TAILOR **LUXRY** MADE

"The Capitol"

## Selected by *the* State

**A** GAIN the leadership of LUXRY Tailor Made Upholstered Furniture is evidenced in its choice to furnish the new Washington State Capitol at Olympia. In competition with manufacturers from all parts of America, with quality of construction as the test, The Washington Furniture Manufacturing Company was chosen to make sixty of these comfortable davenport.

These pieces are of the regular high-grade LUXRY construction, upholstered in genuine, hand-buffed leather. The selection of this type of construction for furniture which is subject to the constant wear of public service is a strong testimonial to its strength and endurance. These same qualities will appeal to your customers in selecting upholstered furniture for their homes.
