It is the purpose of this chapter to establish a state housing finance commission to act as a financial conduit which, without using public funds or lending the credit of the state or local government, can issue nonrecourse revenue bonds and participate in federal, state, and local housing programs and thereby make additional funds available at affordable rates to help provide housing throughout the state. It is also a primary purpose of this chapter to encourage the use of Washington state forest products in residential construction. This chapter is enacted to accomplish these and related purposes and shall be liberally construed to carry out its purposes and objectives. [1983 c 161 § 1.]

43.180.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bonds" means the bonds, notes, or other evidences of indebtedness of the commission, the interest paid on which may or may not qualify for tax exemption.

(2) "Certifying authority" means: (a) For improvements involving solar electric systems, the Washington climate and rural energy development center at Washington State University, established under RCW 28B.30.642; or (b) for all other energy efficiency and renewable energy improvements, any utility company or other institution qualified to assess and certify the feasibility and benefit of energy efficiency and renewable energy improvements in a manner that is efficient and minimizes the amount of time or cost.

(6) "Eligible applicant" means, with respect to the sustainable energy trust program, an owner of a residential, agricultural, commercial, state, or municipal property.

(7) "Eligible person" means a person or family eligible in accordance with standards promulgated by the commission. Such persons shall include those persons whose income is

(8) "Energy efficiency improvement" means an installation or modification that is designed to reduce energy consumption in residential, agricultural, commercial, state, or municipal properties. Housing may consist of single-family or multi-family dwellings in one or more structures located on contiguous or noncontiguous parcels or any combination thereof. Improvements may include such equipment and materials as are appropriate to accomplish energy efficiency within a dwelling. The term also includes a dwelling constructed by a person who occupies and owns the dwelling, and nursing homes licensed under chapter 18.51 RCW.

(10) "Mortgage" means a mortgage, mortgage deed, deed of trust, security agreement, or other instrument securing a mortgage loan and constituting a lien on or security interest in housing. The property may be held in fee simple or on a leasehold under a lease having a remaining term, at the time the mortgage is acquired, of not less than the term of repayment of the mortgage loan secured by the mortgage. The property may also be housing which is evidenced by an interest in a cooperative association or corporation if ownership of the interest entitles the owner of the interest to occupancy of a dwelling owned by the association or corporation.

Intent—Finding—2009 c 65: "The legislature intends to promote the development of renewable energy technologies and the application of energy efficiency measures by authorizing the issuance of revenue bonds to finance renewable energy and energy efficiency improvement costs. The legislature finds that by providing access to low-cost capital to finance renewable energy and energy efficiency projects, a key barrier is eliminated." [2009 c 65 § 1.]

43.180.030 Bonds not debt of state. Bonds issued under this chapter shall be issued in the name of the commission. The bonds shall not be obligations of the state of Washington and shall be obligations only of the commission payable from the special fund or funds created by the commission for their payment. Such funds shall not be or constitute public moneys or funds of the state of Washington but at all times shall be kept segregated and set apart from other funds.

Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the commission as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

Contracts entered into by the commission shall be entered into in the name of the commission and not in the name of the state of Washington. The obligations of the commission under the contracts shall be obligations only of the commission and are not in any way obligations of the state of Washington. [1983 c 161 § 3.]

(1) There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington state housing finance commission. The commission is an instrumentality of the state exercising essential government functions and, for purposes of the code, acts as a constituted authority on behalf of the state when it issues bonds pursuant to this chapter. The commission is a "public body" within the meaning of RCW 39.53.010.

(2) The commission shall consist of the following voting members:

- (a) The state treasurer, ex officio;

- (e) A representative of labor interests, appointed by the governor, with the consent of the senate, after consultation with representatives of organized labor;
- (f) A representative of low-income persons, appointed by the governor with the consent of the senate;

(g) Five members of the public appointed by the governor, with the consent of the senate, on the basis of geographic distribution and their expertise in housing, real estate, finance, energy efficiency, or construction, one of whom shall be appointed by the governor as chair of the commission and who shall serve on the commission and as chair of the commission at the pleasure of the governor.

The term of the persons appointed by the governor, other than the chair, shall be four years from the date of their appointment, except that the terms of three of the initial appointees shall be for two years from the date of their appointment. The governor shall designate the appointees who will serve the two-year terms. An appointee may be removed by the governor for cause pursuant to RCW 43.06.070 and 43.06.080. The governor shall fill any vacancy in an appointed position by appointment for the remainder of the unexpired term. If the department of community development is abolished, the resulting vacancy shall be filled by a state official who shall be appointed to the commission by the governor. If this official occupies an office or position for which senate confirmation is not required, then his or her appointment to the commission shall be subject to the consent of the senate. The members of the commission shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the commission, for expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060. A majority of the commission constitutes a quorum. Designees shall be appointed in such manner and shall exercise such powers as are specified by the rules of the commission.

(3) The commission may adopt an official seal and may select from its membership a vice chair, a secretary, and a treasurer. The commission shall establish rules concerning its exercise of the powers authorized by this chapter. The rules shall be adopted in conformance with chapter 34.05 RCW. [1995 c 399 § 98; 1985 c 6 § 14; 1984 c 287 § 90; 1983 c 161 § 4.]

***(2) Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994. The department of community, trade, and economic development was renamed the department of commerce by 2009 c 565.

[2013 c 13 § 1; 1986 c 264 § 1; 1983 c 161 § 5.]

Effective date—2013 c 13: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 17, 2013]." [2013 c 13 § 2.]

- (8) The geographical distribution of bond proceeds so that the benefits of the housing programs provided under this

(2018 Ed.)

chapter will be available to address demand on a fair basis throughout the state;

(9) The use of financing assistance for implementation of cost-effective energy efficiency measures in dwellings.

The plan shall include an estimate of the amount of bonds the commission will issue during the term of the plan and how bond proceeds will be expended.

The plan shall be adopted by resolution of the commission following at least one public hearing thereon, notice of which shall be made by mailing to the clerk of the governing body of each county and by publication in the Washington State Register no more than forty and no less than twenty days prior to the hearing. A draft of the plan shall be made available not less than thirty days prior to any such public hearing. At least every two years, the commission shall report to the legislature regarding implementation of the plan.

The commission may periodically update the plan.

The commission shall adopt rules designed to result in the use of bond proceeds in a manner consistent with the plan. The commission may periodically update its rules.

This section is designed to deal only with the use of bond proceeds and nothing in this section shall be construed as a limitation on the commission's authority to issue bonds. [1999 c 372 § 11; 1999 c 131 § 1; 1983 c 161 § 7.]

Reviser's note: This section was amended by 1999 c 131 § 1 and by 1999 c 372 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.180.080 General powers. In addition to other powers and duties specified in this chapter, the commission may:

(1) Establish in resolutions relating to any issuance of bonds, or in any financing documents relating to such issuance, such standards and requirements applicable to the purchase of mortgages and mortgage loans or the making of loans to mortgage lenders as the commission deems necessary or desirable, including but not limited to: (a) The time within which mortgage lenders must make commitments and disbursements for mortgages or mortgage loans; (b) the location and other characteristics of single-family housing or multifamily housing to be financed by mortgages and mortgage loans; (c) the terms and conditions of mortgages and mortgage loans to be acquired; (d) the amounts and types of insurance coverage required on mortgages, mortgage loans, and bonds; (e) the representations and warranties of mortgage lenders confirming compliance with such standards and requirements; (f) restrictions as to interest rate and other terms of mortgages or mortgage loans or the return realized therefrom by mortgage lenders; (g) the type and amount of collateral security to be provided to assure repayment of any loans from the commission and to assure repayment of bonds; and (h) any other matters related to the purchase of mortgages or mortgage loans or the making of loans to lending institutions as shall be deemed relevant by the commission;

(3) Make and execute contracts and all other instruments necessary or convenient for the exercise of its purposes or powers, including but not limited to contracts or agreements for the origination, servicing, and administration of mortgages or mortgage loans, and the borrowing of money;

(4) Procure such insurance, including but not limited to insurance: (a) Against any loss in connection with its property and other assets, including but not limited to mortgages or mortgage loans, in such amounts and from such insurers as the commission deems desirable, and (b) to indemnify members of the commission for acts done in the course of their duties;

(13) Subject to provisions of the commission's contracts with the holders of bonds, permit the reduction of rental or carrying charges to persons unable to pay the regular rent or schedule of charges if, by reason of other income of the commission or by reason of payment by any department, agency, or instrumentality of the United States or of this state, the reduction can be made without jeopardizing the economic stability of the housing being financed;

These regulatory agreements and covenants shall run with the land and be enforceable by the commission or its successors or assigns against the person or entity making the regulatory agreement or covenants or its successors or assigns, even though there may be no privity of estate or privity of contract between the commission or its successors or assigns and the person or entity against whom enforcement is sought. The term of any such covenant shall be set forth in the recorded agreement containing the covenant. This subsection shall apply to regulatory agreements and covenants previously entered into by the commission as well as regulatory agreements and covenants entered into by the commission on or after July 27, 1997;

This subsection does not prohibit the payment of awards provided for in chapter 41.60 RCW. [2010 c 2 § 5; 1997 c 163 § 1; 1983 c 161 § 8.]

Findings—Effective date—2010 c 2: See notes following RCW 41.06.070.

43.180.090 Selection of bond counsel—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the commission believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders, and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the commission. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the commission's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the commission shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the commission his or her fee schedule for providing bond counsel services. The commission shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this

discretion the commission shall consider all submitted fee schedules and the public interest in achieving both savings in bond counsel fees and issuance of bonds on terms most favorable to the commission. At least once every two calendar years, the commission shall select anew an attorney or attorneys to serve as bond counsel. However, the commission may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the commission has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. In addition to or as an alternative to retaining counsel for a period of time, the commission may appoint an attorney to serve as counsel in respect to only a particular bond issue. [1983 c 161 § 9.]

43.180.100 Selection of underwriters—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters whom the commission believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the commission's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the commission's satisfaction that it meets the requirements of this section.

(2) Whenever the commission decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the commission an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the commission. The commission shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider the underwriter's fees and other charges and the public interest in achieving both savings in the total costs of underwriting services and issuance of bonds on terms most favorable to the commission. [1983 c 161 § 10.]

43.180.110 Review of initial policies adopted under RCW 43.180.090 and 43.180.100—Adoption—Change. The commission shall submit the initial policies adopted under RCW 43.180.090 and 43.180.100 to the chief clerk of the house and the secretary of the senate for transmittal to and review by the appropriate standing committees and the joint administrative rules review committee. By January 1, 1984 the commission shall have adopted policies in the form of rules and regulations under chapter 34.05 RCW. Such rules and regulations may only be changed or revised in accordance with chapter 34.05 RCW. [1983 c 161 § 11.]

43.180.120 Rules for fair allocation of bond proceeds for nonrental single-family housing. The legislature recognizes that the demand for mortgage loans for nonrental single-family housing will probably greatly exceed the supply of

bond proceeds available to satisfy the demand. Therefore, the commission shall adopt rules providing procedures to assure that the bond proceeds available for that kind of housing shall be made available to qualified mortgagors in a fair and equitable manner. [1983 c 161 § 12.]

43.180.130 Protection of bondholders—Mortgage insurance. The commission is encouraged to adopt policies which will assure that bondholders will be protected against the failure to make mortgage payments financed under this chapter. Such policies may require, among other things, mortgage insurance. [1983 c 161 § 13.]

43.180.140 Rules for energy efficiency. The commission shall adopt rules providing for financing assistance to implement cost-effective energy efficiency improvements. [1983 c 161 § 14.]

43.180.150 Bond issues—Terms—Issuance—Purchase, etc. (1) The commission's bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the commission determines. The bonds shall be executed by the chair, by either its duly elected secretary or its treasurer, and by the trustee or paying agent if the commission determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature.

(2) The bonds of the commission shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the commission, including, but not limited to, pledges of the commission's assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the commission's real or personal property, then owned or thereafter acquired, and other provisions the commission finds are necessary or desirable for the security of bond holders.

(3) Any security interest created in the unexpended bond proceeds and in the special funds created by the commission shall be immediately valid and binding against such moneys and any securities in which such moneys may be invested without commission or trustee possession thereof, and the security interest shall be prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to *chapter 62A.9 RCW and regardless of whether the party has notice of the security interest.

(4) When issuing bonds, the commission may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The commission may refund or advance refund any bond of the commission in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(5) The chair of the state finance committee or the chair's designee shall be notified in advance of the issuance of bonds

(2018 Ed.)

by the commission in order to promote the orderly offering of obligations in the financial markets.

(6) The members of the commission and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The commission may, out of any fund available therefor, purchase its bonds in the open market. [1983 c 161 § 15.]

**Reviser's note:* Chapter 62A.9 RCW was repealed in its entirety by 2000 c 250 § 9A-901, effective July 1, 2001. For later enactment, see chapter 62A.9A RCW.

43.180.160 Debt limitation—Washington works housing program. (1) The total amount of outstanding indebtedness of the commission may not exceed eight billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise.

(2)(a) The Washington works housing program is created to increase opportunities for nonprofit organizations and public agencies to purchase, acquire, build, and own real property to be used for affordable housing for low and moderate-income households. The Washington works housing program is intended to provide access to new funding mechanisms and build long-term community equity by increasing the stock of permanently affordable housing owned by nonprofit organizations and public agencies.

(b) The Washington works housing program is intended to provide these opportunities for public agencies and nonprofit organizations, including those materially participating as a managing member or general partner of a partnership, limited liability company, or equivalent organization, through the issuance of tax exempt or taxable revenue bonds issued by the commission in conjunction with a subsidy necessary to make bond issues to finance affordable housing properties financially feasible. The program is intended to provide financing for affordable housing that will meet the following income and rent restrictions during the period of initial bond indebtedness and thereafter.

(c) During the period of initial bond indebtedness under the program, the owner of the property must meet one of the following requirements: A minimum of twenty percent of the units will be occupied by households earning less than fifty percent of area median income and an additional thirty-one percent of the units will be occupied by persons earning less than eighty percent of area median income; or forty percent of the units will be occupied by households earning less than sixty percent of area median income and an additional eleven percent of the units will be occupied by households earning less than eighty percent of area median income.

(d) After the initial bond indebtedness is retired, the rents charged for units in the project will be adjusted to be sufficient to pay reasonable operation and maintenance expenses, including necessary capital needs, and to make reasonable

deposits into a reserve account with the intent of providing affordable housing to very low or low-income households for the remaining useful life of the property. The reasonableness of the rent levels must be periodically approved by the commission based on information provided by the owner of the property about income, expenses, and necessary reserve levels. The determination of the commission regarding the reasonableness of the rent levels will be final.

(e) The commission will enter into a recorded regulatory agreement with the borrower at the time of the issuance of bonds under the program for the purpose of ensuring that the property will meet the income and rent restrictions established in this section. The commission may charge such compliance fees as necessary to ensure enforcement of the income and rent restrictions during the useful life of the property.

(3) One billion dollars of the outstanding indebtedness of the commission is for the primary purpose of implementing the Washington works housing program.

(4) If no subsidies are available to make the program in subsection (2) of this section feasible, then the commission may pass a resolution stating these facts and authorize the use of a portion of the one billion dollars of indebtedness intended for the program to support its other bond programs until such time as the one billion dollars is exhausted or subsidies are available to make the program feasible. 43.185.010 Findings. The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farmworkers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans. At least thirty percent of these moneys used in any given funding cycle must be for the benefit of projects located in rural areas of the state as defined by the department. 43.185.070 Notice of grant and loan application period—Priorities—Criteria for evaluation. (1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department must announce to all known interested parties, and through major media throughout the state, a grant and loan

application period of at least ninety days' duration. This announcement must be made as often as the director deems appropriate for proper utilization of resources. The department must then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department as provided in RCW 43.185.050.

(2) In awarding funds under this chapter, the department must:

(a) Provide for a geographic distribution on a statewide basis; and

(b) Until June 30, 2013, consider the total cost and per-unit cost of each project for which an application is submitted for funding under RCW 43.185.050(2) (a) and (j), as compared to similar housing projects constructed or renovated within the same geographic area.

(3) The department, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, or a subcommittee of the affordable housing advisory board, must report recommendations for awarding funds in a cost-effective manner. The report must include an implementation plan, timeline, and any other items the department identifies as important to consider to the legislature by December 1, 2012.

(4) The department must give first priority to applications for projects and activities which utilize existing privately owned housing stock including privately owned housing stock purchased by nonprofit public development authorities and public housing authorities as created in chapter 35.82 RCW. As used in this subsection, privately owned housing stock includes housing that is acquired by a federal agency through a default on the mortgage by the private owner. Such projects and activities must be evaluated under subsection (5) of this section. Second priority must be given to activities and projects which utilize existing publicly owned housing stock. All projects and activities must be evaluated by some or all of the criteria under subsection (5) of this section, and similar projects and activities shall be evaluated under the same criteria.

(5) The department must give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities must be evaluated under the same criteria:

(a) The degree of leveraging of other funds that will occur;

(b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;

(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Local government project contributions in the form of infrastructure improvements, and others;

(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;

(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;

(g) The applicant has the demonstrated ability, stability and resources to implement the project;

(h) Projects which demonstrate serving the greatest need;

(i) Projects that provide housing for persons and families with the lowest incomes;

(j) Projects serving special needs populations which are under statutory mandate to develop community housing;

(k) Project location and access to employment centers in the region or area;

(l) Projects that provide employment and training opportunities for disadvantaged youth under a youthbuild or youth-build-type program as defined in RCW 50.72.020;

(m) Project location and access to available public transportation services; and

(n) Projects involving collaborative partnerships between local school districts and either public housing authorities or nonprofit housing providers, that help children of low-income families succeed in school. To receive this preference, the local school district must provide an opportunity for community members to offer input on the proposed project at the first scheduled school board meeting following submission of the grant application to the department.

(6) The department may only approve applications for projects for persons with mental illness that are consistent with a behavioral health organization six-year capital and operating plan. 43.185.080 Preconstruction technical assistance. (1)

The department may use moneys from the housing trust fund and other legislative appropriations, but not appropriations from capital bond proceeds, to provide preconstruction technical assistance to eligible recipients seeking to construct, rehabilitate, or finance housing-related services for very low and low-income persons. The department shall emphasize providing preconstruction technical assistance services to rural areas and small cities and towns. The department may contract with nonprofit organizations to provide this technical assistance. The department may contract for any of the following services:

- (a) Financial planning and packaging for housing projects, including alternative ownership programs, such as limited equity partnerships and syndications;
- (b) Project design, architectural planning, and siting;
- (c) Compliance with planning requirements;

- (f) Coordination with local planning, economic development, and environmental, social service, and recreational activities;
- (g) Construction and materials management; and
- (h) Project maintenance and management.

(2) The department shall publish requests for proposals which specify contract performance standards, award criteria, and contractor requirements. In evaluating proposals, the department shall consider the ability of the contractor to provide technical assistance to low and very low-income persons and to persons with special housing needs. [1991 c 356 § 6; 1986 c 298 § 9.]

43.185.090 Compliance monitoring. The director shall monitor the activities of recipients of grants and loans under this chapter to determine compliance with the terms and conditions set forth in its application or stated by the department in connection with the grant or loan. [1986 c 298 § 10.]

43.185.100 Rule-making authority. The department shall have the authority to promulgate rules pursuant to chapter 34.05 RCW, regarding the grant and loan process, and the substance of eligible projects, consistent with this chapter. The department shall consider the recommendations of cities

43.185.110 Affordable housing advisory board—State housing needs. The affordable housing advisory board established in RCW 43.185B.020 shall advise the director on housing needs in this state, including housing needs for persons with mental illness or developmental disabilities or youth who are blind or deaf or otherwise disabled, operational aspects of the grant and loan program or revenue collection programs established by this chapter, and implementation of the policy and goals of this chapter. Such advice shall be consistent with policies and plans developed by behavioral health organizations according to chapter 71.24 RCW for individuals with mental illness and the developmental disabilities planning council for individuals with developmental disabilities. [2014 c 225 § 63; 1993 c 478 § 15; 1991 c 204 § 4; 1987 c 513 § 3.]

43.185.120 Protection of state's interest. The department shall adopt policies to ensure that the state's interest will be protected upon either the sale or change of use of projects financed in whole or in part under RCW 43.185.050(2) (a), (i), and (j). These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period. [1991 c 356 § 7.]

43.185.130 Application process—Distribution procedure. The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure for the housing trust fund, described in this chapter and chapter 43.185A RCW, except for the funds applied to the *homeless families services fund created in RCW 43.330.167, dollars appropriated to weatherization administered through the energy matchmaker program, dollars appropriated for housing vouchers for homeless persons, victims of domestic violence, and low-income persons or seasonal farmworkers, and dollars appropriated to any program to provide financial assistance for grower-provided on-farm housing for low-income migrant or seasonal farmworkers. [2006 c 349 § 3.]

***Reviser's note:** The "homeless families services fund" was renamed the "Washington youth and families fund" by 2015 c 69 § 24.

Finding—2006 c 349: "The legislature finds that Washington is experiencing an affordable housing crisis and that this crisis is growing exponentially every year as the population of the state expands and housing values increase at a rate that far exceeds most households' proportionate increase in income.

The fiscal and societal costs of the lack of adequate affordable housing are high for both the public and private sectors. Current levels of funding for affordable housing programs are inadequate to meet the housing needs of many low-income Washington households." [2006 c 349 § 1.]

43.185.140 Findings—Review of all housing properties—Energy audits. (1) The legislature finds that growing

preservation and rehabilitation needs in the housing trust fund property portfolio provide opportunities to advance energy efficiency and weatherization efforts for low-income individuals in Washington state while protecting the state's six hundred million dollars in affordable housing investments. Preservation of existing affordable housing, when done in conjunction with weatherization activities, is a cost-effective, prudent, and environmentally friendly strategy to ensure that low-income housing remains durable, safe, and affordable. Therefore, the legislature intends that where federal funds are available for increasing and improving energy efficiency of low-income housing that these funds must be utilized, subject to federal requirements, for energy audits and implementing energy efficiency measures in the state housing trust fund real estate portfolio.

(2) The department shall review all housing properties in the housing trust fund real estate portfolio and identify those in need of major renovation or rehabilitation. In its review, the department shall survey property owners for information including, but not limited to, the age of the building and the type of heating, cooling, plumbing, and electrical systems contained in the property. The department shall prioritize all renovation or rehabilitation projects identified in the review by the department's ability to:

(a) Achieve the greatest possible expected monetary and energy savings by low-income households and other energy consumers over the greatest period of time;

(b) Promote the greatest possible health and safety improvements for residents of low-income households; and

(c) Leverage, to the extent feasible, technologically advanced and environmentally friendly sustainable technologies, practices, and designs.

(3) Subject to the availability of amounts appropriated for this specific purpose, the department shall use the prioritization of potential energy efficiency needs and opportunities in subsection (2) of this section to make offers of energy audit services to project owners and operators. The department shall use all practicable means to achieve the completion of energy audits in at least twenty-five percent of the properties in its portfolio that exceed twenty-five years in age, by June 30, 2011. Where the energy audits identify cost-effective weatherization and other energy efficiency measures, the department shall accord a priority within appropriated funding levels to include funding for energy efficiency improvements when the department allocates funding for renovation or rehabilitation of the property. [2009 c 379 § 301.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.185.910 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 8.]

thereafter, review current housing reporting requirements related to housing programs and services and give recommendations to streamline and simplify all planning and reporting requirements to the *department of community, trade, and economic development, which will compile and present the recommendations annually to the legislature. The entities listed in this section shall also give recommendations for additional legislative actions that could promote affordable housing and end homelessness. [2006 c 349 § 11.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Finding—2006 c 349: See note following RCW 43.185.130.

43.185A.110 Affordable housing land acquisition revolving loan fund program. (1) The affordable housing land acquisition revolving loan fund program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land for affordable housing development. The department shall contract with the Washington state housing finance commission to administer the affordable housing land acquisition revolving loan fund program. Within this program, the Washington state housing finance commission shall establish and administer the Washington state housing finance commission land acquisition revolving loan fund.

(2) As used in this chapter, "market rate" means the current average market interest rate that is determined at the time any individual loan is closed upon using a widely recognized current market interest rate measurement to be selected for use by the Washington state housing finance commission with the department's approval. This interest rate must be noted in an attachment to the closing documents for each loan.

(3) Under the affordable housing land acquisition revolving loan fund program:

(a) Loans may be made to purchase vacant or improved land on which to develop affordable housing. In addition to affordable housing, facilities intended to provide supportive services to affordable housing residents and low-income households in the nearby community may be developed on the land.

(b) Eligible organizations applying for a loan must include in the loan application a proposed affordable housing development plan indicating the number of affordable housing units planned, a description of any other facilities being considered for the property, and an estimated timeline for completion of the development. The Washington state housing finance commission may require additional information from loan applicants and may consider the efficient use of land, project readiness, organizational capacity, and other factors as criteria in awarding loans.

(c) Forty percent of the loans shall go to eligible applicants operating homeownership programs for low-income households in which the households participate in the construction of their homes. Sixty percent of loans shall go to other eligible organizations. If the entire forty percent for applicants operating self-help homeownership programs cannot be lent to these types of applicants, the remainder shall be lent to other eligible organizations.

(d) Within five years of receiving a loan, a loan recipient must present the Washington state housing finance commis-

sion with an updated development plan, including a proposed development design, committed and anticipated additional financial resources to be dedicated to the development, and an estimated development schedule, which indicates completion of the development within eight years of loan receipt. This updated development plan must be substantially consistent with the development plan submitted as part of the original loan application as required in (b) of this subsection.

(e) Within eight years of receiving a loan, a loan recipient must develop affordable housing on the property for which the loan was made and place the affordable housing into service.

(f) A loan recipient must preserve the affordable rental housing developed on the property acquired under this section as affordable housing for a minimum of thirty years.

(4) If a loan recipient does not place affordable housing into service on a property for which a loan has been received under this section within the eight-year period specified in subsection (3)(e) of this section, or if a loan recipient fails to use the property for the intended affordable housing purpose consistent with the loan recipient's original affordable housing development plan, then the loan recipient must pay to the Washington state housing finance commission an amount consisting of the principal of the original loan plus compounded interest calculated at the current market rate. The Washington state housing finance commission shall develop guidelines for the time period in which this repayment must take place, which must be noted in the original loan agreement. The Washington state housing finance commission may grant a partial or total exemption from this repayment requirement if it determines that a development is substantially complete or that the property has been substantially used in keeping with the original affordable housing purpose of the loan. Any repayment funds received as a result of non-compliance with loan requirements shall be deposited into the Washington state housing finance commission land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(5) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing land acquisition revolving loan fund program.

(6) Interest rates on property loans granted under this section may not exceed one percent. All loan repayment moneys received shall be deposited into the Washington state housing finance commission affordable housing land acquisition revolving loan fund for the purposes of the affordable housing land acquisition revolving loan fund program.

(7) The Washington state housing finance commission must develop performance measures for the program, which must be approved by the department, including, at a minimum, measures related to:

(a) The ability of eligible organizations to access land for affordable housing development;

(b) The total number of dwelling units by housing type and the total number of low-income households and persons served; and

(c) The financial efficiency of the program as demonstrated by factors, including the cost per unit developed for affordable housing units in different areas of the state and a

measure of the effective use of funds to produce the greatest number of units for low-income households.

(8) By December 1st of each year, beginning in 2007, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature using, at a minimum, the performance measures developed under subsection (7) of this section. [2017 c 274 § 1; 2008 c 112 § 1; 2007 c 428 § 2.]

Findings—2007 c 428: "The legislature finds that protecting the public health, safety, and welfare by providing affordable housing resources to needy or vulnerable persons is a fundamental purpose of government. The legislature further finds that assisting eligible organizations to purchase land for affordable housing development and related supportive services facilities confers a valuable benefit on the public that constitutes consideration for financing assistance to eligible organizations in the form of low-interest loans, subject to restrictions that provide continued protection of the public interest." [2007 c 428 § 1.]

43.185A.120 Affordable housing and community facilities rapid response loan program. (1) The affordable housing and community facilities rapid response loan program is created in the department to assist eligible organizations, described under RCW 43.185A.040, to purchase land or real property for affordable housing and community facilities preservation or development in rapidly gentrifying neighborhoods or communities with a significant low-income population that is threatened with displacement by such gentrification. The department shall contract with the Washington state housing finance commission to establish and administer the program.

(2) Loans or grants may be made through the affordable housing and community facilities rapid response loan program to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees.

(3) The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response loan program.

(4) A loan or grant recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years.

(5) Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayment moneys received must be deposited into a program account established by the Washington state housing finance commission for the purpose of making new loans and grants under this section.

(6) By December 1st of each year, beginning in 2008, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature: The number of loans and grants that were made in the program; for what purposes the loans and grants were made; to whom the loans and grants were made; and when the loans are expected to be paid back. [2008 c 112 § 2.]

43.185C.005 Findings. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015. [2005 c 484 § 1.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

Short title—2015 c 69: See RCW 43.330.911.

Finding—2006 c 349: See note following RCW 43.185.130.

43.185C.020 Homeless housing program. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020. [2005 c 484 § 5.]

43.185C.030 Washington homeless census or count—Confidentiality—Online information and referral system—Organizational quality management system. (1) The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.185C.180. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected. Data on subpopulations and other characteristics of the homeless must, at a minimum, be consistent with the United States department of housing and urban development's point-in-time requirements.

(2) All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to

(2018 Ed.)

believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider's facility or program may be substituted.

(4) The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

(5) Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

(6) By the end of year four, the department shall implement an organizational quality management system. [2018 c 85 § 3; 2013 c 200 § 25; 2005 c 484 § 6.]

43.185C.040 Homeless housing strategic plan—Program outcomes and performance measures and goals—Coordination—Statewide data gathering instrument—Reports. (1) The department shall, in consultation with the interagency council on homelessness, the affordable housing advisory board, and the state advisory council on homelessness, prepare and publish a five-year homeless housing strategic plan which must outline statewide goals and performance measures. The state homeless housing strategic plan must be submitted to the legislature by July 1, 2019, and every five years thereafter. The plan must include:

(a) Performance measures and goals to reduce homelessness, including long-term and short-term goals;

(b) An analysis of the services and programs being offered at the state and county level and an identification of those representing best practices and outcomes;

(c) Recognition of services and programs targeted to certain homeless populations or geographic areas in recognition of the diverse needs across the state;

(d) New or innovative funding, program, or service strategies to pursue;

(e) An analysis of either current drivers of homelessness or improvements to housing security, or both, such as increases and reductions to employment opportunities, housing scarcity and affordability, health and behavioral health services, chemical dependency treatment, and incarceration rates; and

(f) An implementation strategy outlining the roles and responsibilities at the state and local level and timelines to achieve a reduction in homelessness at the statewide level during periods of the five-year homeless housing strategic plan.

(2) The department must coordinate its efforts on the state homeless housing strategic plan with the office of

homeless youth prevention and protection programs advisory committee under RCW 43.330.705. The state homeless housing strategic plan must not conflict with the strategies, planning, data collection, and performance and outcome measures developed under RCW 43.330.705 and 43.330.706 to reduce the state's homeless youth population.

(3) To guide local governments in preparation of local homeless housing plans due December 1, 2019, the department shall issue by December 1, 2018, guidelines consistent with this chapter and including the best available data on each community's homeless population. Program outcomes, performance measures, and goals must be created by the department in collaboration with local governments against which state and local governments' performance will be measured.

