(2) It is the legislature's specific public policy objective to increase the use of clean alternative fuel vehicles in Washington. It is the legislature's intent to extend the existing sales and use tax exemption on certain

clean alternative fuel vehicles in order to reduce the price charged to customers for clean alternative fuel vehicles.

(3) To measure the effectiveness of the tax preferences in sections 2 and 3 of this act in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of clean alternative fuel vehicles registered in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing must provide data needed for the joint legislative audit and review committee analysis. Representative Kretz moved the adoption of amendment (722):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The department of natural resources shall conduct a forest resiliency burning pilot project. The goal of the pilot project is to monitor and evaluate the benefits of forest resiliency burning and the impacts on ambient air quality. The department of natural resources is responsible for establishing the processes and procedures necessary to administer the pilot project, including the review and approval of qualifying forest resiliency burning proposals.

(2)(a) The department of natural resources must, as the primary focus of the pilot project, arrange with interested third parties to perform forest resiliency burning on land prone to forest or wildland fires in coordination with the following forest health collaboratives as recognized by the United States forest service:

(i) North Central Washington forest health collaborative;

(ii) Northeast Washington forestry collaborative; and

(iii) Tapash sustainable forest collaborative.

(b) The department of natural resources must also coordinate with at least one organized group of public agencies and interested stakeholders whose purpose is to protect, conserve, and expand the safe and responsible use of prescribed fire on the Washington landscape.

(3)(a) The department of natural resources must, as part of the pilot project, approve single day or multiple day forest resiliency burns if the burning is unlikely to significantly contribute to an exceedance of air quality standards established by chapter 70.94 RCW. Once approved, forest resiliency burns spanning multiple days may only be revoked or postponed midway through the duration of the approved burn if necessary for the safety of adjacent property or upon a determination by the department of natural resources or the department of ecology that the burn has significantly contributed to an exceedance of air quality standards under chapter 70.94 RCW.

(b) Approved forest resiliency burning must be initiated no later than twenty-four hours after being approved by the department of natural resources.

(4) Forest resiliency burning, when conducted under the pilot project authorized by this section, is not subject to the outdoor burning restrictions in RCW 70.94.6512 and 70.94.6514.

(5) The implementation of the pilot project authorized in this section is not:

(a) Intended to require the department of natural resources to update the smoke management plan defined in RCW 70.94.6536. However, information obtained through the pilot project's implementation may be used to inform any future updates to the smoke management plan; and

(b) Subject to the provisions of chapter 43.21C RCW.

(6) Forest resiliency burning, and the implementation of the pilot project authorized in this section, must not be conducted at a scale that would require a revision to the state implementation plan under the federal clean air act.

(7) The department of natural resources shall submit a report to the legislature, consistent with RCW

43.01.036, by December 1, 2018. The report must include information and analyses regarding the following elements:

(a) The amount of forest resiliency burns proposed, approved, and conducted;

(b) The quantity and severity of air quality exceedances by pollutant type;

(c) A comparative analysis between the predicted smoke conditions and the actual smoke conditions observed on location by qualified meteorological personnel or trained prescribed burning professionals during the forest resiliency burn; and

(d) Recommendations relating to continuing or expanding forest resiliency burning and creating forest resiliency burning as a new type of outdoor burning permitted by the department of natural resources.

(8) The report to the legislature required by this section may include recommendations for the updating of the smoke management plan defined in RCW 70.94.6536.

(9) For the purposes of this section, "forest resiliency burning" means silvicultural burning carried out under the supervision of qualified silvicultural, ecological, or fire management professionals and used to improve fire dependent ecosystems, mitigate wildfire potential, decrease forest susceptibility to forest insect or disease as defined in RCW 76.06.020, or otherwise enhance forest resiliency to fire.

(10) This section expires July 1, 2019.

**NEW SECTION. Sec. 2.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Upon receipt of a notice from the court under RCW 36.28A.390 that a participant has been removed from a 24/7 sobriety program, the department must resume any suspension, revocation, or denial that had been terminated early under this subsection due to participation in the program, granting credit on a day for day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to

believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720(((3))). The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

**(12) Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty four days.

**(13) Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be

In developing and implementing the initiative, the superintendent shall:

(1) Include a teacher recruitment component that targets groups of individuals who may be interested in teaching in Washington public schools, such as: College students who have not chosen a major; out-of-state teachers; military personnel and their spouses; and individuals with teaching certificates who are not currently employed as teachers;

(2) Contract for the development of a statewide system to provide recruitment and hiring services, including a centralized hiring portal, to school districts, and

a statewide central depository for applications of individuals interested in applying for certificated positions that can be accessed by school districts in the state for purposes of hiring teachers and other certificated positions. The services and tools developed under this subsection must be made available initially to small school districts, and to larger districts as resources are available. When defining small districts for the purpose of this subsection, the office of the superintendent of public instruction must consider whether a district has fewer than three hundred certificated staff;

(3) Create or enhance an existing web site that provides useful information to individuals who are interested in teaching in Washington; and

(4) Take other actions to increase the number of qualified individuals who apply for teaching positions in Washington.

**NEW SECTION. The information must be disseminated statewide through existing channels.

**NEW SECTION. Sec. 20.** (1) Subject to an appropriation specifically provided for this purpose, the professional educator standards board shall create and administer the recruitment specialists grant program to provide funds to professional educator standards board-approved teacher preparation programs to hire, or contract with, recruitment specialists that focus on recruitment of individuals who are from traditionally underrepresented groups among teachers in Washington when compared to the common school population.

**Sec. 21.** RCW 28A.410.250 and 2005 c 498 s 2 are each amended to read as follows:

The agency responsible for educator certification shall adopt rules for professional certification that:

(1) Provide maximum program choice for applicants, promote portability among programs, and promote maximum efficiency for applicants in attaining professional certification;

(5) Provide criteria for the approval of educational service districts, beginning no later than August 31, 2007, to offer programs leading to professional certification. The rules shall be written to encourage institutions of higher education and educational service districts to partner with local school districts or consortia of school districts, as appropriate, to provide instruction for teachers seeking professional certification;

(6) Encourage institutions of higher education to offer professional certificate coursework as continuing education credit hours. This shall not prevent an institution of higher education from providing the option of including the professional certification requirements as part of a master's degree program;

(7) Provide criteria for a liaison relationship between approved programs and school districts in which applicants are employed;

(8) Identify an expedited professional certification process for out-of-state teachers who have five years or more of successful teaching experience ~~((to demonstrate skills and impact on student learning commensurate with Washington requirements for professional certification. The rules may require these teachers, within one year of the time they begin to teach in the state's public schools, take a course in or show evidence that they can teach to the state's essential academic learning requirements)), including a method to determine the comparability of rigor between the Washington professional certification process and the second-level teacher certification process of other states. A professional certificate must be issued to these experienced out-of-state teachers if the teacher holds: (a) A valid teaching certificate issued by the national board for professional teaching standards; or (b) a second-level teacher certificate from another state that has been determined to be comparable to the Washington professional certificate; and~~

(9) Identify an evaluation process of approved programs that includes a review of the program coursework and applicant coursework load requirements, linkages of programs to individual teacher professional growth plans, linkages to school district and school improvement plans, and, to the extent possible, linkages to school district professional enrichment and growth programs for teachers, where such programs are in place in school districts. The agency shall provide a preliminary report on the evaluation process to the senate and house of representatives committees on education policy by November 1, 2005. The board shall identify:

(a) A process for awarding conditional approval of a program that shall include annual evaluations of the program until the program is awarded full approval;

(a) To adopt necessary rules and develop guidelines to administer the programs;

(b) To collect and manage repayments from participants who do not meet their service obligations; and

(c) To accept grants and donations from public and private sources for the programs.

(2) Requirements for participation in the conditional scholarship programs are as provided in this subsection (2).

(a) The alternative route conditional scholarship program is limited to interns of professional educator standards board-approved alternative routes to teaching programs under RCW 28A.660.040. For fiscal year 2011, priority must be given to fiscal year 2010 participants in the alternative route partnership program. In order to receive conditional scholarship awards, recipients shall:

(i) Be accepted and maintain enrollment in alternative certification routes through a professional educator standards board-approved program;

(ii) Continue to make satisfactory progress toward completion of the alternative route certification program and receipt of a residency teaching certificate; and

(iii) Receive no more than the annual amount of the scholarship, not to exceed eight thousand dollars, for the cost of tuition, fees, and educational expenses, including books, supplies, and transportation for the alternative route certification program in which the recipient is enrolled. The council may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(b) The pipeline for paraeducators conditional scholarship program is limited to qualified paraeducators as provided by RCW 28A.660.042. In order to receive conditional scholarship awards, recipients shall:

(i) Be accepted and maintain enrollment at a community and technical college for no more than two years and attain an associate of arts degree;

(ii) Continue to make satisfactory progress toward completion of an associate of arts degree. This progress requirement is a condition for eligibility into a route one program of the alternative routes to teacher certification program for a mathematics, special education, or English as a second language endorsement; and

(iii) Receive no more than the annual amount of the scholarship, not to exceed four thousand dollars, for the cost of tuition, fees, and educational expenses, including books, supplies, and transportation for the alternative route certification program in which the recipient is enrolled. The student achievement council may adjust the annual award by the average rate of tuition and fee increases at the state community and technical colleges.

(c) The educator retooling conditional scholarship program is limited to current K-12 teachers. In order to receive conditional scholarship awards:

(i) Individuals currently employed as teachers shall pursue an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to((?)) mathematics, science, special education, elementary education, early childhood education, bilingual education, English language learner, computer science education, or environmental and sustainability education; or

(ii) Individuals who are certificated with an elementary education endorsement shall pursue an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to((?)) mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education; and

(iii) Individuals shall use one of the pathways to endorsement processes to receive an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to((?)) mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education, which shall include passing an endorsement test plus observation and completing applicable coursework to attain the proper endorsement; and

(iv) Individuals shall receive no more than the annual amount of the scholarship, not to exceed three thousand dollars, for the cost of tuition, test fees, and educational expenses, including books, supplies, and transportation for the endorsement pathway being pursued.

(3) The Washington professional educator standards board shall select individuals to receive conditional scholarships. In selecting recipients, preference shall be given to eligible veterans or national guard members. In awarding conditional scholarships to support additional bilingual education or English language learner endorsements, the board shall also give preference to teachers assigned to schools required under state or federal accountability measures to implement a plan for improvement, and to teachers assigned to schools whose enrollment of English language learner students has increased an average of more than five percent per year over the previous three years.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients who fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The student achievement council shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) The student achievement council may deposit all appropriations, collections, and any other funds received for the program in this chapter in the future teachers conditional scholarship account authorized in RCW 28B.102.080.

**NEW SECTION. Sec. 29.** A new section is added to chapter 28B.102 RCW to read as follows:

(1) Subject to an appropriation specifically provided for this purpose, the office shall develop and administer the teacher shortage conditional grant program as a subprogram within the future teachers conditional scholarship and loan repayment program. The purpose of the teacher shortage conditional grant program is to encourage individuals to become teachers by providing financial aid to individuals enrolled in professional educator standards-approved teacher preparation programs.

(2) The office has the power and duty to develop and adopt rules as necessary under chapter 34.05 RCW to administer the program described in this section.

(3) As part of the rule-making process under subsection (2) of this section, the office must collaborate with the professional educator standards board, the Washington state school directors' association, and the professional educator standards board-approved teacher preparation programs to develop a framework for the teacher shortage conditional grant program, including eligibility requirements, contractual obligations, conditional grant amounts, and loan repayment requirements.

(4)(a) In developing the eligibility requirements, the office must consider: Whether the individual has a financial need, is a first-generation college student, or is from a traditionally underrepresented group among teachers in Washington; whether the individual is completing an alternate route to teacher certification program; whether the individual plans to obtain an endorsement in a hard-to-fill subject, as defined by the professional educator standards board; the characteristic of any geographic shortage area, as defined by the professional educator standards board, that the individual plans to teach in; and whether a school district has committed to offering the individual employment once the individual obtains a residency teacher certificate.

(b) In developing the contractual obligations, the office must consider requiring the individual to: Obtain a Washington state residency teacher certificate; teach in a subject or geographic endorsement shortage area, as defined by the professional educator standards board; and commit to teach for five school years in an approved education program with a need for a teacher with such an endorsement at the time of hire.

(c) In developing the conditional grant award amounts, the office must consider whether the individual is: Enrolled in a public or private institution of higher education, a resident, in a baccalaureate or postbaccalaureate program, or in an alternate route to teacher certification program. In addition, the award amounts must not result in a reduction of the individual's federal or state grant aid, including Pell grants, state need grants, college bound scholarships, or opportunity scholarships.

(d) In developing the repayment requirements for a conditional grant that is converted into a loan, the terms and conditions of the loan must follow the interest rate and repayment terms of the federal direct subsidized loan program. In addition, the office must consider the following repayment schedule:

(i) For less than one school year of teaching completed, the loan obligation is eighty-five percent of the conditional grant the student received, plus interest and an equalization fee;

(ii) For less than two school years of teaching completed, the loan obligation is seventy percent of the conditional grant the student received, plus interest and an equalization fee;

(iii) For less than three school years of teaching completed, the loan obligation is fifty-five percent of the conditional grant the student received, plus interest and an equalization fee; and

(iv) For less than four school years of teaching completed, the loan obligation is forty percent of the conditional grant the student received, plus interest and an equalization fee.

(5) By November 1, 2018, and November 1, 2020, the office shall submit reports, in accordance with RCW 43.01.036, to the appropriate committees of the legislature that recommend whether the teacher shortage conditional grant program under this section should be continued, modified, or terminated, and that include information about the recipients of the grants under this program.

**NEW SECTION. Sec. 30.** A new section is added to chapter 28B.76 RCW to read as follows:

(1) Subject to funds appropriated specifically for this purpose, the office shall administer a student teaching residency grant program to provide additional funds to individuals completing student teaching residencies at public schools in Washington.

(2) To qualify for the grant, recipients must be enrolled in a professional educator standards board-approved alternate route to teacher certification program, be completing or about to start a student teaching residency at a Title I school, and demonstrate financial need, as defined by the office and consistent with the income criteria required to receive the state need grant established in chapter 28B.92 RCW.

(3) The office shall establish rules for administering the grants under this section."

(A) Coextensive with the corporate boundaries of the city or town; or

(B) If a municipal airport is located in whole or in part within the corporate boundaries of the city or town and the governing body of the municipal airport has not approved inclusion of the municipal airport within the fire protection district, coextensive with the corporate boundaries of the city or town excluding any area containing the municipal airport. The boundaries of the proposed fire protection district may include land on which the municipal airport is located only if inclusion in the district is approved by a majority of the governing body of the municipal airport.

(ii) For purposes of this subsection, "municipal airport" means an airport owned or operated by a municipality, as defined in RCW 14.08.015, other than the city or town, for which the municipality provides fire protection or contracts with any private body or political subdivision of the state to furnish fire protection.

(d)(i) The resolution may authorize the fire protection district to establish an ambulance service to be operated by the district or operated by contract after a call for bids. However, the fire protection district may not provide for the establishment of an ambulance service that would compete with any existing private ambulance service, unless the district determines that the area served by the district, or a substantial portion of the area served by the district, is not adequately served by an existing private ambulance service.

(ii) In determining the adequacy of an existing private ambulance service, the fire protection district must take into consideration objective generally accepted medical standards and reasonable levels of service, which must be published by the district. If a fire protection district makes a preliminary conclusion that an existing private ambulance service is inadequate, the district must allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service. If the fire protection district makes a second preliminary conclusion of inadequacy within a twenty-four-month period, the district may immediately issue a call for bids or establish its own ambulance service and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service.

(iii) A private ambulance service that is not licensed by the department of health, or has had its license denied, suspended, or revoked, is not entitled to a sixty-day period to demonstrate adequacy, and the district may immediately issue a call for bids or establish an ambulance service.

In calculating the reduction in a city or town general fund regular property tax levy rate under this subsection (1)(b)(ii), the maximum allowable tax rate that the city could have imposed subject to the limitations of chapter 84.55 RCW must be used; and

(iii) The estimated aggregate net dollar amount impact on property owners within the city or town based on the levy rate changes described in (b)(i) and (ii) of this subsection (1).

(c)"

The tax rate reduction of the city or town must occur in the first year in which the fire protection district imposes any of the property taxes in RCW 52.16.130, 52.16.140, or 52.16.160 and must be specified in the financing plan and ballot proposition as provided in this section. If the fire protection district does not impose all three levies under RCW 52.16.130, 52.16.140, and 52.16.160 when it begins operations, the city must further reduce its general fund regular property tax levy if the district initially imposes any of the levies in subsequent years.

**Sec. 2.** RCW 84.55.092 and 1998 c 16 s 3 are each amended to read as follows:

(1) The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

(2) The purpose of subsection (1) of this section is to remove the incentive for a taxing district to maintain its

tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions.

(3) Subsection (1) of this section does not apply to any portion of a city or town's regular property tax levy that has been reduced as part of the formation of a fire protection district under section 1 of this act.

**Sec. 3.** RCW 29A.36.071 and 2015 c 172 s 3 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words; however, a concise description submitted on behalf of a proposed or existing regional transportation investment district or a proposed fire protection district, as provided in section 1 of this act, may exceed seventy-five words. If the local governmental unit is a city or a town, or if the ballot title is for a referendum under RCW 35.13A.115, the concise statement (~~shall~~) must be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement (~~shall~~) must be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement (~~shall~~) must be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government (~~shall~~) must be advertised in the manner provided for nominees for elective office.

**RESOLUTION****HOUSE RESOLUTION NO. 2016-4660, by Representative Santos**

WHEREAS, On February 19, 1942, President Franklin D. Roosevelt issued Executive Order 9066 which authorized the military to forcibly remove and incarcerate more than 120,000 persons of Japanese ancestry from the West Coast, including 12,000 Japanese-American residents of Washington State; and

WHEREAS, The first Civilian Evacuation Order gave Japanese-Americans from Bainbridge Island less than one week to leave behind homes, personal belongings, farms, businesses, friends, and family and to report to hastily constructed detention centers like Camp Harmony on the grounds of the Western Washington Fair in Puyallup; and

WHEREAS, This drastic course of action allegedly aimed to prevent acts of espionage and sabotage by Japanese-Americans who were deemed untrustworthy and disloyal to the United States; and

WHEREAS, On March 23, 1943, the War Department organized a segregated unit of Japanese-Americans, many of whom reported for military duty from concentration camps surrounded by barbed wire in which they and their families were detained; and

WHEREAS, More than 12,000 volunteers responded to questions of their loyalty and patriotism by amassing a battle record unparalleled in United States military history; and

WHEREAS, Equally loyal and patriotic Japanese-Americans fought to protect our constitutional rights and liberties through dissent, like University of Washington

student Gordon Hirabayashi who was arrested, convicted, and imprisoned for defying the military curfew on select civilians and refusing to evacuate when ordered; and

WHEREAS, In 1982, the Congressional Commission on Wartime Relocation and Internment of Civilians found "no military or security reason for the internment" of persons of Japanese ancestry, but determined it "was caused by racial prejudice, war hysteria, and a failure of political leadership"; and

WHEREAS, As a result of this travesty of justice, Japanese-Americans suffered immense economic loss of property and assets, immeasurable physical and psychological harm, and were deprived of their constitutional liberties without due process of law; and

WHEREAS, In 1976, President Gerald Ford rescinded Executive Order 9066 calling upon the American people to "resolve that this kind of action shall never again be repeated"; and

WHEREAS, The Washington State Legislature enacted token compensatory redress to forty state workers who lost their jobs due to their incarceration; and

WHEREAS, Congressman Mike Lowry of Washington State introduced H.R. 5977 to provide reparations and an apology to former Japanese-American internees, thus initiating a ten-year legislative quest that ended when President Ronald Reagan signed the Civil Liberties Act of 1988; and

WHEREAS, General Douglas MacArthur's chief of intelligence claimed, "The Nisei saved a million lives and shortened the war by two years";

NOW, THEREFORE, BE IT RESOLVED, That the Washington State House of Representatives pause to acknowledge the seventy-fourth anniversary of the signing of Executive Order 9066, to recognize and honor the heroism, sacrifice, patience, and loyalty of the Japanese-American World War II veterans, internees, and civil rights activists, and to remember the lessons and blessings of liberty and justice for all; and

(i) Nothing in this section is intended to modify the obligations of prosecuting attorneys and law enforcement under *Brady v. Maryland*, 373 U.S. 83, 83 S. Ct. 1194, 10 L. Ed. 2d 215 (1963), *Kyles v. Whitley*, 541 U.S. 419, 115 S. Ct. 1555, 131 L. Ed.2d 490 (1995), and the relevant Washington court criminal rules and statutes.

**Sec. 6.** RCW 42.56.080 and 2005 c 483 s 1 and 2005 c 274 s 285 are each reenacted and amended to read as follows:

Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.56.070(9) or 42.56.240(14), or

other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter.

**Sec. 7.** RCW 42.56.120 and 2005 c 483 s 2 are each amended to read as follows:

No fee shall be charged for the inspection of public records (~~(-No fee shall be charged for)~~) or locating public documents and making them available for copying, except as provided in RCW 42.56.240(14). A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page. An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request.

**Sec. 921.** RCW 82.12.040 and 2015 c 169 s 9 are each amended to read as follows:

(1) Every person who maintains in this state a place of business or a stock of goods, or engages in business activities within this state, must obtain from the department a certificate of registration, and must, at the time of making sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in \*RCW 82.04.050 (2) (a) or (g) or (6)(b), or making transfers of either possession or title, or both, of tangible personal property for use in this state, collect from the purchasers or transferees the tax imposed under this chapter. The tax to be collected under this section must be in an amount equal to the purchase price multiplied by the rate in effect for the retail sales tax under RCW 82.08.020. For the purposes of this chapter, the phrase "maintains in this state a place of business" includes the solicitation of sales and/or taking of orders by sales agents or traveling representatives. For the purposes of this chapter, "engages in business activity within this state" includes every activity which is sufficient under the Constitution of the United States for this state to require collection of tax under this chapter. The department must in rules specify activities which constitute engaging in business activity within this state, and must keep the rules

current with future court interpretations of the Constitution of the United States.

(2) Every person who engages in this state in the business of acting as an independent selling agent for persons who do not hold a valid certificate of registration, and who receives compensation by reason of sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in \*RCW 82.04.050 (2) (a) or (g) or (6)(b), of his or her principals for use in this state, must, at the time such sales are made, collect from the purchasers the tax imposed on the purchase price under this chapter, and for that purpose is deemed a retailer as defined in this chapter.

(3) The tax required to be collected by this chapter is deemed to be held in trust by the retailer until paid to the department, and any retailer who appropriates or converts the tax collected to the retailer's own use or to any use other than the payment of the tax provided herein to the extent that the money required to be collected is not available for payment on the due date as prescribed is guilty of a misdemeanor. In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay the same to the department in the manner prescribed, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is nevertheless personally liable to the state for the amount of such tax, unless the seller has taken from the buyer a copy of a direct pay permit issued under RCW 82.32.087.

(4) Any retailer who refunds, remits, or rebates to a purchaser, or transferee, either directly or indirectly, and by whatever means, all or any part of the tax levied by this chapter is guilty of a misdemeanor.

(5) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if:

(a) The person's activities in this state, whether conducted directly or through another person, are limited to:

(i) The storage, dissemination, or display of advertising;

(ii) The taking of orders; or

(iii) The processing of payments; and

(b) The activities are conducted electronically via a web site on a server or other computer equipment located in Washington that is not owned or operated by the person making sales into this state nor owned or operated by an affiliated person. "Affiliated persons" has the same meaning as provided in RCW 82.04.424.

(6) Subsection (5) of this section expires when: (a) The United States congress grants individual states the authority to impose sales and use tax collection duties on remote sellers; or (b) it is determined by a court of competent jurisdiction, in a judgment not subject to review, that a state can impose sales and use tax collection duties on remote sellers.

(7) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the person would have been obligated to collect retail sales tax on the sale absent a specific exemption provided in chapter 82.08 RCW, and there is no corresponding use tax exemption in

this chapter. Nothing in this subsection (7) may be construed as relieving purchasers from liability for reporting and remitting the tax due under this chapter directly to the department.

(8) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the state is prohibited under the Constitution or laws of the United States from requiring the person to collect the tax imposed by this chapter.

~~(((9) Notwithstanding subsections (1) through (4) of this section, any licensed dealer facilitating a firearm sale or transfer between two unlicensed persons by conducting background checks under chapter 9.41 RCW is not obligated to collect the tax imposed by this chapter.))~~"

#### POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (845) to ESHB 2376.

#### SPEAKER'S RULING

Madam Speaker (Representative Orwall presiding): "Substitute House Bill No. 2376 is the supplemental operating budget bill. The bill makes changes to appropriation levels and fund transfers for the continued operation of state government and its various agencies and institutions for the remaining year of the 2015-17 biennium and includes provisos to condition, limit or earmark use of the appropriations.

(3) The department must provide a unique exemption code for taxpayers that file their tax return

"Sec. 703. RCW 47.56.880 and 2011 c 369 s 3 are each amended to read as follows:

(1) The imposition of tolls for express toll lanes on Interstate 405 between the junctions with Interstate 5 on the

north end and NE 6th Street in the city of Bellevue on the south end is authorized, Interstate 405 is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, when the use of two express toll lanes is not prohibited, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ensure that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(f) During the length of the 2015-17 fiscal biennium, toll charges may not be assessed and minimum vehicle occupancy requirements are not permitted in the corridor identified in this section between the hours of 7:00 p.m. and 5:00 a.m. on weekdays or at any time on weekends or state holidays.

(3) During the length of the 2015-17 fiscal biennium and within available funds, ((F))the department may construct and operate ((express toll lanes)) only a single express toll lane in each direction on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. During the length of the 2015-17 fiscal biennium and within available funds, each express toll lane must use continuous access striping except at specific locations where safety concerns related to vehicle ingress and egress require the use of access restrictions; any other express toll lane or high occupancy vehicle lane may not be constructed or operated on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that

funding is provided solely for tolling equipment on Interstate 405. The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) The department shall monitor the express toll lanes project and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all Interstate 405 express toll lane-related operating costs;

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways; and

(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.

(5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.

(6) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes project.

(7) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction."

#### POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (862) to ESHB 2524.

#### SPEAKER'S RULING

Madam Speaker (Representative Orwall presiding): "Substitute House Bill No. 2524 is the supplemental transportation budget bill. The bill changes appropriations for transportation agencies for the remaining year of the 2015-17 biennium.

Amendment 862 makes various changes to the operation of the I-405 tolling corridor. The amendment relates to substantive transportation policy rather than the appropriations needed to support that policy.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill. The point of order is well taken."

Representative Harmsworth moved the adoption of amendment (863):

On page 80, after line 17, insert the following:

"**Sec. 703.** RCW 46.61.165 and 2013 c 26 s 2 are each amended to read as follows:

(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) Notwithstanding the provisions in subsection (1), during the length of the 2015-17 fiscal biennium and within available funds, the state department of transportation must reserve one and only one lane of Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end for the exclusive or preferential use of one or more of the vehicle categories listed in subsection (1); the department must permit private motor vehicles carrying no fewer than two passengers in this reserved lane. This lane must serve as a general purpose lane between 7:00 p.m. and 5:00 a.m. on weekdays and at all times on weekends and state holidays.

(7) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees.

**Sec. 704.** RCW 47.52.025 and 2013 c 26 s 3 are each amended to read as follows:

(1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) motorcycles, (d) private motor vehicles carrying not less than a specified number of passengers, or (e) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private

employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours for two consecutive months.

(4)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expeditious response by the authority.

(5) Notwithstanding the provisions in subsection (1), during the length of the 2015-17 fiscal biennium and within available funds, the state department of transportation must reserve one and only one lane of Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end for the exclusive or preferential use of one or more of the vehicle categories listed in subsection (1); the department must permit private motor vehicles carrying no fewer than two passengers in this reserved lane. This lane must serve as a general purpose lane between 7:00 p.m. and 5:00 a.m. on weekdays and at all times on weekends and state holidays.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

**Sec. 705.** RCW 47.56.880 and 2011 c 369 s 3 are each amended to read as follows:

(1)(a) The imposition of tolls for express toll lanes on Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end is ~~(authorized)~~ suspended for the length of the 2015-17 fiscal biennium, the designation of Interstate 405 ~~(is designated)~~ as an eligible toll facility is suspended for the length of the 2015-17 fiscal biennium, and toll revenue, when generated in the corridor, must only be expended as allowed under RCW 47.56.820.

(b) During the suspension of tolling, as specified in subsection (1)(a), the portion of Interstate 405 identified in subsection (1)(a) must consist of four continuous, uninterrupted general purpose lanes and a single high occupancy vehicle lane.

(2) Toll for the express toll lanes, when tolling has not been suspended as provided in subsection (1), must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ensure that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end except during the period when such tolling is suspended as provided in subsection (1). Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate 405. The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions,

recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) When tolling is not suspended as provided in subsection (1), ~~((F))~~ the department shall monitor the express toll lanes project and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all Interstate 405 express toll lane-related operating costs;

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways; and

(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.

(5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.

(6) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes project.

(7) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction."

#### POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (863) to SHB 2524.

#### SPEAKER'S RULING

Madam Speaker (Representative Orwall presiding): "Substitute House Bill 2524 is the supplemental transportation budget bill. The bill changes appropriations for transportation agencies for the remaining year of the 2015-17 biennium.

Amendment (863) suspends tolling and makes various changes to the operation of the I-405 corridor. The amendment primarily relates to substantive transportation policy rather than the appropriations needed to support that policy. It does not change, affect or relate to any appropriation contained in the bill.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the underlying bill. The point of order is well taken.”

Representative Hayes moved the adoption of amendment (864):

On page 80, after line 17, insert the following:

"**Sec. 703.** RCW 47.56.850 and 2009 c 498 s 15 are each amended to read as follows:

(1) Unless these powers are otherwise delegated by the legislature, the transportation commission is the tolling authority for the state. During the length of the 2015-17 fiscal biennium, within any toll rate limitations set by law, ~~((F))~~the tolling authority shall:

(a) Set toll rates, establish appropriate exemptions, if any, and make adjustments as conditions warrant on eligible toll facilities;

(b) Review toll collection policies, toll operations policies, and toll revenue expenditures on the eligible toll facilities and report annually on this review to the legislature.

(2) The tolling authority, in determining toll rates, shall consider the policy guidelines established in RCW 47.56.830, and during the length of the 2015-17 fiscal biennium, shall do so in light of any toll rate limitations set by law.

(3) Unless otherwise directed by the legislature, in setting and periodically adjusting toll rates, the tolling authority must ensure that toll rates will generate revenue sufficient to:

(a) Meet the operating costs of the eligible toll facilities, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement;

(b) Meet obligations for the timely payment of debt service on bonds issued for eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings;

(c) Meet obligations to reimburse the motor vehicle fund for excise taxes on motor vehicle and special fuels applied to the payment of bonds issued for eligible toll facilities; and

(d) Meet any other obligations of the tolling authority to provide its proportionate share of funding contributions for any projects or operations of the eligible toll facilities.

(4) The established toll rates, during the 2015-17 fiscal biennium, within any toll rate limitations set by law, may include variable pricing, and should be set to optimize system performance, recognizing necessary trade-offs to generate revenue for the purposes specified in subsection (3) of this section. Tolls may vary for type of vehicle, time of day, traffic conditions, or other factors designed to improve performance of the system.

(5) In fixing and adjusting toll rates under this section, the only toll revenue to be taken into account must be toll revenue pledged to bonds that includes toll receipts, and the only debt service requirements to be taken into

account must be debt service on bonds payable from and secured by toll revenue that includes toll receipts.

(6) The legislature pledges to appropriate toll revenue as necessary to carry out the purposes of this section. When the legislature has specifically identified and designated an eligible toll facility and authorized the issuance of bonds for the financing of the eligible toll facility that are payable from and secured by a pledge of toll revenue, the legislature further agrees for the benefit of the owners of outstanding bonds issued by the state for eligible toll facilities to continue in effect and not to impair or withdraw the authorization of the tolling authority to fix and adjust tolls as provided in this section. The state finance committee shall pledge the state's obligation to impose and maintain tolls, together with the application of toll revenue as described in this section, to the owners of any bonds.

**Sec. 704.** RCW 47.56.880 and 2011 c 369 s 3 are each amended to read as follows:

(1) The imposition of tolls for express toll lanes on Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end is authorized, Interstate 405 is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate; however, during the 2015-17 fiscal biennium, the toll rates may not exceed \$4.00.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ensure that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate 405. The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) The department shall monitor the express toll lanes project and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods;

(b) Whether the average traffic speed changed in the general purpose lanes;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all Interstate 405 express toll lane-related operating costs;

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways; and

(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.

(5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.

(6) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes project.

#### POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (864) to ESHB 2524.

#### SPEAKER'S RULING

Madam Speaker (Representative Orwall presiding): "Substitute House Bill 2524 is the supplemental transportation budget bill. The bill changes appropriations

for transportation agencies for the remaining year of the 2015-17 biennium.

Reported by Committee on Commerce & Gaming

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 66.24.170 and 2014 c 105 s 1 and 2014 c 27 s 1 are each reenacted and amended to read as follows:

(1) There ((shall be)) is a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or

manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and filled at the tap at the time of sale, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed two; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for ~~((on-premise [on-premises]))~~ on-premises consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the two additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be

contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board ((shall)) must notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5)(g)(i)(B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine ((shall be)) is deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license.

(7) During an event held by a nonprofit holding a special occasion license issued under RCW 66.24.380, a domestic winery licensed under this section may take orders, either in writing or electronically, and accept payment for wines of its own production under the following conditions:

(a) Wine produced by the domestic winery may be served for on-premises consumption by the special occasion licensee;

(b) The domestic winery delivers wine to the consumer on a date after the conclusion of the special occasion event;

(c) The domestic winery delivers wine to the consumer at a location different from the location at which the special occasion event is held;

(d) The domestic winery complies with all requirements in chapter 66.20 RCW for direct sale of wine to consumers;

(e) The wine is not sold for resale; and

(f) The domestic winery is entitled to all proceeds from the sale and delivery of its wine to a consumer after the conclusion of the special occasion event, but may enter into an agreement to share a portion of the proceeds of these sales with the special occasion licensee licensed under RCW 66.24.380.

Sec. 2. RCW 66.24.380 and 2012 c 2 s 112 are each amended to read as follows:

There is a retailer's license to be designated as a special occasion license to be issued to a not-for-profit society or organization to sell spirits, beer, and wine by the individual serving for on-premises consumption at a specified event, such as at picnics or other special occasions, at a specified date and place; fee sixty dollars per day.

(1) The not-for-profit society or organization is limited to sales of no more than twelve calendar days per year. For the purposes of this subsection, special occasion licensees that are "agricultural area fairs" or "agricultural county, district, and area fairs," as defined by RCW 15.76.120, that receive a special occasion license may, once per calendar year, count as one event fairs that last multiple days, so long as alcohol sales are at set dates, times, and locations, and the board receives prior notification of the dates, times, and locations. The special occasion license applicant will pay the sixty dollars per day for this event.

(2) The licensee may sell spirits, beer, and/or wine in original, unopened containers for off-premises consumption if permission is obtained from the board prior to the event.

(3) In addition to offering the sale of wine by the individual serving for on-premises consumption, the licensee may sell wine in original, unopened containers for on-premises consumption if permission is obtained from the board prior to the event.

(4) Sale, service, and consumption of spirits, beer, and wine is to be confined to specified premises or designated areas only.

((4)) (5) Liquor sold under this special occasion license must be purchased from a licensee of the board.

((5)) (6) Any violation of this section is a class 1 civil infraction having a maximum penalty of two hundred fifty dollars as provided for in chapter 7.80 RCW.

Sec. 3. RCW 66.12.110 and 2012 c 117 s 272 are each amended to read as follows:

A person twenty-one years of age or over may bring into the state from without the United States, free of tax and markup, for his or her personal or household use such

alcoholic beverages as have been declared and permitted to enter the United States duty free under federal law.

Such entry of alcoholic beverages in excess of that herein provided may be authorized by the board upon payment of an equivalent ((markup and)) tax as would be applicable to the purchase of the same or similar liquor at retail ((from a Washington state liquor store)) in this state. The board ((shall)) must adopt appropriate regulations pursuant to chapter 34.05 RCW for the purpose of carrying out the provisions of this section. The board may issue a spirits, beer, and wine private club license to a charitable or nonprofit corporation of the state of Washington, the majority of the officers and directors of which are United States citizens and the minority of the officers and directors of which are citizens of the Dominion of Canada, and where the location of the premises for such spirits, beer, and wine private club license is not more than ten miles south of the border between the United States and the province of British Columbia.

