HOUSE BILL NO. 1279, by Representatives Pollet, Leavitt, Doglio, Reed and Simmons

Providing postsecondary education consumer protections.

The bill was read the second time.

With the consent of the House, amendment (115) was withdrawn.

Representative Pollet moved the adoption of amendment (248):

On page 1, after line 4, insert the following:

"NEW SECTION. Sec. The legislature finds that the Washington state attorney general and the attorneys general of 24

other states and the District of Columbia have found that online or distance education entities pose unique risks to student consumers. These risks may harm both students and the taxpayers in students' home states. The Washington state attorney general, along with the attorneys general of 24 other states and the District of Columbia, have urged the national council for the state authorization reciprocity agreement to reform the standards of state authorization reciprocity agreements. The national council for state authorization reciprocity agreements is not directly accountable to participating states and has had significant potential for conflict of interest.

According to the joint letter from the offices of the attorneys general, the national council for state authorization reciprocity agreements' current policies "do not adequately guard against the unique risks that arise from distance learning. For instance, NC-SARA's policy prohibiting member states from enforcing education-specific consumer protection laws against out-of-state NC-SARA participating schools undermines our Offices' and other state agencies' ability to protect students in our states. It also creates a two-tiered system of protection, in which students attending NC-SARA-participating schools receive the benefit of fewer consumer protection laws than students attending schools based in our state or attending schools that do not participate in NC-SARA. This incentivizes NC-SARA participating schools to locate in states with weaker education-specific consumer protection laws, such as financial protections in the event of unanticipated closure, to avoid having to comply with more student-protective laws. Our conversations with some of the representatives of state entities that enforce NC-SARA rules showed that they share this concern."

The legislature finds that Washington has led the western interstate commission for higher education to adopt proposed reforms to state authorization reciprocity agreements and intends to encourage the student achievement council and the western interstate commission for higher education to continue this effort through this act.

It is the objective of the legislature to ensure that the state authorization reciprocity agreement is reformed to recognize that student consumer protections adopted through legislation or rule in Washington protect all students residing in Washington through the adoption of this act while providing institutions domiciled in Washington the benefits of reciprocal approval or authorization to offer programs in other states after meeting Washington's rigorous review and approval or authorization standards.

The legislature does not intend for this act to imply that the existing legislatively adopted student consumer protections do not provide protection to students in Washington while Washington engages in efforts to reform the state authorization reciprocity agreement."

Renumber the remaining sections consecutively and correct any internal references accordingly.

On page 2, line 18, after "that" insert ", beginning July 1, 2028,"

On page 3, line 23, after "(3)" insert "(a) If the governing council of state authorization reciprocity agreements has not amended its bylaws and policies to provide student consumer protections equivalent to those established in this act by July 1, 2028, the student achievement council shall undertake a review of continuing participation in state authorization reciprocity agreements and may initiate alternative arrangements with individual states or groups of states. The student achievement council shall determine whether the governing council's bylaws and policies provide equivalent protections."

(b) By December 31, 2026, the student achievement council shall report, in compliance with RCW 43.01.036, to the appropriate committees of the legislature on whether the governing council of state authorization reciprocity agreements has amended its bylaws and policies, or is likely to amend its bylaws and policies, by July 1, 2028.

(c) If the student achievement council determines that the bylaws and policies of state authorization reciprocity agreements do not provide for such equivalent student consumer protections, then the student achievement council shall establish a process for administering interstate reciprocity agreements for distance education outside of state authorization reciprocity agreements and for facilitating a smooth transition of the administration by July 1, 2028.

(4)"

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to provide for the safe, efficient, and reliable transmission and distribution of electric power at affordable rates. Preparation for and response to wildfire risk is an increasingly important element of planning conducted by electric utilities. Proper preparation is crucial to position electric utilities to respond to wildfire risk. It is essential to make sure these risks are addressed, as needed, but also within appropriate cost parameters to keep electric power affordable to the public. This legislation is designed to direct the prudent use of resources by electric utilities to mitigate and respond to wildfire risk within costs that can be justified as fair, just, and reasonable in order to balance wildfire risk with affordable electric rates. This act relates to planning only and shall not be construed to create or alter any cause of action or alter the burden of proof in any cause of action.

