Pension Funding Stabilization Account--State Appropriation . . . . .	\$646,000
TOTAL APPROPRIATION . . . . .	\$8,306,800,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(4) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is equivalent to the benefit provided in the 2003-05 biennium.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments.

(6) \$1,111,000 of the health services account appropriation for fiscal year 2008, \$1,110,000 of the health services account appropriation for fiscal year 2009, \$5,402,000 of the general fund--federal appropriation, \$1,590,000 of the general fund--state appropriation for fiscal year 2008, and \$1,591,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$10,546,000 of the health services account appropriation for fiscal year 2008, \$10,546,000 of the health services account--state appropriation for fiscal year 2009, and \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2007-2009 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit a report to the governor and legislature by November 1, 2007, which evaluates whether savings continue to exceed costs for this program. If the certified public expenditures program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2008 and fiscal year 2009, hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment

allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount that is the total of (a) the total payment for claims for services rendered during the fiscal year calculated according to the methodology employed by the legislature in the omnibus appropriations act for implementation in fiscal year 2008 and (b) disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 that pertain to fiscal year 2005. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and is subject to an interim cost settlement within eleven months after the end of the fiscal year. A final cost settlement shall be performed within two years after the end of the related fiscal year. To the extent that a final cost settlement determines that a hospital has received funds in excess of what it would have received under the methodology in place in fiscal year 2008 as described in this subsection, the hospital must repay these amounts to the state when requested. \$74,477,000 of the general fund--state appropriation for fiscal year 2008, of which \$6,570,000 is appropriated in section 204(1) of this act and the balance in this section, and \$70,668,000 of the general fund--state appropriation for fiscal year 2009, of which \$6,570,000 is appropriated in section 204(1) of this act and the balance in this section, are provided solely for state grants for the participating hospitals.

(9) \$7,314,000 of the general fund--state appropriation for fiscal year 2008, \$7,800,000 of the general fund--state appropriation for fiscal year 2009, and \$48,995,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The amounts are conditioned on the department satisfying the requirements of section 902 of this act.

(10) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(11) The medical assistance administration is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the administration determines it is cost-effective to do so.

(12) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(13) The department shall, within available resources, continue operation of the medical care services care management pilot project for clients receiving general assistance benefits in King and Pierce counties. The project may use a full or partial capitation model that includes a mechanism for shared savings.

(14) \$341,000 of the health services account appropriation for fiscal year 2008, \$1,054,000 of the health services account appropriation for fiscal year 2009, and \$1,461,000 of the general fund--federal appropriation are provided solely to implement Substitute Senate Bill No. 5305 (foster care youth medical). If the bill is not enacted by June 30, 2007, the amounts provided in this subsection shall lapse.

(15) \$6,529,000 of the general fund--state appropriation for fiscal year 2008 and \$6,651,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to provide full benefit dual eligible beneficiaries with medicare part D prescription drug copayment coverage in accordance with chapter 3, Laws of 2007 (part D copayment drug program).

(16) The department shall conduct a study to determine the financial impact associated with continuing to cover brand name medications versus the same medication in its generic form. The study shall account for all rebates paid to the state on each product studied up until the point where the generic form is less expensive, net of federally required rebates. A report is due to the legislative fiscal committees by December 1, 2007.

(17) \$198,000 of the general fund--state appropriation for fiscal year 2008 and \$268,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the first two years of a four-year project by the Seattle-King county health department to improve management of symptoms and reduce complications related to asthma among medicaid eligible children. The department shall contract with the Seattle-King county health department to have trained community health workers visit medicaid eligible children in their homes to identify and reduce exposure to asthma triggers, improve clients' self-management skills, and coordinate clients' care with their primary care and specialty providers. The contract shall include an evaluation of the impact of the services provided under the contract on urgent physician's visits, emergency room utilization, and inpatient hospitalization.

(18) \$750,000 of the general fund--state appropriation for fiscal year 2008 and \$250,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for development and implementation of an outreach program as provided in accordance with chapter 5, Laws of 2007 (Second Substitute Senate Bill No. 5093). By December 15, 2007, the department shall provide a report to the appropriate committees of the legislature on the progress of implementing the following activities:

- (a) Feasibility study and implementation plan to develop online application capability that is integrated with the department's automated client eligibility system;
- (b) Development of data linkages with the office of superintendent of public instruction for free and reduced price lunch enrollment information and the department of early learning for child care subsidy program enrollment information;

- (d) Outreach contracts with local governmental entities, community based organizations, and tribes;
- (e) Results of data sharing with outreach contractors, and other contracted entities such as local governments, community-based organizations, tribes, health care providers, and insurers to engage, enroll, and reenroll identified children;

- (g) Plans for sustaining outreach programs proven to be successful.

(19) \$640,000 of the general fund--state appropriation for fiscal year 2008 and \$616,000 of the general fund--state appropriation for fiscal year 2009 are provided solely to:

(a) Pay the premiums associated with enrollment in a medicare advantage plan for those full benefit dual eligible beneficiaries, as defined in RCW 74.09.010, who were enrolled on or before November 14, 2006 in a medicare advantage plan sponsored by an entity accredited by the national committee for quality assurance and for whom the department had been paying Part C premium as of November 2006, as well as any persons who age in or otherwise qualify for continuous enrollment in such a plan on or after November 2006; and

(b) Undertake, directly or by contract, a study to determine the cost-effectiveness of paying premiums for enrollment of full benefit dual eligible beneficiaries in medicare advantage plans in lieu of paying full benefit dual eligible beneficiaries' medicare cost-sharing. The study shall compare the cost and health outcomes experience, including rates of nursing home placement and costs for groups of full benefit dual eligible beneficiaries who are enrolled in medicare advantage plans, in medicare special needs plan or in medicare fee-for-service. The study shall compare the health status and utilization of health and long-term care services for the three groups, and the impact of access to a medical home and specialty care, over a period of two years to determine any differences in health status, health outcomes, and state expenditures that result. The department shall submit the results of the study to the governor and the legislature on or before December 1, 2009. The department is authorized to accept private cash and in-kind donations and grants to support the study and evaluation.

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. General Fund--State Appropriation (FY 2008) . . . . .	\$548,413,000
General Fund--State Appropriation (FY 2009). . . . .	\$566,972,000
General Fund--Federal Appropriation. . . . .	\$435,735,000
TOTAL APPROPRIATION. . . . .	\$1,551,120,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) All districts shall use the excess cost methodology first developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2007-08 and 2008-09 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$30,690,000 of the general fund--state appropriation and \$29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

- (a) One staff from the office of superintendent of public instruction;
- (b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(11) Pursuant to Engrossed Second Substitute Senate Bill No. 5841 (enhancing student learning opportunities), the office of superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process. The safety net oversight committee shall study the excess cost accounting method and explore options for a possible replacement, including an option that reflects the full amount of special education funding and the legislative direction to ensure that as a class, special education students are entitled to the full basic education allocation.

(12) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(14) \$50,000 of the general fund--state appropriation for fiscal year 2008, \$50,000 of the general fund--state appropriation for fiscal 2009, and \$100,000 of the general fund--federal appropriation shall be expended to support a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center.

(15) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(16) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(19) \$262,000 of the general fund--state appropriation for fiscal year 2008 and \$251,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

**PART XI  
HUMAN SERVICES**

**Sec. 1101.** 2006 c 372 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.** (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal

committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2006))~~ 2007, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ~~((2006))~~ 2007 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2006))~~ 2007 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose, other than family support appropriations for the developmental disabilities program in section 205(1)(e) of this act and family reconciliation services appropriations for the children and family services program in section 202(20) of this act, after approval by the director of financial management.

(c) The department shall not transfer funds, ~~((and the director of financial management shall not approve the transfer,))~~ unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds ~~((and not federal funds))~~. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(4) The department is authorized to expend up to \$4,700,000 of its general fund--state appropriation for fiscal year 2007 for any reductions in federal funding in fiscal year 2006 for targeted case management services for children who are in the care of the state. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications under this subsection.

(5) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington Medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2005-2007 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the Medicaid and Medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(6) In accordance with RCW 74.39A.300, the appropriations to the department of social and health services in this act are sufficient to implement the compensation and fringe benefits of the collective bargaining agreement reached between the governor and the exclusive bargaining representative of individual providers of home care services.

	\$6,100,000
TOTAL APPROPRIATION.....	(\$889,632,000)
	\$883,129,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$103,400,000 of the general fund--state appropriation for fiscal year 2006 is provided solely for persons and services not covered by the medicaid program. The department shall distribute this amount among the regional support networks according to a formula that, consistent with RCW 71.24.035(13), assures continuation of fiscal year 2003 levels of nonmedicaid service in each regional support network area for the

following service categories in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance. The formula shall also ensure that each regional support network's combined state and federal allocation is no less than the amount it was due under the fiscal year 2005 allocation methodology. The remaining amounts shall be distributed based upon a formula that incorporates each regional support network's percentage of the state's population.

(b) \$100,959,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for persons and services not covered by the medicaid program. Consistent with RCW 71.24.035(13), these funds shall be distributed proportional to each regional support network's percentage of the total state population.

(c) (~~(\$10,882,000)~~) \$10,512,000 of the general fund--state appropriation for fiscal year 2007 and (~~(\$10,922,000)~~) \$10,550,000 of the general fund--federal appropriation are provided solely to increase medicaid capitation rates (i) by three and one-half percent, for regional support networks whose fiscal year 2006 capitation rates are above the statewide population-weighted average; and (ii) to the statewide population-weighted average, for regional support networks whose fiscal year 2006 capitation rates are below that level. Regional support networks may elect to receive all or a portion of the general fund--state share of the funding for which they qualify under this subsection (1)(c) as an increase in nonmedicaid rather than medicaid funding. Regional support networks choosing to obtain funding in this way must notify the department of their decision no later than June 1, 2006.

(d) (~~(\$359,000)~~) \$2,175,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to ensure that no regional support network's combined state and federal allocation is less than the amount it was due under the fiscal year 2006 allocation methodology.

(e) \$750,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for grants to hospitals that are unable to receive disproportionate share hospital funding due to the federal funding restrictions on "institutions for mental disease." These funds shall be allocated among eligible hospitals proportional to the amount the hospital would have received from the disproportionate share hospital grants funded under section 209 of this 2006 act if the federal funding restriction were not in effect.

(f) \$85,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for a contract with the national alliance for the mentally ill of greater Seattle to assist people who are recovering from a major mental illness to participate in development of a group residence for women.

(g) \$2,825,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to refund to regional support networks fifty percent of the "liquidated damages" amount that was withheld from payments to the regional support network during fiscal years 2002 through 2005 because the regional support network used more than its allocated number of state hospital days of care. The payments directed in this subsection (1)(g) are contingent upon agreement by the regional support network that the funds shall be used only for mental health services. The payments directed in this subsection do not apply to regional support networks to which such refunds have been directed by court order prior to the effective date of this 2006 act.

(h) The department shall refund to the regional support networks 100 percent of the "liquidated damages" that have been withheld from payments to the regional support network during fiscal year 2006 for periods prior to the effective date of this act. The payments directed in this subsection (1)(h) do not apply to regional support networks to which such refunds have been directed by court order prior to the effective date of this act.

(i) \$3,238,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for the department and regional support networks to contract for development and initial implementation of high-intensity program for active community treatment (PACT) teams, and other proven program approaches which the department concurs will enable the regional support network to achieve significant reductions during fiscal year 2008 and thereafter in the number of beds the regional support network would otherwise need to use at the state hospitals.

(j) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall average 222 per day throughout fiscal year 2007. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall average 727 during the first quarter of fiscal year 2007, 757 during the second quarter of fiscal year 2007, and 777 during the third and fourth quarters of fiscal year 2007. During fiscal year 2007, the department shall not separately charge regional support networks for use of state hospital beds for short-term commitments, or for persons served in the program for adaptive living skills (PALS), but the days of care provided for such commitments and in the PALS program shall count against the regional support network's state hospital allocation. The legislature intends to authorize separate charges for the PALS program beginning in January 2008.

(k) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(l) Within amounts appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services shall be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the required nonfederal share of the increased medicaid payment provided for operation of this project.

(m) \$3,100,000 of the general fund--state appropriation for fiscal year 2006 and \$3,375,000 of the general fund--state appropriation for fiscal year 2007 are provided solely to establish a base community psychiatric hospitalization payment rate. The base payment rate shall be \$400 per indigent patient day at hospitals that accept commitments under the involuntary treatment act, and \$550 per medicaid patient day at free-standing psychiatric hospitals that accept commitments under the involuntary treatment act. The department shall allocate these funds among the regional support networks to reflect projected expenditures at the enhanced payment level by hospital and region.

(n) At least \$902,000 of the federal block grant funding appropriated in this subsection shall be used for the continued operation of the mentally ill offender pilot program.

(o) \$5,000,000 of the general fund--state appropriation for fiscal year 2006 and \$5,000,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon mentally ill offenders' release from confinement. These amounts shall supplement, and not supplant, local or other funding or in-kind resources currently being used for these purposes. The department is authorized to transfer such amounts as are necessary, which are not to exceed \$418,000 of the general fund--state appropriation for fiscal year 2006 and \$418,000 of the general fund--state appropriation for fiscal year 2007, to the economic services program for the purposes of implementing section 12 of Engrossed Second Substitute House Bill No. 1290 (community mental health) related to reinstating and facilitating access to mental health services upon mentally ill offenders' release from confinement.

(p) \$1,500,000 of the general fund--state appropriation for fiscal year 2006 and \$1,500,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for grants for innovative mental health service delivery projects. Such projects may include, but are not limited

to, clubhouse programs and projects for integrated health care and behavioral health services for general assistance recipients. These amounts shall supplement, and not supplant, local or other funding currently being used for activities funded under the projects authorized in this subsection.

(q) The department is authorized to continue to expend federal block grant funds, and special purpose federal grants, through direct contracts, rather than through contracts with regional support networks; and to distribute such funds through a formula other than the one established pursuant to RCW 71.24.035(13).

(r) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(s) \$2,250,000 of the general fund--state appropriation for fiscal year 2006, \$2,250,000 of the general fund--state appropriation for fiscal year 2007, and \$4,500,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment. Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration. The funds are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(t) \$750,000 of the general fund--state appropriation for fiscal year 2006 and \$750,000 of the general fund--state appropriation for fiscal year 2007 are provided to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who have been discharged from the state hospitals. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(u) \$539,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to assist with the one-time start-up costs of two evaluation and treatment facilities. Funding for ongoing program operations shall be from existing funds that would otherwise be expended upon short-term treatment in state or community hospitals.

(v) \$550,000 of the general fund--state appropriation for fiscal year 2006 and \$150,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for enhancing rates to a facility that (i) is a licensed nursing home; (ii) is considered to be an "Institution for Mental Diseases" under centers for medicare and medicaid services criteria; (iii) specializes in long-term rehabilitation services for people with chronic mental illness who are chronically medically-compromised; and (iv) provides services to a minimum of 48 consumers funded by a regional support network. These amounts shall be provided in coordination with and under the auspices of a regional support network and shall enhance, and not supplant, other funding or in-kind resources currently being used for these purposes. These funds shall be used to cover costs incurred throughout fiscal year 2006 and fiscal year 2007 and ensure adequate compensation for extra medical care services, personal care services, and other incidental costs that are not fully covered in the current rate paid to the facility.

(w) \$450,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for the mental health division, in collaboration with the children's administration and the juvenile rehabilitation services administration, to establish a pilot program to provide evidence-based mental health services to children. The mental health service or services to be provided under the pilot program must be selected from a list of evidence-based service options developed by the department, in consultation with a broadly representative group of individuals with expertise in children's mental health.

(i) The program site shall be selected through a request for proposal (RFP) process, open to counties or groups of counties, and shall be operational by December 2006.

(ii) Pilot site proposals shall be required to include: A designated lead agency and a commitment to work with community partners, including consumer/family representatives and representatives of the local mental health, juvenile justice, and child welfare systems and, at the applicant's discretion, may also include representatives of other child-serving systems such as health care and education; identification of areas of potential need based upon input from community partners; identification of the service or services that the pilot site would implement based upon community needs and resources; and demonstration of a commitment to participate in efforts that will ensure adherence to the chosen evidence-based practices and evaluate outcomes of implementation of the evidence-based practices.

(iii) The department shall contract with the University of Washington school of medicine's department of psychiatry and behavioral sciences division of public behavioral health and justice to provide support and assistance in all phases of the pilot program, including initiating, implementing, training providers, providing quality assurance, and monitoring implementation and outcomes.

Pension Funding Stabilization Account--State Appropriation	\$138,000
TOTAL APPROPRIATION	<del>(\$1,113,747,000)</del>
	<u>\$1,129,487,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The entire health services account appropriation, \$151,000 of the general fund--state appropriation for fiscal year 2006, \$427,000 of the general fund--state appropriation for fiscal year 2007, and \$1,482,000 of the general fund--federal appropriation are provided solely for health care benefits for agency home care workers who are employed through state contracts for at least twenty hours a week. The state contribution to the cost of health care benefits per participating worker per month shall be no greater than \$449.00 in fiscal year 2006 and \$532.00 in fiscal year 2007.

(b) Individuals receiving family support or high school transition payments as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(c) \$516,000 of the general fund--state appropriation for fiscal year 2006, (~~(\$1,917,000)~~) \$3,432,000 of the general fund--state appropriation for fiscal year 2007, and (~~(\$2,433,000)~~) \$3,954,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(d) \$579,000 of the general fund--state appropriation for fiscal year 2006, (~~(\$1,735,000)~~) \$2,015,000 of the general fund--state appropriation for fiscal year 2007, and (~~(\$2,315,000)~~) \$2,597,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues. Funding in this subsection shall be prioritized for (i) clients being diverted or discharged from the state psychiatric hospitals; (ii) clients participating in the dangerous mentally ill offender program; (iii) clients participating in the community protection program; and (iv) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed (~~(\$300)~~) \$340. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

The department shall also provide a status report on the flexible family support pilot program, which shall include the following information: The number of applicants for funding; the total number of awards; the number and amount of both annual and one-time awards, broken down by household income levels; and the purpose of the awards.

TOTAL APPROPRIATION. . . . .	(( <del>\$7,709,386,000</del> ))
	<u>\$7,578,897,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(5) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is equivalent to the benefit provided in the 2003-05 biennium.

(6) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments.

(7) \$2,221,000 of the health services account appropriation, \$5,402,000 of the general fund--federal appropriation, \$1,590,000 of the general fund--state appropriation for fiscal year 2006, and \$1,591,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) \$21,092,000 of the health services account appropriation and \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(9) In response to the federal directive to eliminate intergovernmental transfer transactions effective June 30, 2005, the department is directed to implement the inpatient hospital certified public expenditures program for the 2005-07 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. Hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of each medicaid inpatient fee-for-service claim payable by the medical assistance administration; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Medicaid fee-for-service claim amounts shall be established by applying the department's ratio of costs to charges payment methodology. The department shall provide participating hospitals with the information and instructions needed by the hospital to certify the public expenditures required to qualify for the federal portions of both the medicaid inpatient fee-for-service payments and the disproportionate share hospital payments. In the event that any part of the program including, but not limited to, allowable certified public expenditures, is disallowed by the federal government, the department shall not seek recoupment of payments from the hospitals, provided the hospitals have complied with the directions of the department for participation in the program. The legislature intends that hospitals in the program receive no less in combined state and federal payments than they would have received under the methodology that was in place during fiscal year 2005. The department shall therefore make additional grant payments, not to exceed the amounts specified in this subsection, to hospitals whose total payments under the program would otherwise be less than the total state and federal payments they would have received under the methodology in effect during fiscal year 2005. Payments under these new state grant and upper payment limit programs shall not exceed \$54,054,000 from general fund--state appropriations in fiscal year 2006, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section: ~~((~~\$47,474,000~~))~~ \$76,527,000 from general fund--state appropriations in fiscal year 2007, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; and \$11,328,000 from the general fund--federal appropriations in this section.

(10) \$4,077,000 of the general fund--state appropriation for fiscal year 2006, ~~((~~\$4,847,000~~))~~ \$3,294,000 of the general fund--state appropriation for fiscal year 2007, and ~~((~~\$70,100,000~~))~~ \$57,565,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system.

(11) \$188,000 of the general fund--state appropriation for fiscal year 2006, \$37,000 of the general fund--state appropriation for fiscal year 2007, and \$225,000 of the general fund--federal appropriation are provided solely for the department to contract for an independent analysis of the medical assistance administration's current system for establishing hospital inpatient payment rates, and for recommendations on a new or updated system. The department shall submit an interim report of study findings by December 1, 2005, and a final report by November 15, 2006. The interim report shall include a comparison of the strengths and weaknesses of the current rate-setting system relative to those used by other state, federal, and private payers. The final report shall include recommendations on the design and implementation of a new or updated system that will promote equity among hospitals, access to quality care and improved health outcomes for patients, and cost-control and efficiency for taxpayers. The study should make use of complete and current cost data from a wide variety of hospitals, recognize unique aspects of hospital service delivery structures and medicaid payment systems in Washington, recognize impacts on productivity and quality of care that may result from hospital compensation, recruitment, and retention policies, and provide opportunities for comment and participation by key interest groups in the identification and assessment of alternatives.

(12) Payment rates for hospital inpatient and outpatient services shall be increased by an average of 1.3 percent effective July 1, 2005, and by an average of an additional 1.3 percent effective July 1, 2006. The inpatient increases shall be provided only on the portion of a hospital's rate that excludes medical education and outlier costs, and shall be allocated so that hospitals with lower costs of care (excluding medical education and outlier costs) receive larger percentage increases than those with higher costs of care. The inpatient increases shall be allocated in three percentage increments, with the lowest-cost hospitals receiving the largest percentage rate increase, highest-cost hospitals receiving the smallest percentage increase, and medium-cost hospitals receiving the average of the highest and the lowest percentage rate increase.

Increases shall not be provided to those hospitals that are certified as critical access. Sufficient funds are appropriated in this section for Healthy Options contractors to increase hospital payment rates commensurate with the increases in fee-for-service payment rates.

(13) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(14) The medical assistance administration is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the administration determines it is cost-effective to do so.

(15) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

General Fund--State Appropriation (FY 2006)	\$464,812,000
General Fund--State Appropriation (FY 2007)	<del>(((\$478,191,000))</del>

Pension Funding Stabilization Account Appropriation	\$3,234,000
TOTAL APPROPRIATION	<del>(((\$1,381,901,000))</del> <u>\$1,374,850,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2005-06 and 2006-07 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$18,940,000 of the general fund--state appropriation and \$28,698,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) A maximum of \$100,000 of the general fund--federal appropriation shall be expended to create a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center.

(14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(15) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(16) \$1,400,000 of the general fund--federal appropriation shall be expended for one-time grants to school districts for the start-up costs of implementing web-based programs that assist schools in meeting state and federal requirements regarding individualized education plans.

(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

**REPORT OF CONFERENCE COMMITTEE**

April 19, 2007

Mr. Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5930, providing high quality, affordable health care to Washingtonians based on the recommendations of the blue

ribbon commission on health care costs and access, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment (H-3595.4/07) be adopted:

Strike everything after the enacting clause and insert the following:

**"USE STATE PURCHASING TO IMPROVE HEALTH CARE QUALITY**

**NEW SECTION. Sec. 1.** (1) The health care authority and the department of social and health services shall, by September 1, 2007, develop a five-year plan to change reimbursement within their health care programs to:

(a) Reward quality health outcomes rather than simply paying for the receipt of particular services or procedures;

(b) Pay for care that reflects patient preference and is of proven value;

(c) Require the use of evidence-based standards of care where available;

(d) Tie provider rate increases to measurable improvements in access to quality care;

(e) Direct enrollees to quality care systems;

(f) Better support primary care and provide a medical home to all enrollees through reimbursement policies that create incentives for providers to enter and remain in primary care practice and that address disparities in payment between specialty procedures and primary care services; and

(g) Pay for e-mail consultations, telemedicine, and telehealth where doing so reduces the overall cost of care.

(2) In developing any component of the plan that links payment to health care provider performance, the authority and the department shall work in collaboration with the department of health, health carriers, local public health jurisdictions, physicians and other health care providers, the Puget Sound health alliance, and other purchasers.

(3) The plan shall (a) identify any existing barriers and opportunities to support implementation, including needed changes to state or federal law; (b) identify the goals the plan is intended to achieve and how progress toward those goals will be measured; and (c) be submitted to the governor and the legislature upon completion. The agencies shall report to the legislature by September 1, 2007. Any component of the plan that links payment to health care provider performance must be submitted to the legislature for consideration prior to implementation by the department or the authority.

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The legislature finds that there is growing evidence that, for preference-sensitive care involving elective surgery, patient-practitioner communication is improved through the use of high-quality decision aids that detail the benefits, harms, and uncertainty of available treatment options. Improved communication leads to more fully informed patient decisions. The legislature intends to increase the extent to which patients make genuinely informed, preference-based treatment decisions, by promoting public/private collaborative efforts to broaden the development, certification, use, and evaluation of effective decision aids and by recognition of shared decision making and patient decision aids in the state's laws on informed consent.

(2) The health care authority shall implement a shared decision-making demonstration project. The demonstration project shall be conducted at one or more multispecialty group practice sites providing state purchased health care in the state of Washington, and may include other practice sites providing state purchased health care. The demonstration project shall include the following elements:

(a) Incorporation into clinical practice of one or more decision aids for one or more identified preference-sensitive care areas combined with ongoing training and support of involved practitioners and practice teams, preferably at sites with necessary supportive health information technology;

(b) An evaluation of the impact of the use of shared decision making with decision aids, including the use of preference-sensitive

health care services selected for the demonstration project and expenditures for those services, the impact on patients, including patient understanding of the treatment options presented and concordance between patient values and the care received, and patient and practitioner satisfaction with the shared decision-making process; and

(c) As a condition of participating in the demonstration project, a participating practice site must bear the cost of selecting, purchasing, and incorporating the chosen decision aids into clinical practice.

(3) The health care authority may solicit and accept funding and in-kind contributions to support the demonstration and evaluation, and may scale the evaluation to fall within resulting resource parameters.

**Sec. 3.** RCW 7.70.060 and 1975-'76 2nd ex.s. c 56 s 11 are each amended to read as follows:

(1) If a patient while legally competent, or his or her representative if he or she is not competent, signs a consent form which sets forth the following, the signed consent form shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by a preponderance of the evidence:

((+)) (a) A description, in language the patient could reasonably be expected to understand, of:

((+)) (i) The nature and character of the proposed treatment;

((+)) (ii) The anticipated results of the proposed treatment;

((+)) (iii) The recognized possible alternative forms of treatment; and

((+)) (iv) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment and in the recognized possible alternative forms of treatment, including nontreatment;

((+)) (b) Or as an alternative, a statement that the patient elects not to be informed of the elements set forth in (a) of this subsection ((+) of this section)).

(2) If a patient while legally competent, or his or her representative if he or she is not competent, signs an acknowledgement of shared decision making as described in this section, such acknowledgement shall constitute prima facie evidence that the patient gave his or her informed consent to the treatment administered and the patient has the burden of rebutting this by clear and convincing evidence. An acknowledgement of shared decision making shall include:

(a) A statement that the patient, or his or her representative, and the health care provider have engaged in shared decision making as an alternative means of meeting the informed consent requirements set forth by laws, accreditation standards, and other mandates;

(b) A brief description of the services that the patient and provider jointly have agreed will be furnished;

(c) A brief description of the patient decision aid or aids that have been used by the patient and provider to address the needs for (i) high-quality, up-to-date information about the condition, including risk and benefits of available options and, if appropriate, a discussion of the limits of scientific knowledge about outcomes; (ii) values clarification to help patients sort out their values and preferences; and (iii) guidance or coaching in deliberation, designed to improve the patient's involvement in the decision process;

(d) A statement that the patient or his or her representative understands: The risk or seriousness of the disease or condition to be prevented or treated; the available treatment alternatives, including nontreatment; and the risks, benefits, and uncertainties of the treatment alternatives, including nontreatment; and

(e) A statement certifying that the patient or his or her representative has had the opportunity to ask the provider questions, and to have any questions answered to the patient's satisfaction, and indicating the patient's intent to receive the identified services.

(3) As used in this section, "shared decision making" means a process in which the physician or other health care practitioner discusses with the patient or his or her representative the information specified in subsection (2) of this section with the use of a patient decision aid and the patient shares with the provider such relevant personal information as might make one treatment or side effect more or less tolerable than others.

(4) As used in this section, "patient decision aid" means a written, audio-visual, or online tool that provides a balanced presentation of the condition and treatment options, benefits, and harms, including, if appropriate, a discussion of the limits of scientific knowledge about outcomes, and that is certified by one or more national certifying organizations.

(5) Failure to use a form or to engage in shared decision making, with or without the use of a patient decision aid, shall not be admissible as evidence of failure to obtain informed consent. There shall be no liability, civil or otherwise, resulting from a health care provider choosing either the signed consent form set forth in subsection (1)(a) of this section or the signed acknowledgement of shared decision making as set forth in subsection (2) of this section.

