(6) "Common shares" means any shares other than preferred shares.

(7) "Consummation date," with respect to any significant business transaction, means the date of consummation of such a significant business transaction, or, in the case of a significant business transaction as to which a shareholder vote is taken, the later of the business day prior to the vote or twenty days prior to the date of consummation of such a significant business transaction.

(8) "Control," "controlling," "controlled by," and "under common control with," means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise. A person's beneficial ownership of ten percent or more of a domestic or foreign corporation's outstanding voting shares shall create a rebuttable presumption that such person has control of such corporation. However, a person does not have control of a domestic or foreign corporation if the person holds voting shares, in good faith and not for the purpose of circumventing this chapter, as an agent, bank, broker, nominee, custodian, or trustee for one or more beneficial owners who do not individually or as a group have control of such corporation.

(9) "Domestic corporation" means an issuer of voting shares which is organized under chapter 23B.02 RCW or any predecessor provision.

(10) "Exchange act" means the federal securities exchange act of 1934, as amended.

(11) "Market value," in the case of property other than cash or shares, means the fair market value of the property on the date in question as determined by the board of directors of the target corporation in good faith.

(13) "Preferred shares" means any class or series of shares of a target corporation which under the bylaws or articles of incorporation of such a corporation is entitled to receive payment of dividends prior to any payment of dividends on some other class or series of shares, or is entitled in the event of any voluntary liquidation, dissolution, or winding up of the target corporation to receive payment or distribution of a preferential amount before any payments or distributions are received by some other class or series of shares.

(14) "Shares" means any:

(a) Shares or similar security, any certificate of interest, any participation in any profit sharing agreement, any voting trust certificate, or any certificate of deposit for shares; and

(c) The termination, while the corporation has an acquiring person and as a result of the acquiring person's acquisition of ten percent or more of the shares of the corporation, of five percent or more of the employees of the target corporation or its subsidiaries employed in this state, whether at one time or over the five-year period following the share acquisition time. For the purposes of (c) of this subsection, a termination other than an employee's death or disability or bona fide voluntary retirement, transfer, resignation, termination for cause under applicable common law principles, or leave of absence shall be presumed to be a termination resulting from the acquiring person's acquisition of shares, which presumption is rebuttable. A bona fide voluntary transfer of employees between the target corporation and its subsidiaries or between its subsidiaries is not a termination for the purposes of (c) of this subsection;

(d) The issuance, transfer, or redemption by a target corporation or a subsidiary of a target corporation, whether in one transaction or a series of transactions, of shares or of options, warrants, or rights to acquire shares of a target corporation or a subsidiary of a target corporation to or beneficially owned by an acquiring person or an affiliate or associate of an acquiring person except pursuant to the exercise of warrants or rights to purchase shares offered, or a dividend, distribution, or redemption paid or made pro rata to, all shareholders or holders of options, warrants, or rights to acquire shares of the target corporation, and except for involuntary redemptions permitted by the target corporation's charter or by the law of this state or the state of incorporation;

(e) The liquidation or dissolution of a target corporation proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person;

(f) A reclassification of securities, including, without limitation, any shares split, shares dividend, or other distribution of shares in respect of stock, or any reverse shares split, or recapitalization of a target corporation, or a merger or consolidation of a target corporation with a subsidiary of the target corporation, or any other transaction, whether or not with or into or otherwise involving an acquiring person, proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person, that has the effect, directly or indirectly, of increasing the proportionate share of the outstanding shares of a class or series of voting shares or securities convertible into voting shares of a target corporation or a subsidiary of the target corporation that is directly or indirectly owned by an acquiring person or an affiliate or associate of an acquiring person, except as

a result of immaterial changes due to fractional share adjustments; or

(g) A receipt by an acquiring person or an affiliate or associate of an acquiring person of the benefit, directly or indirectly, except proportionately as a shareholder of a target corporation, of loans, advances, guarantees, pledges, or other financial assistance or tax credits or other tax advantages provided by or through a target corporation.

(16) "Share acquisition time" means the time at which a person first becomes an acquiring person of a target corporation.

(17) "Subsidiary" means a domestic or foreign corporation that has a majority of its outstanding voting shares owned, directly or indirectly, by another domestic or foreign corporation.

(18) "Tangible assets" means tangible real and personal property of all kinds. It shall also include leasehold interests in tangible real and personal property.

(19) "Target corporation" means:

(a) Every domestic corporation, if:

(i) The corporation has a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or

For purposes of this subsection, the record date for determining the percentages and numbers of shareholders and shares shall be the last shareholder record date before the event requiring that the determination be made. A shareholder record date shall be determined pursuant to the comparable provision to RCW 23B.07.070 of the law of the state in which a foreign corporation is incorporated. If a shareholder record date has not been fixed by the board of directors within the preceding four months, the determination shall be made as of the end of the corporation's most recent fiscal quarter.

The residence of each shareholder is presumed to be the address appearing in the records of the corporation. Shares held of record by brokers or nominees shall be disregarded for purposes of calculating the percentages and numbers specified in this subsection. Shares of a corporation allocated to the account of an employee or former employee or beneficiaries of employees or former employees of a corporation and held in a plan that is qualified under section 401(a) of the federal internal revenue code of 1986, as amended, and is a defined contribution plan within the meaning of section 414(i) of the code shall be deemed, for the purposes of this subsection, to be held of record by the employee to whose account such shares are allocated.

A domestic or foreign corporation shall be deemed to be a target corporation if the domestic or foreign corporation's failure to satisfy the requirements of this subsection is caused by the action of, or is the result of a proposal by, an acquiring person or affiliate or associate of an acquiring person.

(4) "Foreign limited liability partnership" means a partnership that:

(a) Is formed under laws other than the laws of this state; and

(b) Has the status of a limited liability partnership under those laws.

(5) "Limited liability partnership" means a partnership that has filed an application under RCW 25.05.500 and does not have a similar statement in effect in any other jurisdiction.

(6) "Partnership" means an association of two or more persons to carry on as co-owners a business for profit formed under RCW 25.05.055, predecessor law, or comparable law of another jurisdiction.

(7) "Partnership agreement" means the agreement, whether written, oral, or implied, among the partners concerning the partnership, including amendments to the partnership agreement.

(8) "Partnership at will" means a partnership in which the partners have not agreed to remain partners until the expiration of a definite term or the completion of a particular undertaking.

(9) "Partnership interest" or "partner's interest in the partnership" means all of a partner's interests in the partnership, including the partner's transferable interest and all management and other rights.

(10) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(11) "Property" means all property, real, personal, or mixed, tangible or intangible, or any interest therein.

(12) "Registered agent" means ((~~an individual resident of this state, a domestic corporation, a government, governmental subdivision, agency, or instrumentality, or a foreign corporation authorized to do business in this state~~)) the person designated under part I, Article 4 of this act to serve as the agent of the entity authorized to receive service of any process, notice, or demand required or permitted by law to be served on the entity.

(13) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or insular possession subject to the jurisdiction of the United States.

(15) "Transfer" includes an assignment, conveyance, lease, mortgage, deed, and encumbrance.

Sec. 5102. RCW 25.05.025 and 1998 c 103 s 105 are each amended to read as follows:

(1) A statement may be ((~~filed in~~)) delivered to the office of the secretary of state for filing in accordance with part I, Article 2 of this act. A certified copy of a statement that is filed in an office in another state may be ((~~filed in~~)) delivered to the office of the secretary of state for filing in accordance with part I, Article 2 of this act. Either filing has the effect provided in this chapter with respect to partnership property located in or transactions that occur in this state.

(2) A statement ((~~filed~~)) delivered by a partnership to the secretary of state for filing must be executed by at least two partners. Other statements must be executed by a partner or other person authorized by this chapter. An individual who executes a statement as, or on behalf of, a partner or other person shall personally declare under penalty of perjury that the contents of the statement are accurate.

(3) A person authorized by this chapter to ((~~file~~)) deliver a statement to the secretary of state for filing may amend or cancel the statement by delivering to the secretary of state for filing an amendment or cancellation that names the partnership, identifies the statement, and states the substance of the amendment or cancellation.

(4) A person who ((~~files~~)) delivers a statement ((~~pursuant to this section~~)) to the secretary of state for filing shall promptly send a copy of the statement to every nonfiling partner and to any other person named as a partner in the statement. Sec. 5103. RCW 25.05.110 and 1998 c 103 s 303 are each amended to read as follows:

(1) A partnership may ((~~file~~)) deliver to the secretary of state for filing a statement of partnership authority, which:

(a) Must include:

(i) The name of the partnership; and

(ii) The street address of its chief executive office and of one office in this state, if there is one; and

(b) May state the names of all of the partners, the names of the partners authorized to execute an instrument transferring real property held in the name of the partnership, the authority, or limitations on the authority, of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.

(2) A grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person not a partner who gives value without knowledge to the contrary, so long as and to the extent that a limitation on that authority is not then contained in a subsequently filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.

(3) A person not a partner is deemed to know of a limitation on the authority of a partner to transfer real property held in the name of the partnership if the limitation is contained in a filed statement of partnership authority.

(4) Except as otherwise provided in subsection (3) of this section and RCW 25.05.265 and 25.05.320, a person not a partner is not deemed to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

(5) Unless earlier canceled, a filed statement of partnership authority is canceled by operation of law five years after the date on which the statement, or the most recent amendment, was filed ((~~with~~)) by the secretary of state.

Sec. 5104. RCW 25.05.115 and 1998 c 103 s 304 are each amended to read as follows:

A statement of denial is a limitation on authority as provided in RCW 25.05.110 (2) and (3).

Sec. 5105. RCW 25.05.355 and 2009 c 188 s 1405 are each amended to read as follows:

(1) A partnership may be converted to a limited partnership pursuant to this section.

(2) The terms and conditions of a conversion of a partnership to a limited partnership must be approved by all of the partners or by a number or percentage specified for conversion in the partnership agreement.

(3) After the conversion is approved by the partners, the partnership shall file a certificate of limited partnership in the jurisdiction in which the limited partnership is to be formed. The certificate must include:

(6) A general partner who becomes a limited partner as a result of the conversion remains liable as a general partner for an obligation incurred by the partnership before the conversion takes effect. If the other party to a transaction with the limited partnership reasonably believes when entering the transaction that the limited partner is a general partner, the limited partner is liable for an obligation incurred by the limited partnership within ninety days after the conversion takes effect. The limited partner's liability for all other obligations of the limited partnership incurred after the conversion takes effect is that of a limited partner as provided in the Washington uniform limited partnership act.

Sec. 5106. RCW 25.05.370 and 1998 c 103 s 905 are each amended to read as follows:

(2) The plan of merger must set forth:

(3) The plan of merger may set forth:

(a) Amendments to the certificate of formation of the surviving limited liability company;

(b) Amendments to the certificate of limited partnership of the surviving limited partnership;

(c) Amendments to the articles of incorporation of the surviving corporation; and

(d) Other provisions relating to the merger.

(4) If the plan of merger does not specify a delayed effective date, it shall become effective upon the filing of articles of merger as provided in section 1203 of this act. ((~~If the~~)) A plan of merger ((~~specifies~~)) may specify a delayed effective time and date((~~, the plan of merger becomes effective at the time and date specified. Such action may be taken based on the court's own motion, based on a motion by an attorney for a person or entity, based on a motion of a person or entity representing themselves, or based on a written complaint, as described in this section. The court may grant relief under this section as it deems just and in the best interest of the incapacitated person. For any hearing to modify or terminate a guardianship, the incapacitated person shall be given reasonable notice of the hearing and of the incapacitated person's right to be represented at the hearing by counsel of his or her own choosing.

(2)(a) An unrepresented person or entity may submit a complaint to the court. In making a determination, the court may review the matter and consider previous behavior of the complainant that is documented in the guardianship record;

(iv) To direct the guardian to provide, in not less than fourteen days, a written report to the court on the issues raised in the complaint;

(v) To defer consideration of the complaint until the next regularly scheduled hearing in the guardianship, if the date of that hearing is within the next three months, provided that there is no indication that the incapacitated person will suffer physical, emotional, financial, or other harm as a result of the court's deferral of consideration;

(vi) To order other action, in the court's discretion, in addition to doing one or more of the actions set out in this subsection.

(d) If after consideration of the complaint, the court believes that the complaint is made without justification or for reason to harass or delay or with malice or other bad faith, the court has the power to levy necessary sanctions, including but not limited to the imposition of reasonable attorney fees, costs, fees, striking pleadings, or other appropriate relief.

(3) The court may order persons who have been removed as guardians to deliver any property or records belonging to the incapacitated person in accordance with the court's order. Similarly, when guardians have died or been removed and property or records of an incapacitated person are being held by any other person, the court may order that person to deliver it in accordance with the court's order. Disobedience of an order to deliver shall be punishable as contempt of court.

(4) The administrative office of the courts must develop and prepare in consultation with interested persons, a model form for the complaint described in subsection (2)(a) of this section and a model form for the order that must be issued by the court under subsection (2)(c) of this section.

This type of request from the board must be treated as a complaint under this section and the person who sent the complaint must be treated as the complainant. The board must consider the court order when taking any further action and note the court order in any final determination.

(6) In any court action under this section that involves a professional guardian, the court must direct the clerk of the court to send a copy of the order entered under this section to the board.

(b) Fifteen dollar assessment must be remitted monthly to the state treasury for deposit in the domestic violence prevention account.

(3) The one hundred dollar assessment imposed under this section shall not be subject to any state or local remittance requirements under chapter 3.46, 3.50, 3.62, 7.68, 10.82, or 35.20 RCW.

(4) For the purposes of this section, "convicted" includes a plea of guilty, a finding of guilt regardless of whether the imposition of the sentence is deferred or any part of the penalty is suspended, or the levying of a fine. For the purposes of this section, "domestic violence" has the same meaning as that term is defined under RCW 10.99.020 and includes violations of equivalent local ordinances.

Sec. 9142. RCW 26.50.110 and 2013 c 84 s 31 are each amended to read as follows:

(1)(a) Whenever an order is granted under this chapter, chapter 7.92, 7.90, 9A.46, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or there is a valid foreign protection order as defined in RCW 26.52.020, and the respondent or person to be restrained knows of the order, a violation of any of the following provisions of the order is a gross misdemeanor, except as provided in subsections (4) and (5) of this section:

(ii) A provision excluding the person from a residence, workplace, school, or day care;

The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

(3) A violation of an order issued under this chapter, chapter 7.92, 7.90, 9A.46, 9.94A, 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, shall also constitute contempt of court, and is subject to the penalties prescribed by law.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 9144.** RCW 71.05.010 and 1998 c 297 s 2 are each amended to read as follows:

(1) The provisions of this chapter are intended by the legislature:

(((~~(1)~~))) (a) To protect the health and safety of persons suffering from mental disorders and to protect public safety through use of the parens patriae and police powers of the state;

(b) To prevent inappropriate, indefinite commitment of mentally disordered persons and to eliminate legal disabilities that arise from such commitment;

(((~~(2)~~))) (c) To provide prompt evaluation and timely and appropriate treatment of persons with serious mental disorders;

(((~~(3)~~))) (d) To safeguard individual rights;

(((~~(4)~~))) (e) To provide continuity of care for persons with serious mental disorders;

(((~~(5)~~))) (f) To encourage the full use of all existing agencies, professional personnel, and public funds to prevent duplication of services and unnecessary expenditures; and

(((~~(6)~~))) (g) To encourage, whenever appropriate, that services be provided within the community((~~;~~

~~(7) To protect the public safety~~)).

(2) When construing the requirements of this chapter the court must focus on the merits of the petition, except where requirements have been totally disregarded, as provided in *In re C.W.*, 147 Wn.2d 259, 281 (2002). A presumption in favor of deciding petitions on their merits furthers both public and private interests because the mental and physical well-being of individuals as well as public safety may be implicated by the decision to release an individual and discontinue his or her treatment.

NEW SECTION. **Sec. 9145.** A new section is added to chapter 71.05 RCW to read as follows:

(1) The department may use a single bed certification process as outlined in rule to provide additional treatment capacity for a person suffering from a mental disorder for whom an evaluation and treatment bed is not available. The facility that is the proposed site of the single bed certification must be a facility that is willing and able to provide the person with timely and appropriate treatment either directly or by arrangement with other public or private agencies.

(2) A single bed certification must be specific to the patient receiving treatment.

(3) A designated mental health professional who submits an application for a single bed certification for treatment at a facility that is willing and able to provide timely and appropriate mental health treatment in good faith belief that the single bed certification is appropriate may presume that the single bed certification will be approved for the purpose of completing the detention process and responding to other emergency calls.

(4) The department may adopt rules implementing this section and continue to enforce rules it has already adopted except where inconsistent with this section.

NEW SECTION. **Sec. 9146.** A new section is added to chapter 71.05 RCW to read as follows:

(1) A designated mental health professional shall make a report to the department when he or she determines a person meets detention criteria under RCW 71.05.150, 71.05.153, 71.34.700, or 71.34.710 and there are not any beds available at an evaluation and treatment facility, the person has not been provisionally accepted for admission by a facility, and the person cannot be served on a single bed certification or less restrictive alternative. Starting at the time when the designated mental health professional determines a person meets detention criteria and the investigation has been completed, the designated mental health professional has twenty-four hours to submit a completed report to the department.

(2) The report required under subsection (1) of this section must contain at a minimum:

(a) The date and time that the investigation was completed;

(b) The identity of the responsible regional support network or behavioral health organization;

(c) The county in which the person met detention criteria;

(d) A list of facilities which refused to admit the person; and

(e) Identifying information for the person, including age or date of birth.

(3) The department shall develop a standardized reporting form or modify the current form used for single bed certifications for the report required under subsection (2) of this section and may require additional reporting elements as it determines are necessary or supportive. The department shall also determine the method for the transmission of the completed report from the designated mental health professional to the department.

(4) The department shall create quarterly reports displayed on its web site that summarize the information reported under subsection (2) of this section. At a minimum, the reports must display data by county and by month. The reports must also include the number of single bed certifications granted by category. The categories must include all of the reasons that the department recognizes for issuing a single bed certification, as identified in rule.

(5) The reports provided according to this section may not display "protected health information" as that term is used in the federal health insurance portability and accountability act of 1996, nor information contained in "mental health treatment records" as that term is used in chapter 70.02 RCW or elsewhere in state law, and must otherwise be compliant with state and federal privacy laws.

(6) For purposes of this section, the term "single bed certification" means a situation in which an adult on a seventy-two hour detention, fourteen-day commitment, ninety-day commitment, or one hundred eighty-day commitment is detained to a facility that is:

(a) Not certified as an inpatient evaluation and treatment facility; or

(b) A certified inpatient evaluation and treatment facility that is already at capacity.

NEW SECTION. **Sec. 9147.** A new section is added to chapter 71.05 RCW to read as follows:

(1) The department shall promptly share reports it receives under section 3 of this act with the responsible regional support network or behavioral health organization. The regional support network or behavioral health organization receiving this notification must attempt to engage the person in appropriate services for which the person is eligible and report back within seven days to the department.

(2) The department shall track and analyze reports submitted under section 3 of this act. The department must initiate corrective action when appropriate to ensure that each regional support network or behavioral health organization has implemented an adequate plan to provide evaluation and treatment services. Corrective actions may include remedies under RCW 71.24.330 and 43.20A.894, including requiring expenditure of reserve funds. An adequate plan may include development of less restrictive alternatives to involuntary commitment such as crisis triage, crisis diversion, voluntary treatment, or prevention programs reasonably calculated to reduce demand for evaluation and treatment under this chapter.

Sec. 9148. RCW 71.05.050 and 2000 c 94 s 3 are each amended to read as follows:

(1) Nothing in this chapter shall be construed to limit the right of any person to apply voluntarily to any public or private agency or practitioner for treatment of a mental disorder, either by direct application or by referral. Any person voluntarily admitted for inpatient treatment to any public or private agency shall be released immediately upon his or her request. Any person voluntarily admitted for inpatient treatment to any public or private agency shall orally be advised of the right to immediate discharge, and further advised of such rights in writing as are secured to them pursuant to this chapter and their rights of access to attorneys, courts, and other legal redress. Their condition and status shall be reviewed at least once each one hundred eighty days for evaluation as to the need for further treatment or possible discharge, at which time they shall again be advised of their right to discharge upon request((~~: PROVIDED HOWEVER, That~~)).

(2) If the professional staff of any public or private agency or hospital regards a person voluntarily admitted who requests discharge as presenting, as a result of a mental disorder, an imminent likelihood of serious harm, or is gravely disabled, they may detain such person for sufficient time to notify the ((~~county~~)) designated mental health professional of such person's condition to enable the ((~~county~~)) designated mental health professional to authorize such person being further held in custody or transported to an evaluation and treatment center pursuant to the provisions of this chapter, which shall in ordinary circumstances be no later than the next judicial day((~~: PROVIDED FURTHER, That~~)).

(3) If a person is brought to the emergency room of a public or private agency or hospital for observation or treatment, the person refuses voluntary admission, and the professional staff of the public or private agency or hospital regard such person as presenting as a result of a mental disorder an imminent likelihood of serious harm, or as presenting an imminent danger because of grave disability, they may detain such person for sufficient time to notify the ((~~county~~)) designated mental health professional of such person's condition to enable the ((~~county~~)) designated mental health professional to authorize such person being further held in custody or transported to an evaluation treatment center pursuant to the conditions in this chapter, but which time shall be no more than six hours from the time the professional staff ((~~determine that an evaluation by~~)) notify the ((~~county~~)) designated mental health professional ((~~is necessary~~)) of the need for evaluation, not counting time periods prior to medical clearance.

(4) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in

the few cases where the facility staff or designated mental health professional has totally disregarded the requirements of this section.

Sec. 9149. RCW 71.05.153 and 2011 c 305 s 8 and 2011 c 148 s 2 are each reenacted and amended to read as follows:

(1) When a designated mental health professional receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated mental health professional may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(2) A peace officer may take or cause such person to be taken into custody and immediately delivered to a triage facility, crisis stabilization unit, evaluation and treatment facility, or the emergency department of a local hospital under the following circumstances:

(a) Pursuant to subsection (1) of this section; or

(b) When he or she has reasonable cause to believe that such person is suffering from a mental disorder and presents an imminent likelihood of serious harm or is in imminent danger because of being gravely disabled.

(3) Persons delivered to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility that has elected to operate as an involuntary facility by peace officers pursuant to subsection (2) of this section may be held by the facility for a period of up to twelve hours, not counting time periods prior to medical clearance.

(4) Within three hours ((~~of~~)) after arrival, not counting time periods prior to medical clearance, the person must be examined by a mental health professional. Within twelve hours of ((~~arrival~~)) notice of the need for evaluation, not counting time periods prior to medical clearance, the designated mental health professional must determine whether the individual meets detention criteria. If the individual is detained, the designated mental health professional shall file a petition for detention or a supplemental petition as appropriate and commence service on the designated attorney for the detained person. If the individual is released to the community, the mental health provider shall inform the peace officer of the release within a reasonable period of time after the release if the peace officer has specifically requested notification and provided contact information to the provider.

(5) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section based on the intent of this chapter under RCW 71.05.010 except in the few cases where the facility staff or designated mental health professional has totally disregarded the requirements of this section.

Sec. 9150. RCW 71.05.210 and 2009 c 217 s 1 are each amended to read as follows:

Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility (1) shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by (a) a licensed physician who may be assisted by a physician assistant according to chapter 18.71A RCW and a mental health professional, (b) an advanced registered nurse practitioner according to chapter 18.79 RCW and a mental health professional, or (c) a licensed physician and a psychiatric advanced registered nurse practitioner and (2) shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.340, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (a) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (b) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

If, after examination and evaluation, the mental health professional and licensed physician or psychiatric advanced registered nurse practitioner determine that the initial needs of the person would be better served by placement in a chemical dependency treatment facility, then the person shall be referred to an approved treatment program defined under RCW 70.96A.020.

An evaluation and treatment center admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 9151. RCW 71.24.035 and 2014 c 225 s 11 are each amended to read as follows:

(1) The department is designated as the state mental health authority.

(2) The secretary shall provide for public, client, tribal, and licensed service provider participation in developing the state mental health program, developing contracts with behavioral health organizations, and any waiver request to the federal government under medicaid.

(3) The secretary shall provide for participation in developing the state mental health program for children and other underserved populations, by including representatives on any committee established to provide oversight to the state mental health program.

(4) The secretary shall be designated as the behavioral health organization if the behavioral health organization fails to meet state minimum standards or refuses to exercise responsibilities under its contract or RCW 71.24.045, until such time as a new behavioral health organization is designated.

(5) The secretary shall:

(a) Develop a biennial state mental health program that incorporates regional biennial needs assessments and regional mental health service plans and state services for adults and children with mental illness;

(b) Assure that any behavioral health organization or county community mental health program provides medically necessary services to medicaid recipients consistent with the state's medicaid state plan or federal waiver authorities, and nonmedicaid services consistent with priorities established by the department;

(c) Develop and adopt rules establishing state minimum standards for the delivery of mental health services pursuant to RCW 71.24.037 including, but not limited to:

(i) Licensed service providers. These rules shall permit a county-operated mental health program to be licensed as a service provider subject to compliance with applicable statutes and rules. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his or her offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with the designated state employee or real estate broker a higher offer than that of the subsequent offeror. If more than one abutting private owner requests in writing the right to purchase the property within fifteen days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;

(4) When selling real property pursuant to RCW 47.12.283, the department may withhold or withdraw the property from an auction when requested by one of the entities or persons listed in subsection (3) of this section and only after the receipt of a nonrefundable deposit equal to ten percent of the fair market value of the real property or five thousand dollars, whichever is less. This subsection does not prohibit the department from exercising its discretion to withhold or withdraw the real property from an auction if the department determines that the property is no longer surplus or chooses to sell the property through one of the other means listed in subsection (2) of this section. If a transaction under this subsection is not completed within sixty days, the real property must be put back up for sale.

ESSB 5826 Prime Sponsor, Committee on Ways & Means: Creating the Washington small business retirement marketplace. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 9168.** The legislature finds that there is a retirement savings access gap in Washington; that Americans reach the median salary four years later than they did in 1980 and therefore have four fewer years of savings opportunities; and that one in six Americans retire in poverty. Employees who are unable to effectively build their retirement savings risk living on low incomes in their elderly years and are more likely to become dependent on state services. Further, small businesses, which employ more than forty percent of private sector employees in Washington, often choose not to offer retirement plans to employees due to concerns about costs, administrative burdens, and potential liability that they believe such plans would place on their business. In response, the legislature recognizes the work of the federal government in addressing these issues by establishing the myRA program: A safe, affordable, and accessible retirement vehicle designed to remove barriers to retirement savings. In addition, the legislature recognizes that many private financial services firms in Washington currently offer high quality retirement options for small businesses and their employees.