NEW SECTION. Sec. 2. A new section is added to chapter 80.28 RCW to read as follows:

(1)(a) Each electrical company must file a wildfire mitigation plan with the commission as soon as practicable after the effective date of this section, unless the company has previously filed a wildfire mitigation plan with the commission prior to the effective date of this section. An electrical company that has previously filed a wildfire plan with the commission must file a plan update as soon as practicable after the effective date of this section. To the extent practicable, a company should try to align the timing of filing a plan and

plan updates with the filing of a multiyear rate plan under RCW 80.28.425. The company shall update a plan no less frequently than every three years. The company shall provide a copy of its wildfire mitigation plan and updates to the department of natural resources and the utility wildland fire prevention advisory committee created in RCW 76.04.780 in the format prescribed under RCW 76.04.185 to be posted on the committee's website.

(b) Nothing in this subsection prohibits an electrical company from updating its wildfire mitigation plan more often than required under subsection (1)(a) of this section.

(2) The commission, after holding at least one public workshop and a hearing, must by order approve, reject, or approve with conditions, an electrical company's wildfire mitigation plan within 120 days or plan update within 90 days of the filing of such plan or plan update. The commission may, in its order, recommend or require additional elements or practices to be included in the company's plan. The commission may, in approving with conditions the plan or plan update, make modifications to the plan or plan update that the commission reasonably finds represent a reasonable balancing of mitigation costs with the resulting reduction of wildfire risk. The commission shall issue an order explaining any modifications at the time the plan or plan update is approved. In evaluating a plan or plan update, the commission may consult with and consider information from federal, tribal, state, or local governmental entities, utilities, industry organizations, and groups representing utility customers. The commission shall describe the nature of its consultations with third parties in its order approving or approving with conditions a plan or plan update.

(3) The commission must adopt rules to implement this section. The rules must:

(a) Provide that a workshop be held pursuant to subsection (2) of this section that will involve local fire protection districts, utilities, affected landowners, and groups representing utility customers; and

(b) Include, but need not be limited to, procedures and standards regarding vegetation management, including guidelines for determining fair market landowner compensation when appropriate, public safety power shutoffs and service restoration, pole materials, circuitry, and monitoring systems.

(4) The commission is not liable for an electrical company's implementation of its wildfire mitigation plan. There is no liability on the part of, and no cause of action of any nature may arise against, the state, commission, commissioners, commission staff, or commission representatives, agents, or consultants for the death of or injury to persons, or property damage, for any action taken by them in the performance of their powers and duties exercised under this section.

Sec. 3. RCW 80.24.010 and 2024 c 351 s 13 are each amended to read as follows:

(1) Every public service company subject to regulation by the commission shall, on or before the date specified by the commission for filing annual reports under RCW 80.04.080, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year or portion thereof and pay to the commission a fee equal to one-tenth of one percent of the first \$50,000 of gross operating revenue, plus four-tenths of one percent of any gross operating revenue in excess of \$50,000, except that a large combination utility as defined in RCW 80.86.010 shall pay a fee equal to ~~((0.001))~~ 0.1 percent of the first \$50,000 of gross operating revenue, plus ~~((0.005))~~ 0.5 percent of any gross operating revenue in excess of \$50,000: PROVIDED, That the commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by rule waive any or all of the minimum fee established pursuant to this ~~((section))~~ subsection (1).

(2) The percentage rates of gross operating revenue to be paid in any year may be decreased by the commission for any class of companies subject to the payment of such fees, by general order entered before March 1st of such year, and for such purpose such companies shall be classified as follows: Electrical, gas, water, telecommunications, and irrigation companies shall constitute class one. Every other company subject to regulation by the commission, for which regulatory fees are not otherwise fixed by law shall pay fees as herein provided and shall constitute additional classes according to kinds of businesses engaged in.

(3) The commission shall collect a reasonable fee from an electrical company in addition to the fee in subsection (1) of this section for the purposes of section 2 of this act.

(4) Any payment of the fee imposed by subsection (1) of this section made after its due date shall include a late fee of two percent of the amount due. Delinquent fees shall accrue interest at the rate of one percent per month.

NEW SECTION. Sec. 4. RCW 80.28.440 (Wildfire mitigation plan—Review/revision) and 2023 c 132 s 3 are each repealed.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."