(2) Prior to submitting requests for federal waivers or state plan amendments, the department shall consult with and seek input from stakeholders and other interested parties.

(3) The department of social and health services, in collaboration with the Washington state health care authority, shall ensure that enrollees are not simultaneously enrolled in the state's basic health program and the medical assistance program or the state's children's health insurance program to ensure coverage for the maximum number of people within available funds.

**NEW SECTION. Sec. 24.** A new section is added to chapter 48.43 RCW to read as follows:

When the department of social and health services determines that it is cost-effective to enroll a person eligible for medical assistance under chapter 74.09 RCW in an employer-sponsored health plan, a carrier shall permit the enrollment of the person in the health plan for which he or she is otherwise eligible without regard to any open enrollment period restrictions.

### REINSURANCE

**NEW SECTION. Sec. 25.** (1) The office of financial management, in collaboration with the office of the insurance commissioner, shall evaluate options and design a state-supported reinsurance program to address the impact of high cost enrollees in the individual and small group health insurance markets, and submit an interim report to the governor and the legislature by December 1, 2007, and a final report, including implementing legislation and

supporting information, including financing options, by September 1, 2008. In designing the program, the office of financial management shall:

(a) Estimate the quantitative impact on premium savings, premium stability over time and across groups of enrollees, individual and employer take-up, number of uninsured, and government costs associated with a government-funded stop-loss insurance program, including distinguishing between one-time premium savings and savings in subsequent years. In evaluating the various reinsurance models, evaluate and consider (i) the reduction in total health care costs to the state and private sector, and (ii) the reduction in individual premiums paid by employers, employees, and individuals;

(b) Identify all relevant design issues and alternative options for each issue. At a minimum, the evaluation shall examine (i) a reinsurance corridor of ten thousand dollars to ninety thousand dollars, and a reimbursement of ninety percent; (ii) the impacts of providing reinsurance for all small group products or a subset of products; and (iii) the applicability of a chronic care program such as the approach used by the department of labor and industries with the centers of occupational health and education. Where quantitative impacts cannot be estimated, the office of financial management shall assess qualitative impacts of design issues and their options, including potential disincentives for reducing premiums, achieving premium stability, sustaining/increasing take-up, decreasing the number of uninsured, and managing government's stop-loss insurance costs;

(c) Identify market and regulatory changes needed to maximize the chance of the program achieving its policy goals, including how the program will relate to other coverage programs and markets. Design efforts shall coordinate with other design efforts targeting small group programs that may be directed by the legislature, as well as other approaches examining alternatives to managing risk;

(d) Address conditions under which overall expenditures could increase as a result of a government-funded stop-loss program and options to mitigate those conditions, such as passive versus aggressive use of disease and care management programs by insurers;

(e) Determine whether the Washington state health insurance pool should be retained, and if so, develop options for additional sources of funding;

(f) Evaluate, and quantify where possible, the behavioral responses of insurers to the program including impacts on insurer premiums and practices for settling legal disputes around large claims; and

(g) Provide alternatives for transitioning from the status quo and, where applicable, alternatives for phasing in some design elements, such as threshold or corridor levels, to balance government costs and premium savings.

(2) Within funds specifically appropriated for this purpose, the office of financial management may contract with actuaries and other experts as necessary to meet the requirements of this section.

### THE WASHINGTON STATE HEALTH INSURANCE POOL AND THE BASIC HEALTH PLAN

**Sec. 26.** RCW 48.41.110 and 2001 c 196 s 4 are each amended to read as follows:

(1) The pool shall offer one or more care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. ~~((Covered persons enrolled in the pool on January 1, 2001, may continue coverage under the pool plan in which they are enrolled on that date. However,))~~ The pool may incorporate managed care features into ~~((such))~~ existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of ~~((the))~~ pool ~~((policy))~~ policies in plain language. After approval by the board, such brochure shall be made reasonably available to participants or potential participants.

(3) The health insurance ~~((policy))~~ policies issued by the pool shall pay only reasonable amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of covered illnesses, injuries, and conditions ~~((which are not otherwise limited or excluded))~~. Eligible expenses are the reasonable amounts for the health care services and items for which benefits are extended

under ~~((the))~~ a pool policy. ~~((Such benefits shall at minimum include, but not be limited to, the following services or related items:))~~

(4) The pool shall offer at least two policies, one of which will be a comprehensive policy that must comply with RCW 48.41.120 and must at a minimum include the following services or related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, ~~((but limited to))~~ including no less than a total of one hundred eighty inpatient days in a calendar year, and ~~((limited to))~~ no less than thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider, by a staff of registered or licensed practical nurses, or other health care providers;

(c) ~~((The first))~~ No less than twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician, by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not ~~((more))~~ less than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;

(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;

(h) Oxygen;

(i) Anesthesia services;

(j) Prostheses, other than dental;

(k) Durable medical equipment which has no personal use in the absence of the condition for which prescribed;

(l) Diagnostic x-rays and laboratory tests;

(m) Oral surgery ~~((limited to))~~ including at least the following: Fractures of facial bones; excisions of mandibular joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool; and excision of impacted wisdom teeth;

(n) Maternity care services;

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

~~((4))~~ (5) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

~~((5))~~ (6) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. ~~((The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however:))~~ No limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

~~((6))~~ (7) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection ~~((7))~~ (8) of this section.

~~((7))~~ (8)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

~~((8))~~ (9) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

(10) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate. The pool may encourage the use of shared decision making and certified decision aids for preference-sensitive care areas.

**Sec. 27.** RCW 48.41.160 and 1987 c 431 s 16 are each amended to read as follows:

~~((A pool policy offered under this chapter shall contain provisions under which the pool is obligated to renew the policy until the day on which the individual in whose name the policy is issued first becomes eligible for medicare coverage. At that time, coverage of dependents shall terminate if such dependents are eligible for coverage under a different health plan. Dependents who become eligible for medicare prior to the individual in whose name the policy is issued, shall receive benefits in accordance with RCW 48.41.150))~~ On or before December 31, 2007, the pool shall cancel all existing pool policies and replace them with policies that are identical to the existing policies except for the inclusion of a provision providing for a guarantee of the continuity of coverage consistent with this section. As a means to minimize the number of policy changes for enrollees, replacement policies provided under this subsection also may include the plan modifications authorized in RCW 48.41.100, 48.41.110, and 48.41.120.

(2) A pool policy shall contain a guarantee of the individual's right to continued coverage, subject to the provisions of subsections (4) and (5) of this section.

(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or nonrenewing a policy for:

(a) Nonpayment of premium;

(b) Violation of published policies of the pool;

(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medical supplement plan, or a medicare supplement plan or other similar plan offered by a carrier pursuant to federal laws and regulations;

(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the pool;

(f) Covered persons materially breaching the pool policy; or

(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace or discontinue a plan under this subsection (4) until it has completed an evaluation of the impact of replacing the plan upon:

(i) The cost and quality of care to pool enrollees;

(ii) Pool financing and enrollment;

(iii) The board's ability to offer comprehensive and other plans to its enrollees;

(iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

((3)) (6) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

**Sec. 28.** RCW 48.41.200 and 2000 c 79 s 17 are each amended to read as follows:

(1) The pool shall determine the standard risk rate by calculating the average individual standard rate charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state. In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage in the individual market.

(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be as follows:

(a) Maximum rates for a pool indemnity health plan shall be one hundred fifty percent of the rate calculated under subsection (1) of this section;

(b) Maximum rates for a pool care management plan shall be one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(c) Maximum rates for a person eligible for pool coverage pursuant to RCW 48.41.100(1)(a) who was enrolled at any time during the sixty-three day period immediately prior to the date of application for pool coverage in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan as

defined in RCW 48.43.005, where such coverage was continuous for at least eighteen months, shall be:

(i) For a pool indemnity health plan, one hundred twenty-five percent of the rate calculated under subsection (1) of this section; and

(ii) For a pool care management plan, one hundred ten percent of the rate calculated under subsection (1) of this section.

(3)(a) Subject to (b) and (c) of this subsection:

(i) The rate for any person (~~aged fifty to sixty-four~~) whose current gross family income is less than two hundred fifty-one percent of the federal poverty level shall be reduced by thirty percent from what it would otherwise be;

(ii) The rate for any person (~~aged fifty to sixty-four~~) whose current gross family income is more than two hundred fifty but less than three hundred one percent of the federal poverty level shall be reduced by fifteen percent from what it would otherwise be;

(iii) The rate for any person who has been enrolled in the pool for more than thirty-six months shall be reduced by five percent from what it would otherwise be.

(b) In no event shall the rate for any person be less than one hundred ten percent of the rate calculated under subsection (1) of this section.

(c) Rate reductions under (a)(i) and (ii) of this subsection shall be available only to the extent that funds are specifically appropriated for this purpose in the omnibus appropriations act.

**Sec. 29.** RCW 48.41.037 and 2000 c 79 s 36 are each amended to read as follows:

The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from this account shall be used to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Whether the assessment has reached the threshold of seventy cents per insured person per month shall be determined by dividing the total aggregate amount of assessment by the proportion of total assessed members. Thus, stop loss members shall be counted as one-tenth of a whole member in the denominator given that is the amount they are assessed proportionately relative to a fully insured medical member.

**Sec. 30.** RCW 48.41.100 and 2001 c 196 s 3 are each amended to read as follows:

(1) The following persons who are residents of this state are eligible for pool coverage:

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon, and within ninety days of the receipt of, the results of the standard health questionnaire designated by the board and administered by health carriers under RCW 48.43.018;

(b) Any person who continues to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator pursuant to subsection (3) of this section;

(c) Any person who resides in a county of the state where no carrier or insurer eligible under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool, and who makes direct application to the pool; and

(d) Any medicare eligible person upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on a

medicare supplemental insurance policy under chapter 48.66 RCW, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk by at least one member within six months of the date of application.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Any person on whose behalf the pool has paid out ~~((one))~~ two million dollars in benefits;

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(d) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(d) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(c) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(c) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(c) of this section within thirty days of determining that he or she is no longer eligible;

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a), (b), or (d) of this section; and

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person's continued eligibility for coverage under subsection (1)(b) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

(4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted, including examining the eight percent eligibility threshold, eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007.

**Sec. 31.** RCW 48.41.120 and 2000 c 79 s 14 are each amended to read as follows:

(1) Subject to the limitation provided in subsection (3) of this section, ~~((a))~~ the comprehensive pool policy offered ((in accordance with)) under RCW 48.41.110((3)) (4) shall impose a deductible as provided in this subsection. Deductibles of five hundred dollars and one thousand dollars on a per person per calendar year basis shall initially be offered. The board may authorize deductibles in other amounts. The deductible shall be applied to the first five hundred dollars, one thousand dollars, or other authorized amount of eligible expenses incurred by the covered person.

(2) Subject to the limitations provided in subsection (3) of this section, a mandatory coinsurance requirement shall be imposed at ~~((the))~~ a rate ((of)) not to exceed twenty percent of eligible expenses in excess of the mandatory deductible and which supports the efficient delivery of high quality health care services for the medical conditions of pool enrollees.

(3) The maximum aggregate out of pocket payments for eligible expenses by the insured in the form of deductibles and coinsurance under ~~((a))~~ the comprehensive pool policy offered ((in accordance with)) under RCW 48.41.110((3)) (4) shall not exceed in a calendar year:

(a) One thousand five hundred dollars per individual, or three thousand dollars per family, per calendar year for the five hundred dollar deductible policy;

(b) Two thousand five hundred dollars per individual, or five thousand dollars per family per calendar year for the one thousand dollar deductible policy; or

(c) An amount authorized by the board for any other deductible policy.

(4) Except for those enrolled in a high deductible health plan qualified under federal law for use with a health savings account, eligible expenses incurred by a covered person in the last three months of a calendar year, and applied toward a deductible, shall also be applied toward the deductible amount in the next calendar year.

(5) The board may modify cost-sharing as an incentive for enrollees to participate in care management services and other cost-effective programs and policies.

(5) All claims data shall be the property of the state. The administrator may require of any insuring entity that submits a bid to contract for coverage all information deemed necessary including:

(i) Reward improvements in health outcomes for individuals with chronic diseases, increased utilization of appropriate preventive health services, and reductions in medical errors; and

(ii) Increase, through appropriate incentives to insuring entities, health care facilities, and providers, the adoption and use of information technology that contributes to improved health outcomes, better coordination of care, and decreased medical errors;

(b) Through state health purchasing, reimbursement, or pilot strategies, promote and increase the adoption of health information technology systems, including electronic medical records, by hospitals as defined in RCW 70.41.020(4), integrated delivery systems, and providers that:

- (v) Improve health outcomes;

(c) Coordinate a strategy for the adoption of health information technology systems using the final health information technology report and recommendations developed under chapter 261, Laws of 2005.

(8) The administrator may permit the Washington state health insurance pool to contract to utilize any network maintained by the authority or any network under contract with the authority.

(c) To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, (~~"subsidized enrollee" also means~~) an individual, or an individual's spouse or dependent children, who meets the requirements in (a)(i) through ((a)) (iv) and ((a)) (vi) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(7) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who is accepted for enrollment by the administrator as provided in RCW 48.43.018, either because the potential enrollee cannot be required to complete the standard health questionnaire under RCW 48.43.018, or, based upon the results of the standard health questionnaire, the potential enrollee would not qualify for coverage under the Washington state health insurance pool; (d) who resides in an area of the state served by a managed health care system participating in the plan; ((a)) (e) who chooses to obtain basic health care coverage from a particular managed health care system; and ((a)) (f) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(10) "Rate" means the amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees in the plan and in that system.

Sec. 36. RCW 70.47.060 and 2006 c 343 s 9 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from subsidized enrollees under RCW 70.47.020(6)(b). Premiums due for foster parents with gross family income up to two hundred percent of the federal poverty level shall be set at the minimum premium amount charged to enrollees with income below sixty-five percent of the federal poverty level. Premiums due for foster parents with gross family income between two hundred percent and three hundred percent of the federal poverty level shall not exceed one hundred dollars per month.

(c) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

((a)) (d) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

((a)) (e) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable

to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

~~((f))~~ (f) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health

plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to give priority to members of the Washington national guard and reserves who served in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation Noble Eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

(20) To give priority in enrollment to persons who disenrolled from the program in order to enroll in medicaid, and subsequently became ineligible for medicaid coverage.

**Sec. 37.** RCW 48.43.018 and 2004 c 244 s 3 are each amended to read as follows:

(1) Except as provided in (a) through (e) of this subsection, a health carrier may require any person applying for an individual health benefit plan and the health care authority shall require any person applying for nonsubsidized enrollment in the basic health plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's or a basic health plan managed care system's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage or for basic health plan nonsubsidized enrollment is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan or enrollment in the basic health plan as a nonsubsidized enrollee due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall accept an application without a standard health questionnaire from a person currently covered by

such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan ~~((and, but for the number of persons employed by his or her employer, would have qualified for)) or enrollment in the basic health plan as a nonsubsidized enrollee following disenrollment from a health plan that is exempt from continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) ~~((Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii))~~) The person had at least twenty-four months of continuous group coverage including church plans immediately prior to ~~((the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if))~~ disenrollment; (ii) application is made no more than ninety days prior to the date of ~~((a qualifying event))~~ disenrollment; and (iii) the effective date of the individual coverage applied for is the date of ~~((the qualifying event))~~ disenrollment, or within ninety days thereafter.~~

(f) If a person is seeking an individual health benefit plan, completion of the standard health questionnaire shall not be a condition of coverage if: (i) The person had at least twenty-four months of continuous basic health plan coverage under chapter 70.47 RCW immediately prior to disenrollment; and (ii) application for coverage is made within ninety days of disenrollment from the basic health plan. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous basic health plan coverage if application is made no more than ninety days prior to the date of disenrollment and the effective date of the individual coverage applied for is the date of disenrollment, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan and the health care authority, as administrator of basic health plan nonsubsidized coverage, shall not accept the person's application for enrollment as a nonsubsidized enrollee; and

(b) Within fifteen business days of receipt of a completed application, the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier or the health care authority as administrator of basic health plan nonsubsidized coverage, whichever entity administered the standard health questionnaire, shall accept the person for enrollment if he or she resides within the carrier's or the basic health plan's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary

exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

The study shall address the steps necessary to expand the program to allow those who prescribe or dispense prescription drugs to perform a web-based inquiry and obtain real time information regarding the legend drug utilization

history of persons for whom they are providing medical or pharmaceutical care when such persons are receiving health services through state purchased health care programs.

**NEW SECTION. Sec. 45.** (1) Prescription information submitted to the department shall be confidential, in compliance with chapter 70.02 RCW and federal health care information privacy requirements and not subject to disclosure, except as provided in subsections (3) and (4) of this section.

(i) Personnel of the department for purposes of administration and enforcement of this chapter or chapter 69.50 RCW.

(4) The department may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients, dispensers, prescribers, and persons who received prescriptions from dispensers.

(5) A dispenser or practitioner acting in good faith is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting, receiving, or using information from the program.

**NEW SECTION. Sec. 46.** The department may contract with another agency of this state or with a private vendor, as necessary, to ensure the effective operation of the prescription monitoring program. ### STRATEGIC HEALTH PLANNING

**NEW SECTION. Sec. 50.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(4) "Health service area" means a geographic region appropriate for effective health planning that includes a broad range of health services.

(5) "Office" means the office of financial management.

(6) "Strategy" means the statewide health resources strategy.

**NEW SECTION. Sec. 51.** (1) The office shall serve as a coordinating body for public and private efforts to improve quality in health care, promote cost-effectiveness in health care, and plan health facility and health service availability. In addition, the office shall facilitate access to health care data collected by public and private organizations as needed to conduct its planning responsibilities.

(2) The office shall:

(a) Conduct strategic health planning activities related to the preparation of the strategy, as specified in this chapter;

(b) Develop a computerized system for accessing, analyzing, and disseminating data relevant to strategic health planning responsibilities. The office may contract with an organization to create the computerized system capable of meeting the needs of the office;

(c) Maintain access to deidentified data collected and stored by any public and private organizations as necessary to support its planning responsibilities, including state-purchased health care program data, hospital discharge data, and private efforts to collect utilization and claims-related data. The office is authorized to enter into any data sharing agreements and contractual arrangements necessary to obtain data or to distribute data. Among the sources of deidentified data that the office may access are any databases established pursuant to the recommendations of the health information infrastructure advisory board established by chapter 261, Laws of 2005. The office may store limited data sets as necessary to support its activities. Unless specifically authorized, the office shall not collect data directly from the records of health care providers and health care facilities, but shall make use of databases that have already collected such information; and

(d) Conduct research and analysis or arrange for research and analysis projects to be conducted by public or private organizations to further the purposes of the strategy.

(3) The office shall establish a technical advisory committee to assist in the development of the strategy. Members of the committee shall include health economists, health planners, representatives of government and nongovernment health care purchasers, representatives of state agencies that use or regulate entities with an interest in health planning, representatives of acute care facilities, representatives of long-term care facilities, representatives of community-based long-term care providers, representatives of health care providers, a representative of one or more federally recognized Indian tribes, and representatives of health care consumers. The committee shall include members with experience in the provision of health services to rural communities.

**NEW SECTION. Sec. 52.** (1) The office, in consultation with the technical advisory committee established under section 51 of this act, shall develop a statewide health resources strategy. The strategy shall establish statewide health planning policies and goals related to the availability of health care facilities and services, quality of care, and cost of care. The strategy shall identify needs according to geographic regions suitable for comprehensive health planning as designated by the office.

(2) The development of the strategy shall consider the following general goals and principles:

(a) That excess capacity of health services and facilities place considerable economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance purchasers, carriers, and taxpayers; and

(b) That the development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care, as well as projections of need for health

facilities and services, are essential to effective strategic health planning.

(3) The strategy, with public input by health service areas, shall include:

(a) A health system assessment and objectives component that:

(i) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs; and

(ii) Identifies key policy objectives for the state health system related to access to care, health outcomes, quality, and cost-effectiveness;

(b) A health care facilities and services plan that shall assess the demand for health care facilities and services to inform state health planning efforts and direct certificate of need determinations, for those facilities and services subject to certificate of need as provided in chapter 70.38 RCW. The plan shall include:

(i) An inventory of each geographic region's existing health care facilities and services;

(ii) Projections of need for each category of health care facility and service, including those subject to certificate of need;

(iii) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, standards, and methods relevant to the certificate of need review process; and

(iv) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region;

(c) A health care data resource plan that identifies data elements necessary to properly conduct planning activities and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall inventory existing data resources, both public and private, that store and disclose information relevant to the health planning process, including information necessary to conduct certificate of need activities pursuant to chapter 70.38 RCW. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor and the appropriate committees of the senate and house of representatives by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment.

**NEW SECTION. Sec. 53.** The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need.

**NEW SECTION. Sec. 54.** (1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence.

**Sec. 55.** RCW 70.38.015 and 1989 1st ex.s. c 9 s 601 are each amended to read as follows:

It is declared to be the public policy of this state:

(1) That strategic health planning ((to)) efforts must be supported by appropriately tailored regulatory activities that can effectuate the goals and principles of the statewide health resources strategy developed pursuant to chapter 43.-- RCW (sections 50 through 54 of this act). The implementation of the strategy can promote, maintain, and assure the health of all citizens in the state, ((to)) provide accessible health services, health manpower, health facilities, and other resources while controlling ((excessive)) increases in costs, and ((to)) recognize prevention as a high priority in health programs ((is essential to the health, safety, and welfare of the people of the state. Health planning should be responsive to changing health and social needs and conditions)). Involvement in health planning from both consumers and providers throughout the state should be encouraged;

(2) ((That the development of health services and resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities and without unnecessary duplication or fragmentation)) That the certificate of need program is a component of a health planning regulatory process that is consistent with the statewide health resources strategy and public policy goals that are clearly articulated and regularly updated;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition; and

(5) That health planning should be concerned with public health and health care financing, access, and quality, recognizing their close interrelationship and emphasizing cost control of health services, including cost-effectiveness and cost-benefit analysis.

**NEW SECTION. Sec. 56.** (1) For the purposes of this section and RCW 70.38.015 and 70.38.135, "statewide health resource strategy" or "strategy" means the statewide health resource strategy developed by the office of financial management pursuant to chapter 43.-- RCW (sections 50 through 54 of this act).

(2) Effective January 1, 2010, for those facilities and services covered by the certificate of need programs, certificate of need determinations must be consistent with the statewide health resources strategy developed pursuant to section 52 of this act, including any health planning policies and goals identified in the statewide health resources strategy in effect at the time of application. The department may waive specific terms of the strategy if the applicant demonstrates that consistency with those terms will create an undue burden on the population that a particular project would serve, or in emergency circumstances which pose a threat to public health.

**Sec. 57.** RCW 70.38.135 and 1989 1st ex.s. c 9 s 607 are each amended to read as follows:

The secretary shall have authority to:

(1) Provide when needed temporary or intermittent services of experts or consultants or organizations thereof, by contract, when such services are to be performed on a part time or fee-for-service basis;

(2) Make or cause to be made such on-site surveys of health care or medical facilities as may be necessary for the administration of the certificate of need program;

(3) Upon review of recommendations, if any, from the board of health or the office of financial management as contained in the Washington health resources strategy;

(a) Promulgate rules under which health care facilities providers doing business within the state shall submit to the department such data related to health and health care as the department finds necessary to the performance of its functions under this chapter;

(b) Promulgate rules pertaining to the maintenance and operation of medical facilities which receive federal assistance under the provisions of Title XVI;

(c) Promulgate rules in implementation of the provisions of this chapter, including the establishment of procedures for public hearings for predecisions and post-decisions on applications for certificate of need;

(d) Promulgate rules providing circumstances and procedures of expedited certificate of need review if there has not been a significant change in existing health facilities of the same type or in the need for such health facilities and services;

(4) Grant allocated state funds to qualified entities, as defined by the department, to fund not more than seventy-five percent of the costs of regional planning activities, excluding costs related to review of applications for certificates of need, provided for in this chapter or approved by the department; and

(5) Contract with and provide reasonable reimbursement for qualified entities to assist in determinations of certificates of need.

#### HEALTH INSURANCE PARTNERSHIP

**Sec. 58.** RCW 70.47A.030 and 2006 c 255 s 3 are each amended to read as follows:

(1) To the extent funding is appropriated in the operating budget for this purpose, the ((small employer)) health insurance partnership ((program)) is established. The administrator shall be responsible for the implementation and operation of the ((small employer)) health insurance partnership ((program)), directly or by contract. The administrator shall offer premium subsidies to eligible ((employees)) partnership participants under RCW 70.47A.040.

(2) Consistent with policies adopted by the board under section 59 of this act, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership. Opportunities to publicize the program for outreach and education of small employers on the value of insurance shall explore the use of online employer guides. As a condition of participating in the partnership, a small employer must agree to establish a cafeteria plan under section 125 of the federal internal revenue code that will enable employees to use pretax dollars to pay their share of their health benefit plan premium. The partnership shall provide technical assistance to small employers for this purpose;

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law. Neither the employer nor the partnership shall limit an employee's choice of coverage from among all the health benefit plans offered;

(c) Establish and manage a system for the partnership to be designated as the sponsor or administrator of a participating small employer health benefit plan and to undertake the obligations required of a plan administrator under federal law;

(d) Establish and manage a system of collecting and transmitting to the applicable carriers all premium payments or contributions made by or on behalf of partnership participants, including employer contributions, automatic payroll deductions for partnership participants, premium subsidy payments, and contributions from philanthropies;

(e) Establish and manage a system for determining eligibility for and making premium subsidy payments under this act;

(f) Establish a mechanism to apply a surcharge to all health benefit plans, which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans offered through the partnership and must be included in the premium for each health benefit plan. Surcharges may not be used to pay any premium assistance payments under this chapter;

(g) Design a schedule of premium subsidies that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members based on a benchmark health benefit plan designated by the board. The amount of an eligible partnership participant's premium subsidy shall be determined by applying a sliding scale subsidy schedule with the percentage of premium similar to that developed for subsidized basic health plan enrollees under RCW 70.47.060. The subsidy shall be applied to the employee's premium obligation for his or her health benefit plan, so that employees benefit financially from any employer contribution to the cost of their coverage through the partnership.

(3) The administrator may enter into interdepartmental agreements with the office of the insurance commissioner, the department of social and health services, and any other state agencies necessary to implement this chapter.

### PUBLIC HEALTH

**NEW SECTION. Sec. 60.** A new section is added to chapter 43.70 RCW to read as follows:

(1) Protecting the public's health across the state is a fundamental responsibility of the state. With any new state funding of the public health system as appropriated for the purposes of sections 60 through 65 of this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. A transparent process that shows the impact of increased public health spending on performance measures related to the health outcomes in subsection (2) of this section is of great value to the state and its residents. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

(2) Subject to the availability of amounts appropriated for the purposes of sections 60 through 65 of this act, distributions to local health jurisdictions shall deliver the following outcomes:

- (a) Create a disease response system capable of responding at all times;
- (b) Stop the increase in, and reduce, sexually transmitted disease rates;
- (c) Reduce vaccine preventable diseases;
- (d) Build capacity to quickly contain disease outbreaks;
- (e) Decrease childhood and adult obesity and types I and II diabetes rates, and resulting kidney failure and dialysis;
- (f) Increase childhood immunization rates;
- (g) Improve birth outcomes and decrease child abuse;
- (h) Reduce animal-to-human disease rates; and
- (i) Monitor and protect drinking water across jurisdictional boundaries.

(3) Benchmarks for these outcomes shall be drawn from the national healthy people 2010 goals, other reliable data sets, and any subsequent national goals.

**NEW SECTION. Sec. 61.** A new section is added to chapter 43.70 RCW to read as follows:

The definitions in this section apply throughout sections 60 through 65 of this act unless the context clearly requires otherwise.

(1) "Core public health functions of statewide significance" or "public health functions" means health services that:

(a) Address: Communicable disease prevention and response; preparation for, and response to, public health emergencies caused by pandemic disease, earthquake, flood, or terrorism; prevention and management of chronic diseases and disabilities; promotion of healthy families and the development of children; assessment of local health conditions, risks, and trends, and evaluation of the effectiveness of intervention efforts; and environmental health concerns;

(b) Promote uniformity in the public health activities conducted by all local health jurisdictions in the public health system, increase the overall strength of the public health system, or apply to broad public health efforts; and

(c) If left neglected or inadequately addressed, are reasonably likely to have a significant adverse impact on counties beyond the borders of the local health jurisdiction.

(2) "Local health jurisdiction" or "jurisdiction" means a county board of health organized under chapter 70.05 RCW, a health district organized under chapter 70.46 RCW, or a combined city and county health department organized under chapter 70.08 RCW.

**NEW SECTION. Sec. 62.** A new section is added to chapter 43.70 RCW to read as follows:

(1) The department shall accomplish the tasks included in subsection (2) of this section by utilizing the expertise of varied interests, as provided in this subsection.