(4) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the inter-agency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state five-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. To increase the effectiveness of the report, the department must develop a process to ensure consistent presentation, analysis, and explanation in the report, including year-to-year comparisons, highlights of program successes and challenges, and information that supports recommended strategy or operational changes. The report may include performance measures such as:

- (a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;
- (b) The reduction in the number of unaccompanied homeless youth. "Unaccompanied homeless youth" has the same meaning as in RCW 43.330.702;
- (c) The number of new units available and affordable for homeless families by housing type;
- (d) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;
- (e) The number of households at risk of losing housing who maintain it due to a preventive intervention;
- (f) The transition time from homelessness to permanent housing;
- (g) The cost per person housed at each level of the housing continuum;
- (h) The ability to successfully collect data and report performance;
- (i) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;
- (j) The quality and safety of housing provided; and
- (k) The effectiveness of outreach to homeless persons, and their satisfaction with the program. [2018 c 85 § 4; 2017 3rd sp.s. c 15 § 2; 2015 c 69 § 25; 2009 c 518 § 17; 2005 c 484 § 7.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

Findings—2017 3rd sp.s. c 15: "The legislature finds that a surcharge on documents recorded for the sale or transfer of real property have generated approximately one hundred forty million dollars for homeless programs in Washington. The legislature further finds that according to a third-party audit of the use of surcharge funds, additional performance measures are needed to effectively measure the success of the state's homeless programs. Therefore, the legislature finds that developing and adopting recommendations to improve performance measures contained in the December 5, 2016, report required under RCW 43.185C.240(1)(e) will help ensure accountability and transparency of public funds and their effectiveness in reducing homelessness in Washington." [2017 3rd sp.s. c 15 § 1.]

Short title—2015 c 69: See RCW 43.330.911.

43.185C.045 Homeless housing strategic plan—Annual report of department and local governments. (1) By December 1st of each year, the department must provide an update on the state's homeless housing strategic plan and its activities for the prior fiscal year. The report must include, but not be limited to, the following information:

(a) An assessment of the current condition of homelessness in Washington state and the state's performance in meeting the goals in the state homeless housing strategic plan;

(b) A report on the results of the annual homeless point-in-time census conducted statewide under RCW 43.185C.030;

(c) The amount of federal, state, local, and private funds spent on homelessness assistance, categorized by funding source and the following major assistance types:

- (i) Emergency shelter;
- (ii) Homelessness prevention and rapid rehousing;
- (iii) Permanent housing;
- (iv) Permanent supportive housing;
- (v) Transitional housing;
- (vi) Services only; and
- (vii) Any other activity in which more than five hundred thousand dollars of category funds were expended;

(d) A report on the expenditures, performance, and outcomes of state funds distributed through the consolidated homeless grant program, including the grant recipient, award amount expended, use of the funds, counties served, and households served;

(e) A report on state and local homelessness document recording fee expenditure by county, including the total amount of fee spending, percentage of total spending from fees, number of people served by major assistance type, and amount of expenditures for private rental housing payments required in RCW 36.22.179;

(f) A report on the expenditures, performance, and outcomes of the essential needs and housing support program meeting the requirements of RCW 43.185C.220; and

(g) A report on the expenditures, performance, and outcomes of the independent youth housing program meeting the requirements of RCW 43.63A.311.

(2) The report required in subsection (1) of this section must be posted to the department's web site and may include links to updated or revised information contained in the report.

(3) Any local government receiving state funds for homelessness assistance or state or local homelessness document recording fees under RCW 36.22.178, 36.22.179, or 36.22.1791 must provide an annual report on the current con-

dition of homelessness in its jurisdiction, its performance in meeting the goals in its local homeless housing plan, and any significant changes made to the plan. The annual report must be posted on the department's web site. Along with each local government annual report, the department must produce and post information on the local government's homelessness spending from all sources by project during the prior state fiscal year in a format similar to the department's report under subsection (1)(c) of this section. If a local government fails to report or provides an inadequate or incomplete report, the department must take corrective action, which may include withholding state funding for homelessness assistance to the local government to enable the department to use such funds to contract with other public or nonprofit entities to provide homelessness assistance within the jurisdiction. [2018 c 85 § 9.]

Intent—2018 c 85: "The legislature recognizes that all of the people of the state should have the opportunity to live in a safe, healthy, and affordable home. The legislature further recognizes that homelessness in Washington is unacceptable and that action needs to be taken to protect vulnerable households including families with children, youth and young adults, veterans, seniors, and people at high risk of homelessness, including survivors of domestic violence and people living with mental illness and other disabilities.

The legislature recognizes that homelessness has immediate and often times long-term consequences on the educational achievement of public school children and disproportionately impacts students of color. Additionally, the legislature recognizes that the health and safety of people experiencing homelessness is immediately and oftentimes significantly compromised, and that homelessness exacerbates physical and behavioral health disabilities. The legislature further recognizes that homelessness is disproportionately experienced by people of color and LGBTQ youth and young adults. The legislature recognizes that homelessness is also disproportionately experienced by people living with mental illness and that homelessness is an impediment to treatment. The legislature further recognizes that homelessness is disproportionately experienced by Native Americans.

In 2005, the Washington state legislature passed the homeless housing and assistance act that outlined several bold policies to address homelessness. That act also required a strategic plan by the department of commerce, which was first submitted in 2006 and subsequently updated. Since the first statewide plan, the state has succeeded in housing over five hundred fifty-six thousand people experiencing homelessness. These people were previously living in places not meant for human habitation, living in emergency shelters, or at imminent risk of becoming homeless. Although the overall prevalence of homelessness is down more than seventeen percent, the recent increase in homelessness, due in large part to surging housing costs, remains a crisis and more must be done.

Therefore, the legislature intends to improve resources available to aid with increasing access and removing barriers to housing for individuals and families in Washington." [2018 c 85 § 1.]

Short title—2018 c 85: "This act may be known and cited as the Washington housing opportunities act." [2018 c 85 § 11.]

43.185C.050 Local homeless housing plans. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a five-year homeless housing plan for its jurisdictional area, which shall be not inconsistent with the department's statewide guidelines issued by December 1, 2018, and thereafter the department's five-year homeless housing strategic plan, and which shall be aimed at eliminating homelessness. The local government may amend the proposed local plan and shall adopt a plan by December 1, 2019. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and

(2018 Ed.)

may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:

(a) Rental and furnishing of dwelling units for the use of homeless persons;

(b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;

(c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;

(d) Services to prevent homelessness, such as emergency eviction prevention programs including temporary rental subsidies to prevent homelessness;

(e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;

(f) Outreach services for homeless individuals and families;

(g) Development and management of local homeless plans including homeless census data collection; identification of goals, performance measures, strategies, and costs and evaluation of progress towards established goals;

(h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and

(i) Other activities to reduce and prevent homelessness as identified for funding in the local plan. [2018 c 85 § 5; 2005 c 484 § 8.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

43.185C.060 Home security fund account—Expenditure review. (1) The home security fund account is created in the state treasury, subject to appropriation. The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 must be deposited in the account. Expenditures from the account may be used only for homeless housing programs as described in this chapter.

(2) The department must distinguish allotments from the account made to carry out the activities in RCW 43.330.167, 43.330.700 through 43.330.715, 43.330.911, 43.185C.010, 43.185C.250 through 43.185C.320, and 36.22.179(1)(b).

(3) The office of financial management must secure an independent expenditure review of state funds received under RCW 36.22.179(1)(b) on a biennial basis. The purpose of the review is to assess the consistency in achieving policy priorities within the private market rental housing segment for housing persons experiencing homelessness. The independent reviewer must notify the department and the office of financial management of its findings. The first biennial expenditure review, for the 2017-2019 fiscal biennium, is due February 1, 2020. Independent reviews conducted thereafter are due February 1st of each even-numbered year. [2018 c 85 § 6; 2014 c 200 § 2; 2007 c 427 § 6; 2005 c 484 § 10.]

[2015 c 69 § 27.]

Short title—2015 c 69: See RCW 43.330.911.

43.185C.070 Grant applications. (1) During each calendar year in which moneys from the *homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in RCW 36.22.179.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in RCW 43.185C.005;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse workforce;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and RCW 36.22.178 and 36.22.179; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan. [2005 c 484 § 11.]

***Reviser's note:** The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.080 Homeless housing grants—Participation. (1) Only a local government is eligible to receive a homeless housing grant from the *homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other non-profit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under RCW 43.185C.060 shall be remitted monthly to the state treasurer for deposit in the *homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of chapter 484, Laws of 2005 in the county, provided that the department may retain six per-

cent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter. [2005 c 484 § 12.]

*Reviser's note: The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.090 Allocation of grant moneys—Issuance of criteria or guidelines. The department shall allocate grant moneys from the *homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process. [2005 c 484 § 13.]

*Reviser's note: The "homeless housing account" was changed to the "home security fund account" by 2007 c 427 § 6.

43.185C.100 Technical assistance. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

(1) Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;

(2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;

(3) Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;

(4) Assisting in the identification of "best practices" from other areas;

(5) Assisting in identifying additional funding sources for specific projects; and

(6) Training local government and subcontractor staff. [2005 c 484 § 14.]

43.185C.110 Progress reports—Uniform process. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals. [2005 c 484 § 15.]

43.185C.120 Rules. The department may adopt such rules as may be necessary to effect the purposes of this chapter. [2005 c 484 § 16.]

43.185C.130 Protection of state's interest in grant program projects. The department shall ensure that the state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing

grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project. [2005 c 484 § 17.]

43.185C.140 Public assistance eligibility—Payments exempt. The department of social and health services shall exempt payments to individuals provided under this chapter when determining eligibility for public assistance. [2005 c 484 § 20.]

43.185C.150 Expenditures within authorized funds—Existing expenditures not reduced or supplanted. This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in chapter 484, Laws of 2005. However, neither the department nor any local government may use any funds authorized in chapter 484, Laws of 2005 to supplant or reduce any existing expenditures of public money for the reduction or prevention of homelessness or services for homeless persons. [2005 c 484 § 21.]

43.185C.160 County homeless housing task forces—Homeless housing plans—Reports by counties. (1) Each county shall create a homeless housing task force to develop a five-year homeless housing plan addressing short-term and long-term housing for homeless persons.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, real estate professionals, at large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body which substantially conforms to this section and which includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and execute a local homeless housing plan for the county meeting the requirements of this chapter.

(2) In addition to developing a five-year homeless housing plan, each task force shall establish guidelines consistent

with the statewide homeless housing strategic plan, as needed, for the following:

- (a) Emergency shelters;
- (b) Short-term housing needs;
- (c) Temporary encampments;
- (d) Supportive housing for chronically homeless persons; and
- (e) Long-term housing.

Guidelines must include, when appropriate, standards for health and safety and notifying the public of proposed facilities to house the homeless.

(3) Each county, including counties exempted from creating a new task force under subsection (1) of this section, shall report to the department such information as may be needed to ensure compliance with this chapter, including the annual report required in RCW 43.185C.045. [2018 c 85 § 7; 2005 c 485 § 1.]

Intent—Short title—2018 c 85: See notes following RCW 43.185C.045.

43.185C.170 Interagency council on homelessness—Duties—Reports. (2) The interagency council on homelessness shall work to create greater levels of interagency coordination and to coordinate state agency efforts with the efforts of state and local entities addressing homelessness.

(3) The interagency council shall seek to:

- (a) Align homeless-related housing and supportive service policies among state agencies;
- (b) Identify ways in which providing housing with appropriate services can contribute to cost savings for state agencies;
- (c) Identify policies and actions that may contribute to homelessness or interfere with its reduction;
- (d) Review and improve strategies for discharge from state institutions that contribute to homelessness;
- (e) Recommend policies to either improve practices or align resources, or both, including those policies requested by the affordable housing advisory board or through state and local housing plans; and
- (f) Ensure that the housing status of people served by state programs is collected in consistent formats available for analysis. [2006 c 349 § 7.]

Finding—2006 c 349: See note following RCW 43.185.130.

43.185C.180 Washington homeless client management information system. (1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement the Washington homeless client management information system for the ongoing collection and updates of information about all homeless individuals in the state.

(2) Information about homeless individuals for the Washington homeless client management information system shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families.

(a) Personally identifying information about homeless individuals for the Washington homeless client management information system may only be collected after having obtained informed, reasonably time limited (i) written consent from the homeless individual to whom the information relates, or (ii) telephonic consent from the homeless individual, provided that written consent is obtained at the first time the individual is physically present at an organization with access to the Washington homeless client management information system. Safeguards consistent with federal requirements on data collection must be in place to protect homeless individuals' rights regarding their personally identifying information.

(b) Data collection under this subsection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals receive:

(i) Information about the expected duration of their participation in the Washington homeless client management information system;

(ii) An explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information;

(iii) An explanation regarding whom to contact in the event of injury to the individual related to the Washington homeless client management information system;

(iv) A description of any reasonably foreseeable risks to the homeless individual; and

(v) A statement describing the extent to which confidentiality of records identifying the individual will be maintained.

(c) The department must adopt policies governing the appropriate process for destroying Washington homeless client management information system paper documents containing personally identifying information when the paper documents are no longer needed. The policies must not conflict with any federal data requirements.

(d) Any unaccompanied youth thirteen years of age or older may give consent for the collection of his or her personally identifying information under this section. "Unaccompanied" has the same definition as in RCW 43.330.702.

(3) The Washington homeless client management information system shall serve as an online information and referral system to enable local governments and providers to connect homeless persons in the database with available housing and other support services. Local governments shall develop a capacity for continuous case management, including independent living plans, when appropriate, to assist homeless persons.

(4) The information in the Washington homeless client management information system will also provide the department with the information to consolidate and analyze data about the extent and nature of homelessness in Washington state, giving emphasis to information about the extent and nature of homelessness in Washington state among families with children.

(5) The system may be merged with other data gathering and reporting systems and shall:

- (a) Protect the right of privacy of individuals;
- (b) Provide for consultation and collaboration with all relevant state agencies including the department of social and

health services, experts, and community organizations involved in the delivery of services to homeless persons; and

(c) Include related information held or gathered by other state agencies.

(6) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

(7) The Washington homeless client management information system shall be implemented by December 31, 2009, and updated with new homeless client information at least annually. [2018 c 15 § 1; 2011 c 239 § 1; 2006 c 349 § 8; 1999 c 267 § 4. Formerly RCW 43.63A.655.]

(2) There shall be a minimum of two pilot programs established in two counties. The pilot programs shall be selected through a request for proposal process and in consultation with the department of corrections. The department shall select the pilot sites by January 1, 2008.

(3) The pilot program shall:

(a) Be operated in collaboration with the community justice center existing in the location of the pilot site;

(c) In providing assistance, give priority to offenders who are designated as high risk or high needs as well as those determined not to have a viable release plan by the department of corrections;

(d) Optimize available funding by utilizing cost-effective community-based shared housing arrangements or other noninstitutional living arrangements; and

(e) Provide housing assistance for a period of time not to exceed twelve months for a participating offender.

(4) The department may also use up to twenty percent of the funding appropriated in the operating budget for this section to support the development of additional supportive housing resources for offenders who are reentering the community.

(5) The department shall:

(a) Collaborate with the department of corrections in developing criteria to determine who will qualify for housing assistance; and

(b) Gather data, and report to the legislature by November 1, 2008, on the number of offenders seeking housing, the number of offenders eligible for housing, the number of offenders who receive the housing, and the number of offenders who commit new crimes while residing in the housing to the extent information is available.

(6) The department of corrections shall collaborate with organizations receiving grant funds to:

(a) Help identify appropriate housing solutions in the community for offenders;

(b) Where possible, facilitate an offender's application for housing prior to discharge;

Intent—2011 c 353: See note following RCW 36.70A.130.

43.185C.215 Transitional housing operating and rent account. The transitional housing operating and rent account is created in the custody of the state treasurer. All receipts from sources directed to the transitional housing operating and rent program must be deposited into the account. Expenditures from the account may be used solely for the purpose of the transitional housing operating and rent program as described in RCW 43.185C.210. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 256 § 2.]

43.185C.220 Essential needs and housing support program—Distribution of funds. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.04.805 and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the

biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget

for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sp. sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations. 43.185C.230 Verification of eligibility—Medical care services. The department, in collaboration with the department of social and health services, shall:

(1) Develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible by the department of social and health services and remains eligible for the essential needs and housing support program; and

(2) Provide a secure and current list of individuals eligible for the essential needs and housing support program to designated entities within each county. The list must be updated at least monthly and include, as available and applicable, the eligible individual's:

- (a) Name;
- (b) Address;
- (c) Phone number;
- (d) Shelter location; and
- (e) Case manager contact information. [2018 c 48 § 3; 2013 2nd sp.s. c 10 § 5; 2011 1st sp.s. c 36 § 5.]

43.185C.240 Document recording surcharge funds—Use—Local government obligations—Washington state quality award program—Department's duties—Definitions. (Expires June 30, 2019.) (1) As a means of efficiently and cost-effectively providing housing assistance to very-low income and homeless households:

(a) Any local government that has the authority to issue housing vouchers, directly or through a contractor, using document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 must:

(i)(A) Maintain an interested landlord list, which at a minimum, includes information on rental properties in buildings with fewer than fifty units;

(B) Update the list at least once per quarter;

(C) Distribute the list to agencies providing services to individuals and households receiving housing vouchers;

(D) Ensure that a copy of the list or information for accessing the list online is provided with voucher paperwork; and

(E) Communicate and interact with landlord and tenant associations located within its jurisdiction to facilitate development, maintenance, and distribution of the list to private rental housing landlords. The department must make reasonable efforts to ensure that local providers conduct outreach to private rental housing landlords each calendar quarter regarding opportunities to provide rental housing to the homeless and the availability of funds;

(ii) Using cost-effective methods of communication, convene, on a semiannual or more frequent basis, landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers to identify successes, barriers, and process improvements. The local government is not required to reimburse any participants for expenses related to attendance;

(iii) Produce data, limited to document recording fee uses and expenditures, on a fiscal year basis in consultation with landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers, that include the following: Total

amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the private market; amount expended on and number of other tenant-based rent assistance services provided in the private market; and amount expended on and number of services provided to unaccompanied homeless youth. If these data elements are not readily available, the reporting government may request the department to use the sampling methodology established pursuant to (c)(iii) of this subsection to obtain the data; and

(iv) Annually submit the fiscal year data to the department.

(b) Any local government receiving more than three million five hundred thousand dollars during the previous fiscal year from document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791, must apply to the Washington state quality award program, or similar Baldrige assessment organization, for an independent assessment of its quality management, accountability, and performance system. The first assessment may be a lite assessment. After submitting an application, a local government is required to reapply at least every two years.

(c) The department must:

(i) Require contractors that provide housing vouchers to distribute the interested landlord list created by the appropriate local government to individuals and households receiving the housing vouchers;

(ii) Convene a stakeholder group by March 1, 2017, consisting of landlords, homeless housing advocates, real estate industry representatives, cities, counties, and the department to meet to discuss long-term funding strategies for homeless housing programs that do not include a surcharge on document recording fees. The stakeholder group must provide a report of its findings to the legislature by December 1, 2017;

(iii) Develop a sampling methodology to obtain data required under this section when a local government or contractor does not have such information readily available. The process for developing the sampling methodology must include providing notification to and the opportunity for public comment by local governments issuing housing vouchers, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers;

(iv) Develop a report, limited to document recording fee uses and expenditures, on a fiscal year basis that may include consultation with local governments, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers, that includes the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the

private market; the total amount of funds set aside for private rental housing payments as required in RCW 36.22.179(1)(b); and amount expended on and number of other tenant-based rent assistance services provided in the private market. The information in the report must include data submitted by local governments and data on all additional document recording fee activities for which the department contracted that were not otherwise reported. The data, samples, and sampling methodology used to develop the report must be made available upon request and for the audits required in this section;

(v) Annually submit the fiscal year report to the legislature by December 1st of each year; and

(vi) Work with the Washington state quality award program, local governments, and any other organizations to ensure the appropriate scheduling of assessments for all local governments meeting the criteria described in subsection (1)(b) of this section.

(d) The office of financial management must secure an independent audit of the department's data and expenditures of state funds received under RCW 36.22.179(1)(b) on an annual basis. The independent audit must review a random sample of local governments, contractors, and housing providers that is geographically and demographically diverse. The independent auditor must meet with the department and a landlord representative to review the preliminary audit and provide the department and the landlord representative with the opportunity to include written comments regarding the findings that must be included with the audit. The first audit of the department's data and expenditures will be for calendar year 2014 and is due July 1, 2015. Each audit thereafter will be due July 1st following the department's submission of the report to the legislature. If the independent audit finds that the department has failed to set aside at least forty-five percent of the funds received under RCW 36.22.179(1)(b) after June 12, 2014, for private rental housing payments, the independent auditor must notify the department and the office of financial management of its finding. In addition, the independent auditor must make recommendations to the office of financial management and the legislature on alternative means of distributing the funds to meet the requirements of RCW 36.22.179(1)(b).

(e) The office of financial management must contract with an independent auditor to conduct a performance audit of the programs funded by document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791. The audit must provide findings to determine if the funds are being used effectively, efficiently, and for their intended purpose. The audit must review the department's performance in meeting all statutory requirements related to document recording surcharge funds including, but not limited to, the data the department collects, the timeliness and quality of required reports, and whether the data and required reports provide adequate information and accountability for the use of the document recording surcharge funds. The audit must include recommendations for policy and operational improvements to the use of document recording surcharges by counties and the department. The performance audit must be submitted to the legislature by December 1, 2016.

(2) For purposes of this section:

(a) "Housing placement payments" means one-time payments, such as first and last month's rent and move-in costs, funded by document recording surcharges collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 that are made to secure a unit on behalf of a tenant.

(b) If the administrator has reasonable cause to believe that a child is a child in need of services and the parent is unavailable or unwilling to continue efforts to maintain the family structure, the administrator shall immediately convene a multidisciplinary team.

(c) A parent may disband a team twenty-four hours, excluding weekends and holidays, after receiving notice of formation of the team under (b) of this subsection unless a petition has been filed under RCW 13.32A.140. pected abuse or neglect. (1) A law enforcement officer shall take a child into custody:

(a) If a law enforcement agency has been contacted by the parent of the child that the child is absent from parental custody without consent; or

(b) If a law enforcement officer reasonably believes, considering the child's age, the location, and the time of day, that a child is in circumstances which constitute a danger to the child's safety or that a child is violating a local curfew ordinance; or

(c) If an agency legally charged with the supervision of a child has notified a law enforcement agency that the child has run away from placement; or

(d) If a law enforcement agency has been notified by the juvenile court that the court finds probable cause exists to believe that the child has violated a court placement order issued under this chapter or chapter 13.34 RCW or that the court has issued an order for law enforcement pick-up of the child under this chapter or chapter 13.34 RCW.

(2) Law enforcement custody shall not extend beyond the amount of time reasonably necessary to transport the child to a destination authorized by law and to place the child at that destination. Law enforcement custody continues until the law enforcement officer transfers custody to a person, agency, or other authorized entity under this chapter, or releases the child because no placement is available. Transfer of custody is not complete unless the person, agency, or entity to whom the child is released agrees to accept custody.

(3) If a law enforcement officer takes a child into custody pursuant to either subsection (1)(a) or (b) of this section and transports the child to a crisis residential center, the officer shall, within twenty-four hours of delivering the child to the center, provide to the center a written report detailing the reasons the officer took the child into custody. The center shall provide the department of children, youth, and families with a copy of the officer's report if the youth is in the care of or receiving services from the department of children, youth, and families.

(4) If the law enforcement officer who initially takes the juvenile into custody or the staff of the crisis residential center have reasonable cause to believe that the child is absent from home because he or she is abused or neglected, a report shall be made immediately to the department of children, youth, and families.

(5) Nothing in this section affects the authority of any political subdivision to make regulations concerning the conduct of minors in public places by ordinance or other local law.

(6) If a law enforcement officer has a reasonable suspicion that a child is being unlawfully harbored in violation of RCW 13.32A.080, the officer shall remove the child from the custody of the person harboring the child and shall transport the child to one of the locations specified in RCW 43.185C.265.

(7) No child may be placed in a secure facility except as provided in this chapter. (a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department of social and health services, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance if:

(i) The child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of abuse or neglect;

(ii) It is not practical to transport the child to his or her home or place of the parent's employment; or

(iii) There is no parent available to accept custody of the child; or

(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, request the department of social and health services to accept custody of the child. If the department of social and health services determines that an appropriate placement is currently available, the department of social and health services shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department of social and health services may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department of social and health services' custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department of social and health services declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order

(2018 Ed.)

listed: The home of an adult extended family member; a responsible adult; or a licensed youth shelter. The officer shall immediately notify the department of social and health services if no placement option is available and the child is released.

An officer taking a child into custody under RCW 43.185C.260(1)(c) may release the child to the supervising agency, or shall take the child to a designated crisis residential center's secure facility. If the secure facility is not available, not located within a reasonable distance, or full, the officer shall take the child to a semi-secure crisis residential center. An officer taking a child into custody under RCW 43.185C.260(1)(d) may place the child in a juvenile detention facility as provided in RCW 43.185C.270 or a secure facility, except that the child shall be taken to detention whenever the officer has been notified that a juvenile court has entered a detention order under this chapter or chapter 13.34 RCW.

(3) Every officer taking a child into custody shall provide the child and his or her parent or parents or responsible adult with a copy of the statement specified in RCW 43.185C.290(6).

Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed, or an order for placement has been entered under chapter 13.34 RCW.

(5) The department of social and health services shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their jurisdiction, where children taken into custody under RCW 43.185C.260 may be taken. (1) A child admitted to a secure facility located in a juvenile detention center shall remain in the facility for at least twenty-four hours after admission but for not more than five consecutive days. A child admitted to a secure facility not located in a juvenile detention center or a semi-secure facility may remain for not

more than fifteen consecutive days. If a child is transferred between a secure and semi-secure facility, the aggregate length of time a child may remain in both facilities shall not exceed fifteen consecutive days per admission, and in no event may a child's stay in a secure facility located in a juvenile detention center exceed five days per admission.

(2)(a)(i) The facility administrator shall determine within twenty-four hours after a child's admission to a secure facility whether the child is likely to remain in a semi-secure facility and may transfer the child to a semi-secure facility or release the child to the department of social and health services. The determination shall be based on: (A) The need for continued assessment, protection, and treatment of the child in a secure facility; and (B) the likelihood the child would remain at a semi-secure facility until his or her parents can take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall consider the following information if known: (A) The child's age and maturity; (B) the child's condition upon arrival at the center; (C) the circumstances that led to the child's being taken to the center; (D) whether the child's behavior endangers the health, safety, or welfare of the child or any other person; (E) the child's history of running away; and (F) the child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines the child is unlikely to remain in a semi-secure facility, the administrator shall keep the child in the secure facility pursuant to this chapter and in order to provide for space for the child may transfer another child who has been in the facility for at least seventy-two hours to a semi-secure facility. The administrator shall only make a transfer of a child after determining that the child who may be transferred is likely to remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized to transfer a child to a crisis residential center in the area where the child's parents reside or where the child's lawfully prescribed residence is located.

(d) An administrator may transfer a child from a semi-secure facility to a secure facility whenever he or she reasonably believes that the child is likely to leave the semi-secure facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department of social and health services shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department of social and health services or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child

has not been achieved within forty-eight hours from the time of admission, and if the administrator of the center does not consider it likely that reconciliation will be achieved within five days of the child's admission to the center, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. The administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and any person employed at the center acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions. (1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 43.185C.295 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is collocated under RCW 43.185C.295. Placement in both locations shall not exceed fifteen consecutive days from the point of intake as provided in RCW 43.185C.290.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department of social and health services' designee and, at their departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department of social and health services or the department's designee, which shall include the services defined in RCW 43.185C.305(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. 43.185C.315 Youth services—HOPE centers—Establishment—Requirements. (1) The department shall

(2018 Ed.)

establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Pursuant to rules established by the facility administrator, residents may come and go from the facility at reasonable hours such that no residents are free to come and go at all hours of the day and night. The facility administrator, where appropriate, may condition a resident's leaving the facility upon the resident being accompanied by the administrator or the administrator's designee and the resident may be required to notify the administrator or the administrator's designee of any intent to leave, his or her intended destination, and the probable time of his or her return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

(a) A license issued by the department of social and health services;

(b) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

(i) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

(ii) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department of social and health services. The department of social and health services shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department of social and health services determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

(iii) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

(iv) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

(v) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to resi-

dence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

(vi) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

(c) Staff trained in development needs of street youth as determined by the department, including an administrator who is a professional with a master's degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;

(d) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the department;

(e) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 43.185C.290(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary of the department of social and health services if the youth is a dependent of the state under chapter 13.34 RCW or the department of social and health services is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

(f) HOPE centers must identify to the department of social and health services any street youth it serves who is not returning promptly to home. The department of social and health services then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive notice from the department of social and health services; and

(g) Services that provide counseling and education to the street youth.

(2) The department shall award contracts for the operation of HOPE center beds with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers.

(3) Subject to funds appropriated for this purpose, the department must incrementally increase the number of available HOPE beds by at least seventeen beds in fiscal year 2017, at least seventeen beds in fiscal year 2018, and at least seventeen beds in fiscal year 2019, such that by July 1, 2019, seventy-five HOPE beds are established and operated

throughout the state as set forth in subsection (1) of this section.

(4) Subject to funds appropriated for this purpose, the beds available in HOPE centers shall be increased incrementally beyond the limit of seventy-five set forth in subsection (1) of this section. The additional capacity shall be distributed around the state based upon need and, to the extent feasible, shall be geographically situated so that HOPE beds are available across the state. In determining the need for increased numbers of HOPE beds in a particular county or counties, one of the considerations should be the volume of truancy petitions filed there. 43.185C.340 Homeless students—Grant program to link families with housing—Grant process—Requirements—School district reports to the department. (1) Subject to funds appropriated for this specific purpose, the department, in consultation with the office of the superintendent of public instruction, shall administer a grant program that links homeless students and their families with stable housing located in the homeless student's school district. The goal of the program is to provide educational stability for homeless students by promoting housing stability.

(2) The department, working with the office of the superintendent of public instruction, shall develop a competitive grant process to make grant awards of no more than one hundred thousand dollars per school, not to exceed five hundred thousand dollars per school district, to school districts partnered with eligible organizations on implementation of the proposal. For the purposes of this subsection, "eligible organization" means any local government, local housing authority, regional support network established under chapter 71.24 RCW, nonprofit community or neighborhood-based organization, federally recognized Indian tribe in the state of Washington, or regional or statewide nonprofit housing assistance organization. Applications for the grant program must include contractual agreements between the housing providers and school districts defining the responsibilities and commitments of each party to identify, house, and support homeless students.

(3) The grants awarded to school districts shall not exceed fifteen school districts per school year. In determining which partnerships will receive grants, preference must be given to districts with a demonstrated commitment of partnership and history with eligible organizations.

(4) Activities eligible for assistance under this grant program include but are not limited to:

(a) Rental assistance, which includes utilities, security and utility deposits, first and last month's rent, rental application fees, moving expenses, and other eligible expenses to be determined by the department;

(b) Transportation assistance, including gasoline assistance for families with vehicles and bus passes;

(c) Emergency shelter; and

(d) Housing stability case management.