The Washington small business retirement marketplace will remove barriers to entry into the retirement market for small businesses by educating small employers on plan availability and promoting, without mandated participation, qualified, low-cost, low-burden retirement savings vehicles and myRA. The marketplace furthers greater retirement plan access for the residents of Washington while ensuring that individuals participating in these retirement plans will have all the protections offered by the employee retirement income security act. Further, the Washington small business retirement marketplace will not pose any significant financial burden upon taxpayers. The Washington small business retirement marketplace will be the best way for Washington to close the retirement savings access gap, protect the fiscal stability of the state and its citizens well into the future, and further cement its place as a national leader in retirement and investor promotion and protection. The marketplace will educate and promote retirement saving among employees and in particular market to small employers with fifty or fewer employees.

NEW SECTION. **Sec. 9169.** The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise.

(1) "Approved plans" means retirement plans offered by private sector financial services firms that meet the requirements of this chapter to participate in the marketplace.

(2) "Balanced fund" means a mutual fund that has an investment mandate to balance its portfolio holdings. The fund generally includes a mix of stocks and bonds in varying proportions according to the fund's investment outlook.

(3) "Eligible employer" means a self-employed individual, sole proprietor, or an employer with fewer than one hundred qualified employees at the time of enrollment.

(4) "Enrollee" means any employee who is voluntarily enrolled in an approved plan offered by an eligible employer through the Washington small business retirement marketplace.

(5) "myRA" means the myRA retirement program administered by the United States department of the treasury that is available to all employers and employees with no fees or no minimum contribution requirements. A myRA is a Roth IRA option and investments in these accounts are backed by the United States department of the treasury.

(6) "Participating employer" means any eligible employer with employees enrolled in an approved plan offered through the Washington small business retirement marketplace who chooses to participate in the marketplace and offers approved plans to employees for voluntary enrollment.

(7) "Private sector financial services firms" or "financial services firms" mean persons or entities licensed and in good standing by either the department of financial institutions or the office of the insurance commissioner and meeting all federal laws and regulations to offer retirement plans.

(8) "Qualified employee" means those workers who are defined by the federal internal revenue service to be eligible to participate in a specific qualified plan.

(3) The director shall consult with the Washington state department of retirement systems, the Washington state investment board, and the department of financial institutions in designing and managing the marketplace.

(4) The director shall approve for participation in the marketplace all private sector financial services firms that meet the qualifications of this section and section 10 of this act. The director may remove approved plans that no longer meet the requirements of this chapter.

(5) A range of investment options must be provided to meet the needs of investors with various levels of risk tolerance and various ages. The director must approve a diverse array of private retirement plan options that are available to employers on a voluntary basis, including life insurance plans that are designed for retirement purposes, and at least two types of plans for eligible employer participation: (a) A SIMPLE IRA-type plan that provides for employer contributions to participating enrollee accounts; and (b) a payroll deduction individual retirement account type plan or workplace-based individual retirement accounts open to all workers in which the employer does not contribute to the employees' account.

(6) Prior to approving a plan to be offered on the marketplace, the department must receive verification from the department of

financial institutions and the office of the insurance commissioner pursuant to section 2(7) of this act that each plan meets the requirements of this section.

(7) The financial services firms participating in the marketplace must offer a minimum of two product options: (a) A target date or other similar fund, with asset allocations and maturities designed to coincide with the expected date of retirement and (b) a balanced fund. The marketplace must offer myRA.

(9) Approved plans must meet federal law or regulation for internal revenue service approved retirement plans.

(10) The approved plans must include the option for enrollees to roll pretax contributions into a different individual retirement account or another eligible retirement plan after ceasing participation in a plan approved by the Washington small business retirement marketplace.

(12) Participation in the Washington small business retirement marketplace is voluntary for both eligible employers and qualified employees.

(13) Enrollment in any approved plan offered in the marketplace is not an entitlement.

NEW SECTION. **Sec. 9171.** (1) The director shall contract with a private sector entity to:

(3) The director shall direct the entity retained pursuant to subsection (1) of this section to assure that licensed professionals who assist their eligible business clients or employees to enroll in a plan offered through the Washington small business retirement marketplace may receive routine, market-based commissions or other compensation for their services.

(4) The director shall ensure by rule that there is objective criteria in the protocol provided in subsection (1)(a) of this section and that the protocol does not provide unfair advantage to the private sector entity which establishes the protocol.

(5) The director shall encourage the participation of private sector financial services firms in the marketplace.

NEW SECTION. **Sec. 9172.** In addition to any appropriated funds, the director may use private funding sources, including private foundation grants, to pay for marketplace expenses. NEW SECTION. **Sec. 9173.** The department shall not expose the state of Washington as an employer or through administration of the marketplace to any potential liability under the federal employee retirement income act of 1974. As such, the department is specifically prohibited from offering and operating a state-based retirement plan for businesses or individuals who are not employed by the state of Washington.

NEW SECTION. **Sec. 9174.** Using funds specifically appropriated for this purpose, and funds provided by private foundations or other private sector entities, the director may provide incentive payments to participating employers that enroll in the marketplace.

NEW SECTION. **Sec. 9176.** The director shall adopt rules necessary to allow the marketplace to operate as authorized by this subchapter. As part of the rule development process, the director shall consult with organizations representing eligible employers, qualified employees, private and nonprofit sector retirement plan administrators and providers, organizations representing private sector financial services firms, and any other individuals or entities that the director determines relevant to the development of an effective and efficient method for operating the marketplace. The rules must be proposed by January 1st of the year of implementation and rules shall not be adopted until after the end of the regular legislative session of that year.

NEW SECTION. **Sec. 9177.** A new section is added to chapter 43.320 RCW to read as follows:

The department of financial institutions, annually, or upon request of the department of commerce, must review individual retirement account products proposed for inclusion in the Washington small business retirement marketplace to confirm that the products comply with the requirements of section 3 of this act.

NEW SECTION. **Sec. 9178.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. **Sec. 9179.** Sections 1 through 9 of this act are each added to chapter 43.330 RCW and codified with the subchapter heading of "Washington small business retirement marketplace.""

"**Sec. 5.** RCW 34.05.455 and 1988 c 288 s 416 are each amended to read as follows:

(1) A presiding officer may not communicate, directly or indirectly, regarding any issue in the proceeding other than communications necessary to procedural aspects of maintaining an orderly process, with any person employed by the agency without notice and opportunity for all parties to participate, except as provided in this subsection:

(a) Where the ultimate legal authority of an agency is vested in a multimember body, and where that body presides at an adjudication, members of the body may communicate with one another regarding the proceeding;

(b) Any presiding officer may receive aid from legal counsel, or from staff assistants who are subject to the presiding officer's supervision; and

(c) Presiding officers may communicate with other employees or consultants of the agency who have not participated in the proceeding in any manner, and who are not engaged in any investigative or prosecutorial functions in the same or a factually related case; provided that no other employee or consultant of the agency may attempt to coerce or improperly influence the action of the presiding officer in reaching his or her decision in a proceeding. An agency head's expectation that a presiding officer will consider written agency policies during his or her decision making is not coercion or improper influence.

(d) This subsection does not apply to communications required for the disposition of ex parte matters specifically authorized by statute.

(2) Unless required for the disposition of ex parte matters specifically authorized by statute or unless necessary to procedural aspects of maintaining an orderly process, a presiding officer may not communicate, directly or indirectly, regarding any issue in the proceeding, with any person not employed by the agency who has a direct or indirect interest in the outcome of the proceeding, without notice and opportunity for all parties to participate.

(3) Unless necessary to procedural aspects of maintaining an orderly process, persons to whom a presiding officer may not communicate under subsections (1) and (2) of this section may not communicate with presiding officers without notice and opportunity for all parties to participate.

(4) If, before serving as presiding officer in an adjudicative proceeding, a person receives an ex parte communication of a type that could not properly be received while serving, the person, promptly after starting to serve, shall disclose the communication in the manner prescribed in subsection (5) of this section.

Portions of the record pertaining to ex parte communications or rebuttal statements do not constitute evidence of any fact at issue in the matter unless a party moves the admission of any portion of the record for purposes of establishing a fact at issue and that portion is admitted pursuant to RCW 34.05.452.

(6) If necessary to eliminate the effect of an ex parte communication received in violation of this section, a presiding officer who receives the communication may be disqualified, and the portions of the record pertaining to the communication may be sealed by protective order.

ESB 6044 Prime Sponsor, Senator Ericksen: Requiring the consideration of public access when designing a transportation facility adjacent to or across a waterway. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 6.** The legislature recognizes that the department of transportation considers public access, including recreational trails and paths, when planning and designing new highway facilities consistent with chapters 47.30 and 90.58 RCW and RCW 79A.35.120. The legislature directs the department of transportation to explore the feasibility of providing access for water-related recreation.

NEW SECTION. **Sec. 7.** A new section is added to chapter 47.01 RCW to read as follows:

(1) The department must report on the feasibility of providing means of public access to a navigable waterway for public recreational purposes when conducting an environmental review of a major improvement project. The report must document whether the proposed project is in an area identified by state or local plans to be a priority for recreational access to waterways. If the proposed project is in an area identified by state or local plans to be a priority for recreational access to waterways, the department must coordinate with other relevant state agencies or local agencies to ensure consistency with the identified recreational plan.

(2) Any additional cost to a state highway project, including a major improvement project, due to providing public access to a waterway, including maintenance costs and any costs for parking infrastructure, must be paid for using nontransportation funding. The department may seek grants from the Washington wildlife and recreation coalition or any other agencies or entities that could provide funding for public access to a waterway. For purposes of this section, "nontransportation funding" means funding that has not been collected by the state for a transportation purpose.

(3) To the greatest extent practicable, when constructing a state highway project, including a major improvement project, the department must not adversely impact preexisting public access to a waterway.

(4) For the purposes of this section, a major improvement project is a state highway improvement project that requires an environmental impact statement or environmental assessment under the national environmental policy act (42 U.S.C. Sec. 4321 et seq.), excluding improvements to state ferry terminals and fully controlled limited access highways.

(5) A consideration of feasibility must include a description of the suitability for public use and implications associated with potential access. A consideration of feasibility must not alter the purpose and need for the proposed transportation project or create any legal obligation to modify existing recreational access from state highway facilities. If public access to waterways is deemed feasible, any subsequent development must be conclusively deemed for recreational purposes notwithstanding such facilities' relationship to transportation facilities. Findings that improvements are not feasible do not require the alteration of any existing or historic access.

(6) This section must not be interpreted to: Delay decision making or approvals on proposed state transportation improvement projects, or limit the department's entitlement to recreational immunity consistent with chapter 4.24 RCW."

"NEW SECTION. **Sec. 8.** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2017, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2016" or "FY 2016" means the period beginning July 1, 2015, and ending June 30, 2016.

(b) "Fiscal year 2017" or "FY 2017" means the period beginning July 1, 2016, and ending June 30, 2017.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2017-2019 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

Reappropriations shall be limited to the unexpended balances remaining on June 30, 2015, from the 2013-2015 biennial appropriations for each project.

This requirement does not apply to projects where a share of the appropriation is released for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

Underground Storage Tank Capital Program Demonstration and Design (30000001)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section must be used for projects that provide a benefit to the public through removal, replacement or upgrade of underground storage tank fuel systems, retrofit existing systems to disperse renewable or alternative fuels, and cleanup of contamination caused by legacy petroleum releases. All projects must develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the agency.

(2)(a) $1,800,000 of the appropriation is provided solely to design a capital financial assistance program to provide underground storage tank owners and operators with financial resources to remove, replace or upgrade underground storage tank fuel systems, retrofit existing systems to disperse renewable or alternative fuels, and to clean up contamination caused by legacy petroleum releases.

(b) The design must:

(i) Assess options for program structure and administration, and develop a recommended program design, financial management plan and staffing model;

(ii) Include data and legal analysis of statewide need, availability of existing fund sources for grants and loans, assessment of owner and operator willingness to participate and potential environmental and economic impacts of the loan program.

(iii) As part of the program design, the agency must conduct a pilot demonstration of a capital grant program that includes three study sites with aging tanks, demonstrated impact to either soil or groundwater, or both, and serious financial hardship, as defined in chapter 374-60 WAC. Each study site may not cost more than $600,000.

(3) The agency shall conduct the study in consultation with the office of financial management, and internal and external agency stakeholders.

(1) The appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, DNR community forest open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2015-4, developed March 27, 2015.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2015, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2015, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and may not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Lease agreements for properties identified in subsection (1) of this section must include terms that restrict use of the property to the intended purpose for the term of the lease. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) $26,422,000 of the appropriation must be deposited in the common school construction account by September 30, 2015. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent or more of the total appropriation value is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(9) By June 30, 2017, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Clean Energy and Energy Freedom Program (91000582)

The appropriations in this section are subject to the following conditions and limitations:

(1) All expenditures from the state taxable building construction account—state appropriation in this section must be used for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions or otherwise increase energy independence for the state. All expenditures must be used for projects that develop and acquire assets that have a useful life of at least thirteen years. These requirements must be specified in funding agreements issued by the department.

(2) For any project funded from the state taxable building construction account—state appropriation in this section, state funds must not exceed fifty percent of the estimated cost of a project, and funding preference must be provided to projects that offer a higher percentage of nonstate match funds.

(3)(a) $15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely to create a revolving loan fund to support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) To create the loan fund, the department shall provide grant funds to a competitively selected nonprofit lender that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines for the lender related to applicant eligibility, the screening process, and evaluation and selection criteria. The criteria must include requiring evidence of support for the proposed project from the impacted community and consistency with economic growth strategies and plans of the affected local governments. Applications for loans from the revolving fund must disclose all sources of public funding to be provided for a project. The nonprofit lender must use the revolving loan fund to make affordable loans for projects including, but not limited to: Residential and commercial energy retrofits, residential and community-scale solar installations, anaerobic digesters to treat dairy and organic waste, and combined heat and power projects using woody biomass as a fuel source.

(d) The department must conduct due diligence activities associated with the use of public funds, including oversight of the project selection process and project monitoring.

(e) Projects seeking financing of solar installations under this section must agree in contract to not participate in the cost-recovery program under RCW 82.16.120.

(4) $15,000,000 of the state taxable building construction account—state appropriation in this section is provided solely for grants to advance renewable energy technologies by public and private electrical utilities that serve retail customers in the state. The department shall work with utilities to offer matching grants for projects that demonstrate new smart grid technologies. NEW SECTION. **Sec. 7003.** (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over $10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. **Sec. 7004.** To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $10,000,000 may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. **Sec. 7005.** (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. **Sec. 7006.** (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. **Sec. 7007.** (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. **Sec. 7008.** (1) Any building project that receives funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorpr ration rof these goals throughr ut

(f) Benchmarking: Compare actual performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool for laboratory buildings. Web-based data collection and dashboards must also be provided.

NEW SECTION. **Sec. 7009.** State agencies, including institutions of higher education, shall allot and report full-time equivalent staff

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\text{Computed State Ratio} = \frac{\text{District adjusted 3-valuation per pupil} \div \text{Total state adjusted valuation per pupil}}{\text{District adjusted 3+valuation per pupil} \div \text{Total state adjusted valuation per pupil}} = -\,\% \text{ State Funding Assistance}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide all-day kindergarten, reduce class sizes, or provide science classrooms or labs to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only. The additional percentage points are determined by (a) student enrollments in the free and reduced price meals program, and (b) donations of cash, like-kind, or equipment from private sources. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced price meals program. The additional percentage points under (b) of this subsection are determined by enrollments of the school district and the value of the private donation as follows:

District Enrollments	$250K-$499K	Value of Donation $500K-$1M	>$1M
Less than 2,000	10	15	20
2,000-4,000	5	10	15
More than 4,000	0	5	10

Sec. 7019. RCW 28A.525.172 and 2006 c 263 s 314 are each amended to read as follows:

All applications by school districts for state assistance in providing school plant facilities shall be made to the superintendent of public instruction in conformity with rules adopted by the superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel. Studies and surveys shall be conducted by the superintendent for the purpose of securing information relating to (((~~(a) [(1)]~~))) (1) the kind and extent of the school plant facilities required and the urgency of need for such facilities in districts that seek state assistance, (((~~(b) [(2)]~~))) (2) the ability of such districts to provide capital funds by local effort, (((~~(c) [(3)]~~))) (3) the need for improvement

of school administrative units and school attendance areas among or within such districts, and (((~~(d) [(4)]~~))) (4) any other pertinent matters. For the 2015-2017 biennium, the superintendent may not conduct studies and surveys for the purpose of this section.

(14)(a) ((~~For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federally funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short-term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects.~~)) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology.

(2) The legislature further intends that the collaborative process created by the stakeholder group required in section 3 of this act, including the participation of local stakeholders, will be used as a model for river management throughout the state.

(3) The legislature finds that floodplain management must address multiple benefits including:

(a) Reducing flood hazard to public infrastructure and other land uses caused by sediment accumulation or for other causes;

(b) Improving fish and wildlife habitat;

(c) Sustaining agriculture; and

(d) Maintaining and enhancing public access.

NEW SECTION. **Sec. 7028.** (1) The state conservation commission and the departments of agriculture, natural resources, fish and wildlife, and ecology must jointly identify and assess three demonstration projects. One demonstration project must be located primarily in Whatcom county, one must be located primarily in Snohomish county, and one must be located primarily in Grays Harbor county.

(2) The demonstration projects must be designed to test the effectiveness and costs of river management by using various management strategies and techniques, as applied, to accomplish the following goals:

(a) Protection of agricultural lands;

(b) Restoration or enhancement of fish runs; and

(c) Protection of public infrastructure and recreational access.

(3) In developing the demonstration projects, the state conservation commission and the departments must, in consultation with the stakeholder group required by section 3 of this act:

(a) Using the gravel resources, at the discretion of the departments, in projects related to fish enhancement programs in the local area of the project or by property owners adjacent to the project;

(b) Making gravel resources available to local tribes for their use; or

(c) Selling the gravel resources and using the proceeds to fund the demonstration projects.

(5) At a minimum, the demonstration projects must be designed to collectively examine the following management strategies and techniques:

(b) Removing excess sediment and gravel that causes diversion of water and erosion of river banks and farmland;

(c) Providing off-channels for habitat as refuge during high flows;

(d) Ensuring that any management activities leave sufficient gravel and sediment for fish spawning and rearing;

(e) Providing stable river banks that will allow for long-term growth of riparian enhancement efforts, such as planting shade trees and hedgerows;

(f) Protecting existing mature treed riparian zones that cool the waters;

(g) Restoring previously existing bank contours that protect the land from erosion caused by more intense and more frequent flooding;

(h) Developing management practices that reduce the amount of gravel, sediment, and woody debris deposited into farm fields; and

(i) Setting back levees and other measures in segments of rivers upstream from the delta to accommodate high flow.

(2) The success of the department's outdoor recreation lead must be based on measurable results relating to economic development strategies that more deliberately grow employment and outdoor recreation businesses, including:

(a) Strategies for increasing the number of new jobs directly or indirectly related to outdoor recreation, with a short-term goal of increasing employment in the sector by ten percent above the one hundred ninety-nine thousand jobs estimated to be connected to outdoor recreation as of 2015; and

(b) Strategies for increasing the twenty-one billion dollars of consumer spending in Washington, and the four and one-half billion dollars of spending from out-of-state visitors, estimated to be connected to outdoor recreation as of 2015."

SSB 5965 Prime Sponsor, Committee on Agriculture, Water & Rural Economic Development: Evaluating mitigation options for impacts to base flows and minimum instream flows. Reported by Committee on General Government & Information Technology

MAJORITY recommendation: Do pass as amended by Committee on General Government & Information Technology and without amendment by Committee on Agriculture & Natural Resources.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 7049.** The legislature finds that rural economic development requires access to uninterruptible water supplies. However, water supplies are not unlimited due to senior water rights and regulations that establish base flows and minimum instream flows. When senior water rights and flow regulations limit additional out-of-stream uses, mitigation options may provide a viable option if they are readily available and well-understood. The legislature recognizes the importance of providing clarity regarding the range of available mitigation options to help provide economic opportunities in rural areas.

NEW SECTION. **Sec. 7050.** (1) The department of ecology must produce a report evaluating options for mitigating the effects of permit-exempt groundwater withdrawals on existing water rights, including base flows and minimum instream flows. For the

purposes of the report required in this section, the mitigation techniques that the department of ecology must evaluate include, but are not limited to:

(a) Demand management strategies, such as household conservation and associated water use metering;

(b) Supply side strategies, such as use of rainwater collection, greywater, cisterns, bulk or hauled water, and the extension of water supply pipelines.

(2) When preparing the report required under this section, the department of ecology must:

(a) Consult with the office of the attorney general;

(b) Coordinate with the existing water resources advisory committee formed by the department of ecology to provide feedback on the development of the report and any final recommendations; and

(c) Make available a draft of the report on its web site for at least thirty days for public review prior to the completion of the report to allow sufficient opportunity to consider input that may be received.

(3) The report required in this section must include:

(a) An examination of scientific methods for establishing instream flows, including a discussion of methods regularly used by the department of ecology and the department of fish and wildlife for each element of the instream flows required to be protected under RCW 90.54.020(3);

(b)(i) An analysis of the impacts, including cumulative impacts, of permit-exempt groundwater withdrawals on instream flows in several representative basins, including the impacts from existing and future withdrawals based on full build out scenarios.

(ii) The analysis required under this subsection should include a specific focus on impacts to tributaries that serve as habitat for salmonid spawning and rearing and should include empirical data concerning household water use for each category of use identified in RCW 90.44.050;

(c) A description of mitigation techniques, including out-of-kind mitigation, the department of ecology has employed or approved pursuant to RCW 90.03.255 in the previous ten years, or which may be available, to address the impacts of permit-exempt groundwater withdrawals on instream flows, including the location, cost, and legal authority for each type of mitigation technique;

(d) A survey of in-kind streamflow enhancement strategies, other than regulation of permit-exempt groundwater withdrawals, that would improve streamflow levels in a cost-effective manner;

(e)(i) An assessment of the effectiveness of each type of mitigation technique identified in (c) of this subsection, that may be available to the department of ecology to mitigate the impacts of permit-exempt groundwater withdrawals on instream flows.

(ii) The analyses required under this section must include:

(A) A scientific analysis of how the technique fully mitigates for harm; and

(B) An evaluation of how the mitigation techniques are funded, monitored, enforced, evaluated to determine effectiveness, and modified if mitigation fails;

(f) An evaluation of all mitigation options that may be available for permit-exempt groundwater withdrawals in the areas covered under the instream resources protection program for the lower and upper Skagit river basin, water resource inventory areas 3 and 4, and a discussion of the advantages and disadvantages of employing each type of mitigation technique in those areas;

(g) An evaluation of how mitigation sequencing approaches may be utilized to encourage avoidance of impacts; and

(h) Any recommendations regarding mitigation options that will be available to landowners who are required to mitigate the impacts of permit-exempt groundwater withdrawals on instream flows.

(4) By December 1, 2015, the department of ecology must submit the final report to the legislature consistent with RCW 43.01.036.

NEW SECTION. **Sec. 7051.** This act expires June 30, 2016.

NEW SECTION. **Sec. 7052.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2015, in the omnibus appropriations act, this act is null and void.

NEW SECTION. **Sec. 7053.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

E2SSB 5057 Prime Sponsor, Committee on Ways & Means: Concerning the safe transport of hazardous materials. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Environment.

Strike everything after the enacting clause and insert the following:

"**Sec. 7054.** RCW 90.56.005 and 2010 1st sp.s. c 7 s 72 are each amended to read as follows:

(1) The legislature declares that waterborne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. The movement of crude oil through rail corridors and over Washington waters creates safety and environmental risks. The sources and transport of crude oil bring risks to our communities along rail lines and to the Columbia river, Grays Harbor, and Puget Sound waters. These shipments are expected to increase in the coming years. Vessels and trains transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill;

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for independent review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; ((~~and~~))

(h) To provide an adequate funding source for state response and prevention programs; and

(i) To maintain the best achievable protection that can be obtained through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable.

(c) Certify that the facility has an operations manual required by RCW 90.56.230;

(d) Certify the implementation of alcohol and drug use awareness programs;

(e) Describe the facility's maintenance and inspection program and contain a current maintenance and inspection record of the storage and transfer facilities and related equipment;

(h) Describe any discharges of oil to the land or the water of more than twenty-five barrels in the prior five years and the measures taken to prevent a reoccurrence;

(i) Describe the procedures followed by the facility to contain and recover any oil that spills during the transfer of oil to or from the facility;

(j) Provide for the incorporation into the facility during the period covered by the plan of those measures that will provide the best achievable protection for the public health and the environment; and

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) Plan requirements in subsection (2) of this section are not applicable to railroad facility operators while transporting oil over rail lines of this state.

(4) The department shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(((~~(4)~~))) (5) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities covered by the plan, and other information the department determines should be included.

(((~~(5)~~))) (6) The approval of a prevention plan shall be valid for five years. An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(((~~(6)~~))) (7) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(((~~(7)~~))) (8) Approval of a prevention plan by the department does not constitute an express assurance regarding the adequacy of

the plan nor constitute a defense to liability imposed under this chapter or other state law.

(((~~(8)~~))) (9) This section does not authorize the department to modify the terms of a collective bargaining agreement.

Sec. 7058. RCW 90.56.210 and 2005 c 78 s 1 are each amended to read as follows:

(1) Each onshore and offshore facility shall have a contingency plan for the containment and cleanup of oil spills from the facility into the waters of the state and for the protection of fisheries and wildlife, shellfish beds, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically revise standards for the preparation of contingency plans. The department shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any facility which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the department removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of oil spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(e) State the number, training preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;

(f) Incorporate periodic training and drill programs to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, shellfish beds, environmentally and archaeologically sensitive areas, and public facilities. The departments of ecology, fish and wildlife, and natural resources, and the ((~~office~~)) department of archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(h) State the means of protecting and mitigating effects on the environment, including fish, shellfish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;

(i) Provide arrangements for the prepositioning of oil spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;

(j) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;

(k) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;

(l) Until a spill prevention plan has been submitted pursuant to RCW 90.56.200, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a facility, training of personnel, number of personnel, and backup systems designed to prevent a spill;

(m) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; and

(2)(a) The following shall submit contingency plans to the department within six months after the department adopts rules establishing standards for contingency plans under subsection (1) of this section:

(i) Onshore facilities capable of storing one million gallons or more of oil; and

(ii) Offshore facilities.