(a) In addition to the perspectives of local health jurisdictions, the state board of health, the Washington health foundation, and department staff that are currently engaged in development of the public health services improvement plan under RCW 43.70.520, the secretary shall actively engage:

(i) Individuals or entities with expertise in the development of performance measures, accountability and systems management, such as the University of Washington school of public health and community medicine, and experts in the development of evidence-based medical guidelines or public health practice guidelines; and

(ii) Individuals or entities who will be impacted by performance measures developed under this section and have relevant expertise, such as community clinics, public health nurses, large employers, tribal health providers, family planning providers, and physicians.

(b) In developing the performance measures, consideration shall be given to levels of performance necessary to promote uniformity in core public health functions of statewide significance among all local health jurisdictions, best scientific evidence, national standards of performance, and innovations in public health practice. The performance measures shall be developed to meet the goals and outcomes in section 60 of this act. The office of the state auditor shall provide advice and consultation to the committee to assist in the development of effective performance measures and health status indicators.

(c) On or before November 1, 2007, the experts assembled under this section shall provide recommendations to the secretary related to the activities and services that qualify as core public health functions of statewide significance and performance measures. The secretary shall provide written justification for any departure from the recommendations.

(2) By January 1, 2008, the department shall:

(a) Adopt a prioritized list of activities and services performed by local health jurisdictions that qualify as core public health functions of statewide significance as defined in section 61 of this act; and

(b) Adopt appropriate performance measures with the intent of improving health status indicators applicable to the core public health functions of statewide significance that local health jurisdictions must provide.

(3) The secretary may revise the list of activities and the performance measures in future years as appropriate. Prior to modifying either the list or the performance measures, the secretary must provide a written explanation of the rationale for such changes.

(4) The department and the local health jurisdictions shall abide by the prioritized list of activities and services and the performance measures developed pursuant to this section.

(5) The department, in consultation with representatives of county governments, shall provide local jurisdictions with financial incentives to encourage and increase local investments in core public health functions. The local jurisdictions shall not supplant existing local funding with such state-incented resources.

**NEW SECTION. Sec. 63.** A new section is added to chapter 43.70 RCW to read as follows:

Beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds to local health jurisdictions under sections 60 through 65 of this act and the use of those funds. The initial report must discuss the performance measures adopted by the secretary and any impact the funding in this act has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time.

**Sec. 64.** RCW 43.70.520 and 1993 c 492 s 467 are each amended to read as follows:

(1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system. The legislature further finds that public health nurses and nursing services are an essential part of our public health system, delivering evidence-based care and providing core services including

prevention of illness, injury, or disability; the promotion of health; and maintenance of the health of populations.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances:

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;

(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:

(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and

(ii) ~~(Timing of increased funding for public health services linked to specific objectives for improving public health))~~ Linking funding for public health services to performance measures that relate to achieving improved health outcomes; and

(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 258, chapter 492, Laws of 1993.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services.

NEW SECTION. Sec. 65. A new section is added to chapter 43.70 RCW to read as follows:

(1) Each local health jurisdiction shall submit to the secretary such data as the secretary determines is necessary to allow the secretary to assess whether the local health jurisdiction has used the funds in a

manner consistent with achieving the performance measures in section 62 of this act.

(2) If the secretary determines that the data submitted demonstrates that the local health jurisdiction is not spending the funds in a manner consistent with achieving the performance measures, the secretary shall:

(a) Provide a report to the governor identifying the local health jurisdiction and the specific items that the secretary identified as inconsistent with achieving the performance measures; and

(b) Require that the local health jurisdiction submit a plan of correction to the secretary within sixty days of receiving notice from the secretary, which explains the measures that the jurisdiction will take to resume spending funds in a manner consistent with achieving the performance measures. The secretary shall provide technical assistance to the local health jurisdiction to support the jurisdiction in successfully completing the activities included in the plan of correction.

(3) Upon a determination by the secretary that a local health jurisdiction that had previously been identified as not spending the funds in a manner consistent with achieving the performance measures has resumed consistency, the secretary shall notify the governor that the jurisdiction has returned to consistent status.

(4) Any local health jurisdiction that has not resumed spending funds in a manner consistent with achieving the performance measures within one year of the secretary reporting the jurisdiction to the governor shall be precluded from receiving any funds appropriated for the purposes of sections 60 through 65 of this act. Funds may resume once the local health jurisdiction has demonstrated to the satisfaction of the secretary that it has returned to consistent status.

**Sec. 66.** RCW 70.48.130 and 1993 c 409 s 1 are each amended to read as follows:

It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the department of social and health services, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

Payment for emergency or necessary health care shall be by the governing unit, except that the department of social and health services shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the department, if the confined person is eligible under the department's medical care programs as authorized under chapter 74.09 RCW. After payment by the department, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the department for similar services provided under Title XIX medicaid, unless additional resources are obtained from the confined person.

As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the department, the governing unit, and any provider of health care services.

The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order

defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the department's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government (~~(whose law enforcement officers)~~) that initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

There shall be no right of reimbursement to the governing unit from units of government (~~(whose law enforcement officers)~~) that initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

NEW SECTION. Sec. 67. The following acts or parts of acts are each repealed:

- (5) RCW 70.38.919 (Effective date--State health plan--1989 1st ex.s. c 9) and 1989 1st ex.s. c 9 s 610; and
- (2) 2006 c 255 s 10 (unclassified).

NEW SECTION. Sec. 69. Sections 42 through 48 of this act constitute a new chapter in Title 70 RCW.

**MESSAGE FROM THE SENATE**

April 20, 2007

Mr. Speaker:

The Senate concurred in the House amendment to the following bills and passed the bills as amended by the House ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5841, and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

**POINT OF PERSONAL PRIVILEGE**

Representative Cody: "Thank you, Mr. Speaker. On behalf of the House I'd like to take the opportunity to thank the Legislative Service Center for their hard work this year and for their years of service for us in continuing to provide support here on the floor for our computers, and the computers in our legislative offices. I know there are a few of us left that were here prior to computers but not that many anymore. I was one of the people who helped to pilot the computers ten years ago when we first got our laptops on the floor. I can tell you that it has certainly changed the Legislature. The work that these people do has been wonderful helping us through the years – all the years we were in "The Mods", all the moving back and forth they have had to do. Now it is more of a novelty that a member doesn't have a laptop in front of them, then it is to see one in front.

The Consumer Support Group from LSC provides us with assistance in troubleshooting our laptops twenty-four hours a day, seven days a week year round. They are always here as backup in the Chamber. Today we have with us Dave Rowden and Sharon Heath. Sharon has been the Customer Support Group manager for the last ten years – the whole ten years that we have had our laptops and she is going to be retiring soon. She has been with LSC for eighteen years so I want to take the opportunity to thank her for all her service. I thought it would be nice to thank the whole group for all of their work."

**MESSAGE FROM THE SENATE**

April 20, 2007

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1091. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 43.330 RCW to read as follows:

(1) The director shall designate innovation partnership zones on the basis of the following criteria:

(a) Innovation partnership zones must have three types of institutions operating within their boundaries, or show evidence of planning and local partnerships that will lead to dense concentrations of these institutions:

(i) Research capacity in the form of a university or community college fostering commercially valuable research, nonprofit institutions creating commercially applicable innovations, or a national laboratory;

(ii) Dense proximity of globally competitive firms in a research-based industry or industries or of individual firms with innovation strategies linked to (a)(i) of this subsection. A globally competitive firm may be signified through international organization for

standardization 9000 or 1400 certification, or other recognized evidence of international success; and

(iii) Training capacity either within the zone or readily accessible to the zone. The training capacity requirement may be met by the same institution as the research capacity requirement, to the extent both are associated with an educational institution in the proposed zone.

(b) The support of a local jurisdiction, a research institution, an educational institution, an industry or cluster association, a workforce development council, and an associate development organization, port, or chamber of commerce;

(c) Identifiable boundaries for the zone within which the applicant will concentrate efforts to connect innovative researchers, entrepreneurs, investors, industry associations or clusters, and training providers. The geographic area defined should lend itself to a distinct identity and have the capacity to accommodate firm growth;

(d) The innovation partnership zone administrator must be an economic development council, port, workforce development council, city, or county.

(2) On October 1st of each year, the director shall designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as recommended by the Washington state economic development commission. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director shall require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(3) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(4) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

(a) The local infrastructure financing tools program;

(b) The sales and use tax for public facilities in rural counties; and

(c) Job skills.

(5) An innovation partnership zone shall be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

(6) The department shall convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(7) An innovation partnership zone shall provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation. The Washington state economic development commission shall review annually the individual innovation partnership zone's performance measures and make recommendations to the department regarding additional zone designation criteria.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.330 RCW to read as follows:

(c) Conduct an innovation opportunity analysis to identify (i) the strongest current intellectual assets and research teams in the state focused on emerging technologies and their commercialization, and (ii) faculty and researchers that could increase their focus on commercialization of technology if provided the appropriate technical assistance and resources;

(d) Based on its findings and analysis, and in conjunction with the higher education coordinating board and research institutions:

(i) Develop a plan to build on existing, and develop new, intellectual assets and innovation research teams in the state in research areas where there is a high potential to commercialize technologies. The commission shall present the plan to the governor and legislature by December 31, 2007. The higher education coordinating board shall be responsible for implementing the plan in conjunction with the publicly funded research institutions in the state. The plan shall address the following elements and such other elements as the commission deems important:

(A) Specific mechanisms to support, enhance, or develop innovation research teams and strengthen their research and commercialization capacity in areas identified as useful to strategic clusters and innovative firms in the state;

(B) Identification of the funding necessary for laboratory infrastructure needed to house innovation research teams;

(C) Specification of the most promising research areas meriting enhanced resources and recruitment of significant entrepreneurial researchers to join or lead innovation research teams;

(D) The most productive approaches to take in the recruitment, in the identified promising research areas, of a minimum of ten significant entrepreneurial researchers over the next ten years to join or lead innovation research teams;

(E) Steps to take in solicitation of private sector support for the recruitment of entrepreneurial researchers and the commercialization activity of innovation research teams; and

(i) Provide direction for the development of comprehensive entrepreneurial assistance programs at research institutions. The programs may involve multidisciplinary students, faculty, entrepreneurial researchers, entrepreneurs, and investors in building business models and evolving business plans around innovative ideas. The programs may provide technical assistance and the support of an entrepreneur-in-residence to innovation research teams and offer entrepreneurial training to faculty, researchers, undergraduates, and graduate students. Curriculum leading to a certificate in entrepreneurship may also be offered;

(e) Develop performance measures to be used in evaluating the performance of innovation research teams, the implementation of the plan and programs under (d)(i) and (ii) of this subsection, and the performance of innovation partnership zone grant recipients, including but not limited to private investment measures, business initiation measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation. The performance measures developed shall be consistent with the economic development commission's comprehensive plan for economic development and its standards and metrics for program evaluation. The commission shall report to the legislature and the governor by December 31, 2008, on the measures developed; and

(f) Using the performance measures developed, perform a biennial assessment and report, the first of which shall be due December 31, 2012, on:

(i) Commercialization of technologies developed at state universities, found at other research institutions in the state, and facilitated with public assistance at existing companies;

(ii) Outcomes of the funding of innovation research teams and recruitment of significant entrepreneurial researchers;

(iii) Comparison with other states of Washington's outcomes from the innovation research teams and efforts to recruit significant entrepreneurial researchers; and

(iv) Outcomes of the grants for innovation partnership zones. The report shall include recommendations for modifications of this act and of state commercialization efforts that would enhance the state's economic competitiveness.

(2) The economic development commission and the workforce training and education coordinating board shall jointly convene a working group to:

(a) Specify the process and criteria for identification of substate geographic concentrations of firms or employment in an industry and the industry's customers, suppliers, supporting businesses, and institutions, which process will include the use of labor market information from the employment security department and local labor markets; and

(b) Establish criteria for identifying strategic clusters which are important to economic prosperity in the state, considering cluster size, growth rate, and wage levels among other factors."

### MESSAGE FROM THE SENATE

April 20, 2007

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1624. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 13.34 RCW to read as follows:

(1) A child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances:

(a) The child was previously found to be a dependent child under this chapter;

(b) The child's parent's rights were terminated in a proceeding under this chapter;

(c) The child has not achieved his or her permanency plan within three years of a final order of termination, or if the final order was appealed, within three years of exhaustion of any right to appeal the order terminating parental rights; and

(d) Absent good cause, the child must be at least twelve years old at the time the petition is filed.

(2) A child seeking to petition under this section shall be provided counsel at no cost to the child.

(3) The petition must be signed by the child in the absence of a showing of good cause as to why the child could not do so.

(4) If, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, it appears that the best interests of the child may be served by reinstatement of parental rights, the juvenile court shall order that a hearing on the merits of the petition be held.

(5) The court shall give prior notice for any proceeding under this section, or cause prior notice to be given, to the department, the child's attorney, and the child. The court shall also order the department to give prior notice of any hearing to the child's former

parent whose parental rights are the subject of the petition, any parent whose rights have not been terminated, the child's current foster parent, relative caregiver, guardian or custodian, and the child's tribe, if applicable.

(6) The juvenile court shall conditionally grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following:

(a) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(b) The age and maturity of the child, and the ability of the child to express his or her preference;

(c) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and

(d) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

(7) In determining whether the child has or has not achieved his or her permanency plan or whether the child is likely to achieve his or her permanency plan, the department shall provide the court, and the court shall review, information related to any efforts to achieve the permanency plan including efforts to achieve adoption or a permanent guardianship.

(8)(a) If the court conditionally grants the petition under subsection (6) of this section, the case will be continued for six months. During this period, the child shall be placed in the custody of the parent. The department shall develop a permanency plan for the child reflecting the plan to be reunification and shall provide transition services to the family as appropriate.

(b) If the child must be removed from the parent due to abuse or neglect allegations prior to the expiration of the conditional six-month period, the court shall dismiss the petition for reinstatement of parental rights if the court finds the allegations have been proven by a preponderance of the evidence.

(c) If the child has been successfully placed with the parent for six months, the court order reinstating parental rights remains in effect and the court shall dismiss the dependency.

(9) The granting of the petition under this section does not vacate or otherwise affect the validity of the original termination order.

(10) Any parent whose rights are reinstated under this section shall not be liable for any child support owed to the department pursuant to RCW 13.34.160 for the time period from the date of termination of parental rights to the date parental rights are reinstated.

(11) A proceeding to reinstate parental rights is a separate action from the termination of parental rights proceeding and does not vacate the original termination of parental rights. An order granted under this section reinstates the parental rights to the child. This reinstatement is a recognition that the situation of the parent and child have changed since the time of the termination of parental rights and reunification is now appropriate.

(12) This section is retroactive and applies to any child who is under the jurisdiction of the juvenile court at the time of the hearing regardless of the date parental rights were terminated.

**Sec. 2.** RCW 13.34.200 and 2003 c 227 s 7 are each amended to read as follows:

(1) Upon the termination of parental rights pursuant to RCW 13.34.180, all rights, powers, privileges, immunities, duties, and obligations, including any rights to custody, control, visitation, or support existing between the child and parent shall be severed and terminated and the parent shall have no standing to appear at any further legal proceedings concerning the child, except as provided in section 1 of this act: PROVIDED, That any support obligation existing prior to the effective date of the order terminating parental rights shall not be severed or terminated. The rights of one parent may be terminated without affecting the rights of the other parent and the order shall so state.

(2) An order terminating the parent and child relationship shall not disentitle a child to any benefit due the child from any third person, agency, state, or the United States, nor shall any action under this

chapter be deemed to affect any rights and benefits that an Indian child derives from the child's descent from a member of a federally recognized Indian tribe.

(3) An order terminating the parent-child relationship shall include a statement addressing the status of the child's sibling relationships and the nature and extent of sibling placement, contact, or visits.

**Sec. 3.** RCW 13.34.060 and 2002 c 52 s 4 are each amended to read as follows:

The person must be willing and available to care for the child and be able to meet any special needs of the child and the court must find that such placement is in the best interests of the child. The person must be willing to facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court. If a child is not initially placed with a relative or other suitable person requested by the parent pursuant to this section, the supervising agency shall make an effort within available resources to place the child with a relative or other suitable person requested by the parent on the next business day after the child is taken into custody. The supervising agency shall document its effort to place the child with a relative or other suitable person requested by the parent pursuant to this section. Nothing within this subsection ~~((1)(a))~~ (2) establishes an entitlement to services or a right to a particular placement.

~~((b))~~ (3) Whenever a child is taken into custody pursuant to this section, the supervising agency may authorize evaluations of the child's physical or emotional condition, routine medical and dental examination and care, and all necessary emergency care. ~~(In no case may a child who is taken into custody pursuant to RCW 13.34.055, 13.34.050, or 26.44.050 be detained in a secure detention facility. (j) Whether any orders for examinations, evaluations, or immediate services are needed. However, the court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

((2)) (5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

((a)) (i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

((b)) (ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

((c)) (B) The release of such child would present a serious threat of substantial harm to such child; or

((d)) (C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, and the child was initially placed with a relative pursuant to RCW 13.34.060(1), the court shall order continued placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. ((The court shall enter a finding as to whether RCW 13.34.060(2) and subsections (1) and (2) of this section have been complied with. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090.

—(3)) If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not

include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

((4)) (8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

((5)) (b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

**Sec. 6.** RCW 13.34.130 and 2003 c 227 s 3 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (i) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and (ii) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

~~((5))~~ (6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

**Sec. 7.** RCW 13.34.136 and 2004 c 146 s 1 are each amended to read as follows:

(1) ~~((Whenever a child is ordered removed from the child's home))~~ A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency ~~((charged with his or her care shall provide the court with))~~ supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the supervising agency's proposed permanency

plan must be provided to the supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the agency will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The agency shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(4), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanence for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to

believe the best interests of the child or siblings would be jeopardized.

~~((2))~~ (3) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

~~((3))~~ (5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(3).

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe.

**Sec. 8.** RCW 13.34.138 and 2005 c 512 s 3 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first(~~, at a~~). The purpose of the hearing ((in which it)) shall be ((determined)) to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(~~((3))~~) (1)(a) or 13.34.134. ((The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.))

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) ~~((Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided~~

~~or offered))~~ Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

~~((ii))~~ Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

~~((iii))~~ Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

~~((iv))~~ Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

~~((v))~~ Whether there is a continuing need for placement;

~~((vi))~~ Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

~~((vii))~~ Whether ((the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and)) preference has been given to placement with the child's relatives;

~~((viii))~~ Whether there is a continuing need for placement and whether the placement is appropriate;

~~((ix))~~ Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

~~((x))~~ Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

~~((xi))~~ Whether both in-state and, where appropriate, out-of-state placements have been considered;

~~((xii))~~ Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

~~((xiii))~~ Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

~~((xiv))~~ Whether terms of visitation need to be modified;

~~((xv))~~ Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

~~((xvi))~~ Whether any additional court orders need to be made to move the case toward permanency; and

~~((xvii))~~ The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

~~((2))~~ (3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

~~((3))~~ (4) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

~~((4))~~ (5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

**Sec. 9.** RCW 13.34.145 and 2003 c 227 s 6 are each amended to read as follows:

(1) ~~((A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.~~

~~—(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.~~

~~—(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.~~

~~—(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.~~

~~—(d) For purposes related to permanency planning:~~

~~—(i) "Guardianship" means a dependency guardianship, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.~~

~~—(ii) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.~~

~~—(iii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.~~

~~—(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.~~

~~—(3)) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.~~

~~(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.~~

~~((4)) (b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in ((subsection (3) of)) this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an~~

adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed.

~~((5)) (c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.~~

~~(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.~~

~~((6)) (3) At the permanency planning hearing, the court shall ((enter findings as required by RCW 13.34.138 and shall review the permanency plan prepared by the agency)) conduct the following inquiry:~~

~~(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.~~

~~(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:~~

~~(i) The continuing necessity for, and the safety and appropriateness of, the placement;~~

~~(ii) The extent of compliance with the permanency plan by the agency and any other service providers, the child's parents, the child, and the child's guardian, if any;~~

~~(iii) The extent of any efforts to involve appropriate service providers in addition to agency staff in planning to meet the special needs of the child and the child's parents;~~

~~(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;~~

~~(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and~~

~~(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:~~

~~(A) Being returned safely to his or her home;~~

~~(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;~~

~~(C) Being placed for adoption;~~

~~(D) Being placed with a guardian;~~

~~(E) Being placed in the home of a fit and willing relative of the child; or~~

~~(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.~~

~~(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care.~~

~~(ii) The permanency plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.~~

~~(iii) The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.~~

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 and 13.34.138. ~~((If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal.))~~

(4) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

~~((7))~~ (5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. (9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

~~((11)) Except as provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.138, until the dependency is dismissed. ~~((12))~~ Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

~~((13))~~ (11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

~~((14))~~ (12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

#### SECOND READING

**ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5659, by Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Kohl-Welles, Fairley, Franklin, Brown and Kline)**

##### **Establishing family and medical leave insurance.**

Representative Conway moved the adoption of amendment (884):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1. FINDINGS AND DECLARATIONS.** The legislature finds that, although family leave laws have assisted individuals to balance the demands of the workplace with their family responsibilities, more needs to be done to achieve the goals of parent and child bonding, workforce stability, and economic security. In particular, the legislature finds that many individuals do not have access to family leave laws, and those who do may not be in a financial position to take family leave that is unpaid, and that employer-paid benefits meet only a relatively small part of this need. The legislature declares it to be in the public interest to establish a program that: (1) Allows parents to bond with a newborn or newly placed child; (2) provides limited and additional income support for a reasonable period while an individual is away from work on family leave; (3) reduces the impact on state income support programs by

increasing an individual's ability to provide caregiving services for a child while maintaining an employment relationship; and (4) establishes a wage replacement benefit to be coordinated with current existing state and federal family leave laws.

##### **NEW SECTION. Sec. 2. JOINT LEGISLATIVE TASK FORCE.**

(1)(a) The joint legislative task force on family leave insurance is established, with thirteen members as provided in this subsection.

(i) The chair and the ranking member of the senate labor, commerce, research and development committee.

(ii) The chair and the ranking member of the house commerce and labor committee.

(iii) The majority leader of the senate shall appoint one member from each of the two largest caucuses of the senate.

(iv) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(v) The majority leader of the senate and the speaker of the house of representatives jointly shall appoint four nonlegislative members of the task force, which shall include one member representing large business, one member representing small business, one member representing labor, and one member representing advocates for family leave.

(vi) The governor shall appoint one member of the task force.

(b) The department of labor and industries and the employment security department shall cooperate with the task force and shall each maintain a liaison representative, who shall be a nonvoting member.

(c) The majority leader of the senate and the speaker of the house of representatives jointly shall appoint the cochaIRS of the task force from among the legislative members of the task force. The cochaIRS shall convene the initial meeting of the task force. A steering committee consisting of the legislative members of the task force shall advise the cochaIRS on the meetings and other activities of the task force.

(2) The task force shall study the establishment of a family leave insurance program including, but not limited to, the following:

(a) The manner in which the benefits and the administrative costs should be financed;

(b) The manner in which the program should be implemented and administered;

(c) Any government efficiencies that should be adopted to improve program administration and reduce program costs; and

(d) The impacts, if any, of the family leave insurance program on the unemployment compensation system, and options for mitigating such impacts.

(3) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research. The task force may hire additional staff with specific technical expertise if such expertise is necessary to carry out the mandates of this study, and only if an appropriation is specifically provided for this purpose.

(4) Legislative members of the task force must be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(5) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(6) The task force shall report its findings and recommendations, which shall include recommendations as to the specific manner in which the benefits and the administrative costs should be financed as well as proposed legislation, to the legislature by January 1, 2008.

(7) This section expires July 1, 2009.

**NEW SECTION. Sec. 3. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Application year" means the twelve-month period beginning on the first day of the calendar week in which an individual files an application for family leave insurance benefits and, thereafter, the

**NEW SECTION. Sec. 4. FAMILY LEAVE INSURANCE PROGRAM.** (1) The department shall establish and administer a family leave insurance program and pay family leave insurance benefits as specified in this chapter.

(2) The department shall establish procedures and forms for filing claims for benefits under this chapter. The department shall notify the employer within five business days of a claim being filed under section 5 of this act.

(3) The department shall use information sharing and integration technology to facilitate the disclosure of relevant information or records by the employment security department, so long as an individual consents to the disclosure as required under section 5(4) of this act.

(4) Information contained in the files and records pertaining to an individual under this chapter are confidential and not open to public inspection, other than to public employees in the performance of their official duties. However, the individual or an authorized representative of an individual may review the records or receive specific information from the records on the presentation of the signed authorization of the individual. An employer or the employer's duly authorized representative may review the records of an individual employed by the employer in connection with a pending claim. At the department's discretion, other persons may review records when such persons are rendering assistance to the department at any stage of the proceedings on any matter pertaining to the administration of this chapter.

(5) The department shall develop and implement an outreach program to ensure that individuals who may be eligible to receive family leave insurance benefits under this chapter are made aware of these benefits. Outreach information shall explain, in an easy to understand format, eligibility requirements, the claims process, weekly benefit amounts, maximum benefits payable, notice requirements, reinstatement and nondiscrimination rights, confidentiality, and coordination of leave under this chapter and other laws, collective bargaining agreements, and employer policies. Outreach information shall be available in English and other primary languages as defined in RCW 74.04.025.

**NEW SECTION. Sec. 5. ELIGIBILITY FOR BENEFITS.** Beginning October 1, 2009, family leave insurance benefits are payable to an individual during a period in which the individual is unable to perform his or her regular or customary work because he or she is on family leave if the individual:

(1) Files a claim for benefits in each week in which the individual is on family leave, and as required by rules adopted by the director;

(2) Has been employed for at least six hundred eighty hours in employment during the individual's qualifying year;

(3) Establishes an application year. An application year may not be established if the qualifying year includes hours worked before establishment of a previous application year;

(4) Consents to the disclosure of information or records deemed private and confidential under chapter 50.13 RCW. Initial disclosure of this information and these records by the employment security department to the department is solely for purposes related to the administration of this chapter. Further disclosure of this information or these records is subject to section 4(3) of this act;

(5) Discloses whether or not he or she owes child support obligations as defined in RCW 50.40.050; and

(6) Documents that he or she has provided the employer from whom family leave is to be taken with written notice of the individual's intention to take family leave in the same manner as an employee is required to provide notice in RCW 49.78.250.

**NEW SECTION. Sec. 6. DISQUALIFICATION FROM BENEFITS.** An individual is disqualified from family leave insurance benefits beginning with the first day of the calendar week, and continuing for the next fifty-two consecutive weeks, in which the individual willfully made a false statement or misrepresentation regarding a material fact, or willfully failed to report a material fact, to obtain benefits under this chapter.

**NEW SECTION. Sec. 7. DURATION OF BENEFITS.** (1) The maximum number of weeks during which family leave insurance benefits are payable in an application year is five weeks. However, benefits are not payable during a waiting period consisting of the first seven calendar days of family leave taken in an application year, whether the first seven calendar days of family leave are employer paid or unpaid.

(2)(a) The first payment of benefits must be made to an individual within two weeks after the claim is filed or the family leave began, whichever is later, and subsequent payments must be made semimonthly thereafter.

(b) The payment of benefits under this chapter shall not be considered a binding determination of the obligations of the department under this chapter. The acceptance of compensation by the individual shall likewise not be considered a binding determination of his or her rights under this chapter. Whenever any payment of benefits under this chapter has been made and timely appeal therefrom has been made where the final decision is that the payment was improper, the individual shall repay it and recoupment may be made from any future payment due to the individual on any claim under this chapter. The director may exercise his or her discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(c) If an individual dies before he or she receives a payment of benefits, the payment shall be made by the department and distributed consistent with the terms of the decedent's will or, if the decedent dies intestate, consistent with the terms of RCW 11.04.015.

**NEW SECTION. Sec. 8. AMOUNT OF BENEFITS.** The amount of family leave insurance benefits shall be determined as follows:

(1) The weekly benefit shall be two hundred fifty dollars per week for an individual who at the time of beginning family leave was regularly working thirty-five hours or more per week.

(2) If an individual who at the time of beginning family leave was regularly working thirty-five hours or more per week is on family leave for less than thirty-five hours but at least eight hours in a week, the individual's weekly benefit shall be .025 times the maximum weekly benefit times the number of hours of family leave taken in the week. Benefits are not payable for less than eight hours of family leave taken in a week.

(3) For an individual who at the time of beginning family leave was regularly working less than thirty-five hours per week, the department shall calculate a prorated schedule for a weekly benefit amount and a minimum number of hours of family leave that must be taken in a week for benefits to be payable, with the prorated schedule

based on the amounts and the calculations specified under subsections (1) and (2) of this section.

(4) If an individual discloses that he or she owes child support obligations under section 5 of this act and the department determines that the individual is eligible for benefits, the department shall notify the applicable state or local child support enforcement agency and deduct and withhold an amount from benefits in a manner consistent with RCW 50.40.050.

(5) If the internal revenue service determines that family leave insurance benefits under this chapter are subject to federal income tax and an individual elects to have federal income tax deducted and withheld from benefits, the department shall deduct and withhold the amount specified in the federal internal revenue code in a manner consistent with section 9 of this act.