(5) All beneficiaries of funds from the grant program must be unaccompanied youth or from very low-income households. For the purposes of this subsection, "very low-income household" means an unaccompanied youth or family or unrelated persons living together whose adjusted income is less than fifty percent of the median family income, adjusted for household size, for the county where the grant recipient is located.

(6)(a) Grantee school districts must compile and report information to the department. The department shall report to the legislature the findings of the grantee, the housing stability of the homeless families, the academic performance of the grantee population, and any related policy recommendations.

(b) Data on all program participants must be entered into and tracked through the Washington homeless client management information system as described in RCW 43.185C.180.

(7) In order to ensure that school districts are meeting the requirements of an approved program for homeless students, the office of the superintendent of public instruction shall monitor the programs at least once every two years. Monitoring shall begin during the 2016-17 school year.

(8) Any program review and monitoring under this section may be conducted concurrently with other program reviews and monitoring conducted by the department. In its review, the office of the superintendent of public instruction shall monitor program components that include but need not be limited to the process used by the district to identify and reach out to homeless students, assessment data and other indicators to determine how well the district is meeting the

academic needs of homeless students, district expenditures used to expand opportunities for these students, and the academic progress of students under the program. [2016 c 157 § 3.]

[2013 c 23 § 88; 1983 c 290 § 1.]

43.190.020 "Long-term care facility" defined. As used in this chapter, "long-term care facility" means any of the following:

(1) A facility which:

(a) Maintains and operates twenty-four hour skilled nursing services for the care and treatment of chronically ill or convalescent patients, including mental, emotional, or behavioral problems, intellectual disabilities, or alcoholism;

(b) Provides supportive, restorative, and preventive health services in conjunction with a socially oriented pro-

gram to its residents, and which maintains and operates twenty-four hour services including board, room, personal care, and intermittent nursing care. "Long-term health care facility" includes nursing homes and nursing facilities, but does not include acute care hospital or other licensed facilities except for that distinct part of the hospital or facility which provides nursing facility services.

43.190.030 Office of state long-term care ombuds created—Powers and duties—Rules. There is created the office of the state long-term care ombuds. The department of commerce shall contract with a private nonprofit organization to provide long-term care ombuds services as specified under, and consistent with, the federal older Americans act as amended, federal mandates, the goals of the state, and the needs of its citizens. The department of commerce shall ensure that all program and staff support necessary to enable the ombuds to effectively protect the interests of residents, patients, and clients of all long-term care facilities is provided by the nonprofit organization that contracts to provide long-term care ombuds services. The department of commerce shall adopt rules to carry out this chapter and the long-term care ombuds provisions of the federal older Americans act, as amended, and applicable federal regulations. The long-term care ombuds program shall have the following powers and duties:

(1) To provide services for coordinating the activities of long-term care ombuds throughout the state;

(2) Carry out such other activities as the department of commerce deems appropriate;

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombuds to long-term care facilities and patients' records, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a statewide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services and to the federal department of health and human services, or its successor agency, on a regular basis; and

(5) Establish procedures to assure that any files maintained by ombuds programs shall be disclosed only at the discretion of the ombuds having authority over the disposition of such files, except that the identity of any complainant or resident of a long-term care facility shall not be disclosed by such ombuds unless:

(a) Such complainant or resident, or the complainant's or resident's legal representative, consents in writing to such disclosure; or

(b) Such disclosure is required by court order. [2013 c 23 § 89; 1997 c 194 § 1; 1995 c 399 § 105; 1988 c 119 § 2; 1983 c 290 § 3.]

Legislative findings—1988 c 119: "The legislature recognizes that the state long-term care ombudsman [ombuds] program and the office of the state long-term care ombudsman [ombuds], located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman [ombuds] services." [1988 c 119 § 1.]

Use of survey findings—1988 c 119: "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman [ombuds] services." [1988 c 119 § 4.]

Nothing in chapter 133, Laws of 1999 shall be construed to empower the state long-term care ombuds or any local long-term care ombuds with statutory or regulatory licensing or sanctioning authority. [2013 c 23 § 92; 1999 c 133 § 1; 1995 1st sp.s. c 18 § 33; 1987 c 158 § 3; 1983 c 290 § 6.]

Nuclear energy and radiation: Chapter 70.98 RCW.

43.200.010 Finding—Purpose. The legislature finds that the safe transporting, handling, storage, or otherwise caring for radioactive wastes is required to protect the health, safety, and welfare of the citizens of the state of Washington. It is the purpose of this chapter to establish authority for the state to exercise appropriate oversight and care for the safe management and disposal of radioactive wastes; to consult with the federal government and other states on interim or permanent storage of these radioactive wastes; and to carry out the state responsibilities under the federal nuclear waste policy act of 1982. [1983 1st ex.s. c 19 § 1.]

43.200.015 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Commercial low-level radioactive waste disposal facility" has the same meaning as "facility" as defined in RCW 43.145.010.

(2) "Department" means the department of ecology.

(3) "High-level radioactive waste" means "high-level radioactive waste" as the term is defined in 42 U.S.C. Sec. 10101 (P.L. 97-425).

(4) "Low-level radioactive waste" means waste material that contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities that exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than one hundred nanocuries of transuranic contaminants per gram of material, nor spent nuclear fuel, nor material classified as either high-level radioactive waste or waste

that is unsuited for disposal by near-surface burial under any applicable federal regulations.

(5) "Radioactive waste" means both high-level and low-level radioactive waste.

(6) "Spent nuclear fuel" means spent nuclear fuel as the term is defined in 42 U.S.C. Sec. 10101. [2012 c 19 § 1; 1989 c 322 § 1; 1985 c 293 § 1; 1984 c 161 § 1.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Effective date—2012 c 19: "This act takes effect July 1, 2012." [2012 c 19 § 15.]

43.200.020 Participation authority regarding federal statutes—Federal financial assistance. The department of ecology is designated as the executive branch agency for participation in the federal nuclear waste policy act of 1982 and the federal low-level radioactive waste policy act of 1980, however the legislature retains an autonomous role with respect to participation in all aspects of the federal nuclear waste policy act of 1982. The department may receive federal financial assistance for carrying out radioactive waste management activities, including assistance for expenses, salaries, travel, and monitoring and evaluating the program of repository exploration and siting undertaken by the federal government. [1989 c 322 § 2; 1984 c 161 § 2; 1983 1st ex.s. c 19 § 2.]

43.200.030 Cooperation required. All departments, agencies, and officers of this state and its subdivisions shall cooperate with the department of ecology in the furtherance of any of its activities pursuant to this chapter. [1989 c 322 § 3; 1984 c 161 § 4; 1983 1st ex.s. c 19 § 3.]

43.200.070 Rules. The department of ecology shall adopt such rules as are necessary to carry out responsibilities under this chapter. The department of ecology is authorized to adopt such rules as are necessary to carry out its responsibilities under chapter 43.145 RCW. [1989 c 322 § 5; 1986 c 2 § 5; 1984 c 161 § 8; 1983 1st ex.s. c 19 § 7.]

43.200.080 Additional powers and duties of director—Site closure account—Perpetual surveillance and maintenance account. The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, as amended, covering approximately one hundred fifteen acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965, and the sublease between the state of Washington and the site operator of the commercial low-level radioactive waste disposal

facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. A site closure account and a perpetual surveillance and maintenance account are hereby created in the state treasury. Site use permit fees collected by the department of health under RCW 70.98.085(3) must be deposited in the site closure account and must be used as specified in RCW 70.98.085(3). Funds in the site closure account other than site use permit fee funds shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the commercial low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. Receipts shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account. During the 2003-2005 fiscal biennium, the legislature may transfer up to thirteen million eight hundred thousand dollars from the site closure account to the general fund;

(3)(a) Subject to the conditions in (b) of this subsection, on July 1, 2008, and each July 1st thereafter, the treasurer shall transfer from the perpetual surveillance and maintenance account to the site closure account the sum of nine hundred sixty-six thousand dollars. The nine hundred sixty-six thousand dollars transferred on July 1, 2009, and thereafter shall be adjusted to a level equal to the percentage increase in the United States implicit price deflator for personal consumption. The last transfer under this section shall occur on July 1, 2033.

(b) The transfer in (a) of this subsection shall occur only if written agreement is reached between the state department of ecology and the United States department of energy pursuant to section 6 of the perpetual care agreement dated July 29, 1965, between the United States atomic energy commission and the state of Washington. If agreement cannot be reached between the state department of ecology and the United States department of energy by June 1, 2008, the treasurer shall transfer the funds from the general fund to the site clo-

sure account according to the schedule in (a) of this subsection.

(c) If for any reason the commercial low-level radioactive waste disposal facility is closed to further disposal operations during or after the 2003-2005 biennium and before 2033, then the amount remaining to be repaid from the 2003-2005 transfer of thirteen million eight hundred thousand dollars from the site closure account shall be transferred by the treasurer from the general fund to the site closure account to fund the closure and decommissioning of the facility. The treasurer shall transfer to the site closure account in full the amount remaining to be repaid upon written notice from the secretary of health that the department of health has authorized closure or that disposal operations have ceased. The treasurer shall complete the transfer within sixty days of written notice from the secretary of health.

(d) To the extent that money in the site closure account together with the amount of money identified for repayment to the site closure account, pursuant to (a) through (c) of this subsection, equals or exceeds the cost estimate approved by the department of health for closure and decommissioning of the facility, the money in the site closure account together with the amount of money identified for repayment to the site closure account shall constitute adequate financial assurance for purposes of the department of health financial assurance requirements;

(4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all commercial low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the commercial low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated annually. [2012 c 19 § 2; 2003 1st sp.s. c 21 § 1; 1999 c 372 § 12; 1991 sp.s. c 13 § 60; 1990 c 21 § 6; 1989 c 418 § 2; 1986 c 2 § 1; 1983 1st ex.s. c 19 § 8.]

43.200.170 Waste disposal surcharges and penalty surcharges—Disposition. The governor may assess surcharges and penalty surcharges on the disposal of waste at the commercial low-level radioactive waste disposal facility. The surcharges may be imposed up to the maximum extent permitted by federal law. Ten dollars per cubic foot of the mon-

eys received under this section shall be transmitted monthly to the site closure account established under RCW 43.200.080. The rest of the moneys received under this section shall be deposited in the general fund. [2012 c 19 § 3; 1990 c 21 § 3; 1986 c 2 § 3.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.180 Implementation of federal low-level radioactive waste policy amendments of 1985. Except as provided in chapter 70.98 RCW related to administration of a user permit system, the department of ecology shall be the state agency responsible for implementation of the federal low-level radioactive waste policy amendments act of 1985, including:

- (1) Collecting and administering the surcharge assessed by the governor under RCW 43.200.170;
- (2) Collecting low-level radioactive waste data from disposal facility operators, generators, intermediate handlers, and the federal department of energy;
- (3) Developing and operating a computerized information system to manage low-level radioactive waste data;
- (4) Denying and reinstating access to the commercial low-level radioactive waste disposal facility pursuant to the authority granted under federal law;
- (5) Administering and/or monitoring (a) the maximum waste volume levels for the commercial low-level radioactive waste disposal facility, (b) reactor waste allocations, (c) priority allocations under the Northwest Interstate Compact on Low-Level Radioactive Waste Management, and (d) adherence by other states and compact regions to federal statutory deadlines; and
- (6) Coordinating the state's low-level radioactive waste disposal program with similar programs in other states. [2012 c 19 § 4; 1998 c 245 § 81; 1986 c 2 § 4.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.190 Studies on site closure and perpetual care and maintenance requirements and on adequacy of insurance coverage. The department of ecology shall perform studies, by contract or otherwise, to define site closure and perpetual care and maintenance requirements for the commercial low-level radioactive waste disposal facility and to assess the adequacy of insurance coverage for general liability, radiological liability, and transportation liability for the facility. [2012 c 19 § 5; 1998 c 245 § 82; 1986 c 2 § 6.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.200 Review of potential damage—Financial assurance. (1) The director of the department of ecology may periodically review the potential for bodily injury and property damage arising from the transportation and disposal of commercial low-level radioactive waste under permits issued by the state.

(2) In making the determination of the appropriate level of financial assurance, the director shall consider:

- (a) The nature and purpose of the activity and its potential for injury and damages to or claims against the state and its citizens;
- (b) The current and cumulative manifested volume and radioactivity of waste being packaged, transported, buried, or otherwise handled;

(c) The location where the waste is being packaged, transported, buried, or otherwise handled, including the proximity to the general public and geographic features such as geology and hydrology, if relevant; and

(d) The legal defense cost, if any, that will be paid from the required financial assurance amount. [2012 c 19 § 6; 1998 c 245 § 83; 1992 c 61 § 1; 1990 c 82 § 1; 1986 c 191 § 1.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.220 Site closure fee—Generally. Beginning January 1, 1993, the department of ecology may impose a reasonable site closure fee if necessary to be deposited in the site closure account established under RCW 43.200.080. The department may continue to collect moneys for the site closure account until the account contains an amount sufficient to complete the closure plan, as specified in the radioactive materials license issued by the department of health. [1990 c 21 § 4.]

Additional notes found at www.leg.wa.gov

43.200.230 Fees for waste generators. The director of the department of ecology shall require that generators of waste pay a fee for each cubic foot of waste disposed at any facility in the state equal to six dollars and fifty cents. The fee shall be imposed specifically on the generator of the waste and shall not be considered to apply in any way to the low-level site operator's disposal activities. The fee shall be allocated in accordance with RCW 43.200.233 and 43.200.235. Failure to comply with this section may result in denial or suspension of the generator's site use permit pursuant to RCW 70.98.085. [2012 c 19 § 7; 1991 c 272 § 16.]

Effective date—2012 c 19: See note following RCW 43.200.015.

43.200.233 Waste generator surcharge remittance to counties. A portion of the surcharge received under RCW 43.200.230 shall be remitted monthly to the county in which the low-level radioactive waste disposal facility is located in the following manner:

- (1) During 1993, six dollars and fifty cents per cubic foot of waste;
- (2) During 1994, three dollars and twenty-five cents per cubic foot of waste; and
- (3) During 1995 and thereafter, two dollars per cubic foot of waste. [1991 c 272 § 17.]

Additional notes found at www.leg.wa.gov

43.200.235 Disposal of waste generator surcharges. Except for moneys that may be remitted to a county in which a low-level radioactive waste disposal facility is located, all surcharges authorized under RCW 43.200.230 shall be deposited in the fund created in RCW 43.31.422. [1991 c 272 § 18.]

the provisions of this chapter into effect. [1984 c 161 § 15; 1983 1st ex.s. c 19 § 10.]

43.200.901 Conflict with federal requirements—1983 1st ex.s. c 19. If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this act in its application to the agencies concerned. The rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1983 1st ex.s. c 19 § 11.]

43.200.905 Construction—1986 c 191. The provisions of this act shall not have the effect of reducing the level of liability coverage required under any law, regulation, or contract of the state before December 31, 1987, or the effective date of the first determination made pursuant to RCW 43.200.200, if earlier. [1986 c 191 § 4.]

43.205.020 Duties relating to the site selection process for a high-level nuclear waste repository.

Nuclear waste site—Election for disapproval: Chapter 29A.88 RCW.

(2018 Ed.)

43.205.010 Findings. The legislature and the people of the state of Washington find that:

(1) In order to solve the problem of high-level radioactive waste disposal, congress established a process for selecting two sites for the safe, permanent, and regionally equitable disposal of such waste.

(2) The process of selecting three sites as final candidates, including the Hanford reservation, for a first high-level nuclear waste repository by the United States department of energy violated the intent and the mandate of congress.

(3) The United States department of energy has prematurely deferred consideration of numerous potential sites and disposal media that its own research indicates are more appropriate, safer, and less expensive.

(4) Placement of a repository at Hanford without methodical and independently verified scientific evaluation will pose a threat to the health and safety of the people and the environment of this state.

(5) The selection process is flawed and not credible because it did not include independent experts in the selection of the sites and in the review of that selection, as recommended by the National Academy of Sciences.

(6) By postponing indefinitely all site specific work for a second repository, the United States department of energy has not complied with the intent of congress expressed in the Nuclear Waste Policy Act, Public Law 97-425, and the fundamental compromise which enabled its enactment. [1986 ex.s. c 1 § 1.]

43.205.020 Duties relating to the site selection process for a high-level nuclear waste repository.

In order to achieve complete compliance with federal law and protect the health, safety, and welfare of the people of the state of Washington, the governor, the legislature, other statewide elected officials, and the nuclear waste board shall use all legal means necessary to:

(1) Suspend the preliminary site selection process for a high-level nuclear waste repository, including the process of site characterization, until there is compliance with the intent of the Nuclear Waste Policy Act;

(2) Reverse the secretary of energy's decision to postpone indefinitely all site specific work on locating and developing a second repository for high-level nuclear waste;

(3) Insist that the United States department of energy's site selection process, when resumed, considers all acceptable geologic media and results in safe, scientifically justified, and regionally and geographically equitable high-level nuclear waste disposal;

(4) Demand that federal budget actions fully and completely follow the intent of the Nuclear Waste Policy Act; and

(5) Continue to pursue alliances with other states and interested parties, particularly with Pacific Northwest governors, legislatures, and other parties, affected by the site selection and transportation of high-level nuclear waste. [1986 ex.s. c 1 § 2.]

43.210.130	Minority business export outreach program.

43.210.010 Findings. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

Intent—1990 1st ex.s. c 17: "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." Chapter 43.211 RCW 211 INFORMATION SYSTEM

Sections

43.211.005	Findings.
43.211.010	211 system.
43.211.020	Definitions.
43.211.030	New information services.
43.211.040	211 services.
43.211.060	Use of 211 account moneys.

43.211.070 Reports to the legislature.
43.211.902 Effective date—2003 c 135.

43.211.005 Findings. The legislature finds that the implementation of a single easy to use telephone number, 211, for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster will benefit the citizens of the state of Washington by providing easier access to available health and human services, by reducing inefficiencies in connecting people with the desired service providers, and by reducing duplication of efforts. The legislature further finds in a time of reduced resources for providing health and human services that establishing a cost-effective means to continue to provide information to the public about available services is important. The legislature further finds that an integrated statewide system of local information and referral service providers will build upon an already existing network of experienced service providers without the necessity of creating a new agency, department, or system to provide 211 services. The legislature further finds that no funds should be appropriated by the legislature to a 211 system under chapter 135, Laws of 2003 without receiving documentation that a 211 system will provide savings to the state. [2003 c 135 § 1.]

43.211.010 211 system. 211 is created as the official state dialing code for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster. [2003 c 135 § 2.]

GENERAL PROVISIONS

43.216.005 Findings. (1) The legislature finds that state services are not currently organized and delivered in a way that achieves the optimal outcomes for children, youth, and families. The legislature believes that, to improve service delivery and outcomes, existing services must be restructured into a comprehensive agency dedicated to the safety, development, and well-being of children that emphasizes prevention, early childhood development, and early intervention, and supporting parents to be their children's first and most important teachers.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the opportunity gap often emerges as early as eighteen months of age;

(c) A more cohesive and integrated early learning system has been established that provides a solid foundation for further improvements in the quality and availability of early learning programs; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents or caregivers will result in improved school and life outcomes.

(3) Research is clear that quality culturally and linguistically responsive early care and education builds the foundation for a child's success in school and in life. In restructuring early learning and child welfare services, the legislature seeks to build on the success of Washington's early learning efforts to assure children most at risk of experiencing adversity are provided high quality early learning experiences.

(4) The legislature finds that advancements in research and science have identified indicators of risk, how they impact healthy development, and the critical importance of stable, nurturing relationships, particularly in the early years. Services for families and children should be prioritized for

those who are most at risk of neglect, physical harm, and other adverse factors.

(5) The legislature finds that a focus on adolescent development is needed to ensure that effective supports and interventions are targeted to support adolescents successfully transitioning to adulthood. Youth known to both the child welfare and juvenile justice systems often suffer from childhood trauma, have multisystem involvement, and experience homelessness. Increased integration of the child welfare and juvenile justice systems can increase opportunities for prevention and improve outcomes for youth in both systems.

(6) The legislature finds that children and youth of color are disproportionately impacted at every point in the child welfare and juvenile justice systems. The department of children, youth, and families must prioritize addressing equity, disproportionality, and disparity in service delivery and outcomes, and provide transparent, frequent reporting of outcomes by race, ethnicity, and geography. The legislature finds that the state values the partnership with tribes in providing services for our children and youth and intends to honor the government-to-government relationship between the state and tribes.

(7) The department of children, youth, and families must be anchored in a culture of innovation, transparency, accountability, rigorous data analysis, and reliance on research and evidence-based interventions.

(8) The legislature finds that the public expects an effective service delivery system that is comprehensive, accountable, and goes beyond a single department's role. For this reason, the legislature is creating a mechanism in the department of children, youth, and families to align, integrate, and ensure accountability of state services for children, youth, and their families across state agencies so that there is a seamless, effective, prevention and early intervention-based service system regardless of which state agency is responsible for particular services.

(9) The legislature finds that the work of the department of children, youth, and families will only be as successful as the workforce—both the agency employees and community-based providers. Increased support for the professionals working with children, youth, and families is critical to improving outcomes.

(10) The legislature further finds that other states have successfully established integrated departments dedicated to serving children, youth, and families. These departments have improved the visibility of child and family issues, increased authority and accountability, enabled system improvements, and created a stronger focus on improving child outcomes. (a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects or limits the legislature's authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d). [2017 3rd sp.s. c 6 § 113; 2015 3rd sp.s. c 7 § 2; 2013 c 323 § 6; 2007 c 394 § 4. Formerly RCW 43.215.100.]

Finding—Intent—2015 3rd sp.s. c 7: "(1) The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington's culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities." (1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. These policies shall focus on supporting school readiness for young learners. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote stability, quality, and continuity of early care and education programming.

(2) As recommended by Public Law 113-186, authorizations for the working connections child care subsidy shall be effective for twelve months beginning July 1, 2016, unless an earlier date is provided in the omnibus appropriations act.

(3) Existing child care providers serving nonschool-age children and receiving state subsidy payments must complete the following requirements to be eligible for a state subsidy under this section:

(a) Enroll in the early achievers program by August 1, 2016;

(b) Complete level 2 activities in the early achievers program by August 1, 2017; and

(c) Rate at a level 3 or higher in the early achievers program by December 31, 2019. If a child care provider rates below a level 3 by December 31, 2019, the provider must complete remedial activities with the department, and rate at a level 3 or higher no later than June 30, 2020.

(4) Effective July 1, 2016, a new child care provider serving nonschool-age children and receiving state subsidy payments must complete the following activities to be eligible to receive a state subsidy under this section:

(a) Enroll in the early achievers program within thirty days of receiving the initial state subsidy payment;

(b) Complete level 2 activities in the early achievers program within twelve months of enrollment; and

(c) Rate at a level 3 or higher in the early achievers program within thirty months of enrollment. If a child care provider rates below a level 3 within thirty months from enrollment into the early achievers program, the provider must complete remedial activities with the department, and rate at a level 3 or higher within six months of beginning remedial activities.

(5) If a child care provider does not rate at a level 3 or higher following the remedial period, the provider is no longer eligible to receive state subsidy under this section.

(6) If a child care provider serving nonschool-age children and receiving state subsidy payments has successfully completed all level 2 activities and is waiting to be rated by the deadline provided in this section, the provider may continue to receive a state subsidy pending the successful completion of the level 3 rating activity.

(2018 Ed.)

(7) The department shall implement tiered reimbursement for early achievers program participants in the working connections child care program rating at level 3, 4, or 5.

(8) The department shall account for a child care copayment collected by the provider from the family for each contracted slot and establish the copayment fee by rule.

(9) The department shall establish and implement policies in the working connections child care program to allow eligibility for families with children who:

(a) In the last six months have:

(i) Received child protective services as defined and used by chapters 26.44 and 74.13 RCW;

(ii) Received child welfare services as defined and used by chapter 74.13 RCW; or

(iii) Received services through a family assessment response as defined and used by chapter 26.44 RCW;

(b) Have been referred for child care as part of the family's case management as defined by RCW 74.13.020; and

(c) Are residing with a biological parent or guardian.

(10) Children who are eligible for working connections child care pursuant to subsection (9) of this section do not have to keep receiving services through the department of social and health services to maintain twelve-month authorization. The department of social and health services' involvement with the family referred for working connections child care ends when the family's child protective services, child welfare services, or family assessment response case is closed. Findings—Intent—2017 3rd sp.s. c 9: "The legislature finds that children with the greatest needs benefit significantly from child care programs that promote stability, quality, and continuity of care. The legislature recognizes that empirical evidence supports the conclusion that high quality child care programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children.

Children in the child welfare system are some of the most vulnerable children. The legislature finds that a child who experiences child abuse or neglect is over four times more likely to abuse substances as an adult and forty-three percent of youth in the juvenile justice system were involved in the child welfare system.

The legislature finds that the child care and development block grant act of 2014 allows the *department of early learning to provide working connections child care to children in need of, or receiving, protective services. The legislature further understands that as of July 1, 2016, authorizations for the working connections child care subsidy are effective for twelve months.

The legislature finds that the children's mental health work group, in its December 2016 final report, recommended that state agencies provide at least twelve months of stable child care through the working connections child care program for certain children involved in the child welfare system, regardless of the employment status of their parents or guardians. Many of these child welfare-involved families are addressing chemical dependency issues, which require a significant amount of time to overcome. For these reasons, the legislature intends to allow certain populations of vulnerable children to be eligible for the working connections child care subsidy for a minimum of twelve months." They are not intended to, do not, and may not be relied upon to create a right or benefit, substantive or procedural, enforceable at law by a party in litigation with the state.

(2) When providing services to parents applying for or receiving working connections child care benefits, the department must provide training to departmental employees on professionalism.

(3) When providing services to parents applying for or receiving working connections child care benefits, the department of social and health services has the following responsibilities:

(a) To return all calls from parents receiving working connections child care benefits within two business days of receiving the call;

(b) To develop a process by which parents receiving working connections child care benefits can submit required forms and information electronically by June 30, 2015;

(c) To notify providers and parents ten days before the loss of working connections child care benefits; and

(d) To provide parents with a document that explains in detail and in easily understood language what services they are eligible for, how they can appeal an adverse decision, and the parents' responsibilities in obtaining and maintaining eligibility for working connections child care. 43.216.143 Working connections child care program—Contracted child care slots and vouchers. (1) The department may employ a combination of vouchers and contracted slots for the subsidized child care programs in *RCW 43.215.135. Child care vouchers preserve parental choice. Child care contracted slots promote access to continuous

(2018 Ed.)

quality care for children, provide parents and caregivers stable child care that supports employment, and allow providers to have predictable funding. Any contracted slots the department may create under this section must meet the requirements in subsections (2) through (6) of this section.

(2) Only child care providers who participate in the early achievers program and rate at a level 3, 4, or 5 are eligible to be awarded a contracted slot.

(3)(a) The department is required to use data to calculate a set number of targeted contracted slots. In calculating the number, the department must take into account a balance of family home and center child care programs and the overall geographic distribution of child care programs in the state and the distribution of slots between ages zero and five.

(b) The targeted contracted slots are reserved for programs meeting both of the following conditions:

(i) Programs in low-income neighborhoods; and

(ii) Programs that consist of at least fifty percent of children receiving subsidy pursuant to *RCW 43.215.135.

(c) Until August 1, 2017, the department shall assure an even distribution of contracted slots for children birth to age five.

(4) The department shall award the remaining contracted slots via a competitive process and prioritize child care programs with at least one of the following characteristics:

(a) Programs located in a high-need geographic area;

(b) Programs partnering with elementary schools to offer transitional planning and support to children as they advance to kindergarten;

(c) Programs serving children involved in the child welfare system; or

(d) Programs serving children diagnosed with a special need.

(5) The department shall pay a provider for each contracted slot, unless a contracted slot is not used for thirty days.

(6) The department shall include the number of contracted slots that use both early childhood education and assistance program funding and working connections child care program funding in the annual report to the legislature required under *RCW 43.215.102. [2015 3rd sp.s. c 7 § 14. Formerly RCW 43.215.137.]

***Reviser's note:** RCW 43.215.135 and 43.215.102 were recodified as RCW 43.216.135 and 43.216.089, respectively, pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.152 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in *RCW 43.215.141 for eligible children who are three and four years of age. [2010 c 231 § 2. Formerly RCW 43.215.140.]

***Reviser's note:** RCW 43.215.141 was recodified as RCW 43.215.455 pursuant to 2013 2nd sp.s. c 16 § 5. RCW 43.215.455 was subsequently recodified as RCW 43.216.555 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.155 Home visitation programs—Findings—

Intent. The legislature finds that:

(1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning.

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up.

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree.

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

The legislature intends to promote the use of voluntary home visitation services to families as an early intervention strategy to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of a high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. 43.216.157 Home visitation programs—Definitions.

The definitions in this section apply throughout this section and RCW *43.215.145, *43.215.147, and **43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population.

(2) "Home visitation" means providing services in the permanent or temporary residence, or in other familiar surroundings, of the family receiving such services.

(3) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices. [2011 1st sp.s. c 32 § 6; 2007 c 466 § 2. Formerly RCW 43.215.146, 43.121.175.]

for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. In order to maximize opportunities to obtain matching funds from private entities, general funds intended to support home visiting funding shall be appropriated to the home visiting services account established in *RCW 43.215.130.

(2) The department shall work with the department of social and health services, the department of health, the private-public partnership created in *RCW 43.215.070, and key partners and stakeholders to develop a plan to coordinate or consolidate home visitation services for children and families to the extent practicable. All receipts from local governments, school districts, institutions of higher education as defined in RCW 28B.10.016, and nonprofit organizations must be deposited into the account.

(2) The department oversees the account. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(3) The department shall separately track funds received for each local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization that deposits funds into the account. Expenditures from these funds may be used only for the purposes listed in RCW 43.216.080 as identified in writing with the department by the contributing local government, school district, institution of higher education as defined in RCW 28B.10.016, or nonprofit organization. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards.

(2) The secretary shall require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation as provided in RCW 43.43.837. Unless otherwise authorized by law, the secretary shall use the information solely for the purpose of determining the character, suitability, and competence of the applicant.

(3) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(4) Any person whose criminal history would otherwise disqualify the person under this section from a position that will or may have unsupervised access to children shall not be disqualified if the department of social and health services reviewed the person's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002 and determined that such person could remain in a position covered by this section, or if the otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure. LICENSING

43.216.250 Secretary's licensing duties. It shall be the secretary's duty with regard to licensing under this chapter:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2)(a) In consultation with the state fire marshal's office, the secretary shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(b) Any requirements in (a) of this subsection as they relate to the physical facility, including outdoor playgrounds, do not apply to before-school and after-school programs that serve only school-age children and operate in the same facilities used by public or private schools;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish mini-

mum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in child care;

(5) To satisfy the shared background check requirements provided for in RCW 43.216.270 and 43.20A.710, the department of children, youth, and families and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of child care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children. Effective date—2015 3rd sp.s. c 7 § 4: "Section 4 of this act takes effect July 1, 2016." [2015 3rd sp.s. c 7 § 23.]