(b) Contingency plans for all other onshore and offshore facilities shall be submitted to the department within eighteen months after the department has adopted rules under subsection (1) of this section. The department may adopt a schedule for submission of plans within the eighteen-month period.

(3) The department by rule shall determine the contingency plan requirements for railroads transporting oil in bulk. Federal oil spill response plans created pursuant to 33 U.S.C. Sec. 1321 may be submitted in lieu of contingency plans until state rules are adopted.

(4)(a) The owner or operator of a facility shall submit the contingency plan for the facility.

(b) A person who has contracted with a facility to provide containment and cleanup services and who meets the standards established pursuant to RCW 90.56.240, may submit the plan for any facility for which the person is contractually obligated to provide services. Subject to conditions imposed by the department, the person may submit a single plan for more than one facility.

(((~~(4)~~))) (5) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. Sec. 7059. RCW 90.56.500 and 2009 c 11 s 9 are each amended to read as follows:

(1) The state oil spill response account is created in the state treasury. All receipts from RCW 82.23B.020(1) shall be deposited in the account. All costs reimbursed to the state by a responsible party or any other person for responding to a spill of oil shall also be deposited in the account. Moneys in the account shall be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) The account shall be used exclusively to pay for:

(a) The costs associated with the response to spills or threats of spills of crude oil or petroleum products into the ((~~navigable~~)) waters of the state; and

(b) The costs associated with the department's use of ((~~the~~)) an emergency response towing vessel ((~~as described in RCW 88.46.135~~)).

(3) Payment of response costs under subsection (2)(a) of this section shall be limited to spills which the director has determined are likely to exceed ((~~fifty~~)) one thousand dollars.

(4) Before expending moneys from the account, but without delaying response activities, the director shall make reasonable efforts to obtain funding for response costs under subsection (2) of this section from the person responsible for the spill and from other sources, including the federal government.

(5) Reimbursement for response costs from this account shall be allowed only for costs which are not covered by funds appropriated to the agencies responsible for response activities. Costs associated with the response to spills of crude oil or petroleum products shall include:

(a) Natural resource damage assessment and related activities;

(b) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;

(c) Interagency coordination and public information related to a response; and

(d) Appropriate travel, goods and services, contracts, and equipment.

Sec. 7060. RCW 90.56.510 and 2000 c 69 s 22 are each amended to read as follows:

(1) The oil spill prevention account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than nine million dollars and the balance of the oil spill prevention account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1999, and the biennium ending June 30, 2001, the state treasurer may transfer a total of up to one million dollars from the oil spill response account to the oil spill prevention account to support appropriations made from the oil spill prevention account in the omnibus appropriations act adopted not later than June 30, 1999.

(2) Expenditures from the oil spill prevention account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In addition, until June 30, 2019, expenditures from the oil spill prevention account may be used for the development and annual review of local emergency planning committee emergency response plans in RCW 38.52.040(3). Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill prevention account. Costs of prevention include the costs of:

(a) Routine responses not covered under RCW 90.56.500;

(b) Management and staff development activities;

(c) Development of rules and policies and the statewide plan provided for in RCW 90.56.060;

(d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;

(e) Interagency coordination and public outreach and education;

(f) Collection and administration of the tax provided for in chapter 82.23B RCW; and

(g) Appropriate travel, goods and services, contracts, and equipment.

(3) Before expending moneys from the account for a response under subsection (2)(a) of this section, but without delaying response activities, the director shall make reasonable efforts to obtain funding for response costs under this section from the person responsible for the spill and from other sources, including the federal government.

NEW SECTION. **Sec. 7061.** A new section is added to chapter 90.56 RCW to read as follows:

(1)(a) A facility that receives crude oil from a railroad car must provide advance notice to the department that the facility will receive crude oil from a railroad car, as provided in this section. The advance notice must include the route taken to the facility within the state, if known, and the scheduled time, location, volume, and type of crude oil received. Each week, a facility that provides advance notice under this section must provide the required information regarding the scheduled arrival of railroad cars carrying crude oil to be received by the facility in the succeeding seven-day period. A facility is not required to provide advance notice when there is no receipt of crude oil from a railroad car scheduled for a seven-day period.

(b) Twice per year, pipelines must report to the department the following information about the crude oil transported by the pipeline through the state: The volume of crude oil, the type of crude oil, and the types of diluting agents used in the crude oil. This report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(2) The department may share information provided by a facility through the advance notice system established in this section with the state emergency management division and any county, city, tribal, port, or local government emergency response agency upon request.

(3) The department must publish information collected under this section on a quarterly basis on the department's internet web site. With respect to the information reported under subsection (1)(a) of this section, the information published by the department must be aggregated on a statewide basis by route through the state, by week, and by type of crude oil. The report may also include other

information available to the department including, but not limited to, place of origin, modes of transport, number of railroad cars delivering crude oil, and number and volume of spills during transport and delivery.

(4)(a) A facility providing advance notice under this section is not responsible for meeting advance notice time frame requirements under subsection (1) of this section in the event that the schedule of arrivals of railroad cars carrying crude oil changes during a seven-day period.

(b) Twice per year, a facility must submit a report to the department that corrects inaccuracies in the advanced notices submitted under subsection (1) of this section. The facility is not required to correct in the report any insubstantial discrepancies between actual and scheduled train arrival times. The report must be submitted each year by July 31st for the period January 1st through June 30th and by January 31st for the period July 1st through December 31st.

(5) Consistent with the requirements of chapter 42.56 RCW, the department and any state, local, tribal, or public agency that receives information provided under this section may not disclose any such information to the public or to nongovernmental entities that is not aggregated and that contains proprietary, commercial, or financial information. The requirement for aggregating information does not apply when information is shared by the department with emergency response agencies as provided in subsection (2) of this section.

(6) The department shall adopt rules to implement this section. The advance notice system required in this section must be consistent with the oil transfer reporting system adopted by the department pursuant to RCW 88.46.165.

NEW SECTION. **Sec. 7062.** A new section is added to chapter 90.56 RCW to read as follows:

Sec. 7064. RCW 88.40.020 and 2003 c 91 s 3 and 2003 c 56 s 3 are each reenacted and amended to read as follows:

(1) Any barge that transports hazardous substances in bulk as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish evidence of financial responsibility in the amount of the greater of five million dollars, or three hundred dollars per gross ton of such vessel.

(2)(a) Except as provided in (b) or (c) of this subsection, a tank vessel that carries oil as cargo in bulk shall demonstrate financial responsibility to pay at least five hundred million dollars. The amount of financial responsibility required under this subsection is one billion dollars after January 1, 2004.

(b) The director by rule may establish a lesser standard of financial responsibility for tank vessels of three hundred gross tons or less. The standard shall set the level of financial responsibility based on the quantity of cargo the tank vessel is capable of carrying. The director shall not set the standard for tank vessels of three hundred gross tons or less below that required under federal law.

(c) The owner or operator of a tank vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a tank vessel to prove membership in such an organization.

(3)(a) A cargo vessel or passenger vessel that carries oil as fuel shall demonstrate financial responsibility to pay at least three hundred million dollars. However, a passenger vessel that transports passengers and vehicles between Washington state and a foreign country shall demonstrate financial responsibility to pay the greater of at least six hundred dollars per gross ton or five hundred thousand dollars.

(b) The owner or operator of a cargo vessel or passenger vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a cargo vessel or passenger vessel to prove membership in such an organization.

(4) A fishing vessel while on the navigable waters of the state must demonstrate financial responsibility in the following amounts: (a) For a fishing vessel carrying predominantly nonpersistent product, one hundred thirty-three dollars and forty cents per incident, for each barrel of total oil storage capacity, persistent and nonpersistent product, on the vessel or one million three hundred thirty-four thousand dollars, whichever is greater; or (b) for a fishing vessel carrying predominantly persistent product, four hundred dollars and twenty cents per incident, for each barrel of total oil storage capacity, persistent product and nonpersistent product, on the vessel or six million six hundred seventy thousand dollars, whichever is greater.

(5) The ((~~documentation of financial responsibility shall demonstrate the ability of the document holder to meet state and federal financial liability requirements for the actual costs for removal of oil spills, for natural resource damages, and for necessary expenses~~)) certificate of financial responsibility is conclusive evidence that the person or entity holding the certificate is the party responsible for the specified vessel, facility, or oil for purposes of determining liability pursuant to this chapter.

(6) This section shall not apply to a covered vessel owned or operated by the federal government or by a state or local government.

Sec. 7065. RCW 88.40.025 and 1991 c 200 s 704 are each amended to read as follows:

An onshore or offshore facility shall demonstrate financial responsibility in an amount determined by the department as necessary to compensate the state and affected counties and cities for damages that might occur during a reasonable worst case spill of oil from that facility into the navigable waters of the state. The department shall ((~~consider such matters as the amount of oil that could be spilled into the navigable waters from the facility, the cost of cleaning up the spilled oil, the frequency of operations at the facility, the damages that could result from the spill and the commercial availability and affordability of financial responsibility~~)) adopt by rule an amount that will be calculated by multiplying the reasonable per barrel cleanup and damage cost of spilled oil, times the reasonable worst case spill volume, as measured in barrels. This section shall not apply to an onshore or offshore facility owned or operated by the federal government or by the state or local government.

Sec. 7066. RCW 88.40.030 and 2000 c 69 s 32 are each amended to read as follows:

(1) Financial responsibility required by this chapter may be established by any one of, or a combination of, the following methods acceptable to the department of ecology: ((~~(1)~~)) (a) Evidence of insurance; ((~~(2)~~)) (b) surety bonds; ((~~(3)~~)) (c) qualification as a self-insurer; ((~~or (4)~~)) (d) guaranty; (e) letter of credit; (f) certificate of deposits; (g) protection and indemnity club membership; or (h) other evidence of financial responsibility. Any bond filed shall be issued by a bonding company authorized to do business in the United States. Documentation of such financial responsibility shall be kept on any covered vessel and filed with the department at least twenty-four hours before entry of the vessel into the navigable waters of the state. A covered vessel is not required to file documentation of financial responsibility twenty-four hours before entry of the vessel into the navigable waters of the state, if the vessel has filed documentation of financial responsibility with the federal government, and the level of financial responsibility required by the federal government is the same as or exceeds state requirements. The owner or operator of the vessel may file with the department a certificate evidencing compliance with the requirements of another state's or federal financial responsibility requirements if the state or federal government requires a level of financial responsibility the same as or greater than that required under this chapter.

(2) A certificate of financial responsibility may not have a term greater than one year.

Sec. 7067. RCW 88.40.040 and 2003 c 56 s 4 are each amended to read as follows:

(1) ((~~It is unlawful for any vessel required to have financial responsibility under this chapter to enter or operate on Washington waters without meeting the requirements of this chapter or rules adopted under this chapter, except~~)) A vessel or facility need not demonstrate financial responsibility under this chapter prior to using any port or place in the state of Washington or the navigable waters of the state when necessary to avoid injury to the vessel's or facility's crew or passengers. Any vessel owner or operator that does not meet the financial responsibility requirements of this chapter and any

rules prescribed thereunder or the federal oil pollution act of 1990 shall be reported by the department to the United States coast guard.

(2) ((~~The department shall enforce section 1016 of the federal oil pollution act of 1990 as authorized by section 1019 of the federal act.~~)) Upon notification of an oil spill or discharge or other action or potential liability, the director shall reevaluate the validity of the certificate of financial responsibility. If the director determines that, because of a spill outside of the state or some other action or potential liability, the holder of a certificate may not have the financial resources to pay damages for the oil spill or discharge or other action or potential liability and have resources remaining available to meet the requirements of this chapter, the director may suspend or revoke the certificate.

(3) An owner or operator of more than one covered vessel, more than one facility, or one or more vessels and facilities, is only required to obtain a single certificate of financial responsibility that applies to all of the owner or operator's vessels and facilities.

(4) If a person holds a certificate for more than one covered vessel or facility and a spill or spills occurs from one or more of those vessels or facilities for which the owner or operator may be liable for damages in an amount exceeding five percent of the financial resources reflected by the certificate, as determined by the director, the certificate is immediately considered inapplicable to any vessel or facility not associated with the spill. In that event, the owner or operator shall demonstrate to the satisfaction of the director the amount of financial ability required pursuant to this chapter, as well as the financial ability to pay all damages that arise or have arisen from the spill or spills that have occurred.

Sec. 7068. RCW 88.16.170 and 1991 c 200 s 601 are each amended to read as follows:

Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river, Grays Harbor, and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Grays Harbor and Puget Sound and adjacent waters are ((~~a~~)) relatively confined salt water environments with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river, Grays Harbor, and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such ((~~tankers~~)) vessels have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the Columbia river, Grays Harbor, and on Puget Sound and its shorelines by ((~~requiring all oil tankers above a certain size to employ licensed pilots and to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters~~)) establishing safety requirements that comprehensively address spill risks, which may include the establishment of tug escorts and other measures to mitigate safety risks in certain state waters.

Sec. 7069. RCW 88.16.190 and 1994 c 52 s 1 are each amended to read as follows:

(1) ((~~Any oil tanker, whether enrolled or registered, of greater than one hundred and twenty-five thousand deadweight tons shall be prohibited from proceeding beyond a point east of a line extending from Discovery Island light south to New Dungeness light.~~

~~(2) An oil tanker, whether enrolled or registered, of forty to one hundred and twenty-five thousand deadweight tons may proceed beyond the points enumerated in subsection (1) if such tanker possesses all of the following standard safety features:~~

~~(a) Shaft horsepower in the ratio of one horsepower to each two and one-half deadweight tons; and~~

~~(b) Twin screws; and~~

~~(c) Double bottoms, underneath all oil and liquid cargo compartments; and~~

~~(d) Two radars in working order and operating, one of which must be collision avoidance radar; and~~

~~(e) Such other navigational position location systems as may be prescribed from time to time by the board of pilotage commissioners:~~

~~PROVIDED, That, if such forty to one hundred and twenty-five thousand deadweight ton tanker is in ballast or is under escort of a tug or tugs with an aggregate shaft horsepower equivalent to five percent of the deadweight tons of that tanker, subsection (2) of this section shall not apply: PROVIDED FURTHER, That additional tug shaft horsepower equivalencies may be required under certain conditions as established by rule and regulation of the Washington utilities and transportation commission pursuant to chapter 34.05 RCW: PROVIDED FURTHER, That~~)) Except as provided in subsection (3) of this section, an oil tanker of greater than forty thousand deadweight tons may operate in the waters described in (a) of this subsection, to the extent that these waters are within the territorial boundaries of Washington, only if the oil tanker is under the escort of a tug or tugs in compliance with the requirements of subsection (5) of this section.

(a) Those waters east of a line extending from Discovery Island light south to New Dungeness light and all points in the Puget Sound area.

(b) The state board of pilotage commissioners, in consultation with the department of ecology and relying on the results of vessel traffic risk assessments, may write rules to implement this subsection (1)(b), but only after an event described in subsection (2) of this section takes place and only for the waters directly affected by the facility event. These rules may include tug escort requirements and other safety measures for oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges that may apply in the following areas consistent with subsections (3)(a) and (5) of this section:

(i) Within a two-mile radius of the Grays Harbor pilotage district as defined in RCW 88.16.050;

(ii) Any inland portion of the Columbia river or within three miles of Cape Disappointment at the mouth of the Columbia river; or

(iii) The waters identified in (a) of this subsection.

(c) The state board of pilotage commissioners, in consultation with the department of ecology and relying on the results of vessel traffic risk assessments, shall adopt rules by June 30, 2017, to implement this subsection (1)(c). These rules may include tug escort requirements and other safety measures for oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges and apply in the following areas consistent with subsections (3)(a) and (5) of this section: The waters described in (a) of this subsection, including all narrow channels of the San Juan Islands archipelago, Rosario Strait, Haro Strait, Boundary Pass, and connected waterways.

(2) The state board of pilotage commissioners may adopt rules under subsection (1)(b) of this section only after:

(a) The governor approves, after January 1, 2015, a recommendation of the energy facility site evaluation council

pursuant to RCW 80.50.100 to certify a facility meeting the criteria listed in RCW 80.50.020(12) (d) or (f);

(b) A state agency or a local jurisdiction makes a final determination or issues a final permit after January 1, 2015, to site a new facility required to have a contingency plan pursuant to chapter 90.56 RCW or to provide authority for the first time to process or receive crude oil, as defined in chapter 90.56 RCW, to an existing facility required to have a contingency plan pursuant to chapter 90.56 RCW, other than a facility that is:

(i) A transmission pipeline; or

(ii) A railroad facility; or

(c) The state of Oregon or any local jurisdiction in Oregon makes a final determination or issues a final permit to site a new facility in the watershed of the Columbia river that would be required to have a contingency plan pursuant to chapter 90.56 RCW if an identical facility were located in Washington, or to provide authority for the first time to process or receive crude oil, as defined in chapter 90.56 RCW, to an existing facility that would be required to have a contingency plan pursuant to chapter 90.56 RCW if an identical facility were located in Washington, other than a facility that is:

(i) A transmission pipeline; or

(ii) A railroad facility.

(3)(a) If an oil tanker, articulated tug barge, or other towed waterborne vessel or barge is in ballast, the tug requirements of subsection (1) of this section do not apply.

(b) If an oil tanker is a single-hulled oil tanker of greater than five thousand gross tons, the requirements of subsection (1)(a) of this section do not apply and the oil tanker must instead comply with 33 C.F.R. Part 168, as of the effective date of this section.

(4)(a) Prior to proceeding with rule making as authorized under subsection (1)(b) and (c) of this section, the state board of pilotage commissioners must collaborate with the United States coast guard, the Oregon board of maritime pilots, the Puget Sound, Grays Harbor, and Columbia river harbor safety committees, area tribes, public ports in Oregon and Washington, local governments, and other appropriate entities. In adopting rules, the state board of pilotage commissioners must take into account any tug escort or other maritime safety measures for a water body that were or are required as mitigation or as a condition of a facility siting decision by a state agency or local jurisdiction.

(b) The department may not adopt any rules under this subsection or under subsection (1)(b) and (c) of this section until a vessel traffic risk assessment has been completed for the waters subject to the rule making. In order to adopt a rule under this section or subsection (1)(b) and (c) of this section, the board of pilotage commissioners must determine that the results of a vessel traffic risk assessment provides evidence that the rules are necessary in order to achieve best achievable protection as defined in RCW 88.46.010. In order for the state board of pilotage commissioners to rely on a vessel traffic risk assessment that is conducted after January 1, 2015, the vessel traffic risk assessment must involve a simulation analysis of vessel traffic. A simulation analysis is not required of a vessel traffic risk assessment relied upon by the state board of pilotage commissioners that was conducted before January 1, 2015.

(5) Oil tankers of greater than forty thousand deadweight tons, all articulated tug barges, and other towed waterborne vessels or barges must ensure that any escort tugs they use have an aggregate shaft horsepower equivalent to at least five percent of the deadweight tons of the escorted oil tanker or articulated tug barge. The state board of pilotage commissioners may adopt rules to ensure that escort tugs have sufficient mechanical capabilities to provide for safe escort. Rules adopted on this subject must be designed to achieve best achievable protection as defined under RCW 88.46.010.

(6) A tanker assigned a deadweight of equal to or less than forty thousand deadweight tons at the time of construction or reconstruction as reported in Lloyd's Register of Ships is not subject to the provisions of RCW 88.16.170 through 88.16.190.

(7) The provisions of this section do not apply to pilotage for enrolled tankers.

(8) For the purposes of this section:

(a) "Articulated tug barge" means a tank barge and a towing vessel joined by hinged or articulated fixed mechanical equipment affixed or connecting to the stern of the tank barge.

(b) "Oil tanker" means a self-propelled deep draft tank vessel designed to transport oil in bulk. "Oil tanker" does not include an articulated tug barge tank vessel.

(c) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

Sec. 7070. RCW 82.23B.010 and 1992 c 73 s 6 are each amended to read as follows:

((~~Unless the context clearly requires otherwise,~~)) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Barrel" means a unit of measurement of volume equal to forty-two United States gallons of crude oil or petroleum product.

(2) "Crude oil" means any naturally occurring liquid hydrocarbons at atmospheric temperature and pressure coming from the earth, including condensate and natural gasoline.

(3) "Department" means the department of revenue.

(4) "Marine terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products to or from a waterborne vessel or barge.

(5) "Navigable waters" means those waters of the state and their adjoining shorelines that are subject to the ebb and flow of the tide, including the Columbia and Snake rivers.

(6) "Person" has the meaning provided in RCW 82.04.030.

(7) "Petroleum product" means any liquid hydrocarbons at atmospheric temperature and pressure that are the product of the fractionation, distillation, or other refining or processing of crude oil, and that are used as, useable as, or may be refined as a fuel or fuel blendstock, including but not limited to, gasoline, diesel fuel, aviation fuel, bunker fuel, and fuels containing a blend of alcohol and petroleum.

(8) "Taxpayer" means the person owning crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal in this state ((~~from a waterborne vessel or barge~~)) and who is liable for the taxes imposed by this chapter.

(9) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of ((~~travelling~~)) traveling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

(10) "Bulk oil terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products from a tank car or pipeline.

(11) "Tank car" means a rail car, the body of which consists of a tank for transporting liquids.

Sec. 7071. RCW 82.23B.020 and 2006 c 256 s 2 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving: (a) Crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state; (b) crude oil or petroleum products at a bulk oil terminal within this state from a tank car; or (c) crude oil or petroleum products at a bulk oil terminal within this state from a

pipeline. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal from a tank car, pipeline, or waterborne vessel or barge at the rate of one cent per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving: (a) Crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state; (b) crude oil or petroleum products at a bulk oil terminal within this state from a tank car; and (c) crude oil or petroleum products at a bulk oil terminal within this state from a pipeline. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine or bulk oil terminal from a tank car, pipeline, or waterborne vessel or barge at the rate of ((~~four~~)) eight cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter ((~~shall~~)) must be collected by the marine or bulk oil terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the ((~~imposition of the~~)) taxes imposed, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she ((~~shall~~)), nevertheless, ((~~be~~)) is personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine or bulk oil terminal operator ((~~shall~~)) relieves the owner from further liability for the taxes.

(4) Taxes collected under this chapter ((~~shall~~)) must be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected ((~~shall be~~)) is guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected ((~~shall~~)) must be stated separately from other charges made by the marine or bulk oil terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes ((~~shall be~~)) are due from the marine or bulk oil terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine or bulk oil terminal operator or to the department, ((~~shall~~)) constitutes a debt from the taxpayer to the marine or bulk oil terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, ((~~shall be~~)) is guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department ((~~shall~~)) must give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department ((~~shall~~)) must provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator ((~~shall~~)) relieves the marine or bulk oil terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section ((~~shall~~)) must be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill prevention account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management ((~~shall~~)) must determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and ((~~shall~~)) may not be used to challenge the validity of any tax imposed under this chapter. The office of financial management ((~~shall~~)) must promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than nine million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than eight million dollars.

Sec. 7072. RCW 82.23B.030 and 1992 c 73 s 9 are each amended to read as follows:

The taxes imposed under this chapter ((~~shall~~)) only apply to the first receipt of crude oil or petroleum products at a marine or bulk oil terminal in this state and not to the later transporting and subsequent receipt of the same oil or petroleum product, whether in the form originally received at a marine or bulk oil terminal in this state or after refining or other processing.

Sec. 7073. RCW 82.23B.040 and 1992 c 73 s 10 are each amended to read as follows:

Credit ((~~shall~~)) must be allowed against the taxes imposed under this chapter for any crude oil or petroleum products received at a marine or bulk oil terminal and subsequently exported from or sold for export from the state.

Sec. 7074. RCW 38.52.040 and 2011 1st sp.s. c 21 s 27, 2011 c 336 s 789, and 2011 c 79 s 9 are each reenacted and amended to read as follows:

(1) There is hereby created the emergency management council (hereinafter called the council), to consist of not more than seventeen members who shall be appointed by the adjutant general. The membership of the council shall include, but not be limited to, representatives of city and county governments, sheriffs and police chiefs, the Washington state patrol, the military department, the department of ecology, state and local fire chiefs, seismic safety experts, state and local emergency management directors, search and rescue volunteers, medical professions who have expertise in emergency medical care, building officials, and private industry. The representatives of private industry shall include persons knowledgeable in emergency and hazardous materials management. The councilmembers shall elect a chair from within the council membership. The members of the council shall serve without compensation, but may be reimbursed for their travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

(2) The emergency management council shall advise the governor and the director on all matters pertaining to state and local emergency management. The council may appoint such ad hoc committees, subcommittees, and working groups as are required to develop specific recommendations for the improvement of emergency management practices, standards, policies, or procedures. The council shall ensure that the governor receives an annual assessment of statewide emergency preparedness including, but not limited to, specific progress on hazard mitigation and reduction efforts, implementation of seismic safety improvements, reduction of flood hazards, and coordination of hazardous materials

planning and response activities. ((~~The council or a subcommittee thereof shall periodically convene in special session and serve during those sessions as the state emergency response commission required by P.L. 99-499, the emergency planning and community right-to-know act. When sitting in session as the state emergency response commission, the council shall confine its deliberations to those items specified in federal statutes and state administrative rules governing the coordination of hazardous materials policy.~~)) The council shall review administrative rules governing state and local emergency management practices and recommend necessary revisions to the director.

(3) The council or a council subcommittee shall serve and periodically convene in special session as the state emergency response commission required by the emergency planning and community right-to-know act (42 U.S.C. Sec. 11001 et seq.). The state emergency response commission shall conduct those activities specified in federal statutes and regulations and state administrative rules governing the coordination of hazardous materials policy including, but not limited to, review of local emergency planning committee emergency response plans for compliance with the planning requirements in the emergency planning and community right-to-know act (42 U.S.C. Sec. 11001 et seq.). Committees shall annually review their plans to address changed conditions, and submit their plans to the state emergency response commission for review when updated, but not less than at least once every five years. The department may employ staff to assist local emergency planning committees in the development and annual review of these emergency response plans, with an initial focus on the highest risk communities through which trains that transport oil in bulk travel. By March 1, 2018, the department shall report to the governor and legislature on progress towards compliance with planning requirements. The report must also provide budget and policy recommendations for continued support of local emergency planning.

