilot participants including access to adequate medical, professional, and pharmacy providers and a network of health care facilities, suppliers, and services.

(3) For the purposes of the pilot program, catastrophic injuries include acute traumatic brain injuries; major extremity or multiple extremity amputations, fractures, or crush injuries; multiple trauma injuries; severe burns; paraplegia, quadriplegia, hemiplegia, and diplegia; and any other medical diagnosis determined by the department to be catastrophic.

(4) The independent researchers must make regular status reports to the department throughout the pilot program, and work with the department to develop and report on criteria to evaluate the pilot program. The criteria must address, but are not limited to:

(a) Whether the appropriate procedures are followed to ensure injured workers access to services in a timely fashion;

(b) The quality of the communication and other factors affecting the working relationship between the treatment and service provider, the injured worker, the department, and those involved in the care and treatment of the injured worker;

(c) Whether pilot program treatment protocols help address the gaps identified by the department in its September 2014 catastrophic claims gap analysis;

(d) Whether research results on cases involving catastrophic injury complement, inform, and improve the department's handling of other industrial insurance cases;

(e) Whether the pilot program results in improved medical outcomes, increased return-to-work rates and/or better quality of life for catastrophically injured workers, and reduced industrial insurance costs;

(f) Assessment of whether pilot participants are achieving stated goals;

(g) Average and median claims costs;

(h) Feasibility for the department to adopt processes and practices identified in the pilot program; and

(i) Assessment of any other cost-saving processes identified through the pilot program.

(5) Before the end of the three year period, the department must terminate the pilot program if it finds that the treatments and interventions are causing harm to workers and may terminate the pilot program if it finds that the treatments and interventions are not showing a benefit to workers.

(6) The department must provide a written report on the pilot program to the appropriate committees of the legislature each December through 2018 with a final report following the end of the pilot program in 2019.

(7) This section expires December 31, 2020."

ESSB 5460 Prime Sponsor, Committee on Health Care: Allowing practitioners to prescribe and distribute prepackaged emergency medications to emergency room patients when a pharmacy is not available. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 977.** A new section is added to chapter 70.41 RCW to read as follows:

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged from a hospital emergency department during times when community or outpatient hospital pharmacy services are not available within fifteen miles by road or when, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy. A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

(3) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

(4) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency room patients, including those drugs, substances or immediate precursors listed in schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011(24).

(d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

SSB 5679 Prime Sponsor, Committee on Early Learning & K-12 Education: Concerning transition services for special education students. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that research continues to suggest that high expectations for students with disabilities is paramount to improving student outcomes. The legislature further finds that to increase the number of students with disabilities who are prepared for higher education, teachers and administrators in K-12 education should continue to improve their acceptance of students with disabilities as full-fledged learners for whom there are high expectations. The legislature also encourages continuous development in transition services to higher education opportunities for these students. The legislature recognizes that other states have authorized transition planning to postsecondary settings for students with disabilities as early as the age of fourteen. To remove barriers and obstacles for students with disabilities to access to postsecondary settings including higher education, the legislature intends to authorize transition planning for students with disabilities as soon as practicable when educationally and developmentally appropriate.

Sec. 2. RCW 28A.155.220 and 2014 c 47 s 1 are each amended to read as follows:

(1) The office of the superintendent of public instruction must establish interagency agreements with the department of social and health services, the department of services for the blind, and any other state agency that provides high school transition services for special education students. Such interagency agreements shall not interfere with existing individualized education programs or section 504 plans, nor override any individualized education program or section 504 planning team's decision-making power. The purpose of the interagency agreements is to foster effective collaboration among the multiple agencies providing transition services for individualized education ((~~plan~~)) program-eligible and section 504 plan-eligible special education students from the beginning of transition planning, as soon as educationally and developmentally appropriate, through age twenty-one, or through high school graduation, whichever occurs first. Interagency agreements are also intended to streamline services and programs, promote efficiencies, and establish a uniform focus on improved outcomes related to self-sufficiency. ((~~This subsection does not require transition services plan development in addition to what exists on June 12, 2014.~~))

(2)(a) When educationally and developmentally appropriate, the interagency responsibilities and linkages with transition services under subsection (1) of this section must be addressed in a transition plan to a postsecondary setting in the individualized education program or section 504 plan of a student with disabilities.

(b) Transition planning shall be based upon educationally and developmentally appropriate transition assessments that outline the student's individual needs, strengths, preferences, and interests. Transition assessments may include observations, interviews, inventories, situational assessments, formal and informal assessments, as well as academic assessments.

(c) The transition services that the transition plan must address include activities needed to assist the student in reaching postsecondary goals and courses of study to support postsecondary goals.

(d) Transition activities that the transition plan may address include instruction, related services, community experience, employment and other adult living objectives, daily living skills, and functional vocational evaluation.

(e) When educationally and developmentally appropriate, a discussion must take place with the student and parents, and others as needed, to determine the postsecondary goals or postschool vision for the student. This discussion may be included as part of an annual individualized education program review, section 504 plan review, high school and beyond plan meeting, or any other meeting that includes parents, students, and educators. The postsecondary goals included in the transition plan shall be goals that are measurable and must be based on appropriate transition assessments related to training, education, employment, and independent living skills, when necessary. The goals must also be based on the student's needs, while considering the strengths, preferences, and interests of the student.

(f) As the student gets older, changes in the transition plan may be noted in the annual update of the student's individualized education program or section 504 plan.

(g) A student with disabilities who has a high school and beyond plan may use the plan to comply with the transition plan required under this subsection (2).

(3) To the extent that data is available through data-sharing agreements established by the education data center under RCW 43.41.400, the education data center must monitor the following outcomes for individualized education ((~~plan~~))program-eligible or section 504 plan-eligible special education students after high school graduation:

(a) The number of students who, within one year of high school graduation:

(i) Enter integrated employment paid at the greater of minimum wage or competitive wage for the type of employment, with access to related employment and health benefits; or

(ii) Enter a postsecondary education or training program focused on leading to integrated employment;

(b) The wages and number of hours worked per pay period;

(c) The impact of employment on any state and federal benefits for individuals with disabilities;

(d) Indicators of the types of settings in which students who previously received transition services primarily reside;

(e) Indicators of improved economic status and self-sufficiency;

(f) Data on those students for whom a postsecondary or integrated employment outcome does not occur within one year of high school graduation, including:

(i) Information on the reasons that the desired outcome has not occurred;

(ii) The number of months the student has not achieved the desired outcome; and

(iii) The efforts made to ensure the student achieves the desired outcome.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(d) For those exclusive bargaining representatives who represent commissioned officers, except for lieutenants and captains, of the department of fish and wildlife, negotiation shall be by a coalition of exclusive bargaining representatives who represent the commissioned officers. When negotiating, the parties must reference the wages, hours, and conditions of employment of like personnel of like state employers on the west coast of the United States for comparables in the bargaining process. If the commission determines that there has been bad faith bargaining or other unfair labor practices by the employer or the employee organizations representing commissioned officers, except for lieutenants and captains, of the department of fish and wildlife, the commission may order interest arbitration, in addition to other remedies provided under RCW 41.80.120, to effectuate the purposes and policy of this chapter.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise

the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the 2013 2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013 2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

Sec. 2. RCW 41.80.120 and 2002 c 354 s 313 are each amended to read as follows:

(1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders: PROVIDED, That a complaint shall not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission. This power shall not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) If the commission determines that any person has engaged in or is engaging in an unfair labor practice, the commission shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages, the ordering of interest arbitration as provided under RCW 41.80.010(2)(d), and the reinstatement of employees.

(3) The commission may petition the superior court for the county in which the main office of the employer is located or in which the person who has engaged or is engaging in such unfair labor practice resides or transacts business, for the enforcement of its order and for appropriate temporary relief."

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, 2014((.)):

(c)(i) In the case of any permit or decision to issue any permit for a transportation project, construction may begin twenty-one days after the date of filing if the following requirements are met:

(A) The project qualifies as water-dependent or water-related as applied in this chapter and described in WAC 173-26-020, and the project, as supported by adequate findings, requires an in-water or over-water location;

(B) All components of the project achieve a no net loss of shoreline ecological functions in accordance with WAC 173-26-171 through 173-26-251;

(C) The department of transportation provides the department with an assessment of how the project affects shoreline ecological functions. This assessment must include specific actions for avoiding, minimizing, and mitigating impacts to shoreline ecological functions that ensure that there is no net loss of ecological functions;

(D) The department, after reviewing the assessment required in (c)(i)(C) of this subsection, determines that the project will result in no net loss of ecological functions. The department's determination must be completed before the final issuance of all appropriate shoreline permits and variances; and

(E) A performance bond is posted by the project proponent adequate to finance mitigation for impacts to ecological functions resulting from the project, and long-term reporting and monitoring of ecological functions;

(ii) Nothing in this subsection (5)(c) precludes the shorelines hearings board from concluding that the shoreline project or any element of the project is inconsistent with the goals and policies of this chapter or the local shoreline master program;

(iii) This subsection (5)(c) does not apply to permit decisions for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington;

(d) Except as authorized in (b) and (c) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until

after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(((~~(d)~~))) (e) Except as authorized in (b) and (c) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), ((~~or~~)) (d), or (e) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state."

Sec. 982. RCW 43.371.020 and 2014 c 223 s 10 are each amended to read as follows:

(1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost. The database must systematically collect all medical claims and pharmacy claims from private and public payers, with data from all settings of care that permit the systematic analysis of health care delivery.

(2) The ((~~director shall select a lead organization~~)) office shall use a competitive procurement process, in accordance with chapter 39.26 RCW, to select a lead organization from among the best potential bidders to coordinate and manage the database.

(a) Due to the complexities of the all payer claims database and the unique privacy, quality, and financial objectives, the office must award extra points in the scoring evaluation for the following elements: (i) The bidder's degree of experience in health care data collection, analysis, analytics, and security; (ii) whether the bidder has a long-term self-sustainable financial model; (iii) the bidder's experience in convening and effectively engaging stakeholders to develop reports; (iv) the bidder's experience in meeting budget and timelines for report generations; and (v) the bidder's ability to combine cost and quality data.

(b) By December 31, 2017, the successful lead organization must apply to be certified as a qualified entity pursuant to 42 C.F.R. Sec. 401.703(a) by the centers for medicare and medicaid services.

(3) As part of the competitive procurement process in subsection (2) of this section, the lead organization shall enter into a contract with a data vendor to perform data collection, processing, aggregation, extracts, and analytics. The data vendor must:

(a) Establish a secure data submission process with data suppliers;

(b) Review data submitters' files according to standards established by the office;

(c) Assess each record's alignment with established format, frequency, and consistency criteria;

(d) Maintain responsibility for quality assurance, including, but not limited to: (i) The accuracy and validity of data suppliers' data; (ii) accuracy of dates of service spans; (iii) maintaining consistency of record layout and counts; and (iv) identifying duplicate records;

(e) Assign unique identifiers, as defined in RCW 43.371.010, to individuals represented in the database;

(f) Ensure that direct patient identifiers, indirect patient identifiers, and proprietary financial information are released only in compliance with the terms of this chapter;

(g) Demonstrate internal controls and affiliations with separate organizations as appropriate to ensure safe data collection, security of the data with state of the art encryption methods, actuarial support, and data review for accuracy and quality assurance;

(h) Store data on secure servers that are compliant with the federal health insurance portability and accountability act and regulations, with access to the data strictly controlled and limited to staff with appropriate training, clearance, and background checks; and

(i) Maintain state of the art security standards for transferring data to approved data requestors.

(4) The lead organization and data vendor must submit detailed descriptions to the office of the chief information officer to ensure

robust security methods are in place. The office of the chief information officer must report its findings to the office and the appropriate committees of the legislature.

(5) The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall work with the data vendor to:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;

(b) Design data collection mechanisms with consideration for the time and cost ((~~involved~~)) incurred by data suppliers and others in submission and collection and the benefits that measurement would achieve, ensuring the data submitted meet quality standards and are reviewed for quality assurance;

(c) Ensure protection of collected data and store and use any data ((~~with patient-specific information~~)) in a manner that protects patient privacy and complies with this section. All patient-specific information must be deidentified with an up-to-date industry standard encryption algorithm;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to RCW 43.371.060 using, but not limited to, the performance measures developed under RCW 41.05.690;

(f) Develop protocols and policies, including prerelease peer review by data suppliers, to ensure the quality of data releases and reports;

(g) Develop a plan for the financial sustainability of the database as self-sustaining and charge fees ((~~not to exceed five thousand dollars unless otherwise negotiated~~)) for reports and data files as needed to fund the database. Any fees must be approved by the office and ((~~must~~)) should be comparable, accounting for relevant differences across data ((~~requesters and users~~)) requests and uses. The lead organization may not charge providers or data suppliers fees other than fees directly related to requested reports; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include in-state representation from key provider, hospital, ((~~payer,~~)) public health, health maintenance organization, large and small private purchasers, ((~~and~~)) consumer organizations, and the two largest carriers supplying claims data to the database.

(((~~(3)~~))) (6) The lead organization governance structure and advisory committees for this database must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees.

Sec. 983. RCW 43.371.030 and 2014 c 223 s 11 are each amended to read as follows:

(1) ((~~Data suppliers must~~)) The state medicaid program, public employees' benefits board programs, all health carriers operating in this state, all third-party administrators paying claims on behalf of health plans in this state, and the state labor and industries program must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization. The director may expand this requirement by rule to include any health plans or health benefit plans defined in RCW 48.43.005(26) (a) through (i) to accomplish the goals of this chapter set forth in RCW 43.371.020(1). Employer-sponsored self-funded health plans and Taft-Hartley trust health plans may voluntarily provide claims data to the database within the time frames and in accordance with procedures established by the lead organization.

(2) ((~~An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release any claims data related to persons receiving health coverage from the plan.~~)) Any data supplier used by an entity that voluntarily participates in the database must provide claims data to the data vendor upon request of the entity.

(3) ((~~Each data supplier~~)) The lead organization shall submit an annual status report to the office regarding ((~~its~~)) compliance with this section. ((~~The report to the legislature required by section 2 of this act must include a summary of these status reports.~~))

Sec. 984. RCW 43.371.040 and 2014 c 223 s 12 are each amended to read as follows:

(1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained, distributed, or reported in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to provide such information pursuant to subpoena or testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter.

Sec. 985. RCW 43.371.050 and 2014 c 223 s 13 are each amended to read as follows:

(1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in ((~~original or~~)) processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request. Each request for claims data must include, at a minimum, the following information:

(a) The identity of any entities that will analyze the data in connection with the request;

(b) The stated purpose of the request and an explanation of how the request supports the goals of this chapter set forth in RCW 43.371.020(1);

(c) A description of the proposed methodology;

(d) The specific variables requested and an explanation of how the data is necessary to achieve the stated purpose described pursuant to (b) of this subsection;

(e) How the requester will ensure all requested data is handled in accordance with the privacy and confidentiality protections required under this chapter and any other applicable law;

(f) The method by which the data will be stored, destroyed, or returned to the lead organization at the conclusion of the data use agreement;

(g) The protections that will be utilized to keep the data from being used for any purposes not authorized by the requester's approved application; and

(h) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(2) The lead organization may decline a request that does not include the information set forth in subsection (1) of this section that does not meet the criteria established by the lead organization's data release advisory committee, or for reasons established by rule.

(3) Except as otherwise required by law, the office shall direct the lead organization and the data vendor to maintain the

confidentiality of claims or other data it collects for the database that include ((~~direct and~~)) proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Any ((~~agency, researcher, or other person~~)) entity that receives claims or other data ((~~under this section containing direct or indirect patient identifiers~~)) must also maintain confidentiality and may ((~~not~~)) only release such claims ((~~or other data except as consistent with this section. The office shall oversee the lead organization's release of data as follows~~)) data or any part of the claims data if:

(a) The claims data does not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof; and

(b) The release is described and approved as part of the request in subsection (1) of this section.

(4) The lead organization shall, in conjunction with the office and the data vendor, create and implement a process to govern levels of access to and use of data from the database consistent with the following:

(a) Claims or other data that include ((~~direct or~~)) proprietary financial information, direct patient identifiers, indirect patient identifiers, ((~~as specifically defined in rule,~~)) unique identifiers, or any combination thereof may be released only to the extent such information is necessary to achieve the goals of this chapter set forth in RCW 43.371.020(1) to((~~:~~

~~(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and~~

~~(ii)~~)) researchers with approval of an institutional review board upon receipt of a signed data use and confidentiality agreement with ((~~the office and~~)) the lead organization. A researcher or research organization that obtains claims data pursuant to this subsection must agree in writing not to disclose such data or parts of the data set to any other party, including affiliated entities, and must consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(b) Claims or other data that do not contain direct patient identifiers, but that may contain proprietary financial information, indirect patient identifiers, unique identifiers, or any combination thereof may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization. Federal, state, and local government agencies that obtain claims data pursuant to this subsection are prohibited from using such data in the purchase or procurement of health benefits for their employees; and

(ii) Any entity when functioning as the lead organization under the terms of this chapter.

(c) Claims or other data that do not contain proprietary financial information, direct patient identifiers, or any combination thereof, but that may contain indirect patient identifiers, unique identifiers, or a combination thereof may be released to agencies, researchers, and other ((~~persons~~)) entities as approved by the lead organization upon receipt of a signed data use agreement with the lead organization.

(((~~(c)~~))) (d) Claims or other data that do not contain direct ((~~or~~)) patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof may be released upon request.

(((~~(3)~~))) (5) Reports utilizing data obtained under this section may not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Nothing in this subsection (5) may be construed to prohibit the use of geographic areas with a sufficient population size or aggregate gender, age, medical condition, or other characteristics in the generation of reports, so long as they cannot lead to the identification of an individual.

(6) Reports issued by the lead organization at the request of providers, facilities, employers, health plans, and other entities as approved by the lead organization may utilize proprietary financial information to calculate aggregate cost data for display in such reports. The office shall approve by rule a format for the calculation and display of aggregate cost data consistent with this chapter that will prevent the disclosure or determination of proprietary financial information. In developing the rule, the office shall solicit feedback from the stakeholders, including those listed in RCW 43.371.020(5)(h), and must consider, at a minimum, data presented as proportions, ranges, averages, and medians, as well as the differences in types of data gathered and submitted by data suppliers.

(7) Recipients of claims or other data under subsection (((~~(2)(a) or (b)~~))) (4) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect data containing direct ((~~and~~)) patient identifiers, indirect patient ((~~identifying~~)) identifiers, proprietary financial information, or any combination thereof as described in the agreement; ((~~and~~))

(b) Not redisclose the claims data except ((~~as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.~~

~~(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.~~

~~(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise.~~

~~(a) "Direct patient identifier" means information that identifies a patient.~~

~~(b) "Indirect patient identifier" means information that may identify a patient when combined with other information~~)) pursuant to subsection (3) of this section;

(c) Not attempt to determine the identity of any person whose information is included in the data set or use the claims or other data in any manner that identifies any individual or their family or attempt to locate information associated with a specific individual;

(d) Destroy or return claims data to the lead organization at the conclusion of the data use agreement; and

(e) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

Sec. 986. RCW 43.371.060 and 2014 c 223 s 14 are each amended to read as follows:

(1)(a) Under the supervision of and through contract with the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set((~~, including only those measures that can be completed with readily available claims data~~)). Prior to the lead organization releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review ((~~and approval~~)).

(b) By October 31st of each year, the lead organization shall submit to the director a list of reports it anticipates producing during the following calendar year. The director may establish a public comment period not to exceed thirty days, and shall submit the list and any comment to the appropriate committees of the legislature for review.

