**Sec. 2.** RCW 80.36.650 and 2019 c 365 s 12 are each amended to read as follows:

(1) A state universal communications services program is established. The program is established to protect public safety and welfare under the authority of the state to regulate telecommunications under Article XII, section 19 of the state Constitution. The purpose of the program is to support continued provision of basic telecommunications services under rates, terms, and conditions established by the commission and the provision, enhancement, and maintenance of broadband services, recognizing that, historically, the incumbent public network functions to provide all communications services including, but not limited to, voice and broadband services.

(2) Under the program, eligible communications providers may receive distributions from the universal communications services account created in RCW 80.36.690 in exchange for the affirmative agreement to provide continued telecommunications services under the rates, terms, and conditions established by the commission under this chapter, and broadband services, for the period covered by the distribution. The commission must implement and administer the program under terms and conditions established in RCW 80.36.630 through 80.36.690. Expenditures for the program may not exceed ~~((five million dollars))~~ \$5,000,000 per fiscal year; provided, however, that if less than ~~((five million dollars))~~ \$5,000,000 is expended in any fiscal year, the unexpended portion must be carried over to subsequent fiscal years and, unless fully expended, must be available for program expenditures in such subsequent fiscal years in addition to the ~~((five million dollars))~~ \$5,000,000 allotted for each of those subsequent fiscal years.

(3) A communications provider is eligible to receive distributions from the account if:

(a)(i) The communications provider is:  
(A) An incumbent local exchange carrier serving fewer than ~~((forty thousand))~~ 40,000 access lines in the state; or (B) a radio communications service company providing wireless two-way voice communications service and broadband services to less than the equivalent of ~~((forty thousand))~~ 40,000 access lines in the state. For purposes of determining the access line threshold in this subsection, the access lines or equivalents of all wireline affiliates must be counted as a single threshold, if the

lines or equivalents are located in Washington;

(ii) The communications provider has adopted a plan to provide, enhance, ~~((or))~~ and maintain broadband services in its service area; and

(iii) The communications provider meets any other requirements established by the commission pertaining to the provision of communications services, including basic telecommunications services; or

(b) The communications provider demonstrates to the commission that the communications provider is able to provide the same or comparable services at the same or similar service quality standards at a lower price; and: (i) Will provide communications services to all customers in the exchange or exchanges in which it will provide service; and (ii) submits to the commission's regulation of its service as if it were the incumbent local exchange company serving the exchange or exchanges for which it seeks distribution from the account.

(4)(a) Distributions to eligible communications providers are based on criteria established by the commission.

(b) If the program does not have sufficient funds to fully fund the distribution formula set out in (a) of this subsection, distributions must be reduced on a pro rata basis using the amounts calculated for that year's program support as the basis of the pro rata calculations.

(c) To receive a distribution under the program, an eligible communications provider must affirmatively consent to continue providing communications services to its customers under rates, terms, and conditions established by the commission pursuant to this chapter for the period covered by the distribution.

(5) The program is funded from amounts deposited by the legislature in the universal communications services account established in RCW 80.36.690. The commission must operate the program within amounts appropriated for this purpose and deposited in the account.

(6) The commission must periodically review the accounts and records of any communications provider that receives distributions under the program to ensure compliance with the program and monitor the providers' use of the funds.

(7) The commission must establish an advisory board, consisting of a reasonable balance of representatives from different types of stakeholders, including but not limited to communications providers and consumers, to advise the commission on any rules and policies governing the operation of the program.

(8) The program terminates on June 30, ~~((2024))~~ 2034, and no distributions may be made after that date.

(9) This section expires July 1, ~~((2025))~~ 2035.

**Sec. 3.** RCW 80.36.660 and 2019 c 365 s 13 are each amended to read as follows:

(1) To implement the program, the commission must adopt rules for the following purposes and review them no less than every five years:

(a) Operation of the program, including criteria for: Eligibility for distributions; use of the funds; identification of any reports or data that must be filed with the commission, including, but not limited to, how a communication provider used the distributed funds; and the communications provider's infrastructure;

In addition, the commission may recover amounts determined to have been improperly distributed under RCW 80.36.650. For the purposes of this section, the provisions of RCW 80.04.380 through 80.04.405, inclusive, apply to all companies that receive support from the universal communications services account created in RCW 80.36.690.

(2) Any action taken under this section must be taken only after providing the affected communications provider with notice and an opportunity for a hearing, unless otherwise provided by law.

(3) Any amounts recovered under this section must be deposited in the universal communications services account created in RCW 80.36.690.

**Sec. 6.** RCW 80.36.690 and 2019 c 365 s 16 are each amended to read as follows:

(1) The universal communications services account is created in the custody of the state treasurer. Revenues to the account consist of moneys deposited in the account by the legislature and any penalties or other recoveries received pursuant to RCW 80.36.670. Expenditures from the account may be used only for the purposes of the universal communications services program established in RCW 80.36.650 and commission expenses related to implementation and

administration of the provisions of RCW 80.36.630 through 80.36.690 and section 212, chapter 8, Laws of 2013 2nd sp. sess. Only the secretary of the commission or the secretary's designee may authorize expenditures from the account. **POINT OF ORDER**

Representative Stonier requested a scope and object ruling on amendment (495) to ENGROSSED SENATE BILL NO. 5623.

**SPEAKER'S RULING**

"The title of the bill is an act relating to modifying an element of the offense of hate crime and classifying a hate crime as a crime against persons.

Current law provides that a person is guilty of a hate crime offense if they maliciously and intentionally commit certain acts based on the perpetrator's perception of a victim's race, color, religion, ancestry, national origin, gender, sexual orientation, gender expression or identity, or mental, physical, or sensory disability.

Engrossed Senate Bill 5623 provides that a person is guilty of a hate crime if they assault rather than physically injure a victim. The bill also permits a judge or jury to infer that a person intended to threaten a victim because of their perception of the victim's Jewish heritage by committing specific acts and reclassifies hate crime offenses as crimes against persons.

Amendment (495) expands the bill by extending hate crime offenses to acts committed by a perpetrator based on their perception of a victim's employment as a Washington peace officer. The amendment does not address the manner in which a perpetrator harms a victim, an inference drawn by a trier of fact based on a perpetrator's conduct, or the classification of hate crime offenses. The effect of the amendment is to create a new category of victims.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill.

The point of order is well taken."

SB 5104 Prime Sponsor, Senator Salomon: Surveying Puget Sound marine shoreline habitat. Reported by Committee on Environment & Energy

NEW SECTION. **Sec. 1.** The legislature finds that marine nearshore habitat in Puget Sound is important for the recovery of threatened and endangered species of salmon, orcas, and marine birds. Critical nearshore components include forage fish spawning habitat, submerged aquatic vegetation, benthic substrate, adjacent upland vegetation, and the geomorphic processes that support a healthy ecosystem and food web. Establishing and regularly updating a publicly available baseline survey and map of general shoreline conditions, including the presence, location, and condition of nearshore development, is a critical tool for regulatory planning and restoration and mitigation opportunity identification by state agencies, local jurisdictions, tribal governments, and nongovernmental organizations.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.21A RCW to read as follows:

(1) The department must conduct and maintain a baseline survey of Puget Sound marine shorelines that utilizes new technology to capture georeferenced oblique aerial and 360 degree on-the-water imagery. Nothing in this section creates a requirement for the department to perform change analysis. However, the software used must have the capacity for change analysis review. These identified technologies are intended to be a minimum requirement and the department may utilize and incorporate additional tools and technologies as they become available. The survey must document and map existing general shoreline conditions, structures, and structure conditions. This information must be available to the public and incorporated into state geographic information system mapping.

(2) The initial marine oblique aerial and on-the-water imagery must be completed and publicly available by December 31, 2024, and updated on a regular two-year cycle thereafter. The survey to document and map existing shoreline conditions, structures, and structure conditions must be completed and publicly available by June 30, 2025, and updated on a regular two-year cycle thereafter.

(3) For the purposes of this section, "Puget Sound" means Puget Sound and related inland salt waters of the state of Washington inside the boundary line between Washington and British Columbia, the Strait of Juan de Fuca, Hood Canal, and the San Juan Islands.

NEW SECTION. **Sec. 3.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

The cover page shall be in the following form:))~~

**The Law of Real Estate Agency**

~~This pamphlet describes your legal rights in dealing with a real estate firm or broker. Please read it carefully before signing any documents.~~

The following is only a brief summary of the attached law:

Sec. 1. Definitions. Defines the specific terms used in the law.

Sec. 2. Relationships between Brokers and the Public. Prescribes that a broker who works with a buyer or tenant represents that buyer or tenant unless the broker is the listing agent, a seller's subagent, a dual agent, the seller personally or the parties agree otherwise. Also prescribes that in a transaction involving two different brokers licensed to the same real estate firm, the firm's designated broker and any managing broker responsible for the supervision of both brokers, are dual agents and each broker solely represents his or her client unless the parties agree in writing that both brokers are dual agents.

Sec. 3. Duties of a Broker Generally. Prescribes the duties that are owed by all brokers, regardless of who the broker represents. Requires disclosure of the broker's agency relationship in a specific transaction.

Sec. 4. Duties of a Seller's Agent. Prescribes the additional duties of a broker representing the seller or landlord only.

Sec. 5. Duties of a Buyer's Agent. Prescribes the additional duties of a broker representing the buyer or tenant only.

Sec. 6. Duties of a Dual Agent. Prescribes the additional duties of a broker representing both parties in the same transaction, and requires the written consent of both parties to the broker acting as a dual agent.

Sec. 7. Duration of Agency Relationship. Describes when an agency relationship begins and ends. Provides that the duties of accounting and confidentiality continue after the termination of an agency relationship.

Sec. 8. Compensation. Allows real estate firms to share compensation with cooperating real estate firms. States that payment of compensation does not necessarily establish an agency relationship. Allows brokers to receive compensation from more than one party in a transaction with the parties' consent.

Sec. 9. Vicarious Liability. Eliminates the liability of a party for the conduct of the party's agent or subagent, unless the principal participated in or benefited from the conduct or the agent or subagent is insolvent. Also limits the liability of a broker for the conduct of a subagent.

Sec. 10. Imputed Knowledge and Notice. Eliminates the common law rule that

~~notice to or knowledge of an agent constitutes notice to or knowledge of the principal.~~

~~Sec. 11. Interpretation. This law establishes statutory duties which replace common law fiduciary duties owed by an agent to a principal.~~

~~Sec. 12. Short Sale. Prescribes an additional duty of a firm representing the seller of owner-occupied real property in a short sale.~~

(2) (a) The pamphlet required under RCW 18.86.030(1)(f) must also include the following disclosure: When the seller of owner-occupied residential real property enters into a listing agreement with a real estate firm where the proceeds from the sale may be insufficient to cover the costs at closing, it is the responsibility of the real estate firm to disclose to the seller in writing that the decision by any beneficiary or mortgagee, or its assignees, to release its interest in the real property, for less than the amount the borrower owes, does not automatically relieve the seller of the obligation to pay any debt or costs remaining at closing, including fees such as the real estate firm's commission.

(b) For the purposes of this subsection, "owner-occupied real property" means real property consisting solely of a single-family residence, a residential condominium unit, or a residential cooperative unit that is the principal residence of the borrower) be formatted so it can be easily reviewed by a buyer or seller, including a legible font and font size. The pamphlet shall be in the following form:

### **Real Estate Brokerage in Washington**

#### **Introduction**

This pamphlet provides general information about real estate brokerage and summarizes the laws related to real estate brokerage relationships. It describes a real estate broker's duties to the seller/landlord and buyer/tenant. Detailed and complete information about real estate brokerage relationships is available in chapter 18.86 RCW.

If you have any questions about the information in this pamphlet, contact your broker or the designated broker of your broker's firm.

#### **Licensing and Supervision of Brokers**

To provide real estate brokerage services in Washington, a broker must be licensed under chapter 18.85 RCW and licensed with a real estate firm, which also must be licensed. Each real estate firm has a designated broker who is responsible for supervising the brokers licensed with the firm. Some firms may have branch offices that are supervised by a branch manager and some firms may delegate certain supervisory duties to one or more managing brokers.

The Washington State Department of Licensing is responsible for enforcing all laws and rules relating to the conduct of real estate firms and brokers.

**Agency Relationship**

In an agency relationship, a broker is referred to as an "agent" and the seller/landlord and buyer/tenant is referred to as the "principal." For simplicity, in this pamphlet, seller includes landlord, and buyer includes tenant.

**For Sellers**

A real estate firm and broker must enter into a written services agreement with a seller to establish an agency relationship. The firm will then appoint one or more brokers to be agents of the seller. The firm's designated broker and any managing broker responsible for the supervision of those brokers are also agents of the seller.

**For Buyers**

A real estate firm and broker(s) who perform real estate brokerage services for a buyer establish an agency relationship by performing those services. The firm's designated broker and any managing broker responsible for the supervision of that broker are also agents of the buyer. A written services agreement between the buyer and the firm must be entered into before, or as soon as reasonably practical after, a broker begins rendering real estate brokerage services to the buyer.

**For both Buyer and Seller - as a Limited Dual Agent**

A limited dual agent provides limited representation to both the buyer and the seller in a transaction. Limited dual agency requires the consent of each principal in a written services agreement and may occur in two situations: (1) When the buyer and the seller are represented by the same broker, in which case the broker's designated broker and any managing broker responsible for the supervision of that broker are also limited dual agents; and (2) when the buyer and the seller are represented by different brokers in the same firm, in which case each broker solely represents the principal the broker was appointed to represent, but the broker's designated broker and any managing broker responsible for the supervision of those brokers are limited dual agents.

**Duration of Agency Relationship**

Once established, an agency relationship continues until the earliest of the following:

- (1) Completion of performance by the broker;
- (2) Expiration of the term agreed upon by the parties;
- (3) Termination of the relationship by mutual agreement of the parties; or
- (4) Termination of the relationship by notice from either party to the other. However, such a termination does not affect the contractual rights of either party.

**Written Services Agreement**

A written services agreement between the firm and principal must contain the following:

- (1) The term (duration) of the agreement;
- (2) Name of the broker(s) appointed to act as an agent for the principal;

(3) Whether the agency relationship is exclusive (which does not allow the principal to enter into an agency relationship with another firm during the term) or nonexclusive (which allows the principal to enter into an agency relationship with multiple firms at the same time);

(4) Whether the principal consents to limited dual agency;

(5) The terms of compensation;

(6) In an agreement with a buyer, whether the broker agrees to show a property when there is no agreement or offer by any party or firm to pay compensation to the broker's firm; and

(7) Any other agreements between the parties.

**A Broker's Duties to All Parties**

A broker owes the following duties to all parties in a transaction:

(1) To exercise reasonable skill and care;

(2) To deal honestly and in good faith;

(3) To timely present all written offers, written notices, and other written communications to and from either party;

(4) To disclose all existing material facts known by the broker and not apparent or readily ascertainable to a party. A material fact includes information that substantially adversely affects the value of the property or a party's ability to perform its obligations in a transaction, or operates to materially impair or defeat the purpose of the transaction. However, a broker does not have any duty to investigate matters that the broker has not agreed to investigate;

(5) To account in a timely manner for all money and property received from or on behalf of either party;

(6) To provide this pamphlet to all parties to whom the broker renders real estate brokerage services and to any unrepresented party;

(7) To disclose in writing who the broker represents; and

(8) To disclose in writing any terms of compensation offered by a party or a real estate firm to a real estate firm representing another party.

**A Broker's Duties to the Buyer or Seller**

A broker owes the following duties to their principal (either the buyer or seller):

(1) To be loyal to their principal by taking no action that is adverse or detrimental to their principal's interest in a transaction;

(2) To timely disclose to their principal any conflicts of interest;

(3) To advise their principal to seek expert advice on matters relating to the transaction that are beyond the broker's expertise;

(4) To not disclose any confidential information from or about their principal; and

(5) To make a good faith and continuous effort to find a property for the buyer or to find a buyer for the seller's property, until the principal has entered a contract for the purchase or sale of property or as agreed otherwise in writing.

**Limited Dual Agent Duties**

A limited dual agent may not advocate terms favorable to one principal to the detriment of the other principal. A broker, acting as a limited dual agent, owes the following duties to both the buyer and seller:

(1) To take no action that is adverse or detrimental to either principal's interest in a transaction;

(2) To timely disclose to both principals any conflicts of interest;

(3) To advise both principals to seek expert advice on matters relating to the transaction that are beyond the limited dual agent's expertise;

(4) To not disclose any confidential information from or about either principal; and

(5) To make a good faith and continuous effort to find a property for the buyer and to find a buyer for the seller's property, until the principals have entered a contract for the purchase or sale of property or as agreed otherwise in writing.

**Compensation**

In any real estate transaction, a firm's compensation may be paid by the seller, the buyer, a third party, or by sharing the compensation between firms. To receive compensation from any party, a firm must have a written services agreement with the party the firm represents (or provide a "Compensation Disclosure" to the buyer in a transaction for commercial real estate).

A services agreement must contain the following regarding compensation:

(1) The amount the principal agrees to compensate the firm for broker's services as an agent or limited dual agent;

(2) The principal's consent, if any, and any terms of such consent, to compensation sharing between firms and parties; and

(3) The principal's consent, if any, and any terms of such consent, to compensation of the firm by more than one party.

**Short Sales**

A "short sale" is a transaction where the seller's proceeds from the sale are insufficient to cover seller's obligations at closing (e.g., the seller's outstanding mortgage is greater than the sale price). If a sale is a short sale, the seller's real estate firm must disclose to the seller that the decision by any beneficiary or mortgagee, to release its interest in the property for less than the amount the seller owes to allow the sale to proceed, does not automatically relieve the seller of the obligation to pay any debt or costs remaining at closing, including real estate firms' compensation.

If the inmate is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(3) If any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(4) The department of corrections shall send the notices required by this section to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(5) For purposes of this section, "serious drug offense" means an offense under RCW 69.50.401(2) (a) or (b) or 69.50.4011(2) (a) or (b).

SSB 5165

Prime Sponsor, Environment, Energy & Technology: Concerning electric power system transmission planning. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that the electric power system serving Washington will require additional high voltage transmission capacity to achieve the state's objectives and legal requirements. Washington must reduce its greenhouse gas emissions under state law, and the 2021 state energy strategy finds that this will require a significant increase in the use of renewable or nonemitting electricity in place of fossil fuels now used in the transportation, industry, and building sectors.

(2) The legislature anticipated the crucial role of additional transmission capacity in 2019 in the enactment of the clean energy transformation act and directed the energy facilities site evaluation council to convene a transmission corridors work group. The transmission corridors work group issued its final report on October 31, 2022, in which it confirmed the central role of transmission and recommended actions to achieve the expansion of transmission capacity to address this need.

(3) Expanded transmission capacity and the more effective use of existing transmission capacity will provide benefits to electricity consumers in the state by enhancing the reliability of the electric power system and increasing access to more affordable sources of electricity within the state and across the western United States and Canada.

(4) Existing constraints on transmission capacity within the state already present challenges in ensuring adequate and affordable supplies of clean electricity. Of particular concern is the capability of the transmission system to deliver clean electricity into and within the central Puget Sound area.

(5) There are multiple issues that contribute to the challenge of making timely and cost-effective expansions of the high voltage transmission system. Among those challenges is the need for a more proactive transmission planning process using a longer planning period than current law requires. Transmission planning must reflect not just the requirements to connect individual generating resources to the grid but also the need to transfer electricity across the state and the west. Transmission planning must incorporate state policies and laws in planning objectives.

(6) Certain transmission projects are of significant state interest due to their impact on the access of multiple utilities and communities to gain access to clean, affordable electricity supplies and obtain electricity that is necessary to comply with state laws.

(7) The legislature intends and affirms that the option to use local government permitting processes remains available for transmission projects not subject to mandatory jurisdiction under RCW 80.50.060(2).

(8) Transmission projects typically take at least a decade to develop and permit. This timing presents particular challenges for achieving the state's greenhouse gas emissions reduction mandates, which include ambitious benchmarks as early as 2030. There is a need to accelerate the timeline for transmission development while still protecting other Washington values.

(9) Some electric utilities rely entirely or primarily on a contracted network transmission provider for required transmission services. These electric utilities may contribute to the objectives of this act by requesting that each provider of network transmission service to the utilities include the provisions of chapter 288, Laws of 2019 and chapter 70A.45 RCW as public policy mandates in the transmission service provider's transmission planning process.

**Sec. 2.** RCW 19.280.030 and 2021 c 300 s 3 are each amended to read as follows:

Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than (~~twenty-five thousand~~) 25,000 customers that are not full requirements customers must develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next (~~ten~~) 10 years or longer, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources, as informed, as applicable, by the assessment for conservation potential under RCW 19.285.040 for the planning horizon consistent with (a) of this subsection. Such assessment may include, as appropriate, opportunities for development of combined heat and power as an energy and capacity resource, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

(c) An assessment of commercially available, utility scale renewable and nonrenewable generating technologies including a comparison of the benefits and

risks of purchasing power or building new resources;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) An assessment of methods, commercially available technologies, or facilities for integrating renewable resources, including but not limited to battery storage and pumped storage, and addressing overgeneration events, if applicable to the utility's resource portfolio;

(f) An assessment and ~~((ten))~~ 20-year forecast of the availability of and requirements for regional generation and transmission capacity ((on which the utility may rely)) to provide and deliver electricity to ~~((its customers))~~ the utility's customers and to meet the requirements of chapter 288, Laws of 2019 and the state's greenhouse gas emissions reduction limits in RCW 70A.45.020. The transmission assessment must identify the utility's expected needs to acquire new long-term firm rights, develop new, or expand or upgrade existing, bulk transmission facilities consistent with the requirements of this section and reliability standards;

(i) If an electric utility operates transmission assets rated at 115,000 volts or greater, the transmission assessment must take into account opportunities to make more effective use of existing transmission capacity through improved transmission system operating practices, energy efficiency, demand response, grid modernization, nonwires solutions, and other programs if applicable;

(ii) An electric utility that relies entirely or primarily on a contract for transmission service to provide necessary transmission services may comply with the transmission requirements of this subsection by requesting that the counterparty to the transmission service contract include the provisions of chapter 288, Laws of 2019 and chapter 70A.45 RCW as public policy mandates in the transmission service provider's process for assessing transmission need, and planning and acquiring necessary transmission capacity;

(iii) An electric utility may comply with the requirements of this subsection (1)(f) by relying on and incorporating the results of a separate transmission assessment process, conducted individually or jointly with other utilities and transmission system users, if that assessment process meets the requirements of this subsection;

(g) A determination of resource adequacy metrics for the resource plan consistent with the forecasts;

(h) A forecast of distributed energy resources that may be installed by the utility's customers and an assessment of their effect on the utility's load and operations;

(i) An identification of an appropriate resource adequacy requirement and measurement metric consistent with prudent

utility practice in implementing RCW 19.405.030 through 19.405.050;

(j) The integration of the demand forecasts, resource evaluations, and resource adequacy requirement into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs, including mitigating overgeneration events and implementing RCW 19.405.030 through 19.405.050, at the lowest reasonable cost and risk to the utility and its customers, while maintaining and protecting the safety, reliable operation, and balancing of its electric system;

(k) An assessment, informed by the cumulative impact analysis conducted under RCW 19.405.140, of: Energy and nonenergy benefits and the avoidance and reductions of burdens to vulnerable populations and highly impacted communities; long-term and short-term public health and environmental benefits, costs, and risks; and energy security and risk;

(l) A ~~((ten))~~ 10-year clean energy action plan for implementing RCW 19.405.030 through 19.405.050 at the lowest reasonable cost, and at an acceptable resource adequacy standard, that identifies the specific actions to be taken by the utility consistent with the long-range integrated resource plan; and

(m) An analysis of how the plan accounts for:

(i) Modeled load forecast scenarios that consider the anticipated levels of zero emissions vehicle use in a utility's service area, including anticipated levels of zero emissions vehicle use in the utility's service area provided in RCW 47.01.520, if feasible;

(ii) Analysis, research, findings, recommendations, actions, and any other relevant information found in the electrification of transportation plans submitted under RCW 35.92.450, 54.16.430, and 80.28.365; and

(iii) Assumed use case forecasts and the associated energy impacts. Electric utilities may, but are not required to, use the forecasts generated by the mapping and forecasting tool created in RCW 47.01.520. This subsection (1)(m)(iii) applies only to plans due to be filed after September 1, 2023.

(2) ~~((For an investor-owned utility, the))~~ The clean energy action plan must:

(a) Identify and be informed by the utility's ~~((ten))~~ 10-year cost-effective conservation potential assessment as determined under RCW 19.285.040, if applicable;

(b) ~~((establish))~~ Establish a resource adequacy requirement;

(c) ~~((identify))~~ Identify the potential cost-effective demand response and load management programs that may be acquired;

(d) ~~((identify))~~ Identify renewable resources, nonemitting electric generation, and distributed energy resources that may be acquired and evaluate how each identified resource may be expected to contribute to meeting the utility's resource adequacy requirement;

(e) ~~((identify))~~ Identify any need to develop new, or expand or upgrade existing, bulk transmission and distribution facilities and document existing and planned efforts by the utility to make more effective use of existing transmission capacity and secure additional transmission capacity consistent with the requirements of subsection (1)(f) of this section; and

(f) ~~((identify))~~ Identify the nature and possible extent to which the utility may need to rely on alternative compliance options under RCW 19.405.040(1)(b), if appropriate.

(3)(a) An electric utility shall consider the social cost of greenhouse gas emissions, as determined by the commission for investor-owned utilities pursuant to RCW 80.28.405 and the department for consumer-owned utilities, when developing integrated resource plans and clean energy action plans. An electric utility must incorporate the social cost of greenhouse gas emissions as a cost adder when:

(i) Evaluating and selecting conservation policies, programs, and targets;

(ii) Developing integrated resource plans and clean energy action plans; and

(iii) Evaluating and selecting intermediate term and long-term resource options.

(b) For the purposes of this subsection (3): (i) Gas consisting largely of methane and other hydrocarbons derived from the decomposition of organic material in landfills, wastewater treatment facilities, and anaerobic digesters must be considered a nonemitting resource; and (ii) qualified biomass energy must be considered a nonemitting resource.

(4) To facilitate broad, equitable, and efficient implementation of chapter 288, Laws of 2019, a consumer-owned energy utility may enter into an agreement with a joint operating agency organized under chapter 43.52 RCW or other nonprofit organization to develop and implement a joint clean energy action plan in collaboration with other utilities.

(5) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ~~((ten))~~ 10 years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads;

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not: (i) Renewable resources; (ii) methods, commercially available technologies, or facilities for integrating renewable resources, including addressing any overgeneration event; or (iii) conservation and efficiency resources, why such a decision was made;

(d) By December 31, 2020, and in every resource plan thereafter, identifies how the utility plans over a ~~((ten))~~ 10-year period to implement RCW 19.405.040 and 19.405.050; and

(e) Accounts for:

(i) Modeled load forecast scenarios that consider the anticipated levels of zero

emissions vehicle use in a utility's service area, including anticipated levels of zero emissions vehicle use in the utility's service area provided in RCW 47.01.520, if feasible;

(ii) Analysis, research, findings, recommendations, actions, and any other relevant information found in the electrification of transportation plans submitted under RCW 35.92.450, 54.16.430, and 80.28.365; and

(iii) Assumed use case forecasts and the associated energy impacts. Electric utilities may, but are not required to, use the forecasts generated by the mapping and forecasting tool created in RCW 47.01.520. This subsection (5)(e)(iii) applies only to plans due to be filed after September 1, 2023.

(6) Assessments for demand-side resources included in an integrated resource plan may include combined heat and power systems as one of the measures in a conservation supply curve. The value of recoverable waste heat resulting from combined heat and power must be reflected in analyses of cost-effectiveness under this subsection.

(7) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(8) Plans developed under this section must be updated on a regular basis, on intervals approved by the commission or the department, or at a minimum on intervals of two years.

(9) Plans shall not be a basis to bring legal action against electric utilities.

(10)(a) To maximize transparency, the commission, for investor-owned utilities, or the governing body, for consumer-owned utilities, may require an electric utility to make the utility's data input files available in a native format. Each electric utility shall publish its final plan either as part of an annual report or as a separate document available to the public. The report may be in an electronic form.

(b) Nothing in this subsection limits the protection of records containing commercial information under RCW 80.04.095.

~~((11) By December 31, 2021, the department and the commission must adopt rules establishing the requirements for incorporating the cumulative impact analysis developed under RCW 19.405.140 into the criteria for developing clean energy action plans under this section.)~~

NEW SECTION. Sec. 3. A new section is added to chapter 19.280 RCW to read as follows:

(1) Electric utilities must in their planning and selection of renewable resources give reasonable consideration, consistent with prudent utility practice, to renewable resources that would use transmission services considered to be conditional firm under the tariff of the relevant transmission provider. For the purposes of this section, conditional firm service means any form of long-term firm point-to-point transmission service in which transmission customers are able to reserve service subject to specific and limited

conditions under which the transmission provider may curtail the transmission customer's reservation of service prior to curtailment of other firm service.

(2) Electric utilities are encouraged to participate and contribute to statewide or multiutility planning activities and through interstate transmission planning processes.

(3) Electric utilities must consult with federal, interstate, and voluntary industry organizations with a role in the bulk power transmission system, including but not limited to the Bonneville power administration, the Pacific Northwest electric power and conservation planning council, NorthernGrid, the Western Power Pool, and public interest organizations in improving the planning and development of transmission capacity consistent with this act.

**Sec. 4.** RCW 80.50.060 and 2022 c 183 s 6 are each amended to read as follows:

(1)(a) The provisions of this chapter apply to the construction of energy facilities which includes the new construction of energy facilities and the reconstruction or enlargement of existing energy facilities where the net increase in physical capacity or dimensions resulting from such reconstruction or enlargement meets or exceeds those capacities or dimensions set forth in RCW 80.50.020 (14) and (29). No construction or reconstruction of such energy facilities may be undertaken, except as otherwise provided in this chapter, without first obtaining certification in the manner provided in this chapter.

(b) If applicants proposing the following types of facilities choose to receive certification under this chapter, the provisions of this chapter apply to the construction, reconstruction, or enlargement of these new or existing facilities:

(i) Facilities that produce refined biofuel, but which are not capable of producing 25,000 barrels or more per day;

(ii) Alternative energy resource facilities;

(iii) Electrical transmission facilities: (A) Of a nominal voltage of at least 115,000 volts; and (B) located in more than one jurisdiction that has promulgated land use plans or zoning ordinances;

(iv) Clean energy product manufacturing facilities; and

(v) Storage facilities.

(c) All of the council's powers with regard to energy facilities apply to all of the facilities in (b) of this subsection and these facilities are subject to all provisions of this chapter that apply to an energy facility.

(2)(a) The provisions of this chapter must apply to ~~((the))~~:

(i) The construction, reconstruction, or enlargement of new or existing electrical transmission facilities: (A) Of a nominal voltage of at least 500,000 volts alternating current or at least 300,000 volts direct current; (B) located in more than one county; and (C) located in the Washington service area of more than one retail electric utility; and

(ii) The construction, reconstruction, or modification of electrical transmission facilities when the facilities are located in a national interest electric transmission corridor as specified in RCW 80.50.045.

(b) For the purposes of this subsection, "modification" means a significant change to an electrical transmission facility and does not include the following: (i) Minor improvements such as the replacement of existing transmission line facilities or supporting structures with equivalent facilities or structures; (ii) the relocation of existing electrical transmission line facilities; (iii) the conversion of existing overhead lines to underground; or (iv) the placing of new or additional conductors, supporting structures, insulators, or their accessories on or replacement of supporting structures already built.

(3) The provisions of this chapter shall not apply to normal maintenance and repairs which do not increase the capacity or dimensions beyond those set forth in RCW 80.50.020 (14) and (29).

(4) Applications for certification of energy facilities made prior to July 15, 1977, shall continue to be governed by the applicable provisions of law in effect on the day immediately preceding July 15, 1977, with the exceptions of RCW 80.50.071 which shall apply to such prior applications and to site certifications prospectively from July 15, 1977.

(5) Applications for certification shall be upon forms prescribed by the council and shall be supported by such information and technical studies as the council may require.

(6) Upon receipt of an application for certification under this chapter, the chair of the council shall notify:

(a) The appropriate county legislative authority or authorities where the proposed facility is located;

(b) The appropriate city legislative authority or authorities where the proposed facility is located;

(c) The department of archaeology and historic preservation; and

(d) The appropriate federally recognized tribal governments that may be affected by the proposed facility.

(7) The council must work with local governments where a project is proposed to be sited in order to provide for meaningful participation and input during siting review and compliance monitoring.

(8) The council must consult with all federally recognized tribes that possess resources, rights, or interests reserved or protected by federal treaty, statute, or executive order in the area where an energy facility is proposed to be located to provide early and meaningful participation and input during siting review and compliance monitoring. The chair and designated staff must offer to conduct government-to-government consultation to address issues of concern raised by such a tribe. The goal of the consultation process is to identify tribal resources or rights potentially affected by the proposed energy facility and to seek ways to avoid, minimize, or mitigate any adverse effects on

tribal resources or rights. The chair must provide regular updates on the consultation to the council throughout the application review process. The report from the council to the governor required in RCW 80.50.100 must include a summary of the government-to-government consultation process that complies with RCW 42.56.300, including the issues and proposed resolutions.

(9) The department of archaeology and historic preservation shall coordinate with the affected federally recognized tribes and the applicant in order to assess potential effects to tribal cultural resources, archaeological sites, and sacred sites.

**Sec. 5.** RCW 80.50.045 and 2006 c 196 s 3 are each amended to read as follows:

(1) The council shall consult with other state agencies, utilities, local municipal governments, public interest groups, tribes, and other interested persons to convey their views to the secretary and the federal energy regulatory commission regarding appropriate limits on federal regulatory authority in the siting of electrical transmission corridors in the state of Washington.

(2) The council is designated as the state authority for purposes of siting transmission facilities under ~~((the national energy policy act of 2005))~~ Title 16 U.S.C. Sec. 824p and for purposes of other such rules or regulations adopted by the secretary. The council's authority regarding transmission facilities under this subsection is limited to those transmission facilities that are the subject of ~~((section 1221 of the national energy policy act))~~ Title 16 U.S.C. Sec. 824p and this chapter.

(3) For the construction and modification of transmission facilities that are the subject of ~~((section 1221 of the national energy policy act))~~ Title 16 U.S.C. Sec. 824p, the council may: (a) Approve the siting of the facilities; and (b) consider the interstate benefits expected to be achieved by the proposed construction or modification of the facilities in the state.

(4) When developing recommendations as to the disposition of an application for the construction or modification of transmission facilities under this chapter, the fuel source of the electricity carried by the transmission facilities shall not be considered.

(5) For electrical transmission projects proposed or sited by a federal agency, the director must coordinate state agency participation in environmental review under the national environmental policy act.

**NEW SECTION. Sec. 6.** A new section is added to chapter 43.21C RCW to read as follows:

**NONPROJECT ENVIRONMENTAL REVIEWS.** (1) The energy facility site evaluation council shall prepare nonproject environmental impact statements, pursuant to RCW 43.21C.030, that assess and disclose the probable significant adverse environmental impacts, and that identify related mitigation measures for electrical

transmission facilities with a nominal voltage of 230kV or greater.

(2) The scope of a nonproject environmental review is limited to the probable, significant adverse environmental impacts in geographic areas that are suitable for the electrical transmission facilities with a nominal voltage of 230kV or greater. The energy facility site evaluation council may consider standard attributes for likely development, proximity to existing transmission or complementary facilities, and planned corridors for transmission capacity construction, reconstruction, or enlargement. The nonproject review is not required to evaluate geographic areas that lack the characteristics necessary for electrical transmission facilities with a nominal voltage of 230kV or greater.

(3) (a) The scope of nonproject environmental impact statements must consider, as appropriate, analysis of the following probable significant adverse environmental impacts, including direct, indirect, and cumulative impacts to:

(i) Historic and cultural resources;

(ii) Species designated for protection under RCW 77.12.020 or the federal endangered species act;

(iii) Landscape scale habitat connectivity and wildlife migration corridors;

(iv) Environmental justice and overburdened communities as defined in RCW 70A.02.010;

(v) Cultural resources and elements of the environment relevant to tribal rights, interests, and resources including tribal cultural resources, and fish, wildlife, and their habitat;

(vi) Land uses, including agricultural and ranching uses; and

(vii) Military installations and operations.

(b) The nonproject environmental impact statements must identify measures to avoid, minimize, and mitigate probable significant adverse environmental impacts identified during the review. These include measures to mitigate probable significant adverse environmental impacts to elements of the environment as defined in WAC 197-11-444 as it existed as of January 1, 2023, tribal rights, interests, and resources, including tribal cultural resources, as identified in RCW 70A.65.305, and overburdened communities as defined in RCW 70A.02.010. The energy facility site evaluation council shall consult with other agencies with expertise in identification and mitigation of probable, significant adverse environmental impacts including, but not limited to, the department of fish and wildlife. The energy facility site evaluation council shall further specify when probable, significant adverse environmental impacts cannot be mitigated.

(4) In defining the scope of nonproject review of electrical transmission facilities with a nominal voltage of 230kV or greater, the energy facility site evaluation council shall request input from agencies, federally recognized Indian tribes, industry, stakeholders, local governments, and the public to identify the geographic areas

suitable for electrical transmission facilities with a nominal voltage of 230kV or greater, based on the climatic and geophysical attributes conducive to or required for project development. The energy facility site evaluation council will provide opportunities for the engagement of tribes, overburdened communities, and stakeholders that self-identify an interest in participating in the process.

(5) The energy facility site evaluation council must offer early and meaningful consultation with any affected federally recognized Indian tribe on the nonproject review under this section for the purpose of understanding potential impacts to tribal rights and resources, including tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which an Indian tribe or tribes possess rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required by state law, or by a state agency. The goal of the consultation process is to support the nonproject review by early identification of tribal rights, interests, or resources, including tribal cultural resources, potentially affected by the project type and identifying solutions, when possible, to avoid, minimize, or mitigate any adverse effects on tribal rights, interests, or resources, including tribal cultural resources, based on environmental or permit review.

(6) Final nonproject environmental review documents for the electrical transmission facilities with a nominal voltage of 230kV or greater, where applicable, must include maps identifying probable, significant adverse environmental impacts for the resources evaluated. Maps must be prepared with the intention to illustrate probable, significant impacts and areas where impacts are avoided or capable of being minimized or mitigated, creating a tool that may be used by project proponents, tribes, and government to inform decision making. Maps may not include confidential information, such as locations of sacred cultural sites or locations of populations of certain protected species.

(7) For transmission line projects utilizing an existing transmission right-of-way or that are located along a transportation corridor or transmission projects utilizing an existing transmission right-of-way, the reasonable alternatives analysis required under this section is limited to the proposed action and a no action alternative.

**NEW SECTION. Sec. 7.** A new section is added to chapter 43.21C RCW to read as follows:

**LEAD AGENCY USE OF NONPROJECT ENVIRONMENTAL IMPACT STATEMENT.** (1) A lead agency conducting a project-level environmental review under this chapter of an electrical transmission facility with a nominal voltage of 230kV or greater must consider a nonproject environmental impact statement completed pursuant to section 6 of

this act in order to identify and mitigate project-level probable significant adverse environmental impacts.

(2)(a) Project-level environmental review conducted pursuant to this chapter of an electrical transmission facility with a nominal voltage of 230kV or greater must begin with the review of the applicable nonproject environmental impact statement completed pursuant to section 6 of this act. The review must address any probable significant adverse environmental impacts associated with the proposal that were not analyzed in the nonproject environmental impact statements pursuant to section 6 of this act. The review must identify any mitigation measures specific to the project for probable significant adverse environmental impacts.

(b) Lead agencies reviewing site-specific project proposals for electrical transmission facilities with a nominal voltage of 230kV or greater shall use the nonproject review described in section 6 of this act through one of the following methods and in accordance with WAC 197-11-600, as it existed as of January 1, 2023:

(i) Use of the nonproject review unchanged, in accordance with RCW 43.21C.034, if the project does not cause probable significant adverse environmental impact not identified in the nonproject review;

(ii) Preparation of an addendum;

(iii) Incorporation by reference; or

(iv) Preparation of a supplemental environmental impact statement.

(3) Proposals for electrical transmission facilities with a nominal voltage of 230kV or greater following the recommendations developed in the nonproject environmental review completed pursuant to section 6 of this act are considered to have mitigated the probable significant adverse project-specific environmental impacts under this chapter for which recommendations were specifically developed unless the project-specific environmental review identifies project-level probable significant adverse environmental impacts not addressed in the nonproject environmental review."

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction must provide transportation safety net awards to school districts with a convincingly demonstrated need for additional transportation funding for special passengers. Transportation safety net awards shall only be provided when a school district's allowable transportation expenditures exceed the amounts provided under RCW 28A.160.150 through 28A.160.192 and any excess transportation costs reimbursed by federal, state, tribal, or local child welfare agencies. School district safety net awards shall not exceed the school district's expenditures directly attributable to serving special passengers in the pupil transportation program.

(2) For the purposes of this section, "special passengers" include:

(a) Students eligible for and receiving special education that require transportation as a related service of their individualized education program;

(b) Homeless students requiring transportation under the McKinney-Vento act, reauthorized as Title X, Part C, of the no child left behind act, P.L. 107-110, in January 2002; and

(c) Foster students receiving transportation as required under section 1112(c)(5)(B) of the every student succeeds act, P.L. 114-95.

(3) To be eligible for additional transportation safety net award funding, the school district must report, in accordance with statewide accounting guidance, the amount of the excess costs and the specific activities or services provided to special passengers that created the excess costs.

(4) The superintendent of public instruction must establish rules and processes for transportation safety net applications and awards. The omnibus appropriations act must specify the total amount available for transportation safety net awards. Total awards may not exceed the amount appropriated. The superintendent of public instruction must submit to the office of financial management, and the education and fiscal committees of the legislature, the total demonstrated need and awards by school district.

(5) Charter schools established under chapter 28A.710 RCW and state-tribal compact schools established under chapter 28A.715 RCW are also eligible for awards under this section.

(6) Transportation safety net awards allocated under this section are not part of the state's program of basic education.

**Sec. 2.** RCW 28A.160.193 and 2018 c 266 s 103 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a transportation alternate funding grant program is created.

(2) As part of the award process for the grants, the superintendent of public instruction must include a review of the school district's efficiency rating, key performance indicators, and local school district characteristics such as unique geographic constraints, low enrollment, geographic density of students, ~~((the percentage of students served under the McKinney-Vento homeless assistance act from outside the district,))~~ or whether the district is a nonhigh district.

**Sec. 3.** RCW 28A.160.140 and 1990 c 33 s 140 are each amended to read as follows:

(1) As a condition of entering into a pupil transportation services contract with a private nongovernmental entity, each school district shall engage in an open competitive process at least once every five years. This requirement shall not be construed to prohibit a district from entering into a pupil transportation services contract of less than five years in duration with a district option to renew, extend, or terminate the contract, if the district engages in an open competitive process at least once every five years after July 26, 1987.

(2)(a) A school district may only enter into a pupil transportation services contract with a nongovernmental entity if that entity provides the following to, or on behalf of, employees who choose to opt in for coverage:

(i) An employer health benefits contribution equal to the employer payment dollar amount in effect for the first year of the contract for health care benefit rates (Cockle rates), published annually by the health care authority, for the school employees' benefits board program for school employees; and

(ii) An amount equivalent to the salaries of the employees of the private nongovernmental entity multiplied by the employer normal cost contribution rate determined under the entry age cost method for the school employees' retirement system, as published in the most recent actuarial valuation report from the office of the state actuary for the first year of the contract.

(b) Subsection (2)(a) of this section applies only to pupil transportation service contracts for which the request for proposals begins after the effective date of this section and no earlier than for a contract affecting the 2024-25 school year.

(c) All pupil transportation service contracts entered into or modified after the effective date of this section must include a detailed explanation of any contract cost increase by year, expenditure type, and amount, including any increases in cost that result from providing the benefits required under this section.

(3) As used in this section:

~~((1))~~ (a) "Employee" means a bus or shuttle driver, monitor, mechanic, or dispatcher who works sufficient compensated hours for the nongovernmental entity performing services on the contract with the school district to meet the eligibility requirements that apply to school employees

for benefits in the school employees' retirement system and the school employees' benefits board program;

(b) "Open competitive process" means either one of the following, at the choice of the school district:

((+a)) (i) The solicitation of bids or quotations and the award of contracts under RCW 28A.335.190; or

((+b)) (ii) The competitive solicitation of proposals and their evaluation consistent with the process and criteria recommended or required, as the case may be, by the office of financial management for state agency acquisition of personal service contractors;

((+2)) (c) "Pupil transportation services contract" means a contract for the operation of privately owned or school district owned school buses, and the services of drivers or operators, management and supervisory personnel, and their support personnel such as secretaries, dispatchers, and mechanics, or any combination thereof, to provide students with transportation to and from school on a regular basis; and

((+3)) (d) "School bus" means a motor vehicle as defined in RCW 46.04.521 and under the rules of the superintendent of public instruction.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.160 RCW to read as follows:

(1) A school district that experiences an increase in costs to a pupil transportation services contract as compared to prior year contract costs as a result of the provisions in RCW 28A.160.140 is eligible for supplemental transportation allocations as described in this section.

(2) Beginning September 1, 2024, school districts that provide pupil transportation through a contract with a nongovernmental entity under RCW 28A.160.140 must annually provide the office of the superintendent of public instruction with the following information:

(a) A breakdown of the total contract cost increase, including a detailed explanation of the increase by expenditure type demonstrating dollar equivalency as required in RCW 28A.160.140(2)(a)(i) and percentage equivalency as required in RCW 28A.160.140(2)(a)(ii), as defined by the office of the superintendent of public instruction, and amount;

(b) A breakdown of cost from the contractor that shows the cost to provide health care and pension benefits to employees prior to the effective date of this section and the cost to provide health care and pension benefits to employees after the implementation of benefits as described in RCW 28A.160.140;

(c) The amount of funding received through transportation allocations under RCW 28A.160.150 through 28A.160.192 prior to the implementation of school employee benefits under chapter 41.05 RCW and the amount of funding received through the same transportation allocations for the period immediately following the implementation of school employee benefits under chapter 41.05 RCW, to determine the amount of funding for

health care that is already being included in allocations.

(3) The office of the superintendent of public instruction may suspend the reporting requirements under subsection (2) of this section on or after September 1, 2027, for districts that do not request supplemental transportation allocations under this section.

(4) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction must reimburse a school district that contracts for transportation bus services as of March 30, 2023, for the increased cost that is directly attributable to increased benefits as required under this act, using the following formula: The total contract cost increase, less any amounts not attributable to benefits required under RCW 28A.160.140, less the amount the allocation was increased based on the actual cost increase through the transportation funding formula."

Prime Sponsor, Labor & Commerce:  
Preventing use of vapor and tobacco products by minors. Reported by Committee on Regulated Substances & Gaming

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds:

(a) Prevention is the most effective tool to reduce vapor and tobacco usage by persons under the age of 21. Protection of adolescents' health and well-being requires enforcement and intervention efforts to focus upon effective vapor and tobacco control and access strategies.

(b) Retailers play a key role in ensuring that state law regarding access to vapor or tobacco is followed. However, the 2021 healthy youth survey found that 15 percent (one out of every six) retail stores illegally sold tobacco or vapor products to a minor in 2021.

(c) Vapor and tobacco product purchase, use, and possession by persons under the age of 21 is a critical public health issue. The

2021 healthy youth survey found that 16 percent of 12th graders in Washington state reported using tobacco or vapor products in the past 30 days, youth under age 18 are far more likely to start using tobacco than adults, and nearly nine out of 10 adults who smoke started by age 18. The healthy youth survey also found that 104,000 Washington youth alive today will ultimately die prematurely from smoking.

(d) With the passage of chapter 15, Laws of 2019, individuals between the ages of 18 and 21 do not face liability for purchase or possession of vapor or tobacco products but individuals under the age of 18 continue to face civil liability for purchase or possession of vapor or tobacco products, creating a disparity in the law.

(2) The legislature therefore finds that all persons under the age of 21 who purchase, use, or possess vapor or tobacco products should be offered community-based interventions that are more effective in helping them quit. The legislature further resolves to increase enforcement strategies to ensure retailer compliance with tobacco and vapor product possession laws.

**Sec. 2.** RCW 70.155.080 and 2002 c 175 s 47 are each amended to read as follows:

(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to ~~((a fine as set out in chapter 7.80 RCW or))~~ participation in up to four hours of community ~~((restitution, or both. The court may also require participation in))~~ service and referral to a smoking cessation program at no cost. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor ~~((control))~~ and cannabis board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section.

(3) Any enforcement officers issuing citations under this section must collect demographic data and the liquor and cannabis board must compile this information into a statewide report and provide the report annually to the legislature.

**Sec. 3.** RCW 70.345.140 and 2016 sp.s. c 38 s 14 are each amended to read as follows:

(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain vapor products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to ~~((a fine as set out in chapter 7.80 RCW or))~~ participation in up to four hours of community ~~((restitution, or both. The court may also require participation in))~~ service and referral to a smoking cessation program at no cost. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as

part of a board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section.

(3) Any enforcement officers issuing citations under this section must collect demographic data and the liquor and cannabis board must compile this information into a statewide report and provide the report annually to the legislature.

**Sec. 4.** RCW 70.155.100 and 2016 sp.s. c 38 s 23 are each amended to read as follows:

(1) The liquor and cannabis board may suspend or revoke a retailer's license issued under RCW 82.24.510(1)(b) or 82.26.150(1)(b) held by a business at any location, or may impose a monetary penalty as set forth in subsection (3) of this section, if the liquor and cannabis board finds that the licensee has violated RCW 26.28.080, 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.070, or 70.155.090.

(2) Any retailer's licenses issued under RCW 70.345.020 to a person whose license or licenses under chapter 82.24 or 82.26 RCW have been suspended or revoked for violating RCW 26.28.080 must also be suspended or revoked during the period of suspension or revocation under this section.