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

Finding—Intent—2011 c 359: "(1) The legislature finds that some licensed child care centers seeking to operate in public schools incur substantial costs to renovate spaces that are considered safe for children to use for the purpose of education. Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature's intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

(a) Ensure safe and healthy environments for children;

(b) Utilize existing rule-making processes and resources;

(c) Utilize existing requirements as a starting point rather than create an entirely new set of requirements; and

(d) Give due consideration to the burdens imposed by inconsistent licensing requirements." [2011 c 359 § 1.]

43.216.255 Licensing standards. (1) No later than November 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

- (a) Provide minimum health and safety standards for child care and preschool programs;
- (b) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;
- (c) Take into account the separate needs of family care providers and child care centers; and
- (d) Promote the continued safety of child care settings.

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject only to the minimum health and safety standards in subsection (1)(a) of this section and the requirements necessary to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments. [2015 3rd sp.s. c 7 § 3. Formerly RCW 43.215.201.]

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.260 Minimum requirements for licensure. Applications for licensure shall require, at a minimum, the following information:

- (2) The character, suitability, and competence of an agency and other persons associated with an agency directly responsible for the care of children;
- (3) The number of qualified persons required to render the type of care for which an agency seeks a license;
- (4) The health, safety, cleanliness, and general adequacy of the premises to provide for the comfort, care, and well-being of children;
- (5) The provision of necessary care and early learning, including food, supervision, and discipline; physical, mental, and social well-being; and educational and recreational opportunities for those served;
- (6) The financial ability of an agency to comply with minimum requirements established under this chapter; and
- (7) The maintenance of records pertaining to the care of children. [2007 c 415 § 4. Formerly RCW 43.215.205.]

43.216.265 Fire protection—Powers and duties of chief of the Washington state patrol. The chief of the Washington state patrol, through the director of fire protection, shall have the power and it shall be his or her duty:

- (1) In consultation with the secretary and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt recognized minimum standard requirements pertaining to each category of agency

established pursuant to this chapter necessary to protect all persons residing therein from fire hazards;

(2) To adopt licensing minimum standard requirements to allow children who attend classes in a school building during school hours to remain in the same building to participate in before-school or after-school programs and to allow participation in such before-school and after-school programs by children who attend other schools and are transported to attend such before-school and after-school programs;

(3) To make or cause to be made such inspections and investigations of agencies as he or she deems necessary;

(4) To make a periodic review of requirements under RCW 43.216.250(8) and to adopt necessary changes after consultation as required in subsection (1) of this section;

(5) To issue to applicants for licenses under this chapter who comply with the requirements, a certificate of compliance, a copy of which shall be presented to the department before a license shall be issued, except that an initial license may be issued as provided in RCW 43.216.315. [2018 c 58 § 42; 2013 c 227 § 1; 2006 c 265 § 302. Formerly RCW 43.215.210.]

43.216.270 Character, suitability, and competence to provide child care and early learning services—Fingerprint criminal history record checks—Background check clearance card or certificate—Shared background checks. (1) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in child care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) All individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in child care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal history record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited

into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The secretary shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in child care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in child care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter. For purposes of renewal of the background clearance card or certificate, all agency licensees holding a license, persons who are employees, and persons who have been previously qualified by the department, must submit a new background application to the department on a date to be determined by the department. The fee requirements applicable to this section also apply to background clearance renewal applications.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in child care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The payment requirements applicable to (a) through (g) of this subsection do not apply to persons who:

(i) Provide regularly scheduled care for a child or children in the home of the provider or in the home of the child or children for periods of less than twenty-four hours or, if necessary due to the nature of the parent's work, for periods equal to or greater than twenty-four hours;

(ii) Receive child care subsidies; and

(iii) Are exempt from licensing under this chapter.

(i) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(j) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(k) The department shall investigate and conduct a re-determination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.216.325 and 43.216.327 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of children, youth, and families, the office of the superintendent of public instruction, and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow these departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. These departments may not share the federal background check results with any other state agency or person.

(4) Individuals who have completed a fingerprint background check as required by the office of the superintendent of public instruction, consistent with RCW 28A.400.303, and have been continuously employed by the same school district or educational service district, can meet the requirements in subsection (2) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background check report results to the department or if the school district or the educational service district provides an affidavit to the department that the individual has been authorized to work by the school district or educational service district after completing a record check consistent with RCW 28A.400.303. The department may require that additional background checks be completed that do not require additional fingerprinting and may charge a fee for these additional background checks. Fee revenues must be deposited in the individual-based/portable background check clearance account created in RCW 43.216.273 and may be expended only for the costs of developing and administering the individual-based/portable background check clearance registry created in RCW 43.216.271. 43.216.285 Articles of incorporation. 43.216.290 Access to agencies—Records inspection.

All agencies subject to this chapter shall accord the department, the chief of the Washington state patrol, and the director of fire protection, or their designees, the right of entrance and the privilege of access to and inspection of records for the purpose of determining whether or not there is compliance with the provisions of this chapter and the requirements adopted under it. [2006 c 265 § 305. Formerly RCW 43.215.240.]

43.216.295 License required. (1) It is unlawful for any agency to care for children unless the agency is licensed as provided in this chapter.

(2) A license issued under chapter 74.15 RCW before July 1, 2006, for an agency subject to this chapter after July 1, 2006, is valid until its next renewal, unless otherwise suspended or revoked by the department. [2006 c 265 § 306. Formerly RCW 43.215.250.]

43.216.300 License fees. (1) The secretary shall charge fees to the licensee for obtaining a license. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

43.216.305 License application—Nonexpiring licenses—Issuance, renewal, duration.

(1) Each agency shall make application for a license or the continuation of a full license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with this chapter, except that an initial license may be issued as provided in RCW 43.216.315. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

(a) Submit the annual licensing fee;

(b) Submit a declaration to the department indicating the licensee's intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;

(c) Submit a declaration of compliance with all licensing rules; and

(d) Submit background check applications on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) Nothing about the nonexpiring license process may interfere with the department's established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

(i) Valid complaints;

(ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or

(iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.216.320. [2018 c 58 § 40; 2011 c 297 § 1; 2006 c 265 § 307. Formerly RCW 43.215.260.]

Effective date—2018 c 58: See note following RCW 28A.655.080.

43.216.310 License renewal. (1) If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts.

(2) License renewal under this section does not apply to nonexpiring licenses described in *RCW 43.215.260. [2011 c 297 § 3; 2006 c 265 § 308. Formerly RCW 43.215.270.]

***Reviser's note:** RCW 43.215.260 was recodified as RCW 43.216.305 pursuant to 2017 3rd sp.s. c 6 § 821, effective July 1, 2018.

43.216.315 Initial licenses. The secretary may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license. [2018 c 58 § 39; 2006 c 265 § 309. Formerly RCW 43.215.280.]

Effective date—2018 c 58: See note following RCW 28A.655.080.

43.216.320 Probationary licenses. (1) The department may issue a probationary license to a licensee who has had an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The department may issue a probationary license pursuant to subsection (1) of this section if within fifteen working days after the department has sent its referral:

(a) The licensee, in writing, has refused the department's referral for technical assistance; or

(b) The licensee has failed to respond in writing to the department's referral for technical assistance.

(3) If the licensee accepts the department's referral for technical assistance issued under subsection (2) of this section, the department, the licensee, and the technical assistance provider shall meet within thirty days after the licensee's acceptance. The licensee and the department, in consultation with the technical assistance provider, shall develop a plan to correct the areas of noncompliance identified by the department. If, after sixty days, the licensee has not corrected the areas of noncompliance identified in the plan developed in consultation with the technical assistance provider, the department may issue a probationary license pursuant to subsection (1) of this section.

(4) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(5) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(6) An existing license is invalidated when a probationary license is issued.

(7) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(8) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. [2011 c 297 § 2; 2006 c 265 § 310. Formerly RCW 43.215.290.]

43.216.325 Licenses—Denial, suspension, revocation, modification, nonrenewal—Proceedings—Penalties.

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.216.327 governs notice of a license

denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3)(a) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home.

(b) Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance.

(c) Civil monetary penalties shall not exceed one hundred fifty dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(d) The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period.

(e) The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.216.335 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day care center or family day care provider; or (b) place or remove a child day care center or family day care provider on nonreferral status. (3) Except for licensees suspended for noncompliance with a support order under chapter 74.20A RCW, a license applicant or licensee who is aggrieved by a department denial, revocation, suspension, or modification has the right to an adjudicative proceeding. (4)(a) If the department gives a licensee twenty-eight or more days' notice of revocation, suspension, or modification and the licensee files an appeal before its effective date, the department shall not implement the adverse action until the final order has been entered. The presiding or reviewing officer may permit the department to implement part or all of the adverse action while the proceedings are pending if the appellant causes an unreasonable delay in the proceeding, if the circumstances change so that implementation is in the public interest, or for other good cause.

(b) If the department gives a licensee less than twenty-eight days' notice of revocation, suspension, or modification and the licensee timely files a sufficient appeal, the department may implement the adverse action on the effective date stated in the notice. The presiding or reviewing officer may order the department to stay implementation of part or all of the adverse action while the proceedings are pending if stay-

When the department does so, it shall state the effective date in the written notice given the person against whom it assesses the fine.

(1) The department shall develop an internal review process to determine whether department licensors have appropriately and consistently applied agency rules in child care facility licensing compliance agreements that do not involve a violation of health and safety standards. Adverse licensing decisions including license denial, suspension, revocation, modification, or nonrenewal pursuant to RCW 43.216.325 or imposition of civil fines pursuant to RCW 43.216.335 are not subject to the internal review process in this section, but may be appealed using the administrative procedure act, chapter 34.05 RCW.

(b) "Health and safety standards" means rules or requirements developed by the department to protect the health and safety of children against substantial risk of bodily injury, illness, or death.

(6) The department shall not develop a child care facility licensing compliance agreement with a child care provider for first-time violations of rules that do not relate to health and safety standards and that can be corrected on the same day that the violation is identified. 43.216.505 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.216.500 through 43.216.559, 43.216.900, and 43.216.901.

(1) "Advisory committee" means the advisory committee under RCW 43.216.520.

(2) "Approved programs" means those state-supported education and special assistance programs which are recognized by the department as meeting the minimum program rules adopted by the department to qualify under RCW 43.216.500 through 43.216.550, 43.216.900, and 43.216.901 and are designated as eligible for funding by the department under RCW 43.216.530 and 43.216.540.

Priority for enrollment shall be given to children from families with the lowest income, children in foster care, or to eligible children from families with multiple needs.

(5) "Family support services" means providing opportunities for parents to:

(b) Increase their knowledge of child development and parenting skills;

Findings—Intent—2013 2nd sp.s. c 16: "The legislature finds that high quality early learning opportunities are an important factor in lifelong success. The legislature is committed to expanding high quality evidence-based early learning opportunities in order to improve educational outcomes. The legislature further finds that moving toward effective and research-based practices are critical in achieving educational and societal outcomes from early learning investments. The legislature intends to continue

improvements in early learning through ongoing evaluation, application of emerging research, and enhanced quality assurance. It is the intent of the legislature that additional investments in early learning will be based on current information regarding the most efficient, research-based, and cost-effective investments." [2013 2nd sp.s. c 16 § 1.]

Findings—1994 c 166; 1988 c 174: "The legislature finds that the early childhood education and assistance program provides for the educational, social, health, nutritional, and cultural development of children at risk of failure when they reach school age. The long-term benefits to society in the form of greater educational attainment, employment, and projected lifetime earnings as well as the savings to be realized, from lower crime rates, welfare support, and reduced teenage pregnancy, have been demonstrated through lifelong research of at-risk children and early childhood programs.

The legislature intends to encourage development of community partnerships for children at risk by authorizing a program of voluntary grants and contributions from business and community organizations to increase opportunities for children to participate in early childhood education." 43.216.510 Admission and funding. The department shall administer a state-supported early childhood education and assistance program to assist eligible children with educational, social, health, nutritional, and cultural development to enhance their opportunity for success in the common school system. Eligible children shall be admitted to approved early childhood programs to the extent that the legislature provides funds, and additional children may be admitted to the extent that grants and contributions from community sources provide sufficient funds for a program equivalent to that supported by state funds. Grants and contributions from community sources shall not supplant the funding required for the full statewide implementation of the early learning program in *RCW 43.215.456. 43.216.512 Expanded eligibility—Homelessness or risk factors. (1) The department shall adopt rules that allow the inclusion of children in the early childhood education and assistance program whose family income is above one hundred ten percent of the federal poverty level if the number of such children equals not more than twenty-five percent of total statewide enrollment.

(2) Children included in the early childhood education and assistance program under this section must be homeless or impacted by specific developmental or environmental risk factors that are linked by research to school performance. "Homeless" means without a fixed, regular, and adequate nighttime residence as set forth in the federal McKinney-Vento homeless assistance act, P.L. 100-77, July 22, 1987, 101 Stat. 482, and runaway and homeless youth act, P.L. 93-415, Title III, September 7, 1974, 88 Stat. 1129.

(3) Children included in the early childhood education and assistance program under this section are not to be considered eligible children as defined in RCW 43.216.505 and are not considered to be part of the state-funded entitlement required in RCW 43.216.556. [2018 c 155 § 2.]

Effective date—2018 c 155: "This act takes effect July 1, 2018." [2018 c 155 § 5.]

Findings—Intent—2018 c 155: "The legislature finds that research continues to demonstrate the efficacy of the state's early childhood education and assistance program, known as ECEAP. Studies in Washington and from other states show that ECEAP prepares children for kindergarten success and has significant positive impacts on third, fourth, and fifth grade test scores. The legislature also finds that in some areas of the state, expanding ECEAP has proven challenging because there are too few eligible children to form an ECEAP classroom. The result is that children who are income eligible and the furthest from opportunity remain unserved. The legislature finds further that in other ECEAP classrooms, funded seats remain empty because providers do not have sufficient flexibility to serve families in need who are slightly over income but often have similar risk factors. The legislature intends, therefore, to provide more flexibility in determining eligibility for ECEAP in order to maximize the state's investment and assure that program funding is deployed to serve the greatest number of children and families." [2018 c 155 § 1.]

43.216.514 Enrollment priority. (1) The department shall prioritize children for enrollment in the early childhood education and assistance program who are eligible pursuant to RCW 43.216.505.

(2) As space is available, children may be included in the early childhood education and assistance program pursuant to RCW 43.216.512. Priority within this group must be given to children who are experiencing homelessness, child welfare system involvement, or a developmental delay or disability that does not meet the eligibility criteria for special education adopted under RCW 28A.155.020. [2018 c 155 § 3.]

Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

43.216.535 Reports. The department shall annually report to the governor and the legislature on the findings of the longitudinal study undertaken to examine and monitor the effectiveness of early childhood educational and assistance services for eligible children to measure, among other elements, if possible, how the average level of performance of children completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. The evaluation system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of eligible students who did not have access to this program needing such services. 43.216.565 Findings—Intent—Early start program. The legislature finds that the first five years of a child's life establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children. [2013 c 323 § 1. Formerly RCW 43.215.460.]

43.216.570 Early intervention services—Findings.

The legislature finds that there is an urgent and substantial need to:

(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;

(2) Coordinate and enhance the state's existing early intervention services to ensure a statewide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and

(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources including public and private insurance coverage. [1992 c 198 § 14. Formerly RCW 43.215.470, 70.195.005.]

43.216.572 Early intervention services—Birth-to-three—Interagency coordinating council—Conditions and limitations. For the purposes of implementing this chapter, the governor shall appoint a state birth-to-three interagency coordinating council and ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities. 43.216.574 Early intervention services—Birth-to-three—Interagency coordinating council—Coordination with counties and communities. The state birth-to-three interagency coordinating council shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families. [2016 c 57 § 2; 1992 c 198 § 17. Formerly RCW 43.215.474, 70.195.020.]

43.216.576 Early intervention services—Interagency agreements. State agencies providing or paying for early intervention services shall enter into formal interagency agreements with each other and where appropriate, with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local

agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into formal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination. (c) The department shall allow the parents or guardians whose child's death is being reviewed to testify before the child fatality review committee.

(d) The primary purpose of the fatality review shall be the development of recommendations to the department and legislature regarding changes in licensing requirements, practice, or policy to prevent fatalities and strengthen safety and health protections for children.

(e) Upon conclusion of a child fatality review required pursuant to this section, the department shall, within one hundred eighty days following the fatality, issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public web site where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public web site, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100, 68.50.105, and 74.13.500 through

74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(3) The department shall consult with the office of the family and children's ombuds to determine if a review should be conducted in the case of a near child fatality that occurs in an early learning program described in *RCW 43.215.400 through 43.215.450 or licensed child care center or licensed child care home.

(4) In any review of a child fatality or near fatality, the department and the fatality review team must have access to all records and files regarding the child or that are otherwise relevant to the review and that have been produced or retained by the early education and assistance program provider or licensed child care center or licensed family home provider.

(5) The child fatality review committee shall coordinate with local law enforcement to ensure that the fatality or near fatality review does not interfere with any ongoing or potential criminal investigation.

(6)(a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding the following:

(i) The work of the child fatality or near fatality review team;

(ii) The incident under review;

(iii) The employee's or member's statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review; or

(iv) Statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting a person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(2018 Ed.)

(d) The restrictions in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team.

(7) The department shall develop and implement procedures to carry out the requirements of this section.

(8) Nothing in this section creates a duty for the office of the family and children's ombuds under RCW 43.06A.030 as related to children in the care of an early learning program described in *RCW 43.215.400 through 43.215.450, a licensed child care center, or a licensed child care home. Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.216.085.

43.216.660 Child care services—Declaration of policy. It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. The availability of quality, affordable child care is a concern for working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to workplaces and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings shall include, but not be limited to, family day care homes, mini-centers, centers and schools.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry through the department. [2017 3rd sp.s. c 6 § 212; 2006 c 265 § 202;

1989 c 381 § 2; 1988 c 213 § 1. Formerly RCW 43.215.495, 74.13.085.]

Effective date—2017 3rd sp.s. c 6 §§ 102, 104-115, 201-227, 301-337, 401-419, 501-513, 801-803, and 805-822: See note following RCW 43.216.025.

Findings—1989 c 381: "The legislature finds that the increasing difficulty of balancing work life and family needs for parents in the workforce has made the availability of quality, affordable child care a critical concern for the state and its citizens. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the workforce to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state and its businesses.

The legislature further finds that making information on child care options available to businesses can help the market for child care adjust to the needs of businesses and working families. The legislature further finds that investments are necessary to promote partnerships between the public and private sectors, educational institutions, and local governments to increase the supply, affordability, and quality of child care in the state." [1989 c 381 § 1.]

43.216.665 Child care workers—Findings—Intent.

The legislature finds that as of 2000, child care workers in the state earned an average hourly wage of eight dollars and twenty-two cents, only fifty-eight percent received medical insurance through employers, only sixty-six percent received paid sick leave, and only seventy-three percent received paid vacation. The legislature further finds that low wages for child care workers create a barrier for individuals entering the profession, result in child care workers leaving the profession in order to earn a living wage in another profession, and make it difficult for child care workers to afford professional education and training. As a result, the availability of quality child care in the state suffers.

The legislature intends to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds, this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003. While it is the intent of the legislature to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder. [2005 c 507 § 1. Formerly RCW 43.215.500, 74.13.097.]

43.216.670 Child care provider rules review. In conjunction with child care providers and other early learning leaders, the department shall review and revise child care provider rules in order to emphasize the need for mutual respect among parents, providers, and state staff who enforce rules. Revised rules shall clearly focus on keeping children safe and improving early learning outcomes for children. The department shall develop a plan by July 2007 that outlines the process and timelines to complete the rules review. Nothing in this section changes the department's responsibility to collectively bargain over mandatory subjects. [2007 c 394 § 7. Formerly RCW 43.215.502.]

Finding—Declaration—Captions not law—2007 c 394: See notes following RCW 43.216.010.

43.216.675 Child care workers—Career and wage ladder. (1) Subject to the availability of funds appropriated for this specific purpose, the department shall establish a child care career and wage ladder in licensed child care centers that meet the following criteria: (a) At least ten percent of child care slots are dedicated to children whose care is subsidized by the state or any political subdivision thereof or any local government; (b) the center agrees to adopt the child care career and wage ladder, which, at a minimum, shall be at the same pay schedule as existed in the previous child care career and wage ladder pilot project; and (c) the center meets further program standards as established by rule pursuant to *section 4, chapter 507, Laws of 2005.

The child care career and wage ladder shall include wage increments for levels of education, years of relevant experience, levels of work responsibility, relevant early childhood education credits, and relevant requirements in the state training and registry system.

(2) The department shall establish procedures for the allocation of funds to implement the child care career and wage ladder among child care centers meeting the criteria identified in subsection (1) of this section. In developing these procedures, the department shall:

(a) Review past efforts or administration of the child care career and wage ladder pilot project in order to take advantage of any findings, recommendations, or administrative practices that contributed to that pilot project's success;

(b) Consult with stakeholders, including organizations representing child care teachers and providers, in developing an allocation formula that incorporates consideration of geographic and demographic distribution of child care centers adopting the child care career and wage ladder; and

(c) Develop a system for prioritizing child care centers interested in adopting the child care career and wage ladder that is based on the criteria identified in subsection (1) of this section.

(3) Notwithstanding the requirements of subsection (2) of this section, child care centers meeting the criteria in subsection (1) of this section located in urban areas of the department of social and health services region one shall receive a minimum of fifteen percent of the funds allocated through the child care career and wage ladder, and of these centers, child care centers meeting the criteria in subsection (1) of this section participating in the Spokane tiered reimbursement pilot project shall have first priority for child care career and wage ladder funding. [2006 c 265 § 205; 2005 c 507 § 2. Formerly RCW 43.215.505, 74.13.098.]

The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child

Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.216.720 Child care expansion grant fund. (1) The legislature recognizes that a severe shortage of child care exists to the detriment of all families and employers throughout the state. Many workers are unable to enter or remain in the workforce due to a shortage of child care resources. The high costs of starting a child care business create a barrier to the creation of new slots, especially for children with special needs.

(2) A child care expansion grant fund is created in the custody of the secretary of the department of social and health services. Grants shall be awarded on a one-time only basis to persons, organizations, or schools needing assistance to start a child care center or mini-center as defined by the department by rule, or to existing licensed child care providers, including family home providers, for the purpose of making capital improvements in order to accommodate handicapped children as defined under chapter 72.40 RCW, sick children, or infant care, or children needing nighttime care. No grant may exceed ten thousand dollars. Start-up costs shall not include operational costs after the first three months of business.

(3) Child care expansion grants shall be awarded on the basis of need for the proposed services in the community, within appropriated funds.

(4) The department shall adopt rules under chapter 34.05 RCW setting forth criteria, application procedures, and methods to assure compliance with the purposes described in this section. [1988 c 213 § 3. Formerly RCW 43.215.555, 74.13.095.]

43.216.725 Subsidized child care report and assessment. The department and the department of social and health services, in consultation with interested individuals and organizations, shall jointly:

(1) Identify different options to track subsidized child care attendance, including methods using a land line or cellular telephone, a computer, a point of sale system, or some combination of these methods and report their recommended method to the legislature no later than December 31, 2011. Each department's recommendations must include implementation issues to be addressed and a proposed implementation timeline, and should assume a January 2013 implementation date for the attendance tracking system. The legislature shall review the recommendations and authorize implementation. The method that is chosen must interface smoothly with the current and future payment systems for subsidized child care payments.

(2) Conduct an assessment of the current subsidized child care eligibility determination system and develop recommendations to improve the accuracy, efficiency, and responsiveness of the system, including consideration of the most appropriate entity or entities to make eligibility determinations. The results of the assessment shall be reported to the

legislature no later than December 31, 2011. [2011 1st sp.s. c 42 § 12. Formerly RCW 43.215.560.]

Findings—Intent—Effective date—2011 1st sp.s. c 42: See notes following RCW 74.08A.260.

Finding—2011 1st sp.s. c 42: See note following RCW 74.04.004.

43.216.730 Child care subsidy fraud—Referral—Collection of overpayments. (1) The department must refer all suspected incidents of child care subsidy fraud to the department of social and health services office of fraud and accountability for appropriate investigation and action.

(2) For the purposes of this section, "fraud" has the definition in RCW 74.04.004.

(3) This section does not limit or preclude the department or the department of social and health services from establishing and collecting overpayments consistent with federal regulation or seek other remedies that may be legally available, including but not limited to criminal investigation or prosecution. [2013 2nd sp.s. c 29 § 2. Formerly RCW 43.215.562.]

Finding—Intent—2013 2nd sp.s. c 29: "The legislature finds that child care providers positively contribute to local communities by offering important services that support the well-being of children and their families. The legislature further recognizes that most child care providers make every effort to ensure that subsidy payments received are correct and align with agency rules. When a child care provider is found to have fraudulently accepted subsidy payments, however, it is the legislature's intent to prohibit such a provider from receiving future child care subsidy payments." [2013 2nd sp.s. c 29 § 1.]

43.216.735 Placement of children ages sixty months through six years. For children ages sixty months through six years, the child's school enrollment status may not be used as a reason to require the child be placed within a specific mixed-age group. Nothing in this section changes or requires the department to change the staff-to-child ratio requirements for mixed-age groups that include children who are ages thirty months through six years. [2016 c 169 § 2. Formerly RCW 43.215.564.]

Finding—Intent—2016 c 169: "(1) The legislature recognizes that the high cost of quality child care places a heavy burden on Washington's poorest families. The legislature further acknowledges the administrative burden unnecessary regulations place on child care providers and the families they serve. The legislature finds that under current rule, child care providers may not serve five year olds attending school in the same group as five year olds not attending school.

(2) The legislature intends to allow child care centers to serve kindergartners in a mixed group or classroom without having to go through a waiver process. The legislature further intends to streamline the delivery of services to children while continuing to protect their safety and well-being." [2016 c 169 § 1.]

43.216.740 Outdoor, nature-based early learning and child care programs—Pilot project—Reports. (Expires August 1, 2021.) (1) The department shall establish a pilot project to license outdoor, nature-based early learning and child care programs. The pilot project shall commence beginning August 31, 2017, and conclude June 30, 2021.

(2) The department shall adopt rules to implement the pilot project and may waive or adapt licensing requirements when necessary to allow for the operation of outdoor classrooms.

(3) As part of the pilot project, the department shall explore options for developing a quality rating and improvement system for outdoor preschools. Options may include,

(2018 Ed.)

but are not limited to, adapting the early achievers program to assess quality in outdoor learning environments, as well as excluding or replacing the early achievers indoor environmental rating scale. The department may receive and expend funds from philanthropic organizations in order to implement this subsection and subsection (6) of this section. The department shall include a discussion of options and recommendations in the final report required under subsection (8) of this section.

(4) The department shall select up to ten pilot locations during the first year of the pilot project. Beginning August 31, 2018, additional outdoor, nature-based early learning and child care programs may apply to participate in the pilot project. When selecting and approving pilot project locations, the department shall aim to select a mix of rural, urban, and suburban locations, and may give priority to:

(a) Areas where there are few or limited licensed early learning programs;

(b) Areas of need where licensed early learning programs are at or near full capacity, and where access may be restricted by one or more enrollment wait-lists; and

(c) Areas where an outdoor early learning program would provide more family choice.

(5) A child care or early learning program operated by a federally recognized tribe may participate in the pilot project through an interlocal agreement between the tribe and the department. The interlocal agreement must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty.

(6) Subject to the availability of funds, the department may convene an advisory group of outdoor, nature-based early learning practitioners to inform and support implementation of the pilot project.

(7) For purposes of this section, "outdoor, nature-based early learning and child care program" means an agency-offered program operated primarily outdoors in which children are enrolled on a regular basis for three or more hours per day.

(8) The department shall provide the following reports to the legislature and the governor:

(a) By January 15, 2018, and annually thereafter through January 15, 2020, a brief status report describing implementation of the pilot project, including a description of participating providers and the number of children and families being served;

(b) By November 30, 2020, a full report on findings from the pilot project, including recommendations for modifying or expanding the availability of outdoor, nature-based early learning and child care programs. The final report also must include a discussion of potential options to mitigate the uncertainty for families and participating providers during the final six months of the pilot project when legislation may be pending.

(9) The provisions of this section are subject to appropriation.

(10) This section expires August 1, 2021. [2017 c 162 § 2. Formerly RCW 43.215.566.]

Findings—Intent—2017 c 162: "The legislature finds that, over the past decade, more than forty outdoor, nature-based early learning and child care programs have opened in Washington, several of which are in high demand based on existing wait-lists. The legislature finds, however, that

these programs currently are unlicensed and thus unable to offer full-day programs, which many working families are seeking. Unlicensed outdoor programs also are unable to serve families who are eligible for assistance through the working connections child care program. The legislature further finds that the outdoor preschool model could help expand the number of high quality early learning opportunities available to families throughout Washington, particularly in areas where preschool-appropriate indoor space is unavailable or unaffordable. Additionally, when early learning programs spend less on their physical facilities, they are able to spend more on recruiting and retaining teachers and other early learning professionals. The legislature also finds that research on outdoor preschools operating in Scandinavian countries for decades has demonstrated a positive impact on children's development, including improved cognitive and social skills when children transition to grade school. The legislature, therefore, intends to establish a pilot project to license outdoor preschools in order to expand access to affordable, high quality early learning programs, and to further investigate the benefits of outdoor, nature-based classrooms for Washington's children and families." [2017 c 162 § 1.]

43.216.745 Child care consultation program—Creation, operation, and duties. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a child care consultation program linking child care providers with evidence-based, trauma-informed, and best practice resources regarding caring for infants and young children who present behavioral concerns or symptoms of trauma. The department may contract with an entity with expertise in child development and early learning programs in order to operate the child care consultation program.

(2) In establishing and operating the program, the department or contracted entity shall: (a) Assist child care providers in recognizing the signs and symptoms of trauma in children; (b) provide support and guidance to child care staff; (c) consult and coordinate with parents, other caregivers, and experts or practitioners involved with the care and well-being of the young children; and (d) provide referrals for children who need additional services. [2017 c 202 § 5. Formerly RCW 43.215.570.]

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the department of social and health services engaged in performing the powers, duties, and working connections child care program and seasonal child care program functions transferred are transferred to the jurisdiction of the department of children, youth, and families. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of children, youth, and families to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) All classified employees of the department of social and health services assigned to the department of children, youth, and families under this section whose positions are within an existing bargaining unit description at the department of children, youth, and families must become a part of the existing bargaining unit at the department of children, youth, and families and are considered an appropriate inclusion or modification of the existing bargaining unit under the provisions of chapter 41.80 RCW. [2018 c 52 § 2.]

Effective date—2018 c 52: "This act takes effect July 1, 2019." [2018 c 52 § 7.]

Intent—Finding—2018 c 52: "(1) The legislature recognizes that child care subsidy programs include the working connections child care program and the seasonal child care program. Child care subsidy programs provide children with stable, nurturing, and enriching activities while parents are supported in stable employment that contributes to financial independence. The legislature acknowledges that the department of early learning develops subsidized child care policy and conducts quality assurance for provider payments and the department of social and health services is responsible for other aspects of service delivery. The legislature intends for these child care subsidy programs to be thoughtfully integrated into the department of children, youth, and families while maintaining a delivery system that continues to support families and providers with consistent, accurate, and effective services.