(2)(a) Health care data reports that use claims data prepared by the lead organization ((~~that use claims data must assist~~)) for the legislature and the public ((~~with~~)) should promote awareness and

ESSB 5550 Prime Sponsor, Committee on Transportation: Regulating providers of commercial transportation services. Reported by Committee on Business & Financial Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1003.** This act may be known and cited as the insurance for providers of commercial transportation services act.

NEW SECTION. **Sec. 1004.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commercial transportation services" or "services" means all times the driver is logged in to a commercial transportation services provider's digital network or software application or until the passenger has left the personal vehicle, whichever is later.

(2) "Commercial transportation services provider" means a corporation, partnership, sole proprietorship, or other entity, operating in Washington, that uses a digital network or software application to connect passengers to drivers for the purpose of providing a prearranged ride.

(3) "Driver" means an individual who uses a personal vehicle to provide services for passengers matched through a commercial transportation services provider's digital network or software application. A driver need not be an employee of a commercial transportation services provider.

(4) "Passenger" means a passenger in a personal vehicle for whom transport is provided, including:

(a) An individual who uses a commercial transportation services provider's digital network or software application to connect with a driver to obtain services in the driver's vehicle for the individual and anyone in the individual's party; or

(b) Anyone for whom another individual uses a commercial transportation services provider's digital network or software application to connect with a driver to obtain services in the driver's vehicle.

(5) "Personal vehicle" means a vehicle that is used by a driver in connection with providing services for a commercial transportation services provider.

(6) "Prearranged ride" means a route of travel between points chosen by the passenger and arranged with a driver through the use of a commercial transportation services provider's digital network or software application. The ride begins when a driver accepts a requested ride through a digital network or software application, continues while the driver transports the passenger in a personal vehicle, and ends when the passenger departs from the personal vehicle.

NEW SECTION. **Sec. 1005.** (1)(a) Before being used to provide commercial transportation services, every personal vehicle must be covered by a primary automobile insurance policy that specifically covers commercial transportation services. Except as provided in subsection (2) of this section, a commercial transportation services provider must secure this policy for every personal vehicle used to provide commercial transportation services. For purposes of this section, a "primary automobile insurance policy" is not a private passenger automobile insurance policy.

(b)(i) The primary automobile insurance policy required under this section must provide coverage, as specified in this subsection (1)(b), at all times the driver is logged in to a commercial transportation provider's digital network or software application and at all times a passenger is in the vehicle as part of a prearranged ride, as follows:

(A) Liability coverage, while providing commercial transportation services applicable during the period before a driver accepts a requested ride through a digital network or software application, in an amount no less than fifty thousand dollars per person for bodily injury, one hundred thousand dollars per accident for bodily injury of all persons, and thirty thousand dollars for damage to property;

(B) Uninsured motorist coverage and underinsured motorist coverage in the amount of no less than fifty thousand dollars per person for bodily injury and one hundred thousand dollars per accident for bodily injury of all persons;

(C) Personal injury protection coverage pursuant to RCW 48.22.095; and

(D) Comprehensive and collision coverage with a maximum deductible of five hundred dollars.

(ii) The primary automobile insurance policy required under this subsection must provide the following coverages, applicable during the period of a prearranged ride:

(A) Combined single limit liability coverage in the amount of one million dollars for death, personal injury, and property damage;

(B) Uninsured motorist coverage and underinsured motorist coverage in the amount of one million dollars;

(C) Personal injury protection coverage pursuant to RCW 48.22.095; and

(D) Comprehensive and collision coverage with a maximum deductible of five hundred dollars.

(2)(a) As an alternative to the provisions of subsection (1) of this section, if the office of the insurance commissioner approves the offering of an insurance policy that recognizes that a person is acting as a provider of commercial transportation services and using a personal vehicle to provide commercial transportation services, a driver may secure a primary automobile insurance policy covering a personal vehicle and providing the same coverage as required in subsection (1) of this section. The policy coverage may be in the form of a rider to, or endorsement of, the driver's private passenger automobile insurance policy only if approved as such by the office of the insurance commissioner.

(b) If the primary automobile insurance policy maintained by a driver to meet the obligation of this section does not provide coverage for any reason, including that the policy lapsed or did not

exist, the commercial transportation services provider must provide the coverage required under this section beginning with the first dollar of a claim.

(c) The primary automobile insurance policy required under this subsection and subsection (1) of this section may be secured by any of the following:

(i) The commercial transportation services provider as provided in subsection (1) of this section;

(ii) The driver as provided under (a) of this subsection; or

(iii) A combination of both the commercial transportation services provider and the driver.

(3) The insurer or insurers providing coverage under subsections (1) and (2) of this section are the only insurers having the duty to defend any liability claim from an accident occurring while commercial transportation services are being provided.

(4) If a driver purchases a primary automobile insurance policy as allowed under subsection (2) of this section, the commercial transportation services provider must verify that the driver has done so.

(5) A primary automobile insurance policy required under subsection (1) or (2) of this section may be placed with an insurer licensed under this title to provide insurance in the state of Washington or as an eligible surplus line insurance policy as described in RCW 48.15.040.

(6) The insurance coverage requirements described in subsections (1) and (2) of this section do not apply to drivers and entities that have coverage pursuant to chapter 46.72 or 46.72A RCW.

(7) This section does not require a private passenger automobile insurance policy to provide primary or excess coverage or a duty to defend for the period of time in which a driver is logged in to a commercial transportation services provider's digital network or software application or while a passenger is in the vehicle.

(8)(a) A commercial transportation services provider must make the following disclosures to a prospective driver in the prospective driver's terms of service:

WHILE OPERATING ON THE COMMERCIAL TRANSPORTATION SERVICES PROVIDER'S DIGITAL NETWORK OR SOFTWARE APPLICATION, YOUR PRIVATE PASSENGER AUTOMOBILE INSURANCE POLICY MIGHT NOT AFFORD LIABILITY, UNDERINSURED MOTORIST, PERSONAL INJURY PROTECTION, COMPREHENSIVE, OR COLLISION COVERAGE, DEPENDING ON THE TERMS OF THE POLICY.

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE COMMERCIAL TRANSPORTATION SERVICES HAS A LIEN AGAINST IT, YOU MUST NOTIFY THE LIENHOLDER THAT YOU WILL BE USING THE VEHICLE FOR COMMERCIAL TRANSPORTATION SERVICES THAT MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

(b) The prospective driver must acknowledge the terms of service electronically or by signature.

(9) If more than one insurance policy provides valid and collectible coverage for a loss arising out of an occurrence involving a motor vehicle operated by a driver, the responsibility for the claim must be divided as follows:

(a) Except as provided otherwise under subsection (2)(c) of this section, if the driver has been matched with a passenger and is traveling to pick up the passenger, or the driver is providing services to a passenger, the commercial transportation services provider that matched the driver and passenger must provide insurance coverage; or

(b) If the driver is logged in to more than one commercial transportation services provider's digital network or software application but has not been matched with a passenger, the liability must be divided equally among all of the applicable insurance policies that specifically provide coverage for commercial transportation services.

(10) In an accident or claims coverage investigation, a commercial transportation services provider or its insurer must cooperate with a private passenger automobile insurance policy insurer and other insurers that are involved in the claims coverage investigation to facilitate the exchange of information, including the provision of (a) dates and times at which an accident occurred that involved a participating driver and (b) within ten business days after receiving a request, a copy of the company's electronic record showing the precise times that the participating driver logged on and off the commercial transportation services provider's digital network or software application on the day the accident or other loss occurred. The commercial transportation services provider or its insurer must retain all data, communications, or documents related to insurance coverage or accident details for a period of not less than the applicable statutes of limitation, plus two years from the date of an accident to which those records pertain.

(11) This section does not modify or abrogate any otherwise applicable insurance requirement set forth in this title.

(12) After July 1, 2016, an insurance company regulated under this title may not deny an otherwise covered claim arising exclusively out of the personal use of the private passenger automobile solely on the basis that the insured, at other times, used the private passenger automobile covered by the policy to provide commercial transportation services.

FORMATTING CHANGED TO ACCOMMODATE TEXT

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1015.** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2017, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2016" or "FY 2016" means the period beginning July 1, 2015, and ending June 30, 2016.

(b) "Fiscal year 2017" or "FY 2017" means the period beginning July 1, 2016, and ending June 30, 2017.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2017-2019 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2015, from the 2013-2015 biennial appropriations for each project.

Trust Land Transfer (30000200)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, DNR community forest open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2015-4, developed March 27, 2015.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2015, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2015, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and may not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Lease agreements for properties identified in subsection (1) of this section must include terms that restrict use of the property to the intended purpose for the term of the lease. Transfer and lease agreements may include provisions for

receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) $26,422,000 of the appropriation must be deposited in the common school construction account by September 30, 2015. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent or more of the total appropriation value is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(9) By June 30, 2017, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

The appropriations in this section are subject to the following conditions and limitations:

(1) All expenditures from the state taxable building construction account—state appropriation in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions or otherwise increase energy independence for the state. All expenditures must be used for projects that develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the department.

(2) For any project funded from the state taxable building construction account—state appropriation in this section, state funds must not exceed fifty percent of the estimated cost of a project, and funding preference must be provided to projects that offer a higher percentage of nonstate match funds.

(3)(a) $15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely to create a revolving loan fund to support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) To create the loan fund, the department shall provide grant funds to a competitively selected nonprofit lender that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines for the lender related to applicant eligibility, the screening process, and evaluation and selection criteria. The criteria must include requiring evidence of support for the proposed project from the impacted community and consistency with economic growth strategies and plans of the affected local governments. Applications for loans from the revolving fund must disclose all sources of public funding to be provided for a project. The nonprofit lender must use the revolving loan fund to make affordable loans for projects including, but not limited to: Residential and commercial energy retrofits, residential and community-scale solar installations, anaerobic digesters to treat dairy and organic waste, and combined heat and power projects using woody biomass as a fuel source.

(d) The department must conduct due diligence activities associated with the use of public funds, including oversight of the project selection process and project monitoring.

The department shall work with utilities to offer matching grants for projects that demonstrate new smart grid technologies. The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. Applications for grants must disclose all sources of public funding to be provided for a project. The grant funds must be used to fund projects that demonstrate how to: Integrate intermittent renewables through energy storage and information technology, dispatch energy storage resources from utility control rooms, use the thermal properties and electric load of commercial buildings and district energy systems to store energy, or otherwise improve the reliability and reduce the costs of intermittent or distributed renewable energy.

(5) $6,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to match federal funds used to develop and demonstrate clean energy technologies. The department shall work with the University of Washington, Washington State University, and the Pacific Northwest National Laboratory to offer matching funds for projects including, but not limited to: Advancing energy storage and solar technologies, and federal manufacturing innovation centers related to use of light-weight carbon fiber components to advance energy efficiency in the aeronautical, automotive, and marine sectors.

NEW SECTION. **Sec. 7003.** (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over $10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. **Sec. 7004.** To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $10,000,000 may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. **Sec. 7005.** (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. **Sec. 7006.** (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. **Sec. 7007.** (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. **Sec. 7008.** (1) Any building project that receives funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below pre-renovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. **Sec. 7009.** State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. **Sec. 7010.** Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

NEW SECTION. **Sec. 7011.** PUGET SOUND PROTECTION AND RESTORATION. Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. Sec. 7018. RCW 28A.525.166 and 2013 2nd sp.s. c 18 s 514 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\text{Computed State Ratio} = \frac{\text{District adjusted 3-valuation per pupil} \div \text{Total state adjusted valuation per pupil}}{\text{District adjusted 3+valuation per pupil} \div \text{Total state adjusted valuation per pupil}} = -\ \%\ \text{State Funding Assistance}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide all-day kindergarten, reduce class sizes, or provide science classrooms or labs to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only. The additional percentage points are determined by (a) student enrollments in the free and reduced price meals program, and (b) donations of cash, like-kind, or equipment from private sources. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced price meals program. The additional percentage points under (b) of this subsection are determined by enrollments of the school district and the value of the private donation as follows:

District Enrollments	$250K-$499K	Value of Donation $500K-$1M	>$1M
Less than 2,000	10	15	20
2,000-4,000	5	10	15
More than 4,000	0	5	10

During

the ((~~2011-2013 and 2013-2015~~)) 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to ((~~the general fund,~~)) the water pollution control revolving account((~~,~~)) and the drinking water assistance account such amounts as reflect the excess fund balance of the account. ((~~During the 2011-2013 fiscal biennium, the legislature may appropriate moneys from the account for economic development, innovation, and export grants, including brownfields; main street improvement grants; and the loan program consolidation board.~~)) During the 2013-2015 fiscal biennium, the legislature may transfer from the public works assistance account to the education legacy trust account such amounts as specified by the legislature.

Sec. 7032. RCW 43.155.070 and 2013 2nd sp.s. c 19 s 7032 are each amended to read as follows:

(1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) For the ((~~2013-2015~~)) 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages nonstate funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services, public transit, and transportation;

(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and

(H) Reduction of the overall cost of public infrastructure; and

(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1, ((~~2014~~)) 2016, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.

(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.

(11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the ((~~2013-2015~~)) 2015-2017 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

(14)(a) ((~~For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federally funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short-term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects.~~)) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology.

(b) For all construction loan projects proposed to the legislature for funding during the ((~~2013-2015~~)) 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

(((~~(c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies.~~)))

Sec. 7033. RCW 43.160.080 and 2010 1st sp.s. c 36 s 6011 are each amended to read as follows:

There shall be a fund in the state treasury known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. ((~~During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.~~)) During the 2015-2017 biennium, sums in the public facilities construction loan revolving account may be used to continue and enhance the animal disease traceability project in section 3247, chapter 19, Laws of 2013 2nd sp. sess., administered by the department

of agriculture. During the 2015-2017 biennium, sums in the public facilities construction loan revolving account may be used for the clean energy partnership project in section 1038, chapter 19, Laws of 2013 2nd sp. sess.

(x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under ((~~(c)[(e)]~~)) (e)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under ((~~(c)[(e)]~~)) (e)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (((~~(e)~~[~~(e)~~])) (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(((~~(d)~~ [~~(f)~~])) (f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited

procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects [affects] the ability of a potentially liable person to receive public funding.

(10) During the ((~~2013-2015~~)) 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program ((~~and for storm water grants~~)) and for the storm water financial assistance program administered by the department of ecology.

NEW SECTION. **Sec. 7035.** (1) Funds appropriated in this act for minor works may not be allotted until final project lists are submitted to the office of financial management. Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended on the revisions. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between $25,000 and $1,000,000 each, with the exception of higher education minor works projects that may be valued up to $2,000,000. All projects must meet the criteria included in this subsection (2)(a). These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed $1,000,000, or $2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

Beginning on page 1, line 3 of the amendment, strike all material through "immediately." on page 249, line 25, and insert the following:

"NEW SECTION. **Sec. 7042.** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2017, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2016" or "FY 2016" means the period beginning July 1, 2015, and ending June 30, 2016.

(b) "Fiscal year 2017" or "FY 2017" means the period beginning July 1, 2016, and ending June 30, 2017.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2017-2019 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2015, from the 2013-2015 biennial appropriations for each project.

Trust Land Transfer (30000200)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, DNR community forest open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2015-4, developed March 27, 2015.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2015, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2015, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and may not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Lease agreements for properties identified in subsection (1) of this section must include terms that restrict use of the property to the intended purpose for the term of the lease. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) $26,422,000 of the appropriation must be deposited in the common school construction account by September 30, 2015. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent or more of the total appropriation value is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(9) By June 30, 2017, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the Washington State University extension energy office to complete collection, input, and verification of data of public school facilities in the inventory and condition of schools system administered and maintained by the superintendent of public instruction.

(2) The legislature intends to complete the data collection, input, and verification of the inventory and condition of public school facilities in order to make informed decisions about K-12 school facility and capacity needs to fulfill current educational graduation requirements and class-size ratios. These decisions are best made when based on accurate data collected in a thorough and consistent manner by professionals experienced in making such inventory and condition assessments for public institutions.

(3) The Washington State University extension energy office shall conduct on-site visits to assess inventory and condition of all facilities for school districts that have no current study and survey as defined in RCW 28A.525.050 on file with the superintendent of public instruction

Activities conducted pursuant to this subsection must occur concurrently with activities in subsection (3) of this section.

(5) The Washington State University extension energy office shall conduct on-site verification of data for school districts whose current studies and surveys on file with the superintendent will expire by June 30, 2017. Clean Energy and Energy Freedom Program (91000582)

The appropriations in this section are subject to the following conditions and limitations:

(1) All expenditures from the state taxable building construction account—state appropriation in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions or otherwise increase energy independence for the state. All expenditures must be used for projects that develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the department.

(2) For any project funded from the state taxable building construction account—state appropriation in this section, state funds must not exceed fifty percent of the estimated cost of a project, and funding preference must be provided to projects that offer a higher percentage of nonstate match funds.

(3)(a) $15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely to create a revolving loan fund to support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) To create the loan fund, the department shall provide grant funds to a competitively selected nonprofit lender that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines for the lender related to applicant eligibility, the screening process, and evaluation and selection criteria. The criteria must include requiring evidence of support for the proposed project from the impacted community and consistency with economic growth strategies and plans of the affected local governments. Applications for loans from the revolving fund must disclose all sources of public funding to be provided for a project. The nonprofit lender must use the revolving loan fund to make affordable loans for projects including, but not limited to: Residential and commercial energy retrofits, residential and community-scale solar installations, anaerobic digesters to treat dairy and organic waste, and combined heat and power projects using woody biomass as a fuel source.

(d) The department must conduct due diligence activities associated with the use of public funds, including oversight of the project selection process and project monitoring.

(e) Projects seeking financing of solar installations under this section must agree in contract to not participate in the cost-recovery program under RCW 82.16.120.

The department shall work with utilities to offer matching grants for projects that demonstrate new smart grid technologies. The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. Applications for grants must disclose all sources of public funding to be provided for a project. The grant funds must be used to fund projects that demonstrate how to: Integrate intermittent renewables through energy storage and information technology, dispatch energy storage resources from utility control rooms, use the thermal properties and electric load of commercial buildings and district energy systems to store energy, or otherwise improve the reliability and reduce the costs of intermittent or distributed renewable energy.

(5) $6,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to match federal funds used to develop and demonstrate clean energy technologies. The department shall work with the University of Washington, Washington State University, and the Pacific Northwest National Laboratory to offer matching funds for projects including, but not limited to: Advancing energy storage and solar technologies, and federal manufacturing innovation centers related to use of light-weight carbon fiber components to advance energy efficiency in the aeronautical, automotive, and marine sectors.

(6) The department must report on number and results of projects funded through the clean energy fund, including the number of job hours created and the number of jobs maintained and created, to the governor and the legislature, by November 1, 2014.

(7) The energy recovery act account—federal appropriation in this section is provided solely for loans, loan guarantees, and grants that encourage the establishment of innovative and sustainable industries for renewable energy and energy efficiency technology, consistent with provisions of RCW 43.325.040 (energy freedom account).

NEW SECTION. **Sec. 7003.** (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over $10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. **Sec. 7004.** To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $10,000,000 may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. **Sec. 7005.** (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. **Sec. 7006.** (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the

appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. **Sec. 7007.** (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. **Sec. 7008.** (1) Any building project that receives funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Considers all stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, reduce the energy use by fifty percent below pre-renovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. **Sec. 7009.** State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. **Sec. 7010.** Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

NEW SECTION. **Sec. 7011.** PUGET SOUND PROTECTION AND RESTORATION. Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations where the Puget Sound partnership finds that a project is not in, or is not consistent with the action agenda, Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.