(3) The sanctions that the liquor and cannabis board may impose against a person licensed under RCW 82.24.530 or 82.26.170 based upon one or more findings under subsection (1) of this section may not exceed the following:

(a) For violations of RCW ~~((26.28.080,))~~ 70.155.020 ~~((,))~~ or 21 C.F.R. Sec. 1140.14, and for violations of RCW 70.155.040 occurring on the licensed premises:

(i) A monetary penalty of ~~((two hundred dollars))~~ \$200 for the first violation within any three-year period;

(ii) A monetary penalty of ~~((six hundred dollars))~~ \$600 for the second violation within any three-year period;

(iii) A monetary penalty of ~~((two thousand dollars))~~ \$2,000 and suspension of the license for a period of six months for the third violation within any three-year period;

(iv) A monetary penalty of ~~((three thousand dollars))~~ \$3,000 and suspension of the license for a period of ~~((twelve))~~ 12 months for the fourth violation within any three-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any three-year period;

(b) For violations of RCW 26.28.080:

(i) A monetary penalty of \$1,000 for the first violation within any three-year period;

(ii) A monetary penalty of \$2,500 for the second violation within any three-year period;

(iii) A monetary penalty of \$5,000 and suspension of the license for a period of six months for the third violation within any three-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any three-year period;

(c) If the board finds that a person licensed under chapter 82.24 or 82.26 RCW and RCW 70.345.020 has violated RCW 26.28.080, each subsequent violation of either of the person's licenses counts as an additional violation within that three-year period~~(-)~~;

~~((+))~~ (d) For violations of RCW 70.155.030, a monetary penalty in the amount of ~~((one hundred dollars))~~ \$100 for each day upon which such violation occurred;

~~((+))~~ (e) For violations of RCW 70.155.050, a monetary penalty in the amount of ~~((six hundred dollars))~~ \$600 for each violation;

~~((+))~~ (f) For violations of RCW 70.155.070, a monetary penalty in the amount of ~~((two thousand dollars))~~ \$2,000 for each violation.

(4) The liquor and cannabis board may impose a monetary penalty upon any person other than a licensed cigarette or tobacco product retailer if the liquor and cannabis board finds that the person has violated RCW 26.28.080, 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.070, or 70.155.090.

(5) The monetary penalty that the liquor and cannabis board may impose based upon one or more findings under subsection (4) of this section may not exceed the following:

(a) For violation of RCW 26.28.080 or 70.155.020, ~~((one hundred dollars))~~ \$100 for the first violation and ~~((two hundred dollars))~~ \$200 for each subsequent violation;

(b) For violations of RCW 70.155.030, ~~((two hundred dollars))~~ \$200 for each day upon which such violation occurred;

(c) For violations of RCW 70.155.040, ~~((two hundred dollars))~~ \$200 for each violation;

(d) For violations of RCW 70.155.050, ~~((six hundred dollars))~~ \$600 for each violation;

(e) For violations of RCW 70.155.070, ~~((two thousand dollars))~~ \$2,000 for each violation.

(6) The liquor and cannabis board may develop and offer a class for retail clerks and use this class in lieu of a monetary penalty for the clerk's first violation.

(7) The liquor and cannabis board may issue a cease and desist order to any person who is found by the liquor and cannabis board to have violated or intending to violate the provisions of this chapter, RCW 26.28.080, 82.24.500, or 82.26.190 requiring such person to cease specified conduct that is in violation. The issuance of a cease and desist order does not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(8) The liquor and cannabis board may seek injunctive relief to enforce the provisions of RCW 26.28.080, 82.24.500, 82.26.190 or this chapter. The liquor and cannabis board may initiate legal action to collect civil penalties imposed under this

chapter if the same have not been paid within thirty days after imposition of such penalties. In any action filed by the liquor and cannabis board under this chapter, the court may, in addition to any other relief, award the liquor and cannabis board reasonable attorneys' fees and costs.

(9) All proceedings under subsections (1) through (7) of this section shall be conducted in accordance with chapter 34.05 RCW.

(10) The liquor and cannabis board may reduce or waive either the penalties or the suspension or revocation of a license, or both, as set forth in this chapter where the elements of proof are inadequate or where there are mitigating circumstances. Mitigating circumstances may include, but are not limited to, an exercise of due diligence by a retailer. Further, the board may exceed penalties set forth in this chapter based on aggravating circumstances.

**Sec. 5.** RCW 70.155.110 and 1993 c 507 s 12 are each amended to read as follows:

(1) The ~~((liquor control))~~ board shall, in addition to the board's other powers and authorities, have the authority to enforce the provisions of this chapter and RCW 26.28.080~~((+))~~ and 82.24.500. The ~~((liquor control))~~ board shall have full power to revoke or suspend the license of any retailer or wholesaler in accordance with the provisions of RCW 70.155.100.

(2) The ~~((liquor control))~~ board and the board's authorized agents or employees shall have full power and authority to enter any place of business where tobacco products are sold for the purpose of enforcing the provisions of this chapter.

(3) ~~(a)~~ For the purpose of enforcing the provisions of this chapter and RCW 26.28.080~~((+))~~ and 82.24.500, ~~((a peace officer or))~~ an enforcement officer of the ~~((liquor control))~~ board who has reasonable grounds to believe a person observed by the officer in proximity to a retailer licensee under chapters 82.24 and 82.26 RCW who is purchasing, attempting to purchase, or in possession of tobacco products is under the age of eighteen years of age, may detain such person in proximity to such retailer for a reasonable period of time and in such a reasonable manner as is necessary to determine the person's true identity and date of birth. Further, tobacco products possessed by persons under the age of eighteen years of age are considered contraband and may be seized by ((a peace officer or)) an enforcement officer of the ((liquor control)) board.

(b) For the purposes of this subsection, "proximity" means 100 feet or less.

(4) The ~~((liquor control))~~ board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance.

**Sec. 6.** RCW 70.155.120 and 2019 c 415 s 979 and 2019 c 15 s 10 are each reenacted and amended to read as follows:

(1) The youth tobacco and vapor products prevention account is created in the state treasury. All fees collected pursuant to RCW

70.155.100(3)(b), 82.24.520, 82.24.530, 82.26.160, and 82.26.170 and funds collected by the (~~(liquor and cannabis)~~) board from the imposition of monetary penalties shall be deposited into this account, except that (~~(ten)~~)10 percent of all such fees and penalties shall be deposited in the state general fund.

(2) Moneys appropriated from the youth tobacco and vapor products prevention account to the department of health shall be used by the department of health for implementation of this chapter, including collection and reporting of data regarding enforcement and the extent to which access to tobacco products and vapor products by youth has been reduced.

(3) The department of health shall enter into interagency agreements with the (~~(liquor and cannabis)~~) board to pay the costs incurred, up to (~~(thirty)~~)30 percent of available funds, in carrying out its enforcement responsibilities under this chapter. Such agreements shall set forth standards of enforcement, consistent with the funding available, so as to reduce the extent to which tobacco products and vapor products are available to individuals under the age of (~~(twenty-one)~~)21. The agreements shall also set forth requirements for data reporting by the (~~(liquor and cannabis)~~) board regarding its enforcement activities. During the 2019-2021 fiscal biennium, the department of health shall pay the costs incurred, up to (~~(twenty-three)~~)23 percent of available funds, in carrying out its enforcement responsibilities.

(4) The department of health, the (~~(liquor and cannabis)~~) board, and the department of revenue shall enter into an interagency agreement for payment of the cost of administering the tobacco retailer licensing system and for the provision of quarterly documentation of tobacco wholesaler, retailer, and vending machine names and locations.

(5) The department of health shall, within up to (~~(seventy)~~)70 percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco and vapor product intervention strategies to prevent and reduce tobacco and vapor product use by youth. During the 2019-2021 fiscal biennium, the department of health shall, within up to (~~(seventy-seven)~~)77 percent of available funds, provide grants to local health departments or other local community agencies to develop and implement coordinated tobacco and vapor product intervention strategies to prevent and reduce tobacco and vapor product use by youth.

**Sec. 7.** RCW 70.345.160 and 2016 sp.s. c 38 s 24 are each amended to read as follows:

(1) The board must have, in addition to the board's other powers and authorities, the authority to enforce the provisions of this chapter.

(2) The board and the board's authorized agents or employees have full power and authority to enter any place of business

where vapor products are sold for the purpose of enforcing the provisions of this chapter.

(3)(a) For the purpose of enforcing the provisions of this chapter, (~~(a peace officer or)~~)an enforcement officer of the board who has reasonable grounds to believe a person observed by the officer in proximity to a retailer licensee under this chapter and chapter 82.25 RCW who is purchasing, attempting to purchase, or in possession of vapor products is under eighteen years of age, may detain such person in proximity to such retailer for a reasonable period of time and in such a reasonable manner as is necessary to determine the person's true identity and date of birth. Further, vapor products possessed by persons under eighteen years of age are considered contraband and may be seized by (~~(a peace officer or)~~)an enforcement officer of the board.

(b) For the purposes of this subsection, "proximity" means 100 feet or less.

(b) If the analyzed vapor product contains an ingredient, substance, or solution present in quantities injurious to human health or posing a significant risk to public health, as determined by the secretary of health or a local health jurisdiction, the board may suspend the license of the retailer or delivery sale licensee unless the retailer or delivery sale licensee agrees to remove the product from sales; and

(c) If upon a finding from the secretary of health or local health jurisdiction that the vapor product poses an injurious risk to public health or significant public health risk, the retailer or delivery sale licensee does not remove the product from sale, the secretary of health or local health officer may file for an injunction in superior court prohibiting the sale or distribution of that specific vapor product substance or solution.

~~((6))~~(7) Nothing in subsection ~~((5))~~(6) of this section permits a total ban on the sale or use of vapor products.

SB 5369

Prime Sponsor, Senator Billig: Reassessing standards for polychlorinated biphenyls in consumer products. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that polychlorinated biphenyls, or PCBs, are a hazardous chemical class that have been identified as carcinogenic, a developmental toxicant, toxic to aquatic organisms, and persistent and bioaccumulative. According to the United States environmental protection agency, PCBs are probable human carcinogens and may have serious and potential effects on the immune system, reproductive system, nervous system, and endocrine system.

(2) Humans and other organisms can be exposed to PCBs in a number of ways. PCBs can be released into the environment from hazardous waste sites, illegal dumping, or disposal of PCB wastes or PCB-containing products in areas or landfills not designed to handle hazardous waste, leaks, or releases from electrical transformers containing PCBs, and wastewater discharges. Once PCBs are released, the chemicals do not readily break down in the environment and can cycle for long periods between air, water, and soil. PCBs can accumulate in leaves and above-ground parts of plants and food crops, and they are also taken up into the bodies of small organisms and fish, resulting in potential exposure for people and organisms that ingest the fish.

(3) In 1979, the United States banned the production of PCBs under the toxic substances control act. However, the United States environmental protection agency's regulations implementing the toxic substances control act for PCBs allow some inadvertent generation of PCBs to occur in excluded manufacturing processes. These manufacturing by-product PCBs have been identified in wastewater, sediments, and air in numerous locations and have been positively identified in the testing of new products.

(4) The legislature finds that the state has done much to address PCB contamination,

including cleanup, permitting, stormwater management, and fish advisories. In addition, the United States environmental protection agency, Washington state, and the Spokane tribe of Indians have established PCB water quality standards to protect human health and the environment. These standards are critical for addressing release and exposure from legacy and nonlegacy PCBs. However, the standards cannot be achieved with currently available water treatment technology if the waste stream continues to include new sources of PCBs allowable under the toxic substances control act at levels measured in products such as paints, inks, and pigments that are billions of times higher than applicable water quality standards. While the United States environmental protection agency has restored a human health criteria standard of seven parts per quadrillion in Washington waters, the toxic substances control act limit for PCBs in products is an annual average of 25 parts per million, with a maximum 50 parts per million adjusted total PCBs. Therefore, the legislature finds that nonlegacy PCB contamination may most effectively be managed upstream at the product and process source as opposed to downstream facilities at the end of the product life cycle. The toxic substances control act standard for inadvertent PCBs does not reflect current science on limits needed to protect human health and the environment and is overdue for revision.

(5) While previous industry analysis of toxic substances control act rule making has asserted negative impacts and infeasibility in disallowing by-product PCBs, the legislature finds that safer, feasible, and available alternatives to PCB-containing paints and printing inks now exist, as determined by the department in its June 2022 *Safer Products for Washington* report. Moreover, since safer and available products and processes to produce paints and printing inks do exist, the legislature finds that use of manufacturing processes resulting in products with PCB by-products is not inadvertent, but intentional, and constitutes a use of the chemical within the product.

(6) Therefore, the legislature intends to direct the department to petition the United States environmental protection agency to reassess its PCB regulations under the toxic substances control act and to prohibit the use of chlorine-based pigment manufacturing processes, which result in the generation of PCBs.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Manufacturer" means any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces a product or is an importer or domestic distributor of a product sold or offered for sale in or into the state.

(3) "Paint and printing ink" includes, but is not limited to, building paint for indoor and outdoor use, spray paint, children's paint, road paint, and printing inks used in paper and packaging.

(4) "PCBs" or "polychlorinated biphenyls" means chemical forms that consist of two benzene rings joined together and containing one to 10 chlorine atoms attached to the benzene rings.

(5) "Retail establishment" includes any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides merchandise, goods, or materials directly to a customer.

**NEW SECTION. Sec. 3.** (1) The department must petition the United States environmental protection agency to reassess its regulations on excluded manufacturing processes from prohibitions on manufacturing, processing, distribution in commerce, and use of PCBs and PCB items under 40 C.F.R. Sec. 761.3 for the purpose of eliminating or reducing the presence of PCBs in consumer products.

(2) In petitioning the United States environmental protection agency, the department must include legislative findings under this chapter and information on:

(a) Health effects of PCBs;

(b) Release and exposure of PCBs including, but not limited to, concentrations of PCBs measured in consumer products and in state waters, soils, and fish tissue;

(c) Safer alternatives for consumer products that contain PCBs, including the availability and feasibility of alternatives; and

(d) Other relevant data or findings as determined by the department.

(3) The department is not required to generate new data and may use previously compiled data and findings developed in the performance of duties under this chapter.

(4) The department may consult with the department of health and other relevant state agencies in developing the petition under this section.

(5) To the extent practicable, the department must seek completion of the petition review by January 1, 2025.

**NEW SECTION. Sec. 4.** (1)(a)(i) Beginning January 1, 2025, a manufacturer or wholesaler may not manufacture, sell, offer for sale, distribute for sale, or distribute for use in this state any paint or printing ink that contains chlorine-based pigments.

(ii) Beginning January 1, 2026, a retail establishment may not knowingly sell or knowingly offer for sale for use in this state any paint or printing ink that contains chlorine-based pigments.

(b)(i) Beginning no later than 12 months after the adoption of rules under subsection (3) of this section, a manufacturer or wholesaler may not manufacture, sell, offer for sale, distribute for sale, or distribute for use in this state a product identified under subsection (3) of this section.

(ii) Beginning no later than 24 months after the adoption of rules under subsection

(3) of this section, a retail establishment may not knowingly sell or knowingly offer for sale any paint or printing ink that contains chlorine-based pigments.

(2) Upon a demand by the department, a person must demonstrate to the department that a product is in compliance with the requirements of subsection (1) of this section through the submission to the department of:

(a) Testing data indicating either that a chlorine-based manufacturing process was not used in the manufacture of the pigments contained in the paint, printing ink, or other product; or

(b) Information pertaining to pigment manufacturing processes demonstrating that chlorine was not used in the manufacturing of pigments contained in the paint, printing ink, or other product.

(3) The department may, by rule, identify products that, as a result of the inclusion of pigments in the product, contain PCBs that were inadvertently generated in the making of the pigment. The department may require products identified under this subsection to demonstrate the absence of chlorine-based pigments in a product in a manner consistent with subsection (2) of this section. The department must initiate a rule-making process under this subsection by October 1, 2023.

(4) The prohibitions in subsection (1) of this section do not apply to:

(a) Paint manufactured from recycled paint collected under chapter 70A.515 RCW; or

(b) The sale of any previously owned products containing inadvertently generated PCBs made in casual or isolated sales as defined in RCW 82.04.040, or by a nonprofit organization.

(5)(a) By rule, the department may exempt a product or category of product from the prohibitions in subsection (1) of this section upon determining that a product or category of product is not capable of being manufactured in a manner that does not rely on the inclusion of chlorine-based pigments, and upon determining that allowing for the continued manufacture of product or category of product containing a chlorine-based pigment would not result in meaningful impacts to human health, the environment, or the ability of entities regulated under chapter 90.48 RCW to comply with water quality standards.

(b) The department may, in its discretion, extend the compliance deadline in subsection (1) of this section a product or category of product for which a person annually demonstrates to the department by October 1st of a given year that the prohibition is not technically feasible for the person to comply with.

(6) The department may not administer or enforce the requirements of this section if:

(a) A court of competent jurisdiction determines that federal regulations preempt the requirements; or

(b) The requirement does not align with any regulation established by the United States environmental protection agency adopted after the effective date of this section.

(7) If the requirements of this section are determined by a court of competent jurisdiction to be preempted by federal regulations, the department is directed to adopt a rule, within 18 months of the determination of preemption, to establish a reporting requirement for the use of chlorine-based pigment manufacturing processes or the PCB content of any combination of paints, printing inks, or products identified by the department under subsection (3) of this section.

**NEW SECTION. Sec. 5.** (1) The department may adopt rules to implement, administer, and enforce the requirements of this chapter.

(2) The department may impose a civil penalty for violations of any requirement of this chapter in an amount not to exceed \$5,000 for each violation in the case of a first offense. Persons who are repeat violators are subject to a civil penalty not to exceed \$10,000 for each repeat offense. The department must issue at least one notice of violation by certified mail prior to assessing a penalty and the department may only impose a penalty on a manufacturer or retail establishment that has not met the requirements of this chapter 60 days following the date the written notification of the violation was sent. The department may not collect a penalty from a retail establishment for a product that the retail establishment demonstrates to the department was in the possession of the retail establishment as of the effective date of the restrictions on manufacture, sale, and distribution under section 4(1) (a) (i) or (b) (i) of this act.

(3) Any penalty provided for in this section, and any order issued by the department under this chapter, may be appealed to the pollution control hearings board.

(4) All penalties collected under this chapter must be deposited in the model toxics control operating account created in RCW 70A.305.180.

**Sec. 6.** RCW 43.21B.110 and 2022 c 180 s 812 are each amended to read as follows:

SSB 5424 Prime Sponsor, Labor & Commerce:  
Concerning flexible work for general and limited authority Washington peace officers.  
Reported by Committee on Community Safety, Justice, & Reentry

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 49.28 RCW to read as follows:

(1) Every general authority and limited authority Washington law enforcement agency may adopt a flexible work policy. The policy may allow for general authority and limited authority Washington peace officers to work at less than full time when feasible, such as supplementing work during peak hours with part-time officers. The flexible work policy may include alternative shift and work schedules that fit the needs of the law enforcement agency.

(2) The flexible work policy adopted in subsection (1) of this section may require an officer have a certain number of years of experience as a full-time officer or have additional training for the officer to work part time or be eligible for any other types of flexible work.

(3) The flexible work policy adopted in subsection (1) of this section may not cause the layoff or otherwise displace any full-time officer.

(4) This section does not alter any existing collective bargaining unit, the provisions of any existing collective bargaining agreement, or the duty of a law enforcement agency to meet their duty to bargain under chapter 41.56 or 41.80 RCW. Full-time and part-time officers working for the same law enforcement agency who are covered by a collective bargaining agreement must be in the same bargaining unit.

(5) This section does not alter any laws or workplace policies relating to restrictions on secondary employment for general authority and limited authority Washington peace officers.

(6) For the purposes of this section, the definitions in this subsection apply.

(a) "General authority and limited authority Washington law enforcement agency" has the same meaning as "general authority Washington law enforcement agency" and "limited authority Washington law enforcement agency" as defined in RCW 10.93.020 (3) and (5), respectively.

(b) "General authority and limited authority Washington peace officers" has the same meaning as "general authority Washington peace officer" and "limited authority Washington peace officer" as defined in RCW 10.93.020 (4) and (6), respectively.

**Sec. 2.** RCW 10.93.020 and 2021 c 318 s 307 are each reenacted and amended to read as follows:

As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Agency with primary territorial jurisdiction" means a city or town police agency which has responsibility for police activity within its boundaries; or a county police or sheriff's department which has responsibility with regard to police activity in the unincorporated areas within the county boundaries; or a statutorily authorized port district police agency or four-year state college or university police agency which has responsibility for police activity within the statutorily authorized enforcement boundaries of the port district, state college, or university.

(2) "Federal peace officer" means any employee or agent of the United States government who has the authority to carry firearms and make warrantless arrests and whose duties involve the enforcement of criminal laws of the United States.

(3) "General authority Washington law enforcement agency" means any agency, department, or division of a municipal corporation, political subdivision, or other unit of local government of this state, and any agency, department, or division of state

government, having as its primary function the detection and apprehension of persons committing infractions or violating the traffic or criminal laws in general, as distinguished from a limited authority Washington law enforcement agency, and any other unit of government expressly designated by statute as a general authority Washington law enforcement agency. The Washington state patrol and the department of fish and wildlife are general authority Washington law enforcement agencies.

(4) "General authority Washington peace officer" means any (~~full-time~~) fully compensated and elected, appointed, or employed officer of a general authority Washington law enforcement agency who is commissioned to enforce the criminal laws of the state of Washington generally.

(5) "Limited authority Washington law enforcement agency" means any agency, political subdivision, or unit of local government of this state, and any agency, department, or division of state government, having as one of its functions the apprehension or detection of persons committing infractions or violating the traffic or criminal laws relating to limited subject areas, including but not limited to, the state departments of natural resources and social and health services, the state gambling commission, the state lottery commission, the state parks and recreation commission, the state utilities and transportation commission, the state liquor and cannabis board, the office of the insurance commissioner, the state department of corrections, and the office of independent investigations.

(6) "Limited authority Washington peace officer" means any (~~full-time~~) fully compensated officer of a limited authority Washington law enforcement agency empowered by that agency to detect or apprehend violators of the laws in some or all of the limited subject areas for which that agency is responsible. A limited authority Washington peace officer may be a specially commissioned Washington peace officer if otherwise qualified for such status under this chapter.

(7) "Mutual law enforcement assistance" includes, but is not limited to, one or more law enforcement agencies aiding or assisting one or more other such agencies through loans or exchanges of personnel or of material resources, for law enforcement purposes.

(8) "Primary commissioning agency" means (a) the employing agency in the case of a general authority Washington peace officer, a limited authority Washington peace officer, a tribal peace officer from a federally recognized tribe, or a federal peace officer, and (b) the commissioning agency in the case of a specially commissioned Washington peace officer (i) who is performing functions within the course and scope of the special commission and (ii) who is not also a general authority Washington peace officer, a limited authority Washington peace officer, a tribal peace officer from a federally recognized tribe, or a federal peace officer.

(9) "Primary function of an agency" means that function to which greater than fifty

percent of the agency's resources are allocated.

(10) "Specially commissioned Washington peace officer," for the purposes of this chapter, means any officer, whether part-time or full-time, compensated or not, commissioned by a general authority Washington law enforcement agency to enforce some or all of the criminal laws of the state of Washington, who does not qualify under this chapter as a general authority Washington peace officer for that commissioning agency, specifically including reserve peace officers, and specially commissioned full-time, fully compensated peace officers duly commissioned by the states of Oregon or Idaho or any such peace officer commissioned by a unit of local government of Oregon or Idaho. A reserve peace officer is an individual who is an officer of a Washington law enforcement agency who does not serve such agency on a full-time basis but who, when called by the agency into active service, is fully commissioned on the same basis as full-time peace officers to enforce the criminal laws of the state.

**Sec. 3.** RCW 41.26.030 and 2021 c 12 s 2 are each amended to read as follows:

As used in this chapter, unless a different meaning is plainly required by the context:

(2) "Actuarial reserve" means a method of financing a pension or retirement plan wherein reserves are accumulated as the liabilities for benefit payments are incurred in order that sufficient funds will be available on the date of retirement of each member to pay the member's future benefits during the period of retirement.

(3) "Actuarial valuation" means a mathematical determination of the financial condition of a retirement plan. It includes the computation of the present monetary value of benefits payable to present members, and the present monetary value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal from service, salary and interest earned on investments.

(4) (a) "Basic salary" for plan 1 members, means the basic monthly rate of salary or wages, including longevity pay but not including overtime earnings or special salary or wages, upon which pension or retirement benefits will be computed and upon which employer contributions and salary deductions will be based.

annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay. In any year in which a member serves in the legislature the member shall have the option of having such member's basic salary be the greater of:

(i) The basic salary the member would have received had such member not served in the legislature; or

(ii) Such member's actual basic salary received for nonlegislative public employment and legislative service combined. Any additional contributions to the retirement system required because basic salary under (b)(i) of this subsection is greater than basic salary under (b)(ii) of this subsection shall be paid by the member for both member and employer contributions.

(5)(a) "Beneficiary" for plan 1 members, means any person in receipt of a retirement allowance, disability allowance, death benefit, or any other benefit described herein.

(b) "Beneficiary" for plan 2 members, means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

(i) A natural born child;

(ii) A stepchild where that relationship was in existence prior to the date benefits are payable under this chapter;

(iii) A posthumous child;

(iv) A child legally adopted or made a legal ward of a member prior to the date benefits are payable under this chapter; or

(v) An illegitimate child legitimized prior to the date any benefits are payable under this chapter.

(b) A person shall also be deemed to be a child up to and including the age of twenty years and eleven months while attending any high school, college, or vocational or other educational institution accredited, licensed, or approved by the state, in which it is located, including the summer vacation months and all other normal and regular vacation periods at the particular educational institution after which the child returns to school.

(8) "Director" means the director of the department.

(9) "Disability board" for plan 1 members means either the county disability board or the city disability board established in RCW 41.26.110.

(10) "Disability leave" means the period of six months or any portion thereof during which a member is on leave at an allowance equal to the member's full salary prior to the commencement of disability retirement. The definition contained in this subsection shall apply only to plan 1 members.

(11) "Disability retirement" for plan 1 members, means the period following termination of a member's disability leave,

during which the member is in receipt of a disability retirement allowance.

(12) "Domestic partners" means two adults who have registered as domestic partners under RCW 26.60.020.

(b) "Employer" for plan 2 members, means the following entities to the extent that the entity employs any law enforcement officer and/or firefighter:

(i) The legislative authority of any city, town, county, district, public corporation, or regional fire protection service authority established under RCW 35.21.730 to provide emergency medical services as defined in RCW 18.73.030;

(ii) The elected officials of any municipal corporation;

(v) The department of social and health services or the department of corrections when employing firefighters serving at a prison or civil commitment center on an island.

(c) Except as otherwise specifically provided in this chapter, "employer" does not include a government contractor. For purposes of this subsection, a "government contractor" is any entity, including a partnership, limited liability company, for-profit or nonprofit corporation, or person, that provides services pursuant to a contract with an "employer." The determination whether an employer-employee relationship has been established is not based on the relationship between a government contractor and an "employer," but is based solely on the relationship between a government contractor's employee and an "employer" under this chapter.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Beginning on September 1, 2023, institutions of higher education must provide enrollment and registration in college in the high school courses in which a student is eligible to receive college credit available at no cost for students in the ninth, 10th, 11th, or 12th grade at public high schools.

(2) Beginning with the 2023-2025 omnibus operating appropriation act, the legislature must pass an omnibus operating appropriations act that appropriates to the state board of community and technical colleges and each of the public four-year institutions of higher education state funding for college in high school courses administered at public secondary schools.

(3) State appropriations for the college in the high school program to the institutions of higher education shall be calculated as follows: The total college in the high school courses administered in the prior academic year, funded at a rate of:

(a) \$6,000 per college in the high school course administered by a state university as defined in RCW 28B.10.016;

(b) \$5,500 per college in the high school course administered by a regional university or the state college; or

(c) \$3,500 per college in the high school course administered by a community or technical college.

(4) Beginning with fiscal year 2025 the rate per college in the high school course administered must be adjusted annually for inflation as measured by the consumer price index.

(5) State appropriations must be based on the total number of college in the high school courses administered by an institution of higher education for the academic year immediately prior to the current fiscal year. The state appropriation is based on course administration data submitted annually by October 15th to the office of financial management and legislative fiscal staff.

E2SSB 5278 Prime Sponsor, Ways & Means: Implementing audit recommendations to reduce barriers to home care aide certification. Reported by Committee on Postsecondary Education & Workforce

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) Long-term care supports people who need help meeting their health or personal care needs due to age or disabling conditions. Maintaining an adequate workforce of long-term care workers is critical to the system.

(2) Current law requires that home care aides complete required training and pass a test to become certified. A 2022 performance audit found that many home care aide applicants faced barriers in scheduling the test, challenges getting to the test site, and often delays of months between completing training and taking the test. Barriers and inefficiencies in this process were cited as a primary reason for many applicants dropping out prior to becoming certified.

(3) The legislature finds that improvements in this process and the reduction of barriers are necessary to ensure an adequate home care workforce.

**Sec. 2.** RCW 18.88B.031 and 2012 c 164 s 304 are each amended to read as follows:

(1) Except as provided in RCW 18.88B.041 and subject to the other requirements of this chapter, to be certified as a home care aide, a long-term care worker must successfully complete the training required under RCW 74.39A.074(1) and a certification examination. Any long-term care worker failing to make the required grade for the examination may not be certified as a home care aide.

(2) The department, in consultation with consumer and worker representatives, shall develop a home care aide certification examination to evaluate whether an applicant possesses the skills and knowledge necessary to practice competently. ~~((Except as provided by RCW 18.88B.041(1)(a)(ii), only those who have completed the training requirements in RCW 74.39A.074(1) shall be eligible to sit for this examination.))~~

(3) ~~The examination or series of examinations shall include both a skills demonstration and a written or oral knowledge test. ((The examination papers, all grading of the papers, and records related to the grading of skills demonstration shall be preserved for a period of not less than one year.))~~ The department shall establish rules governing

the number of times and under what circumstances individuals who have failed the examination may sit for the examination, including whether any intermediate remedial steps should be required. The skills demonstration, the knowledge test, or both, may be administered throughout training, on the last day of training, or after a student's formal training. An applicant may apply to take the examination during or after training. An applicant may not sit for any part of the examination prior to completing the part of the training associated with that part of the examination. The examination or series of examinations may be conducted at local testing sites around the state. For the purpose of reducing the travel time for applicants, the department shall explore alternative testing options such as remote testing.

(4) (a) All examinations shall be conducted by fair and wholly impartial methods. All examinations shall be available to be administered in the preferred language for the applicant taking the examination. The certification examination shall be administered and evaluated by ((the)):

(i) The department ((or by a));  
(ii) A contractor to the department that is ((neither))not an employer of long-term care workers ((or a private contractor providing training services under this chapter.))unless the employer is a department of social and health services approved instructor and has met the department standards for administering the examination; or

(iii) A high school or community college that has met department standards for administering the examination.

(b) The department shall conduct an annual evaluation of the examination results of applicants who complete the examination in a language other than English. If the department finds that applicants taking the examination in a particular language fail at a disproportionately higher rate than other examination takers, the department shall conduct a review of the translation to ensure that it is accurate and understandable.

(5) The department shall adopt rules to implement this section.

NEW SECTION. **Sec. 3.** (1) The department of health, in consultation with the department of social and health services and other relevant participants, shall:

(a) Devise a system that reduces delays between training and testing for home care aides that includes the following:

(i) Developing and implementing a plan to integrate testing into training that allows applicants to test at the same location where they train;

(ii) Allowing remote testing within home care aide training programs immediately or shortly after completion of the program; and

(iii) Determining the benefits and costs of having home care aide training programs authorize applicants to test instead of the department of health;

(b) Examine existing challenges related to a lack of testing sites and develop a

plan, including an estimation of costs, to expand testing sites, which shall include the following considerations:

(i) Applicant travel time and availability of testing for comparable professions;

(ii) How many test sites are needed, where these sites should be located, and the best way to establish appropriate partnerships that can lead to new test sites;

(iii) How often test sites should be available to applicants; and

(iv) Whether there are areas of the state where a stipend for travel expenses would be beneficial and appropriate protocols for travel stipends;

(c) Establish performance measures and data collection criteria to monitor the overall length of time between training and testing and the number of available test sites;

(d) Establish accountability mechanisms for the overall training to testing process; and

(e) Establish performance-based contracts for vendors who administer the tests that include the following:

(i) All key performance measures expected, including a definition of what sufficient access to test sites entails; and

(ii) Detailed vendor costs.

(2)(a) When completing the requirements of subsection (1) of this section, the department of health shall ensure that its decisions are informed by existing data on test completion, including passage and failure rates for both parts of the examination.

(b) When conducting the examination under subsection (1)(b) of this section, the department of health shall:

(i) Use various geographic measures, including by county and by zip code; and

(b) The tax under this section applies exclusively to the sale of or charge made for the furnishing of lodging of short-term rentals facilitated through a short-term rental platform.

(c) The rate of tax under this section is imposed on the sale of, or charge made for, the furnishing of lodging of a short-term rental subject to tax under chapter 82.08 RCW. Prime Sponsor, Senator Conway: Providing a benefit increase to certain retirees of the public employees' retirement system plan 1 and the teachers' retirement system plan 1. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that beneficiaries receiving a monthly benefit from the public employees' retirement system plan 1 and the teachers' retirement system plan 1 have experienced a loss of purchasing power due to rising inflation. Certain beneficiaries do not receive annual increases; providing a one-time cost-of-living adjustment helps address beneficiaries' loss of purchasing power. An ongoing cost-of-living adjustment would provide additional protection against further loss of purchasing power, however this policy may not be affordable until required employer contribution rates towards the unfunded accrued actuarial liability are reduced or no longer required.

NEW SECTION. **Sec. 2.** During the 2023-2025 fiscal biennium, the select committee on pension policy will study and recommend an ongoing cost-of-living adjustment for beneficiaries of the public employees' retirement system plan 1 and the teachers' retirement system plan 1. Any recommendation must consider employer contribution rate stability and coordinate the effective date of an ongoing cost-of-living adjustment with the reduction or elimination of the unfunded accrued actuarial liability.

**Sec. 3.** RCW 41.32.4992 and 2022 c 52 s 1 are each amended to read as follows:

(3) Beneficiaries who are receiving a monthly benefit from the teachers' retirement system plan 1 on July 1, 2021, shall receive, effective July 1, 2022, an increase to their monthly benefit of three percent multiplied by the beneficiaries' monthly benefit, not to exceed ~~((one hundred ten dollars and zero cents))~~ \$110.00.

(4) Beneficiaries who are receiving a monthly benefit from the teachers' retirement system plan 1 on July 1, 2022, shall receive, effective July 1, 2023, an increase to their monthly benefit of three percent multiplied by the beneficiaries' monthly benefit, not to exceed \$110.00.

(5) This section does not apply to those receiving benefits pursuant to RCW 41.40.1984.

**Sec. 5.** RCW 41.45.060 and 2020 c 103 s 4 are each amended to read as follows:

(b) To fully fund the public employees' retirement system plans 2 and 3, the teachers' retirement system plans 2 and 3, the public safety employees' retirement system plan 2, and the school employees' retirement system plans 2 and 3 in accordance with RCW 41.45.061, 41.45.067, and this section; and

(c) To fully fund the public employees' retirement system plan 1 and the teachers' retirement system plan 1 in accordance with RCW 41.45.070, 41.45.150, and this section.

"**Sec. 1.** RCW 43.21C.229 and 2020 c 87 s 1 are each amended to read as follows:

(1) ~~((In order))~~ The purpose of this section is to accommodate infill and housing development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW((~~7~~-a)).

(2) A city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter. ((An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a)-.)) An exemption may be adopted by a city or county under this subsection if it meets the following criteria:

(a) It categorically exempts government action related to development proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is roughly equal to or lower than called for in the goals and policies of the applicable

comprehensive plan and the development is either:

(i) Residential development;  
(ii) Mixed-use development; or  
(iii) Commercial development up to ~~((sixty-five thousand))~~ 65,000 square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan;

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

~~((2-Any))~~ (3) All project actions that propose to develop one or more residential housing units within the incorporated areas in an urban growth area designated pursuant to RCW 36.70A.110 or middle housing within the unincorporated areas in an urban growth area designated pursuant to RCW 36.70A.110, and that meet the criteria identified in (a) and (b) of this subsection, are categorically exempt from the requirements of this chapter. This categorical exemption applies to proposed projects that do not have existing or anticipated transportation system safety or operational deficiencies. A city or county must consult with the Washington state department of transportation to determine if anticipated transportation system safety or operation deficiencies exist in connection with a proposed project. For purposes of this subsection, "middle housing" means fourplexes, attached and detached accessory dwelling units, cottage housing, stacked flats, townhouses with more than four units, and courtyard apartments. A project action is eligible for categorical exemption under this subsection only if it meets the following criteria:

(a) The proposed development is consistent with all development regulations implementing an applicable comprehensive plan adopted according to chapter 36.70A RCW by the jurisdiction in which the development is proposed, with the exception of any development regulation that is inconsistent with applicable provisions of chapter 36.70A RCW; and

(b) The city or county's applicable comprehensive plan was previously subjected to environmental analysis under the

requirements of this chapter prior to adoption.

(4) Any categorical exemption adopted by a city or county under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). However, any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department."

(14) The governor, after finding that a prohibited level 1 or level 2 species as defined in chapter 77.135 RCW has been detected and after finding that the detected species seriously endangers or threatens the environment, economy, human health, or well-being of the state of Washington, may order emergency measures to prevent or abate the prohibited species, which measures, after thorough evaluation of all other alternatives, may include the surface or aerial application of pesticides;

(15) On all compacts forwarded to the governor pursuant to RCW 9.46.360(6), the governor is authorized and empowered to execute on behalf of the state compacts with federally recognized Indian tribes in the state of Washington pursuant to the federal Indian Gaming Regulatory Act, 25 U.S.C. MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 51.08.142 and 2020 c 234 s 1 are each amended to read as follows:

(1) Except as provided in ~~((subsection))~~ subsections (2) and (3) of this section, the department shall adopt a rule pursuant to chapter 34.05 RCW that claims based on mental conditions or mental disabilities caused by stress do not fall within the definition of occupational disease in RCW 51.08.140.

(2)(a) Except as provided in (b) and (c) of this subsection, the rule adopted under subsection (1) of this section shall not apply to occupational disease claims resulting from posttraumatic stress disorders of firefighters as defined in RCW 41.26.030(17) (a), (b), (c), and (h) and firefighters, including supervisors, employed on a full-time, fully compensated basis as a firefighter of a private sector employer's fire department that includes over fifty such firefighters, and law enforcement officers as defined in RCW 41.26.030(19) (b), (c), and (e), and public safety telecommunicators who receive calls for assistance and dispatch emergency services.

(b) For firefighters as defined in RCW 41.26.030(17) (a), (b), (c), and (h) and firefighters, including supervisors, employed on a full-time, fully compensated basis as a firefighter of a private sector employer's fire department that includes over fifty such firefighters, and law enforcement officers as defined in RCW 41.26.030(19) (b), (c), and (e) hired after June 7, 2018, and public safety telecommunicators hired after June 11, 2020, (a) of this subsection only applies if the

firefighter or law enforcement officer or public safety telecommunicators, as a condition of employment, has submitted to a psychological examination administered by a psychiatrist licensed in the state of Washington under chapter 18.71 RCW or a psychologist licensed in the state of Washington under chapter 18.83 RCW that ruled out the presence of posttraumatic stress disorder from preemployment exposures. If the employer does not provide the psychological examination, (a) of this subsection applies.

(c) Posttraumatic stress disorder for purposes of ~~((this subsection))~~ subsections (2) and (3) of this section is not considered an occupational disease if the disorder is directly attributed to disciplinary action, work evaluation, job transfer, layoff, demotion, termination, or similar action taken in good faith by an employer.

(d) "Public safety telecommunicators" means individuals who receive and respond to telephone or other electronic requests for emergency assistance, such as law enforcement, fire, and medical services, and dispatch appropriate emergency responders.

(3)(a) Except as provided in this subsection, the rule adopted under subsection (1) of this section shall not apply to occupational disease claims resulting from posttraumatic stress disorders of direct care registered nurses as defined in section 2 of this act.

(b) The limitation in subsection (2)(c) of this section also applies to this subsection (3).

**NEW SECTION. Sec. 2.** A new section is added to chapter 51.32 RCW to read as follows:

(1) In the case of direct care registered nurses covered under this title who are employed on a fully compensated basis, there exists a prima facie presumption that posttraumatic stress disorder is an occupational disease under RCW 51.08.140.

(2) The presumption may be rebutted by a preponderance of the evidence.

(3) The presumption extends to a claimant following termination of employment for a period of three calendar months for each year the claimant was a direct care registered nurse employed on a fully compensated basis, but may not extend more than 60 months following the last date of employment.

(4)(a) When a determination involving the presumption established under this section is appealed to the board of industrial insurance appeals and the final decision allows the claim for benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the claimant or his or her beneficiary by the opposing party.

(b) When determination involving the presumption established under this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of the appeal, including attorneys' fees and

witness fees, be paid to the claimant or his or her beneficiary by the opposing party.

(c) When reasonable costs of the appeal must be paid by the department under this section in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

(5) For purposes of this section, "direct care registered nurse" means an individual licensed as a nurse under chapter 18.79 RCW who provides direct care to patients.

(a) (i) Retired or disabled state employees, retired or disabled school employees, retired or disabled employees of ~~((county, municipal, or other political subdivisions, or retired or disabled employees of tribal governments))~~ employer groups covered by this chapter may continue their participation in insurance plans and contracts after retirement or disablement.

(ii) The retired or disabled employees of employer groups whose contractual agreement with the authority terminates may continue their participation in insurance plans and contracts after the contractual agreement is terminated. The retired or disabled employees of employer groups whose contractual agreement with the authority terminates are not eligible for any subsidy provided under RCW 41.05.085;

(b) Separated employees may continue their participation in insurance plans and contracts if participation is selected immediately upon separation from employment;

(c) Surviving spouses, surviving state registered domestic partners, and dependent children of emergency service personnel killed in the line of duty may participate in insurance plans and contracts.

(2) Rates charged surviving spouses and surviving state registered domestic partners of emergency service personnel killed in the line of duty, retired or disabled employees, separated employees, spouses, or dependent children who are not eligible for parts A and B of medicare shall be based on the experience of the community-rated risk pool established under RCW 41.05.022.

(3) Rates charged to surviving spouses and surviving state registered domestic partners of emergency service personnel killed in the line of duty, retired or disabled employees, separated employees, spouses, or children who are eligible for parts A and B of medicare shall be calculated from a separate experience risk pool comprised only of individuals eligible for parts A and B of medicare; however, the premiums charged to medicare-eligible retirees and disabled employees shall be reduced by the amount of the subsidy provided under RCW 41.05.085, except as provided in subsection (1)(a)(ii) of this section.

(2) For each of the employer group's retired or disabled employees who will be continuing their participation, the authority shall determine the one-time payment amount by calculating the difference in cost between the rate charged to retired or disabled employees under RCW 41.05.080(2) and the actuarially determined value of the medical benefits for retired and disabled employees who are not eligible for parts A and B of medicare, and then multiplying that difference by the number of months until the retired or disabled employee would become eligible for medicare.

(3) Employer groups shall not be entitled to any refund of the amount paid to the authority under this section.

NEW SECTION. **Sec. 3.** Any retired or disabled employee whose participation in insurance plans or contracts under RCW 41.05.080(1)(a)(ii) ended due to the termination of the contractual agreement between the authority and an employer group on or before January 1, 2023, must be allowed to return and participate in insurance plans and contracts as described in RCW 41.05.080(1)(a)(ii) so long as the retired or disabled employee notifies the health care authority in writing by December 31, 2023, after which participation will begin on the first day of the month following the date the authority receives the retired or disabled employee's written notice.

"**Sec. 1.** RCW 84.56.020 and 2022 c 143 s 1 are each amended to read as follows:

**Treasurers' tax collection duties.**

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All real and personal property taxes and assessments made payable by the provisions of this title are due and payable to the county treasurer on or before the ((thirtieth))30th day of April and, except as provided in this section, are delinquent after that date.

(c)(i) If a taxpayer is successfully participating in a payment agreement under subsection (15)(b) of this section or a partial payment program pursuant to subsection (15)(c) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(ii) The following remain due and payable as provided in any payment agreement:

(b) When tax foreclosure avoidance costs are collected, such costs must be credited to the county treasurer service fund account, except as otherwise directed.

(c) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

**Periods of armed conflict.**

(9) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict regarding delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

**State of emergency.**

(10) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

(11) All collections of interest on delinquent taxes must be credited to the county current expense fund.

(12) For purposes of this chapter, "interest" means both interest and penalties.

**Retention of funds from property foreclosures and sales.**

(13) The direct cost of foreclosure and sale of real property, and the direct fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint, and sale because of delinquent taxes without regard to budget limitations and not subject to indirect costs of other charges.

~~((Unless the context otherwise requires, this Article applies to transactions in goods; it does not apply to any transaction which although in the form of an unconditional contract to sell or present sale is intended to operate only as a security transaction nor does this Article impair or repeal any statute regulating sales to consumers, farmers or other specified classes of buyers.))~~ (1) Unless the context otherwise requires, and except as provided in subsection (3) of this section, this Article applies to transactions in goods and, in the case of a hybrid transaction, it applies to the extent provided in subsection (2) of this section.

(2) In a hybrid transaction:

(a) If the sale-of-goods aspects do not predominate, only the provisions of this Article which relate primarily to the sale-of-goods aspects of the transaction apply, and the provisions that relate primarily to the transaction as a whole do not apply.

(b) If the sale-of-goods aspects predominate, this Article applies to the transaction but does not preclude application in appropriate circumstances of other law to aspects of the transaction which do not relate to the sale of goods.

(3) This Article does not:

(2) Goods or conduct including any part of a performance are "conforming" or conform to the contract when they are in accordance with the obligations under the contract.

(4) "Cancellation" occurs when either party puts an end to the contract for breach by the other and its effect is the same as that of "termination" except that the canceling party also retains any remedy for

breach of the whole contract or any unperformed balance.

(5) "Hybrid transaction" means a single transaction involving a sale of goods and:

(a) The provision of services;  
(b) A lease of other goods; or  
(c) A sale, lease, or license of property other than goods.

**Sec. 203.** RCW 62A.2-201 and 2013 c 23 s 126 are each amended to read as follows:

(1) Except as otherwise provided in this section, a contract for the sale of goods for the price of ~~((five hundred dollars))~~ \$500 or more is not enforceable by way of action or defense unless there is ~~((some writing))~~ a record sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought or by ~~((his or her))~~ the party's authorized agent or broker. A ~~((writing))~~ record is not insufficient because it omits or incorrectly states a term agreed upon but the contract is not enforceable under this ~~((paragraph))~~ subsection beyond the quantity of goods shown in ~~((such writing))~~ the record.

(2) Between merchants if within a reasonable time a ~~((writing))~~ record in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirements of subsection (1) of this section against ~~((such))~~ the party unless ~~((written))~~ notice in a record of objection to its contents is given within ~~((ten))~~ 10 days after it is received.

(3) A contract which does not satisfy the requirements of subsection (1) of this section but which is valid in other respects is enforceable:

(a) If the goods are to be specially manufactured for the buyer and are not suitable for sale to others in the ordinary course of the seller's business and the seller, before notice of repudiation is received and under circumstances which reasonably indicate that the goods are for the buyer, has made either a substantial beginning of their manufacture or commitments for their procurement; or

(b) If the party against whom enforcement is sought admits in his or her pleading, testimony, or otherwise in court that a contract for sale was made, but the contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) With respect to goods for which payment has been made and accepted or which have been received and accepted (RCW 62A.2-606).

**Sec. 204.** RCW 62A.2-202 and 2012 c 214 s 803 are each amended to read as follows:

Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a ~~((writing))~~ record intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a

contemporaneous oral agreement but may be explained or supplemented:

(a) By course of performance, course of dealing, or usage of trade (RCW 62A.1-303); and

(b) By evidence of consistent additional terms unless the court finds the ~~((writing))~~ record to have been intended also as a complete and exclusive statement of the terms of the agreement.

**Sec. 205.** RCW 62A.2-203 and 1965 ex.s. c 157 s 2-203 are each amended to read as follows:

The affixing of a seal to a ~~((writing))~~ record evidencing a contract for sale or an offer to buy or sell goods does not constitute the ~~((writing))~~ record a sealed instrument and the law with respect to sealed instruments does not apply to such contract or offer.

**Sec. 206.** RCW 62A.2-205 and 1965 ex.s. c 157 s 2-205 are each amended to read as follows:

An offer by a merchant to buy or sell goods in a signed ~~((writing))~~ record which by its terms gives assurance that it will be held open is not revocable, for lack of consideration, during the time stated or if no time is stated for a reasonable time, but in no event may such period of irrevocability exceed three months; but any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

**Sec. 207.** RCW 62A.2-209 and 1965 ex.s. c 157 s 2-209 are each amended to read as follows:

(1) An agreement modifying a contract within this Article needs no consideration to be binding.

(2) A signed agreement which excludes modification or rescission except by a signed writing or other signed record cannot be otherwise modified or rescinded, but except as between merchants such a requirement on a form supplied by the merchant must be separately signed by the other party.

(3) The requirements of the statute of frauds section of this Article (RCW 62A.2-201) must be satisfied if the contract as modified is within its provisions.

(4) Although an attempt at modification or rescission does not satisfy the requirements of subsection (2) or (3) it can operate as a waiver.

(5) A party who has made a waiver affecting an executory portion of the contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

### PART III

**Sec. 301.** RCW 62A.2A-102 and 1993 c 230 s 2A-102 are each amended to read as follows:

(1) This Article applies to any transaction, regardless of form, that creates a lease and, in the case of a hybrid lease, it applies to the extent provided in subsection (2) of this section.

(2) In a hybrid lease:

(a) If the lease-of-goods aspects do not predominate:

(i) Only the provisions of this Article which relate primarily to the lease-of-goods aspects of the transaction apply, and the provisions that relate primarily to the transaction as a whole do not apply;

(ii) RCW 62A.2A-209 applies if the lease is a finance lease; and

(iii) RCW 62A.2A-407 applies to the promises of the lessee in a finance lease to the extent the promises are consideration for the right to possession and use of the leased goods; and

(b) If the lease-of-goods aspects predominate, this Article applies to the transaction, but does not preclude application in appropriate circumstances of other law to aspects of the lease which do not relate to the lease of goods.