(4)(a) The intrastate mutual aid committee is created and is a subcommittee of the emergency management council. The intrastate mutual aid committee consists of not more than five members who must be appointed by the council chair from council membership. The chair of the intrastate mutual aid committee is the military department representative appointed as a member of the council. Meetings of the intrastate mutual aid committee must be held at least annually.

(b) In support of the intrastate mutual aid system established in chapter 38.56 RCW, the intrastate mutual aid committee shall develop and update guidelines and procedures to facilitate implementation of the intrastate mutual aid system by member jurisdictions, including but not limited to the following: Projected or anticipated costs; checklists and forms for requesting and providing assistance; recordkeeping; reimbursement procedures; and other implementation issues. These guidelines and procedures are not subject to the rule-making requirements of chapter 34.05 RCW.

Sec. 7075. RCW 81.24.010 and 2007 c 234 s 21 are each amended to read as follows:

(1) Every company subject to regulation by the commission, except those listed in subsection (3) of this section, shall, on or before the date specified by the commission for filing annual reports under RCW 81.04.080, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one-tenth of one percent of the first fifty thousand dollars of gross operating revenue, plus two-tenths of one percent of any gross operating revenue in excess of fifty thousand dollars, except railroad companies which shall each pay to the commission a fee equal to ((~~one~~)) two and one-half percent of its intrastate gross operating revenue. In the event that the sum total of intrastate gross operating revenues for the railroad companies operating in Washington declines while the sum total of interstate gross operating revenues increases, the commission may assess a reasonable surcharge on railroad companies to enable collection of moneys up to the sum total of revenues collected in fiscal year 2017 from railroad companies operating in Washington. The commission must adopt a rule to implement the surcharge. The commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by rule waive any or all of the minimum fee established pursuant to this section. Any railroad association that qualifies as a nonprofit charitable organization under the federal internal revenue code section 501(c)(3) is exempt from the fee required under this subsection.

(2) The percentage rates of gross operating revenue to be paid in any one year may be decreased by the commission for any class of companies subject to the payment of such fees, by general order entered before March 1st of such year, and for such purpose railroad companies are classified as class two. Every other company subject to regulation by the commission, for which regulatory fees are not otherwise fixed by law, shall pay fees as herein provided and shall constitute additional classes according to kinds of businesses engaged in.

(3) This section does not apply to private nonprofit transportation providers, auto transportation companies, charter party carriers and excursion service carriers, solid waste collection companies, motor freight carriers, household goods carriers, commercial ferries, and low-level radioactive waste storage facilities.

NEW SECTION. **Sec. 7076.** A new section is added to chapter 81.44 RCW to read as follows:

Commission employees certified by the federal railroad administration to perform hazardous materials inspections may enter the property of any business that receives, ships, or offers for shipment hazardous materials by rail. Entry shall be at a reasonable time and in a reasonable manner. The purpose of entry is limited to performing inspections, investigations, or surveillance of equipment, records, and operations relating to the packaging, loading, unloading, or transportation of hazardous materials by rail, pursuant only to the state participation program outlined in 49 C.F.R. Part 212. The term "business" is all inclusive and is not limited to common carriers or public service companies.

Sec. 7077. RCW 81.53.010 and 2013 c 23 s 302 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

((~~The term~~)) (1) "Commission((~~,~~))" ((~~when used in this chapter,~~)) means the utilities and transportation commission of Washington.

((~~The term~~)) (2) "Highway((~~,~~))" ((~~when used in this chapter,~~)) includes all state and county roads, streets, alleys, avenues, boulevards, parkways, and other public places actually open and in use, or to be opened and used, for travel by the public.

((~~The term~~)) (3) "Railroad((~~,~~))" ((~~when used in this chapter,~~)) means every railroad, including interurban and suburban electric railroads, by whatsoever power operated, for the public use in the conveyance of persons or property for hire, with all bridges, ferries, tunnels, equipment, switches, spurs, sidings, tracks, stations, and terminal facilities of every kind, used, operated, controlled, managed, or owned by or in connection therewith. The ((~~said~~)) term ((~~shall~~)) also includes every logging and other industrial railway owned or operated primarily for the purpose of carrying the property of its owners or operators or of a limited class of persons, with all tracks, spurs, and sidings used in connection therewith. The ((~~said~~)) term ((~~shall~~)) does not include street railways operating within the limits of any incorporated city or town.

((~~The term~~)) (4) "Railroad company((~~,~~))" ((~~when used in this chapter,~~)) includes every corporation, company, association, joint

stock association, partnership, or person, its, their, or his or her lessees, trustees, or receivers appointed by any court whatsoever, owning, operating, controlling, or managing any railroad((~~, as that term is defined in this section~~)).

((~~The term~~)) (5) "Over-crossing((~~,~~))" ((~~when used in this chapter,~~)) means any point or place where a highway crosses a railroad by passing above the same. "Over-crossing" also means any point or place where one railroad crosses another railroad not at grade.

((~~The term~~)) (6) "Under-crossing((~~,~~))" ((~~when used in this chapter,~~)) means any point or place where a highway crosses a railroad by passing under the same. "Under-crossing" also means any point or place where one railroad crosses another railroad not at grade.

((~~The term "over-crossing" or "under-crossing," shall also mean any point or place where one railroad crosses another railroad not at grade.~~

~~The term~~)) (7) "Grade crossing((~~,~~))" ((~~when used in this chapter,~~)) means any point or place where a railroad crosses a highway or a highway crosses a railroad or one railroad crosses another, at a common grade.

(8) "Private crossing" means any point or place where a railroad crosses a private road at grade or a private road crosses a railroad at grade, where the private road is not a highway.

Sec. 7078. RCW 81.53.240 and 1984 c 7 s 375 are each amended to read as follows:

(1) Except to the extent necessary to permit participation by first-class cities in the grade crossing protective fund, when an election to participate is made as provided in RCW 81.53.261 through 81.53.291, or to the extent a first-class city requests to participate in the commission's crossing safety inspection program within the city, this chapter ((~~81.53 RCW~~)) is not operative within the limits of first-class cities, and does not apply to street railway lines operating on or across any street, alley, or other public place within the limits of any city, except that a streetcar line outside of cities of the first class shall not cross a railroad at grade without express authority from the commission. The commission may not change the location of a state highway without the approval of the secretary of transportation, or the location of any crossing thereon adopted or approved by the department of transportation, or grant a railroad authority to cross a state highway at grade without the consent of the secretary of transportation.

(2) Within thirty days of the effective date of this section, first-class cities must provide to the commission a list of all existing public crossings within the limits of a first-class city, including over and under-crossings, including the United States department of transportation number for the crossing. Within thirty days of modifying, closing, or opening a grade crossing within the limits of a first-class city, the city must notify the commission in writing of the action taken, identifying the crossing by United States department of transportation number.

NEW SECTION. **Sec. 7079.** A new section is added to chapter 81.53 RCW to read as follows:

(1) To address the potential public safety hazards presented by private crossings in the state and by the transportation of hazardous materials in the state, including crude oil, the commission is authorized to and must adopt rules governing safety standards for private crossings along the railroad tracks over which crude oil is transported in the state. The commission is also authorized to conduct inspections of the private crossings subject to this section, to order the railroads to make improvements at the private crossings, and enforce the orders.

(2) The commission must adopt rules governing private crossings along railroad tracks over which crude oil is transported in the state, establishing:

(a) Minimum safety standards for the private crossings subject to this section, including, but not limited to, requirements for signage;

(b) Criteria for prioritizing the inspection and improvements of the private crossings subject to this section; and

(c) Requirements governing the responsibilities of railroad companies to oversee the payment and completion of private crossing improvements.

(3) Nothing in this section modifies existing agreements between the railroad company and the landowner governing liability for injuries or damages occurring at the private crossing.

Sec. 7080. RCW 88.46.180 and 2011 c 122 s 2 are each amended to read as follows:

(1) The department shall evaluate and update planning standards for oil spill response equipment required under contingency plans required by this chapter, including aerial surveillance, in order to ensure access in the state to equipment that represents the best achievable protection to respond to a worst case spill and provide for continuous operation of oil spill response activities to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(2) The department shall by rule update the planning standards at five-year intervals to ensure the maintenance of best available protection over time. Rule updates to covered nontank vessels shall minimize potential impacts to discretionary cargo moved through the state.

(((~~(3) The department shall evaluate and update planning standards for tank vessels by December 31, 2012.~~))

Sec. 7081. RCW 42.56.270 and 2014 c 192 s 6, 2014 c 174 s 5, and 2014 c 144 s 6 are each reenacted and amended to read as follows:

The following financial, commercial, and proprietary information is exempt from disclosure under this chapter:

(1) Valuable formulae, designs, drawings, computer source code or object code, and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss;

(2) Financial information supplied by or on behalf of a person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for (a) a ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750 or (b) highway construction or improvement as required by RCW 47.28.070;

SB 5107 Prime Sponsor, Senator Padden: Encouraging the establishment of therapeutic courts. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 7093.** (1) The legislature finds that judges in the trial courts throughout the state effectively utilize what are known as therapeutic courts to remove a defendant's or respondent's case from the criminal and civil court traditional trial track and allow those defendants or respondents the opportunity to obtain treatment services to address particular issues that may have contributed to the conduct that led to their arrest or other issues before the court. Trial courts have proved adept at creative approaches in fashioning a wide variety of therapeutic courts addressing the spectrum of social issues that can contribute to criminal activity and engagement with the child welfare system.

(2) The legislature further finds that by focusing on the specific individual's needs, providing treatment for the issues presented, and ensuring rapid and appropriate accountability for program violations, therapeutic courts may decrease recidivism, improve the safety of the community, and improve the life of the program participant and the lives of the participant's family members by decreasing the severity and frequency of the specific behavior addressed by the therapeutic court.

(3) The legislature recognizes the inherent authority of the judiciary under Article IV, section 1 of the state Constitution to establish therapeutic courts, and the outstanding contribution to the state and local communities made by the establishment of therapeutic courts and desires to provide a general provision in statute acknowledging and encouraging the judiciary to provide for therapeutic court programs to address the particular needs within a given judicial jurisdiction.

(4) Therapeutic court programs may include, but are not limited to:

(a) Adult drug court;

(b) Juvenile drug court;

(c) Family dependency treatment court or family drug court;

(d) Mental health court, which may include participants with developmental disabilities;

(e) DUI court;

(f) Veterans treatment court;

(g) Truancy court;

(h) Domestic violence court;

(i) Gambling court;

(j) Community court;

(k) Homeless court;

(l) Treatment, responsibility, and accountability on campus (Back on TRAC) court.

NEW SECTION. **Sec. 7094.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Emerging best practice" or "promising practice" means a program or practice that, based on statistical analyses or a well-established theory of change, shows potential for meeting the evidence- based or research-based criteria, which may include the use of a program that is evidence-based for outcomes other than those listed in this section.

(2) "Evidence-based" means a program or practice that: (a) Has been tested in heterogeneous or intended populations with multiple randomized, or statistically controlled evaluations, or both; or one large multiple site randomized, or statistically controlled evaluation, or both, where the weight of the evidence from a systemic review demonstrates sustained improvements in at least one outcome; or (b) may be implemented with a set of procedures to allow successful replication in Washington and, when possible, is determined to be cost-beneficial.

(3) "Government authority" means prosecutor or other representative initiating action leading to a proceeding in therapeutic court.

(4) "Participant" means an accused person, offender, or respondent in the judicial proceeding.

(5) "Research-based" means a program or practice that has been tested with a single randomized, or statistically controlled evaluation, or both, demonstrating sustained desirable outcomes; or where the weight of the evidence from a systemic review supports sustained outcomes as described in this subsection but does not meet the full criteria for evidence-based.

(6) "Specialty court" and "therapeutic court" both mean a court utilizing a program or programs structured to achieve both a reduction in recidivism and an increase in the likelihood of

rehabilitation, or to reduce child abuse and neglect, out-of-home placements of children, termination of parental rights, and substance abuse and mental health symptoms among parents or guardians and their children through continuous and intense judicially supervised treatment and the appropriate use of services, sanctions, and incentives.

(7) "Therapeutic court personnel" means the staff of a therapeutic court including, but not limited to: Court and clerk personnel with therapeutic court duties, prosecuting attorneys, the attorney general or his or her representatives, defense counsel, monitoring personnel, and others acting within the scope of therapeutic court duties.

(8) "Trial court" means a superior court authorized under Title 2 RCW or a district or municipal court authorized under Title 3 or 35 RCW.

NEW SECTION. **Sec. 7095.** (1) Every trial and juvenile court in the state of Washington is authorized and encouraged to establish and operate therapeutic courts. Therapeutic courts, in conjunction with the government authority and subject matter experts specific to the focus of the therapeutic court, develop and process cases in ways that depart from traditional judicial processes to allow defendants or respondents the opportunity to obtain treatment services to address particular issues that may have contributed to the conduct that led to their arrest or involvement in the child welfare system in exchange for resolution of the case or charges. In criminal cases, the consent of the prosecutor is required.

(2) While a therapeutic court judge retains the discretion to decline to accept a case into the therapeutic court, and while a therapeutic court retains discretion to establish processes and determine eligibility for admission to the therapeutic court process unique to their community and jurisdiction, the effectiveness and credibility of any therapeutic court will be enhanced when the court implements evidence-based practices, research-based practices, emerging best practices, or promising practices that have been identified and accepted at the state and national levels. Promising practices, emerging best practices, and/or research-based programs are authorized where determined by the court to be appropriate. As practices evolve, the trial court shall regularly assess the effectiveness of its program and the methods by which it implements and adopts new best practices.

(3) Except under special findings by the court, the following individuals are not eligible for participation in therapeutic courts:

(a) Individuals who are currently charged or who have been previously convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030;

(b) Individuals who are currently charged with an offense alleging intentional discharge, threat to discharge, or attempt to discharge a firearm in furtherance of the offense;

(c) Individuals who are currently charged with or who have been previously convicted of vehicular homicide or an equivalent out-of- state offense; or

(d) Individuals who are currently charged with or who have been previously convicted of: An offense alleging substantial bodily harm or great bodily harm as defined in RCW 9A.04.110, or death of another person.

(4) Any jurisdiction establishing a therapeutic court shall endeavor to incorporate the therapeutic court principles of best practices as recognized by state and national therapeutic court organizations in structuring a particular program, which may include:

(a) Determining the population;

(b) Performing a clinical assessment;

(c) Developing the treatment plan;

(d) Monitoring the participant, including any appropriate testing;

(e) Forging agency, organization, and community partnerships;

(f) Taking a judicial leadership role;

(g) Developing case management strategies;

(h) Addressing transportation, housing, and subsistence issues;

(i) Evaluating the program;

(j) Ensuring a sustainable program.

(5) Upon a showing of indigence under RCW 10.101.010, fees may be reduced or waived.

(6) The department of social and health services shall furnish services to therapeutic courts addressing dependency matters where substance abuse or mental health are an issue unless the court contracts with providers outside of the department.

(7) Any jurisdiction that has established more than one therapeutic court under this chapter may combine the functions of these courts into a single therapeutic court.

(8) Nothing in this section prohibits a district or municipal court from ordering treatment or other conditions of sentence or probation following a conviction, without the consent of either the prosecutor or defendant.

(9) No therapeutic or specialty court may be established specifically for the purpose of applying foreign law, including foreign criminal, civil, or religious law, that is otherwise not required by treaty.

(10) No therapeutic or specialty court established by court rule shall enforce a foreign law, if doing so would violate a right guaranteed by the Constitution of this state or of the United States.

NEW SECTION. **Sec. 7096.** Jurisdictions may seek federal funding available to support the operation of its therapeutic court and associated services and must match, on a dollar-for-dollar basis, state moneys allocated for therapeutic courts with local cash or in-kind resources. Moneys allocated by the state may be used to supplement, not supplant other federal, state, and local funds for therapeutic courts. However, until June 30, 2016, no match is required for state moneys expended for the administrative and overhead costs associated with the operation of a therapeutic court authorized under this chapter.

Sec. 7097. RCW 82.14.460 and 2012 c 180 s 1 are each amended to read as follows:

(1)(a) A county legislative authority may authorize, fix, and impose a sales and use tax in accordance with the terms of this chapter.

(b) If a county with a population over eight hundred thousand has not imposed the tax authorized under this subsection by January 1, 2011, any city with a population over thirty thousand located in that county may authorize, fix, and impose the sales and use tax in accordance with the terms of this chapter. The county must provide a credit against its tax for the full amount of tax imposed under this subsection (1)(b) by any city located in that county if the county imposes the tax after January 1, 2011.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county for a county's tax and within a city for a city's tax. The rate of tax equals one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(3) Moneys collected under this section must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and

services. For the purposes of this section, "programs and services" includes, but is not limited to, treatment services, case management, transportation, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service. Every county that authorizes the tax provided in this section shall, and every other county may, establish and operate a therapeutic court component for dependency proceedings designed to be effective for the court's size, location, and resources.

(4) All moneys collected under this section must be used solely for the purpose of providing new or expanded programs and services as provided in this section, except as follows:

(a) For a county with a population larger than twenty-five thousand or a city with a population over thirty thousand, which initially imposed the tax authorized under this section prior to January 1, 2012, a portion of moneys collected under this section may be used to supplant existing funding for these purposes as follows: Up to fifty percent may be used to supplant existing funding in calendar years 2011-2012; up to forty percent may be used to supplant existing funding in calendar year 2013; up to thirty percent may be used to supplant existing funding in calendar year 2014; up to twenty percent may be used to supplant existing funding in calendar year 2015; and up to ten percent may be used to supplant existing funding in calendar year 2016;

(b) For a county with a population larger than twenty-five thousand or a city with a population over thirty thousand, which initially imposes the tax authorized under this section after December 31, 2011, a portion of moneys collected under this section may be used to supplant existing funding for these purposes as follows: Up to fifty percent may be used to supplant existing funding for up to the first three calendar years following adoption; and up to twenty-five percent may be used to supplant existing funding for the fourth and fifth years after adoption;

(c) For a county with a population of less than twenty-five thousand, a portion of moneys collected under this section may be used to supplant existing funding for these purposes as follows: Up to eighty percent may be used to supplant existing funding in calendar years 2011-2012; up to sixty percent may be used to supplant existing funding in calendar year 2013; up to forty percent may be used to supplant existing funding in calendar year 2014; up to twenty percent may be used to supplant existing funding in calendar year 2015; and up to ten percent may be used to supplant existing funding in calendar year 2016; and

(d) Notwithstanding (a) through (c) of this subsection, moneys collected under this section may be used to support the cost of the judicial officer and support staff of a therapeutic court.

(5) Nothing in this section may be interpreted to prohibit the use of moneys collected under this section for the replacement of lapsed federal funding previously provided for the operation or delivery of services and programs as provided in this section.

NEW SECTION. **Sec. 7098.** Individual trial courts are authorized and encouraged to establish multijurisdictional partnerships and/or interlocal agreements under RCW 39.34.180 to enhance and expand the coverage area of the therapeutic court. Specifically, district and municipal courts may work cooperatively with each other and with the superior courts to identify and implement nontraditional case processing methods which can eliminate traditional barriers that decrease judicial efficiency.

NEW SECTION. **Sec. 7099.** Any therapeutic court meeting the definition of therapeutic court in section 2 of this act and existing on the effective date of this section continues to be authorized.

Sec. 7100. RCW 9.94A.517 and 2013 2nd sp.s. c 14 s 1 are each amended to read as follows:

Sec. 7102. RCW 70.96A.350 and 2013 2nd sp.s. c 4 s 990 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with an addiction or a substance abuse problem that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program; (c) the administrative and overhead costs associated with the operation of a drug court; and (d) during the 2011-2013

biennium, the legislature may appropriate up to three million dollars from the account in order to offset reductions in the state general fund for treatment services provided by counties. This amount is not subject to the requirements of subsections (5) through (9) of this section. During the 2013-2015 fiscal biennium, the legislature may transfer from the criminal justice treatment account to the state general fund amounts as reflect the state savings associated with the implementation of the medicaid expansion of the federal affordable care act. Moneys in the account may be spent only after appropriation.

"NEW SECTION. **Sec. 7109.** This act may be known and cited as Joel's Law.

NEW SECTION. **Sec. 7110.** A new section is added to chapter 71.05 RCW to read as follows:

(1) If a designated mental health professional decides not to detain a person for evaluation and treatment under RCW 71.05.150

or 71.05.153 or forty-eight hours have elapsed since a designated mental health professional received a request for investigation and the designated mental health professional has not taken action to have the person detained, an immediate family member or guardian or conservator of the person may petition the superior court for the person's initial detention.

(2)(a) The petition must be submitted on forms developed by the administrative office of the courts for this purpose. The petition must be accompanied by a sworn declaration from the petitioner, and other witnesses if desired, describing why the person should be detained for evaluation and treatment. The description of why the person should be detained may contain, but is not limited to, the information identified in RCW 71.05.212.

(b) The petition must contain:

(i) A description of the relationship between the petitioner and the person; and

(ii) The date on which an investigation was requested from the designated mental health professional.

(3) The court shall, within one judicial day, review the petition to determine whether the petition raises sufficient evidence to support the allegation. If the court so finds, it shall provide a copy of the petition to the designated mental health professional agency with an order for the agency to provide the court, within one judicial day, with a written sworn statement describing the basis for the decision not to seek initial detention and a copy of all information collected during the investigation.

(4) Following the filing of the petition and before the court reaches a decision, any person, including a mental health professional, may submit a sworn declaration to the court in support of or in opposition to initial detention.

(5) The court shall dismiss the petition at any time if it finds that a designated mental health professional has filed a petition for the person's initial detention under RCW 71.05.150 or 71.05.153 or that the person has voluntarily accepted appropriate treatment.

(6) The court must issue a final ruling on the petition within five judicial days after it is filed. After reviewing all of the information provided to the court, the court may enter an order for initial detention if the court finds that: (a) There is probable cause to support a petition for detention; and (b) the person has refused or failed to accept appropriate evaluation and treatment voluntarily. The court shall transmit its final decision to the petitioner.

(7) If the court enters an order for initial detention, it shall provide the order to the designated mental health professional agency, which shall execute the order without delay. An order for initial detention under this section expires one hundred eighty days from issuance.

(8) Except as otherwise expressly stated in this chapter, all procedures must be followed as if the order had been entered under RCW 71.05.150. RCW 71.05.160 does not apply if detention was initiated under the process set forth in this section.

(9) For purposes of this section, "immediate family member" means a spouse, domestic partner, child, stepchild, parent, stepparent, grandparent, or sibling.

NEW SECTION. **Sec. 7111.** A new section is added to chapter 71.05 RCW to read as follows:

(1) The department and each regional support network or agency employing designated mental health professionals shall publish information in an easily accessible format describing the process for an immediate family member, guardian, or conservator to petition for court review of a detention decision under section 2 of this act.

(2) A designated mental health professional or designated mental health professional agency that receives a request for investigation for possible detention under this chapter must inquire whether the request comes from an immediate family member, guardian, or conservator who would be eligible to petition under section 2 of this act. If the designated mental health professional decides not to detain the person for evaluation and treatment under RCW 71.05.150 or 71.05.153 or forty-eight hours have elapsed since the request for investigation was received and the designated mental health professional has not taken action to have the person detained, the designated mental health professional or designated mental health professional agency must inform the immediate family member, guardian, or conservator who made the request for investigation about the process to petition for court review under section 2 of this act.

Sec. 7112. RCW 71.05.130 and 1998 c 297 s 7 are each amended to read as follows:

In any judicial proceeding for involuntary commitment or detention except under section 2 of this act, or in any proceeding challenging ((~~such~~)) involuntary commitment or detention, the prosecuting attorney for the county in which the proceeding was initiated shall represent the individuals or agencies petitioning for commitment or detention and shall defend all challenges to such commitment or detention((~~: PROVIDED~~)), except that the attorney general shall represent and provide legal services and advice to state hospitals or institutions with regard to all provisions of and proceedings under this chapter ((~~except in~~)) other than proceedings initiated by such hospitals and institutions seeking fourteen day detention."

E2SSB 5452 Prime Sponsor, Committee on Ways & Means: Improving quality in the early care and education system. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Early Learning & Human Services.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 7113.** INTENT. (1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities.

Sec. 7114. RCW 43.215.100 and 2013 c 323 s 6 are each amended to read as follows:

EARLY ACHIEVERS, QUALITY RATING, AND IMPROVEMENT SYSTEM.

(1) ((~~Subject to the availability of amounts appropriated for this specific purpose,~~)) The department, in collaboration with tribal governments and community and statewide partners, shall implement a ((~~voluntary~~)) quality rating and improvement system, called the early achievers program((~~, that~~)). The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers and homes and early ((~~education~~)) learning programs such as working connections child care and early childhood education and assistance programs.

(2) The ((~~purpose~~)) objectives of the early achievers program ((~~is~~)) are to:

(a) ((~~To~~)) Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs((~~,~~));

(c) Support improvement in early learning and child care programs throughout the state((~~,~~));

(d) Increase the readiness of children for school((~~, and~~));

(e) Close the ((~~disparity~~)) disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers; and ((~~(b) to~~))

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3)(a) Licensed or certified child care centers and homes serving nonschool age children and receiving state subsidy payments must participate in the early achievers program by the required deadlines established in RCW 43.215.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.215.415.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers and homes not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school age child care providers into the early achievers program or other appropriate quality improvement system. To test implementation of the early achievers system for school age child care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4) ((~~By fiscal year 2015, Washington state preschool programs receiving state funds must enroll in the early achievers program and maintain a minimum score level.~~

~~(5) Before final implementation of the early achievers program, the department shall report on program progress, as defined within the race to the top federal grant award, and expenditures to the appropriate policy and fiscal committees of the legislature.~~)) There are five levels in the early achievers program. Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) By August 1, 2015, early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.215.090, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department's web site or through a link on the department's web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program's early achievers program rating level upon request.

(13) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(14) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d).

NEW SECTION. **Sec. 7115.** A new section is added to chapter 43.215 RCW to read as follows:

SINGLE SET OF LICENSING STANDARDS.

(1)(a) No later than July 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

(i) Provide minimum health and safety standards for child care and preschool programs;

(ii) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;

(iii) Take into account the separate needs of family care providers and child care centers; and

(iv) Promote the continued safety of child care settings.

(b) By July 1, 2016, private schools that operate early learning programs and do not receive state subsidy payments shall be subject only to the minimum health and safety standards in subsection (1)(a)(i) of this section and the requirements necessary to assure a sufficient early childhood education to meet usual requirements

needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments.