NEW SECTION. **Sec. 7012.** FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding $200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2015-2017 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to $100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by August 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

NEW SECTION. **Sec. 7013.** It is confirmed that the director of the department of enterprise services is authorized under chapter 35A.14 RCW to petition for annexation of the former northern state hospital property to the city of Sedro-Woolley upon the director's determination that such annexation is appropriate and in furtherance of the interests of the state. The director shall consult with the office of financial management prior to making such determination.

Sec. 7014. RCW 27.34.330 and 2006 c 371 s 232 are each amended to read as follows:

The Washington state historical society shall establish a competitive process to solicit proposals for and prioritize heritage capital projects for potential funding in the state capital budget. The society shall adopt rules governing project eligibility and evaluation criteria. Application for funding of specific projects may be made to the society by local governments, public development authorities, nonprofit corporations, tribal governments, and other entities, as determined by the society. The society, with the advice of leaders in the heritage field, including but not limited to representatives from the office of the secretary of state, the eastern Washington state historical society, and the department of archaeology and historic preservation, shall establish and submit a prioritized list of heritage capital projects to the governor and the legislature in the society's biennial capital budget request. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed ten million dollars. The prioritized list shall be developed through open and public meetings and the amount of state funding shall not exceed thirty-three and thirty-three one hundredths percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the society shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

NEW SECTION. **Sec. 7015.** To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. **Sec. 7016.** If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. **Sec. 7017.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

Sec. 7018. RCW 28A.525.166 and 2013 2nd sp.s. c 18 s 514 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\text{Computed State Ratio} = \frac{\text{District adjusted 3-valuation per pupil} \div \text{Total state adjusted valuation per pupil}}{\text{District adjusted 3+valuation per pupil} \div \text{Total state adjusted valuation per pupil}} = - \%\ \text{State Funding Assistance}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the

superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide all-day kindergarten, reduce class sizes, or provide science classrooms or labs to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only. The additional percentage points are determined by (a) student enrollments in the free and reduced price meals program, and (b) donations of cash, like-kind, or equipment from private sources. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced price meals program. The additional percentage points under (b) of this subsection are determined by enrollments of the school district and the value of the private donation as follows:

District Enrollments	$250K-$499K	Value of Donation $500K-$1M	>$1M
Less than 2,000	10	15	20
2,000-4,000	5	10	15
More than 4,000	0	5	10

Sec. 7019. RCW 28A.525.172 and 2006 c 263 s 314 are each amended to read as follows:

All applications by school districts for state assistance in providing school plant facilities shall be made to the superintendent of public instruction in conformity with rules adopted by the superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel. Studies and surveys shall be conducted by the superintendent for the purpose of securing information relating to (((~~(a) [(1)]~~))) (1) the kind and extent of the school plant facilities required and the urgency of need for such facilities in districts that seek state assistance, (((~~(b) [(2)]~~))) (2) the ability of such districts to provide capital funds by local effort, (((~~(c) [(3)]~~))) (3) the need for improvement of school administrative units and school attendance areas among or within such districts, and (((~~(d) [(4)]~~))) (4) any other pertinent matters. For the 2015-2017 biennium, the superintendent may not conduct studies and surveys for the purpose of this section.

NEW SECTION. **Sec. 7020.** NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . ., Laws of 2015 (Substitute House Bill No. 1166, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. **Sec. 7021.** COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or

that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to the Columbia river basin water supply development account may be made.

NEW SECTION. **Sec. 7022.** The office of financial management, in consultation with the fiscal committees of the legislature, may select capital projects that have completed predesign to undergo a budget evaluation study. The budget evaluation study team approach using value engineering techniques and life cycle cost analysis must be utilized by the office of financial management in conducting the studies. The office of financial management shall select the budget evaluation team members, contract for the study, and report the results to the legislature and agencies in a timely manner following the study. Funds from the project appropriation must be used by the office of financial management through an interagency agreement with the affected agencies to cover the cost of the study.

NEW SECTION. **Sec. 7023.** RESEARCH ON TRANSFER OF FEDERAL LANDS TO WASHINGTON STATE. Staff from the appropriate legislative committees shall use existing studies and available literature to research the potential costs, revenues, and policy impacts of transferring federal lands to state ownership. The research must include:

(1) Costs to the state of: (a) Land management related to wildfires, forest health, invasive species management, and public access; (b) addressing deferred forest health issues and ongoing maintenance; (c) payments in lieu of taxes; (d) state program development; and (e) other potential costs.

(2) Revenues to the state from: (a) Current and increased timber cut-rates; (b) mineral lease revenues; (c) recreation fees; (d) grazing fees; (e) permanent common school account investment income; and (f) other potential revenues.

(4) The research may not include consideration of revenues or costs of transferring public lands into private ownership status.

(5) A report on this research must be provided to appropriate legislative committees by December 1, 2015.

Sec. 7024. RCW 28B.20.725 and 2013 2nd sp.s. c 19 s 7027 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. ((~~However, during the 2011-2013 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.~~)) However, during the 2013-2015 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2013-2015 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2015-2017 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2015-2017 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a

capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) For the ((~~2013-2015~~)) 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages nonstate funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services, public transit, and transportation;

(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and

(H) Reduction of the overall cost of public infrastructure; and

(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1, ((~~2014~~)) 2016, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.

(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.

(11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the ((~~2013-2015~~)) 2015-2017 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

(14)(a) ((~~For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federally funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short-term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects.~~)) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology.

(b) For all construction loan projects proposed to the legislature for funding during the ((~~2013-2015~~)) 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

(((~~(c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies.~~))

(x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (((~~(c)~~)[(e)])) (e)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (((~~(c)~~)[(e)])) (e)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

(v) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and

(vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under ((~~(e)[(e)]~~)) (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(((~~(d) [(f)]~~)) (f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects [affects] the ability of a potentially liable person to receive public funding.

(10) During the ((~~2013-2015~~)) 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program ((~~and for storm water grants~~)) and for the storm water financial assistance program administered by the department of ecology.

NEW SECTION. **Sec. 7036.** (1) Funds appropriated in this act for minor works may not be allotted until final project lists are submitted to the office of financial management. Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended

on the revisions. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between $25,000 and $1,000,000 each, with the exception of higher education minor works projects that may be valued up to $2,000,000. All projects must meet the criteria included in this subsection (2)(a). These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed $1,000,000, or $2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

"**Sec. 7043.** RCW 2.36.054 and 2011 1st sp.s. c 43 s 812 are each amended to read as follows:

Unless otherwise specified by rule of the supreme court, the jury source list and master jury list for each county shall be created as provided by this section.

(1) The superior court of each county, after consultation with the county clerk and county auditor of that jurisdiction, shall annually notify the consolidated technology services agency not later than March 1st of each year of its election to use either a jury source list that is merged by the county or a jury source list that is merged by the consolidated technology services agency. The consolidated technology services agency shall annually furnish at no charge to the superior court of each county a separate list of the registered voters residing in that county as supplied annually by the secretary of state and a separate list of driver's license and identicard holders residing in that county as supplied annually by the department of licensing, or a merged list of all such persons residing in that county, in accordance with the annual notification required by this subsection. The lists provided by the consolidated technology services agency shall be in an electronic format mutually agreed upon by the superior court requesting it and the ((~~department of information services~~)) consolidated technology services agency. The annual merger of the list of registered voters residing in each county with the list of licensed drivers and identicard holders residing in each county to form a jury source list for each county shall be in accordance with the standards and methodology established in this chapter or by superseding court rule whether the merger is accomplished by the consolidated technology services agency or by a county.

(2) Persons on the lists of registered voters and driver's license and identicard holders shall be identified by a minimum of last name, first name, middle initial where available, date of birth, gender, and county of residence. Identifying information shall be used when merging the lists to ensure to the extent reasonably possible that persons are only listed once on the merged list. Conflicts in addresses are to be resolved by using the most recent record by date of last vote in a general election, date of driver's license or identicard address change or date of voter registration.

(3) The consolidated technology services agency shall provide counties that elect to receive a jury source list merged by the consolidated technology services agency with a list of names which are possible duplicates that cannot be resolved based on the identifying information required under subsection (2) of this section. If a possible duplication cannot subsequently be resolved satisfactorily through reasonable efforts by the county receiving the merged list, the possible duplicate name shall be stricken from the jury source list until the next annual jury source list is prepared.

Sec. 7044. RCW 2.36.057 and 1993 c 408 s 1 are each amended to read as follows:

The supreme court is requested to adopt court rules to be effective by September 1, 1994, regarding methodology and standards for merging the list of registered voters in Washington state with the list of licensed drivers and identicard holders in Washington state for purposes of creating an expanded jury source

list. The rules should specify the standard electronic format or formats in which the lists will be provided to requesting superior courts by the department of ((~~information services~~)) enterprise services. In the interim, and until such court rules become effective, the methodology and standards provided in RCW 2.36.054 shall apply. An expanded jury source list shall be available to the courts for use by September 1, 1994.

Sec. 7045. RCW 2.36.0571 and 1993 c 408 s 2 are each amended to read as follows:

Not later than January 1, 1994, the secretary of state, the department of licensing, and the department of ((~~information services~~)) enterprise services shall adopt administrative rules as necessary to provide for the implementation of the methodology and standards established pursuant to RCW 2.36.057 and 2.36.054 or by supreme court rule.

Sec. 7046. RCW 2.68.060 and 2010 c 282 s 7 are each amended to read as follows:

The administrative office of the courts, under the direction of the judicial information system committee, shall:

(1) Develop a judicial information system information technology portfolio consistent with the provisions of RCW ((~~43.105.172~~)) 43.41A.110;

(2) Participate in the development of an enterprise-based statewide information technology strategy ((~~as defined in RCW 43.105.019~~));

(3) Ensure the judicial information system information technology portfolio is organized and structured to clearly indicate participation in and use of enterprise-wide information technology strategies;

(4) As part of the biennial budget process, submit the judicial information system information technology portfolio to the chair and ranking member of the ways and means committees of the house of representatives and the senate, the office of financial management, and the ((~~department of information services~~)) office of the chief information officer.

Sec. 7047. RCW 4.92.110 and 2009 c 433 s 3 are each amended to read as follows:

No action subject to the claim filing requirements of RCW 4.92.100 shall be commenced against the state, or against any state officer, employee, or volunteer, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim is presented to the office of risk management ((~~division~~)) in the department of enterprise services. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

Sec. 7048. RCW 4.96.020 and 2012 c 250 s 2 are each amended to read as follows:

(1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail, or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(3) For claims for damages presented after July 26, 2009, all claims for damages must be presented on the standard tort claim form that is maintained by the office of risk management ((~~division of the office of financial management~~)) in the department of enterprise services, except as allowed under (c) of this subsection. The standard tort claim form must be posted on the ((~~office of financial management's~~)) department of enterprise services' web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances that brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;

(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(c) Local governmental entities shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity. If a local governmental entity chooses to also make available its own tort claim form in lieu of the standard tort claim form, the form:

(i) May require additional information beyond what is specified under this section, but the local governmental entity may not deny a claim because of the claimant's failure to provide that additional information;

(ii) Must not require the claimant's social security number; and

(iii) Must include instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity appointed to receive the claim.

(d) If any claim form provided by the local governmental entity fails to require the information specified in this section, or incorrectly lists the agent with whom the claim is to be filed, the local governmental entity is deemed to have waived any defense related to the failure to provide that specific information or to present the claim to the proper designated agent.

(e) Presenting either the standard tort claim form or the local government tort claim form satisfies the requirements of this chapter.

(f) The amount of damages stated on the claim form is not admissible at trial.

(4) No action subject to the claim filing requirements of this section shall be commenced against any local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim has first been presented to the agent of the governing body thereof. The applicable period of limitations within which an action

must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

(5) With respect to the content of claims under this section and all procedural requirements in this section, this section must be liberally construed so that substantial compliance will be deemed satisfactory.

Sec. 7049. RCW 8.26.085 and 2011 c 336 s 281 are each amended to read as follows:

(1) The lead agency, after full consultation with the department of ((~~general administration~~)) enterprise services, shall adopt rules and establish such procedures as the lead agency may determine to be necessary to assure:

(a) That the payments and assistance authorized by this chapter are administered in a manner that is fair and reasonable and as uniform as practicable;

(b) That a displaced person who makes proper application for a payment authorized for that person by this chapter is paid promptly after a move or, in hardship cases, is paid in advance; and

(c) That a displaced person who is aggrieved by a program or project that is under the authority of a state agency or local public agency may have his or her application reviewed by the state agency or local public agency.

(2) The lead agency, after full consultation with the department of ((~~general administration~~)) enterprise services, may adopt such other rules and procedures, consistent with the provisions of this chapter, as the lead agency deems necessary or appropriate to carry out this chapter.

Sec. 7051. RCW 15.64.060 and 2008 c 215 s 2 are each amended to read as follows:

(1) A farm-to-school program is created within the department to facilitate increased procurement of Washington grown food by schools.

(2) The department, in consultation with the department of health, the office of the superintendent of public instruction, the department of ((~~general administration~~)) enterprise services, and Washington State University, shall, in order of priority:

(a) Identify and develop policies and procedures to implement and evaluate the farm-to-school program, including coordinating with school procurement officials, buying cooperatives, and other appropriate organizations to develop uniform procurement procedures and materials, and practical recommendations to facilitate the purchase of Washington grown food by the common schools. These policies, procedures, and recommendations shall be made available to school districts to adopt at their discretion;

(b) Assist food producers, distributors, and food brokers to market Washington grown food to schools by informing them of food procurement opportunities, bid procedures, school purchasing criteria, and other requirements;

(c) Assist schools in connecting with local producers by informing them of the sources and availability of Washington grown food as well as the nutritional, environmental, and economic benefits of purchasing Washington grown food;

(d) Identify and recommend mechanisms that will increase the predictability of sales for producers and the adequacy of supply for purchasers;

(e) Identify and make available existing curricula, programs and publications that educate students on the nutritional, environmental, and economic benefits of preparing and consuming locally grown food;

(f) Support efforts to advance other farm-to-school connections such as school gardens or farms and farm visits; and

(g) As resources allow, seek additional funds to leverage state expenditures.

(3) The department in cooperation with the office of the superintendent of public instruction shall collect data on the activities conducted pursuant to chapter 215, Laws of 2008 and communicate such data biennially to the appropriate committees of the legislature beginning November 15, 2009. Data collected may include the numbers of schools and farms participating and any increases in the procurement of Washington grown food by the common schools.

(4) As used in this section, RCW ((~~43.19.1905, 43.19.1906,~~)) 28A.335.190, and 28A.235.170, "Washington grown" means grown and packed or processed in Washington.

Sec. 7052. RCW 15.65.285 and 1972 ex.s. c 112 s 2 are each amended to read as follows:

The restrictive provisions of chapter ((~~43.78~~)) 43.19 RCW((~~, as now or hereafter amended,~~)) shall not apply to promotional printing and literature for any commodity board.

Sec. 7053. RCW 15.66.280 and 1972 ex.s. c 112 s 5 are each amended to read as follows:

The restrictive provisions of chapter ((~~43.78~~)) 43.19 RCW ((~~as now or hereafter amended~~)) shall not apply to promotional printing and literature for any commission formed under this chapter.

The commission may create such debt and other liabilities as may be reasonable for proper discharge of its duties under this chapter;

Evidence may be in the form of a water right permit from the department of ecology, a letter from an approved water purveyor stating the ability to provide water, or another form sufficient to verify the existence of an adequate water supply. In addition to other authorities, the county or city may impose conditions on building permits requiring connection to an existing public water system where the existing system is willing and able to provide safe and reliable potable water to the applicant with reasonable economy and efficiency. An application for a water right shall not be sufficient proof of an adequate water supply.

(a) Construct increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031;

(b) Require new buildings to meet a certain level of energy efficiency, but allow flexibility in building design, construction, and heating equipment efficiencies within that framework; and

(c) Allow space heating equipment efficiency to offset or substitute for building envelope thermal performance.

(3) The Washington state energy code shall take into account regional climatic conditions. Climate zone 1 shall include all counties not included in climate zone 2. Climate zone 2 includes: Adams, Chelan, Douglas, Ferry, Grant, Kittitas, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, and Whitman counties.

(4) The Washington state energy code for residential buildings shall be the 2006 edition of the Washington state energy code, or as amended by rule by the council.

(6)(a) Except as provided in (b) of this subsection, the Washington state energy code for residential structures shall preempt the residential energy code of each city, town, and county in the state of Washington.

(b) The state energy code for residential structures does not preempt a city, town, or county's energy code for residential structures which exceeds the requirements of the state energy code and which was adopted by the city, town, or county prior to March 1, 1990. Such cities, towns, or counties may not subsequently amend their energy code for residential structures to exceed the requirements adopted prior to March 1, 1990.

The director of the department of ((~~general administration~~)) enterprise services shall recommend to the state building code council any changes necessary to conform the proposed rules to the requirements of this section.

(4) By July 1, 2010, ((~~general administration~~)) the department of enterprise services shall select a standardized portfolio manager report for reporting public facilities. ((~~General administration~~)) The department of enterprise services, in collaboration with the United States environmental protection agency, shall make the standard report of each reporting public facility available to the public through the portfolio manager web site.

(5) ((~~General administration~~)) The department of enterprise services shall prepare a biennial report summarizing the statewide portfolio manager master account reporting data. The first report must be completed by December 1, 2012. Subsequent reporting shall be completed every two years thereafter.

(6) By July 1, 2010, ((~~general administration~~)) the department of enterprise services shall develop a technical assistance program to facilitate the implementation of a preliminary audit and the investment grade energy audit. ((~~General administration~~)) The department of enterprise services shall design the technical assistance program to utilize audit services provided by utilities or energy services contracting companies when possible.

(7) For a reporting public facility that is leased by the state with a national energy performance rating score below seventy-five, a qualifying public agency may not enter into a new lease or lease renewal on or after January 1, 2010, unless:

(a) A preliminary audit has been conducted within the last two years; and

(b) The owner or lessor agrees to perform an investment grade audit and implement any cost-effective energy conservation measures within the first two years of the lease agreement if the preliminary audit has identified potential cost-effective energy conservation measures.

(8)(a) Except as provided in (b) of this subsection, for each reporting public facility with a national energy performance rating score below fifty, the qualifying public agency, in consultation with ((~~general administration~~)) the department of enterprise services, shall undertake a preliminary energy audit by July 1, 2011. If potential cost-effective energy savings are identified, an investment grade energy audit must be completed by July 1, 2013. Implementation of cost-effective energy conservation measures are required by July 1, 2016. For a major facility that is leased by a state agency, college, or university, energy audits and implementation of cost-effective energy conservation measures are required only for that portion of the facility that is leased by the state agency, college, or university.

(10) The director of the department of ((~~general administration~~)) enterprise services, in consultation with the

The department of ((~~general administration~~)) enterprise services shall establish a process to determine viability.

(11) ((~~General administration~~)) The department of enterprise services, in consultation with the office of financial management, shall develop a waiver process for the requirements in subsection (7) of this section. The director of the office of financial management, in consultation with ((~~general administration~~)) the department of enterprise services, may waive the requirements in subsection (7) of this section if the director determines that compliance is not cost-effective or feasible. The director of the office of financial management shall consider the review conducted by the department of ((~~general administration~~)) enterprise services on the viability of relocation as established in subsection (10) of this section, if applicable, prior to waiving the requirements in subsection (7) of this section.