(2) The legislature finds that the department of children, youth, and families submitted a report according to section 103, chapter 6, Laws of 2017 3rd sp. sess. with recommendations for effectively transferring working connections child care eligibility into the department of children, youth, and families by July 1, 2019. The legislature intends for the transfer of all aspects of service delivery of child care subsidy programs from the department of social and health services to the department of children, youth, and families to follow the recommendations of that report." 43.220.020 Conservation corps created—Puget Sound corps created. (1) The Washington conservation corps is created. The department of ecology must administer the corps as a partnership with the departments of natural resources and fish and wildlife, the state parks and recreation commission, and when appropriate, other agencies and nonprofit organizations to advance the program goals outlined in RCW 43.220.045.

(2) The Puget Sound corps is created as a distinct program within the Washington conservation corps focused on the implementation of the specific program goals outlined in

RCW 43.220.045. [2011 c 20 § 2; 1999 c 280 § 1; 1994 c 264 § 32; 1988 c 36 § 23; 1983 1st ex.s. c 40 § 1.]

Findings—Intent—2011 c 20: "(1) The legislature finds that the Washington conservation corps, the veterans conservation corps, and other state and nonprofit service corps contribute significantly to the priorities of state government to protect natural resources, including Puget Sound, while providing meaningful work experience for the state's youth, veterans, unemployed, and underemployed workforces.

(2) The legislature further finds that the long-term health of the economy of Washington depends on the sustainable management of its natural resources and that the livelihoods and revenues produced by Washington's forests, agricultural lands, estuaries, waterways, and watersheds would be enhanced by targeted, streamlined, and prioritized investments in clean water and habitat restoration.

(3) The legislature further finds that it is important to stretch limited public resources to advance the state's natural resource management priorities. Transformation of natural resource management and service delivery, including the creation of strategic partnerships among agencies and nongovernmental partners, will increase the efficiency and effectiveness of the expenditure of federal, state, and local funds for clean water and habitat rehabilitation projects.

(4) The legislature further finds that there are efficiencies to be gained by streamlining how the various conservation corps are administered, managed, funded, and deployed by the natural resources agencies. There are further efficiencies to be gained through coordinating the conservation corps with other state service corps programs, recruitment activities, and through public-private partnerships.

(5) The legislature further finds that the state should seek to expand the conservation corps in all areas of the state, deploying the corps to work on projects that advance established priorities including, but not limited to, the cleanup and rehabilitation of the Puget Sound ecosystem, oil spill response and cleanup, salmon recovery, and the reduction of wildfire and forest health hazards statewide.

(6) The legislature further finds that individuals with developmental disabilities would benefit from experiencing a meaningful work experience, and learning the value of labor and of membership in a productive society. As such, the legislature urges state agencies that are participating in the Washington conservation corps program to consider for enrollment in the program individuals with developmental disabilities, as defined in RCW 71A.10.020.

(7)(a) Therefore, it is the intent of the legislature to maintain the conservation corps statewide, to collaborate with the veterans conservation corps, to establish the Puget Sound corps, to streamline how government administers and manages the state's conservation corps to more efficiently expend the state's resources toward priority outcomes, including the recovery of the Puget Sound ecosystem to health by 2020, to increase opportunities for meaningful work experience, and to authorize public-private partnerships as a key element of corps activities.

(b) It is also the intent of the legislature to integrate into the Puget Sound corps the therapeutic and reintegration intent of the veterans conservation corps for veterans involved in the Puget Sound corps." [2011 c 20 § 1.]

Investment accounting: RCW 43.33A.180.

43.250.010 Purpose. The purpose of this chapter is to enable eligible governmental entities, including community and technical college districts, the state board for community and technical colleges as established in chapter 28B.50 RCW, public four-year institutions of higher education, qualifying federally recognized tribes or federally recognized political subdivisions thereof, and other governmental entities to participate with the state in providing maximum opportunities for the investment of surplus public funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all eligible governmental entities are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby eligible governmental entities may, at their option, utilize the resources of the state treasurer's office to maximize the potential of surplus funds while ensuring the safety of those funds. [2010 1st sp.s. c 10 § 1; 2001 c 31 § 1; 1996 c 268 § 1; 1986 c 294 § 1.]

(v) Evidence of additional local resources committed to the applicant's strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities, or a combination thereof; and

The legislature further recognizes that adequate services for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based services available to the victims of sexual assault by:

43.280.011 Intent—Approval of committee recommendations. The Washington state sexual assault services advisory committee issued a report to the department of commerce and the department of social and health services in June of 1995. The committee made several recommendations to improve the delivery of services to victims of sexual assault: (1) Consolidate the administration and funding of sexual assault and abuse services in one agency instead of splitting those functions between the department of social and health services and the department of commerce; (2) adopt a funding allocation plan to pool all funds for sexual assault services and to distribute them across the state to ensure the delivery of core and specialized services; (3) establish service, data collection, and management standards and outcome measurements for recipients of grants; and (4) create a data collection system to gather pertinent data concerning the delivery of sexual assault services to victims.

The legislature approves the recommendations of the advisory committee and consolidates the functions and funding for sexual assault services in the department of commerce to implement the advisory committee's recommendations. [2012 c 29 § 2; 1996 c 123 § 1.]

Intent—Finding—2013 c 121: "The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are

often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle." [2013 c 121 § 1.]

43.280.095 Statewide training on Washington's human trafficking laws—Training entity—Report. (1) The office of crime victims advocacy shall establish a statewide training program on Washington's human trafficking laws for criminal justice personnel.

(2) The training shall be provided where possible by an entity that has experience in developing coalitions, training, programs, and policy on human trafficking in Washington.

(3) The entity will provide or coordinate training for law enforcement personnel, prosecutors, and court personnel covering Washington's state antitrafficking laws, the investigation of sex trafficking cases, and the adjudication of sex trafficking cases. The training shall encourage interdisciplinary coordination among criminal justice personnel, build cultural competency, and develop understanding of diverse victim populations including children, youth, and adults.

(4) The office shall provide a biennial report to the appropriate policy committees of the legislature on the statewide training program, with a focus on the effectiveness of the training. [2015 c 101 § 2.]

Finding—2015 c 101: "The legislature finds that in order to reduce instances of human trafficking in our state there needs to be a cohesive and concerted statewide training program provided to those in the law enforcement and legal community. This training is intended to help promote the use of existing laws to initiate sustainable and viable investigations, prosecutions, and adjudications in all jurisdictions across the state." [2015 c 101 § 1.]

43.280.100 Revenue collection under RCW 9.68A.105, 9A.88.120, or 9A.88.140—Expenditure of revenue—Conditions—Report. (1) The department of commerce shall prepare and submit an annual report to the legislature on the amount of revenue collected by local jurisdictions under RCW 9.68A.105, 9A.88.120, or 9A.88.140 and the expenditure of that revenue.

(2) Any funds remitted to the department of commerce pursuant to RCW 9.68A.105, 9A.88.120, or 9A.88.140 shall be spent on the fulfillment of the duties described in subsection (1) of this section. Any remaining funds may be spent on the administration of grants for services for victims of the commercial sex trade, consistent with this chapter. [2013 c 121 § 7.]

Intent—Finding—2013 c 121: See note following RCW 43.280.091.

43.280.110 Public restrooms—Model notice on human trafficking—Voluntary posting—Report to legislature. (1) Every establishment that maintains restrooms for use by the public may voluntarily, upon availability of the

model notice as described in subsection (2) of this section, post a notice that complies with the requirements of this section in a conspicuous place within all restrooms of the establishment in clear view of the public and employees. The office of crime victims advocacy may work with businesses and other establishments and with human trafficking victim advocates to adopt policies for the placement of such notices.

(2)(a) The model notice that may be voluntarily posted pursuant to subsection (1) of this section may be in a variety of languages and include toll-free telephone numbers a person may call for assistance, including the number for the national human trafficking resource center and the number for the Washington state office of crime victims advocacy.

(b) The office of crime victims advocacy shall review and approve the initial form and content of the model notice to ensure the notice is appropriate for public display and likely to be an effective communication to reach human trafficking victims. The office of crime victims advocacy shall review the model notice on a yearly basis to ensure the information provided remains accurate.

(3) The cost of production, printing, and posting of the model notices shall be paid by a participating nonprofit at no cost to the state.

(4) The office of crime victims advocacy must provide a report to the appropriate committees of the legislature no later than December 31, 2016, regarding the voluntary participation in this effort. [2015 c 273 § 5.]

Additional notes found at www.leg.wa.gov

43.290.010 Office created. The office of international relations and protocol is created under the office of the governor. The office shall serve as the state's official liaison and protocol office with foreign governments. The governor shall appoint a director of the office of international relations and protocol, who shall serve at the pleasure of the governor. Because of the diplomatic character of this office, the director and staff will be exempt from the provisions of chapter 41.06 RCW. The director will be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. To the extent permitted by law, state agencies may temporarily loan staff to the office of international relations and protocol to assist in carrying out the office's duties and responsibilities under this chapter. An arrangement to temporarily loan staff must have the approval of the staff members to be loaned and the directors of the office and the agencies involved in the loan. [1991 c 24 § 2.]

43.290.020 Authority of office. The office of international relations and protocol may:

(1) Create temporary advisory committees as necessary to deal with specific international issues. (2) Accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this subsection. Marine resources committees: Chapter 36.125 RCW.

43.300.005 Purpose. Perpetuation of fish and wildlife in Washington requires clear, efficient, streamlined, scientific, management from a single state fish and wildlife agency. Such a consolidation will focus existing funds for the greatest protection of species and stocks. It will bring combined resources to bear on securing, managing, and enhancing habitats. It will simplify licensing, amplify research, increase field staff, avoid duplication, and magnify enforcement of laws and rules. It will provide all fishers, hunters, and observers of fish and wildlife with a single source of consistent policies, procedures, and access. [1993 sp.s. c 2 § 1.]

43.300.010 Department created—Transfer of powers, duties, and functions. There is hereby created a department of state government to be known as the department of fish and wildlife. The department shall be vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law. All powers, duties, and functions of the department of fisheries and the department of wildlife are transferred to the department of fish and wildlife. All references in the Revised Code of Washington to the director or the department of fisheries or the director or department of wildlife shall be construed to mean the director or department of fish and wildlife. [1993 sp.s. c 2 § 2.]

43.300.020 Definitions. As used in this chapter, unless the context indicates otherwise:

- (1) "Department" means the department of fish and wildlife.
- (2) "Director" means the director of fish and wildlife.
- (3) "Commission" means the fish and wildlife commission. [1993 sp.s. c 2 § 3.]

43.300.040 Director's duties. In addition to other powers and duties granted or transferred to the director, the commission may delegate to the director any of the powers and duties vested in the commission. [1996 c 267 § 33; 1993 sp.s. c 2 § 5.]

Intent—Effective date—1996 c 267: See notes following RCW 77.12.177.

43.300.050 Exempt positions. The director shall appoint such deputy directors, assistant directors, and up to seven special assistants as may be needed to administer the department. These employees are exempt from the provisions of chapter 41.06 RCW. [1993 sp.s. c 2 § 6.]

43.300.060 Enforcement in accordance with RCW 43.05.100 and 43.05.110. Enforcement action taken after July 23, 1995, by the director or the department shall be in accordance with RCW 43.05.100 and 43.05.110. [1995 c 403 § 627.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

43.300.070 Exchange of tidelands with private or public landowners. (1) The department of fish and wildlife may exchange the tidelands and shorelands it manages with private or public landowners if the exchange is in the public interest.

(2) As used in this section, an exchange of tidelands and shorelands is in the public interest if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways. [1997 c 209 § 3.]

Finding—1997 c 209: "The legislature finds that the department of fish and wildlife manages a large amount of public land and that the department may have opportunities to improve the quality of its landholdings by participating in an exchange with private landowners or other public entities. The legislature declares that it is in the public interest to allow the department to exchange land with private landowners or with public entities if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways." [1997 c 209 § 1.]

Additional notes found at www.leg.wa.gov

43.300.080 Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

- (a) The estimated number of weeks for initial review of the permit application;
- (b) The estimated number of revision cycles;
- (c) The estimated number of weeks for review of subsequent revision submittals;
- (d) The estimated number of billable hours of employee time;
- (e) The rate per hour; and
- (f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that

involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. Chapter 43.310 RCW YOUTH GANGS

43.310.005	Finding.
43.310.007	Intent—Prevention and intervention pilot programs.
43.310.010	Definitions.
43.310.020	Gang risk prevention and intervention pilot programs—Request for proposals.
43.310.030	Gang risk prevention and intervention pilot programs—Scope.
43.310.040	Cultural awareness retreats.

43.310.005 Finding. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school dropout rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled workforce, this high school dropout rate

threatens the economic welfare of our future workforce, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a firsthand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs. [1993 c 497 § 1.]

43.310.007 Intent—Prevention and intervention pilot programs. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs. [1993 c 497 § 2.]

43.310.010 Definitions. Unless the context otherwise requires, the following definitions shall apply throughout RCW 43.310.005 through 43.310.040 and *sections 5 and 7 through 10, chapter 497, Laws of 1993:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and

(2018 Ed.)

their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes. [1993 c 497 § 3.]

*Reviser's note: Sections 5 and 7 through 10, chapter 497, Laws of 1993 were vetoed.

43.310.020 Gang risk prevention and intervention pilot programs—Request for proposals. (1) The *department of community, trade, and economic development may recommend existing programs or contract with either school districts or community organizations, or both, through a request for proposal process for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall begin with school years no sooner than the 1994-95 session, and last for a duration of two years.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the *department of community, trade, and economic development. To the extent possible, proposals shall contain empirical data on current problems, such as dropout rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(d) A clear description of the experience, expertise, and other qualifications of the community organizations to conduct an effective prevention and intervention program in cooperation with a school or a group of schools.

(e) A proposed budget for expenditure of the grant.

(4) Grants awarded under this section may not be used for the administrative costs of the school district or the individual school. [1995 c 399 § 116; 1993 c 497 § 4.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

43.310.030 Gang risk prevention and intervention pilot programs—Scope. Gang risk prevention and intervention pilot programs shall include, but are not limited to:

(1) Counseling for targeted at-risk students, parents, and families, individually and collectively.

(2) Exposure to positive sports and cultural activities, promoting affiliations between youth and the local community.

(3) Job training, which may include apprentice programs in coordination with local businesses, job skills development at the school, or information about vocational opportunities in the community.

(4) Positive interaction with local law enforcement personnel.

(5) The use of local organizations to provide job search training skills.

- (6) Cultural awareness retreats.
- (7) The use of specified state resources, as requested.
- (8) Full service schools under *section 9 of this act.
- (9) Community service such as volunteerism and citizenship. [1993 c 497 § 6.]

*Reviser's note: Section 9, chapter 497, Laws of 1993 was vetoed.

43.310.040 Cultural awareness retreats. Cultural awareness retreats shall include but are not limited to the following programs:

- (1) To develop positive attitudes and self-esteem.
- (2) To develop youth decision-making ability.
- (3) To assist with career development and educational development.
- (4) To help develop respect for the community, and ethnic origin. [1993 c 497 § 11.]

43.320.005 Finding. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department. [1993 c 472 § 1.]

43.320.007 Regulatory reform—Findings—Construction—1994 c 256. (1) The legislature finds that the financial services industry is experiencing a period of rapid change with the development and delivery of new products and services and advances in technology.

(2) The legislature further finds it in the public interest to strengthen the regulation, supervision, and examination of business entities furnishing financial services to the people of this state and that this can be accomplished by streamlining and focusing regulation to reduce costs, increase effectiveness, and foster efficiency by eliminating requirements that are not necessary for the protection of the public.

(3) The provisions of chapter 256, Laws of 1994 should not be construed to limit the ability of the director of financial institutions to implement prudent regulation, prevent unsafe, unsound, and fraudulent practices, and undertake necessary enforcement actions to protect the public and promote the public interest. [1994 c 256 § 1.]

43.320.010 Department created. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates. [1993 c 472 § 2.]

43.320.011 Department of general administration and department of licensing powers and duties transferred. (1) All powers, duties, and functions of the *department of general administration under Titles **30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments, and other similar institutions are transferred to the department of financial institutions. All references to the *director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this section. All references to the *department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 18.44, 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation under the chapters listed in this subsection of escrow agents, securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection. [1995 c 238 § 6; 1993 c 472 § 6.]

Reviser's note: *(1) The "department of general administration" and the "director of general administration" were renamed the "department of enterprise services" and the "director of enterprise services" by 2011 1st sp.s. c 43.

** (2) Title 30 RCW was recodified and/or repealed pursuant to 2014 c 37, effective January 5, 2015.

43.320.017 Collective bargaining agreements. Nothing contained in RCW 43.320.011 may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the expiration date of the current agreement or until the bargaining unit has been modified by action of the Washington personnel resources board as provided by law. [2017 3rd sp.s. c 25 § 3; 1993 c 472 § 13.]

43.320.020 Director—Salary—Powers and duties—Examiners, assistants, personnel. The director of financial institutions shall be appointed by the governor and shall exercise all powers and perform all of the duties and functions transferred under RCW 43.320.011, and such other powers and duties as may be authorized by law. The director may deputize, appoint, and employ examiners and other such assistants and personnel as may be necessary to carry on the work of the department. The director of financial institutions shall receive a salary in an amount fixed by the governor. [1993 c 472 § 3.]

43.320.030 Director—Qualifications—Conflicts of interest. A person is not eligible for appointment as director of financial institutions unless he or she is, and for the last two years before his or her appointment has been, a citizen of the United States. A person is not eligible for appointment as director of financial institutions if he or she has an interest at the time of appointment, as a director, trustee, officer, or stockholder in any bank, savings bank, savings and loan association, credit union, consumer loan company, trust company, securities broker-dealer or investment advisor, or other institution regulated by the department. 43.325.904	Effective date—2007 c 348 §§ 205 and 301-307.

43.325.005 Findings—2007 c 348. (1) The legislature finds that excessive dependence on fossil fuels jeopardizes Washington's economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington's economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

(2) The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: Increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

(3) Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as "plug-in hybrids"; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper

as climate change impacts occur, and as policies and markets to reduce climate pollution are developed. [2007 c 348 § 1.]

43.325.030 Coordinator—Duties. The director of the department shall appoint a coordinator that is responsible for:

(1) Managing, directing, inventorying, and coordinating state efforts to promote, develop, and encourage biofuel and energy efficiency, renewable energy, and innovative energy technology markets in Washington;

(2) Developing, coordinating, and overseeing the implementation of a plan, or series of plans, for the production, transport, distribution, and delivery of biofuels produced predominantly from recycled products or Washington feedstocks;

(3) Working with the departments of transportation and enterprise services, and other applicable state and local governmental entities and the private sector, to ensure the development of biofuel fueling stations for use by state and local governmental motor vehicle fleets, and to provide greater availability of public biofuel fueling stations for use by state and local governmental motor vehicle fleets;

(4) Coordinating with the Western Washington University alternative automobile program for opportunities to support new Washington state technology for conversion of fossil fuel fleets to biofuel, hybrid, or alternative fuel propulsion;

(5) Coordinating with the University of Washington's college of forest management and the Olympic natural resources center for the identification of barriers to using the state's forest resources for fuel production, including the economic and transportation barriers of physically bringing forest biomass to the market;

(6) Coordinating with the department of agriculture and Washington State University for the identification of other barriers for future biofuels development and development of strategies for furthering the penetration of the Washington state fossil fuel market with Washington produced biofuels, particularly among public entities. [2015 c 225 § 92; 2009 c 451 § 4; 2007 c 348 § 205.]

Effective date—2009 c 451: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 11, 2009]." [2009 c 451 § 11.]

Intent—2009 c 451: "The legislature intends to modify the energy freedom program and account in order to receive federal funds and other sources of funding. Also, the legislature intends to expand the mission of the energy freedom program to accelerate energy efficiency improvements, renewable energy improvements, and deployment of innovative energy technologies. Additionally, the legislature intends to support, through the energy freedom program, research, demonstration, and commercialization of energy efficiency improvements, renewable energy improvements, and innovation energy technologies." [2009 c 451 § 1.]

43.325.080 Electricity and biofuel usage goals—Rules. (1) By June 1, 2010, the department shall adopt rules to define practicability and clarify how state agencies will be evaluated in determining whether they have met the goals set out in RCW 43.19.648(1). At a minimum, the rules must address:

(a) Criteria for determining how the goal in RCW 43.19.648(1) will be met by June 1, 2015;

(b) Factors considered to determine compliance with the goal in RCW 43.19.648(1), including but not limited to: The

regional availability of fuels; vehicle costs; differences between types of vehicles, vessels, or equipment; the cost of program implementation; and cost differentials in different parts of the state; and

(c) A schedule for phased-in progress towards meeting the goal in RCW 43.19.648(1) that may include different schedules for different fuel applications or different quantities of biofuels.

(2) By June 1, 2015, the department shall adopt rules to define practicability and clarify how local government subdivisions of the state will be evaluated in determining whether they have met the goals set out in RCW 43.19.648(2). At a minimum, the rules must address:

(a) Criteria for determining how the goal in RCW 43.19.648(2) will be met by June 1, 2018;

(b) Factors considered to determine compliance with the goal in RCW 43.19.648(2), including but not limited to: The regional availability of fuels; vehicle costs; differences between types of vehicles, vessels, or equipment; the cost of program implementation; and cost differentials in different parts of the state; and

(c) A schedule for phased-in progress towards meeting the goal in RCW 43.19.648(2) that may include different schedules for different fuel applications or different quantities of biofuels. [2011 c 353 § 5; 2007 c 348 § 204.]

Intent—2011 c 353: See note following RCW 36.70A.130.

43.325.090 Refueling projects. If the total requested dollar amount of funds for refueling projects under *RCW 43.325.020(4) exceeds the amount available for refueling projects in the energy freedom account created in *RCW 43.325.040, the applications must be prioritized based upon the following criteria:

(1) The extent to which the project will help reduce dependence on petroleum fuels and imported energy either directly or indirectly;

(2) The extent to which the project will reduce air and water pollution either directly or indirectly;

(3) The extent to which the project will establish a viable bioenergy production capacity in Washington;

(4) The extent to which the project will make biofuels more accessible to the motoring public;

43.330.005 Findings. The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and

(2018 Ed.)

export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services. [2010 c 271 § 2; 1993 c 280 § 1.]

Purpose—2010 c 271: "In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission." [2010 c 271 § 1.]

Effective date—2010 c 271: "This act takes effect July 1, 2010." [2010 c 271 § 803.]

43.330.007 Management responsibility. (1) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(2) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assis-

tance directly to individual firms. [2010 c 271 § 3; 2009 c 565 § 1; 1993 c 280 § 2.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Additional notes found at www.leg.wa.gov

43.330.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Associate development organization" means a local economic development nonprofit corporation that is broadly representative of community interests.

(2) "Department" means the department of commerce.

(3) "Director" means the director of the department of commerce.

(4) "Financial institution" means a bank, trust company, mutual savings bank, savings and loan association, or credit union authorized to do business in this state under state or federal law.

(5) "Small business" has the same meaning as provided in RCW 39.26.010. [2014 c 112 § 401; 2011 c 286 § 4; 2009 c 565 § 2; 2007 c 322 § 2; 1993 c 280 § 3.]

Findings—Purpose—Intent—2007 c 322: "(1) The legislature finds that:

(a) Microenterprises are an important portion of Washington's economy, providing approximately twenty percent of the employment in Washington and playing a vital role in job creation.

(b) While community-based microenterprise development organizations have expanded their assistance to their microentrepreneur customers in recent years, there remains a lack of access to capital, training, and technical assistance for low-income microentrepreneurs.

(c) Support for microenterprise development offers a means to expand business and job creation in low-income communities in both rural and urban areas of the state.

(d) Local and state charitable foundation support, federal program funding, and private sector support can be leveraged by a statewide program for development of microenterprises.

(2) It is the purpose of this act to assist microenterprises in job creation by increasing the training, technical assistance, and financial resources available to microenterprises. It is the intention of the legislature to carry out this purpose by enabling the *department of community, trade, and economic development to contract with a statewide microenterprise association with the potential to provide organizational support and administer grants to local microenterprise development organizations, subject to the requirements of this act, and to leverage additional funds from sources other than moneys appropriated from the general fund." [2007 c 322 § 1.]

Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." (1) The department must design and implement an innovation

The geographic area defined should lend itself to a distinct identity and have the capacity to accommodate firm growth;

(d) The innovation partnership zone administrator must be an economic development council, port, workforce development council, city, or county.

(3) With respect solely to the research capacity required in subsection (2)(a)(i) of this section, the director may waive the requirement that the research institution be located within the zone. (4) On October 1st of each odd-numbered year, the director must designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as developed by the department. Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director must require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

- (b) The sales and use tax for public facilities in rural counties;
- (c) Job skills;
- (d) Local improvement districts; and
- (e) Community economic revitalization board projects under chapter 43.160 RCW.

(7) An innovation partnership zone must be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

(8) If the director finds that an applicant does not meet all of the statutory criteria or additional criteria recommended by the department to be designated as an innovation partnership zone, the department must:

(a) Identify the deficiencies in the proposal and recommended steps for the applicant to take to strengthen the proposal;

(b) Provide the applicant with the opportunity to appeal the decision to the director; and

(c) Allow the applicant to reapply for innovation partnership designation on October 1st of the following calendar year or during any subsequent application cycle.

(9) If the director finds at any time after the initial year of designation that an innovation partnership zone is failing to meet the performance standards required in its contract with the department, the director may withdraw such designation and cease state funding of the zone.

(10) The department must convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(11) An innovation partnership zone must annually provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

(12) The department must compile a biennial report on the innovation partnership zone program by December 1st of every even-numbered year. The report must provide information for each zone on its: Objectives; funding, tax incentives, and other support obtained from public sector sources; major activities; partnerships; performance measures; and outcomes achieved since the inception of the zone or since the previous biennial report. (a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber,

or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from: Green industry sectors, including but not limited to forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation; labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce development councils within the region that the panels propose to operate; and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources. [2014 c 112 § 117. Prior: 2012 c 229 § 590; 2012 c 198 § 12; 2010 c 187 § 2; 2008 c 14 § 9.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Effective date—2012 c 198: See note following RCW 70.94.6532.

Findings—2010 c 187: "(1) The legislature finds that:

(a) Washington's forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and

(b) It is in the best interest of the state to support and enhance the forest products industry.

(2) The legislature further finds that the state's forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state's forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forest landowners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifteen hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington's forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry's benefits, the international panel on climate change has reported that a sustainable forest management strategy

aimed at maintaining or increasing forest carbon stocks, while producing an annual sustained yield of timber, fiber, wood products, or energy from the forest, will generate the largest sustained carbon mitigation benefit.

(4) The legislature further finds that the forest products industry is a seventeen billion dollar industry, making it Washington's second largest manufacturing industry. The forest products industry alone provides nearly forty-five thousand direct jobs and one hundred sixty-two thousand indirect jobs, many located in rural areas.

(5) The legislature further finds that working forests help generate wealth through recreation and tourism, the retention and creation of green jobs, and through the production of wood products and energy, a finding supported by the United States secretary of agriculture." [2010 c 187 § 1.]

43.330.320 Obtaining energy efficiency services—Awarding grants to financial institutions—Credit enhancements. (1) The department must: (a) Establish a process to award grants on a competitive basis to provide grants to financial institutions for the purpose of creating credit enhancements, such as loan loss reserve funds as specified in RCW 43.330.330 and 43.330.350, and consumer financial products and services that will be used to obtain energy efficiency services; and (b) develop criteria, in consultation with the department of financial institutions, regarding the extent to which funds will be provided for the purposes of credit enhancements and set forth principles for accountability for financial institutions receiving funding for credit enhancements.

(2) The department must:

(a) Give priority to financial institutions that provide both consumer financial products or services and direct outreach;

(b) Approve any financing mechanisms offered by local municipalities under RCW 43.330.350; and

(c) Require any financial institution or other entity receiving funding for credit enhancements to:

(i) Provide books, accounts, and other records in such a form and manner as the department may require;

(ii) Provide an estimate of projected loan losses; and

(iii) Provide the financial institution's plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable. [2009 c 379 § 205.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.330 Funding energy efficiency improvements—Risk reduction mechanisms—Legislative intent.

(1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects,

improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing. [2009 c 379 § 206.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.340 Appliance efficiency rebate program.

The department may create an appliance efficiency rebate program with available funds from the energy efficient appliances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58). [2009 c 379 § 207.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.350 Use of moneys by local municipalities to leverage financing for energy efficiency projects.

(1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations. [2009 c 379 § 208.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.360 Findings—Involvement of state bond authorities in financing energy efficiency projects.

(1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties, and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' program.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(2018 Ed.)

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:

(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150;

(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal funds or commission bonds; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies. [2009 c 379 § 209.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

Findings—Intent—Purpose—2009 c 509: "(1) The legislature finds that the deployment and adoption of high-speed internet services and technology advancements enhance economic development and public safety for the state's communities. Such deployment also offers improved health care, access to consumer and legal services, increased educational and civic participation opportunities, and a better quality of life for the state's residents. The legislature further finds that improvements in the deployment and adoption of high-speed internet services and the strategic inclusion of technology advancements and technology education are critical to ensuring that Washington remains competitive and continues to provide a skilled workforce, attract businesses, and stimulate job growth.

(2) The legislature intends to support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology. The legislature further intends to ensure that all Washington citizens, businesses, schools, and organizations are able to obtain and utilize broadband fully, regardless of location, economic status, literacy level, age, disability, structure, or size. In addition, the legislature intends that a statewide assessment of the availability, location, service levels, and other characteristics of high-speed internet services and other advanced telecommunications services in the state be conducted.

(3) In recognition of the importance of broadband deployment and adoption to the economy, health, safety, and welfare of the people of Washington, it is the purpose of this act to make high-speed internet service more readily available throughout the state, especially in areas and for populations with a low utilization rate." (4) In contracting for purchase of the map or updates to a map in subsection (2)(a) of this section, the department may

[Title 43 RCW—page 757]

take no action, nor impose any condition on the third party, that causes any record submitted by a public or private broadband service provider to the third party to meet the standard of a public record as defined in RCW 42.56.010. This prohibition does not apply to any records delivered to the department by the third party as a component of the map. For the purpose of RCW 42.56.010(3), the purchase by the department of a completed map or updates to a map may not be deemed use or ownership by the department of the underlying information used by the third party to complete the map.

(a) The geographic areas of greatest priority for the deployment of advanced telecommunications infrastructure in the state;

(b) A detailed explanation of how any amount of funding received from the federal government for the purposes of broadband mapping, deployment, and adoption will be or have been used; and

(c) A determination of how nonfederal sources may be utilized to achieve the purposes of broadband mapping, deployment, and adoption activities in the state.

(2) To the greatest extent possible, the initial report should be based upon the information identified in the geographic system maps developed under the requirements of this chapter.

(3) The initial report should be delivered to the appropriate committees of the legislature as soon as feasible, but no later than January 18, 2010.

(4) Any future reports prepared by the department based upon the requirements of subsection (1) of this section should be delivered to the appropriate committees of the legislature by January 15th of each year. [2011 1st sp.s. c 43 § 606; 2009 c 509 § 5. Formerly RCW 43.105.376.]