Sec. 7116. RCW 43.215.200 and 2011 c 359 s 2 and 2011 c 253 s 3 are each reenacted and amended to read as follows:

DIRECTOR'S LICENSING DUTIES.

It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation with the state fire marshal's office, the director shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session. For child care programs serving only school-age children and operating in the same facilities used by public or private schools, the director shall not impose additional health and safety licensing requirements related to the physical facility beyond the health and safety standards established by the state board of health for primary and secondary schools pursuant to its authority in RCW 43.20.050;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To satisfy the shared background check requirements provided for in RCW 43.215.215 and 43.20A.710, the department of early learning and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

SSB 5481 Prime Sponsor, Committee on Transportation: Concerning tolling customer service reform. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 7136.** RCW 46.63.160 and 2013 c 226 s 1 are each amended to read as follows:

(1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5)(a) The department shall develop rules to allow an individual who has been issued a notice of civil penalty to present evidence of mitigating circumstances as to why a toll bill was not timely paid. If an individual is able to present verifiable evidence to the department that a civil penalty was incurred due to hospitalization, military deployment, eviction, homelessness, death of the alleged violator or of an alleged violator's immediate family member, failure to receive the toll bill due to an incorrect address that has since been corrected, a prepaid electronic toll account error that has since been corrected, an error made by the department or an agent of the department, or other mitigating circumstances as determined by the department, the department may dismiss or reduce the civil penalty and associated fees.

(b)(i) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section. The department of transportation shall submit to the transportation committees of the legislature an annual report on the number of times adjudicators reduce or dismiss the civil penalty as provided in (b)(ii) of this subsection and the total amount of the civil penalties dismissed. The report must be submitted by December 1st of each year.

(((~~(b)~~))) (ii) During the adjudication process, the alleged violator must have an opportunity to explain mitigating circumstances as to why the toll bill was not timely paid. Hospitalization, a divorce decree or legal separation agreement resulting in a transfer of the vehicle, an active duty member of the military or national guard covered by the federal service members civil relief act, 50 U.S.C. Sec. 501 et seq., or state service members' civil relief act, chapter 38.42 RCW, eviction, homelessness, the death of the alleged violator or of an immediate family member, ((~~or~~)), being switched to a different method of toll payment, if the alleged violator did not receive a toll charge bill or notice of civil penalty, or other mitigating circumstances as determined by the adjudicator are deemed valid mitigating circumstances. All of ((~~these~~)) the reasons that constitute mitigating circumstances must ((~~occur~~)) have occurred within a reasonable time of the alleged toll violation. In response to these circumstances, the adjudicator may reduce or dismiss the civil penalty and associated administrative fees.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded

images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c)(i) By June 30, 2016, prior to issuing a notice of civil penalty to a registered owner of a vehicle listed on an active prepaid electronic toll account, the department of transportation must:

(A) Send an electronic mail notice to the email address provided in the prepaid electronic toll account of unpaid pay-by-mail toll bills at least ten days prior to a notice of civil penalty being issued for the associated pay-by-mail toll. The notice must be separate from any regular notice sent by the department; and

(B) Call the phone numbers provided in the account to provide notice of unpaid pay-by-mail toll bills at least ten days prior to a notice of civil penalty being issued for the associated pay-by-mail toll.

(ii) The department is relieved of its obligation to provide notice as required by this section if the customer has declined to receive communications from the department through such methods.

(d) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this section are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this section. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(((~~(d)~~))) (e) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(((~~(e)~~))) (f) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(((~~(f)~~))) (g) The envelope containing a toll charge bill or related notice issued pursuant to RCW 47.46.105 or 47.56.795, or a notice of civil penalty issued under this section, must prominently indicate that the contents are time sensitive and related to a toll violation.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) It is the intent of the legislature that the department provide an educational opportunity when vehicle owners incur fees and penalties associated with late payment of tolls for the first time. As part of this educational opportunity, the department may waive penalties and fees if the issue that resulted in the toll not being timely paid has been resolved and the vehicle owner establishes an electronic toll account, if practicable. To aid in collecting tolls in a timely manner, the department may waive or reduce the outstanding amounts of fees and penalties assessed when tolls are not timely paid.

(12)(a) By June 30, 2016, the department of transportation must update its web site, and accommodate access to the web site from mobile platforms, to allow toll customers to efficiently manage all their tolling accounts, regardless of method of payment.

(b)(i) By June 30, 2016, the department of transportation must make available to the public a point of access that allows a third party to develop an application for mobile technologies that (A) securely accesses a user's toll account information and (B) allows the user to manage his or her toll account to the same extent possible through the department's web site.

(ii) If the department determines that it would be cost-effective and in the best interests of the citizens of Washington, it may also develop an application for mobile technologies that allows toll customers to manage all of their tolling accounts from a mobile platform.

(13) When acquiring a new photo toll system, the department of transportation must enable the new system to:

(a) Connect with the department of licensing's vehicle record system so that a prepaid electronic toll account can be updated automatically when a toll customer's vehicle record is updated, if the customer has consented to such updates; and

(b) Document when any toll is assessed for a vehicle listed in a prepaid electronic toll account in the monthly statement that is made available to the electronic toll account holder regardless of whether

the method of payment for the toll is via pay-by-mail or prepaid electronic toll account.

(14) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(((~~(12)~~))) (15) For the purposes of this section((~~,~~)):

(a) "Photo toll system" means the system defined in RCW 47.56.010 and 47.46.020.

(b) "Prepaid electronic toll account" means a prepaid toll account linked to a pass or license plate number, including "Good to Go!".

(16) If a customer's toll charge or civil penalty is waived pursuant to this section due to an error made by the department, or an agent of the department, in reading the customer's license plate, the secretary of transportation must send a letter to the customer apologizing for the error.

Sec. 7137. RCW 47.56.795 and 2010 c 249 s 3 are each amended to read as follows:

(1) A toll collection system may include, but is not limited to, electronic toll collection and photo tolling.

(2)(a) A photo toll system may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under RCW 46.63.160. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under RCW 46.63.160. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies. Aggregate records that do not identify an individual, vehicle, or account may be maintained.

(3) The department and its agents shall only use electronic toll collection system technology for toll collection purposes.

(4) Tolls may be collected and paid by the following methods:

(a) A customer may pay an electronic toll through an electronic toll collection account;

(b) A customer may pay a photo toll either through a customer-initiated payment or in response to a toll bill; or

(c) A customer may pay with cash on toll facilities that have a manual cash collection system.

(5) To the extent practicable, the department shall adopt electronic toll collection options, which allow for anonymous customer accounts and anonymous accounts that are not linked to a specific vehicle.

(6) The transportation commission shall adopt rules, in accordance with chapter 34.05 RCW, to assess administrative fees as appropriate for toll collection processes. Administrative fees must not exceed toll collection costs. All administrative fees collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed.

(7) Failure to pay a photo toll by the toll payment due date is a violation for which a notice of civil penalty may be issued under RCW 46.63.160.

(8) For an electronic toll collection system that uses an in-vehicle device, such as a transponder, to identify a particular customer for the purposes of paying an electronic toll from that customer's toll collection account, the department must allow such in-vehicle devices to be offered for sale at vehicle dealers."

"NEW SECTION. **Sec. 18.** The education of children is critically important. In order for children to be ready to learn and ready to ultimately enter the workforce prepared, they need to have academic, social, and emotional skills.

Responsible decision making, self management, healthy relationship skills, and self and social awareness are among the tools students need. These essential skills help improve school climate and reduce bullying, discipline issues, dropout rates, and the educational opportunity gap at the same time as they increase mental well-being, student engagement, and academic performance.

Schools teaching developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning see large increases in academic performance.

Students today experience unfathomable stresses. Over thirty thousand K-12 students are homeless. Thousands experience bullying, depression, abuse, or have witnessed domestic violence or

other violence in their communities. Many have lost a parent or suffered a traumatic experience.

Emotions and relationships directly affect how students learn and how they use that learning in other contexts. If a student is anxious, afraid, or worried about other stresses in his or her life, those emotions will interfere with attention, memory, and positive behaviors. By developing social and emotional skills, students will be equipped with tools to overcome barriers to their learning and even find solace in education and going to school.

The legislature is committed to investing in preventative strategies in schools to increase student mental health and well-being in order to support the education of our state's children.

NEW SECTION. **Sec. 19.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The department of student support services and the department of teaching and learning in the office of the superintendent of public instruction shall convene a work group to recommend comprehensive benchmarks for developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning for grades kindergarten through high school that build upon what is being done in early learning. These benchmarks must include, at every grade level, competencies for at least the following:

(a) Self management. Regulating one's emotions to handle stress, control impulses, and persevere in overcoming obstacles; achieving personal and academic goals; and expressing emotions appropriately;

(b) Self awareness. Accurately assessing one's feelings, interests, and strengths; maintaining a well-grounded sense of self-confidence;

(c) Social awareness. Being able to empathize with others; appreciating individual and group similarities and differences; effectively using family, school, and community resources;

(d) Relationship skills. Interacting cooperatively with others; resisting inappropriate social pressure; dealing effectively with interpersonal conflict; seeking help when needed; and

(e) Responsible decision making. Making decisions based on factors such as ethical standards, safety concerns, social norms, respect for others, and likely consequences; applying decision-making skills to daily situations;

(2) The work group shall also develop:

(a) Guidance for schools, school districts, and educators in promoting developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning that:

(i) Is culturally competent;

(ii) Is linguistically appropriate;

(iii) Provides a positive learning environment for students;

(iv) Is inclusive of parental involvement;

(v) Promotes school safety and a positive school climate;

(vi) Includes best practices in assisting students through school transitions between elementary, middle, and high school; and

(vii) Incorporates best practices to address the mental health continuum of children, from mental well-being and mental health to mental illness, and acknowledges research around adverse childhood experiences;

(b) Technical advice on how developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning fits within existing teacher and principal evaluations particularly as it relates to school safety and school climate; and

(c) An implementation plan that provides a framework for incorporating developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning and is aligned with other Washington state education initiatives including college and career readiness, STEM education, twenty-first century skills, and the Washington state learning standards.

(3) To inform the work of the work group, the office of the superintendent of public instruction shall conduct a survey of schools to ascertain how many schools in the state are teaching interpersonal and decision-making knowledge and skills of social and emotional learning and to understand individual districts' capacity to implement these frameworks.

(4) The work group must include persons with expertise in interpersonal and decision-making knowledge and skills of social and emotional learning; child development; job readiness; and mental health; and the following:

(c) One representative from the educational opportunity gap oversight and accountability committee;

(d) One representative from the office of the education ombuds;

(e) One higher education faculty member with expertise in interpersonal and decision-making knowledge and skills of social and emotional learning;

(f) One currently employed K-12 educator and one currently employed K-12 administrator;

(g) One school counselor, one school psychologist, and one social worker;

(h) One mental health counselor; and

(i) One representative from a school parent organization.

(5) To the greatest extent possible, the members of the work group must reflect the cultural, racial, ethnic, gender, and geographic diversity of Washington state.

(6) The work group may also include one member from each of the two largest caucuses of the senate, appointed by the president of the senate and one member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives. Each of the two largest caucuses of the senate and the two largest caucuses of the house of representatives may determine whether or not a member from that caucus will be appointed.

(7) The work group shall consult with: School districts; educational service districts; school administrators; principals; teachers; paraeducators; school counselors; community organizations serving youth; a statewide organization with expertise in interpersonal and decision-making knowledge and skills of social and emotional learning; a statewide organization with expertise in multitiered systems of support; federally recognized tribes; the state's four ethnic commissions representing the following populations: African-Americans, Hispanic Americans, Asian Americans, and Pacific Islander Americans; and community organizations representing communities of color, immigrant and refugee communities, parents and students, and homeless children and youth.

(8) By October 1, 2016, the work group shall submit a report to the education committees of the legislature, the governor, and the superintendent of public instruction that includes its recommendations for benchmarks, guidance, technical advice, and an implementation plan. The office of the superintendent of public instruction shall make the report available to school districts by including it on the web site.

Sec. 20. RCW 28A.310.500 and 2013 c 197 s 6 are each amended to read as follows:

(1) Each educational service district shall develop and maintain the capacity to offer training for educators and other school district staff on youth suicide screening and referral, and on recognition, initial screening, and response to emotional or behavioral distress in

students, including but not limited to indicators of possible substance abuse, violence, and youth suicide. An educational service district may demonstrate capacity by employing staff with sufficient expertise to offer the training or by contracting with individuals or organizations to offer the training. Training may be offered on a fee-for-service basis, or at no cost to school districts or educators if funds are appropriated specifically for this purpose or made available through grants or other sources.

(2) Beginning no later than January 1, 2017, two educational service districts shall be selected by the office of the superintendent of public instruction to participate in a pilot project to develop and maintain the capacity to serve as a convener, trainer, and mentor for educators and other school district staff on developmentally appropriate interpersonal and decision-making knowledge and skills of social and emotional learning. Each pilot educational service district may work with school districts to create a training model that addresses the recommended guidelines developed under section 2 of this act. The pilot educational service districts shall demonstrate capacity by employing staff with sufficient expertise to offer the training or by contracting with individuals or organizations to offer the training. ESB 5935 Prime Sponsor, Senator Parlette: Concerning biological products. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 21.** RCW 69.41.110 and 1979 c 110 s 1 are each amended to read as follows:

As used in RCW 69.41.100 through 69.41.180, the following words shall have the following meanings:

(3) "Substitute" means to dispense, with the practitioner's authorization, a "therapeutically equivalent" drug product ((~~of the identical base or salt as the specific drug product prescribed: PROVIDED, That with the practitioner's prior consent, therapeutically equivalent drugs other than the identical base or salt may be dispensed~~)) or "interchangeable biological" drug product;

(4) "Therapeutically equivalent" means a drug product of the identical base or salt as the specific drug product prescribed with essentially the same efficacy and toxicity when administered to an individual in the same dosage regimen; ((~~and~~))

(5) "Practitioner" means a physician, osteopathic physician and surgeon, dentist, veterinarian, or any other person authorized to prescribe drugs under the laws of this state;

(6) "Biological product" means any of the following, when applied to the prevention, treatment, or cure of a disease or condition of human beings: (a) A virus; (b) a therapeutic serum; (c) a toxin; (d) an antitoxin; (e) a vaccine; (f) blood, blood component, or derivative; (g) an allergenic product; (h) a protein, other than a chemically synthesized polypeptide, or an analogous product; or (i) arsphenamine, a derivative of arsphenamine, or any trivalent organic arsenic compound; and

(7) "Interchangeable" means a biological product licensed by the federal food and drug administration and determined to meet the safety standards for interchangeability pursuant to 42 U.S.C. Sec. 262(k)(4) as set forth in the federal food and drug administration's lists of licensed biological products with reference product exclusivity and biosimilarity or interchangeability valuations, sometimes referred to as the purple book.

Sec. 22. RCW 69.41.120 and 2000 c 8 s 3 are each amended to read as follows:

(1) Every drug prescription shall contain an instruction on whether or not a therapeutically equivalent generic drug or interchangeable biological product may be substituted in its place, unless substitution is permitted under a prior-consent authorization.

If a written prescription is involved, the prescription must be legible and the form shall have two signature lines at opposite ends on the bottom of the form. Under the line at the right side shall be clearly printed the words "DISPENSE AS WRITTEN". Under the line at the left side shall be clearly printed the words "SUBSTITUTION PERMITTED". The practitioner shall communicate the instructions to the pharmacist by signing the appropriate line. No prescription shall be valid without the signature of the practitioner on one of these lines. In the case of a prescription issued by a practitioner in another state that uses a one-line prescription form or variation thereof, the pharmacist may substitute a therapeutically equivalent generic drug or interchangeable biological product unless otherwise instructed by the practitioner through the use of the words "dispense as written", words of similar meaning, or some other indication.

(2) If an oral prescription is involved, the practitioner or the practitioner's agent shall instruct the pharmacist as to whether or not a therapeutically equivalent generic drug or interchangeable biological product may be substituted in its place. The pharmacist shall note the instructions on the file copy of the prescription.

(3) The pharmacist shall note the manufacturer of the drug dispensed on the file copy of a written or oral prescription.

(4) The pharmacist shall retain the file copy of a written or oral prescription for the same period of time specified in RCW 18.64.245 for retention of prescription records.

NEW SECTION. **Sec. 23.** A new section is added to chapter 69.41 RCW to read as follows:

Unless the prescribed biological product is requested by the patient or the patient's representative, if "substitution permitted" is marked on the prescription as provided in RCW 69.41.120, the pharmacist must substitute an interchangeable biological product that he or she has in stock for the biological product prescribed if the wholesale price for the interchangeable biological product to the pharmacist is less than the wholesale price for the biological product prescribed.

NEW SECTION. **Sec. 24.** A new section is added to chapter 69.41 RCW to read as follows:

(1) Within five business days following the dispensing of a biological product, the dispensing pharmacist or the pharmacist's designee must make an entry of the specific product provided to the patient, including either the name of the product and the manufacturer or the federal food and drug administration's national drug code, into an interoperable electronic medical records system, through an electronic prescribing technology, through a pharmacy benefit management system, or through a pharmacy record that can be accessed electronically by practitioners. Entry into an electronic records system is presumed to provide notice to the prescriber. Otherwise, the pharmacist must communicate to the practitioner the specific product provided to the patient, including the name of the product and manufacturer, using facsimile, telephone, electronic transmission, or other prevailing means. No entry or communication pursuant to this section is required if:

(a) There is no interchangeable biological product for the product prescribed;

(b) A refill prescription is not changed from the product dispensed on the prior filling of the prescription; or

(c) The pharmacist or the pharmacist's designee and the practitioner communicated before dispensing and the communication included confirmation of the specific product to be provided to the patient, including the name of the product and the manufacturer.

(2) This section expires August 1, 2020.

NEW SECTION. **Sec. 25.** A new section is added to chapter 69.41 RCW to read as follows:

Sec. 26. RCW 69.41.150 and 2003 1st sp.s. c 29 s 6 are each amended to read as follows:

(1) A practitioner who authorizes a prescribed drug shall not be liable for any side effects or adverse reactions caused by the manner or method by which a substituted drug product is selected or dispensed.

(2) A pharmacist who substitutes ((~~an~~)) a therapeutically equivalent drug product pursuant to RCW 69.41.100 through 69.41.180 as now or hereafter amended assumes no greater liability for selecting the dispensed drug product than would be incurred in filling a prescription for a drug product prescribed by its established name.

(3) A pharmacist who substitutes a preferred drug for a nonpreferred drug pursuant to RCW 69.41.190 assumes no greater liability for substituting the preferred drug than would be incurred in filling a prescription for the preferred drug when prescribed by name.

(4) A pharmacist who selects an interchangeable biological product to be dispensed pursuant to RCW 69.41.100 through 69.41.180, and the pharmacy for which the pharmacist is providing service, assumes no greater liability for selecting the interchangeable biological product than would be incurred in filling a prescription for the interchangeable biological product when prescribed by name. The prescribing practitioner is not liable for a pharmacist's act or omission in selecting, preparing, or dispensing an interchangeable biological product under this section.

Sec. 27. RCW 69.41.160 and 1979 c 110 s 6 are each amended to read as follows:

Every pharmacy shall post a sign in a location at the prescription counter that is readily visible to patrons stating, "Under

(1) Within amounts appropriated to the traffic safety commission, the commission must convene a pedestrian safety advisory council comprised of stakeholders who have a unique interest or expertise in pedestrian and road safety.

(2) The purpose of the council is to review and analyze data related to pedestrian fatalities and serious injuries to identify points at which the transportation system can be improved and to identify patterns in pedestrian fatalities and serious injuries.

(3)(a) The council may include, but is not limited to:

(i) A representative from the commission;

(ii) A coroner from the county in which the most pedestrian deaths have occurred;

(iii) A representative from the Washington association of sheriffs and police chiefs;

(iv) Multiple members of law enforcement who have investigated pedestrian fatalities;

(v) A representative from the department of transportation;

(vi) A representative of cities, and up to two stakeholders, chosen by the council, who represent municipalities in which at least one pedestrian fatality has occurred in the previous three years; and

(vii) A representative from a pedestrian advocacy group.

(b) The commission may invite other representatives of stakeholder groups to participate in the council as deemed appropriate by the commission. Additionally, the commission may invite a victim or family member of a victim to participate in the council.

(4) The council must meet at least quarterly. By December 31st of each year, the council must issue an annual report detailing any findings and recommendations to the governor and the transportation committees of the legislature. The commission must provide the annual report electronically to all municipal governments and state agencies that participated in the council during that calendar year. Additionally, the council must report any budgetary or fiscal recommendations to the office of financial management and the legislature by August 1st on a biennial basis.

(5) As part of the review of pedestrian fatalities and serious injuries that occur in Washington, the council may review any available information, including accident information maintained in existing databases; statutes, rules, policies, or ordinances governing pedestrians and traffic related to the incidents; and any other relevant information. The council may make recommendations regarding changes in statutes, ordinances, rules, and policies that could improve pedestrian safety. Additionally, the council may make recommendations on how to improve traffic fatality and serious injury data quality.

(6)(a) Documents prepared by or for the council are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a review by the council, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by the council. For confidential information, such as personally identifiable information and medical records, which are obtained by the council, neither the commission nor the council may publicly disclose such confidential information. No person who was in attendance at a meeting of the council or who participated in the creation, retention, collection, or maintenance of information or documents specifically for the commission or the council shall be permitted to testify in any civil action as to the content of such proceedings or of the documents and information prepared specifically as part of the activities of the council. However, recommendations from the council and the commission generally may be disclosed without personal identifiers.

(b) The council may review, only to the extent otherwise permitted by law or court rule when determined to be relevant and necessary: Any law enforcement incident documentation, such as incident reports, dispatch records, and victim, witness, and suspect statements; any supplemental reports, probable cause statements, and 911 call taker's reports; and any other information determined to be relevant to the review. The commission and the council must maintain the confidentiality of such information to the extent required by any applicable law.

(7) If acting in good faith, without malice, and within the parameters of and protocols established under this chapter, representatives of the commission and the council are immune from civil liability for an activity related to reviews of particular fatalities and serious injuries.

(8) This section must not be construed to provide a private civil cause of action.

(9)(a) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend the gifts, grants, or endowments from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17A.560.

(b) Subject to the appropriation of funds for this specific purpose, the council may provide grants targeted at improving pedestrian safety in accordance with recommendations made by the council.

(10) By December 1, 2020, the council must report to the transportation committees of the legislature on the strategies that have been deployed to improve pedestrian safety by the council and make a recommendation as to whether the council should be continued and if there are any improvements the legislature can make to improve the council.

(11) For purposes of this section:

(a) "Council" means the pedestrian safety advisory council.

(b) "Pedestrian fatality" means any death of a pedestrian resulting from a collision with a vehicle, whether on a roadway, at an intersection, along an adjacent sidewalk, or on a path that is contiguous with a roadway.

(c) "Serious injury" means any injury other than a fatal injury that prevents the injured person from walking, driving, or normally continuing the activities the person was capable of performing before the injury occurred.

"**Sec. 29.** RCW 47.60.005 and 2008 c 124 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means a systematic process for continually improving management policies and practices by learning from the outcomes of operational programs.

(2) "Capital plan" means the state ferry system plan developed by the department as described in RCW 47.06.050(2), reviewed by the commission, and reported to the transportation committees of the legislature by the ((~~commission~~)) department.

(3) "Capital project" has the same meaning as used in budget instructions developed by the office of financial management.

(4) "Commission" means the transportation commission created in RCW 47.01.051.

(5) "Improvement project" has the same meaning as in the budget instructions developed by the office of financial management. If the budget instructions do not define improvement project, then it has the same meaning as "program project" in the budget instructions. If a project meets both the improvement project and preservation project definitions in this section it must be defined as an improvement project. New vessel acquisitions must be defined as improvement projects.

(6) "Life-cycle cost model" means ((~~that portion of a capital asset inventory system which, among other things, is used to estimate future preservation needs~~)) the full cost over the life span of the vessel, including purchase price, installation costs, operating costs, maintenance and projected upgrade costs to meet safety standards, and decommissioning costs at the end of the vessel's service life. The analysis must include probabilistic analysis on known unknowns including, but not limited to, fuel costs, labor costs, and changing safety regulations.

(7) "Maintenance cost" has the same meaning as used in budget instructions developed by the office of financial management.

(8) "Preservation project" has the same meaning as used in budget instructions developed by the office of financial management.

(9) "Route" means all ferry sailings from one location to another, such as the Seattle to Bainbridge route or the Port Townsend to Keystone route.

(10) "Sailing" means an individual ferry sailing for a specific route, such as the 5:00 p.m. sailing from Seattle to Bremerton.

(11) "Travel shed" means one or more ferry routes with distinct characteristics as determined by the department.

(12) "Fixed price contract" means a contract that requires the contractor to deliver a specified project for a set price. Change orders on fixed price contracts are allowable but should be used on a very limited basis.

Sec. 30. RCW 47.60.010 and 2008 c 122 s 20 are each amended to read as follows:

The department is authorized to acquire by lease, charter, contract, purchase, condemnation, or construction, and partly by any or all of such means, and to thereafter operate, improve, and extend, a system of ferries on and crossing Puget Sound and any of its tributary waters and connections thereof, and connecting with the public streets and highways in the state. However, any new vessel planning, construction, purchase, analysis, or design work must be consistent with RCW 47.60.810. The system of ferries shall include such boats, vessels, wharves, docks, approaches, landings, franchises, licenses, and appurtenances as shall be determined by the department to be necessary or desirable for efficient operation of the ferry system and best serve the public. Subject to RCW 47.56.820, the department may in like manner acquire by purchase, condemnation, or construction and include in the ferry system such toll bridges, approaches, and connecting roadways as may be deemed by the department advantageous in channeling traffic to points served by the ferry system. In addition to the powers of acquisition granted by this section, the department is empowered to enter into any contracts, agreements, or leases with any person, firm, or corporation and to thereby provide, on such terms and conditions as it shall determine, for the operation of any ferry or ferries or system thereof, whether acquired by the department or not.

The authority of the department to sell and lease back any state ferry, for federal tax purposes only, as authorized by 26 U.S.C., Sec. 168(f)(8) is confirmed. Legal title and all incidents of legal title to any ferry sold and leased back (except for the federal tax benefits attributable to the ownership thereof) shall remain in the state of Washington.