(12) By July 1, 2011, ((~~general administration~~)) the department of enterprise services shall conduct a review of facilities not covered by the national energy performance rating. Based on this review, ((~~general administration~~)) the department of enterprise services shall develop a portfolio of additional facilities that require preliminary energy audits. For these facilities, the qualifying public agency, in consultation with ((~~general administration~~)) the department of enterprise services, shall undertake a preliminary energy audit by July 1, 2012. (7) For qualifying utilities that are not investor-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

Upon his or her attaining eligibility for retirement under the Washington state

teachers' retirement system, such faculty member or other employee shall receive from the Washington state teachers' retirement system a retirement allowance consisting of an annuity which shall be the actuarial equivalent of his or her accumulated contributions at his or her age when becoming eligible for such retirement and a pension for each year of creditable service established and retained at the time of said designation as provided in RCW 41.32.497. Anyone who on July 1, 1967, was receiving pension payments from the teachers' retirement system based on thirty-five years of creditable service shall thereafter receive a pension based on the total years of creditable service established with the retirement system: PROVIDED, HOWEVER, That any such faculty member or other employee exempt from civil service pursuant to RCW 41.06.070 (1)((~~(cc)~~)) (z) and (2) who, upon attainment of eligibility for retirement under the Washington state teachers' retirement system, is still engaged in public educational employment, shall not be eligible to receive benefits under the Washington state teachers' retirement system until he or she ceases such public educational employment. Any retired faculty member or other employee who enters service in any public educational institution shall cease to receive pension payments while engaged in such service: PROVIDED FURTHER, That such service may be rendered up to seventy-five days in a school year without reduction of pension.

(3) A faculty member or other exempt employee designated by the board of trustees of the applicable regional university or of The Evergreen State College as being subject to the annuity and retirement income plan and who, at the time of such designation, is a member of the Washington state teachers' retirement system may, at his or her election and at any time, on and after midnight June 10, 1959, terminate his or her membership in the Washington state teachers' retirement system and withdraw his or her accumulated contributions and interest in the teachers' retirement fund upon written application to the board of trustees of the Washington state teachers' retirement system. Faculty members or other employees who withdraw their accumulated contributions, on and after the date of withdrawal of contributions, shall no longer be members of the Washington state teachers' retirement system and shall forfeit all rights of membership, including pension benefits, theretofore acquired under the Washington state teachers' retirement system.

Sec. 7071. RCW 35.21.779 and 1995 c 399 s 39 are each amended to read as follows:

(1) In cities or towns where the estimated value of state-owned facilities constitutes ten percent or more of the total assessed valuation, the state agency or institution owning the facilities shall contract with the city or town to pay an equitable share for fire protection services. The contract shall be negotiated as provided in subsections (2) through (6) of this section and shall provide for payment by the agency or institution to the city or town.

(2) A city or town seeking to enter into fire protection contract negotiations shall provide written notification to the department of ((~~community, trade, and economic development~~)) commerce and the state agencies or institutions that own property within the jurisdiction, of its intent to contract for fire protection services. Where there are multiple state agencies located within a single jurisdiction, a city may choose to notify only the department of ((~~community, trade, and economic development~~)) commerce, which in turn shall notify the agencies or institution that own property within the jurisdiction of the city's intent to contract for fire protection services. Any such notification shall be based on the valuation procedures, based on commonly accepted standards, adopted by the department of ((~~community, trade, and economic development~~)) commerce in consultation with the department of ((~~general administration~~)) enterprise services and the association of Washington cities.

(3) The department of ((~~community, trade, and economic development~~)) commerce shall review any such notification to ensure that the valuation procedures and results are accurate. The department will notify each affected city or town and state agency or institution of the results of their review within thirty days of receipt of notification.

(4) The parties negotiating fire protection contracts under this section shall conduct those negotiations in good faith. Whenever there are multiple state agencies located within a single jurisdiction, every effort shall be made by the state to consolidate negotiations on behalf of all affected agencies.

(5) In the event of notification by one of the parties that an agreement cannot be reached on the terms and conditions of a fire protection contract, the director of the department of ((~~community, trade, and economic development~~)) commerce shall mediate a resolution of the disagreement. In the event of a continued impasse, the director of the department of ((~~community, trade, and economic development~~)) commerce shall recommend a resolution.

(6) If the parties reject the recommendation of the director and an impasse continues, the director shall direct the parties to arbitration. The parties shall agree on a neutral arbitrator, and the fees and expenses of the arbitrator shall be shared equally between the parties. The arbitration shall be a final offer, total arbitration, with the arbitrator empowered only to pick the final offer of one of the parties or the recommended resolution by the director of the department of ((~~community, trade, and economic development~~)) commerce. The decision of the arbitrator shall be final, binding, and nonappealable on the parties.

(7) The provisions of this section shall not apply if a city or town and a state agency or institution have contracted pursuant to RCW 35.21.775.

(8) The provisions of this section do not apply to cities and towns not meeting the conditions in subsection (1) of this section. Cities and towns not meeting the conditions of subsection (1) of this section may enter into contracts pursuant to RCW 35.21.775.

Sec. 7072. RCW 35.68.076 and 1989 c 175 s 84 are each amended to read as follows:

The department of ((~~general administration~~)) enterprise services shall, pursuant to chapter 34.05 RCW, the Administrative Procedure Act, adopt several suggested model design, construction, or location standards to aid counties, cities, and towns in constructing curb ramps to allow reasonable access to the crosswalk for ((~~physically handicapped~~)) persons with physical disabilities without uniquely endangering blind persons. The department of ((~~general administration~~)) enterprise services shall consult with ((~~handicapped~~)) persons with physical disabilities, blind persons, counties, cities, and the state building code council in adopting the suggested standards.

Sec. 7073. RCW 35A.65.010 and 1967 ex.s. c 119 s 35A.65.010 are each amended to read as follows:

All printing, binding and stationery work done for any code city shall be done within the state and all proposals, requests and invitations to submit bids, prices or contracts thereon and all contracts for such work shall so stipulate subject to the limitations contained in RCW ((~~43.78.130~~)) 43.19.748 and 35.23.352.

Sec. 7074. RCW 36.28A.070 and 2003 c 102 s 3 are each amended to read as follows:

(1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the ((~~information services board~~)) office of the chief information officer, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:

(a) Develop the type of information to be included in the statewide first responder building mapping information system. The

information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;

(b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system;

(c) Determine the order in which buildings shall be mapped when funding is received;

(d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;

(e) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

(2)(a) Nothing in this section supersedes the authority of the ((~~information services board~~)) office of the chief information officer under chapter ((~~43.105~~)) 43.41A RCW.

(b) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems.

Sec. 7075. RCW 39.04.155 and 2009 c 74 s 1 are each amended to read as follows:

(1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of three hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of ((~~general administration~~)) enterprise services in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of ((~~general administration~~)) enterprise services under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred fifty thousand dollars to three hundred thousand dollars, a state agency or local government that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 39.04.010. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the

geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialpersons, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of ((~~general administration~~)) enterprise services, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of ((~~general administration~~)) enterprise services to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities.

Sec. 7076. RCW 39.04.220 and 1996 c 18 s 5 are each amended to read as follows:

(1) In addition to currently authorized methods of public works contracting, and in lieu of the requirements of RCW 39.04.010 and 39.04.020 through 39.04.060, capital projects funded for over ten million dollars authorized by the legislature for the department of corrections to construct or repair facilities may be accomplished under contract using the general contractor/construction manager method described in this section. In addition, the general contractor/construction manager method may be used for up to two demonstration projects under ten million dollars for the department of corrections. Each demonstration project shall aggregate capital projects authorized by the legislature at a single site to total no less than three million dollars with the approval of the office of financial management. The department of ((~~general administration~~)) enterprise services shall present its plan for the aggregation of projects under each demonstration project to the oversight advisory committee established under subsection (2) of this section prior to soliciting proposals for general contractor/construction manager services for the demonstration project.

(2) For the purposes of this section, "general contractor/construction manager" means a firm with which the department of ((~~general administration~~)) enterprise services has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through a formal advertisement, and competitive bids to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. The department of ((~~general administration~~)) enterprise services shall establish an independent oversight advisory committee with representatives of interest groups with an interest in this subject area, the department of corrections, and the private sector, to review selection and contracting procedures and contracting documents. The oversight advisory committee shall discuss and review the progress of the demonstration projects. The general contractor/construction manager method is limited to projects authorized on or before July 1, 1997.

(3) Contracts for the services of a general contractor/construction manager awarded under the authority of this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. Minority and women enterprise total project goals shall be specified in the bid instructions to the general contractor/construction manager finalists. The director of ((~~general administration~~)) enterprise services is authorized to include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted shall exceed five percent of the maximum allowable construction cost. The director of ((~~general administration~~)) enterprise services or his or her designee shall establish a committee to evaluate the proposals considering such factors as: Ability of professional personnel; past performance in negotiated and complex projects; ability to meet time and budget requirements; location; recent, current, and projected workloads of the firm; and the concept of their proposal. After the committee has selected the most qualified finalists, these finalists shall submit sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The maximum allowable construction cost may be negotiated between the department of ((~~general administration~~)) enterprise services and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the department of ((~~general administration~~)) enterprise services is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the department of ((~~general administration~~)) enterprise services determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the department of ((~~general administration~~)) enterprise services shall negotiate with the next low bidder and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the state, the percent fee shall be renegotiated. All subcontract work shall be competitively bid with public bid openings. Specific contract requirements for women and minority enterprise participation shall be specified in each subcontract bid package that exceeds ten percent of the department's estimated project cost. All subcontractors who bid work over two hundred thousand dollars shall post a bid bond and the awarded subcontractor shall provide a performance and payment bond for their contract amount if required by the general

contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder only in accordance with RCW 39.04.015 or, if unsuccessful in such negotiations, rebid.

(4) If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the state. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the state, the additional cost shall be the responsibility of the general contractor/construction manager.

(5) The powers and authority conferred by this section shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained in this section may be construed as limiting any other powers or authority of the department of ((~~general administration~~)) enterprise services. However, all actions taken pursuant to the powers and authority granted to the director or the department of ((~~general administration~~)) enterprise services under this section may only be taken with the concurrence of the department of corrections.

Sec. 7077. RCW 39.04.290 and 2001 c 34 s 1 are each amended to read as follows:

(1) A state agency or local government may award contracts of any value for the design, fabrication, and installation of building engineering systems by: (a) Using a competitive bidding process or request for proposals process where bidders are required to provide final specifications and a bid price for the design, fabrication, and installation of building engineering systems, with the final specifications being approved by an appropriate design, engineering, and/or public regulatory body; or (b) using a competitive bidding process where bidders are required to provide final specifications for the final design, fabrication, and installation of building engineering systems as part of a larger project with the final specifications for the building engineering systems portion of the project being approved by an appropriate design, engineering, and/or public regulatory body. The provisions of chapter 39.80 RCW do not apply to the design of building engineering systems that are included as part of a contract described under this section.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Building engineering systems" means those systems where contracts for the systems customarily have been awarded with a requirement that the contractor provide final approved specifications, including fire alarm systems, building sprinkler systems, pneumatic tube systems, extensions of heating, ventilation, or air conditioning control systems, chlorination and chemical feed systems, emergency generator systems, building signage systems, pile foundations, and curtain wall systems.

(b) "Local government" means any county, city, town, school district, or other special district, municipal corporation, or quasi-municipal corporation.

(c) "State agency" means the department of ((~~general administration~~)) enterprise services, the state parks and recreation commission, the department of fish and wildlife, the department of natural resources, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of ((~~general administration~~)) enterprise services to engage in building, renovation, remodeling, alteration, improvement, or repair activities.

Sec. 7078. RCW 39.04.320 and 2009 c 197 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) through (d) of this subsection, from January 1, 2005, and thereafter, for all public works estimated to cost one million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(b)(i) This section does not apply to contracts advertised for bid before July 1, 2007, for any public works by the department of transportation.

(ii) For contracts advertised for bid on or after July 1, 2007, and before July 1, 2008, for all public works by the department of transportation estimated to cost five million dollars or more, all specifications shall require that no less than ten percent of the labor hours be performed by apprentices.

(iii) For contracts advertised for bid on or after July 1, 2008, and before July 1, 2009, for all public works by the department of transportation estimated to cost three million dollars or more, all specifications shall require that no less than twelve percent of the labor hours be performed by apprentices.

(iv) For contracts advertised for bid on or after July 1, 2009, for all public works by the department of transportation estimated to cost two million dollars or more, all specifications shall require that no less than fifteen percent of the labor hours be performed by apprentices.

(2) Awarding entities may adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas;

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation;

(c) Participating contractors have demonstrated a good faith effort to comply with the requirements of RCW 39.04.300 and 39.04.310 and this section; or

(d) Other criteria the awarding entity deems appropriate, which are subject to review by the office of the governor.

(3) The secretary of the department of transportation shall adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas; or

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation.

(4) This section applies to public works contracts awarded by the state, to public works contracts awarded by school districts, and to public works contracts awarded by state four-year institutions of higher education. However, this section does not apply to contracts awarded by state agencies headed by a separately elected public official.

(vii) The number, type, and rationale for the exceptions granted under subsection (2) of this section.

(b) The department of labor and industries shall assist the department of ((~~general administration~~)) enterprise services in providing information and technical assistance.

(6) The secretary of transportation shall establish an apprenticeship utilization advisory committee, which shall include statewide geographic representation and consist of equal numbers of representatives of contractors and labor. The committee must include at least one member representing contractor businesses with less than thirty-five employees. The advisory committee shall meet regularly with the secretary of transportation to discuss implementation of this section by the department of transportation, including development of the process to be used to adjust the requirements of this section for a specific project. The committee shall provide a report to the legislature by January 1, 2008, on the effects of the apprentice labor requirement on transportation projects and on the availability of apprentice labor and programs statewide.

(7) At the request of the senate labor, commerce, research and development committee, the house of representatives commerce and labor committee, or their successor committees, and the governor, the department of ((~~general administration~~)) enterprise services and the department of labor and industries shall compile and summarize the agency data and provide a joint report to both committees. The report shall include recommendations on modifications or improvements to the apprentice utilization program and information on skill shortages in each trade or craft.

Sec. 7079. RCW 39.04.330 and 2005 c 12 s 11 are each amended to read as follows:

For purposes of determining compliance with chapter 39.35D RCW, the department of ((~~general administration~~)) enterprise services shall credit the project for using wood products with a credible third party sustainable forest certification or from forests regulated under chapter 76.09 RCW, the Washington forest practices act.

Sec. 7080. RCW 39.04.370 and 2010 c 276 s 1 are each amended to read as follows:

(1) For any public work estimated to cost over one million dollars, the contract must contain a provision requiring the submission of certain information about off-site, prefabricated, nonstandard, project specific items produced under the terms of the contract and produced outside Washington. The information must be submitted to the department of labor and industries under subsection (2) of this section. The information that must be provided is:

(a) The estimated cost of the public works project;

(b) The name of the awarding agency and the title of the public works project;

(c) The contract value of the off-site, prefabricated, nonstandard, project specific items produced outside Washington, including labor and materials; and

(d) The name, address, and federal employer identification number of the contractor that produced the off-site, prefabricated, nonstandard, project specific items.

(2)(a) The required information under this section must be submitted by the contractor or subcontractor as a part of the affidavit of wages paid form filed with the department of labor and industries under RCW 39.12.040. This information is only required to be submitted by the contractor or subcontractor who directly contracted for the off-site, prefabricated, nonstandard, project specific items produced outside Washington.

Sec. 7081. RCW 39.04.380 and 2011 c 345 s 1 are each amended to read as follows:

(1) The department of ((~~general administration~~)) enterprise services must conduct a survey and compile the results into a list of which states provide a bidding preference on public works contracts for their resident contractors. The list must include details on the type of preference, the amount of the preference, and how the preference is applied. The list must be updated periodically as needed. The initial survey must be completed by November 1, 2011, and by December 1, 2011, the department must submit a report to the appropriate committees of the legislature on the results of the survey. The charge shall be assessed to all occupants of the facility on a proportional basis based on the amount of occupied space or any unique construction requirements. The office of financial management, in consultation with the department of ((~~general administration~~)) enterprise services, shall develop procedures to implement this section and report to the legislative fiscal committees, by October 1994, their recommendations for implementing this section. The agency shall solicit representation of the employee population including, but not limited to, management, administrative staff, production workers, and state employee bargaining units. Sec. 7128. RCW 43.88.090 and 2012 c 229 s 587 are each amended to read as follows:

(1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The governor shall communicate statewide priorities to agencies for use in developing biennial budget recommendations for their agency and shall seek public involvement and input on these priorities. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing activity performance, each state agency shall establish quality and productivity objectives for each major activity in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. Objectives must specifically address the statutory purpose or intent of the program or activity and focus on data that measure whether the agency is achieving or making progress toward the purpose of the activity and toward statewide priorities. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for and perform continuous self-assessment of each activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section. The assessment of the activity must also include an evaluation of major information technology systems or projects that may assist the agency in achieving or making progress toward the activity purpose and statewide priorities. The evaluation of proposed major information technology systems or projects shall be in accordance with the standards and policies established by the ((~~information services board~~)) office of the chief information officer. Agencies' progress toward the mission, goals, objectives, and measurements required by subsections (2) and (3) of this section is subject to review as set forth in this subsection.

(d) The office of ((~~financial management shall consult with the information services board when conducting reviews of~~)) the chief information officer shall review major information technology

systems in use by state agencies((~~. The goal is that reviews of these information technology systems occur~~)) periodically.

(5) It is the policy of the legislature that each agency's budget recommendations must be directly linked to the agency's stated mission and program, quality, and productivity goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of an activity's success in achieving its goals. When a review under subsection (4) of this section or other analysis determines that the agency's objectives demonstrate that the agency is making insufficient progress toward the goals of any particular program or is otherwise underachieving or inefficient, the agency's budget request shall contain proposals to remedy or improve the selected programs. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In reviewing agency budget requests in order to prepare the governor's biennial budget request, the office of financial management shall consider the extent to which the agency's activities demonstrate progress toward the statewide budgeting priorities, along with any specific review conducted under subsection (4) of this section.

(7) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

Sec. 7136. RCW 43.331.040 and 2010 1st sp.s. c 35 s 301 are each amended to read as follows:

(1) The department of commerce, in consultation with the department of ((~~general administration~~)) enterprise services and the Washington State University energy program, shall administer the jobs act.

(2) The department of ((~~general administration~~)) enterprise services must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter ((~~and RCW 43.331.050~~)) unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions.

Sec. 7137. RCW 43.331.050 and 2010 1st sp.s. c 35 s 302 are each amended to read as follows:

(1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of ((~~general administration~~)) enterprise services, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of ((~~general administration's~~)) enterprise services' energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of ((~~general administration~~)) enterprise services through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of ((~~general administration~~)) enterprise services through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher

education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the department of ((~~general administration~~)) enterprise services and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the department of ((~~general administration~~)) enterprise services must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

Sec. 7138. RCW 44.68.065 and 2010 c 282 s 8 are each amended to read as follows:

The legislative service center, under the direction of the joint legislative systems committee and the joint legislative systems administrative committee, shall:

(1) Develop a legislative information technology portfolio consistent with the provisions of RCW ((~~43.105.172~~)) 43.41A.110;

(2) Participate in the development of an enterprise-based statewide information technology strategy ((~~as defined in RCW 43.105.019~~));

(3) Ensure the legislative information technology portfolio is organized and structured to clearly indicate participation in and use of enterprise-wide information technology strategies;

(4) As part of the biennial budget process, submit the legislative information technology portfolio to the chair and ranking member of the ways and means committees of the house of representatives and the senate, the office of financial management, and the ((~~department of information services~~)) office of the chief information officer.

Sec. 7139. RCW 44.73.010 and 2007 c 453 s 2 are each amended to read as follows:

(1) There is created in the legislature a legislative gift center for the retail sale of products bearing the state seal, Washington state souvenirs, other Washington products, and other products as approved. Wholesale purchase of products for sale at the legislative gift center is not subject to competitive bidding.