**NEW SECTION. Sec. 9. FEDERAL INCOME TAX.** (1) If the internal revenue service determines that family leave insurance benefits under this chapter are subject to federal income tax, the department must advise an individual filing a new claim for family leave insurance benefits, at the time of filing such claim, that:

(a) The internal revenue service has determined that benefits are subject to federal income tax;

(b) Requirements exist pertaining to estimated tax payments;

(c) The individual may elect to have federal income tax deducted and withheld from the individual's payment of benefits at the amount specified in the federal internal revenue code; and

(d) The individual is permitted to change a previously elected withholding status.

(2) Amounts deducted and withheld from benefits must remain in the family leave insurance account until transferred to the federal taxing authority as a payment of income tax.

(3) The director shall follow all procedures specified by the federal internal revenue service pertaining to the deducting and withholding of income tax.

**NEW SECTION. Sec. 10. ADJUSTMENT TO BENEFITS.** If family leave insurance benefits are paid erroneously or as a result of willful misrepresentation, or if a claim for family leave benefits is rejected after benefits are paid, RCW 51.32.240 shall apply, except that appeals are governed by section 14 of this act, penalties are paid into the family leave insurance account, and the department shall seek repayment of benefits from the recipient.

**NEW SECTION. Sec. 11. LEAVE AND EMPLOYMENT PROTECTION.** (1) During a period in which an individual receives family leave insurance benefits or earns waiting period credits under this chapter, the individual is entitled to family leave and, at the established ending date of leave, to be restored to a position of employment with the employer from whom leave was taken.

(2) The individual entitled to leave under this section shall be restored to a position of employment in the same manner as an employee entitled to leave under chapter 49.78 RCW is restored to a position of employment, as specified in RCW 49.78.280.

(3) This section applies only to an individual if:

(a) The employer from whom the individual takes family leave employs more than twenty-five employees; and

(b) The individual has been employed for at least twelve months by that employer, and for at least one thousand two hundred fifty hours of service with that employer during the previous twelve-month period.

(4) This section shall be enforced as provided in chapter 49.78 RCW.

**NEW SECTION. Sec. 12. EMPLOYMENT BY SAME EMPLOYER.** If spouses or people involved in a legal relationship established under chapter 26.-- RCW (sections 1, 2, and 4 through 8, chapter . . . (Substitute Senate Bill No. 5336), Laws of 2007) who are entitled to leave under this chapter are employed by the same employer, the employer may require that spouses or people involved in such a relationship governed by Title 26 RCW not take such leave concurrently.

**NEW SECTION. Sec. 13. ELECTIVE COVERAGE.** (1) An employer of individuals not covered by this chapter or a self-employed person, including a sole proprietor, partner, or joint venturer, may elect coverage under this chapter for all individuals in its employ for an initial period of not less than three years or a subsequent period of not less than one year immediately following another period of coverage. The employer or self-employed person must file a notice of election in writing with the director, as required by the department. The election becomes effective on the date of filing the notice.

(2) An employer or self-employed person who has elected coverage may withdraw from coverage within thirty days after the end of the three-year period of coverage, or at such other times as the director may prescribe by rule, by filing written notice with the director, such withdrawal to take effect not sooner than thirty days after filing the notice. Within five days of filing written notice of the withdrawal with the director, an employer must provide written notice of the withdrawal to all individuals in the employer's employ.

**NEW SECTION. Sec. 14. APPEALS.** (1) A person aggrieved by a decision of the department under this chapter must file a notice of appeal with the director, by mail or personally, within thirty days after the date on which a copy of the department's decision was communicated to the person. Upon receipt of the notice of appeal, the director shall request the assignment of an administrative law judge in accordance with chapter 34.05 RCW to conduct a hearing and issue a proposed decision and order. The hearing shall be conducted in accordance with chapter 34.05 RCW.

(2) The administrative law judge's proposed decision and order shall be final and not subject to further appeal unless, within thirty days after the decision is communicated to the interested parties, a party petitions for review by the director. If the director's review is timely requested, the director may order additional evidence by the administrative law judge. On the basis of the evidence before the administrative law judge and such additional evidence as the director may order to be taken, the director shall render a decision affirming, modifying, or setting aside the administrative law judge's decision. The director's decision becomes final and not subject to further appeal unless, within thirty days after the decision is communicated to the interested parties, a party files a petition for judicial review as provided in chapter 34.05 RCW. The director is a party to any judicial action involving the director's decision and shall be represented in the action by the attorney general.

(3) If, upon administrative or judicial review, the final decision of the department is reversed or modified, the administrative law judge or the court in its discretion may award reasonable attorneys' fees and costs to the prevailing party. Attorneys' fees and costs owed by the department, if any, are payable from the family leave insurance account.

**NEW SECTION. Sec. 15. PROHIBITED ACTS.** An employer, temporary help company, employment agency, employee organization, or other person may not discharge, expel, or otherwise discriminate against a person because he or she has filed or communicated to the employer an intent to file a claim, a complaint, or an appeal, or has testified or is about to testify or has assisted in any proceeding, under this chapter, at any time, including during the waiting period described in section 7 of this act and the period in which the person receives family leave insurance benefits under this chapter. This section shall be enforced as provided in RCW 51.48.025.

**NEW SECTION. Sec. 16. COORDINATION OF LEAVE.** (1)(a) Leave taken under this act must be taken concurrently with any leave taken under the federal family and medical leave act of 1993 (Act Feb. 5, 1993, P.L. 103-3, 107 Stat. 6) or under chapter 49.78 RCW.

(b) An employer may require that leave taken under this act be taken concurrently or otherwise coordinated with leave allowed under the terms of a collective bargaining agreement or employer policy, as applicable, for the birth or placement of a child. The employer must give individuals in its employ written notice of this requirement.

(2)(a) This act does not diminish an employer's obligation to comply with a collective bargaining agreement or employer policy, as applicable, that provides greater leave for the birth or placement of a child.

(b) An individual's right to leave under this act may not be diminished by a collective bargaining agreement entered into or renewed or an employer policy adopted or retained after the effective date of this section. Any agreement by an individual to waive his or her rights under this act is void as against public policy.

**NEW SECTION. Sec. 17. NO CONTINUING ENTITLEMENT OR CONTRACTUAL RIGHT.** This chapter does not create a continuing entitlement or contractual right. The legislature reserves the right to amend or repeal all or part of this chapter at any time, and a benefit or other right granted under this chapter exists subject to the legislature's power to amend or repeal this chapter. There is no vested private right of any kind against such amendment or repeal.

The workgroup shall make recommendations relating to the appropriate number of basic training hours, the content of basic training curricula, and the development of criteria associated with certification of new long-term care workers. In doing so, the workgroup shall examine cited deficiencies of care in various long-term care settings, and shall evaluate training needs based on medical versus social models. "Activities of daily living", in this context, means self-care abilities related to personal care such as bathing, eating, using the toilet, dressing, and transfer. Instrumental activities of daily living may also be used to assess a person's functional abilities as they are related to the mental capacity to perform activities in the home and the community such as cooking, shopping, house cleaning, doing laundry, working, and managing personal finances.

(9) "Home and community services" means adult family homes, in-home services, and other services administered or provided by contract by the department directly or through contract with area agencies on aging or similar services provided by facilities and agencies licensed by the department.

The use of this definition is not intended to expand the scope of services, care, or assistance by any individuals, groups, residential care settings, or professions unless otherwise expressed by law.

(11)(a) "Long-term care workers" includes all persons who are long-term care workers for the elderly or persons with disabilities, including but not limited to individual providers of home care services, direct care employees of home care agencies, providers of home care services to persons with developmental disabilities under Title 71 RCW, all direct care workers in state-licensed boarding homes, assisted living facilities, and adult family homes, respite care

providers, community residential service providers, and any other direct care worker providing home or community-based services to the elderly or persons with functional disabilities or developmental disabilities.

(b) "Long-term care workers" do not include persons employed in nursing homes subject to chapter 18.51 RCW, hospitals or other acute care settings, hospice agencies subject to chapter 70.127 RCW, adult day care centers, and adult day health care centers.

This requirement applies to long-term care workers who begin work on or after January 1, 2010.

**NEW SECTION. Sec. 4.** A new section is added to chapter 74.39A RCW to read as follows:

**CONTINUING EDUCATION.** Long-term care workers shall complete twelve hours of continuing education training in advanced training topics each year. This requirement applies beginning on January 1, 2010.

**NEW SECTION. Sec. 5.** A new section is added to chapter 74.39A RCW to read as follows:

**ADVANCED TRAINING.** The department shall offer, directly or through contract, training opportunities sufficient for a long-term care worker to accumulate sixty-five hours of training within a reasonable time period. For individual providers represented by an exclusive bargaining representative under RCW 74.39A.270, the training opportunities shall be offered through a contract with the training partnership established under section 6 of this act. Training topics shall include, but are not limited to: Client rights; personal care; mental illness; dementia; developmental disabilities; depression; medication assistance; advanced communication skills; positive client behavior support; developing or improving client-centered activities; dealing with wandering or aggressive client behaviors; medical conditions; nurse delegation core training; peer mentor training; and advocacy for quality care training. The training partnership shall provide reports as required by the department verifying that all individual providers have complied with all training requirements. The exclusive bargaining representative shall designate the training partnership.

**Sec. 7.** RCW 74.39A.270 and 2006 c 106 s 1 are each amended to read as follows:

**COLLECTIVE BARGAINING--CIRCUMSTANCES IN WHICH INDIVIDUAL PROVIDERS ARE CONSIDERED PUBLIC EMPLOYEES--EXCEPTIONS.** (1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, solely for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW. The governor or governor's designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers. The governor or the governor's designee shall consult the authority on all issues for which the exclusive bargaining representative requests to engage in collective bargaining under subsections (6) and (7) of this section. The authority shall work with the developmental disabilities council, the governor's committee on disability issues and employment, the state council on aging, and other consumer advocacy organizations to obtain informed input from consumers on their interests, including impacts on consumer choice, for all issues proposed for collective bargaining under subsections (6) and (7) of this section.

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter and except as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW 41.56.060 is a statewide unit of all individual providers;

(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervener seeking to appear on the ballot must make the same showing of interest;

(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires;

(ii) With respect to factors to be taken into consideration by an interest arbitration panel, the panel shall consider the financial ability of the state to pay for the compensation and fringe benefit provisions of a collective bargaining agreement; and

(iii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state;

(d) Individual providers do not have the right to strike; and

(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) In implementing and administering this chapter, neither the authority nor any of its contractors may reduce or increase the hours of service for any consumer below or above the amount determined

to be necessary under any assessment prepared by the department or an area agency on aging.

(6) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided in this chapter. No agency or department of the state may establish policies or rules governing the wages or hours of individual providers. However, this subsection does not modify:

(a) The department's authority to establish a plan of care for each consumer or its core responsibility to manage long-term in-home care services under this chapter, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over how the department's core responsibility affects hours of work for individual providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer's plan of care;

(b) The department's authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);

(c) The consumer's right to assign hours to one or more individual providers selected by the consumer within the maximum hours determined by his or her plan of care;

(d) The consumer's right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(e) The department's obligation to comply with the federal medicaid statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

(f) The legislature's right to make programmatic modifications to the delivery of state services under this title, including standards of eligibility of consumers and individual providers participating in the programs under this title, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection (6)(f).

(7) At the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over employer contributions to the training partnership for the costs of: (a) Meeting all training and peer mentoring required under this chapter; and (b) other training intended to promote the career development of individual providers.

(8)(a) The state, the department, the authority, the area agencies on aging, or their contractors under this chapter may not be held vicariously or jointly liable for the action or inaction of any individual provider or prospective individual provider, whether or not that individual provider or prospective individual provider was included on the authority's referral registry or referred to a consumer or prospective consumer. The existence of a collective bargaining agreement, the placement of an individual provider on the referral registry, or the development or approval of a plan of care for a consumer who chooses to use the services of an individual provider and the provision of case management services to that consumer, by the department or an area agency on aging, does not constitute a special relationship with the consumer.

(b) The members of the board are immune from any liability resulting from implementation of this chapter.

~~((8))~~ (9) Nothing in this section affects the state's responsibility with respect to unemployment insurance for individual providers. However, individual providers are not to be considered, as a result of the state assuming this responsibility, employees of the state.

**Sec. 8.** RCW 74.39A.310 and 2006 c 9 s 1 are each amended to read as follows:

CONTRACT FOR INDIVIDUAL HOME CARE SERVICE PROVIDERS--COST OF INCREASE IN WAGES AND BENEFITS FUNDED--FORMULA. (1) The department shall create a formula that converts the cost of the increase in wages and benefits negotiated and funded in the contract for individual providers of home care services pursuant to RCW 74.39A.270 and 74.39A.300, into a per-hour amount, excluding those benefits defined in subsection (2) of this section. That per-hour amount shall be added to the statewide home care agency vendor rate and shall be used exclusively for improving the wages and benefits of home care agency workers who provide direct care. The formula shall account for:

(a) All types of wages, benefits, and compensation negotiated and funded each biennium, including but not limited to:

- (i) Regular wages;
- (ii) Benefit pay, such as vacation, sick, and holiday pay;
- (iii) Taxes on wages/benefit pay; (~~and~~)
- (iv) Mileage; and

(b) The increase in the average cost of worker's compensation for home care agencies and application of the increases identified in (a) of this subsection to all hours required to be paid, including travel time, of direct service workers under the wage and hour laws and associated employer taxes.

(2) The contribution rate for health care benefits, including but not limited to medical, dental, and vision benefits, for eligible agency home care workers shall be paid by the department to home care agencies at the same rate as negotiated and funded in the collective bargaining agreement for individual providers of home care services.

**Sec. 9.** RCW 18.88A.085 and 1994 sp.s. c 9 s 712 are each amended to read as follows:

**NURSING ASSISTANTS--CERTIFICATION REQUIREMENTS.** (1) After January 1, 1990, the secretary shall issue a certificate to any applicant who demonstrates to the secretary's satisfaction that the following requirements have been met:

(a) Completion of an approved training program or successful completion of alternate training meeting established criteria approved by the commission; and

(b) Successful completion of a competency evaluation.

**NEW SECTION. Sec. 11. LIBERAL CONSTRUCTION.** The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act.

**NEW SECTION. Sec. 12. SEVERABILITY.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 13. EMERGENCY CLAUSE.** Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

**NEW SECTION. Sec. 14. EFFECTIVE DATE.** Sections 7 and 8 of this act take effect July 1, 2008.

**NEW SECTION. Sec. 15. CAPTIONS.** Captions used in this act are not any part of the law.

The evaluation shall consider the use of toll lanes for the project. The department must report to the transportation committees of the legislature by December 1, 2007, on its analysis and recommendations regarding the benefit of a freight corridor and the potential use of freight toll lanes to improve safety and congestion in the corridor.

TOTAL APPROPRIATION. . . . .	\$3,075,006,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2007-1, Highway Improvement Program (1) as developed April 20, 2007. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(2) The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) Within the amounts provided in this section, \$1,991,000 of the transportation partnership account--state appropriation, \$1,656,000 of the motor vehicle account--federal appropriation, and \$8,343,000 of the transportation 2003 account (nickel account)--state appropriation are for project 109040T as identified in the LEAP transportation document in subsection (1) of this section: I-90/Two Way Transit-Transit and HOV Improvements - Stage 1. Expenditure of the funds on construction is contingent upon revising the access plan for Mercer Island traffic such that Mercer Island traffic will have access to the outer roadway high occupancy vehicle (HOV) lanes during the period of operation of such lanes following the removal of Mercer Island traffic from the center roadway and prior to conversion of the outer roadway HOV lanes to high occupancy toll (HOT) lanes. Sound transit may only have access to the center lanes when alternative R8A is complete.

The total project is expected to cost no more than \$74,400,000 including \$11,950,000 in contributions from project partners.

(6) To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets. The directive shall also include direction on the coordination and selection of

visual and aesthetic options with local communities. The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. If practicable, the department should begin work on the pilot projects while the directive is being developed. One pilot project shall be located in Clark county on a significant capacity improvement project. The second pilot project shall be located in urban King county, which shall be on a corridor highway project through mixed land use areas that is nearing or under construction. The department shall provide a written report to the standing transportation committees of the legislature on the findings of the Clark county pilot project by January 2009, and the King county pilot project by January 2010. Based on results of the pilot projects, the department shall update its design manual, environmental procedures, or other appropriate documents to incorporate the directive.

(7) Funding allocated for mitigation costs is provided solely for the purpose of project impact mitigation, and shall not be used to develop or otherwise participate in the environmental assessment process.

(8) If the "Green Highway" provisions of Engrossed Second Substitute House Bill No. 1303 (cleaner energy) are enacted, the department shall erect signs on the interstate highways included in those provisions noting that these interstates have been designated "Washington Green Highways."

(9) If on the I-405/I-90 to SE 8th Street Widening project the department finds that there is an alternative investment to preserve reliable rail accessibility to major manufacturing sites within the I-405 corridor that are less expensive than replacing the Wilburton Tunnel, the department may enter into the necessary agreements to implement that alternative provided that costs remain within the approved project budget.

(10) The department should consider using mitigation banking on appropriate projects whenever possible, without increasing the cost to projects. The department should consider using the advanced environmental mitigation revolving account (AEMRA) for corridor and watershed based mitigation opportunities, in addition to project specific mitigation. However, the department shall not use agricultural lands of long-term commercial significance, as that term is used under chapter 36.70A RCW, for mitigation banking.

(11) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P, including, but not limited to, the SR 518, SR 519, SR 520, and Alaskan Way Viaduct projects.

(12) \$250,000 of the motor vehicle account--state appropriation is provided solely for an inland pacific hub study to develop an inland corridor for the movement of freight and goods to and through eastern Washington; and \$500,000 of the motor vehicle account--state appropriation is provided solely for the SR3/SR16 corridor study to plan and prioritize state and local improvements needed over the next 10-20 years to support safety, capacity development, and economic development within the corridor.

(13) The department shall, on a quarterly basis beginning July 1, 2007, provide to the office of financial management and the legislature reports providing the status on each active project funded in part or whole by the transportation 2003 account (nickel account) or the transportation partnership account. Funding provided at a programmatic level for transportation partnership account and transportation 2003 account (nickel account) projects relating to bridge rail, guard rail, fish passage barrier removal, and roadside safety projects should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. Other projects may be reported on a programmatic basis. (1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. (6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(2) The requirements of this section shall not apply to (a) utility relocation work, and related activities, on the Alaskan Way viaduct and Seattle Seawall replacement project and (b) off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) The requirements of subsection (1) of this section shall not apply during the 2007-2009 fiscal biennium.

**Sec. 706.** RCW 88.16.090 and 2005 c 26 s 2 are each amended to read as follows:

(1) A person may pilot any vessel subject to this chapter on waters covered by this chapter only if licensed to pilot such vessels on such waters under this chapter.

(2)(a) A person is eligible to be licensed as a pilot if the person:

(i) Is a citizen of the United States;

(ii) Is over the age of twenty-five years and under the age of seventy years;

(iii) Is a resident of the state of Washington at the time of licensure as a pilot;

(iv)(A) Holds at the time of application, as a minimum, a United States government license as master of steam or motor vessels of not more than one thousand six hundred gross register tons (three thousand international tonnage convention tons) upon oceans, near coastal waters, or inland waters; or the then most equivalent federal license as determined by the board; any such license to have been held by the applicant for a period of at least two years before application;

(B) Holds at the time of licensure as a pilot, after successful completion of the board-required training program, a first class United States endorsement without restrictions on the United States government license for the pilotage district in which the pilot applicant desires to be licensed; however, all applicants for a pilot examination scheduled to be given before July 1, 2008, must have the United States pilotage endorsement at the time of application; and

(C) The board may establish such other federal license requirements for applicants and pilots as it deems appropriate; and

(v) Successfully completes a board-specified training program.

(b) In addition to the requirements of (a) of this subsection, a pilot applicant must meet such other qualifications as may be required by the board.

(c) A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) The board may establish such other training license and pilot license requirements as it deems appropriate.

(4) Pilot applicants shall be evaluated and ranked in a manner specified by the board based on their experience, other qualifications as may be set by the board, performance on a written examination or examinations established by the board, and performance in such other evaluation exercises as may be required by the board, for entry into a board-specified training program.

When the board determines that the demand for pilots requires entry of an applicant into the training program it shall issue a training license to that applicant, but under no circumstances may an applicant be issued a training license more than four years after taking the written entry examination. The training license authorizes the trainee to do such actions as are specified in the training program.

After the completion of the training program the board shall evaluate the trainee's performance and knowledge. The board, as it deems appropriate, may then issue a pilot license, delay the issuance of the pilot license, deny the issuance of the pilot license, or require further training and evaluation.

(5) The board may appoint a special independent committee or may contract with a firm knowledgeable and experienced in the development of professional tests and evaluations for development and grading of the examinations and other evaluation methods. Active licensed state pilots may be consulted for the general development of any examinations and evaluation exercises but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination or evaluation development committee it is authorized to pay the members of the committee the same compensation and travel expenses as received by members of the board. Any person who willfully gives advance knowledge of information contained on a pilot examination or other evaluation exercise is guilty of a gross misdemeanor.

(6) Pilots are licensed under this section for a term of five years from and after the date of the issuance of their respective state licenses. Licenses must thereafter be renewed as a matter of course, unless the board withholds the license for good cause. Each pilot shall pay to the state treasurer an annual license fee ((of three thousand dollars)) in an amount set by the board by rule. The fees established under this subsection may be increased in excess of the fiscal growth factor as provided in RCW 43.135.055 through the fiscal year ending June 30, 2009. The fees must be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(7) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or applicant is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a licensed pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims. Willful misrepresentation of such required information by a pilot applicant shall result in disqualification of the pilot applicant.

(6)(a) \$28,000 of the state patrol highway account--state appropriation is provided solely for the collective bargaining agreement reached between the governor and the Washington state patrol troopers association under chapter 438, Laws of 2005. For commissioned troopers and sergeants covered under this section, funding is provided for a 2.6% salary increase effective July 1, 2006. This increase supersedes the fiscal year 2007 increase granted under section 501, chapter 313, Laws of 2005. Provisions of the collective bargaining agreement contained in this subsection are described in general terms. Only major economic terms are included in this description. This description does not contain the complete contents of the agreement. Due to the timing challenges in negotiating the initial collective bargaining agreement under chapter 438, Laws of 2005, this agreement was not concluded by the October 1st statutory deadline. However, the legislature does not intend to fund bargaining agreements concluded after the October 1st deadline, or other salary increases not included in the governor's budget proposal, in future biennia.

(b) \$2,000 of the state patrol highway account--state appropriation is provided solely for salary increases for commissioned captains and lieutenants covered under this section, if a new collective bargaining agreement is reached between the governor and the Washington state patrol lieutenants association by July 1, 2006. The amount provided in this subsection is contingent on an agreement being reached by July 1, 2006, and shall be held in reserve status until the agreement is reached. If an agreement is not reached by July 1, 2006, the amount provided in this subsection shall lapse. If an agreement is reached by July 1, 2006, the increase supersedes the fiscal year 2007 increase granted under section 501, chapter 313, Laws of 2005. Due to the timing challenges in negotiating a collective bargaining agreement funded under this subsection, the agreement will not have been concluded by the October 1st statutory deadline. However, the legislature does not intend to fund bargaining agreements concluded after the October 1st deadline, or other salary increases not included in the governor's budget proposal, in future biennia.

**TOTAL APPROPRIATION.** . . . . . ((~~\$305,461,000~~))  
\$309,161,000

The appropriations in this section are subject to the following conditions and limitations:

(1) If portions of the appropriations in this section are required to fund maintenance work resulting from major disasters not covered by federal emergency funds such as fire, flooding, and major slides, supplemental appropriations must be requested to restore state funding for ongoing maintenance activities.

(2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account--state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

(3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account--private/local appropriation.

(4) Funding is provided for maintenance on the state system to allow for a continuation of the level of service targets included in the 2003-05 biennium. In delivering the program, the department should concentrate on the following areas:

- (a) Meeting or exceeding the target for structural bridge repair on a statewide basis;
- (b) Eliminating the number of activities delivered in the "f" level of service at the region level;
- (c) Reducing the number of activities delivered in the "d" level of service by increasing the resources directed to those activities on a statewide and region basis; and
- (d) Evaluating, analyzing, and potentially redistributing resources within and among regions to provide greater consistency in delivering the program statewide and in achieving overall level of service targets.

(5) The department shall develop and implement a plan to improve work zone safety on a statewide basis. As part of the strategy included in the plan, the department shall fund equipment purchases using a portion of the money from the annual OTEF equipment purchasing and replacement process. The department shall also identify and evaluate statewide equipment needs (such as work zone safety equipment) and prioritize any such needs on a statewide basis. Substitute purchasing at the statewide level, when appropriate, shall be utilized to meet those identified needs. The department must report to the transportation committees of the legislature by December 1, 2005, on the plan, and by December 1, 2006, on the status of implementing the plan.

**TOTAL APPROPRIATION.** . . . . . ((~~\$48,316,000~~))  
\$47,317,000

The appropriations in this section are subject to the following conditions and limitations:

(1) In order to qualify for state planning funds available to regional transportation planning organizations under this section, a regional transportation planning organization containing any county with a population in excess of one million shall provide voting membership on its executive board to any incorporated principal city of a metropolitan statistical area within the region, as designated by the United States census bureau, and to any incorporated city within the region with a population in excess of eighty thousand as of July 1, 2005. Additionally, a regional transportation planning organization described under this subsection shall conduct a review of its executive board membership criteria to ensure that the criteria appropriately reflects a true and comprehensive representation of the organization's jurisdictions of significance within the region.

(2) \$175,000 of the motor vehicle account--state appropriation is provided to the department in accordance with RCW 46.68.110(2) and 46.68.120(3) and shall be used by the department to support the processing and analysis of the backlog of city and county collision reports by January 2006. The amount provided in this subsection shall lapse if federal funds become available for this purpose.

(3) \$150,000 of the multimodal transportation account--state appropriation is provided solely for the implementation of Engrossed Second Substitute House Bill No. 1565. If Engrossed Second Substitute House Bill No. 1565 is not enacted by June 30, 2005, the amount provided in this subsection shall lapse.

(4) The department of transportation shall evaluate the number of spaces available for long-haul truck parking relative to current and projected future needs. The department of transportation shall also explore options for augmenting the number of spaces available, including, but not limited to, expanding state-owned rest areas or modifying regulations governing the use of these facilities, utilizing weigh stations and park and ride lots, and encouraging the expansion of the private sector's role. Finally, the department shall explore the utility of coordinating with neighboring states on long-haul truck parking and evaluate methodologies for alleviating any air quality issues relative to the issue. The department must report to the transportation committees of the legislature by December 1, 2005, on the options, strategies, and recommendations for long-haul truck parking.

(5) \$50,000 of the multimodal transportation account--state appropriation is provided solely for evaluating high-speed passenger transportation facilities and services, including rail or magnetic levitation transportation systems, to connect airports as a means to more efficiently utilize airport capacity, as well as connect major population and activity centers. This evaluation shall be coordinated with the airport capacity and facilities market analysis conducted pursuant to Engrossed Substitute Senate Bill No. 5121 and results of the evaluation shall be submitted by July 1, 2007. If Engrossed Substitute Senate Bill No. 5121 is not enacted by June 30, 2005, or if federal funds are not received by March 1, 2006, for the purpose of implementing Engrossed Substitute Senate Bill No. 5121, the amount provided in this subsection shall lapse.

(6) \$440,000 of the motor vehicle account--state appropriation is provided solely for completing funding for a route development plan of U.S. route 2.

(7) The department shall conduct a study of the resources allocated to each of the seven department regions and the corresponding workloads. Given the magnitude of the investments in the Puget Sound region, particular emphasis shall be given to reviewing the resources allocated and corresponding workloads with respect to the urban corridors region and the northwest region. Based on the results of this study, the department shall submit recommendations by December 1, 2006, to the legislature and the office of financial management regarding reallocating resources and revising regional boundaries within the department, as appropriate, in order to better coincide allocated resources with designated regional boundaries.

(8) \$750,000 of the multimodal transportation account--state appropriation is provided solely for implementing Engrossed Substitute House Bill No. 2871. If Engrossed Substitute House Bill No. 2871 is not enacted by June 30, 2006, the amount provided in this subsection shall lapse. The regional transportation commission's duties to develop, complete, and submit a governance proposal to the 2007 legislature are highly time sensitive. As a result, the legislature finds that competitive bidding is not cost-effective or appropriate for personal service contracts entered into by the commission, and that the director of the office of financial management should, by the director's authority under RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of chapter 39.29 RCW.