Sec. 31. RCW 47.60.810 and 2001 c 226 s 4 are each amended to read as follows:

(1) The department ((~~may purchase new auto ferries through~~)) shall use ((~~of~~)) a modified request for proposals process when purchasing new auto ferries, except for new 144-auto ferries purchased through an option on a contract executed before the effective date of this section, whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection ((~~(2)~~)) (3) of this section.

(2) Throughout the three phases described in subsection (3) of this section, the department shall employ an independent owners representative to serve as a third-party intermediary between the department and the proposers, and subsequently the successful proposer. However, this representative shall serve only during the development and construction of the first vessel constructed as part of a new class of vessels developed after the effective date of this section. The independent owners representative shall:

(a) Serve as the department's primary advocate and communicator with the proposers and successful proposer;

(b) Perform project quality oversight;

(c) Manage any change order requests;

(d) Ensure that the contract is adhered to and the department's best interests are considered in all decisions; and

(e) Possess knowledge of and experience with inland waterways, Puget Sound vessel operations, the propulsion system of the new vessels, and Washington state ferries operations.

(3) The definitions in this subsection apply throughout RCW 47.60.812 through 47.60.822.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries.

Sec. 32. RCW 47.60.814 and 2001 c 226 s 6 are each amended to read as follows:

Subject to legislative appropriation for the procurement of vessels, the department shall issue a request for proposals to interested parties that must include, at least, the following:

(1) Solicitation of a proposal to participate in a design and build partnership with the department to design and construct the auto ferries;

(2) Instructions on the prequalification process and procedures;

(3) A description of the modified request for proposals process. Under this process, the department may modify any component of the request for proposals, including the outline specifications, by addendum at any time before the submittal of bids in phase three;

(4) A description of the design and build partnership process to be used for procurement of the vessels;

(5) Outline specifications that provide the requirements for the vessels including, but not limited to, items such as length, beam, displacement, speed, propulsion requirements, capacities for autos and passengers, passenger space characteristics, and crew size. The department will produce notional line drawings depicting hull geometry that will interface with Washington state ferries terminal facilities. Notional lines may be modified in phase two, subject to approval by the department;

(6) Instructions for the development of technical proposals in phase two, and information regarding confidentiality of technical proposals;

(7) The vessel delivery schedule, identification of the port on Puget Sound where delivery must take place, and the location where acceptance trials must be held;

(8) The estimated price range for the contract;

(9) Notification that the contract will be a fixed price contract;

(10) The form and amount of the required bid deposit and contract security;

(((~~(10)~~))) (11) A copy of the contract that will be signed by the successful proposer;

(((~~(11)~~))) (12) The date by which proposals in phase one must be received by the department in order to be considered;

(((~~(12)~~))) (13) A description of information to be submitted in the proposals in phase one concerning each proposer's qualifications, capabilities, and experience;

(((~~(13)~~))) (14) A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;

(((~~(14)~~))) (15) Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;

(((~~(15)~~))) (16) A description of the process that will be used for the phase three submittal and evaluation of bids, award of the contract, and postaward administrative activities;

(((~~(16)~~))) (17) A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;

(((~~(17)~~))) (18) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this subsection, "constructed" means the fabrication, by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting; ((~~and~~

(~~(18)~~)) (19) A requirement that all vessel design specifications and drawings must be complete and, when applicable, meet United States coast guard standards before vessel construction begins; and

(20) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical.

NEW SECTION. **Sec. 33.** A new section is added to chapter 47.60 RCW to read as follows:

If all responses to the initial request for proposals under RCW 47.60.814 are greater than five percent above the department's engineer's estimate for the project, the department must reject all proposals and issue a subsequent request for proposal that is not subject to RCW 47.60.814(18).

Sec. 34. RCW 47.60.820 and 2001 c 226 s 9 are each amended to read as follows:

Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.

(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total fixed price bid ((~~price~~)) for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:

(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total fixed price bid ((~~price~~));

(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or

(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids.

(9)(a) To accommodate change orders on a fixed price contract, the department shall request that the legislative appropriation for any auto ferry construction project include a contingency in the following amounts:

(i) For vessels designed to be powered by liquefied natural gas, the contingency may be no more than ten percent of the contract price;

(ii) For all other vessels, the contingency may be no more than five percent of the contract price.

(b) The contingency required by this subsection (9) must be identified in the funding request to the legislature and held in reserve until the department of transportation approves the expenditure.

Sec. 35. RCW 47.56.030 and 2008 c 122 s 8 are each amended to read as follows:

(1) Except as permitted under chapter 47.29 or 47.46 RCW:

(a) Unless otherwise delegated, and subject to RCW 47.56.820, the department of transportation shall have full charge of the planning, analysis, and construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof.

(b) The transportation commission shall determine and establish the tolls and charges thereon.

(c) Unless otherwise delegated, and subject to RCW 47.56.820, the department shall have full charge of planning, analysis, and design of all toll facilities. The department may conduct the planning, analysis, and design of toll facilities as necessary to support the legislature's consideration of toll authorization.

(d) The department shall utilize and administer toll collection systems that are simple, unified, and interoperable. To the extent practicable, the department shall avoid the use of toll booths. The department shall set the statewide standards and protocols for all toll facilities within the state, including those authorized by local authorities.

(e) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under (e)(i) and (ii) of this subsection:

(i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and

(ii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(f) Any new vessel planning, construction, purchase, analysis, or design work must be consistent with RCW 47.60.810.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) When the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;

(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;

(iii) Whether the proposer can perform the contract within the time specified;

(iv) The quality of performance of previous contracts or services;

(v) The previous and existing compliance by the proposer with laws relating to the contract or services;

(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and

(vii) Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous

to the department, considering price and the other evaluation factors set forth in the request for proposal.

"**Sec. 39.** RCW 90.58.355 and 2012 c 169 s 1 are each amended to read as follows:

Requirements to obtain a substantial development permit, conditional use permit, ((~~or~~)) variance, letter of exemption, or other review conducted by a local government to implement this chapter shall not apply to ((~~any person~~)):

(1) Any person conducting a remedial action at a facility pursuant to a consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or to the department of ecology when it conducts a remedial action under chapter 70.105D RCW. The department must ensure compliance with the substantive requirements of this chapter through the consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or during the department-conducted remedial action, through the procedures developed by the department pursuant to RCW 70.105D.090; ((~~or~~))

(2) Any person installing site improvements for storm water treatment in an existing boatyard facility to meet requirements of a national pollutant discharge elimination system storm water general permit. The department must ensure compliance with the substantive requirements of this chapter through the review of engineering reports, site plans, and other documents related to the installation of boatyard storm water treatment facilities;

(3)(a) Subject to the limitations specified in this subsection (3), normal maintenance or repair of existing structures or developments by the department of transportation, including maintenance or repair of damage caused by accident, fire, or the elements.

(b) For purposes of this subsection (3), the following definitions apply:

(i) "Normal maintenance" includes any usual acts to prevent a decline, lapse, or cessation from a lawfully established condition.

(ii) "Normal repair" means to restore a structure or development to a state comparable to its original condition including, but not limited to, restoring the development's size, shape, configuration, location, and external appearance, within a reasonable period after decay or partial destruction. Normal repair of a structure or development may not cause substantial adverse effects to shoreline resources or the shoreline environment. Replacement of a structure or development may be authorized as a normal repair if:

(A) Replacement is the common method of repair for the type of structure or development;

(B) The replacement structure or development is comparable to the original structure or development including, but not limited to, the size, shape, configuration, location, and external appearance of the original structure or development; and

(C) The replacement does not cause substantial adverse effects to shoreline resources or the shoreline environment.

(c) Normal maintenance or repair of an existing structure or development under this subsection (3) does not include the expansion of an existing structure or development, or the construction of a new structure or development that does not meet the criteria of a replacement structure or development under (b)(ii) of this subsection (3); or

(4) Construction or installation of safety structures and equipment by the department of transportation, including pavement marking, freeway surveillance and control systems, railroad protective devices not including grade-separated crossings, grooving, glare screen, safety barriers, energy attenuators, and hazardous or dangerous tree removal.

Sec. 40. RCW 90.58.140 and 2012 c 84 s 2 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, 2014((.));

(c)(i) In the case of permits for projects addressing significant public safety risk, as defined by the department of transportation, it is not in the public interest to delay construction until all review proceedings are terminated. In the case of any permit or decision to issue any permit for a Washington state department of transportation transportation project, construction may begin twenty-one days after the date of filing if the following requirements are met:

(A) The project qualifies as water-dependent or water-related as applied in this chapter and described in WAC 173-26-020, and the project, as supported by adequate findings supported by evidence in the record, requires an in-water or over-water location;

(B) All components of the project achieve a no net loss of shoreline ecological functions as defined by department guidelines adopted pursuant to RCW 90.58.060;

(C) The project proponent provides the department with an assessment of how the project affects shoreline ecological functions. This assessment must include specific actions for avoiding, minimizing, and mitigating impacts to shoreline ecological functions that ensure that there is no net loss of ecological functions;

(D) The department, after reviewing the assessment required in (c)(i)(C) of this subsection, determines that the project will result in no net loss of ecological functions. The department's determination must be completed before the final issuance of all appropriate shoreline permits and variances; and

(E) A performance bond is posted by the project proponent adequate to finance mitigation for impacts to ecological functions resulting from the project, and long-term reporting and monitoring of ecological functions;

(ii) Nothing in this subsection (5)(c) precludes the shorelines hearings board from concluding that the shoreline project or any element of the project is inconsistent with this chapter, the local shoreline master program, chapter 43.21C RCW and its implementing regulations, and the applicable shoreline regulations;

(iii) This subsection (5)(c) does not apply to permit decisions for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington;

(d) Except as authorized in (b) and (c) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(((d))) (e) Except as authorized in (b) and (c) of this subsection, if the permit is for a substantial development meeting the

requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), ((~~or~~)) (d), or (e) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

ESSB 5996 Prime Sponsor, Committee on Transportation: Concerning Washington state department of transportation projects. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 44.** It is the intent of the legislature to achieve transportation regulatory reform that expedites the delivery of transportation projects through a streamlined approach to environmental decision making. The department of transportation should work cooperatively and proactively with state regulatory and natural resource agencies, public and private sector interests, and Indian tribes to avoid project delays. The department and state regulatory and natural resource agencies should continue to implement and improve upon the successful policies, guidance, tools, and procedures that were created as a result of transportation permit efficiency and accountability committee efforts. The department should expedite project delivery and routine maintenance activities through the use of programmatic agreements and permits where possible and seek new opportunities to eliminate duplicative processes.

NEW SECTION. **Sec. 45.** The legislature recognizes the value that tribal governments provide in the review of transportation projects. The legislature expects the department to continue its efforts to provide consistent consultation and communication during the environmental review of proposed transportation projects.

NEW SECTION. **Sec. 46.** The department must streamline the permitting process by developing and maintaining positive relationships with the regulatory agencies and the Indian tribes. The department can reduce the time it takes to obtain permits by incorporating impact avoidance and minimization measures into project design and by developing complete permit applications. To streamline the permitting process, the department must:

(1) Implement a multiagency permit program, commensurate with program funding levels, consisting of appropriate regulatory agency staff with oversight and management from the department.

(a) The multiagency permit program must provide early project coordination, expedited project review, project status updates, technical and regulatory guidance, and construction support to ensure compliance.

(b) The multiagency permit program staff must assist department project teams with developing complete biological assessments and permit applications, provide suggestions for how the project can avoid and minimize impacts, and provide input regarding mitigation for unavoidable impacts;

(2) Establish, implement, and maintain programmatic agreements and permits with federal and state agencies to expedite the process of ensuring compliance with the endangered species act, section 106 of the national historic preservation act, hydraulic project approvals, the clean water act, and other federal acts as appropriate;

(3) Collaborate with permitting staff from the United States army corps of engineers, Seattle district, department of ecology, and department of fish and wildlife to develop, implement, and maintain complete permit application guidance. The guidance must identify the information that is required for agencies to consider a permit application complete; and

(4) Perform internal quality assurance and quality control to ensure that permit applications are complete before submitting them to the regulatory agencies.

NEW SECTION. **Sec. 47.** The legislature finds that an essential component of streamlined permit decision making is the ability of the department to demonstrate the capacity to meet environmental responsibilities. Therefore, the legislature directs that:

(1) Qualified environmental staff within the department must supervise the development of all environmental documentation in accordance with the department's project delivery tools;

(2) The department must conduct special prebid meetings for projects that are environmentally complex. In addition, the department must review environmental requirements related to

these projects during the preconstruction meeting held with the contractor who is awarded the bid;

(3) Environmental staff at the department, or consultant staff hired directly by the department, must conduct field inspections to ensure that project activities comply with permit conditions and environmental commitments. These inspectors:

(a) Must notify the department's project engineer when compliance with permit conditions or environmental regulations are not being met; and

(b) Must immediately notify the regulatory agencies with jurisdiction over the nonconforming work; and

(4) When a project is not complying with a permit or environmental regulation, the project engineer must immediately order the contractor to stop all nonconforming work and implement measures necessary to bring the project into compliance with permits and regulations.

NEW SECTION. **Sec. 48.** The legislature expects the department to continue its efforts to improve training and compliance. The department must:

(1) Provide training in environmental procedures and permit requirements for those responsible for project delivery activities;

(2) Require wetland mitigation sites to be designed by qualified technical specialists that meet training requirements developed by the department in consultation with the department of ecology. Environmental mitigation site improvements must have oversight by environmental staff;

(3) Develop, implement, and maintain an environmental compliance data system to track permit conditions, environmental commitments, and violations;

(4) Continue to implement the environmental compliance assurance procedure to ensure that appropriate agencies are notified and that action is taken to remedy noncompliant work as soon as possible. When work occurs that does not comply with environmental permits or regulations, the project engineer must document the lessons learned to make other project teams within the department aware of the violation to prevent reoccurrence; and

(5) Provide an annual report summarizing violations of environmental permits and regulations to the department of ecology and the legislature on March 1st of each year for violations occurring during the preceding year.

NEW SECTION. **Sec. 49.** The legislature finds that local land use reviews under chapter 90.58 RCW need to be harmonized with the efficient accomplishment of necessary maintenance and improvement to state transportation facilities. Local land use review procedures are highly variable and pose distinct challenges for linear facility maintenance and improvement projects sponsored by the department. In particular, clearer procedures for local permitting under chapter 90.58 RCW are needed to meet the objectives of chapter 36.70A RCW regarding department facilities designated as essential public facilities.

NEW SECTION. **Sec. 50.** Nothing in this chapter may be interpreted to create a private right of action or right of review. Judicial review of the department's environmental review is limited to that available under chapter 43.21C RCW or applicable federal law.

NEW SECTION. **Sec. 51.** A new section is added to chapter 47.01 RCW to read as follows:

(1) The department shall submit a report to the transportation committees of the legislature detailing engineering errors on highway construction projects resulting in project cost increases in excess of five hundred thousand dollars. The department must submit a full report within ninety days of the negotiated change order resulting from the engineering error.

(2) The department's full report must include an assessment and review of:

(a) How the engineering error happened;

(b) The department of the employee or employees responsible for the engineering error, without disclosing the name of the employee or employees;

(c) What corrective action was taken;

(d) The estimated total cost of the engineering error and how the department plans to mitigate that cost;

(e) Whether the cost of the engineering error will impact the overall project financial plan; and

(f) What action the secretary has recommended to avoid similar engineering errors in the future.

NEW SECTION. **Sec. 52.** Sections 1 through 7 of this act constitute a new chapter in Title 47 RCW.

NEW SECTION. **Sec. 53.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2015.

NEW SECTION. **Sec. 54.** This act takes effect only if chapter ... (Engrossed Substitute Senate Bill No. 5987), Laws of 2015 is enacted by June 30, 2015."

Correct the title.

ESSB 5997 Prime Sponsor, Committee on Transportation: Concerning transportation project delivery. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 55.** RCW 47.20.785 and 2006 c 37 s 1 are each amended to read as follows:

(1) The department of transportation ((~~may~~)) is authorized and strongly encouraged to use the design-build procedure for public works projects over ten million dollars ((~~where~~)) when:

(a) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(b) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or

(c) Significant savings in project delivery time would be realized.

(2) To test the applicability of the design-build procedure on smaller projects and specialty projects, the department may conduct up to five pilot projects on projects that cost between two and ten million dollars. The department shall evaluate these pilot projects with respect to cost, time to complete, efficiencies gained, if any, and other pertinent information to facilitate analysis regarding the further use of the design-build process on projects of this size. This subsection expires upon the completion of the five pilot projects authorized under this subsection.

NEW SECTION. **Sec. 56.** (1) The joint transportation committee must convene a design-build contracting review panel to examine the department's implementation and use of design-build contracting under RCW 47.20.785.

(2) The design-build contracting review panel must provide a report detailing any recommended changes or improvements that the

department of transportation should make to the design-build process in order to maximize cost and schedule efficiencies and ensure that design risk is borne by the appropriate party. The report is due to the transportation committees of the legislature and the governor by December 1, 2016.

(3) The design-build contracting review panel must be comprised of six members, two of which are nationally recognized experts in the field of design-build project delivery, a representative from the association of general contractors, a representative from the American council of engineering companies of Washington, a representative of the professional and technical employees local 17, and a representative from the department of transportation. The two nationally recognized experts must be selected cooperatively by the chairs and ranking members of the senate and house transportation committees from of a list of five to seven proposed candidates provided by the secretary of transportation and the governor. The chair of the design-build contracting review panel must be designated by the appointing authorities. The two experts serving on the panel must be compensated at a rate commensurate with their experience, including reimbursement for expenses according to RCW 43.03.050 and 43.03.060. The joint transportation committee will provide staff support to the design-build contracting review panel.

(4) This section expires June 30, 2017.

NEW SECTION. **Sec. 57.** A new section is added to chapter 47.01 RCW to read as follows:

(1) The department must develop a construction program business plan that incorporates findings of the report required in section 2 of this act and also outlines a sustainable staffing level of state-employed engineering staff, adjusted as necessary by additional sustainable revenue and modeled and optimized to address long-term needs in preservation and improvement programs through multiple biennia.

(2) The sustainable staffing level recognizes that it is in the state's interest that periodic increases in workload due to increases in construction funding are best addressed through the use of contract engineering resources in conjunction with limited and flexible augmentations to department staffing levels as necessary for project oversight, accountability, and delivery.

(3) To provide the appropriate management oversight and accountability of the use of contracted services, the plan must also make recommendations on the development of a strong owner strategy that addresses state employee training, career development, and competitive compensation.

(4) The department must submit the plan to the office of financial management and appropriate committees of the legislature one hundred eighty days after the report in section 2 of this act is completed. The department must submit progress reports on implementation of the plan biennially beginning September 30, 2018, until September 30, 2030. The elements of the plan must include:

(a) Sustainable staffing levels to address long-term needs in preservation and improvement programs;

(b) Employee recruitment, retention, training, and compensation status;

(c) Project delivery methods for design and construction; and

(d) A comparison of Washington state to national trends and methods.

(5) To assist in the development of the plan, the department must convene an advisory group to be comprised of the following members:

(a) One representative of the professional and technical employees local 17 to represent the nonmanagement engineering and technical employees of the department;

(b) One member of the managerial engineering and technical staff of the department, who must serve as chair of the advisory group;

(c) One member appointed by the American council of engineering companies of Washington to represent the private design industry; and

(d) One member appointed by the associated general contractors of Washington to represent the private construction industry.

NEW SECTION. **Sec. 58.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2015.

"**Sec. 704.** RCW 46.63.170 and 2013 c 306 s 711 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, except during the 2015-2017 fiscal biennium; railroad crossing((,)); or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Except during the 2015-2017 fiscal biennium, intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 and 2013-2015 fiscal biennia, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in

the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) During the 2015-2017 fiscal biennium, an automated traffic safety camera may not be used to detect a vehicle's failure to stop when facing a steady red traffic control signal.

(3) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(((~~(3)~~))) (2). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(((~~(3)~~))) (4) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(((~~(4)~~))) (5) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(((~~(5)~~))) (6) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 and 2013-2015 fiscal biennia, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013.

(((~~(6)~~))) (7) During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6), chapter 306, Laws of 2013."

Representative Wylie moved the adoption of amendment (354):

On page 10, line 24, increase the Motor Vehicle Account--State Appropriation by $100,000

On page 10, line 27, correct the total.

On page 13, after line 19, insert the following:

"(5)(a) $100,000 of the motor vehicle account-state appropriation is provided solely for a bi-state project legislative work group coordinated and staffed by the transportation commission.

(b) The legislature finds that both Washington and Oregon recognize the need for improving the capacity of Interstate 5 adjacent to and over the Columbia river and that the legislatures of each state need basic oversight of the process. The legislature recognizes that the development of a bi-state project takes years of hard work and difficult decisions and to achieve development of a successful bi-state project it must be pursued in a manner that will build and maintain bi-state trust and positive working relationships to ensure economic growth and productivity in the entire region prior to reaching a federal record of decision. The legislature also recognizes that area legislators will be called upon to seek funding of any project developed, and therefore must be involved in the development of the project from the beginning.

(c) The legislature further finds that in order to accomplish the findings in subsection (b), it is necessary to form a bi-state bi-partisan project legislative work group, and that it may be beneficial to consult with the William D. Ruckelshaus Center and the Oregon Consensus Center to act as a neutral resource to gather input, provide scoping of potential stakeholders to engage diverse interests, and help facilitate the creation of the work group. Although the primary purpose of this facilitated effort is to establish a process that includes appropriate legislative involvement, it is not the intention to exclude stakeholders or existing expertise or useful work products already established. The work group will define and recommend the ongoing legislative role in moving forward with the bi-state project and report that recommendation to the legislature for any required action.

(d) The bi-state project legislative work group shall facilitate strong public participation and input throughout the initial development stages to identify the most affordable, efficient project that improves freight mobility, safety, relieves traffic congestion, and meets the future needs of the region and the transportation corridor.

(e) The bi-state project legislative work group shall consist of bi-partisan members of the Washington and Oregon state legislatures who represent the districts adjacent to the project and be members of their respective transportation committees. Each legislative member will have an equal vote on matters considered by the committee. The work group will consider options for capacity, safety, sufficiency, public support, and cost effectiveness in developing a solution to meet the needs of the corridor. To the extent feasible, the design shall incorporate existing infrastructure and allow for its future maintenance and improvement.

(f) While not official voting members of the bi-state project legislative work group, it is assumed that local, regional, technical, legal, and other planning and transportation resources and stakeholders required for a project of this type will not be supplanted or precluded from appropriate involvement.

(g) The bi-state project legislative work group must report its final recommendations to the transportation committees of the legislature by December 1, 2016 and will provide annual updates on the project to the legislature thereafter until the project is complete."

On page 35, line 24, after "available" insert "first to make up any difference between expected revenue and actual revenue to the extent that such difference is attributable to the limitations imposed in section 709 of this act. Any additional savings must be made available"

On page 75, after line 12, insert the following:

"**Sec. 709.** RCW 47.56.880 and 2011 c 369 s 3 are each amended to read as follows:

(1) The imposition of tolls for express toll lanes on Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end is authorized, Interstate 405 is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ensure that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate 405. The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local

jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) During the 2015-2017 fiscal biennium, to provide better customer service, including avoiding confusion for customers and providing consistency across the transportation system, the department must meet the requirements of this subsection.

(a) During the first one hundred eighty days of operation of any segment of the Interstate 405 express toll lanes, the department must offer travel in the Interstate 405 express toll lanes free of charge at all times for vehicles carrying two or more people. After this period, the department may require three or more people in a vehicle in order to qualify for toll-free travel in a segment of the express toll lanes if necessary to comply with federal requirements. In determining whether toll-free access to the express toll lanes must be limited to vehicles carrying three or more people, the department must analyze each segment of the Interstate 405 express toll lane separately. For the purposes of this section, the portion of Interstate 405 on which there will be two express toll lanes running in each direction shall be considered one segment, and the portion of Interstate 405 on which there will be one express toll lane running in each direction shall be considered another segment.

(b) During the evening hours after peak traffic demand until 5 a.m.: (i) The department may not assess toll charges for travel in the Interstate 405 express toll lanes, and (ii) the department may not restrict access to these lanes based upon the number of people in the vehicle.

(5) The department shall monitor the express toll lanes project and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all Interstate 405 express toll lane-related operating costs;

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways; and

(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.

(((~~(5)~~))) (6)(a) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (((~~(4)~~))) (5)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.

(b) During the 2015-2017 fiscal biennium, for the purposes of this subsection (6), "operation of the express toll lanes on Interstate 405" means the operation of express toll lanes along the entire length of Interstate 405 between Lynnwood and where State Route 167 meets Interstate 405.

(((~~(6)~~))) (7) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes project.

(((~~(7)~~))) (8) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction.

(9) During the 2015-2017 fiscal biennium, any savings on Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available first to make up any difference between expected revenue and actual revenue to the extent that such difference is attributable to the limitations imposed in this section. Any additional savings must be made available to any other project on the corridor."

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state's interest without permission from the department.

SECOND SUBSTITUTE SENATE BILL NO. 5052, by Senate Committee on Ways & Means (originally sponsored by Senators Rivers, Hatfield and Conway)

Establishing the cannabis patient protection act.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Health Care & Wellness was not adopted. (For Committee amendment, see Journal, Day 67, March 19, 2015).

With the consent of the house, amendments (391), (398), (401), (402), (403) and (404) were withdrawn.

Representative Cody moved the adoption of amendment (338):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 64.** This act may be known and cited as the cannabis patient protection act.

NEW SECTION. **Sec. 65.** The legislature finds that since voters approved Initiative Measure No. 692 in 1998, it has been the public policy of the state to permit the medical use of marijuana. Between 1998 and the present day, there have been multiple legislative attempts to clarify what is meant by the medical use of marijuana and to ensure qualifying patients have a safe, consistent, and adequate source of marijuana for their medical needs.

The legislature further finds that qualifying patients are people with serious medical conditions and have been responsible for finding their own source of marijuana for their own personal medical use. Either by growing it themselves, designating someone to grow for them, or participating in collective gardens, patients have developed methods of access in spite of continued federal opposition to the medical use of marijuana. In a time when access itself was an issue and no safe, consistent source of marijuana was available, this unregulated system was permitted by the state to ensure some, albeit limited, access to marijuana for medical use. Also permitted were personal possession limits of fifteen plants and twenty-four ounces of useable marijuana, which was deemed to be the amount of marijuana needed for a sixty-day supply. In a time when supply was not consistent, this amount of marijuana was necessary to ensure patients would be able to address their immediate medical needs.