(2) Governance for the legislative gift center shall be under the chief clerk of the house of representatives and the secretary of the senate. They may designate a legislative staff member as the lead staff person to oversee management and operation of the gift shop.

(3) The chief clerk of the house of representatives and secretary of the senate shall consult with the department of ((~~general administration~~)) enterprise services in planning, siting, and maintaining legislative building space for the gift center.

(4) Products bearing the "Seal of the State of Washington" as described in Article XVIII, section 1 of the Washington state Constitution and RCW 1.20.080, must be purchased from the secretary of state pursuant to an agreement between the chief clerk of the house of representatives, the secretary of the senate, and the secretary of state.

Sec. 7140. RCW 46.08.065 and 1998 c 111 s 4 are each amended to read as follows:

(1) It is unlawful for any public officer having charge of any vehicle owned or controlled by any county, city, town, or public body in this state other than the state of Washington and used in public business to operate the same upon the public highways of this state unless and until there shall be displayed upon such automobile or other motor vehicle in letters of contrasting color not less than one and one-quarter inches in height in a conspicuous place on the right and left sides thereof, the name of such county, city, town, or other public body, together with the name of the department or office upon the business of which the said vehicle is used. This section shall not apply to vehicles of a sheriff's office, local police department, or any vehicles used by local peace officers under public authority for special undercover or confidential investigative purposes. This subsection shall not apply to: (a) Any municipal transit vehicle operated for purposes of providing public mass transportation; (b) any vehicle governed by the requirements of subsection (4) of this section; nor to (c) any motor vehicle on loan to a school district for driver training purposes. It shall be lawful and constitute compliance with the provisions of this section, however, for the governing body of the appropriate county, city, town, or public body other than the state of Washington or its agencies to adopt and use a distinctive insignia which shall be not less than six inches in diameter across its smallest dimension and which shall be displayed conspicuously on the right and left sides of the vehicle. Such insignia shall be in a color or colors contrasting with the vehicle to which applied for maximum visibility. The name of the public body owning or operating the vehicle shall also be included as part of or displayed above such approved insignia in colors contrasting with the vehicle in letters not less than one and one-quarter inches in height. Immediately below the lettering identifying the public entity and agency operating the vehicle or below an approved insignia shall appear the words "for official use only" in letters at least one inch high in a color contrasting with the color of the vehicle. The appropriate governing body may provide by rule or ordinance for marking of passenger motor vehicles as prescribed in subsection (2) of this section or for exceptions to the marking requirements for local governmental agencies for the same purposes and under the same circumstances as permitted for state agencies under subsection (3) of this section.

(2) Except as provided by subsections (3) and (4) of this section, passenger motor vehicles owned or controlled by the state of Washington, and purchased after July 1, 1989, must be plainly and conspicuously marked on the lower left-hand corner of the rear window with the name of the operating agency or institution or the words "state motor pool," as appropriate, the words "state of Washington — for official use only," and the seal of the state of Washington or the appropriate agency or institution insignia, approved by the department of ((~~general administration~~)) enterprise services. Markings must be on a transparent adhesive material and conform to the standards established by the department of ((~~general administration~~)) enterprise services. For the purposes of this section, "passenger motor vehicles" means sedans, station wagons, vans, light trucks, or other motor vehicles under ten thousand pounds gross vehicle weight.

(3) Subsection (2) of this section shall not apply to vehicles used by the Washington state patrol for general undercover or confidential investigative purposes. Traffic control vehicles of the Washington state patrol may be exempted from the requirements of subsection (2) of this section at the discretion of the chief of the Washington state patrol. The department of ((~~general administration~~)) enterprise services shall adopt general rules permitting other exceptions to the requirements of subsection (2) of this section for other vehicles used for law enforcement, confidential public health work, and public assistance fraud or support

investigative purposes, for vehicles leased or rented by the state on a casual basis for a period of less than ninety days, and those provided for in RCW 46.08.066(((~~(3)~~))). The exceptions in this subsection, subsection (4) of this section, and those provided for in RCW 46.08.066(((~~(3)~~))) shall be the only exceptions permitted to the requirements of subsection (2) of this section.

(4) Any motorcycle, vehicle over 10,000 pounds gross vehicle weight, or other vehicle that for structural reasons cannot be marked as required by subsection (1) or (2) of this section that is owned or controlled by the state of Washington or by any county, city, town, or other public body in this state and used for public purposes on the public highways of this state shall be conspicuously marked in letters of a contrasting color with the words "State of Washington" or the name of such county, city, town, or other public body, together with the name of the department or office that owns or controls the vehicle.

(5) All motor vehicle markings required under the terms of this chapter shall be maintained in a legible condition at all times.

Sec. 7141. RCW 46.08.150 and 2010 c 161 s 1112 are each amended to read as follows:

The director of ((~~general administration~~)) enterprise services shall have power to devise and promulgate rules and regulations for the control of vehicular and pedestrian traffic and the parking of motor vehicles on the state capitol grounds. However, the monetary penalty for parking a motor vehicle without a valid special license plate or placard in a parking place reserved for persons with physical disabilities shall be the same as provided in RCW 46.19.050. Such rules and regulations shall be promulgated by publication in one issue of a newspaper published at the state capitol and shall be given such further publicity as the director may deem proper.

Sec. 7142. RCW 46.08.172 and 1995 c 215 s 4 are each amended to read as follows:

The director of the department of ((~~general administration~~)) enterprise services shall establish equitable and consistent parking rental fees for the capitol campus and may, if requested by agencies, establish equitable and consistent parking rental fees for agencies off the capitol campus, to be charged to employees, visitors, clients, service providers, and others, that reflect the legislature's intent to reduce state subsidization of parking or to meet the commute trip reduction goals established in RCW 70.94.527. All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. However, parking rental fees are not to exceed the local market rate of comparable privately owned rental parking.

The director may delegate the responsibility for the collection of parking fees to other agencies of state government when cost-effective.

Sec. 7143. RCW 47.60.830 and 2008 c 126 s 4 are each amended to read as follows:

In performing the function of operating its ferry system, the department may, subject to the availability of amounts appropriated for this specific purpose and after consultation with the department of ((~~general administration's office of state procurement~~)) enterprise services, explore and implement strategies designed to reduce the overall cost of fuel and mitigate the impact of market fluctuations and pressure on both short-term and long-term fuel costs. These strategies may include, but are not limited to, futures contracts, hedging, swap transactions, option contracts, costless collars, and long-term storage. The department shall periodically submit a report to the transportation committees of the legislature and the ((~~office of state procurement~~)) department of enterprise services on the status of any such implemented strategies, including cost mitigation results, a description of each contract established to mitigate fuel costs, the amounts of fuel covered by the contracts, the cost mitigation results, and any related recommendations. The first report must be submitted within one year of implementation.

NEW SECTION. **Sec. 7144.** A new section is added to chapter 49.74 RCW to read as follows:

If no agreement can be reached under RCW 49.74.030, the commission may refer the matter to the administrative law judge for hearing pursuant to RCW 49.60.250. If the administrative law judge finds that the state agency, institution of higher education, or state patrol has not made a good faith effort to correct the noncompliance, the administrative law judge shall order the state agency, institution of higher education, or state patrol to comply with this chapter. The administrative law judge may order any action that may be necessary to achieve compliance, provided such action is not inconsistent with the rules adopted under RCW 41.06.150(6) and 43.43.340(5), whichever is appropriate.

An order by the administrative law judge may be appealed to superior court.

(k) Methods for regional transportation planning organizations to evaluate and certify that designated growth and transportation efficiency center programs meet the minimum requirements and are eligible for funding;

(l) Guidelines for creating and updating growth and transportation efficiency center programs; and

(m) Establishment of statewide program goals. The goals shall be designed to achieve substantial reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee, at a level that is projected to improve the mobility of people and goods by increasing the efficiency of the state highway system.

(3) The board shall create a state commute trip reduction plan that shall be updated every four years as discussed in subsection (5) of this section. The state commute trip reduction plan shall include, but is not limited to: (a) Statewide commute trip reduction program goals that are designed to substantially improve the mobility of people and goods; (b) identification of strategies at the state and regional levels to achieve the goals and recommendations for how transportation demand management strategies can be targeted most effectively to support commute trip reduction program goals; (c) performance measures for assessing the cost-effectiveness of commute trip reduction strategies and the benefits for the state transportation system; and (d) a sustainable financial plan. The board shall review and approve regional commute trip reduction plans, and work collaboratively with regional transportation planning organizations in the establishment of the state commute trip reduction plan.

(4) The board shall work with affected jurisdictions, major employers, and other parties to develop and implement a public awareness campaign designed to increase the effectiveness of local commute trip reduction programs and support achievement of the objectives identified in this chapter.

(5) The board shall evaluate and update the commute trip reduction program plan and recommend changes to the rules every four years, with the first assessment report due July 1, 2011, to ensure that the latest data methodology used by the department of transportation is incorporated into the program and to determine which areas of the state should be affected by the program. The board shall review the definition of a major employer no later than December 1, 2009. The board shall regularly identify urban growth areas that are projected to be affected by chapter 329, Laws of 2006 in the next four-year period and may provide advance planning support to the potentially affected jurisdictions.

(6) The board shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature and the governor by December 1, 2009, and every two years thereafter. In assessing the costs and benefits, the board shall consider the costs of not having implemented commute trip reduction plans and programs ((~~with the assistance of the transportation performance audit board authorized under chapter 44.75 RCW~~)). The board shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter.

(7) The board shall invite personnel with appropriate expertise from state, regional, and local government, private, public, and nonprofit providers of transportation services, and employers or owners of major worksites in Washington to act as a technical advisory group. The technical advisory group shall advise the board on the implementation of local and regional commute trip reduction plans and programs, program evaluation, program funding allocations, and state rules and guidelines.

(1) The secretary of the department of transportation may coordinate an interagency board or other interested parties for the purpose of developing policies or guidelines that promote consistency among state agency commute trip reduction programs required by RCW 70.94.527 and 70.94.531 or developed under the joint comprehensive commute trip reduction plan described in this section. The board shall include representatives of the departments of transportation, ((~~general administration~~)) enterprise services, ecology, and ((~~community, trade, and economic development~~)) commerce and such other departments and interested groups as the

secretary of the department of transportation determines to be necessary. Policies and guidelines shall be applicable to all state agencies including but not limited to policies and guidelines regarding parking and parking charges, employee incentives for commuting by other than single-occupant automobiles, flexible and alternative work schedules, alternative worksites, and the use of state-owned vehicles for car and van pools and guaranteed rides home. The policies and guidelines shall also consider the costs and benefits to state agencies of achieving commute trip reductions and consider mechanisms for funding state agency commute trip reduction programs.

(2) State agencies sharing a common location in affected urban growth areas where the total number of state employees is one hundred or more shall, with assistance from the department of transportation, develop and implement a joint commute trip reduction program. The worksite must be treated as specified in RCW 70.94.531 and 70.94.534.

(3) The department of transportation shall develop a joint comprehensive commute trip reduction plan for all state agencies, including institutions of higher education, located in the Olympia, Lacey, and Tumwater urban growth areas.

(a) In developing the joint comprehensive commute trip reduction plan, the department of transportation shall work with applicable state agencies, including institutions of higher education, and shall collaborate with the following entities: Local jurisdictions; regional transportation planning organizations as described in chapter 47.80 RCW; transit agencies, including regional transit authorities as described in chapter 81.112 RCW and transit agencies that serve areas within twenty-five miles of the Olympia, Lacey, or Tumwater urban growth areas; and the capitol campus design advisory committee established in RCW 43.34.080.

(b) The joint comprehensive commute trip reduction plan must build on existing commute trip reduction programs and policies. At a minimum, the joint comprehensive commute trip reduction plan must include strategies for telework and flexible work schedules, parking management, and consideration of the impacts of worksite location and design on multimodal transportation options.

(c) The joint comprehensive commute trip reduction plan must include performance measures and reporting methods and requirements.

(d) The joint comprehensive commute trip reduction plan may include strategies to accommodate differences in worksite size and location.

(e) The joint comprehensive commute trip reduction plan must be consistent with jurisdictional and regional transportation, land use, and commute trip reduction plans, the state six-year facilities plan, and the master plan for the capitol of the state of Washington.

(f) Not more than ninety days after the adoption of the joint comprehensive commute trip reduction plan, state agencies within the three urban growth areas must implement a commute trip reduction program consistent with the objectives and strategies of the joint comprehensive commute trip reduction plan.

(4) The department of transportation shall review the initial commute trip reduction program of each state agency subject to the commute trip reduction plan for state agencies to determine if the program is likely to meet the applicable commute trip reduction goals and notify the agency of any deficiencies. If it is found that the program is not likely to meet the applicable commute trip reduction goals, the department of transportation will work with the agency to modify the program as necessary.

(5) Each state agency implementing a commute trip reduction plan shall report at least once per year to its agency director on the performance of the agency's commute trip reduction program as part of the agency's quality management, accountability, and performance system as defined by RCW 43.17.385. The reports shall assess the performance of the program, progress toward state goals established under RCW 70.94.537, and recommendations for improving the program.

(6) The department of transportation shall review the agency performance reports defined in subsection (5) of this section and submit a biennial report for state agencies subject to this chapter to the governor and incorporate the report in the commute trip reduction board report to the legislature as directed in RCW 70.94.537(6). Sec. 103. RCW 43.88.160 and 2012 c 230 s 1 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the

status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

((~~Each~~)) (i) For those agencies that the director determines internal audit is required, the agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following ((~~the~~)) professional audit standards ((~~of internal auditing of~~)) including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both.

(ii) For those agencies that the director determines internal audit is not required, the agency head or authorized designee may establish and maintain internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both, but at a minimum must comply with policies as established by the director to assess the effectiveness of the agency's systems of internal controls and risk management processes;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than equipment maintenance providers or as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of enterprise services but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment except that institutions of higher education as defined in RCW 28B.10.016 may make payments in advance for equipment maintenance services to be performed up to sixty months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with rules issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The

report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

In addition to the authority given to the state auditor in this subsection (6), the state auditor is authorized to conduct performance audits identified in RCW 43.09.470. Nothing in this subsection (6) shall limit, impede, or restrict the state auditor from conducting performance audits identified in RCW 43.09.470.

(7) The joint legislative audit and review committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in chapter 44.28 RCW as well as performance audits and program evaluations. To this end the joint committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs, and generally for an improved level of fiscal management.

Sec. 104. RCW 47.04.280 and 2013 c 199 s 1 are each amended to read as follows:

(1) It is the intent of the legislature to establish policy goals for the planning, operation, performance of, and investment in, the state's transportation system. The policy goals established under this section are deemed consistent with the benchmark categories adopted by the state's blue ribbon commission on transportation on November 30, 2000. Public investments in transportation should support achievement of these policy goals:

(2) The powers, duties, and functions of state transportation agencies must be performed in a manner consistent with the policy goals set forth in subsection (1) of this section.

(3) These policy goals are intended to be the basis for establishing detailed and measurable objectives and related performance measures.

(4) It is the intent of the legislature that the ((~~office of financial management~~)) department of transportation establish objectives and performance measures for the department ((~~of transportation~~)) and other state agencies with transportation-related responsibilities to ensure transportation system performance at local, regional, and state government levels progresses toward the attainment of the policy goals set forth in subsection (1) of this section. (5) A local or regional agency engaging in transportation planning may voluntarily establish objectives and performance measures to demonstrate progress toward the attainment of the policy goals set forth in subsection (1) of this section or any other transportation policy goals established by the local or regional agency. A local or regional agency engaging in transportation planning is encouraged to provide local and regional objectives and performance measures to be included with the objectives and performance measures submitted to the legislature pursuant to subsection (4) of this section.

(6) This section does not create a private right of action.

Sec. 105. RCW 47.64.170 and 2013 c 306 s 521 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry

employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration((~~, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting~~)).

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

(c) For the collective bargaining agreements negotiated for the 2013-2015 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement reached after October 1st after a determination of financial infeasibility by the director of the office of financial management if the request for funds is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

No employee may receive compensation under this section for any portion of sick leave accumulated at a rate in excess of one day per month. The state and regional universities and The Evergreen State College shall maintain complete and accurate sick leave records for all teaching and research faculty.

(2) In January of the year following any year in which a minimum of sixty days of sick leave is accrued, and each January thereafter, any eligible employee may receive remuneration for unused sick leave accumulated in the previous year at a rate equal

to one day's monetary compensation of the employee for each four full days of accrued sick leave in excess of sixty days. Sick leave for which compensation has been received shall be deducted from accrued sick leave at the rate of four days for every one day's monetary compensation.

From July 1, 2011, through June 29, 2013, the rate of monetary compensation for the purposes of this subsection shall not be reduced by any temporary salary reduction.

(3) At the time of separation from state service due to retirement or death, an eligible employee or the employee's estate may elect to receive remuneration at a rate equal to one day's current monetary compensation of the employee for each four full days of accrued sick leave. (4) Remuneration or benefits received under this section shall not be included for the purpose of computing a retirement allowance under any public retirement system in this state.

(5) Except as provided in subsections (7) through (9) of this section for employees not covered by chapter 41.06 RCW, this section shall be administered, and rules shall be adopted to carry out its purposes, by the ((~~human resources~~)) director of financial management for persons subject to chapter 41.06 RCW((~~: PROVIDED, That determination of classes of eligible employees shall be subject to approval by the office of financial management~~)).

This plan shall be implemented only after consultation with affected groups of employees. For eligible employees covered by chapter 41.06 RCW, procedures for the implementation of these plans shall be adopted by the ((~~human resources~~)) director of the state health care authority. For eligible employees exempt from chapter 41.06 RCW, ((~~and classified employees who have opted out of coverage of chapter 41.06 RCW as provided in RCW 41.56.201,~~)) implementation procedures shall be adopted by an agency head having jurisdiction over the employees.

In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going below ten days. For purposes of this subsection (3)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(10) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

(11) The ((~~human resources~~)) director of financial management may adopt rules as necessary to implement subsection (2) of this section.

The office of financial management and other personnel authorities shall adopt rules or policies governing the accumulation and use of sick leave for state agency and department employees, expressly for the establishment of a plan allowing participating employees to pool sick leave and allowing any sick leave thus pooled to be used by any participating employee who has used all of the sick leave, annual leave, and compensatory leave that has been personally accrued by him or her. Each department or agency of the state may allow employees to participate in a sick leave pool established by the office of financial management and other personnel authorities.

(1) For purposes of calculating maximum sick leave that may be donated or received by any one employee, pooled sick leave:

(2) The office of financial management and other personnel authorities, except the personnel authorities for higher education institutions, shall adopt rules which provide:

(a) That employees are eligible to participate in the sick leave pool after one year of employment with the state or agency of the state if the employee has accrued a minimum amount of unused sick leave, to be established by rule;

(b) That participation in the sick leave pool shall, at all times, be voluntary on the part of the employees;

(c) That any sick leave pooled shall be removed from the personally accumulated sick leave balance of the employee contributing the leave;

(d) That any sick leave in the pool that is used by a participating employee may be used only for the employee's personal illness, accident, or injury;

(e) That a participating employee is not eligible to use sick leave accumulated in the pool until all of his or her personally accrued sick, annual, and compensatory leave has been used;

(f) A maximum number of days of sick leave in the pool that any one employee may use;

(g) That a participating employee who uses sick leave from the pool is not required to recontribute such sick leave to the pool, except as otherwise provided in this section;

(h) That an employee who cancels his or her membership in the sick leave pool is not eligible to withdraw the days of sick leave contributed by that employee to the pool;

(i) That an employee who transfers from one position in state government to another position in state government may transfer from one pool to another if the eligibility criteria of the pools are comparable and the administrators of the pools have agreed on a formula for transfer of credits;

(j) That alleged abuse of the use of the sick leave pool shall be investigated, and, on a finding of wrongdoing, the employee shall repay all of the sick leave credits drawn from the sick leave pool and shall be subject to such other disciplinary action as is determined by the agency head;

(k) That sick leave credits may be drawn from the sick leave pool by a part-time employee on a pro rata basis; and

(l) That each department or agency shall maintain accurate and reliable records showing the amount of sick leave which has been accumulated and is unused by employees, in accordance with guidelines established by the ((~~department of personnel~~)) office of financial management.