(9) \$2,300,000 of the transportation partnership account--state appropriation is provided solely for the costs of the regional transportation investment district (RTID) and department of transportation project oversight. The department shall provide support from its urban corridors region to assist in preparing project costs, expenditure plans, and modeling. The objective of the analysis is to determine how to ensure that jurisdictional divisions do not defeat growth management act concurrency goals. The department shall convene a committee to oversee the analysis, with the committee comprised of, at a minimum, four members of the transportation committees of the legislature, four members of the appropriate land use committees of the legislature, and one member each from the association of Washington cities and the Washington state association of counties, or a designee thereof. The completed study, including recommendations, must be submitted to the appropriate standing committees of the legislature, and to the office of financial management, by December 1, 2006.

(11) The department of transportation, the Washington state economic revenue forecast council, and the office of financial management shall review and adopt a method of forecasting motor vehicle and special fuel prices, revenue, and the amount of consumption that has an increased rate of accuracy as compared to the existing method. The three agencies shall submit a report to the transportation committees of the legislature by December 1, 2006, outlining the methods researched and the criteria utilized to select and adopt the new fuel forecasting method.

(12) \$150,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.

<b>TOTAL APPROPRIATION.....</b>	<del>(\$89,991,000)</del>
	<u>\$72,763,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) \$5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2003 as reported in the "Summary of Public Transportation - 2003" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. The first \$450,000 provided to King county shall be used as follows:

The training is to include destination training and retraining due to the expected closure of the downtown bus tunnel and training on how to use the Sound Transit light rail system.

(3) \$8,900,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; no operating costs for public transit agencies are eligible for funding under this grant program. No additional employees may be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. Additional criteria for selecting grants must include leveraging funds other than state funds.

The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, shall be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. When funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout, the department shall expeditiously extend new grant awards to qualified alternative projects identified on the list.

(b) Pursuant to the grant program established in RCW 47.66.030, the department shall issue a call for projects and/or service proposals. Applications must be received by the department by November 1, 2005, and November 1, 2006. The department must submit a prioritized

The appropriations in this section are subject to the following conditions and limitations:

(1) To manage some projects more efficiently, federal funds may be transferred from program Z to programs I and P and state funds shall be transferred from programs I and P to program Z to replace those federal funds in a dollar-for-dollar match. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department may not transfer funds as authorized under this subsection without approval of the office of financial management. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2006.

(2) The department shall, on a quarterly basis, provide status reports to the legislature on the delivery of projects as outlined in the project lists distributed with this act, and on any additional projects for which the department has expended funds during the 2005-07 fiscal biennium, except for projects managed by the freight mobility strategic investment board. The department shall work with the transportation committees of the legislature to agree on report formatting and elements. For projects funded by new revenue in the 2003 and 2005 transportation packages, reporting elements shall include, but not be limited to, project scope, schedule, and costs. Other projects may be reported on a programmatic basis. The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information system (TEIS).

The highways and local programs division within the department of transportation shall administer this program. Any project that has been awarded traffic and pedestrian safety improvement grant funds, but does not report activity on the project within one year of grant award should be reviewed by the department to determine whether the grant should be terminated. The department must promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. The department shall expeditiously extend new grant awards to qualified projects when funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout.

(6) The motor vehicle account--state appropriation includes up to \$905,000 in unexpended proceeds from the sale of bonds authorized by RCW 47.10.843.

(7) Up to \$607,000 of the multimodal transportation account--state appropriation is reappropriated and provided ~~((solely))~~ to support the safe routes to school program.

~~((28))~~ (27) "Two-party exchange" or "buy-sell agreement" means a transaction in which taxable motor vehicle fuel is transferred from one licensed supplier to another licensed supplier under an exchange or buy-sell agreement whereby the supplier that is the position holder agrees to deliver taxable motor vehicle fuel to the other supplier or the other supplier's customer at the rack of the terminal at which the delivering supplier is the position holder.

Sec. 2. RCW 82.36.020 and 2001 c 270 s 2 are each amended to read as follows:

(1) There is hereby levied and imposed upon motor vehicle fuel ~~((users))~~ licensees, other than motor vehicle fuel distributors, a tax at the rate computed in the manner provided in RCW 82.36.025 on each gallon of motor vehicle fuel.

(2) The tax imposed by subsection (1) of this section is imposed when any of the following occurs:

(a) Motor vehicle fuel is removed in this state from a terminal if the motor vehicle fuel is removed at the rack unless the removal is to a licensed exporter for direct delivery to a destination outside of the state;

(b) Motor vehicle fuel is removed in this state from a refinery if either of the following applies:

(i) The removal is by bulk transfer and the refiner or the owner of the motor vehicle fuel immediately before the removal is not a licensee; or

(ii) The removal is at the refinery rack unless the removal is to a licensed exporter for direct delivery to a destination outside of the state;

(c) Motor vehicle fuel enters into this state ~~((for sale, consumption, use, or storage))~~ if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensee; or

(ii) The entry is not by bulk transfer;

(d) Motor vehicle fuel is sold or removed in this state to an unlicensed entity unless there was a prior taxable removal, entry, or sale of the motor vehicle fuel;

(e) Blended motor vehicle fuel is removed or sold in this state by the blender of the fuel. The number of gallons of blended motor vehicle fuel subject to the tax is the difference between the total number of gallons of blended motor vehicle fuel removed or sold and the number of gallons of previously taxed motor vehicle fuel used to produce the blended motor vehicle fuel;

(f) Motor vehicle fuel is sold by a licensed motor vehicle fuel supplier to a motor vehicle fuel distributor, motor vehicle fuel importer, ~~((or))~~ motor vehicle fuel blender, or international fuel tax agreement licensee and the motor vehicle fuel is not removed from the bulk transfer-terminal system.

(3) The proceeds of the motor vehicle fuel excise tax shall be distributed as provided in RCW 46.68.090.

**Sec. 3.** RCW 82.36.025 and 2005 c 314 s 101 are each amended to read as follows:

(1) A motor vehicle fuel tax rate of twenty-three cents per gallon ~~((applies to the sale, distribution, or use of))~~ on motor vehicle fuel shall be imposed on motor vehicle fuel licensees, other than motor vehicle fuel distributors.

(2) Beginning July 1, 2003, an additional and cumulative motor vehicle fuel tax rate of five cents per gallon ~~((applies to the sale, distribution, or use of))~~ on motor vehicle fuel shall be imposed on motor vehicle fuel licensees, other than motor vehicle fuel distributors. This subsection (2) expires when the bonds issued for transportation 2003 projects are retired.

(3) Beginning July 1, 2005, an additional and cumulative motor vehicle fuel tax rate of three cents per gallon ~~((applies to the sale, distribution, or use of))~~ on motor vehicle fuel shall be imposed on motor vehicle fuel licensees, other than motor vehicle fuel distributors.

(4) Beginning July 1, 2006, an additional and cumulative motor vehicle fuel tax rate of three cents per gallon ~~((applies to the sale, distribution, or use of))~~ on motor vehicle fuel shall be imposed on motor vehicle fuel licensees, other than motor vehicle fuel distributors.

(5) Beginning July 1, 2007, an additional and cumulative motor vehicle fuel tax rate of two cents per gallon ~~((applies to the sale, distribution, or use of))~~ on motor vehicle fuel shall be imposed on motor vehicle fuel licensees, other than motor vehicle fuel distributors.

(6) Beginning July 1, 2008, an additional and cumulative motor vehicle fuel tax rate of one and one-half cents per gallon ~~((applies to the sale, distribution, or use of))~~ on motor vehicle fuel shall be imposed on motor vehicle fuel licensees, other than motor vehicle fuel distributors.

**Sec. 4.** RCW 82.36.026 and 2001 c 270 s 3 are each amended to read as follows:

(1) A licensed supplier shall ~~((remit))~~ be liable for and pay tax to the department as provided in RCW 82.36.020. On a two-party exchange, or buy-sell agreement between two licensed suppliers, the receiving exchange partner or buyer ~~((who))~~ shall ~~((buyer shall remit))~~ be liable for and pay the tax.

(2) A refiner shall ~~((remit))~~ be liable for and pay tax to the department on motor vehicle fuel removed from a refinery as provided in RCW 82.36.020(2)(b).

(3) ~~((Am))~~ A licensed importer shall ((remit)) be liable for and pay tax to the department on motor vehicle fuel imported into this state as provided in RCW 82.36.020(2)(c).

(4) A licensed blender shall ~~((remit))~~ be liable for and pay tax to the department on the removal or sale of blended motor vehicle fuel as provided in RCW 82.36.020(2)(e).

(5) Nothing in this chapter shall prohibit the licensee liable for payment of the tax under this chapter from including as a part of the selling price an amount equal to the tax.

**NEW SECTION. Sec. 5.** A new section is added to chapter 82.36 RCW to read as follows:

International fuel tax agreement licensees, or persons operating motor vehicles under other reciprocity agreements entered into with the state of Washington, are liable for and must pay the tax under RCW 82.36.020 to the department on motor vehicle fuel used to

operate motor vehicles on the highways of this state. This provision does not apply if the tax under RCW 82.36.020 has previously been imposed and paid by the international fuel tax agreement licensee or if the use of such fuel is exempt from the tax under this chapter.

**Sec. 6.** RCW 82.36.027 and 1998 c 176 s 9 are each amended to read as follows:

A terminal operator is jointly and severally liable for ~~((remitting))~~ payment of the tax imposed under RCW 82.36.020(1) if, at the time of removal:

(1) The position holder with respect to the motor vehicle fuel is a person other than the terminal operator and is not a licensee;

(2) The terminal operator is not a licensee;

(3) The position holder has an expired internal revenue service notification certificate issued under 26 C.F.R. Part 48; or

(4) The terminal operator had reason to believe that information on the notification certificate was false.

**Sec. 7.** RCW 82.36.029 and 1998 c 176 s 10 are each amended to read as follows:

Upon the taxable removal of motor vehicle fuel by a licensed supplier and upon importation by a licensed importer, the licensee who acquired or removed the motor vehicle fuel, other than a motor vehicle fuel exporter, shall be entitled to a deduction from the tax liability on the gallonage of taxable motor vehicle fuel removed or imported in order to account for handling losses, as follows: For a motor vehicle fuel supplier ~~((acting as a distributor))~~, one-quarter of one percent; and for ~~((all other licensees))~~ a licensed importer, thirty one-hundredths of one percent. For those licensees required to file tax reports, the handling loss deduction shall be reported on tax reports filed with the department. ~~((For motor vehicle fuel distributors, the handling loss deduction shall be shown on the invoice provided to the motor vehicle fuel distributor by the seller.))~~

**Sec. 8.** RCW 82.36.031 and 1998 c 176 s 11 are each amended to read as follows:

For the purpose of determining the amount of liability for the tax imposed under this chapter, and to periodically update license information, each licensee, other than a motor vehicle fuel distributor or an international fuel tax agreement licensee, shall file monthly tax reports with the department, on a form prescribed by the department. An international fuel tax licensee shall file quarterly tax reports with the department, on a form prescribed by the department.

A report shall be filed with the department even though no motor vehicle fuel tax is due for the reporting period. Each tax report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and made under penalties of perjury, which declaration has the same force and effect as a verification of the report and is in lieu of the verification. The report shall show information as the department may require for the proper administration and enforcement of this chapter. Tax reports shall be filed on or before the twenty-fifth day of the next succeeding calendar month following the period to which the reports relate. If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date.

The department, if it deems it necessary in order to ensure payment of the tax imposed under this chapter, or to facilitate the administration of this chapter, may require the filing of reports and tax remittances at shorter intervals than one month.

**Sec. 9.** RCW 82.36.045 and 1998 c 176 s 16 are each amended to read as follows:

(1) If the department determines that the tax reported by a licensee is deficient, the department shall assess the deficiency on the basis of information available to it, and shall add a penalty of two percent of the amount of the deficiency.

(2) If a licensee, or person acting as such, fails, neglects, or refuses to file a motor vehicle fuel tax report the department shall, on the basis of information available to it, determine the tax liability of the licensee or person for the period during which no report was filed. The department shall add the penalty provided in subsection (1) of this section to the tax. An assessment made by the department under this subsection or subsection (1) of this section is presumed to be

correct. In any case, where the validity of the assessment is questioned, the burden is on the person who challenges the assessment to establish by a fair preponderance of evidence that it is erroneous or excessive, as the case may be.

(3) If a licensee or person acting as such files a false or fraudulent report with intent to evade the tax imposed by this chapter, the department shall add to the amount of deficiency a penalty equal to twenty-five percent of the deficiency, in addition to the penalty provided in subsections (1) and (2) of this section and all other penalties prescribed by law.

(4) Motor vehicle fuel tax, penalties, and interest payable under this chapter bears interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount or any portion of it should have been paid until the date of payment. If a licensee or person acting as such establishes by a fair preponderance of evidence that the failure to pay the amount of tax due was attributable to reasonable cause and was not intentional or willful, the department may waive the penalty. The department may waive the interest when it determines the cost of processing or collection of the interest exceeds the amount of interest due.

(5) Except in the case of a fraudulent report, neglect or refusal to make a report, or failure to pay or to pay the proper amount, the department shall assess the deficiency under subsection (1) or (2) of this section within five years from the last day of the succeeding calendar month after the reporting period for which the amount is proposed to be determined or within five years after the return is filed, whichever period expires later.

(6) Except in the case of violations of filing a false or fraudulent report, if the department deems mitigation of penalties and interest to be reasonable and in the best interest of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter.

(7) A licensee or person acting as such against whom an assessment is made under subsection (1) or (2) of this section may petition for a reassessment within thirty days after service upon the licensee of notice of the assessment. If the petition is not filed within the thirty-day period, the amount of the assessment becomes final at the expiration of that period.

If a petition for reassessment is filed within the thirty-day period, the department shall reconsider the assessment and, if the petitioner has so requested in its petition, shall grant the petitioner an oral hearing and give the petitioner twenty days' notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service of notice upon the petitioner.

An assessment made by the department becomes due and payable when it becomes final. If it is not paid to the department when due and payable, the department shall add a penalty of ten percent of the amount of the tax.

(8) In a suit brought to enforce the rights of the state under this chapter, the assessment showing the amount of taxes, penalties, interest, and cost unpaid to the state is prima facie evidence of the facts as shown.

(9) A notice of assessment required by this section must be served personally or by certified or registered mail. If it is served by mail, service shall be made by deposit of the notice in the United States mail, postage prepaid, addressed to the respondent at the most current address furnished to the department.

~~((10) The tax imposed by this chapter, if required to be collected by the seller, is held in trust by the licensee until paid to the department, and a licensee who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a felony, or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to collect the tax imposed by this section, or who has collected the tax and fails to pay it to the~~

~~department in the manner prescribed by this chapter, is personally liable to the state for the amount of the tax.))~~

**Sec. 10.** RCW 82.36.060 and 2001 c 270 s 5 are each amended to read as follows:

(1) An application for a license issued under this chapter shall be made to the department on forms to be furnished by the department and shall contain such information as the department deems necessary.

(2) Every application for a license must contain the following information to the extent it applies to the applicant:

(a) Proof as the department may require concerning the applicant's identity, including but not limited to his or her fingerprints or those of the officers of a corporation making the application;

(b) The applicant's form and place of organization including proof that the individual, partnership, or corporation is licensed to do business in this state;

(c) The qualification and business history of the applicant and any partner, officer, or director;

(d) The applicant's financial condition or history including a bank reference and whether the applicant or any partner, officer, or director has ever been adjudged bankrupt or has an unsatisfied judgment in a federal or state court;

(e) Whether the applicant has been adjudged guilty of a crime that directly relates to the business for which the license is sought and the time elapsed since the conviction is less than ten years, or has suffered a judgment within the preceding five years in a civil action involving fraud, misrepresentation, or conversion and in the case of a corporation or partnership, all directors, officers, or partners.

(3) An applicant for a license as a motor vehicle fuel importer must list on the application each state, province, or country from which the applicant intends to import motor vehicle fuel and, if required by the state, province, or country listed, must be licensed or registered for motor vehicle fuel tax purposes in that state, province, or country.

(4) An applicant for a license as a motor vehicle fuel exporter must list on the application each state, province, or country to which the exporter intends to export motor vehicle fuel received in this state by means of a transfer outside of the bulk transfer-terminal system and, if required by the state, province, or country listed, must be licensed or registered for motor vehicle fuel tax purposes in that state, province, or country.

(5) An applicant for a license as a motor vehicle fuel supplier must have a federal certificate of registry that is issued under the internal revenue code and authorizes the applicant to enter into federal tax-free transactions on motor vehicle fuel in the terminal transfer system.

(6) After receipt of an application for a license, the director may conduct an investigation to determine whether the facts set forth are true. The director shall require a fingerprint record check of the applicant through the Washington state patrol criminal identification system and the federal bureau of investigation before issuance of a license. The results of the background investigation including criminal history information may be released to authorized department personnel as the director deems necessary. The department shall charge a license holder or license applicant a fee of fifty dollars for each background investigation conducted.

An applicant who makes a false statement of a material fact on the application may be prosecuted for false swearing as defined by RCW 9A.72.040.

(7) Except as provided by subsection (8) of this section, before granting any license issued under this chapter, the department shall require applicant to file with the department, in such form as shall be prescribed by the department, a corporate surety bond duly executed by the applicant as principal, payable to the state and conditioned for faithful performance of all the requirements of this chapter, including the payment of all taxes, penalties, and other obligations arising out of this chapter. The total amount of the bond or bonds shall be fixed by the department and may be increased or reduced by the department at any time subject to the limitations herein provided. In fixing the total amount of the bond or bonds, the department shall require a bond or bonds equivalent in total amount to twice the estimated monthly excise tax determined in such manner as the

department may deem proper. If at any time the estimated excise tax to become due during the succeeding month amounts to more than fifty percent of the established bond, the department shall require additional bonds or securities to maintain the marginal ratio herein specified or shall demand excise tax payments to be made weekly or semimonthly to meet the requirements hereof.

The total amount of the bond or bonds required of any licensee shall never be less than five thousand dollars nor more than one hundred thousand dollars.

No recoveries on any bond or the execution of any new bond shall invalidate any bond and no revocation of any license shall effect the validity of any bond but the total recoveries under any one bond shall not exceed the amount of the bond.

In lieu of any such bond or bonds in total amount as herein fixed, a licensee may deposit with the state treasurer, under such terms and conditions as the department may prescribe, a like amount of lawful money of the United States or bonds or other obligations of the United States, the state, or any county of the state, of an actual market value not less than the amount so fixed by the department.

Any surety on a bond furnished by a licensee as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of thirty days from the date upon which such surety has lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the thirty day period. The department shall promptly, upon receiving any such request, notify the licensee who furnished the bond; and unless the licensee, on or before the expiration of the thirty day period, files a new bond, or makes a deposit in accordance with the requirements of this section, the department shall forthwith cancel the license. Whenever a new bond is furnished by a licensee, the department shall cancel the old bond as soon as the department and the attorney general are satisfied that all liability under the old bond has been fully discharged.

The department may require a licensee to give a new or additional surety bond or to deposit additional securities of the character specified in this section if, in its opinion, the security of the surety bond theretofore filed by such licensee, or the market value of the properties deposited as security by the licensee, shall become impaired or inadequate; and upon the failure of the licensee to give such new or additional surety bond or to deposit additional securities within thirty days after being requested so to do by the department, the department shall forthwith cancel his or her license.

(8) The department may waive the requirements of subsection (7) of this section for licensed distributors if, upon determination by the department, the licensed distributor has sufficient resources, assets, other financial instruments, or other means, to adequately make payments on the estimated monthly motor vehicle fuel tax payments, penalties, and interest arising out of this chapter. The department shall adopt rules to administer this subsection. An application for an international fuel tax agreement license must be made to the department. The application must be filed upon a form prescribed by the department and contain such information as the department may require. The department shall charge a fee of ten dollars per set of international fuel tax agreement decals issued to each applicant or licensee. The department shall transmit the fee to the state treasurer for deposit in the motor vehicle fund.

**Sec. 11.** RCW 82.36.080 and 1998 c 176 s 20 are each amended to read as follows:

(1) It shall be unlawful for any person to engage in business in this state as any of the following unless the person is the holder of an uncanceled license issued by the department authorizing the person to engage in that business:

- (a) Motor vehicle fuel supplier;
- (b) Motor vehicle fuel distributor;
- (c) Motor vehicle fuel exporter;
- (d) Motor vehicle fuel importer; ~~((or))~~
- (e) Motor vehicle fuel blender; or
- (f) International fuel tax agreement licensee.

(2) A person engaged in more than one activity for which a license is required must have a separate license classification for each

activity, but a motor vehicle fuel supplier is not required to obtain a separate license classification for any other activity for which a license is required.

(3) If any person acts as a licensee without first securing the license required herein the excise tax shall be immediately due and payable on account of all motor vehicle fuel distributed or used by the person. The director shall proceed forthwith to determine from the best available sources, the amount of the tax, and the director shall immediately assess the tax in the amount found due, together with a penalty of one hundred percent of the tax, and shall make a certificate of such assessment and penalty. In any suit or proceeding to collect the tax or penalty, or both, such certificate shall be prima facie evidence that the person therein named is indebted to the state in the amount of the tax and penalty therein stated. Any tax or penalty so assessed may be collected in the manner prescribed in this chapter with reference to delinquency in payment of the tax or by an action at law, which the attorney general shall commence and prosecute to final determination at the request of the director. The foregoing remedies of the state shall be cumulative and no action taken pursuant to this section shall relieve any person from the penal provisions of this chapter.

**Sec. 12.** RCW 82.36.160 and 1998 c 176 s 27 are each amended to read as follows:

Every licensee shall maintain in the office of his or her principal place of business in this state, for a period of five years, records of motor vehicle fuel received, sold, distributed, or used by the licensee, in such form as the director may prescribe, together with invoices, bills of lading, and other pertinent papers as may be required under the provisions of this chapter.

~~((Every dealer purchasing motor vehicle fuel taxable under this chapter for the purpose of resale, shall maintain within this state, for a period of two years a record of motor vehicle fuels received, the amount of tax paid to the licensee as part of the purchase price, together with delivery tickets, invoices, and bills of lading, and such other records as the director shall require.))~~

**Sec. 13.** RCW 82.36.180 and 1998 c 176 s 30 are each amended to read as follows:

The director, or duly authorized agents, may make such examinations of the records, stocks, facilities, and equipment of any licensee, ~~((and service stations,))~~ and make such other investigations as deemed necessary in carrying out the provisions of this chapter. If such examinations or investigations disclose that any reports of licensees theretofore filed with the director pursuant to the requirements of this chapter have shown incorrectly the gallonage of motor vehicle fuel distributed or the tax ~~((accruing))~~ liability thereon, the director may make such changes in subsequent reports and payments of such licensees as deemed necessary to correct the errors disclosed.

Every such licensee or such other person not maintaining records in this state so that an audit of such records may be made by the director or a duly authorized representative shall be required to make the necessary records available to the director upon request and at a designated office within this state; or, in lieu thereof, the director or a duly authorized representative shall proceed to any out-of-state office at which the records are prepared and maintained to make such examination.

**NEW SECTION. Sec. 14.** A new section is added to chapter 82.36 RCW to read as follows:

Motor vehicle fuel that is used exclusively for racing and is illegal for use on the public highways of this state under state or federal law is exempt from the tax imposed under this chapter.

**Sec. 15.** RCW 82.36.320 and 1961 c 15 s 82.36.320 are each amended to read as follows:

Any person claiming refund on motor vehicle fuel used other than in motor vehicles as herein provided ~~((, and any person purchasing motor vehicle fuel from a dealer who is claiming refund on account of the sale of such fuel under RCW 82.36.305))~~ may be required by the director to also furnish information regarding the amount of motor vehicle fuel purchased from other sources or for

other purposes during the period reported for which no refund is claimed.

**Sec. 16.** RCW 82.36.340 and 1961 c 15 s 82.36.340 are each amended to read as follows:

The director may in order to establish the validity of any claim for refund require the claimant ~~(; or, in the case of a dealer filing a claim for refund as provided by RCW 82.36.305, the person to whom such fuel was sold;)~~ to furnish such additional proof of the validity of the claim as the director may determine, and may examine the books and records of the claimant or said person to whom the fuel was sold for such purpose. The records shall be sufficient to substantiate the accuracy of the claim and shall be in such form and contain such information as the director may require. The failure to maintain such records or to accede to a demand for an examination of such records may be deemed by the director as sufficient cause for denial of all right to the refund claimed on account of the transaction in question.

**Sec. 17.** RCW 82.36.370 and 1998 c 176 s 42 are each amended to read as follows:

(1) A refund shall be made in the manner provided in this chapter or a credit given to a licensee allowing for the excise tax paid or accrued on all motor vehicle fuel which is lost or destroyed, while ~~((applicant shall be the owner thereof))~~ the licensee was the owner, through fire, lightning, flood, wind storm, or explosion.

(2) A refund shall be made in the manner provided in this chapter or a credit given allowing for the excise tax paid or accrued on all motor vehicle fuel of five hundred gallons or more which is lost or destroyed, while ~~((applicant shall be))~~ the licensee was the owner thereof, through leakage or other casualty except evaporation, shrinkage or unknown causes: PROVIDED, That the director shall be notified in writing as to the full circumstances surrounding such loss or destruction and the amount of the loss or destruction within thirty days from the day of discovery of such loss or destruction.

(3) Recovery for such loss or destruction under either subsection (1) or (2) must be susceptible to positive proof thereby enabling the director to conduct such investigation and require such information as the director may deem necessary.

In the event that the director is not satisfied that the fuel was lost or destroyed as claimed, wherefore required information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, the director may deem as sufficient cause the denial of all right relating to the refund or credit for the excise tax on motor vehicle fuel alleged to be lost or destroyed.

**Sec. 18.** RCW 82.36.380 and 2003 c 358 s 13 are each amended to read as follows:

(1) It is unlawful for a person or corporation to:

(a) Evade a tax or fee imposed under this chapter;

(b) File a false statement of a material fact on a motor fuel license application or motor fuel refund application;

(c) Act as a motor fuel importer, motor fuel blender, or motor fuel supplier unless the person holds an uncanceled motor fuel license issued by the department authorizing the person to engage in that business;

(d) Knowingly assist another person to evade a tax or fee imposed by this chapter;

(e) Knowingly operate a conveyance for the purpose of hauling, transporting, or delivering motor vehicle fuel in bulk and not possess an invoice, bill of sale, or other statement showing the name, address, and tax license number of the seller or consignor, the destination, the name, address, and tax license number of the purchaser or consignee, and the number of gallons.

(2) A violation of subsection (1) of this section is a class C felony under chapter 9A.20 RCW. In addition to other penalties and remedies provided by law, the court shall order a person or corporation found guilty of violating subsection (1) of this section to:

(a) Pay the tax or fee evaded plus interest, commencing at the date the tax or fee was first due, at the rate of twelve percent per year, compounded monthly; and

(b) Pay a penalty of one hundred percent of the tax evaded, to the multimodal transportation account of the state.

(3) The tax imposed by this chapter is held in trust by the licensee until paid to the department, and a licensee who appropriates the tax to his or her own use or to any use other than the payment of the tax on the due date as prescribed in this chapter is guilty of a felony or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to pay to the department the tax imposed by this chapter is personally liable to the state for the amount of the tax.

**Sec. 19.** RCW 82.36.450 and 1995 c 320 s 2 are each amended to read as follows:

((The department of licensing may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding the imposition, collection, and use of this state's motor vehicle fuel tax, or the budgeting or use of moneys in lieu thereof, upon terms substantially the same as those in the consent decree entered by the federal district court (Eastern District of Washington) in *Confederated Tribes of the Colville Reservation v. DOL, et al.*, District Court No. *CY-92-248-JLO*)) (1) The governor may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding motor vehicle fuel taxes included in the price of fuel delivered to a retail station wholly owned and operated by a tribe, tribal enterprise, or tribal member licensed by the tribe to operate a retail station located on reservation or trust property. The agreement may provide mutually agreeable means to address any tribal immunities or any preemption of the state motor vehicle fuel tax.

(2) The provisions of this section do not repeal existing state/tribal fuel tax agreements or consent decrees in existence on the effective date of this act. The state and the tribe may agree to substitute an agreement negotiated under this section for an existing agreement or consent decree, or to enter into an agreement using a methodology similar to the state/tribal fuel tax agreements in effect on the effective date of this act.

(3) If a new agreement is negotiated, the agreement must:

(a) Require that the tribe or the tribal retailer acquire all motor vehicle fuel only from persons or companies operating lawfully in accordance with this chapter as a motor vehicle fuel distributor, supplier, importer, or blender, or from a tribal distributor, supplier, importer, or blender lawfully doing business according to all applicable laws;

(b) Provide that the tribe will expend fuel tax proceeds or equivalent amounts on: Planning, construction, and maintenance of roads, bridges, and boat ramps; transit services and facilities; transportation planning; police services; and other highway-related purposes;

(c) Include provisions for audits or other means of ensuring compliance to certify the number of gallons of motor vehicle fuel purchased by the tribe for resale at tribal retail stations, and the use of fuel tax proceeds or their equivalent for the purposes identified in (b) of this subsection. Compliance reports must be delivered to the director of the department of licensing.