**Sec. 302.** RCW 62A.2A-103 and 2012 c 214 s 902 are each amended to read as follows:

(1) In this Article unless the context otherwise requires:

(a) "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. "Buying" may be for cash, or by exchange of other property, or on secured or unsecured credit, and includes acquiring goods or documents of title under a preexisting contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(b) "Cancellation" occurs when either party puts an end to the lease contract for default by the other party.

(c) "Commercial unit" means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. A commercial unit may be a single article, as a machine, or a set of articles, as a suite of furniture or a line of machinery, or a quantity, as a gross or carload, or any other unit treated in use or in the relevant market as a single whole.

(d) "Conforming" goods or performance under a lease contract means goods or performance that are in accordance with the obligations under the lease contract.

(e) "Consumer lease" means a lease that a lessor regularly engaged in the business of leasing or selling makes to a lessee who is an individual who takes under the lease primarily for a personal, family, or household purpose, if the total payments to

be made under the lease contract, excluding payments for options to renew or buy, do not exceed twenty-five thousand dollars.

(f) "Fault" means wrongful act, omission, breach, or default.

(g) "Finance lease" means a lease with respect to which:

(i) The lessor does not select, manufacture, or supply the goods;

(ii) The lessor acquires the goods or the right to possession and use of the goods in connection with the lease; and

(iii) Only in the case of a consumer lease, either:

(A) The lessee receives a copy of the contract by which the lessor acquired the goods or the right to possession and use of the goods before signing the lease contract;

(B) The lessee's approval of the contract by which the lessor acquired the goods or the right to possession and use of the goods is a condition to effectiveness of the lease contract; or

(C) The lessee, before signing the lease contract, receives an accurate and complete statement designating the promises and warranties, and any disclaimers of warranties, limitations or modifications of remedies, or liquidated damages, including those of a third party, such as the manufacturer of the goods, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods.

(h) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (RCW 62A.2A-309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(h.1) "Hybrid lease" means a single transaction involving a lease of goods and:

(i) The provision of services;

(ii) A sale of other goods; or

(iii) A sale, lease, or license of property other than goods.

(i) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause "each delivery is a separate lease" or its equivalent.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this Article. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(l) "Lease contract" means the total legal obligation that results from the lease

agreement as affected by this Article and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(n) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

(o) "Lessee in ordinary course of business" means a person who in good faith and without knowledge that the lease to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, leases in ordinary course from a person in the business of selling or leasing goods of that kind but does not include a pawnbroker. "Leasing" may be for cash, or by exchange of other property, or on secured or unsecured credit and includes acquiring goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor's residual interest" means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(s) "Lot" means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

(x) "Supplier" means a person from whom a lessor buys or leases goods to be leased under a finance lease.

(y) "Supply contract" means a contract under which a lessor buys or leases goods to be leased.

(z) "Termination" occurs when either party pursuant to a power created by agreement or law puts an end to the lease contract otherwise than for default.

**Sec. 303.** RCW 62A.2A-107 and 1993 c 230 s 2A-107 are each amended to read as follows:

Any claim or right arising out of an alleged default or breach of warranty may be discharged in whole or in part without consideration by a (~~written~~) waiver or renunciation in a signed (~~and~~) record delivered by the aggrieved party.

**Sec. 304.** RCW 62A.2A-201 and 1993 c 230 s 2A-201 are each amended to read as follows:

(1) A lease contract is not enforceable by way of action or defense unless:

(a) The total payments to be made under the lease contract, excluding payments for options to renew or buy, are less than one thousand dollars; or

(b) There is a (~~writing~~) record, signed by the party against whom enforcement is sought or by that party's authorized agent, sufficient to indicate that a lease contract has been made between the parties and to describe the goods leased and the lease term.

(2) Any description of leased goods or of the lease term is sufficient and satisfies subsection (1)(b) of this section, whether or not it is specific, if it reasonably identifies what is described.

(3) A (~~writing~~) record is not insufficient because it omits or incorrectly states a term agreed upon, but the lease contract is not enforceable under subsection (1)(b) of this section beyond the lease term and the quantity of goods shown in the (~~writing~~) record.

(4) A lease contract that does not satisfy the requirements of subsection (1) of this section, but which is valid in other respects, is enforceable:

(a) If the goods are to be specially manufactured or obtained for the lessee and are not suitable for lease or sale to others in the ordinary course of the lessor's business, and the lessor, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the lessee, has made either a substantial beginning of their manufacture or commitments for their procurement;

(b) If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court that a lease contract was made, but the lease contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) With respect to goods that have been received and accepted by the lessee.

(5) The lease term under a lease contract referred to in subsection (4) of this section is:

(a) If there is a (~~writing~~) record signed by the party against whom enforcement is sought or by that party's authorized agent specifying the lease term, the term so specified;

(b) If the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court a lease term, the term so admitted; or

(c) A reasonable lease term.

**Sec. 305.** RCW 62A.2A-202 and 1993 c 230 s 2A-202 are each amended to read as follows:

Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a (~~writing~~) record intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented:

(1) By course of dealing or usage of trade or by course of performance; and

(2) By evidence of consistent additional terms unless the court finds the (~~writing~~) record to have been intended also

as a complete and exclusive statement of the terms of the agreement.

**Sec. 306.** RCW 62A.2A-203 and 1993 c 230 s 2A-203 are each amended to read as follows:

The affixing of a seal to a ~~((writing))~~ record evidencing a lease contract or an offer to enter into a lease contract does not render the ~~((writing))~~ record a sealed instrument and the law with respect to sealed instruments does not apply to the lease contract or offer.

**Sec. 307.** RCW 62A.2A-205 and 1993 c 230 s 2A-205 are each amended to read as follows:

An offer by a merchant to lease goods to or from another person in a signed ~~((writing))~~ record that by its terms gives assurance it will be held open is not revocable, for lack of consideration, during the time stated or, if no time is stated, for a reasonable time, but in no event may the period of irrevocability exceed three months. Any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

**Sec. 308.** RCW 62A.2A-208 and 1993 c 230 s 2A-208 are each amended to read as follows:

(1) An agreement modifying a lease contract needs no consideration to be binding.

(2) A signed lease agreement that excludes modification or rescission except by a signed ~~((writing))~~ record may not be otherwise modified or rescinded, but, except as between merchants, such a requirement on a form supplied by a merchant must be separately signed by the other party.

(3) Although an attempt at modification or rescission does not satisfy the requirements of subsection (2) of this section, it may operate as a waiver.

(4) A party who has made a waiver affecting an executory portion of a lease contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

#### PART IV

**Sec. 401.** RCW 62A.3-104 and 1993 c 229 s 6 are each amended to read as follows:

(a) Except as provided in subsections (c) and (d), "negotiable instrument" means an unconditional promise or order to pay a fixed amount of money, with or without interest or other charges described in the promise or order, if it:

(1) Is payable to bearer or to order at the time it is issued or first comes into possession of a holder;

(2) Is payable on demand or at a definite time; and

(3) Does not state any other undertaking or instruction by the person promising or ordering payment to do any act in addition to the payment of money, but the promise or order may contain (i) an undertaking or power to give, maintain, or protect collateral to secure payment, (ii) an authorization or power to the holder to confess judgment or realize on or dispose of collateral, ~~((or))~~ (iii) a waiver of the benefit of any law intended for the advantage or protection of an obligor, (iv) a term that specifies the law that governs the promise or order, or (v) an undertaking to resolve in a specified forum a dispute concerning the promise or order.

(b) "Instrument" means a negotiable instrument.

(c) An order that meets all of the requirements of subsection (a), except subsection (a)(1), and otherwise falls within the definition of "check" in subsection (f) is a negotiable instrument and a check.

(d) A promise or order other than a check is not an instrument if, at the time it is issued or first comes into possession of a holder, it contains a conspicuous statement, however expressed, to the effect that the promise or order is not negotiable or is not an instrument governed by this Article.

(e) An instrument is a "note" if it is a promise and is a "draft" if it is an order. If an instrument falls within the definition of both "note" and "draft," a person entitled to enforce the instrument may treat it as either.

(f) "Check" means (i) a draft, other than a documentary draft, payable on demand and drawn on a bank, or (ii) a cashier's check or teller's check. An instrument may be a check even though it is described on its face by another term, such as "money order."

(g) "Cashier's check" means a draft with respect to which the drawer and drawee are the same bank or branches of the same bank.

(h) "Teller's check" means a draft drawn by a bank (i) on another bank, or (ii) payable at or through a bank.

(i) "Traveler's check" means an instrument that (i) is payable on demand, (ii) is drawn on or payable at or through a bank, (iii) is designated by the term "traveler's check" or by a substantially similar term, and (iv) requires, as a condition to payment, a countersignature by a person whose specimen signature appears on the instrument.

(j) "Certificate of deposit" means an instrument containing an acknowledgment by a bank that a sum of money has been received by the bank and a promise by the bank to repay the sum of money. A certificate of deposit is a note of the bank.

**Sec. 402.** RCW 62A.3-105 and 1993 c 229 s 7 are each amended to read as follows:

(a) "Issue" means ~~((the))~~:

(1) The first delivery of an instrument by the maker or drawer, whether to a holder or nonholder, for the purpose of giving rights on the instrument to any person; or

(2) If agreed by the payee, the first transmission by the drawer to the payee of an image of an item and information derived

from the item that enables the depository bank to collect the item by transferring or presenting under federal law an electronic check.

(b) An unissued instrument, or an unissued incomplete instrument that is completed, is binding on the maker or drawer, but nonissuance is a defense. An instrument that is conditionally issued or is issued for a special purpose is binding on the maker or drawer, but failure of the condition or special purpose to be fulfilled is a defense.

(c) "Issuer" applies to issued and unissued instruments and means a maker or drawer of an instrument.

**Sec. 403.** RCW 62A.3-401 and 1993 c 229 s 41 are each amended to read as follows:

~~((a-))~~ A person is not liable on an instrument unless ~~((+i))~~ (a) the person signed the instrument, or ~~((+ii))~~ (b) the person is represented by an agent or representative who signed the instrument and the signature is binding on the represented person under RCW 62A.3-402.

~~((b) A signature may be made (i) manually or by means of a device or machine, and (ii) by the use of any name, including a trade or assumed name, or by a word, mark, or symbol executed or adopted by a person with present intention to authenticate a writing-))~~

**Sec. 404.** RCW 62A.3-604 and 1993 c 229 s 74 are each amended to read as follows:

(a) A person entitled to enforce an instrument, with or without consideration, may discharge the obligation of a party to pay the instrument (i) by an intentional voluntary act, such as surrender of the instrument to the party, destruction, mutilation, or cancellation of the instrument, cancellation or striking out of the party's signature, or the addition of words to the instrument indicating discharge, or (ii) by agreeing not to sue or otherwise renouncing rights against the party by a signed writing. The obligation of a party to pay a check is not discharged solely by destruction of the check in connection with a process in which information is extracted from the check and an image of the check is made and, subsequently, the information and image are transmitted for payment.

(b) Cancellation or striking out of an indorsement pursuant to subsection (a) does not affect the status and rights of a party derived from the indorsement.

## PART V

**Sec. 501.** RCW 62A.4A-103 and 2013 c 118 s 2 are each amended to read as follows:

(a) In this Article:

(1) "Payment order" means an instruction of a sender to a receiving bank, transmitted orally ~~(, electronically,)~~ or in ~~(writing)~~ a record, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:

(i) The instruction does not state a condition to payment to the beneficiary other than time of payment;

(ii) The receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender; and

(iii) The instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.

(2) "Beneficiary" means the person to be paid by the beneficiary's bank.

(3) "Beneficiary's bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.

(4) "Receiving bank" means the bank to which the sender's instruction is addressed.

(5) "Sender" means the person giving the instruction to the receiving bank.

(b) If an instruction complying with subsection (a)(1) of this section is to make more than one payment to a beneficiary, the instruction is a separate payment order with respect to each payment.

(c) A payment order is issued when it is sent to the receiving bank.

**Sec. 502.** RCW 62A.4A-201 and 1991 sp.s. c 21 s 4A-201 are each amended to read as follows:

"Security procedure" means a procedure established by agreement of a customer and a receiving bank for the purpose of (1) verifying that a payment order or communication amending or canceling a payment order is that of the customer, or (2) detecting error in the transmission or the content of the payment order or communication. A security procedure may impose an obligation on the receiving bank or the customer and may require the use of algorithms or other codes, identifying words ~~((e)s)~~, numbers, symbols, sounds, biometrics, encryption, callback procedures, or similar security devices. Comparison of a signature on a payment order or communication with an authorized specimen signature of the customer or requiring a payment order to be sent from a known email address, IP address, or telephone number is not by itself a security procedure.

**Sec. 503.** RCW 62A.4A-202 and 2013 c 118 s 6 are each amended to read as follows:

(a) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

(b) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if (i) the security procedure is a commercially reasonable method of providing security against unauthorized

payment orders, and (ii) the bank proves that it accepted the payment order in good faith and in compliance with the bank's obligations under the security procedure and any ((written)) agreement or instruction of the customer, evidenced by a record, restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates a ((written))an agreement with the customer, evidenced by a record, or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

(c) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if (i) the security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and (ii) the customer expressly agreed in ((writing))a record to be bound by any payment order, whether or not authorized, issued in its name, and accepted by the bank in compliance with the bank's obligations under the security procedure chosen by the customer.

(d) The term "sender" in this Article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (a) of this section, or it is effective as the order of the customer under subsection (b) of this section.

(e) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(f) Except as provided in this section and RCW 62A.4A-203(a)(1), rights and obligations arising under this section or RCW 62A.4A-203 may not be varied by agreement.

**Sec. 504.** RCW 62A.4A-203 and 2013 c 118 s 7 are each amended to read as follows:

(a) If an accepted payment order is not, under RCW 62A.4A-202(a), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to RCW 62A.4A-202(b), the following rules apply.

(1) By express ((written)) agreement evidenced by a record, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(2) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or

(ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

(b) This section applies to amendments of payment orders to the same extent it applies to payment orders.

**Sec. 505.** RCW 62A.4A-207 and 2013 c 118 s 11 are each amended to read as follows:

(a) Subject to subsection (b) of this section, if, in a payment order received by the beneficiary's bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

(b) If a payment order received by the beneficiary's bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

(1) Except as otherwise provided in subsection (c) of this section, if the beneficiary's bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary's bank need not determine whether the name and number refer to the same person.

(2) If the beneficiary's bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary's bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

(c) If (i) a payment order described in subsection (b) of this section is accepted, (ii) the originator's payment order described the beneficiary inconsistently by name and number, and (iii) the beneficiary's bank pays the person identified by number as permitted by subsection (b)(1) of this section, the following rules apply:

(1) If the originator is a bank, the originator is obliged to pay its order.

(2) If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfies the burden of proof if it proves that the originator,

before the payment order was accepted, signed a ((writing)) record stating the information to which the notice relates.

(d) In a case governed by subsection (b)

(1) of this section, if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

(1) If the originator is obliged to pay its payment order as stated in subsection (c) of this section, the originator has the right to recover.

(2) If the originator is not a bank and is not obliged to pay its payment order, the originator's bank has the right to recover.

**Sec. 506.** RCW 62A.4A-208 and 2013 c 118 s 12 are each amended to read as follows:

(a) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank only by an identifying number.

(1) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.

(2) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(b) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

(1) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(2) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (b)(1) of this section, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a ((writing)) record stating the information to which the notice relates.

(3) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

(4) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in RCW 62A.4A-302(a)(1).

**Sec. 507.** RCW 62A.4A-210 and 2013 c 118 s 14 are each amended to read as follows:

(a) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally ((~~electronically~~)) or in ((writing)) a record. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order, (i) any means complying with the agreement is reasonable and (ii) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

(b) This subsection applies if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to RCW 62A.4A-211(d) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

(c) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

(d) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order.

**Sec. 508.** RCW 62A.4A-211 and 2013 c 118 s 15 are each amended to read as follows:

(a) A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally (~~(, electronically,)~~) or in ~~((writing))~~ a record. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(b) Subject to subsection (a) of this section, a communication by the sender canceling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

(c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

(1) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

(2) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

(e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(f) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by

the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorneys' fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(g) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

(h) A funds-transfer system rule is not effective to the extent it conflicts with subsection (c) (2) of this section.

**Sec. 509.** RCW 62A.4A-305 and 2013 c 118 s 21 are each amended to read as follows:

(a) If a funds transfer is completed but execution of a payment order by the receiving bank in breach of RCW 62A.4A-302 results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the improper execution. Except as provided in subsection (c) of this section, additional damages are not recoverable.

(b) If execution of a payment order by a receiving bank in breach of RCW 62A.4A-302 results in (i) noncompletion of the funds transfer, (ii) failure to use an intermediary bank designated by the originator, or (iii) issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds transfer and for incidental expenses and interest losses, to the extent not covered by subsection (a) of this section, resulting from the improper execution. Except as provided in subsection (c) of this section, additional damages are not recoverable.

(c) In addition to the amounts payable under subsections (a) and (b) of this section, damages, including consequential damages, are recoverable to the extent provided in an express (~~(written))~~ agreement of the receiving bank, evidenced by a record.

(d) If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express (~~(written))~~ agreement of the receiving bank, evidenced by a record, but are not otherwise recoverable.

(e) Reasonable attorneys' fees are recoverable if demand for compensation under subsection (a) or (b) of this section is made and refused before an action is brought on the claim. If a claim is made for breach

of an agreement under subsection (d) of this section and the agreement does not provide for damages, reasonable attorneys' fees are recoverable if demand for compensation under subsection (d) of this section is made and refused before an action is brought on the claim.

(f) Except as stated in this section, the liability of a receiving bank under subsections (a) and (b) of this section may not be varied by agreement.

## PART VI

**Sec. 601.** RCW 62A.5-104 and 2012 c 214 s 1702 are each amended to read as follows:

A letter of credit, confirmation, advice, transfer, amendment, or cancellation may be issued in any form that is a signed record ~~((and is authenticated (i) by a signature or (ii) in accordance with the agreement of the parties or the standard practice referred to in RCW 62A.5-108(e))).~~

**Sec. 602.** RCW 62A.5-116 and 2012 c 214 s 1712 are each amended to read as follows:

(a) The liability of an issuer, nominated person, or adviser for action or omission is governed by the law of the jurisdiction chosen by an agreement in the form of a record signed ~~((or otherwise authenticated))~~ by the affected parties ~~((in the manner provided in RCW 62A.5-104))~~ or by a provision in the person's letter of credit, confirmation, or other undertaking. The jurisdiction whose law is chosen need not bear any relation to the transaction.

(b) Unless subsection (a) of this section applies, the liability of an issuer, nominated person, or adviser for action or omission is governed by the law of the jurisdiction in which the person is located. The person is considered to be located at the address indicated in the person's undertaking. If more than one address is indicated, the person is considered to be located at the address from which the person's undertaking was issued.

(c) For the purpose of jurisdiction, choice of law, and recognition of interbranch letters of credit, but not enforcement of a judgment, all branches of a bank are considered separate juridical entities and a bank is considered to be located at the place where its relevant branch is considered to be located under this subsection.

~~((e))~~ (d) A branch of a bank is considered to be located at the address indicated in the branch's undertaking. If more than one address is indicated, the branch is considered to be located at the address from which the undertaking was issued.

(e) Except as otherwise provided in this subsection, the liability of an issuer, nominated person, or adviser is governed by any rules of custom or practice, such as the Uniform Customs and Practice for Documentary Credits, to which the letter of credit, confirmation, or other undertaking is expressly made subject. If (i) this Article would govern the liability of an issuer, nominated person, or adviser under

subsection (a) or (b) of this section, (ii) the relevant undertaking incorporates rules of custom or practice, and (iii) there is conflict between this Article and those rules as applied to that undertaking, those rules govern except to the extent of any conflict with the nonvariable provisions specified in RCW 62A.5-103(c).

~~((d))~~ (f) If there is conflict between this Article and Article 3, 4, 4A, or 9A, this Article governs.

~~((e))~~ (g) The forum for settling disputes arising out of an undertaking within this Article may be chosen in the manner and with the binding effect that governing law may be chosen in accordance with subsection (a) of this section.

(c) In addition, Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article.

**Sec. 702.** RCW 62A.7-106 and 2012 c 214 s 206 are each amended to read as follows:

(a) A person has control of an electronic document of title if a system employed for evidencing the transfer of interests in the electronic document reliably establishes that person as the person to which the electronic document was issued or transferred.

(b) A system satisfies subsection (a) of this section, and a person (~~is deemed to have~~) has control of an electronic document of title, if the document is created, stored, and (~~assigned~~) transferred in (~~such~~) a manner that:

(1) A single authoritative copy of the document exists which is unique, identifiable, and, except as otherwise provided in (4), (5), and (6) of this subsection, unalterable;

(2) The authoritative copy identifies the person asserting control as:

(A) The person to which the document was issued; or

(B) If the authoritative copy indicates that the document has been transferred, the person to which the document was most recently transferred;

(3) The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(4) Copies or amendments that add or change an identified (~~assignee~~) transferee of the authoritative copy can be made only with the consent of the person asserting control;

(5) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) Any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.

(c) A system satisfies subsection (a) of this section, and a person has control of an electronic document of title, if an authoritative electronic copy of the document, a record attached to or logically associated with the electronic copy, or a system in which the electronic copy is recorded:

(1) Enables the person readily to identify each electronic copy as either an authoritative copy or a nonauthoritative copy;

(2) Enables the person readily to identify itself in any way, including by

name, identifying number, cryptographic key, office, or account number, as the person to which each authoritative electronic copy was issued or transferred; and

(3) Gives the person exclusive power, subject to subsection (d) of this section, to:

(A) Prevent others from adding or changing the person to which each authoritative electronic copy has been issued or transferred; and

(B) Transfer control of each authoritative electronic copy.

(d) Subject to subsection (e) of this section, a power is exclusive under subsection (c) (3) (A) and (B) of this section even if:

(1) The authoritative electronic copy, a record attached to or logically associated with the authoritative electronic copy, or a system in which the authoritative electronic copy is recorded limits the use of the document of title or has a protocol that is programmed to cause a change, including a transfer or loss of control; or

(2) The power is shared with another person.

(e) A power of a person is not shared with another person under subsection (d) (2) of this section and the person's power is not exclusive if:

(1) The person can exercise the power only if the power also is exercised by the other person; and

(2) The other person:

(A) Can exercise the power without exercise of the power by the person; or

(B) Is the transferor to the person of an interest in the document of title.

(f) If a person has the powers specified in subsection (c) (3) (A) and (B) of this section, the powers are presumed to be exclusive.

(g) A person has control of an electronic document of title if another person, other than the transferor to the person of an interest in the document:

(1) Has control of the document and acknowledges that it has control on behalf of the person; or

(2) Obtains control of the document after having acknowledged that it will obtain control of the document on behalf of the person.

(h) A person that has control under this section is not required to acknowledge that it has control on behalf of another person.

(i) If a person acknowledges that it has or will obtain control on behalf of another person, unless the person otherwise agrees or law other than this Article or Article 9 of this title otherwise provides, the person does not owe any duty to the other person and is not required to confirm the acknowledgment to any other person.

**Sec. 803.** RCW 62A.8-106 and 2000 c 250 s 9A-816 are each amended to read as follows:

(1) A purchaser has "control" of a certificated security in bearer form if the

certificated security is delivered to the purchaser.

(2) A purchaser has "control" of a certificated security in registered form if the certificated security is delivered to the purchaser, and:

(a) The certificate is indorsed to the purchaser or in blank by an effective indorsement; or

(b) The certificate is registered in the name of the purchaser, upon original issue or registration of transfer by the issuer.

(3) A purchaser has "control" of an uncertificated security if:

(a) The uncertificated security is delivered to the purchaser; or

(b) The issuer has agreed that it will comply with instructions originated by the purchaser without further consent by the registered owner.

(c) Another person ((has control of the security entitlement on behalf of the purchaser or, having previously acquired control of the security entitlement, acknowledges that it has control on behalf of the purchaser)), other than the transferor to the purchaser of an interest in the security entitlement:

(i) Has control of the security entitlement and acknowledges that it has control on behalf of the purchaser; or

(ii) Obtains control of the security entitlement after having acknowledged that it will obtain control of the security entitlement on behalf of the purchaser.

(5) If an interest in a security entitlement is granted by the entitlement holder to the entitlement holder's own securities intermediary, the securities intermediary has control.

(6) A purchaser who has satisfied the requirements of subsection (3) or (4) of this section has control even if the registered owner in the case of subsection (3) of this section or the entitlement holder in the case of subsection (4) of this section retains the right to make substitutions for the uncertificated security or security entitlement, to originate instructions or entitlement orders to the issuer or securities intermediary, or otherwise to deal with the uncertificated security or security entitlement.

(7) An issuer or a securities intermediary may not enter into an agreement of the kind described in subsection (3)(b) or (4)(b) of this section without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party

unless requested to do so by the registered owner or entitlement holder.

(c) **Article 1 definitions and principles.**

Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article.

**Sec. 902.** RCW 62A.9A-104 and 2001 c 32 s 17 are each amended to read as follows:

(a) **Requirements for control.** A secured party has control of a deposit account if:

(1) The secured party is the bank with which the deposit account is maintained;

(2) The debtor, secured party, and bank have agreed in ((an authenticated)) a signed record that the bank will comply with instructions originated by the secured party directing disposition of the funds in the deposit account without further consent by the debtor; ((or))

(3) The secured party becomes the bank's customer with respect to the deposit account; or

(4) Another person, other than the debtor:

(A) Has control of the deposit account and acknowledges that it has control on behalf of the secured party; or

(B) Obtains control of the deposit account after having acknowledged that it will obtain control of the deposit account on behalf of the secured party.

(b) Debtor's right to direct disposition. A secured party that has satisfied subsection (a) of this section has control, even if the debtor retains the right to direct the disposition of funds from the deposit account.

**Sec. 903.** RCW 62A.9A-105 and 2011 c 74 s 102 are each amended to read as follows:

(a) General rule: Control of electronic copy of record evidencing chattel paper. ~~((A secured party has control of electronic chattel paper if a system employed for evidencing the transfer of interests in the chattel paper reliably establishes the secured party as the person to which the chattel paper was assigned.~~

~~(b) Specific facts giving control.~~ A system satisfies subsection (a) of this section if the record or records comprising the chattel paper are created, stored, and assigned in such a manner that:

~~(1) A single authoritative copy of the record or records exists which is unique, identifiable and, except as otherwise provided in (4), (5), and (6) of this subsection, unalterable;~~

~~(2) The authoritative copy identifies the secured party as the assignee of the record or records;~~

~~(3) The authoritative copy is communicated to and maintained by the secured party or its designated custodian;~~

~~(4) Copies or amendments that add or change an identified assignee of the authoritative copy can be made only with the consent of the secured party;~~

~~(5) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and~~

~~(6) Any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.)~~ A purchaser has control of an authoritative electronic copy of a record evidencing chattel paper if a system employed for evidencing the assignment of interests in the chattel paper reliably establishes the purchaser as the person to which the authoritative electronic copy was assigned.

(b) Single authoritative copy. A system satisfies subsection (a) of this section if the record or records evidencing the chattel paper are created, stored, and assigned in a manner that:

(1) A single authoritative copy of the record or records exists which is unique, identifiable, and, except as otherwise provided in (4), (5), and (6) of this subsection, unalterable;

(2) The authoritative copy identifies the purchaser as the assignee of the record or records;

(3) The authoritative copy is communicated to and maintained by the purchaser or its designated custodian;

(4) Copies or amendments that add or change an identified assignee of the authoritative copy can be made only with the consent of the purchaser;

(5) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) Any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.

(c) One or more authoritative copies. A system satisfies subsection (a) of this section, and a purchaser has control of an authoritative electronic copy of a record evidencing chattel paper, if the electronic copy, a record attached to or logically associated with the electronic copy, or a system in which the electronic copy is recorded:

(1) Enables the purchaser readily to identify each electronic copy as either an authoritative copy or a nonauthoritative copy;

(2) Enables the purchaser readily to identify itself in any way, including by name, identifying number, cryptographic key, office, or account number, as the assignee of the authoritative electronic copy; and

(3) Gives the purchaser exclusive power, subject to subsection (d) of this section, to:

(A) Prevent others from adding or changing an identified assignee of the authoritative electronic copy; and

(B) Transfer control of the authoritative electronic copy.

(d) Meaning of exclusive. Subject to subsection (e) of this section, a power is exclusive under subsection (c)(3)(A) and (B) of this section even if:

(1) The authoritative electronic copy, a record attached to or logically associated with the authoritative electronic copy, or a system in which the authoritative electronic copy is recorded limits the use of the authoritative electronic copy or has a protocol programmed to cause a change, including a transfer or loss of control; or

(2) The power is shared with another person.

(e) When power not shared with another person. A power of a purchaser is not shared with another person under subsection (d)(2) of this section and the purchaser's power is not exclusive if:

(1) The purchaser can exercise the power only if the power also is exercised by the other person; and

(2) The other person:

(A) Can exercise the power without exercise of the power by the purchaser; or

(B) Is the transferor to the purchaser of an interest in the chattel paper.

(f) Presumption of exclusivity of certain powers. If a purchaser has the powers specified in subsection (c)(3)(A) and (B) of this section, the powers are presumed to be exclusive.

(g) Obtaining control through another person. A purchaser has control of an authoritative electronic copy of a record evidencing chattel paper if another person, other than the transferor to the purchaser of an interest in the chattel paper:

(1) Has control of the authoritative electronic copy and acknowledges that it has control on behalf of the purchaser; or

(2) Obtains control of the authoritative electronic copy after having acknowledged

that it will obtain control of the electronic copy on behalf of the purchaser.

**NEW SECTION. Sec. 904.** A new section is added to chapter 62A.9A RCW to read as follows:

SECTION 9-105A: CONTROL OF ELECTRONIC MONEY. (a) **General rule: Control of electronic money.** A person has control of electronic money if:

(1) The electronic money, a record attached to or logically associated with the electronic money, or a system in which the electronic money is recorded gives the person:

(A) Power to avail itself of substantially all the benefit from the electronic money; and

(B) Exclusive power, subject to subsection (b) of this section, to:

(i) Prevent others from availing themselves of substantially all the benefit from the electronic money; and

(ii) Transfer control of the electronic money to another person or cause another person to obtain control of other electronic money as a result of the transfer of the electronic money; and

(2) The electronic money, a record attached to or logically associated with the electronic money, or a system in which the electronic money is recorded enables the person readily to identify itself in any way, including by name, identifying number, cryptographic key, office, or account number, as having the powers under (1) of this subsection.

(b) **Meaning of exclusive.** Subject to subsection (c) of this section, a power is exclusive under subsection (a)(1)(B)(i) and (ii) of this section even if:

(1) The electronic money, a record attached to or logically associated with the electronic money, or a system in which the electronic money is recorded limits the use of the electronic money or has a protocol programmed to cause a change, including a transfer or loss of control; or

(2) The power is shared with another person.

(c) **When power not shared with another person.** A power of a person is not shared with another person under subsection (b)(2) of this section and the person's power is not exclusive if:

(1) The person can exercise the power only if the power also is exercised by the other person; and

(2) The other person:

(A) Can exercise the power without exercise of the power by the person; or

(B) Is the transferor to the person of an interest in the electronic money.

(d) **Presumption of exclusivity of certain powers.** If a person has the powers specified in subsection (a)(1)(B)(i) and (ii) of this section, the powers are presumed to be exclusive.

(e) **Control through another person.** A person has control of electronic money if another person, other than the transferor to the person of an interest in the electronic money:

(1) Has control of the electronic money and acknowledges that it has control on behalf of the person; or

(2) Obtains control of the electronic money after having acknowledged that it will obtain control of the electronic money on behalf of the person.

**NEW SECTION. Sec. 906.** A new section is added to chapter 62A.9A RCW to read as follows:

SECTION 9-107B: NO REQUIREMENT TO ACKNOWLEDGE OR CONFIRM; NO DUTIES. (a) **No requirement to acknowledge.** A person that has control under RCW 62A.9A-104 or 62A.9A-105 or section 904 of this act is not required to acknowledge that it has control on behalf of another person.

(b) **No duties or confirmation.** If a person acknowledges that it has or will obtain control on behalf of another person, unless the person otherwise agrees or law other than this article otherwise provides, the person does not owe any duty to the other person and is not required to confirm the acknowledgment to any other person.

**Sec. 907.** RCW 62A.9A-203 and 2012 c 214 s 1503 are each amended to read as follows:

(a) **Attachment.** A security interest attaches to collateral when it becomes enforceable against the debtor with respect to the collateral, unless an agreement expressly postpones the time of attachment.

(1) Value has been given;

(1) The agreement satisfies subsection (b)(3) of this section with respect to existing or after-acquired property of the new debtor to the extent the property is described in the agreement; and

(2) Another agreement is not necessary to make a security interest in the property enforceable.

**Sec. 926.** RCW 62A.9A-324 and 2000 c 250 s 9A-324 are each amended to read as follows:

(a) **General rule: Purchase-money priority.** Except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in goods other than inventory or livestock has priority over a conflicting security interest in the same goods, and, except as otherwise provided in RCW 62A.9A-327, a perfected security interest in its identifiable proceeds also has priority, if the purchase-money security interest is perfected when the debtor receives possession of the collateral or within twenty days thereafter.

(b) **Inventory purchase-money priority.** Subject to subsection (c) of this section and except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in inventory has priority over a conflicting security interest in the same inventory, has priority over a conflicting security interest in chattel paper or an instrument constituting proceeds of the inventory and in proceeds of the chattel paper, if so provided in RCW 62A.9A-330, and, except as otherwise provided in RCW 62A.9A-327, also has priority in identifiable cash proceeds of the inventory to the extent the identifiable cash proceeds are received on or before the delivery of the inventory to a buyer, if:

(1) The purchase-money security interest is perfected when the debtor receives possession of the inventory;

(2) The purchase-money secured party sends ~~((an authenticated))~~ a signed notification to the holder of the conflicting security interest;

(3) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(4) The notification states that the person sending the notification has or expects to acquire a purchase-money security interest in inventory of the debtor and describes the inventory.

(c) **Holders of conflicting inventory security interests to be notified.** Subsections (b)(2) through (4) of this section apply only if the holder of the conflicting security interest had filed a financing statement covering the same types of inventory:

(1) If the purchase-money security interest is perfected by filing, before the date of the filing; or

(2) If the purchase-money security interest is temporarily perfected without filing or possession under RCW 62A.9A-312(f), before the beginning of the twenty-day period thereunder.

(d) **Livestock purchase-money priority.** Subject to subsection (e) of this section and except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in livestock that are farm products has priority over a conflicting security interest in the same livestock, and, except as otherwise provided in RCW 62A.9A-327, a perfected security interest in their identifiable proceeds and identifiable products in their unmanufactured states also has priority, if:

(1) The purchase-money security interest is perfected when the debtor receives possession of the livestock;

(2) The purchase-money secured party sends ~~((an authenticated))~~ a signed notification to the holder of the conflicting security interest;

(3) The holder of the conflicting security interest receives the notification within six months before the debtor receives possession of the livestock; and

(4) The notification states that the person sending the notification has or expects to acquire a purchase-money security interest in livestock of the debtor and describes the livestock.

(e) **Holders of conflicting livestock security interests to be notified.** Subsections (d)(2) through (4) of this section apply only if the holder of the conflicting security interest had filed a financing statement covering the same types of livestock:

(1) If the purchase-money security interest is perfected by filing, before the date of the filing; or

(2) If the purchase-money security interest is temporarily perfected without filing or possession under RCW 62A.9A-312(f), before the beginning of the twenty-day period thereunder.

(f) **Software purchase-money priority.** Except as otherwise provided in subsection (g) of this section, a perfected purchase-money security interest in software has priority over a conflicting security interest in the same collateral, and, except as otherwise provided in RCW 62A.9A-327, a perfected security interest in its identifiable proceeds also has priority, to the extent that the purchase-money security interest in the goods in which the software was acquired for use has priority in the goods and proceeds of the goods under this section.

(g) **Conflicting purchase-money security interests.** If more than one security interest qualifies for priority in the same collateral under subsection (a), (b), (d), or (f) of this section:

(1) A security interest securing an obligation incurred as all or part of the price of the collateral has priority over a security interest securing an obligation incurred for value given to enable the debtor to acquire rights in or the use of collateral; and

(2) In all other cases, RCW 62A.9A-322(a) applies to the qualifying security interests.

**NEW SECTION. Sec. 927.** A new section is added to chapter 62A.9A RCW to read as follows:

**SECTION 9-326A: PRIORITY OF SECURITY INTEREST IN CONTROLLABLE ACCOUNT, CONTROLLABLE ELECTRONIC RECORD, AND CONTROLLABLE PAYMENT INTANGIBLE.** A security interest in a controllable account, controllable electronic record, or controllable payment intangible held by a secured party having control of the account, electronic record, or payment intangible has priority over a conflicting security interest held by a secured party that does not have control.

**Sec. 928.** RCW 62A.9A-330 and 2000 c 250 s 9A-330 are each amended to read as follows:

(a) **Purchaser's priority: Security interest claimed merely as proceeds.** A purchaser of chattel paper has priority over a security interest in the chattel paper which is claimed merely as proceeds of inventory subject to a security interest if:

(1) In good faith and in the ordinary course of the purchaser's business, the purchaser gives new value ~~((and))~~ takes possession of each authoritative tangible copy of the record evidencing the chattel paper ~~((or))~~, and obtains control ~~((of))~~ under RCW 62A.9A-105 of each authoritative electronic copy of the record evidencing the chattel paper ~~((under RCW 62A.9A-105))~~; and

(2) The ~~((chattel paper does))~~ authoritative copies of the record evidencing the chattel paper do not indicate that ~~((it))~~ the chattel paper has been assigned to an identified assignee other than the purchaser.

(b) **Purchaser's priority: Other security interests.** A purchaser of chattel paper has priority over a security interest in the chattel paper which is claimed other than merely as proceeds of inventory subject to a security interest if the purchaser gives new value ~~((and))~~ takes possession of each authoritative tangible copy of the record evidencing the chattel paper ~~((or))~~, and obtains control ~~((of))~~ under RCW 62A.9A-105 of each authoritative electronic copy of the record evidencing the chattel paper ~~((under RCW 62A.9A-105))~~ in good faith, in the ordinary course of the purchaser's business, and without knowledge that the purchase violates the rights of the secured party.

(c) **Chattel paper purchaser's priority in proceeds.** Except as otherwise provided in RCW 62A.9A-327, a purchaser having priority in chattel paper under subsection (a) or (b) of this section also has priority in proceeds of the chattel paper to the extent that:

(1) RCW 62A.9A-322 provides for priority in the proceeds; or

(2) The proceeds consist of the specific goods covered by the chattel paper or cash proceeds of the specific goods, even if the purchaser's security interest in the proceeds is unperfected.

(d) **Instrument purchaser's priority.** Except as otherwise provided in RCW 62A.9A-331(a), a purchaser of an instrument has priority over a security interest in the instrument perfected by a method other than possession if the purchaser gives value and takes possession of the instrument in good faith and without knowledge that the purchase violates the rights of the secured party.

(e) **Holder of purchase-money security interest gives new value.** For purposes of subsections (a) and (b) of this section, the holder of a purchase-money security interest in inventory gives new value for chattel paper constituting proceeds of the inventory.

(f) **Indication of assignment gives knowledge.** For purposes of subsections (b) and (d) of this section, if the authoritative copies of the record evidencing chattel paper or an instrument indicate ~~((s))~~ that ~~((it))~~ the chattel paper or instrument has been assigned to an identified secured party other than the purchaser, a purchaser of the chattel paper or instrument has knowledge that the purchase violates the rights of the secured party.

**Sec. 929.** RCW 62A.9A-331 and 2001 c 32 s 30 are each amended to read as follows:

(a) **Rights under Articles 3, 7, ~~((and))~~ 8, and 12 not limited.** This Article does not limit the rights of a holder in due course of a negotiable instrument, a holder to which a negotiable document of title has been duly negotiated, ~~((or))~~ a protected purchaser of a security, or a qualifying purchaser of a controllable account, controllable electronic record, or controllable payment intangible. These holders or purchasers take priority over an earlier security interest, even if perfected, to the extent provided in Articles 3, 7, ~~((and))~~ 8, and 12.

(b) **Protection under Articles 8 and 12.** This Article does not limit the rights of or impose liability on a person to the extent that the person is protected against the assertion of a claim under Article 8 or 12.

(c) **Filing not notice.** Filing under this Article does not constitute notice of a claim or defense to the holders, or purchasers, or persons described in subsections (a) and (b) of this section.

**Sec. 930.** RCW 62A.9A-332 and 2000 c 250 s 9A-332 are each amended to read as follows:

(a) **Transferee of tangible money.** A transferee of tangible money takes the money free of a security interest ~~((unless the transferee acts))~~ if the transferee receives possession of the money without acting in collusion with the debtor in violating the rights of the secured party.

(b) **Transferee of funds from deposit account.** A transferee of funds from a deposit account takes the funds free of a security interest in the deposit account ~~((unless the transferee acts))~~ if the transferee receives possession of the money without acting in collusion with the debtor

in violating the rights of the secured party.

(c) Transferee of electronic money. A transferee of electronic money takes the money free of a security interest if the transferee obtains control of the money without acting in collusion with the debtor in violating the rights of the secured party.

**Sec. 931.** RCW 62A.9A-334 and 2001 c 32 s 32 are each amended to read as follows:

(a) **Security interest in fixtures under this Article.** A security interest under this Article may be created in goods that are fixtures or may continue in goods that become fixtures. A security interest does not exist under this Article in ordinary building materials incorporated into an improvement on land.

(b) **Security interest in fixtures under real-property law.** This Article does not prevent creation of an encumbrance upon fixtures under real property law.

(c) **General rule: Subordination of security interest in fixtures.** In cases not governed by subsections (d) through (h) of this section, a security interest in fixtures is subordinate to a conflicting interest of an encumbrancer or owner of the related real property other than the debtor.

(d) **Fixtures purchase-money priority.** Except as otherwise provided in subsection (h) of this section, a perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in, or is in possession of, the real property and:

(1) The security interest is a purchase-money security interest;

(2) The interest of the encumbrancer or owner arises before the goods become fixtures; and

(3) The security interest is perfected by a fixture filing before the goods become fixtures or within twenty days thereafter.

(e) **Priority of security interest in fixtures over interests in real property.** A perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(1) The debtor has an interest of record in the real property or is in possession of the real property and the security interest:

(A) Is perfected by a fixture filing before the interest of the encumbrancer or owner is of record; and

(B) Has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner;

(2) Before the goods become fixtures, the security interest is perfected by any method permitted by this Article and the fixtures are readily removable:

(A) Factory or office machines;

(B) Equipment that is not primarily used or leased for use in the operation of the real property; or

(C) Replacements of domestic appliances that are consumer goods; or

(3) The conflicting interest is a lien on the real property obtained by legal or equitable proceedings after the security

interest was perfected by any method permitted by this Article.

(f) **Priority based on consent, disclaimer, or right to remove.** A security interest in fixtures, whether or not perfected, has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(1) The encumbrancer or owner has, in ~~((an authenticated))~~ a signed record, consented to the security interest or disclaimed an interest in the goods as fixtures; or

(2) The debtor has a right to remove the goods as against the encumbrancer or owner.

(g) **Continuation of subsection (f)(2) priority.** The priority of the security interest under subsection (f)(2) of this section continues for a reasonable time if the debtor's right to remove the goods as against the encumbrancer or owner terminates.

(h) **Priority of construction mortgage.** A mortgage is a construction mortgage to the extent that it secures an obligation incurred for the construction of an improvement on land, including the acquisition cost of the land, if a recorded record of the mortgage so indicates. Except as otherwise provided in subsections (e) and (f) of this section, a security interest in fixtures is subordinate to a construction mortgage if a record of the mortgage is recorded before the goods become fixtures and the goods become fixtures before the completion of the construction. A mortgage has this priority to the same extent as a construction mortgage to the extent that it is given to refinance a construction mortgage.

(i) **Priority of security interest in crops.** A perfected security interest in crops growing on real property has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property.

(j) **Subsection (i) prevails.** Subsection (i) of this section prevails over inconsistent provisions of any other statute except RCW 60.11.050.

**Sec. 932.** RCW 62A.9A-341 and 2000 c 250 s 9A-341 are each amended to read as follows:

Except as otherwise provided in RCW 62A.9A-340(c), and unless the bank otherwise agrees in ~~((an authenticated))~~ a signed record, a bank's rights and duties with respect to a deposit account maintained with the bank are not terminated, suspended, or modified by:

(1) The creation, attachment, or perfection of a security interest in the deposit account;

(2) The bank's knowledge of the security interest; or

(3) The bank's receipt of instructions from the secured party.

**Sec. 933.** RCW 62A.9A-404 and 2000 c 250 s 9A-404 are each amended to read as follows:

(a) **Assignee's rights subject to terms, claims, and defenses; exceptions.** Unless an

account debtor has made an enforceable agreement not to assert defenses or claims, and subject to subsections (b) through (e) of this section, the rights of an assignee are subject to:

(1) All terms of the agreement between the account debtor and assignor and any defense or claim in recoupment arising from the transaction that gave rise to the contract; and

(2) Any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives a notification of the assignment ~~((authenticated))~~ signed by the assignor or the assignee.

(b) **Account debtor's claim reduces amount owed to assignee.** Subject to subsection (c) of this section, and except as otherwise provided in subsection (d) of this section, the claim of an account debtor against an assignor may be asserted against an assignee under subsection (a) of this section only to reduce the amount the account debtor owes.

(c) **Rule for individual under other law.** This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(d) **Omission of required statement in consumer transaction.** In a consumer transaction, if a record evidences the account debtor's obligation, law other than this Article requires that the record include a statement to the effect that the account debtor's recovery against an assignee with respect to claims and defenses paid by the account debtor under the record, and the record does not include such a statement, the extent to which a claim of an account debtor against the assignor may be asserted against an assignee is determined as if the record included such a statement.

(e) **Inapplicability to health-care-insurance receivable.** This section does not apply to an assignment of a health-care-insurance receivable.

**Sec. 934.** RCW 62A.9A-406 and 2011 c 74 s 301 are each amended to read as follows:

(a) **Discharge of account debtor; effect of notification.** Subject to subsections (b) through ~~((+j))~~ (l) of this section, an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, ~~((authenticated))~~ signed by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) **When notification ineffective.** Subject to subsections (h) and (l) of this section, notification is ineffective under subsection (a) of this section:

(1) If it does not reasonably identify the rights assigned;

(2) To the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this Article; or

(3) At the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:

(A) Only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;

(B) A portion has been assigned to another assignee; or

(C) The account debtor knows that the assignment to that assignee is limited.

(c) **Proof of assignment.** Subject to subsections (h) and (l) of this section, if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a) of this section.

(d) **Term restricting assignment generally ineffective.** In this subsection, "promissory note" includes a negotiable instrument that evidences chattel paper. Except as otherwise provided in subsections (e) and (k) of this section and RCW 62A.2A-303 and 62A.9A-407, and subject to subsections (h) and (j) of this section, a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

(1) Prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or

(2) Provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.

(e) **Inapplicability of subsection (d) of this section to certain sales.** Subsection (d) of this section does not apply to the sale of a payment intangible or promissory note, other than a sale pursuant to a disposition under RCW 62A.9A-610 or an acceptance of collateral under RCW 62A.9A-620.

(f) [Reserved.]

(g) **Subsection (b)(3) of this section not waivable.** Subject to subsections (h) and (l) of this section, an account debtor may not waive or vary its option under subsection (b)(3) of this section.

(h) **Rule for individual under other law.** This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) **Inapplicability to health-care-insurance receivable.** This section does not apply to an assignment of a health-care-insurance receivable.

(j)(1) **Inapplicability of subsection (d) of this section to certain transactions.** After July 1, 2003, subsection (d) of this section does not apply to the assignment or transfer of or creation of a security interest in:

(A) A claim or right to receive compensation for injuries or sickness as described in 26 U.S.C. Sec. 104(a)(1) or (2); or

(B) A claim or right to receive benefits under a special needs trust as described in 42 U.S.C. Sec. 1396p(d)(4).

(2) This subsection will not affect a transfer of structured settlement payment rights under chapter 19.205 RCW.

(k) Inapplicability to interests in certain entities. Subsection (d) of this section does not apply to a security interest in an ownership interest in a general partnership, limited partnership, or limited liability company.

(l) Inapplicability of certain subsections. Subsections (a), (b), (c), and (g) of this section do not apply to a controllable account or controllable payment intangible.

**Sec. 935.** RCW 62A.9A-408 and 2011 c 74 s 302 are each amended to read as follows:

(a) **Term restricting assignment generally ineffective.** Except as otherwise provided in subsections (b) and (f) of this section, a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and which term prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible, is ineffective to the extent that the term:

(1) Would impair the creation, attachment, or perfection of a security interest; or

(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(b) **Applicability of subsection (a) of this section to sales of certain rights to payment.** Subsection (a) of this section applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note, other than a sale pursuant to a disposition under RCW 62A.9A-610 or an acceptance of collateral under RCW 62A.9A-620.

(c) **Legal restrictions on assignment generally ineffective.** (A) Except as otherwise provided in subsection (f) of this

section, a rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(1) Would impair the creation, attachment, or perfection of a security interest; or

(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) **Limitation on ineffectiveness under subsections (a) and (c) of this section.** To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) of this section would be effective under law other than this Article but is ineffective under subsection (a) or (c) of this section, the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) Is not enforceable against the person obligated on the promissory note or the account debtor;

(2) Does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;

(3) Does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

(4) Does not entitle the secured party to use or assign the debtor's rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(5) Does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(6) Does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable, or general intangible.

(e)(1) **Inapplicability of subsections (a) and (c) of this section to certain payment intangibles.** After July 1, 2003, subsections (a) and (c) of this section do not apply to the assignment or transfer of or creation of a security interest in:

(A) A claim or right to receive compensation for injuries or sickness as described in 26 U.S.C. Sec. 104(a)(1) or (2); or

(B) A claim or right to receive benefits under a special needs trust as described in 42 U.S.C. Sec. 1396p(d)(4).

(2) This subsection will not affect a transfer of structured settlement payment rights under chapter 19.205 RCW.

(f) **Inapplicability to interests in certain entities.** This section does not apply to a security interest in an ownership interest in a general partnership, limited partnership, or limited liability company.