(3) Personnel authorities for higher education institutions shall adopt policies consistent with the needs of the employees under their respective jurisdictions.

(1) When the commissioner determines that other market conduct actions identified in RCW 48.37.040(4)(a) have not sufficiently addressed issues raised concerning company activities in Washington state, the commissioner has the discretion to conduct market conduct examinations in accordance with the NAIC market conduct uniform examination procedures and the NAIC market regulation handbook.

(2)(a) In lieu of an examination of an insurer licensed in this state, the commissioner shall accept an examination report of another state, unless the commissioner determines that the other state does not have laws substantially similar to those of this state, or does not have a market oversight system that is comparable to the market conduct oversight system set forth in this law.

(b) The commissioner's determination under (a) of this subsection is discretionary with the commissioner and is not subject to appeal.

(c) If the insurer to be examined is part of an insurance holding company system, the commissioner may also seek to simultaneously examine any affiliates of the insurer under common control and management which are licensed to write the same lines of business in this state.

(3) Before commencement of a market conduct examination, market conduct oversight personnel shall prepare a work plan consisting of the following:

(a) The name and address of the insurer being examined;

(b) The name and contact information of the examiner-in-charge;

(c) The name of all market conduct oversight personnel initially assigned to the market conduct examination;

(h) A time estimate for the examination;

(i) A budget for the examination if the cost of the examination is billed to the insurer; and

(j) An identification of factors that will be included in the billing if the cost of the examination is billed to the insurer.

(4)(a) Within ten days of the receipt of the information contained in subsection (3) of this section, insurers may request the commissioner's discretionary review of any alleged conflict of interest, pursuant to RCW 48.37.090(2), of market conduct oversight personnel and noninsurance department personnel assigned to a market conduct examination. The request for review shall specifically describe the alleged conflict of interest in the proposed assignment of any person to the examination.

(b) Within five business days of receiving a request for discretionary review of any alleged conflict of interest in the proposed assignment of any person to a market conduct examination, the commissioner or designee shall notify the insurer of any action regarding the assignment of personnel to a market conduct examination based on the insurer's allegation of conflict of interest.

(5) Market conduct examinations shall, to the extent feasible, use desk examinations and data requests before an on-site examination.

(6) Market conduct examinations shall be conducted in accordance with the provisions set forth in the NAIC market regulation handbook and the NAIC market conduct uniform examinations procedures, subject to the precedence of the provisions of chapter 82, Laws of 2007.

(7) The commissioner shall use the NAIC standard data request.

(8) Announcement of the examination shall be sent to the insurer and posted on the NAIC's examination tracking system as soon as possible but in no case later than sixty days before the estimated commencement of the examination, except where the examination is conducted in response to extraordinary circumstances as described in RCW 48.37.050(2)(a). The announcement sent to the insurer shall contain the examination work plan and a request for the insurer to name its examination coordinator.

(9) If an examination is expanded significantly beyond the original reasons provided to the insurer in the notice of the examination required by subsection (3) of this section, the commissioner shall provide written notice to the insurer, explaining the expansion and reasons for the expansion. The commissioner shall provide a revised work plan if the expansion results in significant changes to the items presented in the original work plan required by subsection (3) of this section.

(10) The commissioner shall conduct a preexamination conference with the insurer examination coordinator and key personnel to clarify expectations at least thirty days before commencement of the examination, unless otherwise agreed by the insurer and the commissioner.

(11) Before the conclusion of the field work for market conduct examination, the examiner-in-charge shall review examination findings to date with insurer personnel and schedule an exit conference with the insurer, in accordance with procedures in the NAIC market regulation handbook.

(12)(a) No later than sixty days after completion of each market conduct examination, the commissioner shall make a full written report of each market conduct examination containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.

(b) The report shall be certified by the commissioner or by the examiner-in-charge of the examination, and shall be filed in the commissioner's office subject to (c) of this subsection.

(c) The commissioner shall furnish a copy of the market conduct examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If the person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(d) Within thirty days of the end of the period described in (c) of this subsection, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner's work papers and enter an order:

(i) Adopting the market conduct examination report as filed or with modification or corrections. If the market conduct examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(ii) Rejecting the market conduct examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this subsection; or

(iii) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(e) All orders entered under (d) of this subsection must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the market conduct examination report, relevant examiner work papers, and any written submissions or rebuttals. The order is considered a final administrative decision and may be appealed under the administrative procedure act, chapter 34.05 RCW, and must be served upon the company by certified mail or certifiable electronic means, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail or certifiable electronic means to each director at the director's residential address or to a personal e-mail account.

(f)(i) Upon the adoption of the market conduct examination report under (d) of this subsection, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(ii) If the commissioner determines that regulatory action is appropriate as a result of any market conduct examination, he or she may initiate any proceedings or actions as provided by law.

(iii) Nothing contained in this subsection requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(g) The insurer's response shall be included in the commissioner's order adopting the final report as an exhibit to the order. The insurer is not obligated to submit a response.

(13) The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable.

(14)(a) Market conduct examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's

examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(b) Every other examination, whatsoever, or any part of the market conduct examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(c) When making a market conduct examination under this chapter, the commissioner may contract, in accordance with applicable state contracting procedures, for qualified attorneys, appraisers, independent certified public accountants, contract actuaries, and other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter, as examiners as the commissioner deems necessary for the efficient conduct of a particular examination. The compensation and per diem allowances paid to such contract persons shall be reasonable in the market and time incurred, shall not exceed one hundred twenty-five percent of the compensation and per diem allowances for examiners set forth in the guidelines adopted by the national association of insurance commissioners, unless the commissioner demonstrates that one hundred twenty-five percent is inadequate under the circumstances of the examination, and subject to the provisions of (a) of this subsection.

(d)(i) The person examined and liable shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner's examiners, their reasonable living expenses allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem, salary, and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the national association of insurance commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule ((~~established by the human resources director~~)) and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

(ii) The commissioner or the commissioner's examiners shall not receive or accept any additional emolument on account of any examination.

(iii) Market conduct examination fees subject to being reimbursed by an insurer shall be itemized and bills shall be provided to the insurer on a monthly basis for review prior to submission for payment, or as otherwise provided by state law.

(e) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(f) The commissioner shall maintain active management and oversight of market conduct examination costs, including costs associated with the commissioner's own examiners, and with retaining qualified contract examiners necessary to perform an examination. Any agreement with a contract examiner shall:

(i) Clearly identify the types of functions to be subject to outsourcing;

(ii) Provide specific timelines for completion of the outsourced review;

(iii) Require disclosure to the insurer of contract examiners' recommendations;

(iv) Establish and use a dispute resolution or arbitration mechanism to resolve conflicts with insurers regarding examination fees; and

(v) Require disclosure of the terms of the contracts with the outside consultants that will be used, specifically the fees and/or hourly rates that can be charged.

(g) The commissioner, or the commissioner's designee, shall review and affirmatively endorse detailed billings from the qualified contract examiner before the detailed billings are sent to the insurer.

Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation from the person;

(m) Providing for veteran's preference as required by existing statutes, with recognition of preference in regard to layoffs and subsequent reemployment for veterans and their surviving spouses by giving such eligible veterans and their surviving spouses additional credit in computing their seniority by adding to their unbroken state service, as defined by the director, the veteran's service in the military not to exceed five years. For the purposes of this section, "veteran" means any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and who, upon termination of such service, has received an honorable discharge, a discharge for physical reasons with an honorable record, or a release from active military service with evidence of service other than that for which an undesirable, bad conduct, or dishonorable discharge shall be given. However, the surviving spouse of a veteran is entitled to the benefits of this section regardless of the veteran's length of active military service. For the purposes of this section, "veteran" does not include any person who has voluntarily retired with twenty or more years of active military service and whose military retirement pay is in excess of five hundred dollars per month.

(2) Rules adopted under this section by the director shall provide for local administration and management by the institutions of higher education and related boards, subject to periodic audit and review by the director.

(3) Rules adopted by the director under this section may be superseded by the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130. The supersession of such rules shall only affect employees in the respective collective bargaining units.

(4)(a) The director shall require that each state agency report annually the following data:

(iii) A statement of the performance objectives to be achieved by contracting with a private sector or nonprofit vendor.

(b) The comprehensive assessment may also include an assessment of the potential adverse impacts on the public from outsourcing the contract, such as loss of employment, effect on social services and public assistance programs, economic impacts on local businesses and local tax revenues, and environmental impacts.

(2)(a) An agency must prepare a written record of the basis of the decision to contract out a service that has been customarily and historically provided by public employees, which must include the comprehensive cost to benefit assessment required under subsection (1) of this section, as well as an itemization of performance standards contained in the contract. The written record shall be submitted for posting on the department's web site.

(b) Every five years or upon completion of the contract, whichever comes first, the agency must prepare and file with the department a report, which must include at a minimum the following information:

(i) The name and license number, if applicable, of the contractor and all subcontractors; and

(ii) A list of individuals or entities performing the services under the contract, reflected as full-time equivalent positions, including the hourly wage rate for each position, and the status of the individual as an employee, subcontractor, independent contractor, or consultant; and

(e) A waiver of confidentiality of, and agreement to provide to the agency upon request, basic financial information related to the contract, other than financial, commercial, or proprietary information specifically exempted from disclosure to the public under RCW 42.56.270.

Sec. 816. RCW 43.19.008 and 2011 1st sp.s. c 43 s 104 are each amended to read as follows:

(1) The executive powers and management of the department shall be administered as described in this section.

(2) The executive head and appointing authority of the department is the director. The director is appointed by the governor, subject to confirmation by the senate. The director serves at the pleasure of the governor. The director is paid a salary fixed by the governor in accordance with RCW 43.03.040. If a vacancy occurs in the position of director while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate at which time he or she shall present to that body his or her nomination for the position.

(3) The director may employ staff members, who are exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter, and such other duties as may be authorized by law. The director may delegate any power or duty vested in him or her by chapter 43, Laws of 2011 1st sp. sess. or other law, including authority to make final decisions and enter final orders in hearings conducted under chapter 34.05 RCW.

(4) The internal affairs of the department are under the control of the director in order that the director may manage the department in a flexible and intelligent manner as dictated by changing contemporary circumstances. Unless specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create the administrative structures as the director deems appropriate, except as otherwise specified by law, and the director may employ personnel as may be necessary in accordance with chapter 41.06 RCW, except as otherwise provided by law.

(5) Until June 30, 2018, at the beginning of each fiscal biennium, the office of financial management shall conduct a review of the programs and services that are performed by the department to determine whether the program or service may be performed by the private sector in a more cost-efficient and effective manner than being performed by the department. In conducting this review, the office of financial management shall:

(a) Examine the existing activities currently being performed by the department, including but not limited to an examination of services for their performance, staffing, capital requirements, and mission. Programs may be broken down into discrete services or activities or reviewed as a whole; and

(b) Examine the activities to determine which specific services are available in the marketplace and what potential for efficiency gains or savings exist.

(i) As part of the review in this subsection (5), the office of financial management shall select up to six activities or services that have been determined as an activity that may be provided by the private sector in a cost-effective and efficient manner, including for the 2011-2013 fiscal biennium the bulk printing services. The office of financial management may consult with affected industry stakeholders in making its decision on which activities to contract for services. Priority for selection shall be given to agency activities or services that are significant, ongoing functions.

(ii) The office of financial management must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(iii) For each of the selected activities, the department shall use a request for information, request for proposal, or other procurement process to determine if a contract for the activity would result in the activity being provided at a reduced cost and with greater efficiency. <u>This must include, but is not limited to, consideration of the cost of the agency staff time and resources that may be required to monitor and ensure proper performance of the contract by the vendor.</u>

(iv) The request for information, request for proposal, or other procurement process must contain measurable standards for the performance of the contract.

(v) The department may contract with one or more vendors to provide the service as a result of the procurement process.

(vi) If the office of financial management determines via the procurement process that the activity cannot be provided by the private sector at a reduced cost and greater efficiency, the department of enterprise services may cancel the procurement without entering into a contract and shall promptly notify the legislative fiscal committees of such a decision.

(vii) The department of enterprise services, in consultation with the office of financial management, must establish a contract monitoring process to measure contract performance, costs, service delivery quality, and other contract standards, and to cancel contracts that do not meet those standards. No contracts may be renewed without a review of these measures.

(viii) The office of financial management shall prepare a biennial report summarizing the results of the examination of the agency's programs and services. In addition to the programs and services examined and the result of the examination, the report shall provide information on any procurement process that does not result in a contract for the services. During each regular legislative session held in odd-numbered years, the legislative fiscal committees shall hold a public hearing on the report and the department's activities under this section.

(ix) The joint legislative audit and review committee shall conduct an audit of the implementation of this subsection (5), and report to the legislature by January 1, 2018, on the results of the audit. The report must include an analysis and estimate of additional costs or savings to taxpayers as a result of the contracting out provisions. This analysis must, at a minimum, include the following:

(A) An estimate of the cost of performance of the selected activities if the activities had been performed by public employees, including the fully allocated costs of the service, the cost of the employees' salaries and benefits, space, equipment, materials, and other costs necessary to perform the function. The estimate shall not include the state's indirect overhead costs unless those costs can be attributed directly to the function in question and would not exist if that function were not performed in state service;

(B) An estimate of the cost of performance of the contract by the vendor, including the cost of any change orders or contract revisions and the costs of allocating sufficient public employee staff time and resources to monitor the contract and ensure its proper performance by the vendor;

(C) An analysis of the extent to which performance objectives were achieved by outsourcing the contract; and

(D) An assessment of adverse impacts on the public of outsourcing the contract."

SSB 5113 Prime Sponsor, Committee on Energy, Environment & Telecommunications: Requiring the department of commerce to coordinate and advance the siting and manufacturing of small modular reactors in the state to meet future energy supply, environmental, and energy security needs. Reported by Committee on Technology & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 823.** (1) The legislature finds that the promotion and advancement of new technologies, particularly in the clean technology sector, is an important aspect of Washington's economic development. The commercialization and deployment of small modular reactor technologies has been identified by the federal government as a means to meet clean energy targets and as a key element in its nuclear energy research and development roadmap. Washington has the potential to become a leader in the advancement of small modular reactor technologies by leveraging its experience as an incubator of new and innovative technologies, its world class universities, and its highly skilled workforce to attract manufacturers of small modular reactors. The legislature finds that advancing the manufacturing of small modular reactors may help the state meet future energy supply, environmental, and energy security needs.

(2) The legislature finds that because Washington's students are the foundation for providing the diverse and highly skilled workforce for the clean technology sector, including the manufacturing of small modular reactors, it is in the public interest to provide students the opportunity to strengthen their knowledge of the fundamentals of the energy sciences, including physics, chemistry, mathematics, and related disciplines.

(3) The legislature also finds that while all powers, duties, and functions of the state energy office relating to implementing energy education were transferred to Washington State University in 1996, the goals of advancing the manufacturing of small modular reactors in the state and providing students with an education in the energy sciences are mutually reinforcing. Therefore, the legislature intends that the department of commerce shall provide support to the office of the superintendent of public instruction for the purpose of developing a clean energy education program as it relates to training and education on clean technologies, including manufacturing of small modular reactors.

(4) The legislature finds that:

(a) Nothing in this act shall prevent the energy facility site evaluation council from exercising its authority under chapter 80.50 RCW to receive, review, and approve an application for the siting and certification of any nuclear power facility where the primary purpose is to produce and sell electricity; and

(b) Nothing in this act shall grant authority to the department of commerce for the siting of any nuclear power facility where the primary purpose is to produce and sell electricity.

The plans shall conform to chapter 43.21G RCW and shall include procedures for determining when these shortages or emergencies exist, the state officers and agencies to participate in the determination, and actions to be taken by various agencies and officers of state government in order to reduce hardship and maintain the general welfare during these emergencies. (i) Provide support for increasing cost-effective energy conservation, including assisting in the removal of impediments to timely implementation.

(j) Provide support for the development of cost-effective energy resources including assisting in the removal of impediments to timely construction.

(k) Coordinate and advance the manufacturing of small modular reactors in the state to meet future energy supply, environmental, and energy security needs, taking into consideration how disposal of nuclear waste may impact Washington state.

(l) Adopt rules, under chapter 34.05 RCW, necessary to carry out the powers and duties enumerated in this chapter.

((~~(l)~~)) (m) Provide administrative assistance, space, and other support as may be necessary for the activities of the energy facility site evaluation council, as provided for in RCW 80.50.030.

((~~(m)~~)) (n) Appoint staff as may be needed to administer energy policy functions and manage energy facility site evaluation council activities. These employees are exempt from the provisions of chapter 41.06 RCW.

(1) In addition to the information required under RCW 42.17A.205 and 42.17A.210, on the day the treasurer is designated, each candidate or political committee must file with the commission a report of all contributions received and expenditures made prior to that date, if any. In addition to the information required under RCW 42.17A.205 and 42.17A.210 on the day an incidental committee files a statement of organization with the commission, each incidental committee must file with the commission a report of any expenditures under RCW 42.17A.240(6), as well as the ten largest aggregate contributions received in the current calendar year from a single person of ten thousand dollars or greater, including any persons tied as the tenth largest source of contributions received, if any, and all aggregate contributions received in the current calendar year from a single person with a value of one hundred thousand dollars or greater.

(3) For the period beginning the first day of the fourth month preceding the date of the special election, or for the period beginning the first day of the fifth month before the date of the general election, and ending on the date of that special or general election, each Monday the treasurer of a political committee shall file with the commission a report of each bank deposit made during the previous seven calendar days. Such treatment may not extend beyond the combination of time provided for in~~)) and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

(((~~(c)~~))) (d) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings ((~~shall be dismissed~~)) without prejudice and refer the defendant ((~~shall be evaluated~~)) for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(2) If the defendant is referred for evaluation by a designated mental health professional under this chapter, the designated mental health professional shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

Sec. 839. RCW 10.77.086 and 2013 c 289 s 2 are each amended to read as follows:

(1)(a)(i) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, ((~~or has been determined unlikely to regain competency pursuant to RCW 10.77.084(1)(b),~~)) but in any event for a period of no longer than ninety days, the court:

(((~~(i)~~))) (A) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment; or

(((~~(ii)~~))) (B) May alternatively order the defendant to undergo evaluation and treatment at some other facility as determined by the department, or under the guidance and control of a professional person. The facilities may include community mental health providers or other local facilities that contract with the department and are willing and able to provide treatment under this section. During the 2015-2017 fiscal biennium, the department may contract with one or more cities or counties to provide competency restoration services in a city or county jail if the city or county jail is willing and able to serve as a location for competency restoration services and if the secretary determines that there is an emergent need for beds and documents the justification, including a plan to address the emergency. Patients receiving competency restoration services in a city or county jail must be physically separated from other populations at the jail, the model of restoration treatment services must be substantially equivalent to that provided at the state hospitals, and restoration treatment services must be provided as much as possible within a therapeutic environment and performed by staff and professionals who have the skills and qualifications necessary to provide restoration treatment services comparable to those provided at a state hospital.

(ii) The ninety day period for evaluation and treatment under this subsection (1) includes only the time the defendant is actually at the facility and is in addition to reasonable time for transport to or from the facility.