(4) Information from the tribe or tribal retailers received by the state or open to state review under the terms of an agreement shall be deemed to be personal information under RCW 42.56.230(3)(b) and exempt from public inspection and copying.

(5) The governor may delegate the power to negotiate fuel tax agreements to the department of licensing.

(6) The department of licensing shall prepare and submit an annual report to the legislature on the status of existing agreements and any ongoing negotiations with tribes.

**NEW SECTION. Sec. 20.** A new section is added to chapter 82.36 RCW to read as follows:

It is the intent and purpose of this chapter that the tax shall be imposed at the time and place of the first taxable event and upon the first taxable person within this state. Any person whose activities would otherwise require payment of the tax imposed by RCW 82.36.020 but who is exempt from the tax nevertheless has a precollection obligation for the tax that must be imposed on the first taxable event within this state. Failure to pay the tax with respect to

a taxable event shall not prevent tax liability from arising by reason of a subsequent taxable event.

**Sec. 21.** RCW 82.38.030 and 2005 c 314 s 102 are each amended to read as follows:

(1) There is hereby levied and imposed upon special fuel ~~((users)) licensees, other than special fuel distributors,~~ a tax at the rate of twenty-three cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature.

(7) Taxes are imposed when:

(a) Special fuel is removed in this state from a terminal if the special fuel is removed at the rack unless the removal is to a licensed exporter for direct delivery to a destination outside of the state, or the removal is ~~((to))~~ by a special fuel ~~((distributor))~~ supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

~~((The tax under RCW 82.38.030, if not previously imposed and paid, must be paid over to the department by special fuel users and persons licensed under the international fuel tax agreement or other fuel tax reciprocity agreements entered into with the state of Washington, on the use of special fuel to operate motor vehicles on the highways of this state, unless the use is exempt from the tax under this chapter.)) International fuel tax agreement licensees, or persons operating motor vehicles under other reciprocity agreements entered into with the state of Washington, are liable for and must pay the tax under RCW 82.38.030 to the department on special fuel used to operate motor vehicles on the highways of this state. This provision does not apply if the tax under RCW 82.38.030 has previously been imposed and paid by the international fuel tax agreement licensee or if the use of such fuel is exempt from the tax under this chapter.~~

**Sec. 23.** RCW 82.38.035 and 2005 c 314 s 107 are each amended to read as follows:

(5) A licensed dyed special fuel user shall ~~((remit))~~ be liable for and pay tax to the department on the use of dyed special fuel as provided in RCW 82.38.030(7)(f).

(6) Nothing in this chapter prohibits the licensee liable for payment of the tax under this chapter from including as a part of the selling price an amount equal to such tax.

**Sec. 24.** RCW 82.38.050 and 1990 c 250 s 82 are each amended to read as follows:

~~((Except as otherwise provided in this chapter, every special fuel user shall be liable for the tax on special fuel used in motor vehicles leased to the user for thirty days or more and operated on the highways of this state to the same extent and in the same manner as special fuel used in his own motor vehicles and operated on the highways of this state. PROVIDED, That)) A lessor who is engaged regularly in the business of leasing or renting for compensation motor vehicles and equipment he owns without drivers for carriers or other lessees for interstate operation, may be deemed to be the special fuel~~

user when he supplies or pays for the special fuel consumed in such vehicles, and such lessor may be issued ~~((a))~~ an international fuel tax agreement license ((as a special fuel user)) when application and bond have been properly filed with and approved by the department for such license. Any lessee may exclude motor vehicles of which he or she is the lessee from reports and liabilities pursuant to this chapter, but only if the motor vehicles in question have been leased from a lessor holding a valid ~~((special fuel user's))~~ international fuel tax agreement license.

~~((Every such lessor shall file with the application for a special fuel user's license one copy of the lease form or service contract the lessor enters into with the various lessees of the lessor's motor vehicles:))~~ When the ~~((special fuel user's))~~ license has been secured, such lessor shall make and assign to each motor vehicle leased for interstate operation a photocopy of such license to be carried in the cab compartment of the motor vehicle and on which shall be typed or printed on the back the unit or motor number of the motor vehicle to which it is assigned and the name of the lessee. Such lessor shall be responsible for the proper use of such photocopy of the license issued and its return to the lessor with the motor vehicle to which it is assigned.

The lessor shall be responsible for fuel tax licensing and reporting, as required by this chapter, on the operation of all motor vehicles leased to others for less than thirty days.

**Sec. 25.** RCW 82.38.100 and 1999 c 270 s 2 are each amended to read as follows:

(1) Any special fuel user operating a motor vehicle into this state for commercial purposes may make application for a trip permit that shall be good for a period of three consecutive days beginning and ending on the dates specified on the face of the permit issued, and only for the vehicle for which it is issued.

(2) Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety, signed, and dated by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, vehicle license number, or vehicle identification number invalidates the permit. A violation of, or a failure to comply with, this subsection is a gross misdemeanor.

(3) For each permit issued, there shall be collected a filing fee of one dollar, an administrative fee of ten dollars, and an excise tax of nine dollars. Such fees and tax shall be in lieu of the special fuel tax otherwise assessable against the permit holder for importing and using special fuel in a motor vehicle on the public highways of this state, and no report of mileage shall be required with respect to such vehicle. Trip permits will not be issued if the applicant has outstanding fuel taxes, penalties, or interest owing to the state or has had a special fuel license revoked for cause and the cause has not been removed.

(4) Blank permits may be obtained from field offices of the department of transportation, ~~((Washington state patrol))~~ department of licensing, or other agents appointed by the department. The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(5) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other fees and excise taxes collected by the department for trip permits shall be credited and deposited in the same manner as the special fuel tax collected under this chapter and shall not be subject to exchange, refund, or credit.

**Sec. 26.** RCW 82.38.130 and 1998 c 176 s 65 are each amended to read as follows:

The department may revoke the license of any licensee for any of the grounds constituting cause for denial of a license set forth in

RCW 82.38.120 or for other reasonable cause. Before revoking such license the department shall notify the licensee to show cause within twenty days of the date of the notice why the license should not be revoked: PROVIDED, That at any time prior to and pending such hearing the department may, in the exercise of reasonable discretion, suspend such license.

The department shall cancel any special fuel license immediately upon surrender thereof by the holder.

Any surety on a bond furnished by a licensee as provided in this chapter shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of forty-five days from the date which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the forty-five day period. The department shall promptly, upon receiving any such request, notify the licensee who furnished the bond, and unless the licensee, on or before the expiration of the forty-five day period, files a new bond, in accordance with this section, the department ~~((forthwith))~~ shall cancel the ~~((special fuel dealer's or special fuel user's))~~ license.

The department may require a new or additional surety bond of the character specified in RCW 82.38.020(3) if, in its opinion, the security of the surety bond therefor filed by such licensee, shall become impaired or inadequate. Upon failure of the licensee to give such new or additional surety bond within forty-five days after being requested to do so by the department, or after he or she shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the department, the department forthwith shall cancel his or her license.

**Sec. 27.** RCW 82.38.140 and 1998 c 176 s 66 are each amended to read as follows:

(1) Every licensee and every person importing, manufacturing, refining, ~~((dealing in,))~~ transporting, blending, or storing special fuel in this state shall keep for a period of not less than five years open to inspection at all times during the business hours of the day to the department or its authorized representatives, a complete record of all special fuel purchased or received and all of such products sold, delivered, or used by them. Such records shall show:

- (a) The date of each receipt;
- (b) The name and address of the person from whom purchased or received;
- (c) The number of gallons received at each place of business or place of storage in the state of Washington;
- (d) The date of each sale or delivery;
- (e) The number of gallons sold, delivered, or used for taxable purposes;
- (f) The number of gallons sold, delivered, or used for any purpose not subject to the tax imposed in this chapter;
- (g) The name, address, and special fuel license number of the purchaser if the special fuel tax is not collected on the sale or delivery;
- (h) The inventories of special fuel on hand at each place of business at the end of each month.

(2)(a) All international fuel tax agreement licensees and dyed special fuel users authorized to use dyed special fuel on highway in vehicles licensed for highway operation shall maintain detailed mileage records on an individual vehicle basis.

(b) Such operating records shall show both on-highway and off-highway usage of special fuel on a daily basis for each vehicle.

(c) In the absence of operating records that show both on-highway and off-highway usage of special fuel on a daily basis for each vehicle, fuel consumption must be computed under RCW 82.38.060.

(3) The department may require a person other than a licensee engaged in the business of selling, purchasing, distributing, storing, transporting, or delivering special fuel to submit periodic reports to the department regarding the disposition of the fuel. The reports must be on forms prescribed by the department and must contain such information as the department may require.

(4) Every person operating any conveyance for the purpose of hauling, transporting, or delivering special fuel in bulk shall have and

possess during the entire time the person is hauling special fuel, an invoice, bill of sale, or other statement showing the name, address, and license number of the seller or consignor, the destination, name, and address of the purchaser or consignee, license number, if applicable, and the number of gallons. The person hauling such special fuel shall at the request of any law enforcement officer or authorized representative of the department, or other person authorized by law to inquire into, or investigate those types of matters, produce for inspection such invoice, bill of sale, or other statement and shall permit such official to inspect and gauge the contents of the vehicle.

**Sec. 28.** RCW 82.38.150 and 1998 c 176 s 67 are each amended to read as follows:

For the purpose of determining the amount of liability for the tax herein imposed, and to periodically update license information, each licensee, other than a special fuel distributor, an international fuel tax agreement licensee, or a dyed special fuel user, shall file monthly tax reports with the department, on forms prescribed by the department.

Dyed special fuel users whose estimated yearly tax liability is two hundred fifty dollars or less, shall file a report yearly, and dyed special fuel users whose estimated yearly tax liability is more than two hundred fifty dollars, shall file reports quarterly. Special fuel users licensed under the international fuel tax agreement shall file reports quarterly. ~~((Special fuel distributors))~~ Heating oil dealers subject to the pollution liability insurance agency fee and reporting requirements shall remit pollution liability insurance agency returns and any associated payment due to the department annually.

The department shall establish the reporting frequency for each applicant at the time the special fuel license is issued. If it becomes apparent that any licensee is not reporting in accordance with the above schedule, the department shall change the licensee's reporting frequency by giving thirty days' notice to the licensee by mail to the licensee's address of record. A report shall be filed with the department even though no special fuel was used, or tax is due, for the reporting period. Each tax report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and are made under penalties of perjury, which declaration shall have the same force and effect as a verification of the report and is in lieu of such verification. The report shall show such information as the department may reasonably require for the proper administration and enforcement of this chapter. ~~((For counties within which an additional excise tax on special fuel has been levied by that jurisdiction under RCW 82.80.010, the report must show the quantities of special fuel sold, distributed, or withdrawn from bulk storage by the reporting dealer or user within the county's boundaries and the tax liability from its levy.))~~ A licensee shall file a tax report on or before the twenty-fifth day of the next succeeding calendar month following the period to which it relates.

Subject to the written approval of the department, tax reports may cover a period ending on a day other than the last day of the calendar month. Taxpayers granted approval to file reports in this manner will file such reports on or before the twenty-fifth day following the end of the reporting period. No change to this reporting period will be made without the written authorization of the department.

If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date shown by the post office cancellation mark stamped upon an envelope containing such report properly addressed to the department, or on the date it was mailed if proof satisfactory to the department is available to establish the date it was mailed.

The department, if it deems it necessary in order to insure payment of the tax imposed by this chapter, or to facilitate the administration of this chapter, has the authority to require the filing of reports and tax remittances at shorter intervals than one month if, in its opinion, an existing bond has become insufficient.

**Sec. 29.** RCW 82.38.180 and 1998 c 176 s 71 are each amended to read as follows:

Any person who has purchased special fuel on which tax has been paid ~~((a special fuel tax either directly or to the vendor from whom it was purchased))~~ may file a claim with the department for a refund of the tax ~~((so paid and shall be reimbursed and repaid the amount of))~~ for:

(1) ~~((Any))~~ Taxes previously paid on special fuel used for purposes other than for the propulsion of motor vehicles upon the public highways in this state.

(2) ~~((Any))~~ Taxes previously paid on special fuel exported for use outside of this state. Special fuel carried from this state in the fuel tank of a motor vehicle is deemed to be exported from this state. Special fuel distributed to a federally recognized Indian tribal reservation located within the state of Washington is not considered exported outside this state.

(3) ~~((Any))~~ Tax, penalty, or interest erroneously or illegally collected or paid.

(4) ~~((Any))~~ Taxes previously paid on all special fuel which is lost or destroyed, while ~~((applicant))~~ the licensee shall be the owner thereof, through fire, lightning, flood, wind storm, or explosion.

(5) ~~((Any))~~ Taxes previously paid on all special fuel of five hundred gallons or more which is lost or destroyed while ~~((applicant))~~ the licensee shall be the owner thereof, through leakage or other casualty except evaporation, shrinkage, or unknown causes.

(6) ~~((Any))~~ Taxes previously paid on special fuel that is inadvertently mixed with dyed special fuel.

Recovery for such loss or destruction under either subsection (4), (5), or (6) of this section must be susceptible to positive proof thereby enabling the department to conduct such investigation and require such information as ~~((they))~~ it may deem necessary. In the event that the department is not satisfied that the fuel was lost, destroyed, or contaminated as claimed because information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, ~~((they))~~ it may deem such as sufficient cause to deny all right relating to the refund or credit for the excise tax paid on special fuel alleged to be lost or destroyed.

No refund or claim for credit shall be approved by the department unless the gallons of special fuel claimed as nontaxable satisfy the conditions specifically set forth in this section and the nontaxable event or use occurred during the period covered by the refund claim. Refunds or claims for credit ~~((by sellers or users of special fuel))~~ shall not be allowed for anticipated nontaxable use or events.

**Sec. 30.** RCW 82.38.270 and 2003 c 358 s 14 are each amended to read as follows:

(1) It is unlawful for a person or corporation to:

(a) Have dyed diesel in the fuel supply tank of a vehicle that is licensed or required to be licensed for highway use or maintain dyed diesel in bulk storage for highway use, unless the person or corporation maintains an uncanceled dyed diesel user license or is otherwise exempted by this chapter;

(b) Evade a tax or fee imposed under this chapter;

(c) File a false statement of a material fact on a special fuel license application or special fuel refund application;

(2)(a) A single violation of subsection (1)(a) of this section is a gross misdemeanor under chapter 9A.20 RCW.

(b) Multiple violations of subsection (1)(a) of this section and violations of subsection (1)(b) through (f) of this section are a class C felony under chapter 9A.20 RCW.

(3) In addition to other penalties and remedies provided by law, the court shall order a person or corporation found guilty of violating subsection (1)(b) through (f) of this section to:

(a) Pay the tax or fee evaded plus interest, commencing at the date the tax or fee was first due, at the rate of twelve percent per year, compounded monthly; and

(b) Pay a penalty of one hundred percent of the tax evaded, to the multimodal transportation account of the state.

(4) The tax imposed by this chapter is held in trust by the licensee until paid to the department, and a licensee who appropriates the tax to his or her own use or to any use other than the payment of the tax on the due date as prescribed in this chapter is guilty of a felony or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to pay to the department the tax imposed by this chapter is personally liable to the state for the amount of the tax.

**Sec. 31.** RCW 82.38.310 and 1995 c 320 s 3 are each amended to read as follows:

((The department of licensing may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding the imposition, collection, and use of this state's special fuel tax, or the budgeting or use of moneys in lieu thereof, upon terms substantially the same as those in the consent decree entered by the federal district court (Eastern District of Washington) in *Confederated Tribes of the Colville Reservation v. DOL, et al.*, District Court No. CY 92-248-JLG.)) (1) The governor may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding special fuel taxes included in the price of fuel delivered to a retail station wholly owned and operated by a tribe, tribal enterprise, or tribal member licensed by the tribe to operate a retail station located on reservation or trust property. The agreement may provide mutually agreeable means to address any tribal immunities or any preemption of the state special fuel tax.

(2) The provisions of this section do not repeal existing state/tribal fuel tax agreements or consent decrees in existence on the effective date of this act. The state and the tribe may agree to substitute an agreement negotiated under this section for an existing agreement or consent decree, or to enter into an agreement using a methodology similar to the state/tribal fuel tax agreements in effect on the effective date of this act.

(3) If a new agreement is negotiated, the agreement must:

(a) Require that the tribe or the tribal retailer acquire all special fuel only from persons or companies operating lawfully in accordance with this chapter as a special fuel distributor, supplier, importer, or blender, or from a tribal distributor, supplier, importer, or blender lawfully doing business according to all applicable laws;

(b) Provide that the tribe will expend fuel tax proceeds or equivalent amounts on: Planning, construction, and maintenance of roads, bridges, and boat ramps; transit services and facilities; transportation planning; police services; and other highway-related purposes;

(c) Include provisions for audits or other means of ensuring compliance to certify the number of gallons of special fuel purchased by the tribe for resale at tribal retail stations, and the use of fuel tax proceeds or their equivalent for the purposes identified in (b) of this subsection. Compliance reports must be delivered to the director of the department of licensing.

(4) Information from the tribe or tribal retailers received by the state or open to state review under the terms of an agreement shall be deemed personal information under RCW 42.56.230(3)(b) and exempt from public inspection and copying.

(5) The governor may delegate the power to negotiate fuel tax agreements to the department of licensing.

(6) The department of licensing shall prepare and submit an annual report to the legislature on the status of existing agreements and any ongoing negotiations with tribes.

**Sec. 32.** RCW 82.38.320 and 1998 c 176 s 83 are each amended to read as follows:

(1) An international fuel tax agreement licensee who meets the qualifications in subsection (2) of this section may be given special authorization by the department to purchase special fuel delivered into bulk storage without payment of the special fuel tax at the time the fuel is purchased. The special authorization applies only to full truck-trailer loads filled at a terminal rack and delivered directly to the bulk storage facilities of the special authorization holder. The licensee shall pay special fuel tax on the fuel at the time the licensee files their international fuel tax agreement tax return and accompanying schedule with the department. The accompanying schedule shall be provided in a form and manner determined by the department and shall contain information on purchases and usage of all nondyed special fuel purchased during the reporting period. In addition, by the fifteenth day of the month following the month in which fuel under the special authorization was purchased, the licensee must report to the department, the name of the seller and the number of gallons purchased for each purchase of such fuel, and any other information as the department may require.

(2) To receive or maintain special authorization under subsection (1) of this section, the following conditions regarding the international fuel tax agreement licensee must apply:

(a) During the period encompassing the four consecutive calendar quarters immediately preceding the fourth calendar quarter of the previous year, the number of gallons consumed outside the state of Washington as reported on the licensee's international fuel tax agreement tax returns must have been equal to at least twenty percent of the nondyed special fuel gallons, including fuel used on-road and off-road, purchased by the licensee in the state of Washington, as reported on the accompanying schedules required under subsection (1) of this section;

(b) The licensee must have been licensed under the provisions of the international fuel tax agreement during each of the four consecutive calendar quarters immediately preceding the fourth calendar quarter of the previous year; and

(c) The licensee has not violated the reporting requirements of this section.

(3) Only a licensed special fuel supplier or special fuel importer may sell special fuel to a special authorization holder in the manner prescribed by this section.

(4) A special fuel ((distributor)) supplier or importer who sells special fuel under the special authorization provisions of this section is not liable for the special fuel tax on the fuel. ((By the fifteenth day of the month following the month in which the fuel was sold, the special fuel distributor shall report to the department, the name and special authorization number of the purchaser and the number of gallons sold for each purchase of such special fuel, and any other information as the department may require.)) The special fuel supplier or importer will report such sales, in a manner prescribed by the department, at the time the special fuel supplier or importer submits the monthly tax report.

((4) A supplier selling special fuel under the provisions of this section shall not be responsible for taxes due for special fuel purchased under the provisions of this section:

(5) An international fuel tax agreement licensee who qualifies for a special authorization under this section for calendar year 1999 is not subject to the special fuel user requirements of RCW 82.38.289.))

**NEW SECTION. Sec. 33.** A new section is added to chapter 82.38 RCW to read as follows:

It is the intent and purpose of this chapter that the tax shall be imposed at the time and place of the first taxable event and upon the first taxable person within this state. Any person whose activities would otherwise require payment of the tax imposed by RCW 82.38.030 but who is exempt from the tax nevertheless has a precollection obligation for the tax that must be imposed on the first taxable event within this state. **Sec. 2.** RCW 41.32.765 and 2000 c 247 s 902 are each amended to read as follows:

(1) **NORMAL RETIREMENT.** Any member with at least five service credit years of service who has attained at least age sixty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760.

(2) **EARLY RETIREMENT.** Any member who has completed at least twenty service credit years of service who has attained at least age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(3) **ALTERNATE EARLY RETIREMENT.**

(a) Any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by three percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(b) On or after September 1, 2008, any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced as follows:

<u>Retirement Age</u>	<u>Percent Reduction</u>
<u>55</u>	<u>20%</u>

<u>56</u>	<u>17%</u>
<u>57</u>	<u>14%</u>
<u>58</u>	<u>11%</u>
<u>59</u>	<u>8%</u>
<u>60</u>	<u>5%</u>

The subsidized reductions for alternate early retirement in this subsection as set forth in section 2, chapter . . . (this act), Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection.

**Sec. 3.** RCW 41.32.835 and 1995 c 239 s 105 are each amended to read as follows:

At the end of ninety days, if the member has not made a choice to become a member of plan 2, he or she becomes a member of plan 3.

(2) For administrative efficiency, until a member elects to become a member of plan 3, or becomes a member of plan 3 by default under subsection (1) of this section, the member shall be reported to the department in plan 2, with member and employer contributions. Upon becoming a member of plan 3 by election or by default, all service credit shall be transferred to the member's plan 3 defined benefit, and all employee accumulated contributions shall be transferred to the member's plan 3 defined contribution account.

(3) The plan choice provision as set forth in section 3, chapter . . . (this act), Laws of 2007 was intended by the legislature as a replacement benefit for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to plan choice under this section is noncontractual, and the legislature reserves the right to amend or repeal this section. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that

time, all teachers who first become employed by an employer in an eligible position on or after July 1, 2007, may choose either plan 2 or plan 3 under this section. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then all teachers who first become employed by an employer in an eligible position on or after the date of such reinstatement shall be members of plan 3.

(2) **EARLY RETIREMENT.** Any member who has attained at least age fifty-five and has completed at least ten years of service shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.840, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(3) **ALTERNATE EARLY RETIREMENT.**

(a) Any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.840, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by three percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(b) On or after September 1, 2008, any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.840, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced as follows:

<u>61</u>	<u>2%</u>
<u>62</u>	<u>0%</u>
<u>63</u>	<u>0%</u>
<u>64</u>	<u>0%</u>

Any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.32.862(2) until the retired member has reached sixty-five years of age. For purposes of this subsection, employment with an employer also includes any personal service contract, service by an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.32.860(1).

The subsidized reductions for alternate early retirement in this subsection as set forth in section 4, chapter . . . (this act), Laws of

2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. This adjustment shall not decrease the annual increase amount, and is not to exceed \$0.20 per month per year of service. The legislature reserves the right to amend or repeal this section in the future and no member or beneficiary has the contractual right to receive this adjustment to the annual increase amount not granted prior to that time.

(2) The adjustment to the annual increase amount as set forth in section 5, chapter . . . (this act), Laws of 2007 was intended by the legislature as a replacement benefit for gain-sharing. If the repeal of chapter 41.31 RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then this adjustment to the annual increase amount shall not be included in future annual increase amounts paid on or after the date of such reinstatement.

All previous amendments not be adopted and that the attached striking amendment (H-3669.2/07) be adopted

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 53.08.255 and 1984 c 122 s 10 are each amended to read as follows:

(1) Any port district in this state, acting through its commission, has power to expend moneys and conduct promotion of resources and facilities in the district or general area by advertising, publicizing, or otherwise distributing information to attract visitors and encourage tourist expansion.

(2)(a) Any port district is authorized either individually or jointly with any other municipality, or person, or any combination thereof, to acquire and to operate tourism-related facilities.

(b) When exercising the authority granted under (a) of this subsection, a port district may exercise any of the powers granted to a municipality under RCW 67.28.120, 67.28.130 through 67.28.170, and 67.28.220, but may not exercise powers granted to municipalities under RCW 67.28.180 and 67.28.181 or other powers granted to municipalities under chapter 67.28 RCW. ## SIXTIETH LEGISLATURE - REGULAR SESSION

## ONE HUNDRED FIFTH DAY

House Chamber, Olympia, Sunday, April 22, 2007

The House was called to order at 11:00 a.m. by the Speaker (Representative Lovick presiding). The Clerk called the roll and a quorum was present.

The flags were escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Dave Mangino, Ron Finley and Jarrod Combs. The Speaker (Representative Lovick presiding) led the Chamber in the Pledge of Allegiance. Prayer was offered by Representative Joyce McDonald.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

**POINT OF PERSONAL PRIVILEGE**

Representative Springer: "Thank you, Mr. Speaker. As this legislative session winds down and we are in the one hundred and fifth day, many of us look back and wonder how in the world did we ever get here. And how in the world did we ever keep track of all that paper. The people standing behind you, Mr. Speaker, are those people responsible for keeping us on track and for keeping us attuned to the job we are here to do. I am reminded of earlier in the session, when the Bar had stacks of paper a foot-and-an-half high the length of the Bar. It was the staff behind you that produced it, kept it in order and actually had it organized because Lord knows we probably did not. So it is with great pleasure and respect that I want to commend to the Chamber the staff from the Chief Clerk's Office, the Workroom and the House Accounting Office for the work they have done to make our jobs even easier. Thank you, Mr. Speaker."

**POINT OF PERSONAL PRIVILEGE**

Representative Newhouse: "Thank you, Mr. Speaker. Many of us never truly understand what has to happen behind the scenes that makes the work we do happen on schedule and in such a manner that we can actually get anything done. These are the people that make it all happen. They make the old saying 'they make the trains run on time' true. They worry about the details of all of the little intricacies of this process so that we can worry about the policy and try to get that right. So we couldn't do our job without these folks. We think that this is a very fitting thing to take a few minutes to offer them our thoughts. Mr. Speaker, we wholeheartedly as a whole body do that this morning. Thank you."

**POINT OF PERSONAL PRIVILEGE**

Representative Roberts: "Thank you, Mr. Speaker. One of the things that I find very affirming in this house is that we are often expressing our thanks to people who do hard work. There are a group of people who I think have done tremendous work this year. They are very invisible to us. Those are the people who keep the grounds of this Capitol campus. One of the greatest joys I have experienced in this session has been the beauty that surrounds us. Mother Nature plays a

significant role but somebody else had to think of plans, buy the 35,000 tulip bulbs and decide to get them planted. I would ask the Clerk or anyone else who could convey this message for us, and I hope everyone else agrees that we have found joy in this and appreciate all the hard work that makes it happen. Thank you."

**POINT OF PERSONAL PRIVILEGE**

Representative Appleton: "Thank you, Mr. Speaker. I don't know how to say thank you to a group of people who are the glue that keeps our community together. They know everything. You can ask them anything. They know the RCWs, they know the WACs, they know everything. In my previous life, I lived and worked with them for 11 years and they are the information source that all of us rely on. I stole one of their own to be my Legislative Assistant and have been so thrilled. We still call them when we need information. This is the Legislative Information Center – I still call it the

Bill Room but those who are new call it the Legislative Information Center – and also the Hotline is part of LIC. We cannot forget those wonderful men and women who answer all the phones and take all the heat that we don't have to take. I think, Mr. Speaker, that we should give our fellow LIC people a big hand and a big thank. They are the glue that holds us together."

**POINT OF PERSONAL PRIVILEGE**

Representative Warnick: "Thank you, Mr. Speaker. I would also like to thank the people in the background. Coming my first year, I never realized how many people were back there supporting our good ideas and quickly turning them into amendments, quickly turning them into bills, quickly getting all of our counters filled up for us. I have a little sign here saying 'no paper please' and that is nothing against you folks because I could see the stacks rising and rising. However, I have been up to the front many times. I really appreciate all the support you have given us; all the information that you give us at the last minute and the support that we've needed from you. Thank you very much."

**POINT OF PERSONAL PRIVILEGE**

Representative Ericks: "Thank you, Mr. Speaker. In addition to all the wonderful things that were said by the previous speakers, I would like to rise and say that in the group before us, the one in the middle in pink is pretty hot. And if she isn't doing anything after we SINE DIE I'd like for her to go home with me. And that is my wife, Debbie."

**POINT OF PERSONAL PRIVILEGE**

Representative Pedersen: "Mr. Speaker, we have an incredibly talented crew of photography and video services people who have put us in good light for our constituents, for our colleagues and I am especially grateful today after the display earlier in caucus that I was not found in any compromising positions. On behalf of all of us, Mr. Speaker, I would like to express gratitude for the services these folks have provided to all of us here in helping to put the best light on the things we do here."