(g) **"Promissory note."** In this section, "promissory note" includes a negotiable instrument that evidences chattel paper.

**Sec. 936.** RCW 62A.9A-509 and 2001 c 32 s 36 are each amended to read as follows:

(a) **Person entitled to file record.** A person may file an initial financing statement, amendment that adds collateral covered by a financing statement, or amendment that adds a debtor to a financing statement only if:

(1) The debtor authorizes the filing in ~~((an authenticated))~~ a signed record or pursuant to subsection (b) or (c) of this section; or

(2) The person holds an agricultural lien that has become effective at the time of filing and the financing statement covers only collateral in which the person holds an agricultural lien.

(b) **Security agreement as authorization.** By ~~((authenticating))~~ signing or becoming bound as debtor by a security agreement, a debtor or new debtor authorizes the filing of an initial financing statement, and an amendment, covering:

(1) The collateral described in the security agreement; and

(2) Property that becomes collateral under RCW 62A.9A-315(a)(2), whether or not the security agreement expressly covers proceeds.

(c) **Acquisition of collateral as authorization.** By acquiring collateral in which a security interest or agricultural lien continues under RCW 62A.9A-315(a)(1), a debtor authorizes the filing of an initial financing statement, and an amendment, covering the collateral and property that becomes collateral under RCW 62A.9A-315(a)(2).

(d) **Person entitled to file certain amendments.** A person may file an amendment other than an amendment that adds collateral covered by a financing statement or an amendment that adds a debtor to a financing statement only if:

(1) The secured party of record authorizes the filing; or

(2) The amendment is a termination statement for a financing statement as to which the secured party of record has failed to file or send a termination statement as required by RCW 62A.9A-513 (a) or (c), the debtor authorizes the filing, and the termination statement indicates that the debtor authorized it to be filed.

(e) **Multiple secured parties of record.** If there is more than one secured party of

record for a financing statement, each secured party of record may authorize the filing of an amendment under subsection (d) of this section.

**Sec. 937.** RCW 62A.9A-513 and 2001 c 32 s 37 are each amended to read as follows:

(a) **Consumer goods.** A secured party shall cause the secured party of record for a financing statement to file a termination statement for the financing statement if the financing statement covers consumer goods and:

(1) There is no obligation secured by the collateral covered by the financing statement and no commitment to make an advance, incur an obligation, or otherwise give value; or

(2) The debtor did not authorize the filing of the initial financing statement.

(b) **Time for compliance with subsection (a) of this section.** To comply with subsection (a) of this section, a secured party shall cause the secured party of record to file the termination statement:

(1) Within one month after there is no obligation secured by the collateral covered by the financing statement and no commitment to make an advance, incur an obligation, or otherwise give value; or

(2) If earlier, within ~~((twenty))~~ 20 days after the secured party receives ~~((an authenticated))~~ a signed demand from a debtor.

(c) **Other collateral.** In cases not governed by subsection (a) of this section, within ~~((twenty))~~ 20 days after a secured party receives ~~((an authenticated))~~ a signed demand from a debtor, the secured party shall cause the secured party of record for a financing statement to send to the debtor a termination statement for the financing statement or file the termination statement in the filing office if:

(1) Except in the case of a financing statement covering accounts or chattel paper that has been sold or goods that are the subject of a consignment, there is no obligation secured by the collateral covered by the financing statement and no commitment to make an advance, incur an obligation, or otherwise give value;

(2) The financing statement covers accounts or chattel paper that has been sold but as to which the account debtor or other person obligated has discharged its obligation;

(3) The financing statement covers goods that were the subject of a consignment to the debtor but are not in the debtor's possession; or

(4) The debtor did not authorize the filing of the initial financing statement.

(d) **Effect of filing termination statement.** Except as otherwise provided in RCW 62A.9A-510, upon the filing of a termination statement with the filing office, the financing statement to which the termination statement relates ceases to be effective. Except as otherwise provided in RCW 62A.9A-510, for purposes of RCW 62A.9A-519(g), 62A.9A-522(a), and 62A.9A-523(c), the filing with the filing office of a termination statement relating to a financing statement that indicates that

the debtor is a transmitting utility also causes the effectiveness of the financing statement to lapse.

**Sec. 938.** RCW 62A.9A-601 and 2012 c 214 s 1518 are each amended to read as follows:

(a) **Rights of secured party after default.** After default, a secured party has the rights provided in this part and, except as otherwise provided in RCW 62A.9A-602, those provided by agreement of the parties. A secured party:

(2) The date of filing a financing statement covering the collateral; or

(3) Any date specified in a statute under which the agricultural lien was created.

(2) If requested by a secured party, a holder of a subordinate security interest or other lien shall furnish reasonable proof of the interest or lien within a reasonable time. Unless the holder complies, the secured party need not comply with the

holder's demand under (1)(C) of this subsection.

(3) A secured party need not apply or pay over for application noncash proceeds of collection and enforcement under RCW 62A.9A-607 unless the failure to do so would be commercially unreasonable. A secured party that applies or pays over for application noncash proceeds shall do so in a commercially reasonable manner.

(4) A secured party shall account to and pay a debtor for any surplus, and the obligor is liable for any deficiency.

**(b) No surplus or deficiency in sales of certain rights to payment.** If the underlying transaction is a sale of accounts, chattel paper, payment intangibles, or promissory notes, the debtor is not entitled to any surplus, and the obligor is not liable for any deficiency.

(c) **Application of noncash proceeds.** A secured party need not apply or pay over for application noncash proceeds of disposition under RCW 62A.9A-610 unless the failure to do so would be commercially unreasonable. A secured party that applies or pays over for application noncash proceeds shall do so in a commercially reasonable manner.

(2) Is not obligated to apply the proceeds of the disposition to the satisfaction of obligations secured by the security interest or other lien; and

(B) Within ~~((fourteen))~~ 14 days after receipt of a request; or

(2) In the case of a consumer obligor who is liable for a deficiency, within ~~((fourteen))~~ 14 days after receipt of a request, send to the consumer obligor a record waiving the secured party's right to a deficiency.

~~writing))~~ an explanation must provide the following information in the following order:

(1) The aggregate amount of obligations secured by the security interest under which the disposition was made, and, if the amount reflects a rebate of unearned interest or credit service charge, an indication of that fact, calculated as of a specified date:

(A) If the secured party takes or receives possession of the collateral after default, not more than thirty-five days before the secured party takes or receives possession; or

(B) If the secured party takes or receives possession of the collateral before default or does not take possession of the collateral, not more than thirty-five days before the disposition;

(2) The amount of proceeds of the disposition;

(3) The aggregate amount of the obligations after deducting the amount of proceeds;

If a transfer statement is presented with the applicable fee and request form to the official or office responsible for maintaining the system, the official or office shall:

(C) Was filed in the office or offices in which to file a financing statement against the debtor covering the collateral as of that date; and

**Sec. 950.** RCW 62A.9A-628 and 2011 c 74 s 727 are each amended to read as follows:

(a) **Limitation of liability of secured party for noncompliance with article.** ~~((Unless))~~ Subject to subsection (f) of this section, unless a secured party knows that a person is a debtor or obligor, knows the identity of the person, and knows how to communicate with the person:

(1) The secured party is not liable to the person, or to a secured party or lienholder that has filed a financing statement against the person, for failure to comply with this Article; and

(2) The secured party's failure to comply with this Article does not affect the liability of the person for a deficiency.

(b) **Limitation of liability based on status as secured party.** ~~((A))~~ Subject to subsection (f) of this section, a secured party is not liable because of its status as secured party:

(1) To a person that is a debtor or obligor, unless the secured party knows:

(A) That the person is a debtor or obligor;

(B) The identity of the person; and

(C) How to communicate with the person; or

(2) To a secured party or lienholder that has filed a financing statement against a person, unless the secured party knows:

(B) The identity of the person.

(c) **Limitation of liability if reasonable belief that transaction not a consumer-goods transaction or consumer transaction.** A secured party is not liable to any person, and a person's liability for a deficiency is

(1) A debtor's representation concerning the purpose for which collateral was to be used, acquired, or held; or

(2) An obligor's representation concerning the purpose for which a secured obligation was incurred.

(d) **Limitation of liability for statutory damages.** A secured party is not liable to any person under RCW 62A.9A-625(c)(2) for its failure to comply with RCW 62A.9A-616.

(f) **Exception: Limitation of liability under subsections (a) and (b) of this section does not apply.** Subsections (a) and (b) of this section do not apply to limit the liability of a secured party to a person if, at the time the secured party obtains control of collateral that is a controllable account, controllable electronic record, or controllable payment intangible or at the time the security interest attaches to the collateral, whichever is later:

(1) The person is a debtor or obligor; and

(2) The secured party knows that the information in subsection (b)(1)(A), (B), or (C) of this section relating to the person is not provided by the collateral, a record attached to or logically associated with the collateral, or the system in which the collateral is recorded.

**PART X  
ARTICLE 12  
CONTROLLABLE ELECTRONIC RECORDS**

NEW SECTION. **Sec. 1001.** SECTION 12-101: TITLE. This Article may be cited as uniform commercial code—controllable electronic records.

NEW SECTION. **Sec. 1002.** SECTION 12-102: DEFINITIONS. (a) **Article 12 definitions.** In this Article:

(1) "Controllable electronic record" means a record stored in an electronic medium that can be subjected to control under section 1005 of this act. The term does not include a controllable account, a controllable payment intangible, a deposit account, an electronic copy of a record evidencing chattel paper, an electronic document of title, electronic money, investment property, or a transferable record.

(2) "Qualifying purchaser" means a purchaser of a controllable electronic record or an interest in a controllable electronic record that obtains control of the controllable electronic record for value, in good faith, and without notice of a claim of a property right in the controllable electronic record.

(3) "Transferable record" has the meaning provided for that term in:

(A) Section 201(a)(1) of the electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7021(a)(1); or

(B) RCW 1.80.150(1).

(4) "Value" has the meaning provided in RCW 62A.3-303(a), as if references in that subsection to an "instrument" were references to a controllable account, controllable electronic record, or controllable payment intangible.

(b) **Definitions in Article 9A.** The definitions in Article 9A of this title of "account debtor," "controllable account," "controllable payment intangible," "chattel paper," "deposit account," "electronic money," and "investment property" apply to this Article.

(c) **Article 1 definitions and principles.** Article 1 of this title contains general definitions and principles of construction and interpretation applicable throughout this Article.

**NEW SECTION. Sec. 1003. SECTION 12-103: RELATION TO ARTICLE 9 AND CONSUMER LAWS.** (a) **Article 9A governs in case of conflict.** If there is conflict between this Article and Article 9A of this title, Article 9A of this title governs.

(b) **Applicable consumer law and other laws.** A transaction subject to this Article is subject to any applicable rule of law that establishes a different rule for consumers and chapter 19.86 RCW.

**NEW SECTION. Sec. 1004. SECTION 12-104: RIGHTS IN CONTROLLABLE ACCOUNT, CONTROLLABLE ELECTRONIC RECORD, AND CONTROLLABLE PAYMENT INTANGIBLE.** (a)

**Applicability of section to controllable account and controllable payment intangible.** This section applies to the acquisition and purchase of rights in a controllable account or controllable payment intangible, including the rights and benefits under subsections (c), (d), (e), (g), and (h) of this section of a purchaser and qualifying purchaser, in the same manner this section applies to a controllable electronic record.

(b) **Control of controllable account and controllable payment intangible.** To determine whether a purchaser of a controllable account or a controllable payment intangible is a qualifying purchaser, the purchaser obtains control of the account or payment intangible if it obtains control of the controllable electronic record that evidences the account or payment intangible.

(c) **Applicability of other law to acquisition of rights.** Except as provided in this section, law other than this Article determines whether a person acquires a right in a controllable electronic record and the right the person acquires.

(d) **Shelter principle and purchase of limited interest.** A purchaser of a controllable electronic record acquires all rights in the controllable electronic record that the transferor had or had power to transfer, except that a purchaser of a limited interest in a controllable

electronic record acquires rights only to the extent of the interest purchased.

(e) **Rights of qualifying purchaser.** A qualifying purchaser acquires its rights in the controllable electronic record free of a claim of a property right in the controllable electronic record.

(f) **Limitation of rights of qualifying purchaser in other property.** Except as provided in subsections (a) and (e) of this section for a controllable account and a controllable payment intangible or law other than this Article, a qualifying purchaser takes a right to payment, right to performance, or other interest in property evidenced by the controllable electronic record subject to a claim of a property right in the right to payment, right to performance, or other interest in property.

(g) **No-action protection for qualifying purchaser.** An action may not be asserted against a qualifying purchaser based on both a purchase by the qualifying purchaser of a controllable electronic record and a claim of a property right in another controllable electronic record, whether the action is framed in conversion, replevin, constructive trust, equitable lien, or other theory.

(h) **Filing not notice.** Filing of a financing statement under Article 9A of this title is not notice of a claim of a property right in a controllable electronic record.

**NEW SECTION. Sec. 1005. SECTION 12-105: CONTROL OF CONTROLLABLE ELECTRONIC RECORD.** (a) **General rule: Control of controllable electronic record.** A person has control of a controllable electronic record if the electronic record, a record attached to or logically associated with the electronic record, or a system in which the electronic record is recorded:

(1) Gives the person:

(A) Power to avail itself of substantially all the benefit from the electronic record; and

(B) Exclusive power, subject to subsection (b) of this section, to:

(i) Prevent others from availing themselves of substantially all the benefit from the electronic record; and

(ii) Transfer control of the electronic record to another person or cause another person to obtain control of another controllable electronic record as a result of the transfer of the electronic record; and

(2) Enables the person readily to identify itself in any way, including by name, identifying number, cryptographic key, office, or account number, as having the powers specified in (1) of this subsection.

(b) **Meaning of exclusive.** Subject to subsection (c) of this section, a power is exclusive under subsection (a)(1)(B)(i) and (ii) of this section even if:

(1) The controllable electronic record, a record attached to or logically associated with the electronic record, or a system in which the electronic record is recorded limits the use of the electronic record or has a protocol programmed to cause a change, including a transfer or loss of control or a modification of benefits afforded by the electronic record; or

(2) The power is shared with another person.

(c) **When power not shared with another person.** A power of a person is not shared with another person under subsection (b)(2) of this section and the person's power is not exclusive if:

(1) The person can exercise the power only if the power also is exercised by the other person; and

(2) The other person:

(A) Can exercise the power without exercise of the power by the person; or

(B) Is the transferor to the person of an interest in the controllable electronic record or a controllable account or controllable payment intangible evidenced by the controllable electronic record.

(d) **Presumption of exclusivity of certain powers.** If a person has the powers specified in subsection (a)(1)(B)(i) and (ii) of this section, the powers are presumed to be exclusive.

(e) **Control through another person.** A person has control of a controllable electronic record if another person, other than the transferor to the person of an interest in the controllable electronic record or a controllable account or controllable payment intangible evidenced by the controllable electronic record:

(1) Has control of the electronic record and acknowledges that it has control on behalf of the person; or

(2) Obtains control of the electronic record after having acknowledged that it will obtain control of the electronic record on behalf of the person.

(f) **No requirement to acknowledge.** A person that has control under this section is not required to acknowledge that it has control on behalf of another person.

(g) **No duties or confirmation.** If a person acknowledges that it has or will obtain control on behalf of another person, unless the person otherwise agrees or law other than this Article or Article 9A of this title otherwise provides, the person does not owe any duty to the other person and is not required to confirm the acknowledgment to any other person.

**NEW SECTION. Sec. 1006. SECTION 12-106: DISCHARGE OF ACCOUNT DEBTOR ON CONTROLLABLE ACCOUNT OR CONTROLLABLE PAYMENT INTANGIBLE.** (a) **Discharge of account debtor.** An account debtor on a controllable account or controllable payment intangible may discharge its obligation by paying:

(1) The person having control of the controllable electronic record that evidences the controllable account or controllable payment intangible; or

(2) Except as provided in subsection (b) of this section, a person that formerly had control of the controllable electronic record.

(b) **Content and effect of notification.** Subject to subsection (d) of this section, the account debtor may not discharge its obligation by paying a person that formerly had control of the controllable electronic record if the account debtor receives a notification that:

(1) Is signed by a person that formerly had control or the person to which control was transferred;

(2) Reasonably identifies the controllable account or controllable payment intangible;

(3) Notifies the account debtor that control of the controllable electronic record that evidences the controllable account or controllable payment intangible was transferred;

(4) Identifies the transferee, in any reasonable way, including by name, identifying number, cryptographic key, office, or account number; and

(5) Provides a commercially reasonable method by which the account debtor is to pay the transferee.

(c) **Discharge following effective notification.** After receipt of a notification that complies with subsection (b) of this section, the account debtor may discharge its obligation by paying in accordance with the notification and may not discharge the obligation by paying a person that formerly had control.

(d) **When notification ineffective.** Subject to subsection (h) of this section, notification is ineffective under subsection (b) of this section:

(1) Unless, before the notification is sent, the account debtor and the person that, at that time, had control of the controllable electronic record that evidences the controllable account or controllable payment intangible agree in a signed record to a commercially reasonable method by which a person may furnish reasonable proof that control has been transferred;

(2) To the extent an agreement between the account debtor and seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this Article; or

(3) At the option of the account debtor, if the notification notifies the account debtor to:

(A) Divide a payment;

(B) Make less than the full amount of an installment or other periodic payment; or

(C) Pay any part of a payment by more than one method or to more than one person.

(e) **Proof of transfer of control.** Subject to subsection (h) of this section, if requested by the account debtor, the person giving the notification under subsection (b) of this section seasonably shall furnish reasonable proof, using the method in the agreement referred to in subsection (d)(1) of this section, that control of the controllable electronic record has been transferred. Unless the person complies with the request, the account debtor may discharge its obligation by paying a person that formerly had control, even if the account debtor has received a notification under subsection (b) of this section.

(f) **What constitutes reasonable proof.** A person furnishes reasonable proof under subsection (e) of this section that control has been transferred if the person demonstrates, using the method in the agreement referred to in subsection (d)(1)

of this section, that the transferee has the power to:

(1) Avail itself of substantially all the benefit from the controllable electronic record;

(2) Prevent others from availing themselves of substantially all the benefit from the controllable electronic record; and

(3) Transfer the powers specified in (1) and (2) of this subsection to another person.

(g) **Rights not waivable.** Subject to subsection (h) of this section, an account debtor may not waive or vary its rights under subsections (d)(1) and (e) of this section or its option under subsection (d)(3) of this section.

(h) **Rule for individual under other law.** This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

NEW SECTION. **Sec. 1007.** SECTION 12-107: GOVERNING LAW. (a) **Governing law: General rule.** Except as provided in subsection (b) of this section, the local law of a controllable electronic record's jurisdiction governs a matter covered by this Article.

(b) **Governing law: Section 1006 of this act.** For a controllable electronic record that evidences a controllable account or controllable payment intangible, the local law of the controllable electronic record's jurisdiction governs a matter covered by section 1006 of this act unless an effective agreement determines that the local law of another jurisdiction governs.

(c) **Controllable electronic record's jurisdiction.** The following rules determine a controllable electronic record's jurisdiction under this section:

(1) If the controllable electronic record, or a record attached to or logically associated with the controllable electronic record and readily available for review, expressly provides that a particular jurisdiction is the controllable electronic record's jurisdiction for purposes of this Article or this title, that jurisdiction is the controllable electronic record's jurisdiction.

(2) If (1) of this subsection does not apply and the rules of the system in which the controllable electronic record is recorded are readily available for review and expressly provide that a particular jurisdiction is the controllable electronic record's jurisdiction for purposes of this Article or this title, that jurisdiction is the controllable electronic record's jurisdiction.

(3) If (1) and (2) of this subsection do not apply and the controllable electronic record, or a record attached to or logically associated with the controllable electronic record and readily available for review, expressly provides that the controllable electronic record is governed by the law of a particular jurisdiction, that jurisdiction is the controllable electronic record's jurisdiction.

(4) If (1), (2), and (3) of this subsection do not apply and the rules of the system in which the controllable electronic record is recorded are readily available for review and expressly provide that the controllable electronic record or the system is governed by the law of a particular jurisdiction, that jurisdiction is the controllable electronic record's jurisdiction.

(5) If (1) through (4) of this subsection do not apply, the controllable electronic record's jurisdiction is the District of Columbia.

(d) **Applicability of Article 12.** If subsection (c)(5) of this section applies and this Article 12 is not in effect in the District of Columbia without material modification, the governing law for a matter covered by this Article is the law of the District of Columbia as though Article 12 were in effect in the District of Columbia without material modification. In this subsection, "Article 12" means Article 12 of Uniform Commercial Code Amendments (2022).

(e) **Relation of matter or transaction to controllable electronic record's jurisdiction not necessary.** To the extent subsections (a) and (b) of this section provide that the local law of the controllable electronic record's jurisdiction governs a matter covered by this Article, that law governs even if the matter or a transaction to which the matter relates does not bear any relation to the controllable electronic record's jurisdiction.

(f) **Rights of purchasers determined at time of purchase.** The rights acquired under section 1004 of this act by a purchaser or qualifying purchaser are governed by the law applicable under this section at the time of purchase.

#### GENERAL TRANSITIONAL PROVISION

NEW SECTION. **Sec. 1103.** SECTION A-201: SAVING CLAUSE. Except as provided in sections 1104 through 1109 of this act, a transaction validly entered into before the effective date of this section and the rights, duties, and interests flowing from the transaction remain valid thereafter and may be terminated, completed, consummated, or enforced as required or permitted by law other than this title or, if applicable, this title, as though this act had not taken effect.

#### TRANSITIONAL PROVISIONS FOR ARTICLES 9A AND 12

NEW SECTION. **Sec. 1104.** SECTION A-301: SAVING CLAUSE. (a) **Preeffective-date transaction, lien, or interest.** Except as provided in this part, Article 9A of this title as amended by this act and Article 12 apply to a transaction, lien, or other interest in property, even if the transaction, lien, or interest was entered into, created, or acquired before the effective date of this section.

(b) **Continuing validity.** Except as provided in subsection (c) of this section and sections 1005 through 1109 of this act:

(1) A transaction, lien, or interest in property that was validly entered into, created, or transferred before the effective date of this section and was not governed by this title, but would be subject to Article 9A of this title as amended by this act or Article 12 if it had been entered into, created, or transferred on or after the effective date of this section, including the rights, duties, and interests flowing from the transaction, lien, or interest, remains valid on and after the effective date of this section; and

(2) The transaction, lien, or interest may be terminated, completed, consummated, and enforced as required or permitted by this act or by the law that would apply if this act had not taken effect.

(c) **Preeffective-date proceeding.** This act does not affect an action, case, or proceeding commenced before the effective date of this section.

NEW SECTION. **Sec. 1105.** SECTION A-302: SECURITY INTEREST PERFECTED BEFORE EFFECTIVE DATE. (a) **Continuing perfection: Perfection requirements satisfied.** A security interest that is enforceable and perfected immediately before the effective date of this section is a perfected security

interest under this act if, on the effective date of this section, the requirements for enforceability and perfection under this act are satisfied without further action.

(b) **Continuing perfection: Enforceability or perfection requirements not satisfied.** If a security interest is enforceable and perfected immediately before the effective date of this section, but the requirements for enforceability or perfection under this act are not satisfied on the effective date of this section, the security interest:

(1) Is a perfected security interest until the earlier of the time perfection would have ceased under the law in effect immediately before the effective date of this section or the adjustment date;

(2) Remains enforceable thereafter only if the security interest satisfies the requirements for enforceability under RCW 62A.9A-203, as amended by this act, before the adjustment date; and

(3) Remains perfected thereafter only if the requirements for perfection under this act are satisfied before the time specified in (1) of this subsection.

NEW SECTION. **Sec. 1106.** SECTION A-303: SECURITY INTEREST UNPERFECTED BEFORE EFFECTIVE DATE. A security interest that is enforceable immediately before the effective date of this section but is unperfected at that time:

(a) Remains an enforceable security interest until the adjustment date;

(b) Remains enforceable thereafter if the security interest becomes enforceable under RCW 62A.9A-203, as amended by this act, on the effective date of this section or before the adjustment date; and

(c) Becomes perfected:

(1) Without further action, on the effective date of this section if the requirements for perfection under this act are satisfied before or at that time; or

(2) When the requirements for perfection are satisfied if the requirements are satisfied after that time.

NEW SECTION. **Sec. 1107.** SECTION A-304: EFFECTIVENESS OF ACTIONS TAKEN BEFORE EFFECTIVE DATE. (a) **Preeffective-date action; attachment and perfection before adjustment date.** If action, other than the filing of a financing statement, is taken before the effective date of this section and the action would have resulted in perfection of the security interest had the security interest become enforceable before the effective date of this section, the action is effective to perfect a security interest that attaches under this act before the adjustment date. An attached security interest becomes unperfected on the adjustment date unless the security interest becomes a perfected security interest under this act before the adjustment date.

(b) **Preeffective-date filing.** The filing of a financing statement before the effective date of this section is effective to perfect a security interest on the effective date of this section to the extent the filing would satisfy the requirements for perfection under this act.

(c) **Preeffective-date enforceability action.** The taking of an action before the effective date of this section is sufficient for the enforceability of a security interest on the effective date of this section if the action would satisfy the requirements for enforceability under this act.

NEW SECTION. **Sec. 1108.** SECTION A-305: **PRIORITY.** (a) **Determination of priority.** Subject to subsections (b) and (c) of this section, this act determines the priority of conflicting claims to collateral.

(b) **Established priorities.** Subject to subsection (c) of this section, if the priorities of claims to collateral were established before the effective date of this section, Article 9A of this title as in effect before the effective date of this section determines priority.

(c) **Determination of certain priorities on adjustment date.** On the adjustment date, to the extent the priorities determined by Article 9A of this title as amended by this act modify the priorities established before the effective date of this section, the priorities of claims to Article 12 property and electronic money established before the effective date of this section cease to apply.

(b) **Established priorities.** Subject to subsection (c) of this section, when the priority rules of Article 9A of this title as amended by this act do not apply and the priorities of claims to Article 12 property were established before the effective date of this section, law other than Article 12 determines priority.

(c) **Determination of certain priorities on adjustment date.** When the priority rules of Article 9A of this title as amended by this act do not apply, to the extent the priorities determined by this act modify the priorities established before the effective date of this section, the priorities of claims to Article 12 property established before the effective date of this section cease to apply on the adjustment date.

Prime Sponsor, Ways & Means: Protecting public safety by establishing duties of firearm industry members. Reported by Committee on Civil Rights & Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that the irresponsible, dangerous, and unlawful business practices by firearms industry members contributes to the illegal use of firearms and not only constitutes a public nuisance as declared in chapter 7.48 RCW, but that the effects of that nuisance exacerbate the public health crisis of gun violence in this state. The Washington state medical association, the Washington health alliance, and the voters of Washington, most recently through approval of Initiative 1639 in 2016, have all noted that crisis.

(2) The legislature further finds that public nuisance was established in state law by Washington's territorial legislature in 1875 and has been interpreted by the state supreme court for more than 100 years to enjoin the operation of illegal businesses as nuisance by individuals suffering special injury. Since at least 1895, public nuisance has included manufacturing and storing gunpowder and other highly explosive substances.

(3) Firearm industry members profit from the sale, manufacture, distribution, importing, and marketing of lethal products that are frequently used to threaten, injure, and kill people in Washington, and which cause enormous harms to individuals' and communities' health, safety, and well-being, as well as economic opportunity and vitality. While manufacturers have incorporated features and technology resulting in more deadly and destructive firearms, and products designed to be used with and for firearms, some actors in the firearm industry have implemented irresponsible and dangerous sales, distribution, importing, and marketing practices, including contributing to the development of an illegal secondary market for these increasingly dangerous products.

Such practices lead to grave public harms and also provide an unfair business advantage to irresponsible firearm industry members over more responsible competitors who take reasonable precautions to protect others' lives and well-being.

(4) The federal protection of lawful commerce in arms act (PLCAA) recognizes the ability of states to enact and enforce statutes regulating the sale and marketing of firearms and related products, and expressly provides that causes of action may proceed where there are violations of such statutes.

(5) The legislature intends to ensure a level playing field for responsible firearm industry members, to incentivize firearm industry members to establish and implement safe and responsible business practices, and to ensure that the attorney general and members of the public in Washington who are harmed by a firearm industry member's violation of law may bring legal action to seek appropriate justice and fair remedies for those harms in court.

**NEW SECTION. Sec. 2.** A new section is added to chapter 7.48 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Firearm industry member" means a person engaged in the wholesale or retail sale, manufacturing, distribution, importing, or marketing of a firearm industry product, or any officer or agent to act on behalf of such a person or who acts in active concert or participation with such a person.

(b) "Firearm industry product" means a product that meets any of the following conditions:

(i) The firearm industry product was sold, made, distributed, or marketed in this state;

(ii) The firearm industry product was intended to be sold, made, distributed, or marketed in this state; or

(iii) The firearm industry product was used or possessed in this state, and it was reasonably foreseeable that the product would be used or possessed in this state.

(c) "Firearm trafficker" means a person who acquires, transfers, or attempts to acquire or transfer a firearm for purposes of unlawful commerce including, but not limited to, a subsequent transfer to another individual who is prohibited from possessing the firearm industry product under state or federal law.

(d) "Person" means any natural person, firm, corporation, company, partnership, society, joint stock company, municipality or other political subdivision of the state, or any other entity or association.

(e) "Product" means:

(i) A firearm;

(ii) Ammunition;

(iii) A component part of a firearm or ammunition, including a completed frame or receiver or unfinished frame or receiver, as defined in RCW 9.41.010;

(iv) An accessory or device that is designed or adapted to be inserted into,

affixed onto, or used in conjunction with a firearm, if the device is marketed or sold to the public and that is designed, intended, or able to be used to increase a firearm's rate of fire, concealability, magazine capacity, or destructive capacity, or to increase the firearm's stability and handling when the firearm is repeatedly fired;

(f) "Reasonable controls" means reasonable procedures, safeguards, and business practices, including but not limited to screening, security, and inventory practices, that are designed and implemented to do all of the following:

(i) Prevent the sale or distribution of a firearm industry product to a straw purchaser, a firearm trafficker, a person prohibited from possessing a firearm under state or federal law, or a person who the firearm industry member has reasonable cause to believe is at substantial risk of using a firearm industry product to harm themselves or unlawfully harm another, or of unlawfully possessing or using a firearm industry product;

(ii) Prevent the loss of a firearm industry product or theft of a firearm industry product from a firearm industry member; and

(iii) Ensure that the firearm industry member complies with all provisions of state and federal law and does not otherwise promote the unlawful sale, manufacture, distribution, importing, possession, marketing, or use of a firearm industry product.

(g) "Straw purchaser" means a person who wrongfully purchases or obtains a firearm industry product on behalf of a third party. "Straw purchaser" does not include one who makes a bona fide gift to a person who is not prohibited by law from possessing a firearm industry product. For the purposes of this subsection (1)(g), a gift is not a "bona fide gift" if the third party has offered or given the purchaser or transferee a service or thing of value in connection with the transaction.

(2) This section applies to a firearm industry member engaged in the manufacture, distribution, importation, marketing, or wholesale or retail sale of a firearm industry product.

(3) A firearm industry member shall not knowingly create, maintain, or contribute to a public nuisance in this state through the sale, manufacturing, distribution, importing, or marketing of a firearm industry product.

(4) A firearm industry member shall establish, implement, and enforce reasonable controls regarding its manufacture, sale, distribution, importing, use, and marketing of firearm industry products.

(5) A firearm industry member shall take reasonable precautions to ensure the firearm industry member does not sell or distribute a firearm industry product to a downstream distributor or retailer of firearm industry

(7) A violation of this section is a public nuisance.

(8) The legislature finds that the acts or practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(9) A firearm industry member's conduct in violation of any provision of this section constitutes a proximate cause of the public nuisance if the harm is a reasonably foreseeable effect of the conduct, notwithstanding any intervening actions, including but not limited to criminal actions by third parties. This subsection is not intended to establish a causation requirement for a claim brought by the attorney general pursuant to the consumer protection act, chapter 19.86 RCW.

(10) Whenever it appears to the attorney general that a firearm industry member has engaged in or is engaging in conduct in violation of this section, the attorney general may commence an action to seek and obtain any remedies available for violations of this chapter, and may also seek and obtain punitive damages up to an amount not to exceed three times the actual damages sustained by the state, reasonable attorneys' fees, and costs of the action.

Any person or entity that receives a civil investigative demand issued pursuant to RCW 19.86.110 and that has an objection to answering in whole or in part may avail

themselves of the procedural protections afforded in RCW 19.86.110(8). Further, the attorney general shall not share with a law enforcement agency conducting a criminal investigation any materials or information obtained via a response to a civil investigative demand issued pursuant to RCW 19.86.110 unless such information or materials are required to be disclosed pursuant to issuance of a search warrant.

(12) The attorney general's authority to investigate a possible violation of this section and commence a legal action in response to a violation of this section shall not be construed or implied to deny, abrogate, limit, or impair any person's right to bring a private right of action in response to a violation of this section pursuant to (a) RCW 7.48.200 and 7.48.210, to seek damages, abatement, or any other remedy available for a public nuisance, or (b) chapter 19.86 RCW, to seek damages, equitable relief, or any other remedy available under the consumer protection act.

(13) To prevail in an action under this section, the party seeking relief is not required to demonstrate that the firearm industry member acted with the purpose to engage in a public nuisance or otherwise cause harm to the public.

(a) The right of the attorney general to pursue a legal action under any other law, including chapter 19.86 RCW; or

Prime Sponsor, Ways & Means: Concerning reentry services and supports. Reported by Committee on Community Safety, Justice, & Reentry

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that successful rehabilitation and reentry has a positive impact on reduced recidivism rates and increased community safety. The legislature further finds that the success of individuals releasing from confinement in correctional institutions can be increased through access to supportive services, medical assistance, and other necessities. The legislature recognizes that the mortality rate in the first 72 hours following release from confinement is on average 18 times higher than the general population. The legislature further finds that access to basic human needs like food, medication, clothing, transportation, and shelter are necessary supports for most individuals exiting confinement. Therefore, the legislature resolves to enhance recovery, reduce recidivism, and improve public safety by providing increased access to supportive services and assistance following release from confinement.

**Sec. 2.** RCW 72.02.100 and 2022 c 29 s 2 are each amended to read as follows:

(1) Any person serving a sentence for a term of confinement in a state correctional facility for convicted felons, pursuant to court commitment, who is thereafter released upon an order of parole of the indeterminate sentence review board, or who is discharged from custody upon expiration of sentence, or who is ordered discharged from custody by a court of appropriate jurisdiction, shall be entitled to retain his or her earnings from labor or employment while in confinement and shall be supplied by the superintendent of the state correctional facility with suitable and presentable clothing, the sum of no less than \$40 for subsistence, and transportation by the least expensive method of public transportation not to exceed the cost of \$100 to his or her place of residence or the place designated in his or her parole plan, or to the place from which committed if such person is being discharged on expiration of sentence, or discharged from custody by a court of appropriate jurisdiction: ~~PROVIDED, That up to ((60 additional dollars))~~ an additional \$60 may be made available to the parolee for necessary personal and living expenses upon application to and approval by such person's community corrections officer. If in the opinion of the superintendent suitable arrangements have been made to provide the person to be released with suitable clothing and/or the expenses of transportation, the superintendent may consent to such arrangement. If the superintendent has reasonable cause to believe that the person to be released has ample funds, with the exception of earnings from labor or

employment while in confinement, to assume the expenses of clothing, transportation, or the expenses for which payments made pursuant to this section or RCW 72.02.110 or any one or more of such expenses, the person released shall be required to assume such expenses.

(2) (a) The department of corrections may provide temporary housing assistance for a person being released from any state correctional facility through the use of rental vouchers, for a period not to exceed six months, if the department finds that such assistance will support the person's release into the community by preventing housing instability or homelessness. The department's authority to provide vouchers under this section is independent of its authority under RCW 9.94A.729; however, a person may not receive a combined total of rental vouchers in excess of six months for each release from a state correctional facility.

(b) The department shall establish policies for prioritizing funds available for housing vouchers under this section for persons at risk of releasing homeless or becoming homeless without assistance while taking into account risk to reoffend.

**Sec. 3.** RCW 72.09.270 and 2021 c 200 s 3 are each amended to read as follows:

(1) The department of corrections shall develop an individual reentry plan as defined in RCW 72.09.015 for every incarcerated individual who is committed to the jurisdiction of the department except:

(a) Incarcerated individuals who are sentenced to life without the possibility of release or sentenced to death under chapter 10.95 RCW; and

(b) Incarcerated individuals who are subject to the provisions of 8 U.S.C. Sec. 1227.

(2) The individual reentry plan may be one document, or may be a series of individual plans that combine to meet the requirements of this section.

(3) In developing individual reentry plans, the department shall assess all incarcerated individuals using standardized and comprehensive tools to identify the criminogenic risks, programmatic needs, and educational and vocational skill levels for each incarcerated individual. The assessment tool should take into account demographic biases, such as culture, age, and gender, as well as the needs of the incarcerated individual, including any learning disabilities, substance abuse or mental health issues, and social or behavior challenges.

(4) (a) The initial assessment shall be conducted as early as sentencing, but, whenever possible, no later than forty-five days of being sentenced to the jurisdiction of the department of corrections.

(b) The incarcerated individual's individual reentry plan shall be developed as soon as possible after the initial assessment is conducted, but, whenever possible, no later than sixty days after completion of the assessment, and shall be periodically reviewed and updated as appropriate.

(5) The individual reentry plan shall, at a minimum, include:

(a) A plan to maintain contact with the incarcerated individual's children and family, if appropriate. The plan should determine whether parenting classes, or other services, are appropriate to facilitate successful reunification with the incarcerated individual's children and family;

(b) An individualized portfolio for each incarcerated individual that includes the incarcerated individual's education achievements, certifications, employment, work experience, skills, and any training received prior to and during incarceration; and

(c) A plan for the incarcerated individual during the period of incarceration through reentry into the community that addresses the needs of the incarcerated individual including education, employment, substance abuse treatment, mental health treatment, family reunification, and other areas which are needed to facilitate a successful reintegration into the community.

(6) (a) ~~((Prior to))~~ Within one year prior to the release or discharge of any incarcerated individual, the department shall develop an individual discharge plan and provide reentry linkage case management services as follows:

(i) Evaluate the incarcerated individual's behavioral health and physical health needs and, to the extent possible, connect the incarcerated individual with ~~((existing services and resources that meet those needs))~~ relevant services, treatment programs, medication-assisted treatment, tribal and urban health clinics, and behavioral health services, and other resources based on the individual's evaluated needs;

(ii) Assist the incarcerated individual with obtaining identification upon release;

(iii) Assist the incarcerated individual with submitting applications for applicable state and federal government assistance and benefits programs on behalf of the incarcerated individual;

(iv) Prepare a 90-day supply of any necessary prescribed medications to be provided upon release, through a combination of a 30-day supply of in-hand medications and 60-day supply of prescriptions, when clinically appropriate, to ensure continuity of care and that medications are readily available for the incarcerated individual upon release; and

~~((iii))~~ (v) Connect the incarcerated individual with a community justice center and/or community transition coordination network in the area in which the incarcerated individual will be residing once released from the correctional system if one exists.

(b) If the department recommends partial confinement in an incarcerated individual's individual reentry plan, the department shall maximize the period of partial confinement for the incarcerated individual as allowed pursuant to RCW 9.94A.728 to facilitate the incarcerated individual's transition to the community.

(7) The department shall establish mechanisms for sharing information from individual reentry plans to those persons involved with the incarcerated individual's treatment, programming, and reentry, when deemed appropriate. When feasible, this information shall be shared electronically.

(8) (a) In determining the county of discharge for an incarcerated individual released to community custody, the department may approve a residence location that is not in the incarcerated individual's county of origin if the department determines that the residence location would be appropriate based on any court-ordered condition of the incarcerated individual's sentence, victim safety concerns, and factors that increase opportunities for successful reentry and long-term support including, but not limited to, location of family or other sponsoring persons or organizations that will support the incarcerated individual, ability to complete an educational program that the incarcerated individual is enrolled in, availability of appropriate programming or treatment, and access to housing, employment, and prosocial influences on the person in the community.

(b) In implementing the provisions of this subsection, the department shall approve residence locations in a manner that will not cause any one county to be disproportionately impacted.

(c) If the incarcerated individual is not returned to his or her county of origin, the department shall provide the law and justice council of the county in which the incarcerated individual is placed with a written explanation.

(d) (i) For purposes of this section, except as provided in (d) (ii) of this subsection, the incarcerated individual's county of origin means the county of the incarcerated individual's residence at the time of the incarcerated individual's first felony conviction in Washington state.

(ii) If the incarcerated individual is a homeless person as defined in RCW 43.185C.010, or the incarcerated individual's residence is unknown, then the incarcerated individual's county of origin means the county of the incarcerated individual's first felony conviction in Washington state.

(9) Nothing in this section creates a vested right in programming, education, or other services."

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 26.44.020 and 2021 c 215 s 142 and 2021 c 67 s 3 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(2) "Child" or "children" means any person under the age of eighteen years of age.

(3) "Child forensic interview" means a developmentally sensitive and legally sound method of gathering factual information regarding allegations of child abuse, child neglect, or exposure to violence. This interview is conducted by a competently trained, neutral professional utilizing techniques informed by research and best practice as part of a larger investigative process.

(4) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(5) "Child protective services section" means the child protective services section of the department.

(6) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

(a) The child has been abandoned by the parent as defined in RCW 13.34.030 and the child's health, safety, and welfare is seriously endangered as a result;

(b) The child has been abused or neglected as defined in this chapter and the child's health, safety, and welfare is seriously endangered as a result;

(c) There is no parent capable of meeting the child's needs such that the child is in

circumstances that constitute a serious danger to the child's development;

(d) The child is otherwise at imminent risk of harm.

(7) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

(8) "~~(Clergy)~~ Member of the clergy" means any regularly licensed, accredited, or ordained minister, priest, ~~((or))~~ rabbi, imam, elder, or similarly situated religious or spiritual leader of any church ~~((or))~~, religious denomination, religious body, spiritual community, or sect, or person performing official duties that are recognized as the duties of a member of the clergy under the discipline, tenets, doctrine, or custom of the person's church, religious denomination, religious body, spiritual community, or sect, whether acting in an individual capacity or as an employee ~~((or))~~, agent, or official of any public or private organization or institution.

(9) "Court" means the superior court of the state of Washington, juvenile department.

(10) "Department" means the department of children, youth, and families.

(11) "Experiencing homelessness" means lacking a fixed, regular, and adequate nighttime residence, including circumstances such as sharing the housing of other persons due to loss of housing, economic hardship, fleeing domestic violence, or a similar reason as described in the federal McKinney-Vento homeless assistance act (Title 42 U.S.C., chapter 119, subchapter I) as it existed on January 1, 2021.

(12) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(13) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the

family. No one is named as a perpetrator, and no investigative finding is entered in the record as a result of a family assessment.

(14) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(15) "Inconclusive" means the determination following an investigation by the department of social and health services, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(16) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment, or care.

(17) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(18) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(19) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, experiencing homelessness, or exposure to domestic violence as defined in RCW 7.105.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(20) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(21) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(22) "Prevention and family services and programs" means specific mental health prevention and treatment services, substance abuse prevention and treatment services, and in-home parent skill-based programs that qualify for federal funding under the federal family first prevention services act, P.L. 115-123. For purposes of this chapter, prevention and family services and programs are not remedial services or family reunification services as described in RCW 13.34.025(2).

(23) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(24) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(25) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report of abuse or neglect and is not referred for investigation.

(26) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

(27) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(28) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(29) "Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur.

**Sec. 2.** RCW 26.44.030 and 2019 c 172 s 6 are each amended to read as follows:

(1)(a) When any practitioner, member of the clergy, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of children, youth, and families, licensed or certified child care providers or their employees, employee of the department of social and health services, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ombuds's office, or host

home program has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the

incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law

enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or

release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report that a child is a candidate for foster care as defined in RCW 26.44.020, the department may provide prevention and family services and programs to the child's parents, guardian, or caregiver. The department may not be held civilly liable for the decision regarding whether to provide prevention and family services and programs, or for the provision of those services and programs, for a child determined to be a candidate for foster care.

(11) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(12)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there

is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Indicates a child's health, safety, and welfare will be seriously endangered if not taken into custody for reasons including, but not limited to, sexual abuse and sexual exploitation of the child as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW.

(c) In addition, the department may use a family assessment response to assess for and provide prevention and family services and programs, as defined in RCW 26.44.020, for the following children and their families, consistent with requirements under the federal family first prevention services act and this section:

(i) A child who is a candidate for foster care, as defined in RCW 26.44.020; and

(ii) A child who is in foster care and who is pregnant, parenting, or both.

(d) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(13)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(14) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report except as follows:

(i) Upon parental agreement, the family assessment response period may be extended up to one hundred twenty days. The department's extension of the family assessment response period must be operated within the department's appropriations;

(ii) For cases in which the department elects to use a family assessment response as authorized under subsection (12)(c) of this section, and upon agreement of the child's parent, legal guardian, legal custodian, or relative placement, the family assessment response period may be extended up to one year. The department's extension of the family assessment response must be operated within the department's appropriations.

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian agree to participate in services before services are initiated. The department shall inform the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not agree to participate in services.

(15)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects,

the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(16) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(17) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(18)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(19) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(20) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(21) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(22) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that

is screened in and open for investigation that relates to that military parent or guardian.

(23) The department shall make available on its public website a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

- (a) Who is required to report child abuse and neglect;
- (b) The standard of knowledge to justify a report;
- (c) The definition of reportable crimes;
- (d) Where to report suspected child abuse and neglect; and

NEW SECTION. Sec. 1. The legislature finds that there is a lack of oversight of certain residential facilities and residential private schools charged with the care of children. It is the intent of the legislature to ensure that the health, safety, and well-being of children who are served in residential facilities and residential private schools are protected against child abuse and neglect and have their basic health and safety needs met. The legislature intends for greater state oversight of such facilities that otherwise lack nationally recognized accreditation and intends for the department of children, youth, and families and the department of health to work collaboratively to coordinate oversight and monitoring processes to ensure state resources are used efficiently and effectively. Therefore, the legislature resolves to conduct investigations of certain residential facilities and residential private schools when allegations of child abuse or neglect are made at those facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 74.15 RCW to read as follows:

(1)(a) The department shall license the living accommodations provided by residential private schools as defined in RCW 74.15.020. Accommodations include all areas and school operations that are intended to allow enrolled students to eat, sleep, bathe, recreate, or otherwise reside.

(ii) The accreditation covers the student living accommodations including examination of comparable criteria as listed in subsection (2) of this section as determined by the state board of education in consultation with the department.

(2) The department shall engage in negotiated rule making pursuant to RCW 34.05.310(2)(a) with the state board of education and other affected interests to adopt minimum health and safety rules to implement this section. Rules must address the needs of children and youth during noninstructional hours, including but not limited to space allotted to each child or youth for sleeping, developmentally appropriate privacy requirements, personal storage, nutritional needs, cleanliness and hygiene of living quarters, social-emotional well-being during noninstructional hours, health and wellness accommodations,

compliance with the Americans with disabilities act, and physical safety.

Prime Sponsor, Early Learning & K-12  
Education: Concerning school library  
information and technology programs.  
Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting  
clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature  
finds that students with access to school  
library information and technology programs  
staffed by qualified teacher-librarians have  
improved school and life outcomes, including  
higher academic achievement, increased  
graduation rates, and increased preparedness  
for college or career pathways.  
Unfortunately, not all students have access  
to these programs statewide, leading to  
disparate outcomes. Lack of access to these  
programs disproportionately impacts low-  
income families and families of color.  
Recent findings show that access to high-  
quality school libraries was one of the most  
significant factors in closing the literacy  
gap for students experiencing poverty.  
Additionally, the legislature finds that the  
rise of misinformation and disinformation  
available through the internet necessitates  
comprehensive instruction by a qualified  
teacher-librarian in information literacy,  
digital citizenship, and media literacy for  
all K-12 students. The value of these  
programs was apparent during the COVID-19  
pandemic. School districts with qualified  
teacher-librarians and strong school library  
information and technology programs were  
better able to support teachers, students,  
and families during remote learning.

The legislature has shown support for  
school library information and technology  
programs through the passage of legislation  
clearly defining both programs and teacher-  
librarians. These programs have been  
acknowledged as critically important to  
supporting state-mandated learning goals,  
essential academic learning requirements,  
and high school graduation requirements  
through inclusion of both teacher-librarians  
and library materials as part of basic  
education in the prototypical school model.  
Teacher-librarians are seen as critical  
partners in the education of our students  
including in the equitable and successful  
use of educational technology. Despite this  
continued support from the legislature, data  
shows large areas of Washington where  
students do not have access to school  
library information and technology programs  
staffed by qualified teacher-librarians.

The legislature intends to provide access  
to high-quality school library information  
and technology programs with qualified  
teacher-librarians for students and staff at  
all K-12 levels while also recognizing the  
value of allowing local school boards to  
decide how to most effectively implement  
these essential programs for their schools  
and students.

**NEW SECTION. Sec. 2.** A new section is  
added to chapter 28A.320 RCW to read as  
follows:

By September 1, 2024, each school  
district must adopt or amend:

(1) A policy that acknowledges the  
requirement for boards of directors to  
provide every student with access to school  
library information and technology programs  
as specified in RCW 28A.320.240; and

(2) Procedures that describe how students  
can access school library information and  
technology resources and materials.

**Sec. 3.** RCW 28A.320.240 and 2015 c 27 s 1 are each amended to read as follows:

(1) The purpose of this section is to identify quality criteria for school library information and technology programs that support the student learning goals under RCW 28A.150.210, the ~~((essential academic learning requirements))~~ state learning standards under RCW 28A.655.070, and high school graduation requirements adopted under RCW 28A.230.090.

(2) (a) Every board of directors shall provide resources and materials for the operation of a school library information and technology program (s as the board deems necessary for the proper education of the district's students or as otherwise required by law or rule of the superintendent of public instruction)). Each student shall have access to a school library information and technology program, as determined by the board of directors and consistent with the requirements of this section.

(b) In accordance with (a) of this subsection (2), beginning with the 2023-24 school year, school districts of the first class, as determined in accordance with RCW 28A.300.065, must employ a minimum of one teacher-librarian for every 1,000 enrolled students.