The legislature further finds that while possession amounts are provided in statute, these do not amount to protection from arrest and prosecution for patients. In fact, patients in compliance with state law are not provided arrest protection. They may be arrested and their only remedy is to assert an affirmative defense at trial that they are in compliance with the law and have a medical need. Too many patients using marijuana for medical purposes today do not know this; many falsely believe they cannot be arrested so long as their health care provider has authorized them for the medical use of marijuana.

The legislature further finds that in 2012 voters passed Initiative Measure No. 502 which permitted the recreational use of marijuana. For the first time in our nation's history, marijuana would be regulated, taxed, and sold for recreational consumption. Initiative Measure No. 502 provides for strict regulation on the production, processing, and distribution of marijuana. Under Initiative Measure No. 502, marijuana is trackable from seed to sale and may only be sold or grown under license. Marijuana must be tested for impurities and purchasers of marijuana must be informed of the THC level in the marijuana. Since its passage, two hundred fifty producer/processor licenses and sixty-three retail licenses have been issued, covering the majority of the state. With the current product canopy exceeding 2.9 million square feet, and retailers in place, the state now has a system of safe, consistent, and adequate access to marijuana; the marketplace is not the same marketplace envisioned by the voters in 1998. While medical needs remain, the state is in the untenable position of having a recreational product that is tested and subject to production standards that ensure safe access for recreational users. No such standards exist for medical users and,

consequently, the very people originally meant to be helped through the medical use of marijuana do not know if their product has been tested for molds, do not know where their marijuana has been grown, have no certainty in the level of THC or CBD in their products, and have no assurances that their products have been handled through quality assurance measures. It is not the public policy of the state to allow qualifying patients to only have access to products that may be endangering their health.

The legislature, therefore, intends to adopt a comprehensive act that uses the regulations in place for the recreational market to provide regulation for the medical use of marijuana. It intends to ensure that patients retain their ability to grow their own marijuana for their own medical use and it intends to ensure that patients have the ability to possess more marijuana-infused products, useable marijuana, and marijuana concentrates than what is available to a nonmedical user. It further intends that medical specific regulations be adopted as needed and under consultation of the departments of health and agriculture so that safe handling practices will be adopted and so that testing standards for medical products meet or exceed those standards in use in the recreational market.

The legislature further intends that the costs associated with implementing and administering the medical marijuana authorization database shall be financed from the health professions account and that these funds shall be restored to the health professions account through future appropriations using funds derived from the dedicated marijuana account.

Every marijuana retailer's license shall be issued in the name of the applicant, shall specify the location of the retail outlet the licensee intends to operate, which must be within the state of Washington, and the holder thereof shall not allow any other person to use the license. The application fee for a marijuana retailer's license shall be two hundred fifty dollars. The annual fee for issuance and renewal of a marijuana retailer's license shall be one thousand dollars. A separate license shall be required for each location at which a marijuana retailer intends to sell marijuana concentrates, useable marijuana, and marijuana-infused products.

Sec. 69. RCW 69.50.331 and 2013 c 3 s 6 are each amended to read as follows:

(1) For the purpose of considering any application for a license to produce, process, or sell marijuana, or for the renewal of a license to produce, process, or sell marijuana, the state liquor ((~~control~~)) and cannabis board must conduct a comprehensive, fair, and impartial evaluation of the applications timely received.

(a) The state liquor and cannabis board must develop a competitive, merit-based application process that includes, at a minimum, the opportunity for an applicant to demonstrate experience and qualifications in the marijuana industry. The state liquor and cannabis board shall give preference between competing applications in the licensing process to applicants that have the following experience and qualifications, in the following order of priority:

(i) First priority is given to applicants who applied to the state liquor and cannabis board for a marijuana retailer license prior to July 1, 2014;

(ii) Second priority is given to applicants who operated or were employed by a collective garden before January 1, 2013, had a state business license and a municipal business license, as applicable in the relevant jurisdiction, and had a history of paying all applicable state taxes and fees; and

(iii) Third priority shall be given to all other applicants who do not have the experience and qualifications identified in (a)(i) and (ii) of this subsection.

(b) The state liquor and cannabis board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor ((~~control~~)) and cannabis board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor ((~~control~~)) and cannabis board and a criminal history record information check. The state liquor ((~~control~~)) and cannabis

board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor ((~~control~~)) and cannabis board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to these cases. Subject to the provisions of this section, the state liquor ((~~control~~)) and cannabis board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (9) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor ((~~control~~)) and cannabis board to any staff member the board designates in writing. Conditions for granting this authority shall be adopted by rule.

(c) No license of any kind may be issued to:

(((~~a~~))) (i) A person under the age of twenty-one years;

(((~~b~~))) (ii) A person doing business as a sole proprietor who has not lawfully resided in the state for at least three months prior to applying to receive a license;

(((~~c~~))) (iii) A partnership, employee cooperative, association, nonprofit corporation, or corporation unless formed under the laws of this state, and unless all of the members thereof are qualified to obtain a license as provided in this section; or

(((~~d~~))) (iv) A person whose place of business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications required of the licensee.

(2)(a) The state liquor ((~~control~~)) and cannabis board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for producing, processing, or selling marijuana, useable marijuana, or marijuana-infused products thereunder shall be suspended or terminated, as the case may be.

(b) The state liquor ((~~control~~)) and cannabis board shall immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license shall be automatic upon the state liquor ((~~control~~)) and cannabis board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor ((~~control~~)) and cannabis board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor ((~~control~~)) and cannabis board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the state liquor ((~~control~~)) and cannabis board or a subpoena issued by the state liquor ((~~control~~)) and cannabis board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the state liquor ((~~control~~)) and cannabis board. Where the license has been suspended only, the state liquor ((~~control~~)) and cannabis board shall return the license to the licensee at the expiration or termination of the period of suspension. The state liquor ((~~control~~)) and cannabis board shall notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

(4) Every license issued under chapter 3, Laws of 2013 shall be subject to all conditions and restrictions imposed by chapter 3, Laws of 2013 or by rules adopted by the state liquor ((~~control~~)) and cannabis board to implement and enforce chapter 3, Laws of 2013. All conditions and restrictions imposed by the state liquor ((~~control~~)) and cannabis board in the issuance of an individual license shall be listed on the face of the individual license along with the trade name, address, and expiration date.

(5) Every licensee shall post and keep posted its license, or licenses, in a conspicuous place on the premises.

(6) No licensee shall employ any person under the age of twenty-one years.

(7)(a) Before the state liquor ((~~control~~)) and cannabis board issues a new or renewed license to an applicant it shall give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the state liquor ((~~control~~)) and cannabis board within twenty days after the date of transmittal of the notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewed license is asked. The state liquor ((~~control~~)) and cannabis board may extend the time period for submitting written objections.

(c) The written objections shall include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the state liquor ((~~control~~)) and cannabis board may in its discretion hold, a hearing subject to the applicable provisions of Title 34 RCW. If the state liquor ((~~control~~)) and cannabis board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor ((~~control~~)) and cannabis board representatives shall present and defend the state liquor ((~~control~~)) and cannabis board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the state liquor ((~~control~~)) and cannabis board shall send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

(8) The state liquor ((~~control~~)) and cannabis board shall not issue a license for any premises within one thousand feet of the perimeter of the grounds of any elementary or secondary school,

playground, recreation center or facility, child care center, public park, public transit center, or library, or any game arcade admission to which is not restricted to persons aged twenty-one years or older.

(9) In determining whether to grant or deny a license or renewal of any license, the state liquor ((~~control~~)) and cannabis board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest.

Sec. 70. RCW 69.50.342 and 2013 c 3 s 9 are each amended to read as follows:

(1) For the purpose of carrying into effect the provisions of chapter 3, Laws of 2013 according to their true intent or of supplying any deficiency therein, the state liquor ((~~control~~)) and cannabis board may adopt rules not inconsistent with the spirit of chapter 3, Laws of 2013 as are deemed necessary or advisable. Without limiting the generality of the preceding sentence, the state liquor ((~~control~~)) and cannabis board is empowered to adopt rules regarding the following:

(2) Rules adopted on retail outlets holding medical marijuana endorsements must be adopted in coordination and consultation with the department.

Sec. 71. RCW 69.50.345 and 2013 c 3 s 10 are each amended to read as follows:

The state liquor ((~~control~~)) and cannabis board, subject to the provisions of this chapter ((~~3, Laws of 2013~~)), must adopt rules ((~~by December 1, 2013,~~)) that establish the procedures and criteria necessary to implement the following:

(1) Licensing of marijuana producers, marijuana processors, and marijuana retailers, including prescribing forms and establishing application, reinstatement, and renewal fees.

(a) Application forms for marijuana producers must request the applicant to state whether the applicant intends to produce marijuana for sale by marijuana retailers holding medical marijuana endorsements and the amount of or percentage of canopy the applicant intends to commit to growing plants determined by the department under section 10 of this act to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products sold to qualifying patients.

(b) The state liquor and cannabis board must reconsider and increase limits on the amount of square feet permitted to be in production on the effective date of this section and increase the percentage of production space for those marijuana producers who intend to grow plants for marijuana retailers holding medical marijuana endorsements if the marijuana producer designates the increased production space to plants determined by the department under section 10 of this act to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products to be sold to qualifying patients. If current marijuana producers do not use all the increased production space, the state liquor and cannabis

board may reopen the license period for new marijuana producer license applicants but only to those marijuana producers who agree to grow plants for marijuana retailers holding medical marijuana endorsements. Priority in licensing must be given to marijuana producer license applicants who have an application pending on the effective date of this section but who are not yet licensed and then to new marijuana producer license applicants. After January 1, 2017, any reconsideration of the limits on the amount of square feet permitted to be in production to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in section 21 of this act;

(2) Determining, in consultation with the office of financial management, the maximum number of retail outlets that may be licensed in each county, taking into consideration:

(a) Population distribution;

(b) Security and safety issues; ((and))

(c) The provision of adequate access to licensed sources of marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(d) The number of retail outlets holding medical marijuana endorsements necessary to meet the medical needs of qualifying patients. The state liquor and cannabis board must reconsider and increase the maximum number of retail outlets it established before the effective date of this section and allow for a new license application period and a greater number of retail outlets to be permitted in order to accommodate the medical needs of qualifying patients and designated providers. After January 1, 2017, any reconsideration of the maximum number of retail outlets needed to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in section 21 of this act;

(3) Determining the maximum quantity of marijuana a marijuana producer may have on the premises of a licensed location at any time without violating Washington state law;

(4) Determining the maximum quantities of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana processor may have on the premises of a licensed location at any time without violating Washington state law;

(5) Determining the maximum quantities of marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana retailer may have on the premises of a retail outlet at any time without violating Washington state law;

(6) In making the determinations required by ((~~subsections (3) through (5) of~~)) this section, the state liquor ((~~control~~)) and cannabis board shall take into consideration:

(a) Security and safety issues;

(b) The provision of adequate access to licensed sources of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(c) Economies of scale, and their impact on licensees' ability to both comply with regulatory requirements and undercut illegal market prices;

(7) Determining the nature, form, and capacity of all containers to be used by licensees to contain marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products, and their labeling requirements, to include but not be limited to:

(a) The business or trade name and Washington state unified business identifier number of the licensees that ((~~grew,~~)) processed((~~,~~)) and sold the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(b) Lot numbers of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(c) THC concentration and CBD concentration of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(d) Medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(e) Language required by RCW 69.04.480;

(8) In consultation with the department of agriculture and the department, establishing classes of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products according to grade, condition, cannabinoid profile, THC concentration, CBD concentration, or other qualitative measurements deemed appropriate by the state liquor ((~~control~~)) and cannabis board;

(9) Establishing reasonable time, place, and manner restrictions and requirements regarding advertising of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products that are not inconsistent with the provisions of this chapter ((~~3, Laws of 2013~~)), taking into consideration:

(a) Federal laws relating to marijuana that are applicable within Washington state;

(b) Minimizing exposure of people under twenty-one years of age to the advertising; ((~~and~~))

(c) The inclusion of medically and scientifically accurate information about the health and safety risks posed by marijuana use in the advertising; and

(d) Ensuring that retail outlets with medical marijuana endorsements may advertise themselves as medical retail outlets;

(10) Specifying and regulating the time and periods when, and the manner, methods, and means by which, licensees shall transport and deliver marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products within the state;

(11) In consultation with the department and the department of agriculture, establishing accreditation requirements for testing laboratories used by licensees to demonstrate compliance with standards adopted by the state liquor ((~~control~~)) and cannabis board, and prescribing methods of producing, processing, and packaging marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products; conditions of sanitation; and standards of ingredients, quality, and identity of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, or sold by licensees;

(12) Specifying procedures for identifying, seizing, confiscating, destroying, and donating to law enforcement for training purposes all marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, labeled, or offered for sale in this state that do not conform in all respects to the standards prescribed by this chapter ((~~3, Laws of 2013~~)) or the rules of the state liquor ((~~control~~)) and cannabis board.

Sec. 72. RCW 69.50.354 and 2014 c 192 s 3 are each amended to read as follows:

There may be licensed, in no greater number in each of the counties of the state than as the state liquor ((~~control~~)) and cannabis board shall deem advisable, retail outlets established for the purpose of making marijuana concentrates, useable marijuana, and marijuana-infused products available for sale to adults aged twenty-one and over. Retail sale of marijuana concentrates, useable marijuana, and marijuana-infused products in accordance with the provisions of this chapter ((~~3, Laws of 2013~~)) and the rules adopted to implement and enforce it, by a validly licensed marijuana retailer or retail outlet employee, shall not be a criminal or civil offense under Washington state law.

NEW SECTION. **Sec. 73.** A new section is added to chapter 69.50 RCW to read as follows:

(3) To be issued an endorsement, a marijuana retailer must:

(a) Not authorize the medical use of marijuana for qualifying patients at the retail outlet or permit health care professionals to authorize the medical use of marijuana for qualifying patients at the retail outlet;

(b) Labeling requirements including that the labels attached to marijuana concentrates, useable marijuana, or marijuana-infused products contain THC concentration, CBD concentration, and THC to CBD ratios;

(c) Other product requirements, including any additional mold, fungus, or pesticide testing requirements, or limitations to the types of solvents that may be used in marijuana processing that the department deems necessary to address the medical needs of qualifying patients;

(e) Training requirements for employees.

(4) Licensed marijuana retailers shall not display any signage in a window, on a door, or on the outside of the premises of a retail outlet that is visible to the general public from a public right-of-way, other than a single sign no larger than one thousand six hundred square inches identifying the retail outlet by the licensee's business or trade name. Retail outlets that hold medical marijuana endorsements may include this information on signage.

(((~~(4)~~))) (5) Licensed marijuana retailers shall not display marijuana concentrates, useable marijuana, or marijuana-infused products in a manner that is visible to the general public from a public right-of-way.

(((~~(5)~~))) (6) No licensed marijuana retailer or employee of a retail outlet shall open or consume, or allow to be opened or consumed, any marijuana concentrates, useable marijuana, or marijuana-infused product on the outlet premises.

(((~~(6)~~))) (7) The state liquor ((~~control~~)) and cannabis board shall fine a licensee one thousand dollars for each violation of any subsection of this section. Fines collected under this section must be deposited into the dedicated marijuana fund created under RCW 69.50.530.

Sec. 76. RCW 69.50.360 and 2014 c 192 s 5 are each amended to read as follows:

The following acts, when performed by a validly licensed marijuana retailer or employee of a validly licensed retail outlet in compliance with rules adopted by the state liquor ((~~control~~)) and cannabis board to implement and enforce chapter 3, Laws of 2013,

(iv) Crohn's disease; and

(v) Some forms of intractable pain.

(b) Humanitarian compassion necessitates that the decision to use ((~~cannabis~~)) marijuana by patients with terminal or debilitating medical conditions is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.

(2) Therefore, the legislature intends that, so long as such activities are in strict compliance with this chapter:

(a) Qualifying patients with terminal or debilitating medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of ((~~cannabis~~)) marijuana, shall not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based solely on their medical use of ((~~cannabis~~)) marijuana, notwithstanding any other provision of law;

(b) Persons who act as designated providers to such patients shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of ((~~cannabis~~)) marijuana; and

(c) Health care professionals shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law for the proper authorization of medical use of ((~~cannabis~~)) marijuana by qualifying patients for whom, in the health care professional's professional judgment, the medical use of ((~~cannabis~~)) marijuana may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of ((~~cannabis~~)) marijuana for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of ((~~cannabis~~)) marijuana would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of ((~~cannabis~~)) marijuana in any correctional facility or jail.

The qualifying patient or designated provider may also grow, in his or her domicile, up to six plants for the personal medical use of the qualifying patient and possess up to eight ounces of useable marijuana produced from his or her plants. These amounts shall be specified on the recognition card that is issued to the qualifying patient or designated provider.

(2) If the health care professional determines that the medical needs of a qualifying patient exceed the amounts provided for in subsection (1) of this section, the health care professional must specify on the authorization that it is recommended that the patient be allowed to grow, in his or her domicile, up to fifteen plants for the personal medical use of the patient. A patient so authorized may possess up to sixteen ounces of useable marijuana in his or her domicile. The number of plants must be entered into the medical marijuana authorization database by the marijuana retailer with a medical marijuana endorsement and specified on the recognition card that is issued to the qualifying patient or designated provider.

(3) If a qualifying patient or designated provider with an authorization from a health care professional has not been entered into the medical marijuana authorization database, he or she may not receive a recognition card and may only purchase at a retail outlet, whether it holds a medical marijuana endorsement or not, the amounts established in RCW 69.50.360. In addition the qualifying patient or the designated provider may grow, in his or her domicile, up to four plants for the personal medical use of the qualifying patient and possess up to six ounces of useable marijuana in his or her domicile.

(b) The parent or guardian acts as the designated provider for the minor and has sole control over the minor's marijuana.

(2) The minor may not grow plants or purchase marijuana-infused products, useable marijuana, or marijuana concentrates from a marijuana retailer with a medical marijuana endorsement.

(3) Both the minor and the minor's parent or guardian who is acting as the designated provider must be entered in the medical marijuana authorization database and hold a recognition card.

(4) A health care professional who authorizes the medical use of marijuana by a minor must do so as part of the course of treatment of the minor's terminal or debilitating medical condition. If authorizing a minor for the medical use of marijuana, the health care professional must:

(a) Consult with other health care providers involved in the minor's treatment, as medically indicated, before authorization or reauthorization of the medical use of marijuana; and

(b) Reexamine the minor at least once every six months or more frequently as medically indicated. The reexamination must:

(i) Determine that the minor continues to have a terminal or debilitating medical condition and that the condition benefits from the medical use of marijuana; and

(ii) Include a follow-up discussion with the minor's parent or guardian to ensure the parent or guardian continues to participate in the treatment of the minor.

NEW SECTION. **Sec. 84.** A new section is added to chapter 69.51A RCW to read as follows:

(1) The department must contract with an entity to create, administer, and maintain a secure and confidential medical marijuana authorization database that, beginning July 1, 2016, allows:

(a) A marijuana retailer with a medical marijuana endorsement to add a qualifying patient or designated provider and include the amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under section 19 of this act;

(b) Persons authorized to prescribe or dispense controlled substances to access health care information on their patients for the purpose of providing medical or pharmaceutical care for their patients;

(d) Appropriate local, state, tribal, and federal law enforcement or prosecutorial officials who are engaged in a bona fide specific investigation of suspected marijuana-related activity that may be illegal under Washington state law to confirm the validity of the recognition card of a qualifying patient or designated provider;

(e) A marijuana retailer holding a medical marijuana endorsement to confirm the validity of the recognition card of a qualifying patient or designated provider;

(f) The department of revenue to verify tax exemptions under chapters 82.08 and 82.12 RCW;

(g) The department and the health care professional's disciplining authorities to monitor authorizations and ensure compliance with this chapter and chapter 18.130 RCW by their licensees; and

(h) Authorizations to expire six months or one year after entry into the medical marijuana authorization database, depending on whether the authorization is for a minor or an adult.

(2) A qualifying patient and his or her designated provider, if any, may be placed in the medical marijuana authorization database at a marijuana retailer with a medical marijuana endorsement. After a qualifying patient or designated provider is placed in the medical marijuana authorization database, he or she must be provided with a recognition card that contains identifiers required in subsection (3) of this section.

(3) The recognition card requirements must be developed by the department in rule and include:

(a) A randomly generated and unique identifying number;

(b) For designated providers, the unique identifying number of the qualifying patient whom the provider is assisting;

For qualifying patients who are under the age of eighteen and their designated providers, recognition cards are valid for six months from the date the health care professional issued the authorization. Qualifying patients may not be reentered into the medical marijuana authorization database until they have been reexamined by a health care professional and determined to meet the definition of qualifying patient. After reexamination, a marijuana retailer with a medical marijuana endorsement must reenter the qualifying patient or designated provider into the medical marijuana authorization database and a new recognition card will then be issued in accordance with department rules.

(5) If a recognition card is lost or stolen, a marijuana retailer with a medical marijuana endorsement, in conjunction with the database administrator, may issue a new card that will be valid for six months to one year if the patient is reexamined by a health care professional and determined to meet the definition of qualifying patient and depending on whether the patient is under the age of eighteen or eighteen years of age or older as provided in subsection (4) of this section. If a reexamination is not performed, the expiration date of the replacement recognition card must be the same as the lost or stolen recognition card.

(6) The database administrator must remove qualifying patients and designated providers from the medical marijuana authorization database upon expiration of the recognition card. Qualifying patients and designated providers may request to remove themselves from the medical marijuana authorization database before expiration of a recognition card and health care professionals may request to remove qualifying patients and designated providers from the medical marijuana authorization database if the patient or provider no longer qualifies for the medical use of marijuana. The database administrator must retain database records for at least five calendar years to permit the state liquor and cannabis board and the department of revenue to verify eligibility for tax exemptions.

(7) During development of the medical marijuana authorization database, the database administrator must consult with the department, stakeholders, and persons with relevant expertise to include, but not be limited to, qualifying patients, designated providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab or a certified cyber security firm, vendor, or service.

(8) The medical marijuana authorization database must meet the following requirements:

(d) The database must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(9)(a) Personally identifiable information of qualifying patients and designated providers included in the medical marijuana authorization database is confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW.

(b) Information contained in the medical marijuana authorization database may be released in aggregate form, with all personally identifying information redacted, for the purpose of statistical analysis and oversight of agency performance and actions.

(c) Information contained in the medical marijuana authorization database shall not be shared with the federal government or its agents unless the particular patient or designated provider is convicted in state court for violating this chapter or chapter 69.50 RCW.

(10)(a) The department must charge a one dollar fee for each initial and renewal recognition card issued by a marijuana retailer with a medical marijuana endorsement. The marijuana retailer with a medical marijuana endorsement shall collect the fee from the qualifying patient or designated provider at the time that he or she is entered into the database and issued a recognition card. The department shall establish a schedule for marijuana retailers with a medical marijuana endorsement to remit the fees collected. Fees collected under this subsection shall be deposited into the health professions account created under RCW 43.70.320.

The report must specify amounts from the health professions account used to finance the establishment and administration of the medical marijuana authorization database as well as estimates of the continuing costs associated with operating the medical marijuana database. The report must also provide initial enrollment figures in the medical marijuana authorization database and estimates of expected future enrollment.

(11) If the database administrator fails to comply with this section, the department may cancel any contracts with the database administrator and contract with another database administrator to continue administration of the database. A database administrator who fails to comply with this section is subject to a fine of up to five thousand dollars in addition to any penalties established in the contract. Fines collected under this section must be deposited into the health professions account created under RCW 43.70.320.

(12) The department may adopt rules to implement this section.

NEW SECTION. **Sec. 89.** A new section is added to chapter 69.51A RCW to read as follows:

(1) Qualifying patients or designated providers may form a cooperative and share responsibility for acquiring and supplying the resources needed to produce and process marijuana only for the medical use of members of the cooperative. No more than four qualifying patients or designated providers may become members of a cooperative under this section and all members must hold valid

recognition cards. All members of the cooperative must be at least twenty-one years old. The designated provider of a qualifying patient who is under twenty-one years old may be a member of a cooperative on the qualifying patient's behalf.

(2) Cooperatives may not be located within one mile of a marijuana retailer. People who wish to form a cooperative must register the location with the state liquor and cannabis board and this is the only location where cooperative members may grow or process marijuana. This registration must include the names of all participating members and copies of each participant's recognition card. Only qualifying patients or designated providers registered with the state liquor and cannabis board in association with the location may participate in growing or receive useable marijuana or marijuana-infused products grown at that location. The state liquor and cannabis board must deny the registration of any cooperative if the location is within one mile of a marijuana retailer.

(3) If a qualifying patient or designated provider no longer participates in growing at the location, he or she must notify the state liquor and cannabis board within fifteen days of the date the qualifying patient or designated provider ceases participation. The state liquor and cannabis board must remove his or her name from connection to the cooperative. Additional qualifying patients or designated providers may not join the cooperative until sixty days have passed since the date on which the last qualifying patient or designated provider notifies the state liquor and cannabis board that he or she no longer participates in that cooperative.

(4) Qualifying patients or designated providers who participate in a cooperative under this section:

(a) May grow up to the total amount of plants for which each participating member is authorized on their recognition cards, up to a maximum of sixty plants. At the location, the qualifying patients or designated providers may possess the amount of useable marijuana that can be produced with the number of plants permitted under this subsection, but no more than seventy-two ounces;

(b) May only participate in one cooperative;

(c) May only grow plants in the cooperative and if he or she grows plants in the cooperative may not grow plants elsewhere;

(d) Must provide assistance in growing plants. A monetary contribution or donation is not to be considered assistance under this section. Participants must provide nonmonetary resources and labor in order to participate; and

(e) May not sell, donate, or otherwise provide marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to a person who is not participating under this section.

(5) The location of the cooperative must be the domicile of one of the participants. Only one cooperative may be located per property tax parcel. A copy of each participant's recognition card must be kept at the location at all times.

(6) The state liquor and cannabis board may adopt rules to implement this section including:

(a) Any security requirements necessary to ensure the safety of the cooperative and to reduce the risk of diversion from the cooperative;

(b) A seed to sale traceability model that is similar to the seed to sale traceability model used by licensees that will allow the state liquor and cannabis board to track all marijuana grown in a cooperative.

(7) The state liquor and cannabis board or law enforcement may inspect a cooperative registered under this section to ensure members are in compliance with this section. The state liquor and cannabis board must adopt rules on reasonable inspection hours and reasons for inspections.