Sec. 4. RCW 66.12.120 and 1995 c 100 s 1 are each amended to read as follows:

Notwithstanding any other provision of this title ((66 RCW)), a person twenty-one years of age or over may, free of tax ((and markup)), for personal or household use, bring into the state of Washington from another state no more than once per calendar month up to two liters of spirits or wine or two hundred eighty-eight ounces of beer. Additionally, such person may be authorized by the board to bring into the state of Washington from another state a reasonable amount of alcoholic beverages in excess of that provided in this section for personal or household use only upon payment of an equivalent ((markup and)) tax as would be applicable to the purchase of the same or similar liquor at retail ((from a state liquor store)) in this state. The board ((shall)) must adopt appropriate regulations pursuant to chapter 34.05 RCW for the purpose of carrying into effect the provisions of this section.

Sec. 5. RCW 66.12.240 and 2009 c 361 s 1 are each amended to read as follows:

(1) Nothing in this title applies to or prevents a wedding boutique or art gallery from offering or supplying without charge wine or beer by the individual glass to a customer for consumption on the premises. However, the customer must be at least twenty-one years of age and may only be offered one glass of wine or beer, and wine or beer served or consumed ((shall)) must be purchased from a Washington state licensed retailer ((or a Washington state liquor store or agency)) at full retail price. A wedding boutique or art gallery offering wine or beer without charge may not advertise the service of complimentary wine or beer and may not sell wine or beer in any manner. Any employee involved in the service of wine or beer must complete a board-approved limited alcohol server training program.

(2) ((For the purposes of this section:)) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Art gallery" means a room or building devoted to the exhibition and/or sale of the works of art.

(b) "Wedding boutique" means a business primarily engaged in the sale of wedding merchandise.

Sec. 6. RCW 66.20.010 and 2015 c 195 s 1, 2015 c 194 s 3, and 2015 c 59 s 1 are each reenacted and amended to read as follows:

(1) Where the application is for a special permit by a physician or dentist, or by any person in charge of an institution regularly conducted as a hospital or sanatorium for the care of persons in ill health, or as a home devoted exclusively to the care of aged people, a special liquor purchase permit, except that the governor may waive the requirement for a special liquor purchase permit under this subsection pursuant to an order issued under RCW 43.06.220(2);

 WHEREAS, The purpose of the 2016 state comprehensive plan for training and education is to provide direction to the workforce development system; and  
 WHEREAS, To meet the challenges of the next ten years workforce partners must work together as a seamless, customer-focused system; and

(2) The maximum amount that may be loaned or granted under this program to an owner or operator for a single underground storage tank facility is two million dollars.

NEW SECTION. Sec. 4. (1) A recipient of a loan or grant may not use these funds to conduct remedial actions of a release or threatened release from a petroleum underground storage tank system requiring financial assurances under chapter 90.76 RCW or subtitle I of the solid waste disposal act (42 U.S.C., chapter 82, subchapter IX) unless the owner or operator:

(b) Demonstrates that all moneys available under the required financial assurances have been expended; or

(c) Demonstrates that a claim has been made under the required financial assurances and the claim has been rejected by the provider.

(2) A recipient must use a loan or grant for a project that develops and acquires assets that have a useful life of at least thirteen years.

NEW SECTION. Sec. 5. The agency shall partner and enter into a memorandum of agreement with the department of health to implement the revolving loan and grant program.

(1) The agency shall select loan and grant recipients and manage the work conducted under section 3(1) of this act.

(2) The department of health shall administer the loans and grants to qualified recipients as determined by the agency.

(3) The department of health may collect, from persons requesting financial assistance, loan origination fees to cover costs incurred by the department of health in operating the financial assistance program.

(4) The agency may use the moneys in the pollution liability insurance agency underground storage tank revolving account to fund the department of health's operating costs for the program.

NEW SECTION. Sec. 6. (1) The agency may conduct remedial actions and investigate or clean up a release or threatened release of a hazardous substance at or affecting an underground storage tank facility if the following conditions are met:

(a) The owner or operator received a loan or grant for the underground storage tank facility under the revolving program created in this chapter for two million dollars or less;

(b) The remedial actions are conducted in accordance with the rules adopted under chapter 70.105D RCW;

(c) The owner of real property subject to the remedial actions provides consent for the agency to:

(i) Recover the remedial action costs from the owner; and

(ii) Enter upon the real property to conduct remedial actions limited to those authorized by the owner or operator. Remedial actions must be focused on maintaining the economic vitality of the property. The agency or the agency's authorized representatives shall give reasonable notice before entering property unless an emergency prevents the notice; and

(d) The owner of the underground storage tank facility consents to the agency filing a lien on the underground

storage tank facility to recover the agency's remedial action costs.

(2) The agency may conduct the remedial actions authorized under subsection (1) of this section using the moneys in the pollution liability insurance agency underground storage tank revolving account, as required under section 5 of this act. However, for any remedial action where the owner or operator has received a loan or grant, the agency may not expend more than the difference between the amount loaned or granted and two million dollars.

(3) The agency may request informal advice and assistance and written opinions on the sufficiency of remedial actions from the department of ecology under RCW 70.105D.030(1)(i).

NEW SECTION. Sec. 7. (1) The agency may file a lien against the underground storage tank facility if the agency incurs remedial action costs and those costs are unrecovered by the agency.

(a) A lien filed under this section may not exceed the remedial action costs incurred by the agency.

(b) A lien filed under this section has priority in rank over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded, except for local and special district property tax assessments.

(2) Before filing a lien under this section, the agency shall give notice of its intent to file a lien to the owner of the underground storage tank facility on which the lien is to be filed, mortgagees, and lien holders of record.

(a) The agency shall send the notice by certified mail to the underground storage tank facility owner and mortgagees of record at the addresses listed in the recorded documents. If the underground storage tank facility owner is unknown or if a mailed notice is returned as undeliverable, the agency shall provide notice by posting a legal notice in the newspaper of largest circulation in the county in which the site is located. The notice must provide:

(i) A statement of the purpose of the lien;

(ii) A brief description of the real property to be affected by the lien; and

(iii) A statement of the remedial action costs incurred by the agency.

(b) If the agency has reason to believe that exigent circumstances require the filing of a lien prior to giving notice under this subsection, the agency may file the lien immediately. Exigent circumstances include, but are not limited to, an imminent bankruptcy filing by the underground storage tank facility owner or the imminent transfer or sale of the real property subject to lien by the underground storage tank facility owner, or both.

(3) A lien filed under this section is effective when a statement of lien is filed with the county auditor in the county where the underground storage tank facility is located. The statement of lien must include a description of the real property subject to lien and the amount of the lien.

(4) Unless the agency determines it is in the public interest to remove the lien, the lien continues until the liabilities for the remedial action costs have been satisfied through sale of the real property, foreclosure, or

other means agreed to by the agency. Any action for foreclosure of the lien must be brought by the attorney general in a civil action in the court having jurisdiction and in the manner prescribed for judicial foreclosure of a mortgage under chapter 61.24 RCW.

(5) The agency may not file a lien under this section against an underground storage tank facility owned by a local government.

(24) "Practitioner" means a physician, dentist, veterinarian, nurse, or other person duly authorized by law or rule in the state of Washington to prescribe drugs.

(25) "Prescription" means an order for drugs or devices issued by a practitioner duly authorized by law or rule in the state of Washington to prescribe drugs or devices in the course of his or her professional practice for a legitimate medical purpose.

(26) "Secretary" means the secretary of health or the secretary's designee.

(27) "Wholesaler" means a corporation, individual, or other entity which buys drugs or devices for resale and distribution to corporations, individuals, or entities other than consumers.

(28) "Chart order" means a lawful order for a drug or device entered on the chart or medical record of an inpatient or resident of an institutional facility by a practitioner or his or her designated agent.

(29) "Closed door long-term care pharmacy" means a pharmacy that provides pharmaceutical care to a defined and exclusive group of patients who have access to the services of the pharmacy because they are treated by or have an affiliation with a long-term care facility or hospice program, and that is not a retailer of goods to the general public.

(30) "Hospice program" means a hospice program certified or paid by medicare under Title XVIII of the federal social security act, or a hospice program licensed under chapter 70.127 RCW.

(31) "Institutional facility" means any organization whose primary purpose is to provide a physical environment for patients to obtain health care services including, but not limited to, services in a hospital, long-term care facility, hospice program, mental health facility, drug abuse treatment center, residential habilitation center, or a local, state, or federal correction facility.

(32) "Long-term care facility" means a nursing home licensed under chapter 18.51 RCW, an assisted living facility licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

(33) "Shared pharmacy services" means a system that allows a participating pharmacist or pharmacy pursuant to a request from another participating pharmacist or pharmacy to process or fill a prescription or drug order, which may include but is not necessarily limited to preparing, packaging, labeling, data entry, compounding for specific patients, dispensing, performing drug utilization reviews, conducting claims adjudication,

obtaining refill authorizations, reviewing therapeutic interventions, or reviewing chart orders.

NEW SECTION. Sec. 2. A new section is added to chapter 18.64 RCW to read as follows:

(1) A chart order must be considered a prescription if it contains:

(a) The full name of the patient;

(b) The date of issuance;

(c) The name, strength, and dosage form of the drug prescribed;

(d) Directions for use; and

(e) An authorized signature:

(i) For written orders, the order must contain the prescribing practitioner's signature or the signature of the practitioner's authorized agent, including the name of the prescribing practitioner; or

(ii) For electronic or digital orders, the order must contain the prescribing practitioner's electronic or digital signature, or the electronic or digital signature of the practitioner's authorized agent, including the name of the prescribing practitioner.

(2) A licensed nurse, pharmacist, or physician practicing in a long-term care facility or hospice program may act as the practitioner's agent for purposes of this chapter, without need for a written agency agreement, to document a chart order in the patient's medical record on behalf of the prescribing practitioner pending the prescribing practitioner's signature; or to communicate a prescription to a pharmacy whether telephonically, via facsimile, or electronically. The communication of a prescription to a dispenser by the prescriber's agent has the same force and effect as if communicated directly by the authorized practitioner.

(3) Nothing in this chapter prevents an authorized credentialed employee of a long-term care facility from transmitting a chart order pursuant to RCW 74.42.230, or transmitting a prescription on behalf of a resident to the extent otherwise authorized by law.

NEW SECTION. Sec. 3. A new section is added to chapter 18.64 RCW to read as follows:

(1) A pharmacy or pharmacist may provide a limited quantity of drugs to a nursing home or hospice program without a prescription for emergency administration by authorized personnel of the facility or program pursuant to a valid prescription. The drugs so provided must be limited to those required to meet the immediate therapeutic needs of residents or patients and may not be available from another authorized source in sufficient time to prevent risk of harm by delay resulting from obtaining drugs from another source. Emergency kits must be secured in a locked room, container, or device to prevent unauthorized access and to ensure the proper environment for preservation of the drugs.

(2) In addition to or in connection with the emergency kit authorized under subsection (1) of this section, a nursing home that employs a unit dose drug distribution system may maintain a supplemental dose kit for supplemental nonemergency drug therapy. Supplemental dose kits must be secured in a locked room, container, or device to prevent unauthorized access, and to ensure the proper environment for preservation of the drugs. Administration of drugs from

a supplemental dose kit must be under a valid prescription or chart order.

(3) The types and quantity of drugs appropriate to serve the resident or patient population of a nursing home or hospice program using an emergency kit or supplemental dose kit and procedures for the proper storage and security of drugs must be determined by a pharmaceutical services committee that includes a pharmacist licensed under this chapter, a physician licensed under chapter 18.71 RCW, an osteopathic physician licensed under chapter 18.57 RCW, or an advanced registered nurse practitioner licensed under chapter 18.79 RCW, and appropriate clinical or administrative personnel of the nursing home or hospice program as set forth in rules adopted by the pharmacy quality assurance commission.

(4) A registered nurse or licensed practical nurse operating under appropriate direction and supervision by a pharmacist may restock an emergency kit or supplemental dose kit to provide for safe and timely patient access.

NEW SECTION. Sec. 4. A new section is added to chapter 18.64 RCW to read as follows:

(1) A pharmacy may resupply a legend drug to a patient at a long-term care facility or hospice program pursuant to a valid chart order that is signed by the prescribing practitioner, is not time limited, and has not been discontinued.

(2) A pharmacy may outsource shared pharmacy services for a long-term care facility or hospice program to another pharmacy if the outsourcing pharmacy:

(a) Obtains approval from the long-term care facility or hospice program to outsource shared pharmacy services for the facility's or program's residents or patients; and  
(b) Provides a copy of the prescription or order to the pharmacy providing the shared pharmacy services.

(3) Shared pharmacy services may be used for, but are not limited to, the purpose of ensuring that drugs or devices are attainable to meet the immediate needs of residents of the long-term care facility or hospice program, or when the outsourcing pharmacy cannot provide services on an ongoing basis. Where a pharmacy uses shared pharmacy services to have a second pharmacy provide a first dose or partial fill of a prescription or drug order to meet a patient's or resident's immediate needs, the second supplying pharmacy may dispense the first dose or partially filled prescription on a satellite basis without the outsourcing pharmacy being required to fully transfer the prescription to the supplying pharmacy. The supplying pharmacy must retain a copy of the prescription or order on file, a copy of the dispensing record or fill, and must notify the outsourcing pharmacy of the service and quantity provided.

(4) A pharmacy may repackage and dispense unused drugs returned by a long-term care facility or hospice program to the pharmacy in per-use, blister packaging, whether in unit dose or modified unit dose form, except as prohibited by federal law. The commission must adopt rules providing for the safe and efficient repackaging, reuse, and disposal of unused drugs returned to a pharmacy from a long-term care facility or

hospice program. In adopting rules, the commission must take into consideration the acceptance and dispensing requirements of RCW 69.70.050 (1), (2), and (5).

NEW SECTION. Sec. 5. A new section is added to chapter 18.64 RCW to read as follows:

The commission must adopt reasonable, task-based standards regarding the ratio of pharmacists to pharmacy technicians in a closed door long-term care pharmacy. For the purpose of such standards, a pharmacy technician licensed under chapter 18.64A RCW may not be considered to be practicing as a pharmacy technician while performing administrative tasks not associated with immediate dispensing of drugs that may lawfully be performed by a registered pharmacy assistant. Administrative tasks not associated with immediate dispensing of drugs include but are not necessarily limited to medical records maintenance, billing, prepackaging unit dose drugs, inventory control, delivery, and processing returned drugs.

NEW SECTION. Sec. 6. A new section is added to chapter 18.64 RCW to read as follows:

The commission may adopt rules implementing sections 2 through 5 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 69.41 RCW to read as follows:

(1) A pharmacy may dispense legend drugs to the resident of a long-term care facility or hospice program on the basis of a written or digitally signed prescription or chart order sent via facsimile copy by the prescriber to the long-term care facility or hospice program, and communicated or transmitted to the pharmacy pursuant to section 2 of this act.

(2) For the purpose of this section, the terms "long-term care facility," "hospice program," and "chart order" have the meanings provided in RCW 18.64.011.

Sec. 8. RCW 69.50.308 and 2013 c 276 s 3 are each amended to read as follows:

(a) A controlled substance may be dispensed only as provided in this section. Prescriptions electronically communicated must also meet the requirements under RCW 69.50.312.

(b) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule II may not be dispensed without the written or electronically communicated prescription of a practitioner.

(1) Schedule II narcotic substances may be dispensed by a pharmacy pursuant to a facsimile prescription under the following circumstances:

(i) The facsimile prescription is transmitted by a practitioner to the pharmacy; and

(ii) The facsimile prescription is for a patient in a long-term care facility or a hospice program ((certified or paid by medicare under Title XVIII of the federal social security act. "Long-term care facility" means nursing homes licensed under chapter 18.51 RCW, assisted living facilities licensed under chapter 18.20 RCW, and adult family homes licensed under chapter 70.128 RCW; or

(iii) The facsimile prescription is for a patient of a hospice program licensed by the state); and

((iv)) (iii) The practitioner or the practitioner's agent notes on the facsimile prescription that the patient is a long-term care or hospice patient.

(2) Injectable Schedule II narcotic substances that are to be compounded for patient use may be dispensed by a pharmacy pursuant to a facsimile prescription if the facsimile prescription is transmitted by a practitioner to the pharmacy.

(3) Under (1) and (2) of this subsection the facsimile prescription shall serve as the original prescription and shall be maintained as other Schedule II narcotic substances prescriptions.

(c) In emergency situations, as defined by rule of the commission, a substance included in Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306.

(d) A prescription for a substance included in Schedule II may not be refilled. A prescription for a substance included in Schedule II may not be filled more than six months after the date the prescription was issued.

(e) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule III, IV, or V, which is a prescription drug as determined under RCW 69.04.560, may not be dispensed without a written, oral, or electronically communicated prescription of a practitioner. Any oral prescription must be promptly reduced to writing.

(f) A written, oral, or electronically communicated prescription for a substance included in Schedule III, IV, or V, which is a prescription drug as determined under RCW 69.04.560, for a resident in a long-term care facility or hospice program may be communicated to the pharmacy by an authorized agent of the prescriber. A registered nurse, pharmacist, or physician practicing in a long-term care facility or hospice program may act as the practitioner's agent for purposes of this section, without need for a written agency agreement.

(g) The prescription for a substance included in Schedule III, IV, or V may not be filled or refilled more than six months after the date issued by the practitioner or be refilled more than five times, unless renewed by the practitioner.

((g)) (h) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that the person is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

((h)) (i) A substance included in Schedule V must be distributed or dispensed only for a medical purpose.

((i)) (j) A practitioner may dispense or deliver a controlled substance to or for an individual or animal only for medical treatment or authorized research in the ordinary course of that practitioner's profession. Medical treatment includes dispensing or administering a narcotic drug for pain, including intractable pain.

((j)) (k) No administrative sanction, or civil or criminal liability, authorized or created by this chapter may be imposed on a pharmacist for action taken in reliance on a reasonable belief that an order purporting to be a prescription was issued by a practitioner in the usual course of professional treatment or in authorized research.

((k)) (l) An individual practitioner may not dispense a substance included in Schedule II, III, or IV for that individual practitioner's personal use.

(4) For the purposes of this section, the terms "long-term care facility" and "hospice program" have the meaning provided in RCW 18.64.011.

Sec. 9. RCW 74.42.230 and 1994 sp.s. c 9 s 751 are each amended to read as follows:

(1) The resident's attending or staff physician or authorized practitioner approved by the attending physician shall order all medications for the resident. The order may be oral or written and shall ((be limited by time)) continue in effect until discontinued by a physician or other authorized prescriber, unless the order is specifically limited by time. An "authorized practitioner," as used in this section, is a registered nurse under chapter 18.79 RCW when authorized by the nursing care quality assurance commission, an osteopathic physician assistant under chapter 18.57A RCW when authorized by the committee of osteopathic examiners, ((or)) a physician assistant under chapter 18.71A RCW when authorized by the medical quality assurance commission, or a pharmacist under chapter 18.64 RCW when authorized by the pharmacy quality assurance commission.

(2) An oral order shall be given only to a licensed nurse, pharmacist, or another physician. The oral order shall be recorded and physically or electronically signed immediately by the person receiving the order. The attending physician shall sign the record of the oral order in a manner consistent with good medical practice.

(3) A licensed nurse, pharmacist, or another physician receiving and recording an oral order may, if so authorized by the physician or authorized practitioner, communicate that order to a pharmacy on behalf of the physician or authorized practitioner. The order may be communicated verbally by telephone, by facsimile manually signed by the person receiving the order pursuant to subsection (2) of this section, or by electronic transmission pursuant to RCW 69.41.055. The communication of a resident's order to a pharmacy by a licensed nurse, pharmacist, or another physician acting at the prescriber's direction has the same force and effect as if communicated directly by the delegating physician or authorized practitioner. Nothing in this provision limits the authority of a licensed nurse, pharmacist, or physician to delegate to an authorized agent, including but not limited to delegation of operation of a facsimile machine by credentialed facility

staff, to the extent consistent with his or her professional license.

(2)(a) A violation of this section involving the sale, delivery, or possession with intent to sell or deliver is a class B felony punishable according to chapter 9A.20 RCW.

Sec. 12. RCW 69.41.032 and 1987 c 41 s 2 are each amended to read as follows:

Sec. 14. RCW 69.41.044 and 2005 c 274 s 328 are each amended to read as follows:

All records, reports, and information obtained by the ((board)) commission or its authorized representatives from or on behalf of a pharmaceutical manufacturer, representative of a manufacturer, wholesaler, pharmacy, or practitioner who purchases, dispenses, or distributes legend drugs under this chapter are confidential and exempt from public inspection and copying under chapter 42.56 RCW. Nothing in this section restricts the investigations or the proceedings of the ((board)) commission so long as the ((board)) commission and its authorized representatives comply with the provisions of chapter 42.56 RCW.

Sec. 15. RCW 69.41.055 and 1998 c 222 s 2 are each amended to read as follows:

(1) Information concerning an original prescription or information concerning a prescription refill for a legend drug may be electronically communicated between an authorized practitioner and a pharmacy of the patient's choice with no intervening person having access to the prescription drug order pursuant to the provisions of this chapter if the electronically communicated prescription information complies with the following:

(a) Electronically communicated prescription information must comply with all applicable statutes and rules regarding the form, content, recordkeeping, and processing of a prescription or order for a legend drug;

(b) The system used for transmitting electronically communicated prescription information and the system used for receiving electronically communicated prescription information must be approved by the ((board)) commission. This subsection does not apply to currently used facsimile equipment transmitting an exact visual image of the prescription. The ((board)) commission shall maintain and provide, upon request, a list of systems used for electronically communicating prescription information currently approved by the ((board)) commission;

(c) An explicit opportunity for practitioners must be made to indicate their preference on whether or not a therapeutically equivalent generic drug or interchangeable biological product may be substituted. This section does not limit the ability of practitioners and pharmacists to permit substitution by default under a prior-consent authorization;

(d) Prescription drug orders are confidential health information, and may be released only to the patient or the patient's authorized representative, the prescriber or other authorized practitioner then caring for the patient, or other persons specifically authorized by law to receive such information;

(e) To maintain confidentiality of prescription records, the electronic system shall have adequate security and systems safeguards designed to prevent and detect unauthorized access, modification, or manipulation of these records. The pharmacist in charge shall establish or verify the existence of policies and procedures which ensure the integrity and confidentiality of prescription information transmitted to the pharmacy by electronic means. All managers, employees, and agents of the pharmacy are required to read, sign, and comply with the established policies and procedures; and

(2) The electronic or digital signature of the prescribing practitioner's agent on behalf of the prescribing practitioner for a resident in a long-term care facility or hospice program, pursuant to a valid order and authorization under section 2 of this act, constitutes a valid electronic communication of prescription information. Such an authorized signature and transmission by an agent in a long-term care facility or hospice program does not constitute an intervening person having access to the prescription drug order.

(3) The ((board)) commission may adopt rules implementing this section.

(1) Every proprietor or manager of a pharmacy shall keep readily available a suitable record of prescriptions which shall preserve for a period of not less than two years the record of every prescription dispensed at such pharmacy which shall be numbered, dated, and filed, and shall produce the same in court or before any grand jury whenever lawfully required to do so. The record shall be maintained either separately from all other records of the

pharmacy or in such form that the information required is readily retrievable from ordinary business records of the pharmacy. All recordkeeping requirements for controlled substances must be complied with. Such record of prescriptions shall be for confidential use in the pharmacy, only. The record of prescriptions shall be open for inspection by the commission or any officer of the law, who is authorized to enforce this chapter ((18.64,)) or chapter 69.41((,)) or 69.50 RCW.

(2) When a pharmacy receives a prescription in digital or electronic format through facsimile equipment transmitting an exact visual image of the prescription, or through electronic communication of prescription information, the digital or electronic record of every such prescription dispensed at the pharmacy constitutes a suitable record of prescriptions, provided that the original or direct copy of the prescription is electronically or digitally numbered or referenced, dated, and filed in a form that permits the information required to be readily retrievable.

(3) A person violating this section is guilty of a misdemeanor.

Sec. 18. RCW 18.64.500 and 2013 c 19 s 30 are each amended to read as follows:

(1) ((Effective July 1, 2010,)) Every prescription written in this state by a licensed practitioner must be written on a tamper-resistant prescription pad or paper approved by the commission.

(2) A pharmacist may not fill a written prescription from a licensed practitioner unless it is written on an approved tamper-resistant prescription pad or paper, except that a pharmacist may provide emergency supplies in accordance with the commission and other insurance contract requirements.

(3) If a hard copy of an electronic prescription is given directly to the patient, the manually signed hard copy prescription must be on approved tamper-resistant paper that meets the requirements of this section.

(4) For the purposes of this section, "tamper-resistant prescription pads or paper" means a commission pad or paper that has been approved by the commission for use and contains the following characteristics:

(a) One or more industry-recognized features designed to prevent unauthorized copying of a completed or blank prescription form;

(b) One or more industry-recognized features designed to prevent the erasure or modification of information written on the prescription form by the practitioner; and

(c) One or more industry-recognized features designed to prevent the use of counterfeit prescription forms.

(5) Practitioners shall employ reasonable safeguards to assure against theft or unauthorized use of prescriptions.

(6) All vendors must have their tamper-resistant prescription pads or paper approved by the commission prior to the marketing or sale of pads or paper in Washington state.

(7) The commission shall create a seal of approval that confirms that a pad or paper contains all three industry-recognized characteristics required by this section. The seal must be affixed to all prescription pads or paper used in this state.

(8) The commission may adopt rules necessary for the administration of chapter 328, Laws of 2009.

(9) The tamper-resistant prescription pad or paper requirements in this section shall not apply to:

(a) Prescriptions that are transmitted to the pharmacy by telephone, facsimile, or electronic means; or

(b) Prescriptions written for inpatients of a hospital, outpatients of a hospital, residents of a ((nursing home)) long-term care facility, patients of a hospice program, inpatients or residents of a mental health facility, or individuals incarcerated in a local, state, or federal correction facility, when the health care practitioner authorized to write prescriptions, or his or her authorized agent, writes the order into the patient's medical or clinical record, the order is given directly to the pharmacy, and the patient never has the opportunity to handle the written order.

(10) All acts related to the prescribing, dispensing, and records maintenance of all prescriptions shall be in compliance with applicable federal and state laws, rules, and regulations."

2SSB 6239 Prime Sponsor, Committee on Ways & Means: Providing local governments with options to preserve affordable housing in their communities. Reported by Committee on Community Development, Housing & Tribal Affairs

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Families, senior citizens, and workers with fewer financial resources are more likely to experience unhealthy and unsafe housing conditions;

(2) Healthy homes promote good physical and mental health. When adequate housing protects individuals and families from harmful exposures and provides them with a sense of privacy, security, stability, and control, it can make important contributions to health and well-being;

(3) Affordable housing is a necessary component of strong, thriving neighborhoods with healthy physical and social environments;

(4) Very low-income household renters should have the opportunity to live in homes in neighborhoods close to major infrastructure investments like transit, quality schools for children, and vital services like health care, grocery shopping, and employment;

(5) Community members with critical occupations, senior citizens, and families are struggling to afford rent around the state;

(6) Rising rents are causing the displacement of very low-income household renters and long-time community members, risking the loss of cultural communities;

(7) Nonprofit property owners require additional resources to make health, safety, and quality improvements to buildings without raising rents to pay for repairs; and

(8) Communities need a wide range of local tools to create healthy, affordable homes and address affordable housing needs.

NEW SECTION. Sec. 2. It is the purpose of this chapter to give communities a local option to preserve and increase healthy, high-quality affordable rental housing opportunities for very low-income households for which the governing authority has found that there are insufficient healthy affordable housing opportunities. It is also the purpose of this chapter to ensure that housing opportunities are affordable to renters at below-market rent levels, as determined by the governing authority, with consideration of community needs, market rental costs, and income levels of renters.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Energy and water efficiency standards" means housing that meets standards substantially equivalent to evergreen sustainable development standards, as established by the Washington state department of commerce.

(2) "Governing authority" means the local legislative authority of a city or county having jurisdiction over the property for which an exemption may be applied under this chapter.

(3) "Health and quality standards" means standards substantially equivalent to uniform physical condition standards, as established by the United States department of housing and urban development, or the national healthy housing standard, as established by the national center for healthy housing and the American public health association. Governing authority may use a residential housing inspection program within the jurisdiction that has established the tax exemption, as long as the standards are substantially equivalent to uniform physical condition standards or the national healthy housing standard.

(4) "High-cost area" means a county where the third quarter median house price for the previous year as reported by the Runstad center for real estate studies at the University of Washington is equal to or greater than one hundred thirty percent of the statewide median house price published during the same time period.

(5) "Household" means a single person, family, or unrelated persons living together.

(6) "Low-income households" means a single person, family, or unrelated persons living together whose adjusted income is at or below sixty percent of the median family income adjusted for family size, for the county in which the project is located, as reported by the

United States department of housing and urban development.

(7) "Multifamily dwelling" means a building consisting of more than one dwelling unit, as further defined by the governing authority.

(8) "Nonprofit" or "nonprofit entity" means a nonprofit that is exempt from federal income taxation under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended.

(9) "Owner" means the property owner of record.

(10) "Permanent residential occupancy" means housing that provides rental occupancy on a nontransient basis. "Permanent residential occupancy" includes rental accommodation that is leased for a period of at least one month. "Permanent residential occupancy" excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(11) "Property" means a multifamily dwelling not designed as transient accommodations, and the land upon which the dwelling is located. "Property" excludes hotels or motels. "Property" may also include a single-family dwelling and the land upon which the dwelling is located if the governing authority adopts a program for such property as provided in section 9(1)(e) of this act.

(12) "Rehabilitation improvements" means modifications to existing property made to achieve substantial compliance with health and quality standards or energy and water efficiency standards.

(13) "Single-family dwelling unit" means an individual detached dwelling, as further defined by the governing authority.

(14) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median family income adjusted for family size, for the county in which the project is located, as reported by the United States department of housing and urban development. For cities located in high-cost areas, "very low-income household" means a household that has an income at or below sixty percent of the median family income adjusted for family size, for the county in which the project is located.

NEW SECTION. Sec. 4. A city governing authority may adopt a property tax exemption program to preserve affordable housing that meets health and quality standards for very low-income households at risk of displacement or that cannot afford market-rate housing. A county governing authority may adopt a property tax exemption program for unincorporated areas of the county to preserve affordable housing that meets health and quality standards for very low-income households at risk of displacement or that cannot afford market-rate housing.

NEW SECTION. Sec. 5. (1) Only properties owned by a nonprofit entity may qualify for a property tax exemption program under this chapter.

(2) Upon adoption of a property tax exemption program, the governing authority must establish standards for very low-income household rental housing under this chapter, including rent limits and income guidelines consistent with local housing needs, to assist very low-income

households that cannot afford market-rate housing. Affordable housing units must be:

(a) Below market rent levels as determined by the governing authority; and

(b) Affordable to households with an income of fifty percent or less of the county median family income, adjusted for family size.

(3)(a) The governing authority, after holding a public hearing, may also establish lower income levels or lower rent levels adjusted to serve very low-income household renters in the community.

(b) The governing authority of a high-cost area, after holding a public hearing, may also establish higher income levels. The higher income level may not exceed sixty percent of the county area median family income, adjusted for family size.

(4) Rent levels for affordable housing units may not exceed thirty percent of the income limit for the very low-income housing unit, as established by the governing authority, and must include tenant-paid utilities other than telephone and any mandatory fees required as a condition of tenancy.

NEW SECTION. Sec. 6. (1) The value of residential real property qualifying under this chapter is exempt from ad valorem property taxation, except taxes levied by the state, for a period of fifteen successive years beginning January 1st of the calendar year immediately following the calendar year in which a certificate of tax exemption is filed with the county assessor in accordance with section 12 of this act.

(2) The governing authority may extend the duration of the exemption period by three years for properties meeting energy and water efficiency standards.

(3) The incentive provided under this chapter is in addition to any tax credits, grants, or other incentives provided by law.

(4) This chapter neither applies to increases in assessed valuation made by the assessor on nonqualifying portions of building or land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(5) The exemption does not apply to any county property tax unless the legislative authority of the county adopts a resolution and notifies the governing authority of the jurisdiction within the county that has established a tax exempt program of its intent to allow the property to be exempt.

(6) The governing authority must notify local taxing districts in the designated exemption area when a tax exemption program is established under this chapter.

NEW SECTION. Sec. 7. To be eligible for the exemption from property taxation under this chapter, in addition to other requirements set forth in this chapter, the property must be in compliance with the following applicable requirements for the entire exemption period:

(1) The property must be owned by a nonprofit entity;

(2)(a) A minimum of twenty-five percent of units in a multiple-unit property subject to tax exemption must be affordable as described in section 5 of this act. A

governing authority may require more than twenty-five percent affordable units in multiple-unit housing buildings subject to tax exemption to address local market conditions. Affordable units must be comparable in terms of quality and living conditions to market rate units in the building.

(b) If a nonprofit entity acquires a property that meets the requirements under (a) of this subsection, and which also had within the previous twelve-month period at least an additional twenty-five percent of its units affordable to low-income households, then the property must continue to provide no less than the same number of additional units affordable to low-income households or very low-income households;

(3) At least ninety percent of the units of multiple-unit property must be occupied by tenants at the time of application;

(4) The property must be part of a residential or mixed-use (residential and nonresidential) project;

(5) The property must provide for a minimum of fifty percent of the space in each building for permanent residential occupancy;

(6) The property must meet guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, income limits for occupancy, limits on rents, health and quality standards, and other adopted requirements indicated as necessary by the governing authority. The required amenities should be relative to the size of the project and tax benefit to be obtained; and

(7) The nonprofit property owner must enter into a contract with the city or county approved by the governing authority, or an administrative official or commission authorized by the governing authority, under which the nonprofit property owner has agreed to terms and conditions satisfactory to the governing authority.

**NEW SECTION. Sec. 8.** (1) To be eligible for the exemption from taxation under this chapter, the property must also comply with all applicable land use regulations, zoning requirements, and building and housing code requirements, including space and occupancy, structural, mechanical, fire, safety, and security standards, and health and quality standards. The governing authority may establish additional standards to meet local needs.

(2)(a) The governing authority may waive certain health and quality standards for up to two years if the owner of the nonprofit property submits a rehabilitation plan to comply with health and quality standards. The nonprofit owner must notify the governing authority at the time of completion of rehabilitation. The waiver of certain health and quality standards only applies to rehabilitation improvements specifically included in the rehabilitation plan.

(b) The governing authority must establish minimum health and quality standards for properties to qualify for a waiver under (a) of this subsection. The governing authority may not waive health and quality standards that endanger or impair the health and safety of any tenant.

(c) Nothing in this subsection may exempt or waive any obligations under federal, state, and local laws.

(3) The property must be inspected for compliance with subsections (1) and (2) of this section at the time of application for tax exemption and, thereafter, as established by the governing authority at least once every three years.

(4) If the governing authority grants a waiver of certain health and quality standards under subsection (2) of this section, the property must be inspected when the nonprofit owner notifies the governing authority that rehabilitation has been completed or at the end of the waiver period, whichever occurs first.

(5) The governing authority or its duly authorized representative may deny an application for tax exemption or revoke an existing exemption under this chapter for failure to comply with health and quality standards.

**NEW SECTION. Sec. 9.** (1) The governing authority may establish additional requirements for tax exemption eligibility or program rules under this chapter including, but not limited to:

(a) A limit on the total number of affordable housing units subject to exemption under this chapter;

(b) The designation of targeted residential areas for property to align with community needs, including to prevent displacement, preserve cultural communities, and provide affordable housing options near community infrastructure such as transportation or public schools;

(c) Standards for property size, unit size, unit type, mix of unit types, or mix of unit sizes;

(d) An exemption extension for property meeting minimum energy and water efficiency standards substantially equivalent to evergreen sustainable development building performance standards;

(e) A program for single-family dwelling rental units occupied by tenants complying with affordability requirements under this chapter as adopted by the governing authority;

(f) Any additional requirements to reduce displacement of very low-income household tenants.

(2) The governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under this chapter. The standards and guidelines must establish basic requirements to include:

(a) An application process and procedures;

(b) Guidelines that may include height, density, public benefit features, number and size of proposed development, parking, income limits for occupancy, limits on rents, health and quality standards, and other adopted requirements indicated as necessary by the governing authority. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(c) An inspection policy and procedures to ensure the property complies with housing and health and quality standards;

(d) Income and rent limits as required under section 5 of this act; and

(e) Documentation necessary to establish income eligibility of households in affordable housing units.

(3) Standards may apply to part or all of a jurisdiction and different standards may be applied to different areas within a jurisdiction or to different types of development. Programs authorized under this section may be modified to meet local needs and may include provisions not expressly provided in this section.