(3) "Teacher-librarian" means a certificated teacher with a library media endorsement under rules adopted by the professional educator standards board.

(4) (a) "School library information and technology program" means a school-based program that is ((staffed)) overseen, except as provided under (b) of this subsection, by a certificated teacher-librarian and provides a broad, flexible array of services, resources, and instruction that support student mastery of the ((essential academic learning requirements)) state learning standards and state standards in all subject areas and the implementation of the district's school improvement plan.

(b) A school district of the second class, as described in RCW 28A.300.065, may staff a school library information and technology program with a noncertificated staff member if the district has made all reasonable efforts to staff the program with a certificated teacher-librarian. In such a circumstance, a school district is authorized and encouraged to partner with a nonprofit or government entity to provide staffing services including, but not limited to, a library or regional library as defined in RCW 27.12.010, or an institution of higher education as defined in RCW 28B.10.016.

(5) The teacher-librarian, through the school library information and technology program, shall collaborate as an instructional partner to help all students meet the content goals in all subject areas, and assist high school students completing high school and beyond plans required for graduation.

(6) The teacher-librarian's duties may include, but are not limited to, collaborating with his or her schools to:

(a) Integrate information and technology into curriculum and instruction, including but not limited to instructing other certificated staff about using and

integrating information and technology literacy into instruction through workshops, modeling lessons, and individual peer coaching;

(b) Provide information management instruction to students and staff about how to effectively use emerging learning technologies for school and lifelong learning, as well as in the appropriate use of computers and mobile devices in an educational setting;

(c) Help teachers and students efficiently and effectively access the highest quality information available while using information ethically;

(d) Instruct students in digital citizenship including how to be critical consumers of information and provide guidance about thoughtful and strategic use of online resources; ~~((and))~~

(e) Create a culture of reading in the school community by developing a diverse, student-focused collection of materials that ensures all students can find something of quality to read and by facilitating school-wide reading initiatives along with providing individual support and guidance for students; and

(f) Oversee classified staff, including library technicians, library assistants, and others, to implement the school library information technology program.

**NEW SECTION. Sec. 4.** A new section is added to chapter 28A.320 RCW to read as follows:

The superintendent of public instruction will provide data, information, best practices, and other assistance to help facilitate school district implementation of this act."

Prime Sponsor, Labor & Commerce: Expanding the farm internship program. Reported by Committee on Labor & Workplace Standards

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that encouraging participation in agriculture is valuable. The farm internship program allows students to experience farming practices and get hands-on experience with farming activities. The internship program has existed since 2014 and was piloted in a few select counties. The legislature finds that this program is valuable, should be extended to all counties, and should continue without an expiration date.

**Sec. 2.** RCW 49.12.471 and 2020 c 212 s 1 are each amended to read as follows:

(1) The director shall establish a farm internship ((pilot)) project for the employment of farm interns on small farms under special certificates at wages, if any, as authorized by the department and subject to such limitations as to time, number, proportion, and length of service as provided in this section and as prescribed by the department. ((The pilot project

~~consists of the following counties: San Juan, Skagit, King, Whatcom, Kitsap, Pierce, Jefferson, Spokane, Yakima, Chelan, Grant, Island, Snohomish, Kittitas, Lincoln, Thurston, Walla Walla, Clark, Cowlitz, and Lewis.)~~

(2) A small farm may employ no more than three interns at one time under this section. For any small farm located in a county that became eligible to participate in the farm intern project on the effective date of this act, at least one of the interns employed by the farm must be an individual who has direct experience working as a migrant farmworker or whose parent or grandparent has direct experience working as a migrant farmworker.

(3) A small farm must apply for a special certificate on a form made available by the director. The application must set forth: The name of the farm and a description of the farm seeking the certificate; the type of work to be performed by a farm intern; a description of the internship program; the period of time for which the certificate is sought and the duration of an internship; the number of farm interns for which a special certificate is sought; the wages, if any, that will be paid to the farm intern; any room and board, stipends, and other remuneration the farm will provide to a farm intern; and the total number of workers employed by the farm.

(4) Upon receipt of an application, the department shall review the application and issue a special certificate to the requesting farm within fifteen days if the department finds that:

(a) The farm qualifies as a small farm;

(b) There have been no serious violations of chapter 49.46 RCW or Title 51 RCW that provide reasonable grounds to believe that the terms of an internship agreement may not be complied with;

(c) The issuance of a certificate will not create unfair competitive labor cost advantages nor have the effect of impairing or depressing wage or working standards established for experienced workers for work of a like or comparable character in the industry or occupation at which the intern is to be employed;

(d) A farm intern will not displace an experienced worker; ~~(and)~~

(e) For a small farm located in a county that became eligible to participate in the farm intern project beginning on the effective date of this act, the farm has included in the application an attestation from at least one farm intern stating that the farm intern is an individual who has direct experience working as a migrant farmworker or whose parent or grandparent has direct experience working as a migrant farmworker; and

(f) The farm demonstrates that the interns will perform work for the farm under an internship program that: (i) Provides a curriculum of learning modules and supervised participation in farm work activities designed to teach farm interns about farming practices and farm enterprises; (ii) is based on the bona fide curriculum of an educational or vocational institution; (iii) encourages the interns to participate in career and technical

education or other educational content with courses in agriculture or related programs of study at a community or technical college; and ((iii)) (iv) is reasonably designed to provide the intern with vocational knowledge and skills about farming practices and enterprises. In assessing an internship program, the department may consult with relevant college and university departments and extension programs and state and local government agencies involved in the regulation or development of agriculture.

(5) A special certificate issued under this section must specify the terms and conditions under which it is issued, including: The name of the farm; the duration of the special certificate allowing the employment of farm interns and the duration of an internship; the total number of interns authorized under the special certificate; the authorized wage rate, if any; and any room and board, stipends, and other remuneration the farm will provide to the farm intern. A farm intern may be paid at wages specified in the certificate only during the effective period of the certificate and for the duration of the internship.

(6) If the department denies an application for a special certificate, notice of denial must be mailed to the farm. The farm listed on the application may, within fifteen days after notice of such action has been mailed, file with the director a petition for review of the denial, setting forth grounds for seeking such a review. If reasonable grounds exist, the director or the director's authorized representative may grant such a review and, to the extent deemed appropriate, afford all interested persons an opportunity to be heard on such review.

(7) Before employing a farm intern, a farm must submit a statement on a form made available by the director stating that the farm understands: The requirements of the industrial welfare act, this chapter, that apply to farm interns; that the farm must pay workers' compensation premiums in the assigned intern risk class and must pay workers' compensation premiums for nonintern work hours in the applicable risk class; and that if the farm does not comply with subsection (8) of this section, the director may revoke the special certificate.

(8) The director may revoke a special certificate issued under this section if a farm fails to: Comply with the requirements of the industrial welfare act, this chapter, that apply to farm interns; pay workers' compensation premiums in the assigned intern risk class; or pay workers' compensation premiums in the applicable risk class for nonintern work hours.

(9) Before the start of a farm internship, the farm and the intern must sign a written agreement and send a copy of the agreement to the department. The written agreement must, at a minimum:

(a) Describe the internship program offered by the farm, including the skills and objectives the program is designed to teach and the manner in which those skills and objectives will be taught;

(b) Explicitly state that the intern is not entitled to unemployment benefits or minimum wages for work and activities conducted pursuant to the internship program for the duration of the internship;

(c) Describe the responsibilities, expectations, and obligations of the intern and the farm, including the anticipated number of hours of farm activities to be performed by and the anticipated number of hours of curriculum instruction provided to the intern per week;

(d) Describe the activities of the farm and the type of work to be performed by the farm intern; and

(e) ~~((Describes [Describe]))~~ Describe any wages, room and board, stipends, and other remuneration the farm will provide to the farm intern.

(10) The department must limit the administrative costs of implementing the internship ~~((pilot))~~ program by relying on farm organizations and other stakeholders to perform outreach and inform the farm community of the program and by limiting employee travel to the investigation of allegations of noncompliance with program requirements.

(11) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Farm intern" means an individual who provides services to a small farm under a written agreement and primarily as a means of learning about farming practices and farm enterprises.

(b) "Farm internship program" means an internship program described under subsection (4)(e) of this section.

(iii) Where all the owners or partners of the farm provide regular labor to and participate in the management of the farm, and own or lease the productive assets of the farm.

(12) The department shall monitor and evaluate the farm internships authorized by this section and report to the appropriate committees of the legislature by December 31, 2024. The report must include, but not be limited to: The number of small farms that applied for and received special certificates; the number of interns employed as farm interns; the nature of the educational activities provided to the farm interns; the wages and other remuneration paid to farm interns; the number of and type of workers' compensation claims for farm interns; the employment of farm interns following farm internships; and other matters relevant to assessing farm internships authorized in this section.

Prime Sponsor, Law & Justice: Concerning the issuance of emergency domestic violence no-contact orders. Reported by Committee on Civil Rights & Judiciary

## MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 10.99.040 and 2021 c 215 s 122 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; ~~((and))~~

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence;

(e) Shall not deny issuance of a no-contact order based on the existence of an applicable civil protection order preventing the defendant from contacting the victim; and

(f) When issuing a no-contact order, shall attempt to determine whether there are any other active no-contact orders, protection orders, or restraining orders involving the defendant to assist the court in ensuring that any no-contact order it may impose does not lessen protections imposed by other courts under other such orders.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim and others. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. ~~((If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the))~~ The court authorizing release may issue ~~(, by telephone,))~~ a no-contact order ~~((prohibiting))~~ that:

(i) Prohibits the person charged or arrested from ~~((having))~~ making any attempt to contact ~~((with the victim or)),~~ including nonphysical contact, the victim or the victim's family or household members, either directly, indirectly, or through a third party;

(ii) Excludes the defendant from a residence shared with the victim, or from a workplace, school, or child care;

(iii) Prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or vehicle; and

(iv) Includes other related prohibitions to reduce risk of harm.

~~((In issuing the order, the court shall consider the provisions of))~~ The court shall verify that the requirements of RCW 10.99.030(3) have been satisfied, including that a sworn statement of a peace officer has been submitted to the court, documenting that the responding peace officers separated the parties and asked the victim or victims at the scene about firearms, other dangerous weapons, and ammunition that the defendant owns or has access to, and whether the defendant has a concealed pistol license. If the sworn statement of a peace officer or other information provided to the court indicates there may be a risk of harm if the defendant has access to firearms, dangerous weapons, or an active concealed pistol license, the court shall verify that peace officers have temporarily removed and secured all the firearms, dangerous weapons, and any concealed pistol license. The court shall then determine whether an order to surrender and prohibit weapons or an extreme risk protection order should be issued pursuant to RCW 9.41.800 or chapter 7.105 RCW, ~~((and shall order the defendant to surrender, and prohibit))~~ prohibiting the ~~((person))~~ defendant from possessing, ~~((all))~~ purchasing, receiving, having in the defendant's control or custody, accessing, or attempting to purchase or receive, any firearms, dangerous weapons, and any concealed pistol license and shall order the defendant to surrender, and prohibit the defendant from possessing, any firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800, or shall issue an extreme risk protection order as required by chapter 7.105 RCW. The court may make these determinations on the record or off the record with a written explanation when declining to impose the restrictions authorized in this subsection.

~~((c) The no-contact order shall also be issued in writing as soon as possible, and shall state that it may be extended as provided in subsection (3) of this section. By January 1, 2011, the administrative office of the courts shall develop a pattern form for all no-contact orders issued under this chapter. A no-contact order issued under this chapter must substantially comply with the pattern form developed by the administrative office of the courts.))~~

(3)(a) At the time of arraignment, the court shall review the defendant's firearms purchase history provided by the prosecutor pursuant to RCW 10.99.045, and any other firearms information provided by law enforcement or court or jail staff, and shall determine whether a no-contact order, an order to surrender and prohibit weapons, or an extreme risk protection order shall be issued or, if previously issued, extended.

(b) So long as the court finds probable cause, the court may issue or extend a no-contact order, an order to surrender and prohibit weapons, or an extreme risk protection order, even if the defendant fails to appear at arraignment. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed. To the extent the court is aware, the court shall advise the defendant of the

ongoing requirements of any other no-contact, restraining, or protection order that remains in effect.

~~((b) In issuing the order, the court shall consider all information documented in the incident report concerning the person's possession of and access to firearms and whether law enforcement took temporary custody of firearms at the time of the arrest. The court may as a condition of release prohibit the defendant from possessing or accessing firearms and order the defendant to immediately surrender all firearms and any concealed pistol license to a law enforcement agency upon release.))~~

(c) If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring as defined in RCW 9.94A.030. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4) (a) ~~Willful violation of a court order issued under ((subsection (2), (3), or (7) of)) this section is punishable as provided under RCW 7.105.450 or 7.105.460, or chapter 9.41 RCW.~~

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 7.105 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) (a) ~~A peace officer may request, on an ex parte basis and before criminal charges or a petition for a protection order or an extreme risk protection order have been filed, an emergency no-contact order, order to surrender and prohibit weapons, or extreme risk protection order from a judicial officer on behalf of and with the consent of the victim of an alleged act involving domestic violence if the victim is able to provide such consent. If the victim is incapacitated as a result of the alleged act of domestic violence, a peace officer may request an emergency no-contact order, order to surrender and prohibit weapons, or extreme risk protection order on his or her behalf. The request shall be made based upon the sworn statement of a peace officer and may be made in person, by telephone, or by electronic means. If the court finds probable cause to believe that the victim is in imminent danger of domestic violence based on an allegation of the recent commission of an act involving domestic violence, the court shall issue an emergency no-contact order and an order to surrender~~

~~and prohibit weapons or an extreme risk protection order as required by RCW 9.41.800 or chapter 7.105 RCW. An emergency no-contact order issued by a court will remain in effect until either the court terminates the emergency no-contact order, the court finds probable cause for a referred crime, or an ex parte hearing is held on a petition for a protection order or extreme risk protection order.~~

~~(b) If the court issues an order to surrender and prohibit weapons or an extreme risk protection order, and has not verified that peace officers have temporarily removed and secured all firearms and dangerous weapons, and any concealed pistol license, all orders issued by the court must be personally served by a peace officer and the peace officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search, as required by RCW 9.41.801.~~

~~(c) If the court does not issue an order to surrender and prohibit weapons or an extreme risk protection order, or has verified that all firearms, dangerous weapons, and any concealed pistol license have been temporarily removed by law enforcement, service of the court's orders may be effected electronically. Electronic service must be effected by a law enforcement agency transmitting copies of the petition and any supporting materials filed with the petition, any notice of hearing, and any orders, or relevant materials for motions, to the defendant at the defendant's electronic address or the defendant's electronic account associated with email, text messaging, social media applications, or other technologies. Verification of notice is required and may be accomplished through read-receipt mechanisms, a response, a sworn statement from the person who effected service verifying transmission and any follow-up communications such as email or telephone contact used to further verify, or an appearance by the defendant at a hearing. Sworn proof of service must be filed with the court by the person who effected service.~~

~~(d) A no-contact order, order to surrender and prohibit weapons, or extreme risk protection order authorized by telephonic or electronic means shall also be issued in writing as soon as possible and shall state that it may be extended as provided in subsection (3) of this section.~~

~~(6) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.~~

~~((6)) (7) Whenever ((a no-contact)) an order is issued, modified, or terminated under ((subsection (2) or (3) of)) this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information~~

system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

~~((7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.))~~

(8) For the purposes of this section, and unless context clearly requires otherwise, "emergency no-contact order" means a no-contact order issued by a court of competent jurisdiction before criminal charges have been filed or before a petition for a protection order or extreme risk protection order has been filed.

Prime Sponsor, Local Government, Land Use & Tribal Affairs: Concerning accessory dwelling units. Reported by Committee on Housing

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that there is a shortage of affordable housing units available for home ownership or long-term rental within most urban growth areas of the state. This lack of affordable housing forces many residents to spend more than 30 percent of their household income on housing, greatly increasing housing insecurity and contributing to the state's crisis of unacceptable numbers of persons experiencing homelessness. Increasing the availability of accessory dwelling units,

also referred to as "ADUs," may increase opportunities for people to age in their own home and increase multigenerational family ties along with offering opportunities to reduce intergenerational poverty by increasing home ownership. The legislature finds that accessory dwelling units can be one way to add affordable long-term housing and to provide a needed increase in housing density within urban growth areas with benefits to reducing fossil fuel use and other contributions to climate change due to housing and transportation patterns. The legislature seeks to encourage accessory dwelling unit availability as a modest housing option by streamlining local government regulations that may unintentionally make accessory dwelling units less economical. Since residents in a region may be choosing between cities, it is important to acknowledge that one city cannot build affordability on its own. An expansion in supply of affordable housing in a small city, but not neighboring cities, may satisfy some of the demand for affordable housing, but without a regional strategy, small cities will not be able to build affordability on their own. Statewide action is needed. Furthermore, the legislature finds that research from several cities shows that when accessory dwelling units are built or that are converted and offered for short-term rental for tourists and business visitors, they may not improve housing affordability. Therefore, it is the intent of the legislature to meet these important policy goals by increasing the availability of accessory dwelling units as modest housing options, limiting the restrictions that can be imposed on the development and use of accessory dwelling units within urban growth areas, and authorizing local governments to adopt programs to incentivize or reduce local government-imposed cost or time related obstacles to the development of accessory dwelling units when the accessory dwelling units will be utilized for long-term housing.

**Sec. 2.** RCW 36.70A.070 and 2022 c 246 s 2 and 2022 c 220 s 1 are each reenacted and amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land

use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and stormwater runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that:

(a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth, as provided by the department of commerce, including:

(i) Units for moderate, low, very low, and extremely low-income households; and

(ii) Emergency housing, emergency shelters, and permanent supportive housing;

(b) Includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences, and within an urban growth area boundary, moderate density housing options including, but not limited to, duplexes, triplexes, and townhomes;

(c) Identifies sufficient capacity of land for housing including, but not limited to, government-assisted housing, housing for moderate, low, very low, and extremely low-income households, manufactured housing, multifamily housing, group homes, foster care facilities, emergency housing, emergency shelters, permanent supportive housing, and within an urban growth area boundary, consideration of duplexes, triplexes, and townhomes;

(d) Makes adequate provisions for existing and projected needs of all economic segments of the community, including:

(i) Incorporating consideration for low, very low, extremely low, and moderate-income households;

(ii) Documenting programs and actions needed to achieve housing availability including gaps in local funding, barriers such as development regulations, and other limitations;

(iii) Consideration of housing locations in relation to employment location; and

(iv) Consideration ~~((of the role))~~ and utilization of accessory dwelling units in meeting housing needs in compliance with RCW 36.70A.698;

(e) Identifies local policies and regulations that result in racially disparate impacts, displacement, and exclusion in housing, including:

(i) Zoning that may have a discriminatory effect;

(ii) Disinvestment; and

(iii) Infrastructure availability;

(f) Identifies and implements policies and regulations to address and begin to undo

racially disparate impacts, displacement, and exclusion in housing caused by local policies, plans, and actions;

(g) Identifies areas that may be at higher risk of displacement from market forces that occur with changes to zoning development regulations and capital investments; and

(h) Establishes antidisplacement policies, with consideration given to the preservation of historical and cultural communities as well as investments in low, very low, extremely low, and moderate-income housing; equitable development initiatives; inclusionary zoning; community planning requirements; tenant protections; land disposition policies; and consideration of land that may be used for affordable housing.

In counties and cities subject to the review and evaluation requirements of RCW 36.70A.215, any revision to the housing element shall include consideration of prior review and evaluation reports and any reasonable measures identified. The housing element should link jurisdictional goals with overall county goals to ensure that the housing element goals are met.

The adoption of ordinances, development regulations and amendments to such regulations, and other nonproject actions taken by a city that is required or chooses to plan under RCW 36.70A.040 that increase housing capacity, increase housing affordability, and mitigate displacement as required under this subsection (2) and that apply outside of critical areas are not subject to administrative or judicial appeal under chapter 43.21C RCW unless the adoption of such ordinances, development regulations and amendments to such regulations, or other nonproject actions has a probable significant adverse impact on fish habitat.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities ~~((r))~~ including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5) (d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5) (d) (i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or

intensity may be permitted subject to confirmation from all existing providers of public facilities and public services of sufficient capacity of existing public facilities and public services to serve any new or additional demand from the new development or redevelopment. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5) and is consistent with the local character. Any commercial development or redevelopment within a mixed-use area must be principally designed to serve the existing and projected rural population and must meet the following requirements:

(I) Any included retail or food service space must not exceed the footprint of previously occupied space or 5,000 square feet, whichever is greater, for the same or similar use; and

(II) Any included retail or food service space must not exceed 2,500 square feet for a new use;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(23). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(23). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas shall not extend beyond the logical outer boundary of the existing area, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where

there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of this subsection (5) (d), an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of

the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ~~((ten-year))~~ 10-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ~~((ten))~~ 10 years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ~~((ten-year))~~ 10-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level

of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ~~((ten-year))~~ 10-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ~~((ten-year))~~ 10-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

**E2SSB 5243** Prime Sponsor, Ways & Means: Concerning high school and beyond planning. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature recognizes that the high school and beyond plan is both a graduation requirement and a critical component in our education system. However, the practices and technologies that school districts employ for facilitating high school and beyond plans vary significantly. These variances can create inequities for students and families, and do not reflect the legislature's vision for the role of the high school and beyond plan in promoting student success in secondary and postsecondary endeavors.

(2) A universal online high school and beyond plan platform that can be readily accessed by students, parents, teachers, and others who support academic progress will alleviate equity issues and create new opportunities for students to develop and curate plans that align with their needs and interests. With the assistance of a flexible, portable, and expandable platform, all students with high school and beyond plans will be able to easily personalize and revise their plans, explore education options of relevance and interest, and receive supports that will help them make informed choices about their education and career objectives.

(3) The legislature, therefore, intends to revise and strengthen high school and beyond plan requirements and to direct the office of the superintendent of public instruction to facilitate the transition to a universal online high school and beyond plan platform to guide students' secondary education experiences and ensure preparation for their postsecondary goals.

**Sec. 2.** RCW 28A.230.090 and 2021 c 307 s 2 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c) ~~((i))~~ Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school ~~((-~~

~~((ii))~~ (A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

~~((B))~~ For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

~~((iii))~~ (A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

~~((B))~~ For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postsecondary transition plan. The high school and beyond plan must

~~be updated in a similar manner and with similar school personnel as for all other students.~~

~~((iv))~~ School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection ~~((1))~~ ~~((e))~~ ~~((iv))~~ prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

~~((v))~~ All high school and beyond plans must, at a minimum, include the following elements:

~~((A))~~ Identification of career goals, aided by a skills and interest assessment;

~~((B))~~ Identification of educational goals;

~~((C))~~ Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

~~((D))~~ Information about the college bound scholarship program established in chapter 28B.118 RCW;

~~((E))~~ A four-year plan for course taking that:

~~((I))~~ Includes information about options for satisfying state and local graduation requirements;

~~((II))~~ Satisfies state and local graduation requirements;

~~((III))~~ Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

~~((IV))~~ Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

~~((V))~~ Includes information about the college bound scholarship program, the Washington college grant, and other scholarship opportunities;

~~((F))~~ Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

~~((I))~~ Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

~~((II))~~ Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

~~(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.~~

~~(d)) as provided for under section 3 of this act and RCW 28A.230.215.~~ Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

~~((+e)) (d) (i)~~ The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1) ~~((+e)) (d)~~. The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal, or as provided in RCW 28A.230.300(4).

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1) ~~((+e)) (d)~~ to an applying school district at the next subsequent meeting of the board after receiving an application.

~~((+iii)) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education~~

~~equivalencies in mathematics adopted pursuant to RCW 28A.230.097.)~~

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to ~~((earn a certificate of academic achievement,))~~ complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses

under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.230 RCW to read as follows:

(1) This section establishes the school district, content, and other substantive requirements for the high school and beyond plan required by RCW 28A.230.090.

(2)(a) Beginning by the seventh grade, each student must be administered a career interest and skills inventory which is intended to be used to inform eighth grade course taking and development of an initial high school and beyond plan. No later than eighth grade, each student must have begun development of a high school and beyond plan that includes a proposed plan for first-year high school courses aligned with graduation requirements and secondary and postsecondary goals.

(b) For each student who has not earned a score of level 3 or 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, the high school and beyond plan must be updated to ensure that the student takes a mathematics course in both ninth and 10th grades. These courses may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(3) With staff support, students must update their high school and beyond plan annually, at a minimum, to review academic progress and inform future course taking.

(a) The high school and beyond plan must be updated in 10th grade to reflect high school assessment results in RCW 28A.655.061, ensure student access to advanced course options per the district's academic acceleration policy in RCW 28A.320.195, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs.

(b) Each school district shall provide students who have not met the standard on state assessments or who are behind in completion of credits or graduation pathway options with the opportunity to access interventions and academic supports, courses, or both, designed to enable students to meet all high school graduation requirements. The parents or legal guardians shall be notified about these opportunities as included in the student's high school and beyond plan, preferably through a student-led conference, including the parents or legal guardians, and at least annually until the student is on track to graduate.

(c) For students with an individualized education program, the high school and beyond plan must be developed and updated in alignment with their school to postschool transition plan. The high school and beyond plan must be developed and updated in a similar manner and with similar school personnel as for all other students.

(4) School districts shall involve parents and legal guardians to the greatest extent feasible in the process of developing and updating the high school and beyond plan.

(a) The plan must be provided to the student and the students' parents or legal guardians in a language the student and parents or legal guardians understand and in accordance with the school district's language access policy and procedures as required under chapter 28A.183 RCW, which may require language assistance for students and parents or legal guardians with limited English proficiency.

(b) School districts must annually provide students in grades eight through 12 and their parents or legal guardians with comprehensive information about the graduation pathway options offered by the district and are strongly encouraged to begin providing this information beginning in sixth grade. School districts must provide this information in a manner that conforms with the school district's language access policy and procedures as required under chapter 28A.183 RCW.

(5) School districts are strongly encouraged to partner with student serving, community-based organizations that support career and college exploration and preparation for postsecondary and career pathways. Partnerships may include high school and beyond plan coordination and planning, data sharing agreements, and safe and secure access to individual student's high school and beyond plans.

(6) All high school and beyond plans must, at a minimum, include the following elements:

(a) Identification of career goals and interests, aided by a skills and interest assessment;

(b) Identification of secondary and postsecondary education and training goals;

(c) An academic plan for course taking that:

(i) Informs students about course options for satisfying state and local graduation requirements;

(ii) Satisfies state and local graduation requirements;

(iii) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career preparation;

(iv) Identifies available advanced course sequences per the school district's academic acceleration policy, as described in RCW 28A.320.195, that include dual credit courses or other programs and are aligned with the student's postsecondary goals;

(v) Informs students about the potential impacts of their course selections on postsecondary opportunities;

(vi) Identifies available career and technical education equivalency courses that can satisfy core subject area graduation requirements under RCW 28A.230.097;

(vii) If applicable, identifies career and technical education and work-based learning opportunities that can lead to technical college certifications and apprenticeships; and

(viii) If applicable, identifies opportunities for credit recovery and acceleration, including partial and mastery-

based credit accrual to eliminate barriers for on-time grade level progression and graduation per RCW 28A.320.192;

(d) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(i) The college bound scholarship program established in chapter 28B.118 RCW, the Washington college grant created in RCW 28B.92.200, and other scholarship opportunities;

(ii) The documentation necessary for completing state and federal financial aid applications; application timeliness and submission deadlines; and the importance of submitting applications early;

**Sec. 4.** RCW 28A.230.215 and 2020 c 307 s 7 are each amended to read as follows:

(1) The legislature finds that fully realizing the potential of high school and beyond plans as meaningful tools for articulating and revising pathways for graduation will require additional school counselors and family coordinators. The legislature further finds that the development and implementation of an online electronic platform for high school and beyond plans will be an appropriate and supportive action that will assist students, parents and guardians, educators, ~~(and) school counselors, and other staff~~ who support students' career and college preparation as the legislature explores options for funding additional school counselors.

~~(2) ((Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction shall facilitate the creation of a list of available electronic platforms for the high school and beyond plan. Platforms eligible to be included on the list must meet the following requirements:~~

~~(a) Enable students to create, personalize, and revise their high school and beyond plan as required by RCW 28A.230.090;~~

~~(b) Grant parents or guardians, educators, and counselors appropriate access to students' high school and beyond plans;~~

~~(c) Employ a sufficiently flexible technology that allows for subsequent modifications necessitated by statutory changes, administrative changes, or both, as well as enhancements to improve the features and functionality of the platform;~~

~~(d) Include a sample financial aid letter and a link to the financial aid calculator created in RCW 28B.77.280, at such a time as those materials are finalized;~~

~~(e) Comply with state and federal requirements for student privacy;~~

~~(f) Allow for the portability between platforms so that students moving between school districts are able to easily transfer their high school and beyond plans; and~~

~~(g) To the extent possible, include platforms in use by school districts during the 2018-19 school year.~~

~~(3)) Beginning in the 2020-21 school year, each school district must ensure that an electronic high school and beyond plan platform is available to all students who are required to have a high school and beyond plan.~~

((4)) (3) The office of the superintendent of public instruction shall facilitate the transition to a universal online high school and beyond plan platform that will ensure consistent and equitable access to the needed information and support to guide students' educational experience and ensure preparation for their postsecondary plans.

(a) By January 1, 2024, the office of the superintendent of public instruction must develop a preliminary list of existing vendors who can provide or build a platform that meets the criteria outlined in subsection (4) of this section and that supports the high school and beyond plan elements identified in section 3 of this act and has the capabilities to support the new elements identified in section 5 of this act. The office of the superintendent of public instruction must submit the list of existing vendors and estimated costs associated with statewide implementation of the universal platform to the governor and the education policy and fiscal committees of the legislature.

(b) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction must select the vendor that will be responsible for developing the universal platform by June 1, 2024.

(c) By October 1, 2024, the office of the superintendent of public instruction must develop an implementation plan including

both an estimated timeline and updated cost estimates, including the technical assistance, technology updates, ongoing maintenance requirements, and adjustments to the technology funding formula, and statewide professional development that may be needed, for completing full statewide implementation of the universal platform in all school districts. In the implementation plan, the office of the superintendent of public instruction may include a cost alternative for educational service districts to host the universal platform for school districts of the second class when such a district does not have sufficient technology resources to implement and maintain the universal platform.

(4)(a) In addition to the requirements outlined in section 3 of this act, the universal platform must have the capability to be routinely updated and modified in order to include the following elements and capabilities to ensure equity in high school and beyond plans implementation and engagement across the state that:

(i) Enable students to create, personalize, and revise their high school and beyond plan;

(ii) Comply with all necessary state and federal requirements for student privacy and allow for students to opt in or opt out of portions of the universal platform related to third-party information sharing;

(iii) Use technology that can quickly be adapted to include future statutory changes, administrative changes, or both, as well as integrate enhancements to improve the features and functionality;

(iv) Facilitate the automatic import of academic course, credit, and grade data at a regular interval from the most commonly used district student information system platforms and manual import from less commonly used systems so that students' progress towards graduation in the high school beyond plan is accurately reflected at any given time;

(v) Allow for translation into the most common non-English languages across the state in accordance with the model language access policy and procedures as required under chapter 28A.183 RCW;

(vi) Include multiple and varied in-platform assessments with viewable results that can inform career and postsecondary goals including, but not limited to, personality, learning styles, interests, aptitudes, and skills assessments;

(vii) Include a catalog containing meaningful, high quality career exploration opportunities and resources beyond the traditional college, career, and aptitude assessments that are submitted by approved entities (community organizations, institutions of higher education that are authorized to participate in state financial aid programs under chapter 28B.92 RCW, and employers) and vetted by state-selected approvers that allow students to register for or apply to participate in the opportunities (programs, classes, internships, preapprenticeships, online courses, etc.) or access the resources. The universal platform should use completion data from these opportunities to make

recommendations to students to include in their high school beyond plans;

(viii) A dedicated space in which to build a direct connection to potential employers, including industry associations, trade associations, labor unions, service branches of the military, nonprofit organizations, and other state and local community organizations so students can learn from experts in different occupational fields about career opportunities and any necessary education and training requirements;

(ix) A secure space for staff, parents or guardians, and approved community partners who support students' academic progress and career and college preparation, to make notes that can inform staff efforts to connect students to academic and career connected learning opportunities and develop support and credit recovery plans for students, as needed;

(x) Accessibility options for students needing accommodations including, but not limited to, visual aids and voice dictation for students with limited literacy skills;

(xi) Indefinite access for students to their high school beyond plan, regardless of current school affiliation or lack thereof, in both mobile and desktop applications, that includes the capability to download and print their plan in one document, without requiring students to access multiple screens;

(xii) Inclusion of in-state labor market, apprenticeship, and postsecondary education performance data, including employment and earning outcomes, certificate and degree completion outcomes, and demographics of enrolled students or employees, to inform students' exploration and consideration of postsecondary options;

(xiii) A dedicated space where students can store additional evidence of their learning and postsecondary preparation, such as videos, essays, art, awards and recognitions, screencasts, letters of recommendation, industry certifications, microcredentials or other mastery-based learning recognitions, and work-integrated learning experiences. The universal platform should include the ability for students and staff to provide access to this portfolio in its entirety or in selected parts to relevant third parties, including institutions of higher education that are authorized to participate in state financial aid programs under chapter 28B.92 RCW, branches of the military, potential employers, or preapprenticeship opportunities;

(xiv) Access to data reporting features that allow schools, districts, and state agencies to review data stored within the universal platform, and allow data to be broken down by demographic, socioeconomic, and other identified characteristics, for the purposes of analyzing student use of the universal platform, improving student access to the information, guidance, and opportunities that can help them maximize their secondary education experience and postsecondary preparation, and informing state-level support for high school and beyond plan implementation;

(xv) A space for the student to indicate the graduation pathway option or options the student has selected to complete and how the selected option or options align with the student's career and postsecondary education goals; and

(xvi) The ability for school districts to customize or add features unique to local needs and local graduation requirements, including the capability to auto-align data with the local school districts' graduation requirements or the ability to enter those requirements manually.

(b) The office of the superintendent of public instruction must also include considerations around how the universal platform will operate in alignment with school to postschool transition plans required for students with an individualized education program transition plan to create efficiencies and reduce redundancy with the high school and beyond plan process and statewide tool.

(5)(a) Within two years of completing the universal platform development and alignment with the requirements in this section and section 3 of this act, school districts must provide students with access to the adopted universal platform.

(b) The office of the superintendent of public instruction must develop guidance and provide technical assistance and support for the facilitation of statewide professional development for school districts and partner organizations in using the universal platform.

(6) In carrying out subsections (3)(b) and (4) of this section, the office of the superintendent of public instruction shall seek input from the state board of education, educators, school and district administrators, school counselors, career counseling specialists, families, students, the Washington student achievement council, institutions of higher education that are authorized to participate in state financial aid programs under chapter 28B.92 RCW, and community partners who support students' career and college preparation. The office of the superintendent of public instruction may partner with existing community and regional networks and organizations who support students' career and college preparation in the analysis, selection, and implementation of the universal platform.

(7) As used in this section "universal platform" means the universal online high school and beyond plan platform.

(8) The office of the superintendent of public instruction may adopt and revise rules as necessary to implement this section.

**NEW SECTION. Sec. 5.** (1) After selection of the vendor for the universal online high school and beyond plan platform as required in RCW 28A.230.215, the office of the superintendent of public instruction, in consultation with the state board of education, shall report to the governor and education committees of the legislature recommendations for additional policy changes related to transitioning the current high school and beyond plan and universal platform into a more robust online learning

platform that can be used starting as early as fifth grade and that will provide greater student agency over student learning and provide opportunities for students to more meaningfully explore their strengths, interests, and future aspirations. In addition to the existing high school and beyond plan elements identified in RCW 28A.230.215, the recommendations should examine and incorporate the following elements:

(a) A way to begin student use of a learning plan that utilizes the universal online high school and beyond plan platform no later than the fifth grade and includes ways to introduce career awareness and exploration opportunities in elementary grades as foundational support to students;

(b) Strategies for students to share their interests and engage with peers and mentors in order to obtain ongoing feedback and access to activities and learning opportunities that connect to their goals;

(c) Recommended calendar, schedule, and delivery options to ensure dedicated classroom time so that students are supported in engaging with and updating their plans multiple times per year;

(d) Strategies that increase student and family engagement with the learning plan process and encourages students to meaningfully explore their strengths, skills, and interests on an ongoing basis;

(e) Ways the universal online high school and beyond plan platform can support implementation of recommendations developed by the state board of education under subsection (2) of this section.

(2) The state board of education shall develop recommendations on how the high school and beyond plan could be modified to further support student choice and flexibility in meeting graduation requirements and preparing for postsecondary education and training, including increasing access to mastery-based learning and mastery-based crediting opportunities. The state board of education shall report the recommendations developed under this subsection to the governor and education committees of the legislature.

(3) The reports required under this section shall be submitted to the governor and the education committees of the legislature, in accordance with RCW 43.01.036, by August 1, 2025.

(1)(a) Beginning with the class of 2020, except as provided in RCW 28A.230.320, graduation from a public high school and the earning of a high school diploma must include the following:

(ii) Satisfying credit requirements for graduation;

(iii) Demonstrating career and college readiness through completion of the high school and beyond plan as required by RCW 28A.230.090 and in accordance with section 3 of this act and RCW 28A.230.215; and

(iv) Meeting the requirements of at least one graduation pathway option established in this section. The pathway options established in this section are intended to provide a student with multiple pathways to graduating with a meaningful high school diploma that are tailored to the goals of the student. A student may choose to pursue one or more of the pathway options under (b) of this subsection, but any pathway option used by a student to demonstrate career and college readiness must be in alignment with the student's high school and beyond plan.

(b) The following graduation pathway options may be used to demonstrate career and college readiness in accordance with (a) (iv) of this subsection:

(i) Meet or exceed the graduation standard established by the state board of education under RCW 28A.305.130 on the statewide high school assessments in English language arts and mathematics as provided for under RCW 28A.655.070;

High school transition courses must satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to an institution of higher education as defined in RCW 28B.10.016;

(iv) Earn high school credit, with a C+ grade, or receiving a three or higher on the AP exam, or equivalent, in AP, international baccalaureate, or Cambridge international courses in English language arts and mathematics; or receiving a four or higher on international baccalaureate exams. For mathematics, successfully completing any of the following courses meets the standard: AP statistics, computer science, computer science principles, or calculus; or any of the international baccalaureate mathematics courses;

(v) Meet or exceed the scores established by the state board of education for the mathematics portion and the reading, English, or writing portion of the SAT or ACT;

(vi) Meet any combination of at least one English language arts option and at least one mathematics option established in (b)(i) through (v) of this subsection (1);

(vii) Meet standard in the armed services vocational aptitude battery; and

Nothing in this subsection (1)(b)(viii) requires a student to enroll in a preparatory course that is approved under RCW 28A.700.030 for the purposes of demonstrating career and college readiness under this section.

(2) While the legislature encourages school districts to make all pathway options established in this section available to their high school students, and to expand their pathway options until that goal is met, school districts have discretion in

determining which pathway options under this section they will offer to students.

(3) The state board of education shall adopt rules to implement the graduation pathway options established in this section.

(e) The ballot proposition concerned, if any, and whether the committee is in favor of or opposed to such proposition; and

(f) Such other information as the commission may by rule prescribe, in keeping with the policies and purposes of this chapter.

(3) Any material change in information previously submitted in a statement of organization must be reported to the commission within the ten days following the change.

Sec. 3. RCW 42.17A.235 and 2019 c 428 s 20 are each amended to read as follows:

(1)(a) In addition to the information required under RCW 42.17A.205 and 42.17A.210, each candidate or political committee must file with the commission a report of all contributions received and expenditures made as a political committee on the next reporting date pursuant to the timeline established in this section.

(b) In addition to the information required under RCW 42.17A.207 and 42.17A.210, on the day an incidental committee files a statement of organization with the commission, each incidental committee must file with the commission a report of any election campaign expenditures under RCW 42.17A.240(~~((+6))~~)(7), as well as the source of the (~~(ten)~~)10 largest cumulative payments of (~~((ten thousand dollars))~~)\$10,000 or greater it received in the current calendar year from a single person, including any persons tied as the (~~(tenth))~~10th largest source of payments it received, if any.

(2) Each treasurer of a candidate or political committee, or an incidental committee, required to file a statement of organization under this chapter, shall file with the commission a report, for each election in which a candidate, political committee, or incidental committee is participating, containing the information required by RCW 42.17A.240 at the following intervals:

(a) On the (~~(twenty-first day and the seventh))~~34th day, the 20th day, and the sixth day immediately preceding the date (~~(on which))~~of the general election (~~(is held))~~; (~~(and))~~

(b) On the 20th day and the sixth day immediately preceding the date of the primary or special election; and

(c) On the (~~(tenth))~~10th day of the first full month after the election.

(3)(a) Each treasurer of a candidate or political committee shall file with the commission a report on the (~~(tenth))~~10th day of each month during which the candidate or political committee is not (~~(participating in an election campaign))~~otherwise required to report under subsection (2) of this section, only if the committee has received a contribution or made an expenditure in the preceding calendar month and either the total contributions received or total expenditures made since the last such report exceed (~~(two hundred dollars))~~\$200.

(b) Each incidental committee shall file with the commission a report on the (~~(tenth))~~10th day of each month during which the incidental committee is not otherwise required to report under this section only if the committee has:

(i) Received a payment that would change the information required under RCW 42.17A.240(2)(d) as included in its last report; or

(ii) Made any election campaign expenditure reportable under RCW 42.17A.240(~~((+6))~~)(7) since its last report, and the total election campaign expenditures made since the last report exceed (~~(two hundred dollars))~~\$200.

(4) The (~~(report))~~reports filed (~~((twenty-one))~~34 days, 20 days, and six days before the general election and 20 days and six days before the primary or special election shall report all contributions received and expenditures made (~~(as of))~~from the closing date of the last report filed through the end of ((one business day))two calendar days before the date of (~~(the report))~~each filing. (~~(The report filed seven days before the election shall report all contributions received and expenditures made as of the end~~

~~of one business day before the date of the report.))~~ Reports filed on the (~~(tenth))~~10th day of the month shall report all contributions received and expenditures made from the closing date of the last report filed through the last day of the month preceding the date of the current report.

(5) For the period beginning the first day of the fourth month preceding the date of the special election, or for the period beginning the first day of the fifth month before the date of the general election, and ending on the date of that special or general election, each Monday the treasurer for a candidate or a political committee shall file with the commission a report of each bank deposit made during the previous seven calendar days. The report shall contain the name of each person contributing the funds and the amount contributed by each person. However, persons who contribute no more than (~~((twenty-five dollars))~~)\$25 in the aggregate are not required to be identified in the report. A copy of the report shall be retained by the treasurer for the treasurer's records. In the event of deposits made by candidates, political committee members, or paid staff other than the treasurer, the copy shall be immediately provided to the treasurer for the treasurer's records. Each report shall be certified as correct by the treasurer.

(6)(a) The treasurer for a candidate or a political committee shall maintain books of account accurately reflecting all contributions and expenditures on a current basis within five business days of receipt or expenditure. During the (~~(ten))~~10 calendar days immediately preceding the date of the election the books of account shall be kept current within one business day. As specified in the political committee's statement of organization filed under RCW 42.17A.205, the books of account must be open for public inspection by appointment at a place agreed upon by both the treasurer and the requestor, for inspections between 9:00 a.m. and 5:00 p.m. on any day from the (~~(tenth))~~10th calendar day immediately before the election through the day immediately before the election, other than Saturday, Sunday, or a legal holiday. It is a violation of this chapter for a candidate or political committee to refuse to allow and keep an appointment for an inspection to be conducted during these authorized times and days. The appointment must be allowed at an authorized time and day for such inspections that is within (~~((forty-eight))~~)48 hours of the time and day that is requested for the inspection. The treasurer may provide digital access or copies of the books of account in lieu of scheduling an appointment at a designated place for inspection. If the treasurer and requestor are unable to agree on a location and the treasurer has not provided digital access to the books of account, the default location for an appointment shall be a place of public accommodation selected by the treasurer within a reasonable distance from the treasurer's office.

(b) At the time of making the appointment, a person wishing to inspect the books of account must provide the treasurer the name and telephone number of the person

wishing to inspect the books of account. The person inspecting the books of account must show photo identification before the inspection begins.

(c) A treasurer may refuse to show the books of account to any person who does not make an appointment or provide the required identification. The commission may issue limited rules to modify the requirements set forth in this section in consideration of other technology and best practices.

(7) Copies of all reports filed pursuant to this section shall be readily available for public inspection by appointment, pursuant to subsection (6) of this section.

(8) The treasurer or candidate shall preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than five calendar years following the year during which the transaction occurred or for any longer period as otherwise required by law.

(9) All reports filed pursuant to subsection (1) or (2) of this section shall be certified as correct by the candidate and the treasurer.

(10) Where there is not a pending complaint concerning a report, it is not evidence of a violation of this section to submit an amended report within ~~((twenty-one))~~ 21 days of filing an initial report if:

(a) The report is accurately amended;

(b) The amended report is filed more than ~~((thirty))~~ 30 days before an election;

(c) The total aggregate dollar amount of the adjustment for the amended report is within three times the contribution limit per election or ~~((two hundred dollars))~~ \$200, whichever is greater; and

(d) The committee reported all information that was available to it at the time of filing, or made a good faith effort to do so, or if a refund of a contribution or expenditure is being reported.

(11)(a) When there is no outstanding debt or obligation, the campaign fund is closed, the campaign is concluded in all respects, and the political committee has ceased to function and intends to dissolve, the treasurer shall file a final report. Upon submitting a final report, the political committee so intending to dissolve must file notice of intent to dissolve with the commission and the commission must post the notice on its website.

(b) Any political committee may dissolve ~~((sixty))~~ 60 days after it files its notice to dissolve, only if:

(i) The political committee does not make any expenditures other than those related to the dissolution process or engage in any political activity or any other activities that generate additional reporting requirements under this chapter after filing such notice;

(ii) No complaint or court action under this chapter is pending against the political committee; and

(iii) All penalties assessed by the commission or court order have been paid by the political committee.

(c) The political committee must continue to report regularly as required under this chapter until all the conditions under (b) of this subsection are resolved.

(d) Upon dissolution, the commission must issue an acknowledgment of dissolution, the duties of the treasurer shall cease, and there shall be no further obligations under this chapter. Dissolution does not absolve the candidate or board of the committee from responsibility for any future obligations resulting from the finding after dissolution of a violation committed prior to dissolution.

(12) The commission must adopt rules for the dissolution of incidental committees.

(b) The name and address of each person to whom an independent expenditure was made in the aggregate amount of more than ~~((fifty dollars))~~ \$50, and the amount, date, and purpose of each such expenditure. Referred to Committee on Rules for second reading

March 27, 2023

E2SSB 5315 Prime Sponsor, Ways & Means: Concerning nonpublic agencies operating special education programs for students with disabilities. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) (a) The legislature finds that the federal individuals with disabilities education act, Title 20 U.S.C. Sec. 1400 et seq. establishes duties for the state education agency, which is the office of the superintendent of public instruction in Washington, with respect to students with disabilities who are placed in a private

school or facility by a school district or other public agency as a means of providing special education and related services.

(b) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction ensure that a student with a disability who is placed in a private school or facility by a school district or other public agency:

(i) Is provided special education and related services in conformance with an individualized education program that meets the requirements of federal law and at no cost to the student's parents;

(ii) Is provided an education that meets the standards that apply to education provided by a school district or other public agency; and

(iii) Has all of the rights of a student with a disability who is served by a school district or other public agency.

(c) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction, in implementing the requirements described in (b) of this subsection (1):

(i) Monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires;

(ii) Disseminate copies of applicable standards to each private school and facility to which a school district or other public agency placed a student with a disability; and

(iii) Provide an opportunity for those private schools and facilities to participate in the development and revision of state standards that apply to them.

(2) The legislature acknowledges that it has not codified the requirements described in subsection (1) of this section into state statute. Therefore, the legislature intends to codify the duty and authority of the superintendent of public instruction to establish standards for approving, monitoring, and investigating education centers, which are private schools and facilities that contract with school districts to provide special education and related services to students with disabilities placed in the education center by a school district. The legislature also intends to codify the requirement that these standards must ensure that any students with disabilities placed in an education center by a school district have the same rights, protections, and access to special education and related services that they would have if served by a school district.

**Sec. 2.** RCW 28A.155.090 and 2007 c 115 s 11 are each amended to read as follows:

(4) Assist, upon request, the parent or guardian of any child with disabilities in the placement of any child with disabilities who is eligible for but not receiving special educational services for children with disabilities;

(5) Approve school district and agency programs as being eligible for special excess cost financial aid to students with disabilities;

(6) Establish standards for approving, monitoring, and investigating education centers, as defined in RCW 28A.205.010, that contract with school districts under RCW 28A.155.060 to provide special education and related services to children with disabilities placed in the education center by a school district. The standards must ensure that any children with disabilities placed in the education center by a school district have the same rights, protections, and access to special education and related services that they would have if served by a school district;

(7) Consistent with the provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160, and part B of the federal individuals with disabilities education improvement act, administer administrative hearings and other procedures to ensure procedural safeguards of children with disabilities; and

~~((7))~~ (8) Promulgate such rules as are necessary to implement part B of the federal individuals with disabilities education improvement act or other federal law providing for special education services for children with disabilities and the several provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160 and to ensure appropriate access to and participation in the general education curriculum and participation in statewide assessments for all students with disabilities.

2SSB 5438 Prime Sponsor, Ways & Means: Facilitating supportive relationships with family and significant individuals within the behavioral health system. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 71.24 RCW to read as follows:

(1) The authority shall conduct its oversight of the community behavioral health system in a manner that is aware of, nurtures, and protects significant relationships in the life of behavioral health system clients. These relationships may involve family, friends, and others who play a significant role.