NEW SECTION. **Sec. 90.** A new section is added to chapter 69.51A RCW to read as follows:

(1) Notwithstanding any other provision of this chapter and even if multiple qualifying patients or designated providers reside in the same housing unit, no more than fifteen plants may be grown or located in any one housing unit other than a cooperative established pursuant to section 26 of this act.

(2) Neither the production nor processing of marijuana or marijuana-infused products pursuant to this section nor the storage or growing of plants may occur if any portion of such activity can be readily seen by normal unaided vision or readily smelled from a public place or the private property of another housing unit.

(3) Cities, towns, counties, and other municipalities may create and enforce civil penalties, including abatement procedures, for the growing or processing of marijuana and for keeping marijuana plants beyond or otherwise not in compliance with this section.

NEW SECTION. **Sec. 91.** A new section is added to chapter 69.51A RCW to read as follows:

(1) Once the state liquor and cannabis board adopts rules under subsection (2) of this section, qualifying patients or designated providers may only extract or separate the resin from marijuana or produce or process any form of marijuana concentrates or marijuana-infused products in accordance with those standards.

(2) The state liquor and cannabis board must adopt rules permitting qualifying patients and designated providers to extract or separate the resin from marijuana using noncombustable methods. The rules must provide the noncombustible methods permitted and any restrictions on this practice.

Sec. 92. RCW 69.51A.045 and 2011 c 181 s 405 are each amended to read as follows:

(2) An investigating ((~~peace~~)) law enforcement officer may seize ((~~cannabis~~)) plants, marijuana concentrates, useable ((~~cannabis~~)) marijuana, or ((~~cannabis~~)) marijuana-infused products exceeding the amounts set forth in ((~~RCW 69.51A.040(1): PROVIDED, That~~)) this chapter. In the case of ((~~cannabis~~)) plants, the qualifying patient or designated provider shall be allowed to select the plants that will remain at the location. The officer and his or her law enforcement agency may not be held civilly liable for failure to seize ((~~cannabis~~)) marijuana in this circumstance.

Sec. 93. RCW 69.51A.055 and 2011 c 181 s 1105 are each amended to read as follows:

On page 1 of the striking amendment strike all material after line 2 and insert the following:

"NEW SECTION. **Sec. 111.** This act may be known and cited as the cannabis patient protection act.

NEW SECTION. **Sec. 112.** The legislature finds that since voters approved Initiative Measure No. 692 in 1998, it has been the public policy of the state to permit the medical use of marijuana. Between 1998 and the present day, there have been multiple legislative attempts to clarify what is meant by the medical use of marijuana and to ensure qualifying patients have a safe, consistent, and adequate source of marijuana for their medical needs.

The legislature further finds that qualifying patients are people with serious medical conditions and have been responsible for finding their own source of marijuana for their own personal medical use. Either by growing it themselves, designating someone to grow for them, or participating in collective gardens, patients have developed methods of access in spite of continued federal opposition to the medical use of marijuana. In a time when access itself was an issue and no safe, consistent source of marijuana was available, this unregulated system was permitted by the state to ensure some, albeit limited, access to marijuana for medical use. Also permitted were personal possession limits of fifteen plants and twenty-four ounces of useable marijuana, which was deemed to be the amount of marijuana needed for a sixty-day supply. In a time when supply was not consistent, this amount of marijuana was necessary to ensure patients would be able to address their immediate medical needs.

The legislature further finds that in 2012 voters passed Initiative Measure No. 502 which permitted the recreational use of marijuana. For the first time in our nation's history, marijuana would be regulated, taxed, and sold for recreational consumption.

Initiative Measure No. 502 provides for strict regulation on the production, processing, and distribution of marijuana. Under Initiative Measure No. 502, marijuana is trackable from seed to sale and may only be sold or grown under license. Marijuana must be tested for impurities and purchasers of marijuana must be informed of the THC level in the marijuana. Since its passage, two hundred fifty producer/processor licenses and sixty-three retail licenses have been issued, covering the majority of the state. With the current product canopy exceeding 2.9 million square feet, and retailers in place, the state now has a system of safe, consistent, and adequate access to marijuana; the marketplace is not the same marketplace envisioned by the voters in 1998.

The legislature, therefore, intends to adopt a comprehensive act that uses the regulations in place for the recreational market to provide regulation for the medical use of marijuana. It intends to ensure that patients retain their ability to grow their own marijuana for their own medical use and participate in private noncommercial cooperatives, and it intends to ensure that patients have the ability to possess more marijuana-infused products, useable marijuana, and marijuana concentrates than what is available to a nonmedical user. It further intends that medical specific regulations be adopted as needed and under consultation of the departments of health and agriculture so that safe handling practices will be adopted and so that testing standards for medical products meet or exceed those standards in use in the recreational market.

The legislature further intends that the costs associated with implementing and administering the registry shall be financed from the health professions account and that these funds shall be restored to the health professions account through future appropriations using funds derived from the dedicated marijuana account.

(2) Rules adopted on retail outlets holding medical marijuana endorsements as well as producers and processors of medical marijuana must be adopted in coordination and consultation with the department.

Sec. 118. RCW 69.50.345 and 2013 c 3 s 10 are each amended to read as follows:

The state liquor ((~~control~~)) and cannabis board, subject to the provisions of this chapter ((~~3, Laws of 2013~~)), must adopt rules ((~~by December 1, 2013,~~)) that establish the procedures and criteria necessary to implement the following:

(1) Licensing of marijuana producers, marijuana processors, and marijuana retailers, including prescribing forms and establishing application, reinstatement, and renewal fees.

(a) Application forms for marijuana producers must request the applicant to state whether the applicant intends to produce marijuana for sale by marijuana retailers holding medical marijuana endorsements and the amount of or percentage of canopy the applicant intends to commit to growing plants determined by the department under section 10 of this act to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products sold to qualifying patients.

(b) The state liquor and cannabis board must reconsider and increase limits on the amount of square feet permitted to be in production on the effective date of this section and increase the percentage of production space for those marijuana producers who intend to grow plants for marijuana retailers holding medical marijuana endorsements if the marijuana producer designates the increased production space to plants determined by the department under section 10 of this act to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products to be sold to qualifying patients. If current marijuana producers do not use all the increased production space, the state liquor and cannabis board may reopen the license period for new marijuana producer license applicants but only to those marijuana producers who agree to grow plants for marijuana retailers holding medical marijuana endorsements. Priority in licensing must be given to marijuana producer license applicants who have an application pending on the effective date of this section but who are not yet licensed and then to new marijuana producer license applicants. After January 1, 2017, any reconsideration of the limits on the amount of square feet permitted to be in production to meet the medical needs of qualifying patients must consider information contained in the registry established in section 21 of this act;

(2) Determining, in consultation with the office of financial management, the maximum number of retail outlets that may be licensed in each county, taking into consideration:

(a) Population distribution;

(b) Security and safety issues; ((~~and~~))

(c) The provision of adequate access to licensed sources of marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(d) The number of producers, processors, and retail outlets holding medical marijuana endorsements necessary to meet the medical needs of qualifying patients. The state liquor and cannabis board must reconsider and increase the maximum number of retail outlets it established before the effective date of this section and allow for a new license application period and a greater number of producers, processors, and retail outlets to be permitted in order to accommodate the medical needs of qualifying patients and designated providers. After January 1, 2017, any reconsideration of the maximum number of producers, processors, and retail outlets needed to meet the medical needs of qualifying patients must consider information contained in the registry established in section 21 of this act;

(3) Determining the maximum quantity of marijuana a marijuana producer may have on the premises of a licensed location at any time without violating Washington state law;

(4) Determining the maximum quantities of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana processor may have on the premises of a licensed location at any time without violating Washington state law;

(5) Determining the maximum quantities of marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana retailer may have on the premises of a retail outlet at any time without violating Washington state law;

(6) In making the determinations required by ((~~subsections (3) through (5) of~~)) this section, the state liquor ((~~control~~)) and cannabis board shall take into consideration:

(a) Security and safety issues;

(b) The provision of adequate access to licensed sources of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(c) Economies of scale, and their impact on licensees' ability to both comply with regulatory requirements and undercut illegal market prices;

(7) Determining the nature, form, and capacity of all containers to be used by licensees to contain marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products, and their labeling requirements, to include but not be limited to:

(a) The business or trade name and Washington state unified business identifier number of the licensees that ((~~grew,~~)) processed((~~,~~)) and sold the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(b) Lot numbers of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(c) THC concentration and CBD concentration of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(d) Medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(e) Language required by RCW 69.04.480;

(8) In consultation with the department of agriculture and the department, establishing classes of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products according to grade, condition, cannabinoid profile, THC concentration, CBD concentration, or other qualitative measurements deemed appropriate by the state liquor ((~~control~~)) and cannabis board;

(9) Establishing reasonable time, place, and manner restrictions and requirements regarding advertising of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products that are not inconsistent with the provisions of this chapter ((~~3, Laws of 2013~~)), taking into consideration:

(a) Federal laws relating to marijuana that are applicable within Washington state;

(b) Minimizing exposure of people under twenty-one years of age to the advertising; ((~~and~~))

(c) The inclusion of medically and scientifically accurate information about the health and safety risks posed by marijuana use in the advertising; and

(d) Ensuring that retail outlets with medical marijuana endorsements may advertise themselves as medical retail outlets;

(10) Specifying and regulating the time and periods when, and the manner, methods, and means by which, licensees shall transport and deliver marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products within the state;

(11) In consultation with the department and the department of agriculture, establishing accreditation requirements for testing laboratories used by licensees to demonstrate compliance with standards adopted by the state liquor ((~~control~~)) and cannabis board, and prescribing methods of producing, processing, and packaging marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products; conditions of sanitation; and standards of ingredients, quality, and identity of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, or sold by licensees;

(12) Specifying procedures for identifying, seizing, confiscating, destroying, and donating to law enforcement for training purposes all marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, labeled, or offered for sale in this state that do not conform in all respects to the standards prescribed by this chapter ((~~3, Laws of 2013~~)) or the rules of the state liquor ((~~control~~)) and cannabis board.

Sec. 119. RCW 69.50.354 and 2014 c 192 s 3 are each amended to read as follows:

There may be licensed, in no greater number in each of the counties of the state than as the state liquor ((~~control~~)) and cannabis board shall deem advisable, retail outlets established for the purpose of making marijuana concentrates, useable marijuana, and marijuana-infused products available for sale to adults aged twenty-one and over. Retail sale of marijuana concentrates, useable marijuana, and marijuana-infused products in accordance with the provisions of this chapter ((~~3, Laws of 2013~~)) and the rules adopted to implement and enforce it, by a validly licensed marijuana retailer or retail outlet employee, shall not be a criminal or civil offense under Washington state law.

NEW SECTION. **Sec. 120.** A new section is added to chapter 69.50 RCW to read as follows:

(1) A medical marijuana endorsement to a marijuana retail license is hereby established to permit a marijuana retailer to sell marijuana for medical use to qualifying patients and designated providers. This endorsement also permits such retailers to provide marijuana at a reduced cost or no charge, at their discretion, to qualifying patients and designated providers.

(2) An applicant may apply for a medical marijuana endorsement concurrently with an application for a marijuana retail license.

(3) To be issued an endorsement, a marijuana retailer must:

(a) Not authorize the medical use of marijuana for qualifying patients at the retail outlet or permit health care professionals to authorize the medical use of marijuana for qualifying patients at the retail outlet;

(b) Carry marijuana concentrates and marijuana-infused products identified by the department under subsection (4) of this section;

(c) Not use labels or market marijuana concentrates, useable marijuana, or marijuana-infused products in a way that make them intentionally attractive to minors;

(d) Demonstrate the ability to enter qualifying patients and designated providers in the registry established in section 21 of this act and issue recognition cards and agree to enter qualifying patients and designated providers into the registry and issue recognition cards in compliance with department standards;

(e) Keep copies of the qualifying patient's or designated provider's recognition card, or keep equivalent records as required by rule of the state liquor and cannabis board or the department of revenue to document the validity of tax exempt sales; and

(f) Meet other requirements as adopted by rule of the department or the state liquor and cannabis board.

(4) The department, in conjunction with the state liquor and cannabis board, must adopt rules on requirements for marijuana concentrates, useable marijuana, and marijuana-infused products that may be sold, or provided at a reduced cost or no charge, to qualifying patients or designated providers at a retail outlet holding a medical marijuana endorsement. These rules must include:

(a) Labeling requirements including that the labels attached to marijuana concentrates, useable marijuana, or marijuana-infused products contain THC concentration, CBD concentration, and THC to CBD ratios;

(b) Other product requirements, including any additional mold, fungus, or pesticide testing requirements, or limitations to the types of solvents that may be used in marijuana processing that the department deems necessary to address the medical needs of qualifying patients;

(c) Safe handling requirements for marijuana concentrates, useable marijuana, or marijuana-infused products; and

(d) Training requirements for employees.

(b) Recognition of valid recognition cards; and

(c) Recognition of strains, varieties, THC concentration, CBD concentration, and THC to CBD ratios of marijuana concentrates, useable marijuana, and marijuana-infused products, available for sale when assisting qualifying patients and designated providers at the retail outlet.

NEW SECTION. **Sec. 121.** A new section is added to chapter 69.50 RCW to read as follows:

A marijuana retailer or a marijuana retailer holding a medical marijuana endorsement may sell products with a THC concentration of 0.3 percent or less. Marijuana retailers holding a medical marijuana endorsement may also provide these products at a reduced cost no charge to qualifying patients or designated providers.

Sec. 122. RCW 69.50.357 and 2014 c 192 s 4 are each amended to read as follows:

(1) Retail outlets shall sell no products or services other than marijuana concentrates, useable marijuana, marijuana-infused products, or paraphernalia intended for the storage or use of marijuana concentrates, useable marijuana, or marijuana-infused products.

(2) Licensed marijuana retailers shall not employ persons under twenty-one years of age or allow persons under twenty-one years of age to enter or remain on the premises of a retail outlet. However, qualifying patients between eighteen and twenty-one years of age with a recognition card may enter and remain on the premises of a retail outlet holding a medical marijuana endorsement and may purchase products for their personal medical use. Qualifying patients who are under the age of eighteen with a recognition card and who accompany their designated providers may enter and remain on the premises of a retail outlet holding a medical marijuana endorsement, but may not purchase products for their personal medical use.

(3)(a) Licensed marijuana retailers must ensure that all employees are trained on the rules adopted to implement this chapter, identification of persons under the age of twenty-one, and other requirements adopted by the state liquor and cannabis board to ensure that persons under the age of twenty-one who are not qualifying patients are not permitted to enter or remain on the premises of a retail outlet.

(b) Licensed marijuana retailers with a medical marijuana endorsement must ensure that all employees are trained on the subjects required by (a) of this subsection as well as identification of authorizations and recognition cards. Employees must also be trained to permit qualifying patients who hold recognition cards and are between the ages of eighteen and twenty-one to enter the premises and purchase marijuana for their personal medical use and to permit qualifying patients who are under the age of eighteen with a recognition card to enter the premises if accompanied by their designated providers.

(4) Licensed marijuana retailers shall not display any signage in a window, on a door, or on the outside of the premises of a retail outlet that is visible to the general public from a public right-of-way, other than a single sign no larger than one thousand six hundred square inches identifying the retail outlet by the licensee's business or trade name. Retail outlets that hold medical marijuana endorsements may include this information on signage.

((~~(4)~~)) (5) Licensed marijuana retailers shall not display marijuana concentrates, useable marijuana, or marijuana-infused products in a manner that is visible to the general public from a public right-of-way.

((~~(5)~~)) (6) No licensed marijuana retailer or employee of a retail outlet shall open or consume, or allow to be opened or consumed, any marijuana concentrates, useable marijuana, or marijuana-infused product on the outlet premises.

((~~(6)~~)) (7) The state liquor ((~~control~~)) and cannabis board shall fine a licensee one thousand dollars for each violation of any subsection of this section. Fines collected under this section must be deposited into the dedicated marijuana fund created under RCW 69.50.530.

Sec. 123. RCW 69.50.360 and 2014 c 192 s 5 are each amended to read as follows:

The following acts, when performed by a validly licensed marijuana retailer or employee of a validly licensed retail outlet in compliance with rules adopted by the state liquor ((~~control~~)) and cannabis board to implement and enforce chapter 3, Laws of 2013, shall not constitute criminal or civil offenses under Washington state law:

(1) Purchase and receipt of marijuana concentrates, useable marijuana, or marijuana-infused products that have been properly packaged and labeled from a marijuana processor validly licensed under this chapter ((~~3, Laws of 2013~~));

(2) Possession of quantities of marijuana concentrates, useable marijuana, or marijuana-infused products that do not exceed the maximum amounts established by the state liquor ((~~control~~)) and cannabis board under RCW 69.50.345(5); and

(c) Seventy-two ounces of marijuana-infused product in liquid form; or

Sec. 124. RCW 69.50.4013 and 2013 c 3 s 20 are each amended to read as follows:

(1) It is unlawful for any person to possess a controlled substance unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of his or her professional practice, or except as otherwise authorized by this chapter.

(2) Except as provided in RCW 69.50.4014, any person who violates this section is guilty of a class C felony punishable under chapter 9A.20 RCW.

(3) The possession, by a person twenty-one years of age or older, of useable marijuana or marijuana-infused products in amounts that do not exceed those set forth in RCW 69.50.360(3) is not a violation of this section, this chapter, or any other provision of Washington state law.

(4) The possession by a qualifying patient or designated provider of marijuana concentrates, useable marijuana, marijuana-infused products, or plants in accordance with chapter 69.51A RCW is not a violation of this section, this chapter, or any other provision of Washington state law.

NEW SECTION. **Sec. 125.** A new section is added to chapter 69.50 RCW to read as follows:

(1) Nothing in this chapter permits anyone other than a validly licensed marijuana processor to use butane or other explosive gases to extract or separate resin from marijuana. The extraction or separation of resin from marijuana, by any person other than a validly licensed marijuana processor each constitute manufacture of marijuana in violation of RCW 69.50.401. Cooking oil, butter, and other nonexplosive substances may be used to make marijuana extracts for noncommercial personal use.

(2) Except for the use of butane, the state liquor and cannabis board may not enforce this section until it has adopted the rules required by section 27 of this act.

Sec. 126. RCW 69.51A.005 and 2011 c 181 s 102 are each amended to read as follows:

(1) The legislature finds that:

(a) There is medical evidence that some patients with terminal or debilitating medical conditions may, under their health care professional's care, benefit from the medical use of ((~~cannabis~~)) marijuana. Some of the conditions for which ((~~cannabis~~)) marijuana appears to be beneficial include, but are not limited to:

(i) Nausea, vomiting, and cachexia associated with cancer, HIV-positive status, AIDS, hepatitis C, anorexia, and their treatments;

(ii) Severe muscle spasms associated with multiple sclerosis, epilepsy, and other seizure and spasticity disorders;

(iii) Acute or chronic glaucoma;

(iv) Crohn's disease; and

(v) Some forms of intractable pain.

(b) Humanitarian compassion necessitates that the decision to use ((~~cannabis~~)) marijuana by patients with terminal or debilitating medical conditions is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.

(2) Therefore, the legislature intends that, so long as such activities are in strict compliance with this chapter:

(a) Qualifying patients with terminal or debilitating medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of ((~~cannabis~~)) marijuana, shall not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based

solely on their medical use of ((~~cannabis~~)) marijuana, notwithstanding any other provision of law;

(b) Persons who act as designated providers to such patients shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of ((~~cannabis~~)) marijuana; and

(c) Health care professionals shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law for the proper authorization of medical use of ((~~cannabis~~)) marijuana by qualifying patients for whom, in the health care professional's professional judgment, the medical use of ((~~cannabis~~)) marijuana may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of ((~~cannabis~~)) marijuana for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of ((~~cannabis~~)) marijuana would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of ((~~cannabis~~)) marijuana in any correctional facility or jail.

The qualifying patient or designated provider may grow, in his or her domicile, up to fifteen plants for the personal medical use of the qualifying patient and possess up to twenty-four ounces of useable marijuana produced from his or her plants. In addition, if the qualifying patient or designated provider has been entered in the registry and holds a recognition card, he or she may purchase at a retail outlet holding a medical marijuana endorsement a combination of the following: Forty-eight ounces of marijuana-infused product in solid form; three ounces of useable marijuana; two hundred sixteen ounces of marijuana-infused product in liquid form; or twenty-one grams of marijuana concentrates.

(2) The minor may not grow plants or purchase marijuana-infused products, useable marijuana, or marijuana concentrates from a marijuana retailer with a medical marijuana endorsement.

(3) Both the minor and the minor's parent or guardian who is acting as the designated provider must be entered in the registry and hold a recognition card.

(4) A health care professional who authorizes the medical use of marijuana by a minor must do so as part of the course of treatment of the minor's terminal or debilitating medical condition. If authorizing a minor for the medical use of marijuana, the health care professional must:

NEW SECTION. **Sec. 131.** A new section is added to chapter 69.51A RCW to read as follows:

(1) By July 1, 2016, the department of health shall, in consultation with the state liquor and cannabis board, adopt rules for the creation, implementation, maintenance, and timely upgrading of a secure and confidential registration system that allows:

(a) A peace officer to verify at any time whether a health care professional, a marijuana retailer with a medical marijuana endorsement, or another entity authorized by the department to enter qualifying patients and designated providers into the registry has registered a person who has been contacted by that peace officer and has provided that peace officer information necessary to verify his or her registration as either a qualifying patient or a designated provider; and

(b) A peace officer to verify at any time during ordinary business hours of the department of health whether a health care professional a marijuana retailer with a medical marijuana endorsement, or another entity authorized by the department to enter qualifying patients and designated providers into the registry has registered a person as either a qualifying patient or a designated provider.

(2) After a qualifying patient or designated provider is placed in the registry, he or she must be provided with a recognition card that contains the following information:

(a) A randomly generated and unique identifying number;

(b) For designated providers, the unique identifying number of the qualifying patient whom the provider is assisting;

(c) The effective date and expiration date of the recognition card;

(d) The name of the health care professional who authorized the qualifying patient or designated provider; and

(e) For the recognition card, additional security features as necessary to ensure its validity.

(3) Registration in the system shall be optional for qualifying patients and designated providers and registrations are valid for one year, except that qualifying patients must be able to remove themselves from the registry at any time. The department of health must adopt rules providing for registration renewals and for removing expired registrations and expired or revoked licenses from the registry.

(4) Fees, including renewal fees, for qualifying patients and designated providers participating in the registration system shall be limited to the cost to the state of implementing, maintaining, and enforcing the provisions of this section and the rules adopted to carry out its purposes.

(5) During the rule-making process, the department of health shall consult with stakeholders and persons with relevant expertise, to include, but not be limited to, qualifying patients, designated providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab.

(6) The registration system shall meet the following requirements:

(d) The registration system must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(7) The registration system shall maintain a log of each verification query submitted by a peace officer, including the peace officer's name, agency, and identification number, for a period of no less than three years from the date of the query. Personally identifiable information of qualifying patients and designated providers included in the log shall be confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW: PROVIDED, That:

(a) Names and other personally identifiable information from the list may be released only to:

(i) Authorized employees of the department of health as necessary to perform official duties of either department; or

(ii) Authorized employees of state or local law enforcement agencies, only as necessary to verify that the person or location is a qualified patient, designated provider, licensed producer, licensed processor of cannabis products, or licensed dispenser, and only after the inquiring employee has provided adequate identification. Authorized employees who obtain personally identifiable information under this subsection may not release or use the information for any purpose other than verification that a person or location is a qualified patient, designated provider, licensed producer, licensed processor of cannabis products, or licensed dispenser;

(b) Information contained in the registration system may be released in aggregate form, with all personally identifying information redacted, for the purpose of statistical analysis and oversight of agency performance and actions;

(c) The subject of a registration query may appear during ordinary department of health business hours and inspect or copy log records relating to him or her upon adequate proof of identity; and

(d) The subject of a registration query may submit a written request to the department of health, along with adequate proof of identity, for copies of log records relating to him or her.

Agreements between the Governor and Indian Tribes

NEW SECTION. **Sec. 1201.** A new section is added to chapter 43.06 RCW to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and federally recognized Indian tribes in the state of Washington by authorizing the governor to enter into agreements concerning the regulation of marijuana. Such agreements may include provisions pertaining to: The lawful commercial production, processing, sale, and possession of marijuana for both recreational and medical purposes; marijuana-related research activities; law enforcement, both criminal and civil; and taxation. The legislature finds that these agreements will facilitate and promote a cooperative and mutually beneficial relationship between the state and the tribes regarding matters relating to the legalization of marijuana, particularly in light of the fact that federal Indian law precludes the state from enforcing its civil regulatory laws in Indian country. Such cooperative

agreements will enhance public health and safety, ensure a lawful and well-regulated marijuana market, encourage economic development, and provide fiscal benefits to both the tribes and the state.

NEW SECTION. **Sec. 1202.** A new section is added to chapter 43.06 RCW to read as follows:

(a) Criminal and civil law enforcement;

(b) Regulatory issues related to the commercial production, processing, sale, and possession of marijuana, and processed marijuana products, for both recreational and medical purposes;

(c) Medical and pharmaceutical research involving marijuana;

(d) Taxation;

(e) Any tribal immunities or preemption of state law regarding the production, processing, or marketing of marijuana; and

(f) Dispute resolution, including the use of mediation or other nonjudicial process.

(2) Any marijuana agreement relating to the production, processing, and sale of marijuana in Indian country, whether for recreational or medical purposes, must address the following issues:

(a) Preservation of public health and safety;

(b) Ensuring the security of production, processing, retail, and research facilities; and

(c) Cross-border commerce in marijuana.

(3) The governor may delegate the power to negotiate marijuana agreements to the state liquor control board. In conducting such negotiations, the state liquor control board must, when necessary, consult with the governor and/or the department of revenue.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Indian country" has the same meaning as in RCW 82.24.010.

(b) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.

(c) No landlord or employee of a landlord, or his or her family members, may acquire, directly or indirectly, the property sold pursuant to (a)(i) of this subsection or disposed of pursuant to (a)(ii) of this subsection.

(5) Any notices sent by the landlord under this section must include a mailing address, any address used for the receipt of electronic communications, and a telephone number of the landlord.

(6) If a landlord knowingly violates this section, the landlord is liable to the deceased tenant's estate for actual damages. The prevailing party in any action pursuant to this subsection may recover costs and reasonable attorneys' fees.