NEW SECTION. Sec. 10. A nonprofit property owner making an application under this chapter must apply by August 1st of the year prior to the first calendar year in which the taxes for collection are to be considered for exemption and meet the following requirements:

(1) The applicant must apply to the city or county on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption, including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including the floor plan of units and other information requested;

(c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(d) When the governing authority finds that rehabilitation is required to meet health and quality standards or evergreen sustainable development building performance standards, a rehabilitation plan outlining rehabilitation improvements, budget, and proposed schedule for repairs; and

(e) A certification of family size and annual income in a form acceptable to the governing authority for designated affordable housing units;

(2) The applicant must verify the application by oath or affirmation; and

(3) The applicant must submit a fee, if any, with the application as required under this chapter. The governing authority may permit the applicant to revise an application before final action by the governing authority.

NEW SECTION. Sec. 11. (1) Upon receipt of an application meeting the requirements of section 10 of this act, the governing authority must inspect the property to certify compliance with health and quality standards or to grant a waiver upon submission of a rehabilitation plan by the nonprofit owner of the property.

(2) The duly authorized administrative official or committee of the governing authority may approve the application if it finds that:

(a) The property meets affordable housing requirements as described in section 5 of this act;

(b) The property meets health and quality standards, or a waiver is granted upon submission of a rehabilitation plan by the nonprofit property owner;

(c) The property rehabilitation plan is of appropriate scope to be completed within the designated time frame of waiver and will result in property compliance with health and quality standards, as outlined in section 8 of this act; and

(d) The nonprofit owner has complied with all standards and guidelines adopted by the governing authority under this chapter.

NEW SECTION. Sec. 12. (1) The governing authority, or an administrative official or commission authorized by the governing authority, must approve or deny an application filed under this chapter within one hundred twenty days. The governing authority may adopt standards to extend the period to approve or deny an application filed under this chapter for a property that does not meet health and quality standards.

(2)(a) If the application is approved, the governing authority must issue the nonprofit property owner a certificate of tax exemption and file the certificate of exemption with the county assessor no later than December 1st of the year prior to the first calendar year in which the taxes for collection are to be exempt. If the certificate of exemption is filed after December 1st and before January 1st, the certificate of exemption is deemed filed in the next calendar year. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in this chapter.

(b) The governing authority may issue a conditional certificate of acceptance of tax exemption if a property must complete a rehabilitation plan in order to comply with health and quality standards. The rehabilitation must be completed within two years of the date of application for a tax exemption.

(3)(a) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(b) Upon denial by the authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority must be based upon the record made before the administrative official or commission with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official or commission's decision. The decision of the governing body in denying or approving the application is final.

NEW SECTION. Sec. 13. The governing authority may establish an application fee or other fees to not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee, if established, must be paid at the time the application is submitted. If the application is approved, the governing authority must pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority may retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

NEW SECTION. Sec. 14. The authorized representative of the governing authority must notify the applicant that a certificate of tax exemption will be

denied or canceled if the authorized representative determines that:

- (1) The affordable housing requirements as described in section 5 of this act were not met;
- (2) The property did not meet health and quality standards; or
- (3) The nonprofit owner's property is otherwise not qualified for limited exemption under this chapter.

NEW SECTION. Sec. 15. (1) The nonprofit owner of property receiving a tax exemption under this chapter must obtain from each tenant living in designated affordable housing units, no less than annually, a certification of family size and annual income in a form acceptable to the governing authority.

(2) The nonprofit property owner must file a report at least annually by a date established by the governing authority indicating the following:

- (a) Family size and annual income for each tenant living in designated affordable housing rental units and a statement that the property is in compliance with affordable housing requirements described in section 5 of this act;
- (b) A statement of occupancy and vacancy;
- (c) A schedule of rents charged in market-rate units;
- (d) A certification that the property has not changed use;
- (e) A description of changes or improvements;
- (f) When rehabilitation is required to meet health and quality standards or evergreen sustainable development building performance standards, a progress report on compliance with the rehabilitation plan, budget, and proposed schedule for repairs; and
- (g) Any other information required to determine compliance with program requirements or to measure program performance.

(3) A governing authority that issues certificates of tax exemption for property that conform to the requirements of this chapter must report annually by July 1st to the department of commerce the following information:

- (a) The number of tax exemption certificates granted;
- (b) The number and type of units in building properties receiving a tax exemption;
- (c) The number and type of units meeting affordable housing requirements;
- (d) The total monthly rent amount for each affordable and market-rate unit; and
- (e) The value of the tax exemption for each project receiving a tax exemption and the total value of tax exemptions granted.

NEW SECTION. Sec. 16. (1) After a certificate of exemption has been filed with the county assessor, the tax exemption must be canceled by the authorized representative of the governing authority under the following circumstances:

- (a) The owner intends to convert the property to another use that is not residential or the owner intends to discontinue compliance with affordable housing requirements;
- (b) The owner fails to file annual reports;
- (c) The owner fails to maintain the property in substantial compliance with all applicable local building, safety, and health code requirements;

(d) The owner fails to complete rehabilitation improvements as outlined in the rehabilitation plan;

(e) The owner fails to meet affordable housing requirements; or

(f) The property is transferred to an owner who is not a nonprofit entity.

(2)(a) Notification of a canceled certificate of exemption must be made by the governing authority or authorized representative of the governing authority to the county assessor within thirty days of the cancellation. Upon notice of a canceled tax exemption certificate, additional real property tax must be imposed upon the value of the improvements and land that no longer qualify for exemption under this chapter in the amount that would have been imposed had the property not been exempt under this act, plus a penalty of twenty percent of the additional tax. This additional tax is calculated from January 1st of the year the certificate of tax exemption first became effective.

(b) Interest must be included upon the amounts of the additional tax at the same rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the property had been assessed at a value without regard to this chapter.

(c) The additional tax, penalty, and interest must be collected by the county treasurer. The additional tax must be distributed by the county treasurer in the same manner in which current property taxes applicable to the subject property are distributed. The additional taxes, penalty, and interest must be payable in full thirty days following the date on which the treasurer's statement of additional tax due is issued.

(d) The additional tax owed together with the interest and penalty becomes a lien on the land and attaches at the time the property or portion of the property is removed from use as affordable housing or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon the expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent.

(e) The county auditor may not accept an instrument of conveyance unless the additional tax, interest, and penalty has been paid or the governing authority or authorized representative has determined that the property is not subject to the additional tax, interest, or penalty.

(f) A certificate of exemption may be continued for the remainder of the exemption period upon sale or transfer of all or a portion of the exempt property to a new nonprofit owner, if the new nonprofit owner has signed a notice of exemption continuance. The notice of exemption continuance must be in a form approved by the governing authority or its authorized representative. If the notice of continuance is not signed by the new nonprofit owner and attached to the real estate excise tax affidavit, all additional tax, penalty, and interest calculated in accordance with this section become due

and payable by the owner, including the seller or transferor, at time of sale.

(3) Upon a determination that a property tax exemption is to be canceled for any reason stated in this section, the governing authority or authorized representative of the governing authority must notify the record nonprofit owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The nonprofit owner may appeal the determination to the governing authority or authorized representative within thirty days by filing a notice of appeal with the clerk of the governing authority, which must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer must either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(4) Upon the expiration of the exemption period or upon cancellation of the exemption, the value of new construction or improvements to the property, not previously considered as new construction during the exemption period, must be considered as new construction for purposes of calculating levies under chapter 84.55 RCW.

NEW SECTION. Sec. 17. Tenant identifying information and income data obtained by the governing authority and the assessor may be used only to administer this affordable housing exemption. Notwithstanding any provision of law to the contrary, absent written consent by the person about whom the information or facts have been obtained, the tenant identifying information and income data may not be disclosed by the jurisdiction or assessor or their agents or employees to anyone other than their agents or employees except in an administrative or judicial proceeding pertaining to the taxpayer's entitlement to the tax exemption.

NEW SECTION. Sec. 18. The exemption in this chapter applies to taxes levied for collection in 2017 and thereafter.

NEW SECTION. Sec. 19. Sections 1 through 18 of this act constitute a new chapter in Title 84 RCW." Correct the title.

SB 6291 Prime Sponsor, Senator Braun:  
Authorizing the use of weighted grade  
point averages for accelerated courses.  
Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that there have been significant legislative efforts dedicated to providing opportunities for the academic acceleration of students. An example of these efforts is the enactment of legislation encouraging school districts to adopt policies that automatically enroll students in the most rigorous advanced courses available, with the objective being that students will eventually enroll in dual credit courses.

(2) However, the legislature recognizes that, contrary to acceleration preferences, students may have disincentives for taking more rigorous coursework, including honors courses, AP courses, international baccalaureate courses, and dual credit courses, for fear of diminishing their ability to enroll in the postsecondary school of their choice. The legislature finds that one aspect of this disincentive may be that districts are not authorized to use a weighted grade point average system that appropriately recognizes student achievement in accelerated courses, or a standardized high school transcript that would reflect this system.

(3) The legislature therefore intends to convene a task force to examine the policy considerations of authorizing school districts to use a weighted grade point average system and a modified high school transcript that would accompany the weighted system.

NEW SECTION. Sec. 2. (1)(a) A legislative task force on weighted grade point average systems is established, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate. Members appointed under this subsection (1)(a)(i) must be from different political parties.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(iii) The president of the senate and the speaker of the house of representatives shall jointly appoint one nonvoting member from each of the following organizations:

(A) The state board of education;

(B) The Washington state school directors' association;

(C) The state board for community and technical colleges;

(D) The workforce training and education coordinating board;

(E) The Washington student achievement council;

(F) The Washington association of school administrators;

(G) The association of Washington school principals;

(H) The Washington state council of presidents; and

(I) The independent colleges of Washington.

(iv) The office of the superintendent of public instruction shall cooperate with the task force and maintain a liaison representative, who shall be a nonvoting member.

(b) The task force shall choose its cochairs from among its legislative membership. The appointee from the largest caucus of the house of representatives shall, on or before July 15, 2016, convene the initial meeting of the task force.

(2) The task force shall review the following issues:

(a) The implementation of weighted grade point average systems in other states;

(b) How weighted grade point average systems have affected college admissions practices and considerations in other states, and how such systems might affect college admissions practices and considerations in Washington, both for in-state and out-of-state applicants;

- (c) The implementation of weighted grade point average systems, for internal purposes only, by Washington high schools;
- (d) Technical considerations associated with the implementation of a weighted grade point average system in Washington, including:
  - (i) Requirements that may need to be adopted by rule;
  - (ii) The development of appropriate technical guidance for school districts;
  - (iii) The appropriate level of standardization for a weighted grade point average system;
  - (iv) A determination of what criteria to apply, and what level of local discretion to permit, when determining whether a course qualifies as an accelerated course under a weighted grade point average system;
- (e) How dual credit programs should be addressed in a weighted grade point average system;

"NEW SECTION. Sec. 1. The legislature finds that: (1) School-sponsored, unpaid work-based learning, including cooperative education, clinical experiences, and internship programs are a valuable component of many college certifications and degrees; (2) the opportunity to provide labor and industries' medical aid coverage to students in these programs will encourage employers to participate in school-sponsored, unpaid work-based learning, potentially improving employment opportunities for students; and (3) education improves economic viability in communities and in the state of Washington.

Sec. 2. RCW 51.12.170 and 1994 c 246 s 1 are each amended to read as follows:

(1) An employer covered under this title may elect to include student volunteers or unpaid students as employees or workers for all purposes relating to medical aid benefits under chapter 51.36 RCW. The employer shall give notice of its intent to cover all of its student volunteers or unpaid students to the director prior to the occurrence of the injury or contraction of an occupational disease.

(2) A student volunteer is an enrolled student in a ((public)) school as defined in RCW 28A.150.010 or in a state public or private institution of higher education, who is participating as a volunteer under a program authorized by the ((public)) school. The student volunteer shall perform duties for the employer without wages. The student volunteer shall be deemed to be a volunteer even if the student is granted maintenance and reimbursement for actual expenses necessarily incurred in performing his or her assigned or authorized duties. A person who earns wages for the services performed is not a student volunteer.

(3) An unpaid student is an enrolled student in a state public or private institution of higher education who is participating in an unpaid work-based learning program authorized by the school. The unpaid student shall perform duties for the employer without wages but receives credit towards completing the school program,

certification, or degree in return for the services provided.

(4) Any and all premiums or assessments due under this title on account of service by a student volunteer or unpaid student shall be paid by the employer who has registered and accepted the services of volunteers or engaged in an approved student work-based learning program authorized by the school and has exercised its option to secure the medical aid benefits under chapter 51.36 RCW for the student volunteers or unpaid students.

(5) For the purposes of this section, "unpaid student" includes a student in school-sponsored, unpaid work-based learning, including cooperative education, clinical experiences, and internship programs.

NEW SECTION. Sec. 3. A new section is added to chapter 51.12 RCW to read as follows:

An employer who has registered and accepted the services of volunteers or unpaid students, who are eligible for medical aid benefits under this chapter, may annually elect to pay the premiums and assessments due under this title at the rate due for one hundred hours of volunteer service for each volunteer or unpaid student instead of tracking the actual number of hours for each volunteer or unpaid student. An employer selecting this option must use the method to cover all their volunteers or unpaid students for the calendar year."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.525 and 2013 2nd sp.s. c 35 s 8 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without

committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be

counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a

vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor

Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, ((or)) Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was ((plead H:\DATA\2016 JOURNAL\Journal2016\LegDay047\pleaded.doc)) pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was ((plead H:\DATA\2016 JOURNAL\Journal2016\LegDay047\pleaded.doc)) pleaded and proven after August 1, 2011, for the following offenses: A violation of a no contact order that is a felony offense, a violation of a protection order that is a felony offense, a felony domestic violence harassment offense, a felony domestic violence stalking offense, a domestic violence Burglary 1 offense, a domestic violence Kidnapping 1 offense, a domestic violence Kidnapping 2 offense, a domestic violence unlawful imprisonment offense, a domestic violence Robbery 1 offense, a domestic violence Robbery 2 offense, a domestic violence Assault 1 offense, a domestic violence Assault 2 offense, a domestic violence Assault 3 offense, a domestic violence Arson 1 offense, or a domestic violence Arson 2 offense;

(b) Count one point for each second and subsequent juvenile conviction where domestic violence as defined in RCW 9.94A.030 was ((plead H:\DATA\2016 JOURNAL\Journal2016\LegDay047\pleaded.doc)) pleaded and proven after August 1, 2011, for the offenses listed in (a) of this subsection; and

(c) Count one point for each adult prior conviction for a repetitive domestic violence offense as defined in RCW 9.94A.030, where domestic violence as defined in RCW 9.94A.030, was ((plead H:\DATA\2016 JOURNAL\Journal2016\LegDay047\pleaded.doc)) pleaded and proven after August 1, 2011.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender

score shall be included upon any resentencing to ensure imposition of an accurate sentence.

(2) An institution of higher education, working with the Washington arts commission, may expend up to ten percent of the projected art allocation for a project during the design phase in order to select an artist and design art to be integrated in the building design. The one-half of one percent to be expended by the Washington arts commission shall be adjusted downward by the amount expended by a university or college during the design phase of the capital project.

(3) The works of art may be placed on public lands of institutions of higher education, integral to or attached to a public building or structure of institutions of higher education, detached within or outside a public building or structure of institutions of higher education, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities.

(b) Property disposition policies followed by institutions of higher education shall be consistent with policies followed by the department of enterprise services.

(c)(i) Except as provided in (c)(ii) and (iii) of this subsection and elsewhere as provided by law, purchasing policies and procedures followed by institutions of higher education shall be in compliance with chapters 39.19, 39.26, and 43.03 RCW, and RCW 43.19.1917, 43.19.685, and 43.19.560 through 43.19.637.

(f) Except for the University of Washington, institutions of higher education shall comply with RCW 43.19.769, 43.19.763, and 43.19.781.

((h) Any institution of higher education that chooses to exercise independent purchasing authority for a commodity or group of commodities shall notify the director of enterprise services. When establishing programs or approving existing programs, the department shall work with agencies with existing training programs to ensure coordination and minimize additional costs associated with training requirements.

(3) Beginning July 1, 2013, state agencies must require agency employees responsible for developing, executing, or managing procurements or contracts, or both, to complete department-approved training or certification programs, or both. Beginning July 1, 2015, no agency employee may execute or manage contracts unless the employee has met the training or certification requirements or both as set by the department. Sec. 4. RCW 42.48.010 and 2007 c 17 s 6 are each amended to read as follows:

For the purposes of this chapter, the following definitions apply:

(1) "Individually identifiable" means that a record contains information which reveals or can likely be associated with the identity of the person or persons to whom the record pertains.

(2) "Legally authorized representative" means a person legally authorized to give consent for the disclosure of personal records on behalf of a minor or a legally incompetent adult.

(3) "Personal record" means any information obtained or maintained by a state agency which refers to a person

and which is declared exempt from public disclosure, confidential, or privileged under state or federal law.

(4) "Research" means a planned and systematic sociological, psychological, epidemiological, biomedical, or other scientific investigation carried out by a state agency, by a scientific research professional associated with a bona fide scientific research organization, or by a graduate student currently enrolled in an advanced academic degree curriculum, with an objective to contribute to scientific knowledge, the solution of social and health problems, or the evaluation of public benefit and service programs. This definition excludes methods of record analysis and data collection that are subjective, do not permit replication, and are not designed to yield reliable and valid results.

(5) "Research record" means an item or grouping of information obtained for the purpose of research from or about a person or extracted for the purpose of research from a personal record.

(6) "State agency" means: (a) The department of social and health services; (b) the department of corrections; (c) ((an institution of higher education as defined in RCW 28B.10.016; (d))) the department of health; or (((e))) (d) the department of early learning.

Sec. 5. RCW 43.88.110 and 2014 c 162 s 4 are each amended to read as follows:

This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds.

(1) Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(2) The director of financial management shall provide all agencies with a complete set of operating and capital instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(3) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor.

(4) The office of financial management shall develop a method for monitoring capital appropriations and expenditures that will capture at least the following elements:

(a) Appropriations made for capital projects including transportation projects;

(b) Estimates of total project costs including past, current, ensuing, and future biennial costs;

(c) Comparisons of actual costs to estimated costs;

(d) Comparisons of estimated construction start and completion dates with actual dates;

(e) Documentation of fund shifts between projects.

This data may be incorporated into the existing accounting system or into a separate project management system, as deemed appropriate by the office of financial management.

(5) The office of financial management, prior to approving allotments for major capital construction projects valued over five million dollars, with the exception of projects at institutions of higher education as defined in RCW 28B.10.016, which may be valued up to ten million dollars, shall institute procedures for reviewing such projects at the predesign stage that will reduce long-term costs and increase facility efficiency. The procedures shall include, but not be limited to, the following elements:

- (a) Evaluation of facility program requirements and consistency with long-range plans;
- (b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and
- (c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(6) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, predesign, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management. This limitation does not prohibit the continuation of expenditures and obligations into the succeeding biennium for projects for which allotments have been approved in the immediate prior biennium.

(7) Minor works projects, as defined by the office of financial management, may be valued up to three million dollars for institutions of higher education as defined in RCW 28B.10.016.

(8) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent. The governor may request corrections of proposed allotments submitted by the legislative and judicial branches and agencies headed by elective officials if those proposed allotments contain significant technical errors. Once the governor approves the proposed allotments, further revisions may at the request of the office of financial management or upon the agency's initiative be made on a quarterly basis and must be accompanied by an explanation of the reasons for significant changes. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. However, the governor may assign to a

reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

((8)) (9) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

((9)) (10) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees."

(b) Each landfill specified in this subsection (2) shall be constructed with an impermeable berm around the entire perimeter of the active area of the landfill of such height, thickness, and design as will be sufficient to contain all material disposed in the event of a complete failure of the structural integrity of the landfill.

Sec. 2. RCW 70.95.165 and 2015 1st sp.s. c 4 s 49 are each amended to read as follows:

(1) Each county or city siting a solid waste disposal facility shall review each potential site for conformance with the standards as set by the department for:

The department of agriculture shall advise the local government submitting the preliminary draft plan and the department of the result of the review.

Sec. 4. RCW 70.95.180 and 1997 c 213 s 3 are each amended to read as follows:

(1) Applications for permits to operate a new or modified solid waste handling facility shall be on forms prescribed by the department and shall contain a description of the proposed facilities and operations at the site, plans and specifications for any new or additional facilities to be constructed, and such other information as the jurisdictional health department may deem necessary in order to determine whether the site and solid waste disposal facilities located thereon will comply with local regulations and state ((regulations)) rules.

(2) Upon receipt of an application for a permit to establish or modify a solid waste handling facility, the jurisdictional health department shall refer one copy of the application to the department which shall report its findings to the jurisdictional health department. When the application is for a permit to establish or modify a solid waste handling facility located in an area that is not under a quarantine, as defined in RCW 17.24.007, and when the facility will receive material for composting from an area under a quarantine, the jurisdictional health department shall also provide a copy of the application to the department of agriculture. The department of agriculture shall review the application to determine whether it contains information demonstrating that the proposed facility presents a risk of spreading disease, plant pathogens, or pests to areas that are not under a quarantine. For the purposes of this subsection, "composting" means the biological degradation and transformation of organic solid waste under controlled conditions designed to promote aerobic decomposition.

(3) The jurisdictional health department shall investigate every application as may be necessary to determine whether a proposed or modified site and facilities meet all solid waste, air, and other applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

(4) When the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved

within ninety days after its receipt by the jurisdictional health department.

(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid.

Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this chapter, ((or) the regulations of the department, the rules of the department of agriculture, or local laws and regulations. Sec. 6. RCW 70.95.300 and 1998 c 156 s 2 are each amended to read as follows:

(1) The department may by rule exempt a solid waste from the permitting requirements of this chapter for one or more beneficial uses. In adopting such rules, the department shall specify both the solid waste that is exempted from the permitting requirements and the beneficial use or uses for which the solid waste is so exempted. The department shall consider: (a) Whether the material will be beneficially used or reused; and (b) whether the beneficial use or reuse of the material will present threats to human health or the environment.

(2) The department may also exempt a solid waste from the permitting requirements of this chapter for one or more beneficial uses by approving an application for such an exemption. The department shall establish by rule procedures under which a person may apply to the department for such an exemption. The rules shall establish criteria for providing such an exemption, which shall include, but not be limited to: (a) The material will be beneficially used or reused; and (b) the beneficial use or reuse of the material will not present threats to human health or the environment. Rules adopted under this subsection shall identify the information that an application shall contain. Persons seeking such an exemption shall apply to the department under the procedures established by the rules adopted under this subsection.

(3) After receipt of an application filed under rules adopted under subsection (2) of this section, the department shall review the application to determine whether it is complete, and forward a copy of the completed application to all jurisdictional health departments and the department of agriculture for review and comment. Within forty-five days, the jurisdictional health departments and the department of agriculture shall forward to the department their comments and any other information they deem relevant to the department's decision to approve or disapprove the application. The department of agriculture's comments must be limited to addressing whether approving the application risks spreading disease, plant pathogens, or pests to areas that are not under a quarantine, as defined in RCW 17.24.007. Every complete application shall be approved or disapproved by the department within ninety days of receipt. If the application is approved by

the department, the solid waste is exempt from the permitting requirements of this chapter when used anywhere in the state in the manner approved by the department. If the composition, use, or reuse of the solid waste is not consistent with the terms and conditions of the department's approval of the application, the use of the solid waste remains subject to the permitting requirements of this chapter.

(4) The department shall establish procedures by rule for providing to the public and the solid waste industry notice of and an opportunity to comment on each application for an exemption under subsection (2) of this section.

(5) Any jurisdictional health department or applicant may appeal the decision of the department to approve or disapprove an application under subsection (3) of this section. The appeal shall be made to the pollution control hearings board by filing with the hearings board a notice of appeal within thirty days of the decision of the department. The hearings board's review of the decision shall be made in accordance with chapter 43.21B RCW and any subsequent appeal of a decision of the board shall be made in accordance with RCW 43.21B.180.

(6) This section shall not be deemed to invalidate the exemptions or determinations of nonapplicability in the department's solid waste rules as they exist on June 11, 1998, which exemptions and determinations are recognized and confirmed subject to the department's continuing authority to modify or revoke those exemptions or determinations by rule.

Sec. 7. RCW 70.95.205 and 1998 c 36 s 18 are each amended to read as follows:

(1) Waste-derived soil amendments that meet the standards and criteria in this section may apply for exemption from solid waste permitting as required under RCW 70.95.170. The application shall be submitted to the department in a format determined by the department or an equivalent format. The application shall include:

(a) Analytical data showing that the waste-derived soil amendments meet standards established under RCW 15.54.800; and

(b) Other information deemed appropriate by the department to protect human health and the environment.

(2) After receipt of an application, the department shall review it to determine whether the application is complete, and forward a copy of the complete application to all interested jurisdictional health departments and the department of agriculture for review and comment. Within forty-five days, the jurisdictional health departments and the department of agriculture shall forward their comments and any other information they deem relevant to the department, which shall then give final approval or disapproval of the application. The department of agriculture's comments must be limited to addressing whether approving the application risks spreading disease, plant pathogens, or pests to areas that are not under a quarantine, as defined in RCW 17.24.007. Every complete application shall be approved or disapproved by the department within ninety days after receipt.

(3) The department, after providing opportunity for comments from the jurisdictional health departments and the department of agriculture, may at any time revoke an exemption granted under this section if the quality or use of the waste-derived soil amendment changes or the management, storage, or end use of the waste-derived soil amendment constitutes a threat to human health or the environment.

(4) Any aggrieved party may appeal the determination by the department in subsection (2) or (3) of this section to the pollution control hearings board.

Sec. 8. RCW 70.95.315 and 2009 c 178 s 5 are each amended to read as follows:

(1) The department may assess a civil penalty in an amount not to exceed one thousand dollars per day per violation to any person exempt from solid waste permitting in accordance with RCW 70.95.205, 70.95.300, 70.95.305, 70.95.306, or 70.95.330 who fails to comply with the terms and conditions of the exemption. Each such violation shall be a separate and distinct offense, and in the case of a continuing violation, each day's continuance shall be a separate and distinct violation. The penalty provided in this section shall be imposed pursuant to RCW 43.21B.300.

(2) If a person violates a provision of any of the sections referenced in subsection (1) of this section, the department may issue an appropriate order to ensure compliance with the conditions of the exemption. The order may be appealed pursuant to RCW 43.21B.310." Correct the title.

(3) A custodian need not disclose under this chapter a digital asset deleted by a user.

(4) If a user directs or a fiduciary or designated recipient requests a custodian to disclose under this chapter some, but not all, of the user's digital assets, the custodian need not disclose the assets if segregation of the assets would impose an undue burden on the custodian. "NEW SECTION. Sec. 1. (1) It is the intent of the legislature to recognize, reaffirm, and support existing Washington case law under Article I, section 16 of the state Constitution, that prohibits the condemnation of private property other than for certain public purposes pursuant to law.

(2) In light of the United States supreme court decision in *Kelo v. New London* 545 U.S. 469 (2005), the legislature intends to reaffirm existing Washington state law relating to the use of eminent domain by state and local governments, and to reaffirm the prohibition in Article I, section 16 of the state Constitution on the use of eminent domain to take private property for private use. To this end, the legislature recognizes, reaffirms,

and supports the restrictions on the use of eminent domain to take private property for private use, as set forth in chapters 8.04, 8.08, 8.12, 8.16, and 8.20 RCW and in the Washington state supreme court's decisions such as *Hogue v. NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consumer-owned utility" has the same meaning as in RCW 19.27A.140.

(2) "Economic development" means any activity to increase tax revenue, tax base, employment, or general economic health, when that activity does not result in:

(a) The transfer of property to public possession, occupation, and enjoyment;

(b) The transfer of property to a private entity that is a public service company, consumer-owned utility, or common carrier;

(c) The use of eminent domain:

(i)(A) To remove a public nuisance;

(B) To remove a structure that is beyond repair or unfit for human habitation or use; or

(C) To acquire abandoned property; and

(ii) To eliminate a direct threat to public health and safety caused by the property in its current condition; or

(d) The transfer of property to private entities that occupy an incidental area within a publicly owned and occupied project.

"Economic development" does not include the transfer of property to a public service company, a consumer-owned utility, or a common carrier for the purpose of constructing, operating, or maintaining generation, transmission, or distribution facilities. "Economic development" also does not include port districts' activities under Title 14 or 53 RCW. "Economic development" also does not include highway projects.

(3) "Public service company" has the same meaning as defined in RCW 80.04.010.

(4)(a) "Public use" means:

(i) The possession, occupation, and enjoyment of the property by the general public, or by public agencies;

(ii) The use of property for the creation or functioning of public service companies, a consumer-owned utility, or common carriers; or

(b) The public benefits of economic development, including an increase in tax base, tax revenues, employment, and general economic health, may not constitute a public use.

NEW SECTION. Sec. 3. Private property may be taken only for public use and the taking of private property by

any public entity for economic development does not constitute a public use. No public entity may take property for the purpose of economic development.

NEW SECTION. Sec. 4. In an action to establish or challenge the asserted public use of a taking of private property, the taking of private property shall be deemed for economic development, and not a proper basis for eminent domain, if the court determines that the taking of the private property does not result in any of the exceptions to economic development set forth in section 2(2) of this act, and economic development was a substantial factor in the governmental body's decision to take the property.

Sec. 5. RCW 35.81.080 and 2002 c 218 s 8 are each amended to read as follows:

A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for a community renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for community renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or a predecessor in interest by eminent domain may be condemned for the purposes of this chapter. Condemnation of property in blighted areas for economic development, as defined in section 2 of this act, is not a public use.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. (2) If, after a principal executes a power of attorney, a court appoints a guardian of the principal's estate or other fiduciary charged with the management of all of the principal's property, the power of attorney is terminated and the agent's authority does not continue unless continued by the court.

(3) If, after a principal executes a power of attorney, a court appoints a guardian of the principal's estate or other fiduciary charged with the management of some but not all of the principal's property, the power of attorney shall not terminate or be modified, except to the extent ordered by the court.

**NEW SECTION. Sec. 109.** (1) A power of attorney is effective when executed unless the principal provides in the power of attorney that it becomes effective at a future date or upon the occurrence of a future event or contingency.

(2) If a power of attorney becomes effective upon the occurrence of a future event or contingency, the principal, in the power of attorney, may authorize one or more persons to determine in a writing that the event or contingency has occurred.

(3) If a power of attorney becomes effective upon the principal's incapacity and the principal has not authorized a person to determine whether the principal is incapacitated, or the person authorized is unable or unwilling to make the determination, the power of attorney becomes effective upon a determination in a writing by:

(b) A judge or an appropriate governmental official that the principal is incapacitated within the meaning of section 102(5)(b) of this act.

(4) A person authorized by the principal in the power of attorney to determine that the principal is incapacitated may act as the principal's personal representative pursuant to the health insurance portability and accountability act, sections 1171 through 1179 of the social security act, 42 U.S.C. Sec. 1320d, as amended,

and applicable regulations, to obtain access to the principal's health care information and communicate with the principal's health care provider.

**NEW SECTION. Sec. 110.** (1) A power of attorney terminates when:

(a) The principal dies;

(b) The principal becomes incapacitated, if the power of attorney is not durable;

(c) The principal revokes the power of attorney;

(d) The power of attorney provides that it terminates;

(e) The purpose of the power of attorney is accomplished; or

(f) The principal revokes the agent's authority or the agent dies, becomes incapacitated, or resigns, and the power of attorney does not provide for another agent to act under the power of attorney.

(2) An agent's authority terminates when:

(a) The principal revokes the authority;

(b) The agent dies, becomes incapacitated, or resigns;

(c) An action is filed for the dissolution or annulment of the agent's marriage to the principal or for their legal separation, or an action is filed for dissolution or annulment of the agent's state registered domestic partnership with the principal or for their legal separation, unless the power of attorney otherwise provides; or

(d) The power of attorney terminates.

(3) An agent's authority which has been terminated under subsection (2)(c) of this section shall be reinstated effective immediately in the event that such action is dismissed with the consent of both parties or the petition for dissolution, annulment, or legal separation is withdrawn.

(4) Unless the power of attorney otherwise provides, an agent's authority is exercisable until the authority terminates under subsection (2) of this section, notwithstanding a lapse of time since the execution of the power of attorney.

(5) Termination of an agent's authority or of a power of attorney is not effective as to the agent or another person that, without actual knowledge of the termination, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(6) Incapacity of the principal of a power of attorney that is not durable does not revoke or terminate the power of attorney as to an agent or other person that, without actual knowledge of the incapacity, acts in good faith under the power of attorney. An act so performed, unless otherwise invalid or unenforceable, binds the principal and the principal's successors in interest.

(7) The execution of a power of attorney does not revoke a power of attorney previously executed by the principal unless the subsequent power of attorney provides that the previous power of attorney is revoked or that all other powers of attorney are revoked.

**NEW SECTION. Sec. 111.** (1) A principal may designate in a power of attorney two or more persons to act as coagents. Unless the power of attorney otherwise provides, all coagents must exercise their authority

jointly; provided, however, a coagent may delegate that coagent's authority to another coagent.

(2) A principal may designate one or more successor agents to act if an agent resigns, dies, becomes incapacitated, is not qualified to serve, or declines to serve. A principal may grant authority to designate one or more successor agents to an agent or other person designated by name, office, or function. Unless the power of attorney otherwise provides, a successor agent:

(a) Has the same authority as that granted to the original agent; and

(b) May not act until all predecessor agents have resigned, died, become incapacitated, are no longer qualified to serve, or have declined to serve.

(3) Except as otherwise provided in the power of attorney and subsection (4) of this section, an agent that does not participate in or conceal a breach of fiduciary duty committed by another agent, including a predecessor agent, is not liable for the actions of the other agent.

(4) An agent that has actual knowledge of a breach or imminent breach of fiduciary duty by another agent shall notify the principal and, if the principal is incapacitated, take any action reasonably appropriate in the circumstances to safeguard the principal's best interest. An agent that fails to notify the principal or take action as required by this subsection is liable for the reasonably foreseeable damages that could have been avoided if the agent had notified the principal or taken such action.

**NEW SECTION. Sec. 112.** Unless the power of attorney otherwise provides, an agent is entitled to reimbursement of expenses reasonably incurred on behalf of the principal and to reasonable compensation.

**NEW SECTION. Sec. 113.** Except as otherwise provided in the power of attorney, a person accepts appointment as an agent under a power of attorney by exercising authority or performing duties as an agent or by any other assertion or conduct indicating acceptance.

**NEW SECTION. Sec. 114.** (1) Notwithstanding provisions in the power of attorney, an agent that has accepted appointment shall:

(a) Act in accordance with the principal's reasonable expectations to the extent actually known by the agent and, otherwise, in the principal's best interest;

(b) Act in good faith; and

(c) Act only within the scope of authority granted in the power of attorney.

(2) Except as otherwise provided in the power of attorney, an agent that has accepted appointment shall:

(a) Act loyally for the principal's benefit;

(b) Act so as not to create a conflict of interest that impairs the agent's ability to act impartially in the principal's best interest;

(c) Act with the care, competence, and diligence ordinarily exercised by agents in similar circumstances;

(d) Keep a record of all receipts, disbursements, and transactions made on behalf of the principal;

(e) Cooperate with a person that has authority to make health care decisions for the principal to carry out the principal's reasonable expectations to the extent actually known by the agent and, otherwise, act in the principal's best interest; and

(f) Attempt to preserve the principal's estate plan, to the extent actually known by the agent, if preserving the plan is consistent with the principal's best interest based on all relevant factors, including:

(i) The value and nature of the principal's property;

(ii) The principal's foreseeable obligations and need for maintenance;

(iii) Minimization of taxes, including income, estate, inheritance, generation-skipping transfer, and gift taxes; and

(iv) Eligibility for a benefit, a program, or assistance under a statute or rule.

(3) An agent that acts in good faith is not liable to any beneficiary of the principal's estate plan for failure to preserve the plan.

(4) An agent that acts with care, competence, and diligence for the best interest of the principal is not liable solely because the agent also benefits from the act or has an individual or conflicting interest in relation to the property or affairs of the principal.

(5) If an agent is selected by the principal because of special skills or expertise possessed by the agent or in reliance on the agent's representation that the agent has special skills or expertise, the special skills or expertise must be considered in determining whether the agent has acted with care, competence, and diligence under the circumstances.

(6) Absent a breach of duty to the principal, an agent is not liable if the value of the principal's property declines.

(7) An agent that engages another person on behalf of the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person, provided however that the agent shall not be relieved of liability for such person's discretionary acts, that, if done by the agent, would result in liability to the agent.