(2) The authority shall consider the following principles when administering programs and contracts and making policy:

(a) Every client should have a caring, compassionate family member involved in and advocating for their best treatment, in collaboration with medical professionals, based on their lifelong role in the person's life and their personal knowledge of their past and present welfare;

(b) Families who desire to be engaged in their children's behavioral health care

should be included when it is in the best interest of the client. Parents should be encouraged to be actively engaged in their children's behavioral health care including decision making and have decision-making rights, when appropriate. Family inclusion with disclosure of health information is possible under RCW 70.02.205;

(c) State policy and agency practices must be structured so as not to cause unnecessary trauma to a family. Family members should be able to participate in care decisions with medical experts without fear of loss of safety or residence. Parental rights and responsibilities should never be severed without evidence of abuse or neglect as a means for children to access an appropriate level of services, unless it is in the best interest of the client. It is incumbent on the state in such a situation to find ways to provide adequate services while maintaining support for well-bonded families;

(d) Whenever it is in the best interest of the client, family rights and responsibilities of parents should be maintained by inclusion in appropriate decision making relating to a child's residence, supervision, schooling, education, and health care while a minor or dependent child is placed in behavioral health out-of-home care pursuant to authority programs or contracts;

(e) Within existing legal constraints, the authority should recognize that strong family-like relationships which should be nurtured also arise through nonblood relationships. Consideration of developmental issues should recognize that development continues past the age of 18;

(f) The authority must consider that most effective treatment for a child is frequently whole family treatment. Families need assistance building, reestablishing, and strengthening healthy relationships to maximize recovery and resilience. Every effort should be made to assess and provide for the service needs of family members, either separately or in conjunction with their children or dependents;

(g) Medication use by children should be closely monitored and frequently evaluated, with expert support given to parents to help understand the risks and anticipated benefits of prescribed psychotropic medications; and

(h) The legal system should be employed only as a last resort. Medication management should not be handled through at-risk youth petitions. Advocacy should be employed to minimize court intrusion, such as by releasing restraining orders in behavioral health situations.

(3) The authority shall conduct a review of its policies related to behavioral health by June 30, 2024, in consultation with stakeholders, family members, and peers and identify and eliminate policies that undermine integrity and health of the family or discourage family engagement with service providers. The review may not include policies in support of RCW 7.70.065, 70.02.265, 70.24.110, 71.34.530, 71.34.600, or 71.34.610. The authority may notify the governor and appropriate committees of the

legislature by letter of the completion and outcomes of this review.

NEW SECTION. **Sec. 2.** A new section is added to chapter 72.23 RCW to read as follows:

(2) The department shall consider the following principles when administering programs and making policy:

(a) Every patient should have a caring, compassionate family member involved in and advocating for their best treatment, in collaboration with medical professionals, based on their lifelong role in the person's life and their personal knowledge of their past and present welfare;

(b) Families who desire to be engaged in their relative's behavioral health care should be included when it is in the best interest of the patient. Parents should be encouraged to be actively engaged in their children's behavioral health care and have decision-making rights, when appropriate. Family inclusion with disclosure of health information is possible under RCW 70.02.205;

(c) State hospital policy and practices must be structured so as not to cause unnecessary trauma to a family. Family members should be able to participate in care decisions with medical experts without fear of reprisal. It is incumbent on the state to find ways to provide adequate services while maintaining support for well-bonded families;

(d) Within existing legal constraints, the department should recognize that strong family-like relationships which should be nurtured also arise through nonblood relationships. Consideration of developmental issues should recognize that development continues past the age of 18;

(e) Whenever it is in the best interest of the patient, family rights and responsibilities of parents should be maintained by inclusion in appropriate decision making relating to a patient's residence, supervision, schooling, education, and health care;

E2SSB 5440 Prime Sponsor, Ways & Means: Providing timely competency evaluations and restoration services to persons suffering from behavioral health disorders. Reported by Committee on Civil Rights & Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that defendants referred for services related to competency to stand trial requiring admission into a psychiatric facility are currently facing unprecedented wait times in jail for admission. The situation has been exacerbated by closure of forensic beds and workforce shortages related to COVID-19, and treatment capacity limits related to social distancing requirements. Moreover, a backlog of criminal prosecutions that were held back during the first two years of the pandemic due to capacity limitations in courts, prosecuting attorneys offices, and jails, are now being filed, causing a surge in demand for competency services which exceeds the state's capacity to make a timely response. In partial consequence, as of January 2023, wait times for admission to western state hospital for competency services, directed to be completed within seven days by order of the United States district court for western Washington, have risen to over ten months, while wait times for admission to eastern state hospital for the same services have risen to over five months. The state's forensic bed capacity forecast model indicates that if the state continues to receive competency referrals

from local superior, district, and municipal courts at the same volume, the state will rapidly fall farther behind.

The legislature further finds that historical investments and policy changes have been made in behavioral health services over the past five years, designed to both increase capacity to provide competency to stand trial services and to reduce the need for them by creating opportunities for diversion, prevention, and improved community health. New construction at western state hospital is expected to result in the opening of 58 forensic psychiatric beds in the first quarter of 2023, while emergency community hospital contracts are expected to allow for the discharge or transfer of over 50 civil conversion patients occupying forensic state hospital beds over the same period. Sixteen beds for civil conversion patients will open at Maple Lane school in the first quarter of 2023, with 30 additional beds for patients acquitted by reason of insanity expected to open by late 2023 or early 2024. Over a longer time period, 350 forensic beds are planned to open within a new forensic hospital on western state hospital campus between 2027 and 2029. Policy and budget changes have increased capacity for assisted outpatient treatment, 988 crisis response, use of medication for opioid use disorders in jails and community settings, reentry services, and mental health advance directives, and created new behavioral health facility types, supportive housing, and supportive employment services. Forensic navigator services, outpatient competency restoration programs, and other specialty forensic services are now available and continuing to be deployed in phase two Trueblood settlement regions.

The legislature further finds that despite these investments there is a need for everyone to come together to find solutions to both reduce demand for forensic services and to increase their supply. The state needs collaboration from local governments and other entities to identify any and all facilities that can be used to provide services to patients connected to the forensic system, to reduce the flow of competency referrals coming from municipal, district, and superior courts, and to improve availability and effectiveness of behavioral health services provided outside the criminal justice system.

**Sec. 3.** RCW 10.77.060 and 2022 c 288 s 2 are each amended to read as follows:

(1) (a) Whenever a defendant has pleaded not guilty by reason of insanity, ~~((or there is reason to doubt his or her competency,))~~ the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) (i) Whenever there is a doubt as to competency, the court on its own motion or on the motion of any party shall first review the allegations of incompetency. The court shall make a determination of whether sufficient facts have been provided to form a genuine doubt as to competency based on information provided by counsel, judicial colloquy, or direct observation of the defendant. If a genuine doubt as to competency exists, the court shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(ii) Nothing in this subsection (1) (b) is intended to require a waiver of attorney-client privilege. Defense counsel may meet the requirements under this subsection (1)

(b) by filing a declaration stating that they have reason to believe that a competency evaluation is necessary, and stating the basis on which the defendant is believed to be incompetent, without further detail required.

(c) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, long-term services or supports, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional and the evaluator shall have access to records of the developmental disabilities administration of the department. If the court is advised by any party that the defendant may have dementia or another relevant neurocognitive disorder, the evaluator shall have access to records of the aging and long-term support administration of the department.

~~((e))~~ (d) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

~~((d))~~ (e) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

~~((e))~~ (f) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

~~((f))~~ (g) When a defendant is ordered to be evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be

requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(h) If the defendant ordered to be evaluated under this subsection (1) is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious traffic offense, the prosecutor may make a motion to modify the defendant's conditions of release to include a condition prohibiting the defendant from driving during the pendency of the competency evaluation period.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant suffers from an intellectual or developmental disability, traumatic brain injury, or dementia, an opinion as to restorability;

(e) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3) ~~((d))~~ (e) unless the evaluator or court determines

that the defendant is competent to stand trial;

~~((e))~~ (f) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

~~((f))~~ (g) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

(5) In the event that a person remains in jail more than 21 days after service on the department of a court order to transport the person to a facility designated by the department for inpatient competency restoration treatment, upon the request of any party and with notice to all parties, the department shall perform a competency to stand trial status check to determine if the circumstances of the person have changed such that the court should authorize an updated competency evaluation. The status update shall be provided to the parties and the court. Status updates may be provided at reasonable intervals.

(6) If a finding of the competency evaluation under this section or under RCW 10.77.084 is that the individual is not competent due to an intellectual or developmental disability or dementia, the evaluator shall notify the department, which shall refer the individual to the developmental disabilities administration or the aging and long-term support administration of the department for review of eligibility for services. Information about availability of services must be provided to the forensic navigator.

(7) If the expert or professional person appointed to perform a competency evaluation in the community is not able to complete the evaluation after two attempts at scheduling with the defendant, the department shall submit a report to the court and parties and include a date and time for another evaluation which must be at least four weeks later. The court shall provide notice to the defendant of the date and time of the evaluation. If the defendant fails to appear at that appointment, the court shall issue a warrant for the failure to appear and recall the order for competency evaluation.

**Sec. 4.** RCW 10.77.068 and 2022 c 288 s 3 are each amended to read as follows:

(1)(a) The legislature establishes a performance target of seven days or fewer to extend an offer of admission to a defendant in pretrial custody for inpatient competency evaluation or inpatient competency restoration services, when access to the services is legally authorized.

(b) The legislature establishes a performance target of 14 days or fewer for the following services related to competency

to stand trial, when access to the services is legally authorized:

(i) To complete a competency evaluation in jail and distribute the evaluation report; and

(ii) To extend an offer of admission to a defendant ordered to be committed to ~~((a state hospital))~~ the department for placement in a facility operated by or contracted by the department following dismissal of charges based on incompetency to stand trial under RCW 10.77.086.

(c) The legislature establishes a performance target of 21 days or fewer to complete a competency evaluation in the community and distribute the evaluation report.

(2)(a) A maximum time limit of seven days as measured from the department's receipt of the court order, or a maximum time limit of 14 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(a) of this section, subject to the limitations under subsection (9) of this section.

(b) A maximum time limit of 14 days as measured from the department's receipt of the court order, or a maximum time limit of 21 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(b) of this section, subject to the limitations under subsection (9) of this section.

(3) The legislature recognizes that these targets may not be achievable in all cases, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy and quality of competency services.

(4) It shall be a defense to an allegation that the department has exceeded the maximum time limits for completion of competency services described in subsection (2) of this section if the department can demonstrate by a preponderance of the evidence that the reason for exceeding the maximum time limits was outside of the department's control including, but not limited to, the following circumstances:

(a) Despite a timely request, the department has not received necessary medical information regarding the current medical status of a defendant;

(b) The individual circumstances of the defendant make accurate completion of an evaluation of competency to stand trial dependent upon review of mental health, substance use disorder, or medical history information which is in the custody of a third party and cannot be immediately obtained by the department, provided that completion shall not be postponed for procurement of information which is merely supplementary;

(c) Additional time is needed for the defendant to no longer show active signs and symptoms of impairment related to substance use so that an accurate evaluation may be completed;

(d) The defendant is medically unavailable for competency evaluation or admission to a facility for competency restoration;

(e) Completion of the referral requires additional time to accommodate the availability or participation of counsel, court personnel, interpreters, or the defendant;

(f) The defendant asserts legal rights that result in a delay in the provision of competency services; or

(g) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(5) The department shall provide written notice to the court when it will not be able to meet the maximum time limits under subsection (2) of this section and identify the reasons for the delay and provide a reasonable estimate of the time necessary to complete the competency service. Good cause for an extension for the additional time estimated by the department shall be presumed absent a written response from the court or a party received by the department within seven days.

(6) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(7) Following any quarter in which a state hospital has failed to meet one or more of the performance targets or maximum time limits under subsection (1) or (2) of this section, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report shall be made publicly available. An average may be used to determine timeliness under this subsection.

(8) The department shall report annually to the legislature and the executive on the timeliness of services related to competency to stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(9) This section does not create any new entitlement or cause of action related to the timeliness of competency to stand trial services, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges.

**Sec. 5.** RCW 10.77.074 and 2019 c 326 s 2 are each amended to read as follows:

(1) Subject to the limitations described in subsection (2) of this section, a court may appoint an impartial forensic navigator employed by or contracted by the department to assist individuals who have been referred for competency evaluation and shall appoint a forensic navigator in circumstances described under section 9 of this act.

(2) A forensic navigator must assist the individual to access services related to diversion and community outpatient competency restoration. The forensic navigator must assist the individual, prosecuting attorney, defense attorney, and the court to understand the options available to the individual and be accountable as an officer of the court for faithful execution of the responsibilities outlined in this section.

(3) The duties of the forensic navigator include, but are not limited to, the following:

(a) To collect relevant information about the individual, including behavioral health services and supports available to the individual that might support placement in outpatient restoration, diversion, or some combination of these;

(b) To meet with, interview, and observe the individual;

(c) To assess the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW;

(d) To present information to the court in order to assist the court in understanding the treatment options available to the individual to support the entry of orders for diversion from the forensic mental health system or for community outpatient competency restoration, ~~((and))~~ to facilitate that transition; ~~((and~~

~~(d))~~ (e) To provide regular updates to the court and parties of the status of the individual's participation in diversion services and be responsive to inquiries by the parties about treatment status;

(f) When the individual is ordered to receive community outpatient restoration, to provide services to the individual including:

(i) Assisting the individual with attending appointments and classes relating to outpatient competency restoration;

(ii) Coordinating access to housing for the individual;

(iv) Providing information to the court concerning the individual's progress and compliance with court-ordered conditions of release, which may include appearing at court hearings to provide information to the court;

(v) Coordinating the individual's access to community case management services and mental health services;

(vi) Assisting the individual with obtaining prescribed medication and encouraging adherence with prescribed medication;

(vii) Assessing the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW and coordinating the initiation of an assisted

outpatient treatment order if appropriate as part of a diversion program plan;

(viii) Planning for a coordinated transition of the individual to a case manager in the community behavioral health system;

((viii))(ix) Attempting to follow-up with the individual to check whether the meeting with a community-based case manager took place;

((ix))(x) When the individual is a high utilizer, attempting to connect the individual with high utilizer services; and

((x))(xi) Attempting to check up on the individual at least once per month for up to sixty days after coordinated transition to community behavioral health services, without duplicating the services of the community-based case manager;

(g) If the individual is an American Indian or Alaska Native who receives medical, behavioral health, housing, or other supportive services from a tribe within this state, to notify and coordinate with the tribe and Indian health care provider. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible.

(4) Forensic navigators may submit ((nonclinical)) recommendations to the court regarding treatment and restoration options for the individual, which the court may consider and weigh in conjunction with the recommendations of all of the parties.

(5) Forensic navigators shall be deemed officers of the court for the purpose of immunity from civil liability.

(6) The signed order for competency evaluation from the court shall serve as authority for the forensic navigator to be given access to all records held by a behavioral health, educational, or law enforcement agency or a correctional facility that relates to an individual. Information that is protected by state or federal law, including health information, shall not be entered into the court record without the consent of the individual or their defense attorney.

(7) Admissions made by the individual in the course of receiving services from the forensic navigator may not be used against the individual in the prosecution's case in chief.

(8) A court may not issue an order appointing a forensic navigator unless the department certifies that there is adequate forensic navigator capacity to provide these services at the time the order is issued.

**Sec. 6.** RCW 10.77.084 and 2016 sp.s. c 29 s 410 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious

traffic offense, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year.

(b) The court may order a defendant who has been found to be incompetent to undergo competency restoration treatment at a facility designated by the department if the defendant is eligible under RCW 10.77.086 or 10.77.088. At the end of each competency restoration period or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing, except that if the opinion of the professional person is that the defendant remains incompetent and the hearing is held before the expiration of the current competency restoration period, the parties may agree to waive the defendant's presence, to remote participation by the defendant at a hearing, or to presentation of an agreed order in lieu of a hearing. The facility shall promptly notify the court and all parties of the date on which the competency restoration period commences and expires so that a timely hearing date may be scheduled.

(c) The court's order for inpatient restoration, shall specify whether the department has the authority to change the defendant's placement to a step-down facility or outpatient competency restoration program if the department determines that such placement is clinically appropriate given the defendant's progress in restoration services.

(d) If, following notice and hearing or entry of an agreed order under (b) of this subsection, the court finds that competency has been restored, the court shall lift the stay entered under (a) of this subsection. If the court finds that competency has not been restored, the court shall dismiss the proceedings without prejudice, except that the court may order a further period of competency restoration treatment if it finds that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

((d))(e) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings without prejudice and refer the defendant for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(f) Beginning October 1, 2023, if the court issues an order directing revocation of the defendant's driver's license under (a) of this subsection, and the court subsequently finds that the defendant's competency has been restored, the court shall order the clerk to transmit an order to the department of licensing for reinstatement of the defendant's driver's license. The court may direct the clerk to transmit an order reinstating the defendant's driver's license before the end of one year for good cause upon the petition of the defendant.

(2) If the defendant is referred for evaluation by a designated crisis responder under this chapter, the designated crisis responder shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

**Sec. 7.** RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

(1) If the defendant is charged with a felony that is not a qualifying class C felony, and that defendant is determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(2)(a) If the defendant is charged with a qualifying class C felony as their highest charge and determined to be incompetent, and the court finds that there is a diversion program as recommended by a forensic navigator, the court shall dismiss the proceedings without prejudice and refer the defendant to the recommended diversion program, except that if the court has previously determined that a diversion program under section 9 of this act is not appropriate, the forensic navigator does not recommend diversion, or the prosecutor objects to the dismissal and provides notice of a motion for an order for competency

restoration treatment, then the court shall schedule a hearing within seven days.

(b)(i) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, and any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under RCW 10.77.092. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with (c) of this subsection.

(ii) If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that the state's compelling interest has been satisfied. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious traffic offense, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year. The court shall direct the clerk to transmit an order to the department of licensing reinstating the defendant's driver's license if the defendant is subsequently restored to competency and may do so at any time before the end of one year for good cause upon the petition of the defendant.

(c) If a court finds pursuant to (b) of this subsection that there is a compelling state interest in pursuing competency restoration treatment or the court has previously determined that a diversion program under section 9 of this act is not appropriate for the defendant, the court shall order the defendant to receive outpatient competency restoration consistent with the recommendation of the forensic navigator, unless the court finds that an order for outpatient competency restoration is inappropriate considering the health and safety of the defendant and risks to public safety. If the court does not order the defendant to receive outpatient competency restoration, the court shall commit the defendant to the department for placement in a facility operated or contracted by the department for inpatient competency restoration.

(3)(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

- (i) Adhere to medications or receive prescribed intramuscular medication;
- (ii) Abstain from alcohol and unprescribed drugs; and
- (iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or

authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the ~~((department))~~ authority certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

~~((2))~~(4)(a) For a defendant whose highest charge is a class C felony that is not a qualifying class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

~~((3))~~(b) For a defendant whose highest charge is a qualifying class C felony, the maximum time allowed for competency restoration is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration. The court may order any combination of inpatient and outpatient competency restoration under this subsection, but the total period of inpatient competency restoration may not exceed 45 days.

(c) For any defendant with a felony charge that is admitted for competency restoration with an accompanying court order for involuntary medication under RCW 10.77.092, and the defendant is found not competent to stand trial following that period of restoration, charges shall be dismissed pursuant to subsection (7) of this section.

(5) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection ~~((4))~~(7) of this section.

~~((4))~~(6) For a defendant charged with a felony that is not a qualifying class

C felony, on or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant's incompetence has been determined by the secretary to be solely the result of ((a))an intellectual or developmental disability, dementia, or traumatic brain injury which is such that competence is not reasonably likely to be regained during an extension.

~~((5))~~ (7) At the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection (4) or (6) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ~~((a state hospital))~~ the department for placement in a facility operated or contracted by the department for up to 120 hours, upon department receipt of the court order, if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services, and up to 72 hours, upon department receipt of the court order, if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. However, for a defendant charged with a felony that is not a qualifying class C felony, the court shall not dismiss the charges if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

~~((6))~~ (8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

(9) "Qualifying class C felony" means any class C felony offense except: (a) Assault in the third degree where bodily harm has occurred; (b) felony physical control of a vehicle under RCW 46.61.504(6); (c) felony hit and run resulting in injury under RCW 46.52.020(4)(b); and (d) any class C felony offense with a domestic violence designation.

**Sec. 8.** RCW 10.77.088 and 2022 c 288 s 5 are each amended to read as follows:

(1) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, then the court:

(a) Shall dismiss the proceedings without prejudice and detain the defendant ~~((for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW))~~ pursuant to subsection (5) of this section, unless the prosecutor objects to the dismissal and provides notice of a motion for an order for competency restoration treatment, in which case the court shall schedule a hearing within seven days.

(b) (i) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under RCW 10.77.092. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with subsection (2) of this section.

(ii) If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that the state's compelling interest has been satisfied. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year. The court shall direct the clerk to transmit an order to the department of licensing reinstating the defendant's driver's license if the defendant is subsequently restored to competency, and may do so at any time before the end of one year for good cause upon the petition of the defendant.

(2) (a) If a court finds pursuant to subsection (1) (b) of this section that there is a compelling state interest in pursuing competency restoration treatment, the court shall ~~((commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively))~~ order the defendant to receive outpatient competency restoration ~~((based on a~~

~~recommendation from a forensic navigator and input from the parties)) consistent with the recommendation of the forensic navigator, unless the court finds that an order for outpatient competency restoration is inappropriate considering the health and safety of the defendant and risks to public safety.~~

~~((a))~~ (b) To be eligible for an order for outpatient competency restoration, a defendant must be ~~((clinically appropriate and be))~~ willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

~~((b))~~ (c) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration under subsection (3) of this section.

~~((e))~~ (d) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

~~((d))~~ (e) If a defendant fails to comply with the restrictions of the outpatient competency restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under ~~((d))~~ (e) (i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a

placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipate release from treatment and issue appropriate orders.

~~((e))~~ (f) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(g) If the court does not order the defendant to receive outpatient competency restoration under (a) of this subsection, the court shall commit the defendant to the department for placement in a facility operated or contracted by the department for inpatient competency restoration.

(3) The placement under subsection (2) of this section shall not exceed 29 days if the defendant is ordered to receive inpatient competency restoration, and shall not exceed 90 days if the defendant is ordered to receive outpatient competency restoration. The court may order any combination of this subsection, but the total period of inpatient competency restoration may not exceed 29 days.

(4) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(5) (a) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of

dismissal, the court shall order the designated crisis responder within that county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(b) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The 120-hour or 72-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the 120-hour or 72-hour period.

(6) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092 and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least 24 hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

(7) If at any time the court dismisses charges under subsections (1) through (6) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the defendant is barred from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall state to the defendant and provide written notice that the defendant is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

**NEW SECTION. Sec. 9.** A new section is added to chapter 10.77 RCW to read as follows:

(1) In counties with a forensic navigator program, a forensic navigator shall:

(a) Meet, interview, and observe all defendants charged with a qualifying class C felony as defined in RCW 10.77.086(9) or a nonfelony who have had two or more competency evaluations in the preceding 24 months on separate charges or cause numbers and determine the defendants' willingness to engage with services under this section; and

(b) Provide a diversion program plan to the parties in each case that includes a recommendation for a diversion program to defense counsel and the prosecuting attorney. Services under a diversion program may include a referral for assisted outpatient treatment under chapter 71.05 RCW.

(2) If the parties agree on the diversion program recommended by the forensic navigator, the prosecutor shall request dismissal of the criminal charges.

(3) If the parties do not agree on the diversion program, the defense may move the court for an order dismissing the criminal charges without prejudice and referring the defendant to the services described in the diversion program. The court shall hold a hearing on this motion within 10 days. The court shall grant the defense motion if it finds by a preponderance of the evidence that the defendant is amenable to the services described in the diversion program and can safely receive services in the community.

(4) Individuals who receive a dismissal of charges and referral to services described in a diversion program shall have a forensic navigator assigned to assist them for up to six months while engaging in the services described in the diversion program. The forensic navigator shall provide monthly status updates to the court and the parties regarding the individual's status in the diversion program.

**Sec. 10.** RCW 10.77.092 and 2014 c 10 s 2 are each amended to read as follows:

(1) For purposes of determining whether a court may authorize involuntary medication for the purpose of competency restoration pursuant to RCW 10.77.084 and for maintaining the level of restoration in the jail following the restoration period, a pending charge involving any one or more of the following crimes is a serious offense per se in the context of competency restoration:

(a) Any violent offense, sex offense, (~~serious traffic offense~~) and most serious offense, as those terms are defined in RCW 9.94A.030;

(b) Any felony offense (~~(, except nonfelony counterfeiting offenses,)~~) included in crimes against persons in RCW 9.94A.411;

(c) Any felony offense contained in chapter 9.41 RCW (firearms and dangerous weapons);

(d) Any felony or gross misdemeanor offense listed as domestic violence in RCW 10.99.020;

(e) Any felony offense listed as a harassment offense in chapter 9A.46 RCW;

(f) Any violation of chapter 69.50 RCW that is a class B felony; (~~or~~)

(g) Any gross misdemeanor violation of RCW 46.61.502 or 46.61.504;

(h) Any gross misdemeanor offense with a sexual motivation allegation; or

(i) Any city or county ordinance or statute that is equivalent to an offense referenced in this subsection.

(2) Anytime the secretary seeks a court order authorizing the involuntary medication

for purposes of competency restoration pursuant to RCW 10.77.084, the secretary's petition must also seek authorization to continue involuntary medication for purposes of maintaining the level of restoration in the jail or juvenile detention facility following the restoration period.

(3)(a) In a particular case, a court may determine that a pending charge not otherwise defined as serious by state or federal law or by a city or county ordinance is, nevertheless, a serious offense within the context of competency restoration treatment when the conduct in the charged offense falls within the standards established in (b) of this subsection.

(b) To determine that the particular case is a serious offense within the context of competency restoration, the court must consider the following factors and determine that one or more of the following factors creates a situation in which the offense is serious:

(i) The charge includes an allegation that the defendant actually inflicted bodily or emotional harm on another person or that the defendant created a reasonable apprehension of bodily or emotional harm to another;

(ii) The extent of the impact of the alleged offense on the basic human need for security of the citizens within the jurisdiction;

(iii) The number and nature of related charges pending against the defendant;

(iv) The length of potential confinement if the defendant is convicted; and

(v) The number of potential and actual victims or persons impacted by the defendant's alleged acts.

**NEW SECTION. Sec. 11.** A new section is added to chapter 10.77 RCW to read as follows:

(1) When an individual has a prescription for an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the individual to treat a serious mental illness by a state hospital or other state facility or a behavioral health agency or other certified medical provider, and the individual is medically stable on the drug, a jail or juvenile detention facility shall continue prescribing the prescribed drug and may not require the substitution of a different drug in a given therapeutic class, except under the following circumstances:

(a) The substitution is for a generic version of a name brand drug and the generic version is chemically identical to the name brand drug; or

(b) The drug cannot be prescribed for reasons of drug recall or removal from the market, or medical evidence indicating no therapeutic effect of the drug.

(2) This section includes but is not limited to situations in which the individual returns to a jail or juvenile detention facility directly after undergoing treatment at a state hospital, behavioral health agency, outpatient competency restoration program, or prison.

(3) The department shall establish a program to reimburse jails and juvenile detention facilities for the costs of any

drugs the jail or juvenile detention facility does not otherwise have available and must continue prescribing under this section.

**NEW SECTION. Sec. 12.** A new section is added to chapter 10.77 RCW to read as follows:

(1) Following a competency evaluation under RCW 10.77.060, individuals who are found not competent to stand trial and not restorable due to an intellectual or developmental disability, dementia, or traumatic brain injury, shall not be referred for competency restoration services unless the highest current criminal charge is a violent offense or sex offense as defined in RCW 9.94A.030. A defendant with a prior finding under this subsection may only be referred for competency restoration services if the highest charge under the new proceedings is a violent offense or sex offense as defined in RCW 9.94A.030.

(2) The department shall develop a process for connecting individuals who have been found not competent to stand trial due to an intellectual or developmental disability, dementia, or traumatic brain injury to available wraparound services and residential supports. The process shall include provisions for individuals who are current clients of the department's developmental disabilities administration or aging and long-term support administration and for individuals who are not current clients of the department.

(a) For current clients of the developmental disabilities administration and aging and long-term support administration, the department's assigned case manager shall:

(i) Coordinate with the individual's services providers to determine if the individual can return to the same or like services, or determine appropriate new services. This shall include updating the individual's service plan and identifying and coordinating potential funding for any additional supports to stabilize the individual in any setting funded by the developmental disabilities administration or aging and long-term support administration so that the individual does not lose existing services, including submitting any exceptions to rule for additional services;

(ii) Conduct a current service eligibility assessment and send referral packets to service providers, both the developmental disabilities administration and aging and long-term support administration, for all services for which the individual is eligible if they do not have a current residential service and supports provider; and

(iii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a Trueblood class member, and assist the individual to access these services.

(b) For individuals who have not established eligibility for the department's residential and support services, the department shall:

(i) Conduct an eligibility determination for services of the developmental disabilities administration and aging and long-term support administration and send referral packets to residential service providers and both the developmental disabilities administration and aging and long-term support administration for all relevant services for which the individual is eligible. This process must include identifying and coordinating funding for any additional supports that are needed to stabilize the individual in any residential setting funded by the developmental disabilities administration or aging and long-term support administration, including pursuing any necessary exceptions to rule; and

(ii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a Trueblood class member, if additional specialized services are available to supplement diversion program services, and assist the individual to access these services.

(3) The department shall offer to transition the individual in services either directly from the jail or as soon thereafter as may be practicable, without maintaining the individual at an inpatient facility for longer than is clinically necessary. Nothing in this subsection prohibits the department from returning the individual to their home or to another less restrictive setting if such setting is appropriate, which may include provision of supportive services to help the person maintain stability. The individual is not required to accept developmental disabilities administration, aging and long-term support administration, or other diversionary services as a condition of having the individual's criminal case dismissed without prejudice, provided the individual meets the criteria of subsection (1) of this section.

(4) Subject to the availability of funds appropriated for this specific purpose, the department shall develop a program for individuals who have been involved with the criminal justice system and who have been found under RCW 10.77.084 as incompetent to stand trial and not restorable due to an intellectual or developmental disability, traumatic brain injury, or dementia and who do not meet criteria under other programs in this section. The program must involve wraparound services and housing supports appropriate to the needs of the individual. It is sufficient to meet the criteria for participation in this program if the individual has recently been the subject of criminal charges that were dismissed without prejudice and was found incompetent to stand trial due to an intellectual or developmental disability, traumatic brain injury, or dementia.

**NEW SECTION. Sec. 13.** Subject to the availability of funds appropriated for this specific purpose, the health care authority shall require the programs it contracts with to increase compensation for staff in outpatient competency restoration programs

to provide compensation at competitive levels to improve recruitment and allow for the full implementation of outpatient competency restoration programs.

**NEW SECTION. Sec. 14.** A new section is added to chapter 10.77 RCW to read as follows:

An outpatient competency restoration program must include access to a prescriber.

**NEW SECTION. Sec. 15.** A new section is added to chapter 10.77 RCW to read as follows:

Jails shall allow clinical intervention specialists to have access to individuals who are referred to receive services under this chapter and to all records relating to the health or conduct of the individual while incarcerated. Clinical intervention specialists shall support jail health services in providing direct services, enhanced oversight and monitoring of the behavioral health status of participating individuals. Clinical intervention specialists shall work collaboratively with jail health services to ensure appropriate prescriptions, medication compliance monitoring, and access to supportive behavioral health services to the individuals. Clinical intervention specialists shall coordinate with forensic navigators and the department to assist forensic navigators in making recommendations for appropriate placements, which may include recommendations for participation in an outpatient competency restoration program or a diversion program designed for the needs of the individual. The clinical intervention specialist shall notify the department if a participating individual appears to have stabilized in their behavioral health such that a new competency evaluation is appropriate to reassess the individual's need for competency restoration treatment.

**NEW SECTION. Sec. 16.** A new section is added to chapter 10.77 RCW to read as follows:

The department shall collect data so that information can be retrieved based on unique individuals, their complete Washington criminal history and referrals for forensic services.

**NEW SECTION. Sec. 17.** A new section is added to chapter 10.77 RCW to read as follows:

(1) The department shall coordinate with cities, counties, hospitals, and other public and private entities to identify locations that may be commissioned or renovated for use in treating clients committed to the department for competency evaluation, competency restoration, civil conversion, or treatment following acquittal by reason of insanity.

(2) The department may provide capital grants to entities to accomplish the purposes described in subsection (1) of this section subject to provision of funding provided for this specific purpose.

NEW SECTION. **Sec. 18.** Sections 6 through 8 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

NEW SECTION. **Sec. 19.** Section 12 of this act takes effect December 1, 2023."

ESSB 5528 Prime Sponsor, Labor & Commerce: Concerning retainage requirements for

private construction projects. Reported by Committee on Labor & Workplace Standards

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) An owner, contractor, or subcontractor may withhold as retainage an amount equal to not more than five percent of the contract price of the work completed for private construction projects. Partial payment allowed under this subsection is not acceptance or approval of some of the work or a waiver of defects in the work.

(2) The owner, contractor, or subcontractor shall pay interest at the rate of one percent per month on the final payment due the contractor or subcontractor. The interest shall commence 30 days after the contractor or subcontractor has completed and the owner has accepted the work under the contract for construction for which the final payment is due. The interest shall run until the date when final payment is tendered to the contractor or subcontractor.

(3) When the contractor or subcontractor considers the work that the contractor or subcontractor is contracted to perform to be complete, the contractor or subcontractor shall notify the party to whom the contractor or subcontractor is responsible for performing the construction work under the contract.

(4) The party shall, within 15 days after receiving the notice, either accept the work or notify the contractor or subcontractor of work yet to be performed under the contract or subcontract. If the party does not accept the work or does not notify the contractor or subcontractor of work yet to be performed within the time allowed, the interest required under this subsection shall commence 30 days after the end of the 15-day period. A contractor may provide notice under this subsection to an owner or upper-tier contractor for release of retainage due to a subcontractor whose work is complete. If an owner or upper-tier contractor does not accept the subcontractor's work or does not notify the contractor of work yet to be performed by the subcontractor within 15 days after receiving the notice, the interest required under this section shall commence 30 days after the end of the 15-day period. A contractor's obligation to pay interest to a subcontractor under this section does not begin until the contractor has received payment for the subcontractor's retainage provided that the contractor has submitted the subcontractor's retainage request to the owner or upper-tier contractor within 30 days after receipt from the subcontractor.

(5) This section does not apply to single-family residential construction less than 12 units.

NEW SECTION. **Sec. 2.** (1) In lieu of retainage, a subcontractor or contractor may tender, and a contractor or owner must

accept, a retainage bond in an amount not to exceed five percent of the moneys earned by the subcontractor or contractor.

(2) A subcontractor or contractor must provide a good and sufficient bond from an authorized surety company, conditioned that such person or persons must:

(a) Faithfully perform all the provisions of such contract;

(b) Pay all laborers, mechanics, and subcontractors and material suppliers, and all persons who supply such person or persons, or subcontractors, with provisions and supplies for the carrying on of such work; and

(c) Pay the taxes, increases, and penalties incurred on the project.

(3) The contractor or owner may require that the authorized surety have a minimum A.M. Best financial strength rating so long as that minimum rating does not exceed A-. The contractor may withhold the subcontractor's portion of the bond premium, to the extent the contractor provides a retainage bond to obtain a release of the subcontractor's retainage.

(4) The contractor or owner must accept a bond meeting the requirements of this section. The subcontractor or contractor's bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in the contract and other applicable provisions.

(5) Whenever an owner accepts a bond in lieu of retained funds from a contractor, the contractor must accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor must then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within 30 days of accepting the bond from the subcontractor or supplier.

(6) This section does not apply to single-family residential construction less than 12 units.

**NEW SECTION. Sec. 3.** Sections 1 and 2 of this act only apply to private construction projects and do not apply to public improvement contracts, as defined in RCW 60.28.011.

**NEW SECTION. Sec. 4.** Sections 1 through 3 of this act constitute a new chapter in Title 60 RCW."

(2) The legislature therefore declares:

(a) The Washington state cannabis commission may be established to benefit the people of the state of Washington and its economy;

(b) The general welfare of the people of the state will be served by the research and development of best practices surrounding safe cultivation and processing activities of cannabis so the industry is therefore affected with the public interest;

(2) The superintendent of public instruction shall:

To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the state learning standards; and

(b) Review and prioritize the state learning standards and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the statewide student assessment and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are

acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its website any grade level content expectations provided to an assessment vendor for use in constructing the statewide student assessment.

(3)(a) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the state learning standards identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(b) Effective with the 2009 administration of the Washington assessment of student learning and continuing with the statewide student assessment, the superintendent shall redesign the assessment in the content areas of reading, mathematics, and science in all grades except high school by shortening test administration and reducing the number of short answer and extended response questions.

(c) By the 2014-15 school year, the superintendent of public instruction, in consultation with the state board of education, shall modify the statewide student assessment system to transition to assessments developed with a multistate consortium, as provided in this subsection:

(i) The assessments developed with a multistate consortium to assess student proficiency in English language arts and mathematics shall be administered beginning in the 2014-15 school year, and beginning with the graduating class of 2020, the assessments must be administered to students in the tenth grade. The reading and writing assessments shall not be administered by the superintendent of public instruction or schools after the 2013-14 school year.

(ii) The high school assessments in English language arts and mathematics in (c) (i) of this subsection shall be used for the purposes of federal and state accountability and for assessing student career and college readiness.

(d) The statewide academic assessment system must also include the Washington access to instruction and measurement assessment for students with significant cognitive challenges.

(4) If the superintendent proposes any modification to the state learning standards or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the state learning standards before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the state learning standards at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. (9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the state learning standards and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the state learning standards, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall review available and appropriate options for competency-based assessments that meet the state learning standards. In accordance with the review required by this subsection, the superintendent shall provide a report and recommendations to the education committees of the house of representatives and the senate by November 1, 2019.

(12) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(13) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(iii) The process and timeline that the superintendent intends to follow for the development or revision.

(b) The state board of education may provide a response to the superintendent's notification for consideration in the development or revision process in (a) of this subsection.

(c) Prior to adoption by the superintendent of any new or revised state learning standards, the superintendent shall submit the proposed new or revised state learning standards to the state board of education in advance in writing for review at a regularly scheduled or special board meeting. The state board of education may provide a response to the superintendent's proposal for consideration prior to final adoption.

**SECOND SUPPLEMENTAL REPORT OF STANDING COMMITTEES**

March 29, 2023

SB 5000

Prime Sponsor, Senator Wagoner: Recognizing contributions of Americans of Chinese descent. Reported by Committee on State Government & Tribal Relations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature intends to designate a time of year to formally remember and recognize the contributions of Chinese Americans and finds that January of each year is a relevant and appropriate time for such recognition. The legislature finds that the California gold rush began on January 24, 1848, which brought thousands of people to the area, approximately 30 percent of whom were Chinese immigrants. With the immigration to the west as a result of the gold rush, Washington became home to many Chinese immigrants. Chinese immigrants contributed greatly to Washington's economy as miners and workers in the salmon canning industry. The Chinese population in Washington also grew when construction of the Northern Pacific Railroad transcontinental line began in 1871, which ran from Wisconsin and Minnesota to Washington and Oregon, as many laborers who were recruited to work on the railroad were Chinese.

The legislature also finds that designating January of each year as a time to recognize the contributions of Chinese Americans is relevant in acknowledging the contributions of notable early Chinese settlers. Goon Dip was well known as a visionary, philanthropist, and entrepreneur, and is said to be the most influential Chinese immigrant in the Pacific Coast during the early 20th century. Goon Dip created a garment industry in Portland, Oregon where he taught Chinese men who were disabled and unable to perform manual labor how to sew. Goon Dip later expanded his business ventures to Seattle when in January 1909, the Chinese government appointed him as honorary consul for the Alaska-Yukon-Pacific Exposition, Washington's first world's fair, held in Seattle. Anticipating

large crowds for the fair, Goon Dip built the Milwaukee Hotel at 662 King Street, which would house hundreds of tourists. Goon Dip was also influential in persuading Chinese businessmen to move Chinatown away from the Elliott Bay tidelands to the area around the new King Street Station at 2nd Avenue and Jackson Street. After his role as honorary consul during the Alaska-Yukon-Pacific Exposition, Goon Dip was named permanent consul and served under both the Manchu dynasty and the Kuomintang. Goon Dip died on September 12, 1933, at the Milwaukee Hotel and is buried in the family plot in Lake View cemetery in Seattle. January is also the birth month of notable contemporary Chinese Americans in the state, including Gary Locke, who graduated from Seattle's Franklin High School and was the first Chinese American elected as Governor in the continental United States, the first Chinese American Secretary of Commerce, and the first Chinese American ambassador to China.

The legislature finds that these and other contributions to the state's rich history and economy by Chinese Americans is worthy of recognition and celebration. The legislature further finds that teaching this history in schools will help to commemorate the important achievements of Chinese Americans.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.117 RCW to read as follows:

(1) With the rise of economic opportunity in America and other parts of the world in the 19th century, the Chinese diaspora is now one of the largest in the world. As a result, many of those who are, or whose ancestors were, part of the Chinese diaspora have varied perspectives, experiences, and approaches in how they preserve their identity as Chinese Americans and Americans of Chinese descent.

(2) January of each year will be designated as a time for people of this state to commemorate the contributions of Chinese Americans and Americans of Chinese descent to the history and heritage of Washington state and shall be designated as Chinese American/Americans of Chinese descent history month.

(3) Public schools are encouraged to designate time in January for appropriate activities in commemoration of the lives, history, achievements, and contributions of Chinese Americans and Americans of Chinese descent."

Correct the title.

(iii) Resulted in one or more violent acts, threats, or attempts to cause serious physical harm to the person or another within the 48 months prior to the filing of the petition, provided that the 48-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred during the 48-month period;

(c) The declarations of additional witnesses, if any, supporting the petition for assisted outpatient treatment;

(g) If the respondent has refused to be examined by a qualified professional and the court finds reasonable grounds to believe that the allegations of the petition are true, the court may issue a written order directing a peace officer who has completed crisis intervention training to detain and transport the respondent to a provider for examination by a qualified professional. A respondent detained pursuant to this subsection shall be detained no longer than necessary to complete the examination and in no event longer than 24 hours.

(7) If the petition involves a person whom the petitioner or behavioral health administrative services organization knows, or has reason to know, is an American Indian or Alaska Native who receives medical or behavioral health services from a tribe within this state, the behavioral health administrative services organization shall notify the tribe and Indian health care provider. **Sec. 2.** RCW 71.05.365 and 2022 c 210 s 19 are each amended to read as follows:

When a person has been involuntarily committed for treatment to a hospital for a period of 90 or 180 days, and the superintendent or professional person in charge of the hospital determines that the person no longer requires active psychiatric treatment at an inpatient level of care, the behavioral health administrative services organization, managed care organization, or agency providing oversight of long-term care or developmental disability services that is responsible for resource management services for the person must work with the hospital to develop an individualized discharge plan ~~((, including whether a petition should be filed for less restrictive alternative treatment on the basis that the person is in need of assisted outpatient treatment,))~~ and arrange for a transition to the community in accordance with the person's individualized discharge plan within 14 days of the determination.

**Sec. 3.** RCW 71.05.590 and 2022 c 210 s 23 are each amended to read as follows:

(1) ~~((Either an))~~ An agency or facility designated to monitor or provide less restrictive alternative treatment services under a ~~((less restrictive alternative))~~ court order or conditional release, or a designated crisis responder, may take action to enforce, modify, or revoke ~~((a))~~ the less restrictive alternative treatment order or conditional release ~~((order. The))~~ if the agency, facility, or designated crisis responder ~~((must determine))~~ determines that:

(a) The person is failing to adhere to the terms and conditions of the order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to

the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be directed to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the entity requesting the hearing and issue an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To detain the person for up to 12 hours for evaluation at an agency, facility providing services under the court order, triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility with adequate space, or an approved substance use disorder treatment program with available space. The purpose of the evaluation is to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when, based on clinical judgment, temporary detention is appropriate. The agency, facility, or designated crisis responder may request assistance from a peace officer for the purposes of temporary detention under this subsection (2)(d). This subsection does not limit the ability or obligation of the agency, facility, or designated crisis responder to pursue revocation procedures under subsection (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (5) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient

treatment except as provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(5)(a) A designated crisis responder or the secretary of the department of social and health services may, upon their own motion or upon request of the facility or agency designated to provide outpatient care, cause a person to be detained in an evaluation and treatment facility, available secure withdrawal management and stabilization facility with adequate space, or available approved substance use disorder treatment program with adequate space in or near the county in which he or she is receiving outpatient treatment for the purpose of a hearing for revocation of a less restrictive alternative treatment order or conditional release order under this chapter. The designated crisis responder or secretary of the department of social and health services shall file a petition for revocation within 24 hours and serve the person, their guardian, if any, and their attorney. A hearing for revocation of a less restrictive alternative treatment order or conditional release order may be scheduled without detention of the person.

(b) A person detained under this subsection (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the order for less restrictive alternative treatment or conditional release should be revoked, modified, or retained. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may withdraw its petition for revocation at any time before the court hearing.

(c) A person detained under this subsection (5) has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the order or conditional release; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm;

and, if any of the above conditions apply, whether it is appropriate for the court to reinstate or modify the person's less restrictive alternative treatment order or conditional release (~~(order)~~) or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment order or conditional release (~~(order)~~) was based on a petition under RCW 71.05.148, 71.05.160, or 71.05.230. The person must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.05.320 or the person accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release (~~(order)~~) was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the order must be converted to days of inpatient treatment. A court may not detain a person for inpatient treatment to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program under this subsection unless there is a facility or program available with adequate space for the person.

(6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

**Sec. 4.** RCW 71.05.590 and 2022 c 210 s 24 are each amended to read as follows:

(1) (~~Either an~~) An agency or facility designated to monitor or provide less restrictive alternative treatment services under a (~~less restrictive alternative~~) court order or conditional release, or a designated crisis responder, may take action to enforce, modify, or revoke ((a)) the less restrictive alternative treatment order or conditional release (~~(order. The)~~) if the agency, facility, or designated crisis responder (~~must determine~~) determines that:

(a) The person is failing to adhere to the terms and conditions of the order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public

(c) To request a court hearing for review and modification of the court order. The request must be directed to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist (~~(the)~~) the entity requesting the hearing and issue an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To detain the person for up to 12 hours for evaluation at an agency, facility providing services under the court order, triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program. This subsection does not limit the ability or obligation of the agency, facility, or designated crisis responder to pursue revocation procedures under subsection (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (5) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as provided under subsection (5) of this section, but may take

actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(5)(a) A designated crisis responder or the secretary of the department of social and health services may, upon their own motion or upon request of the facility or agency designated to provide outpatient care, cause a person to be detained in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program in or near the county in which he or she is receiving outpatient treatment for the purpose of a hearing for revocation of a less restrictive alternative treatment order or conditional release ((~~order~~)) under this chapter. The designated crisis responder or secretary of the department of social and health services shall file a petition for revocation within 24 hours and serve the person, their guardian, if any, and their attorney. A hearing for revocation of a less restrictive alternative treatment order or conditional release ((~~order~~)) may be scheduled without detention of the person.

(b) A person detained under this subsection (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the order for less restrictive alternative treatment or conditional release should be revoked, modified, or retained. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may withdraw its petition for revocation at any time before the court hearing.

(c) A person detained under this subsection (5) has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the order or conditional release; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether it is appropriate for the court to reinstate or modify the person's less

restrictive alternative treatment order or conditional release ((~~order~~)) or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment order or conditional release ((~~order~~)) was based on a petition under RCW 71.05.148, 71.05.160, or 71.05.230. The person must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.05.320 or the person accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release ((~~order~~)) was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the order must be converted to days of inpatient treatment.

(6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

(7) If the ~~((hearing))~~ petition is ~~((for commitment))~~ for mental health treatment, the court at the time of the ~~((commitment))~~ hearing and before an order ~~((of commitment))~~ making findings is entered shall inform the minor both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.34.730 will result in the loss of his or her firearm rights if the minor is subsequently ~~((detained for))~~ ordered to receive involuntary treatment under this section.

(8) If the minor has received medication within ~~((twenty-four))~~ 24 hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(9) For a ~~((fourteen-day))~~ 14-day commitment, the court must find by a preponderance of the evidence that:

(a) The minor has a behavioral health disorder and presents a likelihood of serious harm or is gravely disabled;

(b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program to which continued inpatient care is sought or is in need of less restrictive alternative

treatment found to be in the best interests of the minor or others;

(c) The minor is unwilling or unable in good faith to consent to voluntary treatment; and

(d) If commitment is for a substance use disorder, there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the minor.

(10) ~~(a)~~ If the court finds that the minor meets the criteria for a ~~((fourteen-day))~~ 14-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. If the court determines that the minor does not meet the criteria for a ~~((fourteen-day))~~ 14-day commitment, the minor shall be released.

(b) If the court finds by clear, cogent, and convincing evidence that the minor is in need of assisted outpatient treatment pursuant to a petition filed under RCW 71.34.815, the court shall order an appropriate less restrictive course of treatment for up to 18 months.

(11) (a) Nothing in this section prohibits the professional person in charge of the facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. The release may be subject to reasonable conditions if appropriate.

(b) Whenever a minor is released under this section, the professional person in charge shall within three days, notify the court in writing of the release.

(12) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for ~~((one hundred eighty-day))~~ 180-day commitment is pending before the court.

**Sec. 8.** RCW 71.34.740 and 2020 c 302 s 93 are each amended to read as follows:

(1) A ~~((commitment))~~ hearing shall be held within ~~((one hundred twenty))~~ 120 hours of the minor's admission, excluding Saturday, Sunday, and holidays, or if the hearing is held on a petition filed under RCW 71.34.815, the hearing shall be held at a time scheduled under that section, unless a continuance is ordered under RCW 71.34.735.

(3) At the ~~((commitment))~~ hearing, the evidence in support of the petition shall be presented by the county prosecutor.

(4) The minor shall be present at the ~~((commitment))~~ hearing unless the minor, with the assistance of the minor's attorney, waives the right to be present at the hearing.

(5) If the parents are opposed to the petition, they may be represented at the hearing and shall be entitled to court-appointed counsel if they are indigent.