43.330.415 Washington community technology opportunity account. The Washington community technology opportunity account is established in the state treasury. The governor or the governor's designee and the director or

the director's designee shall deposit into the account federal grants to the state, legislative appropriations, and donated funds from private and public sources for purposes related to broadband deployment and adoption, including matching funds required by *the act. Donated funds from private and public sources may be deposited into the account. Expenditures from the account may be used only as matching funds for federal and other grants to fund the operation of the community technology opportunity program under this chapter, and to fund other broadband-related activities authorized in chapter 509, Laws of 2009. Only the director or the director's designee may authorize expenditures from the account. [2011 1st sp.s. c 43 § 608; 2009 c 509 § 8; 2008 c 262 § 8. Formerly RCW 43.105.382, 28B.32.030.]

(2) "Developmental disabilities endowment trust fund" means the fund established in the custody of the state treasurer in *RCW 43.330.200, comprised of private, public, or private and public sources, to finance services for persons with developmental disabilities. All moneys in the fund, all property and rights purchased from the fund, and all income attributable to the fund, shall be held in trust by the state investment board, as provided in RCW 43.33A.030, for the exclusive benefit of fund beneficiaries. The principal and interest of the endowment fund must be maintained until such time as the governing board policy specifies except for the costs and expenses of the state treasurer and the state investment board otherwise provided for in chapter 120, Laws of 2000.

(3) "Governing board" means the developmental disabilities endowment governing board in *RCW 43.330.205.

The money in each of the individual accounts is held in trust as provided for in subsection (2) of this section, and shall not be considered state funds or revenues of the state. The governing board serves as administrator, manager, and recordkeeper for the individual trust accounts for the benefit of the individual beneficiaries. [2000 c 120 § 3; 1999 c 384 § 2. Formerly RCW 43.70.731, 43.330.200.]

Intent—1999 c 384: "The legislature recognizes that the main and most enduring support for persons with developmental disabilities, along with public resources, is their immediate and extended families. The legislature recognizes that these families are searching for ways to provide for the long-term continuing care of their disabled family member when the family can no longer provide that care. It is the intent of the legislature to encourage and assist families to engage in long-range financial planning and to contribute to the lifetime care of their disabled family member. To further these objectives, this chapter is enacted to finance lifetime services and supports for persons with developmental disabilities through an endowment funded jointly by the investment of public funds and dedicated family contributions.

The establishment of this endowment is not intended to diminish the state's responsibility for funding services currently available to future endowment participants, subject to available funding, nor is it the intent of the legislature, by the creation of this public/private endowment, to impose additional, unintended financial liabilities on the public." [2000 c 120 § 1; 1999 c 384 § 1.]

43.330.434 Developmental disabilities endowment—Endowment principles. The design, implementation, and administration of the developmental disabilities endowment shall be governed by the following principles:

(1) The design and operation of the endowment should reward families who set aside resources for their child's future care and provide incentives for continued caregiving by the family.

(2) The endowment should encourage financial planning and reward caregiving by a broad range of families, not just those who have substantial financial resources.

(3) Families should not feel compelled to contribute to the endowment in order to meet the needs of continuing care for their child.

(4) All families should have equal access to developmental disabilities services not funded through the endowment regardless of whether they contribute to the endowment.

(5) Services funded through the endowment should be stable, ongoing, of reasonable quality, and respectful of individual and family preferences.

(6) Endowment resources should be expended economically in order to benefit as many families as possible.

(2018 Ed.)

(7) Endowment resources should be managed prudently so that families can be confident that their agreement with the endowment on behalf of their child will be honored.

(8) The private financial contribution on behalf of each person receiving services from the endowment shall be at least equal to the state's contribution to the endowment.

(9) In order to be matched with funding from the state's contribution to the endowment, the private contribution on behalf of a beneficiary must be sufficient to support the beneficiary's approved service plan for a significant portion of the beneficiary's anticipated remaining lifetime.

(10) The rate that state appropriations to the endowment are used to match private contributions shall be such that each legislative appropriation to the developmental disabilities endowment trust fund, including principal and investment income, is not depleted in a period of less than five years.

(11) Private contributions made on behalf of a particular individual, and the associated state match, shall only be used for services provided upon that person's behalf.

(12) State funds contributed to the developmental disabilities endowment trust fund are to support the individual trust accounts established by individual private contributions made by families or other interested persons for named individual beneficiaries.

(13) The governing board shall explore methods to solicit private donations. The governing board shall explore mechanisms to support individuals with developmental disabilities who do not have individual private contributions made on their behalf. The governing board shall establish policies for the use of any private donations.

(14) Types of services funded by money managed through the developmental disabilities endowment trust fund shall be approved by the governing board or its designee. [2000 c 120 § 6; 1999 c 384 § 5. Formerly RCW 43.70.734, 43.330.220.]

(3) An actuarial analysis of the number of disabled beneficiaries who are likely to be supported under alternative levels of public contribution to the endowment, and the length of time the beneficiaries are likely to be served, under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

[Title 43 RCW—page 761]

(4) Recommended eligibility criteria for participation in the endowment program;

(5) Recommended policies regarding withdrawal of private contributions from the endowment in cases of movement out of state, death of the beneficiary, or other circumstances;

(6) Recommended matching rate of public and private contributions and, for each beneficiary, the maximum annual and lifetime amount of private contributions eligible for public matching funds;

(7) The recommended minimum years of service on behalf of a beneficiary that must be supported by private contributions in order for the contributions to qualify for public matching funds from the endowment;

(8) The recommended schedule according to which lump sum or periodic private contributions should be made to the endowment in order to qualify for public matching funds;

(9) A recommended program for educating families about the endowment, and about planning for their child's long-term future; and

(10) Recommended criteria and procedure for selecting an organization or organizations to administer the developmental disabilities endowment program, and projected administrative costs. [2000 c 120 § 7. Formerly RCW 43.70.735, 43.330.225.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

43.330.440 Multijurisdictional regulatory streamlining projects—Establishment—Reports. (1) The department, in collaboration with the office of regulatory assistance and the office of accountability and performance, must conduct multijurisdictional regulatory streamlining projects that each impact a specific industry sector or subsector within a specific geographical location. Planning for an initial pilot project must begin by September 1, 2013, and the initial pilot project must be underway by December 31, 2013. One or more projects must be implemented in each subsequent calendar year through 2019.

(2) The department must establish and implement a competitive process and select a minimum of one applicant comprised of a public-private partnership for participation in each project. The initial pilot project must focus on the manufacturing sector. The department, in consultation with the economic development commission, must determine the sectors for subsequent projects. The criteria to be used to select projects must include:

(a) Evidence of strong business commitment to the project;

(b) Evidence of strong commitment by the local government jurisdictions where the project is located to allocate necessary staff to the project and to streamline laws, rules, and administrative process requirements both within their jurisdictions and collaboratively across jurisdictions;

(c) Willingness to apply lean principles and tools to streamline the business regulatory experience;

(d) Identification of a lead partner capable of providing project management and coordination of partners;

(e) Support of the stakeholders necessary to implement the project;

(f) A plan and capacity to complete the project within the time frame; and

(g) A minimum of fifty percent match must be provided from project partners. The match may be cash, in-kind, or a combination of cash and in-kind.

(3) The department is encouraged to collaborate with nonprofit industry organizations, the private sector, foundations, and other interested entities to successfully complete each project.

(4) The department must pursue opportunities for non-state funding as the match to the fifty percent or more provided by project partners. A maximum of fifty thousand dollars of state funds may be used for a project.

(5) The department may contract with a third party for expertise and facilitation.

(6) All state agencies with regulatory requirements that impact the project's industry sector must participate.

(7) The state agencies, local jurisdictions, business partners, and other participants must jointly:

(a) Develop a project plan to conduct a cross-jurisdictional review process;

(b) Identify and review all laws, rules, and administrative processes and requirements pertaining to the selected sector;

(c) Apply specific criteria to evaluate the extent to which the laws, rules, and administrative processes and requirements provide for consistent, clear, and efficient customer experiences while continuing to maintain public health, safety, and environmental standards;

(d) Develop an implementation plan and schedule that identifies priority streamlining actions;

(e) Present their recommendations to the department for comment and endorsement; and

(f) Present their recommendations to the Washington state economic development commission for comment, endorsement, and evaluation.

(8) The department must document and distribute the streamlined laws, rules, processes, and other potentially replicable information, derived from the projects to the association of Washington cities and Washington state association of counties for distribution to their membership.

(9) The department must brief the economic development committees of the legislature by January 15, 2014, on the status of the initial pilot project, and must submit a report on the outcomes of the projects to the economic development committees of the legislature by January 15th of each calendar year, from 2015 through 2020. The department must include in the reports any streamlining recommendations identified in the projects that require statutory changes for implementation and any potentially replicable models, approaches, and tools that could be applied to other sectors and geographical areas. [2013 c 324 § 2.]

Findings—Intent—2013 c 324: "(1) The legislature finds that: Since 2010, the department of commerce and the office of regulatory assistance have convened and coordinated a number of cross-agency collaborative regulatory streamlining efforts focused on improving the regulatory experience for small businesses, while maintaining public health and safety; the department of commerce has established efficient and effective regulation as one of its four global priorities to support the mission to grow and improve jobs; the state auditor's office issued a regulatory performance audit in 2012 identifying many agency actions that can also improve the business community's ability to comply with regulatory requirements; and the Washington state economic development commission's 2012 comprehensive statewide strategy emphasized the need for smarter regulations in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens.

(2) The legislature further finds that while individual agency streamlining activities result in improvements, businesses are required to interact with many state and local agencies, all with unique requirements, processes, forms, instructions, payment options, and electronic transaction capabilities. Cross-agency and cross-jurisdictional regulatory improvements are needed to meaningfully improve the overall business customer experience and ability to more easily understand and comply with requirements.

(3) Therefore, the legislature intends to authorize a business regulatory efficiency program administered by the department of commerce with the goal of providing an improved regulatory environment in Washington. By enhancing, simplifying, and better coordinating state and local regulatory processes for specific industry sectors, the amount of time it takes businesses to conduct their interactions with state government will decrease, compliance will increase, and businesses will have the opportunity to generate more revenue and create more jobs, thereby strengthening Washington's economy and overall global competitiveness." Findings—Intent—2016 c 212: "(1) The legislature finds that:

(a) Washington's unemployment rate during the recent recession created economic and social hardships for the people of the state;

(b) Local start-up companies and small businesses are likely, as they grow, to remain in their communities of origin, thereby creating local jobs and an economic multiplier effect with their payrolls and taxes while providing local economic stimuli, which increases the local tax base;

(c) Statewide economic prosperity and job creation are advanced significantly by creating, promoting, and retaining local start-up companies and small businesses with high growth potential;

(d) Entrepreneurs and small business owners of second-stage companies, which are those companies that are beyond the start-up stage but have not yet fully matured, with innovative products or services that satisfy market needs, have particular potential for expansion and job creation;

(e) Such entrepreneurs and owners can benefit from specialized business assistance to refine core strategies and from access to in-depth market research, competitor analyses, geographic information systems, search engine optimization, and other strategic information, as well as from relationships with mentors and advisers;

(2018 Ed.)

(f) The aspects of economic gardening that incorporate these principles have proven successful in improving the entrepreneurial process and promoting economically sustainable local businesses; and

(g) It is important to the overall health and growth of the state's economy to promote favorable conditions for those expanding Washington businesses that demonstrate the ability to grow.

(2) In recognition of the foregoing findings and principles, it is the intent of the legislature to create a Washington economic gardening pilot project in the department of commerce." [2016 c 212 § 1.]

RCW, or special assessments as defined in RCW 84.38.020. The lien is also subordinate to the first deed of trust or the first mortgage on the real property but has priority over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2017 c 285 § 4.]

HOMELESS YOUTH PREVENTION AND PROTECTION ACT

43.330.700 Findings—Homeless youth. (1) The legislature finds that every night thousands of homeless youth in Washington go to sleep without the safety, stability, and support of a family or a home. This population is exposed to an increased level of violence, human trafficking, and exploitation resulting in a higher incidence of substance abuse, illness, and death. The prevention and reduction of youth and young adult homelessness and protection of homeless youth is of key concern to the state. Nothing in chapter 69, Laws of

2015 is meant to diminish the work accomplished by the implementation of Becca legislation but rather, the intent of the legislature is to further enhance the state's efforts in working with unaccompanied homeless youth and runaways to encourage family reconciliation or permanent housing and support through dependency when family reconciliation is not a viable alternative.

(2) Successfully addressing youth and young adult homelessness ensures that homeless youth and young adults in our state have the support they need to thrive and avoid involvement in the justice system, human trafficking, long-term, avoidable use of public benefits, and extended adult homelessness.

(3) Providing appropriate, relevant, and readily accessible services is critical for addressing one-time, episodic, or longer-term homelessness among youth and young adults, and keeping homeless youth and young adults safe, housed, and connected to family.

(4) The coordination of statewide programs to combat youth and young adult homelessness should include programs addressing both youth and young adults. However, the legislature acknowledges that current law and best practices mandate that youth programs and young adult programs be segregated in their implementation. The legislature further finds that the differing needs of these populations should be considered when assessing which programs are relevant and appropriate.

(5) To successfully reduce and prevent youth and young adult homelessness, it is the goal of the legislature to have the following key components available and accessible:

(a) **Stable housing:** It is the goal of the legislature to provide a safe and healthy place for homeless youth to sleep each night until permanency can be reached. Every homeless young adult in our state deserves access to housing that gives them a safe, healthy, and supported launching pad to adulthood. Every family in crisis should have appropriate support as they work to keep their children housed and safe. It is the goal of the legislature that every homeless youth discharged from a public system of care in our state will not be discharged into homelessness.

(b) **Family reconciliation:** All homeless youth should have access to services that support reunification with immediate family. When reunification is not possible for homeless youth, youth should be placed in the custody of the department of social and health services.

(c) **Permanent connections:** Every homeless young adult should have opportunities to establish positive, healthy relationships with adults, including family members, employers, landlords, teachers, and community members, with whom they can maintain connections and from whom they can receive ongoing, long-term support to help them develop the skills and experiences necessary to achieve a successful transition to adulthood.

(d) **Education and employment:** Every homeless young adult in our state deserves the opportunity and support they need to complete their high school education and pursue additional education and training. It is the goal of the legislature that every homeless young adult in our state will have the opportunity to engage in employment training and be able to access employment. With both education and employment support and opportunities, young adults will have the skills

they need to become self-sufficient, self-reliant, and independent.

(e) Social and emotional well-being: Every homeless youth and young adult in our state should have access to both behavioral health care and physical health care. Every state-funded program for homeless youth and young adults must endeavor to identify, encourage, and nurture each youth's strengths and abilities and demonstrate a commitment to youth-centered programming. [2015 c 69 § 4.]

(6)(a) The office of homeless youth prevention and protection programs shall regularly consult with an advisory committee, comprised of advocates, at least two legislators, at least two parent advocates, at least one representative from law enforcement, service providers, and other stakeholders knowledgeable in the provision of services to homeless youth and young adults, including the prevention of youth and young adult homelessness, the dependency system, and family reunification, for a total of twelve members. The committee is also to report on the number of unaccompanied homeless youth statewide and by county and city and how this number is determined. The programs reviewed may include, but are not limited to, HOPE centers as described in RCW 43.185C.315 and crisis residential centers as described in RCW 43.185C.295. [2015 c 69 § 9.]

43.330.720 Unaccompanied youth—Publicly funded system of care—Department of children, youth, and fam-

ilies and the office of homeless youth prevention and protection programs to develop plan. (1) In accordance with RCW 43.330.700(5)(a), it is the goal of the legislature, that beginning January 1, 2021, any unaccompanied youth discharged from a publicly funded system of care in our state will be discharged into safe and stable housing, and that this policy applies to any judicial proceeding through which the youth has been committed to the publicly funded system of care or in any collateral proceeding that involves the custody of the youth in that system.

(2) The department of children, youth, and families and the office of homeless youth prevention and protection programs must jointly develop a plan to ensure that, by December 31, 2020, no unaccompanied youth is discharged from a publicly funded system of care into homelessness. The plan must specify actions that state agencies will need to take, any necessary statutory and funding legislative action, and the assignment of those specific state agency actions to effectuate all parts of the plan. By December 31, 2019, the department of children, youth, and families must issue the plan to the appropriate committees of the legislature and the governor.

(3) For the purposes of this section, "publicly funded system of care" means the child welfare system, the behavioral health system, the juvenile justice system, and programs administered by the office of homeless youth prevention and protection programs. [2018 c 157 § 1.]

WASHINGTON SMALL BUSINESS RETIREMENT MARKETPLACE

43.330.730 Finding—2015 c 296. The legislature finds that there is a retirement savings access gap in Washington; that Americans reach the median salary four years later than they did in 1980 and therefore have four fewer years of savings opportunities; and that one in six Americans retire in poverty. Employees who are unable to effectively build their retirement savings risk living on low incomes in their elderly years and are more likely to become dependent on state services. Further, small businesses, which employ more than forty percent of private sector employees in Washington, often choose not to offer retirement plans to employees due to concerns about costs, administrative burdens, and potential liability that they believe such plans would place on their business. In response, the legislature recognizes the work of the federal government in addressing these issues by establishing the myRA program: A safe, affordable, and accessible retirement vehicle designed to remove barriers to retirement savings. In addition, the legislature recognizes that many private financial services firms in Washington currently offer high quality retirement options for small businesses and their employees.

The Washington small business retirement marketplace will remove barriers to entry into the retirement market for small businesses by educating small employers on plan availability and promoting, without mandated participation, qualified, low-cost, low-burden retirement savings vehicles and myRA. The marketplace furthers greater retirement plan access for the residents of Washington while ensuring that individuals participating in these retirement plans will have all the protections offered by the employee retirement income

security act. Further, the Washington small business retirement marketplace will not pose any significant financial burden upon taxpayers. The Washington small business retirement marketplace will be the best way for Washington to close the retirement savings access gap, protect the fiscal stability of the state and its citizens well into the future, and further cement its place as a national leader in retirement and investor promotion and protection. The marketplace will educate and promote retirement saving among employees and in particular market to small employers with fifty or fewer employees. [2015 c 296 § 1.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—1996 c 186: "The legislature finds responsibilities of state government need to be limited to core services in support of public safety and welfare. Services provided by the Washington state energy office are primarily advisory and can be eliminated. The legislature further finds a need to redefine the state's role in energy-related regulatory functions. The state may be better served by allowing regulatory functions to be performed by other appropriate entities, simplifying state government while maintaining core services. Further, it is the intent of the legislature that the state continue to receive oil overcharge restitution funds for our citizens while every effort is being made to maximize federal funds available for energy conservation purposes." - 43.331.040 Program administration by department of commerce, in consultation with department of enterprise services and Washington State University energy program—Definitions.
- 43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature.

43.331.040 Program administration by department of commerce, in consultation with department of enterprise services and Washington State University energy program—Definitions. (1) The department of commerce, in consultation with the department of enterprise services and the Washington State University energy program, shall administer the jobs act.

(2) The department of enterprise services must develop guidelines that are consistent with national and international energy savings performance standards for the implementation of energy savings performance contracting projects by the energy savings performance contractors by December 31, 2010.

(3) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost

savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions. [2015 c 225 § 94; 2010 1st sp.s. c 35 § 301.]

Contingent effective date—2010 1st sp.s. c 35: "This act takes effect if *Second Engrossed Substitute Senate Bill No. 6143 is enacted by the legislature during the 2010 1st special session." [2010 1st sp.s. c 35 § 601.]

***Reviser's note:** Second Engrossed Substitute Senate Bill No. 6143 became chapter 23, Laws of 2010 1st sp. sess.

43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature. (1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of enterprise services, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of enterprise services' energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of enterprise services through the request of qualifications process. Third-party verification must be conducted either by an energy savings performance contractor selected by the department of enterprise services through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(8)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the department of enterprise services and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the department of enterprise services must submit a joint report to the appropriate

committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled. [2015 c 225 § 95; 2010 1st sp.s. c 35 § 302.]

Contingent effective date—2010 1st sp.s. c 35: See note following RCW 43.331.040.

43.331.900 Referral to people—Spending restriction—Ballot title—2010 1st sp.s. c 35 §§ 101 through 203 and 401 through 405.

(1) The secretary of state shall submit sections 101 through 203 and 401 through 405 of this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 and Article VIII, section 3 of the state Constitution and the laws adopted to facilitate their operation.

(2) If the people ratify this act as specified under subsection (1) of this section, revenues generated shall be spent as detailed in this act.

(3) Pursuant to RCW 29A.72.050(6), the statement of subject and concise description for the ballot title shall read: "The legislature has passed Engrossed House Bill No. 2561 (this act), concerning job creation through energy efficiency projects in school buildings. This bill would promote job creation by authorizing bonds to construct energy efficiency savings improvements to schools, including higher education buildings." [2010 1st sp.s. c 35 § 501.]

Contingent effective date—2010 1st sp.s. c 35: See note following RCW 43.331.040.

OFFICE OF THE WASHINGTON STATE TRADE REPRESENTATIVE

Sections

- 43.332.005 Findings—Purpose.
- 43.332.010 Office created—Duties.
- 43.332.020 Gifts, grants—Bank account.

43.332.005 Findings—Purpose. (1) The legislature finds that:

(a) The expansion of international trade is vital to the overall growth of Washington's economy;

(b) On a per capita basis, Washington state is the most international trade dependent state in the nation;

(c) The North American free trade agreement (NAFTA) and the general agreement on tariffs and trade (GATT) highlight the increased importance of international trade opportunities to the United States and the state of Washington;

(d) The passage of NAFTA and GATT will have a major impact on the state's agriculture, aerospace, computer software, and textiles and apparel sectors;

(e) There is a need to strengthen and coordinate the state's activities in promoting and developing its agricultural, manufacturing, and service industries overseas, especially for small and medium-sized businesses, and minority and women-owned business enterprises; and

(f) The importance of having a coherent vision for advancing Washington state's interest in the global economy has rarely been so consequential as it is now.

(2) The legislature declares that the purpose of the office of the Washington state trade representative is to:

(a) Strengthen and expand the state's activities in marketing its goods and services overseas;

(b) Review and analyze proposed international trade agreements to assess their impact on goods and services produced by Washington businesses; and

(c) Inform the legislature about ongoing trade negotiations, trade development, and the possible impacts on Washington's economy. [2003 c 346 § 1; 1995 c 350 § 1.]

43.332.010 Office created—Duties. (1) The office of the Washington state trade representative is created in the office of the governor. The office shall serve as the state's official liaison with foreign governments on trade matters.

(2) The office shall:

(a) Work with the *department of community, trade, and economic development, the department of agriculture, and other appropriate state agencies, and within the agencies' existing resources, review and analyze proposed and enacted international trade agreements and provide an assessment of the impact of the proposed or enacted agreement on Washington's businesses and firms;

(b) Provide input to the office of the United States trade representative in the development of international trade, commodity, and direct investment policies that reflect the concerns of the state of Washington;

(c) Serve as liaison to the legislature on matters of trade policy oversight including, but not limited to, updates to the legislature regarding the status of trade negotiations, trade litigation, and the impacts of trade policy on Washington state businesses;

(d) Work with the international trade division of the *department of community, trade, and economic development and the international marketing program of the Washington state department of agriculture to develop a statewide strategy designed to increase the export of Washington goods and services, particularly goods and services from small and medium-sized businesses; and

(e) Conduct other activities the governor deems necessary to promote international trade and foreign investment within the state.

(3) The office shall prepare and submit an annual report on its activities under subsection (2) of this section to the governor and appropriate committees of the legislature. [2003 c 346 § 2; 1995 c 350 § 2.]

Reviser's note: *(1) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

(2) Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 346, Laws of 2003.

(2018 Ed.)

43.332.020 Gifts, grants—Bank account. The office of the Washington state trade representative may accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this section. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. [2003 c 346 § 3.]

43.334.030 Director powers and duties. It is the intent of the legislature wherever possible to place the internal affairs of the department under the control of the director in order that the director may institute therein the flexible, alert,

and intelligent management of its business that changing contemporary circumstances require. Therefore, whenever the director's authority is not specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create such administrative structures as the director considers appropriate, except as otherwise specified by law. At a minimum, the state physical anthropologist must have a doctorate in either archaeology or anthropology and have experience in forensic osteology or other relevant aspects of physical anthropology and must have at least one year of experience in laboratory reconstruction and analysis. A medical degree with archaeological experience in addition to the experience required may substitute for a doctorate in archaeology or anthropology.

(2) The state physical anthropologist has the primary responsibility of investigating, preserving, and, when necessary, removing and reintering discoveries of nonforensic skeletal human remains. The state physical anthropologist is available to any local governments or any federally recognized tribal government within the boundaries of Washington to assist in determining whether discovered skeletal human remains are forensic or nonforensic.

(3) The director shall hire staff as necessary to support the state physical anthropologist to meet the objectives of this section.

(4) For the purposes of this section, "forensic remains" are those that come under the jurisdiction of the coroner pursuant to RCW 68.50.010. [2008 c 275 § 4.]

All appropriations provided by the legislature for this purpose as well as any reimbursement for services provided pursuant to chapter 275, Laws of 2008 must be deposited in the account. Expenditures from the account may be used only for archaeological determinations and excavations of inadvertently discovered skeletal human remains, and removal and reinterment of such remains when necessary. Only the director or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 275 § 7.]

Reporting requirements—2008 c 275: See note following RCW 68.50.645.

43.334.080 Federal and state cooperation—Rules—Construction. Any internal reorganization carried out under the terms of this chapter shall meet federal requirements that are a necessary condition to state receipt of federal funds. Any section or provision of law dealing with the department that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal

laws entitling this state to receive federal funds for the various programs of the department. If any law dealing with the department is ruled to be in conflict with federal requirements that are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, the conflicting part is declared to be inoperative solely to the extent of the conflict. [2005 c 333 § 8.]

43.334.900 Transfer of powers, duties, and functions.

(1) The office of archaeology and historic preservation is hereby abolished and its powers, duties, and functions are hereby transferred to the department of archaeology and historic preservation.

(c) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the office of archaeology and historic preservation are transferred to the jurisdiction of the department of archaeology and historic preservation. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of archaeology and historic preservation to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the office of archaeology and historic preservation shall be continued and acted upon by the department of archaeology and historic preservation. All existing contracts and obligations shall remain in full force and shall be performed by the department of archaeology and historic preservation.

(5) The transfer of the powers, duties, functions, and personnel of the office of archaeology and historic preservation shall not affect the validity of any act performed before July 24, 2005.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjust-

ments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel resources board as provided by law. The purpose of this chapter is to establish a tobacco settlement authority having the power to purchase certain rights of the state under the master settlement agreement and to issue non-recourse revenue bonds to pay outstanding obligations of the state in order to make funds available for increased costs of health care, long-term care, and other programs of the state. This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof. [2002 c 365 § 1.]

43.340.020 Tobacco settlement authority—Governance board—Meetings—Staff support. (1) The tobacco settlement authority is created and constitutes a public instrumentality and agency of the state, separate and distinct from the state, exercising public and essential governmental functions. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and may issue other types of bonds, debt obligations, and financing arrangements necessary to fulfill its

(3) The bonds of the authority shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the authority, including, but not limited to, pledges of the authority's assets, setting aside of reserves, and other provisions the authority finds are necessary or desirable for the security of bondholders.

(4) Any revenue pledged by the authority to be received under the sales agreement or in special funds created by the authority shall be valid and binding at the time the pledge is made. Receipts so pledged and then or thereafter received by the authority and any securities in which such receipts may be invested shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution or indenture of the authority or any other instrument by which a pledge is created need not be recorded or filed pursuant to chapter 62A.9A RCW to perfect such pledge. The authority shall constitute a governmental unit within the meaning of RCW 62A.9A-102.

(5) When issuing bonds, the authority may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The authority may issue refunding bonds in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(6) The board and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The authority may, out of any fund available therefor, purchase its bonds in the open market. [2011 c 74 § 702; 2002 c 365 § 8.]

Application—Effective date—2011 c 74: See notes following RCW 62A.9A-102.

43.340.060 Bonds—Obligations of authority—Not obligations of state. (1) Bonds issued under this chapter shall be issued in the name of the authority. The bonds shall not be obligations of the state of Washington and shall be

obligations only of the authority, payable solely from the special fund or funds created by the authority for their payment.

(2) Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the authority as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

(3) Contracts entered into by the authority shall be entered into in the name of the authority and not in the name of the state of Washington. The obligations of the authority under the contracts shall be obligations only of the authority and are not in any way obligations of the state of Washington. [2002 c 365 § 4.]

43.340.070 Bonds—Legal investments. Bonds issued under this chapter are hereby made securities in which all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in obligations of the state may properly and legally invest funds, including capital in their control or belonging to them. [2002 c 365 § 9.]

43.340.080 Sale of rights in master settlement agreement. (1) The governor is authorized to sell and assign to the authority all of the state's right to receive a portion of the state's annual share of the revenue derived from the master settlement agreement for litigation brought by the state against tobacco product manufacturers. The portion of the state's share sold and assigned shall be determined by the governor in an amount necessary to generate net proceeds to the state for deposit to the tobacco securitization trust account under *RCW 43.340.120 up to four hundred fifty million dollars. The attorney general shall assist the governor in the review of all necessary documentation to effect the sale. The governor and the authority are authorized to take any action necessary to facilitate and complete the sale.

(2) The sale made under this section is irrevocable so long as bonds issued under this chapter remain outstanding. The portion of the revenue sold to the authority shall be pledged to the bondholders. The sale and assignment shall constitute and be treated as a true sale and absolute transfer of the revenue so transferred and not as a pledge or other security interest granted by the state for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the revenue from the master settlement agreement is being sold and assigned, or by the state's acquisition or retention of an ownership interest in the portion of the revenue from the master settlement agreement not so assigned.

(3) In addition to such other terms, provisions, and conditions as the governor and the authority may determine appropriate for inclusion in the sale agreements, the sale agreements shall contain (a) a covenant of the state that the state will not agree to any amendment of the master settle-

ment agreement that materially and adversely affects the authority's ability to receive the portion of the state's share of master settlement agreement payments that have been sold to the authority; (b) a requirement that the state enforce, at its own expense, the provisions of the master settlement agreement that require the payment of the portion of the state's share of master settlement agreement payments that have been sold to the authority; and (c) a covenant that the state shall take no action that would adversely affect the tax-exempt status of any tax exempt bonds of the authority.

(4) On or after the effective date of the sale, the state shall not have any right, title, or interest in the portion of the state's share of the master settlement agreement revenue sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

(5) The terms of the state's sale to the authority of a portion of the master settlement agreement revenue shall provide that the portion shall be paid directly to the authority or its trustee or assignee. The revenue sold and assigned shall not be received in the treasury of the state and shall not be or deemed to be general state revenues as that term is used in Article VIII, section 1 of the state Constitution. [2002 c 365 § 7.]

*Reviser's note: RCW 43.340.120 was repealed by 2012 c 198 § 26.

43.340.090 Limitation of liability. Members of the board and persons acting in the authority's behalf, while acting within the scope of their employment or agency, are not subject to personal liability resulting from carrying out the powers and duties conferred on them under this chapter. [2002 c 365 § 10.]

43.340.100 Bankruptcy—Contractual obligation to contain section. Prior to the date that is three hundred sixty-six days after which the authority no longer has any bonds outstanding, the authority is prohibited from filing a voluntary petition under chapter 9 of the federal bankruptcy code or such corresponding chapter or section as may, from time to time, be in effect, and a public official or organization, entity, or other person shall not authorize the authority to be or become a debtor under chapter 9 or any successor or corresponding chapter or sections during such periods. This section shall be part of any contractual obligation owed to the holders of bonds issued under this chapter. Any such contractual obligation shall not subsequently be modified by state law during the period of the contractual obligation. [2002 c 365 § 11.]