(8) Unless section 111(1) of this act applies, an agent may only delegate authority to another person if expressly authorized to do so in the power of attorney and may delegate some, but not all, of the authority granted by the principal. An agent that exercises authority to delegate to another person the authority granted by the principal is not liable for an act, error of judgment, or default of that person if the agent exercises care, competence, and diligence in selecting and monitoring the person, provided however that the agent shall not be relieved of liability for such person's discretionary acts, that, if done by the agent, would result in liability to the agent.

(9) Except as otherwise provided in the power of attorney, an agent is not required to disclose receipts, disbursements, or transactions conducted on behalf of the principal unless ordered by a court or requested in writing by the principal, a guardian, a conservator, another fiduciary acting for the principal, a governmental agency having authority to protect the welfare of the principal, or, upon the death of the principal, by the personal representative or successor in interest of the principal's estate. Such request by a guardian, conservator, or another fiduciary acting for the principal must be limited to information reasonably

related to that guardian, conservator, or fiduciary's duties. If so requested, within thirty days the agent shall comply with the request or provide a writing or other record substantiating why additional time is needed and shall comply with the request within an additional thirty days.

**NEW SECTION. Sec. 115.** A provision in a power of attorney relieving an agent of liability for breach of duty is binding on the principal and the principal's successors in interest except to the extent the provision:

(1) Relieves the agent of liability for breach of duty committed dishonestly, with an improper motive, or with gross negligence to the purposes of the power of attorney or the best interest of the principal; or

(2) Was inserted as a result of an abuse of a confidential or fiduciary relationship with the principal.

**NEW SECTION. Sec. 116.** (1) Except as otherwise provided in the power of attorney, the following persons may bring a petition described in subsection (2) of this section:

(a) The principal or the agent;

(b) The spouse or state registered domestic partner of the principal;

(c) The guardian of the estate or person of the principal;

(d) Any other interested person, as long as the person demonstrates to the court's satisfaction that the person is interested in the welfare of the principal and has a good faith belief that the court's intervention is necessary, and that the principal is incapacitated at the time of filing the petition or otherwise unable to protect his or her own interests; and

(e) A person asked to accept the power of attorney.

(2) A person designated in subsection (1) of this section may file a petition requesting the court to construe a power of attorney or grant any other appropriate relief, including but not limited to:

(a) Determination of whether the power of attorney is in effect or has terminated;

(b) Compelling the agent to submit the agent's accounts or report the agent's acts as agent to the principal, the spouse or state registered domestic partner of the principal, the guardian of the person or the estate of the principal, or to any other person required by the court in its discretion, if the agent has not timely complied with a request under section 114(9) of this act. However, a government agency having authority to protect the welfare of the principal may file a petition upon the agent's refusal or failure to submit an accounting upon written request and shall not be required to wait sixty days;

(c) Ratification of past acts or approval of proposed acts of the agent;

(d) Issuance of an order directing the agent to exercise or refrain from exercising authority in a power of attorney in a particular manner or for a particular purpose;

(e) Modification of the authority of an agent under a power of attorney;

(f) Removal of the agent on a determination by the court of both of the following:

(i) Determination that the agent has violated or is unfit to perform the fiduciary duties under the power of attorney; and

(ii) Determination that the removal of the agent is in the best interest of the principal;

(g) Approval of the resignation of the agent and approval of the final accountings of the resigning agent if submitted, subject to any orders the court determines are necessary to protect the principal's interests;

(h) Confirmation of the authority of a successor agent to act under a power of attorney upon removal or resignation of the previous agent;

(i) Compelling a third person to honor the authority of an agent, provided that a third person may not be compelled to honor the agent's authority if the principal could not compel the third person to act in the same circumstances;

(j) Order the agent to furnish a bond in an amount the court determines to be appropriate.

(3) Any action commenced under this section shall be subject to the notice requirements of chapter 11.96A RCW.

(4) Upon motion by the principal, the court shall dismiss a petition filed under this section, unless the court finds that the principal lacks capacity to revoke the agent's authority or the power of attorney.

(5) Except as otherwise provided in section 120(3)(b) of this act, any action commenced under this section shall be subject to the provisions of RCW 11.96A.150.

**NEW SECTION. Sec. 117.** An agent that violates this chapter is liable to the principal or the principal's successors in interest for the amount required to restore the value of the principal's property to what it would have been had the violation not occurred.

**NEW SECTION. Sec. 118.** Unless the power of attorney has been terminated in accordance with section 108 of this act, or the power of attorney provides a different method for an agent's resignation, an agent may resign by giving notice to the principal and, if the principal is incapacitated:

(1) To the conservator or guardian, if one has been appointed for the principal, and a coagent or successor agent, if designated; or

(2) If there is no person described in subsection (1) of this section:

(a) To any person reasonably believed by the agent to have sufficient interest in the principal's welfare;

(b) To a governmental agency having authority to protect the welfare of the principal; or

(c) By filing notice with the county recorder's office in the county where the principal resides.

**NEW SECTION. Sec. 119.** (1) For purposes of this section and section 120 of this act, "acknowledged" means purportedly verified before a notary public or other individual authorized to take acknowledgments.

(2) A person that in good faith accepts an acknowledged power of attorney without actual knowledge that the signature is not genuine may rely upon the presumption under section 105 of this act that the signature is genuine.

(3) A person that in good faith accepts an acknowledged power of attorney without actual knowledge that the power of attorney is void, invalid, or terminated, that the

purported agent's authority is void, invalid, or terminated, or that the agent is exceeding or improperly exercising the agent's authority may rely upon the power of attorney as if the power of attorney were genuine, valid and still in effect, the agent's authority were genuine, valid and still in effect, and the agent had not exceeded and had properly exercised the authority.

(4) A person that is asked to accept an acknowledged power of attorney may request, and rely upon, without further investigation:

(a) An agent's certification given under penalty of perjury meeting the requirements of subsection (5) of this section; and

(b) An English translation of the power of attorney if the power of attorney contains, in whole or in part, language other than English.

(5) A certification presented pursuant to subsection (4) of this section or pursuant to section 120 of this act shall state that:

(a) The person presenting himself or herself as the agent and signing the affidavit or declaration is the person so named in the power of attorney;

(b) If the agent is named in the power of attorney as a successor agent, the circumstances or conditions stated in the power of attorney that would cause that person to become the acting agent have occurred;

(c) To the best of the agent's knowledge, the principal is still alive;

(d) To the best of the agent's knowledge, at the time the power of attorney was signed, the principal was competent to execute the document and was not under undue influence to sign the document;

(e) All events necessary to making the power of attorney effective have occurred;

(f) The agent does not have actual knowledge of the revocation, termination, limitation, or modification of the power of attorney or of the agent's authority;

(g) The agent does not have actual knowledge of the existence of other circumstances that would limit, modify, revoke, or terminate the power of attorney or the agent's authority to take the proposed action;

(h) If the agent was married to or in a state registered domestic partnership with the principal at the time of execution of the power of attorney, then at the time of signing the affidavit or declaration, the marriage or state registered domestic partnership of the principal and the agent has not been dissolved or declared invalid, and no action is pending for the dissolution of the marriage or domestic partnership or for legal separation; and

(i) The agent is acting in good faith pursuant to the authority given under the power of attorney.

(6) An English translation requested under this section must be provided at the principal's expense unless the request is made more than seven business days after the power of attorney is presented for acceptance.

(7) For purposes of this section and section 120 of this act, a person that conducts activities through employees is without actual knowledge of a fact relating to a power of attorney, a principal, or an agent if the employee conducting the transaction involving the power of attorney is without actual knowledge of the fact.

NEW SECTION. Sec. 120. (1) Except as otherwise provided in subsection (2) of this section:

(a) A person shall either accept an acknowledged power of attorney or request a certification or a translation no later than seven business days after presentation of the power of attorney for acceptance;

(b) If a person requests a certification or a translation, the person shall accept the power of attorney no later than five business days after receipt of the certification or translation; and

(c) A person may not require an additional or different form of power of attorney for authority granted in the power of attorney presented.

(2) A person is not required to accept an acknowledged power of attorney if:

(a) The person is not otherwise required to engage in a transaction with the principal in the same circumstances;

(b) Engaging in a transaction with the agent or the principal in the same circumstances would be inconsistent with federal law;

(c) The person has actual knowledge of the termination of the agent's authority or of the power of attorney before exercise of the power;

(d) A request for a certification or a translation is refused;

(e) The person in good faith believes that the power is not valid or that the agent does not have the authority to perform the act requested, whether or not a certification or a translation has been requested or provided; or

(f) The person makes, or has actual knowledge that another person has made, a report to the department of social and health services stating a good faith belief that the principal may be subject to physical or financial abuse, neglect, exploitation, or abandonment by the agent or a person acting for or with the agent.

(3) A person that refuses in violation of this section to accept an acknowledged power of attorney is subject to:

(a) A court order mandating acceptance of the power of attorney; and

(b) Liability for reasonable attorneys' fees and costs incurred in any action or proceeding that confirms the validity of the power of attorney or mandates acceptance of the power of attorney.

NEW SECTION. Sec. 121. Unless displaced by a provision of this chapter, the principles of law and equity supplement this chapter.

NEW SECTION. Sec. 122. This chapter does not supersede any other law applicable to financial institutions or other entities, and the other law controls if inconsistent with this chapter.

NEW SECTION. Sec. 123. The remedies under this chapter are not exclusive and do not abrogate any right or remedy under the law of this state other than this chapter.

## PART II

NEW SECTION. Sec. 201. (1) An agent under a power of attorney may, subject to the requirements of section 114 of this act, and in particular section 114(2)(f) of this act, do the following on behalf of the principal or with the principal's property only if the power of attorney expressly grants the agent the authority and exercise of the authority is not otherwise prohibited by another

agreement or instrument to which the authority or property is subject:

- (a) Create, amend, revoke, or terminate an inter vivos trust;
  - (b) Make a gift;
  - (c) Create or change rights of survivorship;
  - (d) Create or change a beneficiary designation;
  - (e) Delegate some but not all of the authority granted under the power of attorney, except as otherwise provided in section 111(1) of this act;
  - (f) Waive the principal's right to be a beneficiary of a joint and survivor annuity, including a survivor benefit under a retirement plan;
  - (g) Exercise fiduciary powers that the principal has authority to delegate;
  - (h) Exercise any power of appointment in favor of anyone other than the principal;
  - (i) Create, amend, or revoke a community property agreement;
  - (j) Cause a trustee to make distributions of property held in trust under the same conditions that the principal could;
  - (k) Make any other provisions for nonprobate transfer at death contained in nontestamentary instruments described in RCW 11.02.091;
  - (l) Make health care decisions for the principal, or give informed consent to health care decisions on the principal's behalf.
- (2) Notwithstanding the provisions of subsection (1)(a) of this section, an agent may, even in the absence of a specific grant of authority, make transfers of property to any trust that benefits the principal alone and does not have dispositive provisions that are different from those that would have governed the property had it not been transferred into such trust.
- (3) Notwithstanding the provisions of subsection (1)(b) of this section, an agent may, even in the absence of a specific grant of authority, make any transfer of resources not prohibited under chapter 74.09 RCW when the transfer is for the purpose of qualifying the principal for medical assistance or the limited casualty program for the medically needy.
- (4) Notwithstanding a grant of authority to do an act described in subsection (1) of this section, unless the power of attorney otherwise provides, an agent that is not an ancestor, spouse, state registered domestic partner, or descendant of the principal, may not exercise authority under a power of attorney to create in the agent, or in an individual to whom the agent owes a legal obligation of support, an interest in the principal's property, whether by gift, right of survivorship, beneficiary designation, disclaimer, or otherwise.
- (5) Unless the power of attorney otherwise provides, a grant of authority to make a gift is subject to section 216 of this act.
- (6) Subject to subsections (1) through (5) of this section, if the subjects over which authority is granted in a power of attorney are similar or overlap, the broadest authority controls.
- (7) Authority granted in a power of attorney is exercisable with respect to property that the principal has when the power of attorney is executed or acquires later,

whether or not the property is located in this state and whether or not the authority is exercised or the power of attorney is executed in this state.

(8) An act performed by an agent pursuant to a power of attorney has the same effect and inures to the benefit of and binds the principal and the principal's successors in interest as if the principal had performed the act.

**NEW SECTION. Sec. 202.** (1) Subject to the provisions of section 201 of this act, if a power of attorney grants to an agent authority to do all acts that a principal could do or contains words of similar effect, the agent has the general authority described in sections 203 through 218 of this act.

(2) An agent has authority described in this act if the power of attorney refers to general authority with respect to the descriptive term for the subjects stated in sections 204 through 218 of this act or cites the section in which the authority is described.

(3) A reference in a power of attorney to general authority with respect to the descriptive term for a subject in sections 204 through 218 of this act or a citation to a section of sections 204 through 218 of this act incorporates the entire section as if it were set out in full in the power of attorney.

(4) A principal may modify authority incorporated by reference.

**NEW SECTION. Sec. 203.** Except as otherwise provided in the power of attorney, by executing a power of attorney that incorporates by reference a subject described in sections 204 through 218 of this act or that grants to an agent authority to do all acts that a principal could do pursuant to section 202(1) of this act, a principal authorizes the agent, with respect to that subject, to:

(1) Demand, receive, and obtain by litigation or otherwise, declaratory or injunctive relief, money, or another thing of value to which the principal is, may become, or claims to be entitled, and conserve, invest, disburse, or use anything so received or obtained for the purposes intended;

#### **PART IV**

**Sec. 401.** RCW 11.88.080 and 2005 c 97 s 11 are each amended to read as follows:

When either parent is deceased, the surviving parent of any minor child or a sole parent of a minor child, may by last will or durable power of attorney nominate a guardian or guardians of the person, or of the estate or both, of a minor child, whether born at the time of executing the instrument or afterwards, to continue during the minority of such child or for any less time. This nomination shall be effective in the event of the death or incapacity of such parent. Every guardian of the estate of a child shall give bond in like manner and with like conditions as required by RCW 11.88.100 and 11.88.110, and he or she shall have the same powers and perform the same duties with regard to the person and estate of the minor as a guardian appointed under this chapter. The court shall confirm the parent's nomination unless the court finds, based upon evidence presented at a hearing on the matter, that the individual nominated in the surviving parent's will or durable power of attorney is not qualified to serve. In the event of a conflict between the provisions of a will nominating a testamentary guardian under the authority of this section and the nomination of a guardian under section 218 of this act, the most recent designation shall control. This section applies to actions commenced under section 116 of this act.

**Sec. 402.** RCW 11.86.021 and 1989 c 34 s 2 are each amended to read as follows:

(1) A beneficiary may disclaim an interest in whole or in part, or with reference to specific parts, shares or assets, in the manner provided in RCW 11.86.031.

(2) Likewise, a beneficiary may so disclaim through an agent or attorney so authorized by written instrument.

(3) A personal representative, guardian, attorney-in-fact if authorized under a durable power of attorney under chapter ((11.94)) 11.-- RCW (the new chapter created in section 505 of this act), or other legal representative of the estate of a minor, incompetent, or deceased beneficiary, may so disclaim on behalf of the beneficiary, with or without court order, if:

(a) The legal representative deems the disclaimer to be in the best interests of those interested in the estate of the beneficiary and of those who take the disclaimed interest because of the disclaimer, and not detrimental to the best interests of the beneficiary; and

(b) In the case of a guardian, no order has been issued under RCW 11.92.140 determining that the disclaimer is not in the best interests of the beneficiary.

**Sec. 403.** RCW 11.88.010 and 2008 c 6 s 802 are each amended to read as follows:

(1) The superior court of each county shall have power to appoint guardians for the persons and/or estates of incapacitated persons, and guardians for the estates of nonresidents of the state who have property in the county needing care and attention.

(a) For purposes of this chapter, a person may be deemed incapacitated as to person when the superior court

determines the individual has a significant risk of personal harm based upon a demonstrated inability to adequately provide for nutrition, health, housing, or physical safety.

(b) For purposes of this chapter, a person may be deemed incapacitated as to the person's estate when the superior court determines the individual is at significant risk of financial harm based upon a demonstrated inability to adequately manage property or financial affairs.

(c) A determination of incapacity is a legal not a medical decision, based upon a demonstration of management insufficiencies over time in the area of person or estate. Age, eccentricity, poverty, or medical diagnosis alone shall not be sufficient to justify a finding of incapacity.

(d) A person may also be determined incapacitated if he or she is under the age of majority as defined in RCW 26.28.010.

(e) For purposes of giving informed consent for health care pursuant to RCW 7.70.050 and 7.70.065, an "incompetent" person is any person who is (i) incompetent by reason of mental illness, developmental disability, senility, habitual drunkenness, excessive use of drugs, or other mental incapacity, of either managing his or her property or caring for himself or herself, or both, or (ii) incapacitated as defined in (a), (b), or (d) of this subsection.

(f) For purposes of the terms "incompetent," "disabled," or "not legally competent," as those terms are used in the Revised Code of Washington to apply to persons incapacitated under this chapter, those terms shall be interpreted to mean "incapacitated" persons for purposes of this chapter.

(2) The superior court for each county shall have power to appoint limited guardians for the persons and estates, or either thereof, of incapacitated persons, who by reason of their incapacity have need for protection and assistance, but who are capable of managing some of their personal and financial affairs. After considering all evidence presented as a result of such investigation, the court shall impose, by order, only such specific limitations and restrictions on an incapacitated person to be placed under a limited guardianship as the court finds necessary for such person's protection and assistance. A person shall not be presumed to be incapacitated nor shall a person lose any legal rights or suffer any legal disabilities as the result of being placed under a limited guardianship, except as to those rights and disabilities specifically set forth in the court order establishing such a limited guardianship. In addition, the court order shall state the period of time for which it shall be applicable.

(3) Venue for petitions for guardianship or limited guardianship shall lie in the county wherein the alleged incapacitated person is domiciled, or if such person resides in a facility supported in whole or in part by local, state, or federal funding sources, in either the county where the facility is located, the county of domicile prior to residence in the supported facility, or the county where a parent or spouse or domestic partner of the alleged incapacitated person is domiciled.

If the alleged incapacitated person's residency has changed within one year of the filing of the petition, any interested person may move for a change of venue for

any proceedings seeking the appointment of a guardian or a limited guardian under this chapter to the county of the alleged incapacitated person's last place of residence of one year or more. The motion shall be granted when it appears to the court that such venue would be in the best interests of the alleged incapacitated person and would promote more complete consideration of all relevant matters.

(4) Under ((RCW 11.94.010)) section 108 of this act, a principal may nominate, by a durable power of attorney, the guardian or limited guardian of his or her estate or person for consideration by the court if guardianship proceedings for the principal's person or estate are thereafter commenced. The court shall make its appointment in accordance with the principal's most recent nomination in a durable power of attorney except for good cause or disqualification.

(5) Imposition of a guardianship for an incapacitated person shall not result in the loss of the right to vote unless the court determines that the person is incompetent for purposes of rationally exercising the franchise in that the individual lacks the capacity to understand the nature and effect of voting such that she or he cannot make an individual choice. The court order establishing guardianship shall specify whether or not the individual retains voting rights. When a court determines that the person is incompetent for the purpose of rationally exercising the right to vote, the court shall notify the appropriate county auditor.

**Sec. 404.** RCW 11.103.030 and 2013 c 272 s 24 are each amended to read as follows:

(2) If a revocable trust is created or funded by more than one trustor and unless the trust agreement provides otherwise:

(a) To the extent the trust consists of community property, the trust may be revoked by either spouse or either domestic partner acting alone but may be amended only by joint action of both spouses or both domestic partners;

(b) To the extent the trust consists of property other than community property, each trustor may revoke or amend the trust with regard to the portion of the trust property attributable to that trustor's contribution;

(A) A later will or codicil that expressly refers to the trust or specifically devises property that would otherwise have passed according to the terms of the trust; or

(B) A written instrument signed by the trustor evidencing intent to revoke or amend.

(ii) The requirements of chapter 11.11 RCW do not apply to revocation or amendment of a revocable trust under (b)(i) of this subsection.

(4) Upon revocation of a revocable trust, the trustee must deliver the trust property as the trustor directs.

(5) A trustor's powers with respect to the revocation or amendment of a trust or distribution of the property of a trust((,)) may be exercised by the trustor's agent under a power of attorney only to the extent specified in the power of attorney document, as provided in ((RCW 11.94.050(1))) section 201 of this act and to the extent consistent with or expressly authorized by the trust agreement.

(6) A guardian of the trustor may exercise a trustor's powers with respect to revocation, amendment, or distribution of trust property only with the approval of the court supervising the guardianship pursuant to RCW 11.92.140.

(7) A trustee who does not know that a trust has been revoked or amended is not liable to the trustor or trustor's successors in interest for distributions made and other actions taken on the assumption that the trust had not been amended or revoked.

Except as provided in this section, the authority of an agent to receive payments or make withdrawals from an account terminates with the death or incompetency of the agent's principal: PROVIDED, That a financial institution is not liable for any payment or withdrawal made to or by an agent for a deceased or incompetent depositor unless the financial institution making the payment or permitting the withdrawal had actual knowledge of the incompetency or death at the time payment was made.

The directive shall be in substantially the following form:

Mental Health Advance Directive

**NOTICE TO PERSONS**

**CREATING A MENTAL HEALTH ADVANCE DIRECTIVE**

This is an important legal document. It creates an advance directive for mental health treatment. Before signing this document you should know these important facts:

(1) This document is called an advance directive and allows you to make decisions in advance about your mental health treatment, including medications, short-term admission to inpatient treatment and electroconvulsive therapy.

**YOU DO NOT HAVE TO FILL OUT OR SIGN THIS FORM.**

**IF YOU DO NOT SIGN THIS FORM, IT WILL NOT TAKE EFFECT.**

If you choose to complete and sign this document, you may still decide to leave some items blank.

(2) You have the right to appoint a person as your agent to make treatment decisions for you. You must notify your agent that you have appointed him or her as an agent. The person you appoint has a duty to act consistently with your wishes made known by you. If your agent does not know what your wishes are, he or she has a duty to act in your best interest. Your agent has the right to withdraw from the appointment at any time.

(3) The instructions you include with this advance directive and the authority you give your agent to act will only become effective under the conditions you select in this document. You may choose to limit this directive and your agent's authority to times when you are incapacitated or to times when you are exhibiting symptoms or behavior that you specify. You may also make this directive effective immediately. No matter when you choose to make this directive effective, your treatment providers must still seek your informed consent at all times that you have capacity to give informed consent.

(4) You have the right to revoke this document in writing at any time you have capacity.

**YOU MAY NOT REVOKE THIS DIRECTIVE WHEN YOU HAVE BEEN FOUND TO BE INCAPACITATED UNLESS YOU HAVE SPECIFICALLY STATED IN THIS DIRECTIVE THAT**

**YOU WANT IT TO BE REVOCABLE WHEN YOU ARE INCAPACITATED.**

(5) This directive will stay in effect until you revoke it unless you specify an expiration date. If you specify an expiration date and you are incapacitated at the time it expires, it will remain in effect until you have capacity to make treatment decisions again unless you chose to

be able to revoke it while you are incapacitated and you revoke the directive.

(6) You cannot use your advance directive to consent to civil commitment. The procedures that apply to your advance directive are different than those provided for in the Involuntary Treatment Act. Involuntary treatment is a different process.

(7) If there is anything in this directive that you do not understand, you should ask a lawyer to explain it to you.

(8) You should be aware that there are some circumstances where your provider may not have to follow your directive.

(9) You should discuss any treatment decisions in your directive with your provider.

(10) You may ask the court to rule on the validity of your directive.

**PART I.  
STATEMENT OF INTENT TO CREATE A  
MENTAL HEALTH ADVANCE DIRECTIVE**

I, . . . . . being a person with capacity, willfully and voluntarily execute this mental health advance directive so that my choices regarding my mental health care will be carried out in circumstances when I am unable to express my instructions and preferences regarding my mental health care. If a guardian is appointed by a court to make mental health decisions for me, I intend this document to take precedence over all other means of ascertaining my intent.

The fact that I may have left blanks in this directive does not affect its validity in any way. I intend that all completed sections be followed. If I have not expressed a choice, my agent should make the decision that he or she determines is in my best interest. I intend this directive to take precedence over any other directives I have previously executed, to the extent that they are inconsistent with this document, or unless I expressly state otherwise in either document.

I understand that I may revoke this directive in whole or in part if I am a person with capacity. I understand that I cannot revoke this directive if a court, two health care providers, or one mental health professional and one health care provider find that I am an incapacitated person, unless, when I executed this directive, I chose to be able to revoke this directive while incapacitated. I understand that, except as otherwise provided in law, revocation must be in writing. I understand that nothing in this directive, or in my refusal of treatment to which I consent in this directive, authorizes any health care provider, professional person, health care facility, or agent appointed in this directive to use or threaten to use abuse, neglect, financial exploitation, or abandonment to carry out my directive.

I understand that there are some circumstances where my provider may not have to follow my directive.

**PART II.  
WHEN THIS DIRECTIVE IS EFFECTIVE  
YOU MUST COMPLETE THIS PART FOR YOUR  
DIRECTIVE TO BE VALID.**

I intend that this directive become effective (*YOU MUST CHOOSE ONLY ONE*):

. . . . . Automatically expire . . . . . years from the date it was created.

**PART IV.  
WHEN I MAY REVOKE THIS DIRECTIVE  
YOU MUST COMPLETE THIS PART FOR THIS  
DIRECTIVE TO BE VALID.**

I intend that I be able to revoke this directive (*YOU MUST CHOOSE ONLY ONE*):

. . . . . Only when I have capacity.

I understand that choosing this option means I may only revoke this directive if I have capacity. I further understand that if I choose this option and become incapacitated while this directive is in effect, I may receive treatment that I specify in this directive, even if I object at the time.

. . . . . Even if I am incapacitated.

I understand that choosing this option means that I may revoke this directive even if I am incapacitated. I further understand that if I choose this option and revoke this directive while I am incapacitated I may not receive treatment that I specify in this directive, even if I want the treatment.

Prime Sponsor, Committee on Ways & Means: Concerning screening for HIV infection. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the scientific community's understanding of the human immunodeficiency virus has changed significantly since the virus was first identified. With that change has come increased awareness of the value of incorporating HIV testing into routine health screenings. The legislature finds that the United States preventive services task force recommends that clinicians screen for HIV infection in adolescents and adults age fifteen to sixty-five years and for all pregnant women. The legislature also finds that since 2006, the United States centers for disease control has recommended one-time screening of adolescent and adult patients to identify persons who are

already HIV-positive, making HIV screening a regular part of the medical care provided by a primary care provider and on the same voluntary basis as other diagnostic and screening tests. In that same recommendation, the centers for disease control formally adopted its current recommendations for an opt-out model of HIV screening for all individuals ages thirteen to sixty-four and for all pregnant women. The legislature finds further that it is appropriate to update the state's HIV screening policy by adopting these recommendations.

NEW SECTION. Sec. 2. A new section is added to chapter 70.24 RCW to read as follows:

(1) Clinicians shall screen for HIV infection consistent with the United States preventive services task force recommendations for all patients age fifteen through sixty-five years and for all pregnant women. Screening is voluntary and may be undertaken only after the patient or the patient's authorized representative has been told that HIV screening is planned and that HIV screening will be performed unless the patient declines.

(2) If a health care provider notifies a patient that an HIV screening will be performed unless the patient declines, and the patient or patient's authorized representative declines the HIV screening, the health care provider may not use the fact that the person declined an HIV screening as a basis for denying services or treatment, other than an HIV screening, to the person."

"Sec. 1. RCW 43.70.250 and 2013 c 77 s 2 are each amended to read as follows:

(1) It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business.

(g) Submitting a copy of the facility safety and emergency training program established under RCW 70.230.060;

(2) A license is valid for three years, after which an ambulatory surgical facility must submit an application for renewal of license upon forms provided by the department and the renewal fee as established in ((section 7, chapter 273, Laws of 2007)) RCW 43.70.110 and 43.70.250. The applicant must demonstrate the ability to comply with the standards established for operating and maintaining an ambulatory surgical facility in statutes, standards, and rules. The applicant must submit the license renewal document no later than thirty days prior to the date of expiration of the license.

(3) The applicant may demonstrate compliance with any of the requirements of subsection (1) of this section by providing satisfactory documentation to the secretary that it has met the standards of an accreditation organization or federal agency that the secretary has determined to have substantially equivalent standards as the statutes and rules of this state.

Sec. 4. RCW 70.230.100 and 2007 c 273 s 11 are each amended to read as follows:

(iii) As soon as practicable after a survey in connection with its certification or accreditation pursuant to (b)(i) of this subsection, provides the department with documentary evidence that the ambulatory surgical facility is certified or accredited and that the survey has occurred, including the date that the survey occurred.

(2) Every survey of an ambulatory surgical facility may include an inspection of every part of the surgical facility. The department may make an examination of all phases of the ambulatory surgical facility operation necessary to determine compliance with all applicable statutes, rules, and regulations. In the event that the department is unable to make a survey or cause a survey to be made during the three years of the term of the license, the license of the ambulatory surgical facility shall remain in effect until the state conducts a survey or a substitute survey is performed if the ambulatory surgical facility is in compliance with all other licensing requirements.

The payor may not impose additional survey requirements on the ambulatory surgical facility.

NEW SECTION. Sec. 6. A new section is added to chapter 70.230 RCW to read as follows:

(1) The department shall report to the fiscal committees of the legislature by December 1, 2016, and December

1, 2017, if it anticipates that the amounts raised by ambulatory surgical facility licensing fees will not be sufficient to defray the costs of regulating ambulatory surgical facilities. The report shall identify the amount of state general fund money necessary to compensate for the insufficiency.

(2) The department shall conduct a benchmark survey to compare Washington's system for licensing ambulatory surgical facilities with the ambulatory surgical facility licensing systems of other states with a similar number of licensed ambulatory surgical facilities. The survey must review the licensing standards, staffing levels, training of surveyors and inspectors, and expenditures of the selected states. The survey must examine the total cost of the other states' regulatory structures and analyze the reasons for any differences in cost. The survey must assess the extent to which total program costs in other states are supported through licensing fees compared with state general fund money or other resources. The findings of the survey must be submitted to the committees of the legislature with jurisdiction over health care issues by December 1, 2016. The findings must include recommendations for statutory, regulatory, and administrative changes to reduce ambulatory surgical facility licensing fees.

(3) This section expires July 1, 2018.

Establishing an economic gardening pilot program. Reported by Committee on Technology & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that: (a) Washington's unemployment rate during the recent recession created economic and social hardships for the people of the state;

(b) Local start-up companies and small businesses are likely, as they grow, to remain in their communities of origin, thereby creating local jobs and an economic multiplier effect with their payrolls and taxes while providing local economic stimuli, which increases the local tax base;

(c) Statewide economic prosperity and job creation are advanced significantly by creating, promoting, and retaining local start-up companies and small businesses with high growth potential;

(d) Entrepreneurs and small business owners of second-stage companies, which are those companies that are beyond the start-up stage but have not yet fully matured, with innovative products or services that satisfy market needs, have particular potential for expansion and job creation;

(e) Such entrepreneurs and owners can benefit from specialized business assistance to refine core strategies and from access to in-depth market research, competitor analyses, geographic information systems, search engine optimization, and other strategic information, as well as from relationships with mentors and advisers;

(f) The aspects of economic gardening that incorporate these principles have proven successful in improving the entrepreneurial process and promoting economically sustainable local businesses; and

(g) It is important to the overall health and growth of the state's economy to promote favorable conditions for those expanding Washington businesses that demonstrate the ability to grow.

(2) In recognition of the foregoing findings and principles, it is the intent of the legislature to create a Washington economic gardening pilot project in the department of commerce.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.31 RCW to read as follows:

(1) There is hereby created within the department the economic gardening pilot project. The purpose of the pilot project is to stimulate Washington's economy and create good-paying, sustainable jobs by providing economic gardening strategic assistance services to second-stage companies in accordance with this section.

(2) The department must oversee and direct all resources for the execution of the pilot project. The department must work with chambers of commerce, associate development organizations, and other economic development organizations to implement the pilot project. The pilot project includes developing the processes for qualifying and selecting second-stage companies, identifying training components for economic development organizations implementing the pilot project, engaging private contractors as necessary to obtain strategic assistance from nationally recognized industry experts, and providing economic gardening strategic assistance to companies participating in the pilot project.

(3)(a) On or before January 1, 2017, the department must initiate a program to provide or obtain all necessary credentials for high-impact strategic assistance for the economic development organizations participating in the pilot project.

(b) Economic development organizations participating in the pilot project must be certified in economic gardening by an entity with relevant expertise in providing strategic assistance to second-stage companies.

(i) Prior to December 1, 2016, the department must issue a request for expression of interest in offering an economic gardening strategic assistance program. The department must compile a list of interested parties identified through the request for expression of interest process.

(ii) By December 1, 2016, the department must provide the list to the legislature. The department must select from the list of interested parties the entity it deems best able to deliver the training and strategic assistance services to second-stage companies described in this

section and achieve the deliverables identified in subsection (6) of this section.

(c) The department or economic development organizations participating in the pilot project may, as necessary, contract with national specialists in the industries of the second-stage companies selected for the pilot program.

(d) The department must use the existing infrastructure of economic development organizations in the state to promote the pilot project to second-stage companies and to those clients and referrals that show growth potential in jobs, sales, or export potential.

(4)(a) On or before January 1, 2017, the department and participating economic development organizations must publish criteria for a second-stage company to be selected to participate in the pilot project. The criteria must include job growth potential, sustainability, export potential, and a workforce comprised of at least fifty percent Washington residents. Application criteria must also include requirements for data collection, as specified by the department, to show the impacts of services provided through the pilot project. The department and participating economic development organizations must utilize existing strategic infrastructure and consult with local and regional economic development partners, such as chambers of commerce, associate development organizations, and other local or regional economic development entities, to identify eligible second-stage companies.

(b) In order to participate in the pilot project, a company selected for participation must pay a one-time fee of seven hundred fifty dollars, which moneys must be deposited into the economic gardening pilot project fund, created in subsection (5) of this section, for reinvestment in the pilot project.

(c) On or before March 1, 2017, the department and participating economic development organizations must select a minimum of twenty companies to participate in the pilot project.

(d) The department must oversee staff members certified pursuant to subsection (3)(b) of this section and private contractors selected pursuant to subsection (3)(c) of this section to deploy strategic assistance to all pilot project participants. The department and participating economic development organizations must acquire any tools necessary to provide the strategic assistance, including database licenses, permits, and economic gardening certification.

(e) A participating company has twelve months from the date that the department and participating economic development organizations select the company to participate in the pilot project to use the strategic assistance and other economic gardening services offered pursuant to the pilot project.

(5) There is hereby created in the state treasury the economic gardening pilot project fund, to be administered by the department. The fund consists of all fees received under subsection (4)(b) of this section and any moneys appropriated by the legislature for the purposes of this section. The legislature must make annual appropriations of the moneys in the fund to the department for administering the pilot project. Any

moneys in the fund not appropriated must remain in the fund and may not be transferred or revert to the general fund at the end of any fiscal year.

(6) On or before November 1, 2017, and on or before November 1st each year thereafter through November 1, 2019, and in compliance with RCW 43.01.036 the department must submit a report to the economic development and workforce development committees of the legislature. The report must include, at a minimum:

(a) The services offered through the pilot project's strategic assistance;

(b) The department's expenditures on strategic assistance provided to pilot project participants;

(c) The number and types of jobs created as a result of the pilot project;

(d) The increased sales as a result of the pilot project; and

(e) The value of goods or services sold outside the company's local area or state.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Department" means the department of commerce.

(b) "Economic gardening" means an approach to economic growth and development that emphasizes nurturing and cultivating local small businesses by providing strategic assistance to second-stage companies.

(c) "Key industry" means an industry critical to the Washington economy, as identified by the department.

(d) "Pilot project" means the economic gardening pilot project created in this section.

(e) "Second-stage company" means a privately held business that:

(i) Employs full-time at least six persons but not more than ninety-nine persons;

(ii) Has maintained its principal place of business and a majority of its employees in Washington for at least the previous two years;

(iii) Claims at least five hundred thousand dollars but not more than fifty million dollars as annual gross revenue or working capital; and

(iv) Has a product or service that is, or has the potential to be, sold outside the company's local area or state.

(f) "Strategic assistance" or "economic gardening strategic assistance" means performing high-level database research and analysis or deploying staff members certified under subsection (4) of this section or possessing national expertise in the relevant industry to perform market research, develop core strategies, conduct business modeling, identify qualified sales leads, provide growth financing referrals, perform search engine optimization, utilize geographic information systems, advise on new media marketing, or assist with network analyses and innovation strategies.

(8) The pilot project created in this section terminates July 1, 2019.

The person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, after examination and evaluation, the mental health professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person would be better served by placement in a chemical dependency treatment facility, then the person shall be referred to an approved treatment program defined under RCW 70.96A.020.