(b) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial period of commitment for competency restoration is forty-five days. The forty-five day period includes only the time the defendant is actually at the facility and is in addition to reasonable time for transport to or from the facility.

(c) If the court determines that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (4) of this section.

(2) On or before expiration of the initial period of commitment under subsection (1) of this section the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent.

(3) If the court finds by a preponderance of the evidence that a defendant charged with a felony is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional period of ninety days, but the court must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second restoration period. The defendant, the defendant's attorney, or the prosecutor has the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third restoration period as provided in subsection (4) of this section if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension. The ninety-day period includes only the time the defendant is actually at the facility and is in addition to reasonable time for transport to or from the facility.

(4) For persons charged with a felony, at the hearing upon the expiration of the second restoration period, or at the end of the first restoration period((~~,~~)) in the case of a defendant with a developmental disability, if the jury or court finds that the defendant is incompetent, or if the court or jury at any stage finds that the

defendant is incompetent and the court determines that the defendant is unlikely to regain competency, the charges shall be dismissed without prejudice, and the court shall order the defendant be committed to a state hospital as defined in RCW 72.23.010 for up to seventy-two hours starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. The criminal charges shall not be dismissed if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months. The six-month period includes only the time the defendant is actually at the facility and is in addition to reasonable time for transport to or from the facility.

Sec. 840. RCW 10.77.088 and 2007 c 375 s 5 are each amended to read as follows:

(1)(a) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, then the court ((~~shall order the secretary to place the defendant~~)):

(i) ((~~At a secure mental health facility in the custody of the department or an agency designated by the department for mental health treatment and restoration of competency.~~)) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment;

(ii) May alternatively order the defendant to undergo evaluation and treatment at some other facility as determined by the department, or under the guidance and control of a professional person. The facilities may include community mental health providers or other local facilities that contract with the department and are willing and able to provide treatment under this section. During the 2015-2017 fiscal biennium, the department may contract with one or more cities or counties to provide competency restoration services in a city or county jail if the city or county jail is willing and able to serve as a location for competency restoration services and if the secretary determines that there is an emergent need for beds and documents the justification, including a plan to address the emergency. Patients receiving competency restoration services in a city or county jail must be physically separated from other populations at the jail, the model of restoration treatment services must be substantially equivalent to that provided at the state hospitals, and restoration treatment services must be provided as much as possible within a therapeutic environment and performed

the county paying any excess costs. The amount of reimbursement established by the department must at least meet the equivalent amount for evaluations conducted by the department.

(((~~(4) [(5)]~~)) (5) Nothing in this section precludes either party from objecting to the appointment of an evaluator on the basis that an inpatient evaluation is appropriate under RCW 10.77.060(1)(d).

(((~~(5) [(6)]~~)) (6) This section expires June 30, ((~~2016~~)) 2018.

Sec. 842. RCW 10.77.091 and 2010 c 263 s 2 are each amended to read as follows:

(1) If the secretary determines in writing that a person committed to the custody of the secretary for treatment as criminally insane presents an unreasonable safety risk which, based on behavior, clinical history, and facility security is not manageable in a state hospital setting, and the secretary has given consideration to reasonable alternatives that would be effective to manage the behavior, the secretary may place the person in any secure facility operated by the secretary or the secretary of the department of corrections. The secretary's written decision and reasoning must be documented in the patient's medical file. Any person affected by this provision shall receive appropriate mental health treatment governed by a formalized treatment plan targeted at mental health rehabilitation needs and shall be afforded his or her rights under RCW 10.77.140, 10.77.150, and 10.77.200. The secretary of the department of social and health services shall retain legal custody of any person placed under this section and review any placement outside of a department mental health hospital every three months, or sooner if warranted by the person's mental health status, to determine if the placement remains appropriate.

(2) Beginning December 1, 2010, and every six months thereafter, the secretary shall report to the governor and the appropriate committees of the legislature regarding the use of the authority under this section to transfer persons to a secure facility. The report shall include information related to the number of persons who have been placed in a secure facility operated by the secretary or the secretary of the department of corrections, and the length of time that each such person has been in the secure facility.

(((~~(3) This section expires June 30, 2015.~~)))

Sec. 843. RCW 10.77.220 and 1982 c 112 s 3 are each amended to read as follows:

This section does not apply to confinement in a mental health facility located wholly within a correctional institution. Confinement of a person who is criminally insane in a county jail or other local facility while awaiting either placement in a treatment program or a court hearing pursuant to this chapter is permitted for no more than seven days.

NEW SECTION. **Sec. 844.** A new section is added to chapter 10.77 RCW to read as follows:

(1) If the defendant is charged with a nonfelony offense, and the issue of competency to stand trial is raised by the court or a party under RCW 10.77.060, the prosecutor may continue with the competency process or dismiss the charges without prejudice and refer the defendant for assessment by a mental health professional, chemical dependency professional, or developmental disabilities professional to determine the appropriate service needs for the defendant.

(2) This section does not apply to defendants with a current charge or prior conviction for a serious violent offense or sex offense as defined in RCW 9.94A.030.

NEW SECTION. **Sec. 845.** A new section is added to chapter 10.77 RCW to read as follows:

(1) In order to prioritize goals of accuracy, prompt service to the court, quality assurance, and integration with other services, an office of forensic mental health services is established within the department of social and health services. (b) Responsibility for training forensic evaluators;

(2) The office of forensic mental health services must have a clearly delineated budget separate from the overall budget for state hospital services.

Sec. 846. RCW 71.05.235 and 2008 c 213 s 5 are each amended to read as follows:

(1) If an individual is referred to a designated mental health professional under RCW 10.77.088(1)(((~~(b)~~))) (c)(i), the designated mental health professional shall examine the individual within forty-eight hours. If the designated mental health professional determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the designated mental health professional not later than the next judicial day. At the hearing the superior court shall review the determination of the designated mental health professional and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.088(1)(((~~(b)~~))) (c)(ii), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.088(1)(((~~(b)~~))) (c)(ii), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set

before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.360 (8) and (9).

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW 71.05.360 (8) and (9).

Sec. 847. RCW 10.77.065 and 2014 c 10 s 3 are each amended to read as follows:

(1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated mental health professional, the prosecuting attorney, the defense attorney, and the professional person at the local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(iv) of this subsection. Upon request, the evaluator shall also provide copies of any source documents relevant to the evaluation to the designated mental health professional.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the regional support network, a professional person at the regional support network to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated mental health professional under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated mental health professional shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated mental health professional under subsection (2) of this section to the secretary.

(4) A facility conducting a civil commitment evaluation under RCW 10.77.086(4) or 10.77.088(1)((~~(b)~~)) (c)(ii) that makes a determination to release the person instead of filing a civil commitment petition must provide written notice to the prosecutor and defense attorney at least twenty-four hours prior to release. The notice may be given by electronic mail, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 848. RCW 10.77.065 and 2014 c 225 s 59 and 2014 c 10 s 3 are each reenacted and amended to read as follows:

(1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the

determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility

A license or privilege to enter or remain on improved and apparently used land that is open to the public at particular times, which is neither fenced nor otherwise enclosed in a manner to exclude intruders, is not a license or privilege to enter or remain on the land at other times if notice of prohibited times of entry is posted in a conspicuous manner.

(6) "Posting in a conspicuous manner" may include: Posting a sign or signs reasonably likely to come to the attention of intruders, indicating that entry is restricted; if the property is located outside of urban growth areas and incorporated cities or towns, the placement of identifying fluorescent orange paint marks on trees or posts on property; or a combination of signs and identifying fluorescent orange paint marks.

(a) Identifying fluorescent orange paint marks must be:

(i) Vertical lines approximately twelve inches in length and not less than one inch in width;

(ii) Placed so that the bottom of the mark is between three and five feet from the ground; and

(iii) Placed at locations that are readily visible to any person approaching the property and no more than one hundred feet apart on forest land, as defined in RCW 76.09.020, or one thousand feet apart on land other than forest land.

(b) Identifying fluorescent orange paint marks alone may not be used for posting in a conspicuous manner on a road or driveway approved by the owner for motorized access where vehicles can enter the property.

(7) "Premises" includes any building, dwelling, structure used for commercial aquaculture, or any real property.

NEW SECTION. **Sec. 854.** The department of fish and wildlife, the department of natural resources, and the state parks and recreation commission are encouraged to use their web sites and appropriate publications to inform the public that as of July 1, 2016, vertical orange marks on trees or posts may indicate a private boundary line and that crossing that line without first securing the owner's permission could constitute trespassing.

ESSB 5347 Prime Sponsor, Committee on Ways & Means: Creating demonstration projects for preserving agricultural land and public infrastructure in flood plains. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 865.** (1) The legislature intends for the state conservation commission and the departments of ecology, agriculture, fish and wildlife, and natural resources to work together cooperatively, efficiently, and productively to facilitate the intent of this act.

(2) The legislature further intends that the collaborative process created by the stakeholder group required in section 3 of this act, including the participation of local stakeholders, will be used as a model for river management throughout the state.

(3) The legislature finds that floodplain management must address multiple benefits including:

(a) Reducing flood hazard to public infrastructure and other land uses caused by sediment accumulation or for other causes;

(b) Improving fish and wildlife habitat;

(c) Sustaining agriculture; and

(d) Maintaining and enhancing public access.

NEW SECTION. **Sec. 866.** (1) The state conservation commission and the departments of agriculture, natural resources, fish and wildlife, and ecology must jointly identify and assess three demonstration projects. One demonstration project must be located primarily in Whatcom county, one must be located primarily in Snohomish county, and one must be located primarily in Grays Harbor county.

(2) The demonstration projects must be designed to test the effectiveness and costs of river management by using various management strategies and techniques, as applied, to accomplish the following goals:

(a) Protection of agricultural lands;

(b) Restoration or enhancement of fish runs; and

(c) Protection of public infrastructure and recreational access.

(3) In developing the demonstration projects, the state conservation commission and the departments must, in consultation with the stakeholder group required by section 3 of this act:

(a) Examine studies and reports related to sediment management conducted in the Fraser river, British Columbia, Canada, to assess whether and how the Fraser river experience applies to the goals of this section, and include any potentially applicable practices in the development of the demonstration projects; and

(b) Set benchmarks and a timetable for progress toward achievement of the goals of this act.

(4) The development and assessment of the demonstration projects must also consider the disposition of any state-owned gravel resources removed as a result of the demonstration projects. The presumed disposition must be consistent with chapter 79.140 RCW. However, the process for developing and assessing the pilot project may consider:

(a) Using the gravel resources, at the discretion of the departments, in projects related to fish enhancement programs in the local area of the project or by property owners adjacent to the project;

(b) Making gravel resources available to local tribes for their use; or

(c) Selling the gravel resources and using the proceeds to fund the demonstration projects.

(5) At a minimum, the demonstration projects must be designed to collectively examine the following management strategies and techniques:

(a) Providing deeper, cooler holes for fish life;

(b) Removing excess sediment and gravel that causes diversion of water and erosion of river banks and farmland;

(c) Providing off-channels for habitat as refuge during high flows;

(d) Ensuring that any management activities leave sufficient gravel and sediment for fish spawning and rearing;

(e) Providing stable river banks that will allow for long-term growth of riparian enhancement efforts, such as planting shade trees and hedgerows;

(f) Protecting existing mature treed riparian zones that cool the waters;

(g) Restoring previously existing bank contours that protect the land from erosion caused by more intense and more frequent flooding;

(h) Developing management practices that reduce the amount of gravel, sediment, and woody debris deposited into farm fields; and

(i) Setting back levees and other measures in segments of rivers upstream from the delta to accommodate high flow.

NEW SECTION. **Sec. 867.** (1) The state conservation commission must convene a stakeholder group to assist in the

development and assessment of the demonstration projects required under section 2 of this act.

(2) The stakeholder group must consist of representatives from:

(a) The departments of agriculture, natural resources, fish and wildlife, and ecology;

(b) Local and statewide agricultural organizations;

(c) Land conservation organizations; and

(d) Local governments with interest and experience in floodplain management techniques.

(3) In addition to the participants on the stakeholder group, the state conservation commission and the departments responsible for implementing section 2 of this act must also consult with, and obtain the views of, any federally recognized tribe that may be affected by each demonstration project.

(4) The stakeholder group required by this section must be staffed by the state conservation commission with assistance, as requested, from the departments responsible for implementing section 2 of this act.

(5) Each member of the stakeholder group not employed by the state of Washington shall serve without compensation but may be reimbursed for travel expenses as authorized in RCW 43.03.050 and 43.03.060.

(6) Any costs for the implementation of this section, including the participation costs for nonagency participants, must be shared among the agencies responsible for implementing this act. The state conservation commission shall coordinate and manage these costs through interagency agreements with all of the affected agencies.

NEW SECTION. **Sec. 868.** (1) The state conservation commission and the departments responsible for implementing section 2 of this act must submit a report to the legislature, consistent with RCW 43.01.036, by October 31, 2016.

(2) The report must include:

(a) An examination and findings of the applicability of the Fraser river experience to the goals of this act;

(b) Information regarding the benchmarks and timetables required under section 2 of this act;

(c) Any decisions made in developing and assessing the projects required in this section;

(d) Any recommendations for extending or changing the process required in section 2 of this act or moving into the demonstration project implementation phase; and

(e) Any recommendations for funding the implementation of demonstration projects from federal grants, federal loans, state grants and loans, and private donations, or if other funding sources are not available or complete, the submission of the three demonstration projects for consideration in the biennial capital budget request to the governor and the legislature.

NEW SECTION. **Sec. 869.** If funding is identified for the implementation of the demonstration projects developed under section 2 of this act from sources other than specific state appropriations, and the implementation of the demonstration projects can occur within the existing authority of all affected parties, the legislature intends for the state conservation commission and the departments responsible for implementing section 2 of this act to coordinate with the stakeholder group required in section 3 of this act to cooperatively, efficiently, and productively initiate the implementation of the demonstration projects, including the joint and contemporaneous expediting of any necessary permits related to the demonstration projects.

ARTICLE 4
REGISTERED AGENT OF ENTITY

NEW SECTION. **Sec. 1401.** DEFINITIONS. The definitions in this section apply throughout this section and sections 1402 through 1413 of this act unless the context clearly requires otherwise.

(1) "Registered agent filing" means:

(a) The public organic record of a domestic entity;

(b) An application of a domestic limited liability partnership; or

(c) A registration statement filed pursuant to section 1503 of this act.

(3) "Represented entity" means:

(a) A domestic entity; or

(b) A registered foreign entity.

NEW SECTION. **Sec. 1402.** ENTITIES REQUIRED TO DESIGNATE AND MAINTAIN REGISTERED AGENT. The following shall designate and maintain a registered agent in this state:

(1) A domestic entity; and

(2) A registered foreign entity.

NEW SECTION. **Sec. 1403.** ADDRESSES IN FILING. If a provision of this chapter other than section 1410(1)(d) of this act requires that a record state an address, the record must state:

(1) A street address in this state; and

(2) A mailing address in this state, if different from the address described in subsection (1) of this section.

NEW SECTION. **Sec. 1404.** DESIGNATION OF REGISTERED AGENT. (1) A registered agent filing must be executed by the represented entity and state:

(a) The name of the entity's commercial registered agent; or

(b) If the entity does not have a commercial registered agent:

(i) The name and address of the entity's noncommercial registered agent; or

(ii) The title of an office or other position with the entity, if service of process, notices, and demands are to be sent to whichever individual is holding that office or position, and the address to which process, notices, or demands are to be sent.

(2) A registered agent shall not be appointed without having given prior consent in a record to the appointment. The consent shall be delivered to the secretary of state in such form as the secretary of state may prescribe. The consent shall be filed with or as a part of the record first appointing a registered agent. In the event any individual or entity has been appointed registered agent without consent, that individual or entity may deliver to the secretary of state a notarized statement attesting to that fact, and the name shall immediately be removed from the records of the secretary of state.

NEW SECTION. **Sec. 1405.** LISTING OF COMMERCIAL REGISTERED AGENT. (1) A person may become listed as a commercial registered agent by delivering to the secretary of state for filing a commercial-registered-agent listing statement executed by the person which states:

(a) The name of the individual or the name of the entity, type of entity, and jurisdiction of formation of the entity;

(b) That the person is in the business of serving as a commercial registered agent in this state; and

(c) The address of a place of business of the person in this state to which service of process, notices, and demands being served on or sent to entities represented by the person may be delivered.

(2) A commercial-registered-agent listing statement may include the information regarding acceptance by the agent of service of process, notices, and demands in a form other than a written record as provided in section 1411(5) of this act.

(3) If the name of a person delivering to the secretary of state for filing a commercial-registered-agent listing statement is not distinguishable on the records of the secretary of state from the name of another commercial registered agent listed under this section, the person shall adopt a fictitious name that is distinguishable and use that name in its statement and when it does business in this state as a commercial registered agent.

(4) The secretary of state shall note the filing of a commercial-registered-agent listing statement in the records maintained by the secretary of state for each entity represented by the agent at the time of the filing. The statement has the effect of amending the registered agent filing for each of those entities to:

(a) Designate the person becoming listed as a commercial registered agent as the commercial registered agent of each of those entities; and

(b) Delete the name and address of the former agent from the registered agent filing of each of those entities.

NEW SECTION. **Sec. 1406.** TERMINATION OF LISTING OF COMMERCIAL REGISTERED AGENT. (1) A commercial registered agent may terminate its listing as a commercial registered agent by delivering to the secretary of state for filing a commercial-registered-agent termination statement executed by the agent which states:

(b) That the agent is no longer in the business of serving as a commercial registered agent in this state.

(2) A commercial-registered-agent termination statement takes effect at 12:01 a.m. on the 31st day after the day on which it is delivered to the secretary of state for filing.

(3) The commercial registered agent promptly shall furnish each entity represented by the agent notice in a record of the filing of the commercial-registered-agent termination statement.

(4) When a commercial-registered-agent termination statement takes effect, the commercial registered agent ceases to be the registered agent for each entity formerly represented by it. Until an entity formerly represented by a terminated commercial registered agent designates a new registered agent, service of process may be made on the entity pursuant to section 1411 of this act. Termination of the listing of a commercial registered agent under this section does not affect any contractual rights a represented entity has against the agent or that the agent has against the entity.

NEW SECTION. **Sec. 1407.** CHANGE OF REGISTERED AGENT BY ENTITY. (1) A represented entity may change its registered agent or other information on file under section 1404(1) of this act by delivering to the secretary of state for filing a statement of change executed by the entity which states:

(a) The name of the entity; and

(b) The information required under section 1404(1) of this act.

(2) The interest holders or governors of a domestic entity need not approve the filing of:

(a) A statement of change under this section; or

(b) A similar filing changing the registered agent or registered office, if any, of the entity in any other jurisdiction.

(3) A statement of change under this section designating a new registered agent must be accompanied by the new registered agent's consent in a record, either on the statement or attached to it in a manner and form as the secretary of state may prescribe, to the appointment.

NEW SECTION. **Sec. 1408.** CHANGE OF NAME, ADDRESS, TYPE OF ENTITY, OR JURISDICTION OF FORMATION BY NONCOMMERCIAL REGISTERED AGENT. (1) If a noncommercial registered agent changes its name or its address in effect with respect to a represented entity under section 1404(1) of this act, the agent shall deliver to the secretary of state for filing, with respect to each entity represented by the agent, a statement of change executed by the agent which states:

(a) The name of the entity;

(b) The name and address of the agent in effect with respect to the entity;

(c) If the name of the agent has changed, the new name; and

(d) If the address of the agent has changed, the new address.

(2) A noncommercial registered agent promptly shall furnish the represented entity with notice in a record of the delivery to the secretary of state for filing of a statement of change and the changes made in the statement.