(6) At the ~~((commitment))~~ hearing, the minor shall have the following rights:

(a) To be represented by an attorney;  
 (b) To present evidence on his or her own behalf;

(7) If the ~~((hearing))~~ petition is for ~~((commitment for))~~ mental health treatment, the court at the time of the ~~((commitment))~~ hearing and before an order ~~((of commitment))~~ making findings is entered shall inform the minor both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.34.730 will result in the loss of his or her firearm rights if the minor is subsequently ~~((detained for))~~ ordered to receive involuntary treatment under this section.

(8) If the minor has received medication within ~~((twenty-four))~~ 24 hours of the hearing, the court shall be informed of that fact and of the probable effects of the medication.

(9) For a ~~((fourteen-day))~~ 14-day commitment, the court must find by a preponderance of the evidence that:

(a) The minor has a behavioral health disorder and presents a likelihood of serious harm or is gravely disabled;

(b) The minor is in need of evaluation and treatment of the type provided by the inpatient evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program to which continued inpatient care is sought or is in need of less restrictive alternative treatment found to be in the best interests of the minor or others; and

(c) The minor is unwilling or unable in good faith to consent to voluntary treatment.

(10) (a) If the court finds that the minor meets the criteria for a ~~((fourteen-day))~~ 14-day commitment, the court shall either authorize commitment of the minor for inpatient treatment or for less restrictive alternative treatment upon such conditions as are necessary. (11) (a) Nothing in this section prohibits the professional person in charge of the facility from releasing the minor at any time, when, in the opinion of the professional person in charge of the facility, further inpatient treatment is no longer necessary. (12) A minor who has been committed for fourteen days shall be released at the end of that period unless a petition for ~~((one hundred eighty-day))~~ 180-day commitment is pending before the court.

**Sec. 9.** RCW 71.34.780 and 2020 c 302 s 97 are each amended to read as follows:

(1) An agency or facility designated to monitor or provide less restrictive alternative treatment services to a minor under a court order or conditional release may take a range of actions to enforce the terms of the order or conditional release in the event the minor is not adhering to the terms or is experiencing substantial deterioration, decompensation, or a likelihood of serious harm. Such actions may include:

(a) Counseling the minor and offering incentives for compliance;

(b) Increasing the intensity of services;  
(c) Petitioning the court to review the minor's compliance and optionally modify the terms of the order or conditional release while the minor remains in outpatient treatment;

(d) To request assistance from a peace officer for temporarily detaining the minor for up to 12 hours for evaluation at a crisis stabilization unit, evaluation and treatment facility, secure withdrawal management and stabilization facility, facility providing services under a court order, or emergency department to determine if revocation or enforcement proceedings under this section are necessary and appropriate to stabilize the minor, if there has been a pattern of noncompliance or failure of reasonable attempts at outreach and engagement; or

(e) Initiation of revocation proceedings under subsection (2) of this section.

(2) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of ~~((the))~~ a court order for less restrictive alternative treatment or the conditions ~~((for the))~~ of a conditional release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor be taken into custody and transported to an inpatient evaluation and treatment facility, a secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program. A secure withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the minor must be available.

~~((2))~~ (3) (a) The designated crisis responder, director, or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The designated crisis responder or the director or secretary, as appropriate, may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(b) If the minor is involuntarily detained for revocation at an evaluation and treatment facility, secure withdrawal

management and stabilization facility, or approved substance use disorder treatment program in a different county from where the minor was initially detained, the facility or program may file the order of apprehension, serve it on the minor and notify the minor's parents and the minor's attorney at the request of the designated crisis responder.

~~((3))~~(4) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director, secretary, or facility, as appropriate, with the court in the county where the minor is detained. The court shall conduct the hearing in that county. A petition for revocation of conditional release must be filed in the county where the minor is detained. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or, subject to subsection ~~((4))~~(5) of this section, whether the ~~(minor)~~ court should ~~(be returned to)~~ order the minor's detention for inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be ~~(returned to)~~ detained for inpatient treatment. If the minor is ~~(returned to)~~ detained for inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor ~~(returned to)~~ detained for inpatient treatment or returned to less restrictive alternative treatment or conditional release on the same or modified conditions. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment order was based on a petition under RCW 71.34.740 or 71.34.815. The minor must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.34.750 or the minor accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release was based on a petition under RCW 71.34.750, the number of days remaining on the less restrictive alternative treatment order or conditional release must be converted to days of inpatient treatment.

~~((4))~~(5) A court may not order the ~~(return)~~ placement of a minor to inpatient treatment in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is a secure withdrawal

management and stabilization facility or approved substance use disorder treatment program available with adequate space for the minor.

**Sec. 10.** RCW 71.34.780 and 2020 c 302 s 98 are each amended to read as follows:

(1) An agency or facility designated to monitor or provide less restrictive alternative treatment services to a minor under a court order or conditional release may take a range of actions to enforce the terms of the order or conditional release in the event the minor is not adhering to the terms or is experiencing substantial deterioration, decompensation, or a likelihood of serious harm. (2) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of ~~(the)~~ a court order for less restrictive alternative treatment or the conditions ~~(for the)~~ of conditional release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor be taken into custody and transported to an inpatient evaluation and treatment facility, a secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program.

~~((2))~~(3)(a) The designated crisis responder, director, or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. (b) If the minor is involuntarily detained for revocation at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program in a different county from where the minor was initially detained, the facility or program may file the order of apprehension, serve it on the minor and notify the minor's parents and the minor's attorney at the request of the designated crisis responder.

~~((3))~~(4) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director, secretary, or facility, as appropriate, with the court in the county where the minor is detained. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the ~~(minor)~~court should ~~((be returned to))~~order the minor's detention for inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be ~~((returned to))~~detained for inpatient treatment. If the minor is ~~((returned to))~~detained for inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor ~~((returned to))~~detained for inpatient treatment or returned to less restrictive alternative treatment or conditional release on the same or modified conditions. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment order was based on a petition under RCW 71.34.740 or 71.34.815. The minor must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.34.750 or the minor accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release was based on a petition under RCW 71.34.750, the number of days remaining on the less restrictive alternative treatment order or conditional release must be converted to days of inpatient treatment.

**Sec. 11.** RCW 71.34.815 and 2022 c 210 s 4 are each amended to read as follows:

(i) The adolescent is unlikely to survive safely in the community without supervision and the adolescent's condition is substantially deteriorating; or

(c) The adolescent has a history of lack of compliance with treatment for his or her behavioral health disorder that has:

(i) At least twice within the 36 months prior to the filing of the petition been a significant factor in necessitating hospitalization of the adolescent, or the adolescent's receipt of services in a forensic or other mental health unit of a state ~~((correctional))~~juvenile rehabilitation facility or local ~~((correctional))~~juvenile detention facility, provided that the 36-month period shall be extended by the length of any hospitalization or incarceration of the adolescent that occurred within the 36-month period;

(iii) Resulted in one or more violent acts, threats, or attempts to cause serious physical harm to the adolescent or another within the 48 months prior to the filing of the petition, provided that the 48-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred during the 48-month period;

(d) Participation in an assisted outpatient treatment program would be the least restrictive alternative necessary to ensure the adolescent's recovery and stability; and

(e) The adolescent will benefit from assisted outpatient treatment.

An adolescent detained pursuant to this subsection shall be detained no longer than necessary to complete the examination and in no event longer than 24 hours. **ESSB 5152** Prime Sponsor, State Government & Elections: Defining synthetic media in campaigns for elective office, and providing relief for candidates and campaigns. Reported by Committee on State Government & Tribal Relations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The definitions used in chapter 42.17A RCW apply throughout this chapter unless the context clearly requires otherwise.

**NEW SECTION. Sec. 2.** (1) For purposes of this section "synthetic media" means an image, an audio recording, or a video recording of an individual's appearance, speech, or conduct that has been intentionally manipulated with the use of generative adversarial network techniques or other digital technology in a manner to create a realistic but false image, audio, or video that produces:

(a) A depiction that to a reasonable individual is of a real individual in appearance, action, or speech that did not actually occur in reality; and

(b) A fundamentally different understanding or impression of the appearance, action, or speech than a reasonable person would have from the unaltered, original version of the image, audio recording, or video recording.

(2) A candidate whose appearance, action, or speech is altered through the use of a synthetic media in an electioneering communication may seek injunctive or other equitable relief prohibiting the publication of such synthetic media.

(3) A candidate whose appearance, action, or speech is altered through the use of a synthetic media in an electioneering communication may bring an action for general or special damages against the sponsor. The court may also award a prevailing party reasonable attorneys' fees and costs. This subsection does not limit or preclude a plaintiff from securing or recovering any other available remedy.

(4) It is an affirmative defense for any action brought under this section that the electioneering communication containing a synthetic media includes a disclosure stating, "This (image/video/audio) has been manipulated," in the following manner:

(a) For visual media, the text of the disclosure must appear in size easily readable by the average viewer and no smaller than the largest font size of other text appearing in the visual media. If the visual media does not include any other text, the disclosure must appear in a size that is easily readable by the average viewer. For visual media that is a video, the disclosure must appear for the duration of the video; or

(b) If the media consists of audio only, the disclosure must be read in a clearly spoken manner and in a pitch that can be easily heard by the average listener, at the beginning of the audio, at the end of the audio, and, if the audio is greater than two minutes in length, interspersed within the audio at intervals of not more than two minutes each.

(5) In any action commenced under this section, the plaintiff bears the burden of establishing the use of synthetic media by clear and convincing evidence.

(6) An action under this section takes precedence over other cases, and must be speedily heard and determined.

**NEW SECTION. Sec. 3.** (1) For an action brought under section 2 of this act, the sponsor of the electioneering communication may be held liable, and not the medium disseminating the electioneering

communication except as provided in subsection (2) of this section.

(2) Except when a licensee, programmer, or operator of a federally licensed broadcasting station transmits an electioneering communication that is subject to 47 U.S.C. Sec. 315, a medium may be held liable in a cause of action brought under section 2 of this act if:

(a) The medium removes any disclosure described in section 2(4) of this act from the electioneering communication it disseminates; or

(b) Subject to affirmative defenses described in section 2 of this act, the medium changes the content of an electioneering communication such that it qualifies as synthetic media, as defined in section 2 of this act.

(3)(a) No provider or user of an interactive computer service shall be treated as the publisher or speaker of any information provided by another information content provider. However, an interactive computer service may be held liable in accordance with subsection (2) of this section.

(b) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(c) "Information content provider" means any person or entity that is responsible, in whole or in part, for the creation or development of information provided through the internet or any other interactive computer service.

NEW SECTION. **Sec. 4.** The public disclosure commission must adopt rules in furtherance of the purpose of this chapter. Nothing in this chapter constitutes a violation under chapter 42.17A RCW, or otherwise authorizes the public disclosure commission to take action under RCW 42.17A.755.

NEW SECTION. **Sec. 5.** Sections 1 through 4 of this act constitute a new chapter in Title 42 RCW.

NEW SECTION. **Sec. 6.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

(c) If the debtor fails to timely respond to the creditor's demand, or the creditor concludes in good faith on the basis of the debtor's response that the debtor is not

married or their spouse has not consented to combine exemptions, the creditor may seek a declaratory judgment pursuant to chapter 7.24 RCW, from the superior court of the county in which the debtor resides or from the court wherein the exemption claim is at issue, that the debtor is not legally entitled to claim a combined exemption. If the court finds a combined exemption was claimed in bad faith, the court may award costs and attorneys' fees to the creditor. If the court finds the creditor objected to the combined exemption or sought declaratory judgment in bad faith, the court may award costs and reasonable attorneys' fees to the debtor. A creditor shall not seek to execute, attach, garnish, or otherwise collect funds or property a debtor has claimed as subject to a specific combined exemption unless a court has issued a declaratory judgment that the debtor is not legally entitled to claim the combined exemption at issue.

(4)(a) Beginning April 2026, and each April on a three-year interval thereafter, the department of revenue must adjust the applicable amounts for the following three-year interval by multiplying the current applicable amounts by one plus the percentage by which the most current consumer price index available on January 31st of the year of such April exceeds the consumer price index for the prior three-year period, and rounding the result to the nearest \$25. If an adjustment under this subsection (4) would reduce the applicable amounts under this section, the department of revenue must not adjust the applicable amounts for use in the three-year interval. The creditor shall provide the debtor with a one-page form declaration for this purpose with its demand for evidence.

(c) If the debtor fails to timely respond to the creditor's demand, or the creditor concludes in good faith on the basis of the debtor's response that the debtor is not married or their spouse has not consented to combine exemptions, the creditor may seek a declaratory judgment pursuant to chapter 7.24 RCW, from the superior court of the county in which the debtor resides or from the court wherein the exemption claim is at issue, that the debtor is not legally entitled to claim a combined exemption. Any such assignment or charge is void unless the transfer is to a financial institution at the request of a worker or other beneficiary and made in accordance with RCW 51.32.045. Payments retain their exempt status even after issuance.

(2)(a) If any worker suffers (i) a permanent partial injury and dies from some other cause than the accident which produced the injury before he or she receives payment of the award for the permanent partial injury or (ii) any other injury before he or she receives payment of any monthly installment covering any period of time before his or her death, the amount of the permanent partial disability award or the monthly payment, or both, shall be paid to the surviving spouse or the child or children if there is no surviving spouse. If there is no surviving spouse and no child or children, the award or the amount of the monthly payment shall be paid by the department or self-insurer and distributed consistent with the terms of the decedent's will or, if the decedent dies intestate, consistent with the terms of RCW 11.04.015.

(b) If any prisoner is injured in the course of his or her employment while participating in a work or training release program authorized by chapter 72.65 RCW and is subject to the provisions of this title, he or she is entitled to payments under this title, subject to the requirements of chapter 72.65 RCW, unless his or her participation in the program has been canceled, or unless he or she is returned to a state correctional institution, as defined in RCW 72.65.010(3), as a result of revocation of parole or new sentence.

(c) If the confined worker has any beneficiaries during the confinement period during which benefits are canceled under (a) or (b) of this subsection, they shall be paid directly the monthly benefits which would have been paid to the worker for himself or herself and the worker's beneficiaries had the worker not been confined.

Sec. 5. RCW 6.27.140 and 2021 c 35 s 2 are each amended to read as follows:

(1) The notice required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

NOTICE OF GARNISHMENT  
AND OF YOUR RIGHTS

A Writ of Garnishment issued in a Washington court has been or will be served on the garnishee named in the attached copy of the writ. After receipt of the writ, the garnishee is required to withhold payment of any money that was due to you and to withhold any other property of yours that the garnishee held or controlled. This notice of your rights is required by law.

YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

WAGES. If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer's answer, which will show how the exempt amount was calculated. A garnishment against wages or other earnings for child support may not be issued under chapter 6.27 RCW. If the garnishment is for private student loan debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty-five percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or fifty times the minimum hourly wage of the highest minimum wage law in the state at the time the earnings are payable. If the garnishment is for consumer debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or thirty-five times the state minimum hourly wage.

BANK ACCOUNTS. If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans' benefits, unemployment compensation, or any federally qualified pension, such as a state or federal pension, individual retirement account (IRA), or 401K plan, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same

account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

OTHER EXEMPTIONS. If the garnishee holds other property of yours, some or all of it may be exempt under RCW 6.15.010, a Washington statute that exempts certain property of your choice (including, if the judgment is for private student loan debt, up to \$2,500.00 in a bank account ((if you owe on private student loan debts;)), or for a marital community or domestic partnership up to \$5,000.00 in a bank account; if the judgment is for other consumer debt, up to \$2,000.00 in a bank account ((if you owe on consumer debts; or)), or for a marital community or domestic partnership up to \$4,000.00 in a bank account; or, if the judgment is for any other debts, up to \$500.00 in a bank account ((for all other debts)), or for a marital community or domestic partnership up to \$1,000.00 in a bank account) and certain other property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).

HOW TO CLAIM EXEMPTIONS. Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(2) (a) If the writ is to garnish funds or property held by a financial institution, the claim form required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

ESB 5175 Prime Sponsor, Senator Wellman: Concerning written contracts between school boards and principals. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.405.210 and 2016 c 85 s 1 are each amended to read as follows:

(1) No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the Washington professional educator standards board for the position for which the employee is employed.

(2)(a) The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law and under (b) of this subsection, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

(b) A written contract made by a board with a principal under (a) of this subsection may be for a term of up to three years if the principal has: (i) Been employed as a principal for three or more consecutive years; (ii) been recommended by the superintendent as a candidate for a two or three-year contract because the principal has demonstrated the ability to stabilize instructional practices and received a

comprehensive performance rating of level 3 or above in their most recent comprehensive performance evaluation under RCW 28A.405.100; and (iii) met the school district's requirements for satisfying an updated record check under RCW 28A.400.303. A written contract made by a board with a principal under (a) of this subsection for a term of three years may not be renewed before the final year of the contract.

(3) In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by the end of the regular legislative session for that year, then notification shall be no later than June 15th, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ~~((ten))~~ 10 days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ~~((ten))~~ 10 days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

(4) This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or 28A.405.245 shall not be construed as a nonrenewal of contract for the purposes of this section.

**Sec. 2.** RCW 28A.400.300 and 2019 c 266 s 19 are each amended to read as follows:

(1) Every board of directors, unless otherwise specially provided by law, shall:

(a) Except as provided in RCW 28A.405.210(2) and subsection (3) of this

section, employ for not more than one year, and for sufficient cause discharge all certificated and classified employees;

(b) Adopt written policies granting leaves to persons under contracts of employment with the school district(s) in positions requiring either certification or classified qualifications, including but not limited to leaves for attendance at official or private institutes and conferences and sabbatical leaves for employees in positions requiring certification qualification, and leaves for illness, injury, bereavement and emergencies for both certificated and classified employees, and with such compensation as the board of directors prescribe. However, the board of directors shall adopt written policies granting to such persons annual leave with compensation for illness, injury and emergencies as follows:

(i) For such persons under contract with the school district for a full year, at least ~~((ten))~~ 10 days;

(ii) For such persons under contract with the school district as part time employees, at least that portion of ~~((ten))~~ 10 days as the total number of days contracted for bears to ~~((one hundred eighty))~~ 180 days;

(iii) For certificated and classified employees, annual leave with compensation for illness, injury, and emergencies shall be granted and accrue at a rate not to exceed ~~((twelve))~~ 12 days per year; provisions of any contract in force on June 12, 1980, which conflict with requirements of this subsection shall continue in effect until contract expiration; after expiration, any new contract executed between the parties shall be consistent with this subsection;

(iv) Compensation for leave for illness or injury actually taken shall be the same as the compensation such person would have received had such person not taken the leave provided in this proviso;

(v) Leave provided in this proviso not taken shall accumulate from year to year up to a maximum of ~~((one hundred eighty))~~ 180 days for the purposes of RCW 28A.400.210 and 28A.400.220, and for leave purposes up to a maximum of the number of contract days agreed to in a given contract, but not greater than one year. Such accumulated time may be taken at any time during the school year or up to ~~((twelve))~~ 12 days per year may be used for the purpose of payments for unused sick leave;

(vi) Sick leave heretofore accumulated under section 1, chapter 195, Laws of 1959 (former RCW 28.58.430) and sick leave accumulated under administrative practice of school districts prior to the effective date of section 1, chapter 195, Laws of 1959 (former RCW 28.58.430) is hereby declared valid, and shall be added to leave for illness or injury accumulated under this proviso;

(vii) Any leave for injury or illness accumulated up to a maximum of ~~((forty-five))~~ 45 days shall be creditable as service rendered for the purpose of determining the time at which an employee is eligible to retire, if such leave is taken it may not be compensated under the provisions of RCW 28A.400.210 and 28A.310.490;

(viii) Accumulated leave under this proviso shall be transferred to and from one district to another, the office of superintendent of public instruction, offices of educational service district superintendents and boards, the state school for the blind, the Washington center for deaf and hard of hearing youth, institutions of higher education, and community and technical colleges, to and from such districts, schools, offices, institutions of higher education, and community and technical colleges;

(ix) Leave accumulated by a person in a district prior to leaving said district may, under rules of the board, be granted to such person when the person returns to the employment of the district.

(2) When any certificated or classified employee leaves one school district within the state and commences employment with another school district within the state, the employee shall retain the same seniority, leave benefits and other benefits that the employee had in his or her previous position. However, classified employees who transfer between districts after July 28, 1985, shall not retain any seniority rights other than longevity when leaving one school district and beginning employment with another. If the school district to which the person transfers has a different system for computing seniority, leave benefits, and other benefits, then the employee shall be granted the same seniority, leave benefits and other benefits as a person in that district who has similar occupational status and total years of service.

(3) Notwithstanding subsection (1)(a) of this section, discharges of certificated and classified employees in school districts that are dissolved due to financial insolvency shall be conducted in accordance with RCW 28A.315.229."

Prime Sponsor, Labor & Commerce: Safeguarding the public safety by protecting railroad workers. Reported by Committee on Labor & Workplace Standards

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that railroad employees are susceptible to illness and infectious diseases from working in confined spaces, as well as the illnesses and injuries that affect the general population, yet have no protections for unpaid leave, and may be subjected to discipline and termination for unpaid absences from duty due to illnesses and injuries of themselves and their family members.

The legislature further finds that railroad employees may report to work while ill to avoid disciplinary action by railroad companies, pursuant to their corporate attendance and availability policies.

Furthermore, the legislature finds that the unique operational practices utilized to summon railroad crew employees to duty necessitate state protections for short-term unpaid absences by railroad workers. The job

security protections extended by this act for unpaid leave are minimal in contrast to the greater rights and benefits of most employees in this state.

Therefore, the legislature enacts this chapter in the interest of public health and infectious disease control, for protection of public safety, the prevention of environmental harm, and to reduce railroad operational risks across the state.

The provisions of this chapter are enacted in the exercise of the police power of the state for the purpose of protecting the immediate and future health, safety, and welfare of the people of this state.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) The following terms have the same meaning as provided in RCW 50A.05.010: "Child," "family leave," "family member," "health care provider," "medical leave," "period of incapacity," "serious health condition," and "spouse."

(6) "Employment benefits" means all benefits provided or made available to employees by an employer, including group life insurance, health insurance, disability insurance, sick leave, annual leave, educational benefits, and pensions except benefits that are provided by a practice or written policy of an employer or through an employee benefit plan as defined in 29 U.S.C. Sec. 1002(3).

(7) "Intermittent leave" is leave taken in separate blocks of time due to a single qualifying reason.

(8) "Operating craft employee" means any employee of a railroad carrier who performs service in an operating craft on a railroad or directs the work of an operating craft employee as a scheduled employee, and includes any other employee of a railroad carrier who performs safety sensitive tasks associated with railroad operations.

(11) "Unpaid" means a period of leave undertaken without receiving payment of lost wages from an employing railroad company.

**NEW SECTION. Sec. 3.** The department shall administer the provisions of this chapter.

**NEW SECTION. Sec. 4.** (1) No railroad carrier may dismiss, suspend, lay off, demote, engage in any adverse action against, or otherwise discipline an employee for unpaid absences pursuant to the provisions of this section if:

(a) The employee has completed three consecutive months of continuous employment by the railroad carrier prior to the absence;

(b) No consecutive period of unpaid absence pursuant to the provisions of this section exceeds 15 days;

(c) The total number of unpaid absences the employee has taken pursuant to the provisions of this section, including railroad employer paid sick leave, is less than 91 days in the current calendar year; and

(d) The unpaid absence is taken pursuant to subsection (2) of this section.

(2) An employee's unpaid absence under this section is due to any of the following reasons:

(a) An absence resulting from an employee's mental or physical illness, injury, or health condition including fatigue; to accommodate the employee's need for medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or an employee's need for preventive medical care;

(b) To allow the employee to provide care for a family member with a mental or physical illness, injury, or health condition; care of a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or care for a family member who needs preventive medical care; and

use paid leave while absent pursuant to the provisions of this section.

(4) For employee absences under this section exceeding five consecutive days, the employer may, within 10 days of the employee's return to work, request verification that the employee's unpaid absence was for a specific purpose pursuant to this section.

(a) If verification is requested by an employer, the employer must provide the employee no fewer than 30 days to obtain and provide any requested verification. An employer's requirements for verification may not result in an unreasonable burden or expense on the employee and may not exceed privacy or verification requirements otherwise established by law.

(b) If an employer requires an employee to provide verification from a health care provider identifying the need for use of their unpaid leave for a specific purpose pursuant to this section, the employer must not require that the information provided explain the nature of the condition. If the employer obtains any health information about an employee or an employee's family member, the employer must treat such information in a confidential manner consistent with applicable privacy laws.

(5) Any employee absences pursuant to this section are not subject to any type of carrier availability or attendance policy and are separate from any protected leave under Title 50A RCW.

**NEW SECTION. Sec. 5.** (1) It is unlawful for any employer to:

(a) Interfere with, restrain, or deny the exercise of, or the attempt to exercise, any right provided under this chapter; or

(b) Discharge or in any other manner discriminate against any individual for opposing any practice made unlawful by this chapter.

(2) It is unlawful for any person to discharge or in any other manner discriminate against any individual because the individual has:

(a) Filed any complaint or charge, or has instituted or caused to be instituted any proceeding, under or related to this chapter;

(b) Given, or is about to give, any information in connection with any inquiry or proceeding relating to any right provided under this chapter; or

(c) Testified, or is about to testify, in any inquiry or proceeding relating to any right provided under this chapter.

**NEW SECTION. Sec. 6.** (1)(a) Upon receipt of a complaint by an employee of a railroad carrier, the department shall investigate to determine if there has been noncompliance with this chapter and related rules and issue either a citation and notice of assessment or a closure letter within 90 days after the date on which the department received the complaint, unless the complaint is otherwise resolved. The department may extend the period by providing advance written notice to the employee and the employer setting forth good cause for an

extension of the period, and specifying the duration of the extension.

(b) The department shall send the citation and notice of assessment or the closure letter to both the employer and the employee by service of process or using a method by which the mailing can be tracked or the delivery can be confirmed to their last known addresses.

(c) If the department's investigation finds that the employee's allegation cannot be substantiated, the department shall issue a closure letter to the employee and the employer detailing such finding.

(2)(a) If the department's investigation finds that a railroad carrier violated this chapter or related rules, the department may order the employer to pay the department a civil penalty. Civil penalties may be assessed as follows:

(i) For a class I carrier, any class II carrier owned by a class I carrier, and any class III carrier subject to this chapter, up to \$5,000 for the first violation, up to \$25,000 for the second violation within a three-year period following any previous violation, and up to \$100,000 for the third or subsequent violation within a three-year period following any previous violation;

(ii) For a class II carrier, up to \$1,000 for the first violation, up to \$5,000 for the second violation within a three-year period following any previous violation, and up to \$10,000 for the third or subsequent violation within a three-year period following any previous violation.

(b) The department may, at any time, waive or reduce any civil penalty assessed against an employer under this section if the department determines that the employer has taken corrective action to remedy the retaliatory action.

(3) The director may also order other remedies such as back pay and reinstatement, and may increase the fines by rule based on changing economic conditions.

(4) The department shall deposit civil penalties paid under this section in the supplemental pension fund established under RCW 51.44.033.

(5)(a) The administrative remedies established in this chapter apply to complaints alleging violations that occurred on or after the effective date of this act.

(b) A complaint alleging a violation of this chapter may be filed within two years from the date of the last event constituting a violation.

**NEW SECTION. Sec. 7.** (1) A person, firm, or corporation aggrieved by a citation and notice of assessment by the department under this chapter, or any rules adopted under this chapter, may appeal the citation and notice of assessment to the director by filing a notice of appeal with the director within 30 days of the department's issuance of the citation and notice of assessment. A citation and notice of assessment not appealed within 30 days is final and binding, and not subject to further appeal.

(2) A notice of appeal filed with the director under this section shall stay the effectiveness of the citation and notice of assessment pending final review of the

appeal by the director as provided for in chapter 34.05 RCW.

(3) Upon receipt of a notice of appeal, the director shall assign the hearing to an administrative law judge of the office of administrative hearings to conduct the hearing and issue an initial order. The hearing and review procedures shall be conducted in accordance with chapter 34.05 RCW, and the standard of review by the administrative law judge of an appealed citation and notice of assessment shall be de novo. Any party who seeks to challenge an initial order shall file a petition for administrative review with the director within 30 days after service of the initial order. The director shall conduct an administrative review in accordance with chapter 34.05 RCW.

(4) The director shall issue all final orders after appeal of the initial order. The final order of the director is subject to judicial review in accordance with chapter 34.05 RCW.

(5) Orders that are not appealed within the time period specified in this section and chapter 34.05 RCW are final and binding, and not subject to further appeal.

(6) An employer who fails to allow adequate inspection of records in an investigation by the department under this chapter within a reasonable time period may not use such records in any appeal under this section to challenge the correctness of any determination by the department of the penalty assessed.

NEW SECTION. **Sec. 8.** If any person fails to pay an assessment under this chapter, or under any rule under this chapter, after it has become a final and unappealable order, or after the court has entered final judgment in favor of the agency, the director may initiate collection procedures in accordance with section 9 of this act.

NEW SECTION. **Sec. 9.** (1) After a final order is issued under this chapter, or any rules under this chapter, if an employer defaults in the payment of: (a) Any amount determined by the department to be owed to an employee, including interest; or (b) any civil penalty ordered by the department under this chapter, or any rules under this chapter, the director may file with the clerk of any county within the state a warrant in the amount of the payment plus any filing fees. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the employer mentioned in the warrant, the amount of payment due on it plus any filing fees, and the date when the warrant was filed. The aggregate amount of the warrant as docketed becomes a lien upon the title to, and interest in, all real and personal property of the employer against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of the clerk. The sheriff shall proceed upon the warrant in all respects and

with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in a court of competent jurisdiction. The warrant so docketed is sufficient to support the issuance of writs of garnishment in favor of the state in a manner provided by law in case of judgment, wholly or partially unsatisfied. The clerk of the court is entitled to a filing fee which shall be added to the amount of the warrant. A copy of the warrant shall be mailed to the employer within three days of filing with the clerk.

(2)(a) The director may issue to any person, firm, corporation, other entity, municipal corporation, political subdivision of the state, a public corporation, or any agency of the state, a notice and order to withhold and deliver property of any kind when they have reason to believe that there is in the possession of the person, firm, corporation, other entity, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is or will become due, owing, or belonging to an employer upon whom a notice of assessment has been served by the department for payments or civil penalties due to the department. The effect of a notice and order is continuous from the date the notice and order is first made until the liability out of which the notice and order arose is satisfied or becomes unenforceable because of lapse of time. The department shall release the notice and order when the liability out of which the notice and order arose is satisfied or becomes unenforceable by reason of lapse of time and shall notify the person against whom the notice and order was made that the notice and order has been released.

(b) The notice and order to withhold and deliver must be served by the sheriff of the county or by the sheriff's deputy, by certified mail, return receipt requested, or by the director. A person, firm, corporation, other entity, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within 20 days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order. Upon service of the notice and order, if the party served possesses any property that may be subject to the claim of the department, the party shall promptly deliver the property to the director. The director shall hold the property in trust for application on the employer's indebtedness to the department, or for return without interest, in accordance with a final determination of a petition for review. In the alternative, the party shall furnish a good and sufficient surety bond satisfactory to the director conditioned upon final determination of liability. If a party served and named in the notice fails to answer the notice within the time prescribed in this section, the court may render judgment by default against the party for the full amount claimed by the director in the notice, together with costs. If a notice is served upon an employer and the property

subject to the notice is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner is entitled.

(c) As an alternative to the methods of service described in this section, the department may electronically serve a financial institution with a notice and order to withhold and deliver by providing a list of its outstanding warrants, except those for which a payment agreement is in good standing, to the department of revenue. The department of revenue may include the warrants provided by the department in a notice and order to withhold and deliver served under RCW 82.32.235(3). A financial institution that is served with a notice and order to withhold and deliver under this subsection (2)(c) must answer the notice within the time period applicable to service under RCW 82.32.235(3). The department and the department of revenue may adopt rules to implement this subsection (2)(c).

(3) In addition to the procedure for collection of amounts owed, including interest, and civil penalties as set forth in this section, the department may recover amounts owed, including interest, and civil penalties assessed under this chapter, and any rules under this chapter, in a civil action brought in a court of competent jurisdiction of the county where the violation is alleged to have occurred.

(4) Whenever any employer quits business, sells out, exchanges, or otherwise disposes of the employer's business or stock of goods, any person who becomes a successor to the business becomes liable for the full amount of any outstanding citation and notice of assessment or penalty against the employer's business under this chapter if, at the time of the conveyance of the business, the successor has: (a) Actual knowledge of the fact and amount of the outstanding citation and notice of assessment; or (b) a prompt, reasonable, and effective means of accessing and verifying the fact and amount of the outstanding citation and notice of assessment from the department. If the citation and notice of assessment or penalty is not paid in full by the employer within 10 days of the date of the sale, exchange, or disposal, the successor is liable for the payment of the full amount of the citation and notice of assessment or penalty, and payment thereof by the successor must, to the extent thereof, be deemed a payment upon the purchase price. If the payment is greater in amount than the purchase price, the amount of the difference becomes a debt due to the successor from the employer.

(5) This section does not affect other collection remedies that are otherwise provided by law.

**NEW SECTION. Sec. 10.** Each employer shall post and keep posted, in conspicuous places on the premises of the employer where notices to employees and applicants for employment are customarily posted, a notice, to be prepared or approved by the director, setting forth excerpts from, or summaries of, the pertinent provisions of this chapter and information pertaining to the filing of

a charge. Any employer that willfully violates this section may be subject to a civil penalty of not more than \$1,000 for each separate offense. Any penalties collected by the department under this section shall be deposited into the supplemental pension fund established under RCW 51.44.033.

**NEW SECTION. Sec. 11.** Nothing in this chapter shall be construed:

(1) To modify or affect any state or local law prohibiting discrimination on the basis of race, religion, color, national origin, sex, sexual orientation, gender identity, age, or disability; or

(2) To supersede any provision of any local law that provides greater family or medical leave rights than the rights established under this chapter.

**NEW SECTION. Sec. 12.** Nothing in this chapter diminishes the obligation of an employer to comply with any collective bargaining agreement or any employment benefit program or plan that provides greater family or medical leave rights to employees than the rights established under this chapter. The rights established for employees under this chapter may not be diminished by any collective bargaining agreement or any employment benefit program or plan.

**NEW SECTION. Sec. 13.** Nothing in this chapter shall be construed to discourage employers from adopting or retaining leave policies more generous than any policies that comply with the requirements under this chapter.

**NEW SECTION. Sec. 14.** The director may adopt rules as necessary to implement this chapter.

**NEW SECTION. Sec. 15.** This act may be known and cited as the Shahraim C. Allen safe leave act for Washington railroad workers.

**NEW SECTION. Sec. 16.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 17.** Sections 1 through 15 of this act constitute a new chapter in Title 49 RCW.

**NEW SECTION. Sec. 18.** Except for sections 6 through 10 of this act, which take effect January 1, 2024, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions and takes effect immediately."

(2) Nothing in this section prohibits:

(a) The carrier from requiring generic substitution during the current plan year;

(b) The carrier from adding new drugs to its formulary during the current plan year;

(c) The carrier from removing a drug from its formulary for reasons of patient safety concerns, drug recall or removal from the market, or medical evidence indicating no therapeutic effect of the drug; or

(d) A participating provider from prescribing a different drug that is covered by the plan and medically appropriate for the enrollee.

(3) For the purposes of this section:

(a) "Refill" means a second or subsequent filling of a previously issued prescription.

(b) "Serious mental illness" means a mental disorder, as defined in the most recent edition of the diagnostic and statistical manual of mental disorders published by the American psychiatric association, that results in serious functional impairment that substantially interferes with or limits one or more major life activities.

**Sec. 2.** RCW 69.41.190 and 2011 1st sp.s. c 15 s 80 are each amended to read as follows:

(b) When a substitution is made under (a) of this subsection, the dispensing pharmacist shall notify the prescribing practitioner of the specific drug and dose dispensed.

(2)(a) A state purchased health care program may impose limited restrictions on an endorsing practitioner's authority to write a prescription to dispense as written only under the following circumstances:

(ii) The medical director of a state purchased health program has: (A) Presented the endorsing practitioner with data that indicates the endorsing practitioner's prescribing patterns vary significantly from his or her peers, (B) provided the endorsing practitioner an opportunity to explain the variation in his or her prescribing patterns to those of his or her peers, and (C) if the variation in prescribing patterns cannot be explained, provided the endorsing practitioner sufficient time to change his or her prescribing patterns to align with those of his or her peers; and

(iii) The restrictions imposed under (a) of this subsection (2) must be limited to the extent possible to reduce variation in prescribing patterns and shall remain in effect only until such time as the endorsing practitioner can demonstrate a reduction in variation in line with his or her peers.

(b) A state purchased health care program may immediately designate an available, less expensive, equally effective generic product in a previously reviewed drug class as a preferred drug, without first submitting the product to review by the pharmacy and therapeutics committee established pursuant to RCW 70.14.050.

(ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation;

(iii) Notwithstanding the limitation set forth in (c)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the brand name drug be prescribed as the first course of treatment;

(iv) The state purchased health care program may provide, where available, prescription, emergency room, diagnosis, and hospitalization history with the endorsing practitioner; and

(e) A state purchased health care program may impose limited restrictions on endorsing practitioners' authority to prescribe pharmaceuticals to be dispensed as written for a purpose outside the scope of their approved labels only under the following circumstances:

(iii) Notwithstanding the limitation set forth in (e)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the drug be prescribed for a covered off-label purpose.

(f) The provisions of this subsection related to the definition of medically necessary, prior authorization procedures and patient appeal rights shall be implemented in a manner consistent with applicable federal and state law.

(3) Notwithstanding the limitations in subsection (2) of this section, for refills for an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the patient to treat a serious mental illness, chemotherapy, antiretroviral, or immunosuppressive drug, or for the refill of an immunomodulator antiviral treatment for hepatitis C for which an established, fixed duration of therapy is prescribed for at least ~~((twenty-four))~~ 24 weeks by no more than ~~((forty-eight))~~ 48 weeks, the pharmacist shall dispense the prescribed nonpreferred drug.

(b) The supervising officer, the pursuing officer, or dispatcher shall notify other law enforcement agencies or surrounding jurisdictions that may be impacted by the vehicular pursuit or called upon to assist with the vehicular pursuit, and the pursuing officer and the supervising officer, if applicable, shall comply with any agency procedures for coordinating operations with other jurisdictions, including available tribal police departments when applicable;

(c) The pursuing officer must be able to directly communicate with other officers engaging in the pursuit, the supervising officer, if applicable, and the dispatch agency, such as being on a common radio channel or having other direct means of communication;

(d) As soon as practicable after initiating a vehicular pursuit, the pursuing officer, supervising officer, if applicable, or responsible agency shall develop a plan to end the pursuit through the use of available pursuit intervention options, such as the use of the pursuit intervention technique, deployment of spike strips or other tire deflation devices, or other department authorized pursuit intervention tactics; and

(e) The pursuing officer must have completed an emergency vehicle operator's course, must have completed updated emergency vehicle operator training in the previous two years, where applicable, and must be certified in at least one pursuit intervention option. Emergency vehicle operator training must include training on performing the risk assessment analysis described in subsection (1)(c) of this section.

(3) A vehicle pursuit not meeting the requirements under this section must be terminated.

~~((3))~~ (4) A peace officer may not fire a weapon upon a moving vehicle unless necessary to protect against an imminent threat of serious physical harm resulting from the operator's or a passenger's use of a deadly weapon. For the purposes of this subsection, a vehicle is not considered a deadly weapon unless the operator is using the vehicle as a deadly weapon and no other reasonable means to avoid potential serious harm are immediately available to the officer.

~~((4))~~ (5) For purposes of this section, "vehicular pursuit" means an attempt by a uniformed peace officer in a vehicle equipped with emergency lights and a siren to stop a moving vehicle where the operator of the moving vehicle appears to be aware that the officer is signaling the operator to stop the vehicle and the operator of the moving vehicle appears to be willfully resisting or ignoring the officer's attempt to stop the vehicle by increasing vehicle speed, making evasive maneuvers, or operating the vehicle in a reckless manner that endangers the safety of the community or the officer.

ESB 5355

Prime Sponsor, Senator Wilson, C.: Mandating instruction on sex trafficking prevention and identification for students in grades seven through 12. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that:

(1) The United States has the second largest concentration of past and current trafficking victims, and Washington state is currently the sixth largest epicenter of sex trafficking in the United States.

(2) More than 45 percent of all sex trafficking victims are minors and attending our nation's schools every day.

(3) Currently, most trafficking avoids detection, with one study from the national institute of justice finding that "fewer than half of all suspected traffickers in the United States had been arrested." Recent national institute of justice supported research reveals that labor and sex trafficking data appearing in the federal bureau of investigation's national uniform crime reporting program may significantly understate the extent of trafficking crimes in the United States.

(4) The undefined nature of human trafficking contributes to widespread ignorance for public agencies in a position to address the crime. Sixty percent of state and local prosecutors nationwide "do not consider trafficking a problem in their jurisdictions," and over 70 percent of local, state, and county law enforcement agencies wrongly "view human trafficking as rare or nonexistent" in their local communities.

(5) Nearly half of prosecutors and law enforcement agencies across the country are unaware of specific existing antitrafficking laws or definitions that constitute acts of human trafficking, which manifests in current ineffective mitigation strategies.

(6) Child sex trafficking survivors are disproportionately girls of color. In King county, 52 percent of all child sex trafficking victims are black and 84 percent of youth victims are female, while black girls comprise 1.1 percent of the population.

(7) Sex traffickers are not overgeneralized to any demographic but are disproportionately white men. In King county, 80 percent of sex traffickers are white men.

(8) Females of color bear the brunt of prostitution imprisonment as a result of sexual violence in sex trafficking due to mandatory arrests. For example, Latinx women account for nearly 61 percent of juvenile prostitution arrests. By contrast, sex traffickers face little to no consequences for their role in exploitation.

(9) Twenty-five service agencies participated in a 2007 survey. Nineteen of these agencies provided information that aligned with what are understood to be "red-flag" indicators of trafficking situations. Victimization and human trafficking are considerable concerns for eastern Washington, particularly Spokane, and there is a wide spectrum of trafficking activities that include sex slavery, forced prostitution, forced panhandling, farm labor, janitorial work, and domestic servitude.

(10) On any given day, between 300 and 500 people, some as young as 11 years old, are trafficked in the Puget Sound area for labor or sex.

(11) Intersectional, accurate, and actionable sex trafficking education is necessary to enable all students to break down stereotypes of affected parties in sex trafficking and provide them with tools for identifying and combatting this crime.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) Beginning no later than the 2025-26 school year, school districts must offer instruction in sex trafficking awareness and prevention at least once to each student in grades seven through 12. The instruction, at the discretion of the school or school district, may be integrated into a relevant course or a course may be repurposed to include the instruction.

(2) Subject to the availability of amounts appropriated for this specific purpose, on or before June 30, 2024, the office of the superintendent of public instruction must review curricula related to the awareness and prevention of sex trafficking.

(3) To the extent practicable, the office of the superintendent of public instruction must make available in the library of openly licensed courseware under RCW 28A.300.803, curricular resources related to the awareness and prevention of sex trafficking that include:

(a) Information about the race, gender, and socioeconomic status of sex trafficking victims and perpetrators;

(b) Medically and legally accurate definitions of sex trafficking, and information about term stigmatization and how it may reduce reporting and increase the difficulty of detecting and prosecuting sex trafficking crimes;

(c) Information about reporting systems and community engagement opportunities with local, state, or national organizations against sex trafficking, and basic identification training to determine if an individual is at risk of or has been sex trafficked; and

(d) Information to help students recognize the signs and behavior changes in others that may indicate grooming for sex trafficking or other unlawful, coercive relationships.

(4) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020, and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools established under chapter 28A.715 RCW to the same extent as it applies to school districts.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28A.300 RCW to read as follows:

The child sexual abuse and sex trafficking prevention and identification public-private partnership account is created in the custody of the state treasurer. All receipts from gifts, grants, or endowments from public or private sources, federal funds, and any appropriations made by the legislature or other sources must be deposited into the account. Expenditures from the account may be used only for curriculum and professional development to support instruction on child sexual abuse and sex trafficking prevention and identification. Only the superintendent of public instruction or the superintendent's designee may authorize

expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures."

SB 5363 Prime Sponsor, Senator MacEwen:  
Concerning cannabis retailer advertising.  
Reported by Committee on Regulated  
Substances & Gaming

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 69.50.369 and 2022 c 16 s 75 are each amended to read as follows:

(1) ~~((No))~~ Except as provided in subsection (11) of this section and consistent with RCW 69.50.331(8)(b), no licensed cannabis producer, processor, researcher, or retailer may place or maintain, or cause to be placed or maintained, any sign or other advertisement for a cannabis business or cannabis product, including useable cannabis, cannabis concentrates, or cannabis-infused product, in any form or through any medium whatsoever within one thousand feet of the perimeter of a school grounds, playground, recreation center or facility, child care center, public park, or library, or any game arcade admission to which is not restricted to persons aged twenty-one years or older.

(2) Except for the use of billboards as authorized under this section, licensed cannabis retailers may not display any signage outside of the licensed premises, other than two signs identifying the retail outlet by the licensee's business or trade name, stating the location of the business, and identifying the nature of the business. Each sign must be ~~((no larger than one thousand six hundred square inches and be))~~ permanently affixed to a building or other structure. The location and content of the retail cannabis signs authorized under this subsection are subject to all other requirements and restrictions established in this section for indoor signs, outdoor signs, and other cannabis-related advertising methods.

(3) A cannabis licensee may not utilize transit advertisements for the purpose of advertising its business or product line. "Transit advertisements" means advertising on or within private or public vehicles and all advertisements placed at, on, or within any bus stop, taxi stand, transportation waiting area, train station, airport, or any similar transit-related location.

(4) A cannabis licensee may not engage in advertising or other marketing practice that specifically targets persons residing outside of the state of Washington.

(5) All signs, billboards, or other print advertising for cannabis businesses or cannabis products must contain text stating that cannabis products may be purchased or possessed only by persons twenty-one years of age or older.

(6) A cannabis licensee may not:

(a) Take any action, directly or indirectly, to target youth in the advertising, promotion, or marketing of cannabis and cannabis products, or take any action the primary purpose of which is to initiate, maintain, or increase the incidence of youth use of cannabis or cannabis products;

(b) Use objects such as toys or inflatables, movie or cartoon characters, or any other depiction or image likely to be appealing to youth, where such objects, images, or depictions indicate an intent to cause youth to become interested in the purchase or consumption of cannabis products; or

(c) Use or employ a commercial mascot outside of, and in proximity to, a licensed cannabis business. A "commercial mascot" means live human being, animal, or mechanical device used for attracting the attention of motorists and passersby so as to make them aware of cannabis products or the presence of a cannabis business. Commercial mascots include, but are not limited to, inflatable tube displays, persons in costume, or wearing, holding, or spinning a sign with a cannabis-related commercial message or image, where the intent is to draw attention to a cannabis business or its products.

(7) A cannabis licensee that engages in outdoor advertising is subject to the advertising requirements and restrictions set forth in this subsection (7) and elsewhere in this chapter.

(a) All outdoor advertising signs, including billboards, are limited to text that identifies the retail outlet by the licensee's business or trade name, states the location of the business, and identifies the type or nature of the business. Such signs may not contain any depictions of cannabis plants, cannabis products, or images that might be appealing to children. The board is granted rule-making authority to regulate the text and images that are permissible on outdoor advertising. Such rule making must be consistent with other administrative rules generally applicable to the advertising of cannabis businesses and products.

(b) Outdoor advertising is prohibited:

(i) On signs and placards in arenas, stadiums, shopping malls, fairs that receive state allocations, farmers markets, and video game arcades, whether any of the foregoing are open air or enclosed, but not including any such sign or placard located in an adult only facility; and

(ii) Billboards that are visible from any street, road, highway, right-of-way, or public parking area are prohibited, except as provided in (c) of this subsection.

(c) Licensed retail outlets may use a billboard or outdoor sign solely for the purpose of identifying the name of the business, the nature of the business, and providing the public with directional information to the licensed retail outlet. Billboard advertising is subject to the same requirements and restrictions as set forth in (a) of this subsection.

(d) Advertising signs within the premises of a retail cannabis business outlet that are visible to the public from outside the premises must meet the signage regulations and requirements applicable to outdoor signs as set forth in this section.

(e) The restrictions and regulations applicable to outdoor advertising under this section are not applicable to:

(i) An advertisement inside a licensed retail establishment that sells cannabis products that is not placed on the inside surface of a window facing outward; or

(ii) An outdoor advertisement at the site of an event to be held at an adult only facility that is placed at such site during the period the facility or enclosed area constitutes an adult only facility, but in no event more than fourteen days before the event, and that does not advertise any cannabis product other than by using a brand name to identify the event.

(8) Merchandising within a retail outlet is not advertising for the purposes of this section.

(9) This section does not apply to a noncommercial message.

(10)(a) The board must:

(i) Adopt rules implementing this section and specifically including provisions regulating the billboards and outdoor signs authorized under this section; and

(ii) Fine a licensee one thousand dollars for each violation of this section until the board adopts rules prescribing penalties for violations of this section. The rules must establish escalating penalties including fines and up to suspension or revocation of a cannabis license for subsequent violations.

(b) Fines collected under this subsection must be deposited into the dedicated cannabis account created under RCW 69.50.530.

(11)(a) A city, town, or county may adopt rules of outdoor advertising by licensed cannabis retailers that ~~((are))~~:

(i) Allow advertising for the retail premises by cannabis retailers that are permitted to be within 1,000 feet of the locations specified in subsection (1) of this section pursuant to RCW 69.50.331(8) (b), not including elementary schools, secondary schools, or playgrounds; or

(ii) Are more restrictive than the advertising restrictions imposed under this chapter.

(b) Enforcement of restrictions to advertising by a city, town, or county is the responsibility of the city, town, or county.

(12) The board may not regulate the size of retail signs, whether indoor or outdoor, and billboards for licensed cannabis retailers. Licensed cannabis retailers are subject to any size requirements for retail signs and billboards of the city, town, or

county in which the licensed cannabis retailer is located. This subsection does not affect the board's rule-making authority regarding any other licensed cannabis retailer advertising requirements under this section or RCW 69.50.342 or 69.50.345."

ESSB 5371

Prime Sponsor, Agriculture, Water, Natural Resources & Parks: Protecting southern resident orcas from vessels. Reported by Committee on Agriculture and Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) It is the intent of the legislature to support the recovery of endangered southern resident orcas by reducing underwater noise and disturbance from vessels, which is one of the three main threats to the population's recovery, along with availability of their preferred prey, Chinook salmon, and contaminants in their food and environment.