(3) An evaluation and treatment center admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 3. RCW 71.05.215 and 2008 c 156 s 2 are each amended to read as follows:

(1) A person found to be gravely disabled or presents a likelihood of serious harm as a result of a mental disorder has a right to refuse antipsychotic medication unless it is determined that the failure to medicate may result in a likelihood of serious harm or substantial deterioration or substantially prolong the length of involuntary commitment and there is no less intrusive course of treatment than medication in the best interest of that person.

(2) The department shall adopt rules to carry out the purposes of this chapter. These rules shall include:

(a) An attempt to obtain the informed consent of the person prior to administration of antipsychotic medication.

(b) For short-term treatment up to thirty days, the right to refuse antipsychotic medications unless there is an additional concurring medical opinion approving medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with a mental health professional with prescriptive authority.

(c) For continued treatment beyond thirty days through the hearing on any petition filed under RCW 71.05.217,

the right to periodic review of the decision to medicate by the medical director or designee.

(d) Administration of antipsychotic medication in an emergency and review of this decision within twenty-four hours. An emergency exists if the person presents an imminent likelihood of serious harm, and medically acceptable alternatives to administration of antipsychotic medications are not available or are unlikely to be successful; and in the opinion of the physician, physician assistant, or psychiatric advanced registered nurse practitioner, the person's condition constitutes an emergency requiring the treatment be instituted prior to obtaining a second medical opinion.

(e) Documentation in the medical record of the attempt by the physician, physician assistant, or psychiatric advanced registered nurse practitioner to obtain informed consent and the reasons why antipsychotic medication is being administered over the person's objection or lack of consent.

Sec. 4. RCW 71.05.217 and 2008 c 156 s 3 are each amended to read as follows:

Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(1) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(2) To keep and be allowed to spend a reasonable sum of his or her own money for canteen expenses and small purchases;

(3) To have access to individual storage space for his or her private use;

(4) To have visitors at reasonable times;

(5) To have reasonable access to a telephone, both to make and receive confidential calls;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the administration of antipsychotic medications beyond the hearing conducted pursuant to RCW 71.05.320((3)) (4) or the performance of electroconvulsant therapy or surgery, except emergency lifesaving surgery, unless ordered by a court of competent jurisdiction pursuant to the following standards and procedures:

(a) The administration of antipsychotic medication or electroconvulsant therapy shall not be ordered unless the petitioning party proves by clear, cogent, and convincing evidence that there exists a compelling state interest that justifies overriding the patient's lack of consent to the administration of antipsychotic medications or electroconvulsant therapy, that the proposed treatment is necessary and effective, and that medically acceptable alternative forms of treatment are not available, have not been successful, or are not likely to be effective.

(b) The court shall make specific findings of fact concerning: (i) The existence of one or more compelling state interests; (ii) the necessity and effectiveness of the treatment; and (iii) the person's desires regarding the proposed treatment. If the patient is unable to make a rational and informed decision about consenting to or refusing the proposed treatment, the court shall make a substituted judgment for the patient as if he or she were competent to make such a determination.

(c) The person shall be present at any hearing on a request to administer antipsychotic medication or electroconvulsant therapy filed pursuant to this subsection. The person has the right: (i) To be represented by an attorney; (ii) to present evidence; (iii) to cross-examine witnesses; (iv) to have the rules of evidence enforced; (v) to remain silent; (vi) to view and copy all petitions and reports in the court file; and (vii) to be given reasonable notice and an opportunity to prepare for the hearing. The court may appoint a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, psychologist within their scope of practice, physician assistant, or physician to examine and testify on behalf of such person. The court shall appoint a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, psychologist within their scope of practice, physician assistant, or physician designated by such person or the person's counsel to testify on behalf of the person in cases where an order for electroconvulsant therapy is sought.

(d) An order for the administration of antipsychotic medications entered following a hearing conducted pursuant to this section shall be effective for the period of the current involuntary treatment order, and any interim period during which the person is awaiting trial or hearing on a new petition for involuntary treatment or involuntary medication.

(e) Any person detained pursuant to RCW 71.05.320((3)) (4), who subsequently refuses antipsychotic medication, shall be entitled to the procedures set forth in this subsection.

(f) Antipsychotic medication may be administered to a nonconsenting person detained or committed pursuant to this chapter without a court order pursuant to RCW 71.05.215(2) or under the following circumstances:

(i) A person presents an imminent likelihood of serious harm;

(ii) Medically acceptable alternatives to administration of antipsychotic medications are not available, have not been successful, or are not likely to be effective; and

(iii) In the opinion of the physician, physician assistant, or psychiatric advanced registered nurse practitioner with responsibility for treatment of the person, or his or her designee, the person's condition constitutes an emergency requiring the treatment be instituted before a judicial hearing as authorized pursuant to this section can be held.

If antipsychotic medications are administered over a person's lack of consent pursuant to this subsection, a petition for an order authorizing the administration of antipsychotic medications shall be filed on the next

judicial day. The hearing shall be held within two judicial days. If deemed necessary by the physician, physician assistant, or psychiatric advanced registered nurse practitioner with responsibility for the treatment of the person, administration of antipsychotic medications may continue until the hearing is held;

(8) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him or her under any circumstances.

Sec. 5. RCW 71.05.230 and 2015 c 250 s 6 are each amended to read as follows:

A person detained or committed for seventy-two hour evaluation and treatment or for an outpatient evaluation for the purpose of filing a petition for a less restrictive alternative treatment order may be committed for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder and results in a likelihood of serious harm, results in the person being gravely disabled, or results in the person being in need of assisted outpatient mental health treatment, and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The agency or facility providing intensive treatment or which proposes to supervise the less restrictive alternative is certified to provide such treatment by the department; and

(4) The professional staff of the agency or facility or the designated mental health professional has filed a petition with the court for a fourteen day involuntary detention or a ninety day less restrictive alternative. The petition must be signed either by:

(a) Two physicians;

(b) One physician and a mental health professional;

(c) ((Two psychiatric advanced registered nurse practitioners;)) One physician assistant and a mental health professional; or

(d) One psychiatric advanced registered nurse practitioner and a mental health professional((; or

(e) A physician and a psychiatric advanced registered nurse practitioner)). The persons signing the petition

must have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others.

The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative

is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, is gravely disabled, or is in need of assisted outpatient mental health treatment, and shall set forth a plan for the less restrictive alternative treatment proposed by the facility in accordance with RCW 71.05.585; and

(5) A copy of the petition has been served on the detained or committed person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated mental health professional may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide less restrictive alternative treatment is other than the facility providing involuntary treatment, the outpatient facility so designated to provide less restrictive alternative treatment has agreed to assume such responsibility.

Sec. 6. RCW 71.05.290 and 2015 c 250 s 10 are each amended to read as follows:

(1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

(a) Two ((examining)) physicians;

(b) One ((examining)) physician and ((examining)) a mental health professional;

(c) ((Two psychiatric advanced registered nurse practitioners;)) One physician assistant and a mental health professional; or

(d) One psychiatric advanced registered nurse practitioner and a mental health professional((; or

(e) An examining physician and an examining psychiatric advanced registered nurse practitioner)). The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth a proposed plan for less

restrictive alternative treatment in accordance with RCW 71.05.585.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(4), then the professional person in charge of the treatment facility or his or her professional designee or the designated mental health professional may directly file a petition for one hundred eighty day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed.

Sec. 7. RCW 71.05.300 and 2014 c 225 s 84 are each amended to read as follows:

(1) The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated mental health professional. The designated mental health professional shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, the prosecuting attorney, and the behavioral health organization administrator, and provide a copy of the petition to such persons as soon as possible. The behavioral health organization administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

(2) At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney, his or her right to a jury trial, and his or her loss of firearm rights if involuntarily committed. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, physician assistant, psychiatric advanced registered nurse practitioner, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

(3) The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a person with a developmental disability who has been determined to be incompetent pursuant to RCW 10.77.086(4), then the appointed professional person under this section shall be a developmental disabilities professional.

(4) The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310.

Sec. 8. RCW 71.05.360 and 2009 c 217 s 5 are each amended to read as follows:

(1)(a) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter, which shall be prominently posted in the facility, and shall retain all rights not denied him or her under this chapter except as

chapter 9.41 RCW may limit the right of a person to purchase or possess a firearm or to qualify for a concealed pistol license.

(b) No person shall be presumed incompetent as a consequence of receiving an evaluation or voluntary or involuntary treatment for a mental disorder, under this chapter or any prior laws of this state dealing with mental illness. Competency shall not be determined or withdrawn except under the provisions of chapter 10.77 or 11.88 RCW.

(c) Any person who leaves a public or private agency following evaluation or treatment for mental disorder shall be given a written statement setting forth the substance of this section.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment.

(3) The provisions of this chapter shall not be construed to deny to any person treatment by spiritual means through prayer in accordance with the tenets and practices of a church or religious denomination.

(4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician, physician assistant, psychiatric advanced registered nurse practitioner, or other professional person qualified to provide such services.

(5) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both the person and, if possible, a responsible member of his or her immediate family, personal representative, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him or her into custody or by personnel of the evaluation and treatment facility where the person is detained that unless the person is released or voluntarily admits himself or herself for treatment within seventy-two hours of the initial detention:

(a) A judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the initial detention to determine whether there is probable cause to detain the person after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that the person is a person whose mental disorder presents a likelihood of serious harm or that the person is gravely disabled;

(b) The person has a right to communicate immediately with an attorney; has a right to have an attorney appointed to represent him or her before and at the probable cause hearing if he or she is indigent; and has the right to be told the name and address of the attorney that the mental health professional has designated pursuant to this chapter;

(c) The person has the right to remain silent and that any statement he or she makes may be used against him or her;

(d) The person has the right to present evidence and to cross-examine witnesses who testify against him or her at the probable cause hearing; and

(e) The person has the right to refuse psychiatric medications, including antipsychotic medication

beginning twenty-four hours prior to the probable cause hearing.

(6) When proceedings are initiated under RCW 71.05.153, no later than twelve hours after such person is admitted to the evaluation and treatment facility the personnel of the evaluation and treatment facility or the designated mental health professional shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on the designated attorney.

(7) The judicial hearing described in subsection (5) of this section is hereby authorized, and shall be held according to the provisions of subsection (5) of this section and rules promulgated by the supreme court.

As to other proceedings under this chapter, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical or psychological records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contain opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination.

(10) Insofar as danger to the person or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights:

(a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

  - (j) Not to have psychosurgery performed on him or her under any circumstances;
  - (k) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue.
- (11) Every person involuntarily detained shall immediately be informed of his or her right to a hearing to review the legality of his or her detention and of his or her right to counsel, by the professional person in charge of the facility providing evaluation and treatment, or his or her designee, and, when appropriate, by the court. If the person so elects, the court shall immediately appoint an attorney to assist him or her.
- (12) A person challenging his or her detention or his or her attorney shall have the right to designate and have the court appoint a reasonably available independent physician, physician assistant, psychiatric advanced registered nurse practitioner, or licensed mental health professional to examine the person detained, the results of which examination may be used in the proceeding. - (13) Nothing contained in this chapter shall prohibit the patient from petitioning by writ of habeas corpus for release.

If the court finds that there are reasonable grounds to believe the defendant is a sexual psychopath, the court shall order said defendant confined at the nearest state hospital for observation as to the existence of sexual psychopathy. Such observation shall be for a period of not to exceed ninety days. The defendant shall be detained in the county jail or other county facilities pending execution of such observation order by the department.

(a) A request for capacity determination has been made; and

(b) The principal may request that the determination be made by a court.

(4) At least one mental health professional or health care provider must personally examine the principal prior to making a capacity determination.

(5)(a) When a court makes a determination whether a principal has capacity, the court shall, at a minimum, be informed by the testimony of one mental health professional familiar with the principal and shall, except for good cause, give the principal an opportunity to appear in court prior to the court making its determination.

(b) To the extent that local court rules permit, any party or witness may testify telephonically.

(6) When a court has made a determination regarding a principal's capacity and there is a subsequent change in the principal's condition, subsequent determinations whether the principal is incapacitated may be made in accordance with any of the provisions of subsection (2) of this section.

Sec. 14. RCW 71.32.140 and 2009 c 217 s 12 are each amended to read as follows:

(3) In the event the admitting physician is not a psychiatrist, the admitting physician assistant is not supervised by a psychiatrist, or the advanced registered nurse practitioner is not a psychiatric advanced registered nurse practitioner, the principal shall receive a complete psychological assessment by a mental health professional within twenty-four hours of admission to determine the continued need for inpatient evaluation or treatment.

(4)(a) If it is determined that the principal has capacity, then the principal may only be admitted to, or remain in, inpatient treatment if he or she consents at the time or is detained under the involuntary treatment provisions of chapter 70.96A, 71.05, or 71.34 RCW.

(b) If a principal who is determined by two health care providers or one mental health professional and one health care provider to be incapacitated continues to refuse inpatient treatment, the principal may immediately seek injunctive relief for release from the facility.

(5) If, at the end of the period of time that the principal or the principal's agent, if any, has consented to voluntary inpatient treatment, but no more than fourteen days after admission, the principal has not regained capacity or has regained capacity but refuses to consent to remain for additional treatment, the principal must be released during reasonable daylight hours, unless detained under chapter 70.96A, 71.05, or 71.34 RCW.

(6)(a) Except as provided in (b) of this subsection, any principal who is voluntarily admitted to inpatient mental health treatment under this chapter shall have all the rights provided to individuals who are voluntarily admitted to inpatient treatment under chapter 71.05, 71.34, or 72.23 RCW.

(b) Notwithstanding RCW 71.05.050 regarding consent to inpatient treatment for a specified length of time, the choices an incapacitated principal expressed in his or her directive shall control, provided, however, that a

principal who takes action demonstrating a desire to be discharged, in addition to making statements requesting to be discharged, shall be discharged, and no principal shall be restrained in any way in order to prevent his or her discharge. Nothing in this subsection shall be construed to prevent detention and evaluation for civil commitment under chapter 71.05 RCW.

(7) Consent to inpatient admission in a directive is effective only while the professional person, health care provider, and health care facility are in substantial compliance with the material provisions of the directive related to inpatient treatment.

Sec. 15. RCW 71.32.250 and 2009 c 217 s 13 are each amended to read as follows:

(1) If a principal who is a resident of a long-term care facility is admitted to inpatient mental health treatment pursuant to his or her directive, the principal shall be allowed to be readmitted to the same long-term care facility as if his or her inpatient admission had been for a physical condition on the same basis that the principal would be readmitted under state or federal statute or rule when:

(a) The treating facility's professional staff determine that inpatient mental health treatment is no longer medically necessary for the resident. The determination shall be made in writing by a psychiatrist, physician assistant working with a supervising psychiatrist, or a psychiatric advanced registered nurse practitioner, or ((a mental health professional and either (i) a physician or (ii) psychiatric advanced registered nurse practitioner)) (i) one physician and a mental health professional; (ii) one physician assistant and a mental health professional; or (iii) one psychiatric advanced registered nurse practitioner and a mental health professional; or

(b) The person's consent to admission in his or her directive has expired.

(2)(a) If the long-term care facility does not have a bed available at the time of discharge, the treating facility may discharge the resident, in consultation with the resident and agent if any, and in accordance with a medically appropriate discharge plan, to another long-term care facility.

(b) This section shall apply to inpatient mental health treatment admission of long-term care facility residents, regardless of whether the admission is directly from a facility, hospital emergency room, or other location.

(c) This section does not restrict the right of the resident to an earlier release from the inpatient treatment facility. This section does not restrict the right of a long-term care facility to initiate transfer or discharge of a resident who is readmitted pursuant to this section, provided that the facility has complied with the laws governing the transfer or discharge of a resident.

(3) The joint legislative audit and review committee shall conduct an evaluation of the operation and impact of this section. The committee shall report its findings to the appropriate committees of the legislature by December 1, 2004.

Sec. 16. RCW 71.32.260 and 2009 c 217 s 14 are each amended to read as follows:

The directive shall be in substantially the following form:

#### Mental Health Advance Directive

#### NOTICE TO PERSONS

#### CREATING A MENTAL HEALTH ADVANCE DIRECTIVE

This is an important legal document. It creates an advance directive for mental health treatment. Before signing this document you should know these important facts:

(1) This document is called an advance directive and allows you to make decisions in advance about your mental health treatment, including medications, short-term admission to inpatient treatment and electroconvulsive therapy.

**YOU DO NOT HAVE TO FILL OUT OR SIGN THIS FORM.**

**IF YOU DO NOT SIGN THIS FORM, IT WILL NOT TAKE EFFECT.**

If you choose to complete and sign this document, you may still decide to leave some items blank.

(2) You have the right to appoint a person as your agent to make treatment decisions for you. You must notify your agent that you have appointed him or her as an agent. The person you appoint has a duty to act consistently with your wishes made known by you. If your agent does not know what your wishes are, he or she has a duty to act in your best interest. Your agent has the right to withdraw from the appointment at any time.

(3) The instructions you include with this advance directive and the authority you give your agent to act will only become effective under the conditions you select in this document. You may choose to limit this directive and your agent's authority to times when you are incapacitated or to times when you are exhibiting symptoms or behavior that you specify. You may also make this directive effective immediately. No matter when you choose to make this directive effective, your treatment providers must still seek your informed consent at all times that you have capacity to give informed consent.

(4) You have the right to revoke this document in writing at any time you have capacity.

**YOU MAY NOT REVOKE THIS DIRECTIVE WHEN YOU HAVE BEEN FOUND TO BE INCAPACITATED UNLESS YOU HAVE SPECIFICALLY STATED IN THIS DIRECTIVE THAT**

**YOU WANT IT TO BE REVOCABLE WHEN YOU ARE INCAPACITATED.**

(5) This directive will stay in effect until you revoke it unless you specify an expiration date. If you specify an expiration date and you are incapacitated at the time it expires, it will remain in effect until you have capacity to make treatment decisions again unless you chose to be able to revoke it while you are incapacitated and you revoke the directive.

(6) You cannot use your advance directive to consent to civil commitment. The procedures that apply to your advance directive are different than those provided for in the Involuntary Treatment Act. Involuntary treatment is a different process.

(7) If there is anything in this directive that you do not understand, you should ask a lawyer to explain it to you.

(8) You should be aware that there are some circumstances where your provider may not have to follow your directive.

(9) You should discuss any treatment decisions in your directive with your provider.

(10) You may ask the court to rule on the validity of your directive.

PART I.

STATEMENT OF INTENT TO CREATE A MENTAL HEALTH ADVANCE DIRECTIVE

I, . . . . . being a person with capacity, willfully and voluntarily execute this mental health advance directive so that my choices regarding my mental health care will be carried out in circumstances when I am unable to express my instructions and preferences regarding my mental health care. If a guardian is appointed by a court to make mental health decisions for me, I intend this document to take precedence over all other means of ascertaining my intent.

The fact that I may have left blanks in this directive does not affect its validity in any way. I intend that all completed sections be followed. If I have not expressed a choice, my agent should make the decision that he or she determines is in my best interest. I intend this directive to take precedence over any other directives I have previously executed, to the extent that they are inconsistent with this document, or unless I expressly state otherwise in either document.

I understand that I may revoke this directive in whole or in part if I am a person with capacity. I understand that I cannot revoke this directive if a court, two health care providers, or one mental health professional and one health care provider find that I am an incapacitated person, unless, when I executed this directive, I chose to be able to revoke this directive while incapacitated.

I understand that, except as otherwise provided in law, revocation must be in writing. I understand that nothing in this directive, or in my refusal of treatment to which I consent in this directive, authorizes any health care provider, professional person, health care facility, or agent appointed in this directive to use or threaten to use abuse, neglect, financial exploitation, or abandonment to carry out my directive.

I understand that there are some circumstances where my provider may not have to follow my directive.

PART II.

WHEN THIS DIRECTIVE IS EFFECTIVE YOU MUST COMPLETE THIS PART FOR YOUR DIRECTIVE TO BE VALID.

I intend that this directive become effective (YOU MUST CHOOSE ONLY ONE):

. . . . . Immediately upon my signing of this directive.

. . . . . If I become incapacitated.

. . . . . When the following circumstances, symptoms, or behaviors occur:

PART III.

DURATION OF THIS DIRECTIVE

YOU MUST COMPLETE THIS PART FOR YOUR DIRECTIVE TO BE VALID.

I want this directive to (YOU MUST CHOOSE ONLY ONE):

. . . . . Remain valid and in effect for an indefinite period of time.

. . . . . Automatically expire . . . . . years from the date it was created.

PART IV.

WHEN I MAY REVOKE THIS DIRECTIVE YOU MUST COMPLETE THIS PART FOR THIS DIRECTIVE TO BE VALID.

I intend that I be able to revoke this directive (YOU MUST CHOOSE ONLY ONE):

. . . . . Only when I have capacity.

I understand that choosing this option means I may only revoke this directive if I have capacity. I further understand that if I choose this option and become incapacitated while this directive is in effect, I may receive treatment that I specify in this directive, even if I object at the time.

. . . . . Even if I am incapacitated.

I understand that choosing this option means that I may revoke this directive even if I am incapacitated. I further understand that if I choose this option and revoke this directive while I am incapacitated I may not receive treatment that I specify in this directive, even if I want the treatment.

Subject to an appropriation specifically provided for this purpose, the superintendent of public instruction, in consultation with school district and educational service district personnel, shall develop and implement a comprehensive, statewide initiative to increase the number of qualified individuals who apply for teaching

positions in Washington. In developing and implementing the initiative, the superintendent shall:

(1) Include a teacher recruitment component that targets groups of individuals who may be interested in teaching in Washington public schools, such as: College students who have not chosen a major; out-of-state teachers; military personnel and their spouses; and individuals with teaching certificates who are not currently employed as teachers;

(2) Contract for the development of a statewide system to provide recruitment and hiring services, including a centralized hiring portal, to school districts, and a statewide central depository for applications of individuals interested in applying for certificated positions that can be accessed by school districts in the state for purposes of hiring teachers and other certificated positions. The services and tools developed under this subsection must be made available initially to small school districts, and to larger districts as resources are available. When defining small districts for the purpose of this subsection, the office of the superintendent of public instruction must consider whether a district has fewer than three hundred certificated staff;

(3) Create or enhance an existing web site that provides useful information to individuals who are interested in teaching in Washington; and

(4) Take other actions to increase the number of qualified individuals who apply for teaching positions in Washington.

NEW SECTION. Sec. 2. (1) Subject to an appropriation specifically provided for this purpose, the workforce training and education coordinating board, in collaboration with the professional educator standards board, shall work with the student achievement council, the office of the superintendent of public instruction, school districts, educational service districts, the state board for community and technical colleges, the institutions of higher education, major employers, and other parties to develop and disseminate information designed to increase recruitment into professional educator standards board-approved teacher preparation programs. The information must be disseminated statewide through existing channels.

(2) This section expires July 1, 2019.

NEW SECTION. Sec. 3. (1) Subject to an appropriation specifically provided for this purpose, the professional educator standards board shall create and administer the recruitment specialists grant program to provide funds to professional educator standards board-approved teacher preparation programs to hire, or contract with, recruitment specialists that focus on recruitment of individuals who are from traditionally underrepresented groups among teachers in Washington when compared to the common school population.

(5) Provide criteria for the approval of educational service districts, beginning no later than August 31, 2007, to offer programs leading to professional certification. The rules shall be written to encourage institutions of higher education and educational service districts to partner with local school districts or consortia of school districts, as appropriate, to provide instruction for teachers seeking professional certification;

(6) Encourage institutions of higher education to offer professional certificate coursework as continuing education credit hours. This shall not prevent an institution of higher education from providing the option of including the professional certification requirements as part of a master's degree program;

(7) Provide criteria for a liaison relationship between approved programs and school districts in which applicants are employed;

(8) Identify an expedited professional certification process for out-of-state teachers who have five years or more of successful teaching experience ((to demonstrate skills and impact on student learning commensurate with Washington requirements for professional certification. The rules may require these teachers, within one year of the time they begin to teach in the state's public schools, take a course in or show evidence that they can teach to the state's essential academic learning requirements)), including a method to determine the comparability of rigor between the Washington professional certification process and the second-level teacher certification process of other states. A professional certificate must be issued to these experienced out-of-state teachers if the teacher holds: (a) A valid teaching certificate issued by the national board for professional teaching standards; or (b) a second-level teacher certificate from another state that has been determined to be comparable to the Washington professional certificate; and

(9) Identify an evaluation process of approved programs that includes a review of the program coursework and applicant coursework load requirements, linkages of programs to individual teacher professional growth plans, linkages to school district and school improvement plans, and, to the extent possible, linkages to school district professional enrichment and growth programs for teachers, where such programs are in place in school districts. The agency shall provide a preliminary report on the evaluation process to the senate and house of representatives committees on

education policy by November 1, 2005. The board shall identify:

(d) A method for investigating programs at the reasonable discretion of the agency; and

(e) A method for using, in the evaluation, both program completion satisfaction responses and data on the impact of educators who have obtained professional certification on student work and achievement.

(ii) Individuals who are certificated with an elementary education endorsement shall pursue an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to((,)) mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education; and

(iii) Individuals shall use one of the pathways to endorsement processes to receive an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to((,)) mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education, which shall include passing an endorsement test plus observation and completing applicable coursework to attain the proper endorsement; and

(iv) Individuals shall receive no more than the annual amount of the scholarship, not to exceed three thousand dollars, for the cost of tuition, test fees, and educational expenses, including books, supplies, and transportation for the endorsement pathway being pursued.

(3) The Washington professional educator standards board shall select individuals to receive conditional scholarships. In selecting recipients, preference shall be given to eligible veterans or national guard members. In awarding conditional scholarships to support additional bilingual education or English language learner endorsements, the board shall also give preference to teachers assigned to schools required under state or federal accountability measures to implement a plan for improvement, and to teachers assigned to schools whose enrollment of English language learner students has increased an average of more than five percent per year over the previous three years.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients who fail to continue a course of study leading

to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The student achievement council shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) The student achievement council may deposit all appropriations, collections, and any other funds received for the program in this chapter in the future teachers conditional scholarship account authorized in RCW 28B.102.080.

NEW SECTION. Sec. 13. A new section is added to chapter 28B.102 RCW to read as follows:

(1) Subject to an appropriation specifically provided for this purpose, the office shall develop and administer the teacher shortage conditional grant program as a subprogram within the future teachers conditional scholarship and loan repayment program. The purpose of the teacher shortage conditional grant program is to encourage individuals to become teachers by providing financial aid to individuals enrolled in professional educator standards-approved teacher preparation programs.

(2) The office has the power and duty to develop and adopt rules as necessary under chapter 34.05 RCW to administer the program described in this section.

(3) As part of the rule-making process under subsection (2) of this section, the office must collaborate with the professional educator standards board, the Washington state school directors' association, and the professional educator standards board-approved teacher preparation programs to develop a framework for the teacher shortage conditional grant program, including eligibility requirements, contractual obligations, conditional grant amounts, and loan repayment requirements.

(4)(a) In developing the eligibility requirements, the office must consider: Whether the individual has a financial need, is a first-generation college student, or is from a traditionally underrepresented group among teachers in Washington; whether the individual is completing an alternative route to teacher certification program; whether the individual plans to obtain an endorsement in a hard-to-fill subject, as defined by the professional educator standards board; the characteristic of any geographic shortage area, as defined by the professional educator standards board, that the individual plans to teach in; and whether a school district has committed to offering the individual employment once the individual obtains a residency teacher certificate.

(b) In developing the contractual obligations, the office must consider requiring the individual to: Obtain a Washington state residency teacher certificate; teach in a subject or geographic endorsement shortage area, as defined by the professional educator standards board; and commit to teach for five school years in an approved education program with a need for a teacher with such an endorsement at the time of hire.

(c) In developing the conditional grant award amounts, the office must consider whether the individual is: Enrolled in a public or private institution of higher education, a resident, in a baccalaureate or postbaccalaureate program, or in an alternative route to teacher certification program. In addition, the award amounts must not result in a reduction of the individual's federal or state grant aid, including Pell grants, state need grants, college bound scholarships, or opportunity scholarships.

(d) In developing the repayment requirements for a conditional grant that is converted into a loan, the terms and conditions of the loan must follow the interest rate and repayment terms of the federal direct subsidized loan program. In addition, the office must consider the following repayment schedule:

(i) For less than one school year of teaching completed, the loan obligation is eighty-five percent of the conditional grant the student received, plus interest and an equalization fee;

(ii) For less than two school years of teaching completed, the loan obligation is seventy percent of the conditional grant the student received, plus interest and an equalization fee;

(iii) For less than three school years of teaching completed, the loan obligation is fifty-five percent of the conditional grant the student received, plus interest and an equalization fee; and

(iv) For less than four school years of teaching completed, the loan obligation is forty percent of the conditional grant the student received, plus interest and an equalization fee.

(5) By November 1, 2018, and November 1, 2020, the office shall submit reports, in accordance with RCW 43.01.036, to the appropriate committees of the legislature that recommend whether the teacher shortage conditional grant program under this section should be continued, modified, or terminated, and that include information about the recipients of the grants under this program.

NEW SECTION. Sec. 14. A new section is added to chapter 28B.76 RCW to read as follows:

(1) Subject to funds appropriated specifically for this purpose, the office shall administer a student teaching residency grant program to provide additional funds to individuals completing student teaching residencies at public schools in Washington.

(2) To qualify for the grant, recipients must be enrolled in a professional educator standards board-approved teacher preparation program, be completing or about to start a student teaching residency at a Title I school, and demonstrate financial need, as defined by the office and consistent with the income criteria required to receive the state need grant established in chapter 28B.92 RCW.

(3) The office shall establish rules for administering the grants under this section.

"NEW SECTION. Sec. 1. The legislature recognizes that school attendance really matters, and that poor school attendance can have far-reaching effects on academic performance and achievement, development of social skills and school engagement, dropout rates, and even college completion rates. According to an August 2014 report by Attendance Works titled "Absences Add Up: How School Attendance Influences Student Success," students who missed more school than their peers scored lower on the 2013 national assessment for educational progress (NAEP). This was true at every age, in every racial and ethnic group, and in every state and city examined in the state-by-state analysis, and reinforced other research that has shown that: Poor attendance in the first month of school can predict chronic absence for the entire year; absenteeism in kindergarten can affect whether a child develops necessary grit and perseverance; absenteeism in preschool and kindergarten can influence whether a child will master reading by the end of third grade or be held back; absenteeism in middle and high school can

predict dropout rates; absenteeism influences not just chances for graduating but also for completing college; improving attendance is important for reducing educational opportunity gaps; and when students reduce absences, they can make academic gains.

The legislature further finds that these effects occur regardless of whether excessive absenteeism is considered excused or unexcused or the specific reason or reasons for excessive absenteeism. By taking a three-pronged approach, focusing not just on truancy but on school attendance in general, and providing additional tools to schools, courts, communities, and families, the legislature hopes to reduce excessive absenteeism, strengthen family engagement with schools, involve communities, promote academic achievement, reduce educational opportunity gaps, and increase high school graduation rates.

First, with respect to absenteeism in general, the legislature intends to put in place consistent practices and procedures, beginning in kindergarten, pursuant to which schools share information with families about the importance of consistent attendance and the consequences of excessive absences, involve families early, and provide families with information, services, and tools that they may access to improve and maintain their children's school attendance.

Second, the legislature recognizes the success that has been had by school districts and county juvenile courts around the state that have worked in tandem with one another to establish truancy boards capable of therapeutic prevention and intervention and that regularly stay truancy petitions in order to first allow these boards to identify barriers to school attendance, cooperatively solve problems, and connect students and their families with needed academic supports and community-based services, and that turn to court orders only as a last resort. While keeping petition filing requirements in place, the legislature intends to require an initial stay of truancy petitions in order to allow for appropriate intervention and prevention before using a court order to enforce attendance laws. The legislature also intends to encourage efforts by county juvenile courts and school districts to: Establish and maintain therapeutic truancy boards; and to employ other best practices, including the provision of training for board members and other school and court personnel on trauma-informed approaches to discipline, the research regarding adverse childhood experiences, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families as well as those that have been shown to be culturally appropriate promising practices.

Third, the legislature recognizes that there are instances in which individual barriers to school attendance that have led to a student's absences may be best addressed by providing access to a bed in a HOPE center. The legislature further recognizes that even when a student is found in contempt of a court order to attend school, it is best practice that the student not be placed in juvenile

detention but, where feasible and available, instead be placed in a crisis residential center. The legislature intends to increase the number of beds in HOPE centers and crisis residential centers in order to facilitate their use for these students.

Sec. 2. RCW 28A.225.005 and 2009 c 556 s 5 are each amended to read as follows:

(1) Each school within a school district shall inform the students and the parents of the students enrolled in the school about: The benefits of regular school attendance; the potential effects of excessive absenteeism, whether excused or unexcused, on academic achievement, and graduation and dropout rates; the school's expectations of the parents and guardians to ensure regular school attendance by the child; the resources available to assist the child and the parents and guardians; the role and responsibilities of the school; and the consequences of truancy, including the compulsory education requirements under this chapter. The school shall provide access to the information ((at least annually.)) before or at the time of enrollment of the child at a new school and at the beginning of each school year. If the school regularly and ordinarily communicates most other information to parents online, providing online access to the information required by this section satisfies the requirements of this section unless a parent or guardian specifically requests information to be provided in written form. Provision must be made to enable parents to request and receive the information in a language in which they are fluent. A parent must date and acknowledge review of this information online or in writing before or at the time of enrollment of the child at a new school and at the beginning of each school year.

(2) The office of the superintendent of public instruction shall develop a template that schools may use to satisfy the requirements of subsection (1) of this section and shall post the information on its web site.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.225 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, in the event that a child in elementary school is required to attend school under RCW 28A.225.010 or 28A.225.015(1) and has five or more excused absences in a single month during the current school year, or ten or more excused absences in the current school year, the school district shall schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of identifying the barriers to the child's regular attendance, and the supports and resources that may be made available to the family so that the child is able to regularly attend school. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the absences, the school district may schedule this conference on that day. To satisfy the requirements of this section, the conference must include at least one school district employee such as a nurse, counselor, social worker, or teacher, except in those instances regarding the attendance of a child who has an individualized education program or a plan developed under section 504 of the rehabilitation act of 1973, in

which case the reconvening of the team that created the program or plan is required.

(2) A conference pursuant to subsection (1) of this section is not required in the event of excused absences for which prior notice has been given to the school or a doctor's note has been provided and an academic plan is put in place so that the child does not fall behind.

Sec. 4. RCW 28A.225.025 and 2009 c 266 s 2 are each amended to read as follows:

(1) For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. Juvenile courts may establish and operate community truancy boards. If the juvenile court and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

(2) The legislature finds that utilization of community truancy boards, or other diversion units that fulfill a similar function, is the preferred means of intervention when preliminary methods of notice and parent conferences and taking appropriate steps to eliminate or reduce unexcused absences have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards and other diversion programs which are effective in promoting school attendance and preventing the need for more intrusive intervention by the court. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).

(3) For purposes of this chapter, "therapeutic truancy board" means a community truancy board operated within existing resources pursuant to a memorandum of understanding between a school district and a juvenile court. All members of a therapeutic truancy board receive training with respect to the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, the research regarding adverse childhood experiences, evidence-based treatments that have been found to be effective in supporting at-risk youth and their families as well as those that have been shown to be culturally appropriate promising practices, and the specific academic supports, services, and treatments available in the particular school, court, community, and

elsewhere. A therapeutic truancy board identifies barriers to school attendance, cooperatively solves problems, connects students and their families with academic supports, community services, evidence-based services such as functional family therapy, and culturally appropriate promising practices, and may refer children to a HOPE center.

Sec. 5. RCW 28A.225.035 and 2012 c 157 s 2 are each amended to read as follows:

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:

(a) The child has unexcused absences during the current school year;

(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and

(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth whether the child and parent are fluent in English, whether there is an existing individualized education program, and the child's current academic status in school.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4)(a) When a petition is filed under RCW 28A.225.030 or 28A.225.015, it shall initially be stayed and intervention and prevention efforts employed in order to substantially reduce the child's unexcused absences. Intervention and prevention efforts under this subsection may include referral to a community truancy board, preferably a therapeutic truancy board, use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, the provision of academic services such as tutoring, credit retrieval and school reengagement supports, and community-based services, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families and those that have been shown to be culturally appropriate promising practices.

(b) If intervention and prevention efforts under (a) of this subsection are unsuccessful at substantially reducing the child's unexcused absences, the stay shall be lifted and the juvenile court shall schedule a hearing at which the court shall consider the petition, or if the court determines that ((a)) an initial or subsequent referral to an available community truancy board would substantially reduce the child's unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an

agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child's parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the truancy board fails to reach an agreement, or the parent or student does not comply with the agreement, the truancy board shall return the case to the juvenile court for a hearing.