43.340.110 Dissolution of authority. The authority shall dissolve no later than two years from the date of final payment of all of its outstanding bonds and the satisfaction of all outstanding obligations of the authority, except to the extent necessary to remain in existence to fulfill any outstanding covenants or provisions with bondholders or third parties made in accordance with this chapter. Upon dissolution of the authority, all assets of the authority shall be returned to the state and shall be deposited in the state general fund, and the authority shall execute any necessary assignments or instruments, including any assignment of any right,

title, or ownership to the state for receipt of payments under the master settlement agreement. [2002 c 365 § 12.]

43.340.130 Appeals bonds—Amounts. (1) Except as provided in subsection (2) of this section, in order to secure and protect the moneys to be received as a result of the master settlement agreement in civil litigation under any legal theory involving a signatory, a successor of a signatory, or any affiliate of a signatory to the master settlement agreement, the supersedeas bond to be furnished in order to stay the execution of the judgment during the entire course of appellate review shall be set in accordance with applicable laws or court rules, except that the total bond that is required of all appellants collectively shall not exceed one hundred million dollars, regardless of the value of the judgment.

(2) If an appellee proves by a preponderance of the evidence that an appellant is dissipating assets outside the ordinary course of business to avoid the payment of a judgment, a court may require the appellant to post a bond in an amount up to the amount of the judgment. [2006 c 246 § 2.]

Findings—Intent—2006 c 246: "(1) The legislature finds that:

(a) Over the past five years, Washington has received more than seven hundred million dollars from the tobacco master settlement agreement;

(b) While the state has securitized a portion of the moneys it was promised under the master settlement agreement, the remainder of the master settlement agreement payments is used to fund important health programs such as the state's basic health plan, children's health insurance, childhood vaccines, and public health;

(c) Litigation now pending in the state or filed in the future could result in damage awards against master settlement agreement signatories or their successors or affiliates that are so large that the defendants could obtain a stay of the execution of the judgment while they appeal only by declaring bankruptcy, rather than posting an appeal bond under state law;

(d) Should a master settlement agreement signatory declare bankruptcy, issues might be raised about whether that disrupts or jeopardizes the payments that fund important state programs;

(e) The legislature has the substantive obligation to raise revenue and to protect the financial well-being of the state and its citizens. Pursuant to that obligation, it is the legislature's responsibility to ensure the continued receipt of master settlement agreement funds to the maximum extent possible.

(2) Therefore, the legislature intends to place a maximum limit on the appeal bond a master settlement agreement signatory or a successor or affiliate of a master settlement agreement signatory can be required to post in litigation in order to stay execution of the judgment without being forced into bankruptcy while it exercises its right to appeal an adverse judgment." [2006 c 246 § 1.]

The plan must provide for appropriate funding continuity and take into account the projected speed at which revenues will be available and amounts that can be spent during the plan period.

(3) The endowment must solicit requests for grant funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research or program; (b) its potential to improve health outcomes of persons with cancer, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular cancer or cancer-related condition or disease; (c) its potential for leveraging additional funding; (d) its potential to provide additional health care benefits or benefit other human diseases or conditions; (e) its potential to stimulate life science, health care, and biomedical employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty, sales, or licensing revenue, or other commercialization-related revenue and contractual means to recapture such income for purposes of this chapter; and (h) evidence of public and private collaboration.

The fund must be a separate private account outside the state treasury into which grants and contributions received from public and private sources as well as state matching funds must be deposited, and from which funds for grants awarded by the endowment must be disbursed. Once moneys in the Andy Hill cancer research endowment fund match transfer account are subject to an agreement under RCW 43.348.080(6) and are deposited in the fund under this section, the moneys in the

(2018 Ed.)

fund are not considered state money, common cash, or revenue to the state;

(d) Establish policies and procedures to facilitate the orderly process of grant application, review, selection, and notification; and

(e) Distribute funds to selected entities through grant agreements. Grant agreements must set forth the terms and conditions of the grant and must include, but not be limited to: (i) Deliverables to be provided by the recipient pursuant to the grant; (ii) the circumstances under which the grant amount would be required to be repaid or the circumstances under which royalty, sales, or licensing revenue, or other commercialization-related revenue would be required to be shared; and (iii) indemnification, dispute resolution, and any other terms and conditions as are customary for grant agreements or are deemed reasonable by the board. The program administrator may negotiate with any grantee the costs associated with performing scientific activities funded by grants.

(2) Periodically, but not less often than every three years, the endowment and the department must conduct a request for proposals and retain the services of an independent auditor with experience in performance auditing of research granting entities similar to the endowment. The independent auditor must review the endowment's strategic plan, program, and program administrator and publish a report assessing their performance and providing recommendations for improvement. The endowment must hold at least one public hearing at which the results of each audit are presented and discussed. [2018 c 4 § 6; 2015 3rd sp.s. c 34 § 7.]

43.348.070 Charitable contributions. (Expires July 1, 2025.) The program administrator may create additional legal entities and take such action as may be necessary or advisable to enable the fund to accept charitable contributions. In addition, the program administrator may provide technical assistance, information, and training to private employers and other potential donors to establish programs that facilitate charitable contributions to the fund including tobacco use premium surcharge programs. [2018 c 4 § 7; 2015 3rd sp.s. c 34 § 8.]

43.348.080 Andy Hill cancer research endowment fund match transfer account. (Expires July 1, 2025.) (1) The Andy Hill cancer research endowment fund match transfer account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the program created in RCW 43.348.040. The purpose of the account is to provide matching funds for the fund and administrative costs. Expenditures to fund or reimburse the program administrator are not subject to the requirements of subsection (4) of this section.

(2) Revenues to the account must consist of deposits into the account, legislative appropriations, and any gifts, grants, or donations received by the department for this purpose.

(3) The legislature must appropriate a state match, up to a maximum of ten million dollars annually, beginning July 1, 2016, and each July 1st following the end of the fiscal year from tax collections and penalties generated from enforce-

ment of state taxes on cigarettes and other tobacco products by the state liquor and cannabis board or other federal, state or local law or tax enforcement agency, as determined by the department of revenue. Tax collections include any cigarette tax, other tobacco product tax, and retail sales and use tax.

(4) Expenditures, in the form of matching funds, from the account may be made only upon receipt of proof from the program administrator of nonstate or private contributions to the fund for the program. Expenditures, in the form of matching funds, may not exceed the total amount of nonstate or private contributions.

(5) Only the director of the department or the director's designee may authorize expenditures from the Andy Hill cancer research endowment fund match transfer account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (4) of this section.

(6) The department must enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds. [2018 c 4 § 8; 2015 3rd sp.s. c 34 § 9.]

43.348.900 Expiration of chapter. This chapter expires July 1, 2025. [2015 3rd sp.s. c 34 § 10.]

43.350.005 Findings—Purpose—Intent. The legislature declares that promoting the health of state residents is a fundamental purpose of state government. The legislature declares it to be a clear public purpose and governmental function to promote life sciences research to foster a preventive and predictive vision of the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington. The legislature finds that public support for and promotion of life sciences research will benefit the state and its residents through improved health status and health outcomes, economic development, and contributions to scientific knowledge, and such research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives, especially in the area of regenerative medicine. The legislature finds that public support for and promotion of life sciences research has the potential to provide cures or new treatments for many debilitating diseases that cost the state millions of dollars each year. It is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the

revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research. The purpose of this chapter is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this chapter. The life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to build upon existing strengths in the area of biosciences and biomanufacturing in order to spread the economic benefits across the state. The life sciences discovery fund is also intended to foster improved health care outcomes and improved agricultural production research across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment. [2005 c 424 § 1.]

43.350.020 Life sciences discovery fund authority.

(1) The life sciences discovery fund authority is created and constitutes a public instrumentality and agency of the state, separate and distinct from the state, exercising public and essential governmental functions.

(2) The powers of the authority are vested in and shall be exercised by a board of trustees consisting of: Two members of either the house appropriations committee or the house committee dealing with technology issues, one from each caucus, to be appointed by the speaker of the house of representatives; two members of either the senate committee on ways and means or the senate committee dealing with technology issues, one from each caucus, to be appointed by the president of the senate; and seven members appointed by the governor with the consent of the senate, one of whom shall be appointed by the governor as chair of the authority and who shall serve on the board and as chair of the authority at the pleasure of the governor. The respective officials shall make the initial appointments no later than thirty days after May 12, 2005. The term of the trustees, other than the chair, is four years from the date of their appointment, except that the terms of three of the initial gubernatorial appointees, as determined by the governor, are for two years from the date of their appointment. A trustee appointed by the governor may be removed by the governor for cause under RCW 43.06.070 and 43.06.080. The appropriate official shall fill any vacancy on the board by appointment for the remainder of the unexpired term. The trustees appointed by the governor shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the authority, for expenses incurred in the discharge of their duties under this chapter, subject to RCW 43.03.050 and 43.03.060. The trustees who are legislators shall be reimbursed for travel expenses in accordance with RCW 44.04.120.

(3) Seven members of the board constitute a quorum.

(4) The trustees shall elect a treasurer and secretary annually, and other officers as the trustees determine necessary, and may adopt bylaws or rules for their own government.

(5) Meetings of the board shall be held in accordance with the open public meetings act, chapter 42.30 RCW, and at the call of the chair or when a majority of the trustees so requests. Meetings of the board may be held at any location within or out of the state, and trustees may participate in a meeting of the board by means of a conference telephone or similar communication equipment under RCW 23B.08.200.

(6) The authority is subject to audit by the state auditor.

(7) The attorney general must advise the authority and represent it in all legal proceedings. [2005 c 424 § 3.]

43.350.030 Authority—Trust powers. In addition to other powers and duties prescribed in this chapter, the authority is empowered to:

(1) Use public moneys in the life sciences discovery fund, leveraging those moneys with amounts received from other public and private sources in accordance with contribution agreements, to promote life sciences research;

(2) Solicit and receive gifts, grants, and bequests, and enter into contribution agreements with private entities and public entities other than the state to receive moneys in consideration of the authority's promise to leverage those moneys with amounts received through appropriations from the legislature and contributions from other public entities and private entities, in order to use those moneys to promote life sciences research. Nonstate moneys received by the authority for this purpose shall be deposited in the life sciences discovery fund created in RCW 43.350.070;

(3) Hold funds received by the authority in trust for their use pursuant to this chapter to promote life sciences research;

(4) Manage its funds, obligations, and investments as necessary and as consistent with its purpose including the segregation of revenues into separate funds and accounts;

(5) Make grants to entities pursuant to contract for the promotion of life sciences research to be conducted in the state. Grant agreements must specify deliverables to be provided by the recipient pursuant to the grant. The authority shall solicit requests for funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research; (b) its potential to improve health outcomes, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular disease or condition; (c) its potential for leveraging additional funding; (d) its potential to provide health care benefits or benefit human learning and development; (e) its potential to stimulate the health care delivery, biomedical manufacturing, and life sciences related employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty income and contractual means to recapture such income for purposes of this chapter; and (h) evidence of public and private collaboration;

(6) Create one or more advisory boards composed of scientists, industrialists, and others familiar with life sciences research; and

[2005 c 424 § 6.]

43.350.060 Dissolving the authority. The authority may petition the legislature to be dissolved upon a showing that it has no reason to exist and that any assets it retains must be distributed to one or more similar entities approved by the legislature. The legislature reserves the right to dissolve the authority after its contractual obligations to its funders and grant recipients have expired. [2005 c 424 § 7.]

43.350.070 Life sciences discovery fund. The life sciences discovery fund is created in the custody of the state treasurer. Only the board or the board's designee may authorize expenditures from the fund. Expenditures from the fund may be made only for purposes of this chapter. Administrative expenses of the authority, including staff support, may be paid only from the fund. Revenues to the fund consist of transfers made by the legislature from strategic contribution payments deposited in the tobacco settlement account under RCW 43.79.480, moneys received pursuant to contribution agreements entered into pursuant to RCW 43.350.030, moneys received from gifts, grants, and bequests, and interest earned on the fund. During the 2015-2017 fiscal biennium, the legislature may transfer to other state funds or accounts such amounts as represent the excess balance of the life sciences discovery fund. During the 2017-2019 fiscal biennium, the legislature may make appropriations from the fund to the department of commerce for providing life sciences research grants. [2018 c 299 § 924; 2016 sp.s. c 36 § 937; 2011 c 5 § 916; 2005 c 424 § 8.]

Tax incentives for Washington main street program: Chapter 82.73 RCW.

43.360.005 Findings—Intent. (1) The legislature finds:

(a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and business transacted through the internet;

(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and

(d) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.

(2) It is the intent of the legislature to establish a program to:

(a) Work in partnership with these organizations;

(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and

(c) Certify a downtown or neighborhood commercial district organization's use of available tax incentives. [2005 c 514 § 901.]

43.360.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area" means a geographic area within a local government that is described by a closed perimeter boundary.

(2) "Department" means the department of archaeology and historic preservation.

(3) "Director" means the director of the department.

(4) "Local government" means a city, code city, or town.

(5) "Qualified levels of participation" means a local downtown or neighborhood commercial district revitaliza-

tion program that has been designated by the department. [2010 c 30 § 3; 2009 c 565 § 44; 2005 c 514 § 908.]

Finding—2010 c 30: "Many of Washington's communities use the main street program to address issues facing their older traditional commercial districts. The main street program is a preservation-based economic development program that assists communities in implementing a locally driven downtown revitalization effort. However, the main street program is broader than merely preserving a community's downtown, it is the revitalization of that community's downtown. Downtown revitalization creates jobs and puts people to work. Downtown revitalization attracts new businesses and offers local investment opportunities. New and expanding downtown businesses generate increased sales tax and attract export dollars to the community. Therefore, the legislature finds that the movement of the main street program from the department of commerce to the department of archaeology and historic preservation is designed to provide for both the preservation of a community's downtown and economic development for that community." [2010 c 30 § 1.]

Effective date—2010 c 30: "This act takes effect July 1, 2010." [2010 c 30 § 7.]

Additional notes found at www.leg.wa.gov

43.360.020 Program created—Duties. The Washington main street program is created within the department. In order to implement the Washington main street program, the department shall:

(1) Provide technical assistance to businesses, property owners, organizations, and local governments undertaking a comprehensive downtown or neighborhood commercial district revitalization initiative and management strategy. Technical assistance may include, but is not limited to, initial site evaluations and assessments, training for local programs, training for local program staff, site visits and assessments by technical specialists, local program design assistance and evaluation, and continued local program on-site assistance;

(2) To the extent funds are made available, provide financial assistance to local governments or local organizations to assist in initial downtown or neighborhood commercial district revitalization program start-up costs, specialized training, specific project feasibility studies, market studies, and design assistance;

(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural county as defined in *RCW 43.160.020(12), and provide for designation of local programs under RCW 43.360.030;

(4) Operate the Washington main street program in accordance with the plan developed by the department, in consultation with the Washington main street advisory committee created under **RCW 43.360.040; and

(5) Consider other factors the department deems necessary for the implementation of this chapter. [2005 c 514 § 909.]

Reviser's note: *(1) RCW 43.160.020 was amended by 2009 c 565 § 35, changing subsection (12) to subsection (5).

***(2) RCW 43.360.040 was repealed by 2010 1st sp.s. c 7 § 68.

Additional notes found at www.leg.wa.gov

43.360.030 Designation of specific programs—Criteria. (1) The department shall adopt criteria for the designation of local downtown or neighborhood commercial district revitalization programs and official local main street programs. In establishing the criteria, the department shall consider:

(a) The degree of interest and commitment to comprehensive downtown or neighborhood commercial district revitalization and, where applicable, historic preservation by both the public and private sectors;

(b) The evidence of potential private sector investment in the downtown or neighborhood commercial district;

(c) Where applicable, a downtown or neighborhood commercial district with sufficient historic fabric to become a foundation for an enhanced community image;

(d) The capacity of the organization to undertake a comprehensive program and the financial commitment to implement a long-term downtown or neighborhood commercial district revitalization program that includes a commitment to employ a professional program manager and maintain a sufficient operating budget;

(e) The department's existing downtown revitalization program's tier system;

(f) The national main street center's criteria for designating official main street cities; and

(g) Other factors the department deems necessary for the designation of a local program.

(2) The department shall designate local downtown or neighborhood commercial district revitalization programs and official local main street programs. The programs shall be limited to three categories of designation, one of which shall be the main street level.

(3) *RCW 82.73.010 does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more. [2005 c 514 § 910.]

***Reviser's note:** Reference to RCW 43.360.020 was apparently intended.

43.360.050 Washington main street trust fund account. The Washington main street trust fund account is created in the state treasury. All receipts from private contributions, federal funds, legislative appropriations, and fees for services, if levied, must be deposited into the account. Expenditures from the account may be used only for the operation of the Washington main street program. [2005 c 514 § 912.]

REGIONAL TRANSFER OF DEVELOPMENT RIGHTS PROGRAM

Sections

43.362.005	Findings.
43.362.010	Definitions.
43.362.020	Regional transfer of development rights program.
43.362.030	Program established in central Puget Sound.

- 43.362.040 Designation of sending and receiving areas—Inclusion of certain lands in programs for agricultural or forestland conservation.
- 43.362.050 Interlocal agreement for transfers of development rights—Rules.
- 43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers.
- 43.362.070 Quantitative and qualitative performance measures—Reporting—Posting on web site.

43.362.005 Findings. (1) The legislature finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands, and that the creation of a regional transfer of development rights marketplace will assist in conserving these lands.

(2) A transfer of development rights is a market-based exchange mechanism that encourages the voluntary transfer of development rights from sending areas with lower population densities to receiving areas with higher population densities. When development rights are transferred through a transfer of development rights exchange, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities, activities that may include farming, forest management, conservation, or passive recreation. Additionally, in a transfer of development rights exchange, the costs of purchasing the recorded development restrictions are borne by the developers who receive the transferred right in the form of a building credit or bonus.

(3) The legislature further finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports the creation or retention of jobs.

(4) Participation in a regional transfer of development rights program by counties, cities, and towns should be as simple as possible.

(5) Accordingly, the legislature has determined that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. [2009 c 474 § 1; 2007 c 482 § 1.]

43.362.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "By-right permitting" means that project applications for permits that use transferable development rights would be

subject to administrative review. Administrative review allows a local planning official to approve a project without noticed public hearings.

(2) "Department" means the department of commerce.

(3) "Nongovernmental entities" includes nonprofit or membership organizations with experience or expertise in transferring development rights.

(4) "Receiving area ratio" means the number or character of development rights that are assigned to a development right for use in a receiving area. Development rights in a receiving area may be used at the discretion of the receiving area jurisdiction, including but not limited to additional residential density, additional building height, additional commercial floor area, or to meet regulatory requirements.

(5) "Receiving areas" are lands within and designated by a city or town in which transferable development rights from the regional program established by this chapter may be used.

(6) "Regional transfer of development rights program" or "regional program" means the regional transfer of development rights program established by RCW 43.362.030 in central Puget Sound, including King, Pierce, Kitsap, and Snohomish counties and the cities and towns within these counties.

(7) "Sending area" includes those lands that meet conservation criteria as described in RCW 43.362.040.

(8) "Sending area ratio" means the number of development rights that a sending area landowner can sell per acre.

(9) "Transfer of development rights" includes methods for protecting land from development by voluntarily removing the development rights from a sending area and transferring them to a receiving area for the purpose of increasing development density or intensity in the receiving area.

(10) "Transferable development right" means a right to develop one or more residential units in a sending area that can be sold and transferred for use consistent with a receiving ratio adopted for development in a designated receiving area consistent with the regional program. [2009 c 565 § 45; 2009 c 474 § 2; 2007 c 482 § 2.]

Reviser's note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2009 c 474 § 2 and by 2009 c 565 § 45, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.362.020 Regional transfer of development rights program. Subject to the availability of amounts appropriated for this specific purpose, the department shall fund a process to develop a regional transfer of development rights program that comports with chapter 36.70A RCW that:

(1) Encourages King, Kitsap, Pierce, and Snohomish counties, and the cities within these counties, to participate in the development and implementation of regional frameworks and mechanisms that make transfer of development rights programs viable and successful. The department shall encourage and embrace the efforts in any of these counties or cities to develop local transfer of development rights programs. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council and its growth management policy board to develop a process that satisfies the requirements of this chapter. In the development of a process to create a regional transfer of development

rights program, the Puget Sound regional council and its growth management policy board shall develop policies to discourage, or prohibit if necessary, the transfer of development rights from a sending area that would negatively impact the future economic viability of the sending area. The department shall also work with an advisory committee to develop a regional transfer of development rights marketplace that includes, but is not limited to, supporting strategies for financing infrastructure and conservation. The department shall establish an advisory committee of nine stakeholders with representatives of the following interests:

(a) Two qualified nongovernmental organizations with expertise in the transfer of development rights. At least one organization must have a statewide expertise in growth management planning and in the transfer of development rights and at least one organization must have a local perspective on market-based conservation strategies and transfer of development rights;

(b) Two representatives from real estate and development;

(c) One representative with a county government perspective;

(d) Two representatives from cities of different sizes and geographic areas within the four-county region; and

(e) Two representatives of the agricultural industry; and

(2) Allows the department to utilize recommendations of the interested local governments, nongovernmental entities, and the Puget Sound regional council to develop recommendations and strategies for a regional transfer of development rights marketplace with supporting strategies for financing infrastructure and conservation that represents the consensus of the governmental and nongovernmental parties engaged in the process. However, if agreement between the parties cannot be reached, the department shall make recommendations to the legislature that seek to balance the needs and interests of the interested governmental and nongovernmental parties. The department may contract for expertise to accomplish any of the following tasks. Recommendations developed under this subsection must:

(a) Identify opportunities for cities, counties, and the state to achieve significant benefits through using transfer of development rights programs and the value in modifying criteria by which capital budget funds are allocated, including but not limited to, existing state grant programs to provide incentives for local governments to implement transfer of development rights programs;

(b) Address challenges to the creation of an efficient and transparent transfer of development rights market, including the creation of a transfer of development rights bank, brokerage, or direct buyer-seller exchange;

(c) Address issues of certainty to buyers and sellers of development rights that address long-term environmental benefits and perceived inequities in land values and permitting processes;

(d) Address the means for assuring that appropriate values are recognized and updated, as well as specifically addressing the need to maintain the quality of life in receiving neighborhoods and the protection of environmental values over time;

(e) Identify opportunities and challenges that, if resolved, would result in cities throughout the Puget Sound

region participating in a transfer of development rights market;

(f) Compare the uses of a regional transfer of development rights program to other existing land conservation strategies to protect rural and resource lands and implement the growth management act; and

(g) Identify appropriate sending areas so as to protect future growth and economic development needs of the sending areas. [2007 c 482 § 3.]

43.362.030 Program established in central Puget Sound.

(1) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties. The program must be guided by the Puget Sound regional council's multicounty planning policies adopted under RCW 36.70A.210(7).

(2) The purpose of the program is to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties. Private transactions between buyers and sellers of transferable development rights are allowed and encouraged under this program. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council to implement a regional program.

(3) The department shall encourage participation by the cities, towns, and counties in the regional program. The regional program shall not be implemented in a manner that negatively impacts existing local programs. The department shall encourage and work to enhance the efforts in any of these counties, cities, or towns to develop local transfer of development rights programs or enhance existing programs.

(4) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall do the following to implement a regional transfer of development rights program in central Puget Sound:

(a) Serve as the central coordinator for state government in the implementation of RCW 43.362.030 through 43.362.070.

(b) Offer technical assistance to cities, towns, and counties planning for participation in the regional transfer of development rights program. The department's technical assistance shall:

(i) Include written guidance for local development and implementation of the regional transfer of development rights program;

(ii) Include guidance for and encourage permitting or environmental review incentives for developers to participate. Activities may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240;

(iii) Provide guidance to counties, cities, and towns to negotiate receiving area ratios and foster private transactions;

(iv) Provide guidance and encourage planning for receiving areas that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing; and

(v) Provide guidance and encourage planning for receiving areas that maximizes opportunities for economic development through the creation or retention of jobs.

(c) Work with counties, cities, and towns to inform elected officials, planning commissions, and the public regarding the regional transfer of development rights program. The information provided by the department shall discuss the importance of preserving farmland and farming, and forestland and forestry, to cities and towns and the local economy.

(d) Based on information provided by the counties, cities, and towns, post on a web site information regarding transfer of development rights transactions and a list of interested buyers and sellers of transferable development rights.

(e) Coordinate with and provide resources to state and local agencies and stakeholders to provide public outreach. [2009 c 474 § 3.]

43.362.040 Designation of sending and receiving areas—Inclusion of certain lands in programs for agricultural or forestland conservation. (1) Counties shall use the following criteria to guide the designation of sending areas for participation in the regional transfer of development rights program:

(a) Land designated as agricultural or forestland of long-term commercial significance;

(b) Land designated rural that is being farmed or managed for forestry;

(c) Land whose conservation meets other state and regionally adopted priorities; and

(d) Land that is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

Nothing in these criteria limits a county's authority to designate additional lands as a sending area for conservation under a local county transfer of development rights program.

(2) Upon purchase of a transferable development right from land designated rural that is being farmed or managed for forestry, a county must include the land from which the right was purchased in any programs it administers for conservation of agricultural land or forestland.

(3) The designation of receiving areas is limited to incorporated cities or towns. Prior to designating a receiving area, a city or town should have adequate infrastructure planned and funding identified for development in the receiving area at densities or intensities consistent with what can be achieved under the local transfer of development rights program. Nothing in this subsection limits a city's, town's, or county's authority to designate additional lands for a receiving area under a local intrajurisdictional transfer of development rights program that is not part of the regional program.

(4) Cities and towns participating in the regional transfer of development rights program shall have discretion to determine which sending areas they receive development rights from to be used in their designated receiving areas.

(5) Designation of sending and receiving areas should include a process for public outreach consistent with the public participation requirements in chapter 36.70A RCW. [2009 c 474 § 4.]

43.362.050 Interlocal agreement for transfers of development rights—Rules. (1) To facilitate participation, the department shall develop and adopt by rule terms and conditions of an interlocal agreement for transfers of development rights between counties, cities, and towns. Counties, cities, and towns participating in the regional program have the option of adopting the rule by reference to transfer development rights across jurisdictional boundaries as an alternative to entering into an interlocal agreement under chapter 39.34 RCW.

(2) This section and the rules adopted under this section shall be deemed to provide an alternative method for the implementation of a regional transfer of development rights program, and shall not be construed as imposing any additional condition upon the exercise of any other powers vested in municipalities.

(3) Nothing in this section prohibits a county, city, or town from entering into an interlocal agreement under chapter 39.34 RCW to transfer development rights under the regional program. [2009 c 474 § 5.]

43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers. (1) Counties, cities, and towns that choose to participate in the regional transfer of development rights program must:

(a) Enter into an interlocal agreement or adopt a resolution adopting by reference the provisions in the department rule authorized in RCW 43.362.050; and

(b) Adopt transfer of development rights policies or implement development regulations that:

(i) Comply with chapter 36.70A RCW;

(ii) Designate sending or receiving areas consistent with RCW 43.362.030 through 43.362.070; and

(iii) Adopt a sending or receiving area ratio in cooperation with the sending or receiving jurisdiction.

(2) Cities and towns that choose to participate in the regional transfer of development rights program are encouraged to provide permitting or environmental review incentives for developers to participate. Such incentives may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240. [2009 c 474 § 6.]

43.362.070 Quantitative and qualitative performance measures—Reporting—Posting on web site. The department will develop quantitative and qualitative performance measures for monitoring the regional transfer of development rights program. The performance measures may address conservation of land and creation of compact communities, as well as other measures identified by the department. The department may require cities, towns, and counties to report on these performance measures biannually. The

department shall compile any performance measure information that has been reported by the counties, cities, and towns and post it on a web site. [2009 c 474 § 7.]

43.365.005 Findings—Intent. The legislature recognizes the motion picture industry in Washington as a valuable commodity contributing greatly to the economic vitality of the state and the cultural integrity of our communities. The legislature further recognizes the production of in-state motion pictures, television programs, and television commercials creates a marked increase in tourism, family-wage jobs, and the sale of local goods and services generating revenue for the state. Furthermore, with captive national and international audiences, the world is introduced to the state's pristine scenic venues and reminded that the Pacific Northwest is a great place to live and raise a family. The legislature also recognizes the inherent educational value of promoting arts and culture as well as the benefits of training young motion picture professionals who will build a fruitful industry for years to come.

The legislature finds in recent years that the state has realized a drastic decline in motion picture production that precludes economic expansion and threatens the state's reputation as a production destination. With the emergence of tax incentives in thirty states nationwide, in-state producers are taking their projects to more competitive economic climates, such as Oregon and Vancouver, British Columbia, where compelling tax incentive packages and subsidies are already in effect.

The legislature also finds that in recent years increasingly workers in Washington state are without health insurance coverage and retirement income protections, causing hardships on workers and their families and higher costs to the state.

Therefore, it is the intent of the legislature to recognize both national and international competition in the motion picture production marketplace. The legislature is committed to leveling the competitive playing field and interested in a partnership with the private sector to regain Washington's place as a premier destination to make motion pictures, television, and television commercials. While at the same time the legislature is committed to ensuring that workers in the motion picture and television industry are covered under health insurance and retirement income plans. [2006 c 247 § 1.]

(3) The Washington motion picture competitiveness program established in RCW 43.365.030, in collaboration with the department and the department of revenue, and in consultation with the joint legislative audit and review committee, must develop a survey form and instructions that accompany the survey form by November 1, 2012. 43.370.030 Development of strategy—Goals and principles—Required elements—Reports—Public hearings. (1) The office shall develop a statewide health resources strategy. The strategy shall establish statewide health planning policies and goals related to the availability of health care facilities and services, quality of care, and cost of care. The strategy shall identify needs according to geographic regions suitable for comprehensive health planning as designated by the office.

(2) The development of the strategy shall consider the following general goals and principles:

(a) That excess capacity of health services and facilities place considerable economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance purchasers, carriers, and taxpayers; and

(b) That the development and ongoing maintenance of current and accurate health care information and statistics related to cost and quality of health care, as well as projections of need for health facilities and services, are essential to effective strategic health planning.