**POINT OF PERSONAL PRIVILEGE**

Representative Condotta: "Mr. Speaker, I would like to also thank the video and photo crew for trying to make these guys look good. It is a full-time job. I appreciate the fact that you are using more photo shop lately and that you have been able to modify some of the pictures. But I do have one little bone to pick – one of the most stressful things that we do here, I think, is making a four-and-an-half-minute video knowing you have to get through the whole thing without making a mistake. At least that was the way I thought it was. For eight straight weeks I broke into a near sweat trying to do one take on these videos and about eight weeks in I had to the end of one and I couldn't remember my phone number. And I thought I got to do it all over again. The gentleman said 'oh, no, we'll just edit it.' I said 'you're kidding, you can do that?' And I haven't done a one take since. Thank you for a fabulous year."

**POINT OF PERSONAL PRIVILEGE**

Representative Hudgins: "Thank you, Mr. Speaker. The folks in front of the Rostrum are the kitchen staff. For the

people who are watching us on TVW, they toil in a space below the Chamber with no windows, no natural light and their job is to feed us members when we break for lunch. As you certainly know, Mr. Speaker, we never know when we are going to break exactly or for how long. There have been occasions when all 98 of us flood downstairs and have to be fed in 15 minutes. At other times, when we actually have a little bit more time, it takes an hour-and-an-half. Either way the kitchen staff has done a great job of feeding us early in the morning, during the day for lunch and even late into the evening. I as a bachelor certainly appreciate anybody else cooking for me. My mom did a good job and she taught me how to cook; I'm just not very good at it. And so I very much appreciate and would like to sincerely thank the kitchen staff for all of the lunches, all of the breakfasts and all of the dinners that you have fed all of the people here trying to do the business of the State. Thank you for much."

**POINT OF PERSONAL PRIVILEGE**

Representative Hailey: "It is also my distinct pleasure to thank the kitchen staff. My seat back here is fairly close to the door as well as my friend from the other side of the aisle, the gentleman from the 21<sup>st</sup> District. We actually have the best access here in the House to the kitchen. The first rules we learned during our orientation session was 'remember freshman twenty'. Some of us have done a little bit better job than others. Ladies, you are absolutely wonderful, your cooking has been excellent – particularly the prime rib dinner the other night. It was absolutely right on the money. I look forward to coming back in a few short months and partaking again. Thank you very much."

**POINT OF PERSONAL PRIVILEGE**

Representative Hunt: "Mr. Speaker, we have in front of us the staff from the Office of the Code Reviser. We sign pieces of paper, we ask staff to do amendments, we come up with the greatest idea ever for a bill and voila -- it materializes. These are the people who do it. Over 3500 bills they have drafted this session for the House and Senate. I think that I was asked to honor them because the State Government committee had more bills and probably more amendments than any other committee in the Legislature this year. I want to thank you for all your hard work – Kyle Thiessen and the staff. We have nine drafting attorneys, we have editors, keyboarders, proof readers, administrative personnel that together did all of this work. When we leave for the evening, they stay. They draft the bills, they draft the amendments, they get them all ready and produce them for us so that they are in the proper form. They fit into the State law or into the bill in the proper place and I just like to thank each and everyone of you for the many hours of long and hard work that you put in for us and help us to get this job done. Thank you very much."

**POINT OF PERSONAL PRIVILEGE**

Representative Chandler: "Thank you, Mr. Speaker. For me to think of all the thousands of ideas – I appreciate the gentleman from the 22<sup>nd</sup> District recognizing that my idea was a brilliant one – that come here every year to transform even one of them into a coherent thought is an amazing thing but to do it 3500 to 4000 times in the Session is absolutely a miracle. The work that the Code Reviser's Office does is really not just a skill but it's an art. We have to listen to each other all through session but they have to pay attention. For that we all

very much appreciate and thank you. Congratulations on a very admirable job."

#### POINT OF PERSONAL PRIVILEGE

Representative Morris: "Thank you, Mr. Speaker. As many of you know, my wife and I were in and out of the hospital back in March with some complications around a pregnancy that we are expecting – she doing most of the work – I wanted to take a second to express on behalf of both of us our thanks for all the members and staff who came up and gave us not only their well wishes but were legitimately concerned in getting daily updates about how things were going. It meant a lot to both of us. We all sacrifice a lot with our families here but it really meant a lot to have the support of my colleagues and I want to thank the members of the body for both of us. My wife is here in the Gallery. On behalf of both of us we want to thank the members for your concern and support. Thank you."

#### MESSAGE FROM THE SENATE

April 22, 2007

Mr. Speaker:

The Senate refused to concur in the House amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 6023 and asks the House to recede therefrom, and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the rules were suspended and ENGROSSED SUBSTITUTE SENATE BILL NO. 6023 was returned to second reading for purpose of amendment.

#### SECOND READING

**ENGROSSED SUBSTITUTE SENATE BILL NO. 6023, by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McAuliffe and Rasmussen)**

**Concerning the Washington assessment of student learning.**

With the consent of the House, amendments ((872), (896), (939) and (940) ) were withdrawn.

Representative P. Sullivan moved the adoption of amendment (941):

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature maintains a strong commitment to high expectations and high academic achievement for all students. The legislature finds that Washington schools and students are making significant progress in improving achievement in reading and writing. Schools are adapting instruction and providing remediation for students who need additional assistance. Reading and writing are being taught across the curriculum. Therefore, the legislature does not intend to make changes to the Washington assessment of student learning or high school graduation requirements in reading and writing.

(2) However, students are having difficulty improving their academic achievement in mathematics and science, particularly as measured by the high school Washington assessment of student learning. The legislature finds that corrections are needed in the state's high school assessment system that will improve alignment

between learning standards, instruction, diagnosis, and assessment of students' knowledge and skills in high school mathematics and science. The legislature further finds there is a sense of urgency to make these corrections and intends to revise high school graduation requirements in mathematics and science only for the minimum period for corrections to be fully implemented.

**Sec. 2.** RCW 28A.655.061 and 2006 c 115 s 4 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or section 4 of this act, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has ~~((retaken))~~ taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning ~~no later than~~ with the graduating class of ~~((2010))~~ 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) ~~((Beginning in 2006,))~~ School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) ~~((Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006,))~~ Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics ~~((portion of the preliminary scholastic assessment test (PSAT))), reading or English, or writing portion of the scholastic assessment test (SAT)((:)) or the American college test (ACT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the ((mathematics)) state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the ((mathematics)) relevant portion of the ((PSAT:)) SAT(:)) or ACT to meet or exceed the state standard ((for mathematics)) in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, ((2006, and thereafter)) 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards ((for mathematics)).~~

~~((ii) Until August 31, 2008, a student's score on the mathematics portion of the preliminary scholastic assessment test (PSAT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.~~

~~((iii) A student who scores at least a three on the grading scale of one to five for selected advance placement examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the advance placement examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the advance placement examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the advance placement examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.~~

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. ~~((This requirement shall be phased in as follows:~~

~~—(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (12)(a) shall have a plan:~~

~~—(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (12)(a) shall have a plan:~~

~~—(iii)) (i) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.~~

~~((iv)) (ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.~~

(b) ~~((Beginning with the 2005-06 school year and every year thereafter,))~~ All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of ~~((a)) the student ((described in this subsection (12)(b)))~~ shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

**Sec. 3.** RCW 28A.155.045 and 2004 c 19 s 104 are each amended to read as follows:

Beginning with the graduating class of 2008, students served under this chapter, who are not appropriately assessed by the high school Washington assessment system as defined in RCW 28A.655.061, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ways to demonstrate skills and abilities commensurate with their individual education programs. The determination of whether the high school assessment system is appropriate shall be made by the student's individual education program team. Except as provided in section 4 of this act, for these students, the certificate of individual achievement is required for graduation from a public high school, but need not be the only requirement for graduation. When measures other than the high school assessment system as defined in RCW 28A.655.061 are used, the measures shall be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction shall develop the guidelines for determining which students should not be required to participate in the high school assessment system and which types of assessments are appropriate to use.

When measures other than the high school assessment system as defined in RCW 28A.655.061 are used for high school graduation purposes, the student's high school transcript shall note whether that student has earned a certificate of individual achievement.

Nothing in this section shall be construed to deny a student the right to participation in the high school assessment system as defined

in RCW 28A.655.061, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement.

**NEW SECTION. Sec. 4.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) Beginning with the graduating class of 2008 and through no later than the graduating class of 2012, students may graduate from high school without earning a certificate of academic achievement or a certificate of individual achievement if they:

(a) Have not successfully met the mathematics standard on the high school Washington assessment of student learning, an approved objective alternative assessment, or an alternate assessment developed for eligible special education students;

(b) Have successfully met the state standard in the other content areas required for a certificate under RCW 28A.655.061 or 28A.155.045;

(c) Have met all other state and school district graduation requirements; and

(d)(i) For the graduating class of 2008, successfully earn one additional high school mathematics credit or career and technical course equivalent, including courses offered at skill centers, after the student's eleventh grade year intended to increase the student's mathematics proficiency toward meeting or exceeding the mathematics standards assessed on the high school Washington assessment of student learning and continue to take the appropriate mathematics assessment at least once annually until graduation; and

(ii) For the remaining graduating classes under this section, successfully earn two additional mathematics credits or career and technical course equivalent, including courses offered at skill centers, after the student's tenth grade year intended to increase the student's mathematics proficiency toward meeting or exceeding the mathematics standards assessed on the high school Washington assessment of student learning and continue to take the appropriate mathematics assessment at least once annually until graduation.

(2) The state board of education may adopt a rule that ends the application of this section with a graduating class before the graduating class of 2012, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the provisions of this section no longer apply. The state board of education's authority under this section does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(3) This section expires August 31, 2013.

**Sec. 5.** RCW 28A.655.070 and 2005 c 497 s 106 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven

working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system (~~shall~~) may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

~~(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.~~

~~((b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.))~~

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

**Sec. 6.** RCW 28A.655.065 and 2006 c 115 s 1 are each amended to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is through the Washington assessment of student learning. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through ~~((retaking the Washington assessment of student learning;))~~ regular and consistent attendance at school~~((;))~~ and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school Washington assessment of student learning. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and this section and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance and/or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school Washington assessment of student learning, as provided in this subsection. A student is eligible to apply for the alternative assessment method under this subsection (4) if the student has a cumulative grade point average of at least 3.2 on a four point grading scale. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the Washington assessment of student learning.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant, as provided in this subsection and, for career and technical applicants, the additional requirements of subsection (6) of this section.

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include affidavits from the

applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) Will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the Washington assessment of student learning in the applicable content area. The state board shall make an approval decision and determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under RCW 28C.04.110, the superintendent of public instruction shall develop additional guidelines for a collection of work samples that evidences that the collection:

(i) Is relevant to the student's particular career and technical program;

(ii) Focuses on the application of academic knowledge and skills within the program;

(iii) Includes completed activities or projects where demonstration of academic knowledge is inferred; and

(iv) Is related to the essential academic learning requirements and state standards that students must meet to earn a certificate of academic achievement or certificate of individual achievement, but also represents the knowledge and skills that successful individuals in the career and technical field of the approved program are expected to possess.

(b) To meet the state standard on the alternative assessment under this subsection (6), an applicant must also attain the state or nationally recognized certificate or credential associated with the approved career and technical program.

(c) The superintendent shall consult with community and technical colleges, employers, the work force training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create an appropriate collection of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.

(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option.

The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.

(8) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; and

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances.

(9) The state board of education shall examine opportunities for additional alternative assessments, including the possible use of one or more standardized norm-referenced student achievement tests and the possible use of the reading, writing, or mathematics portions of the ACT ASSET and ACT COMPASS test instruments as objective alternative assessments for demonstrating that a student has met the state standards for the certificate of academic achievement. The state board shall submit its findings and recommendations to the education committees of the legislature by January 10, 2008.

(10) The superintendent of public instruction ((may)) shall adopt rules to implement this section.

**Sec. 7.** RCW 28A.655.063 and 2006 c 115 s 5 are each amended to read as follows:

Subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall provide funds to school districts ((shall)) to reimburse students for the cost of taking the tests in RCW 28A.655.061(10)(b) when the students take the tests for the purpose of using the ((mathematics)) results as an objective alternative assessment. The office of the superintendent of public instruction may, as an alternative to providing funds to school districts, arrange for students to receive a testing fee waiver or make other arrangements to compensate the students.

**Sec. 8.** RCW 28A.655.200 and 2006 c 117 s 4 are each amended to read as follows:

(1) ~~((In the absence of mandatory, statewide, norm-referenced assessments,))~~ The legislature intends to permit school districts to offer norm-referenced assessments, make diagnostic tools available to school districts, and provide funding for diagnostic assessments to enhance ((guidance and planning for students and to)) student learning at all grade levels and provide early intervention before the high school Washington assessment of student learning.

(2) In addition to the diagnostic assessments provided under ~~((subsection (5) of))~~ this section, school districts may, at their own expense, administer norm-referenced assessments to students.

(3) ~~((By September 1, 2005, subject to available funds,))~~ The office of the superintendent of public instruction shall post on its web site for voluntary use by school districts, a guide of diagnostic assessments. The assessments in the guide, to the extent possible, shall include the characteristics listed in subsection (4) of this section.

(4) Beginning September 1, 2007, the office of the superintendent of public instruction shall make diagnostic assessments in reading, writing, mathematics, and science in elementary, middle, and high school grades available to school districts ((diagnostic assessments that)). Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall also provide funding to school districts for administration of diagnostic assessments to help improve student learning, identify academic weaknesses, enhance student planning and guidance, and develop targeted instructional strategies to assist students before the high school Washington assessment of student learning. To the greatest extent possible, the assessments shall be:

(a) Aligned to the state's grade level expectations;

(b) Individualized to each student's performance level;

(c) Administered efficiently to provide results either immediately or within two weeks;

(d) Capable of measuring individual student growth over time and allowing student progress to be compared to other students across the country;

(e) Readily available to parents; and

(f) Cost-effective.

~~(5) ((Beginning with the 2006-07 school year, the superintendent of public instruction shall reimburse school districts for administration of diagnostic assessments in grade nine for the purpose of identifying academic weaknesses, enhancing student planning and guidance, and developing targeted instructional strategies to assist students before the high school Washington assessment of student learning.~~

~~((6)) The office of the superintendent of public instruction ((is encouraged to)) shall offer training at statewide and regional staff development activities ((training opportunities that would assist practitioners)) in:~~

(a) The interpretation of diagnostic assessments; and

(b) Application of instructional strategies that will increase student learning based on diagnostic assessment data.

**NEW SECTION. Sec. 9.** A new section is added to chapter 28A.655 RCW to read as follows:

(1)(a) The legislature's intent is to make significant improvements in the high school Washington assessment of student learning in the content areas of mathematics and science before requiring students to meet the state standard on the assessment for graduation purposes.

(b) The legislature believes that a high school assessment system where students receive instruction through credited high school mathematics and science courses and have their knowledge and skills assessed after they complete the courses would be a superior assessment system for mathematics and science to the current form of the Washington assessment of student learning. The legislature also believes that end-of-course assessments would offer more timely results, better diagnostic information, and improved alignment between curriculum, instruction, and assessment. End-of-course assessments in mathematics should cover the content of at least algebra I and geometry. End-of-course assessments in science should cover the content of at least biology, but also address other science content areas.

(c) However, the legislature acknowledges that replacing the current form of the Washington assessment of student learning in mathematics and science with end-of-course assessments represents a significant change that should be thoroughly evaluated and that an implementation timeline to shift to end-of-course assessments no later than for the graduating class of 2013 should be carefully developed.

(2) The state board of education, in consultation with the superintendent of public instruction, shall examine and recommend changes to the high school Washington assessment of student learning in the content areas of mathematics and science. The state board of education may contract with one or more independent national consultants to conduct the examination. The primary change to be examined shall be replacing the current high school Washington assessment of student learning with a limited series of end-of-course assessments in mathematics and science. The examination of end-of-course assessments shall include:

(a) An objective analysis of the potential strengths and weaknesses of end-of-course assessments as the primary high school assessment tool for student and school accountability;

(b) Analysis of the possible impact of end-of-course assessments on curriculum and instruction in mathematics and science;

(c) The appropriate mathematics and science content to be covered by end-of-course assessments;

(d) Recommended implementation timelines and issues to be addressed in replacing the current assessment; and

(e) An analysis of the costs of adopting end-of-course assessments.

(3) In any request for proposals for a new testing contractor for the Washington assessment of student learning, the superintendent of public instruction shall include the possible changes being examined by the state board of education so that additional information about

the cost and feasibility of the changes can be provided by prospective testing contractors.

(4) The state board of education shall submit a report to the superintendent of public instruction and the education committees of the legislature by January 10, 2008. The report shall contain findings from the examination under this section, recommendations for changes to the high school Washington assessment of student learning in mathematics and science, and a timeline for expedited implementation of the recommended changes.

(5) The legislature intends that the changes recommended by the state board of education under this section shall be able to be implemented no later than the 2010-11 school year in order to apply to the graduating class of 2013. If the state board of education finds that the changes cannot feasibly be implemented by the 2010-11 school year, the state board shall state the specific reasons for such a finding, along with supporting evidence, and recommend a revised expedited timeline.

(6) This section expires June 30, 2009.

**NEW SECTION. Sec. 10.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) Before the 2007-08 school year, each educational service district shall implement an appeals panel or panels comprised of teachers, principals, and members of the business community with relevant knowledge or expertise to review and decide appeals submitted by students who did not meet the state standard on the tenth grade Washington assessment of student learning or an objective alternative assessment in one or more of the content areas assessed. The appeal under this section shall be an appeal by a student to demonstrate that he or she has the level of understanding of a content area assessed on the Washington assessment of student learning necessary to meet the state standard but was unable to demonstrate that understanding on the assessment or alternative assessment. An appeals panel must issue a determination of whether the appeal is approved or denied within sixty days of receiving an appeal application.

(2) A student is eligible to access the appeals process under this section if the student is in his or her junior or senior year of high school; has retaken the Washington assessment of student learning or has taken an alternative assessment in the content area in which the student is appealing; has participated in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061; and meets at least one of the following additional eligibility requirements:

(a) The student has met or is on track to meet all other state and local graduation requirements except for meeting the state standard on the Washington assessment of student learning;

(b) The student has completed a career and technical education industry certification program, or is on track to enter an articulated postsecondary program in an accredited community or technical college that leads to industry certification;

(c) The student is eligible for assessment accommodations, including accommodations for students with individualized education programs, students with plans developed pursuant to section 504 of the rehabilitation act of 1973, and English language learners. For students appealing under this subsection (2)(c), the panel shall consider, at a minimum, whether the appropriate assessment accommodation was provided; or

(d) The student is an English language learner who has been in the United States for fewer than three years.

(3) The educational service districts shall jointly submit an annual report to the legislature on the number and types of appeals received and approved.

(4) The state board of education shall adopt rules to implement this section by August 1, 2007. The rules shall include uniform criteria to be used by the appeals panels in making the panels' determinations. The criteria shall include review of the student's cumulative grade point average for those courses required for high school graduation; whether the student had regular and consistent attendance at school; the student's high school and beyond plan; and the student's culminating project. The state board of education may include additional criteria if necessary and shall determine how much weight shall be given to each criteria.

**NEW SECTION. Sec. 11.** A new section is added to chapter 28A.655 RCW to read as follows:

English language learners who score below level four on the Washington language proficiency test or the equivalent level of the evaluation used by the superintendent of public instruction to assess the English and academic proficiency of English language learners under RCW 28A.180.090 shall not be required to take the Washington assessment of student learning, except as required by federal law. However, these students are still subject to the graduation requirements established in RCW 28A.655.061.

**NEW SECTION. Sec. 12.** (1) The superintendent of public instruction and the workforce training and education coordinating board shall jointly convene and staff an advisory committee to identify career and technical education curricula that will assist in preparing students for the state assessment system and provide the opportunity to obtain a certificate of academic achievement.

(2) The advisory committee shall consist of the following nine members:

(a) Four members of the legislature, with two members each appointed by the respective caucuses of the house of representatives and the senate;

(b) One representative from the career and technical education section of the office of the superintendent of public instruction;

(c) One member appointed by the workforce training and education coordinating board; and

(d) Three members appointed by the superintendent of public instruction and the workforce training and education coordinating board based on recommendations from the career and technical education community.

(3) The advisory committee shall appoint a chair from among the nonlegislative members.

(4) Legislative members of the advisory committee shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(5) By January 15, 2008, the advisory committee shall provide an initial report to the governor and the legislature and, if necessary, a work plan with additional reporting deadlines, which shall not extend beyond December 15, 2008.

**NEW SECTION. Sec. 13.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Beginning with the graduating class of 2008, acquisition of one of the certificates provided in this subsection is required for high school graduation but is not the only requirement for graduation. The student's transcript shall note whether the student earned a certificate of academic achievement, a certificate of completion, or a certificate of individual achievement.

(a) A student who meets the state standards on each of the content areas required under subsection (5) of this section on the high school Washington assessment of student learning or through an approved objective alternative assessment shall earn a certificate of academic achievement.

(b) A student who successfully meets all state and local high school graduation requirements except for earning a certificate of academic achievement and fulfills the requirements established in subsection (6) of this section shall earn a certificate of completion.

(c) A student who is eligible under and successfully meets the provisions of RCW 28A.155.045 shall earn a certificate of individual achievement.

(3) The state board of education may not require the acquisition of the certificate of academic achievement or the certificate of completion for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students eligible and satisfying the provisions of RCW 28A.155.045.

(4) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. ((With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

~~---~~ (5)(a) Beginning with the graduating class of 2008, ((with the exception of students satisfying the provisions of RCW 28A.155.045;)) a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement.

(b) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under (a) of this subsection on the Washington assessment of student learning or an objective alternative assessment in order to earn a certificate of academic achievement.

(6) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then:

(a) The school district shall prepare a student learning plan, according to the provisions of subsection (12) of this section, that specifies the courses and competencies the student must complete to receive a certificate of completion. The courses and competencies must include instruction in each of the content areas in which the student does not meet the standard on the Washington assessment of student learning. The courses shall be intended to increase the student's proficiency toward meeting or exceeding the state standards in that content area. Specific consideration shall be given to whether career and technical education courses, online courses, or courses at skill centers could be used to meet the coursework requirements. The student learning plan shall also establish a minimum grade point average that the student must receive in the course in order for the course to count toward the certificate of completion.

(b) The student must retake the assessment in the content area or areas at least annually until the student meets the state standard or the student graduates from high school. The student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has ((retaken)) taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(a) The opportunity to retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) The opportunity to retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

"**Sec. 13.** RCW 28A.195.010 and 2004 c 19 s 106 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, obtain a certificate of academic achievement, a certificate of completion, or a certificate of individual achievement to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.655.061. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take the assessments, and obtain a certificate of academic achievement, a certificate of completion, or a certificate of individual achievement. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum program hour offerings as prescribed in RCW 28A.150.220.

(2) The school day shall be the same as that required in RCW 28A.150.030 and 28A.150.220, except that the percentages of total program hour offerings as prescribed in RCW 28A.150.220 for basic skills, work skills, and optional subjects and activities shall not apply to private schools or private sectarian schools.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. (7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) of this section provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

**Sec. 14.** RCW 28A.200.010 and 2004 c 19 s 107 are each amended to read as follows:

(1) Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

(a) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction. Each parent shall file the statement by September 15th of the school year or within two weeks

of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the parent resides or the district that accepts the transfer, and the student shall be deemed a transfer student of the nonresident district. Parents may apply for transfer under RCW 28A.225.220;

(b) Ensure that test scores or annual academic progress assessments and immunization records, together with any other records that are kept relating to the instructional and educational activities provided, are forwarded to any other public or private school to which the child transfers. At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

(c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, master the essential academic learning requirements, to take the assessments, or to obtain a certificate of academic achievement, a certificate of completion, or a certificate of individual achievement pursuant to RCW 28A.655.061 and 28A.155.045. The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

(2) Failure of a parent to comply with the duties in this section shall be deemed a failure of such parent's child to attend school without valid justification under RCW 28A.225.020. Parents who do comply with the duties set forth in this section shall be presumed to be providing home-based instruction as set forth in RCW 28A.225.010(4).

**Sec. 15.** RCW 28A.230.090 and 2006 c 114 s 3 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except those equivalencies established by local high schools or school districts under RCW 28A.230.097.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement or the certificate of completion requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board. The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement or a certificate of completion, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements. The board shall ~~((reports report))~~ report its findings and recommendations for additional flexibility in graduation requirements, if necessary, to the legislature by December 1, 2007.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

**Sec. 16.** RCW 28A.230.125 and 2006 c 263 s 401 and 2006 c 115 s 6 are each reenacted and amended to read as follows:

(1) The superintendent of public instruction, in consultation with the higher education coordinating board, the state board for community and technical colleges, and the work force training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement, a certificate of completion, or a certificate of academic achievement.

(3) Transcripts are important documents to students who will apply for admission to postsecondary institutions of higher education. Transcripts are also important to students who will seek employment upon or prior to graduation from high school. It is recognized that student transcripts may be the only record available to employers in their decision-making processes regarding prospective employees. The superintendent of public instruction shall require school districts to inform annually all high school students that prospective employers may request to see transcripts and that the prospective employee's decision to release transcripts can be an important part of the process of applying for employment.

**Sec. 17.** RCW 28A.600.310 and 2005 c 125 s 1 are each amended to read as follows:

(1) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education. A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW

shall not be required to meet the student learning goals, obtain a certificate of academic achievement, a certificate of completion, or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, the higher education coordinating board, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The institution of higher education shall not require the pupil to pay any other fees. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall not be counted for the purpose of determining any enrollment restrictions imposed by the state on the institution of higher education."

**"Sec. 2.** RCW 28A.655.061 and 2006 c 115 s 4 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate.

With the exception of students satisfying the provisions of RCW 28A.155.045 or section 4 of this act, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has ~~((retaken))~~ taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. (4) Beginning with the graduating class of ~~((2010))~~ 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) ~~((Beginning in 2006;))~~ School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) ~~((Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006;))~~ Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics or reading portion of the preliminary scholastic assessment test (PSAT)(~~(?)~~) or on the

mathematics, reading or English, or writing portion of the scholastic assessment test (SAT)(~~(?)~~) or the American college test (ACT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the ~~((mathematics))~~ state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the ~~((mathematics))~~ relevant portion of the PSAT, SAT, or ACT to meet or exceed the state standard ~~((for mathematics))~~ in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, ~~((2006, and thereafter))~~ 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards ~~((for mathematics))~~.

(ii) The superintendent of public instruction shall implement an alternative assessment for mathematics that presents the mathematics essential academic learning requirements in segments; is comparable in content and rigor to the tenth grade mathematics assessment when all segments are considered together; is reliable and valid; and can be used to determine a student's academic performance level. The segmented mathematics assessment authorized under this subsection (10)(b)(ii) may be used as an objective alternative assessment under this section for demonstrating that a student has met the mathematics standards for the certificate of academic achievement.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. ~~((This requirement shall be phased in as follows:~~

~~(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (12)(a) shall have a plan;~~

~~(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (12)(a) shall have a plan;~~

~~(iii))~~ (i) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.

~~((iv))~~ (ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(b) ~~((Beginning with the 2005-06 school year and every year thereafter;))~~ All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of ~~((a))~~ the student ~~((described in this subsection (12)(b)))~~ shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

**Sec. 3.** RCW 28A.155.045 and 2004 c 19 s 104 are each amended to read as follows:

Beginning with the graduating class of 2008, students served under this chapter, who are not appropriately assessed by the high school Washington assessment system as defined in RCW 28A.655.061, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ways to demonstrate skills and abilities commensurate with their individual education programs. The determination of whether the high school assessment system is appropriate shall be made by the student's individual education program team. Except as provided in section 4 of this act, for these students, the certificate of individual achievement is required for graduation from a public high school, but need not be the only requirement for graduation. When measures other than the high school assessment system as defined in RCW 28A.655.061 are used, the measures shall be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction shall develop the guidelines for determining which students should not be required to participate in the high school assessment system and which types of assessments are appropriate to use.

When measures other than the high school assessment system as defined in RCW 28A.655.061 are used for high school graduation purposes, the student's high school transcript shall note whether that student has earned a certificate of individual achievement.

Nothing in this section shall be construed to deny a student the right to participation in the high school assessment system as defined in RCW 28A.655.061, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement.

**NEW SECTION. Sec. 4.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) Beginning with the graduating class of 2008 and through the graduating class of 2012, students may graduate from high school without earning a certificate of academic achievement or a certificate of individual achievement if they:

(a) Have not successfully met the mathematics standard on the high school Washington assessment of student learning, an approved objective alternative assessment, or an alternate assessment developed for eligible special education students;

(b) Have successfully met the state standard in the other content areas required for a certificate under RCW 28A.655.061 or 28A.155.045;

(c) Have met all other state and school district graduation requirements; and

(d)(i) For the graduating class of 2008, successfully earn one additional high school mathematics credit after the student's eleventh grade year designed to increase the individual student's mathematics proficiency toward meeting or exceeding the mathematics standards assessed on the high school Washington assessment of student learning; and

(ii) For the remaining graduating classes under this section, successfully earn two additional mathematics credits after the student's tenth grade year designed to increase the individual student's mathematics proficiency toward meeting or exceeding the mathematics standards assessed on the high school Washington assessment of student learning.