(7)(a) Notwithstanding the provisions in subsection (4)(a) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, the preferred practice is for notice to be provided in a language in which the parent is fluent;

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a colloquy between the court, the child if eight years old or older, and the parent.

(8)(a) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(b) The court may not issue a bench warrant for a child for failure to appear at a hearing on an initial truancy petition filed under RCW 28A.225.030. If there has been proper service, the court may instead enter a default order assuming jurisdiction under the terms specified in subsection (12) of this section.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the

juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13)(a) If the court assumes jurisdiction, the school district shall periodically report to the court any additional unexcused absences by the child, actions taken by the school district, and an update on the child's academic status in school at a schedule specified by the court.

(b) The first report under this subsection (13) must be received no later than three months from the date that the court assumes jurisdiction.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.225 RCW to read as follows:

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate to therapeutic truancy boards grant funds that may be used to supplement existing funds in order to pay for training for board members or the provision of services and treatment to children and their families.

(2) The superintendent of public instruction must select grant recipients based on the criteria in this section. This is a competitive grant process. A prerequisite to applying for either or both grants is a memorandum of understanding, between a school district and a court, to institute a new or maintain an existing therapeutic truancy board that meets the requirements of RCW 28A.225.025.

(3) Successful applicants for an award of grant funds to supplement existing funds to pay for the training of therapeutic truancy board members must commit to the provision of training to board members regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, research about adverse childhood experiences, evidence-based treatments and culturally appropriate promising practices, as well as the specific academic and community services and treatments available in the school, court, community, and elsewhere. This training may be provided by educational service districts.

(4) Successful applicants for an award of grant funds to supplement existing funds to pay for services and treatments provided to children and their families must commit to the provision of academic services such as tutoring, credit retrieval and school reengagement supports, community services, and evidence-based treatments that have been found to be effective in

supporting at-risk youth and their families, such as functional family therapy, or those that have been shown to be culturally appropriate promising practices.

Sec. 7. RCW 28A.225.090 and 2009 c 266 s 4 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, including suspensions;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district.

If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; ((or))

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the drug assessment at no expense to the school; or

(f) Submit to a temporary placement in a crisis residential center if the court determines there is an immediate health and safety concern, or a family conflict with the need for mediation.

(2) If the child fails to comply with the court order, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community restitution. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection

may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a crisis residential center close to the child's home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

Sec. 8. RCW 43.185C.315 and 2015 c 69 s 22 are each amended to read as follows:

(1) The department shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator's designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for

readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

((1)) (a) A license issued by the department of social and health services;

((2)) (b) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

((a)) (i) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

((b)) (ii) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department of social and health services. The department of social and health services shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department of social and health services determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

((c)) (iii) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

((d)) (iv) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

((e)) (v) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

((f)) (vi) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

((3)) (c) Staff trained in development needs of street youth as determined by the department, including an administrator who is a professional with a master's degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;

((4)) (d) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the department;

((5)) (e) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 43.185C.290(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary of the department of social and health services if the youth is a dependent of the state under chapter 13.34 RCW or the department of social and health services is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

((6)) (f) HOPE centers must identify to the department of social and health services any street youth it serves who is not returning promptly to home. The department of social and health services then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive notice from the department of social and health services; and

((7)) (g) Services that provide counseling and education to the street youth(, and).

((8)) (2) The department shall award contracts for the operation of HOPE center beds with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers.

(3) Subject to funds appropriated for this purpose, the beds available in HOPE centers shall be increased incrementally beyond the limit of seventy-five set forth in subsection (1) of this section. The additional capacity shall be distributed around the state based upon need and, to the extent feasible, shall be geographically situated so that HOPE beds are available across the state. In determining the need for increased numbers of HOPE beds in a particular county or counties, one of the considerations should be the volume of truancy petitions filed there.

Sec. 9. RCW 43.185C.320 and 2015 c 69 s 23 are each amended to read as follows:

To be eligible for placement in a HOPE center, a minor must be either a street youth, as that term is defined in this chapter, or a youth who, without placement in a HOPE center, will continue to participate in increasingly risky behavior, including truancy. Youth may also self-refer to a HOPE center. Payment for a HOPE center bed is not contingent upon prior approval by the department; however, approval from the department of social and

health services is needed if the youth is dependent under chapter 13.34 RCW.

NEW SECTION. Sec. 10. A new section is added to chapter 43.185C RCW to read as follows:

Subject to funds appropriated for this purpose, the capacity available in crisis residential centers established pursuant to this chapter shall be increased incrementally in order to accommodate truant students found in contempt of a court order to attend school. The additional capacity shall be distributed around the state based upon need and, to the extent feasible, shall be geographically situated so that crisis residential centers are available for use by all courts.

NEW SECTION. Sec. 11. The office of the superintendent of public instruction shall develop recommendations as to how mandatory school attendance and truancy amelioration provisions under chapter 28A.225 RCW should be applied to online schools and report back to the relevant committees of the legislature by November 1, 2016.

NEW SECTION. Sec. 12. (1) The educational opportunity gap oversight and accountability committee shall conduct a review and make recommendations to the appropriate committees of the legislature with respect to:

(a) The cultural competence training that therapeutic truancy board members, as well as others involved in the truancy process, should receive;

(b) Best practices for supporting and facilitating parent and community involvement and outreach; and

(c) The cultural relevance of the assessments employed to identify barriers to attendance and the treatments and tools provided to children and their families.

(2) By June 30, 2017, a preliminary review shall be completed and preliminary recommendations provided. The review shall be completed, and a report and final recommendations provided, by December 1, 2017.

(3) For the purposes of this section, "cultural competence" includes knowledge of children's cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction and treatment to children's experiences and identifying cultural contexts for individual children.

(4) This section expires July 1, 2018.

NEW SECTION. Sec. 13. A new section is added to chapter 28A.225 RCW to read as follows:

(1) The Washington state institute for public policy shall conduct a study of local practices that address truancy. The study must include:

(a) A systematic review of the research literature on the effectiveness of the various practices in reducing absenteeism, fostering school engagement, improving academic performance and achievement, increasing graduation rates, and decreasing dropout rates; and

(b) An outcome evaluation of the impact on the outcomes listed in (a) of this subsection from local practices including, but not limited to, therapeutic truancy boards under RCW 28A.225.025 and section 6 of this act.

(2) In conducting its analysis, the Washington state institute for public policy may consult with employees and access data systems of the office of the superintendent of public instruction, any educational service district or school district, and the administrative office of the courts, each of which shall provide the Washington state institute for public policy with access to necessary data and administrative systems.

(3) The Washington state institute for public policy shall report the findings of the study under subsection (1)(a) of this section to the appropriate committees of the legislature by December 1, 2017, and the findings of the evaluation under subsection (1)(b) of this section by December 1, 2022.

(4) This section expires August 1, 2023.

NEW SECTION. Sec. 14. A new section is added to chapter 2.56 RCW to read as follows:

To accurately track the extent to which courts order youth into a secure detention facility in Washington state for the violation of a court order related to a truancy, at-risk youth, or a child in need of services petition, all juvenile courts shall transmit youth-level secure detention data to the administrative office of the courts. Data may either be entered into the statewide management information system for juvenile courts or securely transmitted to the administrative office of the courts at least monthly. Juvenile courts shall provide, at a minimum, the name and date of birth for the youth, the court case number assigned to the petition, the reasons for admission to the juvenile detention facility, the date of admission, the date of exit, and the time the youth spent in secure confinement. Courts are also encouraged to report individual-level data reflecting whether a detention alternative, such as electronic monitoring, was used, and the time spent in detention alternatives. The administrative office of the courts and the juvenile court administrators must work to develop uniform data standards for detention. The administrative office of the courts shall deliver an annual statewide report to the legislature that details the number of Washington youth who are placed into detention facilities during the preceding calendar year. The first report shall be delivered by March 1, 2017, and shall detail the most serious reason for detention and youth gender, race, and ethnicity. The report must have a specific emphasis on youth who are detained for reasons relating to a truancy, at-risk youth, or a child in need of services petition.

E2SSB 6534 Prime Sponsor, Committee on Ways & Means: Establishing a maternal mortality review panel. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.54 RCW to read as follows:

(1) For the purposes of this section, "maternal mortality" or "maternal death" means a death of a woman while pregnant or within one year of delivering or following the end of a pregnancy, whether or not the woman's death is related to or aggravated by the pregnancy.

(2) A maternal mortality review panel is established to conduct comprehensive, multidisciplinary reviews of maternal deaths in Washington to identify factors associated with the deaths and make recommendations for system changes to improve health care services for

women in this state. The members of the panel must be appointed by the secretary of the department of health, must serve without compensation, and may include:

(a) An obstetrician;

(b) A physician specializing in maternal fetal medicine;

(c) A neonatologist;

(d) A midwife with licensure in the state of Washington;

(e) A representative from the department of health who works in the field of maternal and child health;

(f) A department of health epidemiologist with experience analyzing perinatal data;

(g) A pathologist; and

(h) A representative of the community mental health centers.

(3) The maternal mortality review panel must conduct comprehensive, multidisciplinary reviews of maternal mortality in Washington. The panel may not call witnesses or take testimony from any individual involved in the investigation of a maternal death or enforce any public health standard or criminal law or otherwise participate in any legal proceeding relating to a maternal death.

(4)(a) Information, documents, proceedings, records, and opinions created, collected, or maintained by the maternity mortality review panel or the department of health in support of the maternal mortality review panel are confidential and are not subject to public inspection or copying under chapter 42.56 RCW and are not subject to discovery or introduction into evidence in any civil or criminal action.

(b) Any person who was in attendance at a meeting of the maternal mortality review panel or who participated in the creation, collection, or maintenance of the panel's information, documents, proceedings, records, or opinions may not be permitted or required to testify in any civil or criminal action as to the content of such proceedings, or the panel's information, documents, records, or opinions. This subsection does not prevent a member of the panel from testifying in a civil or criminal action concerning facts which form the basis for the panel's proceedings of which the panel member had personal knowledge acquired independently of the panel or which is public information.

(c) Any person who, in substantial good faith, participates as a member of the maternal mortality review panel or provides information to further the purposes of the maternal mortality review panel may not be subject to an action for civil damages or other relief as a result of the activity or its consequences.

(d) All meetings, proceedings, and deliberations of the maternal mortality review panel may, at the discretion of the maternal mortality review panel, be confidential and may be conducted in executive session.

(e) The maternal mortality review panel and the secretary of the department of health may retain identifiable information regarding facilities where maternal deaths, or from which the patient was transferred, occur and geographic information on each case solely for the purposes of trending and analysis over time. All individually identifiable information must be removed before any case review by the panel.

(5) The department of health shall review department available data to identify maternal deaths. To aid in determining whether a maternal death was related to or aggravated by the pregnancy, and whether it was preventable, the department of health has the authority to:

(a) Request and receive data for specific maternal deaths including, but not limited to, all medical records, autopsy reports, medical examiner reports, coroner reports, and social service records; and

(b) Request and receive data as described in (a) of this subsection from health care providers, health care facilities, clinics, laboratories, medical examiners, coroners, professions and facilities licensed by the department of health, local health jurisdictions, the health care authority and its licensees and providers, and the department of social and health services and its licensees and providers.

(6) Upon request by the department of health, health care providers, health care facilities, clinics, laboratories, medical examiners, coroners, professions and facilities licensed by the department of health, local health jurisdictions, the health care authority and its licensees and providers, and the department of social and health services and its licensees and providers must provide all medical records, autopsy reports, medical examiner reports, coroner reports, social services records, information and records related to sexually transmitted diseases, and other data requested for specific maternal deaths as provided for in subsection (5) of this section to the department.

(7) By July 1, 2017, and biennially thereafter, the maternal mortality review panel must submit a report to the secretary of the department of health and the health care committees of the senate and house of representatives. The report must protect the confidentiality of all decedents and other participants involved in any incident. The report must be distributed to relevant stakeholder groups for performance improvement. Interim results may be shared at the Washington state hospital association coordinated quality improvement program. The report must include the following:

(a) A description of the maternal deaths reviewed by the panel during the preceding twenty-four months, including statistics and causes of maternal deaths presented in the aggregate, but the report must not disclose any identifying information of patients, decedents, providers, and organizations involved; and

(b) Evidence-based system changes and possible legislation to improve maternal outcomes and reduce preventable maternal deaths in Washington.

Sec. 2. RCW 42.56.360 and 2014 c 223 s 17 are each amended to read as follows:

(1) The following health care information is exempt from disclosure under this chapter:

(a) Information obtained by the pharmacy quality assurance commission as provided in RCW 69.45.090;

(d)(i) Proprietary financial and commercial information that the submitting entity, with review by the department of health, specifically identifies at the time it is submitted and that is provided to or obtained by the department of health in connection with an application for, or the supervision of, an antitrust exemption sought by the submitting entity under RCW 43.72.310;

(ii) If a request for such information is received, the submitting entity must be notified of the request. Within ten business days of receipt of the notice, the submitting entity shall provide a written statement of the continuing need for confidentiality, which shall be provided to the requester. Upon receipt of such notice, the department of health shall continue to treat information designated under this subsection (1)(d) as exempt from disclosure;

(iii) If the requester initiates an action to compel disclosure under this chapter, the submitting entity must be joined as a party to demonstrate the continuing need for confidentiality;

(j) All documents, including completed forms, received pursuant to a wellness program under RCW 41.04.362, but not statistical reports that do not identify an individual; and

(k) Data and information exempt from disclosure under RCW 43.371.040.

(2) Chapter 70.02 RCW applies to public inspection and copying of health care information of patients.

(3)(a) Documents related to infant mortality reviews conducted pursuant to RCW 70.05.170 are exempt from disclosure as provided for in RCW 70.05.170(3).

(b)(i) If an agency provides copies of public records to another agency that are exempt from public disclosure under this subsection (3), those records remain exempt to the same extent the records were exempt in the possession of the originating entity.

(ii) For notice purposes only, agencies providing exempt records under this subsection (3) to other agencies may

mark any exempt records as "exempt" so that the receiving agency is aware of the exemption, however whether or not a record is marked exempt does not affect whether the record is actually exempt from disclosure.

(4) Information and documents related to maternal mortality reviews conducted pursuant to section 1 of this act are confidential and exempt from public inspection and copying.

SSB 6558 Prime Sponsor, Committee on Health Care: Allowing a hospital pharmacy license to include individual practitioner offices and multipractitioner clinics owned and operated by a hospital and ensuring such offices and clinics are inspected according to the level of service provided. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 18.64 RCW to read as follows:

The intent of this legislation is to make clear the legislature's directive to the commission to allow hospital pharmacy licenses to include individual practitioner offices and multipractitioner clinics owned, operated, or under common control with a hospital and that such offices and clinics are regulated, inspected, and

investigated according to the level of service provided. While legislation providing for such a system was enacted in 2015, it has yet to be implemented. The legislature wishes to specify a clear timeline for implementation.

Sec. 2. RCW 18.64.043 and 2015 c 234 s 4 are each amended to read as follows:

(1) The owner of each pharmacy shall pay an original license fee to be determined by the secretary, and annually thereafter, on or before a date to be determined by the secretary, a fee to be determined by the secretary, for which he or she shall receive a license of location, which shall entitle the owner to operate such pharmacy at the location specified, or such other temporary location as the secretary may approve, for the period ending on a date to be determined by the secretary as provided in RCW 43.70.250 and 43.70.280, and each such owner shall at the time of filing proof of payment of such fee as provided in RCW 18.64.045 as now or hereafter amended, file with the ((department)) commission on a blank therefor provided, a declaration of ownership and location, which declaration of ownership and location so filed as aforesaid shall be deemed presumptive evidence of ownership of the pharmacy mentioned therein.

(2)(a) For a hospital licensed under chapter 70.41 RCW, the license of location provided under this section may include any individual practitioner's office or multipractitioner clinic owned ((and)), operated ((by)), or under common control with a hospital, and identified by the hospital on the pharmacy application or renewal. ((A hospital that elects to include one or more offices or clinics under this subsection on its pharmacy application must maintain the office or clinic under its pharmacy license through at least one pharmacy inspection or twenty-four months. However, the department may, in its discretion, allow a change in licensure at an earlier time.)) The definition of "hospital" under RCW 70.41.020 to exclude "clinics, or physician's offices where patients are not regularly kept as bed patients for twenty-four hours or more," does not limit the ability of a hospital to include individual practitioner's offices or multipractitioner clinics owned, operated, or under common control with a hospital on the pharmacy application or renewal or otherwise prevent the implementation of this act. A hospital that elects to include one or more offices or clinics under this subsection on its hospital pharmacy application shall describe the type of services relevant to the practice of pharmacy provided at each such office or clinic as requested by the commission. Any updates to the application, renewal, or related forms that are necessary to accomplish the provision of this licensure option must be made no later than ninety days after the effective date of this section. Nothing in this section limits the ability of a hospital to transfer drugs to another location consistent with federal laws and RCW 70.41.490, regardless of whether or not an election has been made with respect to adding the receiving location to the hospital's pharmacy license under this section.

(b) This chapter must be interpreted in a manner that supports regulatory, inspection, and investigation

standards that are reasonable and appropriate based on the level of risk and the type of services provided in a pharmacy, including pharmacy services provided in a hospital and pharmacy services provided in an individual practitioner office or multipractitioner clinic owned, operated, or under common control with a hospital regardless of the office or clinic's physical address. The commission shall provide clear and specific information regarding the standards to which particular pharmacy services will be held, as appropriate, based on the type of pharmacy service provided at a particular location.

(c) The secretary may adopt rules to establish an additional reasonable fee for any such office or clinic.

((2)) (3) It shall be the duty of the owner to immediately notify the ((department)) commission of any change of location ((or)), ownership, or licensure and to keep the license of location or the renewal thereof properly exhibited in said pharmacy.

((3)) (4) Failure to comply with this section shall be deemed a misdemeanor, and each day that said failure continues shall be deemed a separate offense.

((4)) (5) In the event such license fee remains unpaid on the date due, no renewal or new license shall be issued except upon compliance with administrative procedures, administrative requirements, and fees determined as provided in RCW 43.70.250 and 43.70.280.

(6) If the commission determines that rules are necessary for the immediate implementation of the inspection standards described in this section, it must adopt rules under the emergency rule-making process in RCW 34.05.350, with such emergency rules effective not later than ninety days after the effective date of this section. The commission shall then begin the process to adopt any necessary permanent rules in accordance with chapter 34.05 RCW. The commission shall ensure that during the transition to the permanent rules adopted under this section, an emergency rule remains in effect without a break between the original emergency rule and any subsequent emergency rules that may be necessary. The commission shall ensure that during the transition to permanent rules there is no interruption in provision of the licensure option described under this section."

E2SSB 6564 Prime Sponsor, Committee on Ways & Means: Providing protections for persons with developmental disabilities. Reported by Committee on Early Learning & Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that the prevalence of the abuse and neglect of individuals with developmental disabilities has become an issue that negatively affects the health and well-being of such individuals. In order to address this issue, the state seeks to increase visitation of clients who are classified at the highest risk of abuse and neglect based on the assessment of risk factors by developmental disabilities administration case managers, and to create an independent office of the developmental disabilities ombuds to monitor and report on services to persons with developmental disabilities.

NEW SECTION. Sec. 2. A new section is added to chapter 71A.12 RCW to read as follows:

At every developmental disabilities administration annual assessment, the case manager is required to meet with the client in an in-person setting. If the client is receiving personal care services or supported living services, the case manager must ask permission to view the client's living quarters and note his or her observations in the service episode record. If the case manager is unable to view the client's living quarters for any reason, the case manager must note this in his or her report along with the reason given for why this is not practicable at the current time.

NEW SECTION. Sec. 3. A new section is added to chapter 71A.12 RCW to read as follows:

(1) Within funds appropriated for this purpose, the developmental disabilities administration shall increase home visits for clients identified as having the highest risk of abuse and neglect.

(2)(a) The developmental disabilities administration must develop a process to determine which of its clients who receive an annual developmental disabilities assessment are at highest risk of abuse or neglect. The administration may consider factors such as:

(i) Whether the client lives with the client's caregiver and receives no other developmental disabilities administration services, or whether the client is largely or entirely dependent on a sole caregiver for assistance, and the caregiver is largely or entirely dependent on the client for his or her income;

(ii) Whether the client has limited ability to supervise the caregiver, to express himself or herself verbally, has few community contacts, or no independent person outside the home is identified to assist the client;

(iii) Whether the client has experienced a destabilizing event such as hospitalization, arrest, or victimization;

(iv) Whether the client has been the subject of an adult protective services or child protective services referral in the past year; or

(v) Whether the client lives in an environment that jeopardizes personal safety.

(b) The developmental disabilities administration must visit those clients identified as having the highest risk of abuse or neglect at least once every four months, including unannounced visits as needed. This unannounced visit may replace a scheduled visit; however if the case manager is unable to meet with the

client, a follow-up visit must be scheduled. A client may refuse to allow an unannounced visit to take place, but this fact must be noted.

(3) The developmental disabilities administration may develop rules to implement this section.

Sec. 4. RCW 74.34.300 and 2008 c 146 s 10 are each amended to read as follows:

(1) The department ((may)) shall conduct a vulnerable adult fatality review in the event of a death of a vulnerable adult when the department has reason to believe that the death of the vulnerable adult may be related to the abuse, abandonment, exploitation, or neglect of the vulnerable adult, or may be related to the vulnerable adult's self-neglect, and the vulnerable adult was:

(a) Receiving home and community-based services in his or her own home or licensed or certified settings, described under chapters 74.39 ((and)), 74.39A, 18.20, 70.128, and 71A.12 RCW, within sixty days preceding his or her death; or

(b) Living in his or her own home or licensed or certified settings described under chapters 74.39, 74.39A, 18.20, 70.128, and 71A.12 RCW and was the subject of a report under this chapter received by the department within twelve months preceding his or her death.

(2) When conducting a vulnerable adult fatality review of a person who had been receiving hospice care services before the person's death, the review shall provide particular consideration to the similarities between the signs and symptoms of abuse and those of many patients receiving hospice care services.

((The court shall consider whether the offender and the community will benefit from a deferred disposition before deferring the disposition.)) The court may waive the fourteen-day period anytime before the commencement of trial for good cause.

(3) If a juvenile offender is charged with animal cruelty in the first degree, the juvenile court may deny granting a deferred disposition to the juvenile, even if the juvenile otherwise may qualify for a deferred disposition. The judge shall consider whether the community will benefit from granting a deferred disposition to the juvenile offender.

The court may require the juvenile to undergo a mental health or substance abuse assessment, or both. ((10)) (11)(a)(i) Any time the court vacates a conviction pursuant to subsection ((9)) (10) of this section, if the juvenile is eighteen years of age or older and the full amount of restitution owing to the individual victim named in the restitution order, excluding restitution owed to any insurance provider authorized under Title 48 RCW has been paid, the court shall enter a written order sealing the case.

(ii) Any time the court vacates a conviction pursuant to subsection ((9)) (10) of this section, if the juvenile is not eighteen years of age or older and full restitution ordered has been paid, the court shall schedule an administrative sealing hearing to take place no later than thirty days after the respondent's eighteenth birthday, at which time the court shall enter a written order sealing the case. (iii) Any deferred disposition vacated prior to June 7, 2012, is not subject to sealing under this subsection.

(b) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-fact-finding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges

can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4)(a) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(i) Under RCW 9.41.047; and/or

(ii)(A) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(B) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(b) An individual may petition a court of record to have his or her right to possess a firearm restored under (a) of this subsection (4) only at:

(i) The court of record that ordered the petitioner's prohibition on possession of a firearm; or

(ii) The superior court in the county in which the petitioner resides.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265, unless the offense is the juvenile's first

offense in violation of this section and has not committed an offense while armed with a firearm, an unlawful possession of a firearm offense, or an offense in violation of chapter 66.44, 69.52, 69.41, or 69.50 RCW.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

(8) For purposes of this section, "intimate partner" includes: A spouse, a domestic partner, a former spouse, a former domestic partner, a person with whom the restrained person has a child in common, or a person with whom the restrained person has cohabitated or is cohabitating as part of a dating relationship.

(c) Each offense for which the department receives notice shall result in a separate period of revocation. All periods of revocation imposed under this section that could otherwise overlap shall run consecutively up to the juvenile's twenty-first birthday, and no period of revocation imposed under this section shall begin before the expiration of all other periods of revocation imposed under this section or other law. Periods of revocation imposed consecutively under this section shall not extend beyond the juvenile's twenty-first birthday.

(3)(a) If the department receives notice from a court that the juvenile's privilege to drive should be reinstated, the department shall immediately reinstate any driving privileges that have been revoked under this section if

(b) The juvenile may seek reinstatement of his or her driving privileges from the department when the juvenile reaches the age of twenty-one. A notice from the court reinstating the juvenile's driving privilege shall not be required if reinstatement is pursuant to this subsection.

((4)(a) If the department receives notice pursuant to RCW 13.40.265(2)(b) from a diversion unit that a juvenile has completed a diversion agreement for which the juvenile's driving privileges were revoked, the department shall reinstate any driving privileges revoked under this section as provided in (b) of this subsection, subject to subsection (2)(c) of this section.

(b) If the diversion agreement was for the juvenile's first violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the department shall not reinstate the juvenile's privilege to drive until the later of ninety days after the date the juvenile turns sixteen or ninety days after the juvenile entered into a diversion agreement for the offense. If the diversion agreement was for the juvenile's second or subsequent violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the department shall not reinstate the juvenile's privilege to drive until the later of the date the juvenile turns seventeen or one year after the juvenile entered into the second or subsequent diversion agreement.))

 Establishing an economic gardening pilot program. Reported by Committee on General Government & Information Technology

MAJORITY recommendation: Do pass as amended by Committee on General Government & Information Technology and without amendment by Committee on Technology & Economic Development.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 538.** (1) The legislature finds that:

(a) Washington's unemployment rate during the recent recession created economic and social hardships for the people of the state;

(b) Local start-up companies and small businesses are likely, as they grow, to remain in their communities of origin, thereby creating local jobs and an economic multiplier effect with their payrolls and taxes while providing local economic stimuli, which increases the local tax base;

(c) Statewide economic prosperity and job creation are advanced significantly by creating, promoting, and retaining local start-up companies and small businesses with high growth potential;

(d) Entrepreneurs and small business owners of second-stage companies, which are those companies that are beyond the start-up stage but have not yet fully matured, with innovative products or services that satisfy market needs, have particular potential for expansion and job creation;

(e) Such entrepreneurs and owners can benefit from specialized business assistance to refine core strategies and from access to in-depth market research, competitor analyses, geographic information systems, search engine optimization, and other strategic information, as well as from relationships with mentors and advisers;

(f) The aspects of economic gardening that incorporate these principles have proven successful in improving the entrepreneurial process and promoting economically sustainable local businesses; and

(g) It is important to the overall health and growth of the state's economy to promote favorable conditions for those expanding Washington businesses that demonstrate the ability to grow.

(2) In recognition of the foregoing findings and principles, it is the intent of the legislature to create a Washington economic gardening pilot project in the department of commerce.

**NEW SECTION. Sec. 539.** A new section is added to chapter 43.31 RCW to read as follows:

(1) There is hereby created within the department the economic gardening pilot project. The purpose of the pilot project is to stimulate Washington's economy and create good-paying, sustainable jobs by providing

economic gardening strategic assistance services to second-stage companies in accordance with this section.

(2) The department must oversee and direct all resources for the execution of the pilot project. The department must work with chambers of commerce, associate development organizations, and other economic development organizations to implement the pilot project. The pilot project includes developing the processes for qualifying and selecting second-stage companies, identifying training components for economic development organizations implementing the pilot project, engaging private contractors as necessary to obtain strategic assistance from nationally recognized industry experts, and providing economic gardening strategic assistance to companies participating in the pilot project.

(3)(a) On or before January 1, 2017, the department must initiate a program to provide or obtain all necessary credentials for high-impact strategic assistance for the economic development organizations participating in the pilot project.

(b) Economic development organizations participating in the pilot project must be certified in economic gardening by an entity with relevant expertise in providing strategic assistance to second-stage companies.

(i) Prior to December 1, 2016, the department must issue a request for expression of interest in offering an economic gardening strategic assistance program. The department must compile a list of interested parties identified through the request for expression of interest process.

(ii) By December 1, 2016, the department must provide the list to the legislature. The department must select from the list of interested parties the entity it deems best able to deliver the training and strategic assistance services to second-stage companies described in this section and achieve the deliverables identified in subsection (6) of this section.

(c) The department or economic development organizations participating in the pilot project may, as necessary, contract with national specialists in the industries of the second-stage companies selected for the pilot program.

(d) The department must use the existing infrastructure of economic development organizations in the state to promote the pilot project to second-stage companies and to those clients and referrals that show growth potential in jobs, sales, or export potential.

(4)(a) On or before January 1, 2017, the department and participating economic development organizations must publish criteria for a second-stage company to be selected to participate in the pilot project. The criteria must include job growth potential, sustainability, export potential, and a workforce comprised of at least fifty percent Washington residents. Application criteria must also include requirements for data collection, as specified by the department, to show the impacts of services provided through the pilot project. The department and participating economic development organizations must utilize existing strategic infrastructure and consult with local and regional economic development partners, such as chambers of commerce, associate development organizations, and other local or regional economic

development entities, to identify eligible second-stage companies.

(b) In order to participate in the pilot project, a company selected for participation must pay a one-time fee of seven hundred fifty dollars, which moneys must be deposited into the economic gardening pilot project fund, created in subsection (5) of this section, for reinvestment in the pilot project.

(c) On or before March 1, 2017, the department and participating economic development organizations must select a minimum of twenty companies to participate in the pilot project.

(d) The department must oversee staff members certified pursuant to subsection (3)(b) of this section and private contractors selected pursuant to subsection (3)(c) of this section to deploy strategic assistance to all pilot project participants. The department and participating economic development organizations must acquire any tools necessary to provide the strategic assistance, including database licenses, permits, and economic gardening certification.

(e) A participating company has twelve months from the date that the department and participating economic development organizations select the company to participate in the pilot project to use the strategic assistance and other economic gardening services offered pursuant to the pilot project.

(5) There is hereby created in the state treasury the economic gardening pilot project fund, to be administered by the department. The fund consists of all fees received under subsection (4)(b) of this section and any moneys appropriated by the legislature for the purposes of this section. The legislature must make annual appropriations of the moneys in the fund to the department for administering the pilot project. Any moneys in the fund not appropriated must remain in the fund and may not be transferred or revert to the general fund at the end of any fiscal year.

(6) On or before November 1, 2017, and on or before November 1st each year thereafter through November 1, 2019, and in compliance with RCW 43.01.036 the department must submit a report to the economic development and workforce development committees of the legislature. The report must include, at a minimum:

SB 6180 Prime Sponsor, Senator King: Creating a disadvantaged business enterprise advisory committee within the transportation commission. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 549.** The legislature recognizes the importance of supporting the development of and providing opportunities for disadvantaged business enterprises in state contracting with the Washington state department of transportation. With the recent passage of an historic sixteen-year investment in the state's transportation system creating new opportunities for minority contracting, it is critical that existing programs and processes at the department of transportation are strengthened and better positioned to ensure greater participation among disadvantaged business enterprises. Many of these business enterprises have historically experienced discrimination in the contracting process and are justly worried about whether these new projects will bring about an equal share of prosperity. The legislature finds that the department of transportation could improve its efforts to engage disadvantaged business enterprises in a manner that would increase trust in the contracting community. As such, it is the intent of the legislature to create a disadvantaged business enterprise advisory committee that will provide leadership in advancing opportunities for minority and disadvantaged contractors in state transportation projects, and provide recommendations for improvements to the legislature. **"NEW SECTION. Sec. 561.** (1) This section is the tax preference performance statement for the tax preference contained in this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals, as indicated in RCW 82.32.808(2)(e).

(3) It is the legislature's specific public policy objective to encourage and expand the ability of nonprofit low-income housing developers to provide homeownership opportunities for low-income households. It is the legislature's intent to exempt from taxation real property owned by a nonprofit entity for the purpose of building residences to be sold to low-income households in order to enhance the ability of nonprofit low-income housing developers to purchase and hold land for future affordable housing development.

(4)(a) To measure the effectiveness of the tax preference provided in section 2 of this act in achieving the specific public policy objectives described in subsection (3) of this section, the joint legislative audit and review committee must evaluate, two years prior to the expiration of the tax preference: (i) The annual growth in the percentage of revenues dedicated to the development of affordable housing, for each nonprofit claiming the preference, for the period that the preference has been claimed; and (ii) the annual changes in both the total number of parcels qualifying for the exemption and the total number of parcels for which owner occupancy notifications have been submitted to the department of revenue, from the effective date of this section through the most recent year of available data prior to the committee's review.

(b) If the review by the joint legislative audit and review committee finds that for most of the nonprofits

claiming the exemption, program spending, program expenses, or another ratio representing the percentage of the nonprofit entity's revenues dedicated to the development of affordable housing has increased for the period during which the exemption was claimed, then the legislature intends to extend the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to:

(a) Initial applications and annual renewal declarations for the preference as approved by the department of revenue under RCW 84.36.815;

(b) Owner occupancy notices reported to the department of revenue under section 2 of this act;

(c) Annual financial statements for a nonprofit entity claiming this tax preference, as defined in section 2 of this act, and provided by nonprofit entities claiming this preference; and

(b) The end of the seventh consecutive property tax year for which the property is granted an exemption under this section or, if the nonprofit entity has claimed an extension under subsection (3) of this section, the end of the tenth consecutive property tax year for which the property is granted an exemption under this section; or

(c) The property is no longer held for the purpose for which the exemption was granted.

(3) If the nonprofit entity believes that title to the real property will not be transferred by the end of the sixth consecutive property tax year, the nonprofit entity may claim a three-year extension of the exemption period by:

(a) Filing a notice of extension with the department on or before March 31st of the sixth consecutive property tax year; and

(b) Providing a filing fee equal to the greater of two hundred dollars or one-tenth of one percent of the real market value of the property as of the most recent assessment date with the notice of extension. The filing fee must be deposited into the state general fund.

(4)(a) If the nonprofit entity has not transferred title to the real property to a low-income household within the applicable period described in subsection (2) of this section, or if the nonprofit entity has converted the property to a purpose other than the purpose for which the exemption was granted, the property is disqualified from the exemption.

(b) Upon disqualification, the county treasurer must collect an additional tax equal to all taxes that would have

been paid on the property but for the existence of the exemption, plus interest at the same rate and computed in the same way as that upon delinquent property taxes.

(c) The additional tax must be distributed by the county treasurer in the same manner in which current property taxes applicable to the subject property are distributed. The additional taxes and interest are due in full thirty days following the date on which the treasurer's statement of additional tax due is issued.

(d) The additional tax and interest is a lien on the property. The lien for additional tax and interest has priority to and must be fully paid and satisfied before any recognition, mortgage, judgment, debt, obligation, or responsibility to or with which the property may become charged or liable. If a nonprofit entity sells or transfers real property subject to a lien for additional taxes under this subsection, such unpaid additional taxes must be paid by the nonprofit entity at the time of sale or transfer. The county auditor may not accept an instrument of conveyance unless the additional tax has been paid. The nonprofit entity or the new owner may appeal the assessed values upon which the additional tax is based to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(5) Nonprofit entities receiving an exemption under this section must immediately notify the department when the exempt real property becomes occupied. The notice of occupancy made to the department must include a certification by the nonprofit entity that the occupants are a low-income household and a date when the title to the real property was or is anticipated to be transferred. The department of revenue must make the notices of occupancy available to the joint legislative audit and review committee, upon request by the committee, in order for the committee to complete its review of the tax preference in this section.

(6) Upon cessation of the exemption, the value of new construction and improvements to the property, not previously considered as new construction, must be considered as new construction for purposes of calculating levies under chapter 84.55 RCW.

(7) Nonprofit entities receiving an exemption under this section must provide annual financial statements to the joint legislative audit and review committee, upon request by the committee, for the years that the exemption has been claimed. The nonprofit entity must identify the line or lines on the financial statements that comprise the percentage of revenues dedicated to the development of affordable housing.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Financial statements" means an audited annual financial statement and a completed United States treasury internal revenue service return form 990 for organizations exempt from income tax.

(b) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is less than eighty percent of the median family income, adjusted for family size as most recently determined by the federal department of housing and urban

development for the county in which the property is located.

(c) "Nonprofit entity" means a nonprofit as defined in RCW 84.36.800 that is exempt from federal income taxation under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended.

(d) "Residence" means a single-family dwelling unit whether such unit be separate or part of a multiunit dwelling, including the land on which such dwelling stands.

**Sec. 563.** RCW 84.36.805 and 2014 c 99 s 13 are each amended to read as follows:

(1) In order to qualify for an exemption under this chapter, the nonprofit organizations, associations, or corporations must satisfy the conditions in this section.