(3) The strategy, with public input by health service areas, shall include:

(a) A health system assessment and objectives component that:

(i) Describes state and regional population demographics, health status indicators, and trends in health status and health care needs; and

(ii) Identifies key policy objectives for the state health system related to access to care, health outcomes, quality, and cost-effectiveness;

(b) A health care facilities and services plan that shall assess the demand for health care facilities and services to inform state health planning efforts and direct certificate of need determinations, for those facilities and services subject to certificate of need as provided in chapter 70.38 RCW. The plan shall include:

(i) An inventory of each geographic region's existing health care facilities and services;

(ii) Projections of need for each category of health care facility and service, including those subject to certificate of need;

(iii) Policies to guide the addition of new or expanded health care facilities and services to promote the use of quality, evidence-based, cost-effective health care delivery options, including any recommendations for criteria, standards, and methods relevant to the certificate of need review process; and

(iv) An assessment of the availability of health care providers, public health resources, transportation infrastructure, and other considerations necessary to support the needed health care facilities and services in each region;

(c) A health care data resource plan that identifies data elements necessary to properly conduct planning activities

and to review certificate of need applications, including data related to inpatient and outpatient utilization and outcomes information, and financial and utilization information related to charity care, quality, and cost. The plan shall inventory existing data resources, both public and private, that store and disclose information relevant to the health planning process, including information necessary to conduct certificate of need activities pursuant to chapter 70.38 RCW. The plan shall identify any deficiencies in the inventory of existing data resources and the data necessary to conduct comprehensive health planning activities. The plan may recommend that the office be authorized to access existing data sources and conduct appropriate analyses of such data or that other agencies expand their data collection activities as statutory authority permits. The plan may identify any computing infrastructure deficiencies that impede the proper storage, transmission, and analysis of health planning data. The plan shall provide recommendations for increasing the availability of data related to health planning to provide greater community involvement in the health planning process and consistency in data used for certificate of need applications and determinations;

(d) An assessment of emerging trends in health care delivery and technology as they relate to access to health care facilities and services, quality of care, and costs of care. The assessment shall recommend any changes to the scope of health care facilities and services covered by the certificate of need program that may be warranted by these emerging trends. In addition, the assessment may recommend any changes to criteria used by the department to review certificate of need applications, as necessary;

(e) A rural health resource plan to assess the availability of health resources in rural areas of the state, assess the unmet needs of these communities, and evaluate how federal and state reimbursement policies can be modified, if necessary, to more efficiently and effectively meet the health care needs of rural communities. The plan shall consider the unique health care needs of rural communities, the adequacy of the rural health workforce, and transportation needs for accessing appropriate care.

(4) The office shall submit the initial strategy to the governor and the appropriate committees of the senate and house of representatives by January 1, 2010. Every two years the office shall submit an updated strategy. The health care facilities and services plan as it pertains to a distinct geographic planning region may be updated by individual categories on a rotating, biannual schedule.

(5) The office shall hold at least one public hearing and allow opportunity to submit written comments prior to the issuance of the initial strategy or an updated strategy. A public hearing shall be held prior to issuing a draft of an updated health care facilities and services plan, and another public hearing shall be held before final adoption of an updated health care facilities and services plan. Any hearing related to updating a health care facilities and services plan for a specific planning region shall be held in that region with sufficient notice to the public and an opportunity to comment. 43.370.040 Department of health—Certificate of need review program. The office shall submit the strategy to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. As the health care facilities and services plan is updated for any specific geographic planning region, the office shall submit that plan to the department of health to direct its activities related to the certificate of need review program under chapter 70.38 RCW. The office shall not issue determinations of the merits of specific project proposals submitted by applicants for certificates of need. [2007 c 259 § 53.]

43.370.050 Requests for data and other information. (1) The office may respond to requests for data and other information from its computerized system for special studies and analysis consistent with requirements for confidentiality of patient, provider, and facility-specific records. The office may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) Data elements related to the identification of individual patient's, provider's, and facility's care outcomes are confidential, are exempt from RCW 42.56.030 through 42.56.570 and *42.17.350 through 42.17.450, and are not subject to discovery by subpoena or admissible as evidence. 43.371.005 Findings. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services. [2014 c 223 § 9.]

Finding—2014 c 223: See note following RCW 41.05.800.

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.020 Statewide all-payer health care claims database—Selection and duties of lead organization—Certification as qualified entity pursuant to 42 C.F.R. Sec. 401.703(a)—Contract with data vendor.

(1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost. The database must systematically collect all medical claims and pharmacy claims from private and public payers, with data from all settings of care that permit the systematic analysis of health care delivery.

(2) The office shall use a competitive procurement process, in accordance with chapter 39.26 RCW, to select a lead organization from among the best potential bidders to coordinate and manage the database.

(a) Due to the complexities of the all payer claims database and the unique privacy, quality, and financial objectives, the office must award extra points in the scoring evaluation for the following elements: (i) The bidder's degree of experience in health care data collection, analysis, analytics, and security; (ii) whether the bidder has a long-term self-sustainable financial model; (iii) the bidder's experience in convening and effectively engaging stakeholders to develop reports; (iv) the bidder's experience in meeting budget and timelines for report generations; and (v) the bidder's ability to combine cost and quality data.

(b) By December 31, 2017, the successful lead organization must apply to be certified as a qualified entity pursuant to 42 C.F.R. Sec. 401.703(a) by the centers for medicare and medicaid services.

(3) As part of the competitive procurement process in subsection (2) of this section, the lead organization shall enter into a contract with a data vendor to perform data collection, processing, aggregation, extracts, and analytics. The data vendor must:

(a) Establish a secure data submission process with data suppliers;

(b) Review data submitters' files according to standards established by the office;

(c) Assess each record's alignment with established format, frequency, and consistency criteria;

(d) Maintain responsibility for quality assurance, including, but not limited to: (i) The accuracy and validity of data suppliers' data; (ii) accuracy of dates of service spans; (iii) maintaining consistency of record layout and counts; and (iv) identifying duplicate records;

(e) Assign unique identifiers, as defined in RCW 43.371.010, to individuals represented in the database;

(f) Ensure that direct patient identifiers, indirect patient identifiers, and proprietary financial information are released only in compliance with the terms of this chapter;

(g) Demonstrate internal controls and affiliations with separate organizations as appropriate to ensure safe data collection, security of the data with state of the art encryption methods, actuarial support, and data review for accuracy and quality assurance;

(h) Store data on secure servers that are compliant with the federal health insurance portability and accountability act and regulations, with access to the data strictly controlled and limited to staff with appropriate training, clearance, and background checks; and

(i) Maintain state of the art security standards for transferring data to approved data requestors.

(4) The lead organization and data vendor must submit detailed descriptions to the office of the chief information officer to ensure robust security methods are in place. The office of the chief information officer must report its findings to the office and the appropriate committees of the legislature.

(5) The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall work with the data vendor to:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;

(b) Design data collection mechanisms with consideration for the time and cost incurred by data suppliers and others in submission and collection and the benefits that measurement would achieve, ensuring the data submitted meet quality standards and are reviewed for quality assurance;

(c) Ensure protection of collected data and store and use any data in a manner that protects patient privacy and complies with this section. All patient-specific information must be deidentified with an up-to-date industry standard encryption algorithm;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to RCW 43.371.060 using, but not limited to, the performance measures developed under RCW 41.05.690;

(f) Develop protocols and policies, including prerelease peer review by data suppliers, to ensure the quality of data releases and reports;

(g) Develop a plan for the financial sustainability of the database as self-sustaining and charge fees for reports and data files as needed to fund the database. Any fees must be approved by the office and should be comparable, accounting for relevant differences across data requests and uses. The

(2018 Ed.)

lead organization may not charge providers or data suppliers fees other than fees directly related to requested reports; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include in-state representation from key provider, hospital, public health, health maintenance organization, large and small private purchasers, consumer organizations, and the two largest carriers supplying claims data to the database.

(6) The lead organization governance structure and advisory committees for this database must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees. [2015 c 246 § 2; 2014 c 223 § 10.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.030 Submission of claims data to database—Annual status report.

(1) The state medicaid program, public employees' benefits board programs, all health carriers operating in this state, all third-party administrators paying claims on behalf of health plans in this state, and the state labor and industries program must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization. The director may expand this requirement by rule to include any health plans or health benefit plans defined in RCW 48.43.005(26) (a) through (i) to accomplish the goals of this chapter set forth in RCW 43.371.020(1). Employer-sponsored self-funded health plans and Taft-Hartley trust health plans may voluntarily provide claims data to the database within the time frames and in accordance with procedures established by the lead organization.

(2) Any data supplier used by an entity that voluntarily participates in the database must provide claims data to the data vendor upon request of the entity.

(3) The lead organization shall submit an annual status report to the office regarding compliance with this section. [2015 c 246 § 3; 2014 c 223 § 11.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.040 Claims data and database—Exempt from public disclosure—Not subject to subpoena or compulsory process.

(1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained, distributed, or reported in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to provide such information pursuant to subpoena or testify with regard to such data, except that data pertaining to a party in

litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter. [2015 c 246 § 4; 2014 c 223 § 12.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.050 Availability of claims or data for retrieval—Confidentiality of claims or data—Duties of the lead organization and the data vendor. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request. Each request for claims data must include, at a minimum, the following information:

(a) The identity of any entities that will analyze the data in connection with the request;

(b) The stated purpose of the request and an explanation of how the request supports the goals of this chapter set forth in RCW 43.371.020(1);

(c) A description of the proposed methodology;

(d) The specific variables requested and an explanation of how the data is necessary to achieve the stated purpose described pursuant to (b) of this subsection;

(e) How the requester will ensure all requested data is handled in accordance with the privacy and confidentiality protections required under this chapter and any other applicable law;

(f) The method by which the data will be stored, destroyed, or returned to the lead organization at the conclusion of the data use agreement;

(g) The protections that will be utilized to keep the data from being used for any purposes not authorized by the requester's approved application; and

(h) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(2) The lead organization may decline a request that does not include the information set forth in subsection (1) of this section that does not meet the criteria established by the lead organization's data release advisory committee, or for reasons established by rule.

(3) Except as otherwise required by law, the office shall direct the lead organization and the data vendor to maintain the confidentiality of claims or other data it collects for the database that include proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Any entity that receives claims or other data must also maintain confidentiality and may only release such claims data or any part of the claims data if:

(a) The claims data does not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof; and

(b) The release is described and approved as part of the request in subsection (1) of this section.

(4) The lead organization shall, in conjunction with the office and the data vendor, create and implement a process to govern levels of access to and use of data from the database consistent with the following:

(a) Claims or other data that include proprietary financial information, direct patient identifiers, indirect patient identifiers, unique identifiers, or any combination thereof may be released only to the extent such information is necessary to achieve the goals of this chapter set forth in RCW 43.371.020(1) to researchers with approval of an institutional review board upon receipt of a signed data use and confidentiality agreement with the lead organization. A researcher or research organization that obtains claims data pursuant to this subsection must agree in writing not to disclose such data or parts of the data set to any other party, including affiliated entities, and must consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(b) Claims or other data that do not contain direct patient identifiers, but that may contain proprietary financial information, indirect patient identifiers, unique identifiers, or any combination thereof may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization. Federal, state, and local government agencies that obtain claims data pursuant to this subsection are prohibited from using such data in the purchase or procurement of health benefits for their employees; and

(ii) Any entity when functioning as the lead organization under the terms of this chapter.

(c) Claims or other data that do not contain proprietary financial information, direct patient identifiers, or any combination thereof, but that may contain indirect patient identifiers, unique identifiers, or a combination thereof may be released to agencies, researchers, and other entities as approved by the lead organization upon receipt of a signed data use agreement with the lead organization.

(d) Claims or other data that do not contain direct patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof may be released upon request.

(5) Reports utilizing data obtained under this section may not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Nothing in this subsection (5) may be construed to prohibit the use of geographic areas with a sufficient population size or aggregate gender, age, medical condition, or other characteristics in the generation of reports, so long as they cannot lead to the identification of an individual.

(6) Reports issued by the lead organization at the request of providers, facilities, employers, health plans, and other entities as approved by the lead organization may utilize proprietary financial information to calculate aggregate cost data for display in such reports. The office shall approve by rule a format for the calculation and display of aggregate cost data consistent with this chapter that will prevent the disclosure or determination of proprietary financial information. In developing the rule, the office shall solicit feedback from the stakeholders, including those listed in RCW 43.371.020(5)(h), and must consider, at a minimum, data presented as proportions, ranges, averages, and medians, as well as the differences in types of data gathered and submitted by data suppliers.

(7) Recipients of claims or other data under subsection (4) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect data containing direct patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof as described in the agreement;

(b) Not redisclose the claims data except pursuant to subsection (3) of this section;

(c) Not attempt to determine the identity of any person whose information is included in the data set or use the claims or other data in any manner that identifies any individual or their family or attempt to locate information associated with a specific individual;

(d) Destroy or return claims data to the lead organization at the conclusion of the data use agreement; and

(e) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1). [2015 c 246 § 5; 2014 c 223 § 13.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.060 Health care data reports—Public comment period—Preparation—Contents—Publication or release of reports. (1)(a) Under the supervision of and through contract with the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set. Prior to the lead organization releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review.

(b) By October 31st of each year, the lead organization shall submit to the director a list of reports it anticipates producing during the following calendar year. The director may establish a public comment period not to exceed thirty days, and shall submit the list and any comment to the appropriate committees of the legislature for review.

(2)(a) Health care data reports that use claims data prepared by the lead organization for the legislature and the public should promote awareness and transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in the case mix and severity of illness of patients and populations, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and government-sponsored patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify individual patients;

(b) Disclose a carrier's proprietary financial information; or

(c) Compare performance in a report generated for the general public that includes any provider in a practice with fewer than four providers.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless:

(a) It allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the data vendor, comment on the reasonableness of conclusions reached, and submit to the lead organization and data vendor any corrections of errors with supporting evidence and comments within thirty days of receipt of the report;

(b) It corrects data found to be in error within a reasonable amount of time; and

(c) The report otherwise complies with this chapter.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6)(a) The lead organization shall distinguish in advance to the office when it is operating in its capacity as the lead organization and when it is operating in its capacity as a private entity. Where the lead organization acts in its capacity as a private entity, it may only access data pursuant to RCW 43.371.050(4) (c) or (d).

(b) Except as provided in RCW 43.371.050(4), claims or other data that contain direct patient identifiers or proprietary financial information must remain exclusively in the custody of the data vendor and may not be accessed by the lead organization. [2015 c 246 § 6; 2014 c 223 § 14.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.070 Rules. (1) The director shall adopt any rules necessary to implement this chapter, including:

(a) Definitions of claim and data files that data suppliers must submit to the database, including: Files for covered medical services, pharmacy claims, and dental claims; member eligibility and enrollment data; and provider data with necessary identifiers;

(b) Deadlines for submission of claim files;

(c) Penalties for failure to submit claim files as required;

(d) Procedures for ensuring that all data received from data suppliers are securely collected and stored in compliance with state and federal law;

(e) Procedures for ensuring compliance with state and federal privacy laws;

(f) Procedures for establishing appropriate fees;

(g) Procedures for data release; and

(h) Penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, and proprietary financial information.

(2) The director may not adopt rules, policies, or procedures beyond the authority granted in this chapter. [2015 c 246 § 7; 2014 c 223 § 15.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.080 Database development and implementation—Cost, performance, and effectiveness of database and performance of lead organization—Reports to the legislature. (1) By December 1st of 2016 and 2017, the office shall report to the appropriate committees of the legislature regarding the development and implementation of the database, including but not limited to budget and cost detail, technical progress, and work plan metrics.

(2) Every two years commencing two years following the year in which the first report is issued or the first release of data is provided from the database, the office shall report to the appropriate committees of the legislature regarding the cost, performance, and effectiveness of the database and the performance of the lead organization under its contract with the office. Using independent economic expertise, subject to appropriation, the report must evaluate whether the database has advanced the goals set forth in RCW 43.371.020(1), as well as the performance of the lead organization. The report must also make recommendations regarding but not limited to how the database can be improved, whether the contract for the lead organization should be modified, renewed, or terminated, and the impact the database has had on competition between and among providers, purchasers, and payers.

(3) Beginning July 1, 2015, and every six months thereafter, the office shall report to the appropriate committees of the legislature regarding any additional grants received or extended. [2015 c 246 § 8.]

43.372.005 Findings—Purpose. (1) The legislature finds that:

(a) Native American tribes have depended on the state's marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state's marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel, and passenger transportation; commercial, recreational, and tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable

ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington's marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean health management issues through the west coast governors' agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington's ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States recently formed an interagency ocean policy task force charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning frame-

work, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;

(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen marine spatial plans, and create a process to adjust plans once additional scientific information is available;

(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;

(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;

(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;

(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;

(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;

(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;

(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;

(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;

(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and

(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sus-

tainable manner for current and future generations. [2010 c 145 § 1.]

43.372.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic lands" includes all tidelands, shorelands, harbor areas, and the beds of navigable waters, and must be construed to be coextensive with the term "aquatic lands" as defined in RCW 79.105.060.

(2) "Exclusive economic zone waters" means marine waters from the offshore state boundary to the boundary of the exclusive economic zone, over which the United States government has primary jurisdiction.

(3) "Marine counties" includes Clallam, Jefferson, Grays Harbor, Wahkiakum, San Juan, Whatcom, Skagit, Island, Snohomish, King, Pierce, Thurston, Mason, Kitsap, and Pacific counties.

(4) "Marine ecosystem" means the physical, biological, and chemical components and processes and their interactions in marine waters and aquatic lands, including humans.

(5) "Marine interagency team" or "team" means the marine interagency team created under RCW 43.372.020.

(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.

(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.

(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate compatible uses, to align management decisions, and to meet other objectives determined by the planning process.

(9) "Marine waters" means aquatic lands and waters under tidal influence, including saltwaters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound. [2010 c 145 § 2.]

43.372.020 Marine interagency team. (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must assist state agencies under RCW 43.372.030 with the review and coordination of such planning with their existing and ongoing planning and conduct the marine management planning authorized in RCW 43.372.040.

(2) The team may not commence any activities authorized under RCW 43.372.030 and 43.372.040 until federal,

private, or other funding is secured specifically for these activities. [2012 c 252 § 1; 2010 c 145 § 3.]

43.372.030 Marine spatial data and marine spatial planning elements—Inclusion in planning—Joint plans and planning frameworks—Integration with comprehensive marine management plan. (1) Subject to available federal, private, or other funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under RCW 43.372.040 when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with RCW 43.372.060. [2012 c 252 § 2; 2010 c 145 § 5.]

43.372.040 Comprehensive marine management plan. (1) Upon the receipt of federal, private, or other funding for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters.

(2) The comprehensive marine management plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. If the team exercises the option to develop the comprehensive marine management

plan in geographic segments, it may proceed with development and adoption of marine management plans for these geographic segments on different schedules.

(3) The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(4) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;

(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;

(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;

(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;

(e) Preserves and enhances public access;

(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;

(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and

(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(5) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(6) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state's marine and estuarine waters consistent with applicable state laws and programs that control or address developments in the state's marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain

unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state's recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan's management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of sensitive resources and minimizing impacts to other existing or projected uses in the area.

(7) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(8) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(9) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with RCW 43.372.060.

(10) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(11)(a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft of the plan and invite them to review and comment on the plan.

(12) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorpora-

tion into the state's federally approved coastal zone management program.

(13) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan. [2012 c 252 § 3; 2010 c 145 § 6.]

43.372.050 Marine management plans—Compliance—Consistency—Review—Report and recommendations. (1) Upon the adoption of the marine management plan under RCW 43.372.040, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local governments that cover the same marine waters as the marine management plan under RCW 43.372.040, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under RCW 43.372.040, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan under RCW 43.372.040, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with RCW 43.372.060. [2010 c 145 § 7.]

43.372.060 Authority limited. No authority is created under this chapter to affect in any way any project, use, or activity in the state's marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supersede the current authority of any state agency or local government. [2010 c 145 § 8.]

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, and implementation of the marine management plan.

(3) Except as provided in subsection (5) of this section, until July 1, 2016, expenditures from the account may only be used for the purposes of:

(a) Conducting ecosystem assessment and mapping activities in marine waters consistent with RCW 43.372.040(6) (a) and (c), with a focus on assessment and mapping activities related to marine resource uses and developing potential economic opportunities;

(b) Developing a marine management plan for the state's coastal waters as that term is defined in RCW 43.143.020; and

(c) Coordination under the west coast governors' agreement on ocean health, entered into on September 18, 2006, and other regional planning efforts consistent with RCW 43.372.030.

(4) Expenditures from the account on projects and activities relating to the state's coastal waters, as defined in RCW 43.143.020, must be made, to the maximum extent possible, consistent with the recommendations of the Washington coastal marine advisory council as provided in RCW 43.143.060. If expenditures relating to coastal waters are made in a manner that differs substantially from the Washington coastal marine advisory council's recommendations, the responsible agency receiving the appropriation shall provide the council and appropriate committees of the legislature with a written explanation.

(5) During the 2015-2017 fiscal biennium, the legislature may transfer from the marine resources stewardship trust account to the aquatic lands enhancement account such amounts as reflect the excess fund balance of the account. [2016 sp.s. c 36 § 938; 2013 c 318 § 3; 2012 c 252 § 4; 2011 c 250 § 2; 2010 c 145 § 10.]

Effective date—2016 sp.s. c 36: See note following RCW 18.20.430.

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors' agreement on ocean health, entered into on September 18, 2006, as an important step towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states' ability to determine the course of federal planning processes for the west coast and receive nonstate support for the planning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors' agreement on ocean health." [2011 c 250 § 1.]

WASHINGTON STATEWIDE REENTRY COUNCIL

Sections

- 43.380.005 Finding—Intent.
43.380.010 Definitions.
43.380.020 Washington statewide reentry council—Created—Executive director.
43.380.030 Council—Membership.
43.380.040 Council—Initial appointments—Terms—Selection committee—Cochairs.
43.380.050 Council powers and duties—Selection of executive director—Stakeholder participation—Reports.
43.380.060 Council reimbursement.
43.380.070 Meetings.
43.380.080 Performance audits.

43.380.005 Finding—Intent. The legislature finds that the cycle of recidivism warrants a closer examination of our criminal justice system, correctional systems, and community services in Washington. Over ninety-five percent of persons in prison will return to the community, and more than half of those persons will reoffend and be reincarcerated in today's system. This high rate of recidivism results in more crimes, more victims, more prisons, and more trauma within families and communities. We can do better for the people of Washington.

The legislature intends to establish the Washington statewide reentry council to develop collaborative and cooperative relationships between the criminal justice system, victims and their families, impacted individuals and their families, and service providers, with the purpose of improving public safety and outcomes for people reentering the community from incarceration. [2016 c 188 § 1.]

43.380.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Council" means the Washington statewide reentry council.

(2) "Department" means the department of commerce. [2016 c 188 § 2.]

43.380.020 Washington statewide reentry council—Created—Executive director. (1) Subject to the availability of amounts appropriated for this specific purpose, the Washington statewide reentry council is created and located within the department for the purpose of promoting successful reentry of offenders after incarceration.

(2) Through the executive director that may be appointed by the council, the department shall administer the council by:

(a) Providing the council and its executive director use of the department's facilities; and

(b) Managing grants and other funds received, used, and disbursed by the council.

(3) The department may not designate additional full-time staff to the administration of the council beyond the executive director. [2016 c 188 § 3.]

43.380.030 Council—Membership. (1) The council comprises fifteen members appointed by the governor.

(2) The governor must create a membership that includes:

(a)(i) Representatives of: The department of corrections; the juvenile rehabilitation administration; a statewide organization representing community and technical colleges; a statewide organization representing law enforcement interests; a statewide organization representing the interests of crime victims; a statewide organization representing prosecutors; a statewide organization representing public defenders; a statewide or local organization representing businesses and employers; housing providers; and faith-based organizations or communities;

(ii) At least two persons with experience reentering the community after incarceration; and

(iii) Two other community leaders.

(b) At least one position of the council must be reserved for an invited person with a background in tribal affairs, and such position has all of the same voting and other powers of other members.

(3) When making appointments, the governor shall consider:

(a) The racial and ethnic background of applicants in order for the membership to reflect the diversity of racial and ethnic backgrounds of all those who are incarcerated in the state;

(b) The gender of applicants in order for the membership to reflect the gender diversity of all those who are incarcerated in the state;

(c) The geographic location of all applicants in order for the membership to represent the different geographic regions of the state; and

(d) The experiences and background of all applicants relating to the incarcerated population. [2016 c 188 § 4.]

43.380.040 Council—Initial appointments—Terms—Selection committee—Cochairs. (1) The governor shall make initial appointments to the council. Initial appointments are for staggered terms from the date of appointment according to the following: Four members have four-year terms; four members have three-year terms; and five members have two-year terms. The governor shall designate the appointees who will serve the staggered terms.

(2) Except for initial appointments under subsection (1) of this section, all appointments are for two years from the date of appointment. Any member may be reappointed for additional terms. Any member of the council may be removed by the governor for misfeasance, malfeasance, or willful neglect of duty after notice and a public hearing, unless such notice and hearing is expressly waived in writing by the affected member. In the event of a vacancy due to death, resignation, or removal, or upon the expiration of a term, the governor shall appoint a successor for the remainder of the unexpired term according to the procedures in subsection (3) of this section. Vacancies must be filled within ninety days.

(3) The council shall create a selection committee to recruit, review, and recommend future members. Prior to thirty days before the expiration of a term or within sixty days of a vacancy due to death, resignation, or removal, the selection committee shall submit a recommendation of possible appointees. The governor shall consider the recommendations of the committee when making appointments.

(4) The council shall elect cochairs from among its membership. Cochairs are elected for two-year terms from the date of election. Any former or current cochair may be reelected for an additional term. [2016 c 188 § 5.]

43.380.050 Council powers and duties—Selection of executive director—Stakeholder participation—Reports. (1) In addition to other powers and duties prescribed in this chapter, the council is empowered to:

(a) Meet at such times and places as necessary;

(b) Advise the legislature and the governor on issues relating to reentry and reintegration of offenders;

(c) Review, study, and make policy and funding recommendations on issues directly and indirectly related to reentry and reintegration of offenders in Washington state, including, but not limited to: Correctional programming and other issues in state and local correctional facilities; housing; employment; education; treatment; and other issues contributing to recidivism;

(d) Apply for, receive, use, and leverage public and private grants as well as specifically appropriated funds to establish, manage, and promote initiatives and programs related to successful reentry and reintegration of offenders;

(e) Contract for services as it deems necessary in order to carry out initiatives and programs;

(f) Adopt policies and procedures to facilitate the orderly administration of initiatives and programs;

(h) Create and consult with advisory groups comprising nonmembers. Advisory groups are not eligible for reimbursement under RCW 43.380.060.

(2) Subject to the availability of amounts appropriated for this specific purpose, the council may select an executive director to administer the business of the council.

(a) The council may delegate to the executive director by resolution all duties necessary to efficiently carry on the business of the council. Approval by a majority vote of the council is required for any decisions regarding employment of the executive director.

(b) The executive director may not be a member of the council while serving as executive director.

(c) Employment of the executive director must be confirmed by the senate and terminates after a term of three years. At the end of a term, the council may consider hiring the executive director for an additional three-year term or an extension of a specified period less than three years. The council may fix the compensation of the executive director.

(d) Subject to the availability of amounts appropriated for this specific purpose, the executive director shall reside in and be funded by the department.

(2) The contracting organization and its subcontractors, if any, are not state agencies or departments, but instead are private, independent entities operating under contract with the state.

(3) The governor or state may not revoke the designation of the organization contracted to provide the services of the ombuds except upon a showing of neglect of duty, misconduct, or inability to perform duties.

(4) The department of commerce shall ensure that the ombuds staff has access to sufficient training or experience with issues relating to persons with developmental disabilities and the program and staff support necessary to enable the ombuds to effectively protect the interests of persons with developmental disabilities. (c) Monitor the procedures as established, implemented, and practiced by the department to carry out its responsibilities in the delivery of services to a person with developmental disabilities, with a view toward appropriate preservation of families and ensuring health and safety;

Appointments by the governor must reflect diversity in geography, size of business, gender, and ethnicity. (12) The board must meet at least quarterly.

(13) No board member of the authority may serve on the board of an organization that could be considered for a contract authorized under RCW 43.384.050. [2018 c 275 § 4.]

43.384.040 Statewide tourism marketing account—Matching funds. The statewide tourism marketing account is created in the state treasury. All receipts from tax revenues under RCW 82.08.225 must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for expen-

ditures of the department that are related to implementation of a statewide tourism marketing program and operation of the authority. A two-to-one nonstate or state fund, other than general fund state, match must be provided for all expenditures from the account. A match may consist of nonstate or state fund, other than general fund state, cash contributions deposited in the private local account created under RCW 43.384.020(4), the value of an advertising equivalency contribution, or an in-kind contribution. The board must determine criteria for what qualifies as an in-kind contribution. [2018 c 275 § 5.]

43.384.050 Use of funds. (1) From amounts appropriated to the department for the authority and from other moneys available to it, the authority may incur expenditures for any purpose specifically authorized by this chapter including:

(a) Entering into a contract for a multiple year statewide tourism marketing plan with a statewide nonprofit organization existing on June 7, 2018, whose sole purpose is marketing Washington to tourists. The marketing plan must include, but is not limited to, focuses on rural tourism-dependent counties, natural wonders and outdoor recreation opportunities of the state, attraction of international tourists, identification of local offerings for tourists, and assistance for tourism areas adversely impacted by natural disasters. In the event that no such organization exists on June 7, 2018, or the initial contractor ceases to exist, the authority may determine criteria for a contractor to carry out a statewide marketing program;

(b) Contracting for the evaluation of the impact of the statewide tourism marketing program; and

(c) Paying for administrative expenses of the authority, which may not exceed two percent of the state portion of funds collected in any fiscal year.

(2) All nonstate moneys received by the authority under RCW 43.384.060 or otherwise provided to the authority for purposes of matching funding must be deposited in the authority's private local account created under RCW 43.384.020(4) and are held in trust for uses authorized solely by this chapter. [2018 c 275 § 6.]

43.384.060 Receipt of gifts, grants authorized. The board may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the authority and spend gift, grants, or endowments or income from public or private sources according to their terms, unless the receipt of gifts, grants, or endowments violates RCW 42.17A.560. [2018 c 275 § 7.]

43.384.800 Evaluation by joint legislative audit and review committee. The joint legislative audit and review committee must conduct an evaluation of the performance of the authority created in chapter 43.384 RCW and report its findings and recommendations, in compliance with RCW 43.01.036, to the governor and the economic development committees of the senate and house of representatives by December 1, 2023. The purpose of the evaluation is to determine the extent to which the authority has contributed to the growth of the tourism industry and economic development of the state. An interim report by the authority, submitted in

compliance with RCW 43.01.036, is due to the governor and economic development committees of the house of representatives and senate by December 1, 2021. The report must provide an update on the authority's progress in implementing a statewide tourism marketing program. [2018 c 275 § 11.]

43.384.900 Findings—Purpose—2018 c 275. (1) The legislature finds that the tourism industry is the fourth largest economic sector in the state of Washington and provides general economic benefit to the state. Since 2011 there have been minimal general funds committed to statewide tourism marketing and Washington is the only state without a state-funded tourism marketing program. Before 2011, the amount of funds appropriated to statewide tourism marketing was not significant and, in fact, Washington ranked forty-eighth in state tourism funding. Washington has significant attractions and activities for tourists, including many natural outdoor assets that draw visitors to mountains, waterways, parks, and open spaces. There should be a program to publicize these assets and activities to potential out-of-state visitors that is implemented in an expeditious manner by tourism professionals in the private sector.

(2) The purpose of chapter 275, Laws of 2018 is to establish the framework and funding for a statewide tourism marketing program. The program needs to have a structure that includes significant, stable, long-term funding, and it should be implemented and managed by the tourism industry. The source of funds should be from major sectors of the tourism industry with government assistance in collecting these funds and providing accountability for their expenditure. The dedicated sales tax authorized for contributions made in this chapter will bring direct benefits to those making contributions by bringing more tourists into the state who will patronize the participating businesses and create economic benefit for the state. [2018 c 275 § 1.]

43.384.901 Short title. This chapter may be known and cited as the statewide tourism marketing act. [2018 c 275 § 8.]