(2) The state has a compelling interest in protecting the iconic southern resident orca from extinction by acting to implement recovery activities and adaptively managing the southern resident orca recovery effort using best available science.

(3) Governor Inslee's southern resident orca task force produced 49 recommendations to address the three major threats to the population's recovery. While many investments have been made and implementation is ongoing, increased and sustained efforts are needed to advance salmon recovery, address water quality and contaminants in the environment, and reduce underwater noise and physical disturbance of orcas as they attempt to forage, communicate, and rest.

(4) The legislature finds that the threats to orcas are interrelated and they are inexorably linked with salmon recovery. Salmon face a diverse array of threats throughout their life cycle including the threat posed by pinnipeds, such as seals and sea lions, which are protected under federal law, but nevertheless pose a significant threat to salmon and orca recovery through ongoing and excessive predation. Salmon also face fish passage barriers, stormwater runoff, and spills from wastewater treatment plants, among other threats. It is in the best interest of all the people of Washington, including federally recognized tribes and private landowners, to increase the population of salmon and to ensure the survivability of salmon against all threats.

(5) The legislature directed the department of fish and wildlife to produce a

report on the effectiveness of regulations designed to address underwater noise and disturbance from commercial whale watching and recreational vessels. The legislature received the first of three mandated reports in November of 2022, and it contained an assessment of the most recent science demonstrating the negative impact of vessels on southern resident orca foraging behavior and foraging success.

(6) While it takes time to see results from efforts to increase prey availability and reduce contaminants, reducing noise and disturbance from vessels can provide immediate support for the southern resident orcas by increasing their likelihood of successful foraging.

**Sec. 2.** RCW 77.15.740 and 2019 c 291 s 1 are each amended to read as follows:

(1) Except as provided in subsection ~~((2))~~ (3) of this section, it is unlawful for a person to:

(a) Cause a vessel or other object to approach, in any manner, within three hundred yards of a southern resident orca ~~((whale))~~;

(b) Position a vessel to be in the path of a southern resident orca ~~((whale))~~ at any point located within ~~((four hundred))~~ 400 yards of the whale. This includes intercepting a southern resident orca ~~((whale))~~ by positioning a vessel so that the prevailing wind or water current carries the vessel into the path of the whale at any point located within four hundred yards of the whale;

(c) Position a vessel behind a southern resident orca ~~((whale))~~ at any point located within four hundred yards;

(d) Fail to disengage the transmission of a vessel that is within ~~((three hundred))~~ 300 yards of a southern resident orca ~~((whale))~~;

(e) Cause a vessel or other object to exceed a speed greater than seven knots over ground at any point located within ~~((one-half nautical mile (one thousand thirteen yards))~~ 1,000 yards of a southern resident orca ~~((whale))~~; or

(f) Feed a southern resident orca ~~((whale))~~.

(2) Except as provided in section 3 of this act, a voluntary 1,000-yard approach distance around southern resident orcas is established. This is also referred to as a 1,000-yard setback or 1,000-yard avoidance distance, as the intent is to discourage boaters from pursuing on-water viewing or approaching of southern resident orcas.

(3) A person is exempt from subsection (1) of this section if that person is:

(a) Operating a federal government vessel in the course of official duties, or operating a state, tribal, or local government vessel when engaged in official duties involving law enforcement, search and rescue, or public safety;

(b) Operating a vessel in conjunction with a vessel traffic service as a vessel traffic service user established under 33 C.F.R. and following a traffic separation scheme, or complying with a vessel traffic service or captain of the port measure ~~((ef))~~ or direction, or complying with the rules of the road or taking actions to

ensure safety. This also includes ~~((support vessels escorting ships in the traffic lanes))~~ vessel transits departing the lanes for safety reasons or to approach or depart a dock or anchorage area, including support vessels escorting or assisting vessels, such as tug boats;

(c) Engaging in an activity, including scientific research or oil spill response, pursuant to the conditions of a permit or other authorization from the national marine fisheries service ~~((and))~~ or the department;

(d) Lawfully engaging in a treaty Indian or commercial fishery that is actively setting, retrieving, or closely tending fishing gear. Commercial fishing vessels in transit are not exempt from subsection (1) of this section;

(e) Conducting vessel operations necessary to avoid an imminent and serious threat to a person, vessel, or the environment, including when necessary for overall safety of navigation and to comply with state and federal navigation requirements; or

(f) Engaging in rescue or clean-up efforts of a beached southern resident orca ~~((whale))~~ overseen, coordinated, or authorized by a volunteer stranding network.

~~((3))~~ (4) For the purpose of this section, "vessel" includes aircraft while on the surface of the water, and every description of watercraft on the water that is used or capable of being used as a means of transportation on the water. However, "vessel" does not include inner tubes, air mattresses, sailboards, and small rafts, or flotation devices or toys customarily used by swimmers.

~~((4))~~ (5) (a) A violation of this section is a natural resource infraction punishable under chapter 7.84 RCW and carries a fine of five hundred dollars, not including statutory assessments added pursuant to RCW 3.62.090.

(b) A person who qualifies for an exemption under subsection ~~((2))~~ (3) of this section may offer that exemption as an affirmative defense, which that person must prove by a preponderance of the evidence.

~~((5) The enforcement actions required of the department from this section are subject to the availability of amounts appropriated for this specific purpose))~~ (c) The department may choose to offer educational materials in lieu of issuing an infraction, at the officer's discretion.

(6) The department must post signs at public boat launches and marinas that provide information regarding the vessel setbacks and speed limits required by this section. However, the requirements of this section apply whether or not a sign is present and the absence of a sign is not a defense to any violation of this section.

(7) The department shall conduct outreach and education regarding regulations and best practices for recreational boating in waters inhabited by southern resident orcas, including best practices for avoiding or minimizing encounters closer than 1,000 yards from a southern resident orca consistent with the recommendations of the work group established in section 5 of this act. This may include the advancement and proliferation of tools for notifying boaters

of southern resident orca presence, identifying orca ecotypes, and estimating distance on the water.

**NEW SECTION. Sec. 3.** A new section is added to chapter 77.15 RCW to read as follows:

(1) It is unlawful for an operator of a motorized commercial whale watching vessel licensed under RCW 77.65.615 to:

(a) Approach, in any manner, within 1,000 yards of a southern resident orca;

(b) Position a vessel to be in the path of a southern resident orca at any point located within 1,000 yards of the whale. This includes intercepting a southern resident orca by positioning a vessel so that the prevailing wind or water current carries the vessel into the path of the whale at any point located within 1,000 yards of the whale;

(c) Fail to disengage the transmission of a vessel that is within 400 yards of a southern resident orca; or

(d) Cause a vessel or other object to exceed a speed greater than seven knots over ground at any point located within 1,000 yards of a southern resident orca.

(2) If an operator of a motorized commercial whale watching vessel enters within 1,000 yards of a group of southern resident orcas, after taking reasonable measures to determine whether the whales were southern resident orcas, and then identifies the whales as southern resident orcas, the operator must:

(a) Immediately safely reposition the vessel to be 1,000 yards or farther from the southern resident orcas; and

(b) Immediately after repositioning the vessel, report the location of the southern resident orca or orcas to the WhaleReport application for the whale report alert system, or to a successor transboundary notification system designated by the department that is adopted by the international shipping community in the Salish Sea.

**NEW SECTION. Sec. 4.** A new section is added to chapter 77.12 RCW to read as follows:

If the population of southern resident orcas reaches a threshold of 70 individuals or fewer, the department must provide a report to the legislature within one year of the threshold being met, consistent with RCW 43.01.036, that includes a study of how enforcement of implementing mandatory 1,000-yard setbacks for all vessels would be applied, the use of data science with respect to southern resident orca pod health, and evidence-based plans to address southern resident orca pod health.

**NEW SECTION. Sec. 5.** (1) The department of fish and wildlife must convene a diverse work group including, but not limited to, representatives from nongovernmental organizations, recreational boaters, the commercial whale watching industry, commercial fishers, ports and marinas, relevant government entities, tribes, and the southern resident orca

research community to inform the development of outreach and education strategies to implement RCW 77.15.740(5). A report summarizing the work of the work group and the department of fish and wildlife's outreach strategies must be included in the 2024 adaptive management report identified in RCW 77.65.620(5). The department of fish and wildlife must conduct intensive outreach and education in fiscal year 2024 and the first half of 2025 to implement the work group outreach recommendations.

(2) In coordination with the work group established in this section, the department of fish and wildlife must conduct education and outreach to encourage voluntary adoption of the 1,000-yard setback from southern resident orcas established in RCW 77.15.740.

(3) The department of fish and wildlife must assess and report on the effectiveness of the voluntary 1,000-yard setback and recommendations for any further legislative action needed to protect southern resident orcas from the effects of vessels in the 2024 adaptive management report identified in RCW 77.65.620(5).

(4) This section expires June 30, 2025.

**Sec. 6.** RCW 77.65.615 and 2021 c 284 s 1 are each amended to read as follows:

(1) A commercial whale watching business license is required for commercial whale watching businesses. The annual fee for a commercial whale watching business license is ~~((two hundred dollars))~~ \$200 in addition to the annual application fee of ~~((seventy-five dollars))~~ \$70.

(2) The annual ~~((fees))~~ application for a commercial whale watching business license as described in subsection (1) of this section must ~~((include fees for))~~ list each motorized or sailing vessel ~~((or vessels as follows:~~

(3) The holder of a commercial whale watching business license for motorized or sailing vessels required under subsection (2) of this section may ~~((substitute the vessel designated))~~ designate an additional vessel on the license ~~((, or designate a vessel if none has previously been designated,))~~ if the license holder ~~((:~~

~~((a) Surrenders the previously issued license to the department;~~

~~((b) Submits))~~ submits to the department an application that identifies the ~~((currently designated vessel, the))~~ vessel proposed to be designated ~~((,))~~ and any other information required by the department ~~((, and~~

~~((c) Pays to the department a fee of thirty-five dollars and an application fee of one hundred five dollars)).~~

(4) ~~((Unless the business license holder owns all vessels identified on the~~

~~application described in subsection (3)(b) of this section, the department may not change the vessel designation on the license more than once per calendar year.~~

Prime Sponsor, Health & Long Term Care: Concerning improving diversity in clinical trials. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Controlled clinical trials provide a critical base of evidence for evaluating whether a medical product is safe, effective, and efficacious before the product is approved for marketing. The federal food and drug administration has evaluated demographic profiles of people participating in clinical trials for approved drugs and found that some groups, especially ethnic and racial groups, are generally not well represented in clinical trials;

(b) Communities of color have been working diligently to establish a foundation of trust with government and clinical research with the goal of engaging more trial participants who are members of underrepresented demographic groups;

(c) Joining clinical trials is a difficult and complex process and the lack of trust and awareness of clinical trials and research, in addition to burdens related to transportation, geography, and access, limit trial participants; and

(d) The lack of diversity in clinical trials compounds access to treatment disparities and limits our understanding of the impacts of studied interventions and conditions across the population.

(2) Therefore, the legislature intends to deepen our understanding and knowledge of what communities are underrepresented in clinical trials and the barriers to accessing clinical trials; provide recommendations to increase participation across all populations; and require certain entities conducting clinical trials to offer trial participants information in a language other than English, provide culturally specific recruitment materials alongside general enrollment materials, and provide electronic consent.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the state has made groundbreaking investments in state-of-the-art mass transit and intermodal infrastructure. The legislature finds that to maximize the state's return on these investments, land use policies and practices must keep pace with progress being implemented in transportation infrastructure development. The legislature also intends new development to reflect the state's commitment to vibrant, walkable, accessible urban environments that improve health, expand multimodal transportation options, and include varied community facilities, parks, and green spaces that are open to people of all income levels.

The legislature recognizes that cities planning under chapter 36.70A RCW require direction and technical assistance to ensure the benefits of state transportation investments are maximized and shared equitably while avoiding unnecessary programmatic and cost burdens to local governments in their comprehensive planning, code enactment, and permit processing workloads. The legislature further recognizes that regulatory flexibility and local control are also important features of optimal planning outcomes.

**NEW SECTION. Sec. 2.** A new section is added to chapter 47.01 RCW to read as follows:

(1) The department must create a new division within its agency or expand an existing division within its agency to mediate or help resolve disputes between the department, local governments, and project proponents regarding land use decisions and processing development permit applications.

(2) The department must adopt any rules necessary to implement this section.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The department, in consultation with the department of transportation, must establish and administer a competitive grant program to assist in the financing of housing projects within station areas.

(2) Entities eligible to receive grant awards are state agencies, local governments, and nonprofit or for-profit housing developers. Eligible uses of grant awards include project capital costs and infrastructure costs and addressing gaps in project financing that would prevent ongoing or complete project construction.

(3) Eligible housing projects must meet the following requirements:

(a) Be within a station area;

(b) Comply with the applicable transit-oriented density;

(c) Produce at least 100 units of rental, shelter, or permanent supportive housing or at least 30 units of owner-occupied housing; and

(d) Include a covenant on the property requiring 100 percent of units remain affordable for at least 50 years for households with incomes at or below 60 percent of area median income for rental, shelter, or permanent supportive housing projects or at or below 80 percent of area median income for homeownership projects.

(4) The department must prioritize eligible projects by occupancy date, with a target occupancy date of December 31, 2025. The department must also consider the following criteria when prioritizing projects:

(a) Have a high concentration of units affordable to households with incomes at or below 50 percent area median income;

(b) Do not include costs related to land acquisition;

(c) Include land acquired at a reduced price or without cost;

(d) Abide by antidisplacement measures, if appropriate;

(e) Submitted by community-based housing developers; or

(f) Include units with additional bedrooms or intended for occupancy by families with multiple dependents.

(5) The department may adopt any necessary rules to implement the competitive grant program under this section, including any additional project eligibility criteria and prioritization criteria.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The transit-oriented development housing partnership account is created in the custody of the state treasurer.

(2) Revenues to the account must consist of appropriations by the legislature and any gifts, grants, donations, or other private contribution received by the director for the purposes set forth in subsection (3) of this section.

(3) Expenditures from the account may be used only for administration of the competitive grant program under section 3 of this act, including any technical assistance

provided by the department to eligible entities.

(4) Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**Sec. 5.** RCW 36.70A.030 and 2021 c 254 s 6 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, ~~((sixty))~~ 60 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, ~~((eighty))~~ 80 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(3) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(4) "City" means any city or town, including a code city.

(5) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(6) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(7) "Department" means the department of commerce.

(8) "Development regulations" or "regulation" means the controls placed on development or land use activities by a

county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(9) "Emergency housing" means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or an occupancy agreement.

(10) "Emergency shelter" means a facility that provides a temporary shelter for individuals or families who are currently homeless. Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.

(11) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below ~~((thirty))~~ 30 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(12) "Floor area ratio" means a measure of transit-oriented development intensity equal to building square footage divided by the developable property square footage. Developable property excludes lots with critical areas or their buffers as designated in RCW 36.70A.060, as well as public facilities including streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

~~((13))~~ (14) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

~~((14))~~ (15) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((15))~~ (16) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((16))~~ (17) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below ~~((eighty))~~ 80 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((17))~~ (18) "Minerals" include gravel, sand, and valuable metallic substances.

~~((18))~~ (19) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 120 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((19))~~ (20) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

~~((20))~~ (21) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((21))~~ (22) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((22))~~ (23) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

~~((23))~~ (24) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

~~((24))~~ (25) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

~~((25))~~ (26) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

~~((26))~~ (27) "Short line railroad" means those railroad lines designated class II or

class III by the United States surface transportation board.

~~((27))~~(28)(a) "Station area" means all parcels that are:

(i) Fully within an urban growth area; and

(ii) Fully or partially within:

(A) One-half mile walking distance of a stop on a high capacity transportation system funded or expanded under chapter 81.104 RCW, a commuter rail stop, or a stop on rail or fixed guideway systems, including transitways; and

(B) One-quarter mile walking distance of a stop on a bus rapid transit route.

(b) For the purposes of this subsection, a "stop" includes any existing stop and any stop funded for development prior to the earlier of a city's deadline to complete its next periodic comprehensive plan update under RCW 36.70A.130(5) or its deadline to complete its next implementation progress report as required by RCW 36.70A.130(9).

(c) A city planning under RCW 36.70A.040 may adopt a station area variance to alter the station area designation, but only after consultation with and approval by the department.

(29) "Transit-oriented density" means a floor area ratio of:

(a) At least 3.0 for all uses that are permitted within one-half mile walking distance of a stop on a high capacity transportation system funded or expanded under chapter 81.104 RCW, a commuter rail stop, or a stop on rail or fixed guideway systems, including transitways; and

(b) At least 2.5 for all uses permitted within one-quarter mile walking distance of a stop on a bus rapid transit route.

(30) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

~~((28))~~(31) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((29))~~(32) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((30))~~(33) "Very low-income household" means a single person, family, or unrelated

persons living together whose adjusted income is at or below (~~(fifty))~~50 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((31))~~(34) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

(1) Cities planning under RCW 36.70A.040 may not enact or enforce any development regulation within a station area that would prohibit the siting of multifamily residential housing on parcels where any other residential use is permissible.

(2) Within any station area, any building in which all units are affordable housing for households with incomes at or below 60 percent area median income for at least 50 years or for permanent supportive housing, an additional 1.5 floor area ratio must be permitted. Any floor area within a station area that is reserved for residential units in multifamily housing that includes at least three bedrooms must not be counted toward applicable floor area ratio limits. If a city has enacted or expands a program under RCW 36.70A.540 in an area where development regulations must comply with this section, that program governs to the extent it varies from the requirements of this subsection.

(3)(a) Except as provided in (c) of this subsection, cities planning under RCW 36.70A.040 may not enact any new development regulation that imposes a maximum floor area ratio of less than the applicable transit-oriented density for any use otherwise permitted within a station area.

(b) Cities planning under RCW 36.70A.040 may not enact any new development regulation that imposes a maximum residential density, measured in residential units per acre or other metric of land area within a station area.

(c) As an alternative to (a) of this subsection, cities planning under RCW 36.70A.040 may by ordinance designate parts of a station area in which to enact or enforce floor area ratios that are more or

less than the applicable transit-oriented density, if:

(i) The average maximum floor area ratio of all buildable land within a station area is no less than the applicable transit-oriented density. For purposes of this subsection, "buildable land" excludes lots within critical areas or their buffers as designated in RCW 36.70A.170, as well as public facilities including streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, lands occupied by or easements for domestic water systems and storm and sanitary sewer systems, parks and recreational facilities, and schools; and

(ii) No part of a station area is subject to a maximum floor area ratio that is less than 0.5.

(4) Except in zones authorized by June 30, 2023, for a development capacity greater than or equal to the applicable transit-oriented density, at least 20 percent of all residential units constructed within a station area must be affordable to households with an income at or below 60 percent of area median income for at least 50 years.

(5) Any city planning under RCW 36.70A.040 that has, as of the effective date of this section, enacted any development regulation that imposes within any station area (a) a maximum floor area ratio of less than the applicable transit-oriented density or (b) a maximum residential density measured in residential units per acre or other metric of land area, the city must enforce and apply such development regulation consistent with the requirements of this section.

(6) (a) Except as provided in (b) of this subsection, cities planning under RCW 36.70A.040 may not enforce upon any parcel in a station area any development standard that renders it impracticable on that parcel to build a usable structure for the permitted uses at the (i) applicable transit-oriented density or (ii) applicable floor area ratio imposed under subsection (3)(c) of this section.

(b) This subsection (6) does not apply to development standards contained in a shoreline master program or critical area ordinance, or to any parcel that:

(i) Is nonconforming, legally or otherwise, with applicable local subdivision standards including, but not limited to, standards related to lot width, area, geometry, or street access; or

(ii) Is a designated landmark or within a historic district established under a local preservation ordinance.

(7) Any city subject to the requirements of this section may apply to the department for planning grants and consult with the department for purposes of obtaining technical assistance and compliance review with development regulation adoption, pursuant to RCW 36.70A.500(7).

(8) Nothing in this section requires alteration, displacement, or limitation of industrial uses or industrial areas within the urban growth area.

(9) (a) This section does not limit the amount of affordable housing that a city may require to be provided, either on-site or

through an in-lieu payment, pursuant to a program enacted or expanded under RCW 36.70A.540.

(10) A city planning under RCW 36.70A.040 must comply with the requirements of this section, and collaborate with federally recognized tribes in accordance with RCW 36.70A.040(8) regarding such requirements, six months after its next periodic comprehensive plan update required under RCW 36.70A.130, and following the completion or funding of any transit stop that would create a new station area within the jurisdiction, at each implementation progress report required by RCW 36.70A.130(9).

**NEW SECTION. Sec. 7.** A new section is added to chapter 36.70A RCW to read as follows:

(1) (a) The department may approve actions under this section for cities that have, by January 1, 2023, adopted a subarea plan and implementing development regulations that are substantially similar to the requirements of section 6 of this act. In determining whether a city's adopted subarea plan and development regulations are substantially similar, the department's evaluation may include, but not be limited to, if:

(i) The regulations will result in an amount of affordable housing that is at least equivalent to the amount of affordable housing that would result if the specific provisions of section 6 of this act were adopted;

(ii) The jurisdiction offers a way to exceed maximum heights to achieve buildings that exceed 100 feet; and

(iii) New detached single-family residences are prohibited on average within one-quarter mile of light rail stations.

(b) The department must establish by rule any standards or procedures necessary to implement this subsection.

(2) Any local actions approved by the department pursuant to subsection (1) of this section are exempt from appeals under this chapter and chapter 43.21C RCW.

(3) The department's final decision to approve or reject actions by cities under this section may be appealed to the growth management hearings board by filing a petition as provided in RCW 36.70A.290.

(4) In reviewing any petition filed pursuant to subsection (3) of this section, the growth management hearings board shall grant substantial deference to the department's finding of substantial compliance as an agency with expertise.

**NEW SECTION. Sec. 8.** A new section is added to chapter 36.70A RCW to read as follows:

(1) By October 1, 2023, the department must develop, or contract for the development of, a statewide displacement risk map that identifies areas where residents and businesses are at a greater risk of displacement. In completing the risk map, the department may build on existing models for displacement risk assessment that are currently in use for the state.

(2) The department must certify an extension from the requirements in section 6 of this act for areas at risk of displacement as determined by the antidisplacement analysis that a jurisdiction is required to complete under RCW 36.70A.070(2) or by the department or a regional planning authority. The extension may be granted until the city and the department agree on an implementation plan for specific antidisplacement policies. In addition to antidisplacement policies, the city may implement alternative floor area ratio requirements in areas deemed at greater risk of displacement under an antidisplacement analysis.

**Sec. 9.** RCW 36.70A.500 and 2012 1st sp.s. c 1 s 310 are each amended to read as follows:

(1) The department of commerce shall provide management services for the growth management planning and environmental review fund created by RCW 36.70A.490. The department shall establish procedures for fund management. The department shall encourage participation in the grant or loan program by other public agencies. The department shall develop the grant or loan criteria, monitor the grant or loan program, and select grant or loan recipients in consultation with state agencies participating in the grant or loan program through the provision of grant or loan funds or technical assistance.

(2) A grant or loan may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant or loan shall be provided to assist a county or city in paying for the cost of preparing an environmental analysis under chapter 43.21C RCW, that is integrated with a comprehensive plan, subarea plan, plan element, countywide planning policy, development regulation, monitoring program, or other planning activity adopted under or implementing this chapter that:

(a) Improves the process for project permit review while maintaining environmental quality; or

(b) Encourages use of plans and information developed for purposes of complying with this chapter to satisfy requirements of other state programs.

(3) In order to qualify for a grant or loan, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW and subsection (2) of this section that is integrated with a comprehensive plan, subarea plan, plan element, countywide planning policy, development regulations, monitoring program, or other planning activity adopted under or implementing this chapter;

(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by applicants for development permits within the geographic area analyzed in the plan;

(c) Demonstrate that procedures for review of development permit applications

will be based on the integrated plans and environmental analysis;

(d) Include mechanisms to monitor the consequences of growth as it occurs in the plan area and to use the resulting data to update the plan, policy, or implementing mechanisms and associated environmental analysis;

(e) Demonstrate substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and

(f) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants or loans, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

(b) Identification and monitoring of system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

(c) Coordination with state, federal, and tribal governments in project review;

(d) Furtherance of important state objectives related to economic development, protection of areas of statewide significance, and siting of essential public facilities;

(e) Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans and prospective environmental analysis;

(f) Programs for effective citizen and neighborhood involvement that contribute to greater likelihood that planning decisions can be implemented with community support;

(g) Programs to identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans; or

(h) Environmental review that addresses the impacts of increased density or intensity of comprehensive plans, subarea plans, or receiving areas designated by a city or town under the regional transfer of development rights program in chapter 43.362 RCW.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant or loan recipients to facilitate state and local project review processes that will implement the projects receiving grants or loans under this section.

(7) (a) Subject to the availability of amounts appropriated to the growth management planning and environmental review fund established in RCW 36.70A.490, the department may:

(i) Award grants to cities to facilitate transit-oriented development consistent with subsection (8) of this section. Cities may use such grants to pay for the costs

associated with the preparation of state environmental policy act environmental impact statements, planned action ordinances, subarea plans, costs associated with the utilization of other tools under this chapter or the state environmental policy act, and the costs of local code adoption and implementation of such efforts; and

(ii) Provide technical assistance and award planning grants to cities to implement the requirements under section 6 of this act and provide compliance review of any transit-oriented development regulations adopted consistent with section 6 of this act.

(b) Grant awards under (a)(i) of this subsection may only fund efforts that address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by applicants for development permits within the geographic area analyzed in the plan.

(8) In consultation with the department of transportation, the department shall prioritize applications for grants under subsection (7)(a)(i) of this section that maximize the following policy objectives in the area covered by a proposal:

(a) The total number of housing units authorized for new development in station areas;

(b) The proximity and quality of transit access in the area. For purposes of this subsection, "transit access" includes walkable access to light rail and other fixed guideway rail systems and bus rapid transit;

(c) Plans that exceed applicable transit-oriented densities for station areas;

(d) Plans that authorize, but do not mandate, ground floor retail with housing above;

(e) Plans in areas that eliminate on-site parking requirements;

(f) Existence or establishment of incentive zoning, inclusionary housing, or other tools to promote low-income housing in the area;

(g) Plans that include dedicated policies to support public or nonprofit funded low-income or workforce housing; and

(h) Plans designed to maximize and increase the variety of allowable housing types and expected sale or rental rates.

**Sec. 10.** RCW 36.70A.620 and 2020 c 173 s 3 are each amended to read as follows:

((In counties and cities planning under RCW 36.70A.040, minimum residential parking requirements mandated by municipal zoning ordinances for housing units constructed after July 1, 2019, are subject to the following requirements:\*

(1) For housing units that are affordable to very low-income or extremely low-income individuals and that are located within one-quarter mile of a transit stop that receives transit service at least two times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city may require a

developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for very low-income or extremely low-income individuals. The covenant must address price restrictions and household income limits and policies if the property is converted to a use other than for low-income housing. A city may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit.

(2) For housing units that are specifically for seniors or people with disabilities, that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, a city may not impose minimum residential parking requirements for the residents of such housing units, subject to the exceptions provided in this subsection. A city may establish parking requirements for staff and visitors of such housing units. A city may establish a requirement for the provision of one or more parking space per bedroom if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for seniors or people with disabilities.

(3) For market rate multifamily housing units that are located within one-quarter mile of a transit stop that receives transit service from at least one route that provides service at least four times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city or county may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit.)) (1) To encourage transit-oriented development and transit use and resulting substantial environmental benefits, cities planning under RCW 36.70A.040 may not require off-street parking as a condition of permitting development within a station area, except for off-street parking that is permanently marked for the exclusive use of individuals with disabilities.

(2) If a project permit application within a station area, as defined in RCW 36.70B.020, does not provide parking in compliance with this section, the proposed absence of parking may not be treated as a

basis for issuance of a determination of significance pursuant to chapter 43.21C RCW.

(3) The parking provisions of this section do not apply:

(a) If the city submits to the department an empirical study prepared by a credentialed transportation or land use planning expert that clearly demonstrates, and the department finds and certifies, that the application of the parking limitations under subsection (1) of this section in a defined area within a station area will be significantly less safe for vehicle drivers or passengers, pedestrians, or bicyclists than if the jurisdiction's parking requirements were applied to the same location without increased transit-oriented development and density requirements. The department must develop guidance to assist cities and counties on items to include in the study; or

(b) To portions of cities within a one-mile radius of a commercial airport in Washington with at least 9,000,000 annual enplanements.

**Sec. 11.** RCW 43.21C.229 and 2020 c 87 s 1 are each amended to read as follows:

(1) ~~((In order))~~ The purpose of this section is to provide cities and counties with additional flexibility to accommodate infill development, as well as to facilitate the timely and certain deployment of sustainable transit-oriented development, and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW ~~((, a))~~.

(2) A city or county planning under RCW 36.70A.040 ~~((is authorized by this section to))~~ may establish categorical exemptions from the requirements of this chapter ~~((- An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). An exemption may be adopted by a city or county under this section))~~ if it meets the following criteria:

(a) It categorically exempts government action related to development proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is roughly equal to or lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

(i) Residential development;

(ii) Mixed-use development; or

(iii) Commercial development up to ~~((sixty-five thousand))~~ 65,000 square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan;

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements

of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this ~~((section))~~ subsection.

~~((2- Any))~~ (3) Any project action that meets the following criteria is categorically exempt from the requirements of this chapter:

(a) It is related to a proposed development that would fill in a station area as defined in RCW 36.70A.030;

(b) It is related to a proposed:

(i) Multifamily residential development;

(ii) Mixed-use development; or

(iii) Commercial development; and

(c) It is not inconsistent with the applicable comprehensive plan, and does not clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan.

(4) Any categorical exemption under this section applies even if it differs from the categorical exemptions adopted by rule of the department of ecology under RCW 43.21C.110(1)(a). However, any categorical exemption ~~((adopted by a city or county))~~ under this section ~~((shall be))~~ is subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department.

**NEW SECTION. Sec. 12.** A new section is added to chapter 64.38 RCW to read as follows:

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that substance use disorders are a public health issue. Solutions must not only address criminal legal responses, but must be data-driven and evidence-based, and must represent best practices, working directly with people who use drugs to prevent overdose and infectious disease transmission, and improve the physical, mental, and social well-being of those served. The state must follow principles of harm reduction, comprising practical strategies aimed at reducing negative consequences associated with drug use, including safer use of supplies as well as care settings, staffing, and interactions

that are person-centered, supportive, and welcoming.

The legislature finds that the recommendations of the substance use recovery services advisory committee reflect diligent work by individuals with a range of professional and personal experience, who brought that experience to the committee, and whose expertise is reflected in the recommendations.

(4)(a) For defendants who participate in pretrial diversion under this section, the state shall make resources available to assist the defendant in scheduling a substance use disorder evaluation or expedited assessment within seven days of the defendant's agreement to participate in pretrial diversion. The substance use evaluation must be provided at no expense to defendants who qualify for public defense services or who are found to be indigent by the court. The evaluation must be provided at a location that is accessible to the defendant. When necessary and to the extent reasonably possible, the court shall provide the defendant with a list of available local resources to assist the defendant with securing transportation to the substance use disorder evaluation. The court may contract with a third party to provide substance use disorder assessments and services, which may be collocated at the court or be provided at alternative locations.

(b) The state shall reimburse local courts for costs associated with the substance use disorder assessments and related travel under this subsection.

(5) The substance use disorder counseling agency completing the assessment must make a written report to the court stating its findings and recommendations after the examination if the defendant decides to continue pursuing pretrial diversion. The report shall be filed under seal with the court, and a copy of the report shall be given to the prosecuting attorney, defendant, and defendant's counsel. The report and its copies are confidential and exempt from disclosure under chapter 42.56 RCW. The court shall endeavor to avoid public discussion of the circumstances, history, or diagnoses that could stigmatize the defendant.

(6) Subject to the availability of funds appropriated for this specific purpose, the assessment and recommended services or treatment must be provided at no cost for individuals who have been found to be indigent by the court.

(7) Once the assessment has been filed with the court, if the report indicates the individual has a substance use disorder, the court shall inform the individual that under federal law the individual may not possess any firearm or ammunition. The court shall thereafter sign an order of ineligibility to possess firearms as required by RCW 9.41.800 and shall require the individual to surrender all firearms in accordance with RCW 9.41.804.

(8) No statement, or any information procured therefrom relating to the charge for which the defendant is receiving treatment or services, made by the defendant to any treatment or service provider, that is made during the course of any assessment

or services provided by the treatment program pursuant to subsections (4) and (5) of this section, and before the reporting of the findings and recommendations to the court, may be admissible in any action or proceeding brought subsequent to the investigation.

(9) A defendant's participation in pretrial diversion under this section does not constitute a conviction, a stipulation to facts, or an admission of guilt for any purpose.

(10) At the time that pretrial diversion is granted, any bail bond on file by or on behalf of the defendant must be exonerated, and the court must enter an order so directing.

(11)(a) If it appears to the prosecuting attorney that the defendant is not meaningfully engaging in the recommended treatment or services, the prosecuting attorney may make a motion for termination from pretrial diversion.

(b) After notice to the defendant, the court must hold a hearing to determine whether pretrial diversion shall be terminated.

(c) If the court finds that the defendant is not meaningfully engaging in the recommended treatment or services, the court must schedule the matter for further proceedings.

(d) If the defendant has successfully completed pretrial diversion, including substantial engagement with assessment recommended treatment, or services, at the end of that period, the charge or charges under RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) must be dismissed.

**NEW SECTION. Sec. 11.** A new section is added to chapter 69.50 RCW to read as follows:

(1) Prior to sentencing any person convicted of violating RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c), the court shall inform the person that under federal law it is unlawful for any person who is an unlawful user of or addicted to any controlled substance to ship or transport in interstate or foreign commerce, or possess in or affecting commerce, any firearm or ammunition, or to receive any firearm or ammunition which has been shipped or transported in interstate or foreign commerce.

(2) In courts of limited jurisdiction, if an individual who is convicted of a violation of RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) agrees as a condition of probation to obtain a substance use disorder assessment and participate in any recommended treatment or services, the court shall sentence the individual to a term of confinement of up to 90 days, all of which shall be suspended for a period not to exceed one year.

(3) For individuals sentenced under subsection (2) of this section, if a suspended sentence is imposed, the court may order as a condition of probation the individual to obtain a substance use

disorder assessment and participate in any recommended treatment or services.

(a) The state shall assist the defendant in scheduling a substance use disorder evaluation or expedited assessment within seven days of the defendant's agreement to obtain an assessment and participate in any recommended treatment or services. The substance use disorder evaluation shall be provided at no expense to defendants who qualify for public defense services or who are found to be indigent by the court. The evaluation shall be provided at a location that is accessible to the defendant. When necessary and to the extent reasonably possible, the court shall provide the defendant with a list of available local resources to assist the defendant with securing transportation to the substance use disorder evaluation. The court may contract with a third party to provide substance use disorder assessments and services, which may be collocated at the court or be provided at alternative locations. The state shall reimburse local courts for costs associated with the substance use disorder assessments under this subsection.

(b) A substance use disorder assessment shall be prepared by a substance use disorder services or counseling program licensed or certified by the department of health. A copy of the report shall be forwarded to the court and filed under seal. Based on the assessment, the court shall determine whether the person shall be required to complete a course in an alcohol and drug information school licensed or certified by the department of health or more sustained services provided by a licensed behavioral health care provider, peer counseling program, or other case management program.

(c) Once the assessment has been filed with the court, if the report indicates the individual has a substance use disorder, the court shall inform the individual that under federal law the individual may not possess any firearm or ammunition. The court shall thereafter sign an order of ineligibility to possess firearms as required by RCW 9.41.800.

(d) The assessment shall include the following:

(i) Available background on the defendant's circumstances, barriers, and past service history, if any;

(ii) Nature of barriers and challenges;

(iii) Recommendations for services available in the individual's community that are likely to work with the individual and provide relevant support;

(iv) A statement of unavailability if there are no known suitable services presently available in the individual's community that would meaningfully assist the individual; and

(v) Approximate cost of the services if not publicly provided.

(4) A person subject to substance use disorder assessment and treatment or services shall be required by the court to complete a course in an alcohol and drug information school certified by the department of health or to more sustained services provided by a licensed behavioral health care provider, peer counseling

program, or other case management program, as determined by the court.

(5) All individuals providing assessments under this section shall implement the integrated and comprehensive screening and assessment process for co-occurring substance use and mental health disorders adopted under RCW 71.24.630.

(6) If the court directs a service plan after receiving an individual's assessment, the court shall confirm with the individual's indicated service provider that the service provider consents to providing the court with occasional updates on the individual's progress on a schedule acceptable to the court. The updates must be provided at least monthly.

(7) Subject to the availability of funds appropriated for this purpose, the substance use disorder assessment and recommended treatment or services as ordered by the court shall be provided at no cost for sentenced individuals who have been found to be indigent by the court.

(8) As a condition of probation, the sentenced individual must meaningfully engage with the treatment or services recommendations of the substance use disorder assessment.

(9)(a) If it appears to the prosecuting attorney that the sentenced individual is not meaningfully engaging in the recommended treatment or services, the prosecuting attorney shall make a motion for a hearing to consider sanctions. After notice to the sentenced individual, the court shall hold a hearing to determine if a sanction or revocation of the individual's suspended sentence, or any part thereof, is warranted under RCW 3.50.340 or 3.66.069.

(b) The court may not sanction an individual for failing to comply with the recommended treatment or services if the court finds the sentenced individual has made reasonable efforts to comply with the recommended treatment but cannot comply either due to a lack of available treatment or services or, for sentenced individuals found to be indigent by the court, due to a lack of funding for treatment or services.

(c) At the hearing, if the court finds by a preponderance of the evidence that the sentenced individual has willfully abandoned or demonstrated a consistent failure to meaningfully participate in the recommended treatment or services, the court shall use its discretion in determining an appropriate sanction.

(10) If the individual has successfully completed the recommended treatment or services, the individual must file proof of successful completion with the court. Upon verification that the individual successfully completed the recommended treatment or services, the court must terminate probation and enter an order vacating the individual's conviction.

**Sec. 12.** RCW 9.96.060 and 2022 c 16 s 7 are each amended to read as follows:

(1) When vacating a conviction under this section, the court effectuates the vacation by: (a) (i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if

the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) Every person convicted of a misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the requirements of this subsection, the court may in its discretion vacate the record of conviction. Except as provided in subsections (3), (4), ~~((and))~~ (5), and (6) of this section, an applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) The applicant has not completed all of the terms of the sentence for the offense;

(b) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal or tribal court, at the time of application;

(c) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(d) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(e) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses), except for failure to register as a sex offender under RCW 9A.44.132;

(f) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family or household member against another or by one intimate partner against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has two or more domestic violence convictions stemming from

different incidents. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(g) For any offense other than those described in (f) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(h) The offender has been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application; or

(i) The applicant is currently restrained by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party or was previously restrained by such an order and was found to have committed one or more violations of the order in the five years prior to the vacation application.

(3) If the applicant is a victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence as defined in RCW 9.94A.030, or the prosecutor applies on behalf of the state, the sentencing court may vacate the record of conviction if the application satisfies the requirements of RCW 9.96.080. When preparing or filing the petition, the prosecutor is not deemed to be providing legal advice or legal assistance on behalf of the victim, but is fulfilling an administrative function on behalf of the state in order to further their responsibility to seek to reform and improve the administration of criminal justice. A record of conviction vacated using the process in RCW 9.96.080 is subject to subsections ~~((6) and)~~ (7) and (8) of this section.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Every person convicted of a misdemeanor cannabis offense, who was ~~((twenty-one))~~ 21 years of age or older at the time of the offense, may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. A misdemeanor cannabis offense includes, but is not limited to: Any offense under RCW 69.50.4014, from July 1, 2004, onward, and its predecessor statutes, including RCW 69.50.401(e), from March 21, 1979, to July 1, 2004, and RCW 69.50.401(d), from May 21, 1971, to March 21, 1979, and any offense under an equivalent municipal ordinance. If an applicant qualifies under this subsection, the court shall vacate the record of conviction.

(6) If an individual convicted of a violation or violations of RCW 69.50.4011(1)(b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2)(b) or (c) successfully completes a substance use disorder treatment or services program and files proof of completion with the court, the prosecutor shall make a motion to vacate the individual's conviction or convictions. Upon verification that the individual successfully completed the substance use disorder treatment program, the court shall grant the motion and vacate the conviction or convictions.

(7) A person who is a family member of a homicide victim may apply to the sentencing court on the behalf of the victim for vacation of the victim's record of conviction for prostitution under RCW 9A.88.030. If an applicant qualifies under this subsection, the court shall vacate the victim's record of conviction.

~~((47))~~ (8) (a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, a protected party's person, or a protected party's vehicle (RCW 10.99.040, 10.99.050, 26.09.300, 26.26B.050, 26.44.063, 26.44.150, or 26.52.070, or any of the former RCW 26.50.060, 26.50.070, 26.50.130, and 74.34.145); (ii) stalking (RCW 9A.46.110); or (iii) a domestic violence protection order or vulnerable adult protection order entered under chapter 7.105 RCW. A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(c) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a present recidivist offense as defined in RCW 9.94A.030 occurring on or after July 28, 2019.

~~((9))~~ (9) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

~~((9))~~ (10) For the purposes of this section, "cannabis" has the meaning provided in RCW 69.50.101.

(d) For the purpose of this section, "harm reduction programs" means programs that emphasize working directly with people who use drugs to prevent overdose and infectious disease transmission, improve the physical, mental, and social well-being of those served, and offer low threshold options for accessing substance use disorder treatment and other services.

(c) Not discriminate in its licensing or certification decision on the basis of the corporate structure of the applicant;

(d) Consider the size of the population in need of treatment in the area in which the program would be located and license or certify only applicants whose programs meet the necessary treatment needs of that population;

(e) Consider the availability of other certified opioid treatment programs near the area in which the applicant proposes to locate the program;

This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or to be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals, as indicated in RCW 82.32.808(2)(e).

(3) By exempting property used by nonprofit organizations maintaining approved recovery residences, it is the legislature's specific public policy objective to maximize funding for recovery residences to the extent possible, thereby increasing availability of such residences.

(4) To measure the effectiveness of the tax exemption provided in section 20 of this act in achieving the specific public policy objectives described in subsection (3) of this section, the joint legislative audit and review committee must evaluate:

(b) The number of individuals using recovery housing located on property qualifying for the exemption under section 20 of this act has increased; and

(c) The amount charged for recovery housing is reasonably consistent with the actual cost of operating and maintaining the housing.

(6) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to:

If possible, the health care authority must leverage and interact with existing platforms already in use in efforts funded

by the authority. The health care authority must establish a quality assurance process for behavioral health administrative services organizations, and employ data validation for fields in the data collection workbook. The health care authority must engage and consult with the law enforcement assisted diversion national support bureau on data integration approaches, platforms, quality assurance protocols, and validation practices.

Prime Sponsor, Ways & Means: Creating the profession of certified peer specialists. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that peers play a critical role along the behavioral health continuum of care, from outreach to treatment to recovery support. Peers deal in the currency of hope and motivation and are incredibly adept at supporting people with behavioral health challenges on their recovery journeys. Peers represent the only segment of the behavioral health workforce where there is not a shortage, but a surplus of willing workers. Peers, however, are presently limited to serving only medicaid recipients and working only in community behavioral health agencies. As a result, youth and adults with commercial insurance have no access to peer services. Furthermore, peers who work in other settings, such as emergency departments and behavioral health urgent care, cannot bill insurance for their services.

(2) Therefore, it is the intent of the legislature to address the behavioral health workforce crisis, expand access to peer services, eliminate financial barriers to professional licensing, and honor the contributions of the peer profession by creating the profession of certified peer specialists.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this

chapter unless the context clearly requires otherwise.

(1) "Advisory committee" means the Washington state certified peer specialist advisory committee established under section 4 of this act.

(2) "Approved supervisor" means:

(a) Until July 1, 2028, a behavioral health provider, as defined in RCW 71.24.025 with at least two years of experience working in a behavioral health practice that employs peer specialists as part of treatment teams; or

(b) A certified peer specialist who has completed:

(i) At least 1,500 hours of work as a fully certified peer specialist engaged in the practice of peer support services, with at least 500 hours attained through the joint supervision of peers in conjunction with another approved supervisor; and

(ii) The training developed by the health care authority under section 13 of this act.

(3) "Certified peer specialist" means a person certified under this chapter to engage in the practice of peer support services.

(4) "Certified peer specialist trainee" means an individual working toward the supervised experience and written examination requirements to become a certified peer specialist under this chapter.

(5) "Department" means the department of health.

(6) "Practice of peer support services" means the provision of interventions by either a person in recovery from a mental health condition or substance use disorder, or both, or the parent or legal guardian of a youth who is receiving or has received behavioral health services. The client receiving the interventions receives them from a person with a similar lived experience as either a person in recovery from a mental health condition or substance use disorder, or both, or the parent or legal guardian of a youth who is receiving or has received behavioral health services. The person provides the interventions through the use of shared experiences to assist a client in the acquisition and exercise of skills needed to support the client's recovery. Interventions may include activities that assist clients in accessing or engaging in treatment and in symptom management; promote social connection, recovery, and self-advocacy; provide guidance in the development of natural community supports and basic daily living skills; and support clients in engagement, motivation, and maintenance related to achieving and maintaining health and wellness goals.

(7) "Secretary" means the secretary of health.

**NEW SECTION. Sec. 3.** In addition to any other authority, the secretary has the authority to:

(1) Adopt rules under chapter 34.05 RCW necessary to implement this chapter;

(2) Establish all certification, examination, and renewal fees for certified

(6) Establish practice parameters consistent with the definition of the practice of peer support services;

(7) Provide staffing and administrative support to the advisory committee;

(8) Determine which states have credentialing requirements equivalent to those of this state, and issue certificates to applicants credentialed in those states without examination;

A person may not use the title certified peer specialist unless the person holds a credential under this chapter.

**NEW SECTION. Sec. 6.** Nothing in this chapter may be construed to prohibit or restrict:

(1) An individual who holds a credential issued by this state, other than as a certified peer specialist or certified peer specialist trainee, to engage in the practice of an occupation or profession without obtaining an additional credential from the state. The individual may not use the title certified peer specialist unless the individual holds a credential under this chapter; or

(2) The secretary, with the recommendation of the advisory committee, shall establish criteria for the issuance of a certificate to engage in the practice of peer support services based on prior experience as a peer specialist attained before July 1, 2025. The criteria shall establish equivalency standards necessary to be deemed to have met the requirements of subsection (1) of this section. An applicant under this subsection shall have until July 1, 2026, to complete any standards in which the applicant is determined to be deficient.

(3) The secretary, with the recommendation of the advisory committee, shall issue a certificate to engage in the practice of peer support services based on completion of an apprenticeship program registered and approved under chapter 49.04 RCW and reviewed by the advisory committee under section 3 of this act.

The education course must be offered by the authority with sufficient frequency to accommodate the demand for training and the needs of the workforce. The authority must establish multiple configurations for offering the education course, including offering the course as an uninterrupted course with longer class hours

held on consecutive days for students seeking accelerated completion of the course and as an extended course with reduced daily class hours, possibly with multiple days between classes, to accommodate students with other commitments. The authority must contract for this program with an organization that provides peer workforce development, peer coaching, and other peer supportive services. The contract must require the organization to create and maintain a statewide database which is easily accessible to eligible persons in recovery who are seeking employment as peers and potential employers seeking to hire peers, including certified peer specialists. The program must be fully implemented by July 1, 2024.

**Sec. 19.** RCW 18.130.175 and 2022 c 43 s 10 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of an applicable impairing or potentially impairing health condition, the disciplining authority may refer the license holder to a physician health program or a voluntary substance use disorder monitoring program approved by the disciplining authority.

The cost of evaluation and treatment shall be the responsibility of the license

holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Evaluation and treatment shall be provided by providers approved by the entity or the commission. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the physician health program or voluntary substance use disorder monitoring program shall be done only with the consent of the license holder. Referral to the physician health program or voluntary substance use disorder monitoring program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the applicable program, determines the license holder is able to practice safely. (2) In addition to approving the physician health program or the voluntary substance use disorder monitoring program that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their impairing or potentially impairing health condition, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The physician health program or voluntary substance use disorder program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) Program records including, but not limited to, case notes, progress notes, laboratory reports, evaluation and treatment records, electronic and written correspondence within the program, and between the program and the participant or other involved entities including, but not limited to, employers, credentialing bodies, referents, or other collateral sources, relating to license holders referred to or voluntarily participating in approved programs are confidential and exempt from disclosure under chapter 42.56 RCW and shall not be subject to discovery by subpoena or admissible as evidence except:

(a) To defend any civil action by a license holder regarding the restriction or revocation of that individual's clinical or staff privileges, or termination of a license holder's employment. In such an action, the program will, upon subpoena issued by either party to the action, and upon the requesting party seeking a protective order for the requested disclosure, provide to both parties of the action written disclosure that includes the following information:

(i) Verification of a health care professional's participation in the physician health program or voluntary substance use disorder monitoring program as it relates to aspects of program involvement at issue in the civil action;

(ii) The dates of participation;

(iii) Whether or not the program identified an impairing or potentially impairing health condition;

(iv) Whether the health care professional was compliant with the requirements of the physician health program or voluntary substance use disorder monitoring program; and

(v) Whether the health care professional successfully completed the physician health program or voluntary substance use disorder monitoring program; and

(b) Records provided to the disciplining authority for cause as described in subsection (3) of this section. Program records relating to license holders mandated to the program, through order or by stipulation, by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, must be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section are exempt from chapter 42.56 RCW and are not subject to discovery by subpoena except by the license holder.

(5) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(6) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this

section, and applies to both license holders and students and trainees when students and trainees of the applicable professions are served by the program. The persons entitled to immunity shall include:

In preparing reports under this subsection, the commissioner shall not demand additional data or information from insurers under RCW 48.02.060 or 48.37.040.

(b) The commissioner's first report must be delivered to the legislature no later than September 1, 2024, and include the information required under this subsection (8) for new property insurance policies issued between August 1, 2023, and August 1, 2024.