(2) The property must be used exclusively for the actual operation of the activity for which exemption is granted, unless otherwise provided, and does not exceed an amount reasonably necessary for that purpose.

Notwithstanding anything to the contrary in this section:

(a) The loan or rental of the property does not subject the property to tax if:

(i) The rents and donations received for the use of the portion of the property are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented; and

(ii) Except for the exemptions under RCW 84.36.030(4), 84.36.037, 84.36.050, and 84.36.060(1) (a) and (b), the property would be exempt from tax if owned by the organization to which it is loaned or rented;

(b) The use of the property for fund-raising events does not subject the property to tax if the fund-raising events are consistent with the purposes for which the exemption is granted or are conducted by a nonprofit organization. If the property is loaned or rented to conduct a fund-raising event, the requirements of (a) of this subsection (2) apply;

(c) An inadvertent use of the property in a manner inconsistent with the purpose for which exemption is granted does not subject the property to tax, if the inadvertent use is not part of a pattern of use. A pattern of use is presumed when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years.

(3) The facilities and services must be available to all regardless of race, color, national origin or ancestry.

(4) The organization, association, or corporation must be duly licensed or certified where such licensing or certification is required by law or regulation.

(5) Property sold to organizations, associations, or corporations with an option to be repurchased by the seller does not qualify for exempt status. This subsection does not apply to property sold to a nonprofit entity, as defined in RCW 84.36.560(7), by:

(a) A nonprofit as defined in RCW 84.36.800 that is exempt from income tax under 26 U.S.C. Sec. 501(c) of the federal internal revenue code;

(b) A governmental entity established under RCW 35.21.660, 35.21.670, or 35.21.730;

(c) A housing authority created under RCW 35.82.030;

(d) A housing authority meeting the definition in RCW 35.82.210(2)(a); or

(e) A housing authority established under RCW 35.82.300.

(6) The department must have access to its books in order to determine whether the nonprofit organization, association, or corporation is exempt from taxes under this chapter.

(7) This section does not apply to exemptions granted under RCW 84.36.020, 84.36.032, 84.36.250, section 2 of this act, and 84.36.480(2).

(8)(a) The use of property exempt under this chapter, other than as specifically authorized by this chapter, nullifies the exemption otherwise available for the property for the assessment year. However, the exemption is not nullified by the use of the property by any individual, group, or entity, where such use is not otherwise authorized by this chapter, for not more than fifty days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than fifteen of the fifty days in each calendar year. The fifty and fifteen-day limitations provided in this subsection (8)(a) do not include days during which setup and takedown activities take place immediately preceding or following a meeting or other event by an individual, group, or entity using the property as provided in this subsection (8)(a).

(b) If uses of the exempt property exceed the fifty and fifteen-day limitations provided in (a) of this subsection (8) during an assessment year, the exemption is removed for the affected portion of the property for that assessment year.

**Sec. 564.** RCW 84.36.815 and 2007 c 111 s 301 are each amended to read as follows:

(1) In order to qualify for exempt status for any real or personal property under this chapter except personal property under RCW 84.36.600, all foreign national governments; cemeteries; nongovernmental nonprofit corporations, organizations, and associations; hospitals owned and operated by a public hospital district for purposes of exemption under RCW 84.36.040(2); and soil and water conservation districts (~~shall~~) must file an initial application on or before March 31st with the state department of revenue. However, the initial application deadline for the exemption provided in section 2 of this act is July 1st for 2016 and March 31st for 2017 and thereafter. All applications (~~shall~~) must be filed on forms prescribed by the department and (~~shall~~) must be signed by an authorized agent of the applicant.

(2) In order to requalify for exempt status, all applicants except nonprofit cemeteries (~~shall~~) and nonprofits receiving the exemption under section 2 of this act must file an annual renewal declaration on or before March 31st each year. The renewal declaration (~~shall~~) must be on forms prescribed by the department of revenue and (~~shall~~) must contain a statement certifying the exempt status of the real or personal property owned by the exempt organization. This renewal declaration may be submitted electronically in a format provided or approved by the department. Information may also be required with the

renewal declaration to assist the department in determining whether the property tax exemption should continue.

(3) When an organization acquires real property qualified for exemption or converts real property to exempt status, the organization ~~((shall))~~ must file an initial application for the property within sixty days following the acquisition or conversion in accordance with all applicable provisions of subsection (1) of this section. If the application is filed after the expiration of the sixty-day period, a late filing penalty ~~((shall be))~~ is imposed under RCW 84.36.825.

(4) When organizations acquire real property qualified for exemption or convert real property to an exempt use, the property, upon approval of the application for exemption, is entitled to a property tax exemption for property taxes due and payable the following year. If the owner has paid taxes for the year following the year the property qualified for exemption, the owner is entitled to a refund of the amount paid on the property so acquired or converted.

(5) The department must share approved initial applications and annual renewal declarations for the tax preference provided in section 2 of this act with the joint legislative audit and review committee, upon request by the committee, in order for the committee to complete its review of the tax preference provided in section 2 of this act.

**Sec. 565.** RCW 84.36.820 and 2007 c 111 s 302 are each amended to read as follows:

On or before January 1st of each year, the department of revenue ~~((shall))~~ must notify the owners of record of property exempted from property taxation at their last known address about the obligation to file an annual renewal declaration for continued exemption. When a continued exemption is not approved, the department ~~((shall))~~ must notify the assessor of the county in which the property is located who, in turn, ~~((shall))~~ must remove the tax exemption from the property. The failure to file an annual renewal declaration for continued exemption and subsequent removal of the exemption ~~((shall))~~ is not ~~((be))~~ subject to review as provided in RCW 84.36.850. The department of revenue ~~((shall))~~ must review applications received after the ~~((March 31st))~~ due date required under RCW 84.36.815, but these applications ~~((shall be))~~ are subject to late filing penalties provided in RCW 84.36.825.

**Sec. 566.** RCW 84.36.840 and 2007 c 111 s 305 are each amended to read as follows:

(1) In order to determine whether organizations, associations, corporations, or institutions, except those exempted under RCW 84.36.020, section 2 of this act, and 84.36.030, are exempt from property taxes, and before the exemption ~~((shall be))~~ is allowed for any year, the superintendent or manager or other proper officer of the organization, association, corporation, or institution claiming exemption from taxation ~~((shall))~~ must file with the department of revenue a statement certifying that the income and the receipts thereof, including donations to it, have been applied to the actual expenses of operating and

maintaining it, or for its capital expenditures, and to no other purpose. This report ~~((shall))~~ must also include a statement of the receipts and disbursements of the exempt organization, association, corporation, or institution.

(2) Educational institutions claiming exemption under RCW 84.36.050 ~~((shall))~~ must also file a list of all property claimed to be exempt, the purpose for which it is used, the revenue derived from it for the preceding year, the use to which the revenue was applied, the number of students who attended the school or college, the total revenues of the institution with the source from which they were derived, and the purposes to which the revenues were applied, listing the items of such revenues and expenditures in detail.

(3) The reports required under subsections (1) and (2) of this section may be submitted electronically, in a format provided or approved by the department, or mailed to the department. The reports ~~((shall))~~ must be submitted on or before March 31st of each year. The department ~~((shall))~~ must remove the tax exemption from the property of any organization, association, corporation, or institution that does not file the required report with the department on or before the due date. However, the department ~~((shall))~~ must allow a reasonable extension of time for filing upon receipt of a written request on or before the required filing date and for good cause shown therein.

**Sec. 567.** RCW 84.36.845 and 1973 2nd ex.s. c 40 s 15 are each amended to read as follows:

If subsequent to the time that the exemption of any property is initially approved or renewed, it ~~((shall be))~~ is determined that such exemption was approved or renewed as the result of inaccurate information provided by the authorized agent of the applicant, the exemption ~~((shall))~~ must be revoked and taxes ~~((shall))~~ must be levied against such property pursuant to the provisions of RCW 84.36.810 or section 2(4) of this act for exemptions granted under section 2 of this act.

**Sec. 568.** RCW 84.36.855 and 1973 2nd ex.s. c 40 s 17 are each amended to read as follows:

Except as otherwise provided by law, property ~~((which))~~ that changes from exempt to taxable status ~~((shall be))~~ is subject to the provisions of RCW 84.36.810 and 84.40.350 through 84.40.390, and the assessor ~~((shall))~~ must also place the property on the assessment roll for taxes due and payable in the following year.

~~((iii))~~ (v) Recommendations as part of a watershed plan or habitat conservation plan, or a coordinated regionwide prioritization effort, and for projects primarily intended to benefit salmon, limiting factors, or critical pathways analysis;

~~((iv))~~ (vi) Immediacy of threat to the site;

~~((v))~~ (vii) Uniqueness of the site;

~~((vi))~~ (viii) Diversity of species using the site;

~~((vii))~~ (ix) Quality of the habitat;

~~((ix))~~ (xi) Presence of endangered, threatened, or sensitive species;

~~((x))~~ (xii) Enhancement of existing public property;

~~((xi))~~ (xiii) Consistency with a local land use plan, or a regional or statewide recreational or resource plan, including projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130;

~~((xii))~~ (xiv) Educational and scientific value of the site;

~~((xiii))~~ (xv) Integration with recovery efforts for endangered, threatened, or sensitive species;

(i) Population of, and distance from, the nearest urban area;

(ii) Proximity to other wildlife habitat;

(iii) Potential for public use; and

(iv) Potential for use by special needs populations.

(c) For riparian protection proposals, the board must consider, at a minimum, the following criteria:

(i) Whether the project continues the conservation reserve enhancement program. Applications that extend the duration of leases of riparian areas that are currently enrolled in the conservation reserve enhancement program are eligible. These applications are eligible for a conservation lease extension of at least twenty-five years of duration;

(ii) Whether the projects are identified or recommended in a watershed plan, salmon recovery plan, or other local plans, such as habitat conservation plans, and these must be highly considered in the process;

(iii) Whether there is community support for the project;

(iv) Whether the proposal includes an ongoing stewardship program that includes control of noxious weeds, detrimental invasive species, and that identifies the source of the funds from which the stewardship program will be funded;

(v) Whether there is an immediate threat to the site;

(vi) Whether the quality of the habitat is improved or, for projects including restoration or enhancement, the potential for restoring quality habitat including linkage of the site to other high quality habitat;

The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;

(viii) Whether the site has educational or scientific value; and

(ix) Whether the site has passive recreational values for walking trails, wildlife viewing, the observation of natural settings, or other multiple benefits.

(d) Moneys appropriated for this chapter to riparian protection projects must be distributed for the acquisition or enhancement or restoration of riparian habitat. All enhancement or restoration projects, except those qualifying under (c)(i) of this subsection, must include the acquisition of a real property interest in order to be eligible.

(6) Before November 1st of each even-numbered year, the board shall recommend to the governor a prioritized list of all ~~((state agency and local))~~ projects to be funded under RCW 79A.15.040~~((1) (a), (b), and (c)))~~. The governor may remove projects from the list recommended by the board and shall submit this amended list in the capital budget request to the legislature. The list shall include, but not be limited to, a description of each project and any particular match requirement, and describe for each project any anticipated restrictions upon recreational activities allowed prior to the project.

**Sec. 576.** RCW 79A.15.070 and 2007 c 241 s 33 are each amended to read as follows:

(7) Before November 1st of each even-numbered year, the board shall recommend to the governor a prioritized list of all ~~((state agency and local))~~ projects to be funded under RCW 79A.15.050~~((1) (a), (b), (c), and (d)))~~. The governor may remove projects from the list recommended by the board and shall submit this amended list in the capital budget request to the legislature. The list shall include, but not be limited to, a description of each project and any particular match requirement, and describe for each project any anticipated restrictions upon recreational activities allowed prior to the project.

February 29, 2016  
2SSB 6239 Prime Sponsor, Committee on Ways & Means: Providing local governments with options to preserve affordable housing in their communities. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended by Committee on Finance and without amendment by Committee on Community Development, Housing & Tribal Affairs.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 582. The legislature finds that:

(1) Families, senior citizens, and workers with fewer financial resources are more likely to experience unhealthy and unsafe housing conditions;

(2) Healthy homes promote good physical and mental health. When adequate housing protects individuals and families from harmful exposures and provides them with a sense of privacy, security, stability, and control, it can make important contributions to health and well-being;

(3) Affordable housing is a necessary component of strong, thriving neighborhoods with healthy physical and social environments;

(4) Very low-income household renters should have the opportunity to live in homes in neighborhoods close to major infrastructure investments like transit, quality schools for children, and vital services like health care, grocery shopping, and employment;

(5) Community members with critical occupations, senior citizens, and families are struggling to afford rent around the state;

(6) Rising rents are causing the displacement of very low-income household renters and long-time community members, risking the loss of cultural communities;

(7) Nonprofit property owners require additional resources to make health, safety, and quality improvements to buildings without raising rents to pay for repairs; and

(8) Communities need a wide range of local tools to create healthy, affordable homes and address affordable housing needs.

**NEW SECTION. Sec. 583.** It is the purpose of this chapter to give communities a local option to preserve and increase healthy, high-quality affordable rental housing opportunities for very low-income households for which the governing authority has found that there are insufficient healthy affordable housing opportunities. It is also the purpose of this chapter to ensure that housing opportunities are affordable to renters at below-market rent levels, as determined by the governing authority, with consideration of community needs, market rental costs, and income levels of renters.

**NEW SECTION. Sec. 584.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Energy and water efficiency standards" means housing that meets standards substantially equivalent to evergreen sustainable development standards, as established by the Washington state department of commerce.

(2) "Governing authority" means the local legislative authority of a city or county having jurisdiction over the property for which an exemption may be applied under this chapter.

(3) "Health and quality standards" means standards substantially equivalent to uniform physical condition standards, as established by the United States department of housing and urban development, or the national healthy housing standard, as established by the national center for healthy housing and the American public health association. Governing authority may use a residential housing inspection program within the jurisdiction that has established the tax exemption, as long as the standards are substantially equivalent to uniform physical condition standards or the national healthy housing standard.

(4) "High-cost area" means a county where the third quarter median house price for the previous year as reported by the Runstad center for real estate studies at the University of Washington is equal to or greater than one hundred thirty percent of the statewide median house price published during the same time period.

(5) "Household" means a single person, family, or unrelated persons living together.

(6) "Low-income households" means a single person, family, or unrelated persons living together whose adjusted income is at or below sixty percent of the median family income adjusted for family size, for the county in which the project is located, as reported by the United States department of housing and urban development.

(7) "Multifamily dwelling" means a building consisting of more than one dwelling unit, as further defined by the governing authority.

(8) "Nonprofit" or "nonprofit entity" has the same meaning as provided for "nonprofit entity" in RCW 84.36.560(7).

(9) "Owner" means the property owner of record.

(10) "Permanent residential occupancy" means housing that provides rental occupancy on a nontransient basis. "Permanent residential occupancy" includes rental accommodation that is leased for a period of at least one month. "Permanent residential occupancy" excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(11) "Property" means a multifamily dwelling not designed as transient accommodations, and the land upon which the dwelling is located. "Property" excludes hotels or motels. "Property" may also include a single-family dwelling and the land upon which the dwelling is located if the governing authority adopts a program for such property as provided in section 9(1)(e) of this act.

(12) "Rehabilitation improvements" means modifications to existing property made to achieve substantial compliance with health and quality standards or energy and water efficiency standards.

(13) "Single-family dwelling unit" means an individual detached dwelling, as further defined by the governing authority.

(14) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median family income adjusted for family size, for the county in which the project is located, as reported by the United States department of housing and urban development. For cities located in high-cost areas, "very low-income household" means a household that has an income at or below sixty percent of the median family income adjusted for family size, for the county in which the project is located.

**NEW SECTION. Sec. 585.** A city governing authority may adopt a property tax exemption program to preserve affordable housing that meets health and quality standards for very low-income households at risk of displacement or that cannot afford market-rate housing. A county governing authority may adopt a property tax exemption program for unincorporated areas of the county to preserve affordable housing that meets health and quality standards for very low-income households at risk of displacement or that cannot afford market-rate housing.

**NEW SECTION. Sec. 586.** (1) Only properties owned by a nonprofit entity may qualify for a property tax exemption program under this chapter.

(2) Upon adoption of a property tax exemption program, the governing authority must establish standards for very low-income household rental housing under this chapter, including rent limits and income guidelines consistent with local housing needs, to assist very low-income households that cannot afford market-rate housing. Affordable housing units must be:

(a) Below market rent levels as determined by the governing authority; and

(b) Affordable to households with an income of fifty percent or less of the county median family income, adjusted for family size.

(3)(a) The governing authority, after holding a public hearing, may also establish lower income levels or lower rent levels adjusted to serve very low-income household renters in the community.

(b) The governing authority of a high-cost area, after holding a public hearing, may also establish higher income levels. The higher income level may not exceed sixty percent of the county area median family income, adjusted for family size.

(4) Rent levels for affordable housing units may not exceed thirty percent of the income limit for the very low-income housing unit, as established by the governing authority, and must include tenant-paid utilities other than telephone and any mandatory fees required as a condition of tenancy.

**NEW SECTION. Sec. 587.** (1) The value of residential real property qualifying under this chapter is exempt from ad valorem property taxation, except taxes levied by the state, for a period of fifteen successive years beginning January 1st of the calendar year immediately following the calendar year in which a certificate of tax exemption is filed with the county assessor in accordance with section 12 of this act.

(2) The governing authority may extend the duration of the exemption period by three years for properties meeting energy and water efficiency standards.

(3) The incentive provided under this chapter is in addition to any tax credits, grants, or other incentives provided by law.

(4) This chapter neither applies to increases in assessed valuation made by the assessor on nonqualifying portions of building or land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(5) The exemption does not apply to any county property tax unless the legislative authority of the county adopts a resolution and notifies the governing authority of the jurisdiction within the county that has established a tax exempt program of its intent to allow the property to be exempt.

(6) The governing authority must notify local taxing districts in the designated exemption area when a tax exemption program is established under this chapter.

**NEW SECTION. Sec. 588.** To be eligible for the exemption from property taxation under this chapter, in addition to other requirements set forth in this chapter, the property must be in compliance with the following applicable requirements for the entire exemption period:

(1) The property must be owned by a nonprofit entity;

(2)(a) A minimum of twenty-five percent of units in a multiple-unit property subject to tax exemption must be affordable as described in section 5 of this act. A governing authority may require more than twenty-five percent affordable units in multiple-unit housing buildings subject to tax exemption to address local market conditions. Affordable units must be comparable in terms of quality and living conditions to market rate units in the building.

(b) If a nonprofit entity acquires a property that meets the requirements under (a) of this subsection, and which also had within the previous twelve-month period at least an additional twenty-five percent of its units affordable to low-income households, then the property must continue to provide no less than the same number of additional units affordable to low-income households or very low-income households;

(3) At least ninety percent of the units of multiple-unit property must be occupied by tenants at the time of application;

(4) The property must be part of a residential or mixed-use (residential and nonresidential) project;

(5) The property must provide for a minimum of fifty percent of the space in each building for permanent residential occupancy;

(6) The property must meet guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, income limits for occupancy, limits on rents, health and quality standards, and other adopted requirements indicated as necessary by the governing authority. The required amenities should be relative to the size of the project and tax benefit to be obtained; and

(7) The nonprofit property owner must enter into a contract with the city or county approved by the governing authority, or an administrative official or commission authorized by the governing authority, under which the nonprofit property owner has agreed to terms and conditions satisfactory to the governing authority.

**NEW SECTION. Sec. 589.** (1) To be eligible for the exemption from taxation under this chapter, the property must also comply with all applicable land use regulations, zoning requirements, and building and housing code requirements, including space and occupancy, structural, mechanical, fire, safety, and security standards, and health and quality standards. The governing authority may establish additional standards to meet local needs.

(2)(a) The governing authority may waive certain health and quality standards for up to two years if the owner of the nonprofit property submits a rehabilitation plan to comply with health and quality standards. The nonprofit owner must notify the governing authority at the time of completion of rehabilitation. The waiver of certain health and quality standards only applies to rehabilitation

improvements specifically included in the rehabilitation plan.

(b) The governing authority must establish minimum health and quality standards for properties to qualify for a waiver under (a) of this subsection. The governing authority may not waive health and quality standards that endanger or impair the health and safety of any tenant.

(c) Nothing in this subsection may exempt or waive any obligations under federal, state, and local laws.

(3) The property must be inspected for compliance with subsections (1) and (2) of this section at the time of application for tax exemption and, thereafter, as established by the governing authority at least once every three years.

(4) If the governing authority grants a waiver of certain health and quality standards under subsection (2) of this section, the property must be inspected when the nonprofit owner notifies the governing authority that rehabilitation has been completed or at the end of the waiver period, whichever occurs first.

(5) The governing authority or its duly authorized representative may deny an application for tax exemption or revoke an existing exemption under this chapter for failure to comply with health and quality standards.

**NEW SECTION. Sec. 590.** (1) The governing authority may establish additional requirements for tax exemption eligibility or program rules under this chapter including, but not limited to:

(a) A limit on the total number of affordable housing units subject to exemption under this chapter;

(b) The designation of targeted residential areas for property to align with community needs, including to prevent displacement, preserve cultural communities, and provide affordable housing options near community infrastructure such as transportation or public schools;

(c) Standards for property size, unit size, unit type, mix of unit types, or mix of unit sizes;

(d) An exemption extension for property meeting minimum energy and water efficiency standards substantially equivalent to evergreen sustainable development building performance standards;

(e) A program for single-family dwelling rental units occupied by tenants complying with affordability requirements under this chapter as adopted by the governing authority;

(f) Any additional requirements to reduce displacement of very low-income household tenants.

(2) The governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under this chapter. The standards and guidelines must establish basic requirements to include:

(a) An application process and procedures;

(b) Guidelines that may include height, density, public benefit features, number and size of proposed development, parking, income limits for occupancy, limits on rents, health and quality standards, and other adopted requirements indicated as necessary by the governing authority. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(c) An inspection policy and procedures to ensure the property complies with housing and health and quality standards;

(d) Income and rent limits as required under section 5 of this act; and

(e) Documentation necessary to establish income eligibility of households in affordable housing units.

(3) Standards may apply to part or all of a jurisdiction and different standards may be applied to different areas within a jurisdiction or to different types of development. Programs authorized under this section may be modified to meet local needs and may include provisions not expressly provided in this section.

**NEW SECTION. Sec. 591.** A nonprofit property owner making an application under this chapter must apply by August 1st of the year prior to the first calendar year in which the taxes for collection are to be considered for exemption and meet the following requirements:

(1) The applicant must apply to the city or county on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption, including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including the floor plan of units and other information requested;

(c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(d) When the governing authority finds that rehabilitation is required to meet health and quality standards or evergreen sustainable development building performance standards, a rehabilitation plan outlining rehabilitation improvements, budget, and proposed schedule for repairs; and

(e) A certification of family size and annual income in a form acceptable to the governing authority for designated affordable housing units;

(2) The applicant must verify the application by oath or affirmation; and

(3) The applicant must submit a fee, if any, with the application as required under this chapter. The governing authority may permit the applicant to revise an application before final action by the governing authority.

**NEW SECTION. Sec. 592.** (1) Upon receipt of an application meeting the requirements of section 10 of this act, the governing authority must inspect the property to certify compliance with health and quality standards or to grant a waiver upon submission of a rehabilitation plan by the nonprofit owner of the property.

(2) The duly authorized administrative official or committee of the governing authority may approve the application if it finds that:

(a) The property meets affordable housing requirements as described in section 5 of this act;

(b) The property meets health and quality standards, or a waiver is granted upon submission of a rehabilitation plan by the nonprofit property owner;

(c) The property rehabilitation plan is of appropriate scope to be completed within the designated time frame of waiver and will result in property compliance with health and quality standards, as outlined in section 8 of this act; and

(d) The nonprofit owner has complied with all standards and guidelines adopted by the governing authority under this chapter.

**NEW SECTION. Sec. 593.** (1) The governing authority, or an administrative official or commission authorized by the governing authority, must approve or deny an application filed under this chapter within one hundred twenty days. The governing authority may adopt standards to extend the period to approve or deny an application filed under this chapter for a property that does not meet health and quality standards.

(2)(a) If the application is approved, the governing authority must issue the nonprofit property owner a certificate of tax exemption and file the certificate of exemption with the county assessor no later than December 1st of the year prior to the first calendar year in which the taxes for collection are to be exempt. If the certificate of exemption is filed after December 1st and before January 1st, the certificate of exemption is deemed filed in the next calendar year. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in this chapter.

(b) The governing authority may issue a conditional certificate of acceptance of tax exemption if a property must complete a rehabilitation plan in order to comply with health and quality standards. The rehabilitation must be completed within two years of the date of application for a tax exemption.

(3)(a) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(b) Upon denial by the authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority must be based upon the record made before the administrative official or commission with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official or commission's decision. The decision of the governing body in denying or approving the application is final.

**NEW SECTION. Sec. 594.** The governing authority may establish an application fee or other fees to not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee,

if established, must be paid at the time the application is submitted. If the application is approved, the governing authority must pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority may retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

**NEW SECTION. Sec. 595.** The authorized representative of the governing authority must notify the applicant that a certificate of tax exemption will be denied or canceled if the authorized representative determines that:

(1) The affordable housing requirements as described in section 5 of this act were not met;

(2) The property did not meet health and quality standards; or

(3) The nonprofit owner's property is otherwise not qualified for limited exemption under this chapter.

**NEW SECTION. Sec. 596.** (1) The nonprofit owner of property receiving a tax exemption under this chapter must obtain from each tenant living in designated affordable housing units, no less than annually, a certification of family size and annual income in a form acceptable to the governing authority.

(2) The nonprofit property owner must file a report at least annually by a date established by the governing authority indicating the following:

(a) Family size and annual income for each tenant living in designated affordable housing rental units and a statement that the property is in compliance with affordable housing requirements described in section 5 of this act;

(b) A statement of occupancy and vacancy;

(c) A schedule of rents charged in market-rate units;

(d) A certification that the property has not changed use;

(e) A description of changes or improvements;

(f) When rehabilitation is required to meet health and quality standards or evergreen sustainable development building performance standards, a progress report on compliance with the rehabilitation plan, budget, and proposed schedule for repairs; and

(g) Any other information required to determine compliance with program requirements or to measure program performance.

(3) A governing authority that issues certificates of tax exemption for property that conform to the requirements of this chapter must report annually by July 1st to the department of commerce the following information:

(a) The number of tax exemption certificates granted;

(b) The number and type of units in building properties receiving a tax exemption;

(c) The number and type of units meeting affordable housing requirements;

- (d) The total monthly rent amount for each affordable and market-rate unit; and
- (e) The value of the tax exemption for each project receiving a tax exemption and the total value of tax exemptions granted.

**NEW SECTION. Sec. 597.** (1) After a certificate of exemption has been filed with the county assessor, the tax exemption must be canceled by the authorized representative of the governing authority under the following circumstances:

- (a) The owner intends to convert the property to another use that is not residential or the owner intends to discontinue compliance with affordable housing requirements;
- (b) The owner fails to file annual reports;
- (c) The owner fails to maintain the property in substantial compliance with all applicable local building, safety, and health code requirements;
- (d) The owner fails to complete rehabilitation improvements as outlined in the rehabilitation plan;
- (e) The owner fails to meet affordable housing requirements; or
- (f) The property is transferred to an owner who is not a nonprofit entity.

(2)(a) Notification of a canceled certificate of exemption must be made by the governing authority or authorized representative of the governing authority to the county assessor within thirty days of the cancellation. Upon notice of a canceled tax exemption certificate, additional real property tax must be imposed upon the value of the improvements and land that no longer qualify for exemption under this chapter in the amount that would have been imposed had the property not been exempt under this act, plus a penalty of twenty percent of the additional tax. This additional tax is calculated from January 1st of the year the certificate of tax exemption first became effective.

(b) Interest must be included upon the amounts of the additional tax at the same rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the property had been assessed at a value without regard to this chapter.

(c) The additional tax, penalty, and interest must be collected by the county treasurer. The additional tax must be distributed by the county treasurer in the same manner in which current property taxes applicable to the subject property are distributed. The additional taxes, penalty, and interest must be payable in full thirty days following the date on which the treasurer's statement of additional tax due is issued.

(d) The additional tax owed together with the interest and penalty becomes a lien on the land and attaches at the time the property or portion of the property is removed from use as affordable housing or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon the expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property

taxes. An additional tax unpaid on its due date is delinquent.

(e) The county auditor may not accept an instrument of conveyance unless the additional tax, interest, and penalty has been paid or the governing authority or authorized representative has determined that the property is not subject to the additional tax, interest, or penalty.

(f) A certificate of exemption may be continued for the remainder of the exemption period upon sale or transfer of all or a portion of the exempt property to a new nonprofit owner, if the new nonprofit owner has signed a notice of exemption continuance. The notice of exemption continuance must be in a form approved by the governing authority or its authorized representative. If the notice of continuance is not signed by the new nonprofit owner and attached to the real estate excise tax affidavit, all additional tax, penalty, and interest calculated in accordance with this section become due and payable by the owner, including the seller or transferor, at time of sale.

(3) Upon a determination that a property tax exemption is to be canceled for any reason stated in this section, the governing authority or authorized representative of the governing authority must notify the record nonprofit owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The nonprofit owner may appeal the determination to the governing authority or authorized representative within thirty days by filing a notice of appeal with the clerk of the governing authority, which must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer must either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(4) Upon the expiration of the exemption period or upon cancellation of the exemption, the value of new construction or improvements to the property, not previously considered as new construction during the exemption period, must be considered as new construction for purposes of calculating levies under chapter 84.55 RCW.

**NEW SECTION. Sec. 598.** Tenant identifying information and income data obtained by the governing authority and the assessor may be used only to administer this affordable housing exemption. Notwithstanding any provision of law to the contrary, absent written consent by the person about whom the information or facts have been obtained, the tenant identifying information and income data may not be disclosed by the jurisdiction or assessor or their agents or employees to anyone other than their agents or employees except in an administrative or judicial proceeding pertaining to the taxpayer's entitlement to the tax exemption.

NEW SECTION. Sec. 599. The exemption in this chapter applies to taxes levied for collection in 2017 and thereafter.

**SSB 6430** Prime Sponsor, Committee on Human Services, Mental Health & Housing; Providing continuity of care for recipients of medical assistance during periods of incarceration. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 617.** Persons with mental illness and persons with substance use disorders in the custody of the criminal justice system need seamless access to community treatment networks and medical assistance upon release from custody to prevent gaps in treatment and reduce barriers to accessing care. Access to care is critical to reduce recidivism and reduce costs associated with relapse, decompensation, and crisis care. In accord with the recommendations of the adult behavioral health system task force, persons should be allowed to apply or retain their enrollment in medical assistance during periods of incarceration. The legislature intends for the Washington state health care authority and the department of social and health services to raise awareness of best clinical practices to engage persons with behavioral health disorders and other chronic conditions during periods of incarceration and confinement to highlight opportunities for good preventive care and standardize reporting and payment practices for services reimbursable by federal law that support the safe transition of the person back into the community.

**NEW SECTION. Sec. 618.** A new section is added to chapter 74.09 RCW to read as follows:

The authority is directed to suspend, rather than terminate, medical assistance benefits by July 1, 2017, for persons who are incarcerated or committed to a state hospital. This must include the ability for a person to apply for medical assistance in suspense status during incarceration, and may not depend upon knowledge of the release date of the person. The authority must provide a progress report describing program design and a detailed fiscal estimate to the governor and relevant committees of the legislature by December 1, 2016.

**NEW SECTION. Sec. 619.** A new section is added to chapter 71.24 RCW to read as follows:

The department and the Washington state health care authority shall publish written guidance and provide trainings to behavioral health organizations, managed care organizations, and behavioral health providers related to how these organizations may provide outreach, assistance, transition planning, and rehabilitation case management reimbursable under federal law to persons who are incarcerated, involuntarily hospitalized, or in the process of transitioning out of one of these services. The guidance and trainings may also highlight preventive activities not reimbursable under federal law which may be cost-effective in a managed care environment. The purpose of this written guidance and trainings is to champion best clinical practices including, where appropriate, use of care coordination and long-acting injectable psychotropic medication, and to assist the health community to leverage federal funds and standardize payment and reporting procedures. The authority and the department shall construe governing laws liberally to effectuate the broad remedial purposes of this act, and provide a status update to the legislature by December 31, 2016.

**NEW SECTION. Sec. 620.** A new section is added to chapter 74.09 RCW to read as follows:

The authority shall collaborate with the department, the Washington state association of counties, the Washington association of sheriffs and police chiefs, and accountable communities of health to improve population health and reduce avoidable use of intensive services and settings by requesting expenditure authority from the federal government to provide behavioral health services to persons who are incarcerated in local jails. The authority in consultation with its partners may narrow its submission to discrete programs or regions of the state as deemed advisable to effectively demonstrate the potential to achieve savings by integrating medical assistance across community and correctional settings.

**NEW SECTION. Sec. 621.** A new section is added to chapter 74.09 RCW to read as follows:

It is the understanding of the legislature that persons participating in a work release program or other partial confinement programs at the state, county, or city level which allow regular freedom during the day to pursue rehabilitative community activities such as participation in work, treatment, or medical care should not be considered

"inmates of a public institution" for the purposes of exclusion from medicaid coverage under the social security act. The authority is instructed to obtain any permissions from the federal government necessary to confirm this understanding, and report back to the governor and relevant committees of the legislature.

**Sec. 622.** RCW 70.48.100 and 2014 c 225 s 105 are each amended to read as follows:

(2) The office has the power and duty to develop and adopt rules as necessary under chapter 34.05 RCW to administer the program described in this section.

(3) As part of the rule-making process under subsection (2) of this section, the office must collaborate with the professional educator standards board, the Washington state school directors' association, and the professional educator standards board-approved teacher preparation programs to develop a framework for the teacher shortage conditional grant program, including eligibility requirements, contractual obligations, conditional grant amounts, and loan repayment requirements.

(4)(a) In developing the eligibility requirements, the office must consider: Whether the individual has a financial need, is a first-generation college student, or is from a traditionally underrepresented group among teachers in Washington; whether the individual is completing an alternative route to teacher certification program; whether the individual plans to obtain an endorsement in a hard-to-fill subject, as defined by the professional educator standards board; the characteristic of any geographic shortage area, as defined by the professional educator standards board, that the individual plans to teach in; and whether a school district has committed to offering the individual employment once the individual obtains a residency teacher certificate.

(b) In developing the contractual obligations, the office must consider requiring the individual to: Obtain a Washington state residency teacher certificate; teach in a subject or geographic endorsement shortage area, as defined by the professional educator standards board; and commit to teach for five school years in an approved education program with a need for a teacher with such an endorsement at the time of hire.

(c) In developing the conditional grant award amounts, the office must consider whether the individual is: Enrolled in a public or private institution of higher education, a resident, in a baccalaureate or postbaccalaureate program, or in an alternative route to teacher certification program. In addition, the award amounts must not result in a reduction of the individual's federal or state grant aid, including Pell grants, state need grants, college bound scholarships, or opportunity scholarships.

(d) In developing the repayment requirements for a conditional grant that is converted into a loan, the terms

and conditions of the loan must follow the interest rate and repayment terms of the federal direct subsidized loan program. In addition, the office must consider the following repayment schedule:

(i) For less than one school year of teaching completed, the loan obligation is eighty-five percent of the conditional grant the student received, plus interest and an equalization fee;

(ii) For less than two school years of teaching completed, the loan obligation is seventy percent of the conditional grant the student received, plus interest and an equalization fee;

(iii) For less than three school years of teaching completed, the loan obligation is fifty-five percent of the conditional grant the student received, plus interest and an equalization fee; and

(iv) For less than four school years of teaching completed, the loan obligation is forty percent of the conditional grant the student received, plus interest and an equalization fee.

(5) By November 1, 2018, and November 1, 2020, the office shall submit reports, in accordance with RCW 43.01.036, to the appropriate committees of the legislature that recommend whether the teacher shortage conditional grant program under this section should be continued, modified, or terminated, and that include information about the recipients of the grants under this program.

**NEW SECTION. Sec. 637.** A new section is added to chapter 28B.76 RCW to read as follows:

(1) Subject to funds appropriated specifically for this purpose, the office shall administer a student teaching residency grant program to provide additional funds to individuals completing student teaching residencies at public schools in Washington.

(2) To qualify for the grant, recipients must be enrolled in a professional educator standards board-approved teacher preparation program, be completing or about to start a student teaching residency at a Title I school, and demonstrate financial need, as defined by the office and consistent with the income criteria required to receive the state need grant established in chapter 28B.92 RCW.

(3) The office shall establish rules for administering the grants under this section.