NEW SECTION. **Sec. 1409.** CHANGE OF NAME, ADDRESS, TYPE OF ENTITY, OR JURISDICTION OF FORMATION BY COMMERCIAL REGISTERED AGENT. (1) If a commercial registered agent changes its name, its address as listed under section 1405(1) of this act, its type of entity, or its jurisdiction of formation, the agent shall deliver to the secretary of state for filing a statement of change executed by the agent which states:

(a) The name of the agent as listed under section 1405(1) of this act;

(b) If the name of the agent has changed, the new name;

(c) If the address of the agent has changed, the new address; and

(d) If the agent is an entity:

(i) If the type of entity of the agent has changed, the new type of entity; and

(ii) If the jurisdiction of formation of the agent has changed, the new jurisdiction of formation.

(2) The filing by the secretary of state of a statement of change under subsection (1) of this section is effective to change the information regarding the agent with respect to each entity represented by the agent.

(3) A commercial registered agent promptly shall furnish to each entity represented by it a notice in a record of the filing by the secretary of state of a statement of change relating to the name or address of the agent and the changes made in the statement.

(4) If a commercial registered agent changes its address without delivering for filing a statement of change as required by this section, the secretary of state may cancel the listing of the agent under section 1405 of this act. A cancellation under this subsection has the same effect as a termination under section 1406 of this act. Promptly after canceling the listing of an agent, the secretary of state shall serve notice in a record in the manner provided in section 1411 (2) or (3) of this act on:

(a) Each entity represented by the agent, stating that the agent has ceased to be the registered agent for the entity and that, until the entity designates a new registered agent, service of process may be made on the entity as provided in section 1411 of this act; and

(b) The agent, stating that the listing of the agent has been canceled under this section.

NEW SECTION. **Sec. 1410.** RESIGNATION OF REGISTERED AGENT. (1) A registered agent may resign as agent for a represented entity by delivering to the secretary of state for filing a statement of resignation executed by the agent which states:

(a) The name of the entity;

(b) The name of the agent;

(c) That the agent resigns from serving as registered agent for the entity; and

(d) The address of the entity to which the agent will send the notice required by subsection (3) of this section.

(2) A statement of resignation takes effect on the earlier of:

(a) The 31st day after the day on which it is filed by the secretary of state; or

(b) The designation of a new registered agent for the represented entity.

(3) A registered agent promptly shall furnish to the represented entity notice in a record of the date on which a statement of resignation was filed.

NEW SECTION. **Sec. 1411.** SERVICE OF PROCESS, NOTICE, OR DEMAND ON ENTITY. (1) A represented entity may be served with any process, notice, or demand required or permitted by law by serving its registered agent.

(2) If a represented entity ceases to have a registered agent, or if its registered agent cannot with reasonable diligence be served, the entity may be served by registered or certified mail, return receipt requested, or by similar commercial delivery service, addressed to the entity at the entity's principal office. The address of the principal office must be as shown in the entity's most recent annual report filed by the secretary of state. Service is effected under this subsection on the earliest of:

(a) The date the entity receives the mail or delivery by the commercial delivery service;

(b) The date shown on the return receipt, if executed by the entity; or

(c) Five days after its deposit with the United States Postal Service or commercial delivery service, if correctly addressed and with sufficient postage or payment.

(3) If process, notice, or demand cannot be served on an entity pursuant to subsection (1) or (2) of this section, service may be made by handing a copy to the individual in charge of any regular place of business or activity of the entity if the individual served is not a plaintiff in the action.

(4) The secretary of state shall be an agent of the entity for service of process if process, notice, or demand cannot be served on an entity pursuant to subsection (1), (2), or (3) of this section.

(5) Service of process, notice, or demand on a registered agent must be in a written record, but service may be made on a commercial registered agent in other forms, and subject to such requirements, as the agent has stated in its listing under section 1405 of this act that it will accept.

(6) Service of process, notice, or demand may be made by other means under law other than this chapter.

NEW SECTION. **Sec. 1412.** DUTIES OF REGISTERED AGENT. The only duties under this chapter of a registered agent that has complied with this chapter are:

(1) To forward to the represented entity at the address most recently supplied to the agent by the entity any process, notice, or demand pertaining to the entity which is served on or received by the agent;

(2) To provide the notices required by this chapter to the entity at the address most recently supplied to the agent by the entity;

(3) If the agent is a noncommercial registered agent, to keep current the information required by section 1404(1) of this act in the most recent registered agent filing for the entity; and

(4) If the agent is a commercial registered agent, to keep current the information listed for it under section 1405(1) of this act.

NEW SECTION. **Sec. 1413.** JURISDICTION AND VENUE. The designation or maintenance in this state of a registered agent does not by itself create the basis for personal jurisdiction over the represented entity in this state. The address of the agent does not determine venue in an action or a proceeding involving the entity.

ARTICLE 5

FOREIGN ENTITIES

NEW SECTION. **Sec. 1501.** GOVERNING LAW. (1) Part I of this act does not authorize this state to regulate the organization or internal affairs of a foreign entity registered to do business in this state, or govern the liability that a person has as an interest holder or governor for a debt, obligation, or other liability of the foreign entity.

(2) A foreign entity is not precluded from registering to do business in this state because of any difference between the law of the entity's jurisdiction of formation and the law of this state.

(3) Registration of a foreign entity to do business in this state does not authorize the foreign entity to engage in any activity or exercise any power that a domestic entity of the same type may not engage in or exercise in this state. Except as otherwise provided in this chapter or other applicable law of this state, a foreign entity is subject to the same duties, restrictions, penalties, and liabilities now or later imposed on a domestic entity of the same type.

NEW SECTION. **Sec. 1502.** REGISTRATION TO DO BUSINESS IN THIS STATE. (1) A foreign entity may not do business in this state until it registers with the secretary of state under this chapter.

(2) A foreign entity doing business in this state may not maintain an action or proceeding in this state unless it is registered to do business in this state and has paid to this state all fees and penalties for the years, or parts thereof, during which it did business in this state without having registered.

(3) The successor to a foreign entity that transacted business in this state without a certificate of registration and the assignee of a cause of action arising out of that business may not maintain a proceeding based on that cause of action in any court in this state until the foreign entity, or its successor, obtains a certificate of registration.

(4) A court may stay a proceeding commenced by a foreign entity, its successor, or assignee until it determines whether the foreign entity, or its successor, requires a certificate of registration. If it so determines, the court may further stay the proceeding until the foreign entity, or its successor, obtains the certificate of registration.

(5) A foreign entity that transacts business in this state without a certificate of registration is liable to this state, for the years or parts thereof during which it transacted business in this state without a certificate of registration, in an amount equal to all fees which would have been imposed by this chapter upon the entity had it applied for and received a certificate of registration to transact business in this state and thereafter filed all reports required by this chapter, plus all penalties imposed by this chapter for failure to pay such fees.

(6) The failure of a foreign entity to register to do business in this state does not: (a) Impair the validity of a contract or act of the foreign entity; (b) impair the right of any other party to the contract to maintain any action, suit, or proceeding on the contract; or (c) preclude the foreign entity from defending an action or proceeding in this state.

(7) A limitation on the liability of an interest holder or governor of a foreign entity is not waived solely because the foreign entity does business in this state without registering.

(8) Section 1501 (1) and (2) of this act applies even if a foreign entity fails to register under this Article 5.

NEW SECTION. **Sec. 1503.** FOREIGN REGISTRATION STATEMENT. (1) To register to do business in this state, a foreign entity must deliver a foreign registration statement to the secretary of state for filing. The statement must be executed by the entity and state:

(b) The type of entity and, if it is a foreign limited partnership, whether it is a foreign limited liability limited partnership;

(c) The entity's jurisdiction of formation;

(d) The street and mailing addresses of the entity's principal office and, if the law of the entity's jurisdiction of formation requires the entity to maintain an office in that jurisdiction, the street and mailing addresses of the office;

(e) The information required by section 1404(1) of this act;

(f) The names and addresses of the entity's governors, and if the entity is a business corporation or nonprofit corporation, the names and addresses of its officers;

(g) The date of the entity's formation and period of duration;

(h) The nature of the entity's business or purposes to be conducted or promoted in this state; and

(i) The date on which the entity first did, or intends to do, business in this state.

(2) The foreign entity shall deliver with the registration statement a certificate of existence, or a document of similar import, issued no more than sixty days before the date of submission of the registration statement and duly authenticated by the secretary of state or other official having custody of the entity's records in the entity's jurisdiction of formation.

NEW SECTION. **Sec. 1504.** AMENDMENT OF FOREIGN REGISTRATION STATEMENT. A registered foreign entity shall promptly deliver to the secretary of state for filing an amendment to its foreign registration statement if there is a change in:

(a) Maintaining, defending, mediating, arbitrating, or settling an action or proceeding, or settling claims or disputes;

(b) Carrying on any activity concerning its internal affairs, including holding meetings of its interest holders or governors;

(g) Creating or acquiring indebtedness, mortgages, or security interests in property;

(h) Securing or collecting debts or enforcing mortgages or security interests in property securing the debts;

(k) Doing business in interstate commerce; and

(l) Operating an approved branch campus of a foreign degree-granting institution in compliance with chapter 28B.90 RCW and in accordance with subsection (2) of this section.

(2) In addition to those acts that are specified in subsection (1) of this section, a foreign degree-granting institution that establishes an approved branch campus in the state under chapter 28B.90 RCW shall not be deemed to transact business in the state solely because it:

(a) Owns and controls an incorporated branch campus in this state;

(b) Pays the expenses of tuition or room and board charged by the incorporated branch campus for its students enrolled at the branch campus or contributes to the capital thereof; or

(c) Provides personnel who furnish assistance and counsel to its students while in the state but who have no authority to enter into any transactions for or on behalf of the foreign degree-granting institution.

(3) A person does not do business in this state solely by being an interest holder or governor of a domestic entity or foreign entity that does business in this state.

(4) This section does not apply in determining the contacts or activities that may subject a foreign entity to service of process, taxation, or regulation under law of this state other than this chapter.

NEW SECTION. **Sec. 1506.** NONCOMPLYING NAME OF FOREIGN ENTITY. (1) A foreign entity whose name does not comply with section 1301 of this act for an entity of its type may not register to do business in this state until it adopts, for the purpose of doing business in this state, an alternate name that complies with section 1301 of this act. A registered foreign entity that registers under an alternate name under this subsection need not comply with chapter 19.80 RCW. After registering to do business in this state with an alternate name, a registered foreign entity shall do business in this state under:

(a) The alternate name;

(b) Its entity name, with the addition of its jurisdiction of formation clearly identified; or

(c) An assumed or fictitious name the entity is authorized to use under chapter 19.80 RCW.

(2) If a registered foreign entity changes its name to one that does not comply with section 1301 of this act, it may not do business

in this state until it complies with subsection (1) of this section by amending its foreign registration statement to adopt an alternate name that complies with section 1301 of this act.

NEW SECTION. **Sec. 1507.** WITHDRAWAL OF REGISTRATION OF REGISTERED FOREIGN ENTITY. (1) A registered foreign entity may withdraw its registration by delivering a statement of withdrawal to the secretary of state for filing. The statement of withdrawal must be executed by the entity and state:

(a) The name of the entity and its jurisdiction of formation;

(b) That the entity is not doing business in this state and that it withdraws its registration to do business in this state;

NEW SECTION. **Sec. 1508.** WITHDRAWAL DEEMED ON CONVERSION TO DOMESTIC ENTITY. A registered foreign entity that converts to any type of domestic entity is deemed to have withdrawn its registration on the effective date of the conversion.

NEW SECTION. **Sec. 1509.** WITHDRAWAL ON DISSOLUTION OR CONVERSION. (1) A registered foreign entity that has dissolved and completed winding up or has converted to a domestic or foreign person not subject to this chapter shall deliver a statement of withdrawal to the secretary of state for filing. The statement must be executed by the dissolved or converted entity and state:

(a) In the case of a foreign entity that has completed winding up:

(i) Its name and jurisdiction of formation; and

(ii) That the foreign entity surrenders its registration to do business in this state; and

(b) In the case of a foreign entity that has converted to a domestic or foreign person not subject to this act:

(i) The name of the converting foreign entity and its jurisdiction of formation;

(ii) The type of person to which it has converted and its jurisdiction of formation;

(iii) That it surrenders its registration to do business in this state and revokes the authority of its registered agent to accept service on its behalf; and

(iv) A mailing address to which service of process may be made under subsection (2) of this section.

(2) After a withdrawal is effective under this section, service of process in any action or proceeding based on a cause of action arising during the time the foreign entity was registered to do business in this state may be made pursuant to section 1411 of this act.

NEW SECTION. **Sec. 1510.** TRANSFER OF REGISTRATION. (1) If a registered foreign entity merges into a nonregistered foreign entity or converts to a foreign entity required to register with the secretary of state to do business in this state, the foreign entity shall deliver to the secretary of state for filing an application for transfer of registration. The application must be executed by the surviving or converted entity and state:

(a) The name of the registered foreign entity before the merger or conversion;

(b) The type of entity it was before the merger or conversion;

(c) The name of the applicant entity and, if the name does not comply with section 1301 of this act, an alternate name adopted pursuant to section 1506(1) of this act;

(d) The type of entity of the applicant entity and its jurisdiction of formation; and

(e) The following information regarding the applicant entity, if different than the information for the foreign entity before the merger or conversion:

(ii) The information required pursuant to section 1404(1) of this act.

(2) When an application for transfer of registration takes effect, the registration of the registered foreign entity to do business in this state is transferred without interruption to the entity into which it has merged or to which it has been converted.

NEW SECTION. **Sec. 1511.** TERMINATION OF REGISTRATION. (1) The secretary of state may terminate the registration of a registered foreign entity in the manner provided in subsections (2) and (3) of this section if:

(a) The entity does not pay any fee, interest, or penalty required to be paid to the secretary of state under this chapter or law of this state other than this chapter;

(b) The entity does not deliver to the secretary of state for filing an annual report when it is due;

(c) The entity does not have a registered agent as required by section 1402 of this act;

(d) The entity does not deliver to the secretary of state for filing a statement of change under section 1407 of this act if change occurs in the name or address of the entity's registered agent;

(e) A governor, officer, or agent of the entity executed a document knowing it was false in any material respect with intent that the document be delivered to the secretary of state for filing; or

(f) The secretary of state receives a duly authenticated certificate from the secretary of state or other official having custody of the entity's records in the entity's jurisdiction of formation stating that it has been dissolved or disappeared as the result of a merger.

(2) If the secretary of state determines that one or more grounds for termination exist under subsection (1) of this section, the secretary of state shall deliver a notice of the determination to the registered foreign entity's registered agent or, if the entity does not have a registered agent, to the entity's principal office. The notice must state the grounds for termination under subsection (1) of this section.

(3) If the entity does not cure each ground for termination stated in the notice within sixty days after the notice is effective, the secretary of state shall terminate the registration of the foreign entity by filing a statement of termination that recites the ground or grounds for termination and the effective date of termination and delivering a copy of the statement of termination to the foreign entity.

(4) The authority of a registered foreign entity to do business in this state ceases on the effective date of termination shown on the statement of termination.

(5) The termination of a foreign entity's registration does not terminate the authority of the registered agent of the foreign entity.

NEW SECTION. **Sec. 1512.** ACTION BY ATTORNEY GENERAL. The attorney general may maintain an action to enjoin a foreign entity from doing business in this state in violation of this chapter.

ARTICLE 6
ADMINISTRATIVE DISSOLUTION

NEW SECTION. **Sec. 1601.** For the purposes of this Article 6, the term "domestic entity" does not include a domestic limited liability partnership.

NEW SECTION. **Sec. 1602.** GROUNDS. The secretary of state may commence a proceeding under section 1603 of this act to dissolve a domestic entity administratively if:

(1) The entity does not pay any fee, interest, or penalty required to be paid to the secretary of state when due;

(2) The entity does not deliver an annual report to the secretary of state not later than one hundred twenty days after it is due;

(3) The entity does not have a registered agent in this state for thirty consecutive days; or

(4) The entity's period of duration stated in its public organic record expired.

NEW SECTION. **Sec. 1603.** PROCEDURE AND EFFECT. (1) If the secretary of state determines that one or more grounds exist under section 1602 of this act for administratively dissolving a domestic entity, the secretary of state shall serve the entity pursuant to section 1211 of this act with notice in a record of the secretary of state's determination.

(2) If a domestic entity, not later than sixty days after service of the notice required by subsection (1) of this section, does not cure or demonstrate to the satisfaction of the secretary of state the nonexistence of each ground determined by the secretary of state, the secretary of state shall administratively dissolve the entity by executing a statement of administrative dissolution that recites the grounds for dissolution and the effective date of dissolution. The secretary of state shall file the statement and serve a copy on the entity pursuant to section 1211 of this act.

(3) A domestic entity that is dissolved administratively continues its existence as an entity but may not carry on any activities except as necessary to wind up its activities and affairs and liquidate its assets in the manner provided in its organic law or to apply for reinstatement under section 1604 of this act.

(4) The administrative dissolution of a domestic entity does not terminate the authority of its registered agent.

NEW SECTION. **Sec. 1604.** REINSTATEMENT. (1) A domestic entity that is dissolved administratively under section 1603 of this act may apply to the secretary of state for reinstatement not later than five years after the effective date of dissolution. The application must be executed by the entity and state:

(a) The name of the entity and a statement that the name satisfies section 1301 of this act; if the name does not satisfy section 1301 of this act, the entity must deliver with its application an amendment to its public organic record changing its name;

(b) The address of the principal office of the entity and the name and address of its registered agent;

(c) The effective date of the entity's administrative dissolution; and

(d) That the grounds for dissolution did not exist or have been cured.

(2) To be reinstated, an entity must pay the full amount of all annual license or renewal fees which would have been assessed during the period of administrative dissolution had the entity been in active status, plus a penalty fee established by the secretary of state by rule, and the license or renewal fee for the year of reinstatement.

(3) If the secretary of state determines that an application under subsection (1) of this section contains the information required by subsection (1) of this section, is satisfied that the information is correct, and determines that all payments required to be made to the secretary of state by subsection (2) of this section have been made, the secretary of state shall:

(a) Cancel the statement of administrative dissolution and prepare a statement of reinstatement that states the secretary of state's determination and the effective date of reinstatement;

(b) File the statement; and

(c) Serve a copy of the statement on the entity.

(4) When reinstatement under this section is effective as provided in section 1203 of this act:

(a) It relates back to and takes effect as of the effective date of the administrative dissolution; and

(b) The domestic entity resumes carrying on its activities and affairs as if the administrative dissolution had never occurred, except for the rights of a person arising out of an act or omission in reliance on the dissolution before the person knew or had reason to know of the reinstatement.

NEW SECTION. **Sec. 1605.** JUDICIAL REVIEW OF DENIAL OF REINSTATEMENT. (1) If the secretary of state denies a domestic entity's application for reinstatement following administrative dissolution, the secretary of state shall serve the entity with a notice in a record that explains the reasons for denial.

(2) An entity may seek judicial review of denial of reinstatement in the superior court not later than thirty days after service of the notice of denial.

NEW SECTION. **Sec. 1606.** ENTITY NAME NOT DISTINGUISHABLE FROM NAME OF GOVERNMENTAL ENTITY. (1) Any county, city, town, district, or other political subdivision of the state, or the state of Washington or any department or agency of the state, may apply to the secretary of state for the administrative dissolution, or the termination of registration, of any entity using a name that is not distinguishable from the name of the applicant for dissolution. The application must state the precise legal name of the governmental entity and its date of formation and the applicant shall mail a copy to the entity's registered agent. of the posting has been delivered to the recipient together with comprehensible instructions regarding how to obtain access to the posting on the electronic network.