(2) This section expires August 31, 2013.

**Sec. 5.** RCW 28A.655.070 and 2005 c 497 s 106 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the state board of education.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system ~~((shall))~~ may include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

~~(5)((a))~~ The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

~~((b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.))~~

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and

are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

**Sec. 6.** RCW 28A.655.063 and 2006 c 115 s 5 are each amended to read as follows:

Subject to the availability of funds appropriated for this purpose, ~~((school districts shall reimburse))~~ the office of the superintendent of public instruction shall provide funds to school districts, arrange for students to receive a testing fee waiver, or make other arrangements to compensate students for the cost of taking the tests in RCW 28A.655.061(10)(b) when the students take the tests for the purpose of using the ~~((mathematics))~~ results as an objective alternative assessment.

**Sec. 7.** RCW 28A.655.200 and 2006 c 117 s 4 are each amended to read as follows:

(1) ~~((In the absence of mandatory, statewide, norm-referenced assessments,))~~ The legislature intends to permit school districts to offer norm-referenced assessments, make diagnostic tools available to school districts, and provide funding for diagnostic assessments to enhance ~~((guidance and planning for students and to))~~ student learning at all grade levels and provide early intervention before the high school Washington assessment of student learning.

(2) In addition to the diagnostic assessments provided under ~~((subsection (5) of))~~ this section, school districts may, at their own expense, administer norm-referenced assessments to students.

(3) ~~((By September 1, 2005, subject to available funds,))~~ The office of the superintendent of public instruction shall post on its web site for voluntary use by school districts, a guide of diagnostic assessments. The assessments in the guide, to the extent possible, shall include the characteristics listed in subsection (4) of this section.

(4) Beginning September 1, 2007, the office of the superintendent of public instruction shall make diagnostic assessments in reading, writing, mathematics, and science in elementary and middle school grades available to school districts ~~((diagnostic assessments that))~~. Subject to funds appropriated for this purpose, the office of the superintendent of public instruction shall also provide funding to school districts for administration of diagnostic assessments to help improve student learning, identify academic weaknesses, enhance student planning and guidance, and develop targeted instructional strategies to assist students before the high school Washington assessment of student learning. To the greatest extent possible, the assessments shall be:

(a) Aligned to the state's grade level expectations;

(b) Individualized to each student's performance level;

(c) Administered efficiently to provide results either immediately or within two weeks;

(d) Capable of measuring individual student growth over time and allowing student progress to be compared to other students across the country;

(e) Readily available to parents; and

(f) Cost-effective.

(5) ~~((Beginning with the 2006-07 school year, the superintendent of public instruction shall reimburse school districts for administration of diagnostic assessments in grade nine for the purpose of identifying academic weaknesses, enhancing student planning and guidance, and developing targeted instructional strategies to assist students before the high school Washington assessment of student learning.~~

~~((6))~~ The office of the superintendent of public instruction ~~((is encouraged to))~~ shall offer training at statewide and regional staff development activities ~~((training opportunities that would assist practitioners))~~ in:

(a) The interpretation of diagnostic assessments; and

(b) Application of instructional strategies that will increase student learning based on diagnostic assessment data.

**NEW SECTION. Sec. 8.** (1)(a) The legislature's intent is to make significant improvements in the high school Washington assessment of student learning in the content areas of mathematics and science before requiring students to meet the state standard on the assessment for graduation purposes.

(b) The legislature believes that a high school assessment system where students receive instruction through credited high school mathematics and science courses and have their knowledge and skills assessed after they complete the courses would be a superior assessment system for mathematics and science than the current form of the Washington assessment of student learning. The legislature also believes that end-of-course assessments would offer more timely results, better diagnostic information, and improved alignment between curriculum, instruction, and assessment. End-of-course assessments in mathematics should cover the content of at least algebra I and geometry. End-of-course assessments in science should cover the content of at least biology, but also address other science content areas.

(c) However, the legislature acknowledges that replacing the current form of the Washington assessment of student learning in mathematics and science with end-of-course assessments represents a significant change that should be thoroughly evaluated and that an implementation timeline to shift to end-of-course assessments in time for the graduating class of 2013 should be carefully developed.

(2) The state board of education, in consultation with the superintendent of public instruction, shall examine and recommend changes to the high school Washington assessment of student learning in the content areas of mathematics and science. The state board of education may contract with one or more independent national consultants to conduct the examination. The primary change to be examined shall be replacing the current high school Washington assessment of student learning with a limited series of end-of-course assessments in mathematics and science. The examination of end-of-course assessments shall include:

(a) An objective analysis of the potential strengths and weaknesses of end-of-course assessments as the primary high school assessment tool for student and school accountability;

(b) Analysis of the possible impact of end-of-course assessments on curriculum and instruction in mathematics and science;

(c) The appropriate mathematics and science content to be covered by end-of-course assessments;

(d) Recommended implementation timelines and issues to be addressed in replacing the current assessment; and

(e) An analysis of the costs of adopting end-of-course assessments.

(3) In any request for proposals for a new testing contractor for the Washington assessment of student learning, the superintendent of public instruction shall include the possible changes being examined by the state board of education so that additional information about the cost and feasibility of the changes can be provided by prospective testing contractors.

(4) The state board of education shall submit a report to the superintendent of public instruction and the education committees of the legislature by January 10, 2008. The report shall contain findings from the examination under this section, recommendations for changes to the high school Washington assessment of student learning in mathematics and science, and a timeline for expedited implementation of the recommended changes.

(5) The legislature intends that the changes recommended by the state board of education under this section shall be able to be implemented no later than the 2010-11 school year in order to apply to the graduating class of 2013. If the state board of education finds that the changes cannot feasibly be implemented by the 2010-11 school year, the state board shall state the specific reasons for such a finding, along with supporting evidence, and recommend a revised expedited timeline.

(6) This section expires June 30, 2009.

**NEW SECTION. Sec. 9.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) In allocating state funds for the promoting academic success program, the legislature has recognized that high school students whose scores represent a near miss of the state standard on the Washington assessment of student learning require fewer remedial resources to ensure that they meet the state standard on the next attempt. However, there is significant variation among the remaining students whose scores represent a far miss of the state standard regarding their levels of knowledge and skills, and consequently the levels of remediation they will need.

(2) School districts receiving funding allocations through the promoting academic success program for high school students scoring more than one standard error of measurement from meeting the state standard shall assign more resources per student to support students scoring at level one on the Washington assessment of student learning than are assigned to support students scoring at level two."

Renumber the remaining section consecutively.

#### POINT OF PERSONAL PRIVILEGE

Representative Santos: "Thank you, Mr. Speaker. It is with a heavy heart that I share with you and with members of this Chamber the passing of former Speaker of the House John L. O'Brien. I am very proud to occupy position number one from the 37<sup>th</sup> Legislative District, a position that was long occupied by the great John L. O'Brien. He was appointed in 1939, Mr. Speaker, during the presidency of Franklin Delano Roosevelt. He left office in 1993 after serving 26 consecutive terms in this Chamber under nine different governors both Democrat and Republican. That is more than fifty years of legislative service – the longest record in the Nation and had served with historical figures from our State history such as Julia Butler Hanson. Indeed, Mr. Speaker, there are only three members of this Chamber who have served with him. He did serve four terms as Speaker of the House where he earned many laudatory praises for his style, for his fairness and for being a master of parliamentary process including being dubbed 'the fastest gavel North of the Pecos'.

Mr. Speaker, John L. O'Brien served as Speaker Pro Tempore for 20 years. He served as the Majority Leader,

Minority Leader and on every major committee in the Washington State House of Representatives. Among his many legislative accomplishments are things that we see and perhaps take for granted every day – the statues that grace our lobby of Mother Joseph and Marcus Whitman for example. Mr. Speaker, a program that you are very familiar with – the Medals of Merit. He was equally active and supportive of his Southeast Seattle community working with the Rainier Chamber of Commerce, the Southeast Crime Prevention Council and the Central Area Senior Center. He was the subject of a biography entitled "Speaker of the House: The Political Career and Times of John L. O'Brien". With your permission, Mr. Speaker, I would like to read from a brief tribute to Speaker O'Brien from Governor Daniel J. Evans on the occasion of his retirement from the Washington State Legislature.

"Dear John, when I arrived in Olympia thirty six years ago as a freshman legislator you were already Speaker of the House. As a rookie lawmaker, I was awed and a little frightened of the austere figure with the gavel who presided over the sometimes rambunctious body. It didn't take long however to discover a wry Irish sense of humor and deep devotion to the Legislature. From that time I have admired your extraordinary understanding of our democratic process. It's sometime messy and at times contentious and will only work with leaders who know and respect our democracy. You have contributed mightily to our State and few public figures in the Nation have done more to make our system work well. Congratulations on a life of contribution to our State. We are all winners because of your half-century of service to all of us. Thanks. Sincerely, Daniel J. Evans".

Mr. Speaker, I cannot think of a finer tribute to the longest serving Speaker of our House of Representatives. And I ask you to join me in extending our heartfelt condolences on behalf of all residents of this great State to his loving wife Mary and to his children, Laurie, John Junior, MaryAnn, Karen, Jeannie and Paul along with their families.

Thank you, Mr. Speaker."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Sommers: "Thank you, Mr. Speaker. I had the honor and opportunity to serve for a long time with John L. O'Brien. It was a wonderful experience. I knew him as Speaker Pro Tempore. He was Speaker Pro Tempore for about 20 years. It was hard to imagine that there would be another figure as Speaker Pro Tempore. We know different now but he was a leader, a figure, a well-recognized feature really in this House. Having served for so many years and with his national record for serving but we knew him as Speaker Pro Tempore, parliamentarian, the man who knew the rules and kept us to those rules. He knew the rules of the House and to him it was very important and he made it important to us that our decorum, our procedure, that we followed good legislative procedure and in that way we honored and respected his presence, his knowledge and what he brought to us.

I had the opportunity to meet his wife Mary and members of his family. Of course our thoughts go out to them today. We will always remember him as a fine leader, an outstanding Speaker and Speaker Pro Tempore. I am pleased to be part of the speakers honoring him today."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Rodne: "Thank you, Mr. Speaker. As many of you know, I practice law with Speaker O'Brien's son,

John O'Brien Junior and I am very saddened to learn of the Speaker's passing today. I want to share a story with the members of the body. I think it is only fitting. About a year ago, John O'Brien Junior thought it might be good to get an autographed copy of the Speaker's book to present to me as a gift. So he went to the Speaker's home in Seattle and placed a copy of his book before the Speaker and asked him to sign the book. As Speaker O'Brien picked up his pen and started to sign, he asked what party I was from. John Junior said 'he's a Republican, Dad'. The good Speaker put the pen down and said 'I'm not going to sign that book.' John Junior being the quick witted lawyer that he is, responded 'but Dad, he's a Catholic, that's okay. You can sign it.' And the Speaker took the pen and signed the book. I display that on my bookshelf at home. God bless Mr. Speaker and thank you for your extraordinary service to the people of this State. Thank you."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Hankins: "Thank you, Mr. Speaker. The story just told by our representative here reminds me of the first time that I had any contact with Mr. O'Brien. It was an extraordinary experience. Believe me. I was a freshman in 1981 and we were all told to go to the Rules Room. Every freshman in the building. We went to the Rules Room and we had to sit down and Speaker O'Brien came in. Actually he was the Minority Leader at that time because Bill Polk was the Speaker of the House. We were instructed by Representative O'Brien how we would conduct ourselves and that we were not allowed to address the Speaker unless we really had something to say. I was just amazed sometimes out here on the floor that some people talk the way they do. That's why I don't ever say very much; I don't have a lot to say. But one day on the House floor, I will relate this story and I hope that Karen Schmidt is listening because she was very upset about an issue that dealt with travel agencies. Perhaps the lady from the 36<sup>th</sup> District will remember this. At the end of former Representative Schmidt's conversation with the Speaker about this issue, she did a raspberry in the microphone and the Speaker dropped the gavel so hard that it fell and it was very interesting because even he couldn't keep a straight face on that one. But the one thing we always remembered about Speaker O'Brien was the fact that on St. Patrick's Day we enjoyed Irish coffee in his office. Thank you, Mr. Speaker."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Sommers: "I wanted to say and I forgot to do so earlier, that St. Patrick's Day became the major holiday that was referred to by the lady from the 8<sup>th</sup> District. It was important but believe me that it was spectacular when John O'Brien was here."

#### **SPEAKER'S PRIVILEGE**

Mr. Speaker (Representative Lovick presiding): "The Speaker would like to thank the members for their kind remarks. The people of Washington and this institution have lost a cherished and revered leader."

Mr. Speaker assumed the chair.

The Speaker called upon Representative Lovick to preside.

**POINT OF PERSONAL PRIVILEGE**

Representative Morris: "Thank you, Mr. Speaker. I am rising to recognize the staff of the Office of Program Research but also to correct history. Mr. Speaker may I read? As a first generation "X", I watched School House Rock a great deal. One of my favorite parts of School House Rock was 'I'm Just a Bill on Capitol Hill'. Part of the verbiage of the sixty second I'm Just a Bill spot is the bill saying that when he

"started I wasn't even a bill, I was just an idea. Some folks back home decided they wanted a law passed, so they called their local congressman and he said 'you're right, there ought to be a law'. Then he sat down and wrote me out and introduced me to Congress and I became a bill and will remain a bill until they decide to make me a law."

I'm reading this because there has been a misnomer I think for all the people of Generation X that they think we write our own bills. The fact is if we wrote our own bills there would probably be fewer bills. But the reality is that we have some great people – when I think of the term, 'public servant' I think of the people who are before this body right now. I think of that, Mr. Speaker because these are folks that during a 105-day session have averaged over 318 hours of overtime apiece above an average work day. One person of this staff has actually accumulated 598 hours of overtime above an average 8 hour day during the session and 16 of these folks have logged over 400 above the average work day. For the taxpayers of the State of Washington that pay all of our salaries, they should know that these folks work the equivalent of 11 to 13 hour days, 105 days straight without a break. That is a tremendous amount of work. I think that when you think of the term public servant of someone who comes and is grossly underpaid, in my opinion for what they do, miss children's birthdays, they don't get to do homework with their children every night when they are putting in those types of hours. They really are putting in personal sacrifice for the people of the State of Washington. I cannot say enough to give them the recognition nor can we pay them enough for the work they do on behalf of the people of the State of Washington, Mr. Speaker.

Also we have two or three interns joining us here today, from our colleges and universities from across the State. We have interns during the Session that help us manage our workload not only with our committees but with our constituencies. I want to thank them as well.

So Mr. Speaker, I salute the people in front of you and we could not have a better group of folks working for the people of the State. I want to recognize their hard work."

**POINT OF PERSONAL PRIVILEGE**

Representative Ross: "Thank you, Mr. Speaker. I would like to read just briefly if I can about one of the amazing assets we have here in the House. "The Office of Program Research is a nonpartisan legislative staff office that provides research, legal and administrative services to the House committees." I don't think that I have read anything that self-deprecating and inaccurate since I've been here. I know across the nation there are companies out there that have think tanks that do all the major thinking for them. Well we are looking at our think tank – as a matter of fact, the think tank for Olympia and the State of Washington. I will not reiterate a lot of what has been said other than I want you to know this. That I have worked with very few of you and I am thankful for that because they only let a few of you in our caucus at a time. I think that if I ever

tried to have a conversation with more than 2 or 3 of you, I don't think that I would ever want to come back because of the sheer knowledge that most of you carry with you. I mean that wholeheartedly. I think that some of you that I have met with, are some of the most professional people and you have some of the knowledge that helps us truly solve problems from our districts. When I have district people call in and ask me questions that I didn't even understand the question and then I'd ask my Legislative Assistant what do we do with this she would respond 'don't worry, Chuck, there are people here who know what they are doing.' So with that, I think of my dad when I was growing up. He often told me 'you know, son, today I don't think you are the sharpest knife in the drawer' but I assure you that I am meeting people here that are definitely lethal when it comes to sharpness. Thank you very much. I appreciate your time and energy."

**POINT OF PERSONAL PRIVILEGE**

Representative Kessler: "Thank you, Mr. Speaker. Not to belabor the point but you can see that we have so many wonderful people here whom we are honoring that maybe in this case we'll have 3 speeches. Mine will be brief. I have had an opportunity to work with many of you especially on writing the budget and serving on Appropriations. What always amazes me about each and every one of you is that as we ask our inane, stupid questions you are always so patient, you always have the answer and if you can't find it you try to make one up for us because the question is so stupid. In Appropriations we spend hours and hours and I've never seen one of you look like you wished we would all disappear. You always appear to be okay with the fact that we are abusing you and I have always appreciated that. Your director has provided such wonderful leadership. He has brought into the fold all of you who have such amazing credentials. We really appreciate the fact that you work overtime. For all of us who work until a certain point and then we say 'bye-bye we're going home' and then you're here like the other night until four in the morning. While we are out eating dinner you are still working. I can't tell you how much we appreciate your brains, your commitment, your patience and all of your hard work. We really appreciate Tara. Thank you. Please stay with us because we need you desperately. You make us look so good everyday and in every way. Thank you."

The OPR Choir sang for the Chamber.

**POINT OF PERSONAL PRIVILEGE**

Representative DeBolt: "Mr. Speaker, you know after hearing that wonderful song and seeing these wonderful people, the best thing that we could do right now is to say SINE DIE. How about it?"

**POINT OF PERSONAL PRIVILEGE**

Representative McCoy: "Thank you, Mr. Speaker. I rise to ask for a robust round of applause for the people that are really running this place. I am speaking about our friendly and personable legislative assistants without whom we would not get anything done because they schedule our day from the time we get up until the time we go to bed and God help the member that messes with the calendar. They are our traffic cops. No one gets in or out of offices without them there as the Third House knows. If they misbehave, they get a very inappropriate appointment time, if they get one at all. Anyway

our legislative assistants field the questions from our spouses, for our constituents and they direct us, keep us going where we are supposed to be going and make sure we get there on time. Many a time, I've lost my blue card and had to make a panic call and say where in the hell am I supposed to be? So they always keep us out of trouble the best they can because look what they've got to work with. But these folks do a yeoman's piece of work. I cannot thank you enough. You are absolutely great. We cannot do anything without you. You direct us to OPR, you direct us to caucus staff, you direct us to where ever we need to go. Honestly you take care of most of the emails. We discuss how our positions are and you answer them. You don't complain. You just do your work. I cannot thank you enough; cannot say enough thank you's to you because you deserve every bit of it. So again thank you very much for the work you do. I love you all. Thank you."

#### POINT OF PERSONAL PRIVILEGE

Representative Walsh: "Thank you, Mr. Speaker. I share the sentiments of everyone here in this body. Thank you from the bottom of our hearts. You guys do terrific work. Believe me, I know. I did your gig a lot of years and it was not easy. I would think why in the world does my boss not know where he's supposed to be from one moment to the next and understand completely now why that's the case. I refer to you as the "blue card brigade" because that is something that we have all come to depend on. You do stellar work. You are the front line in the office. When people call and we get high compliments about wonderful treatment our constituents get and the tremendous work you do tracking down the issues and any problems that they are having in district, you do one heck of a job. I wanted to rise and recognize your great talents and thank you as well."

#### POINT OF PERSONAL PRIVILEGE

Representative Armstrong: "Thank you, Mr. Speaker. You know, around this place, in case you folks in front have not figured out, there are some big egos. And in case you have not figured out, you get to handle not only your member's big ego but all the rest of us too. We are a package deal. I cannot tell you how much we appreciate the grace and style in which you do that. You have an amazing job and one that I don't believe any us out here would want. We appreciate all the hard work you do and I can tell you thing – and I'm going to get on a soap box a little bit, Mr. Speaker because I think it is appropriate – about a year ago a few of us starting on an issue that was very dear to our hearts and that is looking at salaries around this place. And how our legislative assistants do compared to some legislative assistants across the way. We think we are real close getting that rectified. It will be long overdue when it comes because you folks are amazing. The last I would say to you is, I hope you grow the close bond with the member you work with like the one my legislative assistant and I have grown. I hope you appreciate each other as much as we do and work as well together as my assistant and I do. Thank you very much for all you do."

#### MESSAGE FROM THE SENATE

April 22, 2007

Mr. Speaker:

The Senate receded from its amendment to HOUSE BILL NO. 1051. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate

adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the goal of Washington's education reform is for all students to meet rigorous academic standards so that they are prepared for success in college, work, and life. Educators know that not all students learn at the same rate or in the same way. Some students will take longer to meet the state's standards for high school graduation. Older students who cannot graduate with their peers need an appropriate learning environment and flexible programming that enables them simultaneously to earn a diploma, work, and pursue other training options. Providing learning options in locations in addition to high schools will encourage older students to complete their diplomas. Therefore the legislature intends to create a pilot high school completion program at two community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support.

**Sec. 2.** RCW 28B.50.535 and 1991 c 238 s 58 are each amended to read as follows:

A community or technical college may issue a high school diploma or certificate, subject to rules ~~((and regulations promulgated))~~ adopted by the superintendent of public instruction and the state board of education.

**NEW SECTION. Sec. 3.** A new section is added to chapter 28B.50 RCW to read as follows:

(1) A pilot program is created for two community or technical colleges to make available courses or a program of study, on the college campus, designed to enable students under the age of twenty-one who have completed all state and local high school graduation requirements except the certificate of academic achievement or certificate of individual achievement to complete their high school education and obtain a high school diploma.

(a) The colleges participating in the pilot program in this section may make courses or programs under this section available by entering into contracts with local school districts to deliver the courses or programs. Colleges participating in the pilot program that offer courses or programs under contract shall be reimbursed for each enrolled eligible student as provided in the contract, and the high school diploma shall be issued by the local school district;

(b) Colleges participating in the pilot program may deliver courses or programs under this section directly. Colleges that deliver courses or programs directly shall be reimbursed for each enrolled eligible student as provided in section 4 of this act, and the high school diploma shall be issued by the college;

(c) Colleges participating in the pilot program may make courses or programs under this section available through a combination of contracts with local school districts, collaboration with educational service districts, and direct service delivery. Colleges participating in the pilot program may also make courses or programs under this section available for students at locations in addition to the college campus; or

(d) Colleges participating in the pilot program may enter into regional partnerships to carry out the provisions of this subsection (1).

(2) Regardless of the service delivery method chosen, colleges participating in the pilot program shall ensure that all eligible students located in school districts within their college district as defined in RCW 28B.50.040 have an opportunity to enroll in a course or program under this section.

(3) Colleges participating in the pilot program shall not require students enrolled under this section to pay tuition or services and activities fees; however this waiver of tuition and services and activities fees shall be in effect only for those courses that lead to a high school diploma.

(4) Nothing in this section or section 4 of this act precludes a community or technical college from offering courses or a program of study for students other than eligible students as defined by section

4 of this act to obtain a high school diploma, nor is this section or section 4 of this act intended to restrict diploma completion programs offered by school districts or educational service districts. Community and technical colleges and school districts are encouraged to consult with educational service districts in the development and delivery of programs and courses required under this section.

(5) Community and technical colleges participating in the pilot program shall not be required to administer the Washington assessment of student learning.

**NEW SECTION. Sec. 4.** A new section is added to chapter 28A.600 RCW to read as follows:

(1) For purposes of this section and section 3 of this act, "eligible student" means a student who has completed all state and local high school graduation requirements except the certificate of academic achievement under RCW 28A.655.061 or the certificate of individual achievement under RCW 28A.155.045, who is less than age twenty-one as of September 1st of the academic year the student enrolls at a community and technical college under this section, and who meets the following criteria:

(a) Receives a level 2 (basic) score on the reading and writing content areas of the high school Washington assessment of student learning;

(b) Has not successfully met state standards on a retake of the assessment or an alternative assessment;

(c) Has participated in assessment remediation; and

(2) An eligible student may enroll in courses or a program of study made available by a community or technical college participating in the pilot program created under section 3 of this act for the purpose of obtaining a high school diploma.

(3) For eligible students in courses or programs delivered directly by the community or technical college participating in the pilot program under section 3 of this act and only for enrollment in courses that lead to a high school diploma, the superintendent of public instruction shall transmit to the colleges participating in the pilot program an amount per each full-time equivalent college student at statewide uniform rates. The amount shall be the sum of (a), (b), (c), and (d) of this subsection, as applicable.

(a) The superintendent shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 for purposes of making payments under this section. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW.

(b) The superintendent shall allocate an amount equal to the per funded student state allocation for the learning assistance program under chapter 28A.165 RCW for each full-time equivalent college student or a pro rata amount for less than full-time enrollment.

(4) The superintendent may adopt rules establishing enrollment reporting, recordkeeping, and accounting requirements necessary to ensure accountability for the use of basic education, learning assistance, and transitional bilingual program funds under this section for the pilot program created under section 3 of this act.

(5) All school districts in the geographic area of the two community and technical colleges selected pursuant to section 8 of this act to participate in the pilot program shall provide information about the high school completion option under section 3 of this act

to students in grades ten, eleven, and twelve and the parents or guardians of those students.

**Sec. 5.** RCW 28A.655.061 and 2006 c 115 s 4 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006,

opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b) A student's score on the mathematics portion of the preliminary scholastic assessment test (PSAT), the scholastic assessment test (SAT), or the American college test (ACT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the mathematics standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the mathematics portion of the PSAT, SAT, or ACT to meet or exceed the state standard for mathematics. The state board of education shall identify the first scores by December 1, 2006, and thereafter may increase but not decrease the scores required for students to meet or exceed the state standard for mathematics.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. If applicable, the plan shall also include the high school completion pilot program created under section 3 of this act. This requirement shall be phased in as follows:

(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (12)(a) shall have a plan.

(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (12)(a) shall have a plan.

(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.

(iv) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of a student described in this subsection (12)(b) shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

### POINT OF PERSONAL PRIVILEGE

Representative Springer: "Thank you, Mr. Speaker. Standing behind you are four individuals who in the course of a 105 day session, have handled a national forest worth of paper. These are the people who produce the documents that we deal with all day long, every day including newsletters, press releases, information here on the bar, the miles and pounds of paper that some would like not to have to look at but in fact it stacks up on our desks. It always arrives when it is

supposed to. It is critical for our operation that these folks are willing to work unseen in front of copy machines putting together these packets. We owe them a great debt of gratitude for getting us on the ball. So I would like to extend my thank you to them."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Haler: "Mr. Speaker, my point is that I would like to personally thank from our caucus the hard work of the people from the printing shop. As the previous speaker said we would not be able to keep up to date on the changes in bills, the amendments and where we are at in far as our schedule goes. Thank you for much. Thank you for your tireless work."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Ericks: "Mr. Speaker, I rise today to ask this body to honor the security folks that have worked with us all session long and some multiple sessions. I know as you do, from our previous professions, that the job of providing security and assistance to a community is a very difficult endeavor. On one hand you have to be ready to take care of all the small things that happen in daily life and on the other hand you have to prepare for the most terrible of incidents that can occur. I will tell you that in my time in the business that one of the things that was most critical was finding good people and under the leadership of our master sergeant – our Sergeant at Arms – he has done a very good job at finding those people and helping to keep those people and guiding those people that have kept us all safe and have served us so well. So with that Mr. Speaker, I will conclude and ask that we honor all of our Security staff."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Hinkle: "Thank you, Mr. Speaker. These are great people in front of us. My hat is off to each one of them because they not only have kept us safe they have provided some very needed substances for us, coffee, things that I didn't think security guys did, they do with the utmost professionalism. Another thing – they are real good at throwing copper. And we found out just recently that tremendous talent at dancing some of them have actually. And after that experience Security will not allow any video cameras at after hour events. In all seriousness, it does give each one of us a great sense of security especially when we see the Christmas pictures of the Sergeant at Arms in his office. I invite you to go there if you think we are never not safe. Take a look at his pictures from Christmas. We are very safe. They do a great job. It is one of those things that I've seen you do everyday flawlessly except for the time when one of them didn't let First Mike in to the Chamber. Well, that was a bit humorous actually. We love you guys, seriously. You are a lot of fun. You do great work and it's not always appreciated by many that try to get in this door but thank you for keeping us safe. Thank you for keeping us alive. We appreciate it."

#### **POINT OF PERSONAL PRIVILEGE**

Representative Pearson: "Thank you, Mr. Speaker. First of all, who is watching the doors right now? Personally, I am very fond of this group. Coming to work everyday, your smiles and putting up with my jokes and also on the end we have our distinguished page staff who have been working very

tirelessly at night at helping pass out amendments. But all of you I really appreciate everyone of you. Even you Jim, when I ask you questions about what if a guy my size or my good friend from the 13<sup>th</sup> District would run through, do you think you could take us down? And you say, 'yes without a doubt'. I know in my heart if we were in any sort of danger, you would put your life before ours. You are all very sincere individuals and it is an honor to get to know each and everyone of you. I look forward to seeing you next year. Thank you all. God bless you."