**NEW SECTION. Sec. 638.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2016, in the omnibus appropriations act, this act is null and void.

**NEW SECTION. Sec. 639.** Sections 5 and 6 of this act expire July 1, 2021."

"**Sec. 640.** RCW 66.24.170 and 2014 c 105 s 1 and 2014 c 27 s 1 are each reenacted and amended to read as follows:

(1) There (~~shall be~~) is a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been

approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and filled at the tap at the time of sale, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed two; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for ~~((on-premise H:\DATA\2016 JOURNAL\Journal2016\LegDay050\on-premises.doc)) on-premises~~ consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the two additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall

include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board ~~((shall))~~ must notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5)(g)(i)(B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine ~~((shall be))~~ is deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license.

(7) During an event held by a nonprofit holding a special occasion license issued under RCW 66.24.380, a

domestic winery licensed under this section may take orders, either in writing or electronically, and accept payment for wines of its own production under the following conditions:

(a) Wine produced by the domestic winery may be served for on-premises consumption by the special occasion licensee;

(b) The domestic winery delivers wine to the consumer on a date after the conclusion of the special occasion event;

(c) The domestic winery delivers wine to the consumer at a location different from the location at which the special occasion event is held;

(d) The domestic winery complies with all requirements in chapter 66.20 RCW for direct sale of wine to consumers;

(e) The wine is not sold for resale; and

(f) The domestic winery is entitled to all proceeds from the sale and delivery of its wine to a consumer after the conclusion of the special occasion event, but may enter into an agreement to share a portion of the proceeds of these sales with the special occasion licensee licensed under RCW 66.24.380.

**Sec. 641.** RCW 66.24.380 and 2012 c 2 s 112 are each amended to read as follows:

There is a retailer's license to be designated as a special occasion license to be issued to a not-for-profit society or organization to sell spirits, beer, and wine by the individual serving for on-premises consumption at a specified event, such as at picnics or other special occasions, at a specified date and place; fee sixty dollars per day.

(1) The not-for-profit society or organization is limited to sales of no more than twelve calendar days per year. For the purposes of this subsection, special occasion licenses that are "agricultural area fairs" or "agricultural county, district, and area fairs," as defined by RCW 15.76.120, that receive a special occasion license may, once per calendar year, count as one event fairs that last multiple days, so long as alcohol sales are at set dates, times, and locations, and the board receives prior notification of the dates, times, and locations. The special occasion license applicant will pay the sixty dollars per day for this event.

(2) The licensee may sell spirits, beer, and/or wine in original, unopened containers for off-premises consumption if permission is obtained from the board prior to the event.

(3) In addition to offering the sale of wine by the individual serving for on-premises consumption, the licensee may sell wine in original, unopened containers for on-premises consumption if permission is obtained from the board prior to the event.

(4) Sale, service, and consumption of spirits, beer, and wine is to be confined to specified premises or designated areas only.

~~((4))~~ (5) Liquor sold under this special occasion license must be purchased from a licensee of the board.

~~((5))~~ (6) Any violation of this section is a class 1 civil infraction having a maximum penalty of two hundred fifty dollars as provided for in chapter 7.80 RCW.

**Sec. 642.** RCW 66.12.110 and 2012 c 117 s 272 are each amended to read as follows:

A person twenty-one years of age or over may bring into the state from without the United States, free of tax and markup, for his or her personal or household use such alcoholic beverages as have been declared and permitted to enter the United States duty free under federal law.

Such entry of alcoholic beverages in excess of that herein provided may be authorized by the board upon payment of an equivalent (~~(markup and)~~) tax as would be applicable to the purchase of the same or similar liquor at retail (~~(from a Washington state liquor store)~~) in this state. The board (~~(shall)~~) must adopt appropriate regulations pursuant to chapter 34.05 RCW for the purpose of carrying out the provisions of this section. The board may issue a spirits, beer, and wine private club license to a charitable or nonprofit corporation of the state of Washington, the majority of the officers and directors of which are United States citizens and the minority of the officers and directors of which are citizens of the Dominion of Canada, and where the location of the premises for such spirits, beer, and wine private club license is not more than ten miles south of the border between the United States and the province of British Columbia.

**Sec. 643.** RCW 66.12.120 and 1995 c 100 s 1 are each amended to read as follows:

Notwithstanding any other provision of this title (~~(66 RCW)~~), a person twenty-one years of age or over may, free of tax (~~(and markup)~~), for personal or household use, bring into the state of Washington from another state no more than once per calendar month up to two liters of spirits or wine or two hundred eighty-eight ounces of beer. Additionally, such person may be authorized by the board to bring into the state of Washington from another state a reasonable amount of alcoholic beverages in excess of that provided in this section for personal or household use only upon payment of an equivalent (~~(markup and)~~) tax as would be applicable to the purchase of the same or similar liquor at retail (~~(from a state liquor store)~~) in this state. The board (~~(shall)~~) must adopt appropriate regulations pursuant to chapter 34.05 RCW for the purpose of carrying into effect the provisions of this section.

**Sec. 644.** RCW 66.12.240 and 2009 c 361 s 1 are each amended to read as follows:

(1) Nothing in this title applies to or prevents a wedding boutique or art gallery from offering or supplying without charge wine or beer by the individual glass to a customer for consumption on the premises. However, the customer must be at least twenty-one years of age and may only be offered one glass of wine or beer, and wine or beer served or consumed (~~(shall)~~) must be purchased from a Washington state licensed retailer (~~(or a Washington state liquor store or agency)~~) at full retail price. A wedding boutique or art gallery offering wine or beer without charge may not advertise the service of complimentary wine or beer and may not sell wine or beer in any manner. Any employee involved in the service of wine or beer must

complete a board-approved limited alcohol server training program.

(2) ~~(For the purposes of this section:)~~ The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Art gallery" means a room or building devoted to the exhibition and/or sale of the works of art.

(b) "Wedding boutique" means a business primarily engaged in the sale of wedding merchandise.

**"NEW SECTION. Sec. 658.** The legislature recognizes that school attendance really matters, and that poor school attendance can have far-reaching effects on academic performance and achievement, development of social skills and school engagement, dropout rates, and even college completion rates. According to an August 2014 report by Attendance Works titled "Absences Add Up: How School Attendance Influences Student Success," students who missed more school than their peers scored lower on the 2013 national assessment for educational progress (NAEP). This was true at every age, in every racial and ethnic group, and in every state and city examined in the state-by-state analysis, and reinforced other research that has shown that: Poor attendance in the first month of school can predict chronic absence for the entire year; absenteeism in kindergarten can affect whether a child develops necessary grit and perseverance; absenteeism in preschool and kindergarten can influence whether a child will master reading by the end of third grade or be held back; absenteeism in middle and high school can predict dropout rates; absenteeism influences not just chances for graduating but also for completing college; improving attendance is important for reducing

educational opportunity gaps; and when students reduce absences, they can make academic gains.

The legislature further finds that these effects occur regardless of whether excessive absenteeism is considered excused or unexcused or the specific reason or reasons for excessive absenteeism. By taking a three-pronged approach, focusing not just on truancy but on school attendance in general, and providing additional tools to schools, courts, communities, and families, the legislature hopes to reduce excessive absenteeism, strengthen family engagement with schools, involve communities, promote academic achievement, reduce educational opportunity gaps, and increase high school graduation rates.

First, with respect to absenteeism in general, the legislature intends to put in place consistent practices and procedures, beginning in kindergarten, pursuant to which schools share information with families about the importance of consistent attendance and the consequences of excessive absences, involve families early, and provide families with information, services, and tools that they may access to improve and maintain their children's school attendance.

Second, the legislature recognizes the success that has been had by school districts and county juvenile courts around the state that have worked in tandem with one another to establish truancy boards capable of therapeutic prevention and intervention and that regularly stay truancy petitions in order to first allow these boards to identify barriers to school attendance, cooperatively solve problems, and connect students and their families with needed academic supports and community-based services, and that turn to court orders only as a last resort. While keeping petition filing requirements in place, the legislature intends to require an initial stay of truancy petitions in order to allow for appropriate intervention and prevention before using a court order to enforce attendance laws. The legislature also intends to encourage efforts by county juvenile courts and school districts to: Establish and maintain therapeutic truancy boards; and to employ other best practices, including the provision of training for board members and other school and court personnel on trauma-informed approaches to discipline, the research regarding adverse childhood experiences, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families as well as those that have been shown to be culturally appropriate promising practices.

Third, the legislature recognizes that there are instances in which individual barriers to school attendance that have led to a student's absences may be best addressed by providing access to a bed in a HOPE center. The legislature further recognizes that even when a student is found in contempt of a court order to attend school, it is best practice that the student not be placed in juvenile detention but, where feasible and available, instead be placed in a crisis residential center. The legislature intends to increase the number of beds in HOPE centers and crisis residential centers in order to facilitate their use for these students.

**Sec. 659.** RCW 28A.225.005 and 2009 c 556 s 5 are each amended to read as follows:

(1) Each school within a school district shall inform the students and the parents of the students enrolled in the school about: The benefits of regular school attendance; the potential effects of excessive absenteeism, whether excused or unexcused, on academic achievement, and graduation and dropout rates; the school's expectations of the parents and guardians to ensure regular school attendance by the child; the resources available to assist the child and the parents and guardians; the role and responsibilities of the school; and the consequences of truancy, including the compulsory education requirements under this chapter. The school shall provide access to the information ((at least annually-)) before or at the time of enrollment of the child at a new school and at the beginning of each school year. If the school regularly and ordinarily communicates most other information to parents online, providing online access to the information required by this section satisfies the requirements of this section unless a parent or guardian specifically requests information to be provided in written form. Provision must be made to enable parents to request and receive the information in a language in which they are fluent. A parent must date and acknowledge review of this information online or in writing before or at the time of enrollment of the child at a new school and at the beginning of each school year.

(2) The office of the superintendent of public instruction shall develop a template that schools may use to satisfy the requirements of subsection (1) of this section and shall post the information on its web site.

**NEW SECTION. Sec. 660.** A new section is added to chapter 28A.225 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, in the event that a child in elementary school is required to attend school under RCW 28A.225.010 or 28A.225.015(1) and has five or more excused absences in a single month during the current school year, or ten or more excused absences in the current school year, the school district shall schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of identifying the barriers to the child's regular attendance, and the supports and resources that may be made available to the family so that the child is able to regularly attend school. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the absences, the school district may schedule this conference on that day. To satisfy the requirements of this section, the conference must include at least one school district employee such as a nurse, counselor, social worker, or teacher, except in those instances regarding the attendance of a child who has an individualized education program or a plan developed under section 504 of the rehabilitation act of 1973, in which case the reconvening of the team that created the program or plan is required.

(2) A conference pursuant to subsection (1) of this section is not required in the event of excused absences for which prior notice has been given to the school or a

doctor's note has been provided and an academic plan is put in place so that the child does not fall behind.

**Sec. 661.** RCW 28A.225.025 and 2009 c 266 s 2 are each amended to read as follows:

(1) For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. Juvenile courts may establish and operate community truancy boards. If the juvenile court and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

(2) The legislature finds that utilization of community truancy boards, or other diversion units that fulfill a similar function, is the preferred means of intervention when preliminary methods of notice and parent conferences and taking appropriate steps to eliminate or reduce unexcused absences have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards and other diversion programs which are effective in promoting school attendance and preventing the need for more intrusive intervention by the court. Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).

(3) For purposes of this chapter, "therapeutic truancy board" means a community truancy board operated within existing resources pursuant to a memorandum of understanding between a school district and a juvenile court. All members of a therapeutic truancy board receive training with respect to the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, the research regarding adverse childhood experiences, evidence-based treatments that have been found to be effective in supporting at-risk youth and their families as well as those that have been shown to be culturally appropriate promising practices, and the specific academic supports, services, and treatments available in the particular school, court, community, and elsewhere. A therapeutic truancy board identifies barriers to school attendance, cooperatively solves problems, connects students and their families with academic supports, community services, evidence-based services such as functional family therapy,

and culturally appropriate promising practices, and may refer children to a HOPE center.

**Sec. 662.** RCW 28A.225.035 and 2012 c 157 s 2 are each amended to read as follows:

(1) A petition for a civil action under RCW 28A.225.030 or 28A.225.015 shall consist of a written notification to the court alleging that:

(a) The child has unexcused absences during the current school year;

(b) Actions taken by the school district have not been successful in substantially reducing the child's absences from school; and

(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child's absences from school.

(2) The petition shall set forth the name, date of birth, school, address, gender, race, and ethnicity of the child and the names and addresses of the child's parents, and shall set forth whether the child and parent are fluent in English, whether there is an existing individualized education program, and the child's current academic status in school.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4)(a) When a petition is filed under RCW 28A.225.030 or 28A.225.015, it shall initially be stayed and intervention and prevention efforts employed in order to substantially reduce the child's unexcused absences. Intervention and prevention efforts under this subsection may include referral to a community truancy board, preferably a therapeutic truancy board, use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, the provision of academic services such as tutoring, credit retrieval and school reengagement supports, and community-based services, and the provision of evidence-based treatments that have been found to be effective in supporting at-risk youth and their families and those that have been shown to be culturally appropriate promising practices.

(b) If intervention and prevention efforts under (a) of this subsection are unsuccessful at substantially reducing the child's unexcused absences, the stay shall be lifted and the juvenile court shall schedule a hearing at which the court shall consider the petition, or if the court determines that ((a)) an initial or subsequent referral to an available community truancy board would substantially reduce the child's unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child's truancy within twenty days of the referral. If the petition is based on RCW 28A.225.015, the child shall not be required to attend and the agreement under this

subsection shall be between the truancy board, the school district, and the child's parent. The court may permit the truancy board or truancy prevention counselor to provide continued supervision over the student, or parent if the petition is based on RCW 28A.225.015.

(6) If the truancy board fails to reach an agreement, or the parent or student does not comply with the agreement, the truancy board shall return the case to the juvenile court for a hearing.

(7)(a) Notwithstanding the provisions in subsection (4)(a) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child's unexcused absences. When a juvenile court hearing is held, the court shall:

(i) Separately notify the child, the parent of the child, and the school district of the hearing. If the parent is not fluent in English, the preferred practice is for notice to be provided in a language in which the parent is fluent;

(ii) Notify the parent and the child of their rights to present evidence at the hearing; and

(iii) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(b) If the child is not provided with counsel, the advisement of rights must take place in court by means of a colloquy between the court, the child if eight years old or older, and the parent.

(8)(a) The court may require the attendance of the child if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(b) The court may not issue a bench warrant for a child for failure to appear at a hearing on an initial truancy petition filed under RCW 28A.225.030. If there has been proper service, the court may instead enter a default order assuming jurisdiction under the terms specified in subsection (12) of this section.

(9) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or 28A.225.015.

(10) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(11) If the child is in a special education program or has a diagnosed mental or emotional disorder, the court shall inquire as to what efforts the school district has made to assist the child in attending school.

(12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(13)(a) If the court assumes jurisdiction, the school district shall periodically report to the court any additional unexcused absences by the child, actions taken by the

school district, and an update on the child's academic status in school at a schedule specified by the court.

(b) The first report under this subsection (13) must be received no later than three months from the date that the court assumes jurisdiction.

(14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.

(15) If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

**NEW SECTION. Sec. 663.** A new section is added to chapter 28A.225 RCW to read as follows:

(1) Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall allocate to therapeutic truancy boards grant funds that may be used to supplement existing funds in order to pay for training for board members or the provision of services and treatment to children and their families.

(2) The superintendent of public instruction must select grant recipients based on the criteria in this section. This is a competitive grant process. A prerequisite to applying for either or both grants is a memoranda of understanding, between a school district and a court, to institute a new or maintain an existing therapeutic truancy board that meets the requirements of RCW 28A.225.025.

(3) Successful applicants for an award of grant funds to supplement existing funds to pay for the training of therapeutic truancy board members must commit to the provision of training to board members regarding the identification of barriers to school attendance, the use of the Washington assessment of the risks and needs of students (WARNS) or other assessment tools to identify the specific needs of individual children, trauma-informed approaches to discipline, research about adverse childhood experiences, evidence-based treatments and culturally appropriate promising practices, as well as the specific academic and community services and treatments available in the school, court, community, and elsewhere. This training may be provided by educational service districts.

(4) Successful applicants for an award of grant funds to supplement existing funds to pay for services and treatments provided to children and their families must commit to the provision of academic services such as tutoring, credit retrieval and school reengagement supports, community services, and evidence-based treatments that have been found to be effective in supporting at-risk youth and their families, such as functional family therapy, or those that have been shown to be culturally appropriate promising practices.

**Sec. 664.** RCW 28A.225.090 and 2009 c 266 s 4 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child's current school, and set forth minimum attendance requirements, including suspensions;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Be referred to a community truancy board, if available; ~~((e))~~

(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law and, if any test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the drug assessment at no expense to the school; or

(f) Submit to a temporary placement in a crisis residential center if the court determines there is an immediate health and safety concern, or a family conflict with the need for mediation.

(2) If the child fails to comply with the court order, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community restitution. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than seven days. Detention ordered under this subsection shall preferably be served at a crisis residential center close to the child's home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school

during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

**Sec. 665.** RCW 43.185C.315 and 2015 c 69 s 22 are each amended to read as follows:

(1) The department shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator's designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

~~((1))~~ (a) A license issued by the department of social and health services;

~~((2))~~ (b) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

~~((a))~~ (i) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

~~((b))~~ (ii) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department of social and health services. The department of social and health services shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department of social and health services determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

~~((c))~~ (iii) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

~~((d))~~ (iv) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

~~((e))~~ (v) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

~~((f))~~ (vi) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

~~((3))~~ (c) Staff trained in development needs of street youth as determined by the department, including an administrator who is a professional with a master's degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;

~~((4))~~ (d) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the department;

~~((5))~~ (e) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 43.185C.290(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary of the department of social and health services if the youth is a dependent of the state under chapter 13.34 RCW or the department of social and health services is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

~~((6))~~ (f) HOPE centers must identify to the department of social and health services any street youth it serves who is not returning promptly to home. The department of social and health services then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive notice from the department of social and health services; and

~~((7))~~ (g) Services that provide counseling and education to the street youth(~~and~~);

~~((8))~~ (2) The department shall award contracts for the operation of HOPE center beds with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers.

(3) Subject to funds appropriated for this purpose, the beds available in HOPE centers shall be increased incrementally beyond the limit of seventy-five set forth in subsection (1) of this section. The additional capacity shall be distributed around the state based upon need and, to the extent feasible, shall be geographically situated so that HOPE beds are available across the state. In determining the need for increased numbers of HOPE beds in a particular county or counties, one of the considerations should be the volume of truancy petitions filed there.

**Sec. 666.** RCW 43.185C.320 and 2015 c 69 s 23 are each amended to read as follows:

To be eligible for placement in a HOPE center, a minor must be either a street youth, as that term is defined in this chapter, or a youth who, without placement in a HOPE center, will continue to participate in increasingly risky behavior, including truancy. Youth may also self-refer to a HOPE center. Payment for a HOPE center bed is not contingent upon prior approval by the department; however, approval from the department of social and health services is needed if the youth is dependent under chapter 13.34 RCW.

**NEW SECTION. Sec. 667.** A new section is added to chapter 43.185C RCW to read as follows:

Subject to funds appropriated for this purpose, the capacity available in crisis residential centers established pursuant to this chapter shall be increased incrementally in order to accommodate truant students found in contempt of a court order to attend school. Sec. 668.** The office of the superintendent of public instruction shall develop recommendations as to how mandatory school attendance and truancy amelioration provisions under chapter 28A.225 RCW should be applied to online schools and report back to the relevant committees of the legislature by November 1, 2016.

(2) By June 30, 2017, a preliminary review shall be completed and preliminary recommendations provided. The review shall be completed, and a report and final recommendations provided, by December 1, 2017.

(3) For the purposes of this section, "cultural competence" includes knowledge of children's cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction and treatment to children's experiences and identifying cultural contexts for individual children.

(4) This section expires July 1, 2018.

**NEW SECTION. Sec. 670.** A new section is added to chapter 28A.225 RCW to read as follows:

**NEW SECTION. Sec. 671.** A new section is added to chapter 2.56 RCW to read as follows:

To accurately track the extent to which courts order youth into a secure detention facility in Washington state for the violation of a court order related to a truancy, at-risk youth, or a child in need of services petition, all juvenile courts shall transmit youth-level secure detention data to the administrative office of the courts. Data may either be entered into the statewide management information system for juvenile courts or securely transmitted to the administrative office of the courts at least monthly. Juvenile courts shall provide, at a minimum, the name and date of birth for the youth, the court case number assigned to the petition, the reasons for admission to the juvenile detention facility, the date of admission, the date of exit, and the time the youth spent in secure confinement. The administrative office of the courts shall deliver an annual statewide report to the legislature that details the number of Washington youth who are placed into detention facilities during the preceding calendar year. The first report shall be delivered by March 1, 2017, and shall detail the most serious reason for detention and youth gender, race, and ethnicity. The report must have a specific emphasis on youth who are detained for reasons relating to a truancy, at-risk youth, or a child in need of services petition.

MAJORITY recommendation: Do pass as amended.

**"NEW SECTION. Sec. 674.** The legislature recognizes telemedicine will play an increasingly important role in the health care system. Telemedicine is a meaningful and efficient way to treat patients and control costs while improving access to care. The expansion of the use of telemedicine should be thoughtfully and systematically considered in Washington state in order to maximize its application and expand access to care. Therefore, it is the intent of the legislature to broaden the reimbursement opportunities for health care services and establish a collaborative for the advancement of telemedicine to provide guidance, research, and recommendations for the benefit of professionals providing care through telemedicine.

**NEW SECTION. Sec. 675.** (1) The collaborative for the advancement of telemedicine is created to enhance the understanding and use of health services provided through telemedicine and other similar models in Washington state. The collaborative shall be hosted by the University of Washington telehealth services and shall be comprised of one member from each of the two largest caucuses of the senate and the house of representatives, and representatives from the academic community, hospitals, clinics, and health care providers in primary care and specialty practices, carriers, and other interested parties.

(2) By July 1, 2016, the collaborative shall be convened. The collaborative shall develop recommendations on improving reimbursement and access to services, including originating site restrictions, provider to provider consultative models, and technologies and models of care not currently reimbursed; identify the existence of telemedicine best practices, guidelines, billing requirements, and fraud prevention developed by

recognized medical and telemedicine organizations; and explore other priorities identified by members of the collaborative. After review of existing resources, the collaborative shall explore and make recommendations on whether to create a technical assistance center to support providers in implementing or expanding services delivered through telemedicine technologies.

(3) The collaborative must submit an initial progress report by December 1, 2016, with follow-up policy reports including recommendations by December 1, 2017, and December 1, 2018. The reports shall be shared with the relevant professional associations, governing boards or commissions, and the health care committees of the legislature.

(4) The meetings of the board shall be open public meetings, with meeting summaries available on a web page.

(5) The future of the collaborative shall be reviewed by the legislature with consideration of ongoing technical assistance needs and opportunities. The collaborative terminates December 31, 2018.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 682.** (1) Local governments formed intergovernmental consortiums, also known as provider groups, to provide emergency medical services over their shared geographic area. Funds collected through an emergency services levy under RCW 84.52.069 were used to fund the consortium. Employees funded by the consortium provided services to the citizens of all the consortium members.

(2) The attorney general has ruled that where such a consortium is formed pursuant to an interlocal agreement, the consortium members retain their legal responsibilities as employers under the law enforcement officers' and firefighters' retirement system and public employees' retirement system. That is, the employees providing services to the consortium are entitled to retirement system membership if they otherwise meet membership eligibility requirements (*AGO 2007 No. 6*).

(3) This act is intended to provide those public employees with an opportunity to establish service credit in the public employees' retirement system for emergency medical services they provided to the public on behalf of a consortium or provider group.

**NEW SECTION. Sec. 683.** A new section is added to chapter 41.40 RCW under the subchapter heading "provisions applicable to plan 1, plan 2, and plan 3" to read as follows:

(1) An employee providing emergency medical services for a consortium of local governments, where some of those local governments qualified as public employees' retirement system employers at the time the service was rendered, may make an election to establish credit for service performed prior to July 27, 2003, as a full-time emergency medical technician serving the consortium to the public employees' retirement system. This option is only available to employees who:

(a) Performed services for a consortium of local governments fully contained within the boundaries of a county whose population on the effective date of this section exceeds seven hundred thousand residents but is less than eight hundred thousand residents; and

(b) File a written election to establish service credit under this section with the department of retirement systems no later than June 30, 2026.

(2)(a) The department of retirement systems shall treat the consortium member with the largest current population among consortium members who qualified as a public employees' retirement system employer at the time the service was rendered as the employer for purposes of this section. This employer classification:

(i) Is solely for the purpose of streamlining reporting service and compensation credit and paying contributions for periods of service covered by this section; and

(ii) Does not mean that the consortium member is the employee's employer for any other purpose.

(b) All contributions required for past periods of service established under this section shall be by the employees electing to establish service credit under this section.

(i) Employee contributions shall be calculated by the department equal to the contributions that would have been paid by the employee had the employee been a member of public employees' retirement system.

(ii) Employer contributions shall be calculated by the department equal to the contributions that would have been paid by the employer had the employee been reported in public employees' retirement system.

(iii) All contributions must be submitted by the employer under (a) of this subsection within five years of electing to establish service credit under this section.

(3) If a member who elected to establish service credit under this section dies or retires for disability prior to payment of contributions under subsection (2)(b) of this section, the member, or in the case of death the surviving spouse or eligible minor children, may:

(a) Pay the bill in full;

(b) If a continuing monthly benefit is chosen, have the benefit actuarially reduced to reflect the amount of the unpaid obligation under subsection (2)(b) of this section; or

(c) Continue to make payment against the obligation under subsection (2)(b) of this section, provided that payment in full is made no later than five years from the member's original election date."

The office shall maintain appropriate offices and employ and fix compensation of such personnel as may be necessary to perform the advanced college tuition payment program and the Washington college savings program duties. **Sec. 696.** RCW 28B.95.030 and 2015 3rd sp.s. c 36 s 7 are each amended to read as follows:

(1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the director of the office. The committee shall be supported by staff of the office.

(2)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval, except as provided in subsection (7) of this section.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body, except as provided in subsection (7) of this section.

(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract, except as provided in subsection (7) of this section.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

(3)(a) No tuition unit may be redeemed until two years after the purchase of the unit.

(b) Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code. Units may also be redeemed to pay for dual credit fees.

(c) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit.

(7) For the 2015-16 and 2016-17 academic years only, the governing body shall set the payout value for units redeemed during that academic year only at one hundred seventeen dollars and eighty-two cents per unit. For academic years after the 2016-17 academic year, the governing body shall make program adjustments it deems necessary and appropriate to ensure that the total payout value of each account on October 9, 2015, is not decreased or diluted as a result of the initial application of any changes in tuition under section 3, chapter 36, Laws of 2015 3rd sp. sess. In the event the committee or governing body provides additional units under chapter 36, Laws of

2015 3rd sp. sess., the committee and governing body shall also increase the maximum number of units that can be redeemed in any year to mitigate the reduction in available account value during any year as a result of chapter 36, Laws of 2015 3rd sp. sess. The governing body must notify holders of tuition units after the adjustment in this subsection is made and must include a statement concerning the adjustment.

(8) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program. Materials and online publications advertising the Washington advanced college tuition payment program shall include a disclaimer that the Washington advanced college tuition payment program's guarantee is that one hundred tuition units will equal one year of full-time, resident, undergraduate tuition at the most expensive state institution of higher education, and that if resident, undergraduate tuition is reduced, a tuition unit may lose monetary value.

(9) In addition to any other powers conferred by this chapter, the governing body may:

- (a) Impose reasonable limits on the number of tuition units or units that may be used in any one year;
- (b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;
- (c) Impose and collect administrative fees and charges in connection with any transaction under this chapter;
- (d) Appoint and use advisory committees and the state actuary as needed to provide program direction and guidance;
- (e) Formulate and adopt all other policies and rules necessary for the efficient administration of the program;
- (f) Consider the addition of an advanced payment program for room and board contracts and also consider a college savings program;
- (g) Purchase insurance from insurers licensed to do business in the state, to provide for coverage against any loss in connection with the account's property, assets, or activities or to further insure the value of the tuition units;
- (h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise and discharge of its powers and duties under this chapter;
- (i) Contract for the provision for all or part of the services necessary for the management and operation of the program with other state or nonstate entities authorized to do business in the state;
- (j) Contract for other services or for goods needed by the governing body in the conduct of its business under this chapter;
- (k) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;
- (l) Solicit and accept cash donations and grants from any person, governmental agency, private business, or organization; and

(13) It is the intent of the legislature that the committee establish objectives and performance measures for the investment manager to progress toward the attainment of the policy goals in subsection (10) of this section. The committee shall submit objectives and performance measures to the legislature for its review and shall provide an updated report on the objectives and measures before the regular session of the legislature during even-numbered years thereafter.

**NEW SECTION. Sec. 698.** A new section is added to chapter 28B.95 RCW to read as follows:

(1) The committee shall create an expedited process by which owners can complete a direct rollover of a 529 account from (a) a state-sponsored prepaid tuition plan to a state-sponsored college savings plan, (b) a state-sponsored college savings plan to a state-sponsored prepaid tuition plan, or (c) a state-sponsored prepaid tuition plan or a state-sponsored college savings plan to an out-of-state eligible 529 plan.

(2) The committee shall report annually to the governor and the appropriate committees of the legislature on (a) the number of accounts that have been rolled into the Washington college savings program from out of state and (b) the number of accounts rolled out of the Washington college savings program to 529 plans into other states.

**Sec. 699.** RCW 28B.95.035 and 1998 c 69 s 3 are each amended to read as follows:

No member of the committee is liable for the negligence, default, or failure of any other person or members of the committee to perform the duties of office and no member may be considered or held to be an insurer of the funds or assets of any of the advanced college tuition payment program or any of the Washington college savings program.

**Sec. 700.** RCW 28B.95.040 and 2011 1st sp.s. c 11 s 171 are each amended to read as follows:

The governing body may, at its discretion, allow an organization to purchase tuition units or establish savings plans for future use as scholarships. Such organizations electing to purchase tuition units or establish Washington college savings program accounts for this purpose must enter into a contract with the governing body which, at a minimum, ensures that the scholarship shall be freely given by the purchaser to a scholarship recipient. For such purchases, the purchaser need not name a beneficiary until four months before the date when the tuition units are first expected to be used.

The governing body shall formulate and adopt such rules as are necessary to determine which organizations

may qualify to purchase tuition units or establish Washington college savings program accounts for scholarships under this section. The governing body also may consider additional rules for the use of tuition units or Washington college savings program accounts if purchased as scholarships.

The governing body may establish a scholarship fund with moneys from the Washington advanced college tuition payment program account. A scholarship fund established under this authority shall be administered by the office and shall be provided to students who demonstrate financial need. Financial need is not a criterion that any other organization need consider when using tuition units as scholarships. The office also may establish its own corporate-sponsored scholarship fund under this chapter.

**NEW SECTION. Sec. 701.** A new section is added to chapter 28B.95 RCW to read as follows:

(1) The Washington college savings program account is created in the custody of the state treasurer. The account shall be a discrete nontreasury account retaining its interest earnings in accordance with RCW 43.79A.040.

(2) The governing body shall deposit in the account all moneys received for the program. The account shall be self-sustaining and consist of payments received for the purposes of college savings for the beneficiary. With the exception of investment and operating costs associated with the investment of money by a nonstate entity or paid under RCW 43.08.190, 43.33A.160, and 43.84.160, the account shall be credited with all investment income earned by the account. Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money used for program administration is subject to the allotment of all expenditures. However, an appropriation is not required for such expenditures. Program administration includes, but is not limited to: The salaries and expenses of the Washington college savings program personnel including lease payments, travel, and goods and services necessary for program operation; contracts for Washington college savings program promotion and advertisement, audits, and account management; and other general costs of conducting the business of the Washington college savings program.

(3) The account is authorized to maintain a cash deficit in the account for a period no more than five fiscal years to defray its initial program administration costs. By December 31, 2017, the governing body shall establish a program administration spending plan and a fee schedule to discharge any projected cash deficit to the account. The legislature may make appropriations into the account for the purpose of reducing program administration costs.

(4) The assets of the account may be spent without appropriation for the purpose of making payments to institutions of higher education on behalf of the qualified beneficiaries, making refunds, transfers, or direct payments upon the termination of the Washington college savings program. Disbursements from the account shall be made only on the authorization of the governing body.

(5) With regard to the assets of the account, the state acts in a fiduciary, not ownership, capacity. Therefore

the assets of the program are not considered state money, common cash, or revenue to the state.

**Sec. 702.** RCW 28B.95.080 and 2011 1st sp.s. c 12 s 3 are each amended to read as follows:

The governing body shall annually evaluate, and cause to be evaluated by the state actuary, the soundness of the advanced college tuition payment program account and determine the additional assets needed, if any, to defray the obligations of the account. The governing body may, at its discretion, consult with a nationally recognized actuary for periodic assessments of the account.

If funds are determined by the governing body, based on actuarial analysis to be insufficient to ensure the actuarial soundness of the account, the governing body shall adjust the price of subsequent tuition credit purchases to ensure its soundness.

If there are insufficient numbers of new purchases to ensure the actuarial soundness of the account, the governing body shall request such funds from the legislature as are required to ensure the integrity of the program. Funds may be appropriated directly to the account or appropriated under the condition that they be repaid at a later date. The repayment shall be made at such time that the account is again determined to be actuarially sound.

**NEW SECTION. Sec. 703.** A new section is added to chapter 28B.95 RCW to read as follows:

The governing body shall begin and continue to accept applications for new tuition unit contracts and authorize the sale of new tuition units by July 1, 2017. Upon reopening the advanced college tuition payment program, in any year in which the total annual sale of tuition units is below five hundred thousand, the governing body shall determine how to reinvigorate the advanced college tuition payment program to incentivize Washingtonians to enter into tuition unit contracts and purchase tuition units.

**Sec. 704.** RCW 28B.95.090 and 2005 c 272 s 3 are each amended to read as follows:

(1) In the event that the ((state)) legislature determines that the advanced college tuition payment program is not financially feasible, or for any other reason, the ((state)) legislature may declare the discontinuance of the program. At the time of such declaration, the governing body will cease to accept any further tuition unit contracts or purchases.

(2) The remaining tuition units for all beneficiaries who have either enrolled in higher education or who are within four years of graduation from a secondary school shall be honored until such tuition units have been exhausted, or for ten fiscal years from the date that the program has been discontinued, whichever comes first. All other contract holders shall receive a refund equal to the value of the current tuition units in effect at the time that the program was declared discontinued.

(3) At the end of the ten-year period, any tuition units remaining unused by currently active beneficiaries

enrolled in higher education shall be refunded at the value of the current tuition unit in effect at the end of that ten-year period.

(4) At the end of the ten-year period, all other funds remaining in the account not needed to make refunds or to pay for administrative costs shall be deposited to the state general fund.

(5) The governing body may make refunds under other exceptional circumstances as it deems fit, however, no tuition units may be honored after the end of the tenth fiscal year following the declaration of discontinuance of the program.

**NEW SECTION. Sec. 705.** A new section is added to chapter 28B.95 RCW to read as follows:

(1) The investment manager has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the Washington college savings program without limitation as to the amount pursuant to RCW 43.84.150 and 43.33A.140. All investment and operating costs associated with the investment of money must be paid to the investment manager as allowed by RCW 43.33A.160 and 43.84.160. With the exception of these expenses and the administrative costs authorized in sections 5 and 9 of this act, one hundred percent of all earnings from investments accrue directly to the owner of the individual college savings program account.

(2) The governing body may allow owners to self-direct the investment of moneys in individual college savings program accounts through the selection of investment options. The governing body may provide plans that it deems are in the interests of the owners and beneficiaries.

(a) The investment manager, after consultation with the governing body, shall provide a set of options for owners to choose from for investment of individual college savings program account contributions, including an age-based investment option.

(b) The investment manager has the full authority to invest moneys pursuant to the investment directions of the owner of a self-directed individual college savings program account.

(3) Annually on each December 1st, the committee shall report to the governor and the appropriate committees of the legislature regarding the total fees charged to each investment option offered in the Washington college savings program. It is the intent of the legislature that fees charged to the owner not exceed one-half of one percent for any investment option on an annual basis. Beginning January 1, 2018, fees charged to the owner may not exceed one-half of one percent for any investment option on an annual basis.

(4) In the next succeeding legislative session following receipt of a report required under subsection (3) of this section, the appropriate committees of the legislature shall review the report and consider whether any legislative action is necessary with respect to the investment option with fees that exceed one-half of one percent, including but not limited to consideration of whether any legislative action is necessary with respect to reducing the fees and expenses associated with the underlying investment option.
